(2) Any person who discontinued direct bill coverage in the health care benefits program before January 21, 2001 and who was not a direct bill participant on that date may return one time to the health care benefits program if the person meets the criteria specified in subsections (d) and (e) and if that person has not previously discontinued and returned to direct bill coverage before January 21, 2001. (Authorized by K.S.A. 2014 Supp. 75-6501 and K.S.A. 75-6510; implementing K.S.A. 2014 Supp. 75-6501 and K.S.A. 2014 Supp. 75-6508; effective, T-108-9-13-99, Sept. 13, 1999; effective Feb. 4, 2000; amended July 16, 2010; amended, T-108-8-16-10, Aug. 16, 2010; amended March 11, 2011; amended Jan. 2, 2015.)

108-1-4. Local unit of government employee health care benefits plan. (a) Definitions for K.A.R. 108-1-4.

(1) "Active participant" means any person who is enrolled in the local unit plan.

- (2) “Child” means any of the following:
- (A) A natural son or daughter of a primary participant;
 - (B) a lawfully adopted son or daughter of a primary participant. The term “lawfully adopted” shall include those instances in which a primary participant has filed the petition for adoption with the court, has a placement agreement for adoption, or has been granted legal custody;
 - (C) a stepchild of a primary participant. However, if the natural or adoptive parent of the stepchild is divorced from the primary participant, the stepchild shall no longer qualify;
 - (D) a child of whom the primary participant has legal custody; or
 - (E) a grandchild, if at least one of the following conditions is met:
 - (i) The primary participant has legal custody of the grandchild or has lawfully adopted the grandchild;
 - (ii) the grandchild lives in the home of the primary participant and is the child of a covered eligible dependent child, and the primary participant provides more than 50 percent of the support for the grandchild; or
 - (iii) the grandchild is the child of a covered eligible dependent child and is considered to reside with the primary participant even when the grandchild or eligible dependent child is temporarily absent due to special circumstances including education of the covered eligible dependent child, and the primary participant provides more than 50 percent of the support for the grandchild.
- (3) “COBRA” means the consolidated omnibus budget reconciliation act, public law 99-272, as amended.
- (4) “Commission” means the Kansas state employees health care commission.
- (5) “Direct bill participant” means any person enrolled in the local unit plan pursuant to subsections (d), (e), and (h).
- (6) “Eligible dependent child” means any dependent child who meets one of the following criteria:
- (A) The child is under 26 years of age.
 - (B) The child is aged 26 or older, has a permanent and total disability, and has continuously maintained group coverage as an eligible dependent child of the primary participant before attaining the age of 26. The child shall be chiefly dependent on the primary participant for support.
- (7) “Health care benefits program” means the state of Kansas health care benefits program established by the commission.
- (8) “Local unit” means any of the following:
- (A) Any county, township, or city;
 - (B) any community mental health center;
 - (C) any groundwater management district, rural water-supply district, or public wholesale water-supply district;
 - (D) any county extension council or extension district;
 - (E) any hospital established, maintained, and operated by a city of the first or second class, a county, or a hospital district in accordance with applicable law;
 - (F)(i) Any city, county, or township public library created under the authority of K.S.A. 12-1215 et seq., and amendments thereto;
 - (ii) any regional library created under the authority of K.S.A. 12-1231, and amendments thereto;
 - (iii) any library district created under the authority of K.S.A. 12-1236, and amendments thereto;
 - (iv) the Topeka and Shawnee county library district established under the authority of K.S.A. 12-1260 et seq., and amendments thereto;
 - (v) the Leavenworth and Leavenworth county library district established under the authority of K.S.A. 12-1270, and amendments thereto;
 - (vi) any public library established by a unified school district under the authority of K.S.A. 72-1623, and amendments thereto; or
 - (vii) any regional system of cooperating libraries established under the authority of K.S.A. 75-2547 et seq., and amendments thereto;
 - (G) any housing authority created pursuant to K.S.A. 17-2337 et seq., and amendments thereto;
 - (H) any local environmental protection program obtaining funds from the state water fund in accordance with K.S.A. 75-5657, and amendments thereto;
 - (I) any city-county, county, or multicounty health board or department established pursuant to K.S.A. 65-204 and 65-205, and amendments thereto;
 - (J) any nonprofit independent living agency, as defined in K.S.A. 65-5101 and amendments thereto;
 - (K) the Kansas guardianship program established pursuant to K.S.A. 74-9601 et seq., and amendments thereto; or
 - (L) any group of persons on the payroll of a county, township, city, special district or other local governmental entity, public school district, licensed child care facility operated by a not-for-

profit corporation providing residential group foster care for children and receiving reimbursement for all or part of this care from the department for children and families, nonprofit community mental health center pursuant to K.S.A. 19-4001 et seq. and amendments thereto, nonprofit community facility for people with intellectual disability pursuant to K.S.A. 19-4001 et seq. and amendments thereto, or nonprofit independent living agency as defined in K.S.A. 65-5101 and amendments thereto.

(9) “Local unit employee” means any individual who meets one or more of the following criteria:

(A) The individual is an appointed or elective officer or employee of a qualified local unit whose employment is not seasonal or temporary and whose employment requires at least 1,000 hours of work per year.

(B) The individual is an appointed or elective officer or employee who is employed concurrently by two or more qualified local units in positions that involve similar or related tasks and whose combined employment by the qualified local units is not seasonal or temporary and requires at least 1,000 hours of work per year.

(C) The individual is a member of a board of county commissioners of a county that is a qualified local unit, and the compensation paid for service on the board equals or exceeds \$5,000 per year.

(D) The individual is a council member or commissioner of a city that is a qualified local unit, and the compensation paid for service as a council member or commissioner equals or exceeds \$5,000 per year.

(10) “Local unit plan” means the local unit employee health care benefits component of the health care benefits program.

(11) “Permanent and total disability” means that an individual is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or has lasted or can be expected to last for a continuous period of at least 12 months. An individual shall not be considered to have a permanent and total disability unless that person furnishes proof of the permanent and total disability in the form and manner, and at the times, that the health care benefits program may require.

(12) “Primary participant” means any person enrolled in the local unit plan under subsection (b), a direct bill participant under subsection (d), or a COBRA participant.

(13) “Qualified local unit” means a local unit that meets the terms, conditions, limitations, exclusions, and other provisions established by the commission for participation in the local unit employee health care benefits component of the health care benefits program and that has entered into a written agreement with the commission to participate in the program.

(14) “Variable-hour employee” means any local unit employee for whom, at the date of hire, it cannot be determined that the employee is reasonably expected to work at least 1,000 hours per year.

(b) Primary participants. Subject to the provisions of subsection (c), each local unit employee shall be eligible to participate as a primary participant in the local unit plan. Eligibility and participation shall be subject to terms, conditions, limitations, exclusions, and other provisions established by the commission, including the amount and method of payment for employee and employer contributions.

(c) Waiting periods.

(1) Each local unit employee whose first day of work for a qualified local unit is on or after the first day on which the employee’s qualified local unit participates in the local unit plan shall become eligible for coverage following completion of a 30-day waiting period beginning with the first day of work for the qualified local unit. Each local unit employee shall have 31 days after becoming eligible to elect coverage.

(2) The waiting period established in paragraph (c)(1) shall not apply if all of the following conditions are met:

(A) The person is returning to work for the qualified local unit, is transferring from another qualified local unit under this regulation, or is transferring from a position that is eligible for coverage under K.A.R. 108-1-1 or K.A.R. 108-1-3.

(B) Immediately before leaving the prior position, the person was enrolled in the health care benefits program provided by the state of Kansas under K.A.R. 108-1-1, the school district plan under K.A.R. 108-1-3, or the qualified local unit plan under K.A.R. 108-1-4.

(C) The break in service between the prior position and the new position does not exceed the following time periods:

(i) 30 calendar days; or

(ii) 365 calendar days, if the person was laid off in accordance with the practices of the prior qualified local unit.

(3) The waiting period established in paragraph (c)(1) shall not apply to any person who, on that person's first day of work for the qualified local unit, is enrolled in the local unit plan, the school district plan under K.A.R. 108-1-3, or the health care benefits plan under K.A.R. 108-1-1 on any of the following bases:

(A) As a direct bill participant;

(B) under the continuation of benefits coverage provided under COBRA; or

(C) as a dependent of a participant in the health care benefits program.

(4) The waiting period established in paragraph (c)(1) may be waived by the commission or its designee if, within 30 days of the date of hire, the chief administrative officer of the qualified local unit, or the chief administrative officer's designee, certifies in writing to the commission, or its designee, that the waiver is being sought because the new employee is required to have health insurance as a condition of obtaining a work visa for employment in the United States.

(5) Each local unit employee who is employed by the qualified local unit immediately before the first day on which the qualified local unit participates in the local unit plan shall be subject to transitional provisions established by the commission regarding waiting periods and the effective date on which the employee becomes eligible to participate in the local unit plan.

(d) Classes of direct bill participants. Subject to the provisions of subsection (e), the classes of persons eligible to participate as members of the local unit plan on a direct bill basis shall be the following:

(1) Any retired local unit employee who meets one of the following conditions:

(A) The employee is eligible to receive retirement benefits under the Kansas public employees retirement system or the Kansas police and firemen's retirement system; or

(B) if the qualified local unit is not a participating employer under either the Kansas public employees retirement system or the Kansas police and firemen's retirement system, the employee is eligible to receive retirement benefits under the retirement plan provided by the qualified local unit;

(2) any totally disabled former local unit employee who meets one of the following conditions:

(A) The employee is receiving benefits under the Kansas public employees retirement system or the Kansas police and firemen's retirement system; or

(B) if the qualified local unit is not a participating employer under either the Kansas public employees retirement system or the Kansas police and firemen's retirement system, the employee is receiving disability benefits under the retirement or disability plan provided by the qualified local unit;

(3) any surviving spouse or dependent of a primary participant in the local unit plan;

(4) any person who is a local unit employee and who is on approved leave without pay in accordance with the practices of the qualified local unit; and

(5) any individual who was covered by the health care plan offered by the qualified local unit on the day immediately before the first day on which the qualified local unit participates in the local unit plan, except that no individual who is an employee of the qualified local unit and who does not meet the definition of local unit employee in subsection (a) shall be qualified as a direct bill participant under this paragraph.

(e) Conditions for direct bill participants. Each person who is within a class listed in subsection (d) shall be eligible to participate on a direct bill basis only if the person meets both of the following conditions:

(1) The person was covered by the local unit plan or the health care insurance plan offered by the qualified local unit on one of the following bases:

(A) Immediately before the date the person ceased to be eligible for coverage or, for any person identified in paragraph (d)(5), immediately before the first day on which the qualified local unit participates in the local unit plan, the person either was covered as a primary participant under subsection (b) or was covered by the health care insurance plan offered by the employee's qualified local unit.

(B) The person is a surviving spouse or dependent of a plan participant who was enrolled as a primary participant or a direct bill participant when the primary participant died, and the person was covered by the health care benefits program as a dependent under subsection (g) when the primary participant died.

(C) The person is a surviving spouse or dependent of a plan participant who was enrolled in the health care insurance plan offered by the participant's qualified local unit when the participant died, and the person has maintained continuous coverage under the local unit's health care insurance plan before joining the health care benefits program.

(2) The person completes an enrollment form requesting transfer to the direct bill program and submits the form to the health care benefits program. The form shall be submitted no more than 30 days after the person ceased to be eligible for coverage or, in the case of any individual identified in paragraph (d)(5), no more than 30 days after the first day on which the qualified local unit participates in the local unit plan.

(f) COBRA participants. Any individual with rights to extend coverage under COBRA may participate in the local unit plan, subject to the provisions of that federal law.

(g) Eligible dependent participants.

(1) Any person enrolled in the local unit plan under subsection (b), (d), or (f) as a primary participant may enroll the following dependents, subject to the same conditions and limitations that apply to the primary participant:

(A) The primary participant's lawful wife or husband, as recognized by Kansas law and subject to the documentation requirements of the commission or its designee; and

(B) any of the primary participant's eligible dependent children, subject to the documentation requirements of the commission or its designee.

(2) An eligible dependent child who is enrolled by one primary participant shall not be eligible to be enrolled by another primary participant in the health care benefits program.

(3) An individual who is eligible to enroll as a primary participant in the health care benefits program shall be eligible to be enrolled under this subsection as a dependent in the health care benefits program, subject to the following requirements:

(A) The individual who enrolls as a dependent of a primary participant shall be the lawful spouse, as defined in paragraph (g)(1)(A).

(B) An individual who enrolls as a dependent of a primary participant shall not be eligible to be enrolled as a primary participant during that plan year.

(C) Each individual who enrolls as a dependent of a primary participant shall be subject to the copays, deductibles, coinsurance, and employer contribution levels as a dependent and not as a primary participant.

(4) The term "dependent" shall exclude any individual who is not a citizen or national of the United States, unless the individual is a resident of the United States or a country contiguous to the United States, is a member of a primary participant's household, and resides with the primary participant for more than six months of the calendar year. The dependent shall be considered to reside with the primary participant even when the dependent is temporarily absent due to special circumstances, including illness, education, business, vacation, and military service.

(h) Direct bill participants; continuous coverage provisions.

(1) Except as otherwise provided in this subsection, each direct bill participant enrolled in the health care benefits program shall maintain continuous coverage in the program or shall lose eligibility to be in the health care benefits program as a direct bill participant.

(2) Any person who discontinued direct bill coverage in the health care benefits program before January 21, 2001 and was not a direct bill participant on that date may return one time to the health care benefits program if the person meets the criteria specified in subsections (d) and (e) and if that person has not previously discontinued and returned to direct bill coverage before January 21, 2001. (Authorized by K.S.A. 2014 Supp. 75-6501 and K.S.A. 75-6510; implementing K.S.A. 2014 Supp. 75-6501 and K.S.A. 2014 Supp. 75-6508; effective Aug. 30, 2002; amended March 28, 2003; amended Jan. 9, 2004; amended June 18, 2004; amended March 10, 2006; amended July 17, 2009; amended July 16, 2010; amended, T-108-8-16-10, Aug. 16, 2010; amended March 11, 2011; amended Jan. 2, 2015.)

Agency 109

Emergency Medical Services Board

Editor's Note:

The Emergency Medical Services Council was abolished on April 14, 1988. Powers, duties, and functions were transferred to its successor, the Emergency Medical Services Board. See K.S.A. 1988 Supp. 65-6101.

Article 1.—DEFINITIONS

109-1-1. Definitions. Each of the following terms, as used in the board's regulations, shall have the meaning specified in this regulation:

(a) "AEMT" means advanced emergency medical technician.

(b) "Advanced life support" and "ALS" mean the statutorily authorized activities and interventions that may be performed by an advanced emergency medical technician or paramedic.

(c) "Air ambulance" means a fixed-wing or rotor-wing aircraft that is specially designed, constructed or modified, maintained, and equipped to provide air medical transportation and emergency care of patients.

(d) "Air medical director" means a physician as defined by K.S.A. 65-6112, and amendments thereto, who meets the following requirements:

(1) Is trained and experienced in care consistent with the air ambulance service's mission statement; and

(2) is knowledgeable in altitude physiology and the complications that can arise due to air medical transport.

(e) "Air medical personnel" means the attendants listed on the attendant roster, health care

personnel identified on the service health care personnel roster of the air ambulance service, specialty patient care providers specific to the mission, and the pilot or pilots necessary for the operation of the aircraft.

(f) "Airway maintenance," as used in K.S.A. 65-6121 and amendments thereto and as applied to the authorized activities of an advanced emergency medical technician, means the use of any invasive oral equipment and procedures necessary to ensure the adequacy and quality of ventilation and oxygenation.

(g) "Basic life support" and "BLS" mean the statutorily authorized activities and interventions that may be performed by an emergency medical responder or emergency medical technician.

(h) "CAPCE" means the commission on accreditation for pre-hospital continuing education.

(i) "Certified mechanic," as used in K.A.R. 109-2-2, means an individual employed or contracted by the ambulance service, city or county, qualified to perform maintenance on licensed ambulances and inspect these vehicles and validate, by signature, that the vehicles meet both mechanical and safety considerations for use.

(j) "Class," as used in these regulations, means

the period during which a group of students meets.

(k) "Clinical preceptor" means an individual who is responsible for the supervision and evaluation of students in clinical training in a health care facility.

(l) "Continuing education" means a formally organized learning experience that has education as its explicit principal intent and is oriented towards the enhancement of emergency medical services practice, values, skills, and knowledge.

(m) "Contrived experience," as used in K.A.R. 109-11-3a, means a simulated ambulance call and shall include dispatch communications, responding to the scene, assessment and management of the scene and patient or patients, biomedical communications with medical control, ongoing assessment, care, and transportation of the patient or patients, transference of the patient or patients to the staff of the receiving facility, completion of records, and preparation of the ambulance for return to service.

(n) "Coordination" means the submission of an application for approval of initial courses of instruction or continuing education courses and the oversight responsibility of those same courses and instructors once the courses are approved.

(o) "Course of instruction" means a body of prescribed EMS studies approved by the board.

(p) "Critical care transport" means the transport by an ambulance of a critically ill or injured patient who receives care commensurate with the care rendered by health care personnel as defined in this regulation or a paramedic with specialized training as approved by service protocols and the medical director.

(q) "Educator" means instructor-coordinator, as defined in K.S.A. 65-6112 and amendments thereto.

(r) "Emergency" means a serious medical or traumatic situation or occurrence that demands immediate action.

(s) "Emergency call" means an immediate response by an ambulance service to a medical or trauma incident that happens unexpectedly.

(t) "Emergency care" means the services provided after the onset of a medical condition of sufficient severity that the absence of immediate medical attention could reasonably be expected to cause any of the following:

- (1) Place the patient's health in serious jeopardy;
- (2) seriously impair bodily functions; or

(3) result in serious dysfunction of any bodily organ or part.

(u) "EMS" means emergency medical services.

(v) "EMR" means emergency medical responder.

(w) "EMT" means emergency medical technician.

(x) "Field internship preceptor" means an individual who is responsible for the supervision and evaluation of students in field training with an ambulance service.

(y) "Ground ambulance" means a ground-based vehicle that is specially designed and equipped for emergency medical care and transport of sick and injured persons and meets the requirements in K.A.R. 109-2-8.

(z) "Health care personnel" and "health care provider," as used in these regulations, means a physician, physician assistant, licensed professional nurse, advanced practice registered nurse, or respiratory therapist.

(aa) "Incompetence," as applied to attendants and as used in K.S.A. 65-6133 and amendments thereto, means a demonstrated lack of ability, knowledge, or fitness to perform patient care according to applicable medical protocols or as defined by the authorized activities of the attendant's level of certification.

(bb) "Incompetence," as applied to instructor-coordinators and training officers and as used in K.S.A. 65-6129b and K.S.A. 65-6129c and amendments thereto, means a pattern of practice or other behavior that demonstrates a manifest incapacity, inability, or failure to coordinate or to instruct attendant training programs.

(cc) "Incompetence," as applied to an operator and as used in K.S.A. 65-6132 and amendments thereto, means either of the following:

(1) The operator's inability or failure to provide the level of service required for the type of permit held; or

(2) the failure of the operator or an agent or employee of the operator to comply with a statute or regulation pertaining to the operation of a licensed ambulance service.

(dd) "Instructor-coordinator" and "I-C" mean any of the following individuals who are certified to instruct and coordinate attendant training programs:

- (1) Emergency medical technician;
- (2) physician;
- (3) physician's assistant;
- (4) advanced practice registered nurse;

- (5) licensed professional nurse;
- (6) advanced emergency medical technician; or
- (7) paramedic.

(ee) “Interoperable” means that one system has the ability to communicate or work with another.

(ff) “Lab assistant” means an individual who is assisting a primary instructor in the instruction and evaluation of students in classroom laboratory training sessions.

(gg) “Long-term provider approval” means that the sponsoring organization has been approved by the executive director to provide any continuing education program as prescribed in K.A.R. 109-5-3.

(hh) “Mentoring educator” means an instructor-coordinator, as defined in K.S.A. 65-6112 and amendments thereto, who has obtained additional credentials prescribed by the board.

(ii) “Out of service,” as used in K.A.R. 109-2-5, means that a licensed ambulance is not immediately available for use for patient care or transport.

(jj) “Primary instructor” means an instructor-coordinator who is listed by the sponsoring organization as the individual responsible for the competent delivery of cognitive, psychomotor, and affective objectives of an approved initial course of instruction or continuing education program and who is the person primarily responsible for evaluating student performance and developing student competency.

(kk) “Prior-approved continuing education” means material submitted by a sponsoring organization, to the board, that is reviewed and subsequently approved by the executive director, in accordance with criteria established by regulations, and that is assigned a course identification number.

(ll) “Public call” means the request for an ambulance to respond to the scene of a medical emergency or accident by an individual or agency other than any of the following:

- (1) A ground ambulance service;
- (2) the Kansas highway patrol or any law enforcement officer who is at the scene of an accident or medical emergency;
- (3) a physician, as defined by K.S.A. 65-6112 and amendments thereto, who is at the scene of an accident or medical emergency; or
- (4) an attendant who has been dispatched to provide emergency first response and who is at the scene of an accident or medical emergency.

(mm) “Retroactively approved continuing education” means credit issued to an attendant after

attending a program workshop, conference, seminar, or other offering that is reviewed and subsequently approved by the executive director, in accordance with criteria established by the board.

(nn) “Roster” means a document whose purpose is to validate attendance at an educational offering and that includes the following information:

- (1) Name of the sponsoring organization;
- (2) location where the educational offering occurred;
- (3) signature, time of arrival, and time of departure of each attendee;
- (4) course identification number issued by the board;
- (5) title of the educational offering;
- (6) date of the educational offering; and
- (7) printed name and signature of the program manager.

(oo) “Service director” means an individual who has been appointed, employed, or designated by the operator of an ambulance service to handle daily operations and to ensure that the ambulance service is in conformance with local, state, and federal laws and ensure that quality patient care is provided by the service attendants.

(pp) “Service records” means the documents required to be maintained by state regulations and statutes pertaining to the operation and education within a licensed ambulance service.

(qq) “Single-program provider approval” means that the sponsoring organization has been granted approval to offer a specific continuing education program.

(rr) “Site coordinator” means a person supervising, facilitating, or monitoring students, facilities, faculty, or equipment at a training site.

(ss) “Syllabus” means a summary of the content of a course of instruction that includes the following:

- (1) A summary of the course goals and objectives;
- (2) student prerequisites, if any, for admission into the course;
- (3) instructional and any other materials required to be purchased by the student;
- (4) student attendance policies;
- (5) student requirements for successful course completion;
- (6) a description of the clinical and field training requirements, if applicable;
- (7) student discipline policies; and
- (8) instructor, educator, or mentoring educator information, which shall include the following:

(A) The name of the instructor, educator, or mentoring educator;

(B) the office hours of the instructor, educator, or mentoring educator or the hours during which the instructor, educator, or mentoring educator is available for consultation; and

(C) the electronic mail address of the instructor, educator, or mentoring educator.

(tt) "Sufficient application" means that the information requested on the application form is provided in full, any applicable fee has been paid, all information required by statute or regulation has been submitted to the board, and no additional information is required to complete the processing of the application.

(uu) "Teach" means instruct or coordinate training, or both.

(vv) "Unprofessional conduct," as applied to attendants and as used in K.S.A. 65-6133 and amendments thereto, means conduct that violates those standards of professional behavior that through professional experience have become established by the consensus of the expert opinion of the members of the emergency medical services profession as reasonably necessary for the protection of the public. This term shall include any of the following:

(1) Failing to take appropriate action to safeguard the patient;

(2) performing acts beyond the activities authorized for the level at which the individual is certified;

(3) falsifying a patient's or an ambulance service's records;

(4) verbally, sexually, or physically abusing a patient;

(5) violating statutes or regulations concerning the confidentiality of medical records or patient information obtained in the course of professional work;

(6) diverting drugs or any property belonging to a patient or an agency;

(7) making a false or misleading statement on an application for certification renewal or any agency record;

(8) engaging in any fraudulent or dishonest act that is related to the qualifications, functions, or duties of an attendant; or

(9) failing to cooperate with the board and its agents in the investigation of complaints or possible violations of the emergency medical services statutes or board regulations, including failing to furnish any documents or information legally re-

quested by the board. Attendants who fail to respond to requests for documents or requests for information within 30 days from the date of request shall have the burden of demonstrating that they have acted in a timely manner.

(ww) "Unprofessional conduct," as applied to instructor-coordinators and as used in K.S.A. 65-6129b and K.S.A. 65-6129c and amendments thereto, means any of the following:

(1) Engaging in behavior that demeans a student. This behavior shall include ridiculing a student in front of other students or engaging in any inhumane or discriminatory treatment of any student or group of students;

(2) verbally or physically abusing a student;

(3) failing to take appropriate action to safeguard a student;

(4) falsifying any document relating to a student or the sponsoring organization;

(5) violating any statutes or regulations concerning the confidentiality of student records;

(6) obtaining or seeking to obtain any benefit, including a sexual favor, from a student through duress, coercion, fraud, or misrepresentation, or creating an environment that subjects a student to unwelcome sexual advances, which shall include physical touching or verbal expressions;

(7) an inability to instruct because of alcoholism, excessive use of drugs, controlled substances, or any physical or mental condition;

(8) reproducing or duplicating a state examination for certification without board authority;

(9) engaging in any fraudulent or dishonest act that is related to the qualifications, functions, or duties of an instructor-coordinator or training officer;

(10) willfully failing to adhere to the course syllabus; or

(11) failing to cooperate with the board and its agents in the investigation of complaints or possible violations of the board's statutes or regulations, including failing to furnish any documents or information legally requested by the board. Instructor-coordinators and training officers who fail to respond to requests for documents or requests for information within 30 days of the request shall have the burden of demonstrating that they have acted in a timely manner. (Authorized by K.S.A. 2016 Supp. 65-6110, 65-6111, and 65-6133; implementing K.S.A. 2016 Supp. 65-6110, 65-6111, 65-6129b, 65-6129c, 65-6132, and 65-6133; effective May 1, 1985; amended May 1, 1986; amended, T-88-12, May 18, 1987; amended, T-88-24,

July 15, 1987; amended May 1, 1988; amended July 17, 1989; amended March 16, 1992; amended Jan. 31, 1994; amended Jan. 30, 1995; amended Jan. 31, 1997; amended Nov. 12, 1999; amended Jan. 27, 2012; amended March 15, 2013; amended April 29, 2016; amended Dec. 29, 2017.)

109-1-1a. (Authorized by K.S.A. 65-6110 and K.S.A. 2009 Supp. 65-6111, as amended by L. 2010, ch. 119, sec. 1; implementing K.S.A. 65-6110 and K.S.A. 2009 Supp. 65-6111, as amended by L. 2010, ch. 119, sec. 1; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; revoked March 15, 2013.)

109-1-2. Medical director. Each air ambulance service shall have an air medical director who is responsible for advising the air ambulance service on policies and procedures that ensure that the appropriate aircraft, medical personnel, and equipment are provided during air ambulance transport. When necessary, the air medical director may designate another licensed physician to perform the air medical director's duties. (Authorized by K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81; implementing K.S.A. 65-6126, as amended by L. 2011, ch. 114, sec. 87; effective Jan. 31, 1997; amended Jan. 27, 2012.)

Article 2.—AMBULANCE SERVICES; PERMITS AND REGULATIONS

109-2-1. Ambulance service operator. (a) Each operator of an ambulance service shall perform the following:

(1) Notify the board of any change in the service director within seven days of the change; and

(2) designate a person as the ambulance service director to serve as an agent of the operator.

(b) The ambulance service director shall meet the following requirements:

(1) Be responsible for the operation of the ambulance service;

(2) be available to the board regarding permit, regulatory, and emergency matters;

(3) be responsible for maintaining a current list of the ambulance service's attendants;

(4) notify the board of each addition or removal of an attendant from the attendant roster within 90 days of the addition or removal;

(5) notify the board of any known resignation, termination, incapacity, or death of a medical adviser once known and the plans for securing a new medical director; and

(6) submit written notification of each change in the medical director within 30 days of the change. (Authorized by K.S.A. 2015 Supp. 65-6110, 65-6111, and 65-6132; implementing K.S.A. 2015 Supp. 65-6110 and K.S.A. 65-6130; effective May 1, 1985; amended July 17, 1989; amended Jan. 31, 1997; amended Jan. 27, 2012; amended April 29, 2016.)

109-2-2. Application for ambulance service permit and ambulance license; permit renewal and license renewal. (a)(1) An applicant may apply for only one ambulance service permit for each ambulance service that the applicant seeks to operate. Each applicant shall indicate the type of service for the permit requested as ground ambulance service or air ambulance service.

(2) An applicant may apply for only one ambulance license for each ambulance that the applicant seeks to operate.

(3) Any operator may apply for a temporary license for an ambulance. Each temporary license shall be valid for 60 days. Any temporary license may be extended by the executive director.

(b) All ambulance service permit and ambulance license application and renewal forms shall be submitted in a format required by the executive director.

(c)(1) Each initial and each renewal applicant for a ground ambulance service permit and ambulance license shall meet one of the following requirements:

(A) Obtain a mechanical and safety inspection from a person doing business as or employed by a vehicle maintenance service or a city, county, or township or from a certified mechanic as defined in K.A.R. 109-1-1, for each ambulance within 180 days before the date of ambulance service application renewal; or

(B) have a long-term vehicle maintenance program with requirements equivalent to or exceeding the requirements of the mechanical and safety inspection form.

(2) In order for an ambulance license to be renewed, the mechanical safety inspection forms shall not contain any deficiencies identified that would compromise the safe transport of patients.

(d) Each initial and each renewal application for an air ambulance shall include a valid standard airworthiness certificate for each aircraft, evidence of an air safety training program, and an informational publication.

(e)(1) Each new ground ambulance shall meet one of the following requirements:

(A) Be required to have a mechanical or safety inspection submitted on forms required by the board or shall require documentation from the manufacturer indicating that the vehicle has undergone a predelivery inspection without deficiencies; or

(B) have a long-term vehicle maintenance program with requirements equivalent to or exceeding the requirements of the mechanical and safety inspection form.

(2) Each used or retrofitted ground ambulance shall be required to have a mechanical and safety inspection.

(f) Each ambulance service permit and non-temporary ambulance license shall expire on April 30 of each year. Any such permit or license may be renewed annually in accordance with this regulation. If the board receives a complete application for renewal of an ambulance service permit or an ambulance license on or before April 30, the existing permit or license shall not expire until the board has taken final action upon the renewal application or, if the board's action is unfavorable, until the last day for seeking judicial review.

(g) If the board receives an insufficient initial application or renewal application for an ambulance service permit or ambulance license, the applicant or operator shall be notified by the board of any errors or omissions. If the applicant or operator fails to correct the deficiencies and submit a sufficient application within 30 days from the date of written notification, the application may be considered by the board as withdrawn.

(h) An application for ambulance service permit or permit renewal shall be deemed sufficient if all of the following conditions are met:

(1) The applicant or operator either completes all forms provided with the application for ambulance service permit or permit renewal or provides all requested information online. No additional information is required by the board to complete the processing of the application.

(2) Each operator submits the list of supplies and equipment carried on each ambulance validated by the signature of the ambulance service's medical director to the board each year with the operator's application for an ambulance service permit.

(3) The applicant or operator submits payment of the fee in the correct amount for the ambulance service permit or permit renewal and ambulance license fees.

(4) Each operator provides the inspection results to the board on forms provided by the executive director with the application for renewal.

(i) Each publicly subsidized operator shall provide the following statistical information to the board with the application for renewal of a permit:

(1) The number of emergency and nonemergency ambulance responses and the number of patients transported for the previous calendar year;

(2) the operating budget and, if any, the tax subsidy;

(3) the charge for emergency and nonemergency patient transports, including mileage fees; and

(4) the number of full-time, part-time, and volunteer staff.

(j) Each private operator shall provide the following statistical information to the board with the application for renewal of a permit:

(1) The number of emergency and nonemergency ambulance responses and the number of patients transported for the previous calendar year;

(2) the charge for emergency and nonemergency patient transports, including mileage fees; and

(3) the number of full-time, part-time, and volunteer staff.

(k) As a condition of issuance of an initial ambulance service permit, each ambulance service operator shall provide with the application the ambulance service's operational policies and approved medical protocols pursuant to K.A.R. 109-2-5.

(l) The operator of each ground ambulance service or air ambulance service shall develop a list of the supplies and equipment that are carried on each ambulance. This list shall include the supplies and equipment required by the board for the license type and any additional supplies or equipment necessary to carry out the patient care activities as indicated in the ambulance service's medical protocols, in accordance with K.S.A. 65-6112 and amendments thereto. (Authorized by K.S.A. 2015 Supp. 65-6110 and 65-6111; implementing K.S.A. 2015 Supp. 65-6110, K.S.A. 65-6127, and K.S.A. 65-6128; effective May 1, 1985; amended July 17, 1989; amended Jan. 31, 1997; amended Dec. 29, 2000; amended Jan. 27, 2012; amended Jan. 3, 2014; amended April 29, 2016.)

109-2-4. (Authorized by and implementing K.S.A. 1995 Supp. 65-6110, 65-6111, K.S.A. 65-6127 and 65-6128; effective May 1, 1985; amended July 17, 1989; amended Jan. 31, 1997; revoked Jan. 27, 2012.)

109-2-5. Ambulance service operational standards. (a) Each ground ambulance shall have a two-way, interoperable communications system to allow contact with the ambulance service's primary communication center and with the medical facility, as defined by K.S.A. 65-411 and amendments thereto, to which the ambulance service most commonly transports patients.

(b) Smoking shall be prohibited in the patient and driver compartments of each ambulance at all times.

(c) Each operator shall ensure that the interior and exterior of the ambulance are maintained in a clean manner and that all medications, medical supplies, and equipment within the ambulance are maintained in good working order and according to applicable expiration dates.

(d) Each operator shall ensure that freshly laundered linen or disposable linen is on cots and pillows and ensure that the linen is changed after each patient is transported.

(e) When an ambulance has been utilized to transport a patient known or suspected to have an infectious disease, the operator shall ensure that the interior of the ambulance, any equipment used, and all contact surfaces are disinfected according to the ambulance service's infectious disease control policies and procedures. The operator shall place the ambulance out of service until a thorough disinfection according to the ambulance service's infection control policies and procedures has been completed.

(f) Each operator shall ensure that all items and equipment in the patient compartment are placed in cabinets or properly secured.

(g) Each operator shall park all ground ambulances in a completely enclosed building with a solid concrete floor. Each operator shall maintain the interior heat of the enclosed building at no less than 50 degrees Fahrenheit. Each operator shall ensure that the interior of the building is kept clean and has adequate lighting. Each operator shall store all supplies and equipment in a clean and safe manner.

(h) Each licensed ambulance shall meet all regulatory requirements for the ambulance license type, except when the ambulance is out of service.

(i) If an operator is unable to provide service for more than 24 hours, the operator or agent shall notify the executive director and submit an alternative plan, in writing and within 72 hours, for providing ambulance service for the operator's primary territory of coverage. The alternative plan

shall be subject to approval by the executive director and shall remain in effect no more than 30 days from the date of approval. Approval by the executive director shall be based on whether the alternate plan will provide sufficient coverage to transport and provide emergency care for persons within the operator's primary territory. A written request for one or more extensions of the alternative plan for no more than 30 days each may be approved by the executive director if the operator has made a good faith effort but, due to circumstances beyond the operator's control, has been unable to completely remedy the problem.

(j) Each operator subject to public call shall have a telephone with an advertised emergency number that is answered by an attendant or other person designated by the operator 24 hours a day. Answering machines shall not be permitted.

(k) Each operator shall produce the ambulance service permit and service records upon request of the board.

(l) Each operator shall maintain service records for three years.

(m) Each operator shall ensure that documentation is completed for each request for service and for each patient receiving patient assessment, care, or transportation. Each operator shall furnish a completed copy or copies of each patient care report form upon request of the board.

(n) Each operator shall maintain a daily record of each request for ambulance response. This record shall include the date, time of call, scene location, vehicle number, trip number, caller, nature of call, and disposition of each patient.

(o) Each operator shall maintain a copy of the patient care documentation for at least three years.

(p) Each operator shall ensure that a copy of the patient care documentation for initial transport of emergency patients is made available to the receiving medical facility, within 24 hours of the patient's arrival.

(q) Each operator shall maintain a current duty roster that demonstrates compliance with K.S.A. 65-6135, and amendments thereto. The duty roster shall reflect appropriate staffing for the service and ambulance type as specified in K.A.R. 109-2-6 and 109-2-7.

(r) Each operator shall provide a quality improvement or assurance program that establishes medical review procedures for monitoring patient care activities. This program shall include policies and procedures for reviewing patient care documentation. Each operator shall review patient

care activities at least once each quarter of each calendar year to determine whether the ambulance service's attendants are providing patient care commensurate with the attendant's scope of practice and local protocols.

(1) Review of patient care activities shall include quarterly participation by the ambulance service's medical director in a manner that ensures that the medical director is meeting the requirements of K.S.A. 65-6126, and amendments thereto.

(2) Each operator shall, upon request, provide documentation to the executive director demonstrating that the operator is performing patient care reviews and that the medical director is reviewing, monitoring, and verifying the activities of the attendants pursuant to K.S.A. 65-6126, and amendments thereto, as indicated by the medical director's electronic or handwritten signature.

(3) Each operator shall ensure that documentation of all medical reviews of patient care activities is maintained for at least three years.

(4) Within 60 days after completion of the internal review processes of an incident, each operator shall report to the board on forms approved by the board any incident indicating that an attendant or other health care provider functioning for the operator met either of the following conditions:

(A) Acted below the applicable standard of care and, because of this action, had a reasonable probability of causing injury to a patient; or

(B) acted in a manner that could be grounds for disciplinary action by the board or other applicable licensing agency.

(s) Each ambulance service operator shall develop and implement operational policies or guidelines, or both, that have a table of contents and address policies and procedures for each of the following topics:

- (1) Radio and telephone communications;
- (2) interfacility transfers;
- (3) emergency driving and vehicle operations;
- (4) do not resuscitate (DNR) orders, durable powers of attorney for health care decisions, and living wills;
- (5) multiple-victim and mass-casualty incidents;
- (6) hazardous material incidents;
- (7) infectious disease control;
- (8) crime scene management;
- (9) documentation of patient reports;
- (10) consent and refusal of treatment;
- (11) management of firearms and other weapons;
- (12) mutual aid, which means a plan for re-

questing assistance from another resource;

(13) patient confidentiality;

(14) extrication of persons from entrapment; and

(15) any other procedures deemed necessary by the operator for the efficient operation of the ambulance service.

(t) Each ambulance service operator shall provide the operational policies to the executive director, upon request.

(u) Each ambulance service operator shall adopt and implement medical protocols developed and approved in accordance with K.S.A. 65-6112, and amendments thereto. The medical protocols shall be approved annually.

(v) Each operator's medical protocols shall include a table of contents and treatment procedures at a minimum for the following medical and trauma-related conditions for pediatric and adult patients:

- (1) Diabetic emergencies;
- (2) shock;
- (3) environmental emergencies;
- (4) chest pain;
- (5) abdominal pain;
- (6) respiratory distress;
- (7) obstetrical emergencies and care of the newborn;
- (8) poisoning and overdoses;
- (9) seizures;
- (10) cardiac arrest;
- (11) burns;
- (12) stroke or cerebral-vascular accident;
- (13) chest injuries;
- (14) abdominal injuries;
- (15) head injuries;
- (16) spinal injuries;
- (17) multiple-systems trauma;
- (18) orthopedic injuries;
- (19) drowning; and
- (20) anaphylaxis.

(w) Each operator shall make available a current copy of the ambulance service's operational policies or guidelines and medical protocols to any person listed as an attendant and any other health care provider on the ambulance service's attendant roster. (Authorized by K.S.A. 2011 Supp. 65-6110 and K.S.A. 2011 Supp. 65-6111; implementing K.S.A. 2011 Supp. 65-6110, K.S.A. 2011 Supp. 65-6112, K.S.A. 2011 Supp. 65-6126, K.S.A. 65-6130, and K.S.A. 2011 Supp. 65-6135; effective May 1, 1985; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended Aug. 27, 1990; amended Aug. 16, 1993; amended Jan. 31, 1997; amended Jan. 27, 2012; amended July 5, 2013.)

109-2-6. Types of ambulance services and staffing. (a) Permits shall be issued for two types of ambulance service. These types shall be known as air ambulance and ground ambulance.

(b) Each air ambulance service shall meet the following requirements:

(1) Provide advanced life support or critical care transport as defined in K.A.R. 109-1-1;

(2) have at least one licensed air ambulance; and

(3) not be subject to public call as defined in K.A.R. 109-1-1.

(c)(1) Each ground ambulance service shall meet the following requirements:

(A) Provide basic life support at a minimum as defined in K.A.R. 109-1-1;

(B) have at least one licensed ambulance that meets all requirements of K.A.R. 109-2-8;

(C) staff each ambulance with, at a minimum, either two attendants or one attendant and a health care provider, as defined in K.A.R. 109-1-1, and ensure that an attendant certified pursuant to K.S.A. 65-6119, 65-6120, or 65-6121, and amendments thereto, or a health care provider is in the patient compartment during patient transport; and

(D) have a method of receiving calls and dispatching ambulances that ensures that an ambulance leaves the station within an annual average of five minutes from the time an emergency call is received by the ambulance service.

(2) Any ground ambulance service operator may provide advanced life support or critical care transport as defined in K.A.R. 109-1-1 and described in K.S.A. 65-6123, 65-6120, and 65-6119, and amendments thereto, if all of the following conditions are met:

(A) At a minimum, an attendant certified pursuant to K.S.A. 65-6119, 65-6120, or 65-6123, and amendments thereto, or a health care provider is in the patient compartment during patient transport.

(B) The ambulance or personnel, or both, are adequately equipped.

(C) The treatment is approved by medical protocols or medical control pursuant to K.S.A. 65-6119, 65-6120, and 65-6123, and amendments thereto. (Authorized by K.S.A. 2015 Supp. 65-6110; implementing K.S.A. 2015 Supp. 65-6110, K.S.A. 65-6128, and K.S.A. 2015 Supp. 65-6135; effective May 1, 1985; amended May 1, 1987; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended July 17, 1989; amended Jan. 31, 1997; amended Jan. 27, 2012; amended April 29, 2016.)

109-2-7. (Authorized by K.S.A. 2013 Supp. 65-6110; implementing K.S.A. 2013 Supp. 65-6110, K.S.A. 65-6128, and K.S.A. 2013 Supp. 65-6135; effective May 1, 1985; amended May 1, 1987; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended Aug. 27, 1990; amended Feb. 3, 1992; amended Jan. 31, 1997; amended July 7, 2014; revoked April 29, 2016.)

109-2-8. Standards for ground ambulances and equipment. (a) Each ground ambulance shall meet the vehicle and equipment standards that are applicable to that type of ambulance.

(b) Each ground ambulance shall have the ambulance license prominently displayed in the patient compartment.

(c) The patient compartment size shall meet or exceed the following specifications:

(1) Headroom: 60 inches; and

(2) length: 116 inches.

(d) Each ambulance shall have a heating and cooling system that is controlled separately for the patient and the driver compartments. The air conditioners for each compartment shall have separate evaporators.

(e) Each ambulance shall have separate ventilation systems for the driver and patient compartments. These systems shall be separately controlled within each compartment. Fresh air intakes shall be located in the most practical, contaminant-free air space on the ambulance. The patient compartment shall be ventilated through the heating and cooling systems.

(f) The patient compartment in each ambulance shall have adequate lighting so that patient care can be given and the patient's status monitored without the need for portable or hand-held lighting. A reduced lighting level shall also be provided. A patient compartment light and step-well light shall be automatically activated by opening the entrance doors. Interior light fixtures shall not protrude more than 1½ inches.

(g) Each ambulance shall have an electrical system to meet maximum demand of the electrical specifications of the vehicle. All conversion equipment shall have individual fusing that is separate from the chassis fuse system.

(h) Each ground ambulance shall have lights and sirens as required by K.S.A. 8-1720 and K.S.A. 8-1738, and amendments thereto.

(i) Each ground ambulance shall have an exterior or patient loading light over the rear door, which

shall be activated both manually by an inside switch and automatically when the door is opened.

(j) The operator shall mark each ground ambulance licensed by the board as follows:

(1) The name of the ambulance service shall be in block letters, not less than four inches in height, and in a color that contrasts with the background color. The service name shall be located on both sides of the ambulance and shall be placed in such a manner that it is readily identifiable to other motor vehicle operators.

(2) Any operator may use a decal or logo that identifies the ambulance service in place of lettering. The decal or logo shall be at least 10 inches in height and shall be in a color that contrasts with the background color. The decal or logo shall be located on both sides of the ambulance and shall be placed in such a manner that the decal or logo is readily identifiable to other motor vehicle operators.

(3) Each ground ambulance initially licensed by the board before January 1, 1995 that is identified either by letters or a logo on both sides of the ground ambulance shall be exempt from the minimum size requirements in paragraphs (1) and (2) of this subsection.

(k) Each ground ambulance shall have a communications system that is readily accessible to both the attendant and the driver and is in compliance with K.A.R. 109-2-5(a).

(l) An operator shall equip each ground ambulance as follows:

(1) At least two annually inspected ABC fire extinguishers or comparable fire extinguishers, which shall be secured;

(2) either two portable, functional flashlights or one flashlight and one spotlight;

(3) one four-wheeled or six-wheeled, all-purpose, multilevel cot with an elevating head and at least two safety straps with locking mechanisms;

(4) one urinal;

(5) one bedpan;

(6) one emesis basin or convenience bag;

(7) one complete change of linen;

(8) two blankets;

(9) one waterproof cot cover;

(10) one pillow;

(11) a no-smoking sign posted in the patient compartment and the driver compartment; and

(12) mass-casualty triage tags.

(m) The operator shall equip each ground ambulance with the following internal medical systems:

(1) An oxygen system with at least two outlets located within the patient compartment and at

least 2,000 liters of storage capacity, with a minimum oxygen level of 200 psi. The cylinder shall be in a compartment that is vented to the outside. The pressure gauge and regulator control valve shall be readily accessible to the attendant from inside the patient compartment; and

(2) a functioning, on-board, electrically powered suction aspirator system with a vacuum of at least 300 millimeters of mercury at the catheter tip. The unit shall be easily accessible with large-bore, nonkinking suction tubing and a large-bore, semirigid, nonmetallic oropharyngeal suction tip.

(n) The operator shall equip each ground ambulance with the following medical equipment:

(1) A portable oxygen unit of at least 300-liter storage capacity, complete with pressure gauge and flowmeter and with a minimum oxygen level of 200 psi. The unit shall be readily accessible from inside the patient compartment;

(2) a functioning, portable, self-contained battery or manual suction aspirator with a vacuum of at least 300 millimeters of mercury at the catheter tip and a transparent or translucent collection bottle or bag. The unit shall be fitted with large-bore, nonkinking suction tubing and a large-bore, semirigid, nonmetallic oropharyngeal suction tip, unless the unit is self-contained; and

(3) currently dated supplies, medications, and equipment as authorized by the scope of practice and protocols, in accordance with the applicable list of supplies, medications, and equipment approved by the medical director.

(o) The operator shall equip each ground ambulance with the following blood-borne and body fluid pathogen protection equipment in a quantity sufficient for crew members:

(1) Surgical or medical protective gloves;

(2) protective goggles, glasses or chin-length clear face shields;

(3) filtering masks that cover the mouth and nose;

(4) nonpermeable, full-length, long-sleeve protective gowns;

(5) a leakproof, rigid container clearly marked as "Biohazard" for the disposal of sharp objects; and

(6) a leakproof, closeable container for soiled linen and supplies.

(p) If an operator's medical protocols or equipment list is amended, a copy of these changes shall be submitted to the board by the ambulance service operator within 15 days of implementation of the change. Equipment and supplies obtained on

a trial basis or for temporary use by the operator shall not be required to be reported to the board by an operator. (Authorized by K.S.A. 2016 Supp. 65-6110; implementing K.S.A. 2016 Supp. 65-6110 and K.S.A. 65-6128; effective May 1, 1985; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended July 17, 1989; amended Aug. 16, 1993; amended Jan. 31, 1997; amended Jan. 27, 2012; amended Feb. 13, 2015; amended April 29, 2016; amended June 30, 2017.)

109-2-9. Variances. (a) A temporary variance from any or all portions of an identified regulation may be granted for a time period determined by the board to an applicant, based upon the nature of the variance requested and the needs of the applicant.

(b) Each applicant for a variance shall submit a written request, no later than 30 calendar days before a regularly scheduled board meeting, that contains the following information:

(1) The name, address, and certificate level or license type of the applicant;

(2) a statement of the reason for the variance request;

(3) the specific portion or portions of an identified regulation from which a variance is requested;

(4) the period of time for which a variance is requested;

(5) the number of units or persons involved;

(6) an explanation of how adherence to each portion or portions of the regulation from which the variance is requested would result in a serious hardship to the applicant; and

(7) an explanation and, if applicable, supportive documents indicating how a variance would not result in an unreasonable risk to the public interest, safety, or welfare.

(c) In addition to meeting the requirements in subsection (b), each sponsoring organization that requests a variance shall describe how granting a variance will not jeopardize the quality of instruction.

(d) Periodic evaluations of the variance after it is granted may be conducted by the board.

(e) Conditions may be imposed by the board on any variance granted as necessary to protect the public interest, safety, or welfare, including conditions to safeguard the quality of the instruction provided by a sponsoring organization. (Authorized by and implementing K.S.A. 2016 Supp. 65-6111; effective May 1, 1985; amended July 17, 1989; amended Jan. 31, 1997; amended July 10, 2009; amended Dec. 29, 2017.)

109-2-10a. Air safety program and informational publication. (a) Each operator of an air ambulance service shall have an air safety training program for all air medical personnel. The program shall include the following:

(1) Air medical and altitude physiology;

(2) aircraft orientation, including specific capabilities, limitations, and safety measures for each aircraft used;

(3) depressurization procedures for fixed-wing aircraft;

(4) safety in and around the aircraft for all air medical personnel, patients, and lay individuals;

(5) rescue and survival techniques appropriate to the terrain and the conditions under which the air ambulance service operates;

(6) hazardous scene recognition and response for rotor-wing aircraft;

(7) aircraft evacuation procedures, including the rapid loading and unloading of patients;

(8) refueling procedures for normal and emergency situations; and

(9) in-flight emergencies and emergency landing procedures.

(b) Each operator of an air ambulance service shall maintain documentation demonstrating the initial completion and annual review of the air safety training program for all air medical personnel and shall provide this documentation to the board on request.

(c) Each operator of an air ambulance service shall provide an informational publication that promotes the proper use of air medical transport, upon request, to all ground-based ambulance services, law enforcement agencies, and hospitals that use the air ambulance service. Each publication shall address the following topics:

(1) Availability, accessibility, and scope of care of the air ambulance service;

(2) capabilities of air medical personnel and patient care modalities afforded by the air ambulance service;

(3) patient preparation before air medical transport;

(4) landing zone designation and preparation;

(5) communication and coordination between air and ground medical personnel; and

(6) safe approach and conduct around the aircraft. (Authorized by and implementing K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, and K.S.A. 2010 Supp. 65-6111; effective Jan. 27, 2012.)

109-2-11. Standards for air ambulances and equipment.

(a) The operator shall ensure that the patient compartment in each air ambulance is configured in such a way that air medical personnel have adequate access to the patient in order to begin and maintain care commensurate with the patient's needs. The operator shall ensure that the air ambulance has adequate access and necessary space to maintain the patient's airway and to provide adequate ventilatory support by an attendant from the secured, seat-belted position within the air ambulance.

(b) Each air ambulance operator shall have a policy that addresses climate control of the aircraft for the comfort and safety of both the patient and air medical personnel. The air medical crew shall take precautions to prevent temperature extremes that could adversely affect patient care.

(c) The operator shall equip each air ambulance with the following:

(1) Either two portable functioning flashlights or a flashlight and one spotlight;

(2) either a cot with an elevating head and at least three safety straps with locking mechanisms or an isolette;

(3) one emesis basin or convenience bag;

(4) one complete change of linen;

(5) one blanket;

(6) one waterproof cot cover; and

(7) a no-smoking sign posted in the aircraft.

(d) Each air ambulance shall have a two-way communications system that is readily accessible to both the medical personnel and the pilot and that meets the following requirements:

(1) Allows communication between the aircraft and air traffic control systems; and

(2) allows air medical personnel to communicate at all times with medical control, exclusive of the air traffic control system.

(e) The pilot or pilots shall be sufficiently isolated from the patient care area to minimize in-flight distractions and interference.

(f) The operator shall equip each air ambulance with an internal medical system that includes the following:

(1) An internal oxygen system with at least one outlet per patient located inside the patient compartment and with at least 2,500 liters of storage capacity with a minimum of 200 psi. The pressure gauge, regulator control valve, and humidifying accessories shall be readily accessible to attendants and medical personnel from inside the patient compartment during in-flight operations;

(2) an electrically powered suction aspirator system with an airflow of at least 30 liters per minute and a vacuum of at least 300 millimeters of mercury. The unit shall be equipped with large-bore, nonkinking suction tubing and a semirigid, non-metallic oropharyngeal suction tip; and

(3) oxygen flowmeters and outlets that are padded, flush-mounted, or located to prevent injury to air medical personnel, unless helmets are worn by all crew members during all phases of flight operations.

(g) The operator shall equip each air ambulance with the following:

(1) A portable oxygen unit of at least 300-liter storage capacity complete with pressure gauge and flowmeter with a minimum of 200 psi. The unit shall be readily accessible from inside the patient compartment;

(2) a portable, self-contained battery or manual suction aspirator with an airflow of at least 28 liters per minute and a vacuum of at least 300 millimeters of mercury. The unit shall be fitted with large-bore, nonkinking suction tubing and a semirigid, nonmetallic, oropharyngeal suction tip;

(3) medical supplies and equipment that include the following:

(A) Airway management equipment, including tracheal intubation equipment, adult, pediatric, and infant bag-valve masks, and ventilatory support equipment;

(B) a cardiac monitor capable of defibrillating and an extra battery or power source;

(C) cardiac advanced life support drugs and therapeutic modalities, as indicated by the ambulance service's medical protocols;

(D) neonate specialty equipment and supplies for neonatal missions and as indicated by the ambulance service's medical protocols;

(E) trauma advanced life support supplies and treatment modalities, as indicated in the ambulance service's medical protocols; and

(F) a pulse oximeter and an intravenous infusion pump; and

(4) blood-borne and body fluid pathogen protection equipment as described in K.A.R. 109-2-8.

(h) If an operator's medical protocols are amended, the operator shall submit these changes to the board with a letter of approval pursuant to K.S.A. 65-6112 (r), and amendments thereto, within 15 days of implementation of the change.

(i) Equipment and supplies obtained on a trial basis or for temporary use by the operator shall not be required to be reported to the board by

the operator. If the operator's medical equipment list is amended, the operator shall submit these changes to the board within 15 days with a letter of approval from the ambulance service's medical director.

(j) Each air ambulance operator shall ensure that each air ambulance has on board, at all times, appropriate survival equipment for the mission and terrain of the ambulance service's geographic area of operations.

(k) Each air ambulance operator shall ensure that the aircraft has an adequate interior lighting system so that patient care can be provided and the patient's status can be monitored without interfering with the pilot's vision. The air ambulance operator shall ensure that the aircraft cockpit is capable of being shielded from light in the patient care area during night operations or that red lighting or a reduced lighting level is also provided for the pilot and air ambulance personnel.

(l) Each aircraft shall have at least one stretcher that meets the following requirements:

(1) Accommodates a patient who is up to six feet tall and weighs 212 pounds;

(2) is capable of elevating the patient's head at least 30 degrees for patient care and comfort;

(3) has three securing straps for adult patients; and

(4) has a specifically designed mechanism for securing pediatric patients.

(m) Each air ambulance operator shall ensure that all equipment, stretchers, and seating are so arranged as not to block rapid egress by air medical personnel or patients from the aircraft. The operator shall ensure that all equipment on board the aircraft is affixed or secured in either approved racks or compartments or by strap restraint while the aircraft is in operation.

(n) The aircraft shall have an electric inverter or appropriate power source that is sufficient to power patient-specific medical equipment without compromising the operation of any electrical aircraft equipment.

(o) When an isolette is used during patient transport, the operator shall ensure that the isolette is able to be opened from its secured in-flight position in order to provide full access to the infant.

(p) Each air ambulance operator shall ensure that all medical equipment is maintained according to the manufacturer's recommendations and does not interfere with the aircraft's navigation or onboard systems.

(q)(1) Each operator of an air ambulance ser-

vice shall staff each air ambulance with a pilot and one of the following groups of individuals, who shall remain in the patient compartment during patient transport:

(A) At least two of the following: physician, physician assistant, advanced practice registered nurse, or professional nurse; or

(B) one of the individuals listed in paragraph (q)(1)(A) and one of the following:

(i) A paramedic; or

(ii) an optional staff member commensurate with the patient's care needs, as determined by the ambulance service's medical director or as described in the ambulance service's medical protocols, who shall be health care personnel as defined in K.A.R. 109-1-1. The medical personnel shall remain in the patient compartment during patient transport.

(2)(A) When providing critical care transports as defined in K.A.R. 109-1-1, at least one of the medical personnel specified in paragraphs (q)(1)(A) and (B) shall be currently certified in advanced cardiac life support by a certifying entity approved by the board.

(B) When performing neonatal or pediatric missions, at least one of the medical personnel specified in paragraphs (q)(1)(A) and (B) shall be currently certified in advanced life support for neonatal and pediatric patients by a certifying entity approved by the board.

(C) When responding to the scene of an accident or medical emergency, not including transports between medical facilities, at least one of the medical personnel specified in paragraphs (q)(1)(A) and (B) shall be certified in one of the following areas by a certifying entity approved by the board:

(i) International trauma life support-advanced (ITLSA);

(ii) transport professional advanced trauma course (TPATC);

(iii) trauma nurse core course (TNCC);

(iv) certified flight registered nurse (CFRN);

(v) certified transport registered nurse (CTRN);

(vi) pre-hospital trauma life support (PHTLS);

(vii) advanced care and trauma transport (ACTT);

(viii) critical care emergency medical technician paramedic (CCEMTP); or

(ix) flight paramedic-certification (FP-C). (Authorized by and implementing K.S.A. 2015 Supp. 65-6110; effective May 1, 1987; amended July 17, 1989; amended Jan. 31, 1997; amended Jan. 27, 2012; amended July 7, 2014; amended April 29, 2016.)

109-2-12. Standards for rotor-wing ambulance aircraft and equipment. (a) Each operator of an air ambulance service shall comply with the requirements in K.A.R. 109-2-11.

(b) The aircraft configuration shall not compromise patient stability during any part of flight operations. The aircraft shall have an entry that allows loading and unloading of the patient without maneuvering the patient more than 45 degrees about the lateral axis and 30 degrees about the longitudinal axis and does not compromise the functioning of monitoring systems, intravenous lines, or manual or mechanical ventilation.

(c) The aircraft shall have an external search light, which shall meet the following requirements:

(1) Provide at least 400,000-candlepower illumination at 200 feet;

(2) be separate from the aircraft landing lights;

(3) be moveable 90 degrees longitudinally and 180 degrees laterally; and

(4) be capable of being controlled from inside the aircraft.

(d) Each rotor-wing aircraft shall have a two-way interoperable communications system that is readily accessible to both the attendants and the pilot and meets the following requirements:

(1) Allows communications between the aircraft and a hospital for medical control, exclusive of the air traffic control system; and

(2) allows communications between the aircraft and ground-based ambulance services, exclusive of the air traffic control system. (Authorized by and implementing K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81; effective May 1, 1987; amended July 17, 1989; amended Jan. 31, 1997; amended Jan. 27, 2012.)

109-2-13. Standards for fixed-wing ambulance aircraft and equipment. (a) Each operator shall ensure that each fixed-wing air ambulance is pressurized during patient transports according to the ambulance service's medical protocols and operational policies.

(b) The pilot or pilots shall be sufficiently isolated from the patient care area to minimize inflight distractions and interference.

(c) Each fixed-wing air ambulance shall have a two-way, interoperable communications system that is readily accessible to both the attendants and the pilot and that meets the following requirements:

(1) Allows communications between the aircraft and a hospital; and

(2) allows an attendant to communicate at all

times with medical control, exclusive of the air traffic control system.

(d) Fixed-wing ambulance aircraft shall have on board patient comfort equipment including the following:

(1) One urinal; and

(2) one bedpan. (Authorized by and implementing K.S.A. 2013 Supp. 65-6110; effective Jan. 31, 1997; amended Jan. 27, 2012; amended July 7, 2014.)

Article 3.—STANDARDS FOR AMBULANCE ATTENDANTS, FIRST RESPONDERS, AND DRIVERS

109-3-1. Standards for ambulance attendants. Each attendant shall be at least 17 years of age. (Authorized by and implementing K.S.A. 65-6110; effective July 17, 1989; amended Jan. 31, 1997; amended July 10, 2009.)

109-3-3. Emergency medical responder; authorized activities. Each emergency medical responder shall be authorized to perform any intervention specified in K.S.A. 65-6144, and amendments thereto, and as further specified in this regulation:

(a) Emergency vehicle operations:

(1) Operating each ambulance in a safe manner in nonemergency and emergency situations. "Emergency vehicle" shall mean ambulance, as defined in K.S.A. 65-6112 and amendments thereto; and

(2) stocking an ambulance with supplies in accordance with regulations adopted by the board and the ambulance service's approved equipment list to support local medical protocols;

(b) initial scene management:

(1) Assessing the scene, determining the need for additional resources, and requesting these resources;

(2) identifying a multiple-casualty incident and implementing the local multiple-casualty incident management system;

(3) recognizing and preserving a crime scene;

(4) triaging patients, utilizing local triage protocols;

(5) providing safety for self, each patient, other emergency personnel, and bystanders;

(6) utilizing methods to reduce stress for each patient, other emergency personnel, and bystanders;

(7) communicating with public safety dispatchers and medical control facilities;

- (8) providing a verbal report to receiving personnel;
- (9) providing a written report to receiving personnel;
- (10) completing a prehospital care report;
- (11) setting up and providing patient and equipment decontamination;
- (12) using personal protection equipment;
- (13) practicing infection control precautions;
- (14) moving patients without a carrying device; and
- (15) moving patients with a carrying device;
- (c) patient assessment and stabilization:
 - (1) Obtaining consent for providing care;
 - (2) communicating with bystanders, other health care providers, and patient family members while providing patient care;
 - (3) communicating with each patient while providing care; and
 - (4) assessing the following: blood pressure manually by auscultation or palpation or automatically by noninvasive methods; heart rate; level of consciousness; temperature; pupil size and responsiveness to light; absence or presence of respirations; respiration rate; and skin color, temperature, and condition;
- (d) cardiopulmonary resuscitation and airway management:
 - (1) Applying cardiac monitoring electrodes;
 - (2) performing any of the following:
 - (A) Manual cardiopulmonary resuscitation for an adult, child, or infant, using one or two attendants;
 - (B) cardiopulmonary resuscitation using a mechanical device;
 - (C) postresuscitative care to a cardiac arrest patient;
 - (D) cricoid pressure by utilizing the sellick maneuver;
 - (E) head-tilt maneuver or chin-lift maneuver, or both;
 - (F) jaw thrust maneuver;
 - (G) modified jaw thrust maneuver for injured patients;
 - (H) modified chin-lift maneuver;
 - (I) mouth-to-barrier ventilation;
 - (J) mouth-to-mask ventilation;
 - (K) mouth-to-mouth ventilation;
 - (L) mouth-to-nose ventilation;
 - (M) mouth-to-stoma ventilation;
 - (N) manual airway maneuvers; or
 - (O) manual upper-airway obstruction maneuvers, including patient positioning, finger sweeps, chest thrusts, and abdominal thrusts; and
 - (3) suctioning the oral and nasal cavities with a soft or rigid device;
 - (e) control of bleeding, by means of any of the following:
 - (1) Elevating the extremity;
 - (2) applying direct pressure;
 - (3) utilizing a pressure point;
 - (4) applying a tourniquet;
 - (5) utilizing the trendelenberg position; or
 - (6) applying a pressure bandage;
 - (f) extremity splinting, by means of any of the following:
 - (1) Soft splints;
 - (2) anatomical extremity splinting without return to position of function;
 - (3) manual support and stabilization; or
 - (4) vacuum splints;
 - (g) spinal immobilization, by means of any of the following:
 - (1) Cervical collar;
 - (2) full-body immobilization device;
 - (3) manual stabilization;
 - (4) assisting an EMT, an AEMT, or a paramedic with application of an upper-body spinal immobilization device;
 - (5) helmet removal; or
 - (6) rapid extrication;
 - (h) oxygen therapy by means of any of the following:
 - (1) Humidifier;
 - (2) nasal cannula;
 - (3) non-rebreather mask;
 - (4) partial rebreather mask;
 - (5) regulators;
 - (6) simple face mask;
 - (7) blow-by;
 - (8) using a bag-valve-mask with or without supplemental oxygen; or
 - (9) ventilating an inserted supraglottic or subglottic airway;
 - (i) administration of medications according to the board's "approved medication list," dated April 5, 2019, which is hereby adopted by reference;
 - (j) recognizing and complying with advanced directives by making decisions based upon a do-not-resuscitate order, living will, or durable power of attorney for health care decisions; and
 - (k) providing the following techniques for preliminary care:
 - (1) Cutting of the umbilical cord;
 - (2) irrigating the eyes of foreign or caustic materials;
 - (3) bandaging the eyes;

- (4) positioning the patient based on situational need;
- (5) securing the patient on transport devices;
- (6) restraining a violent patient, if technician or patient safety is threatened;
- (7) disinfecting the equipment and ambulance;
- (8) disposing of contaminated equipment, including sharps and personal protective equipment, and material;
- (9) decontaminating self, equipment, material, and ambulance;
- (10) following medical protocols for declared or potential organ retrieval;
- (11) participating in the quality improvement process;
- (12) providing EMS education to the public; and
- (13) providing education on injury prevention to the public. (Authorized by K.S.A. 65-6111; implementing K.S.A. 65-6144; effective March 9, 2012; amended May 5, 2017; amended Jan. 24, 2020.)

109-3-4. Emergency medical technician; authorized activities. Each emergency medical technician shall be authorized to perform any intervention specified in the following:

- (a) K.S.A. 65-6144, and amendments thereto, and as further specified in K.A.R. 109-3-3; and
- (b) K.S.A. 65-6121, and amendments thereto, and as further specified in the following paragraphs:
 - (1) Airway maintenance by means of any of the following:
 - (A) Blind insertion of a supraglottic airway, with the exception of the laryngeal mask airway;
 - (B) oxygen venturi mask;
 - (C) gastric decompression by orogastric or nasogastric tube with any authorized airway device providing that capability;
 - (D) auscultating the quality of breath sounds;
 - (E) pulse oximetry;
 - (F) automatic transport ventilator;
 - (G) manually triggered ventilator;
 - (H) flow-restricted oxygen-powered ventilation device;
 - (I) bag-valve-mask with in-line small-volume nebulizer;
 - (J) carbon dioxide colorimetric detection;
 - (K) capnometry; or
 - (L) suctioning a stoma; and
 - (2) administration of patient-assisted and non-patient-assisted medications according to the board's "approved medication list," which is

adopted by reference in K.A.R. 109-3-3. (Authorized by K.S.A. 65-6111; implementing K.S.A. 65-6121; effective March 9, 2012; amended May 5, 2017; amended Jan. 24, 2020.)

109-3-5. Advanced emergency medical technician; authorized activities. Each advanced emergency medical technician shall be authorized to perform any intervention specified in the following:

- (a) K.S.A. 65-6144, and amendments thereto, and as further specified in K.A.R. 109-3-3;
- (b) K.S.A. 65-6121, and amendments thereto, and as further specified in K.A.R. 109-3-4; and
- (c) K.S.A. 65-6120, and amendments thereto, and as further specified in the following paragraphs:
 - (1) Advanced airway management, except for endotracheal intubation; and
 - (2) administration of patient-assisted and nonpatient-assisted medications according to the board's "advanced EMT medication list," dated November 6, 2013, which is hereby adopted by reference. (Authorized by K.S.A. 2013 Supp. 65-6111; implementing K.S.A. 2013 Supp. 65-6120; effective March 9, 2012; amended Nov. 2, 2012; amended Aug. 29, 2014.)

Article 5.—CONTINUING EDUCATION

109-5-1. Continuing education. (a) Continuing education credit shall be awarded in quarter-hour increments for instruction for which an individual meets the requirements in subsection (b) and shall not be issued for more than one hour of credit for a 60-minute period.

(b) Each individual seeking continuing education credit for a course shall submit either of the following:

- (1) The individual's certificate of attendance; or
- (2) the individual's certificate of completion.
- (c) Each acceptable certificate of attendance or certificate of completion shall include the following:
 - (1) The name of the provider of the continuing education course;
 - (2) the name of the attendant being issued the certificate;
 - (3) the title of the course;
 - (4) the date or dates on which the course was conducted;
 - (5) the location where the course was conducted;
 - (6) the amount of approved continuing education credit issued to the individual for attending the course;

(7) the course identification number issued by the board, by CAPCE, or by another state's emergency medical services regulatory or accrediting body; and

(8) the name of the person or entity authorized by the provider to issue the certificate.

(d)(1) Acceptable continuing education programs shall include the following:

(A) Initial courses of instruction and continuing education provided by a sponsoring organization and approved by the board;

(B) programs approved or accredited by CAPCE, which shall be presumptively accepted by the board unless the board determines that a particular program does not meet board requirements; and

(C) programs or courses approved by another state's emergency medical services regulatory or accrediting body, which shall be presumptively accepted by the board unless the board determines that a particular program does not meet board requirements.

(2) Any program not addressed in this subsection may be submitted for approval by the attendant as specified in K.A.R. 109-5-5.

(e) The number of clock-hours received for continuing education credit during one calendar day shall not exceed 12.

(f) Each attendant and sponsoring organization shall keep documentation of completion of approved continuing education for at least three years and shall provide this documentation to the board upon request by the executive director. (Authorized by K.S.A. 65-6110 and 65-6111; implementing K.S.A. 65-6129; effective, T-88-122, May 18, 1987; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended July 17, 1989; amended Feb. 3, 1992; amended Aug. 16, 1993; amended Dec. 19, 1994; amended Nov. 1, 1996; amended Nov. 12, 1999; amended, T-109-8-8-00, Aug. 8, 2000; amended Nov. 13, 2000; amended Aug. 30, 2002; amended Sept. 10, 2010; amended, T-109-2-7-11, Feb. 7, 2011; amended June 3, 2011; amended Jan. 4, 2016; amended Dec. 29, 2017; amended March 1, 2019.)

109-5-1a. Emergency medical responder (EMR) continuing education. Each applicant for certification renewal as an EMR shall meet one of the following requirements:

(a) Have earned at least 16 clock-hours of board-approved continuing education during the initial certification period and during each bienni-

al period thereafter to meet the requirements for the EMR specified in the "Kansas continuing education plan," as adopted by the board in February 2019, which is hereby adopted by reference; or

(b) have met both of the following requirements within the 11 months before the expiration of certification:

(1) Passed the board-approved EMR cognitive assessment; and

(2) either passed a board-approved psychomotor skills assessment or received validation of the applicant's psychomotor skills by a medical director affiliated with an ambulance service or a sponsoring organization. (Authorized by K.S.A. 65-6110 and 65-6111; implementing K.S.A. 65-6129 and 65-6144; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; amended Jan. 4, 2016; amended Nov. 14, 2016; amended Dec. 29, 2017; amended Jan. 24, 2020.)

109-5-1b. Emergency medical technician (EMT) continuing education. Each applicant for certification renewal as an EMT shall meet one of the following requirements:

(a) Have earned at least 28 clock-hours of board-approved continuing education during the initial certification period and during each biennial period thereafter to meet the requirements for the EMT specified in the "Kansas continuing education plan," which is adopted by reference in K.A.R. 109-5-1a; or

(b) have met both of the following requirements within the 11 months before the expiration of certification:

(1) Passed the board-approved EMT cognitive assessment; and

(2) either passed a board-approved psychomotor skills assessment or received validation of the applicant's psychomotor skills by a medical director affiliated with an ambulance service or a sponsoring organization. (Authorized by K.S.A. 2016 Supp. 65-6110 and 65-6111; implementing K.S.A. 2016 Supp. 65-6129; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; amended Jan. 4, 2016; amended Nov. 14, 2016; amended Dec. 29, 2017.)

109-5-1c. Advanced emergency medical technician (AEMT) continuing education. Each applicant for certification renewal as an AEMT shall meet one of the following requirements:

(a) Have earned at least 44 clock-hours of board-approved continuing education during the

initial certification period and during each biennial period thereafter to meet the requirements for the AEMT specified in the “Kansas continuing education plan,” which is adopted by reference in K.A.R. 109-5-1a; or

(b) have met both of the following requirements within the 11 months before the expiration of certification:

(1) Passed the board-approved AEMT cognitive assessment; and

(2) either passed a board-approved psychomotor skills assessment or received validation of the applicant’s psychomotor skills by a medical director affiliated with an ambulance service or a sponsoring organization. (Authorized by K.S.A. 2016 Supp. 65-6110, 65-6111, and 65-6123; implementing K.S.A. 2016 Supp. 65-6120, 65-6123, and 65-6129; effective March 9, 2012; amended Jan. 4, 2016; amended Nov. 14, 2016; amended Dec. 29, 2017.)

109-5-1d. Paramedic continuing education. Each applicant for certification renewal as a paramedic shall meet one of the following requirements:

(a) Have earned at least 60 clock-hours of board-approved continuing education during the initial certification period and during each biennial period thereafter to meet the requirements for the paramedic as specified in the “Kansas continuing education plan,” which is adopted by reference in K.A.R. 109-5-1a; or

(b) have met both of the following requirements within the 11 months before the expiration of certification:

(1) Passed the board-approved paramedic cognitive assessment; and

(2) either passed a board-approved psychomotor skills assessment or received validation of the applicant’s psychomotor skills by a medical director affiliated with an ambulance service or a sponsoring organization. (Authorized by K.S.A. 2016 Supp. 65-6110, 65-6111, and 65-6119; implementing K.S.A. 2016 Supp. 65-6119 and 65-6129; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; amended Jan. 4, 2016; amended Dec. 29, 2017.)

109-5-1e. Instructor-coordinator (I-C) continuing education. Each applicant for certification renewal as an I-C shall provide documentation of both of the following:

(a) The applicant is certified as an attendant at

or above the level of EMT or is licensed as a physician or professional nurse, as defined by K.S.A. 65-1113 and amendments thereto.

(b) The applicant attended, during the biennial period immediately preceding the date of application for renewal, an educator conference approved by the board. (Authorized by K.S.A. 2009 Supp. 65-6111, as amended by L. 2010, ch. 119, sec. 1; implementing K.S.A. 65-6129b; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011.)

109-5-1f. (Authorized by K.S.A. 2009 Supp. 65-6111, as amended by L. 2010, ch. 119, sec. 1; implementing K.S.A. 65-6129c, as amended by L. 2010, ch. 119, sec. 9; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; revoked Dec. 29, 2017.)

109-5-2. (Authorized by K.S.A. 65-6111, as amended by L. 2008, ch. 47, sec. 1; implementing K.S.A. 65-6129, as amended by L. 2008, ch. 78, sec. 2, K.S.A. 65-6129b, and K.S.A. 65-6129c; effective, T-88-12, July 15, 1987; amended May 1, 1988; amended July 17, 1989; amended Nov. 12, 1999; amended May 15, 2009; revoked Jan. 4, 2016.)

109-5-3. Continuing education approval for long-term providers. (a) Any sponsoring organization may submit an application to the board requesting approval as a long-term provider of continuing education.

(b) Each sponsoring organization seeking long-term provider approval for continuing education courses shall meet the following requirements:

(1) Submit a complete application packet to the executive director at least 30 calendar days before the first initial course to be offered as part of the long-term provider of continuing education training program. A complete application packet shall include the following:

(A) A complete application form provided by the executive director that includes the signatures of the training program manager and the medical director; and

(B) A long-term continuing education training program management plan that describes how the applicant shall meet the requirements of subsection (b);

(2) appoint a training program manager who will serve as the liaison to the board concerning continuing education training;

(3) appoint a physician who will serve as the medical director for the training program;

(4) provide a sufficient number of lab instructors to maintain a student-to-instructor ratio of 6:1 during laboratory training sessions;

(5) provide a sufficient quantity of EMS training equipment to maintain a student-to-equipment ratio of 6:1 during laboratory training sessions;

(6) provide to each student, upon request, the following:

(A) A course schedule that includes the following:

(i) The date and time of each class lesson;

(ii) the title of each lesson; and

(iii) the name of the qualified instructor and that individual's qualifications, as specified in K.A.R. 109-11-9, to teach each lesson; and

(B) a certificate of attendance that includes the following:

(i) The name of the training program;

(ii) a statement that the training program has been approved by the board as a long-term provider of continuing education training;

(iii) the title of the continuing education offering;

(iv) the date and location of the continuing education offering;

(v) the amount of continuing education credit awarded to each participant for the offering;

(vi) the course identification number issued by the board; and

(vii) the printed name and signature of the program manager;

(7) maintain training program records and continuing education course records for at least three years. The following records shall be maintained:

(A) A copy of the application form and all documents required to be submitted with the application for training program approval;

(B) student attendance rosters;

(C) course educational objectives; and

(D) master copies and completed copies of each student's evaluations of the educational offerings;

(8) establish a continuing education program quality management plan that includes the following:

(A) A description of the training needs assessment used to determine the continuing education courses to be conducted;

(B) a description of the training program evaluations to be conducted and a description of how a review and analysis of the completed evaluations by the training program's medical director and the training program manager shall be conducted;

(C) equipment use, maintenance, and cleaning policies; and

(D) training program infection-control policies;

(9) submit quarterly reports to the executive director that include the following:

(A) The date, title, and location of each EMS continuing education course offered;

(B) the amount of EMS continuing education credit issued for each EMS course offered; and

(C) the printed name and signature of the training program manager; and

(10) a description of how the program will ensure that all education offered under the auspices of the long-term provider approval meets the definition of continuing education as specified in K.A.R. 109-1-1.

(c) Each approved long-term provider wanting to offer continuing education in a distance learning format shall incorporate the following items into the provider's long-term continuing education training program management plan:

(1) A definition of the process by which students can access the qualified instructor, as specified in K.A.R. 109-11-9, during any distance learning offerings;

(2) a definition of the procedures used to ensure student participation in course offerings; and

(3) specification of each learning management system that will be used and how each system is to be used in the course.

(d) Each long-term provider of continuing education courses shall submit any change of program manager or medical director and any change to the long-term continuing education program management plan to the board office no later than 30 calendar days after the change has occurred. Failure to submit any of these changes may result in suspension of approval as a long-term provider of continuing education.

(e) Each approved long-term provider of continuing education training shall provide the executive director with a copy of all training program records and continuing education course records upon the executive director's request. (Authorized by and implementing K.S.A. 2016 Supp. 65-6111; effective, T-88-12, May 18, 1987; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended July 17, 1989; amended Nov. 12, 1999; amended May 15, 2009; amended Sept. 10, 2010; amended March 15, 2013; amended Dec. 29, 2017.)

109-5-4. (Authorized by K.S.A. 65-6110, 65-6111, and 65-6129; implementing K.S.A. 65-6129, 65-6129b, and 65-6129c; effective Feb. 3, 1992; amended Nov. 12, 1999; amended, T-109-8-8-00, Aug. 8, 2000; amended Nov. 13, 2000; amended Oct. 31, 2003; revoked Feb. 12, 2010.)

109-5-5. Retroactive approval of continuing education course. (a) Any attendant may submit a request to the board for retroactive approval of a course for continuing education credit that was completed not more than 180 days before the request is received in the board office.

(b) Each request shall be submitted on a form provided by the board.

(c) In order for retroactive approval of a continuing education course to be granted, the attendant shall provide the following, in addition to the request form:

(1) (A) A certificate of attendance or certificate of completion that meets the requirements of K.A.R. 109-5-1; or

(B) an official college transcript showing the number of credit hours awarded for the course;

(2) documentation of the course objectives; and

(3) one of the following:

(A) The signature of the emergency medical services medical director for the ambulance service serving the emergency medical service response area in which the attendant lives or the emergency medical services medical director for the ambulance service, educational institution, or advisory board for which the attendant is currently employed or a member, on the form provided by the board; or

(B) verification that the objectives of the course meet or exceed the objectives of the Kansas education standards for EMR as adopted by reference in K.A.R. 109-10-1a, the Kansas education standards for the EMT as adopted by reference in K.A.R. 109-10-1b, the Kansas education standards for the AEMT as adopted by reference in K.A.R. 109-10-1c, or the Kansas education standards for paramedic as adopted by reference in K.A.R. 109-10-1d, whichever is applicable for the level of certification that the attendant is renewing.

(d) The amount of continuing education credit awarded shall be determined by one of the following:

(1) The number of hours listed on the certificate of attendance or certificate of completion; or

(2) for each college credit hour earned, 15 hours of continuing education credit.

(e) The applicant shall be notified in writing by the board of any errors or omissions in the request for approval. Failure to correct any deficiency cited in the written notice of error or omission within 15 calendar days shall constitute withdrawal of the request. (Authorized by K.S.A.

2015 Supp. 65-6111; implementing K.S.A. 2015 Supp. 65-6129; effective Oct. 31, 2008; amended Sept. 2, 2011; amended March 15, 2013; amended July 1, 2016.)

109-5-6. Single-program approval for providers of continuing education. (a) Any entity specified in K.A.R. 109-1-1(bb) may submit an application to the executive director to conduct single-program continuing education.

