AUTHENTICATION OF RULES AND REGULATIONS

THIS IS TO CERTIFY That we, Derek Schmidt, Attorney General of and for the State of Kansas, and Scott Schwab, Secretary of State of and for the State of Kansas, pursuant to K.S.A. 77-429 have examined and compared this 2020 Supplement to the Kansas Administrative Regulations; and do hereby certify that this publication of rules and regulations contains all rules and regulations for agencies 1 through 133 approved for printing by the State Rules and Regulations Board subsequent to the publication of the corresponding bound volumes of the 2009 Kansas Administrative Regulations and otherwise complies with K.S.A. 77-415 et seq. and acts amendatory thereof.

Done at Topeka, Kansas, this 1st day of November, 2020.

DEREK SCHMIDT,
Attorney General

SCOTT SCHWAB,
Secretary of State

EXPLANATORY PREFACE

This volume has been compiled and published in accordance with K.S.A. 77-430a and other applicable laws.

ARRANGEMENT OF RULES AND REGULATIONS

Administrative rules and regulations of the various state agencies are arranged in accordance with a three-part system of numbers divided by hyphens. The first number indicates the agency; the second number indicates the article (a group of regulations of such agency upon the same subject); the last number indicates the specific section or regulation within the article. For example, “1-4-11” refers to agency No. 1, article No. 4 and section No. 11.

The law requires that agencies cite the statutory authority for the regulation and the section(s) of the statutes which the regulation implements. This is published at the end of the text of the regulation. In addition, the Secretary of State includes a history of the regulation which indicates the original effective date of the regulation and each subsequent amendment.

SALES

Volumes of the Kansas Administrative Regulations are sold by the Elections/Legislative Matters Division of the Office of the Secretary of State, First Floor, Memorial Hall, 120 SW 10th Ave., Topeka, KS 66612-1594, 785-296-4557.

COMMENTARY

This volume has been compiled and published in accordance with K.S.A. 77-430a and other applicable laws.

The 2020 Supplement contains rules and regulations filed after December 31, 2008 and before January 1, 2020. Regulations filed before January 1, 2009, are printed in the 2009 Kansas Administrative Regulations, Volumes 1-5. Regulations filed on and after January 1, 2020, may be located by checking the Kansas Register, Kansas' official state newspaper. An index appears at the back of each Kansas Register and lists the volume and page number of the Register issue that contains the most recent version of the regulations filed after December 31, 2019.

To find the most recent version of a regulation:

First, check the table of contents in the most current issue of the Kansas Register

Then, check the Index to Regulations in the most current Kansas Register

Next, check the current K.A.R. Supplement

Finally, check the current K.A.R. Volume

If the regulation is found at any of these steps, stop. Consider that version the most recent. The most current regulations, proposed regulations open for public comment, and published regulations with a future effective date may also be found in the online K.A.R. at https://sos.ks.gov/publications/pubs_kar.aspx.

To determine the authorizing and implementing statute(s), the effective date, or to see when a regulation was amended or revoked, check the history found at the end of each regulation. The authorizing and implementing statute(s) are listed first followed by any subsequent action. For example, in "amended, T-7-12-11-90, Dec. 31, 1990" the "T" means temporary, the "7" is the number assigned to the agency in the K.A.R. volumes, and 12-11-90 is the date that the regulation was filed. Following the last comma is the effective date. Therefore, the amendment was filed as a temporary regulation on December 11, 1990, and the amendment became effective on December 31, 1990. A temporary regulation becomes effective upon approval by the State Rules and Regulations Board and filing in the Secretary of State's Office or at a later date when specified in the body of the regulation. A temporary regulation lasts 120 days unless it is amended or revoked within 120 days. If the "T number" is not included in an action on a regulation, the regulation was filed as a permanent regulation. A permanent regulation is effective 15 days following publication in the Kansas Register or at a later date specified in the body of the regulation. Prior to July 1, 1995, a permanent regulation became effective 45 days following publication in the Kansas Register or at a later date specified in the body of the regulation. The regulation remains in effect until amended or revoked.

Any questions regarding the publication or use of the K.A.R.s or questions regarding the regulation filing procedure may be directed to the Kansas Administrative Regulations Editor at 785-296-0082. For purchasing inquiries call 785-296-4557. Questions concerning the subject matter of a regulation should be directed to the agency administering the regulation.

To receive a copy or subscribe to the Kansas Register, write to the Secretary of State's Office, Kansas Register, First Floor, Memorial Hall, 120 SW 10th Ave., Topeka, KS 66612, or call 785-368-8095. You may also view the Register online at https://sos.ks.gov/publications/pubs_kansas_register.asp.

Article 6.—MINIMUM STANDARDS FOR VETERINARY PREMISES SANITARY CONDITIONS AND PHYSICAL PLANT

70-6-1. Veterinary premises and mobile veterinary clinic; minimum requirements. Each veterinary premises, including mobile veterinary clinics (MVCs) except as specified in this regulation, shall meet all of the following minimum requirements:

(a) General. All areas of the veterinary premises, and all instruments, apparatus, and apparel used in connection with the practice of veterinary medicine, shall be maintained in a clean and sanitary condition at all times. Cleaning agents capable of killing viruses and bacteria shall be used to disinfect the veterinary premises. All public areas of the veterinary premises shall be maintained in a safe condition for each client and patient.

(b) Exterior and grounds.

(1) The exterior structure shall exhibit evidence of regular maintenance. All windows shall be kept clean. If windows are open for ventilation, screens shall be required. All signs shall be kept in good repair.

The grounds shall exhibit evidence of regular maintenance. Parking lots shall be large enough for both staff and clientele. Parking lots and sidewalks shall be kept in good repair and free of debris.

(2) The loading and unloading structures of the facility shall be of sufficient strength to ensure the safety and containment of each patient being loaded or unloaded and shall be in good repair. The requirements of this paragraph shall not apply to MVCs.

(3) Companion animals housed outside shall have shelter constructed and maintained to ensure the safety and comfort of the companion animals being housed. Shelter shall be adequate based on the species and health status of each companion animal housed. The requirements of this paragraph shall not apply to MVCs.

(c) Holding facilities. The size and design of all holding facilities shall ensure the animals' safety and well-being. The area shall contain provisions for food and water when necessary.

(d) Interior.

(1) Space sufficient to safeguard each patient shall be available.

Hot and cold running water shall be available.

Sanitary storage sufficient for the reasonable and customary operation of the veterinary premises shall be available.

Restraint devices shall be of a design that conforms to standards commonly accepted by the veterinary profession, clean, and in good working order to ensure the safety of the animals and personnel.

Indoor lighting for the halls, wards, reception areas, and examining and surgical rooms shall conform to the standards accepted as reasonable and customary by the veterinary profession for the intended purpose.

Ventilation and cleaning shall be provided to keep odors from lingering in the rooms.

(2) A resource center providing access to current veterinary information, written or electronic, shall be provided.

(3) Heating, cooling, and ventilation necessary to maintain the safety and comfort of the patients, clients, and staff shall be provided.

(e) Reception room. Seating designed for that purpose shall be provided for the clientele. A clean lavatory shall be available to the clients, unless the facility is an MVC. A current premises registration certificate issued by the board of veterinary examiners shall be conspicuously displayed.

(f) Examination room or rooms. An examination room or rooms shall be available for the complete physical examination of patients by a veterinarian. Each examination room shall be of sufficient size to accommodate the doctor, assistant, patient, and client comfortably. The exam table surface shall be disinfected between patients. All diagnostic equipment needed for the physical examination shall be readily available.

(g) Wards. Each veterinary premises, except an MVC, where any animals are retained overnight shall meet all of the following requirements:

(1) Exercise shall be provided for animals having to stay in an overnight facility. Walking the animal shall meet this requirement.

(2) The floors shall be smooth, waterproof, non-absorbent, capable of being disinfected, and in good repair. The walls shall be smooth and free

of cracks or gaps large enough to interfere with effective cleaning.

(3) The temperature shall be maintained in a range that is comfortable and safe for all patients.

(4) A separate compartment shall be available for each animal. Caging or housing shall be designed with each animal's physical comfort as the primary consideration.

(A) Physical comfort ensuring that each animal is dry and clean shall be provided.

(B) Sufficient space shall be provided to ensure each animal's freedom of movement and normal postural adjustments with convenient access to food and water.

(5) All cages, runs, stalls, pens, and other animal compartments shall be kept in good repair to prevent injury to the animal and to promote physical comfort.

(A) Sharp corners and edges, broken wires, and any dangerous surfaces shall not be present.

(B) Cages made of metal other than stainless steel shall be kept in good repair by regular painting or other maintenance as required.

(6) The compartments shall be disinfected between occupants. The floors and walls shall be regularly disinfected. All waste cans shall be metal or plastic, be leakproof, and have tightfitting lids.

(7) The drains shall be constructed so that they facilitate disinfection between runways. To maintain proper sanitation, the runways shall be cleaned between uses.

(8) Bulk food shall be stored in a verminproof container. Opened canned food shall be refrigerated until used.

(9) Water and feed dishes, if not disposable, shall be disinfected.

(10) Daily feedings suitable for each animal with a wholesome, nutritional, palatable food and daily fresh water suitable for each animal, within easy reach of each animal, shall be provided, unless medically contraindicated.

(11) An animal identification system shall be used.

(12) The veterinary premises shall allow for the effective separation of contagious and noncontagious patients.

(h) Operating room. If other than minor surgical procedures are to be performed, an operating room for major surgical procedures shall be provided and shall meet the following requirements:

(1) The floors shall be made of terrazzo, sealed cement, linoleum, or any other impervious materials.

(2) A setup for intravenous fluid administration shall be available. Emergency drugs shall be readily available.

(3) The surgery table shall be constructed of impervious material that is easily disinfected. Instruments and equipment accepted as reasonable and customary by the veterinary profession for the type of surgical services shall be provided.

(i) Sterilization. All articles to be used in surgery shall be sterilized by either gas sterilization or steam sterilization. Chemical sterilization shall be acceptable under field situations and in emergency situations. Surgical packs shall be dated to indicate the last time sterilized. A sterile monitor shall be included within each surgical pack to detect proper sterilization. Caps, masks, and gowns and sterile drapes, towels, and gloves shall be available.

(j) Oxygen. A mechanism for oxygen administration shall be available. This subsections shall not apply to MVCs.

(k) Pharmacy. The veterinarian shall ensure the storage, safekeeping, and preparation of all drugs.

(l) Radiology. If radiology services are not available in the facility, clients shall be referred to a facility that does provide those services when these services are indicated.

Permanent identification of the radiograph shall occur at the time of exposure or just before development.

Leaded aprons, thyroid shields, and either gloves or mitts shall be available for anyone helping to restrain or position patients during radiography.

(m) Laboratory. The clinical pathology services shall be available either on the veterinary premises or in a medical facility. All test results shall be made available within a time frame accepted as reasonable and customary by the veterinary profession.

(n) Waste disposal.

(1) The prompt and sanitary disposal of all dead animals and animal tissues shall be required. All animal tissues and dead companion animals weighing up to 150 pounds shall be contained in plastic bags and kept in an area away from the public before being picked up for disposal. Each dead companion animal weighing up to 150 pounds held overnight for pickup shall be contained in one or more plastic bags and placed in a refrigerator or freezer.

(2) Needles and syringes shall be destroyed or adequately disposed of in a safe manner. (Autho-

rized by K.S.A. 2016 Supp.47-821; implementing K.S.A. 2016 Supp. 47-821 and 47-840; effective Dec. 27, 1994; amended Dec. 22, 2017.)

Article 7.—STANDARDS OF VETERINARY PRACTICE

70-7-1. The practice of veterinary medicine. Each veterinarian shall meet the following minimum standards in the practice of veterinary medicine:

(a) Storage compartments. Each veterinarian shall maintain clean, orderly, and protective storage compartments for drugs, supplies, and equipment. Refrigeration shall be available for drugs that require it.

(b) Field sterilization. Each veterinarian shall provide a means of sterilizing instruments when practicing veterinary medicine away from a veterinary premises.

(c) Conflict of interest. When representing conflicting interests, including representation of both the buyer and the seller of an animal to be inspected for soundness, the veterinarian shall make full disclosure of the dual relationship and shall obtain documented consent from all parties to the transaction.

(d) Certificates of veterinary inspection. A veterinarian shall not issue a certificate of veterinary inspection unless the veterinarian has personal knowledge, obtained through actual inspection and appropriate tests of the animal, that the animal meets the requirements of the certificate.

(e) Patient acceptance. Each veterinarian shall decide which medical cases will be accepted in the veterinarian's professional capacity and what course of treatment will be followed once a patient has been accepted. The veterinarian shall be responsible for advising the client as to the treatment to be provided.

(f) Control of services. A veterinarian shall not allow any professional services to be controlled or exploited by any lay entity, personal or corporate, that intervenes between the client and the veterinarian. A veterinarian shall not allow a non-licensed person or entity to interfere with or intervene in the veterinarian's practice of veterinary medicine. Each veterinarian shall be responsible for the veterinarian's own actions and shall be directly responsible to the client for the care and treatment of the patient.

(g) Anesthesia and anesthetic equipment. Each veterinarian shall provide anesthesia services as

needed. Each anesthetic agent shall be administered only by a veterinarian or a person trained in its administration under the direct supervision of a licensed veterinarian. Each veterinarian shall use disinfectants capable of eliminating harmful viruses and bacteria for cleaning anesthetic equipment.

(h) Patient records.

(1) Length of maintenance. Each veterinarian shall maintain a patient record for three years from the date of the last visit.

(2) Necessary elements. Each veterinarian shall ensure that all patient records are legible and made contemporaneously with treatment or services rendered. All records shall include the following elements:

(A) Patient identification. Patient identification shall include the patient's name, species, breed, age or date of birth, sex, color, and markings;

(B) client identification. Client identification shall include the owner's name, home address, and telephone number;

(C) a vaccination record; and

(D) a complete record of the physical examination findings and treatment or services rendered.

(3) Manner of maintenance. Each veterinarian shall maintain records in a manner that will permit any authorized veterinarian to proceed with the care and treatment of the animal, if required, by reading the medical record of that particular patient.

(i) Medication records. The veterinarian shall ensure that each dose of a medication administered is properly recorded on the patient's medical record. All drugs shall be administered and dispensed only upon the order of a licensed veterinarian.

(j) Controlled drugs. The veterinarian shall ensure that a separate written ledger that includes the current quantity on hand is maintained when a controlled drug is administered or dispensed.

(k) Locked area. If controlled drugs are used, the veterinarian shall ensure that a locked area for the storage of controlled substances is provided.

(l) Dispensation of medications for companion animals.

(1) All prescription drugs to be dispensed for use by a companion animal may be dispensed only on the order of a licensed veterinarian who has an existing veterinary-client-patient relationship as defined by the Kansas veterinary practice act. The veterinarian shall ensure that labels will be affixed to any unlabeled container containing any medication dispensed and to each factory-labeled contain-

er that contains prescription drugs or controlled substances dispensed for companion animals. The label shall be affixed to the immediate container and shall include the following information:

(A) The name and address of the veterinarian and, if the drug is a controlled substance, the veterinarian's telephone number;

(B) the date of delivery or dispensing;

(C) the name of the patient, the client's name, and, if the drug is a controlled substance, the client's address;

(D) the species of the animal;

(E) the name, active ingredient, strength, and quantity of the drug dispensed;

(F) directions for use specified by the practitioner, including dosage, frequency, route of administration, and duration of therapy; and

(G) any cautionary statements required by law, including statements indicating that the drug is not for human consumption, is poisonous, or has withdrawal periods associated with the drug. If the size of the immediate container is insufficient to be labeled, the container shall be enclosed within another container large enough to be labeled.

(2) Upon request of a client, each licensed veterinarian shall provide a written prescription for a prescription drug to the client instead of dispensing the prescription drug.

(m) Dispensation of medications for food or commercial animals. All prescription drugs to be dispensed for food used by a food animal or used by a commercial animal may be dispensed only on a written order of a licensed veterinarian with an existing veterinary-client-patient relationship as defined by the Kansas veterinary practice act. That veterinarian shall maintain the original written order on file in the veterinarian's office. A copy of the written order shall be on file with the distributor, and a second copy shall be maintained on the premises of the patient-client. The written order shall include the following information:

(1) The name and address of the veterinarian and, if the drug is a controlled substance, the veterinarian's telephone number;

(2) the date of delivery or dispensing;

(3) the name of the patient, the client's name, and, if the drug is a controlled substance, the client's address;

(4) the species or breed, or both, of the animal;

(5)(A) The established name or active ingredient of each drug or, if formulated from more than one ingredient, the established name of each ingredient; and

(B) the strength and quantity of each drug dispensed; and

(6) directions for use specified by the practitioner, including the following:

(A) The class or species of the animal or animals receiving the drug or some other identification of the animals; and

(B) the dosage, the frequency and route of administration, and duration of therapy; and

(C) any cautionary statements required by law, including statements indicating whether the drug is not for human consumption or is poisonous or whether there are withdrawal periods associated with the drug.

(n) Supervision.

(1) Each veterinarian shall provide direct supervision of any employee or associate of the veterinarian who participates in the practice of veterinary medicine, except that a veterinarian may provide indirect supervision to any person who meets either of the following conditions:

(A) Is following the written instructions for treatment of the animal patient on the veterinary premises; or

(B) has completed three or more years of study in a school of veterinary medicine.

(2) A veterinarian may delegate to an employee or associate of the veterinarian only those activities within the practice of veterinary medicine that are consistent with that person's training, experience, and professional competence. A veterinarian shall not delegate any of the following:

(A) The activities of diagnosis;

(B) performance of any surgical procedure; or

(C) prescription of any drug, medicine, biologic, apparatus, application, anesthesia, or other therapeutic or diagnostic substance or technique.

(o) Pain management. Each veterinarian shall use appropriate and humane methods of anesthesia, analgesia, and sedation to minimize pain and distress during any procedures on companion animals. (Authorized by and implementing K.S.A.2016 Supp. 47-821; effective Feb 21, 1997; amended Jan. 20, 2012; amended Dec. 22, 2017.)

Article 8.—UNPROFESSIONAL CONDUCT

70-8-1. Acts of unprofessional conduct.

Each of the following acts by a Kansas licensed veterinarian shall be considered unprofessional conduct and shall constitute grounds for disciplinary action against the licensee:

(a) Failing to meet the minimum standards for either veterinary premises or veterinary practice;

(b) engaging in conduct likely to deceive, defraud, or harm the public or demonstrating a willful or careless disregard for the health, welfare, or safety of a patient;

(c) claiming to have performed or charging for an act or treatment that was not performed or given;

(d) stating or implying that the veterinarian is a certified or recognized specialist unless the veterinarian is certified in the specialty by the board, as recognized by the American veterinary medical association;

(e) stating or implying any claims of professional superiority in the practice of veterinary medicine that cannot be substantiated by education, training, or experience, or using any certificate, diploma, or degree to which the person is not entitled;

(f) practicing veterinary medicine under a false or assumed name or impersonating another practitioner;

(g) practicing under an expired, revoked, or suspended Kansas veterinary license;

(h) failing to provide a written response, within 30 days, to a written request made by the board pursuant to an investigation by or on behalf of the board;

(i) failing to comply with an order issued by the board;

(j) promoting, aiding, abetting, or permitting the practice of veterinary medicine by an unlicensed person, except as provided by the Kansas veterinary practice act or the implementing regulations;

(k) allowing an unlicensed person to issue pre-signed animal health certificates with the veterinarian's signature affixed to the certificate, or to inoculate or treat animals unless the inoculation or treatment is done under the direct supervision of the licensed veterinarian;

(l) failing to establish a valid veterinarian, client, and patient relationship;

(m) prescribing, providing, obtaining, ordering, administering, dispensing, giving, or delivering controlled drugs to or for an animal solely for training, show, or racing purposes and not for a medically sound reason;

(n) performing surgery to conceal genetic or congenital defects, in any species, with the knowledge that the surgery has been requested to deceive a third party;

(o) refusing the board or its agent the right to inspect a veterinary facility at reasonable hours,

pursuant to an investigation by or on behalf of the board;

(p) representing conflicting interests unless the veterinarian's dual relationship is fully disclosed and all parties to the transaction consent;

(q) failing to report to the proper authorities cruel or inhumane treatment to animals, if the veterinarian has direct knowledge of the cruel or inhumane treatment;

(r) fraudulently issuing or using any of the following documents:

(1) A certificate of veterinary inspection;

(2) a test chart;

(3) a vaccination report; or

(4) any other official form used in the practice of veterinary medicine to prevent the following:

(A) The dissemination of animal disease;

(B) the transportation of diseased animals; or

(C) the sale of edible products of animal origin for human consumption;

(s) issuing a certificate of veterinary inspection for an animal unless the veterinarian performs the inspection and the appropriate tests as required to the best of the veterinarian's knowledge;

(t) issuing a certificate of veterinary inspection that has been falsified or is incomplete;

(u) having a United States department of agriculture accreditation removed for cause by federal authority;

(v) using a corporate or assumed name for a veterinary practice that would be false, deceptive, or misleading to the public;

(w) extending the practice of veterinary medicine to the care of humans, except that any veterinarian may render first aid or emergency care, without expectation of compensation, in an emergency or disaster situation;

(x) guaranteeing a cure or specific results or creating an unjustified or inflated expectation of a cure or specific result;

(y) obtaining any of the following information through theft, unauthorized copying, duplicating, or other means:

(1) Client lists;

(2) mailing lists;

(3) medical records;

(4) computer records; or

(5) any other records that are the property of another veterinarian, veterinary partnership, or professional veterinary corporation;

(z) failing to report to the board within 90 days any disciplinary action taken against the veterinary license issued to the veterinarian by any other li-

censing jurisdiction, professional veterinary association, veterinary specialty board, or government or regulatory agency;

(aa) failing to refer a client if additional expertise is advisable, a second opinion is desirable, or the client requests a referral;

(bb) making a false, deceptive, or misleading claim or statement;

(cc) failing to provide the public with necessary label warnings on dispensed veterinary products;

(dd) failing to provide a client with a verbal or written estimated fee range for veterinary services offered when requested by the client;

(ee) acting in a manner that is likely to injure the professional reputation, standing, prospect of practice, or employment of another member of the profession and that could be deemed malicious, false, or misleading;

(ff) failing to obtain the client's consent before placing an animal under anesthesia, performing any surgical procedure, or transporting the animal to another facility, except in emergency situations;

(gg) violating the confidential relationship between the licensed veterinarian and the client;

(hh) delegating activities within the practice of veterinary medicine in violation of K.A.R. 70-7-1; and

(ii) using prescription drugs in either of the following ways:

(1) Prescribing or dispensing, delivering, or ordering any prescription drug without first having established a veterinary-client-patient relationship and determining that the prescription drug is therapeutically indicated for the health or well-being of the animal or animals; or

(2) prescribing, providing, ordering, administering, possessing, dispensing, giving, or delivering prescription drugs to or for any person under either of the following circumstances:

(A) The drugs are not necessary or required for the medical care of animals; or

(B) the use or possession of the drugs would promote addiction.

For purposes of this subsection, the term "prescription drugs" shall include all controlled substances placed in schedules I through V pursuant to 21 U.S.C. 812, any drug that bears on the label the federal legend indicating that the use of the drug is restricted to, by, or on the order of a licensed veterinarian, and any other drug designated as prescription-only by any Kansas law or regulation. (Authorized by and implementing K.S.A. 2016 Supp. 47-830; effective Feb. 21, 1997; amended Dec. 22, 2017.)

Article 2.—SPECIALISTS

71-2-2. Branches of dentistry. The recognized branches of dentistry for which application may be made for a specialist's certificate shall be the following: dental anesthesiology, dental public health, endodontics, oral and maxillofacial pathology, oral and maxillofacial radiology, oral and maxillofacial surgery, orthodontics, pediatric dentistry, periodontics, and prosthodontics. These branches of dentistry shall be defined as follows:

(a) "Dental anesthesiology" means that branch of dentistry dealing with the advanced use of anesthesia, sedation, and pain management to facilitate dental procedures and surgery.

(b) "Dental public health" means that branch of dentistry relating to the science and art of preventing and controlling dental diseases and promoting dental health through organized community efforts. Dental public health is the form of dental practice that serves the community rather than individual patients. This branch of dentistry is concerned with the dental health education of the public, with applied dental research, and with the administration of group dental care programs as well as the prevention and control of dental diseases on a community basis.

(c) "Endodontics" means that branch of dentistry concerning the morphology, physiology, and pathology of the human dental pulp and periradicular tissues. The study and practice encompass the basic and clinical sciences, including the biology of the normal pulp; the etiology, diagnosis, prevention, and treatment of diseases and injuries of the pulp; and associated periradicular conditions.

(d) "Oral and maxillofacial pathology" means that branch of dentistry concerning the nature,

identification, and management of diseases affecting the oral and maxillofacial regions. This branch is a science that investigates the causes, processes, and effects of these diseases. The practice of oral and maxillofacial pathology includes the research and diagnosis of diseases using clinical, radiographic, microscopic, biochemical, and other examinations.

(e) "Oral and maxillofacial radiology" means that branch of dentistry concerning the production and interpretation of images and data produced by all forms of radiant energy that are used for the diagnosis and management of diseases, disorders, and conditions of the oral and maxillofacial region.

(f) "Oral and maxillofacial surgery" means that branch of dentistry concerning the diagnosis and the surgical and adjunctive treatment of disease, injuries, and defects involving both the functional and esthetic aspects of the hard and soft tissues of the oral and maxillofacial region.

(g) "Orthodontics," which shall include "dentofacial orthopedics," means that branch of dentistry concerning the diagnosis, prevention, interception, and correction of malocclusion, as well as neuromuscular and skeletal abnormalities of the developing or mature orofacial structures.

(h) "Pediatric dentistry" means the branch of dentistry that is the age-defined specialty providing both primary and comprehensive prevention and therapeutic oral health care for infants and children through adolescence, including those with special health care needs.

(i) "Periodontics" means that branch of dentistry concerning the prevention, diagnosis, and treatment of diseases of the supporting and surrounding tissues of the teeth or their substitutes

and the maintenance of the health, function, and esthetics of these structures and tissues.

(j) “Prosthodontics” means that branch of dentistry concerning the diagnosis, treatment planning, rehabilitation, and maintenance of the oral function, comfort, appearance, and health of patients with clinical conditions associated with missing or deficient teeth or oral and maxillofacial tissues, or both, using biocompatible substitutes. (Authorized by K.S.A. 74-1406; implementing K.S.A. 65-1427; effective Jan. 1, 1966; amended, E-77-9, March 19, 1976; amended Feb. 15, 1977; amended May 1, 1980; amended March 27, 1989; amended April 1, 2005; amended Dec. 30, 2005; amended Dec. 20, 2019.)

71-2-3. (Authorized by and implementing K.S.A. 65-1427; effective Jan. 1, 1966; amended May 1, 1980; amended March 27, 1989; revoked Dec. 20, 2019.)

Article 3.—DENTAL HYGIENISTS

71-3-9. Extended care permits. (a) Definitions.

(1) “Extended care permit I” shall mean a permit issued pursuant to K.S.A. 65-1456, and amendments thereto.

(2) “Extended care permit II” shall mean a permit issued pursuant to K.S.A. 65-1456, and amendments thereto.

(3) “Extended care permit III” shall mean a permit issued pursuant to K.S.A. 65-1456, and amendments thereto.

(4) “Extended care permit treatment” shall mean the treatment that a hygienist may provide if the hygienist has a valid extended care permit I, extended care permit II, or extended care permit III.

(5) “Patient assessment report” shall mean the report of findings and treatment required by K.S.A. 65-1456, and amendments thereto.

(6) “Sponsoring dentist” shall mean a dentist who fulfills the requirements of K.S.A. 65-1456, and amendments thereto.

(b) Application for permit. Each applicant for an extended care permit I, extended care permit II, or extended care permit III shall file with the board a completed application on a form provided by the board.

(c) Notice of practice location to sponsoring dentist. Before providing extended care permit treatment at a new location, each hygienist shall inform the sponsoring dentist, orally or in writing,

of the new address and the type of procedures to be performed there.

(d) Patient assessment reports.

(1) Each patient assessment report shall include a description of the extended care permit treatment, the date or dates of treatment, and the hygienist’s assessment of the patient’s apparent need for further evaluation by a dentist.

(2) No later than 30 days from the date on which extended care permit treatment is completed, the hygienist providing the treatment shall cause the patient assessment report to be delivered to the sponsoring dentist.

(3) When providing extended care permit treatment at a location operated by an organization with a dental or medical supervisor, the dental hygienist providing the extended care permit treatment shall also cause the patient assessment report to be delivered to the dental or medical supervisor within 30 days from the date on which the extended care permit treatment is completed.

(e) Suspension of extended care permit treatment. If a hygienist’s sponsoring dentist cannot or will not continue to function as a sponsoring dentist, the hygienist shall cease providing extended care permit treatment until the hygienist obtains a written agreement with a replacement sponsoring dentist.

(f) Review of patient assessment reports. A sponsoring dentist shall review each patient assessment report within 30 days of receiving the report. (Authorized by K.S.A. 74-1406; implementing K.S.A. 2012 Supp. 65-1456; effective Sept. 17, 2004; amended May 31, 2013.)

Article 4.—CONTINUING EDUCATION REQUIREMENTS

71-4-1. Continuing education credit hours and basic cardiac life support certificate required for renewal of license of dentist and dental hygienist. (a) Each licensee shall

submit to the board, with the license renewal application, a current “basic cardiac life support for the health care provider” certificate from the American heart association or a current certificate deemed equivalent by the board from a provider approved by the board. The continuing education hours for either certificate may be applied to the continuing education requirement specified in subsection (b). Any dentist licensee who holds a specialist certificate may consider these continuing education hours as pertaining to that licensee’s specialty hour requirement.

(b) Each dentist licensee shall submit to the board, with the license renewal application, evidence of satisfactory completion of at least 60 hours of continuing education courses that qualify for credit. At least two of these hours shall be in ethics. Each dentist licensee who holds a specialist certificate shall provide evidence satisfactory to the board that at least 40 of the required 60 hours of continuing education are in courses in the specialty for which the licensee holds a specialist certificate. Each required course hour shall be completed in the 24-month period immediately preceding the date of expiration of the license. The term “courses” as used in this article shall include courses, institutes, seminars, programs, and meetings.

(c) Each dental hygienist licensee shall submit, with the license renewal application, evidence of satisfactory completion of at least 30 hours of continuing dental education courses that qualify for credit. At least one of these hours shall be in ethics. Each course shall have been completed in the 24-month period immediately preceding the date of expiration of the dental hygienist license.

(d) An extension of time to complete a continuing education requirement may be granted by the board if it finds that good cause has been shown. (Authorized by K.S.A. 2013 Supp. 65-1431 and K.S.A. 74-1406; implementing K.S.A. 2013 Supp. 65-1431; effective May 1, 1978; amended May 1, 1986; amended March 27, 1989; amended Dec. 27, 1996; amended Feb. 20, 2004; amended Jan. 6, 2012; amended May 30, 2014.)

Article 5.—SEDATIVE AND GENERAL ANESTHESIA

71-5-1. (Authorized by K.S.A. 74-1406 and implementing K.S.A. 1994 Supp. 65-144; effective Nov. 27, 1995; revoked Nov. 19, 2010.)

71-5-2. (Authorized by K.S.A. 1994 Supp. 74-1406 and implementing K.S.A. 1994 Supp. 65-1444; effective Nov. 27, 1995; revoked Nov. 19, 2010.)

71-5-3. (Authorized by K.S.A. 74-1406 and implementing K.S.A. 1996 Supp. 65-1444; effective Nov. 27, 1995; amended Nov. 7, 1997; revoked Nov. 19, 2010.)

71-5-4. (Authorized by K.S.A. 74-1406 and implementing K.S.A. 1996 Supp. 65-1444; ef-

fective Nov. 27, 1995; amended Nov. 7, 1997; revoked Nov. 19, 2010.)

71-5-5. (Authorized by K.S.A. 74-1406 and implementing K.S.A. 1994 Supp. 65-1444; effective Nov. 27, 1995; revoked Nov. 19, 2010.)

71-5-6. (Authorized by K.S.A. 74-1406 and implementing K.S.A. 1994 Supp. 65-1449; effective Nov. 27, 1995; revoked Nov. 19, 2010.)

71-5-7. Definitions. As used in these regulations, the following terms shall have the meanings specified in this regulation:

(a) “Administer” means to deliver a pharmacological agent to the patient by an enteral or a parenteral route at the direction of a dentist while in a dental office.

(b) “Adult patient” means a patient who is more than 12 years of age.

(c) “Anxiolysis” means the diminution or elimination of anxiety through the means of a single drug or combination of agents prescribed or administered by a dentist and used so as not to induce conscious sedation when used alone or in combination with nitrous oxide.

(d) “Conscious sedation” and “conscious sedative state” mean a minimally depressed level of consciousness that retains the patient’s ability to independently and continuously maintain an airway and respond appropriately to physical stimulation or verbal commands and that is produced by any pharmacological or nonpharmacological agent or a combination of these agents.

(e) “Deep sedation” means an induced state of depressed consciousness accompanied by a partial loss of protective reflexes or the ability to continuously and independently maintain an airway and to respond purposefully to physical stimulation or verbal commands. Deep sedation is produced by a pharmacological or nonpharmacological agent or a combination of these agents.

(f) “Dentist” means any person licensed by the board to practice dentistry and any person licensed to practice medicine and surgery that practices dentistry as a specialty.

(g) “End-tidal carbon dioxide monitoring” means a process to determine the percent of carbon dioxide in a patient’s breath through the use of a carbon dioxide monitor.

(h) “Enteral conscious sedation” and “combination inhalation-enteral conscious sedation” mean the use of one or more sedative agents that are absorbed through the gastrointestinal tract or oral

mucosa, including by oral, rectal, and sublingual administration, either by themselves or in combination with nitrous oxide and oxygen to render a patient in a conscious sedative state.

(i) "General anesthesia" means an induced state of unconsciousness accompanied by a partial or complete loss of protective reflexes, including the inability to continuously and independently maintain an airway and to respond purposefully to physical stimulation or verbal commands. General anesthesia is produced by a pharmacological or nonpharmacological agent or a combination of these agents.

(j) "Medical care facility" has the meaning specified in K.S.A. 65-425 and amendments thereto.

(k) "Parenteral conscious sedation" means the use of one or more sedative agents that bypass the gastrointestinal tract, including by intramuscular, intravenous, intranasal, submucosal, subcutaneous, and intraocular administration, to render a patient in a conscious sedative state.

(l) "Treating dentist" means a dentist with a level I, II, or III permit who treats a patient while the patient is under conscious sedation, deep sedation, or general anesthesia.

(m) "Vital signs" means blood pressure, heart rate, and respiratory rate. (Authorized by K.S.A. 2008 Supp. 65-1444 and K.S.A. 74-1406; implementing K.S.A. 2008 Supp. 65-1444; effective Nov. 19, 2010.)

71-5-8. Applicability of regulations. The regulations in this article shall apply in all treatment settings except when a dentist is treating a patient in a medical care facility. (Authorized by K.S.A. 2008 Supp. 65-1444 and K.S.A. 74-1406; implementing K.S.A. 2008 Supp. 65-1444; effective Nov. 19, 2010.)

71-5-9. General requirements. (a) A dentist shall not be required to obtain a permit from the board to administer nitrous oxide and oxygen to a patient of any age when either substance is used alone or with a local anesthetic.

(b) A dentist shall not be required to obtain a permit from the board to prescribe sedative agents designed to achieve only anxiolysis to a patient of any age.

(c) Each system used to administer nitrous oxide shall include an operational fail-safe mechanism to ensure the delivery of not less than 25 percent oxygen to the patient.

(d) On and after December 1, 2010, a dentist

shall not administer enteral conscious sedation or combination inhalation-ental conscious sedation to a patient 12 years of age or younger unless the dentist has a current level I, II, or III permit issued by the board and has completed one of the following training requirements:

(1) A residency program approved by the board in dental anesthesia or pediatric dentistry or any other program that the board determines to be equivalent;

(2) a residency program approved by the board in general practice, oral and maxillofacial surgery, endodontics, periodontics, or other advanced education in general dentistry, which shall include training in conscious sedation for patients 12 years of age or younger; or

(3) a postgraduate course or training program approved by the board that includes training in conscious sedation for patients 12 years of age or younger.

(e) On and after December 1, 2010, a dentist shall not administer parenteral conscious sedation to a patient 12 years of age or younger unless the dentist has a current level II or III permit issued by the board and has completed one of the following training requirements:

(1) A residency program approved by the board in dental anesthesia or pediatric dentistry or any other program that the board determines to be equivalent;

(2) a residency program approved by the board in general practice, oral and maxillofacial surgery, endodontics, periodontics, or other advanced education in general dentistry, which shall include training in parenteral conscious sedation for patients 12 years of age or younger; or

(3) a postgraduate course or training program approved by the board that includes training in parenteral conscious sedation for patients 12 years of age or younger.

(f) On and after December 1, 2010, a dentist shall not administer deep sedation or general anesthesia to a patient 12 years of age or younger unless the dentist has a current level III permit issued by the board and has completed one of the following training requirements:

(1) A residency program approved by the board in dental anesthesia or pediatric dentistry or any other program that the board determines to be equivalent;

(2) a residency program approved by the board in general practice, oral and maxillofacial surgery, endodontics, periodontics, or other advanced ed-

ucation in general dentistry, which shall include training in deep sedation or general anesthesia for patients 12 years of age or younger; or

(3) a postgraduate course or training program approved by the board that includes training in deep sedation or general anesthesia for patients 12 years of age or younger.

(g) On and after December 1, 2010, a dentist shall not administer enteral conscious sedation or combination inhalation-enteral conscious sedation to an adult patient unless the dentist has a current level I, II, or III permit issued by the board.

(h) On and after December 1, 2010, a dentist shall not administer parenteral conscious sedation to an adult patient unless the dentist has a current level II or III permit issued by the board.

(i) On and after December 1, 2010, a dentist shall not administer deep sedation or general anesthesia to an adult patient unless the dentist has a current level III permit issued by the board.

(j) A dentist shall not be required to obtain a level I, II, or III permit if the sedative agent used is administered to the dentist's patient by a person licensed under Kansas law to administer this agent without supervision.

(k) On and after December 1, 2010, only a dentist with an appropriate license or permit, another person authorized by Kansas law to administer the sedative agent under supervision at the time of administration, or a person authorized by Kansas law to administer the sedative agent without supervision may administer a sedative agent that is designed to achieve anxiolysis, enteral conscious sedation, parenteral conscious sedation, deep sedation, or general anesthesia as part of a dental procedure.

(l) Each dentist shall submit a written report to the board within 30 days of any mortality or morbidity that resulted in transportation to an acute medical care facility or that is likely to result in permanent physical or mental injury to a patient during, or as a result of, any general anesthesia related or sedation-related incident. The report shall include the following:

- (1) A description of the dental procedure;
- (2) a description of the preoperative physical condition of the patient;
- (3) a list of the sedative agents and dosages administered, with the time and route of each administration;
- (4) a description of the incident, which shall include the following:

- (A) The details of the patient's symptoms;
- (B) the treatment attempted or performed on the patient; and
- (C) the patient's response to the treatment attempted or performed;
- (5) a description of the patient's condition upon termination of any treatment attempted or performed; and
- (6) the name of each auxiliary staff member in attendance. (Authorized by K.S.A. 2008 Supp. 65-1444 and K.S.A. 74-1406; implementing K.S.A. 2008 Supp. 65-1444; effective Nov. 19, 2010.)

71-5-10. Level I permit: enteral conscious sedation or combination inhalation-enteral conscious sedation. (a) To be eligible for issuance of a level I permit, each dentist shall submit the following to the board:

- (1) An application on the form provided by the board;
- (2) evidence of a current "basic cardiac life support for the health care provider" certificate from the American heart association or a current certificate deemed equivalent by the board from a provider approved by the board;
- (3)(A) Evidence of having successfully completed a course or postdoctoral training program in the control of anxiety and pain in dentistry that is approved by the board; or
- (B) evidence of performance of 20 clinical cases of conscious sedation over the preceding five years, which shall be evaluated by the board;
- (4) the level I permit fee of \$100; and
- (5) an explanation of any sedation-related mortality or morbidity that occurred to a patient of the applicant during the preceding five years and could have been associated with the administration of a sedative agent.

(b) To be approved by the board, each course or training program specified in paragraph (a)(3)(A) shall meet the following requirements:

- (1) Provide comprehensive training in the administration and management of enteral conscious sedation or combination inhalation-enteral conscious sedation;
- (2) include training in patient evaluation and selection, use of equipment, personnel requirements, monitoring, documentation, patient medical management, and emergency management; and
- (3) include a minimum of 18 hours of education and 20 clinical experiences, which may be simulation or video presentations, or both, but shall

include at least one experience in which a patient is deeply sedated and returned to consciousness.

(c)(1) Each level I permit shall be renewed before the expiration of the dentist's license and as part of the biennial license renewal.

(2) To apply for renewal of a level I permit, each dentist shall provide the following to the board:

(A) Evidence of a current "basic cardiac life support for the health care provider" certificate from the American heart association or a current certificate deemed equivalent by the board from a provider approved by the board;

(B) in addition to the continuing education required to renew the dentist's license, proof of six hours of continuing education on sedation; and

(C) the renewal fee of \$100.

(d) Before administering enteral conscious sedation or combination inhalation-enteral conscious sedation, each treating dentist shall perform the following:

(1) Review the patient's medical history and current medications;

(2) for all patients with a severe systemic disease, consult with the patient's primary care physician or any consulting medical specialist regarding the potential risks;

(3) document that the patient or guardian received written preoperative instructions, including dietary instructions that are based on the sedation technique to be used and the patient's physical status, and that the patient or guardian reported that the patient complied with the instructions;

(4) obtain from the patient or guardian a signed informed consent form;

(5) evaluate the inhalation equipment for proper operation;

(6) determine that an adequate oxygen supply is available and can be delivered to the patient if an emergency occurs;

(7) obtain the patient's vital signs and perform a patient assessment; and

(8) confirm the time when the patient last took any solid or liquid by mouth.

(e) During the administration of enteral conscious sedation or combination inhalation-enteral conscious sedation, each treating dentist shall ensure that both of the following conditions are met:

(1) At least one additional staff person who has either a current "basic cardiac life support for the health care provider" certificate from the American heart association or a current certificate deemed equivalent by the board from a provider approved by the board is present.

(2) The following equipment is available and in working order:

(A) A pulse oximeter;

(B) a drug kit that includes an agent to reverse the effects of the sedation agent administered, if an agent to reverse the effects of the sedation agent is commercially available;

(C) a bag-valve mask with patient-appropriate masks that have all connections necessary to attach the bag-valve mask to a 100 percent oxygen source or a separate positive-pressure oxygen source; and

(D) oropharyngeal airways in patient-appropriate sizes.

(f) Whenever enteral conscious sedation or combination inhalation-enteral conscious sedation is administered, each treating dentist shall cause the following records to be contemporaneously created. These records shall be maintained, for at least 10 years, as part of each patient's record:

(1) The date, the type of procedure, the personnel present, and the patient's name, address, and date of birth;

(2) documentation of the sedative agents administered, the approximate time when the sedative agents were administered, the amount of each agent administered, and the patient's blood pressure, heart rate, and oxygen saturation readings at the start of sedation and at the end of the surgical or operative procedure and at 15-minute intervals throughout the procedure;

(3) an indication of the extent to which the effects of the sedation had abated at the time of the patient's release;

(4) the gases used, with flow rates expressed in liters per minute or relative percentages, and the amount of time during which each gas was administered;

(5) the full name of the person to whom the patient was released;

(6) a record of all prescriptions written or ordered for the patient; and

(7) each type of monitor used.

(g) During the administration of enteral conscious sedation or combination inhalation-enteral conscious sedation and the recovery phase, the treating dentist shall ensure that all of the following conditions are met:

(1) The patient is continuously observed.

(2) The patient is continuously monitored with a pulse oximeter.

(3) The patient's respiration is continuously confirmed.

(4) The patient's blood pressure, heart rate, and oxygen saturation reading are recorded at least every 15 minutes.

(5) The patient's ability to appropriately respond to physical stimulation or verbal command is documented every 15 minutes.

(h) Following the administration of enteral conscious sedation or combination inhalation-enteral conscious sedation and during the recovery phase, each treating dentist shall ensure that all of the following conditions are met:

(1) Oxygen and suction equipment are immediately available in the recovery area.

(2) The patient is continuously supervised until oxygenation, ventilation, and circulation are stable and until the patient is appropriately responsive for discharge from the facility.

(3) Written and verbal postoperative instructions, including an emergency telephone number to contact the treating dentist, are provided to the patient, guardian, or any escort present at the time of discharge.

(4) The patient meets the discharge criteria established by the treating dentist, including having stable vital signs, before leaving the office.

(i) Whenever enteral conscious sedation or combination inhalation-enteral conscious sedation is administered, each treating dentist shall cause the following information to be entered into a sedation log:

(1) The name of each patient;

(2) the date of administration of each sedative agent; and

(3) the name, strength, and dose of each sedative agent.

Each entry shall be maintained for at least 10 years. (Authorized by K.S.A. 2008 Supp. 65-1444, K.S.A. 2008 Supp. 65-1447, and K.S.A. 74-1406; implementing K.S.A. 2008 Supp. 65-1444 and K.S.A. 2008 Supp. 65-1447; effective Nov. 19, 2010.)

71-5-11. Level II permit: parenteral conscious sedation. (a) To be eligible for issuance of a level II permit, each dentist shall submit the following to the board:

(1) An application on the form provided by the board;

(2)(A) Evidence of a current "advanced cardiovascular life support" certificate from the American heart association;

(B) evidence of a current certificate deemed equivalent to the certificate specified in paragraph

(a)(2)(A) by the board from a provider approved by the board; or

(C) evidence of satisfactory completion of a simulated office emergency course approved by the board;

(3)(A) Evidence of having successfully completed a course or postdoctoral training program in parenteral conscious sedation that is approved by the board; or

(B) evidence of performance of at least 20 clinical cases of parenteral sedation over the preceding two years, which shall be evaluated by the board;

(4) a level II permit fee of \$150; and

(5) an explanation of any sedation-related mortality or morbidity that occurred to a patient of the applicant during the preceding five years and could have been associated with the administration of a sedative agent.

(b) To be approved by the board, each course or training program specified in paragraph (a)(3)(A) shall meet the following requirements:

(1) Provide comprehensive training in the administration and management of parenteral conscious sedation;

(2) include training in patient evaluation and selection, use of equipment, personnel requirements, monitoring, documentation, patient medical management, and emergency management, including emergency airway management; and

(3) include at least 40 hours of didactic instruction and 20 clinical cases of parenteral conscious sedation.

(c)(1) Each level II permit shall be required to be renewed before the expiration of the dentist's license and as part of the biennial license renewal.

(2) To apply for renewal of a level II permit, each dentist shall provide the following to the board:

(A)(i) Evidence of a current "advanced cardiovascular life support" certificate from the American heart association;

(ii) evidence of a current certificate deemed equivalent to the certificate specified in paragraph (c)(2)(A)(i) by the board from a provider approved by the board; or

(iii) evidence of satisfactory completion, within the 12-month period preceding the filing of the renewal application, of a simulated office emergency course approved by the board;

(B) in addition to the continuing education required to renew the dentist's license, proof of eight hours of continuing education limited to sedation, which shall include the complications

associated with parenteral conscious sedation and their management; and

(C) the biennial renewal fee of \$150.

(d) Before administering parenteral conscious sedation, each treating dentist shall meet all of the requirements specified in K.A.R. 71-5-10(d).

(e) During the administration of parenteral conscious sedation, each treating dentist shall meet the following requirements:

(1) Meet the requirements specified in K.A.R. 71-5-10(e);

(2) continuously monitor for the presence of exhaled carbon dioxide using a capnograph, unless doing so would be precluded or invalidated by the nature of the patient, procedure, or equipment; and

(3) ensure that an automated external defibrillator or defibrillator is available and in working order.

(f) Whenever parenteral conscious sedation is administered, a record containing the information specified in K.A.R. 71-5-10(f)(1), (3), (4), (5), (6), and (7) shall be contemporaneously created. This record shall include the following:

(1) The name and amount of each fluid administered;

(2) the site of administration of each medication and the type of catheter used, if applicable; and

(3) documentation of the sedative agents administered, the approximate time when the sedative agents were administered, the amount of each agent administered, and the patient's blood pressure, heart rate, and oxygen saturation readings at the start of sedation, at the end of the surgical or operative procedure, and at five-minute intervals throughout the procedure.

These records shall be maintained for at least 10 years as a part of the patient's record.

(g) During the administration of parenteral conscious sedation and the recovery phase, each treating dentist shall ensure that the requirements specified in K.A.R. 71-5-10(g)(1), (2), and (3) and the following conditions are met:

(1) The patient's blood pressure, heart rate, and oxygen saturation reading are recorded at least every five minutes.

(2) The patient's ability to appropriately respond to physical stimulation or verbal command is documented every five minutes.

(h) Following the administration of parenteral conscious sedation and the recovery phase, each treating dentist shall ensure that the requirements specified in K.A.R. 71-5-10(h) are met.

(i) Whenever parenteral conscious sedation is administered, the records required by K.A.R. 71-5-10(i) shall be contemporaneously created. These records shall be maintained for at least 10 years as part of the patient's record. (Authorized by K.S.A. 65-1444, K.S.A. 65-1447, and K.S.A. 74-1406; implementing K.S.A. 65-1444 and K.S.A. 65-1447; effective Nov. 19, 2010; amended Dec. 20, 2019.)

71-5-12. Level III permit: deep sedation and general anesthesia. (a) To be eligible for issuance of a level III permit, each dentist shall submit the following to the board:

(1) An application on the form provided by the board;

(2) (A) Evidence of a current "advanced cardiac life support for the health care provider" certificate from the American heart association;

(B) evidence of a current certificate deemed equivalent to the certificate specified in paragraph (a)(2)(A) by the board from a provider approved by the board; or

(C) evidence of satisfactory completion of a simulated office emergency course approved by the board;

(3)(A) Evidence of having successfully completed a postdoctoral training program that is approved by the board; or

(B) evidence of performance of at least 20 clinical cases of deep sedation or general anesthesia, or both, over the preceding two years;

(4) the level III permit fee of \$200; and

(5) an explanation of any sedation-related mortality or morbidity that occurred to a patient of the applicant during the preceding five years and could have been associated with the administration of a sedative agent.

(b) To be approved by the board, each postdoctoral training program specified in paragraph (a)(3)(A) shall be at least one academic year in duration and shall include training in the administration and management of deep sedation and general anesthesia.

(c)(1) Each level III permit shall be renewed before the expiration of the dentist's license and as part of the biennial license renewal.

(2) To apply for renewal of a level III permit, each dentist shall provide the following to the board:

(A)(i) Evidence of a current "advanced cardiac life support for the health care provider" certificate from the American heart association;

(ii) evidence of a current certificate deemed equivalent to the certificate specified in paragraph (c)(2)(A)(i) by the board from a provider approved by the board; or

(iii) evidence of satisfactory completion, within the 12-month period preceding the filing of the renewal application, of a simulated office emergency course approved by the board;

(B) in addition to the continuing education required to renew the dentist's license, proof of eight hours of continuing education limited to sedation, which shall include the complications associated with airways and intravenous sedation and their management; and

(C) the biennial renewal fee of \$200.

(d) Before administering deep sedation or general anesthesia, each treating dentist shall comply with all of the requirements specified in K.A.R. 71-5-10(d).

(e) During the administration of deep sedation or general anesthesia, each treating dentist shall meet the following requirements:

(1) Ensure that at least two additional staff persons with a current certificate in cardiopulmonary resuscitation for health care providers are present in addition to the treating dentist;

(2) comply with all of the requirements specified in K.A.R. 71-5-11(e); and

(3) ensure that the location at which the deep sedation or general anesthesia is administered has readily available emergency agents and devices necessary to perform advanced cardiac life support.

(f) Whenever deep sedation or general anesthesia is administered, each treating dentist shall contemporaneously cause the records required by K.A.R. 71-5-10(i) and K.A.R. 71-5-11(f) to be created. These records shall be maintained for at least 10 years as part of the patient's record.

(g) During the administration of deep sedation or general anesthesia, each treating dentist shall ensure that the requirements specified in K.A.R. 71-5-11(g) are met.

(h) Following the administration of deep sedation or general anesthesia, each treating dentist shall ensure that the requirements specified in K.A.R. 71-5-11(h) and the following requirements are met:

(1) End-tidal carbon dioxide monitoring of the patient if an endotracheal tube or a laryngeal mask airway was used during the administration of the deep sedation or general anesthesia; and

(2) the continuous use of an ECG monitor if patient cooperation and the length of the procedure permit.

(i) Whenever deep sedation or general anesthesia is administered, the records required by K.A.R. 71-5-10(i) shall be contemporaneously created. These records shall be maintained for at least 10 years as part of the patient's record. (Authorized by K.S.A. 2008 Supp. 65-1444, K.S.A. 2008 Supp. 65-1447, and K.S.A. 74-1406; implementing K.S.A. 2008 Supp. 65-1444 and K.S.A. 2008 Supp. 65-1447; effective Nov. 19, 2010.)

71-5-13. Grounds for refusal to issue permit or for revocation, suspension, or limitation of permit. Any permit authorized by this article may be refused issuance or may be revoked, suspended, restricted, or subjected to any other action that the board is authorized to take regarding a dentist's license, including assessing a fine, if at least one of the following is established, after providing the dentist with notice and an opportunity for a hearing in accordance with the Kansas administrative procedures act:

(a) The dentist is no longer in compliance with one or more of the requirements of these regulations.

(b) The dentist has, in one or more instances, acted in a way that does not adhere to the applicable standard of dental care to a degree that constitutes ordinary negligence.

(c) The dentist has, in one or more instances, failed to act in a way that adheres to the applicable standard of dental care to a degree that constitutes ordinary negligence.

(d) Facts or conditions that justify the board's taking adverse action against the dentist's license, other than those specified in subsections (a), (b), and (c), exist. (Authorized by K.S.A. 2008 Supp. 65-1444 and K.S.A. 74-1406; implementing K.S.A. 2008 Supp. 65-1444; effective Nov. 19, 2010.)

Article 6.—DENTAL AUXILIARIES

71-6-5. Duty to notify board. Each supervising dentist who allows a nonlicensed person to coronal scale teeth after the effective date of this regulation shall meet the following requirements:

(a) Verify that the nonlicensed person has proof of completing the training to coronal scale teeth required by K.S.A. 65-1423 (a)(8)(E), and amendments thereto; and

(b) report to the board the name and practice location of the nonlicensed person within 30 days of the effective date of this regulation or within 30 days of the nonlicensed person's first performing the coronal scaling of teeth under the supervision

of the dentist, whichever is later. (Authorized by K.S.A. 74-1406; implementing K.S.A. 2014 Supp. 65-1423; effective Feb. 12, 1999; amended June 4, 2004; amended March 4, 2016.)

**Article 8.—MOBILE DENTAL
FACILITIES AND PORTABLE
DENTAL OPERATIONS**

71-8-8. Information for patients. (a) As used in this regulation, each of the following terms shall have the meaning specified in this subsection:

(1) “Nursing home” means an adult care home as defined in K.S.A. 39-923, and amendments thereto.

(2) “School” means any preschool and any public or private elementary or secondary school.

(b) During or at the conclusion of each patient’s visit to the mobile dental facility or portable dental operation, the patient, parent, or guardian shall be provided with an information sheet. If the patient, parent, or guardian has provided consent for a nursing home or school to access the patient’s dental health records, the institution shall also be provided with a copy of the information sheet.

(c) Each information sheet shall include the following information:

(1) The address and telephone number of record required by K.A.R. 71-8-4;

(2) the name of each dentist and dental hygienist who provided services;

(3) a description of the treatment rendered, in-

cluding the billed service codes and fees associated with the treatment, tooth numbers along with surface and quadrant descriptors when appropriate, and the names and telephone numbers of the billing entity and any third party being billed;

(4) the date of the services and the location where the services were rendered;

(5) the name and telephone number of the entity to contact for information regarding the processing and payment for billed services; and

(6) if necessary, referral information to another health care provider. (Authorized by and implementing K.S.A. 65-1469; effective Feb. 17, 2006; amended Dec. 20, 2019.)

**Article 11.—MISCELLANEOUS
PROVISIONS**

71-11-1. Practice of dentistry. Each nonlicensed person who provides any service or procedure meeting either of the following conditions shall be deemed to be practicing dentistry, unless the person provides the service or procedure under the direct supervision of a dentist licensed and practicing in Kansas:

(a) Alters the color or physical condition of natural, restored, or prosthetic teeth; or

(b) requires the positioning and adjustment of equipment or appliances for the purpose of altering the color or physical condition of natural, restored, or prosthetic teeth. (Authorized by K.S.A. 74-1406(l); implementing K.S.A. 65-1422; effective Aug. 21, 2009.)

Article 1.—EXAMINATIONS

74-1-3. Retaking the examination and granting of credits. (a) Each testing candidate shall be deemed to have passed the examination if the candidate obtains credit for passing each of the four test sections. Credit for passing a test section shall be valid from the date of the examination regardless of the date on which the testing candidate receives actual notice of the passing grade.

(b) A testing candidate may take the test sections individually and in any order. Credit for passing any test section shall be valid for 18 months from the date of testing regardless of the number of sections taken or the scores on any failed sections.

(c) Each testing candidate shall pass all four test sections within a rolling 18-month period that begins on the date the first test section passed is taken. If all four test sections are not passed within this 18-month period, credit for any test section passed outside the 18-month period shall expire.

(d) A testing candidate shall not retake a failed test section until the candidate has received the score for the most recent attempt of that test section.

(e) Each testing candidate shall retain credit for any test section passed in another state if the credit would have been given if the testing candidate had taken the examination in Kansas.

(f) Despite the provisions of subsections (a), (b), and (c), the period of time in which to pass all test sections of the examination may be extended by the board upon a showing that the credit was

lost by reason of circumstances beyond the testing candidate's control. (Authorized by K.S.A. 1-202 and K.S.A. 2018 Supp. 1-304; implementing K.S.A. 2018 Supp. 1-304; effective Jan. 1, 1966; amended, E-82-27, Dec. 22, 1981; amended May 1, 1982; amended Jan. 12, 1996; amended Nov. 14, 2003; amended Jan. 11, 2008; amended Feb. 19, 2016; amended Nov. 29, 2019.)

74-1-4. Transfer of examination credit.

An applicant for the certificate of certified public accountant who has passed one or more sections of the uniform certified public accountant examination under the jurisdiction of another state shall be given conditional credit by the board for passing those subjects if the applicant meets the following requirements:

(a) Has established residence in Kansas;

(b) has passed one or more sections of the uniform certified public accountant examination in accordance with K.A.R. 74-1-3, with the grades determined by the advisory grading service of the board of examiners of the American institute of certified public accountants;

(c) meets the education requirement prescribed by K.S.A. 1-302a, and amendments thereto; and

(d) at the time of applying to transfer the credit earned in another state, is still eligible to be reexamined in that state except for reason of change of residence. (Authorized by K.S.A. 1-202; implementing K.S.A. 1-302; effective Jan. 1, 1966; amended, E-82-27, Dec. 22, 1981; amended May 1, 1982; amended May 25, 2012; amended Feb. 19, 2016.)

Article 2.—CPA EXAM APPLICATION AND EDUCATION REQUIREMENTS

74-2-1. Applications for examination.

(a) Each application to take the certified public accountant examination shall be submitted on a form provided by the board or its designee and shall be filed by a date specified in the application.

(b) An application shall not be considered filed until the following conditions are satisfied:

(1) All information requested on the form is provided.

(2) All fees are included with the application.

(3) Official transcripts and any documents that establish that the applicant has satisfied or will satisfy the education requirements in K.A.R. 74-2-7 and K.S.A. 1-302a, and amendments thereto, are provided with the application.

(4) All supporting documents identified in the application form are received, including proof of identity as specified in the application form.

(c) Each testing candidate shall notify the board or its designee of any change of home or business address within 30 days of the change. (Authorized by K.S.A. 1-202 and K.S.A. 2016 Supp. 1-304; implementing K.S.A. 2016 Supp. 1-304; effective Jan. 1, 1966; amended May 1, 1978; amended, E-82-27, Dec. 22, 1981; amended May 1, 1982; amended July 18, 1997; amended Nov. 17, 2000; amended Nov. 14, 2003; amended March 21, 2014; amended Jan. 26, 2018.)

74-2-7. Concentration in accounting.

(a) The “concentration in accounting” courses required to qualify for admission to the certified public accountant examination shall be as follows:

(1) At least 42 semester credit hours in business and general education courses, including the following:

(A) A macroeconomics course, a microeconomics course, and one upper-division economics course;

(B) at least two courses in the legal aspects of business or business law;

(C) college algebra or higher-level math course;

(D) statistics and probability theory course;

(E) computer systems and applications course;

(F) finance course;

(G) management and administration course;

(H) marketing course; and

(I) production, operations research, or applications of quantitative techniques to business problems course;

(2) at least 11 semester credit hours in courses in written and oral communications; and

(3) at least 30 semester credit hours in courses in accounting theory and practice, including the following:

(A) Financial accounting and reporting for business organizations course, which may include any of the following:

(i) Intermediate accounting course;

(ii) advanced accounting course; or

(iii) accounting theory course;

(B) managerial accounting beyond an introductory course;

(C) auditing course concentrating on auditing standards generally accepted in the United States as issued by the AICPA auditing standards board or the PCAOB, or both;

(D) U.S. income tax course; and

(E) accounting systems beyond an introductory computer course.

(b) The following types of credits awarded by a college or university approved by the board shall be accepted by the board for purposes of determining compliance with subsection (a), if the credits are related to those areas specified in subsection (a):

(1) Credit for advanced placement;

(2) credit by examination;

(3) credit for military education;

(4) credit for competency gained through experience; and

(5) courses taken for pass-fail credit.

Credits recognized by the board pursuant to this subsection shall not exceed a total of six semester hours.

(c) Credit shall not be allowed for any course that is only audited.

(d) Credit shall not be allowed for any course for which credit has already been received.

(e) Any credits earned for an accounting internship may count toward the overall 150-hour education requirement, but these credits shall not be acceptable in satisfaction of the required concentration in accounting courses.

(f) Credits earned for CPA exam review courses shall not be acceptable in satisfaction of the required concentration in accounting courses. However, these credits may be used toward the overall 150-hour education requirement.

(g) Not to exceed a total of six hours, up to three hours of course requirements specified in paragraph (a)(1), (a)(2), or (a)(3) may be waived by the board, upon the applicant's demonstration

of compelling circumstances and upon receipt of satisfactory verification that the applicant has otherwise met the requirements. (Authorized by K.S.A. 1-202 and K.S.A. 2016 Supp. 1-302a; implementing K.S.A. 2016 Supp. 1-302a; effective Jan. 1, 1973; amended Feb. 15, 1977; amended May 1, 1978; amended May 1, 1979; amended July 22, 1991; amended Sept. 25, 1998; amended Jan. 11, 2008; amended May 25, 2012; amended March 21, 2014; amended Feb. 19, 2016; amended Jan. 26, 2018.)

Article 3.—ISSUANCE OF CERTIFICATES

74-3-8. Ethics examination requirement for issuance of certificate. Completion of an examination in professional ethics approved by the board, with a passing score of at least 90 percent, shall be required for issuance of the Kansas certificate. (Authorized by K.S.A. 1-202; implementing K.S.A. 1-302; effective Feb. 15, 1977; amended, E-82-27, Dec. 22, 1981; amended May 1, 1982; amended Nov. 17, 2000; amended Jan. 26, 2018.)

Article 4.—PERMITS TO PRACTICE AND CONTINUING PROFESSIONAL EDUCATION REQUIREMENTS

74-4-3a. Permit renewal. (a) Each application for renewal of a permit shall be submitted on a form provided by the board.

(b) A renewal application that is insufficient shall not be processed and shall be returned to the applicant.

(1) An application shall be deemed insufficient if it meets any of the following conditions:

(A) Is not completely filled out;

(B) lacks the required number of continuing education hours;

(C) lacks the required documentation; or

(D) does not include the renewal fee.

(2) If the renewal fee is paid by credit card, the application shall be deemed insufficient if it meets either of the following conditions:

(A) The information necessary to process the credit card payment is deficient.

(B) The credit card company rejects payment. (Authorized by K.S.A. 1-202; implementing K.S.A. 2016 Supp. 1-310; effective Nov. 17, 2000; amended Nov. 2, 2001; amended May 25, 2012; amended Jan. 26, 2018.)

74-4-7. Continuing education requirements. (a)(1) Each applicant for renewal of a per-

mit to practice as a certified public accountant in Kansas shall have completed 80 hours of acceptable continuing education (CE) during each biennial period for renewal and shall be in possession of proof of attendance or completion of the CE hours claimed before the applicant submits an application for renewal. Each applicant for renewal or reinstatement of a permit shall have completed two hours in professional ethics relating to the practice of certified public accountancy as part of the continuing education requirement.

(2) Ethics courses, which shall be defined as courses dealing with regulatory and behavioral ethics, shall be limited to courses on the following:

(A) Professional standards;

(B) licenses and renewals;

(C) SEC oversight;

(D) competence;

(E) acts discreditable;

(F) advertising and other forms of solicitation;

(G) independence;

(H) integrity and objectivity;

(I) confidential client information;

(J) contingent fees;

(K) commissions;

(L) conflicts of interest;

(M) full disclosure;

(N) malpractice;

(O) record retention;

(P) professional conduct;

(Q) ethical practice in business;

(R) personal ethics;

(S) ethical decision making; and

(T) corporate ethics and risk management as these topics relate to malpractice and relate solely to the practice of certified public accountancy.

(b) Each applicant for renewal of a permit to practice as a licensed municipal public accountant in Kansas shall have completed a 16-hour program of acceptable continuing education during each year within the biennial period. At least eight of the 16 hours shall be in the area of municipal accounting or auditing.

(c) The standards used to determine acceptable continuing education shall include the following:

(1) One hour of credit shall be granted for each 50 minutes of participation in a group, independent study, or self-study program. One-half hour of credit shall be granted for each 25-minute period after the first hour of credit has been earned.

(2) Hours devoted to actual preparation time by an instructor, discussion leader, or speaker for formal programs shall be computed at a maximum

of up to twice the number of continuing education credits that a participant would be entitled to receive, in addition to the time for presentation. No CE credit shall be granted for time devoted to preparation by a participant.

(3) Hours served as an instructor, discussion leader, or speaker shall be included to the extent that they contribute to the professional competence of the applicant in the practice of certified public accountancy. Repeated presentations of the same course shall not be counted unless it is demonstrated that the program content involved was substantially changed and the change required significant additional study or research.

(4) Hours devoted to actual preparation as specified in paragraph (c)(2) and hours served as an instructor, discussion leader, or speaker as specified in paragraph (c)(3) shall not exceed, alone or in combination, 50 percent of the total number of continuing education hours required for permit renewal or reinstatement.

(d) The requirements of subsection (a) may be waived by the board for reasons of health, military service, foreign residence, or retirement, or for other good cause determined by the board.

(e) Any applicant for renewal of a permit to practice as a certified public accountant may carry over a maximum of 20 hours of continuing education earned in the previous renewal period. Any professional ethics hours that exceed the two-hour requirement may be included in the 20-hour carryover, but these hours shall not be used to meet the professional ethics requirement for any subsequent renewal period.

(f) If an applicant for renewal fails to obtain the continuing education required by this regulation, the applicant shall be required by the board to obtain an additional eight hours of continuing education within a period of time specified by the board before the applicant's permit to practice is renewed. (Authorized by K.S.A. 1-202 and K.S.A. 75-1119; implementing K.S.A. 1-202, K.S.A. 2016 Supp. 1-310, and K.S.A. 75-1119; effective, E-82-27, Dec. 22, 1981; effective May 1, 1982; amended May 1, 1985; amended July 13, 1992; amended Sept. 25, 1998; amended Nov. 17, 2000; amended Nov. 15, 2002; amended Nov. 14, 2003; amended May 19, 2006; amended May 23, 2008; amended May 29, 2009; amended May 25, 2012; amended Jan. 26, 2018.)

74-4-8. Continuing education programs; requirements. (a) A program designed to allow

a participant to learn a given subject through interaction with an instructor and other participants in a classroom or conference setting, or intrafirm program using the internet, may be approved for continuing education credit under K.A.R. 74-4-7 if the program meets the following conditions:

(1) It is a formal program of learning that maintains or improves the professional competence of a certified public accountant and requires attendance.

(2) Participants are informed in advance of the learning objectives, prerequisites, program level, program content, any requirements for advance preparation, instructional delivery methods, recommended CE credit, and course registration requirements.

(3) The program is at least 50 minutes in length.

(4) The program is conducted by a person qualified in the subject area.

(5) The program sponsor issues to each participant a certificate of attendance that reflects the name of the program sponsor, title and course field of study, date and location of the program, delivery method of the course, name of the participant, signature of a representative of the program sponsor, and number of CE contact hours.

(6) A record of registration and attendance is retained for five years by the program sponsor.

(b) The following types of programs addressing the subjects of accounting, auditing, consulting services, specialized knowledge and applications, taxation, management of a practice, ethics, or personal development may qualify as acceptable continuing education if the programs meet the requirements of subsection (a):

(1) Programs of the American institute of certified public accountants, state societies and local chapters of certified public accountants, and providers of continuing education courses;

(2) technical sessions at meetings of the American institute of certified public accountants, and of state societies and local chapters of certified public accountants;

(3) university or college credit courses. Each semester hour of credit shall equal 15 hours of continuing education credit. Each quarter hour of credit shall equal 10 hours of continuing education credit;

(4) university or college non-credit courses. These courses shall qualify for continuing education credit that equals the number of actual, full 50-minute class hours attended; and

(5) formal, organized, in-firm or interfirm educational programs.

(c) Hours from personal development courses shall not exceed 30 percent of the total number of continuing education hours required for permit renewal or reinstatement. Personal development courses, which shall be defined as courses dealing with self-management and self-improvement both inside and outside of the business environment, shall be limited to courses on communication, leadership, character development, dealing effectively with others, interviewing, counseling, career planning, emotional growth and learning, and social interactions and relationships.

(d) Any author of a published article or book and any writer of a continuing education program may receive continuing education credit for the actual research and writing time if all of the following conditions are met:

(1) The board determines that the research and writing maintain or improve the professional competence of the author or writer.

(2) The number of credit hours claimed is consistent with the quality and scope of the article, book, or program.

(3) The article or book has been published or the program was created during the biennial period for which credit is claimed.

(e)(1) Group internet-based programs and individual self-study programs that allow a participant to learn a particular subject without the major involvement of an instructor may be eligible for continuing education credit if all of the following requirements are met:

(A) The program sponsor shall meet one of the following requirements:

(i) Has been approved by NASBA's national registry of continuing professional education sponsors or NASBA's quality assurance service;

(ii) is the American institute of certified public accountants; or

(iii) is a state society of certified public accountants.

(B) The program shall require registration.

(C) The sponsor shall provide a certificate of satisfactory completion.

(2) In addition to meeting the requirements specified in paragraph (e)(1), each individual self-study program shall meet the following requirements:

(A) The program shall include a final examination.

(B) Each participant shall be required to score at least 70 percent on the final examination.

(f) The amount of credit for group internet-

based programs and self-study programs shall be determined by the board, as follows:

(1) Programs may be approved for one hour of continuing education credit for each 50 minutes of participation and one-half credit for each 25-minute period of participation after the first hour of credit has been earned.

(2) The amount of credit shall not exceed the number of recommended hours assigned by the program sponsor.

(g) Independent study programs that are designed to allow a participant to learn a given subject under the guidance of a continuing education program sponsor may be eligible for continuing education credit if all of the following conditions are met:

(1) The program meets one of the following requirements:

(A) Has been approved by NASBA's national registry of continuing professional education sponsors or NASBA's quality assurance service;

(B) is sponsored through the American institute of certified public accountants; or

(C) is sponsored through a state society of certified public accountants.

(2) The participant has a written learning contract with a program sponsor that contains a recommendation of the number of credit hours to be awarded upon successful completion of the program.

(3) The program sponsor reviews and signs a report indicating that all of the requirements of the independent study program, as outlined in the learning contract, are satisfied.

(4) The program is completed in 15 weeks or less.

(h) A participant in an independent study program may receive up to one hour of credit for each 50 minutes of participation and one-half hour of credit for each 25-minute period of participation after the first hour of credit has been earned. (Authorized by K.S.A. 1-202 and K.S.A. 75-1119; implementing K.S.A. 1-202, K.S.A. 2016 Supp. 1-310, and K.S.A. 75-1119; effective, E-82-27, Dec. 22, 1981; effective May 1, 1982; amended May 1, 1985; amended Feb. 14, 1994; amended Sept. 25, 1998; amended Nov. 2, 2001; amended Nov. 15, 2002; amended Nov. 14, 2003; amended May 27, 2005; amended May 19, 2006; amended May 23, 2008; amended May 29, 2009; amended Nov. 29, 2010; amended May 25, 2012; amended Feb. 19, 2016; amended Jan. 26, 2018.)

74-4-9. Continuing education controls and reporting. (a) When applying for renewal of the permit to practice, each applicant shall sign a statement indicating the applicant's compliance with the requirements in K.A.R. 74-4-7 and 74-4-8, unless the applicant qualifies for the exemption outlined in K.S.A. 1-310, and amendments thereto.

(b)(1) Any applicant may be required by the board to verify the number of CE hours claimed in subsection (a), on a form provided by the board, which shall include the following information:

(A) The name of the organization, school, firm, or other sponsor conducting the program or course;

(B) the location of the program or course attended;

(C) the title of the program or course, or a brief description;

(D) the course field of study;

(E) the delivery method of the program or course;

(F) the dates attended or the date the program or course was completed; and

(G) the number of continuing education credits that the applicant received for participating in a program or course.

(2) Each applicant specified in paragraph (b) (1) shall provide the board with a certificate of completion or attendance for all attended, group, independent, and self-study program CE hours claimed. Each certificate of completion or attendance shall include the following:

(A) The name of the organization, school, firm, or other sponsor conducting the program or course;

(B) the location of the program or course attended;

(C) the title of the program or course, or a brief description;

(D) the dates attended or the date the program or course was completed;

(E) the delivery method of the program or course;

(F) the name of the participant;

(G) the signature of a representative of the program sponsor; and

(H) the number of continuing education credits that the applicant received for participating in a program or course.

(3) For instruction credit, each applicant shall provide the board with a certificate or other verification supplied by the CE program sponsor.

(4) For a university or college course that is successfully completed for credit, each applicant shall provide the board with an official transcript of the grade that the participant received.

(5) For a university or college non-credit course, each applicant shall provide the board with a certificate of attendance issued by a representative of the university or college.

(c) Each applicant shall retain documentation of completion or attendance for any continuing education program or course for five years from the end of the year in which the program or course was completed.

(d) Each applicant required to verify the number of CE hours claimed shall respond to the board's request for verification within 30 days. (Authorized by K.S.A. 1-202 and K.S.A. 75-1119; implementing K.S.A. 1-202, K.S.A. 2016 Supp. 1-310, and K.S.A. 75-1119; effective, E-82-27, Dec. 22, 1981; effective May 1, 1982; amended May 1, 1985; amended Sept. 25, 1998; amended Nov. 22, 2002; amended Nov. 14, 2003; amended May 23, 2008; amended Nov. 29, 2010; amended March 21, 2014; amended Feb. 19, 2016; amended Jan. 26, 2018.)

74-4-10. Continuing education requirements for renewal of initial or reinstated permits.

(a) To renew an initial or reinstated permit to practice as a certified public accountant in Kansas, each applicant shall complete the number of continuing education (CE) hours proportionate to the number of hours required for the renewal period, given the number of full months from the date of the issuance of the permit to the June 30 renewal date. This requirement shall include two hours of ethics.

(b) CE hours used to reinstate a permit shall not be used toward a subsequent renewal of a permit.

(c) Continuing education credit obtained by the applicant on and after July 1 of the issuance year of the permit may be used to satisfy the continuing education requirement in subsection (a) if the credit meets the requirements specified in K.A.R. 74-4-7 and 74-4-8 and was not used to reinstate a permit. (Authorized by K.S.A. 1-202; implementing K.S.A. 2016 Supp. 1-310; effective, E-82-27, Dec. 22, 1981; effective May 1, 1982; amended Sept. 25, 1998; amended Sept. 10, 1999; amended Nov. 17, 2000; amended May 23, 2008; amended May 25, 2012; amended Jan. 26, 2018.)

(3) financial accounting principles for state and local governments as adopted by the governmental accounting standards board (GASB) as follows:

(A) “GASB codification of governmental accounting and financial reporting standards,” issued by the governmental accounting standards board, as in effect on June 30, 2016;

(B) GASB statement no. 83, “certain asset retirement obligations,” except appendixes A and B, issued November 2016;

(C) GASB statement no. 84, “fiduciary activities,” except appendixes A and B, issued January 2017; and

(D) GASB statement no. 85, “omnibus 2017,” except appendixes A and B, issued March 2017; and

(4) international accounting and reporting principles established by the international accounting standards board (IASB) as contained in “IFRS® standards,” part A, issued by the international accounting standards board, as in effect on January 1, 2017, except part A, pages A7-A25.

(i) “Government auditing standards” means the “government auditing standards” issued by the United States government accountability office, 2011 revision, revised on January 20, 2012, which is hereby adopted by reference, except pages 1-3 and appendixes I and III.

(j) “Licensed municipal public accountant” and “LMPA” mean a holder of a permit issued under the laws of Kansas to practice as a municipal public accountant.

(k) “PCAOB” means the public company accounting oversight board created by the Sarbanes-Oxley act of 2002.

(l) “Practice of certified public accountancy” means performing or offering to perform attest or nonattest services for the public while using the designation “certified public accountant” or “CPA” in conjunction with these services. “Attest” and “nonattest” services shall have the meaning specified in K.S.A. 1-321 and amendments thereto.

(m) “Standards of the PCAOB” means the following, which are hereby adopted by reference:

(1) In “public company accounting oversight board bylaws and rules—rules—professional standards” as in effect on December 31, 2016, section 3, “auditing and related professional practice standards,” part 1, “general requirements,” and part 5, “ethics and independence”;

(2) “auditing standards—reorganized,” issued by the PCAOB as in effect on December 31, 2016; and

(3) “attestation standard no. 1” and “attestation standard no. 2,” issued by the PCAOB as in effect on December 31, 2016.

(n) “Staff accountant” means a certified public accountant who meets the following requirements:

(1) Holds both a Kansas certificate and a Kansas permit;

(2) is employed by a firm that is the certified public accountant’s primary employer; and

(3) works at least 1,040 hours for the firm during a calendar year. (Authorized by and implementing K.S.A. 1-202; effective Jan. 1, 1974; amended May 1, 1978; amended May 1, 1979; amended May 1, 1985; amended July 22, 1991; amended July 13, 1992; amended April 5, 1993; amended Aug. 23, 1993; amended Jan. 12, 1996; amended Jan. 8, 1999; amended Nov. 17, 2000; amended Nov. 2, 2001; amended May 27, 2005; amended May 19, 2006; amended Feb. 16, 2007; amended Jan. 11, 2008; amended May 29, 2009; amended Nov. 29, 2010; amended May 25, 2012; amended March 21, 2014; amended Feb. 19, 2016; amended Jan. 26, 2018.)

74-5-2a. Definitions of terms in the AICPA code of professional conduct. (a) The definitions of the terms in ET 0.400 of the AICPA “code of professional conduct,” as adopted by reference in K.A.R. 74-5-2, shall be applicable wherever these terms are used in this article, including any document adopted by reference in this article.

(b) The term “member,” as used in the AICPA “code of professional conduct,” shall mean any certified public accountant, firm, or licensed municipal public accountant. (Authorized by and implementing K.S.A. 1-202; effective May 29, 2009; amended Feb. 19, 2016.)

74-5-2b. Applicability of AICPA professional standards. The AICPA professional standards shall apply to each certified public accountant, firm, and licensed municipal public accountant as defined in K.A.R. 74-5-2, regardless of whether the person or entity is a member of the AICPA. (Authorized by and implementing K.S.A. 1-202; effective Feb. 19, 2016.)

74-5-101. Independence. (a) Each certified public accountant, firm, and licensed municipal public accountant shall be independent in the performance of professional services as required by the following standards, as applicable:

(1) AICPA “code of professional conduct,” including the interpretations, as contained in the AICPA professional standards adopted by reference in K.A.R. 74-5-2(b)(5);

(2) chapter three of the government auditing standards adopted by reference in K.A.R. 74-5-2;

(3) regulation S-X codified at 17 C.F.R. Part 210, as in effect on September 3, 2013, which is hereby adopted by reference; and

(4) PCAOB rules, section 3, “professional standards,” part 5, “ethics,” as adopted by reference in K.A.R. 74-5-2.

(b) In determining whether a certified public accountant’s, a firm’s, or a licensed municipal public accountant’s independence is impaired, any other circumstances, relationship, or activity that the board determines could impair independence may be considered by the board. (Authorized by and implementing K.S.A. 1-202; effective Jan. 1, 1966; amended Jan. 1, 1972; amended Jan. 1, 1974; amended May 1, 1978; amended May 1, 1985; amended Nov. 15, 2002; amended May 27, 2005; amended May 19, 2006; amended Feb. 16, 2007; amended Jan. 11, 2008; amended May 29, 2009; amended Nov. 29, 2010; amended May 25, 2012; amended March 21, 2014; amended Feb. 19, 2016.)

74-5-102. Integrity and objectivity. (a) In the performance of professional services, each certified public accountant, firm, and licensed municipal public accountant shall maintain objectivity and integrity, shall be free of conflicts of in-

terest, and shall not knowingly misrepresent facts to others or subordinate the accountant’s or firm’s judgment to another’s judgment. In tax practice, any certified public accountant, firm, or licensed municipal public accountant may resolve doubt in favor of the client if there is reasonable support for that position.

(b) Each certified public accountant, firm, and licensed municipal public accountant shall comply with the following applicable standards:

(1) AICPA “code of professional conduct,” including the interpretations, as contained in the AICPA professional standards adopted by reference in K.A.R. 74-5-2(b)(5), which shall be used in determining whether integrity and objectivity have been maintained;

(2) chapter three of the government auditing standards adopted by reference in K.A.R. 74-5-2; and

(3) PCAOB rules, section 3, “professional standards,” part 5, “ethics,” as adopted by reference in K.A.R. 74-5-2. (Authorized by and implementing K.S.A. 1-202 and K.S.A. 75-1119; effective Jan. 1, 1966; amended Jan. 1, 1974; amended May 1, 1978; amended May 1, 1985; amended Nov. 15, 2002; amended May 27, 2005; amended May 19, 2006; amended May 29, 2009; amended Feb. 19, 2016.)

74-5-103. Commissions and referral fees. Each certified public accountant or firm shall comply with the AICPA “code of professional conduct” regarding commissions and referral fees, including the interpretations, as contained in the AICPA professional standards adopted by reference in K.A.R. 74-5-2(b)(5). (Authorized by and implementing K.S.A. 1-202; effective May 1, 1978; amended July 13, 1992; amended Jan. 12, 1996; amended Jan. 8, 1999; amended Sept. 10, 1999; amended May 27, 2005; amended May 29, 2009; amended Feb. 19, 2016.)

74-5-104. Contingent fees. Each certified public accountant or firm shall comply with the AICPA “code of professional conduct” regarding contingent fees, including the definitions and interpretations, as contained in the AICPA professional standards adopted by reference in K.A.R. 74-5-2(b)(5). (Authorized by and implementing K.S.A. 1-202; effective May 1, 1978; amended July 13, 1992; amended Jan. 8, 1999; amended Sept. 10, 1999; amended May 27, 2005; amended Feb. 19, 2016.)

74-5-201. General standards. (a) Each certified public accountant, firm, or licensed municipal public accountant shall meet the following requirements:

(1) Undertake only those professional services that the CPA, firm, or licensed municipal public accountant can reasonably expect to be completed with professional competence;

(2) exercise due professional care in the performance of professional services;

(3) adequately plan and supervise the performance of professional services; and

(4) obtain sufficient relevant data to afford a reasonable basis for conclusions or recommendations in relation to any professional services performed.

(b) The AICPA “code of professional conduct” regarding general standards, including the interpretations as contained in the AICPA professional standards adopted by reference in K.A.R. 74-5-2, shall be used in determining whether there is compliance with the general standards. (Authorized by and implementing K.S.A. 1-202; effective Jan. 1, 1966; amended Jan. 1, 1972; amended Jan. 1, 1974; amended May 1, 1978; amended May 1, 1985; amended May 27, 2005; amended Jan. 11, 2008; amended May 29, 2009; amended Feb. 19, 2016.)

74-5-202. Compliance with standards.

(a) Each certified public accountant or firm that performs auditing, attestation, review, compilation, management consulting, tax, or other professional services shall comply with the applicable professional standards promulgated by the following entities, which are adopted by reference in K.A.R. 74-5-2 and this regulation:

(1) The federal accounting standards advisory board;

(2) the financial accounting standards board;

(3) the governmental accounting standards board;

(4) the PCAOB;

(5) the international accounting standards board;

(6) the municipal services team of the office of the chief financial officer, Kansas department of administration;

(7) the AICPA accounting and review services committee;

(8) the AICPA auditing standards board;

(9) the AICPA management consulting services executive committee;

(10) the AICPA tax executive committee;

(11) the AICPA forensic and valuation services executive committee;

(12) the AICPA professional ethics executive committee;

(13) the AICPA personal financial planning executive committee; and

(14) the AICPA peer review board.

(b) Each licensed municipal public accountant shall comply with the generally accepted auditing standards in the 2017 “Kansas municipal audit and accounting guide,” including appendices A through N, prescribed by the director of accounts and reports, department of administration, and hereby adopted by reference. (Authorized by and implementing K.S.A. 1-202 and K.S.A. 75-1119; effective Jan. 1, 1966; amended Jan. 1, 1972; amended Jan. 1, 1974; amended May 1, 1978; amended, E-82-27, Dec. 22, 1981; amended May 1, 1982; amended May 1, 1985; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended May 22, 1989; amended Jan. 7, 1991; amended July 13, 1992; amended Aug. 23, 1993; amended Sept. 26, 1994; amended Jan. 12, 1996; amended Sept. 25, 1998; amended Sept. 10, 1999; amended Nov. 17, 2000; amended Nov. 2, 2001; amended Nov. 15, 2002; amended Nov. 14, 2003; amended May 27, 2005; amended May 19, 2006; amended Feb. 16, 2007; amended Jan. 11, 2008; amended May 29, 2009; amended Nov. 29, 2010; amended May 25, 2012; amended March 21, 2014; amended Feb. 19, 2016; amended Jan. 26, 2018.)

74-5-203. Accounting principles. Each certified public accountant, firm, or licensed municipal public accountant shall comply with the AICPA “code of professional conduct” regarding accounting principles, including the interpretations, as contained in the AICPA professional standards adopted by reference in K.A.R. 74-5-2(b)(5). (Authorized by and implementing K.S.A. 1-202 and K.S.A. 75-1119; effective Jan. 1, 1966; amended Jan. 1, 1974; amended May 1, 1978; amended, E-82-27, Dec. 22, 1981; amended May 1, 1982; amended May 1, 1985; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended May 22, 1989; amended Jan. 7, 1991; amended July 13, 1992; amended Aug. 23, 1993; amended Sept. 26, 1994; amended Jan. 12, 1996; amended Sept. 25, 1998; amended Sept. 10, 1999; amended Nov. 17, 2000; amended May 27, 2005; amended May 19, 2006; amended Nov. 29, 2010; amended Feb. 19, 2016.)

74-5-301. Confidential client information. (a) A certified public accountant, firm, or licensed municipal public accountant shall not disclose any confidential client information without the consent of the client.

(b) The AICPA “code of professional conduct,” including the interpretations as contained in the AICPA professional standards adopted by reference in K.A.R. 74-5-2(b)(5), shall be used by the board in determining compliance with subsection (a). (Authorized by and implementing K.S.A. 1-202; effective Jan. 1, 1966; amended Jan. 1, 1974; amended May 1, 1978; amended Sept. 25, 1998; amended May 27, 2005; amended May 29, 2009; amended Feb. 19, 2016.)

74-5-302. (Authorized by and implementing K.S.A. 1-202; effective Jan. 1, 1966; amended Jan. 1, 1974; amended May 1, 1978; amended Nov. 2, 2001; amended Nov. 15, 2002; amended May 29, 2009; revoked May 25, 2012.)

74-5-401. Acts discreditable. (a) A certified public accountant or firm shall not commit any act discreditable to the profession.

(b) The AICPA “code of professional conduct,” including the interpretations of the AICPA professional standards adopted by reference in K.A.R. 74-5-2(b)(5), shall be used by the board in determining whether a certified public accountant or firm has committed an act discreditable to the profession. (Authorized by and implementing K.S.A. 1-202; effective Jan. 1, 1966; amended Jan. 1, 1972; amended Jan. 1, 1974; amended May 1, 1978; amended Nov. 15, 2002; amended May 27, 2005; amended May 29, 2009; amended Feb. 19, 2016.)

74-5-403. Advertising. (a) A certified public accountant or firm shall not advertise in a manner that is false, misleading, or deceptive.

(b) The use of any non-CPA’s name or the name of any firm not registered with the board as a firm, pursuant to K.S.A. 1-308 and K.S.A. 1-316 and amendments thereto, in any advertisement or publication in any medium or under any heading used for certified public accountants shall be prohibited.

(c) The AICPA “code of professional conduct,” including the interpretations as contained in the AICPA professional standards adopted by reference in K.A.R. 74-5-2(b)(5), shall be used by the board in determining whether a certified public accountant has violated subsection (a). (Authorized by and implementing K.S.A. 1-202; effective

May 1, 1978; amended May 1, 1985; amended July 22, 1991; amended May 27, 2005; amended Feb. 16, 2007; amended May 29, 2009; amended Feb. 19, 2016.)

74-5-405. (Authorized by K.S.A. 1999 Supp. 1-202, as amended by L. 2000, Ch. 81, § 4; implementing K.S.A. 1999 Supp. 1-311, as amended by L. 2000, Ch. 81, § 13(a)(7); effective May 1, 1978; amended Aug. 23, 1993; amended Nov. 17, 2000; revoked Jan. 26, 2018.)

74-5-405a. Certified public accountants who own a separate business. Each certified public accountant in the practice of certified public accountancy who owns an interest in a separate business shall comply with ET section 1.810.010, titled “ownership of separate business,” of the AICPA “code of professional conduct,” as contained in the AICPA professional standards adopted by reference in K.A.R. 74-5-2(b)(5). (Authorized by K.S.A. 1-202; implementing K.S.A. 1-202 and K.S.A. 2014 Supp. 1-311; effective Jan. 11, 2008; amended May 29, 2009; amended Feb. 19, 2016.)

74-5-406. Firm or professional names.

(a) A certified public accountant or firm shall not practice certified public accountancy under a firm or professional name or advertise a firm or professional name that includes descriptive words relating to the quality of services offered or that is misleading concerning the legal form or the persons who are owners, partners, officers, members, managers, or shareholders of the firm.

(b) A firm or professional name shall not be considered to be misleading solely because it contains words describing the geographical area in which the services are offered or words describing the type of services actually being performed by the certified public accountants who are owners, partners, officers, members, managers, or shareholders of the firm.

(c) A firm or professional name or designation shall be considered to be misleading in any of the following instances:

(1) The name contains a misrepresentation of facts.

(2) The name is intended or is likely to create false or unjustified expectations of favorable results.

(3) The name implies education, professional attainment, or licensing recognition of its owners, partners, officers, members, managers, or shareholders that is not supported by facts.

(4) The name of a Kansas professional corporation or association, limited liability company, limited liability partnership, or general corporation does not include its full name as registered with the board each time the firm or professional name is used.

(5) The name misrepresents the number of partners, shareholders, owners, members, or staff accountants holding CPA certificates and permits who own or provide services on behalf of the firm or business.

(6) The name contains the name or names of one or more former partners, shareholders, or owners without their written consent.

(d) A fictitious firm or professional name shall be defined as a name that contains anything other than the name or names of one or more present or former owners, partners, members, or shareholders or the term “certified public accountant” or “CPA,” or the plural form of either of these two terms. A fictitious firm or professional name may be used if the name is registered with the board and is not false or misleading as determined by the board. Each firm shall utilize its full name as registered with the board each time the name is used.

(e) A fictitious firm or professional name shall be considered to be misleading if the name misrepresents the number of partners, shareholders, owners, members, or staff accountants holding CPA certificates and permits who own or provide services on behalf of the firm or business.

(f) Each certified public accountant or firm that falls out of compliance with this regulation due to any change in ownership or personnel shall notify the board within 30 days after the change. A reasonable period of time may be granted by the board for a firm or certified public accountant to take corrective action.

(g) If a firm does not have an office in Kansas but is required to register with the board pursuant to K.S.A. 1-308 and amendments thereto, the name shall not be considered misleading even if the name meets the criteria for being “misleading” as specified in paragraph (c)(5) or subsection (e) of this regulation. (Authorized by K.S.A. 1-202; implementing K.S.A. 1-202 and K.S.A. 2016 Supp. 1-308; effective May 1, 1978; amended Oct. 8, 1990; amended Aug. 23, 1993; amended Jan. 12, 1996; amended Sept. 25, 1998; amended Sept. 10, 1999; amended Nov. 15, 2002; amended Jan. 11, 2008; amended May 29, 2009; amended March 21, 2014; amended Feb. 16, 2016; amended Jan. 26, 2018.)

74-5-407. Cooperation with the board.

Each certified public accountant, firm, or licensed municipal public accountant shall cooperate in a timely manner with the board in its investigation of complaints or possible violations of the accounting statutes or the regulations of the board. Cooperation shall include responding to written communications from the board, and providing information and documentation as requested by the board, sent by mail to the last known preferred mailing address on file with the board, within a reasonable time frame specified by the board or appearing before the board, or any of its members, upon request. (Authorized by and implementing K.S.A. 1-202 and K.S.A. 75-1119(a); effective May 1, 1978; amended May 1, 1979; amended, E-82-27, Dec. 22, 1981; amended May 1, 1982; amended May 1, 1985; amended Sept. 25, 1998; amended March 21, 2014; amended Feb. 19, 2016.)

74-5-408. Change of name or address.

Each certified public accountant shall notify the board in writing of any change in the person's name, home address, employer name, business address, or electronic-mail address within 30 days of the change. (Authorized by and implementing K.S.A. 1-202; effective Feb. 16, 2007; amended Jan. 26, 2018.)

Article 6.—ADDITIONAL OFFICES

74-6-2. Management of an office.

(a) Each firm or sole proprietorship with an office, as defined by K.A.R. 74-6-1, that is located in this state shall have one resident manager in charge of the office who is the holder of a current permit to practice as a certified public accountant issued by this state, who oversees the planning, administration, direction, and review of the services being performed in that office, and who devotes more than half of the resident manager's working time to the affairs of that office.

(b) Any firm or sole proprietorship specified in subsection (a) may, however, have additional offices in this state for which the designated resident manager specified in subsection (a) shall also be responsible to notify the board of each additional office by providing a written statement to the board. (Authorized by K.S.A. 1-202; implementing K.S.A. 2016 Supp. 1-308; effective Jan. 1, 1972; amended May 1, 1980; amended May 1, 1982; amended Aug. 21, 1989; amended Aug. 23, 1993; amended Jan. 12, 1996; amended Sept. 25, 1998; amended Nov. 17, 2000; amend-

ed Nov. 29, 2010; amended March 21, 2014; amended Jan. 26, 2018.)

Article 7.—FIRM REGISTRATION

74-7-2. Firms eligible for registration.

(a) Unless exempt from registration pursuant to K.S.A. 1-308 and amendments thereto, before practicing certified public accountancy, a firm, as defined in K.S.A. 1-321 and amendments thereto, shall meet the following requirements:

(1) Register with the board on forms provided by the board;

(2) affirm that any individual who signs or authorizes someone to sign the accountant's report on any audit, review, or compilation or on the examination of prospective financial information on behalf of the firm has met the competency requirements specified in K.A.R. 74-4-1a; and

(3) pay the fee specified in K.A.R. 74-12-1.

(b) Each firm shall renew its registration annually on or before December 31 on forms provided by the board and shall pay the fee specified in K.A.R. 74-12-1. (Authorized by K.S.A. 1-202; implementing K.S.A. 2016 Supp. 1-308; effective Jan. 1, 1966; amended May 1, 1988; amended Jan. 12, 1996; amended Nov. 17, 2000; amended Jan. 11, 2008; amended Jan. 26, 2018.)

74-7-4. Notification; firm registration; sole proprietors. Each certified public accountant who is an unincorporated sole proprietor shall perform the following, upon the issuance of the first report subject to peer review:

(a) Notify the board, on a form provided by the board;

(b) register as a firm with the board in compliance with K.S.A. 1-308 and amendments thereto; and

(c) provide a peer review letter of completion to the board within 18 months after the date on which the report subject to peer review was issued. (Authorized by K.S.A. 1-202; implementing K.S.A. 1-202 and K.S.A. 1-308; effective Nov. 15, 2002; amended May 29, 2009.)

Article 11.—PEER REVIEW PROGRAM

74-11-6. Definitions. Each of the following terms, wherever used in this article of the board's regulations, shall have the meaning specified in this regulation:

(a) "AICPA" means American institute of certified public accountants.

(b) "AICPA professional standards" means the standards adopted by reference in K.A.R. 74-5-2 that are contained in the "AICPA professional standards," volumes 1 and 2, published by the AICPA, as adopted by reference in K.A.R. 74-5-2.

(c) "Firm" shall have the meaning specified in K.S.A. 1-321 and amendments thereto.

(d) "Peer review" means a review of a firm's accounting and auditing practice in accordance with the standards for performing and reporting on peer reviews.

(e) "Peer review team" means persons or organizations participating in the peer review program required by this article of the board's regulations. This term shall specifically include the team captain, team members, review captain, the report acceptance committee, and the oversight body, but shall not include the board.

(f) "Standards for performing and reporting on peer reviews" means the AICPA "standards for performing and reporting on peer reviews" contained in volume two of the AICPA professional standards, as adopted by reference in K.A.R. 74-5-2(b)(9).

(g)(1) "Substantially similar program" means a peer review program that meets the following requirements:

(A) The peer review team shall be approved by a nationally recognized accounting organization as having the qualifications, training, and experience to perform the peer review function required by this regulation.

(B)(i) The peer review shall be conducted pursuant to peer review standards as issued by a nationally recognized peer review program that has received prior approval by the board; or

(ii) the peer review shall be conducted pursuant to a written submission detailing the qualifications of the peer review team to conduct the peer review and providing a written plan for the peer review illustrating the means of compliance with this regulation with the prior specific approval of the board.

(2) Each inspection performed by the PCAOB of areas of a firm's practice related to audits of issuers, as defined by the public company accounting oversight board, shall be deemed to satisfy the peer review requirements related to this element of the firm's practice.

(h) For peer reviews commencing on and after January 1, 2009, "modified peer review report" shall mean a peer review report with a peer review rating of "pass with deficiencies," as defined in the

AICPA “standards for performing and reporting on peer reviews.”

(i) For peer reviews commencing on and after January 1, 2009, “adverse peer review report” shall mean a peer review report with a peer review rating of “fail,” as defined in the AICPA “standards for performing and reporting on peer reviews.” (Authorized by and implementing K.S.A. 1-202, K.S.A. 2016 Supp. 1-312, and K.S.A. 2016 Supp. 1-501; effective Feb. 14, 1994; amended Sept. 25, 1998; amended Sept. 10, 1999; amended Nov. 17, 2000; amended Nov. 2, 2001; amended Nov. 15, 2002; amended Nov. 14, 2003; amended May 27, 2005; amended May 19, 2006; amended Feb. 16, 2007; amended May 29, 2009; amended May 25, 2012; amended March 21, 2014; amended Feb. 19, 2016; amended Jan. 26, 2018.)

74-11-7. Renewal of a firm’s registration.

(a) Each application for renewal of a firm’s registration shall include one of the following, if applicable:

(1) A letter issued by the administering entity stating that a peer review has been completed and including a due date for the next peer review;

(2) a letter issued by the administering entity stating that the peer review is in process; or

(3) a completed form titled “peer review form,” which shall be provided by the board and completed by the firm.

(b) For the purpose of this regulation, for a peer review to be “in process” shall mean that the peer review report has been issued to the firm and the report and, if applicable, the letter of response have been submitted to the administering entity. However, the letter stating that the peer review has been completed and signifying a due date for the next peer review has not been issued.

(c) If a firm has received a waiver pursuant to K.S.A. 1-501 and amendments thereto, before commencement of any attestation engagement, the firm shall have in place a system of internal quality control and shall notify the board. The firm shall provide a letter of completion to the board within 18 months after the date on which the report subject to peer review was issued.

(d) The letter of completion shall be valid until the due date for the next peer review specified in the letter of completion. (Authorized by K.S.A. 1-202; implementing K.S.A. 1-202 and K.S.A. 2014 Supp. 1-501; effective Feb. 14, 1994; amended Sept. 25, 1998; amended Nov. 2, 2001; amended Nov. 15, 2002; amended Nov. 14, 2003;

amended May 19, 2006; amended Nov. 29, 2010; amended March 21, 2014; amended Feb. 19, 2016.)

74-11-15. (Authorized by and implementing K.S.A. 1-202 and K.S.A. 1-501; effective Nov. 2, 2001; amended May 27, 2005; revoked March 21, 2014.)

75-6. UNIFORM CONSUMER CREDIT CODE.

**Article 6.—UNIFORM
CONSUMER CREDIT CODE**

75-6-1. Making transactions outside of the scope of the Kansas uniform consumer credit code subject to same. The parties to a sale, lease, loan, or modification of a sale, lease, or loan that is not a consumer credit transaction may agree in a writing signed by the parties to make the transaction subject to the Kansas uniform consumer credit code. Any such agreement may be included in the contractual agreement evidencing the credit transaction, and when so included, no additional signatures shall be required to evidence the agreement to include the transaction within the scope of the Kansas uniform consumer credit code other than the signatures normally used in executing the credit transaction. In order to be effective, each such agreement shall be executed simultaneously with the contractual agreement evidencing the credit transaction. (Authorized by K.S.A. 16a-6-104(e), as amended by 2009 SB 240, §21; implementing K.S.A. 16a-1-109; effective, E-74-13, Jan. 1, 1974; effective May 1, 1975; amended Oct. 2, 2009.)

75-6-9. Additional charges. (a) The charges enumerated in K.S.A. 16a-2-501 (1)(d), and amendments thereto, shall be considered “additional charges in connection with a consumer credit transaction” if the charges meet the following requirements:

(1) Are made under conditions that permit their exclusion from the definition of “finance charge” under K.S.A. 16a-1-301 (22) and amendments thereto; and

(2) are payable to a third party who is not related to the creditor, except as allowed by K.S.A. 16a-1-301 (10)(b) and amendments thereto.

(b) Additional charges shall be considered “in connection with a consumer credit transaction,” as used in K.S.A. 16a-2-501 and amendments thereto and subsection (a) of this regulation, if either of the following conditions is met:

(1) In relation to insurance premiums, the creditor or a person related to the creditor receives a commission on any insurance sold on the same day on which the consumer credit transaction was consummated.

(2) In relation to all other additional charges, the charges are made for goods, services, or both rendered within one month before or after the consummation of the consumer credit transaction. (Authorized by K.S.A. 16a-6-104(e), as amended by 2009 SB 240, §21; implementing K.S.A. 16a-2-501(1)(d); effective, E-74-13, Jan. 1, 1974; effective May 1, 1975; amended May 1, 1985; amended Sept. 20, 1996; amended Oct. 2, 2009.)

75-6-31. Bond requirements. (a) Each applicant for a supervised loan license shall submit a bond in the following amounts:

(1) For any applicant who engages in or intends to engage in making loans secured by an interest in real property or contracts for deed, \$250,000.00 for the first licensed place of business, plus an additional \$25,000.00 for each additional licensed place of business or, if the applicant made more than \$50,000,000.00 in such loans in Kansas during the previous calendar year, \$300,000.00; or

(2) for all other applicants, \$100,000.00 for the first licensed place of business, plus an additional

\$25,000.00 for each additional licensed place of business.

(b) The total bond requirement for each applicant shall not exceed \$300,000.00, unless the administrator determines, after consideration of the factors specified in subsection (c), that special circumstances require a higher bond amount in order to adequately protect Kansas consumers.

(c) In determining whether a higher bond amount is necessary, the following factors shall be considered by the administrator:

(1) Whether the business proposed to be conducted by the applicant involves technology or methods that may require additional regulatory oversight by the administrator;

(2) whether the applicant has been the subject of regulatory or disciplinary actions by the administrator, any regulatory body of this state or any other state, or any federal regulatory body; or

(3) whether the applicant's structure, business activities, or operations possess elements of risk that may require additional regulatory oversight by the administrator. (Authorized by K.S.A. 16a-2-302(1) (a), as amended by 2009 SB 240, §17, and K.S.A. 16a-6-104, as amended by 2009 SB 240, §21; implementing K.S.A. 16a-2-302(2), as amended by 2009 SB 240, §17; effective July 14, 2000; amended Jan. 6, 2006; amended Oct. 2, 2009.)

75-6-33. (Authorized by K.S.A. 2002 Supp. 16a-6-104; implementing K.S.A. 2002 Supp. 16a-2-304; effective Oct. 31, 2003; revoked Oct. 2, 2009.)

75-6-34. (Authorized by K.S.A. 2002 Supp. 16a-6-104 and K.S.A. 2002 Supp. 16a-3-308; implementing K.S.A. 2002 Supp. 16a-3-308; effective Sept. 12, 2003; revoked Oct. 2, 2009.)

75-6-36. Prelicensing and continuing education; requirements. (a) Each individual required to register as a residential mortgage loan originator pursuant to the Kansas uniform consumer credit code, K.S.A. 16a-1-101 et seq. and amendments thereto, shall complete at least 20 hours of prelicensing professional education (PPE) approved in accordance with subsection (c), which shall include at least the following:

(1) Three hours of federal law and regulations;

(2) three hours of ethics, which shall include instruction on fraud, consumer protection, and fair lending issues; and

(3) two hours of training related to lending standards for the nontraditional mortgage product marketplace.

(b) Each individual required to register as a residential mortgage loan originator pursuant to the Kansas uniform consumer credit code, K.S.A. 16a-1-101 et seq. and amendments thereto, shall annually complete at least eight hours of approved continuing professional education (CPE) as a condition of registration renewal, which shall include at least the following:

(1) Three hours of federal law and regulations;

(2) two hours of ethics, which shall include instruction on fraud, consumer protection, and fair lending issues; and

(3) two hours of training related to lending standards for the nontraditional mortgage product marketplace.

(c) Each PPE and CPE course shall first be approved by the administrator, or the administrator's designee, before granting credit.

(d) In addition to the specific topic requirements in subsections (a) and (b), PPE and CPE courses shall focus on issues of mortgage business, as defined by K.S.A. 9-2201 and amendments thereto, or related industry topics.

(e) One PPE or CPE hour shall consist of at least 50 minutes of approved instruction.

(f) Each request for PPE or CPE course approval shall be submitted on a form approved by the administrator. A request for PPE or CPE course approval may be submitted by any person, as defined by K.S.A. 16a-1-301 and amendments thereto.

(g) Evidence of satisfactory completion of approved PPE or CPE courses shall be submitted in the manner prescribed by the administrator. Each residential mortgage loan originator registrant shall ensure that PPE or CPE credit has been properly submitted to the administrator and shall maintain verification records in the form of completion certificates or other documentation of attendance at approved PPE or CPE courses.

(h) Each CPE year shall begin on the first day of January and shall end on the 31st day of December each year.

(i) Each residential mortgage loan originator registrant may receive credit for a CPE course only in the year in which the course is taken. A registrant shall not take the same approved course in the same or successive years to meet the annual requirements for CPE.

(j) Each residential mortgage loan originator registrant who fails to renew the registrant's certificate of registration, in accordance with K.S.A. 16a-2-302 and amendments thereto, shall obtain

all delinquent CPE before receiving a new certificate of registration.

(k) A residential mortgage loan originator registrant who is an instructor of an approved continuing education course may receive credit for the registrant's own annual continuing education requirement at the rate of two hours of credit for every one hour taught. (Authorized by and implementing K.S.A. 16a-6-104, as amended by 2009 SB 240, §21; effective Oct. 2, 2009.)

75-6-37. Prelicensure testing. (a) On and after July 31, 2010, each individual required to register as a residential mortgage loan originator pursuant to the Kansas uniform consumer credit code, K.S.A. 16a-1-101 et seq. and amendments thereto, shall pass a qualified written test. For purposes of this regulation, the administrator's designee for developing and administering the qualified written test shall be the nationwide mortgage licensing system and registry.

(b) A written test shall not be treated as a qualified written test for purposes of subsection (a) unless the test adequately measures the applicant's knowledge and comprehension in appropriate subject areas, including the following:

- (1) Ethics;
- (2) federal laws and regulations pertaining to mortgage origination;
- (3) state laws and regulations pertaining to mortgage origination;
- (4) federal and state laws and regulations, including instruction on fraud, consumer protection, the nontraditional mortgage marketplace, and fair lending issues.

(c)(1) An applicant shall not be considered to have passed a qualified written test unless the applicant achieves a test score of at least 75 percent.

(2) An applicant may retake a test three consecutive times, with each consecutive taking occurring at least 30 days after the preceding test.

(3) After failing three consecutive tests, an applicant shall wait at least six months before taking the test again.

(4) A registered mortgage loan originator registrant who fails to maintain a valid license for five years or longer shall retake the test, not including any time during which the individual is a registered loan originator, as defined in section 1503 of title V, S.A.F.E. mortgage licensing act of 2008, P.L. 110-289. (Authorized by and implementing K.S.A. 16a-6-104, as amended by 2009 SB 240, §21; effective Oct. 2, 2009.)

75-6-38. Record retention. (a) In any loan, lease, or credit sale not secured by an interest in real estate, the licensee or any person required to file notification with the administrator pursuant to K.S.A. 16a-6-202, and amendments thereto, shall retain the following:

(1) The following documents, as applicable, in any transaction closed in the name of the licensee or person filing notification, for at least 36 months following the closing date or, if the transaction is not closed, the application date:

- (A) The application;
- (B) the contract and any addendum or rider;
- (C) the final truth-in-lending disclosure statement, including an itemization of the amount financed and an itemization of any prepaid finance charges, or consumer lease disclosures;

(iv) a log of all credit insurance claims and accounts paid by credit insurance; and

(v) a schedule of servicing fees and charges imposed by the licensee or a third party.

(b) In any loan secured by an interest in real estate, the licensee shall retain the following:

(1) The following documents, as applicable, in any mortgage loan in which the licensee does not close the transaction in the licensee's name, for at least 36 months following the closing date or, if the transaction is not closed, the application date:

(A) The application;

(B) the good faith estimate;

(C) the early truth-in-lending disclosure statement;

(D) any written agreements with the borrower that describe rates, fees, broker compensation, and any other similar fees;

(E) an appraisal performed by a Kansas-licensed or Kansas-certified appraiser completed within 12 months before the loan closing date, the total appraised value of the real estate as reflected in the most recent records of the tax assessor of the county in which the real estate is located, or, for a nonpurchase money real estate transaction, the estimated market value as determined through an automated valuation model, pursuant to K.S.A. 16a-1-301(6) and amendments thereto, acceptable to the administrator;

(F) the adjustable rate mortgage (ARM) disclosure;

(G) the home equity line of credit (HELOC) disclosure statement;

(H) the affiliated business arrangement disclosure;

(I) evidence that the special information booklet, consumer handbook on adjustable rate mortgages, home equity brochure, reverse mortgage booklet, or any suitable substitute was delivered in a timely manner;

(J) the certificate of counseling for home equity conversion mortgages (HECMs);

(K) the loan cost disclosure statement for HECMs;

(L) the notice to the borrower for HECMs;

(M) phone log or any correspondence with associated notes detailing each contact with the consumer;

(N) any documentation that aided the licensee in making a credit decision, including a credit report, title work, verification of employment, verification of income, bank statements, payroll records, and tax returns;

(O) the settlement statement; and

(P) all paid invoices for appraisal, title work, credit report, and any other closing costs;

(2) the following documents, as applicable, in any transaction in which the licensee provides any money to fund the loan or closes the mortgage loan in the licensee's name, for at least 36 months from the closing date of the transaction:

(A) The high loan-to-value notice required by K.S.A. 16a-3-207 and amendments thereto;

(B) the final truth-in-lending disclosure statement, including an itemization of the amount financed and an itemization of any prepaid finance charges;

Article 1.—DEFINITIONS OF TERMS

81-1-1. Definition of terms. As used in the act, these regulations, and the forms, instructions, and orders of the administrator, each of the following terms shall have the meaning specified in this regulation, unless the context indicates otherwise:

(a) “The act” means the Kansas uniform securities act, K.S.A. 17-12a101 et seq., and amendments thereto.

(b) “Administrator” means the securities commissioner of Kansas, appointed pursuant to K.S.A. 75-6301 and amendments thereto, or the commissioner’s designee.

(c) “Affiliate” means a person who directly or indirectly controls, is controlled by, or is under common control with another person, or who aids and abets or is aided and abetted by another person.

(d) “AICPA” means the American institute of certified public accountants.

(e) “Branch office” means any location where one or more agents or investment adviser representatives regularly conduct business on behalf of a broker-dealer or investment adviser, or that is

held out as such a location, with the exception of the following locations:

(1) Any location that is established solely for customer service or back office-type functions, where no sales activities are conducted, and that is not held out to the public as a branch office;

(2) any location that is the agent’s or investment adviser representative’s primary residence if all of the following conditions are met:

(A) Only agents or investment adviser representatives who reside at the location and are members of the same immediate family conduct business at the location;

(B) the location is not held out to the public as an office, and the agent or investment adviser representative does not meet with customers at the location;

(C) neither customer funds nor securities are handled at the location;

(D) the agent or investment adviser representative is assigned to a designated branch office, and the designated branch office is reflected on all business cards, stationery, advertisements, and other communications to the public by the agent or investment adviser representative;

(E) the agent's or investment adviser representative's correspondence and communications with the public are subject to the supervision of the broker-dealer or investment adviser with which the individual is associated;

(F) electronic communications are made through the electronic system of the broker-dealer or investment adviser;

(G) all orders for securities are entered through the designated branch office or an electronic system established by a broker-dealer or investment adviser;

(H) written supervisory procedures pertaining to supervision of activities conducted at residence locations are maintained by the broker-dealer or investment adviser; and

(I) a list of all residence locations is maintained by the broker-dealer or investment adviser;

(3) any location, other than a primary residence, that is used for securities or investment advisory business for less than 30 business days in any one calendar year, if the broker-dealer or investment adviser complies with the provisions of paragraphs (e)(2)(B) through (H). For purposes of this paragraph, a business day shall not include any partial business day if the agent or investment adviser representative spends at least four hours of the business day at the agent's or investment adviser representative's designated branch office during the hours that the office is normally open for business;

(4) any office of convenience, where associated persons occasionally and exclusively by appointment meet with customers, that is not held out to the public as an office;

(5) any location that is used primarily to engage in non-securities activities and from which the agents or investment adviser representatives effect no more than 25 securities transactions in any one calendar year, if any advertisement or sales literature identifying the location also sets forth the address and telephone number of the location from which the agents or investment adviser representatives conducting business at the non-branch locations are directly supervised;

(6) the floor of a registered national securities exchange where a broker-dealer conducts a direct access business with public customers; and

(7) a temporary location established in response to the implementation of a business continuity plan.

(f) "Close family relationship" means either a person within the third degree of relationship,

by blood or adoption, or a spouse, stepchild, or fiduciary of a person within the third degree of relationship.

(g) "Commission" means any consideration, compensation, fee, or other remuneration that is directly or indirectly incurred, paid, or given in exchange for services in connection with the offer, sale, or purchase of securities, the rendering of investment advice, or the solicitation of prospective purchasers or clients.

(h) "Control" means the possession of the power to direct or influence the direction of the management or policies of a person, directly or indirectly, through the ownership of voting securities, by contract, or by other means.

(i) "Controlling person" means a person who has control of any other person. Either of the following persons shall be presumed to be a controlling person:

(1) An officer, director, partner, or trustee or an individual occupying similar status or performing similar functions; or

(2) a person owning 10 percent or more of the outstanding shares of any class or classes of securities.

(j) "CPA" means certified public accountant or a firm of certified public accountants.

(k) "CRD" means the central registration depository jointly administered by FINRA and NASAA.

(l) "Designated security" means any equity security other than the following:

(1) A security registered, or approved for registration upon notice of issuance, on a national securities exchange;

(2) a security authorized, or approved for authorization upon notice of issuance, for listing on the Nasdaq stock market;

(3) a security issued by an investment company registered under the investment company act of 1940;

(4) a security that is a put option or call option issued by the options clearing corporation; or

(5) a security whose issuer has net tangible assets in excess of \$4,000,000 as demonstrated by financial statements dated within the previous 15 months that the broker-dealer has reviewed and has a reasonable basis to believe are true and complete in relation to the date of the transaction with the person, if either of the following conditions is met:

(i) The issuer is other than a foreign private issuer, and the financial statements are the most re-

cent financial statements for the issuer that have been audited and reported on by a CPA in accordance with the provisions of 17 C.F.R. 210.2-02, as adopted by reference in K.A.R. 81-2-1; or

(ii) the issuer is a foreign private issuer, and the financial statements are the most recent financial statements for the issuer that have been filed with the SEC; published electronically in English pursuant to 17 C.F.R. 240.12g3-2(b), as adopted by reference in K.A.R. 81-2-1; or prepared in accordance with generally accepted accounting principles in the country of incorporation, audited in compliance with the requirements of that jurisdiction, and reported on by an accountant duly registered and in good standing in accordance with the regulations of that jurisdiction.

(m) "EFD" means the electronic filing depository administered by NASAA.

(n) "FINRA" means the financial industry regulatory authority, inc., a self-regulatory organization registered with the SEC pursuant to section 15A of the securities exchange act of 1934, 15 U.S.C. § 78o-3, as adopted by reference in K.A.R. 81-2-1, that was organized upon consolidation with NASD, its predecessor, and the regulatory functions of the New York stock exchange.

(o) "GAAP" means generally accepted accounting principles in the United States.

(p) "General solicitation" means an offer to one or more persons by any of the following means or as a result of contact initiated through any of these means:

(1) Television, radio, or any broadcast medium;
(2) newspaper, magazine, periodical, or any other publication of general circulation;

(3) poster, billboard, internet posting, or other communication posted for the general public;

(4) brochure, flier, handbill, or similar communication, unless the offeror has a substantial preexisting business relationship or close family relationship with each of the offerees;

(5) seminar or group meeting, unless the offeror has a substantial preexisting business relationship or close family relationship with each of the offerees; or

(6) telephone, facsimile, mail, delivery service, social media, or electronic communication, unless the offeror has a substantial preexisting business relationship or close family relationship with each of the offerees.

(q) "IARD" means the investment adviser registration depository jointly administered by the SEC and NASAA and operated by FINRA in conjunction with the CRD system.

(r) "NASAA" means the North American securities administrators association, inc.

Article 3.—LICENSING; BROKER-DEALERS AND AGENTS

81-3-1. Registration procedures for broker-dealers and agents. (a) General provisions. Each applicant shall be at least 18 years of age. If the applicant is not an individual, then the directors, officers, managing partners, or managing members of the applicant shall be at least 18 years of age.

(b) Registration requirements for broker-dealers.

(1) Initial application.

(A) CRD filing requirements. Each applicant for initial registration as a broker-dealer shall complete form BD in accordance with the form instructions and shall file the form with the CRD, unless the applicant is not required to file with the CRD for FINRA membership or SEC registration. Each application filed with the CRD shall include the following:

(i) The registration fee specified in K.A.R. 81-3-2(a);

(ii) any reasonable fee charged by FINRA for filing through the CRD system; and

(iii) a current list of the addresses of all branch offices and the names of all branch supervisors.

(B) Direct filing requirements. Each applicant for initial registration as a broker-dealer that is required to file with the CRD pursuant to paragraph (b)(1)(A) shall file either of the following, as applicable, directly with the administrator:

(i) The annual report for the applicant's last fiscal year pursuant to SEC rule 17a-5(d), 17 C.F.R. 240.17a-5(d), as adopted by reference in K.A.R. 81-2-1, unless the applicant was not required to file an annual report with FINRA and the SEC, and part II of the applicant's most recent FOCUS report on form X-17A-5 that includes a statement of financial condition dated within 90 days of filing for registration, unless the applicant was not required to file a FOCUS report with FINRA and the SEC; or

(ii) a statement of financial condition with notes to the statement presented in conformity with GAAP dated within 90 days of filing for registration, including disclosure of the applicant's net capital or a supplemental schedule of net capital pursuant to K.A.R. 81-3-7(d).

(C) Filing requirements for an applicant that is not required to file with CRD for FINRA membership or SEC registration. An applicant that is not required to file with CRD shall file the following directly with the administrator:

(i) A printed form BD, completed in accordance with the form instructions;

(ii) the registration fee specified in K.A.R. 81-3-2(a); and

(iii) the statement of financial condition specified in paragraph (b)(1)(B)(ii).

(2) Effective date of registration. Each registration shall become effective the 45th day after a completed application is filed unless approved earlier by the administrator. If the administrator or the administrator's staff has given written notice of deficiencies in the application, the application shall not be considered complete until an amendment is filed to resolve the deficiencies.

(3) Expiration and annual renewal of registration. Each broker-dealer registration shall expire on December 31, and each application for renewal of registration shall be filed as follows:

(i) If the initial application for registration was filed with the CRD, the renewal application shall be filed with the CRD not later than the deadline established by the CRD. Each application for renewal of registration shall include the fee specified in K.A.R. 81-3-2(a) and any reasonable fee charged by FINRA for filing through the CRD system. Each applicant for renewal shall also up-

date information in the CRD system as necessary, on or before December 31, including the addresses of all branch offices and the names of all branch supervisors.

(ii) If the initial application for registration was filed directly with the administrator pursuant to paragraph (b)(1)(C), the renewal application shall be filed directly with the administrator and shall include the fee specified in K.A.R. 81-3-2(a). Each application for renewal filed directly with the administrator shall include an updated form BD with amendments for material changes, if any, as specified in paragraph (b)(4).

(4) Updates and amendments. Each registered broker-dealer shall promptly file an amendment to form BD, in accordance with the instructions to form BD, whenever there is any material change in any information, exhibits, or schedules submitted, or circumstances disclosed in its last filed form BD. An amendment shall be considered to be filed promptly if the amendment is filed within 30 days of the event that requires the filing of an amendment. Material changes shall include the following:

(A) A change in firm name, ownership, management, or control of a broker-dealer, or a change in any of its controlling persons; a change of business address; or the creation or termination of a branch office in Kansas;

(B) a change in the type of entity, general plan, or nature of a broker-dealer's business, method of operation, or type of securities in which it is dealing or trading;

(C) insolvency, dissolution, liquidation, or a material adverse change or impairment of working capital, or noncompliance with the minimum net capital as required by K.A.R. 81-3-7;

(D) termination of business or discontinuance of activities as a broker-dealer;

(E) the filing of a criminal charge or civil action against a registrant, or a controlling person, in which a fraudulent, dishonest, or unethical act is alleged or a violation of a securities law is involved; or

(F) the entry of an order or proceeding by any court or administrative agency against a registrant denying, suspending, or revoking a registration, or threatening to do so, or enjoining the registrant from engaging in or continuing any conduct or practice in the securities business.

(5) Withdrawal and termination of registration.

(A) Each application that has been on file for six months without any action taken by the applicant shall be considered withdrawn.

(B) If a broker-dealer desires to withdraw and terminate registration or registration is terminated by the administrator, the broker-dealer shall immediately file a completed form BDW either with the CRD or, if the broker-dealer was registered pursuant to paragraph (b)(1)(C), directly with the administrator.

(c) Registration requirements for agents.

(1) Initial application. Each applicant for registration as an agent shall complete form U-4 in accordance with the form instructions. The form for an agent of a broker-dealer shall be filed electronically with the CRD. A form U-4 shall be filed directly, in either paper or electronic form, with the administrator for an agent who is associated solely with an issuer or with an intrastate broker-dealer registered pursuant to paragraph (b)(1)(C). Each application for initial registration shall include the following items:

(A) The registration fee specified in K.A.R. 81-3-2(b);

(B) any reasonable fee charged by FINRA for filing through the CRD system; and

(C) proof of completion of the series 63 or series 66 examination with a passing score, in addition to successful completion of one other examination approved by the administrator and required for registration with FINRA. This examination requirement may be waived by the administrator for an applicant who has previously passed the required written examinations and whose last effective registration was not more than two years before the date of the filing of the present registration application. Additional examination requirements may be imposed by the administrator, or any applicant may be exempted from examination requirements pursuant to K.S.A. 17-12a412(e), and amendments thereto.

(2) Effective date of registration.

(A) Initial registration. Each registration shall become effective the 45th day after a completed application is filed unless the application is approved earlier by the administrator. If the administrator or the administrator's staff has given written notice of deficiencies in the application, the application shall not be considered complete until an amendment is filed to resolve the deficiencies.

(B) Transfer of employment or association. If an agent terminates employment by or association with a broker-dealer and begins employment by or association with another broker-dealer, and the second broker-dealer files an application for registration

for the agent within 30 days after the termination, the application shall become effective pursuant to K.S.A. 17-12a408(b), and amendments thereto.

(3) Expiration and annual renewal of registration. Each agent registration shall expire on December 31, and each application for renewal of registration shall be filed not later than the deadline established by the CRD or the administrator, if filed directly with the administrator. Each application for renewal of registration shall include the fee specified in K.A.R. 81-3-2(b) and any reasonable fee charged by FINRA for filing through the CRD system.

(4) Updates and amendments. Each agent's employing or associated broker-dealer or issuer shall promptly file with the CRD or the administrator an amendment to form U-4, in accordance with the instructions to form U-4, whenever there is any material change in any information, exhibits, or schedules submitted, or circumstances disclosed in the agent's last filed form U-4. An amendment shall be considered to be filed promptly if the amendment is filed within 30 days of the event that requires the filing of an amendment. Material changes shall include any change in the registrant's name, residential address, office of employment address, and matters disclosed in the "disclosure questions" portion of form U-4.

(5) Withdrawal and termination of registration.

(A) Each application that has been on file for six months without any action taken by the applicant shall be considered withdrawn.

(B) If an agent's employment by or association with a broker-dealer or issuer is discontinued or terminated, the broker-dealer or issuer shall file a notice of termination within 30 days. If the agent commences employment by or association with another broker-dealer or issuer, that broker-dealer or issuer shall file an original application for registration.

(C) Termination of a broker-dealer's or issuer's registration for any reason shall automatically constitute cancellation of all associated agents' registrations. (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a406, 17-12a407, 17-12a408, and 17-12a412(e); effective Jan. 1, 1966; amended, E-70-15, Feb. 4, 1970; amended Jan. 1, 1971; amended, E-77-40, Aug. 12, 1976; amended Feb. 15, 1977; amended May 1, 1987; amended Oct. 7, 1991; amended June 28, 1993; amended May 31, 1996; amended Oct. 26, 2001; amended Aug. 18, 2006; amended Jan. 4, 2016.)

81-3-2. Broker-dealer and agent registration fees. (a) The fee for initial registration or renewal of the registration of each broker-dealer shall be \$200.

(b) The fee for initial registration or renewal of the registration of each agent shall be \$60.

(c) The CRD shall be authorized to receive and store filings and to collect the fees specified in this regulation from broker-dealers and agents on behalf of the administrator. (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a410; effective, E-82-24, Dec. 9, 1981; effective May 1, 1982; amended, T-87-41, Dec. 8, 1986; amended May 1, 1987; amended, T-81-9-12-88, Sept. 12, 1988; amended Oct. 25, 1988; amended Jan. 15, 1990; amended Oct. 7, 1991; amended Dec. 19, 1997; amended Oct. 26, 2001; amended Aug. 18, 2006; amended Dec. 19, 2008; amended Oct. 9, 2015.)

81-3-5. Sales of securities at financial institutions. (a) Definitions. For purposes of this regulation, the following definitions shall apply:

(1) "Affiliate" means a company that controls, is controlled by, or is under common control with a broker-dealer as defined in FINRA rule 5121, which is adopted by reference in K.A.R. 81-2-1.

(2) "Broker-dealer services" means the investment banking or securities business that is conducted by a broker-dealer or a municipal or government securities broker or dealer other than a financial institution or department or division of a financial institution and consists of any of the following:

(A) Underwriting or distributing issues of securities;

(B) purchasing securities and offering the securities for sale as a dealer; or

(C) purchasing and selling securities upon the order and for the account of others.

(3) "Financial institution" means any federal-chartered or state-chartered bank, savings and loan association, savings bank, credit union, and any service corporation of these institutions located in Kansas.

(4) "Networking arrangement" and "brokerage affiliate arrangement" mean a contractual or other arrangement between a broker-dealer and a financial institution pursuant to which the broker-dealer conducts broker-dealer services on the premises of the financial institution where retail deposits are taken.

(b) Applicability. This regulation shall apply exclusively to broker-dealer services con-

ducted by any broker-dealer on the premises of a financial institution where retail deposits are taken. This regulation shall not alter or abrogate a broker-dealer's obligations to comply with other applicable laws or regulations that may govern the operations of broker-dealers and their agents, including supervisory obligations. This regulation shall not apply to broker-dealer services provided to nonretail customers.

(c) Standards for broker-dealer conduct. No broker-dealer shall conduct broker-dealer services on the premises of a financial institution where retail deposits are taken unless the broker-dealer complies initially and continuously with the following requirements:

(1) Setting. Broker-dealer services shall be conducted in a physical location distinct from the area in which the financial institution's retail deposits are taken. In all situations, the broker-dealer shall identify its services in a manner that clearly distinguishes those services from the financial institution's retail deposit-taking activities. The broker-dealer's name shall be clearly displayed in the area in which the broker-dealer conducts its broker-dealer services.

(2) Networking and brokerage affiliate arrangements and program management. Networking and brokerage affiliate arrangements shall be governed by a written agreement that sets forth the responsibilities of the parties and the compensation arrangements. Networking and brokerage affiliate arrangements shall stipulate that supervisory personnel of the broker-dealer and representatives of state securities authorities, where authorized by state law, will be permitted access to the financial institution's premises where the broker-dealer conducts broker-dealer services in order to inspect the books and records and other relevant information maintained by the broker-dealer with respect to its broker-dealer services. The broker-dealer shall be responsible for ensuring that the networking and brokerage affiliate arrangement clearly outlines the duties and responsibilities of all parties.

(3) Customer disclosure and written acknowledgment.

(A) When or before a customer's securities brokerage account is opened by a broker-dealer on the premises of a financial institution where retail deposits are taken, the broker-dealer shall perform the following:

(i) Disclose, orally and in writing, that the securities products purchased or sold in a transac-

tion with the broker-dealer are not insured by the federal deposit insurance corporation ("FDIC") or the national credit union share insurance fund ("NCUSIF"), as applicable, are not deposits or other obligations of the financial institution and are not guaranteed by the financial institution, and are subject to investment risks, including possible loss of the principal invested; and

(ii) make reasonable efforts to obtain from each customer during the account opening process a written acknowledgment of the disclosures required by paragraph (c)(3)(A)(i).

(B) If broker-dealer services include any written or oral representations concerning insurance coverage other than FDIC or NCUSIF insurance coverage, then clear and accurate written or oral explanations of the coverage shall also be provided to the customers when these representations are first made.

(4) Communications with the public.

(A) All of the broker-dealer's written confirmations and account statements shall indicate clearly that the broker-dealer services are provided by the broker-dealer.

(B) Recommendations by a broker-dealer concerning nondeposit investment products with a name similar to that of the financial institution shall occur only pursuant to a sales program designed to minimize the risk of customer confusion.

(C) Advertisements and sales literature.

(i) Advertisements and sales literature that announce the location of a financial institution where broker-dealer services are provided by the broker-dealer, or that are distributed by the broker-dealer on the premises of a financial institution, shall disclose that the securities products are not insured by the FDIC or the NCUSIF, as applicable, are not deposits or other obligations of the financial institution and are not guaranteed by the financial institution, and are subject to investment risks, including possible loss of the principal invested.

(ii) To comply with the requirements of paragraph (c)(4)(C)(i), the following logo format disclosures may be used by a broker-dealer in advertisements and sales literature, including material published or designed for use in radio or television broadcasts, internet sites, automated teller machine screens, billboards, signs, posters, and brochures, if these disclosures, as applicable, are displayed in a conspicuous manner: "not FDIC insured," "no bank guarantee," "not NCUSIF insured," "no credit union guarantee," and "may lose value."

(iii) If the omission of the disclosures required by paragraph (c)(4)(C)(i) would not cause the advertisement or sales literature to be misleading in light of the context in which the material is presented, the disclosures shall not be required with respect to messages contained in radio broadcasts of 30 seconds or less; signs, including banners and posters, when used only as location indicators; and electronic signs, including billboard-type signs that are electronic, time and temperature signs, and ticker tape signs. However, the requirements of paragraph (c)(4)(C)(i) shall apply to messages contained in other media, including television, online computer services, and automated teller machines.

(5) Notification of termination. The broker-dealer shall promptly notify the financial institution if any agent of the broker-dealer who is employed by the financial institution is terminated for cause by the broker-dealer.

(d) “Dishonest or unethical practices,” as used in K.S.A. 17-12a412(d)(13) and amendments thereto, shall include any conduct that violates subsection (c). (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a412; effective Oct. 26, 2001; amended Aug. 18, 2006; amended Jan. 4, 2016.)

81-3-6. Dishonest or unethical practices of broker-dealers and agents. (a) Unethical conduct. “Dishonest or unethical practices,” as used in K.S.A. 17-12a412(d)(13) and amendments thereto, shall include the conduct prohibited in this regulation and the failure to adhere to standards of conduct specified in this regulation.

(b) Fraudulent conduct. “An act, practice, or course of business that operates or would operate as a fraud or deceit,” as used in K.S.A. 17-12a501(3) and amendments thereto, shall include the conduct prohibited in paragraphs (e)(9)(A), (9)(B), (10), (11), (14) through (18), (20), (21), (24), and (27), paragraphs (f)(1) through (6), and subsections (g) and (i).

(c) General standard of conduct. A person registered as a broker-dealer or agent under the act shall not fail to observe high standards of commercial honor and just and equitable principles of trade in the conduct of the person’s business.

(d) FINRA, NASD, New York stock exchange, and SEC rules and laws. Failure by a person registered as a broker-dealer or agent under the act to comply with any of the following rules and laws, as adopted by reference in K.A.R. 81-2-1, shall

constitute unethical conduct in violation of this regulation:

(1) NASD conduct rules within the series of rules 2300, 2400, 2500, 2700, 2800, 3000, and 3100 and FINRA rules within the series of rules 2100, 2200, 2300, 3100, 3200, 3300, 5100, 5200, and 5300;

(2) rule 472 of the New York stock exchange, “communications with the public”;

(3) section 17 of the securities act of 1933, 15 U.S.C. § 77q;

(4) sections 9 and 10 of the securities exchange act of 1934, 15 U.S.C. §§ 78i and 78j;

(5) SEC regulation M, 17 C.F.R. 242.100 through 242.105;

(6) SEC regulation SHO, 17 C.F.R. 242.200 through 242.203; and

(7) SEC regulation FD, 17 C.F.R. 243.100 through 243.103.

(e) Prohibited conduct: sales and business practices. Each person registered as a broker-dealer or agent under the act shall refrain from the following practices in the conduct of the person’s business. For purposes of this subsection, a security shall include any security as defined by K.S.A. 17-12a102, and amendments thereto, including a federal covered security as defined by K.S.A. 17-12a102, and amendments thereto, or section 2 of the securities act of 1933, 15 U.S.C. § 77b, as adopted by reference in K.A.R. 81-2-1.

(1) Delays in delivery or payment. A broker-dealer shall not engage in a pattern of unreasonable and unjustifiable delays in the delivery of securities purchased by any of the broker-dealer’s customers or in the payment upon request of free credit balances reflecting completed transactions of any of its customers.

(2) Excessive trading. A broker-dealer or agent shall not induce trading in a customer’s account that is excessive in size or frequency in view of the financial resources and character of the account.

(3) Unsuitable recommendations. A broker-dealer or agent shall not recommend to a customer the purchase, sale, or exchange of any security without reasonable grounds to believe that the transaction or recommendation is suitable for the customer based upon reasonable inquiry concerning the customer’s investment objectives, financial situation and needs, and any other relevant information known by the broker-dealer or agent.

(4) Unauthorized trading. A broker-dealer or agent shall not execute a transaction on behalf of a customer without authorization to do so.

(5) Improper use of discretionary authority. A broker-dealer or agent shall not exercise any discretionary power in effecting a transaction for a customer's account without first obtaining written discretionary authority from the customer, unless the discretionary power relates solely to the time or price for the execution of orders.

(6) Failure to obtain margin agreement. A broker-dealer or agent shall not execute any transaction in a margin account without securing from the customer a properly executed written margin agreement promptly after the initial transaction in the account.

(7) Failure to segregate. A broker-dealer shall not hold securities carried for the account of any customer that have been fully paid for or that are excess margin securities, unless the securities are segregated and identified by a method that clearly indicates the interest of the customer in those securities.

(8) Improper hypothecation. A broker-dealer shall not hypothecate a customer's securities without having a lien on the securities unless the broker-dealer has secured from the customer a properly executed written consent, except as permitted by SEC rule 8c-1, 17 C.F.R. 240.8c-1, or SEC rule 15c2-1, 17 C.F.R. 240.15c2-1, as adopted by reference in K.A.R. 81-2-1.

(9) Unreasonable charges. A broker-dealer or agent shall not engage in any of the following conduct:

(A) Entering into a transaction with or for a customer at a price not reasonably related to the current market price of the security;

(B) receiving an unreasonable commission or profit; or

(C) charging unreasonable and inequitable fees for services performed, including the collection of monies due for principal, dividends, or interest; exchange or transfer of securities; appraisals; safe-keeping or custody of securities; and other miscellaneous services related to the broker-dealer's securities business.

(10) Failure to timely deliver prospectus. A broker-dealer or agent shall not fail to furnish to a customer purchasing securities in an offering, no later than the date of confirmation of the transaction, either a final prospectus or a preliminary prospectus and an additional document that together include all information set forth in the final prospectus.

(11) Contradicting prospectus. A broker-dealer or agent shall not contradict or negate the impor-

tance of any information contained in a prospectus or any other offering materials with the intent to deceive or mislead.

(12) Non-bona fide offers. A broker-dealer shall not offer to buy from or sell to any person any security at a stated price, unless the broker-dealer is prepared to purchase or sell at the price and under the conditions that are stated at the time of the offer to buy or sell.

(13) Misrepresentation of market price. A broker-dealer shall not represent that a security is being offered to a customer "at the market" or at a price relevant to the market price, unless the broker-dealer knows or has reasonable grounds to believe that a market for the security exists other than a market made, created, or controlled by the broker-dealer; any person for whom the broker-dealer is acting or with whom the broker-dealer is associated in the distribution of securities, or any person controlled by, controlling, or under common control with the broker-dealer.

(14) Market manipulation. A broker-dealer or agent shall not effect any transaction in, or induce the purchase or sale of, any security by means of any manipulative, deceptive, or fraudulent device, practice, plan, program, design, or contrivance, including the following:

(A) Effecting any transaction in a security that involves no change in its beneficial ownership;

(B) entering an order or orders for the purchase or sale of any security with the knowledge that an order or orders of the same security for substantially the same volume, time, and price have been or will be entered for the purpose of creating a false or misleading appearance of active trading in the security or a false or misleading appearance with respect to the market for the security. However, nothing in this paragraph shall prohibit a broker-dealer from entering bona fide agency cross transactions for the broker-dealer's customers;

(C) effecting, alone or with one or more other persons, a series of transactions in any security creating actual or apparent active trading in the security or raising or depressing the price of the security for the purpose of inducing the purchase or sale of the security by others;

(D) engaging in general solicitation and using aggressive, high-pressure, or deceptive marketing tactics to affect the market price of the security; and

(E) using fictitious or nominee accounts.

(15) Guarantees against loss. A broker-dealer shall not guarantee a customer against loss in any

securities account of the customer carried by the broker-dealer or in any securities transaction effected by the broker-dealer.

(16) Deceptive advertising. A broker-dealer or agent shall not use any advertising or sales presentation in a manner that is deceptive or misleading, including the following:

(A) Using words, pictures, or graphs in an advertisement, brochure, flyer, or display to present any nonfactual data or material; any conjecture, unfounded claims or assertions, or unrealistic claims or assertions; or any information that supplements, detracts from, supersedes or defeats the purpose or effect of any prospectus or disclosure; and

(B) publishing or circulating, or causing to be published or circulated, any notice, circular, advertisement, newspaper article, investment service, or communication of any kind that purports to report any transaction as a purchase or sale of any security unless the broker-dealer or agent believes that the transaction was a bona fide purchase or sale of the security or that purports to quote the bid price or asked price for any security unless the broker-dealer or agent believes that the quotation represents a bona fide bid for or offer of the security.

(17) Failure to disclose conflicts of interest. A broker-dealer shall not fail to disclose to any customer that the broker-dealer is controlled by, controlling, affiliated with, or under common control with the issuer of a security that is offered or sold to the customer. The disclosure shall be made before entering into any contract with or for the customer for the purchase or sale of the security, and if the disclosure is not made in writing, the disclosure shall be supplemented by the giving or sending of written disclosure before the completion of the transaction.

(18) Withholding securities. A broker-dealer shall not fail to make a bona fide public offering of all of the securities allotted to the broker-dealer for distribution, whether acquired as an underwriter, as a selling group member, or from a member participating in the distribution as an underwriter or selling group member, by engaging in conduct including the following:

(A) Parking or withholding securities; and

(B) transferring securities to a customer, another broker-dealer, or a fictitious account with the understanding that those securities will be returned to the broker-dealer or the broker-dealer's nominees.

(19) Failure to respond to customer. A broker-dealer shall not fail or refuse to furnish a customer, upon reasonable request, information to which the customer is entitled, or to respond to a formal written request or complaint.

(20) Misrepresenting the possession of nonpublic information. A broker-dealer or agent shall not falsely lead a customer to believe that the broker-dealer or agent is in possession of material, nonpublic information that would impact the value of a security.

(21) Contradictory recommendations. A broker-dealer or agent shall not engage in a pattern or practice of making contradictory recommendations to different investors of similar investment objectives for some to sell and others to purchase the same security, at or about the same time, if not justified by the particular circumstances of each investor.

(22) Lending, borrowing, or maintaining custody. An agent shall not lend or borrow money or securities from a customer, or act as a custodian for money, securities, or an executed stock power of a customer.

(23) Selling away. An agent shall not effect a securities transaction that is not recorded on the regular books or records of the broker-dealer that the agent represents, unless the transaction is authorized in writing by the broker-dealer before the execution of the transaction.

(24) Fictitious account information. An agent shall not establish or maintain an account containing fictitious information.

(25) Unauthorized profit-sharing. An agent shall not share directly or indirectly in the profits or losses in the account of any customer without the written authorization of the customer and the broker-dealer that the agent represents.

(26) Commission splitting. An agent shall not divide or otherwise split the agent's commissions, profits, or other compensation from the purchase or sale of securities with any person who is not also registered as an agent for the same broker-dealer or a broker-dealer under direct or indirect common control.

(27) Misrepresenting solicited transactions. A broker-dealer or agent shall not mark any order ticket or confirmation as unsolicited if the transaction was solicited.

(28) Failure to provide account statements. A broker-dealer or agent shall not fail to provide to each customer, for any month in which activity has occurred in a customer's account and at

least every three months, a statement of account that contains a value for each over-the-counter non-Nasdaq equity security in the account based on the closing market bid on a date certain, if the broker-dealer has been a market maker in the security at any time during the period covered by the statement of account.

(f) Prohibited conduct: over-the-counter transactions. A broker-dealer or agent shall not engage in the following conduct in connection with the solicitation of a purchase or sale of an over-the-counter, unlisted non-Nasdaq equity security:

(1) Failing to disclose to a customer, at the time of solicitation and on the confirmation, any and all compensation related to a specific securities transaction to be paid to the agent, including commissions, sales charges, and concessions;

(2) in connection with a principal transaction by a broker-dealer that is a market maker, failing to disclose to a customer, both at the time of solicitation and on the confirmation, the existence of a short inventory position in the broker-dealer's account of more than three percent of the issued and outstanding shares of that class of securities of the issuer;

(3) conducting sales contests in a particular security;

(4) failing or refusing to promptly execute sell orders after a solicited purchase by a customer in connection with a principal transaction;

(5) soliciting a secondary market transaction if there has not been a bona fide distribution in the primary market;

(6) engaging in a pattern of compensating an agent in different amounts for effecting sales and purchases in the same security; and

(7) failing to promptly provide the most current prospectus or the most recently filed periodic report filed under section 13 of the securities exchange act of 1934 when requested to do so by the customer.

(g) Prohibited conduct: designated security transactions.

(1) Except as specified in paragraph (g)(2), a broker-dealer or agent shall not engage in the following conduct in connection with the solicitation of a purchase of a designated security:

(A) Failing to disclose to the customer the bid and ask price at which the broker-dealer effects transactions of the security with individual retail customers, as well as the price spread in both percentage and dollar amounts at the time of solicitation and on the trade confirmation documents; and

(B) failing to include with the confirmation a written explanation of the bid and ask price.

(2) Exceptions. Paragraph (g)(1) shall not apply to the following transactions:

(A) Transactions in which the price of the designated security is five dollars or more, exclusive of costs or charges. However, if the designated security is a unit composed of one or more securities, the unit price divided by the number of components of the unit other than warrants, options, rights, or similar securities shall be five dollars or more, and any component of the unit that is a warrant, option, right, or similar securities, or a convertible security shall have an exercise price or conversion price of five dollars or more;

(B) transactions that are not recommended by the broker-dealer or agent;

(C) transactions by a broker-dealer whose commissions, commission equivalents, and markups from transactions in designated securities during each of the immediately preceding three months, and during 11 or more of the preceding 12 months, did not exceed five percent of its total commissions, commission-equivalents, and markups from transactions in securities during those months and who has not executed principal transactions in connection with the solicitation to purchase the designated security that is the subject of the transaction in the immediately preceding 12 months; and

(D) any transaction or transactions that, upon prior written request or upon the administrator's own motion, the administrator conditionally or unconditionally exempts as not encompassed within the scope of paragraph (g)(1).

(h) Prohibited conduct: investment company shares.

(1) A broker-dealer or agent shall not engage in the following conduct in connection with the solicitation of a purchase or sale of investment company shares:

(A) Failing to adequately disclose to a customer all sales charges, including asset-based and contingent deferred sales charges, that could be imposed with respect to the purchase, retention, or redemption of investment company shares;

(B) stating or implying to a customer, either orally or in writing, that the shares are sold without a commission, are "no load," or have "no sales charge" if there is associated with the purchase of the shares a front-end charge; a contingent deferred sales charge; a fee pursuant to SEC rule 12b-1, 17 C.F.R. § 270.12b-1, as adopted by reference in K.A.R. 81-2-1, or a service fee that in to-

tal exceeds .25 percent of average net fund assets per year; or, in the case of closed-end investment company shares, underwriting fees, commissions, or other offering expenses;

(C) failing to disclose to a customer any relevant sales charge discount on the purchase of shares in dollar amounts at or above a breakpoint, or failing to disclose any relevant letter of intent feature, if available, that will reduce the sales charges;

(D) recommending to a customer the purchase of a specific class of investment company shares in connection with a multiclass sales charge or fee arrangement without reasonable grounds to believe that the sales charge or fee arrangement associated with the class of shares is suitable and appropriate based on the customer's investment objectives, financial situation, other securities holdings, and the associated transaction or other fees;

(E) recommending to a customer the purchase of investment company shares that results in the customer's simultaneously holding shares in different investment company portfolios having similar investment objectives and policies without reasonable grounds to believe that the recommendation is suitable and appropriate based on the customer's investment objectives, financial situation, other securities holdings, and any associated transaction charges or other fees;

(F) recommending to a customer the liquidation or redemption of investment company shares for the purpose of purchasing shares in a different investment company portfolio having similar investment objectives and policies without reasonable grounds to believe that the recommendation is suitable and appropriate based on the customer's investment objectives, financial situation, other securities holdings, and any associated transaction charges or other fees;

(G) stating or implying to a customer the fund's current yield or income without disclosing the fund's average annual total return, as stated in the fund's most recent form N-1A filed with the SEC, for one-year, five-year, and 10-year periods and without fully explaining the difference between current yield and total return. However, if the fund's registration statement under the securities act of 1933 has been in effect for less than one, five, or 10 years, the time during which the registration statement was in effect shall be substituted for the periods otherwise prescribed;

(H) stating or implying to a customer that the investment performance of an investment company portfolio is comparable to that of a savings

account, certificate of deposit, or other bank deposit account without disclosing to the customer the fact that the shares are not insured or otherwise guaranteed by the federal deposit insurance corporation ("FDIC") or any other government agency and the relevant differences regarding risk, guarantees, fluctuation of principal or return or both, and any other factors that are necessary to ensure that the comparisons are fair, complete, and not misleading;

(I) stating or implying to a customer the existence of insurance, credit quality, guarantees, or similar features regarding securities held, or proposed to be held, in the investment company's portfolio without disclosing to the customer the other kinds of relevant investment risks, including interest rate, market, political, liquidity, and currency exchange risks, that could adversely affect investment performance and result in loss or fluctuation of principal despite the creditworthiness of the portfolio securities;

(J) stating or implying to a customer that the purchase of shares shortly before an ex dividend date is advantageous to the customer unless there are specific, clearly described tax or other advantages to the customer, or stating or implying that a distribution of long-term capital gains by an investment company is part of the income yield from an investment in the shares; and

(K) making projections of future performance, statements not warranted under existing circumstances, or statements based upon nonpublic information.

(2) In connection with the solicitation of investment company shares, the delivery of a prospectus shall not be dispositive that the broker-dealer or agent has given the customer full and fair disclosure or has otherwise fulfilled the duties specified in this subsection.

(i) Prohibited conduct: use of senior-specific certifications and professional designations.

(1) A broker-dealer or agent shall not use a senior-specific certification or designation that indicates or implies that the user has special certification or training in advising or servicing senior citizens or retirees in any way that misleads any person. This prohibition shall include the following:

(A) The use of a certification or professional designation by a person who has not earned or is otherwise ineligible to use the certification or designation;

(B) the use of a nonexistent or self-conferred certification or professional designation;

(C) the use of a certification or professional designation that indicates or implies a level of occupational qualifications obtained through education, training, or experience that the person using the certification or professional designation does not have; and

(D) the use of a certification or professional designation that was obtained from a designating or certifying organization that meets any of the following conditions:

(i) Is primarily engaged in the business of instruction in sales or marketing;

(ii) does not have reasonable standards or procedures for ensuring the competency of its designees or certificate holders;

(iii) does not have reasonable standards or procedures for monitoring and disciplining its designees or certificate holders for improper or unethical conduct; or

(iv) does not have reasonable continuing education requirements for its designees or certificate holders to maintain the professional designation or certification.

(2) There shall be a rebuttable presumption that a designating or certifying organization is not disqualified solely for purposes of paragraph (i)(1)(D) if the organization has been accredited by any of the following:

(A) The American national standards institute;

(B) the national commission for certifying agencies; or

(C) an organization that is on the United States department of education's list titled "accrediting agencies recognized for title IV purposes," if the designation or credential does not primarily apply to sales or marketing, or both.

(3) In determining whether a combination of words or an acronym or initialism standing for a combination of words constitutes a certification or professional designation indicating or implying that a person has special certification or training in advising or servicing senior citizens or retirees, the factors to be considered shall include the following:

(A) The use of one or more words including "senior," "retirement," "elder," or similar words, combined with one or more words including "certified," "registered," "chartered," "adviser," "specialist," "consultant," "planner," or similar words, in the name of the certification or professional designation; and

(B) the manner in which the words are combined.

(4) For purposes of this subsection, the terms "certification" and "professional designation" shall not include a job title within an organization that is licensed or registered by a state or federal financial services regulatory agency, including an agency that regulates broker-dealers, investment advisers, or investment companies, if that job title indicates seniority or standing within the organization or specifies an individual's area of specialization within the organization. (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a412(d)(13), 17-12a501(3), and 17-12a608; effective Aug. 18, 2006; amended May 22, 2009; amended Jan. 4, 2016.)

81-3-7. Supervisory, financial reporting, recordkeeping, net capital, and operational requirements for broker-dealers. (a) Supervision.

(1) Annual review. Each broker-dealer shall conduct a review, at least annually, of the businesses in which it engages. The review shall be reasonably designed to assist in detecting and preventing violations of and achieving compliance with the act, these regulations, and other applicable laws, regulations, and rules of self-regulatory organizations.

(2) Supervisory procedures. Each broker-dealer shall establish and maintain supervisory procedures that shall be reasonably designed to assist in detecting violations of, preventing violations of, and achieving compliance with the act, these regulations, and other applicable laws, regulations, and rules of self-regulatory organizations. In determining whether supervisory procedures are reasonably designed, relevant factors including the following may be considered by the administrator:

(A) The firm's size;

(B) the organizational structure;

(C) the scope of business activities;

(D) the number and location of offices;

(E) the nature and complexity of products and services offered;

(F) the volume of business done;

(G) the number of agents assigned to a location;

(H) the presence of an on-site principal at a location;

(I) the specification of the office as a non-branch location; and

(J) the disciplinary history of the registered agents.

(3) Supervision of non-branch offices. The procedures established and the reviews conducted

shall provide sufficient supervision at remote offices to ensure compliance with all applicable securities laws and regulations and self-regulatory organization rules. Based on the factors specified in paragraph (a)(2), certain non-branch offices may require more frequent reviews or more stringent supervision.

(4) Failure to supervise. If a broker-dealer fails to comply with this subsection, the broker-dealer may be deemed to have “failed to reasonably supervise” its agents under K.S.A. 17-12a412(d)(9), and amendments thereto.

(b) Annual reports. Each broker-dealer registered under the act shall make and maintain an annual report for the broker-dealer’s most recent fiscal year.

(1) Filing. Each broker-dealer shall file the annual report with the administrator within five days of a request by the administrator or the administrator’s staff.

(2) Contents of annual report. Each annual report shall contain financial statements that include the following:

(A) A statement of financial condition and notes to the statement of financial condition presented in conformity with GAAP; and

(B) disclosure of the broker-dealer’s net capital, which shall be calculated in accordance with subsection (c).

(3) Auditing. Unless otherwise permitted, an independent CPA shall audit the financial statements in accordance with generally accepted auditing standards.

(4) Recognition of federal standards. For purposes of uniformity, a copy of audited financial statements in compliance with SEC rule 17a-5(d), 17 C.F.R. 240.17a-5(d), as adopted by reference in K.A.R. 81-2-1, shall be deemed to comply with paragraphs (b)(2) and (b)(3).

(c) Books and records. Each registered broker-dealer shall maintain and preserve records in compliance with SEC rule 17a-3, 17 C.F.R. 240.17a-3, and SEC rule 17a-4, 17 C.F.R. 240.17a-4, which are adopted by reference in K.A.R. 81-2-1.

(d) Minimum net capital requirements.

(1) Each broker-dealer registered under the act shall comply with SEC rule 15c3-1, 17 C.F.R. 240.15c3-1, SEC rule 15c3-3, 17 C.F.R. 240.15c3-3, and SEC rule 15c3-3a, 17 C.F.R. 240.15c3-3a, as applicable, as adopted by reference in K.A.R. 81-2-1.

(2) Each registered broker-dealer shall comply with SEC rule 17a-11, 17 C.F.R. 240.17a-11, as

adopted by reference in K.A.R. 81-2-1, and shall simultaneously file with the administrator copies of notices and reports required by that rule.

(e) Confirmations. At or before completion of each transaction with a customer, the broker-dealer shall give or send to the customer a written notification that conforms with SEC rule 10b-10, 17 C.F.R. 240.10b-10, as adopted by reference in K.A.R. 81-2-1. (Authorized by K.S.A. 2014 Supp. 17-12a411 and K.S.A. 17-12a605(a); implementing K.S.A. 2014 Supp. 17-12a411, K.S.A. 17-12a412(d)(9), 17-12a605(c), and 17-12a608; effective Aug. 18, 2006; amended Jan. 4, 2016.)

Article 4.—REGISTRATION OF SECURITIES

81-4-1. Registration of securities. (a) Original applications. The following documents and fee shall be required with each original application submitted for registration of securities:

(1) Forms U-1 and U-2;

(2) form U-2A, if applicable;

(3) the documents and exhibits required for registration by coordination as specified in K.S.A. 17-12a303(b), and amendments thereto, or registration by qualification as specified in K.S.A. 17-12a304(b), and amendments thereto, if not already included as required by form U-1;

(4) any other document or information requested by the administrator; and

(5) a registration fee of .05 percent (one twentieth of one percent) of the maximum aggregate offering price at which the securities are to be offered in this state, but not less than \$100 and not more than \$1,500 for each year that the registration is effective. If a registration statement or application is withdrawn before the effective date or a pre-effective stop order is issued under K.S.A. 17-12a306 and amendments thereto, the administrator shall retain the full amount of the registration fee.

(b) Regulation A tier 1 offerings. Each registration application for which an offering statement on form 1-A has been filed with the SEC under regulation A for a tier 1 offering pursuant to SEC rule 251, 17 C.F.R. 230.251, as adopted by reference in K.A.R. 81-2-1, shall be filed by qualification under K.S.A. 17-12a304, and amendments thereto.

(c) Post-effective amendments. If a post-effective amendment for material changes in information or documents is required by K.S.A.

17-12a305(j) and amendments thereto, the amendment shall be filed within two business days after an amendment is filed with the SEC for securities registered by coordination, or within five business days after a material change occurs for securities registered by qualification.

The amendment filing shall include a cover letter that explains the nature of the material changes and copies of all amended documents that are clearly marked to identify the material changes. The registrant shall provide further explanation or information upon request by the administrator. Upon approval by the administrator, the amendment may be filed electronically.

(d) Extensions of registration. The effective period of a registration statement may be extended for an additional year after the original or previously extended registration period expires, or for less than one year if the registered offering is completed and terminated in compliance with subsection (f).

(1) The following documents and fee shall be required with each application submitted to extend the effective period of a registration statement:

(A) Form KSC-1 or a uniform form or document that includes the information required by form KSC-1;

(B) a registration fee as specified in paragraph (a)(5), based on the aggregate amount of securities to be offered during the extended effective period; and

(C) one copy of the prospectus to be delivered to prospective investors for offers during the extended period of effectiveness, which shall include audited financial statements for the most recent fiscal year of the issuer, unless a prospectus meeting this requirement is already on file with the administrator. If the extension application is filed before the most recent audited financial statements are available, the issuer shall undertake to file an updated prospectus containing the statements no later than 90 days after the end of the issuer's fiscal year.

(2) The effective date of each extended registration shall be one year after the previous effective date.

(3) The due date for filing each extension application shall be 10 business days before the date on which the registration is due to expire.

(e) Abandoned applications. If an applicant for registration of securities does not respond in writing within six months after receiving a written inquiry or deficiency letter from the administrator

or the applicant takes no action on a pending application and fails to communicate in writing with the administrator for six months, the application shall be deemed abandoned. Each abandoned application shall be disregarded, and a notice of abandonment shall be issued by the administrator. To obtain further consideration of an abandoned application, the applicant shall file a new, complete application.

(f) Final report. Upon completion of a registered offering or upon expiration of the effective period of a registration statement that is not being extended, the registrant shall file with the administrator a final report of sales of securities in this state on form KSC-1 or a document that includes the information required by form KSC-1. (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a303, 17-12a304, and 17-12a305; effective Jan. 1, 1966; amended, E-70-15, Feb. 4, 1970; amended Jan. 1, 1971; amended, T-88-29, Aug. 19, 1987; amended May 1, 1988; amended, T-81-8-23-91, Aug. 23, 1991; amended Oct. 7, 1991; amended May 31, 1996; amended Jan. 19, 2007; amended Jan. 4, 2016.)

81-4-4. Registration requirements for not-for-profit issuers. Before the offer or sale of any note, bond, debenture, or other evidence of indebtedness by a not-for-profit issuer specified in K.S.A. 17-12a201(7) and amendments thereto, the issuer shall register the security pursuant to K.S.A. 17-12a304 and amendments thereto, unless one of the following conditions is met:

(a) The security or transaction is exempt under any provision of the Kansas uniform securities act other than K.S.A. 17-12a201(7), and amendments thereto.

(b) The issuer is excluded from the definition of an investment company, and the security is issued in exchange for assets contributed to a fund pursuant to section 3(c)(10)(B) of the investment company act of 1940, 15 U.S.C. section 80a-3(c)(10)(B), as adopted by reference in K.A.R. 81-2-1. (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a201(7)(C); effective, T-81-8-22-05, Aug. 22, 2005; effective Dec. 16, 2005; amended Jan. 4, 2016.)

Article 5.—EXEMPTIONS

81-5-7. Exchange exemption. A security shall be exempt under K.S.A. 17-12a201(6)(B), and amendments thereto, if the security is listed or authorized for listing on either of the following

exchanges or if the security has seniority equal to or greater than the seniority of a security of the same issuer that is listed or authorized for listing on either of the following exchanges:

- (a) Tier I of the Chicago stock exchange; or
- (b) tier II of the NYSE Arca, inc. (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a201(6)(B); effective, T-87-28, Oct. 1, 1986; amended May 1, 1987; amended Oct. 24, 1994; amended May 31, 1996; amended Oct. 26, 2001; amended Jan. 19, 2007; amended Aug. 15, 2008; amended Jan. 4, 2016.)

81-5-14. Notice filings and fees for offerings of investment company securities. (a) Before the initial offer in this state of a security that is a federal covered security as described in K.S.A. 17-12a302(a) and amendments thereto, an investment company shall file the following for each portfolio or series:

(1) A notice of intention to sell on form NF, completed in accordance with the instructions to the form; and

(2) a filing fee of \$500 for a unit investment trust or \$750 for a portfolio or series of an investment company other than a unit investment trust.

(b) Upon written request of the administrator and within the time period specified in the request, an investment company that has filed a registration statement under the securities act of 1933 shall file a form U-2 and a copy of any other requested document that is part of the registration statement or an amendment to the registration statement filed with the SEC.

(c) Each notice filed under subsection (a) shall be effective for one year as provided by K.S.A. 17-12a302(b), and amendments thereto. The notice may be renewed on or before expiration by filing a form NF and the appropriate fee as specified under paragraph (a)(2).

(d) If an investment company has filed a notice under subsection (a) and the name of the investment company, portfolio, or series changes, the investment company shall file an additional form NF and pay a fee of \$100 for each portfolio or series of the investment company that is affected by a name change before the initial offer in this state of a security under the new name. The investment company shall indicate the former name of the investment company, portfolio, or series on the new form NF.

(e) If an investment company desires confirmation of filing or effectiveness of a form NF, the

investment company shall file an additional copy of form NF with an addressed return envelope or shall obtain confirmation through an electronic filing system as provided under subsection (f).

(f) Any investment company may file notice filings and fees electronically through a centralized securities registration depository or other electronic filing system, in accordance with the procedures and controls established by that depository or system and approved by the administrator. (Authorized by and implementing K.S.A. 17-12a302 and K.S.A. 17-12a605(a); effective Dec. 19, 1997; amended Jan. 19, 2007; amended May 15, 2009.)

81-5-15. Notice filings and fees for rule 506 offerings. (a) Each issuer of a security under SEC rule 506, 17 C.F.R. 230.506, as adopted by reference in K.A.R. 81-2-1, shall file a notice of sale on form D with the administrator within 15 days after the first sale of the security in Kansas. The form D shall be completed in accordance with the instructions for the form and shall be filed either through the EFD system electronically or on a paper form D that is mailed to the administrator.

(b)(1) Each issuer of a security specified in subsection (a) shall pay a fee of \$250 to the administrator with each timely filing under subsection (a).

(2) If a form D is not filed as required by subsection (a) within 15 days after the first sale of the security in Kansas, the issuer of the security shall pay to the administrator the greater of the following amounts, unless the administrator agrees to assess a lesser fee pursuant to K.S.A. 17-12a307, and amendments thereto:

(A) \$500; or

(B) one-tenth of one percent of the dollar value of the securities that were sold to Kansas residents before the date on which the form D is filed, not to exceed \$5,000.

(3) For each electronic filing of form D, the fee shall be remitted to the EFD.

(c) This regulation shall not apply if the security or transaction is otherwise exempt from registration under any provision of the Kansas uniform securities act. (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 2014 Supp. 17-12a302(c) and K.S.A. 17-12a307; effective, T-81-8-22-05, Aug. 22, 2005; effective Dec. 20, 2005; amended Jan. 4, 2016.)

81-5-17. Standard manuals exemption. The following printed or electronic versions of securities manuals shall be designated by the ad-

ministrator for use under K.S.A. 17-12a202(2)(A) (iv), and amendments thereto:

(a) “S&P capital IQ standard corporation descriptions”; and

(b) “mergent’s manuals.” (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a202; effective Jan. 19, 2007; amended Jan. 4, 2016.)

81-5-21. Invest Kansas exemption. (a) Exemption from registration requirements. The offer or sale of a security by an issuer shall be exempt from the requirements of K.S.A. 17-12a301 through 17-12a306 and K.S.A. 17-12a504, and amendments thereto, if the offer or sale is conducted in accordance with each of the following requirements:

(1) The issuer of the security shall be a business or organization formed under the laws of the state of Kansas and registered with the secretary of state.

(2) The transaction shall meet the requirements of the federal exemption for intrastate offerings in section 3(a)(11) of the securities act of 1933, 15 U.S.C. § 77c(a)(11), and SEC rule 147, 17 C.F.R. 230.147, as adopted by reference in K.A.R. 81-2-1.

(3) The sum of all cash and other consideration to be received for all sales of securities in reliance upon this exemption shall not exceed \$1,000,000, less the aggregate amount received for all sales of securities by the issuer within the 12 months before the first offer or sale made in reliance upon this exemption.

(4) The issuer shall not accept more than \$5,000 from any single purchaser unless the purchaser is an accredited investor as defined by rule 501 of SEC regulation D, 17 C.F.R. 230.501, as adopted by reference in K.A.R. 81-2-1. Two or more individual purchasers residing at the same primary residence who are not accredited investors and have a close family relationship shall be treated as a single purchaser for purposes of the \$5,000 limit.

(5) A commission or other remuneration shall not be paid or given, directly or indirectly, for any person’s participation in the offer or sale of securities for the issuer unless the person is registered as a broker-dealer or agent under the act.

(6) All funds received from investors shall be deposited into a bank or depository institution authorized to do business in Kansas, and all the funds shall be used in accordance with representations made to investors.

(7) Before the use of any general solicitation, the issuer shall file a notice with the administrator on form IKE, providing the names and addresses of the following persons:

(A) The issuer;

(B) all persons who will be involved in the offer or sale of securities on behalf of the issuer; and

(C) the bank or other depository institution in which investor funds will be deposited.

(8) The issuer shall not be, either before or as a result of the offering, an investment company as defined in section 3 of the investment company act of 1940, 15 U.S.C. § 80a-3, or subject to the reporting requirements of section 13 or 15(d) of the securities exchange act of 1934, 15 U.S.C. § 78m and 78o(d), as adopted by reference in K.A.R. 81-2-1.

(9) The issuer shall inform all purchasers that the securities have not been registered under the act and, therefore, cannot be resold unless the securities are registered or qualify for an exemption from registration under K.S.A. 17-12a202 and amendments thereto, K.A.R. 81-5-3, or another regulation. In addition, the issuer shall make the disclosures required by subsection (f) of SEC rule 147, 17 C.F.R. 230.147(f), as adopted by reference in K.A.R. 81-2-1.

(b) Interaction with other exemptions and sales to controlling persons. This exemption shall not be used in conjunction with any other exemption under these regulations. Sales to controlling persons shall not count toward the limitation in paragraph (a)(3).

(c) Disqualifications. This exemption shall not be available if the issuer is subject to a disqualifying event specified in K.A.R. 81-5-13(b), except as permitted under K.A.R. 81-5-13(c). (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a203; effective Aug. 12, 2011; amended Jan. 4, 2016.)

Article 6.—PROSPECTUS

81-6-1. Prospectus. (a) Filing. Each application for the registration of securities shall include the prospectus to be used in connection with the proposed securities offering.

(b) Form and content.

(1) Registration by coordination. Each prospectus for a securities offering filed for registration by coordination under K.S.A. 17-12a303, and amendments thereto, shall contain the information required in part I of the registration state-

ment filed by the issuer under the securities act of 1933, unless the administrator modifies or waives the requirements pursuant to K.S.A. 17-12a307, and amendments thereto.

(2) Registration by qualification. Each prospectus for a securities offering filed for registration by qualification under K.S.A. 17-12a304, and amendments thereto, shall contain the information required by that statute unless the administrator modifies or waives the requirements pursuant to K.S.A. 17-12a304 or 17-12a307, and amendments thereto. The prospectus may be submitted on one of the following forms that is applicable to the type of securities offering, in accordance with the instructions to the form:

(A) Part II of SEC form 1-A, regulation A offering statement under the securities act of 1933;

(B) part I of SEC form S-1, registration statement under the securities act of 1933;

(C) form U-7 if the issuer meets the requirements of K.A.R. 81-4-2; or

(D) any other form allowed by the administrator, if the prospectus is filed in compliance with the applicable requirements of the securities act of 1933.

(c) Delivery requirements. As a condition of registration under K.S.A. 17-12a304 and amendments thereto, the issuer shall deliver a copy of the entire prospectus to each person to whom an offer is made, before or concurrently, with the earliest of the events specified in K.S.A. 17-12a304, and amendments thereto. (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a303 and 17-12a304; effective Jan. 1, 1966; amended Jan. 1, 1971; amended May 1, 1987; amended March 25, 1991; amended May 31, 1996; amended Jan. 19, 2007; amended Jan. 4, 2016.)

Article 7.—POLICY RELATING TO REGISTRATION

81-7-1. General statements of policy for registration of securities. (a) NASAA statements of policy. Each registration statement shall meet the requirements of each NASAA statement of policy that is applicable to the issuer, registration statement, type of security, or other circumstances of the offering. The following NASAA statements of policy are hereby adopted by reference:

(1) “Statement of policy regarding corporate securities definitions,” as amended on March 31, 2008;

(2) “statement of policy regarding the impoundment of proceeds,” as amended on March 31, 2008;

(3) “statement of policy regarding loans and other material transactions,” as amended on March 31, 2008;

(4) “statement of policy regarding options and warrants,” as amended on March 31, 2008;

(5) “statement of policy regarding preferred stock,” as amended on March 31, 2008;

(6) “statement of policy regarding promoter’s equity investment,” as amended on March 31, 2008;

(7) “statement of policy regarding promotional shares,” as amended on March 31, 2008;

(8) “statement of policy regarding specificity in use of proceeds,” as amended on March 31, 2008;

(9) “statement of policy regarding underwriting expenses, underwriter’s warrants, selling expenses and selling security holders,” as amended on March 31, 2008;

(10) “statement of policy regarding unsound financial condition,” as amended on March 31, 2008; and

(11) “statement of policy regarding unequal voting rights,” as amended on March 31, 2008.

(b) Financial statements. Each registration statement shall meet the requirements for financial statements under K.A.R. 81-7-3, unless the administrator waives or modifies the requirements for good cause shown under one of the following circumstances:

(1) The registration statement contains financial statements that meet specific requirements of a statement of policy adopted under subsection (a) or another regulation, and the administrator determines that the financial statements are sufficient in light of the issuer, registration statement, type of security, or other circumstances of the offering.

(2) The registration statement was filed for registration by coordination under K.S.A. 17-12a303, and amendments thereto, and contains financial statements that meet SEC requirements.

(3) The registration statement was submitted for coordinated review under K.S.A. 17-12a608(c) (7), and amendments thereto, and the administrator determines that a waiver or modification would promote uniformity with other states.

(c) Whenever terms within the context of NASAA statements of policy adopted by reference in this regulation are in conflict with definitions under the act and these regulations, the definitions in the

NASAA statements of policy shall apply. (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a306(b) and 17-12a608(c); effective Jan. 1, 1966; amended, E-70-15, Feb. 4, 1970; amended Jan. 1, 1971; amended Jan. 1, 1972; amended, T-88-65, Dec. 30, 1987; amended May 1, 1988; amended Oct. 24, 1988; amended June 28, 1993; amended Jan. 19, 2007; amended Jan. 4, 2016.)

81-7-2. Statements of policy for specific types of securities offerings. (a) If one of the NASAA guidelines or statements of policy adopted in subsection (b) applies to a securities offering, the registration statement shall meet the requirements of the applicable NASAA guideline or statement of policy.

(b) The following NASAA guidelines and statements of policy are hereby adopted by reference, except as modified in paragraph (b)(13):

(1) "Registration of asset-backed securities," as amended on May 6, 2012;

(2) "registration of publicly offered cattle-feeding programs," as adopted on September 17, 1980;

(3) "statement of policy regarding church bonds" and the related "cross reference sheet," as adopted on April 14, 2002;

(4) "statement of policy regarding church extension fund securities," as amended on April 18, 2004;

(5) "registration of commodity pool programs," as amended on May 6, 2012;

(6) "statement of policy regarding debt securities," as adopted on April 25, 1993;

(7) "equipment programs," as amended on May 6, 2012;

(8) "NASAA mortgage program guidelines," as amended on May 7, 2007;

(9) "registration of oil and gas programs," as amended on May 6, 2012;

(10) "omnibus guidelines," as amended on May 7, 2007;

(11) "statement of policy regarding real estate investment trusts," as revised and adopted on May 7, 2007;

(12) "statement of policy regarding real estate programs," as revised on May 7, 2007; and

(13) "guidelines regarding viatical investments," including appendix A, as in effect on January 1, 2006, which shall be modified as follows:

(A) In section I.B.14.a of the guidelines, the phrase "[reference to state statute or most recent version of the National Association of Insurance

Commissioners ("NAIC") Model Viatical Settlement Act]" shall be replaced with "K.S.A. 40-5002(o), and amendments thereto";

(B) in section I.B.16, the phrase "[broker dealer]" shall be replaced with "broker-dealer," the term "[agent]" shall be replaced with "agent," and the phrase "[reference to statutory definition of issuer]" shall be replaced with "K.S.A. 17-12a102(17), and amendments thereto";

(C) in section I.B.17, the phrase "[reference to state statute or most recent version of the NAIC Model Viatical Settlement Act]" shall be replaced with "K.S.A. 40-5002(n), and amendments thereto";

(D) in section III.B, the brackets shall be removed, and the bracketed amounts shall remain in effect;

(E) in section VI.14, the phrase "[NAIC Model Viatical Settlement Act or similar viatical regulatory act of the particular state]" shall be replaced with "viatical settlement act of 2002, K.S.A. 40-5002 et seq., and amendments thereto"; and

(F) in the last sentence of section VI, the phrase "[statutory reference]" shall be replaced with "K.S.A. 17-12a411(d), and amendments thereto."

(c) The omnibus guidelines adopted in paragraph (b)(10) shall be applied to limited partnership programs or other entities for which more specific guidelines or statements of policy have not been adopted by NASAA, unless the administrator waives or modifies the requirements of the omnibus guidelines or applies other NASAA guidelines or statements of policy for good cause shown.

(d) In addition to the income and net worth standards and other suitability requirements contained within the NASAA guidelines and statements of policy adopted under subsection (b), the administrator may require that the registration statement include a statement that recommends or requires each purchaser to limit the purchaser's aggregate investment in the securities of the issuer and other similar investments to not more than 10 percent of the purchaser's liquid net worth. For purposes of this subsection, liquid net worth shall be defined as that portion of the purchaser's total net worth that is comprised of cash, cash equivalents, and readily marketable securities, as determined in conformity with GAAP.

(e) Each registration statement subject to a guideline or statement of policy adopted under subsection (b) shall meet the requirements for financial statements under K.A.R. 81-7-3, unless

the administrator waives or modifies the requirements for good cause shown under any of the following circumstances:

(1) The registration statement contains financial statements that meet the specific requirements of another guideline or statement of policy adopted under subsection (b) or another regulation, and the administrator determines that the financial statements are sufficient for the particular type of securities registration.

(2) The registration statement was filed for registration by coordination under K.S.A. 17-12a303, and amendments thereto, and contains financial statements that meet the SEC requirements.

(3) The registration statement was submitted for coordinated review under K.S.A. 17-12a608(c) (7) and amendments thereto, and the administrator determines that a waiver or modification would promote uniformity with other states.

(f) Each application for registration subject to a guideline or statement of policy adopted under subsection (b) shall include a cross-reference table to indicate compliance with the various sections of the applicable guideline or statement of policy.

(g) Whenever terms within the context of NASAA guidelines or statements of policy adopted by reference in this regulation are in conflict with definitions under the act and these regulations, the definitions in the NASAA guidelines or statements of policy shall apply. (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a306(b) and 17-12a608(c); effective June 28, 1993; amended May 31, 1996; amended Jan. 19, 2007; amended Aug. 15, 2008; amended Jan. 4, 2016.)

Article 14.—INVESTMENT ADVISERS AND INVESTMENT ADVISER REPRESENTATIVES

81-14-1. Registration procedures for investment advisers and investment adviser representatives. (a) General provisions.

(1) Each applicant shall be at least 18 years of age. If the applicant is not an individual, then the directors, officers, managing partners, or managing members of the applicant shall be at least 18 years of age.

(2) Each applicant shall be registered or qualified to engage in business as an investment adviser or investment adviser representative in the state of the applicant's principal place of business.

(3) Each registered investment adviser shall maintain registration under the act for at least one investment adviser representative.

(b) Application requirements for investment advisers.

(1) Initial application.

(A) IARD filing requirements. Each applicant for initial registration as an investment adviser shall complete form ADV in accordance with the form instructions and shall file the form, including parts 1 and 2 and all applicable schedules, with the IARD. In addition, the applicant shall submit to the IARD the fee required by K.A.R. 81-14-2 and any reasonable fee charged by FINRA for filing through the IARD system.

(B) Direct filing requirements. Each applicant for initial registration as an investment adviser shall file the following documents with the administrator, unless the documents are filed electronically with the IARD:

(i) The proposed client contract written in accordance with K.A.R. 81-14-5(d)(13);

(ii) a privacy policy written in accordance with K.A.R. 81-14-5(d)(12)(B);

(iii) supervisory procedures written in accordance with K.A.R. 81-14-4(b)(19);

(iv) financial statements that demonstrate compliance with the requirements of K.A.R. 81-14-9(d);

(v) a brochure written in accordance with K.A.R. 81-14-10(b), unless the applicant intends to use part 2 of form ADV as its brochure; and

(vi) any other document related to the applicant's business, if requested by the administrator.

(2) Annual renewal. The application for annual renewal registration as an investment adviser shall be filed with the IARD. The application for annual renewal registration shall include the fee required by K.A.R. 81-14-2 and any reasonable fee charged by FINRA for filing through the IARD system.

(3) Updates and amendments.

(A) Each investment adviser shall file with IARD, in accordance with the instructions in form ADV, any amendments to the investment adviser's form ADV. An amendment shall be considered to be filed promptly if the amendment is filed within 30 days of the event that requires the filing of the amendment.

(B) Within 90 days after the end of an investment adviser's fiscal year, the investment adviser shall file with the IARD an annual updating amendment to form ADV.

(c) Application requirements for investment adviser representatives.

(1) Initial application. Each applicant for initial registration as an investment adviser representative under the act shall complete form U-4 in accordance with the form instructions and shall file the form U-4 with the CRD, except as otherwise provided by order of the administrator. The application for initial registration shall include the following items:

(A) Proof of compliance by the investment adviser representative with the examination requirements of subsection (e);

(B) the fee required by K.A.R. 81-14-2; and

(C) any reasonable fee charged by FINRA for filing through the CRD system.

(2) Annual renewal. The application for annual renewal registration as an investment adviser representative shall be filed with the CRD. The application for annual renewal registration shall include the fee required by K.A.R. 81-14-2 and any reasonable fee charged by FINRA for filing through the CRD system.

(3) Updates and amendments. Each investment adviser representative shall be under a continuing obligation to update the information required by form U-4 as changes occur. Each investment adviser representative and any associated investment adviser shall file promptly with the CRD any amendments to the representative's form U-4. An amendment shall be considered to be filed promptly if the amendment is filed within 30 days of the event that requires the filing of the amendment.

(d) Effective date of registration.

(1) Initial registration. Each registration shall become effective on the 45th day after the completed application is filed, unless the application is approved earlier by the administrator. However, if the administrator or the administrator's staff has notified the applicant of deficiencies in the application, the application shall not be considered complete until an amendment is filed to resolve the deficiencies.

(2) Transfer of employment or association. If an investment adviser representative terminates employment by or association with an investment adviser registered under the act or a federal covered investment adviser who has filed a notice under K.S.A. 17-12a405, and amendments thereto, and begins employment by or association with another investment adviser registered under the act or a federal covered investment adviser who has filed a

notice under K.S.A. 17-12a405, and amendments thereto, and the successor investment adviser or federal covered investment adviser files an application for registration for the investment adviser representative within 30 days after the termination, then the application shall become effective in accordance with K.S.A. 17-12a408(b), and amendments thereto.

(e) Examination requirements.

(1) General requirements. Each individual applying to be registered as an investment adviser or investment adviser representative under the act shall provide the administrator with proof of obtaining a passing score on either of the following:

(A) The series 65 uniform investment adviser law examination; or

(B) the series 7 general securities representative examination and the series 66 uniform combined state law examination.

(2) Requirements for individuals registered on January 1, 2000. An individual who was registered as an investment adviser or investment adviser representative in any jurisdiction in the United States on January 1, 2000, shall not be required to meet the examination requirements for continued registration, except under either of the following conditions:

(A) If the administrator requires examinations for any individual found to have violated any state or federal securities law; or

(B) if the administrator requires examinations for any individual whose registration has lapsed, as specified in paragraph (e)(3).

(3) Lapsed registration. If an individual has met the examination requirements of paragraph (e)(1) but has not been registered as an agent or investment adviser representative in any jurisdiction for the previous two years, the individual shall be required to comply with the examination requirements of paragraph (e)(1) again before applying for registration.

(4) Waivers. The examination requirement may be waived or modified by the administrator pursuant to K.S.A. 17-12a412(e), and amendments thereto, and the examination requirement shall not apply to any individual who currently holds one of the following professional designations:

(A) Certified financial planner (CFP), awarded by the certified financial planner board of standards, inc.;

(B) chartered financial consultant (ChFC), awarded by the American college, Bryn Mawr, Pennsylvania;

(C) personal financial specialist (PFS), awarded by the American institute of certified public accountants;

(D) chartered financial analyst (CFA), awarded by the institute of chartered financial analysts;

(E) chartered investment counselor (CIC), awarded by the investment counsel association of America, inc.; or

(F) any other professional designation that the administrator may by regulation or order recognize.

(f) Expiration, renewal, withdrawal, and termination.

(1) Each registration shall expire on December 31, and each application for renewal shall be filed not later than the deadline established by the IARD or CRD.

(2) If an investment adviser representative's association with an investment adviser is discontinued or terminated, the investment adviser shall immediately file a form U-5 with the CRD. If the investment adviser representative commences association with another investment adviser, that investment adviser shall file an initial application for registration for the investment adviser representative.

(3) If an investment adviser desires to withdraw from registration or if registration is terminated by the administrator, the investment adviser shall immediately file a form ADV-W with the IARD. The form ADV-W shall be completed in accordance with the instructions to the form.

(4) Termination of an investment adviser's registration for any reason shall automatically constitute cancellation of the registration of each investment adviser representative that is affiliated with the investment adviser.

(5) Each application that has been on file for six months without any action taken by the applicant shall be considered withdrawn. (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a406, 17-12a407, 17-12a408, and 17-12a412(e); effective Oct. 26, 2001; amended Aug. 18, 2006; amended Aug. 15, 2008; amended Jan. 4, 2016.)

81-14-2. Investment advisers, investment adviser representatives, and federal covered investment advisers; registration fees. (a) The fee for initial registration or renewal of the registration of an investment adviser shall be \$100.

(b) The fee for initial registration or renewal of the registration of an investment adviser representative shall be \$60.

(c) The fee for an initial notice filing or a renewal notice filing for a federal covered investment adviser shall be \$100.

(d) The IARD and the CRD shall be authorized to receive and store filings and to collect the fees specified in this regulation from investment advisers, investment adviser representatives, and federal covered investment advisers on behalf of the administrator. (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a410; effective Oct. 26, 2001; amended Aug. 18, 2006; amended Dec. 19, 2008; amended Oct. 9, 2015.)

81-14-5. Dishonest and unethical practices of investment advisers, investment adviser representatives, and federal covered investment advisers. (a) Unethical conduct. "Dishonest or unethical practices," as used in K.S.A. 17-12a412(d)(13) and amendments thereto, shall include the conduct prohibited in this regulation.

(b) Fraudulent conduct. "An act, practice, or course of business that operates or would operate as a fraud or deceit," as used in K.S.A. 17-12a502(a)(2) and amendments thereto, shall include the conduct prohibited in paragraphs (d) (6), (9), (10), and (11) and subsections (e), (f), (g), and (h).

(c) General standard of conduct. Each person registered as an investment adviser or investment adviser representative under the act shall not fail to observe high standards of commercial honor and just and equitable principles of trade in the conduct of the person's business. An investment adviser or investment adviser representative is a fiduciary and shall act primarily for the benefit of its clients.

(d) Prohibited conduct: sales and business practices. Each person registered as an investment adviser or investment adviser representative under the act shall refrain from the practices specified in this subsection in the conduct of the person's business. For purposes of this subsection, a security shall include any security as defined by K.S.A. 17-12a102, and amendments thereto, including a federal covered security as defined by K.S.A. 17-12a102, and amendments thereto, or section 2 of the securities act of 1933, 15 U.S.C. § 77b, as adopted by reference in K.A.R. 81-2-1.

(1) Unsuitable recommendations. An investment adviser or investment adviser representative shall not recommend to any client to whom investment supervisory, management, or consulting services are provided the purchase, sale, or exchange

of any security without reasonable grounds to believe that the recommendation is suitable for the client on the basis of information furnished by the client after reasonable inquiry concerning the client's investment objectives, financial situation and needs, and any other information known by the investment adviser or investment adviser representative.

(2) Improper use of discretionary authority. An investment adviser or investment adviser representative shall not exercise any discretionary power in placing an order for the purchase or sale of securities for any client without obtaining written discretionary authority from the client within 10 business days after the date of the first transaction placed pursuant to oral discretionary authority, unless the discretionary power is limited to the price at which and the time when an order shall be executed for a definite amount of a specified security.

(3) Excessive trading. An investment adviser or investment adviser representative shall not induce trading in a client's account that is excessive in size or frequency in light of the financial resources, investment objectives, and character of the account.

(4) Unauthorized trading. An investment adviser or investment adviser representative shall not perform either of the following:

(A) Place an order to purchase or sell a security for the account of a client without authority to do so; or

(B) place an order to purchase or sell a security for the account of a client upon instruction of a third party without first having obtained a written third-party trading authorization from the client.

(5) Borrowing from or loaning to a client. An investment adviser or investment adviser representative shall not perform either of the following:

(A) Borrow money or securities from a client unless the client is a broker-dealer, an affiliate of the investment adviser, or a financial institution engaged in the business of loaning funds; or

(B) loan money to a client unless the investment adviser is a financial institution engaged in the business of loaning funds or the client is an affiliate of the investment adviser.

(6) Misrepresenting qualifications, services, or fees. An investment adviser or investment adviser representative shall not misrepresent to any advisory client or prospective client the qualifications of the investment adviser, investment adviser representative, or any employee of the investment adviser, or misrepresent the nature of the advisory

services being offered or fees to be charged for the service. An investment adviser or investment adviser representative shall not omit to state a material fact that is necessary to make any statements made regarding qualifications, services, or fees, in light of the circumstance under which the statements are made, not misleading.

(7) Failure to disclose source of report. An investment adviser or investment adviser representative shall not provide a report or recommendation to any advisory client prepared by someone other than the investment adviser or investment adviser representative without disclosing that fact. This prohibition shall not apply to a situation in which the adviser uses published research reports or statistical analyses to render advice or in which an adviser orders a research report in the normal course of providing service.

(8) Unreasonable fee. An investment adviser or investment adviser representative shall not charge a client an unreasonable advisory fee.

(9) Failure to disclose conflicts of interest. An investment adviser or investment adviser representative shall not fail to disclose to a client, in writing and before any advice is rendered, any material conflict of interest relating to the investment adviser, investment adviser representative, or any of the investment adviser's employees that could reasonably be expected to impair the rendering of unbiased and objective advice, including the following:

(A) Compensation arrangements connected with advisory services to the client that are in addition to compensation from the client for the advisory services; and

(B) charging a client an advisory fee for rendering advice when a commission for executing securities transactions pursuant to the advice will be received by the investment adviser, investment adviser representative, or any of the adviser's employees.

(10) Guaranteeing performance. An investment adviser or investment adviser representative shall not guarantee a client that a specific result will be achieved with advice that is rendered.

(11) Deceptive advertising. An investment adviser or investment adviser representative shall not publish, circulate, or distribute any advertisement that does not comply with SEC rule 206(4)-1, 17 C.F.R. 275.206(4)-1, as adopted by reference in K.A.R. 81-2-1, despite the fact that the adviser may be exempt from federal registration pursuant to section 203(b) of the investment advisers act of

1940, 15 U.S.C. § 80b-3(b) as adopted by reference in K.A.R. 81-2-1.

(12) Failure to protect confidential information.

(A) An investment adviser or investment adviser representative shall not disclose the identity, affairs, or investments of any client unless required by law to do so or unless the client consents to the disclosure.

(B) An investment adviser shall not fail to establish, maintain, and enforce written policies and procedures reasonably designed to prevent the misuse of material nonpublic information contrary to the provisions of section 204A of the investment advisers act of 1940, 15 U.S.C. § 80b-4a, as adopted by reference in K.A.R. 81-2-1, despite the fact that the adviser may be exempt from federal registration pursuant to section 203(b) of the investment advisers act of 1940, 15 U.S.C. § 80b-3(b), as adopted by reference in K.A.R. 81-2-1.

(13) Improper advisory contract. An investment adviser shall not engage in the following conduct, even though the adviser may be exempt from federal registration pursuant to section 203(b) of the investment advisers act of 1940, 15 U.S.C. § 80b-3(b), as adopted by reference in K.A.R. 81-2-1:

(A) Enter into, extend, or renew any investment advisory contract unless the contract is in writing, discloses the services to be provided, the term of the contract, the advisory fee, the formula for computing the fee, the amount of prepaid fee to be returned in the event of contract termination or nonperformance, and an indication of whether the contract grants discretionary power to the adviser, and contains a provision that no assignment of the contract shall be made by the investment adviser without the consent of the other party to the contract;

(B) enter into, extend, or renew any advisory contract containing performance-based fees contrary to the provisions of section 205 of the investment advisers act of 1940, 15 U.S.C. § 80b-5, as adopted by reference in K.A.R. 81-2-1, except as permitted by SEC rule 205-3, 17 C.F.R. 275.205-3, as adopted by reference in K.A.R. 81-2-1; and

(C) include in an advisory contract any indication of a condition, stipulation, or provision binding a person to waive compliance with any provision of the act or of the investment advisers act of 1940, or engage in any other practice contrary to the provisions of section 215 of the investment advisers act of 1940, 15 U.S.C. § 80b-15, as adopted by reference in K.A.R. 81-2-1.

(14) Indirect misconduct. An investment adviser or investment adviser representative shall not engage in any conduct or any act, indirectly or through or by any other person, that would be unlawful for the person to do directly under the provisions of the act or these regulations.

(e) Prohibited conduct: failure to disclose financial condition and disciplinary history.

(1) Definitions. For purposes of this subsection, the following definitions shall apply:

(A) “Found” means determined or ascertained by adjudication or consent in a final self-regulatory organization proceeding, administrative proceeding, or court action.

(B) “Investment-related” means pertaining to securities, commodities, banking, insurance, or real estate, including acting as or being associated with a broker, dealer, investment company, investment adviser, government securities broker or dealer, municipal securities broker or dealer, bank, savings and loan association, commodities broker or dealer, or fiduciary.

(C) “Involved” means acting or aiding, abetting, causing, counseling, commanding, inducing, conspiring with or failing reasonably to supervise another in doing an act.

(D) “Management person” means a person with power to exercise, directly or indirectly, a controlling influence over the management or policies of an investment adviser that is a company or to determine the general investment advice given to clients.

(E) “Self-regulatory organization” means any national securities or commodities exchange, registered association, or registered clearing agency.

(2) An investment adviser registered or required to be registered under the act shall not fail to disclose to any client or prospective client all material facts with respect to either of the following:

(A) A failure to meet the positive net worth requirements of K.A.R. 81-14-9(d); or

(B) any financial condition of the investment adviser or legal or disciplinary event that is material to an evaluation of the investment adviser’s integrity or ability to meet contractual commitments to clients.

(3) It shall constitute a rebuttable presumption that the following legal or disciplinary events involving the investment adviser or a management person of the investment adviser are material to an evaluation of the adviser’s integrity for a period of 10 years from the date of the event, unless the legal or disciplinary event was resolved in the

investment adviser's or management person's favor or was subsequently reversed, suspended, or vacated:

(A) A criminal or civil action in a court of competent jurisdiction resulting in any of the following:

(i) The individual was convicted of a felony or misdemeanor, or is the named subject of a pending criminal proceeding, for a crime involving an investment-related business or fraud, false statements, omissions, wrongful taking of property, bribery, forgery, counterfeiting, extortion, or crimes of a similar nature;

(ii) the individual was found to have been involved in a violation of an investment-related statute or regulation; or

(iii) the individual was the subject of any order, judgment, or decree permanently or temporarily enjoining the person or otherwise limiting the person from engaging in any investment-related activity;

(B) any administrative proceedings before any federal or state regulatory agency resulting in any of the following:

(i) The individual was found to have caused an investment-related business to lose its authorization to do business; or

(ii) the individual was found to have been involved in a violation of an investment-related statute or regulation and was the subject of an order by the agency denying, suspending, or revoking the authorization of the person to act in, or barring or suspending the person's association with, an investment-related business, or otherwise significantly limiting the person's investment-related activities; and

(C) any self-regulatory organization proceeding resulting in either of the following:

(i) The individual was found to have caused an investment-related business to lose its authorization to do business; or

(ii) the individual was found to have been involved in a violation of the self-regulatory organization's rules and was the subject of an order by the self-regulatory organization barring or suspending the person from association with other members, expelling the person from membership, fining the person more than \$2,500, or otherwise significantly limiting the person's investment-related activities.

(4) The information required to be disclosed by paragraph (e)(2) shall be disclosed to clients before further investment advice is given to the clients. The information shall be disclosed to pro-

spective clients at least 48 hours before entering into any written or oral investment advisory contract, or no later than the time of entering into the contract if the client has the right to terminate the contract without penalty within five business days after entering into the contract.

(5) For purposes of calculating the 10-year period during which events shall be presumed to be material under paragraph (e)(3), the date of a reportable event shall be the date on which the final order, judgment, or decree was entered, or the date on which any rights of appeal from preliminary orders, judgments, or decrees lapsed.

(6) Compliance with this subsection shall not relieve any investment adviser from any other disclosure requirement under any federal or state law.

(f) Prohibited conduct: cash payment for client solicitations. An investment adviser registered or required to be registered under the act shall not pay a cash fee, directly or indirectly, to a solicitor with respect to solicitation activities unless the solicitation arrangement meets all of the requirements of paragraphs (f)(2) through (f)(7).

(1) Definitions. For the purposes of this subsection, the following definitions shall apply:

(A) "Client" shall include any prospective client.

(B) "Impersonal advisory services" means investment advisory services provided solely by means of any of the following:

(i) Written materials or oral statements that do not purport to meet the objectives or needs of specific individuals or accounts;

(ii) statistical information containing no expression of opinion as to the investment merits of a particular security; or

(iii) any combination of the materials, statements, or information specified in paragraphs (f)(1)(B)(i) and (ii).

(C) "Solicitor" means any person or entity who, for compensation, directly or indirectly solicits any client for, or refers any client to, an investment adviser.

(2) The investment adviser shall be properly registered under the act.

(3) The solicitor shall not be a person who meets any of the following conditions:

(A) Is subject to an order by any regulatory body that censures or places limitations on the person's activities or that suspends or bars the person from association with an investment adviser;

(B) was convicted within the previous 10 years of any felony or misdemeanor involving the purchase or sale of any security, the taking of a false

oath, the making of a false report, bribery, perjury, burglary, larceny, theft, robbery, extortion, forgery, counterfeiting, fraudulent concealment, embezzlement, fraudulent conversion, misappropriation of funds or securities, or conspiracy to commit any such act;

(C) has been found to have engaged in the willful violation of any provision of these regulations, the act, the federal securities act of 1933, the federal securities exchange act of 1934, the federal investment company act of 1940, the federal investment advisers act of 1940, the federal commodity exchange act, the federal rules under any of these federal acts, or the rules of the NASD, FINRA, or the municipal securities rulemaking board; or

(D) is subject to an order, judgment, or decree by which the person has been convicted anytime during the preceding 10-year period of any crime that is punishable by imprisonment for one or more years or a substantially equivalent crime by a foreign court of competent jurisdiction.

(4) The cash fee shall be paid pursuant to a written agreement to which the investment adviser is a party.

(5) The cash fee shall be paid to a solicitor only under any of the following circumstances:

(A) The cash fee is paid to the solicitor with respect to solicitation activities for the provision of impersonal advisory services only;

(B) the cash fee is paid to a solicitor who is a partner, officer, director, or employee of the investment adviser, or a partner, officer, director, or employee of a person who controls, is controlled by, or is under common control with the investment adviser, if the status of the solicitor as a partner, officer, director, or employee of the investment adviser or other person, and any affiliation between the investment adviser and the other person, is disclosed to the client at the time of the solicitation or referral; or

(C) the cash fee is paid to a solicitor other than a solicitor specified in paragraph (f)(5)(A) or (B), if all of the following conditions are met:

(i) The written agreement required by paragraph (f)(4) describes the solicitation activities to be engaged in by the solicitor on behalf of the investment adviser and the compensation to be received, contains an undertaking by the solicitor to perform the solicitor's duties under the agreement in a manner consistent with the instructions of the investment adviser and the provisions of the act and the implementing regulations, and re-

quires the solicitor, at the time of any solicitation activities for which compensation is paid or to be paid by the investment adviser, to provide the client with a current copy of the investment adviser's written disclosure statement required under the brochure delivery requirements of K.A.R. 81-14-10(b) and a separate written disclosure document described in paragraph (f)(6).

(ii) The investment adviser receives from the client, before or when entering into any written or oral investment advisory contract with the client, a signed and dated acknowledgment of receipt of the investment adviser's written disclosure statement and the solicitor's written disclosure document.

(iii) The investment adviser makes a bona fide effort to ascertain whether the solicitor has complied with the written agreement required by paragraph (f)(4), and the investment adviser has a reasonable basis for believing that the solicitor has complied with the agreement.

(6) The separate written disclosure document required to be furnished by the solicitor to the client shall contain the following information:

(A) The name of the solicitor;

(B) the name of the investment adviser;

(C) the nature of the relationship, including any affiliation, between the solicitor and the investment adviser;

(D) a statement that the solicitor will be compensated for the solicitation services by the investment adviser;

(E) the terms of the compensation arrangement, including a description of the compensation paid or to be paid to the solicitor; and

(F) the amount in addition to the advisory fee that the client will be charged for the costs of the solicitor's services, and any difference in fees paid by clients if the difference is attributable to the existence of any arrangement in which the investment adviser has agreed to compensate the solicitor for soliciting clients for, or referring clients to, the investment adviser.

(7) Nothing in this subsection shall be deemed to relieve any person of any fiduciary or other obligation to which a person may be subject under any law.

(g) Prohibited conduct: agency cross transactions.

(1) For the purposes of this subsection, "agency cross transaction for an advisory client" shall mean a transaction in which a person acts as an investment adviser in relation to a transaction in which

the investment adviser, or any person controlling, controlled by, or under common control with the investment adviser, including an investment adviser representative, acts as a broker-dealer for both the advisory client and another person on the other side of the transaction. Each person acting in this capacity shall be required to be registered as a broker-dealer in this state unless excluded from the definition of broker-dealer under K.S.A. 17-12a102, and amendments thereto.

(2) An investment adviser shall not effect an agency cross transaction for an advisory client unless all of the following conditions are met:

(A) The advisory client executes a written consent prospectively authorizing the investment adviser to effect agency cross transactions for the client.

(B) Before obtaining this written consent from the client, the investment adviser makes full written disclosure to the client that, with respect to agency cross transactions, the investment adviser will act as broker-dealer for both parties to the transaction, receive commissions from both parties, and have a potentially conflicting division of loyalties and responsibilities.

(C) At or before the completion of each agency cross transaction, the investment adviser sends the client a written confirmation. The written confirmation shall include all of the following information:

- (i) A statement of the nature of the transaction;
- (ii) the date the transaction took place;
- (iii) an offer to furnish, upon request, the time when the transaction took place; and
- (iv) the source and amount of any other remuneration that the investment adviser received or will receive in connection with the transaction.

For a purchase in which the investment adviser was not participating in a distribution, or a sale in which the investment adviser was not participating in a tender offer, the written confirmation may state whether the investment adviser has received or will receive any other remuneration and that the investment adviser will furnish the source and amount of remuneration to the client upon the client's written request.

(D) At least annually, the investment adviser sends each client a written disclosure statement identifying the total number of agency cross transactions during the period since the date of the last disclosure statement and the total amount of all commissions or other remuneration that the investment adviser received or will receive in con-

nection with agency cross transactions for the client during the period.

(E) Each written disclosure and confirmation required by this subsection includes a conspicuous statement that the client may revoke the written consent required under paragraph (g)(2)(A) at any time by providing written notice to the investment adviser.

(F) No agency cross transaction in which the same investment adviser recommended the transaction to both any seller and any purchaser is effected.

(3) Nothing in this subsection shall be construed to relieve an investment adviser or investment adviser representative from acting in the best interests of the client, including fulfilling fiduciary duties with respect to the best price and execution for the particular transaction for the client, nor shall this subsection relieve any investment adviser or investment adviser representative of any other disclosure obligations imposed by the act or the regulations under the act.

(h) Prohibited conduct: use of senior-specific certifications and professional designations.

(1) An investment adviser or investment adviser representative shall not use a senior-specific certification or designation that indicates or implies that the user has special certification or training in advising or servicing senior citizens or retirees in any way that misleads any person. This prohibition shall include the following:

(A) The use of a certification or professional designation by a person who has not earned or is otherwise ineligible to use that certification or designation;

(B) the use of a nonexistent or self-conferred certification or professional designation;

(C) the use of a certification or professional designation that indicates or implies a level of occupational qualifications obtained through education, training, or experience that the person using the certification or professional designation does not have; and

(D) the use of a certification or professional designation that was obtained from a designating or certifying organization that meets any of the following conditions:

(i) Is primarily engaged in the business of instruction in sales or marketing;

(ii) does not have reasonable standards or procedures for ensuring the competency of its designees or certificate holders;

(iii) does not have reasonable standards or procedures for monitoring and disciplining its

designees or certificate holders for improper or unethical conduct; or

(iv) does not have reasonable continuing education requirements for its designees or certificate holders to maintain the professional designation or certification.

(2) There shall be a rebuttable presumption that a designating or certifying organization is not disqualified solely for purposes of paragraph (h) (1)(D) if the organization has been accredited by any of the following:

(A) The American national standards institute;

(B) the national commission for certifying agencies; or

(C) an organization that is on the United States department of education's list titled "accrediting agencies recognized for title IV purposes," if the designation or credential does not primarily apply to sales or marketing, or both.

(3) In determining whether a combination of words or an acronym or initialism standing for a combination of words constitutes a certification or professional designation indicating or implying that a person has special certification or training in advising or servicing senior citizens or retirees, the factors to be considered shall include the following:

(A) The use of one or more words including "senior," "retirement," "elder," or similar words, combined with one or more words including "certified," "registered," "chartered," "adviser," "specialist," "consultant," "planner," or similar words, in the name of the certification or professional designation; and

(B) the manner in which the words are combined.

(4) For purposes of this subsection, the terms "certification" and "professional designation" shall not include a job title within an organization that is licensed or registered by a state or federal financial services regulatory agency, including an agency that regulates broker-dealers, investment advisers, or investment companies, if that job title indicates seniority or standing within the organization or specifies an individual's area of specialization within the organization.

(i) Applicability to federal covered investment advisers. To the extent permitted by federal law, the provisions of this regulation governing investment advisers shall also apply to federal covered investment advisers. (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a412(d)(13) and 17-12a502(a)(2) and (b); effective Oct. 26, 2001; amended Aug. 18, 2006;

amended Aug. 15, 2008; amended May 22, 2009; amended Jan. 4, 2016.)

81-14-9. Custody of client funds or securities; safekeeping; financial reporting. (a) Definitions. For the purposes of this regulation, the following definitions shall apply:

(1) "Custody" means holding, directly or indirectly, client funds or securities, or having any authority to obtain possession of them or the ability to appropriate them.

(A) Each of the following circumstances shall be deemed to constitute custody:

(i) Possession of client funds or securities unless received inadvertently and returned to the sender promptly, but in any case within three business days of receiving the funds or securities;

(ii) any arrangement, including a general power of attorney, under which an investment adviser is authorized or permitted to withdraw client funds or securities maintained with a custodian upon the adviser's instruction to the custodian; and

(iii) any arrangement that gives an investment adviser or its supervised person legal ownership of or access to client funds or securities, which may include an arrangement in which the investment adviser or its supervised person is the trustee of a trust, the general partner of a limited partnership, the managing member of a limited liability company, or a comparable position for a pooled investment vehicle.

(B) Receipt of a check drawn by a client and made payable to an unrelated third party shall not meet the definition of custody if the investment adviser forwards the check to the third party within three business days of receipt and the adviser maintains the records required under K.A.R. 81-14-4(b)(22).

(2) "Independent party" means a person that meets the following conditions:

(A) Is engaged by an investment adviser to act as a gatekeeper for the payment of fees, expenses, and capital withdrawals from a pooled investment;

(B) does not control, is not controlled by, and is not under common control with the investment adviser; and

(C) does not have, and has not had within the past two years, a material business relationship with the investment adviser.

(3) "Independent representative" means a person who meets the following conditions:

(A) Acts as an agent for an advisory client, which may include a person who acts as an agent for

limited partners of a pooled investment vehicle structured as a limited partnership, members of a pooled investment vehicle structured as a limited liability company, or other beneficial owners of another type of pooled investment vehicle;

(B) is obliged by law or contract to act in the best interest of the advisory client or the limited partners, members, or other beneficial owners;

(C) does not control, is not controlled by, and is not under common control with the investment adviser; and

(D) does not have, and has not had within the past two years, a material business relationship with the investment adviser.

(4) "Qualified custodian" means any of the following independent institutions or entities:

(A) A bank or savings association that has deposits insured by the federal deposit insurance corporation;

(B) a broker-dealer registered under the act who holds client assets in customer accounts and complies with K.A.R. 81-3-7(d);

(C) a futures commission merchant registered under section 6f of the commodity exchange act, 7 U.S.C. § 6f, who holds client assets in customer accounts, but only with respect to clients' funds and security futures, or other securities incidental to transactions in contracts for the purchase or sale of a commodity and options of the commodity for future delivery; and

(D) a foreign financial institution that customarily holds financial assets for its customers, if the foreign financial institution keeps the advisory clients' assets in customer accounts segregated from its proprietary assets.

(b) Safekeeping of client funds and securities.

(1) Requirements. An investment adviser registered or required to be registered under the act shall not have custody of client funds or securities unless the investment adviser meets each of the following conditions. "An act, practice, or course of business that operates or would operate as a fraud or deceit," as used in K.S.A. 17-12a502 and amendments thereto, shall include any violation of this subsection.

(A) Notice to administrator. The investment adviser shall notify the administrator promptly on form ADV that the investment adviser has or will have custody.

(B) Qualified custodian. A qualified custodian shall maintain the funds and securities in a separate account for each client under each client's name, or in accounts that contain only funds and

securities of the investment adviser's clients under the name of the investment adviser as agent or trustee for each client.

(C) Notice to clients. If an investment adviser opens an account with a qualified custodian on behalf of its client, either under the client's name or under the investment adviser's name as agent, the investment adviser shall notify the client in writing of the qualified custodian's name, address, and the manner in which the funds or securities are maintained. The notice shall be given promptly when the account is opened and following any changes to the information.

(D) Account statements. The investment adviser shall ensure that account statements are sent to each client for whom the adviser has custody of funds or securities.

(i) Statements sent by the qualified custodian. If a qualified custodian maintains accounts containing funds or securities, the qualified custodian may send account statements to clients if the investment adviser has a reasonable basis for believing that the qualified custodian sends an account statement at least quarterly to each of the adviser's clients for whom the custodian maintains funds or securities and that the account statement sets forth all transactions in the account during the period and identifies the amount of funds and amount of each security in the account at the end of the period.

(ii) Statements sent by the adviser. If account statements are not sent by the qualified custodian in accordance with paragraph (b)(1)(D)(i), the investment adviser shall send an account statement at least quarterly to each client for whom it has custody of funds or securities. The account statement shall set forth all transactions in the account during the period and identify the amount of funds and amount of each security of which it has custody at the end of the period.

At least once during each calendar year, a CPA firm that is registered and authorized to provide attest services in compliance with requirements of the state where the investment adviser is domiciled shall be engaged by the investment adviser to attest to the accuracy, in all material respects, of the account statements sent to clients by the investment adviser based on a comparison with records of transactions and balances of funds and securities maintained by the qualified custodian. The attest engagement shall be performed in accordance with attestation standards established by the AICPA and contained in the "AICPA profes-

sional standards,” as specified in K.A.R. 74-5-2. The CPA firm shall perform the attest engagement without prior notice or announcement to the adviser on a date that changes from year to year as chosen by the CPA firm. The CPA firm shall file a copy of its independent accountant’s report with the administrator within 30 days after the completion of the attest engagement. The CPA firm, upon finding any material exceptions during the course of the engagement, shall notify the administrator of the finding within two business days by means of a facsimile transmission or electronic mail, followed by first-class mail, directed to the attention of the administrator.

(iii) Special rule for pooled investment vehicles. If the investment adviser is a general partner of a pooled investment vehicle structured as a limited partnership, is a managing member of a pooled investment vehicle structured as a limited liability company, or holds a comparable position for another type of pooled investment vehicle, the account statements required under this subsection shall be sent to each limited partner, member, or other beneficial owner or that person’s independent representative.

(E) Independent representatives. A client may designate an independent representative to receive, on the client’s behalf, notices and account statements as required under paragraphs (b)(1)(C) and (b)(1)(D). Thereafter, the investment adviser shall send all notices and statements to the independent representative.

(F) Direct fee deduction. Each investment adviser who has custody, as defined in paragraph (a)(1)(A)(ii), by having fees directly deducted from client accounts held by a qualified custodian shall obtain prior written authorization from the client to deduct advisory fees from the account held with the qualified custodian.

(G) Pooled investments. Each investment adviser who has custody, as defined in paragraph (a)(1)(A)(iii), and who does not meet the exception provided under paragraph (b)(2)(C) shall comply with each of the following requirements:

(i) Engage an independent party. The investment adviser shall hire an independent party to review all fees, expenses, and capital withdrawals from the pooled accounts.

(ii) Review of fees. The investment adviser shall send all invoices or receipts to the independent party, detailing the amount of the fee, expenses, or capital withdrawal and the method of calculation so that the independent party can determine that

the payment is in accordance with the agreement governing the pooled investment vehicle and so that the independent party can forward to the qualified custodian approval for payment of an invoice with a copy to the investment adviser.

(iii) Notice of safeguards. The investment adviser shall notify the administrator on form ADV that the investment adviser intends to use the safeguards specified in this subsection.

(2) Exceptions.

(A) Shares of mutual funds. With respect to shares of a mutual fund that is an open-end company as defined in section 5(a)(1) of the investment company act of 1940, 15 U.S.C. 80a-5(a)(1), as adopted by reference in K.A.R. 81-2-1, any investment adviser may use the mutual fund’s transfer agent in lieu of a qualified custodian for purposes of complying with paragraph (b)(1).

(B) Certain privately offered securities. An investment adviser shall not be required to comply with paragraph (b)(1) with respect to securities that meet the following conditions:

(i) Are acquired from the issuer in a transaction or chain of transactions not involving any public offering;

(ii) are uncertificated, with ownership of the securities recorded only on the books of the issuer or its transfer agent in the name of the client; and

(iii) are transferable only with the prior consent of the issuer or holders of the outstanding securities of the issuer.

(C) Limited partnerships subject to annual audit. An investment adviser shall not be required to comply with paragraph (b)(1) with respect to the account of a limited partnership, limited liability company, or other type of pooled investment vehicle that is subject to audit at least annually and that distributes its audited financial statements presented in conformity with GAAP to all limited partners, members, or other beneficial owners within 120 days after the end of its fiscal year. The investment adviser shall notify the administrator on form ADV that the investment adviser intends to distribute audited financial statements.

(D) Registered investment companies. An investment adviser shall not be required to comply with paragraph (b)(1) with respect to the account of an investment company registered under the investment company act of 1940, 15 U.S.C. 80a-1 et seq.

(E) Beneficial trusts. An investment adviser shall not be required to comply with the safekeeping requirements of paragraph (b)(1) if the investment adviser has custody solely because the investment

adviser or an investment adviser representative is the trustee for a beneficial trust, if all of the following conditions are met for each trust:

(i) The beneficial owner of the trust is a parent, grandparent, spouse, sibling, child, or grandchild of the investment adviser representative, including “step” relationships.

(ii) The investment adviser provides a written statement to each beneficial owner of each account setting forth a description of the requirements of paragraph (b)(1) and the reasons why the investment adviser will not be complying with those requirements.

(iii) The investment adviser obtains from each beneficial owner a signed and dated statement acknowledging the receipt of the written statement.

(iv) The investment adviser maintains a copy of both documents described in paragraphs (b)(2)(E)(ii) and (iii) until the account is closed or the investment adviser or investment adviser representative is no longer trustee.

(F) Upon written request and for good cause shown, the requirement to use a qualified custodian may be waived by the administrator. As a condition of granting a waiver, the investment adviser may be required by the administrator to perform the duties of a qualified custodian as specified in paragraph (b)(1).

(c) Financial reporting requirements for investment advisers.

(1) Balance sheet. Each registered investment adviser shall prepare and maintain a balance sheet, as required by K.A.R. 81-14-4(b)(6), each month. The balance sheet shall be dated the last day of the month and shall be prepared within 10 business days after the end of the month. The investment adviser shall file the balance sheet with the administrator, for any month specified by the administrator, within five days after a request by the administrator.

(2) Exemptions. An investment adviser shall be exempt from the requirements of this subsection if the investment adviser has its principal place of business in a state other than Kansas, is properly registered in that state, and satisfies the financial reporting requirements of that state.

(d) Positive net worth requirement.

(1) Each investment adviser that is registered or required to be registered under the act shall maintain at all times a positive net worth.

(2) Notification. Each investment adviser registered or required to be registered under the act shall, by the close of business on the next busi-

ness day, notify the administrator if the investment adviser is insolvent because its net worth is negative as determined in conformity with GAAP. The notification of insolvency shall include the investment adviser's balance sheet that states the insolvent financial condition on the date the insolvency occurred. Upon receiving the balance sheet, the administrator may require the investment adviser to file additional information by a specified date.

(3) Exception for out-of-state advisers. If an investment adviser has its principal place of business in a state other than Kansas and is properly registered in that state, the investment adviser shall be required to maintain the minimum capital required by the state in which the investment adviser maintains its principal place of business. (Authorized by K.S.A. 17-12a502(b) and 17-12a605(a); implementing K.S.A. 17-12a411, as amended by L. 2013, ch. 65, sec. 3, and 17-12a502(a)(2); effective Aug. 18, 2006; amended Aug. 15, 2008; amended Oct. 25, 2013.)

81-14-11. Kansas private adviser exemption. (a) Exemption from registration. An investment adviser shall be exempt from the registration requirements of K.S.A. 17-12a403, and amendments thereto, if both of the following requirements are met:

(1) The investment adviser shall meet each of the following conditions:

(A) Maintain its principal place of business in Kansas;

(B) provide investment advice solely to fewer than 15 clients;

(C) not hold itself out generally to the public as an investment adviser; and

(D) not act as an investment adviser to any investment company registered pursuant to section 8 of the investment company act of 1940, 15 U.S.C. § 80a-8, as adopted by reference in K.A.R. 81-2-1, or a company that has elected and has not withdrawn its election to be a business development company pursuant to section 54 of the investment company act of 1940, 15 U.S.C. § 80a-54, as adopted by reference in K.A.R. 81-2-1.

(2) Neither the investment adviser nor any of its advisory affiliates or associated investment adviser representatives shall be subject to a disqualification provision as described in rule 262 of SEC regulation A, 17 C.F.R. 230.262, as adopted by reference in K.A.R. 81-2-1.

(b) Notice filing. Each investment adviser that

qualifies for exemption under subsection (a) shall be subject to or exempt from filing a notice with the administrator as follows:

(1) Notice filing requirement. Each investment adviser that manages assets of no more than \$25 million on December 31 each year shall complete the identifying information required by item 1 of form ADV, part 1A and file the printed form with the administrator on or before February 1 of the following year. No fee shall be required with the notice filing required by this subsection.

(2) Exemption from notice filing requirement.

(A) Each investment adviser that manages assets in excess of \$25 million and is registered with the SEC shall be exempt from the notice filing requirements of K.S.A. 17-12a405, and amendments thereto, and of paragraph (1) of this subsection.

(B) Each investment adviser that manages assets in excess of \$25 million, is an exempt reporting adviser, and files reports with the IARD system pursuant to SEC rule 204-4, 17 C.F.R. 275.204-4, as adopted by reference in K.A.R. 81-2-1, shall be exempt from the notice filing requirements of paragraph (1) of this subsection.

(c) Exemption for investment adviser representatives. An investment adviser representative shall be exempt from the registration requirements of K.S.A. 17-12a404, and amendments thereto, if the individual meets the following requirements:

(1) Is employed by or associated with an investment adviser that meets the exemption requirements under subsection (a);

(2) is not subject to a disqualification as described in rule 262 of SEC regulation A, 17 C.F.R. 230.262; and

(3) does not otherwise act as an investment adviser representative.

(d) Transition. Each investment adviser or investment adviser representative who becomes ineligible for the exemption specified in this regulation shall comply with the registration or notice filing requirements under the act within 90 days after the date of ineligibility. (Authorized by K.S.A. 17-12a605(a); implementing K.S.A. 17-12a403(b)(3), 17-12a404(b)(2), and 17-12a405(b)(3); effective Oct. 25, 2013; amended Jan. 4, 2016.)

Article 1.—RULES OF PRACTICE AND PROCEDURE

82-1-219. General requirements relating to pleadings and other papers. Except as otherwise provided in K.A.R. 82-1-231, each pleading shall contain the formal parts and meet the requirements specified in this regulation.

(a) Caption. The caption of a pleading shall include the heading, the descriptive title of the docket, and the docket number assigned to the matter by the executive director of the commission.

(1) Heading. Each pleading shall contain the heading “BEFORE THE STATE CORPORATION COMMISSION OF THE STATE OF KANSAS” which shall be centered at the top of the first page of the pleading.

(2) Descriptive title. Immediately beneath the heading, and to the left of the center of the page, shall be the descriptive title of the docket. This title shall begin with the words “In the matter of” and shall be followed by a concise statement of the matter presented to the commission for its determination, including, if appropriate, a brief description of the order, authorization, permission, or certificate sought by the party initiating the docket. The name of the party initiating the docket and the names of all other parties to whom the initial pleading is directed shall be stated in the descriptive title, followed by a designation of each party’s status in the proceeding. These designations shall include applicant, complainant, defendant, and respondent.

(3) Docket number. Upon the filing of the initial pleading in a docket, a docket number shall

be assigned by the executive director of the commission, which shall be placed immediately to the right of the docket title. All pleadings filed in the docket after the formal initiation of the matter shall bear the same caption as that of the original pleading.

(b) Pleading title. The title of the pleading shall be centered immediately beneath the caption and shall describe the pleading contained in the numbered paragraphs that follow.

(c) Numbered paragraphs. Following the title of the pleading, the pertinent allegations of fact and law, in compliance with these regulations, shall be set forth in numbered paragraphs.

(d) Numbered pages. Beginning with the second page of the pleading, each page of the pleading shall be numbered consecutively.

(e) The prayer. The numbered paragraphs of the pleading shall be followed by the prayer, which shall be a concise and complete statement of all relief sought by the pleader. The prayer shall be brief, but shall be complete so that an order granting the prayer includes all of the relief desired and requested by the pleader.

(f) Subscription. Each pleading shall be personally subscribed or executed by one of the following methods:

(1) By the party making the same or by one of the parties, if there is more than one party;

(2) by an officer of the party, if the party is a corporation or association; or

(3) for the party, by its attorney. The names and the addresses of all parties shall appear either in the subscription or elsewhere in the pleading. The name, address, telephone number, and telefac-

simile number of the attorney for the party who is the pleader shall appear either in the subscription or immediately below it. Abbreviations of names and addresses shall not be used.

(g) Verification. Each pleading shall be verified by the party or by the party's attorney, if the attorney has actual knowledge of the truth of the statements in the pleading or reasonable grounds to believe that the statements are true. Each pleading shall be verified upon affirmation that meets the requirements of K.S.A. 54-104, and amendments thereto. Any pleading by a corporation or an association may be verified by an officer or director of the corporation or association. Written verification may be waived by the commission by order at its discretion.

(h) Certificate of service. Whenever service of a pleading is required by these regulations, the party responsible for effecting service shall endorse a certificate of service upon the pleading to show compliance with these regulations. The certificate shall show service by any method authorized by K.A.R. 82-1-216.

(i) Form. Each pleading shall be typewritten on paper that is 8½" wide and 11" long. The left-hand margin shall not be less than one inch wide. The impression shall be on only one side of the paper and shall be double-spaced, except that lengthy quotations may be single-spaced and indented. Photocopies of the pleading may be filed.

(j) Rejection of document. Each document that contains defamatory, scurrilous, or unethical language shall be rejected and returned to the party filing the document. Papers, correspondence, or pleadings or any copies of papers, correspondence, or pleadings that are not clearly legible shall be rejected and returned to the party filing the document.

(k) Amendments. The amendment of any pleading may be allowed by the commission at its discretion, either by replacement of the original pleading with an amended version of it or by interlineations or deletion of material on the original pleading. (Authorized by and implementing K.S.A. 66-106; effective Jan. 1, 1966; amended Feb. 15, 1977; amended July 23, 1990; amended Oct. 10, 2003; amended July 23, 2010.)

Article 2.—OIL AND GAS CONSERVATION

82-2-402. (Authorized by K.S.A. 55-1003; effective, E-72-4, Jan. 1, 1972; effective Jan. 1, 1973; revoked Aug. 14, 2015.)

82-2-506. (Authorized by K.S.A. 55-134, K.S.A. 1973 Supp. 55-133; effective, E-72-4, Jan. 1, 1972; effective Jan. 1, 1973; revoked Aug. 14, 2015.)

82-2-507. (Authorized by K.S.A. 55-135; effective, E-72-4, Jan. 1, 1972; effective Jan. 1, 1973; revoked Aug. 14, 2015.)

Article 3.—PRODUCTION AND CONSERVATION OF OIL AND GAS

82-3-100. Applicability; exception. (a) This article shall apply throughout Kansas unless specifically limited. Special orders may be issued by the commission. These special orders shall prevail over any conflicting regulations.

(b) An exception to the requirements of any regulation in this article may be granted by the commission, after considering whether the exception will prevent waste, protect correlative rights, and prevent pollution. Each party requesting an exception shall file an application with the conservation division. The applicant shall publish notice of the application pursuant to K.A.R. 82-3-135a and notice of any hearing pursuant to K.A.R. 82-3-135. (Authorized by and implementing K.S.A. 2014 Supp. 55-152, K.S.A. 55-604, K.S.A. 55-704; effective T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 1, 1984; amended April 23, 1990; amended Aug. 14, 2015.)

82-3-101a. Procedures for determining location using global positioning system. Whenever an operator is required to report a location using a global positioning system (GPS), the operator shall obtain and report the GPS reading according to all of the following requirements:

(a)(1) The GPS unit shall be enabled by the wide area augmentation system (WAAS) when each GPS reading is taken; or

(2) if the GPS unit is not capable of using the WAAS system, the unit shall be rated by the manufacturer to be accurate to within 50 feet, at least 95 percent of the time.

(b) Each GPS reading shall be taken when the GPS unit indicates that the unit is in a stationary position for a sufficient amount of time to meet the accuracy requirement of paragraph (a)(1) or (2).

(c) Each GPS reading shall be expressed in the decimal form to the fifth place.

(d) A horizontal reference datum approved by the director shall be used and reported with each GPS reading. Acceptable horizontal reference da-

tums shall include the following: North American datum (NAD) 27, North American datum (NAD) 83, and world geodetic system (WGS) 84. (Authorized by and implementing K.S.A. 55-152; effective Nov. 5, 2010.)

82-3-106. Surface casing and cement. (a)

Each operator shall set and cement surface casing pursuant to this regulation and the instructions on the notice of intent to drill approved pursuant to K.A.R. 82-3-103 before drilling to any depth to test for or produce oil or gas.

(b) Each operator shall set and cement surface casing in compliance with the following, which are hereby adopted by reference:

(1) Table I and appendix A, as incorporated in the commission order dated August 1, 1991, docket no. 34,780-C (C-1825); and

(2) appendix B, as incorporated in the commission order dated June 29, 1994, docket no. 133,891-C (C-20,079).

(c) Cementing alternatives.

(1) Alternate I cementing shall be performed as follows:

(A) A single string of surface casing shall be set from surface to the depth specified in the documents adopted in subsection (b).

(B) The surface casing shall be cemented continuously from the bottom of the surface casing string to the surface.

(2) Alternate II cementing, which includes a primary surface casing string and additional surface casing, shall be performed as follows:

(A) The primary surface casing string shall be set to a depth at least 20 feet below all unconsolidated material.

(B) The primary surface casing shall be cemented from the bottom of the primary surface casing string to the surface.

(C) All additional surface casing strings next to the borehole shall be set and cemented from the depth specified in the documents adopted in subsection (b) to the surface.

(i) The operator shall notify the appropriate district office before cementing the additional casing.

(ii) The additional cementing shall be completed within 120 days after the spud date unless otherwise provided in the documents adopted in subsection (b).

(iii) A backside squeeze shall be prohibited unless permitted by the appropriate district office with consideration of the cement evaluation method to be utilized and submitted as verification

of cement placement. "Backside squeeze" shall mean the uncontrolled placement of cement from the surface into the annular space between the primary surface casing and the additional casing.

(d) Methods and materials.

(1) The operator shall use a drill bit that is at least two and one-quarter inches larger in diameter than the surface casing, when measured from the outside of the casing.

(2) The annular space between the surface casing and the borehole shall be filled with a portland cement blend and maintained at surface level.

(3) If cement does not circulate, the operator shall notify the appropriate district office immediately and perform remedial cementing sufficient to prevent fluid migration. If the surface casing is perforated, the operator shall pressure-test the surface casing according to district office specifications to ensure mechanical integrity.

(4) The use of any material other than a portland cement blend shall be prohibited.

(5) The cemented casing string shall stand and further operations shall not begin until the cement has been in place for at least eight hours and has reached a compressive strength of 300 pounds per square inch.

(6) The operator shall install centralizers as follows:

(A) If the surface casing is 300 feet or less, a centralizer shall be installed at the top of the shoe joint.

(B) If the surface casing is more than 300 feet, a centralizer shall be installed at approximately 300 feet and at every fourth joint of casing to the bottom of the surface casing.

(7) When total depth has been reached during drilling operations, the operator or contractor shall not move the rig off of the well until the required casing has been run or the well has been plugged. All wells that are subject to the documents adopted in paragraph (b)(2) shall be exempt from the requirements in this paragraph.

(e) Each operator of a well not in compliance with this regulation shall shut the well in until compliance is achieved.

(f) Upon written, timely request by an operator, the director may provide an exception to any of the requirements of this regulation. In considering a request for an exception, the director may require the operator to provide financial assurance sufficient to cover the plugging costs for the well. Each request shall demonstrate that fresh and usable

water will be protected by the proposed exception. (Authorized by K.S.A. 2014 Supp. 55-152; implementing K.S.A. 2014 Supp. 55-152, K.S.A. 55-159, K.S.A. 55-162; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 1, 1984; amended, T-85-1, Jan. 13, 1984; amended, T-85-51, Dec. 19, 1984; amended May 1, 1985; amended May 1, 1986; amended, T-87-46, Dec. 19, 1986; amended May 1, 1987; amended May 1, 1988; amended May 8, 1989; amended April 23, 1990; amended Feb. 24, 1992; amended March 20, 1995; amended Aug. 14, 2015.)

82-3-109. Well spacing orders and basic proration orders. (a) Any interested party may file an application for a new or amended well spacing order or basic proration order. Each application shall include the following:

- (1) If the application is for amendment, a description of the amendment;
- (2) the well location and depth and the common source of supply;
- (3) a description of the acreage, with an affirmation that all of the acreage is reasonably expected to be productive from the common source of supply;
- (4) the proposed well location restriction and provisions for any exceptions;
- (5) the proposed configuration of units for purposes of acreage attribution;
- (6) a list of the persons provided notice pursuant to K.A.R. 82-3-135a and the date that notice was provided;
- (7) the factors proposed to be used in any proration formula;
- (8) the applicant's license number; and
- (9) any other relevant information required by the commission.

(b) Each applicant for a well spacing order or basic proration order or for amendments adding or deleting acreage in an existing well spacing order or basic proration order shall submit the following evidence with the application:

- (1) A net sand isopachus map of the subject common source of supply;
- (2) a geological structure map of the subject common source of supply;
- (3) to the extent practicable, a cross section of logs representative of wells in the acreage affected by the application;
- (4) data from any available drill stem test;
- (5) an economic analysis, including a reservoir or drainage study; and

(6) any other relevant information required by the commission.

(c) Each applicant shall file an application with the conservation division. The applicant shall publish notice of the application pursuant to K.A.R. 82-3-135a and notice of any hearing pursuant to K.A.R. 82-3-135.

(d) Except as otherwise specified in this subsection, the drilling of any wells within an area subject to an application for spacing or proration shall be prohibited until the commission has issued a final order on the application. However, any operator may drill a well during the pendency of the application if the well location conforms to the most restrictive location provisions in the application. (Authorized by K.S.A. 55-604, K.S.A. 55-704; implementing K.S.A. 55-603, K.S.A. 55-703a, K.S.A. 55-704; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended, T-85-51, Dec. 19, 1984; amended May 1, 1985; amended May 1, 1987; amended May 1, 1988; amended May 8, 1989; amended April 23, 1990; amended Aug. 14, 2015.)

82-3-120. Operator or contractor licenses: application; financial responsibility; denial of application; penalty. (a)(1) No operator or contractor shall undertake any of the following activities without first obtaining or renewing a current license:

- (A) Drilling, completing, servicing, plugging, or operating any oil, gas, injection, or monitoring well;
- (B) operating a gas-gathering system, even if the system does not provide gas-gathering services as defined in K.S.A. 55-1,101(a), and amendments thereto; or
- (C) constructing or operating an underground porosity gas storage facility.

Each operator in physical control of any such well or gas storage facility shall maintain a current license even if the well or storage facility is shut in or idle.

(2) Each licensee shall annually submit a completed license renewal form on or before the expiration date of the current license.

(b) To qualify for a license or license renewal, the applicant shall be in compliance with applicable laws, as required in subsection (g), and shall submit the following items to the conservation division:

- (1) An application meeting the requirements of subsection (c);
- (2) a \$100 license fee, except that an applicant for a license who is operating one gas well used

strictly for the purpose of heating a residential dwelling shall pay an annual license fee of \$25;

(3) for each rig as defined in subsection (d), a \$25 fee and copies of property tax receipts on all rigs; and

(4) financial assurance in accordance with K.S.A. 55-155(d), and amendments thereto.

(c) The application for a license or a license renewal shall be verified and filed with the commission showing the following information:

(1) The applicant's full legal name and any other name or names under which the applicant transacts or intends to transact business under the license and the applicant's correct mailing address. If the applicant is a partnership or association, the application shall include the name and address of each partner or member of the partnership or association. If the applicant is a corporation, the application shall contain the names and addresses of the principal officers;

(2) the number of rigs sought to be licensed; and

(3) any other information that the forms provided may require.

Each application for a license shall be signed and verified by the applicant if the applicant is a natural person, by a partner or a member if the applicant is a partnership or association, by an executive officer if the applicant is a corporation, or by an authorized agent of the applicant.

(d) "Rig" shall mean any crane machine used for drilling or plugging wells. An identification tag shall be issued by the commission for each rig licensed according to this regulation. The operator shall display a current identification tag on each rig at all times.

(e) "An acceptable record of compliance" shall mean that both of the following conditions are met:

(1) The operator neither has been assessed by final order of the commission with \$3,000 or more in penalties nor has been cited by final commission order for five or more violations in the preceding 36 months.

(2) The operator has no outstanding undisputed orders or unpaid fines, penalties, or costs assessed by the commission and has no officer or director that has been or is associated substantially with another operator that has any such outstanding orders or unpaid fines, penalties, or costs.

(f) Each operator furnishing financial assurance under K.S.A. 55-155(d)(1), and amendments thereto, shall also furnish a complete inventory of wells and the depth of each well for which the

operator is responsible. Each operator furnishing financial assurance under K.S.A. 55-155(d)(2), (4), (5), or (6), and amendments thereto, either shall furnish a well inventory or shall be required to furnish the \$45,000 bond, letter of credit, fee, or other financial assurance based on that amount. Falsification of the well inventory shall be punishable by a penalty of up to \$5,000 and possible suspension of the operator's license.

(g) (1) If the applicant is registered with the federal securities and exchange commission, the applicant shall demonstrate to the commission that the applicant complies with all requirements of K.S.A. 55-101 et seq. and amendments thereto, all implementing regulations, and all commission orders and enforcement agreements.

(2) If the applicant is not registered with the federal securities and exchange commission, the applicant shall demonstrate to the commission that the following individuals comply with all requirements of K.S.A. 55-101 et seq. and amendments thereto, all implementing regulations, and all commission orders and enforcement agreements:

(A) The applicant;

(B) any officer, director, partner, or member of the applicant;

(C) any stockholder owning in the aggregate more than five percent of the stock of the applicant; and

(D) any spouse, parent, brother, sister, child, parent-in-law, brother-in-law, or sister-in-law of any of the individuals specified in paragraphs (g) (2)(A) through (C).

(h) Upon approval of the application by the conservation division, a license shall be issued to the applicant. Each license shall be in effect for one year unless suspended or revoked by the commission.

(i) An application or renewal application shall be denied if the applicant has not satisfied the requirements of this regulation. Denial of a license application shall constitute a summary proceeding under K.S.A. 77-537, and amendments thereto. A denial pursuant to K.S.A. 55-155(c)(3) or (4), and amendments thereto, shall be considered a license revocation.

(j) Upon revocation of a license, no new license shall be issued to that operator or contractor until after the expiration of one year from the date of the revocation.

(k) The failure to obtain or renew an operator or contractor license before operating shall be punishable by a \$500 penalty.

(l) Each operator shall notify the conservation division in writing within 30 days of any change in information supplied in conjunction with the license application. If the change involves an increase in the number or depth of the wells listed on the operator's well inventory, the operator's notification shall be accompanied by additional financial assurances to cover the additional number or depth of wells. (Authorized by K.S.A. 55-152 and 55-1,115; implementing K.S.A. 2009 Supp. 55-155 and K.S.A. 55-164 and 55-1,115; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 8, 1989; amended April 23, 1990; amended March 20, 1995; amended Aug. 29, 1997; amended Jan. 25, 2002; amended, T-82-6-27-02, July 1, 2002; amended Oct. 29, 2002; amended Nov. 5, 2010.)

82-3-135a. Notice of application. (a) Scope. Except as otherwise provided in K.A.R. 82-3-100, 82-3-108, 82-3-109, 82-3-138, 82-3-203, 82-3-208, 82-3-209, 82-3-300, and 82-3-300a, the notice requirements in this regulation shall apply to each application for an order or permit filed pursuant to any regulation, special order, or statutory provision for the conservation of crude oil and natural gas or for the protection of fresh and usable water.

(b) Production matters. Except as otherwise provided in K.A.R. 82-3-100, 82-3-108, 82-3-109, 82-3-138, 82-3-203, 82-3-208, 82-3-209, 82-3-300, and 82-3-300a, each applicant for an order filed pursuant to K.A.R. 82-3-100 through K.A.R. 82-3-314 shall give notice of the application on or before the date the application is filed with the conservation division by mailing or delivering a copy of the application to the following:

(1) Each operator or lessee of record within a one-half mile radius of the well or of the subject acreage; and

(2) each owner of record of the minerals in unleased acreage within a one-half mile radius of the well or of the subject acreage.

(c) Environmental matters. Each applicant for an order or permit filed pursuant to K.A.R. 82-3-400 through 82-3-412 and K.A.R. 82-3-600 through 82-3-607 shall give notice of the application on or before the date the application is filed with the conservation division by mailing or delivering a copy of the application to the following:

(1) Each operator or lessee of record within a one-half mile radius of the well or of the subject acreage;

(2) each owner of record of the minerals in unleased acreage within a one-half mile radius of the well or of the subject acreage; and

(3) the landowner on whose land the well affected by the application is located.

(d) Publication of notice. Notice of the application shall be published in at least one issue of the official county newspaper of each county in which the lands affected by the application are located. In addition, notice of applications relating to production matters shall also be published in at least one issue of the Wichita Eagle newspaper.

(e) Protest. Once notice of the application is published pursuant to subsection (d), the application shall be held in abeyance for 15 days for production matters and 30 days for environmental matters, pending the filing of any protest pursuant to K.A.R. 82-3-135b. If a valid protest is filed or if the commission, on its own motion, deems that there should be a hearing on the application, a hearing shall be held. The applicant shall publish notice of the hearing pursuant to K.A.R. 82-3-135. (Authorized by K.S.A. 2012 Supp. 55-152, K.S.A. 55-704, K.S.A. 2012 Supp. 55-901; implementing K.S.A. 55-605, K.S.A. 2012 Supp. 55-901, K.S.A. 55-1003; effective April 23, 1990; amended Oct. 24, 2008; amended Aug. 16, 2013.)

82-3-203. Production allowable. (a) An allowable shall be assigned to each well in a nonprorated pool. The allowable shall be set by the following schedule and shall take effect on the date of first production:

| Depth of Producing Interval | Daily Production Allowable (barrels per well per day) |
|-----------------------------|---|
| 0-4000' | 100 |
| 4001-6000' | 200 |
| Below 6000' | 300 |

(b) Any interested party may file an application for an exception to this regulation with the conservation division. The application shall include the following:

(1) The location of the well and the acreage attributed to the well;

(2) the allowable requested;

(3) the geological name of the producing formation;

(4) the top and bottom depths of the producing formation;

(5) a list of the persons provided notice pursuant to K.A.R. 82-3-135a and the date that notice was provided; and

(6) any other relevant information that the commission may require.

(c) The applicant shall publish notice of the application pursuant to K.A.R. 82-3-135a and notice of any hearing pursuant to K.A.R. 82-3-135. (Authorized by and implementing K.S.A. 55-604; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 1, 1984; amended, T-85-51, Dec. 19, 1984; amended May 1, 1985; amended May 1, 1986; amended May 1, 1987; amended May 8, 1989; amended April 23, 1990; amended June 6, 1994; amended Aug. 14, 2015.)

82-3-206. Oil conservation assessment.

In order to pay the conservation division expenses and administration costs not otherwise provided for, an oil conservation assessment shall be made as follows:

(a) A charge of 144.00 mills on each barrel of crude oil or petroleum marketed or used each month shall be assessed to each producer. The charge and assessment shall apply only to the first purchase of oil from the producer.

(b) Each month, the first purchaser of the production shall perform the following:

(1) Deduct the assessment per barrel of oil marketed or used from the lease before paying for production;

(2) remit the assessment in a single check to the conservation division when making regular oil payments; and

(3) account for the deductions on the regular payment statements to producers, royalty owners, and other interested persons. (Authorized by K.S.A. 2017 Supp. 55-152; implementing K.S.A. 2017 Supp. 55-176; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 1, 1986; amended April 23, 1990; amended Dec. 6, 1993; amended Nov. 15, 1996; amended June 1, 2001; amended Dec. 22, 2006; amended June 15, 2018.)

82-3-207. Oil drilling unit. This regulation shall apply to all oil wells not covered by a special commission order.

(a) Standard drilling unit. The standard drilling unit shall be 10 acres, except that the standard drilling unit for the counties and well depths listed in K.A.R. 82-3-108 (b) shall be 2.5 acres.

(b) Exceptions. Exceptions to the standard drilling unit may be granted by the commission to prevent waste or to protect correlative rights. (Authorized by and implementing K.S.A. 55-604; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983;

amended May 1, 1984; amended May 1, 1986; amended May 1, 1988; amended Aug. 14, 2015.)

82-3-208. Venting or flaring of casing-head gas. (a) The venting or flaring of non-sour casinghead gas may be permitted by the director if the operator files an affidavit with the conservation division that states all of the following:

(1) The well produces 25 mcf/d or less of casing-head gas.

(2) The casinghead gas volume is uneconomic to market due to pipeline or marketing expenses.

(3) The operator has made a diligent effort to obtain a market for the gas.

(b) If the well produces more than 25 mcf/d, venting or flaring may be permitted only by commission order after consideration of the following:

(1) The availability of a market or of pipeline facilities;

(2) the probable recoverable gas reserves;

(3) the necessity for maintenance of reservoir gas pressure to maximize the recoverability of oil reserves from the formation;

(4) the feasibility of reinjecting the gas;

(5) a reasonable testing period;

(6) any anticipated change in the gas-to-oil ratio;

(7) the applicant's compliance with the department's applicable air quality regulations; and

(8) any other relevant fact or circumstance.

(c) Any interested party may file an application to vent or flare more than 25 mcf/d of casinghead gas. Each applicant shall file an application with the conservation division. The applicant shall publish notice of the application pursuant to K.A.R. 82-3-135a and notice of any hearing pursuant to K.A.R. 82-3-135.

(d) Each application shall include a list of the persons provided notice pursuant to K.A.R. 82-3-135a and the date that notice was provided.

(e) The volume of gas vented or flared under this regulation shall be metered, and the records shall be retained for at least two years. This information shall be reported to the commission semi-annually or as designated by the commission.

(f) All gas venting or flaring shall be done in a manner designed to prevent damage to property and injury to persons who are reasonably expected to be in the vicinity for work, pleasure, or business. (Authorized by K.S.A. 55-604, K.S.A. 55-704; implementing K.S.A. 55-604, K.S.A. 55-702, and K.S.A. 55-704; effective May 1, 1984; amended May 1, 1986; amended April 23, 1990; amended Jan. 14, 2005; amended Aug. 14, 2015.)

82-3-209. Flaring of sour gas. (a) Sour casinghead gas may be flared only if permitted by commission order, with consideration of the following factors:

(1) The availability of a market or of pipeline facilities;

(2) probable recoverable gas reserves;

(3) the necessity for maintenance of gas pressure in the formation;

(4) the feasibility of reinjection of sour gas;

(5) any anticipated change in the gas-oil ratio;

(6) the hydrogen sulfide content of the gas;

(7) the feasibility of desulfurization of the gas;

(8) the proposed flaring facility;

(9) the applicant's compliance with the department's air quality regulations; and

(10) any other relevant fact.

(b) Each applicant shall file an application with the conservation division. The applicant shall publish notice of the application pursuant to K.A.R. 82-3-135a and any hearing pursuant to K.A.R. 82-3-135.

(c) Each application shall include a list of the persons provided notice pursuant to K.A.R. 82-3-135a and the date that notice was provided.

(d) All sour gas flared under this regulation shall be metered and analyzed for its hydrogen sulfide content. This information shall be reported to the commission semiannually or as designated by the commission. (Authorized by K.S.A. 55-604, K.S.A. 55-704; implementing K.S.A. 55-604, K.S.A. 55-702, K.S.A. 55-703, K.S.A. 55-704; effective May 1, 1987; amended April 23, 1990; amended Aug. 14, 2015.)

82-3-304. Tests of gas wells. (a) Initial test.

(1) Each operator shall conduct a multipoint back-pressure test and a one-point stabilized flow test, as specified in K.A.R. 82-3-303, on each gas well producing at least 250 mcf per day. The tests shall be conducted within 30 days of the first gas sales. The test results shall be filed with the commission within 60 days of the first gas sales.

(2) Each operator shall conduct a 24-hour shut-in pressure test on each gas well producing less than 250 mcf per day. Each test shall be conducted within 120 days of the first gas sales. The test results shall be filed with the commission within 150 days of the first gas sales.

(b) Annual test. Before April 1 of each calendar year, each operator shall conduct a one-point stabilized flow test on each gas well producing at least 500 mcf per day. The test results shall be

filed with the commission before May 1 of each calendar year.

(c) Test witnessing. Each test shall be conducted under the supervision of the conservation division, which may have an employee witness any test. A test of any individual well may be required by the commission at any time.

(d) Coalbed natural gas exemption.

(1) Any operator of a well producing only coalbed natural gas may seek an exemption from subsection (a) or (b) by filing an application with the conservation division stating that only coalbed natural gas is produced from the well and that testing would be physically impossible or contrary to prudent practices. No well shall be exempt unless the application has been approved by the conservation division.

(2) If the exemption is granted, the exemption shall continue in effect until the well no longer meets the criteria for exemption. The operator shall notify the conservation division immediately if the well begins producing oil or gas other than coalbed natural gas or if the well characteristics change so that testing becomes possible. (Authorized by K.S.A. 55-704; implementing K.S.A. 2014 Supp. 55-164 and K.S.A. 55-703; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended April 23, 1990; amended Aug. 29, 1997; amended Jan. 25, 2002; amended Jan. 14, 2005; amended June 1, 2007; amended Oct. 23, 2015.)

82-3-307. Gas conservation assessment.

In order to pay the conservation division expenses and other costs in connection with the administration of the gas conservation regulations not otherwise provided for, an assessment shall be made as follows:

(a) A charge of 20.50 mills shall be assessed on each 1,000 cubic feet of gas sold or marketed each month. The assessment shall apply only to the first purchaser of gas.

(b) Each month, the first purchaser of the production shall perform the following:

(1) Before paying for the production, deduct an amount equal to the assessment for every 1,000 cubic feet of gas produced and removed from the lease;

(2) remit the amounts deducted, in a single check if the purchaser desires, to the conservation division when the purchaser makes regular gas payments for this period; and

(3) show all deductions on the regular payment statements to producers, royalty owners, and other interested persons.

(c) The assessment established by the commission shall not apply to gas that is being returned to the ground for repressuring purposes within the field, but shall apply to gas that is produced and removed from the lease and returned to the ground for storage purposes. (Authorized by K.S.A. 2017 Supp. 55-152; implementing K.S.A. 2017 Supp. 55-176; effective, T-83-44, Dec. 8, 1982; effective May 1, 1983; amended April 23, 1990; amended Aug. 19, 1991; amended Dec. 6, 1993; amended Nov. 15, 1996; amended June 1, 2001; amended Dec. 22, 2006; amended June 15, 2018.)

82-3-311a. Drilling through CO₂ storage facility or CO₂ enhanced oil recovery reservoirs.

(a) Each person, firm, or corporation that, for any purpose, drills or causes the drilling of a well or test hole that penetrates or bores through any stratum or formation utilized for CO₂ storage or CO₂ enhanced oil recovery shall seal off the CO₂ stratum or formation by either of the following:

(1) The methods and materials recommended by the operator of the CO₂ storage facility or CO₂ enhanced oil recovery project and approved by the director or the director's authorized representative; or

(2) any methods and materials that the director determines to be fair and reasonable.

(b) Each person, firm, or corporation specified in subsection (a) shall maintain the well or test hole in a manner that protects the stratum or formation at all times from pollution and the escape of CO₂.

(c) At least 30 days before commencing or plugging a well or test hole as specified in subsection (a), the person, firm, or corporation desiring to commence drilling or plugging operations shall give to the operator of the CO₂ storage facility or CO₂ enhanced oil recovery project and the conservation division written notice, by registered mail, of the date desired for commencement of drilling or plugging the well.

(d) Within 10 days after receipt of notice, the operator of the CO₂ storage facility or CO₂ enhanced oil recovery project shall forward to the conservation division the operator's recommendations for the manner, methods, and materials to be used in the sealing off or plugging operation. The operator of the CO₂ storage facility or CO₂ enhanced oil recovery project shall give notice of the recommendations by mailing or delivering a

copy to the person, firm, or corporation that seeks to drill or plug a well or test hole. The notice shall be mailed or delivered on or before the date on which the recommendations are mailed to or filed with the conservation division.

(e) Each objection or complaint stating why the recommendations proposed by the operator of the CO₂ storage facility or CO₂ enhanced oil recovery project are not feasible, practical, or reasonable shall be filed within five days after the recommendation is filed.

(f) If any objections or complaints are filed or if the director deems that there should be a hearing on the recommendation of the operator of the CO₂ storage facility or CO₂ enhanced oil recovery project, a hearing shall be held. Notice of the hearing shall be published according to K.A.R. 82-3-135.

(g) Following the hearing or receipt of the recommendations proposed by the operator of the CO₂ storage facility or CO₂ enhanced oil recovery project, the manner, methods, and materials to be used in the sealing off or plugging operation shall be prescribed by the director. Operations shall not commence until the director has prescribed the manner, methods, and materials to be used.

(h) The operator of the CO₂ storage facility or CO₂ enhanced oil recovery project involved may have a representative present at all times during the drilling, completing, or plugging of the well or test hole and shall have access to all records relating to the drilling, equipping, maintenance, operation, or plugging of the well.

(i) Each operator of the CO₂ storage facility or CO₂ enhanced oil recovery project involved, in conjunction with the conservation division or its representative and with the operator of the well, shall have the right to inspect or test the well to discover any leaks or defects that could affect the CO₂ storage or CO₂ enhanced oil recovery stratum or formation.

(j) The operator of the CO₂ storage facility or enhanced oil recovery project shall pay each cost necessarily incurred in sealing off the stratum or formation or in plugging, maintaining, inspecting, or testing the well, as recommended by the operator of the CO₂ storage facility or CO₂ enhanced oil recovery project and subsequently either approved or independently determined by the director or the director's representative, that exceeds the ordinary cost of operations using similar methods. (Authorized by and implementing K.S.A. 2008 Supp. 55-1637; effective Feb. 26, 2010.)

82-3-312. Gas allowables and drilling unit. This regulation shall apply to all gas wells not covered by a special commission order.

(a) Daily allowable. The daily allowable for each well shall be 50 percent of the well's actual open-flow potential, as measured by the testing procedures specified in K.A.R. 82-3-303. Each well in compliance with K.A.R. 82-3-304 shall be entitled to a minimum allowable of 250mcf per day.

(b) Coalbed natural gas exemption. Coalbed natural gas wells that are exempt from the requirements of K.A.R. 82-3-304(a) and (c) shall be exempt from subsection (a) of this regulation.

(c) Standard drilling unit. The standard drilling unit shall be 10 acres.

(d) Drilling unit exceptions. Exceptions to the standard drilling unit may be granted by the commission to prevent waste or to protect correlative rights. (Authorized by K.S.A. 55-704; implementing K.S.A. 55-703; effective May 1, 1985; amended May 1, 1986; amended May 1, 1988; amended April 23, 1990; amended Aug. 29, 1997; amended June 1, 2001; amended Jan. 25, 2002; amended Jan. 14, 2005; amended Aug. 14, 2015.)

82-3-602. Closure of pits; disposal of pit contents; closure form; drilling fluid management; surface restoration. (a) Closure of pits.

(1) Unless otherwise specified in writing by the commission, each operator shall close the following:

(A) Drilling pits or haul-off pits within 365 calendar days after the spud date of a well;

(B) workover pits within 90 days after workover operations have ceased; and

(C) settling pits, burn pits, and emergency pits within 30 days after cessation or abandonment of the lease.

(2) Any operator may request a pit permit extension of not more than three months, and the request may be granted by the director. An extension may be granted due to pit conditions or for other good cause shown by the operator. Any pit permit extension may be renewed upon additional request by the operator, but no pit permit extension shall be extended beyond six months after the original deadline. Failure to close any pit or to file an extension within the prescribed time limits specified in paragraphs (1)(A) through (C) of this subsection shall be punishable by a \$250 penalty.

(b) Disposal of pit contents. Before backfilling any pit, each operator shall dispose of the pit contents according to K.A.R. 82-3-607 and shall submit the required form pursuant to K.A.R. 82-3-608.

(c) Closure form. Each operator of a pit shall file a pit closure form prescribed by the commission within 30 days after the closure of the pit. Failure to file the pit closure form in accordance with this subsection shall be punishable by a \$100 penalty.

(d) Drilling fluid management. Each operator of a reserve pit shall report the drilling fluid management methods utilized for the reserve pit, including the chloride concentration of the drilling fluids, on the affidavit of completion required by K.A.R. 82-3-130.

(1) Except as specified in paragraph (d)(2), the chloride concentration shall be calculated according to the following portions of the American petroleum institute's "recommended practice: standard procedure for field testing water-based drilling fluids," second edition, dated September 1997, which are hereby adopted by reference:

(A) Section 10.3 on pages 21-22;

(B) appendix A; and

(C) tables 1 and 5.

(2) An alternate test for measuring the chloride concentration may be approved by the director if the alternate test is at least as accurate and precise as the required test.

(e) Surface restoration. Upon abandonment of any pit, the operator shall grade the surface of the soil as soon as practicable or as required by the commission. The surface of the soil shall be returned, as nearly as practicable, to the condition that existed before the construction of the pit. (Authorized by K.S.A. 2012 Supp. 55-152, K.S.A. 74-623; implementing K.S.A. 55-171; effective, T-87-46, Dec. 19, 1986; effective May 1, 1987; amended May 1, 1988; amended July 29, 1991; amended April 23, 2004; amended Aug. 16, 2013.)

82-3-603. Spill notification and cleanup; penalty; lease maintenance. (a) Spill prevention. Each operator shall act with reasonable diligence to prevent spills and safely confine saltwater, oil, and refuse in tanks, pipelines, pits, or dikes.

(b) Notification.

(1) Each operator shall notify the appropriate district office in accordance with subsection (c) immediately upon discovery or knowledge of any spill that has reached or threatens to reach surface water or that has impacted or threatens to impact groundwater. Each operator shall take immediate action in accordance with procedures specified or approved by the district office to contain and prevent the saltwater, oil, or refuse from reaching surface water or impacting groundwater.

(2) Except as otherwise specified in this regulation, each operator shall notify the appropriate district office of any spill, as defined in K.A.R. 82-3-101. This notification shall meet the requirements of subsection (c) and shall be made not later than the next business day following the date of discovery or knowledge of the spill.

(3) The notification requirement for spills in paragraph (b)(2) shall not apply to very minor amounts of saltwater, oil, or refuse that unavoidably or unintentionally leak or drip from pumps, machinery, pipes, valves, fittings, well rods, or tubing during the conduct of normal prudent operations and that are not confined in dikes or pits or within the vicinity of the well. This exception shall not apply to ongoing, continual, or repeated leaks or drips, or to leaks or drips that are the result of intentional spillage or abnormal operations, including unrepaired or improperly maintained pumps, machinery, pipes, valves, and fittings.

(4) For purposes of this regulation, the point of "discovery or knowledge" shall mean that point when the operator knew or reasonably should have known of the spill.

(5) The notification requirement in this subsection shall apply even if the operator knows or believes that the appropriate district office is already aware of the spill.

(c) Information required with notification. Each operator shall submit the following information in conjunction with the notification requirement in subsection (b):

- (1) The operator's name and license number;
- (2) the lease name, legal description, and approximate spill location;
- (3) the time and date the spill occurred;
- (4) a description of the spilled materials, including type and amount;
- (5) a description of the circumstances creating the spill;
- (6) the location of the spill with respect to the nearest fresh and usable water resources;
- (7) the proposed method for containing and cleaning up the spill; and
- (8) any other information that the commission may require.

(d) Penalty for failure to notify. The failure to comply with subsection (b) shall be punishable by a \$250 penalty for the first violation, a \$500 penalty for the second violation, and a \$1,000 penalty and an operator license review for the third violation.

(e) Cleanup of spill.

(1) Each operator shall clean up any spill that requires notification under this regulation in accordance with the cleanup method approved by the appropriate district office. The cleanup techniques deemed appropriate and acceptable to the appropriate district office shall be physical removal, dilution, treatment, and bioremediation. Except as otherwise required by law or regulation, each operator shall complete the cleanup of the spill within 10 days after discovery or knowledge, or by the deadline prescribed in writing by the district office.

(2) Each operator shall clean up all leaks, drips, and escapes that are excepted from notification under this regulation in accordance with cleanup techniques recognized as appropriate and acceptable by the commission. The following cleanup techniques shall be deemed appropriate and acceptable to the commission: physical removal, dilution, treatment, and bioremediation. Each operator shall accomplish this cleanup upon completion of the routine operation or condition that caused the leak, drip, or escape or within 24 hours of discovery or knowledge of the leak, drip, or escape, whichever occurs sooner.

(3) If refuse is transferred in conjunction with a cleanup pursuant to paragraph (e)(1) or (e)(2), each operator shall submit any required forms according to K.A.R. 82-3-608.

(f) Penalties. Failure to contain and clean up the spill in accordance with this regulation shall be punishable by the following penalties:

- (1) \$1,000 for the first violation;
- (2) \$2,500 for the second violation; and
- (3) \$5,000 and an operator license review for the third violation. (Authorized by K.S.A. 2012 Supp. 55-152; implementing K.S.A. 2012 Supp. 55-164, K.S.A. 55-172, K.S.A. 74-623; effective, T-87-46, Dec. 19, 1986; effective May 1, 1987; amended May 1, 1988; amended April 23, 1990; amended April 23, 2004; amended Aug. 16, 2013.)

82-3-604. Discharges into emergency pits and diked areas; removal of fluids; penalties.

(a) Notification of discharge. Each operator shall notify the appropriate district office within 24 hours of discovery or knowledge of any oil field-related discharge of five or more barrels of saltwater, oil, or refuse into an emergency pit or diked area.

(b) Removal of fluids from pit or dike. Each operator of an emergency pit or diked area shall remove any fluid from the pit or diked area with-

in 48 hours after discovery or knowledge, or as authorized by the appropriate district office, and shall dispose of the fluid according to K.A.R. 82-3-607. The operator shall submit forms pursuant to K.A.R. 82-3-608, unless the fluid is removed to an on-site tank.

(c) “Discovery or knowledge” defined. For purposes of this regulation, the point of “discovery or knowledge” shall mean that point when the operator knew or reasonably should have known of the discharge.

(d) Penalties. The failure to timely notify the district office of an oil field-related discharge into an emergency pit or diked area in accordance with subsection (a), or the failure to timely remove fluids from an emergency pit or diked area in accordance with subsection (b), shall be punishable by the following penalties:

- (1) \$250 for the first violation;
- (2) \$500 for the second violation; and
- (3) \$1,000 and an operator license review for the third violation. (Authorized by K.S.A. 2012 Supp. 55-152; implementing K.S.A. 2012 Supp. 55-164, K.S.A. 55-172, and K.S.A. 74-623; effective April 23, 1990; amended June 6, 1994; amended April 23, 2004; amended Aug. 16, 2013.)

82-3-607. Disposal of dike and pit contents. (a) Each operator shall perform one of the following when disposing of dike or pit contents:

- (1) Remove the liquid contents to a disposal well or other oil and gas operation approved by the commission or to road maintenance or construction locations approved by the department;
- (2) dispose of reserve pit waste down the annular space of a well completed according to the alternate I requirements of K.A.R. 82-3-106, if the waste was generated during the drilling and completion of the well; or

(3) dispose of the remaining solid contents in any manner required by the commission. The requirements may include any of the following:

(A) Burial in place, in accordance with the grading and restoration requirements in K.A.R. 82-3-602 (e);

(B) removal of the contents to an on-site disposal area approved by the commission;

(C) removal of the contents to an off-site disposal area on acreage owned by the same landowner or to another producing lease or unit operated by the same operator, if prior written permission from the landowner has been obtained; or

(D) removal of the contents to a permitted off-site disposal area approved by the department.

(b) Each violation of this regulation shall be punishable pursuant to K.A.R. 82-3-608(d).

(c) If refuse is transferred pursuant to this regulation, the operator shall submit forms pursuant to K.A.R. 82-3-608, unless the refuse is removed to the same on-site tank or facility from which the refuse originated. (Authorized by and implementing K.S.A. 2012 Supp. 55-152 and K.S.A. 2012 Supp. 55-164; effective April 23, 2004; amended Aug. 16, 2013.)

82-3-608. Transfer of refuse. (a) Each operator shall file a form prescribed by the commission within 30 days after the operator transfers refuse from any pit or diked area or refuse relating to any remediation or cleanup activity.

(b) The failure to timely submit the form specified in subsection (a) shall be punishable by the following penalties:

- (1) \$250 for the first violation;
- (2) \$500 for the second violation; and
- (3) \$1,000 and an operator license review for the third violation.

(c) The conservation division central office and the district offices may require any operator to transfer refuse from any pit or diked area or refuse relating to any remediation or cleanup activity, if it is reasonably likely that the refuse would cause pollution without the transfer.

(d) The failure to timely transfer refuse shall be punishable by the following penalties:

- (1) \$1,000 for the first violation;
- (2) \$2,500 for the second violation; and
- (3) \$5,000 and an operator license review for the third violation. (Authorized by and implementing K.S.A. 2012 Supp. 55-152, K.S.A. 2012 Supp. 55-164, and K.S.A. 74-623; effective Aug. 16, 2013.)

82-3-1100, 82-3-1101, 82-3-1102, 82-3-1103, 82-3-1104, 82-3-1105, 82-3-1106, 82-3-1107, 82-3-1108, 82-3-1109, and 82-3-1110. (Authorized by and implementing K.S.A. 2007 Supp. 55-1637; effective Feb. 26, 2010; revoked Aug. 14, 2015.)

82-3-1111. (Authorized by K.S.A. 2008 Supp. 55-1637 and 55-1640; implementing K.S.A. 2008 Supp. 55-1637; effective Feb. 26, 2010; revoked Aug. 14, 2015.)

82-3-1112, 82-3-1113, 82-3-1114, 82-3-1115, and 82-3-1116. (Authorized by and implementing K.S.A. 2007 Supp. 55-1637; effective Feb. 26, 2010; revoked Aug. 14, 2015.)

82-3-1117. (Authorized by and implementing K.S.A. 2008 Supp. 55-1637; effective Feb. 26, 2010; revoked Aug. 14, 2015.)

82-3-1118 and 82-3-1119. (Authorized by and implementing K.S.A. 2007 Supp. 55-1637; effective Feb. 26, 2010; revoked Aug. 14, 2015.)

82-3-1120. (Authorized by and implementing K.S.A. 2007 Supp. 55-1639; effective Feb. 26, 2010; revoked Aug. 14, 2015.)

82-3-1200. Definitions; compressed air energy storage. The terms and definitions in K.A.R. 82-3-101, with some definitions modified as follows, shall apply to these regulations for compressed air energy storage, in addition to the new terms and definitions specified: (a) "Abandonment" means the process of plugging all compressed air energy storage wells and removing all surface equipment at a storage facility.

(b) "Air" means the portion of the atmosphere, external to buildings, to which the general public has access.

(1) "Cushion air" means the volume of air maintained as permanent air storage inventory throughout compressed air energy storage operations.

(2) "Working air" means any air in a compressed air energy storage cavern or reservoir in addition to the cushion air.

(c) "Certified laboratory" means a laboratory certified by the Kansas department of health and environment.

(d) "Class I injection well" means any of the following:

(1) Any well used by a generator of hazardous waste, or an owner or operator of a hazardous waste management facility, to inject hazardous waste beneath the lowermost formation containing an underground source of drinking water within one-quarter mile of the wellbore;

(2) any industrial or municipal disposal well that injects fluids beneath the lowermost formation containing an underground source of drinking water within one-quarter mile of the wellbore; or

(3) any radioactive waste disposal well that injects fluids below the lowermost formation containing an underground source of drinking water within one-quarter mile of the wellbore.

(e) "Compressed air energy storage" means the process of compressing and injecting air into an underground geologic stratum and withdrawing the air to generate electricity.

(f) "Compressed air energy storage cavern" and "cavern" mean an underground cavity, created in a bedded salt formation by solution mining, where compressed air is stored.

(g) "Compressed air energy storage reservoir" and "reservoir" mean a porous geologic stratum, vertically separated from overlying usable water formations by a laterally continuous vertical flow barrier, where compressed air is stored.

(h) "Compressed air energy storage well" and "storage well" mean a well capable of injecting air from the surface into a cavern or reservoir, or withdrawing air from the cavern or reservoir to the surface, including any wellbore tubular good, wellhead, air flow line, brine line, and surface equipment used to maintain cavern or reservoir integrity, through the last positive shutoff valve.

(1) "Active well" means a storage well that is not in plugging-monitoring status and is not plugged.

(2) "Cavern storage well" means a storage well used to inject air into or withdraw air from a cavern.

(3) "Reservoir storage well" means a storage well used to inject air into or withdraw air from a reservoir.

(A) "Injection well" means a reservoir storage well used to inject compressed air from the surface into a reservoir.

(B) "Withdrawal well" means a reservoir storage well used to withdraw compressed air from the reservoir to the surface.

(i) (1) "Compressed air energy storage facility" and "storage facility" mean the cavern or reservoir, the leased acreage above a cavern or reservoir and within a storage facility boundary, and the following:

(A) Electrical generating facility;

(B) equipment used to maintain cavern or reservoir storage integrity;

(C) injection and withdrawal flow line, valve, and equipment connecting the electrical generating facility to a storage well; and

(D) storage well, observation well, and monitoring well.

(2) (A) "Cavern storage facility" means a storage facility that utilizes a cavern.

(B) "Reservoir storage facility" means a storage facility that utilizes a reservoir.

(j) "Corrosion control system" means any process used to prevent corrosion at a storage facility, including cathodic protection, metal coating, corrosive inhibiting fluid, and non-corrosive internal lining.

(k) "Decommission" means to declare in writing that air injection and withdrawal activities will cease at the operator's storage facility.

(l) "Electrical generating facility" means a building or area that contains the equipment used to generate electricity, including any air compressor train, recuperator, expander, and combustion turbine, but not including any brine line, air flow line located outside the electrical generating facility, or surface equipment used to maintain cavern or reservoir mechanical integrity.

(m) "Excavated mine cavity" means a rock formation with a portion of the rock material removed, not including any cavern created by solution mining.

(n) "First fill" means the process of filling the cavern storage well and cavern with air and displacing saturated brine to the surface.

(o) "Fracture gradient" means the ratio of pressure per unit of depth, measured in pounds per square inch per foot, that if applied to a subsurface formation would cause the formation to physically fracture.

(p) "Kansas board of technical professions" means the state board responsible for licensing persons to practice engineering, geology, and land surveying in Kansas.

(1) "Licensed professional engineer" means a professional engineer licensed to practice engineering in Kansas by the Kansas board of technical professions.

(2) "Licensed professional geologist" means a geologist licensed to practice geology in Kansas by the Kansas board of technical professions.

(3) "Licensed professional land surveyor" means a professional land surveyor licensed to practice land surveying in Kansas by the Kansas board of technical professions.

(q) "Leak" means any loss of air or harmful substances at the surface, including a loss from the wellhead, tubing, casing, around the packer, or an air flow line located outside an electrical generating facility.

(r) "Leak detector" means any device capable of detecting, by chemical or physical means, a leak of harmful substances or air.

(s) "License" means the revocable, written permission issued by the director to an operator to conduct compressed air energy storage activities.

(t) "Liner" means steel casing installed and cemented in the production casing.

(u) "Liquefied petroleum gas" and "LPG" mean any byproduct or derivative of oil or gas, including

propane, butane, isobutane, and ethane, maintained in a liquid state by pressure and temperature conditions.

(v) "Loss of containment" means any migration of air beyond any boundary of a cavern storage well or reservoir storage facility.

(w) "Maximum allowable operating pressure" means the maximum pressure authorized by the director and measured at the wellhead.

(x) "Maximum operating pressure" means the maximum pressure measured at the wellhead over a 24-hour period.

(y) "Monitoring well" means a well used to sample and monitor a usable water aquifer.

(1) "Deep monitoring well" means a monitoring well used to sample and monitor the deepest usable water aquifer at a storage facility.

(2) "Shallow monitoring well" means a monitoring well used to sample and monitor the shallowest usable water aquifer at a storage facility.

(z) "Natural thermal gradient" means the ratio of degrees Fahrenheit per foot that exists in a subsurface formation before any well-drilling activity.

(aa) "Normal operating condition" means that the wellhead master valve, each positive shutoff valve, and each manual valve at a storage facility can be fully opened and closed with reasonable ease and can hold pressure in the closed position.

(bb) "Observation well" means a well used to detect or monitor a loss of containment associated with a cavern or reservoir.

(cc) "Operator" means the person recognized by the director as responsible for the physical operation and control of a storage facility.

(dd) "Packer" means an expandable mechanical device used to seal off any section of a well to cement, test, or isolate the well from a completed interval.

(ee) "Permit" means the revocable, written permission issued by the director for a compressed air energy storage facility to be used by a licensee.

(ff) "Pit" means any constructed, excavated, or naturally occurring depression upon the surface of the earth. This term shall include any surface pond.

(1) "Containment pit" means a temporary pit constructed to aid in the cleanup and to temporarily contain fluids resulting from oil and gas activities that were spilled as a result of immediate, unforeseen, and unavoidable circumstances.

(2) "Drilling pit" means any pit, including reserve pits and working pits, used to temporarily confine fluid or waste generated during the drill-

ing or completion of any storage well, monitoring well, or observation well.

(3) "Emergency pit" means a permanent pit that is used for the emergency storage of fluid discharged as a result of any equipment malfunction.

(4) "Haul-off pit" means a pit used to store spent drilling fluids and cuttings that have been transferred from an area where surface geological conditions preclude the use of an earthen pit.

(5) "Reserve pit" means a pit used to store spent drilling fluids and cuttings that have been transferred from a working pit.

(6) "Settling pit" means a pit used for the collection or treatment of fluids.

(7) "Working pit" means a pit used to temporarily confine fluids or waste resulting from the drilling or completion of any storage well, monitoring well, or observation well.

(8) "Workover pit" means a pit used to contain fluids during the performance of remedial operations on a previously completed well.

(gg) "Plugged well" means a well that is filled with cement and abandoned.

(hh) "Plugging-monitoring status" means the status of a cavern storage well that is filled with saturated brine to monitor cavern pressure stabilization from the surface.

(ii) "Saturated brine" means saline water with a sodium chloride concentration greater than or equal to 90 percent.

(jj) "Solutioning" means the process of injecting fluid into a well to dissolve or remove any rocks or minerals, including salt.

(kk) "Supervisory control and data acquisition system" and "SCADA system" mean an automated surveillance system used to monitor and control storage activities from a remote location.

(ll) "Usable water" means water containing not more than 10,000 milligrams of total dissolved solids per liter. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1201. Licensing; financial assurance. (a) License required.

(1) No operator shall perform either of the following without first obtaining or renewing a license:

(A) Test, construct, convert, operate, or abandon any storage facility; or

(B) drill, complete, service, operate, or plug any storage well.

(2) Each operator shall maintain a current license until the storage facility has been abandoned

and each storage well has been plugged and abandoned, in accordance with commission regulations.

(3) Each operator shall submit a completed license renewal form to the conservation division annually on or before November 1.

(b) License requirements. Each applicant for a new license or a license renewal shall be in compliance with all applicable laws as required in subsection (f) and shall submit the following items to the conservation division:

(1) An application meeting the requirements of subsection (c);

(2) a license application fee of \$1,500;

(3) financial assurance pursuant to subsection (e); and

(4) a detailed written estimate, signed by a licensed professional engineer or licensed professional geologist, of the current cost to plug all storage wells and abandon the storage facility.

(c) License application. Each applicant for a new license or a license renewal shall file with the conservation division an application providing the applicant's contact information, full legal name, and any other names under which the applicant transacts or intends to transact business under the license. If the applicant is a partnership, association, or similar entity, the application shall include the name and address of each partner or member. If the applicant is a corporation, limited liability company, or similar entity, the application shall contain the name and address of each principal officer and the resident agent.

(d) Signature. Each applicant for a new license or a license renewal shall sign the license application. If the applicant is a partnership, association, or similar entity, at least one partner or member shall sign. If the applicant is a corporation, limited liability company, or similar entity, at least one principal officer shall sign.

(e) Financial assurance. Each operator shall provide financial assurance in an amount determined by the director. The financial assurance shall be signed as specified in subsection (d). The operator shall continue to provide financial assurance until all storage wells are plugged and abandoned and the storage facility is abandoned, according to commission regulations.

(f) Compliance with applicable laws.

(1) If the applicant is registered with the federal securities and exchange commission, the applicant shall demonstrate to the commission that the applicant complies with all requirements of K.S.A.

55-101 et seq. and K.S.A. 66-1272 through 66-1279 and amendments thereto, all implementing regulations, and all commission orders and compliance agreements. The applicant shall file a list of any past or pending administrative proceedings and court proceedings filed in Kansas in which the applicant was a party. The list shall include a brief description of the outcome of each proceeding.

(2) (A) If the applicant is not registered with the federal securities and exchange commission, the applicant shall demonstrate to the commission that the following individuals comply with all requirements of K.S.A. 55-101 et seq. and K.S.A. 66-1272 through 66-1279 and amendments thereto, all implementing regulations, and all commission orders and compliance agreements:

- (i) The applicant;
- (ii) any officer, director, partner, or member of the applicant; and
- (iii) any stockholder owning in the aggregate more than five percent of the stock of the applicant.

(B) The applicant shall file a list of any past or pending administrative proceedings and court proceedings filed in Kansas in which any person or entity listed in paragraphs (f)(2)(A)(i) through (iii) was a party. The list shall include a brief description of the outcome of each proceeding.

(g) License issuance; term. If the application is approved by the conservation division, a license shall be issued to the applicant. Each license shall be effective for a maximum of one year, unless suspended or revoked by the commission, and shall expire on January 31 of each year.

(h) Denial of application. An application for a license or a license renewal may be denied by the conservation division if the applicant has not satisfied the requirements of this regulation. Denial of a license application shall constitute a summary proceeding under K.S.A. 77-537 and amendments thereto. Denial pursuant to paragraph (f)(1) or (f)(2) shall be considered a license revocation.

(i) License revocation. If a license is revoked, no new license shall be issued to the operator or contractor until one year has passed since the revocation date and the operator has satisfied the requirements of this regulation.

(j) Notification of changes. Each operator shall notify the conservation division in writing within five business days of any change in information provided as part of the license application. If the change would result in the operator being required to provide additional financial assurances, the operator shall submit the additional financial

assurances within 30 days of the change. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1202. Signatory; signature for reports. (a) Each operator shall designate one signatory to sign and verify any permit application, amendment application, and facility permit transfer, who shall be one of the following:

(1) If the applicant is a sole proprietor, the signatory shall be that person.

(2) If the applicant is a partnership, association, or similar entity, the signatory shall be a partner or member.

(3) If the applicant is a corporation, limited liability company, or similar entity, the signatory shall be a principal officer.

(b) The signatory specified in subsection (a) shall submit a signature statement to the director on a form provided by the conservation division.

(c) Each operator shall ensure that each submitted report that is not required to be signed by a licensed professional geologist, licensed professional engineer, or licensed professional land surveyor is signed by one of the following:

- (1) A plant or operations manager;
- (2) a superintendent;
- (3) a cavern or reservoir storage specialist; or
- (4) a person holding a position with responsibility at least equivalent to those positions specified in paragraphs (c)(1) through (3). (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1203. Permit required; permit application. (a) No operator shall test, construct, convert, operate, or abandon a storage facility, or drill, complete, service, operate, or plug any storage well, without first obtaining a permit from the conservation division. No operator shall be eligible for a permit without first obtaining a license.

(b) Each operator applying for a permit shall submit a permit application on a form provided by the conservation division at least 180 days before the operator intends to perform any compressed air energy storage activities. The operator shall submit an original and two copies of the application.

(c) Each operator shall submit the following with the permit application:

- (1) The operator name and license number;
- (2) the name of the proposed compressed air energy storage facility;

(3) the permit application fee and any applicable plan fees pursuant to K.A.R. 82-3-1223;

(4) a signed statement verifying that the operator possesses the necessary surface and mineral rights for operation of the storage facility;

(5) plan view maps pursuant to subsection (d);

(6) a site selection plan pursuant to K.A.R. 82-3-1208;

(7) a drilling and completion plan pursuant to K.A.R. 82-3-1209;

(8) a storage facility integrity plan pursuant to K.A.R. 82-3-1210;

(9) if the permit application is for cavern storage, a cavern storage well workover plan pursuant to K.A.R. 82-3-1211;

(10) a storage well integrity plan pursuant to K.A.R. 82-3-1212 or K.A.R. 82-3-1213;

(11) a long-term monitoring, measurement, and testing plan pursuant to K.A.R. 82-3-1214 or K.A.R. 82-3-1215;

(12) a safety and emergency response plan pursuant to K.A.R. 82-3-1216;

(13) a plugging-monitoring status plan pursuant to K.A.R. 82-3-1218;

(14) a plugging plan pursuant to K.A.R. 82-3-1219;

(15) a decommissioning plan pursuant to K.A.R. 82-3-1221; and

(16) any other information that the conservation division may require, if clarification of submitted information is needed for the director to consider the application.

(d) Each operator shall submit the following maps with the permit application:

(1) A plan view map showing the locations of all plugged or unplugged wells of any type, including any well used for production of oil or gas, water supply or injection, solution mining, storage operations, monitoring, or corrosion control, within a one-quarter mile radius of the proposed storage facility boundary;

(2) the plan view map listed in paragraph (d)(1) overlaid with a surface topography map; and

(3) a plan view map, surface topography map, and aerial photo identifying any of the following within a two-mile radius of each proposed storage facility boundary:

(A) Manufactured surface structure, including any industrial or agricultural facility;

(B) utility having a right-of-way, including any wind generator, electrical transmission line, or pipeline;

(C) incorporated city or township;

(D) active or abandoned excavated mine cavity, including the room and tunnel layout;

(E) active or abandoned solution mining facility, including any well;

(F) active or abandoned LPG, crude oil, or natural gas storage facility, including any well;

(G) active or abandoned underground porosity gas storage facility;

(H) navigable water; and

(I) floodplain or area prone to flooding.

(e) After reviewing any permit application, one of the following shall be issued by the director:

(1) A permit pursuant to the permit application;

(2) a permit that includes additional requirements agreed upon by the applicant and the director; or

(3) a permit denial, including an explanation of why the permit is denied.

(f) Each operator shall submit the updated information in paragraphs (c)(5) through (c)(16) within 30 days of a request by the director, if updated information is necessary for full consideration of the permit application. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1204. Notice of application; publication; protest. (a) Each operator applying for a permit shall provide a copy of the application to the following:

(1) Each operator of record of a mineral lease within one-quarter mile of each boundary of the proposed storage facility;

(2) each owner of record of the minerals in unleased acreage within one-quarter mile of each boundary of the proposed storage facility; and

(3) each surface owner of land where the proposed storage facility will be located.

(b) The operator shall publish notice of the application once each week for two consecutive weeks in the official county newspaper of each county where any lands affected by the application are located, once in the Kansas register, and once in a newspaper of general circulation in Sedgwick County.

(c) The operator shall include the following information in the published notice:

(1) The name and address of the operator;

(2) a brief description of the operations that will be performed at the proposed storage facility, including whether cavern storage or reservoir storage operations will be performed;

(3) the name, address, and telephone number

of a contact person for further information, including copies of the application;

(4) the name and address of the conservation division's central office; and

(5) a brief statement that any interested party may file a protest with the conservation division within 30 days and request a hearing.

(d) Any interested party may file a protest within 30 days after publication of the notice of the application.

(1) The protest shall be submitted in writing and shall include the following information:

(A) The name and address of the protester;

(B) a clear and concise statement of the direct and substantial interest of the protester in the proceeding;

(C) if the protester opposes only a portion of the proposed application, a description of the objectionable portion; and

(D) a statement of whether the protester requests a hearing on the application.

(2) The failure to file a timely protest shall preclude the person from appearing as a protester.

(3) The protester shall serve the protest upon the applicant in the manner described in K.A.R. 82-1-216(a) at the same time or before the protester files the protest with the conservation division.

(e) The application shall be held in abeyance for 30 days from the date of last publication or delivery of notice in subsection (a), whichever is later. If a protest with a request for hearing is filed pursuant to subsection (d) within the 30-day waiting period or if the director deems that a hearing is necessary to protect public safety, usable water, or soil, a hearing on the application shall be held.

(f) The operator shall publish notice of the hearing in the same manner as that required by subsection (b). The notice shall include the following information:

(1) The information specified in paragraphs (c) (1) through (c)(4);

(2) a statement that any member of the public who is not intervening in the matter may attend the hearing without prior notice, except that each person requiring special accommodations under the Americans with disabilities act shall notify the conservation division at least 10 days before the hearing;

(3) a statement that the applicant and any intervening person shall prefile written direct testimony pursuant to K.A.R. 82-1-229; and

(4) the date, time, and location of the hearing. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1205. Permit amendment. (a) Each operator shall file an application to amend that operator's permit if any of the following conditions is met:

(1) The proposed activity would result in a substantial change to the storage facility, including a change in the rate, pressure, or volume of injected air.

(2) The proposed activity could result in a threat to public safety, usable water, or soil.

(3) The size of the storage facility would be expanded or contracted.

(4) A storage well would be drilled, or an existing well would be converted to a storage well.

(5) An amendment is necessary for the permit to meet the requirements of any statute, regulation, or commission order.

(b) Each operator seeking a permit amendment shall file a signed application to amend the permit, on a form provided by the conservation division, at least 90 days before the proposed date of the activity described in the application. The operator shall submit an original and two copies of the application to the conservation division.

(c) Notice of the amendment application and the protest period shall be as provided in K.A.R. 82-3-1204. Each protest shall address a change proposed by the application for a permit amendment. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1206. Permit transfer. (a) No operator shall transfer a permit to another operator without the prior approval of the director.

(b) The transferring operator shall notify the conservation division, on a form provided by the conservation division, of the intent to transfer the permit at least 30 days before the proposed date of the transfer.

(c) The notification shall contain the following information:

(1) The name, address, and license number of the transferring operator;

(2) the permit number and the name of the storage facility;

(3) a list of all storage wells listed on the permit;

(4) the proposed effective date of transfer;

(5) the signature of the transferring operator and the date signed;

(6) the name, address, and license number of the transferee operator;

(7) a signature statement form signed by the signatory for the transferee operator, pursuant to K.A.R. 82-3-1202; and

(8) any other information that the conservation division may require, if clarification of any of the submitted information is needed for the director to review the permit transfer.

(d) The transferee operator shall provide financial assurance pursuant to K.A.R. 82-3-1201(e) before the transfer may be approved by the director.

(e) The transferee operator shall reproduce and sign the most recent version of each plan that was previously submitted pursuant to K.A.R. 82-3-1203(c) by the transferring operator.

(f) Within 90 days of approval of a permit transfer, the transferee operator shall update the identification signs at the storage facility to include the transferee operator information. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1207. Permit modification, suspension, and cancellation. (a) A permit may be modified, suspended, or canceled by the director after notice and opportunity for hearing if any of the following conditions is met:

(1) A substantial change in the operation of the storage facility, including a change in the rate, pressure, or volume of injected air, has occurred.

(2) Material deviations from the information originally provided to the conservation division occur or are discovered and could affect the ability of the storage facility or storage wells to be operated in a manner that protects public safety, usable water, and soil.

(3) The permit, for any reason, no longer meets the requirements of any statute, regulation, or commission order.

(b) All operations at a storage facility shall cease upon suspension or cancellation of the permit for that storage facility. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1208. Site selection. (a) No operator shall test, construct, convert, or operate a storage facility without a site selection plan approved by the director. The operator shall submit a proposed site selection plan to the conservation division that includes all information specified in,

and demonstrates compliance with, subsections (b) through (k).

(b) Each operator shall submit to the conservation division an area of review evaluation, signed by a licensed professional engineer or licensed professional geologist, identifying any plugged or unplugged well of any type, including any well used for production of oil or gas, water supply or injection, solution mining, storage operations, monitoring, or corrosion control, that penetrates the storage facility and is located within one-quarter mile of any proposed boundary. The area of review evaluation shall contain any information available from public records, publicly accessible data, or the operator's records.

(1) The operator shall indicate whether each well has been properly constructed or plugged to protect public safety, usable water, and soil.

(2) The operator shall include a schedule to correct or plug any well that is not properly constructed or plugged to protect public safety, usable water, and soil, including any well that does not have adequate cement to isolate any storage cavity or storage reservoir from any reservoir in the well, or adequate cement behind the casing.

(c) Each operator shall submit the proposed boundaries of the storage facility.

(1) No reservoir storage facility boundary may be approved by the conservation division unless each reservoir storage well is located at least 150 feet from each boundary.

(2) No storage facility boundary may be approved by the conservation division unless the boundary is located at least two miles from each of the following:

(A) Active or abandoned excavated mine cavity;
(B) solution mining operation facility boundary;
(C) LPG, crude oil, or natural gas storage facility boundary;

(D) underground porosity gas storage facility boundary; and

(E) any incorporated city or organized township.

(d) (1) Each operator of a cavern storage facility shall demonstrate that any potential surface subsidence event would remain within the storage facility boundary. No cavern storage facility boundary may be approved by the director unless each of the following is located at least 100 feet from the cavern wall:

(A) Land owned by a surface owner who has not submitted to the operator a signed consent form stating that there is no objection to storage;

(B) any building or structure not owned by the cavern storage facility's owner;

(C) any utility with a right-of-way, including any wind generator, electrical transmission line, or pipeline; and

(D) any railroad, road, or highway.

(2) A distance greater than 100 feet may be required if the director determines that a greater distance is necessary to protect public safety, usable water, or soil.

(e) No cavern having a maximum horizontal diameter of greater than 300 feet may be approved by the director.

(f) Each cavern storage well shall be located so that each cavern wall is at least 100 feet from each cavern wall of any offset storage cavern. The operator shall consider the cavern spacing-to-diameter ratio, cavern pressure differentials, frequency of cavern injection and withdrawal cycles, and cavern shape, size, and depth.

(g) Each operator of a cavern storage facility shall submit the proposed salt roof thickness, which shall be at least 100 feet measured from the top of the bedded salt formation to the cavern roof, unless otherwise approved by the director.

(h) Each operator shall submit a regional geological evaluation and a local geological evaluation covering an area within one-quarter mile outside each storage facility boundary, for all formations between the surface and the top of the proposed cavern or reservoir, and all formations below the base of the proposed cavern or reservoir to a depth of 300 feet below the base.

(1) If the proposed storage facility is a cavern storage facility, the applicant shall submit the following:

(A) A structure map and stratigraphic cross section identifying any bedded salt formation proposed to be solution mined, usable water formation, regional or local fault zone, structural anomaly, salt thinning due to stratigraphic change, dissolution zone in the salt, and migration pathway that could cause a loss of containment; and

(B) an isopach map of the bedded salt formation identifying any regional or local faulting, dissolution zone in the salt, salt thinning due to any stratigraphic change, and migration pathway that could cause a loss of containment.

(2) If the proposed storage facility is a reservoir storage facility, the applicant shall submit the following:

(A) A structure map and stratigraphic cross section identifying the reservoir and any usable water

formation, regional or local fault zone, structural anomaly, structural spill point controlling the containment of air, and migration pathway that could cause a loss of containment; and

(B) an isopach map of the storage reservoir formation identifying any regional or local faulting and any migration pathway that could cause a loss of containment.

(3) Each operator shall submit an updated local geologic evaluation pursuant to subsection (h) within 30 days after any new storage well is drilled and completed, unless otherwise approved by the director.

(i) (1) Each operator shall submit the proposed layout of the storage facility and the equipment design parameters, including the minimum and maximum pressure, temperature, and flow rate requirements for the following:

(A) Each electrical generating facility component, including any compressor train used to increase air pressure, compressor intercooler or aftercooler used to reduce air temperature before injection into any cavern storage well, recuperator, expander, exhaust air stack, and fuel-fired combustion turbine;

(B) any equipment, alarm, or safety device that prevents the injection of water and moisture into a cavern;

(C) each air injection and withdrawal flow line connecting any storage well to the electrical generating facility; and

(D) any flow line, equipment, and class I injection well that is used to dispose of fluids and solids produced during storage well operations.

(2) The operator shall list any air sample location that will be used to monitor the quality of air injected into any storage well.

(3) The layout of the proposed storage facility shall include the following:

(A) Each storage well;

(B) for any plugged or unplugged cavern storage well, the cavern configuration and dimensions associated with each historical sonar survey;

(C) the corrosion control system;

(D) any well in the area of review evaluation submitted pursuant to subsection (b);

(E) any navigable water, floodplain, or area prone to flooding;

(F) any utility having a right-of-way, including any wind generator, electrical transmission line, or pipeline; and

(G) any manufactured surface structure, including any industrial or agricultural facility.

(4) Within 30 days after construction of the storage facility is completed, the operator shall submit an updated layout of the storage facility and the updated equipment design parameters to the conservation division.

(j) No person shall test, construct, convert, or operate a storage facility or drill, complete, service, plug, or operate any storage well in either of the following types of geological strata:

(1) A porous geologic stratum containing usable water; or

(2) an excavated mine cavity.

(k) No site selection plan may be approved by the director if underground communication between cavern storage wells exists. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1209. Design and construction of storage well. (a) Each operator shall drill and complete each storage well, including the conversion of an existing well of any type to a storage well or the conversion of a storage well to any other type of well, according to a drilling and completion plan signed by a licensed professional engineer or licensed professional geologist and approved by the director. The operator shall submit the plan on a form provided by the conservation division at least 90 days before the proposed date of drilling or completion. The operator shall supplement the plan by submitting open hole logs within 30 days after completing the well. The operator submitting a proposed drilling and completion plan shall include the following:

(1) (A) The operator shall submit, within 30 days of completing any well, the following open hole logs, one on a scale of five inches equals 100 feet, and one on a scale of two inches equals 100 feet, from the surface to the deeper of the base of the storage cavern or reservoir or the total depth of the storage well:

(i) Spectral gamma ray;

(ii) spontaneous potential;

(iii) density;

(iv) photoelectric;

(v) caliper;

(vi) for cavern storage wells, dipole sonic for evaluating mechanical rock properties, logged at least from the base of the cavern or the total depth of the storage well to 100 feet above the top of the confining layer of the bedded salt formation; and

(vii) neutron log, with the source registered in Kansas.

(B) The operator may submit an open hole log that is substantially similar to an open hole log specified in paragraph (a)(1)(A) if the operator demonstrates that the substitute open hole log provides sufficient data for the director to determine whether the well is constructed in a manner that protects public safety, usable water, and soil.

(2) (A) The operator shall submit, within 30 days of completing any well, the following cased hole logs, with one on a scale of five inches equals 100 feet and one on a scale of two inches equals 100 feet:

(i) Casing collar log and gamma ray;

(ii) temperature survey showing the natural thermal gradient of the cavern; and

(iii) cement evaluation log, performed after the neat cement has cured for at least 72 hours.

(B) The operator may submit a cased hole log that is substantially similar to the cased hole logs specified in paragraph (a)(2)(A) if approved by the director.

(3) The operator shall submit a water quality test performed by a certified laboratory demonstrating that there is no usable water in the proposed storage reservoir.

(4) The operator shall provide at least one core for each cavern storage facility, including both the bedded salt formation interval and a portion of the overburden. The applicant shall use core drilling procedures, a coring interval, and a core analysis that are approved by the director. The operator may use an offset storage facility core if the offset storage facility core represents the local geology at the proposed storage facility. The operator shall make the core available for inspection if requested by the director. The operator shall submit a core analysis report to the conservation division within 30 days after the core analysis is completed.

(5) (A) The core analysis shall include petrographic, geochemical, and geomechanical rock properties for the overburden and bedded salt formation at intervals approved by the director. The core analysis and the petrographic, geochemical, and geomechanical rock properties shall include the following:

(i) Indirect tensile strength tests;

(ii) triaxial compression tests; and

(iii) triaxial creep tests defining the time-dependent creep deformation characteristics of the salt.

(B) The core analysis shall include a geomechanical and geochemistry evaluation used to predict reactions between air and shale and reactions

between salt and shale, including any potential contaminant from fuel-fired combustion turbine exhaust at the electrical generating facility.

(C) The overburden pressure for the bedded salt formation shall be considered when determining geomechanical rock properties.

(D) Permeability and porosity shall be determined for any rock formations layered within the salt formation, except shale layers deposited within the salt formation or the upper confining layer of the layered salt formation.

(E) A gamma ray log of the core shall be correlated with the well's cased hole gamma ray and casing collar locator logs.

(6) The operator shall provide documents demonstrating that each storage well will be drilled and completed pursuant to subsections (b) through (u).

(b) Each operator of a storage well shall equip, complete, and operate the storage well to protect public safety, usable water, and soil, and to confine air in the tubing, production casing, and the storage cavern or reservoir.

(c) Each operator shall use only equipment that can withstand exposure to injected and withdrawn air, including surface, intermediate, and production casing, production tubing, packers, and packer elements.

(d) Each operator shall equip each storage well with surface casing.

(1) The surface casing shall be set below all usable water formations in accordance with "table I: minimum surface casing requirements," dated February 2003 and incorporated into commission order in docket number 34,780-C (C-1825), which is hereby adopted by reference.

(2) The surface casing string shall be equipped with centralizers. The number of centralizers shall be determined as follows:

(A) If the surface casing string is less than 250 feet long, the operator shall at a minimum install one centralizer on the collar of the second joint of the surface casing and one centralizer on the collar of the last joint of the surface casing.

(B) If the surface casing string is 250 feet long or more, the operator shall install the two centralizers specified in paragraph (d)(2)(A) and shall ensure that at least one centralizer is installed every four joints of casing throughout the surface casing string.

(3) The annular space between the casing and the formation shall be filled with cement, and the cement shall be circulated to the surface.

(e) Each operator shall ensure that the surface casing, production casing, and tubing strings meet the standards specified in either of the following, which are hereby adopted by reference:

(1) "Bulletin on performance properties of casing, tubing, and drill pipe," API bulletin 5C2, as published by the American petroleum institute in October 1999; or

(2) "specification for casing and tubing (U.S. customary units)," API specification 5CT, sixth edition, as published by the American petroleum institute in October 1998, including the appendices and including the errata published in May 1999, but not including the publications listed in section 2.1.

(f) Each operator shall use a casing guide shoe or equivalent device to guide and protect the surface, intermediate, and production casing.

(g) Each operator shall use surface, intermediate, and production casing and tubing strings that are either new or reconditioned and the equivalent of new and that have been pressure-tested at the greater of the storage well's maximum allowable operating pressure or the storage facility's air compressor train design. If the casing used is new, the pressure test performed at the manufacturing mill or fabrication plant shall fulfill this requirement.

(h) The operator shall use surface, intermediate, and production casing, tubing, and liners that are rated for at least 125 percent of the maximum allowable operating pressure for the storage well or 125 percent of the storage facility's air compressor train design, whichever is greater.

(i) Each operator shall equip all intermediate and production casing with centralizers and scratchers.

(j) Each operator shall ensure that any cavern storage well is constructed as follows:

(1) The production casing shall be set in the upper part of the bedded salt formation. The production casing shall not extend less than 105 feet into the upper part of the bedded salt formation unless otherwise approved by the director if the operator demonstrates that the installation of the production casing will protect public safety, usable water, and soil.

(A) No permeable formation within the bedded salt formation shall be exposed to the cavern.

(B) Each operator shall demonstrate that any shale layer within the bedded salt formation will not lose integrity if exposed to storage operations.

(2) Liners shall extend from the surface to a

depth near the bottom of the production casing, allowing room for any workover operation.

(3) Each operator shall obtain the director's approval before performing any remedial casing repair.

(k) Each operator shall ensure that each storage well is cemented as follows:

(1) Production casing set in a cavern storage well and any intermediate casing string shall be cemented with sufficient cement to fill the annular space between the casing and wellbore to the surface, including the innermost casing or liner that extends the entire length of the production casing.

(2) All intermediate or production casing strings set in a reservoir storage well shall be cemented with sufficient cement to fill the annular space either to 500 feet above the top of the storage reservoir or to the surface.

(3) The cement shall be compatible with the rock formation waters and drilling fluids. Salt-saturated cement shall be used in any bedded salt formation.

(4) Liners set in the casing shall have cement circulated from the bottom of the liner to the top of the liner. If the cement does not circulate, the annulus between the liner and casing shall be equipped to allow the annulus to be monitored and tested for mechanical integrity.

(5) Circulated cement shall have a compressive strength of at least 1,000 pounds per square inch.

(6) Each operator shall perform remedial cementing if there is evidence of either of the following:

(A) Communication between the confining zone and other horizons; or

(B) annular voids that could allow fluid contact with the casing or channeling across or above the confining zone.

(l) Each operator shall equip each reservoir storage well as follows:

(1) The well shall have a tubing and packer completion if any intermediate or production casing string does not have cement circulated to the surface or if the cement is not circulated from the bottom to the top of a liner set in the casing.

(2) The packer shall be set at a depth that is opposite a cemented interval of the production casing and no more than 50 feet above the uppermost perforation or open hole for the storage reservoir.

(m) Each operator shall equip the wellhead of any storage well with manual isolation valves and

shall equip each port on the wellhead with either a valve or blind flange, which shall be rated at the same pressure as that of the wellhead.

(n) Each operator shall ensure that the wellhead master valve on each storage well is capable of opening fully and sized to the diameter of the casing or tubing string attached to the valve. The operator shall use a wellhead master valve rated at the same pressure as that of the wellhead.

(o) Each operator shall install a leak detector at any storage well located within 330 feet of an inhabited residence, commercial establishment, church, school, park, or public building.

(p) Each operator shall equip each storage well with a corrosion control system.

(q) Each operator of a cavern storage well shall submit to the conservation division all monitoring, testing, and reporting documents, including any correspondence with the Kansas department of health and environment, relating to any solution mining operation.

(r) Each operator shall ensure that a licensed professional engineer or licensed professional geologist supervises the installation of each storage well personally or through an agent.

(s) Each operator shall post at each storage well a sign large enough to be legible under normal daytime conditions at a distance of 50 feet, which shall include the following:

(1) The operator's name and license number;

(2) the storage facility's name and the storage well number;

(3) the location of the storage well by quarter section, section, township, range, and county; and

(4) the operator's emergency contact phone number.

(t) Each operator shall submit to the conservation division all supporting documents, logs, and tests within 30 days of drilling or completing any storage well.

(u) Each operator shall use only a pit that is permitted pursuant to K.A.R. 82-3-600. Each operator shall dispose of any waste or fluid pursuant to K.A.R. 82-3-602, 82-3-603, 82-3-604, 82-3-606, and 82-3-607. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1210. Storage facility construction and integrity. (a) Each operator shall equip the storage facility according to a storage facility integrity plan signed by a licensed professional engineer and a licensed professional geologist. The

operator shall submit a storage facility integrity plan that includes the following:

(1) A description of how each storage facility will be constructed, equipped, operated, maintained, and abandoned to protect public safety, usable water, and soil; and

(2) information demonstrating that the storage facility and each storage well will meet the requirements of subsections (b) through (l).

(b) Each operator shall equip each air injection flow line and withdrawal flow line connecting the electrical generating facility to any storage well with a manually operated positive shutoff valve at the following locations:

(1) Within 20 feet of the electrical generating facility;

(2) on the wellhead of each storage well; and

(3) within 15 feet of any class I injection well located within the storage facility boundary.

(c) Each operator shall ensure that all components of the storage facility meet the following requirements:

(1) Are composed of material capable of withstanding the corrosive nature of the compressed air injected or withdrawn; and

(2) are rated at a minimum of 125 percent of either the maximum allowable operating pressure for each storage well or the air compressor train design, whichever is greater. Each operator shall ensure that the pressure ratings are clearly identified on each flow line, valve, and fitting connecting the storage facility to each storage well.

(d) Each operator shall install equipment to sample and monitor injected air quality, with the air sampling location located at least 30 feet from the electrical generating facility and at each storage well.

(e) (1) Each operator shall install the following at each cavern storage facility:

(A) Within 30 feet of the electrical generating facility or at each cavern storage well, equipment that prevents the injection of water and moisture, including any alarm and safety device; and

(B) a continuously operating SCADA system approved by the director that includes meters and gauges that measure pressure, temperature, water and moisture content, total volume, and flow rate and that automatically closes any air injection and withdrawal line, air compressor train, and brine or water line if an emergency occurs or if any pressure, temperature, total volume, or flow rate meter or gauge fails.

(2) Warning systems for the SCADA system

shall consist of pressure, temperature, water and moisture content, total volume, and flow rate sensors connected to an alarm and emergency shutdown instrumentation. The equipment shall be capable of automatically closing all of the following if an emergency occurs:

(A) Air injection and withdrawal flow lines at the storage facility;

(B) the air compressor train;

(C) the brine or water flow lines; and

(D) all wells of any type that are associated with the cavern storage facility and located within the storage facility boundary.

(3) The SCADA system circuitry shall be designed so that the failure of a pressure, temperature, water and moisture content, total volume, or flow rate meter or gauge will activate the warning system.

(4) The total volume, rate, temperature, and pressure of air injected into or withdrawn from each cavern storage well shall be measured, metered, or gauged with sufficient accuracy and precision to allow the director to determine whether the storage well is operating within the conditions in the permit. The original field record consisting of magnetic tapes, digital electronic data, meter charts, or records of air injected and withdrawn shall be retained for at least five years and made available to the conservation division upon request.

(f) Each operator shall equip each reservoir storage facility as specified in this subsection.

(1) Each operator shall install a continuously operating SCADA system that includes meters and gauges that measure pressure, total volume, and flow rate and that automatically closes any air injection or withdrawal line, air compressor train, and brine or water line if an emergency occurs or if a pressure, total volume, or flow rate meter or gauge fails.

(2) Warning systems for the SCADA system shall consist of pressure, total volume, and flow rate sensors connected to an alarm and emergency shutdown instrumentation. The equipment shall be capable of automatically closing all of the following if an emergency occurs:

(A) Air injection and withdrawal flow lines at the storage facility;

(B) the compressor train at the storage facility;

(C) brine, water, or oil flow lines; and

(D) all wells of any type that are associated with the reservoir storage facility and located within the storage facility boundary.

(3) The SCADA system circuitry shall be designed so that the failure of a pressure, total volume, or flow rate meter or gauge will activate the warning system.

(4) The total volume, rate, and pressure of air injected into or withdrawn from each reservoir storage well shall be measured, metered, or gauged with the accuracy and precision approved by the director. The original field record consisting of magnetic tapes, digital electronic data, meter charts, or records of air injected and withdrawn shall be retained for at least five years and shall be made available to the conservation division upon request.

(g) Each operator shall ensure that each SCADA system is connected by a communication link to the local control room and each remote control center.

(h) Each operator shall ensure that an audible manual warning system is available to storage facility personnel in the local control room and each remote control center.

(i) Each operator shall install and maintain a corrosion control system.

(1) Each operator shall evaluate the corrosion control system in a manner and pursuant to a schedule recommended by the system manufacturer and shall submit the results to the conservation division annually on or before April 1.

(2) Each operator shall ensure that the corrosion control system for cavern storage wells protects the following:

(A) Any storage well casing or liner;

(B) any surface equipment and injection or withdrawal flow line connecting the electrical generating facility to any storage well;

(C) any brine disposal flow line, including the last positive shutoff valve connecting the storage facility with any well of any type at the storage facility; and

(D) any surface equipment, including any brine tank and piping network used for first fill operations or conversion of an active storage well and cavern to plugging-monitoring status.

(3) Each operator shall ensure that the corrosion control system for reservoir storage wells protects the following:

(A) Any storage well casing and liner;

(B) any brine, water, or oil disposal flow line, including the last positive shut off valve connecting the storage facility with any well of any type at the storage facility; and

(C) any surface equipment and injection or withdrawal flow line connecting the electrical generating facility to any storage well.

(j) Each operator shall ensure that the storage facility is equipped with security measures to prevent access by individuals without authorization or a legal right to enter the storage facility, including the following:

(1) Each operator shall post a sign at each entrance to the storage facility large enough to be legible at 50 feet during normal daytime conditions that states the following: the storage facility name; the operator name and license number; the storage facility location by quarter section, section, township, range, and county; and the operator emergency contact phone number.

(2) Each operator shall ensure that the electrical generating facility is equipped with security lighting and surrounded by a fence located approximately 25 feet outside the electrical generating facility boundary.

(3) Each operator shall ensure that the electrical generating facility is protected from accidental damage by vehicular or shipping traffic.

(k) Each operator shall drill and complete shallow monitoring wells and deep monitoring wells to determine the initial groundwater quality and the effects of any spill or loss of containment on groundwater.

(l) Each operator shall install a leak detector at any storage well located within 330 feet of an inhabited residence, commercial establishment, church, school, park, or public building. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1211. Storage well workover.

(a) Each operator shall submit a workover plan to the conservation division at least 10 days before performing any downhole or wellhead work that involves dismantling or removing the wellhead, unless the work is only routine maintenance or the replacement of any gauge, sensor, or valve. If an emergency situation exists, the workover plan requirement may be temporarily waived by the director. Each operator shall submit a detailed summary of the work performed to the conservation division within 30 days of the completion of the workover activity.

(b) Each operator shall determine how long any cavern storage well can safely operate below the minimum allowable pressure limit or cushion air requirement to perform storage facility maintenance or storage well workover activities. If storage facility maintenance or storage well workover activities are not performed within this time

frame, the operator shall test or log the storage well according to the long-term monitoring, measurement, and testing plan.

(c) Each operator shall use, during any workover, a blowout preventer with a pressure rating that is sufficient for the anticipated workover operations.

(d) Each operator shall perform all logging procedures through a lubricator unit with a pressure rating that is sufficient for the anticipated workover operations.

(e) Each operator shall provide all relevant well information to any contractor logging a storage well or performing a workover before commencing the log or workover. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1212. Operation, monitoring, and measurement requirements for cavern storage wells. (a) Each operator shall monitor each cavern storage well according to the storage well integrity plan signed by a licensed professional engineer and a licensed professional geologist. The operator shall submit a storage well integrity plan that includes information required by, and demonstrates compliance with, subsections (b) through (n).

(b) Each operator shall monitor the quality of the air to be injected into each storage well before the commencement of storage operations and at least once every 90 days after operations have commenced. The operator shall test for fuel-fired turbine exhaust contaminants, water, and moisture.

(c) Each operator shall report the monitoring results for each cavern storage well to the conservation division, on a form provided by the conservation division, annually on or before April 1.

(d) Each operator shall monitor cavern storage wells daily. If the cavern storage wells consistently operate in a manner that appears to be protective of public safety, usable water, and soil, monitoring according to a time frame based on the air injection and withdrawal cycles may be allowed by the director.

(e) Each operator shall include in the storage well integrity plan descriptions of the equipment, processes, and criteria used to determine the pressure, temperature, water and moisture content, total volume, and air flow rate. Each operator shall report any change in the equipment, processes, and criteria by submitting updated de-

scriptions to the conservation division within 30 days after the change.

(f) Each operator shall install, within 30 feet of the electrical generating facility or at each cavern storage well, equipment including any alarm and safety device that prevents the injection of water and moisture.

(g) Each operator shall equip each cavern storage well with sensors and safety devices to continuously monitor the well and prevent the well from operating outside of the allowable operating limits for pressure, temperature, water and moisture, total volume, and air flow rate. If the cavern storage well is constructed with tubing and a packer, the sensors and safety devices shall also monitor the pressure in the annulus between the casing and tubing for any unexpected increase or decrease in pressure.

(1) The sensors shall be capable of recording maximum and minimum values during a 24-hour period.

(2) Each operator shall submit any monitoring data, including historic continuous monitoring, to the conservation division within 48 hours of a request by the conservation division.

(h) Each operator shall ensure that any cavern storage well conforms to the maximum allowable operating pressure according to the following requirements:

(1) The operator shall perform a site-specific geomechanical core analysis of the fracture gradient that is calibrated to the open hole log for each storage well and determines mechanical rock properties for the bedded salt formation.

(2) The operator shall not subject the cavern to pressures in excess of the maximum allowable operating pressure associated with abnormal operating conditions, including pressure pulsations from the electrical generating facility.

(3) No operator shall allow the maximum allowable operating pressure or test pressure to exceed the lower of either 80 percent of the fracture gradient for the cavern measured in PSIG or 0.8 pounds per square inch per foot of depth, measured at the higher elevation of either the casing seat or the highest interior elevation of the cavern roof.

(i) If underground communication exists between cavern storage wells due to fracturing or coalescing, each operator shall immediately plug all cavern storage wells that are in communication according to a plugging plan submitted pursuant to K.A.R. 82-3-1219.

(j) Each operator shall operate any cavern storage well according to the minimum allowable operating pressure according to site-specific geomechanical studies from core analysis or any representative offset operating history, including any site-specific geomechanical core analysis for LPG, natural gas, or crude oil storage facilities.

(k) Each operator shall operate any cavern storage well within the injection and withdrawal rates and based on casing and tubing limitations, the placement of any production tubing and packer in relation to the salt roof, the stability of the cavern, and the flow rate requirements for the electrical generating facility.

(l) Each operator shall operate each cavern storage well at or below the maximum wellhead temperature based on the natural thermal gradient of the cavern, air temperature variations due to injection and withdrawal operations, heat transfer across the storage cavern wall, and core analysis of the bedded salt formation.

(m) The wellhead injection temperature and the normal thermal gradient of the salt formation shall be in a range that will not significantly increase the time-dependent salt creep of the bedded salt formation.

(n) The operator shall develop an inventory balance plan, as part of the cavern storage well integrity plan, that demonstrates the maximum air injection or withdrawal volume from each storage well. The inventory balance plan shall include the cushion air and working air volumes. The operator shall reevaluate the inventory balance plan whenever monitoring, testing, or logging data indicate that a change in cavern volume has occurred. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1213. Operation, monitoring, and measurement requirements for reservoir storage wells. (a) Each operator shall monitor each reservoir storage well according to a storage well integrity plan signed by a licensed professional engineer and a licensed professional geologist. The operator shall submit a storage well integrity plan that includes information pursuant to, and demonstrates compliance with, subsections (b) through (i).

(b) Each operator shall monitor the quality of air to be injected into each reservoir storage well before the commencement of storage operations and at least once each 12 months after storage operations commence. The analysis of the quality

of air shall include consideration of fuel-fired turbine exhaust contaminants.

(c) Each operator shall evaluate the formation water in the reservoir before commencing storage operations.

(d) Each operator shall report the monitoring results for each reservoir storage well to the conservation division, on a form provided by the conservation division, annually on or before April 1.

(e) Each operator shall monitor each reservoir storage well daily. If the reservoir storage well consistently operates in a manner that appears to be protective of public safety, usable water, and soil, monitoring on a time frame based on the air injection and withdrawal cycles may be allowed by the director.

(f) Each operator shall include in the reservoir storage well integrity plan a description of the equipment, processes, and criteria used to determine pressure, total volume, and air flow rate wellhead conditions. Each operator shall monitor and report the pressure, total volume, and air flow rate. If the reservoir storage well is constructed with tubing and a packer, the operator shall also monitor and report the pressure in the annulus between the casing and tubing for any unexpected increase or decrease.

(g) (1) Each operator shall ensure that any reservoir storage well is operated at or below the maximum allowable operating pressure and based on either of the following criteria:

(A) Site-specific geomechanical core analysis of the fracture gradient calibrated to the open hole log for each storage well that determines mechanical rock properties; or

(B) sufficient testing of the reservoir.

(2) The operator shall not subject the reservoir to pressures in excess of the maximum allowable operating pressure associated with abnormal operating conditions, including pressure pulsations from the electrical generating facility.

(3) No operator shall allow the maximum allowable operating pressure to exceed the lower of either 80 percent of the fracture gradient for the storage reservoir or 0.8 pounds per square inch per foot of depth, measured at the top of the reservoir.

(h) Each operator shall operate any reservoir storage well within the injection and withdrawal rates based on casing and tubing limitations, the formation compressibility of the reservoir, and the flow rate requirements for the electrical generating facility.

(i) The operator shall develop an inventory balance plan as part of the reservoir storage well integrity plan that demonstrates the maximum air injection or withdrawal volume for each storage well. The storage volume calculations shall include the cushion air and working air volumes. The operator shall reevaluate the inventory balance plan whenever an additional storage well is drilled and completed. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1214. Long-term monitoring, measurement, and testing for cavern storage facilities and cavern storage wells. (a) Each operator shall perform long-term monitoring, measurement, and testing on any cavern storage facility and cavern storage well pursuant to a long-term monitoring, measurement, and testing plan signed by a licensed professional engineer, a licensed professional geologist, and a licensed professional land surveyor. The operator shall submit a long-term monitoring, measurement, and testing plan that includes the information required by, and demonstrates compliance with, subsections (b) through (n) and includes the information specified in this subsection.

(1) Each operator shall determine the thickness of the salt roof for each cavern storage well with a gamma ray and density log.

(2) Each operator shall demonstrate that each cavern storage well has internal mechanical integrity by performing a nitrogen-brine interface test, liquid-brine interface test, hydraulic casing test, or storage well and cavern pressure test. If the well is constructed with tubing and a packer, the operator may demonstrate internal mechanical integrity by performing a pressure test of the production tubing and production casing annulus.

(3) Each operator shall demonstrate that all cavern storage wells and all caverns have external mechanical integrity by performing a nitrogen-brine interface test, liquid-brine interface test, or storage well and cavern pressure test.

(4) The operator shall evaluate the cement outside the production casing with a cement evaluation log verifying that the cement is adequately bonded, including any innermost casing or liner that extends the entire length of the production casing.

(5) Each operator shall meet the long-term monitoring, measurement, and testing requirements in paragraphs (a)(1), (a)(2), (a)(3), and (a)(4) according to the following:

(A) At least once each five years;
(B) before first fill operations commence;
(C) after first fill operations have been completed;

(D) after any workover involving production casing cemented in the bedded salt formation or the innermost casing or liner that extends the entire length of the production casing;

(E) after converting the storage well to plugging monitoring status;

(F) before commencing plugging operations, if the most recent tests or logs were not performed within the previous five years; and

(G) whenever required by the director, if the director determines that it is necessary to protect public safety, usable water, or soil.

(6) Each operator shall monitor the cavern's storage capacity and geometry with a sonar survey according to the following:

(A) Before first fill operations commence;

(B) after any storage well is converted to plugging-monitoring status;

(C) before plugging the storage well, if the sonar survey was not performed within the previous five years; and

(D) whenever required by the director, if the director determines that it is necessary to protect public safety, usable water, or soil.

(7) Each operator shall evaluate the production casing set and cemented in the bedded salt formation or the innermost casing or liner that extends the entire length of the production casing with a magnetic flux log if the conservation division determines that it is necessary to protect public safety, usable water, or soil.

(8) Each operator shall demonstrate every two years that surface ground subsidence is not occurring at the storage facility by performing a land survey at each storage well until the storage facility is abandoned.

(b) Each operator performing a nitrogen-brine mechanical integrity test to demonstrate internal or external mechanical integrity shall ensure that the test is witnessed by a licensed professional engineer and shall use a pressure for the nitrogen-brine test pressure that is equal to the maximum allowable operating pressure.

(1) The cavern storage well shall be considered to have internal mechanical integrity if the calculated nitrogen leak rate is less than 100 barrels of nitrogen per year.

(2) The cavern storage well and cavern shall be considered to have external mechanical integrity

ty if the calculated nitrogen leak rate is less than 1,000 barrels of nitrogen per year.

(c)(1) Each operator performing a liquid-brine mechanical integrity test to demonstrate internal or external mechanical integrity shall ensure that the test is witnessed by a licensed professional engineer and shall meet the following requirements:

(A) Use a type of liquid that allows verification of mechanical integrity without harming the cavern storage well or cavern storage facility; and

(B) use a pressure for the liquid test pressure that is equal to the maximum allowable operating pressure.

(2) The cavern storage well shall be considered to have internal mechanical integrity if the calculated liquid leak rate is less than 10 barrels of liquid per year.

(3) The cavern storage well shall be considered to have external mechanical integrity if the calculated liquid leak rate is less than 100 barrels of liquid per year.

(d) Each operator performing a storage well and cavern pressure test shall test the well at the maximum allowable operating pressure. The operator shall first monitor the conditions at the wellhead until the pressure variations at the wellhead can reasonably be shown to correlate with ambient temperature changes. Then the operator shall monitor the surface shut-in pressure for at least 24 hours. The well shall be considered to have internal and external mechanical integrity if the pressure does not vary by more than three percent, with adjustments made to the pressure for changes in temperature.

(e) Each operator performing a hydraulic casing test shall meet the following requirements:

(1) The operator shall set a retrievable bridge plug or packer in the storage well within 25 feet of the top of the cavern.

(2) The operator shall test the storage well at the maximum allowable operating pressure. The operator shall test the well for at least 30 minutes, and the well shall be considered to have internal mechanical integrity if the pressure does not decrease by more than 10 percent.

(f) Any operator may perform a pressure test of the production tubing and production casing annulus if the well is constructed with tubing and a packer. The operator performing a pressure test of the production tubing and production casing annulus shall use a minimum fluid pressure of 300 psig applied to the tubing casing annulus at the surface for a period of 30 minutes. Internal

mechanical integrity shall be demonstrated if the applied pressure does not decrease by more than 10 percent.

(g) Any operator may use an alternative method for the long-term monitoring, measurement, and testing activity if approved by the director. The alternative method shall be approved by the director if this method will allow the conservation division to verify mechanical integrity according to the following information submitted by the operator:

(1) A description of the alternate method and the theory for its operation;

(2) a description of the conditions at the cavern storage well that are necessary for the use of the alternate method;

(3) specifications of the logging tool, survey, or test, including the tool dimensions, maximum temperature and pressure rating, recommended logging speed, approximate image resolution, and casing or hole size range;

(4) the procedure for interpreting the results of the alternate method; and

(5) an interpretation of the results after the alternate method has been used.

(h) No operator shall inject air into or withdraw air from a cavern storage well that fails to demonstrate mechanical integrity through the performance of any test or log in subsections (a) through (g) until the well has been repaired, if necessary, and successfully retested.

(i) Each operator shall submit the long-term monitoring, measurement, and testing plan at least 60 days before commencing any long-term monitoring, measurement, and testing activity. Each operator shall ensure that an employee witnesses any activity. The operator shall schedule the activity to facilitate witnessing by a conservation division agent.

(j) Each operator shall submit a summary, including all supporting documents, of the long-term monitoring, measurement, or testing activity to the conservation division within 30 days after completion.

(k) On or before April 1 of each year, each operator shall submit a report and all supporting documents to the conservation division, on a form provided by the conservation division, listing any activity in subsection (a) performed during the previous calendar year at any storage well.

(l) Each operator shall monitor, measure, sample, and report water quality at any shallow monitoring well and deep monitoring well in a manner that allows the director to determine whether

groundwater has been affected by any spill or loss of containment.

(m) Each operator shall monitor, measure, and sample at any leak detector in a manner that allows the director to determine that leaks are not occurring.

(n) Each operator shall ensure that a professional land surveyor performs a land survey for each cavern storage well every two years, pursuant to the following requirements:

(1) The operator shall report to the conservation division the method used in performing the elevation survey.

(2) The operator shall report to the conservation division the criteria used to establish any monument, benchmark, and wellhead survey point.

(3) The operator shall monitor subsidence by performing level measurements with an accuracy of .01 foot. The operator shall report changes in excess of .1 foot to the conservation division within 24 hours of actual knowledge.

(4) The operator shall not change any benchmark without approval by the director. If a benchmark is changed, the operator shall report the elevation change from the previous benchmark to the conservation division.

(5) The operator shall report the elevation to the conservation division before and after any wellhead work that results in a change in the survey point at the wellhead.

(6) The operator shall submit the survey reports, including certified and stamped field notes, to the conservation division within 90 days after completion of the survey. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1215. Long-term monitoring, measurement, and testing for reservoir storage facilities and reservoir storage wells. (a) Each operator shall perform long-term monitoring, measurement, and testing for each reservoir storage facility and reservoir storage well pursuant to a long-term monitoring, measurement, and testing plan signed by a licensed professional engineer and a licensed professional geologist. Each operator shall submit a long-term monitoring, measurement, and testing plan that includes the information required by, and demonstrates compliance with, subsections (b) through (j) and includes the information specified in this subsection.

(1) Each operator shall demonstrate that each reservoir storage well has internal mechanical in-

tegrity by using a hydraulic casing test or, if the well is constructed with tubing and packer, a pressure test of the production tubing and production casing annulus.

(2) Each operator shall demonstrate that each reservoir storage well has external mechanical integrity by running gamma ray, neutron, noise, and temperature logs from 50 feet above the point of injection continuously to the surface. A depth lower than 50 feet may be required by the director if the director deems that this requirement is necessary to determine whether the reservoir storage well has external mechanical integrity.

(3) Each operator shall meet the long-term monitoring, measurement, and testing requirements in paragraphs (a)(1) and (a)(2) according to the following:

(A) At least once each five years;

(B) after any workover involving the production casing cemented in the storage reservoir or the innermost casing or liner inside the production casing;

(C) before commencing plugging operations if the most recent tests or logs were not performed within the previous five years; and

(D) whenever required by the director, if the director determines that it is necessary to protect public health, usable water, or soil.

(4) Each operator shall evaluate the production casing or innermost casing or liner that extends the entire length of the production casing with a magnetic flux log if the director determines that it is necessary to protect public safety, usable water, or soil.

(b) Each operator performing a hydraulic casing test shall perform the following:

(1) The operator shall set a retrievable bridge plug or packer in the storage well opposite a cemented interval at a point immediately above the uppermost perforation or open-hole interval.

(2) The operator shall test the storage well at the maximum allowable operating pressure. The operator shall test the well for at least 30 minutes, and the well shall be considered to have internal mechanical integrity if the pressure does not decrease by more than 10 percent.

(c) Any operator may perform a pressure test of the production tubing and production casing annulus if the well is constructed with tubing and a packer. The operator performing a pressure test of the production tubing and production casing annulus shall apply a minimum fluid pressure of 300 psig to the tubing casing annulus at the sur-

face for 30 minutes, and the well shall be considered to have mechanical integrity if the pressure does not decrease by more than 10 percent.

(d) Any operator may use an alternative method for the long-term monitoring, measurement, and testing activity if approved by the director. The alternative method shall be approved by the director if this method will allow the conservation division to verify mechanical integrity according to the following information submitted by the operator:

(1) A description of the alternate method and the theory for its operation;

(2) a description of the reservoir storage well conditions necessary for the use of the alternate method;

(3) specifications for the logging tool, surveys, or tests including the tool dimensions, maximum temperature and pressure rating, recommended logging speed for the tool, approximate image resolution, and casing and hole size range;

(4) the procedure for interpreting the results of the alternate method; and

(5) an interpretation of the results after the alternate method has been used.

(e) No operator shall inject air into or withdraw air from a reservoir storage well that fails to demonstrate mechanical integrity through the performance of any test or log in subsections (a) through (d), until the storage well is repaired, if necessary, and successfully retested.

(f) Each operator shall submit the long-term monitoring, measurement, and testing plan at least 60 days before commencing any long-term monitoring, measurement, and testing activity. Each operator shall ensure that an employee witnesses any activity. The operator shall schedule the activity to facilitate witnessing by a conservation division agent.

(g) Each operator shall submit a summary, including all supporting documents, of the long-term monitoring, measurement, or testing activity to the conservation division within 30 days after completion of the activity.

(h) Each operator shall submit a report to the conservation division, annually on or before April 1 on a form provided by the conservation division, listing any activity in subsection (a) performed on any reservoir storage well during the previous calendar year.

(i) Each operator shall monitor, measure, sample, and report water quality at any shallow monitoring well and deep monitoring well in a manner

that allows the director to determine whether groundwater has been affected by any spill or loss of containment.

(j) Each operator shall monitor, measure, and sample at any leak detector in a manner that allows the director to determine that leaks are not occurring. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1216. Safety and emergency response plan.

(a) Each operator shall construct, convert, operate, and abandon the storage facility in accordance with a safety and emergency response plan signed by a licensed professional engineer or licensed professional geologist. The operator shall submit a safety and emergency response plan that includes the following:

(1) Brine spill and flood assessment, which shall meet the following requirements:

(A) The applicant shall identify on a map the location of any navigable water, floodplain or area prone to flooding, and potential drainage path of a brine spill to navigable water, within a two-mile radius of each storage facility boundary;

(B) the applicant shall submit the design criteria for any storage well and facility equipment located in an area prone to flooding; and

(C) the applicant shall submit procedures for responding to a brine spill and flood that address water containment and soil remediation and state the names of specific contractors and equipment vendors available to respond to an emergency;

(2) procedures to respond to the following:

(A) Surface subsidence event;

(B) unexpected air release;

(C) storage well drilling, completion, workover, conversion to plugging-monitoring status, and plugging; and

(D) storage well blowout;

(3) a description of the storage facility communication, warning, alarm, manual and automatic shutdown, and SCADA systems; and

(4) an identification of potential risks to the storage facility from activities performed at any facilities located within two miles of each storage facility boundary, including any utility having a right-of-way, road, highway, or railroad.