(b) Each provider of single-program continuing education shall meet the following requirements:

(1) Submit a complete application for single-program approval to the executive director at least 30 days before the requested offering. A complete application shall include the following:

(A) The signatures of the program manager and the program medical advisor; and

(B) a course schedule that includes the date and time of each continuing education program, the title of each continuing education topic in the program, and the instructor;

(2) provide each student with a certificate of attendance that includes the following:

(A) The name of the continuing education program;

(B) a statement that the continuing education program has been approved by the board;

(C) the title of the continuing education program;

(D) the date and location of the continuing education program;

(E) the amount of continuing education credit completed by the attendant for the continuing education program;

(F) the board-assigned course identification number; and

(G) the printed name and signature of the program coordinator; and

(3) maintain the following records for at least three years:

(A) A copy of all documents required to be submitted with the application for single-program approval;

(B) a copy of the curriculum vitae or other documentation of the credentials for each instructor and lab instructor;

(C) student attendance records;

(D) course educational objectives; and

(E) completed copies of student evaluations of the educational offering.

(c) Upon request by the executive director, each provider of single-program continuing education shall provide a copy of all continuing education

program records and continuing education course records. (Authorized by and implementing K.S.A. 65-6111, as amended by L. 2008, ch. 47, sec. 1; effective May 15, 2009.)

109-5-7a. (Authorized by K.S.A. 65-6110, K.S.A. 2009 Supp. 65-6111, as amended by L. 2010, ch. 119, sec. 1; implementing K.S.A. 65-6110, K.S.A. 2009 Supp. 65-6111, as amended by L. 2010, ch. 119, sec. 1, and K.S.A. 65-6144, as amended by L. 2010, ch. 119, sec. 11; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; revoked Dec. 29, 2017.)

109-5-7b. (Authorized by K.S.A. 65-6110, K.S.A. 2009 Supp. 65-6111, as amended by L. 2010, ch. 119, sec. 1; implementing K.S.A. 65-6110, K.S.A. 2009 Supp. 65-6111, as amended by L. 2010, ch. 119, sec. 1; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; revoked Dec. 29, 2017.)

109-5-7c. (Authorized by K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, and K.S.A. 2010 Supp. 65-6111; implementing K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, K.S.A. 2010 Supp. 65-6111, and K.S.A. 2010 Supp. 65-6120, as amended by L. 2011, ch. 114, sec. 83; effective, T-109-2-10-12, Feb. 10, 2012; effective May 4, 2012; revoked Dec. 29, 2017.)

109-5-7d. (Authorized by K.S.A. 65-6110, K.S.A. 2009 Supp. 65-6111, as amended by L. 2010, ch. 119, sec. 1; implementing K.S.A. 65-6110 and K.S.A. 2009 Supp. 65-6111, as amended by L. 2010, ch. 119, sec. 1; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; revoked Dec. 29, 2017.)

Article 6.—TEMPORARY CERTIFICATION

109-6-1. Requirements for temporary certification for applicant with non-Kansas credentials. (a) An applicant for temporary certification who is certified or licensed as an attendant in another jurisdiction but whose coursework is not substantially equivalent to that required in Kansas may be granted one-year temporary certification by meeting the following requirements:

(1) Providing verification of current attendant certification or licensure issued by that jurisdiction that is comparable to the certification level sought in Kansas; and

(2) providing either the name, address, and telephone number of or a signed statement from the physician, physician assistant, professional

nurse, or attendant who is certified at the same or higher level as that of the applicant and who will directly supervise the applicant during the year of temporary certification.

(b) Within one year from the date on which the temporary certificate is issued, if the applicant provides verification of successful completion of the required coursework, attendant's certification shall be granted. If the applicant does not provide this verification within one year from the date on which the temporary certificate is issued, the temporary certificate shall expire and the application for an attendant's certificate shall be denied. (Authorized by K.S.A. 2008 Supp. 65-6111; implementing K.S.A. 2008 Supp. 65-6129; effective, T-88-24, July 15, 1987; amended May 1, 1988; amended Jan. 22, 1990; amended Nov. 1, 1996; amended Feb. 12, 2010.)

109-6-2. Renewal of attendant and instructor-coordinator certificates. (a) Each attendant certificate shall expire on December 31 of the second complete calendar year following the date of issuance.

(b) An attendant and an instructor-coordinator who is also an attendant may renew that person's certificate for each biennial period in accordance with this regulation and with K.A.R. 109-5-1e.

(c) Each application for certification renewal shall be submitted on a form provided by the executive director or through the online renewal process. Copies, facsimiles, and other reproductions of the certification renewal form shall not be accepted.

(d) Each application for renewal shall be deemed sufficient when the following conditions are met:

(1) The applicant provides in full the information requested on the form, and no additional information is required by the board to complete the processing of the application.

(2) The applicant submits a renewal fee in the applicable amount specified in K.A.R. 109-7-1.

(e) The date receipt of a document shall mean the date stamped on the document when the document is received in the board office. (Authorized by K.S.A. 2016 Supp. 65-6111; implementing K.S.A. 2016 Supp. 65-6129 and 65-6129b; effective Nov. 1, 1996; amended Oct. 31, 1997; amended Nov. 12, 1999; amended, T-109-8-8-00, Aug. 8, 2000; amended Nov. 13, 2000; amended Feb. 12, 2010; amended Dec. 29, 2017.)

109-6-3. (Authorized by K.S.A. 2001 Supp. 65-6110, 65-6111; implementing K.S.A. 2001 Supp. 65-6129; effective, T-109-8-8-00, Aug. 8, 2000; effective Nov. 13, 2000; amended Aug. 30, 2002; revoked May 15, 2009.)

Article 7.—FEES

109-7-1. Schedule of fees. (a) Attendant, I-C, and ambulance service application fees shall be nonrefundable.

(b) Emergency medical responder fees:

- (1) Application for certification fee \$15.00
- (2) certification renewal application fee for a renewal that expires on a biennial basis if received before certificate expiration 20.00
- (3) certification renewal application fee if received within 31 calendar days after certificate expiration 40.00
- (4) certification renewal application fee if received on or after the 32nd calendar day after certificate expiration 80.00

(c) Paramedic fees:

- (1) Application for certification fee 65.00
- (2) certification renewal application fee if received before certificate expiration 50.00
- (3) certification renewal application fee if received within 31 calendar days after certificate expiration 100.00
- (4) certification renewal application fee if received on or after the 32nd calendar day after certificate expiration 200.00

(d) EMT and AEMT fees:

- (1) Application for certification fee 50.00
- (2) certification renewal application fee if received before certificate expiration 30.00
- (3) certification renewal application fee if received within 31 calendar days after certificate expiration 60.00
- (4) certification renewal application fee if received on or after the 32nd calendar day after certificate expiration 120.00

(e) Instructor-coordinator fees:

- (1) Application for certification fee 65.00
- (2) certification renewal application fee if received before certificate expiration 30.00
- (3) certification renewal application fee if received within 31 calendar days after certificate expiration 60.00
- (4) certification renewal application fee if received on or after the 32nd calendar day after certificate expiration 120.00

(f) Ambulance service fees:

- (1) Service permit application fee 100.00
- (2) service permit renewal fee if received on or before permit expiration 100.00
- (3) service permit renewal fee if received after permit expiration 200.00
- (4) vehicle license application fee 40.00
- (5) temporary license for an ambulance 10.00

(g) Each application for certification shall include payment of the prescribed application for certification fee to the board.

(h) Payment of fees may be made by either of the following:

(1) An individual using a personal, certified, or cashier's check, a money order, a credit card, or a debit card; or

(2) an ambulance service, fire department, or municipality using warrants, payment vouchers, purchase orders, credit cards, or debit cards.

(i) Payment submitted to the board for application for certification fee or renewal fee for more than one attendant or I-C shall not be accepted, unless the fee amount is correct. (Authorized by K.S.A. 2016 Supp. 65-6110, K.S.A. 2016 Supp. 65-6111, K.S.A. 65-6127, K.S.A. 2016 Supp. 65-6129, and K.S.A. 2016 Supp. 65-6129b; implementing K.S.A. 2016 Supp. 65-6111, K.S.A. 65-6127, K.S.A. 65-6128, K.S.A. 2016 Supp. 65-6129, and K.S.A. 2016 Supp. 65-6129b; effective July 1, 1990; amended Feb. 3, 1992; amended Nov. 1, 1996; amended, T-109-8-8-00, Aug. 8, 2000; amended Nov. 13, 2000; amended Oct. 31, 2003; amended March 9, 2012; amended April 29, 2016; amended Dec. 29, 2017.)

Article 8.—EXAMINATIONS

109-8-1. Examination. (a) The cognitive certification examination for emergency medical responders, emergency medical technicians, advanced emergency medical technicians, and paramedics shall be the national registry of emergency medical technicians' cognitive examination.

(b) The cognitive certification examination for instructor-coordinator shall be the final cognitive examination developed by the sponsoring organization and approved by the board.

(c) Any instructor-coordinator who fails the examination may retake it a maximum of three times. An applicant who has failed the examination three times shall not submit a new application for examination until documentation of successful

completion of a new initial course has been received and reviewed by the executive director.

(d) Each emergency medical responder or emergency medical technician applicant shall be required to successfully complete the national registry of emergency medical technicians' cognitive examination and shall be required to demonstrate competency in psychomotor skills as evaluated by the psychomotor skills examination prescribed by the board.

(e) Each advanced emergency medical technician or paramedic applicant shall successfully complete the national registry of emergency medical technicians' cognitive examination and psychomotor skills evaluation.

(f) Any emergency medical responder or emergency medical technician applicant who is tested in psychomotor skills and who fails any psychomotor skill station may retest each failed station a maximum of three times.

(g) Each emergency medical responder, emergency medical technician, advanced emergency medical technician, and paramedic shall successfully complete both the cognitive examination and the psychomotor skills examination no later than 24 months after the last date of that individual's initial course of instruction.

Each individual specified in this subsection shall be required to successfully complete both the cognitive examination and the psychomotor skills examination within a 12-month period.

(h) Any examination for certification may be modified by the board as a pilot project to evaluate proposed changes to the psychomotor skills examination. (Authorized by K.S.A. 65-6110 and 65-6111; implementing K.S.A. 65-6111, 65-6129, 65-6129b; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989; amended Aug. 27, 1990; amended Feb. 3, 1992; amended Dec. 19, 1994; amended Jan. 5, 1996; amended Nov. 8, 1996; amended May 16, 1997; amended, T-109-2-7-11, Feb. 7, 2011; amended June 3, 2011; amended Jan. 4, 2016; amended Dec. 29, 2017; amended March 1, 2019.)

109-8-2. Scheduling examinations for certification. (a) Each provider of initial courses of instruction for attendants shall ensure the provision of certification examinations for those students successfully completing the course.

(b) This subsection shall apply to the cognitive knowledge examination.

(1) For emergency medical responder, emergency medical technician, advanced emergency

medical technician, and paramedic, the following requirements shall apply:

(A) Each candidate shall register with the national registry of emergency medical technicians.

(B) Each candidate shall schedule examinations with the computer-adaptive testing vendor specified by the national registry of emergency medical technicians.

(2) Each sponsoring organization shall validate each candidate's successful course completion.

(c) The following scheduling requirements shall apply to the psychomotor skills examination:

(1) Each sponsoring organization shall schedule the examination for emergency medical responder and emergency medical technician with the board at least 60 days in advance of the desired examination date.

(2) Each sponsoring organization shall schedule the examination for advanced emergency medical technician and paramedic with the national registry of emergency medical technicians by performing the following:

(A) Negotiating a contractual agreement with a national registry representative to serve as facilitator;

(B) completing the examination host approval process and submitting the request for new examination with the national registry of emergency medical technicians;

(C) negotiating contractual agreements with examiners, as prescribed by the national registry representative, who have attained board approval following a review to ensure current certification, have no disciplinary actions taken or pending against their Kansas emergency medical services certification or certifications, and have held the current certification level for at least two years;

(D) negotiating contractual agreements with currently certified attendant assistants in numbers prescribed by the national registry representative;

(E) ensuring availability of a sufficient number of rooms to be used for examination stations, national registry representative room, candidate waiting area, and other facilities as prescribed by the national registry representative; and

(F) providing sufficient quantities of equipment and supplies as prescribed by the national registry representative.

(d) Each candidate not successfully completing the examinations during the initial examination attempts shall schedule reexamination as follows:

(1) Cognitive knowledge examination reexaminations. For emergency medical responder, emer-

gency medical technician, advanced emergency medical technician, and paramedic, the candidate shall schedule the examination with the national registry of emergency medical technicians.

(2) Psychomotor skills examination reexaminations.

(A) For emergency medical responder and emergency medical technician, the candidate shall schedule the examination by completing the board-approved application for the examination.

(B) For the psychomotor skills examination for advanced emergency medical technician or paramedic, the candidate shall schedule the examination with the national registry of emergency medical technicians. (Authorized by and implementing K.S.A. 65-6111; effective March 2, 2012; amended Dec. 29, 2017; amended March 1, 2019.)

Article 9.—INSTRUCTOR-COORDINATOR

109-9-1. Instructor-coordinator certification. (a) Each applicant for certification as an I-C shall apply to the executive director using forms approved by the board and shall meet the following requirements:

(1) Validate current certification as an attendant or licensure as a physician or professional nurse;

(2) complete an approved I-C initial course of instruction, except as specified in subsection (b);

(3) attain a score of 70% or higher on the final cognitive examination developed by the educational program and approved by the board; and

(4) complete, with a satisfactory evaluation, an assistant teaching experience in one EMT initial course of instruction applied for, approved, and taught in its entirety within one year after the completion of the instructor-coordinator course. The assistant teaching experience shall include evaluation of the candidate's ability to organize, schedule, implement, and evaluate educational experiences in the classroom, laboratory, clinical, and field environments and shall have been directly supervised by a certified I-C approved by either the executive director or any person so authorized by any state or United States territory and shall be verified on forms approved by the board.

(b) An applicant shall not be required to complete the department of transportation national highway traffic safety administration "emergency medical services instructor training program: national standard curriculum" or modules 2 through 23 of the national guidelines for educating EMS

instructors, as specified in K.A.R. 109-10-1e, if the applicant establishes one of the following:

(1) Successful completion of a United States department of transportation EMS instructor training program national standard curriculum or a program that included the content from module 2 through 23 of the national guidelines for educating EMS instructors, as specified in K.A.R. 109-10-1;

(2) successful completion of a fire service instructor course approved by the national board on fire service professional qualifications or the international fire service accreditation;

(3) successful completion of any United States military instructor trainer course that is substantially equivalent to the United States department of transportation national highway traffic safety administration "emergency medical services instructor training program: national standard curriculum," or modules 2 through 23 of the national guidelines for educating EMS instructors as specified in K.A.R. 109-10-1; or

(4) attainment of a bachelor's, master's, or doctoral degree that focuses on the philosophy, scope, and nature of educating adults. This degree shall have been conferred by an accredited postsecondary education institution.

(c) If within two years following the date of expiration of an I-C's certificate, this person applies for renewal of the certificate, the certificate may be granted by the board if the applicant completes 40 contact hours in education theory and methodology approved by the board and successfully completes an educator conference approved by the board. (Authorized by K.S.A. 65-6110, K.S.A. 2010 Supp. 65-6111; implementing K.S.A. 65-6129b; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989; amended Aug. 27, 1990; amended Feb. 3, 1992; amended Nov. 12, 1999; amended Nov. 9, 2001; amended Sept. 2, 2011.)

109-9-4. Requirements for acceptance into an instructor-coordinator initial course of instruction. (a) Each applicant shall successfully complete an evaluation of knowledge and skills as follows:

(1) The board-approved EMT cognitive assessment; and

(2) the board-approved psychomotor skills assessment at the EMT level.

(b) To be considered for acceptance into an instructor-coordinator initial course of instruction, each applicant shall achieve at least the following:

(1) A passing score in each area of the board-approved EMT cognitive assessment; and

(2) a passing score in each board-approved psychomotor skills assessment station described in paragraph (a)(2). (Authorized by K.S.A. 2016 Supp. 65-6110 and 65-6111; implementing K.S.A. 2016 Supp. 65-6110, 65-6111, and 65-6129b; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989; amended Feb. 3, 1992; amended Jan. 31, 1994; amended Nov. 12, 1999; amended Nov. 9, 2001; amended Sept. 2, 2011; amended Dec. 29, 2017.)

Article 10.—CURRICULA

109-10-1. (Authorized by and implementing K.S.A. 1999 Supp. 65-6110 and 65-6111; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989; amended Aug. 27, 1990; amended April 10, 1995; amended Sept. 22, 1995; amended Nov. 1, 1996; amended Nov. 12, 1999; amended Nov. 13, 2000; amended Nov. 9, 2001; revoked May 1, 2015.)

109-10-1a. Approved emergency medical responder education standards. (a) The document titled “Kansas emergency medical services education standards: emergency medical responder,” dated July 2010, is hereby adopted by reference pursuant to K.S.A. 65-6144, and amendments thereto, for emergency medical responder initial courses of instruction.

(b) Proposed curricula or proposed curricular revisions may be approved by the board to be taught as a pilot project, for a maximum of three initial courses of instruction, so that the board can evaluate the proposed curricula or proposed curricular revisions and consider permanent adoption of the proposed curricula or proposed curricular revisions. Students of each approved pilot project course shall, upon successful completion of the approved pilot project course, be eligible to take the board-approved examination for certification at the attendant level for the approved pilot project course. All examination regulations shall be applicable to students successfully completing an approved pilot project course. (Authorized by K.S.A. 2016 Supp. 65-6110 and 65-6111; implementing K.S.A. 2016 Supp. 65-6144; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; amended Dec. 29, 2017.)

109-10-1b. Approved emergency medical technician education standards. (a) The document titled “Kansas emergency medical ser-

vices education standards: emergency medical technician,” dated July 2010, is hereby adopted by reference pursuant to K.S.A. 65-6121, and amendments thereto, for emergency medical technician initial courses of instruction.

(b) Proposed curricula or proposed curricular revisions may be approved by the board to be taught as a pilot project, for a maximum of three initial courses of instruction, so that the board can evaluate the proposed curricula or proposed curricular revisions and consider permanent adoption of the proposed curricula or proposed curricular revisions. Students of each approved pilot project course shall, upon successful completion of the approved pilot project course, be eligible to take the board-approved examination for certification at the attendant level for the approved pilot project course. All examination regulations shall be applicable to students successfully completing an approved pilot project course. (Authorized by K.S.A. 2016 Supp. 65-6110 and 65-6111; implementing K.S.A. 2016 Supp. 65-6121; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; amended Dec. 29, 2017.)

109-10-1c. Approved advanced emergency medical technician education standards. (a) The board’s document titled “Kansas emergency medical services education standards: advanced emergency medical technician,” dated October 2014, is hereby adopted by reference pursuant to K.S.A. 65-6120, and amendments thereto, for advanced emergency medical technician initial courses of instruction.

(b) Proposed curricula or proposed curricular revisions may be approved by the board to be taught as a pilot project, for a maximum of three initial courses of instruction, so that the board can evaluate the proposed curricula or proposed curricular revisions and consider permanent adoption of the proposed curricula or proposed curricular revisions. Students of each approved pilot project course shall, upon successful completion of the approved pilot project course, be eligible to take the board-approved examination for certification at the attendant level for the approved pilot project course. All examination regulations shall be applicable to students successfully completing an approved pilot project course. (Authorized by K.S.A. 2016 Supp. 65-6110 and 65-6111; implementing K.S.A. 2016 Supp. 65-6111; effective March 2, 2012; amended May 1, 2015; amended Dec. 29, 2017.)

109-10-1d. Approved paramedic education standards. (a) The document titled “Kansas emergency medical services education standards: paramedic,” dated July 2010, is hereby adopted by reference pursuant to K.S.A. 65-6119, and amendments thereto, for paramedic initial courses of instruction.

(b) Proposed curricula or proposed curricular revisions may be approved by the board to be taught as a pilot project, for a maximum of three initial courses of instruction, so that the board can evaluate the proposed curricula or proposed curricular revisions and consider permanent adoption of the proposed curricula or proposed curricular revisions. Students of each approved pilot project course shall, upon successful completion of the approved pilot project course, be eligible to take the board-approved examination for certification at the attendant level for the approved pilot project course. All examination regulations shall be applicable to students successfully completing an approved pilot project course. (Authorized by K.S.A. 2016 Supp. 65-6110 and 65-6111; implementing K.S.A. 2016 Supp. 65-6119; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; amended Dec. 29, 2017.)

109-10-1e. Approved instructor-coordinator standards. (a) Each instructor-coordinator initial course of instruction shall teach modules 2 through 23 in the “2002 national guidelines for educating EMS instructors,” dated August 2002 and published by the United States department of transportation, United States department of health and human services, and national association of EMS educators, excluding bibliographical references, which are hereby adopted by reference for instructor-coordinator (IC) initial courses of instruction.

(b) Each instructor-coordinator initial course of instruction shall include an evaluated assistant teaching experience for each student as specified in K.A.R. 109-9-1.

(c) Each instructor-coordinator initial course of instruction shall teach and require the student to demonstrate competency in the psychomotor skills examined for certification as EMR and EMT.

(d) Proposed curricula or proposed curricular revisions may be approved by the board to be taught as a pilot project, for a maximum of three initial courses of instruction, so that the board can evaluate the proposed curricula or proposed curricular revisions and consider permanent

adoption of the proposed curricula or proposed curricular revisions. Students of each approved pilot project course shall, upon successful completion of the approved pilot project course, be eligible to take the board-approved examination for certification at the attendant level for the approved pilot project course. All examination regulations shall be applicable to students successfully completing an approved pilot project course. (Authorized by and implementing K.S.A. 2014 Supp. 65-6110 and 65-6111; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; amended May 1, 2015.)

109-10-1f. (Authorized by K.S.A. 65-6110 and K.S.A. 2009 Supp. 65-6111, as amended by L. 2010, ch. 119, sec. 1; implementing K.S.A. 65-6129c, as amended by L. 2010, ch. 119, sec. 9; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; revoked Dec. 29, 2017.)

109-10-1g. (Authorized by K.S.A. 65-6110 and K.S.A. 2009 Supp. 65-6111, as amended by L. 2010, ch. 119, sec. 1; implementing K.S.A. 65-6129c, as amended by L. 2010, ch. 119, sec. 9; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; revoked Dec. 29, 2017.)

109-10-2. (Authorized by and implementing K.S.A. 1998 Supp. 65-6110 and 65-6111; effective Aug. 30, 1993; amended Nov. 12, 1999; revoked May 1, 2015.)

109-10-3. Late enrollment. (a) Sponsoring organizations may allow students to enroll late in an initial course of instruction if the first 10 percent of the didactic and laboratory training sessions in the course as described in the course syllabus has not yet been completed. Once the first 10 percent of the didactic and laboratory training sessions of the course as described in the course syllabus has been completed, an individual shall not be allowed to enroll for the purpose of obtaining state certification.

(b) Sponsoring organizations that admit late enrollees into initial courses of instruction shall submit to the executive director, within 20 days of the student’s enrollment, a make-up schedule for each late enrollee. The make-up schedule shall include all classes that the late enrollee missed.

(c) The sponsoring organization shall also submit to the executive director, within 20 days after enrollment, an application for certification and an application fee for each late enrollee. (Authorized

by and implementing K.S.A. 2016 Supp. 65-6111; effective Jan. 31, 1994; amended Sept. 2, 2011; amended Dec. 29, 2017.)

109-10-5. (Authorized by K.S.A. 1993 Supp. 65-6110; implementing K.S.A. 65-6129; effective Dec. 19, 1994; revoked Sept. 2, 2011.)

109-10-6. Required training equipment and supplies. Each sponsoring organization approved to conduct initial courses of instruction shall ensure that EMS training equipment and supplies necessary to facilitate the teaching of all psychomotor skills for the level of course being provided are available for use with that course. The training equipment and supplies provided shall be functional, clean, serviceable, and in sufficient quantity to maintain a ratio of no more than six students practicing together on one piece of equipment. The pharmaceuticals necessary for training shall be either simulation models or actual empty pharmaceutical packages or containers, or both. Training equipment and supplies that are for the purpose of protecting the student from exposure to bloodborne and airborne pathogens shall be functional and clean and shall be provided in sufficient quantity to ensure that students have their own. (Authorized by and implementing K.S.A. 65-6110 and K.S.A. 2009 Supp. 65-6111, as amended by L. 2010, ch. 119, sec. 1; effective Nov. 12, 1999; amended, T-109-2-7-11, Feb. 7, 2011; amended June 3, 2011.)

109-10-7. Distance learning. (a) Any EMS educational program accredited by the committee on accreditation of educational programs for the emergency medical services professions or offered by an accredited postsecondary institution may be granted approval to provide an initial course of instruction or continuing education programs in a distance learning format.

(b) Any sponsoring organization not affiliated with a program accredited by the committee on accreditation of educational programs for the emergency medical services professions or with an accredited postsecondary institution may be granted approval to offer an initial course of instruction or continuing education programs in a distance learning format if the course or program meets the requirements of this regulation.

(c) Each sponsoring organization not affiliated with a program specified in subsection (a) shall submit a request for initial course approval or an application for single-program provider to the ex-

ecutive director or the executive director's designee. The request or application shall include the following, in addition to meeting the requirements of K.A.R. 109-5-3, 109-5-6, 109-10-6, 109-11-1a, 109-11-3a, 109-11-4a, 109-11-6a, and 109-11-7:

(1) The procedures to be used for conducting progress counseling sessions for all students, including at those sites where distance learning is provided;

(2) the process by which students can access the instructor for an initial course of instruction or continuing education program;

(3) the procedures to be used for ensuring timely delivery of and feedback on written materials at all sites;

(4) the procedures to be followed for ensuring that students are participating in the course;

(5) the procedures to be used to ensure the competency of those completing didactic and psychomotor skills training;

(6) identification of the learning management system to be used during the course; and

(7) identification of each program's quality assurance plan that at a minimum shall include the following:

(A) An advisory committee that includes the program coordinator, program medical adviser, and representatives of the following:

(i) Current students;

(ii) former students;

(iii) graduates;

(iv) employees;

(v) faculty;

(vi) all communities of interest; and

(vii) local ambulance service;

(B) an advisory committee meeting schedule; and

(C) a copy of the evaluation tools to be completed by the students, employees, staff, faculty, medical adviser, and program coordinator.

(d) Any approved class may be monitored by the executive director or the executive director's designee. (Authorized by and implementing K.S.A. 2016 Supp. 65-6110 and 65-6111; effective Feb. 12, 2010; amended May 1, 2015; amended Dec. 29, 2017.)

Article 11.—COURSE APPROVALS

109-11-1. (Authorized by K.S.A. 65-6110, K.S.A. 2009 Supp. 65-6111; implementing K.S.A. 65-6110, K.S.A. 2009 Supp. 65-6111, K.S.A. 2009 Supp. 65-6129; effective, T-109-1-19-89, Jan. 19,

1989; effective July 17, 1989; amended Jan. 31, 1994; amended Nov. 12, 1999; amended Sept. 10, 2010; revoked March 15, 2013.)

109-11-1a. Emergency medical responder course approval. (a) Emergency medical responder initial courses of instruction pursuant to K.S.A. 65-6144, and amendments thereto, may be approved by the executive director and shall be conducted only by sponsoring organizations.

(b) Each sponsoring organization requesting approval to conduct initial courses of instruction shall submit a complete application packet to the executive director, including all required signatures, and the following documents:

(1) A course syllabus that includes at least the following information:

- (A) A summary of the course goals and objectives;
- (B) instructional and any other materials required to be purchased by the student;
- (C) student attendance policies;
- (D) student requirements for successful course completion;
- (E) a description of the clinical and field training requirements, if applicable;
- (F) student discipline policies; and
- (G) instructor information, which shall include the following:

- (i) Instructor name;
- (ii) office hours or hours available for consultation; and

- (iii) instructor electronic-mail address;

(2) course policies that include at least the following information:

- (A) Student evaluation of program policies;
 - (B) student and participant safety policies;
 - (C) Kansas requirements for certification;
 - (D) student dress and hygiene policies;
 - (E) student progress conferences; and
 - (F) equipment use policies;
- (3) a course schedule that identifies the following:

(A) The date and time of each class session, unless stated in the syllabus;

(B) the title of the subject matter of each class session;

(C) the instructor of each class session; and

(D) the number of psychomotor skills laboratory hours for each session; and

(4) letters or contracts from the ambulance service director of the ambulance service that will provide field training to the students, if applicable, and the administrator of the medical facility

in which the clinical rotation is provided, if applicable, indicating their commitment to provide the support as defined in the curriculum.

(c) Each application shall be received in the board office not later than 30 calendar days before the first scheduled course session.

(d) Each approved initial course shall meet the following conditions:

(1) Meet or exceed the course requirements described in the board's regulations;

(2) be approved by the sponsoring organization's medical director; and

(3) maintain course records for at least three years. The following records shall be maintained:

(A) A copy of all documents required to be submitted with the application for course approval;

(B) student attendance;

(C) student grades;

(D) student conferences;

(E) course curriculum;

(F) lesson plans for all lessons;

(G) clinical training objectives, if applicable;

(H) field training objectives, if applicable;

(I) completed clinical and field training preceptor evaluations for each student;

(J) master copies and completed copies of the outcome assessment and outcome analyses tools used for the course that address at least the following:

(i) Each student's ability to perform competently in a simulated or actual field situation, or both; and

(ii) each student's ability to integrate cognitive and psychomotor skills to appropriately care for sick and injured patients;

(K) a copy of each student's psychomotor skills evaluations as specified in the course syllabus;

(L) completed copies of each student's evaluations of each course, all instructors for the course, and all lab instructors for the course; and

(M) a copy of the course syllabus.

(e) Each primary instructor shall provide the executive director with a student registration form from each student within 20 days of the date of the first class session.

(f) Each sponsoring organization shall provide any course documentation requested by the executive director.

(g) Any approved course may be monitored by the executive director.

(h) Program approval may be withdrawn by the board if the sponsoring organization fails to comply with or violates any regulation or statute that

governs sponsoring organizations. (Authorized by K.S.A. 65-6110, 65-6111; implementing K.S.A. 65-6110, 65-6111, 65-6129, and 65-6144; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; amended Dec. 29, 2017; amended Jan. 24, 2020.)

109-11-3. (Authorized by K.S.A. 65-6110, K.S.A. 2008 Supp. 65-6111; implementing K.S.A. 2008 Supp. 65-6111, K.S.A. 2008 Supp. 65-6129; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989; amended Nov. 12, 1999; amended Sept. 10, 2010; revoked March 15, 2013.)

109-11-3a. Emergency medical technician (EMT) course approval. (a) Emergency medical technician (EMT) initial courses of instruction pursuant to K.S.A. 65-6121, and amendments thereto, may be approved by the executive director and shall be conducted only by sponsoring organizations.

(b) Each sponsoring organization requesting approval to conduct initial courses of instruction shall meet the following requirements:

(1) Meet the course requirements specified in K.A.R. 109-11-1a (b)-(e); and

(2) in each initial course of instruction, include hospital clinical training and ambulance field training that provide the following:

(A) An orientation to the hospital and to the ambulance service; and

(B) supervised participation in patient care and assessment, including the performance of a complete patient assessment on at least one patient in compliance with K.S.A. 65-6129a and amendments thereto. In the absence of participatory clinical or field training, contrived experiences may be substituted.

(c) Each sponsoring organization shall ensure that the instructor-coordinator provides any course documentation requested by the executive director.

(d) Any approved course may be monitored by the executive director.

(e) Program approval may be withdrawn by the board if the sponsoring organization fails to comply with or violates any regulation or statute that governs sponsoring organizations. (Authorized by K.S.A. 2014 Supp. 65-6110 and 65-6111; implementing K.S.A. 2014 Supp. 65-6110, 65-6111, and 65-6121; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; amended May 1, 2015.)

109-11-4. (Authorized by K.S.A. 65-6110, K.S.A. 2008 Supp. 65-6111; implementing K.S.A.

2008 Supp. 65-6111, K.S.A. 2008 Supp. 65-6129; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989; amended Aug. 16, 1993; amended Nov. 12, 1999; amended Sept. 10, 2010; revoked March 15, 2013.)

109-11-4a. Advanced emergency medical technician (AEMT) course approval. (a) AEMT initial courses of instruction pursuant to K.S.A. 65-6120, and amendments thereto, may be approved by the executive director to be conducted only by sponsoring organizations.

(b) Each sponsoring organization requesting approval to conduct AEMT initial courses of instruction shall meet the course requirements in K.A.R. 109-11-1a (b)-(e).

(c) Each approved AEMT course shall ensure, and shall establish in writing, how each student is provided with experiences, which shall include at a minimum the following:

(1) Successfully perform 20 venipunctures, of which 10 shall be for the purpose of initiating intravenous infusions;

(2) administer one nebulized breathing treatment during clinical training;

(3) successfully perform five intraosseous infusions;

(4) perform a complete patient assessment on each of 15 patients, of which at least 10 shall be accomplished during field internship training;

(5) while directly supervised by an AEMT, a paramedic, a physician, an advanced practice registered nurse, or a professional nurse, respond to 10 ambulance calls;

(6) perform 10 intramuscular or subcutaneous injection procedures;

(7) complete 10 patient charts or patient care reports, or both; and

(8) perform the application and interpretation of the electrocardiogram on eight patients during clinical training and field internship training.

(d) Any approved course may be monitored by the executive director.

(e) Each sponsoring organization shall ensure that the instructor-coordinator provides any course documentation requested by the executive director.

(f) Program approval may be withdrawn by the board if the sponsoring organization fails to comply with or violates any regulation or statute that governs sponsoring organizations. (Authorized by K.S.A. 2014 Supp. 65-6110 and 65-6111; implementing K.S.A. 2014 Supp. 65-6110 and 65-6111

and K.S.A. 65-6129a; effective March 2, 2012; amended May 1, 2015.)

109-11-5. (Authorized by K.S.A. 1998 Supp. 65-6110 and 65-6111; implementing K.S.A. 1998 Supp. 65-6111; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989; amended Nov. 12, 1999; revoked March 15, 2013.)

109-11-6. (Authorized by K.S.A. 65-6110 and K.S.A. 2008 Supp. 65-6111; implementing K.S.A. 2008 Supp. 65-6111 and K.S.A. 2008 Supp. 65-6129; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989; amended Feb. 3, 1992; amended Nov. 12, 1999; amended Nov. 13, 2000; amended Sept. 10, 2010; revoked March 15, 2013.)

109-11-6a. Paramedic course approval.

(a) Paramedic initial courses of instruction may be approved by the executive director and shall be conducted only by sponsoring organizations that are accredited postsecondary educational institutions.

(b) Each sponsoring organization requesting approval to conduct paramedic initial courses of instruction shall meet the following requirements:

(1) Meet the requirements in K.A.R. 109-11-1a (b)-(h);

(2)(A) Ensure, and establish in writing, how each student is provided with hospital clinical and field internship experiences; and

(B) provide evidence of agreement to participate in the paramedic education process as follows:

(i) Ambulance service provision of field training for students during the field internship component of the paramedic educational process; and

(ii) health facility provision of clinical training for students during the clinical component of the paramedic educational process;

(3) require that, on or before completion of the required paramedic course, each student provide confirmation of eligibility to be conferred, at a minimum, an associate degree in applied science by the postsecondary institution; and

(4)(A) Provide evidence that the sponsoring organization has completed the letter-of-review process with the committee on accreditation of educational programs for emergency medical services professions; or

(B) provide evidence of accreditation from the committee on accreditation of allied health education programs before the commencement of the third course.

(c) Each approved paramedic course shall meet the following requirements:

(1) Meet or exceed the curriculum requirements in K.A.R. 109-10-1d; and

(2) require completion of both clinical and field internship components that provide the students with experiences for integration of assessment findings to formulate a field impression and implement a comprehensive treatment or disposition plan for real patients presenting with any medical or traumatic ailment.

(d) Course approval may be withdrawn by the board if the sponsoring organization fails to comply with or violates any regulation or statute that governs sponsoring organizations. (Authorized by K.S.A. 65-6110 and 65-6111; implementing K.S.A. 65-6110, 65-6111, and 65-6129a; effective, T-109-2-7-11, Feb. 7, 2011; effective June 3, 2011; amended May 1, 2015; amended March 1, 2019.)

109-11-9. Instructor qualifications. (a) Each instructor-coordinator, sponsoring organization, and approved-program provider shall select qualified instructors as determined by training and knowledge of subject matter as follows:

(1) Each didactic instructor and each instructor for medical skills shall possess certification, registration, or licensure in the subject matter or medical skills being taught.

(2) Each instructor for nonmedical skills shall have technical training in and shall possess knowledge and expertise in the skill being taught.

(3) Each instructor of clinical training being conducted in a clinical health care facility shall be a licensed physician or a licensed professional nurse.

(4) Each instructor of field internship training being conducted with a prehospital emergency medical service shall be an attendant certified at or above the level of training being conducted.

(b) Each sponsoring organization shall maintain records of all instructors and lab assistants used to provide training. These records shall include the following:

(1) The individual's name and qualifications;

(2) the subject matter that the individual taught, assisted in teaching, or evaluated;

(3) the dates on which the individual instructed, assisted, or evaluated; and

(4) the students' evaluations of the instructors. (Authorized by and implementing K.S.A. 2016 Supp. 65-6110 and 65-6111; effective Feb. 3, 1992; amended Dec. 29, 2017.)

109-11-10. (Authorized by K.S.A. 2000 Supp. 65-6110, 65-6111; implementing K.S.A. 2000 Supp. 65-6111; effective Nov. 9, 2001; revoked May 1, 2015.)

Article 13.—TRAINING OFFICERS

109-13-1. (Authorized by K.S.A. 65-6110, as amended by L. 2011, ch. 114, sec. 81, and K.S.A. 2010 Supp. 65-6111; implementing K.S.A. 2010 Supp. 65-6129c, as amended by L. 2011, ch. 114, sec. 65; effective Jan. 31, 1994; amended Nov. 12, 1999; amended Nov. 13, 2000; amended March 9, 2012; revoked Dec. 29, 2017.)

Article 15.—CERTIFICATION

109-15-1. Reinstating attendant certificate after expiration. (a) The certificate of a person who applies for attendant certification after the person's certificate has expired may be reinstated by the board if the person meets the following requirements:

- (1) Submits a completed application to the board on forms provided by the executive director;
- (2) pays the applicable fee specified in K.A.R. 109-7-1;
- (3) provides validation of completed education requirements; and
- (4) if the applicant is either currently certified or licensed in another jurisdiction or has been certified or licensed in another jurisdiction, provides information adequate for the board to determine the applicant's current status of certification or licensure for the level of certification being sought and confirm that the applicant is in good standing with that jurisdiction.

(b) For the purposes of this regulation, the date of expiration for the certificate shall be one of the following:

- (1) The expiration date of the person's Kansas attendant certificate;
- (2) 31 calendar days after the expiration date of the person's certificate or license, if the person is currently certified or licensed in another jurisdiction; or
- (3) the most recent expiration date of the person's certificate or license in another jurisdiction, if the person is not currently certified or licensed in another jurisdiction but previously held a certificate or license in that jurisdiction.

(c) Completion of education requirements shall be validated by submission of the following:

- (1) Documentation of continuing education for the three years before the date of application

in sufficient quantity to meet or exceed the following:

(A) For applications submitted within 31 calendar days from the date of expiration, the number of clock-hours specified for renewal of a certificate in K.A.R. 109-5-1a for EMR, K.A.R. 109-5-1b for EMT, K.A.R. 109-5-1c for AEMT, or K.A.R. 109-5-1d for paramedic;

(B) for applications submitted more than 31 calendar days but less than two years from the date of expiration, two times the number of clock-hours specified for renewal of a certificate in K.A.R. 109-5-1a for EMR, K.A.R. 109-5-1b for EMT, K.A.R. 109-5-1c for AEMT, or K.A.R. 109-5-1d for paramedic;

(C) for applications submitted two or more years but less than four years from the date of expiration, three times the number of clock-hours specified for renewal of a certificate in K.A.R. 109-5-1a for EMR, K.A.R. 109-5-1b for EMT, K.A.R. 109-5-1c for AEMT, or K.A.R. 109-5-1d for paramedic;

(D) for applications submitted four or more years but less than six years from the date of expiration, four times the number of clock-hours specified for renewal of a certificate in K.A.R. 109-5-1a for EMR, K.A.R. 109-5-1b for EMT, K.A.R. 109-5-1c for AEMT, or K.A.R. 109-5-1d for paramedic;

(E) for applications submitted six or more years but less than eight years from the date of expiration, five times the number of clock-hours specified for renewal of a certificate in K.A.R. 109-5-1a for EMR, K.A.R. 109-5-1b for EMT, K.A.R. 109-5-1c for AEMT, or K.A.R. 109-5-1d for paramedic; and

(F) for applications submitted eight or more years from the date of expiration, six times the number of clock-hours specified for renewal of a certificate in K.A.R. 109-5-1a for EMR, K.A.R. 109-5-1b for EMT, K.A.R. 109-5-1c for AEMT, or K.A.R. 109-5-1d for paramedic;

(2) for applications submitted two or more years from the date of expiration, validation of cognitive and psychomotor competency by the following:

(A) Successful completion of a cognitive assessment for the level of certification being sought, within three attempts;

(B) successful completion of a psychomotor assessment for the level of certification being sought, within three attempts; and

(3) for applications submitted two or more years from the date of expiration, documentation

of successful completion of a cardiopulmonary resuscitation course for healthcare providers.

(d) Each person who applies for reinstatement of certification two or more years after the date of expiration shall take an entire initial course of instruction if the person is unable to provide validation of cognitive or psychomotor competency by one of the following, whichever occurs first:

(1) The person has exhausted the allowed attempts.

(2) One year has passed from the date of application. (Authorized by K.S.A. 2013 Supp. 65-6111; implementing K.S.A. 2013 Supp. 65-6129; effective May 15, 2009; amended Sept. 2, 2011; amended March 15, 2013; amended Jan. 2, 2015.)

109-15-2. Recognition of non-Kansas credentials. (a) Any individual who is currently licensed or certified as an attendant in another jurisdiction may apply for Kansas certification through recognition of non-Kansas credentials by submitting the following:

(1) A completed application for recognition of non-Kansas credentials on a form provided by the board;

(2) application for certification fee for the level of certification sought, as specified in K.A.R. 109-7-1;

(3) documentation from another state or jurisdiction verifying that the applicant is currently licensed or certified for the level of certification sought and is in good standing;

(4) documentation from another state or jurisdiction verifying that the applicant has successfully completed coursework that is substantially equivalent to the curriculum prescribed by the board for the level of certification sought, in accordance with subsection (b); and

(5) documentation from another state or jurisdiction verifying that the applicant has successfully completed an examination prescribed by the board for the level of certification sought, in accordance with subsection (b).

(b) Any applicant may validate successful completion of coursework in another state or jurisdiction that is substantially equivalent to the curriculum prescribed by the board for the level of certification sought by submitting one of the following:

(1) Documentation that the applicant is registered with the national registry of emergency medical technicians at the level for which certification is sought; or

(2) documentation that the applicant has successfully completed the following:

(A) The national registry of emergency medical technicians' cognitive assessment examination and the psychomotor skills examination prescribed by the national registry of emergency medical technicians or by the board; and

(B)(i) For emergency medical responder, coursework that included the United States department of transportation national highway traffic safety administration "emergency medical responder instructional guidelines," DOT HS 811 077B, dated January 2009, which is hereby adopted by reference;

(ii) for emergency medical technician, coursework that included the United States department of transportation national highway traffic safety administration "emergency medical technician instructional guidelines," DOT HS 811 077C, dated January 2009, which is hereby adopted by reference;

(iii) for advanced emergency medical technician, coursework that included the United States department of transportation national highway traffic safety administration "advanced emergency medical technician instructional guidelines," DOT HS 811 077D, dated January 2009, which is hereby adopted by reference; or

(iv) for paramedics, either coursework completed after December 31, 2008 that included the United States department of transportation national highway traffic safety administration "paramedic instructional guidelines," DOT HS 811 077E, dated January 2009, which is hereby adopted by reference, or coursework completed before January 1, 2009 that included the United States department of transportation national highway traffic safety administration "EMT-paramedic national standard curriculum," DOT HS 808 862, dated March 1999, which is hereby adopted by reference. (Authorized by K.S.A. 2012 Supp. 65-6111; implementing K.S.A. 2012 Supp. 65-6129, as amended by L. 2013, ch. 95, sec. 4; effective May 15, 2009; amended Sept. 2, 2011; amended Jan. 17, 2014.)

Article 16.—GRADUATED SANCTIONS

109-16-1. Graduated sanctions. (a) The following documents of the Kansas board of emergency medical services, dated April 10, 2013, are hereby adopted by reference:

(1) "Graduated sanctions for attendants";

(2) “graduated sanctions for I-Cs and T.O.s”; and

(3) “graduated sanctions for operators.”

(b) For purposes of applying the tables of graduated sanctions for attendants, instructor-coordinators, training officers, and operators, the following sanction levels shall apply:

(1) “Sanction level 1” means that the local action taken by the operator of the ambulance service, or its designee, is approved and accepted by the board’s investigations committee.

(2) “Sanction level 2” means the modification of a certificate or permit by the imposition of conditions.

(3) “Sanction level 3” means the limitation of a certificate or permit.

(4) “Sanction level 4” means the suspension of a certificate or permit for less than three months.

(5) “Sanction level 5” means the suspension of a certificate or permit for three months or more.

(6) “Sanction level 6” means the revocation of a certificate or permit.

(c) When the investigations committee is determining the appropriate sanction level, the following mitigating and aggravating circumstances, if applicable, shall be taken into consideration:

(1) The number of violations involved in the current situation;

(2) the degree of harm inflicted or the potential harm that could have been inflicted;

(3) any previous violations or the absence of previous violations;

(4) the degree of cooperation with the board’s investigation;

(5) evidence that the violation was a minor or technical violation, or a serious or substantive violation;

(6) evidence that the conduct was intentional, knowing, or purposeful or was inadvertent or accidental;

(7) evidence that the conduct was the result of a dishonest, selfish, or criminal motive;

(8) evidence that the attendant, instructor-coordinator, training officer, or operator refused to acknowledge or was willing to acknowledge the wrongful nature of that person’s conduct;

(9) the length of experience as an attendant, instructor-coordinator, training officer, or operator; and

(10) evidence that any personal or emotional problems contributed to the conduct. (Authorized by K.S.A. 2012 Supp. 65-6110, 65-6111, and 65-6129, as amended by L. 2013, ch. 95, sec. 4; implementing K.S.A. 2012 Supp. 65-6129, as amended by L. 2013, ch. 95, sec. 4; effective Jan. 17, 2014.)

Agency 110

Department of Commerce

Editor's Note:

Effective July 1, 2003, Executive Reorganization Order No. 30 separated the Department of Commerce and Housing into the Kansas Department of Commerce and the Kansas Department of Housing. Except with respect to the powers, duties, and functions that are transferred by this order to the Kansas Development Finance Authority or to the Division of Housing within the Kansas Development Finance Authority, the Department of Commerce established by this order shall be the successor in every way to the powers, duties and functions of the Department of Commerce and Housing in which such powers, duties and functions were vested prior to the effective date of this order.

Article 4.—INVESTMENTS IN MAJOR PROJECTS AND COMPREHENSIVE TRAINING (IMPACT) ACT

110-4-1. Definitions. As used in these regulations and for purposes of administering the IMPACT act, the following terms shall have the following meanings: (a) "Department" means department of commerce.

(b) "Existing job" means a job of an employer meeting the following criteria:

(1) Has the same or similar description, or involves performing the same or a similar function as that for a job being created by that employer; and

(2) was filled or in use within the 18 months before the date of filing an application with the secretary for funding from the IMPACT program services fund, unless the job was lost due to an act of God and the secretary finds that the IMPACT program or project will be a major factor for the Kansas basic enterprise to remain in Kansas.

(c) "Maximum funding amount" means the maximum dollar amount for which a qualified project would be eligible under the IMPACT act, assuming that sufficient funds exist to fund the maximum dollar amount permitted for all qualified projects as determined by the secretary according to K.A.R. 110-4-2(c).

(d) "MPI" means major project investment as defined in K.S.A. 74-50,103 and amendments thereto.

(e) "Project cost" for a qualified project means the total of program costs and the cost of program services as these terms are defined by K.S.A. 74-50,103 and amendments thereto.

(f) "Qualified project" means any project described in an application that has been determined by the secretary to be complete, in compliance with the funding limitations set forth in the IMPACT act, and qualified for funding from the IMPACT program services fund. (Authorized by and implementing K.S.A. 2009 Supp. 74-50,104; effective, T-110-3-27-92, March 27, 1992; effective, T-110-7-23-92, July 23, 1992; effective Sept. 8, 1992; amended Aug. 29, 1997; amended, T-110-5-31-01, May 31, 2001; amended Sept. 21, 2001; amended Jan. 28, 2011.)

110-4-2. Review standards and priorities for approval of proposed agreements; limits on program costs and on project and program size.

(a) Each proposal for an agreement concerning a SKILL project or a combined SKILL project and financial assistance through an MPI shall be submitted by an employer to the secretary. Each proposal for an agreement concerning only financial assistance through an MPI shall be submitted by an employer to the secretary. Each proposal shall be submitted as an application on a form provided by the secretary. Each proposal shall include the following, as applicable:

- (1) General information, as follows:
- (A) The project start and end dates;

- (B) the employer's legal name;
- (C) the employer's code designation according to the "North American industry classification system" (NAICS), as established by the executive office of the president, office of management and budget, dated 2007;
- (D) a description of the employer's business operation or industry;
- (E) the employer's federal taxpayer identification number;
- (F) the name and title of the employer's designated contact person;
- (G) the electronic mail address of the employer's contact person;
- (H) the employer's mailing address;
- (I) the address of the project facility;
- (J) the phone number and fax number of the contact person;
- (K) the total number of existing jobs in the state, including annual average wage;
- (L) the estimated capital investment;
- (M) the projected number of new jobs and retrained jobs, including annual average wage;
- (N) the performance percentage of the new and retrained jobs;
- (O) a description of the type of training;
- (P) a summary of the benefits package offered by a company; and
- (Q) the anticipated hiring schedule for all positions;
- (2) a description of the company's business operations, including the following:
 - (A) A company overview, including a brief company history and current information;
 - (B) a summary of the financial condition of the company; and
 - (C) a description of type of products or services;
- (3) if a company will be using a Kansas educational institution for direct services, the following information for each participating institution:
 - (A) The name of the educational institution;
 - (B) the educational institution's address;
 - (C) the name and title of the contact person;
 - (D) the phone number and fax number of the contact person;
 - (E) the electronic mail address of the contact person;
 - (F) the federal identification number;
- (4) for any proposal that includes a SKILL project, information relating to the new jobs or retrained jobs, as follows:
 - (A) A summary of the type of training or instruction to be provided to each trainee;
 - (B) the number of hours of instruction for each trainee by course area or title;
 - (C) the salaries of instructors, including the number of hours of instruction and hourly rates;
 - (D) the costs of adult basic education and job-related instruction;
 - (E) the costs of vocational and skill-assessment services and testing;
 - (F) the costs for lease of training equipment, including the costs of installation;
 - (G) the costs to the educational institution for purchase of training equipment, including the costs of installation;
 - (H) the costs of training materials and supplies;
 - (I) the costs of services with educational institutions, federal, state, or local agencies, vendors, or consultants;
 - (J) the costs of contractual or professional services;
 - (K) the training curriculum planning and development costs;
 - (L) the costs of textbooks, manuals, audiovisual materials, or other training aids;
 - (M) the travel expenses of trainers or trainees;
 - (N) the costs of temporary training facilities;
 - (O) the amount, if any, of tuition, student fees, or special charges included in the project costs;
 - (P) the total estimated project costs;
 - (Q) the amount of project costs proposed to be paid by the employer, by the educational institution, and by federal, state, or other public or private grants;
 - (R) the amount of project costs requested to be paid from the IMPACT program services fund; and
- (5) for any proposal that includes a request for financial assistance through an MPI, information relating to the financial assistance requested as follows:
 - (A) An itemization of the business costs to be paid through an MPI, and the estimates of these business costs;
 - (B) background information relating to the undertaking and an explanation of how the financial assistance provided through an MPI will contribute to the relocation of the employer in the state; and
 - (C) if the proposal includes only a request for financial assistance through an MPI, an explanation of the training or education programs to be undertaken or funded by the employer for its employees each year during the term of the agreement, with evidence demonstrating that the employer

will meet the minimum training and education requirement in K.S.A. 74-50,106(d)(1), and amendments thereto; and

(D) for all proposals, any other information deemed necessary by the secretary.

(b) Each application shall be reviewed by the secretary for completeness and compliance with the funding limitations in the IMPACT act. Additional data may be requested by the secretary to verify the accuracy and completeness of the information in an application. The review of each application shall be completed by the secretary within 30 days of the date a complete application is filed.

(c)(1) The best method of funding the qualified projects shall be determined by the secretary and the funding requirements of part or all of two or more qualified projects may be pooled to facilitate the issuance of bonds by the Kansas development finance authority. One or more qualified projects may be funded from amounts on deposit or anticipated to be on deposit in the IMPACT program services fund that are not required to be used to pay program costs for other qualified projects.

(2) The maximum funding amount for any qualified project may be funded in more than one increment as may be necessary to accommodate the needs, funding resources, and limitations of the IMPACT program. However, the sum of these increments shall not exceed the maximum funding amount for the qualified project. The determinations by the secretary as to whether a qualified project will be funded in increments and the amount of these increments shall be made on the basis of the considerations listed in subsection (d).

(d) The following factors shall be used to determine whether a qualified project should be funded and the amount of the funding. If two or more qualified projects compete for limited funds, these same factors shall be applied to determine the level of funding for each project:

(1) The per capita cost of training expenses to be funded from the IMPACT program services fund;

(2) the amount of funds used to pay project costs from sources other than funds from the IMPACT program services fund;

(3) the local economic needs and the impact of the project, including current local employment conditions, resultant new economic activity, the project schedule, leveraging of other resources, beneficial impact on the tax base and project fea-

sibility, as well as the probability that the project will accomplish the projected benefits;

(4) the quality of jobs to be created, with priority given to those full-time jobs that have a higher wage scale, higher benefit levels, a low turnover rate, an opportunity for career development or advancement, or other related factors;

(5) the extent to which the project is being coordinated with other projects of that applicant or other applicants to be funded from the IMPACT program services fund. Priority shall be given to projects that are able to share training facilities, instructors, training equipment, and other program services;

(6) the extent to which the project or components of the project do not duplicate existing training resources;

(7) the extent to which the project utilizes funds in the most efficient and effective manner to train employees. Each proposal that includes a SKILL project shall demonstrate that a reasonable effort has been made to investigate alternate training methods and has selected the most efficient and effective method of training;

(8) the extent to which funding from the IMPACT program services fund is essential to the training of the employees, the creation of the new jobs, or both;

(9) the extent to which the employer requesting assistance can continue in business at the levels necessary to retain the new jobs created for the periods indicated in its application if provided with the requested assistance;

(10) the extent to which the employer intends to continue its operations in Kansas for the periods indicated in its application;

(11) if an MPI is requested, the extent to which the project utilizes funds in the most efficient and effective manner to defray business costs;

(12) the extent to which the business costs to be defrayed and paid through an MPI are directly related to the creation of new jobs in Kansas; and

(13) the extent to which the financial assistance provided through an MPI will confer benefits on the state, the community, local educational institutions or other persons or entities in addition to the benefits it will confer on the employer. (Authorized by K.S.A. 2009 Supp. 74-50,104, 74-50,106; implementing K.S.A. 2009 Supp. 74-50,104, 74-50,105, 74-50,106; effective, T-110-3-27-92, March 27, 1992; effective, T-110-7-23-92, July 23, 1992; effective Sept. 8, 1992; amended Aug. 29, 1997; amended Jan. 28, 2011.)

110-4-3. Limit on maximum funding amount. The limitation on program costs specified in K.S.A. 74-50,104(b), and amendments thereto, of the IMPACT act shall limit only the maximum funding amount for each qualified project and shall not limit the amount of project costs that are to be paid from sources other than the IMPACT program services fund. (Authorized by K.S.A. 2009 Supp. 74-50,104; implementing K.S.A. 2009 Supp. 74-50,104, 74-50,105; effective, T-110-3-27-92, March 27, 1992; effective, T-110-7-23-92, July 23, 1992; effective Sept. 8, 1992; amended Aug. 29, 1997; amended Jan. 28, 2011.)

110-4-4. Enforcement of agreements by the secretary. Each agreement, as defined by K.S.A. 74-50,103 and amendments thereto, shall be enforced by the secretary. In order to facilitate enforcement by the secretary, each agreement shall include the department as a party to the agreement with enforcement rights. (Authorized by K.S.A. 2009 Supp. 74-50,104; implementing K.S.A. 2009 Supp. 74-50,104, 74-50,105; effective, T-110-3-27-92, March 27, 1992; effective, T-110-7-23-92, July 23, 1992; effective Sept. 8, 1992; amended Aug. 29, 1997; amended Jan. 28, 2011.)

110-4-5. Compliance with K.S.A. 74-50,106(d), and amendments thereto. (a) Each employer receiving financial assistance through an MPI shall comply with K.S.A. 74-50,106(d) and amendments thereto. For purposes of complying with K.S.A. 74-50,106(d)(1) and amendments thereto, the employer shall make an investment in training and education of the employer's employees in each of the employer's fiscal years during the term of the agreement.

(b) Training and education expenditures that qualify for compliance with K.S.A. 74-50,106(d)(1), and amendments thereto, shall include those expenditures made for all necessary and incidental costs of providing the following:

- (1) New jobs training, including training development costs;
- (2) adult basic education and job-related instruction;
- (3) vocational and skill-assessment services and testing;
- (4) training materials and supplies;
- (5) subcontracted services with educational institutions, private colleges or universities, or federal, state, or local agencies;
- (6) contractual or professional services; and

(7) wages paid to persons receiving education or training, but only for the periods during which the person is receiving classroom training. (Authorized by and implementing K.S.A. 2009 Supp. 74-50,104 and 74-50,106; effective Aug. 29, 1997; amended Jan. 28, 2011.)

Article 6.—HIGH PERFORMANCE INCENTIVE PROGRAM

110-6-1. (Authorized by and implementing K.S.A. 1999 Supp. 74-50,131, as amended by L. 2000, ch. 157, sec. 8; effective, T-110-8-17-93, Aug. 17, 1993; effective Nov. 15, 1993; amended, T-110-4-25-00, April 25, 2000; amended Feb. 23, 2001; revoked Sept. 13, 2013.)

110-6-1a. (Authorized by K.S.A. 1999 Supp. 74-50,115, as amended by L. 2000, ch. 157, sec. 6 and K.S.A. 74-50,131, as amended by L. 2000, ch. 157, sec. 8; implementing K.S.A. 1999 Supp. 74-50,115, as amended by L. 2000, ch. 157, sec. 6, K.S.A. 74-50,131, as amended by L. 2000, ch. 157, sec. 8, and K.S.A. 1999 Supp. 74-50,132; effective, T-110-4-25-00, April 25, 2000; effective Feb. 23, 2001; revoked Sept. 13, 2013.)

110-6-2. (Authorized by and implementing K.S.A. 1999 Supp. 74-30,131, as amended by L. 2000, ch. 157, sec. 8; effective, T-110-8-17-93, Aug. 17, 1993; effective Nov. 15, 1993; amended, T-110-4-25-00, April 25, 2000; amended Feb. 23, 2001; revoked Sept. 13, 2013.)

110-6-3. (Authorized by K.S.A. 1999 Supp. 74-50,131, as amended by L. 2000, ch. 157, sec. 8; implementing K.S.A. 1999 Supp. 74-50,131, as amended by L. 2000, ch. 157, sec. 8 and K.S.A. 1999 Supp. 74-50,132; effective, T-110-8-17-93, Aug. 17, 1993; effective Nov. 15, 1993; amended, T-110-4-25-00, April 25, 2000; amended Feb. 23, 2001; revoked Sept. 13, 2013.)

110-6-4. (Authorized by K.S.A. 1999 Supp. 74-50,131, as amended by L. 2000, ch. 157, sec. 8; implementing K.S.A. 1999 Supp. 74-50,131, as amended by L. 2000, ch. 157, sec. 8 and K.S.A. 1999 Supp. 74-50,133; effective, T-110-8-17-93, Aug. 17, 1993; effective Nov. 15, 1993; amended, T-110-4-25-00, April 25, 2000; amended Feb. 23, 2001; revoked Sept. 13, 2013.)

110-6-5. (Authorized by and implementing K.S.A. 1999 Supp. 74-50,131, as amended by L. 2000, ch. 157, sec. 8; effective, T-110-8-17-93,

Aug. 17, 1993; effective Nov. 15, 1993; amended, T-110-4-25-00, April 25, 2000; amended Feb. 23, 2001; revoked Sept. 13, 2013.)

110-6-6. (Authorized by and implementing 1993 SB 73, section 1 (b); effective, T-110-8-17-93, Aug. 17, 1993; effective Nov. 15, 1993; revoked Sept. 13, 2013.)

110-6-7. (Authorized by and implementing L. 1993, Chap. 172, Sec. 1; effective Nov. 15, 1993; revoked Sept. 13, 2013.)

110-6-8. Definitions. As used in this article and for purposes of administering HPIP, the following terms shall have the following meanings:

(a) “Alternative wage standard” means one and one-half times the state average wage and is updated annually on the department’s web site, based on data maintained by the Kansas secretary of labor. An alternative wage standard may be used only after subtracting all employees with five percent equity in the business from all internal wage calculations, as provided by K.S.A. 74-50,131(e) and amendments thereto.

(b) “Applicant” means a legal entity seeking to certify a qualified firm through the HPIP application process.

(c) “Average internal wage” means the wage computed for the employees attached to a worksite and shall be calculated by one of the following methods:

(1) Dividing the average headcount of part-time plus full-time employees at the worksite as reported on the “quarterly wage report and unemployment tax return” or “multiple worksite report” for the measurement period into total payroll costs that have been paid over the same measurement period; or

(2) dividing the number of FTE employees into total payroll costs that have been paid over the same measurement period.

(d) “Back-office operation” means a wholly owned company worksite location that meets all of the following criteria:

(1) The main activities are functions that support the core focus of the business.

(2) Support activities are performed for other company-owned worksites in which the company has more than 50 percent equity.

(3) The worksite could have been geographically located anywhere.

(e) “Certificate of intent to invest” means a project description form.

(f) “Certification period” means the interval during which a worksite is eligible to receive HPIP benefits according to K.A.R. 110-6-11.

(g) “Combined worksite” means two or more worksites referenced on the same application according to K.A.R. 110-6-11.

(h) “Commence investment” means to make a formal commitment and to invest, with both actions being directly connected to the project description form previously submitted to the department.

(i) “Commercial customer” means an organized entity that engages in the manufacture or sale of products or the provision of services to other entities or individuals.

(j) “Core focus” means an activity that is designated by the NAICS code number assigned to a company and produces more than 50 percent of a company’s revenue.

(k) “Department” means Kansas department of commerce.

(l) “Formal commitment to invest,” for a company, means one or both of the following:

(1) The company relocates assets that it already owns to Kansas from an out-of-state location.

(2) The company enters into a written agreement that provides either party with legally enforceable remedies if the agreement is breached.

(m) “Fully operational,” when used to describe a new worksite, means that the worksite is performing substantially all major core focus functions.

(n) “Full-time-equivalent employees” and “FTE employees,” for purposes of calculating internal average wage during a measurement period, shall include leased employees and shall be computed by the following method:

(1) The number of hours worked by any permanent employees who normally work fewer than 40 hours per week shall be totaled and then divided by 2,080 hours, dropping any fractions.

(2) The result of paragraph (n)(1) then shall be added to the average number of employees who normally worked 40 or more hours per week during the measurement period.

(o) “Government customer,” as used in the act, means an organization that is not a related taxpayer, as defined by K.S.A. 79-32,154(h) and amendments thereto, and meets one of the following conditions:

(1) Is classified in major NAICS code sections 922 through 928; or

(2) is a customer that is funded primarily with tax dollars and is not classified as a for-profit or a not-for-profit organization.

(p) “Gross revenues,” as used in K.S.A. 74-50,131 and amendments thereto, means that term as commonly used in financial and accounting applications under generally accepted accounting principles (G.A.A.P) in the United States.

(q) “Headquarters,” as used in K.S.A. 74-50,131 (g)(6) and amendments thereto, means a worksite that meets all of the following conditions:

(1) The main activity at the worksite is providing direction, management, or administrative support for the operation of multiple company-owned worksites in which the applicant company has an ownership interest greater than 50 percent.

(2) The worksite is capable of being geographically located anywhere.

(r) “High-performance incentive program” and “HPIP” mean the department’s incentive program that may provide tax benefits to a worksite pursuant to K.S.A. 74-50,131 and amendments thereto.

(s)(1) “HPIP source-of-revenue requirement” means the requirement for the types of businesses listed in K.S.A. 74-50,131(b), and amendments thereto, that more than 50 percent of total revenue at the worksite shall be generated from sales to any of the following:

(A) Kansas manufacturers assigned to major NAICS categories 311 through 339;

(B) out-of-state government customers;

(C) out-of-state commercial customers; or

(D) any combination of paragraphs (s)(1)(A) through (C).

(2) Revenues that shall be specifically excluded as eligible revenues under the HPIP source-of-revenue requirement are the following:

(A) Revenues generated as payment for medical services from Medicare, Medicaid, or any related administrative organizations; and

(B) revenues generated from medical services or products delivered to or used by individual patients, regardless of the source of payment.

(t) “KIT” means Kansas industrial training, as defined in K.S.A. 74-5065(a) and amendments thereto.

(u) “KIR” means Kansas industrial retraining, as defined in K.S.A. 74-5065(b) and amendments thereto.

(v) “Leased employees” shall include employees who meet the following criteria:

(1) Are engaged at the worksite pursuant to an agreement with a third party;

(2) are filling positions that are one year or longer in duration; and

(3) receive wages and benefits that are paid either directly or indirectly by the worksite where the leased employees are engaged.

(w) “Main activity” means an activity that utilizes more than 50 percent of the total square feet at a worksite or more than 50 percent of the total number of employees at a worksite.

(x) “Measurement period” and “MP” mean the four consecutive calendar quarters that a company shall use to meet and document satisfaction of the HPIP eligibility requirements.

(1) For a worksite expansion with an existing workforce, the MP shall be the four calendar quarters that immediately precede the selected certification period.

(2) For a new worksite with a new workforce, the MP shall be the first full four consecutive calendar quarters of operation at the new worksite.

(y) “Multinational corporation” and “multinational firm” mean a legal entity with at least one permanent worksite in the United States and one or more additional permanent worksites established in one or more other countries, with attendant personnel and owned or leased facilities, equipment, and infrastructure.

(z) “NAICS designation” means a six-digit designation in the North American industry classification system that identifies the main activities performed at a worksite. The NAICS designation is initially assigned to a worksite by the Kansas department of labor. At the request of the applicant, the Kansas department of labor’s NAICS designation may be reviewed and adjusted by the secretary, if deemed appropriate, based upon the actual activity at the worksite.

(aa) “National corporation” and “national firm” mean a legal entity that has operations covering a broad geographical area within the U.S., with multiple permanent worksites wholly owned or affiliated with other legal entities, with attendant personnel and owned or leased facilities, equipment, and infrastructure.

(bb) “Nonmanufacturing business” means any commercial enterprise other than a manufacturing business assigned to major NAICS categories 311 through 339.

(cc) “On-the-job training” and “OJT” mean training situations during which a product or service that can be sold or used in internal operations is generated.

(dd) “Project description form” and “PD form” mean a form required as the first step to be able to access HPIP benefits. This form provides proof of

foreknowledge of the HPIP program and shall be completed, signed, and submitted to the department before any formal commitment to invest.

(ee) “Qualified business facility investment” has the meaning specified in K.S.A. 79-32,154, and amendments thereto.

(ff) “Related taxpayer” has the meaning specified in K.S.A. 79-32,154, and amendments thereto.

(gg) “Sales to Kansas manufacturers,” as used in the act, means sales to organizations that are not related taxpayers, in which the purchased goods or services are paid for by the purchasing organization or its designated agent and the purchased goods or services are delivered within Kansas to a worksite assigned to major NAICS categories 311 through 339 by the Kansas department of labor. Sales orders and payments may originate from either inside or outside Kansas.

(hh) “Secretary” means secretary of commerce.

(ii) “Total payroll cost” means the payroll amount defined by the Kansas department of labor as “total wages” on line 12 of the “quarterly wage report and unemployment tax return” or the “multiple worksite report.” For a worksite, total payroll cost during the appropriate measurement period may be combined with any pretax earnings in which an employee has elected to direct to one of the following:

(1) A flexible-spending plan;

(2) a deferred compensation plan; or

(3) a retirement plan that includes earnings the employee would otherwise have received in the form of taxable wages had it not been for the voluntary deferral.

This term shall not include company-paid costs for health insurance, dental insurance, and any other employee benefits that are not reported to the Kansas department of labor on the employer’s quarterly wage report or the multiple worksite report.

(jj) “Training and education eligible expense” means the amount actually paid for training and education of the group of employees, or portion thereof, that is used to determine the average wage at the worksite location, and from which the worksite expects to derive increased productivity or quality. The determination of expenditures that constitute training and education eligible expenses shall include the following:

(1) Eligible training and education expenditures shall include instructor salaries, curriculum planning and development, travel, materials and supplies, textbooks, manuals, minor training

equipment, certain training facility costs, and any other expenditure that is eligible under KIT or KIR.

(2) The following other expenditures shall be allowable but shall be subject to maximum caps:

(A) Wages of employees during eligible training, up to a maximum of 400 percent of the applicable HPIP alternative wage standard hourly wage;

(B) employee instructors’ salaries, subject to a maximum of 400 percent of the applicable HPIP alternative wage standard hourly wage; and

(C) training-related travel expenses, with a maximum meals allowance of \$120 per day and lodging costs of \$300 per night.

(3) Expenditures for the following shall be excluded as training and education eligible expenses:

(A) Compensation paid to an employee trainee who is receiving on-the-job training;

(B) compensation paid to an employee during self-training, except for time in which the employee is involved in activities related to an approved computerized course of study;

(C) bonus pay received as compensation related to the company’s financial performance or the employee’s job performance, or both;

(D) overtime pay, unless the employee is being paid at an overtime rate while participating in eligible training;

(E) operations manuals and reference manuals. However, training-specific manuals shall be allowable; and

(F) training and education costs covered by monies or grants obtained from state, federal, or other government-sponsored workforce training programs.

(kk) “Wage standard” means the average wage information developed for the department for the appropriate NAICS designation using all worksites located within a geographical area as defined by the secretary that are required to provide the Kansas department of labor with a “quarterly wage report and unemployment tax return” or a “multiple worksite report.”

(ll) “Worksite” has the same meaning as that specified for “qualified business facility” in K.S.A. 79-32,154, and amendments thereto. (Authorized by and implementing K.S.A. 2012 Supp. 74-50,131; effective Sept. 13, 2013.)

110-6-9. Application. (a) After the measurement period for a worksite has been established, the applicant may submit an application to the department for certification of the worksite,

on a form prescribed by the secretary, together with all supplemental forms and documentation necessary to demonstrate satisfaction of the program requirements. Sufficiency of all submitted documentation shall be determined by the secretary, who may request additional information. A worksite shall not be certified until all program requirements are satisfied.

(b) Certification of the worksite in which the applicant is planning to make a qualified business facility investment, as defined by K.S.A. 79-32,154(e) and amendments thereto, shall be contingent on documentation submitted by the applicant to the department that the worksite has met all statutory criteria during the measurement period, except as specified in K.A.R. 110-6-12(b). However, a determination may be made by the secretary that it is in the best economic interests of the state to allow initial certification or recertification based on a promise of future performance, rather than historical accomplishments, if certification is deemed justified by the magnitude of potential job creation and investment and by other considerations deemed appropriate by the secretary. (Authorized by and implementing K.S.A. 2012 Supp. 74-50,131; effective Sept. 13, 2013.)

110-6-10. Certification of a worksite.

Each applicant shall meet the following requirements:

(a) (1) The NAICS designation assigned to the worksite shall be under an appropriate NAICS designation, as specified in K.S.A. 74-50,131 and amendments thereto;

(2) the worksite, regardless of its NAICS designation, shall be determined by the secretary to be a headquarters or back-office operation of a national firm or multinational firm pursuant to this article; or

(3) the worksite, regardless of its NAICS designation, had been certified as a headquarters or back-office operation of a national firm or multinational firm by the secretary before the effective date of this regulation. The worksite shall retain its certification as a headquarters or back-office operation of a national firm or multinational firm unless the worksite would no longer qualify using the criteria in effect for the original worksite certification.

(b) Before any formal commitment to invest, the applicant shall demonstrate knowledge of the HPIP program by submitting a certificate of intent to invest, on the PD form prescribed by the

secretary. The worksite information provided on the PD form shall include the following:

- (1) Estimated investment amounts;
- (2) a projected starting date;
- (3) information regarding current and anticipated net new job creation and retention with associated payroll levels;
- (4) revenue and sales projections; and
- (5) any other relevant information if requested by the secretary.

(c) Certification of a worksite for the sole purpose of utilizing an HPIP tax credit that has been carried forward shall not require the submission of an additional project description form and may be applied for with a sworn statement using a form prescribed by the department.

(d) If the main activity at a worksite is not related to the headquarters or back-office operation but all other program requirements are satisfied, the applicant may seek certification only for that portion of the worksite's area that houses the headquarters or back-office operation of that worksite if the company's accounting system has the capability to allow a segment of the worksite to independently track the various elements that support satisfaction of HPIP requirements.

HPIP benefits shall be calculated by determining the portion of a qualified business facility investment used solely for that portion of the worksite housing the headquarters or back-office operation.

(e) After meeting all HPIP requirements, the worksite shall be certified by the secretary to the department of revenue. Before a worksite may be certified, all records used to support HPIP certification shall be subject to verification by the department. (Authorized by and implementing K.S.A. 2012 Supp. 74-50,131; effective Sept. 13, 2013.)

110-6-11. Certification period (CP).

(a) After establishing the measurement period at the worksite, the applicant shall establish a certification period as follows:

(1) For a worksite that has been fully operational for at least four calendar quarters, a 12-month certification period shall begin, at the option of the applicant, on any date during the calendar quarter following the end of the MP.

(2) For a new worksite with a new workforce, the certification period shall begin at the onset of the eligible qualified capital investment to establish this worksite and shall continue for 12 months

after the end of the MP. There may be two exceptions as follows:

(A) If, at the commencement of full operations, the new worksite is staffed with a workforce comprised of at least 85 percent of employees who have been relocated from other Kansas worksites of the company and if compliance with all other HPIP requirements is documented to the satisfaction of the secretary for the four calendar quarters immediately preceding the start of full operations, the applicant shall have the option to use the four calendar quarters before the start of full operations at the new location as its measurement period with a certification period starting at the onset of qualified capital investment to establish this new worksite. The certification period shall continue through the first four quarters of operations.

(B) A firm that is relocating from outside of Kansas shall have the option to use the four previous quarters before the start of full operations at the new worksite as its measurement period with a certification period starting at the onset of eligible capital investment to establish this new worksite and shall continue through the first four quarters of operations, if all of the following conditions are met:

(i) The new worksite is not subject to the HPIP source-of-revenue requirement and is using participation in KIT or KIR to satisfy the HPIP training requirement.

(ii) At the commencement of full operations, the new worksite is staffed with a workforce comprised of at least 85 percent of employees who have been relocated from non-Kansas facilities of the firm or from a combination of Kansas and non-Kansas facilities.

(iii) Wage costs for those relocated employees are documented to the satisfaction of the secretary for the four calendar quarters immediately preceding the start of full operations.

(b) If a company chooses to combine worksites for HPIP certification, then each worksite shall establish as its measurement period four combined calendar quarters of operations that do not overlap any other measurement period for any participating worksites. Certification shall begin on any date of the applicant's choosing during the quarter that follows the end of the measurement period and shall extend for a 12-month period.

(c) If worksites are combined in a single application to receive aggregate HPIP certification, then the applicable set of requirements shall consist of the most restrictive requirement for any of the

individual worksites that are participating in the combined application, according to the following requirements:

(1) If any individual participating worksite is subject to the HPIP source-of-revenue requirement, then the combined worksite application as a whole shall be subject to the HPIP source-of-revenue requirement.

(2) If participating worksites come from more than one HPIP wage region, then the highest wage threshold from those wage regions shall apply for the participating worksites.

(3) If a headquarters or back-office operation is not required to satisfy the HPIP source-of-revenue requirement while another worksite is so required, then each participating worksite shall be required to satisfy this requirement.

(4) If worksites in the same wage area fall into different size categories, the most restrictive wage standard shall apply to each of the combined worksites.

(5) If each of the combined worksites has 500 or fewer employees but in aggregate the number of employees is greater than 500, then the higher wage threshold shall apply.

(d) Certification of a worksite for the sole purpose of obtaining training and education tax credits or a sales tax exemption certificate shall be allowed if both of the following conditions are met:

(1) All other program requirements are satisfied.

(2) The applicant demonstrates prior knowledge of the program by submitting the project description form. This form shall be received by the department before the start of the certification period. (Authorized by and implementing K.S.A. 2012 Supp. 74-50,115 and K.S.A. 2012 Supp. 74-50,131; effective Sept. 13, 2013.)

110-6-12. Training and education requirement. After a worksite has met the requirements of K.A.R. 110-6-10, that worksite shall meet the requirements of subsection (a) or (b) before the applicant obtains certification of the worksite:

(a) The applicant shall participate in a KIT or KIR workforce training project at the worksite to enhance employee skills. If this method is to be utilized in satisfaction of the HPIP training and education requirement, the timing of the project shall be one of the following:

(1) If a KIT or KIR project terminates during the applicant's chosen measurement period, at least three months of the training project shall have occurred during the measurement period.

(2) A KIT or KIR project of at least three months in duration commences any time during the applicant's chosen measurement period or during the following calendar quarter but shall not commence after the start of the certification period except as provided by K.A.R. 110-6-11(a)(2).

(b) The applicant shall make a cash investment of at least two percent of its total payroll costs at the worksite in eligible training and education expenses during the measurement period, except that costs incurred to train employees needed to staff a start-up worksite, before operations begin at the worksite, shall be counted as part of training costs during the first four quarters of operations for those employees who have been hired into permanent positions before the start of operations. Prepayment for training may be counted in a measurement period apportioned according to the extent that the related training has been completed during the measurement period. (Authorized by and implementing K.S.A. 2012 Supp. 74-50,131; effective Sept. 13, 2013.)

Article 12.—AGRITOURISM PROMOTION ACT

110-12-1. (Authorized by K.S.A. 2004 Supp. 74-50,173 and K.S.A. 2004 Supp. 74-5002r; implementing K.S.A. 2004 Supp. 74-50,165, 74-50,166, 74-50,167, 74-50,168, 74-50,169, 74-50,170, 74-50,171 and 74-50,172, and 74-50,173; effective April 8, 2005; revoked July 26, 2013.)

110-12-2. (Authorized by K.S.A. 2004 Supp. 74-50,173 and K.S.A. 2004 Supp. 74-5002r; implementing K.S.A. 2004 Supp. 74-50,168; effective April 8, 2005; revoked July 26, 2013.)

110-12-3. (Authorized by and implementing K.S.A. 2004 Supp. 74-50,173; effective April 8, 2005; revoked July 26, 2013.)

110-12-4. (Authorized by and implementing K.S.A. 2004 Supp. 74-50,173; effective April 8, 2005; revoked July 26, 2013.)

110-12-5. (Authorized by K.S.A. 2004 Supp. 74-50,173 and K.S.A. 2004 Supp. 74-5002r; implementing K.S.A. 2004 Supp. 74-50,168; effective April 8, 2005; revoked July 26, 2013.)

110-12-6. (Authorized by K.S.A. 2004 Supp. 74-50,173 and K.S.A. 2004 Supp. 74-5002r; implementing K.S.A. 2004 Supp. 74-50,169; effective April 8, 2005; revoked July 26, 2013.)

Article 21.—PROMOTING EMPLOYMENT ACROSS KANSAS (PEAK) PROGRAM

110-21-1. Definitions. For the purposes of these regulations and the act, the following terms and definitions shall apply:

(a) "Adequate health insurance coverage" means health insurance that is offered by a company to all full-time employees within the first 180 days of their employment and provides for the following:

(1) At least 50 percent of the premium paid by the employer;

(2) coverage of basic hospital care and procedures;

(3) coverage of physician care;

(4) coverage for mental health care;

(5) coverage for substance abuse treatment;

(6) coverage for prescription drugs; and

(7) coverage for prenatal and postnatal care.

(b) "Administrative or back office" means a business facility that meets the following requirements:

(1) Is operated by a company;

(2) provides ancillary support services to the company, but is not directly engaged in the company's primary function;

(3) generates only de minimis outside revenue at the facility; and

(4) is capable of being located anywhere geographically.

(c) "Agreement" means an agreement entered into between the secretary and a qualified company as authorized by the act.

(d) "Agreement date" means the date the department of commerce receives a company's application.

(e) "Applicant" means a company that has submitted an application to the secretary for determination of eligibility under the act.

(f) "Base employment level" means the average number of full-time employees in addition to any part-time employees calculated as full-time equivalent positions working 2,080 hours annually that existed in Kansas in the 12 months before the agreement date.

(g) "Benefit period" means the period of time during which a qualified company shall be authorized to retain withholding taxes for PEAK-eligible jobs.

(h) "Business facility" means each physical location in Kansas where any located, relocated, or expanded functions will be performed.

(i) “Effective date” means the date the benefit period commences. The effective date shall meet the following requirements:

(1) Be established by the qualified company in writing;

(2) be within one year of the date of the agreement; and

(3) begin on the first day of a calendar quarter.

(j) “Full-time employment” means an average of at least 35 hours per week for 52 consecutive weeks.

(k) “Functions” means the activities of a business facility, office, department, or other operation, including a unit or production line.

(l) “Headquarters” means the location of a business facility that meets the following requirements:

(1) Physically houses principal officers of the business;

(2) is where primary direction, management, and administrative support for company operations are provided;

(3) serves multiple company work sites internationally, nationally, or regionally within the United States;

(4) generates only de minimis outside revenue; and

(5) is capable of being located anywhere geographically.

(m) “Located or relocated functions” means functions that are being initially located or relocated to Kansas.

(n) “PEAK” means promoting employment across Kansas.

(o) “PEAK benefits” means the payroll withholding taxes authorized to be retained by a qualified company.

(p) “PEAK-eligible jobs” means PEAK jobs that are being paid at least the county median wage for the county in which the business facility is located and for which PEAK benefits are received.