(b) Each operator shall perform a review of the safety and emergency response plan with storage facility field staff at least once every 12 months and at any additional time required by the director if conditions indicate that additional reviews

are necessary to ensure that public safety, usable water, and soil are protected. The operator may request, for good cause, an extension to perform the annual review, which may be granted by the director. The review shall address the following:

(1) Emergency procedures in response to surface subsidence, cavern collapse, brine spill, air release, storage well blowout, and flooding if the storage facility is located on a floodplain or in an area prone to flooding;

(2) the company name, telephone number, and contact person for any utility having a right-of-way within one-quarter mile of the storage facility boundary, including any wind generator, electrical transmission line, and oil or gas pipeline;

(3) names of specific contractors and equipment vendors capable of providing necessary services and equipment in response to an emergency;

(4) the address and phone number for each person within one-quarter mile of the storage facility boundary;

(5) procedures to coordinate an emergency response with any local emergency planning entity;

(6) a report of the safety training drills that occurred during the previous year, including a list of attendees and the date each drill was performed;

(7) a report of the safety meetings that occurred during the year, including a list of attendees and the date each safety meeting occurred; and

(8) a review of the safety plan to ensure that the plan is current and correct.

(c) Each operator shall notify the conservation division at least 30 days before the annual review. The operator shall schedule the review on a date that facilitates attendance by an agent of the conservation division. Each operator shall submit a written summary of the annual review to the conservation division within 30 days after the review.

(d) Each operator shall maintain a copy of the safety and emergency response plan at the storage facility and at the company headquarters. Each operator shall provide the conservation division with a copy of the safety and emergency response plan within 48 hours of receipt of the request.

(e) Each operator shall provide a copy of the applicable portions of the safety and emergency response plan to any public or private entity involved with the implementation of the safety and emergency response plan.

(f) Each operator shall update the safety and emergency response plan at least once every 12 months, after any change in safety features at the storage facility, after the approval of an applica-

tion to amend, transfer, or modify the permit, and upon the director's determination that an update is necessary to protect public safety, usable water, or soil. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1217. Safety inspection. (a) Each operator shall perform a safety inspection of the storage facility at least once every 12 months. One extension of one month for the performance of the safety inspection may be granted by the director, upon written request. Each operator shall ensure that all of the following conditions are met in the safety inspection:

(1) Each automatic shut-in safety valve at the surface is in normal operating condition and each alarm is operating.

(2) Each wellhead and any equipment attached to the wellhead is connected and functioning.

(3) Each valve, annulus, and blowdown opens and closes with reasonable ease, including the storage wellhead manual valve.

(4) Each communication link between any control room and remote control center is connected and functioning.

(5) The SCADA system is connected and functioning.

(6) The wellhead pressure monitoring associated with the plugging-monitoring status plan is in working order.

(7) Each corrosion control system is functioning.

(8) Each sign is properly posted, updated, and maintained.

(9) The safety fences or barriers, security equipment, and lighting are properly installed and maintained.

(b) Each operator shall notify the conservation division of the inspection at least 30 days before the inspection. Each operator shall schedule the inspection to facilitate the presence of an agent of the conservation division.

(c) Each operator shall submit to the conservation division a written report that includes the inspection procedures and results. The report shall be submitted within 30 days after the safety inspection.

(d) Each operator shall maintain the following at the storage facility and at the operator's main office in Kansas, for inspection by the conservation division:

(1) The maps specified in K.A.R. 82-3-1203(d);

(2) the local geological evaluation specified in K.A.R. 82-3-1208(h); and

(3) the layout of the storage facility specified in K.A.R. 82-3-1208(i). (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1218. Plugging-monitoring status.

(a) Any operator may place a cavern storage well in plugging-monitoring status according to a plugging-monitoring status plan signed by a licensed professional engineer or licensed professional geologist. The operator shall submit the plugging-monitoring status plan at least 60 days before placing the cavern storage well in plugging-monitoring status.

(b) Each operator submitting a plugging-monitoring status plan shall include the following:

(1) The portion of the safety and emergency response plan specified in K.A.R. 82-3-1216 that is applicable to the plugging-monitoring status plan;

(2) the saturated brine information, including the source, volume, transportation logistics, and time necessary to fill each cavern storage well;

(3) the storage well filling, monitoring, and reporting procedures used to ensure that saturated brine will stabilize the cavern;

(4) a list of additional storage well requirements and storage facility equipment, including wellhead gauges, surface brine tanks, pumps, and piping network used in implementing the plugging-monitoring status plan;

(5) a wellbore schematic of the storage well;

(6) a record of each historical internal and external mechanical integrity test, salt roof thickness evaluation log, cement evaluation log, casing inspection log, and sonar survey for the cavern storage well;

(7) a schedule to perform sonar surveys and internal and external mechanical integrity tests after the storage well is filled with saturated brine;

(8) a schedule to perform surface pressure monitoring at the wellhead to determine whether the cavern storage well has been stabilized;

(9) a cost estimate of converting the cavern storage well to plugging-monitoring status;

(10) updated maps specified in K.A.R. 82-3-1203(d);

(11) the updated local geological evaluation specified in K.A.R. 82-3-1208(h); and

(12) the updated layout of the storage facility specified in K.A.R. 82-3-1208(i).

(c) The operator shall perform additional testing or logging before placing the cavern storage well in plugging-monitoring status if required

by the conservation division due to the absence of current logs or tests or due to a lack of cavern storage well mechanical integrity that could result in a threat to public safety, soil, or usable water.

(d) Each operator converting an active cavern storage well to plugging-monitoring status shall fill the cavern storage well with saturated brine pursuant to the plugging-monitoring status plan. The operator shall submit all documents, logs, and tests regarding the conversion to the conservation division within 30 days after the storage well is converted.

(e) Each operator of a cavern storage well in plugging-monitoring status shall monitor the surface wellhead pressure with a pressure transducer connected to a SCADA system. The operator shall, within 24 hours of actual knowledge, report to the director any unexpected increase or decrease in the surface wellhead pressure, including a description of whether the condition threatens public safety, usable water, or soil. The operator shall perform any additional testing, logging, or other measures required by the conservation division to determine whether the increase or decrease indicates potential harm to public safety, usable water, or soil.

(f) Each operator shall submit a report to the conservation division each year on or before April 1, on a form provided by the conservation division, listing the monitored wellhead pressure of each well in plugging-monitoring status.

(g) No operator shall convert a storage well in plugging-monitoring status to an active well without the director's prior written approval. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1219. Storage well plugging. (a) Any operator may plug any storage well pursuant to a well plugging plan signed by a licensed professional engineer or licensed professional geologist. Each plugging plan for a cavern storage well shall also be signed by a licensed professional land surveyor. The operator shall submit the plugging plan to the conservation division at least 60 days before the anticipated plugging date.

(b) Each operator submitting a plugging plan for any cavern storage well shall include the following:

(1) The portion of the safety and emergency response plan specified in K.A.R. 82-3-1216 that is applicable to the well plugging plan;

(2) a wellbore schematic of the storage well to be plugged;

(3) the updated local geological evaluation specified in K.A.R. 82-3-1208(h) and the updated layout of the storage facility specified in K.A.R. 82-3-1208(i);

(4) a record of each historical internal and external mechanical integrity test, salt roof thickness evaluation log, cement evaluation log, casing inspection log, and sonar survey for the storage well;

(5) evidence regarding whether the wellhead pressure for the cavern storage well has stabilized according to the plugging-monitoring status plan;

(6) procedures to set a mechanical bridge plug or other control device in the long string casing;

(7) procedures to place a cement plug above the storage cavern by a method that will prevent migration of fluid into or out of the storage cavern;

(8) procedures to establish a monument at the surface for elevation survey purposes for monitoring ground subsidence;

(9) procedures to perform land surveys every two years until the storage facility is abandoned pursuant to commission regulations; and

(10) a reasonable estimate of the cost to plug each cavern storage well currently in plugging-monitoring status.

(c) The operator of a cavern storage well shall perform additional testing or logging before plugging the cavern storage well if required by the conservation division due to the absence of current logs or tests or due to a lack of mechanical integrity of the cavern storage well that could result in a threat to public safety, usable water, or soil.

(d) Each operator shall plug any cavern storage well in plugging-monitoring status according to the plugging plan if both of the following conditions are met:

(1) The cavern storage well has been in plugging-monitoring status for at least five years.

(2) The director determines that the cavern storage well has been stabilized according to the plugging-monitoring status plan.

(e) (1) Each operator submitting a well plugging plan for any reservoir storage well shall include the following:

(A) The portion of the safety and emergency response plan specified in K.A.R. 82-3-1216 that is applicable to the well plugging plan;

(B) a wellbore schematic of the storage well to be plugged;

(C) the updated local geological evaluation specified in K.A.R. 82-3-1208(h) and the updated layout of the storage facility specified in K.A.R. 82-3-1208(i);

(D) a record of each historical internal and external mechanical integrity test, cement evaluation log, and casing inspection log;

(E) procedures to set a mechanical bridge plug or other control device in the long string casing;

(F) procedures to place a cement plug above the storage reservoir by a method that will prevent migration of fluid into or out of the storage reservoir; and

(G) a reasonable estimate of the cost to plug each reservoir storage well.

(2) The operator shall perform additional testing or logging before plugging the reservoir storage well if required by the conservation division due to the absence of current logs or tests or due to a lack of mechanical integrity of the reservoir storage well that could result in a threat to public safety, usable water, or soil.

(f) Each operator shall plug any storage well within a time frame specified by the director if the director determines that the storage well presents a danger to public safety, usable water, or soil.

(g) Each operator shall submit a well plugging report within 30 days after plugging any storage well. This report shall contain the following information:

(1) The date the storage well was drilled and completed;

(2) the location of the storage well;

(3) the method used to plug the storage well; and

(4) any other information that is necessary to allow the director to determine whether the well was plugged in a manner that will protect public safety, usable water, and soil. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1220. Temporary abandonment of reservoir storage wells and reservoir storage facilities.

(a) Each operator of a reservoir storage well shall, within 90 days after any reservoir storage well ceases operation, plug the storage well according to K.A.R. 82-3-1219 or file an application with the conservation division requesting temporary abandonment status, on a form provided by the conservation division.

(1) An application for temporary abandonment status may be approved by the director for one year if approval will not threaten public safety, usable water, or soil. Each operator shall file any subsequent one-year application before the expiration of the previous approved temporary abandonment period. No well that has been tem-

porarily abandoned for 10 years or longer shall be approved for temporary abandonment status.

(2) If a temporary abandonment application is denied, the operator shall plug the well pursuant to K.A.R. 82-3-1219.

(b) Any operator of a reservoir storage facility may request temporary abandonment status for the storage facility. The operator shall submit a written application to the conservation division for temporary abandonment at least 90 days before the temporary abandonment. The application shall include the following:

(1) The date the storage facility will be temporarily abandoned;

(2) the projected temporary abandonment period, which shall be less than 10 years;

(3) the monitoring procedures to be used during temporary abandonment;

(4) temporary abandonment applications for each reservoir storage well, pursuant to subsection (a), except for any reservoir storage well that is currently approved for temporary abandonment; and

(5) any additional information necessary to allow the director to determine whether the reservoir storage facility can be temporarily abandoned in a manner that protects public safety, usable water, and soil.

(c) Any application for temporary abandonment status of a reservoir storage facility pursuant to subsection (b) may be approved by the director for less than 10 years if the approval will not threaten public safety, soil, and usable water. Each operator shall file any subsequent application before the expiration of the previous approved temporary abandonment period. No storage facility that has been temporarily abandoned for 10 years or longer shall be approved for temporary abandonment status. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1221. Decommissioning and abandonment of a storage facility. (a) No operator shall permanently abandon a storage facility unless an application is approved by the director. Each operator decommissioning and abandoning a storage facility shall file an application at least 90 days before any decommissioning activities. The application shall contain a detailed decommissioning plan that includes the following:

(1) The anticipated date and a schedule for plugging each storage well;

(2) a schedule for abandoning the storage facility, including when and how any equipment and building will be abandoned;

(3) the name and address of persons responsible for any equipment and buildings that will be abandoned or will remain in use;

(4) a reasonable estimate of the cost to perform the activities specified in subsection (b); and

(5) any additional information necessary for the director to determine whether the decommissioning plan will protect public safety, usable water, and soil.

(b) Each operator decommissioning and abandoning a storage facility shall plug all storage wells according to K.A.R. 82-3-1219 and perform the following:

(1) Dispose of any liquid or solid waste in an environmentally safe manner;

(2) clear the area of debris;

(3) drain or fill all excavations;

(4) remove any unused concrete base, machinery, and material;

(5) level and restore the site; and

(6) perform any additional activities that may be required by the director, if additional activities are necessary to protect public safety, usable water, and soil.

(c) After all decommissioning and abandonment activities are complete, a determination of whether the decommissioning and abandonment of the storage facility are protective of public safety, soil, and usable water shall be made by the director. If the director determines that public safety, soil, and usable water will be protected and no further activities are required from the operator, the operator's financial assurance shall be released.

(d) If the application to decommission and abandon the storage facility is denied, the operator shall proceed according to instructions by the director. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1222. Reporting required; record retention. (a) Each operator shall meet the requirements in subsection (b) if any safety inspection reveals any regulatory or permit deficiencies at the storage facility, if any threat to public safety, usable water, or soil is discovered, or if the storage facility or any storage well fails any monitoring activity, test, survey, or log specified in the following plans:

(1) The site selection plan in K.A.R. 82-3-1208;

(2) the drilling and completion plan in K.A.R. 82-3-1209;

(3) the storage facility integrity plan in K.A.R. 82-3-1210;

(4) the storage well workover plan in K.A.R. 82-3-1211;

(5) the storage well integrity plan in K.A.R. 82-3-1212 or K.A.R. 82-3-1213;

(6) the long-term monitoring, measurement, and testing plan in K.A.R. 82-3-1214 or K.A.R. 82-3-1215;

(7) the safety and emergency response plan in K.A.R. 82-3-1216;

(8) the plugging-monitoring status plan in K.A.R. 82-3-1218;

(9) the well plugging plan in K.A.R. 82-3-1219; and

(10) the decommissioning plan in K.A.R. 82-3-1221.

(b) Each operator shall, upon the occurrence of any condition in subsection (a), perform the following, which may include repairs, retesting, plugging, or abandonment activities as required by the director:

(1) Notify the conservation division of the condition in subsection (a) within 24 hours of actual knowledge, including a description of whether the condition threatens public safety, usable water, or soil;

(2) submit a detailed written plan to correct the condition in subsection (a) within three days of actual knowledge;

(3) if the conservation division determines that the condition in subsection (a) threatens public safety, usable water, or soil, comply with instructions from the conservation division and correct the condition within 30 days; and

(4) if the conservation division determines the condition in subsection (a) does not threaten public safety, usable water, or soil, comply with instructions from the conservation division and correct the violation within 90 days.

(c) Each operator shall keep and maintain for at least five years all data obtained from the SCADA system, including any magnetic tape, electronic data, and meter chart, and any reports submitted to the conservation division pursuant to K.A.R. 82-3-1201(b)(4), K.A.R. 82-3-1212, and K.A.R. 82-3-1213.

(d) (1) Each operator shall keep and maintain for the life of the storage facility and any storage well, until the storage facility is abandoned pursuant to K.A.R. 82-3-1221, all logs, updated maps, tests, records, data, and correspondence with the conservation division or Kansas department of health and

environment specified in the following plans and regarding the construction, drilling, completion, solutioning, mechanical integrity, and abandonment of the storage facility or any storage well:

(A) The permit application specified in K.A.R. 82-3-1203;

(B) the site selection plan specified in K.A.R. 82-3-1208;

(C) the drilling and completion plan specified in K.A.R. 82-3-1209;

(D) the storage facility integrity plan specified in K.A.R. 82-3-1210;

(E) the storage well workover plan specified in K.A.R. 82-3-1211;

(F) the long-term monitoring, measurement, and testing plan specified in K.A.R. 82-3-1214 or K.A.R. 82-3-1215;

(G) the plugging-monitoring status plan specified in K.A.R. 82-3-1218;

(H) the well plugging plan specified in K.A.R. 82-3-1219; and

(I) the decommissioning plan specified in K.A.R. 82-3-1221.

(2) The record retention requirement in this subsection shall also include any shallow or deep groundwater monitoring data and leak detector monitoring data.

(e) Each transferring operator and each transferee operator of any permit transferred pursuant to K.A.R. 82-3-1206 shall ensure that all items specified in subsections (c) and (d) are transferred to the control of the transferee operator.

(f) If an operator makes any change to any plan described in K.A.R. 82-3-1203(c), the operator shall provide an updated copy of the plan to the conservation division within 30 days of making the change. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274; effective Dec. 21, 2012.)

82-3-1223. Fees. (a) Each operator shall submit a fee of \$18,890 for each storage facility and \$305 for each storage well annually on or before January 31. The operator shall pay the fee for each cavern storage well, whether plugged or unplugged, and for each unplugged reservoir storage well.

(b) Each permit applicant shall submit a fee of \$1,500, in addition to any applicable plan fees specified in paragraph (c)(2), to the conservation division with any permit application submitted according to K.A.R. 82-3-1203.

(c) Each operator shall submit a fee in the amount of \$1,500 to the conservation division for

each of the following at the time of submission of the application or plan:

(1) An application to amend a storage facility permit according to K.A.R. 82-3-1205;

(2) each drilling and completion plan filed according to K.A.R. 82-3-1209;

(3) each workover plan filed according to K.A.R. 82-3-1211;

(4) each plugging-monitoring status plan according to K.A.R. 82-3-1218;

(5) each well plugging plan according to K.A.R. 82-3-1219;

(6) each application for temporary abandonment status for the storage facility or any storage well according to K.A.R. 82-3-1220; and

(7) an application to decommission and abandon the storage facility according to K.A.R. 82-3-1221.

(d) Each operator shall submit a fee in the amount of \$1,500 to the conservation division for each of the following, in a single payment on or before the last day of the month in which the activity occurs, with a description of the activity listed on a form provided by the conservation division:

(1) Performance of any long-term monitoring and testing activity according to K.A.R. 82-3-1214 or K.A.R. 82-3-1215;

(2) performance of the annual review of the safety and emergency response plan according to K.A.R. 82-3-1216; and

(3) performance of the annual storage facility inspection according to K.A.R. 82-3-1217.

(e) All fees shall be nonrefundable and shall be made payable to the "Kansas corporation commission — compressed air energy storage fund," pursuant to K.S.A. 66-1279 and amendments thereto. (Authorized by and implementing K.S.A. 2011 Supp. 66-1274 and 66-1279; effective Dec. 21, 2012.)

82-3-1300. Definitions; horizontal wells.

The terms and definitions in K.A.R. 82-3-101, with some of those definitions modified as follows, shall apply to these regulations for horizontal wells, in addition to the new terms and definitions specified:

(a) "Bottom-hole location" means the terminus of each horizontal wellbore.

(b) "Completion interval" means the following:

(1) For open-hole horizontal wellbores, the area between the point that the wellbore contacts the producing formation and the bottom hole, including any isolation packers; and

(2) for cased horizontal wellbores, the area between the perforation nearest the vertical portion of the horizontal well and the perforation nearest the bottom-hole location.

(c) "Directional survey" means a report showing the location of the horizontal wellbore from the surface location to the bottom hole.

(d) "Horizontal well" means a well that is drilled from a surface location and includes one or more horizontal wellbores.

(e) "Horizontal wellbore" means any portion of a horizontal well that extends laterally within the productive or injection formation.

(f) "Measured total depth" means the total length of the drilled wellbore.

(g) "Surface location" means the point at which the vertical portion of a horizontal well penetrates the ground at the surface.

(h) "True vertical depth" means the distance from the deepest point in the wellbore measured vertically to a point with the same elevation as that of the surface location. (Authorized by and implementing K.S.A. 2012 Supp. 55-152; effective Aug. 16, 2013.)

82-3-1301. Horizontal wells. The regulations applicable to wells, as defined in K.A.R. 82-3-101, shall apply to horizontal wells, except as specifically provided in K.A.R. 82-3-1300 through K.A.R. 82-3-1307. (Authorized by and implementing K.S.A. 2012 Supp. 55-152; effective Aug. 16, 2013.)

82-3-1302. Notice of intention to drill; setback.

(a) Before commencing the drilling of any horizontal well, each operator shall submit to the conservation division and obtain approval of a written notice of the intention to drill according to K.A.R. 82-3-103 on a form supplied by the commission. The notice shall include information specific to the horizontal well, including the estimated true vertical depth, the estimated bottom-hole location, the estimated completion interval, a brief description of the leased acreage, and a statement regarding whether multiple leases are unitized. Each submitted form shall be accompanied by a detailed plat map that includes the surface location, estimated completion interval, estimated bottom-hole location, and lease or unit boundaries.

(b) The setback requirements in K.A.R. 82-3-108, K.A.R. 82-3-207, and K.A.R. 82-3-312 shall be applicable to the entire completion interval of

each horizontal wellbore. (Authorized by and implementing K.S.A. 2012 Supp. 55-152; effective Aug. 16, 2013.)

82-3-1303. Oil and gas allowables. (a) The oil allowables specified in K.A.R. 82-3-203 and the standard daily allowable for gas wells specified in K.A.R. 82-3-312 shall not apply to horizontal wells.

(b) Each horizontal well classified as an “oil well” in K.A.R. 82-3-101 shall be assigned a production allowable of 200 barrels of oil per day for each 660 feet of the completion interval. Each remainder of less than 660 feet shall result in a correspondingly proportionate addition to the allowable.

(c) Each horizontal well classified as a “gas well” in K.A.R. 82-3-101 shall be assigned a production allowable of 3,000,000 cubic feet per day. (Authorized by and implementing K.S.A. 2012 Supp. 55-152; effective Aug. 16, 2013.)

82-3-1304. Gas well test exemption. The gas well testing requirements in K.A.R. 82-3-303 and K.A.R. 82-3-304 shall not apply to any horizontal well. (Authorized by and implementing K.S.A. 2012 Supp. 55-152; effective Aug. 16, 2013.)

82-3-1305. Venting and flaring. (a) The venting and flaring requirements in K.A.R. 82-3-208 and K.A.R. 82-3-314 shall not apply to any horizontal well.

(b) The following venting and flaring requirements shall apply to each horizontal well:

(1) No operator shall vent gas from any horizontal well.

(2) Each operator flaring gas from a horizontal well shall meet the following requirements:

(A) The operator shall ensure that the site is inspected and approved by the appropriate district office before the commencement of flaring.

(B) The operator shall file an affidavit on a form supplied by the commission within five days after commencement of flaring.

(C) The operator may flare gas for a maximum of 30 producing days following the initial horizontal completion or recompletion.

(i) A “producing day” shall mean any day in which fluid is produced at the well.

(ii) When counting the producing days for flaring purposes, the producing days may be consecutive or intermittent, or both.

(D) The operator may submit a written request to flare for an additional 30 producing days. The request shall be granted by the director if the

operator demonstrates that additional flaring is necessary to prevent waste and will not violate correlative rights. Only one additional flaring period of 30 producing days may be authorized by the director.

(E) No operator shall flare gas for more than 60 producing days without commission approval of an application for an exception according to K.A.R. 82-3-100.

(F) The operator shall continuously meter, measure, or monitor the flared gas and shall retain the chart or record for at least two years. The operator shall provide the conservation division with a copy of the chart or record within five business days of receipt of any request. (Authorized by and implementing K.S.A. 2012 Supp. 55-152; effective Aug. 16, 2013.)

82-3-1306. High-volume pumps. The restrictions on and requirements for the use of high-volume pumps in K.A.R. 82-3-131 shall not apply to any horizontal well. (Authorized by and implementing K.S.A. 2012 Supp. 55-152; effective Aug. 16, 2013.)

82-3-1307. Well completion report. Each operator of a horizontal well shall comply with the affidavit requirements in K.A.R. 82-3-106 and K.A.R. 82-3-130 by submitting to the conservation division and obtaining approval of a well completion report on a form provided by the commission, which shall include the true vertical depth and information specific to the horizontal well. Each submitted form shall be accompanied by a copy of the directional survey and a detailed, as-drilled plat map that includes the lease or unit boundaries, surface location, completion interval, and bottom-hole location. (Authorized by and implementing K.S.A. 2012 Supp. 55-152; effective Aug. 16, 2013.)

82-3-1400. Hydraulic fracturing treatment; definitions. The terms and definitions in K.A.R. 82-3-101 shall apply to K.A.R. 82-3-1400 through 82-3-1402, in addition to the following terms and definitions:

(a) “Base fluid” means the primary fluid, as measured by volume, used in a hydraulic fracturing treatment.

(b) “Chemical” means any element, chemical compound, chemical substance, or combination thereof that has a specific identity.

(c) “Chemical abstracts service registry number” and “CAS number” mean the unique iden-

tification number assigned to a chemical by the chemical abstracts service.

(d) "Chemical constituent" means any chemical or chemical concentration intentionally added to a base fluid.

(e) "Chemical disclosure registry" means the publicly available web site database managed by the ground water protection council and the interstate oil and gas compact commission and known as "fracfocus," or any other database authorized by order of the commission.

(f) "Health professional" means a physician, physician assistant, nurse practitioner, registered nurse, emergency medical technician, or similar individual who is licensed in that individual's state of practice.

(g) "Hydraulic fracturing fluid" means the base fluid, each proppant, and all chemical constituents used in a hydraulic fracturing treatment.

(h) "Hydraulic fracturing treatment" means all stages in a well completion utilizing hydraulic fracturing fluid under pressure to create fractures in a targeted geological formation.

(i) "Manufacturer" means an entity that produces finished goods from raw materials.

(j) "Proppant" means each material used in a hydraulic fracturing treatment for the purpose of propping open fractures.

(k) "Service company" means an entity that performs a hydraulic fracturing treatment.

(l) "Supplier" means an entity that provides chemical constituents for hydraulic fracturing fluid.

(m) "Trade secret" has the meaning specified in K.S.A. 60-3320, and amendments thereto. (Authorized by and implementing K.S.A. 2012 Supp. 55-152; effective Dec. 2, 2013.)

82-3-1401. Hydraulic fracturing treatment; chemical disclosure. (a) Applicability. This regulation shall apply to each hydraulic fracturing treatment that uses more than 350,000 gallons of base fluid.

(b) Operator disclosures. Unless the operator submits all information to the chemical disclosure registry under subsection (f), the operator shall submit to the commission a list of each hydraulic fracturing treatment as part of the completion report required by K.A.R. 82-3-130. The list shall include the following information, as a percentage by mass of the total amount of hydraulic fracturing fluid:

(1) The base fluid used, including its total volume;

(2) each proppant; and

(3) each chemical constituent at its maximum concentration in the hydraulic fracturing fluid and its CAS number.

(c) Disclosures not required. No operator shall be required to disclose any chemical constituent that meets any of the following conditions:

(1) Is the incidental result of a chemical reaction or chemical process;

(2) is a component of a naturally occurring material and becomes part of the hydraulic fracturing fluid during the hydraulic fracturing treatment; or

(3) is a trade secret.

(d) Trade secrets. Each operator reporting that a chemical constituent is a trade secret shall indicate to the commission that disclosure of the chemical constituent is being withheld pursuant to a trade secret claimed by the operator, manufacturer, supplier, or service company. The operator shall provide the name of the chemical family or a similar descriptor and the name, authorized representative, mailing address, and phone number of the party claiming the trade secret.

(e) Inaccurate or incomplete information. No operator shall be responsible for inaccurate or incomplete information provided by a manufacturer, supplier, or service company.

(f) Alternate disclosure mechanism. In lieu of complying with subsection (b), the operator may submit the information required by subsection (b) to the chemical disclosure registry. The operator shall submit verification of prior submission to the chemical disclosure registry as part of the completion report required by K.A.R. 82-3-130. Each submission to the chemical disclosure registry shall also include the following information:

(1) The operator's name;

(2) the date on which the hydraulic fracturing treatment began;

(3) the county in which the treated well is located;

(4) the American petroleum institute number for the well;

(5) the well name and number;

(6) the global positioning system (GPS) location of the wellhead; and

(7) the true vertical depth of the well. (Authorized by and implementing K.S.A. 2012 Supp. 55-152; effective Dec. 2, 2013.)

82-3-1402. Hydraulic fracturing treatment; disclosure of trade secrets. (a) Director.

(1) The manufacturer, supplier, service company, or operator shall provide the specific identity of a chemical constituent reported to be a trade secret to the director under the following circumstances:

(A) Within two business days after receipt of a letter from the director stating that the information is necessary to investigate a spill or contamination of fresh and usable water relating to a hydraulic fracturing treatment; or

(B) immediately following notice from the director that an emergency requiring disclosure exists.

(2) The director may authorize disclosure of a trade secret disclosed under paragraph (a)(1) to any of the following persons:

(A) Any commissioner or commission staff member;

(B) the secretary or any staff member of the department of health and environment; or

(C) any relevant public health officer or emergency manager.

(b) Health professionals.

(1) A manufacturer, supplier, service company, or operator shall provide the specific identity of a chemical constituent reported to be a trade secret to any health professional who meets one of the following requirements:

(A) Provides a written statement of need and signs a confidentiality agreement on a form provided by the commission; or

(B) determines that the information is reasonably necessary for emergency treatment, verbally agrees to confidentiality, and provides a written statement of need and signed confidentiality agreement as soon as circumstances permit.

(2) Each statement of need shall state that the health professional has reasonable basis to believe that the information will assist in diagnosis or treatment of a specific individual who could have been exposed to the chemical constituents.

(3) Each confidentiality agreement shall state that the health professional will not disclose or use the information for any reason other than those reasons asserted in the statement of need.

(c) Continued confidentiality. A trade secret disclosed pursuant to this regulation shall not be further disclosed except as authorized by this regulation, K.S.A. 66-1220a and amendments thereto, or K.A.R. 82-1-221a. (Authorized by and implementing K.S.A. 2012 Supp. 55-152; effective Dec. 2, 2013.)

Article 4.—MOTOR CARRIERS OF PERSONS AND PROPERTY

82-4-1. Definitions. The following terms used in connection with the regulations of the state corporation commission governing motor carriers shall be defined as follows:

(a) “Affiliate” means a person or company controlling, controlled by, or under common control or ownership with another person or company.

(b) “Air mile” means nautical mile.

(c) “Authorized agent” and “authorized representative” mean any authorized special agent or employee of the commission, any member of the Kansas highway patrol, or any law enforcement officer in the state certified in the inspection of motor carriers and authorized in accordance with the requirements of the Kansas motor carrier safety program.

(d) “Certificate” means a document evidencing a certificate of convenience and necessity or a certificate of public service issued to an intrastate common carrier to operate motor vehicles as a common carrier.

(e) “Chameleon carrier” means a motor carrier continuing its motor carrier operation under a new USDOT or motor carrier identification (MCID) number for the purpose of avoiding a fine, penalty, federal out-of-service order, or commission order that was issued against the previously used USDOT or MCID number.

(f) “Commission” means Kansas corporation commission.

(g) “Conviction” means any of the following, whether or not the penalty is reduced, suspended, or resolved by means of a probationary agreement:

(1) An unvacated adjudication of guilt or a determination by a federal, state, or local court of original jurisdiction or by an authorized administrative tribunal that a person has violated or failed to comply with the law;

(2) an unvacated forfeiture of bail or collateral deposited to secure the person’s appearance in court;

(3) a plea of guilty or nolo contendere accepted by the court;

(4) the payment of a fine or court cost; or

(5) violation of a condition of release without bail.

(h) “Director” means director of the transportation division of the commission.

(i) “Distance” means distance measured in air miles.

(1) Distances shall be computed from the corporate limits of incorporated communities and from the post office of unincorporated communities.

(2) If there is no post office in the unincorporated community, the distance shall be computed from the center of the business district.

(j) “Docketing” means entering a proposal in the organization files and then giving notice of the proposal to other carrier members of the organization and shipper subscribers.

(k) “Entire direct case” shall include, for the purpose of this article of the commission’s regulations, all testimony, exhibits, and other documentation offered in support of the proposed rates.

(l) “Express carrier” means a common carrier who carries packages or parcels, the maximum weight of which does not exceed 350 pounds for each package or parcel.

(m) “FHWA” means federal highway administration.

(n) “FMCSA” means federal motor carrier safety administration.

(o) “General increase” and “general decrease” mean a common motor carrier rate increase or decrease proposed as a general adjustment of substantially all the rates published in a tariff.

(p) “Groundwater well drilling rig” means any vehicle, machine, tractor, trailer, semi-trailer, or specialized mobile equipment propelled or drawn by mechanical power and used on highways to transport groundwater well field operating equipment, including any groundwater well drilling and pump service rig equipped to access groundwater.

(q) “Hazardous materials regulations” and “HMR” mean the federal hazardous material regulations as adopted in K.A.R. 82-4-20.

(r) “Industry average carrier cost information” means the average intrastate cost of the carriers who participate in an organization tariff and who have authority from the commission to transport the commodities indicated in the organization tariff.

(s) “Joint line rate” means a rate, charge, or allowance established by two or more common motor carriers of property or passengers that is applicable over the carriers’ lines and for which the transportation can be provided by these carriers.

(t) “License” means the document or registration receipt evidencing the registration of an interstate common motor carrier or interstate exempt motor carrier to operate motor vehicles in the state of Kansas in interstate commerce.

82-4-6a. Minimum requirements of drivers. Each motor carrier and driver shall comply with the following:

(a) The motor carrier regulations established by the federal department of transportation and the federal motor carrier safety administration (FMCSA), as adopted by the commission in this article;

(b) the state traffic laws and regulations of the Kansas department of revenue pertaining to driver’s licenses as established in the Kansas driver’s license act, K.S.A. 8-222 et seq. and amendments thereto;

(c) the uniform act regulating traffic and the size, weight, and load of vehicles as established in K.S.A. 8-1901 et seq. and amendments thereto; and

(d) the regulations issued by the commission pertaining to the driving of commercial motor vehicles as adopted in K.A.R. 82-4-3h. (Authorized by and implementing K.S.A. 2009 Supp. 66-1,108a, 66-1,108b, and 66-1,129; effective May 1, 1981; amended Sept. 16, 1991; amended Oct. 22, 2010.)

82-4-6d. Waiver of physical requirements.

(a) Any person failing to meet the requirements of K.A.R. 82-4-3g may be permitted to drive a vehicle if the director finds that the granting of a waiver is consistent with highway safety and the public interest.

(b) The application for a waiver shall meet these requirements:

(1) The application shall be submitted jointly by the person seeking the waiver and by the motor carrier wishing to employ the person as a driver.

(2) The application shall be accompanied by the following:

(A) A copy of the driver applicant's motor vehicle driving record. Each change to this record occurring after submission of the application shall be immediately forwarded to the commission;

(B) reports of medical examinations, administered by a licensed medical examiner, that are satisfactory to the director; and

(C) letters of recommendation from at least two licensed medical examiners, written on their personalized or institutional letterhead, including their national provider identifier assigned by the national plan and provider enumeration system, and meeting the following requirements:

(i) The reports and letters of recommendation shall indicate the opinions of the licensed medical examiners regarding the ability of the driver to safely operate a commercial motor vehicle of the type to be driven;

(ii) letters of recommendation regarding vision impairments shall be provided by a licensed ophthalmologist or optometrist who treated the driver applicant;

(iii) letters of recommendation regarding diabetes shall be provided by an endocrinologist, diabetologist, or primary care physician who has treated the driver applicant;

(iv) letters of recommendation regarding limb impairment or amputation shall include a medi-

cal summary conducted by a board of qualified, or board-certified, physiatrists or orthopedic surgeons, preferably associated with a rehabilitation center; and

(v) letters of recommendation shall include a description of any prosthetic or orthopedic devices worn by the driver applicant.

(3) The application shall contain a description that is satisfactory to the director of the type, size, and special equipment of the vehicle or vehicles to be driven, the general area and type of roads to be traversed, the distances and time period contemplated, the nature of the commodities to be transported and the method of loading and securing them, and the experience of the applicant in driving vehicles of the type to be driven.

(A) If the applicant motor carrier is a corporation, the application shall be signed by a corporation officer and the driver applicant.

(B) If the applicant motor carrier is a limited liability company, the application shall be signed by a company officer and the driver applicant.

(C) If the applicant motor carrier is a limited liability partnership, the application shall be signed by at least one of the members of the partnership and the driver applicant.

(D) If the applicant motor carrier is a partnership, the application shall be signed by at least one of the members of the partnership and the driver applicant.

(E) If the applicant motor carrier is a sole proprietorship, the application shall be signed by the proprietor and the driver applicant.

(4) The application shall specify that both the person and the carrier will file periodic reports as required with the director. These reports shall contain complete and truthful information regarding the extent of the person's driving activity, any accidents in which the person was involved, and all suspensions or convictions in which the person is or has been involved.

(5) By completing the application, both the driver applicant and the motor carrier applicant shall be deemed to agree that upon grant of the waiver, they will fulfill all conditions of the waiver.

(c) Each driver applicant for a waiver for limb impairment or amputation shall complete a skill performance evaluation administered by a commission driver waiver program manager or a commission special investigator. The driver and motor carrier applicants shall secure the vehicle and provide the necessary insurance for the skill performance evaluation. The skill performance

evaluation may be waived if the driver applicant has otherwise met the regulatory requirements of 49 C.F.R. 391.49 as adopted in K.A.R. 82-4-3g.

(d) If the application is approved, a driver medical waiver card signed by the director and accompanied by a letter acknowledging approval shall be issued by the commission. While on duty, the driver medical waiver card shall be in the driver's possession. The motor carrier shall retain the accompanying letter in its files at its principal place of business during the period the driver is in the motor carrier's employment. The motor carrier shall retain this letter for 12 months after the termination of the driver's employment.

(e) If the application is denied, an order setting forth an explanation for the denial and specifying the procedure for appeal of the decision shall be issued by the commission.

(f) The waiver shall not exceed two years and may be renewable upon submission and approval of a new application.

(g) All intrastate vision waiver recipients shall be subject to the following conditions:

(1) Each driver shall be physically examined every year by the following individuals:

(A) A licensed ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the standard specified in 49 C.F.R. 391.41(b)(10) as adopted in K.A.R. 82-4-3g;

(B) A licensed endocrinologist, diabetologist, or primary care physician who attests that the glycosylated hemoglobin (HbA1C) is less than or equal to 8.0 mmol/mol; and

(C) A licensed medical practitioner who attests that the individual is otherwise physically qualified under the standards specified in 49 C.F.R. 391.41 as adopted in K.A.R. 82-4-3g.

(2) Each driver shall provide a copy of the ophthalmologist's or optometrist's report to the medical practitioner at the time of the annual medical examination.

(3) Each driver shall provide the motor carrier with a copy of the annual medical reports for retention in the motor carrier's driver qualification files.

(4) Each driver shall provide a copy of the annual medical reports to the commission.

(h) The waiver may be revoked by the director after the applicant has been given notice of the proposed revocation and has been given a reasonable opportunity to show cause, if any, why the revocation should not be made.

(i) Each motor carrier and driver shall notify the director within 72 hours upon any conviction of a

moving violation or any revocation or suspension of driving privileges.

(j) Written notice shall be given to the director when any of the following occurs:

(1) A driver ceases employment with the "original employer" with whom the waiver was first granted.

(2) A change occurs in employment duties or functions.

(3) A change occurs in the driver's medical condition.

(k) Written notice shall be given by both the motor carrier and the driver within 10 days of any change in employment, duties, or functions, except in cases of termination of employment. Notice of termination of employment shall be given by both the motor carrier and the driver within 72 hours of termination.

(l) A waiver shall become void upon termination of employment from the motor carrier joint-applicant.

(m) Each application for renewal of waiver shall be submitted at least 60 days before the expiration date of the existing waiver. (Authorized by and implementing K.S.A. 2011 Supp. 66-1,129; effective May 1, 1981; amended Sept. 16, 1991; amended May 10, 1993; amended Oct. 3, 1994; amended Jan. 30, 1995; amended Jan. 4, 1999; amended July 14, 2000; amended Nov. 14, 2011; amended Sept. 20, 2013.)

82-4-8a. (Authorized by and implementing K.S.A. 2012 Supp. 66-1,129, as amended by L. 2013, ch. 14, sec. 3; effective May 1, 1981; amended May 1, 1984; amended April 30, 1990; amended May 10, 1993; amended July 14, 2000; amended Nov. 14, 2011; amended Sept. 20, 2013; revoked May 6, 2016.)

82-4-8h. Marking of commercial motor vehicles. On and after January 1, 2001, each Kansas-based motor carrier shall obtain a USDOT number that meets the requirements for the motor carrier identification report and markings of commercial motor vehicles established under 49 C.F.R. 390.21, as adopted by K.A.R. 82-4-3f. (Authorized by and implementing K.S.A. 2009 Supp. 66-1,112 and 66-1,129; effective July 14, 2000; amended Oct. 22, 2010.)

82-4-20. Transportation of hazardous materials by motor vehicles. (a) The federal regulations adopted by reference in this regulation shall govern the transportation of hazardous materials in

Kansas in commerce to the extent that the regulations pertain to the transportation of hazardous materials by commercial motor vehicle.

(b) Copies of all applications for special permits pursuant to 49 C.F.R. Part 107, Subpart B, registrations of cargo tank and cargo tank motor vehicle manufacturers, assemblers, repairers, inspectors, testers, and design-certifying engineers pursuant to 49 C.F.R. Part 107, Subpart F, and registrations of persons who offer transportation or transport hazardous materials pursuant to 49 C.F.R. Part 107, Subpart G shall be made available to the commission for proof of compliance with federal hazardous materials regulations.

(c) The following federal regulations, as in effect on October 1, 2015, are hereby adopted by reference:

- (1) 49 C.F.R. Part 171, except 171.1(a) and 171.6;
- (2) 49 C.F.R. Part 172, except 172.701, 172.804 and 172.822;
- (3) 49 C.F.R. Part 173, except 173.10 and 173.27;
- (4) 49 C.F.R. Part 177;
- (5) 49 C.F.R. Part 178; and
- (6) 49 C.F.R. Part 180.

(d) When used in any provision adopted from 49 C.F.R. Parts 171, 172, 173, 177, 178, and 180, the following substitutions shall be made unless otherwise specified:

(1) The terms “administrator,” “associate administrator,” and “regional administrator” shall be replaced with “director as defined in K.A.R. 82-4-1.”

(2) The term “competent authority” shall mean “the Kansas corporation commission or any other Kansas agency or federal agency that is responsible, under its law, for the control or regulation of some aspect of hazardous materials transportation.”

(3) The terms “Department of Transportation,” “DOT,” and “department” shall be replaced with “commission as defined in K.A.R. 82-4-1.”

(4) The term “the United States” shall be replaced with “the state of Kansas.”

(e) Carriers transporting hazardous materials in intrastate commerce shall be subject to the packaging provisions as provided in K.S.A. 66-1,129b, and amendments thereto.

(f) Whenever the adopted federal hazardous materials regulations refer to portions of the federal hazardous materials regulations that are not included under subsection (a), those references shall not be applicable to this regulation. (Authorized by K.S.A. 66-1,112, K.S.A. 66-1,112g, K.S.A.

66-1,129, and K.S.A. 66-1,129b; implementing K.S.A. 66-1,112, K.S.A. 66-1,129, and K.S.A. 66-1,129b; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1984; amended May 1, 1985; amended May 1, 1987; amended May 1, 1988; amended April 30, 1990; amended Sept. 16, 1991; amended July 6, 1992; amended May 10, 1993; amended Oct. 3, 1994; amended Jan. 30, 1995; amended Jan. 4, 1999; amended July 14, 2000; amended Jan. 31, 2003; amended Oct. 2, 2009; amended Nov. 14, 2011; amended Sept. 20, 2013; amended May 6, 2016; amended July 26, 2019.)

82-4-21. Requiring insurance. The following types of carriers shall not operate a motor vehicle, trailer, or semitrailer for the transportation of persons or property within the provisions of the motor carrier law of this state until an insurance policy is filed in compliance with K.S.A. 66-1,128 and amendments thereto, and in accordance with the commission’s regulations:

(a) Public motor carriers of property, household goods, or passengers; and

(b) private motor carriers of property. (Authorized by K.S.A. 66-1,112, K.S.A. 66-1,112g; implementing K.S.A. 66-1,128; effective Jan. 1, 1971; amended May 1, 1981; amended, T-85-48, Dec. 19, 1984; amended May 1, 1985; amended Jan. 4, 1999; amended Jan. 31, 2003; amended Oct. 22, 2010; amended July 26, 2019.)

82-4-22. Intrastate insurance requirements. (a)(1) Before the commission issues a certificate, permit, or license to an applicant, the following types of applicant carriers shall obtain and keep in force a public liability and property damage insurance policy pursuant to K.S.A. 66-1,128, and amendments thereto:

(A) Public motor carriers of property, household goods, or passengers; and

(B) private motor carriers of property.

(2) Each applicant shall submit proof of the required policy by filing the uniform standard insurance form as required by K.A.R. 82-4-24a. This policy shall be issued by an insurance company or association meeting the requirements of K.S.A. 66-1,128, and amendments thereto.

(3) The insurance policy shall bind the obligors to pay compensation for the following:

(A) Injuries or death to persons, except injury to the insured’s employees while engaged in the course of their employment; and

(B) loss of, or damage to, property of others, not including property usually designated as cargo, resulting from the negligent operation of the carrier.

(4) Each carrier shall file online, at the national online registration (NOR) database administered by the motor carrier information exchange, proof of insurance in amounts not less than those required in K.S.A. 66-1,128, and amendments thereto. In special cases and for good cause shown, a carrier may be required by order of the commission to file insurance in additional amounts.

(b) If a motor carrier is unable to provide the uniform standard insurance form required in subsection (a), the original or a certified copy of the policy with all endorsements attached may be temporarily accepted by the commission for 30 days. The motor carrier shall then file the form required in subsection (a) within the 30-day period.

(c) Before the expiration date or cancellation date of an insurance policy filed in compliance with the law and the regulations of the commission, either the motor carrier shall file with the commission a new policy for the vehicle, or the vehicle shall immediately be withdrawn from service and notification of the action shall be given to the commission.

(d) Operation by a motor carrier without compliance with this regulation shall result in emergency proceedings pursuant to K.S.A. 77-536, and amendments thereto, to suspend the certificate, permit, or license issued to the carrier. Each emergency order to cancel the certificate, permit, or license issued to the carrier shall be followed by a notice of the agency action and an opportunity for a hearing on the matter, pursuant to K.S.A. 77-536 and amendments thereto. (Authorized by K.S.A. 66-1,112, K.S.A. 66-1,112g; implementing K.S.A. 66-1,128; effective Jan. 1, 1971; modified, L. 1981, ch. 424, May 1, 1981; amended May 1, 1983; amended, T-85-48, Dec. 19, 1984; amended May 1, 1985; amended May 1, 1987; amended Oct. 3, 1994; amended Jan. 4, 1999; amended, T-82-7-26-02, July 26, 2002; amended Oct. 18, 2002; amended Oct. 22, 2010; amended July 26, 2019.)

82-4-23. General intrastate requirements.

(a) Each insurance policy shall be written in the full and correct name of the individual, partnership, limited liability partnership, limited liability company, or corporation to whom the certificate, permit, or license has been issued, and in case of a partnership, all partners shall be named.

(b) Each policy filed with the commission shall be deemed the property of the commission and shall not be returnable.

(c) Cancellation notices and expiration notices shall be filed in duplicate with the commission on the uniform notice of cancellation of motor carrier insurance policies, form K, or in compliance with K.A.R. 82-4-24a. The original copy shall be retained by the commission, and the duplicate copy shall be stamped with the date it is received and returned to the insurance company for its files.

(d) A policy that has been accepted by the commission under this article may be replaced by filing a new policy. If the commission determines that the replacement policy is acceptable, then the earlier-filed policy shall no longer be considered the effective policy.

(e) All public liability and property damage insurance policies filed with the commission and motor carriers registered pursuant to K.A.R. 82-4-3n shall fulfill the insurance requirements of K.S.A. 66-1,128, and amendments thereto, and the regulations adopted by the commission.

(f) Each policy of insurance filed with the commission for approval shall be in amounts not less than the minimum of liability required under K.S.A. 66-1,128 and amendments thereto. (Authorized by K.S.A. 2009 Supp. 66-1,112, K.S.A. 66-1,112g; implementing K.S.A. 2009 Supp. 66-1,128; effective Jan. 1, 1971; amended May 1, 1981; amended Oct. 3, 1994; amended Jan. 4, 1999; amended July 14, 2000; amended Jan. 31, 2003; amended Oct. 22, 2010.)

82-4-24a. Standard insurance forms.

(a) Each motor carrier shall use the uniform standard insurance forms established under 49 C.F.R. Part 387, as adopted by K.A.R. 82-4-3n.

(b) The uniform motor carrier bodily injury and property damage liability certificate of insurance shall be form E for intrastate regulated and interstate exempt motor carriers.

(c) Forms BMC 91 and BMC 91X shall be required for interstate regulated motor carriers in accordance with K.A.R. 82-4-3n.

(d) The uniform notice of cancellation of motor carrier insurance policies shall be form K. (Authorized by K.S.A. 66-1,112, K.S.A. 66-1,112g; implementing K.S.A. 66-1,128; effective May 1, 1981; amended May 1, 1984; amended Oct. 3, 1994; amended Jan. 4, 1999; amended July 14, 2000; amended Oct. 22, 2010; amended July 26, 2019.)

82-4-26. General requirements for certificates, permits, and licenses. (a) Except as otherwise specifically requested by the commission or its staff, each application for a certificate, permit, or license by a partnership shall be accompanied by a copy of the articles of partnership, if in writing. If the articles of partnership are not in writing, a statement of the partnership agreement shall accompany the application. Each limited liability partnership shall provide a copy of its partnership agreement. Each corporation applying for a certificate, permit, or license shall provide a copy of the articles of incorporation. Each limited liability company shall provide a copy of its articles of organization.

(b) In order to demonstrate that each applicant is fit, willing, and able to serve, the applicant shall attend an educational seminar on motor carrier operations conducted by the commission, in compliance with both of the following requirements:

(1) The person attending the seminar shall be the employee of the applicant responsible for the applicant's safety functions.

(2) The person responsible for the applicant's safety functions shall submit written verification on a form provided by the commission to verify that person's attendance at the seminar. (Authorized by K.S.A. 2009 Supp. 66-1,112, K.S.A. 66-1,112g; implementing K.S.A. 2009 Supp. 66-1,116, 66-1,117; effective Jan. 1, 1971; amended May 1, 1981; amended Jan. 4, 1999; amended Jan. 31, 2003; amended Oct. 22, 2010.)

82-4-26a. Certain private motor carriers exempt from obtaining commission authority. (a) A private motor carrier engaged in the occasional transportation of personal property that is not for compensation and is not in the furtherance of a commercial enterprise shall not be required to apply for a certificate, permit, or license.

(b) An interstate private motor carrier shall not be required to perform any of the following to enter the state of Kansas if that private motor carrier is exempt from safety regulations pursuant to 49 C.F.R. 390.23 and 49 C.F.R. 390.25 as adopted by K.A.R. 82-4-3f:

(1) Obtain commission authority under K.A.R. 82-4-29;

(2) carry a registration receipt pursuant to K.A.R. 82-4-30a(c); or

(3) obtain a permit and pay the special clearance fee required by K.A.R. 82-4-42(b). (Authorized by K.S.A. 66-1,112g; implementing K.S.A. 2009

Supp. 66-1,116 and K.S.A. 2009 Supp. 66-1,117; effective, T-82-10-25-01, Oct. 25, 2001; effective Dec. 28, 2001; amended Jan. 31, 2003; amended Oct. 22, 2010.)

82-4-27. Applications for certificates of convenience and necessity and certificates of public service. (a) Each application for a certificate of convenience and necessity or a certificate of public service shall be typewritten or printed on forms furnished by the commission. An original and two copies shall be filed and shall contain the following information:

(1) The address of the applicant's principal office or place of business and the applicant's residential address;

(2) a list of each motor vehicle, by make, year, and vehicle identification number (VIN), to be used by the applicant. If buses are to be used, the seating capacity of each bus shall be included;

(3) the commodity or commodities listed on form MCSA-1 that the applicant intends to transport; and

(4) evidence of compliance with the requirements of K.A.R. 82-4-26(b).

(b) If the commission deems a hearing necessary in order to evaluate an application for a certificate of public service, the applicant shall file testimony that details how the applicant is fit, knowledgeable of, and in compliance with all applicable safety regulations. (Authorized by K.S.A. 66-1,112 and 66-1,117; implementing K.S.A. 66-1,114, 66-1,114b, and 66-1,117; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1984; amended May 1, 1987; amended Sept. 16, 1991; amended Oct. 3, 1994; amended Jan. 4, 1999; amended Jan. 31, 2003; amended Oct. 22, 2010; amended Sept. 20, 2013; amended July 26, 2019.)

82-4-27a. Applications for transfer of certificates of convenience and necessity and certificates of public service. (a) A certificate of convenience and necessity or a certificate of public service issued to common motor carriers under the provisions of K.S.A. 66-1,114 and K.S.A. 66-1,114b, and amendments thereto, shall not be assigned or transferred without the consent of the commission. The terms and provisions of any certificate may reasonably be altered, restricted, or modified by the commission, or restrictions may be imposed by the commission on any transfers when the public interest may be best served.

(b) An application for the commission's approval of the transfer of the common carrier certificate shall be completed by both transferor and transferee and filed on forms prescribed by the commission. Each applicant shall file an original and two copies of the application with the commission. The application shall contain a certified or sworn contract entered into by the parties that shall meet the following criteria:

- (1) Is filed as an exhibit with the application;
- (2) sets out in full the agreement between the parties; and
- (3) details all transferred items including equipment, property, goodwill, assumption of debt, covenants not to compete, and any other items relevant to the financial stability of the parties.

(c) The transferor or present owner of the certificate shall file a sworn statement containing the following information:

- (1) The name and address of the present owner of the certificate;
- (2) the date the certificate was obtained;
- (3) the reason for the transfer;
- (4) an indication of whether the transferor is currently under citation or suspension by the commission;
- (5) an indication of whether all ad valorem taxes have been paid to the state of Kansas, or a statement that clearly indicates which party shall be responsible for filing any delinquent rendition statement and who shall be responsible for paying any outstanding ad valorem tax obligation; and

(6) a statement that the vehicle maintenance records, driver qualification files, driver logs, and bills of lading of the transferor for the three years before the date of the transfer will be in the transferee's possession upon conclusion of the transfer.

(d) The transferee of the certificate shall file a sworn statement containing the following information:

- (1) The name and address of the transferee according to one of the following:

(A) If the transferee is a corporation, the application shall designate the state in which the articles of incorporation were issued and shall provide the name and address of all officers;

(B) if the transferee is a limited liability company, the applicant shall designate the state in which the articles of organization were issued, provide the name and address of each officer, and provide a copy of the statement of foreign qualification;

(C) if the transferee is a limited liability partnership, the applicant shall designate the state in

which the statement of qualification was issued, provide the name and address of each partner, and provide a copy of the limited liability partnership's statement of qualification; or

(D) if the transferee is an individual, partnership, or association, the application shall indicate the names and addresses of all parties owning an interest in the transferee and the percentage each owns;

(2) a financial statement showing in detail the financial ability and responsibility of the transferee;

(3) a statement specifying the amount the transferee borrowed or otherwise obtained to make the purchase of the items detailed in subsection (b) and specifying all details regarding the transactions;

(4) a sworn statement from the transferee that the vehicle maintenance records, driver qualification files, driver logs, and bills of lading of the transferor will be in the transferee's possession for three years from the date of the transfer. The transferee shall accept all responsibility for the books and records and shall have them available at any time for inspection by the commission or the commission's employees; and

(5) if the transferee is not currently a motor carrier holding authority from the commission, evidence of compliance with K.A.R. 82-4-26(b). (Authorized by K.S.A. 2009 Supp. 66-1,112 and 66-1,117; implementing K.S.A. 2009 Supp. 66-1,117 and K.S.A. 66-1,118; modified, L. 1981, ch. 424, May 1, 1981; amended May 1, 1983; amended May 1, 1987; amended Sept. 16, 1991; amended May 10, 1993; amended Oct. 3, 1994; amended Jan. 4, 1999; amended Jan. 31, 2003; amended Oct. 22, 2010.)

82-4-27c. Applications for transfer for purposes of change in the form of a business organization. (a) An application to transfer a certificate of convenience and necessity or a certificate of public service issued to a common motor carrier shall be considered by the commission without a hearing, pursuant to K.S.A. 66-1,115a and amendments thereto, if the transfer is required because of any change in the form of business organization, including the following:

(1) Incorporation of the limited liability company, sole proprietorship, limited liability partnership, or partnership holding the certificate or permit to be transferred;

(2) the dissolution of the corporation holding the certificate or permit and the formation of a

limited liability company, partnership, limited liability partnership, or sole proprietorship by the entities comprising the former corporation;

(3) the dissolution of the limited liability company holding the certificate or permit and the formation of a partnership, limited liability partnership, or sole proprietorship by the entities comprising the former limited liability company;

(4) the dissolution of the limited liability partnership holding the certificate or permit and the formation of a limited liability company, partnership, or sole proprietorship by the entities comprising the former limited liability partnership; or

(5) the dissolution of the partnership holding the certificate or permit and formation of a sole proprietorship by a former partner.

(b) The application for transfer shall contain all applicable information required by K.A.R. 82-4-27a and a signed affidavit from the transferor stating both of the following:

(1) That the transfer is for any of the following:

(A) The incorporation of the present limited liability company, sole proprietorship, partnership, or limited liability partnership;

(B) the dissolution of a corporation to form a limited liability company, partnership, limited liability partnership, or sole proprietorship;

(C) the dissolution of a limited liability company to form a partnership, limited liability partnership, or sole proprietorship;

(D) the dissolution of a limited liability partnership to form a limited liability company, partnership, or sole proprietorship;

(E) the dissolution of partnership to form a sole proprietorship; or

(F) any other change in the form of business; and

(2) that the management, operations, and equipment of the transferee will be the same as that of the transferor. (Authorized by K.S.A. 2009 Supp. 66-1,112, 66-1,117; implementing K.S.A. 2009 Supp. 66-1,112, 66-1,114, 66-1,115, 66-1,115a, K.S.A. 66-1,117; effective May 1, 1985; amended May 1, 1986; amended May 1, 1987; amended Sept. 16, 1991; amended July 6, 1992; amended Jan. 4, 1999; amended July 14, 2000; amended Oct. 22, 2010.)

82-4-27e. Application to merge or consolidate intrastate common authority; application to acquire control or management of an intrastate common motor carrier operation. (a) All individuals, partnerships, limited

liability companies, limited liability partnerships, and corporations who intend to merge, consolidate, or acquire control or management of a motor carrier operation that possesses common interstate authority as well as intrastate authority, or possesses intrastate authority, shall first apply to the commission for authority to do so. The merger, consolidation, or acquisition may be accomplished by means including stock acquisition by a new motor carrier, new owner, or new majority stockholder; transfer of a partnership interest; or a conditional sales contract.

(b) Each entity who has received approval or exemption from the relevant federal agency to make any transaction described in subsection (a) shall send a copy of that approval or exemption to the commission and provide the information specified in subsection (d) on the required application.

(c) Each entity that desires to make any transaction described in subsection (a) and has not received approval or exemption of the relevant federal authority shall provide the information specified in subsections (d) and (e) and comply with the requirements of subsection (f).

(d) Each applicant shall file an original and two copies of the application with the commission. The application shall contain the following information:

(1) The background of the transaction, including the names of the entities involved, their addresses, the reasons for the transaction, and items to be retained, including equipment, property, and any other item relevant to the transaction; and

(2) a signed affidavit stating whether or not all ad valorem taxes have been paid to the state of Kansas and who shall be responsible for paying any outstanding ad valorem tax obligation.

(e) Those applicants who have not received approval or exemption from the relevant federal agency shall also provide the following information:

(1) With respect to a partnership transaction, the percentage of the partnership being transferred and the percentage of each partner as a result of the transaction;

(2) with respect to a stock transaction, the total number of shares outstanding, the total number of shares being transferred and to whom, and the total number of shares any transferee held before the stock transaction; and

(3) unless preempted by federal law, evidence of compliance by the acquiring party or transferee with K.A.R. 82-4-26(b).

(f) Any application filed under this regulation may be granted without hearing if no protests are lodged and the commission does not require further information to make a determination on the application. (Authorized by K.S.A. 2009 Supp. 66-1,112; implementing K.S.A. 2009 Supp. 66-1,114, 66-1,114b, and K.S.A. 66-1,118; effective May 1, 1986; amended July 6, 1992; amended Jan. 4, 1999; amended July 14, 2000; amended Jan. 31, 2003; amended Oct. 22, 2010.)

82-4-28. (Authorized by K.S.A. 2001 Supp. 66-1,112a, 66-1,117; implementing K.S.A. 2001 Supp. 66-1,112b, 66-1,115, 66-1,117, and 66-1,139; effective Jan. 1, 1971; amended May 1, 1981; amended Oct. 3, 1994; amended Jan. 4, 1999; amended Jan. 31, 2003; revoked Oct. 22, 2010.)

82-4-28a. (Authorized by K.S.A. 2001 Supp. 66-1,112a, 66-1,117; implementing K.S.A. 66-1,112c, K.S.A. 2001 Supp. 66-1,117; effective May 1, 1981; amended Jan. 4, 1999; amended Jan. 31, 2003; revoked Oct. 22, 2010.)

82-4-28b. (Authorized by and implementing K.S.A. 1997 Supp. 66-1,112; effective May 1, 1983; amended Jan. 4, 1999; revoked Oct. 22, 2010.)

82-4-29. Applications for private carrier permits. Each application for a private carrier permit shall be submitted on forms furnished by the commission and shall contain the following: (a) The name, street address, and mailing address of the applicant, and the title under which the applicant proposes to operate;

(b) a list of motor vehicles to be used by the applicant by make, year, and vehicle identification number;

(c) the commodities that the applicant intends to transport;

(d) the nature of the enterprise or enterprises for which commodities are to be transported; and

(e) evidence of compliance with K.A.R. 82-4-26(b). (Authorized by K.S.A. 66-1,112g, K.S.A. 2012 Supp. 66-1,117; implementing K.S.A. 66-1,112g, K.S.A. 2012 Supp. 66-1,115, K.S.A. 2012 Supp. 66-1,117; effective Jan. 1, 1971; amended May 1, 1981; amended May 10, 1993; amended Jan. 31, 2003; amended Sept. 20, 2013.)

82-4-30a. Applications for interstate registration. (a)(1) For the purposes of this regulation, “base state” shall have one of the following meanings:

(A) The meaning assigned to “base-state” in 49 U.S.C. 14504a(a)(2), as adopted in paragraph (a)(2) of this regulation; or

(B) if an entity does not have a principal place of business, office, or operating facility in any participating state, the participating state chosen by the entity that is nearest to the location of the entity’s principal place of business or any participating state within the entity’s FMCSA region.

(2) 49 U.S.C. 14504a(a)(2), as in effect on July 6, 2012, is hereby adopted by reference.

(3) Each interstate motor carrier designating Kansas as the carrier’s base state and operating in interstate commerce over the highways of this state under authority issued by the relevant federal agency shall file the uniform application for registration issued by the relevant federal agency. The carrier shall file this application for registration with the transportation division of the state corporation commission.

(b) Each interstate motor carrier designating Kansas as the carrier’s base state shall pay a fee to the state corporation commission. This fee shall be in accordance with the fee schedule in 49 C.F.R. 367.30, as in effect on October 1, 2015 and hereby adopted by reference.

(c) An interstate regulated motor carrier shall not operate in interstate commerce over the highways of this state unless the carrier is registered in the carrier’s base state as defined in paragraph (a)(1). (Authorized by K.S.A. 66-1,112; implementing K.S.A. 66-1,108b, 66-1,116 and 66-1,139; modified, L. 1981, ch. 424, May 1, 1981; amended Oct. 3, 1994; amended Jan. 4, 1999; amended July 14, 2000; amended Jan. 31, 2003; amended, T-82-10-8-07, Oct. 8, 2007; amended, T-82-12-10-07, Dec. 10, 2007; amended July 18, 2008; amended, T-82-5-12-10, May 12, 2010; amended Oct. 8, 2010; amended July 26, 2019.)

82-4-31. (Authorized by K.S.A. 1999 Supp. 66-1,112 and 66-1,112a; implementing K.S.A. 1999 Supp. 66-1,112, 66-1,112a, and 66-1a01; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1984; amended Oct. 3, 1994; amended Jan. 4, 1999; amended July 14, 2000; revoked Oct. 22, 2010.)

82-4-32. Completing motor carrier applications. (a) Each applicant filing an application for an intrastate common carrier certificate, interstate license, or private carrier permit shall

provide the commission with all information required to complete the application within 30 days of the original filing date. Any application that is not completed within 30 days of the original filing date may be dismissed without further notice, at the discretion of the commission.

(b) All information required to complete a filing for a certificate of convenience and necessity, certificate of public service, or a private carrier permit shall be provided to the commission within 90 days of the date of application, or within 30 days after the date of the hearing if the application requires a hearing. If the required information is not provided within the applicable time period, the application may be dismissed by the commission without further notice.

(c) Required application fees shall not be refunded if the application is dismissed by the applicant or the commission.

(d) Fees may be remitted by personal check, cash, certified check, money order, or electronic transfer of funds. (Authorized by K.S.A. 2009 Supp. 66-1,112, K.S.A. 66-1,112g, and K.S.A. 2009 Supp. 66-1,117; implementing K.S.A. 2009 Supp. 66-1,117; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1987; amended Oct. 3, 1994; amended Jan. 4, 1999; amended July 14, 2000; amended Jan. 31, 2003; amended Oct. 22, 2010.)

82-4-33. Service of process. (a) An applicant for a certificate, permit, or license who is not a resident of Kansas shall not be granted a certificate, permit, or license until the applicant designates an agent who is a resident of the state of Kansas to be a process agent for and on behalf of the applicant.

(b) Each interstate regulated carrier shall provide and maintain the name of the carrier's agent for service of process with the carrier's registration state, pursuant to 49 C.F.R. Part 367, as adopted by K.A.R. 82-4-30a.

(c) This regulation shall not apply to private carrier applicants. This regulation shall not be construed to relieve motor carriers from the obligation to comply with K.S.A. 60-305a, and amendments thereto. (Authorized by K.S.A. 2009 Supp. 66-1,112; implementing K.S.A. 2009 Supp. 66-1,112; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1985; amended Oct. 3, 1994; amended Jan. 4, 1999; amended July 14, 2000; amended Oct. 22, 2010.)

82-4-35. Preserving certificates or permits. (a) All intrastate motor carriers and drivers of vehicles registered under certificates or permits shall, at all times, carry on every vehicle operated under the certificate or permit an authority card, issued by the commission, that specifies the operating authority granted by the commission under the certificate or permit.

(b) Copies of certificate or permits issued by the commission shall be carefully preserved by the holders. (Authorized by K.S.A. 2009 Supp. 66-1,112, K.S.A. 66-1,112g; implementing K.S.A. 2009 Supp. 66-1,112, K.S.A. 66-1,112g, K.S.A. 2009 Supp. 66-1,139; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1984; amended May 1, 1987; amended Jan. 31, 2003; amended Oct. 22, 2010.)

82-4-35a. Inspections of motor carrier documents. The following documents shall be made available upon request for inspection by any duly authorized representative of the commission, the state highway patrol, or other law enforcement officers:

- (a) Registration receipts;
- (b) authority cards;
- (c) driver logs;
- (d) bills of lading or shipping receipts;
- (e) waybills;
- (f) freight bills;
- (g) run tickets, or equivalent documents, and orders;
- (h) cab cards;
- (i) fuel receipts;
- (j) toll road receipts; and
- (k) any other documents that would indicate compliance with hours of service requirements.

(Authorized by K.S.A. 2009 Supp. 66-1,112 and K.S.A. 66-1,112g; implementing K.S.A. 2009 Supp. 66-1,112, K.S.A. 66-1,112g, 66-1,131, and K.S.A. 2009 Supp. 66-1,139; effective May 1, 1987; amended May 10, 1993; amended Oct. 3, 1994; amended Jan. 4, 1999; amended July 14, 2000; amended Oct. 22, 2010.)

82-4-37. (Authorized by K.S.A. 1999 Supp. 66-1,112, 66-1,112a, K.S.A. 66-1,112g; implementing K.S.A. 1999 Supp. 66-1,112, 66-1,112a, K.S.A. 66-1,112g, K.S.A. 1999 Supp. 66-1,139; effective Jan. 1, 1971; amended May 1, 1981; amended May 10, 1993; amended Oct. 3, 1994; amended Jan. 4, 1999; amended July 14, 2000; revoked Oct. 22, 2010.)

82-4-39. Surrender of identification cards. (a) If operations are abandoned under any certificate, permit, or license or upon cancellation or revocation of any certificate, permit, or license by the commission, all identification cards, authority cards, and registration receipts issued under the certificate, permit, or license shall be forwarded to the commission upon the carrier's receipt of the notice of commission consent to abandon or cancel or the notice of revocation.

(b) If by order of the commission or otherwise, operations are suspended under any certificate, permit, or license, the carrier shall remove all identification cards issued under the certificate, permit, or license, from all vehicles upon the carrier's receipt of the notice of commission consent to abandon or cancel or the notice of revocation. (Authorized by K.S.A. 2012 Supp. 66-1,112 and K.S.A. 66-1,112g; implementing K.S.A. 2012 Supp. 66-1,112, K.S.A. 66-1,112g, and K.S.A. 2012 Supp. 66-1,119; effective Jan. 1, 1971; amended May 1, 1981; amended May 10, 1993; amended Oct. 3, 1994; amended Sept. 20, 2013.)

82-4-40. (Authorized by K.S.A. 2009 Supp. 66-1,112, K.S.A. 66-1,112g; implementing K.S.A. 66-1,108, K.S.A. 2009 Supp. 66-1,112, K.S.A. 66-1,112g; effective Jan. 1, 1971; amended May 1, 1981; amended Oct. 22, 2010; revoked July 26, 2019.)

82-4-42. Emergency and occasional equipment. (a) Holders of certificates, permits, and licenses who have motor vehicles registered with the commission and who have complied with all lawful requirements may in case of emergency be authorized by the commission by fax, internet communication, or otherwise, to operate additional equipment or special equipment in substitution of regular registered equipment. Any motor carrier authorized to operate in intrastate commerce may perform either of the following:

(1) Transfer Kansas operating authority from regularly registered equipment to temporary or new equipment online. Regular registered equipment for which special equipment is being substituted shall not be operated at the same time that the special equipment is being operated; or

(2) add the special equipment to the motor carrier's profile and submit payment of the registration fee. The registration fee for the additional or special equipment shall be \$10.00 for each truck or truck-tractor.

(b) Each motor carrier conducting point-to-point intrastate operations in Kansas shall have obtained appropriate commission operating authority pursuant to K.S.A. 66-1,114 and K.S.A. 66-1,115, and amendments thereto. A carrier registered to conduct both intrastate and interstate operations shall not be required to register equipment as specified in subsection (a). (Authorized by K.S.A. 66-1,112, K.S.A. 66-1,112g, K.S.A. 66-1,140; implementing K.S.A. 66-1,140; effective Jan. 1, 1971; amended May 1, 1981; amended Oct. 3, 1994; amended Jan. 4, 1999; amended July 14, 2000; amended Oct. 22, 2010; amended July 26, 2019.)

82-4-44. (Authorized by K.S.A. 66-1,112 and 66-1,119; effective Jan. 1, 1971; revoked July 26, 2019.)

82-4-46. (Authorized by K.S.A. 2001 Supp. 66-1,112; implementing K.S.A. 2001 Supp. 66-123 and K.S.A. 2001 Supp. 66-1,112; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1986; amended Jan. 4, 1999; amended Jan. 31, 2003; revoked July 26, 2019.)

82-4-48. Bills of lading and freight bills. (a) Each common motor carrier of household goods electing to be governed by K.A.R. 82-4-48a, K.S.A. 66-304, and K.S.A. 84-7-101 through K.S.A. 84-7-603, and amendments thereto, shall issue a bill of lading for household goods tendered for intrastate commerce.

(b) Each common motor carrier transporting property, other than household goods, and electing to be governed by K.A.R. 82-4-48a, K.S.A. 66-304, and K.S.A. 84-7-101 through K.S.A. 84-7-603, and amendments thereto, shall issue a bill of lading for property tendered for intrastate commerce.

(c) Each bill of lading shall include the following:

(1) The name and address of the motor carrier;

(2) the name and address of the consignor and consignee;

(3) the date of shipment;

(4) the origin and destination of the shipment;

(5) the signature of the motor carrier or its agent;

(6) a description of the shipment, including the number of packages, or the weight or volume;

(7) a released value clause as prescribed in K.S.A. 84-7-309, and amendments thereto, printed on the front of the document, if applicable; and

(8) on request of the shipper, a written or electronic copy of the rate, classification, rules, and practices upon which any rate applicable to a ship-

ment, or agreed to between the shipper and the carrier, is based. The copy provided by the carrier shall clearly state the dates of applicability of the rate, classification, rules, or practices.

(d) Bills of lading and freight bills may be included on one form.

(e) Each transporter of crude petroleum oil, sediment oil, water, or brine shall require its drivers to possess a run ticket or equivalent documents as specified in K.A.R. 82-3-127.

(f) The documents required in subsections (a), (b), and (e) shall be made available upon request for inspection by any authorized representative of the commission, the state highway patrol, or other law enforcement officers.

(g) The bill of lading, freight bill, run ticket, or equivalent documents as specified in K.A.R. 82-3-127 shall be retained by the transporter for at least three years from the date of shipment. (Authorized by and implementing K.S.A. 66-1,112; effective Jan. 1, 1971; amended May 1, 1981; amended, T-83-45, Dec. 8, 1982; modified, L. 1983, ch. 362, May 1, 1983; amended Jan. 4, 1999; amended Oct. 22, 2010; amended July 26, 2019.)

82-4-48a. (Authorized by and implementing K.S.A. 2012 Supp. 66-1,112, K.S.A. 66-1,112g; effective Jan. 4, 1999; amended Oct. 22, 2010; amended Sept. 20, 2013; revoked July 26, 2019.)

82-4-50. Passenger carriers. (a) With the following exceptions, 49 C.F.R. Part 374, as in effect on October 1, 2015, is hereby adopted by reference:

(1) Each occurrence of the phrase “49 U.S.C. subtitle IV, part B” shall be deleted and replaced by “commission rules and regulations.”

(2) In 49 C.F.R. 374.307, each occurrence of the word “Secretary” shall be deleted and replaced by “commission rules and regulations.”

(3) In 49 C.F.R. 374.307(g), the phrase “notwithstanding 49 CFR 370.9,” shall be deleted.

(4) 49 C.F.R. 374.315 shall be deleted.

(5) In 49 C.F.R. 374.401(a), the phrase “49 U.S.C. 13501” shall be deleted and replaced by “commission rules and regulations.”

(6) In 49 C.F.R. 374.501, the phrase “authorized under 49 U.S.C. 13506 [49 U.S.C. 10932(c)]” shall be deleted.

(7) In 49 C.F.R. 374.503, the phrase “or intrastate” shall be added after the word “interstate.”

(8) In 49 C.F.R. 374.505, paragraphs (c) and (d) shall be deleted.

(b) As used in this regulation, each reference to a portion of 49 C.F.R. Part 374 shall mean that portion as adopted by reference in this regulation. (Authorized by and implementing K.S.A. 66-1,112; effective Jan. 1, 1971; amended May 1, 1981; amended July 26, 2019.)

82-4-51. (Authorized by and implementing K.S.A. 66-1,112; effective Jan. 1, 1971; amended May 1, 1981; revoked July 26, 2019.)

82-4-53. Common motor carrier rates and charges. (a) Common motor carriers of household goods or passengers that are engaged in intrastate commerce in Kansas shall maintain on file with the commission a copy of the tariff publications applicable to their lines between points in Kansas. The carriers shall keep open for public inspection, at their principal offices and locations at which they have employed exclusive agents, all intrastate tariff publications applicable to their lines from or to their stations.

(b) Each change to a tariff publication shall be made subject to 30-day notice to the public and the commission, unless otherwise authorized by the commission. Tariff publications of motor carriers effecting changes resulting in increases in charges, either directly or by means of any change in the regulation or practice affecting a charge or value of service, may be filed on one-day notice to the commission and the public. Applicants granted new authority may file tariffs to be effective on one-day notice. Transferees may adopt the existing tariffs of transferors to be effective on one-day notice.

(c) Tariff publication, except general rate increases, shall not go into effect without prior approval of the commission. The publications shall be subject to protest and suspension. All publications shall be accompanied by a full and complete statement citing the reasons and justifications for the changes.

(d) General rate increases shall be made only by filing an application and after approval of the commission.

(e) Protests of tariff publications shall be considered only if received by the commission at least 12 days before the published effective date of publications. Pursuant to protest or on the commission’s own motion without protest, postponement of an effective date may be ordered by the commission to permit the matter to be properly investigated. Unless otherwise ordered by the

commission, publication shall become effective as filed. Publications shall not be postponed to exceed 90 days.

(f) All tariff publications shall be made in compliance with the commission's regulations governing the publication and filing of household goods and passenger rates and charges. (Authorized by K.S.A. 66-1,112; implementing K.S.A. 66-117, K.S.A. 66-1,112; effective Jan. 1, 1971; amended May 1, 1981; amended Jan. 4, 1999; amended Oct. 22, 2010; amended July 26, 2019.)

82-4-54. Tariff publication to become effective on less than 30-day notice. (a) Departure from the commission's requirement in K.A.R. 82-4-53(b) that tariff publications become effective on 30-day notice may be permitted by the commission, if good and sufficient cause is shown to convince the commission that publication should be made on short notice.

(b) The applicant shall provide all related facts or circumstances that could aid the commission in determining if the request is justified. If permission to establish provisions on less than the required notice is sought, the applicant shall state why the proposed provisions could not have been established upon 30-day notice.

(c) Permission to allow a tariff to become effective on less than 30-day notice shall be granted in cases for which good cause is shown. The desire to meet tariff publications of a competing carrier that has been filed on 30-day notice or one-day notice may be considered a factor for permitting publication on short notice. (Authorized by K.S.A. 66-1,218 and K.S.A. 2009 Supp. 66-1,112; implementing K.S.A. 66-1,218 and K.S.A. 2009 Supp. 66-1,112; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1987; amended Jan. 4, 1999; amended Oct. 22, 2010.)

82-4-55. Procedure for filing a request for postponement of tariff publications. (a) Each protested tariff publication sought to be postponed shall be identified by making reference to the name of the publishing carrier or agent, to the motor carrier's K.C.C. tariff number, and to the specific items or particular provisions protested. The protest shall state the grounds, indicate in what respect the protested tariff publication is considered unlawful, and state what the protestant offers as a substitution. Each protest shall be addressed to the commission. A protest shall not include a request that it also be considered

as a formal complaint. If a protestant desires to proceed further against a tariff publication that is not postponed or that has been postponed and the postponement vacated, a separate, later, formal complaint or petition shall be filed.

(b) Protests against, and requests for, postponement of tariff publications filed under this regulation shall not be considered unless made in writing and filed with the commission in Topeka, Kansas. The original and five copies of each request for postponement shall be filed with the commission at least 12 days before the effective date of the tariff publication, unless the protested publication was filed on less than 30-day notice under the authority of this commission, in which event the protests shall be filed at the earliest possible date. In an emergency, protests submitted by fax shall be acceptable if they fully comply with subsection (a) and copies are simultaneously faxed by protestants to the respondent carriers or their publishing agents. An original and five copies of the fax shall simultaneously be mailed by the protestants to the commission in Topeka.

(c) An original and five copies of each protest or reply filed under this regulation shall be filed with the commission no later than 10 days after the publication of the tariff, and one copy of the protest shall simultaneously be served upon the publishing carrier or agent and upon other known interested parties.

(d) Each order instituting an investigation shall be served by the commission upon respondents. If the respondent fails to comply with any requirements or time period specified in the order, the respondent shall be deemed to be in default and to have waived any further hearing. The investigation may then be decided without further proceedings. (Authorized by K.S.A. 2009 Supp. 66-1,112; implementing K.S.A. 66-117 and K.S.A. 2009 Supp. 66-1,112; effective Jan. 1, 1971; amended May 1, 1981; amended Jan. 4, 1999; amended Oct. 22, 2010.)

82-4-56a. Household goods and passenger carrier tariffs. (a) Each tariff shall be type-written, printed, or reproduced by other similar, durable process, upon paper of good quality, 8 by 11 or 8½ by 11 inches in size.

(b) The title page shall show the following information:

(1) In the upper right-hand corner, the K.C.C. number of the tariff and, immediately below that, the K.C.C. number of the tariff canceled, if any.

The first tariff issued by each carrier shall be numbered "K.C.C. no. 1"; succeeding tariffs shall be numbered consecutively. This information may be shown elsewhere on the page or on the second page of the tariff, if the tariff applies to interstate as well as intrastate traffic;

(2) the name of the carrier, individual, or organization issuing the tariff;

(3) the names of the participating carriers or a reference to the page in the tariff containing that information;

(4) if the tariff is a passenger or household goods tariff, the tariff names' class rates, commodity rates, mileages, rules, one-way fares, round-trip fares, excursion fares, and appropriate designation, if the tariff applies to local traffic, joint traffic, or both;

(5) specific references to the classification and to publications containing any exceptions to the classification governing the rates named in the tariff;

(6) the issued and effective dates; and

(7) the name, title, and complete address of the party issuing the tariff.

(c) The requirements of subsection (a) shall be observed in the construction of circulars and other governing tariff publications. Tariff supplements shall be numbered consecutively, beginning with the number one, and shall show the K.C.C. number of the publication amended, the number of any previous supplements or tariffs canceled, and numbers of the supplements containing all changes from the original publication. This information shall appear in the upper right-hand corner of the supplement unless the supplement applies to interstate as well as intrastate traffic, in which case the information may be shown elsewhere on the title page or on the second page.

(d) Each household goods tariff shall contain the following information:

(1) In clear and explicit language, all terms, additional charges, and privileges applicable in connection with the rates and charges named in the tariff, or specific reference to publications naming these terms, additional charges, and privileges;

(2) any exceptions to the application of rates and charges named in the tariff;

(3) a full explanation of reference marks and technical abbreviations used in the tariff;

(4) rates in either cents or dollars and cents per 100 pounds or per ton of 2,000 pounds or other definite measure; and

(5) the method by which the distance rates shall be determined. Specific point-to-point rates shall be published whenever practicable.

(e) Each passenger tariff shall show the following information:

(1) Fares, definitely and specifically stated in cents or in dollars and cents; and

(2) the identification of terms, agreements, or other documentation that is applicable or contains specific reference to the publications in which the fares will be found. (Authorized by K.S.A. 66-1,112; implementing K.S.A. 66-117, K.S.A. 66-1,112; effective May 1, 1981; amended Jan. 4, 1999; amended Oct. 22, 2010; amended July 26, 2019.)

82-4-57. Powers of attorney and concurrences. (a) A household goods or passenger carrier wanting to give a power of attorney to an agent to issue and file tariffs and supplements for the carrier shall file notice of this intention on a form approved by the commission.

(b) If a household goods or passenger carrier wants to concur in tariffs issued and filed by another carrier or by its agent, a concurrence in substantially the same form as that prescribed by the USDOT for use in similar instances, with references to the interstate tariffs, shall be issued in favor of the issuing carrier.

(c) The original of all powers of attorney and concurrences shall be filed with the commission, and a duplicate of the original shall be sent to the agent or carrier on whose behalf the document is issued.

(d) If a household goods or passenger carrier wants to revoke a power of attorney or concurrence, a notice shall be filed with the commission, the carrier's agent or agents, and any other carrier affected by the revocation. The notice shall be filed at least 30 days before the effective date. (Authorized by and implementing K.S.A. 66-1,112; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1984; amended Jan. 4, 1999; amended July 14, 2000; amended Oct. 22, 2010; amended July 26, 2019.)

82-4-58. Suspension or modification of tariff regulations. Upon written application and a showing of good cause, common carrier tariff regulations may be suspended or modified by the commission to cover unusual instances. (Authorized by K.S.A. 2009 Supp. 66-1,112; implementing K.S.A. 2009 Supp. 66-1,112; effective Jan. 1, 1971; amended May 1, 1981; amended Oct. 22, 2010.)

82-4-58d. (Authorized by and implementing K.S.A. 1997 Supp. 66-1,112; effective May 1, 1987; amended Jan. 4, 1999; revoked July 26, 2019.)

82-4-62. (Authorized by K.S.A. 1997 Supp. 66-1,112; effective Jan. 1, 1971; amended Jan. 4, 1999; revoked Oct. 22, 2010.)

82-4-63. Contested and uncontested motor carrier hearings. An application for a common carrier certificate of convenience and necessity or a certificate of public service shall be considered as contested if either protestants or intervenors, or both, appear at the hearing held on the application and present testimony or evidence in support of their contentions, present a question or questions of law, or cross-examine the applicant's witnesses with regard to the application. If neither protestants nor intervenors appear and offer testimony or evidence in support of their contentions, raise a question of law, or cross-examine the applicant's witnesses with reference to any pending application, the application shall be considered as uncontested. (Authorized by K.S.A. 66-106, 66-1,112; implementing K.S.A. 66-106, 66-1,114, 66-1,115, and 66-1,119; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1987; amended Jan. 4, 1999; amended Oct. 22, 2010; amended July 26, 2019.)

82-4-65. Protestants. Each protest against the granting of a permit, certificate, extension, or transfer shall be considered as follows:

(a) Any interested person who believes that the public will be adversely affected by a proposed application may file a written protest. The protest shall identify the name and address of the protestant and the title and docket number of the proceeding. The protest shall include specific allegations as to how the applicant is not fit, willing, and able, or fit, knowledgeable, and in compliance with the commission safety regulations, to perform these services or how the proposed services are otherwise inconsistent with the public convenience and necessity.

(b) If the protestant opposes only a portion of the proposed application, the protestant shall state with specificity the objectionable portion.

(c) The protest shall be filed in triplicate with the commission within 10 days after publication of the notice in the Kansas register. Failure to file a timely protest shall preclude the interested person from appearing as a protestant.

(d) Each protestant shall serve the protest upon the applicant when or before the protestant files the protest with the commission. The protest shall not be served on the applicant by the commission.

(e) To secure consideration of a protest, the protestant or intervenor shall offer evidence or a statement or shall participate in the hearing. (Authorized by K.S.A. 66-1,112; implementing K.S.A. 66-1,114; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1985; amended May 1, 1987; amended May 1, 1988; amended Jan. 4, 1999; amended Oct. 22, 2010; amended July 26, 2019.)

82-4-66. (Authorized by and implementing K.S.A. 1982 Supp. 66-1,112; effective Jan. 1, 1971; amended May 1, 1981; amended May 1, 1983; revoked July 26, 2019.)

82-4-68. Collective rate-making agreements. (a) Motor carriers of household goods and passengers may enter into an agreement with one or more of these carriers concerning rates, allowances, classifications, divisions, or rules related to them or procedures for joint consideration, initiation, or establishment of them. The agreement and all amendments shall be submitted to the commission for approval by the carriers that are parties to the agreement and shall be approved by the commission upon a finding that the agreement fulfills the requirements of K.S.A. 66-1,112, and amendments thereto, and the regulations of the commission. The agreement shall be administered by an organization designated by the carriers who are parties to the agreement.

(b) The agreement shall contain, at a minimum, provisions for the following:

- (1) Election of rate committees and procedures for appointments to fill vacancies;
- (2) initiation of rate proposals;
- (3) recordkeeping;
- (4) tariff participation fees for services;
- (5) open meetings;
- (6) quorum standards;
- (7) proxy voting by members;
- (8) role of employees in docketing proposals;
- (9) notice of docket proposals and rate committee hearings;
- (10) voting on rate proposals by member carriers;
- (11) right of independent action;
- (12) docketing of independent action;
- (13) the names, addresses, and telephone numbers of carriers who are parties to the agreement;

(14) the names and addresses of each of its affiliates and of officers and directors of the carriers who are parties to the agreement;

(15) the carriers' motor carrier identification number assigned by the commission;

(16) the name, address, and telephone number of the organization that will administer the agreement;

(17) final disposition of cases docketed;

(18) prohibitions of the organization from protesting carrier proposals;

(19) amendments to the agreement; and

(20) powers of attorney. (Authorized by and implementing K.S.A. 66-1,112; effective, T-83-45, Dec. 8, 1982; effective May 1, 1983; amended Jan. 4, 1999; amended July 26, 2019.)

82-4-77. Right of independent action. (a) An organization shall not interfere with each of that organization's carrier's right to independent action. That organization shall not change or cancel any rate established by independent action other than a general increase or broad rate restructuring. However, changes in the rates may be effected, with the written consent of the carrier or carriers that initiated the independent action, for the purpose of tariff simplification, removal of discrimination, or elimination of obsolete items.

(b) Collective adjustments pursuant to K.S.A. 66-1,112, and amendments thereto, shall not cancel rate or rule differentials or differences in rates or rules existing as a result of any independent action taken previously, unless the proponent and any other participant in that independent action desires to eliminate the rate differential or application and notifies the organization in writing of its consent.

(c) Independent action shall mean any action taken by a common carrier member of an organization to perform any of the following:

(1) Establish a rate to be published in the appropriate rate tariff or cancel a rate for that carrier's account;

(2) instruct the organization publishing the rate tariff that the existing rate or rates, whether established by independent action or collective action, proposed to be changed or cancelled be retained for that carrier's account and published in the appropriate tariff; or

(3) publish for the common carrier's account, in the appropriate tariff, a rate established by the independent action of another carrier. This definition shall apply regardless of the manner in which

the carrier joins in the rate, if the rate published for the joining carrier's account is the same as the rate established by the other carrier under independent action. (Authorized by and implementing K.S.A. 2009 Supp. 66-1,112; effective, T-83-45, Dec. 8, 1982; effective May 1, 1983; amended Oct. 22, 2010.)

82-4-85. Rate applications filed by carriers party to a collective rate-making agreement. (a) Each carrier that is a party to a collective rate-making agreement and files an application proposing a general increase or decrease in rates shall submit with the application schedules indicating to the commission the nature and extent of the proposed changes to be effected.

(b) Each application shall be based upon data submitted for a test year.

The application and schedules shall be filed with the commission by electronic mail. The size of print used in the application and schedules shall be clearly legible. Negative numbers shall be shown in parentheses. Amounts included in the application shall be cross-referenced between the appropriate summary schedule and supporting schedules, as well as among the various sections. Referencing shall include allocation ratios, when appropriate. All items shall be self-explanatory. Additional information, cross-references, or explanatory footnotes shall be presented on the schedule. The application shall be supported by schedules as specified in this subsection and shall be assembled under topical sections, with each section clearly identified and a page number for each schedule. The form, order, and titles of each section shall be prescribed as follows:

(1) Application, letter of transmittal, and authorization. This section shall contain a copy of the application, a copy of the letter of transmittal, and an appropriate document or documents authorizing the filing of the application, if any.

(2) General information and publicity. This section shall list the means employed by the carriers to acquaint the general public affected by the proposed rate change with the nature and extent of the proposal. These methods may include meetings with public officials, shippers, and citizen groups; newspaper articles; and advertisements. This section shall include general information concerning the application that will be of interest to the public and suitable for publication. That information shall include the following, if applicable:

(A) The percent and dollar amount of the aggregate annual increase or decrease that the application proposes; and

(B) any other pertinent information that the applicant wants to submit.

(3) List of carriers participating in the application. This list shall show the motor carrier identification number and the name and address of each carrier that is a participant in the application.

(4) List of carriers in the study group. The list shall state the carriers used in the study group. A detailed explanation of how the study group of carriers was selected shall also accompany this section.

(5) Study group carriers' operating ratios. This section shall contain the Kansas intrastate operating ratios for the actual test year for the study group carriers.

(6) Study group carriers: test year and pro forma income statements. This section shall present the following:

(A) An operating income statement for each of the study group carriers and a composite statement of all the study group carriers depicting the unadjusted test year operations for the total system; and

(B) a second schedule that expands the actual system composite income statement to a Kansas intrastate operations income statement. This statement shall be adjusted to show pro forma test year operations. Supporting schedules shall set forth a full and complete explanation of the purpose and rationale for the pro forma adjustments. The pro forma adjustments may include adjustments to reflect the elimination or normalization of nonrecurring and unusual items, and adjustments for known or determinable changes in revenue and expenses.

(7) Capital and cost of money. This section shall be prepared for each participating carrier having total Kansas intrastate system revenue of one million dollars or more. This section shall contain the following:

(A) A schedule indicating the amounts of the major components of the capital structures of the carrier that are outstanding at the beginning and at the end of the test year. This schedule shall contain the ratios of each component to the total capital;

(B) a schedule disclosing the cost of each issue of debt and preferred stock outstanding, with due allowance for premiums, discounts, and issuance expense. Data relating to the other components of capital shall be shown, if appropriate; and

(C) if the applicant is a part of a consolidated group or a division of another company, the consolidated capital structure shall be included in this section.

(8) The proposed tariffs. The application shall contain the proposed tariffs requested for approval.

(c) Prefiled testimony shall be required in all transportation rate cases filed by a tariff publishing organization, and all prefiled testimony shall be filed simultaneously with the filing of the application.

(d) Each application found to be incomplete or not in the form prescribed in this regulation shall be rejected by the commission. (Authorized by and implementing K.S.A. 66-1,112; effective, T-83-45, Dec. 8, 1982; effective May 1, 1983; amended Jan. 4, 1999; amended July 26, 2019.)

82-4-86. (Authorized by K.S.A. 1983 Supp. 66-1,112 and K.S.A. 1984 Supp. 66-1313a; implementing K.S.A. 1984 Supp. 66-1313a; effective, T-85-48, Dec. 19, 1984; effective May 1, 1985; revoked July 26, 2019.)

Article 11.—NATURAL GAS PIPELINE SAFETY

82-11-1. Definitions. The following terms, as used in this article and in the identified sections of the federal regulations adopted by reference, shall be defined as specified in this regulation:

(a) "Area of residential development" means a location in which over 25 residential customers are being, or are expected to be, added over the period in which the area is to be developed.

(b) "Barhole" means a small hole made near gas piping to extract air from the ground.

(c) "Combustible gas indicator" means a type of leak detection equipment capable of detecting and measuring gas concentrations in the atmosphere with minimum detection accuracy of 0.5% gas in the air.

(d) "Commission" means state corporation commission of Kansas.

(e) "Confined space" means any subsurface structure, including vaults, tunnels, catch basins and manholes, that is of sufficient size to accommodate a person and in which gas could accumulate.

(f) "Construction project" means the construction of either of the following:

(1) Any jurisdictional pipeline installation, including new, replacement, or relocation projects,

in which the total piping installed during the project is in excess of 400 feet for small gas operators or 1,000 feet for all other gas operators; or

(2) any other significant pipeline installation that is subject to these safety standards.

(g) “Department of transportation” means U.S. department of transportation.

(h) “Exposed pipeline” means buried pipeline that has become uncovered due to erosion, excavation, or any other cause.

(i) “Flame ionization” means a type of leak detection equipment that uses a technology that continuously draws ambient air through a hydrogen flame and thereby provides an indication of the presence of hydrocarbons.

(j) “Gas-associated structure” means a device or facility utilized by a gas company, including a valve box, vault, test box, and vented casing pipe, that is not intended for storing, transmitting, or distributing gas.

(k) “Gas pipeline safety section” means the gas pipeline safety section of the state corporation commission of Kansas.

(l) “Inspector” means an employee of the gas pipeline safety section of the state corporation commission of Kansas.

(m) “Leak detection equipment” means a device, including a flame ionization unit, combustible gas indicator, and other equipment as approved by the gas pipeline safety section, that measures the amount of hydrocarbon gas in an ambient air sample.

(n) “Lower explosive limit” and “LEL” mean the lowest percent of concentration of natural gas in a mixture with air that can be ignited at normal ambient atmospheric temperature and pressure.

(o) “Odorometer” means an instrument capable of determining the percentage of gas in air at which the odor of the gas becomes detectible to an individual with a normal sense of smell.

(p) “Small gas operator” means an operator who engages in the transportation or distribution of gas, or both, in a system having fewer than 5,000 service lines.

(q) “Small substructure” means any subsurface structure, other than a gas-associated structure, that is of sufficient size to accommodate a person and in which gas could accumulate, including telephone and electrical ducts and conduit, and nonassociated valve and meter boxes.

(r) “Sniff test” means a qualitative test performed by an individual with a normal sense of smell. The test is conducted by releasing small

amounts of gas in order to determine whether an odorant is detectible.

(s) “Town border station” means a pressure-limiting station that reduces the pressure of the gas stream delivered downstream of the station, normally located within or immediately adjacent to the gas purchase point, at which natural gas ownership passes from one party to another, neither of which is the ultimate consumer.

(t) “Underground leak classification” means the process of sampling the subsurface atmosphere for gas using a combustible gas indicator in a series of available openings or barholes over, or adjacent to, the gas facility. If applicable, the sampling pattern shall include sample points that indicate sustained readings of 0% gas in air in the four cardinal directions.

(u) “Utility division” means the utility division of the state corporation commission of Kansas.

(v) “Yard line” means the buried, customer-owned, individually metered piping between the outlet of the meter and the outside wall of a residential premises. (Authorized by and implementing K.S.A. 2014 Supp. 66-1,150 and 66-1,157a; effective, T-82-10-28-88, Oct. 28, 1988; effective, T-82-2-25-89, Feb. 25, 1989; revoked, T-82-3-31-89, April 30, 1989; effective May 1, 1989; amended July 7, 2003; amended Jan. 25, 2008; amended Jan. 9, 2015.)

82-11-4. Transportation of natural and other gas by pipeline; minimum safety standards.

The federal rules and regulations titled “transportation of natural and other gas by pipeline: minimum federal safety standards,” 49 C.F.R. Part 192, including appendices B, C, D, and E, as in effect on October 1, 2013, with the exception of portions that include jurisdiction beyond the state of Kansas, including off-shore pipelines, the outer continental shelf, and states other than Kansas, are adopted by reference with the following exceptions, deletions, additions, and modifications:

(a) All instances of the word “administrator” shall be deleted and replaced with “commission.”

(b) 49 C.F.R. 192.7(b) shall be deleted and replaced by the following: “(b) Any incorporated document shall be available for inspection at the gas pipeline safety section’s Topeka, Kansas office. All incorporated materials are also available for inspection in the Office of Pipeline Safety, Pipeline and Hazardous Materials Safety Administration, 1200 New Jersey Avenue, S.E., Washington, D.C., 20590-0001 or at the National Archives and Rec-

ords Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030 or access the following website: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html. In addition, the incorporated materials are available from the respective organizations listed in paragraph (c)(1) of this section.”

(c) The following changes shall be made to 49 C.F.R. 192.7(c):

(1) Following the first full paragraph, “All forwards, tables of contents, and indexes are excluded from adoption” shall be added.

(2) Appendix X.1.4, “appeals of HSB actions,” shall be excluded from the adoption of the plastics pipe institute, inc.’s “policies and procedures for developing hydrostatic design basis (HDB), hydrostatic design stresses (HDS), pressure design basis (PDB), strength design basis (SDB), and minimum required strength (MRS) ratings for thermoplastic piping materials or pipe,” dated May 2008.

(d) 49 C.F.R. 192.181(a) shall be deleted and replaced by the following: “(a) Each high-pressure distribution system shall have valves spaced to reduce the time to shut down a section of main in an emergency. Each operator shall specify in its operation and maintenance manual the criteria as to how valve locations are determined using, as a minimum, the considerations of operating pressure, the size of the mains, and the local physical conditions. The emergency manual shall include instructions on where operating personnel can find maps and other means of locating emergency valves during an emergency. Each area of residential development constructed after May 1, 1989, shall be provided with at least one valve to isolate it from other areas.”

(e) 49 C.F.R. 192.199(e) shall be deleted and replaced by the following: “(e) Have discharge stacks, vents, or outlet ports designed to prevent accumulation of water, ice, or snow, located where gas can be discharged into the atmosphere without undue hazard. At town border stations and district regulator settings, the gas shall be discharged upward at a minimum height of six feet from the ground or past the overhang of any adjacent building, whichever is greater.”

(f) 49 C.F.R. 192.199(h) shall be deleted and replaced by the following: “(h) Except for a valve that will isolate the system under protection from its source of pressure, shall be designed to prevent unauthorized access to or operation of any stop

valve that will make the pressure-relief valve or pressure-limiting device inoperative including:

“(1) valves that would bypass the pressure regulator or relief devices; and

“(2) shut-off valves in regulator control lines that, if operated, would cause the regulator to be inoperative.”

(g) The following shall be added to 49 C.F.R. 192.199: “(i) At town border stations and district regulator settings, this section shall require pressure-relief or pressure-limiting devices regardless of installation date.”

(h) 49 C.F.R. 192.307 shall be deleted and replaced by the following: “Inspection of materials. Each length of pipe and each other component shall be visually inspected at the site of installation to ensure that it has not sustained any visually determinable damage that could impair its serviceability. Except for short sections of pipe with external coating applied after installation, each coated length of pipe shall be checked for defects in the coating using an instrument that is calibrated according to manufacturer’s specifications prior to lowering the pipe into the ditch.”

(i) The following subsection shall be added to 49 C.F.R. 192.317: “(d) Each existing aboveground pipeline shall be placed underground, with the following exceptions:

“(1) Regulator station piping;

“(2) bridge crossings;

“(3) aerial crossings or spans;

“(4) short segments of piping for valves intentionally brought above the ground, including risers, piping at compressor, processing or treating facilities, block gate settings, sectionalizing valves and district regulator sites;

“(5) distribution mains specifically designed to be above the ground and have the approval of the landowner to provide service to commercial customers from the aboveground main and associated service line or lines; or

“(6) pipelines in class 1 locations that were in natural gas service before May 1, 1989.”

(j) The following shall be added to 49 C.F.R. 192.317: “(e) Each pipeline constructed after May 1, 1989, shall be placed under ground, with the following exceptions:

“(1) Regulator station piping;

“(2) bridge crossings;

“(3) aerial crossings or spans;

“(4) short segments of piping for valves intentionally brought above ground, including risers, piping at compressor, processing or treating facil-

ities, block gate settings, sectionalizing valves and district regulator sites; or

“(5) distribution mains specifically designed to be above ground and have the approval of the landowner to provide service to commercial customers from the aboveground main and associated service line or lines.”

(k) 49 C.F.R. 192.453 shall be deleted and replaced by the following: “(a) The corrosion control procedures required by 49 C.F.R. 192.605(b)(2), including those for the design, installation, operation, and maintenance of cathodic protection systems, must be carried out by, or under the direction of, a person qualified in pipeline corrosion control methods.

“(b) Any unprotected steel service or yard line found to have active corrosion shall be either provided with cathodic protection and monitored annually as required by K.A.R. 82-11-4 (o) or replaced. In areas where there is no active corrosion, each operator shall, at intervals not exceeding three years, reevaluate these pipelines.

“(c) In lieu of conducting electrical surveys on unprotected steel service lines and yard lines, each operator may implement one of the following options:

“(1) Conduct annual leakage surveys at intervals not exceeding 15 months, but at least once each calendar year, on all unprotected steel service lines and yard lines and initiate a program to apply cathodic protection for all unprotected steel service lines and yard lines; or

“(2) conduct annual leakage surveys at intervals not exceeding 15 months, but at least once each calendar year, on all unprotected steel service lines and yard lines and initiate a preventative maintenance program for replacement of service and yard lines. The preventative maintenance program to be used in conjunction with the annual leak survey of unprotected steel service and yard lines shall include the following:

“(A) After the annual leakage survey of all unprotected steel service and yard lines is completed, the operator shall prepare a summary listing of the leak survey results.

“(B) The summary listing shall include the number of leaks found and the number of lines replaced in a defined area.

“(C) An operator’s replacement program for all service or yard lines in the defined area shall be initiated no later than when the sum of the number of unprotected steel service or yard lines with existing or repaired corrosion leaks and the

number of unprotected steel service or yard lines already replaced due to corrosion equals 25% or more of the unprotected steel service or yard lines installed within that defined area.

“(D) The replacement program, once initiated for a defined area, shall be completed by an operator within 18 months.

“(E) Operators, at their option, may have separate preventative maintenance programs for service lines and yard lines but must consistently follow their selection.

“(d) For a city of the third class, or a city having a population of 2,000 or less, which is an operator of a natural gas distribution system, a replacement program for unprotected steel yard lines may comply with paragraph (c)(2)(D) of this section or include the following requirements in their replacement plan:

“(1) Perform leakage surveys at six-month intervals;

“(2) Notify all customers in the defined area with a written recommendation that all unprotected steel yard lines should be scheduled for replacement; and

“(3) Replace all unprotected steel yard lines in the defined area that exhibit active corrosion.”

(l) 49 C.F.R. 192.455(a) shall be deleted and replaced by the following: “(a) Except as provided in paragraphs (c) and (f) of this section, each buried, submerged pipeline, or exposed pipeline, installed after July 31, 1971, shall be protected against external corrosion by various methods, including the following:

“(1) An external protective coating meeting the requirements of 49 C.F.R. 192.461; and

“(2) A cathodic protection system designed to protect the pipeline in accordance with this subpart, installed and placed in operation within one year after completion of construction.”

(m) 49 C.F.R. 192.455(b) shall be deleted.

(n) 49 C.F.R. 192.457(b) shall be deleted and replaced by the following: “(b) Except for cast iron or ductile iron pipelines, each of the following buried, exposed or submerged pipelines installed before August 1, 1971, shall be cathodically protected in accordance with this subpart in areas in which active corrosion is found:

“(1) Bare or ineffectively coated transmission lines;

“(2) bare or coated pipes at compressor, regulator, and measuring stations; and

“(3) bare or coated distribution lines.”

(o) 49 C.F.R. 192.465(a) shall be deleted and

replaced by the following: "Each pipeline that is under cathodic protection shall be tested at least once each calendar year, but in intervals not exceeding 15 months, to determine whether the cathodic protection meets the requirements of 192.463. If tests at those intervals are impractical for separately protected short sections of mains or transmission lines not in excess of 100 feet, or separately protected service lines, these pipelines may be surveyed on a sampling basis. At least one-third of the separately protected short sections, distributed over the entire system, shall be surveyed each calendar year, with a different one-third checked each subsequent year, so that the entire system is tested in each three-year period."

(p) 49 C.F.R. 192.465(d) shall be deleted and replaced by the following: "(d) Each operator shall begin corrective measures within 30 days, or more promptly if necessary, on any deficiencies indicated by the monitoring."

(q) 49 C.F.R. 192.465(e) shall be deleted and replaced by the following: "(e) After the initial evaluation required by 49 C.F.R. 192.455 (a) and K.A.R. 82-11-4(n), each operator shall, at least every three calendar years at intervals not exceeding 39 months, reevaluate its unprotected pipelines and cathodically protect them in accordance with this subpart in areas in which active corrosion is found. The operator shall determine the areas of active corrosion by electrical survey, where practical."

(r) The following shall be added to 49 C.F.R. 192.465: "(f) It shall be considered practical to conduct electrical surveys in all areas, except the following:

"(1) Where the pipe lies under wall-to-wall pavement;

"(2) where the pipe is in a common trench with other utilities;

"(3) in areas with stray current; or

"(4) in areas where the pipeline is under pavement, regardless of depth, and more than two feet away from an unpaved area.

"(g) Where an electrical survey is impractical as listed in paragraph (f) of this section, the operator shall conduct leakage surveys using leak detection equipment in accordance with K.A.R. 82-11-4(ff) and evaluate for areas of active corrosion. The evaluation for active corrosion shall include review and analysis of leak repair records, corrosion monitoring records, exposed pipe inspection records, and the analysis of the pipeline environment.

"(h) For unprotected steel transmission lines and mains, a repair/replacement program shall be established based upon the number of leaks in a defined area."

(s) 49 C.F.R. 192.491(a) shall be deleted and replaced by the following: "(a) For as long as the pipeline remains in service, each operator shall maintain records and maps to show the locations of all cathodically protected piping, cathodic protection facilities other than unrecorded galvanic anodes installed before August 1, 1971, and neighboring structures bonded to the cathodic protection system."

(t) 49 C.F.R. 192.491(b) shall be deleted.

(u) 49 C.F.R. 192.509(b) shall be deleted and replaced by the following: "(b) Each steel main that is to be operated at less than 1 p.s.i.g. shall be tested to at least 10 p.s.i.g. and each main to be operated at or above 1 p.s.i.g. shall be tested to at least 100 p.s.i.g."

(v) The following shall be added to 49 C.F.R. 192.517(a): "(8) Test date. (9) Description of facilities being tested."

(w) 49 C.F.R. 192.517(b) shall be deleted and replaced by the following: "(b) For any pipeline installed after May 1, 1989, each operator shall make, and retain for the useful life of the pipeline, a record of each test performed under §§ 192.509 as modified by K.A.R. 82-11-4(u), 192.511 and 192.513."

(x) 49 C.F.R. 192.553(a)(1) shall be deleted and replaced by the following: "(1) At the end of each incremental increase, the pressure shall be held constant while the entire segment of pipeline that is affected is checked for leaks. This leak survey by flame ionization shall be conducted within eight hours after the stabilization of each incremental pressure increase provided in the uprating procedure. If the operator elects to not conduct the leak survey within the specified time frame because of nightfall or other circumstance, the pressure increment in the line shall be reduced that day with repetition of that particular increment during the next day that the uprating procedure is continued."

(y) 49 C.F.R. 192.603(b) shall be deleted and replaced by the following: "(b) Each operator shall establish a written operating and maintenance plan meeting the requirements of this part and keep records necessary to administer the plan. This plan and future revisions shall be submitted to the gas pipeline safety section."

(z) The following shall be added to 49 C.F.R. 192.603:

“(d) Each operator shall have regulator and relief valve test, maintenance and capacity calculation records in its possession whether the town border station is owned by the operator or by a wholesale supplier, if the supplier’s relief valve capacity is utilized to provide protection for the operator’s system.

“(e) Each operator shall be responsible for ensuring that all work completed by its consultants and contractors complies with this part.”

(aa) The following shall be added to 49 C.F.R. 192.605(b):

“(13) Classifying underground leaks according to K.A.R. 82-11-4(dd).

“(14) Performing leakage surveys of underground pipelines.

“(15) Identifying conditions which will require patrols of a distribution system at intervals shorter than the maximum intervals listed in K.A.R. 82-11-4(ee).”

(bb) 49 C.F.R. 192.617 shall be deleted and replaced by the following: “Investigation of failures.

(a) Each operator shall establish procedures for analyzing accidents and failures, including:

“(1) The maintenance of records that contain information for each pipeline failure, including the type of pipe and the reason for failure.

“(2) The selection of samples of the failed facility or equipment for laboratory examination, where appropriate, for the purpose of determining the causes of the failure and minimizing the possibility of recurrence.

“(b) Each operator shall investigate each accident and failure.”

(cc) 49 C.F.R. 192.625(f) shall be deleted and replaced by the following:

“(f) Each operator shall ensure the proper concentration of odorant and shall maintain records of these samplings for at least two years in accordance with this section. Proper concentration of odorant shall be ensured by conducting periodic sampling of combustible gases as follows:

“(1) Conduct monthly odorometer sampling of combustible gases at selected points in the system; and

“(2) conduct sniff tests during each service call where access to a source of gas in the ambient air is readily available.

“(g) Operators of master meter systems may comply with this requirement by the following:

“(1) Receiving written verification from their gas source that the gas has the proper concentration of odorant; and

“(2) Conducting periodic sniff tests at the extremities of the system to confirm that the gas contains odorant.”

(dd) 49 C.F.R. 192.703 shall be deleted and replaced by the following: “General. (a) No person shall operate a segment of pipeline unless it is maintained in accordance with this subpart.

“(b) Odorometers and leak detection equipment shall be calibrated according to manufacturer’s specifications. Leak detection equipment shall be tested monthly with a calibration gas of known hydrocarbon concentration, except that if equipment is not used, then testing with calibration gas shall be performed prior to the next use.

“(c) Each segment of pipeline that becomes unsafe shall be replaced, repaired or removed from service within five days of the operator being notified of the existence of the unsafe condition. Minimum requirements for response to each class of leak are as follows:

“(1) A class 1 leak requires immediate repair or continuous action until the conditions are no longer hazardous.

“(2) A class 2 leak shall be repaired within six months after detection. Under adverse soil conditions, a class 2 leak shall be monitored weekly to ensure that the leak will not represent a probable hazard and that it reasonably can be expected to remain nonhazardous.

“(3) A class 3 leak shall be rechecked at least every six months and repaired or replaced within 30 months.

“(d) Each operator shall inspect and classify all reports of gas leaks within two hours of notification.

“(e) Each underground leak shall be classified using the operator’s underground leak classification procedure as follows:

“(1) A class 1 leak means a leak that represents an existing or probable hazard to persons or property, and requires immediate repair or continuous action until the conditions are no longer hazardous. This class of leak may include the following conditions:

“(A) Any leak which, in the judgment of operating personnel at the scene, is regarded as an immediate hazard;

“(B) any leak in which escaping gas has ignited;

“(C) any indication that gas has migrated into or under a building, or into a tunnel;

“(D) any percentage reading gas in air at the outside wall of a building, or where gas would likely migrate to an outside wall of a building;

“(E) any reading of 4% gas in air, or greater, in a confined space;

“(F) any reading of 4% gas in air, or greater, in a small substructure from which gas would likely migrate to the outside wall of a building; or

“(G) any leak that can be seen, heard, or felt, and which is in a location that may endanger the general public or property.

“(2) A class 2 leak means a leak that is non-hazardous at the time of detection, but justifies scheduled repair based on probable future hazard. This class of leak may include the following conditions:

“(A) any reading of 2% gas in air, or greater, under a sidewalk in a wall-to-wall paved area that does not qualify as a class 1 leak;

“(B) any reading of 5% gas in air, or greater, under a street in a wall-to-wall paved area that has significant gas migration and does not qualify as a class 1 leak;

“(C) any reading less than 4% gas in air in a small substructure from which gas would likely migrate creating a probable future hazard;

“(D) any reading between 1% gas in air and 4% gas in air in a confined space;

“(E) any reading on a pipeline operating at 30% SMYS, or greater, in a class 3 or 4 location, which does not qualify as a class 1 leak;

“(F) any reading of 4% gas in air, or greater, in a gas-associated substructure; or

“(G) any leak which, in the judgment of operating personnel at the scene, is of significant magnitude to justify scheduled repair.

“(3) A class 3 leak means a leak that is nonhazardous at the time of detection and can reasonably be expected to remain nonhazardous. This class of leak may include the following conditions:

“(A) any reading of less than 4% gas in air in a small gas-associated substructure;

“(B) any reading under a street in areas without wall-to-wall paving where it is unlikely the gas could migrate to the outside wall of a building; or

“(C) any reading of less than 1% gas in air in a confined space.”

(ee) 49 C.F.R. 192.721 shall be deleted and replaced by the following three paragraphs: “(a) The frequency with which pipeline facilities are patrolled shall be determined by the severity of the conditions which could cause failure or leakage, and the consequent hazards to public safety.

“(b) Intervals between patrols shall not be longer than those prescribed in the following table:

Maximum Intervals Between Patrols

| Location of Line | Mains in places or on structures where anticipated physical movement or external loading could cause failure or leakage | Mains at all other locations |
|----------------------------|---|--|
| Inside Business Districts | 4½ months, but at least four times each calendar year | 7½ months, but at least twice each calendar year |
| Outside Business districts | 7½ months, but at least twice each calendar year | 18 months, but at least once each calendar year |

“(c) Service lines and yard lines shall be patrolled at least once every three calendar years at intervals not exceeding 42 months.”

(ff) 49 C.F.R. 192.723 shall be deleted and replaced by the following: “Distribution systems: leak surveys and procedures.

“(a) Each operator of a distribution system shall conduct periodic leakage surveys using leak detection equipment in accordance with this section. The leak detection equipment used for this survey shall utilize a continuously sampling technology.

“(b) The type and scope of the leakage control program shall be determined by the nature of the operations and the local conditions. A leakage survey using leak detection equipment shall be conducted on all distribution mains and shall meet the following minimum requirements:

“(1) In business districts, a leakage survey shall include tests of the atmosphere in gas, electric, telephone, sewer and water system manholes, at cracks in pavement and sidewalks, and at other locations providing an opportunity for finding gas leaks. This survey shall be conducted at intervals on the distribution mains within the business district as frequently as necessary with the maximum interval between surveys not exceeding 15 months, but at least once each calendar year.

“(2) A leakage survey with leak detection equipment shall be conducted on the distribution mains outside the business areas. The survey shall be made as frequently as necessary, but it shall meet the following minimum requirements:

“i. Cathodically unprotected steel mains and ductile iron mains located in class 2, 3, and 4 areas shall be surveyed at least once each calendar year at intervals not exceeding 15 months.

“ii. Cathodically unprotected steel mains and ductile iron mains located in class 1 areas, cathodically protected bare steel mains, cast iron mains, and mains constructed of PVC plastic shall be surveyed at least once every three calendar years at intervals not exceeding 39 months.

“iii. Cathodically protected externally coated steel mains and mains constructed of polyethylene plastic shall be surveyed at least once every five calendar years at intervals not exceeding 63 months.

“(c) Except for the service lines and yard lines described in paragraph (d) of this section, a leakage survey using leak detection equipment shall be conducted for all service lines and yard lines as follows:

“(1) In business districts, this survey shall be conducted as frequently as necessary with the maximum interval between surveys not exceeding 15 months, but at least once each calendar year.

“(2) Outside business districts, the survey shall be made as frequently as necessary, but it shall meet the following minimum requirements:

“i. Cathodically unprotected steel service or yard lines and service or yard lines constructed of PVC plastic, cast iron, or copper shall be surveyed at least once each calendar year at intervals not exceeding 15 months.

“ii. Cathodically protected bare steel service or yard lines shall be surveyed at least once every three years at intervals not exceeding 39 months.

“iii. Cathodically protected externally coated steel service or yard lines and service or yard lines constructed of polyethylene plastic shall be surveyed at least once every five calendar years at intervals not exceeding 63 months.

“(d) For yard lines more than 300 feet in length and operating at a pressure less than 10 p.s.i.g., only the portion within 300 feet of a habitable dwelling must be leak surveyed in accordance with these regulations.

“(e) Each operator’s operations and maintenance manual shall state that company-designated employees are to be trained in and conduct vegetation leak surveys where vegetation is suitable to such analysis.

“(f) Each leakage survey record shall be kept for at least six years.”

(gg) The following shall be added to 49 C.F.R. 192.755: “(c) Each operator with cast iron piping shall institute all of the following for the purposes of evaluation and replacement of cast iron pipelines:

“(1) Each time a leak in the body of a cast iron pipe is discovered, collect a coupon from the joint of pipe that is leaking within five feet of the leak site.

“(2) Conduct laboratory analysis on all coupons to determine the percentage of graphitization. Using the following equation:

Percent of Graphitization = $\frac{(\text{Maximum Depth of Graphitization})}{(\text{Wall Thickness})} \times 100$

“(3) Replace at least one city block (approximately 500 feet) within 120 days of the operator’s discovery of a leak in cast iron pipe due to external corrosion or each time the laboratory analysis of a coupon shows graphitization equal to or greater than the following:

| Diameter | Percent Graphitization |
|-----------------------|------------------------|
| 2.0 inch | 25% |
| 3.0 inch and 4.0 inch | 60% |
| 6.0 inch and 8.0 inch | 75% |
| 10.0 inch or greater | 90% |

“(4) Submit coupons for analysis within 30 days of collection. Retain all sampling records for the life of the facility, but not less than five years.

“(5) For each operator with cast iron piping that is 3 inches or less in nominal diameter, have a replacement program that will remove all cast iron piping with nominal diameter of 3 inches and smaller from natural gas service by January 1, 2013.”

(hh) 49 C.F.R. 192.801(b)(3) shall be deleted and replaced by the following: “(3) Is performed as requirement of K.A.R. 82-11-4; and.” (Authorized by and implementing K.S.A 2014 Supp. 66-1,150; effective, T-82-10-28-88, Oct. 28, 1988; effective, T-82-2-25-89, Feb. 25, 1989; revoked, T-82-3-31-89, April 30, 1989; effective May 1, 1989; amended April 16, 1990; amended March 12, 1999; amended July 7, 2003; amended Jan. 25, 2008; amended June 26, 2009; amended Aug. 5, 2011; amended Jan. 9, 2015.)

82-11-10. Drug and alcohol testing. The federal regulations titled “drug and alcohol testing,” 49 C.F.R. Part 199 as in effect October 1, 2010, are adopted by reference only as they apply to operators of pipeline facilities that deal in the transportation of natural gas by pipeline, with the following modifications:

(a) 49 C.F.R. 199.1 shall be deleted and replaced by the following: “This regulation requires operators of pipeline facilities subject to K.A.R. 82-11-4 to test covered employees for the presence of prohibited drugs and alcohol.”

(b) 49 C.F.R. 199.2 shall be deleted and replaced by the following:

“(a) This part applies to operators of intrastate natural gas pipelines within the state of Kansas.

“(b) This part does not apply to covered functions performed on:

“(1) Master meter systems, as defined in K.A.R. 82-11-3; or

“(2) pipeline systems that transport only petroleum gas or petroleum gas/air mixtures.”

(c) 49 C.F.R. 199.3 shall be deleted and replaced by the following: “As used in this part:

“(a) ‘accident’ means an incident involving gas pipeline facilities reportable under K.A.R. 82-11-3;

“(b) ‘administrator’ means the Administrator, Pipeline and Hazardous Materials Safety Administration or the state corporation commission of the state of Kansas;

“(c) ‘covered employee, employee, or individual to be tested’ means a person who performs a covered function, including persons employed by operators, contractors engaged by operators, and persons employed by such contractors;

“(d) ‘covered function’ means an operations, maintenance, or emergency response function regulated by K.A.R. 82-11-4 and K.A.R. 82-11-8 that is performed on a pipeline;

“(e) ‘DOT Procedures’ means the Procedures for Transportation Workplace Drug and Alcohol Testing Programs published by the Office of the Secretary of Transportation in 49 C.F.R. Part 40;

“(f) ‘fail a drug test’ means that the confirmation test results show positive evidence under DOT Procedures of a prohibited drug in the employee’s system;

“(g) ‘operator’ means a person who owns or operates pipeline facilities subject to K.A.R. 82-11-1, et seq.;

“(h) ‘pass a drug test’ means that initial testimony or confirmation testing under DOT Procedures does not show evidence of the presence of a prohibited drug in the person’s system;

“(i) ‘performs a covered function’ includes actually performing, ready to perform, or immediately available to perform a covered function;

“(j) ‘positive rate for random drug testing’ means the number of verified positive results for random drug tests conducted under this part plus the number of refusals of random drug tests required by this part, divided by the total number of random drug tests results (i.e., positives, negatives, and refusals) under this part;

“(k) ‘prohibited drug’ means any of the following substances specified in Schedule I or Schedule II of the Controlled Substances Act, 21 U.S.C. §812 — marijuana, cocaine, opiates, amphetamines, and phencyclidine (PCP);

“(l) ‘refuse to submit, refuse, or refuse to take’ means behavior consistent with DOT Procedures concerning refusal to take a drug test or refusal to take an alcohol test;

“(m) ‘state agency’ means the state corporation commission of the state of Kansas.”

(d) 49 C.F.R. 199.7 shall be deleted and replaced by the following:

“(a) Each operator who seeks a waiver under 49 C.F.R. 40.21 from the stand-down restriction must submit an application for waiver in duplicate to the state corporation commission of Kansas and the Associate Administrator for Pipeline Safety, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, 1200 New Jersey Avenue, SE, Washington, DC 20590-0001;

“(b) Each application must:

“(1) Identify 49 C.F.R. 40.21 as the rule from which the waiver is sought;

“(2) Explain why the waiver is requested and describe the employees to be covered by the waiver;

“(3) Contain the information required by 49 C.F.R. 40.21 and any other information or arguments available to support the waiver requested; and

“(4) Unless good cause is shown in the application, be submitted at least 60 days before the proposed effective date of the waiver.

“(c) No public hearing or other proceeding is held directly on an application before its disposition under this section. If the Associate Administrator determines that the application contains adequate justification, the Associate Administrator grants the waiver. If the Associate Administrator determines that the application does not justify granting the waiver, the Associate Administrator denies the application. The Associate Administrator notifies each applicant of the decision to grant or deny an application.”

(e) 49 C.F.R. 199.9 shall be deleted.

(f) 49 C.F.R. 199.100 shall be deleted and replaced by the following: “The purpose of this subpart is to establish programs designed to help prevent accidents and injuries resulting from the use of prohibited drugs by employees who perform covered functions for operators of certain pipeline facilities subject to K.A.R. 82-11-4.”

(g) 49 C.F.R. 199.200 shall be deleted and replaced by the following: “The purpose of this subpart is to establish programs designed to help prevent accidents and injuries resulting from the misuse of alcohol by employees who perform covered functions

for operators of certain pipeline facilities subject to K.A.R. 82-11-4.” (Authorized by and implementing K.S.A. 66-1,150; effective April 16, 1990; amended March 12, 1999; amended July 7, 2003; amended June 26, 2009; amended Aug. 5, 2011.)

82-11-11. Fees. (a) Except as specified in subsection (b), the fee for each person covered under K.S.A. 66-1,153 and K.S.A. 66-1,154, and amendments thereto, shall be \$1.00 per meter for each calendar year.

(b) The minimum annual fee shall not be less than \$100.00 for each calendar year. The maximum annual fee shall not exceed \$10,000.00 for each calendar year. (Authorized by and implementing K.S.A. 2013 Supp. 66-1,153 and K.S.A. 66-1,154; effective March 12, 1999; amended Jan. 9, 2015.)

Article 12.—WIRE-STRINGING RULES

82-12-7. Utility requirements for telecommunication supply lines. A utility may proceed with construction of any telecommunication supply line if both of the following requirements are met:

(a) Before beginning construction, the utility shall give written notice to all of the following entities that have facilities within ½ mile of any contemplated telecommunication supply line construction or change in construction:

(1) Railroads; and

(2) any other utilities, unless the utilities have executed a joint use or other agreement covering the area in which the construction is proposed.

(b) The proposed telecommunication supply line construction shall meet the following requirements:

(1) Be within the utility’s certified area; and

(2) not result in any objection from other utilities or railroads that have been given written notice as required by subsection (a). (Authorized by and implementing K.S.A. 66-183; effective Aug. 11, 1995; amended Aug. 5, 2011.)

Article 14.—THE KANSAS UNDERGROUND UTILITY DAMAGE PREVENTION ACT

82-14-1. Definitions. The following terms as used in the administration and enforcement of the Kansas underground utility damage prevention act, K.S.A. 66-1801 et seq. and amendments thereto, shall be defined as specified in this regulation.

(a) “Backreaming” means the process of enlarging the diameter of a bore by pulling a specially designed tool through the bore from the bore exit point back to the bore entry point.

(b) “Commission” means the state corporation commission of Kansas.

(c) “Drill head” means the mechanical device connected to the drill pipe that is used to initiate the excavation in a directional boring operation. This term is sometimes referred to as the drill bit.

(d) “Excavation scheduled start date” means the later of the start date stated in the notice of intent of excavation filed by the excavator with the notification center or the start date filed by the excavator with a tier 2 member or tier 3 member.

(e) “Excavation site” means the area where excavation is to occur.

(f) “Locatable” has the meaning of that word as used in “locatable facility,” which is defined in K.S.A. 66-1802 and amendments thereto. In addition to the requirements for locating underground facilities, as specified in K.S.A. 66-1802 and amendments thereto, the operator shall be able to locate underground facilities within 24 inches of the outside dimensions in all horizontal directions of an underground facility using tracer wire, conductive material, GPS technology, or any other technology that provides the operator with the ability to locate the pipelines for at least 20 years.

(g) “Locate” means the act of marking the tolerance zone of the operator’s underground facilities by the operator.

(h) “Locate ball” means an electronic marker device that is buried with the facility and is used to enhance signal reflection to a facility detection device.

(i) “Meet on site” means a meeting between an operator and an excavator that occurs at the excavation site in order for the excavator to provide an accurate description of the excavation site.

(j) “Notice of intent of excavation” means the written notification required by K.S.A. 66-1804 and amendments thereto.

(k) “Notification center,” as defined in K.S.A. 66-1802 and amendments thereto, means the underground utility notification center operated by Kansas one call, inc.

(l) “Pullback operation” means the installation of facilities in a directional bore by pulling the facility from the bore exit point back to the bore entry point.

(m) “Pullback device” means the apparatus used to connect drilling tools to the facility being installed in a directional bore.

(n) “Reasonable care” means the precautions taken by an excavator to conduct an excavation in a careful and prudent manner. Reasonable care shall include the following:

(1) Providing for proper support and backfill around all existing underground facilities;

(2) using nonintrusive means, as necessary, to expose the existing facility in order to visually determine that there will be no conflict between the facility and the proposed excavation path when the path is within the tolerance zone of the existing facility;

(3) exposing the existing facility at intervals as often as necessary to avoid damage when the proposed excavation path is parallel to and within the tolerance zone of an existing facility; and

(4) maintaining the visibility of the markings that indicate the location of underground utilities throughout the excavation period.

(o) “Tier 1 member” means any operator of a tier 1 facility, as defined in K.S.A. 66-1802 and amendments thereto, or any operator of a tier 2 facility, as defined in K.S.A. 66-1802 and amendments thereto, that elects to be a tier 1 member of the notification center pursuant to K.A.R. 82-14-3.

(p) “Tier 2 member” means any operator of a tier 2 facility, as defined in K.S.A. 66-1802 and amendments thereto, that elects to be a tier 2 member of the notification center.

(q) “Tier 3 member” means any operator of a tier 2 facility, as defined in K.S.A. 66-1802 and amendments thereto, that meets the requirements for a tier 3 facility, as defined in K.S.A. 66-1802 and amendments thereto, and elects to be a tier 3 member of the notification center.

(r) “Tolerance zone” has the meaning specified in K.S.A. 66-1802 and amendments thereto. The tolerance zone shall not be greater than the following:

(1) 25 inches for each tier 1 facility; and

(2) 61 inches for each tier 2 facility.

(s) “Trenchless excavation” means any excavation performed in a manner that does not allow the excavator to visually observe the placement of the new facility. This term shall include underground boring, tunneling, horizontal auguring, directional drilling, plowing, and geoprobing. (Authorized by and implementing K.S.A. 2008 Supp. 66-1815; effective Jan. 19, 2007; amended July 6, 2009.)

82-14-2. Excavator requirements. In addition to the provisions of K.S.A. 66-1804, K.S.A. 66-1807, K.S.A. 66-1809, and K.S.A. 66-1810 and amendments thereto, the following requirements shall apply to each excavator:

(a) If an excavator directly contacts a tier 2 member or a tier 3 member, the excavation scheduled start date shall be the later of the following:

(1) The excavation scheduled start date assigned by the notification center; or

(2) two full working days after the day of contact with the tier 2 member or tier 3 member.

(b) Unless all affected operators have provided notification to the excavator, excavation shall not begin at any excavation site before the excavation scheduled start date.

(c) If a meet on site is requested by the excavator, the excavation scheduled start date shall be no earlier than the fifth working day after the date on which the notice of intent of excavation was given to the notification center or to the tier 2 member or tier 3 member.

(d) Each notice of intent of excavation shall include the name and telephone number of the individual who will be representing the excavator.

(e) Each description of the excavation site shall include the following:

(1) The street address, if available, and the specific location of the proposed excavation site at the street address; and

(2) an accurate description of the proposed excavation site using any available designations, including the closest street, road, or intersection, and any additional information requested by the notification center.

(f) If the excavation site is outside the boundaries of any city or if a street address is not available, the description of the excavation site shall include one of the following:

(1) An accurate description of the excavation site using any available designations, including driving directions from the closest named street, road, or intersection;

(2) the specific legal description, including the quarter section; or

(3) the longitude and latitude coordinates.

(g) An excavator shall not claim preengineered project status, as defined in K.S.A. 66-1802 and amendments thereto, unless the public agency responsible for the project performed the following before allowing excavation:

(1) Identified all operators that have underground facilities located within the excavation site;

(2) requested that the operators specified in paragraph (g)(1) verify the location of their underground facilities, if any, within the excavation site;

(3) required the location of all known underground facilities to be noted on updated engineering drawings as specifications for the project;

(4) notified all operators that have underground facilities located within the excavation site of the project of any changes to the engineering drawings that could affect the safety of existing facilities; and

(5) complied with the requirements of K.S.A. 66-1804(a), and amendments thereto.

(h) If an excavator wishes to conduct an excavation as a permitted project, as defined in K.S.A. 66-1802 and amendments thereto, the permit obtained by the excavator shall have been issued by a federal, state, or municipal governmental entity and shall have been issued contingent on the excavator's having met the following requirements:

(1) Notified all operators with facilities in the vicinity of the excavation of the intent to excavate as a permitted project;

(2) visually verified the presence of the facility markings at the excavation site; and

(3) complied with the requirements of K.S.A. 66-1804(a) and amendments thereto.

(i) If the excavator requests a meet on site as part of the description of the proposed excavation site given to the notification center, the tier 2 member, or the tier 3 member, then the excavator shall document the meet on site and any subsequent meetings regarding facility locations with a record noting the name and company affiliation for the representative of the excavator and the representative of the operator that attend the meeting. The excavator shall keep this record for at least two years. This documentation shall include the following:

(1) Verification that the description of the excavation site is understood by both parties;

(2) the agreed-upon excavation scheduled start date;

(3) the date and time of the meet on site; and

(4) the name and company affiliation of each attendee of the meet on site.

(j) Each excavator using trenchless excavation techniques shall develop and implement operating guidelines for trenchless excavation techniques. At a minimum, the guidelines shall require the following:

(1) Training in the requirements of the Kansas underground utility damage prevention act;

(2) training in the use of nonintrusive methods of excavation used if there is an indication of a conflict between the tolerance zone of an existing facility and the proposed excavation path;

(3) calibration procedures for the locator and sonde if this equipment is used by the excavator;

(4) recordkeeping procedures for measurements taken while boring;

(5) training in the necessary precautions to be taken in monitoring a horizontal drilling tool when backreaming or performing a pullback operation that crosses within the tolerance zone of an existing facility;

(6) training in the maintenance of appropriate clearance from existing facilities during the excavation operation and during the placement of new underground facilities;

(7) for horizontal directional drilling operations, a requirement to visually check the drill head and pullback device as they pass through potholes, entrances, and exit pits; and

(8) emergency procedures for unplanned utility strikes.

(k) If any contact with or damage to any underground facility or the facility's associated tracer wire, locate ball, or associated surface equipment occurs, the excavator shall immediately inform the operator. (Authorized by K.S.A. 2008 Supp. 66-1815; implementing K.S.A. 66-1803 and K.S.A. 66-1809; effective Jan. 19, 2007; amended July 6, 2009.)

82-14-3. Operator requirements. In addition to the provisions of K.S.A. 66-1806, K.S.A. 66-1807, and K.S.A. 66-1810 and amendments thereto, the requirements specified in this regulation shall apply to each operator.

(a) Each operator shall inform the notification center of its election to be considered as a tier 1 member, tier 2 member, or tier 3 member.

(b) Unless otherwise agreed to between the notification center and the operator, any operator of a tier 2 facility may change its membership election once every calendar year by informing the notification center of the operator's intention on or before November 30 of the preceding calendar year.

(c) Each tier 1 member shall perform the following:

(1) File and maintain maps of the operator's underground facilities or a map showing the operator's service area with the notification center; and

(2) file and maintain, with the notification center, the operator's telephone contact number that can be accessed on a 24-hour-per-day basis.

(d) Each tier 2 member shall perform the following:

(1) Establish telephone or internet service with the ability to receive notification from excavators on a 24-hour-per-day basis;

(2) file with the notification center updated maps of the operator's underground facilities or a map showing the operator's service area;

(3) file with the notification center the operator's current telephone contact number or numbers that can be accessed on a 24-hour-per-day basis;

(4) file with the notification center the operator's preferred method of contact for all referrals received from the notification center; and

(5) maintain for at least two years all information provided by the excavator pursuant to K.A.R. 82-14-2(e) and (f).

(e) Each tier 3 member shall perform the following:

(1) File with the notification center updated maps of the operator's underground facilities or a map showing the operator's service area;

(2) file with the notification center the operator's current telephone contact number or numbers that can be accessed on a 24-hour-per-day basis;

(3) file with the notification center the operator's preferred method of contact for all referrals received from the notification center;

(4) maintain for at least two years all information provided by the excavator pursuant to K.A.R. 82-14-2(e) and (f);

(5) develop and operate a locate service web site capable of receiving locate requests;

(6) publish and maintain a dedicated telephone number for locate services;

(7) maintain 24-hour response capability for emergency locates; and

(8) employ at least two technically qualified individuals whose job function is dedicated to the location of underground utilities.

(f) Except in cases of emergencies or separate agreements between the parties, each operator of a tier 1 facility shall perform one of the following, within the two working days before the excavation scheduled start date assigned by the notification center:

(1) Inform the excavator of the location of the tolerance zone of the operator's underground facilities in the area described in the notice of intent of excavation; or

(2) notify the excavator that the operator has no facilities in the area described in the notice of intent of excavation.

(g) Except in cases of emergencies or separate agreements between the parties, the operator of a tier 2 facility shall perform one of the following within the two working days before the excavation scheduled start date assigned by the notification center or the tier 2 member or tier 3 member, whichever is later:

(1) Mark the location of its facilities according to the requirements of subsections (m) and (n) in the area described in the notice of intent of excavation and, if applicable, notify the excavator of the operator's election to require a tolerance zone of 60 inches; or

(2) inform the excavator that the operator's underground facilities are expected to be at least two feet deeper than the excavator's planned excavation depth and that the location of its facilities will not be provided for the affected tier 2 facilities.

(h) Each operator of a tier 2 facility that notifies an excavator of its election to require a tolerance zone of 60 inches shall record and maintain the following records of the notification for at least two years:

(1) The name of the excavator contacted for the notification of a 60-inch tolerance zone;

(2) the date of the notification; and

(3) a description of the location of the excavation site.

(i) Each operator of a tier 2 facility that notifies an excavator of its election not to provide locates for its facilities that are expected to be two feet deeper than the excavator's maximum planned excavation depth shall record and maintain the following records of the notification for at least two years:

(1) The name of the excavator notified that the operator will not provide locates;

(2) the excavator's maximum planned excavation depth;

(3) the date of the notification; and

(4) a description of the location of the excavation site.

(j) If the operator of a tier 2 facility is unable to provide the location of its facilities within a 60-inch tolerance zone, the operator shall mark the approximate location of its facilities to the best of its ability, notify the excavator that the markings could be inaccurate, remain on site or in the vicinity of the excavation, and provide additional guidance to the excavator in locating the facilities as needed during the excavation.

(k) Each tier 2 facility constructed, replaced, or repaired after July 1, 2008 shall be locatable. Loca-

tion data shall be maintained in the form of maps or any other format as determined by the operator.

(l) The requirement to inform the excavator of the facility location shall be met by marking the location of the operator's facility and identifying the name of the operator with flags, paint, or any other method by which the location of the facility is marked in a clearly visible manner.

(m) In marking the location of its facilities, each operator shall use safety colors substantially similar to five of the colors specified in the American national standards institute standard no. Z535.1-2002, "American national standard for safety color code," not including annex A, dated July 25, 2002 and hereby adopted by reference, according to the following table:

| Facility Type | Color |
|---|---------------|
| Electric power distribution lines and transmission lines | Safety red |
| Gas distribution and transmission lines, hazardous liquid distribution and transmission lines | Safety yellow |
| Telephone, telegraph, and fiber optic system lines; cable television lines; alarm lines; and signal lines | Safety orange |
| Potable water lines | Safety blue |
| Sanitary sewer main lines | Safety green |

(n) If the facility has any outside dimension that is eight inches or larger, the operator shall mark its facility so that the outside dimensions of the facility can be easily determined by the excavator.

(o) If the facility has any outside dimension that is smaller than eight inches, the operator shall mark its facility so that the location of the facility can be easily determined by the excavator.

(p) The requirement to notify the excavator that the tier 1 operator has no facilities in the area described in the notice of intent of excavation shall be met by performing one of the following:

(1) Marking the excavation site in a manner indicating that the operator has no facilities at that site; or

(2) contacting the excavator by telephone, facsimile, or any other means of communication. Two documented attempts by the operator to reach an excavator by telephone during normal business hours shall constitute compliance with this paragraph.

(q) If the notice of intent of excavation contains a request for a meet on site, the operator shall

meet with the excavator at a mutually agreed-upon time within two working days after the day on which the notice of intent of excavation was given.

(r) After attending a meet on site, the operator shall inform the excavator of the tolerance zone of the operator's facilities in the area of the planned excavation within two working days before the excavation scheduled start date that was agreed to at the meet on site.

(s) Any operator may request that the excavator whitenline the proposed excavation site.

(t) If the operator requests that the excavator white-line the excavation site, the operator shall have two working days after the whitelining is completed to provide the location of the tolerance zone.

(u) If the operator requests that the excavator use whitelining at the excavation site, the operator shall document the whitelining request and any subsequent meetings regarding the facility location for that excavation site. The operator shall maintain records of the whitelining documentation for two years after the excavation scheduled start date. The documentation shall include the following:

(1) A record stating the name and contact information of the excavator contacted for the request for whitelining;

(2) verification that both parties understand the description of the excavation site;

(3) the agreed-upon excavation scheduled start date; and

(4) the date and time of the request for whitelining.

(v) Each operator that received more than 2,000 requests for facility locations in the preceding calendar year shall file a damage summary report at least semiannually with the Kansas corporation commission. The report shall include information on each incident of facility damage resulting from excavation activity that was discovered by the operator during that period. For each incident, at a minimum the following data, if known, shall be included in the report:

(1) The type of operator;

(2) the type of excavator;

(3) the type of excavation equipment;

(4) the city or county, or both, in which the damage occurred;

(5) the type of facility that was damaged;

(6) the date of damage, specifying the month and year;

(7) the type of locator;

(8) the existence of a valid notice of intent of excavation; and

(9) the primary cause of the damage.

(w) The damage summary report for the first six months of the calendar year shall be due on or before August 1 of the same calendar year. The damage summary report for the last six months of the calendar year shall be due on or before February 1 of the next calendar year. (Authorized by K.S.A. 2008 Supp. 66-1815; implementing K.S.A. 66-1806, as amended by L. 2008, ch. 122, sec. 8; effective Jan. 19, 2007; amended July 6, 2009.)

82-14-4. Notification center requirements. In addition to the provisions of K.S.A. 66-1805 and amendments thereto, the executive director of the notification center shall ensure that the following requirements are met:

(a) Notice shall be provided to each affected operator of a tier 1 facility of any excavation site for which the location has been requested pursuant to K.S.A. 66-1804(e), and amendments thereto, and K.A.R. 82-14-2 (e) or (f) if the affected operator is a tier 1 member and has facilities recorded with the notification center in the area of the proposed excavation site.

(b) If the affected operator is a tier 2 member and has a facility recorded with the notification center in the area of the proposed excavation, the notification center shall provide the excavator with the name of the tier 2 member and contact information for the tier 2 member.

(c) If the affected operator is a tier 3 member and has facilities recorded with the notification center in the area of the proposed excavation, the notification center shall provide the excavator with the name of the tier 3 member and the preferred method of contact for the tier 3 member.

(d) Notice provided by the notification center directly to the operators of tier 2 facilities of any excavation site shall be deemed to meet the requirements of subsections (b) and (c) if the operator agrees to the method of notification.

(e) A record of receipts for each notice of intent of excavation shall be maintained by the notification center for two years, including an audio record of each notice of intent of excavation, if available, and a written or electronic version of the notification sent to each operator that is a tier 1 member.

(f) A copy of the notification center's record documenting the notice of intent of excavation shall be provided to the commission or to the per-

son giving the notice of intent of excavation, upon request.

(g) A quality control program shall be established and maintained by the notification center. The program shall ensure that the employees receiving and recording the notices of intent of excavation are adequately trained. (Authorized by K.S.A. 2008 Supp. 66-1815; implementing K.S.A. 66-1805, as amended by L. 2008, ch. 122, sec. 7; effective Jan. 19, 2007; amended July 6, 2009.)

82-14-5. Tier 3 member notification requirements. In addition to meeting the requirements of K.A.R. 82-14-3(e), each tier 3 member shall ensure that the following requirements are met:

(a) A record of receipts for each notice of intent of excavation shall be maintained for at least two years, including an audio record, if available, of each notice of intent of excavation and a written or electronic version of the notification.

(b) A copy of the tier 3 member's record documenting the notice of intent of excavation resulting in a response from the member shall be provided to the commission or to the person giving the notice of intent of excavation, upon request.

(c) A quality control program shall be established and maintained. The program shall establish procedures for receiving and recording the notices of intent of excavation. (Authorized by K.S.A. 2008 Supp. 66-1815; implementing K.S.A. 66-1802, as amended by L. 2008, ch. 122, sec. 5; effective Jan. 19, 2007; amended July 6, 2009.)

82-14-6. Violation of act; enforcement procedures. (a) After investigation, if the commission staff believes that there has been a violation or violations of K.S.A. 66-1801 et seq. and amendments thereto or any regulation or commission order issued pursuant to the Kansas underground utility damage prevention act and the commission staff determines that penalties or remedial action is necessary to correct the violation or violations, the commission staff may serve a notice of probable noncompliance on the person or persons against whom a violation is alleged. Service shall be made by registered mail or hand delivery.

(b) Any notice of probable noncompliance issued under this regulation may include the following:

(1) A statement of the provisions of the statutes, regulations, or commission orders that the respondent is alleged to have violated and a state-

ment of the evidence upon which the allegations are based;

(2) a copy of this regulation; and

(3) any proposed remedial action or penalty assessments, or both, requested by the commission staff.

(c) Within 30 days of receipt of a notice of probable noncompliance, the recipient shall respond by mail in at least one of the following ways:

(1) Submit written explanations, a statement of general denial, or other materials contesting the allegations;

(2) submit a signed acknowledgment of commission staff's findings of noncompliance; or

(3) submit a signed proposal for the completion of any remedial action that addresses the commission staff's findings of noncompliance.

(d) The commission staff may amend a notice of probable noncompliance at any time before issuance of a penalty assessment. If an amendment includes any new material allegations of fact or if the staff proposes an increased civil penalty amount or additional remedial action, the respondent shall have 30 days from service of the amendment to respond.

(e) Unless good cause is shown or a consent agreement is executed by the commission staff and the respondent before the expiration of the 30-day time limit, the failure of a party to mail a timely response to a notice of probable noncompliance shall constitute an admission to all factual allegations made by the commission staff and may be used against the respondent in future proceedings.

(f) At any time before an order is issued assessing penalties or requiring remedial action or before a hearing, the commission staff and the respondent may agree to dispose of the case by joint execution of a consent agreement. The consent agreement may allow for a smaller penalty than otherwise required. The consent agreement may also allow for nonmonetary remedial penalties. Upon joint execution, the consent agreement shall become effective when the commission issues an order approving the consent agreement.

(g) Each consent agreement shall include the following:

(1) An admission by the respondent of all jurisdictional facts;

(2) an express waiver of any further procedural steps and of the right to seek judicial review or otherwise challenge or contest the validity of the commission's show cause order;

(3) an acknowledgment that the notice of probable noncompliance may be used to construe the terms of the order approving the consent agreement; and

(4) a statement of the actions required of the respondent and the time by which the actions shall be completed.

(h) If any violation resulting in a notice of probable noncompliance is not settled with a consent agreement, a penalty order may be issued by the commission no sooner than 30 days after the respondent has been served with a notice of probable noncompliance.

(i) The respondent shall remit payment for any civil assessments imposed by a penalty order within 20 days of service of the order.

(j) The respondent may request a hearing to challenge the allegations set forth in the penalty order by filing a motion with the commission within 15 days of service of a penalty order. The respondent's failure to respond within 15 days shall be considered an admission of noncompliance.

(k) An order may be issued by the commission to open a formal investigation docket regarding any potential noncompliance with the Kansas underground utility damage prevention act, and amendments thereto, or any regulations or orders pursuant to that act. If the commission finds evidence that any party to the investigation docket was not in compliance, a show cause order may be issued by the commission. If a show cause order is issued during the course of a formal investigation, the staff shall not be required to issue a notice of probable noncompliance. (Authorized by K.S.A. 66-106 and K.S.A. 66-1812; implementing K.S.A. 66-1812; effective July 6, 2009.)

Article 16.—ELECTRIC UTILITY RENEWABLE ENERGY STANDARDS

82-16-1. Definitions. As used in these regulations, the following definitions shall apply:

(a) "Act" means renewable energy standards act (RESA), K.S.A. 66-1256, 66-1257, and 66-1259 and amendments thereto.

(b) "Auxiliary power" has the meaning assigned to "station power" in K.S.A. 66-1,170, and amendments thereto.

(c) "Capacity from generation" means the net capacity of renewable energy resources owned or leased by a utility. Net capacity is the gross capacity minus auxiliary power required to operate

the resource as determined in a test conducted as soon as possible after commercial operation begins. This test shall reflect operation of the resource over a four-hour period under conditions that do not limit performance due to ambient conditions, equipment, or operating or regulatory restrictions. The determination for a multiunit resource, including a wind farm, may be made through tests for a representative sample of at least 10% of the units. If the tests specified in this subsection are not practicable, the nameplate capacity of the resource minus the associated auxiliary power may be used as the net capacity unless there are factors that would prevent the resource from achieving nameplate capacity, other than ambient conditions, equipment, or operating or regulatory restrictions.

(d) "Capacity from net metering systems" means the rated generating capacity of systems interconnected with a utility pursuant to the net metering and easy connection act, K.S.A. 66-1263 et seq. and amendments thereto.

(e) "Capacity from purchased energy" means the capacity associated with energy purchased by a utility from renewable energy resources. The capacity from purchased energy shall be the nameplate capacity of the resource minus auxiliary power, adjusted as appropriate to reflect the utility's share of the output of the resource.

(f) "Capacity from RECs" means the capacity associated with the purchase of renewable energy credits. For each source of RECs, this capacity shall be determined according to the following formulas:

$$\text{Capacity (MWs)} = \frac{\text{RECs}}{\text{Capacity Factor} \times 8760 \text{ hours}}$$

$$\text{Capacity Factor}_i = \frac{12}{n} \sum_{t=1}^n \frac{E_{i,t}}{8760 \times C_{i,t}}$$

where

i = the individual renewable generation facility (source of the RECs)

n = the number of months the facility has been in operation over the past 24 months, with n representing at least 12 months

$E_{i,t}$ = the total energy output (MWh) by renewable generation facility i during compliance period t

$C_{i,t}$ = the average total generator capacity (MW) by renewable generation facility i during compliance period t

The capacity factor shall be calculated for the source of the RECs, if possible. If the utility is un-

able to calculate the capacity factor for the source of the RECs, the capacity factor shall be the capacity factor of the utility's own renewable generation from the prior calendar year for the same or similar type of resource as the source of the RECs, if known. If the utility has multiple installations of the same or similar type of resource, the capacity factor shall be the average of the facilities. If the utility did not have the same or similar type of resource as the source of the RECs or if the source is unknown, the overall capacity factor of the utility's total renewable generation shall be used. In the absence of renewable resource generation, a default capacity factor of 34% shall be used.

(g) "Data year" means the calendar year that occurred before the due date of the utility's report to the commission specified in K.A.R. 82-16-2.

(h) "Electric distribution cooperative" means a cooperative as defined by K.S.A. 17-4603, and amendments thereto, that is engaged in the retail sale and distribution of electricity and does not own or operate any generation or wholesale transmission facilities within the state of Kansas.

(i) "Electric utility" and "utility" mean any "affected utility," as defined by K.S.A. 66-1257 and amendments thereto.

(j) "Generation and transmission cooperative" means a cooperative as defined by K.S.A. 17-4603, and amendments thereto, that does not engage in the retail distribution and sale of electricity and operates generation facilities and transmission facilities solely for the wholesale distribution and sale of electricity.

(k) "Nameplate capacity" means the maximum rated output of a generator under specific conditions designated by the manufacturer, generally indicated in units of kilovolt-amperes (kVA) and in kilowatts (kW) on a nameplate attached to the generator.

(l) "REC" means "renewable energy credit," which means a credit representing energy produced by renewable energy resources and issued as part of a program that has been approved by the commission. For purposes of these regulations, this term is reflected on a certificate representing the attributes associated with one megawatt-hour (MWh) of energy generated by a renewable energy resource.

(m) "Renewable energy resources" has the meaning specified in K.S.A. 66-1257, and amendments thereto. For the purposes of K.S.A. 66-1257(d)(9)(A) and (B) and amendments thereto, the following shall apply:

(1) “Existing hydropower” shall mean hydropower that existed on or before May 27, 2009.

(2) “New hydropower” shall mean hydropower that existed after May 27, 2009.

(n) “Renewable energy goal” means the goal established by K.S.A. 66-1256, and amendments thereto, for energy and energy portfolios of each utility subject to the provisions of the act. (Authorized by K.S.A. 2016 Supp. 66-106; implementing K.S.A. 2016 Supp. 66-1257 and 66-1259; effective Nov. 19, 2010; amended Feb. 24, 2017.)

82-16-2. Renewable energy goal and report. (a) Any utility may attain the renewable energy goal in K.S.A. 66-1256, and amendments thereto, by maintaining a portfolio of renewable capacity from generation, purchased energy, RECs, or net metering systems.

(b) Each utility planning to seek commission approval for recovery of reasonable costs incurred under RESA and either related to the previous mandatory requirement or due to attaining the renewable energy goal, pursuant to K.S.A. 66-1259 and amendments thereto, shall submit a report to the commission detailing that utility’s efforts related to attainment of the renewable energy goal. A generation and transmission cooperative may submit a collective report on behalf of the electric distribution cooperatives it represents. If this collective report is submitted, the electric distribution cooperatives shall not be required to file their own reports as required by this subsection. The report shall specify the renewable generation that has been put into service or the portion of the utility’s portfolio of renewable generation resources served from purchased energy, RECs, or net metering systems on or before December 31 of each data year. An annual report shall be due on or before March 31 of each year. Each report shall contain the following information:

(1) A description of each type of renewable energy resource that was purchased or put into service on or before December 31 of the data year, including type, location, owner, operator, date of commencement of operations, nameplate capacity, and for the data year, the monthly capacity factor, monthly availability factor, and monthly and annual amounts of energy generated;

(2) a narrative supporting the rationale for selecting each capacity resource that was purchased or put into service and each purchased power contract that was executed during the data year;

(3) a description of the utility’s plans for attaining the renewable energy goal for the current calendar year, including the utility’s assessment of the expected impact to revenue requirements;

(4) the Kansas retail one-hour peak demand for each of the three calendar years before the data year and the average for these three years, with supporting data and calculations if the demand differs from the information reported on the federal energy regulatory commission’s FERC form 1. Each electric distribution cooperative that does not file FERC form 1 with the commission shall file a Kansas electric cooperative utility annual report with the commission;

(5) the amount of renewable energy capacity that will qualify as a portion of the year’s peak demand as calculated pursuant to paragraph (b)(4), broken down by capacity from generation, purchased energy, RECs, and net metering systems;

(6) the renewable energy capacity identified in paragraph (b)(5) from a facility constructed in Kansas after January 1, 2000; and

(7) total retail energy sales, as measured in kilowatt-hours (kWh), in Kansas for the data year. (Authorized by K.S.A. 2016 Supp. 66-106; implementing K.S.A. 2016 Supp. 66-1259; effective Nov. 19, 2010; amended Feb. 24, 2017.)

82-16-3. (Authorized by and implementing K.S.A. 2009 Supp. 66-1261; effective Nov. 19, 2010; revoked Feb. 24, 2017.)

82-16-4. Retail revenue requirement. The retail revenue requirement attributable to attainment of the renewable energy goal shall be calculated as follows for each utility:

(a) In conjunction with the reports required by K.A.R. 82-16-2, each affected utility shall calculate the retail revenue requirement for each capacity resource used to attain the renewable energy goal. A capacity resource may result from generation resources, purchased energy, RECs, or net metering systems.

(b) Each determination of the retail revenue requirement shall reflect the total revenues required to allow the utility the opportunity to do the following:

- (1) Earn a return on rate base items;
- (2) earn a return on plant investments through depreciation;
- (3) recover taxes other than income taxes;
- (4) recover fuel and purchased power costs, including incremental fuel expense resulting from

the inefficient dispatch of power generation if this expense is known;

(5) recover operating and maintenance costs;
(6) recover administrative and general expenses; and

(7) recover income taxes, including current deferred income taxes.

(c) In order to calculate a return on rate base items, each utility shall use the overall rate of return authorized by the commission from its last litigated rate case or specified in a stipulation and agreement authorized by the commission. If an overall rate of return was not specified in a utility's last rate case, then the average of the utility's proposed rate of return and the rate of return proposed by commission staff shall be used. (Authorized by K.S.A. 2016 Supp. 66-106; implementing K.S.A. 2016 Supp. 66-1259; effective Nov. 19, 2010; amended Feb. 24, 2017.)

82-16-5. (Authorized by K.S.A. 2009 Supp. 66-1261; implementing K.S.A. 2009 Supp. 66-1257 and 66-1262; effective Nov. 19, 2010; revoked Feb. 24, 2017.)

82-16-6. Renewable energy credit program. (a) Renewable energy credits shall be issued and used as part of a REC program either established or approved by the commission. Each application for approval of any program not approved by the commission in any prior year shall be submitted on or before January 1 of the calendar year in which the RECs are proposed to be included in the portfolio.

(b) Any utility may purchase or sell RECs without commission approval. However, each renewable energy credit shall be counted only once. A REC or any attributes associated with renewable energy generation sold or intended for any purpose other than attainment of the renewable energy goal shall not be applied toward attainment of the renewable energy goal.

(c) For the purpose of RESA, unused RECs shall remain valid for up to two years from the end of the calendar year in which the associated electricity was generated and shall be permanently retired when used for attainment of the renewable energy goal prescribed by the act. To the extent that RECs or attributes associated with renewable energy generation are sold or used for any purpose other than attainment of the renewable energy goal, the utilities shall reduce the capacity used for attainment of the

renewable energy goal according to the formula specified in this subsection.

Total Renewable Capacity for Voluntary Attainment
= $TRC - C_{OP}$

where

$$C_{OP} = \frac{E_{OP}}{CF \times 8760}$$

TRC = total renewable capacity

C_{OP} = renewable capacity sold or used for any other purpose than attainment of the renewable energy goal

E_{OP} = energy from RECs or renewable energy attributes sold or used for any other purpose than attainment of the renewable energy goal

CF = capacity factor for source of E_{OP}

(d) Each REC created, sold, or purchased by any Kansas utility shall be reported in an approved registry that documents and verifies attributes and other compliance conditions as well as tracks the creation, sale, retirement, and other transactions regarding the REC to prevent double counting and misuse, in accordance with these regulations and commission direction. (Authorized by K.S.A. 2016 Supp. 66-106; implementing K.S.A. 2016 Supp. 66-1259; effective Nov. 19, 2010; amended Feb. 24, 2017.)

Article 17.—NET METERING

82-17-1. Definitions. The following terms used in the administration and enforcement of the Kansas net metering and easy connection act, K.S.A. 66-1263 through 66-1271 and amendments thereto, shall be defined as specified in this regulation.

(a) "Act" means the net metering and easy connection act (NMECA), K.S.A. 66-1263 through 66-1271 and amendments thereto.

(b) "Customer" means an entity receiving retail electric service from a utility.

(c) "IEEE" means the institute of electrical and electronics engineers, inc.

(d) "IEEE standard 1547" means the IEEE standard 1547, "IEEE standard for interconnecting distributed resources with electric power systems," published by the IEEE on July 28, 2003 and hereby adopted by reference.

(e) "IEEE standard 1547.1" means the IEEE standard 1547.1, "IEEE standard conformance test procedures for equipment interconnecting

distributed resources with electric power systems,” published by the IEEE on July 1, 2005 and hereby adopted by reference.

(f) “Net metered facility” means the equipment on a customer’s side of a meter that meets the requirements in K.S.A. 66-1264(b)(1) through (b)(5), and amendments thereto.

(g) “Parallel operation” means a net metered facility that is connected electrically to an electric distribution system for longer than 100 milliseconds.

(h) “REC” means renewable energy credit, as defined in K.S.A. 66-1257 and amendments thereto. For purposes of these regulations, this term is reflected on a certificate representing the attributes associated with one megawatt-hour (MWh) of energy generated by a renewable energy resource that is located in Kansas or serves ratepayers in the state.

(i) “UL standard 1741” means the UL standard 1741, “inverters, converters, controllers and interconnection system equipment for use with distributed energy resources,” published on January 28, 2010 by underwriters laboratories inc. and hereby adopted by reference. (Authorized by K.S.A. 2009 Supp. 66-1269; implementing K.S.A. 2009 Supp. 66-1268 and 66-1269; effective Aug. 6, 2010.)

82-17-2. Utility requirements pursuant

to the act. (a) In addition to the requirements set forth in the act, any utility may install, at its expense, equipment to allow for load research metering for purposes of monitoring each net metered facility.

(b) Responsibilities for maintenance, repair, or replacement of meters, service lines, and other equipment provided by the utility shall be governed by the utility’s current tariffs and terms of service on file with the commission. This equipment shall be accessible at all times to utility personnel.

(c) Each utility’s interconnection with a customer-generator’s net metered facility shall be subject to the utility’s current tariffs and terms of service on file with the commission.

(d) Each utility shall enter into a written interconnection application or interconnection agreement with each customer-generator that is equivalent to sample forms available from the commission. Each agreement shall include the following information:

(1) Customer name, mailing address, service address, phone number, and emergency contact phone number;

(2) utility account number and number of meters associated with the account;

(3) information about the net metered facility, including AC power rating, voltage, type of system, address of the net metered facility, and the name of the manufacturer and the model number of the inverter or interconnection equipment;

(4) information about the installation of the net metered facility, including the name and license number of the contractor who installed the facility, and verification that the net metered facility meets the standards in K.A.R. 82-17-1(c), (d), (e), and (i);

(5) information regarding dispute resolution opportunities available with the commission as specified in K.A.R. 82-1-20;

(6) information regarding periodic testing requirements necessary to meet the standards in K.A.R. 82-17-1(c), (d), (e), and (i); and

(7) verification by a licensed engineer or licensed electrician that the net metered facility has been installed in a manner that meets the requirements of all applicable codes and standards for that net metered facility. (Authorized by K.S.A. 2009 Supp. 66-1269; implementing K.S.A. 2009 Supp. 66-1265, 66-1269, and 66-1270; effective Aug. 6, 2010.)