(q) “PEAK job” means an employee-occupied job performing a located, relocated, or expanded function. PEAK jobs are used to satisfy program eligibility requirements including minimum jobs and wage standard comparison.

(r) “PEAK jobs’ median wage” means the middle wage of the total number of wages that divides the PEAK jobs into two equal groups, half having wages above the median wage and half having wages below the median wage. This term is used to determine initial eligibility for benefits, continued eligibility, and extended benefit periods.

(s) “Wages” has the meaning specified in K.S.A. 79-3295 and amendments thereto. (Authorized by K.S.A. 2010 Supp. 74-5002r and K.S.A. 2010 Supp. 74-50,213; implementing K.S.A. 2010 Supp. 74-50,211; effective April 29, 2011.)

110-21-2. Eligibility and application requirements. (a) Companies shall submit applications and any supporting documentation to the secretary to determine eligibility for benefits. In addition to meeting the requirements in the act, each applicant shall meet the following requirements:

(1) The application shall be submitted before any position for which PEAK benefits are requested may be filled.

(2) The PEAK jobs’ median wage shall meet or exceed the annual county median wage as reported by the department of labor in its annual report for the previous year for the county in which the business facility is located on the date the department receives the application.

(3) The company shall locate, relocate, or expand the minimum number of required jobs within two years from the agreement date.

(4) If an applicant applies as a headquarters, the business facility shall meet the definition of a headquarters.

(5) If applicant is applying as an administrative or back office, the business facility shall meet the definition of an administrative or back office.

(b) The application shall include the following:

(1) The applicant’s legal name and address;

(2) The applicant’s North American industry classification system (NAICS) category;

(3) the federal employer identification number (FEIN);

(4) the physical address, contact information, NAICS category, and FEIN for all related entities, including the following:

(A) The corporate headquarters;

(B) the parent company;

(C) the business facility; and

(D) any existing Kansas work sites;

(5) the type of ownership structure for the business facility;

(6) a description of the function to be located, relocated, or expanded, including evidence of relocation satisfactory to the secretary;

(7) a description of the company’s products or services and its customers;

(8) the hire or start date in Kansas for PEAK jobs;

(9) the identification of any third-party legal employer;

(10) the projected total number of PEAK jobs, including how many of those jobs are PEAK eligible jobs;

(11) the projected hiring schedule of PEAK jobs over five years;

(12) the median wage of the PEAK jobs;

(13) the total project capital investment, including leases;

(14) the base employment level if relocating to or expanding at an existing Kansas company or work site;

(15) the job title, description, number of positions, Kansas start or hire date, wages per hour, number of hours worked per week, and total annual wages for PEAK jobs;

(16) if applicable, information regarding whether the applicant is performing either of the following:

(A) Locating, relocating, or expanding a company's headquarters; or

(B) locating, relocating, or expanding an administrative or back office;

(17) certification that the applicant is "for-profit" unless applying as a headquarters or an administrative or back office;

(18) certification that the applicant will provide adequate health insurance coverage;

(19) certification that the applicant is not under the protection of the federal bankruptcy code;

(20) certification that the applicant is not delinquent on any federal, state, or local taxes;

(21) if applicable, payroll service company information as requested;

(22) an ownership disclosure and signature statement;

(23) the written authorization to inspect company records for verification of employment and wages;

(24) the certification by a company officer that the information provided in the application is true and accurate; and

(25) any other relevant information that the secretary deems necessary.

(c) If the application is approved by the secretary, the qualified company shall enter into an agreement with the secretary before receiving benefits. (Authorized by K.S.A. 2010 Supp. 74-5002r and K.S.A. 2010 Supp. 74-50,213; implementing K.S.A. 2010 Supp. 74-50,213; effective April 29, 2011.)

110-21-3. Reconsideration of application.

(a) If an application is not approved, the reasons for the denial shall be provided to the applicant by the secretary. The applicant may ask the secretary for reconsideration of the decision within 30 days of the date of denial of the application.

(b) Decisions on reconsideration shall be the final agency action and subject to review under the Kansas judicial review act, K.S.A. 77-601 et seq. and amendments thereto. (Authorized by K.S.A. 2010 Supp. 74-5002r and K.S.A. 2010 Supp. 74-50,213; implementing K.S.A. 2010 Supp. 74-50,213; effective April 29, 2011.)

110-21-4. Agreement.

(a) If an applicant meets the eligibility requirements and is approved by the secretary, the applicant shall be considered to be a qualified company. An agreement may be entered into by the secretary as to the terms and conditions by which the qualified company may receive benefits.

(b) The agreement shall be on a form prescribed by the department and, in addition to the requirements of the act, shall include the following:

(1) A description of the project;

(2) the length of the benefit period;

(3) the number of PEAK jobs, including projected PEAK jobs' median wage;

(4) the quarterly and annual reporting requirements;

(5) the agreement date;

(6) the county median wage for the business facility on the date the application is received by the department;

(7) an acknowledgement that the qualified company is ineligible to participate in other economic programs as listed in the act;

(8) the terms of default and conditions of repayment;

(9) a condition that the qualified company has one year from the agreement date to establish in writing an effective date;

(10) a condition that the qualified company shall satisfy program eligibility requirements and pay an average annual PEAK jobs' median wage greater than the county median wage in order to remain eligible for program benefits;

(11) a condition that the qualified company has two years from the agreement date to fill the minimum number of PEAK jobs necessary for program eligibility;

(12) a condition that the benefit period may be extended if the qualified company pays an average

annual PEAK jobs' median wage of at least 110 percent as compared to the county median wage on the agreement date for each year that the company is in the program; and

(13) an acknowledgement that the qualified company receiving high-impact benefits that fails to create 100 or more jobs within two years of the agreement date shall have its benefit period reduced accordingly. (Authorized by K.S.A. 2010 Supp. 74-5002r and K.S.A. 2010 Supp. 74-50,213; implementing K.S.A. 2010 Supp. 74-50,213; effective April 29, 2011.)

110-21-5. Reporting requirements. (a) Each qualified company shall file quarterly and annual reports for the term of the agreement. The quarterly reports shall be due within 30 days from the end of each calendar quarter following the effective date. One year after the effective date, the qualified company shall provide an annual report summarizing the quarterly report data. The annual report shall be due within 30 days of each subsequent effective date.

(b) Each quarterly report and each annual report shall include the following:

- (1) The company name, address, and federal employer identification number;
- (2) the PEAK agreement number;
- (3) the effective date;
- (4) the reporting period; and
- (5) the PEAK jobs' median wage for the period.

(c) Each quarterly report shall include the following for each employee:

- (1) The job title;
- (2) the employee's name;
- (3) the last four digits of the social security number or position number;
- (4) the date hired in Kansas and, if applicable, the date terminated;
- (5) the wages paid per hour;
- (6) the number of hours worked per week; and
- (7) the total wages for the quarter.

(d) Each quarterly report shall include the following for all PEAK jobs:

(1) The individual amount of payroll withholding tax retained and the amount remitted to the department of revenue for each PEAK job;

(2) the total amount of payroll withholding tax retained and remitted to department of revenue for all PEAK jobs during the period; and

(3) any other relevant information as deemed necessary by the secretary, including the following:

(A) A copy of the qualified company's Kansas department of labor quarterly wage report and unemployment return, form K-CNS 100, for the period; and

(B) a copy of the qualified company's department of revenue monthly Kansas withholding tax deposit reports, form KW-5, for the period.

(e) Each annual report shall include the following:

(1) Total wages of PEAK jobs and PEAK-eligible jobs;

(2) the annual average number of PEAK jobs and how many of those jobs are PEAK-eligible jobs;

(3) the total payroll withholding taxes remitted to the department of revenue for the PEAK jobs and a separate total of five percent remitted for PEAK-eligible jobs;

(4) the total PEAK benefits for PEAK-eligible jobs for the period;

(5) the total capital investment for the period;

(6) the qualified company's certification that it continues to meet program eligibility requirements, including supplying requested documentation; and

(7) a copy of the company's department of revenue annual withholding tax deposit report, KW-3 form, as filed during the period. (Authorized by K.S.A. 2010 Supp. 74-5002r and K.S.A. 2010 Supp. 74-50,213; implementing K.S.A. 2010 Supp. 74-50,213; effective April 29, 2011.)

Article 22.—STUDENT LOAN REPAYMENT PROGRAM

110-22-1. Definitions. As used in these regulations and for purposes of administering the act, the following terms shall have the meanings specified in this regulation: (a) "Act" means the rural opportunity zone act, L. 2011, ch. 22 and amendments thereto.

(b) "County" means a county listed as a "rural opportunity zone" in L. 2011, ch. 22, sec. 1(b), and amendments thereto.

(c) "Department" means the Kansas department of commerce.

(d) "Domicile" means the physical location where an individual intends to permanently reside. The following factors may be considered in determining whether or not an individual meets the eligibility requirements of the act, although none of these factors by itself shall be a determinant of domicile:

(1) Acceptance or an offer of permanent employment;

(2) admission to a licensed practicing profession in Kansas;

(3) registration of a vehicle in a county designated by the act;

(4) the location at which the individual votes or is registered to vote;

(5) a Kansas driver's license; and

(6) lease of living quarters or ownership of a home in a county designated by the act.

(e) "Eligible participant" means an individual who has met all eligibility requirements of the act.

(f) "Participating county" means a county, as defined in this regulation, that has enacted a resolution to participate in the student loan repayment program as specified in L. 2011, ch. 22, sec. 3, and amendments thereto.

(g) "Student loan repayment program" means the program specified in L. 2011, ch. 22, sec. 3, and amendments thereto. (Authorized by L. 2011, ch. 22, sec. 3 and K.S.A. 2010 Supp. 74-5002r; implementing L. 2011, ch. 22, secs. 1 and 3; effective, T-110-7-5-11, July 5, 2011; effective Oct. 28, 2011.)

110-22-2. Application for student loan repayment program. (a) Each applicant shall submit the application and any supporting documentation to the secretary to determine eligibility for the student loan repayment program.

(b) Each application shall contain the following for each applicant:

(1) Name;

(2) telephone and electronic mail address;

(3) current address and, if different, intended address;

(4) social security number;

(5) county of current residence or future intended domicile;

(6) list of all addresses where the applicant has resided during the five years immediately preceding the date of application;

(7) list of previous employers' names and addresses for the five years immediately preceding the date of application;

(8) prospective employer's name, address, and county;

(9) if applicable, proof of degree earned;

(10) anticipated date for moving to the county;

(11) a short description of why the individual intends to move to the county;

(12) if applicable, proof of a Kansas professional license;

(13) if applicable, the balance of each student loan on the date of submission of the application and the name and address of each loan institution; and

(14) any other relevant information that the secretary deems necessary.

(c) Notification that the applicant has applied for the student loan repayment program shall be electronically forwarded by the department to the county designated in that application.

(d) The county may, within 15 days of the department's electronic notification, provide any supplementary information regarding the applicant to the department for consideration. (Authorized by L. 2011, ch. 22, sec. 3 and K.S.A. 2010 Supp. 74-5002r; implementing L. 2011, ch. 22, sec. 3; effective, T-110-7-5-11, July 5, 2011; effective Oct. 28, 2011.)

110-22-3. Determination of eligibility. (a) A preliminary determination of whether each applicant is eligible to participate in student loan repayment program shall be made by the secretary.

(b) For each preliminary determination of eligibility, the applicant and the county shall be notified by the department.

(c) If the applicant is initially approved as eligible, the applicant and the county shall be provided by the secretary with a preliminary determination setting forth the conditions for final program eligibility.

(d) Final program eligibility shall be conditioned upon applicant's submission of all requested documentation to the department, including the following:

(1) Student loan documents;

(2) transcript for an associate, bachelor's, or postgraduate degree; and

(3) proof of having established domicile in the participating county.

(e) If the applicant meets the requirements for preliminary determination, a determination of final eligibility for the resident individual to participate in the student loan repayment program shall be issued by the secretary.

(f) Any applicant or county may appeal a preliminary or final determination of eligibility by the secretary as specified in these regulations. (Authorized by L. 2011, ch. 22, sec. 3 and K.S.A. 2010 Supp. 74-5002r; implementing L. 2011, ch. 22, sec. 3; effective, T-110-7-5-11, July 5, 2011; effective Oct. 28, 2011.)

110-22-4. Appeal process. (a) If an application for preliminary determination is not approved or if final eligibility determination is denied, each reason for the denial shall be provided in writing to the applicant by the secretary. The applicant may ask for reconsideration of either the preliminary determination or final eligibility determination within 30 calendar days after the date of the decision. If the applicant does not ask for reconsideration within 30 calendar days of the date of the decision, the decision shall become a final agency action. The county shall be notified of any application denied by the secretary.

(b) The county may ask for reconsideration of the decision of the secretary within 30 calendar days after the date of either the preliminary determination or final eligibility determination. If the county does not ask for reconsideration within 30 calendar days of the date of the secretary's decision, the decision shall become a final agency action. (c) Each decision on reconsideration shall be the final agency action and shall be subject to review under the Kansas judicial review act, K.S.A. 77-601 et seq. and amendments thereto. (Authorized by L. 2011, ch. 22, sec. 3 and K.S.A. 2010 Supp. 74-5002r; implementing L. 2011, ch. 22, sec. 3; effective, T-110-7-5-11, July 5, 2011; effective Oct. 28, 2011.)

110-22-5. Resolution by county; intent to participate in student loan repayment program. (a) As required by the act, each county intending to participate in the student loan repayment program shall provide the department with a copy of the county resolution. The county resolution shall contain the following statements:

(1) The county is listed as a rural opportunity zone, as defined by L. 2011, ch. 22, sec. 1 and amendments thereto.

(2) The county is obligated to participate in the student loan repayment program for an enrollment period of five years.

(3) The county obligation to each eligible participant is for a repayment period of five years.

(4) The county agrees to pay, with the state of Kansas, equal shares of the outstanding student loan balance of any eligible participant.

(5) The student loan balance for each eligible participant, in an amount not to exceed \$15,000, will be repaid jointly by the county and the state of Kansas for a period of five years.

(6) The county will allocate monies for the purpose of matching payments from the state of Kansas to eligible participants.

(7) The county will revise its student loan repayment budget on an annual basis and inform the department of any changes to the annual allocation.

(b) Each resolution shall be published once in the official county newspaper and shall be in effect from the date of its publication. (Authorized by L. 2011, ch. 22, sec. 3 and K.S.A. 2010 Supp. 74-5002r; implementing L. 2011, ch. 22, sec. 3; effective, T-110-7-5-11, July 5, 2011; effective Oct. 28, 2011.)

110-22-6. Repayment of outstanding student loan balance. (a) Each participating county shall transmit funds to the department for repayment of the student loan within 30 calendar days after the end of each calendar year. Each participating county and each eligible participant shall be notified by the department of receipt of the funds.

(b) The following shall be performed by the department:

(1) Transmission of the state funds and participating county funds to the lending institution for repayment of each eligible participant's student loan;

(2) payment to the lending institution of the student loan repayment funds, which shall be within 30 calendar days of receipt of funds from the participating county; and

(3) notification to each participating county and eligible participant of the transmitted student loan payment.

(c) Repayment of student loan funds may be made directly to the eligible participant if both of the following conditions are met:

(1) The student loan has been paid in full during the preceding 12 months.

(2) The eligible participant has no other student loan debt. (Authorized by L. 2011, ch. 22, sec. 3 and K.S.A. 2010 Supp. 74-5002r; implementing L. 2011, ch. 22, sec. 3; effective Oct. 28, 2011.)

Article 12.—KANSAS HORSE BREEDING DEVELOPMENT FUND

112-12-15. Live horse racing purse supplement fund. (a) The balance of the money credited to the live horse racing purse supplement fund that is subject to distribution pursuant to K.S.A. 74-8767(a)(3), and amendments thereto, shall be apportioned by the commission to purses for the various horse breeds according to the following formula:

(1) One-third based on the average percentage of each breed's Kansas-bred horse starters at Kansas racetracks for the previous three calendar years;

(2) one-third based on the average percentage of each breed's Kansas-certified horses for the previous three calendar years; and

(3) one-third based on average percentage of each breed's non-Kansas-bred starters at Kansas racetracks for the previous three calendar years.

(b) The official registering agency pursuant to K.S.A. 74-8830, and amendments thereto, shall submit a recommendation to the commission for approval of the amount of all proposed payments pursuant to K.S.A. 74-8767(a)(3), and amendments thereto, based on the contribution to the Kansas horse racing and breeding industries and recommendations by each respective breed

group. The commission's staff may also submit a recommendation to the commission under this subsection.

(c) The proposed amount of the distribution shall be submitted to the commission for approval no later than March 1 of each distribution year. (Authorized by and implementing K.S.A. 2008 Supp. 74-8767 and 74-8830; effective June 12, 2009.)

Article 13.—KANSAS WHELPED PROGRAM

112-13-6. Kansas greyhound breeding development fund. (a) The balance of the money credited to the live greyhound racing purse supplement fund under K.S.A. 74-8747(a)(3), and amendments thereto, shall be apportioned as follows, unless otherwise specified:

(1) 80 percent to the Kansas-bred purse supplements to be paid monthly to owners of Kansas-bred greyhounds, with the registering agency specifying the following:

(A) A procedure for calculating purse supplement payments to owners of Kansas-bred greyhounds on a point basis, as specified in K.A.R. 112-13-5(c), ensuring that payments will be made each month during a fiscal year; and

(B) a procedure for issuing Kansas-bred purse supplements on a monthly basis; and

(2) 20 percent to supplement stakes races at all Kansas racetrack facilities offering greyhound races and to create special stakes races designed to promote and develop the Kansas greyhound industry, with the registering agency specifying the following:

(A) A procedure for the distribution of funds to supplement stakes races at all Kansas racetrack facilities offering greyhound racing; and

(B) a procedure for the administration of special stakes races created to promote and develop the Kansas greyhound industry, including plans for promotion and operation of the races in a manner that includes opportunities for the participation of all racetrack facilities in Kansas.

(b) The official greyhound breed registering agency shall submit the amount of all proposed payments specified in subsection (a) to the commission for approval.

(c) The proposed amount of the distribution shall be submitted to the commission for approval no later than March 1 of each distribution year based on the recommendations of the registering agency. (Authorized by K.S.A. 2007 Supp. 74-8767; implementing K.S.A. 2007 Supp. 74-8767(b) and 74-8831; effective April 17, 2009.)

Article 100.—GENERAL PROVISIONS AND DEFINITIONS

112-100-2. Duty to disclose material and complete information. (a) An applicant for a certificate, certificate renewal, license, or license renewal shall not provide false information on any application form or to commission staff.

(b) Each applicant for a certificate, certificate renewal, license, or license renewal shall disclose any material fact required on any application form.

(c) Unless otherwise provided in these regulations, each applicant for a certificate, certificate renewal, license, or license renewal and each holder of one of those documents shall report any change in the application or renewal information. The applicant or holder shall notify the commission in writing within 11 days of each change.

(d) Each licensee and each certificate holder shall report any suspected illegal activity or regulatory violations that impact Kansas to the commission security staff within 24 hours of becoming aware of the matter. (Authorized by and imple-

menting K.S.A. 2010 Supp. 74-8751 and 74-8772; effective Sept. 26, 2008; amended Dec. 9, 2011.)

Article 101.—FACILITY MANAGER CERTIFICATION

112-101-1. Prohibition against uncertified management of a gaming facility. No person may manage a gaming facility unless that person is a lottery gaming facility manager or racetrack gaming facility manager certified by the commission with a current facility manager's certificate. (Authorized by K.S.A. 2007 Supp. 74-8751 and 74-8772; implementing K.S.A. 2007 Supp. 74-8751; effective April 17, 2009.)

112-101-2. Facility manager application procedure. Each lottery gaming facility manager and each racetrack gaming facility manager that seeks to be certified as a facility manager shall submit the following to the commission staff:

(a) A completed application for the certificate on a commission-approved form;

(b) any supporting documents;

(c) all plans required by these regulations, including the internal controls system plan, surveillance system plan, security plan, responsible gaming plan, and, if applicable, the plan for compliance with the requirements for live racing and purse supplements established pursuant to the act;

(d) a background investigation deposit as specified in K.A.R. 112-101-5;

(e) prospective financial statements, including a one-year forecast and a three-year projection, that have been audited by an independent certified public accountant or independent registered certified public accounting firm as to whether the prospective financial information is properly prepared on the basis of the assumptions and is presented in accordance with the relevant financial reporting framework; and

(f) any other information that the commission deems necessary for investigating or certifying the applicant and its officers, directors, and key employees and any persons directly or indirectly owning an interest of at least 0.5% in the applicant. (Authorized by K.S.A. 2007 Supp. 74-8751 and 74-8772; implementing K.S.A. 2007 Supp. 74-8734, 74-8741, 74-8751 and 74-8772; effective April 17, 2009.)

112-101-3. Background investigations. (a) Each applicant for a facility manager's certificate and each person whom the executive direc-

tor deems to have a material relationship to the applicant, including the applicant's officers, directors, and key gaming employees and any persons known to directly or indirectly own an interest of at least 0.5% in the applicant, shall submit to a background investigation conducted by the commission's director of security or other person designated by the executive director. For purposes of this regulation, a material relationship shall mean a relationship in which the person has an influence on the applicant or facility manager or its business and shall be determined according to the criteria in paragraphs (b)(1) through (3).

(b) In determining the level of background investigation that a person shall undergo, all relevant information, including the following, may be considered by the executive director:

- (1) The person's relationship to the applicant;
- (2) the person's interest in the management of the applicant;
- (3) the person's participation with the applicant;
- (4) if applicable, identification of the person as a shareholder in a publicly traded company; and
- (5) the extent to which the person has been investigated in another jurisdiction or by other governmental agencies.

(c) Each person subject to a background investigation shall submit a complete personal disclosure to the commission on a commission-approved form and shall submit any supporting documentation that the commission staff requests.

(d) Each person that is subject to investigation shall have a duty to fully cooperate with the commission during any investigation and to provide any information that the commission requests. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective April 17, 2009.)

112-101-4. Affirmative duty to demonstrate qualifications. Each applicant for a facility manager's certificate shall have an affirmative duty to the commission to demonstrate that the applicant, including the applicant's directors, officers, owners, and key employees, is qualified for certification. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective April 17, 2009.)

112-101-5. Fees and costs. (a) Each applicant for a facility manager's certificate and each applicant for a certificate as a racetrack gaming facility manager shall provide a background inves-

tigation deposit to the commission. That deposit shall be assessed for all fees and costs incurred by the commission in performing the background investigation of the applicant, its officers, directors, and key gaming employees, any persons known to directly or indirectly own an interest of at least 0.5% in the applicant, and any other person as the executive director deems necessary, including any person specified in article 102 or 103.

(b) Any facility manager that wishes to renew its certificate may be required to provide a background investigation deposit. The facility manager shall be assessed for all fees and costs incurred by the commission in performing the background investigation of the applicant, its officers, directors, and key gaming employees, any persons known to directly or indirectly own an interest of at least 0.5% in the applicant, and any other person as the executive director deems necessary, including any person specified in article 102 or 103.

(c) All fees paid to the commission shall be non-refundable. (Authorized by K.S.A. 2007 Supp. 74-8751 and 74-8772; implementing K.S.A. 2007 Supp. 74-8734, 74-8741, 74-8751, and 74-8772; effective April 17, 2009.)

112-101-6. Disqualification criteria. (a) A facility manager's certificate shall be denied or revoked by the commission if the applicant or certificate holder itself has been convicted of any felony, crime involving gambling, or crime of moral turpitude.

(b) A certificate may be denied, suspended, or revoked by the commission, and a certificate holder may be otherwise sanctioned by the commission as specified in K.A.R. 112-113-1 if the certificate holder or its officers, directors, key gaming employees, or any person directly or indirectly owning an interest of at least 0.5% in the applicant meets any of the following conditions:

(1) Has any employees who have knowingly or negligently provided false or misleading material information to the commission or its staff;

(2) fails to notify the commission staff about a material change in the applicant's or certificate holder's application within seven days;

(3) is delinquent in paying for the cost of regulation, oversight, or background investigations required under the act or any regulations adopted under the act;

(4) has violated any provision of the act or any regulation adopted under the act;

(5) has failed to meet any monetary or tax obligation to the federal government or to any state or local government;

(6) is financially delinquent to any third party;

(7) has failed to provide information or documentation requested in writing by the commission in a timely manner;

(8) does not consent to or cooperate with investigations, inspections, searches, or having photographs and fingerprints taken for investigative purposes;

(9) has failed to meet the requirements of K.A.R. 112-101-4;

(10) has officers, directors, key gaming employees, or persons directly or indirectly owning an interest of at least 0.5% that have any present or prior activities, criminal records, reputation, habits, or associations meeting either of the following criteria:

(A) Pose a threat to the public interest or to the effective regulation of gaming; or

(B) create or enhance the dangers of unfair or illegal practices in the conduct of gaming; or

(11) has violated any contract provision with the Kansas lottery. (Authorized by and implementing K.S.A. 2009 Supp. 74-8751 and 74-8772; effective April 17, 2009; amended April 1, 2011.)

112-101-7. Certificate duration. Each certificate for a gaming manager shall be issued by the commission for no longer than two years and one month. Each certificate shall expire on the last day of the month of the anniversary date of issue. (Authorized by K.S.A. 2007 Supp. 74-8751 and 74-8772; implementing K.S.A. 2007 Supp. 74-8751; effective April 17, 2009.)

112-101-8. Certificate renewal. (a) Each renewal application for a facility manager's certificate shall be submitted to the commission staff at least 120 days before the expiration of the current certificate. Each certificate holder shall submit the renewal application on a commission-approved form along with any supporting documents.

(b) Each person seeking to renew its gaming certificate shall be required to meet all requirements for an initial gaming certificate.

(c) An applicant's timely submission of a renewal application shall suspend the expiration of the certificate until the commission has taken action on the application. This suspended expiration shall not exceed six months. (Authorized by K.S.A. 2010 Supp. 74-8751 and 74-8772; implementing

K.S.A. 2010 Supp. 74-8751; effective April 17, 2009; amended Dec. 9, 2011.)

112-101-9. Notice of anticipated or actual change. (a) Each facility manager or applicant shall notify the commission in writing of any reasonably anticipated or actual change in its directors, officers, or key employees or persons directly or indirectly owning an interest of at least 0.5% in the facility manager or applicant.

(b) Each new director, officer, key employee, or person directly or indirectly owning an interest of at least 0.5% in the facility manager shall submit to a background investigation as specified in K.A.R. 112-101-3 before acting in the person's new capacity.

(c) Failure to comply with this regulation may result in a sanction as specified in K.A.R. 112-113-1. (Authorized by K.S.A. 2007 Supp. 74-8751 and 74-8772; implementing K.S.A. 2007 Supp. 74-8751; effective April 17, 2009.)

112-101-10. Advertising; promotion of responsible gaming. (a) As used in this regulation, the term "advertisement" shall mean any notice or communication to the public of any information concerning the gaming-related business of an applicant or facility manager through broadcasting, publication or any other means of dissemination. The following notices and communications shall be considered advertisements for purposes of this regulation:

(1) Any sign, notice, or other information required to be provided by the act or by regulation, including the following:

(A) Notices regarding the rules of the games;

(B) information about rules of the games, pay-offs of winning wagers, and odds;

(C) gaming guides;

(D) information imprinted upon gaming table layouts; and

(E) information imprinted, affixed, or engraved on slot machines or bill changers;

(2) any signs or other directional devices contained in a gaming facility for the purpose of identifying the location of authorized games; and

(3) press releases.

(b) Each facility manager and each applicant shall provide to the executive director any proposed advertisement that references the Kansas lottery at least seven business days in advance of its anticipated publication, broadcast, or other use. The advertisement may be inspected and ap-

proved by the executive director before its publication, broadcast, or use.

(c) Advertisements shall be based on fact and shall not be false, deceptive, or misleading. No advertisement may use any type, size, location, lighting, illustration, graphic depiction, or color resulting in the obscuring of any material fact or fail to specifically designate any material conditions or limiting factors. Each advertisement that the executive director finds to reflect negatively on the state of Kansas or upon the integrity of gaming shall be deemed to be in violation of this regulation, and the facility manager or applicant may be subject to sanction.

(d) Each applicant or facility manager shall be responsible for all advertisements that are made by its employees or agents regardless of whether the applicant or facility manager participated directly in its preparation, placement, or dissemination.

(e) Each on-site advertisement of a facility manager's business shall comply with the facility manager's responsible gaming plan that has been approved by the commission pursuant to article 112. Each advertisement shall reference the Kansas toll-free problem gambling help line in a manner approved by the executive director.

(f) Each applicant and each facility manager shall submit all proposed text and planned signage informing patrons of the toll-free number regarding compulsive or problem gambling to the executive director with its responsible gaming plan required in article 112.

(g) Each advertisement shall be maintained by the facility manager or applicant for at least one year from the date of broadcast, publication, or use, whether that advertisement was placed by, for, or on behalf of the facility manager or applicant. Each advertisement required to be maintained by this subsection shall be maintained at the principal place of business of the facility manager or applicant and shall be made available or produced for inspection upon the request of the commission.

(h) Each gaming facility manager and each applicant shall maintain a file containing samples of the types and forms of promotional materials not directly related to gaming activity for at least six months from the date of placement of the promotional materials. The promotional materials shall be maintained at the principal place of business of the facility manager or applicant and shall be made available or produced for inspection upon the request of the executive director. (Authorized

by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8752 and 74-8772; effective April 17, 2009.)

112-101-11. Material debt transaction.

(a)(1) No facility manager shall consummate a material debt transaction that involves either of the following without the prior approval of the commission:

(A) Any agreement that provides for any borrowing for a purpose other than capital and maintenance expenditures; or

(B) a guarantee of debt of an affiliate, whether signing a note or otherwise, an assumption of the debt of an affiliate, or an agreement to impose a lien on the approved gaming facility to secure the debts of an affiliate.

(2) A transaction not specified in this subsection shall not require the approval of the commission.

(b) In reviewing any material debt transaction specified in paragraph (a)(1), whether the transaction would deprive the facility manager of financial stability shall be considered by the commission, taking into account the financial condition of the affiliate and the potential impact of any default on the gaming facility manager. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 17, 2009.)

112-101-12. Notice of bankruptcy or liquidation. Each facility manager shall notify the commission within one hour following the filing of bankruptcy or an agreement to liquidate any of the following:

(a) The facility manager;

(b) any parent company of the facility manager; or

(c) any subsidiary of the facility manager's parent company. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 17, 2009.)

112-101-13. Access to gaming facility and information. (a) Each applicant and each facility manager, including their intermediary companies and holding companies, shall consent to inspections of the gaming facility by commission staff.

(b) Each applicant and each facility manager shall provide all information requested by the commission. The access to information shall be granted upon the commission's request. The applicant or facility manager shall deliver any requested copies of the information within seven

calendar days, at the commission's request. (Authorized by K.S.A. 2008 Supp. 74-8772; implementing K.S.A. 2008 Supp. 74-8752 and 74-8772; effective April 17, 2009.)

112-101-14. Certification of employees.

(a) Each employee, contractor, and agent of an applicant or facility manager shall be certified by the commission with a current occupation license before performing any tasks or duties or assuming any responsibilities for matters regulated by the commission for the applicant or facility manager pursuant to article 103.

(b) Each applicant and each facility manager shall coordinate the submission of all occupation license applications and background costs and expenses to the commission. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 17, 2009.)

112-101-15. Reporting requirements.

(a) Each facility manager shall submit a monthly report to the commission listing all contracts the facility manager has had with gaming and non-gaming suppliers for the previous month and cumulatively for the past 12 months.

(b) Each facility manager shall submit a monthly report to the commission listing all persons working in the gaming facility and any ancillary facilities and each person's department, job duty, and function.

(c) At the end of its tax year, each facility manager shall submit to the commission a copy of its certified financial statements, along with an opinion from a certified public accountant or independent registered certified public accounting firm certifying the total revenue from all lottery facility games.

(d) Each facility manager and each applicant for a gaming certificate shall disclose in writing within 11 days any material change in any information provided in the application forms and requested materials submitted to the commission. Each change in information that is not material shall be disclosed to the commission during the facility manager's subsequent application for renewal. For the purpose of this regulation, a change shall be deemed material if the change includes any of the following:

(1) The personal identification or residence information;

(2) the officers, directors, or key employees or any persons owning an interest of at least 0.5% in

a lottery gaming facility or racetrack gaming facility manager; or

(3) other information that might affect an applicant's or facility manager's suitability to hold a gaming certificate, including any of the following occurrences that happen to the applicant, facility manager, or its material people as determined by the executive director pursuant to K.A.R. 112-101-3:

(A) Arrests;

(B) convictions or guilty pleas;

(C) disciplinary actions or license denials in other jurisdictions;

(D) significant changes in financial condition, including any incurrence of debt equal to or exceeding \$1,000,000; or

(E) relationships or associations with persons having criminal records or criminal reputations. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective April 17, 2009.)

112-101-16. Prohibitions. Each facility manager shall be prohibited from and subject to sanctions as specified in K.A.R. 112-113-1 for the following:

(a) Failing to exercise discretion and judgment to prevent any incident that might adversely reflect on the reputation of the state of Kansas or act as a detriment to the development of the lottery industry, including allowing lewd entertainment at a gaming facility;

(b) failing to conduct advertising and public relations activities in accordance with honest and fair representation;

(c) knowingly or negligently catering to, assisting, employing, or associating with, either socially or in business affairs, persons who have a criminal reputation or who have felony police records, or employing either directly through a contract or other means, any firm or individual in any capacity in which the reputability of the state of Kansas or the lottery industry is liable to be damaged because of the unsuitability of the firm or the individual;

(d) failing to conduct gaming in accordance with the act and these regulations or permitting conduct that could reflect negatively on the reputation of the state of Kansas or act as a detriment to the lottery industry;

(e) failing to report to the commission any known or suspected violations of commission regulations and applicable law;

(f) failing to comply with any regulation or order of the commission or its employees relating to gaming; and

(g) receiving goods or services from a person or business that does not hold a certificate under article 103 but is required to do so. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective April 17, 2009.)

Article 102.—GAMING SUPPLIER AND NON-GAMING SUPPLIER CERTIFICATION

112-102-1. Prohibition against un-certified business. No person identified in K.A.R. 112-102-2 as a gaming or non-gaming supplier may provide any equipment or services to a gaming facility or manager unless the person is certified by the commission with a current gaming supplier certificate, non-gaming supplier certificate, or temporary supplier permit. (Authorized by and implementing K.S.A. 2008 Supp. 74-8751 and 74-8772; effective Aug. 14, 2009.)

112-102-2. Gaming supplier and non-gaming supplier defined. (a) Each person that performs one or more of the following shall be considered a gaming supplier:

(1) Manufactures, sells, leases, supplies, or distributes devices, machines, equipment, accessories, or items that meet at least one of the following conditions:

(A) Are designed for use in a gaming facility;

(B) are needed to carry out a lottery facility game;

(C) have the capacity to affect the result of the play of a lottery facility game; or

(D) have the capacity to affect the calculation, storage, collection, or control of the revenues from a gaming facility;

(2) provides maintenance services or repairs gaming equipment, including slot machines;

(3) provides services directly related to the management or administration of a gaming facility;

(4) provides junket services; or

(5) provides items or services that the commission has determined are used in or are incidental to gaming or to an activity of a gaming facility.

(b)(1) Any person that is not a gaming supplier but otherwise meets one or more of the following may be considered a non-gaming supplier:

(A) Acts as a manager of an ancillary lottery gaming facility;

(B) is not a public utility and provides goods or services to a facility manager or ancillary lottery

gaming facility in an amount of \$250,000 or more within a one-year period; or

(C) provides goods or services to a gaming facility and could present a security, integrity, or safety concern to the gaming operations as determined by the executive director.

(2) A person that is any of following shall not be considered a non-gaming supplier:

(A) Regulated insurance company providing insurance to a facility manager, an ancillary lottery gaming facility, or the employees of either;

(B) employee benefit or retirement plan provider, including the administrator;

(C) regulated bank or savings and loan association that provides financing to a facility manager or ancillary lottery gaming facility; or

(D) professional service provider, including an accountant, architect, attorney, and engineer. (Authorized by and implementing K.S.A. 2015 Supp. 74-8751 and 74-8772; effective Aug. 14, 2009; amended Dec. 9, 2011; amended July 15, 2016.)

112-102-3. Gaming and non-gaming supplier employees. Any employee or agent of a gaming or non-gaming supplier may be required by the commission to be separately investigated or licensed. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective Aug. 14, 2009.)

112-102-4. Application for a certificate. Each person that does not qualify for reciprocal certification under K.S.A. 74-8751(b), and amendments thereto, and any directives of the executive director and is seeking a gaming supplier certificate or a non-gaming supplier certificate shall submit the following to the commission staff:

(a) A completed application for the certificate on a commission-approved form;

(b) any supporting documents;

(c) a copy of the applicant's contractual agreement or statement of intent with a facility manager that the applicant expects to be supplying its goods or services. As a part of that contract or statement of intent, the applicant shall describe any arrangement it has made with the facility manager to cover the fees and costs incurred by the commission in performing the background investigation of the applicant pursuant to K.A.R. 112-102-7; and

(d) any other information that the commission deems necessary for investigating or considering the applicant. (Authorized by and implementing K.S.A. 2008 Supp. 74-8751; effective Aug. 14, 2009.)

112-102-5. Temporary supplier permit.

(a) The commission staff may issue a temporary supplier permit if all of the following conditions are met:

(1) The commission staff determines that the applicant has filed a completed application for a gaming or non-gaming supplier certificate.

(2) The applicant has no immediately known present or prior activities, criminal records, reputation, habits, or associations that meet either of these conditions:

(A) Pose a threat to the public interest or to the effective regulation of gaming; or

(B) create or enhance the dangers of unfair or illegal practices in the conduct of gaming.

(3) The applicant has completed a supplier-sponsored agreement with each gaming facility that the applicant proposes to conduct business with.

(b) A temporary supplier permit may be issued for a period not to exceed 90 days. Any temporary supplier permit may be extended by the commission's licensing staff for an additional 90 days.

(c) The issuance of a temporary supplier permit shall not extend the duration of the gaming or non-gaming supplier certificate for which the applicant has applied. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective Aug. 14, 2009.)

112-102-6. Affirmative duty to demonstrate qualifications. Each applicant for a certificate as a gaming supplier or non-gaming supplier shall have an affirmative duty to the commission to demonstrate that the applicant, including the applicant's directors, officers, stockholders, and principal employees and any persons deemed necessary by the executive director because of that person's relationship to the applicant, is qualified for certification. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective Aug. 14, 2009.)

112-102-7. Background investigations. (a) Each applicant and each person whom the executive director deems to have a material relationship to the applicant, including officers, directors, key gaming employees, and any persons known to directly or indirectly own an interest of at least 0.5% in the applicant, shall submit to a background investigation conducted by the commission's director of security or other person designated by the executive director.

For purposes of this regulation, a material relationship shall mean a relationship in which a person participates in the business decisions or finances of the applicant or can exhibit control over the applicant, as determined by the executive director.

(b) To determine the known owners as required in subsection (a), each applicant or certificate holder that is a publicly traded company or is owned by a publicly traded company shall rely on the publicly traded company's most recent annual certified shareholder list.

(c) Each applicant or certificate holder shall identify any passive investing company that owns between 0.5% and 10% as a candidate for completing a commission-approved institutional investor background form. (Authorized by and implementing K.S.A. 2008 Supp. 74-8751 and 74-8772; effective Aug. 14, 2009.)

112-102-8. Disqualification criteria. (a) A certificate shall be denied or revoked by the commission if the applicant or certificate holder has been convicted of any felony, crime involving gambling, or crime of moral turpitude.

(b) A certificate may be denied, suspended, or revoked by the commission, and a certificate holder may be sanctioned by the commission under K.A.R. 112-113-1 if the certificate holder or its officers, directors, key gaming employees, or any person known to directly or indirectly own an interest of at least 0.5% in the applicant meets any of the following conditions:

(1) Has knowingly provided false or misleading material information through its employees to the commission or commission staff;

(2) fails to notify the commission staff about a material change in the application within seven days;

(3) has violated any provision of the act or any regulation adopted under the act;

(4) has failed to meet any monetary or tax obligation to the federal government or to any state or local government;

(5) is financially delinquent to any third party;

(6) has failed to provide information or documentation requested in writing by the commission in a timely manner;

(7) does not consent to or cooperate with investigations, interviews, inspections, searches, or having photographs and fingerprints taken for investigative purposes;

(8) has failed to meet the requirements of K.A.R. 112-102-6;

(9) has any officers, directors, key gaming employees, or any person known to directly or indirectly own an interest of at least 0.5% in the applicant that has any present or prior activities, criminal records, reputation, habits, or associations meeting either of the following criteria:

(A) Pose a threat to the public interest or to the effective regulation of gaming; or

(B) create or enhance the dangers of unfair or illegal practices in the conduct of gaming; or

(10) has violated any contract with the Kansas lottery. (Authorized by and implementing K.S.A. 2009 Supp. 74-8751 and 74-8772; effective Aug. 14, 2009; amended April 1, 2011.)

112-102-9. Certificate duration. Each certificate for a gaming supplier or non-gaming supplier shall be issued by the commission for no longer than two years and one month. Each certificate shall expire on the last day of the month of the anniversary date of issue. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751; effective Aug. 14, 2009.)

112-102-10. Certificate renewal application. Each renewal application for a gaming or non-gaming supplier certificate shall be filed with the commission staff at least 120 days before the expiration date of the license. Each certificate holder shall submit the renewal application on a commission-approved form along with any supporting documents. An applicant's timely submission of a renewal application shall suspend the expiration of the certificate until the commission has taken action on the application. This suspended expiration shall not exceed six months. (Authorized by and implementing K.S.A. 2010 Supp. 74-8751; effective Aug. 14, 2009; amended Dec. 9, 2011.)

112-102-11. Change in ownership. (a) Each change in either of the following shall be sufficient cause for revoking any certificate or temporary permit granted by the commission:

(1) The ownership of the applicant or the holder of a gaming supplier or non-gaming supplier certificate; or

(2) the ownership of any holding or intermediary company of the applicant or certificate holder, unless the holding or intermediary company is a publicly traded corporation.

(b) Each proposed new owner shall submit to the commission an application for initial certification as a gaming supplier or non-gaming supplier

and all supporting material. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective Aug. 14, 2009.)

112-102-12. Certificates, temporary supplier permits, and badges to be commission property. (a) Each gaming supplier certificate, non-gaming supplier certificate, temporary supplier permit, and badge issued by the commission shall be the property of the commission.

(b) Possession of a certificate, temporary supplier permit, or badge shall not confer any right upon the certificate holder or temporary permittee to contract with or work for a gaming facility.

(c) Each certificate holder or temporary permittee shall return that person's certificate or temporary supplier permit and each badge in that person's possession to commission staff no later than one day after the certificate holder's or temporary supplier permit holder's business is terminated. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective Aug. 14, 2009.)

112-102-13. Records. (a) Each gaming supplier and each non-gaming supplier certified by the commission shall maintain that supplier's business records in a place secure against loss and destruction. Each certificate holder shall make these records available to the commission upon the commission's request. The records shall include the following:

(1) Any correspondence with the commission and any other governmental agencies;

(2) any correspondence related to the business with a gaming facility, whether proposed or existing;

(3) a copy of any publicity and promotional materials;

(4) the personnel files for every employee of the certified gaming supplier or non-gaming supplier, including sales representatives; and

(5) the financial records for all the transactions related to the certificate holder's business with a gaming facility, whether proposed or existing.

(b) Each certificate holder shall keep the records listed in subsection (a) for at least five years from the date of creation. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective Aug. 14, 2009.)

Article 103.—EMPLOYEE LICENSING

112-103-1. Prohibition of unlicensed employment with a facility manager. No person may work as an employee or independent con-

tractor of a facility manager unless the person is certified to do so with a current occupation license or temporary work permit issued by the commission for the actual job, duty, or position that the person is seeking to perform. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 17, 2009.)

112-103-2. License levels. (a) Each of the following persons who will be employed by or working for a facility manager in a position that includes the responsibility or authority specified in this subsection, regardless of job title, shall be considered key employees and shall be required to hold a current and valid temporary work permit or level I occupation license issued in accordance with the act and these regulations:

(1) Any person who has authority to perform any of the following:

(A) Hire or fire employees of a facility manager;
(B) establish working policies for a facility manager;

(C) act as the chief financial officer or have financial management responsibility for a facility manager;

(D) manage all or part of a gaming facility; or

(E) direct, control, manage, or engage in discretionary decision making over a facility manager;

(2) any person who has the authority to develop or administer policy or long-term plans or to make discretionary decisions about the management of a gaming facility or ancillary lottery gaming facility, including any of the following persons:

(A) General manager or chief executive officer;

(B) electronic gaming machine director;

(C) director of surveillance;

(D) director of security;

(E) controller;

(F) director of internal audit;

(G) manager of the management information systems section or of any information system of a similar nature;

(H) marketing department manager;

(I) administrative operations manager;

(J) hotel general manager; or

(K) restaurant or bar general manager; or

(3) any other person designated as a key employee by the executive director.

(b) Each person whose responsibilities predominantly involve the maintenance of gaming equipment or assets associated with gaming activities or whose responsibilities predominantly involve conducting gaming activities shall obtain

a temporary work permit or a level II occupation license. Each person who will be employed by or working for a facility manager in a position that includes any of the following responsibilities shall obtain a temporary work permit or a level II occupation license:

(1) Supervising the pit area;

(2) functioning as a dealer or croupier;

(3) conducting or supervising any table game;

(4) repairing and maintaining gaming equipment, including slot machines and bill validators;

(5) functioning as a gaming cashier or change person;

(6) assisting in the operation of electronic gaming machines and bill validators, including any person who participates in the payment of jackpots and in the process of filling hoppers, or supervising those persons;

(7) identifying patrons for the purpose of offering them complimentary, authorizing the complimentary, or determining the amount of complimentary;

(8) analyzing facility manager operations data and making recommendations to key personnel of the facility manager relating to facility manager marketing, complimentary, gaming, special events and player ratings, and other similar items;

(9) entering data into the gaming-related computer systems or developing, maintaining, installing, or operating gaming-related computer software systems;

(10) collecting and recording patron checks and personal checks that are dishonored and returned by a bank;

(11) developing marketing programs to promote gaming in the gaming facility;

(12) processing coins, currency, chips, or cash equivalents of the facility manager;

(13) controlling or maintaining the electronic gaming machine inventory, including replacement parts, equipment, and tools used to maintain electronic gaming machines;

(14) having responsibilities associated with the installation, maintenance, or operation of computer hardware for the facility manager computer system;

(15) providing surveillance in a gaming facility;

(16) providing security in a gaming facility;

(17) supervising areas, tasks, or staff within a gaming facility or ancillary lottery gaming facility operations; or

(18) any other person designated by the executive director.

(c) Each person who will be employed by or working for a facility manager or with an ancillary lottery gaming facility operator and who is not required under the act or these regulations to obtain a level I or level II occupation license shall obtain a temporary work permit or a level III occupation license. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective April 17, 2009; amended April 1, 2011.)

112-103-3. Temporary work permit. (a) The commission staff may issue a temporary work permit to an applicant if both of the following conditions are met:

(1) The commission staff determines that the applicant has filed a completed application for a level I, level II, or level III occupation license.

(2) The applicant has no immediately known present or prior activities, criminal records, reputation, habits, or associations that meet either of these conditions:

(A) Pose a threat to the public interest or to the effective regulation of gaming; or

(B) create or enhance the dangers of unfair or illegal practices in the conduct of gaming.

(b) A temporary work permit may be issued for an initial period not to exceed 90 days. Any temporary work permit may be extended by the commission's licensing staff for an additional 90 days.

(c) The issuance of a temporary work permit shall not extend the duration of the level I, level II, or level III license for which the applicant has applied. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 17, 2009.)

112-103-4. Application for a license. Each applicant for a level I, level II, or level III occupation license shall submit a completed application on a commission-approved form to the human resources department of the facility manager with which the applicant seeks employment. The human resources staff shall ensure the form's completeness and shall submit the form to the commission's licensing staff. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective April 17, 2009; amended April 1, 2011.)

112-103-5. Applicant identification. (a) Each applicant shall have the responsibility to provide identification when submitting an application by presenting one of the following:

(1) A current and valid state-issued driver's license that has a photograph of the applicant on the license;

(2) documentation for American citizens or persons born in the United States that includes one or more of the following:

(A) A certified United States birth certificate;

(B) a certified birth certificate from a United States territory;

(C) a current and valid United States passport or passport card;

(D) a current and valid United States military card;

(E) a certified order of adoption that is an original United States document;

(F) a certificate of naturalization with intact photo or a certificate of United States citizenship;

(G) a United States military common access card with photo, date of birth, and name and branch of service; or

(H) a United States government-issued consular report of birth abroad;

(3) documentation for persons not born in the United States or persons who are not American citizens that includes one or more of the following:

(A) A valid foreign passport with a form I-94 or valid "processed for I-551" stamp with a mandated departure date more than 60 days in the future. This shall exclude border-crossing cards;

(B) a form I-94 with refugee status;

(C) a valid form I-551 green card or alien registration; or

(D) a valid photo employment authorization issued by the United States department of justice; or

(4) documentation for proof of name change that includes one or more of the following:

(A) A certified United States marriage certificate indicating the city, county, and state where issued;

(B) a certified United States divorce decree containing an official signature;

(C) a certified United States court order of name change;

(D) a certified court order of adoption; or

(E) a marriage certificate from a foreign country. If the marriage certificate from a foreign country is not in English, the certificate shall be translated into English.

(b) The facility manager shall review the identification documents, ensure to the best of that person's ability the authenticity of the documents, and ensure that the applicant is legally in the United States.

(c) Each applicant shall have the responsibility to identify that person to the commission en-

forcement agents by submitting the applicable documents listed in this regulation, upon request. (Authorized by and implementing K.S.A. 2010 Supp. 74-8772; effective April 17, 2009; amended April 1, 2011.)

112-103-6. Affirmative duty to demonstrate qualifications. Each applicant for an occupation license shall have an affirmative duty to the commission to demonstrate that the applicant is qualified for licensure. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective April 17, 2009.)

112-103-7. Background investigation. Each applicant shall submit to a background investigation conducted by the commission's director of security or other person designated by the executive director. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 17, 2009.)

112-103-8. Disqualification criteria for a level I, level II, or level III license. (a) A level I license shall be denied or revoked by the commission if the applicant or licensee is or has been convicted of any felony, crime involving gambling, or crime of moral turpitude.

(b) Any license may be denied, suspended, or revoked by the commission, and any licensee may be sanctioned by the commission if the applicant or licensee meets any of the following conditions:

(1) Has knowingly provided false or misleading material information to the commission or its staff;

(2) fails to notify the commission staff about a material change in the applicant's or licensee's application within seven days;

(3) has violated any provision of the act or any regulation adopted under the act;

(4) is unqualified to perform the duties required;

(5) has failed to meet any monetary or tax obligation to the federal government or to any state or local government;

(6) is financially delinquent to any third party;

(7) has failed to provide information or documentation requested in writing by the commission in a timely manner;

(8) does not consent to or cooperate with investigations, interviews, inspections, searches, or having photographs and fingerprints taken for investigative purposes;

(9) has failed to meet the requirements of K.A.R. 112-103-6; or

(10) has any present or prior activities, criminal records, reputation, habits, or associations that meet either of the following criteria:

(A) Pose a threat to the public interest or to the effective regulation of gaming; or

(B) create or enhance the dangers of unfair or illegal practices in the conduct of gaming. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective April 17, 2009; amended April 1, 2011.)

112-103-9. Examinations. (a) Any applicant for an occupation license may be required to demonstrate knowledge, qualifications, and proficiency related to the license for which application is made through an examination approved by the commission or its designee.

(b) Any applicant who fails the examination may be retested no earlier than 30 days following the first failure and no earlier than six months following the second failure. Each applicant failing the examination on the third attempt shall be ineligible to retake the examination for one year from the date of the third failure. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 17, 2009.)

112-103-10. License duration. Each occupation license shall be issued for a period of no longer than two years and one month. Each license shall expire on the last day of the month in which the licensee was born. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 17, 2009.)

112-103-11. License renewal. Each occupation licensee wanting to renew the license shall file an application for occupation license renewal with the commission staff. Each application shall be submitted on a form approved by the commission. The completed renewal application shall be filed with the commission staff at least 90 days before expiration of the license. An applicant's failure to timely file the renewal application may result in expiration of the license and an inability to work with or for the facility manager. An applicant's timely submission of a renewal application shall suspend the expiration of the license until the commission has taken action on the application. This suspended expiration shall not exceed six months. (Authorized by and implementing K.S.A. 2010 Supp. 74-8772; effective April 17, 2009; amended Dec. 9, 2011.)

112-103-12. Reapplication after license denial or revocation. A person who is denied licensure or whose license is revoked shall not reapply for the same or higher level of license for at least one year from the date of the denial or revocation. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 17, 2009.)

112-103-15. License mobility; limitations. (a) Any licensee may work in any other position at or below that license level. If a licensee changes positions for more than one shift in a seven-day period, the facility manager shall request approval from the commission's licensing staff about the change.

(b) If the commission's licensing staff determines that the person's license no longer reflects that person's actual position, the person shall be required to reapply for the appropriate occupation license.

(c) Each licensee who wants to work for a different lottery gaming facility shall request approval from the commission's licensing staff before commencing employment at the other lottery gaming facility. That employee shall submit an updated license application and a personal disclosure form. (Authorized by and implementing K.S.A. 2010 Supp. 74-8772; effective April 17, 2009; amended April 1, 2011.)

112-103-16. Licenses, temporary work permits, and badges to be commission property. (a) Each license, temporary work permit, and badge issued by the commission shall be the property of the commission.

(b) Possession of a license, temporary permit, or badge shall not confer any right upon the temporary permittee or licensee to employment with a facility manager.

(c) Each licensee or temporary permittee shall return the license or temporary work permit and each badge in that person's possession to commission staff within one day if the temporary permittee's or licensee's employment or contract is terminated. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 17, 2009.)

Article 104.—MINIMUM INTERNAL CONTROL SYSTEM

112-104-1. Definitions; internal control system. (a) The following words and terms, when used in this article, shall have the following meanings unless the context indicates otherwise:

(1) "Accounting department" means a facility manager's internal department that is responsible for the management of the financial and accounting activities relating to electronic gaming machines being utilized on an approved gaming floor.

(2) "Asset number" means a unique number assigned to an electronic gaming machine by a facility manager for the purpose of tracking the electronic gaming machine.

(3) "Bill validator" means an electronic device designed to interface with an electronic gaming machine for the purpose of accepting and validating any combination of United States currency, gaming tickets, coupons, or other instruments authorized by the commission for incrementing credits on an electronic gaming machine.

(4) "Bill validator canister" means a mechanical or electronic device designed to interface with an electronic gaming machine for the purpose of storing any combination of United States currency, gaming tickets, coupons, or other instruments authorized by the commission for recording credits on an electronic gaming machine.

(5) "Blind count" means the counting of currency or gaming chips by a person who does not know the inventory balance.

(6) "Cash equivalents" means instruments with a value equal to United States currency or coin, including certified checks, cashier's checks, traveler's checks, money orders, gaming tickets, and coupons.

(7) "Cashier's booth" means an area from which a cashier conducts transactions associated with gaming cashiers or window cashiers.

(8) "Change person" means a person who exchanges coins, currency, and coupons with patrons.

(9) "Complimentary" means any lodging, service, or item that is provided directly or indirectly to an individual at no cost or at a reduced cost and that is not generally available to the public. This term shall include lodging provided to a person at a reduced price due to the anticipated or actual gaming activities of that person. Group rates, including convention and government rates, shall be deemed generally available to the public.

(10) "Count room" means a room secured by keys controlled by two separate facility manager departments with limited access, where the contents, including currency, gaming tickets, and coupons, of bill validator canisters are counted by the count team.

(11) "Currency counters" means a device that counts currency and tickets.

(12) “Critical program storage media” and “CPSM” mean any media storage device that contains data, files, or programs and is determined by the commission to be capable of affecting the integrity of gaming.

(13) “Drop” means the total amount of money, tickets, and coupons removed from any lottery facility game or kiosk.

(14) “Drop team” means the group of employees of a facility manager who participate in the transportation of the drop.

(15) “EGM” means electronic gaming machine.

(16) “Gaming day” means a period not to exceed 24 hours corresponding to the beginning and ending times of gaming activities for the purpose of accounting reports and determination by the central computer system of net lottery facility game income.

(17) “Generally accepted accounting principles” and “GAAP” have the meaning specified in K.A.R. 74-5-2.

(18) “Imprest” means the basis on which the operating funds of general cashiers and gaming cashiers are maintained. The opening and closing values shall be equal, and any difference shall result in a variance. The funds may be replenished as needed in exactly the value of the net of expenditures made from the funds for value received.

(19) “Incompatible functions” means functions or duties that place any person or department in a position to perpetuate and conceal errors, fraudulent or otherwise.

(20) “LFG” means lottery facility game.

(21) “Main bank” means the central location in the gaming facility where acts that include the following are performed:

(A) Transactions for recording currency, coin, tokens, cash equivalents, and negotiable instruments;

(B) preparation of bank deposits;

(C) acceptance of currency from the count room; and

(D) reconciliation of all cage transactions.

(22) “Trolley” means a wheeled apparatus used for the secured transport of electronic gaming cash storage boxes and drop boxes.

(23) “Unclaimed winnings” means gaming winnings that are held by the facility manager as a liability to a patron until that patron is paid.

(24) “Unredeemed ticket” means a ticket issued from an LFG containing value in U.S. dollars that has not been presented for payment or accepted by a bill acceptor at a gaming machine and has not been marked as paid in the ticket file.

(25) “Weigh scale” means a scale that is used to weigh coins and tokens and that converts the weight to dollar values in the count process.

(b) Each applicant for a facility manager certificate shall submit to the commission and the Kansas lottery a written plan of the applicant’s initial system of administrative and accounting procedures, including its internal controls and audit protocols, at least 180 days before opening a gaming facility, unless the executive director finds good cause for a shorter deadline. This plan shall be called the internal control system and shall include the following:

(1) Organization charts depicting segregation of functions and responsibilities;

(2) a description of the duties and responsibilities of each licensed or permitted position shown on the organization charts and the lines of authority;

(3) a detailed narrative description of the administrative and accounting procedures designed to satisfy the requirements of this article;

(4) a record retention policy in accordance with K.A.R. 112-104-8;

(5) procedures to ensure that assets are safeguarded and counted in conformance with effective count procedures;

(6) the following controls and procedures:

(A) Administrative controls that include the procedures and records that relate to the decision making processes leading to management’s authorization of transactions;

(B) accounting controls that have as their primary objectives the safeguarding of assets and revenues and the reliability of financial records. The accounting controls shall be designed to provide reasonable assurance that all of the following conditions are met:

(i) The transactions or financial events that occur in the operation of an LFG are executed in accordance with management’s general and specific authorization;

(ii) the transactions or financial events that occur in the operation of an LFG are recorded as necessary to permit preparation of financial statements in conformity with generally accepted accounting principles, the act, and this article;

(iii) the transactions or financial events that occur in the operation of an LFG are recorded in a manner that provides reliable records, accounts and reports, including the recording of cash and evidence of indebtedness, for use in the preparation of reports to the commission related to LFGs;

(iv) the transactions or financial events that occur in the operation of an LFG are recorded to permit proper and timely reporting and calculation of net LFG income and fees to maintain accountability for assets;

(v) access to assets is permitted only in accordance with management's general and specific authorization; and

(vi) the recorded accountability for assets is compared with existing physical assets at reasonable intervals, and appropriate action is taken with respect to any discrepancies;

(C) procedures and controls for ensuring that all functions, duties, and responsibilities are segregated and performed in accordance with legitimate financial practices by trained personnel;

(D) procedures and controls for ensuring all applicable technical standards as adopted by the commission under article 110 are followed;

(7) a completed internal control checklist; and

(8) any other items that the commission may require to be included in the internal controls.

(c) The internal control system shall be accompanied by the following:

(1) An attestation by the chief executive officer or other competent person with a direct reporting relationship to the chief executive officer attesting that the officer believes in good faith that the submitted internal controls conform to the requirements of the act and this article; and

(2) an attestation by the chief financial officer or other competent person with a direct reporting relationship to the chief financial officer attesting that the officer believes in good faith that the submitted internal controls are designed to provide reasonable assurance that the financial reporting conforms to generally accepted accounting principles and complies with all applicable laws and regulations, including the act and this article.

(d) Each internal control system shall be reviewed by the commission in consultation with the Kansas lottery to determine whether the system conforms to the requirements of the act and this article and provides adequate and effective controls to ensure the integrity of the operation of LFGs at a gaming facility. If the commission determines that the system is deficient, a written notice of the deficiency shall be provided by the executive director to the applicant or facility manager. The applicant or facility manager shall be allowed to submit a revision to its submission. Each facility manager shall be prohibited from

commencing gaming operations until its internal control system is approved by the commission.

(e) If a facility manager intends to update, change, or amend its internal control system, the facility manager shall submit to the commission for approval and to the Kansas lottery a written description of the change or amendment and the two original, signed certifications described in subsection (c).

(f) A current version of the internal control system of a facility manager shall be maintained in or made available in electronic form through secure computer access to the accounting and surveillance departments of the facility manager and the commission's on-site facilities. The facility manager shall also maintain a copy, in either paper or electronic form, of any superseded internal control procedures, along with the two certifications required to be submitted with these procedures, for at least seven years. Each page of the internal control system shall indicate the date on which the page was approved by the commission. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-104-5. Standard financial reports.

(a) Each facility manager's internal control system shall include internal controls for standard financial reports. The internal controls shall be submitted to and approved by the commission under K.A.R. 112-104-1. A facility manager shall file the following financial data reports:

(1) A balance sheet submitted monthly, quarterly, and annually;

(2) an income statement submitted monthly, quarterly, and annually;

(3) a cash flow statement submitted monthly, quarterly, and annually;

(4) daily net EGM income submitted daily, monthly, quarterly, and annually; and

(5) a comparison of net EGM income to projected net EGM income submitted monthly, quarterly, and annually.

(b) Standard reporting forms and corresponding filing instructions may be prescribed by the executive director to be used by a facility manager in filing the monthly reports specified in subsection (a).

(c) The annual reports shall be based on a fiscal year beginning July 1 and ending June 30, unless otherwise approved by the executive director. The quarterly reports shall be based on the quarters

ending September 30, December 31, March 31, and June 30, unless otherwise approved by the executive director. The monthly reports shall be based on calendar months. Interim reports shall contain a cumulative year-to-date column.

(d) The annual financial statements shall be prepared on a comparative basis for the current and prior years and shall present financial position, results of operations, and cash flows in conformity with GAAP.

(e) The electronically transmitted reports or hard copy reports required to be filed pursuant to this regulation shall be authorized by individuals designated by the facility manager. In addition, the facility manager shall submit a letter attesting to the completeness and accuracy of the reports. The letter shall be signed by the facility manager's chief financial officer or controller.

(f) The reports required to be filed pursuant to this regulation shall be addressed as prescribed by the executive director and received no later than the required filing date. The required filing dates shall be the following:

(1) Monthly reports shall be due on the last calendar day of the following month or the next business day if the day falls on a weekend or legal holiday.

(2) Quarterly reports for the first three quarters shall be due on the last calendar day of the second month following the end of the facility manager's quarter. Quarterly reports for the fourth quarter shall be due on the last calendar day of the third month following the end of the facility manager's fourth quarter.

(3) Annual reports shall be due on the last calendar day of the third month following the end of the facility manager's year or 10 days after form 10-K is filed with the securities and exchange commission, whichever comes first.

(g) In the event of a license termination, change in business entity, or a change in ownership of at least 20%, the facility manager shall file with the commission the required financial and statistical reports listed in paragraphs (a)(1) through (3) for the previous month through the date of occurrence. The facility manager shall file the reports within 30 calendar days of the occurrence.

(h) All significant adjustments resulting from the annual audit required in K.A.R. 112-104-6 shall be recorded in the accounting records of the year to which the adjustment relates. If the adjustments were not reflected in any annual report and the commission concludes that the ad-

justments are significant, the facility manager may be required by the executive director to file a revised annual report. The revised filing shall be due within 30 calendar days after written notification to the facility manager, unless the facility manager submits a written request for an extension before the required filing date and the extension is granted by the executive director.

(i) Additional financial reports may be requested in writing by the executive director to determine compliance by the facility manager with the act and this article. (Authorized by and implementing K.S.A. 2010 Supp. 74-8772; effective Sept. 26, 2008; amended Dec. 9, 2011.)

112-104-6. Annual audit; other reports; currency transaction reporting; suspicious transaction reporting.

(a) Each facility manager's internal control system shall include internal controls for annual and other audit reports. The internal controls shall be submitted to and approved by the commission according to K.A.R. 112-104-1. Each facility manager shall cause its annual financial statements to be audited by an independent certified public accountant or, when appropriate, an independent registered certified public accounting firm licensed to practice in this state. The audit shall be in accordance with generally accepted auditing standards and, when applicable, the standards of the public company accounting oversight board. The independent certified public accountant or, when appropriate, independent registered certified public accounting firm shall be approved by the executive director before the audit engagement.

(b) Independent certified public accountants and independent registered certified public accounting firms performing annual audits or special reports shall not perform internal audit services for the same facility manager.

(c) The annual financial statements audit shall be prepared on a comparative basis for the current and prior fiscal years and present financial position and results of operations in conformity with generally accepted accounting principles.

(d) The financial audit required by this regulation shall include a footnote reconciling and explaining any differences between the financial statements included in any annual report filed in conformity with K.A.R. 112-104-5 and the audited financial statements. The footnote shall disclose the effect of adjustments on the following:

(1) Revenue from the operation of EGMs;

(2) EGM revenue minus expenses for complementaries;

(3) total costs and expenses;

(4) income before extraordinary items, as that term is used within GAAP; and

(5) net income.

(e) The facility manager shall require the independent certified public accountant or independent registered certified public accounting firm auditing the facility manager's financial statements to render the following additional reports:

(1) A report on the prospective financial statements, including a one-year forecast and three-year projection, expressing an opinion as to whether the prospective financial information is properly prepared on the basis of the assumptions and is presented in accordance with the relevant financial reporting framework; and

(2) any additional relevant reports if required by the executive director.

(f) At any time a special audit of a facility manager may be required by the commission to be conducted by commission personnel, an independent certified public accountant, or an independent registered certified public accounting firm licensed to practice in the state of Kansas. The scope, procedures, and reporting requirements of any special audit shall be established by the executive director.

(g) Copies of the audited financial statements in an amount determined by the executive director, together with any management letter or report prepared regarding that statement by the facility manager's independent certified public accountant or independent registered certified public accounting firm, shall be filed with the commission not later than 120 days after the end of the facility manager's fiscal year.

(h) The facility manager shall prepare a written response to the independent certified public accountant's or independent registered certified public accounting firm's reports required by subsection (e). The response shall indicate, in detail, any corrective actions taken. The facility manager shall submit a copy of the response to the commission within 90 days of receipt of the reports.

(i) The facility manager shall file with the commission copies of the reports required by subsection (e) in an amount determined by the executive director and copies in an amount determined by the executive director of any other reports on internal controls, administrative controls, or other matters relative to the facility manager's account-

ing or operating procedures rendered by the facility manager's independent certified public accountant or independent registered certified public accounting firm within 120 days following the end of the facility manager's fiscal year or upon receipt, whichever is earlier.

(j) The facility manager shall submit to the commission three copies of any report that is filed, or required to be filed, with the securities and exchange commission (SEC) or other securities regulatory agency. The reports shall include any S-1, 8-K, 10-Q, 10-K, proxy or information statements, and registration statements. The reports shall be filed with the commission within 10 days of whichever of the following occurs first:

(1) The filing of the report with the SEC or other securities regulatory agency; or

(2) the due date prescribed by the SEC or other securities regulatory agency.

(k) If an independent certified public accountant or independent registered certified public accounting firm previously engaged as the principal accountant to audit the facility manager's financial statements resigns or is dismissed as the facility manager's principal accountant or if another independent certified public accountant or independent registered certified public accounting firm is engaged as principal accountant, the facility manager shall file a report with the commission within 10 days following the end of the month in which the event occurs, setting forth the following:

(1) The date of the resignation, dismissal, or engagement;

(2) an indication of whether in connection with the audits of the two most recent years preceding a resignation, dismissal, or engagement there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, including a description of each disagreement. The disagreements to be reported shall include those resolved and those not resolved; and

(3) an indication of whether the principal accountant's report on the financial statements for either of the past two years contained an adverse opinion or disclaimer of opinion or was qualified. The nature of the adverse opinion, disclaimer of opinion, or qualification shall be described.

(l) The facility manager shall request the former accountant to furnish to the facility manager a letter addressed to the commission stating whether that accountant agrees with the statements made

by the facility manager in response to paragraph (k)(2). The letter shall be filed with the commission as an exhibit to the report required by paragraph (k)(2).

(m) All of the audits and reports required by this regulation that are performed by independent certified public accountants or independent registered certified public accounting firms shall be prepared at the sole expense of the facility manager.

(n) Each facility manager's internal control system shall include internal controls to meet the requirements of 31 C.F.R. Part 103 for the reporting of certain currency transactions. The internal controls shall be submitted to and approved by the commission according to K.A.R. 112-104-1.

(1) The facility manager shall file with the commission a copy of any suspicious activity report-casino (SARC) that the facility manager is required to file under 31 C.F.R. §103.21. Each SARC shall be filed with the commission concurrently with the federal filing.

(2) A facility manager, director, officer, employee, or agent who reports a suspicious activity under paragraph (n)(1) shall not notify any person involved in the suspicious activity that the suspicious activity has been reported.

(3) The facility manager shall file with the commission a copy of any currency transaction report by casino (CTRC) that the facility manager is required to file under 31 C.F.R. §103.22. Each CTRC shall be filed with the commission concurrently with the federal filing.

(o) An annual audit of the facility manager's compliance with commission regulations may be required by the executive director to be conducted in accordance with generally accepted auditing standards and the standards for financial audits under government auditing standards. The audit report shall require the expression of an opinion on compliance. The audit shall be conducted by either commission staff or an independent certified public accountant firm selected by the commission. (Authorized by and implementing K.S.A. 2010 Supp. 74-8772; effective Sept. 26, 2008; amended Dec. 9, 2011.)

112-104-8. Retention, storage, and destruction of books, records, and documents.

(a) Each facility manager's internal control system shall include internal controls for retention, storage, and destruction of books, records, and documents.

(b) For the purposes of this regulation, "books, records, and documents" shall mean any book, record, or document pertaining to, prepared in, or generated by the operation of the gaming facility, including all forms, reports, accounting records, ledgers, subsidiary records, computer-generated data, internal audit records, correspondence, and personnel records required by this article to be generated and maintained by this article. This definition shall apply without regard to the medium through which the record is generated or maintained, including, paper, magnetic media, and encoded disk.

(c) The facility manager shall ensure that all original books, records, and documents pertaining to the operation of a gaming facility meet the following requirements:

(1) Are prepared and maintained in a complete, accurate, and legible form. Electronic data shall be stored in a format that ensures readability, regardless of whether the technology or software that created or maintained the data has become obsolete;

(2) are retained at the site of the gaming facility or at another secure location approved under subsection (e);

(3) are kept available for inspection by agents of the commission and the Kansas lottery during all hours of operation;

(4) are organized and indexed in a manner to provide accessibility upon request to agents of the commission and the Kansas lottery; and

(5) are destroyed only after expiration of the minimum retention period specified in subsection (d). However, upon the written request of a facility manager and for good cause shown, the destruction at an earlier date may be permitted by the executive director.

(d) Each facility manager shall retain the original books, records, and documents for at least seven years, with the following exceptions:

(1) Gaming tickets reported to the commission as possibly counterfeit, altered, or tampered with shall be retained for at least two years.

(2) Coupons entitling patrons to cash or LFG credits, whether unused, voided, or redeemed, shall be retained for at least six months.

(3) Voided gaming tickets and gaming tickets redeemed at a location other than an LFG or a kiosk shall be retained for at least six months.

(4) Gaming tickets redeemed at an LFG or a kiosk shall be retained for at least 30 days.

(e) Any facility manager may request, in writing, that the executive director approve a location out-

side the gaming facility to store original books, records, and documents. The request shall include the following:

(1) A detailed description of the proposed off-site facility, including security and fire safety systems; and

(2) the procedures under which the commission and the Kansas lottery will be able to gain access to the original books, records, and documents retained at the off-site facility.

(f) Any facility manager may request in writing that the executive director approve an unalterable media system for the copying and storage of original books, records, and documents. The request shall include a description of the following:

(1) The processing, preservation, and maintenance methods that will be employed to ensure that the books, records, and documents are available in a format that makes them readily available for review and copying;

(2) the inspection and quality control methods that will be employed to ensure that the media, when displayed on a viewing machine or reproduced on paper, exhibit a high degree of legibility and readability;

(3) the accessibility by the commission and the Kansas lottery at the gaming facility or other location approved by the executive director and the readiness with which the books, records, or documents being stored on media can be located, read, and reproduced; and

(4) the availability of a detailed index of all stored data maintained and arranged in a manner to permit the location of any particular book, record, or document, upon request.

(g) Nothing in this regulation shall be construed as relieving a facility manager from meeting any obligation to prepare or maintain any book, record, or document required by any other federal, state, or local governmental body, authority, or agency. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-104-13. Patron deposits. (a) Each facility manager's internal control system shall include internal controls for the receipt and withdrawal of patron deposits. The internal controls shall be submitted to and approved by the commission according to K.A.R. 112-104-1.

(b) At the request of a patron, a facility manager may hold cash, funds accepted by means of wire transfer in accordance with K.A.R. 112-104-11,

or cash equivalents accepted in accordance with K.A.R. 112-104-12 for a patron's subsequent use for gaming purposes. For the purposes of this regulation, non-cash items shall be considered converted to cash and deposited as cash for credit to the patron in a patron deposit account maintained in the cage.

(c) The internal controls developed and implemented by the facility manager under subsection (a) shall include the following:

(1) A requirement that patron deposits be accepted at the cage according to the following requirements:

(A) A file for each patron shall be prepared manually or by computer before the acceptance of a cash deposit from a patron by a gaming cashier, and the file shall include the following:

(i) The name of the patron;

(ii) a unique identifying number obtained from a United States government-issued photo identification card or a government-issued passport;

(iii) the date and amount of each cash deposit initially accepted from the patron;

(iv) the date and amount of each request accepted from the patron, as a draw against a cash deposit; and

(v) the date and amount of each cash deposit redemption;

(B) the gaming cashier accepting a deposit shall prepare a patron deposit form and other necessary documentation evidencing the receipt;

(C) patron deposit forms shall be serially pre-numbered, each series of patron deposit forms shall be used in sequential order, and the series number of all patron deposit forms shall be accounted for by employees with no incompatible function. All original and duplicate void patron deposit forms shall be marked void and shall require the signature of the preparer;

(D) for establishments in which patron deposit forms are manually prepared, a prenumbered two-part form shall be used;

(E) for establishments in which patron deposit forms are computer-prepared, each series of patron deposit forms shall be a two-part form and shall be inserted in a printer that will simultaneously print an original and duplicate and store, in machine-readable form, all information printed on the original and duplicate. The stored data shall not be susceptible to change or removal by any personnel after preparation of a patron deposit form;

(F) on the original and duplicate of the patron deposit form, or in stored data, the gaming cashier shall record the following information:

(i) The name of the patron making the deposit;
(ii) a unique identifying number obtained from a United States government-issued photo identification card or a government-issued passport;
(iii) the total amount being deposited;
(iv) the date of deposit;
(v) the signature of the gaming cashier or, if computer-prepared, the identification code of the gaming cashier; and

(vi) nature of the amount received, including cash, cash equivalents, wire transfer, or electronic fund transfer; and

(G) after preparation of the patron deposit form, the gaming cashier shall obtain the patron's signature on the duplicate copy and shall distribute the copies in the following manner:

(i) If an original, give a copy to the patron as evidence of the amount placed on deposit with the facility manager; and

(ii) if a duplicate copy, forward the copy along with any other necessary documentation to the main bank cashier, who shall maintain the documents;

(2) a requirement that patron deposits be withdrawn by the patron at the cage or upon receipt by the facility manager of a written request for withdrawal whose validity has been established:

(A) A patron shall be allowed to use the deposit by supplying information as required by K.A.R. 112-104-10 to verify the patron's identification:

(i) The gaming cashier shall ascertain, from the cage, the amount of the patron deposit available and request the amount the patron wishes to use against this balance. The gaming cashier shall prepare a patron deposit withdrawal form, which shall include the signature of the patron; and

(ii) the gaming cashier shall verify the signature on the patron deposit withdrawal form with the signature on the patron deposit form and sign the patron deposit withdrawal form to indicate verification;

(B) the patron's deposit balance shall be reduced by an amount equal to that on the patron deposit withdrawal form issued at the cage;

(C) a patron may obtain a refund of any unused portion of the patron's funds on deposit by performing either of the following:

(i) Sending the facility manager a signed, written request for a refund together with a signed, original patron deposit form; or

(ii) appearing personally at the cage, requesting the refund, and returning the original patron deposit form;

(D) once the original patron deposit form is presented at a cage, a gaming cashier shall perform the following:

(i) Verify the unused balance with the main bank gaming cashier;

(ii) require the patron to sign the original of the patron deposit form;

(iii) prepare necessary documentation evidencing the refund, including a patron deposit withdrawal form or any other similar document that evidences the date and shift of preparation, the amount refunded, the nature of the refund made, the patron's name, and the signature of the gaming cashier preparing the documentation; and

(iv) verify the patron's identity with a United States government-issued photo identification card or a government-issued passport;

(E) the gaming cashier shall forward each original patron deposit form tendered by the patron pursuant to paragraph (c)(2)(D), along with any other necessary documentation, to the main bank gaming cashier, who shall compare the patron's signature on the original patron deposit form and any attached written, signed request required by paragraph (c)(2)(A)(i) to the patron's signature on the duplicate patron deposit form and on the original patron deposit withdrawal form. The main bank gaming cashier shall sign the original patron deposit form if the signatures are in agreement, notify the gaming cashier of the results of the comparison, and maintain the original patron deposit form and the documentation supporting the signature verification; and

(F) if the patron has requested the return of the patron's original deposit, the main bank gaming cashier shall return the patron's original patron deposit form to the gaming cashier. After the main bank gaming cashier has notified the gaming cashier that the signatures contained in paragraph (c)(2)(E) are a match, the gaming cashier shall then refund the unused balance of the deposit to the patron and, if applicable, return the original patron deposit form to the patron. The gaming cashier shall maintain any necessary documentation to support the signature verification and to evidence the refund;

(3) a requirement that the patron receive a receipt for any patron deposit accepted reflecting the total amount deposited, the date of the deposit, and the signature of the cage employee accepting the patron deposit; and

(4) procedures for verifying the identity of the patron at the time of withdrawal. Signature ver-

ification shall be accomplished in accordance with the signature verification procedures under K.A.R. 112-104-10. The facility manager shall maintain adequate documentation evidencing the patron identification process and the procedure for signature verification:

(A) A log of all patron deposits received and returned shall be prepared manually or by a computer on a daily basis by main bank gaming cashiers. The log shall include the following:

(i) The balance of the patron deposits on hand in the cage at the beginning of each shift;

(ii) for patron deposits received and refunded, the date of the patron deposit or refund, the patron deposit number, the name of the patron, and the amount of the patron deposit or refund; and

(iii) the balance of the patron deposits on hand in the cage at the end of each shift; and

(B) the balance of the patron deposits on hand in the cage at the end of each shift shall be recorded as an outstanding liability and accounted for by the main bank gaming cashier. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-104-14. Cage and main bank. (a) Each facility manager's internal control system shall include internal controls for the cage and the main bank. The internal controls shall be submitted to and approved by the commission according to K.A.R. 112-104-1. Each gaming facility shall have, adjacent to the gaming floor, a physical structure known as a cage. The cage shall house the cashiers and serve as the central location in the gaming facility for functions normally associated with the cage and the main bank, including the following:

(1) The custody of the cage inventory comprised of cash, cash equivalents, gaming chips, and the forms, documents, and records normally associated with the functions of a cage;

(2) the issuance, receipt, and reconciliation of imprest funds used by gaming cashiers, parimutuel tellers, and change persons in the acceptance of currency and coupons from patrons in exchange for currency;

(3) the exchange of currency, coin, gaming chips, and coupons for supporting documentation;

(4) the responsibility for the overall reconciliation of all documentation generated by gaming cashiers, parimutuel tellers, and change persons; and

(5) the receipt of currency, coupons, and tickets from the count room.

(b) The cage and the main bank shall provide maximum security for the materials housed, the employees located, and the activities performed in the cage and the main bank. The cage and the main bank shall meet all of the following requirements, at a minimum:

(1) The cage and the main bank shall be fully enclosed except for openings through which materials, including cash, records, and documents, can be passed to patrons, gaming cashiers, parimutuel tellers, and change persons.

(2) The cage and the main bank shall have manually triggered silent alarm systems located at the cashiers' window, vault, and in adjacent office space. The systems shall be connected directly to the monitoring room of the surveillance department and to the security department.

(3) The cage shall have a double-door entry and exit system that does not permit a person to pass through the second door until the first door is securely locked. In addition, all of the following requirements shall apply:

(A) The first door leading from the gaming floor of the double-door entry and exit system shall be controlled by the surveillance department through a commission-approved electronic access system designed and administered to provide a record of each entry authorization, including the authorizing employee's name and license number and the date and time of the authorization.

(B) The second door of the double-door entry and exit system shall be controlled by the cage through a commission-approved electronic access system designed and administered to provide a record of each entry authorization, including the authorizing employee's name and license number and the date and time of authorization.

(C) The double-door entry and exit system shall have surveillance coverage, which shall be monitored by the surveillance department.

(D) An entrance to the cage that is not a double-door entry and exit system shall be an alarmed emergency exit door only.

(4) Each door of the double-door entry and exit system shall have two separate commission-approved locking mechanisms.

(c) Any gaming facility may have one or more satellite cages separate and apart from the cage, established to maximize security, efficient operations, or patron convenience. The employees in a satellite cage may perform all of the functions of the employees in the cage. Each satellite cage shall be equipped with an alarm system in compli-

ance with paragraph (b)(2). The functions that are conducted in a satellite cage shall be subject to the accounting controls applicable to a cage specified in K.A.R. 112-104-16.

(d) Each facility manager shall maintain and make available to the commission, upon request, a detailed and current list of the name of each employee meeting either of the following conditions:

(1) Possessing the combination to the locks securing the double-door entry and exit system restricting access to the cage and the main bank, any satellite cage, and the vault; or

(2) possessing the ability to activate or deactivate alarm systems for the cage, the main bank, any satellite cage, and the vault. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-104-15. Count room and main bank requirements. (a) Each facility manager shall have a count room and a main bank. The count room and the main bank shall be adjacent to the cage.

(b) Each count room and main bank shall meet both of the following requirements:

(1) Both rooms shall have a metal door for each entrance and exit. Each of these doors shall be equipped with an alarm device that audibly signals the surveillance department monitoring room and the security department whenever the door is opened at times other than those times for which the facility manager has provided prior notice according to K.A.R. 112-104-20.

(2) Each entrance and exit door shall be equipped with two separate commission-approved locking mechanisms. The combinations shall be maintained and controlled as follows:

(A) One of the commission-approved locking mechanisms shall be controlled by the surveillance department.

(B) Each entry shall be maintained in a log indicating the name and license number of each employee who entered the count room or the main bank and the date and time of the entry.

(c) The following shall be located within the count room:

(1) A table constructed of clear glass or similar material for the emptying, counting, and recording of the contents of bill validator canisters; and

(2) surveillance cameras capable of video monitoring the following:

(A) The entire count process; and

(B) the interior of the count room, including any storage cabinets or trolleys used to store bill

validator canisters, and any commission-approved trolley storage area located adjacent to the count room.

(d) The following shall be located within the main bank:

(1) A vault or locking cabinets, or both, for the storage of currency and gaming chips; and

(2) surveillance cameras capable of video monitoring the following:

(A) Interior of the vault room, including unobstructed views of counting surfaces;

(B) the exchange of currency, gaming chips, and documentation through any openings; and

(3) a secure opening through which only currency, gaming chips, and documentation can be passed to gaming cashiers, parimutuel tellers, and change persons. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-104-16. Accounting controls for the cage and main bank. (a) Each facility manager's internal control system shall include internal controls for cage and main bank accounting. The internal controls shall be submitted to and approved by the commission according to K.A.R. 112-104-1. If the facility manager elects to use a satellite cage, the same requirements shall apply.

(b) The facility manager shall provide the commission with the start and end times of each cage and main bank shift.

(c) The assets for which gaming cashiers are responsible shall be maintained on an imprest basis and protected from unauthorized access. Gaming cashiers shall lock and secure any assets that are outside of their direct physical control.

(1) Before redeemed tickets are transferred from a cage window to the main bank, the gaming cashier shall prepare an automated system report of the total number and value of the tickets redeemed at that window and compare that report to physical tickets being transferred to ensure that they match. Before reimbursing the cashier, the main bank cashier shall total the tickets received to verify that the dollar amount matches the amount on the gaming cashier's report or shall compare the tickets to the report to ensure that all tickets are present.

(2) Only tickets redeemed in the system shall be forwarded to accounting. If the online validation system ceases to function through the end of the gaming day and the cage is unable to redeem in the system any tickets received in the cage that

day, these unredeemed tickets shall have the bar code manually canceled by completely filling in one space of the bar code with a black permanent marker before being forwarded to accounting to prevent subsequent automated redemption.

(3) At the end of each shift, the outgoing gaming cashier shall count all assigned assets and prepare and sign a bank count sheet listing the inventory. A reconciliation of the opening imprest amount to the closing inventory total shall be performed. Any variance shall be documented on the count sheet.

(4) The incoming gaming cashier shall verify by blind count the closing inventory and sign the count sheet in the presence of the outgoing gaming cashier, attesting to accuracy of the information recorded on the sheet. If there is no incoming gaming cashier, a gaming cashier supervisor or the most senior supervisor in the department shall verify by blind count the closing inventory and sign the count sheet in the presence of the outgoing gaming cashier, attesting to accuracy of the information recorded on the sheet. At the completion of each shift, the cashier count sheets shall be forwarded to the main bank cashier.

(d) If an imprest bank has not been opened for use, a main bank cashier or supervisor shall count and verify the imprest bank and complete a count sheet at least once every seven days.

(e) At the opening of every shift, in addition to the imprest funds normally maintained by gaming cashiers, each facility manager shall have in the cage a reserve cash bankroll sufficient to pay winning patrons.

(f) The cage, any satellite cage, and the main bank shall be physically segregated by personnel and function as follows:

(1) Gaming cashiers shall operate with individual imprest inventories of cash, and their functions shall include the following:

(A) The receipt of cash and cash equivalents from patrons in exchange for cash according to K.A.R. 112-104-12;

(B) the receipt of personal checks for gaming and non-gaming purposes from patrons in exchange for cash, subject to any limitations on amount required by the commission according to K.A.R. 112-104-10;

(C) the receipt of cash, cash equivalents, checks issued by the facility manager, annuity jackpot checks, wire transfers, and cashless fund transfers from patrons to establish a patron deposit according to K.A.R. 112-104-13;

(D) the receipt of patron deposit forms from patrons in exchange for cash according to K.A.R. 112-104-13;

(E) the preparation of jackpot payout slips in accordance with this regulation and K.A.R. 112-104-21;

(F) the receipt of gaming tickets from patrons or from authorized employees who received gaming tickets as gratuities, in exchange for cash; and

(G) the issuance of cash to automated bill breaker, gaming ticket, coupon redemption, and jackpot payout machines in exchange for proper documentation.

(2) The main bank cashier functions shall include the following:

(A) The receipt of cash, cash equivalents, gaming tickets, jackpot payout slips, and personal checks received for gaming and non-gaming purposes from gaming cashiers in exchange for cash;

(B) the receipt of cash from the count rooms;

(C) the receipt of personal checks accepted for gaming and non-gaming purposes from gaming cashiers for deposit;

(D) the preparation of the overall cage reconciliation and accounting records. All transactions that are processed through the main bank shall be summarized on a vault accountability form and be supported by documentation according to the following:

(i) At the end of each shift, the outgoing main bank cashier shall count the inventory and record the inventory detail and the total inventory on a vault accountability form. The main bank cashier shall also record the amount of each type of accountability transaction, the opening balance, the closing balance, and any variance between the counted inventory and the closing balance. If there is more than one main bank cashier working during a shift, each cashier shall participate in the incoming count and the outgoing count for that shift; and

(ii) a blind count of the inventory shall be performed by the incoming main bank cashier. The incoming main bank cashier shall sign the completed vault accountability form attesting to the accuracy of the information in the presence of the outgoing main bank cashier. If there is no incoming main bank cashier, a cage supervisor shall conduct the blind count and verification and sign the completed vault accountability form in the presence of the outgoing main bank cashier;

(E) the preparation of the daily bank deposit for cash, cash equivalents, and personal checks;

(F) the issuance, receipt, and reconciliation of imprest funds used by gaming cashiers, parimutuel tellers, and change persons;

(G) the collection of documentation that is required by these regulations to establish the segregation of functions in the cage;

(H) the responsibility for the reserve cash bankroll;

(I) the receipt of unsecured currency and unsecured gaming tickets and preparation of related reports; and

(J) the issuance, receipt, and reconciliation of imprest funds used by any redemption kiosk, which shall be done according to the following requirements:

(i) Redemption kiosks shall be maintained on an imprest basis on the main bank accountability form and shall be counted down and reconciled within 24 hours of adding funds to or removing funds from the redemption kiosk. In order to reconcile the redemption kiosk, all currency, tickets, and coupons remaining in the redemption kiosk shall be removed, counted, and compared to the redemption kiosk report that lists the amount of each item that should have been in the redemption kiosk. Each redemption kiosk shall be reconciled at least once every three days regardless of activity at that kiosk. If redemption kiosks are used for any other type of transaction, including providing automated teller machine functions, corresponding reports shall be printed and reconciled during the kiosk reconciliation. The internal controls shall include a record of the name of each person who performs the count and reconciliation. All kiosk counts shall be performed under dedicated surveillance coverage in the count room or main bank and shall be documented. The reconciliation of the redemption kiosk shall be documented and signed by the employee performing the reconciliation;

(ii) the main bank shall have a designated area for the preparation of currency cassettes and a designated storage area for cassettes that contain cash. Both locations shall be described in the internal controls. The designated preparation area shall have overhead, dedicated surveillance coverage. The storage area of the cassettes shall have dedicated surveillance coverage to record the storage and retrieval of currency cassettes. The storage area shall be locked when cassettes are not being removed or added to the area. Empty currency cassettes shall not be stored with the currency cassettes containing cash;

(iii) all currency cassettes used in kiosks shall be filled with currency by a main bank cashier. The amount of currency to be placed in the cassettes shall be counted by the main bank cashier and placed in the cassette. A prenumbered tamper-resistant seal that secures the cash in each cassette shall be immediately placed on the cassette. The type of seal shall be submitted to the commission director of security for prior approval. All cassettes that contain currency and are not immediately placed in a kiosk shall be stored in the designated storage area;

(iv) a currency cassette log shall be maintained and updated each time currency cassettes are sealed. The log shall contain the following information: date, time, seal number, cassette number, amount of currency in the cassette, denomination of currency in the cassette, and signature of the main bank cashier who prepared the cassette;

(v) each cassette shall be labeled with the required dollar denomination for that cassette and a unique cassette number. The label shall be clearly visible to surveillance during the fill process;

(vi) each individual transporting currency cassettes outside of the cage shall be escorted by security;

(vii) only cassettes properly prepared and sealed in the main bank shall be used to place currency in the redemption kiosk. A seal may be broken before the count and reconciliation only if there is a machine malfunction. If a seal must be broken before the redemption kiosk is reconciled due to a malfunction, the cassette shall be brought to the main bank with security escort before the seal is broken. The seal shall be broken under surveillance coverage. Once the cassette is repaired, the funds shall be recounted and resealed by the main bank cashier;

(viii) the individual who removed the seal on the cassette in order to perform the count of the cassettes shall record the seal number of all cassettes used in the kiosk since the last reconciliation on the count and reconciliation documentation;

(ix) the individual who reconciles the redemption kiosk shall not be one of the individuals who initially prepared the currency in any of the cassettes used in the kiosk since the last reconciliation; and

(x) if cassettes need to be replaced during the gaming day before the redemption kiosk is dropped and reconciled, the individual cassettes that are replaced and that still contain currency shall be locked in a storage area designated in the

internal controls. This storage area shall be separate from the storage area of filled cassettes.

(g)(1) Whenever a gaming cashier, parimutuel teller, or change person exchanges funds with the main bank cashier, the cashier shall prepare a two-part even exchange form. The form shall include the following, at a minimum:

- (A) The date of preparation;
- (B) the window location;
- (C) a designation of which items are being sent to or received from the main bank;
- (D) the type of items exchanged;
- (E) the total of the items being exchanged;
- (F) the signature of the cashier preparing the form requesting the exchange; and
- (G) the signature of the cashier completing the exchange.

(2) If the exchange is not physically between a gaming cashier, parimutuel teller, or change person and the main bank, the exchange shall be transported by a representative of the security department, who shall sign the form upon receipt of the items to be transported.

(h) Overages and shortages per employee shall be documented on a cage or bank variance slip, which shall be signed by the responsible cashier and that person's supervisor. Each variance in excess of \$50 shall be investigated and the result of the investigation shall be documented. If there is a variance of \$500 or more, the commission agent on duty shall be informed within 24 hours. Repeated shortages by an employee totaling \$500 or more over any seven-day period shall be reported to the commission agent on duty within 24 hours.

(i) All cashier's paperwork shall include the date, shift of preparation, and location for which the paperwork was prepared.

(j) At the end of each gaming day, the cashiers' original bank count sheet, vault accountability form, and related documentation shall be forwarded to the accounting department for verification of agreement of the opening and closing inventories, agreement of amounts on the sheets with other forms, records, and documents required by this article, and recording transactions.

(k) Each facility manager shall establish a training program for gaming cashiers and main bank cashiers, which shall include written standard operating procedures. No cashier shall be allowed to individually perform gaming cashier duties until the cashier has completed at least 40 hours of training. No cashier shall be allowed to individual-

ly perform main bank cashier duties until the cashier has completed at least 80 hours of training.

(l) Each gaming facility employee shall clear that individual's hands in view of all persons in the immediate area and surveillance immediately after the handling of any currency or gaming chips within the cage, main bank, or count room.

(m) No employee shall be permitted to carry a pocketbook or other personal container into any cashiering area unless the container is transparent. All trash shall be placed in a transparent container or bag and inspected by security when removed from the cashiering area. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-104-32. Unclaimed winnings.

(a) Each facility manager's internal control system shall include internal controls for unclaimed winnings. The internal controls shall be submitted to and approved by the commission according to K.A.R. 112-104-1.

(b) All winnings, whether property or cash, that are due and payable to a known patron and remain unclaimed shall be held in safekeeping for the benefit of the known patron.

(c)(1) If winnings have not been provided to a known patron, the facility manager shall prepare a winner receipt form. The form shall be a two-part, serially prenumbered form and shall contain the following:

- (A) The name and address of the patron;
- (B) a unique identifying number obtained from a United States government-issued photo identification card or a government-issued passport;
- (C) the date and time the winning occurred; and
- (D) the LFG upon which the win occurred, including the following:

- (i) The LFG asset number;
- (ii) the location; and
- (iii) the winning combination.

(2) The two-part receipt form shall be distributed as follows:

(A) The preparer of the original shall send the original to the gaming cashier responsible for maintaining safekeeping balances.

(B) The duplicate shall be presented to the winning patron, who shall be required to present the duplicate receipt before being paid the winning amount due.

(d) Each facility manager shall be required to use its best efforts to deliver the winnings to the patron. The facility manager shall maintain doc-

umentation of all efforts to provide the patron with the unclaimed winnings. Documentation shall consist of letters of correspondence or notation of telephone calls or other means of communication used in the attempt to provide the winnings to the patron.

(e) Each winning patron shall collect that patron's winnings by presenting to a gaming cashier the duplicate copy of the winner receipt form signed in the presence of the gaming cashier. The gaming cashier shall obtain the original winner receipt form from safekeeping and compare the signature on the original to the signature on the duplicate receipt form. The gaming cashier shall sign the original winner receipt form, attesting that the signatures on the original and duplicate receipt forms agree, and then distribute the winnings to the patron.

(f) The gaming cashier shall retain the original receipt form as evidence of the disbursement from the gaming cashier's funds. The duplicate receipt form shall be placed in a box for distribution to accounting by security or someone who did not participate in the transaction.

(g) Undistributed winnings of any known patron held in safekeeping for 12 months or longer shall revert to the Kansas state treasurer's office in accordance with unclaimed property laws after reasonable efforts to distribute the winnings to the known patron, as determined from review of the documentation maintained.

(h)(1) If the identity of any patron who wins more than \$1,200 is not known, the facility manager shall be required to make a good faith effort to learn the identity of the patron. If the identity of the patron is determined, the facility manager shall comply with subsections (b) through (g).

(2) If a patron's identity cannot be determined after 180 days from the time the patron's winnings were payable, the winnings shall be distributed according to the formula contained in the gaming facility's management contract. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-104-34. Physical key controls; automated key controls. (a) "Sensitive keys" shall mean those unlocking devices designated by the Kansas lottery, a facility manager, or the commission as important to preserving the security of the facility manager's business. Each facility manager shall control the storage, duplication, custody, issuance, and return of sensitive keys. The sensitive

key box may be stored in each facility manager's accounting department. At a minimum, the following keys shall be deemed sensitive keys:

(1) The EGM belly glass key;
(2) the tip box key, sometimes called a "toke box" key; and

(3) the accounting or audit box key.

(b) Sensitive keys may be further designated as "critical." Critical keys shall mean those unlocking devices that shall be maintained in a dual-lock box. If a critical key is lost or becomes missing, all locks that the key fits shall be changed within 24 hours. At a minimum, the following keys shall be deemed critical keys:

(1) The EGM central processing unit key;
(2) the EGM main door key;
(3) the EGM drop door key;
(4) the bill validator door and box release key;
(5) the bill validator contents key;
(6) the jackpot or EGM reimpressionment kiosk keys;

(7) the self-redemption or bill breaker kiosk keys;

(8) the change cart key;
(9) the key for each table game's drop box;
(10) the key for the table game drop box release;
(11) the keys for the bill validator and table drop storage cart;

(12) the key for each table game's chip bank cover;

(13) the key for each table game's chip tray;
(14) the key for each progressive game's controller;

(15) the key for each progressive game's reset switch;

(16) the keys for the reserve chip storage;
(17) the keys for the card and dice storage area;
(18) the keys for the secondary chip storage area;
(19) the access door key to any cage, EGM bank, or redemption booth;

(20) the window key to any cage, EGM bank, or redemption booth;

(21) the keys to the vault;
(22) the keys to the soft count room; and
(23) any key not listed in this subsection that

controls access to any cash or chip storage area.

(c) If a facility manager chooses to use rings to maintain its keys, each key on the ring shall be individually identified on a key access list.

(d) Each facility manager's internal control system shall include the following information:

(1) The location of each sensitive key and critical key box;

(2) each employee or contract job title that is authorized to access the sensitive key or critical key boxes;

(3) the procedure for issuing and controlling the keys for the sensitive key or critical key boxes;

(4) the sensitive key or critical key names, location, and persons authorized to sign out each sensitive key or critical key;

(5) the location and custodian of each duplicate sensitive key; and

(6) continuous surveillance coverage of each key box.

(e) If a facility manager chooses to use an automated key control system, the facility manager's internal control system shall include the following information:

(1) A description of the automated system and its configuration, including how access is controlled;

(2) the system's ability to provide scheduled and on-demand reports for a complete audit trail of all access, including the following:

(A) The identity of the key box;

(B) the identity of the employee;

(C) the identity of the keys;

(D) the date and time a key was removed;

(E) the date and time a key was returned;

(F) any unauthorized attempts to access the key box; and

(G) all entries, changes, or deletions in the system and the name of the employee performing the entry, change, or deletion;

(3) the employee position that is in charge of any automated key control system;

(4) each employee position that is authorized to enter, modify, and delete any keys;

(5) each employee position that is authorized to access the system;

(6) details about the alarms being used to signal for the following events:

(A) Overdue keys;

(B) open key box doors;

(C) unauthorized attempts to access; and

(D) any other unusual activities;

(7) any system override procedures; and

(8) a procedure for the notification of a commission security agent on duty if a partial or complete system failure occurs.

(f) Each individual authorized to access keys in the automated system shall have the authorization noted in the employee's personnel file.

(g) Each change to the list of authorized employees that have access to the automated keys

shall be updated within 72 hours of the change. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Oct. 16, 2009.)

112-104-35. Key control procedures. (a) Each facility manager's internal controls for keys shall include a key box custodian. Each custodian of a sensitive key box or critical key box shall be issued a sensitive key or critical key access list that notes the authorized employee positions that may access each sensitive key or critical key.

(b) If two keys are required to access a controlled area, then the keys shall be issued to different employees and each key shall be individually signed out of the key access list.

(c) Each key that requires issuance under security or management escort shall be identified as such in the sensitive key or critical key access list. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Oct. 16, 2009.)

112-104-36. Key access list. (a) Each facility manager shall maintain a current and accurate key access list for each sensitive key or critical key. Each facility manager shall provide a copy of the key access list to the commission's director of security. The key access list shall include the following details:

(1) The name of the key;

(2) the storage location of the key;

(3) the name of the custodian of the key;

(4) the quantity of the keys;

(5) the title of each employee authorized to remove the key; and

(6) any escort requirements and specific limitations to key access.

(b) The custodian of duplicate keys shall maintain a key access list documenting the following information:

(1) The name of the keys;

(2) the identification number assigned to the key;

(3) the employee positions that are authorized to remove a key; and

(4) any escort requirements for each key's use.

(c) The internal control system for keys shall indicate which employees have the authority to make changes, deletions, or additions to the sensitive key and critical key access lists. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Oct. 16, 2009.)

112-104-37. Key log. (a) Any sensitive key or critical key may be issued only after completion of a sensitive key or critical key log. The key log shall include the following information:

- (1) The date the key was issued or returned;
- (2) the key number;
- (3) the individual or automated key box issuing the key;
- (4) the individual receiving the key;
- (5) the time the key was signed out or removed;
- (6) the time the key was signed in;
- (7) the individual returning the key; and
- (8) the individual or automated key box receiving the returned key.

(b) Each individual who signs out a sensitive key or a critical key shall maintain custody of the key until the key is returned to the sensitive key or the critical key box. Keys may be passed only to count team leads and distributed to other count team members during bill validator drops and EGM drops. In the event of an emergency, illness, or injury rendering the individual incapable of returning the key, a supervisor may return the key with a notation on the sensitive key log.

(c) Upon completion, sensitive key or critical key logs shall be forwarded at intervals specified by the facility manager to the accounting or internal audit department, where the logs shall be reviewed and retained. If any discrepancies are found in the key logs, the security or internal auditing department shall begin an investigation and document the discrepancy.

(d) Each facility manager shall maintain a duplicate key inventory log documenting the current issuance, receipt, and inventory of all duplicate sensitive keys. The duplicate key inventory log shall include the following information:

- (1) The date and time of the key issuance, receipt, or inventory;
- (2) each key name;
- (3) each key number;
- (4) the number of keys in beginning inventory;
- (5) the number of keys added or removed;
- (6) the number of keys in ending inventory;
- (7) the reason for adding or removing keys; and
- (8) the signatures of the two individuals accessing the box. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Oct. 16, 2009.)

112-104-38. Broken, lost, or missing keys. (a) The internal control system shall include procedures for the following if a critical key or sensitive key is broken:

- (1) The name of the employee required to receive and replace the broken key;
- (2) disposition of the broken key; and

- (3) notification to a commission agent on duty.
- (b) An inventory of duplicate keys shall be maintained in such quantity that there is always at least one duplicate key in inventory for each critical key or sensitive key.

(c) The internal control system shall include procedures to be followed when a sensitive key or critical key is lost, missing, or taken from the premises.

(d) The internal control system shall include procedures for investigating and reporting missing critical keys or sensitive keys. The commission agent on duty shall be notified upon discovery that any sensitive keys or critical keys are missing. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Oct. 16, 2009.)

112-104-39. Corrections to forms. (a) Monetary corrections to a figure originally recorded on a form may be made only in ink by performing the following:

- (1) Crossing out the error;
- (2) entering the correct figure; and
- (3) obtaining the initials of the employee making the change and the initials of the employee's supervisor.

(b) Each nonmonetary correction to a form shall be initialed by the employee making the correction.

(c) Each form that is not prenumbered shall be maintained and controlled by the applicable department manager. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Oct. 16, 2009.)

112-104-40. Manual form dispensers. (a) Each facility manager's accounting or security department shall be responsible for loading and unloading any locked manual form dispenser. Each form unloaded from the dispenser shall be delivered directly to the accounting department.

(b) If the manual form dispenser jams, an employee from the accounting department or security department shall clear the jam and relock the manual form dispenser.

(c) If a facility manager uses a manual form dispenser, then the dispenser shall be configured to dispense a single form at a time, with undispensed forms kept in continuous order. (d) Manual form dispensers shall be used to control the following manual forms:

- (1) Table fill slips;
- (2) table credit slips; and

(3) EGM hand-paid jackpot payout forms. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Oct. 16, 2009.)

112-104-41. Forms; description. (a) Each facility manager shall maintain a supply of all forms listed in subsection (b) and any additional forms that the manager deems necessary to manage the facility. Each facility manager's internal control submission shall include an index of all forms that the manager may use.

(b) The following forms shall be a part of each facility manager's minimum internal controls:

- (1) Inventory ledgers for the following:
 - (A) Date of receipt, count, or issuance of cards or dice;
 - (B) quantity of cards and dice received or issued; and
 - (C) balance of cards or dice inventory on hand;
- (2) a log for card or dice pickup and either cancellation or destruction, including the following details:
 - (A) The date of the form's preparation;
 - (B) the date and time of cancellation or destruction of the cards or dice;
 - (C) the quantity of cards and dice picked up, canceled, or destroyed; and
 - (D) all required signatures;
- (3) a card or dice storage log for the pit area, including the following details:
 - (A) The date of each entry on the log;
 - (B) the quantity and description of all cards and dice placed in the compartment;
 - (C) the quantity and description of all cards and dice removed from the compartment;
 - (D) the current number of each design and color combination of cards and dice; and
 - (E) each daily verification of the current inventory;
- (4) a cashier's cage or vault count sheet, including the following details:
 - (A) The date and time of completion of the count sheet;
 - (B) the location of the cashier's cage;
 - (C) the amount of each type and denomination of funds;
 - (D) the actual count total or closing inventory;
 - (E) the accountability total;
 - (F) the amount of overages or shortages; and
 - (G) each signature required by these regulations for the count sheet;
- (5) a cashier's cage multiple-transaction log, including the following details:

(A) The location of the cashier's cage or bank where the cash transactions occurred;

(B) the date of the multiple-transaction log;

(C) the full name of any patron making multiple transactions, if provided by the patron, or a description to help identify the patron if the patron refuses to provide a name. Each description shall include weight, height, hair color, and any other observed distinguishing features;

(D) the total cash transaction amount; and

(E) the transaction type. The transaction types shall be the following:

(i) Cash-outs, including cashing personal checks and travelers checks;

(ii) chip redemptions. The gaming location shall be included in the comments column;

(iii) deposits for safekeeping;

(iv) deposits out when withdrawing a safekeeping deposit; and

(v) any other transactions not listed in paragraphs (b)(5)(E)(i) through (iv), including each cash transaction payment of EGM jackpots and each exchange of currency for currency;

(F) the time of the transaction;

(G) the signature and commission license number of the employee logging the transaction;

(H) any observed information that would be useful in identifying the patron or explaining the transaction;

(I) the supervisor's signature. The supervisor's signature shall acknowledge the following items:

(i) That the supervisor has reviewed the log and, to the best of the supervisor's knowledge, all cash transactions of \$500 or more have been properly recorded; and

(ii) that all currency transaction reports have been properly completed for all single cash transactions and series of multiple cash transactions in excess of \$10,000; and

(J) the page number and total pages of the log for the gaming day;

(6) a chip inventory ledger, including the following details:

(A) The date of receipt, issuance, and destruction;

(B) the number of each denomination of chips received, issued, or destroyed;

(C) the dollar amount of each denomination of value chips, as defined in K.A.R. 112-108-1, received, issued, or destroyed;

(D) the number and description of non-value chips received, issued, or destroyed;

(E) any required signatures; and

(F) the identification of any primary chips held in reserve with the word “reserve”;

(7) a safekeeping deposit or withdrawal form, including the following details:

(A) Preprinted numbering on all copies;

(B) the name and signature of the patron making the deposit;

(C) the date of each deposit or withdrawal;

(D) the amount of each deposit or withdrawal;

(E) the type of deposit or withdrawal;

(F) the reason for the deposit or withdrawal; and

(G) any required signatures;

(8) a duplicate key inventory log, including the following details:

(A) The date and time of the log’s completion;

(B) the key name;

(C) the key number;

(D) the number of keys in beginning inventory;

(E) the number of keys added or removed;

(F) the number of keys in ending inventory;

(G) the reason for adding or removing keys; and

(H) the required signatures of the two individuals accessing the box;

(9) a tips and gratuity deposit form, including the following details:

(A) The date of completion of the form;

(B) the number of chips listed by denomination;

(C) the total number of all denominations; and

(D) all required signatures;

(10) a temporary bank voucher, including the following details:

(A) The date and time of the voucher’s completion;

(B) the location of the temporary bank;

(C) the amount of funds issued;

(D) the signature from the main bank cashier who is issuing the funds;

(E) the signature of the individual receiving funds;

(F) the signature of the individual returning funds; and

(G) the signature of the main bank cashier receiving returned funds;

(11) a duplication of any critical program storage media log. “Critical program storage media” and “CPSM” shall mean any media storage device containing data, files, or programs, as determined by the commission, that are capable of affecting the integrity of gaming. The duplicate CPSM log shall include the following details:

(A) The date of completion of the form;

(B) the manufacturer of the chip;

(C) the program number;

(D) any personnel involved; and

(E) the disposition of any permanently removed CPSM;

(12) an EGM drop compartment sweeps log, including the following details:

(A) Each EGM number and location;

(B) the date and time of the drop;

(C) the signature of each employee performing the sweep; and

(D) the signature of the supervisor overseeing the drop;

(13) an EGM drop or win report, including the following details:

(A) The gaming date;

(B) the amount wrapped by denomination and totaled;

(C) the dollar value difference by denomination;

(D) the percentage variance difference by denomination;

(E) the total jackpot payouts;

(F) the total drop by denomination;

(G) the total drop of all denominations;

(H) the net win or loss by denomination and total; and

(I) all required signatures;

(14) an EGM entry access log, including the following details:

(A) The EGM number and location;

(B) the date and time of the EGM access;

(C) the reason for entry; and

(D) all required signatures;

(15) an EGM hand-paid jackpot form, including the following details:

(A) The date and time of completion of the form;

(B) an EGM number that required hand payment and the location and denomination of the payment;

(C) the amount of jackpot;

(D) the reel symbols on each EGM jackpot requiring hand payment; and

(E) all required signatures;

(16) an EGM sweeps log, including the following details:

(A) Each EGM number and location;

(B) the date and time of the EGM sweep;

(C) the signature of each employee performing the sweep; and

(D) the signature of the supervisor overseeing the sweep;

(17) an even exchange slip, including the following details:

(A) The date, time, and location of the exchange;

- (B) the amounts to be exchanged by type;
- (C) the amounts to be changed for;
- (D) all required signatures; and
- (E) the total amount exchanged;
- (18) each cage or bank variance slip, including the following details:
 - (A) The date and time of completion of the slip;
 - (B) the location of the bank;
 - (C) the amount of overage or shortage; and
 - (D) all required signatures;
- (19) ingress or egress logs for the count rooms, surveillance rooms, and cages, including the following details:
 - (A) The date and time of each ingress or egress;
 - (B) the printed name of each person entering or leaving;
 - (C) the room entered or left;
 - (D) the reason for entry; and
 - (E) all required signatures;
- (20) a main bank or vault accountability log, including the following details:
 - (A) The date and shift that the accounting was made;
 - (B) the opening balance;
 - (C) the amount of each type of accountability transaction;
 - (D) detail of the total main bank or vault inventory, including the inventory of the following:
 - (i) Currency;
 - (ii) coin;
 - (iii) chips;
 - (iv) safekeeping deposits; and
 - (v) any unclaimed property account;
 - (E) the total main bank or vault inventory;
 - (F) all overages and shortages;
 - (G) the closing balance; and
 - (H) all required signatures;
- (21) a master gaming report, including the following details:
 - (A) The gaming date;
 - (B) the game and table number;
 - (C) the opening table inventory slip;
 - (D) the total fill slips;
 - (E) the total credit slips;
 - (F) the closing table inventory slip;
 - (G) the total drop per table;
 - (H) the overall totals by game;
 - (I) the total win or loss; and
 - (J) all required signatures;
- (22) a RAM clearing slip, including the following details:
 - (A) The date and time that the RAM was cleared;
 - (B) an EGM number, the location, and the number of credits played before the RAM clearing occurred;
 - (C) the current reel positions or video displays;
 - (D) the previous two reel positions or video displays;
 - (E) the actual meter readings of the internal hard and soft meters;
 - (F) the progressive jackpot display, if linked;
 - (G) the reason for RAM clear; and
 - (H) all required signatures;
- (23) the returned check log, including the following details:
 - (A) The name and address of each person who presented the check that was subsequently returned;
 - (B) the date of the check;
 - (C) the amount of the check;
 - (D) the check number;
 - (E) the date the facility manager received notification from a financial institution that the check was not accepted; and
 - (F) the dates and amounts of any payments received on the check after being returned by a financial institution;
- (24) a sensitive key log, including the following:
 - (A) The date the key activity occurred;
 - (B) the key number;
 - (C) the individual or automated key box issuing the key;
 - (D) the name of the individual receiving the key;
 - (E) the time the key was signed out;
 - (F) the time the key was signed in;
 - (G) the individual returning the key; and
 - (H) the individual or automated key box receiving the returned key;
- (25) a signature authorization list, including the following details for each employee listed:
 - (A) The employee's hire date;
 - (B) the employee's name;
 - (C) the department;
 - (D) the position;
 - (E) the license number;
 - (F) the employee's initials as on a signature card; and
 - (G) the employee's signature, with at least the first initial and last name;
- (26) a surveillance incident report, including the following details:
 - (A) The date and incident report number;
 - (B) the time and location of the incident;
 - (C) the name and address of each witness and subject involved in the incident, if known;

- (D) a detailed narrative of the incident;
- (E) an identification of any videotape covering the incident;
- (F) the final disposition of the incident; and
- (G) all required signatures;
- (27) a surveillance shift log, including the following details:
 - (A) The date that the entry is being made;
 - (B) the time of and duration, description, and location of all unusual occurrences observed;
 - (C) a listing of any surveillance issues, including the following:
 - (i) Equipment malfunctions related to other logged events or activities;
 - (ii) completed tapes;
 - (iii) still photograph requests; and
 - (D) required signatures;
- (28) a surveillance tape release log, including the following details:
 - (A) The tape number;
 - (B) the date and time of release;
 - (C) the printed name, department, or agency;
 - (D) a notation indicating whether the tape is a duplicate or original;
 - (E) an authorization notation;
 - (F) an "issued by and to" notation; and
 - (G) all required signatures;
- (29) a surveillance tape retention log, including the following details:
 - (A) The date and time of the tape retention activity;
 - (B) the tape number being retained;
 - (C) a description of the activity recorded and the recording mode; and
 - (D) all required signatures;
- (30) a table credit slip, if applicable, including the following details:
 - (A) The date, pit, game or table number, and time of the table credit activity;
 - (B) the amount of each denomination of chips to be credited;
 - (C) the total amount of all denominations to be credited; and
 - (D) all required signatures;
- (31) a table fill slip, including the following details:
 - (A) The date, pit, game or table number, and time of the table fill activity;
 - (B) the amount of each denomination of chips to be distributed;
 - (C) the total amount of all denominations to be distributed; and
 - (D) all required signatures;
- (32) a table inventory slip, including the following details:
 - (A) The date and shift;
 - (B) the game and table number;
 - (C) the total value of each denomination of chips remaining at the table;
 - (D) the total value of all denominations; and
 - (E) all required signatures;
- (33) a table soft count slip or currency counter machine tape, including the following details:
 - (A) The date of the soft count or printing of the machine tape;
 - (B) the table game and number;
 - (C) the box contents by denomination;
 - (D) the total of all denominations; and
 - (E) all required signatures;
- (34) a wide-area progressive secondary jackpot slip, including the following details:
 - (A) The date and time of the wide-area progressive secondary jackpot;
 - (B) an EGM number, location, and denomination;
 - (C) the amount of the jackpot in alpha and numeric description;
 - (D) the reel symbols and number of credits played;
 - (E) all required signatures; and
 - (F) the game type;
- (35) a security incident report, including the following details:
 - (A) The incident report number;
 - (B) the date and time of the incident;
 - (C) the location of the incident;
 - (D) the type of incident;
 - (E) the names and addresses of any witnesses and subjects involved in the incident, if known;
 - (F) a detailed narrative of the incident;
 - (G) the identification of videotape covering the incident, if applicable; and
 - (H) all required signatures;
- (36) a security incident log, including the following details:
 - (A) The date of the daily log;
 - (B) the time of the incident;
 - (C) the incident report number;
 - (D) the name of the reporting security department employee and the employee's commission license number; and
 - (E) the summary of the incident;
- (37) a visitor or vendor log, including the following details:
 - (A) The date of the visitor's or vendor's visit;
 - (B) the printed name;

- (C) the company;
- (D) the time in and time out;
- (E) the type of badge and the badge number;
- (F) the reason for entry; and
- (G) all required signatures;
- (38) a key access list, including the following details:
 - (A) The name of the key;
 - (B) the location of the key;
 - (C) the custodian of the key;
 - (D) the quantity of the keys; and
 - (E) the job titles authorized to sign out the key and, if applicable, any escort requirements and specific limitations;
- (39) a table games variance slip, including the following details:
 - (A) The gaming date;
 - (B) the game or table number;
 - (C) the shift;
 - (D) a description of the discrepancy found; and
 - (E) all required signatures;
- (40) an inventory log of prenumbered forms, including the following details:
 - (A) The name of the prenumbered form;
 - (B) the date received or issued;
 - (C) the quantity received or issued;
 - (D) the number sequence of forms received or issued;
 - (E) the name of each department to which forms were issued; and
 - (F) all required signatures and commission license numbers;
- (41) a gift log, including the following details:
 - (A) The name of the gift recipient;
 - (B) the gift donor;
 - (C) a description and value of the gift; and
 - (D) the date the gift was received;
- (42) a safekeeping log, including the following details:
 - (A) The date of deposit or withdrawal;
 - (B) the name of the patron;
 - (C) the dollar amount of deposit or withdrawal;
 - (D) the type of deposit or withdrawal; and
 - (E) the total balance of all deposits;
- (43) a card or dice discrepancy report, including the following details:
 - (A) The date and time of the noted discrepancy;
 - (B) the location;
 - (C) a description of the discrepancy found; and
 - (D) all required signatures;
- (44) a remote access log, including the following details:
 - (A) The access start date and time;
 - (B) the access end date and time;
 - (C) the reason for the remote access; and
 - (D) the person making access;
- (45) a personnel access list, including the following details:
 - (A) The employee name;
 - (B) the license number; and
 - (C) all authorized functions the employee may perform;
- (46) a redemption log, including the following details:
 - (A) The date the claim is being made;
 - (B) the dollar value of each item received by mail;
 - (C) the check number;
 - (D) the patron's name and address; and
 - (E) the signature of the employee performing the transaction;
- (47) a currency cassette log, including the following details:
 - (A) The date of the currency cassette log;
 - (B) the time of the currency cassette log;
 - (C) the tamper-resistant seal number;
 - (D) the unique cassette number;
 - (E) the amount of cash in the cassette;
 - (F) the denomination of currency in the cassette; and
 - (G) the signature of the main bank cashier who prepared the cassette; and
- (48) a table games jackpot slip, including the following details:
 - (A) The date of the table game jackpot;
 - (B) the time of the table game jackpot;
 - (C) the amount of winnings in alpha and numeric description;
 - (D) the table game number;
 - (E) the type of jackpot;
 - (F) the player's name;
 - (G) the signature of the cashier;
 - (H) the signature of the dealer;
 - (I) the signature of the table games supervisor; and
 - (J) the signature of the security officer escorting the funds; and
- (49) a meter-reading comparison report, including the following details:
 - (A) The date of the meter-reading comparison report;
 - (B) the asset number;
 - (C) the beginning and ending credits played;
 - (D) the beginning and ending credits paid;
 - (E) the beginning and ending amount-to-drop, if applicable;

(F) the beginning and ending jackpots paid;
 (G) the difference between the beginning and ending amount for all meters;
 (H) the variance between the meters, if any; and
 (I) the signature of an accounting department employee. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Oct. 16, 2009.)

112-104-42. Purchasing. (a) Each facility manager's internal control system shall include internal controls for purchasing.

(b) The internal controls shall indicate the amount of a single transaction or series of related transactions that an individual or a group of employees, owners, or directors may approve.

(c) The internal controls shall include the following information for both manual and computerized systems:

(1) Steps for initiating purchasing procedures;
 (2) detailed procedures for the preparation and distribution of purchase orders, including the following:

(A) The amounts that can be authorized by various positions or levels of personnel;

(B) the sequence of required signatures and distribution of each part of the purchase order;

(C) a statement that purchase orders shall be issued only for a specific dollar amount. Each change to an issued purchase order shall be returned to the purchasing department to initiate an amended purchase order and obtain additional approvals, if necessary; and

(D) the maintenance of a purchase order log;

(3) detailed procedures for issuing and approving blanket purchase orders for purchases of goods or services, including the following:

(A) The competitive bid requirements for blanket purchase orders;

(B) a statement that each blanket purchase order shall include a maximum amount, the effective date, and the expiration date; and

(C) controlling, documenting, and monitoring blanket purchase orders;

(4) requirements for competitive bidding process, including the following:

(A) The number of bids required. A minimum of two bids shall be required;

(B) a statement that the purchasing department shall have the final responsibility for obtaining competitive bids. The originating departments may provide the amount budgeted for the purchase, cost limitations, and vendor recommendations;

(C) the steps for documenting bids and the minimum amount required for written bids;

(D) a statement that all competitive bids received shall be confidential and shall not be disclosed to any other vendors; and

(E) criteria for qualifying approved vendors of goods or services based on "fair market value," considering factors including quality, service, and price;

(5) detailed procedures and approval process for emergency purchases, including the following:

(A) A statement that emergency purchases shall occur after normal business hours, on weekends or holidays or, in case of immediate need of goods or services, in response to unusual occurrences during normal business hours;

(B) a statement that approvals may be verbal until purchasing documentation is prepared. Purchasing documentation shall be finalized within five days;

(C) a statement on the purchase order documenting the reason for the emergency purchase; and

(D) the maintenance of an emergency purchase order log;

(6) detailed procedures to ensure that vendor files contain all company-required forms, documentation, and approvals;

(7) a prohibition against the purchase or lease of gaming equipment or supplies from other than a licensed supplier;

(8) detailed procedures for contracts, including the following:

(A) The management levels and the contract amounts that managers may negotiate and execute;

(B) a statement that all contracts shall be subject to the competitive bid process;

(C) the terms of all contracts;

(D) the approval process for payments made against an executed contract; and

(E) the distribution and filing of executed contracts;

(9) if applicable, detailed procedures for the use of purchasing cards, including the following:

(A) Authorized position titles to be purchasing card holders and their spending limits, both single-transaction and monthly;

(B) items that may be purchased with the purchasing card;

(C) use of the purchasing card with approved vendors only, if applicable;

(D) responsibilities of the holder of the purchasing card, including maintaining receipts and verifying monthly statements;

(E) responsibilities of the manager of the purchasing card holder, including approving monthly statements;

(F) disputing fraudulent or incorrect charges;

(G) payment to vendors for purchasing card charges; and

(H) the name of the department or position, as stated in the facility manager's internal controls, that is responsible for overseeing the purchasing card process;

(10) detailed procedures for the receipt of all goods received by an employee independent of the purchasing department as specified in the facility manager's internal controls, including the following:

(A) The verification process for the receipt of goods, including damaged goods, partial shipments, and overshipments;

(B) the distribution of all receiving documentation; and

(C) the maintenance of receiving documentation; and

(11) payment of vendor invoices, including procedures for the following:

(A) Each time the invoice amount disagrees with the purchase documentation;

(B) processing non-invoice payments; and

(C) the approval process for the utilization of a check request form, if applicable.

(d) Related party transactions, either oral or written, shall meet the minimum internal control standards in this regulation. In addition, the internal controls shall require the following:

(1) Each related party transaction or series of related party transactions reasonably anticipated to exceed \$50,000 annually shall be subject to approval of the board of directors or owners of the company.

(2) An annual report of related party contracts or transactions shall be prepared and submitted to the board of directors or owners and the executive director, listing all related party transactions or group of like transactions occurring during the year. This report shall be due at the end of the third month following each calendar year, be formatted to group related party transactions by key person or entity, and contain the following information:

(A) Name of the related party;

(B) amount of the transaction or payments under the contract;

(C) term of contract;

(D) nature of transaction; and

(E) determination of how the fair market value of the contract, goods, or services was ascertained.

(3) A quarterly report updating new or renewed related party transactions entered into during the quarter shall be prepared and submitted to the board of directors or owners and to the executive director. This report shall also indicate any terminations of related party transactions and shall be due at the end of the second month following the end of the quarter. The annual report shall meet the requirement for the fourth quarterly report. (Authorized by and implementing K.S.A. 2010 Supp. 74-8772; effective Dec. 9, 2011.)

Article 105.—SECURITY

112-105-1. Security department. (a) Each facility manager shall have a security department that is responsible for the security of the gaming facility. The facility manager, through its security department, shall do the following:

(1) Protect the people in the gaming facility;

(2) safeguard the assets within the gaming facility;

(3) protect the patrons, employees, and property from illegal activity;

(4) assist with the enforcement of all applicable laws and regulations;

(5) prevent persons who are under 21 years old from gambling or entering gaming areas;

(6) detain any individual if a commission enforcement agent so requests or if there is reason to believe that the individual is in violation of the law or gaming regulations;

(7) record any unusual occurrences, including suspected illegal activity;

(8) identify and remove any person who is required to be excluded pursuant to article 111 or 112;

(9) report security violations or suspected illegal activity to the commission security staff within 24 hours;

(10) report to the commission's security staff, within 24 hours, any facts that the facility manager has reasonable grounds to believe indicate a violation of law, violation of the facility manager's minimum internal control standards, or violation of regulations committed by any facility manager, including the performance of activities different from those permitted under that person's license or certificate;

(11) notify commission security staff, within 24 hours, of all inquiries made by law enforcement of-

ficials and any inquiries made concerning the conduct of a person with a license or certificate; and

(12) establish and maintain procedures for handling the following:

- (A) Identification badges;
- (B) incident reports;
- (C) asset protection and movement on the property;
- (D) power or camera failure;
- (E) enforcement of the minimum gambling age;
- (F) firearms prohibition;
- (G) alcoholic beverage control;
- (H) disorderly or disruptive patrons;
- (I) trespassing;
- (J) eviction;
- (K) detention; and
- (L) lost or found property.

(b) No firearms shall be permitted within a gaming facility except for the following:

(1) Kansas racing and gaming commission enforcement agents;

(2) law enforcement officers who are on duty and within their jurisdiction; or

(3) trained and certified guards employed by an armored car service while on duty and working for a licensed non-gaming supplier company. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-105-2. Security plan. (a) Each applicant for a facility manager certification shall submit a security plan to the commission at least 120 days before the proposed opening of a racetrack gaming facility or lottery gaming facility. The plan shall be consistent with the applicant's contractual obligations with the Kansas lottery.

(b) A facility manager shall not commence gaming operations until its security plan has been approved by the commission.

(c) To be approved, the security plan shall include the following:

- (1) An organizational chart showing all positions in the security department;
- (2) a description of the duties and responsibilities of each position shown on the organizational chart;
- (3) the administrative and operational policies and procedures used in the security department;
- (4) a description of the training required for security personnel;
- (5) a description of the location of each permanent security station;

(6) the location of each security detention area;

(7) provisions for security staffing; and

(8) the emergency operations plan required by K.A.R. 112-105-3.

(d) All amendments to the security plan shall be submitted to the commission for approval at least 30 days before the date of desired implementation. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-105-3. Emergency operations plan.

(a) The director of security in the security department shall maintain an emergency operations plan, including evacuation procedures, to deal with the following:

(1) The discovery or threat of an explosive device on the property;

(2) a fire or fire alarm;

(3) a terrorist threat directed at the property;

(4) severe storms;

(5) the threat or use of an unauthorized firearm or any other weapon, as described in K.S.A. 21-4201 and amendments thereto; and

(6) any other event for which the applicant determines that prior planning is reasonable.

(b) When the applicant establishes the emergency operations plan, the safety of patrons and personnel shall be the first priority.

(c) The director of security shall ensure that the commission's security staff at the facility are notified of any emergency situation at that time.

(d) All amendments to the emergency operations plan shall be submitted to the commission for approval at least 30 days before the desired date of implementation. (Authorized by and implementing K.S.A. 2010 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

Article 106.—SURVEILLANCE

112-106-1. Surveillance system. (a) A facility manager or applicant for a facility manager certification shall have a surveillance system before beginning gaming operations. The surveillance system shall include a digital video system capable of the following:

(1) Instant replay;

(2) recording by any camera in the system; and

(3) allowing simultaneous and uninterrupted recording and playback.

(b) The surveillance system shall include a communication system capable of monitoring the gaming facility, including the security department.

(c) The surveillance system shall be connected to all facility alarm systems.

(d) The surveillance system shall be capable of monitoring the entire property, except private offices and restrooms.

(e) The surveillance system shall include the following features:

(1) Redundant system drives;

(2) a backup power supply capable of operating all surveillance equipment during a power outage. The backup power supply shall be tested on a monthly basis;

(3) backup storage components that will automatically continue or resume recording in the event of failure of any single component of the system, so that the failure of any single component will not result in the loss of any data from the system; and

(4) automatic restart if a power failure occurs.

(f) The digital video system shall meet the following requirements:

(1) Function as a closed network;

(2) have its access limited to the personnel identified in the surveillance system plan;

(3) be equipped to ensure that any transmissions are encrypted, have a firewall at both ends, and are password-protected;

(4) be equipped with a failure notification system that provides an audible and visual notification of any failure in the surveillance system or the digital video recording storage system;

(5) record all images and audit records on a hard drive;

(6) be locked by the manufacturer to do the following:

(A) Disable the erase and reformat functions; and

(B) prevent access to the system data files; and

(7) be equipped with data encryption or watermarking so that surveillance personnel will be capable of demonstrating in a court of law that the video was not altered or manipulated in any way.

(g) The surveillance system shall include cameras dedicated to monitoring the following with sufficient clarity to identify any person:

(1) The entrances to and exits from the gaming facility;

(2) the count rooms;

(3) the vaults;

(4) the surveillance room;

(5) the security rooms;

(6) all cage areas; and

(7) all exterior entrances to and exits from the property.

(h) The surveillance system required by this regulation shall be equipped with light-sensitive cameras with lenses of sufficient magnification to allow the operator to read information on an electronic gaming machine reel strip and credit meter and be capable of clandestine monitoring in detail and from various vantage points, including the following:

(1) The conduct and operation of electronic gaming machines, lottery facility games, and pari-mutuel wagering;

(2) the conduct and operation of the cashier's cage, satellite cashier's cages, mutuel lines, count rooms, and vault;

(3) the collection and count of the electronic gaming bill validator canisters; and

(4) the movement of cash and any other gaming facility assets.

(i) All cameras shall be equipped with lenses of sufficient magnification capabilities to allow the operator to clearly distinguish the value of the following:

(1) Chips;

(2) dice;

(3) tokens;

(4) playing cards;

(5) positions on the roulette wheel; and

(6) cash and cash equivalents.

(j) The surveillance system shall provide a view of the pit areas and gaming tables capable of clearly identifying the following:

(1) The dealers;

(2) the patrons;

(3) the hands of all participants in a game;

(4) facial views of all participants in a game;

(5) all pit personnel;

(6) the activities of all pit personnel;

(7) the chip trays;

(8) the token holders;

(9) the cash receptacles;

(10) the tip boxes;

(11) the dice;

(12) the shuffle machines;

(13) the card shoes, which are also called dealing boxes;

(14) the playing surface of all gaming tables with sufficient clarity to determine the following:

(A) All wagers;

(B) card values; and

(C) game results; and

(15) roulette tables, which shall be viewed by the surveillance system with color cameras.

(k) The surveillance of the electronic gaming devices shall be capable of providing the following:

- (1) A view of all patrons;
- (2) a facial view of all patrons with sufficient clarity to allow identification of each patron;
- (3) a view of the electronic gaming device with sufficient clarity to observe the result of the game;
- (4) an overall view of the areas around the electronic gaming device;
- (5) a view of each bill validator with sufficient clarity to determine bill value and the amount of credit obtained; and

(6) a view of the progressive games, including the incrementation of the progressive jackpot.

(l) All surveillance system display screens shall meet all of the following requirements:

(1) Be equipped with a date and time generator synchronized to a central clock that meets the following requirements:

(A) Is displayed on any of the surveillance system display screens; and

(B) Is recorded on all video pictures or digital images;

(2) be capable of recording what is viewed by any camera in the system; and

(3) be of a sufficient number to allow the following:

(A) Simultaneous recording and coverage as required by this article;

(B) off-line playback;

(C) duplication capabilities;

(D) single-channel monitors in the following areas:

(i) Each entry and each exit;

(ii) the main bank and cages;

(iii) table games; and

(iv) count rooms; and

(E) no more than four channels per monitor in all other areas where surveillance is required.

(m) The surveillance system shall be connected to at least one video printer. Each video printer shall be capable of generating clear color copies of the images depicted on the surveillance system display screen or video recording.

(n) The surveillance system shall allow audio recording in any room where the contents of bill validator canisters are counted.

(o) All wiring within the surveillance system shall be tamper-resistant.

(p) The surveillance system shall be linked to the commission's security office with equipment capable of monitoring or directing the view of any system camera.

(q) The commission's director of security shall be notified at least 48 hours in advance of the

relocation of any camera on the surveillance system's floor plan. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-106-2. Surveillance system plan.

(a) Each applicant for a facility manager certification shall submit a surveillance system plan to the commission at least 120 days before the proposed opening of a racetrack gaming facility or lottery gaming facility.

(b) A facility manager shall not commence gaming activities until its surveillance system plan is approved by the commission.

(c) To be approved, the surveillance system plan shall include the following:

(1) A schematic showing the placement of all surveillance equipment;

(2) a detailed description of the surveillance system and its equipment;

(3) the policies and procedures for the surveillance department;

(4) the plans for staffing as required in K.A.R. 112-106-4;

(5) the monitoring activities for both the gaming area and adjacent areas;

(6) the monitoring activities for a detention room; and

(7) a list of the facility manager's personnel that may have access to the surveillance system.

(d) All proposed changes to the surveillance system plan shall be submitted by the director of surveillance to the commission for approval at least 30 days before the director of surveillance desires to implement the changes. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-106-5. Surveillance room.

(a) Each facility manager shall have a secure surveillance room with reasonable space, as determined by the executive director, to accommodate the required equipment and operator stations.

(b) Each surveillance room shall be located out of the view of the gaming area. The entrances to the surveillance room shall be locked at all times and shall not be accessible to members of the public or non-surveillance employees of the gaming facility.

(c) Commission agents shall have unrestricted access to the surveillance room and all information received or stored by the surveillance system.

(d) Access to the surveillance room shall be limited to surveillance employees of the gaming fa-

cility and commission security employees, except that persons with a legitimate need to enter the surveillance room may do so upon receiving approval from a commission enforcement agent.

(1) Each person, other than surveillance personnel and commission enforcement agents, entering the surveillance room shall sign a surveillance room entry log.

(2) The surveillance room entry log shall meet the following requirements:

(A) Be maintained in the surveillance room by surveillance room personnel;

(B) be maintained in a book with bound numbered pages that cannot readily be removed;

(C) be signed by each person entering the surveillance room, with each entry containing the following:

(i) The date and time of entering the surveillance room;

(ii) the entering person's name and that person's affiliation or department within the gaming facility;

(iii) the reason for entering the surveillance room; and

(iv) the date and time of exiting the surveillance room; and

(D) be retained for at least one year after the date of the last entry. The destruction of the surveillance room entry log shall be approved by the commission's director of security.

(3) The surveillance room entry log shall be made available for inspection by the commission security employees upon demand.

(e) The surveillance room shall be subject to periodic inspection by commission employees to ensure that all of the following conditions are met:

(1) All equipment is working properly.

(2) No camera views are blocked or distorted by improper lighting or obstructions.

(3) All required surveillance capabilities are in place.

(4) All required logs are current and accurate.

(5) There is sufficient staff to protect the integrity of gaming at the facility.

(6) The surveillance room employees are not performing tasks beyond the surveillance operation. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-106-6. Monitoring. (a) The surveillance department employees shall continuously record the transmissions from the cameras used

to observe the following locations, persons, activities, and transactions:

(1) The entrances to and exits from the following:

(A) The gaming facility;

(B) the count rooms;

(C) the vaults;

(D) the surveillance room;

(E) the security rooms;

(F) the cage areas; and

(G) the site of all ancillary operations;

(2) each transaction conducted at a cashiering location, whether or not that cashiering location services patrons;

(3) the main bank, vault, and satellite cages;

(4) the collection of cash storage boxes from electronic gaming machines;

(5) the count procedures conducted in the count room;

(6) any armored car collection or delivery;

(7) automated bill breaker, gaming voucher redemption, coupon redemption, and jackpot payout machines whenever the machines are opened for replenishment or other servicing; and

(8) any other areas specified in writing by the commission.

(b) The surveillance department employees shall maintain a surveillance log of all surveillance activities in the surveillance room. The log shall be maintained in a book with bound, numbered pages that cannot be readily removed or in an electronic format with an audit function that prevents modification of information after the information has been entered into the system. The log shall contain the following, at a minimum:

(1) The date and time of each entry;

(2) the identity of the employee making the entry;

(3) a summary of the activity recorded;

(4) the location of the activity;

(5) the location of the recorded information; and

(6) the surveillance department's disposition of the activity.

(c) The surveillance department employees shall record by camera and log the following events when they are known to occur on the property:

(1) Any activity by players and employees, alone or in concert, that could constitute cheating or stealing;

(2) any activity that could otherwise be criminal;

(3) any procedural violation by an employee;

- (4) the detention of persons;
 - (5) the treatment of disorderly individuals;
 - (6) emergency activities capable of being observed by the surveillance system;
 - (7) the presence of persons on the involuntary exclusion list;
 - (8) the presence of persons on the self-exclusion list;
 - (9) arrests and evictions;
 - (10) the treatment of ill or injured patrons;
 - (11) the on-site maintenance and repair of any gaming or money handling equipment; and
 - (12) any jackpot winning of \$1,200 or more.
- (d) Surveillance department employees shall record by camera the movement of the following on the gaming facility floor:
- (1) Cash;
 - (2) cash equivalents;
 - (3) tokens;
 - (4) cards;
 - (5) chips; or
 - (6) dice.
- (e) The surveillance department employees shall continuously monitor and record by camera the following:
- (1) Soft count procedures;
 - (2) hard count procedures;
 - (3) currency collection;
 - (4) drop bucket collection; and
 - (5) the removal of the daily bank deposit from the gaming facility by armored car officers. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

Article 107.—ELECTRONIC GAMING MACHINES

112-107-1. Electronic gaming machine requirements. (a) Each electronic gaming machine (EGM) approved for use in a gaming facility shall meet the requirements of article 110.

(b) Unless a facility manager's electronic gaming monitoring system is configured to automatically record all of the information required by this article, the facility manager shall be required to house the following entry authorization logs in each EGM:

(1) A machine entry authorization log that documents each time an EGM or any device connected to the EGM that could affect the operation of the EGM is opened. The log shall contain, at a minimum, the following:

- (A) The date and time of opening;
 - (B) the purpose for opening the EGM or device;
 - (C) the signature and the license or permit number of the person opening and entering the EGM or device; and
 - (D) if a device, the asset number corresponding to the EGM in which the device is housed; and
- (2) a progressive entry authorization log that documents each time a progressive controller not housed within the cabinet of the EGM is opened. The log shall contain, at a minimum, the following:
- (A) The date and time of opening;
 - (B) the purpose for accessing the progressive controller; and
 - (C) the signature and the license or permit number of the person accessing the progressive controller. Each log shall be maintained in the progressive controller unit and have recorded on the log a sequence number and the gaming supplier's serial number of the progressive controller.
- (c) Each EGM shall be equipped with a lock controlling access to the card cage door securing the microprocessor, and the lock's key shall be different from any other key securing access to the EGM's components, including its belly door or main door, bill validator, and electronic gaming cash storage box. Access to the key securing the microprocessor shall be limited to a supervisor in the security department. The department's director of security shall establish a sign-out and sign-in procedure for the key, which shall include notification to commission staff before release of the key. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8750 and 74-8772; effective April 24, 2009.)

112-107-2. Testing and approval. (a) Each EGM prototype and the associated equipment operated in this state shall be approved in accordance with the act, this article, and article 110.

(b) One of the following EGM testing procedures may be required by the executive director:

- (1) An abbreviated testing and approval process in accordance with K.A.R. 112-107-3(g); or
- (2) testing and approval in accordance with K.A.R. 112-107-3(i). (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8750 and 74-8772; effective April 24, 2009.)

112-107-3. Submission for testing and approval. (a) Each LFG prototype and the associated equipment subject to testing and approval

under this regulation shall be evaluated by the commission for the following:

(1) Overall operational integrity and compliance with the act, this article, and the technical standards adopted by the commission under article 110;

(2) compatibility and compliance with the central computer system; and

(3) compatibility with any protocol specifications approved by the Kansas lottery, including the ability to communicate with the central computer system for the purpose of transmitting auditing program information, real-time information retrieval, and activation and disabling of LFGs.

(b) LFGs and associated equipment that shall be submitted for testing and commission approval include the following:

(1) Bill validators and printers;

(2) electronic gaming monitoring systems, to the extent that the systems interface with LFGs and related systems;

(3) LFG management systems that interface with LFGs and related systems;

(4) player tracking systems that interface with LFGs and related systems;

(5) progressive systems, including wide-area progressive systems;

(6) gaming ticket systems;

(7) external bonusing systems;

(8) cashless funds transfer systems;

(9) machines performing gaming ticket, coupon, or jackpot payout transactions;

(10) coupon systems, to the extent the systems interface with LFGs and related systems; and

(11) other LFG-related systems as determined by the executive director.

(c) A product submission checklist to be completed by an applicant for or holder of a gaming supplier certificate may be prescribed by the executive director.

(d) The chief engineer of the applicant for or holder of a gaming supplier certificate or the engineer in charge of the division of the gaming supplier responsible for producing the product submitted may be required by the executive director to attest that the LFGs and associated equipment were properly and completely tested by the gaming supplier before submission to the commission.

(e) An abbreviated testing and approval process may be utilized by the commission in accordance with the act.

(f) If a facility manager develops software or a system that is functionally equivalent to any

of the electronic gaming systems specified in subsection (b), that software or system shall be subject to the testing and approval process of this article to the same extent as if the software or system were developed by a gaming supplier certificate holder. Each reference in this article to the responsibilities of a gaming supplier certificate holder shall apply to a facility manager developing software or systems subject to testing and approval under this article.

(g) When an applicant or gaming supplier certificate holder seeks to utilize the abbreviated testing and approval process for an LFG prototype, associated device or software, or any modification to an LFG prototype, associated device or software, the applicant or supplier shall submit the following to the independent testing laboratory:

(1) A prototype of the equipment, device, or software accompanied by a written request for abbreviated testing and approval that identifies the jurisdiction within the United States upon which the applicant or supplier proposes that the commission rely. The applicant or supplier shall transport the equipment, device, or software at its own expense and deliver it to the offices of the independent testing laboratory;

(2) a certification executed by the chief engineer or engineer in charge of the applicant or supplier verifying that all of the following conditions are met:

(A) The prototype or modification is identical in all mechanical, electrical, and other respects to one that has been tested and approved by the testing facility operated by the jurisdiction or private testing facility on behalf of the jurisdiction;

(B) the applicant or supplier is currently certified and in good standing in the named jurisdiction, and the prototype has obtained all regulatory approvals necessary to sale or distribution in the named jurisdiction;

(C) in the engineer's opinion, the testing standards of the named jurisdiction are comprehensive and thorough and provide adequate safeguards that are similar to those required by this article; and

(D) in the engineer's opinion, the equipment, device, or software meets the requirements of the act, this article, and the technical standards adopted by the commission under article 110, including requirements related to the central computer system;

(3) an executed copy of a product submission applicable to the submitted equipment, device, or software unless a substantially similar check-

list was filed with the named jurisdiction and is included in the submission package required by paragraph (g)(4);

(4) copies of the submission package and any amendments filed with the named jurisdiction, copies of any correspondence, review letters, or approvals issued by the testing facility operated by the named jurisdiction or a private testing facility on behalf of the named jurisdiction and, if applicable, a copy of the final regulatory approval issued by the named jurisdiction;

(5) a disclosure that details any conditions or limitations placed by the named jurisdiction on the operation or placement of the equipment, device, or software at the time of approval or following approval;

(6) a complete and accurate description of the manner in which the equipment, device, or software was tested for compatibility and compliance with the central computer system and protocol specifications approved by the Kansas lottery, including the ability to communicate with the central computer system for the purpose of transmitting auditing program information, real-time information retrieval, and activation and disabling of LFGs;

(7) any hardware, software, and other equipment, including applicable technical support and maintenance, required by the independent testing laboratory to conduct the abbreviated testing and approval process required by the act, this article, and the technical standards adopted by the commission under article 110. The testing equipment and services required by this subsection shall be provided at no cost to the commission; and

(8) any additional documentation requested by the commission that is necessary to evaluate the LFG, associated equipment, or any modification.

(h) When an applicant or a gaming supplier seeks commission approval of an LFG, equipment, device, or software, or any modification to which the abbreviated testing process in subsection (f) is not applicable, the applicant or supplier shall submit the following to the independent testing laboratory:

(1) A prototype of the equipment, device, or software accompanied by a written request for testing and approval. The gaming supplier shall transport the equipment, device, or software at its own expense and deliver the equipment, device, or software to the offices of the commission's independent testing laboratory in accordance with instructions provided;

(2) any certifications required under this regulation;

(3) an executed copy of a current product submission checklist;

(4) a complete and accurate description of the equipment, device, or software, accompanied by related diagrams, schematics, and specifications, together with documentation with regard to the manner in which the product was tested before its submission to the commission;

(5) any hardware, software, and other equipment, including applicable technical support and maintenance, required by the independent testing laboratory to conduct the testing and approval process required by the act, this article, and the technical standards adopted by the commission under article 110. All testing equipment and services required by this subsection shall be provided at no cost to the commission;

(6) for an LFG prototype, the following additional information, which shall be provided to the commission:

(A) A copy of all operating software needed to run the LFG, including data and graphics information, on electronically readable and unalterable media;

(B) a copy of all source code for programs that cannot be reasonably demonstrated to have any use other than in an LFG, on electronically readable and unalterable media;

(C) a copy of all graphical images displayed on the LFG, including reel strips, rules, instructions, and pay tables;

(D) an explanation of the theoretical return to the player, listing all mathematical assumptions, all steps in the formula from the first principles through the final results of all calculations including bonus payouts, and, when a game requires or permits player skill in the theoretical derivations of the payout return, the source of strategy;

(E) hardware block diagrams of the major subsystems;

(F) a complete set of schematics for all subsystems;

(G) a diagram of the wiring harness connection;

(H) a technical or operator manual;

(I) a description of the security methodologies incorporated into the design of the LFG including, when applicable, encryption methodology for all alterable media, auto-authentication of software, and recovery capability of the LFG for power interruption;

(J) a cross reference of product meters to the required meters specified in article 110;

(K) a description of tower light functions indicating the corresponding condition;

(L) a description of each error condition and the corresponding action required to resolve the error;

(M) a description of the use and function of available electronic switch settings or configurable options;

(N) a description of the pseudo random number generator or generators used to determine the results of a wager, including a detailed explanation of operational methodology, and a description of the manner by which the pseudo random number generator and random number selection processes are impervious to outside influences, interference from electromagnetic, electrostatic, and radio frequencies, and influence from ancillary equipment by means of data communications. Test results in support of representations shall be submitted;

(O) specialized hardware, software, or testing equipment, including technical support and maintenance, needed to complete the evaluation, which may include an emulator for a specified microprocessor, personal computers, extender cables for the central processing unit, target reel strips, and door defeats. The testing equipment and services required by this subsection shall be provided at no cost to the commission;

(P) a compiler, or reasonable access to a compiler, for the purpose of building applicable code modules;

(Q) program storage media including erasable programmable read-only memory (EPROM), electronically erasable programmable read-only memory (EEPROM), and any type of alterable media for LFG software;

(R) technical specifications for any microprocessor or microcontroller;

(S) a complete and accurate description of the manner in which the LFG was tested for compatibility and compliance with the central computer system and protocol specifications approved by the Kansas lottery, including the ability to communicate with the central computer system for the purpose of transmitting auditing program information, real-time information retrieval, and activation and disabling of LFGs; and

(T) any additional documentation requested by the commission relating to the LFG;

(7) if an LFG prototype is modified, including a change in theme, the following additional information, which shall be provided to the commission:

(A) A complete and accurate description of the proposed modification to the LFG prototype, accompanied by applicable diagrams, schematics, and specifications;

(B) when a change in theme is involved, a copy of the graphical images displayed on the LFG, including reel strips, rules, instructions, and pay tables;

(C) when a change in the computation of the theoretical payout percentage is involved, a mathematical explanation of the theoretical return to the player, listing all assumptions, all steps in the formula from the first principles through the final results of all calculations including bonus payouts, and, when a game requires or permits player skill in the theoretical derivations of the payout return, the source of strategy;

(D) a complete and accurate description of the manner in which the LFG was tested for compatibility and compliance with the central computer system and protocol specifications approved by the Kansas lottery, including the ability to communicate with the central computer system for the purpose of transmitting auditing program information, real-time information retrieval and activation, and the disabling of LFGs; and

(E) any additional documentation requested by the commission relating to the modification of the LFG;

(8) for an electronic gaming monitoring system, casino management system, player tracking system, wide-area progressive system, gaming ticket system, external bonusing system, cashless funds transfer system, automated gaming ticket, coupon redemption or jackpot payout machine, coupon system, or any other equipment or system required to be tested and approved under subsection (b), the following:

(A) A technical manual;

(B) a description of security methodologies incorporated into the design of the system, which shall include the following, when applicable:

(i) Password protection;

(ii) encryption methodology and its application;

(iii) automatic authentication; and

(iv) network redundancy, backup, and recovery procedures;

(C) a complete schematic or network diagram of the system's major components accompanied by a description of each component's functionality and a software object report;

(D) a description of the data flow, in narrative and in schematic form, including specifics with regard

to data cabling and, when appropriate, communications methodology for multisite applications;

(E) a list of computer operating systems and third-party software incorporated into the system, together with a description of their interoperability;

(F) system software and hardware installation procedures;

(G) a list of available system reports;

(H) when applicable, features for each system, which may include patron and employee card functions, promotions, reconciliation procedures, and patron services;

(I) a description of the interoperability testing, including test results for each submitted system's connection to LFGs, to ticket, coupon redemption, and jackpot payout machines, and to computerized systems for counting money, tickets, and coupons. This list shall identify the tested products by gaming supplier, model, and software identification and version number;

(J) a narrative describing the method used to authenticate software;

(K) all source codes;

(L) a complete and accurate description, accompanied by applicable diagrams, schematics, and specifications, of the creation of a ticket and the redemption options available;

(M) a complete and technically accurate description, accompanied by applicable diagrams, schematics, and specifications, of the creation of a coupon and the redemption options available;

(N) any specialized hardware, software, or other equipment, including applicable technical support and maintenance required by the independent testing laboratory to conduct the testing and approval process required by the act, this article, and the technical standards adopted by the commission under article 110. The testing equipment and services required by this subsection shall be provided at no cost to the commission; and

(O) any additional documentation requested by the executive director related to the equipment or system being tested; and

(9) for a modification to any of the systems identified in paragraph (h)(8), the following additional information:

(A) A complete and accurate description of the proposed modification to the system, accompanied by applicable diagrams, schematics, and specifications;

(B) a narrative disclosing the purpose for the modification; and

(C) any additional documentation requested by the executive director relating to the modification.

(i) A trial period may be required by the commission to assess the functionality of the prototype or modification in a live gaming environment. The conduct of the trial period shall be subject to compliance by the gaming supplier and the facility manager with any conditions that may be required by the commission. These conditions may include development and implementation of product-specific accounting and internal controls, periodic data reporting to the commission, and compliance with the technical standards adopted under article 110 on trial periods or the prototype or modification adopted by the commission. Termination of the trial period may be ordered by the executive director if the executive director determines that the gaming supplier or the facility manager conducting the trial period has not complied with the conditions required by the commission or that the product is not performing as expected.

(j) At the conclusion of the testing of a prototype or modification, the independent testing laboratory shall report the results of its testing to the commission. Upon receipt of the independent testing laboratory's report, any one of the following shall be done by the commission:

(1) Approve;

(2) approve with conditions;

(3) reject the submitted prototype or modification; or

(4) require additional testing or a trial period under subsection (i).

(k) A facility manager shall not install an LFG or associated equipment, or any modification, required to be tested and approved under subsection (b) unless the equipment, device, or software has been approved by the commission and issued a certificate authorizing its use at the gaming facility. The certificate shall be prominently displayed on the approved device. A facility manager shall not modify, alter, or tamper with an approved LFG, the associated equipment, or a commission-issued certificate. Before the removal of the LFG or associated equipment from the gaming facility, the certificate shall be removed by a commission agent. An LFG or the associated equipment installed in a gaming facility in contravention of this requirement shall be subject to seizure by any Kansas law enforcement officer.

(l) The installation of a modification to an LFG prototype or the associated equipment prototype may be authorized by the executive director on

an emergency basis to prevent cheating or malfunction, upon the written request of a gaming supplier. The request shall specify the name and employer of any persons to be involved in the installation of the modification and the manner in which the installation is to be effected. Within 15 days of receipt of any authorization to install an emergency modification, the gaming supplier shall submit the modification for full testing and approval in accordance with this article.

(m) Each facility manager shall, no later than four hours after detection, notify the commission's security staff of any known or suspected defect or malfunction in any LFG or associated equipment installed in the gaming facility. The facility manager shall comply with any instructions from the commission staff for use of the LFG or associated equipment.

(n) Each facility manager shall file a master list of approved gaming machines as required by K.A.R. 112-107-10.

(o) Each gaming supplier shall, no later than 48 hours after detection, notify the commission of any known or suspected defect or malfunction in any LFG or associated equipment approved for use in a lottery gaming facility. (Authorized by K.S.A. 2009 Supp. 74-8772; implementing K.S.A. 2009 Supp. 74-8749, 74-8750, and 74-8772; effective April 24, 2009; amended April 1, 2011.)

112-107-5. Transportation of LFGs. (a) The transportation of any LFG into or out of this state shall be approved in advance by the executive director. The person causing the LFG to be transported or moved shall notify the executive director of the proposed importation or exportation at least 15 days before the LFG is moved, unless otherwise approved by the executive director. The notice shall include the following information:

(1) The name and address of the person shipping or moving the LFG;

(2) the name and address of the person who manufactured, assembled, distributed, or resold the LFG, if different from the person shipping or moving the game;

(3) the name and address of a new owner if ownership is being changed in conjunction with the shipment or movement;

(4) the method of shipment or movement and the name and address of the common carrier or carriers, if applicable;

(5) the name and address of the person to whom the LFG is being sent and the destination of the LFG, if different from that address;

(6) the quantity of LFG being shipped or moved and the manufacturer's make, model, and serial number of each game;

(7) the expected date and time of delivery to, or removal from, any authorized location within this state;

(8) the port of entry or exit, if any, of the LFG if the origin or destination of the LFG is outside the continental United States; and

(9) the reason for transporting or moving the LFG.

(b) Each shipment of LFGs shall be sealed before being transported. On arrival at the gaming facility, the shipment shall not be opened or inventoried until the seal is witnessed and broken by an agent of the commission. An agent of the commission shall verify that the LFGs are unloaded, inventoried, and compared to the notice required in subsection (a). (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective April 24, 2009; amended April 1, 2011.)

112-107-6. Off-premises storage of EGMs. (a) A facility manager shall not store EGMs off the premises of the gaming facility without prior approval from the commission.

(b) Each facility manager seeking to store EGMs off the premises of the gaming facility shall file a written request for off-premises storage with the executive director. The request shall include all of the following:

(1) The location and a physical description of the proposed storage facility;

(2) a description of the type of surveillance system that has been or will be installed at the storage facility;

(3) the facility manager's plan to provide continuous security at the storage facility;

(4) the number and the name of the manufacturer of the EGMs that will be stored at the facility;

(5) the date that the EGMs are expected to arrive at the storage facility; and

(6) the date that the EGMs are expected to be moved to the gaming facility.

(c) Before acting on a request for off-premises storage of EGMs, agents of the commission shall inspect the proposed storage facility.

(d) Each request shall be responded to by the executive director within 30 days. Any request approved by the executive director may be subject to specific terms and conditions imposed by the executive director. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective April 24, 2009.)

112-107-7. Gaming floor plan. (a) Each applicant or gaming facility manager shall submit to the commission a floor plan of its gaming floor and the restricted areas servicing the electronic gaming operation. The floor plan shall include depictions drawn to a scale of $\frac{1}{8}$ inch per foot, unless another scale is approved by the executive director, of the following:

- (1) Each EGM area on the gaming floor and each EGM location within each EGM area. EGM locations shall be identified by number;
- (2) the cage and any satellite cage, including each cage window and window number;
- (3) each count room and any trolley storage area;
- (4) each automated bill validator, gaming ticket redemption machine, coupon redemption machine, and jackpot payout machine;
- (5) each automated teller machine;
- (6) each area designated for the storage or repair of EGMs;
- (7) the location of each vault and armored car bay; and
- (8) any additional documentation requested by the executive director relating to the floor plan for the gaming floor.

(b) A gaming facility manager shall not commence electronic gaming operations until the floor plan depicting the facility manager's gaming floor and all restricted areas servicing the electronic gaming operation has been approved in writing by the executive director.

(c) A gaming facility manager shall not change the number, configuration, or location of EGMs on the floor plan approved under subsection (b) without the prior written approval of the executive director. (Authorized by K.S.A. 2008 Supp. 74-8772; implementing K.S.A. 2008 Supp. 74-8752 and 74-8772; effective April 24, 2009.)

112-107-9. Testing and software installation on the live gaming floor. (a) Each facility manager shall notify the executive director in writing at least 72 hours before testing any EGMs, associated equipment, and displays on a gaming floor during the facility manager's gaming hours. The notification shall include the following:

- (1) A detailed narrative description of the type of testing to be conducted, including the reason for the testing, a list of individuals conducting the testing, and the facility manager's procedures for conducting the testing;
- (2) the date, time, and approximate duration of the testing;

(3) the model, EGM location number, and asset number of the EGM or machines to be tested; and

(4) the location within the gaming facility where the testing shall occur.

(b) Each facility manager shall notify the executive director at least 72 hours before installing any new software or installing any change in previously approved software for the following:

- (1) Automated gaming ticket and coupon redemption machines;
- (2) wide-area progressive systems;
- (3) electronic gaming monitoring systems;
- (4) casino management systems;
- (5) player tracking systems;
- (6) external bonusing systems, as specified in K.A.R. 112-107-26;
- (7) cashless funds transfer systems;
- (8) server-supported electronic gaming systems;
- (9) server-based electronic gaming systems; and
- (10) automated jackpot payout machines.

(c) The notification required by subsection (b) shall include the following:

- (1) A description of the reasons for the new installation or change in previously approved software;
- (2) a list of the computer components and the programs or versions to be modified or replaced;
- (3) a description of any screens, menus, reports, operating processes, configurable options, or settings that will be affected;
- (4) the method to be used to complete the proposed installation;
- (5) the date that the proposed modification will be installed and the estimated time for completion;
- (6) the name, title, and employer of the persons performing the installation;
- (7) a diagrammatic representation of the proposed hardware design change;
- (8) restrictions on access to the production code by the person implementing the installation; and
- (9) procedures to ensure that user and operator manuals are updated to reflect changes in policies and procedures resulting from the proposed installation. (Authorized by K.S.A. 2008 Supp. 74-8772; implementing K.S.A. 2008 Supp. 74-8750 and 74-8772; effective April 24, 2009.)

112-107-10. Master list of approved gaming machines. (a) At least 20 days before commencing gaming, each facility manager shall file with the commission, in writing, a complete list of the LFGs and gaming equipment possessed

by the facility manager on its gaming floor, in restricted areas off the gaming floor but within the gaming facility as approved by the commission under K.A.R. 112-104-26, and in storage locations in this state off the premises of the gaming facility as approved by the commission under K.A.R. 112-107-6. The list shall be titled as a master list of approved gaming machines.

(b) The master list of approved LFGs and gaming equipment shall contain the following information that, for those LFGs and the gaming equipment located on the gaming floor, shall be presented for each LFG and gaming equipment in consecutive order by the LFG or gaming equipment location number:

(1) The date the list was prepared;

(2) a description of each LFG and all gaming equipment, using the following:

(A) Asset number and model and manufacturer's serial number;

(B) computer program number and version;

(C) denomination, if configured for multiple denominations, and a list of the denominations;

(D) manufacturer and machine type, noting cabinet type;

(E) if an LFG, specification of whether the LFG is a progressive or a wide-area progressive LFG;

(F) an indication as to whether the LFG or gaming equipment is configured to communicate with a cashless funds transfer system;

(G) an indication as to whether the LFG or gaming equipment is configured to communicate with a gaming ticket system;

(H) designation of which specific surveillance video system cameras will be able to view that LFG or gaming equipment; and

(I) commission certificate number;

(3) for those LFGs or gaming equipment located off the gaming floor, an indication as to whether the LFG or gaming equipment is in a restricted area off the gaming floor but within the gaming facility under K.A.R. 112-104-26 or is in a commission-approved storage location in this state off the premises of the gaming facility under K.A.R. 112-107-6; and

(4) any additional relevant information requested by the commission.

(c) If an LFG or gaming equipment has been placed in an authorized location on the gaming floor or is stored in a restricted area off the gaming floor but within the gaming facility as approved by the commission under K.A.R. 112-104-26, then all subsequent movements of that LFG or gaming

equipment within the gaming facility shall be recorded by an LFG department member in a gaming equipment movement log, which shall include the following:

(1) The asset number and model and the manufacturer's serial number of the moved LFG or gaming equipment;

(2) the date and time of movement;

(3) the location from which the LFG or gaming equipment was moved;

(4) the location to which the LFG or gaming equipment was moved;

(5) the date and time of any required notice to the Kansas lottery in connection with the activation or disabling of the LFG in the central computer system;

(6) the signature of the LFG shift manager and the commission's electronic gaming inspector verifying the movement of the LFG or gaming equipment in compliance with this regulation; and

(7) any other relevant information the commission may require.

(d) Before moving an LFG or any gaming equipment that has been placed in an authorized location on the gaming floor, the facility manager shall remove the bill validator canister drop box and transport the drop box to the count room in accordance with the procedures in K.A.R. 112-104-18.

(e) The facility manager shall daily submit documentation summarizing the movement of LFGs and gaming equipment within a gaming facility to the commission, in writing or in an electronic format approved by the commission.

(f) On the first Tuesday of each month following the initial filing of a master list of approved LFGs or gaming equipment, a facility manager shall file with the commission, in writing or in an electronic format approved by the commission, an updated master list of approved LFGs or gaming equipment containing the information required in subsection (b).