82-17-3. Tariff requirements. Each utility shall file a tariff with the commission setting forth the terms and conditions for net metering interconnection with a customer-generator. In addition to setting forth the terms and conditions required by the act, the tariff shall include the following information:

(a) Any specific criteria and guidelines for determining the appropriate size of generation to fit the expected load;

(b) a provision requiring the customer-generator to furnish, install, operate, and maintain in good repair without cost to the utility any relays, locks and seals, breakers, automatic synchronizers, disconnecting devices, and any other control and protective devices required by an applicable recognized industry standard that is clearly identified in the tariff or in a tariff that is already approved by the commission, or by any requirements adopted by federal, state or local governing authorities for the interconnection of net-metered facilities, for the parallel operation of the net metered facility with the utility’s system;

(c) a provision requiring the customer-generator

to supply, at no expense to the utility, a suitable location for the utility's equipment;

(d) a statement indicating whether or not the utility requires the customer-generator to install a utility-controlled manual disconnect switch located on the line side of a meter that has the capability to be locked out by utility personnel to isolate the utility's facilities if an electrical outage in the utility's facilities occurs. If a manual switch is required, the utility shall give notice to the customer-generator, as soon as possible, when the switch is locked out or used by the utility. The disconnect switch may also serve as a means of isolation for the net metered facility during any customer-generator maintenance activities, routine outages, or emergencies;

(e) a requirement that the customer-generator shall notify the utility before the initial energizing or start-up testing, or both, of the net metered facility. The utility shall have the right to be present at these times;

(f) the requirement that, if harmonics, voltage fluctuations, or other disruptive problems on the utility's system can be directly attributed to the operation of the net metered facility, each problem shall be corrected at the customer-generator's expense. The utility shall provide to the customer-generator a written estimate of all costs that will be incurred by the utility and billed to the customer-generator to accommodate interconnection or correct problems;

(g) a requirement that no net metered facility shall damage the utility's system or equipment or present an undue hazard to utility personnel; and

(h) a requirement that the customer-generator enter into a written interconnection application or interconnection agreement with the utility, as specified in K.A.R. 82-17-2(d). (Authorized by K.S.A. 2009 Supp. 66-1269; implementing K.S.A. 2009 Supp. 66-1264, 66-1268, 66-1269; effective Aug. 6, 2010.)

82-17-4. Reporting requirements.

(a) Each utility shall annually submit to the commission, by March 1, a report in a format approved by the commission listing all net metered facilities connected with the utility during the prior calendar year, pursuant to the act.

(b) Each report shall specify the following information:

(1) Information by customer type, including the following for each net metered facility:

(A) The type of generation resource in operation;

(B) zip code of the net metered facility;

(C) first year of interconnection;

(D) any excess kilowatt-hours that expired at the end of the prior calendar year;

(E) generator size; and

(F) number and type of meters; and

(2) the utility's system retail peak in Kansas and total rated net metered generating capacity for all net metered facilities connected with the utility's system in Kansas. (Authorized by K.S.A. 2009 Supp. 66-1269; implementing K.S.A. 2009 Supp. 66-1265, 66-1266, 66-1269, and 66-1271; effective Aug. 6, 2010.)

82-17-5. Renewable energy credit program. As specified in K.A.R. 82-16-6, neither utilities nor customer-generators may create, register, or sell renewable energy credits (RECs) from energy produced by a net metered facility that is used by a utility to comply with the requirements of the renewable energy standards act. Each utility shall inform a customer-generator if the utility does not intend to use the capacity of the customer-generator's net metered facility, in whole or part, to comply with these requirements for any specified calendar year or years. The utility shall provide this notice on or before October 1 of the year preceding the first such specified year. (Authorized by K.S.A. 2009 Supp. 66-1269; implementing K.S.A. 2009 Supp. 66-1271; effective Aug. 6, 2010.)

84-2. PROCEDURE.

Article 2.—PROCEDURE

84-2-1. Service of pleadings. (a) Method, proof, complaints, orders, and other processes and papers of the board. Service of pleadings and orders shall be conducted in accordance with K.S.A. 77-531, and amendments thereto. Complaints, decisions, orders, and other processes and papers of the board may be served personally, by certified mail, by telefacsimile machine, by electronic mail, or by leaving a copy in the proper office or place of business of persons to be served. The return by the individual serving any of these documents, setting forth the manner of service, shall be proof of service. The return post office receipt, when certified and mailed as specified in this subsection, shall be proof of service.

(b) Service by a party. The moving party and respondent in any action shall be required to file the original and five copies of any pleadings with the board or its designee in person, by certified mail, by telefacsimile machine, or by electronic mail. If a party files any pleading with the board by telefacsimile machine or by electronic mail, the party shall file the original and five copies of the

pleading with the board either in person or by certified mail within five days of electronically filing the pleading. The moving party shall also cause a copy of the pleading to be served, by regular mail or in person, upon all other parties of record with a statement of certification of service appearing upon the pleading.

(c) Service upon attorney. If a party appears by the party's attorney, all papers other than the complaint, notice of original hearings, and decisions and orders may be served as provided in subsection (d), upon the party's attorney with the same force and effect as though served upon the party.

(d) Service by the board. Once a party has been permitted to intervene in a pending action, upon request of the intervening party the other parties shall be ordered by the board, its designee, or the presiding officer to serve upon the intervening party copies of all pleadings of the other parties filed with the board before the date of intervention. (Authorized by K.S.A. 2007 Supp. 75-4323; implementing K.S.A. 77-519; effective, E-72-29, Sept. 29, 1972; effective Jan. 1, 1973; amended May 1, 1975; amended July 30, 1990; amended June 19, 2009.)

Article 3.—PERSONS HOLDING LICENSES; DUTIES

86-3-15. Reporting of information. (a) Each licensee shall report any of the following circumstances to the commission, in writing and within 10 days of the date of occurrence:

(1) Any settlement from litigation filed against the licensee or any real estate company owned in whole or in part by the licensee relating to the business of buying, selling, exchanging, or leasing real estate or to any activity listed in the definition of "broker" in K.S.A. 58-3035 and amendments thereto. The licensee shall provide a copy of the settlement agreement;

(2) any final court judgment, memorandum, or other dispositive order against the licensee or any real estate company owned in whole or in part by the licensee;

(3) any charge of, arrest or indictment for, plea of guilty or nolo contendere to, or conviction of any of the following:

(A) Any misdemeanor; or

(B) any felony;

- (4) any change in the licensee's name;
- (5) any change in the licensee's residence address;

(6) any change in the licensee's electronic-mail address on file with the commission;

(7) any denial by another jurisdiction of an application made by the licensee for a broker or salesperson license;

(8) any suspension or revocation of, or any other disciplinary action taken by another jurisdiction against a broker or salesperson license held by the licensee; or

(9) any denial, suspension, revocation, voluntary surrender, or any other disciplinary action taken by the state of Kansas or another jurisdiction against any professional or occupational license or certificate held by the licensee.

(b) Each supervising broker for a partnership, association, or corporation whose members or officers are licensed pursuant to K.S.A. 58-3042, and amendments thereto, shall be responsible for reporting the information required by this regulation as it relates to the partnership, association, or corporation.

(c) Each supervising broker and branch broker shall report to the commission any information pursuant to paragraph (a)(3) that is applicable to any associated or employed salesperson or associate broker. This report shall be submitted in writing within 10 days of the date that knowledge of the information comes to the attention of the broker.

(d) Each licensee shall report to the licensee's supervising broker or branch broker any information pursuant to paragraph (a)(3) within 10 days of the date of occurrence. (Authorized by K.S.A. 2017 Supp. 74-4202; implementing K.S.A. 2017 Supp. 58-3042, 58-3043, 58-3050, 58-3062, and 74-4202; effective Jan. 1, 1974; amended, E-81-18, July 16, 1980; amended May 1, 1981; amended May 1, 1984; amended, T-87-32, Nov. 19, 1986; amended May 1, 1987; amended Nov. 8, 2002; amended, T-86-7-2-07, July 2, 2007; amended Nov. 16, 2007; amended Dec. 21, 2018.)

86-3-19. Disclosure of interest in property purchased, sold, or leased. (a) Each licensee shall disclose in the real estate contract or lease any interest that the licensee or the licensee's immediate family member has or will have in the following, as applicable:

(1) The real estate being sold or leased by the seller or lessor; and

(2) the real estate being purchased or leased by the buyer or lessee.

(b) For purposes of this regulation, "interest" shall have the meaning specified in K.S.A. 58-3035, and amendments thereto and "immediate family member" shall mean spouse, parent, child, or sibling. (Authorized by K.S.A. 2015 Supp. 74-4202; implementing K.S.A. 2015 Supp. 58-3035 and 58-3062; effective May 1, 1982; amended, T-86-6-25-08, July 1, 2008; amended Oct. 24, 2008; amended Nov. 14, 2016.)

86-3-26. Real estate brokerage relationships brochure. (a) The commission's document titled "real estate brokerage relationships," as approved by the commission on October 10, 2017, is hereby adopted by reference.

(b) As required by K.S.A. 58-30,110 and amendments thereto, each licensee shall give any prospective buyer or seller a brochure titled "real estate brokerage relationships." Any brokerage firm may either use the commission document adopted by reference in subsection (a) or design a brochure that contains at least the same information contained in that document. Each brochure shall also provide the name of the licensee providing the brochure, the name of the supervising or branch broker of the licensee if applicable, and the name of the brokerage firm as registered with the commission. (Authorized by K.S.A. 58-30,110 and K.S.A. 2017 Supp. 74-4202; implementing K.S.A. 58-30,110; effective, T-86-10-1-97, Oct. 1, 1997; effective Oct. 24, 1997; amended March 16, 2018.)

86-3-26a. Designated agents; disclosure of brokerage relationships. (a) If a supervising broker or branch broker designates in a written agency agreement one or more designated agents to represent the interests of a buyer, seller, tenant, or landlord client, any other salespersons or associate brokers that are employed by or associated with the supervising broker or branch broker who are not specifically designated in the written agency agreement to represent the interests of the client shall not be deemed to have a brokerage relationship with the client.

(b) If a designated agent has been appointed to represent a buyer, seller, tenant, or landlord in a transaction, the brokerage relationship disclosure in the contract or lot reservation agreement shall specify that a designated agent was appointed to represent the interests of the client.

(c) Each licensee involved in a transaction as a statutory agent or a transaction broker shall ensure the completeness and accuracy of the disclosure required by K.S.A. 58-30,110(c), and amendments thereto. (Authorized by K.S.A. 2015 Supp. 74-4202; implementing K.S.A. 58-30,109 and 58-30,110; effective Nov. 16, 2007; amended Nov. 14, 2016.)

86-3-27. Transaction broker addendum.

The commission's form titled "transaction broker addendum," as approved by the commission on October 10, 2017, is hereby adopted by reference. Each licensee shall ensure that this form is completed to obtain the informed consent of a seller client and a buyer client pursuant to K.S.A. 58-30,109, and amendments thereto. (Authorized by K.S.A. 58-30,109 and K.S.A. 2017 Supp. 74-4202; implementing K.S.A. 58-30,109; effective, T-86-10-1-97, Oct. 1, 1997; effective Oct. 24, 1997; amended March 16, 2018.)

86-3-28. Buyer's or tenant's consent. The commission's form titled "buyer's or tenant's consent to direct negotiation," as approved by the commission on April 18, 2017, is hereby adopted by reference. Each seller's agent, landlord's agent, or transaction broker shall ensure that this form is completed and signed by the buyer or the tenant before engaging in direct negotiations with that buyer or tenant. (Authorized by K.S.A. 2017 Supp. 74-4202; implementing K.S.A. 2017 Supp. 58-30,103; effective, T-86-10-1-97, Oct. 1, 1997; effective Oct. 24, 1997; amended March 16, 2018.)

86-3-30. (Authorized by K.S.A. 74-4202(b), as amended by L. 2008, ch. 155, sec. 9; implementing L. 2008, ch. 155, sec. 6; effective, T-86-6-25-08, July 1, 2008; effective Oct. 24, 2008; revoked Nov. 14, 2016.)

86-3-31. Broker supervision. (a) Failure of a supervising broker or branch broker to properly supervise the activities of an associated or employed salesperson or associate broker shall include the following:

(1) Allowing a person not licensed by the commission to engage in activities requiring a license on behalf of the broker or brokerage firm, unless the person is exempt from licensure pursuant to K.S.A. 58-3037, and amendments thereto;

(2) allowing an associated or employed salesperson or associate broker to engage in dual

agency or activities requiring an active real estate license while that salesperson's or associate broker's license is expired, inactive, pending transfer, suspended, or revoked;

(3) failure to take action to ensure that an associated or employed salesperson or associate broker complies with any restrictions or conditions placed upon that salesperson's or associate broker's license;

(4) directing or instructing an associated or employed salesperson or associate broker to take any action in violation of the real estate brokers' and salespersons' license act, the brokerage relationships in real estate transactions act, or any commission regulations;

(5) failing to take action to prevent an associated or employed salesperson or associate broker from taking any action in violation of the real estate brokers' and salespersons' license act, the brokerage relationships in real estate transactions act, or any commission regulations, if the supervising broker or branch broker has actual knowledge of the impending violation;

(6) failing to timely take action to correct or mitigate a violation of the real estate brokers' and salespersons' license act, the brokerage relationships in real estate transactions act, or any commission regulations by an associated or employed salesperson or associate broker, if the supervising broker or branch broker has actual knowledge of the violation;

(7) failing to ensure that all contracts and forms used by an associated or employed salesperson or associate broker are reviewed for accuracy and compliance with applicable statutes, regulations, and office policies;

(8) failing to ensure that all advertising by associated or employed salespersons or associate brokers complies with applicable statutes, regulations, and office policies; and

(9) failing to ensure that all associated or employed salespersons and associate brokers are able to maintain reasonable and timely communication with the supervising broker, branch broker, or a competent designee.

(b) Any of the following may be considered mitigating factors regarding an alleged violation of subsection (a):

(1) The supervising broker or branch broker has implemented policies and procedures to prevent an associated or employed salesperson or associate broker from violating a restriction or condition placed upon the license or from committing a vio-

lation of the real estate brokers' and salespersons' license act, the brokerage relationships in real estate transactions act, or any commission regulations, as demonstrated by both of the following:

(A) The supervising broker or branch broker has written policies and procedures in place to provide guidance in real estate practice law to the associated or employed salesperson or associate broker.

(B) The supervising broker or branch broker demonstrates that the associated or employed salesperson or associate broker received training on the written policies and procedures specified in paragraph (b)(1)(A).

(2) The supervising broker or branch broker provides access to either of the following:

(A) Ongoing training or education sessions for associated or employed salespersons or associate brokers; or

(B) experienced personnel to review the accuracy of documents and discuss real estate practice law with associated or employed salespersons or associate brokers.

(3) The supervising broker has systems in place to ensure proper management and control of documents and records relating to licensing requirements and transactions.

(c) Any of the following may be considered aggravating factors with respect to an alleged violation of subsection (a):

(1) The commission has previously disciplined the supervising broker or branch broker for failure to properly supervise associated or employed salespersons or associate brokers.

(2) The supervising broker or branch broker did not have policies and procedures in place as described in paragraph (b)(1)(A) at the time of the violation.

(3) The supervising broker or branch broker is unable to demonstrate that the associated or employed salesperson or associate broker who committed the violation received adequate training on applicable statutory, regulatory, and office policy requirements.

(d) Nothing in this regulation shall prohibit a broker from delegating supervisory duties to competent personnel or affiliated licensees. The supervising broker or branch broker shall be responsible for ensuring compliance with commission statutes and regulations by all personnel and affiliated licensees under the supervising broker's or branch broker's supervision. (Authorized by K.S.A. 2015 Supp. 74-4202; implementing K.S.A. 2015 Supp. 58-3062; effective Nov. 14, 2016.)

Article 3.—GUIDELINES FOR THE DETERMINATION OF RESIDENCY FOR FEE PURPOSES

88-3-8a. Military personnel and veterans. (a) “Armed forces” and “veteran” shall have the meanings specified in K.S.A. 2017 Supp. 48-3601, and amendments thereto.

(b) The resident fee privilege shall be accorded to any person who meets the following conditions:

(1) Is enrolled at any state educational institution, as defined by K.S.A. 76-711 and amendments thereto; and

(2) meets one of the following conditions:

(A)(i) Is currently serving in the armed forces; or
(ii) is a veteran of the armed forces who files with the postsecondary educational institution at which the veteran is enrolled a letter of intent to establish residence in Kansas, lives in Kansas while attending the postsecondary educational institution at which the veteran is enrolled, and is eligible for benefits under the federal post-9/11 veterans educational assistance act or any other federal law authorizing educational benefits for veterans;

(B) is the spouse or dependent child of a person who qualifies for resident tuition rates and fees pursuant to paragraph (b)(2)(A)(i) or who, if qualifying through a veteran pursuant to paragraph (b)(2)(A)(ii), files with the postsecondary educational institution at which the spouse or dependent child is enrolled a letter of intent to establish residence in Kansas, lives in Kansas while attending the postsecondary educational institution at which the spouse or dependent child is enrolled, and is

eligible for benefits under the federal post-9/11 veterans educational assistance act or any other federal law authorizing educational benefits for veterans; or

(C) is a person who is living in Kansas at the time of enrollment and is one of the following:

(i) A veteran who was permanently stationed in Kansas during service in the armed forces or had established residency in Kansas before service in the armed forces; or

(ii) the spouse or dependent of a veteran who was permanently stationed in Kansas during service in the armed forces or had established residency in Kansas before service in the armed forces.

(c) This regulation shall not be construed to prevent a person covered by this regulation from acquiring or retaining a bona fide residence in Kansas.

(d) Each person seeking the resident fee privilege pursuant to this regulation shall be responsible for providing the appropriate office at the state educational institution at which the person seeks admission or is enrolling with the information and written documentation necessary to verify that the person meets the applicable requirements of K.S.A. 2017 Supp. 48-3601 and K.S.A. 76-729, and amendments thereto, and this regulation. This documentation shall include one of the following:

(1) If claiming current status in the armed forces, written documentation verifying that status. For each reserve officers’ training corps (ROTC) cadet and midshipman, this documentation shall include a copy of the person’s current contract for enlistment or reenlistment in the armed forces;

(2) if claiming veteran status pursuant to paragraph (b)(2)(A)(ii), the following:

(A) Written documentation verifying that the veteran qualifies for benefits under the federal post-9/11 veterans educational assistance act or any other federal law authorizing educational benefits for veterans;

(B) written documentation verifying that the veteran lives or will live in Kansas while attending the state educational institution; and

(C) a letter signed by the veteran attesting an intent to become a resident of Kansas;

(3) if claiming spouse or dependent child status based upon the relationship to a current member of the armed forces, the following:

(A) Written documentation verifying the required relationship to the current member of the armed forces; and

(B) written documentation verifying that the member of the armed forces is currently serving;

(4) if claiming spouse or dependent child status based upon a relationship with a veteran pursuant to paragraph (b)(2)(B), the following:

(A) Written documentation verifying the required relationship to the veteran;

(B) written documentation verifying that the spouse or dependent child qualifies for benefits under the federal post-9/11 veterans educational assistance act or any other federal law authorizing educational benefits for veterans;

(C) written documentation verifying that the spouse or dependent child of the veteran lives or will live in Kansas while that person is a student attending the state educational institution; and

(D) a written letter signed by the spouse or dependent child of the veteran, attesting that the spouse or dependent child intends to become a resident of Kansas; or

(5) if claiming status as a veteran pursuant to paragraph (b)(2)(C)(i) who is not otherwise eligible for benefits under the federal post-9/11 veterans educational assistance act or any other federal law authorizing educational benefits for veterans, or the spouse or dependent of the veteran pursuant to paragraph (b)(2)(C)(ii), written documentation verifying both of the following:

(A) The veteran was previously assigned to a permanent station in Kansas while on active duty, or the veteran established Kansas residency before the veteran's service in the armed forces.

(B) The veteran, spouse, or dependent of the veteran who is seeking residency status is living in Kansas at the time of enrollment. (Authorized by

K.S.A. 76-730; implementing K.S.A. 2017 Supp. 48-3601, K.S.A. 2017 Supp. 76-729, and K.S.A. 76-730; effective July 27, 2007; amended Jan. 18, 2013; amended, T-88-8-10-15, Aug. 10, 2015; amended Dec. 18, 2015; amended May 26, 2017; amended June 7, 2018.)

88-3-12. (Authorized by K.S.A. 76-730; implementing K.S.A. 2006 Supp. 76-729, as amended by 2007 HB 2425, §1 and 2007 HB 2185, §10; effective Nov. 14, 1988; amended Nov. 18, 1991; amended July 27, 2007; revoked, T-88-8-10-15, Aug. 10, 2015; revoked Dec. 18, 2015.)

Article 24.—GENERAL EDUCATION DEVELOPMENT (GED) TEST

88-24-1. Eligibility to take GED test. (a)

Each applicant to take the general education development (GED) test shall meet the following requirements:

(1) Be neither currently enrolled at nor graduated from an accredited public, private, denominational, or parochial high school in the United States or Canada; and

(2) be 16 years of age or older.

(b) In addition to meeting the requirements specified in subsection (a), each applicant who is 16 or 17 years old shall meet the following requirements:

(1) Provide one of the following:

(A) Written permission from a parent or legal guardian; or

(B) written proof of legal emancipation; and

(2) provide proof of meeting one of the following requirements:

(A) Have participated in a final counseling session conducted by the school district where the applicant currently resides and signed a disclaimer pursuant to K.S.A. 72-1111(b)(2), and amendments thereto;

(B) have disenrolled from an alternative education program approved by a Kansas unified school district;

(C) have graduated or disenrolled from a program of instruction approved by the state board of education pursuant to K.S.A. 72-1111(g), and amendments thereto; or

(D) be exempt from compulsory attendance pursuant to a court order. (Authorized by and implementing K.S.A. 2009 Supp. 72-4530; effective Oct. 18, 2002; amended July 27, 2007; amended Oct. 15, 2010.)

88-24-2. Test score requirements. Each applicant who meets the test score requirements shall be issued a Kansas state high school diploma. The test score requirements shall be a minimum standard score of 145 on each test in the battery and a cumulative standard score of at least 580 on all four of the tests in the battery.

The test score requirements specified in this regulation shall apply to any test taken on or after January 1, 2014. (Authorized by and implementing K.S.A. 2016 Supp. 72-4530; effective Oct. 18, 2002; amended July 27, 2007; amended April 10, 2015; amended May 26, 2017.)

Article 26.—COMMUNITY COLLEGES, TECHNICAL COLLEGES AND WASHBURN INSTITUTE OF TECHNOLOGY

88-26-1. Definitions. (a) “Board staff” and “staff” mean the designees of the president and chief executive officer of the state board.

(b) “Community college” has the meaning specified in K.S.A. 74-3201b, and amendments thereto.

(c) “Course of study” and “program” mean a curriculum, the completion of which qualifies a student to receive a degree or a career technical certificate or to engage in a particular field of employment.

(d) “Distance education course” means any course in which faculty and students are physically separated in place or time and in which two-thirds or more of the instruction is provided by means other than face-to-face instruction.

(e) “Distance education program” means any program in which 50 percent or more of the program is delivered by means of distance education courses.

(f) “Institution” means a community college, a technical college, or the Washburn institute of technology.

(g) “Non-accredited private secondary school” means a school that meets all of the following conditions:

(1) The school regularly offers education at the secondary level.

(2) Attendance at the school satisfies the requirements of the compulsory school attendance laws of Kansas.

(3) The school is not accredited by the state board of education.

(h) “Out-of-state or foreign student” means a student who is not a resident of the state of Kansas.

(i) “President and chief executive officer of the state board” means the chief executive officer as described in K.S.A. 74-3203a, and amendments thereto.

(j) “Satisfactory progress” means the progress required by an institution’s reasonable satisfactory academic progress policy.

(k) “State aid” means any funds appropriated by the Kansas legislature to the state board for allocation or distribution to institutions.

(l) “State board” means Kansas board of regents.

(m) “Technical college” means any technical college designated pursuant to K.S.A. 72-4472, 72-4473, 72-4474, 72-4475, 72-4477, or 72-4477a, and amendments thereto.

(n) “Washburn institute of technology” means the area vocational school that is affiliated with Washburn university pursuant to K.S.A. 72-4479, and amendments thereto. (Authorized by K.S.A. 72-7514, K.S.A. 74-32,140, and K.S.A. 2014 Supp. 74-32,141; implementing K.S.A. 2014 Supp. 71-201, K.S.A. 71-406, 71-407, K.S.A. 2014 Supp. 71-1803, 72-4480, K.S.A. 74-32,140, and K.S.A. 2014 Supp. 74-32,141; effective Oct. 29, 2004; amended April 10, 2015.)

88-26-2. Accreditation. (a) Accreditation by the higher learning commission of the north central association of colleges and schools shall be presumptive evidence that the criteria specified in subsection (b) are met.

(b) To be approved by the board for purposes of qualifying to receive state aid, each institution shall be required to meet the following minimum standards:

(1) The curriculum reasonably and adequately ensures achievement of the stated objectives for which the curriculum is offered. The institution shall have policies and procedures in place to evaluate and ensure the quality of its educational programs.

(2) The faculty members hold the credentials appropriate to the academic program offered as follows:

(A) Each faculty member shall possess an academic degree that is relevant to what the individual is teaching and that is at least one level above the level at which the individual is teaching. Alternatively, for each faculty member employed based on equivalent experience, the institution shall establish criteria for minimum equivalent experience that will be used in the appointment process.

(B) Each instructor, including instructors in dual-credit, contractual, and collaborative programs, shall be appropriately credentialed.

(3) The institution makes available to its students support services appropriate for its mission, including advising, academic records, financial aid, and placement, each of which shall meet the following conditions:

(A) The services are readily available and evaluated periodically to determine their overall effectiveness.

(B) The extent of the services provided by the institution and any associated cost to the student are stated in the catalog and other appropriate publications.

(4) The facilities and environs are safe and support learning appropriate for the curriculum.

(5) The institution owns or has secured access to the learning resources and services necessary to support the learning expected of its students, including laboratories, libraries, performance spaces, and clinical practice sites.

(6) The financial resources of the institution are sufficient to reasonably and adequately support its current operations, meet its stated objectives, and continue to do so in the foreseeable future.

(7) The institution engages in systematic and integrated planning. Processes allow the institution to enhance its strengths and minimize its weaknesses in the face of a changing environment.

(8) The institution's governance and administrative structures promote effective leadership and support collaborative processes that enable the institution to fulfill its mission. The governance structure is consistent with the institution's stated objectives and provides for the following:

(A) The governing board is knowledgeable about the institution, provides oversight for the institution's financial and academic policies and practices, and meets its legal and fiduciary responsibilities.

(B) The institution enables the involvement of its administration, faculty, staff, and students in setting academic requirements, policy, and processes through effective structures for contribution and collaborative effort.

(9) The institution operates with integrity in its financial, academic, personnel, and auxiliary functions. The institution demonstrates integrity in the relationship with its internal and external constituents.

(A) The academic freedom of both students and faculty is upheld to the extent permitted by law and governing board policy.

(B) Due process is recognized in the institutional operations.

(C) The institution's practices are consistent with its published procedures.

(D) The institution accurately portrays its practices, services, and programs.

(E) The institution meets all applicable federal and state requirements.

(c) The loss of accreditation by an institution, or for Washburn institute of technology, its affiliated university, shall be presumptive evidence of failure to adhere to the minimum standards set by the board. Each institution that loses its accreditation shall be subject to the loss of state aid unless the institution demonstrates that it meets the minimum standards specified in subsection (b). (Authorized by K.S.A. 72-7514, K.S.A. 74-32,140, and K.S.A. 2014 Supp. 74-32,141; implementing K.S.A. 2014 Supp. 71-601, 71-620, K.S.A. 71-801, K.S.A. 2014 Supp. 71-1803, 72-4480, K.S.A. 74-32,140, and K.S.A. 2014 Supp. 74-32,141; effective Oct. 29, 2004; amended April 10, 2015.)

88-26-3. Admissions. To be academically eligible for admission to any community college or technical college or to the Washburn institute of technology, each applicant shall be required to meet one of the following criteria:

(a) Be a graduate of an accredited high school, a graduate of a non-accredited private secondary school, or a recipient of a state-issued or state-recognized high school equivalency credential;

(b)(1) Be enrolled in either an accredited high school or a non-accredited private secondary school, at either of the following:

(A) The tenth-grade, eleventh-grade, or twelfth-grade level; or

(B) the ninth-grade level if the applicant is classified by a school district as gifted, as defined in K.A.R. 91-40-1; and

(2)(A) Have an ACT or SAT score at or above the national average, or have a cumulative high school GPA of 3.0 or above; or

(B) have been determined by the community college or technical college or the Washburn institute of technology, after evaluating the applicant's educational credentials, to be able to benefit from the courses in which the applicant wishes to enroll; or

(c)(1) Be 18 years of age or older; and

(2) have been determined by the community college or technical college or the Washburn institute of technology, after evaluating the applicant's

educational credentials, to be able to benefit from the courses in which the applicant wishes to enroll. (Authorized by K.S.A. 72-7514, 74-32,140, and K.S.A. 2014 Supp. 74-32,141; implementing K.S.A. 71-801, 72-4469, K.S.A. 2014 Supp. 72-4470a, K.S.A. 74-32,140, and K.S.A. 2014 Supp. 74-32,141; effective Oct. 29, 2004; amended April 10, 2015.)

88-26-4. Credit. (a) Transfer credit. Each institution shall accept credits from all courses that are substantially equivalent to those offered at the institution, including courses that have been determined by the state board through the alignment process or the transfer and articulation process to be substantially equivalent. Any institution accepting transfer credit may evaluate the applicability of the credit towards meeting program requirements. Any institution may award credit for other documented learning experiences.

(b) Advanced standing. Any institution may award credit for advanced standing based on the policies adopted by that institution's governing board.

(c) Credit for lecture, laboratory, and other classes. Each institution shall record one semester hour of credit for any student attending a lecture class, if the student has made satisfactory progress in the class and the class consists of at least 750 minutes of class instruction, plus time allocated for a final exam. Each institution shall record one semester hour of credit for any student attending a laboratory class, if the student has made satisfactory progress in the class and the class consists of at least 1,125 minutes. Each institution shall record one semester hour of credit for any student who completes at least 2,700 minutes in on-the-job training, internships, or clinical experiences in health occupations. The number of semester hours of credit recorded for each distance education course shall be assigned by the institution that provided the course, based on the amount of time needed to achieve the course competencies in a face-to-face format. (Authorized by K.S.A. 72-7514, 74-32,140, and K.S.A. 2014 Supp. 74-32,141; implementing K.S.A. 2014 Supp. 71-601, K.S.A. 71-801, 74-32,140, and K.S.A. 2014 Supp. 74-32,141; effective Oct. 29, 2004; amended April 10, 2015.)

88-26-5. Graduation or completion requirements. (a) Any community college may award the associate in arts degree, the associate in

science degree, or the associate in general studies degree to each student who has satisfactorily completed 60 or more credit hours in a curriculum that parallels that of a Kansas public university for freshmen and sophomores.

(b) Any community college or technical college may award the associate in applied science degree to each student who has satisfactorily completed a program in a career technical curriculum consisting of at least 60 credit hours but not more than 68 credit hours, in which at least 15 credit hours in general education and at least 30 credit hours in the area of specialized preparation are required. The 68-credit-hour maximum shall not apply to any programs having external accreditation or industry requirements that exceed the 68-credit-hour limit.

(c) Any institution may grant a career technical certificate to each student who has satisfactorily completed any technical program that is less than 60 credit hours in length but is more than 15 credit hours.

(d) Any institution may award a certificate of completion to each student who has satisfactorily completed a course of study not exceeding 15 credit hours. (Authorized by K.S.A. 72-7514, 74-32,140, and K.S.A. 2014 Supp. 74-32,141; implementing K.S.A. 71-801, 74-32,140, and K.S.A. 2014 Supp. 74-32,141; effective Oct. 29, 2004; amended April 10, 2015.)

88-26-6. Approval of programs. (a)(1) Except as specified in paragraph (a)(2), each program to be offered by an institution shall be required to be approved by the state board before the program is actually offered by the institution. The institution shall submit an application for approval of the program to the state board.

(2) If an associate in applied science degree program has been approved by the state board in accordance with paragraph (a)(1), the institution may subsequently offer within the program a separate certificate of completion or a separate career technical certificate based on credits earned within that program.

(b) The application for approval shall provide information that establishes each of the following:

(1) There is a documented state, regional, or local need for the proposed program.

(2) The institution has the physical and human resources to deliver the program.

(3) The delivery of the program is financially feasible for the state and the institution.

(4) The program does not unnecessarily duplicate any existing programs of the other institutions within the state.

(c) Upon receipt of an application, the application shall be reviewed by board staff, and a determination shall be made whether the requirements specified in subsection (b) have been met.

(d) If the board staff determines that the requirements specified in subsection (b) have been met, the program shall be recommended by the board staff for approval by the state board. The institution shall be notified by the board staff, in writing, of the recommendation.

(e) If the board staff determines that the information provided does not meet all of the requirements specified in subsection (b), the institution shall be notified by the board staff, in writing, of the determination, which shall include in the notice the reason or reasons for the determination. The institution shall also be notified by the board staff of the right to request a review of the determination. (Authorized by K.S.A. 72-7514, K.S.A. 74-32,140, and K.S.A. 2014 Supp. 74-32,141; implementing K.S.A. 71-801; effective Oct. 29, 2004; amended April 10, 2015.)

88-26-7. Residence determination for state aid purposes. (a) Each institution shall determine residency, for state aid purposes, pursuant to statutes or regulations that apply to determination of residency by the institutions, including, for community colleges, K.S.A. 71-406 and K.S.A. 71-407 and amendments thereto. The factors that may be considered in determining residency for state aid purposes shall include, when applicable or appropriate, a Kansas driver's license, evidence of payment of Kansas real estate taxes, payment of Kansas income taxes, reliance on Kansas sources for support, acceptance of permanent employment in Kansas, ownership of a home in Kansas, registration to vote in Kansas, and commitment to an educational program that indicates an intent to maintain a permanent presence in Kansas upon graduation.

(b) The governing board of each institution shall consider L. 2015, ch. 76, sec. 3, and amendments thereto, when setting tuition rates based on residency. (Authorized by K.S.A. 71-406, 72-7514, 74-32,140, and K.S.A. 2014 Supp. 74-32,141; implementing K.S.A. 71-406, 71-407, K.S.A. 2014 Supp. 71-620, 71-1803, and 72-4480; effective Oct. 29, 2004; amended April 10, 2015; amended, T-88-8-10-15, Aug. 10, 2015; amended Dec. 18, 2015.)

88-26-8. Determination of student residency. (a) For purposes of state aid, the president of each institution shall designate a person, referred to in this regulation as the "admissions officer," to determine the residency of each student enrolled in the institution.

(b) The enrollment forms of each institution shall include questions that enable the admissions officer to identify the residency of each student for state aid purposes. (Authorized by K.S.A. 71-406, 72-7514, 74-32,140, and K.S.A. 2014 Supp. 74-32,141; implementing K.S.A. 71-406, 71-407, K.S.A. 2014 Supp. 71-620, 71-1803, 72-4480; effective Oct. 29, 2004; amended April 10, 2015.)

88-26-9, 88-26-10, and 88-26-11. (Authorized by and implementing K.S.A. 71-201, K.S.A. 2003 Supp. 71-301a, K.S.A. 2003 Supp. 71-403, K.S.A. 72-7514, and K.S.A. 74-32,140; effective Oct. 29, 2004; revoked April 10, 2015.)

88-26-12. (Authorized by and implementing K.S.A. 71-201, K.S.A. 2003 Supp. 71-306, K.S.A. 72-7514, and K.S.A. 74-32,140; effective Oct. 29, 2004; revoked April 10, 2015.)

88-26-13. (Authorized by and implementing K.S.A. 71-201, K.S.A. 2003 Supp. 71-301a, K.S.A. 2003 Supp. 71-403, K.S.A. 72-7514, and K.S.A. 74-32,140; effective Oct. 29, 2004; revoked April 10, 2015.)

88-26-14. (Authorized by and implementing K.S.A. 71-201, K.S.A. 71-301a, as amended by 2003 HB 2343, § 10, and K.S.A. 71-403, as amended by 2003 HB 2343, § 17; effective Oct. 29, 2004; revoked April 10, 2015.)

88-26-15, 88-26-16. (Authorized by and implementing K.S.A. 71-201, K.S.A. 2003 Supp. 71-301a, K.S.A. 2003 Supp. 71-403, K.S.A. 72-7514, and K.S.A. 74-32,140; effective Oct. 29, 2004; revoked April 10, 2015.)

Article 28.—PRIVATE AND OUT-OF-STATE POSTSECONDARY EDUCATION INSTITUTIONS

88-28-1. Definitions. Each of the following terms, wherever used in this article of the board's regulations, shall have the meaning specified in this regulation:

(a) "Academic year" means instruction consisting of at least 24 semester credit hours over a period of two semesters or the equivalent.

(b) “Associate’s degree” means a postsecondary degree consisting of at least 60 semester credit hours or the equivalent of college-level coursework. This term shall include the following types of associate’s degree:

(1) “Associate in applied science degree” means a technical-oriented or occupational-oriented associate’s degree that meets the following conditions:

(A) Is granted to each student who successfully completes a program that emphasizes preparation in the applied arts and sciences for careers, typically at the technical or occupational level; and

(B) requires at least 15 semester credit hours in general education and at least 30 semester credit hours or the equivalent in the technical content area.

(2) “Associate in arts degree” means an associate’s degree that meets the following conditions:

(A) Is granted to each student who successfully completes a program that emphasizes the liberal arts; and

(B) requires at least 30 semester credit hours or the equivalent in general education, including English, mathematics, humanities, communications, physical sciences, and social and behavioral sciences, or any combination of these subjects.

(3) “Associate in general studies degree” means an associate’s degree that meets the following conditions:

(A) Is granted to each student who successfully completes a program that emphasizes a broad range of knowledge; and

(B) requires at least 24 semester credit hours or the equivalent in general education.

(4) “Associate in science degree” means an associate’s degree that meets the following conditions:

(A) Is granted to each student who successfully completes a program that emphasizes either mathematics or the biological or physical sciences, or both; and

(B) requires at least 30 semester credit hours or the equivalent in general education.

(c) “Bachelor’s degree” and “baccalaureate” mean a degree that meets the following conditions:

(1) Requires the equivalent of at least four academic years of college-level coursework in the liberal arts, sciences, or professional fields meeting the following conditions:

(A) Requires at least 120 semester credit hours or the equivalent;

(B) includes at least 45 semester credit hours or the equivalent in upper-division courses; and

(C) requires at least 60 semester credit hours or the equivalent from institutions that confer a majority of degrees at or above the baccalaureate level; and

(2) requires a distinct specialization, which is known as a “major,” that requires either of the following:

(A) At least one academic year, or the equivalent in part-time study, of work in the major subject and at least one academic year, or the equivalent in part-time study, in related subjects; or

(B) at least two academic years, or the equivalent in part-time study, in closely related subjects within a liberal arts interdisciplinary program.

(d) “Catalog” means a document delivered in print or on-line containing the elements specified in K.A.R. 88-28-2.

(e) “Closure of an institution” and “closure” mean the practice of no longer allowing students access to the institution to receive instruction. Closure of an institution occurs on the calendar day immediately following the last day on which students are allowed access to the institution to receive instruction.

(f) “Degree program” means a course of study that meets the following conditions:

(1) Leads to an associate’s degree, a bachelor’s degree, a master’s degree, an intermediate (specialist) degree, a first professional degree, or a doctor’s degree; and

(2) consists of at least 30 semester credit hours or the equivalent of coursework in a designated academic discipline area.

(g) “Doctor’s degree” means a degree that may include study for a closely related master’s degree and that meets the following conditions:

(1) Is granted to each student who successfully completes an intensive, scholarly program requiring the equivalent of at least three academic years beyond the bachelor’s degree;

(2) requires a demonstration of mastery of a significant body of knowledge through successful completion of either of the following:

(A) A comprehensive examination; or

(B) a professional examination, the successful completion of which may be required in order to be admitted to professional practice in Kansas; and

(3) requires evidence, in the form of a doctoral dissertation, of competence in independent basic or applied research that involves the highest levels of knowledge and expertise.

(h) “Enrollment documents” means written documentation provided by an institution to a student

in which the institution agrees to provide instruction to the student for a fee. The enrollment documents shall meet the requirements of K.A.R. 88-28-7.

(i) “Enrollment period” means the period of time specified in enrollment documents during which instruction, including any examinations given, is to be provided to a student.

(j) “Entering an institution” means commencing class attendance by a student at an on-site institution or first submitting a lesson by a student for evaluation in a distance education program.

(k) “First professional degree” means a degree that meets the following conditions:

(1) Is granted to each student who successfully completes study beyond the fulfillment of undergraduate requirements, as approved by the state board;

(2) requires the equivalent of at least five academic years of study, including work towards a bachelor's degree; and

(3) includes a specialization in a professional field.

(l) “Honorary degree” means a special degree awarded as an honor that is bestowed upon a person without completion of the usual requirements.

(m) “Intermediate (specialist) degree” means a degree, including an educational specialist degree, granted to each student who successfully completes a program requiring the equivalent of at least one academic year beyond the master's degree in a professional field.

(n) “Master's degree” means a degree that meets the following conditions:

(1) Is granted to each student who successfully completes a program in the liberal arts and sciences or in a professional field beyond a bachelor's degree;

(2) requires the equivalent of at least one academic year in a curriculum specializing in a single discipline or single occupational or professional area; and

(3) culminates in a demonstration of mastery, which may include one or more of the following:

(A) A research thesis;

(B) a work of art; or

(C) the solution of an applied professional problem.

(o) “Program” means either of the following:

(1) A course or series of courses leading to a certificate, diploma, or degree; or

(2) training that prepares a person for a field of endeavor in a business, trade, technical, or industrial occupation.

(p) “Upper-division course” means any course with content and teaching appropriate for students in their third and fourth academic years or for other students with an adequate background in the subject. (Authorized by and implementing K.S.A. 2016 Supp. 74-32,165, effective Oct. 20, 2006; amended March 18, 2011; amended May 26, 2017.)

88-28-2. Minimum requirements. (a) Except as provided in subsection (c), in order to qualify for a certificate of approval, each applicant institution shall be required to meet the criteria listed in K.S.A. 74-32,169 and amendments thereto. An owner of each applicant institution or the owner's designee shall submit evidence that the institution meets the following minimum requirements:

(1) The physical space shall meet the following requirements:

(A) Be free from hazards and be properly maintained;

(B) provide learning environments appropriate for each curriculum in size, seating, lighting, equipment, and resources;

(C) be either owned by the institution or accessed through a long-term lease or other means of access that indicates institutional stability; and

(D) if the physical space includes student housing owned, maintained, or approved by the institution, meet all local standards for public health and safety.

(2) The owner or the owner's designee has received all required inspections and written reports from the local fire department and other agencies responsible for ensuring public health and safety for the current year and the previous year, which shall be maintained on-site, with one copy sent to the state board annually.

(3) The administrative personnel of the institution shall meet the following requirements:

(A) Be adequate in number to support the programs offered; and

(B) be adequately prepared for operating an institution through training, experience, credentialing, or any combination of these.

(4) The executive and academic leadership of the institution shall have qualifications that reasonably ensure that the purpose and policies of the institution are effectively maintained. The administrative responsibilities and concomitant authority of the executive and academic leadership shall be clearly specified in the institution's files.

(5) All academic, enrollment, and financial records of the students shall be securely maintained and protected from theft, fire, and other possible loss. These records shall be kept in an accessible format for 50 years from each student's last date of attendance.

(6) All records describing the personnel related to and the development of the following operations shall be maintained for at least three years:

- (A) The administration;
- (B) the curricula;
- (C) student guidance;
- (D) instructional supplies and equipment;
- (E) the library;
- (F) the institution's physical plant;
- (G) the staff; and
- (H) student activities.

(7) The owner of the institution or the owner's designee shall submit to the state board the most recent financial statements for the institution operating in Kansas and for any parent or holding companies related to that institution. The financial statements provided to the state board shall meet at least one of the following requirements for the most recent fiscal or calendar year or for the two most recent fiscal or calendar years combined:

(A) Demonstrate a minimum ratio of current assets to current liabilities of at least 1:1. This asset ratio shall be calculated by adding the cash and cash equivalents to the current accounts receivable and dividing the sum by the total current liabilities;

(B) exhibit a positive net worth in which the total assets exceed the total liabilities; or

(C) demonstrate a profit earned.

(8) If the institution receives any loans on behalf of a student from a private lender, the institution shall meet all of the following provisions and requirements:

(A) The loan funds may be applied to tuition, fees, or living expenses, or any combination, for a student.

(B) The institution shall not accept all loan funds up front. The funds received shall arrive in multiple disbursements, with the first arriving after the first day of classes and the second arriving at least halfway through the enrollment period. The disbursements shall be at least 90 days apart.

(C) All refunds shall be made to the bank rather than to the borrower.

(D) Upon receipt of loan funds for items to be provided by the institution to the student, the in-

stitution shall provide these items to the student, with the exception of test vouchers.

(E) The institution shall not receive any loan funds for a student before the student first attends any course or accepts any on-line materials.

(F) If providing a test voucher for a student, the institution shall not receive any loan funds for the test voucher more than 30 days before the student is scheduled to take the test.

(9) Each institution shall have a tuition refund policy and a student enrollment cancellation policy, called the "refund policy" in these regulations, that meets the following requirements:

(A) Is published in the institution's catalog;

(B) complies with K.S.A. 74-32,169 and amendments thereto;

(C) establishes that each student will be reimbursed for any items for which the student was charged but did not receive, including textbooks and software;

(D) has no more stringent requirements than the following:

(i) All advance monies, other than an initial, nonrefundable registration fee, paid by the student before attending class shall be refunded if the student requests a refund, in writing, within three days after signing an enrollment agreement and making an initial payment;

(ii) for institutions collecting a nonrefundable initial application or registration fee, the student shall be required to sign a written statement acknowledging that the initial application or registration fee is nonrefundable. This statement may be a part of the enrollment documents, as described in K.A.R. 88-28-7;

(iii) each student who has completed 25 percent or less of a course and withdraws shall be eligible for a pro rata refund. The completion percentage shall be based on the total number of calendar days in the course and the total number of calendar days completed. After a student has attended at least 25 percent of the course, tuition and fees shall not be refundable;

(iv) all monies due to a student shall be refunded within 60 days from the last day of attendance or within 60 days from the receipt of payment if the date of receipt of payment is after the student's last date of attendance; and

(v) for institutions with programs consisting of fewer than 100 clock-hours, refunds may be calculated on an hourly, pro rata basis.

(10) All correspondence from the institution regarding the enrollment cancellation of a student,

and any refund owed to the student, shall reference the refund policy of the institution.

(11) The required catalog of the institution's operation and services published electronically or in print, or both, shall include the following items:

- (A) A table of contents;
- (B) a date of publication;
- (C) a list of any approvals, including contact information for the state board, and accreditations, including contact information, affiliations, and memberships that the institution has obtained;
- (D) any requirements that students must meet to be admitted;
- (E) an academic calendar or a reference to a published calendar used by the institution;
- (F) the name and nature of each occupation for which training is given;
- (G) the curricula offered, including the number of clock-hours or credit hours for each course in each curriculum;
- (H) a description of the physical space and the educational equipment available;
- (I) the tuition and fees charged;
- (J) a description of the system used to measure student progress;
- (K) the graduation requirements or completion requirements, or both;
- (L) the institutional mission;
- (M) identification of the owner of the institution;
- (N) a list of the instructors teaching in Kansas, including their degrees held and the institutions from which their degrees were received;
- (O) the institutional rules;
- (P) the institution's policies for tuition refund and student enrollment cancellation, as described in paragraph (a)(9);
- (Q) the extent to which career services are available; and
- (R) the institution's policies for transfers of clock-hours or credit hours and for advanced-standing examinations.

(12) The enrollment documents shall meet the requirements of K.A.R. 88-28-7.

(13) All advertising and promotional materials shall meet the following requirements:

- (A) Include the correct name of the institution that is approved by the state board;
- (B) be truthful and not misleading by actual statement or omission;
- (C) not be located in the employment or "help wanted" classified ads;
- (D) not quote salaries for an occupation in the institution's advertising or promotional literature without including the documented median starting wage of a majority of the institution's graduates who graduated within the most recent calendar year;

ature without including the documented median starting wage of a majority of the institution's graduates who graduated within the most recent calendar year;

(E) make no offers of institutional scholarships or partial institutional scholarships, unless the scholarships are bona fide reductions in tuition and are issued under specific, published criteria;

(F) use the word "accredited" only if the accrediting agency is one recognized by the United States department of education;

(G) not make any overt or implied claim of guaranteed employment during training or upon completion of training, in any manner; and

(H) not use letters of endorsement, recommendation, or commendation in the institution's advertising and promotional materials, unless the letters meet the following requirements:

- (i) The institution received the prior, written consent of the authors;
- (ii) the institution did not provide remuneration in any manner for the endorsements; and
- (iii) the institution keeps all letters of endorsement, recommendation, or commendation on file, subject to inspection, for at least three years after the last use of the contents in advertising or promotional materials.

(14) Each curriculum shall meet the following requirements:

(A) Be directly related to the institution's published mission;

(B) evidence a well-organized sequence of appropriate subjects leading to occupational or professional competence;

(C) reasonably and adequately ensure achievement of the stated objectives for which the curriculum is offered;

(D) if the curriculum prepares students for licensure, be consistent with the educational requirements for licensure; and

(E) if courses are delivered by distance education, meet the same standards as those for courses conducted on-site.

(15) The published policies for measuring student progress shall be followed.

(16) All instructional materials shall meet the following requirements:

(A) Reflect current occupational knowledge and practice applicable to the field of study and meet national standards if the standards exist;

(B) be sufficiently comprehensive to meet the learning objectives stated in the institution's published catalog;

(C) include suitable teaching devices and supplemental instructional aids appropriate to the subject matter; and

(D) be applicable to the curricula and the students.

(17) All instructional equipment shall meet the following requirements:

(A) Be current and maintained in good repair; and

(B) be used by students according to written policies for safe usage.

(18) Each faculty member shall be qualified to teach in the field or fields to which the member is assigned. Faculty responsibilities may be defined in terms of the number of hours taught, course development and research required, level of instruction, and administrative, committee, and counseling assignments.

(19) Each faculty member's minimum academic credential shall be at least one degree-level above the degree being taught, unless other credentials are typically used in lieu of the academic degree in a particular field of study. In those cases, qualifications may be measured by technical certifications, relevant professional experience, professional certifications, creative activity, training, or licensure, or any combination of these. The institution shall provide documentation that all faculty appointments meet these standards.

(20) The instructors in all programs shall maintain continuous professional experience through one or more of the following activities:

(A) Maintain membership in and participate in educational, business, technical, or professional organizations;

(B) continue their education in their professional fields; or

(C) have concurrent, related work experience.

(21) In-service training that is consistent with the institution's mission shall be provided for the improvement of both the instructors and the curricula.

(22) All students shall be given the appropriate educational credentials upon completion of the program that indicate satisfactory completion.

(23) Each certificate, diploma, or degree shall include the following information, at a minimum:

(A) The name of the graduate;

(B) the name of the program completed;

(C) the name of the institution issuing the credential; and

(D) the date on which the graduate completed the program.

(b) In addition to meeting the requirements of subsection (a), an owner of the applicant institution for which degree-granting authority is sought, or the owner's designee, shall also submit evidence that the institution meets the following minimum requirements:

(1) Each degree program for which degree-granting authority is sought shall meet the criteria specified in the definition of that degree in K.A.R. 88-28-1.

(2) The library holdings maintained in a physical library or on-line, or in a combination of a physical library and on-line, shall be appropriate to each degree awarded. All of the following requirements shall be met:

(A) A professionally trained librarian shall maintain the holdings.

(B) An annual budget shall be established to maintain and improve the holdings, including the appropriate classification and inventory of the holdings.

(C) Physical holdings, on-line holdings, or a combination of these holdings shall be made available at times when students are not in class, including weekend and evening hours.

(D) The library holdings shall be up-to-date and shall include full-text titles appropriate to the degrees offered.

(E) The faculty shall be given an opportunity to participate in the acquisition of library holdings, whether physical or on-line.

(F) If the institution uses interlibrary agreements, the agreements shall be well documented, and access to other libraries' collections shall be practical for students.

(3) Each institution's governing structure shall clearly delineate the responsibility for all legal aspects of operations, the formulation of policy, the selection of the chief executive officer, and the method of succession. If the institution is governed by a board or group of officers, the following aspects of the board or group shall be clearly defined:

(A) The membership;

(B) the manner of appointment;

(C) the terms of office; and

(D) all matters related to the duties, responsibilities, and procedures of that body.

(4) The financial statements for the institution shall be audited by a CPA.

(c) If an institution has accreditation issued by a regional or national accrediting agency recognized by the United States department of education,

that accreditation may be accepted by the state board as presumptive evidence that the institution meets the minimum requirements specified in this regulation. However, each degree program for which degree-granting authority is sought shall meet the criteria specified in the definition of that degree in K.A.R. 88-28-1. (Authorized by K.S.A. 2016 Supp. 74-32,165; implementing K.S.A. 2016 Supp. 74-32,165, 74-32,168 and 74-32,169; effective Oct. 20, 2006; amended May 26, 2017.)

88-28-3. Certificates of approval. (a) A certificate of approval may be issued with degree-granting authority or without degree-granting authority.

(b) An owner of each institution for which a certificate of approval to operate in Kansas is sought, or the owner's designee, shall submit an application on a form provided by the state board. An owner of each institution for which degree-granting authority is sought, or the owner's designee, shall indicate on the application that degree-granting authority is requested and shall specify the degree programs proposed to be offered by the institution.

(c) An owner of each institution or the owner's designee shall submit the following information with the application:

(1) An outline or syllabus of each course offered in Kansas;

(2) a description of the institution's facilities, equipment, and instructional materials;

(3) a certification by an owner of the applicant institution or the owner's designee that the building that is to house the institution meets the requirements of all local, state, and federal regulations;

(4) a resume of each administrator and instructor that includes the individual's education, previous work experience, professional activities, and, if applicable, licensure;

(5) evidence of the institution's professional development and in-service activities;

(6) a copy of the proposed catalog or, if existing, a copy of each of the institution's most recent catalogs, bulletins, and brochures, with any supplements, or functional equivalents;

(7) a copy of the enrollment documents, or functional equivalent;

(8) a copy of the credential to be given to each student upon completion of a program;

(9) a description of how the student and administrative records are maintained as required by K.A.R. 88-28-2;

(10) a copy of any advertising used;

(11) a financial statement showing income and expenditures for the most recent, complete fiscal year. These documents shall be prepared and acknowledged by a certified public accountant and, in the case of an institution requesting degree-granting authority, shall be audited by a certified public accountant;

(12) for an institution in its first calendar year of operation, a business plan with the initial application, which shall include the following:

(A) An income statement that provides projected revenue and expenses for the first year of operation; and

(B) written documentation evidencing the amounts and sources of capital currently available to the institution for payment of start-up costs and any potential losses; and

(13) a copy of any certificate of accreditation issued to the institution by a regional or national accrediting agency recognized by the United States department of education.

(d) If an institution is found to be eligible for a certificate of approval, an owner of the applicant institution or the owner's designee shall be notified of the conditional approval of the institution. Following notification, an owner of the applicant institution or the owner's designee shall furnish a surety bond or other equivalent security acceptable to the state board in the amount of \$20,000, as required by K.S.A. 74-32,175 and amendments thereto. A certificate of approval shall not be issued until the surety bond or other security is filed with and accepted by the state board.

(e) On the state board's own motion or upon a written complaint filed by any person doing business with the institution, an investigation of the institution may be conducted by the state board. Based upon the results of the investigation, the institution may be ordered by the state board to take corrective action, or proceedings may be initiated by the state board to revoke or condition the institution's certificate of approval. The approval to grant degrees may be revoked in whole or for specific degree programs if an institution is not in compliance with the minimum standards specified in K.S.A. 74-32,169, and amendments thereto, and K.A.R. 88-28-2.

(f) An owner or the owner's designee of each institution with degree-granting authority that seeks to begin a new degree program shall file for an amendment to its certificate of approval on a form provided by the state board. Each new degree

program shall meet the criteria specified in the definition of that degree in K.A.R. 88-28-1. The owner of the institution or the owner's designee shall submit the following items with the application to amend its certificate of approval:

- (1) An outline of the curriculum to be offered for the new degree;
- (2) the qualifications of the faculty to be involved in the program of study;
- (3) the relationship of the new degree program to the mission of the institution; and
- (4) any other information requested by the board. (Authorized by K.S.A. 2016 Supp. 74-32,165; implementing K.S.A. 2016 Supp. 74-32,167, 74-32,168, 74-32,172, and 74-32,175; effective Oct. 20, 2006; amended May 26, 2017.)

88-28-4. On-site visits. Each applicant institution shall submit to on-site visits to the institution by state board designees and shall cooperate with these designees by providing immediate access to records and premises, as requested. (Authorized by K.S.A. 2016 Supp. 74-32,165; implementing K.S.A. 2016 Supp. 74-32,165, 74-32,169; effective Oct. 20, 2006; amended May 26, 2017.)

88-28-5. Registration of representatives.

(a) Each institution shall designate one individual who shall serve as the representative of that institution and who shall complete and submit a representative's application on the form provided by the state board. A separate application shall be submitted for each institution that the individual seeks to represent, unless the institutions that the individual seeks to represent all have common ownership. The applicant and either an owner of the institution that the applicant seeks to represent or the owner's designee shall sign the application and shall attest that if the registration is issued, the applicant will be employed by the institution.

(b) If the state board, upon review and consideration of an application, determines that the application is denied, the applicant shall be notified by the state board of the denial and each reason for the denial. The notice shall also advise the applicant of the right to request a hearing under K.S.A. 74-32,172 and amendments thereto.

(c) A certificate of registration for each institution with separate ownership shall be issued by the state board to the individual upon approval of the application. The certificate shall state the name of the registrant, the name of the institu-

tion that the registrant may represent, the date of issuance, and the date of expiration. The representative shall make available proof of the representative's registration to each prospective student or enrollee, if asked, before engaging in any personal solicitation.

(d) On the state board's own motion or upon a written complaint filed by any person doing business with the representative, an investigation of the representative may be conducted by the state board. Based upon the results of the investigation, the representative or the institution may be ordered by the state board to take corrective action, or proceedings may be initiated by the state board to revoke the representative's certificate of registration pursuant to K.S.A. 74-32,172 and amendments thereto. (Authorized by K.S.A. 2016 Supp. 74-32,165; implementing K.S.A. 2016 Supp. 74-32,174; effective Oct. 20, 2006; amended May 26, 2017.)

88-28-6. Fees. Fees for certificates of approval, registration of representatives, and certain transcripts shall be paid to the state board in accordance with this regulation.

(a) For institutions chartered, incorporated, or otherwise organized under the laws of Kansas and having their principal place of business within the state of Kansas, the following fees shall apply:

(Authorized by and implementing K.S.A. 74-32,181; effective Oct. 20, 2006; amended April 16, 2010; amended, T-88-7-20-11, July 20, 2011; amended Oct. 21, 2011; amended April 10, 2015; amended May 26, 2017; amended Dec. 15, 2017; amended Dec. 27, 2019.)

88-28-7. Enrollment documents. (a) (1) Before any institution may accept payment from a student, an official of the institution shall provide that student with enrollment documents that explicitly outline the obligations of the institution and the student and the enrollment period for which the enrollment documents apply. When the official of the institution provides any student with the institution's enrollment documents, the official shall also physically or electronically provide the student with a copy of the institution's catalog and any other supporting documents that detail the services to be provided by the institution.

(2) The enrollment documents shall be written so that they can be understood by the prospective student or, if the prospective student is a minor, that prospective student's parent or legal guardian, regardless of the educational background of the individual.

(b) The enrollment documents shall contain the following elements:

(1) A title that identifies the enrollment documents as a contract or legal agreement, if applicable;

(2) the name and address of the institution;

(3) the title of the program or each course in which the student is enrolling, as identified in the course catalog;

(4) the number of clock-hours or credit hours and the number of weeks or months required for completion of the program or each course in which the student is enrolling;

(5) identification of the type of certificate, diploma, or degree to be received by the student upon successful completion of the program or each course;

(6) the total amount of tuition required for the program or each course in which the student is currently enrolling. If the total number of clock-hours or credit hours required for completion of the program will span more than one enrollment period, the enrollment documents shall include a statement that tuition is subject to change;

(7) the cost of any required books and supplies, which may be estimated if necessary;

(8) any other costs and charges to be paid by the student;

(9) the scheduled start and end dates of the program or each course and a description of the class schedule;

(10) the grounds for termination of enrollment by the institution before the student's completion of the program or each course. These grounds may include the student's insufficient progress, nonpayment, and failure to comply with the institution's published rules;

(11) the method by which the student can cancel or voluntarily terminate enrollment;

(12) the institution's refund policy for cancellations and terminations, as described in K.S.A. 74-32,169 and amendments thereto and K.A.R. 88-28-2. Reference may be given to the page where the refund policy is listed in the institution's catalog in effect at the time of enrollment;

(13) a statement disclaiming any guarantee of employment for the student after the program or each course is completed;

(14) the reasons why the institution could postpone the scheduled starting date or the class schedule, the maximum period of any possible delay, and any effect that the postponement could have on the institution's refund policy;

(15) a description of the nature and extent of any possible major or unusual change in any

course content, program content, or materials and the amount of any extra expenses that could be charged to the student;

(16) the date on which the enrollment documents become effective, if applicable;

(17) an acknowledgment that the student who signs the enrollment documents has read and received a copy of the enrollment documents, if applicable;

(18) the signature of the student or the student's legal representative, if the student is a minor, and the date of this signature, if applicable;

(19) the signature of an official at the institution who is authorized to sign for the institution and the date of this signature, if applicable;

(20) if any extra charges are assessed, a description of what each charge is for and, if payment of these charges is collected in advance, a reasonable refund policy; and

(21) a description of any items or services required to be purchased from sources other than the institution, if any. (Authorized by K.S.A. 2016 Supp. 74-32,165; implementing K.S.A. 2016 Supp. 74-32,165, 74-32,169, and 74-32,176; effective Oct. 20, 2006; amended May 26, 2017.)

88-28-3. Student records upon closure of an institution. (a) Upon closure of an institution, an owner of the institution or the owner's designee shall deliver or make available to the state board all records of the students who are or have been in attendance at the institution. These records shall be delivered or made available no more than 15 calendar days following the closure.

(b) If the student records are not delivered or made available to the state board as required by subsection (a), any action deemed necessary may be commenced by the state board to obtain possession of the records. (Authorized by K.S.A. 2016 Supp. 74-32,165; implementing K.S.A. 2016 Supp. 74-32,175; effective Oct. 20, 2006; amended May 26, 2017.)

Article 29.—QUALIFIED ADMISSION

88-29-1. Definitions. This regulation shall be applicable to each state educational institution's review of applicants before the 2016 summer session. Each of the following terms, wherever used in this article or in article 29a, shall have the meaning specified in this regulation:

(a) "Accredited high school" means one or more educational institutions that provide secondary instruction to students in grades 9, 10, 11, and 12

and that are designated accredited by a regional accrediting agency recognized by the United States department of education, by the Kansas state board of education, or by an agency with standards equivalent to those of the United States department of education or the Kansas state board of education.

(b) “Admission” means the permission given by the admission officer of a state educational institution to an applicant to enroll as a degree-seeking student in a state educational institution.

(c) “Admission category” means one of the admission categories adopted by a state educational institution pursuant to K.A.R. 88-29-3.

(d) “Complete application file” means the entire set of the following student records that have been received in the admission office of a state educational institution:

(1) A completed application to the state educational institution;

(2) verification that all applicable application fees have been paid;

(3) an official copy of the final transcript from each high school attended, including a transcript documenting graduation from high school, or a high school equivalency credential;

(4) when required pursuant to K.A.R. 88-29-5, K.A.R. 88-29a-5, K.A.R. 88-29-7, or K.A.R. 88-29a-7, an official copy of all ACT or SAT scores; and

(5) any other materials required by the state educational institution for advising or placement purposes.

(e) “Degree-seeking student” means a student who has been accepted for enrollment at a state educational institution and who has formally indicated to the state educational institution the intent to complete a program of study that is designated by the United States department of education as a program that is eligible for federal financial aid.

(f) “Earned a high school equivalency credential with at least the prescribed minimum scores” means one of the following:

(1) Took the GED test on or after January 1, 2014, with an overall score of at least 680 points and a minimum score of 150 points on each subset;

(2) took the high school equivalency test (HiSET) on or after January 1, 2014, with an overall score of at least 75 points and a minimum score of 8 points on each subtest;

(3) took the GED test on or after January 1, 2002 and before January 1, 2014, with an overall score of at least 2,550 points and a minimum score of 510 points on each subtest; or

(4) took the GED test before January 1, 2002, with an overall score of at least 250 points and a minimum score of 50 points on each subtest.

(g) “Exception window for nonresident freshman class admissions” means a method by which any state educational institution, pursuant to K.A.R. 88-29-8c or K.A.R. 88-29a-8c, may admit a person who is not a resident of Kansas, who does not meet the applicable requirements specified in K.A.R. 88-29-4, K.A.R. 88-29-7, K.A.R. 88-29a-7, K.A.R. 88-29-7a, or K.A.R. 88-29a-7a, and who is not eligible for admission pursuant to the exception window for nonresident transfer admissions.

(h) “Exception window for nonresident transfer admissions” means a method by which any state educational institution, pursuant to K.A.R. 88-29-8b, may admit a person who is not a resident of Kansas and who has earned at least 24 transferable college credit hours but who is not eligible for admission pursuant to K.A.R. 88-29-4.

(i) “Exception window for resident freshman class admissions” means a method by which any state educational institution, pursuant to K.A.R. 88-29-8 or K.A.R. 88-29a-8, may admit a Kansas resident who does not meet the applicable requirements specified in K.A.R. 88-29-4 through 88-29-6, K.A.R. 88-29a-5, or K.A.R. 88-29a-6 and who is not eligible for admission pursuant to the exception window for resident transfer admissions.

(j) “Exception window for resident transfer admissions” means a method by which any state educational institution, pursuant to K.A.R. 88-29-8a, may admit a Kansas resident who has earned at least 24 transferable college credit hours but who is not eligible for admission pursuant to K.A.R. 88-29-4.

(k) “Institution of higher education” means an educational institution in any state, territory, or country that meets all of the following criteria:

(1) Meets one of the following requirements:

(A) Offers a course of instruction designated by the United States department of education as a program that is eligible for federal financial aid; or

(B) offers a course of instruction that is equivalent to a program designated by the United States department of education as a program that is eligible for federal financial aid;

(2) is legally authorized within the state, territory, or country that appears on the transcript to provide a program of education beyond secondary education; and

(3) meets one of the following requirements:

(A) Is accredited by an accrediting agency or association that is recognized by the United States department of education or an international accrediting agency; or

(B) has been granted preaccreditation status by an accrediting agency or association that is recognized by either the United States department of education or an international accrediting agency.

(l) “Integrated course” means a course that redistributes the content of two or more qualified admission precollege curriculum courses into a nontraditional combination. A nontraditional combination may combine the content of qualified admission algebra I and qualified admission geometry over a period of four semesters in a sequence of courses titled integrated math I and II.

(m) “Kansas resident” means a person determined to be a resident for fee purposes, pursuant to K.S.A. 76-729 and amendments thereto.

(n) “Non-accredited private secondary school” has the meaning specified in K.A.R. 88-26-1, which may include a home school.

(o) “Non-degree-seeking student” means a student who has been accepted for enrollment in a state educational institution and who has formally indicated to the state educational institution the intent to enroll for self-enrichment or other reasons, excluding the intent to complete a course of study that is designated by the United States department of education as a program that is eligible for federal financial aid.

(p) “Precollege,” when used to describe a course or curriculum, means a type of course or curriculum offered at an accredited high school that meets both of the following conditions:

(1) The course or curriculum is designed for a student performing at or above the student’s grade level as determined by standardized testing.

(2) The content and requirements of the course or curriculum have been determined by the board of regents or the board’s designee to reflect a pace of instruction, intensity and depth of material, level of abstraction, and application of critical thinking necessary to prepare students for study at state educational institutions.

(q) “State educational institution” has the meaning specified in K.S.A. 76-711, and amendments thereto.

(r) “Transferable college credit hours” means postsecondary coursework that an admitting state educational institution will accept.

(s) “Unit” means a measure of secondary credit that may be awarded to a student for satisfacto-

ry completion of a particular course or subject, as determined by the local school district.

This regulation shall have no force and effect on and after June 1, 2016. (Authorized by and implementing K.S.A. 2014 Supp. 76-717; effective Aug. 1, 2007; amended, T-88-6-26-09, July 1, 2009; amended Nov. 13, 2009; amended July 22, 2011; amended April 13, 2012; amended Feb. 1, 2013; amended April 24, 2015.)

88-29-2. (Authorized by and implementing K.S.A. 76-717; effective Aug. 1, 2007; revoked Jan. 13, 2017.)

88-29-3. Categories of admission. (a) In the admission policies of each state educational institution, which are required by K.A.R. 88-29-9 and K.A.R. 88-29a-9, each state educational institution shall adopt the regular admission category, which shall include any applicant who is given permission from the state educational institution to enroll as a degree-seeking student at the state educational institution without any conditions or restrictions other than that the student will be subject to all policies of the state educational institution.

(b) In the admission policies of each state educational institution, which are required by K.A.R. 88-29-9 and K.A.R. 88-29a-9, any state educational institution may adopt one or more admission categories in addition to the regular admission category specified in subsection (a). These additional categories shall be limited to the following:

(1) The temporary admission category, which shall include any applicant who is given permission from the state educational institution to enroll as a degree-seeking student at the state educational institution for a specified period of time not to exceed one calendar year, during which period the student shall be required to provide the state educational institution with the student’s complete application file; and

(2) the provisional admission category, which shall include any applicant who is given permission from the state educational institution to enroll as a degree-seeking student at the state educational institution for a probationary period of time, subject to restrictions that may include any of the following requirements:

(A) The applicant shall enroll only in a limited number of credit hours each semester as specified by the state educational institution;

(B) the applicant shall enroll in the developmental or college preparatory courses specified by the state educational institution;

(C) the applicant shall participate in an advising program specified by the state educational institution;

(D) the applicant shall achieve a certain specified grade point average specified by the state educational institution at the end of a period of time specified by the state educational institution; and

(E) the applicant shall meet any other provisions established in the state educational institution's admission policy for provisional admission established in accordance with K.A.R. 88-29-9 or K.A.R. 88-29a-9.

(c) A student in the regular admission category shall not be in any other admission category.

(d) The temporary and provisional admission categories shall not be mutually exclusive. Each student who is not in the regular admission category shall be admitted into any other category or categories of admission adopted by the state educational institution for which the student is eligible. (Authorized by and implementing K.S.A. 2010 Supp. 76-717; effective Aug. 1, 2007; amended July 22, 2011.)

88-29-4. Qualifications required for the admission of an applicant with 24 or more transferable credit hours. (a) The requirements established in this regulation shall apply to any applicant who has earned 24 or more credit hours from an institution of higher education that are transferable to a state educational institution. If an applicant to whom this regulation is applicable does not meet the requirements of this regulation, the applicant may be admitted by means of the exception window for resident transfer admissions described in K.A.R. 88-29-8a or the exception window for nonresident transfer admissions described in K.A.R. 88-29-8b.

(b) Each state educational institution shall admit any Kansas resident who meets the following criteria:

(1) Has earned 24 or more credit hours from an institution of higher education that are transferable to a state educational institution; and

(2) has earned a cumulative grade point average of 2.0 or higher on a 4.0 scale in all postsecondary coursework.

(c) Any state educational institution may admit a nonresident who meets the following criteria:

(1) Has earned 24 or more credit hours from an institution of higher education that are transferable to a state educational institution; and

(2) has earned a cumulative grade point average of 2.0 or higher on a 4.0 scale in all postsecondary coursework. (Authorized by and implementing K.S.A. 2010 Supp. 76-717; effective Aug. 1, 2007; amended, T-88-6-26-09, July 1, 2009; amended Nov. 13, 2009; amended July 22, 2011.)

88-29-5. (Authorized by and implementing K.S.A. 2014 Supp. 76-717; effective Aug. 1, 2007; amended, T-88-6-26-09, July 1, 2009; amended Nov. 13, 2009; amended July 22, 2011; amended April 13, 2012; amended April 24, 2015; revoked Jan. 13, 2017.)

88-29-6. (Authorized by and implementing K.S.A. 2014 Supp. 76-717; effective Aug. 1, 2007; amended July 22, 2011; amended April 13, 2012; amended April 24, 2015; revoked Jan. 13, 2017.)

88-29-7. (Authorized by and implementing K.S.A. 2014 Supp. 76-717; effective Aug. 1, 2007; amended, T-88-6-26-09, July 1, 2009; amended Nov. 13, 2009; amended July 22, 2011; amended April 13, 2012; amended Feb. 1, 2013; amended April 24, 2015; revoked Jan. 13, 2017.)

88-29-7a. (Authorized by and implementing K.S.A. 2014 Supp. 76-717; effective July 22, 2011; amended April 13, 2012; amended April 24, 2015; revoked Jan. 13, 2017.)

88-29-8. (Authorized by K.S.A. 76-712 and K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; implementing K.S.A. 76-725 and K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; effective Aug. 1, 2007; amended, T-88-6-26-09, July 1, 2009; amended Nov. 13, 2009; amended July 22, 2011; amended Feb. 1, 2013; revoked Jan. 13, 2017.)

88-29-8a. The exception window for resident transfer admissions. Any state educational institution may admit any Kansas resident who has earned 24 or more transferable college credit hours, but who does not meet the applicable requirements specified in K.A.R. 88-29-4, by means of the exception window for resident transfer admissions.

(a) The maximum number of students admitted by means of this exception window shall be calculated as follows:

(1) The total number of admitted new resident students who have earned at least 24 transferable

college credit hours, regardless of admission category, shall be counted on the twentieth day of the fall, spring, and summer sessions of each academic year.

(2) The maximum number of admissions calculated using this exception window shall be equal to 10 percent of the sum of the three numbers counted in paragraph (a)(1).

(b) In determining which students to admit as exceptions pursuant to this regulation, the state educational institution shall give preference to persons who are in military service, as defined in K.S.A. 76-717 and amendments thereto.

(c) If the state educational institution exceeds the allotted number of admissions using this exception window, the excess over the allowable total number of exceptions shall be subtracted from the subsequent year's allowable total number of exceptions for resident transfer admissions.

(d) Beginning with students admitted for the 2013 fall session, each state educational institution shall require each student who is admitted as an exception to the minimum qualified admission standards pursuant to this regulation to adopt an individual plan for success, before enrollment, and subsequently review that individual plan for success, as required by K.S.A. 76-717 and amendments thereto. (Authorized by K.S.A. 76-712 and K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; implementing K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11, and K.S.A. 76-725; effective, T-88-6-26-09, July 1, 2009; effective Nov. 13, 2009; amended Feb. 1, 2013.)

88-29-8b. The exception window for nonresident transfer admissions. Any state educational institution may admit any nonresident who has earned 24 or more transferable college credit hours, but who does not meet the applicable requirements specified in K.A.R. 88-29-4, by means of the exception window for nonresident transfer admissions.

(a) The maximum number of students admitted by means of this exception window shall be calculated as follows:

(1) The total number of admitted new nonresident students who have earned at least 24 transferable college credit hours, regardless of admission category, shall be counted on the twentieth day of the fall, spring, and summer sessions of each academic year.

(2) The maximum number of admissions calculated using this exception window shall be equal

to 10 percent of the sum of the three numbers counted in paragraph (a)(1).

(b) In determining which students to admit as exceptions pursuant to this regulation, the state educational institution shall give preference to persons who are in military service, as defined in K.S.A. 76-717 and amendments thereto.

(c) If the state educational institution exceeds the allotted number of admissions using this exception window, the excess over the allowable total number of exceptions shall be subtracted from the subsequent year's allowable total number of exceptions for nonresident transfer admissions.

(d) Beginning with students admitted for the 2013 fall session, each state educational institution shall require each student who is admitted as an exception to the minimum qualified admission standards pursuant to this regulation to adopt an individual plan for success, before enrollment, and subsequently review that individual plan for success, as required by K.S.A. 76-717 and amendments thereto. (Authorized by K.S.A. 76-712 and K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; implementing K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11, and K.S.A. 76-725; effective, T-88-6-26-09, July 1, 2009; effective Nov. 13, 2009; amended Feb. 1, 2013.)

88-29-8c. (Authorized by K.S.A. 76-712 and K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; implementing K.S.A. 76-725 and K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; effective July 22, 2011; amended Feb. 1, 2013; revoked Jan. 13, 2017.)

88-29-9. (Authorized by and implementing K.S.A. 2010 Supp. 76-717; effective Aug. 1, 2007; amended, T-88-6-26-09, July 1, 2009; amended Nov. 13, 2009; amended July 22, 2011; revoked Jan. 13, 2017.)

88-29-10. (Authorized by and implementing K.S.A. 2011 Supp. 76-717; effective Aug. 1, 2007; amended July 22, 2011; amended April 13, 2012; revoked Jan. 13, 2017.)

88-29-11. Requirements for the qualified admission precollege curriculum. This regulation shall be applicable to each applicant graduating from high school in academic year 2013-2014 or earlier. In order to admit any applicant under the qualified admission precollege curriculum criteria, each state educational institution shall

require the applicant to provide an official high school transcript documenting completion of the approved qualified admission precollege curriculum that meets the following requirements:

(a) For each student graduating from high school before 2010, the transcript shall indicate the following distribution of courses:

(1) Four units of approved qualified admission English courses, with the content described in K.A.R. 88-29-14;

(2) three units of approved qualified admission mathematics courses that have the content described in K.A.R. 88-29-15 and that meet the following requirements:

(A) Are at or above the level of qualified admission algebra I; and

(B) were taken during ninth through twelfth grades;

(3) three units of approved qualified admission natural science courses that have the content described in K.A.R. 88-29-16 and that meet the following requirements:

(A) The three units shall be selected from any of the following courses, with at least one unit in each selected course:

- (i) Qualified admission biology;
- (ii) qualified admission advanced biology;
- (iii) qualified admission chemistry;
- (iv) qualified admission physics;
- (v) qualified admission earth-space science; or
- (vi) qualified admission principles of technology; and

(B) at least one unit shall be selected from a qualified admission chemistry course or a qualified admission physics course; and

(4) three units of approved qualified admission social science courses that have the content described in K.A.R. 88-29-17 and that are distributed according to the following requirements:

(A) At least $\frac{1}{2}$ unit shall be a qualified admission United States government course;

(B) at least $\frac{1}{2}$ unit shall be selected from any of the following courses:

- (i) Qualified admission world history;
- (ii) qualified admission world geography; or
- (iii) qualified admission international relations;

(C) at least one unit shall be a qualified admission United States history course;

(D) up to one unit shall be selected from any of the following courses:

- (i) A qualified admission anthropology course;
- (ii) a qualified admission current social issues course;

(iii) a qualified admission economics course;

(iv) a qualified admission race and ethnic group relations course;

(v) a qualified admission sociology course;

(vi) a qualified admission psychology course;

(vii) a qualified admission United States history course; or

(viii) a qualified admission United States government course;

(E) a $\frac{1}{2}$ -unit course shall not be used to fulfill more than one requirement of this regulation for more than one discipline in the qualified admissions precollege curriculum; and

(F) a one-unit course may be used to fulfill two $\frac{1}{2}$ -unit requirements of this regulation.

(b) For each student graduating from high school in 2010 and thereafter but before academic year 2014-2015, the qualified admission precollege curriculum shall consist of courses that are among those listed in the document titled "Kansas board of regents precollege curriculum courses approved for university admissions," revised May 4, 2016, which is hereby adopted by reference. If a course was approved by the board and included in the March 11, 2014, May 23, 2012, or June 13, 2011 list of "Kansas board of regents precollege curriculum courses approved for university admissions," as adopted by reference on April 24, 2015, October 19, 2012, or July 22, 2011, respectively, and the student successfully completed the course in an academic year for which the course was approved, then that course shall count toward the student's qualified admission curriculum requirements in the subject area for which the course was approved. The qualified admission precollege curriculum shall consist of the following distribution of courses:

(1) Four units of approved qualified admission English courses that include reading, writing, and literature;

(2) three units of approved qualified admission mathematics courses that meet the following requirements:

(A) Each course shall be completed in the ninth through twelfth grades; and

(B) each course shall be selected from any of the following courses:

- (i) Qualified admission algebra I;
- (ii) qualified admission geometry;
- (iii) qualified admission algebra II;
- (iv) any mathematics course that has qualified admission algebra II as a prerequisite; or
- (v) any other course approved by the chief ex-

ecutive officer of the board of regents or the chief executive officer's designee;

(3) three units of approved qualified admission natural science courses that meet the following requirements:

(A) The three units shall be selected from any of the following courses:

- (i) Qualified admission biology;
- (ii) qualified admission advanced biology;
- (iii) qualified admission chemistry;
- (iv) qualified admission physics;
- (v) qualified admission earth-space science;
- (vi) qualified admission principles of technology; or
- (vii) any other courses approved by the chief executive officer of the board of regents or the chief executive officer's designee; and

(B) at least one unit shall be selected from a qualified admission chemistry course or a qualified admission physics course; and

(4) three units of approved qualified admission social science courses that are distributed according to the following requirements:

(A) At least $\frac{1}{2}$ unit shall be a qualified admission United States government course;

(B) at least $\frac{1}{2}$ unit shall be selected from any of the following courses:

- (i) Qualified admission world history;
 - (ii) qualified admission world geography; or
 - (iii) qualified admission international relations;
- (C) at least one unit shall be a qualified admission United States history course;

(D) not more than one unit shall be selected from any of the following courses:

- (i) Qualified admission anthropology;
- (ii) qualified admission current social issues;
- (iii) qualified admission economics;
- (iv) qualified admission psychology;
- (v) qualified admission race and ethnic group relations;
- (vi) qualified admission sociology;
- (vii) qualified admission United States history;
- (viii) qualified admission United States government; or

(ix) any other courses approved by the chief executive officer of the board of regents or the chief executive officer's designee;

(E) a $\frac{1}{2}$ -unit course shall not be used to fulfill more than one requirement of this regulation for more than one discipline in the qualified admissions precollege curriculum; and

(F) a one-unit course may be used to fulfill two $\frac{1}{2}$ -unit requirements of this regulation. (Autho-

rized by and implementing K.S.A. 2016 Supp. 76-717; effective Aug. 1, 2007; amended, T-88-6-26-09, July 1, 2009; amended Nov. 13, 2009; amended July 22, 2011; amended Oct. 19, 2012; amended April 24, 2015; amended Jan. 13, 2017.)

88-29-12. Establishment of a qualified admission precollege curriculum by an accredited high school in Kansas.

(a) Any accredited high school in Kansas may establish a qualified admission precollege curriculum. Failure to establish a qualified admission precollege curriculum shall render the high school's graduates ineligible for admission to a state educational institution under the qualified admission precollege curriculum criteria specified in K.A.R. 88-29-5, K.A.R. 88-29a-5, K.A.R. 88-29-7, and K.A.R. 88-29a-7. If an accredited high school establishes a qualified admission precollege curriculum, the curriculum shall meet the requirements of this regulation.

(b) Each course to be included in an accredited high school's qualified admission precollege curriculum shall be approved in advance by the chief executive officer of the board of regents or the chief executive officer's designee. Each accredited high school in Kansas that desires to establish and maintain a qualified admission precollege curriculum shall submit materials to the board of regents in accordance with procedures established and distributed to Kansas accredited high schools by the board of regents or the board's designee. Failure to submit materials in a timely manner may disqualify the high school's students for admission to a state educational institution under the qualified admission precollege curriculum criteria specified in K.A.R. 88-29-5, K.A.R. 88-29a-5, K.A.R. 88-29-7, and K.A.R. 88-29a-7.

(c) Each course for inclusion in an accredited high school's qualified admission precollege curriculum shall be approved according to the following procedures:

(1) A course shall be approved only if it is among those courses listed in "Kansas board of regents precollege curriculum courses approved for university admissions," as adopted by reference in K.A.R. 88-29-11.

(2) Two $\frac{1}{2}$ -unit courses may be approved to fulfill one unit of the qualified admission precollege curriculum.

(3) Any college course offered by an eligible institution of higher education may be approved for inclusion in an accredited high school's quali-

fied admission precollege curriculum if the course meets all of the following conditions:

(A) The course is among those listed in “Kansas board of regents precollege curriculum courses approved for university admissions,” as adopted by reference in K.A.R. 88-29-11.

(B) The number of credit hours for the college course is three or more.

(C) The college course appears on the official high school transcript.

(d) The list of courses that have been approved to be included in the qualified admission precollege curriculum for each accredited high school in Kansas shall be available from the board.

(e) Upon receipt of information that a course does not meet the requirements specified in subsection (c), the content of that course may be reviewed by the chief executive officer of the board of regents or the chief executive officer’s designee to determine whether it should be approved. (Authorized by and implementing K.S.A. 2010 Supp. 76-717; effective Aug. 1, 2007; amended, T-88-6-26-09, July 1, 2009; amended Nov. 13, 2009; amended July 22, 2011.)

88-29-18. Functional equivalents of the qualified admission precollege curriculum; residents. In order to admit an applicant under the criterion of successful completion of the functional equivalent of the qualified admission precollege curriculum, the admission officer of each state educational institution shall require each applicant who is a Kansas resident and who graduated from high school in academic year 2013-2014 or earlier to meet one or more of the sets of requirements specified in subsections (a) through (d). An admission officer of a state educational institution shall not grant any exception to this regulation.

(a) To demonstrate successful completion of the functional equivalent of the qualified admission precollege English courses described in K.A.R. 88-29-11, each applicant shall provide both of the following:

(1) Documentation on the official high school transcript of completion of any three units of high school English with no grade lower than a C; and

(2) official documentation of achievement of at least one of the following:

(A) A score of three or higher in either of the following college board advanced placement (AP) courses:

- (i) Language and composition; or
- (ii) literature and composition; or

(B) a grade of B or higher in a general education English course taken before high school graduation and either offered by or accepted in transfer by a state educational institution.

(b) To demonstrate successful completion of the functional equivalent of the qualified admission precollege mathematics courses as described in K.A.R. 88-29-11, each applicant shall provide both of the following:

(1) Documentation on the official high school transcript of completion of any two units of high school mathematics courses with no grade lower than a C; and

(2) official documentation of achievement of at least one of the following:

(A) A score of three or higher in any of the following college board advanced placement (AP) courses:

- (i) Calculus AB; or
- (ii) calculus BC; or

(B) a grade of C or higher in a general education mathematics course taken before high school graduation and either offered by or accepted in transfer by a state educational institution.

(c) To demonstrate successful completion of the functional equivalent of the qualified admission precollege natural science courses described in K.A.R. 88-29-11, each applicant shall provide both of the following:

(1) Documentation on the official high school transcript of completion of any two units of high school science courses with no grade less than a C; and

(2) official documentation of achievement of at least one of the following:

(A) A score of three or higher in any of the following college board advanced placement (AP) courses:

- (i) Biology;
- (ii) chemistry; or
- (iii) physics B; or

(B) a grade of C or higher in a general education natural science laboratory course taken before high school graduation and either offered by or accepted in transfer by a state educational institution.

(d) To demonstrate successful completion of the functional equivalent of the qualified admission precollege social science courses described in K.A.R. 88-29-11, each applicant shall provide both of the following:

(1) Documentation on the official high school transcript of completion of any two units of high

school social science courses with no grade lower than a C; and

(2) official documentation of achievement of at least one of the following:

(A) A score of three or higher in any of the following college board advanced placement (AP) courses:

- (i) Microeconomics;
- (ii) macroeconomics;
- (iii) comparative government and policies;
- (iv) United States government and policies;
- (v) European history;
- (vi) United States history; or
- (vii) psychology; or

(B) a grade of B or higher in a general education social science course taken before high school graduation and either offered by or accepted in transfer by a state educational institution. (Authorized by and implementing K.S.A. 2010 Supp. 76-717; effective Aug. 1, 2007; amended, T-88-6-26-09, July 1, 2009; amended Nov. 13, 2009; amended July 22, 2011.)

88-29-19. Functional equivalents of the qualified admission precollege curriculum; nonresidents. In order to admit an applicant under the criterion of successful completion of the functional equivalent of the precollege curriculum, the admission officer of each state educational institution shall require each applicant who is not a resident of Kansas and who graduated from high school in academic year 2013-2014 or earlier to meet one or more of the sets of requirements specified in subsections (a) through (e). An admission officer of a state educational institution shall not grant any exception to this regulation.

(a) To demonstrate successful completion of the functional equivalent of the qualified admission precollege English courses described in K.A.R. 88-29-11, each applicant shall provide both of the following:

(1) Documentation on the official high school transcript of completion of any three units of high school English with no grade lower than a C and at least one grade of B or higher; and

(2) official documentation of achievement of at least one of the following:

(A) A score of three or higher in either of the following college board advanced placement (AP) courses:

- (i) Language and composition; or
- (ii) literature and composition; or

(B) a grade of B or higher in a general education English course taken before high school graduation and either offered by or accepted in transfer by a state educational institution.

(b) To demonstrate successful completion of the functional equivalent of the qualified admission precollege mathematics courses described in K.A.R. 88-29-11, each applicant shall provide both of the following:

(1) Documentation on the official high school transcript of completion of any two units of high school mathematics courses with no grade lower than a C and at least one grade of B or higher; and

(2) official documentation of achievement of at least one of the following:

(A) A score of three or higher in either of the following college board advanced placement (AP) courses:

- (i) Calculus AB; or
- (ii) calculus BC; or

(B) a grade of C or better in a general education mathematics course taken before high school graduation and either offered by or accepted in transfer by a state educational institution.

(c) To demonstrate successful completion of the functional equivalent of the qualified admission precollege natural science courses described in K.A.R. 88-29-11, each applicant shall provide both of the following:

(1) Documentation on the official high school transcript of completion of any two units of high school science courses with no grade less than a C and at least one grade of B or higher; and

(2) official documentation of achievement of at least one of the following:

(A) A score of three or higher in any of the following college board advanced placement (AP) courses:

- (i) Biology;
- (ii) chemistry; or
- (iii) physics B; or

(B) a grade of C or higher in a general education natural science laboratory course taken before high school graduation and either offered by or accepted in transfer by a state educational institution.

(d) To demonstrate successful completion of the functional equivalent of the qualified admission precollege social science courses described in K.A.R. 88-29-11, each applicant shall provide both of the following:

(1) Documentation on the official high school transcript of completion of any two units of high

school social science course with no grade lower than a C and at least one grade of B or higher; and

- (vii) psychology; or

(B) A grade of B or higher in a general education social science course taken before high school graduation and either offered by or accepted in transfer by a state educational institution.

(e) To demonstrate successful completion of the functional equivalent of all of the courses described in K.A.R. 88-29-11, each applicant who has attended an accredited high school located outside the United States shall provide official documentation of a study in mathematics, science, literature, and composition and completion of this study at a level that exceeds the minimum graduation standards of that accredited high school. (Authorized by and implementing K.S.A. 2010 Supp. 76-717; effective Aug. 1, 2007; amended, T-88-6-26-09, July 1, 2009; amended Nov. 13, 2009; amended July 22, 2011.)

Article 29a.—STATE UNIVERSITY ADMISSIONS

88-29a-1. Definitions. This regulation shall be applicable to each state educational institution's review of applications beginning with the 2016 summer session. Each of the following terms, wherever used in this article or in article 29, shall have the meaning specified in this regulation:

(a) "Accredited high school" means one or more educational institutions that provide secondary instruction to students in grades 9, 10, 11, and 12 and that are designated accredited by a regional accrediting agency recognized by the United States department of education, by the Kansas state board of education, or by an agency with standards equivalent to those of the United States department of education or the Kansas state board of education.

(b) "Admission" means the permission given by the admission officer of a state educational insti-

tution to an applicant to enroll as a degree-seeking student in a state educational institution.

(c) "Admission category" means one of the admission categories adopted by a state educational institution pursuant to K.A.R. 88-29-3.

(d) "Complete application file" means the entire set of the following student records that have been received in the admission office of a state educational institution:

(1) A completed application to the state educational institution;

(2) verification that all applicable application fees have been paid;

(3) an official copy of the final transcript from each high school attended, including a transcript documenting graduation from high school, or a high school equivalency credential;

(4) when required pursuant to K.A.R. 88-29a-5 or K.A.R. 88-29a-7, an official copy of all ACT or SAT scores; and

(5) any other materials required by the state educational institution for advising or placement purposes.

(e) "Degree-seeking student" means a student who has been accepted for enrollment at a state educational institution and who has formally indicated to the state educational institution the intent to complete a program of study that is designated by the United States department of education as a program that is eligible for federal financial aid.

(f) "Earned a high school equivalency credential with at least the prescribed minimum scores" means one of the following:

(1) Took the GED test on or after January 1, 2014, with an overall score of at least 680 points and a minimum score of 150 points on each subtest;

(2) took the high school equivalency test (HiSET) on or after January 1, 2014, with an overall score of at least 75 points and a minimum score of 8 points on each subtest;

(3) took the GED test on or after January 1, 2002 and before January 1, 2014, with an overall score of at least 2,550 points and a minimum score of 510 points on each subtest; or

(4) took the GED test before January 1, 2002, with an overall score of at least 250 points and a minimum score of 50 points on each subtest.

(g) "Exception window for nonresident freshman class admissions" means a method by which any state educational institution, pursuant to K.A.R. 88-29a-8c, may admit a person who is not a resident of Kansas, who does not meet the appli-

cable requirements specified in K.A.R. 88-29-4, K.A.R. 88-29a-7, or K.A.R. 88-29a-7a, and who is not eligible for admission pursuant to the exception window for nonresident transfer admissions.

(h) “Exception window for nonresident transfer admissions” means a method by which any state educational institution, pursuant to K.A.R. 88-29-8b, may admit a person who is not a resident of Kansas and who has earned at least 24 transferable college credit hours but who is not eligible for admission pursuant to K.A.R. 88-29-4.

(i) “Exception window for resident freshman class admissions” means a method by which any state educational institution, pursuant to K.A.R. 88-29a-8, may admit a Kansas resident who does not meet the applicable requirements specified in K.A.R. 88-29-4, K.A.R. 88-29a-5, or K.A.R. 88-29a-6 and who is not eligible for admission pursuant to the exception window for resident transfer admissions.

(j) “Exception window for resident transfer admissions” means a method by which any state educational institution, pursuant to K.A.R. 88-29-8a, may admit a Kansas resident who has earned at least 24 transferable college credit hours but who is not eligible for admission pursuant to K.A.R. 88-29-4.

(k) “Institution of higher education” means an educational institution in any state, territory, or country that meets all of the following criteria:

(1) Meets one of the following requirements:

(A) Offers a course of instruction designated by the United States department of education as a program that is eligible for federal financial aid; or

(B) offers a course of instruction that is equivalent to a program designated by the United States department of education as a program that is eligible for federal financial aid;

(2) is legally authorized within the state, territory, or country that appears on the transcript to provide a program of education beyond secondary education; and

(3) meets one of the following requirements:

(A) Is accredited by an accrediting agency or association that is recognized by the United States department of education or an international accrediting agency; or

(B) has been granted preaccreditation status by an accrediting agency or association that is recognized by either the United States department of education or an international accrediting agency.

(l) “Integrated course” means a course that redistributes the content of two or more qualified

admission precollege curriculum courses into a nontraditional combination. A nontraditional combination may combine the content of qualified admission algebra I and qualified admission geometry over a period of four semesters in a sequence of courses titled integrated math I and II.

(m) “Kansas resident” means a person determined to be a resident for fee purposes, pursuant to K.S.A. 76-729 and amendments thereto.

(n) “Non-accredited private secondary school” has the meaning specified in K.A.R. 88-26-1. This term may include a home school.

(o) “Non-degree-seeking student” means a student who has been accepted for enrollment in a state educational institution and who has formally indicated to the state educational institution the intent to enroll for self-enrichment or other reasons, excluding the intent to complete a course of study that is designated by the United States department of education as a program that is eligible for federal financial aid.

(p) “Precollege,” when used to describe a course or curriculum, means a type of course or curriculum offered at an accredited high school that meets both of the following conditions:

(1) The course or curriculum is designed for a student performing at or above the student’s grade level as determined by standardized testing.

(2) The content and requirements of the course or curriculum have been determined by the board of regents or the board’s designee to reflect a pace of instruction, intensity and depth of material, level of abstraction, and application of critical thinking necessary to prepare students for study at state educational institutions.

(q) “State educational institution” has the meaning specified in K.S.A. 76-711, and amendments thereto, except that, as used in this article or in article 29, the term shall not include the university of Kansas.

(r) “Transferable college credit hours” means postsecondary coursework that an admitting state educational institution will accept.

(s) “Unit” means a measure of secondary credit that may be awarded to a student for satisfactory completion of a particular course or subject, as determined by the local school district. (Authorized by and implementing K.S.A. 2014 Supp. 76-717; effective Feb. 1, 2013; amended April 24, 2015.)

88-29a-2. Scope. This regulation shall be applicable to each state educational institution’s review of applications beginning with the 2015

summer session. Unless expressly stated as applicable to non-degree-seeking students, this article shall apply only to undergraduate degree-seeking students at any state educational institution. (Authorized by and implementing K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; effective Feb. 1, 2013.)

88-29a-5. Qualifications required for the admission of a Kansas resident who is under the age of 21. This regulation shall be applicable to each state educational institution's review of applicants beginning with the 2015 summer session.

(a) The requirements in this regulation shall apply to any applicant who is a Kansas resident and is under the age of 21, except that the requirements shall not apply to any applicant who has earned 24 or more credit hours from an institution of higher education that are transferable to a state educational institution. If an applicant to whom this regulation is applicable does not meet the requirements of this regulation, the applicant may be admitted by means of the exception window for resident freshman class admissions described in K.A.R. 88-29a-8.

(b) Each state educational institution shall admit any Kansas resident under the age of 21 who meets the following requirements:

(1) Has graduated from an accredited high school in Kansas or, pursuant to K.S.A. 72-116 and amendments thereto, an accredited high school located out of state;

(2) has completed one of the following with a minimum grade point average of 2.0 on a 4.0 scale:

(A) The qualified admission precollege curriculum described in K.A.R. 88-29a-11;

(B) the Kansas scholars curriculum established pursuant to K.A.R. 88-13-3; or

(C) for eligible applicants, the qualified admission precollege curriculum functional equivalent described in K.A.R. 88-29a-18 (a) through (e) or in K.A.R. 88-29a-18(f);

(3) meets at least one of the following criteria:

(A) Has achieved a composite score on the ACT of at least 21; or

(B) has ranked in the top third of the applicant's high school class upon completion of seven or eight semesters; and

(4) has achieved a minimum cumulative GPA of 2.0 on a 4.0 scale on all transferable college credit hours.

(c) Each state educational institution shall admit any Kansas resident under the age of 21 who meets the following requirements:

(1) Has graduated from a non-accredited private secondary school;

(2) has completed one of the following:

(A) Coursework equivalent to the qualified admission precollege curriculum as described in K.A.R. 88-29a-11; or

(B) coursework equivalent to the Kansas scholars curriculum established pursuant to K.A.R. 88-13-3;

(3) has achieved a composite score on the ACT of at least 21; and

(4) has achieved a minimum cumulative GPA of 2.0 on a 4.0 scale on all transferable college credit hours.

(d) Each state educational institution shall admit any Kansas resident who is under the age of 21 and who meets the following requirements:

(1) Has earned a high school equivalency credential with at least the prescribed minimum scores, as defined in K.A.R. 88-29-1;

(2) has achieved a composite score on the ACT of at least 21; and

(3) has achieved a minimum cumulative GPA of 2.0 on a 4.0 scale on all transferable college credit hours. (Authorized by and implementing K.S.A. 2014 Supp. 76-717; effective July 22, 2011; amended April 13, 2012; amended April 24, 2015.)

88-29a-6. Qualifications required for the admission of a Kansas resident who is 21 or older. This regulation shall be applicable to each state educational institution's review of applicants beginning with the 2015 summer session.

(a) The requirements in this regulation shall apply to any applicant who is a Kansas resident and who will be 21 or older on the first day of classes at the state educational institution to which the student is applying, except that the requirements shall not apply to any applicant who has earned 24 or more credit hours from an institution of higher education that are transferable to a state educational institution. If an applicant to whom this regulation is applicable does not meet the requirements of this regulation, the applicant may be admitted by means of the exception window described in K.A.R. 88-29a-8.

(b) Each state educational institution shall admit any Kansas resident who is 21 or older and who meets one of the following criteria:

(1) Has graduated from an accredited high school in Kansas or, pursuant to K.S.A. 72-116 and amendments thereto, an accredited high school located out of state;

(2) has graduated from a non-accredited private secondary school; or

(3) has earned a high school equivalency credential with at least the prescribed minimum scores, as defined in K.A.R. 88-29-1. (Authorized by and implementing K.S.A. 2014 Supp. 76-717; effective July 22, 2011; amended April 13, 2012; amended April 24, 2015.)

88-29a-7. Qualifications required for the admission of a nonresident who is under the age of 21. This regulation shall be applicable to each state educational institution's review of applicants beginning with the 2015 summer session.

(a) The requirements in this regulation shall apply to any applicant who is a nonresident and is under the age of 21, except that the requirements shall not apply to any applicant who has earned 24 or more transferable college credit hours. If an applicant to whom this regulation is applicable does not meet the requirements in this regulation, the applicant may be admitted by means of the exception window for nonresident freshman class admissions described in K.A.R. 88-29a-8c.

(b) Any state educational institution may admit any nonresident under the age of 21 who meets the following requirements:

(1) Has graduated from an accredited high school;

(2) has completed one of the following with a minimum grade point average of 2.5 on a 4.0 scale:

(A) The qualified admission precollege curriculum described in K.A.R. 88-29a-11;

(B) the Kansas scholars curriculum established pursuant to K.A.R. 88-13-3; or

(C) the qualified admission precollege curriculum functional equivalent described in K.A.R. 88-29a-19;

(3) meets at least one of the following criteria:

(A) Has achieved a composite score on the ACT of at least 21; or

(B) has ranked in the top third of the applicant's high school class upon completion of seven or eight semesters; and

(4) has achieved a minimum cumulative GPA of 2.0 on a 4.0 scale on all transferable college credit hours.

(c) Any state educational institution may admit any nonresident under the age of 21 who meets the following requirements:

(1) Has graduated from a non-accredited private secondary school;

(2) has completed one of the following with a minimum grade point average of 2.5 on a 4.0 scale:

(A) Coursework equivalent to the qualified admission precollege curriculum as described in K.A.R. 88-29a-11; or

(B) coursework equivalent to the Kansas scholars curriculum established pursuant to K.A.R. 88-13-3;

(3) has achieved a composite score on the ACT of at least 21; and

(4) has achieved a minimum cumulative GPA of 2.0 on a 4.0 scale on all transferable college credit hours.

(d) Any state educational institution may admit any nonresident under the age of 21 who meets the following requirements:

(1) Has earned a high school equivalency credential with at least the prescribed minimum scores, as defined in K.A.R. 88-29-1 or K.A.R. 88-29a-1;

(2) has achieved a composite score on the ACT of at least 21; and

(3) has achieved a minimum cumulative GPA of 2.0 on a 4.0 scale on all transferable college credit hours. (Authorized by and implementing K.S.A. 2014 Supp. 76-717; effective July 22, 2011; amended April 13, 2012; amended Feb. 1, 2013; amended April 24, 2015.)

88-29a-7a. Qualifications required for the admission of a nonresident who is 21 or older. This regulation shall be applicable to each state educational institution's review of applicants beginning with the 2015 summer session.

(a) The requirements of this regulation shall apply to any applicant who is a nonresident and who will be 21 or older on the first day of classes at the state educational institution to which the student is applying, except that this regulation shall not apply to any applicant who has earned 24 or more credit hours from an institution of higher education that are transferable to a state educational institution. If an applicant to whom this regulation is applicable does not meet the requirements of this regulation, the applicant may be admitted by means of the exception window described in K.A.R. 88-29a-8c.

(b) Any state educational institution may admit any nonresident who is 21 or older and who meets one of the following criteria:

(1) Has graduated from an accredited high school; or

(2) has earned a high school equivalency credential with at least the prescribed minimum scores, as defined in K.A.R. 88-29-1. (Authorized

by and implementing K.S.A. 2014 Supp. 76-717; effective July 22, 2011; amended April 13, 2012; amended April 24, 2015.)

88-29a-8. The exception window for resident freshman class admissions. This regulation shall be applicable to each state educational institution's review of applicants beginning with the 2015 summer session. (a) Any state educational institution may admit any Kansas resident who does not meet the applicable requirements specified in K.A.R. 88-29a-5 or K.A.R. 88-29a-6 and who has earned fewer than 24 transferable college credit hours by means of the exception window for resident freshman class admissions. The maximum number of students admitted by means of this exception window shall be calculated as follows:

(1) The total number of admitted new students who have earned fewer than 24 transferable college credit hours, regardless of admission category, shall be counted on the twentieth day of the fall, spring, and summer sessions of each academic year.

(2) The maximum number of admissions calculated using this exception window shall be equal to 10 percent of the sum of the three numbers counted in paragraph (a)(1).

(b) In determining which students to admit as exceptions pursuant to this regulation, the state educational institution shall give preference to persons who are in military service, as defined in K.S.A. 76-717 and amendments thereto.

(c) If the state educational institution exceeds the allotted number of admissions using this exception window, the excess over the allowable total number of exceptions shall be subtracted from the subsequent year's allowable total number of exceptions for resident freshman class admissions.

(d) Each state educational institution shall require each student who is admitted as an exception to the minimum qualified admission standards pursuant to this regulation to adopt an individual plan for success, before enrollment, and subsequently review that individual plan for success, as required by K.S.A. 76-717 and amendments thereto. (Authorized by and implementing K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; effective July 22, 2011; amended Feb. 1, 2013.)

88-29a-8c. The exception window for nonresident freshman class admissions. This regulation shall be applicable to each state educa-

tional institution's review of applicants beginning with the 2015 summer session. (a) Any state educational institution may admit any nonresident who does not meet the applicable requirements specified in K.A.R. 88-29a-7 or K.A.R. 88-29a-7a and who has earned fewer than 24 transferable college credit hours, by means of the exception window for nonresident freshman class admissions. The maximum number of students admitted by means of this exception window shall be calculated as follows:

(1) The total number of admitted new nonresident students who have earned fewer than 24 transferable college credit hours, regardless of admission category, shall be counted on the twentieth day of the fall, spring, and summer sessions of each academic year.

(2) The maximum number of admissions that may be made using this exception window shall be equal to 10 percent of the sum of the three numbers counted in paragraph (a)(1) or 50 students, whichever is greater.

(b) In determining which students to admit as exceptions pursuant to this regulation, the state educational institution shall give preference to persons who are in military service, as defined in K.S.A. 76-717 and amendments thereto.

(c) If the state educational institution exceeds the allotted number of admissions using this exception window, the excess over the allowable total number of exceptions shall be subtracted from the subsequent year's allowable total number of exceptions for nonresident freshman class admissions.

(d) Each state educational institution shall require each student who is admitted as an exception to the minimum qualified admission standards pursuant to this regulation to adopt an individual plan for success, before enrollment, and subsequently review that individual plan for success, as required by K.S.A. 76-717 and amendments thereto. (Authorized by and implementing K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; effective July 22, 2011; amended Feb. 1, 2013.)

88-29a-9. Admission policies for state educational institutions. This regulation shall be applicable to each state educational institution's review of applicants beginning with the 2015 summer session. The chancellor or president of each state educational institution or a designee shall establish admission policies that meet all of the following requirements:

(a) The policies shall not conflict with the provisions of this article.

(b) The policies shall specify the materials required for a complete application file.

(c) The policies shall address the enrollment of both degree-seeking and non-degree-seeking students as well as each student's transition from degree-seeking to non-degree-seeking status or from non-degree-seeking to degree-seeking status. Policies shall mandate that each non-degree-seeking student who applies to enroll as a degree-seeking student shall be admitted only if one of the following conditions is met:

(1) The student meets the applicable requirements specified in K.A.R. 88-29-4 through 88-29-7a and K.A.R. 88-29a-5 through 88-29a-7.

(2) The student is admitted by means of the exception window for resident freshmen class admissions described in K.A.R. 88-29a-8.

(3) The student is admitted by means of the exception window for resident transfer admissions described in K.A.R. 88-29-8a.

(4) The student is admitted by means of the exception window for nonresident transfer admissions described in K.A.R. 88-29-8b.

(5) The student is admitted by means of the exception window for nonresident freshman class admissions described in K.A.R. 88-29a-8c.

(d) The policies shall include an explanation of the exception windows and the state educational institution's method to determine which applicants would be admitted if there were more applicants than the state educational institution is allowed under K.A.R. 88-29a-8, K.A.R. 88-29-8a, K.A.R. 88-29-8b, or K.A.R. 88-29a-8c.

(e) The policies may include the establishment of subcategories of non-degree-seeking students.

(f) The policies shall include a statement indicating whether the state educational institution will consider, in the admission decision, any post-secondary credit from an institution that is not accredited and has not been granted preaccreditation status by an agency recognized by the United States department of education or by an equivalent international agency. If the state educational institution considers these credits, the admission decision shall be made in accordance with K.A.R. 88-29-4.

(g) The policies shall include a statement of whether the state educational institution enrolls students in the temporary or provisional admission category.

(1) If the state educational institution enrolls

any students in the temporary admission category, the policies shall include all of the following:

(A) A description of requirements for exiting the temporary admission category and entering another admission category;

(B) a statement that a temporarily admitted student may be denied admission to a specific degree program;

(C) a statement that each student who fails to exit from the temporary admission category within the specified period of time shall be disenrolled;

(D) a statement that each applicant who is admitted in the temporary admission category pursuant to K.A.R. 88-29a-10(a)(2) or K.A.R. 88-29a-10(b)(2) shall be allowed to exit from the temporary admission category and enter the regular admission category only upon verification of high school graduation; and

(E) a statement that each applicant who is admitted into the temporary admission category pursuant to K.A.R. 88-29a-10(b)(3) shall be allowed to exit the temporary admission category and enter the regular admission category only upon verification that the applicant meets both of the following requirements:

(i) Remained in the top third of the class after the applicant's seventh semester or returned to the top third of the applicant's class during the eighth semester; and

(ii) graduated from high school.

(2) If the state educational institution enrolls any students in the provisional admission category, the policies shall include all of the following:

(A) A description of requirements for exiting the provisional admission category and entering another admission category;

(B) a statement that any student admitted in the provisional admission category may be denied admission to a specific degree program; and

(C) a statement that each student who fails to exit from the provisional admission category within the period of time specified by the state educational institution shall be disenrolled.

(3) The state educational institution's policy shall mandate that a student who meets the criteria for both the temporary and provisional admission categories shall not be granted regular admission until the student fulfills the requirements for exiting each of the categories in which the student is initially enrolled.

(h) The admission policy of each state educational institution shall be required to be approved in advance by the board of regents. (Authorized

by and implementing K.S.A. 2010 Supp. 76-717; effective July 22, 2011.)

88-29a-10. Methods for state educational institutions to use when evaluating qualifications for admission. This regulation shall be applicable to each state educational institution's review of applicants beginning with the 2015 summer session.

(a) Each admission officer at a state educational institution shall consider an applicant's ACT or SAT scores as follows:

(1) A documented score of 980 on the SAT, excluding the writing portion of the SAT, shall be deemed the equivalent of a composite score of 21 on the ACT for purposes of this article.

(2) A documented composite score of 21 or above on the ACT may be used to admit an applicant in the temporary admission category after the applicant's completion of the sixth high school semester, without further review of the applicant's materials.

(3) The admission officer shall consider the applicant's best composite ACT score for admission decisions.

(4) If an applicant has taken both the ACT and SAT, the admission officer shall consider the applicant's better score on the two tests for admission decisions.

(b) Each admission officer at a state educational institution shall consider class rank as follows:

(1) If class rank cannot be determined, the admission officer shall not admit an applicant under this criterion.

(2) If an applicant's documented class rank is in the top third of the applicant's class after the applicant's seventh semester of high school, the class rank may be used to admit an applicant into the temporary admission category without further review of the applicant's materials.

(3) If an applicant's documented class rank is in the top third of the applicant's class after the applicant's sixth semester of high school, the class rank may be used to admit an applicant into the temporary admission category without further review of the applicant's materials.

(c) If the high school has not already calculated the grade point average in the qualified admission precollege curriculum and provided that information on the official high school transcript, each admission officer at a state educational institution shall calculate grade point average in the qualified admission precollege curriculum for any applicant

seeking admission pursuant to K.A.R. 88-29a-11, as follows:

(1) The admission officer shall ensure that the requirements of K.A.R. 88-29a-11 are met before calculating grade point average.

(2) The admission officer shall calculate a grade point average only for approved qualified admission precollege curriculum courses appearing on the official high school transcript.

(3) The admission officer shall consider a course to be part of the approved qualified admission precollege curriculum only if the course was approved in accordance with K.A.R. 88-29a-11 for the semester and year in which the applicant completed the course and if the applicant earned a grade of D or better.

(4) The admission officer shall consider a course to be part of the approved qualified admission precollege curriculum only if the course code that appears on the official high school transcript is the same as the course code of the approved course.

(5)(A) If the high school transcript reports grades on a four-point scale, the admission officer shall calculate grade point averages in the approved qualified admission precollege curriculum by assigning four points to a grade of A, three points to a grade of B, two points to a grade of C, and one point to a grade of D. Pluses and minuses shall not be considered in the calculation.

(B) If the high school transcript reports grades on a scale other than a four-point scale, the admission officer shall mathematically convert the grades to a four-point scale and assign points as described in paragraph (c)(5)(A).

(6) The admission officer shall consider grades of P or pass as follows:

(A) If the high school transcript indicates that a P is equivalent to a grade of D or higher, the admission officer shall assign one grade point to each grade of P.

(B) If the high school transcript indicates that a P is equivalent to a grade of C or higher, the admission officer shall assign two grade points to each grade of P.

(C) If the high school transcript does not indicate the minimum letter grade corresponding to a P, the admission officer shall assign one grade point to each grade of P.

(7) If an applicant has retaken an approved qualified admission precollege course, the admission officer shall use the highest grade when calculating the grade point average for the approved qualified admission precollege curriculum.

(8) If an applicant has taken a college course to meet the requirements for the approved qualified admission precollege curriculum and if this college course appears on the applicant's official high school transcript, the admission officer shall calculate the grade for the college course, for purposes of determining the precollege curriculum grade point average, as follows:

(A) Each college course with three or more credit hours, but no more than five credit hours, shall be treated as a one-unit high school course.

(B) Each college course with more than five credit hours shall be treated as a two-unit high school course.

(d) If the high school has not already calculated the grade point average in the Kansas scholars curriculum and provided that information on the official high school transcript, each admission officer at a state educational institution shall calculate grade point average in the Kansas scholars curriculum for any applicant seeking admission pursuant to K.A.R. 88-13-3, as follows:

(1) The admission officer shall ensure that the requirements established pursuant to K.A.R. 88-13-3 are met before calculating grade point average.

(2) The admission officer shall calculate a grade point average only for approved Kansas scholars curriculum courses appearing on the official high school transcript.

(3) The admission officer shall consider a course to be part of the approved Kansas scholars curriculum only if the course was approved in accordance with guidelines established pursuant to K.A.R. 88-13-3 and if the applicant earned a grade of D or better.

(4)(A) If the high school transcript reports grades on a four-point scale, the admission officer shall calculate grade point averages in the approved Kansas scholars curriculum by assigning four points to a grade of A, three points to a grade of B, two points to a grade of C, and one point to a grade of D. Pluses and minuses shall not be considered in the calculation.

(B) If the high school transcript reports grades on a scale other than a four-point scale, the admission officer shall mathematically convert the grades to a four-point scale and assign points as described in paragraph (c)(5)(A).

(5) The admission officer shall consider grades of P or pass as follows:

(A) If the high school transcript indicates that a P is equivalent to a grade of D or higher, the

admission officer shall assign one grade point to each grade of P.

(B) If the high school transcript indicates that a P is equivalent to a grade of C or higher, the admission officer shall assign two grade points to each grade of P.

(C) If the high school transcript does not indicate the minimum letter grade corresponding to a P, the admission officer shall assign one grade point to each grade of P.

(6) If an applicant has retaken an approved Kansas scholars course, the admission officer shall use the highest grade when calculating the grade point average for the approved Kansas scholars curriculum.

(7) If an applicant has taken a college course to meet the requirements for the approved Kansas scholars curriculum and this college course appears on the applicant's official high school transcript, the admission officer shall calculate the grade in the college course, for purposes of determining the Kansas scholars curriculum grade point average, as follows:

(A) Each college course with at least three but no more than five credit hours shall be treated as a one-unit high school course.

(B) Each college course with more than five credit hours shall be treated as a two-unit high school course.

(e) If the high school has not already calculated the grade point average in the qualified admission precollege curriculum and provided that information on the official high school transcript, each admission officer at a state educational institution shall calculate grade point average in the qualified admission precollege curriculum for any resident applicant seeking admission pursuant to K.A.R. 88-29a-18(a) through (e), as follows:

(1) The admission officer shall ensure that the requirements of K.A.R. 88-29a-18(a) through (e) are met before calculating grade point average.

(2) The admission officer shall calculate the grade point average of approved qualified admission precollege curriculum courses taken from an accredited Kansas high school as described in paragraphs (c)(2) through (c)(8)(B).

(3) The admission officer shall calculate the grade point average of college preparatory courses taken from a high school located outside the state of Kansas as follows:

(A) The applicant shall have earned a grade of D or better.

(B)(i) If the high school transcript reports grades on a four-point scale, the admission officer

shall calculate grade point averages in the qualified admission precollege curriculum by assigning four points to a grade of A, three points to a grade of B, two points to a grade of C, and one point to a grade of D. Pluses and minuses shall not be considered in the calculation.

(ii) If the high school transcript reports grades on a scale other than a four-point scale, the admission officer shall mathematically convert the grades to a four-point scale and assign points as described in paragraph (c)(5)(A).

(4) The admission officer shall consider grades of P or pass as follows:

(A) If the high school transcript indicates that a P is equivalent to a grade of D or higher, the admission officer shall assign one grade point to each grade of P.

(B) If the high school transcript indicates that a P is equivalent to a grade of C or higher, the admission officer shall assign two grade points to each grade of P.

(C) If the high school transcript does not indicate the minimum letter grade corresponding to a P, the admission officer shall assign one grade point to each grade of P.

(5) If an applicant has retaken a qualified admission precollege course, the admission officer shall use the highest grade when calculating the grade point average for the qualified admission precollege curriculum.

(6) If an applicant has taken a college course to meet the requirements for the qualified admission precollege curriculum and this college course appears on the applicant's official high school transcript, the admission officer shall calculate the grade in the college course, for purposes of determining the precollege curriculum grade point average, as follows:

(A) Each college course with at least three but no more than five credit hours shall be treated as a one-unit high school course.

(B) Each college course with more than five credit hours shall be treated as a two-unit high school course.

(f) For any resident applicant seeking admission pursuant to K.A.R. 88-29a-18(f), the admission officer shall calculate the grade point average in the qualified admission precollege curriculum as follows:

(1) The admission officer shall ensure that the requirements of K.A.R. 88-29a-18(f) are met before calculating grade point average.

(2) The admission officer shall calculate the

grade point average of qualified admission precollege curriculum courses taken from an accredited Kansas high school as described in paragraphs (c)(2) through (c)(8)(B).

(3) The admission officer shall calculate the grade point average of college preparatory courses taken from high schools located outside the state of Kansas as described in paragraphs (e)(3) through (e)(6)(B).

(4) The admission officer shall calculate the grade point average of qualified admission precollege curriculum courses taken after high school graduation as described in paragraphs (e)(6)(A) and (e)(6)(B).

(g) If the high school has not already calculated the grade point average in the college preparatory curriculum established by the state in which the applicant is a resident and provided that information on the official high school transcript, each admission officer at a state educational institution shall calculate grade point average for that state's college preparatory curriculum for any nonresident applicant seeking admission pursuant to K.A.R. 88-29a-19(a) as follows:

(1) The admission officer shall ensure that the requirements of K.A.R. 88-29a-19(a) are met before calculating grade point average.

(2) The admission officer shall calculate a grade point average only for college preparatory courses appearing on the official high school transcript.

(3) The admission officer shall consider a course to be part of the approved college preparatory curriculum only if the applicant earned a grade of D or better.

(4)(A) If the high school transcript reports grades on a four-point scale, the admission officer shall calculate grade point averages in the approved college preparatory curriculum by assigning four points to a grade of A, three points to a grade of B, two points to a grade of C, and one point to a grade of D. Pluses and minuses shall not be considered in the calculation.

(B) If the high school transcript reports grades on a scale other than a four-point scale, the admission officer shall mathematically convert the grades to a four-point scale and assign points as described in paragraph (c)(5)(A).

(5) The admission officer shall consider grades of P or pass as follows:

(A) If the high school transcript indicates that a P is equivalent to a grade of D or higher, the admission officer shall assign one grade point to each grade of P.

(B) If the high school transcript indicates that a P is equivalent to a grade of C or higher, the admission officer shall assign two grade points to each grade of P.

(C) If the high school transcript does not indicate the minimum letter grade corresponding to a P, the admission officer shall assign one grade point to each grade of P.

(6) If an applicant has retaken a college preparatory course, the admission officer shall use the highest grade when calculating the grade point average for the college preparatory curriculum.

(7) If an applicant has taken a college course to meet the requirements for the college preparatory curriculum and this college course appears on the applicant's official high school transcript, the admission officer shall calculate the grade in the college course, for purposes of determining the college preparatory curriculum grade point average, as follows:

(A) Each college course with at least three but no more than five credit hours shall be treated as a one-unit high school course.

(B) Each college course with more than five credit hours shall be treated as a two-unit high school course.

(h) At the time of admission of an applicant, the state educational institution shall notify the applicant of each of the following:

(1) The category or categories in which the applicant is admitted;

(2) any enrollment restrictions associated with the applicant's category or categories of admission; and

(3) the requirements for removing any enrollment restrictions associated with the applicant's category or categories of admission. (Authorized by and implementing K.S.A. 2011 Supp. 76-717; effective July 22, 2011; amended April 13, 2012.)

88-29a-11. Requirements for the qualified admission precollege curriculum. This regulation shall be applicable to each state educational institution's review of applicants beginning with the academic year 2014-2015 summer session. In order to admit any applicant under the qualified admission precollege curriculum criteria, each state educational institution shall require the applicant to provide an official high school transcript documenting completion of the approved qualified admission precollege curriculum specified in this regulation.

For each student graduating from high school in academic year 2014-2015 and thereafter, the qualified admission precollege curriculum shall consist of courses that are among those listed in "Kansas board of regents precollege curriculum courses approved for university admissions," as adopted by reference in K.A.R. 88-29-11. The qualified admission precollege curriculum shall consist of the following distribution of courses:

(a) One of the following:

(1) Four units of approved qualified admission English courses, which shall include reading, writing, and literature; or

(2) four units of approved qualified admission English courses, of which three and ½ units shall include reading, writing, and literature and ½ unit of speech;

(b)(1) If the student has achieved the ACT or SAT college readiness math benchmark, three units of approved qualified admission mathematics courses that meet the following requirements:

(A) The course shall be completed in the ninth through twelfth grades; and

(B) the course shall be selected from any of the following courses:

(i) Qualified admission algebra I;

(ii) qualified admission geometry;

(iii) qualified admission algebra II;

(iv) any mathematics course that has qualified admission algebra II as a prerequisite; or

(v) any other course approved by the chief executive officer of the board of regents or the chief executive officer's designee; or

(2) if the student has not achieved the ACT or SAT college readiness math benchmark, four units of approved qualified admission mathematics courses, one of which shall be taken in the year the student graduates high school, that meet the following requirements:

(A) The course shall be completed in the ninth through twelfth grades;

(B) at least three of the courses shall be selected from any of the following courses:

(i) Qualified admission algebra I;

(ii) qualified admission geometry;

(iii) qualified admission algebra II;

(iv) any mathematics course that has qualified admission algebra II as a prerequisite; or

(v) any other course approved by the chief executive officer of the board of regents or the chief executive officer's designee; and

(C) the fourth unit may be selected from any other mathematics courses prescribed by the local

school district and designed to prepare students for college;

(c) three units of approved qualified admission natural science courses that meet the following requirements:

(1) The three units shall be selected from any of the following courses:

- (A) Qualified admission biology;
- (B) qualified admission advanced biology;
- (C) qualified admission chemistry;
- (D) qualified admission physics;
- (E) qualified admission earth-space science;
- (F) qualified admission principles of technology; or

(G) any other course approved by the chief executive officer of the board of regents or the chief executive officer's designee; and

(2) at least one unit shall be selected from a qualified admission chemistry course or a qualified admission physics course;

(d) three units of approved qualified admission social science courses, which shall include instruction in United States history, United States government, and geography; and

(e) three units of elective courses selected from any of the following categories:

- (1) English;
- (2) mathematics;
- (3) natural science;
- (4) social science;
- (5) foreign language;
- (6) personal finance;
- (7) speech, debate, or forensics;
- (8) journalism;
- (9) computer or information systems;
- (10) fine arts;
- (11) career and technical education; or
- (12) any other course approved by the chief executive officer of the board of regents or the chief executive officer's designee. (Authorized by and implementing K.S.A. 2011 Supp. 76-717; effective July 22, 2011; amended April 13, 2012.)

88-29a-18. Functional equivalents of the qualified admission precollege curriculum; residents. In order to admit an applicant under the criterion of successful completion of the functional equivalent of the precollege curriculum, the admission officer of each state educational institution shall require each applicant who is a resident of Kansas and who graduates from high school in academic year 2014-2015 or later to meet the requirements specified in subsections (a) through

(e) or in subsection (f). An admission officer of a state educational institution shall not grant any exception to this regulation. The admission officer shall utilize subsections (a) through (e) only for resident applicants who have completed 15 or fewer quarters of high school in Kansas.

(a) To demonstrate successful completion of the functional equivalent of the qualified admission precollege English courses described in K.A.R. 88-29a-11, each applicant shall provide documentation on the official high school transcript of completion of any four units of high school English. A general education English course consisting of three or more semester hours taken before high school graduation and either offered by or accepted in transfer by a state educational institution may be substituted for one unit of high school English. The course shall be documented on the official high school transcript.

(b) To demonstrate successful completion of the functional equivalent of the qualified admission precollege natural science courses described in K.A.R. 88-29a-11, each applicant shall provide documentation on the official high school transcript of completion of any three units of high school natural science courses chosen from one of the following areas:

- (1) Biology;
- (2) chemistry;
- (3) physics;
- (4) earth or space science;
- (5) principles of technology;
- (6) integrated science;
- (7) physical science; or
- (8) environmental science.

A general education natural science course consisting of three or more semester hours taken before high school graduation and either offered by or accepted in transfer by a state educational institution may be substituted for one unit of high school natural science. The course shall be documented on the official high school transcript.

(c) To demonstrate successful completion of the functional equivalent of the qualified admission precollege social science courses described in K.A.R. 88-29a-11, each applicant shall provide documentation on the official high school transcript of completion of any three units of high school social science courses that meet Kansas high school graduation requirements.

A general education social science course consisting of three or more semester hours taken before high school graduation and either offered

by or accepted in transfer by a state educational institution may be substituted for one unit of high school social science. The course shall be documented on the official high school transcript.

(d) To demonstrate successful completion of the functional equivalent of the qualified admission precollege elective courses described in K.A.R. 88-29a-11, each applicant shall provide documentation on the official high school transcript of completion of any three units of fine arts, computer or information systems, foreign languages, personal finance, speech, debate, forensics, journalism, career and technical education courses, or units of English, mathematics, social science, or natural science that are in addition to those required in subsections (a) through (c) and subsection (e).

A general education course consisting of three or more semester hours in English, mathematics, social science, natural science, fine arts, computer or information systems, foreign language, personal finance, speech, debate, forensics, journalism, or career and technical education taken before high school graduation and either offered by or accepted in transfer by a state educational institution may be substituted for one unit of high school electives. The course shall be documented on the official high school transcript.

(e) Each applicant shall provide official documentation of successful completion of the math requirements specified in K.A.R. 88-29a-11(b)(1) or (b)(2).

(f) Any admission officer may utilize this subsection for any resident applicant who, upon high school graduation, has met most but not all of the precollege curriculum requirements specified in K.A.R. 88-29a-11, or the functional equivalents specified in subsections (a) through (e). Any resident applicant not meeting the precollege curriculum requirements of K.A.R. 88-29a-11, or the functional equivalents specified in subsections (a) through (e), may complete college credit courses to meet the unfulfilled precollege curriculum requirements, if all the following requirements are met:

(1) The course shall be transferable to a state educational institution.

(2) The course shall be three or more semester hours.

(3) The course shall be in the same subject area as the identified deficiency.

(4) The applicant shall submit documentation on the official college transcript of completion of the course. (Authorized by and implementing

K.S.A. 2011 Supp. 76-717; effective July 22, 2011; amended April 13, 2012.)

88-29a-19. Functional equivalents of the qualified admission precollege curriculum; nonresidents. In order to admit an applicant under the criterion of successful completion of the functional equivalent of the precollege curriculum, the admission officer of each state educational institution shall require each applicant who is not a resident of Kansas and who graduates from high school in academic year 2014-2015 or later to meet at least one of the sets of requirements specified in subsections (a) and (b). An admission officer of a state educational institution shall not grant any exception to this regulation.

To demonstrate successful completion of the functional equivalent of the qualified admission precollege curriculum described in K.A.R. 88-29a-11, each applicant shall provide one of the following:

(a) Documentation on the official high school transcript of completion of the college preparatory curriculum established by the state in which the applicant is a resident. This option may be used only if the resident state's college preparatory curriculum is at least as rigorous as that required by K.A.R. 88-29a-11; or

(b) official documentation of achievement of all four ACT college readiness benchmarks. (Authorized by and implementing K.S.A. 2011 Supp. 76-717; effective July 22, 2011; amended April 13, 2012.)

Article 29b.—UNIVERSITY OF KANSAS ADMISSIONS

88-29b-1. Definitions. This regulation shall be applicable to the university of Kansas' review of applications beginning with the 2016 summer session. Each of the following terms, wherever used in this article, shall have the meaning specified in this regulation:

(a) "Accredited high school" means one or more educational institutions that provide secondary instruction to students in grades 9, 10, 11, and 12 and that are designated accredited by a regional accrediting agency recognized by the United States department of education, by the Kansas state board of education, or by an agency with standards equivalent to those of the United States department of education or the Kansas state board of education.

(b) “Admission” means the permission given by the admission officer of the university of Kansas to an applicant to enroll as a degree-seeking student in the university of Kansas.

(c) “Admission category” means one of the admission categories adopted by the university of Kansas pursuant to K.A.R. 88-29b-3.

(d) “Complete application file” means the entire set of the following student records that have been received in the admission office of the university of Kansas:

(1) A completed application to the university of Kansas;

(2) verification that all applicable application fees have been paid;

(3) an official copy of the final transcript from each high school attended, including a transcript documenting graduation from high school, or a high school equivalency credential;

88-29b-2. Scope. This regulation shall be applicable to the university of Kansas’ review of

applications beginning with the 2016 summer session. Unless expressly stated as applicable to non-degree-seeking students, this article shall apply only to undergraduate degree-seeking students at the university of Kansas. (Authorized by and implementing K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; effective Feb. 1, 2013.)

88-29b-3. Categories of admission. This regulation shall be applicable to the university of Kansas’ review of applicants beginning with the 2016 summer session.

(a) In the admission policies that are required by K.A.R. 88-29b-9, the university of Kansas shall adopt the regular admission category, which shall include any applicant who is given permission from the university to enroll as a degree-seeking student at the university without any conditions or restrictions other than that the student will be subject to all policies of the university.

(b) In the admission policies that are required by K.A.R. 88-29b-9, the university of Kansas may adopt one or more admission categories in addition to the regular admission category specified in subsection (a). These additional categories shall be limited to the following:

(1) The temporary admission category, which shall include any applicant who is given permission from the university to enroll as a degree-seeking student at the university for a specified period of time not to exceed one calendar year, during which period the student shall be required to provide the university with the student’s complete application file; and

(2) the provisional admission category, which shall include any applicant who is given permission from the university to enroll as a degree-seeking student at the university for a probationary period of time, subject to restrictions that may include any of the following requirements:

(A) The applicant shall enroll only in a limited number of credit hours each semester as specified by the university;

(B) the applicant shall enroll in the developmental or college preparatory courses specified by the university;

(C) the applicant shall participate in an advising program specified by the university;

(D) the applicant shall achieve a certain specified grade point average specified by the university at the end of a period of time specified by the university; and

(E) the applicant shall meet any other provisions established in the university's admission policy for provisional admission established in accordance with K.A.R. 88-29b-9.

(c) A student in the regular admission category shall not be in any other admission category.

(d) The temporary and provisional admission categories shall not be mutually exclusive. Each student who is not in the regular admission category shall be admitted into any other category or categories of admission adopted by the university for which the student is eligible. (Authorized by and implementing K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; effective Feb. 1, 2013.)

88-29b-4. Qualifications required for the admission of an applicant with 24 or more transferable college credit hours. This regulation shall be applicable to the university of Kansas' review of applications beginning with the 2016 summer session.

(a) The requirements established in this regulation shall apply to any applicant who has earned 24 or more transferable college credit hours. If an applicant to whom this regulation is applicable does not meet the requirements of subsection (b) or paragraph (d)(1) and does not meet the requirements of K.A.R. 88-29-4, the applicant may be admitted by means of the exception window for resident transfer admissions described in K.A.R. 88-29b-8a or the exception window for nonresident transfer admissions described in K.A.R. 88-29b-8b. Applicants who are admitted pursuant to subsection (c) or paragraph (d)(2) and who do not meet the requirements of K.A.R. 88-29-4 may be admitted only by means of the exception window for resident transfer admissions described in K.A.R. 88-29b-8a or the exception window for nonresident transfer admissions described in K.A.R. 88-29b-8b.

(b) The university of Kansas shall admit any Kansas resident who submits an application for admission to the university on or before July 1 of the academic year for which the student is applying and who meets the following criteria:

(1) Has earned 24 or more transferable college credit hours; and

(2) has earned a cumulative grade point average of 2.5 or higher on a 4.0 scale in all transferable postsecondary coursework.

(c)(1) The university of Kansas may admit any Kansas resident applicant who meets the following conditions:

(A)(i) Submits an application for admission to the university after July 1 of the academic year for which the student is applying; or

(ii) submits an application for admission on or before July 1 but does not meet the criteria specified in subsection (b); and

(B) is recommended for admission by the university's admission review committee.

(2) The admission review committee shall consider the following factors in making admission recommendations:

(A) The applicant's completed coursework in relation to the admission standards in K.A.R. 88-29-4;

(B) the applicant's grade point average in all postsecondary coursework;

(C) the degree of difficulty of the applicant's postsecondary coursework;

(D) the applicant's grade trend;

(E) the applicant's ability to enhance the cultural, economic, or geographic diversity of the university;

(F) the applicant's academic potential;

(G) any outstanding talent in a particular area that the applicant has demonstrated;

(H) the applicant's personal challenges or family circumstances that have affected academic performance;

(I) the applicant's eligibility for and likelihood of benefitting from organized support services available at the university; and

(J) any other factors that the admission review committee deems appropriate and that have been included in the university's admission policies established pursuant to K.A.R. 88-29b-9.

(d) The university of Kansas may admit any nonresident applicant who meets one of the following conditions:

(1) Submits an application for admission to the university on or before July 1 of the academic year for which the student is applying and meets the following conditions:

(A) Has earned 24 or more transferable college credit hours; and

(B) has earned a cumulative grade point average of 2.5 or higher on a 4.0 scale in all transferable postsecondary coursework;

(2) submits an application for admission to the university after July 1 of the academic year for which the student is applying and is recommended for admission by the university's admission review committee upon consideration of the factors listed in paragraph (c)(2); or

(3) submits an application for admission on or before July 1, does not meet the criteria specified in paragraph (d)(1), and is recommended for admission by the university's admission review committee upon consideration of the factors listed in paragraph (c)(2). (Authorized by and implementing K.S.A. 2014 Supp. 76-717; effective Feb. 1, 2013; amended April 24, 2015.)

88-29b-5. Qualifications required for the admission of a Kansas resident who is under the age of 21. This regulation shall be applicable to the university of Kansas' review of applicants beginning with the 2016 summer session.

(a) The requirements in this regulation shall apply to any applicant who is a Kansas resident and is under the age of 21, except that the requirements shall not apply to any applicant who has earned 24 or more transferable college credit hours. If an applicant to whom this regulation is applicable does not meet the requirements of subsections (b), (c), and (d) and does not meet the requirements of K.A.R. 88-29a-5, the applicant may be admitted by means of the exception window for resident freshman class admissions described in K.A.R. 88-29b-8. Any applicant who is admitted pursuant to subsection (e) and does not meet the requirements of K.A.R. 88-29a-5 may be admitted only by means of the exception window for resident freshman class admissions described in K.A.R. 88-29b-8.

(ii) the Kansas scholars curriculum established pursuant to K.A.R. 88-13-3; or

(iii) for eligible applicants, the qualified admission precollege curriculum functional equivalent described in K.A.R. 88-29a-18 (a) through (e) or in K.A.R. 88-29a-18(f);

(C) has achieved a composite score on the ACT of at least 24; and

(D) has achieved a minimum cumulative GPA of 2.5 on a 4.0 scale on all transferable college credit hours; or

(2)(A) Has graduated from an accredited high school in Kansas or, pursuant to K.S.A. 72-116 and amendments thereto, an accredited high school located out of state, with a minimum cumulative grade point average of 3.25 on a 4.0 scale;

(B) has completed one of the following with a minimum grade point average of 2.0 on a 4.0 scale:

(i) The qualified admission precollege curriculum described in K.A.R. 88-29a-11;

(ii) the Kansas scholars curriculum established pursuant to K.A.R. 88-13-3; or

(iii) for eligible applicants, the qualified admission precollege curriculum functional equivalent described in K.A.R. 88-29a-18 (a) through (e) or in K.A.R. 88-29a-18(f);

(C) has achieved a composite score on the ACT of at least 21; and

(D) has achieved a minimum cumulative GPA of 2.5 on a 4.0 scale on all transferable college credit hours.

(c) The university of Kansas shall admit any Kansas resident under the age of 21 who submits an application for admission to the university on or before February 1 and meets either of the following requirements:

(1)(A) Has graduated from a non-accredited private secondary school with a minimum cumulative grade point average of 3.0 on a 4.0 scale;

(B) has completed one of the following:

(i) Coursework equivalent to the qualified admission precollege curriculum as described in K.A.R. 88-29a-11; or

(ii) coursework equivalent to the Kansas scholars curriculum established pursuant to K.A.R. 88-13-3;

(C) has achieved a composite score on the ACT of at least 24; and

(D) has achieved a minimum cumulative GPA of 2.5 on a 4.0 scale on all transferable college credit hours; or

(2)(A) Has graduated from a non-accredited private secondary school with a minimum cumulative grade point average of 3.25 on a 4.0 scale;

(B) has completed one of the following:

(i) Coursework equivalent to the qualified admission precollege curriculum as described in K.A.R. 88-29a-11; or

(ii) coursework equivalent to the Kansas scholars curriculum established pursuant to K.A.R. 88-13-3;

(C) has achieved a composite score on the ACT of at least 21; and

(D) has achieved a minimum cumulative GPA of 2.5 on a 4.0 scale on all transferable college credit hours.

(d) The university of Kansas shall admit any Kansas resident under the age of 21 who submits an application for admission to the university on or before February 1 and who meets the following requirements:

(1) Has earned a high school equivalency credential with at least the prescribed minimum scores, as defined in K.A.R. 88-29b-1;

(2) has achieved a composite score on the ACT of at least 21; and

(3) has achieved a minimum cumulative GPA of 2.5 on a 4.0 scale on all transferable college credit hours.

(e)(1) The university of Kansas may admit any Kansas resident under the age of 21 who meets the following conditions:

(A)(i) Submits an application for admission to the university after February 1; or

(ii) submits an application for admission on or before February 1 but does not meet the criteria specified in subsections (b), (c), and (d); and

(B) is recommended for admission by the university's admission review committee.

(2) The admission review committee shall consider the following factors in making admission recommendations:

(A) The applicant's completed coursework in relation to the admission standards in K.A.R. 88-29a-5;

(B) the applicant's academic performance, including the following:

(i) Grade point average in all high school coursework;

(ii) ACT scores; and

(iii) high school class rank;

(C) the degree of difficulty of the applicant's high school coursework;

(D) the applicant's grade trend;

(E) the applicant's ability to enhance the cultural, economic, or geographic diversity of the university;

(F) the applicant's academic potential;

(G) any outstanding talent in a particular area that the applicant has demonstrated;

(H) the applicant's successful completion of advanced placement, international baccalaureate, and dual-credit coursework while in high school;

(I) specification of whether the applicant is a first-generation postsecondary student;

(J) the applicant's personal challenges or family circumstances that have affected academic performance;

(K) the applicant's eligibility for and likelihood of benefitting from organized support services available at the university; and

(L) any other factors that the admission review committee deems appropriate and that have been included in the university's admission policies established pursuant to K.A.R. 88-29b-9. (Authorized by and implementing K.S.A. 2014 Supp. 76-717; effective Feb. 1, 2013; amended April 24, 2015.)

88-29b-6. Qualifications required for the admission of a Kansas resident who is 21 or older. This regulation shall be applicable to the university of Kansas' review of applicants beginning with the 2016 summer session.

(a) The requirements in this regulation shall apply to any applicant who is a Kansas resident and who will be 21 or older on the first day of classes at the university of Kansas, except that the requirements shall not apply to any applicant who has earned 24 or more transferable college credit hours. If an applicant to whom this regulation is applicable does not meet the requirements of subsection (b) and does not meet the requirements of K.A.R. 88-29a-6, the applicant may be admitted by means of the exception window for resident freshman class admissions described in K.A.R. 88-29b-8. Any applicant who is admitted pursuant to subsection (c) and does not meet the requirements of K.A.R. 88-29a-6 may be admitted only by means of the exception window for resident freshman class admissions described in K.A.R. 88-29b-8.

(b) The university of Kansas shall admit any Kansas resident who is 21 or older, submits an application for admission to the university on or before February 1, and meets one of the following criteria:

(1) Has graduated from an accredited high school in Kansas or, pursuant to K.S.A. 72-116 and amendments thereto, an accredited high school located out of state;

(2) has graduated from a non-accredited private secondary school; or

(3) has earned a high school equivalency credential with at least the prescribed minimum scores, as defined in K.A.R. 88-29b-1.

(c) The university of Kansas may admit any Kansas resident who is 21 or older and meets the following conditions:

(1)(A) Submits an application for admission to the university after February 1; or

(B) submits an application for admission on or before February 1 but does not meet the criteria specified in subsection (b); and

(2) is recommended for admission by the university's admission review committee upon consideration of the factors listed in K.A.R. 88-29b-5(e)(2). (Authorized by and implementing K.S.A. 2014 Supp. 76-717; effective Feb. 1, 2013; amended April 24, 2015.)

88-29b-7. Qualifications required for the admission of a nonresident who is under the age of 21. This regulation shall be applicable to the university of Kansas' review of applicants beginning with the 2016 summer session.

(a) The requirements in this regulation shall apply to any applicant who is a nonresident and is under the age of 21, except that the requirements shall not apply to any applicant who has earned 24 or more transferable college credit hours. If an applicant to whom this regulation is applicable does not meet the requirements in subsections (b), (c), and (d) and does not meet the requirements of K.A.R. 88-29a-7, the applicant may be admitted by means of the exception window for nonresident freshman class admissions described in K.A.R. 88-29b-8c. Any applicant who is admitted pursuant to subsection (e) and does not meet the requirements of K.A.R. 88-29a-7 may be admitted only by means of the exception window for nonresident freshman class admissions described in K.A.R. 88-29b-8c.

(b) The university of Kansas may admit any nonresident under the age of 21 who submits an application for admission to the university on or before February 1 and meets either of the following requirements:

(1)(A) Has graduated from an accredited high school with a minimum cumulative grade point average of 3.0 on a 4.0 scale;

(iii) the qualified admission precollege curriculum functional equivalent described in K.A.R. 88-29a-19;

(C) has achieved a composite score on the ACT of at least 24; and

(D) has achieved a minimum cumulative GPA of 2.5 on a 4.0 scale on all transferable college credit hours; or

(2)(A) Has graduated from an accredited high school with a minimum cumulative grade point average of 3.25 on a 4.0 scale;

(B) has completed one of the following with a minimum grade point average of 2.5 on a 4.0 scale:

(i) The qualified admission precollege curriculum described in K.A.R. 88-29a-11;

(ii) the Kansas scholars curriculum established pursuant to K.A.R. 88-13-3; or

(iii) the qualified admission precollege curriculum functional equivalent described in K.A.R. 88-29a-19;

(C) has achieved a composite score on the ACT of at least 21; and

(D) has achieved a minimum cumulative GPA of 2.5 on a 4.0 scale on all transferable college credit hours.

(c) The university of Kansas may admit any nonresident under the age of 21 who submits an application for admission to the university on or before February 1 and meets either of the following requirements:

(1)(A) Has graduated from a non-accredited private secondary school with a minimum cumulative grade point average of 3.0 on a 4.0 scale;

(B) has completed one of the following with a minimum grade point average of 2.5 on a 4.0 scale:

(i) Coursework equivalent to the qualified admission precollege curriculum as described in K.A.R. 88-29a-11; or

(ii) coursework equivalent to the Kansas scholars curriculum established pursuant to K.A.R. 88-13-3;

(C) has achieved a composite score on the ACT of at least 24; and

(D) has achieved a minimum cumulative GPA of 2.5 on a 4.0 scale on all transferable college credit hours; or

(2)(A) Has graduated from a non-accredited private secondary school with a minimum cumulative grade point average of 3.25 on a 4.0 scale;

(B) has completed one of the following with a minimum grade point average of 2.5 on a 4.0 scale:

(i) Coursework equivalent to the qualified admission precollege curriculum as described in K.A.R. 88-29a-11; or

(ii) coursework equivalent to the Kansas scholars curriculum established pursuant to K.A.R. 88-13-3;

(C) has achieved a composite score on the ACT of at least 21; and

(D) has achieved a minimum cumulative GPA of 2.5 on a 4.0 scale on all transferable college credit hours.

(d) The university of Kansas may admit any nonresident under the age of 21 who submits an application for admission to the university on or before February 1 and meets the following requirements:

(1) Has earned a high school equivalency credential with at least the prescribed minimum scores, as defined in K.A.R. 88-29b-1;

(2) has achieved a composite score on the ACT of at least 21; and

(3) has achieved a minimum cumulative GPA of 2.5 on a 4.0 scale on all transferable college credit hours.

(e) The university of Kansas may admit any nonresident under the age of 21 who meets the following conditions:

(1)(A) Submits an application for admission to the university after February 1; or

(B) submits an application for admission on or before February 1 but does not meet the criteria specified in subsections (b), (c), and (d); and

(2) is recommended for admission by the university's admission review committee upon consideration of the factors listed in K.A.R. 88-29b-5(e)(2). (Authorized by and implementing K.S.A. 2014 Supp. 76-717; effective Feb. 1, 2013; amended April 24, 2015.)

88-29b-7a. Qualifications required for the admission of a nonresident who is 21 or older. This regulation shall be applicable to the university of Kansas' review of applicants beginning with the 2016 summer session.

(a) The requirements of this regulation shall apply to any applicant who is a nonresident and who will be 21 or older on the first day of classes at the university of Kansas, except that this regulation shall not apply to any applicant who has earned 24 or more transferable college credit hours. If an applicant to whom this regulation is applicable does not meet the requirements of subsection (b) and does not meet the requirements of K.A.R. 88-29a-7a, the applicant may be admitted by means of the exception window for nonresident freshman class admissions described in K.A.R. 88-29b-8c. Any applicant who is admitted pursuant to subsection (c) and does not meet the requirements of K.A.R. 88-29a-7a may be admitted only by means of the

exception window for nonresident freshman class admissions described in K.A.R. 88-29b-8c.

(b) The university of Kansas may admit any nonresident who is 21 or older, submits an application for admission to the university on or before February 1, and meets one of the following criteria:

(1) Has graduated from an accredited high school; or

(2) has earned a high school equivalency credential with at least the prescribed minimum scores, as defined in K.A.R. 88-29b-1.

(c) The university of Kansas may admit any nonresident who is 21 or older and meets the following conditions:

(1)(A) Submits an application for admission to the university after February 1; or

(B) submits an application for admission on or before February 1 but does not meet the criteria specified in subsection (b); and

(2) is recommended for admission by the university's admission review committee upon consideration of the factors listed in K.A.R. 88-29b-5(e)(2). (Authorized by and implementing K.S.A. 2014 Supp. 76-717; effective Feb. 1, 2013; amended April 24, 2015.)

88-29b-8. The exception window for resident freshman class admissions. This regulation shall be applicable to the university of Kansas' review of applicants beginning with the 2016 summer session. (a) The university of Kansas may admit any Kansas resident who does not meet the applicable requirements specified in K.A.R. 88-29b-5(b), (c), or (d), K.A.R. 88-29b-6, K.A.R. 88-29a-5, or K.A.R. 88-29a-6 and who has earned fewer than 24 transferable college credit hours by means of the exception window for resident freshman class admissions. The maximum number of students admitted by means of this exception window shall be calculated as follows:

(1) The total number of admitted new students who have earned fewer than 24 transferable college credit hours, regardless of admission category, shall be counted on the twentieth day of the fall, spring, and summer sessions of each academic year.

(2) The maximum number of admissions calculated using this exception window shall be equal to 10 percent of the sum of the three numbers counted in paragraph (a)(1).

(b) In determining which students to admit as exceptions pursuant to this regulation, the university of Kansas shall give preference to persons

who are in military service, as defined in K.S.A. 76-717 and amendments thereto.

(c) If the university of Kansas exceeds the allotted number of admissions using this exception window, the excess over the allowable total number of exceptions shall be subtracted from the subsequent year's allowable total number of exceptions for resident freshman class admissions.

(d) The university of Kansas shall require each student who is admitted as an exception to the minimum qualified admission standards pursuant to this regulation to adopt an individual plan for success, before enrollment, and subsequently review that individual plan for success, as required by K.S.A. 76-717 and amendments thereto. (Authorized by and implementing K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; effective Feb. 1, 2013.)

88-29b-8a. The exception window for resident transfer admissions. This regulation shall be applicable to the university of Kansas' review of applications beginning with the 2016 summer session. The university of Kansas may admit any Kansas resident who has earned 24 or more transferable college credit hours, but who does not meet the applicable requirements specified in K.A.R. 88-29b-4(b) or K.A.R. 88-29-4, by means of the exception window for resident transfer admissions.

(a) The maximum number of students admitted by means of this exception window shall be calculated as follows:

(1) The total number of admitted new resident students who have earned at least 24 transferable college credit hours, regardless of admission category, shall be counted on the twentieth day of the fall, spring, and summer sessions of each academic year.

(2) The maximum number of admissions calculated using this exception window shall be equal to 10 percent of the sum of the three numbers counted in paragraph (a)(1).

(b) In determining which students to admit as exceptions pursuant to this regulation, the university of Kansas shall give preference to persons who are in military service, as defined in K.S.A. 76-717 and amendments thereto.

(c) If the university of Kansas exceeds the allotted number of admissions using this exception window, the excess over the allowable total number of exceptions shall be subtracted from the subsequent year's allowable total number of exceptions for resident transfer admissions.

(d) The university of Kansas shall require each student who is admitted as an exception to the minimum qualified admission standards pursuant to this regulation to adopt an individual plan for success, before enrollment, and subsequently review that individual plan for success, as required by K.S.A. 76-717 and amendments thereto. (Authorized by and implementing K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; effective Feb. 1, 2013.)

88-29b-8b. The exception window for nonresident transfer admissions. This regulation shall be applicable to the university of Kansas' review of applications beginning with the 2016 summer session. The university of Kansas may admit any nonresident who has earned 24 or more transferable college credit hours, but who does not meet the applicable requirements specified in K.A.R. 88-29b-4(d)(1) or K.A.R. 88-29-4, by means of the exception window for nonresident transfer admissions.

(a) The maximum number of students admitted by means of this exception window shall be calculated as follows:

(1) The total number of admitted new nonresident students who have earned at least 24 transferable college credit hours, regardless of admission category, shall be counted on the twentieth day of the fall, spring, and summer sessions of each academic year.

(2) The maximum number of admissions calculated using this exception window shall be equal to 10 percent of the sum of the three numbers counted in paragraph (a)(1).

(b) In determining which students to admit as exceptions pursuant to this regulation, the university of Kansas shall give preference to persons who are in military service, as defined in K.S.A. 76-717 and amendments thereto.

(c) If the university of Kansas exceeds the allotted number of admissions using this exception window, the excess over the allowable total number of exceptions shall be subtracted from the subsequent year's allowable total number of exceptions for nonresident transfer admissions.

(d) The university of Kansas shall require each student who is admitted as an exception to the minimum qualified admission standards pursuant to this regulation to adopt an individual plan for success, before enrollment, and subsequently review that individual plan for success, as required by K.S.A. 76-717 and amendments thereto. (Au-

thorized by and implementing K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; effective Feb. 1, 2013.)

88-29b-8c. The exception window for nonresident freshman class admissions. This regulation shall be applicable to the university of Kansas' review of applicants beginning with the 2016 summer session. (a) The university of Kansas may admit any nonresident who does not meet the applicable requirements specified in K.A.R. 88-29b-7(b), (c), or (d), K.A.R. 88-29b-7a(b), K.A.R. 88-29a-7, or K.A.R. 88-29a-7a and who has earned fewer than 24 transferable college credit hours, by means of the exception window for nonresident freshman class admissions. The maximum number of students admitted by means of this exception window shall be calculated as follows:

(1) The total number of admitted new nonresident students who have earned fewer than 24 transferable college credit hours, regardless of admission category, shall be counted on the twentieth day of the fall, spring, and summer sessions of each academic year.

(2) The maximum number of admissions that may be made using this exception window shall be equal to 10 percent of the sum of the three numbers counted in paragraph (a)(1) or 50 students, whichever is greater.

(b) In determining which students to admit as exceptions pursuant to this regulation, the university of Kansas shall give preference to persons who are in military service, as defined in K.S.A. 76-717 and amendments thereto.

(c) If the university of Kansas exceeds the allotted number of admissions using this exception window, the excess over the allowable total number of exceptions shall be subtracted from the subsequent year's allowable total number of exceptions for nonresident freshman class admissions.

(d) The university of Kansas shall require each student who is admitted as an exception to the minimum qualified admission standards pursuant to this regulation to adopt an individual plan for success, before enrollment, and subsequently review that individual plan for success, as required by K.S.A. 76-717 and amendments thereto. (Authorized by and implementing K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; effective Feb. 1, 2013.)

88-29b-9. Admission policies. This regulation shall be applicable to the university of Kansas' review of applicants beginning with the 2016 summer session. The chancellor of the university of Kansas or a designee shall establish admission policies that meet all of the following requirements:

(a) The policies shall not conflict with the provisions of this article or, where applicable, the provisions of articles 29 and 29a.

(b) The policies shall specify the materials required for a complete application file.

(c) The policies shall address the enrollment of both degree-seeking and non-degree-seeking students as well as each student's transition from degree-seeking to non-degree-seeking status or from non-degree-seeking to degree-seeking status. Policies shall mandate that each non-degree-seeking student who applies to enroll as a degree-seeking student shall be admitted only if one of the following conditions is met:

(1) The student meets the applicable requirements specified in K.A.R. 88-29b-4 through 88-29b-7a.

(2) The student is admitted by means of the exception window for resident freshmen class admissions described in K.A.R. 88-29b-8.

(3) The student is admitted by means of the exception window for resident transfer admissions described in K.A.R. 88-29b-8a.

(4) The student is admitted by means of the exception window for nonresident transfer admissions described in K.A.R. 88-29b-8b.

(5) The student is admitted by means of the exception window for nonresident freshman class admissions described in K.A.R. 88-29b-8c.

(d) The policies shall include an explanation of the exception windows and the university of Kansas' method to determine which applicants would be admitted if there were more applicants than the university is allowed under K.A.R. 88-29b-8, K.A.R. 88-29b-8a, K.A.R. 88-29b-8b, or K.A.R. 88-29b-8c.

(e) The policies may include the establishment of subcategories of non-degree-seeking students.

(f) The policies shall include a statement indicating whether the university of Kansas will consider, in the admission decision, any post-secondary credit from an institution that is not accredited and has not been granted preaccreditation status by an agency recognized by the United States department of education or by an equivalent international agency. If the university considers these credits, the admission decision

shall be made in accordance with K.A.R. 88-29-4 or K.A.R. 88-29b-4.

(g) The policies shall include a statement of whether the university of Kansas enrolls students in the temporary or provisional admission category.

(1) If the university of Kansas enrolls any students in the temporary admission category, the policies shall include all of the following:

(A) A description of requirements for exiting the temporary admission category and entering another admission category;

(B) a statement that a temporarily admitted student may be denied admission to a specific degree program;

(C) a statement that each student who fails to exit from the temporary admission category within the specified period of time shall be disenrolled; and

(D) a statement that each applicant who is admitted in the temporary admission category pursuant to K.A.R. 88-29b-10(a)(2) or (b)(2) shall be allowed to exit from the temporary admission category and enter the regular admission category only upon verification of high school graduation.

(2) If the university of Kansas enrolls any students in the provisional admission category, the policies shall include all of the following:

(A) A description of requirements for exiting the provisional admission category and entering another admission category;

(B) a statement that any student admitted in the provisional admission category may be denied admission to a specific degree program; and

(C) a statement that each student who fails to exit from the provisional admission category within the period of time specified by the university shall be disenrolled.

(3) The policies shall mandate that a student who meets the criteria for both the temporary and provisional admission categories shall not be granted regular admission until the student fulfills the requirements for exiting each of the categories in which the student is initially enrolled.

(h) The policies shall be required to be approved in advance by the board of regents. (Authorized by and implementing K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; effective Feb. 1, 2013.)

88-29b-10. Methods for evaluating qualifications for admission. This regulation shall be applicable to the university of Kansas' review of applicants beginning with the 2016 summer session.

(a) The admission officer at the university of Kansas shall consider each applicant's ACT or SAT scores as follows:

(1) A documented score of 980 on the SAT, excluding the writing portion of the SAT, shall be deemed the equivalent of a composite score of 21 on the ACT for purposes of this article. A documented score of 1090 on the SAT, excluding the writing portion of the SAT, shall be deemed the equivalent of a composite score of 24 on the ACT for purposes of this article.

(2) A documented composite score of 21 or above on the ACT may be used to admit an applicant in the temporary admission category after the applicant's completion of the sixth high school semester, without further review of the applicant's materials.

(3) The admission officer shall consider the applicant's best composite ACT score for admission decisions.

(4) If an applicant has taken both the ACT and SAT, the admission officer shall consider the applicant's better score on the two tests for admission decisions.

(b) The admission officer at the university of Kansas shall consider class rank as follows:

(1) If class rank cannot be determined, the admission officer shall not admit an applicant under this criterion.

(2) If an applicant's documented class rank is in the top third of the applicant's class after the applicant's sixth semester of high school, the class rank may be used to admit an applicant into the temporary admission category without further review of the applicant's materials.

(c) If the high school has not already calculated overall grade point average or the grade point average in the qualified admission precollege curriculum and provided that information on the official high school transcript, the admission officer at the university of Kansas shall calculate overall grade point average and grade point average in the qualified admission precollege curriculum for any applicant seeking admission pursuant to K.A.R. 88-29a-5, K.A.R. 88-29b-5, K.A.R. 88-29a-7, or K.A.R. 88-29b-7, as follows:

(1) The admission officer shall ensure that the requirements of K.A.R. 88-29a-11 are met before calculating grade point average.

(2) The admission officer shall calculate a grade point average only for courses appearing on the applicant's official high school transcript.

(3) The admission officer shall consider a course to be part of the approved qualified admission

precollege curriculum only if the course was approved in accordance with K.A.R. 88-29a-11 for the semester and year in which the applicant completed the course and if the applicant earned a grade of D or better.

(4) The admission officer shall consider a course to be part of the approved qualified admission precollege curriculum only if the course code that appears on the applicant's official high school transcript is the same as the course code of the approved course.

(5)(A) If the high school transcript reports grades on a four-point scale, the admission officer shall calculate grade point averages by assigning four points to a grade of A, three points to a grade of B, two points to a grade of C, and one point to a grade of D. Pluses and minuses shall not be considered in the calculation.

(B) If the high school transcript reports grades on a scale other than a four-point scale, the admission officer shall mathematically convert the grades to a four-point scale and assign points as described in paragraph (c)(5)(A).

(6) The admission officer shall consider grades of P or pass as follows:

(A) If the high school transcript indicates that a P is equivalent to a grade of D or higher, the admission officer shall assign one grade point to each grade of P.

(B) If the high school transcript indicates that a P is equivalent to a grade of C or higher, the admission officer shall assign two grade points to each grade of P.

(C) If the high school transcript does not indicate the minimum letter grade corresponding to a P, the admission officer shall assign one grade point to each grade of P.

(7) If an applicant has retaken an approved qualified admission precollege course, the admission officer shall use the highest grade when calculating the grade point average for the approved qualified admission precollege curriculum.

(8) If an applicant has taken a college course to meet the requirements for the approved qualified admission precollege curriculum and if this college course appears on the official high school transcript, the admission officer shall calculate the grade for the college course, for purposes of determining the precollege curriculum grade point average, as follows:

(A) Each college course with three or more credit hours, but no more than five credit hours, shall be treated as a one-unit high school course.

(B) Each college course with more than five credit hours shall be treated as a two-unit high school course.

(d) If the high school has not already calculated the overall grade point average or grade point average in the Kansas scholars curriculum and provided that information on the official high school transcript, the admission officer at the university of Kansas shall calculate the overall grade point average and grade point average in the Kansas scholars curriculum for any applicant seeking admission pursuant to K.A.R. 88-13-3, as follows:

(1) The admission officer shall ensure that the requirements established pursuant to K.A.R. 88-13-3 are met before calculating grade point average.

(2) The admission officer shall calculate a grade point average only for courses appearing on the applicant's official high school transcript.

(3) The admission officer shall consider a course to be part of the approved Kansas scholars curriculum only if the course was approved in accordance with guidelines established pursuant to K.A.R. 88-13-3 and if the applicant earned a grade of D or better.

(4) The admission officer shall calculate grade point averages in accordance with paragraphs (c)(5) through (8).