(g) Each gaming supplier and each regulatory or law enforcement agency that possesses LFGs shall file with the commission, in writing or in an electronic format approved by the commission, a complete list of the LFGs possessed by the entity. The list shall be titled as a master list of approved gaming machines and shall be filed within three business days of the initial receipt of the LFGs. Each list shall contain the following information:

(1) The date on which the list was prepared; and

(2) a description of each LFG by the following:

(A) Model and manufacturer's serial number;
(B) manufacturer and machine type, noting cabinet type; and

(C) specification of whether the LFG is a progressive or a wide-area progressive LFG.

(h) On the first Tuesday of each month following the initial filing of a master list of approved LFGs or gaming equipment, those persons specified in subsection (f) shall file with the commission, in writing or in an electronic format approved by the commission, an updated master list of approved LFGs or gaming equipment containing the information required in subsection (g).

(i) A computer system designed to meet the requirements of this regulation may be approved by the executive director. (Authorized by K.S.A. 2010 Supp. 74-8772; implementing K.S.A. 2010 Supp. 74-8750 and 74-8772; effective April 24, 2009; amended April 1, 2011.)

112-107-11. Notice to Kansas lottery of EGM movement. Each facility manager shall obtain authorization from the executive director and the Kansas lottery's executive director before doing any of the following:

- (a) Placing an EGM on the gaming floor;
- (b) moving an EGM to a different location on the gaming floor; or
- (c) removing an EGM from the gaming floor. (Authorized by K.S.A. 2008 Supp. 74-8772; implementing K.S.A. 2008 Supp. 74-8749, 74-8750, and 74-8772; effective April 24, 2009.)

112-107-13. Commencement of electronic gaming operations. (a) Each facility manager shall demonstrate that the facility manager has met all of the following conditions before commencing electronic gaming at a gaming facility:

(1) The gaming facility, including the gaming floor and restricted areas servicing the electronic gaming operation, meets all the applicable requirements of the act, this article, and article 110.

(2) Each EGM and the associated equipment installed in the gaming facility and utilized in the conduct of EGM operations have been tested and approved by the commission in compliance with the act, this article, and article 110.

(3) The gaming floor plan required under K.A.R. 112-107-7(a) has been approved by the executive director in compliance with the act, this article, and article 110.

(4) The facility manager's internal control system has been approved by the commission in

compliance with the act, this article, K.A.R. 112-104-1, and article 110.

(5) The facility manager is prepared to implement necessary management controls, surveillance, and security precautions to ensure the efficient conduct of electronic gaming operations.

(6) The facility manager's employees are licensed or permitted by the commission and are trained in the performance of their responsibilities.

(7) The gaming facility is prepared in all respects to receive the public.

(8) The facility manager has successfully completed a test period.

(9) For racetrack gaming facility managers, the facility manager has met the live racing requirements under the act.

(b) When a facility manager meets the requirements in subsection (a), the date and time at which the facility manager may begin gaming operations at the gaming facility shall be authorized by the commission. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8749, 74-8750, and 74-8772; effective April 24, 2009.)

112-107-14. EGM conversions. Each facility manager shall meet the following requirements:

(a) Maintain complete and accurate records of all EGM conversions;

(b) give prior written notice of each EGM conversion to the commission; and

(c) notify the Kansas lottery in accordance with K.A.R. 112-107-11. (Authorized by K.S.A. 2008 Supp. 74-8772; implementing K.S.A. 2008 Supp. 74-8750, 74-8752, and 74-8772; effective April 24, 2009.)

112-107-15. Revocations and additional conditions. The approval of or imposition of additional conditions on an EGM prototype, associated equipment prototype, or modification may be revoked by the commission if the equipment, device, or software meets either of the following conditions:

(a) The equipment, device, or software does not meet the requirements of the act, this article, or article 110.

(b) The EGM, or modification to the EGM, is not compatible or compliant with the central computer system and protocol specifications approved by the Kansas lottery commission or is unable to communicate with the central computer system

for the purpose of transmitting auditing program information, real-time information retrieval, and the activation and disabling of EGMs. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8749, 74-8750, and 74-8772; effective April 24, 2009.)

112-107-16. Kiosks as automated gaming ticket and coupon redemption machines.

(a) Any facility manager may utilize a kiosk as an automated gaming ticket and coupon redemption machine if that machine has been tested and approved by the commission under K.A.R. 112-107-3.

(b) Automated gaming ticket and coupon redemption machines may be located on or proximate to the gaming floor of a gaming facility and shall be subject to surveillance coverage under article 106. Each kiosk shall have imprinted, affixed, or impressed on the outside of the machine a unique asset identification number.

(c) Each kiosk shall meet the requirements of article 110.

(d) Before using a kiosk, a facility manager shall establish a comprehensive system of internal controls addressing the distribution of currency or coin, or both, to the machines, the removal of gaming tickets, coupons or currency accepted by the machines, and the associated reconciliations. The internal controls shall be submitted to and approved by the commission under K.A.R. 112-104-1.

(e) Each kiosk or the ancillary systems, applications, and equipment associated with reconciliation shall be capable of producing the following reports upon request:

(1) A gaming ticket transaction report. The report shall include the disposition of gaming tickets, including whether the ticket has been paid, partially paid, unpaid, or accepted by a kiosk, which shall include the validation number, the date and time of redemption, amount requested, and the amount dispensed. This information shall be available by reconciliation period, which may be by day, shift, or drop cycle;

(2) a coupon transaction report. This report shall include the payment disposition of coupons accepted by a kiosk, which shall include the unique serial number, the date and time of redemption, the amount requested, and the amount dispensed. The information shall be available by reconciliation period, which may be by day, shift, or drop cycle;

(3) a reconciliation report. The report shall include all of the following:

(A) Report date and time;
(B) unique asset identification number of the machine;

(C) total cash balance of the currency cassettes;
(D) total count of currency accepted by denomination;

(E) total dollar amount of tickets accepted;
(F) total count of gaming tickets accepted;
(G) total dollar amount of coupons accepted; and
(H) total count of coupons accepted;

(4) gaming ticket, coupon, and currency storage box report. The report shall be generated, at a minimum, whenever a gaming ticket, coupon, or currency storage box is removed from a kiosk. The report shall include all of the following:

(A) Report date and time;
(B) unique asset identification number of the machine;

(C) unique identification number for each storage box in the machine;

(D) total value of currency dispensed;
(E) total number of bills dispensed by denomination;

(F) total dollar value of gaming tickets accepted;
(G) total count of gaming tickets accepted;
(H) total dollar value of coupons accepted;
(I) total count of coupons accepted; and

(J) the details required to be included in the gaming ticket transaction report required by paragraph (e)(1) and the coupon transaction report required in paragraph (e)(2); and

(5) a transaction report. The report shall include all critical patron transaction history, including the date, time, amount, and disposition of each complete and incomplete transaction. If a kiosk is capable of redeeming multiple tickets or coupons in a single transaction, the transaction history shall include a breakdown of the transaction with regard to the individual gaming tickets and coupons accepted. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective April 24, 2009.)

112-107-17. Automated jackpot payout machines.

(a) Any facility manager may utilize an automated jackpot payout machine that has been tested and approved by the commission under K.A.R. 112-107-3.

(b) Each automated jackpot payout machine shall meet the requirements of the act, this article, and article 110.

(c) Before using an automated jackpot payout machine, each facility manager shall establish a

comprehensive system of internal controls for the payment of jackpot payouts utilizing an automated jackpot payout machine and the distribution of currency or coin, or both, to the machines. The internal controls shall be submitted to and approved by the commission under K.A.R. 112-104-1. (Authorized by K.S.A. 2008 Supp. 74-8772; implementing K.S.A. 2008 Supp. 74-8750 and 74-8772; effective April 24, 2009.)

112-107-18. Gaming tickets. (a) A facility manager may utilize gaming tickets and a gaming ticket system that has been tested and approved by the commission under K.A.R. 112-107-3.

(b) Each facility manager shall establish a system of internal controls for the issuance and redemption of gaming tickets. The internal controls shall be submitted and approved by the commission under K.A.R. 112-104-1 and shall address the following:

(1) The procedures for assigning an EGM's asset number, identifying other redemption locations in the system, and enabling and disabling ticket capabilities for EGMs and redemption locations;

(2) the procedures for issuance, modification, and termination of a unique system account for each user in accordance with article 110;

(3) the procedures used to configure and maintain user passwords in accordance with article 110;

(4) the procedures for restricting special rights and privileges, including administrator and override capabilities, in accordance with article 110;

(5) the duties and responsibilities of the information technology, internal audit, electronic gaming operations, cage, and accounting departments and the level of access for each position with regard to the gaming ticket system;

(6) a description of physical controls on all critical hardware, including locks and surveillance. This description shall include the location and security protocols applicable to each piece of equipment;

(7) the procedures for the backup and timely recovery of critical data in accordance with article 110; and

(8) the use of logs to document and maintain the details of commission-approved hardware and software modifications upon implementation.

(c) The system of internal controls required in subsection (b) shall also include controls over the issuance and redemption of gaming tickets and shall include all of the following requirements:

(1) Upon presentation of a gaming ticket for redemption, the electronic gaming cashier or EGM

shall use the gaming ticket system to verify the validity of the serial number and value of the ticket, and if valid, the system shall immediately cancel the ticket electronically and permit the redemption of the ticket for the value printed thereon. Before redeeming a gaming ticket, the complete serial number of the unredeemed gaming ticket shall be available only to the system.

(2) The facility manager shall maintain a record of all transactions in the gaming ticket system for at least 210 days from the date of the transaction.

(3) Each gaming ticket shall expire in not less than 180 days from the date of issuance if not redeemed.

(4) A gaming ticket system shall not be configured to issue a gaming ticket exceeding \$10,000.

(5) The facility manager shall maintain a record of unredeemed gaming tickets for all gaming tickets that were issued but not redeemed. The record shall be stored in the system for a period of time approved by the executive director, which shall be at least one year from the date of issuance of the gaming ticket. The following requirements shall apply:

(A) Each unredeemed gaming ticket record removed from the system after one year shall be stored and controlled in a manner approved by the commission.

(B) Each unredeemed gaming ticket record removed from the system shall be subject to the standard record retention requirements of this article.

(d) The system of internal controls required to be submitted and approved by the commission under subsection (b) shall also include procedures to be used in the following instances:

(1) If the facility manager chooses to pay a patron the represented value of a gaming ticket notwithstanding the fact that the gaming ticket system is inoperable, rendering the manager unable to determine the validity of the gaming ticket at the time of payment. The system of internal controls shall include procedures to verify the ticket once the gaming ticket system becomes operable in accordance with article 110; and

(2) if the facility manager chooses to pay a patron the value of a gaming ticket notwithstanding the fact that the gaming ticket system failed to verify and electronically cancel the gaming ticket when it was scanned. Each payment by the facility manager shall be treated as a complimentary. These payments shall not result in a deduction from EGM income.

(e) At the end of each gaming day, the gaming ticket system shall be caused by the facility manager to generate reports, and the reports shall be provided to the manager's accounting department, either directly by the system or through the management information systems department. The report, at a minimum, shall contain the following information:

(1) A list of all gaming tickets that have been issued, including the asset number and the serial number of the EGM, and the value, date, and time of issuance of each gaming ticket;

(2) a list of all gaming tickets that have been redeemed and cancelled, including the redemption location, the asset number of the EGM or location if other than an EGM, the serial number, the value, date, and time of redemption for each ticket, the total value of all gaming tickets redeemed at EGMs, and the total value of all gaming tickets redeemed at locations other than EGMs;

(3) the liability for unredeemed gaming tickets;

(4) the readings on gaming ticket-related EGM meters and a comparison of the readings to the number and value of issued and redeemed gaming tickets, as applicable;

(5) the exception reports and audit logs; and

(6) any other relevant reports as required by the executive director.

(f) Each facility manager shall, at the time of discovery, report to the commission audit staff any evidence that a gaming ticket has been counterfeited, tampered with, or altered in any way that would affect the integrity, accuracy, reliability, or suitability of the gaming ticket.

(g) Upon any attempt to redeem a gaming ticket when the total value of which gaming ticket cannot be completely converted into an equivalent value of credits, the EGM shall perform one of the following procedures:

(1) Automatically issue a new gaming ticket containing the value that cannot be completely converted;

(2) not redeem the gaming ticket and return the gaming ticket to the patron; or

(3) allow for the additional accumulation of credits on a meter that displays the value in dollars and cents.

(h) Each facility manager that utilizes a system or an EGM that does not print a test gaming ticket that is visually distinguishable from a redeemable gaming ticket shall adopt internal controls for all of the following:

(1) The issuance of test currency from the cage; and

(2) the return and reconciliation of the test currency and any gaming tickets printed during the testing process.

(i) Except as provided in subsection (m), each gaming ticket shall be redeemed by a patron for cash, EGM credits, or a check issued by the facility manager in the amount of the gaming ticket redeemed. A facility manager shall not permit redemption of a gaming ticket if the facility manager knows or has reason to know that the ticket meets any of the following conditions:

(1) Is different from the sample of the gaming ticket approved by the commission;

(2) was previously redeemed; or

(3) was printed as a test gaming ticket.

(j) Any facility manager may effectuate redemption requests submitted by mail. Gaming tickets redeemed by mail may only be redeemed by a cage supervisor in accordance with internal controls approved by the commission under K.A.R. 112-104-1 that include the following:

(1) Procedures for using the gaming ticket system to verify the validity of the serial number and value of the ticket that, if valid, shall be immediately cancelled electronically by the system; and

(2) procedures for the issuance of a check equal to the value of the ticket.

(k) Gaming tickets redeemed at cashier locations shall be transferred to the facility manager's accounting department on a daily basis. The gaming tickets redeemed by EGMs shall be counted in the count room and forwarded to the manager's accounting department upon the conclusion of the count process. The gaming tickets redeemed at automated gaming ticket redemption machines shall be forwarded to the manager's accounting department upon the conclusion of the cage reconciliation process. The manager's accounting department employees shall perform the following, at a minimum:

(1) On a daily basis, the following:

(A) Compare gaming ticket system report data to any count room system report data available for that gaming day to ensure proper electronic cancellation of the gaming ticket; and

(B) calculate the unredeemed liability for gaming tickets, either manually or by means of the gaming ticket system; and

(2) on a weekly basis, compare appropriate EGM meter readings to the number and value of issued and redeemed gaming tickets per the

gaming ticket system. Meter readings obtained through an electronic gaming monitoring system may be utilized to complete this comparison.

(l) Each facility manager shall provide written notice to the commission audit staff of any adjustment to the value of any gaming ticket. The notice shall be made before or concurrent with the adjustment.

(m) Employees of a facility manager who are authorized to receive gratuities under K.A.R. 112-104-27 may redeem gaming tickets given as gratuities only at a cage. Gaming tickets valued at more than \$100 shall be redeemed at the cage only with the approval of the supervisor of the cashier conducting the redemption transaction.

(n) Each gaming ticket system shall be configured to alert each facility manager to any malfunction in accordance with article 110. Following a malfunction of a system, the facility manager shall notify the commission within 24 hours of the malfunction and shall not utilize the system until the malfunction has been eliminated. A facility manager may be permitted by the executive director to utilize the system before the system is restored, for a period not to exceed 72 hours, if all of the following conditions are met:

(1) The malfunction is limited to a single storage media device, including a hard disk drive.

(2) The system contains a backup storage media device not utilized in the normal operation of the system. The backup device shall automatically replace the malfunctioning device and permit a complete recovery of all information in the event of an additional malfunction.

(3) Continued use of the malfunctioning system would not inhibit the ability to perform a complete recovery of all information and would not otherwise harm or affect the normal operation of the system.

(o) Other than a modification to a gaming ticket system that is required on an emergency basis to prevent cheating or malfunction and is approved by the executive director under K.A.R. 112-107-3(m), a modification to a gaming ticket system shall not be installed without being tested and approved under K.A.R. 112-107-3. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 24, 2009.)

112-107-19. Coupons. (a) Any facility manager may utilize coupons and a coupon system that has been tested and approved by the commission under K.A.R. 112-107-3.

(b) The design specifications for the coupon shall meet the requirements of article 110.

(c) The design specifications for the coupon system shall meet the requirements of article 110.

(d) Each facility manager shall establish a system of internal controls for the issuance and redemption of coupons before issuing any coupon. The internal controls shall be submitted to and approved by the commission under K.A.R. 112-104-1. The system of internal controls shall include the following requirements:

(1) The package containing the coupons shall be opened and examined by at least two members of the accounting department. Each deviation between the invoice and control listing accompanying the coupons, the purchase or requisition order, and the actual coupons received shall be reported to the controller or to a higher authority in a direct reporting line and to the director of internal audit.

(2) Upon examination of the coupons, the facility manager shall cause to be recorded in a coupon control ledger the type and quantity of coupons received, the date of the receipt, the beginning serial number, the ending serial number, the new quantity of unissued coupons on hand, the purchase order or requisition number, any deviations between the number of coupons ordered and the number received, and the signature of any individual who examined the coupons.

(3) All unissued coupons shall be stored in the cage, controlled by a cage department supervisor.

(4) A representative from the internal audit department shall prepare a monthly inventory of unissued coupons. Any deviations between the coupon inventory and the coupon control ledger shall be reported to the controller and the director of internal audit.

(5) A representative of the facility manager shall estimate the number of coupons needed by shift each day. An accounting department employee shall obtain the quantity of coupons to be issued. If a date indicating when the coupon becomes invalid is not preprinted on the coupon, the accounting department employee shall affix a stamp indicating the date the coupon becomes invalid. The following, at a minimum, shall be recorded in the coupon control ledger:

(A) The date the coupons were issued;

(B) the type of coupons issued;

(C) the beginning serial number of the coupons issued;

(D) the ending serial number of the coupons issued;

(E) the quantity issued and the quantity remaining; and

(F) the signatures of the accounting department employee issuing the coupons and any other department's employee receiving the coupons.

(6) The facility manager shall require unused coupons obtained from the accounting department employee to be stored in a locked cabinet until the coupons are distributed to patrons. All coupons remaining unused at the end of a shift shall be either returned to the cage department for receipt and redistribution or kept for use by the following shift if accountability between shifts is maintained. All expired coupons shall be returned to the cage department on a daily basis. Any coupons that are not used by the expiration date indicated on the coupons shall be voided when returned to the cage department.

(7) Documentation shall be prepared by a representative of the facility manager for the distribution of coupons to patrons. The documentation shall include the following information, at a minimum:

(A) The date and time or the shift of preparation;

(B) the type of coupons used;

(C) the beginning serial number of the coupons used;

(D) the ending serial number of the coupons used;

(E) the total number of coupons used;

(F) the total number of coupons remaining for use by the next shift or returned to the accounting department; and

(G) the signatures of the facility manager's representatives who distributed the coupons.

(8) The coupons shall be redeemed in the following manner:

(A) Coupons redeemable for cash or tokens shall be redeemed only by change persons or at cashiers' booths, the cage, or at any other location within the gaming facility approved by the commission. A change person, booth cashier, or general cage cashier shall accept the coupons in exchange for the stated amount of cash or tokens. Coupons accepted for redemption shall be cancelled by those authorized to accept coupons. Cancellation of coupons shall be done in a manner that cancels the coupon number and shall permit subsequent identification of the individual who accepted and cancelled the coupon. Redeemed coupons shall be maintained and shall be submitted to the main bank not less frequently than at the conclusion of each day.

(B) Coupons redeemable for wagers shall be accepted only in exchange for the wagers stated on the coupons. Cancellation of coupons shall be done in a manner that permits subsequent identification of the individual who accepted and cancelled the coupon. Redeemed coupons shall be maintained and shall be submitted to the main bank not less frequently than at the conclusion of each gaming day.

(C) A coupon redeemable for gaming chips shall be redeemed only by one of the following ways:

(i) At a gaming table and only by a dealer or first-level supervisor who supervises the game, who shall accept the coupon in exchange for the stated amount of gaming chips and shall deposit the coupon into the drop box upon acceptance; or

(ii) by a chip person, who shall accept the coupon only from a patron seated at a poker table at which a game is in progress in exchange for the stated amount of gaming chips and shall cancel the coupon upon acceptance. The coupon shall be cancelled in a manner that permits subsequent identification of the individual who accepted and cancelled the coupon. The cancelled coupons shall be exchanged with the main bank at the conclusion of the chip person's shift, at a minimum.

(D) A match play coupon shall be redeemed only at a gaming table that offers an authorized game in which patrons wager only against the house. The coupon shall be redeemed only by a dealer and only if accompanied by the proper amount of gaming chips required by the coupon. The dealer shall accept the coupon as part of the patron's wager and deposit the coupon into the drop box after the wager is won or lost.

(9) Documentation on unused coupons, voided coupons, and redeemed coupons maintained shall be forwarded on a daily basis to the accounting department, which shall perform the following regarding the coupons:

(A) Review for the propriety of signatures on documentation and for proper cancellation of coupons;

(B) examine for proper calculation, summarization, and recording on documentation, including the master game report;

(C) reconcile by the total number of coupons given to representatives of the department making distribution to patrons, returned for reissuance, distributed to patrons, voided, and redeemed;

(D) record; and

(E) maintain and control until destruction of the coupons is approved by the commission. (Au-

thorized by and implementing K.S.A. 2008 Supp. 74-8772; effective April 24, 2009.)

112-107-20. EGM computer systems. (a) All components of a facility manager's production EGM computer system shall be located within the gaming facility. As used in this regulation, "production EGM computer system" shall mean the facility manager's primary EGM computer system comprised of a collection of hardware and software used to process or monitor EGM activity in real time. A production EGM computer system shall include any segregated testing component.

(b) With the written approval of the executive director, a facility manager's back-up EGM computer system, or any part of it, may be located in a secure and remote computer that is under the custody and control of an affiliate, intermediary, subsidiary, or holding company approved by the commission, referred to as a "host entity." A back-up EGM computer system may consist of either of the following:

(1) A mirrored backup system that duplicates the production system by recording all slot-related operations on a real-time basis and is designed to become the production system whenever needed; or

(2) a periodic backup system that consists of regularly scheduled recording of selected data, which may include a complete image of the production system or any portion of the system.

(c) At a minimum, each facility manager requesting authorization to allow a backup EGM computer system to reside outside the gaming facility shall certify that both of the following conditions are met:

(1) Communications between the remote computer and the facility manager's EGM computer system occur using a dedicated and secure communication medium, which may include a leased line.

(2) The remote computer automatically performs the following functions:

(A) Generates daily monitoring logs and real-time alert messages to inform the facility manager and host entity of any system performance problems and hardware problems;

(B) generates daily monitoring logs and real-time alert messages to inform the facility manager of any software errors;

(C) generates daily monitoring logs to inform the facility manager of any unsuccessful attempts by a device, person, or process to obtain computer access;

(D) authenticates the identity of every device, person, and process from which communications are received before granting computer access to the device, person, or process;

(E) ensures that data sent through a transmission is completely and accurately received; and

(F) detects the presence of corrupt or lost data and, as necessary, rejects the transmission.

(d) Unless a remote computer is used exclusively to maintain the EGM computer system of the facility manager, the system shall be partitioned in a manner approved by the executive director and shall include the following:

(1) A partition manager that meets the following requirements:

(A) The partition manager shall be comprised of hardware or software, or both, and perform all partition management tasks for a remote computer, including creating the partitions and allocating system resources to each partition;

(B) the facility manager and host entity shall jointly designate and identify the security officer who will be responsible for administering the partition manager and maintaining access codes to the partition manager. The security officer shall be an employee of the facility manager or host entity and shall be licensed as a level I employee;

(C) special rights and privileges in the partition manager, including the administrator, shall be restricted to the management information systems director or security officer of the facility manager or host entity, who shall be licensed as level I employees;

(D) access to the partition manager shall be limited to employees of the management information systems departments of the facility manager and host entity; and

(E) software-based partition managers contained in a remote computer shall be functionally limited to performing partition management tasks for the remote computer, while partition managers using hardware and software that are not part of a remote computer may be utilized to perform other functions for a remote computer that are approved by the executive director;

(2) a separate partition established for the facility manager's EGM computer system that meets the following requirements:

(A) The partition shall be limited to maintaining the software and data of the facility manager for which the partition has been established;

(B) the security officer of the facility manager for which the partition has been established shall

be licensed as a level I employee and shall be responsible for maintenance of access codes to the partition; and

(C) special rights and privileges in the partition, including the administrator, shall be restricted to the security officer and the management information systems director of the facility manager for which the partition has been established; and

(3) separate and distinct operating system software, application software, and computer access controls for the partition manager and each separate partition.

(e) Any facility manager may be permitted by the executive director to establish a partition within a computer that contains its EGM computer system for its affiliate, intermediary, subsidiary, or holding company if all of the following requirements are met:

(1) A partition manager comprised of hardware or software, or both, shall be utilized to perform all partition management tasks, including creating the partitions and allocating system resources to each partition.

(2) A security officer shall be designated within the management information systems department of the facility manager to be responsible for administering the partition manager and maintaining access codes to the partition manager. Special rights and privileges in the partition manager, including the administrator, shall be restricted to the security officer and the management information systems director of the facility manager.

(3) Special rights and privileges in any partition that has been established for the benefit of an affiliate, intermediary, subsidiary, or holding company shall be restricted to the security officer and information technology director of the affiliate, intermediary, subsidiary, or holding company.

(f) Any facility manager may be permitted by the executive director to maintain backup or duplicate copies of the software and data of its EGM computer system, or any portion of the software and data, in removable storage media devices, including magnetic tapes or disks, in a secure location within a gaming facility or other secure location outside the gaming facility as approved by the executive director for the purposes of disaster recovery.

(g) Notwithstanding the provisions of subsection (a), upon the declaration of a disaster affecting the EGM computer system by the chief executive officer of the facility manager and with the prior written approval of the executive direc-

tor, a facility manager may maintain the software and data of its EGM computer system, or any portion of the software and data, in a computer located in a secure location outside the gaming facility.

(h) Any facility manager may locate software or data not related to an EGM computer system, including software or data related to the sale of food and beverages, in a computer located outside the gaming facility. With the written approval of the executive director, a facility manager may connect the computer to an EGM computer system if all of the following conditions are met:

(1) Logical access to computer software and data of the EGM computer system is appropriately limited.

(2) Communications with all portions of the EGM computer system occur using a dedicated and secure communications medium, which may consist of a leased line.

(3) The facility manager complies with other connection-specific requirements of the commission. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 24, 2009.)

112-107-21. Progressive LFGs. (a) Each progressive LFG shall meet the requirements of article 110.

(b) Each facility manager seeking to utilize a linked LFG shall submit the location and manner of installing any progressive meter display mechanism to the executive director for approval.

(c) An LFG that offers a progressive jackpot shall not be placed on the gaming floor until the executive director has approved the following:

(1) The initial and reset amounts at which the progressive meter or meters will be set;

(2) the proposed system for controlling the keys and applicable logical access controls to the LFGs;

(3) the proposed rate of progression for each progressive jackpot;

(4) the proposed limit for the progressive jackpot, if any; and

(5) the calculated probability of winning each progressive jackpot. The probability shall not exceed 50 million to one.

(d) Progressive meters shall not be turned back to a lesser amount unless one of the following occurs:

(1) The amount indicated has been actually paid to a winning patron.

(2) The progressive jackpot amount won by the patron has been recorded in accordance with a system of internal controls approved under K.A.R. 112-104-1.

(3) The progressive jackpot has, upon executive director approval, been transferred to another progressive LFG or wide-area progressive system in accordance with this article.

(4) The change is necessitated by an LFG or meter malfunction. For progressive jackpots governed by subsection (a), an explanation for the malfunction shall be entered on the progressive electronic gaming summary required by this article, and the commission shall be notified of the resetting in writing.

(e) Once an amount appears on a progressive meter, the probability of hitting the combination that will award the progressive jackpot shall not be decreased unless the progressive jackpot has been won by a patron or the progressive jackpot has been transferred to another progressive LFG or wide-area progressive system or removed in accordance with subsection (g).

(f) If an LFG has a progressive meter with digital limitations on the meter, the facility manager shall set a limit on the progressive jackpot, which shall not exceed the display capability of the progressive meter.

(g) Any facility manager may limit, transfer, or terminate a progressive jackpot offered on a gaming floor only under any of the following:

(1) A facility manager may establish a payout limit for a progressive jackpot if the payout limit is greater than the payout amount that is displayed to the patron on the progressive jackpot meter. The facility manager shall provide notice to the commission of the imposition or modification of a payout limit on a progressive meter concurrent with the setting of the payout limit.

(2) A facility manager may terminate a progressive jackpot concurrent with the winning of the progressive jackpot if its LFG program or progressive controller was configured before the winning of the progressive jackpot to establish a fixed reset amount with no progressive increment.

(3) A facility manager may permanently remove one or more linked LFGs from a gaming floor if both of the following conditions are met:

(A) If the LFG is part of a wide-area progressive system offered at multiple facilities, the facility manager retains at least one linked LFG offering the same progressive jackpot on its gaming floor.

(B) If the progressive jackpot is only offered in a single gaming facility, at least two linked LFGs offering the same progressive jackpot remain on the gaming floor.

(4) Any facility manager may transfer a progressive jackpot amount on a stand-alone LFG or the common progressive jackpot on an entire link of LFGs with a common progressive meter, including a wide-area progressive system, from a gaming floor. The facility manager shall give notice of its intent to transfer the progressive jackpot to the commission at least 30 days before the anticipated transfer and shall conspicuously display the facility manager's intent to transfer the progressive jackpot on the front of each LFG for at least 30 days. To be eligible for transfer, the progressive jackpot shall meet the following conditions:

(A) Be transferred in its entirety; and

(B) be transferred to one of the following:

(i) The progressive meter for an LFG or wide-area progressive system with the same or greater probability of winning the progressive jackpot, the same or lower wager requirement to be eligible to win the progressive jackpot, and the same type of progressive jackpot. However, if no other LFG or wide-area progressive system meets all of these qualifications, a transfer of the jackpot to the progressive meter of the most similar LFG or wide-area progressive system available may be authorized by the executive director; or

(ii) the progressive meters of two separate LFGs or wide-area progressive systems if each LFG or wide-area progressive system to which the jackpot is transferred individually satisfies the requirements of paragraph (g)(4)(B)(i).

(5) Any facility manager may immediately and permanently remove a progressive jackpot on a stand-alone progressive LFG, the common progressive jackpot on an entire link of LFGs with a common progressive meter, or an entire wide-area progressive system from a gaming floor if notice of intent to remove the progressive jackpot meets the following requirements:

(A) Is conspicuously displayed on the front of each LFG for at least 30 days; and

(B) is provided in writing to the commission at least 30 days before the removal of the progressive jackpot.

(h) The amount indicated on the progressive meter or meters and coin-in meter on each LFG governed by subsection (a) shall be recorded by the facility manager's accounting department or LFG department on a progressive electronic gaming summary report at least once every seven calendar days. Each report shall be signed by the preparer. If not prepared by the accounting department, the progressive electronic gaming sum-

mary report shall be forwarded to the accounting department by the end of the gaming day on which it is prepared. An employee of the accounting department shall be responsible for calculating the correct amount that should appear on a progressive meter. If an adjustment to the progressive meters is necessary, the adjustment shall be made by a member of the LFG department authorized by the progressive gaming supplier to make progressive meter adjustments as follows:

(1) Supporting documentation shall be maintained to explain any addition or reduction in the registered amount on the progressive meter. The documentation shall include the date, the asset number of the LFG, the amount of the adjustment, and the signatures of the accounting department member requesting the adjustment and the LFG department member making the adjustment; and

(2) the adjustment shall be effectuated within 48 hours of the meter reading.

(i) Except as otherwise authorized by this regulation, each LFG offering a progressive jackpot that is removed from the gaming floor shall be returned to or replaced on the gaming floor within five gaming days. The amount on the progressive meter or meters on the returned or replacement LFG shall not be less than the amount on the progressive meter or meters at the time of removal. If an LFG offering a progressive jackpot is not returned or replaced, any progressive meter amount at the time of removal shall, within five days of the LFG's removal, be added to an LFG offering a progressive jackpot approved by the executive director. The LFG shall offer the same or greater probability of winning the progressive jackpot and shall require the same or lower denomination of currency to play that was in use on the LFG that was removed. This subsection shall not apply to the temporary removal by a facility manager, for a period not to exceed 30 days, of all linked LFGs that are part of a particular wide-area progressive system if the progressive jackpot offered by the temporarily removed LFGs remains available on LFGs that are part of the same wide-area progressive system in another gaming facility.

(j) If an LFG is located adjacent to an LFG offering a progressive jackpot, the facility manager shall conspicuously display on the LFG a notice advising patrons that the LFG is not participating in the progressive jackpot of the adjacent LFG. (Authorized by K.S.A. 2009 Supp. 74-8772; implementing K.S.A. 2009 Supp. 74-8750 and 74-8772; effective April 24, 2009; amended April 1, 2011.)

112-107-22. Wide-area progressive systems. (a) Two or more facility managers may operate linked progressive LFGs that are interconnected between two or more participating gaming facilities, with the prior written approval of the commission and the Kansas lottery as required under subsection (c). The LFGs participating in the link shall be collectively referred to as a wide-area progressive system.

(b) Each wide-area progressive system shall at all times be installed and operated in accordance with relevant requirements of the act, this article, and article 110.

(c) Each wide-area progressive system shall be operated and administered by participating facility managers in accordance with the terms and conditions of a written agreement executed by the participating facility managers. The agreement shall be referred to as an electronic gaming system agreement. Each electronic gaming system agreement shall be submitted in writing and approved by the commission and the Kansas lottery before implementation and shall meet the requirements of the act, this article, and article 110.

(d) Any facility manager participating in an electronic gaming system agreement may delegate, in whole or in part, the management and administration of a wide-area progressive system to a gaming supplier if the electronic gaming system agreement is executed by the gaming supplier and the terms of the agreement are approved by the commission and the Kansas lottery. The persons designated in an electronic gaming system agreement as being responsible for the management and administration of a wide-area progressive system shall be referred to as the wide-area progressive system operator.

(e) An agreement between a gaming supplier and a facility manager under which a gaming supplier sells, leases, or services a wide-area progressive system shall not constitute an electronic gaming service agreement, unless the agreement also covers the management and administration of the wide-area progressive system.

(f) Each electronic gaming system agreement providing for the management and administration of a wide-area progressive system shall identify and describe with specificity the duties, responsibilities, and authority of each participating facility manager and each electronic gaming system operator, including the following:

(1) Details with regard to the terms of compensation for the electronic gaming system operator.

The agreement shall address to what extent, if any, the electronic gaming system operator is receiving compensation based, directly or indirectly, on an interest, percentage, or share of a facility manager's revenue, profits, or earnings from the management of the wide-area progressive system;

(2) responsibility for the funding and payment of all jackpots and fees associated with the management of the wide-area progressive system;

(3) control and operation of the computer monitoring room required under subsection (l);

(4) a description of the process by which significant decisions with regard to the management of the wide-area progressive system are approved and implemented by the participating facility managers and electronic gaming system operator;

(5) when applicable, terms satisfactory to the commission with regard to apportionment of responsibility for establishing and servicing any trust agreement associated with any annuity jackpot offered by the wide-area progressive system;

(6) responsibility for generating, filing, and maintaining the records and reports required under the act, this part, and article 110; and

(7) any other relevant requirements of the commission, including those required to comply with the technical standards on wide-area progressive systems adopted by the commission under article 110.

(g) An electronic gaming system agreement submitted to the commission for approval shall be accompanied by a proposed system of internal controls addressing the following:

(1) Transactions directly or indirectly relating to the payment of progressive jackpots, including the establishment, adjustment, transfer, or removal of a progressive jackpot amount and the payment of any associated fees; and

(2) the name, employer, position, and gaming license status of any person involved in the operation and control of the wide-area progressive system.

(h) The information identified in paragraph (g) (2) shall be reviewed by the executive director to determine, based on an analysis of specific duties and responsibilities, which persons shall be licensed. The electronic gaming system manager shall be advised of the executive director's findings. Each participating facility manager and any participating gaming supplier shall comply with the commission's licensing instructions.

(i) An electronic gaming system manager shall not commence operation and administration of

a wide-area progressive system pursuant to the terms of an electronic gaming system agreement until the agreement and the internal controls required under subsection (g) have been approved in writing by the commission and any licensing requirements under subsection (h) have been met.

(j) If an electronic gaming system agreement involves payment to a gaming supplier functioning as an electronic gaming system operator, of an interest, percentage, or share of a facility manager's revenue, profits, or earnings from the operation of a wide-area progressive system, the electronic gaming system agreement may be approved by the commission only if it determines that the total amounts paid to the gaming supplier under the terms of the agreement are commercially reasonable for the managerial and administrative services provided. Nothing in this regulation shall limit the commission's consideration of the electronic gaming system agreement to its revenue-sharing provisions.

(k) Each wide-area progressive system shall be controlled from a computer monitoring room. The computer monitoring room shall meet the following requirements:

(1) Be under the sole possession and control of employees of the wide-area progressive system manager designated in the electronic gaming system agreement for that system. The employees of the wide-area progressive system manager may be required to obtain a license or permit if the executive director determines, after a review of the work being performed, that the employees require a license or permit for the protection of the integrity of gaming;

(2) have its monitoring equipment subjected to surveillance coverage either by the surveillance system of a facility manager participating in the electronic gaming system agreement or by a dedicated surveillance system maintained by the wide-area progressive system manager. The surveillance plan shall be approved by the executive director;

(3) be accessible only through a locked door. The door shall be alarmed in a manner that audibly signals the surveillance monitoring room for the surveillance system elected under paragraph (l)(2); and

(4) have a computer monitoring room entry log. The log shall meet the following requirements:

(A) Be kept in the computer monitoring room;

(B) be maintained in a book with bound, numbered pages that cannot be readily removed or

an electronic log approved by the executive director; and

(C) be signed by each person entering the computer monitoring room who is not an employee of the wide-area progressive system manager employed in the computer monitoring room on that person's assigned shift. Each entry shall contain the following information:

(i) The date and time of entering and exiting the room;

(ii) the name, department, or license number of the person entering and exiting the room and of the person authorizing the entry; and

(iii) the reason for entering the computer monitoring room.

(l) In evaluating a proposed location for a computer monitoring room, the following factors may be considered by the executive director:

(1) The level of physical and system security offered by the proposed location; and

(2) the accessibility of the location to the commission's audit, law enforcement, and technical staff. (Authorized by K.S.A. 2009 Supp. 74-8772; implementing K.S.A. 2009 Supp. 74-8750 and 74-8772; effective April 24, 2009; amended April 1, 2011.)

112-107-23. Electronic gaming monitoring systems. (a) Any facility manager may utilize an electronic gaming monitoring system that has an interface between it, EGMs, and related systems if the electronic gaming monitoring system has been tested and approved by the commission under K.A.R. 112-107-3.

(b) Each electronic gaming monitoring system shall meet the requirements of the act, this article, and article 110. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective April 24, 2009.)

112-107-24. Casino management systems. (a) Any facility manager may utilize a casino management system that has an interface between it, EGMs, and related systems if the casino management system has been tested and approved by the commission under K.A.R. 112-107-3.

(b) Each casino management system shall meet the requirements of the act, this article, and article 110. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective April 24, 2009.)

112-107-25. Player tracking systems. (a) Any facility manager may utilize a player tracking system that has an interface between it, EGMs,

and related systems if the player tracking system has been tested and approved by the commission under K.A.R. 112-107-3.

(b) Each player tracking system shall meet the requirements of the act, this article, and article 110. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective April 24, 2009.)

112-107-26. External bonusing systems.

(a) Any facility manager may utilize an external bonusing system that has been tested and approved by the commission under K.A.R. 112-107-3.

(b) The combination of the EGM theoretical payout percentage plus the bonus awards generated by an external bonusing system shall not equal or exceed 100% of the theoretical payout for an EGM on which the external bonus award is available.

(c) Each EGM shall meet the minimum theoretical payout percentage required under this article without the contribution of any external bonus award available on the EGM.

(d) Each external bonusing system shall meet the requirements of the act, this article, and article 110. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective April 24, 2009.)

112-107-27. Cashless funds transfer systems. (a) Any facility manager may utilize a cashless funds transfer system that has been tested and approved by the commission under K.A.R. 112-107-3.

(b) Each cashless funds transfer system shall meet the requirements of the act, this article, and article 110.

(c) Before utilizing a cashless funds transfer system, each facility manager shall establish a system of internal controls for the cashless funds transfer system. The internal controls shall be submitted to and approved by the commission under K.A.R. 112-104-1. The internal control procedures submitted by the facility manager shall address the integrity, security, and control of the facility manager's cashless funds transfer system shall include the following:

- (1) An overview of the system design;
- (2) system access controls and restrictions;
- (3) override policies and restrictions;
- (4) backup and recovery procedures;
- (5) logical and physical access controls and restrictions;
- (6) network security; and
- (7) procedures for handling customer disputes.

(d) The transfer of electronic credits to an EGM under this regulation shall be initiated only by a patron using an access control. Access controls shall require the use of a unique access code for each patron. The access code shall be selected by and available to only the patron.

(e) Each facility manager shall maintain a record of every transfer of electronic credits to an EGM under this regulation. Each transfer shall be identified by, at a minimum, the date, the time, and the asset number of the EGM to which the transfer occurred and an identification number assigned to the patron who initiated the transaction. The identification number assigned to a patron for the purposes of this regulation shall be different from the unique access code selected by the patron as part of an access control.

(f) On at least a monthly basis, each facility manager using a cashless funds transfer system shall provide a statement to each patron who has participated in the system that month. The statement shall include, at a minimum, the patron's beginning monthly balance, credits earned, credits transferred to an EGM pursuant to this regulation, and the patron's monthly ending balance. With the written authorization of the patron, the mailing of a monthly statement may be issued electronically to the patron. However, a monthly statement shall not be required for transfers of temporary electronic credits or transfers of electronic credits from a temporary anonymous account.

(g) Each facility manager shall provide notice to the commission in writing of any adjustment to the amount of a credit transferred to an EGM by means of a cashless funds transfer system. The notice shall be submitted on or before the date of the adjustment. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 24, 2009.)

112-107-28. Server-supported electronic gaming systems. (a) Any facility manager may utilize a server-supported electronic gaming system if that system has been tested and approved by the commission under K.A.R. 112-107-3.

(b) Each server-supported electronic gaming system shall meet the requirements of the act, this article, and article 110.

(c) Before utilizing a server-supported electronic gaming system, each facility manager shall establish a system of internal controls for the server-supported electronic gaming system. The internal controls shall be submitted to and approved

by the commission under K.A.R. 112-104-1. The internal controls submitted by the facility manager shall address the integrity, security, and control of the server-supported electronic gaming system. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective April 24, 2009.)

112-107-29. Server-based electronic gaming systems. (a) Any facility manager may utilize a server-based electronic gaming system if that system has been tested and approved by the commission under K.A.R. 112-107-3.

(b) Each server-based electronic gaming system shall meet the requirements of the act, this article, and article 110.

(c) Before utilizing a server-based electronic gaming system, each facility manager shall establish a system of internal controls for the server-based electronic gaming system. The internal controls shall be submitted to and approved by the commission under K.A.R. 112-104-1. The internal controls submitted by the facility manager shall address the integrity, security, and control of its server-based electronic gaming system. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective April 24, 2009.)

112-107-30. EGMs and associated equipment utilizing alterable storage media. The use of alterable storage media in an EGM or associated equipment shall meet the requirements of the act, this article, and the technical standards on alterable storage media adopted by the commission under article 110. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 24, 2009.)

112-107-31. Remote system access. (a) In emergency situations or as an element of technical support, an employee of a gaming supplier may perform analysis of, or render technical support with regard to, a facility manager's electronic gaming monitoring system, casino management system, player tracking system, external bonusing system, cashless funds transfer system, wide-area progressive system, gaming ticket system, or other approved system from a remote location. All remote access to these systems shall be performed in accordance with the following procedures:

(1) Only an employee of a gaming supplier who separately holds an occupation license under article 103 may remotely access a system sold, leased, or otherwise distributed by that gaming supplier for use at a gaming facility.

(2) The gaming supplier shall establish a unique system account for each employee of a gaming supplier identified by that supplier as potentially required to perform technical support from a remote location. All system access afforded pursuant to this regulation shall meet the following requirements:

(A) Be restricted in a manner that requires the facility manager's management information systems department to receive prior notice from the gaming supplier of its intent to remotely access a designated system;

(B) require the facility manager to take affirmative steps, for each instance of access, to activate the gaming supplier's access privileges; and

(C) be designed to appropriately limit the ability of any person authorized under this regulation to deliberately or inadvertently interfere with the normal operation of the system or its data.

(3) A separate log shall be maintained by both the gaming supplier and the facility manager's management information systems department. Each log shall contain, at a minimum, the following information:

(A) The system accessed, including manufacturer, and version number;

(B) the type of connection;

(C) the name and license number of the employee remotely accessing the system;

(D) the name and license number of the employee in the management information systems department activating the gaming supplier's access to the system;

(E) the date, time, and duration of the connection;

(F) the reason for the remote access, including a description of the symptoms or malfunction prompting the need for remote access to the system; and

(G) any action taken or further action required.

(4) All communications between the gaming supplier and any of the systems identified in subsection (a) shall occur using a dedicated and secure communication facility which may consist of a leased line approved in writing by the executive director.

(b) Each modification of, or remedial action taken with respect to, an approved system shall be processed and approved by the commission either in accordance with the emergency modification provisions of K.A.R. 112-107-3(l) or as a standard modification submitted under K.A.R. 112-107-3(h).

(c) If an employee of a gaming supplier is no longer employed by, or authorized by, that manufacturer to remotely access a system pursuant to this regulation, the gaming supplier shall notify, by the end of that business day, the commission and each facility manager that has established a unique system account for that employee of the change in authorization and shall verify with each facility manager that any access privileges previously granted have been revoked.

(d) All remote system access shall be performed in accordance with article 110.

(e) Each facility manager authorizing access to a system by a gaming supplier under this regulation shall be responsible for implementing a system of access protocols and other controls over the physical integrity of that system and the remote access process sufficient to ensure appropriately limited access to software and the systemwide reliability of data. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective April 24, 2009.)

112-107-32. EGM destruction procedures. (a) Each facility manager shall establish a comprehensive system of internal controls for the EGM destruction procedures required by this regulation. The internal controls shall be submitted to and approved by the commission under K.A.R. 112-104-1.

(b) The facility manager shall submit a request in writing with an attached approval letter from the Kansas lottery requesting the destruction of an EGM. The notice shall contain the asset number of each EGM that is requested to be destroyed and shall be submitted at least 14 days in advance of the requested destruction date.

(c) When destroying an EGM, the critical program storage media (CPSM) and component parts shall be removed from the EGM before destruction of the cabinet. For the purposes of this regulation, a component part shall mean any sub-assembly or essential part as described in K.S.A. 21-4302(d)(1)(C), and amendments thereto, and shall include any equipment necessary for any of the following operations by the EGM:

(1) The acceptance of currency, tickets, coupons, or tokens;

(2) the discharge of currency, tickets, coupons, or tokens;

(3) the determination or display of the outcome of the game;

(4) recordkeeping; and

(5) security.

(d) The CPSM and component parts may be destroyed or placed into the controlled inventory of the EGM department. All destroyed CPSM and component parts shall be destroyed separately from the EGM cabinets.

(e) The destruction of any EGMs, CPSM, and component parts shall be witnessed by an agent of the commission. (Authorized by K.S.A. 2008 Supp. 74-8772; implementing K.S.A. 2008 Supp. 74-8750 and 74-8772; effective April 24, 2009.)

112-107-34. Waivers. (a) The requirements in this article or article 110 for an EGM may be waived by the commission upon the commission's determination that the EGM, associated equipment, or modification as submitted by the facility manager meets the operational integrity requirements of the act, this article, and article 110.

(b) Any gaming supplier may submit a written request to the commission for a waiver for one or more of the requirements in this article or article 110. The request shall include supporting documentation demonstrating how the EGM, associated equipment, or modification for which the waiver has been requested meets the operational integrity requirements of the act, this article, and article 110. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective April 24, 2009.)

Article 108.—TABLE GAMES

112-108-1. Definitions. The following words and terms, when used in this article, shall have the following meanings unless the context clearly indicates otherwise:

(a) “Bad beat” means a jackpot prize that is paid in poker when a sufficiently strong hand is shown face down and loses to an even stronger hand held by another player.

(b) “Boxperson” means an individual who supervises dice games, including craps, guards the money and chips at a long table, issues chips, and settles conflicts about the plays.

(c) “Burning cards” means a process, performed by the dealer, in which one or more cards are removed from the top of the deck of cards and placed in the discard pile, after the cards have been cut.

(d) “Coloring up” means exchanging lower denomination chips for higher denomination chips.

(e) “Counterfeit chip” means any chip or chip-like objects that have not been approved pursuant to this article, including objects referred to

as “slugs,” but not coins of the United States or other nations.

(f) “Day” means calendar day regardless of whether the day falls on a weekend or holiday.

(g) “Non-value chips” means chips without a value impressed, engraved, or imprinted on them.

(h) “Pai gow” means a double-hand poker variation based on the Chinese dominos game of Pai Gow.

(i) “Patron” means any person present at a gaming facility who is not employed by the facility manager, the Kansas lottery, or the commission and is not on the premises as a vendor of the facility manager.

(j) “Pit area” means the immediate areas within a gaming facility where one or more table games are open for play.

(k) “Promotional coupon” means any instrument offering any person something of value issued by a facility manager to promote the lottery gaming facility or ancillary facility or for use in or related to certified gambling games at a facility manager's gaming establishment.

(l) “Promotional game” means a drawing, event, contest, or game in which patrons can, without giving consideration, participate or compete for the chance to win a prize or prizes of different values.

(m) “Promotional giveaway” means a promotional gift or item given by a facility manager to any person meeting the facility manager's promotional criteria, for which the person provides no consideration. No chance or skill is involved in the awarding of the promotional gift or item, and all persons meeting the facility manager's promotional criteria receive the same promotional gift or item.

(n) “Rake” means a commission charged by the house for maintaining or dealing a game, including poker.

(o) “Special hand” means a secondary jackpot paid on a poker hand that does not qualify for the bad beat.

(p) “Table game” means any lottery facility game other than a game played on an electronic gaming machine.

(q) “Table game mechanism” means a component that is critical to the operation of a table game, including a roulette wheel and an electronic add-on for the placement of wagers.

(r) “Value chips” means chips with a value impressed, engraved, or imprinted on the chips. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-2. Consistency with the Kansas lottery's rules. Each facility manager shall conduct each lottery facility game in a manner consistent with the rules of the game approved by the Kansas lottery. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-3. Participation in table games by a certificate holder or a licensee. (a) Except as provided in K.A.R. 112-108-37, no facility manager or any director, officer, key person, or any other agent of any facility manager shall play or be permitted to play any table game in the gaming facility where the person is licensed or employed.

(b) No holder of a gaming supplier certificate or any director, officer, key person, or any other agent of a gaming supplier shall play or be permitted to play at a table game in a gaming facility to which the gaming supplier provides its goods or services. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-4. Testing and approval of table games. (a) Each table game, the rules of the game, and the associated equipment to be used in a gaming facility shall be submitted for approval in accordance with the act and these regulations.

(b) Each table game, the rules of the game, and associated equipment shall be evaluated by the commission for the following:

(1) Overall operational integrity and compliance with the act and these regulations;

(2) mathematical accuracy of the payout tables; and

(3) compatibility with any specifications approved by the Kansas lottery.

(c) A product submission checklist may be prescribed by the executive director.

(d) An independent testing laboratory may be used by the commission to evaluate the table game and associated equipment.

(e) A trial period may be required by the commission to assess the functionality of the table game, rules of the game, and associated equipment in a live gaming environment. The conduct of the trial period shall be subject to compliance by the facility manager with any conditions that may be required by the commission.

(f) A facility manager shall not install a table game or associated equipment unless the table game, rules of the game, and associated equipment have been approved by the commission and issued a certificate authorizing the use of the game, rules, or associated equipment at the gaming facility. The

certificate shall be prominently displayed on the approved device. A facility manager shall not modify, alter, or tamper with an approved table game, rules of the game, or associated equipment or with a commission-issued certificate.

(g) The facility manager shall notify the executive director in writing and receive written approval at least five days before moving or disposing of a table game or associated equipment that has been issued a certificate. Before the removal of the table game or associated equipment from the gaming facility, the certificate shall be removed by a commission agent. A table game or the associated equipment installed in a gaming facility in contravention of this requirement shall be subject to seizure by any Kansas law enforcement officer.

(h) Any modification to a table game or the associated equipment may be authorized by the executive director on an emergency basis to prevent cheating or malfunction. The emergency request shall be documented by the facility manager. The request shall specify the name and employer of any persons to be involved in the installation of the modification and the manner in which the installation is to be effected. Within 15 days of receipt of any authorization to install an emergency modification, the facility manager shall submit the modification for full evaluation and approval in accordance with this article.

(i) Each facility manager shall notify the commission's security staff of any known or suspected defect or malfunction in any table game or associated equipment installed in the gaming facility no later than four hours after detection. The facility manager shall comply with any instructions from the commission staff for the use of the table game or associated equipment.

(j) Each facility manager shall include table games and associated equipment on the facility manager's master list of approved gaming machines as required by K.A.R. 112-107-10.

(k) All table games and associated equipment shall be noted on the gaming floor plan under K.A.R. 112-107-7. (Authorized by K.S.A. 2008 Supp. 74-8772; implementing K.S.A. 2008 Supp. 74-8750 and 74-8772; effective Jan. 8, 2010.)

112-108-5. Compliance with law; prohibited activities. (a) Each facility manager shall comply with all federal and state regulations and requirements for the withholding of taxes from winnings and the filing of currency transaction reports (CTR).

(b) Each facility manager shall be prohibited from the following activities:

(1) Permitting persons who are visibly intoxicated to participate in table games;

(2) permitting any table game or associated table game equipment that could have been marked, tampered with, or otherwise placed in a condition or operated in a manner that might affect the normal game play and its payouts;

(3) permitting cheating, if the facility manager was aware of the cheating;

(4) permitting any cheating device to remain in or upon any gaming facility, or conducting, carrying on, operating, or dealing any cheating or thieving game or device on the premises; and

(5) permitting any gambling device that tends to alter the normal random selection of criteria that determines the results of the game or deceives the public in any way to remain in or upon any gaming facility, if the facility manager was aware of the device.

(c) Each violation of this regulation shall be reported within one hour to a commission agent.

(d) A facility manager shall not allow a patron to possess any calculator, computer, or other electronic, electrical, or mechanical device at any table game that meets any of the following conditions:

(1) Assists in projecting the outcome of a game;

(2) keeps track of cards that have been dealt;

(3) keeps track of changing probabilities; or

(4) keeps track of playing strategies being utilized, except as permitted by the commission.

(e) A person who, without the assistance of another person or without the use of a physical aid or device of any kind, uses the person's own ability to keep track of the value of cards played and uses predictions formed as a result of the tracking information in their playing and betting strategy shall not be considered to be in violation of these regulations. Any facility manager may make its own determination of whether the behavior is disruptive to gaming. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-6. Table game internal controls.

(a) Each facility manager shall establish a system of internal controls for the security and operation of table games as provided under this article. The internal controls for table games shall be submitted to the commission for approval under K.A.R. 112-104-1 and shall address the following:

(1) Object of the game and method of play, including what constitutes win, loss, or tie bets;

(2) physical characteristics of the game, gaming equipment, and gaming table;

(3) procedures for opening and closing of the gaming table;

(4) wagers and payout odds for each type of available wager, including the following:

(A) A description of the permissible wagers and payout odds;

(B) any minimum or maximum wagers, which shall be posted on a sign at each table; and

(C) any maximum table payouts, if any, which shall be posted at each table and shall not be less than the maximum bet times the maximum odds;

(5) for each game that uses any of the following, the applicable inspection procedures:

(A) Cards;

(B) dice;

(C) wheels and balls; or

(D) manual and electronic devices used to operate, display the outcome, or monitor live games;

(6) for each game that uses cards, a description of the following:

(A) Shuffling procedures;

(B) card cutting procedures;

(C) procedures for dealing and taking cards; and

(D) burning cards;

(7) procedures for the collection of bets and payouts including requirements for internal revenue service purposes;

(8) procedures for handling suspected cheating or irregularities and immediate notification of commission agent on duty;

(9) procedures for dealers being relieved;

(10) procedures for immediate notification to the commission agent on duty when equipment is defective or malfunctioning; and

(11) procedures to describe irregularities of the game, including dice off the table and soiled cards.

(b) Each facility manager that provides table games shall include a table game department in the internal controls. That department shall be supervised by a person located at the gaming facility who functions as the table game director. The department shall be mandatory and shall cooperate with yet perform independently of other mandatory departments listed under K.A.R. 112-104-2. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-7. Publication of rules and pay-off schedules for all permitted games. Each facility manager shall provide, free of charge and within one hour, a copy of the rules and accurate

payoff schedules for any table game if requested by a patron. Each payoff schedule shall accurately state actual payoffs applicable to a particular game or device. No payoff schedule shall be worded in a manner that misleads the public. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-8. Payout for progressive table games. (a) Each table game that includes progressive jackpots shall have a progressive meter visible to patrons. If any part of the distribution to the progressive jackpots is being used to fund a secondary jackpot, visible signage informing players of this supplemental distribution shall be placed in the immediate area of the table. The existence of progressive jackpots and the distributions to those jackpots shall be set forth in the “rules of the game” within a facility manager’s internal controls for each game having a progressive jackpot. Each table game not meeting this distribution requirement shall be deemed an unauthorized gambling game.

(b) At least five days before the cancellation of any table game that includes a progressive jackpot that has not been awarded, the facility manager shall submit a plan for disbursement of that jackpot for approval by the executive director. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-9. Authorized table gaming suppliers. Chips, dice, and playing cards for use in table games may be purchased only from a permitted or certified gaming supplier. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-10. Chip specifications. (a) Each value chip issued by a facility manager shall have the following characteristics:

- (1) Be round;
- (2) have clearly and permanently impressed, engraved, or imprinted on it the name of the facility manager and the specific value of the chip;
- (3) have, at least on one side of the chip, the name of the city or other locality and the state in which the gaming facility is located and either the manufacturer’s name or a distinctive logo or other mark identifying the manufacturer;
- (4) have its center portion impressed, engraved, or imprinted with the value of the chip and the name of the facility manager that is issuing the chip;

(5) utilize a different center shape for each denomination;

(6) be designed so that the specific denomination of a chip can be determined on surveillance camera monitors when placed in a stack of chips of other denominations; and

(7) be designed, manufactured, and constructed so as to prevent the counterfeiting of value chips.

(b) Unless otherwise authorized by the executive director, value chips may be issued by facility managers in denominations of \$1, \$2.50, \$5, \$20, \$25, \$100, \$500, \$1,000, \$5,000, and \$10,000. Each facility manager shall have the discretion to determine the denominations to be utilized at its gaming facility and the amount of each denomination necessary for the conduct of gaming operations.

(c) Unless otherwise authorized by the executive director, value chips worth less than \$500 shall have a diameter of 39 millimeters, and value chips worth equal to or greater than \$500 shall have a diameter of 43 millimeters.

(d) Each denomination of value chip shall have a different primary color from every other denomination of value chip. Unless otherwise approved by the executive director, value chips shall have the colors specified in this subsection when the chips are viewed both in daylight and under incandescent light. In conjunction with these primary colors, each facility manager shall utilize contrasting secondary colors for the edge spots on each denomination of value chip. Unless otherwise approved by the executive director, no facility manager shall use a secondary color on a specific denomination of chip identical to the secondary color used by another facility manager in Kansas on that same denomination of value chip. The primary color to be utilized by each facility manager for each denomination of value chip shall be as follows:

- (1) For \$1, white;
- (2) for \$2.50, pink;
- (3) for \$5, red;
- (4) for \$20, yellow;
- (5) for \$25, green;
- (6) for \$100, black;
- (7) for \$500, purple;
- (8) for \$1,000, fire orange;
- (9) for \$5,000, grey; and
- (10) for \$10,000, burgundy.

(e)(1) Each non-value chip utilized by a facility manager shall be issued solely for roulette. Each non-value chip at each roulette table shall meet the following conditions:

(A) Have the name of the facility manager issuing it impressed into its center;

(B) contain a design, insert, or symbol differentiating it from the non-value chips being used at every other roulette table in the gaming facility;

(C) have "Roulette" impressed on it; and

(D) be designed, manufactured, and constructed so as to prevent counterfeiting;

(2) Non-value chips issued at a roulette table shall be used only for gaming at that table and shall not be redeemed or exchanged at any other location in the gaming facility. When so presented, the dealer at the issuing table shall exchange these chips for an equivalent amount of value chips.

(f) No facility manager or its employees shall allow any patron to remove non-value chips from the table from which the chips were issued.

(g) No person at a roulette table shall be issued or permitted to game with non-value chips that are identical in color and design to value chips or to non-value chips being used by another person at the same table. When a patron purchases non-value chips, a non-value chip of the same color shall be placed in a slot or receptacle attached to the outer rim of the roulette wheel. At that time, a marker denoting the value of a stack of 20 chips of that color shall be placed in the slot or receptacle.

(h) Each facility manager shall have the discretion to permit, limit, or prohibit the use of value chips in gaming at roulette. Each facility manager shall be responsible for keeping an accurate account of the wagers being made at roulette with value chips so that the wagers made by one player are not confused with those made by another player at the table. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-11. Submission of chips for review and approval. (a) Each facility manager shall submit a sample of each denomination of value chips and non-value chips to the executive director for approval. No facility manager shall utilize these chips for gaming purposes until approved in writing by the executive director.

(b) In requesting approval of any chips, a facility manager shall submit to the commission a detailed schematic of its proposed chips and a sample chip. The detailed schematic shall show the front, back, and edge of each denomination of value chip and each non-value chip and the design and wording to be contained on the chip. If the design schematics or chip is approved by the executive direc-

tor, no value chip or non-value chip shall be issued or utilized unless a sample of each denomination of value chip and each color of non-value chip is also submitted to and approved by the executive director.

(c) The facility manager shall provide the name and address of the chip manufacturer to the commission.

(d) No facility manager or other person licensed by the commission shall manufacture for, sell to, distribute to, or use in any gaming facility outside of Kansas any value chips or non-value chips having the same design as that approved for use in Kansas. (Authorized by K.S.A. 2008 Supp. 74-8772; implementing K.S.A. 2008 Supp. 74-8752 and 74-8772; effective Jan. 8, 2010.)

112-108-12. Primary, secondary, and reserve sets of gaming chips. Unless otherwise authorized by the executive director, each facility manager shall have a primary set of value chips, a separate secondary set of value chips, a primary set of non-value chips, and a non-value chip reserve, which shall conform to the color and design specifications set forth in K.A.R. 112-108-10. An approved secondary set of value chips and reserve non-value chips shall be placed into active play when the primary set of value chips or non-value chips is removed.

(a) The secondary set of value chips shall have different secondary colors than the primary set and shall be required for all denominations.

(b) Each facility manager shall have a non-value chip reserve for each color utilized in the gaming facility with a design insert or symbol different from those non-value chips comprising the primary set.

(c) The facility manager shall remove the primary set of gaming chips from active play if at least one of the following conditions is met:

(1) A determination is made by the facility manager that the gaming facility is receiving a significant number of counterfeit chips.

(2) Any other impropriety or defect in the utilization of the primary set of chips makes removal of the primary set necessary.

(3) The executive director orders the removal because of security or integrity.

(d) If the primary set of chips is removed from active play, the facility manager shall immediately notify a representative of the commission of the reason for this occurrence. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-13. Exchange of value chips or non-value chips. (a) Chips shall be issued to a person only at the request of that person and shall not be given as change in any other transaction. Chips shall be issued to gaming facility patrons at cashiers' cages or at the live table games. Chips may be redeemed at cashiers' cages.

(b) Chips shall be redeemed only by a facility manager for its patrons and shall not be knowingly redeemed from a source other than a patron. Employees of the facility manager may redeem chips they have received as gratuities as allowed under these regulations.

(c) Each facility manager shall redeem its own chips by cash or by check dated the day of the redemption on an account of the facility manager as requested by the patron, except when the chips were obtained or used unlawfully.

(d) Any facility manager may demand the redemption of its chips from any person in possession of them. That person shall redeem the chips upon presentation of an equivalent amount of cash by the facility manager.

(e) No facility manager shall knowingly accept, exchange, use, or redeem gaming chips issued by another facility manager.

(f) Each facility manager shall cause to be posted and remain posted, in a prominent place on the front of a cashier's cage, a sign that reads as follows: "Gaming chips issued by another facility manager cannot be used, exchanged, or redeemed at this gaming facility." (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-14. Receipt of gaming chips from manufacturer. (a) When chips are received from the manufacturer, the chips shall be opened and checked by at least two employees, one from the table games department and one from the security department of the facility manager. Any deviation between the invoice accompanying the chips and the actual chips received or any defects found in the chips shall be reported to a security agent of the commission. A security agent of the commission shall be notified by both the gaming supplier and the facility manager of the time of delivery of any chips to the facility manager.

(b) After checking the chips received, the facility manager shall report in a chip inventory ledger each denomination of the chips received, the number of each denomination of chips received, the number and description of all non-value chips

received, the date of receipt, and the signature of the individuals who checked the chips. Chips shall be divided into the following categories:

(1) Primary chips for current use;

(2) reserve chips that may be placed into play as the need arises; and

(3) secondary chips, both value chips and non-value chips, that are held to replace the primary set when needed.

(c) If any of the chips received are to be held in reserve and not utilized either at the table games or at a cashier's cage, the chips shall be stored in a separate, locked compartment either in the vault or in a cashier's cage and shall be recorded in the chip inventory ledger as reserve chips.

(d) All chips received that are part of the facility manager's secondary set of chips shall be recorded in the chip inventory ledger as such and shall be stored in a locked compartment in the gaming facility vault separate from the reserve chips. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-15. Inventory of chips. (a) Chips shall be taken from or returned to either the reserve chip inventory or the secondary set of chips in the presence of at least two individuals, one from the table games department and one from the security department of the facility manager. The denominations, number, and amount of chips taken or returned shall be recorded in the chip inventory ledger, together with the date and signatures of the two individuals carrying out this process.

(b) The facility manager's accounting department shall monthly compute and record the unredeemed liability for each denomination of chips, take an inventory of chips in circulation, and record the result of this inventory in the chip inventory ledger. The accounting department shall take a monthly inventory of reserve chips and secondary chips and record the result of this inventory in the chip inventory ledger. Each individual who inspected and counted the chips shall sign either the inventory ledger or other supporting documentation. The procedures to be utilized to compute the unredeemed liability and to inventory chips in circulation, reserve chips, and secondary chips shall be submitted in the internal controls to the commission for approval. A physical inventory of chips in reserve shall be required annually only if the inventory procedures incorporate a commission-sealed, locked compartment and the

seals have not been broken. Seals shall be broken only by a commission agent, with each violation of this requirement reported upon discovery to a commission agent on duty.

(c) During non-gaming hours, all chips in the possession of the facility manager shall be stored in the chip bank, in the vault, or in a locked compartment in a cashier's cage, except that chips may be locked in a transparent compartment on gaming tables if there is adequate security as approved by the commission.

(d) The internal control system shall include procedures for the removal and destruction of damaged chips from the gaming facility inventory. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-16. Destruction of chips. (a) At least 10 days before the anticipated destruction of chips, a facility manager shall notify the commission in writing of the following:

(1) The date on which and the location at which the destruction will be performed;

(2) the denomination of the chips to be destroyed;

(3) the number and amount of value chips to be destroyed;

(4) the description and number of non-value chips to be destroyed; and

(5) a detailed explanation of the method of destruction.

(b) The facility's surveillance staff and a commission agent shall be notified before the commencement of destruction.

(c) The destruction of chips shall occur in a room monitored by surveillance for the duration of destruction.

(d) Unless otherwise authorized by the executive director, the destruction of chips shall be carried out in the presence of at least two individuals, one from the table games department and the other one from the security department. The following information shall be recorded in the chip inventory ledger:

(1) The denomination, number, and amount of value chips or, in the case of non-value chips, the description and number so destroyed;

(2) the signatures of the individuals carrying out the destruction; and

(3) the date on which destruction took place. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-17. Counterfeit chips. (a) The facility manager shall notify a commission security agent when a counterfeit chip is discovered and shall deliver the counterfeit chip to the commission security agent to investigate criminal prosecution.

(b) Each facility manager shall record the following information regarding counterfeit chips:

(1) The number and denominations, actual and purported, of the coins and counterfeit chips destroyed or otherwise disposed of pursuant to this regulation;

(2) the month during which they were discovered;

(3) the date, place, and method of destruction or other disposition, including, in the case of foreign coin exchanges, the exchange rate and the identity of the bank, exchange company, or other business or person at which or with whom the coins are exchanged; and

(4) the names of the persons carrying out the destruction or other disposition on behalf of the facility manager.

(c) Unless the executive director orders otherwise, facility managers may dispose of coins of the United States or any other nation discovered to have been unlawfully used at their establishments by either of the following:

(1) Including the coins in the coin inventories or, in the case of foreign coins, exchanging the coins for United States currency or coins and including the coins in the currency or coin inventories; or

(2) disposing of them in any other lawful manner.

(d) The facility manager shall maintain each record required by this regulation for at least seven years, unless the executive director approves or requires otherwise. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-18. Tournament chips and tournaments. (a) "Tournament chip" shall mean a chip or chiplike object issued by a facility manager for use in tournaments at the facility manager's gaming facility.

(b) Tournament chips shall be designed, manufactured, approved, and used in accordance with the provisions of this article applicable to chips, except as follows:

(1) Tournament chips shall be of a shape and size and have any other specifications necessary to make the chips distinguishable from other chips used at the gaming facility.

(2) Each side of each tournament chip shall conspicuously bear the inscription "No Cash Value."

(3) Tournament chips shall not be used, and facility managers shall not permit their use, in transactions other than the tournaments for which the chips are issued.

(c) As used in this regulation, entry fees shall be defined as the total amount paid by a person or on a person's behalf for participation in a tournament. A tournament shall mean a contest offered and sponsored by a facility manager in which patrons may be assessed an entry fee or be required to meet some other criteria to compete against one another in a gambling game or series of gambling games in which winning patrons receive a portion or all of the entry fees, if any. These entry fees may be increased with cash or noncash prizes from the facility manager. Facility managers may conduct tournaments if all of the following requirements are met:

(1) The facility manager shall notify the executive director of the planned tournament at least 30 calendar days before the first day of the event.

(2) The facility manager shall not conduct the tournament unless approved by the executive director.

(3) The facility manager shall conduct the tournament in compliance with all applicable rules, regulations, and laws.

(4) The facility manager shall maintain written, dated rules governing the event and the rules shall be immediately available to the public and the commission upon request. Tournament rules shall, at a minimum, include the following:

(A) The date, time, and type of tournament to be held;

(B) the amount of the entry fee, if any;

(C) the minimum and maximum number of participants;

(D) a description of the tournament structure, including number of rounds, time period, players per table, and criteria for determining winners;

(E) the prize structure, including amounts or percentages, or both, for prize levels; and

(F) procedures for the timely notification of entrants and the commission and the refunding of entry fees in the event of cancellation.

(5) No false or misleading statements, written or oral, shall be made by a facility manager or its employees or agents regarding any aspect of the tournament, and all prizes offered in the tournament shall be awarded according to the facility manager's rules governing the event.

(6) The facility manager's accounting department shall keep a complete record of the rules of the event and all amendments to the rules, including criteria for entry and winning, names of all entrants, all prizes awarded, and prize winners, for at least two years from the last date of the tournament. This record shall be made readily available to the commission upon request.

(7) Entry fees shall accumulate to adjusted gross gaming receipts.

(8) Cash and noncash winnings paid in a tournament shall be deductible from adjusted gross gaming revenue, but any such deduction shall not exceed the total entry fees received for the tournament and noncash winnings shall be deductible only to the dollar value of the amount actually invoiced to and paid by the facility manager.

(9) Upon the completion of the tournament, documentation of entrants' names, names of prize winners and amounts won, and tax-reporting information shall be submitted to the commission.

(10) The facility manager shall designate in its internal control system an employee position acceptable to the commission that shall be responsible for ensuring adherence to the requirements in this regulation. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Jan. 8, 2010; amended April 1, 2011.)

112-108-19. Promotional activities. (a)

Each facility manager shall establish a system of internal controls for promotional giveaways, conduct of promotional games, and similar activities. The internal controls shall be submitted to the commission under K.A.R. 112-104-1. Each promotion shall meet the following requirements:

(1) No false or misleading statements, written or oral, shall be made by a facility manager or its employees or agents regarding any aspect of any promotional activity.

(2) The promotional activity shall meet the requirements of all applicable laws and regulations and shall not constitute illegal gambling under federal or state law. An affidavit of compliance shall be signed by the legal counsel of the facility manager and be maintained on file for two years from the last day of the event.

(3) The facility manager shall create dated, written rules governing the promotional activity that shall be immediately available to the public and the commission upon request. The facility manager shall maintain the rules of the event and all amendments, including criteria for entry and

winning, prizes awarded, and prize winners, for at least two years from the last day of the event.

(4) All prizes offered in the promotional activity shall be awarded according to the facility manager's rules governing the event.

(5) The facility manager's employees shall not be permitted to participate as players in any gambling, including promotional games, at the facility manager's gaming facility, including games for which there is no cost to participate.

(6) The facility manager shall designate in its internal control system an employee position acceptable to the commission that shall be responsible for ensuring adherence to the requirements in this regulation.

(b) Each promotional coupon shall contain the following information preprinted on the coupon:

(1) The name of the gaming facility;

(2) the city or other locality and state where the gaming facility is located;

(3) specific value of any monetary coupon stated in U.S. dollars;

(4) sequential identification numbers, player tracking numbers, or other similar means of unique identification for complete, accurate tracking and accounting purposes;

(5) a specific expiration date or condition;

(6) all conditions required to redeem the coupon; and

(7) a statement that any change or cancellation of the promotion shall be approved by the commission before the change or cancellation.

(c) Documentation of any change or cancellation of a promotional coupon, with the legal counsel's affidavit, shall be maintained on file for two years.

(d) Any facility manager may use mass media to provide promotional coupon offers to prospective patrons; however, these offers shall be redeemed only for a preprinted coupon that contains all of the information required for a promotional coupon in subsection (c).

(e) Each facility manager offering promotional coupons shall track the issuance and redemption of each promotional coupon in accordance with K.A.R. 112-107-19. Documentation of the promotional coupon tracking shall be maintained on file for two years and made available to the commission upon request. The inventory of nonissued promotional coupons shall be maintained in accordance with K.A.R. 112-107-19.

(f) Promotional coupons shall be cancelled when they are redeemed, in a manner that pre-

vents multiple redemptions of the same coupon. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-20. Table game and poker cards; specifications. (a) Unless otherwise documented in the internal controls and approved by the commission, all cards used for table games shall meet all of the following requirements:

(1) Cards shall be in standard decks of 52 cards, with each card identical in size and shape to every other card in the deck or as otherwise documented in the internal controls and approved by the commission.

(2) Each standard deck shall be composed of four suits: diamonds, spades, clubs, and hearts.

(3) Each suit shall consist of 13 cards: ace, king, queen, jack, 10, 9, 8, 7, 6, 5, 4, 3, and 2. The face of the ace, king, queen, jack, and 10 value cards may contain an additional marking, as documented in the internal controls and approved by the commission, that will permit a dealer, before exposing the dealer's hole card at the game of blackjack, to determine the value of that hole card.

(4) The backs of all cards in the deck shall be identical and no card shall contain any marking, symbol, or design that will enable a person to know the identity of any element printed on the face of the card or that will in any way differentiate the back of that card from any other card in the deck.

(5) The backs of all cards in the deck shall be designed so as to diminish as far as possible the ability of any person to place concealed markings on the backs.

(6) The design to be placed on the backs of cards used by facility managers shall contain the name or trade name of the facility manager where the cards are to be used and shall be submitted to the executive director for approval before use of the cards in gaming activity.

(7) Each deck of cards for use in table games as defined in K.A.R. 112-108-1 shall be packaged separately with cellophane, shrink wrap, or another similar material as documented in the internal controls and approved by the commission. The packaging shall have a tamper-resistant security seal and a tear band. Each deck of poker cards shall be packaged in sets of two decks through the use of cellophane, shrink wrap, or another similar material as documented in the internal controls and approved by the commission and have a tamper-resistant security seal and a tear band.

(8) Nothing in this regulation shall prohibit decks of cards with one or more jokers. However, jokers may be used by the facility manager only in the play of any games documented in the internal controls and approved by the commission for that manner of play.

(b) The cards used by a facility manager in any poker room game shall meet the following requirements:

(1) Be visually distinguishable from the cards used by that facility manager to play any table games;

(2) be made of plastic; and

(3) have two decks with visually distinguishable card backings for each set of poker cards. These card backings may be distinguished, without limitation, by different logos, different colors, or different design patterns.

(c) For each table game utilizing cards, the cards shall be dealt from a dealing shoe or shuffling device, except the card games specified in K.A.R. 112-108-41. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-21. Table game cards; receipt, storage, inspections, and removal from use.

(a) Each facility manager shall use only plastic cards that have been approved by the commission as specified in K.A.R. 112-108-20.

(b) Each facility manager shall ensure that each card storage area contains an inventory ledger and that the facility manager's employees update the ledger when cards are added or removed from that storage area.

(c) When a deck of table game cards, including poker cards, is received for use in the gaming facility from a licensed gaming supplier, all of the following requirements shall be met:

(1) The decks shall be inspected for proper quantity and any obvious damage by at least two employees, one of whom shall be from the table games department and the other from the security department or accounting department.

(2) The decks shall be recorded in the card inventory ledgers by a member of the security or accounting department and a member of the table games department. If any discrepancies in the invoice or packing list or any defects are found, the discrepancies shall be reported to a commission agent on duty within 24 hours.

(3) The decks shall be placed for storage in a primary or secondary storage area by at least two employees, one of whom shall be from the table

games department and the other from the security department or accounting department. The primary card storage area shall be located in a secure place, the location and physical characteristics of which shall be documented in the internal controls and approved by the commission. Secondary storage areas, if needed, shall be used for the storage of surplus decks. Decks maintained in any secondary storage area shall be transferred to the primary card storage area before being distributed to the pit area or poker tables. All secondary storage areas shall be located in secure areas, the location and physical characteristics of which shall be documented in the internal controls and approved by the commission.

(d) Each primary card storage area and each secondary card storage areas shall have two separate locks. The security department shall maintain one key to each storage area, and the table games department shall maintain the other key. No person employed by the table games department other than the pit manager, poker room manager, or the supervisor shall have access to the table games department key for the primary and secondary card storage areas.

(e) Immediately before the commencement of each gaming day and at other times as may be necessary, the pit manager, poker room manager, or the supervisor, in the presence of a security department employee and after notification to surveillance, shall remove the decks of table game cards or poker cards from the primary card storage area needed for that gaming day.

(f) All cards transported to a pit or the poker room shall first be recorded on the card inventory ledger. Both the authorized table games department employee and the security department employee shall sign to verify the information.

(g) Once the cards are removed from the primary card storage area, the pit manager, poker room manager, or the supervisor, in the presence of a security department employee, shall take the decks to the pit area or poker room and distribute the decks to the floor supervisors for distribution to the dealer at each table. The poker room manager, pit manager, or the supervisor shall place extra decks into a single locked compartment of a poker room or pit area stand. All authority shall be limited to the supervisor's or manager's respective area of duty. The poker room supervisor, pit area supervisor, or an employee in a higher position shall have access to the extra decks of cards to be used for that gaming day.

(h) Each movement of decks after delivery to the poker room or pit area shall be by a poker room manager, pit manager, or an employee in a higher position and shall require a security escort after notifying surveillance. The procedures for transporting used decks shall include the following:

(1) A requirement that used decks be transported by security;

(2) a requirement that the surveillance department be notified before movement of the decks;

(3) specifications on the time that the procedures will be performed;

(4) specifications on the location to which the decks will be taken;

(5) specifications on the keys needed;

(6) specifications on the employees who are responsible;

(7) a requirement for updating inventory ledgers; and

(8) any other applicable security measures that the facility manager deems appropriate.

(i) Before being placed into play, each deck shall be inspected by the dealer, with the inspection verified by a floor supervisor or the floor supervisor's supervisor. Card inspection at the gaming table shall require the dealer to sort each deck into sequence and into suit to ensure that all cards are in the deck. The dealer shall also check each card to ensure that there is no indication of tampering, flaws, scratches, marks, or other defects that might affect the integrity of the game.

(1) If, after checking the cards, the dealer finds that a card is unsuitable for use, a floor supervisor or an employee in a higher position shall either bring a replacement card from the replacement deck or replace the entire deck.

(2) A commission security agent on duty shall be notified immediately of the removal, including the card manufacturer's name, and the time of discovery and the location of where the unsuitable card was discovered. Cards may also be removed at the direction of the commission security agent on duty.

(3) Based upon the agent's discretion and circumstances as listed in subsection (t), all decks being removed from play shall be counted at the table to ensure that no cards are missing.

(4) The unsuitable cards shall be placed in a transparent sealed envelope or container, identified by the table number, date, and time, and shall be signed by the dealer and floor supervisor assigned to that table. The floor supervisor or an employee in a higher position shall maintain the

envelope or container in a secure place within the enclosed and encircled area until collected by a facility manager's security department employee.

(5) Cards being removed from play shall be inspected by a member of the facility's security department within 48 hours of their removal.

(j) If an automated deck-checking device is used, the facility manager shall include the following procedures:

(1) Before the initial use of the automated deck-checking device, the critical program storage media and the camera software shall be verified and sealed by a commission security agent.

(2) The dealer shall complete the inspection of the cards. The dealer inspection shall ensure that the back of the cards are the correct color and free of any visible flaws.

(3) The automated deck-checking device shall be maintained in the enclosed and encircled area.

(4) The automated deck-checking device shall not be used in the card storage room.

(5) The automated deck-checking device shall be inspected on a weekly basis with decks that have preidentified missing cards from each suit. The devices shall properly identify each missing card in these decks.