(e) If the high school has not already calculated the overall grade point average and the grade point average in the qualified admission precollege curriculum and provided that information on the official high school transcript, the admission officer at the university of Kansas shall calculate overall grade point average and grade point average in the qualified admission precollege curriculum for any resident applicant seeking admission pursuant to K.A.R. 88-29a-18(a) through (e), as follows:

(1) The admission officer shall ensure that the requirements of K.A.R. 88-29a-18(a) through (e) are met before calculating grade point average.

(2) The admission officer shall calculate the applicant's grade point average for approved qualified admission precollege curriculum courses taken from an accredited Kansas high school as described in paragraphs (c)(2) through (c)(8)(B).

(3) The admission officer shall calculate the applicant's grade point average for college preparatory courses taken from a high school located outside the state of Kansas, as follows:

(A) The applicant shall have earned a grade of D or better.

(B) The admission officer shall calculate grade point averages in accordance with paragraphs (c) (5) through (8).

(f) For any resident applicant seeking admission pursuant to K.A.R. 88-29a-18(f), the admission officer at the university of Kansas shall calculate the overall grade point average and grade point average in the qualified admission precollege curriculum, as follows:

(1) The admission officer shall ensure that the requirements of K.A.R. 88-29a-18(f) are met before calculating grade point average.

(2) The admission officer shall calculate the applicant's grade point average for qualified admission precollege curriculum courses taken from an accredited Kansas high school as described in paragraphs (c)(2) through (c)(8)(B).

(3) The admission officer shall calculate the applicant's grade point average for college preparatory courses taken from high schools located outside the state of Kansas as described in paragraph (e)(3).

(4) The admission officer shall calculate the applicant's grade point average for qualified admission precollege curriculum courses taken after high school graduation as described in paragraphs (c)(8)(A) and (c)(8)(B).

(g) If the high school has not already calculated the overall grade point average or the grade point average in the college preparatory curriculum established by the state in which the applicant is a resident and provided that information on the official high school transcript, the admission officer at the university of Kansas shall calculate the overall grade point average and grade point average for that state's college preparatory curriculum for any nonresident applicant seeking admission pursuant to K.A.R. 88-29a-19(a), as follows:

(1) The admission officer shall ensure that the requirements of K.A.R. 88-29a-19(a) are met before calculating grade point average.

(2) The admission officer shall calculate a grade point average only for college preparatory courses appearing on the applicant's official high school transcript.

(3) The admission officer shall consider a course to be part of the approved college preparatory curriculum only if the applicant earned a grade of D or better.

(4) The admission officer shall calculate grade point averages in accordance with paragraphs (c) (5) through (8).

(h) At the time of admission of an applicant, the

university of Kansas shall notify the applicant of each of the following:

(1) The category or categories in which the applicant is admitted;

(2) any enrollment restrictions associated with the applicant's category or categories of admission; and

(3) the requirements for removing any enrollment restrictions associated with the applicant's category or categories of admission. (Authorized by and implementing K.S.A. 2011 Supp. 76-717, as amended by L. 2012, ch. 168, sec. 11; effective Feb. 1, 2013.)

Article 30.—STUDENT HEALTH INSURANCE PROGRAM

88-30-1. Definitions. The following terms wherever used in this article shall have the meanings specified in this regulation:

(a) "Degree-seeking undergraduate student" means a student who has formally indicated to the state educational institution the intent to complete a program of study that is designated by the United States department of education as a program that is eligible for federal financial aid.

Article 1.—CERTIFICATE REGULATIONS

91-1-70a. Accreditation. The following portions of the document titled “CAEP accreditation standards,” as approved by the council for the accreditation of educator preparation (CAEP) board of directors on August 29, 2013, are hereby adopted by reference:

(a) Standard 1 on pages 2 and 3 and the related glossary on page 3;

(b) standard 2 and the related glossary on page 6;

(c) standard 3 on pages 8 and 9 and the related glossary on page 10, except for the following text in 3.2:

(1) The second and third bulleted items; and

(2) the three paragraphs immediately following the bulleted list;

(d) standard 4 on page 13; and

(e) standard 5 on pages 14 and 15 and the related glossary on page 15. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective July 1, 1997; amended Jan. 4, 2002; amended July 7, 2017.)

91-1-200. Definition of terms. (a) “Accomplished teaching license” means a license issued to an individual who has successfully completed an advanced performance assessment designated by the state board for the purpose of identifying accomplished teaching, or who has achieved national board certification.

(b) “Accredited experience” means teaching experience gained, under contract, in a school accredited by the state board or a comparable agency in another state while the teacher holds an endorsement valid for the specific assignment. A minimum

of 90 consecutive days of substitute teaching in the endorsement area of academic preparation and in the same teaching position shall constitute accredited experience. Other substitute teaching experiences shall not constitute accredited experience.

(c) “All levels” means early childhood through late adolescence and adulthood (prekindergarten through grade 12).

(d) “Alternative teacher education program” means a program to prepare persons to teach by a means other than the traditional, college-based, approved program.

(e) “Approved program” means a teacher education program approved by the state board for content and pedagogy.

(f) “Content assessment” means an assessment designated by the state board to measure subject matter knowledge for an endorsement.

(g) “Deficiency plan” means a detailed schedule of instruction from an approved program that, if completed, will qualify an individual for full endorsement in a subject. The individual who is to receive the instruction and a representative of the institution at which the instruction is to be given shall sign each deficiency plan.

(h) “Duplication of a license” means the issuance of a license to replace a license that is lost or destroyed.

(i) “Emergency substitute teaching license” means a license issued to an individual that allows access to practice as a substitute teacher as defined by K.A.R. 91-31-34(b).

(j) “Endorsement” means the legend printed on each license that identifies the subject in which an individual has specialization.

(k) “Evidence-centered assessment” means an assessment designated by the state board to measure an individual’s knowledge of subject matter and ability to implement the knowledge and skills of a teacher leader.

(l) “Exchange license” means a two-year license issued under the exchange license agreement.

(m) “Initial license” means the first license that an individual holds to begin practice while preparing for the professional license.

(n) “Institutional verification” means acknowledgment that an individual has successfully completed a program within an accredited unit.

(o) “Interim alternative license” means a license that allows temporary access to practice to an individual who has completed an alternative teacher education program and been issued a license in another state.

(p) “Licensure” means the granting of access to practice teaching, administration, or school services in Kansas public schools.

(q) “Local education agency” and “LEA” mean any governmental agency authorized or required by state law to provide education to children, including each unified school district, special education cooperative, school district interlocal, state school, and school institution.

(r) “Mentor” means a teacher or administrator who holds a professional license assigned by an LEA to provide support, modeling, and conferencing to a beginning professional.

(s) “Official transcript” means a student record that includes grades and credit hours earned and that is affixed with the official seal of the college and the signature of the registrar.

(t) “One year of teaching experience” means accredited experience that constitutes one-half time or more in one school year, while under contract.

(u) “Pedagogical assessment” means an assessment designated by the state board to measure teaching knowledge.

(v) “Performance assessment” means an assessment designated by the state board to measure an individual’s ability to implement the knowledge and skills of a teacher, administrator, or school services provider.

(w) “Prekindergarten” means a program for children three and four years old.

(x) “Professional license” means a license issued to an individual based on successful completion of a performance assessment and maintained by professional development.

(y) “Provisional school specialist endorsement license” means a license issued to an individual that allows access to practice as a school specialist while the individual is in the process of completing requirements for the school specialist license.

(z) “Provisional teaching endorsement license” means a license issued to an individual that allows access to practice in an endorsement area while the individual is in the process of completing requirements for that endorsement.

(aa) “Recent credit or recent experience” means credit or experience earned during the six-year period immediately preceding the filing of an application.

(bb) “Restricted teaching license” means a license that allows an individual limited access to practice under a special arrangement among the individual, a Kansas teacher education institution, and an LEA.

(cc) “Standard,” when used to describe a license, means that the license is current, unrestricted, nonprobationary, nonprovisional, nonsubstitute, or nontemporary; is issued by the state board or a comparable agency in another state; and allows an individual to work as a teacher, administrator, or school specialist in accredited school systems in Kansas or another state.

(dd) “Standards board” means the teaching and school administration professional standards advisory board.

(ee) “State board” means state board of education.

(ff) “STEM license” means a license that allows an individual to teach only an approved subject in a hiring LEA, as specified in K.A.R. 91-1-203 (m).

(gg) “Subject” means a specific teaching area within a general instructional field.

(hh) “Substitute teaching license” means a license issued to an individual that allows access to practice as a substitute as defined in K.A.R. 91-31-34(b).

(ii) “Teacher education institution” means a college or university that has an accredited administrative unit for the purpose of preparing teachers.

(jj) “Transitional license” means a license that allows an individual to temporarily practice if the individual held a license but does not meet recent credit, recent experience, or renewal requirements to qualify for an initial or professional license.

(kk) “Valid credit” and “credit” mean a semester hour of credit earned in, or validated by, a college or university that is on the accredited list maintained by the state board.

(ll) “Visiting scholar teaching license” means a license that allows an individual who has documented exceptional talent or outstanding distinction in a particular subject area to practice on a temporary, limited basis. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective July 1, 2003; amended July 1, 2003; amended July 18, 2008; amended Aug. 28, 2009; amended Aug. 12, 2011; amended, T-91-6-30-14, June 30, 2014; amended Oct. 24, 2014.)

(C) the licensure fee. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective July 1, 2003; amended July 1, 2003; amended Jan. 2, 2004; amended Aug. 5, 2005; amended Aug. 10, 2007; amended July 18, 2008; amended Aug. 28, 2009; amended Aug. 12, 2011; amended, T-91-6-30-14, June 30, 2014; amended Oct. 24, 2014.)

91-1-204. Licensure of out-of-state and foreign applicants. (a) Despite any other licensure regulation, any person who meets the requirements of this regulation may be issued a license by the state board.

(b) Any applicant for an initial Kansas teaching or school specialist license who holds a valid teaching or school specialist license with one or more full endorsements issued by a state that has

been approved by the state board for exchange licenses may be issued a two-year license, if the applicant's endorsements are based on completion of a state-approved program in that state.

(c)(1) Any person who holds a valid teaching, school leadership, or school specialist license issued by another state may apply for either an initial or a professional license.

(2) To obtain an initial teaching license, each applicant specified in paragraph (c)(1) shall submit the following:

(A) An official transcript verifying the granting of a bachelor's degree;

(B) verification from the unit head or designee of an accredited institution that the applicant has completed a state-approved teacher education program. If the applicant is seeking licensure to teach content in grades 8 through 12, this verification shall not be required if the applicant submits verification of having secured a commitment for hire from a local education agency;

(C) verification of successful completion of a pedagogical assessment prescribed by the state board or evidence of successful completion of a pedagogical assessment in the state in which the applicant holds a license;

(D) verification of successful completion of an endorsement content assessment prescribed by the state board or evidence of successful completion of an endorsement content assessment in the state in which the applicant holds a license;

(E) verification of at least one year of recent accredited experience or at least eight semester hours of recent credit;

(F) an application for a Kansas license; and

(G) the licensure fee.

(3) To obtain a professional teaching license, each applicant specified in paragraph (c)(1) shall submit the following:

(A) An official transcript verifying the granting of a bachelor's degree;

(B) verification from the unit head or designee of an accredited institution that the applicant has completed a state-approved teacher education program. If the applicant is seeking licensure to teach content in grades 8 through 12, this verification shall not be required if the applicant submits verification of having secured a commitment for hire from a local education agency;

(C) a copy of the applicant's currently valid out-of-state standard teaching license;

(D)(i) Evidence of successful completion of pedagogical, content, and performance assess-

ments prescribed by the state board or evidence of successful completion of the three assessments in the state in which the applicant holds the standard license;

(ii) verification of at least three years of recent accredited experience under a standard license; or

(iii) verification of at least five years of accredited experience under a standard license;

(E) verification of at least one year of recent accredited experience or at least eight semester hours of recent credit;

(F) an application for a Kansas license; and

(G) the licensure fee.

(4) To obtain an initial school leadership license, each out-of-state applicant shall submit the following:

(A) An official transcript verifying the granting of a graduate degree;

(B) verification from an accredited institution by the unit head or designee of completion of a graduate-level school leadership program;

(C) if application is made for a district leadership endorsement, verification from an accredited institution by the unit head or designee of completion of an approved building leadership program;

(D) verification of a minimum 3.25 cumulative GPA in graduate leadership program coursework;

(E) verification of successful completion of a school leadership assessment as determined by the state board;

(F) verification of at least one year of recent accredited experience or at least eight semester hours of recent credit;

(G) an application for initial school leadership license;

(H) the licensure fee; and

(I) verification of five years of experience in a state-accredited school while holding a standard teaching license or standard school specialist license and having achieved the professional-level license, a professional clinical license, a leadership license, or a full technical certificate.

(5) To obtain an initial school specialist license, each out-of-state applicant shall submit the following:

(A) An official transcript verifying the granting of a graduate degree;

(B) verification from an accredited institution by the unit head or designee of completion of a graduate-level school specialist program;

(C) verification of a minimum 3.25 cumulative GPA in graduate school specialist program coursework;

(D) if application is made for a library media specialist endorsement, school counselor endorsement, or reading specialist endorsement, a currently valid professional teaching license;

(E) verification of successful completion of a school specialist assessment as determined by the state board;

(F) verification of at least one year of recent accredited experience or at least eight semester hours of recent credit;

(G) an application for an initial school specialist license; and

(H) the licensure fee.

(6) To obtain a professional school leadership license, each out-of-state applicant shall submit the following:

(A) An official transcript verifying the granting of a graduate degree;

(B) verification from an accredited institution by the unit head or designee of completion of a graduate-level school leadership program;

(C) verification of a minimum 3.25 cumulative GPA in graduate leadership program coursework;

(D) verification of at least one year of recent accredited experience or at least eight semester hours of recent credit;

(E) verification of five years of experience in a state-accredited school while holding a standard teaching license or standard school specialist license and having achieved the professional-level license, a professional clinical license, a leadership license, or a full technical education certificate;

(F)(i) Evidence of successful completion of the school leadership assessment and completion in a state-accredited school of the school leadership performance assessment prescribed by the state board or evidence of successful completion of the two assessments in the state in which the applicant holds a standard school leadership license;

(ii) verification of at least three years of recent accredited experience in a school leadership position while holding a standard school leadership license; or

(iii) verification of at least five years of accredited school leadership experience under a standard school leadership license;

(G) an application for the professional school leadership license; and

(H) the licensure fee.

(7) To obtain a professional school specialist license, each out-of-state applicant shall submit the following:

(A) An official transcript verifying the granting of a graduate degree;

(B) verification from an accredited institution by the unit head or designee of completion of a graduate-level specialist program;

(C) verification of a minimum 3.25 cumulative GPA in graduate school specialist program coursework;

(D) verification of at least one year of recent accredited experience or at least eight semester hours of recent credit;

(E) if application is made for a library media specialist endorsement, school counselor endorsement, or reading specialist endorsement, a currently valid professional teaching license;

(F)(i) Evidence of successful completion of the school specialist assessment and completion in a state-accredited school of the school specialist performance assessment prescribed by the state board or evidence of successful completion of the two assessments in the state in which the applicant holds a standard school specialist license;

(ii) verification of at least three years of recent accredited experience in a school specialist position while holding a valid standard school specialist license; or

(iii) verification of at least five years of accredited school specialist experience under a standard school specialist license;

(G) an application for the professional school specialist license; and

(H) the licensure fee.

(8) Any person who holds a valid initial or professional school specialist license as a school counselor in another state where the counselor license is issued without a classroom teaching requirement may apply for an initial or professional school specialist license with endorsement for school counselor.

(A) To obtain an initial school specialist license with endorsement for school counselor, each applicant specified in paragraph (c)(8) shall submit to the state board the following:

(i) An official transcript verifying the granting of a graduate degree;

(ii) verification from an accredited institution by the unit head or designee of completion of a graduate-level school counselor program;

(iii) verification of a minimum 3.25 cumulative GPA on a 4.0 scale in graduate coursework;

(iv) verification of at least one year of recent accredited experience or at least eight semester hours of recent credit; and

(v) evidence of successful completion of the school counselor assessment prescribed by the state board or evidence of successful completion of a school counselor content assessment in the state in which the applicant holds a license.

(B) Each applicant who is issued an initial school specialist license with endorsement for school counselor as specified in paragraph (c)(8)(A) shall upgrade to the professional school specialist license by submitting to the state board verification of successful completion of a supervised internship year while the applicant is employed as a school counselor in a school accredited by the state board or by a national or regional accrediting agency recognized by the state board and while the applicant holds an initial school specialist license. The internship shall be for one full school year or two full semesters and shall be under the supervision of a teacher education institution in collaboration with the hiring local education agency.

(C) To obtain a professional school specialist license with endorsement for school counselor, each applicant specified in paragraph (c)(8) shall submit to the state board verification of all documentation specified in paragraph (c)(8)(A) and one of the following:

(i) Verification of at least three years of recent accredited experience as a school counselor while holding a valid, standard school counselor license;

(ii) verification of successful completion of a supervised internship year while the applicant is employed as a school counselor in a school accredited by the state board or by a national or regional accrediting agency recognized by the state board and while the applicant holds a standard school counselor license. The internship shall be for one full school year or two full semesters and shall be under the supervision of a teacher education institution in collaboration with the hiring local education agency; or

(iii) verification of at least five years of accredited school counselor experience under a standard school counselor license.

(d)(1) Any person who holds a valid professional teaching license in another state and has earned national board certification issued by the national board for professional teaching standards may apply for an accomplished teaching license, which shall be valid for as long as the national board certificate is valid.

(2) To obtain an accomplished teaching license, each applicant specified in paragraph (d)(1) shall submit the following:

(A) Evidence of current national board certification;

(B) verification of a valid professional teaching license issued by another state;

(C) an application for an accomplished teaching license; and

(D) the licensure fee.

(e)(1)(A) Any person who holds a valid license in another state earned through completion of an alternative teacher-education program may apply for an interim alternative license.

(B) Any person who holds a valid license in another state earned through completion of an alternative teacher-education program and who has five or more years of accredited experience earned under a standard license, three years of which are continuous in the same local education agency, may apply for a professional teaching license by meeting the requirements of paragraph (c)(3).

(2) To obtain an interim alternative license, each applicant specified in paragraph (e)(1)(A) shall submit to the state board the following:

(A) An official transcript verifying the granting of a bachelor's degree;

(B) a copy of the applicant's currently valid out-of-state license;

(C) verification of completion of the alternative teacher-education program;

(D) verification of at least one year of recent accredited experience or at least eight semester hours of recent credit;

(E) an application for an interim alternative license; and

(F) the licensure fee.

(3) Each person who holds an interim alternative license shall submit to the commissioner of education, within the first six months of validity of the interim alternative license, a request for review of the application by the licensure review committee.

(A) Upgrading the interim alternative license to the standard initial license shall require verification of the following:

(i) Successful completion of all requirements set by the licensure review committee and approved by the state board; and

(ii) successful completion of a pedagogical assessment prescribed by the state board and successful completion of an endorsement content assessment prescribed by the state board.

(B) Upgrading the interim alternative license to the professional level license shall require verification of the following:

(i) A recommendation from the licensure review committee and approval by the state board with no additional requirements specified; and

(ii) verification that the person meets the requirements of K.A.R. 91-1-204(c)(3)(D).

(f) Any person who has completed an education program from a foreign institution outside of the United States may receive an initial license if, in addition to meeting the requirements for the initial license in K.A.R. 91-1-203, that person submits the following:

(1) An official credential evaluation by a credential evaluator approved by the state board; and

(2) if the person's primary language is not English, verification of passing scores on an English proficiency examination prescribed by the state board. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective July 1, 2003; amended July 1, 2003; amended Aug. 10, 2007; amended July 18, 2008; amended Aug. 28, 2009; amended Aug. 12, 2011; amended, T-91-6-30-14, June 30, 2014; amended Oct. 24, 2014.)

91-1-205. Licensure renewal requirements. (a) Initial licenses.

(1) Any person, within five years of the date the person was first issued an initial license, may apply for renewal of the initial license by submitting an application for renewal of the initial license and the licensure fee.

(2) Any person who does not renew the initial license within five years of the date the initial license was issued may obtain one or more additional initial licenses only by meeting the requirements in S.B.R. 91-1-203 (a). The assessments required by S.B.R. 91-1-203 (a)(1)(C) and 91-1-203 (a)(1)(D) shall have been taken not more than one year before the date of application for the initial license, or the applicant may verify either eight semester hours of recent credit related to one or more endorsements on the initial license or one year of recent accredited experience or may meet the requirements of paragraph (b)(3)(C) or (D) of this regulation.

(3) A person who does not successfully complete the teaching performance assessment during four years of accredited experience under an initial teaching license shall not be issued an additional initial teaching license, unless the person successfully completes the following retraining requirements:

(A) A minimum of 12 semester credit hours with a minimum cumulative GPA of 2.50 on a 4.0

scale, earned through the verifying teacher education institution and addressing the deficiencies related to the teaching performance assessment criteria; and

(B) following completion of the required credit hours, an unpaid internship supervised by the verifying teacher education institution and consisting of at least 12 weeks, with attainment of a grade of "B" or higher.

(4) A person who does not successfully complete the school specialist or school leadership performance assessment during four years of accredited experience shall not be issued an additional initial school specialist or school leadership license, unless the person successfully completes the following retraining requirements:

(A) A minimum of six semester credit hours with a minimum cumulative GPA of 3.25 on a 4.0 scale, earned through the verifying teacher education institution and addressing the deficiencies related to the performance assessment criteria; and

(B) following completion of the required credit hours, an unpaid internship supervised by the verifying teacher education institution and consisting of at least 12 weeks, with attainment of a grade of "B" or higher.

(b) Professional licenses. Any person may renew a professional license by submitting the following to the state board:

(1) An application for renewal;

(2) the licensure fee; and

(3) verification that the person, within the term of the professional license being renewed, meets any of the following requirements:

(A) Has completed all components of the national board for professional teaching standards assessment for board certification;

(B) has been granted national board certification;

(C)(i) Has earned a minimum of 120 professional development points under an approved individual development plan filed with a local professional development council if the applicant holds an advanced degree; or

(ii) has earned a minimum of 160 professional development points under an approved individual development plan filed with a local professional development council, including at least 80 points for college credit, if the applicant does not hold an advanced degree;

(D) has completed a minimum of eight credit hours in an approved program or completed an approved program;

(E) if the person holds an advanced degree, submits to the state board verification of having completed three years of recent accredited experience during the term of the most recent license. Each person specified in this paragraph shall be limited to two renewals; or

(F) if the person is participating in an educational retirement system in Kansas or another state, has completed half of the professional development points specified in paragraph (b)(3)(C).

(c) Accomplished teaching licenses.

(1) Any person may renew an accomplished teaching license by submitting to the state board the following:

(A) Verification of achieving renewal of national board certification since the issuance of the most recent accomplished teaching license;

(B) an application for accomplished teaching license; and

(C) the licensure fee.

(2) If a person fails to renew the national board certificate, the person may apply for a professional license by meeting the renewal requirement for a professional license specified in paragraph (b)(3)(C) or (D).

(d) Substitute teaching license. Any person may renew a substitute teaching license by submitting to the state board the following:

(1) Verification that the person has earned, within the last five years, a minimum of 50 professional development points under an approved individual development plan filed with a local professional development council;

(2) an application for a substitute teaching license; and

(3) the licensure fee.

(e) Provisional teaching endorsement license. An individual may renew a provisional teaching endorsement license one time by submitting to the state board the following:

(1) Verification of completion of at least 50 percent of the deficiency plan;

(2) verification of continued employment and assignment to teach in the provisional endorsement area;

(3) an application for a provisional endorsement teaching license; and

(4) the licensure fee.

(f) Provisional school specialist endorsement license. Any individual may renew a provisional school specialist endorsement license by submitting to the state board the following:

(1) Verification of completion of at least 50 percent of the deficiency plan;

(2) verification of continued employment and assignment as a school specialist;

(3) an application for a provisional school specialist endorsement license; and

(4) the licensure fee.

(g) Any person who fails to renew the professional license may apply for a subsequent professional license by meeting the following requirements:

(1) Submit an application for a license and the licensure fee; and

(2) provide verification of one of the following:

(A) Having met the requirements of paragraph (b)(3); or

(B) having at least three years of recent, out-of-state accredited experience under an initial or professional license.

(3) If a person seeks a professional license based upon recent, out-of-state accredited experience, the person shall be issued the license if verification of the recent experience is provided. The license shall be valid through the remaining validity period of the out-of-state professional license or for five years from the date of issuance, whichever is less. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective July 1, 2003; amended July 1, 2003; amended Aug. 25, 2006; amended July 18, 2008; amended Aug. 28, 2009.)

91-1-208. General requirements. (a) Application procedures. Application for each license, renewal, or duplicate license shall be made by the person seeking the license. Each application shall be submitted on a form provided by the state department of education. The form shall be filled out completely, including all names under which the applicant has been known. The application shall be submitted by mail or in person, with the correct fee and, when required, official documentation to the certification section of the state department of education.

(b) Child abuse and neglect central registry. Each application shall include a completed child abuse and neglect central registry release.

(c) Renewal period. Any license may be renewed up to six months before its expiration date.

(d) License registration. Each teacher or other licensed person employed in a public school shall file a valid license in the office of the superintendent of the district in which the person is employed. (Authorized by and implementing Article

6, Section 2(a) of the Kansas Constitution; effective July 1, 2003; amended July 7, 2017.)

91-1-209. Additional endorsements. (a)

Any person who holds a currently valid teaching, school service, or school leadership license may add additional endorsements to that license by submitting to the state board the following:

(1) Verification from an accredited institution by a unit head or designee of completion of an approved content area program;

(2) verification of successful completion of the appropriate endorsement content assessment prescribed by the state board;

(3) an application for an added endorsement; and

(4) the application fee.

(b)(1) Any person who holds a currently valid teaching license with a science endorsement at the early adolescence through late adolescence and adulthood level may add an additional science endorsement for that level by submitting to the state board the following:

(A) Verification of successful completion of the appropriate science endorsement content assessment prescribed by the state board;

(B) an application for an added endorsement; and

(C) the application fee.

(2) This subsection shall remain in force and effect only through June 30, 2012.

(c)(1) Any person who holds a currently valid teaching license at any level may add a content area endorsement for the late childhood through early adolescence level by submitting to the state board the following:

(A) Verification from an accredited institution by a unit head or designee of completion of 15 semester credit hours in the content area for which endorsement is sought;

(B) verification of one of the following:

(i) A pedagogy course for the late childhood through early adolescence level; or

(ii) recent accredited experience of one year or more in one of the grades 5 through 8;

(C) verification of successful completion of the appropriate content assessment prescribed by the state board;

(D) an application for an added endorsement; and

(E) the application fee.

(2) Teaching endorsements for adaptive, functional, gifted, deaf or hard-of-hearing, and visu-

ally impaired shall not be available under this subsection.

(3) This subsection shall remain in force and effect only through June 30, 2012.

(d)(1) Any person who holds a currently valid teaching license with a content area endorsement at the early adolescence through late adolescence and adulthood level may add an additional content area endorsement for that level by submitting to the state board the following:

(A) Verification from an accredited institution by a unit head or designee of completion of 50 percent or more of an approved content area program, including the content methods course;

(B) verification of successful completion of the appropriate endorsement content assessment prescribed by the state board;

(C) an application for an added endorsement; and

(D) the application fee.

(2) Any person who holds a currently valid teaching license with a content area endorsement at the late childhood through early adolescence level may add the same content area endorsement at the early adolescence through late adolescence and adulthood level by submitting to the state board verification of meeting the requirements specified in paragraph (d)(1).

(3) Teaching endorsements for adaptive, functional, gifted, deaf or hard-of-hearing, and visually impaired shall not be available under this subsection.

(4) This subsection shall remain in force and effect only through June 30, 2012.

(e) (1) Any person who holds a valid out-of-state teaching license with an additional endorsement that was earned by completion of coursework specified by the other state may add that endorsement to the person's Kansas license by submitting to the state board the following:

(A) A copy of the out-of-state license showing the endorsement;

(B) verification that the person completed the specified coursework;

(C) verification of successful completion of the appropriate endorsement content assessment prescribed by the state board or evidence of successful completion of an endorsement content assessment in the state in which the applicant holds a license;

(D) an application for an added endorsement; and

(E) the licensure fee.

(2) This subsection shall remain in force and effect only through June 30, 2012.

(f)(1) Except as prescribed in paragraph (f)(2), any person who holds a valid teaching license may add an additional teaching endorsement by submitting to the state board the following:

(A) Verification of successful completion of the endorsement content assessment prescribed by the state board;

(B) an application for an added endorsement; and

(C) the application fee.

(2) Teaching endorsements for early childhood, early childhood unified, early childhood through late childhood generalist, adaptive, functional, gifted, deaf or hard-of-hearing, or visually impaired shall not be available under paragraph (f)(1). (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective July 1, 2003; amended Aug. 10, 2007; amended July 18, 2008; amended July 27, 2012.)

91-1-214. Criminal history records check.

(a) Each person submitting any of the following shall also submit, at the time of the application, a complete set of legible fingerprints of the person taken by a qualified law enforcement agency or properly trained school personnel:

(1) An initial application for a Kansas certificate or license;

(2) an application for renewal of an expired Kansas certificate or license; or

(3) an application for renewal of a valid Kansas certificate or license, if the person has never submitted fingerprints as part of any previous application for a Kansas certificate or license issued by the state board.

Fingerprints submitted pursuant to this regulation shall be released by the Kansas state department of education to the Kansas bureau of investigation for the purpose of conducting criminal history records checks, utilizing the files and records of the Kansas bureau of investigation and the federal bureau of investigation. A list of those applicants who are required to submit fingerprints at the time of license or certificate renewal shall be maintained by the Kansas state department of education.

(b) Each applicant shall pay the appropriate fee for the criminal history records check, to be determined on an annual basis.

(c) In addition to any other requirements established by regulation for the issuance of any cer-

tificate or license specified in subsection (a), the submittal of fingerprints shall be a prerequisite to the issuance of any certificate or license by the state board. A person submitting an application who does not comply with this regulation shall not be issued a certificate or license. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Sept. 13, 2002; amended Oct. 31, 2014.)

91-1-216. Procedures for promulgation of in-service education plans; approval by state board; area professional development centers' in-service programs. (a) An in-service education plan to be offered by one or more educational agencies may be designed and implemented by the board of education or other governing body of an educational agency, or the governing bodies of any two or more educational agencies, with the advice of representatives of the licensed personnel who will be affected.

(b) Procedures for development of an in-service plan shall include the following:

(1) Establishment of a professional development council;

(2) an assessment of in-service needs;

(3) identification of goals and objectives;

(4) identification of activities; and

(5) evaluative criteria.

(c) Based upon information developed under subsection (b), the educational agency shall prepare a proposed in-service plan. The proposed plan shall be submitted to the state board by August 1 of the school year in which the plan is to become effective.

(d) The plan shall be approved, approved with modifications, or disapproved by the state board. The educational agency shall be notified of the decision by the state board within a semester of submission of the plan.

(e) An approved plan may be amended at any time by following the procedures specified in this regulation.

(f) Each area professional development center providing in-service education for licensure renewal shall provide the in-service education through a local school district, an accredited non-public school, an institution of postsecondary education, or an educational agency that has a state-approved in-service education plan. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective July 1, 2003; amended Aug. 28, 2009.)

91-1-220. Career and technical education certificate. (a) Any individual may apply for a restricted career and technical education certificate, a full career and technical education certificate, a career and technical education endorsement certificate, or a career and technical education specialized certificate.

(b)(1) Each restricted career and technical education certificate shall be valid for two years from the date of issuance and shall be valid for instruction in grades 8 through 12.

(2) Each restricted career and technical education certificate shall be valid for providing instruction in career and technical education pathways for agriculture, food, and natural resources; architecture and construction; arts, audio-video technology, and communications; business management and administration; finance; health science; hospitality and tourism; human services; information technology; law, public safety, and security; manufacturing; marketing; science, technology, engineering, and mathematics (STEM); and transportation, distribution, and logistics.

(c) Each applicant for a restricted career and technical education certificate shall submit the following to the state board:

(1) Verification that a local education agency will employ the applicant in a career and technical education pathway if the certificate is issued;

(2) verification of at least 4,000 hours of occupational work experience in the career and technical education content area in which the certificate is sought;

(3) documentation of the following:

(A) Verification of occupational competency in the career and technical education content area. Verification shall be dependent upon the content area and may include any of the following:

(i) Successful completion of any recognized competency exam;

(ii) having a valid, appropriate occupational license in programs for which a license is required;

(iii) holding the appropriate educational degree; or

(iv) having a valid, industry-recognized credential;

(B) a written plan to qualify for full certification during the four-year period immediately following issuance of the initial restricted career and technical education certificate. The plan shall be based upon completion of the requirements of a professional education program for a full career and technical education certificate;

(C) verification from the employing local education agency that the agency has assigned a certified or licensed teacher with at least three years of experience to serve as a mentor for the applicant; and

(D) verification from the employing local education agency that the applicant has completed a supervised practical training experience that addresses, at a minimum, lesson plan development, teaching methodologies, student assessment, and classroom management;

(4) an application for a restricted career and technical education certificate; and

(5) the certificate fee.

(d) Any individual may renew a restricted career and technical education certificate one time. Each applicant for renewal shall submit the following to the state board:

(1) Verification of completion of at least 50 percent of the applicant's plan of study;

(2) verification of continued employment in the career and technical education pathway;

(3) an application for a restricted career and technical education certificate; and

(4) the certificate fee.

(e) To qualify for a full career and technical education certificate, each individual holding a restricted career and technical education certificate shall meet the requirements for a full career and technical education certificate during the period of validity of the individual's restricted certification.

(f)(1) Each full career and technical education certificate shall be valid for five years from the date of issuance and shall be valid for instruction in grades 8 through 12.

(2) Each full career and technical education certificate shall be valid for instruction in career and technical education pathways for agriculture, food, and natural resources; architecture and construction; arts, audio-video technology, and communications; business management and administration; finance; health science; hospitality and tourism; human services; information technology; law, public safety, and security; manufacturing; marketing; science, technology, engineering, and mathematics (STEM); and transportation, distribution, and logistics.

(3) Each applicant for a full career and technical education certificate shall submit the following to the state board:

(A) An application for a full career and technical education certificate and the appropriate fee;

(B) documentation of successful completion of the professional education program for career and technical education certification as specified in subsection (g);

(C) verification of successful completion of a pedagogical assessment as determined by the state board;

(D) verification of successful completion of two years of teaching experience in a career and technical education pathway; and

(E) verification of professional learning opportunities related to the content area during each year of the restricted certificate period.

(g) Each applicant for a full career and technical education certificate shall have successfully completed an approved professional education program delivered through an institution of higher education or an approved professional learning program provider. At a minimum, each approved professional education program shall provide the competencies specified in the professional education standards adopted by the state board in each of the following areas:

(1) The learner and learning: learner development, learning differences, and learning environments;

(2) content: content knowledge and application of content;

(3) instructional practice: assessment, planning for instruction, and instructional strategies; and

(4) professional responsibility: professional learning, ethical practice, leadership, and collaboration.

(h) Any person may renew a full career and technical education certificate by submitting the following to the state board:

(1) An application for renewal and the required fee; and

(2)(A) Verification that the person, within the term of the current full career and technical education certificate, has earned at least 160 professional development points under an approved individual development plan filed with a local professional development council. The individual development plan shall include professional learning opportunities related to the content area during each year of the duration of the certificate; or

(B) if the applicant holds an advanced degree, verification that the person, within the term of the current full career and technical education certificate, has earned at least 120 professional development points under an approved individual development plan filed with a local professional

development council. The individual development plan shall include professional learning opportunities related to the content area during each year of the duration of the certificate.

(i) Any person whose full career and technical education certificate has expired may apply for a transitional career and technical education certificate by submitting to the state board the following:

(1) An application for a transitional certificate; and

(2) the certification fee.

(j) Any person may upgrade a transitional career and technical education certificate to a full career and technical education certificate by submitting to the state board verification of meeting the renewal requirements in paragraph (h)(2).

(k) Any person who holds a valid teaching license or a full career and technical education endorsement certification by submitting to the state board the following:

(1) An application for a career and technical education endorsement certification;

(2) verification of occupational competency in the career and technical education content area. Verification shall be dependent upon the content area and may include any of the following:

(A) Successful completion of any recognized competency exam;

(B) having a valid, appropriate occupational license in programs for which a license is required; or

(C) having a valid, industry-recognized credential; and

(3) the certification fee.

(l) A career and technical education specialized certificate may be issued to allow an individual with appropriate occupational knowledge, skills, and experience to instruct in a career and technical education pathway assignment.

(1) Each career and technical education specialized certificate shall be valid for three school years. Each certificate shall be valid only for the endorsed career and technical education area for grades 8 through 12 and only for the local education agency identified on the certificate.

(2) To obtain a career and technical education specialized certificate, each applicant shall submit to the state board the following:

(A) A written request for issuance from a local education agency that authorizes the applicant to teach each identified course;

(B)(i) Verification of an industry-recognized certificate in the technical profession and verification of at least five years of full-time work experience in the technical profession for which the industry-recognized certificate is held; or

(ii) verification of the applicant's occupational competency in the career and technical content area. Verification shall be dependent upon the content area and may include any of the following: successful completion of any recognized competency exam; having a valid, appropriate occupational license in programs for which a license is required; holding the appropriate educational degree; having an industry-recognized credential; or having 4,000 hours of occupational work experience related to the endorsed career and technical education area;

(C) an application for a career and technical education specialized certificate; and

(D) the certification fee.

(3) The career and technical education specialized certificate issued to each individual meeting the requirements of paragraph (l)(2) shall allow the individual to instruct in a career and technical education pathway up to a .5 FTE assignment.

(4) Any person may renew a career and technical education specialized certificate by submitting the following to the state board:

(A) An application for renewal;

(B) the certification fee; and

(C) a written request for issuance by the local education agency authorizing the applicant to continue to teach each identified course. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Aug. 5, 2005; amended July 18, 2008; amended, T-91-6-30-14, June 30, 2014; amended Oct. 24, 2014.)

91-1-221. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Aug. 5, 2005; amended July 18, 2008; revoked July 7, 2017.)

91-1-230. Institutional accreditation and program approval definitions. (a) "Academic year" means July 1 through the following June 30.

(b) "Annual report" means a document that an institution submits to the commissioner on a yearly basis in which the information specified by the commissioner concerning unit standards and operations, programs offered by the unit, and statistical data is presented.

(c) "Approved," when used to describe a teacher education program, means that the program

meets the program standards prescribed in regulations adopted by the state board.

(d) “Approved with stipulation,” when used to describe a teacher education program, means that the program has deficiencies in meeting the program standards prescribed in regulations adopted by the state board that the institution shall correct before being approved.

(e) “Commissioner” means the state commissioner of education or the commissioner’s designee.

(f) “Evaluation review committee” means the standing committee of the teaching and school administration professional standards board, or its successor, that is responsible for making accreditation and program approval recommendations to the state board.

(g) “Focused visit” means the on-site visit to a teacher education institution that has limited accreditation or accreditation with conditions by the state board and is seeking full accreditation.

(h) “Full accreditation” means the status assigned to a teacher education institution that is determined through a focused visit to meet substantially the accreditation standards adopted by the state board.

(i) “Initial visit” means the first on-site visit to a teacher education institution that is seeking accreditation for the first time from the state board.

(j) “Institutional candidate” means the designation assigned to an institution that is seeking accreditation for the first time and that has met the accreditation preconditions specified by the state board.

(k) “Institutional candidate visit” means an on-site visit that takes place following the designation of institutional candidate status to a teacher education institution.

(l) “Institutional report” means a document that describes how a teacher education institution meets the accreditation standards adopted by the state board.

(m) “Limited accreditation” means the status assigned to a teacher education institution that is determined through an initial visit to meet substantially the accreditation standards adopted by the state board.

(n) “Not approved,” when used to describe a teacher education program, means that the program fails substantially to meet program standards adopted by the state board.

(o) “Program report” means a written document that describes coursework, assessment instruments, and performance criteria used in a

program to achieve the program standards established by the state board.

(p) “Progress report” means a written document that addresses the stipulations that are noted if a new program is approved with stipulation.

(q) “Review team” means a group of persons appointed by the commissioner to review and analyze reports from teacher education institutions and prepare reports based upon the review and analysis.

(r) “State board” means the state board of education.

(s) “Student teaching” means preservice clinical practice for individuals preparing to become teachers.

(t) “Teacher education institution” and “institution” mean a college or university that offers at least a four-year course of study in higher education and maintains a unit offering teacher education programs.

(u) “Teacher education program” and “program” mean an organized set of learning activities designed to provide prospective school personnel with the knowledge, competencies, and skills to perform successfully in a specified educational position.

(v) “Upgrade report” means a written document that addresses the stipulations noted if an existing program is approved with stipulation. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Aug. 6, 2004; amended Aug. 12, 2011.)

91-1-231. Procedures for initial accreditation of teacher education institutions.

(a) Statement of intent. Each teacher education institution that desires accreditation by the state board shall submit a written statement of its intent to seek accreditation to the commissioner at least 24 months before the institution desires to have its initial visit. Upon receipt of this statement, the initial visit shall be scheduled by the commissioner.

(b) Preconditions.

(1) At least three semesters before the initial visit, the teacher education institution shall submit to the commissioner a preconditions report addressing each of the preconditions specified by the state board.

(2) Upon receipt of a preconditions report, the report shall be referred by the commissioner to the appropriate committee of the standards board. The committee shall review the report and determine whether all of the preconditions have been met.

(3) If all of the preconditions have been met, the committee shall recommend to the commissioner that the institution be designated an institutional candidate.

(4) If the committee determines that the preconditions have not been met, the committee shall notify the institution of the committee's determination and shall advise the institution that it may submit, within 30 days of the notice, additional or revised documentation for consideration by the committee.

(5) If additional or revised documentation is submitted, the committee shall review the documentation and make a final recommendation to the commissioner.

(6) The final determination of whether the preconditions are met shall be made by the commissioner. If the preconditions are met, the institution shall be designated as an institutional candidate.

(c) Institutional candidate visit. Following designation as an institutional candidate, an institutional candidate visit shall be scheduled by the commissioner. If it is determined, based upon the institutional candidate visit, that an institution has the ability to meet the requirements of a teacher education institution, the institution may submit programs for approval and proceed with a self-study and institutional report.

(d) Limited accreditation.

(1) To attain the status of limited accreditation, an institution shall schedule an initial visit for the institution with the commissioner and submit an institutional report that shall be in the form and shall contain the information prescribed by the commissioner. The institutional report shall be submitted at least 60 days before the date of the initial visit scheduled for the institution.

(2) After the initial visit, the institution shall be either granted limited accreditation or denied accreditation following the procedure set forth in K.A.R. 91-1-232.

(3) Each institution shall retain the status of limited accreditation for three academic years, unless the status is changed by the state board.

(4) For licensing purposes, each institution that is granted limited accreditation shall be deemed to have full accreditation.

(e) Full accreditation.

(1) (A) Any institution that has been granted limited accreditation from the state board may apply for full accreditation by scheduling a focused visit of the institution with the commissioner and submitting an institutional report that shall be in

the form and shall contain the information prescribed by the commissioner.

(B) Each institution shall schedule the focused visit to be completed at least one year before the institution's limited accreditation expires.

(C) Each institution shall submit its institutional report at least 60 days before the date of the focused visit to the institution.

(D) After the focused visit, the institution shall be either granted full accreditation or denied accreditation following the procedures set forth in K.A.R. 91-1-232.

(2) Subject to subsequent action by the state board, the full accreditation of any teacher education institution shall be effective for seven academic years. However, each teacher education institution granted full accreditation by the state board shall submit an annual report to the commissioner on or before July 30 of each year.

(f) Renewal of accreditation. Any institution may request renewal of its accreditation status by following the procedures specified in K.A.R. 91-1-70a.

(g) Change of accreditation status.

(1) The accreditation status of any teacher education institution may be changed or revoked by the state board if, after providing an opportunity for a hearing, the state board finds that the institution has failed to meet substantially the accreditation standards adopted by the state board, that the institution has made substantial changes to the unit, or that other just cause exists.

(2) The duration of the accreditation status of an institution may be extended by the state board.

(3)(A) If limited or full accreditation of an institution is denied or revoked, the institution shall not admit any new students into its teacher education unit.

(B) The institution may recommend for licensure only those students who complete their programs by the end of the semester in which the accreditation denial or revocation occurs. The institution shall provide written notice to all other students in its teacher education unit at the time of accreditation denial or revocation that the institution is no longer authorized to recommend students for licensure. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Aug. 6, 2004; amended Aug. 12, 2011.)

91-1-232. On-site visits; recommendation; appeal. (a) On-site visits.

(1) After the scheduling of an initial visit, a continuing accreditation visit, or a focused visit, an on-site review team shall be appointed by the commissioner. The team shall be appointed at least one year before the date of the visit. The chairperson of the on-site review team and the number of on-site review team members shall be designated by the commissioner. An institution may challenge the appointment of a team member only on the basis of a conflict of interest.

(2) In accordance with procedures adopted by the state board, each on-site review team shall examine and analyze the institutional report, review electronic exhibits, conduct an on-site review of the teacher education institution, and prepare reports expressing the findings and conclusions of the review team. The review team reports shall be submitted to the commissioner. The reports shall be forwarded by the commissioner to the evaluation review committee and to an appropriate representative of the teacher education institution.

(3) Any institution may prepare a written response to a review team report. Each response shall be prepared and submitted to the commissioner within a designated time frame following receipt of a review team's report. Each response shall be forwarded by the commissioner to the evaluation review committee.

(b) Recommendation and appeal.

(1) The evaluation review committee, in accordance with procedures adopted by the state board, shall prepare a written initial recommendation regarding the appropriate accreditation status to be assigned to the teacher education institution, which shall include a statement of the findings and conclusions of the evaluation review committee. The recommendation shall be submitted to an appropriate representative of the teacher education institution and to the commissioner.

(2) Within 30 days of the receipt of an initial recommendation of the evaluation review committee, the teacher education institution may submit a written request to the commissioner for a hearing before the evaluation review committee to appeal the initial recommendation. This request shall specify, in detail, the basis for the appeal, including an identification of each item disputed by the institution.

(3) If a request for a hearing is submitted according to paragraph (b)(2), the evaluation review committee shall conduct a hearing. The committee shall then prepare a written final recommendation regarding the appropriate status to

be assigned to the teacher education institution, which shall include a statement of the findings and conclusions of the evaluation review committee. The recommendation shall be submitted to an appropriate representative of the teacher education institution and to the commissioner. The final recommendation shall be submitted by the commissioner to the state board for its consideration and determination.

(4) If a request for a hearing is not submitted within the time allowed under paragraph (2) of this subsection, the initial recommendation of the evaluation review committee shall become the final recommendation of the review committee. The committee's final recommendation shall be submitted by the commissioner to the state board for its consideration and determination. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Aug. 6, 2004; amended Aug. 12, 2011.)

91-1-235. Procedures for initial approval of teacher education programs. (a) Application.

(1) Each teacher education institution that desires to have any new program approved by the state board shall submit an application for program approval to the commissioner. The application shall be submitted at least 12 months before the date of implementation.

(2) Each institution shall submit with its application a program report containing a detailed description of each proposed program, including program coursework based on standards approved by the state board, and the performance-based assessment system that will be utilized to collect performance data on candidates' knowledge and skills. Each program report shall be in the form and shall contain the information prescribed by the commissioner. The program report shall include confirmation that the candidates in the program will be required to complete the following successfully:

(A) Coursework that constitutes a major in the subject at the institution or that is equivalent to a major;

(B) at least 12 weeks of student teaching; and

(C) a validated preservice candidate work sample.

(b) Review team. Upon receipt of a program report, a review team shall be appointed by the commissioner to analyze the program report. The chairperson of the review team shall be designat-

ed by the commissioner. The number of review team members shall be determined by the commissioner, based upon the scope of the program to be reviewed.

Any institution may challenge the appointment of a review team member. The institution's challenge shall be submitted in writing and received by the commissioner no later than 30 days after the notification of review team appointments is sent to the institution. Each challenge to the appointment of a review team member shall be only on the basis of a conflict of interest.

(c) Program review process.

(1) In accordance with procedures adopted by the state board, a review team shall examine and analyze the proposed program report and shall prepare a report expressing the findings and conclusions of the review team. The review team's report shall be submitted to the commissioner. The report shall be forwarded by the commissioner to an appropriate representative designated by the teacher education institution.

(2) Any institution may prepare a response to the review team's report. This response shall be prepared and submitted to the commissioner no later than 45 days of receipt of the review team's report. Receipt of the review team's report shall be presumed to occur three days after mailing. The review team's report, any response by the institution, and any other supporting documentation shall be forwarded to the evaluation review committee by the commissioner.

(d) Initial recommendation. The evaluation review committee, in accordance with procedures adopted by the state board, shall prepare a written initial recommendation regarding the appropriate status to be assigned to the proposed program, which shall include a statement of the findings and conclusions of the evaluation review committee. The recommendation shall be submitted to an appropriate representative designated by the teacher education institution and to the commissioner.

(e) Request for hearing.

(1) Within 30 days of receipt of an initial recommendation of the evaluation review committee, the teacher education institution may submit a written request by certified mail to the evaluation review committee for a hearing before the committee to appeal the initial recommendation. Receipt of the initial recommendation of the evaluation review committee shall be presumed to occur three days after mailing. This request shall specify, in detail, the basis for the appeal, includ-

ing an identification of each item disputed by the institution.

(2) If a request for a hearing is submitted, the evaluation review committee shall conduct a hearing. The committee shall then prepare a written final recommendation regarding the appropriate status to be assigned to the proposed program, which shall include a statement of the findings and conclusions of the evaluation review committee. The final recommendation shall be submitted to an appropriate representative designated by the teacher education institution and to the commissioner. The final recommendation shall be submitted by the commissioner to the state board for its consideration and determination.

(3) If a request for a hearing is not submitted by certified mail within the time allowed under paragraph (e)(1), the initial recommendation of the evaluation review committee shall become the final recommendation of the review committee. The committee's final recommendation shall be submitted by the commissioner to the state board for its consideration and determination.

(f) Approval status. Each new program shall be approved with stipulation or not approved.

(g) Annual report.

(1) If a new program is approved with stipulation, the institution shall submit a progress report to the commissioner within 60 days after completion of the second semester of operation of the program and thereafter in each of the institution's annual reports that are due on or before July 30.

(2) Each progress report shall be submitted by the commissioner to the evaluation review committee for its examination and analysis. Following review of the progress report, the evaluation review committee may remove any areas for improvement and change the status to approved until the institution's next program review.

(h) Change of approval status.

(1) At any time, the approval status of a teacher education program may be changed by the state board if, after providing an opportunity for a hearing, the state board finds that the institution either has failed to meet substantially the program standards or has materially changed the program. For just cause, the duration of the approval status of a program may be extended by the state board. The duration of the current approval status of a program shall be extended automatically if the program is in the process of being reevaluated by the state board. This extension shall be counted as part of any subsequent approval period of a program.

(2) At the time of an institution's next on-site visit, the new program shall be reviewed pursuant to K.A.R. 91-1-236.

(3) For licensure purposes, each teacher education program that is approved with stipulation shall be considered to be approved. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Aug. 6, 2004; amended Aug. 12, 2011; amended July 7, 2017.)

91-1-236. Procedures for renewing approval of teacher education program. (a) Application for program renewal.

(1) Each teacher education institution that desires to have the state board renew the approval status of one or more of its teacher education programs shall submit to the commissioner an application for program renewal. The application shall be submitted at least 12 months before the expiration of the current approval period of the program or programs.

(2) Each institution shall also submit a program report, which shall be in the form and shall contain the information prescribed by the commissioner. The program report shall be submitted at least six months before the expiration of the current approval period of the program or programs. The program report shall include confirmation that the candidates in the program will be required to complete the following:

(A) Coursework that constitutes a major in the subject at the institution or that is equivalent to a major; and

(B) at least 12 weeks of student teaching.

(b) Review team. Upon receipt of a complete program report, a review team shall be appointed by the commissioner to analyze the program report. The chairperson of the review team shall be designated by the commissioner. The number of review team members shall be determined by the commissioner, based upon the scope of the program or programs to be reviewed. An institution may challenge the appointment of a review team member only on the basis of a conflict of interest.

(c) Program review process.

(1) In accordance with procedures adopted by the state board, each review team shall examine and analyze the program report and prepare a review report expressing the findings and conclusions of the review team. The review team's report shall be submitted to the commissioner. The report shall be forwarded by the commissioner to an appropriate representative of the teacher education institution.

(2) Any institution may prepare a written response to the review team's report. Each response shall be prepared and submitted to the commissioner within 45 days of receipt of the review team's report. The review team's report, any response filed by the institution, and any other supporting documentation shall be forwarded by the commissioner to the evaluation review committee.

(d) Initial recommendation. The evaluation review committee, in accordance with procedures adopted by the state board, shall prepare a written initial recommendation regarding the appropriate status to be assigned to the program or programs, which shall include a statement of the findings and conclusions of the evaluation review committee. The recommendation shall be submitted to an appropriate representative of the teacher education institution and to the commissioner.

(e) Request for hearing.

(1) Within 30 days of the receipt of an initial recommendation of the evaluation review committee, the teacher education institution may submit a written request to the commissioner for a hearing before the evaluation review committee to appeal the initial recommendation of the committee. This request shall specify, in detail, the basis for the appeal, including an identification of each item disputed by the institution.

(2) If a request for a hearing is submitted, the evaluation review committee shall conduct a hearing. The committee shall then prepare a written final recommendation regarding the appropriate status to be assigned to the program or programs, which shall include a statement of the findings and conclusions of the evaluation review committee. The final recommendation shall be submitted to an appropriate representative of the teacher education institution and to the commissioner. The final recommendation shall be submitted by the commissioner to the state board for its consideration and determination of program approval status according to paragraph (f)(1).

(3) If a request for a hearing is not submitted within the time allowed under paragraph (1) of this subsection, the initial recommendation of the evaluation review committee shall become the final recommendation of the review committee. The committee's final recommendation shall be submitted by the commissioner to the state board for its consideration and determination.

(f) Approval status.

(1) The status assigned to any teacher education

program specified in this regulation shall be approved, approved with stipulation, or not approved.

(2) Subject to subsequent action by the state board, the assignment of approved status to a teacher education program shall be effective for seven academic years. However, the state board, at any time, may change the approval status of a program if, after providing an opportunity for a hearing, the state board finds that the institution either has failed to meet substantially the program standards adopted by the state board or has made a material change in a program. For just cause, the duration of the approval status of a program may be extended by the state board. The duration of the approval status of a program shall be extended automatically if the program is in the process of being reevaluated by the state board.

(3)(A) If a program is approved with stipulation, that status shall be effective for the period of time specified by the state board, which shall not exceed seven years.

(B) If any program of a teacher education institution is approved with stipulation, the institution shall include in an upgrade report to the commissioner the steps that the institution has taken and the progress that the institution has made during the previous academic year to address the deficiencies that were identified in the initial program review.

(C) The upgrade report shall be submitted by the commissioner to the evaluation review committee for its examination and analysis. After this examination and analysis, the evaluation review committee shall prepare a written recommendation regarding the status to be assigned to the teacher education program for the succeeding academic years. The recommendation shall include a statement of the findings and conclusions of the evaluation review committee. The recommendation shall be submitted to an appropriate representative of the teacher education institution and to the commissioner. If the institution does not agree with this recommendation, the institution may request a hearing according to the provisions in subsection (e).

(D) For licensure purposes, each teacher education program that is approved with stipulation shall be considered to be approved.

(4) Students shall be allowed two full, consecutive, regular semesters following the notification of final action by the state board to complete a program that is not approved. Summers and interterms shall not be counted as part of the two reg-

ular semesters. Students who finish within these two regular semesters may be recommended for licensure by the college or university. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Aug. 6, 2004; amended Aug. 12, 2011.)

Article 31.—ACCREDITATION

91-31-32. Performance and quality criteria. (a) Each school shall be assigned its accreditation status based upon the extent to which the school has met the performance and quality criteria established by the state board in this regulation.

(b) The performance criteria shall be as follows:

(1) Except as provided in subsection (d), having met the percentage prescribed by the state board of students performing at or above the proficient level on state assessments or having increased overall student achievement by a percentage prescribed by the state board;

(2) having 95% or more of all students and 95% or more of each student subgroup take the state assessments;

(3) having an attendance rate equal to or greater than that prescribed by the state board; and

(4) for high schools, having a graduation rate equal to or greater than that prescribed by the state board.

(c) The quality criteria shall consist of the following quality measures, which shall be required to be in place at each school:

(1) A school improvement plan that includes a results-based staff development plan;

(2) an external technical assistance team;

(3) locally determined assessments that are aligned with the state standards;

(4) formal training for teachers regarding the state assessments and curriculum standards;

(5) 100% of the teachers assigned to teach in those areas assessed by the state or described as core academic subjects by the United States department of education, and 95% or more of all other faculty, fully certified for the positions they hold;

(6) policies that meet the requirements of S.B.R. 91-31-34;

(7) local graduation requirements that include at least those requirements imposed by the state board;

(8) curricula that allow each student to meet the regent's qualified admissions requirements and the state scholarship program;

(9) programs and services to support student learning and growth at both the elementary and secondary levels, including the following:

- (A) Computer literacy;
- (B) counseling services;
- (C) fine arts;
- (D) language arts;
- (E) library services;
- (F) mathematics;
- (G) physical education, which shall include instruction in health and human sexuality;
- (H) science;
- (I) services for students with special learning needs; and

(J) history, government, and celebrate freedom week. Each local board of education shall include the following in its history and government curriculum:

(i) Within one of the grades seven through 12, a course of instruction in Kansas history and government. The course of instruction shall be offered for at least nine consecutive weeks. The local board of education shall waive this requirement for any student who transfers into the district at a grade level above that in which the course is taught; and

(ii) for grades kindergarten through eight, instruction concerning the original intent, meaning, and importance of the declaration of independence and the United States constitution, including the bill of rights, in their historical contexts, pursuant to K.S.A. 2015 Supp. 72-1130 and amendments thereto. The study of the declaration of independence shall include the study of the relationship of the ideas expressed in that document to subsequent American history;

(10) programs and services to support student learning and growth at the secondary level, including the following:

- (A) Business;
- (B) family and consumer science;
- (C) foreign language; and
- (D) industrial and technical education;
- (11) local policies ensuring compliance with other accreditation regulations and state education laws; and

(12) programs for all school staff regarding suicide awareness and prevention. Each local board of education shall include the following in its suicide awareness and prevention programs:

(A) At least one hour of training each calendar year based on programs approved by the state board of education. The training requirement

may be met through independent self-review of suicide prevention training material; and

(B) a building crisis plan developed for each school building. The building crisis plan shall include the following:

- (i) Steps for recognizing suicide ideation;
- (ii) appropriate methods of intervention; and
- (iii) a crisis recovery plan.

(d) If the grade configuration of a school does not include any of the grades included in the state assessment program, the school shall use an assessment that is aligned with the state standards. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution and K.S.A. 2015 Supp. 72-1130; effective July 1, 2005; amended Jan. 10, 2014; amended Dec. 9, 2016.)

Article 38.—SCHOOL BUS TRANSPORTATION

91-38-1. Definitions. (a) “Activity bus” means any bus utilized by a governing body only to transport students to and from school activities as authorized by K.S.A. 72-8301 (c)(3), and amendments thereto. An activity bus may be a color other than school bus yellow.

(b) “Bus” means any motor vehicle that is designed for transporting more than 10 passengers in addition to the driver.

(c) “Driver-trainer” means any person who is assigned by a transportation supervisor to provide instruction and training to other school transportation providers, including knowledge of vehicles used to provide student transportation, safe driving practices, emergency procedures, and passenger control. The driver-trainer shall maintain current licensure to operate the largest vehicle about which the driver-trainer is to provide instruction and shall have experience as a school bus driver.

(d) “Governing body” means the local board of education or other entity having authority over a school district.

(e) “Multipurpose passenger vehicle” means a motor vehicle, as defined in K.S.A. 8-126 and amendments thereto, that is designed to transport 10 or fewer persons, in addition to the driver, and that is constructed on a truck chassis.

(f) “School bus” means school bus as defined in K.S.A. 72-8301, and amendments thereto. A school bus may be owned by a school district, a private school, or a private company. The term shall include any van or other vehicle rated by the manufacturer, or having a door label, as a bus.

(g) “School bus driver” means any person employed by a school district or school bus contractor to drive a school bus or activity bus.

(h) “School district” means any unified school district or private school.

(i) “School passenger vehicle” means any passenger car or multipurpose passenger vehicle that is owned or leased by a school district or private individual and is used regularly to provide student transportation on behalf of a school district.

(j) “School passenger vehicle driver” means any person employed by a school district primarily to provide transportation for students in a school passenger vehicle.

(k) “School transportation provider” means either a school bus driver or a school passenger vehicle driver.

(l) “School vehicle” means any activity bus, school bus, or school passenger vehicle.

(m) “Short-term leased vehicle” means any school vehicle that is leased by a school district for a period of 30 or fewer days.

(n) “Substitute driver” means any person who is not assigned to a regular route but is employed to serve as a school transportation provider when necessary due to driver absences or emergencies.

(o) “Transportation supervisor” means a person designated by a governing body to be responsible for transportation activities within a school district. (Authorized by and implementing K.S.A. 8-2009; effective July 1, 2000; amended March 28, 2003; amended July 7, 2017.)

91-38-2. General limitations and requirements. (a) No governing body shall have a school bus in service after July 1, 1992, unless the school bus was manufactured after April 1, 1977 and either is no more than 25 years old or has been modified to meet current standards. Each school bus shall meet the standards specified by law and this article of the department’s regulations.

(b) The owner’s name shall be displayed on each side of any school bus.

(c) Activity buses shall not be utilized to provide student transportation from any student’s home to school or from school to any student’s home.

(d) Each school bus, activity bus, and school passenger vehicle shall be equipped with a two-way communication system.

(e)(1) Each bus shall contain the following emergency supplies:

(A) At least one 2A-10BC fire extinguisher;

(B) at least one readily identifiable first-aid kit in a removable, waterproof, and dustproof container;

(C) at least one readily identifiable body fluid clean-up kit in a removable, waterproof, and dustproof container;

(D) at least three reflectorized triangle warning devices, securely stored but in an accessible location; and

(E) at least one emergency seat belt cutter.

(2) The first-aid kit, body fluid clean-up kit, fire extinguisher, and seat belt cutter shall be mounted in full view of, and readily accessible to, the driver.

(f) Each governing body shall ensure that occupant restraint systems are provided for, and utilized by, all occupants of school passenger vehicles. When providing transportation for infants and preschool children in school passenger vehicles, age- and size-appropriate child safety restraining systems shall be utilized, pursuant to K.S.A. 8-1344 and amendments thereto. (Authorized by K.S.A. 8-2009; implementing K.S.A. 8-2009, K.S.A. 2015 Supp. 8-2009a; effective July 1, 2000; amended March 28, 2003; amended July 7, 2017.)

91-38-3. School transportation supervisor; duties and responsibilities. (a) Appointment and general responsibilities.

(1) Each governing body shall designate an employee to be the transportation supervisor.

(2)(A) The transportation supervisor shall be responsible for supervision and maintenance of the school district’s transportation system.

(B) The transportation supervisor shall act as liaison between the school district and any contracted bus transportation service.

(b) School transportation routes and stops.

(1) The transportation supervisor shall be responsible for establishing all regular transportation routes and stops for the loading and unloading of students along those routes. The supervisor shall keep a current map on file for each regular transportation route, with all stops noted and a current map of the school district showing each attendance center.

(2) The transportation supervisor shall not establish stops on any interstate highway, state toll road, or other limited-access highway.

(3) The transportation supervisor shall give special consideration to road conditions and safety concerns when planning the regular transportation routes. If a safety hazard is encountered, the

appropriate authorities shall be contacted about eliminating or correcting the hazard, if possible.

(4) Each driver shall report to the transportation supervisor any condition encountered by the driver on a transportation route that appears to pose a safety hazard.

(5) If visibility is less than 500 feet when approaching an established school bus stop from any direction, the transportation supervisor shall contact state, county, or township road authorities and request that warning signs be posted for the school bus stop. Whenever practicable, stops shall be established only at points where visibility is at least 500 feet for all motorists.

(c) Driver training meetings.

(1) Each transportation supervisor shall conduct at least 10 safety meetings per year for all school transportation providers employed by the school district.

(2) Attendance at each meeting shall be documented with a sign-in sheet or similar document. The record of attendance and the agenda shall be retained by the supervisor for at least two years.

(3) Safety meeting topics shall include school transportation safety concerns from drivers regarding route safety, changes in laws or regulations, and other safety issues as determined appropriate by the transportation supervisor.

(4) Safety meetings may be electronically recorded so that drivers who are unable to attend a particular meeting can view the program at another time.

(5) Each school transportation provider shall attend at least 10 safety meetings per year. Newly hired drivers shall be required to attend only those meetings held following their employment.

(d) Records retention.

(1) The transportation supervisor shall be responsible for maintenance and repair records for all school buses, activity buses, and school passenger vehicles used for student transportation, except short-term leased vehicles, that are either owned or leased and are operated by the school district. These records shall include information on scheduled maintenance, lubrication records, repair orders, and other maintenance.

(2) The maintenance record for each vehicle shall be kept as long as the school owns or leases the vehicle, and for at least two years following disposition of the vehicle.

(3) Maintenance records shall be available for inspection by the Kansas highway patrol, other law enforcement agencies, and Kansas state department of education officials.

(e) Contracts for bus transportation services. Each school district that contracts for bus transportation services shall ensure that each contract for those services includes a provision requiring the contractor to meet the requirements of subsections (c) and (d).

(f) Students with special needs. Each school district shall, before transportation, notify the transportation supervisor of any student with special health care concerns, special needs for transportation, or an individualized education program requiring transportation. The supervisor shall ensure that all drivers, substitute drivers, and attendants are informed of these needs and receive any training that is necessary to safely transport the student or to accommodate the student's special needs. (Authorized by and implementing K.S.A. 8-2009; effective July 1, 2000; amended March 28, 2003; amended July 7, 2017.)

91-38-4. Compliance with chassis and body construction standards. (a) Except as otherwise provided in subsection (c), a governing body shall not allow students to be transported on any school bus acquired or leased after the effective date of this regulation until the governing body has on file a verified statement, as prescribed by the state board, from the seller or lessor of the school bus attesting that the school bus meets the following requirements:

(1) The school bus chassis and body construction standards promulgated by the United States department of transportation that apply to the particular bus; and

(2) the bus chassis and body construction standards, including standards for specially equipped school buses, if applicable, prescribed in the national school transportation specifications adopted by the national congress on school transportation.

(b) A governing body shall not alter, change, or otherwise modify any school bus used to transport students in any manner that results in nullification of the statement required in subsection (a) or that results in the failure of the school bus to comply with standards applicable to it under K.S.A. 8-2009a, and amendments thereto.

(c) If a governing body is acquiring a school bus from another governing body, the governing body acquiring the school bus shall obtain the following statements from the governing body that is disposing of the school bus:

(1) The verified statement obtained by the governing body under subsection (a); and

(2) a verified statement from the governing body that is disposing of the school bus attesting to the fact that the governing body has not altered, changed, or otherwise modified the school bus in any manner that results in nullification of the statement required in subsection (a) or that results in the failure of the school bus to comply with the standards applicable to it under K.S.A. 8-2009a, and amendments thereto. (Authorized by K.S.A. 8-2009; implementing K.S.A. 8-2009, K.S.A. 2015 Supp. 8-2009a; effective July 1, 2000; amended July 7, 2017.)

91-38-5. Annual inspection of school vehicles. (a)(1) Each governing body that either owns or leases and that operates any school bus or activity bus shall have each of those buses inspected annually in accordance with this regulation.

(2) Each person or entity that contracts with any governing body to provide bus transportation services to students shall have each school bus or activity bus used to transport students inspected annually in accordance with this regulation.

(3) Except for new buses, which shall be inspected upon delivery and before being used to transport students, the inspection process shall be conducted between June 1 and September 30. No school bus or activity bus shall be used to transport students until the inspection process has been completed and the bus is in proper working order.

(b)(1) Each governing body and each bus transportation contractor shall have each school bus and each activity bus that is operated by the governing body or the contractor inspected by a mechanic who is knowledgeable about the mechanical systems of school buses. In addition, each governing body shall have each school passenger vehicle that is used to transport students inspected annually by a mechanic. The mechanic shall inspect each school vehicle to determine whether the mechanical system is in proper working order.

(2) Each mechanic shall indicate the results of the inspection on the form provided by the state department of education and shall return the form to the governing body or bus transportation contractor.

(c)(1) After the inspection prescribed in subsection (b) is completed, each school vehicle shall be inspected by the Kansas highway patrol to determine whether the school vehicle is equipped with the appropriate safety devices and those devices are in proper working order.

(2) The results of the inspection shall be indicated by the highway patrol officer on the form provided by the state department of education. Following completion of this form, it shall be returned to the governing body or bus transportation contractor and shall become a maintenance record.

(d) Upon successful completion of the inspection process specified in subsections (b) and (c), a school vehicle inspection sticker issued by the Kansas highway patrol shall be placed on the school vehicle's windshield in a location that will not impair the driver's vision.

(e)(1) If any school vehicle fails either the mechanical or safety inspection specified in this regulation, that school vehicle shall not be used for student transportation until all defects have been corrected and the school vehicle has been approved.

(2) If repairs or other corrections are required for a school vehicle to pass the inspection and these repairs or corrections are completed within 10 days after the initial inspection, then only the defective items shall be reexamined. If the repairs or corrections are not made within 10 days following the initial inspection, the school vehicle shall be completely reinspected.

(f) At any time, spot inspections of any school vehicle used for student transportation may be conducted by the Kansas highway patrol.

(g) Each school bus, activity bus, and school passenger vehicle that is purchased at any time following the required annual inspection for school vehicles shall pass the inspections required by this regulation before being used to transport students. (Authorized by and implementing K.S.A. 8-2009; effective July 1, 2000; amended March 28, 2003; amended July 7, 2017.)

91-38-6. School transportation driver qualifications. (a) Driver's licensing and age requirements. Each person employed by a school district or by a school bus contractor who, at any time, will provide student transportation shall be licensed pursuant to K.S.A. 8-234b and amendments thereto, or the appropriate licensing statutes of the person's state of residence. Each person also shall meet the following requirements:

(1) Each driver of a school bus or activity bus with a gross weight of over 26,000 pounds shall maintain a commercial class A or B driver's license, with passenger and school bus endorsements.

(2) Each driver of a school bus or activity bus that has a gross weight of 26,000 pounds or less

and is designed for transporting 16 passengers or more shall maintain a commercial class A, B, or C driver's license, with passenger and school bus endorsements.

(3) Each driver of a school passenger vehicle or a school bus or activity bus that has a gross weight of 26,000 pounds or less and is designed to transport fewer than 16 passengers shall maintain an appropriate noncommercial operator's license.

(4) Each driver's license shall be valid within the driver's state of residence.

(5) Each driver of an activity bus shall be 21 years of age or older.

(b) Criminal and driving records.

(1) Each prospective school transportation provider or other school employee who may transport students shall be required to sign a statement indicating whether that individual has been convicted in any state or federal court of any crime involving a child. A person who has been convicted of such a crime shall not be employed, reemployed, or retained as an employee to provide student transportation.

(2) Each prospective driver shall be required to sign a statement indicating whether, within the past 10 years, that individual has been convicted in any state of any felony or any major traffic violations specified in subsection (c).

(3) For purposes of this regulation, a conviction shall mean entering a plea of guilty or nolo contendere, a finding of guilty by a court or jury, or forfeiture of bond.

(4) Each prospective school transportation provider shall give written authorization to the prospective employer to obtain the applicant's driving record through a local law enforcement agency or the Kansas department of revenue, division of vehicles, pursuant to K.S.A. 74-2012 and amendments thereto. The authorization also shall allow the prospective employer to obtain the applicant's driving record in states other than Kansas through a local law enforcement agency or the appropriate agency of the other state.

(c) Disqualification from employment.

(1) Except as otherwise provided in paragraph (c)(2), a governing body shall not employ or retain to transport students any person who discloses or whose driving record indicates that, within the past 10 years, the person has been convicted of any of the following major traffic violations:

(A) Hit-and-run driving;

(B) driving while under the influence of alcohol or drugs;

(C) vehicular homicide;

(D) reckless driving; or

(E) any offense for which the driver's license was suspended or revoked pursuant to K.S.A. 8-254 and 8-255, and amendments thereto.

(2) A governing body may waive the disqualification for employment by a unanimous vote of the full membership of the governing body.

(d) Driver experience and training requirements.

(1) Each driver who operates a school vehicle to transport students shall have at least one year's experience in operating a motor vehicle.

(2)(A) Each school bus driver shall be provided with at least 12 hours of bus driver training. The first six hours of training shall be completed without student passengers, but the remaining hours may be completed with student passengers if the driver-trainer is on the bus. All driver training shall be supervised by the assigned driver-trainer.

(B) Except as otherwise provided in paragraph (d)(2)(C), each school transportation provider shall complete a first aid and cardiopulmonary resuscitation (CPR) course, approved by the state department of education, within 30 days after the first day the driver is allowed to transport students. Each driver completing any training session shall obtain a wallet card or other certificate attesting to that individual's completion of the training program and shall maintain this certification.

(C) A school transportation provider who is certified as an emergency medical service provider shall not be required to complete first aid and CPR training, if the emergency medical certification is maintained in valid status.

(e)(1) Each school transportation provider shall successfully complete a vehicle accident prevention course approved by the state department of education, within 30 days after the first day the driver transports students. The driver shall obtain a completion certificate or wallet card as evidence that the course requirements have been met.

(2) After completion of the initial accident prevention course, each driver shall be required to maintain certification by completion of an accident prevention course at least every three years.

(3) The transportation supervisor shall maintain documentation of driver training for school transportation providers for the duration of the driver's employment, and at least two years thereafter.

(f) Substitute and emergency school transportation providers.

(1) Substitute school transportation providers shall meet the requirements in this regulation, but these individuals may be allowed up to 30 days following employment to complete the first aid, CPR, and accident prevention course training requirements.

(2) Any person who holds a valid commercial driver's license with passenger and school bus endorsements and a current medical certificate may operate a school bus in an emergency situation. For purposes of this paragraph, an "emergency situation" shall mean a situation in which no qualified driver or substitute driver is available. A specific driver shall not drive as an emergency driver for more than five days during a school year.

(g) Physical examination and health requirements.

(1) The physical qualification requirements for school transportation providers in Kansas shall be those in 49 C.F.R. 391.41, as in effect on January 14, 2014, which is hereby adopted by reference. The medical examiner's report form and the medical examiner's certificate that are approved by the state department of education shall be used to document the results of each examination.

(2) The physical examination shall be certified by a doctor of medicine, doctor of osteopathy, doctor of chiropractic, physician assistant, nurse practitioner, or any medical professional on the federal motor carrier safety administration's national registry of certified medical examiners, according to the following schedule:

(A) Before beginning employment as a school transportation provider;

(B) at least every two years after the date of the initial physical examination; and

(C) at any time requested by the driver's employer, the school transportation supervisor, or the state department of education.

(3) A certified medical examiner's certificate required under this subsection shall not constitute the certification of health required by K.S.A. 72-5213, and amendments thereto.

(4) Each governing body shall keep on file a current medical examiner's certificate for each school transportation provider. If a provider leaves employment for any reason, the person's last medical examiner's certificate shall be kept for two years after the person leaves.

(h) Waiver of physical requirements.

(1)(A) Any person failing to meet the requirements of subsection (g) may be permitted to be a school transportation provider for a particular

school district, if a waiver is granted by the governing board of that school district under this subsection. Each waiver shall meet the following requirements:

(i) The person seeking the waiver, the transportation supervisor for the school district, and the contract manager, if applicable, shall submit a joint application for a waiver to the local board of education.

(ii) Each application shall be accompanied by reports from two of the following, indicating their opinions regarding the person's ability to safely operate a school bus: doctor of medicine, doctor of osteopathy, doctor of chiropractic, physician assistant, or nurse practitioner.

(iii) The application shall contain a description of the type and size of the vehicle to be driven and any special equipment required to accommodate the driver to safely operate the vehicle, the general area and type of roads to be traveled, distances and time period contemplated, and the experience of the person in driving vehicles of the type to be driven.

(B) An application for a waiver shall be granted only by unanimous approval of the governing board.

(2)(A) A waiver as described in paragraph (h)(1) shall not be granted for a period longer than two years, but may be renewed by following the procedures in paragraph (h)(1).

(B) While on duty, the driver shall keep in the driver's possession the original document granting the waiver or a legible copy of this document.

(C) Each governing body shall retain the original document granting the waiver or a legible copy of the waiver in the driver's personnel file for as long as the driver is employed and for at least two years following termination of the driver's employment.

(D) A waiver may be revoked, for cause, by the governing body. Before revocation, the governing body shall perform the following:

(i) Suspend the driver from service;

(ii) provide notice of the proposed revocation to the driver, including the reason or reasons for the proposed revocation; and

(iii) allow the driver a reasonable opportunity to show cause, if any, why the revocation should not occur.

(i) Alcohol and drug testing requirements. Any governing body may develop a policy to include all drivers of any school motor vehicles in the alcohol and drug testing program required for drivers not

holding commercial driver's licenses. (Authorized by and implementing K.S.A. 8-2009; effective July 1, 2000; amended March 28, 2003; amended July 7, 2017.)

91-38-7. Driver's duties and responsibilities. (a) Each school transportation provider shall inspect a school vehicle before its use to ascertain that the vehicle is in a safe condition and equipped as required by law and that all required equipment is in working order. The school transportation provider shall document each inspection.

(b) If any defect is discovered, students shall not be transported in the vehicle until the defect is corrected.

(c) Documentation of the inspections of each school vehicle shall be kept on file for at least one year following the vehicle inspection.

(d) A school transportation provider shall not drive a school vehicle for more than 10 consecutive hours or for more than a total of 10 hours in any 15-hour period.

(e) Each school transportation provider shall ensure that all doors are closed before the vehicle is put into motion and remain closed while the vehicle is moving.

(f) Each school transportation provider shall ensure that openings for the service door, emergency exits, and aisles are kept clear of any obstructions.

(g) Each school transportation provider shall utilize the driver's safety belt at all times while the vehicle is in motion.

(h) If the school transportation provider leaves the driver's seat, the parking brake shall be set, the motor turned off, and the keys removed. However, drivers of specially equipped buses may leave the motor running to operate a power lift after setting the parking brake.

(i) If a school vehicle is refueled during any trip when passengers are being transported, the school transportation provider shall unload all passengers from the vehicle and turn off the vehicle's motor before beginning refueling procedures. Fuel shall not be transported in any manner, except in the vehicle's fuel tank.

(j) Following the completion of any trip, each school transportation provider shall perform a walk-through inspection of the school bus or activity bus or a visual check of the school passenger vehicle that the provider was driving, to ensure that all passengers have disembarked.

(k) A driver of a school bus or activity bus shall not tow any trailer or other vehicle with the bus,

while any passenger is on the bus. (Authorized by and implementing K.S.A. 8-2009; effective July 1, 2000; amended March 28, 2003; amended July 7, 2017.)

91-38-8. Loading and unloading procedures. (a) On routes.

(1) Each school bus driver shall activate the alternately flashing warning lights as required by K.S.A. 8-1556 and amendments thereto, at any time that the loading or unloading of students occurs on the traveled portion of any roadway.

(2) Each governing body shall adopt procedures for the loading and unloading of students, consistent with the requirements of this article of the department's regulations. The procedures shall include the following:

(A) Each school bus driver shall load and unload students off the roadway whenever adequate space is provided, unless parking the bus off the roadway would threaten the safety or stability of the bus or safety of the students.

(B) Each school bus driver shall direct students who cross the roadway when loading or unloading from a school bus to cross only in front of the bus. The driver shall ensure that all traffic has stopped and shall instruct students to wait for a signal from the driver before crossing the roadway.

(C) Students shall not be required to cross any divided highway, as defined in K.S.A. 8-1414 and amendments thereto, or any roadway consisting of more than one lane of traffic traveling in the same direction excluding turn lanes in order to board the bus or to reach the students' destination upon unloading from the bus.

(D) When the loading or unloading of students takes place on a roadway, the bus shall stop in the far right-hand lane of the roadway.

(E) Each driver shall ensure that all students who have unloaded from the bus have moved a safe distance away from the bus before the driver moves the bus.

(b) At school.

(1) Whenever possible, each governing body shall provide bus parking so that the loading or unloading of students is conducted in an area away from vehicular traffic and off the roadway.

(2) Before each school's dismissal time, and where adequate space is available, the bus drivers shall park the buses in single file.

(3) If the loading or unloading of students is conducted on the traveled portion of a roadway, each bus driver shall park the bus on the side of

the roadway nearest to the school, with the entry door opening away from the traveled portion of the roadway. Buses shall be parked adjacent to curbing, if present. If there is no curbing, the buses shall be parked as far to the right of the roadway as possible without threatening the stability of the bus.

(4) Each board shall ensure that there is adult supervision during loading and unloading procedures at each school building, except at buildings utilized exclusively for senior high school students.

(c) On activity trips.

(1) Whenever possible, each bus driver shall park the bus so that the loading or unloading of students takes place in an area away from other vehicular traffic.

(2) The transportation supervisor shall designate, in advance, stops for the loading and unloading of buses along each activity trip route.

(d) In school passenger vehicles. Each driver of a school passenger vehicle shall park the vehicle in a location so that students are loaded or unloaded in an area off the roadway. (Authorized by and implementing K.S.A. 8-2009; effective July 1, 2000; amended July 7, 2017.)

Article 40.—SPECIAL EDUCATION

91-40-1. Definitions. Additional definitions of terms concerning student discipline are provided in K.A.R. 91-40-33. (a) “Adapted physical education” means physical education that is modified to accommodate the particular needs of children with disabilities.

(b) “Agency” means any board or state agency.

(c) “Assistive technology device” means any item, piece of equipment, or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve the functional capabilities of a child with a disability. The term shall not include any medical device that is surgically implanted or the replacement of the device.

(d) “Assistive technology service” means any service that directly assists a child with a disability in the selection, acquisition, or use of an assistive technology device. This term shall include the following:

(1) Evaluating the needs of a child with a disability, including a functional evaluation of the child in the child’s customary environment;

(2) purchasing, leasing, or otherwise providing for the acquisition of assistive technology devices by children with disabilities;

(3) selecting, designing, fitting, customizing, adapting, applying, maintaining, repairing, or replacing assistive technology devices;

(4) coordinating and using other therapies, interventions, or services with assistive technology devices, including those associated with existing education and rehabilitation plans and programs;

(5) providing training or technical assistance for a child with a disability or, if appropriate, that child’s family; and

(6) providing training or technical assistance for professionals including individuals providing education and rehabilitation services, employers, or other individuals who provide services to, employ, or are otherwise substantially involved in the major life functions of a child.

(e) “Audiology” means the following:

(1) Identification of children with hearing loss;

(2) determination of the range, nature, and degree of hearing loss, including referral for medical or other professional attention for the habilitation of hearing;

(3) provision of habilitative activities, including language habilitation, auditory training, lip-reading, hearing evaluation, and speech conservation;

(4) creation and administration of programs for prevention of hearing loss;

(5) counseling and guidance of children, parents, and teachers regarding hearing loss; and

(6) determination of children’s needs for group and individual amplification, selecting and fitting an appropriate aid, and evaluating the effectiveness of amplification.

(f) “Autism” means a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age three but not necessarily so, that adversely affects a child’s educational performance. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences. The term shall not apply if a child’s educational performance is adversely affected primarily because the child has an emotional disturbance.

(g) “Blindness” means a visual impairment that requires dependence on tactile and auditory media for learning.

(h) “Board” means the board of education of any school district.

(i) “Business day” means Monday through Fri-

day, except for federal and state holidays unless holidays are specifically included in the designation of business day in a specific regulation.

(j) "Child find activities" means policies and procedures to ensure that all exceptional children, including exceptional children who are enrolled in private schools and exceptional children who are homeless, regardless of the severity of any disability, are identified, located, and evaluated.

(k) "Child with a disability" means the following:

(1) A child evaluated as having mental retardation, a hearing impairment including deafness, a speech or language impairment, a visual impairment including blindness, emotional disturbance, an orthopedic impairment, autism, traumatic brain injury, any other health impairment, a specific learning disability, deaf-blindness, or multiple disabilities and who, by reason thereof, needs special education and related services; and

(2) for children ages three through nine, a child who is experiencing developmental delays and, by reason thereof, needs special education and related services.

(l) "Consent" means that all of the following conditions are met:

(1) A parent has been fully informed of all information relevant to the activity for which consent is sought, in the parent's native language or other mode of communication.

(2) A parent understands and agrees in writing to the carrying out of the activity for which consent is sought, and the consent describes that activity and lists the records, if any, that will be released and to whom.

(3) A parent understands the following:

(A) The granting of consent is voluntary on the part of the parent and may be revoked at any time.

(B) If the parent revokes consent, the revocation is not retroactive and does not negate an action that has occurred after the consent was given and before the consent was revoked.

(C) The parent may revoke consent in writing for the continued provision of a particular service or placement only if the child's IEP team certifies in writing that the child does not need the particular service or placement for which consent is being revoked in order to receive a free appropriate public education.

(m) "Counseling services" means services provided by qualified social workers, psychologists, guidance counselors, or other qualified personnel.

(n) "Day" means a calendar day unless otherwise indicated as business day or school day.

(o) "Deaf-blindness" means the combination of hearing and visual impairments that causes such severe communication and other developmental and educational needs that the needs cannot be accommodated in special education programs solely for the hearing impaired or the visually impaired.

(p) "Deafness" means a hearing impairment that is so severe that it impairs a child's ability to process linguistic information through hearing, with or without amplification, and adversely affects the child's educational performance.

(q) "Developmental delay" means such a deviation from average development in one or more of the following developmental areas that special education and related services are required:

- (1) Physical;
- (2) cognitive;
- (3) adaptive behavior;

The term shall not include brain injuries that are congenital or degenerative or that are induced by birth trauma.

(xxx) "Travel training" means providing instruction, as appropriate, to children with significant cognitive disabilities, and any other children with disabilities who require this instruction, to enable them to perform the following:

- (1) Develop an awareness of the environment in which they live; and
- (2) learn the skills necessary to move effectively and safely from place to place within various environments, including at school, home, and work, and in the community.

(yyy) "Visual impairment" means an impairment in vision that, even with correction, adversely affects a child's educational performance. The term shall include both partial sight and blindness.

(zzz) "Vocational education" means any organized educational program that is directly related to the preparation of individuals for paid or unpaid employment, or for additional preparation for a career requiring other than a baccalaureate or advanced degree. (Authorized by and implementing K.S.A. 2008 Supp. 72-963; effective May 19, 2000; amended March 21, 2008; amended July 23, 2010.)

91-40-27. Parental consent. (a) Except as otherwise provided in this regulation, each agency shall obtain parental consent before taking any of the following actions:

- (1) Conducting an initial evaluation or any re-evaluation of an exceptional child;
- (2) initially providing special education and related services to an exceptional child; or

(3) making a material change in services to, or a substantial change in the placement of, an exceptional child, unless the change is made under the provisions of K.A.R. 91-40-33 through 91-40-38 or is based upon the child's graduation from high school or exceeding the age of eligibility for special education services.

(b) When screening or other methods used by an agency indicate that a child may have a disability and need special education services, the agency shall make reasonable and prompt efforts to obtain informed consent from the child's parent to conduct an initial evaluation of the child and, if appropriate, to make the initial provision of services to the child.

(c) Unless a judicial order specifies to the contrary, each agency shall recognize the biological or adoptive parent of an exceptional child who is a minor as the educational decision maker for the child if the parent exerts the parent's rights on behalf of the child, even if one or more other persons meet the definition of parent for the particular child.

(d) An agency shall not construe parental consent for initial evaluation as consent for the initial provision of special education and related services to an exceptional child.

(e) An agency shall not be required to obtain parental consent before taking either of the following actions:

(1) Reviewing existing data as part of an evaluation, reevaluation, or functional behavioral assessment; or

(2) administering a test or other evaluation that is administered to all children, unless before administration of that test or evaluation, consent is required of the parents of all children.

(f)(1) If a parent of an exceptional child who is enrolled or is seeking to enroll in a public school does not provide consent for an initial evaluation or any reevaluation, or for a proposed material change in services or a substantial change in the placement of the parent's child, an agency may, but shall not be required to, pursue the evaluation or proposed change by initiating due process or mediation procedures.

(2) If a parent of an exceptional child who is being homeschooled or has been placed in a private school by the parent does not provide consent for an initial evaluation or a reevaluation, or fails to respond to a request to provide consent, an agency shall not pursue the evaluation or reevaluation by initiating mediation or due process procedures.

(3) An agency shall not be in violation of its obligations for identification, evaluation, or reevaluation if the agency declines to pursue an evaluation or reevaluation because a parent has failed to provide consent for the proposed action.

(4) Each agency shall document its attempts to obtain parental consent for action proposed under this regulation.

(g) An agency shall not be required to obtain parental consent for a reevaluation or a proposed change in services or placement of the child if the agency has made attempts, as described in K.A.R. 91-40-17(e)(2), to obtain consent but the parent or parents have failed to respond.

(h) An agency shall not use a parent's refusal to consent to an activity or service to deny the parent or child other activities or services offered by the agency.

(i) If, at any time after the initial provision of special education and related services, a parent revokes consent in writing for the continued provision of all special education, related services, and supplementary aids and services, the following shall apply:

(1) The agency shall not continue to provide special education, related services, and supplementary aids and services to the child but shall provide prior written notice in accordance with K.A.R. 91-40-26 before ceasing the provision of those services.

(2) The agency shall not use the procedures in K.S.A. 72-972a or K.S.A. 72-996, and amendments thereto, or K.A.R. 91-40-28, including the mediation procedures and the due process procedures, in order to obtain an agreement or a ruling that the services may be provided to the child.

(3) The agency shall not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with further special education services, related services, and supplementary aids and services.

(4) The agency shall not be required to convene an IEP team meeting or develop an IEP under K.S.A. 72-987, and amendments thereto, or K.A.R. 91-40-16 through K.A.R. 91-40-19 for the child for further provision of special education, related services, and supplementary aids and services.

(j) If a parent revokes consent in writing for the child's receipt of all special education and related services after the child is initially provided special education and related services, the agency shall

not be required to amend the child's education records to remove any references to the child's receipt of special education and related services because of the revocation of consent.

(k) If a parent revokes consent for the continued provision of particular special education, related services, supplementary aids and services, or placements, or any combination of these, and the IEP team certifies in writing that the child does not need the service or placement for which consent is being revoked in order to receive a free appropriate public education, the following shall apply:

(1) The agency shall not continue to provide the particular special education, related services, supplementary aids and services, and placements for which consent was revoked but shall provide prior written notice in accordance with K.A.R. 91-40-26 before ceasing the provision of the particular special education, related services, supplementary aids and services, and placements.

(2) The agency shall not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with the particular special education, related services, supplementary aids and services, or placements, or any combination, for which parental consent was revoked.

(l) If a parent who revoked consent for all special education, related services, and supplementary aids and services under subsection (i) subsequently requests that the person's child be reenrolled in special education, the agency shall conduct an initial evaluation of the child to determine whether the child qualifies for special education before reenrolling the child in special education. If the team evaluating the child determines that no additional data are needed to make any of the determinations specified in K.A.R. 91-40-8(c)(2), the agency shall give written notice to the child's parent in accordance with K.A.R. 91-40-8(e)(2). If the child is determined to be eligible, the agency shall develop an initial IEP. (Authorized by K.S.A. 2008 Supp. 72-963; implementing K.S.A. 2008 Supp. 72-988; effective May 19, 2000; amended May 4, 2001; amended March 21, 2008; amended July 23, 2010.)

Article 42.—EMERGENCY SAFETY INTERVENTIONS

91-42-1. Definitions. As used in this article, each of the following terms shall have the meaning specified in this regulation: (a) "Administrative

review" means review by the state board upon request of a parent.

(b) "Chemical restraint" means the use of medication to control a student's violent physical behavior or restrict a student's freedom of movement.

(c) "Commissioner" means commissioner of education.

(d) "Complaint" means a written document that a parent files with a local board as provided for in this article.

(e) "Department" means the state department of education.

(f) "District" means a school district organized under the laws of this state that is maintaining a public school for a school term pursuant to K.S.A. 72-1106, and amendments thereto. This term shall include the governing body of any accredited nonpublic school.

(g) "Emergency safety intervention" means the use of seclusion or physical restraint.

(h) "Hearing officer" means the state board's designee to conduct an administrative review as specified in K.A.R. 91-42-5. The hearing officer shall be an officer or employee of the department.

(i) "Incident" means each occurrence of the use of an emergency safety intervention.

(j) "Local board" means the board of education of a district or the governing body of any accredited nonpublic school.

(k) "Mechanical restraint" means any device or object used to limit a student's movement.

(l) "Parent" means any of the following:

(1) A natural parent;

(2) an adoptive parent;

(3) a person acting as a parent, as defined in K.S.A. 72-1046 and amendments thereto;

(4) a legal guardian;

(5) an education advocate for a student with an exceptionality;

(6) a foster parent, unless the foster parent's child is a student with an exceptionality; or

(7) a student who has reached the age of majority or is an emancipated minor.

(m) "Physical escort" means the temporary touching or holding the hand, wrist, arm, shoulder, or back of a student who is acting out for the purpose of inducing the student to walk to a safe location.

(n) "Physical restraint" means bodily force used to substantially limit a student's movement, except that consensual, solicited, or unintentional contact and contact to provide comfort, assistance or instruction shall not be deemed to be physical restraint.

(o) “School” means any learning environment, including any nonprofit institutional day or residential school or accredited nonpublic school, that receives public funding or which is subject to the regulatory authority of the state board.

(p) “Seclusion” means placement of a student in a location where all the following conditions are met:

(1) The student is placed in an enclosed area by school personnel.

(2) The student is purposefully isolated from adults and peers.

(3) The student is prevented from leaving, or the student reasonably believes that the student will be prevented from leaving, the enclosed area.

(q) “State board” means Kansas state board of education.

(r) “Time-out” means a behavioral intervention in which a student is temporarily removed from a learning activity without being secluded. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective April 19, 2013; amended, T-91-2-17-16, Feb. 17, 2016; amended June 10, 2016; amended July 7, 2017.)

91-42-2. Standards for the use of emergency safety interventions. (a) An emergency safety intervention shall be used only when a student presents a reasonable and immediate danger of physical harm to the student or others with the present ability to effect such physical harm. Less restrictive alternatives to emergency safety interventions, including positive behavior interventions support, shall be deemed inappropriate or ineffective under the circumstances by the school employee witnessing the student’s behavior before the use of any emergency safety interventions. The use of an emergency safety intervention shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an emergency safety intervention.

(b) Use of an emergency safety intervention for purposes of discipline or punishment or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

(c)(1) A student shall not be subjected to an emergency safety intervention if the student is known to have a medical condition that could put the student in mental or physical danger as a result of the emergency safety intervention.

(2) The existence of the medical condition must be indicated in a written statement from the stu-

dent’s licensed health care provider, a copy of which shall be provided to the school and placed in the student’s file. The written statement shall include an explanation of the student’s diagnosis, a list of any reasons why an emergency safety intervention would put the student in mental or physical danger and any suggested alternatives to the use of emergency safety interventions.

(3) Notwithstanding the provisions of this subsection, a student may be subjected to an emergency safety intervention, if not subjecting the student to an emergency safety intervention would result in significant physical harm to the student or others.

(d) When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times.

(e) Each seclusion room equipped with a locking door shall be designed to ensure that the lock automatically disengages when the school employee viewing the student walks away from the seclusion room, or in cases of emergency, including fire or severe weather.

(f) Each seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Each room shall be free of any condition that could be a danger to the student and shall be well-ventilated and sufficiently lighted.

(g) The following types of restraint shall be prohibited:

(1) Prone, or face-down, physical restraint;

(2) supine, or face-up, physical restraint;

(3) any restraint that obstructs the airway of a student;

(4) any restraint that impacts a student’s primary mode of communication;

(5) chemical restraint, except as prescribed treatments for a student’s medical or psychiatric condition by a person appropriately licensed to issue these treatments; and

(6) the use of mechanical restraint, except those protective or stabilizing devices either ordered by a person appropriately licensed to issue the order for the device or required by law, any device used by a law enforcement officer in carrying out law enforcement duties, and seatbelts and any other safety equipment when used to secure students during transportation.

(h) The following shall not be deemed an emergency safety intervention, if its use does not otherwise meet the definition of an emergency safety intervention:

(1) Physical escort; and
(2) time-out. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective April 19, 2013; amended, T-91-2-17-16, Feb. 17, 2016; amended June 10, 2016; amended July 7, 2017.)

91-42-3. District policy; training; local board dispute resolution. (a) Each district shall develop and implement written policies to govern the use of emergency safety interventions over all schools. At a minimum, written district policies shall conform to the standards, definitions, and requirements of this article. The written policies shall also include the following:

(1) (A) School personnel training shall be designed to meet the needs of personnel as appropriate to their duties and potential need for the use of emergency safety interventions;

(B) training shall address prevention techniques, de-escalation techniques, and positive behavioral intervention strategies;

(C) any training on the use of emergency safety interventions by the district shall be consistent with nationally recognized training programs; and

(D) schools and programs shall maintain written or electronic documentation on training provided and lists of participants in each training; and

(2) a local dispute resolution process, which shall include the following:

(A) A procedure for a parent to file a complaint with the local board. If a parent believes that an emergency safety intervention has been used with the parent's child in violation of this article or the district's emergency safety intervention policy, the parent may file a complaint with the local board. The complaint shall be filed within 30 days of the date on which the parent was informed of the use of that emergency safety intervention;

(B) a complaint investigation procedure;

(C) a dispute resolution final decision. The local board's final decision shall be in writing and shall include findings of fact and any corrective action required by the district if the local board deems these actions necessary. The local board's final decision shall be mailed to the parent and the department within 30 days of the local board's receipt of the complaint; and

(D) a statement of the parent's right to request an administrative review by the state board as specified in K.A.R. 91-42-5, including information as to the deadline by which the parent must submit the request to the state board;

(3) a system for the collection and maintenance of documentation for each use of an emergency safety intervention, which shall include the following:

(A) The date and time of the emergency safety intervention;

(B) the type of emergency safety intervention;

(C) the length of time the emergency safety intervention was used;

(D) the school personnel who participated in or supervised the emergency safety intervention;

(E) whether the student had an individualized education program at the time of the incident;

(F) whether the student had a section 504 plan at the time of the incident; and

(G) whether the student had a behavior intervention plan at the time of the incident;

(4) procedures for the periodic review of the use of emergency safety intervention at each school, which shall be compiled and submitted at least biannually to the district superintendent or district designee; and

(5) a schedule for when and how parents are provided with notice of the written policies on the use of emergency safety interventions.

(b) Written policies developed pursuant to this article shall be accessible on each school's web site and shall be included in each school's code of conduct, school safety plan, or student handbook. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective, T-91-2-17-16, Feb. 17, 2016; effective June 10, 2016.)

91-42-4. Parent notification; required meeting; filing a complaint. (a) When an emergency safety intervention is used with a student, the school shall notify the parent the same day the emergency safety intervention was used. The school shall attempt to contact the parent using at least two methods of contact, one of which shall be the preferred method of contact if so designated by the parent as specified in this subsection. The same-day notification requirement of this subsection shall be deemed satisfied if the school attempts at least two methods of contact. A parent may designate a preferred method of contact to receive the same-day notification required by this subsection. A parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

(b) The school shall provide written documentation of the emergency safety intervention used to

the parent no later than the school day following the day on which the emergency safety intervention was used. This documentation shall include the following:

- (1) The date and time of the intervention;
- (2) the type of intervention;
- (3) the length of time the intervention was used;
- (4) the school personnel who participated in or supervised the intervention;
- (5) the events leading up to the incident;
- (6) the student behaviors that necessitated the emergency safety intervention;
- (7) the steps taken to transition the student back into the educational setting;
- (8) space or an additional form for parents to provide feedback or comments to the school regarding the incident;
- (9) a statement that invites and strongly encourages parents to schedule a meeting to discuss the incident and how to prevent future use of emergency safety interventions; and
- (10) email and phone information for the parent to contact the school to schedule the emergency safety intervention meeting. Schools may group incidents together when documenting the items in paragraphs (b)(5) through (7) if the triggering issue necessitating the emergency safety interventions is the same.

(c) In addition to the documentation required by subsection (b), the school shall provide the parent the following information:

(1) After the first incident in which an emergency safety intervention is used with a student during the school year, the school shall provide the following information in printed form to the parent or, upon the parent's written request, by email:

(A) A copy of the standards of when emergency safety interventions can be used;

(B) a flyer on the parent's rights;

(C) information on the parent's right to file a complaint through the local dispute resolution process and the complaint process of the state board of education; and

(D) information that will assist the parent in navigating the complaint process, including contact information for the parent training and information center and protection and advocacy system.

(2) After subsequent incidents in which an emergency safety intervention is used with a student during the school year, the school shall provide a full and direct web site address containing the information in paragraph (c)(1).

(d) After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request the meeting verbally, in writing or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the date on which the parent sent the request. The focus of any meeting convened under this subsection shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

(1) For a student who has an individualized education program or a section 504 plan, the student's individualized education program team or section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral analysis, develop a behavior intervention plan, or amend either if already in existence.

(2) For a student with a section 504 plan, the student's section 504 plan team shall discuss and consider the need for an evaluation under the special education for exceptional children act, K.S.A. 72-961 et seq., and amendments thereto.

(3) For a student who has an individualized education program and is placed in a private school by a parent, a meeting called under this subsection shall include the parent and the designee of the private school, who shall consider whether the parent should request an individualized education program team meeting. If the parent requests an individualized education program team meeting, the private school shall help facilitate the meeting.

(4) For a student who does not have an individualized education program or section 504 plan, the parent and school shall discuss the incident and consider the appropriateness of a referral for an evaluation under the special education for exceptional children act, K.S.A. 72-961 et seq. and amendments thereto, the need for a functional behavioral analysis, or the need for a behavior intervention plan. Each meeting called pursuant to this subsection shall include the student's parent, a school administrator for the school where the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for the meeting.

(5) The parent shall determine whether the student shall be invited to any meeting called pursuant to this subsection.

(6) The time for calling a meeting pursuant to this subsection shall be extended beyond the 10-school-day limit if the parent of the student is unable to attend within that time period.

(7) Nothing in this subsection shall be construed to prohibit the development and implementation of a functional behavioral analysis or a behavior intervention plan for any student if the student could benefit from such measures.

(e) If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint or mechanical restraint on a student on school grounds or during a school-sponsored activity, the school shall notify the parent on the same day the school becomes aware of the use, using the parent's preferred method of contact as described in K.A.R. 91-42-4(a). A school shall not be required to provide written documentation to a parent, as set forth in subsection (b) or (c) regarding law enforcement use of an emergency safety intervention, or report to the department law enforcement use of an emergency safety intervention. For purposes of this subsection, mechanical restraint includes, but is not limited to, the use of handcuffs.

(f) If a parent believes that emergency safety interventions have been used in violation of this article or policies of the school district, then within 30 days from being informed of the use of emergency safety intervention, the parent may file a complaint through the local dispute resolution process. Any parent may request an administrative review by the state board within 30 days from the date the final decision was issued pursuant to the local dispute resolution process. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective, T-91-2-17-16, Feb. 17, 2016; effective June 10, 2016; amended July 7, 2017.)

91-42-5. Administrative review. (a) Any parent who filed a written complaint with a local board regarding the use of emergency safety intervention may request an administrative review by the state board of the local board's final decision.

(b) Each parent seeking administrative review shall provide the following information in the request:

(1) The name of the student and the student's contact information;

(2) the name and contact information, to the extent known, for all involved parties, including teachers, aides, administrators, and district staff;

(3) a detailed statement of the basis for seeking administrative review, with all supporting facts and documentation. The documentation shall include a copy of the complaint filed with the local

board and shall include the local board's final decision, if issued. The request shall be legibly written or typed and shall be signed by the parent. Relevant written instruments or documents in the possession of the parent shall be attached as exhibits or, if unavailable, referenced in the request for administrative review; and

(4) written consent to disclose any personally identifiable information from the student's education records necessary to conduct an investigation pursuant to this regulation.

(c)(1) Each request for administrative review shall be filed with the commissioner within 30 days from the date a final decision is issued pursuant to the local dispute resolution process or, if a final decision is not issued, within 60 days from the date a written complaint was filed with the local board.

(2) The hearing officer shall forward a copy of the request for administrative review to the clerk of the local board from whom the administrative review is sought.

(d) Upon receipt of each request for administrative review, the hearing officer shall consider the local board's final decision and may initiate its own investigation of the complaint. Any investigation may include the following:

(1) A discussion with the parent, during which additional information may be gathered and specific allegations identified, verified, and recorded;

(2) contact with the local board or other district staff against which the request for administrative review is filed to allow the local board to respond to the request with facts and information supporting the local board's final decision; and

(3) an on-site investigation by department officers or employees.

(e) If the hearing officer receives information that the hearing officer determines was not previously made available to both parties during the local board dispute resolution process, the hearing officer may remand the issue back to the local board. The local board then has 30 days to issue a written amended final decision.

Upon remand, the hearing officer's case will be closed. All rights to and responsibilities of an administrative review shall begin again when the local board's amended final decision is issued or upon 30 days from when the hearing officer's remand is issued, whichever occurs first.

(f) Within 60 days of the commissioner's receipt of the request for administrative review, the hearing officer shall inform the parent, the school's

head administrator, the district superintendent, the local board clerk, and the state board in writing of the results of the administrative review. This time frame may be extended for good cause upon approval of the commissioner.

(g) The results of the administrative review shall contain findings of fact, conclusions of law, and, if needed, suggested corrective action. The hearing officer shall determine whether the district is in violation of this article based solely on the information obtained by the hearing officer during the course of the investigation and the administrative review process. This determination shall include one of the following:

(1) The local board appropriately resolved the complaint pursuant to its dispute resolution process.

(2) The local board should reevaluate the complaint pursuant to its dispute resolution process with suggested findings of fact.

(3) The hearing officer's suggested corrective action is necessary to ensure that local board policies meet the requirements of law.

(h) Nothing in this regulation shall require exhaustion of remedies under this regulation before using procedures or seeking remedies that are otherwise available. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective, T-91-2-17-16, Feb. 17, 2016; effective June 10, 2016.)

91-42-6. Exemptions. (a) As used in this regulation, each of the following terms shall have the meaning specified in this subsection:

(1) "Appointing authority" means a person or group of persons empowered by statute to make human resource decisions that affect the employment of officers.

(2) "Campus police officer" means a school security officer designated by the board of education of any school district pursuant to K.S.A. 72-8222, and amendments thereto.

(3) "Law enforcement officer" and "police officer" mean a full-time or part-time salaried officer or employee of the state, a county, or a city, whose duties include the prevention or detection of crime and the enforcement of criminal or traffic laws of this state or of any Kansas municipality. This term shall include "campus police officer."

(4) "Legitimate law enforcement purpose" means a goal within the lawful authority of an officer that is to be achieved through methods or conduct condoned by the officer's appointing authority.

(5) "School resource officer" means a law enforcement officer or police officer employed by a local law enforcement agency who is assigned to a district through an agreement between the local law enforcement agency and the district.

(6) "School security officer" means a person who is employed by a board of education of any school district for the purpose of aiding and supplementing state and local law enforcement agencies in which the school district is located, but is not a law enforcement officer or police officer.

(b) Campus police officers and school resource officers shall be exempt from the requirements of this article when engaged in an activity that has a legitimate law enforcement purpose.

(c) School security officers shall not be exempt from the requirements of this article. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective, T-91-2-17-16, Feb. 17, 2016; effective June 10, 2016.)

91-42-7. Reporting. (a) Each district shall report information from all incidents of emergency safety interventions that the department deems necessary to the department by the date and in the form specified by the department.

(b) The department shall compile reports from schools on the use of emergency safety interventions and provide the results based on aggregate data on the department web site and to the state board, the governor and the committees on education in the senate and the house of representatives by January 20, 2016, and annually thereafter. The department's reported results shall include but shall not be limited to the following information:

(1) The number of incidents in which emergency safety interventions were used on students who have an individualized education program;

(2) the number of incidents in which emergency safety interventions were used on students who have a section 504 plan;

(3) the number of incidents in which emergency safety interventions were used on students who do not have an individualized education program or a section 504 plan;

(4) the total number of incidents in which emergency safety interventions were used on students;

(5) the total number of students with behavior intervention plans subjected to an emergency safety intervention;

(6) the number of students physically restrained;

(7) the number of students placed in seclusion;

(8) the maximum and median number of minutes a student was placed in seclusion;

(9) the maximum number of incidents in which emergency safety interventions were used on a student;

(10) the information reported under paragraphs (c)(1) through (c)(3) reported by school to the extent possible;

(11) the information reported under paragraphs (c)(1) through (c)(9) aggregated by age, ethnicity,

gender and eligibility for free and reduced lunch of the students on a statewide basis; and

(12) any other information that the department deems necessary to report.

(c) Actual data values shall be used when providing statewide aggregate data for the reports. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective, T-91-2-17-16, Feb. 17, 2016; effective June 10, 2016; amended July 7, 2017.)

Article 12.—INCOME TAX

92-12-66a. Abatement of final tax liabilities. (a) General. The authority of the secretary to abate all or part of a final tax liability shall be exercised only in cases in which there is serious doubt as to either the collectability of the tax due or the accuracy of the final tax liability and the abatement is in the best interest of the state. This authority shall be exercised to effect the collection of taxes with the least possible loss or cost to the state and with fairness to the taxpayer. The determination of whether to abate all or part of a final tax liability shall be wholly discretionary.

(b) Definitions.

(1) "Assets" means the taxpayer's real and personal property, tangible and intangible.

(2) "Collectability" means the ability of the department of revenue to collect, and the ability of the taxpayer to pay, the tax liability.

(3) "Concealment of assets" means a placement of assets beyond the reach of the department of revenue, or a failure to disclose information relating to assets, that deceives the department with respect to the existence of the assets, whether accomplished by act, misrepresentation, silence, or suppression of the truth.

(4) "Final tax liability" means a tax liability that was established by the department to which the taxpayer has no further direct appeal rights.

(5) "Order denying abatement" means an order issued by the secretary that rejects a petition for abatement and refuses to abate any part of a final tax liability.

(6) "Order of abatement" means an order issued by the secretary that abates all or part of a final tax liability and states the reasons that this action was taken.

(7) "Parties" means either the person who requests an abatement of a final tax liability or the person's authorized representative, and either the secretary of revenue or the secretary's designee.

(8) "Secretary" means the secretary of the department of revenue or the designee of the secretary.

(9) "Serious doubt as to collectability" means the doubt that exists when a reasonable person, viewing the controlling circumstances objectively, would conclude that the likelihood of recovering the tax liability is less than probable.

(10) "Serious doubt as to liability" means the doubt that exists when a reasonable person, viewing the controlling circumstances objectively, would conclude that it is probable that the final tax liability previously established by the department is greater than the actual tax liability imposed by the Kansas tax imposition statutes.

(11) "Tax" means the particular tax owed by the taxpayer and shall include any related interest and penalty.

(c) Factors affecting abatement.

(1) No final tax liability shall be abated on the ground of serious doubt as to liability if the taxpayer's liability for the tax has been established on the merits by a court judgment or decision of the court of tax appeals. No final tax liability shall be abated on the ground of serious doubt as to liability if the taxpayer has filed tax returns, absent a showing of the reporting errors on the returns.

(2) No tax liability shall be abated by the secretary if the taxpayer has acted with intent to defraud or to delay collection of tax. Frivolous petitions and petitions submitted only to delay collection of a tax shall be immediately rejected.

(d) Procedures.

(1) Each petition for abatement shall be captioned "petition for abatement of a final tax liability" and shall be submitted to the secretary. The petition shall be signed by the petitioner and the taxpayer, if available, under the penalties of perjury and shall include the following:

(A) The reasons why all or part of the final tax liability should be abated;

(B) the facts that support the abatement; and

(C) a waiver of the taxpayer's right of confidentiality under the confidentiality provisions of chapter 79 of the Kansas statutes annotated and amendments thereto, conditioned upon the secretary's abatement of all or part of the final tax liability.

(2) If a petition alleges serious doubt as to collectability, the taxpayer shall submit a statement of financial condition that lists assets and liabilities, accompanied by an affidavit signed by the preparer under the penalties of perjury, attesting that the financial statement is true and accurate to the best of the preparer's knowledge.

(3) After a petition has been submitted, the taxpayer shall provide any additional verified documentation that is requested by the secretary. The petitioner or taxpayer may be required by the secretary to appear before the secretary and testify under oath concerning a requested abatement.

(4) A petition for abatement may be withdrawn by the taxpayer at any time before its acceptance. When a petition is denied, the taxpayer shall be notified in writing by the secretary within 30 days of the decision to deny.

(5) An order of abatement that abates all or part of a final tax liability may be issued by the secretary. The order may direct any remaining liability to be paid within 30 days. Each order of abatement shall set forth the reasons that the petition for abatement was granted and all relevant information, including the following:

(A) The names of all parties;

(B) the amount and type of tax, interest, and penalties that were abated;

(C) the amount of tax, penalty, and interest that remain to be paid on the date of the order; and

(D) the amount that has been paid, if any.

(6) The submission of a petition for abatement shall not prevent the collection of any tax.

(e) Effect of an order of abatement. Each order of abatement shall relate to the entire liability of the taxpayer with respect to which the order is made and shall conclusively settle the amount of liability. Once an order of abatement is issued, matters covered by the order shall not be reopened by court action or otherwise, except for one of the following reasons:

(1) Falsification of statements or concealment of assets by the taxpayer;

(2) mutual mistake of a material fact sufficient to cause a contract to be reformed or set aside; or

(3) serious doubt as to collectability arising after an abatement order is issued that is based on serious doubt as to liability.

(f) Effect of waiver of confidentiality. The issuance of an order of abatement for \$5,000 or more shall make all reports of the abatement proceeding available for public inspection upon written request, in accordance with K.S.A. 79-3233b, and amendments thereto, and the taxpayer's express waiver of the right to confidentiality under the confidentiality provisions of chapter 79 of the Kansas statutes annotated, and amendments thereto.

(g) Annual report. On or before the last day of September of each year, a summary of each petition of abatement that was granted during the preceding state fiscal year that reduced a final tax liability by \$5,000 or more shall be prepared for filing with the secretary of state, the division of post audit of the legislature, and the attorney general. Each summary shall include the following:

(1) The name of the taxpayer;

(2) a summary of the issues and the reasons for the abatement; and

(3) the amount of final tax liability, including penalties and interest, that was abated. (Authorized by K.S.A. 79-3236; implementing K.S.A. 2010 Supp. 79-3233, 79-3233a, and 79-3233b, as amended by 2011 SB 212, sec. 1; effective July 27, 2001; amended Oct. 28, 2011.)

92-12-145. Transfer of tax credits. (a) Any tax credits earned by a not-for-profit contributor not subject to Kansas income, privilege, or premiums tax may be transferred to any taxpayer that is subject to Kansas income, privilege, or premiums tax. These tax credits shall be transferred only one time. The transferee shall claim the tax credit against the transferee's tax liability in the tax year of the transfer.

(b) The transferor and transferee shall execute a written transfer agreement to transfer the tax

credit. The agreement shall include the following information:

(1) The name and either the employer identification number or the social security number of the transferor;

(2) the name and either the employer identification number or the social security number of the transferee;

(3) the date of the transfer;

(4) the date the contribution was made by the transferor;

(5) the amount of tax credit transferred;

(6) the amount that will be received by the transferor for the tax credit transferred; and

(7) any other relevant information that the secretary requires.

(c) Each transfer agreement shall be reviewed by the secretary. If the transfer agreement is approved, a certificate of transfer shall be issued to the transferor and transferee indicating approval of the transfer. If the transfer agreement is denied, written notification of the denial shall be issued to the transferor and transferee. (Authorized by K.S.A. 79-32,113 and K.S.A. 2008 Supp. 79-32,261; implementing K.S.A. 2008 Supp. 79-32,261; effective June 20, 2008; amended May 22, 2009.)

92-12-146. Definitions. (a) “Contribution,” as defined in K.S.A. 2016 Supp. 72-99a02 and amendments thereto, shall include any donation of cash, stocks and bonds, personal property, or real property.

(1) Stocks and bonds shall be valued at the stock market price on the date of the transfer.

(2) Personal property shall be valued at the lesser of its fair market value or the cost to the donor. The value may include costs incurred in making the donation but shall not include sales tax. If the donor received the personal property as a gift or inheritance and the item is considered a rare and valuable antique or work of art, an independent appraisal may be necessary in determining the fair market value.

(3) The donation of real property shall be allowable for tax credit if title to the real property is in fee simple absolute and is clear of any encumbrances. The amount of tax credit allowable for donations of real property shall be based upon the lesser of two current, independent appraisals conducted by state-licensed appraisers.

(b) “Contributor” shall mean any of the following entities making a contribution:

(1) A taxpayer filing an income tax return pursuant to the Kansas income tax act, and amendments thereto;

(2) a taxpayer filing a privilege tax return pursuant to K.S.A. 79-1105c et seq., and amendments thereto; or

(3) a taxpayer filing an insurance premium tax return pursuant to K.S.A. 40-252, and amendments thereto. (Authorized by and implementing K.S.A. 2016 Supp. 72-99a07, as amended by L. 2017, ch. 95, sec. 97; effective Dec. 5, 2014; amended Jan. 5, 2018.)

92-12-147. Tax credit agreement. (a) Each scholarship-granting organization for which an allocation of tax credits has been authorized pursuant to L. 2014, ch. 93, sec. 61, and amendments thereto, shall enter into an annual tax credit agreement with the secretary for the scholarship-granting organization’s allocation of tax credits.

(b) Each scholarship-granting organization for which an allocation of tax credits has been authorized pursuant to L. 2014, ch. 93, sec. 61, and amendments thereto, shall enter into a new tax credit agreement with the secretary at least one month before the beginning of each calendar year for which the tax credits are available. (Authorized by and implementing L. 2014, ch. 93, sec. 61; effective Dec. 5, 2014.)

92-12-148. Tax credit application. (a) Each contributor making a contribution to a scholarship-granting organization shall complete a tax credit application with the scholarship-granting organization on a form furnished by the secretary. Each application shall include the following information:

(1) The name, address, and either the social security number or the employer identification number of the contributor;

(2) the name of the scholarship-granting organization to which the contribution is being made;

(3) the amount and type of the contribution;

(4) the date of the contribution; and

(5) any other supporting documentation that the secretary requires to review the tax credit application.

(b) Each scholarship-granting organization shall submit the completed tax credit application and supporting documentation to the secretary for review. The application, including the supporting documentation, may be filed by electronic

means in a manner approved by the secretary. The scholarship-granting organization shall receive written notification from the secretary when the application is approved or denied. The scholarship-granting organization shall provide a copy of this approval or denial to the contributor that has made the contribution. (Authorized by K.S.A. 2016 Supp. 72-99a07, as amended by L. 2017, ch. 95, sec. 97; implementing K.S.A. 2016 Supp. 72-99a07, as amended by L. 2017, ch. 95, sec. 97, and K.S.A. 2016 Supp. 79-32,265; effective Dec. 5, 2014; amended Jan. 5, 2018.)

92-12-149. Quarterly reports. Each scholarship-granting organization shall submit a quarterly report indicating the amount of contributions qualifying for tax credits. This report shall be submitted to the secretary on a form furnished by the secretary. Any quarterly report may be filed by electronic means in a manner approved by the secretary. A quarterly report shall be submitted on or before the tenth day following the end of each calendar quarter even if no qualifying contributions are received in that quarter. Each quarterly report shall include the following information:

(a) The name and either the social security number or the employer identification number of each contributor in that quarter;

(b) the amount and type of each contribution received in that quarter;

(c) the total amount of qualified tax credits based on the contributions received in that quarter;

(d) the total amount of tax credits that remain from the scholarship-granting organization's annual allocation; and

(e) any documentation that the secretary requires to support the quarterly report. (Authorized by K.S.A. 2016 Supp. 72-99a07, as amended by L. 2017, ch. 95, sec. 97; implementing K.S.A. 2016 Supp. 72-99a07, as amended by L. 2017, ch. 95, sec. 97, and K.S.A. 2016 Supp. 79-32,265; effective Dec. 5, 2014; amended Jan. 5, 2018.)

Article 14.—LIQUEFIED PETROLEUM FUEL TAX

92-14-6. Sales of LP gas to special LP-gas permit users; use of special LP-gas permit user decals. (a) Each operator of any motor vehicle that bears a Kansas special permit LP-gas user decal shall either self-report tax on the use of LP

gas on a mileage basis or pay the tax in advance, pursuant to K.S.A. 79-3492a through K.S.A. 79-3492c and amendments thereto. Each LP-gas dealer who delivers gas into the tank of any vehicle that bears a permit decal shall record the user's permit number and name on the sales invoice if tax is not collected on the sale.

(b) Except as provided in subsection (c), if a motor vehicle that is authorized to operate under a special LP-gas user permit is destroyed, sold, traded, or otherwise disposed of before the end of a calendar year or if for any other reason the permit holder removes the decal from the vehicle, the permit holder shall immediately notify the director of taxation in writing of the nature of the vehicle transfer or the destruction of the decal. Failure to remove a permit decal from a vehicle that has been disposed of and to notify the director shall be grounds for cancellation of the authorization to operate on a mileage basis.

(c) If a permit holder sells a vehicle that is registered for LP-gas purposes to another permit holder or to a person who is applying for a permit, the purchaser may request the transfer of the permit, decal, and all other related rights and obligations to the purchaser. This transfer may be authorized by the director.

(d) If taxes have been paid in advance on a motor vehicle that is destroyed, sold, traded, otherwise disposed of, or converted from LP-gas use before the first of December in any year, the permit holder may apply for a refund of the taxes.

(e) Special LP-gas permit user decals shall be issued on a calendar-year basis. The decals shall be placed inside on the lower driver's side of the windshield. (Authorized by K.S.A. 79-34,102; implementing K.S.A. 2013 Supp. 79-3491a, K.S.A. 79-3492a, K.S.A. 2013 Supp. 79-3492b, K.S.A. 79-3492c, 79-3492d; effective, E-73-20, July 1, 1973; effective Jan. 1, 1974; amended March 29, 2002; amended Oct. 17, 2014.)

92-14-9. (Authorized by K.S.A. 79-34,102; implementing K.S.A. 79-3490, 79-3492; effective May 1, 1982; amended May 1, 1983; amended March 29, 2002; revoked Oct. 17, 2014.)

Article 19.—KANSAS RETAILERS' SALES TAX

92-19-3. (Authorized by K.S.A. 79-3618; implementing K.S.A. 79-3602, 79-3607, 79-3609; effective, E-70-33, July 1, 1970; effective, E-71-8,

Jan. 1, 1971; effective Jan. 1, 1972; amended May 1, 1988; amended June 26, 1998; revoked April 1, 2011.)

92-19-3a. Credit sales, conditional sales, and other sales and service transactions that allow deferred payment. (a) For purposes of this regulation, K.A.R. 92-19-3b, K.A.R. 92-19-3c, and K.A.R. 92-19-55b, the following definitions shall apply:

(1) "Conditional sale" means a sales transaction made pursuant to a written agreement that is treated as a sale of goods for federal income tax purposes in which the buyer gains immediate possession or control of the goods but the seller or a financial institution retains title to or a security interest in the goods to ensure its future receipt of full payment before clear title is transferred to the buyer in possession or control of the goods. Conditional sale contracts include "financing leases."

(2) "Credit charge" means interest, finance, and carrying charges from credit extended on the sale of goods or services, if the amount is separately stated on the invoice, bill of sale, or similar document given to the buyer.

(3) "Credit sale" means a sale of goods or services under an agreement that provides for the deferred payment of the purchase price. Credit sales shall include sales made under the following:

(A) An installment contract that transfers title and possession of the goods to the buyer at the time of purchase, but allows payment to be made in periodic installments; and

(B) a revolving credit contract that extends a line of credit to a buyer that allows purchases to be charged against the account and provides for periodic billing that requires payment of part of, and allows for payment of all of, the credit balance owed by the buyer.

(4) "Creditor" means an entity or person to whom money is owed.

(5) "Financial institution" means a bank, savings and loan, credit union, or other finance company licensed under the provisions of the Kansas uniform consumer credit code as specified in K.S.A. 79-3602, and amendments thereto, for isolated or occasional sales.

(6) "Financing lease" means a conditional-sale contract that is denominated a lease, but that is intended to finance a lessee's purchase of goods or its continued possession of goods under a sale-leaseback agreement. A lessor shall be presumed

to have entered into a financing lease if the lessor accounts for the lease transaction as a financing agreement for federal income tax purposes. The term "capital lease" shall be considered synonymous with "financing lease."

(7) "Goods" has the same meaning as "tangible personal property," which is specified in K.S.A. 79-3602, and amendments thereto.

(8) "Invoice" means a paper or electronic bill of sale or similar dated document containing an itemized list of goods or services sold to the buyer that specifies the selling price of the goods or services and complies with the requirements of K.S.A. 79-3648 and amendments thereto, when an itemized charge is taxable.

(9) "Layaway sale" means a transaction in which property is set aside for future delivery to a customer who makes a deposit, agrees to pay the balance of the purchase price over a period of time, and, at the end of the payment period, receives the property. An order shall be deemed accepted for layaway by the seller when the seller removes the property from normal inventory or clearly identifies the property as sold to the purchaser.

(10) "Operating lease" has the meaning specified in K.A.R. 92-19-55b.

(11) "Purchase price" has the meaning of "sales or selling price" specified in K.S.A. 79-3602, and amendments thereto.

(12) "Rain check" means that the seller allows a customer to purchase an item at a certain price at a later time because the particular item was out of stock.

(13) "Repossessed goods" means goods sold on credit that a retailer or other creditor reclaims as allowed by law after a buyer or debtor defaults on installment payments.

(14) "Returned goods" means goods that a buyer returns to a retailer upon the parties' cancellation of the original sales contract when the retailer either credits or refunds the full selling price of the goods and associated sales tax to the buyer. Returned goods shall not include goods accepted in trade or barter, goods repossessed or recaptured by legal process, and goods secured pursuant to the consumer's abandonment of the sales contract or other voluntary surrender.

(15) "Sales tax" or "tax" means Kansas retailers' sales tax, Kansas retailers' compensating use tax, and any local retailers' sales or use tax that is levied in addition to the state tax.

(16) "Services" has the meaning specified in K.S.A. 79-3602, and amendments thereto.

(b) Nothing in this regulation, K.A.R. 92-19-3b, K.A.R. 92-19-3c, or K.A.R. 92-19-55b shall be construed as modifying any of the following:

(1) Any requirement of any Kansas certificate-of-title statute or supporting regulation;

(2) any provision of the retailers' sales tax act that allows a retailer to discount the selling price of goods or services based on a trade-in, coupon, or other price reduction that is allowed by a retailer and taken by a buyer on a sale; or

(3) any requirement imposed on creditors or consumers by the Kansas uniform consumer credit code, K.S.A. 16a-1-101 et seq., and amendments thereto.

(c)(1) When a retailer makes credit sales, the retailer may report and pay tax to the department on the total cash and other payments the retailer receives during each reporting period or, if the retailer's books and records are regularly kept on the accrual basis, on the total receipts accrued in its books and records during each reporting period. A retailer that has filed six or more sales tax returns using the same method of accounting that it uses for its federal income tax reporting shall be presumed to have knowingly elected to use that method of accounting for sales tax purposes and to have benefited from its election. Regardless of the reasons for electing to use one method of accounting, a retailer shall continue to use that method of accounting to report its credit and other retail sales unless the director of taxation authorizes the retailer in writing to change its method of accounting for all future sales tax returns or the internal revenue service directs or authorizes the retailer to change its method of accounting for federal income tax purposes.

(2) A retailer shall not be disqualified from reporting sales on a cash-receipts basis because it makes credit sales or has accounts receivable. However, when a retailer that reports credit sales on a cash-receipts basis sells, factors, assigns, or otherwise transfers an installment contract, account receivable, or similar instrument, sales tax shall become due on the total amount of the remaining payments and shall be reported on the return for the period in which the retailer is paid or credited for the contract or receivable.

(3) For the purposes of administering and enforcing the requirements of the Kansas retailers' sales tax act for retailers that report tax based on the total receipts accrued during a reporting period, the date contained on the invoice given to the buyer shall be presumed to be the date the retail-

er recognizes the receipts in its books and records as earned.

(4) If a retailer finds that it is a hardship to report and remit sales tax in accordance with the requirements in this subsection, the retailer may apply in writing to the director of taxation for permission to start reporting its sales using a different accounting method. The retailer shall fully explain the reasons for the request, and the director may identify reasonable requirements that the retailer shall meet as a condition to allowing the retailer to change the method of accounting it uses to report sales tax.

(d)(1) Each retailer that accounts for its credit sales on the accrual basis shall bill the buyer the full amount of tax that is due on the purchase price of the goods or services sold on credit and shall source and report the sale as if it were a cash sale. The purchase price shall not be reduced by any expense that the retailer attributes to the sale or service and recovers from the buyer even when the retailer bills the expense as a separate line-item charge or on a separate invoice.

(2) When a credit sale is made, any credit charge that is paid by a buyer in addition to the purchase price of goods or services shall be deemed not to be part of the purchase price and shall not be subject to sales tax if both of the following conditions are met:

(A) The invoice, bill of sale, or similar document given to the buyer separately states the credit charge and the selling price of the goods or services that were sold on credit.

(B) The extension of credit was contracted for by the parties, provided for by standard industry custom or practice, or otherwise granted by the retailer, including by issuing an invoice that unilaterally informs the buyer that interest at a stated rate will be added each month to any outstanding credit balance.

(3) A retailer's charges for the extension of credit that meet the requirements of paragraph (d)(2) shall not be included in the retailer's report of gross receipts.

(4) A retailer that makes credit sales shall maintain records that separately show the selling price of the goods or services, the corresponding amount of sales tax charged, the customer's credit balance, and any interest, financing, or carrying charge that has been added to that balance.

(5) A retailer shall not collect sales tax on charges to customers for insufficient funds checks or closed-account checks. The receipts from these

charges shall not be included in the retailers report of gross receipts.

(6) This subsection shall not apply to the types of charges related to credit-card use that are specified in subsection (e).

(e)(1) If a retailer increases the selling price of goods or services for a buyer who uses a credit card to compensate for interchange fees or other charges that the credit-card company will later deduct from the payment it forwards to the retailer's account, these increases shall be considered to be part of the selling price of the goods or services and shall be subject to tax.

(2) Interchange fees and other charges that a credit-card company deducts from a participating retailer's account shall be deemed charges for the financial services that the credit-card company has rendered for the retailer and shall not be deducted from the retailer's report of gross receipts or otherwise used to reduce the amount of sales tax being reported.

(f)(1) A progress payment shall mean a payment made to a contractor as work progresses on a construction project that may be conditioned on the percentage of work completed, the stage of work completed, the costs incurred by the contractor, a payment schedule, or some other basis. Each contractor who issues a bill or statement for a progress payment for a period in which the contractor performed taxable labor services shall report sales tax on the taxable services as part of its gross receipts.

(2) If a contractor reports sales tax on the cash basis, it shall report the taxable labor services it performed during the period covered by a progress payment on the return it files for the sales-tax reporting period in which it receives the progress payment. If a contractor reports sales tax on the accrual basis, it shall report the taxable services it performed during the period covered by a progress-billing statement on the return it files for the sales-tax reporting period in which it recognizes the charges on its progress-billing statement in its books and records as earned.

(g)(1) Unless otherwise provided by statute, each retailer that makes a layaway sale shall report sales tax on the total selling price of the goods sold on layaway when the final payment is made and the goods are delivered to the buyer. The tax rate that is applied to a layaway sale shall be the rate that is in effect at the time of delivery. An exemption may be claimed on a layaway sale only if the exemption is in effect at the time of delivery.

If an unpaid balance remains when the goods are delivered, the transaction shall be reported as a credit sale that is consummated when the goods are delivered to the buyer.

(2) Sales tax shall be applied to a purchase made under a rain check in the same way that the tax is applied to a purchase made under a layaway sale.

(h)(1) Each retailer shall collect and remit tax in accordance with this subsection on any taxable sales of goods the retailer makes under a financing lease agreement or other conditional sale, unless the lease or sale satisfies one of the requirements listed in paragraphs (i)(2)(A) through (C).

(2) When an accrual-basis retailer sells goods at retail and the sale is financed under a financing lease, the retailer shall collect and remit sales tax at the time of sale on the full selling price of the goods. Sales tax shall be collected and remitted in this manner even if the retailer transfers title to the goods to a financial institution and possession of the goods to the third-party lessee or if the retailer retains title to the goods and transfers possession to the lessee. Lease payments that a third-party lessee makes to a financial institution or retailer to discharge its loan-repayment obligations under a financing lease or other conditional sale shall not be subject to tax.

(3) A financial institution shall not claim a resale exemption for the purchase of goods that the financial institution is financing under a financing lease agreement.

(4) The transfer of title to the lessee upon completion of the lease payments required under a financing lease agreement shall not be subject to tax.

(i)(1) A contract shall be treated as a financing lease regardless of whether the underlying transaction is characterized as a lease or rental under generally accepted accounting principles, the internal revenue code, the uniform commercial code, K.S.A. 84-1-101 et seq. and amendments thereto, or any other provision of federal, state, or local law, if the contract requires the lessee to possess or control the goods under a security agreement or deferred payment plan that requires the transfer of possession or control of the goods to the lessee under either of the following:

(A) A security agreement or deferred payment plan that requires the transfer of title to the lessee upon completion of the required payments; or

(B) an agreement that requires the transfer of title upon completion of the required installment payments plus the additional payment of an option

price, and the option price does not exceed the greater of \$100 or 1% of the total required payments.

(2) Unless paragraph (i)(1) requires a contract to be treated as a financing lease, a contract shall be treated as an operating lease and not as a financing lease if the contract meets one of the following requirements:

(A) Contains a provision that allows the lessor to claim federal income tax depreciation benefits for the leased goods;

(B) allows the lessee to terminate the agreement at any time by returning the goods and making all lease payments due to the date of return; or

(C) qualifies as a Kansas consumer lease-purchase agreement under K.S.A. 50-680 et seq., and amendments thereto.

(j)(1) A late payment charge or penalty billed to a customer shall be exempt under this regulation only if the late payment charge or penalty is imposed for nonpayment of a credit balance that is owed under the parties' agreement for the extension of credit, a financing lease, or other conditional sale agreement.

(2) A late payment charge or penalty that is billed to a customer by a regulated utility, cable provider, telecommunications company, or other entity that operates under the authority granted by law or contract by a municipal, county, state, or federal governmental unit is not a credit charge imposed for the extension of credit and shall be subject to sales tax.

(3) A late payment charge or penalty imposed under an operating lease or rental agreement shall be subject to tax in accordance with subsection (d) of K.A.R. 92-19-55b. (Authorized by K.S.A. 2010 Supp. 75-5155 and K.S.A. 2010 Supp. 79-3618; implementing K.S.A. 2010 Supp. 75-5155, K.S.A. 2010 Supp. 79-3602, K.S.A. 2010 Supp. 79-3603, K.S.A. 2010 Supp. 79-3609, and K.S.A. 2010 Supp. 79-3618; effective April 1, 2011.)

92-19-3b. Allowances for bad debts. (a) General.

(1) For purposes of this regulation, "bad debt" shall mean any debt owed to or account receivable held by a retailer that can be claimed as a "wholly or partially worthless debt" deduction under 26 U.S.C. Section 166 that arose from the sale of goods or services upon which the retailer reported retailers' sales or use tax in a prior reporting period; and

(2)(A) A retailer shall be eligible to claim a bad debt allowance if the retailer meets the following conditions:

(i) Was the original seller of the taxable goods or services;

(ii) charged and remitted the retailers' sales or use tax on a sale that can be claimed as a worthless debt deduction under 26 U.S.C. Section 166; and

(iii) has written off the bad debt as worthless or uncollectible in its books and records.

(B) A certified service provider shall be eligible to claim a bad debt allowance on behalf of a retailer that meets the conditions in paragraph (a) (2)(A) if the provider meets the requirements in subsection (g).

(3) A claim for a bad debt allowance shall be considered to be filed with the department according to one of the following:

(A) On the due date of the return for the reporting period in which the bad debt is written off as uncollectible in the retailer's books and records, when a deduction for the bad debt is taken on that return; or

(B) on the date that the retailer files a refund claim with the department, if part or all of a bad debt allowance is being claimed as a refund because the bad debt allowance was not taken as a deduction on the appropriate return or the deduction that was taken exceeded the amount of taxable gross receipts being reported on that return. The filing date for a refund claim provided by K.S.A. 79-3609, and amendments thereto, shall be the later of either the postmark date on the refund request or the postmark date on the required supporting documentation.

(4) Each claim by a retailer for a deduction, credit, or refund based on a bad debt allowance shall be made in accordance with this regulation. K.A.R. 92-19-3c shall control the treatment of goods that are repossessed by a retailer after the retailer has taken a bad debt allowance on the underlying credit sale of goods defaulted on by the retailers' customer.

(5) After a retailer sells, factors, assigns, or otherwise transfers an account receivable, installment contract, or other similar debt instrument for a discount of any kind that authorizes a third party to collect customer payments, the retailer shall not be eligible to claim a bad debt allowance, credit, or refund for bad debts that arise under an instrument that was sold or transferred at a discount. A third party that purchases or otherwise obtains a debt instrument from the retailer, and any person that subsequently purchases or otherwise obtains the debt instrument, shall not be eligible to claim a bad debt allowance, credit, or

refund for an underlying credit sale of goods or services defaulted on by the retailer's customer.

(b) Determining the amount of a bad debt allowance.

(1) The bad debt allowance that may be claimed for sales tax purposes shall be the difference between the federal worthless debt deduction calculated for the sale or account pursuant to 26 U.S.C. Section 166(b) and the applicable adjustments and exclusions to the federal worthless debt deduction specified in K.S.A. 79-3674 and amendments thereto.

(2) No anticipatory or statistical sampling method of estimating the amount of a sales-tax bad debt allowance shall be allowed except as specified in K.S.A. 79-3674(h) and amendments thereto.

(3) If a retailer maintains a reserve account for bad debts, only charges against the bad debt reserve that have been written off the retailer's books and records may be claimed as a bad debt allowance.

(4) The amount of sales tax that is deducted, credited, or refunded under a bad debt allowance shall not exceed the difference between the tax that the retailer remitted to the department on a retail transaction and the tax that the retailer collected on the retail transaction.

(5) The amount of a bad debt allowance shall not include any finance charges, collection expenses, or repossession expenses that the retailer assigned to the consumer's account.

(6) Whenever the sales tax rate that was in effect at the time and place of the original sale is changed pursuant to a statutory rate change or the enactment or repeal of a local tax, the amount of the bad debt allowance shall be adjusted to account for the rate change before the bad debt allowance is claimed.

(7) In the absence of adequate records showing the contrary, it shall be presumed that the interest rate for financing charges that the retailer billed to a customer's delinquent account is the maximum rate of interest that the retailer charged on the same type of delinquent account during the same period that gave rise to the bad debt.

(8) No interest shall be paid by the department on any sales-tax bad debt deduction taken on a retailer's tax return. Interest on a refund claim filed to recover part or all of a bad debt allowance shall be computed as provided in subsection (e).

(c) How to claim a bad debt allowance.

(1)(A) A retailer that is required to file federal income tax returns shall claim a bad debt allow-

ance as a deduction from the taxable gross receipts being reported on the return the retailer files for the reporting period in which the bad debt is charged off its books and records as uncollectible.

(B) A retailer that is not required to file federal income tax returns, including a church or other nonprofit entity, shall claim a bad debt allowance as a deduction from taxable gross receipts during the reporting period in which the bad debt is charged off its books and records, if the allowance would otherwise qualify for a worthless debt deduction under 26 U.S.C. Section 166 if the retailer were required to file federal income tax returns.

(2) If a retailer fails to timely claim a bad debt deduction on the return identified in paragraph (c)(1) or if a bad debt allowance exceeds the taxable gross receipts being reported on that return, the retailer shall file a refund request pursuant to K.S.A. 79-3609, and amendments thereto, to recover the bad debt allowance or the balance of the allowance. The retailer shall not claim a bad debt allowance as a deduction so that a negative balance is reported on a return, as a deduction on an amended return filed for an earlier reporting period, or as a deduction on a return filed for a later period.

(3) A refund request that is filed to recover a bad debt allowance shall not include any other type of refund claim. The supporting documentation shall clearly state that the refund request is based on a claim for a bad debt allowance and shall identify the sales tax reporting period in which the worthless debt deduction could have first been claimed for federal income tax purposes.

(4) A refund claim based on a bad debt allowance shall be denied if the due date of the return for the reporting period in which the retailer first became eligible to write off the worthless debt for federal income tax purposes is outside the limitation period specified in K.S.A. 79-3609, and amendments thereto, for filing refund claims.

(d) Substantiating documentation.

(1) The burden of establishing the right to and the validity of a sales-tax bad debt allowance shall be on the retailer. In order to verify each sales-tax bad debt allowance being claimed, the retailer shall retain records that show the following:

(A) The date when the retailer first became eligible to write off the worthless debt in the books and records that it maintains for federal income tax purposes;

(B) the amount of the worthless debt that was written off for federal income tax purposes and

the amount of the worthless debt that is being claimed for Kansas sales tax purposes;

(C) any computations or adjustments made by the retailer to its federal worthless debt deduction to arrive at the bad debt allowance being claimed for Kansas sales tax purposes;

(D) any portion of the debt or worthless account that represents customer charges that were not taxed; and

(E) the amount of interest, finance charges, service charges, collection, and repossession costs that the retailer assigned to the debt or worthless account.

(2) The information specified in paragraphs (d)(1)(A) through (d)(1)(E) may be requested by the department at any time to substantiate a retailer's bad debt allowance claim.

(3) Any retailer that qualifies to claim a sales-tax bad debt allowance and whose volume and character of uncollectible or worthless accounts warrant an alternative method of substantiating the allowance may apply in writing to the director of taxation and ask to be allowed to maintain records other than those specified in this subsection. The retailer shall explain the reasons for the request, and the director may identify reasonable requirements that the retailer must meet as a condition to allowing the retailer to maintain records other than those specified in this subsection.

(e) A bad debt allowance submitted as a refund request. If a retailer claims a bad debt allowance by filing a refund request in accordance with paragraphs (c)(2) through (c)(4), the request shall be treated as the retailer's application for a refund. If a refund request based on a bad debt allowance is approved, either a credit memorandum or a refund payment may be issued by the department to the retailer for the approved amount. The amount credited or refunded shall not include interest, unless a credit memorandum or refund payment is not issued within the time provided for refunds by K.S.A. 79-3609, and amendments thereto. If a credit memo or refund payment is issued after the time provided for refunds, interest shall be computed from the later of either the filing date of the refund request or the filing date of the supporting documentation required by K.S.A. 79-3693, and amendments thereto.

(f) Recovery of allowances previously taken. If a retailer collects payment for goods or services or repossesses goods that were the basis of a bad debt allowance, the retailer shall apply the payment first proportionally to the selling price of the

goods or services and the corresponding sales tax that remains unpaid and then to any other charges that are owed on the customer's account, including interest, service charges, and collection costs billed to the customer. The retailer shall report the payment amount that is apportioned to the selling price of the taxable goods or services as part of its taxable gross receipts for the period in which the payment is received.

(g) Certified service providers.

(1) If a retailer's filing responsibilities have been assumed by a certified service provider, the certified service provider may claim, on the retailer's behalf, any bad debt allowance that the retailer could claim under this regulation. The certified service provider shall provide a credit or issue a refund to the retailer for the full amount of any bad debt allowance that the provider recovers. No person other than the retailer who reported the taxable transaction and reported tax to the department, or a retailer's certified service provider, shall be entitled to claim a bad debt allowance that is based on a worthless debt or uncollectible account.

(2) If the books and records of the retailer or certified service provider claiming a sales-tax bad debt allowance support an allocation of the sales-tax bad debts among the member states on a particular customer's uncollectible account, the allocation shall be allowed pursuant to K.S.A. 79-3674, and amendments thereto. (Authorized by K.S.A. 2010 Supp. 75-5155 and 79-3618; implementing K.S.A. 2010 Supp. 79-3609, 79-3674, and 79-3693; effective April 1, 2011.)

92-19-3c. Repossessed goods. (a) Each retailer that repossesses goods that were the basis of a bad debt allowance under K.A.R. 92-19-3b, and each financial institution that repossesses goods, shall account for the repossessed goods in accordance with this regulation.

(b) The recovery of goods being repossessed and the transfer of title to the goods from the debtor to the retailer or financial institution are not retail sales and shall not be taxed.

(c) When repossessed goods are resold by a retailer at retail, the receipts from the sale shall be reported as part of the retailer's gross receipts. When repossessed goods are resold by a retailer as a sale for resale, a retailer that previously claimed a bad debt allowance on the goods shall account for the receipts as an allowance recovery in accordance with K.A.R. 92-19-3b(f).

(d) When goods are repossessed by a financial institution, the resale of the goods by the financial institution and the transfer of title to the buyer shall be treated as nontaxable isolated or occasional sales.

(e) When a debtor satisfies the underlying debt after goods are repossessed, the return of goods and the transfer of title to the goods to the debtor are not retail sales and shall not be taxed. A retailer that previously claimed a bad debt allowance on the goods shall report the taxable gross receipts that are included in the payment from the debtor in accordance with K.A.R. 92-19-3b(f).

(f) When a retailer or financial institution uses repossessed goods other than for retention, demonstration, or display while holding the goods for resale in the regular course of business, the retailer or financial institution shall accrue sales tax on its use of the repossessed goods as the rental of the goods. (Authorized by K.S.A. 2009 Supp. 75-5155 and 79-3618; implementing K.S.A. 2009 Supp. 79-3602, K.S.A. 2009 Supp. 79-3603 as amended by L. 2010, Ch. 160, sec. 1, K.S.A. 2009 Supp. 79-3607 as amended by L. 2010, ch. 123, sec. 11, K.S.A. 2009 Supp. 79-3609 as amended by L. 2010, ch. 123, sec. 12, K.S.A. 2009 Supp. 79-3615, 79-3618 and 79-3674; effective April 1, 2011.)

92-19-10. (Authorized by K.S.A. 79-3618, implementing K.S.A. 1986 Supp. 79-3602, 79-3603 as amended by L. 1987, Ch. 182, Sec. 108, K.S.A. 1986 Supp. 79-3607; effective, E-70-33, July 1, 1970; effective, E-71-8, Jan. 1, 1971; effective Jan. 1, 1972; amended May 1, 1988; revoked April 1, 2011.)

92-19-16a. Gifts, premiums, prizes, coupons, and rebates. (a) Each sale of tangible personal property shall be taxable if made to a person who will use the property as a prize or premium or who will give the property away as a gift. Donors of articles of tangible personal property shall be regarded as the users or consumers of the property. If a retailer donates property that was originally acquired for resale, the retailer shall accrue tax on the cost it paid for the property when the retailer files its next sales tax return, unless the retailer donates the property to an entity that is exempt from taxation on its purchases under K.S.A. 79-3606, and amendments thereto, or has provided the retailer with a resale exemption certificate.

(b) If a retailer making a retail sale that is subject to tax gives a premium or prize along with

the item being sold, the transaction shall be regarded as the sale of both items to the purchaser if delivery of the premium or prize does not depend on chance.

(c) If the award of a premium or prize by a retailer depends on chance, the retailer's acquisition of the premium or prize shall be subject to sales tax. The retailer shall pay the tax at the time of acquisition of the premium or prize or, if the item is removed from resale inventory, shall accrue tax on the item's cost on its sales tax return.

(d) If a retailer accepts a coupon for a taxable product and will later be reimbursed by a manufacturer or other party for the reduction in selling price, the total sales value, including the coupon amount, shall be subject to sales tax. If a retailer accepts a coupon and will not be reimbursed for the reduction in selling price, the reduction shall be considered a discount, and the taxable amount shall be the net amount paid by the customer after deducting the value of the coupon. If a retailer enhances the value of a manufacturer's coupon, the amount of the unreimbursed enhancement shall be treated as a discount that is not subject to sales tax.

(e) For purposes of this regulation, "rebate" shall mean a return of part of the amount paid for a product after the time of sale, which is commonly obtained by sending proof of purchase to the manufacturer. Like manufacturers' coupons, a manufacturer's rebate is a form of payment. Therefore, even if a manufacturer's rebate is assigned to a retailer at the time of sale, the rebate shall not reduce the amount that is subject to sales tax.

(f) Sales of gift certificates, meal cards, or other forms of credit that can be redeemed by the holder for the equivalent cash value shall not be subject to tax when sold. If the certificate or other form of credit is used as a cash equivalent to purchase taxable goods or services, the retailer who redeems the certificate or other form of credit shall charge sales tax on the selling price of the goods or services, which shall not be reduced by the amount of the certificate or other credit being redeemed.

(g) Sales of coupon books and similar materials that entitle the holder to a discount or other price advantage on the purchase of goods or services shall be presumed to have value in addition to the coupons or discounts contained in them and shall be taxable as sales of tangible personal property, except when the sale of this type of book is by a nonprofit organization that treats the re-

ceipts from the sales as a donation. If a coupon is redeemed from a coupon book or other material sold at retail, the retailer who redeems the coupon shall charge sales tax in accordance with the requirements for sales made with coupons that are specified in subsection (d).

(h) If a nonprofit organization treats receipts from the providing of coupon books and similar materials as donations, the nonprofit organization shall be liable for paying sales tax when it purchases the coupon books or other materials that are provided to a donor when a donation is made, unless the organization is otherwise exempted from paying tax on its purchases. If a coupon is redeemed, the retailer who redeems the coupon shall charge sales tax in accordance with the requirements for sales made with coupons that are specified in subsection (d). (Authorized by K.S.A. 2009 Supp. 75-5155 and 79-3618; implementing K.S.A. 2009 Supp. 79-3602 and K.S.A. 2009 Supp. 79-3603 as amended by L. 2010, ch. 160, sec. 1; effective July 27, 2001; amended April 23, 2007; amended April 1, 2011.)

92-19-16b. (Authorized by K.S.A. 2005 Supp. 75-5155 and K.S.A. 2005 Supp. 79-3618; implementing K.S.A. 2005 Supp. 79-3602, as amended by L. 2006, Ch. 202, Sec. 1, K.S.A. 2005 Supp. 79-3607, and K.S.A. 2005 Supp. 79-3609; effective April 13, 2007; revoked April 1, 2011.)

92-19-40. (Authorized by K.S.A. 79-3618, implementing K.S.A. 1986 Supp. 79-3606 as amended by L. 1987, Ch. 292, Sec. 32, as further amended by L. 1987, Ch. 64, Sec. 1; effective, E-80-26, Dec. 12, 1979; effective May 1, 1980; amended May 1, 1988; revoked April 1, 2011.)

92-19-42. (Authorized by K.S.A. 79-3618; implementing K.S.A. 1980 Supp. 79-3602, 79-3603, 79-3606; effective May 1, 1981; revoked April 1, 2011.)

92-19-49b. Goods returned when a sale is rescinded. (a)(1) When a retailer and consumer rescind a taxable sale of goods that the retailer reported on an earlier return, the retailer shall be entitled to deduct the original selling price of the returned goods from its current report of gross receipts, except as provided in paragraph (a)(2). A retail sale of goods shall be considered to be rescinded once the retailer accepts possession of the returned goods and the consumer accepts the repayment of all or part of the selling price and

sales tax that was originally paid to buy the goods. This repayment to the consumer may be made by credit or refund.

(2) If a retailer reduces the amount credited or refunded to the consumer for the returned goods as compensation for depreciation, consumer usage, or any other reduction in the value of the goods, the amount of the reduction shall be considered a charge by the retailer for the consumer's use of the goods and shall be subject to sales tax as if it were a rental charge being billed to the consumer. Both the deduction from gross receipts taken by the retailer on its current return and the selling price credited or refunded to the consumer shall be reduced by the amount taken as compensation for the reduced value of the goods. The amount of tax that is required to be credited or refunded to the consumer shall be reduced in a proportional amount.

(3) A retailer shall not be required to report its taxable receipts from a retail sale that is rescinded if the original sale, the acceptance of the returned goods by the retailer, and the full repayment to the consumer are all completed during one reporting period. If only partial repayment of the selling price and sales tax is made to the consumer, the retailer shall report the amount used as the reduced value of the goods as part of its gross receipts for that reporting period.

(4) If a retailer does not reduce the amount refunded to a consumer under paragraph (a)(2) or (a)(3) for a reduction in the value of the goods and charges a restocking or reshelving fee to the consumer after goods are returned, this fee shall not be taxable. A restocking or reshelving fee shall be defined as a fee charged by a retailer to cover the time and expense incurred returning goods to resale inventory if the consumer has not used the goods in a way that reduces their value.

(b) Each retailer shall maintain records that clearly establish and support its deduction claim when a sale is rescinded.

(c) Any retailer may take a deduction or credit for a refund claim on its sales tax return only if the deduction or credit has been authorized in writing by the department or is allowed under this regulation, K.A.R. 92-19-3b, K.A.R. 92-19-3c, or another department regulation. All other refund claims shall be made by submitting a written refund application to the department, in accordance with K.A.R. 92-19-49c.

(d) Repossessed goods shall be treated as specified in K.A.R. 92-19-3c.

(e) Despite any other provision of this regulation, any motor vehicle manufacturer, manufacturer's agent, or authorized dealer may apply to the department for a refund or take a deduction during the reporting period if a consumer returns a motor vehicle in accordance with K.S.A. 50-645, and amendments thereto, and is refunded the total amount that the consumer paid for the vehicle, including sales tax, less a reasonable allowance for the consumer's use of the vehicle, which shall include the sales tax associated with that use. The manufacturer, agent, or dealer shall maintain records that clearly reflect the acceptance of the returned vehicle under K.S.A. 50-645 and amendments thereto, the amount of the refund, and the amount of taxes refunded. (Authorized by K.S.A. 2009 Supp. 75-5155 and K.S.A. 2009 Supp. 79-3618; implementing K.S.A. 2009 Supp. 79-3607 as amended by L. 2010, ch. 123, sec. 11, and K.S.A. 2009 Supp. 79-3609 as amended by L. 2010, ch. 123, sec. 12; effective May 27, 2005; amended April 1, 2011.)

92-19-55b. Operating leases. (a) Definitions.

(1) "Financing lease" shall have the meaning specified in K.A.R. 92-19-3a.

(2) "Goods" shall have the meaning as specified in K.A.R. 92-19-3a. For purposes of this regulation, "equipment" may be substituted for the word "goods" whenever equipment rentals or leases are being considered.

(3) "Lease or rental" shall have the meaning specified in K.S.A. 79-3602, and amendments thereto. When used in this regulation, these two terms and their derivatives are synonymous.

(4) "Lessee" shall mean a person who acquires the right to possess or control goods under a lease or rental agreement.

(5) "Lessor" shall mean a person who is engaged in the business of leasing or renting goods to others.

(6) "Operating lease" shall mean a lease agreement that gives the lessee possession or control of goods for a fixed or indeterminate period, while the lessor retains all or substantially all of the risk and rewards of ownership of the goods. This term shall be synonymous with "true lease."

(7) "Primary property location" shall have the meaning specified in K.S.A. 79-3670, and amendments thereto.

(8) "Sales tax" or "tax" shall have the meaning specified in K.A.R. 92-19-3a.

(9) "Transportation equipment" shall have the meaning specified in K.S.A. 79-3670, and amendments thereto. When the term "motor vehicle" or "vehicle" is used, the term shall mean any passenger vehicle, truck, trailer, semitrailer, or truck tractor, as defined in K.S.A. 8-126 and amendments thereto, that is not classified as "transportation equipment" under K.S.A. 79-3670, and amendments thereto.

(b) Operating leases and rentals.

(1) Each agreement that is structured as a lease shall be treated as an operating lease unless the agreement meets the definition of a "financing lease" in K.A.R. 92-19-3a. Any operating-lease agreement may contain a future option to purchase the goods that are being leased or to extend the agreement, or both. Each oral lease shall be treated as an operating lease.

(2) Each person who rents or leases goods at retail for use in Kansas under an operating lease shall be deemed a retailer doing business in this state and shall register with the department and report tax on its taxable receipts as provided in this regulation. If tax is not collected on a taxable charge for a rental or lease, the tax together with interest and penalty may be collected by the department from either the lessor or the lessee.

(3) Each lessor shall collect tax on every taxable rental or lease charge that it bills to its lessees. A lessor shall not forgo this collection duty and elect instead to pay sales tax when the lessor buys goods to rent or lease.

(4) Each recurring periodic payment made under a rental or lease agreement shall be treated as a payment for a separate sales transaction in time units defined by the agreement of the parties. Each recurring periodic payment period under an agreement shall be treated as a complete sale for purposes of determining the following:

(A) Whether tax is required to be collected or paid on a periodic payment because of the enactment of a new tax imposition or exemption;

(B) whether a change in the tax rate applies to a periodic payment;

(C) what the appropriate local tax jurisdiction is when the primary property location is changed from one local taxing jurisdiction in Kansas to another; and

(D) what the appropriate state tax jurisdiction is when the primary property location is changed to Kansas from another state or from Kansas to another state.

(5) If a lease or rental agreement does not require recurring periodic payments to be made,

the lump-sum payment shall be treated as a complete sale for purposes of applying exemptions, tax rates, sourcing requirements, and other requirements of the sales tax act to the lease payment. No refund claim shall be allowed or assessment issued that is based on an enactment that takes effect after payment but during the term of this type of lease or rental, unless the enactment specifies otherwise.

(6) Each “rent-to-own” or “rental-purchase” agreement that is subject to the Kansas consumer lease-purchase agreement act, K.S.A. 50-680 et seq. and amendments thereto, shall be treated as an operating lease. A reinstatement fee charged under this type of an agreement shall be taxable.

(7) A rental or lease shall not qualify for exemption as an isolated or occasional sale of goods.

(c) Sourcing receipts from operating leases. Each receipt from the lease or rental of goods shall be sourced according to the following:

(1) Classification of the receipt as a down payment, recurring periodic payment, or a single payment for the entire lease or rental period; and

(2) the type of goods being leased or rented.

Each different type of receipt shall be sourced according to K.S.A. 79-3670 and amendments thereto.

(d) Computation of the tax.

(1) Sales tax shall be computed on the total amount of each lease charge billed to the lessee without any deduction for mandatory insurance, damage waiver fees, property taxes, maintenance, service, repair, pickup, delivery, and other handling charges, administrative charges, late payment charges or penalties, reinstatement fees, late return charges, fuel charges, surcharges, and other charges or expenses whether paid by the lessor or lessee. Each of these fees or expenses shall be considered to be part of a taxable lease charge, even when the fee or expense is separately stated on an invoice given to a lessee or when separate contracts are entered into for the rental or lease and for the payment of one or more of these fees or expenses.

(2) All payments of interest, financing, and carrying charges, and any other payment that a lessee makes to reimburse a lessor for the costs or expenses the lessee incurs under the lease, shall be subject to sales tax whether billed as a separate line-item charge or on a separate invoice.

(3) When a rental or lease agreement has been subject to sales tax, sales tax shall apply to any charge made for either of the following:

(A) The cancellation of the agreement; or

(B) the early return of the rented or leased goods.

(4) Each late return charge that is billed for a customer's failure to return goods to a rental company or other lessor within the agreed-upon rental or lease term shall be treated as a charge for the customer's continued possession or control of the goods. This charge shall be subject to sales tax regardless of whether the charge meets any of the following conditions:

(A) Is designated a late return charge, a penalty, or a credit charge;

(B) exceeds the standard rental charge; or

(C) is a flat charge that appears to be a fine.

(e) A lessor's purchase of goods to rent or lease.

(1) Any registered lessor that rents or leases goods may claim that the goods are purchased for resale when the lessor buys goods for the sole purpose of renting or leasing to others.

(2) A lessor that rents or leases equipment or other goods to others shall not claim the equipment or goods are purchased for resale when the lessor buys the equipment or goods if the lessor engages in a service business that does either of the following:

(A) Uses the equipment or other goods to perform services, in addition to renting or leasing the equipment or goods; or

(B) furnishes the equipment or goods to others with an operator.

(3) If a lessor paid tax when it purchased goods, the payment of tax shall not exempt any subsequent charges that the lessor bills for the rental or lease of the goods and shall not entitle the lessor to claim a credit for the taxes paid. Each lessor that is allowed to claim that goods are purchased for resale as provided in paragraph (e)(1) but paid tax on the purchase of the goods in error shall apply to the department for a refund of the tax.

(4) If a lessor that purchased goods solely for rental or lease later withdraws the goods from its rental or lease inventory for its own occasional use and then returns them to its inventory, the lessor shall accrue sales tax on the regular rental amount that the retailer would charge to a customer for use of the goods under a rental or lease agreement.

(f) Purchases of repair services and repair parts.

(1) A lessor's purchases of repair services and repair parts for incorporation into the goods or equipment that the lessor uses exclusively to rent or lease shall not be considered to be a retail sale. A lessor's purchases of oil, grease, filters, lubri-

cants, and similar items that are purchased for use in equipment that the lessor uses exclusively to rent or lease shall not be considered to be a retail sale. Sales tax shall be collected on any charges for these items that are separately billed to a lessee.

(2) The sale of repair services, repair parts, oil, grease, filters, lubricants, and similar items to a rental or lease business for use in equipment in its rental or lease inventory shall be a retail sale if the business uses equipment from its inventory to perform services or if the business furnishes equipment from its inventory to others with an operator.

(g) Furnishing equipment with an operator.

(1) Each charge for furnishing equipment with an operator who will use the equipment to perform services shall be taxed as a service rather than a rental or lease and shall be subject to the impositions on services set forth in K.S.A. 79-3603, and amendments thereto.

(2) Each lessor shall charge and collect sales tax on each lease or rental charge that the lessor bills to a lessee who intends to use the equipment being rented or leased to perform services for others.

(3) When a lessee bills a customer for taxable services that it performed using leased equipment, the lessee shall not deduct or otherwise exclude the lease charges that it paid to the lessor when the lessee bills its customer for the taxable services.

(4) Equipment shall be considered to be leased or rented rather than provided with an operator if the only services the lessor provides are setup, inspection, or maintenance services that are performed on the leased equipment itself.

(h) Disposal of rental or lease inventory. When goods that were purchased for rental or lease are sold at retail, the lessor shall collect sales tax on the full selling price without regard to any tax that has been collected and remitted on receipts from the rental or lease of the goods. The sale of any goods that a retailer makes from its rental or lease inventory shall not qualify as an isolated or occasional sale.

(i) Real property considerations.