(k) All envelopes and containers used to hold or transport cards collected by security shall be transparent.

(1) The envelopes or containers and the method used to seal them shall be designed or constructed so that any tampering is evident.

(2) The envelopes or containers and seals shall be approved by the executive director.

(l) If any cards have been opened and placed on a gaming table, those cards shall be changed at least once every 24 hours. In addition, the following requirements shall be met:

(1) All cards opened for use on a traditional baccarat table shall be changed upon the completion of each shoe.

(2) All cards opened for use on any table game in which the cards are handled by the players shall be changed at least every six hours.

(3) All cards opened for use on any table game and dealt from the dealer's hand or held by players shall be changed at least every four hours.

(4) If any cards have been opened and placed on a poker table, those cards shall be changed at least once every six hours.

(m) Each card damaged during the course of play shall be replaced by the dealer, who shall request a floor supervisor or an employee in a higher

position to bring a replacement card from the enclosed and encircled area.

(1) The damaged cards shall be placed in a sealed envelope, identified by table number, date, and time, and be signed by the dealer and the floor supervisor or the supervisor's supervisor who brought the replacement cards to the table.

(2) The floor supervisor or an employee in a higher position shall maintain the envelope or container in a secure place within the enclosed and encircled area until collected by a security department employee.

(n)(1) The floor supervisor or an employee in a higher position shall collect all used cards either at the end of the gaming day or at least once each gaming day at the same time as designated by the facility manager and documented in the internal controls approved by the commission. A facility manager may choose to collect all used cards at other times as may be necessary.

(2) Used cards shall be counted and placed in a sealed envelope or container. A label shall be attached to each envelope or container that shall identify the table number, date and time and shall be signed by the dealer and floor supervisor assigned to the table. The floor supervisor or an employee in a higher position shall maintain the envelopes or containers in a secure place within the enclosed or encircled area until collected by a facility manager security department employee.

(o) The facility manager shall remove any cards from use whenever there is indication of tampering, flaws, scratches, marks, or other defects that might affect the integrity or fairness of the game, or at the request of the commission security agent on duty.

(p) Each extra deck with a broken seal shall be placed in a sealed envelope or container with a label attached to each envelope or container. The label shall identify the date and time the envelope was sealed and shall be signed by the floor supervisor and the pit manager. If the pit manager is not available to sign the label, then the floor supervisor and the floor supervisor's supervisor shall sign the label.

(q) At least once each gaming day at the time as designated by the facility manager in the internal controls, a facility manager security department employee shall collect, sign, and return to the security department all envelopes or containers containing the following:

- (1) Damaged cards;
- (2) cards used during the gaming day; and

(3) all other decks with broken seals.

(r) Each poker room supervisor shall maintain in the poker room stand a specified number of replacement decks for replacing unsuitable cards. The poker room supervisor or an employee in a higher position shall have access to the replacement decks that are kept in a single locked compartment. The poker room supervisor or an employee in a higher position shall keep a record of all cards removed from the replacement decks. The record shall include the time, date, color, value, suit, reason for replacement, and name of the individual who replaced the cards. The replacement decks shall be reconciled to the record at least weekly. Once a replacement deck has been depleted to the point that the deck is no longer useful, the remaining cards in the replacement deck shall be picked up by security and destroyed or cancelled.

(s) At least once each gaming day as designated by the facility manager in the internal controls, a pit manager or the pit manager's supervisor may collect all extra decks of cards. If collected, all sealed decks shall be cancelled, destroyed, or returned to an approved storage area.

(t) When the envelopes or containers of used cards and reserve cards with broken seals are returned to the security department, the used cards and reserve cards shall be inspected within 48 hours by a member of the facility manager's security department who has been trained in proper card inspection procedures. The cards shall be inspected for tampering, marks, alterations, missing or additional cards, or anything that might indicate unfair play.

(1) With the exception of the cards used on a traditional baccarat table, which are changed upon the completion of each shoe, all cards used in table games in which the cards are handled by the player shall be inspected.

(2) In other table games, if fewer than 300 decks are used in the gaming day, at least 10 percent of those decks shall be selected at random to be inspected. If 300 or more decks are used that gaming day, at least five percent of those decks but no fewer than 30 decks shall be selected at random to be inspected.

(3) The facility manager shall also inspect the following:

(A) Any cards removed from play as stated in paragraph (i)(3) based upon the agent's discretion and circumstances as listed in subsection (t);

(B) any cards that the facility manager has removed for indication of tampering; and

- (C) all cards used for poker.
- (4) The procedures for inspecting all decks required to be inspected under this subsection shall, at a minimum, include the following:
 - (A) The sorting of cards sequentially by suit;
 - (B) the inspection of the backs of the cards with an ultraviolet light;
 - (C) the inspection of the sides of the cards for crimps, bends, cuts, and shaving;
 - (D) the inspection of the front and back of all poker cards for consistent shading and coloring;
 - (E) the positions authorized by job description to conduct the inspection;
 - (F) surveillance notification before inspecting the cards;
 - (G) time and location the inspection will be conducted;
 - (H) minimum training requirements of persons assigned to conduct the inspections;
 - (I) each type of inspection to be conducted and how each inspection will be performed, including the use of any special equipment;
 - (J) any other applicable security measures;
 - (K) immediate notification of the commission security agent on duty and the completion of an incident report describing any flawed, marked, suspects, or missing cards that are noted; and
 - (L) reconciliation by an employee of the facility manager security department of the number of cards received with the number of cards destroyed or cancelled and any cards still pending destruction or cancellation. Each discrepancy shall be reported to the commission security agent on duty immediately.
- (5) If, during the inspection procedures required in paragraph (t)(4), one or more poker cards in a deck are determined to be unsuitable for continued use, those cards shall be placed in a sealed envelope or container, and a three-part card discrepancy report shall be completed in accordance with paragraph (t)(10).
- (6) Upon completion of the inspection procedures required in paragraph (t)(4), each deck of poker cards that is determined suitable for continued use shall be placed in sequential order, repackaged, and returned to the primary or poker card storage area for subsequent use.
- (7) The facility manager shall develop internal control procedures for returning the repackaged cards to the storage area.
- (8) The individuals performing the inspection shall complete a work order form that details the procedures performed and list the tables from

which the cards were removed and the results of the inspection. Each individual shall sign the form upon completion of the inspection procedures.

(9) The facility manager shall submit the training procedures for those employees performing the inspection, which shall be documented in the internal controls and approved by the commission.

(10) Evidence of tampering, marks, alterations, missing or additional cards, or anything that might indicate unfair play shall be reported upon discovery to the commission staff by the completion and delivery of a card discrepancy report.

(A) The report shall accompany the cards when delivered to the commission.

(B) The cards shall be retained for further inspection by the commission.

(C) The commission agent receiving the report shall sign the card discrepancy report and retain the original at the commission office.

(u) The facility manager shall submit to the commission for approval internal controls procedures for the following:

(1) A card inventory system that shall include, at a minimum, documentation of the following:

(A) The balance of decks on hand;

(B) the decks removed from storage;

(C) the decks returned to storage or received from the manufacturer;

(D) the date of the transaction; and

(E) the signature of each individual involved;

(2) a verification on a daily basis of the number of decks distributed, the decks destroyed or cancelled, and the decks returned to the storage area; and

(3) a physical inventory of the decks at least once every three months, according to the following requirements:

(A) This inventory shall be performed by an employee from the internal audit department, a supervisor from the cage, or a supervisor from the accounting department and shall be verified to the balance of decks on hand required in paragraph (u)(1)(A);

(B) the employees conducting this inventory shall make an entry and sign the card inventory ledger in a manner that clearly distinguishes this count as the quarterly inventory; and

(C) each discrepancy shall be reported upon discovery to the commission security agent on duty.

(v) If cards in an envelope or container are inspected and found to be without any indication of tampering marks, alterations, missing or additional cards, or anything that might indicate unfair play,

those cards shall be destroyed or cancelled. Once released by the commission agent on duty, the cards submitted as evidence shall immediately be destroyed or cancelled according to the following:

(1) Destruction shall occur by shredding or other method documented in the internal controls and approved by the commission.

(2) Cancellation shall occur by drilling a circular hole of at least $\frac{1}{4}$ of an inch in diameter through the center of each card in the deck or by cutting at least $\frac{1}{4}$ of an inch off one corner from each card in the deck or other method documented in the internal controls and approved by the commission.

(3) The destruction and cancellation of cards shall take place in a secure place, the location and physical characteristics of which shall be documented in the internal controls approved by the commission, and shall be performed by a member of the facility manager security department specifically trained in proper procedures.

(4) Card cancellation and destruction record shall be maintained indicating the date and time of cancellation or destruction, quantity of cards to be cancelled or destroyed, and the name of each individual responsible for cancellation or destruction.

(w) Procedures for canceling or destroying cards shall include the following maintenance:

(1) Notation of the positions authorized by job description to cancel or destroy cards;

(2) notation of surveillance notification before cancellation or destruction of the cards;

(3) notation of time and location the cancellation or destruction will be conducted;

(4) notation of the manner in which cancellation or destruction will be accomplished, including the use of any special equipment;

(5) any other applicable security measures; and

(6) immediate notification of a commission security agent on duty and the completion of a card and dice discrepancy report regarding any flawed, marked, or suspicious cards that are noted during the cancellation or destruction process. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-22. Dice specifications. (a) Except as provided in subsection (b), each die used in gaming shall meet the following requirements:

(1) Be formed in the shape of a cube with a size no smaller than .750 inch on each side and not any larger than .775 inch on each side;

(2) be transparent and made exclusively of cellulose except for the spots, name, or trade name of

the facility manager and serial numbers or letters contained on the die;

(3) have the surface of each of its sides flat and the spots contained in each side flush with the area surrounding them;

(4) have all edges and corners square and forming 90-degree angles;

(5) have the texture and finish of each side exactly identical to the texture and finish of all other sides;

(6) have its weight equally distributed throughout the cube, with no side of the cube heavier or lighter than any other side of the cube;

(7) have its six sides bearing white circular spots from one to six respectively, with the diameter of each spot equal to the diameter of every other spot on the die;

(8) have spots arranged so that the side containing one spot is directly opposite the side containing six spots, the side containing two spots is directly opposite the side containing five spots, and the side containing three spots is directly opposite the side containing four spots. Each spot shall be placed on the die by drilling into the surface of the cube and filling the drilled-out portion with a compound that is equal in weight to the weight of the cellulose drilled out and that forms a permanent bond with the cellulose cube. Each spot shall extend into the cube exactly the same distance as every other spot extends into the cube to an accuracy tolerance of .0004 inch; and

(9) have the name or trade name of the facility manager in which the die is being used imprinted or impressed on the die.

(b) Each die used in gaming at pai gow shall meet the requirements of subsection (a), except as follows:

(1) Each die shall be formed in the shape of a cube not larger than .8 inch on each side.

(2) Instead of the name or trade name of the facility manager, an identifying mark or logo may be approved by the executive director to be imprinted or impressed on each die.

(3) The spots on each die shall not be required to be equal in diameter.

(4) Edges and corners may be beveled if the beveling is similar on each edge and each corner.

(5) Tolerances required by paragraph (a)(8) as applied to pai gow dice shall require accuracy of only .004 inch.

(c) A picture and sample of the die shall be submitted to the executive director for approval before being placed into play. (Authorized by and

implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-23. Dice; receipt, storage, inspections, and removal from use. (a) Each facility manager shall ensure that all of the following requirements are met each time dice are received for use in the gaming facility:

(1) The packages shall be inspected for proper quantity and any obvious damage by at least two employees, one of whom shall be from the table games department and the other from the security department or accounting department.

(2) The dice shall be recorded in the dice inventory ledgers by a member of the security or accounting department. Any discrepancies in the invoice or packing list or any defects found shall be reported upon discovery to a commission security agent on duty.

(3) The boxes shall be placed for storage in a primary or secondary storage area by at least two employees, one of whom shall be from the table games department and the other from the security department or accounting department. The primary storage area shall be located in a secure place, the location and physical characteristics of which shall be approved by the commission. Secondary storage areas, if needed, shall be used for the storage of surplus dice. Dice maintained in secondary storage areas shall be transferred to the primary storage area before being distributed to the pits or tables. All secondary storage areas shall be located in secure areas, the location and physical characteristics of which shall be approved by the commission.

(b) Each primary storage area and each secondary storage area shall have two separate locks. The security department shall maintain one key, and the table games department shall maintain the other key. No person working in the table games department that is an employee in a lower position than the pit manager or poker room manager may have access to the table games department key for the primary and secondary storage areas.

(c) A facility manager shall ensure that each dice storage area contains an inventory ledger and that its employees update the ledger when dice are added or removed from that storage area.

(d) Before the commencement of each gaming day and at other times as may be necessary, the pit manager, poker room manager, or the supervisor, in the presence of a security department employee and after notification to surveillance, shall

remove the appropriate number of dice from the primary storage area for that gaming day.

(e) Before being transported to a pit, all dice shall be recorded on the dice inventory ledger. Both the authorized table games department employee and security department employee shall sign verifying the information.

(f) Once the dice are removed from the primary storage area, the pit manager, poker room manager, or the supervisor, in the presence of a security department employee, shall take the dice to the pits and distribute the dice to the floor supervisors or directly to the boxperson.

(1) At the time of receipt of any dice, a boxperson at each craps table shall, in the presence of the floor supervisor, inspect each die with a micrometer or any other instrument approved by the commission that performs the same function, a balancing caliper, a steel set square, and a magnet. These instruments shall be kept in a compartment at each craps table or pit stand and shall be at all times readily available for use by the commission upon request. The boxperson shall also check the dice to ensure that there is no indication of tampering, flaws, scratches, marks, or other defects that might affect the play of the game. The inspection shall be performed on a flat surface, which allows the dice inspection to be observed by surveillance and by any person near the pit stand.

(2) Following this inspection, the boxperson shall in the presence of the floor supervisor place the dice in a cup on the table for use in gaming. The dice shall never be left unattended while the dice are at the table.

(3) The pit manager shall place extra dice in a single locked compartment in the pit stand. The floor supervisor or an employee in a higher position shall have access to the extra dice to be used for that gaming day.

(4) Any movement of dice after being delivered to the pit shall be made by a pit manager or an employee in a higher position and require a security escort after notifying surveillance. Procedures for the pickup of used dice, including obtaining keys, assigning individuals responsible, and updating inventory ledgers, shall include the following:

- (A) Transportation of used dice by security;
- (B) surveillance notification before movement of the dice;
- (C) time the procedures will be performed;
- (D) location where the dice will be taken; and
- (E) any other applicable security measures.

(5) No dice taken from the reserve shall be used for gaming until the dice have been inspected in accordance with this regulation.

(g) The facility manager shall remove any dice from use if there is any indication of tampering, flaws, or other defects that might affect the integrity or fairness of the game, or at the request of the commission agent on duty.

(h) At the end of each gaming day or at any other times as may be necessary, a floor supervisor, other than the person who originally inspected the dice, shall visually inspect each die for evidence of tampering. Any evidence of tampering shall be immediately reported to the commission security agent on duty by the completion and delivery of an approved dice discrepancy report.

(1) Each die showing evidence of tampering shall be placed in a sealed envelope or container.

(A) All envelopes and containers used to hold or transport dice collected by security shall be transparent.

(B) A label shall be attached to each envelope or container that identifies the table number, date, and time and shall be signed by the boxperson and floor supervisor.

(C) The envelopes or containers and the method used to seal the dice shall be designed or constructed so that any tampering is evident.

(D) The security department employee receiving the die shall sign the original, duplicate, and triplicate copy of the dice discrepancy report and retain the original at the security office. The duplicate copy shall be delivered to the commission, and the triplicate copy shall be returned to the pit and maintained in a secure place within the pit until collection by a security department employee.

(2) The procedures for inspecting dice under this subsection shall include the following information:

(A) A listing of the positions authorized by job description to conduct the inspection;

(B) a direction that surveillance personnel shall be notified before inspecting the dice;

(C) detail about the time and location the inspection will be conducted;

(D) a listing of the minimum training requirements of persons assigned to conduct the inspections;

(E) a description of the inspections that will be conducted and how they will be performed, including the use of any special equipment;

(F) any other applicable security measures;

(G) a requirement for immediate notification of the commission security agent on duty and the completion of an incident report describing any flawed, marked, suspect, or missing dice that are noted; and

(H) a requirement for reconciliation by the security department employee of the number of dice received with the number of dice destroyed or cancelled and any dice still pending destruction or cancellation. Each discrepancy shall be reported to the commission security agent within two hours.

(3) All other dice shall be put into envelopes or containers at the end of each gaming day.

(A) A label shall be attached to each envelope or container that identifies the table number, date, and time and is signed by the boxperson and floor supervisor.

(B) The envelope or container shall be appropriately sealed and maintained in a secure place within the pit until collection by a security department employee.

(i) All extra dice in dice reserve that are to be destroyed or cancelled shall be placed in a sealed envelope or container, with a label attached to each envelope or container that identifies the date and time and is signed by the pit manager.

(j) A security department employee shall collect and sign all envelopes or containers of used dice and any dice in dice reserve that are to be destroyed or cancelled and shall transport the envelopes or containers to the security department for cancellation or destruction. This collection shall occur at the end of each approved gaming day and at any other times as may be necessary. The security department employee shall also collect all triplicate copies of dice discrepancy reports, if any. No dice that have been placed in a cup for use in gaming shall remain on a table for more than 24 hours.

(k) A pit manager or supervisor of the pit manager may collect all extra dice in dice reserve at the end of each gaming day or at least once each gaming day as designated by the facility manager and approved by the commission, and at any other times as may be necessary.

(1) If collected, dice shall be returned to the primary storage area.

(2) If not collected, all dice in dice reserve shall be reinspected before use for gaming.

(l) The facility manager's internal control system shall include approval procedures for the following:

(1) A dice inventory system that shall include, at a minimum, documenting the following:

- (A) The balance of dice on hand;
 - (B) the dice removed from storage;
 - (C) the dice returned to storage or received from the manufacturer;
 - (D) the date of the transaction; and
 - (E) the signature of each individual involved;
- (2) a reconciliation on a daily basis of the dice distributed, the dice destroyed and cancelled, the dice returned to the primary storage area and, if any, the dice in dice reserve; and

(3) a physical inventory of the dice performed at least once every three months and meeting the following requirements:

(A) This inventory shall be performed by an employee from the internal audit department or a supervisor from the cashier's cage, or accounting department and shall be verified to the balance of dice on hand required in paragraph (1)(1)(A);

(B) each discrepancy shall immediately be reported to the commission agent on duty; and

(C) the employees conducting this inventory shall make an entry and sign the dice inventory ledger in a manner that clearly distinguishes this count as the quarterly inventory.

(m)(1) Cancellation shall occur by drilling a circular hole of at least $\frac{3}{16}$ of an inch in diameter through the center of each die or any other method approved by the commission.

(2) Destruction shall occur by shredding or any other method approved by the commission.

(3) The destruction and cancellation of dice shall take place in a secure place, the location and physical characteristics of which shall be approved by the commission.

(4) Dice cancellation and destruction record shall be maintained indicating the date and time of cancellation or destruction, quantity of dice to be cancelled or destroyed, and the individuals responsible for cancellation or destruction.

(5) Procedures for cancelling or destroying dice shall include the following:

(A) The positions authorized by job description to cancel or destroy dice;

(B) surveillance notification before cancellation or destruction of the dice;

(C) time and location the cancellation or destruction will be conducted;

(D) specifically how cancellation or destruction will be accomplished, including the use of any special equipment; and

(E) other applicable security measures.

(6) Each facility manager shall notify the commission security agent of any flawed, marked, or suspect dice that are discovered during the cancellation or destruction process.

(n) Evidence of tampering, marks, alterations, missing or additional dice or anything that might indicate unfair play discovered shall be reported to the commission by the completion and delivery of a dice discrepancy report.

(1) The report shall accompany the dice when delivered to the commission security agent on duty.

(2) The dice shall be retained for further inspection by the commission security agent on duty.

(3) The commission agent receiving the report shall sign the dice discrepancy report and retain the original at the commission office. (Authorized by and implementing K.S.A. 2010 Supp. 74-8772; effective Jan. 8, 2010; amended Dec. 9, 2011.)

112-108-24. Mandatory table game count procedure. Each facility manager shall report to the commission the times when drop boxes will be removed and the contents counted. All drop boxes shall be removed and counted at the times previously reported to the commission. The removal and counting of contents at other than the designated times shall be prohibited, unless the facility manager provides advance written notice to the commission's security staff on site of a change in times or the commission requires a change of authorized times. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-25. Handling of cash at gaming tables. (a) Whenever cash is presented by a patron at a gaming table to obtain gaming chips, the following requirements shall be met:

(1) The cash shall be spread on the top of the gaming table by the dealer or boxperson accepting the cash, in full view of the patron who presented the cash and the supervisor assigned to that gaming table.

(2) The cash value amount shall be verbalized by the dealer or boxperson accepting the cash, in a tone of voice calculated to be heard by the patron and the supervisor assigned to that gaming table.

(3) The boxperson or dealer shall count and appropriately break down an equivalent amount of chips in full view of surveillance and the patron.

(4) The cash shall be taken from the top of the gaming table and placed by the dealer or boxperson into the drop box attached to the gaming table.

(b) No cash wagers shall be allowed to be placed at any gaming table. The cash shall be converted to chips before acceptance of a wager. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-26. Table game tips. (a) Each tip given to a dealer shall be handled in the following manner:

(1) Immediately deposited into a transparent locked box reserved for tips, except that value chips received at table games may first be placed in a color-up tube if approved internal controls are in place for this action. If non-value chips are received at a roulette table, the marker button indicating their specific value at that time shall not be removed or changed until after a dealer, in the presence of a supervisor, has converted the non-value chips into value chips that are immediately deposited in a transparent locked box reserved for tips; and

(2) accounted for by a recorded count conducted by a randomly selected dealer for each respective count and a randomly selected employee of the security department. This count shall be recorded on a tips and gratuity deposit form.

(b) Any facility manager may submit internal controls for the commission's approval that would allow poker dealers to either pool tips with other dealers operating poker games in the poker room or receive tips on an individual basis. The receiving of tips individually may be allowed only when the dealer does not make decisions that can affect the outcome of the gambling game, is not eligible to receive winnings from the gambling game as an agent of the facility manager, and uses an approved shuffling machine during the course of the poker game. If tips are received by poker dealers on an individual basis, all tips shall be immediately placed into a locked individual transparent tip box that shall be assigned to and maintained by the dealer while working. The locked individual tip box shall be given to the facility manager at the end of the shift for counting, withholding of taxes, and subsequent payment during the normal payroll process. For the purposes of this subsection, winnings from a gambling game shall not include commissions, commonly referred to as the "rake," withheld from amounts wagered in a game. Poker dealers may be permitted to receive tips on an individual basis only if the facility manager has internal controls governing this practice that have been approved by the commission.

(c) For exchanging, which is sometimes called "coloring up," dealer tips to a higher denomination before insertion into the tip box, the following requirements shall be met:

(1) A transparent cylinder or tube shall be attached to the table to maintain the chips until exchanged or colored up. The cylinder or tube shall have a capacity of no more than 25 chips.

(2) Before any chips are exchanged or colored up, the dealer shall make the announcement in a voice that can be heard by the table games supervisor that chips are being colored up. The dealer shall then deposit an equal value of higher denomination chips into the tip box and place the lower denomination chips into the chip tray.

(d) Upon receipt of a tip from a patron, a dealer shall extend the dealer's arm in an overt motion and deposit the tip into the transparent locked box or color-up tube reserved for this purpose.

(e) Applicable state and federal taxes shall be withheld on tips and gifts received by facility manager employees.

(f) The facility manager shall include in its internal controls the procedures for dropping tip boxes.

(g) The contents of tip boxes shall be collected, transported, stored, counted, and distributed in a secure manner on a regular basis pursuant to a schedule approved by the commission.

(h) Before any tip box collection, a security department employee shall notify the surveillance department that the tip box collection process is about to begin.

(i) If a tip box becomes full, a security department employee and an employee from the applicable department shall notify the surveillance department and empty the full tip box into a secure bag or other approved container for the applicable department. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-27. Table inventory. (a) Chips shall be added or removed from the table inventory only in any of the following instances:

(1) In exchange for cash presented by the patron;

(2) for payment of winning wagers or collection of losing wagers made at the table;

(3) through approved internal controls governing table fill and credit procedures;

(4) in exchange with patrons for gaming chips of equal value;

(5) in exchange for a verified automated tip receipt from a commission-approved automated table game controller; or

(6) in exchange with patrons for non-value chips on the roulette table.

(b) A facility manager shall not transfer or exchange chips or currency between table games.

(c) Table inventories shall be maintained in trays that are covered with a transparent locking lid when the tables are closed. The information on the table inventory slip shall be placed inside the transparent locking lid and shall be visible from the outside of the cover. In case of an emergency, the transparent lid shall be locked over the inventory until normal play resumes.

(d) The table inventory slip shall be at least a two-part form, one of which shall be designated as the “opener” and the other as the “closer.”

(e) If a gaming table is not opened during a gaming day, preparation of a table inventory slip shall not be required. However, the table games department shall provide a daily list of table games not open for play, including the inventory amount and date on the last closing table inventory slip.

(f) If a table game is not open for play for seven consecutive gaming days, the table inventory shall be counted and verified either by two table games supervisors or by a table games supervisor and a dealer or boxperson, who shall prepare a new table inventory slip and place the previous inventory slip in the table drop box. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-28. Opening of gaming tables.

(a) Immediately before opening a table for gaming, a table games supervisor or table games manager shall unlock the transparent table tray lids in the presence of the dealer or boxperson assigned to the table.

(b) Either the dealer or boxperson in addition to either the table games supervisor or table games manager shall each count the chips by denomination and verify the count to the opening table inventory slip.

(c) The dealer or boxperson and the table games supervisor or table games manager shall sign and attest to the accuracy of the information recorded on the opener.

(d) Once signed, the dealer or boxperson shall immediately deposit the opener into the drop box attached to the gaming table.

(e) Internal controls shall include procedures for reconciling instances when counted inventory differs from the amount recorded on the opener and shall include the name of the table games supervisor or table games manager preparing a table games variance slip, the signatures required, distribution of each part of the form, and the assurance that one part is deposited in the drop box. Each variance of \$100 or more at any table shall be reported immediately by the table games supervisor or table games manager to a commission security agent on duty. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-29. Closing of gaming tables.

(a) Whenever a gaming table is closed, all chips remaining at the table shall be counted and verified by either two table games supervisors or a table games supervisor in addition to either a dealer or a boxperson, who shall prepare a table inventory slip.

(b) After the table inventory slip is signed by the table games supervisor and the dealer or boxperson, the dealer or boxperson shall immediately deposit the closing table inventory slip in the drop box.

(c) The table games supervisor shall place the opening inventory slip under the table tray lid in a manner that the amounts on the opening inventory slip may be read and lock the lid in place.

(d) Each time a table game is closed, complete closing procedures shall be followed to include the counting, verification, recording, and securing of the chips in the tray, as well as the proper disposal of the cards or dice that were in play. If the game is reopened again on the same gaming day, complete opening procedures shall be followed to include the counting and verification of chips in the tray and inspection of cards or dice and all applicable gaming equipment. The opening and closing inventory table slip for games that are opened and closed more than once in a gaming day may be marked in a manner that indicates the sequence of the slips. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-30. During 24-hour gaming.

During 24-hour gaming, a closing table inventory slip shall be prepared in conjunction with the table drop for that gaming day. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-31. Procedures for manually filling chips from cage to tables; form procedures. (a) Cross-fills, even money exchanges, and foreign currency exchanges in the pit shall be prohibited.

(b) To request that chips be filled at table games, a supervisor or table games manager shall prepare a two-part order for fill form in ink entering the following information:

(1) The amount of the fill by denomination of chips;

(2) the total amount of the fill;

(3) the table or game number; and

(4) the signature of the supervisor or manager.

(c) The order for fill shall be transferred to the facility manager's accounting department by the end of the gaming day. The order for fill shall be taken by a security department employee to the cashier's cage. A copy of the order for fill shall be placed on top of the table requesting the fill.

(d) A three-part manual fill slip shall be used to record the transfer of chips from the cashier's cage to a gaming table. The fill slips shall be sequentially numbered by the vendor. The alphabet shall not be required to be used if the numerical series is not repeated during the business year. Chips shall not be transported unless accompanied by a fill slip.

(e) Unless otherwise approved by commission, manual fill slips shall be inserted in a locked dispenser that permits an individual slip in the series and its copies to be written upon simultaneously. The dispenser shall discharge the original and duplicate copies while the triplicate remains in a continuous, unbroken form in the locked dispenser.

(f) If a manual fill slip needs to be voided, the cage cashier shall write "VOID" and an explanation of why the void was necessary. Both the cage cashier and either a security department employee or another level II employee independent of the transaction shall sign the voided fill slip. The voided fill slips shall be submitted to the facility manager's accounting department for retention.

(g) Corrections on manual table fills shall be made by crossing out the error, entering the correct information, and then obtaining the initials and employee license number of at least two cage employees. Each employee in accounting who makes corrections shall initial and include the employee's commission license number.

(h) A small inventory of unused manual fill slips may be issued to the facility manager's security department by accounting for emergency purposes.

es. These unused fill slips shall be maintained by the facility manager's accounting or security departments.

(i) A cashier's cage employee shall prepare a three-part fill slip in ink by entering the following information:

(1) Denomination;

(2) total amount;

(3) game or table number and pit;

(4) date and time; and

(5) required signatures.

(j) A cashier's cage employee shall sign the order for fill after comparing it to the fill slip and then prepare the proper amount of chips. A facility manager's security department employee shall verify the chip totals with the fill slip. A cashier's cage employee shall present the ordered chips to the security department employee in a covered clear chip carrier. Once verified, both the cashier's cage employee and the security department employee shall sign the fill slip, and the cashier's cage employee or security department employee shall also time-and date-stamp the fill slip. A cashier's cage employee shall retain the order for fill and staple it to a copy of the fill slip after the required signatures from pit personnel are obtained by a security department employee.

(k) After notifying surveillance, a facility manager's security department employee shall take the chips and the fill slips to the indicated table. The chips shall be counted by the dealer or boxperson and witnessed by a table games supervisor and security department employee in full view of surveillance. After verifying the chips against the amounts listed on the fill slip, the table games supervisor and dealer or boxperson shall sign the fill slips. The table games supervisor and security department employee shall observe the dealer or boxperson place the chips in the rack and deposit the fill slips in the table drop box. A security department employee shall not leave the table until the chips have been placed in the racks and the fill slips have been dropped. A security department employee shall return a copy of the fill slip to the cashier.

(l) The copies of the fill slips shall be reconciled by accounting at least once daily. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-32. Procedures for automated filling of chips. (a) The table games supervisor or table games manager shall determine whether a

fill is necessary and initiate the request for fill process. If a request for fill slip is used, procedures for distribution of the slip shall be included in the internal controls.

(b) The table games manager or the pit clerk shall enter a request for fill into the computer, including the following information:

- (1) The amount by denomination;
- (2) the total amount;
- (3) the game or table number and pit;
- (4) the dates and time; and
- (5) the required signatures.

(c) A two-part computer-generated fill slip shall be used to record the transfer of chips from the cashier's cage to a gaming table. The fill slips shall be numbered by the computer in a manner that ensures that every fill in a given calendar year has a unique sequential number.

(d) Two copies of the computerized fill slips shall be printed simultaneously, and a record of the transaction shall be stored within the computer database.

(e) If a computerized fill slip needs to be voided, the cage cashier shall write "VOID" across the original and all copies of the fill slip and an explanation of why the void was necessary. Both a cashier's cage employee and either a security department employee or another level II employee independent of the transaction shall sign the voided fill slip. The voided fill slips shall be submitted to the accounting department for retention and accountability. The transaction shall be properly voided in the computer database.

(f) A two-part fill slip shall be printed in the cashier's cage containing the information required in subsection (b). A security department employee shall verify the chip totals with the fill slip. A cashier's cage employee shall present the ordered chips to a security department employee in a clear chip carrier. Once verified, both a cashier's cage employee and security department employee shall sign the fill slip.

(g) After notifying surveillance, a security department employee shall take the chips and the fill slips to the indicated table. Only a security department employee shall transport fills. The chips shall be counted by the dealer or boxperson and witnessed by a table games supervisor and security department employee in full view of surveillance. After verifying the chips to the amounts listed on the fill slip, the table games supervisor and a dealer or boxperson shall sign the fill slips. The table games supervisor and security

department employee shall observe the dealer or boxperson place the chips in the rack and deposit the fill slip in the table drop box. A security department employee shall not leave the table until the chips have been placed in the racks and the fill slip has been dropped. A security department employee shall return a copy of the fill slip to the cashier's cage.

(h) The main bank cashier shall run an adding machine tape on the fill slips and verify the total to the amount in the automated accounting system. All fill paperwork shall be forwarded to accounting.

(i) The ability to input data into the gaming facility computer system from the pit shall be restricted to table game managers and pit clerks. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-33. Procedures for recording manual table credits. (a) Three-part manual credit slips shall be used to record the transfer of chips from a gaming table to the cage. The credit slips shall be sequentially numbered by the vendor. The alphabet shall not be required to be used if the numerical series is not repeated during the calendar year. Chips shall not be transported unless accompanied by a credit slip.

(b) The inventory of nonissued credit slips shall be maintained by the facility manager's accounting or security department. The accounting department shall be responsible for the initial receipt of manual credit slips.

(c) If a table game supervisor or table game manager determines that a table credit is required, a three-part order for credit shall be completed in ink by entering the following information:

- (1) The amount by denomination of chips needed;
- (2) the total amount;
- (3) the game or table number and pit;
- (4) the date and time; and
- (5) the signature of the manager or supervisor.

(d) The table game supervisor or the table game manager shall keep one copy of the order for credit on the table and take the other copy of the order for credit to the pit stand. The pit stand employee shall record that copy in the pit paperwork log and then return the copy to the table. The table game manager shall give a copy of the order for credit to a security department employee, who shall take it to the cashier's cage, where the cashier shall prepare a three-part credit slip in ink by entering the following:

- (1) The chip denomination;
- (2) total amount;
- (3) game or table number; and
- (4) time and date.

(e) The security department employee shall take the credit slip to the gaming table. A copy of the order for credit shall be retained at the cage.

(f) The dealer or boxperson shall count the chips in full view of a security department employee and either the table game supervisor or an employee in a higher position. The count shall be conducted in full view of cameras connected to the surveillance department.

(g) The dealer or boxperson and the table game supervisor shall verify the chips against the credit slip, and the credit slip against the order for credit. The dealer or boxperson and the table game supervisor shall sign the credit slip and the order for credit. The security department employee shall verify the chips against the order for credit, sign the order for credit and the credit slip, and receive the chips in a clear chip carrier. The security department employee shall carry the chips and the credit slip back to the cashier's cage. A copy of the order for credit shall be retained at the table until a copy of the credit slip is returned.

(h) The cashier's cage employee shall receive the credit slips and the chips from the security department employee and verify that the chips match the order for credit and credit slip. The cashier's cage employee shall then sign the credit slips and the order for credit. The cashier's cage employee shall time-and date-stamp the credit slips. Unless otherwise approved by the commission, a copy shall remain unbroken in the locked form dispensing machine. The order for credit shall be attached to a copy of the credit slip and be retained by the cashier's cage.

(i) The copy of the credit slip issued by the cashier's cage shall be taken back to the table by the security department employee. The table game supervisor and the dealer or boxperson shall compare the copy of the credit slip to the order for credit. The table game supervisor shall observe the dealer or boxperson deposit the order for credit slip and the credit slip in the table drop box.

(j) The copies of the credit slips, with the copies of the order for credit attached, shall be transferred to the main bank. The main bank cashier shall run a tape on the credit slips and verify the total against the amount in the automated accounting system.

(k) The locked copies of the manual credit slips shall be removed from the machines by the accounting department.

(l) If a credit slip needs to be voided, the cage cashier shall write "VOID" and an explanation of why the void was necessary across the original and all copies of the credit slip. Both the cashier's cage employee and either a security department employee or another level II employee independent of the transaction shall sign the voided credit slip. The voided credit slips shall be subsequently transferred to the accounting department and retained.

(m) Corrections on manual table fill or credit shall be made by crossing out the error, entering the correct information, and then obtaining the initials and commission license numbers of at least two cashier's cage employees.

(n) Each accounting employee who makes corrections shall initial and note that employee's commission license number on the request. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-34. Automated table credits. (a)

Two-part computer-generated credit slips shall be used to record the transfer of chips from a gaming table to the cashier's cage. The credit slips shall be sequentially numbered by the computer system, ensuring that each credit in a given calendar year is assigned a unique number. Chips shall not be transported unless accompanied by a credit slip.

(b) The table game manager or the pit clerk shall enter a request for credit into the computer, including the following information:

- (1) The amount by denomination;
- (2) total amount;
- (3) game or table number and pit;
- (4) dates and time; and
- (5) required signatures.

(c) A security department employee shall obtain the credit slip and chip carrier from the cage and proceed to the pit area.

(d) The dealer or boxperson shall count the chips in full view of a security department employee and either the table games supervisor or an employee in a higher position. The count shall be conducted in full view of a camera connected to the surveillance department.

(e) The table games supervisor and either a dealer or a boxperson shall verify that the value of the chips in the carrier matches the amount on the credit slip and sign the credit slip. The securi-

ty department employee shall verify that the chips match the credit slip, sign the credit slip, and carry the chips and the credit slip to the cashier's cage.

(f) A cashier's cage employee shall receive the credit slip and the chips from the security department employee, verify that the chips match the credit slip, and sign the credit slip. A copy of the credit slip shall be retained by the cashier's cage.

(g) The copy of the credit slip shall be taken back to the table by the security department employee. The table games supervisor shall observe the dealer or boxperson deposit the copy of the credit slip into the table drop box.

(h) The main bank cashier shall run an adding machine tape on the credit slips and verify the total against the amount on the automated accounting system. All credit paperwork shall be forwarded to the accounting department by the main bank cashier.

(i) If a credit slip needs to be voided, the cashier's cage employee shall write "VOID" and an explanation of why the void was necessary across the original and all copies of the credit slip. Both the cashier's cage employee and a security department employee independent of the transaction shall sign the voided credit slips. The voided credit slip shall be transferred to the accounting department, where the slip shall be retained. The transaction shall be properly voided in the computer database.

(j) The ability to input data into the gaming facility computer system from the pit shall be restricted to table games managers and pit clerks.

(k) Each employee in accounting who makes corrections shall initial each correction and include that employee's commission license number. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-35. Table game layouts. (a) All table game layouts shall be consistent with the facility manager's internal controls and meet the following requirements:

(1) Markings on the layout shall be of a size that can be adequately seen by the surveillance.

(2) The odds of winnings and payouts shall be included in markings on the layout when required by the executive director.

(3) The designs shall not contain any advertising other than the facility manager's logo or trademark symbol or Kansas lottery-approved design.

(4) The designs shall not contain any feature that tends to create a distraction from the game.

(5) All other components of the game on the layout shall be of a size that can be adequately seen by surveillance.

(6) A colored depiction of the table shall be submitted to the executive director for approval before being placed into play.

(b) Table layouts shall not be stored in a nonsecure area.

(c) Used table layouts that display the licensee's logo and are not used for internal training purposes approved by commission shall be destroyed and shall not be sold or given to the public. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-36. Required personnel for specific table games. (a) Pit areas may be on multiple levels or locations within a gaming facility. Pit areas shall be described by facility managers in their internal controls at a minimum by their locations, configurations, and restrictions on access. Each full-size baccarat table shall be in a separate room or clearly segregated area of the floor that functions as a separate area from the other table games and is surrounded by baccarat tables. For the purposes of access to a pit, card and dice control, and other table games activities, a "pit" shall be more narrowly defined as a single, separate area that is completely enclosed or encircled by gaming tables.

(b) The number of required table games supervisors shall be determined as follows:

(1) One table games supervisor shall not oversee more than six open table games if no craps table is open.

(2) One table games supervisor shall not oversee more than four open table games if one of the open table games is a craps table.

(3) One table games supervisor shall not oversee more than two open table games if both table games are craps tables.

(c) The table games supervisors and the oversight of their assigned table games and pit operations shall be directly supervised in the following configuration by either a table games manager or casino shift manager:

(1) In either of the following instances, a table games manager shall not be required to be on duty, but at least one casino shift manager shall provide direct supervision by acting as a table games manager:

(A) When one craps table is open; or

(B) when up to six tables are open.

(2) In either of the following instances, a table games manager shall provide direct supervision and a casino shift manager shall not act as a table games manager:

(A) When two or more craps or baccarat tables are open; or

(B) when seven to 36 table games are open.

(3) If more than 36 tables are open, one additional table games manager shall provide direct supervision for each additional set of one to 36 tables open. A casino shift manager shall not act as a table games manager.

(d) Other than a casino shift manager acting as a table games manager, table games managers shall be physically present in the pit for at least 90 percent of their shift and be solely dedicated to supervising activities at open table games and activities within the pits. Each absence of a longer duration shall require a replacement table games manager to be on duty in the pit. If a facility manager uses job titles other than "table games supervisor" or "table games manager," then the internal controls shall specify which job titles used by the facility manager correspond to these positions and ensure that the job descriptions of those positions properly delineate the duties. Table games managers supervising pit areas separated by sight or sound shall have a communications device enabling them to be immediately notified of any incident requiring their attention and shall promptly respond. The gaming facility shift manager shall assign table games managers specific responsibilities regarding activities associated with specific tables.

(e) Each full-size baccarat table shall be directly supervised by at least one table games supervisor. (Authorized by K.S.A. 2010 Supp. 74-8772; implementing K.S.A. 2010 Supp. 74-8752 and 74-8772; effective Jan. 8, 2010; amended April 1, 2011.)

112-108-37. Instructional table games offered to public. (a) A facility manager may offer instructional table games if all of the following conditions are met:

(1) Only cancelled cards and dice are used.

(2) Gaming chips are marked "no cash value" or are distinctively different from any value and non-value chips used in the gaming facility and can be readily seen if intermingled into a stack of active chips of a similar color.

(3) For roulette, non-value chips are distinctively different in design than those used on the gaming floor or have been drilled or otherwise cancelled.

(4) No wagering is permitted.

(5) No prizes are awarded in association with the games.

(6) All participants are at least 21 years of age.

(7) The executive director gives approval to the facility manager to use the instructional table game.

(b) Written notification setting forth the date, time, type of event, and event location shall be submitted for approval to the executive director at least 15 days in advance of the instructional game. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-38. Minimum and maximum table game wagers. (a) All minimum and maximum wagers shall be posted at each table and may be changed between games by posting new table limits.

(b) If the minimum or maximum wager is changed, the sign shall be changed to reflect the new amount. A facility manager may allow the following bets during a table limit change:

(1) Patrons who were playing when minimum table limits were raised may continue to place bets under the old table minimum limit; and

(2) patrons who were playing when a maximum table limit was raised may be allowed to continue placing bets under the previous table maximum bet.

(c) Payment on wagers that cannot be made evenly shall be rounded up to the next chip denomination. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-39. Dealer and boxperson hand clearing. (a) Each dealer and each boxperson shall clear that individual's hands in view of all persons in the immediate area and surveillance before and after touching that individual's body and when entering and exiting the game. "Clearing" one's hands shall mean holding and placing both hands out in front of the body with the fingers of both hands spread and rotating the hands to expose both the palms and the backs of the hands to demonstrate that the hands are empty. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-40. Table games jackpot; employee pocketbooks. (a) A table games jackpot slip or manual jackpot form shall be used to pay any table games jackpot that triggers IRS required reporting. If a manual jackpot form is used, the form shall include all the information as required on the

table games jackpot slip. The table games jackpot slip or manual jackpot form shall be a sequentially numbered, two-part form. One part shall be deposited in the table game drop box, and the other copy shall be retained at the cashier's cage.

(b) Each employee shall be prohibited from taking a pocketbook or other personal container into the pit area unless the pocketbook or container is transparent. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-41. Poker room; general. (a) Live poker games in which the dealer does not play a hand and a rake is collected shall be played only in an approved poker room. All other poker games in which the dealer plays a hand and the player competes against the dealer shall be played at gaming tables that are part of a pit on the gaming floor.

(b) The facility manager shall have the current house rules in writing. These rules shall be available in hard copy in the poker room for patrons, employees, and commission personnel. All revised or rescinded house rules shall be kept on file and shall be available for at least one year. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-42. Poker room; supervision. (a) Each poker room shall be under the general control of a poker room manager or table games manager and the direct oversight of at least one poker room supervisor. Poker room supervisors shall be solely dedicated to supervising poker room personnel and all activities within the poker room when the poker room is opening, in operation, or closing at the end of the gaming day. A poker room supervisor may operate the poker room bank, if so authorized in the internal controls system. The poker room shall be staffed with at least one poker supervisor for every one to eight tables open.

(b) If a facility manager uses job titles other than "poker room manager" or "poker room supervisor," the internal controls shall specify which job titles used by the facility manager correspond to these positions and ensure that the job descriptions of those positions properly describe the duties assigned. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-43. Poker room; banks and transactions. (a) If a facility manager uses a poker room bank, the facility manager's internal con-

trols shall state whether the bank is operated as a branch of the main cage with a cashier's cage or if accountability and staffing of the bank are the responsibility of the poker room manager or poker room supervisor.

(b) Both the outgoing and incoming individuals responsible for the bank shall sign the completed count sheet attesting to the accuracy of the information at the beginning and ending of each shift. If there is no incoming or outgoing individual, the countdown, verification, and signatory requirements shall be performed by the individual who is responsible for the bank and a cashier's cage employee or a supervisor independent of the poker room.

(c) Each transfer between any table banks and the poker room bank shall be authorized by a poker room supervisor and evidenced by the use of a transfer slip as specified in the internal controls. The poker dealer and poker room supervisor shall verify the amount of chips to be transferred. Transfers between table banks, poker room banks, or cashier's cages within the poker room shall not require a security escort.

(d) Transfers between the table banks, poker room banks, or the cashier's cages outside the poker room shall be properly authorized and documented by the poker room supervisor on an even exchange slip as specified in the internal controls.

(e) A facility manager may permit patrons to exchange cash for chips only at the poker room bank or cashier's cage and then only within submitted and commission-approved buy-in procedures.

(f) When a poker table is opened, a poker dealer shall count the poker table bank inventory, and the accuracy of the count shall be verified by the poker room supervisor and attested to by their signatures on a table inventory slip. The count shall be recorded and reconciled when the poker table is closed.

(g) When a poker table is not open for play for seven consecutive gaming days, the poker table inventory shall be counted and verified by either two poker room supervisors or a poker room supervisor and a dealer. The poker room supervisor shall prepare a new table inventory slip and place the previous inventory slip in the table drop box. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-44. Poker room; drops and counts. The procedures for the collection of poker table drop boxes, token boxes, and the count of

the contents of these boxes shall meet the requirements of the internal control standards applicable to the table game drop boxes in K.A.R. 112-108-48. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-45. Bad beat and special hand.

(a) If the facility manager offers a bad beat or special hand, all funds collected for the jackpot shall be used to fund the primary, secondary, and tertiary jackpots and be available for poker players to win. The percentage of the funds attributable to each jackpot shall be included in the rules of the game in the facility manager's internal control standards.

(b) When a patron wins a bad beat or special hand, the following information shall be recorded on the bad beat payout documentation, and copies of the internal revenue service forms, if applicable, shall be attached:

(1) A description of the cards that comprised the winning poker hand for that game;

(2) a description of the cards that comprised the winning bad beat hand;

(3) the name of the person that had the winning poker hand for that game;

(4) the name of the person that had the winning bad beat hand;

(5) the names of the other players in the game; and

(6) the amount won by each person.

(c) Surveillance staff shall be notified and shall visually verify all winning hands when a bad beat or special hand is won. The verification by surveillance shall be documented in the surveillance log.

(d) The amount of primary bad beat and any special hand shall be prominently displayed at all times in the poker room, and the amount displayed shall be promptly updated at least once each gaming day by adding the correct percentage of funds that were collected from the previous gaming day. If the bad beat is won and the amount displayed has not yet been updated, the poker room supervisor shall contact accounting and update the bad beat amount before paying the winners. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-46. Gaming table drop device characteristics. (a) Each gaming table in the gaming facility shall have an attached drop device for the following items:

(1) Deposited currency;

(2) copies of table transaction documents; and
(3) mutilated chips.

(b) Each gaming table drop device shall have the following features:

(1) A lock that secures the drop device to the gaming table;

(2) a lock that secures the contents of the drop device from being removed without authorization;

(3) a slot opening or mechanism through which all currency, documents, and mutilated chips shall be inserted;

(4) a mechanical device that shall automatically close and lock the slot opening upon removal of the drop device from the gaming table; and

(5) a marking that is permanently imprinted and clearly visible and that identifies the game and table number to which it is attached. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-47. Emergency gaming table drop devices; drop procedures.

(a) The facility manager shall maintain emergency gaming table drop devices with the same physical characteristics as those specified in K.A.R. 112-108-46, except for the game and table number markings. The emergency drop device shall be permanently marked with the word "EMERGENCY" and shall have an area for the temporary marking of the game and table number.

(b) Emergency drop devices shall be maintained in the soft count room or in a secured area as approved by the commission. The storage location, controls, and authorized access shall be described in the internal control system.

(c) At least two individuals shall be responsible for performing the emergency drop. One individual shall be a security department employee, and one individual shall be a level I or level II employee independent of the table games department. The table games department shall notify the commission security agent on duty that an emergency drop is needed. Security staff shall notify surveillance that an emergency drop is needed.

(d) The internal control procedures for emergency drop devices shall include the following items:

(1) Procedures for retrieval of the emergency drop device;

(2) the process for obtaining drop device release keys;

(3) procedures for removal of the drop device; and

(4) the location and safekeeping of the replaced drop device.

(e) All contents removed during the emergency drop shall be counted and included in the next count. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-48. Procedures for the collection and transportation of drop devices. (a) Each facility manager shall submit the current drop schedule to the commission's security agent showing the times and days when the drop devices will be removed from the gaming tables. At a minimum, the gaming table drop devices shall be dropped at the end of each gaming day.

(b) Each facility manager shall be allowed to conduct drops while patrons are present in accordance with commission-approved drop procedures.

(c) The internal control system shall state which job titles will participate in each drop ensuring that there are at least two employees, one of whom shall be a security employee. The actual removal of the drop devices from the gaming tables shall be performed by an employee independent of the table games department.

(d) The collection and transportation of gaming table drop devices containing funds shall be conducted using locked storage carts that shall be escorted by a security department employee at all times.

(e) The collection and transportation procedures of each type of drop device shall be described in the internal control system, including alternative procedures for malfunctions, emergencies, and occasions when multiple trips are required to transport the drop devices to the count room.

(f) Access to stored drop devices that contain funds shall be restricted to authorized members of the drop and count teams.

(g) Each drop device collection process, including transportation of drop devices, shall be continuously monitored by surveillance personnel and recorded.

(h) Each drop and count team member, except security department employees, assigned to the collection of drop devices shall wear a one-piece, pocketless jumpsuit, or other apparel approved by commission, as supplied by the facility manager. Drop apparel shall be issued immediately before use by the facility manager.

(i) A security department employee shall be present for and observe the entire drop process.

All drop devices shall be observed by security staff from the time the drop devices are no longer secured in the gaming device until the drop devices are secured in the respective count rooms.

(j) All drop devices shall be transported to the soft count room. The facility manager shall describe, in the internal control system, security procedures to be used when the empty drop storage carts must be stored elsewhere because of space limitation in the count rooms. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-49. Exchange and storage of foreign chips. (a) Foreign chips shall mean chips that are not authorized for use at a specific gaming facility.

(b) Foreign chips inadvertently received in the rake shall be recorded as drop for adjusted gross receipt purposes.

(c) Foreign chips shall be separated from the facility manager's chips and stored in a locked compartment in the main bank or vault.

(d) The internal control system shall describe procedures for the storage of and accountability concerning foreign chips.

(e) Facility managers exchanging foreign chips with other gaming facilities shall ensure that each employee performing the exchange is independent of the transaction.

(f) Foreign chips shall be exchanged only for an equal value of the facility manager's chips, a check, or cash.

(g) Each facility manager shall maintain documentation of the exchange of foreign chips. The documentation shall include the signatures of all the individuals involved in the exchange and an inventory of all the items exchanged. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-50. Procedures for monitoring and reviewing game operations. (a) Each facility manager shall establish procedures for monitoring and reviewing daily table games transactions for the following activities:

- (1) Table games;
- (2) gaming facility cashiering;
- (3) currency transaction reporting;
- (4) sensitive key access; and
- (5) reconciliation of numerical sequence of forms used, matching and reviewing all copies of forms, matching computer monitoring system re-

ports with actual fill and payout forms, and examination of voided forms.

(b) The procedures in subsection (a) shall include a description of the computation of the unredeemed liability and the inventory of chips in circulation and reserve.

(c) Each facility manager shall establish procedures for the documentation of resolving questions raised during the review and monitoring of daily gaming transactions.

(d) Each facility manager shall establish procedures for the documentation of the criteria for determining deviations from expected results of gaming operations that require further investigations and the procedures for conducting and recording the results of such investigations. This shall include the notification of a commission agent.

(e) The accounting department shall perform a monthly general ledger reconciliation of the following:

- (1) Adjusted gross receipts;
- (2) cage accountability;
- (3) chip liability; and
- (4) progressive jackpot liability.

(f) Each gaming facility's accounting department shall review on a weekly basis the master game report for any unusual variances from the prior week.

(g) The accounting department for each facility manager shall perform daily audits of the following:

- (1) Table games;
- (2) cashier's cage;
- (3) player tracking; and
- (4) any other areas deemed appropriate by the executive director.

(h) The daily audits specified in subsection (g) shall indicate the individual performing the audit and the individual reviewing the audit performed.

(i) Table game procedures shall be performed daily for both computerized and manual forms and shall include, at a minimum, the following:

- (1) Trace table game fills and credit slips originals to duplicate copies and to orders for fill and credits to verify agreement;
- (2) review the table game fills and credit slips for the proper number of authorized signatures, proper date or time, and accurate arithmetic;
- (3) review all voided table game fills and credits for appropriate handling and required number of authorized signatures. Ensure that all appropriate forms are attached;

(4) verify that credits and fills are properly recorded for the computation of win;

(5) trace opening drop cards to the previous shift's closing inventory slip to verify agreement and test for completeness and propriety;

(6) trace the detail from the master gaming report into the accounting entries recording the transactions and to the total cash summary; and

(7) perform any other procedures deemed necessary by the executive director.

(j) All variances or discrepancies in the daily audits specified in subsection (g) shall be investigated, recorded, and reported to the head of the accounting department or equivalent position. The investigation information shall be made available upon demand by the commission staff. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-51. Maintaining table game statistical data. (a) Each facility manager shall maintain records showing the statistical drop, statistical win, and statistical win-to-drop percentages for each gaming table and type of game. These records shall be maintained by day, cumulative month-to-date, and cumulative year-to-date.

(b) Each facility manager shall prepare and distribute statistical reports to gaming facility management on at least a monthly basis. Fluctuations outside of the standard deviation from the base level shall be investigated, and the results shall be documented in writing and retained, with a copy submitted to the commission. For the purposes of this regulation, the "base level" shall be defined as the facility manager's win-to-drop percentage for the previous business year or previous month in the initial year of operations.

(c) The gaming facility management shall investigate with pit supervisory personnel any fluctuations outside of the standard deviation from the base level in table game statistics. At a minimum, investigations shall be performed for a month for all percentage fluctuations in excess of three percent from the base level. The results of each investigation shall be documented in writing and maintained for at least seven years by the licensee.

(d) Reports of daily table game drop, win or loss, and percentage of win or loss shall be given to the commission, as requested. In addition, if gaming facility management has prepared an analysis of specific table wins, losses, or fluctuations outside of the standard deviation from the base level, these reports shall also be given to the commis-

sion. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-52. Required internal audits.

(a) The internal audit procedures specified in this regulation shall be conducted on at least a semi-annual basis, except for the annual cash count. If a procedure does not apply to the operations of the facility manager, this fact shall be noted in the audit report.

(b) Table game audit procedures, which shall be performed by a member of the facility's audit department, shall include the following requirements:

(1) Five table openings and five table closings shall be observed for compliance with the commission-approved internal controls and this article. The related documentation shall be reviewed for accuracy and required information.

(2) A total of 10 table fills and three table credits shall be observed. The observations shall occur over at least three different gaming days. If a member of the facility's audit department is unable to observe three credit fills, the staff member shall verify procedures through interview.

(3) Table game drop and collection procedures as defined in the commission-approved internal controls and this article shall be observed and reviewed for two gaming days with one day being a 24-hour gaming day or a weekend day.

(4) Soft count procedures for table games and poker drops shall be observed and reviewed as defined in the commission-approved internal controls and this article, including the subsequent transfer of funds to the main bank or vault.

(5) Dice inspection procedures shall be observed and reviewed as outlined in the commission-approved internal controls and this article.

(6) Card inspection procedures shall be observed and reviewed as defined in the commission-approved internal controls and this article.

(7) Card and dice inventory control procedures shall be reviewed and verified.

(8) Statistical reports for table game drop, win, and win-to-drop percentages shall be reviewed to determine if fluctuations in excess of three percent from the base level are investigated.

(9) Supervision in the pits shall be verified as required by the commission-approved internal controls and this article.

(10) Dealer tip collection, count verification, and recording procedures shall be observed.

(11) Table game operations shall be observed to ensure compliance with the commission-approved

internal controls and this article pertaining to table games, including poker. This observation shall include a representative sample of all table games over a two-day observation period.

(c) Gaming facility cashiering shall be verified by a member of the facility's internal audit department to ensure that any changes to the chip inventory ledgers during the semiannual audit period are documented and the required signatures are present on the ledger or the supporting documentation.

(d) Adjusted gross receipts shall be reconciled by a member of the facility's internal audit department against the following:

(1) The adjusted gross receipts from the table games, cage accountability, chip liability, and progressive jackpot liability. A copy of the reconciliation shall be included in the internal audit report;

(2) a two-day sample of gaming source documents, including table fill slips, table credit slips, and opener or closer slips. These gaming source documents shall also be reviewed in this process for accuracy and completion, as defined in the commission-approved internal controls and this article; and

(3) the transactional data in the central computer system.

(e) On an annual basis, the internal audit department shall conduct an observation of a complete physical count of all cash and chips in accordance with guidelines issued by the executive director. The count shall not be conducted during the last two months of a fiscal year.

(1) The executive director shall be notified 30 days in advance of the count. At the executive director's discretion, commission representatives may be present.

(2) Management staff may be notified no more than 24 hours in advance of the count to ensure that adequate staff is on duty to facilitate access to all areas being counted.

(3) All count sheets shall be signed by each individual performing the inventory.

(4) A summary of the inventory total for each count sheet, along with all shortages and overages and the signed count sheets, shall be included in the internal audit report.

(5) The cash count of cage windows and of the main bank shall be conducted by a member of the facility's internal audit department when the location is closed, unless otherwise approved by the executive director. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-53. Found items. All cash, chips, tickets, cards, dice, gaming equipment, records, and any other items found in unauthorized or suspicious locations or circumstances shall be reported by the finder to the commission security agent on duty. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-54. Waiver of requirements. (a) On the commission's initiative, one or more of the requirements of this article applicable to table games may be waived by the commission upon a determination that the nonconforming control or procedure meets the operational integrity requirements of the act and this article.

(b) A facility manager may submit a written request to the commission for a waiver for one or more of the requirements in this article. The request shall be filed on an amendment waiver and request form and shall include supporting documentation demonstrating how the table game controls for which the waiver has been requested will still meet the operational integrity requirements of the act and this article. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-55. Shipment of table games and table game mechanisms. (a) Each facility manager shall ensure that the shipment of any table game or table game mechanism for use in a gaming facility shall be approved in advance by the executive director. The person causing the shipment shall notify the executive director of the proposed shipment at least 15 days before the shipment, unless otherwise approved by the executive director. The notice shall include the following information:

(1) The name and address of the person shipping the table game or table game mechanism;

(2) the name and address of the person who manufactured, assembled, distributed, or resold the table game or table game mechanism, if different from the person shipping the item;

(3) the name and address of a new owner if ownership is being changed in conjunction with the shipment;

(4) the method of shipment and the name and address of the third-party carrier, if applicable;

(5) the name and address of the person to whom the table game or table game mechanism is being sent and the destination of the item, if different from that address;

(6) the quantity of table games or table game mechanisms being shipped and the manufacturer's make, model, and serial number of each item;

(7) the expected date and time of delivery to, or removal from, any authorized location within this state;

(8) the port of entry or exit, if any, of the table game or table game mechanism if the origin or destination of the table game or table game mechanism is outside the continental United States; and

(9) the reason for shipping the table game or table game mechanism.

(b) Each shipment of table games or table game mechanisms shall be sealed before being transported. On arrival at the gaming facility, the shipment shall not be opened or inventoried until the seal is witnessed and broken by an agent of the commission. An agent of the commission shall verify that each table game and table game mechanism is unloaded, inventoried, and compared to the notice required in subsection (a). (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective Jan. 8, 2010; amended April 1, 2011.)

112-108-56. Handling chips. A dealer shall "prove chips" when opening or closing a table, filling a table, or exchanging chips for a patron by displaying and counting the chips in full view of either of the following, in accordance with the facility's procedures:

(a) Surveillance and either the pit manager or an employee in a higher position; or

(b) surveillance and the affected patron. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective Jan. 8, 2010.)

112-108-57. Progressive table games. (a) A facility manager shall place a table game that offers a progressive jackpot only if the executive director has approved the following:

(1) The initial and reset amounts for the progressive meters;

(2) the system for controlling the keys and applicable logical access controls to the table games;

(3) the proposed rate of progression for each jackpot;

(4) the proposed limit for progressive jackpot, if any; and

(5) the calculated probability of winning each progressive jackpot. The probability shall not exceed 50 million to one.

(b) Progressive meters shall not be reset or reduced unless one of the following occurs:

(1) The amount indicated has been actually paid to a winning patron.

(2) The progressive jackpot amount won by the patron has been recorded in accordance with a system of internal controls approved by the commission.

(3) The progressive jackpot has been transferred to another progressive table game and the transfer has been approved by the executive director.

(4) The change is necessitated by a meter malfunction, and the commission has been notified of the resetting in writing.

(c) A facility manager shall not alter the odds of winning a progressive jackpot unless the jackpot has been transferred to another progressive table game in accordance with subsection (d).

(d) A facility manager may limit, transfer, or terminate a progressive jackpot or progressive game offered on the gaming floor under any of the following circumstances:

(1) A progressive jackpot may be limited if the payout limit is greater than the payout amount displayed on the progressive jackpot meter to patrons. The facility manager shall provide notice to the commission of the imposition or modification of a payout limit on a progressive meter concurrent with the setting of the payout limit.

(2) A progressive jackpot game may be terminated concurrent with the winning of the progressive jackpot if the progressive controller was configured to automatically establish a fixed reset amount with no progressive increment.

(3) A progressive jackpot amount may be transferred from a gaming floor. The facility manager shall give notice to the commission of its intent to transfer the progressive jackpot at least 30 days before the anticipated transfer, and the facility manager shall conspicuously display the facility manager's intent to transfer the progressive jackpot on the front of each affected table game for at least 30 days. To be eligible for transfer, the progressive jackpot shall be transferred in its entirety and shall meet one of the following conditions:

(A) Be transferred to the progressive meter for a table game with the same or greater probability of winning the progressive jackpot, with the same or lower wager requirement to be eligible to win the progressive jackpot, and with the same type of progressive jackpot;

(B) be transferred to the progressive meters of two separate table games if each table game progressive system to which the jackpot is transferred

individually meets the requirements of paragraph (d)(3)(A); or

(C) be transferred to the most similar table game progressive system that is available if approved by the executive director.

(4) A progressive jackpot on a stand-alone progressive table game system may be removed from a gaming floor if notice of intent to remove the progressive jackpot meets the following conditions:

(A) The notice is conspicuously displayed on the front of each table game for at least 30 days.

(B) The notice of intent is provided in writing to the commission at least 30 days before the removal of the progressive jackpot.

(e) The amount indicated on the progressive meter on each table game governed by subsection (a) shall be recorded by the facility manager's accounting department on a progressive electronic gaming summary report at least once every seven calendar days. Each report shall be signed by the person preparing the report. If the report is not prepared by the accounting department, the progressive electronic gaming summary report shall be forwarded to the accounting department at the end of the gaming day on which the report is prepared. An employee of the accounting department shall be responsible for calculating the correct amount that should appear on a progressive meter. If an adjustment to the progressive meters is necessary, the adjustment shall be made by a member of the EGM department as follows:

(1) Supporting documentation shall be maintained to explain any addition or reduction in the registered amount on the progressive meter. The documentation shall include the date, the asset number of the table game, the amount of the adjustment, and the signatures of the accounting department member requesting the adjustment and the EGM department member making the adjustment.

(2) The adjustment shall be effectuated within 48 hours of the meter reading.

(f) Except as otherwise authorized by this regulation, each table game offering a progressive jackpot that is removed from the gaming floor shall be returned to or replaced on the gaming floor within five gaming days. The amount on the progressive meter on the returned or replacement table game shall not be less than the amount on the progressive meter at the time of removal, unless the amount was transferred or paid out in accordance with these regulations. If a table game offering a progressive jackpot is not returned or

replaced, any progressive meter amount at the time of removal shall, within five days of the table game's removal, be added to a table game offering a progressive jackpot approved by the executive director. The table game shall offer the same or greater probability of winning the progressive jackpot and shall require the same or lower denomination of currency to play that was in use on the table game that was removed.

(g) If a table game is located adjacent to a table game offering a progressive jackpot, the facility manager shall conspicuously display on the table game a notice advising patrons that the table game is not participating in the progressive jackpot of the adjacent table game. (Authorized by K.S.A. 2008 Supp. 74-8772; implementing K.S.A. 2008 Supp. 74-8752 and 74-8772; effective Jan. 8, 2010.)

Article 110.—TECHNICAL STANDARDS

112-110-1. Adoptions by reference. The following texts by gaming laboratories international (GLI) are hereby adopted by reference:

(a) “GLI-11: gaming devices in casinos,” version 2.0, dated April 20, 2007, except the following:

(1) Each reference to a “75% payout percentage,” which shall be replaced with “an average of not less than 87% of the amount wagered over the life of the machine”;

(2) section 1.1;

(3) section 1.2;

(4) section 1.4; and

(5) the section titled “revision history”;

(b) “GLI-12: progressive gaming devices in casinos,” version 2.0, dated April 20, 2007, except the following:

(1) Section 1.1;

(2) section 1.2;

(3) section 1.4; and

(4) the section titled “revision history”;

(c) “GLI-13: on-line monitoring and control systems (MCS) and validation systems in casinos,” version 2.0, dated April 20, 2007, except the following:

(1) Section 1.3;

(2) section 1.5;

(3) the “note” in section 3.4.3; and

(4) the section titled “revision history”;

(d) “GLI-15: electronic bingo and keno systems,” version 1.2, dated April 12, 2002, except the following:

(1) Section 1.3;

(2) section 1.5; and

(3) the section titled “revision history”;

(e) “GLI-16: cashless systems in casinos,” version 2.0, dated April 20, 2007, except the following:

(1) Section 1.2;

(2) section 1.4; and

(3) the section titled “revision history”;

(f) “GLI-17: bonusing systems in casinos,” version 1.2, dated February 27, 2002, except the following:

(1) Section 1.2;

(2) section 1.4; and

(3) the section titled “revision history”;

(g) “GLI-18: promotional systems in casinos,” version 2.0, dated April 20, 2007, except the following:

(1) Section 1.2;

(2) section 1.4; and

(3) the section titled “revision history”;

(h) “GLI-20: kiosks,” version 1.4, dated July 1, 2006, except the following:

(1) Section 1.3; and

(2) the section titled “revision history”;

(i) “GLI-21: client-server systems,” version 2.1, dated May 18, 2007, except the following:

(1) Section 1.1;

(2) section 1.2;

(3) section 1.4;

(4) each reference to a “75% payout percentage,” which shall be replaced with “an average of not less than 87% of the amount wagered over the life of the machine”; and (5) the section titled “revision history”;

(j) “GLI-24: electronic table game systems,” version 1.2, dated September 6, 2006, except the following:

(1) Section 1.1;

(2) section 1.3;

(3) each reference to “75% payout percentage,” which shall be replaced with “an average of not less than 87% of the amount wagered over the life of the machine”; and

(4) the section titled “revision history”;

(k) “GLI-25: dealer controlled electronic table games,” version 1.1, dated September 8, 2006, except the following:

(1) Section 1.1;

(2) section 1.3; and

(3) the section titled “revision history”;

(l) “GLI-26: wireless gaming system standards,” version 1.1, dated January 18, 2007, except the following:

(1) Section 1.1;

(2) section 1.2;
 (3) section 1.4; and
 (4) the section titled “revision history”; and
 (m) “GLI-28: player user interface systems,” version 1.0, dated February 14, 2011, except section 1.1. (Authorized by K.S.A. 2010 Supp. 74-8772; implementing K.S.A. 2010 Supp. 74-8750 and 74-8772; effective May 1, 2009; amended Dec. 9, 2011.)

112-110-2. Central computer system accounting. (a) Each central computer system (CCS) provided to the commission shall include an accounting and auditing mechanism.

(b) Each CCS shall be capable of supporting a network of 15,000 EGMs and the location controllers and validation stations needed to support the EGMs.

(c) Each CCS shall meet all of the following requirements:

(1) The CCS computers shall obtain all meter reading data in real time, which shall be no longer than two and one-half minutes after any meter acquisition request.

(2) The CCS shall keep accurate records, maintaining a total of at least 14 digits, including cents, in length for each type of datum required and of all income generated by each electronic gaming machine (EGM).

(3) The CCS shall be capable of monitoring the operation of each game and EGM.

(4) The CCS shall be capable of creating reports from the following information by EGM and by game, if applicable:

(A) The number of cents wagered;

(B) the number of cents won;

(C) the number of cents paid out by a printed ticket;

(D) the number of cents accepted from a printed ticket;

(E) the number of cents accepted from each coin, bill, ticket, or other instrument of value;

(F) the number of cents electronically transferred to the EGM;

(G) the number of cents electronically transferred from the EGM;

(H) the number of cents paid out by hand pay, which means the payment of credits that are not totally and automatically paid directly from an EGM, or canceled credit;

(I) the number of cents paid out by jackpot;

(J) the number of cumulative credits representing money inserted by a player;

(K) the number of cents on the credit meter;

(L) the number of games played;

(M) the number of games won;

(N) the number of times the logic area was accessed; and

(O) the number of times the cash door was accessed.

(d) The CCS shall be capable of generating the following reports:

(1) Gaming facility performance reports. The gaming facility performance report for the previous period shall be available to be printed on the first day of the next period. Each gaming facility performance report shall be available to be printed for all facilities and for specific facilities. The report shall include data from each EGM in play at the gaming facility. Each report shall contain the following information:

(A) EGM serial number;

(B) the number of cents played;

(C) the number of cents won;

(D) net terminal income, which is the amount played minus the amount won;

(E) Kansas lottery’s administrative expenses;

(F) gross profits;

(G) drop amount; and

(H) drop time frame;

(2) a report that calculates the prize payout percentage of each EGM on the basis of cents won divided by cents played;

(3) a report that calculates cents played less cents won, divided by the number of EGMs in play at a facility, during the period;

(4) a report that compares cents played less cents won against total cents in less total cents out by EGMs. This report shall also include the value on the EGM’s credit meter;

(5) a daily report showing the total number of EGMs in play and cents played less cents won;

(6) performance reports by brand of EGM, game name, game type, and facility number;

(7) a report by EGM number;

(8) a report of nonreporting EGMs by facility and by EGM supplier, summarizing the last polled date, EGM manufacturer and serial number, reason for error, and poll address;

(9) a report of nonreporting intermediary servers that are communicating with the EGMs but not reporting data by facility and by EGM that summarizes the last polled date, EGM manufacturer and serial number, reason for error, and poll address;

(10) a financial summary report listing facility summaries by date, amount played, amount won,

net revenue, number of EGMs, and average net revenue by EGM;

(11) a transaction report listing facility, by EGM supplier and by EGM, that summarizes the electronic game machine manufacturer and serial number, cents in, cents out, net revenue, amount played, amount won, progressive jackpot contribution, win frequency, payback percentage, net jackpot won, number of times each game was played, and number of times each play resulted in a win;

(12) a report containing a record of all security events by EGM or event type over a specific time range; and

(13) a financial report based upon a user-specified time frame, by EGM, that summarizes cents in, cents out, net revenue, cents played, cents won, progressive jackpot contribution, win frequency, payback percentage, net jackpot won, games played, and games won.

(e) Each report specified in this regulation shall be available on demand and, if applicable, cover a period determined by Kansas lottery or commission auditing staff. On-demand reporting shall be sortable by date, EGM, game, EGM manufacturer, location, and facility. The time period of each report may be daily, weekly, monthly, and yearly, and sufficient data shall be resident on the database to accommodate a facility manager's need to report on a basis specified by the Kansas lottery or commission auditing staff.

(f) Each EGM event and all configuration data, including configurable pay table information, if applicable, shall be retained for each individual EGM in a backed-up CCS system.

(g) All security event data shall be retained for each individual EGM as well as accumulated for each facility.

(h) All game play statistics, EGM event data, and configuration data, including configurable pay table information, if applicable, shall be retained for each EGM in a backed-up CCS system.

(i) All accounting and security event data shall be retained and shall be accessible for at least seven years.

(j) All accounting and security event data shall be retained for each individual EGM and accumulated for each facility.

(k) Each CCS provider shall provide an invoicing software package for facility licensees. That software package shall allow the Kansas lottery to create periodic statements that interface with an electronic funds transfer account. The CCS shall be able to perform the following functions:

(1) Provide a gross terminal income summary to facilitate daily electronic funds transfer (EFT) sweeps that shall, at a minimum, contain the daily number of EGMs reporting, the daily cash in divided by cash out and daily cash played divided by cash won, daily gross EGM income, daily net balances, adjustments, progressive contributions, and jackpot reset values. The gross terminal income summary reports shall show the information by each EGM as well as by track and by total system, retailer, facility manager, and county;

(2) conduct downloading to tape, disk, or other standard data storage devices of the information necessary to facilitate the EFT daily sweep of each facility's net EGM income;

(3) create a balanced data file of general ledger journal entries to record all lottery activities and integrate into general ledger software on a daily basis and on a multiple day basis, as needed;

(4) provide payout analyses that indicate performance by EGM; and

(5) provide reports in a format as specified, by period to period, by the Kansas lottery. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8749 and 74-8772; effective May 1, 2009.)

112-110-3. Central computer system security.

(a) Each CCS's database shall contain LFG data for at least the prior 24 months. Older data shall also be available from archives for at least seven years. The CCS's vendor shall provide archived data within 24 hours of a request for the data from the Kansas lottery or the commission.

(b) Each CCS shall be capable of the following:

(1) Receiving and retaining a record of events that affect security, including all door openings, stacker access, and signature failure;

(2) receiving and retaining a record of events that affect the LFG state, including power on, power off, and various faults and hardware failures;

(3) receiving and retaining a record of events that affect LFG integrity, including random access memory (RAM) corruption and RAM clear;

(4) receiving and retaining a record of events that affect the status of communication between all components including the LFG, including loss of communication;

(5) reporting of all events specified in this article;

(6) receiving and retaining a record of any other events as specified in writing by the Kansas lottery or the commission; and

(7) automatic reporting of faults that require a manual reactivation of the LFG. These faults shall include the following:

- (A) Logic area cabinet access;
- (B) LFG RAM reset;
- (C) catastrophic software corruption;
- (D) unrecoverable hardware faults; and
- (E) a failed signature check.

(c)(1) A record of each of the events specified in subsection (b) shall be stored at the central point of the CCS on a hard drive in one or more files of an approved structure.

(2) The record of each stored event shall be marked by a date and time stamp.

(3) Each event shall be detected and recorded to the database and posted to a line printer or terminal monitor within 10 seconds of the occurrence.

(d) Each CCS shall meet the following security requirements:

(1) The ability to deny access to specific databases upon an access attempt, by employing passwords and other system security features. Levels of security and password assignment for all users shall be solely the function of the Kansas lottery;

(2) the ability to allow multiple security-access levels to control and restrict different classes of access to the system;

(3) password sign-on with two level codes comprising the personal identification code and a special password;

(4) system access accounts that are unique to the authorized personnel;

(5) the storage of passwords in an encrypted, nonreversible form;

(6) the requirement that each password be at least 10 characters in length and include at least one nonalphabetic character;

(7) password changes every 30 days;

(8) prevention of a password from being used if the password has been used as any of the previous 10 passwords;

(9) the requirement that the CCS lock a user's access upon three failed attempted log-ins and send a security alert to a line printer or terminal monitor;

(10) the requirement that connectivity to any gaming system from a remote, non-gaming terminal be approved by the executive director and reported to the Kansas lottery, in accordance with K.A.R. 112-107-31. Remote connections shall employ security mechanisms including modems with dial-back, modems with on-off key-

locks, message encryption, logging of sessions, and firewall protection;

(11) the ability to provide a list of all registered users on the CCS, including each user's privilege level;

(12) the requirement that approved software and procedures for virus protection and detection, if appropriate, be used;

(13) the requirement that only programs, data files, and operating system files approved by the Kansas lottery and the commission reside on hard drive or in the memory of the CCS computers;

(14) the requirement that nonroutine access alerts and alarm events be logged and archived for future retrieval;

(15) the requirement that software signatures be calculated on all devices at all facilities and the signatures be validated by devices on the CCS network. These devices shall include gaming equipment, location controllers, and cashier stations. These devices shall exclude non-gaming devices, including dumb terminals;

(16) audit trail functions that are designed to track system changes;

(17) time and date stamping of audit trail entries;

(18) capability of controlling data corruption that can be created by multiple log-ons;

(19) the requirement that the gaming software be maintained under an approved software change control system;

(20) the ability to send an alert to any terminal monitor and line printer for any security event that is generated at an LFG or in the system. The system shall allow the system administrator to determine which events should be posted. The events shall be filtered by location;

(21) equipment with a continuous power supply;

(22) the capability of on-line data redundancy if a hard disk peripheral fails during operation; and

(23) provision of a secure way through a graphic user interface for an auditor to make adjustments to the system. (Authorized by and implementing K.S.A. 2009 Supp. 74-8772; effective May 1, 2009; amended April 1, 2011.)

112-110-4. Central computer system; configuration and control. (a) Each CCS shall be able to begin or end gaming functions by a single command for any of the following:

(1) An EGM;

(2) a group of EGMs; or

(3) all EGMs.

(b) Automatic and manual shutdown capabilities shall be available from the CCS.

(c) The software configuration of each CCS gaming system shall be approved by the Kansas lottery and the commission.

(d) Each CCS shall maintain the following information for each EGM or connected device:

- (1) Location;
- (2) device description, including serial number and manufacturer;
- (3) game name;
- (4) game type;
- (5) configuration, including denomination, software identification number, software version installed on all critical components, game titles available, and progressive jackpot status;
- (6) history of upgrades, movements, and reconfigurations; and

(7) any other relevant information as deemed necessary by the Kansas lottery or the commission.

(e) Each CCS shall be able to individually and collectively enroll EGMs.

(f) Each CCS shall be able to configure each EGM during the initial enrollment process so that the EGM's system-dependent parameters, including denomination, money units, and pay tables, can be programmed or retrieved from the EGMs and validated by the CCS.

(g) Each CCS shall be able to support continuous gaming operations and shall be able to enable and disable electronic gaming machines based on a daily schedule. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8749 and 74-8772; effective May 1, 2009.)

112-110-5. Central computer system; software validation. (a) Each CCS shall be programmed to initiate a signature validation when an EGM is enrolled.

(b) If an EGM fails the signature validation, the EGM shall not be placed into gaming mode without manual intervention at the CCS level.

(c) One of the following two methods of storing signature check references shall be implemented in the CCS:

(1) Game software image storage in which game software images existing in the EGM are also stored in the CCS; or

(2) precalculated signature results storage in which the table of signature results have a minimum of five entries and those entries are generated from randomly selected seed values for each

game and repopulated on a daily basis. The utility program used to generate the signature check result table shall be approved by the Kansas lottery and the commission's electronic security staff.

(d) The game software image and precalculated signature results shall be secured, including by means of password protection and file encryption.

(e) If the image used for validating the EGM software is comprised of more than one program, both of the following requirements shall be met:

(1) The CCS shall have a method to allow each component to be loaded individually.

(2) The CCS shall combine the individual images based upon the scheme supplied by the EGM manufacturer to create the combined image. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8749 and 74-8772; effective May 1, 2009.)

112-110-6. Central computer system communication. (a) Each CCS provider shall furnish specifications, protocols, and the format of messages to and from the central computer system.

(b)(1) The documentation of the communications protocol shall explain all messages, conventions, and data formats and shall be submitted for approval before delivery of the protocol to EGM manufacturers. Approval shall be obtained before distribution of the communications protocol may commence.

(2) The documentation shall detail the following:

- (A) The data format, including the following:
 - (i) Byte ordering;
 - (ii) bit order where bits are referenced; and
 - (iii) negative number format;
- (B) message framing, including the following:
 - (i) Header field;
 - (ii) address field;
 - (iii) control field;
 - (iv) information or data;
 - (v) frame check sequence; and
 - (vi) trailer field;
- (C) minimum and maximum frame or packet length;
- (D) packet termination indication;
- (E) padding techniques;
- (F) special characters used and the function of each character;
- (G) general principles of data exchange; and
- (H) any other specifications required to support the functionality of the system.

(c) All communications between the host system components shall be encrypted with an encryption tool, which may include data encryption standard approved by the commission's auditing staff. Each proprietary encryption system shall be approved by the Kansas lottery before its use.

(d) If the CCS finds an EGM that is not responding within a set number of retries, the EGM shall be logged as not responding and the system shall continue servicing all other EGMs in the network.

(e) Each CCS shall be wired directly to all EGMs.

(f) Each CCS shall be capable of monitoring the functioning of each EGM.

(g) If a CCS provider proposes a proprietary communications protocol, the provider shall supply a perpetual software license to the Kansas lottery at no additional charge. If a proprietary protocol is utilized, the protocol shall be provided to any vendor designated by the Kansas lottery free of charge within one week of contract signing.

(h) If a CCS uses an industry standard protocol, the provider shall supply and maintain an interoperability document that indicates all of the functionality within the protocol that is used and any additional implementation notes that apply. Each deviation from the protocol shall be approved by the Kansas lottery.

(i) The communication of each CCS shall use cyclic redundancy checks (CRCs).

(j) The communication of each CCS shall withstand error rates based on the protocols in use.

(k) The communications protocol shall provide a method for the recovery of each message received in error or not received at all.

(l) Each CCS shall acknowledge all data messages that the CCS receives.

(m) Any CCS may include a negative acknowledgment (NAK) for messages received in error or messages that are received outside of specified time periods. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8749 and 74-8772; effective May 1, 2009.)

112-110-7. Central computer system; protocol simulator. (a) Each CCS shall include a protocol simulator to enable the development of the communications protocol and to assist in acceptance testing.

(b) Each simulator shall support and test all of the transactions and message types that are to be used by the communications protocol.

(c) Each simulator shall be capable of generating common communication errors to confirm that the EGM software is properly handling the event.

(d) Along with the protocol simulator, each CCS provider shall furnish the following:

(1) An operations manual or other suitable documentation;

(2) a definition of the message structure, types, and formats in machine-readable form;

(3) a standard for all program modules, including naming conventions, definitions of module names, and comments; and

(4) a diagram for the communications protocol.

(e) Each simulator shall run on standard computer equipment, including a personal computer.

(f) The communications protocol shall contain only codes or bytes that are defined in the communications protocol. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8749 and 74-8772; effective May 1, 2009.)

112-110-8. Central computer system; general hardware specifications.

(a) Each CCS shall be a state-of-the-art, fault-tolerant, redundant, and high-availability system. Any CCS may be configured in a duplex, triplex, or multiredundant configuration. All computer system components and peripheral equipment, including frontend communications processors, system printers, and tape drives, shall be fault-tolerant and redundant and maintain high availability. No performance degradation or loss of system functionality shall occur with the failure of a single system component. The central computer system's storage management solution shall provide fault tolerance and scalability.

(b) The performance of each CCS shall match or exceed the performance of any similar systems installed by North American lotteries or gaming central control systems in casinos in the last three years.

(c) The functions of each CCS shall not interfere with players, employees who require real-time monitoring of security events, cashiers who handle financial transactions of the electronic gaming machines, or attendants who service the EGM.

(d) Performance of each CCS shall not degrade noticeably during ordinary functionality. The CCS shall provide capacity to accommodate EGM populations, play volumes, user sessions, and event recording consistent with all specifications.

(e) All hardware and ancillary peripherals comprising the CCS shall be new equipment that has not previously been used or refurbished.

(f) The supplier of each CCS shall be able to produce system checksums or comparable system file checker reports when requested by Kansas lottery or the commission.

(g) Each supplier of CCS hardware and software shall obtain written approval from the Kansas lottery director or the director's designee before making any enhancement or modification to the operating software.

(h) Each CCS supplier shall provide all hardware, operating system software, third-party software, and application software necessary to operate the CCS.

(i) Each CCS shall be able to operate 24 hours a day, seven days a week, with the database up and running. Off-hours backup shall be able to run without shutting down the database. The Kansas lottery shall be able to do a full system backup, which shall include backing up the operating system and any supplier software.

(j) The central processing unit and peripheral devices of each CCS shall employ physical security measures in the form of sealed casings, lockable containment, or any other means of physical security approved by the Kansas lottery and the commission.

(k) Each CCS shall be able to support gaming in at least seven gaming facilities in the state of Kansas.

(l) Each CCS shall have one or more management terminals located at each of the facilities. Management terminals may be accessed only with the permission of the Kansas lottery. A monitoring terminal shall also be located at the Kansas lottery headquarters.

(m) Each CCS shall have two or more monitoring terminals at each facility, as approved by the commission, with at least one terminal to be utilized by the commission. A monitoring terminal shall be located at the commission headquarters.

(n) The responsibility to audit all lottery gaming facility revenues shall rest with the commission. Each CCS supplier shall provide a separate data feed that contains the original accounting data from the EGM before any adjustments and means to reconcile the values or other means of validating any adjustments are made to any data on the system. This separate data feed shall be approved by the commission. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing

K.S.A. 2007 Supp. 74-8749 and 74-8772; effective May 1, 2009.)

112-110-9. Central computer system backup. (a) Each CCS supplier shall provide one or more remote backup systems that will take over for the primary site systems, if necessary. Redundant arrays of inexpensive disks (RAID) shall be used to protect key data at the remote site. Data recorded at the remote site shall always contain the most recent transactions. The facility networks shall be routed to permit transaction processing at the backup site. Other communications to permit Kansas lottery operations shall also connect to the backup site. The backup site system shall be able to be tested monthly to ensure that the remote site is fully functional.

(b) Each remaining system shall assume all system functions in case of a failure in one system, without loss or corruption of any data and transactions received before the time of the failure.

(c) Multiple components in the CCS shall have a time-synchronizing mechanism to ensure consistent time recording and reporting for all events and transactions.

(d) The remote backup systems shall have the same processing capacity and architecture as those of the central site systems.

(e) Primary site system recovery from a one-system failure shall be accomplished in no more than two minutes while still maintaining current transactions, including the ability to fully service the communications network supporting the EGM and management terminals.

(f) Backup site system recovery from a primary site failure shall be accomplished in less than 10 minutes without loss of transactions. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8749 and 74-8772; effective May 1, 2009.)

112-110-10. Central computer system manuals. (a) Each CCS supplier shall provide the following manuals and diagrams for the CCS:

- (1) Operation manuals;
- (2) service manuals;
- (3) CCS architecture diagrams; and
- (4) other circuit diagrams.

(b) The required service manuals shall meet the following requirements:

- (1) Accurately depict the CCS that the manual is intended to cover;
- (2) provide adequate detail and be sufficiently clear in their wording and diagrams to enable

a qualified repairperson to perform repair and maintenance in a manner that is conducive to the long-term reliability of the CCS;

(3) include maintenance schedules outlining the elements of the EGM that require maintenance and the frequency at which that maintenance should be carried out; and

(4) include maintenance checklists that enable EGM maintenance staff to make a record of the work performed and the results of the inspection.

(c) The required CCS architecture diagrams shall meet the following requirements:

(1) Accurately depict the CCS that the diagrams are intended to cover;

(2) provide adequate detail and be sufficiently clear in their wording and depiction to enable qualified technical staff to perform an evaluation of the design of the component; and

(3) be professionally drafted in order to meet the requirements specified in this subsection. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8749 and 74-8772; effective May 1, 2009.)

112-110-11. Central computer system; support of progressive games. (a) As used within this regulation, the following terms shall have the meanings specified in this subsection:

(1) “Linked progressive games” means a group of EGMs at a gaming facility that offers the same game and involves a manner of wagering providing the same probability of hitting the combination that will award the progressive jackpot that increases by the same increments as the EGM is played.

(2) A “wide-area progressive game” means a game that consists of a group of EGMs located at two or more gaming facilities, linked to a single CCS computer that has a manner of wagering that will provide the same probability of hitting the combination that will award the progressive jackpot that increases, by the same increments, as the EGM is played.

(b) Each CCS shall be able to support a variety of different progressive jackpot games, including single-machine games, linked games at a gaming facility, and wide-area progressive games shared by two or more gaming facilities.

(c) The CCS communication for the wide-area progressive system shall be by means of dedicated on-line communication lines, satellite, or another preapproved communications system. All communication packets between each participating facility manager and the CCS shall be encrypted,

and the encryption keys shall be alterable upon demand. The protocol shall ensure delivery of all information packets in a valid and correct form.

(d) The CCS computer’s wide-area progressive gaming subsystem shall have the ability to monitor the opening of the front door of the EGM and the logic area of the EGM, and to report all these events to the CCS within one polling cycle.

(e) Each CCS shall have the ability to produce reports that demonstrate the method used to calculate the progressive jackpot amount, including the documentation of credits contributed from the beginning of the polling cycle and all credits contributed throughout the polling cycle that includes the jackpot signal. The method shall assume that credits contributed to the system after the jackpot win occurs, in real-time but during the same polling cycle, are contributed to the progressive jackpot amount before the win.

(f) Each CCS shall be able to produce fiscal reports that support and verify the economic activity of the games, indicating the amount of and basis for the current progressive jackpot amount. These reports shall include the following:

(1) An aggregate report to show only the balancing of the progressive link with regard to facility-wide totals;

(2) a detail report in a format that indicates for each EGM, summarized by location, the cash-in, cash-out, credits-played, and credits-won totals, as these terms are commonly understood by the Kansas lottery; and

(3) a jackpot contribution invoice that includes documentation of contributions by the following:

(A) Each of its participating EGMs;

(B) the credits contributed by each EGM to the jackpot for the period for which an invoice is remitted;

(C) the percentage contributed by that gaming facility; and

(D) any other information required by the Kansas lottery or the commission to confirm the validity of the facility manager’s aggregate contributions to the jackpot amount.

This report shall be available for any facility manager participating in a wide-area progressive electronic gaming machine system.

(g) Each CCS shall be designed to have continuous operation of all progressive games.

(h) Each CCS shall have a method to transfer the balance of one progressive pool to another.

(i)(1) Each progressive controller linking one or more progressive EGMs shall be housed in a

double-keyed compartment or an alternative approved by the Kansas lottery and the commission.

(2) The Kansas lottery or the Kansas lottery's designee shall be given possession of one of the keys, or the Kansas lottery's designee shall authorize each instance of access to the controller in advance. No person may have access to a controller without notice to the Kansas lottery.

(3) A progressive entry authorization log shall be included with each controller, and the log shall be completed by each person gaining entrance to the controller. The log shall be entered on a form provided by the Kansas lottery.

(4) If a progressive jackpot is recorded on any progressive EGM, the progressive controller shall be able to identify the EGM that caused the progressive meter to activate, and the progressive controller shall display the winning progressive amount.

(5) If more than one progressive EGM is linked to the progressive controller, the progressive controller may automatically reset to the minimum amount and continue normal play only if the progressive meter displays the following information:

(A) The identity of the EGM that caused the progressive meter to activate;

(B) the winning progressive amount; and

(C) the minimum amount that is displayed to the other players on the link.

(6) A progressive meter or progressive controller shall keep the following information in non-volatile memory, which shall be displayed upon demand:

(A) The number of progressive jackpots won on each progressive meter if the progressive display has more than one winning amount;

(B) the cumulative amounts paid on each progressive meter if the progressive display has more than one winning amount;

(C) the maximum amount of the progressive payout for each meter displayed;

(D) the minimum amount or reset amount of the progressive payout for each meter displayed; and

(E) the rate of progression for each meter.

(7) Waivers may be granted by the Kansas lottery to ensure that individual EGMs and multiple EGMs linked to a progressive controller meet the requirements of this regulation. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8749 and 74-8772; effective May 1, 2009.)

112-110-12. Central computer system; additional functionality. (a) Each CCS shall be able to support ticket in-ticket out (TITO) processes.

(b) Any CCS may perform the following:

(1) Downloading operating and game software to EGMs that use electronic storage media on which the operation software for all games resides or at a minimum approving, auditing, and verifying the downloading of software to EGMs;

(2) allowing gaming software to be driven by down-line loading on the communications line. Gaming software may be either solicited by the EGM or unsolicited; and

(3) allowing gaming software to be downloaded in a modular fashion with only the modules requiring a change being downloaded. Downloading shall not preclude continuous operation of the EGM network. The CCS provider shall detail for the Kansas lottery and the commission any particular download features of the software, including downloading in the background, eavesdropping, and compression. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8749 and 74-8772; effective May 1, 2009.)

112-110-13. Central computer system; acceptance testing. (a) Each CCS supplier shall make that provider's system available for independent acceptance and compatibility testing.

(b) If a CCS fails the acceptance testing, the CCS supplier shall make all necessary modifications required for acceptance by the Kansas lottery and the commission within the time frame specified by the Kansas lottery and the commission.

(c) Each CCS supplier shall provide at least one test system, including all hardware and software, to the commission or its independent testing laboratory for the duration of the contract. The test system shall include any third-party software and licenses used by the system. The test system shall use the identical software that exists on the production system, though the test system may utilize similar but not identical hardware.

(d) Each CCS supplier shall provide a complete set of manuals at the beginning of acceptance testing. Updates to the manuals shall be supplied concurrently with any CCS modifications that result in updating the manual.

(e) A test system in addition to the system required in subsection (b) may be required if the Kansas lottery determines that a system shall be located at the Kansas lottery.

(f) The cost of initial acceptance testing by the Kansas lottery, the commission, and the commission's independent testing laboratory shall be paid by the CCS supplier. The cost of any testing resulting from system modifications or enhancements shall be paid by the CCS supplier. These costs shall include travel time and expenses for functionality that must be tested on-site or at an alternate location.

(g) Each CCS supplier shall be responsible for the consulting costs incurred by the commission and the Kansas lottery to develop the test scripts. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8749 and 74-8772; effective May 1, 2009.)

112-110-14. Procedures for resolving EGM breaks in communication with the central computing system. (a) If one or more EGMs have an unscheduled break in communications with the central computer system for more than 60 seconds, unless another time is specified by the executive director, the following requirements shall be met:

(1) The supplier for the central computer system shall notify the lottery gaming facility's surveillance department of the break in communication.

(2) The lottery gaming facility's surveillance department shall notify the slot shift supervisor on duty or the person in an equivalent position of the break in communication.

(3) The lottery gaming facility's EGM department shall perform the following:

(A) Investigate the reason for the break in communication with the central computer system; and

(B) identify the party responsible for correcting the problem and a time frame for correction.

(b)(1) If one or more EGMs have an unscheduled break in communications with the central computer system for longer than 10 minutes, the supplier for the central computer system shall notify the commission personnel on duty.

(2) For communication breaks that last longer than 10 minutes, a determination shall be made by the commission as to whether to cease operation of the EGMs affected by the central communication system's break in communication. The following may be considered by the commission:

(A) The potential for any data loss;

(B) the projected length of outage;

(C) the circumstances of the break in communication;

(D) the proposed solution to the problem; and
(E) any other factor that arises.

(c) If one or more EGMs have an unscheduled break in communications with the central computer system for longer than 30 minutes, the supplier for the central computer system shall perform the following:

(1) Contact the facility manager slot shift supervisor on duty or the person in an equivalent position to assist in reestablishing communications; and

(2) send updated notification to the commission personnel on duty of the situation at least every two hours until the situation is resolved. When EGM communications have been restored, the supplier for the central computer system shall notify all parties involved.

(d) For the purpose of this regulation, notification may include automated electronic communications. (Authorized by and implementing K.S.A. 2010 Supp. 74-8772; effective Dec. 9, 2011.)

Article 111.—INVOLUNTARY EXCLUSIONS

112-111-1. Involuntary exclusion list. (a) An "involuntary exclusion list" shall be created by the commission staff and shall consist of the names of people who the executive director determines meet any one of the following criteria:

(1) Any person whose presence in a gaming facility would be inimical to the interest of the state of Kansas or gaming in Kansas, including the following:

(A) Any person who cheats, including by intentionally doing any one of the following:

(i) Altering or misrepresenting the outcome of a game or event on which wagers have been made, after the outcome is determined but before the outcome is revealed to the players;

(ii) placing, canceling, increasing, or decreasing a bet after acquiring knowledge, not available to other players, of the outcome of the game or subject of the bet or of events affecting the outcome of the game or subject of the bet;

(iii) claiming or collecting money or anything of value from a game or authorized gaming facility not won or earned from the game or authorized gaming facility;

(iv) manipulating a gaming device or associated equipment to affect the outcome of the game or the number of plays or credits available on the game; or

(v) altering the elements of chance or methods of selection or criteria that determine the result of the game or amount or frequency of payment of the game;

(B) any person who poses a threat to the safety of the patrons or employees;

(C) persons who pose a threat to themselves;

(D) persons with a documented history of conduct involving the disruption of a gaming facility;

(E) persons included on another jurisdiction's exclusion list; or

(F) persons subject to an order of the courts of Kansas excluding those persons from any gaming facility;

(2) any felon or person who has been convicted of any crime or offense involving moral turpitude and whose presence in a gaming facility would be inimical to the interest of the state of Kansas or of gaming in Kansas; or

(3) any person who has been identified by the director of security as being a criminal offender or gaming offender and whose presence in a gaming facility would be inimical to the interest of the state of Kansas or of gaming in Kansas.

(b) As used in this article, a person's presence shall be deemed "inimical to the interest of the state of Kansas or gaming in Kansas" if the presence meets any one of the following conditions:

(1) Is incompatible with the maintenance of public confidence and trust in the integrity of licensed gaming;

(2) is reasonably expected to impair the public perception of or confidence in the regulation or conduct of gaming; or

(3) creates or enhances a risk of unfair or illegal practices in the conduct of gaming.

(c) The executive director's determination of inimicality may be based upon any of the following:

(1) The nature and notoriety of the person to be excluded from gaming facilities;

(2) the history and nature of the involvement of the person with a gaming facility in Kansas or any other jurisdiction or with any particular licensee or licensees or any related company of any licensee;

(3) the nature and frequency of any contacts or associations of the person with any licensee; or

(4) any other factor reasonably related to the maintenance of public confidence in the regulatory process or the integrity of gaming in Kansas.

(d) The involuntary exclusion list shall contain the following information, if known, for each excluded person:

(1) The full name and all known aliases and the date of birth;

(2) a physical description;

(3) the date the person's name was placed on the list;

(4) a photograph, if available;

(5) the person's occupation and current home and business addresses; and

(6) any other relevant information as deemed necessary by the commission.

(e) The involuntary exclusion list shall be open to public inspection and shall be distributed by the executive director. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8752 and 74-8772; effective May 1, 2009.)

112-111-2. Inclusion on list; notice.

(a) Upon the executive director's determination that a person meets the criteria for exclusion from gaming facilities in this article, the person's name shall be added to the involuntary exclusion list, and the commission staff shall be directed by the executive director to file a notice of exclusion. The notice of exclusion shall identify all of the following:

(1) The person to be excluded;

(2) the nature and scope of the circumstances or reasons that the person should be placed on the involuntary exclusion list;

(3) the names of potential witnesses;

(4) a recommendation as to whether the exclusion will be permanent; and

(5) the availability of a hearing by the commission.

(b) The notice of exclusion shall be served on the excluded person using any method that is appropriate for service under Kansas law.

(c) A written request for a hearing shall be delivered to the executive director within 10 calendar days from the date the notice of exclusion was served on the person to be excluded. If no request for hearing is made, an order shall be issued by the commission affirming the placement of the person on the involuntary exclusion list. If the excluded person timely requests a hearing, the commission staff shall set the matter for a hearing before the commission. (Authorized by K.S.A. 2007 Supp. 74-8772; implementing K.S.A. 2007 Supp. 74-8752 and 74-8772; effective May 1, 2009.)

112-111-3. Effect of placement on the exclusion list. (a) Each excluded person shall be prohibited from entry to a gaming facility.

(b) If the commission or a Kansas court finds that the person does not meet the criteria for exclusion, then the person's name shall be removed from the involuntary exclusion list and the exclusion shall be terminated effective upon the date of the action by the commission or the court. (Authorized by and implementing L. 2007, Ch. 110, § 41; effective May 1, 2009.)

112-111-4. Facility manager duties. (a) Each facility manager shall exclude from the gaming facility any person on the involuntary exclusion list.

(b) Each facility manager's director of security shall notify the commission's security staff if an excluded person has attempted entry to the gaming facility.

(c) Each facility manager shall distribute copies of the involuntary exclusion list to its employees.

(d) Each facility manager shall notify the commission in writing of the names of persons the facility manager believes meet the criteria for placement on the involuntary exclusion list. (Authorized by and implementing K.S.A. 2008 Supp. 74-8772; effective May 1, 2009.)

112-111-5. Petition for removal. (a) An excluded person shall not petition the commission for removal from the involuntary exclusion list until at least five years have passed from date of the commission's order affirming placement of the person on the list.

(b) Each petition shall be verified with supporting affidavits and shall state in detail the grounds that the petitioner believes constitute good cause for the petitioner's removal from the list.

(c) The petition may be decided by the commission on the basis of the documents submitted by the excluded person. The petition may be granted or summarily denied by the commission or a hearing on the matter may be directed to be held by the commission. The petition may be granted or a hearing may be directed to be held by the commission only upon a finding that there is new evidence that would alter the original decision to affirm the person's placement on the involuntary exclusion list. (Authorized by and implementing K.S.A. 2007 Supp. 74-8772; effective May 1, 2009.)

Article 112.—RESPONSIBLE GAMBLING

112-112-1. Office of responsible gambling. A staff person shall be appointed by the

executive director to direct the office of responsible gambling. This staff person shall administer all of the commission's programs to assist individuals with issues related to gambling and to help prevent problem gambling in Kansas. The office of responsible gambling shall coordinate resources to maximize the efficiency and effectiveness of the programs of other state agencies and private organizations that allocate resources to assisting individuals with issues related to gambling and preventing problem gambling. (Authorized by K.S.A. 2009 Supp. 74-8772 and 74-8804; implementing K.S.A. 2009 Supp. 74-8772 and 74-8773; effective Sept. 26, 2008; amended April 1, 2011.)

112-112-3. Responsible gambling plan.

(a) Each applicant for a facility manager certificate shall submit a responsible gambling plan to the commission with its initial application or at least 90 days before opening a racetrack gaming facility. The responsible gambling plan shall not be inconsistent with any facility manager's contractual obligation with the Kansas lottery. A responsible gambling plan shall be approved by the commission before the commission issues or renews a certificate. Each plan shall include the following:

(1) The goals of the plan and the procedures and deadlines for implementation of the plan;

(2) the identification of the individual at each applicant or facility manager location who will be responsible for the implementation and maintenance of the plan;

(3) procedures for maintaining the confidentiality of the information regarding the persons on the self-exclusion list, as specified in K.A.R. 112-112-7;

(4) procedures for informing patrons about self-transaction exclusion programs;

(5) procedures for compliance with the commission's self-exclusion program;

(6) procedures for creating and disseminating promotional material to educate patrons about problem gambling and to inform patrons about treatment services available. The applicant or facility manager shall provide examples of the material to be used as part of its promotional materials, including signs, brochures, and other media, and a description of how the material will be disseminated;

(7) details of the training about responsible gambling for the applicant's or facility manager's employees;

(8) the duties and responsibilities of the employees designated to implement or participate in the plan;

(9) procedures to prevent underage gambling;

(10) procedures to prevent patrons impaired by drugs or alcohol, or both, from gambling;

(11) an estimation of the cost of development, implementation, and administration of the plan; and

(12) any other policies and procedures to prevent problem gambling and encourage responsible gambling.

(b) Each applicant or facility manager shall submit any amendments to the responsible gambling plan to the commission for review and approval before implementing the amendments. Each facility manager shall report to the commission semiannually on the status and success of the responsible gambling plan. (Authorized by K.S.A. 2009 Supp. 74-8772 and K.S.A. 74-8804; implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-112-4. Self-exclusion list. (a) A “self-exclusion list” shall consist of the names of those persons who have complied with the requirements of this article and have been placed on the list by the executive director. The self-exclusion list shall provide the means for each individual with issues related to gambling to formally notify the commission that the individual has a gambling problem and that the individual will refrain from visiting gaming facilities, parimutuel licensee locations, and fair association race meets in Kansas.

(b) Each facility manager shall be notified by the executive director of the placement of any person on the self-exclusion list. Any or all information contained on the person’s application may be disclosed to each facility manager and the facility manager’s agents or employees by the executive director. (Authorized by K.S.A. 2009 Supp. 74-8772 and 74-8804; implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-112-7. Confidentiality of the self-exclusion list. (a)(1) As part of the responsible gambling plan required by K.A.R. 112-112-3(a), each facility manager or applicant for a facility manager certificate shall submit to the commission a plan for maintaining the confidentiality of the information regarding the persons on the self-exclusion list. The plan shall reasonably safe-

guard the confidentiality of the information but shall include dissemination of the information to at least the general manager, facility management, and all security and surveillance personnel. Each plan shall be submitted to the commission for approval.

(2) All information disclosed to any facility manager regarding anyone placed on the self-exclusion list shall be deemed a closed record pursuant to K.S.A. 45-221(a)(30) and amendments thereto. However, the information may be disclosed as authorized by the individual seeking placement on the list, by law, and through the provisions in this article.

(b) Any facility manager may disclose the information contained in the application to the facility manager’s affiliates, employees, or agents to the extent necessary under this article.

(c) All information associated with the self-exclusion list, including the identities of individuals who have placed themselves on the list and any personal information about those individuals, shall be considered a closed record under the Kansas open records act pursuant to K.S.A. 45-221(a)(30) and amendments thereto.

(d) For administrative, disciplinary, or penalty proceedings regarding any alleged infraction by an individual on the self-exclusion list, the individual who is on the self-exclusion list shall not be named. An alternate means of identification shall be used to keep that individual’s identity confidential. (Authorized by K.S.A. 2007 Supp. 74-8772 and K.S.A. 74-8804; implementing K.S.A. 2007 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

112-112-9. Procedure for removal from the self-exclusion list. (a) At any time after two years from the original date of application for placement on the self-exclusion list, any person on the self-exclusion list may petition the executive director for removal from the self-exclusion list. The authority to approve or deny each petition shall rest with the executive director. To be eligible for removal from the self-exclusion list, each person shall provide documentation acceptable to the commission that the applicant has met all of the following conditions:

(1) The person has undergone a problem gambling assessment with a gambling counselor certified by the Kansas department of social and rehabilitation services or through any other method approved by the commission.

(2) The person has completed a commission-approved education program on healthy lifestyle choices and problem gambling awareness.

(3) The person has met any other requirements deemed necessary by the commission.

(4) The person has executed an authorization and release to be removed from the self-exclusion list on a form provided by the commission.

(b) Each facility manager shall retain the ability to deny gambling privileges at a gaming facility, parimutuel licensee location, or fair association race meet to the persons who have been removed from the self-exclusion list for any other reason ordinarily available to the facility manager.

(c) Any person who has been removed from the self-exclusion list may reapply for placement on the list at any time as provided in this article.

(d) Upon approval of a petition for removal from the self-exclusion list, a notice of removal from the self-exclusion list shall be drafted by the executive director. Each notice shall be a closed record pursuant to the Kansas open records act, including K.S.A. 45-221(a)(30) and amendments thereto, except that the notice shall be disclosed to all facility managers and their agents and employees.

(e) A copy of the notice of removal from the self-exclusion list shall be delivered by the executive director to the petitioner by regular U.S. mail to the home address specified on the petition. The petitioner shall be deemed to be removed from the self-exclusion list when the executive director mails the approved notice to the petitioner.

(f) If the executive director finds that a petitioner does not qualify for removal from the self-exclusion list, the petitioner shall be notified by the executive director by regular U.S. mail, using the home address specified on the petition. The petitioner shall remain on the self-exclusion list pursuant to this article. (Authorized by K.S.A. 2009 Supp. 74-8772 and 74-8804; implementing K.S.A. 2009 Supp. 74-8772; effective Sept. 26, 2008; amended April 1, 2011.)

Article 113.—SANCTIONS

112-113-1. Sanctions. (a) Any licensee, certificate holder, permit holder, or applicant may be sanctioned for violating any provision of the act, these regulations, or any other law that directly or indirectly affects the integrity of gaming in Kansas, including a violation of any of the following:

(1) Failing to disclose material, complete, and truthful information to the commission and its staff;

(2) failing to comply with any of the duties in article 101;

(3) being a facility manager and employing unlicensed employees or independent contractors;

(4) being a facility manager and contracting with uncertified gaming or nongaming suppliers;

(5) failing to follow the commission's minimum internal control standards or the facility manager's minimum internal control system;

(6) failing to follow the commission's security regulations or the facility manager's security plan;

(7) failing to follow the commission's surveillance regulations or the facility manager's surveillance plan;

(8) failing to enforce the involuntary exclusion list;

(9) failing to enforce the facility manager's responsible gaming plan or the provisions of article 112;

(10) failing to post signs informing patrons of the toll-free number available to provide information and referral services regarding problem gambling; or

(11) permitting persons who are less than 21 years of age that do not have an occupation license to be in areas where electronic gaming machines or lottery facility games are being conducted.

(b) The commission, disciplinary review board, and executive director shall have the authority to impose any of the following sanctions:

(1) License, certificate, or permit revocation;

(2) license, certificate, or permit suspension;

(3) license, certificate, or permit application denial;

(4) a monetary fine pursuant to K.S.A. 74-8764 and amendments thereto;

(5) warning letters or letters of reprimand or censure. These letters shall be made a permanent part of the file of the licensee, applicant, permit holder, or certificate holder; or

(6) any other remedial sanction agreed to by the licensee, applicant, certificate holder, or permit holder.

(c) Each sanction shall be determined on a case-by-case basis. In considering sanctions, the following may be considered by the executive director, disciplinary review board, or commission:

(1) The risk to the public and to the integrity of gaming operations created by the conduct of the licensee, certificate holder, permit holder, or applicant facing sanctions;

(2) the nature of the violation;

(3) the culpability of the licensee, certificate holder, permit holder, or applicant responsible for the violation;

(4) any justification or excuse for the conduct;

(5) the history of the licensee, certificate holder, permit holder, or applicant with respect to compliance with the act, these regulations, or other law; and

(6) any corrective action taken by the licensee, certificate holder, permit holder, or applicant to prevent future misconduct.

(d) In the case of a monetary fine, the financial means of the licensee, certificate holder, permit holder, or applicant may be considered.

(e) It shall be no absolute defense that the licensee, certificate holder, permit holder, or applicant inadvertently, unintentionally, or unknowingly violated a provision of the act or these regulations. These factors shall affect only the degree of the sanction to be imposed by the commission.

(f) Each violation of any provision of these regulations that is an offense of a continuing nature shall be deemed to be a separate offense on each day during which the violation occurs. The commission shall not be precluded from finding multiple violations within a day of those provisions of the regulations that establish offenses consisting of separate and distinct acts. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective April 17, 2009.)

Article 114.—RULES OF HEARINGS

112-114-1. Definitions. The following terms as used in these regulations shall have the meanings specified in this regulation, unless the context clearly indicates otherwise:

(a) “Disciplinary review board” means a board established by the executive director. The board members shall be appointed by the executive director to review certain applications and licensee or certificate holder conduct and to ensure compliance by applicants, licensees, and certificate holders with these regulations, the act, and other laws.

(b) “Hearing body” means the commission, disciplinary review board, or executive director, when each of these is conducting a hearing. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective May 1, 2009.)

112-114-2. Report of an alleged violation. (a) Any person may file a report of an alleged violation with any commission office.

(b) Each person reporting an alleged violation shall complete the commission-approved report form available online and in commission offices. Substantially incomplete forms shall not be accepted by commission personnel. (Authorized by and implementing K.S.A. 2008 Supp. 74-8751 and 74-8772; effective May 1, 2009.)

112-114-3. Notice of alleged violation and hearing. (a) If disposition of the allegation raised in a report could result in suspension or revocation, the respondent shall be provided by the commission with reasonable notice of the alleged violation and hearing.

(b) The notice of alleged violation and hearing shall include the following information:

(1) The time and location of the hearing;

(2) the identity of the hearing body;

(3) the case number and the name of the proceeding;

(4) a statement of the legal authority and a general description of the allegation, including the time of occurrence;

(5) a statement that a respondent who fails to attend the hearing may be subject to the entry of an order that is justified by the evidence presented at the hearing; and

(6) a statement that a respondent has the right to appear at the hearing with counsel, the right to produce any evidence and witness on the respondent’s behalf, the right to cross-examine any witness who may testify against the respondent, and the right to examine any evidence that may be produced against the respondent. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective May 1, 2009.)

112-114-4. Waiver. Except to the extent precluded by another provision of law, a person may waive any right conferred upon that person by these regulations. (Authorized by and implementing L. 2007, Ch. 110, § 20 and § 41; effective May 1, 2009.)

112-114-5. Informal settlements. Nothing in these regulations shall preclude the informal settlement of matters that could make a hearing unnecessary. (Authorized by and implementing L. 2007, Ch. 110, § 20 and § 41; effective May 1, 2009.)

112-114-6. Participation by and representation of respondents. (a) Whether or not participating in person, any respondent who is a

natural person may be represented by an attorney licensed to practice law in the state of Kansas in any evidentiary hearing conducted before the commission or its designated presiding officer or officers. The attorney shall represent the respondent at the respondent's own expense.

(b) Each for-profit or not-for-profit corporation, unincorporated association, or other respondent who is a non-natural person shall be represented by an attorney licensed to practice law in the state of Kansas in any evidentiary hearing conducted before the commission or its designated presiding officer or officers. The attorney shall represent the respondent at the respondent's own expense. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective May 1, 2009.)

112-114-8. Presiding officer. (a) The presiding officer shall be either of the following:

(1) The executive director or the chairperson of the commission; or

(2) a person designated by the commission.

(b) For disciplinary review board hearings, if a substitute is required for a presiding officer or other member of the hearing body who is unavailable for any reason, a substitute shall be appointed by the executive director. Each action taken by the duly appointed substitute shall be as effective as if the action had been taken by the unavailable member. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective May 1, 2009.)

112-114-9. Hearing procedure. (a) The presiding officer at each hearing shall regulate the course of the proceedings.

(b) To the extent necessary for full disclosure of all relevant facts and issues, the presiding officer shall afford to all parties the opportunity to respond, present evidence and argument, conduct cross-examination, and submit rebuttal evidence.

(c) Upon the request of the respondent, the presiding officer may conduct all or part of the hearing by telephone or other electronic means, if each participant in the hearing has an opportunity to participate in the entire proceeding while it is taking place.

(d) The presiding officer shall cause the hearing to be recorded at the commission's expense. The commission shall not be required to prepare a transcript at its expense. Subject to any reasonable conditions that the presiding officer may es-

tablish, any party may cause a person other than the commission to prepare a transcript of the proceedings.

(e) Each hearing shall be open to public observation, except for deliberations and parts that the presiding officer states are to be closed pursuant to a provision of law expressly authorizing closure. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective May 1, 2009.)

112-114-10. Evidence. (a) A presiding officer shall not be bound by technical rules of evidence but shall give the parties reasonable opportunity to be heard and to present evidence. The presiding officer shall act without partiality. The presiding officer shall apply any rules of privilege that are recognized by law. Evidence shall not be required to be excluded solely because the evidence is hearsay.

(b) All testimony of parties and witnesses shall be made under oath or affirmation, and the presiding officer or the presiding officer's designee who is legally authorized to administer an oath or affirmation shall have the power to administer an oath or affirmation for that purpose.

(c) Documentary evidence may be received in the form of a copy or excerpt, including electronically stored information. Upon request, parties shall be given an opportunity to compare the copy with the original, if available.

(d) Official notice may be taken of the following:

(1) Any matter that could be judicially noticed in the courts of this state; and

(2) the record of other proceedings before the disciplinary review board or the commission. (Authorized by and implementing L. 2007, Ch. 110, § 20 and § 41; effective May 1, 2009.)

112-114-11. Orders. (a) Within 30 days after the hearing, the hearing body shall enter a written order.

(b) Each order shall include a brief statement of the findings of the hearing body and any penalty prescribed. The findings shall be based exclusively upon the evidence of record and on matters officially noticed in the hearing.

(c) For disciplinary review board hearings, the order shall also include a statement that the order is subject to appeal to the commission and the available procedures and time limits for seeking an appeal. The order shall further include a statement that any suspension imposed by the order may be stayed, pending appeal.

(d) For disciplinary review board hearings, the hearing body may impose any penalty authorized by law and may refer the matter to the commission with findings and recommendations for imposition of greater penalties.

(e) Each order shall be effective when rendered.

(f) The presiding officer shall cause copies of the order to be served upon each party to the proceedings. (Authorized by and implementing K.S.A. 2007 Supp. 74-8751 and 74-8772; effective May 1, 2009.)

112-114-12. Service of order. (a) Service of an order shall be made upon the party and the party's attorney of record, if any.

(b) Service shall be presumed if the presiding officer, or a person directed to make service by the presiding officer, makes a written certificate of service.

(c) Service by mail shall be complete upon mailing.

(d) Whenever a party has the right or is required to do some act or take some proceedings within a prescribed period after service of an order is made by mail, three days shall be added to the prescribed period. (Authorized by and implementing L. 2007, Ch. 110, § 20 and § 41; effective May 1, 2009.)

112-114-14. Appeals of disciplinary review board hearings. (a) Each order entered by the disciplinary review board that imposes suspension or revocation, or any other sanction shall be subject to appeal to the commission.

(b) Each party who wishes to appeal a disciplinary review board order shall file a notice of appeal and brief on forms provided by the commission during regular office hours within 11 days after service of the order from which the party is appealing. If an order is served by mail, the party shall have 14 days within which to file a notice of appeal and brief.

(c) Each notice of appeal and brief shall be completed by the appealing party upon the form available in the commission's licensing office at the gaming facility. Each notice of appeal and

brief shall fully state the basis for appeal and identify the issues upon which the party seeks administrative review. Incomplete forms shall not be accepted by commission personnel.

(d) A notice of appeal and brief shall constitute the appealing party's written brief. An opposing party shall be afforded an opportunity to file a brief in response to the appealing party's brief within 14 days following the filing of the appealing party's brief.

(e) Each notice of appeal form shall include a statement that, in reviewing any disciplinary review board's order, the following provisions shall apply:

(1) De novo review may be exercised by the commission, one or more commissioners designated by the commission, or a presiding officer designated by the commission.

(2) The disciplinary review board's order may be affirmed, reversed, remanded for further hearing, or modified by the commission, one or more commissioners designated by the commission, or a presiding officer designated by the commission. A new hearing may also be conducted by the commission, one or more commissioners designated by the commission, or a presiding officer designated by the commission. An occupation license may be suspended or revoked for each violation of the act or these regulations, or both.

(f) Any respondent may be deemed to have timely filed a notice of appeal pursuant to subsection (b) if, after service of the disciplinary review board's order, the respondent performs the following:

(1) Within the appeal time described in subsection (b) of this regulation, files a writing that states an intention to appeal the order and that includes substantially the same information requested in the appeal form available in the commission's licensing office at the gaming facility; and

(2) within a period of time authorized by the disciplinary review board, fully executes and files in the commission's licensing office at the gaming facility the appeal form available in that office. (Authorized by and implementing K.S.A. 2008 Supp. 74-8751 and 74-8772; effective May 1, 2009.)

Agency 115

Kansas Department of Wildlife, Parks and Tourism

Editor's Note: The Kansas Department of Wildlife and Parks was renamed the Kansas Department of Wildlife, Parks and Tourism (KDWPT) by Executive Reorganization Order (ERO) No. 36. ERO No. 36 also transferred the powers, duties, and functions of the Division of Travel and Tourism Development within the Department of Commerce to the KDWPT. See L. 2012, Ch. 47.

Editor's Note: The Department of Wildlife and Parks uses agency numbers 23 and 33 and 115. Currently regulations are being revised to utilize the new agency number 115. See K.S.A. 32-801 through 32-806.

Editor's Note: Article 25 regulations are exempt from the publication requirements of K.S.A. 77-415 et seq. These regulations fix the seasons and establish creel, size, and possession limits for fish, and bag and possession limits for game birds, game, and fur-bearing animals. Copies of the regulations may be obtained by contacting the Department: Secretary of Wildlife, Parks and Tourism, Room 200, 1020 S. Kansas, Topeka, KS 66612-1327 or online at <https://ksoutdoors.com/Services/Law-Enforcement/Regulations>.

Article 1.—DEFINITIONS

115-1-1. Definitions. (a) Except as specified in subsection (b), the following definitions shall apply to all of the department's regulations.

(1) "Arrow" means a missile shot from a bow or a crossbow.

(2) "Artificial lure" means a man-made fish-catching device used to mimic a single prey item. Artificial lures may be constructed of natural, nonedible, or synthetic materials. Multiple hooks, if present, shall be counted as a single hook on an artificial lure.

(3) "Bag limit" means the maximum number of

any species, except fish and frogs, that may be taken by a person in a calendar day.

(4) "Bait fish" means a member of the minnow or carp family (*Cyprinidae*), sucker family (*Catostomidae*), top minnows or killifish family (*Cyprinodontidae*), shad family (*Clupeidae*), and sunfish family (*Centrarchidae*), but excluding black basses and crappie. The fish listed in K.A.R. 115-15-1 and in K.A.R. 115-15-2 shall not be considered as bait fish.

(5) "Bird dog" means a dog used to point, flush, or retrieve game birds, migratory birds, or both.

(6) “Bow” means a handheld device with a cord that connects both of its two ends and that is designed to propel an arrow. This term shall include long, recurve, and compound bows.

(7) “Bridle path” means an established, maintained, and marked pathway for the riding of animals.

(8) “Camping” means erecting a shelter or arranging bedding, or both, or parking a recreation vehicle or other vehicle for the purpose of remaining overnight.

(9) “Camping unit” means any vehicle or shelter specifically used for sleeping upon a portion of department lands or waters.

(10) “Cast net” means a circular or conical weighted net designed to be cast mouth-downward by hand and withdrawn by lines attached to its margin.

(11) “Creel limit” means the maximum total number of any species of fish or frogs that may be taken by a person in a calendar day.

(12) “Crossbow” means a transverse-mounted bow with a cord that connects the two ends and that is designed to propel an arrow, including compound crossbows. The arrow is released by a mechanical trigger.

(13) “Culling” means replacing one live fish held by an angler for another live fish of the same species if the daily creel limit for that species of fish has not been met.

(14) “Department lands and waters” means state parks, state lakes, recreational grounds, wildlife areas, sanctuaries, fish hatcheries, natural areas, historic sites, and other lands, waters, and facilities that are under the jurisdiction and control of the secretary through ownership, lease, license, cooperative agreement, memorandum of understanding, or other arrangement.

(15) “Depth finder” means an electronic device used to locate fish or determine underwater structures.

(16) “Dip net” means a handheld net that has rigid support about the mouth and is used to land fish.

(17) “Draft livestock” means horses, mules, donkeys, and oxen used singly or in tandem with other horses, mules, donkeys, and oxen for pulling purposes.

(18) “Drag event” means a competitive event in which hounds pursue a scent trail. The event may involve a caged, pen-raised furbearer that is not released from the cage during the event.

(19) “Dryland set” means any trapping device

that is placed or set on land or is not in contact with water.

(20) “Eyass” means a young of the year raptor not yet capable of flight.

(21) “Falconer” means the holder of a falconry permit.

(22) “Falconry” means the taking of wildlife with a trained raptor.

(23) “Field trial event for dogs” means a competitive event involving at least six dogs that are judged on hunting or running ability.

(24) “Firearm” means a rimfire or centerfire rifle, handgun, or shotgun; a muzzleloading shotgun, rifle, or handgun; or a cap-and-ball pistol.

(25) “Fire ring” means an open-topped, man-made, fire-retaining device.

(26) “Fireplace” means an enclosed, man-made, fire-retaining device.

(27) “Fishing line” means any hand-operated string or cord, utilizing hooks that may be used in conjunction with rods, poles, reels, bows, or spearguns.

(28) “Fish trap” means a device for catching fish consisting of a net or other structure that diverts the fish into an enclosure arranged to make escape more difficult than entry.

(29) “Fully automatic firearm” means a firearm capable of firing more than one round with a single trigger pull.

(30) “Gaff” means a hook attached to a rigid pole.

(31) “Gig” means a hand-operated spear with one or more prongs with or without barbs.

(32) “Group camping area” means any area within a state park designated by posted notice for camping by organized groups.

(33) “Haggard” means an adult raptor in mature plumage.

(34) “Hook” means a device with a single shaft and one or more points with or without barbs, used for catching fish and frogs.

(35) “Imping” means the repair of damaged feathers.

(36) “Kill site” means the location of the wildlife carcass as positioned in the field immediately after being harvested.

(37) “Length limit” means the minimum length of a fish allowed in order to take it and not release it to the waters immediately. For the purpose of this paragraph, the length of the fish shall be measured from the tip of the snout to the end of the tail, with the mouth closed and the tail lobes pressed together.

(38) "Moorage site" means a location designated for the fastening or securing of a vessel.

(39) "Nonsport fish" means carp, drum, white amur, threadfin and gizzard shad, goldfish, gar, suckers including carpsuckers and buffalo, eel, sturgeon, goldeye, white perch, and bowfin.

(40) "Orthopedic device" means a device that attaches to the body and is required to enable a handicapped person to walk.

(41) "Overflow camping area" means an area in a state park that is separate from the designated overnight camping area and that may be used for a maximum of 24 continuous hours of camping if no alternative camping facilities are available within reasonable driving distances.

(42) "Passage" means an immature raptor on first fall migration still in immature plumage.

(43) "Pen-raised wildlife" means any wildlife raised in captivity.

(44) "Pets" means domesticated wildlife, including dogs and cats.

(45) "Possession limit" means the maximum total number of a species that can be retained per person at any one time.

(46) "Prime camping site" means any site within a state park so designated by posted notice of the secretary and subject to an additional charge.

(47) "Raptors" means members of the order Falconiformes or Strigiformes and specifically falcons, hawks, and owls.

(48) "Raw pelt" means the undressed skin of an animal with its hair, wool, or fur in its natural state, without having undergone any chemical preservation converting the skin to a leather condition.

(49) "Recreational vehicle" means a vehicle or trailer unit that contains sleeping or housekeeping accommodations, or both.

(50) "Running" means the pursuing or chasing of furbearers or rabbits with hounds. This term shall not include the capturing, killing, injuring, or possessing of furbearers or rabbits, or having a firearm or other weapon in possession while running, except during established furbearer or rabbit hunting seasons.

(51) "Sanctioned or licensed coyote field trial" means a competitive event that involves only sight or trail hounds and that has been advertised in one of the national foxhound journals at least 30 days before the event.

(52) "Sanctioned or licensed furbearer field trial" means a competitive event in which dogs pursue unrestrained furbearers and that is sanctioned or licensed by any of the national kennel

or field dog organizations for the express purpose of improving the quality of the breed through the awarding of points or credits toward specific class championships or other national recognition.

(53) "Seine" means a net with a float line and lead line designed to be pulled through the water for the purpose of catching fish.

(54) "Set line" means a string or cord that is anchored at one point by an anchor weighing at least 25 pounds or is attached to a fixed and immovable stake or object, does not have more than two hooks, and is not associated with a hand-operated mechanical reel.

(55) "Sight hound" means a dog used to pursue furbearers, rabbits, hares, or coyotes by sight.

(56) "Skin and scuba diving" means swimming or diving while equipped with a face mask or goggles, allowing underwater vision and possibly involving an underwater breathing apparatus.

(57) "Snagging" means the hooking of a fish in any part of its anatomy other than the inside of the mouth.

(58) "Speargun" means a device used to propel a spear through the water by mechanical means or compressed gas.

(59) "Sport fish" means northern pike, walleye, saugeye, sauger, yellow perch, striped bass, white bass, black bass including largemouth, spotted, and smallmouth bass, striped bass hybrid, trout, muskellunge, tiger muskie, channel catfish, blue catfish, flathead catfish, paddlefish, and panfish including bullhead, black and white crappie, bluegill, redear sunfish, green sunfish, warmouth, and rock bass.

(60) "State fishing lake" means a department facility that contains the words "state fishing lake" in the name of the area.

(61) "Tip-up" means an ice fishing device designed to signal the strike of a fish.

(62) "Trail hound" means a dog used to trail furbearers, rabbits, hares, or coyotes by scent.

(63) "Transfer" means any of the following:

(A) To reassign one's license, permit, or other issue of the department to another individual;

(B) to exchange any license, permit, or other issue of the department between individuals; or

(C) to carry another individual's license, permit, or other issue of the department when that individual is not present.

(64) "Trot line" means a string or cord anchored at one or more points that does not have more than 25 hooks and is not associated with a hand-operated mechanical reel.

(65) “Turkey” means wild turkey.

(66) “Unattended fishing line” means any fishing line set to catch fish that is not marked or tagged as required by K.A.R. 115-7-2 or K.A.R. 115-17-11 and not immediately attended by the operator of the fishing line.

(67) “Wake” means the waves thrown by a vessel moving on water.

(68) “Water race” means a competitive event in which hounds pursue a scent device or a caged, pen-raised furbearer through water. The furbearer is not released during the event.

(69) “Water set” means any trapping device that has the gripping portion at least half-submerged when placed or set in flowing or pooled water and remains at least half-submerged in contact with the flowing or pooled water.

(b) Exceptions to the definitions in this regulation shall include the following:

(1) The context requires a different definition.

(2) The defined term is specifically defined differently within the department’s other regulations. (Authorized by and implementing K.S.A. 2014 Supp. 32-807; effective Dec. 26, 1989; amended June 8, 1992; amended Sept. 19, 1997; amended Nov. 21, 2003; amended July 22, 2011; amended Nov. 26, 2012; amended Nov. 30, 2015.)

Article 2.—FEES, REGISTRATIONS AND OTHER CHARGES

115-2-1. Amount of fees. The following fees and discounts shall be in effect for the following licenses, permits, and other issues of the department: (a) Hunting licenses and permits.

| | |
|---|---------|
| Resident hunting license (valid for one year from date of purchase) | \$25.00 |
| Resident hunting license (valid for five years from date of purchase) | 100.00 |
| Resident disabled veteran hunting license (valid for one year from date of purchase, 30 percent or more service-connected disabled) | 12.50 |
| Resident senior hunting license (valid for one year from date of purchase, 65 years of age through 74 years of age) | 12.50 |
| Resident youth hunting license (one-time purchase, valid from 16 years of age through 20 years of age, expiring at the end of that calendar year) | 40.00 |
| Nonresident hunting license (valid for one year from date of purchase) | 95.00 |
| Nonresident junior hunting license (under 16 years of age) | 40.00 |
| Resident big game hunting permit: | |
| General resident: either-sex elk permit | 300.00 |
| General resident: antlerless-only elk permit | 150.00 |
| General resident youth (under 16 years of age): either-sex elk permit | 125.00 |

| | |
|---|--------|
| General resident youth (under 16 years of age): | |
| antlerless-only elk permit | 50.00 |
| Landowner/tenant: either-sex elk permit | 150.00 |
| Landowner/tenant: antlerless-only elk permit | 75.00 |
| Hunt-on-your-own-land: either-sex elk permit | 150.00 |
| Hunt-on-your-own-land: antlerless-only elk permit | 75.00 |
| General resident: deer permit | 40.00 |
| General resident youth (under 16 years of age): | |
| deer permit | 10.00 |
| General resident: antlerless-only deer permit | 20.00 |
| General resident youth (under 16 years of age): | |
| antlerless-only deer permit | 7.50 |
| Landowner/tenant: deer permit | 20.00 |
| Hunt-on-your-own-land: deer permit | 20.00 |
| Special hunt-on-your-own-land: deer permit | 85.00 |
| General resident: antelope permit | 50.00 |
| General resident youth (under 16 years of age): | |
| antelope permit | 10.00 |
| Landowner/tenant: antelope permit | 25.00 |
| Antelope preference point service charge | 10.00 |
| Any-deer preference point service charge | 10.00 |
| Application fee for elk permit | 10.00 |
| Wild turkey permit: | |
| General resident: turkey permit (1-bird limit) | 25.00 |
| General resident youth (under 16 years of age): | |
| turkey permit (1-bird limit) | 5.00 |
| Resident landowner/tenant: turkey permit (1-bird limit) | 12.50 |
| Nonresident: fall turkey permit (1-bird limit) | 50.00 |
| Nonresident tenant: fall turkey permit (1-bird limit) | 25.00 |
| Nonresident: spring turkey permit (1-bird limit) | 60.00 |
| Nonresident tenant: spring turkey permit (1-bird limit) | 30.00 |
| Nonresident youth (under 16 years of age): | |
| turkey permit (1-bird limit) | 10.00 |
| Resident: turkey preference point service charge | 5.00 |
| Wild turkey game tag: | |
| Resident: turkey game tag (1-bird limit) | 15.00 |
| Resident youth (under 16 years of age): | |
| turkey game tag (1-bird limit) | 5.00 |
| Nonresident: turkey game tag (1-bird limit) | 30.00 |
| Nonresident youth (under 16 years of age): | |
| turkey game tag (1-bird limit) | 10.00 |
| Spring wild turkey permit and game tag combination (2-bird limit, must be purchased before April 1 of year of use): | |
| General resident: turkey permit and game tag combination (2-bird limit) | 35.00 |
| General resident youth (under 16 years of age): | |
| turkey permit and game tag combination (2-bird limit) | 10.00 |
| Resident landowner/tenant: turkey permit and game tag combination (2-bird limit) | 17.50 |
| Nonresident: turkey permit and game tag combination (2-bird limit) | 85.00 |
| Nonresident tenant: turkey permit and game tag combination (2-bird limit) | 42.50 |
| Nonresident youth (under 16 years of age): | |
| turkey permit and game tag combination (2-bird limit) | 20.00 |
| Nonresident big game hunting permit: | |
| Nonresident hunt-on-your-own-land: deer permit | 85.00 |
| Nonresident tenant: deer permit | 85.00 |
| Nonresident: deer permit (antlered deer) | 400.00 |
| Nonresident youth (under 16 years of age): | |

| | | | |
|---|--------|---|--------|
| deer permit (antlered deer) | 75.00 | of purchase, 30 percent or more service-connected disabled) | 22.50 |
| Nonresident: deer permit (antlerless only) | 50.00 | Resident senior combination hunting and fishing license (valid for one year from date of purchase, 65 years of age through 74 years of age) | 22.50 |
| Nonresident: combination 2-deer permit (antlered deer and antlerless white-tailed deer) | 415.00 | Resident combination youth hunting and fishing license (one-time purchase, valid from 16 years of age through 20 years of age, expiring at the end of that calendar year) | 70.00 |
| Nonresident youth (under 16 years of age): combination 2-deer permit (antlered deer and antlerless white-tailed deer) | 90.00 | Resident lifetime combination hunting and fishing license | 960.00 |
| Nonresident: antelope permit (archery only) | 300.00 | or eight quarterly installment payments of | 130.00 |
| Nonresident tenant: antelope permit | 85.00 | Resident senior lifetime combination hunting and fishing license (one-time purchase, valid 65 years of age and older) | 40.00 |
| Nonresident youth (under 16 years of age): antelope (archery only) | 100.00 | Nonresident combination hunting and fishing license (valid for one year from date of purchase) | 135.00 |
| Nonresident: deer permit application fee | 25.00 | | |
| Nonresident: mule deer stamp | 150.00 | | |
| Field trial permit: game birds | 20.00 | | |
| Lifetime hunting license | 500.00 | | |
| or eight quarterly installment payments of | 67.50 | | |
| Migratory waterfowl habitat stamp | 8.00 | | |
| Sandhill crane hunting permit: validation fee | 5.00 | | |
| Disabled person hunt-from-a-vehicle permit | 0 | | |

(b) Fishing licenses and permits.

| | |
|---|--------|
| Resident fishing license (valid for one year from date of purchase) | 25.00 |
| Resident fishing license (valid for five years from date of purchase) | 100.00 |
| Resident disabled veteran fishing license (valid for one year from date of purchase, 30 percent or more service-connected disabled) | 12.50 |
| Resident senior fishing license (valid for one year from date of purchase, 65 years of age through 74 years of age) | 12.50 |
| Resident youth fishing license (one-time purchase, valid from 16 years of age through 20 years of age, expiring at the end of that calendar year) | 40.00 |
| Nonresident fishing license (valid for one year from date of purchase) | 50.00 |
| Resident calendar day fishing license | 6.00 |
| Nonresident calendar day fishing license | 12.00 |
| Three-pole permit (valid for one year from date of purchase) | 6.00 |
| Tournament bass pass (valid for one year from date of purchase) | 12.00 |
| Paddlefish permit (six carcass tags) | 10.00 |
| Paddlefish permit youth (under 16 years of age) (six carcass tags) | 5.00 |
| Hand fishing permit | 25.00 |
| Lifetime fishing license | 500.00 |
| or eight quarterly installment payments of | 67.50 |
| Five-day nonresident day fishing license | 25.00 |
| Institutional group fishing license | 100.00 |
| Special nonprofit group fishing license | 50.00 |
| Trout permit (valid for one year from date of purchase) | 12.00 |

(c) Combination hunting and fishing licenses and permits.

| | |
|---|--------|
| Resident combination hunting and fishing license (valid for one year from date of purchase) | 45.00 |
| Resident combination hunting and fishing license (valid for five years from date of purchase) | 180.00 |
| Resident disabled veteran combination hunting and fishing license (valid for one year from date | |

| | |
|---|--------|
| of purchase, 30 percent or more service-connected disabled) | 22.50 |
| Resident senior combination hunting and fishing license (valid for one year from date of purchase, 65 years of age through 74 years of age) | 22.50 |
| Resident combination youth hunting and fishing license (one-time purchase, valid from 16 years of age through 20 years of age, expiring at the end of that calendar year) | 70.00 |
| Resident lifetime combination hunting and fishing license | 960.00 |
| or eight quarterly installment payments of | 130.00 |
| Resident senior lifetime combination hunting and fishing license (one-time purchase, valid 65 years of age and older) | 40.00 |
| Nonresident combination hunting and fishing license (valid for one year from date of purchase) | 135.00 |

(d) Furharvester licenses.

| | |
|---|--------|
| Resident furharvester license (valid for one year from date of purchase) | 25.00 |
| Resident junior furharvester license (valid for one year from date of purchase) | 12.50 |
| Lifetime furharvester license | 500.00 |
| or eight quarterly installment payments of | 67.50 |
| Nonresident furharvester license (valid for one year from date of purchase) | 250.00 |
| Nonresident bobcat permit (1-bobcat limit per permit) | 100.00 |
| Resident fur dealer license | 100.00 |
| Nonresident fur dealer license | 400.00 |
| Field trial permit: furbearing animals | 20.00 |

(e) Commercial licenses and permits.

| | |
|---|----------|
| Controlled shooting area hunting license (valid for one year from date of purchase) | 25.00 |
| Resident mussel fishing license | 75.00 |
| Nonresident mussel fishing license | 1,000.00 |
| Mussel dealer permit | 200.00 |
| Missouri river fishing permit | 25.00 |
| Game breeder permit | 10.00 |
| Controlled shooting area operator license | 200.00 |
| Commercial dog training permit | 20.00 |
| Commercial fish bait permit (three-year permit) | 50.00 |
| Commercial prairie rattlesnake harvest permit (without a valid Kansas hunting license) | 20.00 |
| Commercial prairie rattlesnake harvest permit (with a valid Kansas hunting license or exempt from this license requirement) | 5.00 |
| Commercial prairie rattlesnake dealer permit | 50.00 |
| Prairie rattlesnake round-up event permit | 25.00 |

(f) Collection, scientific, importation, rehabilitation, and damage-control permits.

| | |
|---|-------|
| Scientific, educational, or exhibition permit | 10.00 |
| Raptor propagation permit | 0 |
| Rehabilitation permit | 0 |
| Wildlife damage-control permit | 0 |
| Wildlife importation permit | 10.00 |
| Threatened or endangered species: special permits | 0 |

(g) Falconry.

| | |
|-------------------------|-------|
| Apprentice permit | 75.00 |
|-------------------------|-------|

| | |
|----------------------|-------|
| General permit | 75.00 |
| Master permit | 75.00 |
| Testing fee | 50.00 |

(h) Miscellaneous fees.

| | |
|--|---------|
| Duplicate license, permit, stamp, and other issues of the department | 0 |
| Special departmental services, materials, or supplies | At cost |
| Vendor bond | |
| For bond amounts of \$5,000.00 and less | 50.00 |
| For bond amounts of more than \$5,000.00 | 50.00 |
| plus \$6.00 per additional \$1,000.00 coverage or any fraction thereof. | |

(i) Discounts.

| | |
|---|---------------------------------|
| Discount for five or more licenses, permits, stamps, or other issues of the department purchased by an individual at the same time..... | five percent of the total price |
|---|---------------------------------|

(Authorized by K.S.A. 2018 Supp. 32-807 and K.S.A. 2018 Supp. 32-988; implementing K.S.A. 2018 Supp. 32-807, K.S.A. 2018 Supp. 32-988, and K.S.A. 2018 Supp. 32-9,100; effective Dec. 4, 1989; amended Sept. 10, 1990; amended Jan. 1, 1991; amended June 8, 1992; amended Oct. 12, 1992; amended April 11, 1994; amended Aug. 29, 1994; amended June 5, 1995; amended Aug. 21, 1995; amended Feb. 28, 1997; amended July 30, 1999; amended Jan. 2, 2002; amended Jan. 1, 2003; amended Jan. 1, 2004; amended Feb. 18, 2005; amended Jan. 1, 2006; amended May 1, 2006; amended Jan. 1, 2007; amended Jan. 1, 2008; amended Jan. 1, 2009; amended Jan. 1, 2010; amended Aug. 1, 2010; amended Jan. 1, 2011; amended Jan. 1, 2013; amended April 19, 2013; amended Nov. 15, 2013; amended Jan. 1, 2015; amended Jan. 1, 2016; amended Jan. 1, 2018; amended April 26, 2019; amended Sept. 20, 2019.)

115-2-2. Motor vehicle permit fees. (a)

The following motor vehicle permit fees shall be in effect for state parks and for other areas requiring a motor vehicle permit:

| | |
|--|--------|
| Daily motor vehicle permit | \$3.50 |
| Senior or disabled daily motor vehicle permit | 1.75 |
| Annual motor vehicle permit | 22.50 |
| Senior or disabled annual motor vehicle permit | 11.25 |
| Easy pass annual motor vehicle permit | 15.00 |
| Unconventional motor vehicle permit | 50.00 |

(b) Each daily motor vehicle permit shall expire at 2:00 p.m. on the day following its effective date.

(c) Annual motor vehicle permits shall not be valid during designated special events.

This regulation shall be effective on and after January 1, 2017. (Authorized by and implementing K.S.A. 2015 Supp. 8-134, K.S.A. 2015 Supp. 32-807, and K.S.A. 2015 Supp. 32-901; effective Jan. 22, 1990; amended Oct. 12, 1992; amended Aug. 21, 1995; amended Jan. 1, 2001; amended Jan. 1, 2003; amended Jan. 1, 2005; amended Jan. 1, 2007; amended April 8, 2011; amended Jan. 1, 2012; amended Jan. 1, 2013; amended Jan. 1, 2017.)

115-2-3. Camping, utility, and other fees.

(a) Each overnight camping permit shall be valid only for the state park for which the permit is purchased and shall expire at 2:00 p.m. on the day following its effective date.

(b) Any annual camping permit may be used in any state park for unlimited overnight camping, subject to other laws and regulations of the secretary. This permit shall expire on December 31 of the year for which the permit is issued.

(c) Any 14-night camping permit may be used in any state park. This permit shall expire when the permit has been used a total of 14 nights, or on December 31 of the year for which the permit is issued, whichever is first.

(d) Camping permits shall not be transferable.

(e) The fee for a designated prime camping area permit shall be in addition to the overnight, annual, 14-night, or other camping permit fee and shall apply on a nightly basis.

(f) Fees shall be due at the time of campsite occupancy and by noon of any subsequent days of campsite occupancy.

(g) Fees set by this regulation shall be in addition to any required motor vehicle permit fee specified in K.A.R. 115-2-2.

(h) The following fees shall be in effect for state parks and for other designated areas for which camping and utility fees are required:

Camping—per camping unit (April 1 through September 30):

| | |
|---------------------------------|-----------|
| Annual camping permit | \$ 250.00 |
| Overnight camping permit | 9.00 |
| 14-night camping permit | 110.00 |
| Prime camping area permit | 2.00 |

Camping—per camping unit (October 1 through March 31):

| | |
|--------------------------------|--------|
| Annual camping permit | 200.00 |
| Overnight camping permit | 9.00 |
| 14-night camping permit | 110.00 |

| | |
|--|--------|
| Overflow primitive camping permit, per night..... | 5.00 |
| Recreational vehicle seasonal camping permit, ex- cept for Clinton, El Dorado, Milford, Sand Hills, and Tuttle Creek State Parks (includes utilities)— per month, per unit (annual camping permit and annual vehicle permit required): | |
| One utility | 370.50 |
| Two utilities..... | 430.50 |
| Three utilities..... | 490.50 |
| Recreational vehicle seasonal camping permit for Clinton, Milford, Sand Hills, and Tuttle Creek State Parks (includes utilities)—per month, per unit (annual camping permit and annual vehicle permit required): | |
| One utility | 460.50 |
| Two utilities..... | 520.50 |
| Three utilities..... | 580.50 |
| Recreational vehicle seasonal camping permit for El Dorado State Park (includes utilities)—per month, per unit (annual camping permit and an- nual vehicle permit required): | |
| One utility | 485.50 |
| Two utilities..... | 545.50 |
| Three utilities..... | 605.50 |
| Recreational vehicle short-term parking—per month | 50.00 |
| Utilities—electricity, water, and sewer hookup per night, per unit: | |
| One utility | 9.00 |
| Two utilities..... | 11.00 |
| Three utilities..... | 12.00 |
| Youth group camping permit in designated areas, per camping unit— per night..... | 2.50 |
| Group camping permit in designated areas, per person—per night..... | 1.50 |
| Reservation fee, per reservation (camping, special use, or day use)..... | 10.00 |
| Rent-a-camp: equipment rental per camping unit—per night | 15.00 |
| Special event permit negotiated based on event type, required services, and lost revenue—maximum | 200.00 |
| (Authorized by and implementing K.S.A. 2018 Supp. 32-807 and 32-988; effective Jan. 22, 1990; amended Jan. 28, 1991; amended June 8, 1992; amended Oct. 12, 1992; amended Aug. 21, 1995; | |

amended Sept. 19, 1997; amended Jan. 1, 1999;
amended Jan. 1, 2001; amended Jan. 1, 2003;
amended Jan. 1, 2005; amended Jan. 1, 2009;
amended Jan. 1, 2011; amended April 8, 2011;
amended Jan. 1, 2012; amended May 24, 2013;
amended Feb. 7, 2014; amended Jan. 1, 2015;
amended Jan. 1, 2017; amended Jan. 1, 2018;
amended Jan. 1, 2019; amended April 26, 2019.)

115-2-3a. This regulation shall be revoked
on and after September 15, 2011. (Authorized by
and implementing K.S.A. 32-807 and K.S.A. 2009
Supp. 32-988; effective Jan. 1, 2005; amended Jan.
1, 2007; amended July 25, 2007; amended Jan. 1,
2008; amended May 16, 2008; amended Dec. 1,
2008; amended Nov. 20, 2009; amended Jan. 1,
2011; revoked Sept. 15, 2011.)

115-2-4. Boating fees. The following boat-
ing fees shall be in effect for vessel registrations
and related issues for which a fee is charged:

| | |
|--|---------|
| Testing or demonstration boat registration | \$30.00 |
| Additional registration | 5.00 |
| Vessel registration: each vessel..... | 40.00 |
| Water event permit..... | 25.00 |
| Special services, materials, or suppliesat cost | |

(Authorized by and implementing K.S.A. 2018
Supp. 32-1172; effective Aug. 1, 1990; amended
Oct. 12, 1992; amended Jan. 1, 2002; amended
Jan. 1, 2006; amended May 1, 2006; amended Jan.
1, 2018; amended April 26, 2019.)

115-2-5. This regulation shall be revoked
on and after January 1, 2019. (Authorized by and
implementing K.S.A. 32-807, K.S.A. 32-901, and
K.S.A. 2007 Supp. 32-988; effective April 1, 1996;
amended Aug. 2, 1996; amended Jan. 1, 2009; re-
voked Jan. 1, 2019.)

115-2-6. Other fees. (a) The following fees
shall be in effect for state parks and for other des-
ignated areas for which fees are required:

- (1) Annual private boat dock fee..... \$25.00
- (2) Private cabin, club, and organization
site assignment transfer fee 25.00
- (3) Private cabin, club, and organization site an-
nual fee.

(A) The annual fee for private cabin, club, and
organization sites shall be adjusted when the lease
agreement for a site is newly assigned, transferred,
or renewed, unless the existing lease agreement
specifies a fee applicable for the renewal term.

(B) The annual fee shall be adjusted on January 1, 2018, January 1, 2019, January 1, 2020, January 1, 2021, and January 1, 2022, as specified in subsection (b).

(b) The following fees shall apply for calendar years 2018 through 2022:

(1) Cedar Bluff:

(A) North shore cabin lot.

| | |
|------------|----------|
| 2018 | 490.00 |
| 2019 | 980.00 |
| 2020 | 1,470.00 |
| 2021 | 1,960.00 |
| 2022 | 2,450.00 |

(B) South shore club lot.

| | |
|------------|----------|
| 2018 | 500.00 |
| 2019 | 1,000.00 |
| 2020 | 1,500.00 |
| 2021 | 2,000.00 |
| 2022 | 2,500.00 |

(C) South shore cabin lot.

| | |
|------------|----------|
| 2018 | 440.00 |
| 2019 | 880.00 |
| 2020 | 1,320.00 |
| 2021 | 1,760.00 |
| 2022 | 2,200.00 |

(2) Lovewell:

(A) Club lot.

| | |
|------------|----------|
| 2018 | 580.00 |
| 2019 | 1,160.00 |
| 2020 | 1,740.00 |
| 2021 | 2,320.00 |
| 2022 | 2,900.00 |

(B) Cabin lot.

| | |
|------------|----------|
| 2018 | 500.00 |
| 2019 | 1,000.00 |
| 2020 | 1,500.00 |
| 2021 | 2,000.00 |
| 2022 | 2,500.00 |

(C) Mobile home space.

| | |
|------------|----------|
| 2018 | 250.00 |
| 2019 | 500.00 |
| 2020 | 750.00 |
| 2021 | 1,000.00 |
| 2022 | 1,250.00 |

(3) Webster:

(A) Club lot.

| | |
|------------|----------|
| 2018 | 500.00 |
| 2019 | 1,000.00 |
| 2020 | 1,500.00 |

| | |
|------------|----------|
| 2021 | 2,000.00 |
| 2022 | 2,500.00 |

(B) Cabin lot.

| | |
|------------|----------|
| 2018 | 440.00 |
| 2019 | 880.00 |
| 2020 | 1,320.00 |
| 2021 | 1,760.00 |
| 2022 | 2,200.00 |

(c) The annual fee for private cabin, club, and organization sites shall be recalculated on January 1, 2023, January 1, 2028, and January 1, 2033, using the equation and terms specified in this subsection.

$$\text{Annual Fee} = \text{Previous Annual Fee} \times \frac{(\text{New CPI})}{(\text{Previous CPI})}$$

(1) "CPI" shall mean the "consumer price index for all urban consumers" (CPI-U) for the midwest region average for all items, 1982-1984 = 100, as published in the "CPI detailed report" by the bureau of labor statistics of the U.S. department of labor.

(2) "Previous annual fee" shall mean the amount specified in subsection (b) for each location for the year 2022 for the recalculation of the annual fee on January 1, 2023, and for each recalculation thereafter shall mean the annual fee calculated five years previous to the new calculation, using the equation in subsection (c).

(3) "New CPI" shall mean the CPI on July 1 immediately preceding the January 1 date for a newly calculated annual fee.

(4) "Previous CPI" shall mean the CPI on July 1, 2017 for the recalculation of the annual fee on January 1, 2023, the CPI on July 1, 2022 for the recalculation of the annual fee on January 1, 2028, and the CPI on July 1, 2027 for the recalculation of the annual fee on January 1, 2033.

(d) Each private cabin, club, and organization site lease and each private boat dock permit shall expire on the date specified in the respective lease or permit.

This regulation shall be effective on and after January 1, 2018. (Authorized by and implementing K.S.A. 2016 Supp. 32-807 and K.S.A. 2016 Supp. 32-988; effective Jan. 1, 1999; amended July 1, 2002; amended Jan. 1, 2018.)

115-2-7. (Authorized by and implementing K.S.A. 2018 Supp. 32-807; effective Jan. 11, 2019; revoked Sept. 20, 2019.)

Article 3.—SMALL GAME

115-3-2. Rabbits, hares, and squirrels; legal equipment, taking methods, and possession. (a) Legal hunting equipment for rabbits, hares, and squirrels shall consist of the following:

(1) Firearms, except fully automatic rifles and handguns and except shotguns and muzzleloading shotguns larger than 10 gauge or using other than shot ammunition;

(2) pellet and BB guns;

(3) archery equipment;

(4) crossbows;

(5) falconry equipment;

(6) projectiles hand-thrown or propelled by a slingshot;

(7) box traps for rabbits only;

(8) optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light;

(9) lures, decoys except live decoys, and calls, including electric calls; and

(10) other equipment or methods as allowed by permit.

(b) The use of dogs, horses, and mules shall be permitted while hunting, but no person shall shoot while mounted on a horse or mule.

(c) Legal hours for the hunting and taking of rabbits, hares, and squirrels shall be from ½ hour before sunrise to sunset during established hunting seasons, except that legal hours for the running and box-trapping of rabbits shall be 24 hours per day during established running seasons.

(d) Any type of apparel may be worn while hunting or running rabbits.

(e) Legally taken rabbits, hares, and squirrels may be possessed without limit in time and may be given to another if accompanied by a dated written notice that includes the donor's printed name, signature, address, and permit or license number. The person receiving the meat shall retain the notice until the meat is consumed, given to another, or otherwise disposed of. (Authorized by and implementing K.S.A. 2018 Supp. 32-807 and K.S.A. 2018 Supp. 32-1002; effective, T-115-7-27-89, July 27, 1989; effective Sept. 18, 1989; amended, T-115-12-28-89, Dec. 28, 1989; amended Jan. 22, 1990; amended Sept. 19, 1997; amended June 1, 2001; amended July 23, 2004; amended Feb. 18, 2005; amended April 26, 2019.)

Article 4.—BIG GAME

115-4-2. Big game and wild turkey; general provisions. (a) Possession.

(1) Each permittee shall meet either of the following requirements:

(A) Nonelectronic carcass tags. The permittee shall sign, record the county, the date, and the time of kill, and attach the carcass tag to the carcass in a visible manner immediately following the kill and before moving the carcass from the site of the kill. The carcass tag shall remain attached to the carcass or in the possession of the permittee if transporting a quartered or deboned animal until the animal reaches the permittee's residence or a commercial place of processing or preservation and is processed for consumption. The permittee shall retain the carcass tag until the animal is consumed, given to another, or otherwise disposed of.

(B) Electronic carcass tags. Using the department's electronic carcass tag system, the permittee shall record the county, the date, and the time of kill and enter a photograph of the entire carcass, with sufficient clarity to display the species and the antlered or antlerless condition of the big game animal or the beard of the wild turkey, immediately following the kill and before moving the carcass from the site of the kill. The permittee shall possess the confirmation number until the animal reaches the permittee's residence or a commercial place of processing or preservation and is processed for consumption. The permittee shall retain the confirmation number until the animal is consumed, given to another, or otherwise disposed of.

(2) Except for a wild turkey or big game animal taken with an "either sex" permit, the beard of the wild turkey shall remain naturally attached to the breast or the head of the big game animal shall remain naturally attached to the carcass while in transit from the site of the kill to the permittee's residence or to a commercial place of processing or preservation, unless the carcass has been tagged with a department check station tag, the permittee is using the department's electronic carcass tag system and has submitted the information required in paragraph (a)(1)(B), the permittee has obtained a transportation confirmation number after electronically registering the permittee's big game animal or wild turkey on the department's electronic registration site, or the permittee retains photographs necessary for electronic registration until registration occurs. "Electronically

registering” shall mean submitting any necessary and relevant information and digital photographs of the big game head or turkey breast and of the completed carcass tag of sufficient clarity to display the species and the antlered or antlerless condition of the big game animal, the beard of the wild turkey, and the transaction number and signature on a completed carcass tag.

(3) Any legally acquired big game or wild turkey meat may be given to and possessed by another, if a dated written notice that includes the donor’s printed name, signature, address, and permit number accompanies the meat. The person receiving the meat shall retain the notice until the meat is consumed, given to another, or otherwise disposed of.

(4) Any person may possess a salvaged big game or wild turkey carcass if a department salvage tag issued to the person obtaining the carcass is affixed to the carcass. The salvage tag shall be retained as provided in paragraph (a)(1). Big game or wild turkey meat may be donated as specified in paragraph (a)(3) using the salvage tag number. Each salvage tag report prepared by the department agent issuing the tag shall be signed by the individual receiving the salvaged big game or wild turkey carcass. Each salvage tag shall include the following information:

(A) The name and address of the person to whom the tag is issued;

(B) the salvage tag number;

(C) the species and sex of each animal for which the tag is issued;

(D) the location and the date, time, and cause of death of each animal; and

(E) the date of issuance and the signature of the department agent issuing the salvage tag.

(b) Big game and wild turkey permits and game tags.

(1) Big game and wild turkey permits and game tags shall not be transferred to another person, unless otherwise authorized by law or regulation.

(2) In addition to other penalties prescribed by law, each big game and wild turkey permit or game tag shall be invalid from the date of issuance if obtained by an individual under any of these conditions:

(A) Through false representation;

(B) through misrepresentation; or

(C) in excess of the number of permits or game tags authorized by regulations for that big game species or wild turkey.

(3) No individual shall copy, reproduce, or pos-

sess any copy or reproduction of a big game or wild turkey permit or carcass tag.

(c) Hunting assistance. Subject to the hunting license requirements of K.S.A. 32-919 and amendments thereto, the license requirements of the implementing regulations, and the provisions of paragraphs (c)(1), (c)(2), and (c)(3), any individual may assist any holder of a big game or wild turkey permit or game tag during the permittee’s big game or wild turkey hunting activity. This assistance may include herding, driving, or calling.

(1) An individual assisting the holder of a big game or wild turkey permit or game tag shall not perform the actual shooting of big game or wild turkey for the permittee, unless authorized by K.A.R. 115-18-15. However, a permittee who is, because of disability, unable to pursue a wounded big game animal or wild turkey may designate any individual to assist in pursuing and dispatching a big game animal or wild turkey wounded by the disabled permittee.

(2) The designated individual shall carry the disabled permittee’s big game or wild turkey permit or game tag and shall utilize the applicable procedure specified in subsection (a).

(3) The designated individual shall use only the type of equipment authorized for use by the disabled permittee. (Authorized by and implementing K.S.A. 2019 Supp. 32-807, K.S.A. 2019 Supp. 32-937, and K.S.A. 2019 Supp. 32-969; effective June 1, 2001; amended April 22, 2005; amended April 16, 2010; amended April 20, 2012; amended July 18, 2014; amended April 21, 2017; amended Dec. 20, 2019.)

115-4-4. Big game; legal equipment and taking methods.

(a) Hunting equipment for the taking of big game during a big game archery season shall consist of the following:

(1) Archery equipment.

(A) No bow shall have a mechanical device that locks the bow at full or partial draw.

(B) No bow or arrow shall have any electronic device attached to the bow or arrow that controls the flight of the arrow. Devices that may be attached to a bow or arrow shall include lighted pin, dot, or holographic sights; illuminated nocks; rangefinders; film or video cameras; and radio-frequency location devices.

(C) Each arrow used for hunting shall be equipped with a broadhead point incapable of passing through a ring with a diameter of three-quarters of an inch when fully expanded.

A big game hunter using archery equipment may possess non-broadhead-tipped arrows while hunting if the arrows are not used to take or attempt to take big game animals.

(2) Crossbows and locking draws as authorized under K.A.R. 115-18-7.

(3) Crossbows using arrows that are equipped with broadhead points incapable of passing through a ring with a diameter of three-quarters of an inch when fully expanded. A big game hunter using crossbow equipment may possess non-broadhead-tipped arrows while hunting if the arrows are not used to take or attempt to take big game animals.

No crossbow or arrow shall have any electronic device attached to the crossbow or arrow that controls the flight of the arrow. Devices that may be attached to a crossbow or arrow shall include lighted pin, dot, or holographic sights; illuminated nocks; rangefinders; film or video cameras; and radio-frequency location devices.

(b) Hunting equipment for the taking of big game during a big game muzzleloader-only season shall consist of the following:

(1) Archery and crossbow equipment as authorized in subsection (a); and

(2) muzzleloading rifles, pistols, and muskets that can be loaded only through the front of the firing chamber with separate components and are .40 inches in diameter bore or larger. Only tumble-on-impact, hard-cast solid lead, conical lead, or sabot bullets shall be used with muzzleloading rifles, pistols, and muskets.

(c) Hunting equipment for the taking of big game during a big game firearm season shall consist of the following:

(1) Archery and crossbow equipment as authorized in subsection (a);

(2) muzzleloader-only season equipment as authorized in subsection (b);

(3) centerfire rifles and handguns that are not fully automatic, while using only tumble-on-impact, hard-cast solid lead, soft point, hollow point, or other expanding bullets; and

(4) shotguns using only slugs.

(d) (1) Each individual hunting deer or elk during a firearms deer or elk season and each individual assisting an individual hunting deer or elk as authorized by K.A.R. 115-4-2 or K.A.R. 115-18-15 during a firearms deer or elk season shall wear outer clothing of a bright orange color commonly referred to as daylight fluorescent orange, hunter orange, blaze orange, or safety orange. This bright orange color shall be worn as follows:

(A) A hat with the exterior of not less than 50 percent of the bright orange color, an equal portion of which is visible from all directions; and

(B) at least 100 square inches of the bright orange color that is on the front of the torso and is visible from the front and at least 100 square inches that is on the rear of the torso and is visible from the rear.

(2) Lures, decoys except live decoys, and non-electric calls shall be legal while hunting big game.

(3) Any individual may use blinds and stands while hunting big game.

(4) Optical scopes or sights that project no visible light toward the target and do not electronically amplify visible light or detect infrared light or thermal energy may be used.

(5) Any range-finding device, if the device does not project visible light toward the target, may be used.

(6) Devices capable of dispensing lethal, debilitating, or immobilizing chemicals to take big game animals shall not be used.

(e) Shooting hours for deer, antelope, and elk during each day of any deer, antelope, or elk hunting season shall be from one-half hour before sunrise to one-half hour after sunset.

(f) Horses and mules may be used while hunting big game, except that horses and mules shall not be used for herding or driving big game.

(g) Firearm report-suppressing devices may be used.