(1) If a contract for the rental or lease of real property requires goods, including furniture and restaurant equipment, to be provided to a tenant with real property, no sales tax shall be due on any amount that is separately charged to the tenant for the goods. When a business purchases or leases goods to use to furnish or equip an apartment, office, restaurant, or other real property that the

business intends to lease or rent, the sale or lease of the goods to the business shall be considered a retail sale or lease, and the business shall pay sales tax on the purchase price or lease charges as the final user of the goods.

(2) Each rental or lease of goods, including computers, typewriters, and word processors, to a person who obtains the exclusive right to use the goods for a fixed term shall be subject to sales tax even though the goods are attached or affixed to real property, unless the goods are being furnished with the rental or lease of a real property as specified in paragraph (i)(1).

(3) For purposes of determining the taxability of a rental or lease transaction that involves tangible personal property attached to realty, taxability shall be presumed if the property being leased or rented is considered "goods" pursuant to K.S.A. 84-2-107(2), and amendments thereto, unless the goods are being furnished with the rental or lease of real property as specified in paragraph (i)(1).

(j) Exemptions, discounts, and deductions. Any discount, deduction, or exemption may be claimed when a rental or lease of goods or services is entered into if the same discount, deduction, or exemption would be allowed when the same goods or services are sold at retail. When a lessee that makes recurring periodic payments claims entitlement to a new discount, deduction, or exemption that first takes effect during the term of a lease, any discount, deduction, or exemption may be applied to the periodic payments as provided in paragraph (b)(4).

(k) Conditional sales. Each financing lease and other financing transactions shall be taxed as provided in K.A.R. 92-19-3a. (Authorized by K.S.A. 2010 Supp. 75-5155 and 79-3618; implementing K.S.A. 2010 Supp. 79-3602, 79-3603, 79-3604, 79-3618, 79-3669, 79-3670, and 79-3702; effective April 1, 2011.)

92-19-56. (Authorized by K.S.A. 79-3618; implementing K.S.A. 1986 Supp. 79-3603 as amended by L. 1987, Ch. 182, Sec. 108; effective May 1, 1988; revoked Jan. 3, 2020.)

92-19-59. Private letter rulings. (a) A "private letter ruling" shall mean a statement of the secretary of revenue or the secretary's authorized agent issued to an individual retailer and shall be of limited application. A private letter ruling interprets the statute or regulation to which the ruling relates. A private letter ruling is issued in response

to a retailer's written request for clarification of the tax statute or regulation relating to a specified set of circumstances affecting the retailer's collections duties as they relate to a claim of exemption from sales tax.

(b) A retailer, consumer, or other person shall not rely upon a verbal opinion from the department of revenue. Only a written private letter ruling issued to a retailer that concerns the retailer's collection duties shall bind the department. Each retailer seeking a private letter ruling from the department shall submit a written request for the ruling to the department. The written request shall identify the retailer and state with specificity the facts and circumstances relating to the issue for which the ruling is sought. If insufficient facts are presented with a retailer's request for a ruling, a private letter ruling shall not be issued by the department. If material facts are misrepresented in a retailer's request for a ruling, a private letter ruling that is issued by the department shall be of no effect and shall not be binding on the department. Department correspondence that does not state that the correspondence is a "private letter ruling" shall not be considered or otherwise treated as a private letter ruling.

(c) Nothing contained in a private letter ruling shall be construed as altering any provision of the Kansas retailers' sales tax act or any department regulation or as otherwise meeting any of the following conditions:

- (1) Having the force and effect of law;
- (2) being a notice, revenue ruling, or other tax-policy statement that has been published by the department; or
- (3) being a precedent that can be cited or relied upon by any person other than the retailer to whom the ruling is issued, except to identify a ruling that is being relied upon as support for a request for the reduction or waiver of penalty or interest.

(d) If a private letter ruling erroneously instructs an individual retailer that it is not required to collect sales tax under a specific set of facts and circumstances, that retailer shall be absolved of its statutory duty to collect sales tax under a comparable set of facts and circumstances, unless the ruling has been rescinded or was based on the retailer's misrepresentation of material facts. A consumer that did not pay the tax to the retailer shall continue to be liable for the uncollected tax. However, if the consumer belatedly pays or is later assessed the tax, penalty shall be waived, and

any interest on the consumer's late payment may be waived or reduced, upon the consumer's request unless the consumer misrepresented material facts to either the retailer or the department.

(e) Each private letter ruling shall cease to be valid and shall be deemed to have been rescinded when any one of the following occurs:

(1) A statute or regulation that the department relied upon as a basis for the ruling is changed in any substantive part by the Kansas legislature or department of revenue.

(2) A substantive change in the interpretation of a statute or regulation that the department relied upon as a basis for the ruling is made by a court decision.

(3) An interpretation that the department relied upon as a basis for the ruling is changed in any substantive part by a more recent department notice, guideline, revenue ruling, or other published policy directive that rescinds all prior published policy statements about issues that are discussed in the policy directive. Any policy statement that has been rescinded by the department may be cited as support for a taxpayer's request for the reduction or waiver of penalty or interest. (Authorized by K.S.A. 2009 Supp. 75-5155 and 79-3618; implementing K.S.A. 2009 Supp. 79-3604 and K.S.A. 79-3646; effective May 1, 1988; amended April 1, 2011.)

92-19-73. Membership fees and dues. (a)

Each public or private club, organization, or business charging dues to members for the use of the facilities for recreation or entertainment shall collect sales tax on the gross receipts received from the dues, except for the following:

(1) Clubs and organizations that are exempt from property tax pursuant to the "eighth" paragraph of K.S.A. 79-201 and amendments thereto, including the American legion, the veterans of foreign wars, and certain other military veterans' organizations;

(2) clubs and organizations that are exempt from property tax pursuant to the "ninth" paragraph of K.S.A. 79-201 and amendments thereto, including the Y.M.C.A., Y.W.C.A., Boy Scouts, Girl Scouts, and certain other humanitarian community service organizations; and

(3) nonprofit organizations that support nonprofit zoos, if the organization is exempt pursuant to section 501(c)(3) of the federal internal revenue code of 1986 and the dues are used to support the operation of the zoo.

(b)(1) “Dues” means any charge that is a debt owed to the club, organization, or business by an existing member or prospective member in order for the member or prospective member to enjoy the use of the facilities of the club, organization, or business for recreation or entertainment, and, except as provided in paragraph (b)(2), shall include periodic or one-time special assessments, initiation fees, and entry fees charged to members by a non-profit club or organization if a member’s continued nonpayment of the assessment or fee will result in the loss of membership or membership rights.

(2) Dues shall not include the redeemable amount of a contribution required for membership in an equity country club or other equity entity organized for recreation or entertainment in which none of the net earnings inure to the benefit of any shareholder or other person, including organizations described by I.R.C. 501(c)(7), if the club or organization is obligated to repay the redeemable amount of the contribution, and the redeemable amount either is reflected as a liability owed to the member on the club’s or organization’s books and records or is required to be repaid to the member under a written contract. The repayment obligation may be conditioned upon the club’s or organization’s receipt of a membership contribution from a new member. The redeemable amount of a contribution required for membership shall include payments made by a member or prospective member for membership stock, certificates of membership, refundable deposits, refundable capital improvement surcharges, refundable special or one-time assessments, or similar membership payments in an amount equal to the amount that the club or organization is obligated to repay to the member. These payments to a club shall not be considered redeemable contributions if the club’s repayment obligation is contingent solely on a club ceasing its operations as a nonprofit social organization sometime in the future.

(3) If all or part of a redeemable contribution paid to acquire or retain membership ceases to be carried as a liability on the books and records of a club that continues operation, or its successor, and the contribution has not been redeemed by a former member or former member’s estate, the amount of the contribution that is no longer carried as a liability and can no longer be redeemed shall be subject to sales tax.

(c) “Recreation or entertainment” means any activity that provides a diversion, amusement, sport, or refreshment to the member. This term shall in-

clude the health, physical fitness, exercise, and athletic activities identified in K.A.R. 92-19-22b.

(d) An exemption for gas, fuel, or electricity shall not be allowed for a public or private club, organization, or other business that charges dues to members if the gas, fuel, or electricity is utilized for heating, cooling, or lighting a building, facility, or other area that is used for recreation or entertainment. An exemption shall not be allowed for water, cleaning supplies, toilet supplies, sanitary supplies, and other consumables and supplies that are used by a public or private club, organization, or other business that enable dues-paying members or others to use the building or facility for recreation or entertainment. These exemptions shall not be allowed regardless of whether the business charges dues-paying members or others for admission or for participation in sports, games, or recreation. (Authorized by K.S.A. 2009 Supp. 75-5155 and K.S.A. 2009 Supp. 79-3618; implementing K.S.A. 2009 Supp. 75-5155, K.S.A. 2009 Supp. 79-3603 as amended by L. 2010, ch. 160, sec. 1 and K.S.A. 2009 Supp. 79-3618; effective May 1, 1988; amended July 27, 2001; amended April 1, 2011.)

Article 23.—CHARITABLE GAMING

92-23-9. (Authorized by K.S.A. 79-4708; implementing K.S.A. 79-4706, 79-4708; effective May 1, 1985; revoked Feb. 12, 2016.)

92-23-40. (Authorized by K.S.A. 2000 Supp. 79-4708; implementing K.S.A. 2000 Supp. 79-4706; effective, E-80-12, Aug. 8, 1979; effective May 1, 1980; amended Feb. 22, 2002; revoked Feb. 12, 2016.)

92-23-41. Definitions; persons conducting games of bingo; restrictions. (a) For purposes of K.A.R. 92-23-41 through K.A.R. 92-23-59, each of the following terms shall have the meaning specified in this subsection:

(1) "Gross bingo receipts" means the revenue received from the sale of bingo faces, reusable bingo cards, instant bingo tickets, and any charges or admission fees imposed on players for participation in games of bingo.

(2) "Licensing period" means the period of time beginning on July 1 and through the following June 30.

(b) A person engaged in the management, operation, or conduct of a game of bingo shall not participate as a player in that game of bingo.

(c) Only one employee of the lessor may assist the licensee with the session if there has been a cancellation by a licensee's volunteer to work. The lessor's employee shall not handle any money.

(d) Volunteers who are members of a licensee's nonprofit organization may assist only one licensee during the same licensing period. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5179 and 75-5181; effective Feb. 12, 2016.)

92-23-42. Bond required for distributors. Each distributor shall post a cash bond of \$1,000 at the time of initial registration. Any distributor may subsequently be required by the director to increase the cash bond to an amount equal to three times the average monthly tax liability based upon the distributor's sales for the pre-

vious 12 months. If the distributor does not have 12 months of tax liability history to use for this calculation, then an estimate of the tax liability may be made by the director based upon the best information available. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5176 and 75-5184; effective Feb. 12, 2016.)

92-23-43. Bingo trust bank accounts.

Each licensee required to establish and use a bingo trust bank account pursuant to K.S.A. 2015 Supp. 75-5179, and amendments thereto, shall comply with all of the following requirements:

(a) The bingo trust bank account name shall include the word “bingo.”

(b) Only revenue received from the conduct of call bingo and instant bingo shall be deposited into the bingo trust bank account. Funds from other sources shall not be deposited in the account.

(c) Cash prizes from call bingo games under \$500 and all prizes from instant bingo games may be paid from the daily gross bingo receipts before depositing these receipts in the bingo trust bank account if the licensee keeps a detailed written record of the gross bingo receipts, cash prizes paid, and net deposit made to the account for the day.

(d) All payments made from the bingo trust bank account shall be made by check.

(e) Any excess funds in the bingo trust bank account that are not needed for the payment of bingo prizes, taxes, and expenses may be removed from the account by writing a check. These excess funds may be used for any lawful purpose of the nonprofit organization pursuant to K.S.A. 2015 Supp. 75-5179, and amendments thereto. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5179; effective Feb. 12, 2016.)

92-23-44. Schedule of games of bingo. (a)

Each applicant or licensee applying for an initial bingo license or for renewal of an existing bingo license shall furnish, at the time of the application, a schedule of the games of bingo that will be conducted. The schedule shall include the date and time of each session. If the games of bingo will be conducted only occasionally or on irregular dates that have not been determined at the time of the application, the applicant or licensee shall state this on the application form and shall furnish a schedule in accordance with subsection (b).

(b) If a licensee intends to conduct games of bingo on a date or at a time different from that

previously furnished in writing to the secretary, the licensee shall submit written notice of the change to the administrator at least three days before the effective date of that change.

(c) Each licensee and lessor shall post information inside the premises and outside the premises providing the following information:

(1) Name of the nonprofit organization conducting the session; and

(2) date and time of each session. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5179; effective Feb. 12, 2016)

92-23-45. Handling of reusable bingo cards. (a) No person shall select or set aside any reusable bingo cards for playing by the person or another person before the time that the reusable bingo cards are made accessible to all of the players before the start of a session.

(b) No person shall set aside or reserve reusable bingo cards between games of bingo. All reusable bingo cards to be used for a particular session shall be shuffled before being sold or rented to the players so as to ensure that reusable bingo cards returned from the previous session do not remain in the order in which they were returned.

(c) At the end of each session, all reusable bingo cards used during the session shall be returned to one common area. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

92-23-46. Bingo; house rules. Any licensee may impose restrictions on player eligibility and game procedures through the use of “house rules” if these house rules meet all of the following conditions:

(a) The house rules do not conflict with state laws and regulations and local ordinances.

(b) The house rules are conspicuously posted at the location where games of bingo are conducted.

(c) The house rules are uniformly and consistently enforced by the licensee. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

92-23-47. Display of numbered objects used in conducting games of bingo. As each number is called during each game of bingo, the selected object upon which the number appears shall be displayed to the players present so that each player who desires to see the number can do so. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

92-23-48. Bingo; procedure for correction if wrong number called. (a) If a caller calls a number different from what is on the ball or other object selected by chance and this fact is brought to the caller's attention before the prize is awarded for that game of bingo, then the mistake shall be corrected by announcing that the correct number will be used rather than the incorrect number.

(1) If this correction results in one or more immediate winners, then the game of bingo shall be deemed complete at that point. If the caller can determine who would have won first if the mistake had not been made, then the prize or prizes shall be awarded to that winner or those winners. If the caller cannot determine which winner would have won first, then the prize or prizes shall be split as equally as possible among the winners.

(2) If this correction does not result in at least one winner, then the game of bingo shall be continued until there is a winner.

(b) If a caller calls a number different from what is on the ball or other object selected by chance and this fact is brought to the caller's attention after the prize or prizes have been awarded for that game of bingo, then no correction shall be made and the winner or winners shall retain the prize or prizes. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

92-23-49. Bingo; persons selling refreshments or performing janitorial work. A person who is only selling refreshments or providing janitorial services for games of bingo shall not be deemed to be participating in the management, conduct, or operation of games of bingo. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

92-23-50. Communication of numbers needed to win prohibited. Each licensee shall ensure that no person communicates verbally or in any other manner the number or numbers needed by any player to win a game of bingo to any person involved in the conduct of that game of bingo. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

92-23-51. Disputed game of bingo. (a) "Disputed game of bingo" shall mean a game of bingo at which a participant or observer registers a complaint with a licensee's employee or volunteer who is operating, conducting, or managing games of bingo for the licensee. If the participant or ob-

server is not satisfied with the manner in which the complaint is handled, then that individual may file a written complaint with the administrator.

(b) Each licensee shall, on the premises, post in plain view of the participants the address where bingo complaints may be filed. The address shall be provided to each licensee by the department. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5179 and 75-5181; effective Feb. 12, 2016.)

92-23-52. Bingo; multiple winners. (a) Before the beginning of the first call bingo game of a session, the licensee shall notify the players of how the licensee intends to pay out the prize for each game of bingo during that session if there are multiple winners.

(b) If a bingo player has a winning pattern simultaneously on two or more bingo faces or reusable bingo cards, then that player shall be treated as a separate winner for each such winning bingo face or reusable bingo card when determining the awarding of the prize or prizes for that game of bingo.

(c) If a bingo player has two or more winning patterns simultaneously on the same bingo face or reusable bingo card, then the licensee may treat the player as a separate winner for each winning pattern when determining the awarding of the prize or prizes for that game only if the licensee has published a house rule to that effect. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5179; effective Feb. 12, 2016.)

92-23-53. Verification of winners. The winning numbers on the bingo face or reusable bingo card of each announced winner of each call bingo game shall be verified by the following individuals:

(a) At least one other call bingo player unrelated by blood or marriage to either the winning player or the caller of that game of bingo; and

(b) one or more of the bingo workers, using one of the following methods:

(1) The bingo worker shall call back the winning numbers while the other call bingo player looks at the bingo face or reusable bingo card and verifies that the correct numbers are being called back. The winning numbers shall be called out loud so that the other players present can hear the numbers. The caller shall announce whether the bingo face or reusable bingo card is a winner. For a

blackout game, the numbers not selected may be called by the bingo worker and other call bingo player to verify the winners; or

(2) the bingo worker shall call out the unique identifying number on the bingo face while the other call bingo player verifies that the correct identifying number was called. The caller shall type the identifying number into the bingo machine with an electronic verifier and announce the bingo machine's response as to whether the bingo face is a winner. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

92-23-54. Bingo; reduction in value of prizes. Any licensee may make the value of the prize awarded to the winner of call bingo contingent upon the number of players participating, if the exact terms of the contingency are posted or announced to all of the players before their purchase of any bingo faces or reusable bingo cards for the game. (Authorized by and implementing K.S.A. 2015 Supp. 75-5181; effective Feb. 12, 2016.)

92-23-55. Cashing of prize checks. Checks written by licensees for call bingo prizes of \$500 or more shall not be cashed by any licensee or member of the licensee's nonprofit organization, any lessor, any employee or agent of the lessor, or any other person located upon the premises where the licensee is conducting games of bingo. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5179; effective Feb. 12, 2016.)

92-23-56. Bingo; instant bingo. (a) Each licensee shall maintain and enforce written procedures to ensure that the licensee's instant bingo tickets are sold only at the times and places permitted by law.

(b) Instant bingo tickets shall be sold only by the licensee.

(c) Each prize for a winning instant bingo ticket shall be paid out to the winner only within the premises designated by the licensee for the conduct of games of bingo.

(d) Once sold, instant bingo tickets shall remain within the premises designated by the licensee for the conduct of games of bingo and shall be disposed of by placing them in receptacles provided by the licensee. The licensee shall be responsible for arranging for the removal and disposal of the instant bingo tickets. However, the licensee shall retain all winning tickets.

(e) An instant bingo game in which the prize is awarded by matching the winning number in a call bingo game shall not be carried over from one session to another. If not all of the tickets from a game have been sold before awarding a prize, then the amount of the prize may be reduced based upon a formula or schedule that has been made known to the players before the commencement of the instant bingo game. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5179; effective Feb. 12, 2016.)

92-23-57. Bingo; records; inspection; preservation. (a) Each licensee shall maintain records that are necessary to determine the amount of tax due and to determine that the games of bingo operated or conducted by the licensee are operated or conducted in compliance with the Kansas charitable gaming act, K.S.A. 2015 Supp. 75-5171 through 75-5188, and amendments thereto. The records shall show the following:

(1) The date and location of each call bingo game conducted;

(2) the name of the operator or manager who conducted or operated each game of bingo;

(3) the number of call bingo games played daily;

(4) the value of all prizes awarded for each call bingo game played;

(5) the value of all other prizes awarded in connection with games of bingo;

(6) the date on which each call bingo prize was awarded;

(7) the name and address of each winner of a call bingo game in which the prize awarded was more than \$100 in value and of all winners of prizes in disputed games of bingo as defined in K.A.R. 92-23-51. A prize shall not be awarded to any individual who refuses to give the individual's name and address to a licensee in compliance with this regulation;

(8) the daily gross bingo receipts received by the licensee for admission, charges for participation, and any other charges in connection with games of bingo, with separate totals for call bingo and instant bingo;

(9) the number of players present during each session on which games of bingo are conducted;

(10) for each progressive bingo game, the winning and consolation prizes offered and the number of bingo balls required to win each of these prizes; and

(11) the occurrence of any drawing conducted during each session and, if any drawing occurred,

a description of the prize awarded and its fair market value.

(b) All records required by subsection (a) shall be preserved for at least three years following the date on which the game of bingo to which the records pertain was managed, operated, or conducted.

(c) All records required by this regulation shall be available for, and subject to, inspection by the director of taxation or the director's authorized agents and employees at a location previously designated by the licensee. The records shall be subject to inspection at any reasonable time. The records for the preceding four months shall be available for inspection without advance notice at all times that the licensee is operating or conducting games of bingo.

(d) Each licensee shall provide all information, tax returns, and records regarding or related to the operation, management, or conduct of games of bingo that are requested by the department. Failure to provide all requested information shall constitute grounds for revocation of a bingo license. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5179; effective Feb. 12, 2016.)

92-23-58. Bingo; filing of returns; notice; hearings. (a) On or before the last day of each calendar month, each licensee that was licensed during the preceding calendar month shall submit a return and remit all enforcement taxes due for the preceding month to the department. The return shall be submitted upon a form furnished by the department.

(b) If a licensee does not operate or conduct any games of bingo during a calendar month, the licensee shall still submit a return for that month. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5176 and 75-5180; effective Feb. 12, 2016.)

92-23-59. Due date of tax return by distributors. Each distributor shall submit a return and remit the tax due for each month's sale of bingo faces and instant bingo tickets by the 25th day of the month following the month in which the sales were made. (Authorized by K.S.A. 2015 Supp. 75-5181; implementing K.S.A. 2015 Supp. 75-5176 and 75-5177; effective Feb. 12, 2016.)

92-23-70. Charitable raffles; definitions. As used in K.A.R. 92-23-70 through K.A.R. 92-23-75, each of the following terms shall have the meaning specified in this regulation:

(a) "Gross receipts" means the total number of raffle tickets sold and given away multiplied by the selling price of a single raffle ticket. For the purpose of determining potential gross receipts, each raffle ticket shall be calculated at its individual selling price before the application of any discount for the purchase of two or more raffle tickets.

All charitable raffles conducted within the same licensing period shall be included when determining gross receipts.

(b) "Licensing period" means the period of time beginning on July 1 and through the following June 30. (Authorized by and implementing K.S.A. 2015 Supp. 75-5188; effective Feb. 12, 2016.)

92-23-71. Licensing requirements; renewals. (a) Each applicant expecting to conduct charitable raffles with annual gross receipts exceeding \$25,000 shall apply to the department for a charitable raffle license at least 30 days before any raffle tickets may be sold.

(b) Each application for a charitable raffle license or the renewal of a charitable raffle license shall be submitted on a form prescribed by the department and be accompanied by the applicable fees prescribed in K.S.A. 2015 Supp. 75-5175, and amendments thereto.

(c) In addition to information requested on the application, any applicant or licensee may be required to provide any of the following with an application or renewal:

(1) A copy of the applicant's or licensee's articles of incorporation or bylaws or, if the applicant or licensee is not a corporation, a copy of any bylaws or other documents that specify the nonprofit organization's structure and purpose;

(2) a copy of the ruling or determination letter from the internal revenue service recognizing the applicant or licensee as a nonprofit organization; and

(3) a current roster of all active members of the nonprofit organization.

(d) Each licensee shall maintain current information on its license. The licensee shall inform the department within 30 days of any changes in the information supplied in its most recent application filed with the department.

(e) Any licensee may request a hearing in accordance with the Kansas administrative procedure act before a charitable raffle license may be suspended or revoked by the secretary. The licensee shall surrender the raffle license to the depart-

ment upon receipt of the final order of suspension or revocation.

(1) For each suspension, the license shall be returned to the licensee at the end of the suspension period.

(2) For each revocation, the former licensee may reapply for a charitable raffle license no earlier than six months following the date of revocation.

(f) Charitable raffle licenses shall not be transferred or assigned to another nonprofit religious organization, nonprofit charitable organization, nonprofit fraternal organization, nonprofit educational organization, or nonprofit veterans' organization.

(g) Only one nonprofit organization may be licensed for each charitable raffle.

(h) Each licensee wanting to renew its license shall submit an application for renewal at least 30 days before the date the licensee intends to begin selling charitable raffle tickets in the new licensing period. (Authorized by and implementing K.S.A. 2015 Supp. 75-5175; effective Feb. 12, 2016.)

92-23-72. Charitable raffle ticket requirements. (a) Except as specified in subsection (f), each raffle ticket shall contain all of the following information printed in a clear and legible manner:

(1) The name of the licensee as it appears on the raffle license;

(2) the licensee's Kansas charitable raffle license number;

(3) the word "raffle";

(4) the date, time, and location of the raffle drawing;

(5) the price of the raffle ticket;

(6) a statement specifying whether a participant must be present to win;

(7) a unique sequential identification number on the raffle ticket and ticket stub that is different from any other number found on a ticket sold for that particular raffle activity; and

(8) any other information that the administrator requests.

(b) The ticket stub portion of the raffle ticket that is given to the purchaser shall contain a sequential number corresponding to the number printed on the raffle ticket from which the stub is detached. The raffle ticket portion of the ticket that is retained by the licensee shall contain a space for the purchaser's name, address, and telephone number if a participant's presence is not required when a winner is determined.

(c) A sample raffle ticket may be requested by the department for each raffle conducted by the licensee.

(d) Each raffle ticket shall be offered for the same price as that for every other raffle ticket being sold for the same charitable raffle. Any licensee may offer a discount for the purchase of two or more raffle tickets if the discount is offered to all persons wanting to participate in the charitable raffle.

(e) Each raffle ticket to participate in a charitable raffle shall be paid for in advance by cash, check, or credit card. The extension of credit shall be prohibited. The issuance of free raffle tickets shall not be prohibited; however, the value of all free raffle tickets shall be included in the gross receipts derived from the charitable raffle.

(f) If all raffle ticket purchases and the subsequent raffle are conducted during the same event, it shall be permissible to clearly display the following information at the event in lieu of printing the information on each raffle ticket:

(1) The name of the licensee as it appears on the raffle license;

(2) the licensee's Kansas charitable raffle license number;

(3) the word "raffle";

(4) the date, time, and location of the raffle drawing;

(5) the price of the raffle ticket;

(6) a statement specifying whether a participant must be present to win;

(7) a unique sequential identification number on the raffle ticket and ticket stub that is different from any other number found on a ticket sold for that particular raffle activity; and

(8) any other information that the administrator requests. (Authorized by and implementing K.S.A. 2015 Supp. 75-5188; effective Feb. 12, 2016.)

92-23-73. Conduct of charitable raffle.

(a) Each licensee shall be responsible for the following:

(1) The conduct and management of the charitable raffle;

(2) the publishing of a promotional plan and advertising for each charitable raffle; and

(3) the accountability of raffle ticket sales, which shall include all of the following:

(A) Tracking raffle tickets provided to each raffle ticket seller;

(B) collecting all receipts from each raffle ticket seller;

(C) collecting the portion of all raffle tickets sold that shall be retained by the licensee; and

(D) collecting all unsold raffle tickets.

(b) All raffle tickets sold or given away shall be placed in the pool of raffle tickets from which the winners shall be drawn.

(c) Each raffle ticket placed in the raffle container shall have an equal opportunity to win.

(d) The order in which the winners will be determined shall be announced before the start of the drawing.

(e) Only one raffle ticket shall be drawn at a time.

(f) If a participant's presence is required when a winner is to be determined, statements specifying this condition shall be printed on each raffle ticket and all promotional material concerning the charitable raffle. If a participant's presence is not required when a winner is to be determined, each participant shall complete the portion of the raffle ticket providing the participant's name, address, and telephone number.

(g) Only raffle tickets that have been sold or given to a participant shall be included in the raffle container when determining the winner.

(h) If more than one prize or opportunity to win has been offered in a particular charitable raffle and a series of drawings must be made to determine all of the winners, any raffle ticket that has been drawn may be returned to the raffle container.

(i) Prizes awarded in a charitable raffle may include cash, merchandise, and anything of value that may be legally owned. If any prize other than cash is awarded, the prize shall be valued at fair market value.

(j) Each licensee conducting a charitable raffle in which prizes of real or personal property are to be awarded shall have paid for in full or otherwise become the owner without lien or interest of others of all the real or personal property to be awarded as prizes, before the date on which the winners will be determined.

(k) The licensee shall not participate in a charitable raffle as a player. Raffle tickets shall not be purchased in the name of the licensee. Individual members of the licensee may purchase raffle tickets.

(l) If a charitable raffle is canceled, the decision to cancel the charitable raffle shall be announced publicly and shall be posted at the licensee's principal office and web site. All receipts from raffle ticket sales shall be returned to each purchaser within 30 days of cancellation of the charitable raffle.

(m) If a charitable raffle is postponed, the postponement shall be announced publicly and shall be posted at the licensee's principal office and web site. The postponed charitable raffle shall be conducted within 30 days of the original date scheduled.

Any participant may request a refund on the purchase price of a raffle ticket if that participant is not able to be present on the date of the postponed charitable raffle and the participant's presence is required. (Authorized by and implementing K.S.A. 2015 Supp. 75-5188; effective Feb. 12, 2016.)

92-23-74. Awarding charitable raffle prizes. (a) All charitable raffle prizes shall be awarded.

(b) Each licensee shall make a diligent effort to locate the winners of all prizes.

(c) A prize shall not be forfeited to the licensee.

(d) Each prize that is not claimed or for which the winner cannot be located within 30 days from the date of the drawing shall be awarded by conducting another drawing using the original pool of raffle tickets. (Authorized by and implementing K.S.A. 2015 Supp. 75-5188; effective Feb. 12, 2016.)

92-23-75. Reporting requirements; recordkeeping. (a) Each licensee shall annually report all charitable raffle winners of any prize for which the retail value is at least \$1,199. The report shall be submitted on a reconciliation form prescribed by the department.

(b) Each licensee shall annually reconcile the charitable raffle license fee paid based on the gross receipts from the previous licensing period. The licensee shall submit the reconciliation on a form prescribed by the department.

(c) Each licensee shall maintain the following information for each charitable raffle, for three years after the date the charitable raffle was conducted:

- (1) Date of charitable raffle;
- (2) total gross receipts;
- (3) total number of raffle tickets available for sale;
- (4) number of raffle tickets sold;
- (5) number of raffle tickets given away;
- (6) number of raffle tickets returned unsold to the licensee;
- (7) raffle ticket price;
- (8) value of all raffle tickets sold and given away;
- (9) name and address of all charitable raffle winners of any prize;

(10) receipts for the purchase of prizes awarded or a statement indicating the fair market value of the prizes donated for each charitable raffle; and

(11) deposit records indicating that the proceeds from the charitable raffle have been deposited into the licensee's bank account. (Authorized by and implementing K.S.A. 2015 Supp. 75-5188; effective Feb. 12, 2016.)

Article 24.—LIQUOR DRINK TAX

92-24-23. Bond. (a) Each applicant or licensee submitting an application for a new license or for renewal of an existing license shall post or have posted with the department of revenue a bond in an amount equal to three months' average liquor drink tax liability or \$1000, whichever is greater, at the time of the application. Any new applicant who has no previous tax experience may estimate that person's expected liquor drink tax liability projected over a 12-month period and submit a bond in an amount equal to 25% of the projected tax liability or \$1000, whichever is greater. A certificate of liquor drink tax registration shall not be issued until the bond requirement is satisfied.

(b) Bond requirements may be satisfied through surety bonds purchased from a corporate surety, escrow bond agreements, or the posting of cash bonds.

(c) An additional bond may be required by the secretary of revenue at any time if the existing bond is not sufficient to satisfy the three months' average liability of the licensee.

(d) The existing liquor drink tax bond requirement for any licensee may be waived by the secretary of revenue if the relief is requested in writing and the licensee has remained compliant with K.S.A. 79-41a01 et seq., and amendments thereto, for at least 24 consecutive months before the date of the request for bond relief. If, after the bond is released, the licensee becomes delinquent in filing and remitting the liquor drink tax, a bond shall be required for any subsequent renewal of the license. (Authorized by and implementing K.S.A. 2009 Supp. 79-41a03; effective, T-83-30, Oct. 25, 1982; effective May 1, 1983; amended, T-88-58, Dec. 16, 1987; amended May 1, 1988; amended Jan 4, 2002; amended Nov. 29, 2010.)

Article 26.—AGRICULTURAL ETHYL ALCOHOL PRODUCER INCENTIVE

92-26-1. Definitions. As used in this article, these terms shall have the following meanings: (a)

"Agricultural commodities" shall mean all materials used in the production of agricultural ethyl alcohol, including grains and other starch products, sugar-based crops, fruits and fruit products, forage crops, and crop residue.

(b) "Director" shall mean the director of taxation of the department of revenue.

(c) "Fiscal year" means a period of time consistent with the calendar periods of July 1 through the following June 30.

(d) "Principal place of facility" means a plant or still located in the state of Kansas that produces or has the capacity to produce agricultural ethyl alcohol.

(e) "Production" means the process of manufacturing agricultural ethyl alcohol. For the purposes of this article, the terms "produce" and "produced" shall be consistent with the definition of "production."

(f) "Quarter" means a period of time consistent with the calendar periods of January 1 through March 31, April 1 through June 30, July 1 through September 30, and October 1 through December 31. For the purposes of this article, the term "quarterly" shall be consistent with the definition of "quarter."

(g) "Spirits" means an inflammable liquid produced by distillation.

(h) "Wine gallon" means 231 cubic inches measured at 60 degrees Fahrenheit. (Authorized by K.S.A. 2008 Supp. 79-34,163; implementing K.S.A. 2008 Supp. 79-34,161 and 79-34,163; effective, T-88-34, Sept. 17, 1987; amended May 1, 1988; amended Feb. 27, 2009.)

92-26-4. Filing of quarterly reports; deadline. (a)(1) Each ethyl alcohol producer producing agriculture ethyl alcohol in the state of Kansas shall file a Kansas qualified agricultural ethyl alcohol producer's report with the director of taxation within 30 days from the last day of each quarter. Each producer not filing a report within 30 days after the last day of any quarter in a fiscal year shall be barred from seeking one quarter of any payment due from the agricultural ethyl alcohol producer's fund for that fiscal year. Upon proof satisfactory to the secretary of extenuating circumstances preventing timely submission of the report by the producer, this penalty may be waived by the secretary.

(2) Production incentives shall be paid on a fiscal year basis from the new production account or the current production account in the agricultural

ethyl alcohol producer incentive fund, whichever account is applicable. When the production incentive amount for the number of agricultural ethyl alcohol gallons sold by any producer to a qualified alcohol blender exceeds the balance in the applicable account at the time payment is to be made for that fiscal year's production, the incentive per gallon shall be reduced proportionately so that the current balance of the applicable account is not exceeded. Any amount remaining in the account following a fiscal year payment of producer incentives shall be carried forward in that account to the next fiscal year for payment of future production incentives, except when the current production account balance is required by K.S.A. 79-34,161, and amendments thereto, to be transferred to the new production account. The quarterly reports for a fiscal year shall be for the third and fourth quarters of one calendar year and the first and second quarters of the following calendar year.

(b) Each quarterly report shall be submitted on forms furnished by the director and shall contain the following information:

(1) The beginning inventory of denatured alcohol;

(2) the amount of alcohol produced and denaturant added;

(3) the amount of agricultural ethyl alcohol sold to qualified blenders;

(4) the amount of denatured alcohol sold to other than qualified blenders;

(5) the amount of denatured alcohol sold or used for miscellaneous purposes, including denatured alcohol that has been lost, destroyed, or stolen;

(6) the name of the liquid fuel carrier and the liquid fuel carrier's federal employer identification number;

(7) the mode of transportation;

(8) the point of origin, specifying city and state;

(9) the point of destination, specifying city and state;

(10) the name of the company to which the product was sold;

(11) the date the product was shipped;

(12) the identifying number from the bill of lading or manifest;

(13) the number of gross gallons sold; and

(14) the product code.

Each ethyl alcohol producer filing a quarterly report shall furnish all information required by the director before receiving the funds. (Authorized

by K.S.A. 2008 Supp. 79-34,163; implementing K.S.A. 2008 Supp. 79-34,161 and 79-34,163; effective, T-88-34, Sept. 17, 1987; amended May 1, 1988; amended Nov. 12, 2004; amended Feb. 27, 2009.)

Article 28.—RETAIL DEALER INCENTIVE

92-28-1. Definition. "Quarter" shall mean any of the following periods in each calendar year:

(a) January 1 through March 31;

(b) April 1 through June 30;

(c) July 1 through September 30; or

(d) October 1 through December 31.

For the purposes of this article, the term "quarterly" shall be consistent with the definition of "quarter" in this regulation. (Authorized by and implementing K.S.A. 2007 Supp. 79-34,174; effective Feb. 13, 2009.)

92-28-2. Filing of quarterly reports;

deadline. (a)(1) Each Kansas retail dealer seeking a Kansas retail dealer incentive shall file a retail dealer's report with the secretary of revenue within 30 days after the last day of each quarter. Each retail dealer not filing a retail dealer's report within 30 days from the last day of the quarter shall be barred from seeking payment from the Kansas retail dealer's incentive fund for that quarter. Each retail dealer's report shall be filed in the same manner as that for the motor fuel retailers' informational return, with respect to filing for single or multiple locations.

(2) The Kansas retail dealer incentives shall be paid on a quarterly basis. If the retail dealer incentive amounts claimed, based on the number of gallons of renewable fuels or biodiesel fuel sold or dispensed by Kansas retail dealers, exceed the balance in the Kansas retail dealer incentive fund, the incentive per gallon shall be reduced proportionately so that the balance in the Kansas retail dealer incentive fund is not exceeded. If any amount remains in the Kansas retail dealer incentive fund following each quarterly payment of Kansas retail dealer incentives, that amount shall be carried forward in the Kansas retail dealer incentive fund to the next quarter for the payment of future incentives.

(b) Each Kansas retail dealer filing a quarterly retail dealer's report shall be a licensed motor fuel retailer and shall have filed all monthly motor fuel retailers' informational returns and any other relevant information as required by the secretary of revenue before receiving any incentive funds.

(c) Each quarterly retail dealer's report shall be filed electronically with the department of revenue and shall include the following information:

(1) The total number of gallons of gasoline, gas-ohol, ethanol, diesel, and biodiesel sold;

(2) the total number of gallons of renewable fuel and biodiesel sold; and

(3) any other relevant information that the secretary of revenue requires in order to determine entitlement to and the amount of any incentive payment. (Authorized by and implementing K.S.A. 2007 Supp. 79-34,174; effective Feb. 13, 2009.)

92-28-3. Record requirements. (a) Each Kansas retail dealer shall maintain the following records for each quarter:

(1) The quantity and product type of all fuel received;

(2) the quantity and product type of all fuel sold or dispensed;

(3) the method of disbursement; and

(4) invoices and bills of lading.

(b) The records specified in subsection (a) shall contain sufficient information to allow the secretary of revenue to determine the quantity and product type of all fuel received, sold, or dispensed and the method of disbursement. Any retail dealer may use records prepared for other purposes if the records contain the information required by subsection (a).

(c) Each retail dealer shall retain the required records for at least three years. The records shall be available at all times during business hours and shall be subject to examination by the secretary of revenue or the secretary's designee. (Authorized by K.S.A. 2007 Supp. 79-34,174; implementing K.S.A. 2007 Supp. 79-3415 and 79-34,174; effective Feb. 13, 2009.)

92-28-4. Funds erroneously paid; informal conferences. (a) If the secretary of revenue determines from available reports and records that a Kansas retail dealer has erroneously received money from the Kansas retail dealer incentive fund, the retail dealer shall refund to the secretary of revenue the amount erroneously paid, within 30 days after receiving notification by the secretary.

(b) Each Kansas retail dealer who has a dispute concerning an incentive payment shall request resolution from the secretary of revenue or the secretary's designee through the informal confer-

ence process. (Authorized by K.S.A. 2007 Supp. 79-34,174; implementing K.S.A. 2007 Supp. 79-3420 and 79-34,174; effective Feb. 13, 2009.)

Article 51.—TITLES AND REGISTRATION

92-51-21. Staggered registration system.

(a) All motorized bicycles, motor vehicles, and recreational vehicles, other than apportioned registered vehicles, mobile homes, trailers, antique vehicles, trucks or truck tractors registered for a gross weight of greater than 12,000 pounds, and commercial motor vehicles as described in K.S.A. 8-143m and amendments thereto, shall be registered annually under a staggered registration system during one of 11 registration periods. The month of expiration of the registration shall be embossed upon the number plate issued at the time of registration or shall be represented by a decal attached to the number plate in a location designated by the director.

(b) At the time of registration, the owner shall pay a prorated registration fee equal to $\frac{1}{12}$ of the annual registration fee multiplied by the number of months remaining in the registration period, including the month of expiration. Each registration period shall expire on the last day of the month as prescribed for the alpha letter designation on the plate or decal affixed to the plate, as determined by the first letter of the owner's surname in accordance with the following table:

ALPHABETICAL DESIGNATION FOR MONTHLY STAGGERED REGISTRATION

| Alpha Letter Designation | Month | First Letter of Surname |
|--------------------------|-----------|-------------------------|
| A | February | A |
| B | March | B |
| C | April | C, D |
| E | May | E, F, G |
| H | June | H, I |
| J | July | J, K, L |
| M | August | M, N, O |
| R | September | P, Q, R |
| S | October | S |
| V | November | T, V, W |
| X | December | U, X, Y, Z |

(Authorized by and implementing K.S.A. 2013 Supp. 8-134, K.S.A. 8-134a; effective, E-82-26, Dec. 16, 1981; effective May 1, 1982; amended Jan. 3, 2003; amended Nov. 22, 2013.)

92-51-25a. Proof of valid license required for foreign vehicle dealers. (a) For purposes of

this regulation, the following terms shall have the meanings specified in this subsection:

(1) “Foreign vehicle dealer” shall mean a person holding a license to sell vehicles at retail or wholesale issued by a jurisdiction outside of the territorial limits of the United States. For purposes of this regulation, all states, protectorates, and trust territories administered by the federal government of the United States shall be considered part of the United States and shall be excluded from the definition of “foreign vehicle dealer.”

(2) “Agent of a foreign vehicle dealer” shall mean a person who is authorized by a foreign vehicle dealer to purchase vehicles for import and resale by the foreign vehicle dealer at the foreign vehicle dealer’s authorized place of business in the foreign country.

(3) “Vehicle dealer” has the meaning specified in K.S.A. 8-2401, and amendments thereto.

(b) Before permitting a foreign vehicle dealer to purchase a vehicle, each vehicle dealer shall require proof that the foreign vehicle dealer holds a foreign dealer license and shall retain a copy of the dealer license from the foreign dealer’s country of origin.

(c) Each vehicle dealer who sells a vehicle to a foreign vehicle dealer shall stamp in red ink on the back of the title in all unused dealer reassignment spaces the words “For Export Out of Country Only” and the vehicle dealer’s state-assigned vehicle dealer number. The stamp shall also be placed on the front of the title in a manner that does not obscure any names, dates, or mileage statements. The stamp shall be at least two inches wide, and all words shall be clearly legible.

(d) If the purchaser is a foreign vehicle dealer, the vehicle dealer shall obtain the following documents before the sale and shall maintain these documents in the vehicle dealer’s sales file for each vehicle:

(1) A copy of the foreign vehicle dealer’s license issued by the appropriate governmental entity of the foreign government to the foreign vehicle dealer;

(2) a copy of any identification documentation issued by the appropriate foreign governmental entity indicating that the person claiming to be a foreign vehicle dealer is, in fact, a resident of the foreign country. These documents shall include a driver’s license, passport, voter registration documents, or any official identification card if the card contains a picture of the person and lists a residential or business address;

(3) a completed “Kansas motor vehicle sales tax exemption certificate for vehicles taken out of the state” for each vehicle sold to the foreign vehicle dealer, indicating that the vehicle has been purchased for export;

(4) a copy of the front and back of the title to the vehicle, showing the “For Export Out of Country Only” stamp and the seller’s assigned vehicle dealer number used by the auction or dealership; and

(5) for any agent of a foreign vehicle dealer, a copy of documentation supporting the person’s claim to be acting as an agent for the foreign vehicle dealer. (Authorized by K.S.A. 8-2423; implementing K.S.A. 8-2402 and K.S.A. 8-2403; effective Sept. 10, 2010.)

92-51-34a. License plates; new issuance.

(a) During calendar year 2017, one decal shall be furnished for the license plate issued for each new registration of a vehicle, as provided in K.S.A. 8-134 and amendments thereto, and for each renewal registration of a vehicle. New license plates shall be issued during calendar year 2018 and during every fifth calendar year after 2018, for each new registration of a vehicle and for each renewal registration of a vehicle.

(b) During each of the four years following 2018 and during each of the four years following any year in which new license plates are issued, one decal shall be furnished for the license plate issued for each new registration of a vehicle and for each renewal registration of a vehicle. (Authorized by and implementing K.S.A. 2016 Supp. 8-132; effective Jan. 23, 2004; amended April 22, 2005; amended Nov. 13, 2017.)

Article 56.—IGNITION INTERLOCK DEVICES

92-56-1. Ignition interlock device; definitions. As used in this article, each of the following terms shall have the meaning specified in this regulation: (a) “Device” means “ignition interlock device,” as defined in K.S.A. 8-1013 and amendments thereto. This device uses microcomputer logic and internal memory and has a breath alcohol analyzer as a major component that interconnects with the ignition and other control systems of a motor vehicle. This device measures the breath alcohol concentration (BrAC) of an intended driver to prevent the motor vehicle from being started if the BrAC exceeds a preset limit and to deter and record any instances of circumvention or tampering.

(b) "Alcohol setpoint" means the breath alcohol concentration at which the ignition interlock device is set to lock the ignition. The alcohol setpoint is the normal lockpoint at which the ignition interlock device is set at the time of calibration. The alcohol setpoint shall be .03. The alcohol setpoint for retests shall be .03.

(c) "BrAC" means the breath alcohol concentration expressed as weight divided by volume, based upon grams of alcohol per 210 liters of breath.

(d) "BrAC fail" means the condition in which the ignition interlock device registers a BrAC value equal to or greater than the alcohol setpoint when the intended driver conducts an initial test or retest. This condition is recorded as a violation.

(e) "Breath sample" means the sample of alveolar or end-expiratory breath that is analyzed for the analysis of alcohol content after the expiration of at least 1.2 liters of air.

(f) "Circumvention" means an overt, conscious attempt to bypass the ignition interlock device by any of the following:

(1) Providing samples other than the natural, unfiltered breath of the driver;

(2) starting the vehicle without using the ignition switch; or

(3) performing any other act intended to start the vehicle without first taking and passing a breath test.

(g) "Director" means director of vehicles, division of vehicles of the department of revenue.

(h) "Emergency bypass procedure" means the procedure that allows the driver to travel to a service provider and avoid a lockout. If used, the event shall be recorded in the event log, and the device shall be put into early service status. The emergency bypass procedure shall require the driver to provide a breath sample with a test result below the alcohol setpoint.

(i) "Fail-safe" means a condition in which the ignition interlock device cannot operate properly due to a problem, including improper voltage and a dead sensor. In fail-safe, the ignition interlock device will not permit the vehicle to be started.

(j) "Fixed site" means the building in which a service provider operates. The building shall have a separate waiting room, a bathroom, and a work area. The work area shall be accessible to only the service provider and the service provider's employees while performing services.

(k) "High BrAC" means a BrAC fail result for an initial test or retest that registers an alcohol setpoint of .08 or greater.

(l) "Lockout" means an instance in which the ignition interlock device will prevent the vehicle from starting. The vehicle cannot be operated until serviced by the service provider. A lockout occurs if any of the following events occurs:

(1) A driver incurs five or more violations between scheduled inspections with the service provider.

(2) A driver fails to submit to calibration and inspection as required by K.A.R. 92-56-4(b)(5), and the seven-day grace period has expired.

(3) A driver engages in circumvention or tampering.

(m) "Manufacturer" means the person, company, or corporation that produces an ignition interlock device and certifies to the division that the manufacturer's representative and the manufacturer's service providers are qualified to service and provide information on the manufacturer's state-approved ignition interlock device. To be a manufacturer, the division shall approve and certify the manufacturer's device for use in the state, and the approval and certification shall remain in effect.

(n) "Manufacturer's representative" means a single individual based in Kansas and designated by a manufacturer to act on behalf of or represent the manufacturer in matters relating to this article and K.S.A. 8-1001 et seq., and amendments thereto.

(o) "Rolling retest" means a breath test that is required after the initial engine start-up breath test and while the engine is running. This term is also known as a retest or a running retest. The device shall require the driver of the vehicle to submit to a retest within 10 minutes of starting the vehicle. A rolling retest shall continue at randomized, variable intervals ranging from 10 to 45 minutes after the previous retest for the duration of the travel.

(p) "Service provider" means an ignition interlock device technician that is authorized by a manufacturer to service a certified device on behalf of the manufacturer or the manufacturer's representative. The ignition interlock device technician shall have a written agreement or authorization from a division-approved manufacturer or its manufacturer's representative to service the manufacturer's devices within Kansas.

(q) "Services" means the installation, inspection, monitoring, calibration, maintenance, removal, replacement, and repair of division-approved ignition interlock devices within Kansas.

(r) “Tampering” means an overt, conscious attempt to physically disable, bypass, adjust, or otherwise disconnect an ignition interlock device from its power source.

(s) “Violation” means any of the following:

(1) The driver has blown a BrAC fail when attempting to start the vehicle.

(2) The driver has blown a BrAC fail when attempting a required rolling retest.

(3) The driver fails to execute a valid rolling retest after a five-minute period.

(4) The driver fails to submit to a requested rolling retest by turning the vehicle off to avoid submitting to the rolling retest.

(5) The driver has blown a high BrAC during an initial breath test or rolling retest. (Authorized by and implementing K.S.A. 8-1016; effective Oct. 23, 1989; amended July 5, 2002; amended May 2, 2014; amended Nov. 6, 2015.)

92-56-2. Ignition interlock device; certification and standards. (a) Each manufacturer of an ignition interlock device wanting to market the device in Kansas shall apply to the division of vehicles for certification of the device and submit the following information and equipment:

(1) The name and address of the manufacturer;

(2) the name and model number of the device;

(3) certification that the device meets the following criteria:

(A) Offers safe operation of the vehicle in which installed, works reliably and accurately in an unsupervised environment, and, when in fail-safe, prevents the vehicle from starting;

(B) offers protection against tampering and is able to detect and be resistant to circumvention;

(C) allows for a free restart of the vehicle’s ignition within two minutes after the ignition has been turned off without requiring another breath test if the driver has not registered a BrAC fail or is not in the process of completing a retest;

(D) allows for a rolling retest of a subsequent breath test after the vehicle has been in operation;

(E) disables the ignition system if the BrAC of the person using the device equals or exceeds the alcohol setpoint of .03;

(F) incorporates an emergency bypass procedure;

(G) records each time the vehicle is started, the duration of the vehicle’s operation, and any instances of tampering;

(H) encodes the corresponding time and date the breath sample was provided, a digital image

of the individual who provided the sample, and BrAC of the individual who provided the breath sample into the device;

(I) displays to the driver all of the following:

(i) When the device is on;

(ii) when the device has enabled the ignition system; and

(iii) the date on which a lockout will occur; and

(J) alerts the driver with a five-minute warning light or tone that a rolling retest is required;

(4) a map and list of service providers and the address where the device can be obtained, repaired, replaced, or serviced 24 hours a day by calling a toll-free phone number;

(5) the name of any insurance carrier authorized to do business in this state that has committed to issue a liability insurance policy for the manufacturer;

(6) the name and address of the manufacturer’s representative designated by the manufacturer to manage the manufacturer’s statewide operations;

(7) not more than two ignition interlock devices for testing and review to the division upon the director’s request; and

(8) a declaration on a form prescribed by the division that requires the following:

(A) The manufacturer, manufacturer’s representative, and the manufacturer’s service providers shall cooperate with the division, law enforcement, and court staff at all times, including the inspection of the manufacturer’s installation, service, repair, calibration, use, removal, or performance of each ignition interlock device;

(B) all digital images and the associated data shall be retained in the device until the digital images and associated data are downloaded and stored by a manufacturer. The manufacturer shall store the downloaded digital images and associated data for three years after capture by the device;

(C) the manufacturer shall provide all downloaded ignition interlock device data, reports, and information related to the ignition interlock device to the division, upon the director’s request, in a division-approved electronic format;

(D) the manufacturer shall provide the alcohol reference value and type of calibration device used to check the ignition interlock device;

(E) the manufacturer shall provide the division with inquiry access to the manufacturer’s ignition interlock device system management software for the management of state drivers; and

(F) the manufacturer or the manufacturer’s representative shall provide a map of Kansas

showing the area covered by each service provider's fixed site.

(b) Each certification issued by the division shall continue in effect for three years unless either of the following occurs:

(1) The manufacturer requests in writing that the certification be discontinued.

(2) The division informs the manufacturer and the manufacturer's representative in writing that the certification is suspended or revoked.

(c) If a manufacturer modifies a certified device, the manufacturer shall notify the division of the exact nature of the modification. A device may be required by the division to be recertified at any time. A modification shall mean a material change affecting the functionality, installation, communication, precision, or accuracy of a certified device.

(d) Each manufacturer of a certified device shall notify the division of the failure of any device to function as designed. The manufacturer and the manufacturer's representative shall provide an explanation for the failure and shall identify the actions taken by the manufacturer or the manufacturer's representative to correct the malfunctions.

(e) The manufacturer's device shall meet or exceed the model specifications for ignition interlock devices, as specified by the national highway traffic safety administration. The provisions of 78 fed. reg. 26862-26867 (2013), beginning with the text titled "B. Terms" on page 26862, are hereby adopted by reference for purposes of this subsection. If state specifications vary from the federal specifications, the state specifications shall control.

(f) Each manufacturer of a certified device shall accumulate a credit of at least two percent of the gross revenues attributed to services provided in Kansas or to out-of-state services provided to Kansas residents. All existing credit shall be made available to drivers who are restricted to operating a vehicle with a device and who are indigent as evidenced by eligibility for the federal food stamp program. The amount of the credit available shall be limited to the amount of the existing credit balance. The manufacturer and its service providers shall notify the manufacturer's customers of the existence of this indigent program by utilizing division notices and forms.

(g) Each manufacturer of a certified device shall submit a report to the division on or before January 31 of each year with the following information for the previous calendar year's activities:

(1) The number of ignition interlock devices initially installed on vehicles for Kansas drivers who were restricted to driving only with an ignition interlock device;

(2) the number of vehicles that had devices removed due to a failure in the device, a malfunction of the device, or a defect in the device and, for each vehicle, the driver's name, the driver's license number, the specific failure or operational problem that occurred during the period installed, and the resolution of each situation;

(3) the total number of devices in operation in Kansas on December 31 of the previous calendar year;

(4) the total number of devices removed;

(5) the total number of instances of circumvention;

(6) the total number of instances of tampering; and

(7) a summary of the following information:

(A) The number of indigent drivers that qualified for reduced fees;

(B) the number of drivers that applied for indigent classification and reduced fees but were denied;

(C) amounts credited to indigent drivers; and

(D) the ending credit balance.

(h) Each manufacturer and manufacturer's representative of a certified device shall make sales brochures and other informational materials available at no cost to the state's community corrections and court services officers, the district courts, magistrate courts, municipal courts, and the division for distribution to potential drivers. These brochures and informational materials may be provided through electronic means if approved by the director.

(i) Each manufacturer shall provide to the division, on or before January 31 of each year for that calendar year, documentation indicating the normal prices and fees charged to a driver that are associated with the manufacturer's Kansas installation of devices. If the documentation regarding normal prices and fees charged changes during the course of that calendar year, the manufacturer and manufacturer's representative shall provide amended documentation to the division within seven days of the change.

(j) Each manufacturer shall have a service provider with a fixed site within each state judicial district, unless the following conditions are met:

(1) At least two manufacturers have a service provider located in the same judicial district.

(2) The director determines that a competitive market exists for ignition interlock services in the state judicial district and the absence of a manufacturer's service provider in the state judicial district specified in paragraph (j)(1) does not create a competitive advantage for that manufacturer.

(3) The director approves the manufacturer to be absent from that state judicial district.

(k) Each device shall be capable of uniquely identifying and recording all of the following:

(1) Each time the vehicle is attempted to be started;

(2) each time the vehicle is started;

(3) a digital image in accordance with the following:

(A) The digital image can identify the individual providing the breath sample in all lighting conditions;

(B) the capture of the digital image does not distract or impede the driver in any manner from the safe and legal operation of the vehicle; and

(C) the digital image is associated with the date, the time, and the individual's BrAC for each attempted use;

(4) the results of all tests, retests, or failures as being a malfunction of the device or a result of the driver not meeting the requirements;

(5) the length of time the vehicle was operated; and

(6) any indication of tampering.

The features required of the manufacturer's installed device shall be enabled to capture the information required by this subsection.

(l) The requirements of this regulation shall take effect for all device installations beginning 90 days after publication of this regulation in the Kansas register. Each manufacturer shall replace any currently installed device that does not meet the requirements of this regulation with a device that is compliant upon the first calibration following the date this regulation takes effect. (Authorized by and implementing K.S.A. 8-1016; effective Oct. 23, 1989; amended July 5, 2002; amended May 2, 2014; amended Nov. 6, 2015; amended Jan. 8, 2020.)

92-56-4. Installation, inspection, and calibration standards. (a) Each ignition interlock device installed at the direction of the division shall be done at the driver's own expense, except as allowed by K.A.R. 92-56-2.

(b) A manufacturer shall ensure that each service provider meets the following requirements:

(1) Install each device in accordance with the manufacturer's instructions. Each service provider shall, within two weeks of installation, inform the division each time a device has been installed;

(2) install each device so that the device will be deactivated if the driver has a BrAC of .03 or higher until a successful retest occurs;

(3) set each device so that if the driver fails the initial ignition interlock device test, a retest cannot be done for 15 minutes;

(4) set each device so that a rolling retest will be required of the driver of the vehicle within 10 minutes of starting the vehicle. Subsequent rolling retests shall occur as described in K.A.R. 92-56-1. The driver shall have five minutes to complete the retest. The free restart shall not be operative when the device is waiting for a rolling retest sample;

(5) calibrate each device at least every 30 days at the driver's own expense and maintain an inspection and calibration record with the following information:

(A) The name of the person performing the calibration;

(B) the date of the inspection and calibration;

(C) the method by which the calibration was performed;

(D) the name and model number of the device calibrated;

(E) a description of the vehicle in which the device is installed, including the license plate number, make, model, year, and color; and

(F) a statement by the service provider indicating whether there is any evidence of circumvention or tampering; and

(6) set each device so that a lockout will occur no later than seven days after any of the following events occurs:

(A) The 30-day calibration and service requirement has been reached;

(B) five or more violations are recorded;

(C) the emergency bypass procedure has been used;

(D) a hardware failure or evidence of tampering is recorded; or

(E) the events log has exceeded 90 percent of capacity.

(c) Each driver restricted to driving a vehicle equipped with an ignition interlock device shall keep a copy of the inspection and calibration records in the vehicle at all times. The manufacturer shall retain the original record for each current driver for one year after the device is removed.

The manufacturer shall notify the division within seven days after a device has been serviced due to a lockout that occurred for any of the reasons specified in paragraph (b)(6)(D).

(d) The service provider shall enable each device's anticircumvention features when installing a device and keep the features enabled during the ignition interlock device period. Within two business days, a service provider shall notify the division of any evidence of tampering or circumvention. The evidence shall be preserved by the manufacturer or the manufacturer's representative until otherwise notified by the division.

(e) The division may conduct or have conducted independent checks on any of the approved ignition interlock devices to determine whether the devices are operating in a manner consistent with the manufacturer's specifications, manufacturer's certifications, or these regulations. The director may require the manufacturer or the manufacturer's representative to correct any abnormality found in the installation, calibration, maintenance checks, or usage records of the device. The manufacturer and the manufacturer's representative shall report in writing to the division within 30 days after receiving notification of any abnormality. In conducting these checks, the manufacturer shall install the device in a vehicle chosen by the division, and the manufacturer shall waive any costs to the division for the installation, calibration, or testing of the device.

(f) Each manufacturer shall ensure that its service providers meet all of the following requirements:

(1) Follow certified manufacturer's standards and specifications for service associated with the manufacturer's state-approved ignition interlock device;

(2) have the skills, equipment, and facilities necessary to comply with all of the certification and operational requirements specified in this article;

(3) comply with any division reporting requirements; and

(4) have a fixed site to provide each driver with access to an enclosed building that is open for business and has a separate waiting area.

(g) Each manufacturer shall provide the division with written evidence of that manufacturer's statewide network of service providers within seven days of a request by the division. Written evidence shall include lease and ownership documents associated with each manufacturer's service providers in the required state judicial districts.

(h) A manufacturer, manufacturer's representative, or service provider shall not compel any driver to travel out of Kansas to receive services.

(i) A manufacturer shall not permit its service provider to install any device in that service provider's vehicle for the purpose of satisfying K.S.A. 8-1014, and amendments thereto. (Authorized by and implementing K.S.A. 8-1016; effective Oct. 23, 1989; amended July 5, 2002; amended May 2, 2014; amended Jan. 15, 2016.)

92-56-5. Revocation of certification; penalties. (a) A certification for any ignition interlock device may be revoked for any of the following reasons:

(1) The device fails to comply with specifications or requirements provided by the division.

(2) The manufacturer, the manufacturer's representative, or the manufacturer's service provider has failed to make adequate provisions for the service of the device, as required by K.A.R. 92-56-2, K.A.R. 92-56-4, and K.A.R. 92-56-6.

(3) The manufacturer has failed to provide statewide service network coverage or 24-hour, seven-day service support, as required by K.S.A. 8-1016(a)(3) and amendments thereto and K.A.R. 92-56-2(a)(4) and (j).

(4) The manufacturer is no longer in the business of manufacturing ignition interlock devices.

(5) The manufacturer or the manufacturer's representative fails to comply with the reporting and testing requirements of K.A.R. 92-56-4.

(6) The manufacturer, the manufacturer's representative, or the manufacturer's service provider fails to comply with K.A.R. 92-56-7.

(7) The manufacturer, the manufacturer's representative, or the manufacturer's service provider fails to promote, implement, and sustain the indigent program required by K.A.R. 92-56-2(f).

(8) The manufacturer, the manufacturer's representative, or the manufacturer's service provider fails to have a fixed location in every state judicial district on and after January 1, 2015, as required by K.A.R. 92-56-2(j).

(9) The manufacturer, the manufacturer's representative, or the manufacturer's service provider compels a driver to travel out of state to receive services, in violation of K.A.R. 92-56-4(h).

(b) Each manufacturer's device certification shall be subject to suspension, revocation, nonrenewal, or cancellation if the division determines that the manufacturer or its representatives have violated any requirement in this article.

(c) In lieu of revoking a manufacturer's device certification, the director may require a manufacturer to terminate its relationship with a service provider. (Authorized by and implementing K.S.A. 8-1016; effective Oct. 23, 1989; amended July 5, 2002; amended May 2, 2014.)

92-56-6. Service provider; relocation and replacement. (a) Each manufacturer and manufacturer's representative shall be responsible for providing uninterrupted service of the manufacturer's installed devices if one of the manufacturer's service providers moves out of the manufacturer's judicial district or goes out of business. If a service provider is moving or going out of business, the manufacturer or the manufacturer's representative shall indicate to the division whether or not the manufacturer will replace the service provider. The manufacturer and the manufacturer's representative shall notify the division electronically or in writing of all changes in the status of any service provider and any additions, deletions, or other changes to the manufacturer's complete listing of service providers, which shall include for each service provider the name, location, phone number, contact name, and hours of operation. Notification shall occur on a quarterly basis or more frequently if required by the division.

(b) If the manufacturer or manufacturer's representative replaces a service provider, the manufacturer and manufacturer's representative shall make all reasonable efforts to obtain driver records and data from the original service provider and provide the records and data to the new service provider. If the manufacturer or manufacturer's representative does not replace the service provider, the manufacturer and manufacturer's representative shall make all reasonable efforts to obtain driver records and data from the original service provider, maintain the records and data at the main business office of the manufacturer's representative, and provide the records and data to the division as required by this regulation.

(c) Each manufacturer and manufacturer's representative shall notify all affected drivers of the change of service provider or replacement of the device as soon as possible but not later than 30 days before the change of service provider or replacement will occur. (Authorized by and implementing K.S.A. 8-1016; effective May 2, 2014.)

92-56-7. Security; tampering prohibitions; conflict of interest. (a) Each manufactur-

er and each manufacturer's representative shall be responsible for ensuring that the manufacturer's service providers comply with all of the following security requirements:

(1) Only authorized employees of a service provider may observe the installation of a device.

(2) Reasonable security measures shall be taken to prevent the driver from observing the installation of a device and from obtaining access to installation materials.

(3) Service providers shall be prohibited from assisting with, in any manner, tampering or circumvention.

(4) Manufacturer's representatives and service providers shall not install or service a device on a vehicle owned or operated by the manufacturer's representative or service provider, or any of the service provider's employees, for division-required installations.

(b) Nothing in this regulation shall prohibit a manufacturer, manufacturer's representative, or service provider from installing a device in that entity's vehicles for demonstration and testing purposes. (Authorized by and implementing K.S.A. 8-1016; effective May 2, 2014.)

92-56-8. Device removal. Whenever a service provider removes a device, the following requirements shall apply:

(a) The only persons allowed to remove or observe the removal of the device shall be service providers or a manufacturer's representative associated with the manufacturer of that device.

(b) Adequate security measures shall be taken to ensure that unauthorized personnel cannot gain access to proprietary materials and to the files of drivers.

(c) Upon removal of the device, the service provider shall ensure that both of the following occur:

(1) The driver is provided with a report showing the removal of the device.

(2) The division is notified, in the form and format designated by the division.

(d) The service provider and the manufacturer shall restore the driver's vehicle to its original condition after removal of the device. (Authorized by and implementing K.S.A. 8-1016; effective May 2, 2014.)

92-56-9. Proof of installation. (a) If a driver is unable to provide proof of installation of the device to the division for the full restriction period required by K.S.A. 8-1014 and amendments

thereto, the director shall extend the ignition interlock device restriction period until the driver provides the division with proof that the driver has had a device installed in a vehicle for a period that is equal to or greater than the initial ignition interlock device restriction period required by K.S.A. 8-1014 and K.S.A. 8-1015(d), and amendments thereto.

(b) Any device may deviate from the breath sample requirement by accepting a breath sample of less than 1.2 liters of air if the deviation is approved in advance by the division to address valid accommodation requests under the Americans with disabilities act of 1990. Each request for accommodation shall be submitted on a form provided by the division. Each form shall require a certification by a licensed pulmonologist that the driver has a lung condition that will render the driver incapable of blowing a normal breath sample, 1.2 liters of air or more, into an ignition interlock device.

(c) If an accommodation that is requested pursuant to subsection (b) cannot be made for a driver that is a qualified individual with a disability as defined by 42 U.S.C. 12131(2), and amendments thereto, the director, upon the driver's request, may reinstate the driver's license after the initial ignition interlock device restriction period if the records maintained by the division have no indication of the occurrence of any of the following offenses during the entire initial ignition interlock device restriction period:

(1) Conviction pursuant to K.S.A. 8-1599, and amendments thereto;

(2) conviction pursuant to K.S.A. 41-727, and amendments thereto;

(3) conviction of any violation listed in K.S.A. 8-285(a), and amendments thereto;

(4) conviction of three or more moving traffic violations committed on separate occasions within a 12-month period; or

(5) revocation, suspension, cancellation, or withdrawal of the person's driving privileges due to an unrelated event.

If the driver that is requesting accommodation has any offenses during the initial ignition interlock device restriction period, the director shall not reinstate the driver's full driving privileges until the driver has no such offenses for the year before the driver's request for reinstatement of full driving privileges. This subsection shall not serve as a defense to allegations that the driver has violated K.S.A. 8-1017, and amendments thereto,

during any required ignition interlock device restriction period.

(d) The director may waive the requirement for proof of ignition interlock device installation, upon a driver's request, if the director determines that all of the following conditions are met:

(1) The driver's ignition interlock device restriction period has been extended at least two years beyond the initial ignition interlock device restriction period due to the driver's failure to provide the division with proof of installation as required by subsection (a).

(2) The driver has not had an "alcohol or drug-related conviction" or "occurrence," as those terms are defined by K.S.A. 8-1013 and amendments thereto, a conviction pursuant to K.S.A. 8-1017 and amendments thereto, or a conviction of a violation of a law of another state that would constitute a violation similar to any violation specified in K.S.A. 8-1017 and amendments thereto, during the ignition interlock device restriction period.

(3) The driver has not had any violations specified in paragraphs (c)(1) through (c)(5) during the ignition interlock device restriction period.

(4) The driver has never held a driver's license issued by the state of Kansas.

(5) The driver provides the director with clear and compelling evidence that the driver does not reside in Kansas and did not reside in Kansas during the ignition interlock device restriction period. (Authorized by K.S.A. 8-1016; implementing K.S.A. 2013 Supp. 8-1015 and K.S.A. 8-1016; effective May 2, 2014.)

Article 57.—TAX ON CONSUMABLE MATERIAL

92-57-1. Definitions. For purposes of K.S.A. 79-3399 and amendments thereto and this article of the department's regulations, each of the following terms shall have the meaning specified in this regulation:

(a) "Consumer" means a person purchasing or receiving consumable material for final use.

(b) "Dealing" means engaging in the sale or manufacture of consumable material in Kansas.

(c) "Director" means director of taxation in the Kansas department of revenue.

(d) "Distributor" means any of the following:

(1) Any person in Kansas engaged in the business of selling or dealing in consumable material who brings, or causes to be brought, into Kansas

consumable material for sale, unless that person is a retail dealer who has purchased the consumable material on a tax-paid basis from a distributor;

(2) any person who makes, manufactures, or fabricates consumable material for sale in Kansas;

(3) any person outside of Kansas engaged in the business of selling or dealing in consumable material who ships or transports consumable material to any person in the business of selling or dealing in electronic cigarettes or consumable material in Kansas; or

(4) any person who has one or more retail dealer establishments that do either of the following:

(A) Bring or cause to be brought into Kansas consumable material for sale by any of those retail dealer establishments; or

(B) make, manufacture, or fabricate consumable material in Kansas for sale in Kansas. However, each person who has a retail dealer establishment from which the consumable material is sold to the consumer shall be deemed a retail dealer.

(e) "Electronic cigarette" means a battery-powered device, whether or not the device is shaped like a cigarette, that can provide inhaled doses of nicotine by delivering a vaporized solution by means of cartridges or other chemical delivery systems.

(f) "Person" means any individual, partnership, society, association, joint-stock company, corporation, estate, receiver, trustee, assignee, referee, or any other person acting in a fiduciary or representative capacity whether appointed by a court or otherwise, and any combination of these individuals.

(g) "Retail dealer" means a person engaged in the business of selling or dealing in consumable material to the consumer in Kansas.

(h) "Sale" means any transfer of title or possession or both, exchange, barter, or distribution of consumable material, with or without consideration.

(i) "Secretary" means secretary of the Kansas department of revenue or the secretary's designee. (Authorized by and implementing K.S.A. 2016 Supp. 79-3399, as amended by 2017 Sub for HB 2230, sec. 25; effective July 21, 2017.)

92-57-2. Certificate of registration. Each distributor shall obtain a certificate of registration issued by the director before engaging in the business of selling consumable material in Kansas. The distributor shall submit an application to the department on a form provided by the department.

The certificate of registration shall be displayed in a conspicuous location at the registered location. (Authorized by and implementing K.S.A. 2016 Supp. 79-3399; effective July 21, 2017.)

92-57-3. Imposition of tax. (a) Each distributor who first performs any of the following shall pay the tax imposed by K.S.A. 79-3399, and amendments thereto:

(1) Brings or causes to be brought into Kansas consumable material for sale in Kansas;

(2) makes, manufactures, or fabricates consumable material in Kansas for sale in Kansas;

(3) ships or transports consumable material to retail dealers in Kansas to be sold by those retail dealers; or

(4) causes consumable material for which the tax has not been paid to be brought into Kansas.

(b) Liability for the tax on consumable material shall accrue when either of the following conditions is met:

(1) The consumable material is first brought into the Kansas for sale within Kansas.

(2) The consumable material is first made, manufactured, or fabricated in Kansas for sale within Kansas.

(c) A transfer of consumable material from one distributor to another distributor shall not relieve the distributor who first brought or caused the consumable material to be brought into Kansas from the tax liability.

(d) Each retail dealer shall purchase consumable material only from a registered distributor. (Authorized by and implementing K.S.A. 2016 Supp. 79-3399; effective July 21, 2017.)

92-57-4. Books, records, and other documents required of distributor or retail dealer; access to premises. (a) Each distributor and each retail dealer shall keep in each place of business complete and accurate books, records, and other documents for that place of business, including itemized invoices of the following:

(1) All consumable material held, purchased, made, manufactured, fabricated, or brought or caused to be brought into Kansas or shipped or transported to retail dealers in Kansas; and

(2) all sales of consumable material.

Each distributor shall show the name and address of each purchaser, registration number if applicable, and any other documents relating to the purchase and the sale of or dealing in consumable material. Itemized invoices shall be made

for all consumable material transferred to other retail dealer establishments owned or controlled by that distributor. All books, records, and other documents required shall be retained and maintained for at least three years after the date of the entries appearing in the books, records, and other documents, unless the director, in writing, authorizes the destruction or disposal of these books, records, and other documents at an earlier date. These books, records, and other documents may be maintained in an electronic format.

(b) At any time during regular business hours, any authorized agents or employees of the director may enter any place of business of a distributor or retail dealer and inspect the premises, the books, records, or other documents and the consumable material contained there, to determine whether the distributor or retail dealer is in compliance with all the provisions of the act and this article of the department's regulations. Refusal to permit an inspection by an authorized agent or employee of the director shall be grounds for revocation of any registration held by the distributor or retail dealer.

(c) Each person who sells consumable material to any person other than a consumer shall create with each sale an itemized invoice showing the seller's name and address, the purchaser's name and address, the purchaser's registration number if applicable, the date of the sale, the number of milliliters of consumable material, and all prices and discounts. The person selling or dealing in the consumable material shall retain and maintain a legible copy of each invoice for three years after the date of sale. These records may be maintained in an electronic format.

(d) Each distributor and each retail dealer shall obtain and maintain itemized invoices of all consumable material purchased. The distributor or retail dealer shall retain and maintain a legible

copy of each invoice for three years after the date of purchase. Invoices shall be available for inspection by authorized agents or employees of the director at the distributor's or retail dealer's place of business. These records may be maintained in an electronic format. (Authorized by and implementing K.S.A. 2016 Supp. 79-3399; effective July 21, 2017.)

92-57-5. Monthly tax returns; remittance of tax; deficiencies. (a) On or before the twentieth day of each month, each distributor shall file a tax return with the director, showing the following:

(1) The number of milliliters of consumable material brought, or caused to be brought, into Kansas for sale; and

(2) the number of milliliters of consumable material made, manufactured, or fabricated in Kansas for sale in Kansas during the preceding month.

(b) Each registered distributor outside Kansas shall file a tax return showing the number of milliliters of consumable material shipped or transported to retail dealers in Kansas to be sold by those retail dealers, during the preceding month.

(c) Each tax return shall be submitted upon forms prescribed by the director. Each tax return shall be accompanied by a remittance for the distributor's full tax liability.

(d) As soon as practicable after any tax return is filed, the director shall examine the return. If the director finds that the tax return is incorrect and any amount of tax due from the distributor is unpaid, the director shall notify the distributor of the deficiency. If a deficiency disclosed by the director's examination cannot be allocated to a particular month or months, the director may notify the distributor that a deficiency exists and state the amount of tax due. (Authorized by and implementing K.S.A. 2016 Supp. 79-3399; effective July 21, 2017.)

Kansas Department of Revenue— Division of Property Valuation

Articles

- 93-4. REAL ESTATE RATIO STUDY.
- 93-6. REGISTERED MASS APPRAISER.
- 93-9. COMPLEX INDUSTRIAL PROPERTY.

Article 4.—REAL ESTATE RATIO STUDY

93-4-2. Annotation and disposition of real estate sales validation questionnaires; duties of county officials. (a) Not later than three business days after the receipt of a three-part real estate sales validation questionnaire, the register of deeds shall annotate each copy with the following information:

(1) The volume and page entry from the general index, indicating where the deed, instrument, or affidavit of equitable interest that accompanies it is recorded;

- (2) the county official validation number;
- (3) the type of instrument; and
- (4) the recording date.

The register of deeds shall retain the original copy and forward the county appraiser's copy and the director of property valuation's copy to the county appraiser. Not later than three business days after the receipt of the county appraiser's and the director's copies, the county appraiser shall enter the parcel identification number on both paper copies of each real estate sales validation questionnaire received from the register of deeds.

(b) The register of deeds may accept a one-part real estate sales validation questionnaire when authorized by the director of property valuation to process real estate sales validation questionnaires by electronic imaging. An electronic copy may be accepted by the register of deeds if questionnaires are received by means of digital media transmission and retained in an electronic document management system. (Authorized by K.S.A. 79-1491; implementing K.S.A. 79-1487 and 79-1488; effective June 26, 1998; amended Oct. 3, 2014.)

93-4-3. Split and combined real estate parcel sales; duties of county officials. Not later than 10 business days after the receipt of

a real estate sales validation questionnaire concerning the sale of a split parcel or a parcel to be combined with one or more parcels, the county appraiser shall perform one of the following:

(a) On or after January 1 of the current appraisal year and before the creation of working files for the next appraisal year, enter the sales information on the parent parcel record in the county's computer-assisted mass appraisal system; or

(b) on or after the creation of working files for the next appraisal year and before January 1 of the next appraisal year, enter the sales information on the split or combined parcel record in the county's computer-assisted mass appraisal system. (Authorized by K.S.A. 79-1491; implementing K.S.A. 79-1487; effective June 26, 1998; amended Oct. 3, 2014.)

93-4-4. Assemblage and entering of sales data; accounting for real estate sales validation questionnaires; duties of county officials.

(a) Not later than the 10th day of each month, the county appraiser shall assemble and enter into the county's computer-assisted mass appraisal system the sales data pertaining to property transfers that were recorded on or before the last day of the preceding month, as obtained from the real estate sales validation questionnaires received from the register of deeds.

(b) The county appraiser shall meet the following requirements:

(1) Account for all real estate sales validation questionnaires by entering sales information from all questionnaires into the database fields in the county's computer-assisted mass appraisal system;

(2) maintain in a void file those questionnaires that cannot be matched with a parcel of real estate, those that contain information that cannot be entered in the county's computer-assisted mass

appraisal system, and those that were not required by K.S.A. 79-1437e and amendments thereto;

(3) electronically upload the recorded monthly sales data from the county’s computer-assisted mass appraisal system to the current year’s ratio study database at the division of property valuation, not later than the 15th day of the following month; and

(4) perform one of the following, not later than the 15th day of the following month:

(A) Submit the complete set of sales validation questionnaire documents recorded in the previous month to the director of property valuation or the director’s agents; or

(B) electronically upload the complete set of recorded monthly sales as digital image files that meet specified file-naming conventions, resolution, and format standards to the sales validation questionnaire database at the division of property valuation. (Authorized by K.S.A. 79-1491; implementing K.S.A. 79-1487 and 79-1488; effective June 26, 1998; amended Oct. 3, 2014.)

93-4-5. Access to county records by the director of property valuation; duties of county officials. (a) The county shall make its computer-assisted mass appraisal system available to the director of property valuation and the director’s agents, to generate and print reports and to prepare data files to enable the electronic extraction of sale information on a monthly basis.

(b) The county appraiser shall prepare and transmit the electronic assessment administration file of all appraised values to the director not later than three business days after the mailing of the annual valuation notices pursuant to K.S.A. 79-1460, and amendments thereto. (Authorized by K.S.A. 79-1491; implementing K.S.A. 79-1487; effective June 26, 1998; amended Oct. 3, 2014.)

93-4-6. Performance standards. Table 2-3 of the “standard on ratio studies,” adopted by the executive board of the international association of assessing officers in April 2013, is hereby adopted by reference and shall constitute the performance standards used to evaluate the appraisal of residential and commercial and industrial real estate. However, the coefficient of dispersion shall have a range of 5.0 to 20.0, with a level of confidence of 95 percent. (Authorized by K.S.A. 79-1491; implementing K.S.A. 79-1485, 79-1486, 79-1487, and 79-1488, K.S.A. 2013

Supp. 79-1489, K.S.A. 79-1490, 79-1492, and 79-1493; effective June 26, 1998; amended April 20, 2001; amended Oct. 3, 2014.)

**Article 6.—REGISTERED
MASS APPRAISER**

93-6-2. Education requirements. (a) Each candidate for the registered mass appraiser (RMA) designation shall complete 200 hours of courses, which shall include those courses specified in subsection (b). Each course shall require the successful completion of a written exam. “Hour,” as used in this regulation, shall mean one clock-hour of at least 50 minutes.

(b) Mandatory courses shall consist of the following:

| | |
|---|-----------|
| International association of assessing officers (IAAO) course 101 or equivalent course approved by the secretary of revenue | 30 hours |
| IAAO course 102 or equivalent course approved by the secretary of revenue | 30 hours |
| IAAO course 151 or equivalent course approved by the secretary of revenue | 15 hours |
| IAAO course 300, 311, 312, or 331 or equivalent course approved by the secretary of revenue | 30 hours |
| IAAO course 400 or equivalent course approved by the secretary of revenue | 30 hours |
| Kansas property tax law course approved by the secretary of revenue | 20 hours |
| Personal property course approved by the secretary of revenue | 15 hours |
| Total mandatory course hours..... | 170 hours |

Any candidate may substitute successfully completed appraisal courses with an emphasis on mass appraisal approved by the real estate appraisal board appointed by the governor pursuant to K.S.A. 58-4104, and amendments thereto. However, no course substitution shall be permitted for the Kansas property tax law course and the personal property course. Course substitution shall be subject to the approval of the secretary of revenue upon finding that the course approved

by the real estate appraisal board is substantially equivalent to the corresponding course required by this regulation.

(c) The remaining 30 course hours may be selected from courses offered or approved by the secretary of revenue. To obtain course approval, the candidate shall demonstrate that the content of the course is directly related to the appraisal of real or personal property for ad valorem taxation purposes. (Authorized by and implementing K.S.A. 2013 Supp. 19-430; effective, T-93-8-29-97, Aug. 29, 1997; effective Dec. 5, 1997; amended April 20, 2001; amended Dec. 20, 2013.)

93-6-3. Continuing education requirements. (a)(1) Each individual who has obtained the registered mass appraiser (RMA) designation shall successfully complete at least 120 hours of continuing education every four years in order to retain the designation. “Hour,” as used in this regulation, shall mean one clock-hour of at least 50 minutes. The four-year period shall correspond with the four-year appointment period for county appraisers pursuant to K.S.A. 19-430, and amendments thereto. Each individual who first obtains the RMA designation during any of the six-month periods of the appointment period specified in this paragraph shall successfully complete course hours during the remainder of the appointment period as follows:

| | |
|--------------------------|-----------|
| First six months..... | 120 hours |
| Second six months | 105 hours |
| Third six months | 90 hours |
| Fourth six months | 75 hours |
| Fifth six months | 60 hours |
| Sixth six months | 45 hours |
| Seventh six months | 30 hours |

An individual who obtains the RMA designation during the final six months of the appointment period shall not be required to complete any course hours.

No more than half of the course hours shall be obtained from workshops or seminars.

(2)(A)(i) At least 60 hours of continuing education shall be accumulated through appraisal courses, each of which shall require the successful completion of a written exam. No more than 21 of these 60 hours may be accumulated through online courses, each of which shall include a non-proctored exam.

(ii) The remaining 60 hours of continuing education may be seminar hours.

(B) At least 90 hours of continuing education shall be completed during each four-year period. No more than 30 hours may be carried forward from one four-year period to the next four-year period.

(b) The continuing education courses shall include those established by the director of property valuation for an eligible Kansas appraiser pursuant to K.S.A. 19-432, and amendments thereto. In addition, each individual with the RMA designation shall complete the following courses during each four-year period:

(1) IAAO (international association of assessing officers) course 151, IAAO course 181, or IAAO course 191 or equivalent course approved by the secretary of revenue; and

(2) the Kansas property tax law course or the Kansas property tax law update course. (Authorized by and implementing K.S.A. 2015 Supp. 19-430; effective, T-93-8-29-97, Aug. 29, 1997; effective Dec. 5, 1997; amended April 20, 2001; amended Dec. 20, 2013; amended May 6, 2016.)

93-6-6. Reciprocity. Any candidate for the registered mass appraiser (RMA) designation who has completed one or more case studies as a prerequisite for obtaining a professional designation from the international association of assessing officers may file an application with the secretary of revenue to waive either or both of the case study requirements of K.A.R. 93-6-5. Either or both of the case study requirements of K.A.R. 93-6-5 may be waived by the secretary of revenue upon finding that the candidate has completed a case study that is comparable to the case study sought to be waived. (Authorized by and implementing K.S.A. 2012 Supp. 19-430; effective, T-93-8-29-97, Aug. 29, 1997; effective Dec. 5, 1997; amended Dec. 20, 2013.)

Article 9.—COMPLEX INDUSTRIAL PROPERTY

93-9-1. Appraiser qualifications; appraisal reports. (a) Each appraiser of any complex industrial property who is included on the list of qualified appraisers required to be maintained by the director of property valuation pursuant to K.S.A. 2014 Supp. 79-5b01, and amendments thereto, shall be certified or licensed pursuant to the state certified and licensed real property appraisers act, K.S.A. 58-4101 et seq. and amendments thereto.

(b) Each request for an appraisal of any complex

industrial property shall be submitted on a form prescribed by the director of property valuation.

(c) Each appraisal report shall meet the following requirements:

(1) Be developed and reported in compliance with the 2014-2015 edition of the uniform standards of professional appraisal practice or later versions as established in regulations adopted by the Kansas real estate appraisal board pursuant to K.S.A. 58-4121 and amendments thereto, Kansas statutes and regulations pertaining to the valuation and classification of property for ad valorem taxation purposes, and the personal property appraisal guide promulgated by the director

of property valuation pursuant to K.S.A. 75-5105a and amendments thereto; and

(2) include a determination of whether commercial and industrial machinery and equipment should be classified as real property or as personal property.

(d) Any appraiser may be required to defend that appraiser's classification and valuation determinations pursuant to the property tax hearings and appeals processes prescribed by K.S.A. 79-1448, 79-1606, 79-1609, and 79-2005, and amendments thereto. (Authorized by K.S.A. 2014 Supp. 79-5b04; implementing K.S.A. 2014 Supp. 79-5b01; effective April 17, 2015.)

Article 3.—ECONOMIC DEVELOPMENT REVENUE BONDS

94-3-2. Filing, fees, and forms. Each informational statement required to be filed pursuant to the act shall be governed by the following procedures:

(a) Filing procedures.

(1) The informational statement, together with the fees required in paragraph (b)(1), shall be deemed filed and the requisite seven-day filing period shall commence upon the date the informational statement and fees are received in the office of the court. Each applicant shall address or deliver all communications, documents, informa-

tion, and inquiries to the office of the secretary, court of tax appeals.

(2) Each applicant shall file one informational statement for each proposed issuance of bonds.

(3) If the informational statement is not complete as originally filed, the applicant shall be notified of the incomplete filing. The applicant shall correct the deficiency in writing within 14 days.

(4) If the chief judge finds, following a review of the informational statement, that all information and documents required to be filed are complete and, based upon the proposed date of issuance of the bonds, that the statement has been filed in a timely manner, an order or letter indicating that finding shall be rendered by the chief judge to the appropriate government officials and bond counsel.

(5) The following disclaimer shall appear in boldface type upon the second page of each preliminary offering document:

“THE CHIEF JUDGE OF THE KANSAS COURT OF TAX APPEALS HAS NOT REVIEWED ANY INFORMATION OR DOCUMENT FILED PURSUANT TO THIS INFORMATIONAL FILING FOR THE AD-EQUACY OR ACCURACY OF THE DISCLOSURE THEREIN. THIS INFORMATIONAL FILING DOES NOT CONSTITUTE A RECOMMENDATION OR AN ENDORSEMENT BY THE CHIEF JUDGE OR THE COURT.”

Evidence that this disclaimer appears in boldface type upon the second page of each preliminary offering document shall be filed contemporaneously with the certificate of issuance required by K.S.A. 12-1744c, and amendments thereto.

(6) The certificate of issuance required to be filed by K.S.A. 12-1744c, and amendments thereto, shall include the court of tax appeals' filing number.

(b) Fees.

(1) All fees shall accompany the application and shall be paid by check or money order made payable to the court of tax appeals. A cash remittance shall not be accepted. If the chief judge receives notice of refusal of payment of the check or money order presented in payment of these fees, the application shall be deemed to be incomplete and not timely filed as required by the act.

(2) Copies of documents filed and recorded in the office of the court of tax appeals shall be available upon request. Postage and copy fees shall be paid in advance and in conformity with K.S.A. 45-219, and amendments thereto.

(c) Forms. The informational statement shall be submitted on forms approved by the chief judge. (Authorized by K.S.A. 2010 Supp. 12-1744a, K.S.A. 2010 Supp. 12-1744b, and K.S.A. 2010 Supp. 74-2437; implementing K.S.A. 2010 Supp. 12-1744a and K.S.A. 2010 Supp. 74-2437; effective May 1, 1983; amended, T-85-38, Dec. 19, 1984; amended May 1, 1985; amended May 1, 1987; amended May 1, 1988; amended Aug. 15, 1997; amended May 24, 2002; amended, T-94-6-25-08, July 1, 2008; amended Oct. 24, 2008; amended Sept. 16, 2011.)

Article 5.—PROCEEDINGS BEFORE THE COURT

94-5-1. Court regulations and procedures.

(a) To the extent that the Kansas administrative procedure act or procedures prescribed by other statutes do not specifically apply, the Kansas code of civil procedure, and amendments thereto, shall apply in all proceedings before the regular division of the court.

(b) Directives guiding the court's internal affairs, access to litigants, and practice before the court may be issued by the court if the directives do not conflict with this article or other applicable provisions of Kansas law.

(c) The regulations, policies, procedures, and directives of the court shall be construed to secure expeditious determinations of all issues presented to the court. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-2. Definitions. (a) "Counsel" means legal counsel admitted to practice before the supreme court of the state of Kansas or legal counsel duly licensed and admitted to practice law in another state, if counsel has complied with the Kansas supreme court rules governing admissions *pro hac vice*.

(b) "Court" means the court of tax appeals of the state of Kansas.

(c) "Judge" means any tax law judges or the chief hearing officer serving as a judge pro tempore pursuant to K.S.A. 74-2433, and amendments thereto.

(d) "Party" means any of the following:

(1) A taxpayer, appellant, or applicant bringing or defending an action;

(2) a governmental unit bringing or defending an action;

(3) an intervenor permitted to intervene by the court; or

(4) a necessary person or entity joined by the court.

(e) "Party's attorney" means the counsel who signed the initial pleading, application, or appeal form, or has filed an entry of appearance, on behalf of a party.

(f) "Presiding officer" means any of the following:

(1) A panel of judges;

(2) the judge assigned pursuant to K.S.A. 77-514, and amendments thereto, to conduct a status conference, prehearing conference, oral arguments, hearing, or any similar proceeding; or

(3) a court staff attorney conducting a status conference or prehearing conference to which the staff attorney has been assigned.

(g) "Secretary" means the person serving as secretary of the court pursuant to K.S.A. 74-2435, and amendments thereto. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-3. Service. (a) All court filings, including pleadings, motions, briefs, orders, decisions, notices, appearances, and any other similar documents relating to a case, shall be served on each of the parties. Service may be made by mail, facsimile, or electronic mail, unless a specific statute requires another manner of service. Postage or cost of service shall be borne by the person effecting service.

(b) Service on an attorney of record shall be deemed to be service on the party represented by that attorney. Service by mail shall be deemed complete upon mailing.

(c) The party responsible for effecting service shall endorse a certificate of mailing or service showing proof of compliance with these regulations. In the absence of this proof of compliance, a filing may be disregarded and deemed null and void.

(d) The court shall be notified within seven days of a change of mailing address of any party, any party's attorney, or any party's duly authorized representative. A separate notice of address change shall be filed for each case affected by the address change. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-4. Commencement of action; pleadings. (a) Each action shall be initiated through the filing of a notice of appeal or other pleading with the court.

(b) Except as provided in subsection (c), all notices of appeal and other pleadings shall be prepared on forms approved by the court, signed by the party or the party's attorney, and filed with all information and supporting documentation requested in the forms. If a pleading is filed with insufficient information or is otherwise deficient, the pleading may be rejected by the court or may be accepted by the court, with supplementation by the parties required by the court.

(c) Each pleading initiating an appeal from a final action of the secretary of the Kansas department of revenue or the secretary's designee may be prepared on forms approved by the court or may be typewritten on 8½ × 11-inch white paper, with at least one-inch margins on all sides and with type appearing on only one side of the paper. Each typewritten pleading prepared pursuant to this subsection shall contain at least the following:

(1) The heading "BEFORE THE COURT OF TAX APPEALS OF THE STATE OF KANSAS" centered at the top of the page;

(2) the court docket number, if one has been assigned;

(3) a brief description of the nature of the action and citation to the specific statute under which the action is authorized;

(4) pertinent allegations of fact and law in concise and direct terms set forth in numbered paragraphs;

(5) a concise and complete statement of all relief sought;

(6) the signature of the party filing the pleading or the party's attorney; and

(7) the address and telephone number of the party and, if the party is represented by counsel, the party's attorney. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-5. Signatures of parties or counsel.

The signature of a party or the party's attorney on any pleading shall constitute a certification by the signer of all of the following:

(a) The signer has reviewed the pleading.

(b) To the best of the signer's knowledge, information, and belief formed after reasonable inquiry, the pleading is well grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law.

(c) The pleading is not for any improper purpose, including to harass or cause unnecessary

delay or needless increase in costs. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-6. Authorized representation. (a) In the regular division of the court, counsel may enter an appearance either by signing the pleading or by filing an entry of appearance.

(b) In the absence of an entry of appearance by counsel, a party shall be deemed to appear on the party's own behalf. Any individual may represent that person and participate fully in matters before the court. Any corporation or other artificial entity may participate by and through a duly authorized representative, including an authorized officer of the corporation, an authorized member or partner of the entity, or an authorized employee of the corporation or entity. Any estate or trust may participate by a fiduciary of the estate or trust. Any county, city, or other taxing district may participate by an elected or appointed official or a designee of the official.

(c) All persons authorized to represent entities as specified in this regulation shall be identified in writing.

(d) A duly authorized representative of an individual or an artificial entity who is not a lawyer shall not engage in the unauthorized practice of law. The participation of any duly authorized representative other than a lawyer shall be limited to providing fact and opinion testimony or other evidence deemed competent by the court.

(e) Any corporation, county, or other artificial entity may be required by the court to participate by counsel. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-7. Information and assistance to self-represented litigants.

(a) Information concerning the court's rules of practice and procedures shall be made available by the court to litigants. Court staff shall be available to assist self-represented litigants concerning general matters of court procedure and access to court services. Court staff shall observe the rules prohibiting ex parte communications.

(b) All communications and filings with the court shall be directed to the offices of the court in Topeka and shall meet the requirements in these regulations and the Kansas supreme court rules of judicial conduct. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-8. Filing fees. (a) Subject to subsections (f) and (g), the following fees shall apply to applications and appeals filed with the regular division of the court:

(1) Economic development exemption applications filed pursuant to Kansas constitution article 11, §13 for property with a total valuation in excess of \$1,000,000 \$1,000.00

(2) Economic development exemption applications filed pursuant to Kansas constitution article 11, §13 for property with a total valuation of \$1,000,000 or less \$500.00

(3) Industrial revenue bond exemption applications filed pursuant to K.S.A. 79-201a Second, and amendments thereto, for property with a total valuation in excess of \$1,000,000 \$1,000.00

(4) Industrial revenue bond exemption applications filed pursuant to K.S.A. 79-201a Second, and amendments thereto, for property with a total valuation of \$1,000,000 or less \$500.00

(5) Industrial revenue bond information statements filed pursuant to K.S.A. 12-1744a, and amendments thereto \$500.00

(6) Tax exemption applications for real property and tax exemption applications for oil leases filed pursuant to K.S.A. 79-201t, and amendments thereto \$400.00

(7) Tax exemption applications for personal property except tax exemption applications for oil leases filed pursuant to K.S.A. 79-201t, and amendments thereto \$100.00

(8) Tax grievance applications filed pursuant to K.S.A. 79-332a, 79-1422, 79-1427a, or 79-1702, and amendments thereto \$25.00

(9) Equalization appeals filed pursuant to K.S.A. 79-1609, and amendments thereto, and payment-under-protest appeals filed pursuant to K.S.A. 79-2005, and amendments thereto, involving real estate other than single-family residential properties and farmsteads for the following valuations:

| | |
|----------------------------------|---------------------|
| \$250,000 or less | \$125.00 per parcel |
| \$250,001 through \$1,000,000 | \$200.00 per parcel |
| \$1,000,001 through \$5,000,000 | \$300.00 per parcel |
| \$5,000,001 through \$10,000,000 | \$400.00 per parcel |
| more than \$10,000,000 | \$500.00 per parcel |

(10) Equalization appeals filed in the regular division of the court pursuant to K.S.A. 79-1609, and amendments thereto, and payment-under-protest appeals filed in the regular division of the court pursuant to K.S.A. 79-2005, and amendments thereto, involving single-family residential properties and farmsteads \$25.00 per parcel

(11) Equalization appeals filed pursuant to K.S.A. 79-1609, and amendments thereto, and payment-under-protest appeals filed pursuant to K.S.A. 79-2005, and amendments thereto, involving personal property \$150.00

(12) Appeals of mortgage registration fees filed pursuant to K.S.A. 79-3107c, and amendments thereto \$25.00

(13) Appeals from final decisions of the director, or the director's designee, of the Kansas department of revenue, division of property valuation, involving real estate other than single-family residential properties and farmsteads for the following valuations:

| | |
|----------------------------------|---------------------|
| \$250,000 or less | \$125.00 per parcel |
| \$250,001 through \$1,000,000 | \$200.00 per parcel |
| \$1,000,001 through \$5,000,000 | \$300.00 per parcel |
| \$5,000,001 through \$10,000,000 | \$400.00 per parcel |
| more than \$10,000,000 | \$500.00 per parcel |

(14) Appeals from final decisions of the secretary, or the secretary's designee, of the Kansas department of revenue, excluding homestead property tax refund appeals under K.S.A. 79-4501 et seq., and amendments thereto, and food sales tax refund appeals under K.S.A. 79-3632 et seq., and amendments thereto, for the following amounts in controversy:

| | |
|----------------------------|----------|
| \$1,000 or less | \$100.00 |
| \$1,001 through \$10,000 | \$150.00 |
| \$10,001 through \$100,000 | \$300.00 |
| more than \$100,000 | \$500.00 |

(15) No-fund warrants, temporary notes or bond applications, requests to exceed the adopted budget, and mill levy disagreements filed pursuant to K.S.A. 79-2938, 79-2939, 79-2941, 79-2951, 79-5023, 12-110a, 12-1662 et seq., or 19-2752a, and amendments thereto, or any other related statute \$150.00

(16) Applications by school districts to levy an ad valorem tax pursuant to K.S.A. 72-6441 or 72-6451, and amendments thereto No fee

(17) Requests for reappraisal and complaints filed pursuant to K.S.A. 79-1413a, 79-1479, or 79-1481, and amendments thereto \$2,000.00

(18) Appeals by board of county commissioners of any county of the final ratios determined for the county by the director, or the director's designee, of the Kansas department of revenue, division of property valuation, filed pursuant to K.S.A. 79-1489, and amendments thereto \$2,000.00

(b) Subject to subsections (f) and (g), the following fees shall apply to applications and appeals filed with the small claims and expedited hearings division of the court:

(1) Equalization appeals filed pursuant to K.S.A. 79-1609, and amendments thereto, and payment-under-protest appeals filed pursuant to K.S.A. 79-2005, and amendments thereto, involving appeals of the valuation or classification of single-family residential properties and farmsteads No fee

(2) All other equalization appeals filed pursuant to K.S.A. 79-1609, and amendments thereto, and payment-under-protest appeals filed pursuant to K.S.A. 79-2005, and amendments thereto, for the following valuations:

| | |
|---------------------------------|---------------------|
| \$250,000 or less | \$100.00 per parcel |
| \$250,001 through \$1,000,000 | \$150.00 per parcel |
| \$1,000,001 through \$1,999,999 | \$200.00 per parcel |

(3) Appeals from final decisions of the secretary, or the secretary's designee, of the Kansas department of revenue, excluding those final decisions addressed in paragraph (b)(5), for the following amounts in controversy:

| | |
|---------------------------------------|----------|
| Less than \$500 | No fee |
| at least \$500 but less than \$10,001 | \$50.00 |
| \$10,001 through \$14,999 | \$150.00 |

(4) Appeals from final decisions of the director, or the director's designee, of the Kansas department of revenue, division of property valuation, involving real estate other than single-family residential properties and farmsteads for the following valuations:

| | |
|--|---------------------|
| Less than \$500 | No fee |
| at least \$500 but less than \$250,001 | \$100.00 per parcel |
| \$250,001 through \$1,000,000 | \$150.00 per parcel |
| \$1,000,001 through \$1,999,999 | \$200.00 per parcel |

(5) Appeals from final decisions of the secretary, or the secretary's designee, of the Kansas department of revenue involving homestead property tax refund appeals under K.S.A. 79-4501 et seq., and amendments thereto, and food sales tax refund appeals under K.S.A. 79-3632 et seq., and amendments thereto

No fee

(c) For purposes of this regulation, the following definitions shall apply:

(1) "Single-family residential property" means any parcel containing a residential structure or any portion of the structure that is designed for occupancy by no more than one family, regardless of whether the boundary of the parcel is ground, shared walls, or other structural elements. A parcel containing a structure designed to accommodate more than one family, including an apartment building, is not single-family residential property.

(2) "Valuation" means the value shown on the county notice of valuation or the value at the time of the filing of the appeal if the value has been

reduced by the county appraiser at the informal hearing, by a local hearing officer panel, or by the small claims division of the court.

(d) Except as specified in this subsection, each application and appeal listed in subsections (a) and (b) shall be accompanied by the applicable filing fee in the form of a check or money order made payable to the "Court of Tax Appeals." If the fee does not accompany the filed application or appeal, the fee shall be received by the court within seven business days of the receipt of the application or appeal. If the fee is not received within this time period, the application or appeal shall be considered not properly filed with the court, and the application or appeal shall be dismissed.

(e)(1) A filing fee may be waived by the court if an applicant or taxpayer by reason of financial hardship is unable to pay the fee and has filed an affidavit stating this reason, with any accompanying supporting documentation that may be deemed appropriate by the court.

(2) Filing fees may be abated by the court as prescribed in this paragraph upon written motion demonstrating that multiple appeals or applications involving multiple properties filed by a taxpayer or applicant should be consolidated into a single matter. For multiple applications or appeals involving contiguous parcels owned by the same person or entity that together comprise a single economic unit, the consolidated filing fee shall be the fee for the parcel with the highest valuation plus \$25.00 for each additional parcel within the economic unit. If multiple applications or appeals do not involve contiguous parcels but involve substantially similar issues that, in the interest of administrative economy, should be heard and decided together, the filing fee may be abated by the court to reflect the administrative cost savings anticipated from consolidating the multiple filings for decision. If, after a filing fee has been remitted, the court determines that abatement is appropriate under this paragraph, the abated portion of the fee shall be refunded by the court.

(f) Public school districts No fee

(g) Each not-for-profit organization shall be charged a fee of \$10 for any appeal if the valuation of the property that is the subject of the controversy does not exceed \$100,000, excluding all governmental entities except as provided in subsection (f). There shall be no filing fee reduction under this subsection (g) for property owned by a not-for-profit organization with a valuation

exceeding \$100,000. (Authorized by and implementing K.S.A. 2010 Supp. 74-2438a; effective Oct. 29, 2010; amended Sept. 16, 2011.)

94-5-9. Filing procedures; time limitations. (a) Each party filing any action with the court shall file the application or appeal and shall pay any applicable fees required by K.A.R. 94-5-8. Each pleading or other document filed with the court shall be deemed to have been filed when actually received and file-stamped by the secretary or the secretary's designee, and the action shall commence on that date, if the document is in a form prescribed by these regulations or by statute.

(b) In computing any period of time prescribed by the Kansas administrative procedure act, the computation shall be made pursuant to K.S.A. 77-503(c), and amendments thereto. In computing any period of time not prescribed by the Kansas administrative procedure act, the computation shall be made pursuant to K.S.A. 60-206, and amendments thereto.

(c) When by these regulations or by notice given by the court, an act is required to be completed within a specified time, the time for completing the act may be extended by the court if a motion is filed before the expiration of the specified time. A motion for extension of time filed after the time limit has expired may be granted only if failure to act within the time limit was the result of excusable neglect.

(d) Any individual or entity may file documents at the court's office between the hours of 8:00 a.m. and 5:00 p.m. on any business day. Each document, whether mailed, hand-delivered, or sent by facsimile machine or electronically, shall be received by 5:00 p.m. in order to be file-stamped and considered filed on that date. The time of receipt shall be that time shown by the court's time clock, the time printed by the court's facsimile machine on the final page of the facsimile-received document, or the time shown as received by the court's electronic mail system or other electronic docketing system. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-10. Electronic mail filings. (a) Each document filed through electronic mail shall be sent to the court's central electronic mail address in order to be considered filed with the court. Electronic mail sent to any electronic mail address other than the court's central electronic mail

address shall be ignored and shall not be considered filed with the court.

(b) All pleadings filed by electronic mail shall be followed by any applicable filing fees.

(c) Each electronic mail filing shall include a return electronic mail address along with the name and telephone number of the individual sending the electronic mail.

(d) Each document filed with the court by electronic mail and in accordance with these regulations shall have the same effect as if the document had been filed by any other means and in accordance with these regulations. All requirements for pleadings and other filings with the court shall apply to pleadings and other filings transmitted by electronic mail. Only one copy of the pleading or document shall be transmitted. An electronic signature or the symbol "/s/" on the signature line in place of a signature shall have the same effect as that of an original signature.

(e) Electronic mail received in the court's office at the central electronic mail address on or before 5:00 p.m. shall be deemed filed on that date. Electronic mail received after 5:00 p.m. shall be deemed to be filed on the following regular workday of the court. The time of receipt shall be the time shown by the court's electronic mail system. Electronic mail received on a Saturday, Sunday, or legal holiday shall be deemed filed on the following regular workday of the court.

(f) If an electronic mail message indicates that there is an attachment but an attachment is not included or the attachment cannot be opened, the sender shall be notified by the court of the deficiency, with the court's request that the electronic mail be re-sent and the deficiency corrected. The date and time of the filing shall be the date and time the electronic mail is re-sent without deficiency. Each attachment shall be sent in a format that meets the court's specifications.

(g) The sender of an electronic mail filing may petition the court for an order filing the document *nunc pro tunc* if the electronic mail document is not filed with the court because of either of the following reasons:

(1) An error in the transmission of the document, the occurrence of which was unknown to the sender at the time of transmission; or

(2) a failure to process the electronic mail document when received by the court.

(h) Each petition filed pursuant to subsection (g) shall be accompanied by the transmission record, a copy of any document included in the

transmission, and an affidavit of transmission by electronic mail as prescribed by Kansas supreme court rule 119, appendix B.

(i) Each party who files a document by electronic mail shall retain a copy of that document in the party's possession or control during the pendency of the action and shall produce the document upon request pursuant to K.S.A. 60-234, and amendments thereto, by the court or any party to the action. Failure to produce the document may result in the document being stricken from the record and may result in sanctions pursuant to K.S.A. 60-211, and amendments thereto. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-11. Facsimile filing. (a) The court's facsimile machine shall be available on a 24-hour basis, seven days each week. This requirement shall not prevent the court from sending documents by fax or from making repairs to and maintaining the facsimile machine.

(b) Each complete facsimile filing received in the court's office at or before 5:00 p.m. on a regular workday shall be deemed filed on that day. Each filing received after 5:00 p.m. shall be filed as if received on the next regular court workday. The time of receipt shall be the time printed by the court's facsimile machine on the final page of the facsimile-received document. Each filing received on a Saturday, Sunday, or legal holiday shall be filed as if received on the next regular court workday. Each pleading filed by facsimile shall be followed by any applicable filing fees.

(c) Each pleading or other document filed by facsimile transmission shall have the same effect as that of any pleading or other document filed with the court by other means. A facsimile signature shall have the same effect as that of an original signature. Only one copy of the pleading or other document shall be transmitted.

(d) Each certificate of service shall state the date of service and the facsimile telephone numbers of both the sender and the receiver.

(e) The sender may petition the court for an order filing a document *nunc pro tunc* if a facsimile filing is not filed with the court because of either of the following:

(1) An error in transmission of the document, the occurrence of which was unknown to the sender at the time of transmission; or

(2) a failure to process the facsimile filing when received by the court.

(f) The petition specified in subsection (e) shall be accompanied by the transmission record, a copy of the document transmitted, and an affidavit of transmission by fax as specified in Kansas supreme court rule 119 relating to district courts, appendix B. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-12. Confidentiality. (a) Each document filed and all evidence received by the court shall be a public record, unless a protective order is issued by the court designating all or portions of the record confidential.

(b) Any party may file a motion for a protective order, or a motion and agreed order may be jointly submitted by the parties, showing cause why specifically identified information in the record or information likely to become part of the record should be kept confidential. The motion shall state a legally valid basis for the protective order and shall include sworn statements or affidavits supporting the motion.

(c) If a motion for protective order is granted, any measures permitted by law may be taken by the court to protect the confidential information. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-13. Intervention; joinder. Each petition or request to intervene shall be governed by K.S.A. 77-521, and amendments thereto. Each joinder of any party needed for just adjudication shall be governed by K.S.A. 60-219, and amendments thereto. Each permissive joinder of any party shall be governed by K.S.A. 60-220, and amendments thereto. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-14. Consolidation. If two or more cases involve the same or substantially similar issues or if joint presentation of the evidence or legal arguments would be economical, a written order of consolidation may be issued by the court either on its own motion or on a motion by one or more parties. If cases are consolidated, orders may be issued by the court in a consolidated format. In the absence of a formal written order of consolidation, individual cases shall be deemed separate, unconsolidated matters. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-15. Motion practice. (a) Each motion shall include the heading information required of court pleadings, as well as the following information:

(1) Reference to the provision of statute, regulation, or other procedural authority upon which the motion is based;

(2) a concise statement of the pertinent facts and legal authorities;

(3) a concise statement of the relief sought;

(4) a request for oral argument, if desired; and

(5) a proposed form of order to be adopted by the court if the motion is granted.

(b) Each response to a motion shall be filed not later than 10 days from the date of service of the motion, or within any shorter or longer period that the court may allow. Each reply, if any, shall be filed within seven days of service of the response or within any shorter or longer period that the court may allow.

(c) Regular times for hearings on motions shall be established by the court at intervals sufficiently frequent for the prompt dispatch of business.

(d) Notwithstanding subsections (a), (b) and (c), all motions for summary judgment shall be governed by the court rules governing motions for summary judgment in state district court actions, including K.S.A. 60-256 and amendments thereto, and Kansas supreme court rule 141, as amended. Motion for summary judgment shall be specially set by the court for oral argument. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-16. Discovery. (a) All discovery matters, including disputes and requests for sanctions, shall be governed by the Kansas administrative procedure act and the Kansas code of civil procedure.

(b) Discovery shall be completed expeditiously. The parties and counsel shall conduct orderly discovery and shall freely exchange discoverable information and documents.

(c) The parties and counsel shall make all reasonable efforts to resolve discovery disputes before involving the court in these matters. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-17. Subpoenas. (a) Any party may issue a subpoena or subpoena *duces tecum* in a court proceeding. Each subpoena shall be prepared by the requesting party and shall be in sub-

stantial compliance with this regulation and any published court forms.

(b) Each subpoena shall state the following information:

(1) The name of the witness;

(2) the address where the witness can be served;

(3) the location where the witness is required to appear and the date and time of the appearance;

(4) the matter in which the witness is required to testify; and

(5) for a subpoena *duces tecum*, a detailed listing of the documents or other material to be produced.

(c) A subpoena may be used for the purpose of discovery or for the purpose of securing evidence for a hearing. The duties of the person responding to a subpoena shall be those specified in K.S.A. 60-245(d), and amendments thereto.

(d) Each subpoena issued under the authority of the court shall be signed by the secretary or a judge under the seal of the court. Upon request, the secretary shall issue a blank subpoena bearing the seal of the court with the secretary's signature or a facsimile of the signature. The party to whom a blank subpoena has been issued shall be solely responsible for preparing the substance of the subpoena. Subpoenas shall not be prepared by the court.

(e) Service of each subpoena shall be the responsibility and at the cost of the party requesting the subpoena and shall be made in accordance with K.S.A. 77-522, and amendments thereto. Witness fees and mileage shall be allowed pursuant to K.S.A. 28-125, and amendments thereto.

(f) Any person subject to a subpoena issued by the court may seek appropriate protection as provided under K.S.A. 60-245(c), and amendments thereto. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-18. Stipulations. (a) The parties and counsel shall to the fullest extent possible stipulate to facts, issues, and other matters that are not the subject of reasonable dispute.

(b) Any stipulation may be made either by written stipulation or by oral statement shown upon the hearing record. All stipulations shall be binding upon all parties so stipulating and may be regarded by the court as conclusive evidence of the fact stipulated.

(c) Each stipulation that finally and conclusively settles an appeal involving the valuation of county-assessed property shall be made by means of a fully executed order of stipulation and dismissal.

Each order shall be filed within 30 days from the date the parties notify the court of the pending stipulation. All stipulations executed by county officials shall be presumed by the court to have been made in keeping with the legal duties and obligations of those county officials.

(d) Each settlement negotiation shall be confidential, unless all participants to the negotiation agree otherwise in writing. Facts disclosed, offers made, and all other aspects of negotiation shall not be part of the record. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-19. Prehearing conferences. A prehearing conference may be held by the court for purposes of narrowing the issues and facts in dispute, simplifying the presentation of evidence, and otherwise assisting the parties and counsel in their preparation for trial. Each prehearing conference shall be conducted in accordance with K.S.A. 77-516 and K.S.A. 77-517, and amendments thereto. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-20. Continuances. (a) Any hearing scheduled on the court's calendar may be continued by the court upon a written motion filed at least 30 days before the date of the scheduled hearing. This requirement may be waived by the court at its discretion upon a showing of good cause. Before requesting a continuance, the moving party shall consult with all other parties and shall state in the motion the position of the other parties with respect to the continuance request. Each motion for continuance shall clearly state the reason for the requested continuance. Parties and counsel shall not contact court staff in an attempt to reschedule a matter before the court. These requests shall be filed in writing as specified in this subsection. All necessary rescheduling shall be initiated by the court after a motion has been received.

(b) A motion to continue a hearing shall be granted only in exceptional and unforeseen circumstances. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-21. Exchange of evidence and witness lists. Unless otherwise ordered by the court, the following deadlines for the exchange of evidence and witness lists shall apply:

(a) At least 10 calendar days before a scheduled hearing involving single-family residential proper-

ty, each party shall have exchanged copies of each document, photograph, or other evidence that the party intends to present at the hearing.

(b) At least 20 calendar days before a scheduled hearing except a hearing involving single-family residential property as specified in subsection (a), each party shall have exchanged copies of each document, photograph, or other evidence that the party intends to present at the hearing, along with a listing of all witnesses expected to be called at the hearing. At least 10 calendar days before the scheduled hearing, each party shall have exchanged copies of any rebuttal evidence, along with a listing of any rebuttal witnesses.

(c) In computing the time periods specified in subsections (a) and (b), the day of the scheduled hearing shall not be included. If the 10th or 20th calendar day before the hearing falls on a Saturday, Sunday, or legal holiday, the last business day before the day shall be the deadline for the exchange of evidence.

(d) If the parties fail to comply with the deadlines specified in this regulation or with any modified deadline ordered by the court, the presiding officer may take appropriate measures in the interest of preserving a fair hearing, which may include barring or limiting the presentation of evidence. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-22. Hearings. (a) Each hearing shall be open to the public and shall be conducted in accordance with the Kansas administrative procedure act. Each hearing shall be recorded by a certified shorthand reporter selected by the court or by audio or video recording systems. The court's record shall be the only official record of the proceedings.

(b) The use of recording, photographic, or television devices during any hearing shall be permitted only if the use of these devices is not disruptive.

(c) The cost of obtaining a transcript of any hearing shall be borne by the person requesting the transcript. A certified shorthand reporter shall be selected by the court to transcribe the official record of the proceedings. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-23. Evidence. (a) Unless otherwise limited by a specific statutory or regulatory provision, the presentation of evidence shall be gov-

erned by K.S.A. 60-401 et seq., and amendments thereto, and by K.S.A. 77-524, and amendments thereto.

(b) Evidence may be received in writing instead of through oral presentation, in accordance with K.S.A. 77-524(d) and amendments thereto. However, the filing of a document shall not signify its receipt into evidence. Only those documents that have been received into evidence shall be considered as evidence in the official record.

(c) Whenever an evidentiary objection is made, the grounds relied upon shall be stated briefly when the evidence is offered. Any evidentiary objection may be ruled upon by the court, or the objection may be taken under advisement by the court. Evidence may be received by the court, subject to a motion to strike at the conclusion of the hearing.

(d) The discontinuation of the presentation of evidence may be ordered by the court upon its own motion if the evidence is cumulative, irrelevant, or otherwise objectionable. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-24. Failure to appear. (a) Failure of any party to appear at the time and place appointed by the court may result in dismissal or a default judgment.

(b) Within 10 days after service of an order of dismissal or default, the party against whom the order was entered may file a written objection requesting that the order be vacated and stating the specific grounds relied upon. The written objection shall be served on all parties in accordance with these regulations. An entry of dismissal or default may be set aside by the court, for good cause.

(c) If all parties agree to waive the right to a hearing and submit stipulated facts and written arguments, a hearing may be waived. However, the parties' waiver may be rejected by the court at its discretion, and the parties may be required by the court at its discretion to appear for hearing if the court deems the action necessary or proper under the circumstances. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

94-5-25. Petitions for reconsideration.

Each petition for reconsideration of a final order of the court shall be filed pursuant to K.S.A. 77-529, and amendments thereto. Each response to a petition for reconsideration shall be filed with the court within 11 calendar days after the petition for reconsideration is filed with the court. (Authorized by and implementing K.S.A. 2009 Supp. 74-2437; effective Oct. 29, 2010.)

97-1-1. (Authorized by K.S.A. 76-1908; effective Jan. 1, 1966; amended May 1, 1980; revoked May 1, 2009.)

97-1-1a. Definitions. As used in these regulations, the following terms shall have the meanings specified in this regulation: (a) "Applicant" means a person who has submitted to the Kansas commission on veterans' affairs a completed application packet and military discharge papers.

(b) "Commission" means the body of commissioners appointed by the governor to oversee the Kansas commission on veterans' affairs (KCVA).

(c) "Discharge" means the permanent removal by the commission of a member from a KCVA home.

(d) "Executive director" means the person who serves as executive director of the KCVA.

(e) "Furlough" means the temporary eviction of a member by the respective superintendent or designee, for any infraction of these regulations.

(f) "KSH" means Kansas soldiers' home at Fort Dodge, Kansas.

(g) "KVH" means Kansas veterans' home in Winfield, Kansas.

(h) "Licensed medical authority" means a person who is authorized by law to diagnose mental diseases or disorders.

(i) "Pass" means a superintendent's prior written permission for the voluntary, temporary absence of the veteran or nonveteran member from the

home for a period in excess of 23 hours, as specified in K.A.R. 97-3-3a. An approved pass shall not affect the eligibility status of the member.

(j) "Release" means a voluntary separation granted by a superintendent upon request of a veteran or nonveteran member. The member leaves the home in good standing, and this departure does not affect the member's standing or subsequent KCVA or United States department of veterans affairs benefits.

(k) "Residence hall" means a domiciliary, including cottages, or long-term health care facility.

(l) "State" means the state of Kansas.

(m) "Superintendent" means the person appointed by the KCVA as superintendent for the KSH or KVH.

(n) "USDVA" means United States department of veterans affairs.

(o) "Weapon" means any of the following:

(1) Bludgeon, sand club, metal knuckles, throwing star, dagger, dirk, billy, or blackjack;

(2) any firearm; or

(3) (A) Any knife that is more than four inches long or opens automatically by hand pressure applied to a button, spring, or other device in the handle of the knife; or

(B) any knife having a blade that opens, falls, or is ejected into position by the force of gravity or by outward, downward, or centrifugal thrust or movement. (Authorized by and implementing K.S.A. 76-1904, 76-1927, 76-1951, and 76-1955; effective May 1, 2009.)

97-1-2. (Authorized by K.S.A. 76-1908; effective Jan. 1, 1966; amended May 1, 1980; revoked May 1, 2009.)

97-1-2a. Administrative oversight. These regulations shall apply to the Kansas soldiers' home and the Kansas veterans' home, which are administered by the commission. (Authorized by K.S.A. 76-1927 and 76-1955; implementing K.S.A. 76-1904, 76-1927, 76-1951, and 76-1955; effective May 1, 2009.)

97-1-3. (Authorized by K.S.A. 76-1908; effective Jan. 1, 1966; amended Jan. 1, 1969; amended May 1, 1980; revoked May 1, 2009.)

97-1-3a. Eligibility. (a) General. Eligibility for admission shall be based upon K.S.A. 76-1908 and K.S.A. 76-1954, and amendments thereto.

(b) Mental illness, legal incompetence, alcohol abuse, and drug abuse.

(1) Mental illness. No person who has been diagnosed by a licensed medical authority as being mentally ill shall be admitted to the KSH or KVH unless the illness is managed by medication prescribed by a licensed medical authority and that medical authority certifies both of the following:

(A) With the prescribed medication, the individual will not be a threat to that person, any other person, or the property of others.

(B) The individual can be cared for and medicated by KSH or KVH staff with medication that is reasonably available through the KSH or KVH.

(2) Legal incompetence. No person who meets any of the following conditions and has not been restored to competency by the court pursuant to the applicable act shall be admitted unless the person's guardian or conservator, or both, or curator is available to make the legal, financial, and medical decisions on behalf of the person:

(A) Has been adjudged in need of a guardian or conservator, or both, by a court in this state pursuant to the act for obtaining a guardian or a conservator, or both, K.S.A. 59-3050 et seq. and amendments thereto;

(B) has been adjudged in need of a curator pursuant to the curators for veterans act, K.S.A. 73-501 et seq. and amendments thereto; or

(C) has been adjudged by a court of competent jurisdiction in another state or the District of Columbia pursuant to an act similar to either of the acts specified in paragraphs (b)(2)(A) and (B).

(3) "Abuse" shall mean a person's lack of self-control in the use or ingestion of alcohol or drugs

or a person's use or ingestion of alcohol or drugs to the extent that the person's health is substantially impaired or endangered or the person's social or economic functioning is substantially disrupted.

(4) Alcohol abuse. No person who is abusing alcohol and not participating in a program conducted, managed, or operated by an alcohol treatment facility licensed under the alcoholism and intoxication treatment act, K.S.A. 65-4001 et seq. and amendments thereto, shall be admitted to the KSH or KVH. A member who abuses alcohol may be furloughed and may be considered for discharge by the commission.

(5) Drug abuse. No person who is abusing drugs and not participating in a program conducted, managed, or operated by a drug treatment facility licensed under the drug abuse treatment facilities act, K.S.A. 65-4601 et seq. and amendments thereto, shall be admitted to the KSH or KVH unless the abuse is the result of the use of a legally prescribed medication. A member who abuses drugs, prescription or illegal, may be furloughed and may be considered for discharge by the commission.

(6) Removal from the KSH or KVH. Any member who becomes mentally ill or legally incompetent or who becomes addicted to or abuses alcohol or drugs as specified in this regulation may be subject to furlough or discharge.

(c) Children. Only minor children shall be eligible for admission to the KSH and the KVH. No minor child shall be eligible for admission unless accompanied by a member parent or member guardian. No child who is 16 years of age or older shall be admitted to or reside in the KSH or KVH unless the child is incapable of self-support and the superintendent makes such a declaration. Determination of eligibility of dependent children shall be in accordance with federal laws and USDVA regulations applicable to state veterans' homes.

(d) Dependents. No person shall be admitted as the spouse of the applicant unless the marriage is valid under the laws of the state of Kansas. (Authorized by K.S.A. 76-1927 and 76-1955; implementing K.S.A. 76-1904, 76-1908, 76-1928, 76-1931, 76-1951, 76-1954, and 76-1955; effective May 1, 2009.)

97-1-4. (Authorized by K.S.A. 76-1908; effective Jan. 1, 1966; amended May 1, 1980; revoked May 1, 2009.)

97-1-4a. Application for membership. (a) Processing and approval. No application for membership shall be considered until the person has submitted a complete application packet on forms furnished by the KSH or KVH.

(1) Application packets may be obtained at and returned to any KCVVA field office or service organizational office. The application packet shall be submitted by the office to the superintendent at the KSH or KVH, as applicable, for review of completeness. If the application packet is not complete, the application packet shall be returned to the applicant, with an indication of the portions that are incomplete. Upon determination of completeness, the superintendent shall forward the application packet to the executive director.

(2) Except for applications submitted by individuals with felony convictions, each complete application shall be required to be approved by the executive director before the applicant may be admitted to the KSH or KVH.

(3) For each applicant with a felony conviction, that applicant's completed application shall be evaluated by the commission regarding the rehabilitation of the applicant and current degree of dangerousness to the applicant, other persons, and the property of others before the applicant may be admitted to the KSH or KVH.

(4) Each spouse or dependent who desires membership in the KSH or KVH shall complete the appropriate forms in the application packet.

(5) Each applicant shall include a certification of inability to provide self-support without additional aid.

(b) Investigation of applicants. The information on each application shall be verified by a staff member, as directed by the superintendent.

(c) False applications; procedure. An applicant may be denied admission or a member may be discharged if the commission ascertains that the applicant or member has committed either of the following:

(1) Has misrepresented the age of a minor child. The veteran or veteran's spouse, or both, shall be responsible for ensuring the accuracy of the information in the application of a minor child; or

(2) has misrepresented any other material matter for the purpose of obtaining admission, continuing membership, or obtaining any other benefits of either home. (Authorized by K.S.A. 76-1927 and 76-1955; implementing K.S.A. 76-1908 and 76-1954; effective May 1, 2009.)

97-1-5. (Authorized by K.S.A. 76-1908; effective Jan. 1, 1966; amended May 1, 1980; revoked May 1, 2009.)

97-1-5a. Priority for admission. (a) Priority criteria. Admission shall be granted pursuant to K.S.A. 76-1908(g) and K.S.A. 76-1954(g)(1), and amendments thereto.

(1) The first priority for admission shall be given to veterans who have no adequate means of support. Within this group, priority shall be based on the severity of medical care required and the ability to pay for health care.

(2) The second priority for admission shall be given to a veteran's spouse or surviving spouse, parents, or children who have no adequate means of support, with priority based on the criteria specified in paragraph (a)(1) of this regulation.

(3) The third priority shall be given to veterans who have a means of support.

(4) The fourth priority shall be given to a veteran's spouse or surviving spouse, parents, or children who have a means of support.

(b) Residence halls. The superintendent of the KSH or KVH shall consult with that person's medical staff to assist in the prioritization of members.

(c) Cottages.

(1) Cottages, which are located only at the KSH, shall be available to eligible members, including those in need of domiciliary care.

(A) If domiciliary care is needed, the veteran member shall show that the care will be provided by that member's spouse, parent, or child. If a family member can not provide domiciliary care, the KSH superintendent shall be so notified, and the veteran member shall be directed to undergo a medical evaluation to determine whether that person can reside alone.

(B) If the KSH superintendent suspects that an applicant or a veteran member needs domiciliary care, the superintendent may direct that applicant or veteran member to undergo a medical evaluation to determine whether that person can reside alone.

(C) If the medical staff determines that the veteran member needs domiciliary care and resides alone, the KSH superintendent may direct that the veteran member be placed in the domiciliary unit for care until a permanent arrangement is made.

(2) No cottage shall be initially assigned to the spouse, parent, or child of a deceased veteran member. If the veteran member dies, the surviv-

ing spouse, parent, or child shall have 180 days to vacate the premises. Before the end of the 180-day period, any surviving nonveteran spouse may move to a domiciliary unit or a one-bedroom cottage, if available, at the rental rate established for nonveterans. If a one-bedroom cottage is not available, the superintendent may allow the nonveteran spouse to remain by exception in the two-bedroom cottage past the 180-day period, contingent upon pending admissions. (Authorized by K.S.A. 76-1927 and 76-1955; implementing K.S.A. 76-1908 and 76-1954; effective May 1, 2009.)

97-1-6a. Approval or denial of application, notification to applicant, and right of reconsideration; right of hearing; final decision.

(a) Approval of application. If an applicant qualifies for admission, the application shall be approved if there is space available in the KSH or KVH or shall be conditionally approved until space is available. Each applicant shall be notified in writing by the appropriate superintendent or by the executive director, whether the application is approved or denied.

(b) Denial of application.

(1) If an applicant is denied admission, written notification shall be sent to the last known address of the applicant by the appropriate superintendent, the executive director, or the commission. The notification shall state the reason or reasons for the denial.

(2) Within 30 days of the date of the decision, the applicant may file at the office of the executive director a written request for reconsideration by the commission. The request shall state the reasons supporting approval of the application. If no timely request is filed, the notification of denial shall become the final decision.

(3) Unless waived by the applicant, a hearing shall be set upon receipt of a request for reconsideration. The hearing shall be scheduled at the earliest available commission docket. The applicant shall be notified by the executive director of the date, time, and place of the hearing. The notice shall be mailed to the last known address of the applicant at least 10 days before the hearing.

(4) At the hearing, notice may be taken by the commission of its administrative records and files, and any other relevant evidence and arguments offered by the applicant, employees of the KCVA, or other interested persons may be heard by the commission. The applicant may appear in person,

through telephone, by an attorney, or any combination of these.

(5) If the applicant fails to attend the hearing, the commission's decision may be made based upon the KCVA's records, files, and any other evidence that was presented at the hearing. The commission's decision shall be determined by a majority vote. A written decision shall be filed by the commission with the executive director, setting forth the facts and reasons for the commission's decision. Within 30 days after the hearing, a copy of the decision shall be sent by the executive director to the applicant at the applicant's last known address. The filed decision shall be considered the final agency action. (Authorized by K.S.A. 76-1927 and 76-1955; implementing K.S.A. 76-1908 and 76-1954; effective May 1, 2009.)

**Article 2.—RULES
GOVERNING MEMBERS**

97-2-1. (Authorized by and implementing K.S.A. 76-1927; effective Jan. 1, 1966; amended May 1, 1980; amended May 1, 1984; revoked May 1, 2009.)

97-2-1a. Charges. Charges to each member shall be based on the member's ability to pay and shall not exceed the applicable KSH or KVH per diem cost of care for the prior year or the charges made to patients pursuant to K.S.A. 59-2006 and amendments thereto, whichever is less. Each member shall notify the superintendent, within five business days, of any increase or decrease in income or assets. The business manager shall submit an annual accounting to the superintendent, or designee, of each member's resources to determine the member's appropriate charges. (Authorized by K.S.A. 76-1927 and 76-1955; implementing K.S.A. 76-1904a and 76-1952; effective May 1, 2009.)

97-2-2. (Authorized by K.S.A. 76-1932; effective Jan. 1, 1966; amended May 1, 1980; revoked May 1, 2009.)

97-2-2a. Comfort money. Comfort money shall mean a protected amount of each member's income that is not used in determining the member's charges and is held for the member's use, benefit, and burial. The amount of comfort money shall be annually determined by the commission at its November meeting and shall become effective on February 1 of the following year. Each

member shall be given written notice by that member's superintendent, within 45 days after the commission's November meeting, of the amount of comfort money authorized by the commission. (Authorized by K.S.A. 76-1927 and 76-1955; implementing K.S.A. 76-1904a, 76-1935, 76-1952, and 76-1956; effective May 1, 2009.)

97-2-3. (Authorized by K.S.A. 76-1927; effective Jan. 1, 1966; amended May 1, 1980; revoked May 1, 2009.)

97-2-4. (Authorized by K.S.A. 76-1927; effective Jan. 1, 1966; revoked May 1, 2009.)

97-2-5. (Authorized by and implementing K.S.A. 76-1927; effective Jan. 1, 1966; amended May 1, 1980; amended May 1, 1984; revoked May 1, 2009.)

97-2-6. (Authorized by K.S.A. 76-1906, 76-1927; effective Jan. 1, 1966; amended Jan. 1, 1969; amended May 1, 1980; revoked May 1, 2009.)

97-2-7. (Authorized by K.S.A. 76-1927; effective Jan. 1, 1966; amended May 1, 1980; revoked May 1, 2009.)

97-2-8. (Authorized by and implementing K.S.A. 76-1927; effective Jan. 1, 1966; amended May 1, 1980; amended May 1, 1984; revoked May 1, 2009.)

Article 3.—DISCHARGES; TERMINATION OF MEMBERSHIP

97-3-1. (Authorized by K.S.A. 76-1908; effective Jan. 1, 1966; amended May 1, 1980; revoked May 1, 2009.)

97-3-1a. Personal conduct; guests. (a) Personal conduct. The following actions by any member or any member's guest while at the KSH or KVH shall be prohibited:

(1) Violating any state statute, state regulation, or lawful order of any superintendent or designee of the superintendent;

(2) brandishing a weapon;

(3) cursing, swearing, quarreling, or using violent, profane, vulgar, or threatening language or conduct that tends to arouse alarm or anger, disturbs others, or provokes an assault or other breach of the peace;

(4) intentionally or willfully damaging or destroying any property of another person or entity, the KSH or KVH, or the state;

(5) being under the influence of alcohol or illegal drugs, or both; and

(6) engaging in any activity or behavior not otherwise specified in this subsection that interferes with the orderly conduct of the KSH or KVH.

(b) Guests. Each member shall be responsible for informing that member's guest of the personal conduct prohibited by this regulation. No member of the KSH or KVH shall house any person as an overnight guest without the prior approval of the superintendent. (Authorized by K.S.A. 76-1927 and 76-1955; implementing K.S.A. 76-1904, 76-1927, 76-1951, and 76-1955; effective May 1, 2009.)

97-3-2. (Authorized by K.S.A. 76-1908; effective Jan. 1, 1966; amended May 1, 1980; revoked May 1, 2009.)

97-3-2a. Pets and service or therapeutic animals; hunting prohibition. (a) No animals may be kept on the premises of the KSH or KVH by members, guests, or employees, except as specified in this regulation.

(b) As used in this regulation, "pet" shall mean a domesticated cat weighing 25 pounds or less or a domesticated dog weighing 80 pounds or less.

(c)(1) Horses may be kept on the grounds at the KSH or KVH as designated by prior written authorization from the superintendent.

(2) Any guest may have a pet on the premises of the KSH or KVH, for not more than a six-hour period between 7 a.m. and 10 p.m.

(3) Each pet at the KSH or KVH shall meet the following requirements:

(A) Have current vaccinations;

(B) be restrained with a leash and wear a collar with a tag identifying its owner while in public or open areas of the KSH or KVH;

(C) be properly maintained;

(D) not become a nuisance or threat to staff, members, or guests; and

(E) not interfere with the normal conduct and operation of the KSH or KVH.

(d)(1) Only an employee or member living in a cottage at the KSH may be allowed to maintain more than one pet if the requirements in paragraph (c)(3) are met and prior approval for each pet has been given by the superintendent.

(2) Each employee or member living in a cottage at the KSH who utilizes a service or therapeutic animal shall notify the superintendent that the animal is maintained at that employee's or member's cottage.

(e) Only service and therapeutic animals shall be allowed to be maintained by employees or members living in residential halls other than the cottages at the KSH and KVH.

(f) Hunting shall not be allowed on the premises of the KSH or KVH. (Authorized by K.S.A. 76-1927 and 76-1955; implementing K.S.A. 76-1904, 76-1927, 76-1951, and 76-1955; effective May 1, 2009.)

97-3-3. (Authorized by K.S.A. 76-1927; effective Jan. 1, 1966; amended May 1, 1980; revoked May 1, 2009.)

97-3-3a. Passes. (a) Absences.

(1) Twenty-three hours or less. Each member who desires to be absent from the KSH or KVH for 23 hours or less shall obtain the prior written approval of the superintendent or the superintendent's designee.

(2) More than 23 hours. Each member shall be required to obtain a pass from the superintendent for any absence longer than 23 hours. No pass shall exceed a total of three months in any 12-month period.

(3) Absences by members residing in cottages at the KSH. Each cottage member who is absent for more than 30 days with a pass shall pay an additional rent payment at the rate prescribed in K.A.R. 97-1-1a.

(4) Extensions. Any pass may be extended once by the superintendent for not more than 30 days.

(5) Early return. Each member who is absent with a pass or pass extension and who wants to return before the expiration of the pass or pass extension shall notify the superintendent at least 10 days before the date on which the member desires to return to the KSH or KVH.

(b) Medical pass. A veteran member shall request that the superintendent issue a medical pass for the purpose of being hospitalized or domiciled in a USDVA medical center. During the period that the veteran member is absent with a medical pass, the status of the veteran member's dependents shall remain unchanged. The veteran member shall be readmitted by the superintendent under the same terms and conditions as those under which the veteran member was originally admitted. (Authorized by K.S.A. 76-1927 and 76-1955; implementing K.S.A. 76-1904, 76-1927, 76-1951, and 76-1955; effective May 1, 2009.)

97-3-4. (Authorized by K.S.A. 76-1929; effective Jan. 1, 1966; amended May 1, 1980; revoked May 1, 2009.)

97-3-5. (Authorized by K.S.A. 76-1929; effective Jan. 1, 1966; amended May 1, 1980; revoked May 1, 2009.)

97-3-6. (Authorized by and implementing K.S.A. 76-1927; effective Jan. 1, 1966; amended May 1, 1984; revoked May 1, 2009.)

97-3-7. (Authorized by K.S.A. 76-1929; effective Jan. 1, 1966; amended May 1, 1980; revoked May 1, 2009.)

97-3-8. (Authorized by K.S.A. 76-1929; effective Jan. 1, 1966; revoked May 1, 2009.)

97-3-9. (Authorized by K.S.A. 76-1927; effective Jan. 1, 1966; revoked May 1, 2009.)

**Article 4.—VETERAN MEMORIAL
DONATIONS TO THE KANSAS
COMMISSION ON VETERANS'
AFFAIRS FOR THE CONSTRUCTION
AND MAINTENANCE OF CAPITAL
IMPROVEMENT PROJECTS**

97-4-1a. Disciplinary actions; discharge.

(a) Complaints. Any person may make a verbal or written complaint to the superintendent alleging a violation of any statute or regulation.

(b) Investigation. Upon receipt of a complaint, the superintendent shall conduct an investigation. If the investigation reveals reasonable grounds to believe that a member has violated a statute or regulation, no warning has been given for prior offenses in the past 12 months, and the current offense did not cause property damage or bodily injury, the superintendent may advise the member of the violation and warn the member that if the conduct or activity does not cease, proceedings will be commenced to discharge the member. As an alternative, a report by the superintendent may be sent to the KCVA detailing the investigation of the complaint, identifying the regulation that was violated, and recommending discharge of the member.

(c) Notice. Upon recommendation that a member be discharged, a hearing shall be scheduled at the earliest available commission docket. The member shall be notified by the executive director of the factual allegations of the complaint, the applicable statute or regulation, and the date, time, and place of the hearing. The notice shall be mailed to the last known address of the member at least 10 days before the hearing.

(d) Proceedings. At the hearing, notice may be taken by the commission of its administrative files and records, and any other relevant evidence and arguments offered by the member, staff, employees of KCVA, or any other interested persons may be heard by the commission. The member may appear in person, through telephone, by an attorney, or any combination of these. If the member fails to attend, the decision may be made by the commission based upon its files and records and any other evidence that was presented at the hearing.

(e) Final decision. A written decision shall be filed by the commission with the executive director. The written decision shall set forth the facts and reasons for the commission's decision. A copy of the decision shall be sent by the executive director to the member at the member's last known address. The filed decision shall be considered the final agency action.

(f) Vacating premises. If the decision is adverse to the member, the member shall vacate the residence or cottage within 30 days of the date on which a copy of the commission's decision was sent to the member. The member may ask the superintendent for an additional 14 days due to unusual and extenuating circumstances. As used in this subsection, "unusual and extenuating circumstances" shall mean any condition that is caused by an unexpected event that is beyond the member's control and that is sufficiently extreme in nature to result in the inability or inadvisability to vacate the premises by the deadline specified. (Authorized by K.S.A. 76-1927 and 76-1955; implementing K.S.A. 76-1928, 76-1931, 76-1932, and 76-1955; effective May 1, 2009.)

Article 7.—VIETNAM WAR ERA MEDALLION PROGRAM

97-7-1. Definitions. As used in L. 2009, ch. 62, secs. 1 through 6 and amendments thereto and these regulations, each of the following terms shall have the meaning specified in this regulation:

(a) (1) "Active service" and "active duty" shall include the following:

(A) For a member of an active component of the armed forces of the United States, the time served on active duty for which the member has received or is eligible to receive the Vietnam war era medallion for service related to the Vietnam war; and

(B) for a member of the armed forces of the United States, time served on active duty for the

support of operations in the Vietnam war whether or not that service was in the country of Vietnam.

(2) These terms shall include any time spent in a hospital as a result of service-connected wounds, diseases, or injuries sustained on active service. Proof of this service shall be the official military records of the United States or other evidence as deemed sufficient by the director of veteran services.

(3) These terms shall not include time served on active duty for annual training or schooling, except for training and schooling in preparation for active duty in the Vietnam war.

(b) "Director of veteran services" means the designated director of the veteran services program for the Kansas commission on veterans' affairs, who is appointed by the executive director of the Kansas commission on veterans' affairs.

(c) "Parent" shall include the following:

(1) The natural or adoptive parent of a veteran; and

(2) any person who, for a period of at least one year, acted in the capacity of a foster parent to a veteran immediately before the veteran attained 18 years of age.

(d) "Program" means the Vietnam war era medallion program.

(e) "Spouse or eldest living survivor of a deceased veteran" means any of those individuals listed in K.A.R. 97-7-4. (Authorized by and implementing L. 2009, ch. 62, sec. 2; effective March 12, 2010.)

97-7-2. Veteran status. (a) To be considered a veteran for purposes of the program, each applicant shall establish both of the following to the satisfaction of the director of veteran services:

(1) The person for whom the application under the program is submitted is a veteran.

(2) The person for whom the application under the program is submitted meets the requirements specified in L. 2009, ch. 62, sec. 1, and amendments thereto.

(b) In addition to meeting the requirements in subsection (a), the applicant shall certify that the person for whom the application under the program is submitted meets both of the following requirements:

(1) Was not, at any time during the Vietnam war, separated from the armed forces under other than honorable conditions, including a bad conduct discharge or dishonorable discharge, or an administrative discharge under other than honorable conditions; and

(2) has never renounced United States citizenship. (Authorized by L. 2009, ch. 62, sec. 2; implementing L. 2009, ch. 62, sec. 1 and sec. 2; effective March 12, 2010.)

97-7-3. Legal resident status. (a) Proof of residence. In addition to establishing the veteran status of the person for whom an application under the program is submitted as specified in K.A.R. 97-7-2, the applicant shall establish to the satisfaction of the director of veteran services that the person was a legal resident of Kansas during the person's active service within the period beginning February 28, 1961 and ending May 7, 1975. The proof of residence shall be the official records of the United States or other evidence deemed sufficient by the director of veteran services.

A legal resident of Kansas shall mean an individual for whom Kansas was the state of domicile while serving in the United States armed forces or a reserve component of the United States armed forces within the period specified in this subsection and who did not claim legal residence in any other state during that period of active service, without regard to the place of enlistment, commission, or induction. A service member's legal residence shall not change by virtue of military assignment to another state.

(b) Home of record in Kansas shown in official military records. Each veteran whose home of record is listed as Kansas in official military records showing qualifying active service within the period beginning February 28, 1961 and ending May 7, 1975 shall be considered a legal resident without regard to the veteran's place of enlistment, commission, or induction.

(c) Home of record in Kansas not shown in official military records. In making a determination of legal residence if official military records do not show Kansas as the veteran's home of record for the period of active service, the director of veteran services shall apply a rebuttable presumption that the veteran was not a legal resident of Kansas. The applicant may rebut this presumption by showing facts and circumstances establishing that Kansas was the veteran's legal residence because Kansas was the veteran's permanent place of abode to which the veteran intended to return.

(d) Documentation. If an applicant is unable to document the veteran's legal residence in Kansas by means of official military records showing a home of record in Kansas during the period of active service, the director of veteran services may

consider the following documentation when determining whether sufficient evidence exists to show that the veteran was a legal resident of Kansas who did not claim legal residence in any other state at that time:

(1) Voter registration records for the period beginning February 28, 1961 and ending May 7, 1975;

(2) proof of payment of state income tax as a resident for the period beginning February 28, 1961 and ending May 7, 1975;

(3) (A) Kansas driver's license or Kansas identification card; and

(B) any similar documentation for the period beginning February 28, 1961 and ending May 7, 1975;

(4) other proof of a Kansas residential address for the period beginning February 28, 1961 and ending May 7, 1975, including a high school diploma or attendance record for a Kansas high school, real estate records, utility receipts, and any other records showing residence in Kansas; and

(5) an affidavit of residence submitted by the applicant under penalty of law in which the applicant swears or affirms that the veteran on whose behalf the application under the program is submitted remained a legal resident of Kansas and did not claim legal residence in any other state for any purpose during the period of active service occurring within the period beginning February 28, 1961 and ending May 7, 1975. (Authorized by L. 2009, ch. 62, sec. 2; implementing L. 2009, ch. 62, sec. 1 and sec. 2; effective March 12, 2010.)

97-7-4. Applicants on behalf of deceased veterans. (a) The following individuals shall be eligible to apply under the program on behalf of eligible deceased veterans. Eligible deceased veterans shall include eligible veterans who died in performance of active service or as a result of service-connected wounds, diseases, or injuries and veterans who would, but for their death before submission of an application, be eligible to apply under the program based on active service. Applicants shall be considered in the following order:

(1) The surviving spouse of the eligible veteran, unless the surviving spouse was living separate and apart from the veteran when the veteran commenced active service. The proof of spousal status required shall be the same as the proof that would be accepted by the United States department of

veterans affairs. The surviving spouse shall certify that the individual was not living separate and apart from the eligible veteran when the veteran commenced active service. If a surviving spouse qualifies under the program, the Vietnam war era medallion, medal, and certificate of appreciation shall be awarded to the surviving spouse at the time of the veteran's death;

(2) survivor, which shall mean the eldest surviving child of the eligible veteran if there is no eligible surviving spouse. The eldest surviving child shall certify that there is no eligible surviving spouse, as part of the application; and

(3) the surviving parents of the eligible veteran, if there are no eligible surviving spouse and no eligible surviving children. The surviving parents shall certify that there are no eligible surviving spouse and no eligible surviving children, as part of the application.

(b) If the eligibility of a surviving spouse, surviving child, or surviving parents is disputed, the director of veteran services shall defer awarding the Vietnam war era medallion, medal, and certificate of appreciation until the parties resolve the dispute or a court of competent jurisdiction issues an order making a determination on the issue. (Authorized by L. 2009, ch. 62, sec. 2; implementing L. 2009, ch. 62, secs. 3, 4, and 5; effective March 12, 2010.)

97-7-5. Application procedures. (a) Forms. Each application for benefits under the program shall be submitted on a form provided by the Kansas commission on veterans' affairs.

(b) Submission. Each application shall be submitted to the address designated by the Kansas commission on veterans' affairs on the application form.

(c) Additional documentation. Each application shall be accompanied by the required number of copies, as stated on the application, of supporting documentation from official military records of the United States armed forces or its reserve components, including DD form 214 or similar documentation showing periods of active service, and documentation of the veteran's home of record. If the application is submitted on behalf of a deceased veteran, a copy of the death certificate shall be attached.

(d) Review of applications. The director of veteran services shall conduct a review of each application for completeness. If the application is deemed complete, the director shall review the application to determine eligibility.

(e) Incomplete applications. Each incomplete application shall be returned to the applicant. (Authorized by L. 2009, ch. 62, sec. 2, and implementing L. 2009, ch. 62, sec. 2 and sec. 5; effective March 12, 2010.)

97-7-6. Reconsideration of denied applications. Any applicant who is dissatisfied with the disposition of the application may ask the Kansas commission on veterans' affairs to reconsider the disposition. Each request for reconsideration shall meet the following requirements:

(a) Be submitted within 30 days of receipt of the initial disposition of the application;

(b) be in the form of a letter or memorandum;

(c) state why the applicant is dissatisfied with the disposition; and

(d) state the reasons, including facts and circumstances, the applicant believes the disposition should be altered. (Authorized by L. 2009, ch. 62, sec. 2; implementing L. 2009, ch. 62, sec. 5; effective March 12, 2010.)

Article 1.—DEFINITIONS

98-1-1. Definitions. The following definitions shall apply to all regulations of the Kansas water office:

(a) “Assignment” means either of the following:

(1) The transfer of any right under a water purchase contract to a third person; or

(2) the transfer to a third person of any of the duties and obligations owed by a water contract holder to the state.

(b) “Authority” means Kansas water authority.

(c) “Conservation storage water supply capacity” means the space in a reservoir that meets the following requirements:

(1) Has been purchased, contracted for purchase, or otherwise acquired by the state; and

(2) has been designated for the storage of water for any beneficial purpose or for sediment accumulation purposes in proportion to the amount of storage purchased, contracted for purchase, or otherwise acquired by the state.

(d) “Cooperating landowner” means a person requesting that the office issue an easement along a navigable river for purposes authorized in K.S.A. 2012 Supp. 82a-220, and amendments thereto.

(e) “Days” has the meaning specified in K.S.A. 60-206(a), and amendments thereto.

(f) “Designated representative” means any person designated to perform on another’s behalf.

(g) “Director” means director of the Kansas water office or the director’s designee.

(h) “Discharge” means the volume of water per unit of time passing a specific cross section of a river.

(i) “Drought having a two percent chance of occurrence in any one year” means a drought having a statistical chance of occurring once every 50

years, on the average, using all available statistics and information.

(j) “Industrial use” means any use of water primarily for the production of goods, food, or fiber or for providing utility services. This term shall include any incidental uses.

(k) “Irrigation use” means the use of water for growing agricultural crops, watering gardens, orchards, and lawns exceeding two acres in area and for watering golf courses, parks, cemeteries, athletic fields, racetrack grounds, and similar facilities.

(l) “Municipal use” means the use of water that meets the following conditions:

(1) Is obtained from a common water supply source by a municipality, rural water district, other water supply district, or group of householders;

(2) is delivered through a common distribution system; and

(3) is for domestic, commercial, trade, industrial, and any other related incidental uses for any beneficial purposes.

(m) “Natural flow” means that portion of the flow in a natural stream that consists of precipitation on the stream and reservoir water surface, direct runoff from precipitation on the land surface, groundwater infiltration to the stream, and return flows to the natural stream from municipal uses, agricultural uses, or other uses, unless otherwise defined in an operations agreement.

(n) “Office” means Kansas water office.

(o) “Operations agreement” means a document agreed to by the director and either a water assurance district or water supply access district, describing the terms by which the coordinated system of reservoir operations is to be managed.

(p) “Participant” means a person seeking an easement on state property along a navigable river

in the state for a conservation project, as defined in K.S.A. 2012 Supp. 82a-220 and amendments thereto.

(q) “Person” means any natural person, private corporation, government unit, municipality, or public corporation.

(r) “Program agency” means any state, federal, or local agency that provides oversight, services, funding, or other support for a project or group of projects for which a landowner seeks an easement on state property along a navigable river, pursuant to K.S.A. 2012 Supp. 82a-220 and amendments thereto.

(s) “Recreational use” means the use of water for activities including fishing, swimming, boating, and hunting or for entertainment, enjoyment, relaxation, and fish and wildlife benefits.

(t) “Reservoir” means a lake or other impoundment in which water is stored.

(u) “Reservoir yield” means the quantity of water that can be withdrawn from the conservation storage water supply capacity of a reservoir during a drought having a two percent chance of occurrence in any one year, as determined through the procedure specified in K.A.R. 98-5-9.

(v) “Target flow” means the discharge at specific points along a river designated within an operations agreement.

(w) “Water supply access contract” and “water assurance contract” mean a contract to provide for the development of a coordinated system of reservoir operations designed to supplement natural flows, in order to meet demands of eligible water right holders during low-flow periods, by release of water supply from state-owned or state-controlled conservation storage water supply capacity of the major reservoirs in the designated basin.

(x) “Water assurance district” means an organization of eligible water right holders established under K.S.A. 82a-1330 et seq., and amendments thereto.

(y) “Water purchase contract” means a contract for the sale of water from the conservation storage water supply capacity of a reservoir made pursuant to the state water plan storage act, K.S.A. 82a-1301 et seq. and amendments thereto.

(z) “Water reservation right” means the state’s right to divert and store waters of all streams flowing into the conservation storage water supply capacity of a reservoir. The water reservation right shall be sufficient to ensure the yield of water throughout a drought having a two percent chance of occurrence in any one year.

(aa) “Water supply access district” means an organization of eligible water right holders established under K.S.A. 2012 Supp. 82a-2309, and amendments thereto.

(bb) “Year” means a 12-month period beginning with a specified month and day.

(cc) “Yield” means the quantity of water that can be withdrawn from storage in a reservoir for a given period of time. (Authorized by and implementing K.S.A. 2012 Supp. 82a-220, K.S.A. 82a-923, K.S.A. 82a-1319, K.S.A. 82a-1345, K.S.A. 82a-1403, K.S.A. 2012 Supp. 82a-2324; effective Jan. 1, 1966; amended Aug. 30, 2013.)

98-1-2. (Authorized by K.S.A. 82a-923; effective Jan. 1, 1966; revoked Aug. 30, 2013.)

Article 2.—PUBLIC HEARINGS ON THE STATE WATER PLAN

98-2-1. Notice. (a) Notice of public hearings on the state water plan or any section of the plan shall be given by the authority to those agencies and persons, both public and private, specified in K.S.A. 82a-905, and amendments thereto. The authority shall give notice of these hearings to any other individuals and organizations that the authority deems to have an interest in the subject of that portion of the state water plan.

(b) Notice of any hearing shall be published in the Kansas register at least twice. The first publication shall be no earlier than two months before the first public hearing. In addition to the official notice of public hearings, the authority may issue press releases and post information on the office webpage. (Authorized by K.S.A. 82a-923; implementing 82a-905; effective Jan. 1, 1966; amended Aug. 30, 2013.)

98-2-2. Conduct of hearing. (a) The chairperson of the authority or a member of the authority designated by the chairperson shall preside at each public hearing on the state water plan.

(b) The authority shall request those persons desiring to appear at any public hearing on the state water plan to notify the authority at least five days before the date of the hearing. Those persons who have notified the authority in advance of the hearing of their desire to be heard shall be scheduled to be heard first at any hearing. Any person who has not notified the authority may be heard if the time schedule for the hearing permits. Each person who desires to have a statement made a part of the public record of any

hearing on the state water plan shall submit two copies of the statement to the authority. An oral summary of the statement may be presented at the hearing.

(c) The chairperson, members of the authority, and members of the staff of the office may question any person who presents a statement.

(d) The person presiding at any hearing on the state water plan may set time limits on oral presentations and may establish other procedures as appropriate. Hearing procedures shall be announced at the beginning of each hearing.

(e) Any person who is unable to appear at a scheduled hearing may submit a written statement to the office. Statements submitted when the hearing record is open shall be made a part of the public record of the hearing. The hearing record shall remain open for at least 10 days following the hearing. (Authorized by K.S.A. 82a-923; implementing K.S.A. 82a-905; effective Jan. 1, 1966; amended Aug. 30, 2013.)

98-2-3 through 98-2-20. (Authorized by K.S.A. 82a-923; effective Jan. 1, 1966; revoked Aug. 30, 2013.)

Article 4.—WEATHER MODIFICATION

98-4-1. Licenses. (a) No person may engage in any weather modification activity within the state of Kansas without a valid license issued under this regulation and a permit issued under K.A.R. 98-4-2. “Weather modification activity” shall mean any activity, operation, or experimental process that has as its objective inducing change, by artificial means, in the composition, behavior, or dynamics of the atmosphere.

(b) In order to obtain a license under the Kansas weather modification act, the applicant shall demonstrate that the applicant is qualified to conduct a weather modification project of the kind the applicant wishes to conduct in Kansas by the applicant’s knowledge of meteorology and cloud physics and that individual’s field experience in weather modification. The applicant shall meet the following requirements, in addition to meeting the requirements in subsection (c):

(1) Submit an application for a license to the authority on forms provided by the director. Forms may be requested from the office and may be posted on the office web site. Forms shall be submitted at least 60 days before the start of the proposed operational period and the next authority meeting for consideration; and

(2) pay the \$100.00 license fee, unless that fee is waived by the authority because of the educational or experimental nature of the work proposed. The candidate for exemption shall file a request with the director indicating that the educational or experimental nature of the work merits exemption from fees.

(c) The license applicant shall meet one of the following professional or educational requirements:

(1) Have eight years of professional experience in weather modification or field research activities and at least three years of experience as a project director;

(2) hold a baccalaureate degree in an applicable discipline, as determined by the director, and have three seasons of experience in the application of those studies to weather modification activities; or

(3) hold a baccalaureate degree that includes 25 hours of meteorological studies and have two seasons of practical experience in weather modification research or activities.

(d) Each license shall expire at the end of the calendar year for which it is issued.

(e) Weather modification licenses may be renewed annually, effective January 1 each year. Renewal shall be granted if both of the following conditions are met:

(1) Receipt by the director of a request for renewal from the license holder no later than November 30; and

(2) receipt by the director of the \$100 annual license fee, unless this fee is waived pursuant to paragraph (b)(2). (Authorized by K.S.A. 82a-1403; implementing K.S.A. 2012 Supp. 82a-1405, K.S.A. 82a-1406, and K.S.A. 82a-1407; effective, E-74-39, July 26, 1974; effective May 1, 1976; amended Aug. 30, 2013.)

98-4-2. Permits. (a) A weather modification permit, which is a document issued by the director authorizing weather modification activity in Kansas, shall be required annually, on a calendar-year basis, for each weather modification project. If a weather modification project will extend over more than one calendar year, a permit may be extended on a year-to-year basis upon payment of the annual fee, a review by the director, and the publication of a notice of intent to continue the operation. A public hearing on any renewal may be held by the director. A permit shall not be assigned or transferred by the permit holder.

(b) Each permit application shall be submitted at least 60 days before the initial date of the

proposed operational period for which the permit is sought. Each permit applicant shall also provide the application at least 30 days before an applicable authority meeting to ensure timely consideration.

(c) Each applicant for a permit to conduct weather modification activities in Kansas shall meet the following requirements:

(1) Submit to the director a completed application for permit on a form provided by the director. Forms may be posted on the office web site;

(2) pay the \$100.00 permit fee, if applicable;

(3) present evidence that the applicant is, or has in its employ, a license holder;

(4) demonstrate proof of ability to meet the liability requirements of section 1411 (4) of the Kansas weather modification act. This proof may be provided in the form of an insurance policy written by a company authorized to do business in Kansas or by a statement of individual worth, including a profit-and-loss statement, that is accepted by the director;

(5) submit a complete and satisfactory operational plan for the proposed weather modification project that includes the following:

(A) A map of the proposed operating area specifying the primary target area and showing the area reasonably expected to be affected. "Primary target area" shall mean the area within which the weather modification activity is intended to have an effect;

(B) the name and address of the license holder specified in paragraph (c)(3);

(C) the nature and object of the intended weather modification activities;

(D) the meteorological criteria to be used to initiate or suspend modification activities;

(E) the person or organization on whose behalf the project is to be conducted;

(F) a statement showing any expected effect upon the environment; and

(G) the methods that will be used in determining and evaluating the proposed weather modification project;

(6) at least seven days before any required public hearing, publish a "notice of intent" to engage in weather modification activities in each county of which all or part could be within the primary target area or within the areas reasonably expected to be affected. The time and place of the public hearing shall be approved by the director. The notice of intent shall include notice published in a newspaper or newspapers of general circulation

in the area. The notice shall meet the following requirements:

(A) Describe the primary target area;

(B) describe the area that might reasonably be affected;

(C) specify the period of operation, including starting and ending dates. Operational periods shall not be required to be continuous;

(D) describe the general method of operation;

(E) describe the intended effect of the operation;

(F) state the time and place of a public hearing on the application. The hearing shall be held in or near the primary target area; and

(G) state that complete details of the application for a permit will be available for examination in the office of the authority in Topeka and at a location within the project area as described in the public hearing notice;

(7) provide satisfactory evidence of publication of the notice of intent to the director before the public hearing; and

(8) provide any other relevant information as may be required by the director.

(d) At the discretion of the director, additional information may be required of the applicant. This additional information may include a comprehensive environmental impact analysis similar to the statements required for federal projects.

(e) Each permit issued for a weather modification activity shall be subject to revision, suspension, or modification of its terms and conditions by the director, if necessary to protect the health, safety, or property of any person or to protect the environment.

(f) In order to modify the boundaries of a project for which a permit has previously been obtained, a revised permit shall be required, with conditions similar to those under which the original permit was issued or as modified by the director. (Authorized by K.S.A. 82a-1403; implementing K.S.A. 82a-1406, K.S.A. 82a-1411, K.S.A. 82a-1415; effective, E-74-39, July 26, 1974; effective May 1, 1976; amended Aug. 30, 2013.)

98-4-3. Evaluation of permit application.

(a) Each permit application shall be evaluated based on the following considerations:

(1) The project can reasonably be expected to benefit the residents of the primary target area or an important segment of the state's population.

(2) The testimony and information presented at the public hearing are generally favorable to the proposed activity.

(3) Economic, social, or research benefits are expected.

(4) The applicant has provided adequate safeguards against potentially hazardous effects to health, property, or the environment and has outlined a program for the implementation of these safeguards.

(5) The proposed project will not have any detrimental effect on previously authorized weather modification projects.

(6) The proposed project is scientifically and technically feasible.

(7) If the application is for a scientific research and development project, it offers promise of expanding the knowledge and technology of weather modification.

(b) Each permitted project shall be under the personal direction, on a day-to-day basis, of an individual who holds a valid license issued under the Kansas weather modification act.

(c) The permit holder shall not conduct activities outside the limits stated in the operational plan specified in K.A.R. 98-4-2. All activities planned for periods of severe weather shall be listed in the permit application and identified at the public hearing. (Authorized by K.S.A. 82a-1403; implementing K.S.A. 82a-1406, K.S.A. 82a-1411, and K.S.A. 82a-1412; effective, E-74-39, July 26, 1974; effective May 1, 1976; amended Aug. 30, 2013.)

98-4-4. Reports. (a) Each permit holder shall maintain at that individual's project office a current log of all operations, which shall mean a log that has up-to-date information from the past 24 hours. This log shall be available for inspection by any person authorized by the director. The log shall include information at least equivalent to information required on the log forms available from the office.

(b) Each permit holder shall submit a monthly report of weather modification activities under the permit for each calendar month for which the permit is valid. Each monthly report shall be submitted no later than the close of business on the 15th day of the following month. One copy of all entries made in the weather modification logs shall be included when making the monthly reports, unless more detailed information is required when the permit is granted by the director.

(c) Each permit holder shall submit a preliminary annual report within 30 days after the end of each calendar year or within 30 days after the end of the project, whichever comes first. The permit

holder shall also submit a final annual report on the project within 90 days after the end of the project. These reports shall include the following:

(1) Monthly and project period totals for information required in the logs; and

(2) the permit holder's interpretation of project effects as compared to those anticipated in the original application for the permit. (Authorized by K.S.A. 82a-1403; implementing K.S.A. 82a-1417; effective, E-74-39, July 26, 1974; effective May 1, 1976; amended Aug. 30, 2013.)

98-4-5. Procedure for granting emergency permits. (a) A permit may be granted on an emergency basis if evidence is presented to the director that clearly identifies the situation as an emergency. "Emergency" shall mean an unusual condition that could not have reasonably been expected or foreseen and in which it can be anticipated that damage can be avoided or reduced by prompt weather modification action.

(b) Upon the applicant's presentation of evidence satisfactory to the director that an emergency exists or could reasonably be expected to exist in the very near future that could be alleviated or overcome by weather modification activities, an emergency permit may be issued by the director to an individual holding a license issued under K.S.A. 82a-1401 et seq., and amendments thereto. Coincident with the issuance of the permit, the information contained in the permit shall be released by the director to the news media in the area intended to be affected.

(c) If the permit holder desires to continue the permit activities and the director grants an emergency permit, a date for the public hearing shall be set by the director within 10 days after the permit is granted. The permit holder shall be responsible for providing public notice of the hearing through the local news media in the area. At the public hearing, the permit holder shall describe the following:

(1) The objectives of the emergency action;

(2) the success to date; and

(3) any future plans under the permit.

On the basis of the information presented at the public hearing, the decision of whether to revoke the emergency permit, modify it, or allow continued operation under conditions specified by the director shall be made by the director. (Authorized by K.S.A. 82a-1403; implementing K.S.A. 82a-1414; effective, E-74-39, July 26, 1974; effective May 1, 1976; amended Aug. 30, 2013.)

98-4-6. (Authorized by K.S.A. 1975 Supp. 82a-1403; effective, E-74-39, July 26, 1974; effective May 1, 1976; revoked Aug. 30, 2013.)

98-4-7. (Authorized by K.S.A. 1975 Supp. 82a-1403; effective May 1, 1976; revoked Aug. 30, 2013.)

98-4-8. Field operations. As provided in K.A.R. 98-4-3 (b), the license holder or a substitute license holder approved by the director shall be on duty at the license holder's project site at all times while weather modification activities are being carried out. (Authorized by K.S.A. 82a-1403; implementing K.S.A. 82a-1412; effective May 1, 1976; amended Aug. 30, 2013.)

98-4-9. (Authorized by K.S.A. 1975 Supp. 82a-1403; effective May 1, 1976; revoked Aug. 30, 2013.)

98-4-10. (Authorized by K.S.A. 1975 Supp. 82a-1403; effective May 1, 1976; revoked Aug. 30, 2013.)

Article 5.—STATE WATER PLAN STORAGE

98-5-1. (Authorized by K.S.A. 82a-1319; implementing K.S.A. 82a-1305; effective May 1, 1979; amended May 1, 1980; amended May 1, 1984; amended Nov. 22, 1996; revoked Aug. 30, 2013.)

98-5-2. Applications. (a) Each application to enter into a water purchase contract shall be submitted in writing on forms prescribed by the director and shall be signed by the person making the application or the person's chief officer or designated representative. The application shall be filed with the director.

(b) Each application shall include the following information:

- (1) The name and address of the applicant;
- (2) the reservoir from which the applicant proposes to withdraw water;
- (3) the peak daily rate at which the applicant proposes to withdraw water and the total annual quantity to be withdrawn;
- (4) the uses proposed to be made of waters withdrawn; and
- (5) the estimated date of first withdrawal of water.

(c) Each application shall be reviewed by the director or designee for compliance with statutory and regulatory requirements and for completeness.

(d) Each application that is complete and meets statutory and regulatory requirements shall be assigned an application number. Application numbers shall be assigned in chronological order according to the date and time of receipt of each application. The applicant shall be notified of the receipt of and the application number assigned to the application. Notice may be provided through any means, including electronic mail or first-class mail, to the applicant.

(e) Each application that is not complete or does not meet statutory or regulatory requirements shall be returned to the applicant for further information or resubmission in order to meet the statutory and regulatory requirements. No application number shall be assigned to incomplete or nonconforming applications.

(f) When an application to enter into a water purchase contract is accepted by the director, notice of the acceptance shall be provided to other applicants for withdrawal of water from the same reservoir and each water assurance district or water supply access district with a water assurance contract relating to the same reservoir at the last known address of each applicant or water assurance district. The notice shall specify the name of the applicant whose application has just been accepted and the annual quantity of water included in the application. Notice shall be provided by first-class mail, postage prepaid, to the last address on file for the applicant.

(g) If a water purchase contract has not been executed before 10 years from the date of the receipt of the application and if the applicant has not requested an extension of time for the application, the application shall be cancelled, according to subsection (h).

(h) Before cancellation of an application, the applicant shall be notified by the director in writing that the application shall be cancelled 30 days after date of the notice unless the applicant submits to the director a written request for an extension of time for the application. The notice shall be sent by first-class mail, postage prepaid, to the applicant's last known address. Notice may also be provided by electronic mail. The application shall be cancelled if a written request to extend the application is not received within 30 days from date of the notice.

(i) Ten years from the date of the receipt of the application, the applicant may request, in writing, that the application be extended for no more than three years. The extension shall be granted,

unless the application is found to be incomplete or not in compliance with statutory or regulatory requirements.

(j) Any part of the application, except the reservoir from which the applicant proposes to withdraw water, may be amended at any time. Each applicant wanting to change the reservoir from which the applicant proposes to withdraw water shall file a new application. The new application shall be assigned a date and application number as provided in subsection (e). (Authorized by K.S.A. 82a-1319; implementing K.S.A. 82a-1310a, K.S.A. 82a-1311a; effective May 1, 1979; amended May 1, 1980; amended May 1, 1981; amended May 1, 1984; amended May 1, 1987; amended April 26, 1993; amended Aug. 30, 2013.)

98-5-3. Request to negotiate. (a) When an applicant is ready to enter into a water purchase contract, the applicant shall provide written notice of the applicant's desire to enter into negotiations for a contract with the director.

(b) Any applicant may be required by the director to provide information in addition to that included in the application required in K.A.R. 98-5-2(b). This information shall be for the purpose of determining the following:

(1) What is the annual quantity of water needed;

(2) whether the proposed sale of water supply is in the public interest; and

(3) whether the benefits to the state from approval of the contract are greater than the disadvantages to the state from rejection of the contract.

(c) When the director believes that there is sufficient information available to determine whether the proposed sale is in the interest of the people of Kansas and will advance the purposes specified in K.S.A. 82a-901 et seq. and amendments thereto, the authority shall be notified by the director indicating that a request to enter into negotiations for a written contract has been received.

(d) The authority shall be provided by the director with the information collected or developed to show that the proposed sale is in the interest of the people of Kansas and will advance the purposes specified in K.S.A. 82a-901 et seq., and amendments thereto.

(e) The authority shall consider the request to begin negotiations for a written contract and make a finding of one of the following:

(1) The proposed sale is in the public interest and will advance the purposes specified in K.S.A. 82a-901 et seq., and amendments thereto.

(2) The proposed sale is not in the public interest and will not advance the purposes specified in K.S.A. 82a-901 et seq., and amendments thereto.

(f) If the authority finds that the proposed sale is not in the public interest or will not advance the purposes specified in K.S.A. 82a-901 et seq. and amendments thereto, the authority shall do one of the following:

(1) Reject the request to begin negotiations and advise the applicant of the reasons; or

(2) ask the applicant or the director to provide additional information that would permit the authority to find that the proposed sale is in the public interest and will advance the purposes specified in K.S.A. 82a-901 et seq., and amendments thereto.

(g) If the authority finds that the proposed sale is in the public interest and will advance the purposes specified in K.S.A. 82a-901 et seq. and amendments thereto, the authority shall authorize the director to negotiate with the applicant for the purposes of entering into a written contract for sale of water supply.

The authorization to negotiate shall be valid for a period not to exceed three years. If the parties have not concluded a contract within that period, the authority shall reconsider authorizing contract negotiations. (Authorized by K.S.A. 82a-1319; implementing K.S.A. 82a-1305 and K.S.A. 82a-1311a; effective May 1, 1979; amended May 1, 1980; amended, E-82-7, April 10, 1981; amended May 1, 1981; amended May 1, 1984; amended May 1, 1987; amended April 26, 1993; amended Aug. 30, 2013.)

98-5-4. Contract negotiation procedures.

(a) Upon approval of the authority to begin negotiations, the applicant shall be notified by the director and asked to submit the following items before the commencement of negotiations, unless the requirement is waived:

(1) The anticipated location, legal description, engineering plans, and specifications of all works, ditches, conduits, and watercourses proposed to be constructed or used for the transportation of waters;

(2) the engineering report or other evidence to support the need for the annual quantity of water requested throughout the term of the contract;

(3) a list of alternative sources of water available to the applicant;

(4) specification of whether the applicant has adopted and implemented a water conservation plan;

(5) an engineering report and specifications for metering water pumped or used under the contract;

(6) proof of any easement that is granted by the federal government for rights-of-way across, in, and upon federal government land that is required for intake, transmission of water, and necessary appurtenances;

(7) engineering plans and specifications for any pump, siphon, conduit, canal, or any other device planned to be used to withdraw water from the reservoir; and

(8) any other relevant information that the director may deem necessary, specify, or require for that specific contract request or set of negotiations.

(b) After negotiations for a water purchase contract have been authorized by the authority and if the proposed sale is not for surplus waters, all other persons with a pending application shall be notified by the director or a designee that a water purchase contract or a request to negotiate a water purchase contract relating to the same reservoir has been authorized by the authority. Notice shall be given, by first-class mail with postage prepaid, to the last address provided by each applicant. The notice shall include the name of the applicant with whom negotiations are underway and the application date, number, and annual quantity requested. Each person so notified shall, within 20 days following notification by the director, file in writing a request to begin negotiations for a written water purchase contract, water assurance contract, or water supply access contract or a request to negotiate a water purchase contract, water assurance contract, or water supply access contract on file with the director relating to the reservoir from which water is proposed to be sold.

(c) Within 30 days after the authority authorizes negotiations, a draft water purchase contract shall be sent by the director or a designee to the applicant with whom the negotiations are authorized.

(d) When contract negotiations have been completed and a contract has been drafted, a proposed final contract shall be sent by the director to the applicant.

(e) After receipt of the proposed final contract, the applicant shall perform one of the following, within 45 days:

(1) Indicate acceptance of the contract by signing and returning it to the director or by other communication to the director;

(2) return the contract to the director with written comments;

(3) request a meeting with the director to discuss the contract; or

(4) request an extension of time for consideration of the contract.

(f) If the applicant and the director cannot agree on terms or language in the contract, the negotiations may be terminated by the director.

(g) After the applicant and the director agree to a contract, the contract shall be submitted to the authority for consideration at the next regular meeting of the authority or at a special meeting, if deemed necessary by the chairperson and the director.

(h) Before approving any contract, the authority shall find that all of the following conditions are met:

(1) The sale of water by written contract is in the interest of the people of the state of Kansas.

(2) The state has filed or will file, before initiation of water use under the contract, a water reservation right for storage of water in the reservoir designated in the contract.

(3) The state, if necessary, has signed an agreement with an agency or department of the United States for water supply storage in the named reservoir.

(4) The person has filed an application to negotiate the purchase of water from the named reservoir at an average daily rate equal to or greater than the rate specified in the contract.

(5) The quantity of water from the reservoir being negotiated does not exceed the yield capability from the conservation storage water supply capacity available to the state for use under the water marketing program through a drought having a two percent chance of occurrence in any one year.

(6) The annual withdrawal and use of the quantity of water contracted by the applicant will advance the purposes specified in K.S.A. 82a-901 et seq., and amendments thereto.

(i) If the authority finds that the proposed sale of water is not in the interest of the people of the state of Kansas or that the proposed sale will not advance the purposes in K.S.A. 82a-901 et seq. and amendments thereto, the authority shall reject the contract and perform one of the following:

(1) Terminate the contract negotiations. The application shall be removed from the list of current applications and shall be void. The applicant shall be required to reapply for any future water supply contract; or

(2) return the contract to the applicant and director with recommendations for contract changes or additional contract negotiation.

(j) If the authority approves the contract, copies shall be provided to the house of representatives and the senate and to the secretary of state, pursuant to K.S.A. 82a-1307 and amendments thereto.

(k) The application shall be terminated when a contract is signed by the applicant, the director, and the chair, or their designees, and if the contract is not disapproved by the legislature. If the contracted quantity of water is less than the quantity stated in the application, the applicant shall not retain the application number for the remaining quantity. A new application shall be filed for additional water.

(l) If the legislature has not disapproved the contract when the period for legislative review has expired, a copy of the water purchase contract shall be filed by the director with the chief engineer.

(m) Any regulatory requirements may be waived by the director in order to sell surplus waters. (Authorized by K.S.A. 82a-1319; implementing K.S.A. 82a-1305, K.S.A. 82a-1307, K.S.A. 82a-1311a, K.S.A. 82a-1312, and K.S.A. 82a-1316; effective May 1, 1979; amended May 1, 1980; amended May 1, 1981; amended May 1, 1984; amended Aug. 30, 2013.)

98-5-5. Assignment. Each water purchase contract shall have the following provisions: (a) The purchaser shall not assign, sell, convey, or transfer all or any part of the water purchase contract or interest in it, unless and until the assignment, sale, conveyance, or transfer has been approved by the director and the authority.

(b) To request permission to assign, sell, convey, or transfer all or any part of a water purchase contract, the purchaser shall provide information requested by the director to consider the request.

(c) Before approving any assignment, sale, conveyance, or transfer of all or any part of the water purchase contract, the authority shall determine that both of the following conditions are met:

(1) The contract was negotiated and signed by the parties to the contract pursuant to K.S.A. 82a-901a et seq. and K.S.A. 82a-1301 et seq., and amendments thereto.

(2) The assignment is consistent with, and will advance, the purposes specified in K.S.A. 82a-901a et seq., and amendments thereto. (Authorized by K.S.A. 82a-1319; implementing K.S.A. 82a-1306; effective May 1, 1984; amended May 1, 1987; amended April 26, 1993; amended Aug. 30, 2013.)

98-5-6. Rate charged for water. (a) The rate to be charged for water shall be fixed by the director pursuant to K.S.A. 82a-1308a, and amendments thereto. The rate fixed by the director shall be approved by the authority on or before July 15 of each calendar year. The rate shall take effect on January 1 of the following year.

(b) The fixed rate shall include amounts to cover the components required in K.S.A. 82a-1308a, and amendments thereto, and to meet the needs of the water marketing capital development and storage maintenance plan, as approved by the authority.

(c) The rate fixed for each calendar year shall apply to all water use under contracts negotiated on or after March 17, 1983.

(d) For any contract negotiated before March 17, 1983, the rate in effect on the date established by the contract for review and adjustment of the rate charged for water shall become the new rate to be charged for all water that shall be paid for under terms of the contract, up to a maximum rate not to exceed 10 cents per 1,000 gallons. The new rate shall remain in effect until the next rate established by the contract for review of the rate charged for water. (Authorized by K.S.A. 82a-1319; implementing K.S.A. 2012 Supp. 82a-1308a; effective, T-84-29, Oct. 19, 1983; effective May 1, 1984; amended May 1, 1987; amended Aug. 30, 2013.)

98-5-7. Rate charged for surplus water.

(a) No charges shall be made for surplus water if the water is for streamflow maintenance or reservoir pool management.

(b) The rate to be charged for surplus water shall be the rate set in K.S.A. 82a-1308a, and amendments thereto, and defined in K.A.R. 98-5-6. The purchaser shall be obligated to pay for at least 50 percent of the quantity specified in the contract.

(c) The rate charged for surplus water shall change on January 1 of each calendar year, when the new water rate, as described in K.A.R. 98-5-6, becomes effective. (Authorized by K.S.A. 82a-1319; implementing K.S.A. 82a-1305; effective May 1, 1984; amended May 1, 1987; amended Aug. 30, 2013.)

98-5-8. Contract provisions. (a) Each contract for the sale of water supply shall be on a form specified by the director. If the director determines, during the contract negotiation process, that any article or portion of any article in the

standard contract format is not needed or is not applicable, the article or portion of it may be deleted from the standard contract by the director.

(b) Any special requirement not covered in the standard contract format may be added as an additional article in the contract. (Authorized by K.S.A. 82a-1319; implementing K.S.A. 82a-1306; effective Nov. 22, 1996; amended Aug. 30, 2013.)

98-5-9. Determination of reservoir yields through a drought with a two percent chance of occurrence in any one year.

(a) The following information shall be used by the director in determining the yield of a reservoir through a drought with a two percent chance of occurrence in any one year:

(1) The reservoir analysis as part of the basin system in which the reservoir lies, using one of the following:

(A) All available climatic and hydrologic information for the period of record; or

(B) if the climatic and hydrologic information does not include the drought period of 1952 through 1957, estimation of the climatic and hydrologic information for the drought period of 1952 through 1957; and

(2) the conservation storage water supply capacities of the reservoirs in the basin system determined by capacities anticipated to be available after accounting for sedimentation in the reservoirs.

(b) The reservoir yield may be recalculated upon the office's receipt of information that could influence the yield calculations. (Authorized by K.S.A. 82a-1319; implementing K.S.A. 82a-1305; effective Aug. 30, 2013.)

**Article 6.—WATER
ASSURANCE PROGRAM**

98-6-1. (Authorized by K.S.A. 1988 Supp. 82a-1345(e); implementing K.S.A. 1988 Supp. 82a-1330 *et seq.*; effective Sept. 4, 1989; revoked Aug. 30, 2013.)

98-6-3. Contract negotiation procedures.

(a) Any water assurance district may request, in writing, to negotiate with the director for a water assurance contract. The request shall be submitted on forms provided by the office and include all information requested on those forms. Each request shall include a copy of the district's certificate of incorporation filed with the secretary of state.

(b) The request to negotiate and the information provided by the water assurance district shall be reviewed by the director to determine if the information provided is sufficient to begin negotiations for a water assurance contract. The district shall be notified by the director if there is a need for additional information or if the request submitted is sufficient to begin negotiations. The notice shall be in writing and shall be provided within 30 days of receipt of the request.

(c) If the director finds that the information provided by the assurance district is sufficient, the negotiations shall commence.

(d) Each person who has a water purchase contract or an application for a water purchase contract on file with the director, or a water assurance contract pertaining to storage in reservoirs in the designated basin, shall be notified in writing that negotiations with an assurance district have begun. The notice shall be mailed to each person's last known address. Each person so notified shall, within 20 days following notification by the director, file in writing a request to begin negotiations for a written contract, or forfeit the right to participate in current negotiations for a written contract for water purchase or for a water assurance contract.

(e) Water assurance contract negotiations shall be conducted by the director and the board members of the assurance district or their designees.

(f) If the district and the director cannot agree on terms or language in the contract, the negotiations may be terminated by either party.

(g) A water assurance contract shall be approved by the director if the director finds that all of the following conditions are met:

(1) The approval of the water assurance contract is in the best interest of the people of the state of Kansas.

(2) The water assurance contract refers to and incorporates by reference an operations agreement that includes the following:

(A) The rules of operation for designated assurance reservoirs to provide assurance water;

(B) quantities of water supply in designated assurance reservoirs;

(C) the quantities of water supply use by eligible members of the water assurance district;

(D) a provision that establishes procedures for allocating inflows in any reservoir in which a water assurance district has purchased storage;

(E) target flows along designated rivers;

(F) a provision to release water from storage from one or more reservoirs in order to meet specified instream purposes; and

(G) any other related matters to which the parties agree.

(3) The state has filed or will file, if necessary, before initiation of the operations agreement, a water reservation right for storage of water in the reservoirs designated in the contract.

(4) The state has signed or will sign, if necessary, an agreement with an agency or department of the United States for water supply storage space in reservoirs named in the operations agreement.

(5) The water assurance contract includes a statement that the water assurance storage component of the major reservoirs in the designated basin are designated for the sole use and benefit of the water assurance district in accordance with the operations agreement.

(6) The remaining water supply capacity satisfies any present water purchase contract.

(7) Before any member of the water assurance district receives benefits or water pursuant to a water assurance contract, that member has adopted a water conservation plan consistent with the guidelines for conservation plans and practices developed and maintained by the Kansas water office pursuant to K.S.A. 74-2608, and amendments thereto.

(8) The water assurance contract contains a provision that establishes procedures for allocating inflows in any reservoir in which a water assurance district has purchased storage.

(h) Upon completion of negotiations, a proposed final water assurance contract shall be sent by the director to the water assurance district.

(i) After receipt of the proposed final water assurance contract, the water assurance district shall perform one of the following, within 45 days:

(1) Indicate acceptance of the water assurance contract by signing and returning it to the director;

(2) return the unsigned water assurance contract to the director with written comments;

(3) request a meeting with the director to discuss the water assurance contract; or

(4) request an extension of time for consideration of the water assurance contract.

(j) Upon final agreement and signing of a water assurance contract by the president and chairperson of the district board of directors, an original of the water assurance contract shall be filed with the following persons:

(1) The director;

(2) the president of the contracting water assurance district board of directors;

(3) the chief engineer, division of water resources in the Kansas department of agriculture;

(4) the Kansas secretary of state; and

(5) the district engineer of the U.S. army corps of engineers or the regional director of the bureau of reclamation. (Authorized by K.S.A. 82a-1345; implementing K.S.A. 82a-1345 and 82a-1347; effective Sept. 4, 1989; amended Aug. 30, 2013.)

98-6-4. Calculation of charges. The charges to be paid by the district shall be determined by the director as provided in K.S.A. 82a-1345 and amendments thereto, which shall include the following:

(a) The amount necessary to cover the amortized capital costs to the state for acquisitions of assurance storage capacity from the federal government necessary to meet the requirements of the operations agreement. The amortized capital costs to the state shall be determined on an individual reservoir basis for reservoirs in the designated basin in which the assurance district is formed as follows:

(1) One lump sum, up-front payment for principal and interest paid, or due to be paid, including any interest which has accumulated through the date of commencement of operations of storage space under the operations agreement;

(2) annual principal and interest payments on revenue bonds issued by the state pursuant to K.S.A. 82a-1360 et seq. and amendments thereto;

(3) annual principal and interest payments on revenue bonds issued under authority of the Kansas development finance authority;

(4) equal annual installments for a period not to exceed 10 years for any equity that the state may already have in conservation water supply storage capacity with interest based on a five-year average of the published one-year investment rate for public funds of the pooled money investment board of the state of Kansas, as provided in K.S.A. 12-1675a(g) and amendments thereto, to be adjusted by the office on January 15 of each calendar year of the installment agreement; and

(5) equal annual installments for future use conservation water supply storage capacity called into service by the state under contracts with the army corps of engineers, under the same cost repayment conditions available to the state under those contracts;

(b) the amount necessary to cover 100% of the annual cost to the state for the actual operation, maintenance, major replacement, and rehabilitation costs allocated to the assurance storage capacity necessary to meet the requirements of the operations agreement;

(c) the amount necessary to cover the annual costs to the state for administration and enforcement of laws and agreements associated with ensuring the continuous operations of the water assurance district; and

(d) any additional charges agreed upon by both parties. (Authorized by and implementing K.S.A. 82a-1345; effective Sept. 4, 1989; amended Aug. 30, 2013.)

Article 7.—LOWER SMOKY HILL WATER SUPPLY ACCESS PROGRAM

98-7-1. District formation. (a) The application for membership to form the district shall include the following:

(1) The name and signature of each person interested in membership in the district when the application is submitted and an address to receive communication from the director;

(2) the name of one person to answer questions and receive notices from the director;

(3) the quantity of access water that each person desires to purchase if a district is formed;

(4) water right information for each person to be included as part of the district; and

(5) any other information that the applicants can provide to assist in consideration of the petition.

(b) Upon the director's receipt of an application for membership to form the district, the application shall be reviewed. Within 15 business days of the director's receipt of the application, a determination that additional information is needed may be made by the director. A letter outlining the request for additional information shall be sent to the person indicated in the petition. The applicants shall provide the additional information within 15 business days of the date of the request.

(c) The application shall be considered by the director to determine if there is a need to form the district and provide certification of district formation or if the district should be refused formation and certification. The director's determination shall be made no more than 60 days following receipt of the application or, if requested, receipt of any additional information requested.

(d) Notice of the organizational meeting shall be mailed to all persons signing the application.

(e) A copy of all application documents shall be provided by the office to the chief engineer.

(f) The organization meeting shall be presided over by the director until the incorporating chairperson is selected. (Authorized by K.S.A. 2012 Supp. 82a-2324; implementing K.S.A. 2012 Supp. 82a-2304, K.S.A. 2012 Supp. 82a-2305; effective Aug. 30, 2013.)

98-7-2. District membership after district formation. (a) All persons included in the application to form the district shall become members of the district, without additional application as may be required by this regulation, if these persons are deemed eligible for membership by the director upon forming the district as provided in K.A.R. 98-7-1.

(b) After the district has been formed, each person seeking to join the district shall submit an application for membership, on forms provided by the office, to the director. Each applicant shall submit sufficient information for the director to consider whether the proposed membership in the district meets the requirements of K.S.A. 82a-2305b, and amendments thereto. Additional information may be requested by the director from the prospective member, as needed, to consider the application. Notice of the application for membership shall be given to the district by the director, which shall provide for no more than 30 business days for a response from the district about the application for membership. A determination of membership shall be made by the director no more than 180 days from the receipt of the application for membership. (Authorized by K.S.A. 2012 Supp. 82a-2324; implementing K.S.A. 2012 Supp. 82a-2305; effective Aug. 30, 2013.)

98-7-3. Special irrigation district; organization. (a) The petition to form the special irrigation district shall include the following:

(1) The name of each person seeking membership in the special irrigation district when the petition is submitted and an address to receive communication from the director;

(2) the name of the petitioner's designee to answer questions and receive notices from the director;

(3) the quantity of access water that each petitioner seeks to purchase if the special irrigation district is formed;

(4) water right information for each petitioner to be included as part of the special irrigation district for the purposes of the act;

(5) land ownership information sufficient to verify each petitioner's eligibility for membership in the special irrigation district; and

(6) any other information that any petitioner can provide to assist the director in consideration of the petition.

(b) Upon the director's receipt of the petition to form the special irrigation district, the petition shall be reviewed. Within 15 business days of the director's receipt of the petition to form the special irrigation district, a determination that additional information is needed may be made. A letter outlining the additional information that the director needs to consider the petition shall be sent to the petitioner's designee. Additional information shall be provided within 15 business days of the date of the request.

(c) Notice of the organizational meeting shall be published in the Kansas register and shall be mailed to all petitioners.

(d) A copy of all petition documents shall be provided by the office to the chief engineer.

(e) The organizational meeting shall be presided over by the director until the governing board is selected. (Authorized by K.S.A. 2012 Supp. 82a-2324; implementing K.S.A. 2012 Supp. 82a-2317; effective Aug. 30, 2013.)

98-7-4. Contract negotiation procedures.

(a) The water supply access district's governing body may request, in writing, to negotiate with the director for water supply access storage contracts. The request shall be submitted on forms provided by the office and shall include any information requested on those forms. Each request shall include a copy of the water supply access district's certificate of incorporation filed with the secretary of state.

(b) The request to negotiate and the information provided by the water supply access district shall be reviewed by the director. A determination of whether the information provided is sufficient to begin negotiations for a water supply access storage contract shall be made by the director within 30 days of receipt of the request. The water supply access district shall be notified by the director, in writing, if there is a need for additional information or if the request submitted is sufficient to begin negotiations, within 40 days of receipt of the request.

(c) If the director finds that the information provided by the water supply access district is sufficient, and upon approval by the Kansas water authority, negotiations shall commence.

(d) Each person who has a water supply purchase contract or an application for a water supply purchase contract on file with the director shall be notified in writing that negotiations with a water supply access district have been approved. The notice shall be mailed to each person's last known address. Each person so notified, within 20 days following notification by the director, shall file in writing a request to begin negotiations for a written contract or shall forfeit that person's right to participate in the current negotiations for a written contract for a water supply contract or for a water access contract.

(e) Water supply access storage contract negotiations shall be conducted by the director and the board members of the water supply access district.

(f) If the water supply access district and the director cannot agree on terms of a contract, the negotiations may be terminated by either party.

(g) A water supply access contract shall be approved by the director if the director finds that all the following conditions are met:

(1) The approval of the water supply access contract is in the best interest of the people of the state of Kansas.

(2) The water supply access contract refers to and incorporates by reference an operations agreement that includes the following:

(A) The rules of operation for Kanopolis reservoir to provide access water supply to the district;

(B) the quantity of water supply access storage in Kanopolis reservoir;

(C) the quantities of water supply access storage used by members of the water access district;

(D) a provision that establishes procedures for allocating inflows in Kanopolis reservoir;

(E) target flows along designated rivers;

(F) a provision to release water from storage from Kanopolis reservoir in order to meet specified in-stream purposes; and

(G) any other related matters to which the parties agree.

(3) The state has filed or will file, if necessary, before initiation of the operations agreement, a water reservation right for storage of water in Kanopolis reservoir.

(4) The state has signed or will sign, if necessary, an agreement with an agency or department of the United States for water supply storage

space in the access reservoir named in the operations agreement.

(5) The water supply access contract includes a statement that the water access storage component of Kanopolis reservoir is designated for the sole use and benefit of the water supply access district in accordance with the operations agreement.

(6) The remaining water supply capacity satisfies the terms of any existing water purchase contracts.

(7) Before any member of the water supply access district receives benefits or water pursuant to a water supply access contract, that member has adopted a water conservation plan consistent with the guidelines for conservation plans and practices developed and maintained by the Kansas water office pursuant to K.S.A. 74-2608, and amendments thereto.

(h) Upon completion of negotiations, a proposed water supply access contract shall be sent by the director to the water supply access district.

(i) After receipt of the proposed water supply access contract, the water supply access district's governing body shall perform one of the following within 45 days:

(1) Indicate acceptance of the water supply access contract by signing and returning it to the director;

(2) return the unsigned water supply access contract to the director with written comments;

(3) request a meeting with the director to discuss the water supply access contract; or

(4) request an extension of time for consideration of the water supply access contract.

(j) Upon the final agreement and signing of a water supply access contract by the water supply access district's governing body, a copy of the water supply access contract shall be filed with the following persons:

(1) The director;

(2) the governing body of the water supply access district;

(3) the chief engineer, division of water resources in the Kansas department of agriculture;

(4) the Kansas secretary of state; and

(5) the district engineer of the United States army corps of engineers. (Authorized by K.S.A. 2012 Supp. 82a-2324; implementing K.S.A. 2012 Supp. 82a-2302; effective Aug. 30, 2013.)

98-7-6. Calculation of charges by water supply access district. The charges to be paid by the lower smoky hill water supply access dis-

trict shall be determined by the director pursuant to K.S.A. 2012 Supp. 82a-2310 and amendments thereto, which shall include the following:

(a) The amount necessary to cover the amortized capital costs to the state for acquisitions of access storage capacity from the federal government necessary to meet the requirements of the operations agreement. The amortized capital costs to the state shall be determined for Kanopolis reservoir as follows:

(1) One lump sum, up-front payment for principal and interest paid, or due to be paid, including any interest that has accumulated through the date of commencement of operations of storage space under the operations agreement;

(2) annual principal and interest payments on revenue bonds issued by the state pursuant to K.S.A. 2012 Supp. 82a-2314 and amendments thereto;

(3) annual principal and interest payments on revenue bonds issued under authority of the Kansas development finance authority; or

(4) equal annual installments for a period not to exceed 20 years for any equity that the state may already have in conservation water supply storage capacity with interest based on a five-year average of the published one-year investment rate for public funds of the pooled money investment board of the state of Kansas, pursuant to K.S.A. 12-1675a and amendments thereto, to be adjusted by the office on January 15 of each calendar year of the installment agreement;

(b) the amount necessary to cover 100 percent of the annual cost to the state for the actual operation, maintenance, and major replacement and rehabilitation costs allocated to the access storage capacity necessary to meet the requirements of the operations agreement;

(c) the amount necessary to cover the annual costs to the state for administration and enforcement of laws and agreements associated with assuring the continuous operations of the water access district; and

(d) any additional charges agreed upon by both parties. (Authorized by and implementing K.S.A. 2012 Supp. 82a-2324; effective Aug. 30, 2013.)

Article 8.—EASEMENT AUTHORITY ON NAVIGABLE RIVERS

98-8-1. Application for easement. (a) Any cooperating landowner may submit an application for an easement on state property along a naviga-

ble river on forms provided by the director. The cooperating landowner shall acknowledge that the cooperating landowner will pay all applicable filing fees for any easement granted.

(b) The following shall be confirmed by the director:

(1)(A) The cooperating landowner owns the property adjacent to the state property upon which an easement is proposed; or

(B) the cooperating landowner otherwise has a legal right to complete a project on the adjacent land.

(2) The cooperating landowner is participating in a state, local, or federal program, if applicable.

(c) A notice of intent to issue easement shall be issued by the director for each project that meets the requirements of subsection (b). The notice of intent to issue easement shall include the following:

(1) The legal description of the cooperating landowner's property;

(2) information about the location on the river upon which the easement is proposed;

(3) a description of the type of projects proposed to be completed by and through the use of the easement; and

(4) a date and time by which any comments or responses to the director about the notice of intent to issue easement must be received by reviewing agencies and entities.

(d) A determination of whether any prior easement in the county or counties in which the project is proposed could conflict with the proposed easement shall be made by the director. The notice of the intent to issue easement shall be sent by the director to each person holding any prior easements that could conflict.

(e) The notice of intent to issue easement shall provide a comment period of at least 15 days and no more than 30 days. During that time, any person receiving notice may submit comments on the proposed easement to the director. The notice shall provide information on how to submit comments to the director.

(f) The notice of intent to issue easement may be sent by any means that the director specifies. (Authorized by and implementing K.S.A. 2011 Supp. 82a-220; effective Aug. 30, 2013.)

98-8-2. Notice to county and other government agencies. A copy of the notice of intent to grant easement shall be sent by the director to the following: (a) The register of deeds and the

county commission in each county in which the easement is proposed;

(b) the program agencies;

(c) the Kansas department of agriculture;

(d) the Kansas department of health and environment;

(e) the Kansas department of wildlife, parks, and tourism; and

(f) any municipality or other governmental entity holding a riparian interest in the applicable river that the director determines should receive notice. (Authorized by and implementing K.S.A. 2011 Supp. 82a-220, as amended by L. 2012, ch. 140, sec. 133; effective Aug. 30, 2013.)

98-8-3. Review of notice of intent to grant easement. (a) After the comment period specified in the notice of intent to grant easement has ended, the application, any comments or responses received, and the proposed project shall be reviewed by the director.

(b) No easement shall be granted until applicable program funding for the project has preliminary approval, if the project depends on a federal, state, or local program for funding.

(c) If, after review, the director determines that the application meets the statutory requirements for an easement in K.S.A. 82a-220 and amendments thereto, notice of the approval shall be sent to the cooperating landowner and the fees necessary for filing the easement shall be collected by the director.

(d) If, after review, the director determines that the application does not meet the statutory requirements for an easement or that the comments and responses received from those receiving the notice of intent to grant easement raise questions or issues that need to be resolved before an easement should be granted, a notice of cancellation of the intent to grant easement that provides the cooperating landowner with information about the concerns raised or problems to be addressed shall be issued by the director. The notice of cancellation shall indicate that the notice of intent to grant easement will be cancelled on a date certain, but not less than 15 business days after the date of the notice to cancel. The notice of cancellation shall be sent to all entities that received the notice of intent to grant easement.

(e) The cooperating landowner may, before the date indicated in the notice of cancellation, provide additional information or data or address concerns. If the director determines that the additional in-

formation provided adequately addresses concerns noted in the notice of cancellation, the easement may be granted after the director provides a summary of the information to all receiving notice under this regulation. An easement may be granted by the director if no person receiving notice files

an objection within 10 days. Each objection shall be reviewed by the director to determine if the objection would change the director's intent to grant the easement. (Authorized by and implementing K.S.A. 2011 Supp. 82a-220, as amended by L. 2012, ch. 140, sec. 133; effective Aug. 30, 2013.)

**Article 25.—TECHNICAL
REQUIREMENTS FOR WEIGHING
AND MEASURING DEVICES**

99-25-1. Adoption by reference, exceptions; availability of copies. (a) The document titled “specifications, tolerances, and other technical requirements for weighing and measuring devices, as adopted by the 96th national conference on weights and measures 2011,” published by the national institute of standards and technology (NIST), Gaithersburg, MD, as the 2012 edition of NIST handbook 44, is hereby adopted by reference, with the following exceptions:

- (1) Section 3.31.UR.2.2;
- (2) sections 5.56.(a) and 5.56.(b);
- (3) in appendix A, sections 1 and 6; and
- (4) in appendix B, sections 1 and 2.

(b) The adopted portions of NIST handbook 44 shall apply to commercial, data-gathering, and weighing and measuring devices in the state.

(c) Each vehicle-mounted metering system manufactured on or after January 1, 1995 shall be equipped with a ticket printer. A copy of the ticket issued by the vehicle-mounted metering system shall be given to the customer at the time of delivery or as otherwise specified by the customer.

(d) Copies of the handbook adopted by this regulation or pertinent portions from it shall be available from the office of weights and measures, Kansas department of agriculture, Topeka, Kansas. (Authorized by K.S.A. 83-207; implementing K.S.A. 2012 Supp. 83-202; effective May 1, 1979; amended May 1, 1981; amended May 1, 1986; amended Aug. 14, 1989; amended Oct. 21, 1991; amended March 6, 1998; amended March 5, 1999; amended Jan. 18, 2002; amended Aug. 26, 2005; amended Feb. 8, 2008; amended Sept. 3, 2010; amended Aug. 23, 2013.)

99-25-5. Technical representative license application and renewal. (a) Each person applying for a technical representative license or renewal of a license shall submit an application on a form provided by the department of agriculture (“department”).

(b)(1) Each license shall be issued or renewed if the technical representative performs the following:

(A) Completes and submits the application form provided by the department;

(B) successfully completes the continuing education seminar conducted by the department for each category of weighing or measuring devices in which the technical representative is registered during the effective period of the technical representative’s license;

(C) pays the continuing education seminar fee as follows:

(i) \$82 for each continuing education seminar required for the licensure year beginning on July 1, 2018 and through June 30, 2019;

(ii) \$85 for each continuing education seminar required for the licensure year beginning on July 1, 2019 and through June 30, 2020; and

(iii) \$100 for each continuing education seminar required for each licensure year beginning on or after July 1, 2020; and

(D) obtains a score of at least 80 percent on the examination administered by the department.

(2) Each technical representative license shall expire on June 30.

(c) Each service company shall verify and maintain records documenting that each technical representative employed by the service company has satisfactorily completed the required training. (Authorized by K.S.A. 83-207; implementing K.S.A. 2016 Supp. 83-302 and K.S.A. 2016 Supp. 83-402; effective March 6, 1998; amended May 8, 2009; amended Dec. 29, 2017.)

99-25-9. Adoption by reference. Except as specified in subsection (c), the following uniform regulations published by the national institute of standards and technology (NIST), Gaithersburg, MD, in the 2012 edition of NIST handbook 130, titled “uniform laws and regulations in the areas of legal metrology and engine fuel quality, as adopted by the 96th national conference on weights and measures 2011,” are hereby adopted by reference and shall apply to weighing and measuring devices in the state: (a) “Uniform packaging and labeling regulation”;

(b) “uniform regulation for the method of sale of commodities”; and

(c) “uniform engine fuels and automotive lubricants regulation,” except for the following sections:

(1) 2.1.2, which caps ethanol at 10 percent;

(2) 2.15, which pertains to the testing standard for B100 biodiesel;

(3) 2.16, which pertains to the testing standard for biodiesel blends; and

(4) 3.2.6, which pertains to oxygenates.

Copies of the adopted material or the pertinent portions of it shall be available from the office of weights and measures, Kansas department of agriculture, Topeka, Kansas. (Authorized by K.S.A. 55-442 and K.S.A. 83-207; implementing K.S.A. 55-442 and K.S.A. 2012 Supp. 83-202; effective Jan. 18, 2002; amended Aug. 26, 2005; amended Feb. 8, 2008; amended Sept. 3, 2010; amended Aug. 23, 2013.)

99-25-12. Adoption by reference. The document titled “checking the net contents of packaged goods, as adopted by the 89th national conference on weights and measures 2004,” including the appendices, published by the national institute of standards and technology (NIST), Gaithersburg, MD in January 2005 as NIST handbook 133 is hereby adopted by reference. (Authorized by and implementing K.S.A. 83-207 and K.S.A. 2009 Supp. 83-202; effective Sept. 3, 2010.)

Article 26.—FEES

99-26-1. Fees. (a) The following fees and other necessary and incidental expenses incurred shall be charged for requested services rendered by the secretary or the secretary’s authorized representative in conjunction with the testing, proving, or evaluation of weights, measures, and devices, at the following rates:

(1) The testing and proving of any weights, measures, balances, and other measuring devices

conducted at the place of use shall be charged at the rate of \$50.00 per hour or fraction thereof.

(2) Conducting or assisting with an evaluation for a national conference on weights and measures certificate of conformance shall be charged at a rate not to exceed \$200.00 per hour or fraction thereof as necessary to cover the expenses incurred by the department in providing these services.

(b) In addition to the hourly rates specified in subsection (a), expenses incurred by personnel, including meals, lodging, transportation, and mileage to and from their duty station to the point of testing, equipment, and other necessary and incidental expenses, may be charged. (Authorized by K.S.A. 83-207 and K.S.A. 2016 Supp. 83-214; implementing K.S.A. 2016 Supp. 83-214; effective, T-83-25, Sept. 1, 1982; effective May 1, 1983; amended, T-99-11-14-90, Nov. 14, 1990; amended Jan. 14, 1990; amended June 9, 2000; amended Jan. 18, 2002; amended May 8, 2009; amended Dec. 29, 2017.)

Article 40.—PETROLEUM MEASUREMENT

99-40-3. Invoice disclosure requirements for wholesalers and distributors of gasoline and diesel fuel. (a) Each distributor or wholesaler of gasoline and diesel fuel shall provide the following information to the purchaser at the time of delivery:

(1) The minimum octane of the product as determined by the (R+M)/2 method;

(2) for diesel fuel, the grade, minimum flash point, and American petroleum institute gravity of the product;

(3) the terminal of origin of the product;

(4) the destination of the product;

(5) the name of the wholesaler, if different from the distributor or point of origin;

(6) the quantity of each type of product delivered;

(7) the percentage of ethanol if more than one percent; and

(8) the percentage of biodiesel fuel if more than one percent.

(b) The information required in subsection (a) shall be provided to the purchaser in writing.

(c) For the purposes of this regulation, the term “purchaser” shall mean a wholesaler, distributor, or retailer. (Authorized by K.S.A. 55-442 and K.S.A. 83-207; implementing K.S.A. 55-424, K.S.A. 55-442, and K.S.A. 83-206; effective Jan. 14, 1991; amended Jan. 18, 2002; amended Aug. 23, 2013.)

100-28a-1a. Definitions. As used in this article, each of the following terms shall have the meaning specified in this regulation:

(a) “Active practice request form” means the board-provided form that each physician assistant is required to submit to the board pursuant to K.S.A. 65-28a03, and amendments thereto, as a condition of engaging in active practice and that is signed by the physician assistant, supervising physician, and each substitute supervising physician. Each active practice request form contains a section called the written agreement.

(b) “Different practice location” means a practice location at which a supervising physician is physically present less than 20 percent of the time that the practice location provides medical services to patients. This term shall not include a medical care facility, as defined in K.S.A. 65-425 and amendments thereto.

(c) “Direct supervision” means a type of supervision in which the supervising physician or substitute supervising physician is physically present at the site of patient care and capable of immediately providing direction or taking over care of the patient.

(d) “Emergency medical condition” means the sudden and, at the time, unexpected onset of a person’s health condition that requires immediate medical attention, for which the failure to provide medical attention would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part or would place the person’s health in serious jeopardy.

(e) “Indirect supervision” means a type of supervision in which the supervising physician or substitute supervising physician can be physically present at the site of patient care within 15 minutes to provide direct supervision.

(f) “Off-site supervision” means a type of supervision in which the supervising physician or substitute supervising physician is not physically present at the site of patient care but is immediately available by means of telephonic or electronic communication.

(g) “Practice location” means any location at which a physician assistant is authorized to practice, including a medical care facility as defined in K.S.A. 65-425 and amendments thereto.

(h) “Substitute supervising physician” means each physician designated by prior arrangement pursuant to K.S.A. 65-28a09, and amendments thereto, to provide supervision to the physician assistant if the supervising physician is temporarily unavailable.

(i) “Supervision” means oversight by a supervising physician or a substitute supervising physician of delegated medical services that may be performed by a physician assistant. The types of supervision shall include direct supervision, indirect supervision, and off-site supervision.

(j) “Written agreement” means the section of the active practice request form that specifies the agreed scope of authorized medical services and procedures and prescription-only drug authority for each physician assistant. (Authorized by K.S.A. 2015 Supp. 65-28a02 and 65-28a08; implementing K.S.A. 2015 Supp. 65-28a03, 65-28a08, and 65-28a09; effective, T-100-12-10-15, Jan. 11, 2016; effective May 6, 2016.)

100-28a-2. Application. (a) Each application for licensure as a physician assistant shall be

submitted on a form provided by the board. The form shall contain the following information:

- (1) The applicant's full name;
 - (2) the applicant's home address and, if different, the applicant's mailing address;
 - (3) the applicant's date and place of birth;
 - (4) the applicant's social security number, individual tax identification number, or nondriver identification number, if the applicant is advised that providing a social security number is voluntary pursuant to K.S.A. 74-139 and 74-148, and amendments thereto, and that if the social security number is provided, the agency may provide this number to the Kansas department of social and rehabilitation services for child support enforcement purposes and to the Kansas department of revenue's director of taxation;
 - (5) the issue date; state, territory, the District of Columbia, or other country of issuance; and the identifying number on any license, registration, or certification issued to the applicant to practice any health care profession;
 - (6) documentation of any prior acts constituting unprofessional conduct as defined in K.A.R. 100-28a-8;
 - (7) the applicant's daytime telephone number;
 - (8) the names of all educational programs recognized under K.A.R. 100-28a-3 that the applicant attended, including the program from which the applicant graduated, the degree awarded to the applicant, and the date of graduation;
 - (9) notarized certification that the applicant has completed a physician assistant program from a postsecondary school recognized under K.A.R. 100-28a-3;
 - (10) a list of all attempts to gain board certification recognized under K.A.R. 100-28a-4 and an official copy of the applicant's board certification; and
 - (11) a notarized release authorizing the board to receive any relevant information, files, or records requested by the board in connection with the application.
- (b) Each applicant shall submit the following with the application:
- (1) The fee required by K.A.R. 100-28a-1;
 - (2) an official transcript from an educational program approved by the board as provided in K.A.R. 100-28a-3 that specifies the degree awarded to the applicant;
 - (3) a verification from each state, country, territory, or the District of Columbia where the applicant has been issued any license, registration, or certification to practice any health care profession;

(4) a photograph of the applicant measuring two inches by three inches and showing the head and shoulder areas only. The photograph shall be taken within 90 days before the date of application; and

(5) evidence provided directly to the board from the national commission on certification of physician assistants that the applicant has passed the physician assistant national certifying examination.

(c) The applicant shall sign the application under oath and shall have the application notarized. (Authorized by and implementing K.S.A. 2008 Supp. 65-28a03; implementing K.S.A. 65-28a04; effective, T-100-2-13-01, Feb. 13, 2001; effective June 1, 2001; amended Jan. 4, 2010.)

100-28a-5. Continuing education.

(a) Each physician assistant shall submit with the renewal application one of the following:

(1) Evidence of satisfactory completion of at least 50 continuing education credit hours during the preceding year. At least 20 continuing education credit hours shall be acquired from category I if 50 hours are submitted with the renewal application;

(2) evidence of satisfactory completion of at least 100 continuing education credit hours during the preceding two-year period. At least 40 continuing education credit hours shall be acquired from category I if 100 continuing education credit hours are submitted with the renewal application; or

(3) evidence verifying satisfactory completion of continuing education credit hours equivalent, in number and category, to those hours required by paragraph (a)(1) or (2), issued by a national, state, or local organization with continuing education standards that are at least as stringent as the board's standards.

(b) A continuing education credit hour shall be 50 minutes of instruction or its equivalent. Meals and exhibit breaks shall not be included in the calculation of continuing education credit hours.

(c) Any applicant that does not meet the requirements for license renewal in subsection (a) may request an extension from the board. The request shall include a plan for completion of the continuing education requirements within the requested extension period. An extension of up to six months may be granted by the board if documented circumstances make it impossible or extremely difficult for the individual to reasonably obtain the required continuing education hours.

(d) Each physician assistant initially licensed within one year of a renewal registration date shall be exempt from the continuing education required by subsection (a) for that first renewal period.

(e) The categories of continuing education credit shall be the following:

(1) Category I: attendance at an educational presentation approved by the board. Courses accepted by the American academy of physician assistants shall be approved by the board; and

(2) category II: participating in or attending an educational activity that does not meet the criterion specified in paragraph (e)(1) but that is approved by the board. Category II continuing education may include self-study or group activities.

(f) Evidence of satisfactory completion of continuing education shall be submitted to the board as follows:

(1) Documented evidence of attendance at or participation in category I and II activities; and

(2) verification, on a form provided by the board, of self-study from reading professional literature or other self-study activities. (Authorized by K.S.A. 2010 Supp. 65-28a03; implementing K.S.A. 65-28a04; effective, T-100-2-13-01, Feb. 13, 2001; effective June 1, 2001; amended March 30, 2012.)

100-28a-6. Scope of practice. Any physician assistant may perform acts that constitute the practice of medicine and surgery as follows:

(a) When directly ordered, authorized, and coordinated by the supervising physician or substitute supervising physician through that individual's physical presence;

(b) when directly ordered, authorized, and coordinated by the supervising physician or substitute supervising physician through verbal or electronic communication;

(c) when authorized by the active practice request form submitted to the board by the physician assistant and the supervising physician as required by K.A.R. 100-28a-9; or

(d) if required to treat a patient with an emergency medical condition. (Authorized by K.S.A. 2015 Supp. 65-28a03; implementing K.S.A. 2015 Supp. 65-28a08; effective, T-100-2-13-01, Feb. 13, 2001; effective June 1, 2001; amended, T-100-12-10-15, Jan. 11, 2016; amended May 6, 2016.)

100-28a-9. Active practice request form; content. The active practice request form sub-

mitted by each physician assistant shall contain the following:

(a) The name and license number of the physician assistant;

(b) the name and license number of the supervising physician;

(c) the name and license number of each substitute supervising physician;

(d) information about each practice location, including hospitals and other facilities, which shall include the following:

(1) The street address and telephone number;

(2) a description of the type of medical services provided to patients;

(3) specification of whether the location is a different practice location and, if so, whether the physician assistant has spent at least 80 hours since being licensed under the direct supervision of a physician licensed in this state; and

(4) the name of each substitute supervising physician who shall provide supervision to the physician assistant at the practice location if the supervising physician is temporarily unavailable;

(e) the written agreement, which shall contain the following information:

(1) A description of the medical services and procedures that the physician assistant may perform at each practice location;

(2) a list of any medical services and procedures that the physician assistant is prohibited from performing;

(3) any types of supervision required for specified medical services and procedures;

(4) the prescription-only drugs, including controlled substances and professional samples, that the physician assistant is authorized to prescribe, administer, dispense, or distribute;

(5) any specific exceptions to the physician assistant's authority to prescribe, administer, dispense, or distribute prescription-only drugs, including controlled substances and professional samples;

(6) a description of the procedure for communication between the supervising physician and the physician assistant if the physician assistant is at a different practice location; and

(7) a description of the procedure for notifying a substitute supervising physician if the supervising physician is unavailable;

(f) an acknowledgment that the supervising physician or a substitute supervising physician shall be available for communication with the physician assistant at all times during which the

physician assistant could reasonably be expected to provide professional services;

(g) an acknowledgment that a current copy of the active practice request form shall be maintained at each practice location and that any amendments to the active practice request form shall be provided to the board within 10 days of being made;

(h) confirmation that the supervising physician has established and implemented a method for the initial, periodic, and annual evaluation of the professional competency of the physician assistant required by K.A.R. 100-28a-10;

(i) confirmation that the medical services and procedures that the physician assistant is authorized to perform are within the clinical competence and customary practice of the supervising physician and all substitute supervising physicians; and

(j) the dated signatures of the physician assistant, supervising physician, and all substitute supervising physicians. (Authorized by and implementing K.S.A. 2015 Supp. 65-28a03 and 65-28a08; effective, T-100-2-13-01, Feb. 13, 2001; effective June 1, 2001; amended, T-100-12-10-15, Jan. 11, 2016; amended May 6, 2016.)

100-28a-9a. Active practice request form; requirements. (a) Each physician assistant who requests to engage in active practice on or after January 11, 2016 shall submit to the board an active practice request form that contains the information required by K.A.R. 100-28a-9.

(b) Each physician assistant actively practicing before January 11, 2016 shall submit to the board on or before July 1, 2016 an active practice request form that contains the information required by K.A.R. 100-28a-9.

(c) Each physician assistant shall submit to the board, on a board-provided form, any subsequent amendments to the information on that individual's active practice request form within 10 days of the amendment being made.

(d) Each physician assistant shall maintain a current copy of the active practice request form at each practice location. (Authorized by and implementing K.S.A. 2015 Supp. 65-28a03 and 65-28a08; effective, T-100-12-10-15, Jan. 11, 2016; effective May 6, 2016.)

100-28a-10. Supervising physician. (a) Each supervising physician shall meet all of the following requirements:

(1) Engage in the practice of medicine and surgery in Kansas;

(2) verify that the physician assistant has a current license issued by the board;

(3) at least annually, review, evaluate, and determine whether the physician assistant has performed patient services constituting the practice of medicine and surgery with professional competence and with reasonable skill and safety;

(4) at least annually, review the active practice request form required by K.A.R. 100-28a-9 and determine if any amendments are necessary. Each amendment shall be conveyed to the physician assistant, specified in all copies of the active practice request form, and provided to the board within 10 days of being made;

(5) report to the board any knowledge of disciplinary hearings, formal hearings, public or private censure, or other disciplinary action taken against the physician assistant by any state's licensure or registration authority or any professional association. The supervising physician shall report this information to the board within 10 days of receiving notice of the information;

(6) report to the board the termination of responsibility by the supervising physician or any litigation alleging conduct by the physician assistant that would constitute grounds for disciplinary action under the physician assistant licensure act. The supervising physician shall report this information to the board within 10 days of receiving notice of the information;

(7) arrange for a substitute supervising physician to provide supervision on each occasion when the supervising physician is temporarily absent, is unable to be immediately contacted by telecommunication, or is otherwise unavailable at any time the physician assistant could reasonably be expected to provide professional services; and

(8) delegate to the physician assistant only those acts that constitute the practice of medicine and surgery and meet the following conditions:

(A) The supervising physician believes or has reason to believe that the acts can be competently performed by the physician assistant, based upon the physician assistant's background, training, capabilities, skill, and experience; and

(B) the acts are within the supervising physician's clinical competence and customary practice.

(b) The supervising physician shall develop and implement a written method for evaluating whether the physician assistant has performed patient services constituting the practice of med-

icine and surgery with professional competence and with reasonable skill and safety.

(1) During the first 30 days of the supervising physician-physician assistant supervisory relationship, the supervising physician shall review and authenticate all medical records of each patient evaluated or treated by the physician assistant within seven days of the date the physician assistant evaluated or treated the patient. The supervising physician shall authenticate each record by original signature or initials and shall record the date of the review. Electronically generated signatures shall be acceptable if reasonable measures have been taken to prevent unauthorized use of the electronically generated signature.

(2) After the first 30 days of the supervising physician-physician assistant supervisory relationship, the supervising physician shall document the periodic review and evaluation of the physician assistant's performance required by paragraph (a)(3), which may include the review of patient records. The supervising physician and the physician assistant shall sign the written review and evaluation and maintain a copy at each practice location, which shall be made available to the board upon request.

(c) Except as otherwise required by K.A.R. 100-28a-13, a supervising physician shall not be required to cosign orders or prescriptions written in a patient's medical record by a physician assistant to whom the supervising physician has delegated the performance of services constituting the practice of medicine and surgery. (Authorized by K.S.A. 2015 Supp. 65-28a03 and 65-28a08; implementing K.S.A. 2015 Supp. 65-28a02, 65-28a08, and 65-28a09; effective, T-100-2-13-01, Feb. 13, 2001; effective June 1, 2001; amended May 15, 2009; amended March 30, 2012; amended, T-100-12-10-15, Jan. 11, 2016; amended May 6, 2016.)

100-28a-11. Duty to communicate; emergency medical conditions. (a) Except as specified in subsection (b), each physician assistant shall communicate with the supervising physician or substitute supervising physician concerning a patient's condition if the physician assistant believes that the patient's condition may require either of the following:

(1) Any treatment that the physician assistant has not been authorized to perform; or

(2) any treatment that exceeds the physician assistant's competence.

(b) If a patient has an emergency medical condition requiring immediate treatment that the

physician assistant has not been authorized to perform, the physician assistant shall communicate with the supervising physician or substitute supervising physician concerning the patient's emergency medical condition as soon as is clinically feasible. The physician assistant shall document that individual's communication with the supervising physician or substitute supervising physician in the patient's medical record. (Authorized by K.S.A. 2015 Supp. 65-28a03; implementing K.S.A. 2015 Supp. 65-28a08; effective, T-100-2-13-01, Feb. 13, 2001; effective June 1, 2001; amended, T-100-12-10-15, Jan. 11, 2016; amended May 6, 2016.)

100-28a-12. Substitute supervising physician. If a substitute supervising physician supervises a physician assistant, the substitute supervising physician shall meet the same requirements as those of the supervising physician. (Authorized by K.S.A. 2015 Supp. 65-28a02 and 65-28a03; implementing K.S.A. 2015 Supp. 65-28a02 and 65-28a09; effective, T-100-2-13-01, Feb. 13, 2001; effective June 1, 2001; amended, T-100-12-10-15, Jan. 11, 2016; amended May 6, 2016.)

100-28a-13. Prescription-only drugs. (a) Any physician assistant may administer, prescribe, distribute, or dispense a prescription-only drug pursuant to K.S.A. 65-28a08, and amendments thereto, as authorized by the written agreement required by K.A.R. 100-28a-9 and as authorized by this regulation.

(b) As used in this regulation, "emergency situation" shall have the meaning specified in K.A.R. 68-20-19.

(c) Any physician assistant may directly administer a prescription-only drug as follows:

(1) If directly ordered or authorized by the supervising physician or substitute supervising physician;

(2) if authorized by a written agreement between the supervising physician and the physician assistant; or

(3) if an emergency situation exists.

(d)(1) Any physician assistant may prescribe a schedule II controlled substance in the same manner as that in which the physician assistant may perform acts that constitute the practice of medicine and surgery as specified in K.A.R. 100-28a-6. Except as specified in paragraph (d)(2), each prescription for a schedule II controlled substance shall be in writing.

(2) Any physician assistant may, by oral or telephonic communication, authorize a schedule II controlled substance in an emergency situation. Within seven days after authorizing an emergency prescription order, the physician assistant shall cause a written prescription, completed in accordance with appropriate federal and state laws, to be delivered to the dispenser of the drug.

(e) Any physician assistant may orally, telephonically, electronically, or in writing prescribe a controlled substance listed in schedule III, IV, or V, or a prescription-only drug not listed in any schedule as a controlled substance in the same manner as that in which the physician assistant may perform acts that constitute the practice of medicine and surgery as specified in K.A.R. 100-28a-6.

(f) Each written prescription order by a physician assistant shall meet the following requirements:

(1) Contain the name, address, and telephone number of the supervising physician;

(2) contain the name, address, and telephone number of the physician assistant;

(3) be signed by the physician assistant with the letters "P.A." following the signature; and

(4) contain any DEA registration number issued to the physician assistant if a controlled substance is prescribed.

(g) Any physician assistant may distribute a prescription-only drug to a patient only if all of the following conditions are met:

(1) The drug is distributed under the same conditions as those in which a physician assistant may directly administer a prescription-only drug, as described in subsection (b).

(2) The drug has been provided to the physician assistant or the physician assistant's supervising physician or employer at no cost.

(3) The drug is commercially labeled and is distributed to the patient in the original prepackaged unit-dose container.

(4) The drug is distributed to the patient at no cost.

(h) Any physician assistant may dispense a prescription-only drug to a patient under the limited circumstances specified in K.S.A. 65-28a08, and amendments thereto, in the same manner as that in which the physician assistant may perform acts that constitute the practice of medicine and surgery specified in K.A.R. 100-28a-6.

(i) A physician assistant shall not administer, prescribe, distribute, or dispense a prescription-only drug for any quantity or strength in excess of the

normal and customary practice of the supervising physician. (Authorized by K.S.A. 2015 Supp. 65-28a03 and 65-28a08; implementing K.S.A. 2015 Supp. 65-28a08; effective, T-100-2-13-01, Feb. 13, 2001; effective June 1, 2001; amended, T-100-12-10-15, Jan. 11, 2016; amended May 6, 2016.)

100-28a-14. Different practice location.

Any physician assistant may perform acts that constitute the practice of medicine and surgery at a different practice location if all of the following requirements are met:

(a) Before providing any services at the different practice location, the physician assistant shall have spent at least 80 hours since being licensed under the direct supervision of a physician licensed in this state.

(b) The supervising physician or substitute supervising physician shall remain available to provide guidance, direction, and coordination of the activities of the physician assistant. This availability may be provided by electronic means.

(c) The different practice location shall be listed on the active practice request form required by K.A.R. 100-28a-9.

(d) Written notice that the different practice location is staffed primarily by a physician assistant shall be posted in a location where the notice is likely to be seen by patients. (Authorized by K.S.A. 65-28a03 and 65-28a08; implementing K.S.A. 65-28a08; effective, T-100-2-13-01, Feb. 13, 2001; effective June 1, 2001; amended July 22, 2005; amended, T-100-12-10-15, Jan. 11, 2016; amended May 6, 2016; amended March 8, 2019.)

100-28a-15. Licensure; cancellation.

(a) Except as specified in subsection (b), each physician assistant license issued by the board shall be cancelled on December 31 of each year.

(b) Each license issued or reinstated from October 1 through December 31 shall be cancelled on December 31 of the following year. (Authorized by and implementing K.S.A. 2015 Supp. 65-28a03; effective, T-100-2-13-01, Feb. 13, 2001; effective June 1, 2001; amended, T-100-12-10-15, Jan. 11, 2016; amended May 6, 2016.)

100-28a-17. Number of physician assistants supervised; limitation for different practice location.

(a) Except as otherwise specified in subsection (b), each supervising physician shall determine the number of physician assistants under the supervising physician's supervision. The supervising physician shall use professional judgment

ment regarding that individual's ability to adequately supervise each physician assistant based upon the following factors:

(1) The supervising physician's ability to meet the requirements for supervision specified in K.A.R. 100-28a-10 for each physician assistant;

(2) the supervising physician's ability to provide the types of supervision that may be specified in the written agreement with each physician assistant;

(3) the specialty and setting of each practice location at which each physician assistant will provide services;

(4) the complexity of the patient population that each physician assistant will be treating; and

(5) the clinical experience and competency of each physician assistant.

(b)(1) A supervising physician shall not supervise more than a total of three physician assistants who provide services at a different practice location under K.A.R. 100-28a-14, regardless of the number of different practice locations, without the prior approval of the board. A supervising physician shall not under any circumstances supervise more than five physician assistants who provide services at a different practice location.

(2) The approval to supervise more than a total of three physician assistants who will provide services at a different practice location may be granted by the board if the supervising physician submits a signed request on a board-provided form that meets the following requirements:

(A) Verifies that the combined number of work hours of all the physician assistants who will provide services at a different practice location will not exceed 200 hours per week; and

(B) demonstrates that the supervising physician is able to adequately supervise each physician assistant under the supervising physician's supervision based on the factors specified in subsection (a). (Authorized by K.S.A. 2015 Supp. 65-28a03; implementing K.S.A. 2015 Supp. 65-28a08; effective July 22, 2005; amended, T-100-12-10-15, Jan. 11, 2016; amended May 6, 2016.)

Article 28b.—INDEPENDENT PRACTICE OF MIDWIFERY

100-28b-1. Definitions. As used in this article of the board's regulations, each of the following terms shall have the meaning specified in this regulation:

(a) "Abortion" has the meaning specified in K.S.A. 65-6701, and amendments thereto.

(b) "Antepartum" means occurring in the period that commences when a pregnant woman presents herself to a licensee during pregnancy and ends at the onset of labor.

(c) "Approved national certification" means certification as a certified nurse-midwife by the American midwifery certification board.

(d) "Birthing center" means a facility that provides delivery services for normal, uncomplicated pregnancies. This term shall not include a medical care facility as defined by K.S.A. 65-425, and amendments thereto.

(e) "Family planning services" means the provision of contraceptive methods, preconception health services, and sexually transmitted infection screening and treatment to patients.

(f) "Formal consult" means the process whereby a licensee formally requests a physician's written recommendations for the care and treatment of a patient's identifiable risks.

(g) "Home birth" means an attended birth at a private residence or a location other than a birthing center or hospital.

(h) "Hospital" has the meaning specified in K.S.A. 65-425, and amendments thereto.

(i) "Identifiable risk" means medical history or clinical signs or symptoms that could require clinical services other than those associated with a normal, uncomplicated pregnancy and a normal, uncomplicated delivery.

(j) "Informal consult" means the process whereby a licensee who maintains management responsibility for the patient's care informally requests the advice or opinion of a physician.

(k) "Initial care of a normal newborn" means the clinical services provided to a normal newborn during the first 28 days of life. This term shall include lactation services.

(l) "Intrapartum" means occurring in the period commencing with the onset of labor and ending after the delivery of the placenta.

(m) "Licensee" means an individual licensed by the board to engage in the independent practice of midwifery as defined in K.S.A. 65-28b02, and amendments thereto.

(n) "Minor vaginal laceration" means a tear that extends beyond the fourchette, perineal skin, and vaginal mucosa to perineal muscles and fascia, but not the anal sphincter.

(o) "Newborn" means an infant during the first 28 days of life after birth.

(p) "Normal newborn" means a newborn who has been clinically determined to have no com-

plications or to be at low risk of developing complications.

(q) “Normal, uncomplicated delivery” means delivery of a singleton cephalic vaginal birth that has been clinically determined to be at low risk for complications.

(r) “Normal, uncomplicated pregnancy” means a pregnancy that is initially determined to be at a low risk for a poor pregnancy outcome and that remains at a low risk throughout the pregnancy.

(s) “Patient” means a woman to whom an independent certified nurse-midwife provides clinical services.

(t) “Physician” means an individual licensed to actively practice medicine and surgery or osteopathic medicine and surgery in Kansas.

(u) “Poor pregnancy outcome” means any outcome other than a live, healthy patient.

(v) “Postpartum” means occurring in the period commencing with the delivery of the placenta and ending six weeks after birth.

(w) “Referral” means the process whereby a licensee requests a physician to assume management responsibility for a patient’s care.

(x) “Transfer” means the process whereby a licensee or physician accepts management responsibility for a patient’s care.

(y) “Transport” means the process whereby a patient is moved from one location to another. (Authorized by K.S.A. 65-28b07(d); implementing K.S.A. 65-28b02 and 65-28b07(d); effective Jan. 10, 2020.)

100-28b-5. License expiration and cancellation. (a) Each license to engage in the independent practice of midwifery issued within the seven-month period beginning June 1 and ending December 31 shall expire on September 30 of the following year and shall be cancelled on October 30 of that year, unless renewed.

(b) Each license to engage in the independent practice of midwifery issued within the five-month period beginning January 1 and ending May 31 shall expire on September 30 and shall be cancelled on October 30 of the same year, unless renewed. (Authorized by K.S.A. 65-28b04 and 65-28b07(d); implementing K.S.A. 65-28b04; effective Jan. 10, 2020.)

100-28b-15. Transport and transfer protocol requirements. (a) Each licensee shall have a written protocol in place for each patient for the timely and safe transport to a hospital with an

obstetrical unit and physician within a reasonable proximity of the planned location of labor and delivery. Each written protocol shall include the following:

(1) A plan for transporting the patient by emergency medical services;

(2) a plan for notification of the hospital and physician;

(3) a plan for communication of the patient’s medical history and present condition; and

(4) at least one of the following:

(A) A plan for transferring the patient to the hospital and a physician;

(B) evidence of a transfer agreement with the hospital and physician; or

(C) evidence that the licensee has admitting privileges at the specified hospital.

(b) Each licensee shall ensure that all staff members attending the patient’s labor and delivery have immediate access to a working telephone or another communication device and to all necessary information for transporting and transferring a patient in case of an emergency. (Authorized by K.S.A. 65-28b07; implementing K.S.A. 65-28b02, 65-28b07; effective Jan. 10, 2020.)

100-28b-16. Duty to consult, refer, transfer, and transport. (a) A licensee shall immediately informally consult, formally consult, refer, or transfer care of a patient to a physician, or transport the patient to a hospital if the patient’s medical history or condition presents identifiable risks to the course of pregnancy, labor, delivery, or health of the patient.

(b) Any licensee may continue or resume providing clinical services to the patient if a physician has determined that the patient’s medical history or condition has been resolved, or that the identifiable risks presented by the patient’s medical history or condition are not likely to affect the course of pregnancy, labor, delivery, or health of the patient or newborn.

(c) A licensee shall immediately informally consult, formally consult, refer, or transfer care of a newborn to a physician, or transport the newborn to a hospital if at any time the newborn’s condition presents identifiable risks to the health of the newborn.

(d) Any licensee may continue or resume providing clinical services to the newborn if a physician has determined that the newborn’s condition has been resolved or that the identifiable risks presented by the newborn’s condition are not likely to

affect the health of the newborn. (Authorized by K.S.A. 65-28b07; implementing K.S.A. 65-28b02, 65-28b07; effective Jan. 10, 2020.)

100-28b-17. Identifiable risks requiring immediate referral and transport of patient.

Identifiable risks requiring the immediate referral and transport of a patient shall include the following:

- (a) Maternal fever of more than 100.4 degrees Fahrenheit during labor; in the absence of environmental factors;
- (b) suggestion of fetal jeopardy, including clinically significant frank bleeding before delivery, abnormal bleeding with or without abdominal pain, evidence of placental abruption, or detection of abnormal fetal heart tones;
- (c) current spontaneous preterm labor;
- (d) current preterm premature rupture of membranes;
- (e) current preeclampsia;
- (f) current hypertensive disease of pregnancy;
- (g) continuous uncontrolled bleeding;

(i) temperature less than 96.8 degrees Fahrenheit or greater than 100.4 degrees Fahrenheit documented more than 15 minutes apart;

(j) heart murmur lasting more than 24 hours immediately following birth;

(k) cardiac arrhythmia;

(l) congenital anomalies;

(m) failed critical congenital heart disease screening;

(n) birth injury;

(o) clinical evidence of prematurity, including low birth weight of less than 2,500 grams, smooth soles of feet, or immature genitalia;

(p) jaundice in the first 24 hours after birth or significant jaundice at any time;

(q) no stool for more than 24 hours immediately following birth;

(r) no urine output for more than 24 hours; and

(s) development of persistent poor feeding effort at any time. (Authorized by K.S.A. 65-28b07; implementing K.S.A. 65-28b02, 65-28b07; effective Jan. 10, 2020.)

Article 29.—PHYSICAL THERAPY

100-29-1. Applications. (a) Each applicant for licensure as a physical therapist or certification as a physical therapist assistant shall submit a completed application on a form provided by the board. The application shall include the following information in legible writing:

- (1) The applicant's full name;
- (2) the applicant's social security number, driver's license number, nondriver identification number, or individual tax identification number if the applicant is advised that providing a social security number is voluntary pursuant to K.S.A. 74-139 and 74-148, and amendments thereto, and that if the social security number is provided, the agency may provide this number to the Kansas department of social and rehabilitation services for child support enforcement purposes and to the Kansas department of revenue's director of taxation;
- (3) the applicant's mailing address. If the applicant's mailing address is different from the applicant's residential address, the applicant shall also provide the residential address;
- (4) the applicant's daytime telephone number;
- (5) the applicant's date and place of birth;

(6) the names of all educational programs recognized under K.A.R. 100-29-2 that the applicant attended, including the program from which the applicant graduated, the degree awarded to the applicant, and the date of graduation;

(7) information regarding any licenses, registrations, or certifications issued to the applicant to practice any healthcare profession;

(8) information regarding any prior acts specified in K.S.A. 65-2912, and amendments thereto, that could constitute grounds for denial of the application;

(9) a notarized release authorizing the board to receive any relevant information, files, or records requested by the board in connection with the application; and

(10) the number of times the applicant has taken the examination required by the board for licensure or certification and the date that the applicant passed the examination.

(b) Each applicant shall submit the following with the application:

(1) The fee required by K.A.R. 100-29-7;

(2) an official transcript that specifies the degree awarded from an educational program recognized by the board under K.A.R. 100-29-2;

(3) a verification on a form provided by the board of each license, registration, or certification issued to the applicant by any state or the District of Columbia relating to any healthcare profession;

(4) a current photograph, three by four inches in size, of the applicant's head and shoulders taken within 90 days before the date the application is received by the board; and

(5) evidence provided directly to the board from the testing entity recognized and approved under K.A.R. 100-29-4 that the applicant has passed the examination.

(c) The applicant shall sign the application under oath and have the application notarized.

(d) The physical therapy advisory council shall consider the application from each person who has not been engaged in an educational program recognized by the board and has not engaged in the practice of physical therapy during the five years preceding the date of the application. The council shall then submit its written recommendation to the board. (Authorized by K.S.A. 2009 Supp. 65-2911; implementing K.S.A. 2009 Supp. 65-2903, 65-2906, and 65-2912; effective March 21, 1997; amended May 26, 2006; amended May 14, 2010.)

100-29-3a. Examination of written and oral English communication. (a) For each applicant who received training in a school at which English was not the language of instruction, the examinations required and approved by the board to demonstrate the ability to communicate in written and oral English shall be the test of English as a foreign language (TOEFL), the test of written English (TWE), and the test of spoken English (TSE), as developed and administered by the educational testing service (ETS).

(b) To successfully pass the test of English as a foreign language, each applicant who is required to take this examination shall attain a score of at least 24 in writing, 26 in speaking, 21 in reading, and 18 in listening.

(c) To successfully pass the test of spoken English, each applicant who is required to take this examination shall attain a score of at least 5.0.

(d) To successfully pass the test of written English, each applicant who is required to take this examination shall attain a score of at least 4.5. (Authorized by K.S.A. 2008 Supp. 65-2911; implementing K.S.A. 2008 Supp. 65-2906 and 65-2909; effective Sept. 11, 1998; amended Jan. 4, 2010.)

100-29-4. Examination. (a) The examination required and approved by the board for licensure as a physical therapist shall be the physical therapist examination developed by the federation of state boards of physical therapy (FSBPT).

(b) The examination required and approved by the board for certification as a physical therapist assistant shall be the physical therapist assistant examination developed by the FSBPT.

(c) Each applicant shall be required to successfully complete the applicable examination required by this regulation within six attempts. (Authorized by K.S.A. 65-2911; implementing K.S.A. 65-2906; effective March 21, 1997; amended July 14, 2006; amended Jan. 10, 2020.)

100-29-9. License and certificate renewal; continuing education. (a)(1)(A) As a condition of renewal for each odd-numbered year, each licensed physical therapist or certified physical therapist assistant shall submit, in addition to the annual application for renewal of licensure or certification, evidence of satisfactory completion within the preceding two-year period of at least 40 contact hours of continuing education for a licensed physical therapist and at least 20 contact hours of continuing education for a certified physical therapist assistant. As a component of the re-

quired contact hours, each licensed physical therapist shall be required to successfully complete the physical therapy jurisprudence assessment module specified in paragraph (f)(15) during each continuing education cycle.

(B) Evidence of satisfactory completion of a program of continuing education shall not be required to be submitted with the application for renewal of licensure or certification in even-numbered years.

(2) A contact hour shall consist of 60 minutes of activity pertaining to the practice of physical therapy.

(3) Meals and breaks shall not be included in the contact hour calculation.

(b) Any applicant for renewal who cannot meet the requirements of paragraph (a)(1)(A) may request an extension from the board to submit evidence of continuing education. The request shall include a plan for completion of the continuing education requirements within the requested extension period. An extension of up to six months may be granted by the board for a substantiated medical condition, natural disaster, death of a spouse or an immediate family member, or any other compelling reason that in the judgment of the board renders the licensee incapable of meeting the requirements of paragraph (a)(1)(A).

(c) A physical therapist initially licensed or physical therapist assistant initially certified within one year of a renewal date in an odd-numbered year shall not be required to submit evidence of satisfactory completion of a program of continuing education required by paragraph (a)(1)(A) for that first renewal period. Each physical therapist or physical therapist assistant initially licensed or certified or whose license or certificate has been reinstated for more than one year but less than two years from a renewal date in an odd-numbered year shall be required to submit evidence of satisfactory completion of at least half of the contact hours of continuing education required by paragraph (a)(1)(A).

(d) All continuing education activities shall be related to the practice of physical therapy.

(e) All continuing education activities shall pertain to any of the following:

- (1) Clinical skills;
- (2) administration and management techniques;
- (3) educational principles when providing service to patients, families, health professionals, health professional students, or the community;
- (4) research projects with peer-reviewed, published results;

- (5) legislative issues involving the profession;
- (6) health care and the health care delivery system;

(7) documentation, reimbursement, cost-effectiveness, and regulatory compliance; or

(8) problem solving, critical thinking, and ethics.

(f) The following shall qualify as continuing education activities:

(1) Lecture. "Lecture" shall mean a live discourse for the purpose of instruction given before an audience. One contact hour shall be awarded for each hour of instruction.

(2) Panel. "Panel" shall mean the presentation of multiple views by several professional individuals on a given subject, with none of the views considered a final solution.

(3) Workshop. "Workshop" shall mean a series of meetings designed for intensive study, work, or discussion in a specific field of interest.

(4) Seminar. "Seminar" shall mean directed advanced study or discussion in a specific field of interest.

(5) Symposium. "Symposium" shall mean a conference of more than a single session organized for the purpose of discussing a specific subject from various viewpoints and by various speakers.

(6) In-service training. "In-service training" shall mean an educational presentation given to employees during the course of employment that pertains solely to the enhancement of physical therapy skills in the evaluation, assessment, or treatment of patients.

(7) College or university courses. "College or university course" shall mean a course at the college or university level directly related to the practice of physical therapy. Ten contact hours shall be given for each semester credit hour for which the student received a grade of at least C or its equivalent or a "pass" in a pass/fail course that is documented in an official transcript.

(8) Administrative training. "Administrative training" shall mean a presentation that enhances the knowledge of a physical therapist or physical therapist assistant on the topic of quality assurance, risk management, reimbursement, hospital and statutory requirements, or claim procedures.

(9) Self-instruction. "Self-instruction" shall mean the following:

(A) Reading professional literature directly related to the practice of physical therapy. A maximum of two contact hours shall be awarded for reading professional literature;

(B) completion of a correspondence, audio, video, or internet course for which a printed verification of successful completion is provided by the person or organization offering the course. A maximum of 10 contact hours shall be awarded for each course; and

(C) passage of a specialty certification examination approved by the board. Forty contact hours shall be awarded for passage of a specialty certification examination.

(10) Professional publications. Contact hours for writing a professional publication shall be allotted as follows:

| | | |
|---------------------------------|---------------|----|
| (A) Original paper | single author | 20 |
| | senior author | 15 |
| | coauthor | 8 |
| (B) Review paper or case report | single author | 15 |
| | coauthor | 8 |
| (C) Abstract or book review | | 8 |
| (D) Publication of a book | | 20 |

(11) Physical therapy residency or fellowship program. "Physical therapy residency or fellowship program" shall mean a post-professional program that is directly related to the practice of physical therapy and requires at least 1,000 combined hours of instruction and clinical practice for completion. Forty contact hours shall be awarded for successful completion of a physical therapy residency or fellowship program.

(12) Elected delegate. "Elected delegate" shall mean an elected delegate in a national assembly of delegates with the objective to create policy related to the practice of physical therapy. Ten contact hours shall be awarded for serving one term as an elected delegate.

(13) Supervision of a student. "Supervision of a student" shall mean clinical instruction and evaluation of a physical therapist student or physical therapist assistant student in a clinical setting. One contact hour shall be awarded for each documented 40 hours of providing supervision of a student. A maximum of three contact hours shall be awarded in each two-year continuing education period.

(14) Continuing education program presentation. "Continuing education program presentation" shall mean the preparation and presentation of a continuing education program that meets the re-

quirements of subsection (e). Three contact hours shall be awarded for each hour spent presenting.

(15) Physical therapy jurisprudence assessment module. "Physical therapy jurisprudence assessment module" shall mean the Kansas jurisprudence examination developed by the board and the FSBPT and administered by the FSBPT. One contact hour shall be awarded for successful completion of the physical therapy jurisprudence assessment module.

(g) No contact hours shall be awarded for any continuing education activity that is repeated within the applicable continuing education period specified in subsection (a) or (b).

(h) To provide evidence of satisfactory completion of continuing education activities, each licensed physical therapist and each certified physical therapist assistant shall submit the following to the board:

(1) Documented evidence of any attendance at or successful completion of continuing education activities;

(2) personal verification of any self-instruction from reading professional literature; and

(3) one copy of any peer-reviewed professional publication. (Authorized by K.S.A. 65-2910 and 65-2911; implementing K.S.A. 65-2910; effective March 21, 1997; amended Nov. 14, 2003; amended May 26, 2006; amended May 13, 2016; amended Jan. 10, 2020.)

100-29-16. Supervision of physical therapist assistants and support personnel. (a) Each physical therapist shall be responsible for the following:

(1) The physical therapy services provided to a patient or client by any physical therapist assistant working under the direction of the physical therapist; and

(2) the tasks relating to the physical therapy services provided to a patient or client by any support personnel working under the personal supervision of the physical therapist or by the physical therapist assistant acting under the direction of the physical therapist.

(b) Each physical therapist and each physical therapist assistant acting under the direction of a physical therapist shall provide personal supervision of the support personnel during any session in which support personnel are utilized to carry out a task.

(1) "Personal supervision" shall mean oversight by a physical therapist or by a physical therapist

assistant acting under the direction of the physical therapist who is on-site and immediately available to the support personnel.

(2) "Support personnel" shall mean any person other than a physical therapist or physical therapist assistant. Support personnel may be designated as or describe themselves as physical therapy aides, physical therapy technicians, physical therapy paraprofessionals, rehabilitation aides, or rehabilitation technicians.

(3) "Task" shall mean an activity that does not require the formal education or training of a physical therapist or a physical therapist assistant.

(c) The determination by the physical therapist to utilize a physical therapist assistant for selected components of physical therapy interventions shall require the education, expertise, and professional judgment of the physical therapist. Before delegating an intervention by a physical therapist to a physical therapist assistant and before delegating a designated task to support personnel, the physical therapist shall consider the following:

(1) The education, training, experience, and skill level of the physical therapist assistant;

(2) the complexity and acuteness of the patient's or client's condition or health status;

(3) the predictability of the consequences;

(4) the setting in which the care is being delivered to the patient or client; and

(5) the frequency of reexamination of the patient or client.

(d) Pursuant to K.S.A. 65-2914 and amendments thereto, if patient care is initiated by a physical therapist assistant in a hospital setting because the physical therapist is not immediately available, "minimum weekly review" shall mean that the physical therapist shall evaluate the patient and determine a plan of treatment within seven days of the initiation of treatment by the physical therapist assistant.

(e) Only a physical therapist may perform any of the following:

(1) Interpretation of a referral;

(2) performance and documentation of an initial examination, testing, evaluation, diagnosis, and prognosis;

(3) development or modification of a plan of care that is based on a reexamination of the patient or client that includes the physical therapy goals for intervention;

(4) determination of the qualifications of support personnel performing an assigned task;

(5) delegation of and instruction about the service to be rendered by the physical therapist assistant;

(6) timely review of documentation, reexamination of the patient or client, and revision of the plan of care when indicated;

(7) establishment and documentation of the discharge plan and discharge summary; and

(8) oversight of all documentation for services, including documents for billing, rendered to each patient or client under the care of the physical therapist.

(f) In all practice settings, the performance of selected interventions by the physical therapist assistant and the delegation of designated tasks to support personnel shall be consistent with the safe and legal practice of physical therapy and shall be based on the following factors:

(1) The complexity and acuteness of the patient's or client's condition or health status;

(2) the physical therapist's proximity and accessibility to the patient or client;

(3) the supervision available for all emergencies or critical events;

(4) the type of setting in which the physical therapy intervention is provided;

(5) the ability of the physical therapist assistant to perform the selected interventions or the support personnel to perform designated tasks; and

(6) an assessment by the physical therapist of the ability of the support personnel to perform designated tasks.

(g) Except as specified in this subsection, a physical therapist shall not have more than four physical therapist assistants working concurrently under the direction of that physical therapist. A request by a physical therapist to supervise additional physical therapist assistants may be granted by the board if it finds that significant hardship to the health and welfare of the community will occur if the physical therapist's request to supervise more than four physical therapist assistants is not granted.

(h) Each physical therapist wishing to provide personal supervision to more than four physical therapist assistants in a clinic or hospital setting shall provide a written and signed request to the physical therapy advisory council with the following information:

(1) The name of each physical therapist assistant to whom the physical therapist proposes to provide personal supervision;

(2) the reason for the request; and

(3) a written statement from the clinic or hospital director documenting the hardship and the plan for alleviating future staffing shortages of physical therapists.

(i) The physical therapy advisory council shall review each request granted by the board pursuant to subsection (g) at least every six months to determine whether a significant hardship to the health and welfare of the community will exist if the request is no longer granted. The physical therapy advisory council shall prepare and submit a written recommendation of each review to the board. A determination of whether the exemption should be renewed for another six-month period shall be made by the board at the recommendation of the physical therapy advisory council.

(j) Failure to meet the requirements of this regulation shall constitute unprofessional conduct. (Authorized by K.S.A. 2015 Supp. 65-2905 and 65-2911; implementing K.S.A. 2015 Supp. 65-2912 and 65-2914; effective July 14, 2006; amended July 17, 2009; amended May 13, 2016.)

100-29-18. Dry needling; education and practice requirements. (a) Dry needling shall be performed only by a physical therapist who is competent by education and training to perform dry needling as specified in this regulation. Online study and self-study for dry needling instruction shall not be considered appropriate training.

(b) Each physical therapist who does not obtain dry needling education and training as part of that individual's graduate or postgraduate education shall be required to successfully complete a dry needling course approved by the board in order to perform dry needling. Each dry needling course shall include a practical examination and a written examination.

(c) Each dry needling course shall include the following components:

(1) Anatomical review for safety and effectiveness;

(2) indications and contraindications for dry needling;

(3) evidence-based instruction on the theory of dry needling practice;

(4) sterile needle procedures, which shall include the standards of one of the following:

(A) The U.S. centers for disease control and prevention; or

(B) the U.S. occupational safety and health administration;

(5) blood-borne pathogens;

(6) postintervention care, including an adverse response or emergency; and

(7) an assessment of the physical therapist's dry needling technique and psychomotor skills.

(d) Each dry needling course shall be taught by a licensed healthcare provider who meets the following requirements:

(1) Has a scope of practice that includes dry needling;

(2) meets the regulatory minimum educational standard in that individual's respective state or jurisdiction;

(3) has not been disciplined by any state or jurisdictional licensing agency for any act that would be a violation of the physical therapy practice act or the healing arts act; and

(4) has performed dry needling for at least two years.

(e) Each physical therapist taking a dry needling course shall be required to obtain a passing score on all written and practical examinations given in the dry needling course. Each physical therapist shall obtain a certificate or other documentation from the provider of the dry needling course specifying what anatomical regions were covered in the dry needling course and that the physical therapist passed all examinations.

(f) Each dry needling course shall provide sufficient instruction to ensure that each student is able to demonstrate minimum adequate competency in the following:

(1) Current dry needling techniques;

(2) management of dry needling equipment and supplies;

(3) accurate point selection;

(4) accurate positioning of the patient and the education of the patient regarding the amount of movement allowed while needles are inserted;

(5) supervision and monitoring of the patient during treatment;

(6) communication with the patient, including informed consent; and

(7) clinically appropriate patient selection, including consideration of the following:

(A) The patient's contraindications for dry needling;

(B) the patient's ability to understand the treatment and the expected outcome; and

(C) the patient's ability to comply with treatment requirements.

(g) After completion of a board-approved dry needling course, each physical therapist shall be required to complete 200 patient treatment ses-

sions of dry needling before taking each successive course in dry needling. Each physical therapist shall complete all foundation-level courses before proceeding to an advanced-level course.

(h) Dry needling shall be performed solely for conditions that fall under the physical therapy scope of practice pursuant to K.S.A. 65-2901, and amendments thereto. Each physical therapist performing dry needling shall perform dry needling only in the anatomical region of training completed by the physical therapist. Each physical therapist who performs dry needling shall do so in a manner consistent with generally acceptable standards of practice.

(i) A physical therapist shall not delegate dry needling. (Authorized by K.S.A. 2016 Supp. 65-2911 and 65-2923; implementing K.S.A. 2016 Supp. 65-2901; effective May 12, 2017.)

100-29-19. Dry needling; informed consent. (a) Each physical therapist who performs dry needling shall obtain written informed consent from each patient before performing dry needling on the patient. A separate informed consent shall be required for each anatomical region treated by the physical therapist.

(b) The informed consent shall include the following:

- (1) The patient's signature;
- (2) the risks and benefits of dry needling;
- (3) the diagnosis for which the physical therapist is performing dry needling;
- (4) each anatomical region of training completed by the physical therapist; and
- (5) a statement that the procedure being performed is dry needling as defined by the physical therapy practice act, K.S.A. 65-2901 and amendments thereto.

(c) The informed consent shall be maintained in the patient's treatment record. (Authorized by K.S.A. 2016 Supp. 65-2911; implementing K.S.A. 2016 Supp. 65-2901; effective May 12, 2017.)

100-29-20. Dry needling; recordkeeping. Each physical therapist who performs dry needling shall maintain a specific procedure note in each patient's record for each dry needling session. The procedure note shall include the following for each session:

- (a) The anatomical region treated;
- (b) the manner in which the patient tolerated the treatment; and
- (c) the clinical outcome of the treatment. (Au-

thorized by K.S.A. 2016 Supp. 65-2911; implementing K.S.A. 2016 Supp. 65-2901 and 65-2912; effective May 12, 2017.)

100-29-21. Dry needling; board requests for documentation. Each physical therapist who performs dry needling shall be required to produce documentation demonstrating that the individual meets the requirements of K.A.R. 100-29-18, upon request by the board or a designee of the board. Failure of any physical therapist to provide this documentation shall be deemed prima facie evidence that the physical therapist has engaged in unprofessional conduct. (Authorized by K.S.A. 2016 Supp. 65-2911; implementing K.S.A. 2016 Supp. 65-2901 and 65-2912; effective May 12, 2017.)

(Authorized by K.S.A. 2009 Supp. 65-2012 and K.S.A. 65-2013; implementing K.S.A. 2009 Supp. 65-2012; effective May 1, 1980; amended May 1, 1981; amended May 1, 1983; amended May 1, 1984; amended May 1, 1987; amended April 24, 1989; amended Aug. 21, 1989; amended, T-100-12-28-89, Dec. 28, 1989; amended April 9, 1990; amended Dec. 27, 1993; amended May 1, 1998; amended Aug. 4, 2000; amended, T-100-6-27-02, Aug. 1, 2002; amended Nov. 15, 2002; amended Aug. 13, 2004; amended Aug. 17, 2007; amended, T-100-6-2-09, June 2, 2009; amended Sept. 11, 2009; amended May 21, 2010.)

Article 54.—OCCUPATIONAL THERAPY

100-54-1. Application. (a) Each applicant for licensure as an occupational therapist or occupational therapy assistant shall submit the application on a form provided by the board. The form shall include the following information in legible writing:

- (1) The applicant's full name;
- (2) the applicant's social security number, non-driver identification number, or individual tax identification number if the applicant is advised that providing a social security number is voluntary pursuant to K.S.A. 74-139 and 74-148, and amendments thereto, and that if the social security number is provided, the agency may provide this number to the Kansas department of social and rehabilitation services for child support enforcement purposes and to the Kansas department of revenue's director of taxation;
- (3) the applicant's mailing address. If the applicant's mailing address is different from the applicant's residential address, the applicant shall also provide the residential address;
- (4) the applicant's daytime telephone number;
- (5) the applicant's date and place of birth;
- (6) the names of all educational programs recognized under K.A.R. 100-54-2 that the applicant attended, including the program from which the applicant graduated, the degree awarded to the applicant, and the date of graduation;
- (7) information regarding licenses, registrations, or certifications issued to the applicant to practice any healthcare profession;

(8) information regarding any prior acts that could constitute grounds for denial of the application, as specified in K.S.A. 65-5410 and amendments thereto;

(9) a notarized release authorizing the board to receive any relevant information, files, or records requested by the board in connection with the application; and

(10) certification that the applicant has completed an occupational therapy program or occupational therapy assistant program from a postsecondary school recognized under K.A.R. 100-54-2.

(b) Each applicant shall submit the following with the application:

- (1) The fee required by K.A.R. 100-54-4;
- (2) an official transcript from an educational program recognized by the board under K.A.R. 100-54-2 that specifies the degree awarded to the applicant;
- (3) a verification on a form provided by the board of each license, registration, or certification issued to the applicant by any state or the District of Columbia relating to any healthcare profession;
- (4) a current photograph of the applicant taken within 90 days of the date the application is received by the board; and
- (5) the results of a written examination recognized and approved by the board under K.A.R. 100-54-3, which shall be provided directly to the board from the testing entity.

(c) The applicant shall sign the application under oath and have the application notarized.

(d) The occupational therapist council shall consider every application from persons who have been neither engaged in an educational program recognized by the board nor engaged in the practice of occupational therapy during the five years preceding the date of the application. The council shall then make its recommendation to the board. (Authorized by K.S.A. 65-5405; implementing K.S.A. 65-5404, K.S.A. 65-5406, and K.S.A. 2008 Supp. 65-5410; effective, T-88-17, July 1, 1987; effective May 1, 1988; amended Jan. 15, 1999; amended Sept. 23, 2005; amended Nov. 20, 2009.)

100-54-7. Continuing education; license renewal. (a)(1) Each licensee shall submit evidence of completing at least 40 contact hours of continuing education during the preceding 24 months. Evidence of this attainment shall be submitted before or with the application for renewal in each odd-numbered year.

(2) No evidence of continuing education shall be required for license renewal in even-numbered years.

(b) A licensee initially licensed within one year of a renewal date when evidence of continuing education must be submitted shall not be required to submit evidence of satisfactory completion of a program of continuing education required by paragraph (a)(1) for that first renewal period. Each licensee who was initially licensed or whose license has been reinstated for more than one year but less than two years from a renewal date when continuing education required by paragraph (a)(1) must be submitted shall be required to submit evidence of satisfactory completion of at least 20 contact hours of continuing education.

(c) Any licensee who cannot meet the requirements of paragraph (a)(1) or subsection (b) may request an extension from the board. The request shall include a plan for completion of the continuing education requirements within the requested extension period. An extension of not more than six months may be granted by the board for good cause shown by a substantiated medical condition, natural disaster, death of a spouse or an immediate family member, or any other compelling reason that in the judgment of the board renders the licensee incapable of meeting the requirements of paragraph (a)(1) or subsection (b).

(d) A contact hour shall consist of 60 minutes of instruction, unless otherwise specified in this regulation.

(e) The content of the continuing education classes or literature shall be related to the field of occupational therapy or similar areas.

(f) Each licensee shall acquire continuing education from the classes of education experiences defined in subsection (g). The licensee shall acquire at least 30 contact hours from one or more of the following: class I, class IV, class V, and class VI.

(g) Continuing education experiences shall be classified as follows:

(1) Class I: attendance at or participation in an education presentation. Class I continuing education experiences shall include the following types of education offerings:

(A) Lectures. A “lecture” means a discourse given for instruction before an audience or through a teleconference.

(B) Panels. A “panel” means the presentation of a number of views by several professional individuals on a given subject, with none of the views considered a final solution.

(C) Workshops. A “workshop” means a series of meetings designed for intensive study, work, or discussion in a specific field of interest.

(D) Seminars. A “seminar” means directed advanced study or discussion in a specific field of interest.

(E) Symposiums. A “symposium” means a conference of more than a single session organized for the purpose of discussing a specific subject from various viewpoints and presented by various speakers.

(F) College or university courses. Ten contact hours shall be given for each college credit hour with a grade of at least C or a “pass” in a pass/fail course.

(G) Other courses. An “other course” means a home study, correspondence, or internet course for which the provider of the activity evaluates the licensee’s knowledge of the subject matter presented in the continuing education activity. A maximum of 20 contact hours may be acquired from other courses.

(2) Class II: in-service training. “In-service training” means training that is given to employees during the course of employment. A maximum of four contact hours may be given for attending an in-service training session. A maximum of four contact hours may be given for instructing an in-service training session, but no additional hours shall be acquired for attending that particular in-service training session or for any subsequent instruction on the same subject matter. A maximum of eight contact hours may be acquired from class II.

(3) Class III: professional reading. “Professional reading” means reading professional literature, whether printed or provided by audiotapes, videotapes, or electronic media. A maximum of two contact hours may be acquired from class III.

(4) Class IV: professional publication. The maximum number of contact hours that may be given for professional publication shall be as follows:

(A) 30 hours for publication of a book or original paper; and

(B) 15 hours for a review paper, case report, abstract, or book review.

(5) Class V: instructor preparation of class I programs. Any licensee who presents a class I continuing education program or its equivalent may receive three class V contact hours for each hour of presentation. No credit shall be granted for any subsequent presentations on the same subject matter. A maximum of 30 contact hours may be acquired from class V.

(6) Class VI: fieldwork supervision of level II students. One contact hour per week may be given for supervising a level II student's full-time fieldwork. "Full-time fieldwork" shall mean at least 35 hours per week. A maximum of 24 contact hours may be acquired from class VI.

(h) Each licensee shall submit documented evidence of attendance at, participation in, or presentation to class I and class II continuing education activities. Each licensee shall submit personal verification for class III activities. Copies of publications shall be submitted for verification of class IV activities. Verification of class VI fieldwork supervision shall be submitted by the licensee's employer.

(i) Instructional staff shall be competent in the subject matter and in the methodology of instruction and learning processes as evidenced by experience, education, or publication. (Authorized by K.S.A. 65-5405; implementing K.S.A. 2013 Supp. 65-5412; effective, T-88-17, July 1, 1987; effective May 1, 1988; amended Feb. 14, 1997; amended Nov. 21, 2003; amended July 6, 2007; amended May 13, 2016.)

100-54-8. Continuing education; expired, canceled, and revoked licenses. (a) If the license has expired but has not been canceled, no continuing education shall be required in addition to the continuing education that would have been necessary if the license had been renewed before its expiration.

(b) Each applicant who wishes to reinstate a license that has been canceled shall submit proof of continuing education as follows:

(1) If the applicant has continuously held an active license in another state or the District of Columbia since the date on which the Kansas license was canceled or the applicant currently holds a license that has been active for at least two years in any state that has licensing and continuing education requirements at least as strict as those of Kansas, the applicant shall submit proof of the applicant's current license, registration, or certification from that jurisdiction.

(2) If the time since the license was canceled has been one year or less, no continuing education in addition to the continuing education that would have been necessary if the license had been renewed before cancellation shall be required.

(3) If the time since the license was canceled has been more than one year but less than two years, the applicant shall complete a minimum of 20 contact hours.

(4) If the time since the license was canceled has been at least two years but less than three years, the applicant shall complete 40 contact hours.

(5) If the time since the license was canceled has been at least three years or the applicant has not held an active license in another state that has licensing and continuing education requirements at least as strict as those of Kansas, the applicant shall complete an educational program related to continued competency based on a written recommendation by the occupational therapist council and approved by the board.

(c) An occupational therapist or an occupational therapy assistant whose license has been reinstated within one year of a renewal date when evidence of continuing education must be submitted shall not be required to submit evidence of satisfactory completion of a program of continuing education for that first renewal period. Each licensee whose license has been reinstated for more than one year but less than two years from a renewal date when continuing education must be submitted shall be required to submit evidence of satisfactory completion of at least 20 contact hours of continuing education.

(d) Each applicant seeking reinstatement of a revoked license shall be required to successfully complete a program approved by the board. (Authorized by K.S.A. 65-5405; implementing K.S.A. 2008 Supp. 65-5412; effective, T-88-17, July 1, 1987; effective May 1, 1988; amended Jan. 15, 1999; amended Nov. 21, 2003; amended Sept. 23, 2005; amended July 6, 2007; amended Nov. 20, 2009.)

100-54-12. Supervision of occupational therapy assistants. (a) For the purposes of this regulation, each of the following terms shall have the meaning specified in this subsection:

(1) "Full-time" means employed for 30 or more hours per week.

(2) "Supervision" means oversight of an occupational therapy assistant by a licensed occupational therapist that includes initial direction and periodic review of service delivery and the provision of relevant instruction and training.

(b) Supervision shall be considered adequate if the occupational therapist and occupational therapy assistant have on-site contact at least monthly and interim contact occurring as needed by other means, including telephone, electronic mail, text messaging, and written communication.

(c) Each occupational therapist who supervises an occupational therapy assistant shall meet the following requirements:

- (1) Be licensed in Kansas;
- (2) be actively engaged in the practice of occupational therapy in Kansas;
- (3) be responsible for the services and tasks performed by the occupational therapy assistant under the supervision of the occupational therapist;
- (4) be responsible for any tasks that the supervised occupational therapy assistant delegates to an occupational therapy aide, occupational therapy technician, or occupational therapy paraprofessional;
- (5) delegate only those services for which the occupational therapist has reasonable knowledge that the occupational therapy assistant has the knowledge, experience, training, and skill to perform;
- (6) document in the patient's chart any direction or review of occupational therapy services provided under supervision by the occupational therapy assistant; and
- (7) report to the board any knowledge that the occupational therapy assistant has committed any act specified in K.S.A. 65-5410, and amendments thereto. The occupational therapist shall report this information to the board within 10 days of receiving notice of the information.

(d) An occupational therapist shall not supervise more than the combined equivalent of four full-time occupational therapy assistants. This combination shall not exceed a total of eight occupational therapy assistants.

(e) Each occupational therapist's decision to delegate components of occupational therapy services under this regulation to an occupational therapy assistant shall be based on that occupational therapist's education, expertise, and professional judgment.

(f) An occupational therapy assistant shall not initiate therapy for any patient or client before the supervising occupational therapist's evaluation of the patient or client.

(g) An occupational therapy assistant shall not perform any of the following services for a patient or client:

- (1) Performing and documenting an initial evaluation;
- (2) developing or modifying the treatment plan; or
- (3) developing a plan of discharge from treatment.

(h) Any occupational therapy assistant, under supervision, may perform the following services for a patient or client:

- (1) Collecting initial patient data through screening and interviewing;
- (2) assessing initial activities of daily living by administering standardized assessments;
- (3) performing a chart review;
- (4) implementing and coordinating occupational therapy interventions;
- (5) providing direct services that follow a documented routine and accepted protocol;
- (6) grading and adapting activities, media, or the environment according to the needs of the patient or client;
- (7) contributing to the reassessment process; and
- (8) contributing to the discontinuation of intervention, as directed by the occupational therapist, by implementing a discharge plan and providing necessary client discharge resources.

(i) Failure by any occupational therapist or occupational therapy assistant to meet the applicable requirements of this regulation shall constitute evidence of unprofessional conduct. (Authorized by K.S.A. 65-5405; implementing K.S.A. 2015 Supp. 65-5402 and 65-5410; effective May 13, 2016.)

Article 55.—RESPIRATORY THERAPY

100-55-1. Application. (a) Each applicant for licensure as a respiratory therapist shall submit a completed application on a form provided by the board. The application shall contain the following information in legible writing:

- (1) The applicant's full name;
- (2) the applicant's mailing address. If the applicant's mailing address is different from the applicant's residential address, the applicant shall also provide the residential address;
- (3) the applicant's social security number, driver's license number, nondriver identification number, or individual tax identification number if the applicant is advised that providing a social security number is voluntary pursuant to K.S.A. 74-139 and 74-148, and amendments thereto, and that if the social security number is provided, the agency may provide this number to the Kansas department of social and rehabilitation services for child support enforcement purposes and to the Kansas department of revenue's director of taxation;
- (4) information on any licenses, registrations, or certifications issued to the applicant to practice any health care profession;

(5) information on any prior acts constituting unprofessional conduct, as defined in K.A.R. 100-55-5, that could constitute grounds for denial of the application;

(6) the applicant's daytime telephone number;

(7) the applicant's date and place of birth;

(8) the name of each educational program recognized under K.A.R. 100-55-2 that the applicant attended, including the program from which the applicant graduated, the degree awarded to the applicant, and the date of graduation;

(9) the number of times the applicant has taken the examination required by the board for licensure and the date that the applicant passed the examination; and

(10) a notarized release authorizing the board to receive any relevant information, files, or records requested by the board in connection with the application.

(b) Each applicant shall submit the following with the application:

(1) The fee required by K.A.R. 100-55-4;

(2) an official transcript that specifies the degree awarded from an educational program recognized by the board under K.A.R. 100-55-2;

(3) a verification on a form provided by the board of each license, registration, or certification issued to the applicant by any state or the District of Columbia relating to any health care profession;

(4) a current photograph, two by three inches in size, of the applicant's head and shoulders taken within 90 days before the date the application is received by the board; and

(5) evidence provided directly to the board from the testing entity recognized and approved under K.A.R. 100-55-3 that the applicant has passed the examination.

(c) The applicant shall sign the application under oath and have the application notarized. (Authorized by K.S.A. 65-5505; implementing K.S.A. 65-5506; effective, T-88-17, July 1, 1987; effective May 1, 1988; amended Jan. 3, 1997; amended June 30, 2000; amended June 4, 2010.)

100-55-7. Continuing education; license renewal. (a) Each licensee shall submit documented evidence of completion of at least 12 contact hours of continuing education since April 1 of the previous year, before or with the request for renewal.

(b) Any licensee who suffered an illness or injury that made it impossible or extremely difficult to reasonably obtain the required contact

hours may be granted an extension of not more than six months.

(c) Each respiratory therapist initially licensed after September 30 and before the following March 31 shall be exempt from the continuing education required by subsection (a) for the first renewal period.

(d) A contact hour shall be 50 minutes of instruction or its equivalent.

(e) The purpose of continuing education shall be to provide evidence of continued competency in the advancing art and science of respiratory therapy. All program objectives, curricular content, presenter qualifications, and outcomes shall be subject to review. Contact hours shall be determined based on program content, outcomes, and participant involvement.

(f) Continuing education shall be acquired from the following:

(1) Offerings approved by the American association of respiratory care. Any licensee may obtain all contact hours from any continuing education offerings approved by the American association of respiratory care and its state affiliates, subject to the limitations specified in paragraphs (f)(2) through (f)(8).

(2) Seminars and symposiums. At least six contact hours shall be obtained each reporting year from seminars or symposiums that provide for direct interaction between the speakers and the participants. A seminar shall mean directed advanced study or discussion in a specific field of interest. A symposium shall mean a conference of more than a single session organized for the purpose of discussing a specific subject from various viewpoints and by various speakers.

(3) Nontraditional or alternative educational programs. A nontraditional or alternative educational program shall be defined as one that is not presented in the typical conference setting. Educational programs may be provided by any print medium or presented through the internet or other electronic medium. The licensee shall submit proof of successful completion of a test administered as part of the nontraditional or alternative educational program. A maximum of six contact hours each reporting year may be obtained from nontraditional or alternative educational programs.

(4) Clinical instruction. Clinical instruction shall mean the education and evaluation of a respiratory therapy student in the clinical setting. A maximum of three contact hours may be given for clinical instruction.

(5) Presentations of a seminar or a nontraditional or alternative program. Each licensee who presents a continuing education seminar or a nontraditional or alternative educational program shall receive two contact hours for each hour of presentation. No credit shall be granted for any subsequent presentations on the same subject content.

(6) Academic coursework. Successful completion of academic coursework shall mean obtaining a grade of at least C or the equivalent in any courses on respiratory care or other health-related field of study in a bachelor's degree program or higher educational degree program. One credit hour of academic coursework shall be equal to one contact hour of continuing education. A maximum of six contact hours may be obtained through academic coursework each reporting year.

(7) Advanced lifesaving courses. Contact hours shall be restricted to first-time attendees of advanced lifesaving courses and the associated instructor courses. Advanced lifesaving courses shall include neonatal resuscitation provider (NRP), pediatric advanced life support (PALS), neonatal advanced life support (NALS), and advanced cardiac life support (ACLS).

(8) Voluntary recredentialing. Each licensee who completes voluntary recredentialing shall receive the number of contact hours approved by the American association for respiratory care.

(g) The following shall not be eligible for continuing education credit:

(1) Learning activities in the work setting designed to assist the individual in fulfilling employer requirements, including in-service education and on-the-job training; and

(2) basic life support courses and cardiopulmonary resuscitation courses. (Authorized by K.S.A. 65-5505; implementing K.S.A. 2008 Supp. 65-5512; effective, T-88-17, July 1, 1987; effective May 1, 1988; amended Jan. 3, 1997; amended June 30, 2000; amended July 17, 2009; amended May 21, 2010.)

100-55-9. Special permits. (a) Each student who holds a special permit shall be identified as a student respiratory therapist or "student R.T." by a name tag that includes the student's job title.

(b) A special permit shall be valid for a period not to exceed 24 months and shall not be extended without additional proof that the student continues to be enrolled in an approved school of respiratory therapy.

(c) During February of each year, each student who holds a special permit shall provide the following to the board:

(1) Verification of current enrollment in an approved school of respiratory therapy; and

(2) a statement of the anticipated graduation date.

(d) Each special permit issued to a student who fails to meet the requirements under subsection (c) shall expire on March 31 of the year in which the verification and statement were to be provided.

(e) Each applicant for a special permit shall have a task proficiency list verified and submitted directly to the board by the school of respiratory therapy. The task proficiency list may be updated at the end of each session by the school of respiratory therapy. Each holder of a special permit shall perform only those tasks verified on the most recent task proficiency list that has been submitted directly to the board.

(f) Before engaging in any clinical assignments, each holder of a special permit shall present the current task proficiency list to the employer.

(g) Each licensed respiratory therapist responsible for the supervision of a student holding a special permit shall meet the requirements for supervision specified in K.A.R. 100-55-11(d). (Authorized by K.S.A. 65-5505; implementing K.S.A. 65-5508; effective Jan. 3, 1997; amended June 30, 2000; amended May 23, 2003; amended May 15, 2009.)

Article 69.—ATHLETIC TRAINING

100-69-7. Unprofessional conduct; definitions. (a) "Unprofessional conduct" shall mean any of the following:

(1) Soliciting patients through the use of false advertisements or profiting by the acts of those representing themselves to be agents of the licensee;

(2) representing to a patient that a manifestly incurable disease, condition, or injury can be permanently cured;

(3) assisting in the care or treatment of a patient without the consent of the patient or the patient's legal representative;

(4) using any letters, words, or terms as an affix on stationery or in advertisements or otherwise indicating that the person is entitled to practice any profession regulated by the board or any other state licensing board or agency for which the person is not licensed;

- (5) willful betrayal of confidential information;
- (6) advertising professional superiority or the performance of professional services in a superior manner;
- (7) advertising to guarantee any professional service or to perform any professional service painlessly;
- (8) engaging in conduct related to the practice of athletic training that is likely to deceive, defraud, or harm the public;
- (9) making a false or misleading statement regarding the licensee's skill or the efficacy or value of the treatment or remedy prescribed by the licensee or at the licensee's direction;
- (10) commission of any act of sexual abuse, misconduct, or other improper sexual contact that exploits the licensee-patient relationship, with a patient or a person responsible for health care decisions concerning the patient;
- (11) using any false, fraudulent, or deceptive statement in any document connected with the practice of athletic training, including the intentional falsifying or fraudulent altering of a patient record;
- (12) obtaining any fee by fraud, deceit, or misrepresentation;
- (13) failing to transfer a patient's records to another licensee when requested to do so by the patient or by the patient's legally designated representative;
- (14) performing any unnecessary tests, examinations, or services that have no legitimate purpose;
- (15) charging an excessive fee for services rendered;
- (16) repeated failure to engage in the practice of athletic training with that level of care, skill, and treatment that is recognized by a reasonably prudent similar practitioner as being acceptable under similar conditions and circumstances;
- (17) failure to keep written medical records that accurately describe the services rendered to each patient, including patient histories, pertinent findings, examination results, and test results;
- (18) providing services as an athletic trainer without practice protocols or contrary to the practice protocols filed with the board;
- (19) practicing athletic training while the licensee's ability to practice with reasonable skill and safety to patients is impaired by reason of physical or mental illness or the use of alcohol, drugs, or controlled substances;
- (20) committing fraud or misrepresentation in applying for or securing an original, renewal, or reinstated license;
- (21) willfully or repeatedly violating the healing arts act, any implementing regulations, or any regulations of the board or the secretary of health and environment that govern the practice of athletic training;
- (22) unlawfully practicing any profession regulated by the board in which the licensed athletic trainer is not licensed to practice;
- (23) failing to report or reveal the knowledge required to be reported or revealed pursuant to K.S.A. 65-7621, and amendments thereto;
- (24) failing to furnish the board, or its investigators or representatives, any information legally requested by the board;
- (25) incurring any sanction or disciplinary action by a peer review committee, a governmental agency or department, or a professional association or society for conduct that could constitute grounds for disciplinary action under the act or this article of the board's regulations;
- (26) knowingly submitting any misleading, deceptive, untrue, or fraudulent representation on a claim form, bill, or statement;
- (27) giving a worthless check or stopping payment on a debit or credit card for fees or moneys legally due to the board;
- (28) knowingly or negligently abandoning medical records;
- (29) engaging in conduct that violates patient trust and exploits the licensee-patient relationship for personal gain; or
- (30) obstructing a board investigation, including engaging in one or more of the following acts:
 - (A) Falsifying or concealing a material fact;
 - (B) knowingly making or causing to be made any false or misleading statement or writing; or
 - (C) committing any other acts or engaging in conduct likely to deceive or defraud the board.
- (b) "Advertisement" shall mean all representations disseminated in any manner or by any means that are for the purpose of inducing or that are likely to induce, directly or indirectly, the purchase of professional services.
- (c) "False advertisement" shall mean any advertisement that is false, misleading, or deceptive in a material respect. In determining whether any advertisement is misleading, the following shall be taken into account:
 - (1) Representations made or suggested by statement, word, design, device, or sound, or any combination of these; and
 - (2) the extent to which the advertisement fails to reveal facts material in the light of the repre-

sentations made. (Authorized by and implementing K.S.A. 65-6905 and K.S.A. 65-6911; effective July 19, 1996; amended Sept. 9, 2005; amended Jan. 10, 2020.)

100-69-10. License renewal; continuing education. (a) As a condition of renewal, each licensed athletic trainer shall submit, in addition to the annual application for renewal of licensure, evidence of satisfactory completion of at least 20 hours of continuing education within the preceding year and proof of continuous certification in emergency cardiac care procedures including administration of an automated external defibrillator (AED) through a nationally recognized provider approved by the board. Each course approved by the board of certification for the athletic trainer shall meet this requirement.

(1) Acceptable providers of certification in emergency cardiac care (ECC) procedures shall be those adhering to the most current international guidelines for cardiopulmonary resuscitation and emergency cardiac care.

(2) Online ECC courses shall not be accepted, unless the provider confirms in writing that the skills were demonstrated and tested in person by a qualified instructor.

(3) Instructor certifications shall not be accepted, unless the provider confirms in writing that the instructors are required to maintain and successfully demonstrate provider skills to renew instructor status.

(b) Any licensee who suffered an illness or injury during the 12-month period before the expiration date of the license that made it impossible or extremely difficult to reasonably obtain the required continuing education hours may be granted an extension of not more than six months.

(c) Each athletic trainer initially licensed within one year of the expiration date of the license shall be exempt from the continuing education required by subsection (a) for that first renewal period.

(d) All continuing education shall be related to the field of athletic training and shall be presented by providers approved by the board. In order to qualify as board-approved, the continuing education shall be delivered by an approved provider or shall be intended for an audience of credentialed health care providers. The content shall be at least entry-level and shall pertain to one of the current domains of athletic training practice identified by the board. The current domains of athletic train-

ing practice identified by the board of certification of athletic trainers shall meet this requirement.

(e) One hour shall be 60 minutes of instruction or the equivalent.

(f) All continuing education shall meet the requirements of subsection (h).

(g) Each licensee seeking continuing education credit shall participate in at least two of the categories listed in subsection (h).

(h) The categories of continuing education experiences shall be the following:

(1) Category A. The number of hours for all category A continuing education experiences shall be granted upon receipt of documented evidence of attendance or documented evidence of satisfactory completion issued by a national, state, or local organization with standards that are at least as stringent as the standards of the board. Category A continuing education experiences shall include the following:

(A) Symposium. "Symposium" shall mean a conference of more than a single session organized for the purpose of discussing a specific subject from various viewpoints and by various speakers.

(B) Seminar. "Seminar" shall mean directed advanced study or discussion in a specific field of interest.

(C) Workshop. "Workshop" shall mean a series of meetings designed for intensive study, work, or discussion in a specific field of interest.

(D) Conference. "Conference" shall mean a formal meeting of a number of people for a discussion in a specific field of interest.

(E) Home study course. "Home study course" shall mean an online webinar course designed for advanced study in a specific field of interest.

(2) Category B. Category B continuing education experiences shall include the following:

(A) Scholarly presentations. The number of hours granted for scholarly presentations shall be the following:

(i) 10 hours for a speaker at a clinical symposium where the primary audience is allied health care professionals; and

(ii) five hours for a speaker at a seminar, workshop, or conference where the primary audience is allied health care professionals.

(B) Publication activities. The number of hours granted for writing a professional publication shall be the following:

(i) Five hours to author an article in a non-refereed journal;

(ii) 15 hours to author an article in a refereed journal;

(iii) 10 hours to coauthor an article in a refereed journal;

(iv) 20 hours to author a published textbook;

(v) 10 hours to coauthor a published textbook;

(vi) five hours for being a contributing author of a published textbook;

(vii) 10 hours to author a refereed or peer-reviewed poster presentation; and

(viii) five hours to coauthor a poster presentation.

(3) Category C. Category C continuing education experiences shall consist of postcertification education. The number of hours assigned to category C continuing education experiences shall be 10 hours for each credit hour for postcertification education. The content shall be related to one of the domains of athletic training.

(4) Category D. Category D continuing education experiences shall consist of miscellaneous activities, which shall include evidence-based practice. The number of hours granted upon receipt of documented evidence of satisfactory completion for Category D continuing education experiences shall be the following:

(A) One hour shall be granted for each hour of attendance at continuing education program activities that are not approved by the board for category A or category B, but that are related to specific athletic training and sports medicine topics.

(B) One hour shall be granted for each hour of listening to unapproved continuing education programs or other multimedia products related to one of the domains of athletic training. No more than five hours per renewal period shall be allowed.

(i) No credit shall be granted for making any repeated presentations of the same subject matter.

(j) No credit shall be granted for reiteration of material or information obtained from attendance at a continuing education program.

(k) To provide evidence of satisfactory completion of continuing education, the following shall be submitted to the board:

(1) Documented evidence of attendance at category A and category D activities;

(2) proof of participation in category B activities, which shall include a copy of any professional publication or documentation of any presentation;

(3) receipt and verification of completion of approved self-instruction from home study courses;

(4) a copy of each transcript or grade report for category C activities; and

(5) personal verification of listening to or viewing continuing education program videotapes, audiotapes, or other multimedia products, as described in paragraph (h)(4)(B). (Authorized by K.S.A. 65-6905; implementing K.S.A. 65-6905 and 65-6909; effective Jan. 9, 1998; amended Nov. 15, 2002; amended Sept. 9, 2005; amended May 15, 2009; amended Jan. 10, 2020.)

100-69-12. Application. (a) Each applicant for licensure as an athletic trainer shall submit a completed application on a form provided by the board. The application shall include the following information in legible writing:

(1) The applicant's full name;

(2) the applicant's mailing address. If the applicant's mailing address is different from the applicant's residential address, the applicant shall also provide the residential address;

(3) the applicant's social security number, driver's license number, nondriver identification number, or individual tax identification number if the applicant is advised that providing a social security number is voluntary pursuant to K.S.A. 74-139 and 74-148, and amendments thereto, and that if the social security number is provided, the agency may provide this number to the Kansas department of social and rehabilitation services for child support enforcement purposes and to the Kansas department of revenue's director of taxation;

(4) information on any licenses, registrations, or certifications issued to the applicant to practice any health care profession;

(5) information on any prior acts constituting unprofessional conduct, as defined in K.A.R. 100-69-7, that could constitute grounds for denial of the application;

(6) the applicant's daytime telephone number;

(7) the applicant's date and place of birth;

(8) the name of each educational program recognized under K.A.R. 100-69-1 that the applicant attended, including the program from which the applicant graduated, the degree awarded to the applicant, and the date of graduation;

(9) the number of times the applicant has taken the examination required by the board for licensure and the date that the applicant passed the examination; and

(10) a notarized release authorizing the board to receive any relevant information, files, or records requested by the board in connection with the application.

(b) Each applicant shall submit the following with the application:

- (1) The fee required by K.A.R. 100-69-5;
- (2) an official transcript that specifies the degree awarded from an educational program recognized by the board under K.A.R. 100-69-1;
- (3) a verification on a form provided by the board of each license, registration, or certification issued to the applicant by any state or the District of Columbia relating to any health care profession;
- (4) a current photograph, two by three inches in size, of the applicant's head and shoulders taken within 90 days before the date the application is received by the board; and
- (5) evidence provided directly to the board from the testing entity recognized and approved under K.A.R. 100-69-3 that the applicant has passed the examination.

(c) The applicant shall sign the application under oath and have the application notarized. (Authorized by K.S.A. 2008 Supp. 65-6905; implementing K.S.A. 2008 Supp. 65-6906; effective June 4, 2010.)

(6) the names of all educational programs recognized under K.A.R. 100-72-4 that the applicant attended, including the program from which the applicant graduated, the degree awarded to the applicant, and the date of graduation;

(7) notarized certification that the applicant has completed a program in naturopathy from a postsecondary school recognized under K.A.R. 100-72-4;

(8) the issue date; state, territory, the District of Columbia, or other country of issuance; and the identifying number on any license, registration, or certification issued to the applicant to practice any health care profession;

(9) documentation of any prior acts constituting unprofessional conduct as defined in K.S.A. 65-7208, and amendments thereto, and K.A.R. 100-72-3;

(10) the number of times the applicant has taken the examination required by the board for licensure and the date the applicant passed the examination; and

(11) a notarized release authorizing the board to receive any relevant information, files, or records requested by the board in connection with the application.

(b) Each applicant shall submit the following with the application:

(1) The fee required by K.A.R. 100-72-1;

(2) an official transcript for the applicant from an educational program approved by the board, as provided in K.A.R. 100-72-4, that specifies the degree awarded to the applicant;

(3) a verification from each state, country, territory, or the District of Columbia where the applicant has been issued any license, registration, or certification to practice any health care profession;

(4) a photograph of the applicant measuring two inches by three inches and showing the head

and shoulder areas only. The photograph shall be taken within 90 days before the date of application; and

(5) evidence provided directly to the board from the testing entity recognized and approved under K.A.R. 100-72-5 that the applicant has passed the examination.

(c) The applicant shall sign the application under oath and shall have the application notarized. (Authorized by K.S.A. 65-7203; implementing K.S.A. 65-7203, 65-7204, and K.S.A. 2008 Supp. 65-7208; effective, T-100-1-2-03, Jan. 2, 2003; effective May 23, 2003; amended June 4, 2010.)

100-72-7. Registration renewals; continuing education. (a) Each registration initially issued or renewed by the board on or after January 1, 2009 and through December 31, 2009 shall expire on December 31, 2010.

(b) Each registration initially issued or renewed by the board on or after January 1, 2010 shall expire on December 31 of the year of issuance.

(c) Each registered naturopath who wishes to renew the registration shall meet the following requirements:

(1) Submit an application for renewal of registration and the registration renewal fee; and

(2) for the second and each subsequent renewal and for each renewal after reinstatement, submit evidence of satisfactory completion of at least 50 hours of continuing education since the registration was last renewed or was reinstated, whichever is more recent. At least 20 of these hours shall be taken in a professionally supervised setting, and not more than 30 of these hours may be taken in a non-supervised setting.

(d) Continuing education activities shall be designed to maintain, develop, or increase the knowledge, skills, and professional performance of persons registered to practice as a naturopathic doctor. All continuing education shall deal primarily with the practice of naturopathy. Each continuing education activity that occurs in a professionally supervised setting shall be presented by a provider.

(e) One hour shall mean 60 minutes of instruction or the equivalent.

(f) The content of each continuing education activity shall have a direct bearing on patient care.

(g) An activity occurring in a "professionally supervised setting" shall mean any of the following:

(1) Lecture, which means a discourse given before an audience for instruction;

(2) panel discussion, which means the presentation of a number of views by several professional individuals on a given subject;

(3) workshop, which means a series of meetings designed for intensive study, work, or discussion in a specific field of interest;

(4) seminar, which means directed, advanced study or discussion in a specific field of interest;

(5) symposium, which means a conference that consists of more than a single session and is organized for the purpose of discussing a specific subject from various viewpoints and by various speakers; or

(6) other structured, interactive, and formal learning methods approved by the board on a case-by-case basis.

(h) An activity occurring in a "non-supervised setting" shall mean any of the following:

(1) Teaching health-related courses to practicing naturopathic doctors or other health professionals;

(2) presenting a scientific paper to an audience of health professionals, or publishing a scientific paper in a medical or naturopathic journal;

(3) engaging in self-instruction, including journal reading and the use of television and other audiovisual materials;

(4) receiving instruction from a medical or naturopathic consultant;

(5) participating in programs concerned with review and evaluation of patient care;

(6) spending time in a self-assessment examination, not including examinations and quizzes published in journals; or

(7) engaging in meritorious learning experiences that provide a unique educational benefit to the registrant.

(i) To provide evidence of satisfactory completion of continuing education, each registrant shall submit the following to the board, as applicable:

(1) Documented evidence of attendance at each activity occurring in a professionally supervised setting; and

(2) proof of participation in each activity occurring in a non-supervised setting, which shall include a copy of any professional publication, the certification of a teaching activity, or the personal verification of any other activity occurring in a non-supervised setting. (Authorized by K.S.A. 65-7203; implementing K.S.A. 2007 Supp. 65-7209; effective, T-100-1-2-03, Jan. 2, 2003; effective Nov. 14, 2003; amended March 27, 2009.)

(Authorized by K.S.A. 2017 Supp. 65-7615; implementing K.S.A. 2017 Supp. 65-7611; effective, T-100-9-21-17, Sept. 21, 2017; effective Jan. 12, 2018.)

100-76-2. Licensure by examination.

Each applicant for licensure by examination shall provide the following or the substantial equivalent of the following as determined by the board:

(a) Documentation of successful completion of the certification examination offered by the NCCAOM or an entity with standards equivalent to the standards of NCCAOM at the time the applicant completed the examination as determined by the board. The certification examination shall include the following components:

- (1) Foundations of oriental medicine;
- (2) acupuncture with point location; and
- (3) biomedicine, except that the biomedicine component of the examination shall not be required for any applicant who completed the NCCAOM certification, or its equivalent, before 2005; and

(b) a copy of a clean needle technique (CNT) certificate from the council of colleges of acupuncture and oriental medicine (CCAOM) or NCCAOM. (Authorized by K.S.A. 2017 Supp. 65-7615; implementing K.S.A. 2017 Supp. 65-7606; effective, T-100-9-21-17, Sept. 21, 2017; effective Jan. 12, 2018; amended March 8, 2019.)

100-76-3. Waiver of examination and education. (a) Pursuant to K.S.A. 2017 Supp. 65-7608 and amendments thereto, certain license

prerequisites for education and examination shall be waived by the board for each applicant who submits an application on or before January 1, 2018 and provides the following:

(1) Proof that the applicant has completed at least 1,350 hours of curriculum-based study, an approved apprenticeship, or a tutorial program, or a combination of these, excluding on-line study, in the field of acupuncture. Proof of hours may be shown by successful completion of a curriculum-based program, an approved apprenticeship, or a tutorial program, or a combination of these, that meets the standards of the NCCAOM or any entity determined by the board to be the equivalent of the NCCAOM. To demonstrate successful completion of the requirements, the applicant shall submit the following:

(A)(i) Evidence that the apprenticeship preceptor either is licensed as an acupuncturist in the state in which the individual practices acupuncture or is a diplomate of acupuncture; and

(ii) a copy of the notes, records, or other documentation maintained by the preceptor conducting the apprenticeship or tutorial program providing evidence of the educational materials used in the apprenticeship and documenting the number of hours taught and the subjects covered; or

(B) an official school transcript;

(2) evidence of a current clean needle technique (CNT) certificate obtained from the CCAOM, NCCAOM, or any entity determined to be the equivalent by the board; and

(3) proof that the applicant has been engaged in the practice of acupuncture and has had at least 1,500 patient visits in three of the last five years. The applicant shall provide any of the following for the board's review:

(A) Affidavits from at least two people who have practiced acupuncture with the applicant, including office partners, clinic supervisors, and any other individuals approved by the board;

(B) a copy of each continuing education certificate obtained within the last three years;

(C) a copy of the applicant's patient appointment books; or

(D) a copy of the applicant's patient charts.

(b) Each applicant shall provide any additional documentation requested by the board. (Authorized by K.S.A. 2017 Supp. 65-7608 and 65-7615; implementing K.S.A. 2017 Supp. 65-7608; effective, T-100-9-21-17, Sept. 21, 2017; effective Jan. 12, 2018.)

100-76-4. Exempt license; description of professional activities. (a) Each person applying for an exempt license shall specify on the application all professional activities related to the practice of acupuncture that the person will perform if issued an exempt license.

(b) The professional activities performed by each individual holding an exempt license shall be limited to the following:

(1) Performing administrative functions, including peer review, utilization review, and expert opinions; and

(2) providing direct patient care services gratuitously or providing supervision, direction, or consultation for no compensation. Nothing in this subsection shall prohibit an exempt license holder from receiving payment for subsistence allowances or actual and necessary expenses incurred in providing these services.

(c) Each person holding an exempt license shall, at the time of license renewal, specify on the renewal application all professional activities related to the practice of acupuncture that the person will perform during the renewal period.

(d) Each person who requests modification of the professional activities on that person's application or renewal application for an exempt license shall notify the board of the modification within 30 days. The request for modification shall be submitted on a form provided by the board.

(e) Each licensed acupuncturist who has held an exempt license for less than two years and requests an active license designation shall submit evidence of satisfactory completion of at least 15 contact hours of continuing education within the preceding one-year period, as specified in K.A.R. 100-76-6.

(f) Each violation of subsection (a), (c), or (d) shall constitute prima facie evidence of unprofessional conduct pursuant to K.S.A. 2017 Supp. 65-7616, and amendments thereto. (Authorized by K.S.A. 2017 Supp. 65-7615; implementing K.S.A. 2017 Supp. 65-7609 and 65-7616; effective, T-100-9-21-17, Sept. 21, 2017; effective Jan. 12, 2018.)

100-76-5. Professional liability insurance; active license. (a) Each person applying for an active license in acupuncture shall submit to the board, with the application, evidence that the person has obtained the professional liability insurance coverage required by K.S.A. 2017 Supp. 65-7609, and amendments thereto, for which the

limit of the insurer's liability is at least \$200,000 per claim, subject to an annual aggregate of at least \$600,000 for all claims made during the period of coverage.

(b) Each licensed acupuncturist with an active license designation shall submit to the board, with the annual application for license renewal, evidence that the licensee has continuously maintained and currently holds the professional liability insurance coverage specified in subsection (a).

(c) Each licensed acupuncturist who submits an application for change of designation to active license designation shall submit to the board, with the application, evidence that the licensee currently holds the professional liability insurance coverage specified in subsection (a). (Authorized by K.S.A. 2017 Supp. 65-7609 and 65-7615; implementing K.S.A. 2017 Supp. 65-7609; effective, T-100-9-21-17, Sept. 21, 2017; effective Jan. 12, 2018.)

100-76-6. Continuing education. (a) As a condition of renewal, each licensed acupuncturist shall submit evidence of satisfactory completion within the preceding one-year period of at least 15 contact hours of continuing education for a licensed acupuncturist, in addition to the annual application for renewal of licensure, except as specified in subsection (b).

(b) An individual initially licensed less than 12 months before the renewal date shall not be required to submit the evidence of satisfactory completion of continuing education required by subsection (a) for the first renewal period.

(c) Proof of completion of 15 contact hours of approved continuing education related to the practice of acupuncture, as defined in K.S.A. 2017 Supp. 65-7602 and amendments thereto, may be requested by the board.

(d) A contact hour shall consist of 50 minutes of instruction pertaining to the practice of acupuncture. Meals and breaks shall not be included in the calculation of contact hours.

(e) Each licensed acupuncturist shall maintain evidence of satisfactory completion of all continuing education activities for at least five years. Copies of this documentation may be required by the board at any time. This documentation shall consist of the following:

(1) Documented evidence of any attendance at or successful completion of continuing education activities; and

(2) personal verification of any self-instruction from reading professional literature.

(f) All continuing education activities shall be related to the practice of acupuncture and shall pertain to the following:

- (1) Acupuncture clinical skills;
- (2) acupuncture techniques;
- (3) educational principles when providing service to patients, families, health professionals, health professional students, or the community;
- (4) health care and the health care delivery system; and
- (5) problem solving, critical thinking, medical recordkeeping, and ethics.

(g) Any applicant for renewal who cannot meet the requirements of subsection (a) may request an extension from the board to submit evidence of continuing education. Each request shall include a plan for completing the continuing education requirements within the requested extension period. An extension of not more than six months may be granted by the board for a substantiated medical condition, natural disaster, death of a spouse or an immediate family member, or any other compelling reason that in the judgment of the board renders the licensee incapable of meeting the requirements of subsection (a).

(h) Continuing education shall be acquired from any of the following:

(1) Offerings approved by the national certification commission for acupuncture and oriental medicine (NCCAOM). Any licensed acupuncturist may obtain all contact hours from any continuing education offerings approved by the NCCAOM and its state affiliates, or any other continuing education offerings approved by the board, subject to the limitations specified in paragraphs (h)(2) through (h)(10).

(2) Lecture. "Lecture" shall mean a live discourse for the purpose of instruction given before an audience. One contact hour shall be awarded for each hour of instruction.

(3) Panel. "Panel" shall mean the presentation of multiple views by several professional individuals on a given subject, with none of the views considered a final solution. One contact hour shall be awarded for each hour of panel presentation.

(4) Workshop. "Workshop" shall mean a series of meetings designed for intensive study, work, or discussion in a specific field of interest. One contact hour shall be awarded for each hour of workshop meeting.

(5) Seminar. "Seminar" shall mean directed advanced study or discussion in a specific field of in-

terest. One contact hour shall be awarded for each hour of seminar.

(6) Symposium. "Symposium" shall mean a conference of more than a single session organized for the purpose of discussing a specific subject from various viewpoints and by various speakers. One contact hour shall be awarded for each hour of symposium.

(7) In-service training. "In-service training" shall mean an educational presentation given to employees during the course of employment that pertains solely to the enhancement of acupuncture skills in the evaluation, assessment, or treatment of patients. One contact hour shall be awarded for each hour of in-service training.

(8) Administrative training. "Administrative training" shall mean a presentation that enhances the knowledge of an acupuncturist on the topic of quality assurance, risk management, reimbursement, statutory requirements, or claim procedures. One contact hour shall be awarded for each hour of administrative training.

(9) Self-instruction.

(A) "Self-instruction" shall mean either of the following:

(i) Reading professional literature directly related to the practice of acupuncture. A maximum of two contact hours shall be awarded for reading professional literature; or

(ii) completion of a home study, correspondence, audio, video, or internet course for which a printed verification of successful completion is provided by the person or organization offering the course. One contact hour shall be awarded for each hour of coursework for each completed course. On-line courses labeled as "live course" shall be considered self-instruction.

(B) No more than seven contact hours shall be awarded each year for self-instruction.

(10) Continuing education program presentation. "Continuing education program presentation" shall mean the preparation and presentation of a continuing education program that meets the requirements of this subsection. Three contact hours shall be awarded for each hour spent presenting.

(i) No contact hours shall be awarded for any repeated continuing education activity on the same topic within a 24-month period. (Authorized by K.S.A. 2017 Supp. 65-7615; implementing K.S.A. 2017 Supp. 65-7609; effective, T-100-9-21-17, Sept. 21, 2017; effective Jan. 12, 2018.)

100-76-7. Unprofessional conduct; definitions. Each of the following terms, as used in K.S.A. 2017 Supp. 65-7616 and amendments thereto and this article of the board's regulations, shall have the meaning specified in this regulation:

(a) "Unprofessional conduct" shall mean any of the following:

(1) Soliciting patients through the use of fraudulent or false advertisements or profiting by the acts of those representing themselves to be agents of the licensee;

(2) representing to a patient that a manifestly incurable disease, condition, or injury can be permanently cured;

(3) assisting in the care or treatment of a patient without the consent of the patient or the patient's legal representative;

(4) using any letters, words, or terms as an affix on stationery or in advertisements or otherwise indicating that the person is entitled to practice any profession regulated by the board or any other state licensing board or agency for which the person is not licensed;

(5) willful betrayal of confidential information;

(6) advertising professional superiority or the performance of professional services in a superior manner;

(7) advertising to guarantee any professional service or to perform any professional service painlessly;

(8) engaging in conduct related to the practice of acupuncture that is likely to deceive, defraud, or harm the public;

(9) making a false or misleading statement regarding the licensee's skill or the efficacy or value of the treatment or remedy prescribed by the licensee or at the licensee's direction, in the treatment of any disease or other condition of the body or mind;

(10) commission of any act of sexual abuse, misconduct, or other improper sexual contact that exploits the licensee-patient relationship, with a patient or a person responsible for health care decisions concerning the patient;

(11) using any false, fraudulent, or deceptive statement in any document connected with the practice of acupuncture, including the intentional falsifying or fraudulent altering of a patient record;

(12) obtaining any fee by fraud, deceit, or misrepresentation;

(13) failing to transfer a patient's records to another licensee when requested to do so by the

patient or by the patient's legally designated representative;

(14) performing unnecessary tests, examinations, or services that have no legitimate purpose;

(15) charging an excessive fee for services rendered;

(16) repeated failure to engage in the practice of acupuncture with that level of care, skill, and treatment that is recognized by a reasonably prudent similar practitioner as being acceptable under similar conditions and circumstances;

(17) failure to keep written medical records that accurately describe the services rendered to each patient, including patient histories, pertinent findings, examination results, and test results;

(18) delegating professional responsibilities to a person if the licensee knows or has reason to know that the person is not qualified by training, experience, or licensure to perform those professional responsibilities;

(19) failing to properly supervise, direct, or delegate acts that constitute the practice of acupuncture to persons who perform professional services pursuant to the licensee's direction, supervision, order, referral, delegation, or practice protocols;

(20) committing fraud or misrepresentation in applying for or securing an original, renewal, or reinstated license;

(21) willfully or repeatedly violating the act, any implementing regulations, or any regulations of the secretary of health and environment that govern the practice of acupuncture;

(22) unlawfully practicing any profession regulated by the board in which the licensed acupuncturist is not licensed to practice;

(23) failing to report or reveal the knowledge required to be reported or revealed pursuant to K.S.A. 2017 Supp. 65-7621, and amendments thereto;

(24) failing to furnish the board, or its investigators or representatives, any information legally requested by the board;

(25) incurring any sanction or disciplinary action by a peer review committee, a governmental agency or department, or a professional association or society for conduct that could constitute grounds for disciplinary action under the act or this article of the board's regulations;

(26) failing to maintain a policy of professional liability insurance as required by K.S.A. 2017 Supp. 65-7609, and amendments thereto, and K.A.R. 100-76-5;

(27) knowingly submitting any misleading, deceptive, untrue, or fraudulent representation on a claim form, bill, or statement;

(28) giving a worthless check or stopping payment on a debit or credit card for fees or moneys legally due to the board;

(29) knowingly or negligently abandoning medical records;

(30) engaging in conduct that violates patient trust and exploits the licensee-patient relationship for personal gain; or

(31) obstructing a board investigation, including engaging in one or more of the following acts:

(A) Falsifying or concealing a material fact;

(B) knowingly making or causing to be made any false or misleading statement or writing; or

(C) committing any other acts or engaging in conduct likely to deceive or defraud the board.

(b) "Advertisement" shall mean all representations disseminated in any manner or by any means that are for the purpose of inducing or that are likely to induce, directly or indirectly, the purchase of professional services.

(c) "False advertisement" shall mean any advertisement that is false, misleading, or deceptive in a material respect. In determining whether any advertisement is misleading, the following shall be taken into account:

(1) Representations made or suggested by statement, word, design, device, or sound, or any combination of these; and

(2) the extent to which the advertisement fails to reveal facts material in the light of the representations made. (Authorized by K.S.A. 2017 Supp. 65-7615; implementing K.S.A. 2017 Supp. 65-7616; effective, T-100-9-21-17, Sept. 21, 2017; effective Jan. 12, 2018.)

100-76-8. Professional incompetency; definition. As used in K.S.A. 2017 Supp. 65-7616 and amendments thereto and this article of the board's regulations, professional incompetency shall mean any of the following:

(a) One or more instances involving failure to adhere to the applicable standard of care to a degree that constitutes gross negligence, as determined by the board;

(b) repeated instances involving failure to adhere to the applicable standard of care to a degree that constitutes ordinary negligence, as determined by the board; or

(c) a pattern of practice or other evidence of incapacity or incompetence to engage in the prac-

tice of acupuncture. (Authorized by K.S.A. 2017 Supp. 65-7615; implementing K.S.A. 2017 Supp. 65-7616; effective, T-100-9-21-17, Sept. 21, 2017; effective Jan. 12, 2018.)

100-76-9. Patient records; adequacy. (a) Each licensed acupuncturist shall maintain an adequate record for each patient for whom the licensee performs a professional service.

(b) Each patient record shall meet the following requirements:

(1) Be legible;

(2) contain only those terms and abbreviations that are or should be comprehensible to similar licensees;

(3) contain adequate identification of the patient;

(4) indicate the date on which each professional service was provided;

(5) contain all clinically pertinent information concerning the patient's condition;

(6) document what examinations, vital signs, and tests were obtained, performed, or ordered and the findings and results of each;

(7) specify the patient's initial reason for seeking the licensee's services and the initial diagnosis;

(8) specify the treatment performed or recommended;

(9) document the patient's progress during the course of treatment provided by the licensee; and

(10) include all patient records received from other health care providers, if those records formed the basis for a treatment decision by the licensee.

(c) Each entry shall be authenticated by the person making the entry, unless the entire patient record is maintained in the licensee's own handwriting.

(d) Each patient record shall include any writing intended to be a final record, but shall not require the maintenance of rough drafts, notes, other writings, or recordings once this information is converted to final form. The final form shall accurately reflect the care and services rendered to the patient.

(e) For purposes of the act and this regulation, an electronic patient record shall be deemed to be a written patient record if both of the following conditions are met:

(1) Each entry in the electronic record is authenticated by the licensee.

(2) No entry in the electronic record can be altered after authentication. (Authorized by K.S.A.

2017 Supp. 65-7615; implementing K.S.A. 2017 Supp. 65-7616; effective, T-100-9-21-17, Sept. 21, 2017; effective Jan. 12, 2018.)

100-76-10. Release of records. (a) Each licensed acupuncturist shall, upon receipt of a signed release from a patient, furnish a copy of the patient record to the patient, to another licensee designated by the patient, or to the patient's legally designated representative, unless withholding records is permitted by law or furnishing records is prohibited by law.

(b) Any licensee may charge a person or entity for the reasonable costs to retrieve or reproduce a patient record. A licensee shall not condition the furnishing of a patient record to another licensee upon prepayment of these costs.

(c) Each violation of this regulation shall constitute prima facie evidence of unprofessional conduct pursuant to K.S.A. 2017 Supp. 65-7616, and amendments thereto. (Authorized by K.S.A. 2017 Supp. 65-7615; implementing K.S.A. 2017 Supp. 65-7616; effective, T-100-9-21-17, Sept. 21, 2017; effective Jan. 12, 2018.)

100-76-11. Free offers. Each licensed acupuncturist who offers to perform a free examination, service, or procedure for a patient shall perform only the examination, service, or procedure specified in the offer. Before any additional examination, service, or procedure is performed, the licensee shall explain the nature and purpose of the examination, service, or procedure and specifically disclose to the patient, to the greatest extent possible, the cost of the additional examination, service, or procedure. (Authorized by K.S.A. 2017 Supp. 65-7615; implementing K.S.A. 2017 Supp. 65-7616; effective, T-100-9-21-17, Sept. 21, 2017; effective Jan. 12, 2018.)

100-76-12. Business transactions with patients; unprofessional conduct. (a) Non-health-related goods or services. A licensed acupuncturist offering to sell a non-health-related product or service to a patient from a location at which the licensee regularly engages in the practice of acupuncture shall have engaged in unprofessional conduct, unless otherwise allowed by this subsection. A licensed acupuncturist shall not have engaged in unprofessional conduct by offering to sell a non-health-related product or service if all of the following conditions are met:

(1) The sale is for the benefit of a public service organization.

(2) The sale does not directly or indirectly result in financial gain to the licensee.

(3) No patient is unduly influenced to make a purchase.

(b) Business opportunity. A licensed acupuncturist shall have engaged in unprofessional conduct if all of the following conditions are met:

(1) The licensee recruits or solicits a patient either to participate in a business opportunity involving the sale of a product or service or to recruit or solicit others to participate in a business opportunity.

(2) The sale of the product or service directly or indirectly results in financial gain to the licensee.

(3) The licensee recruits or solicits the patient at any time that the patient is present in a location at which the licensee regularly engages in the practice of acupuncture. (Authorized by K.S.A. 2017 Supp. 65-7615; implementing K.S.A. 2017 Supp. 65-7616; effective, T-100-9-21-17, Sept. 21, 2017; effective Jan. 12, 2018.)

Article 77.—TELEMEDICINE

100-77-1. Definitions. Each of the following terms, as used in this article of the board's regulations, shall have the meaning specified in K.S.A. 2018 Supp. 40-2,211, and amendments thereto:

(a) "Distant site";

(b) "healthcare provider";

(c) "originating site";

(d) "physician"; and

(e) "telemedicine," including "telehealth." (Authorized by and implementing K.S.A. 2018 Supp. 40-2,214; effective, T-100-12-28-18, Dec. 28, 2018; effective May 10, 2019.)

100-77-2. Telemedicine deemed rendered at location of patient. For the purposes of this article of the board's regulations, the delivery of healthcare services shall be deemed to occur at the originating site. (Authorized by and implementing K.S.A. 2018 Supp. 40-2,214; effective, T-100-12-28-18, Dec. 28, 2018; effective May 10, 2019.)

100-77-3. Prescribing drugs by means of telemedicine. The same laws and regulations that apply to a healthcare provider prescribing drugs, including controlled substances, by means of in-person contact with a patient shall apply to prescribing drugs, including controlled substances, by means of telemedicine. (Authorized by and implementing K.S.A. 2018 Supp. 40-2,214; effective, T-100-12-28-18, Dec. 28, 2018; effective May 10, 2019.)

- (2) three-year approved provider renewal fee: \$250; and
- (3) single-program provider fee: \$50.

(g) Fees paid to the board shall not be refundable. (Authorized by K.S.A. 65-6309a, 65-6314, and 74-7507; implementing K.S.A. 65-6309a, 65-6313, and 65-6314; effective May 1, 1982; amended, T-86-20, July 1, 1985; amended May 1, 1986; amended, T-87-10, July 1, 1986; amended May 1, 1987; amended, T-102-10-17-89, Oct. 17, 1989; amended, T-102-11-29-90, Nov. 29, 1990; amended Jan. 21, 1991; amended June 12, 1995; amended Aug. 4, 1995; amended Aug. 4, 2000; amended March 8, 2002; amended July 1, 2005; amended, T-102-7-2-07, July 2, 2007; amended Nov. 30, 2007; amended April 2, 2010; amended March 8, 2019.)

102-2-3. Supervision. (a) Supervision of nonlicensed social work service providers who participate in the delivery of social work services.

(1) Social work consultation shall not meet the supervision requirements for any nonlicensed social work service provider.

(2) Each licensee supervising one or more nonlicensed individuals who participate in the delivery of social work services shall specifically delineate the duties of each non-licensed individual and provide a level of supervision that is consistent with the training and ability of the nonlicensed social work service provider.

(3) Each licensee supervising one or more nonlicensed persons who participate in the delivery of social work services shall develop a written agreement. The agreement shall consist of specific goals and objectives, the means to attain the goals, and the manner in which the goals relate to the overall objective for supervision of the nonlicensed social work service provider. The licensee shall maintain the following documentation associated with the written agreement:

- (A) A copy of the written agreement signed by both the licensee and the nonlicensed person;
- (B) a summary of the types of clients and situations dealt with at each supervisory session;
- (C) a written explanation of the relationship of

the goals and objectives of supervision to each supervisory session; and

(D) the length of time spent in each supervisory session.

(4) The supervisor shall provide no fewer than four hours of supervision per month for each supervisee.

(5) The supervisor shall not have a dual relationship with the supervisee.

(b) Supervision of nonlicensed student social work service providers.

(1) Social work consultation shall not meet the supervision requirements for any nonlicensed student social work service provider.

(2) Each licensee supervising one or more nonlicensed students in the delivery of social work services shall specifically delineate each student's duties and provide a level of supervision consistent with the training and ability of each student.

(3) Each licensee supervising one or more nonlicensed students who participate in the delivery of social work services shall develop a written agreement for each student that is consistent with the requirements of the student's academic social work program.

(4) The supervisor shall not have a dual relationship with the supervisee.

(c) Supervision of holders of temporary social work licenses.

(1) Social work consultation shall not meet the supervision requirements for any holder of a temporary social work license.

(2) Each licensee supervising one or more individuals who hold a temporary social work licensure permit shall specifically delineate the duties of each temporary license holder and provide a level of supervision consistent with the training and ability of each individual.

(3) Each licensee supervising a temporary social work license holder and that individual shall develop a written agreement. This agreement shall consist of specific goals and objectives, the means to attain the goals, and the manner in which the goals relate to the overall objective for supervision of that person. The licensee shall maintain the following documentation associated with the written agreement:

(A) A copy of the written agreement signed by both the licensee and the temporary social work license holder;

(B) a summary of the types of clients and situations dealt with at each supervisory session;

(C) a written explanation of the relationship of

the goals and objectives of supervision to each supervisory session; and

(D) the length of time spent in each supervisory session.

(4) A minimum of one hour of supervision shall be provided for each 40 hours of service delivery.

(5) The supervisor shall not have a dual relationship with the supervisee.

(d) Supervision of persons engaged in private practice or persons seeking licensure as a specialist clinical social worker.

(1) A licensed specialist clinical social worker shall supervise the practice or delivery of social work services by the following persons:

(A) Any licensee who is attaining the two years of supervised experience required for licensure as a specialist clinical social worker; and

(B) any licensee who is not a licensed specialist clinical social worker and who is engaged in private practice.

(2) Any person attaining the supervised experience required for licensure as a specialist clinical social worker may be supervised by a social worker who is licensed as a clinical social worker authorized to engage in the private, independent practice of social work in another state and who is otherwise qualified.

(3) Supervisor qualifications. To qualify as a supervisor, a licensed specialist clinical social worker shall fulfill these requirements:

(A) Have practiced as a specialist clinical social worker, in a position that included assessment, diagnoses, and psychotherapy, for two years beyond the date of clinical licensure. This requirement shall apply to each individual commencing a new supervisory relationship on or after April 15, 2009;

(B) have, in full or in part, professional responsibility for the supervisee's practice of social work or delivery of social work services;

(C) not have a dual relationship with the supervisee;

(D) not be under sanction from a disciplinary proceeding, unless this prohibition is waived by the board for good cause shown by the proposed supervisor;

(E) have knowledge of and experience with the supervisee's client population;

(F) have knowledge of and experience with the methods of practice that the supervisee employs;

(G) have an understanding of the organization and administrative policies and procedures of the supervisee's practice setting; and

(H) be a member of the staff for that practice setting or meet the requirements of paragraph (d)(4).

(4) If a qualified supervisor is not available from among staff in the supervisee's practice setting, the supervisee may secure an otherwise qualified supervisor outside of the practice setting if all of the following conditions are met:

(A) The supervisor has a complete understanding of the practice setting's mission, policy, and procedures.

(B) The extent of the supervisor's responsibility for the supervisee is clearly defined with respect to client cases to be supervised, the supervisor's role in personnel evaluation within the practice setting, and other aspects of the clinical supervision training plan.

(C) The responsibility for payment for supervision is clearly defined.

(D) If the supervisee pays the supervisor directly for the supervision, the supervisor maintains responsibility to the client and to the practice setting.

(E) The parameters of client confidentiality are clearly defined and agreed to by the client.

(5) Supervisory duties. Each social work practice supervisor shall perform these duties:

(A) Meet in person or by videoconferencing according to K.A.R. 102-2-12(c)(4) with the supervisee for clinical supervision throughout the postgraduate supervised professional experience at a ratio of a minimum of one hour of clinical supervision for every 20 hours of direct, face-to-face client contact, with a maximum of two hours of supervision allowed for each 20 hours of clinical social work practice to be counted toward licensure requirements;

(B) meet with not more than four supervisees at a time in the supervisory meetings;

(C) provide oversight, guidance, and direction of the supervisee's practice of social work or delivery of social work services by assessing and evaluating the supervisee's performance;

(D) conduct supervision as a process distinct from personal therapy, didactic instruction, or social work consultation;

(E) ensure that the scope of the supervisor's own responsibility and authority in the practice setting has been clearly and expressly defined;

(F) provide documentation of supervisory qualifications to the supervisee;

(G) periodically evaluate the supervisee's role, use of a theoretical base, and use of social work principles;

(H) provide supervision in accordance with the written clinical supervision training plan;

(I) maintain documentation of supervision;

(J) provide the documentation required by the board upon a supervisee's application for licensure in sufficient detail to enable the board to evaluate the extent and quality of the supervisee's supervised experience;

(K) provide a level of supervision that is consistent with the education, training, experience, and ability of the supervisee; and

(L) ensure that each client knows that the supervisee is practicing social work or participating in the delivery of social work services under supervision.

(6) Clinical supervision training plan. Each supervisor and supervisee shall develop and co-sign a written clinical supervision training plan at the beginning of the supervisory relationship. The supervisee shall submit an official position description and the training plan to the board and shall receive board approval of the plan before any supervised professional experience hours for clinical licensure can begin to accrue. This plan shall clearly define and delineate the following items:

(A) The supervisory context, which shall include the purpose of supervision;

(B) a summary of the types of clients with whom and the situations in which the supervisee will typically work, as evidenced by the supervisee's official position description;

(C) a plan that describes the supervision goals and objectives, the means to attain and evaluate progress towards the goals, and the manner in which the goals relate to the overall objective of supervision;

(D) the format and schedule for supervision;

(E) the supervisor's responsibilities;

(F) the supervisee's responsibilities;

(G) the plans for both the supervisee's and supervisor's documentation of the date, length, method, content, and format of each supervisory meeting and the supervisee's progress toward the learning goals;

(H) the plans for documenting the 4,000 hours of postgraduate supervised clinical social work experience, which shall include specifically documenting the 1,500 hours of direct client contact providing psychotherapy and assessment;

(I) the plan for notifying clients of the following information:

(i) The fact that the supervisee is practicing social work or participating in the delivery of social work services under supervision;

(ii) the limits of client confidentiality within the supervisory process; and

(iii) the name, address, and telephone number of the supervisor or other person with administrative authority over the supervisee;

(J) a plan to address and remedy circumstances in which there is a conflict between the supervisor and the supervisee;

(K) the date on which the supervisor and supervisee entered into the clinical supervision training plan, the time frame that the plan is intended to encompass, and the process for termination of the supervisory relationship by either party;

(L) the steps for amending or renegotiating the clinical supervision training plan, if warranted, including written notification of these changes to the board office as provided in paragraph (d)(7); and

(M) a statement identifying the person who is responsible for payment, the terms of payment, and the mutual obligations and rights of each party with respect to compensation, if there is any compensation for supervisory services.

(7) Revision of the clinical supervision training plan. All changes to the clinical supervision training plan shall be submitted by the supervisee to the board for its approval. The changes shall be submitted no more than 45 days after the date on which the changes took effect. If the supervisee fails to submit the changes to the board within that 45-day period, no supervised hours of practice shall be accrued or credited for any practice, beginning on the date the changes took effect through the date on which the changes to the plan are approved by the board. (Authorized by K.S.A. 2007 Supp. 74-7507; implementing K.S.A. 65-6303, 65-6306, 65-6308, K.S.A. 2007 Supp. 65-6309 and 74-7507; effective, T-85-36, Dec. 19, 1984; effective May 1, 1985; amended May 1, 1986; amended May 1, 1987; amended Feb. 25, 1991; amended Oct. 24, 1997; amended Aug. 4, 2000; amended Aug. 13, 2004; amended April 22, 2005; amended Feb. 13, 2009.)

102-2-11a. Renewal audit. (a) A random audit of the continuing education documentation for 10 percent of the social worker licenses expiring each month shall be conducted by the board.

(b) Each licensee selected for the random audit shall be notified in writing after the board has received the social worker's renewal application form required by K.A.R. 102-2-11.

(c) Upon board notification, each renewal applicant for a social worker license shall submit the

following to the board within 30 days after the license expiration date:

(1) The completed renewal audit forms; and

(2) the original continuing education documents that validate all continuing education units claimed for credit during the current renewal period.

(d) Continuing education units that a renewal applicant for a social worker license earns after board receipt of the renewal application form shall not be approved for continuing education credit for the current renewal period.

(e) Failure to comply with this regulation shall be considered unprofessional conduct. (Authorized by K.S.A. 2007 Supp. 74-7507; implementing K.S.A. 2007 Supp. 65-6313, K.S.A. 65-6317, and K.S.A. 2007 Supp. 74-7507; effective Feb. 13, 2009.)

102-2-12. Licensed specialist clinical social work licensure requirements. (a) Educational requirements. In order for an applicant who earns a degree before July 1, 2003 to qualify for licensure as a licensed specialist clinical social worker, the applicant shall meet, as a part of or in addition to the educational requirements provided in K.S.A. 65-6306, and amendments thereto, the following educational requirements:

(1) Satisfactory completion of at least three graduate academic hours in a discrete academic course whose primary and explicit focus is upon psychopathology and the diagnosis and treatment of mental disorders classified in the diagnostic manuals commonly used as a part of accepted social work practice;

(2) satisfactory completion of a graduate-level, clinically oriented social work practicum that fulfills these requirements:

(A) Is taken after completion of the graduate-level, clinically focused academic courses that are prerequisite to entering the clinical practicum;

(B) is an integrated, conceptually organized academic experience and is not an after-the-fact tabulation of clinical experience;

(C) occurs in a practice setting that, by its nature and function, clearly supports clinical social work practice and consistently provides opportunities for the supervised application of clinical social work practice knowledge, skills, values, and ethics; and

(D) provides training and close supervision in a wide range of clinical social work practice activities with a population of clients presenting a diverse set of problems and backgrounds.

(b) Each applicant for licensure as a specialist clinical social worker who earns a degree on or after July 1, 2003 shall meet the following requirements:

(1) Satisfactory completion of 15 graduate-level credit hours supporting diagnosis or treatment of mental disorders using the diagnostic and statistical manual of mental disorders as specified in K.A.R. 102-2-14. Three of the 15 credit hours shall consist of a discrete academic course whose primary and explicit focus is upon psychopathology and the diagnosis and treatment of mental disorders as classified in the diagnostic and statistical manual of mental disorders. The 15 graduate-level credit hours shall be from a social work program accredited by the council on social work education or a social work program in substantial compliance as prescribed in K.A.R. 102-2-6 and approved by the board; and

(2) completion of one of the following experience requirements:

(A) A graduate-level, supervised clinical practicum of professional experience that includes psychotherapy and assessment. The practicum shall integrate diagnosis and treatment of mental disorders with use of the diagnostic and statistical manual of mental disorders as identified in K.A.R. 102-2-14 and shall include not less than 350 hours of direct client contact; or

(B) postgraduate supervised experience including psychotherapy and assessment. The experience shall integrate diagnosis and treatment of mental disorders with use of the diagnostic and statistical manual of mental disorders, as specified in K.A.R. 102-2-14. The experience shall consist of not less than 700 hours of supervised experience, including not less than 350 hours of direct client contact. This experience shall be in addition to the 4,000 hours of postgraduate, supervised experience required for each licensed specialist clinical social worker, as specified in subsection (c). The applicant shall provide documentation of this postgraduate experience on board-approved forms. The supervision shall comply with K.A.R. 102-2-8 and K.A.R. 102-2-12(c) and shall be in addition to the supervision requirements in K.A.R. 102-2-12(c)(4).

(c) Each applicant for licensure as a specialist clinical social worker shall fulfill the following requirements:

(1) Develop and co-sign with the supervisor a clinical supervision training plan for the postgraduate supervised clinical experience required un-

der K.S.A. 65-6306 and amendments thereto, on forms provided by the board. The applicant shall submit this plan to the board for consideration for approval before beginning clinical supervision. The clinical supervision training plan shall comply with K.A.R. 102-2-8. If changes or amendments to the plan occur after initial board approval, these changes or amendments shall be submitted to the board for consideration for approval;

(2) complete, in not less than two years and not more than six years, a minimum of 4,000 hours of satisfactorily evaluated postgraduate, supervised clinical social work practice experience under the supervision of a qualified licensed specialist clinical social worker. A minimum of 2,000 hours of the applicant's total postgraduate, supervised clinical experience shall consist of a combination of the following types of social work services:

(A) At least 1,500 hours of direct client contact conducting psychotherapy and assessments with individuals, couples, families, or groups; and

(B) up to 500 hours of providing clinical social work practice services;

(3) complete all required practice under supervision in accordance with K.A.R. 102-2-8; and

(4) participate in a minimum of 100 supervisory meetings consisting of not less than 150 hours of clinical supervision. A minimum of 75 hours of the 150 required hours of supervision shall be individual supervision, of which at least 50 hours shall be obtained in person. The remainder of the 150 required hours may be obtained in person or, if confidentiality is technologically protected, by videoconferencing. Each applicant using videoconferencing shall provide written verification of the technological security measure implemented. The supervision shall integrate the diagnosis and treatment of mental disorders with the use of the diagnostic and statistical manual of mental disorders specified in K.A.R. 102-2-14. A maximum of two hours of supervision shall be counted for each 20 hours of clinical social work practice.

(d) At the time of the individual's application for licensure as a specialist clinical social worker, the applicant's supervisor shall submit documentation that is satisfactory to the board and that enables the board to evaluate the nature, quality, and quantity of the applicant's supervised clinical social work experience. This documentation shall include the following information:

(1) A written summary of the types of clients and situations dealt with during the supervisory sessions;

(2) a written summary that addresses the degree to which the goals and objectives of supervision have been met;

(3) a written statement and supportive documentation that describes the applicant's practice setting and provides a summary of the applicant's practice activities and responsibilities that occurred while under supervision;

(4) a statement indicating whether or not the applicant merits the public trust; and

(5) an evaluation of the applicant's supervised clinical social work experience. (Authorized by K.S.A. 65-6306, K.S.A. 65-6308, and K.S.A. 2007 Supp. 74-7507; implementing K.S.A. 65-6306 and K.S.A. 65-6308; effective, T-85-36, Dec. 19, 1984; effective May 1, 1985; amended May 1, 1987; amended Feb. 25, 1991; amended Oct. 24, 1997; amended Aug. 4, 2000; amended July 7, 2003; amended April 22, 2005; amended Feb. 13, 2009.)

102-2-14. Designation of referral source for use in the diagnosis and treatment of mental disorders. The "diagnostic and statistical manual of mental disorders," fifth edition, published by the American psychiatric association, shall be designated as the manual to diagnose and treat mental disorders. (Authorized by K.S.A. 65-6306, K.S.A. 65-6319, and K.S.A. 74-7507; implementing K.S.A. 65-6306 and 65-6319; effective Aug. 4, 2000; amended April 22, 2005; amended March 15, 2019.)

Article 3.—PROFESSIONAL COUNSELORS; FEES

102-3-2. Fees. (a) Each applicant for licensure as a professional counselor or clinical professional counselor shall pay the appropriate fee or fees as follows:

(2) application for a clinical professional counselor license, \$50;

(3) original professional counselor license, \$150;

(4) original license fee for a clinical professional counselor, \$150;

(5) renewal of a professional counselor license, \$100;

(6) renewal of a clinical professional counselor license, \$125;

(7) replacement of a professional counselor or a clinical professional counselor wall certificate, \$20;

(8) reinstatement of a professional counselor license that has been suspended or revoked, \$100;

(9) reinstatement of a clinical professional counselor license that has been suspended or revoked, \$125;

(10) temporary professional counselor license, \$50;

(11) temporary, 15-day permit for an out-of-state licensed independent clinical professional counselor, \$200; or

(12) temporary, 15-day permit for an out-of-state licensed independent clinical professional counselor extension, \$200.

(b) Each applicant for renewal of a professional counselor license after its expiration date shall pay the reinstatement fee in addition to the late renewal penalty fee of \$100.

(c) Each applicant for renewal of a clinical professional counselor license after its expiration date shall pay the reinstatement fee in addition to the late renewal penalty fee of \$125.

(d) Fees paid to the board shall not be refundable. (Authorized by K.S.A. 65-5807a, 65-5808, and 74-7507; implementing K.S.A. 65-5804a, 65-5807a, and 65-5808; effective, T-88-45, Nov. 10, 1987; amended, T-102-11-29-90, Nov. 29, 1990; amended Jan. 21, 1991; amended Aug. 4, 1995; amended Oct. 24, 1997; amended Aug. 4, 2000; amended July 1, 2005; amended, T-102-7-2-07, July 2, 2007; amended Nov. 30, 2007; amended March 8, 2019.)

102-3-3a. Education requirements. To qualify for licensure as a professional counselor or a clinical professional counselor, the applicant's education shall meet the applicable requirements provided in the following subsections.

(a) (1) "Core faculty member" means an individual who is part of the program's teaching staff and who meets the following conditions:

(A) Is an individual whose education, training, and experience are consistent with the individual's role within the program and are consistent with the published description of the goals, philosophy, and educational purpose of the program;

(B) is an individual whose primary professional employment is at the institution in which the program is housed; and

(C) is an individual who is identified with the program and is centrally involved in program development, decision making, and student training as demonstrated by consistent inclusion of the individual's name in public and departmental documents.

(2) “In residence,” when used to describe a student, means that the student is present at the physical location of the institution for the purpose of completing coursework during which the student and one or more core faculty members are in face-to-face contact.

(3) “Primary professional employment” means at least 20 hours per week of instruction, research, any other service to the institution in the course of employment, and the related administrative work.

(b) At the time of application, each applicant shall have fulfilled the following requirements:

(1) Received either a master’s or doctoral degree in counseling from a program that meets one of the following requirements:

(A) Is not below the accreditation standards of the council for the accreditation of counseling and related educational programs; or

(B) meets the requirements in subsections (f) and (g); and

(2) as a part of or in addition to the coursework completed for the counseling graduate degree, completed at least 60 graduate semester hours, or the academic equivalent, of which at least 45 graduate semester hours, or the academic equivalent, shall clearly satisfy the coursework requirements in subsection (c).

(c) Each applicant shall have satisfactorily completed formal academic coursework that contributes to the development of a broad conceptual framework for counseling theory and practice as a basis for more advanced academic studies. This formal academic coursework shall consist of at least 45 graduate semester hours, or the academic equivalent, that are distributed across the substantive content areas provided in this subsection. None of these credit hours shall be earned through independent study courses. There shall be at least two discrete and unduplicated semester hours, or the academic equivalent, in each of the following substantive content areas:

(1) Counseling theory and practice, which shall include studies in the basic theories, principles, and techniques of counseling and their applications to professional settings;

(2) the helping relationship, which shall include studies in the philosophical bases of helping relationships and the application of the helping relationship to counseling practice, as well as an emphasis on the development of practitioner and client self-awareness;

(3) group dynamics, processes, and counseling approaches and techniques, which shall include

studies in theories and types of groups, as well as descriptions of group practices, methods, dynamics, and facilitative skills;

(4) human growth and development, which shall include studies that provide a broad understanding of the nature and needs of individuals at all developmental levels and in multicultural contexts;

(5) career development and lifestyle foundations, which shall include studies in vocational theory, the relationship between career choice and lifestyle, sources of occupational and educational information, approaches to career decision-making processes, and career development exploration techniques;

(6) appraisal of individuals and studies and training in the development of a framework for understanding the individual, including methods of data gathering and interpretation, individual and group testing, and the study of individual differences;

(7) social and cultural foundations, which shall include studies in change processes, ethnicity, subcultures, families, gender issues, the changing roles of women, sexism, racism, urban and rural societies, population patterns, cultural mores, use of leisure time, and differing life patterns. These studies may come from the behavioral sciences, economics, political science, and similar disciplines;

(8) research and evaluation, which shall include studies in the areas of statistics, research design, development of research, development of program goals and objectives, and evaluation of program goals and objectives;

(9) professional orientation, which shall include studies in the goals and objectives of professional organizations, codes of ethics, legal considerations, standards of preparation and practice, certification, licensing, and the role identities of counselors and others in the helping professions; and

(10) supervised practical experience, which shall include studies in the application and practice of the theories and concepts presented in formal study. This experiential practice shall be performed under the close supervision of the instructor and on-site supervisor with the use of direct observation and the preparation and review of written case notes. Direct observation may include the use of one-way mirrors in a counseling laboratory, the use of videotaped or audiotaped sessions, or the use of real-time video conferencing or similar synchronous communication devices.

(d) Each applicant for licensure as a clinical professional counselor whose master's or doctoral degree is earned before July 1, 2003 shall have earned the graduate degree in accordance with subsections (b) and (c).

(e) Each applicant for licensure as a clinical professional counselor whose master's or doctoral degree is earned on or after July 1, 2003 shall meet the following education requirements:

(1) Have earned a graduate degree in accordance with subsections (b) and (c);

(2) in addition to or as a part of the academic requirements for the graduate degree, have completed 15 graduate semester credit hours, or the academic equivalent, supporting diagnosis and treatment of mental disorders using the "diagnostic and statistical manual of mental disorders" as specified in K.A.R. 102-3-15. The 15 graduate semester credit hours, or the academic equivalent, shall include both of the following:

(A) The applicant shall have satisfactorily completed two graduate semester hours, or the academic equivalent, of discrete coursework in ethics and two graduate semester hours, or the academic equivalent, of discrete coursework in psychopathology and diagnostic assessment, including the study of the latest edition of the "diagnostic and statistical manual of mental disorders" and assessment instruments that support diagnosis.

(B) The applicant shall have satisfactorily completed coursework addressing treatment approaches and interdisciplinary referral and collaboration; and

(3) completion of a graduate-level, supervised clinical practicum pursuant to K.S.A. 65-5804a(c)(1)(C), and amendments thereto.

(f) In order to be approved by the board, each educational program in professional counseling shall meet the following requirements:

(1) Have established program admission requirements that are based, in part or in full, on objective measures or standardized achievement tests and measures;

(2) require an established curriculum that encompasses at least two academic years of graduate study;

(3) have clear administrative authority and primary responsibility within the program for the core and specialty areas of training in professional counseling;

(4) have an established, organized, and comprehensive sequence of study that is planned by administrators who are responsible for providing an

integrated educational experience in professional counseling;

(5) engage in continuous systematic program evaluation indicating how the mission objectives and student learning outcomes are measured and met;

(6) be chaired or directed by an identifiable person who holds a doctoral degree in counseling that was earned from a regionally accredited college or university upon that person's actual completion of a formal academic training program;

(7) have an identifiable, full-time, professional faculty whose members hold earned graduate degrees in professional counseling or a related field;

(8) have an established, identifiable body of students who are formally enrolled in the program with the goal of obtaining a degree;

(9) require an appropriate practicum, internship, or field or laboratory training in professional counseling that integrates didactic learning with supervised clinical experience;

(10) conduct an ongoing, objective review and evaluation of each student's learning and progress, and report this evaluation in the official student transcripts;

(11) require that at least 30 graduate semester credit hours, or the academic equivalent, of coursework be completed "in residence" at one institution and require that the practicum or internship be completed at the same institution; and

(12) require that the number of graduate semester hours, or the academic equivalent, delivered by adjunct faculty does not exceed the number of graduate semester hours, or the academic equivalent, delivered by core faculty members.

(g) In order for an applicant to qualify for licensure, the college or university at which the applicant completed the counseling degree requirements shall meet these requirements:

(1) Be regionally accredited, with accreditation standards equivalent to those met by Kansas colleges and universities;

(2) document in official publications, including course catalogs and announcements, the program description and standards and the admission requirements of the professional counseling education and training program;

(3) identify and clearly describe in pertinent institutional catalogs the coursework, experiential, and other academic program requirements that must be satisfied before conferral of the graduate degree in counseling;

(4) clearly identify and specify in pertinent institutional catalogs its intent to educate and train professional counselors;

(5) have clearly established the professional counselor education program as a coherent entity within the college or university that, when the applicant's graduate degree was conferred, met the program standards in subsection (f); and

(6) have conferred the graduate degree in counseling upon the applicant's successful completion of an established and required formal program of studies.

(h) The following types of study shall not be substituted for or counted toward the coursework requirements of subsections (b), (c), (d), and (e):

(1) Academic coursework that the applicant completed as a part of or in conjunction with the undergraduate degree requirements;

(2) academic coursework that has been audited rather than graded;

(3) academic coursework for which the applicant received an incomplete or failing grade;

(4) coursework that the board determines is not closely related to the field or practice of counseling;

(5) graduate or postgraduate coursework or training provided by any college, university, institute, or training program that does not meet the requirements of subsections (f) and (g); and

(6) any continuing education, in-service activity, or on-the-job training.

(i) The following types of study may be counted toward the 60 graduate semester hours required under paragraph (b)(2):

(1) No more than six graduate semester hours of independent study that is related to the field or practice of counseling, except that independent study shall not be used to meet any of the substantive content area requirements specified in subsection (c); and

(2) no more than four graduate semester hours for thesis research and writing. (Authorized by K.S.A. 2014 Supp. 65-5804a and 74-7507; implementing K.S.A. 2014 Supp. 65-5804a; effective Dec. 19, 1997; amended July 19, 2002; amended Aug. 8, 2003; amended Oct. 27, 2006; amended Dec. 12, 2014.)

102-3-7b. Requirements for board-approved clinical supervisor; application.

(a) Each licensee providing postgraduate clinical supervision shall be a board-approved clinical supervisor. This requirement shall apply to each in-

dividual commencing a new supervisory relationship on or after July 1, 2017.

(b) In addition to meeting the requirements in K.S.A. 2016 Supp. 65-5818 and amendments thereto and K.A.R. 102-3-7a, the licensee shall successfully complete clinical supervision training, which shall be approved by the board and be specific to providing supervision or becoming a supervisor. This training shall include either 15 hours of continuing education in supervision taken within the last six years or one semester credit hour of a graduate-level course on supervision or the academic equivalent at an accredited college or university approved by the board, each of which shall cover the following material:

(1) Roles in and functions of clinical supervision;

(2) models of clinical supervision;

(3) mental health-related professional development;

(4) methods and techniques in clinical supervision;

(5) supervisory relationship issues;

(6) cultural issues in clinical supervision;

(7) group supervision;

(8) legal and ethical issues in clinical supervision; and

(9) evaluation of supervisee competence and the supervision process.

(c) Each licensee applying for approval as a clinical supervisor shall obtain the appropriate application forms from the board and submit the completed application materials to the board.

(d) To maintain approval as a clinical supervisor, each approved clinical supervisor shall successfully complete the required continuing education specified in K.S.A. 2016 Supp. 65-5818, and amendments thereto. (Authorized by K.S.A. 2016 Supp. 74-7507; implementing K.S.A. 2016 Supp. 65-5818; effective, T-102-5-24-17, May 24, 2017; effective Oct. 6, 2017.)

102-3-9b. Renewal audit. (a) A random audit of the continuing education documentation for 10 percent of the professional counselor licenses and the clinical professional counselor licenses expiring each month shall be conducted by the board.

(b) Each licensee selected for the random audit shall be notified in writing after the board has received the licensee's renewal application form required by K.A.R. 102-3-9a.

(c) Upon board notification, each renewal applicant shall submit the following to the board within 30 days after the license expiration date:

- (1) The completed renewal audit forms; and
- (2) the original continuing education documents that validate all continuing education units claimed for credit during the current renewal period.

(d) Continuing education units that a renewal applicant earns after board receipt of the renewal application form shall not be approved for continuing education credit for the current renewal period.

(e) Failure to comply with this regulation shall be considered unprofessional conduct. (Authorized by and implementing K.S.A. 65-5806 and K.S.A. 2007 Supp. 74-7507; effective Feb. 13, 2009.)

102-3-15. Designation of referral source for use in the diagnosis and treatment of mental disorders. The “diagnostic and statistical manual of mental disorders,” fifth edition, published by the American psychiatric association, shall be designated as the manual to diagnose and treat mental disorders. (Authorized by K.S.A. 65-5802, K.S.A. 65-5804a, and K.S.A. 74-7507; implementing K.S.A. 65-5804a; effective Aug. 4, 2000; amended April 22, 2005; amended March 15, 2019.)

Article 4.—MASTER'S LEVEL PSYCHOLOGISTS

102-4-2. Fees. (a) Each applicant or licensee shall pay the appropriate fee or fees as follows:

- (8) replacement of a master's level psychologist or a clinical psychotherapist wallet card license, \$2;
- (9) reinstatement of a master's level psychologist license after suspension or revocation, \$100;
- (10) reinstatement of a clinical psychotherapist license after suspension or revocation, \$125;

(11) temporary master's level psychologist license, \$100;

(12) temporary, 15-day permit for an out-of-state licensed independent clinical master's level psychologist, \$200; or

(13) temporary, 15-day permit for an out-of-state licensed independent clinical master's level psychologist extension, \$200.

(b) Each applicant for reinstatement of a master's level psychologist license after its expiration date shall pay the renewal fee in addition to the penalty fee of \$100.

(c) Each applicant for reinstatement of a clinical psychotherapist license after its expiration date shall pay the renewal fee in addition to the penalty fee of \$125.

(d) Fees paid to the board shall not be refundable. (Authorized by K.S.A. 74-5365, 74-5367, 74-5367a, and 74-7507; implementing K.S.A. 74-5363, 74-5365, 74-5366, 74-5367, and 74-5367a; effective, T-102-2-23-89, Feb. 23, 1989; effective April 3, 1989; amended, T-102-11-29-90, Nov. 29, 1990; amended Jan. 21, 1991; amended Aug. 4, 1995; amended Oct. 24, 1997; amended Aug. 4, 2000; amended July 1, 2005; amended, T-102-7-2-07, July 2, 2007; amended Nov. 30, 2007; amended March 8, 2019.)

102-4-9b. Renewal audit. (a) A random audit of the continuing education documentation for 10 percent of the master's level psychologist licenses and the clinical psychotherapist licenses expiring each month shall be conducted by the board.

(b) Each licensee selected for the random audit shall be notified in writing after the board has received the licensee's renewal application form required by K.A.R. 102-4-9a.

(c) Upon board notification, each renewal applicant shall submit the following to the board within 30 days after the license expiration date:

- (1) The completed renewal audit forms; and
- (2) the original continuing education documents that validate all continuing education units claimed for credit during the current renewal period.

(d) Continuing education units that a renewal applicant earns after board receipt of the renewal application form shall not be approved for continuing education credit for the current renewal period.

(e) Failure to comply with this regulation shall be considered unprofessional conduct. (Authorized by

and implementing K.S.A. 74-5365 and K.S.A. 2007 Supp. 74-7507; effective Feb. 13, 2009.)

102-4-15. Designation of referral source for use in the diagnosis and treatment of mental disorders. The “diagnostic and statistical manual of mental disorders,” fifth edition, published by the American psychiatric association, shall be designated as the manual to diagnose and treat mental disorders. (Authorized by K.S.A. 74-5361, 74-5363, and 74-7507; implementing K.S.A. 74-5363; effective Aug. 4, 2000; amended April 22, 2005; amended March 15, 2019.)

Article 5.—LICENSING OF MARRIAGE AND FAMILY THERAPISTS

102-5-2. Fees. (a) Each applicant or licensee shall pay the appropriate fee or fees as follows:

- (1) Application for a marriage and family therapist license, \$50;
- (2) application for a clinical marriage and family therapist license, \$50;
- (3) original marriage and family therapist license, \$150;

- (8) replacement of a marriage and family therapist or a clinical marriage and family therapist wallet card license, \$2;
- (9) reinstatement of a marriage and family therapist license, \$100;
- (10) reinstatement of a clinical marriage and family therapist license, \$125;
- (11) temporary marriage and family therapist license, \$150;
- (12) temporary, 15-day permit for an out-of-state licensed independent clinical marriage and family therapist, \$200; or
- (13) temporary, 15-day permit for an out-of-state licensed independent clinical marriage and family therapist extension, \$200.

(b)(1) Each applicant for renewal of a marriage and family therapist license after its expiration date shall pay the renewal fee in addition to the late renewal penalty of \$100.

(2) Each applicant for renewal of a clinical marriage and family therapist license after its expiration date shall pay the renewal fee in addition to the late renewal penalty of \$125.

(c) Fees paid to the board shall not be refundable. (Authorized by K.S.A. 65-6405a, 65-6411, and 74-7507; implementing K.S.A. 65-6405, 65-6405a and 65-6411; effective March 29, 1993; amended Aug. 23, 1993; amended Aug. 4, 1995; amended Oct. 24, 1997; amended Aug. 4, 2000; amended July 1, 2005; amended, T-102-7-2-07, July 2, 2007; amended Nov. 30, 2007; amended March 8, 2019.)

102-5-3. Education requirements. (a) Definitions. For purposes of this regulation, the following terms shall be defined as follows:

(1) “Core faculty member” means an individual who is part of the program’s teaching staff and who meets the following conditions:

(A) Is an individual whose education, training, and experience are consistent with the individual’s role within the program and are consistent with the published description of the goals, philosophy, and educational purpose of the program;

(B) is an individual whose primary professional employment is at the institution in which the program is housed; and

(C) is an individual who is identified with the program and is centrally involved in program development, decision making, and student training as demonstrated by consistent inclusion of the individual’s name in public and departmental documents.

(2) “In residence,” when used to describe a student, means that the student is present at the physical location of the institution for the purpose of completing coursework during which the student and one or more core faculty members are in face-to-face contact.

(3) “Primary professional employment” means a minimum of 20 hours per week of instruction, research, any other service to the institution in the course of employment, and the related administrative work.

(b) Each applicant for licensure shall meet both of the following education requirements:

(1) Each applicant shall have been awarded a master’s or doctoral degree that meets the standards in subsection (c), (e), or (f).

(2) The applicant shall have completed no less than 50% of the coursework for the degree “in residence” at one institution, and the required practicum shall be completed at the same institution.

(c) To qualify for licensure with a master's or doctoral degree from a marriage and family therapy program, both of the following requirements shall be met:

(1) The college or university at which the applicant completed a master's or doctoral degree in marriage and family therapy shall be regionally accredited, with accreditation standards equivalent to those in Kansas.

(2) The marriage and family therapy program through which the applicant completed a master's or doctoral degree either shall be accredited by the commission on accreditation for marriage and family therapy education or shall meet the standards set out in subsection (d).

(d) Each marriage and family therapy program that is not accredited by the commission on accreditation for marriage and family therapy education shall meet all of these conditions:

(1) The program requires satisfactory completion by the applicant of a marriage and family therapy practicum, or its equivalent, that is provided by the program and that fulfills these conditions:

(A) Is a part-time clinical experience that integrates didactic learning with clinical experience and that is completed concurrently with didactic coursework at a typical rate of five to 10 hours of direct client contact per week;

(B) consists of at least 300 total hours of client contact; and

(C) includes at least 60 total hours of supervision that is provided by the program's core faculty and off-site supervisors. The practicum shall provide a minimum of 30 supervised hours in an individual format and no more than 30 supervised hours in a group format. Supervision shall occur at least once a week.

(2) The program requires that each marriage and family therapy student successfully complete a minimum of nine graduate semester credit hours, or the academic equivalent, in each of the following substantive content areas:

(A) Human development and family study courses in which the interplay between interpersonal and intrapersonal development is stressed and issues of gender, ethnicity, and ecosystems are addressed as they relate to human development. These courses may include studies in sexuality, sexual functioning, sexual identity, sexism, stereotyping, and racism;

(B) theoretical foundations of marital and family functioning courses, including an overview of the historical development of systems theory and

cybernetics, a study of the life cycle of the family, and a study of family processes and the modification of family structures over time. These courses may include studies in the birth of the first child, adolescent sexual development, death of a family member, and issues of context, including gender and ethnicity; and

(C) marital and family assessment and therapy courses that underscore the interdependence between diagnosis or assessment and treatment by ensuring that students can use appropriate assessment instruments and methods within a systemic context. These courses shall provide a thorough understanding of the major theoretical models of systemic change, including structural, strategic, intergenerational, contextual, experiential, systemic, and behavioral theories. These courses also shall teach the principles and techniques evolving from each theory. In addition, the courses shall identify the indications and contraindications for use of each theory or technique and shall address the rationale for intervention, the role of the therapist, and the importance of considering gender and ethnicity in selecting and using assessment and treatment methods.

(3) The program requires that each marriage and family therapy student successfully complete a minimum of three graduate semester credit hours, or the academic equivalent, in each of the following substantive content areas:

(A) A professional study course that contributes to the development of a professional attitude and identity by examining the role of professional socialization, professional organizations, licensure and certification, the code of ethics, the legal responsibilities and liabilities of clinical practice and research, and interprofessional cooperation, as these topics relate to the profession and practice of marriage and family therapy. A generic course in ethics shall not be considered appropriate for this area of study; and

(B) a research course in which students gain an understanding of research methodology, data analysis, computer research skills, and evaluation and critical examination of professional research reports. The emphasis of the course shall be placed on the quantitative and qualitative research that is relevant to marriage and family therapy.

(e) To qualify for licensure with a master's or doctoral degree in a related field, both of the following requirements shall be met:

(1) The college or university at which the applicant completed a master's or doctoral degree

in a related field shall be regionally accredited, with accreditation standards equivalent to those in Kansas.

(2) To be considered equivalent to a marriage and family therapy program, the related-field degree program shall have provided and the applicant shall have completed the requirements of subsection (d).

(f) To qualify for licensure with a master's or doctoral degree in a related field with additional coursework in marriage and family therapy, both of the following requirements shall be met:

(1) The college or university at which the applicant completed a master's or doctoral degree in a related field shall be regionally accredited, with accreditation standards equivalent to those in Kansas.

(2) The marriage and family therapy program through which the applicant obtained additional coursework in marriage and family therapy either shall be accredited by the commission on accreditation for marriage and family therapy education or shall meet the standards approved by the board as set out in subsection (d).

(g) Each applicant for licensure as a clinical marriage and family therapist whose master's or doctoral degree is earned on or after July 1, 2003 shall meet the following education requirements:

(1) A graduate degree as required by the board for licensure as a licensed marriage and family therapist in accordance with subsection (c), (e), or (f); and

(2) in addition to or as a part of the academic requirements for the graduate degree, completion of 15 graduate semester credit hours, or the academic equivalent, supporting diagnosis and treatment of mental disorders using the "diagnostic and statistical manual of mental disorders" as specified in K.A.R. 102-5-14. Three of the 15 semester credit hours, or the academic equivalent, shall consist of a discrete academic course with the primary and explicit focus of psychopathology and the diagnosis and treatment of mental disorders as classified in the "diagnostic and statistical manual of mental disorders." The remaining 12 graduate semester credit hours, or their academic equivalent, shall consist of academic courses with the primary and explicit focus of diagnostic assessment, interdisciplinary referral and collaboration, treatment approaches, and professional ethics or other coursework that specifically contains identifiable, equivalent instruction. The 15 graduate semester credit hours shall be from an educational

institution and graduate degree program meeting the requirements described in subsection (c), (e), or (f).

(h) The following activities shall not be substituted for or counted toward any of the education or supervised experience requirements set out in subsections (b) through (g):

(1) Academic courses that the applicant completed as a part of or in conjunction with undergraduate degree requirements;

(2) independent studies;

(3) thesis or independent research courses;

(4) academic coursework that has been audited rather than graded;

(5) academic coursework for which the applicant received an incomplete or a failing grade;

(6) graduate or postgraduate coursework or experiential training provided by colleges, universities, institutes, or training programs that do not qualify under subsection (c), (e), or (f); and

(7) continuing education, an in-service activity, or on-the-job training. (Authorized by K.S.A. 2010 Supp. 65-6404 and K.S.A. 2010 Supp. 74-7507; implementing K.S.A. 2010 Supp. 65-6404; effective March 29, 1993; amended Dec. 19, 1997; amended July 7, 2003; amended Oct. 27, 2006; amended April 15, 2011.)

102-5-7b. Requirements for board-approved clinical supervisor; application.

(a) Each licensee providing postgraduate clinical supervision shall be a board-approved clinical supervisor. This requirement shall apply to each individual commencing a new supervisory relationship on or after July 1, 2017.

(b) In addition to meeting the requirements in K.S.A. 2016 Supp. 65-6414 and amendments thereto and K.A.R. 102-5-7a, the licensee shall successfully complete clinical supervision training, which shall be approved by the board and be specific to providing supervision or becoming a supervisor. This training shall include either 15 hours of continuing education in supervision or one semester credit hour of a graduate-level course on supervision or the academic equivalent at an accredited college or university approved by the board, each of which shall cover the following material:

(1) Hands-on practice in supervision, consisting of at least eight hours;

(2) best practices of supervision;

(3) classic and postmodern systemic supervision models;

(4) ethical and legal issues, including risk management;

(5) culture and context in supervision;

(6) structuring supervision;

(7) the importance of a positive working relationship between the supervisor and supervisee; and

(8) Kansas marriage and family therapist statutes and regulations.

(c) Each licensee applying for approval as a clinical supervisor shall obtain the appropriate application forms from the board and submit the completed application materials to the board.

(d) To maintain approval as a clinical supervisor, each approved clinical supervisor shall successfully complete the required continuing education specified in K.A.R. 2016 Supp. 65-6414, and amendments thereto. (Authorized by K.S.A. 2016 Supp. 74-7507; implementing K.S.A. 2016 Supp. 65-6414; effective, T- 102-5-24-17, May 24, 2017; effective Oct. 6, 2017.)

102-5-9a. Renewal audit. (a) A random audit of the continuing education documentation for 10 percent of the marriage and family therapist licenses and the clinical marriage and family therapist licenses expiring each month shall be conducted by the board.

(b) Each licensee selected for the random audit shall be notified in writing after the board has received the licensee's renewal application form required by K.A.R. 102-5-9.

(c) Upon board notification, each renewal applicant shall submit the following to the board within 30 days after the license expiration date:

(1) The completed renewal audit forms; and

(2) the original continuing education documents that validate all continuing education units claimed for credit during the current renewal period.

(d) Continuing education units that a renewal applicant earns after board receipt of the renewal application form shall not be approved for continuing education credit for the current renewal period.

(e) Failure to comply with this regulation shall be considered unprofessional conduct. (Authorized by and implementing K.S.A. 65-6407 and K.S.A. 2007 Supp. 74-7507; effective Feb. 13, 2009.)

102-5-14. Designation of referral source for use in the diagnosis and treatment of mental disorders. The "diagnostic and statis-

tical manual of mental disorders," fifth edition, published by the American psychiatric association, shall be designated as the manual to diagnose and treat mental disorders. (Authorized by K.S.A. 65-6402, K.S.A. 65-6404, and K.S.A. 74-7507; implementing K.S.A. 65-6404; effective Aug. 4, 2000; amended April 22, 2005; amended March 15, 2019.)

(b) Each applicant for license renewal after its expiration date shall pay, in addition to the renewal fee, the applicable late renewal penalty fee as follows:

(1) Licensed addiction counselor: \$50;

(2) licensed master’s addiction counselor: \$75; or

(3) licensed clinical addiction counselor: \$100.

(c) Fees paid to the board shall not be refundable. (Authorized by K.S.A. 65-6618 and 74-7507; implementing K.S.A. 65-6618; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012; amended March 8, 2019.)

102-7-3. Educational requirements. (a)(1) “Core faculty member” means an individual who is part of the teaching staff of a program covered by this regulation and who meets the following conditions:

(A) Has education, training, and experience consistent with the individual’s role within the program and consistent with the published description of the goals, philosophy, and educational purpose of the program;

(B) has primary professional employment at the institution in which the program is housed; and

(C) is identified with the program and is centrally involved in program development, decision making, and student training as demonstrated by consistent inclusion of the individual's name in public and departmental documents.

(2) "In residence," when used to describe a student, means that the student is present at the physical location of the institution or at any other location approved by the board for the purpose of completing coursework, during which the student and one or more core faculty members, adjunct faculty members, or agency internship supervisors are in face-to-face contact.

(3) "Primary professional employment" means at least 20 hours each week of instruction, research, or any other service to the institution in the course of employment, and related administrative work.

(4) "Skill-based coursework" means those courses that allow students to work on basic helping skills including open-ended questions, clarification, interpretation, response to feelings, and summarization.

(b) To qualify for licensure as an addiction counselor with a baccalaureate degree in addiction counseling or a baccalaureate degree in a related field that included all coursework requirements, the applicant shall hold one of the following:

(1) A baccalaureate degree in addiction counseling or a related field. When the degree was granted, the program met the standards approved by the board;

(2) a baccalaureate degree in addiction counseling or a related field, if the applicant began the program on or before May 1, 2011 and the baccalaureate degree is conferred on or before June 1, 2012, from a program that was approved by the Kansas department of social and rehabilitation services, division of addiction and prevention services; or

(3) a baccalaureate degree in addiction counseling or a related field, if the applicant began the program on or before June 30, 2012, from a program that included at least 30 semester hours, or the academic equivalent, in coursework on substance use disorders and that meets the coursework requirements in subsection (c).

(c) Each applicant for licensure as an addiction counselor shall have satisfactorily completed formal academic coursework that contributes to the development of a broad conceptual framework for addiction counseling theory and practice. This formal academic coursework shall be distributed

across the substantive content areas specified in this subsection. For applicants who graduate on or after July 1, 2013, two of the following courses shall be completed while the student is in residence: methods of individual counseling, methods of group counseling, practicum one, or practicum two. A maximum of three semester hours, or the academic equivalent, may be completed in independent study. Except for the required courses in a practicum or its equivalent, there shall be at least three discrete and unduplicated semester hours, or the academic equivalent, in each of the following content areas:

(1) Introduction to addiction, which shall include the study of the nature of addiction and other substance use-related problems; models, theories, philosophies, principles, implications for medical and mental health conditions that coexist with addiction, and evidence-based strategies of addiction prevention, treatment, relapse prevention, continuing care, and recovery; and the impact of addiction on the individual, family, and society;

(2) methods of individual counseling, which shall include the study of culturally informed, ethical, evidence-based models and approaches to individual counseling; methods for establishing effective therapeutic relationships, developing realistic and achievable treatment goals, and assessing client substance use, functioning, motivation, and progress; and strategies for crisis prevention and intervention;

(3) methods of group counseling, which shall include the study of culturally informed, ethical, evidence-based models and approaches to group counseling; group facilitation and counseling skills; and methods for establishing group goals and treatment outcomes;

(4) addiction pharmacology, which shall include the study of the nature of psychoactive chemicals; the behavioral, psychological, physiological, and social effects of psychoactive substance use; symptoms of intoxication, withdrawal, and toxicity; toxicity screen options, limitations, and legal implications; and the use of pharmacotherapy for treatment of addiction;

(5) co-occurring disorders, which shall include the study of the symptoms of mental health and other disorders prevalent in individuals with substance use disorders, screening and assessment tools used to detect and evaluate the presence and severity of co-occurring disorders, and evidence-based strategies for managing risks

associated with treating individuals who have co-occurring disorders;

(6) addiction services coordination, which shall include the study of administrative, clinical, evaluative, and referral activities used to connect clients with treatment services and other community resources; navigation and coordination across multiple systems; and case management and advocacy skills used to assist clients in achieving their treatment and recovery goals;

(7) legal and ethical issues, which shall include the study of established codes of ethical conduct, standards of professional behavior and scope of practice; client rights, responsibilities, and informed consent; and confidentiality and other legal considerations in counseling;

(8) family and community studies, which shall include the study of family, social, and community systems; the impact of addiction on the family and society; and the development of culturally informed skills utilized in the treatment and recovery process;

(9) at least six semester credit hours, or the academic equivalent, of practicum or its equivalent, which shall include the following:

(A) An experience that integrates didactic learning that is related to substance use disorders with face-to-face, direct counseling experience that includes intake and assessment, counseling, treatment planning, discharge planning, documentation, and case management activities;

(B) at least 400 clock-hours of practice; and

(C) at least one hour of supervision for every 10 hours of practice. Supervision shall be provided by the educational program's faculty and agency staff, at least one of whom shall be licensed in the behavioral sciences; and

(10) for applicants who graduate on and after July 1, 2012, at least three discrete and unduplicated semester hours, or the academic equivalent, in the study of research, which shall include the study of basic research design and methodology; critical evaluation and interpretation of professional research reports; introduction to data collection, performance measurement, and outcome evaluation; and the application of research results in a treatment setting.

(d) To qualify for licensure as an addiction counselor with a baccalaureate degree in a related field with additional coursework in addiction counseling, the following requirements shall be met:

(1) The college or university at which the applicant completed a baccalaureate degree in a

related field shall be regionally accredited with accreditation standards equivalent to those met by Kansas colleges and universities.

(2) The applicant shall meet the coursework requirements in subsection (c).

(3) The program through which the applicant obtained additional coursework in addiction counseling shall meet the standards approved by the board as specified in subsections (i) and (j).

(e) To qualify for licensure as an addiction counselor while holding a baccalaureate social work license in Kansas, the applicant shall complete the coursework specified in paragraphs (c) (1), (4), and (9).

(f) To qualify for licensure as a clinical addiction counselor with a master's degree in addiction counseling or a master's degree in a related field that included all coursework requirements, the applicant shall hold one of the following:

(1) A master's degree in addiction counseling or a related field. When the degree was granted, the program met the standards approved by the board;

(2) a master's degree in addiction counseling or a related field, if the applicant began the program on or before May 1, 2011 and the master's degree is conferred on or before June 1, 2012 from a program that was approved by the Kansas department of social and rehabilitation services, division of addiction and prevention services; or

(3) a master's degree in addiction counseling or a related field. Part of the coursework completed for the master's degree shall be at least 30 graduate semester credit hours, or the academic equivalent, supporting the diagnosis and treatment of substance use disorders and shall meet the coursework requirements in subsection (g).

(g) Each applicant for licensure as a clinical addiction counselor shall have satisfactorily completed formal academic coursework that contributes to the development of a broad conceptual framework for addiction counseling theory and practice. This formal academic coursework shall be distributed across the substantive content areas specified in this subsection. For applicants who graduate on or after July 1, 2013, half of all skill-based coursework shall be completed while the student is in residence, as defined in this regulation. A maximum of three graduate semester hours, or the academic equivalent, may be completed in independent study. There shall be at least three discrete and unduplicated graduate semester hours, or the academic equivalent, in each of the following content areas:

(1) Addiction and recovery services, which shall include the study and critical analysis of philosophies and theories of addiction and scientifically supported models of prevention, intervention, treatment, and recovery for addiction and other substance-related problems;

(2) advanced methods of individual and group counseling, which shall include the study of practical skills related to evidence-based, culturally informed individual and group counseling techniques and strategies designed to facilitate therapeutic relationships and the educational and psychosocial development of clients as specifically related to their addiction;

(3) advanced pharmacology and substance use disorders, which shall include the study of the pharmacological properties and effects of psychoactive substances; physiological, behavioral, psychological, and social effects of psychoactive substances; drug interactions; medication-assisted addiction treatment; and pharmacological issues related to co-occurring disorders treated with prescription psychotropic medications;

(4) integrative treatment of co-occurring disorders, which shall include the study of the relationship between addiction and co-occurring mental or physical disorders or other conditions and evidenced-based models for the screening, assessment, and collaborative treatment of co-occurring disorders;

(5) assessment and diagnosis, which shall include the study of a comprehensive clinical assessment process that addresses age, gender, disability, and cultural issues; the signs, symptoms, and diagnostic criteria used to establish substance use-disorder diagnoses; and the relationship between diagnosis, treatment, and recovery;

(6) professional ethics and practice, which shall include the study of professional codes of ethics and ethical decision making; client privacy rights and confidentiality; legal responsibilities and liabilities of clinical supervision; and professional identity and development issues;

(7) applied research, which shall include the study of the purposes and techniques of behavioral sciences research, including qualitative and quantitative approaches, research methodology, data collection and analysis, electronic research skills, outcome evaluation, critical evaluation and interpretation of professional research reports, and practical applications of research. A maximum of three semester hours, or the academic

equivalent, may be completed in thesis or independent research courses;

(8) practicum or its equivalent, which shall meet the following requirements:

(A) Be a clinical experience that integrates didactic learning supporting the diagnosis and treatment of substance use disorders;

(B) include at least 300 hours of client contact; and

(C) provide at least one hour of supervision for every 10 hours of client contact. Supervision shall be provided by the program's faculty and agency supervisors, at least one of whom shall be licensed at the clinical level by the board; and

(9) six additional graduate semester hours of academic coursework that contributes to the development of advanced knowledge or skills in addiction counseling, supervision, or research.

(h) To qualify for licensure as a clinical addiction counselor with a master's degree in a related field with additional coursework in addiction counseling, the following requirements shall be met:

(1) The college or university at which the applicant completed a master's degree in a related field shall be regionally accredited with accreditation standards equivalent to those met by Kansas colleges and universities.

(2) The applicant shall meet the coursework requirements in subsection (g).

(3) The program through which the applicant obtained additional coursework in addiction counseling shall meet the standards approved by the board as specified in subsections (i) and (j).

(i) In order to be approved by the board, each addiction counseling program or related-field program, except the related-field degree listed in paragraphs (d)(1) and (h)(1), shall meet the following conditions:

(1) Have established program admission requirements that are based, in part or in full, on objective measures or standardized achievement tests and measures;

(2) offer education and training in addiction counseling, one goal of which is to prepare students for the practice of addiction counseling;

(3) require an established curriculum that encompasses at least one academic year of study for a baccalaureate degree or two academic years of study for a master's degree;

(4) have clear administrative authority and primary responsibility within the program for the core and specialty areas of training in addiction counseling;

(5) have an established, organized, and comprehensive sequence of study that is planned by administrators who are responsible for providing an integrated educational experience in addiction counseling;

(6) for a master's degree program, be coordinated or directed by an identifiable person who holds a graduate degree that was earned from a regionally accredited college or university upon that person's actual completion of a formal academic training program;

(7) have an identifiable, full-time core faculty member who holds an earned graduate degree in addiction counseling or a related field;

(8) have an established, identifiable body of students who are formally enrolled in the program with the goal of obtaining coursework for the concentration in the study of addiction counseling;

(9) require the student's major advisor to be a member of the program faculty;

(10) require each student to complete the institution's requirements for the number of credit hours that must be completed at that institution and to satisfactorily complete an addiction counseling practicum or its equivalent that is provided by the program from which the student completes the concentration in the study of addiction counseling. The required practicum shall meet the following requirements:

(A) Accept as practicum students only applicants enrolled in the addiction counseling or related-field program;

(B) provide the majority of supervision by an individual who is licensed at the clinical level by the board;

(C) exist as a distinct and organized program that is clearly recognizable within an institution or agency, as well as in pertinent public, official documents issued by the institution or agency, and that is clearly recognizable as a training program for addiction counselors;

(D) identify students as being in training and not as staff members; and

(E) be an integrated and formally organized training experience, not an after-the-fact tabulation of experience; and

(11) conduct an ongoing, objective review and evaluation of each student's learning and progress and report this evaluation in the official student transcripts.

(j) In order to be approved by the board, each addiction counseling program or related-field program, except the related-field degree listed in

paragraphs (d)(1) and (h)(1), shall meet the following requirements:

(1) Be regionally accredited, with accreditation standards equivalent to those met by Kansas colleges and universities;

(2) document in official publications, including course catalogs and announcements, the program description and standards and the admission requirements for the addiction counseling or related-field education and training program;

(3) identify and clearly describe in pertinent institutional catalogs the coursework, experiential, and other academic program requirements that must be satisfied before conferral of the degree;

(4) clearly identify and specify in pertinent institutional catalogs the intent to educate and train addiction counselors;

(5) have clearly established the addiction counselor or related-field education program as a coherent entity within the college or university that, when the applicant's degree was conferred, met the program standards in subsection (i);

(6) have conferred the degree upon the applicant's successful completion of an established and required formal program of studies; and

(7) have a library and equipment and resources available that are adequate for the size of the student body and the scope of the program offered.

(k) The following types of study shall not be substituted for or counted toward the coursework requirements of this regulation:

(1) Academic coursework that has been audited rather than graded;

(2) academic coursework for which the applicant received an incomplete or failing grade;

(3) coursework that the board determines is not closely related to the field or practice of addiction counseling;

(4) coursework or training provided by any college, university, institute, or training program that does not meet the requirements of subsections (i) and (j); and

(5) any continuing education, in-service activity, or on-the-job training. (Authorized by K.S.A. 2013 Supp. 74-7507; implementing K.S.A. 2013 Supp. 65-6610; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012; amended, T-102-7-16-13, July 16, 2013; amended Dec. 2, 2013.)

102-7-4. Application for licensure. (a) Each applicant for licensure as an addiction counselor or a clinical addiction counselor shall request

the appropriate licensure application forms from the executive director of the board.

(b) Each applicant for licensure as an addiction counselor shall submit the completed application materials to the board and perform the following:

(1) Submit the full payment of the licensure application fee as specified in K.A.R. 102-7-2;

(2) submit, on board-approved forms, two professional references. Each individual submitting a reference shall meet all of the following conditions:

(A) Not be related to the applicant;

(B) be authorized by law to practice addiction counseling or to practice in a related field; and

(C) be able to address the applicant's professional conduct, competence, and merit of the public trust;

(3) if not previously provided to the board, submit, on a board-approved form, a third professional reference from an individual who shall meet the following conditions:

(A) Not be related to the applicant;

(B) if the individual is the applicant's practicum supervisor, be authorized by law to practice addiction counseling; and

(C) have served as the applicant's on-site practicum supervisor or, if that supervisor is unavailable, the program director or any person who has knowledge of the applicant's practicum experience on the basis of the applicant's practicum records; and

(4) meet either of the following requirements:

(A) Currently hold a license issued by the board at the master's level or above; or

(B)(i) Demonstrate completion of the educational requirements specified in K.A.R. 102-7-3; and

(ii) arrange for the applicant's transcripts covering all applicable college or university coursework to be sent directly from each academic institution to the board office. Each applicant who graduated from a college or university outside the United States also shall arrange for the applicant's transcript to be translated and evaluated for degree equivalency by a source and in a manner that are acceptable to the board.

(c) Each applicant for licensure as a clinical addiction counselor shall submit the completed application materials to the board and perform the following:

(1) Submit the full payment of the licensure application fee as specified in K.A.R. 102-7-2;

(2) demonstrate that the applicant is licensed by the board as an addiction counselor or meets all

requirements for licensure as a licensed addiction counselor;

(3) if not previously provided to the board, submit, on board-approved forms, two professional references. Each individual submitting a reference shall meet all of the following conditions:

(A) Not be related to the applicant;

(B) be authorized by law to practice addiction counseling or to practice in a related field; and

(C) be able to address the applicant's professional conduct, competence, and merit of the public trust;

(4) if not previously provided to the board, submit, on a board-approved form, a third professional reference from an individual who shall meet the following conditions:

(A) Not be related to the applicant;

(B) if the individual is the applicant's practicum supervisor, be authorized by law to practice addiction counseling; and

(C) have served as the applicant's on-site practicum supervisor or, if that supervisor is unavailable, the program director or any person who has knowledge of the applicant's practicum experience on the basis of the applicant's practicum records;

(5) meet either of the following requirements:

(A) Demonstrate compliance with requirements pursuant to L. 2011, ch. 114, sec. 12(b)(1) (A)(iv), and amendments thereto; or

(B)(i) Demonstrate satisfactory completion of the graduate education requirements specified in K.A.R. 102-7-3; and

(ii) if not previously provided to the board, arrange for the applicant's transcripts covering all applicable college or university coursework to be sent directly from each academic institution to the board office. Each applicant who graduated from a college or university outside the United States also shall arrange for the applicant's transcript to be translated and evaluated for degree equivalency by a source and in a manner that are acceptable to the board; and

(6) submit each supervisor's attestation that the applicant has satisfactorily completed the postgraduate supervised professional experience requirements in accordance with a clinical supervision training plan approved by the board as specified in K.A.R. 102-7-6.

(d) The following provisions shall apply to each applicant for licensure as an addiction counselor and each applicant for licensure as a clinical addiction counselor:

(1) Upon the board's determination that the applicant has met the applicable educational requirements, each applicant shall pass an appropriate, nationally administered, standardized written examination approved by the board in accordance with K.A.R. 102-7-5.

(2) An applicant shall not be given a judgment on the applicant's eligibility for licensure until the board receives all application materials and the applicant completes all application procedures.

(3) Upon notification from the board that all eligibility requirements have been satisfied, the applicant shall submit the fee for the original two-year licensure period as specified in K.A.R. 102-7-2.

(4)(A) If any of the following conditions applies to the applicant, the applicant's application shall expire one year from the date on which it was submitted to the board or on the date the applicant's temporary license expires, whichever date is later, except as provided by paragraph (d)(4)(B):

(i) The applicant has not met the qualifications for licensure.

(ii) The applicant has not submitted a complete application.

(iii) The applicant has not submitted the original license fee.

(B) Any applicant whose application will expire under paragraph (d)(4)(A) may request that the application be kept open for an additional period of time, not to exceed six months, on the basis of extenuating circumstances. The applicant shall submit a written request to the board with a detailed explanation of the extenuating circumstances that are the basis of the applicant's request. The written request shall be submitted no later than 30 days before the application expires. If the request is approved by the board, the application shall remain open for the period of time stipulated by the board in its approval, which shall not exceed six months.

(C) Upon expiration of the application, the applicant may submit a new application, the required fee, and all supporting documents if the applicant wishes to reapply.

(e)(1) Any applicant who is determined by the board to meet the requirements of L. 2011, ch. 114, sec. 12 (a)(1), (2), and (4), and amendments thereto, may be granted a temporary license if the applicant submits a written request for a temporary license on a form approved by the board and the temporary license fee as specified in K.A.R. 102-7-2. Except as provided in para-

graph (e)(2), the temporary license shall remain in effect for 12 months.

(2) Any applicant whose 12-month temporary license is due to expire may request that the temporary license remain in effect for a period of time not to exceed six months on the basis of extenuating circumstances. The applicant shall submit a written request to the board with a detailed explanation of the extenuating circumstances that are the basis of the applicant's request. The written request shall be submitted no later than 30 days before the application expires. If the request is approved by the board, the temporary license shall remain in effect for the period of time stipulated by the board in its approval, which shall not exceed six months.

(f) For purposes of this regulation, the term "extenuating circumstances" shall mean any condition caused by events beyond a person's control that is sufficiently extreme in nature to result in either of the following:

(1) The person's inability to comply with the requirements of this regulation within the time frames established by this regulation or L. 2010, ch. 45, sec. 5, and amendments thereto; or

(2) the inadvisability of requiring the applicant to comply with the requirements of this regulation within the time frames established by this regulation and L. 2010, ch. 45, sec. 5, and amendments thereto. (Authorized by K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; implementing L. 2010, ch. 45, §4, as amended by 2011 HB 2182, §12, and K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012.)

102-7-4a. Licensure without examination. (a) Each applicant for licensure as an addiction counselor or clinical addiction counselor shall request the appropriate licensure application forms from the executive director of the board.

(b) Each applicant for licensure as an addiction counselor without examination shall submit the completed application materials to the board and meet the following requirements:

(1) Submit a certificate or written statement issued by the credentialing organization verifying that the applicant was registered or credentialed as an alcohol or other drug counselor pursuant to L. 2011, ch. 114, sec. 12, and amendments thereto, at any time from July 1, 2008 through June 30, 2011;

(2) submit an attestation, on a board-approved form, by the applicant that the applicant's last Kansas alcohol or other drug registration or credential was not suspended or revoked;

(3) submit documentation verifying that the applicant has completed two hours each of continuing education in ethics, confidentiality, and infectious disease during the three years immediately preceding application;

(4) submit, on board-approved forms, references from two professionals. Each individual submitting a reference shall meet all of the following conditions:

(A) Not be related to the applicant;

(B) be authorized to engage in the practice of addiction counseling or to practice in a related field; and

(C) be able to address the applicant's competence to perform the duties of an addiction counselor; and

(5) pay the application fee specified in K.A.R. 102-7-2.

(c) Each applicant for licensure as a clinical addiction counselor without examination shall submit to the board all application materials prescribed in paragraphs (b)(1) through (4), in addition to the following items:

(1) Documentation verifying that the applicant has completed six hours of continuing education in the diagnosis and treatment of substance use disorders during the three years immediately preceding the application date;

(2) (A) Documentation verifying that the applicant is authorized to practice independently as a licensed specialist clinical social worker, licensed clinical professional counselor, licensed clinical marriage and family therapist, licensed clinical psychotherapist, licensed psychologist, mental health advanced registered nurse practitioner, or advanced practice registered nurse or is a physician licensed to practice medicine and surgery; or

(B) (i) An official transcript verifying that the applicant holds a master's degree in a related field; and

(ii) an attestation, on a board-approved form, that the applicant has engaged in the practice, supervision, or administration of addiction counseling for at least four years with an average of at least eight hours each week for at least nine months of each of the four years; and

(3) payment of the application fee specified in K.A.R. 102-7-2.

(d) The following provisions shall apply to each applicant for licensure as an addiction counselor and each applicant for licensure as a clinical addiction counselor:

(1) An applicant shall not be given a judgment on the applicant's eligibility for licensure until the board receives all application materials and the applicant completes all application procedures.

(2) Upon notification from the board that all eligibility requirements for licensure without examination have been satisfied, the applicant shall submit the fee for the original two-year licensure period as specified in K.A.R. 102-7-2.

(3)(A) If any of the following conditions applies to the applicant, the applicant's application shall expire one year from the date on which it was submitted to the board:

(i) The applicant has not met the qualifications for licensure.

(ii) The applicant has not submitted a complete application.

(iii) The applicant has not submitted the original license fee.

(B) Upon expiration of the application, the applicant may submit a new application, the required fee, and all supporting documents if the applicant wishes to reapply. (Authorized by K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; implementing L. 2010, ch. 45, §4, as amended by L. 2011, ch. 114, §12, and K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012.)

102-7-4b. Application for licensure based on reciprocity.

(a) Each individual who wishes to be licensed as an addiction counselor or a clinical addiction counselor based on reciprocity, pursuant to L. 2011, ch. 114, sec. 13 and amendments thereto, shall submit an application for licensure in accordance with this regulation.

(b) Each applicant for licensure as an addiction counselor shall request the application forms for licensure by reciprocity from the board. Each applicant shall ensure that the application materials are submitted to the board as follows:

(1) The applicant shall submit the completed application form and payment in full of the application for a license fee, as specified in K.A.R. 102-7-2.

(2) The applicant shall forward to the licensing agency for the jurisdiction in which the applicant

is currently licensed, certified, or registered as an addiction counselor a form provided by the board on which the licensing agency is to provide the following information directly to the board:

(A) Verification that the applicant currently holds a valid license, registration, or certification to practice addiction counseling issued by the licensing agency;

(B) the date on which the applicant was initially licensed, registered, or certified as an addiction counselor by the licensing agency and a complete history of each subsequent renewal, reinstatement, and lapse in licensure, registration, or certification. If an applicant is seeking licensure based on reciprocity pursuant to L. 2011, ch. 114, sec. 13 (a)(2) and amendments thereto, the applicant shall ensure that documentation covering the five years of continuous licensure, registration, or certification as an addiction counselor that immediately precede the date of the application is submitted to the board by the licensing agency for each jurisdiction in which the applicant was licensed, registered, or certified during that five-year period; and

(C) a complete history of any disciplinary action of a serious nature brought by the licensing agency against the applicant. For purposes of this regulation, "disciplinary action of a serious nature" shall mean the revocation or suspension of a license, registration, or certification issued by the licensing board or the voluntary surrender of a license, registration, or certification in lieu of the completion of an investigation or final disciplinary action.

(3) The applicant either shall provide verification that the standards for licensure, certification, or registration as an addiction counselor in that jurisdiction are substantially equivalent to the standards in Kansas or shall meet the following requirements:

(A)(i) Demonstrate completion of a baccalaureate or master's degree in addiction counseling as specified in K.A.R. 102-7-3; or

(ii) demonstrate completion of a baccalaureate or master's degree in a related field that included all required addiction counseling coursework requirements as specified in K.A.R. 102-7-3; and

(B) arrange for the applicant's transcripts covering all applicable college or university coursework to be sent directly from each academic institution to the board office. Each applicant who graduated from a college or university outside the United States also shall arrange for the applicant's transcript to be translated and evaluated for degree

equivalency by a source and in a manner that are acceptable to the board.

(4) The applicant shall submit an attestation that the applicant engaged in the professional practice of addiction counseling an average of at least 15 hours each week for nine months during each of the five years immediately preceding the date of application for licensure based on reciprocity.

(c) In addition to meeting the requirements of subsection (b), each applicant for licensure as a clinical addiction counselor shall demonstrate competence to diagnose and treat substance use disorders by submitting at least two of the following forms of documentation:

(1)(A) A transcript sent directly from a regionally accredited university or college documenting satisfactory completion of 15 graduate credit hours supporting diagnosis or treatment of substance use disorders, including the following coursework:

(i) Three graduate semester hours of discrete coursework in ethics;

(ii) three graduate semester hours of discrete coursework in the diagnosis of substance use disorders that includes studies of the established diagnostic criteria for substance use disorders; and

(iii) coursework that addresses interdisciplinary referrals, interdisciplinary collaborations, and treatment approaches; or

(B) verification from either the licensing agency or the testing service that the applicant passed a national clinical examination approved by the board, including the applicant's score on the exam and the passing score established for the exam;

(2) one or both of the following types of documentation, which shall cover periods of time totaling at least three years:

(A) An attestation by a supervisor or other designated representative of the applicant's employer that the applicant has at least three years of clinical practice, including at least eight hours of client contact each week during nine months or more of each year, in a treatment facility, community mental health center or its affiliate, state mental hospital, or another employment setting in which the applicant engaged in clinical practice that included diagnosis or treatment of substance use disorders; or

(B) an attestation by the applicant that the applicant engaged in at least three years of independent clinical practice that included diagnosis or treatment of substance use disorders, as well as supporting documentation in the form of a published job description, a description of the applicant's practice

in a public information brochure, a description of services in an informed consent document, or other similar published statements demonstrating that the applicant has engaged in independent clinical practice for at least three years; or

(3) an attestation that the applicant has demonstrated competence in diagnosis or treatment of substance use disorders, which shall be signed by either a professional licensed to practice medicine and surgery or a professional licensed psychologist, a licensed clinical social worker, or another professional licensed to diagnose and treat mental disorders or substance use disorders, or both, in independent practice. (Authorized by K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; implementing L. 2010, ch. 45, §7, as amended by 2011 HB 2182, §13; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012.)

102-7-5. Examination for addiction counselor or clinical addiction counselor. (a)

(1) Each applicant for licensure as an addiction counselor who does not meet the requirements of K.A.R. 102-7-4a or 102-7-4b shall be required to pass a nationally administered, standardized written examination approved by the board.

(2) An applicant shall not be authorized to register for an examination until the applicant is within at least four months of anticipated completion of the applicable academic degree requirements and has satisfied the board that the applicant merits the public trust. Each applicant who has not completed the applicable academic degree requirements on the date that the application is submitted shall arrange for the required transcripts to be sent to the board when the academic degree is awarded to the applicant.

(3) The applicant's required written examination may be waived by the board if the applicant obtained a passing score as determined by the examination company on a nationally administered, standardized written examination deemed by the board to be substantially equivalent to the examination used in this state.

(b)(1) Each applicant for licensure as a clinical addiction counselor who does not meet the requirements of K.A.R. 102-7-4a or 102-7-4b shall be required to pass a nationally administered, standardized written clinical examination approved by the board.

(2) An applicant shall not be authorized to register for the clinical examination or to qualify for

a waiver of the examination until the applicant has fulfilled all educational requirements and has satisfied the board that the applicant merits the public trust.

(3) The applicant's required written clinical examination may be waived by the board if the applicant obtained a passing score as determined by the examination company on a standardized written examination deemed by the board to be substantially equivalent to the examination used in this state. (Authorized by K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; implementing L. 2010, ch. 45, §4, as amended by 2011 HB 2182, §12; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012.)

102-7-6. Professional postgraduate supervised experience requirement for a clinical addiction counselor. For each applicant for licensure as a clinical addiction counselor, the postgraduate supervised professional experience of addiction counseling shall meet all of the following requirements:

(a) The postgraduate supervised professional experience of addiction counseling shall consist of 4,000 hours of professional experience, including 1,500 hours of direct client contact conducting substance abuse assessments and treatment.

(b) Except as provided in subsection (c), clinical supervision shall be provided throughout the entirety of the postgraduate supervised professional experience at a ratio of one hour of clinical supervision for each 20 hours of direct client contact, specified as follows:

(1) At least 50 hours of one-on-one, individual clinical supervision occurring with the supervisor and supervisee in the same physical space;

(2) at least 100 hours of clinical supervision with one supervisor and no more than six supervisees, which may be obtained in person or, if confidentiality is technologically protected, person-to-person contact by interactive video or other telephonic means; and

(3) at least two separate clinical supervision sessions per month, at least one of which shall be one-on-one individual supervision.

(c) Each applicant with a doctor's degree in addiction counseling or a related field as defined in K.A.R. 102-7-1(s) shall be required to complete, after the doctoral degree is granted, at least one-half of the postgraduate supervised professional experience requirements as follows:

(1) At least 25 hours of one-on-one, individual clinical supervision occurring with the supervisor and supervisee in the same physical space;

(2) at least 50 hours of clinical supervision with one supervisor and no more than six supervisees, which may be obtained in person or, if confidentiality is technologically protected, person-to-person contact by interactive video or other telephonic means; and

(3) at least two separate clinical supervision sessions per month, at least one of which shall be one-on-one individual supervision.

(d) The clinical supervisor of each person attaining the 4,000 hours of postgraduate supervised professional experience required for licensure as a clinical addiction counselor shall meet one of the following requirements while the individual is providing supervision:

(1) The clinical supervisor shall be a clinical addiction counselor who is licensed in Kansas or is certified or licensed in another jurisdiction and, on and after January 1, 2014, who has engaged in the independent practice of clinical addiction counseling, including the diagnosis and treatment of substance use disorders, for at least two years beyond the supervisor's certification or licensure date as a clinical addiction counselor.

(2) If a licensed clinical addiction counselor is not available, the clinical supervisor may be a person who is certified or licensed at the graduate level to practice in one of the behavioral sciences and whose authorized scope of practice permits the diagnosis and treatment of mental disorders independently. The qualifying individual shall have had at least two years of clinical professional experience beyond the date of the supervisor's certification or licensure.

(e) In addition to the requirements of subsection (d), each clinical supervisor shall meet the following requirements:

(1) Have professional authority over and responsibility for the supervisee's clinical functioning in the practice of addiction counseling;

(2) not have a harmful dual relationship with the supervisee;

(3) not be under any sanction from a disciplinary proceeding, unless the board waives this prohibition for good cause shown by the proposed supervisor;

(4) have knowledge of and experience with the supervisee's client population;

(5) have knowledge of and experience with the methods of practice that the supervisee employs;

(6) have an understanding of the organization and the administrative policies and procedures of the supervisee's practice setting; and

(7) be a member of the practice setting staff or meet the requirements of subsection (f).

(f) If a qualified clinical supervisor is not available from among staff in the supervisee's practice setting, the supervisee may secure an otherwise qualified clinical supervisor outside the practice setting if all of the following conditions are met:

(1) The supervisor has an understanding of the practice setting's mission, policies, and procedures.

(2) The extent of the supervisor's responsibility for the supervisee is clearly defined in terms of client cases to be supervised, role in personnel evaluation within the practice setting, and other aspects of the clinical supervision training plan.

(3) The responsibility for payment for supervision is clearly defined.

(4) If the supervisee pays the supervisor directly for the supervision, the supervisor maintains responsibility for the client and to the practice setting.

(g) Each clinical supervisor shall perform the following duties:

(1) Provide oversight, guidance, and direction for the supervisee's clinical practice of addiction counseling by assessing and evaluating the supervisee's performance;

(2) conduct supervision as a process distinct from personal therapy, didactic instruction, or addiction counseling consultation;

(3) provide documentation of supervisory qualifications to the supervisee;

(4) periodically evaluate the supervisee's clinical functioning;

(5) provide supervision in accordance with the clinical supervision training plan;

(6) maintain documentation of supervision in accordance with the clinical supervision training plan;

(7) provide the documentation required by the board when the supervisee completes the postgraduate supervised professional experience. The supervisor shall submit this documentation on board-approved forms and in a manner that will enable the board to evaluate the extent and quality of the supervisee's professional experience and assign credit for that experience;

(8) provide a level of supervision that is commensurate with the education, training, experience, and ability of both the supervisor and the supervisee; and

(9) ensure that each client knows that the supervisee is practicing addiction counseling under supervision.

(h)(1) In order for an applicant for a clinical addiction counselor license to obtain credit for hours accrued before August 1, 2011 toward the required 4,000 hours of clinical supervision, the applicant shall provide an attestation that the clinical supervision occurred in accordance with a plan that meets the following conditions:

(A) The supervision was scheduled and formalized.

(B) The supervision included review and examination of cases.

(C) Assessment of the supervisee's competencies was addressed by the supervisor.

(2) The attestation shall be signed by one of the following:

(A) The supervisor, if available; or

(B) if the supervisor is not available, another person who was in the supervisee's practice setting with knowledge of the supervisee's clinical supervision.

(i) For supervision hours accrued on and after August 1, 2011, each supervisor and supervisee shall develop and cosign a written clinical supervision training plan on forms provided by the board at the beginning of the supervisory relationship. The supervisee shall submit an official position description and the training plan to the board and shall receive board approval of the plan before any supervised professional experience hours for clinical licensure can begin to accrue. This plan shall clearly define and delineate the following items:

(1) The supervisory context, which shall include the purpose of supervision;

(2) a summary of the anticipated types of clients and the services to be provided, as evidenced by the supervisee's official position description;

(3) a plan that describes the supervision goals and objectives and the means to attain and evaluate progress towards the goals;

(4) the supervisor's responsibilities;

(5) the supervisee's responsibilities;

(6) the format and schedule of supervision;

(7) a plan for documenting the following information:

(A) The date of each supervisory meeting;

(B) the length of each supervisory meeting;

(C) a designation of each supervisory meeting as an individual or group meeting;

(D) a designation of each supervisory meeting

as conducted in the same physical space or by another means as specified in paragraph (b)(2);

(E) the 4,000 hours of postgraduate supervised clinical addiction counseling experience, which shall include specifically documenting the 1,500 hours of direct client contact conducting substance abuse assessments and treatment; and

(F) an evaluation of the supervisee's progress under clinical supervision;

(8) a plan to address and remedy circumstances in which there is a conflict between the supervisor and the supervisee;

(9) a plan to notify clients of the following information:

(A) The fact that the supervisee is practicing addiction counseling under supervision;

(B) the limits of client confidentiality within the supervisory process; and

(C) the name, address, and telephone number of the clinical supervisor;

(10) the date on which the parties entered into the clinical supervision training plan and the time frame that the plan is intended to encompass;

(11) an agreement to amend or renegotiate the terms of the clinical supervision training plan, if warranted, including written notification of these changes to the board office, as provided in subsection (j);

(12) the supervisee's informed consent for the supervisor to discuss supervision or performance issues with the supervisee's clients, the supervisee's other addiction counseling or employment supervisors, the board, or any other individual or entity to which either the supervisee or the supervisor is professionally accountable; and

(13) a statement signed by each supervisor and supervisee acknowledging that each person has read and agrees to the postgraduate supervised professional experience requirements specified in this regulation.

(j) All changes to the clinical supervision training plan shall be submitted by the supervisee to the board for its approval. The changes shall be submitted no more than 45 days after the date on which the changes took effect. If the supervisee fails to submit the changes to the board within that 45-day period, no supervised hours of practice shall be accrued or credited for any practice, beginning on the date the changes took effect through the date on which the changes to the plan are approved by the board. (Authorized by K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; implementing L. 2010, ch. 45, §4, as

amended by 2011 HB 2182, §12; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012.)

102-7-7. Renewal; late renewal. (a) To be considered for license renewal, each licensed addiction counselor and each licensed clinical addiction counselor shall submit the following items to the board:

- (1) A completed renewal application;
- (2) the continuing education reporting form; and
- (3) the renewal fee specified in K.A.R. 102-7-2.

(b) If the items specified in subsection (a) are not submitted before the date the license expires, the licensee may late renew the license by performing the following:

(1) Submitting a completed late renewal application form;

(2) paying the required renewal fee and the late renewal penalty fee specified in K.A.R. 102-7-2; and

(3) submitting the continuing education reporting form and documentation pursuant to K.A.R. 102-7-10.

(c) Each individual who holds an addiction counseling license or a clinical addiction counseling license but who fails to renew the license before its expiration and subsequently applies to renew the license shall indicate the following on the late renewal application form:

(1) Specification of whether or not the individual has continued to practice addiction counseling in Kansas or has continued to represent that individual as being a licensed addiction counselor or a licensed clinical addiction counselor in Kansas after the individual's license expired; and

(2) if either condition in paragraph (c)(1) has been met, an explanation of the circumstances. (Authorized by K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; implementing L. 2010, ch. 45, §8, as amended by 2011 HB 2182, §14, and K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012.)

102-7-7a. Reinstatement after suspension or revocation. (a) If the license of any individual has been suspended and the individual subsequently wants to apply for license reinstatement, the individual shall submit the following items:

(1) The completed reinstatement application form;

(2) the required reinstatement fee specified in K.A.R. 102-7-2;

(3) the continuing education reporting form and documentation pursuant to K.A.R. 102-7-10;

(4) proof satisfactory to the board that the individual has complied with sanctions and any other conditions imposed under the suspension; and

(5) any materials, information, evaluation or examination reports, or other documentation that may be requested by the board and that will enable the board to satisfactorily evaluate and determine whether or not the license should be reinstated.

(b) If the license of any individual has been revoked and the individual subsequently wants to apply for license reinstatement, the individual shall submit the following items:

(1) The completed reinstatement application form;

(2) the required reinstatement fee specified in K.A.R. 102-7-2;

(3) the continuing education reporting form and documentation pursuant to K.A.R. 102-7-10; and

(4) any materials, information, evaluation or examination reports, or other documentation that the board may request and that will enable the board to satisfactorily evaluate and determine whether or not to reinstate the license. Factors to be considered by the board in determining whether or not to reinstate the revoked license shall include the following:

(A) The extent to which the individual presently merits the public trust;

(B) the extent to which the individual has demonstrated consciousness of the misconduct that resulted in the license revocation;

(C) the extent of the individual's remediation and rehabilitation in regard to the misconduct that resulted in the license revocation;

(D) the nature and seriousness of the original misconduct;

(E) the individual's conduct after the license revocation;

(F) the time elapsed since the license revocation; and

(G) the individual's present knowledge and competence in addiction counseling skills. (Authorized by K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; implementing L. 2010, ch. 45, §8, as amended by 2011 HB 2182, §14; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012.)

102-7-8. Renewal audit. (a) A random audit of the continuing education documentation for 10 percent of the addiction counselor licenses and the clinical addiction counselor licenses expiring each month shall be conducted by the board.

(b) Each licensee selected for the random audit shall be notified after the board has received the licensee's renewal application form required by K.A.R. 102-7-7.

(c) Upon board notification, each renewal applicant shall submit the following to the board within 30 days after the license expiration date:

(1) The completed renewal audit forms; and

(2) the original continuing education documents that validate all continuing education hours claimed for credit during the current renewal period.

(d) Continuing education hours that a renewal applicant earns after board receipt of the renewal application form shall not be approved for continuing education credit for the period being audited. (Authorized by K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; implementing L. 2010, ch. 45, §8, as amended by 2011 HB 2182, §14, and K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012.)

102-7-9. Continuing education. (a) Each licensee shall complete 30 hours of documented and approved continuing education oriented to the enhancement of an addiction counselor's practice, values, ethics, skills, or knowledge during each two-year renewal period. Continuing education hours accumulated in excess of the requirement shall not be carried over to the next renewal period.

(b) During each two-year renewal period and as a part of the required continuing education hours, each licensee shall complete three hours of professional ethics and each clinical addiction counselor licensee shall complete six hours related to the diagnosis and treatment of substance use disorders. These hours shall be obtained from any of the activities specified in paragraphs (d)(1), (d)(2), (d)(3), (d)(4), (d)(9), and (d)(10).

(c) One hour of continuing education credit shall consist of at least 50 minutes of classroom instruction or at least one clock-hour of other types of acceptable continuing education experiences listed in subsection (d). One-quarter hour of continuing education credit may be granted

for each 15 minutes of acceptable continuing education. Credit shall not be granted for fewer than 15 minutes.

(d) Acceptable continuing education, whether taken within the state or outside the state, shall include the following:

(1) An academic addiction counseling course or an academic course oriented to the enhancement of addiction counselor's practice, values, ethics, skills, or knowledge that is taken for academic credit. Each licensee shall be granted 15 continuing education hours for each academic credit hour that the licensee successfully completes. The maximum number of allowable continuing education hours shall be 30;

(2) an academic addiction counseling course, or an academic course oriented to the enhancement of an addiction counselor's practice, values, ethics, skills, or knowledge, that is audited. Each licensee shall receive continuing education credit on the basis of the actual contact time that the licensee spends attending the course, up to a maximum of 15 hours per academic credit hour. The maximum numbers of allowable continuing education hours shall be 30;

(3) a seminar, institute, conference, workshop, or course. The maximum number of allowable continuing education hours shall be 30;

(4) if a posttest is provided, an activity consisting of completing a computerized interactive learning module, viewing a telecast or videotape, listening to an audiotape, or reading. The maximum number of allowable continuing education hours shall be 30;

(5) if a posttest is not provided, an activity consisting of completing a computerized interactive learning module, viewing a telecast or videotape, listening to an audiotape, or reading. The maximum number of allowable continuing education hours shall be five;

(6) a cross-disciplinary offering in medicine, law, a foreign or sign language, computer science, professional or technical writing, business administration, management sciences, or any other discipline if the offering is clearly related to the enhancement of an addiction counselor's practice, values, ethics, skills, or knowledge. The maximum number of allowable continuing education hours shall be 10;

(7) a self-directed learning project preapproved by the board. The maximum number of allowable continuing education hours shall be 10;

(8) providing supervision to practicum or intern

students, applicants for licensure as clinical addiction counselors, or other clinical mental health practitioners. The maximum number of allowable continuing education hours shall be 10;

(9) the first-time preparation and presentation of an addiction seminar, institute, conference, workshop, or course, or the substantial revision of an addiction counseling seminar, institute, conference, workshop, or course. The maximum number of allowable continuing education hours shall be 10 for documented preparation and presentation time;

(10) the preparation of a professional addiction counseling article published for the first time in a professional journal, a book chapter published by a recognized publisher, or a written presentation given for the first time at a statewide or national professional meeting. If more than one licensee or other professional authored the material, the continuing education credit shall be prorated among the authors. The maximum number of allowable continuing education hours shall be 10; and

(11) participation in a professional organization or appointment to a professional credentialing board, if the goals of the organization or board are clearly related to the enhancement of addiction counseling practice, values, ethics, skills, and knowledge. Participation may include holding office or serving on committees of the organization or board. The maximum number of allowable continuing education hours shall be 10.

(e) Continuing education credit approval shall not be granted for identical programs if the programs are completed within the same renewal period.

(f) Continuing education credit shall not be granted for the following:

(1) In-service training, if the training is for job orientation or job training or is specific to the employing agency; and

(2) any activity for which the licensee cannot demonstrate to the board's satisfaction that the program's goals and objectives are to enhance the licensee's practice, values, ethics, skills, or knowledge in addiction counseling.

(g) Each licensee shall maintain individual, original continuing education records. These records shall document the licensee's continuing education activity attendance, participation, or completion as specified in K.A.R. 102-7-10. Any licensee may be required to submit these records to the board at least 30 days before the expiration date of each current licensure period. (Authorized

by K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; implementing L. 2010, ch. 45, §8, as amended by 2011 HB 2182, §14; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012.)

102-7-10. Documentation of continuing education. Each of the following forms of documentation shall be accepted as proof that a licensee has completed that continuing education activity:

(a) An official transcript or other proof indicating a passing grade for an academic course;

(b) a statement signed by the instructor indicating the number of actual contact hours attended for an audited academic course. A copy shall not be accepted;

(c) a signed statement from the provider of a seminar, institute, conference, workshop, or course indicating that the licensee attended the continuing education program. A copy shall not be accepted;

(d) for each videotape, audiotape, computerized interactive learning module, or telecast that the licensee utilized for continuing education purposes, a written statement from the licensee specifying the media format, content title, presenter or sponsor, content description, length, and activity date;

(e) a copy of a self-directed project. The licensee shall submit this copy to the board to evaluate and certify the number of credit hours that the board will grant;

(f) written, signed verification from the university practicum or intern instructor or other official training director for whom the licensee supervised undergraduate or graduate students or from the postgraduate supervisee for whom the licensee provided supervision. A copy shall not be accepted;

(g) a copy of an academic course syllabus and verification that the licensee presented the course;

(h) a copy of a letter from the presentation sponsor or a copy of the brochure announcing the licensee as the presenter, the agenda of the presentation, and verification that the licensee presented the seminar, institute, conference, workshop, or course;

(i) a copy of an article or book chapter written by the licensee and verification of publication or written presentation at a professional meeting. The licensee shall submit these materials to the board to evaluate and certify the number of hours of credit to be granted; and

(j) a signed letter from a professional organization or credentialing board outlining the licensee's participation in that professional organization or credentialing board. A copy shall not be accepted. (Authorized by K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; implementing L. 2010, ch. 45, §8, as amended by 2011 HB 2182, §14; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012.)

102-7-11. Unprofessional conduct. Each of the following acts shall be considered unprofessional conduct for a licensed addiction counselor, a licensed clinical addiction counselor, or an applicant for an addiction counselor license or a clinical addiction counselor license:

(a) Except when the information has been obtained in the context of confidentiality, failing to notify the board, within a reasonable period of time, that the licensee or applicant or any other person regulated by the board or applying for licensure or registration has met any of these conditions:

(1) Has had a professional license, certificate, permit, registration, certification, or professional membership granted by any jurisdiction, professional association, or professional organization that has been limited, conditioned, qualified, restricted, suspended, revoked, refused, voluntarily surrendered, or allowed to expire in lieu of or during investigatory or disciplinary proceedings;

(2) has been subject to any other disciplinary action by any credentialing board, professional association, or professional organization;

(3) has been demoted, terminated, suspended, reassigned, or asked to resign from employment, or has resigned from employment, for some form of misfeasance, malfeasance, or nonfeasance;

(4) has been substantiated of abuse against a child, an adult, or a resident of a care facility; or

(5) has practiced the licensee's profession in violation of the laws or regulations that regulate the profession;

(b) knowingly allowing another person to use one's license;

(c) impersonating another person holding a license or registration issued by this or any other board;

(d) having been convicted of a crime resulting from or relating to one's professional practice of addiction counseling;

(e) furthering the licensure application of another person who is known or reasonably believed

to be unqualified with respect to character, education, or other relevant eligibility requirements;

(f) knowingly aiding or abetting any individual who is not credentialed by the board to represent that individual as a person who was or is credentialed by the board;

(g) failing to recognize, seek intervention, and otherwise appropriately respond when one's own personal problems, psychosocial distress, or mental health difficulties interfere with or negatively impact professional judgment, professional performance and functioning, or the ability to act in the client's best interests;

(h) failing or refusing to cooperate in a timely manner with any request from the board for a response, information, or assistance with respect to the board's investigation of any report of an alleged violation filed against oneself or any other applicant or professional who is required to be licensed or registered by the board. Each person taking longer than 30 days to provide the requested response, information, or assistance shall have the burden of demonstrating that the person has acted in a timely manner;

(i) offering to perform or performing services clearly inconsistent or incommensurate with one's training, education, or experience or with accepted professional standards;

(j) engaging in any behavior that is abusive or demeaning to a client, student, or supervisee;

(k) imposing one's personal values, spiritual beliefs, or lifestyle on a client, student, or supervisee;

(l) discriminating against any client, student, directee, or supervisee on the basis of color, race, gender, age, religion, national origin, or disability;

(m) failing to inform each client of that client's rights as those rights relate to the addiction counseling relationship;

(n) failing to provide each client with a description of the services, fees, and payment expectations, or failing to reasonably comply with that description;

(o) failing to provide each client with a description of the possible effects of the proposed treatment if the treatment is experimental or if there are clear and known risks to the client;

(p) failing to inform each client, student, or supervisee of any financial interests that might accrue to the licensee or applicant if the licensee or applicant refers a client, student, or supervisee to any other service or if the licensee or applicant uses any tests, books, or apparatus;

(q) failing to inform each client that the client can receive services from a public agency if one is employed by that public agency and also offers services privately;

(r) failing to obtain written, informed consent from each client, or the client's legal representative or representatives, before performing any of the following actions:

(1) Electronically recording sessions with that client;

(2) permitting a third-party observation of their activities; or

(3) releasing information concerning a client to a third person, unless required or permitted by law;

(s) failing to exercise due diligence in protecting the information regarding the client from disclosure by other persons in one's work or practice setting;

(t) engaging in professional activities, including billing practices and advertising, involving dishonesty, fraud, deceit, or misrepresentation;

(u) using alcohol or any illegal drug or misusing any substance that could cause impairment while performing the duties or services of an addiction counselor;

(v) engaging in a harmful dual relationship or exercising undue influence;

(w) making sexual advances toward or engaging in physical intimacies or sexual activities with either of the following:

(1) Any person who is a client, supervisee, or student; or

(2) any person who has a significant relationship with the client and that relationship is known to the licensee;

(x) making sexual advances toward or engaging in physical intimacies or sexual activities with any person who meets either of the following conditions:

(1) Has been a client within the past 24 months; or

(2) has had a significant relationship with a current client or a person who has been a client within the past 24 months and that relationship is known to the licensee;

(y) directly or indirectly offering or giving to a third party or soliciting, receiving, or agreeing to receive from a third party any fee or other consideration for referring the client or in connection with performing professional services;

(z) permitting any person to share in the fees for professional services, other than a partner, an

employee, an associate in a professional firm, or a consultant authorized to practice addiction counseling or clinical addiction counseling;

(aa) soliciting or assuming professional responsibility for clients of another agency or colleague without attempting to coordinate the continued provision of client services by that agency or colleague;

(bb) making claims of professional superiority that one cannot substantiate;

(cc) guaranteeing that satisfaction or a cure will result from performing or providing any professional service;

(dd) claiming or using any secret or special method of treatment or techniques that one refuses to disclose to the board;

(ee) continuing or ordering tests, procedures, or treatments or using treatment facilities or services not warranted by the client's condition, best interests, or preferences;

(ff) taking credit for work not personally performed, whether by giving inaccurate or misleading information or by failing to disclose accurate or material information;

(gg) if engaged in research, failing to meet these requirements:

(1) Considering carefully the possible consequences for human beings participating in the research;

(2) protecting each participant from unwarranted physical and mental harm;

(3) ascertaining that each participant's consent is voluntary and informed; and

(4) preserving the privacy and protecting the anonymity of each subject of the research within the terms of informed consent;

(hh) making or filing a report that one knows to be false, distorted, erroneous, incomplete, or misleading;

(ii) failing to notify the client promptly if one anticipates terminating or interrupting service to the client;

(jj) failing to seek continuation of service, or abandoning or neglecting a client under or in need of professional care, without making reasonable arrangements for that care;

(kk) abandoning employment under circumstances that seriously impair the delivery of professional care to clients and without providing reasonable notice to the employer;

(ll) failing to terminate addiction counseling services if it is apparent that the relationship no longer serves the client's needs or best interests;

(mm) when supervising, failing to provide accurate and current information, timely evaluations, and constructive consultation;

(nn) when applicable, failing to inform a client that addiction counseling services are provided or delivered under supervision;

(oo) failing to inform a client that addiction counseling services are delivered under supervision as a student or an individual seeking clinical licensure;

(pp) failing to report unprofessional conduct of a licensed addiction counselor, licensed clinical addiction counselor, or any individual licensed by the board;

(qq) intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing another person from filing a report or record that is required by state or federal law, or inducing another person to take any of these actions;

(rr) offering to perform or performing any service, procedure, or therapy that, by the accepted standards of addiction counseling practice in the community, would constitute experimentation on human subjects without first obtaining the full, informed, and voluntary written consent of the client or the client's legal representative or representatives;

(ss) practicing addiction counseling after one's license expires;

(tt) using without a license, or continuing to use after a license has expired, any title or abbreviation defined by regulation; and

(uu) violating any provision of the addictions counselor licensure act or any implementing regulation. (Authorized by K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; implementing L. 2011, ch. 114, §15; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012.)

102-7-11a. Recordkeeping. (a) Each licensed addiction counselor and each licensed clinical addiction counselor shall maintain a record for each client that accurately reflects the licensee's contact with the client and the results of the addiction counseling or clinical addiction counseling services provided. Each licensee shall have ultimate responsibility for the content of the licensee's records and the records of those persons under the licensee's supervision. These records may be maintained in a variety of formats, if reasonable steps are taken to maintain the confiden-

tiality, accessibility, and durability of the records. Each record shall be completed in a timely manner and, at a minimum, shall include the following information for each client in sufficient detail to permit planning for continuity of care:

(1) Adequate identifying data;

(2) the date or dates of services that the licensee or the licensee's supervisee provided;

(3) the type or types of services that the licensee or the licensee's supervisee provided;

(4) the initial assessment, conclusions, and recommendations;

(5) the treatment plan; and

(6) the clinical or progress notes from each session.

(b) If a licensee is the owner or custodian of client records, the licensee shall retain a complete record for the following time periods, unless otherwise provided by law:

(1) At least six years after the date of termination of one or more contacts with an adult; and

(2) for a client who is a minor on the date of termination of the contact or contacts, at least until the later of the following two dates:

(A) Two years past the date on which the client reaches the age of majority; or

(B) six years after the date of termination of the contact or contacts with the minor. (Authorized by K.S.A. 2010 Supp. 74-7507, as amended by L. 2010, ch. 45, §15; implementing L. 2010, ch. 45, §2, as amended by 2011 HB 2182, §10; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012.)

102-7-12. Designation of referral source for use in the diagnosis and treatment of substance use disorders. The "diagnostic and statistical manual of mental disorders," fifth edition, published by the American psychiatric association, shall be designated as the manual to diagnose and treat substance use disorders. (Authorized by K.S.A. 65-6608 and 74-7507; implementing K.S.A. 65-6608 and 65-6610; effective, T-102-7-1-11, July 1, 2011; effective, T-102-10-27-11, Oct. 27, 2011; effective Jan. 20, 2012; amended March 15, 2019.)

Article 8.—APPLIED BEHAVIOR ANALYSIS

102-8-1. Definitions. Each of the following terms, as used in the act and this article of the board's regulations, shall have the meaning specified in this regulation:

(a) “Academic equivalent of a semester credit hour” means the prorated proportionate credit for formal academic coursework if that coursework is completed on the basis of trimester or quarter hours rather than semester hours.

(b) “Act” means applied behavior analysis licensure act.

(c) “Client” means a person who is a direct recipient of applied behavior analysis services.

(d) “Continuing education” means formally organized programs or activities that are designed for and have content intended to enhance the licensee’s skill, values, ethics, and ability to practice applied behavior analysis.

(e) “Fraudulent representation” shall include the following:

- (1) Deceit;
- (2) misrepresentation; and
- (3) concealing a material fact.

(f) “Harmful dual relationship” means a professional relationship between a licensee and a client, student, supervisee, or any person who has had a significant relationship with either a current client or a person who has been a client within the past 24 months if that relationship is known to the licensee, in which the objectivity or competency of the licensee is impaired or compromised because of any of the following types of present or previous relationships:

- (1) Familial;
- (2) social;
- (3) emotional;
- (4) financial;
- (5) supervisory; or
- (6) administrative.

(g) “Malfeasance” means the performance of an act by a licensee that is prohibited or that constitutes wrongdoing or misconduct.

(h) “Misfeasance” means the improper performance of a lawful act by a licensee.

(i) “Nonfeasance” means the omission of an act that a licensee is required to do.

(j) “Practice setting” means the public or private agency or delivery system within which applied behavior analysis is practiced or delivered.

(k) “Related field” means a degree program in a helping profession and shall include the following:

- (1) Counseling;

- (3) engineering;
- (4) healing arts;
- (5) human services;
- (6) marriage and family therapy;

(7) natural sciences;

(8) social work; and

(9) psychology.

(l) “Undue influence” means misusing one’s professional position of confidence, trust, or authority over a client or supervisee or taking advantage of a client’s vulnerability, weakness, infirmity, or distress for any of the following purposes:

(1) To improperly influence or change a client’s or supervisee’s actions or decisions;

(2) to exploit a client or supervisee for the licensee’s or a third party’s financial gain, personal gratification, or advantage; or

(3) to impose one’s personal values, spiritual beliefs, or lifestyle on a client, student, or supervisee. (Authorized by and implementing K.S.A. 2015 Supp. 65-7505; effective, T-102-6-29-16, June 29, 2016; effective Nov. 14, 2016.)

102-8-2. Fees. (a) Each applicant for licensure as an assistant behavior analyst or a behavior analyst shall pay the appropriate fee or fees as follows:

- (1) Initial assistant behavior analyst license, \$70;
- (2) initial behavior analyst license, \$70;
- (3) renewal of an assistant behavior analyst license, \$70; or
- (4) renewal of a behavior analyst license, \$120.

(b) Fees paid to the board shall not be refundable. (Authorized by and implementing K.S.A. 2015 Supp. 65-7505; effective, T-102-6-29-16, June 29, 2016; effective Nov. 14, 2016.)

102-8-4. Application for licensure. (a) Each applicant for licensure as an assistant behavior analyst or a behavior analyst shall request the appropriate forms from the executive director of the board.

(b) Each applicant for licensure as an assistant behavior analyst shall submit the completed application materials to the board and perform the following:

(1) Submit the application fee as specified in K.A.R. 102-8-2;

(2) submit proof that the applicant has met the requirements for certification to practice applied behavior analysis at the assistant level; and

(3)(A) Arrange for the applicant’s transcripts covering all applicable college or university coursework, including the required baccalaureate degree, to be sent directly from each academic institution to the board office. Each applicant who graduated from a college or university outside the

United States shall also arrange for the applicant's transcript to be translated and evaluated for degree equivalency by a source and in a manner acceptable to the board; or

(B) arrange for a copy of the applicant's transcripts covering all applicable college or university coursework, including the required baccalaureate degree, to be sent directly to the board from the certifying entity.

(c) Each applicant for licensure as a behavior analyst shall submit the completed application materials to the board and perform the following:

(1) Submit the application fee as specified in K.A.R. 102-8-2;

(2) submit proof that the applicant has met the requirements for certification to practice applied behavior analysis; and

(3)(A) Arrange for the applicant's transcripts covering all applicable college or university coursework, including the required graduate degree, to be sent directly from each academic institution to the board office. Each applicant who graduated from a college or university outside the United States shall also arrange for the applicant's transcript to be translated and evaluated for degree equivalency by a source and in a manner acceptable to the board; or

(B) arrange for a copy of the applicant's transcripts covering all applicable college or university coursework, including the required graduate degree, to be sent directly to the board from the certifying entity.

(d) Each applicant who has met all requirements for licensure pursuant to the act and this article of the board's regulations and has paid the initial license fee specified in K.A.R. 102-8-2 shall be licensed by the board. (Authorized by and implementing K.S.A. 2015 Supp. 65-7505; effective, T-102-6-29-16, June 29, 2016; effective Nov. 14, 2016.)

102-8-6. Supervision. (a) Each licensed assistant behavior analyst shall be supervised by a licensed behavior analyst.

(b) Each licensed assistant behavior analyst shall receive at least 12 supervision sessions annually. Each supervision session shall require two-way interactions involving real-time visual and auditory contact. The supervision shall include the following:

(1) At least one monthly supervision session of at least one hour each. At least two of the 12 supervision sessions shall be conducted with the supervi-

see in person and shall include direct observation of the supervisee's provision of applied behavior analysis services to clients. Except as specified in this paragraph, no more than half of the supervision sessions may be conducted in group supervision. Under extenuating circumstances approved by the board, additional group supervision may be allowed. The licensee shall submit a written request to the board with a detailed explanation of the extenuating circumstances that are the basis of the licensee's request, which shall be submitted no later than 30 days before the request would take effect; and

(2) review, discussion, and recommendations focusing on the supervisee's practice of applied behavior analysis.

(c) Each supervisor and each supervisee shall maintain documentation of the supervision for three years after the date of supervision. (Authorized by and implementing K.S.A. 2015 Supp. 65-7505; effective, T-102-6-29-16, June 29, 2016; effective Nov. 14, 2016.)

102-8-7. License; expiration and renewal. (a) Each license issued pursuant to the act shall expire 24 months after the date of issuance unless revoked before that time.

(b) To be considered for license renewal, each licensed assistant behavior analyst and each licensed behavior analyst shall submit the following items to the board:

(1) A completed renewal application;

(2) the continuing education reporting form;

(3) the renewal fee specified in K.A.R. 102-8-2; and

(4) for each licensed assistant behavior analyst, the following proof of supervision required in K.A.R. 102-8-6:

(A) The name and identifying information of any licensed behavior analyst providing supervision; and

(B) documentation that supervision was provided, including dates, format, and length of time as verified by the supervisor.

(c) Each licensee who fails to renew the license before its expiration and who subsequently applies for late renewal of the license shall indicate on the late renewal application form whether the individual has continued to engage in the practice of applied behavior analysis in Kansas or has continued to represent that individual in Kansas as a licensed assistant behavior analyst or licensed behavior analyst and, if so, under what circumstan-

es. (Authorized by and implementing K.S.A. 2015 Supp. 65-7505; effective, T-102-6-29-16, June 29, 2016; effective Nov. 14, 2016.)

102-8-8. Renewal audit. (a) Each licensee selected for a random audit shall submit the following to the board within 30 days after the license expiration date:

- (1) The completed renewal audit forms; and
- (2) either the original continuing education documents that validate all continuing education hours claimed for credit during the current renewal period or other documentation of completed continuing education hours approved by the board.

(b) Continuing education hours that a renewal applicant earns after board receipt of the renewal application form shall not be approved for continuing education credit for the period being audited.

(c) Failure to comply with this regulation shall be considered unprofessional conduct. (Authorized by K.S.A. 2015 Supp. 65-7505; implementing K.S.A. 2015 Supp. 65-7504 and 65-7505; effective, T-102-6-29-16, June 29, 2016; effective Nov. 14, 2016.)

102-8-9. Continuing education. (a) Each licensed assistant behavior analyst shall complete 30 hours of documented and approved continuing education oriented to the enhancement of the licensee's practice, values, ethics, skills, or knowledge during each two-year renewal period. Continuing education hours accumulated in excess of the requirement shall not be carried over to the next renewal period.

(b) Each licensed behavior analyst shall complete 30 hours of documented and approved continuing education oriented to the enhancement of the licensee's practice, values, ethics, skills, or knowledge during each two-year renewal period. Continuing education hours accumulated in excess of the requirement shall not be carried over to the next renewal period.

(c) During each two-year renewal period and as a part of the required continuing education hours, each licensee shall complete four hours of professional ethics. These hours shall be obtained from any of the activities specified in paragraphs (e)(1), (e)(2), (e)(3), (e)(4), (e)(9), and (e)(10).

(d) One hour of continuing education credit shall consist of at least 50 minutes of classroom instruction or at least one clock-hour of any other

type of acceptable continuing education experience listed in subsection (e). One-quarter hour of continuing education credit may be granted for each 15 minutes of acceptable continuing education. Credit shall not be granted for fewer than 15 minutes.

(e) Acceptable continuing education, whether taken in Kansas or outside the state, shall consist of the following:

(1) An academic applied behavior analysis course or an academic course oriented to the enhancement of the licensee's practice, values, ethics, skills, or knowledge that is taken for academic credit. Each licensee shall be granted 15 continuing education hours for each semester credit hour or the academic equivalent of a semester credit hour that the licensee successfully completes;

(2) an academic applied behavior analysis course or an academic course oriented to the enhancement of the licensee's practice that is audited. Each licensee shall receive continuing education credit on the basis of the actual contact time that the licensee spends attending the course, up to a maximum of 15 hours per academic credit hour;

(3) a seminar, institute, conference, workshop, or course;

(4) an activity consisting of completing a computerized interactive learning module, viewing a telecast or videotape, listening to an audiotape, or reading with a posttest;

(5) an activity consisting of completing a computerized interactive learning module, viewing a telecast or videotape, listening to an audiotape, or reading without a posttest;

(6) a cross-disciplinary offering in medicine, law, a foreign or sign language, computer science, professional or technical writing, business administration, management sciences, or any other discipline if the offering is clearly related to the enhancement of the licensee's practice, values, ethics, skills, or knowledge. The maximum number of allowable continuing education hours shall be 10;

(7) a self-directed learning project preapproved by the board. The maximum number of allowable continuing education hours shall be 10;

(8) providing supervision to practicum or intern students. The maximum number of allowable continuing education hours shall be 10;

(9) the first-time preparation and presentation of an applied behavior analysis seminar, institute, conference, workshop, or course, or the substantial revision of an applied behavior analysis seminar

inar, institute, conference, workshop, or course. The maximum number of allowable continuing education hours shall be 10 for documented preparation and presentation time;

(10) the preparation of a professional applied behavior analysis article published for the first time in a professional journal, a book chapter published by a recognized publisher, or a written presentation given for the first time at a statewide or national professional meeting. If more than one licensee or other professional authored the material, the continuing education credit shall be prorated among the authors. The maximum number of allowable continuing education hours shall be 10; and

(11) participation in a professional organization or appointment to a professional credentialing board, if the goals of the organization or board are clearly related to the enhancement of applied behavior analysis practice, values, ethics, skills, and knowledge. Participation may include holding office or serving on committees of the organization or board. The maximum number of allowable continuing education hours shall be 10.

(f) Continuing education credit approval shall not be granted for identical programs if the programs are completed within the same renewal period.

(g) Continuing education credit shall not be granted for the following:

(1) In-service training, if the training is for job orientation or job training or is specific to the employing agency; and

(2) any activity for which the licensee cannot demonstrate to the board's satisfaction that the program's goals and objectives are to enhance the licensee's practice, values, ethics, skills, or knowledge in applied behavior analysis.

(h) Each licensee shall maintain individual, original continuing education records for three years after the renewal date. These records shall document the licensee's continuing education activity attendance, participation, or completion as specified in K.A.R. 102-8-10. (Authorized by and implementing K.S.A. 2015 Supp. 65-7505; effective, T-102-6-29-16, June 29, 2016; effective Nov. 14, 2016.)

102-8-10. Documentation of continuing education. Each of the following forms of documentation shall be accepted as proof that a licensee has completed the continuing education activity:

(a) An official transcript or other written proof indicating the licensee's passing grade for an academic course;

(b) a statement signed by the instructor indicating the number of actual contact hours that the licensee attended for an audited academic course;

(c) a signed statement from the provider of a seminar, institute, conference, workshop, or course indicating that the licensee attended the program;

(d) for each videotape, audiotape, computerized interactive learning module, or telecast that the licensee utilized for continuing education purposes, a written statement from the licensee specifying the media format, content title, presenter or sponsor, content description, length, and activity date;

(e) a copy of a self-directed project. The licensee shall submit this copy to the board to evaluate and certify the number of credit hours that the board may grant;

(f) written, signed verification from the university practicum or intern instructor or other official training director for whom the licensee supervised undergraduate or graduate students or from the postgraduate supervisee for whom the licensee provided supervision;

(g) a copy of an academic course syllabus and verification that the licensee presented the course;

(h) a copy of a letter from the presentation sponsor or a copy of the brochure announcing the licensee as the presenter, the agenda of the presentation, and verification that the licensee presented the seminar, institute, conference, workshop, or course;

(i) a copy of an article or book chapter written by the licensee and verification of publication or written presentation at a professional meeting. The licensee shall submit these materials to the board to evaluate and certify the number of hours of credit to be granted; and

(j) a signed letter from a professional organization or certifying entity outlining the licensee's participation in that professional organization or credentialing board. (Authorized by and implementing K.S.A. 2015 Supp. 65-7505; effective, T-102-6-29-16, June 29, 2016; effective Nov. 14, 2016.)

102-8-11. Unprofessional conduct. Each of the following acts shall be considered unprofessional conduct for a licensed assistant behavior analyst, a licensed behavior analyst, or an applicant for an assistant behavior analyst license or a behavior analyst license:

(a) Except when the information has been obtained in the context of confidentiality, failing to notify the board, within a reasonable period of time, that the licensee or applicant or any other person regulated by the board or applying for licensure has met any of the following conditions:

(1) Has had a professional license, certificate, permit, registration, certification, or professional membership granted by any jurisdiction, professional association, or professional organization that has been limited, conditioned, qualified, restricted, suspended, revoked, refused, voluntarily surrendered, or allowed to expire in lieu of or during investigatory or disciplinary proceedings;

(2) has been subject to any other disciplinary action by any credentialing board, professional association, or professional organization;

(3) has been demoted, terminated, suspended, reassigned, or asked to resign from employment or has resigned from employment, for some form of misfeasance, malfeasance, or nonfeasance; or

(4) has violated any provision of the act or any implementing regulation;

(b) knowingly allowing another person to use one's license;

(c) impersonating another person holding a license or registration issued by the board or any other agency;

(d) having been convicted of a crime resulting from or relating to one's professional practice of applied behavior analysis;

(e) knowingly aiding or abetting any individual who is not credentialed by the board to represent that individual as a person who was or is licensed by the board;

(f) failing to recognize, seek intervention, and otherwise appropriately respond when one's own personal problems, psychosocial distress, or mental health difficulties interfere with or negatively impact professional judgment, professional performance and functioning, or the ability to act in the client's best interests;

(g) failing or refusing to cooperate within 30 days with any request from the board for a response, information, or assistance with respect to the board's investigation of any report of an alleged violation filed against oneself or any other applicant or professional who is required to be licensed by the board. Each person taking longer than 30 days to provide the requested response, information, or assistance shall have the burden of demonstrating that the person has acted in a timely manner;

(h) offering to perform or performing services clearly inconsistent or incommensurate with one's training, education, or experience or with accepted professional standards;

(i) engaging in any behavior that is abusive or demeaning to a client, student, or supervisee;

(j) discriminating against any client, student, directee, or supervisee on the basis of age, gender, race, culture, ethnicity, national origin, religion, sexual orientation, disability, language, or socioeconomic status;

(k) failing to advise and explain to each client the respective rights, responsibilities, and duties involved in the licensee's professional relationship with the client;

(l) failing to provide each client with a description of the services, fees, and payment expectations or failing to reasonably comply with that description;

(m) failing to provide each client with a description of the possible effects of the proposed treatment if the treatment is experimental or if there are clear and known risks to the client;

(n) failing to inform each client, student, or supervisee of any financial interests that might accrue to licensee or applicant if the licensee or applicant refers a client, student, or supervisee to any other service or if the licensee or applicant uses any tests, books, or apparatus;

(o) failing to inform each client that the client can receive services from a public agency if one is employed by that public agency and also offers services privately;

(p) failing to provide copies of reports or records to a licensed healthcare provider authorized by the client following the licensee's receipt of a formal written request, unless the release of that information is restricted or exempted by law or by this article of the board's regulations, or the disclosure of the information would be injurious to the welfare of the client;

(q) failing to obtain written, informed consent from each client, or the client's legal representative or representatives, before performing any of the following actions:

(1) Electronically recording sessions with the client;

(2) permitting a third-party observation of the licensee's provision of applied behavior analysis services to the client; or

(3) releasing information concerning a client to a third person, unless required or permitted by law;

(r) failing to exercise due diligence in protecting the information regarding the client from disclosure by other persons in one's work or practice setting;

(s) engaging in professional activities, including billing practices and advertising, involving dishonesty, fraud, deceit, or misrepresentation;

(t) revealing information, a confidence, or a secret of any client, or failing to protect the confidences, secrets, or information contained in a client's records, unless at least one of the following conditions is met:

(1) Disclosure is required or permitted by law;

(2) failure to disclose the information presents a serious danger to the health or safety of an individual or the public;

(3) the licensee is a party to a civil, criminal, or disciplinary investigation or action arising from the practice of applied behavior analysis, in which case disclosure shall be limited to that action; or

(4) payment for services is needed;

(u) using alcohol or any illegal drug or misusing any substance that could cause impairment while performing the duties or services of a licensee;

(v) engaging in a harmful dual relationship or exercising undue influence;

(w) making sexual advances toward or engaging in physical intimacies or sexual activities with any of the following:

(1) Any person who is a client, supervisee, or student; or

(2) any person who has a significant relationship with the client and that relationship is known to the licensee;

(x) making sexual advances toward or engaging in physical intimacies or sexual activities with any person who meets either of the following conditions:

(1) Has been a client within the past 24 months; or

(2) has had a significant relationship with a current client or a person who has been a client within the past 24 months and that relationship is known to the licensee;

(y) directly or indirectly offering or giving to a third party or soliciting, receiving, or agreeing to receive from a third party any fee or other consideration for referring the client or in connection with performing professional services;

(z) permitting any person to share in the fees for professional services, other than a partner, an employee, an associate in a professional firm, or a consultant authorized to practice applied behavior analysis;

(aa) soliciting or assuming professional responsibility for any clients of another agency or colleague without attempting to coordinate the continued provision of client services by that agency or colleague;

(bb) making claims of professional superiority that one cannot substantiate;

(cc) guaranteeing that satisfaction or a cure will result from performing or providing any professional service;

(dd) claiming or using any secret or special method of treatment or techniques that one refuses to disclose to the board;

(ee) continuing or ordering tests, procedures, or treatments or using treatment facilities or services not warranted by the client's condition, best interests, or preferences;

(ff) taking credit for work not personally performed, whether by giving inaccurate or misleading information or by failing to disclose accurate or material information;

(gg) if engaged in research, failing to meet the following requirements:

(1) Considering carefully the possible consequences for human beings participating in the research;

(2) protecting each participant from unwarranted physical and mental harm;

(3) ascertaining that each participant's consent is voluntary and informed; and

(4) preserving the privacy and protecting the anonymity of each subject of the research within the terms of informed consent;

(hh) making or filing a report that one knows to be false, distorted, erroneous, incomplete, or misleading;

(ii) failing to notify the client promptly if one anticipates terminating or interrupting service to the client;

(jj) failing to seek continuation of service, or abandoning or neglecting a client under or in need of professional care, without making reasonable arrangements for that care;

(kk) abandoning employment under circumstances that seriously impair the delivery of professional care to clients and without providing reasonable notice to the employer;

(ll) failing to terminate applied behavior analysis services if it is apparent that the relationship no longer serves the client's needs or best interests;

(mm) when supervising, failing to provide accurate and current information, timely evaluations, and constructive consultation;

(nn) when applicable, failing to inform a client that applied behavior analysis services are provided or delivered under supervision;

(oo) failing to report unprofessional conduct of a licensed assistant behavior analyst, a licensed behavior analyst, or any other individual licensed by the board;

(pp) intentionally or negligently failing to file a report or record required by state or federal law, willfully impeding or obstructing another person from filing a report or record that is required by state or federal law, or inducing another person to take any of these actions;

(qq) offering to perform or performing any service, procedure, treatment, or therapy that, by the accepted standards of applied behavior analysis practice in the community, would constitute experimentation on human subjects without first obtaining the full, informed, and voluntary written consent of the client or the client's legal representative or representatives;

(rr) practicing applied behavior analysis after one's license expires; and

(ss) using without a license, or continuing to use after a license has expired, any title or abbreviation defined by regulation. (Authorized by K.S.A. 2015 Supp. 65-7505; implementing K.S.A. 2015 Supp. 65-7504 and 65-7505; effective, T-102-6-29-16, June 29, 2016; effective Nov. 14, 2016.)

102-8-12. Recordkeeping. (a) Each licensed assistant behavior analyst and each licensed behavior analyst shall maintain a record for each client that accurately reflects the licensee's contact with the client and the client's progress. Each licensee shall have ultimate responsi-

bility for the content of the licensee's records and the records of those persons under the licensee's supervision. These records may be maintained in a variety of formats, if reasonable steps are taken to maintain the confidentiality, accessibility, and durability of the records. Each record shall be completed in a timely manner and, at a minimum, shall include the following information for each client in sufficient detail to permit planning for continuity of care:

- (1) Adequate identifying data;
- (2) the date or dates of services that the licensee or the licensee's supervisee provided;
- (3) the type or types of services that the licensee or the licensee's supervisee provided;
- (4) the initial assessment, conclusions, and recommendations;
- (5) the treatment plan; and
- (6) the clinical or progress notes from each session.

(b) If a licensee is the owner or custodian of client records, the licensee shall retain a complete record for the following time periods, unless otherwise provided by law:

- (1) For an adult, at least six years after the date of termination of one or more contacts; and
- (2) for a client who is a minor on the date of termination of the contact or contacts, at least until the later of the following two dates:

(A) Two years past the date on which the client reaches the age of 18; or

(B) six years after the date of termination of the contact or contacts with the minor. (Authorized by and implementing K.S.A. 2015 Supp. 65-7505; effective, T-102-6-29-16, June 29, 2016; effective Nov. 14, 2016.)

105-3-2. Eligibility to serve. (a) Each licensed attorney engaged in the private practice of law shall be eligible to serve on the panel if the following criteria are met:

(1) Each attorney on the voluntary panel representing an indigent defendant shall have completed 12 hours of continuing legal education in the area of criminal law within three years of appointment or have graduated from an accredited law school during the three years immediately before appointment.

(2) Each attorney assigned to the defense of any felony classified as a non-drug grid offense with severity level of 3 or 4 or any felony classified as a drug grid offense with a severity level of 1, 2, or 3 shall have tried to a verdict, either as defense counsel or prosecutor, five or more felony jury trials.

(3) Each attorney assigned to the defense of any felony classified as an off-grid offense or a non-drug grid offense with a severity level of 1 or 2 shall have tried to verdict, either as defense counsel or prosecutor, five or more jury trials involving the following:

(A) Non-drug offenses of severity levels 1 through 4 or drug grid offenses of severity levels 1 through 3; or

(B) any off-grid offenses.

(4) Each attorney assigned or appointed to the defense of any indigent person accused of a capital murder, as defined by K.S.A. 2011 Supp. 21-5401 and amendments thereto, shall be a prequalified death penalty attorney. Each attorney shall be screened by the board to determine the attorney's qualifications to serve as defense counsel to an indigent person accused of a capital murder, pursuant to "guideline 5.1 qualifications of defense counsel," as published on pages 35 and 36 in the February 2003 edition of the American bar associ-

ation (ABA) "guidelines for the appointment and performance of defense counsel in death penalty cases" and hereby adopted by reference, except for the history of guideline, related standards, and commentary on page 36. Each attorney who is eligible to serve on the capital appointments panel shall be prequalified by the board as meeting this regulation.

(5) Each attorney assigned or appointed to represent an indigent person who has been convicted of capital murder and who is under a sentence of death in the direct review of the judgment shall be prequalified by the board as meeting this regulation.

(6) Each attorney assigned or appointed to represent an indigent person who has been convicted of capital murder and who is under a sentence of death in postconviction proceedings shall be prequalified by the board as meeting this regulation.

(7) To ensure compliance with these regulations in capital murder or homicide cases, each attorney assigned or appointed to the defense of any indigent person accused of a capital murder or a homicide pursuant to K.S.A. 2011 Supp. 21-5401, 21-5402, 21-5403, or 21-5404, and amendments thereto, shall be appointed from panel lists screened pursuant to these regulations and approved by the board.

(b) Except for appointment of an attorney to provide representation for an indigent person accused of a capital murder or a homicide pursuant to K.S.A. 2011 Supp. 21-5401, 21-5402, 21-5403, or 21-5404 and amendments thereto, an indigent person who has been convicted of capital murder and who is under a sentence of death in the direct review of the judgment or an indigent person who has been convicted of capital murder and who is under a sentence of death in postconviction proceedings, the judge may waive any of the require-

ments of this regulation if the judge determines that the attorney selected by the judge has sufficient training, resources, and experience to undertake the case in question. (Authorized by and implementing K.S.A. 22-4501, K.S.A. 22-4522, K.S.A. 22-4505, and K.S.A. 22-4506; effective May 1, 1984; amended, T-105-6-13-88, July 1, 1988; amended Nov. 1, 1988; amended Oct. 30, 1989; amended, T-105-6-15-93, June 15, 1993; amended Aug. 16, 1993; amended Nov. 1, 1996; amended Aug. 20, 1999; amended, T-105-6-28-12, June 28, 2012; amended Nov. 9, 2012.)

Article 4.—ENTITLEMENT TO LEGAL REPRESENTATION

105-4-1. Determination of eligibility. (a)

At the commencement of proceedings against any defendant, the defendant may apply for legal representation at state expense by submitting, to the court, an affidavit of indigency on a form provided by the board. The court shall determine if the defendant is indigent, based upon consideration of the following factors, as defined in K.A.R. 105-4-2:

- (1) The defendant's liquid assets;
 - (2) the defendant's household income;
 - (3) either the defendant's actual, reasonable, and necessary expenses incurred to support the defendant's household or the most current federal poverty guidelines, as published by the U.S. department of health and human services, for the defendant's family unit;
 - (4) the anticipated cost of private legal representation; and
 - (5) any transfer of property by the defendant without adequate monetary consideration after the date of the alleged commission of the offense.
- (b) An eligible indigent defendant shall mean a person whose combined household income and liquid assets equal less than the most current federal poverty guidelines, as published by the U.S. department of health and human services, for the defendant's family unit.
- (c) The court may also consider any special circumstances affecting the defendant's eligibility for legal representation at state expense.
- (d) If the court determines that the defendant is financially able to employ counsel after counsel has been appointed, the court shall require the defendant to reimburse the board in accordance with the provisions of K.S.A. 22-4510, and amendments thereto, for all or part of the

expenditures made on the defendant's behalf. (Authorized by K.S.A. 22-4504 and K.S.A. 22-4522; implementing K.S.A. 22-4504 and K.S.A. 22-4510; effective May 1, 1984; amended, T-105-10-3-05, Oct. 3, 2005; amended Feb. 17, 2006; amended, T-105-8-16-10, Aug. 16, 2010; amended Nov. 5, 2010.)

105-4-2. Definition of terms. Terms used to determine eligibility for indigents' defense services shall have the following meanings: (a) Household income. The defendant's household income shall be defined as the defendant's income and the income of all other persons related by birth, marriage, or adoption who reside with the defendant. Income shall include the total cash receipts before taxes from all resources, including money, wages, and the net receipts from nonfarm or farm self-employment. Income shall include regular payments from a governmental income maintenance program, alimony, child support, public or private pensions, annuities, and income from dividends, interest, rents, royalties, or periodic receipts from estates or trusts.

(b) Liquid assets. The defendant's liquid assets shall be defined as cash in hand, stocks and bonds, accounts at financial institutions, real property or homestead having a net value greater than \$50,000, a car, and any other property that can be readily converted to cash, with the following exceptions:

(1) The defendant's clothing, household furnishings, and any personal property that is exempt from attachment or levy of execution by K.S.A. 60-2304, and amendments thereto; and

(2) any other property, except a homestead having a net value greater than \$50,000, that is exempt from attachment or levy of execution by K.S.A. 60-2301 et seq., and amendments thereto. The net value of the homestead shall be the fair market value less the mortgage, other encumbrances, and the reasonable cost of sale. The net value of any property transferred after the date of the alleged commission of the offense shall be included in the determination of the defendant's liquid assets.

(c) Transfer of property.

(1) If the defendant has transferred property after the alleged commission of the offense, the court shall determine the reason for the transfer of property and whether adequate monetary consideration was received. If adequate monetary consideration was not received, the court

shall presume that the transfer was made for the purpose of establishing eligibility unless the defendant furnishes clear and convincing evidence that the transfer was made exclusively for another purpose.

(2) If a transfer was made either for the purpose of establishing eligibility or without adequate monetary consideration and the property is reconveyed to the defendant or an adjustment is made by which the defendant receives full value, the defendant shall, if otherwise qualified, be eligible to receive legal representation at state expense. (Authorized by K.S.A. 22-4504 and 22-4522; implementing K.S.A. 22-4504; effective May 1, 1984; amended Nov. 1, 1996; amended, T-105-7-22-11, July 22, 2011; amended Nov. 14, 2011.)

105-4-3. Affidavit of indigency. A standard format for an affidavit of indigency shall include the following information: (a) The defendant's liquid assets and household income;

(b) the defendant's household expenses;

(c) any extraordinary financial obligations of the defendant;

(d) the size of the defendant's household; and

(e) any transfer of property by the defendant after the date of the alleged commission of the offense.

If the information provided by the defendant on the affidavit is unclear, incomplete, contradictory, or questionable, further inquiry may be conducted by the board, the court, the county or district attorney, or other officer assigned by the court. The affidavit of indigency forms shall be published and distributed annually to the judicial administrator and to the administrative judge of each district. (Authorized by K.S.A. 22-4522; implementing K.S.A. 22-4504; effective May 1, 1984; amended May 1, 1985; amended, T-105-7-22-11, July 22, 2011; amended Nov. 14, 2011.)

Article 5.—ATTORNEY COMPENSATION

105-5-2. Rates of compensation. (a) Each assigned counsel shall be compensated at the rate of \$75 per hour.

(b) Contract counsel shall be compensated at the rate or rates specified in the contract between the board and the assigned counsel. (Authorized by and implementing K.S.A. 22-4507 and 22-4522; effective May 1, 1984; amended May 1, 1988; amended, T-105-6-13-88, July 1, 1988; amended Oct. 31, 1988; amended July 1, 1993; amended, T-105-6-15-93, July 1, 1993; amended

Aug. 16, 1993; amended March 28, 1994; amended Aug. 20, 1999; amended, T-105-7-5-06, July 5, 2006; amended Nov. 13, 2006; amended, T-105-8-16-10, Aug. 16, 2010; amended Nov. 5, 2010; amended Dec. 11, 2015; amended Nov. 14, 2016; amended April 26, 2019.)

105-5-3. Appellate courts; compensation.

(a) For authorized services performed in appealing a case to the court of appeals or the Kansas supreme court, compensation shall be paid at the rate prescribed in K.A.R. 105-5-2 as recommended by the court.

(b) Compensation for attorneys' services in cases appealed to the Kansas supreme court or the court of appeals shall not exceed \$1,800. However, additional compensation may be approved by the board as recommended by the court. (Authorized by and implementing K.S.A. 22-4507 and 22-4522; effective May 1, 1984; amended May 1, 1985; amended Aug. 20, 1999; amended, T-105-7-5-06, July 5, 2006; amended Nov. 13, 2006; amended, T-105-8-16-10, Aug. 16, 2010; amended Nov. 5, 2010; amended Dec. 11, 2015; amended Nov. 14, 2016; amended April 26, 2019.)

105-5-6. Reasonable compensation; non-tried cases. (a) Each appointed and assigned attorney shall be compensated for time expended in representing indigent defendants and other indigent persons at the hourly rate prescribed in K.A.R. 105-5-2. Except as provided in K.A.R. 105-5-8, reasonable compensation shall not exceed \$1,500 in the following cases:

(1) Those felony cases in the trial court that are classified as non-drug offenses of severity levels 1 through 5 that are not submitted to a judge or jury, including services at a preliminary hearing and sentencing, if applicable; and

(2) those felony cases in the trial court that are classified as drug offenses, that have not been submitted to a judge or jury, and in which there have been six hours or more spent in court in defense of the indigent defendant, including services at a preliminary hearing and sentencing, if applicable.

(b) Except as provided in K.A.R. 105-5-8 and K.A.R. 105-5-6(a), reasonable compensation shall not exceed \$1,125 in the following cases:

(1) Those felony cases in the trial court that are not submitted to a judge or jury, including services at a preliminary hearing and sentencing, if applicable, and are classified as severity levels 6 through 10 non-drug offenses; and

(2) those felony cases in the trial court that are not submitted to a judge or jury, that are classified as drug offenses, and in which there have been fewer than six hours spent in court in defense of the indigent defendant, including services at a preliminary hearing and sentencing, if applicable.

(c) Except as provided in K.A.R. 105-5-8, K.A.R. 105-5-6(a), and K.A.R. 105-5-6(b), reasonable compensation shall not exceed \$750 in the following types of cases:

(1) Habeas corpus cases as authorized by K.S.A. 22-4503 and K.S.A. 22-4506 and amendments thereto;

(2) cases filed pursuant to K.S.A. 60-1507 and K.S.A. 22-4506 and amendments thereto;

(3) habeas corpus cases as authorized by K.S.A. 22-2710 and amendments thereto;

(4) habeas corpus cases as authorized by K.S.A. 22-3428 and K.S.A. 22-3428a and amendments thereto; and

(5) habeas corpus cases as authorized by K.S.A. 59-2965 and amendments thereto.

(d) Except as provided in K.A.R. 105-5-8, reasonable compensation shall not exceed \$400 in the following types of cases:

(1) Representation of grand jury witnesses determined to be indigent and called to testify pursuant to K.S.A. 22-3009 and amendments thereto;

(2) representation of indigent persons committed to custody as material witnesses pursuant to K.S.A. 22-2805 and amendments thereto;

(3) probation revocation hearings; and

(4) motions to modify sentence pursuant to K.S.A. 2018 Supp. 21-6702 and amendments thereto. (Authorized by and implementing K.S.A. 22-4507 and 22-4522; effective May 1, 1984; amended May 1, 1985; amended May 1, 1986; amended May 1, 1988; amended, T-105-6-13-88, July 1, 1988; amended Nov. 1, 1988; amended Oct. 30, 1989; amended July 1, 1993; amended, T-105-6-15-93, July 1, 1993; amended Aug. 16, 1993; amended Aug. 20, 1999; amended, T-105-7-5-06; amended July 5, 2006; amended Nov. 13, 2006; amended, T-105-8-16-10, Aug. 16, 2010; amended Nov. 5, 2010; amended Dec. 11, 2015; amended Nov. 14, 2016; amended April 26, 2019.)

105-5-7. Reasonable compensation; tried cases. Each appointed and assigned attorney shall be compensated for time expended in representing indigent defendants at the hourly rate prescribed in K.A.R. 105-5-2. Except as provided in K.A.R. 105-5-8, reasonable compensation for

felony cases tried on pleas of not guilty and submitted to a judge or jury for adjudication, including compensation for services at the preliminary hearing, sentencing, and motions to modify the sentence, shall not exceed the following:

(a) \$2,400 for felonies classified as non-drug offenses of severity levels 5 through 10;

(b) \$3,000 for felonies classified as non-drug offenses of severity level 4 and felonies classified as drug offenses of severity levels 2 through 5; and

(c) \$7,500 for felonies classified as non-drug offenses of severity levels 1 through 3, off-grid felonies, and felonies classified as drug offenses of severity level 1. (Authorized by and implementing K.S.A. 22-4507 and 22-4522; effective May 1, 1984; amended, T-105-6-13-88, July 1, 1988; amended Nov. 1, 1988; amended Oct. 30, 1989; amended July 1, 1993; amended, T-105-6-15-93, July 1, 1993; amended Aug. 16, 1993; amended Aug. 20, 1999; amended, T-105-7-5-06, July 5, 2006; amended Nov. 13, 2006; amended, T-105-8-16-10, Aug. 16, 2010; amended Nov. 5, 2010; amended Dec. 11, 2015; amended Nov. 14, 2016; amended April 26, 2019.)

105-5-8. Compensation; exceptional cases. (a) Any compensation for attorneys' services in excess of the amounts specified in K.A.R. 105-5-6 and K.A.R. 105-5-7 may be approved only in exceptional cases. A finding by the court that a case is exceptional shall be subject to final approval by the board. An exceptional case shall mean any of the following:

(1) Any case involving a felony charge in the trial court that is off-grid;

(2) any felony case tried on a not guilty plea in which there have been 25 or more hours spent in court in defense of the indigent defendant;

(3) any felony case not submitted to a judge or jury in which there have been 10 hours or more of in-court time spent in defense of the indigent defendant; or

(4) any case that has been declared an exceptional case by the court due to its complexity or other significant characteristics.

(b) Each claim for compensation in an exceptional case shall be accompanied by a specific finding in a court order specifying the basis for the declaration that the case is exceptional.

(c) Reasonable compensation for attorneys' services in exceptional cases shall not exceed \$7,500 per case. However, additional compensation may be approved by the board if warranted by the ex-

treme complexity of the case. (Authorized by and implementing K.S.A. 22-4507 and 22-4522; effective May 1, 1984; amended, T-105-6-13-88, July 1, 1988; amended Nov. 1, 1988; amended Oct. 30, 1989; amended July 1, 1993; amended, T-105-6-15-93, July 1, 1993; amended Aug. 16, 1993; amended Aug. 20, 1999; amended, T-105-7-5-06, July 5, 2006; amended Nov. 13, 2006; amended, T-105-8-16-10, Aug. 16, 2010; amended Nov. 5, 2010; amended Dec. 11, 2015; amended Nov. 14, 2016; amended April 26, 2019.)

Article 7.—INVESTIGATIVE, EXPERT OR OTHER SERVICES

105-7-1. Funding approval; court order authorizing services. (a) Funding for the estimated cost of investigative, expert, and other services shall be approved by the board before any appointed attorney submits the order to the court for authorization of the services. Funding shall not be approved until the board signs a contract with the service provider for the approved cost as specified in the contract. The contract form provided by the board shall be used. Attorney time spent preparing a contract other than that approved by the board shall not be compensable.

The original contract signed by the service provider and the board shall be maintained by the board. A fully executed copy of this contract shall be returned to the attorney requesting defense services.

(b) Each court order authorizing investigative, expert, or other services for an indigent defendant shall be made on a form approved by the board and shall include an estimate of the cost of those services. Attorney time spent preparing an order form other than that approved by the board shall not be compensable.

(c) If the district court finds, on the record, that timely procurement of necessary services could not await prior authorization by the court, then funding for those necessary services already provided shall be approved by the board.

A copy of the court order shall be sent to the board promptly, after being signed by the judge. (Authorized by K.S.A. 22-4508, 22-4512a, and 22-4522; implementing K.S.A. 22-4508, 22-4512a; effective May 1, 1984; amended Dec. 14, 2012.)

105-7-2. Claims. (a) Each claim for compensation for investigative, expert, or other services provided to an indigent defendant shall be

submitted on a form approved by the board. Each claim shall be signed by the attorney requesting the service and the judge before transmittal to the board. Each claim for investigative, expert, or other services shall include the service provider's time sheet detailing time expended in the performance of these services and any compensation received for the same services from any other source.

(b) Claims for expert services rendered at the request of a public defender office shall be excluded from the provisions of K.A.R. 105-7-1. (Authorized by K.S.A. 22-4512a and 22-4522; implementing K.S.A. 22-4508 and 22-4512a; effective May 1, 1984; amended May 1, 1985; amended May 1, 1986; amended Aug. 20, 1999; amended Dec. 14, 2012.)

105-7-3. Limitations. (a) Each claim for compensation shall be for investigative, expert, or other services performed on or after the date of the order authorizing the services, unless the judge finds that timely procurement of necessary services could not await prior authorization by the court.

(b) A claim shall not exceed the estimated cost and funding approved by the board as specified in the contract and the order authorizing the services. (Authorized by and implementing K.S.A. 22-4522; effective May 1, 1984; amended Dec. 14, 2012.)

105-7-4. Investigators. Each individual performing services as an investigator shall be compensated at a rate not to exceed \$35 per hour, unless a higher rate has been approved in advance by the director. (Authorized by K.S.A. 22-4522; implementing K.S.A. 22-4508 and 22-4522; effective May 1, 1984; amended Aug. 20, 1999; amended Dec. 14, 2012.)

105-7-6. Interpreters. Each individual performing services as interpreter for the defense shall be compensated at a rate not to exceed \$30 per hour, unless a higher rate has been approved in advance by the director. No more than one interpreter per defendant may be compensated for services performed at the same stage of the proceeding. (Authorized by K.S.A. 22-4522; implementing K.S.A. 22-4508 and 22-4522; effective May 1, 1984; amended May 1, 1987; amended Aug. 20, 1999; amended Dec. 14, 2012.)

105-7-8. (Authorized by K.S.A. 1997 Supp. 22-4522; implementing K.S.A. 22-4508 and

K.S.A. 1997 Supp. 22-4522; effective May 1, 1984; amended May 1, 1988; amended Aug. 20, 1999; revoked Dec. 14, 2012.)

**Article 11.—REIMBURSEMENT
FROM DEFENDANT**

105-11-1. (Authorized by K.S.A. 22-4504; implementing K.S.A. 22-4522; effective, T-105-10-3-05, Oct. 3, 2005; effective Feb. 17, 2006; amended, T-105-7-5-06, July 5, 2006; amended

Nov. 13, 2006; amended, T-105-7-26-07, July 26, 2007; amended Nov. 26, 2007; amended, T-105-8-12-08, Aug. 12, 2008; amended Dec. 29, 2008; amended, T-105-6-26-09, June 26, 2009; amended Oct. 16, 2009; amended, T-105-8-16-10, Aug. 16, 2010; amended Nov. 5, 2010; amended, T-105-7-22-11, July 22, 2011; amended Nov. 14, 2011; amended Dec. 14, 2012; amended Dec. 29, 2014; amended Dec. 11, 2015; amended Nov. 14, 2016; revoked April 26, 2019.)

Agency 106

Kansas Commission on Peace Officers' Standards and Training (KSCPOST)

Editor's Note:

The Kansas Commission on Peace Officer's Standards and Training (KSCPOST) was created pursuant to L. 2006, Ch. 170, which became effective July 1, 2006. KSCPOST is the successor in authority to the Law Enforcement Training Commission. L. 2006, Ch. 170 also transferred certain powers, duties and functions from the Law Enforcement Training Center (Agency 107) to the Kansas Commission on Peace Officer's Standards and Training (Agency 106).

Article 2.—DEFINITIONS

106-2-1. General definitions. (a) "Applicant" means a person seeking certification as an officer.

(b) "Appointing authority" means a person or group of persons empowered by a statute, local

ordinance, or other lawful authority to make human resource decisions that affect the employment of officers. A sheriff shall be deemed to be that individual's own appointing authority.

(c) "Basic training course" means a curriculum of instruction that meets the training requirements for certification as an officer.

(d) "Criminal history record information" has the same meaning as that specified in K.S.A. 22-4701, and amendments thereto.

(e) "Legitimate law enforcement purpose" means a goal within the lawful authority of an officer that is to be achieved through methods or conduct condoned by the officer's appointing authority.

(f) "Officer" means a "police officer" or "law enforcement officer," as defined in K.S.A. 74-5602 and amendments thereto, who has been granted any certification by the commission.

(g) "Official document or official communication" means information created or transferred, in any medium, in the course of performing the duties of an officer required by law or by policies or procedures of an appointing authority.

(h) "Other training authority" means an organization or individual with a curriculum of instruction and assessments in firearms or emergency vehicle operation that the director of police training has determined may provide training equivalent to instructor courses offered at the training center.

(i) "Public safety concern" means reason to believe that the health, safety, or welfare of the

public at large would be adversely affected as a result of the reduced availability of law enforcement officers.

(j) "Trainee" means a person who is enrolled in a basic training course at a training school.

(k) "Training school" means a training organization operated by a law enforcement agency to provide basic training courses. This term shall include the training center. (Authorized by K.S.A. 2011 Supp. 74-5603, as amended by L. 2012, ch. 89, sec. 3, and K.S.A. 2011 Supp. 74-5607, as amended by L. 2012, ch. 89, sec. 5; implementing K.S.A. 2011 Supp. 74-5603, as amended by L. 2012, ch. 89, sec. 3, K.S.A. 2011 Supp. 74-5604a, K.S.A. 2011 Supp. 74-5607, as amended by L. 2012, ch. 89, sec. 5, and K.S.A. 74-5616, as amended by L. 2012, ch. 89, sec. 8; effective, T-106-6-28-12, July 1, 2012; effective Oct. 12, 2012.)

106-2-2. Certain misdemeanors constituting grounds for disqualification of applicants. Pursuant to K.S.A. 74-5605 and amendments thereto, an applicant shall not have had a conviction for misdemeanor theft, as defined in K.S.A. 2011 Supp. 21-5801 and amendments thereto, occurring within 12 months before the date of application for certification. (Authorized by and implementing K.S.A. 2011 Supp. 74-5605, as amended by L. 2012, ch. 89, sec. 4; effective, T-106-6-28-12, July 1, 2012; effective Oct. 12, 2012.)

106-2-2a. Certain misdemeanors constituting grounds for denial or discipline.

(a) Pursuant to K.S.A. 74-5616 and amendments thereto, an applicant or officer shall not engage in conduct, whether or not charged as a crime or resulting in a conviction, that would constitute any of the following misdemeanor offenses:

(1) Vehicular homicide, as defined in K.S.A. 2011 Supp. 21-5406 and amendments thereto;

106-2-3. Unprofessional conduct. “Unprofessional conduct,” pursuant to K.S.A. 74-5616 and amendments thereto, means any of the following:

(a) Willfully or repeatedly violating one or more regulations promulgated by the commission;

(b) having had a license, certification, or other credential to act as an officer denied, revoked, conditioned, or suspended; having been publicly or privately reprimanded or censured by the licensing authority of another state, agency of the United States government, territory of the United States, or country; or having had other disciplinary action taken against the applicant or licensee by a licensing authority of another state, agency of the United States government, territory of the United States, or country. A certified copy of the record or order of public or private reprimand or censure, denial, suspension, condition, revocation, or other disciplinary action of the licensing authority of another state, agency of the United States government, territory of the United States, or country shall constitute prima facie evidence of such a fact for purposes of this subsection;

(c) willfully failing to report to the appointing authority or its designee knowledge gained through observation that another officer engaged in conduct that would be grounds for discipline by the commission;

(d) willfully disclosing criminal history record information or other information designated as confidential by statute or regulation, except for a legitimate law enforcement purpose or when required by order of a court or agency of competent jurisdiction;

(e) taking, threatening to take, or failing to take action as an officer if the action is or reasonably

would appear to be motivated by a familial, financial, social, sexual, romantic, physical, intimate, or emotional relationship;

(f) using excessive physical force in carrying out a law enforcement objective. As used in this subsection, physical force shall be deemed excessive if it is greater than what a reasonable and prudent officer would use under the circumstances;

(g) exploiting or misusing the position as an officer to obtain an opportunity or benefit that would not be available but for that position;

(h) exploiting or misusing the position as an officer to establish or attempt to establish a financial, social, sexual, romantic, physical, intimate, or emotional relationship;

(i) failing to report, in the manner required by the revised Kansas code for care of children, reasonable suspicion that a child has been harmed as a result of physical, mental, or emotional abuse or neglect; or

(j) engaging in any of the following conduct, except for a legitimate law enforcement purpose:

(1) Intentionally using a false or deceptive statement in any official document or official communication;

(2) committing conduct likely to endanger the public;

(3) performing duties as an officer while using or under the influence of alcohol;

(4) using any prescription-only drug, as defined by K.S.A. 65-1626 and amendments thereto, that impairs the officer's skill or judgment in performance of duties as an officer; or

(5) using any controlled substance that is unlawful to possess, as defined by K.S.A. 2011 Supp. 21-5706 and amendments thereto. (Authorized by and implementing K.S.A. 2011 Supp. 74-5616, as amended by L. 2012, ch. 89, sec. 8; effective, T-106-6-28-12, July 1, 2012; effective Oct. 12, 2012.)

106-2-4. Good moral character. (a) “Good moral character,” pursuant to K.S.A. 74-5605 and amendments thereto, shall include the following personal traits or qualities:

(1) Integrity;

(2) honesty;

(3) upholding the laws of the state and nation;

(4) conduct that warrants the public trust; and

(5) upholding the oath required for certification as specified in K.A.R. 106-3-6.

(b) Any single incident or event may suffice to show that an applicant or licensee lacks or has

failed to maintain good moral character. (Authorized by K.S.A. 2011 Supp. 74-5607, as amended by L. 2012, ch. 89, sec. 5; implementing K.S.A. 2011 Supp. 74-5605, as amended by L. 2012, ch. 89, sec. 4; effective, T-106-6-28-12, July 1, 2012; effective Oct. 12, 2012.)

Article 3.—OFFICER CERTIFICATION STANDARDS

106-3-1. Provisional certificate conditioned on attendance at next available basic training course. Each provisional certificate issued to an officer newly appointed or elected on a provisional basis shall be conditioned upon the officer's attendance at the next available basic training course, unless the appointing authority gives written notice and a detailed explanation to the director of police training of both of the following:

(a) The required attendance creates a public safety concern.

(b) The officer should be permitted to attend a subsequent basic training course scheduled to commence within the officer's provisional appointment. (Authorized by K.S.A. 2011 Supp. 74-5607, as amended by L. 2012, ch. 89, sec. 5; implementing K.S.A. 2011 Supp. 74-5607a, as amended by L. 2012, ch. 89, sec. 6; effective, T-106-6-28-12, July 1, 2012; effective Oct. 12, 2012.)

106-3-2. Provisional certification; working as officer during basic training course. Each officer who has been granted provisional certification shall work as an officer while enrolled and attending a basic training course only as required by the course curriculum, except whenever the director of police training announces that the training center is closed or otherwise will not conduct basic training courses. (Authorized by and implementing K.S.A. 2011 Supp. 74-5607, as amended by L. 2012, ch. 89, sec. 5; effective, T-106-6-28-12, July 1, 2012; effective Oct. 12, 2012.)

106-3-3. Standards for approval of psychological testing. (a) Each assessment of an applicant for certification that is performed to determine the absence of a mental or personality disorder shall, at a minimum, include a psychological test that is generally accepted in the community of licensed psychologists to be valid for law enforcement candidate selection consistent with the standards provided by the society for industrial and organizational psychology, inc. in

"principles for the validation and use of personnel selection procedures," fourth edition, dated 2003. Pages 3 through 61 of this document are hereby adopted by reference.

(b) Each psychological test administered shall be scored and interpreted according to the recommendations of the test's publisher and by a person appropriately licensed to score and interpret psychological testing. (Authorized by K.S.A. 2011 Supp. 74-5607, as amended by L. 2012, ch. 89, sec. 5; implementing K.S.A. 2011 Supp. 74-5605, as amended by L. 2012, ch. 89, sec. 4; effective, T-106-6-28-12, July 1, 2012; effective Oct. 12, 2012.)

106-3-4. Verification of high school equivalence. Verification of "the equivalent of a high school education," pursuant to K.S.A. 74-5605 and amendments thereto, shall mean any of the following:

(a) A general education development (GED) credential;

(b) proof of program completion and hours of instruction at a non-accredited private secondary school registered with the state board of education of Kansas, or of the state in which instruction was completed, and a score in at least the 50th percentile on either of the following tests:

(1) American college test (ACT); or

(2) scholastic aptitude test (SAT); or

(c) proof of admission to a postsecondary state educational institution accredited by the Kansas state board of regents or by another accrediting body having minimum admission standards at least as stringent as those of the Kansas state board of regents. (Authorized by and implementing K.S.A. 2011 Supp. 74-5605, as amended by L. 2012, ch. 89, sec. 4; effective, T-106-6-28-12, July 1, 2012; effective Oct. 12, 2012.)

106-3-5. Determination of work hours for part-time certification. Calculation of the number of work hours for part-time certification of an officer shall be based on a calendar year and shall include the total cumulative number of hours that the officer worked for each appointing authority during a calendar year. (Authorized by K.S.A. 2011 Supp. 74-5607, as amended by L. 2012, ch. 89, sec. 5; implementing K.S.A. 2011 Supp. 74-5602, as amended by L. 2012, ch. 89, sec. 2, and K.S.A. 2011 Supp. 74-5607a, as amended by L. 2012, ch. 89, sec. 6; effective, T-106-6-28-12, July 1, 2012; effective Oct. 12, 2012.)

106-3-6. Oath required for certification.

As a condition to certification as an officer, each applicant shall swear or affirm the following: "On my honor, I will never betray my badge, my integrity, my character, or the public trust. I will always have the courage to hold myself and others accountable for our actions. I will always uphold the constitution of the United States and of the state of Kansas, my community, and the agency I serve." (Authorized by and implementing K.S.A. 2011 Supp. 74-5607, as amended by L. 2012, ch. 89, sec. 5; effective, T-106-6-28-12, July 1, 2012; effective Oct. 12, 2012.)

**Article 4.—TRAINING
SCHOOL STANDARDS****106-4-1. Approval of training schools.**

Each training school offering a basic training course shall meet the requirements of this regulation for approval by the commission:

(a) Each training school shall be certified by the director of police training. The administrator of each training school seeking certification shall submit the following in writing to the director of police training at least 45 days before the proposed date of operation:

(1) A completed application on a form furnished by the director of police training;

(2) a description of the basic training course to be offered that demonstrates that the course meets or exceeds the training objectives of the basic training course curriculum adopted pursuant to K.S.A. 74-5603, and amendments thereto;

(3) a description of the requirements for the satisfactory completion of a basic training course offered by the training school;

(4) a description of each facility where the basic training course will be conducted; and

(5) a list of the instructors who will provide training, along with a summary of their qualifications to instruct.

(b) Requirements for the successful completion of a basic training course shall include the following:

(1) Written testing that is designed to assess the trainees' learning. The design of the test instrument, the testing procedures, the testing results to be included in the final average score, and the method for calculating the final average score shall be developed by the training school. Each trainee shall be required to achieve a final average score of at least 70 percent on written testing;

(2) firearms proficiency that demonstrates a qualifying score of at least 70 percent on a course of fire approved by the director of police training;

(3) emergency vehicle operation proficiency as determined by the training school based upon the requirements of the approved curriculum, the driving facilities, and the space available;

(4) demonstrated understanding of the legal limitations of an officer's authority to use force evaluated by written or performance assessments, or a combination of both, with a description of the assessments and the standard for successful completion;

(5) other written or performance assessments specified by the training school, with a description of each assessment and the standard for successful completion;

(6) a requirement that each trainee attend at least 90 percent of the basic training course and successfully complete all coursework in the approved curriculum; and

(7) a requirement that trainees attend 100 percent of the mandated training in firearms and emergency vehicle operation.

(c) The equipment and the facilities where each basic training course is conducted shall provide a safe and effective learning environment and shall include the following at a minimum:

(1) Classroom space and instructional equipment conducive to learning;

(2) a firing range;

(3) a driver training area for emergency vehicle operation; and

(4) space and equipment for training in physical and defensive tactics.

(d) Each instructor providing instruction in a basic training course shall be knowledgeable in both the subject area to be taught and instructional methodology. Each instructor providing firearms instruction in a basic training course shall have satisfactorily completed a course for firearms instructors provided by the training center or other training authority. Each instructor providing emergency vehicle operation instruction shall have satisfactorily completed a course for emergency vehicle operation instruction provided by the training center or other training authority.

(e) At the completion of each basic training course offered by a training school, the school administrator shall submit to the director of police training evidence of successful completion for each officer enrolled in the basic training course who has satisfied the requirements provided to

the director of police training in the initial application for school certification.

(f) Each training school shall maintain records of all basic training courses offered. Records may be maintained in electronic format. The records shall include the following:

(1) A master copy of all written testing instruments;

(2) a schedule of all training provided during the basic training course;

(3) a record of daily trainee attendance;

(4) a list of each trainee enrolled in the basic training course, whether the trainee successfully completed the basic training course; and

(5) a record of scores or other measures of evaluation for each trainee that assess each trainee's successful completion of all requirements.

(g) In determining whether to certify a training school, the director of police training may consider both the information contained in the current application for certification and the manner in which the training school has previously been operated. The director of police training may refuse to certify a training school upon a finding of any of the following:

(1) The training either proposed or actually provided by the training school does not meet or exceed the training objectives of the appropriate approved basic training course.

(2) The instructors who are designated in the application for certification or who actually pro-

vide instruction in a basic training course do not meet the minimum qualifications for instructors.

(3) The facilities either proposed in the application or actually used in the basic training course fail to provide a safe and effective learning environment.

(4) The written or performance assessments either proposed in the application or actually used in the training course do not meet the standards provided or otherwise do not provide a basis for evaluation that satisfies the director of police training that the trainees will meet or have met the learning objectives specified in a basic training course curriculum.

(5) With the assistance or knowledge of the training school staff, trainees have met in whole or in part requirements for successful completion by fraud, misrepresentation, or cheating on or attempting to subvert the validity of examinations or assessments.

(6) The approved basic training course as described in the training school application for certification deviates from the basic training course as actually administered.

(h) The certification of each training school shall expire one year from the date of issuance. (Authorized by and implementing K.S.A. 2011 Supp. 74-5607, as amended by L. 2012, ch. 89, sec. 5, and K.S.A. 2011 Supp. 74-5604a; effective, T-106-6-28-12, July 1, 2012; effective Oct. 12, 2012.)

Kansas State Employees Health Care Commission

Articles

108-1. ELIGIBILITY REQUIREMENTS.

Article 1.—ELIGIBILITY REQUIREMENTS

108-1-1. Eligibility. (a) General definitions.

(1) “Active participant” means any person enrolled in the health care benefits program.

(2) “Child” means any of the following:

(A) A natural son or daughter of a primary participant;

(B) A lawfully adopted son or daughter of a primary participant. The term “lawfully adopted” shall include those instances in which a primary participant has filed the petition for adoption with the court, has a placement agreement for adoption, or has been granted legal custody;

(C) A stepchild of a primary participant. However, if the natural or adoptive parent of the stepchild is divorced from the primary participant, the stepchild shall no longer qualify;

(D) A child of whom the primary participant has legal custody; or

(E) A grandchild, if at least one of the following conditions is met:

(i) The primary participant has legal custody of the grandchild or has lawfully adopted the grandchild;

(ii) the grandchild lives in the home of the primary participant and is the child of a covered eligible dependent child, and the primary participant provides more than 50 percent of the support for the grandchild; or

(iii) the grandchild is the child of a covered eligible dependent child and is considered to reside with the primary participant even when the grandchild or eligible dependent child is temporarily absent due to special circumstances including education of the covered eligible dependent child, and the primary participant provides more than 50 percent of the support for the grandchild.

(3) “COBRA” means the consolidated omnibus budget reconciliation act, public law 99-272, as amended.

(4) “Commission” means the Kansas state employees health care commission.

(5) “Direct bill participant” means any person enrolled in the health care benefits program pursuant to subsections (d), (e), and (h).

(6) “Eligible dependent child” means any dependent child who meets one of the following criteria:

(A) The child is under 26 years of age.

(B) The child is aged 26 or older, has a permanent and total disability, and has continuously maintained group coverage as an eligible dependent child of the primary participant before attaining the age of 26. The child shall be chiefly dependent on the primary participant for support.

(7) “Health care benefits program” means the state of Kansas health care benefits program established by the commission.

(8) “Permanent and total disability” means that an individual is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or has lasted or can be expected to last for a continuous period of at least 12 months. An individual shall not be considered to have a permanent and total disability unless that person furnishes proof of the permanent and total disability in the form and manner, and at the times, that the health care benefits program may require.

(9) “Primary participant” means any person enrolled in the health care benefits program under subsection (b), a direct bill participant under subsection (d), or a COBRA participant.

(10) “Variable-hour employee” means any officer or employee of a state agency for whom, at the date of hire, it cannot be determined that the employee is reasonably expected to work at least 1,000 hours per year.

(b) Primary participants. Subject to the provisions of subsection (c), the classes of persons eligible to participate as primary participants in the health care benefits program shall be the following classes of persons:

(1) Any elected official of the state;

(2) any other officer or employee of a state agency who meets both of the following conditions:

(A) Is working in one or more positions that together require at least 1,000 hours of work per year; and

(B) is not a variable-hour employee;

(3) any person engaged in a postgraduate residency training program in medicine at the university of Kansas medical center or in a postgraduate residency or internship training program in veterinary medicine at Kansas state university;

(4) any person serving with the foster grandparent program;

(5) any person participating under a phased retirement agreement outlined in K.S.A. 76-746, and amendments thereto;

(6) any student employee and any adjunct professor at a state institution of higher learning if the individual works in one or more positions that together require at least 1,560 hours of work per year; and

(7) any other class of individuals approved by the Kansas state employees health care commission, within the limitations specified in K.S.A. 75-6501 et seq., and amendments thereto.

(c) Waiting period.

(1) Each person who is within a class listed in paragraph (b)(1), (b)(2), (b)(3), (b)(4), (b)(6), or (b)(7) shall become eligible for enrollment in the health care benefits program following completion of a 30-day waiting period beginning with the first day of work for the state of Kansas. Each person shall have 31 days after becoming eligible to elect coverage.

(2) The waiting period established in paragraph (c)(1) shall not apply if all of the following conditions are met:

(A) The person is returning to work for the state of Kansas or is transferring from a position that was eligible for coverage under K.A.R. 108-1-3 or K.A.R. 108-1-4.

(B) Immediately before leaving the prior position, the person was enrolled in the health care benefits program.

(C) The break in service between the prior position and the new position does not exceed the following time periods:

(i) 30 calendar days; or

(ii) 365 calendar days, if the person was laid off, as defined in K.S.A. 75-2948 and amendments thereto.

(3) The waiting period established in paragraph (c)(1) shall not apply to any person who, on that person's first day of work for the state, is enrolled in the health care benefits program on any of the following bases:

(A) As a direct bill participant;

(B) under the continuation of benefits coverage provided under COBRA; or

(C) as a dependent of a participant in the health care benefits program.

(4) The waiting period established in paragraph (c)(1) may be waived by the commission or its designee if, within 30 days of the date of hire, the agency head or the agency head's designee certifies in writing to the commission, or its designee, that the waiver is being sought because the potential new employee is required to have health insurance as a condition of obtaining a work visa for employment in the United States.

(d) Classes of direct bill participants. Subject to the provisions of subsection (e), the classes of persons eligible to participate as members of the health care benefits program on a direct bill basis shall be the following:

(1) Any former elected state official;

(2) any retired state officer or employee who is eligible to receive retirement benefits under K.S.A. 74-4925, and amendments thereto, or retirement benefits administered by the Kansas public employees retirement system;

(3) any totally disabled former state officer or employee who is receiving disability benefits administered by the Kansas public employees retirement system;

(4) any surviving spouse or dependent of a qualifying participant in the health care benefits program;

(5) any person who is in a class listed in paragraph (b)(1), (b)(2), (b)(3), (b)(4), or (b)(6) and who is lawfully on leave without pay;

(6) any blind person licensed to operate a vending facility as defined in K.S.A. 75-3338, and amendments thereto;

(7) any former "state officer," as that term is defined in K.S.A. 74-4911f and amendments thereto, who elected not to be a member of the Kansas public employees retirement system as provided in K.S.A. 74-4911f and amendments thereto; and

(8) any former state officer or employee who separated from state service when eligible to receive a retirement benefit but, in lieu of that, withdrew that individual's employee contributions from the retirement system.

(e) Conditions for direct bill participants. Each person who is within a class listed in paragraph (d)(1), (d)(2), (d)(3), (d)(4), (d)(5), (d)(7), or (d)(8) shall be eligible to participate on a direct bill basis only if the conditions of both paragraphs (e)(1) and (e)(2) are met:

(1) The person was covered by the health care benefits program on one of the following bases:

(A) The person was covered as an active participant, as a COBRA participant, or as a spouse under paragraph (g)(1) immediately before the date that person ceased to be eligible for that type of coverage or the date the individual became newly eligible for a class listed in subsection (d).

(B) The person is the surviving spouse or eligible dependent child of a person who was enrolled as a primary participant or a direct bill participant when the primary participant died, and the surviving spouse or eligible dependent child was covered by the health care benefits program as a dependent pursuant to subsection (g) when the primary participant died.

(2) The person completes an enrollment form requesting transfer to the direct bill program and submits the form to the health care benefits program. The form shall be submitted no more than 30 days after the person ceased to be eligible for coverage.

(f) COBRA participants. Any individual with rights to extend coverage under COBRA may continue to participate in the health care benefits program, subject to the provisions of that federal law.

(g) Eligible dependent participants.

(1) Any person enrolled in the health care benefits program as a primary participant may enroll the following dependents, subject to the same conditions and limitations that apply to the primary participant:

(A) The primary participant's lawful wife or husband, as recognized by Kansas law and subject to the documentation requirements of the commission or its designee; and

(B) any of the primary participant's eligible dependent children, subject to the documentation requirements of the commission or its designee.

(2) An eligible dependent child who is enrolled by one primary participant shall not be eligible to be enrolled by another primary participant.

(3) An individual who is eligible to enroll as a primary participant in the health care benefits program shall be eligible to be enrolled under this subsection as a dependent in the health care benefits program, subject to the following requirements:

(A) The individual who enrolls as a dependent of a primary participant shall be the lawful spouse, as defined in paragraph (g)(1)(A).

(B) An individual who enrolls as a dependent of a primary participant shall not be eligible to

be enrolled as a primary participant during that plan year.

(C) Each individual who enrolls as a dependent of a primary participant shall be subject to the copays, deductibles, coinsurance, and employer contribution levels as a dependent and not as a primary participant.

(4) The term "dependent" shall exclude any individual who is not a citizen or national of the United States, unless the individual is a resident of the United States or a country contiguous to the United States, is a member of a primary participant's household, and resides with the primary participant for more than six months of the calendar year. The dependent shall be considered to reside with the primary participant even when the dependent is temporarily absent due to special circumstances, including illness, education, business, vacation, and military service.

(h) Direct bill participants; continuous coverage provisions.

(1) Except as otherwise provided in this subsection, each direct bill participant enrolled in the state health care benefits program on or after January 21, 2001, shall maintain continuous coverage in the program or shall lose eligibility to be in the state health care benefits program as a direct bill participant.

(2) Any person who discontinued direct bill coverage in the state health care benefits program before January 21, 2001, and who is not a direct bill participant on that date may return one time to the state health care benefits program if the person meets the criteria specified in subsections (d) and (e) and if that person has not previously discontinued and returned to direct bill coverage before January 21, 2001. (Authorized by K.S.A. 2014 Supp. 75-6501 and K.S.A. 75-6510; implementing K.S.A. 2014 Supp. 75-6501; effective, T-85-22, July 16, 1984; effective May 1, 1985; amended, T-88-64, Dec. 30, 1987; amended, T-89-12, May 1, 1988; amended, T-108-9-12-88, Sept. 12, 1988; amended Oct. 31, 1988; amended May 9, 1997; amended Jan. 21, 2001; amended Aug. 27, 2004; amended June 17, 2005; amended Jan. 6, 2006; amended July 16, 2010; amended, T-108-8-16-10, Aug. 16, 2010; amended March 11, 2011; amended Jan. 2, 2015.)

108-1-3. School district employee health care benefits plan. (a) Definitions for K.A.R. 108-1-3.

(1) "Active participant" means any person who is enrolled in the school district plan.

(2) “Child” means any of the following:

(A) A natural son or daughter of a primary participant;

(B) A lawfully adopted son or daughter of a primary participant. The term “lawfully adopted” shall include those instances in which a primary participant has filed the petition for adoption with the court, has a placement agreement for adoption, or has been granted legal custody;

(C) a stepchild of a primary participant. However, if the natural or adoptive parent of the stepchild is divorced from the primary participant, the stepchild shall no longer qualify;

(D) a child of whom the primary participant has legal custody; or

(E) a grandchild, if at least one of the following conditions is met:

(i) The primary participant has legal custody of the grandchild or has lawfully adopted the grandchild;

(ii) the grandchild lives in the home of the primary participant and is the child of a covered eligible dependent child, and the primary participant provides more than 50 percent of the support for the grandchild; or

(iii) the grandchild is the child of a covered eligible dependent child and is considered to reside with the primary participant even when the grandchild or eligible dependent child is temporarily absent due to special circumstances including education of the covered eligible dependent child, and the primary participant provides more than 50 percent of the support for the grandchild.

(3) “COBRA” means the consolidated omnibus budget reconciliation act, public law 99-272, as amended.

(4) “Commission” means the Kansas state employees health care commission.

(5) “Direct bill participant” means any person enrolled in the school district plan pursuant to subsections (d), (e), and (h).

(6) “Eligible dependent child” means any dependent child who meets one of the following criteria:

(A) The child is under 26 years of age.

(B) The child is aged 26 or older, has a permanent and total disability, and has continuously maintained group coverage as an eligible dependent child of the primary participant before attaining the age of 26. The child shall be chiefly dependent on the primary participant for support.

(7) “Health care benefits program” means the state of Kansas health care benefits program established by the commission.

(8) “Permanent and total disability” means that an individual is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or has lasted or can be expected to last for a continuous period of at least 12 months. An individual shall not be considered to have a permanent and total disability unless that person furnishes proof of the permanent and total disability in the form and manner, and at the times, that the health care benefits program may require.

(9) “Primary participant” means any person enrolled in the school district plan under subsection (b), a direct bill participant under subsection (d), or a COBRA participant.

(10) “Qualified school district” means a public school district, community college, area vocational technical school, or technical college that meets the terms, conditions, limitations, exclusions, and other provisions established by the commission for participation in the school district employee health care benefits component of the health care benefits program and has entered into a written agreement with the commission to participate in the program.

(11) “School district employee” means any individual who is employed by a qualified school district and who meets the definition of employee under K.S.A. 74-4932(4), and amendments thereto, except that the following employees shall be employed in a position that requires at least 1,000 hours of work per year:

(A) Employees of community colleges; and

(B) employees of area vocational technical schools and technical colleges that are not governed by a unified school district.

For purposes of this definition, a technical college shall be a participating employer under K.S.A. 74-4931, and amendments thereto, in accordance with K.S.A. 72-4471, and amendments thereto.

(12) “School district plan” means the school district employee health care benefits component of the health care benefits program.

(13) “Variable-hour employee” means any school district employee for whom, at the date of hire, it cannot be determined that the employee is reasonably expected to work at least 1,000 hours per year.

(b) Primary participants. Subject to the provisions of subsection (c), each school district employee shall be eligible to participate as a primary

participant in the school district plan. Eligibility and participation shall be subject to terms, conditions, limitations, exclusions, and other provisions established by the commission, including the amount and method of payment for employee and employer contributions.

(c) Waiting periods.

(1) Each school district employee whose first day of work for a qualified school district is on or after the first day on which the employee's qualified school district participates in the school district plan shall become eligible for coverage following completion of a 30-day waiting period beginning with the first day of work for the qualified school district. Each school district employee shall have 31 days after becoming eligible to elect coverage.

(2) The waiting period established in paragraph (c)(1) shall not apply if all of the following conditions are met:

(A) The person is returning to work for the qualified school district, transferring from another qualified school district, or transferring from a position that is eligible for coverage under K.A.R. 108-1-1 or K.A.R. 108-1-4.

(B) Immediately before leaving the prior position, the person was enrolled in the health care benefits program.

(C) The break in service between the prior position and the new position does not exceed the following time periods:

(i) 30 calendar days; or

(ii) 365 calendar days, if the person was laid off in accordance with the practices of the qualified school district.

(3) The waiting period established in paragraph (c)(1) shall not apply to any person who, on that person's first day of work for the qualified school district, is enrolled in the health care benefits program on any of the following bases:

(A) As a direct bill participant;

(B) under the continuation of benefits coverage provided under COBRA; or

(C) as a dependent of a participant in the health care benefits program.

(4) The waiting period established in paragraph (c)(1) may be waived by the commission or its designee if, within 30 days of the date of hire, the chief administrative officer of the qualified school district, or the chief administrative officer's designee, certifies in writing to the commission, or its designee, that the waiver is being sought because the new employee is required to have health in-

surance as a condition of obtaining a work visa for employment in the United States.

(5) Each school district employee who is employed by the qualified school district immediately before the first day on which the employee's qualified school district participates in the school district plan shall be subject to transitional provisions established by the commission regarding waiting periods and the effective date on which the employee becomes eligible to participate in the school district plan.

(d) Classes of direct bill participants. Subject to the provisions of subsection (e), the classes of persons eligible to participate as members of the school district plan on a direct bill basis shall be the following:

(1) Any retired school district employee who is eligible to receive retirement benefits;

(2) any totally disabled former school district employee who is receiving benefits under K.S.A. 74-4927, and amendments thereto;

(3) any surviving spouse or dependent of a primary participant in the school district plan;

(4) any person who is a school district employee and who is on approved leave without pay in accordance with the practices of the qualified school district; and

(5) any individual who was covered by the health care plan offered by the qualified school district on the day immediately before the first day on which the qualified school district participates in the school district plan, except that no individual who is an employee of the qualified school district and who does not meet the definition of school district employee in subsection (a) shall be qualified as a direct bill participant under this paragraph.

(e) Conditions for direct bill participants. Each person who is within a class listed in subsection (d) shall be eligible to participate on a direct bill basis only if the person meets both of the following conditions:

(1) The person was covered by the school district plan or the health care insurance plan offered by the qualified school district on one of the following bases:

(A) Immediately before the date the person ceased to be eligible for coverage, or for any person identified in paragraph (d)(5), immediately before the first day on which the qualified school district participates in the school district plan, the person either was covered as a primary participant under subsection (b) or was covered by the health

care insurance plan offered by the employee's qualified school district.

(B) The person is a surviving spouse or dependent of a plan participant who was enrolled as a primary participant or a direct bill participant when the primary participant died, and the surviving spouse or eligible dependent child was covered by the health care benefits program as a dependent under subsection (g) when the primary participant died.

(C) The person is a surviving spouse or dependent of a primary participant who was enrolled under the health care insurance plan offered by the participant's qualified school district when the primary participant died, and the person has maintained continuous coverage under the qualified school district's health care insurance plan before joining the health care benefits program.

(2) The person completes an enrollment form requesting transfer to the direct bill program and submits the form to the health care benefits program. The form shall be submitted no more than 30 days after the person ceased to be eligible for coverage, or in the case of any individual identified in paragraph (d)(5), no more than 30 days after the first day on which the qualified school district participates in the school district plan.

(f) COBRA participants. Any individual with rights to extend coverage under COBRA may participate in the school district plan, subject to the provisions of that federal law.

(g) Eligible dependent participants.

(1) Any person enrolled in the school district plan as a primary participant may enroll the following dependents, subject to the same conditions and limitations that apply to the primary participant:

(A) The primary participant's lawful wife or husband, as recognized by Kansas law and subject to the documentation requirements of the commission or its designee; and

(B) any of the primary participant's eligible dependent children, subject to the documentation requirements of the commission or its designee.

(2) An eligible dependent child who is enrolled by one primary participant shall not be eligible to be enrolled by another primary participant.

(3) An individual who is eligible to enroll as a primary participant in the health care benefits program shall be eligible to be enrolled under this subsection as a dependent in the health care benefits program, subject to the following requirements:

(A) The individual who enrolls as a dependent of a primary participant shall be the lawful spouse, as defined in paragraph (g)(1)(A).

(B) An individual who enrolls as a dependent of a primary participant shall not be eligible to be enrolled as a primary participant during that plan year.

(C) Each individual who enrolls as a dependent of a primary participant shall be subject to the copays, deductibles, coinsurance, and employer contribution levels as a dependent and not as a primary participant.

(4) The term "dependent" shall exclude any individual who is not a citizen or national of the United States, unless the individual is a resident of the United States or a country contiguous to the United States, is a member of a primary participant's household, and resides with the primary participant for more than six months of the calendar year. The dependent shall be considered to reside with the primary participant even when the dependent is temporarily absent due to special circumstances, including illness, education, business, vacation, and military service.

(h) Direct bill participants; continuous coverage provisions.

(1) Except as otherwise provided in this subsection, each direct bill participant enrolled in the health care benefits program on or after January 21, 2001 shall maintain continuous coverage in the program or shall lose eligibility to be in the health care benefits program as a direct bill participant.