(h) Handguns may be possessed during all big game seasons. However, no handgun shall be used to take deer except as legal equipment specified in subsection (c) during a big game firearms season.

(i) Dogs may be used to retrieve dead or wounded big game animals if the following requirements are met:

(1) Each dog shall be maintained on a hand-held leash at all times while tracking the big game animal.

(2) An individual tracking big game animals outside of legal shooting hours shall not carry any equipment capable of harvesting the big game animal.

(3) Each individual harvesting a big game animal shall be limited to the equipment type for the permit and the season that is authorized.

(4) Each individual participating in the tracking of the big game animal shall have a hunting license, unless the individual is exempt by law or regulation. (Authorized by and implementing K.S.A. 2018 Supp. 32-807 and K.S.A. 2018 Supp.

32-937; effective June 1, 2001; amended April 19, 2002; amended April 22, 2005; amended June 2, 2006; amended April 13, 2007; amended April 11, 2008; amended May 21, 2010; amended April 20, 2012; amended April 19, 2013; amended Sept. 19, 2014; amended April 26, 2019.)

115-4-4a. Wild turkey; legal equipment and taking methods. (a) Hunting equipment for the taking of wild turkey during a wild turkey archery season shall consist of the following:

(1) Archery equipment.

(A) No bow shall have a mechanical device that locks the bow at full or partial draw.

(B) No bow or arrow shall have any electronic device attached to the bow or arrow that controls the flight of the arrow. Devices that may be attached to a bow or arrow shall include lighted pin, dot, or holographic sights; illuminated nocks; rangefinders; film or video cameras; and radio-frequency location devices.

(C) Each arrow used for hunting shall be equipped with a broadhead point incapable of passing through a ring with a diameter of three-quarters of an inch when fully expanded. A wild turkey hunter using archery equipment may possess non-broadhead-tipped arrows while hunting if the arrows are not used to take or attempt to take wild turkeys.

(2) Crossbows and locking draws as authorized under K.A.R. 115-18-7.

(3) Crossbows using arrows that are equipped with broadhead points incapable of passing through a ring with a diameter of three-quarters of an inch when fully expanded. A wild turkey hunter using crossbow equipment may possess non-broadhead-tipped arrows while hunting if the arrows are not used to take or attempt to take wild turkeys.

No crossbow or arrow shall have any electronic device attached to the crossbow or arrow that controls the flight of the arrow. Devices that may be attached to a crossbow or arrow shall include lighted pin, dot, or holographic sights; illuminated nocks; rangefinders; film or video cameras; and radio-frequency location devices.

(b) Hunting equipment for the taking of wild turkey during a wild turkey firearm season shall consist of the following:

(1) Archery and crossbow equipment as authorized in subsection (a); and

(2) shotguns and muzzleloading shotguns using only size two shot through size nine shot.

(c) Legal accessory equipment for the taking of wild turkey during any wild turkey season shall consist of the following:

(1) Lures; decoys, except live decoys; and non-electric calls;

(2) blinds and stands;

(3) range-finding devices, if the devices do not project visible light toward the target; and

(4) optical scopes or sights that project no visible light toward the target and do not electronically amplify visible light or detect infrared light or thermal energy.

(d) Shooting hours for wild turkey during each day of any turkey hunting season shall be from one-half hour before sunrise to sunset.

(e) Each individual hunting turkey shall shoot or attempt to shoot a turkey only while the turkey is on the ground or in flight.

(f) Dogs may be used while hunting turkey, but only during the fall turkey season.

(g) Firearm report-suppressing devices may be used.

(h) Handguns may be possessed during all wild turkey seasons. However, no handgun shall be used to take wild turkeys. (Authorized by and implementing K.S.A. 32-807, as amended by L. 2012, Ch. 47, Sec. 25, and K.S.A. 2011 Supp. 32-969; effective April 22, 2005; amended April 13, 2007; amended April 11, 2008; amended May 21, 2010; amended April 20, 2012; amended April 19, 2013.)

115-4-6. Deer; management units. Each of the following subsections shall designate a deer management unit: (a) High Plains; unit 1: that part of Kansas bounded by a line from the Nebraska-Kansas state line south on federal highway US-283 to its junction with interstate highway I-70, then west on interstate highway I-70 to the Colorado-Kansas state line, then north along the Colorado-Kansas state line to its junction with the Nebraska-Kansas state line, then east along the Nebraska-Kansas state line to its junction with federal highway US-283, except federal and state sanctuaries.

(b) Smoky Hill; unit 2: that part of Kansas bounded by a line from the Colorado-Kansas state line east on interstate highway I-70 to its junction with state highway K-147, then south on state highway K-147 to its junction with state highway K-4, then west on state highway K-4 to its junction with federal highway US-83, then south on federal highway US-83 to its junction with state

highway K-96, then west on state highway K-96 to its junction with the Colorado-Kansas state line, then north along the Colorado-Kansas state line to its junction with interstate highway I-70, except federal and state sanctuaries.

(c) Kirwin-Webster; unit 3: that part of Kansas bounded by a line from the Nebraska-Kansas state line south on state highway K-8 to its junction with federal highway US-36, then east on federal highway US-36 to its junction with federal highway US-281, then south on federal highway US-281 to its junction with interstate highway I-70, then west on interstate highway I-70 to its junction with federal highway US-283, then north on federal highway US-283 to its junction with the Nebraska-Kansas state line, then east along the Nebraska-Kansas state line to its junction with state highway K-8, except federal and state sanctuaries.

(d) Kanopolis; unit 4: that part of Kansas bounded by a line from the interstate highway I-70 and state highway K-147 junction, then east on interstate highway I-70 to its junction with federal highway US-81, then south on federal highway US-81 to its junction with state highway K-4, then west on state highway K-4 to its junction with state highway K-147, then north on state highway K-147 to its junction with interstate highway I-70, except federal and state sanctuaries.

Smoky Hill Air National Guard Range; subunit 4a. The following described area shall be designated a subunit of unit 4, and, with approval of air national guard command, the area shall be open for the taking of deer during the firearm season: United States government land lying entirely within the boundaries of the Smoky Hill Air National Guard Range. Each person hunting in this subunit during the firearm deer season shall be in possession of any permits and licenses required by the air national guard.

(e) Pawnee; unit 5: that part of Kansas bounded by a line from the state highway K-4 and state highway K-14 junction, then south on state highway K-14 to its junction with federal highway US-50, then west on federal highway US-50 to its junction with federal highway US-183, then northeast and north on federal highway US-183 to its junction with federal highway US-156, then west on federal highway US-156 to its junction with federal highway US-283, then north on federal highway US-283 to its junction with state highway K-4, then east on state highway K-4 to its junction with state highway K-14, except federal and state sanctuaries.

(f) Middle Arkansas; unit 6: that part of Kansas bounded by a line from the state highway K-4 and federal highway US-77 junction, then south on federal highway US-77 to its junction with federal highway US-50, then west on federal highway US-50 to its junction with state highway K-14, then north on state highway K-14 to its junction with state highway K-4, then east on state highway K-4 to its junction with federal highway US-77, except federal and state sanctuaries.

(g) Solomon; unit 7: that part of Kansas bounded by a line from the Nebraska-Kansas state line south on federal highway US-81 to its junction with interstate highway I-70, then west on interstate highway I-70 to its junction with federal highway US-281, then north on federal highway US-281 to its junction with federal highway US-36, then west on federal highway US-36 to its junction with state highway K-8, then north on state highway K-8 to its junction with the Nebraska-Kansas state line, then east along the Nebraska-Kansas state line to its junction with federal highway US-81, except federal and state sanctuaries.

(h) Republican; unit 8: that part of Kansas bounded by a line from the Nebraska-Kansas state line south on federal highway US-77 to its junction with federal highway US-24, then south on federal highway US-24 to its junction with state highway K-177, then south on state highway K-177 to its junction with interstate highway I-70, then west on interstate highway I-70 to its junction with federal highway US-77, then south on federal highway US-77 to its junction with state highway K-4, then west on state highway K-4 to its junction with federal highway US-81, then north on federal highway US-81 to its junction with the Nebraska-Kansas state line, then east along the Nebraska-Kansas state line to its junction with federal highway US-77, except federal and state sanctuaries.

Fort Riley; subunit 8a. The following described area shall be designated a subunit of unit 8, and, with approval of Fort Riley command, the area shall be open for the taking of deer during the firearm deer season: United States government land lying entirely within the boundaries of the Fort Riley military reservation. Each person hunting in this subunit during the firearm deer season shall be in possession of any permits and licenses required by Fort Riley.

(i) Tuttle Creek; unit 9: that part of Kansas bounded by a line from the Nebraska-Kansas state line, south on federal highway US-75 to its

junction with interstate highway I-70, then west on interstate highway I-70 to its junction with state highway K-177, then north on state highway K-177 to its junction with federal highway US-24, then north on federal highway US-24 to its junction with federal highway US-77, then north on federal highway US-77 to its junction with the Nebraska-Kansas state line, then east along the Nebraska-Kansas state line to its junction with federal highway US-75, except federal and state sanctuaries.

(j) Kaw; unit 10: that part of Kansas bounded by a line from the Nebraska-Kansas state line south on federal highway US-75 to its junction with interstate highway I-35, then northeast on interstate highway I-35 to its junction with state highway K-150, then east on state highway K-150 to the Missouri-Kansas state line, then north along the Missouri-Kansas state line to its junction with the Nebraska-Kansas state line, then west along the Nebraska-Kansas state line to its junction with federal highway US-75, except federal and state sanctuaries.

Fort Leavenworth urban; subunit 10a. The following described area shall be designated a subunit of unit 10, and, with approval of Fort Leavenworth command, the area shall be open for the taking of deer during the firearm deer season: United States government land lying entirely within the boundaries of the Fort Leavenworth military reservation. Each person hunting in this subunit during the firearm deer season shall be in possession of any permits and licenses required by Fort Leavenworth.

(k) Osage Prairie; unit 11: that part of Kansas bounded by a line from the Oklahoma-Kansas state line north on federal highway US-169 to its junction with state highway K-47, then west on state highway K-47 to its junction with federal highway US-75, then north on federal highway US-75 to its junction with interstate highway I-35, then northeast on interstate highway I-35 to its junction with state highway K-150, then east on state highway K-150 to its junction with the Missouri-Kansas state line, then south along the Missouri-Kansas state line to its junction with the Oklahoma-Kansas state line, then west along the Oklahoma-Kansas state line to its junction with federal highway US-169, except federal and state sanctuaries.

(l) Chautauqua Hills; unit 12: that part of Kansas bounded by a line from the Oklahoma-Kansas state line north on federal highway US-169 to its

junction with state highway K-47, then west on state highway K-47 to its junction with federal highway US-75, then north on federal highway US-75 to its junction with federal highway US-54, then west on federal highway US-54 to its junction with state highway K-99, then south on state highway K-99 to its junction with federal highway US-160, then west on federal highway US-160 to its junction with state highway K-15, then east and south on state highway K-15 to its junction with the Oklahoma-Kansas state line, then east along the Oklahoma-Kansas state line to its junction with federal highway US-169, except federal and state sanctuaries.

(m) Lower Arkansas; unit 13: that part of Kansas bounded by a line from the Oklahoma-Kansas state line north on federal highway US-81 to its junction with state highway K-53, then east on state highway K-53 to its junction with state highway K-15, then southeasterly on state highway K-15 to its junction with the Oklahoma-Kansas state line, then west along the Oklahoma-Kansas state line to its junction with federal highway US-81, except federal and state sanctuaries.

(n) Flint Hills; unit 14: that part of Kansas bounded by a line from the junction of interstate highway I-70 and federal highway US-75, then south on federal highway US-75 to its junction with federal highway US-54, then west on federal highway US-54 to its junction with state highway K-99, then south on state highway K-99 to its junction with federal highway US-160, then west on federal highway US-160 to its junction with federal highway US-77, then north on federal highway US-77 to its junction with interstate highway I-70, then east on interstate highway I-70 to its junction with federal highway US-75, except federal and state sanctuaries.

(o) Ninnescah; unit 15: that part of Kansas bounded by a line from the Oklahoma-Kansas state line north on state highway K-179 to its junction with state highway K-14, then continuing north on state highway K-14 to its junction with state highway K-42, then west on state highway K-42 to its junction with federal highway US-281, then north on federal highway US-281 to its junction with federal highway US-50, then east on federal highway US-50 to its junction with federal highway US-77, then south on federal highway US-77 to its junction with state highway K-15, then west and northwest on state highway K-15 to its junction with state highway K-53, then west on state highway K-53 to its junction with feder-

al highway US-81, then south on federal highway US-81 to the Oklahoma-Kansas state line, then west along the Oklahoma-Kansas state line to its junction with state highway K-179, except federal and state sanctuaries.

(p) Red Hills; unit 16: that part of Kansas bounded by a line from the Oklahoma-Kansas state line north on federal highway US-283 to its junction with federal highway US-54, then east on federal highway US-54 to its junction with federal highway US-183, then north on federal highway US-183 to its junction with federal highway US-50, then east on federal highway US-50 to its junction with federal highway US-281, then south on federal highway US-281 to its junction with state highway K-42, then east on state highway K-42 to its junction with state highway K-14, then south on state highway K-14 to its junction with state highway K-179, then south on state highway K-179 to the Oklahoma-Kansas state line, then west along the Oklahoma-Kansas state line to its junction with federal highway US-283, except federal and state sanctuaries.

(q) West Arkansas; unit 17: that part of Kansas bounded by a line from the Colorado-Kansas state line east on state highway K-96 to its junction with federal highway US-83, then north on federal highway US-83 to its junction with state highway K-4, then east on state highway K-4 to its junction with federal highway US-283, then south on federal highway US-283 to its junction with federal highway US-156, then east on federal highway US-156 to its junction with federal highway US-183, then south on federal highway US-183 to its junction with federal highway US-54, then southwest on federal highway US-54 to its junction with federal highway US-283, then north on federal highway US-283 to its junction with federal highway US-56, then southwest on federal highway US-56 to its junction with state highway K-144, then west on state highway K-144 to its junction with federal highway US-160, then continuing west on federal highway US-160 to the Colorado-Kansas state line, then north along the Colorado-Kansas state line to its junction with state highway K-96, except federal and state sanctuaries.

(r) Cimarron; unit 18: that part of Kansas bounded by a line from the Colorado-Kansas state line east on federal highway US-160 to its junction with state highway K-144, then east on state highway K-144 to its junction with federal highway US-56, then east on federal highway US-56 to its

junction with federal highway US-283, then south on federal highway US-283 to its junction with the Oklahoma-Kansas state line, then west along the Oklahoma-Kansas state line to its junction with the Colorado-Kansas state line, then north along the Colorado-Kansas state line to its junction with federal highway US-160, except federal and state sanctuaries.

(s) Kansas City urban; unit 19: that part of Kansas bounded by a line from the Missouri-Kansas state line west on Johnson County 199 Street to its junction with federal highway US-56, then west on federal highway US-56 to its junction with South Topeka Boulevard, then north on South Topeka Boulevard to its junction with Shawnee County SW 93 Road, then west on Shawnee County SW 93 Road to its junction with Shawnee County SW Auburn Road, then north on Shawnee County SW Auburn Road to its junction with interstate highway I-70, then west on interstate highway I-70 to its junction with Carlson-Rossville Road, then north on Carlson-Rossville Road to its junction with federal highway US-24, then southeast on federal highway US-24 to its junction with Shawnee County NW Humphrey Road, then north on Shawnee County NW Humphrey Road to its junction with Shawnee County NW 46 Street, then east on Shawnee County NW 46 Street to its junction with Shawnee County NW Landon Road, then north on Shawnee County NW Landon Road to its junction with Shawnee County NW 62 Street, then east on Shawnee County NW 62 Street to its junction with Jefferson County Clark Road, then south on Jefferson County Clark Road to its junction with Jefferson County 50 Road, then east on Jefferson County 50 Road to state highway K-237, then south on state highway K-237 to its junction with federal highway US-24, then east on federal highway US-24 to its junction with Tonganoxie Drive, then northeast on Tonganoxie Drive to its junction with Leavenworth County 187 Street, then north on Leavenworth County 187 Street to its junction with state highway K-92, then west on state highway K-92 to its junction with Leavenworth County 207 Street, then north on Leavenworth County 207 Street to its junction with state highway K-192, then northeast on state highway K-192 to its junction with federal highway US-73, then east on federal highway US-73 to the Missouri-Kansas state line, then south on the Missouri-Kansas state line to Johnson County 199 Street, except federal and state sanctuaries and department-owned or -managed

properties. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 2008 Supp. 32-937; effective April 30, 1990; amended June 8, 1992; amended June 1, 1993; amended June 13, 1994; amended May 30, 1995; amended June 6, 1997; amended July 21, 2000; amended April 18, 2003; amended July 25, 2003; amended Feb. 18, 2005; amended April 14, 2006; amended Feb. 8, 2008; amended April 16, 2010.)

115-4-6b. Elk; management units. Each of the following subsections shall designate an elk management unit: (a) Cimarron; unit 1: that part of Kansas bounded by a line from the Oklahoma-Kansas state line north on county road CR-24 to its junction with state highway K-51, then north on state highway K-51 to its junction with road U, then west on state highway K-51 to its junction with road 9, then north on road 9 to its junction with road V, then west on road V to its junction with the Colorado-Kansas state line, then south along the Colorado-Kansas border to its junction with the Oklahoma-Kansas border, and then east along the Oklahoma-Kansas border to its junction with county road CR-24, except federal and state sanctuaries.

(b) Republican-Tuttle; unit 2: That part of Kansas bounded by a line from the federal highway US-77 and interstate highway I-70 junction, then northeast along interstate highway I-70 to its junction with state highway K-177, then north along state highway K-177 to its junction with state highway K-24, then west along state highway K-24 to its junction with state highway K-77, then north along state highway K-77 to its junction with barton road, then west along barton road to its junction with state highway 24, then west along state highway 24 to its junction with state highway 15, then south along state highway K-15 to its junction with state highway K-18, then east along state highway K-18 to its junction with state highway K-77, and then south along state highway K-77 to its junction with interstate highway I-70, except federal and state sanctuaries.

Fort Riley; subunit 2a: The following described area shall be designated a subunit of unit 2, and, with approval of Fort Riley command, the area shall be open for the taking of elk during the elk season: United States government land lying entirely within the boundaries of the Fort Riley military reservation. Each person hunting in this subunit shall be in possession of any permits and licenses required by Fort Riley.

(c) Kansas; unit 3: statewide except for the areas described in units 1 and 2. (Authorized by K.S.A. 2017 Supp. 32-807; implementing K.S.A. 2017 Supp. 32-807 and K.S.A. 2017 Supp. 32-937; effective April 8, 2011; amended July 20, 2018.)

115-4-11. Big game and wild turkey permit applications. (a) General application provisions.

(1) Unless otherwise authorized by law or regulation, an individual shall not apply for or obtain more than one antlered or horned big game or wild turkey permit for each big game species or wild turkey, except when the individual is unsuccessful in a limited quota drawing and alternative permits for the species are available at the time of subsequent application or when the individual is the final recipient of a commission permit.

(2) Unless otherwise authorized by law or regulation, each big game or wild turkey permit application shall be signed by the individual applying for the permit.

(3) Subject to any priority draw system established by this regulation, if the number of permit applications of a specific species and type received by the designated application deadline exceeds the number of available permits of that species and type, a random drawing to issue permits of that species and type shall be conducted by the secretary.

(4) A hunt-on-your-own-land permit shall not be tabulated in a priority draw system if the permit would otherwise reduce the applicant's odds of receiving a big game permit through that draw system.

(b) Deer permit applications.

(1) Subject to any priority draw system established by this subsection, in awarding deer permits in units having a limited number of permits, the first priority shall be given to those applicants who did not receive, in the previous year, a deer permit that allowed the taking of an antlered deer. All other deer permit applicants shall be given equal priority.

(2) In awarding a limited number of deer permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a deer permit that allows the taking of an antlered deer.

(B) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(C) If an applicant obtains, by a priority draw system, a deer permit that allows the taking of an antlered deer, all earned points shall be lost.

(D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(E) If an individual desires to apply for a preference point for a deer permit that allows the taking of antlered deer and not receive a permit, the person may apply for and receive a preference point by paying the proper application or preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(3) If an individual is a final recipient of a commission deer permit, the individual shall not possess more than one regular antlered deer permit and one commission deer permit.

(4) Applications for nonresident limited-quota antlered deer permits shall be accepted in the Pratt office from the earliest date that applications are available through the last Friday of April each year. Any nonresident applicant may select, at the time of application, one deer management unit and up to one adjacent management unit where that permit shall be valid.

(5) Applications for resident firearms either-species, either-sex permits shall be accepted at designated locations from the earliest date that applications are available through the second Friday of June.

(6) Applications for resident any-season white-tailed either-sex deer permits, resident archery deer permits, resident muzzleloader either-species either-sex permits, and hunt-on-your-own-land deer permits shall be accepted at designated locations from the earliest date that applications are available through December 30.

(7) Each resident applicant for either-species, either-sex muzzleloader or firearm deer permits shall select, at the time of application, the unit where the permit shall be valid. The west unit permit shall be valid in units 1, 2, 17, and 18. The

east unit permit shall be valid in units 3, 4, 5, 7, and 16.

(8) Applications for antlerless white-tailed deer permits shall be accepted at designated locations from the earliest date that applications are available through January 30 of the following year.

(9) Each nonresident applicant for a regular deer permit shall have purchased a nonresident hunting license before submitting the application or shall purchase a nonresident hunting license when submitting the application.

(c) Firearm antelope permit applications. In awarding firearm antelope permits, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(1) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining a firearm antelope permit.

(2) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(3) If an applicant obtains a firearm permit by a priority draw system, all earned points shall be lost.

(4) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(5) If an individual desires to apply for a preference point for an antelope firearms permit that allows the taking of an antelope and not receive a permit, the person may apply for and receive a preference point by paying the preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(6) Applications for resident firearm and muzzleloader permits shall be accepted in the Pratt office from the earliest date that applications are available through the second Friday of June.

(7) Applications for resident and nonresident archery permits shall be accepted at designated locations from the earliest date that applications are available through October 30.

(8) If there are any unfilled permits after all timely applications have been considered, the application period may be extended by the secretary.

(9) Any applicant unsuccessful in obtaining a permit through a drawing may apply for any permit made available during an extended application period, or any other permit that is available on an unlimited basis.

(d) Elk permit applications.

(1) An individual receiving a limited-quota elk permit shall not be eligible to apply for or receive an elk permit in subsequent seasons, with the following exceptions:

(A) An individual receiving an any-elk or a bull-only elk permit may apply for and receive an antlerless-only elk permit in subsequent seasons.

(B) An individual receiving a limited-quota, antlerless-only elk hunting permit shall not be eligible to apply for or receive a limited-quota, antlerless-only elk permit for a five-year period thereafter. Subject to this subsection, however, this individual may apply for and receive an any-elk or bull-only elk permit without a waiting period.

(C) When a limited number of elk permits are awarded by a random draw system, each individual shall have an additional opportunity of drawing for each bonus point earned by the individual in addition to the current application. Bonus points shall be awarded as follows:

(i) One bonus point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a random draw system, an elk permit that allows the taking of an elk.

(ii) If an individual fails to make at least one application or purchase one bonus point within a period of five consecutive years, all earned bonus points shall be lost.

(iii) If an applicant obtains, by a random draw system, an elk permit that allows the taking of an elk, all earned points shall be lost.

(iv) If an individual desires to apply for a bonus point for an elk permit that allows the taking of elk and not receive a permit, the person may apply for and receive a bonus point by paying the proper application or bonus point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one bonus point in the same calendar year, and no individual shall apply for a bonus point in the same calendar year as the calendar year in which the individual is applying for a permit.

(D) Each individual who is the final recipient of a commission elk permit shall be eligible for a limited-quota elk permit, subject to the provisions of this subsection.

(E) Limited-quota antlerless-only elk permits and limited-quota either-sex elk permits shall be awarded from a pool of applicants who are Fort Riley military personnel and applicants who are not Fort Riley military personnel.

(2) Applications for hunt-on-your-own-land and unlimited over-the-counter elk permits shall be accepted at designated locations from the earliest date that applications are available through March 14 of the following year.

(3) Applications for limited-quota antlerless-only elk permits and limited-quota either-sex elk permits shall be accepted at designated locations from the earliest date that applications are available through the second Friday in June.

(4) If there are leftover limited-quota antlerless-only elk permits or limited-quota either-sex permits after all timely applications have been considered, the application periods for those permits may be reopened by the secretary. Leftover permits shall be drawn and issued on a daily basis for those application periods reopened by the secretary. Any applicant unsuccessful in obtaining a permit through a drawing may apply for any leftover permit or any other permit that is available on an unlimited basis.

(5) Any individual may apply for or obtain no more than one permit that allows the taking of an elk, unless the individual is unsuccessful in a limited-quota drawing and alternative permits for elk are available at the time of subsequent application or the individual obtains a commission permit pursuant to this subsection.

(e) Wild turkey permit applications.

(1) When awarding wild turkey permits in units having a limited number of permits, the first priority shall be given to those individuals who did not receive a permit in a limited wild turkey unit during the previous year. All other applicants shall be given equal priority.

(2) In awarding a limited number of wild turkey permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a wild turkey permit.

(B) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(C) If an applicant obtains, by a priority draw system, a wild turkey permit, all earned points shall be lost.

(D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(E) If an individual desires to apply for a preference point for a wild turkey permit and not receive a permit, the person may apply for and receive a preference point by paying the preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(3) Fall wild turkey permits for unit 1, unit 2, unit 3, unit 5, and unit 6, youth turkey permits, and game tags for unit 2, unit 3, unit 5, and unit 6 may be purchased over the counter at designated locations, from the earliest date in the year that applications are available through 5:00 p.m. on January 30 of the following year.

(4) Applications for spring wild turkey permits in unit 4 shall be accepted by the department from the earliest date that applications are available until midnight on the second Friday of February. If there are turkey permits left over after all timely applications have been considered, the application period may be reopened by the secretary. Leftover turkey permits shall be issued on a daily competitive basis until the day before the last day of the turkey season or until all turkey permits are issued.

(5) Spring wild turkey permits in unit 1, unit 2, unit 3, unit 5, and unit 6, youth turkey permits, and game tags in unit 1, unit 2, unit 3, unit 5, and unit 6 may be purchased over the counter at designated locations from the earliest date that applications are available until midnight on the day before the closing date for the season. (Authorized by K.S.A. 2018 Supp. 32-807, K.S.A. 2018 Supp. 32-937, K.S.A. 2018 Supp. 32-969, and K.S.A. 2018 Supp. 32-970; implementing K.S.A. 2018 Supp. 32-937, K.S.A. 2018 Supp. 32-969, and K.S.A. 2018 Supp. 32-970; effective Sept. 10, 1990; amended May 27, 1991; amended June 1, 2001; amended April 18, 2003; amended Feb. 18, 2005; amended May 15, 2009; amended Feb. 5,

2010; amended April 8, 2011; amended May 24, 2013; amended Nov. 30, 2015; amended April 21, 2017; amended April 26, 2019.)

115-4-13. Deer permits; descriptions and restrictions. Except as otherwise specified or further restricted by law or regulation, the following deer permit descriptions, provisions, and restrictions shall be in effect.

(a) White-tailed deer permits.

(1) Resident any-season white-tailed deer permit. This permit shall be valid for the hunting of white-tailed deer statewide during the established muzzleloader-only, archery, and firearms deer seasons using equipment that is legal during the established season.

(2) Antlerless white-tailed deer permit. This permit shall be valid for the hunting of antlerless white-tailed deer statewide during the established muzzleloader-only, archery, and firearms deer seasons using equipment that is legal during the established season. The first antlerless white-tailed deer permit issued to an applicant shall be valid statewide on all lands and waters, unless otherwise specified in these regulations. If any subsequent antlerless white-tailed deer permit is issued to the same applicant, that permit shall be valid in designated management units but shall not be valid on department lands and waters, unless otherwise specified in these regulations.

(3) Nonresident white-tailed deer permit. This permit shall be valid for the hunting of white-tailed deer within a designated management unit and one additional adjoining management unit using legal equipment for one of the following deer seasons, which shall be selected at the time of application: muzzleloader-only, archery, or firearms deer season. Muzzleloader-only permits may be used in the early muzzleloader season and during the regular firearms season, using equipment that is legal during the muzzleloader deer season.

(b) Either-species, either-sex deer permits.

(1) Resident archery either-species, either-sex deer permit. This permit shall be valid for the hunting of any antlered or antlerless white-tailed deer or mule deer statewide during the established archery deer season, using equipment that is legal during the archery deer season.

(2) Resident firearm either-species, either-sex deer permit. This permit shall be valid for the hunting of any antlered or antlerless white-tailed deer or mule deer during the established firearms deer season within designated management units,

using equipment that is legal during the firearms deer season.

(3) Resident muzzleloader either-species, either-sex deer permit. This permit shall be valid for the hunting of any antlered or antlerless white-tailed deer or mule deer during the established muzzleloader-only and firearms deer seasons within designated management units, using muzzleloader equipment that is legal during the muzzleloader-only deer season.

(4) Nonresident either-species, either-sex deer permit. Any nonresident possessing a nonresident archery or muzzleloader-only white-tailed deer permit valid for a management unit designated by the department as a mule deer unit may apply for one of a limited number of mule deer stamps that, if drawn, will convert the applicant's white-tailed deer permit to an either-species, either-sex deer permit.

(5) Antlerless either-species permit. This permit shall be valid for the hunting of any antlerless white-tailed deer or mule deer within a designated management unit or units during the established muzzleloader-only, archery, and firearms deer seasons, using equipment that is legal during the established season.

(c) Hunt-on-your-own-land deer permits. Each hunt-on-your-own-land permit shall be valid for any white-tailed deer or mule deer, unless otherwise specified in these regulations.

(1) Resident hunt-on-your-own-land deer permit. This permit shall be available to individuals who qualify as resident landowners or as resident tenants or as family members domiciled with the resident landowner or with the resident tenant. This permit shall be valid during the muzzleloader-only, archery, and firearms deer seasons, using equipment that is legal during the established season. This permit shall be valid only on lands owned or operated by the resident landowner or resident tenant.

(2) Special resident hunt-on-your-own-land deer permit. This permit shall be available to individuals who qualify as lineal ascendants or descendants and their spouses, or as siblings of resident landowners or resident or nonresident tenants. This permit shall be valid during the muzzleloader-only, archery, and firearms deer seasons, using equipment that is legal during the established season. This permit shall be valid only on lands owned or operated by the resident landowner or resident or nonresident tenant.

(3) Nonresident hunt-on-your-own-land deer permit. This permit shall be available to nonres-

ident individuals who qualify as Kansas landowners or nonresident tenants. This permit shall be valid during the muzzleloader-only, archery, and firearms deer seasons, using equipment that is legal during the established season. This permit shall be valid only on lands owned or operated by the nonresident landowner or nonresident tenant.

(d) Each deer permit shall be valid only for the species of deer specified and only for the antler category of deer specified by regulation or on the permit.

(1) An either-sex deer permit shall be valid for deer of either sex.

(2) An antlerless deer permit shall be valid only for a deer without a visible antler plainly protruding from the skull.

(3) An either-species, either-sex deer permit shall be valid for a white-tailed deer of either sex or a mule deer of either sex, except that an antlerless either-species deer permit shall be valid only for a deer of either species without a visible antler plainly protruding from the skull. (Authorized by and implementing K.S.A. 2014 Supp. 32-807 and K.S.A. 2014 Supp. 32-937; effective Jan. 30, 1995; amended June 6, 1997; amended July 30, 1999; amended June 1, 2001; amended April 22, 2005; amended July 20, 2007; amended April 11, 2008; amended April 24, 2015; amended Nov. 30, 2015.)

115-4-15. Restitution scoring system; white-tailed deer; mule deer; elk; antelope.

(a) For the purpose of establishing restitution values, each of the following terms shall have the meaning specified in this subsection:

(1) "Abnormal point" means a point that is non-typical in shape or location.

(2) "Antler burr" means the elevated bony rim around the antler base of a deer or elk that is just above the skin of the pedicle.

(3) "First normal point" means the longest, first point immediately above, but not part of, the antler burr. If this point is branched, the longest and straightest portion of the point shall be used for measurement. All other points branching from this point shall be considered abnormal points.

(4) "Gross score" means the number derived by totaling certain measurements taken from the antlers or horns of a big game animal in accordance with this regulation.

(5) "Inside spread of the main antler beams" means the measurement at right angles to the center line of the skull at the widest point between main antler beams.

(6) “Length of the main antler beam” means the measurement from the lowest outside edge of the antler burr over the outer curve to the most distant point of what is or appears to be the main antler beam beginning at the place on the antler burr where the center line along the outer curve of the beam intersects the antler burr.

(7) “Normal point” means a point that projects from the main antler beam in a typical shape or location.

(8) “Point” means a projection on the antler of a deer or elk that is at least one inch long as measured from its tip to the nearest edge of the antler beam and the length of which exceeds the width at one inch or more of length. “Point” shall not include an antler beam tip.

(b) All measurements shall be made to the nearest $\frac{1}{8}$ of an inch using a flexible steel tape that is $\frac{1}{4}$ inch wide.

(c) The gross score of an antlered whitetail deer shall be determined by adding together all of the following measurements:

(1) The inside spread of the main antler beams, not to exceed the length of the longest main antler beam;

(2) the length of the main antler beam on the deer’s right side;

(3) the length of the main antler beam on the deer’s left side;

(4) the total length of all abnormal points on the right and left antlers;

(5) the total length of all normal points on the right and left antlers as measured from the nearest edge of the main antler beam over the outer curve to the tip. To determine the baseline for normal point measurement, the tape shall be laid along the outer curve of the antler beam so that the top edge of the tape coincides with the top edge of the antler beam on both sides of the point; and

(6) the following circumference measurements from the right and left antlers:

(A) The circumference taken at the smallest place between the antler burr and the first normal point on the main antler beam. If the first normal point is missing, the circumference shall be taken at the smallest place between the antler burr and the second normal point;

(B) the circumference taken at the smallest place between the first normal point and the second normal point on the main antler beam. If the first normal point is missing, the circumference shall be taken at the smallest place between the antler burr and the second normal point;

(C) the circumference taken at the smallest place between the second normal point and the third normal point on the main antler beam; and

(D) the circumference taken at the smallest place between the third normal point and the fourth normal point on the main antler beam. If the fourth normal point is missing, the circumference shall be taken halfway between the third normal point and the tip of the main antler beam.

(d) The gross score of an antlered mule deer shall be determined by adding together all of the following measurements:

(1) The inside spread of the main antler beams, not to exceed the length of the longest main antler beam;

(2) the length of the main antler beam on the deer’s right side;

(3) the length of the main antler beam on the deer’s left side;

(4) the total length of all abnormal points on the right and left antlers;

(5) the total length of all normal points on the right and left antlers as measured from the nearest edge of the main antler beam over the outer curve to the tip. To determine the baseline for normal point measurement, the tape shall be laid along the outer curve of the antler beam so that the top edge of the tape coincides with the top edge of the antler beam on both sides of the point; and

(6) the following circumference measurements from the right and left antlers:

(A) The circumference taken at the smallest place between the antler burr and the first normal point on the main antler beam. If the first normal point is missing, the circumference shall be taken at the smallest place between the antler burr and the second normal point;

(B) the circumference taken at the smallest place between the first normal point and the second normal point on the main antler beam. If the first normal point is missing, the circumference shall be taken at the smallest place between the antler burr and the second normal point;

(C) the circumference taken at the smallest place between the main antler beam and the third normal point; and

(D) the circumference taken at the smallest place between the second normal point and the fourth normal point. If the fourth normal point is missing, the circumference shall be taken halfway between the second normal point and the tip of the main antler beam.

(e) The gross score of an antlered elk shall be determined by adding together all of the following measurements:

(1) The inside spread of the main antler beams, not to exceed the length of the longest main antler beam;

(2) the length of the main antler beam on the elk's right side;

(3) the length of the main antler beam on the elk's left side;

(4) the total length of all abnormal points on the right and left antlers;

(5) the total length of all normal points on the right and left antlers as measured from the nearest edge of the main antler beam over the outer curve to the tip. To determine the baseline for normal point measurement, the tape shall be laid along the outer curve of the antler beam so that the top edge of the tape coincides with the top edge of the antler beam on both sides of the point; and

(6) the following circumference measurements from the right and left antlers:

(A) The circumference taken at the smallest place between the first normal point and the second normal point on the main antler beam;

(B) the circumference taken at the smallest place between the second normal point and the third normal point on the main antler beam;

(C) the circumference taken at the smallest place between the third normal point and the fourth normal point on the main antler beam; and

(D) the circumference taken at the smallest place between the fourth normal point and the fifth normal point on the main antler beam. If the fifth normal point is missing, the circumference shall be taken halfway between the fourth normal point and the tip of the main antler beam.

(f) The gross score of an antelope shall be determined by adding together all of the following measurements:

(1) The length of the right horn measured along the center of the outer curve from the tip of the horn to a point in line with the lowest edge of the base, using a straight edge to establish the line end;

(2) the length of the left horn measured along the center of the outer curve from the tip of the horn to a point in line with the lowest edge of the base, using a straight edge to establish the line end;

(3) the circumference of the base of each horn, measured at a right angle to the axis of the horn, not to follow the irregular edge of the horn. The line of the measurement shall be entirely on horn material;

(4) three circumference measurements on each horn based on the criteria specified in this paragraph. The length of the longest horn shall be divided by four. Starting at the base, each horn shall be marked at these quarters, even though the other horn may be shorter. The circumference shall be measured at these marks at a right angle to the axis of the horn. If the prong of the horn interferes with the first measurement from the base, this measurement shall be taken immediately below the swelling of the prong. If the second measurement from the base falls in the swelling of the prong, this measurement shall be taken immediately above the swelling of the prong; and

(5) the length of the prong measured from the tip of the prong along the upper edge of the outer side to the horn, then continuing around the horn, at a right angle to the long axis of the horn, to a point at the rear of the horn where a straight edge crossing the back of both horns touches the horn. If there is a crack where the prong extends from the horn, the length of the prong shall be taken passing over the entire crack. Once the initial prong length is taken, the width of the crack shall be measured and deducted from the initial prong length. The adjusted length shall be the recorded length of the prong. (Authorized by and implementing K.S.A. 2013 Supp. 32-807 and 32-1032; effective Jan. 1, 2013; amended Feb. 7, 2014.)

Article 5.—FURBEARERS

115-5-1. Furbearers and coyotes; legal equipment, taking methods, and general provisions. (a) Hunting equipment permitted during furbearer hunting seasons and during coyote hunting seasons shall consist of the following:

(1) Firearms, except fully automatic firearms;

(2) archery equipment;

(3) crossbows; and

(4) optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light.

(b) Trapping equipment permitted during furbearer and coyote trapping seasons shall consist of the following:

(1) Smooth-jawed foothold traps, except that all types of foothold traps may be used in water sets;

(2) body-gripping traps;

(3) box traps;

(4) cage traps;

(5) colony traps;

- (6) snares; and
- (7) deadfalls.
- (c) The following general provisions shall apply to the taking of furbearers and coyotes:
 - (1) Calls may be used in the taking of furbearers and coyotes.
 - (2) Handheld, battery-powered flashlights, hat lamps, and handheld lanterns may be used while trapping furbearers or coyotes or while running furbearers.
 - (3) Any .22 or .17 caliber rimfire rifle or handgun may be used to take trapped furbearers or trapped coyotes when using a light to check traps.
 - (4) Any .22 or .17 caliber rimfire rifle or handgun may be used while using a handheld, battery-powered flashlight, hat lamp, or handheld lantern to take furbearers treed with the aid of dogs.
 - (5) Lures, baits, and decoys may be used in the taking of furbearers and coyotes.
 - (6) The use of horses and mules shall be permitted while hunting, trapping, or running furbearers and coyotes.
 - (7) The use of motor vehicles for taking coyotes shall be permitted while hunting coyotes.
 - (8) The use of radios in land or water vehicles shall be permitted for the taking of coyotes.
 - (9) The use of dogs for hunting and during running seasons shall be permitted.
 - (10) Each body-gripping trap with an inside jawspread of eight inches or greater, when measured across the jaws at a 90-degree angle, shall be used only in a water set.
 - (11) Only landowners or tenants of land immediately adjacent to the right-of-way of a public road, or their immediate family members or authorized agents, may set slide-locking wire or snare-type cable traps as dryland sets within five feet of a fence bordering a public road or within 50 feet of the outside edge of the surface of a public road. Only these landowners or tenants, or their immediate family members or authorized agents, may possess the fur, pelt, skin, or carcass of any furbearer or coyote removed from these devices located within these specified limits.
 - (12) A person shall not have in possession any equipment specified in subsection (a) while pursuing or chasing furbearers with hounds during the running season.
 - (13) All trapping devices included in subsection (b) shall be tagged with either the user's name and address or the user's department-issued identification number and shall be tended and inspected at least once every calendar day.

(14) Each foothold trap that has an outside jawspread greater than seven inches, when measured across the jaws at a 90-degree angle, shall be used only in a water set. (Authorized by and implementing K.S.A. 2018 Supp. 32-807 and 32-1003; effective March 19, 1990; amended Nov. 15, 1993; amended July 19, 2002; amended Feb. 18, 2005; amended Sept. 4, 2009; amended July 22, 2011; amended July 26, 2013; amended May 31, 2019.)

115-5-2. Furbearers and coyotes; possession, disposal, and general provisions. (a) Legally taken raw furs, pelts, skins, carcasses, or meat of furbearers may be possessed without limit in time.

(b) Live furbearers legally taken during a furbearer season may be possessed only through the last day of the season in which taken.

(c) Legally acquired skinned carcasses and meat of furbearers may be sold or given to and possessed by another, and legally acquired raw furs, pelts, and skins of furbearers may be given to and possessed by another, if a written notice that includes the seller's or donor's name, address, and furharvester license number accompanies the carcass, pelt, or meat. A bobcat, otter, or swift fox tag as described in subsection (f) shall meet the requirements of written notice.

(d) Legally taken raw furs, pelts, skins, or carcasses of coyotes or legally taken live coyotes may be possessed without limit in time.

(e) Any person in lawful possession of raw furbearer or coyote furs, pelts, skins, or carcasses may sell or ship or offer for sale or shipment the same to licensed fur dealers or any person legally authorized to purchase raw furbearer or coyote furs, pelts, skins, or carcasses.

(f) Each bobcat, otter, or swift fox pelt legally taken in Kansas shall be submitted to the department so that an export tag provided by the department can be affixed to the pelt.

(1) The pelt of any bobcat, otter, or swift fox taken in Kansas shall be presented to the department for tagging within seven days following closure of the bobcat, otter, or swift fox hunting and trapping season.

(2) Each pelt presented for tagging shall be accompanied by the furharvester license number under which the pelt was taken.

(g) Properly licensed persons may legally salvage furbearers and coyotes found dead during the established open seasons for hunting or trapping of furbearers or coyotes. Salvaged furbear-

ers and coyotes may be possessed or disposed of as authorized by this regulation. (Authorized by and implementing K.S.A. 2018 Supp. 32-807 and K.S.A. 32-942; effective March 19, 1990; amended Oct. 17, 1994; amended Nov. 29, 1999; amended July 19, 2002; amended Sept. 4, 2009; amended July 22, 2011; amended July 26, 2013; amended May 31, 2019.)

115-5-3. Furbearers, except otters, and coyotes; management units. The management unit for furbearers, except otters, and coyotes shall be statewide. (Authorized by and implementing K.S.A. 2018 Supp. 32-807; effective Oct. 17, 1994; amended July 19, 2002; amended Sept. 20, 2019.)

115-5-3a. Otters; management units. The management units for otters shall be as follows:

(a) Missouri unit: Doniphan, Brown, Atchison, Leavenworth, Jefferson, Wyandotte, Douglas, and Johnson counties;

(b) Marais des Cygnes unit: Osage, Franklin, Miami, Anderson, Linn, and Bourbon counties;

(c) Lower Neosho unit: Allen, Neosho, Crawford, Labette, and Cherokee counties;

(d) Big Blue unit: Washington, Marshall, and Nemaha counties;

(e) Kansas unit: Riley, Pottawatomie, Jackson, Geary, Wabaunsee, and Shawnee counties;

(f) Upper Neosho unit: Morris, Marion, Chase, Lyon, Coffey, and Woodson counties;

(g) Verdigris unit: Greenwood, Elk, Wilson, Chautauqua, and Montgomery counties;

(h) Lower Arkansas unit: Harvey, Sedgwick, Butler, Sumner, and Cowley counties;

(i) Republican unit: Jewell, Republic, Cloud, and Clay counties;

(j) Solomon unit: Smith, Osborne, Mitchell, and Ottawa counties;

(k) Smoky-Saline unit: Russell, Lincoln, Ellsworth, Saline, McPherson, and Dickinson counties;

(l) Middle Arkansas unit: Barton, Rice, Stafford, Reno, Pratt, Kingman, Barber, and Harper counties; and

(m) Western unit: that part of Kansas including Phillips, Rooks, Ellis, Rush, Pawnee, Edwards, Kiowa, and Comanche counties and all counties west. (Authorized by and implementing K.S.A. 2018 Supp. 32-807; effective Sept. 20, 2019.)

115-5-4. Nonresident bobcat hunting permit; tagging, disposal, legal equipment, shooting hours, and general provisions. (a) Each permittee shall sign, record the county, date,

and time of kill, and attach the carcass tag to the carcass immediately following the kill and before moving the carcass from the site of the kill.

(b) The carcass tag shall remain attached to the carcass or pelt until presented to the department for tagging with an export tag. The export tagging shall occur within seven calendar days of the harvest of the bobcat.

(c) Nonresident bobcat hunting permits shall be valid only for the hunting season specified in K.A.R. 115-25-11.

(d) Nonresident bobcat hunting permits shall not be transferred to another person.

(e) Legally acquired, skinned carcasses and meat of bobcats taken with a nonresident bobcat hunting permit may be sold or given to and possessed by another, and legally acquired raw furs, pelts, and skins of bobcats may be given to and possessed by another, if a written notice that includes the seller's or donor's name, address, and nonresident bobcat hunting permit number accompanies the carcass, pelt, or meat. A bobcat export tag as described in subsection (b) shall meet the requirements of written notice.

(f) Hunting equipment permitted during bobcat hunting season for use with a nonresident bobcat hunting permit shall consist of the following:

(1) Firearms, except fully automatic firearms;

(2) archery equipment;

(3) crossbows; and

(4) optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light.

(g) The following general provisions shall apply to the hunting of bobcats with a nonresident bobcat hunting permit:

(1) Calls, lures, baits, and decoys may be used in the hunting of bobcats.

(2) Shooting hours shall be one-half hour before sunrise to one-half hour after sunset.

(3) The bag limit shall be one bobcat for each nonresident bobcat hunting permit purchased. (Authorized by and implementing K.S.A. 2018 Supp. 32-807; effective May 20, 2005; amended May 31, 2019.)

Article 6.—FUR DEALERS

115-6-1. Fur dealer license; application, authority, possession of furs, records, and revocation. (a) Each application shall be submitted on a form provided by the department. Each applicant shall provide the following information:

- (1) Name of applicant;
- (2) residential address;
- (3) the address of each business location;
- (4) an inventory of raw furs, pelts, skins, and carcasses of furbearing animals and coyotes on hand at time of application; and

(5) any other relevant information as required by the secretary.

(b) Each fur dealer license shall expire on June 30 following the date of issuance.

(c) Each fur dealer shall deal only with properly licensed persons and only at authorized fur dealer business locations.

(d) Any fur dealer may buy, purchase, or trade in the furs, pelts, skins, or carcasses of coyotes.

(e) Any fur dealer may possess legally acquired furs, pelts, skins, or carcasses of furbearing animals for no more than 30 days after the expiration date of the fur dealer's license. Coyote furs, pelts, skins, or carcasses may be possessed without limit in time.

(f) Each fur dealer shall purchase or acquire only those bobcat, otter, and swift fox pelts that have been tagged with a department export tag or with the official export tag provided by the wildlife agency of another state, except for any legally harvested swift fox pelt originating from a state that does not require an official export tag.

(g) Each fur dealer shall maintain a furharvester record book and a fur dealer book provided by the department. Entries shall be made in the appropriate record book whenever receiving, shipping, or otherwise disposing of furs, pelts, skins, or carcasses of furbearing animals or coyotes. Each record book, all receipts, and all furs, pelts, skins, and carcasses in the fur dealer's possession shall be subject to inspection upon demand by any conservation officer. Each record book and all receipts shall be subject to copying upon demand by any conservation officer. Each fur dealer shall forward all record books to the department annually on or before May 1.

(1) The furharvester record book shall include the following information:

- (A) The name of the fur dealer;
- (B) residential address;
- (C) fur dealer license number;
- (D) the date of each receipt of furs, pelts, skins, or carcasses;

(E) name, address, and license number of each person from whom furs, pelts, skins, or carcasses were acquired;

(F) name of the state where the furs, pelts, skins, or carcasses were harvested;

(G) number of each species of furs, pelts, skins, or carcasses acquired; and

(H) any other relevant information as required by the secretary.

(2) The fur dealer record book shall include the following information:

- (A) The name of the fur dealer;
- (B) residential address;
- (C) fur dealer license number;
- (D) date of each receipt or disposal of furs, pelts, skins, or carcasses;

(E) name, address, and fur dealer license number of each fur dealer from which furs, pelts, skins, or carcasses are acquired or to which they are sold;

(F) number and species of furs, pelts, skins, or carcasses acquired or sold; and

(G) any other relevant information as required by the secretary.

(h) In addition to other penalties prescribed by law, a fur dealer's license may be refused issuance or revoked by the secretary under any of the following circumstances:

(1) The application is incomplete or contains false information.

(2) The fur dealer fails to meet reporting requirements.

(3) The fur dealer violates license conditions.

(4) The fur dealer has violated department laws or regulations or has had any other department license or permit revoked or suspended. (Authorized by and implementing K.S.A. 2018 Supp. 32-807 and K.S.A. 32-942; effective March 19, 1990; amended Sept. 4, 2009; amended July 26, 2013; amended May 31, 2019.)

Article 7.—FISH AND FROGS

115-7-1. Fishing; legal equipment, methods of taking, and other provisions. (a) Legal equipment and methods for taking sport fish shall be the following:

(1) Fishing lines with not more than two baited hooks or artificial lures per line;

(2) trotlines, except that any float material used with a trotline shall be constructed only from plastic, wood, or foam and shall be a closed-cell construction. A "closed-cell" construction shall mean a solid body incapable of containing water;

(3) setlines, except that any float material used with a setline shall be constructed only from plastic, wood, or foam and shall be a closed-cell construction. A "closed-cell" construction shall mean a solid body incapable of containing water;

(4) tip-ups;
(5) using a person's hand or hands for flathead catfish in waters designated as open to hand fishing, subject to the following requirements:

(A) An individual hand fishing shall not use hooks, snorkeling or scuba gear, or other man-made devices while engaged in hand fishing;

(B) an individual hand fishing shall not possess fishing equipment, other than a stringer, while engaged in hand fishing and while on designated waters or adjacent banks;

(C) stringers shall not be used as an aid for hand fishing and shall not be used until the fish is in possession at or above the surface of the water;

(D) each individual hand fishing shall take fish only from natural objects or natural cavities;

(E) an individual hand fishing shall not take fish from any man-made object, unless the object is a bridge, dock, boat ramp, or riprap, or other similar structure or feature;

(F) no part of any object shall be disturbed or altered to facilitate the harvest of fish for hand fishing; and

(G) an individual hand fishing shall not take fish within 150 yards of any dam;

(6) snagging for paddlefish in waters posted or designated by the department as open to the snagging of paddlefish, subject to the following requirements:

(A) Each individual with a filled creel limit shall cease all snagging activity in the paddlefish snagging area until the next calendar day;

(B) each individual taking paddlefish to be included in the creel and possession limit during the snagging season shall sign the carcass tag, record the county, the date, and the time of harvest on the carcass tag, and attach the carcass tag to the lower jaw of the carcass immediately following the harvest and before moving the carcass from the site of the harvest; and

(C) each individual snagging for paddlefish shall use barbless hooks while snagging for paddlefish. "Barbless hook" shall mean a hook without barbs or upon which the barbs have been bent completely closed;

(7) floatlines in waters posted or designated by the department as open to floatline fishing, which shall be subject to the following requirements:

(A) All floatlines shall be under the immediate supervision of the angler setting the floats. "Immediate supervision" shall mean that the angler has visual contact with the floatlines set while the

angler is on the water body where the floatlines are located;

(B) all floatlines shall be removed when float fishing ceases;

(C) floatlines shall not contain more than one line per float, with not more than two baited hooks per line;

(D) all float material shall be constructed only from plastic, wood, or foam and shall be a closed-cell construction. A "closed-cell" construction shall mean a solid body incapable of containing water;

(8) bow and arrow with a barbed head and a line attached from bow to arrow; and

(9) crossbow and arrow with a barbed head and a line attached from arrow to crossbow.

(b) Legal equipment and methods for taking non-sport fish shall be the following:

(1) Fishing lines with not more than two baited hooks or artificial lures per line;

(2) trotlines;

(3) setlines;

(4) tip-ups;

(5) bow and arrow with a barbed head and a line attached from bow to arrow;

(6) crossbow and arrow with a barbed head and a line attached from arrow to crossbow;

(7) spear gun, without explosive charge, while skin or scuba diving. The spear, without explosive charge, shall be attached to the speargun or person by a line;

(8) gigging;

(9) snagging in waters posted by the department as open to snagging; and

(10) floatlines in waters posted or designated by the department as open to floatline fishing, which shall be subject to the requirements specified in paragraphs (a)(7)(A) through (D).

(c) Dip nets and gaffs may be used to land any legally caught or hooked fish.

(d) Fish may be taken by any method designated by the secretary when a fish salvage order has been issued by the secretary through public notice or posting the area open to fish salvage.

(e) Fish may be taken with the aid of boats, depth finders, artificial lights, sound attracters, and scents.

(f) Fish may be taken by legal means from vehicles.

(g) The following additional requirements shall apply in the flowing portions and backwaters of the Missouri river and in any oxbow lake through which the Kansas-Missouri boundary passes:

(1) Each individual shall place all legally caught fish on a stringer, cord, cable, or chain, or in a basket, sack, cage, or other holding device, separate from those fish caught by any other individual.

(2) The equipment and methods specified in paragraphs (b)(5) and (b)(6) shall be legal only from sunrise to midnight.

(3) The equipment and method specified in paragraphs (b)(9) and (b)(10) shall be legal only from sunrise to sunset.

(h) The equipment and method specified in paragraphs (a)(8) and (a)(9) shall be legal, except on rivers and streams, only for the following species of sport fish where no size limit exists for any of these species of fish:

- (1) Blue catfish;
- (2) channel catfish; and
- (3) flathead catfish.

(i) Optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light shall be valid for use on bows and crossbows. (Authorized by and implementing K.S.A. 2018 Supp. 32-807; effective Dec. 26, 1989; amended Feb. 10, 1992; amended Oct. 1, 1999; amended Dec. 8, 2000; amended Sept. 27, 2002; amended Nov. 29, 2004; amended Nov. 27, 2006; amended Nov. 16, 2007; amended Dec. 1, 2008; amended Nov. 20, 2009; amended April 16, 2010; amended Nov. 19, 2010; amended Nov. 30, 2015; amended Nov. 28, 2016; amended Dec. 22, 2017; amended Jan. 11, 2019; amended Dec. 20, 2019.)

115-7-2. Fishing; general provisions. (a) Except as authorized in this regulation, any person may operate or set two fishing lines and, in addition, one trotline, eight floatlines, or eight setlines.

(b) Each fishing line, trotline, and setline shall be checked at least once every 24 hours.

(c) Each trotline, setline, tip-up, floatline, and unattended fishing line shall have a tag or label securely attached, designating either the name and address of the operator or the operator's department-issued identification number. No trotline, floatline, or setline shall be set within 150 yards of any dam.

(d) Sport fish shall be deemed legally taken by hook and fishing line only when hooked within the mouth, except paddlefish, which may be snagged as authorized by K.A.R. 115-7-1. Other sport fish hooked elsewhere shall be returned unrestrained to the water immediately.

(e) Fish may be taken by legal methods through the ice, unless the area is closed to ice fishing by posted notice or otherwise prohibited by regulation. Ice holes used for ice fishing shall not exceed 12 inches in diameter or 144 square inches.

(f) For ice fishing, a tip-up may be used on each of the allowed eight setlines, unless otherwise posted.

(g) Bow and arrow fishing and crossbow and arrow fishing shall be permitted in all waters of the state except those waters posted as closed to such fishing and except all waters within 50 yards of an occupied boat dock or ramp, occupied swimming area, occupied picnic or camping area, or other occupied public use area.

(h) Speargun fishing shall be permitted on waters open to skin and scuba diving, unless prohibited by posted notice or regulation. By posted notice, certain water areas may be opened by the department for the taking of one or more species of sport fish by spearguns during a specified time period.

(i) Unless otherwise prohibited by regulation, in the flowing portions and backwaters of the Missouri river and in any oxbow lake through which the Kansas-Missouri boundary passes, any person may operate or set three fishing lines and, in addition, one trotline, eight floatlines, or eight setlines.

(j) Unless otherwise prohibited by regulation, in the waters of the state other than those waters specified in subsection (i), any person in possession of a three-pole permit may operate or set three fishing lines and, in addition, one trotline, eight floatlines, or eight setlines. (Authorized by and implementing K.S.A. 2014 Supp. 32-807; effective Dec. 26, 1989; amended Sept. 27, 2002; amended Feb. 18, 2005; amended Dec. 1, 2008; amended Feb. 20, 2015.)

115-7-3. Fish; taking and use of bait-fish or minnows. (a) Baitfish may be taken for noncommercial purposes by any of the following means:

(1) A seine not longer than 15 feet and four feet deep with mesh not larger than 1/4 inch;

(2) a fish trap with mesh not larger than 1/4 inch and a throat not larger than one inch in diameter;

(3) a dip or cast net with mesh not larger than one inch; or

(4) a fishing line.

(b) Each fish trap shall be tagged with the operator's name and address when the fish trap is in use.

(c) Baitfish taken, except gizzard shad, shall not exceed 12 inches in total length.

(d) The possession limit shall be 500 baitfish.

(e) For the species specified in this subsection, the department's applicable creel and possession limits shall apply.

Live baitfish, crayfish, leeches, amphibians, and mussels, except for bluegill and green sunfish from non-designated aquatic nuisance waters and baitfish, crayfish, leeches, amphibians, and mussels from designated aquatic nuisance waters, may be caught and used as live bait only within the common drainage where caught. However, live baitfish, crayfish, leeches, amphibians, and mussels shall not be transported and used above any upstream dam or barrier that prohibits the normal passage of fish. Bluegill and green sunfish collected from non-designated aquatic nuisance waters may be possessed or used as live bait anywhere in the state. Live baitfish, crayfish, leeches, amphibians, and mussels collected from designated aquatic nuisance waters shall be possessed or used as live bait only while on that water and shall not be transported from the water alive.

(f) No person shall import live baitfish that does not meet the requirements of K.A.R. 115-17-2 and K.A.R. 115-17-2a. (Authorized by and implementing K.S.A. 2019 Supp. 32-807; effective Sept. 10, 1990; amended Nov. 20, 2009; amended Jan. 1, 2012; amended Jan. 1, 2013; amended Jan. 1, 2015; amended Jan. 1, 2019; amended Dec. 20, 2019.)

115-7-4. Fish; processing and possession.

(a) Each person who takes any fish from a body of water shall leave the head, body, and tail fin attached while the person has possession of the fish on the water.

(b) Each person who has taken any fish shall retain the fish in that person's possession until any of the following occurs:

(1) The fish is consumed or processed for consumption.

(2) The fish is transported to the person's domicile or given to another person. Legally taken sport fish may be possessed without limit in time and may be given to another if accompanied by a dated written notice that includes the donor's printed name, signature, address, and permit or license number.

(3) The fish is transported to a place of commercial preservation or place of commercial processing for consumption.

(4) The fish is returned unrestrained to the waters from which the fish was taken.

(5) The fish is disposed of at a location designated for fish disposal or at a designated fish cleaning station.

(c) Each paddlefish permittee shall meet either of the following requirements:

(1) Nonelectronic carcass tags. The paddlefish permittee shall sign, record the county, the date, and the time of kill, and attach the carcass tag to the carcass in a visible manner immediately before reducing the paddlefish to permanent possession. The carcass tag shall remain attached to the carcass until the conditions of paragraphs (b) (1), (b)(2), (b)(3), or (b)(5) are met. The paddlefish permittee shall retain the carcass tag until the paddlefish is consumed, given to another, or otherwise disposed of.

(2) Electronic carcass tags. Using the department's electronic carcass tag system, the paddlefish permittee shall record the county, the date, and the time of kill and enter a photograph of the entire carcass, with sufficient clarity to display the species immediately before reducing the paddlefish to permanent possession. The paddlefish permittee shall possess the confirmation number until the conditions of paragraph (b)(1), (b)(2), (b)(3), or (b)(5) are met. The paddlefish permittee shall retain the confirmation number until the paddlefish is consumed, given to another, or otherwise disposed of.

(d) For paddlefish parts, the following additional requirements shall apply:

(1) No person shall possess any eggs that are attached to the egg membrane of more than one paddlefish.

(2) No person shall possess more than three pounds of processed paddlefish eggs or fresh paddlefish eggs removed from the membrane. "Processed paddlefish eggs" shall mean any eggs taken from a paddlefish that have gone through a process that turns the eggs into caviar or into a caviar-like product.

(3) No person shall ship into or out of, transport into or out of, have in possession with the intent to transport, or cause to be removed from this state any raw unprocessed paddlefish eggs, processed paddlefish eggs, or frozen paddlefish eggs.

(4) Each harvested paddlefish carcass shall have all internal organs removed before transporting the carcass from Kansas. (Authorized by and implementing K.S.A. 2019 Supp. 32-807; effective Dec. 26, 1989; amended Nov. 27, 2006; amended Dec. 22, 2017; amended Jan. 11, 2019; amended Dec. 20, 2019.)

115-7-6. Fishing; bait. (a) The following types of bait may be used for the taking of fish, frogs, or turtles by legal means and methods:

- (1) Artificial lures;
- (2) bait fish;
- (3) prepared bait;
- (4) vegetable material;
- (5) material or artificial matter attached to a hook; and
- (6) other wildlife, except those species specifically prohibited as bait and those species listed in K.A.R. 115-15-1 or K.A.R. 115-15-2.

(b) Animal, vegetable, and other nontoxic material may be used as fish attractants.

This regulation shall be effective on and after January 1, 2012. (Authorized by and implementing K.S.A. 32-807; effective Sept. 10, 1990; amended Jan. 1, 2012.)

115-7-8. This regulation shall be revoked on and after January 1, 2011. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 2006 Supp. 32-1002; effective Nov. 27, 2006; amended Nov. 16, 2007; amended April 11, 2008; revoked Jan. 1, 2011.)

115-7-9. Weigh-in black bass fishing tournaments. (a) Each individual or organization conducting a weigh-in black bass fishing tournament shall ensure that all of the following minimum requirements are met when conducting weigh-in procedures:

- (1) One individual shall provide work crew support for each 10 registered anglers.
- (2) One weigh-in tank filled with an electrolyte chemical-water solution and fitted with recirculation and aeration accessories shall be maintained for each 25 registered anglers.
- (3) If the water temperature at the tournament location is 75 degrees Fahrenheit or cooler, the water contained in the weigh-in tank shall be maintained at the same temperature as that of the tournament location water.
- (4) If the water temperature at the tournament location is warmer than 75 degrees Fahrenheit, the water in the weigh-in tank shall be maintained at a temperature that is between five and 10 degrees Fahrenheit cooler than the tournament location water but shall not exceed 85 degrees Fahrenheit at any time.
- (5) Not more than four anglers shall be in the weigh-in line at any one time.
- (6) Each weigh-in bag containing water from

the well of the vessel shall be reinforced, reusable, and capable of holding up to 15 pounds of live fish and two gallons of water.

(7) The weigh-in site shall meet the following requirements:

(A) Be located near the vessel mooring site and the release site, vehicle, or vessel; and

(B) be located at all times under a portable awning, in an event tent, or in the shade.

(8) Only fish that meet the special length limit for the specific body of water where the weigh-in tournament is being conducted shall be weighed within the period beginning June 16 and ending August 31.

(b) Each individual or organization conducting the tournament shall ensure that all of the following minimum requirements are met when conducting the release procedures:

(1) The direct release of fish into the tournament location water after the weigh-in shall not be permitted.

(2) If the tournament is conducted with release tubes, vehicles, or vessels, the holding tanks shall contain a one-half percent noniodized salt solution.

(3) If the tournament is conducted without release tubes, vehicles, or vessels, the fish shall be dipped, for a period ranging from 10 seconds to 15 seconds before release, in a three percent noniodized salt solution having the same temperature as that of the water in the weigh-in tank.

(4) The release site shall meet the following conditions:

(A) Be located in water reaching at least three feet in depth with good circulation and a hard bottom; and

(B) be located away from vessel traffic and public-use vessel ramps.

(c) Each tournament participant shall meet the following requirements:

(1) Ensure that each well in the participant's vessel used in the tournament is properly working and contains an electrolyte chemical-water solution; and

(2) ensure that the participant's vessel used in the tournament is cleaned before and after the tournament in compliance with department guidelines regarding the prevention of aquatic nuisance species.

(d) The provisions of paragraph (a)(7)(A) may be waived by the secretary within the period beginning September 1 and extending through June 15 if the proximity proposed to the release site does not pose an inordinate risk to the wildlife resource

and all other requirements of this regulation are met. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 2010 Supp. 32-1002; effective Jan. 1, 2008; amended April 11, 2008; amended Nov. 19, 2010; amended May 20, 2011.)

115-7-10. Fishing; special provisions. (a)

A person who takes any fish from a body of water shall not tag, mark, brand, clip any fin of, mutilate, or otherwise disfigure any fish in a manner that would prevent species identification, examination of fins, recovery of tags, or determination of sex, age, or length of the fish before releasing the fish back into the body of water, unless a permit authorizing this activity has been issued to that person by the department.

(b) No person may possess any live fish upon departure from any designated aquatic nuisance body of water, except during a department-permitted fishing tournament. During a department-permitted fishing tournament, any individual may possess live fish upon departure from designated aquatic nuisance waters along the most direct route to the weigh-in site if the individual possesses a department authorization certificate as a participant in the tournament. Designated aquatic nuisance species waters shall be those specified in the department's "Kansas aquatic nuisance species designated waters," dated July 19, 2019, which is hereby adopted by reference.

(c) No person may fish or collect bait within, from, or over a fish passage, fish ladder, fish steps, or fishway. "Fish passage, fish ladder, fish steps, or fishway" shall mean a structure that facilitates the natural migration of fish upstream on, through, or around an artificial barrier or dam. (Authorized by and implementing K.S.A. 2018 Supp. 32-807; effective Nov. 20, 2009; amended Jan. 1, 2012; amended Jan. 1, 2013; amended Nov. 15, 2013; amended Nov. 14, 2014; amended Nov. 30, 2015; amended Nov. 28, 2016; amended Dec. 22, 2017; amended Jan. 11, 2019; amended Dec. 20, 2019.)

**Article 8.—DEPARTMENT
LANDS AND WATERS**

115-8-1. Department lands and waters: hunting, furharvesting, and discharge of firearms. (a) Subject to provisions and restrictions as established by posted notice or as specified in the document adopted by reference in subsection (e), the following activities shall be allowed on department lands and waters:

(1) Hunting during open seasons for hunting on lands and waters designated for public hunting;

(2) furharvesting during open seasons for furharvesting on lands and waters designated for public hunting and other lands and waters as designated by the department;

(3) target practice in areas designated as open for target practice; and

(4) noncommercial training of hunting dogs.

(b) Other than as part of an activity under subsection (a), the discharge of firearms and other sport hunting equipment capable of launching projectiles shall be allowed on department lands and waters only as specifically authorized in writing by the department.

(c) The discharge of fully automatic rifles or fully automatic handguns on department lands and waters shall be prohibited.

(d) Department lands and waters shall be open neither for commercial rabbit and hare furharvesting nor for commercial harvest of amphibians and reptiles.

(e) The department's "KDWP public lands division special use restrictions," dated January 30, 2019, is hereby adopted by reference. (Authorized by and implementing K.S.A. 2018 Supp. 32-807; effective Dec. 4, 1989; amended July 13, 2001; amended May 16, 2008; amended May 15, 2009; amended July 23, 2010; amended Nov. 14, 2011; amended Jan. 1, 2013; amended July 26, 2013; amended July 18, 2014; amended April 22, 2016; amended May 19, 2017; amended July 20, 2018; amended May 31, 2019.)

115-8-2. Blinds, stands, and decoys. Subject to provisions and restrictions as established by posted notice, blinds, stands, and decoys shall be allowed on department lands and waters as follows: (a) Floating blinds and portable stands used for hunting may be placed not more than 14 days before the hunting season for which the blind or stand will be used and shall be removed from department property within 14 days after the hunting season for which the blind or stand was placed has ended.

(b) Floating blinds and portable stands used for purposes other than hunting may be placed for a period not to exceed 14 days and shall be removed from department property at the conclusion of 14 days or after the intended use of the blind or stand has ended, whichever time period is less.

(c) Ladders, screw-in metal steps, and steps attached by ropes, cables, or chains may be used

for access to portable stands and shall be removed when the portable stand is removed as required by subsection (a) or (b).

(d) Natural blinds may be used for any authorized activity and shall be constructed of natural herbaceous materials or woody debris, or both, that are present at the site of the natural blind.

(e) Any individual may use a placed portable blind, floating blind, portable stand, or natural blind when the blind or stand is not occupied.

(f) Any blind, stand, or climbing device not in conformance with regulations or posted notice provisions or restrictions may be removed or destroyed by the department.

(g) Each portable blind, floating blind, and portable stand shall be marked with either the user's name and address or the user's department-issued identification number in a visible, legible, and weatherproof manner.

(h) No individual shall place more than two portable blinds or stands on any single department-owned or department-managed property.

(i) Portable blinds shall not be left unattended overnight.

(j) Decoys shall not be left unattended overnight. (Authorized by and implementing K.S.A. 2012 Supp. 32-807; effective April 30, 1990; amended July 20, 2012; amended July 26, 2013.)

115-8-6. Fishing, fish bait, and seining.

Fishing and the taking of fishing bait shall be allowed on department lands and waters, subject to the following general restrictions:

(a) Fishing shall be prohibited at boat ramps and boat docks closed to fishing by posted notice.

(b) Fishing shall be prohibited at swimming areas and swimming beaches that are posted as swimming areas or swimming beaches and delineated by buoys or other markers.

(c) Minnows, bait fish, and other fishing bait may be taken for use as fishing bait only on a non-commercial basis and may be used only in the department-managed water where taken.

(d) Seining in department-managed waters shall be prohibited.

(e) The cleaning of fish in state parks shall occur only at designated fish-cleaning stations or other locations as established by the department.

(f) The use of trot lines and set lines shall be prohibited in the waters of Crawford state park, Meade state park, Scott state park, and all department-managed impoundments under 1,201 surface acres in size.

(g) Additional restrictions may be established by posted notice.

This regulation shall be effective on and after January 1, 2012. (Authorized by and implementing K.S.A. 32-807; effective Dec. 4, 1989; amended Dec. 28, 1992; amended Nov. 29, 1999; amended Nov. 20, 2009; amended Jan. 1, 2012.)

115-8-9. Camping. (a) Camping shall be allowed only in designated areas on department lands and waters and shall be subject to provisions or restrictions as established by posted notice.

(b) All campers and camping units shall be limited to a stay of not more than 14 consecutive days in a campground unless otherwise established by posted notice or as otherwise authorized by the department.

(c) Upon completing 14 consecutive days in a campground, each person and all property of each person shall be absent from that campground for at least five days.

(d) One extended camping stay of not more than 14 additional consecutive days at the same campground may be granted through a written permit issued by the department if vacant camping sites are available. Upon completing 28 consecutive days at the same campground, each person and all property of each person shall be absent from the department-managed area for at least five days, except as authorized in subsection (e).

(e) Long-term camping in state parks shall be allowed on designated camping sites for six consecutive months through a written permit issued by the department if vacant long-term camping sites are available. Upon completing six consecutive months at the same state park, each person and all property of each person shall be absent from the state park for at least five days.

(f) Unless authorized by the department or located on a prepaid state park campsite reserved through the department's electronic reservation system, camping units shall not be left unoccupied in a campground for more than 24 hours.

(g) Unless authorized by the department or located on a prepaid state park campsite reserved through the department's electronic reservation system, vehicles or other property shall not be left unattended upon department lands or waters for more than 24 hours.

(h) Except as authorized by the department, any property unoccupied or unattended for more than 48 hours, unless the property is on a prepaid state park campsite reserved through the department's

electronic reservation system, and any property abandoned upon department lands or waters shall be subject to removal by the department and may be reclaimed by the owner upon contacting the department.

(i) A campsite shall not be left unoccupied in a campground for more than 24 hours, unless the department so authorizes or the campsite is a prepaid state park campsite reserved through the department's electronic reservation system. (Authorized by and implementing K.S.A. 32-807; effective March 19, 1990; amended Feb. 10, 1992; amended Oct. 12, 1992; amended Sept. 12, 2008; amended Nov. 14, 2011.)

115-8-10. Pets; provisions and restrictions. (a) Pets shall be allowed but shall not be permitted to enter into any of the following:

(1) Areas that are posted as swimming beaches or swimming areas that are delineated by buoys or other markers;

(2) public buildings, except designated public-use department cabins; or

(3) public structures.

(b) Pets shall be controlled at all times by using any of the following:

(1) Hand-held lead not more than 10 feet in length;

(2) tethered chain or leash not more than 10 feet in length. The pet shall be under the direct observation of and control by the owner; or

(3) confined to a cage, pen, vehicle, trailer, privately owned cabin, or designated public-use department cabin.

(c) The requirements of subsection (b) shall not apply to dogs while being used during and as a part of any of the following acts or activities:

(1) Hunting during open hunting seasons on lands or waters open for hunting;

(2) authorized field trial events;

(3) noncommercial training of hunting dogs subject to any provisions or restrictions as established by posted notice;

(4) special events or activities as authorized by the department; or

(5) working as a "guide dog," "hearing assistance dog," or "service dog," as defined in K.S.A. 39-1113 and amendments thereto.

(d) Guide dogs, hearing assistance dogs, and service dogs shall not be restricted by the requirements of subsection (a). (Authorized by and implementing K.S.A. 32-807; effective Dec. 4, 1989; amended Sept. 12, 2008; amended Nov. 14, 2011.)

115-8-12. Stocking or releasing of wildlife. Wildlife may be stocked or released on department lands or waters, navigable publicly owned rivers, and federal reservoirs only as authorized by any of the following:

(a) A written agreement issued by the department;

(b) a permit issued by the department;

(c) a department-approved management plan;

(d) regulations; or

(e) posted notice.

This regulation shall be effective on and after January 1, 2012. (Authorized by and implementing K.S.A. 32-807; effective Dec. 4, 1989; amended July 13, 2001; amended Jan. 1, 2012.)

115-8-13. Motorized vehicles and aircraft; authorized operation. (a) Motorized vehicles shall be operated only on department roads and parking areas, except as otherwise established by this regulation or posted notice or as approved by the secretary.

(b) Motorized vehicles shall be operated at speeds not in excess of 25 miles per hour or as otherwise established by posted notice.

(c) Motorized vehicles shall be operated in accordance with load limits as established by posted notice for roads or bridges.

(d) Motorized aircraft landings and takeoffs shall be allowed in designated areas only or as authorized by the secretary.

(e) Except as otherwise specified in K.A.R. 115-8-1, posted notice, or this regulation, motorized electric or gasoline-powered two-wheeled vehicles, all-terrain vehicles, work-site utility vehicles, golf carts, and snowmobiles may be operated on ice-covered department waters only for the purpose of ice fishing from one-half hour before sunrise to one-half hour after sunset. These vehicles shall enter onto the ice only from boat ramps and points of entry as established by posted notice.

(f) (1) Except as provided in this regulation, each motorized vehicle that meets either of the following conditions shall be prohibited from being operated on all department lands and roads:

(A) Is not registered with one of the following:

(i) The director of vehicles pursuant to K.S.A. 8-127 and amendments thereto; or

(ii) the corresponding authority in another state or country; or

(B) is unlawful to be operated on any interstate highway, federal highway, or state highway pursu-

ant to K.S.A. 8-15,100 and K.S.A. 8-15,109, and amendments thereto.

(2) The term “motorized vehicle” shall include cars, trucks, all-terrain vehicles, work-site utility vehicles, golf carts, go-carts, and electric or gasoline-powered two-wheeled vehicles.

(3) Any person desiring to operate an unconventional motorized vehicle on department roads within state parks may purchase an annual unconventional motorized vehicle permit from the secretary.

(A) The term “unconventional motorized vehicle” shall include work-site utility vehicles and golf carts.

(B) Unconventional motorized vehicles shall be operated only from sunrise to sunset by a holder of a valid driver’s license.

(g) Any person with a disability, as defined by K.S.A. 8-1,124 and amendments thereto, may annually request a permit from the secretary to utilize a motorized vehicle for accessing certain department lands and roads to provide access to recreational opportunities that would otherwise be unavailable to disabled persons. Each written request shall include the following:

(1) The name, address, and telephone number of the applicant;

(2) the name and location of the property to be accessed;

(3) the date or duration of the entry requested; and

(4) documentation of that person’s disability in the form of a disabled accessible parking placard, disabled motor vehicle license plate, or disabled identification card issued by the director of vehicles of the department of revenue pursuant to K.S.A. 8-1,125 and amendments thereto, or similar documentation issued by another state.

(h) No person who is in possession of a motorized vehicle and has a permit to operate the motorized vehicle on department lands and roads shall perform either of the following:

(1) Allow another person to operate the vehicle on department lands and roads unless that other person has a permit issued by the department; or

(2) operate the vehicle on department lands and roads unless that person is in possession of a permit issued by the department.

(i) Each permit issued by the department that authorizes the operation of a motorized vehicle on department lands and roads shall expire on the last day of the calendar year in which the permit was issued, unless otherwise specified on the permit.

(j) A permit that authorizes the operation of a motorized vehicle on department lands and roads shall not be issued or shall be revoked by the secretary for any of the following reasons:

(1) The disability does not meet the requirements for the permit.

(2) The application is incomplete or contains false information.

(3) The disability under which the permit was issued no longer exists.

(4) The documentation of disability in the form of a disabled accessible parking placard, disabled motor vehicle license plate, or disabled identification card issued by the director of vehicles of the department of revenue pursuant to K.S.A. 8-1,125 and amendments thereto, or similar documentation issued by another state, has expired.

(5) The permit holder fails to comply with the terms and limitations of the permit or with the requirements specified in this regulation.

(6) The issuance or continuation of the permit would be contrary to the preservation of habitat or species located on or in department lands or waters.

(k) This regulation shall not apply to any motorized vehicle that is owned by the department or a designated agent and is used in the operation and maintenance of department lands and roads. (Authorized by and implementing K.S.A. 2015 Supp. 32-807; effective Dec. 4, 1989; amended Feb. 8, 2008; amended Sept. 9, 2011; amended Nov. 28, 2016.)

115-8-13a. Electric-assisted bicycles. (a) For the purposes of this regulation, the term “electric-assisted bicycle” shall have the meaning specified in K.S.A. 8-1489, and amendments thereto.

(b) A motor vehicle pass shall not be required to operate an electric-assisted bicycle in any state park. (Authorized by and implementing K.S.A. 2018 Supp. 32-807 and 32-901; effective Oct. 18, 2019.)

115-8-19. Personal conduct on department lands and waters; provisions, restrictions and penalties. (a) The conduct, actions, or activities of persons on department lands and waters shall be subject to provisions and restrictions as established by posted notice. The following general provisions and restrictions shall apply:

(1) No person shall advertise, engage in, or solicit any business, or make a charge for any event or service except as authorized by the department.

(2) Quiet hours shall be observed between the hours of 11:00 p.m. and 6:00 a.m. Except as authorized by the department, each action that will alarm, anger, or disturb others shall be prohibited during quiet hours. Any individual who has knowledge or probable cause to believe that the individual's actions will alarm, anger, or disturb others or who engages in noisy conduct during quiet hours may be subject to the provisions of subsection (b).

(3) Subject to the provisions of K.A.R. 115-8-21 and K.A.R. 115-8-1 and to other posted provisions or restrictions, any individual may possess, consume, or drink alcoholic liquor, as defined in K.S.A. 41-102 and amendments thereto.

(b) In addition to penalties prescribed by law or regulation, failure to comply with laws, regulations, permit conditions, or posted restrictions by an individual may result in the individual or equipment of the individual being removed from departmental lands or waters.

This regulation shall be effective on and after January 1, 2013. (Authorized by and implementing K.S.A. 32-807, as amended by L. 2012, Ch. 47, Sec. 25, and L. 2012, Ch. 144, Sec. 29; effective Jan. 30, 1995; amended Jan. 1, 2013.)

115-8-23. Bait; hunting. (a) No person shall place, deposit, expose, or scatter bait while hunting or preparing to hunt on department lands or place, deposit, expose, or scatter bait in a manner that causes another person to be in violation of this regulation.

(b) Hunting shall be prohibited within 100 yards of any bait placed, deposited, exposed, or scattered on department lands. Bait shall be considered placed, deposited, exposed, or scattered on department lands for 10 days following complete removal of the bait.

(c) (1) Nothing in this regulation shall prohibit the hunting or taking of wildlife over any of the following:

(A) Standing crops or flooded standing crops, including aquatic crops;

(B) standing, flooded, or manipulated natural vegetation;

(C) flooded harvested croplands;

(D) lands or areas where seeds or grains have been scattered solely as the result of normal agricultural planting, harvesting, postharvest manipulation, or soil stabilization practice; or

(E) standing or flooded standing agricultural crops over which grain is inadvertently scattered solely as a result of a hunter entering or exit-

ing a hunting area, placing decoys, or retrieving downed wildlife.

(2) The taking of wildlife, except migratory waterfowl, coots, and cranes, on or over any lands or areas meeting the following conditions shall not be prohibited:

(A) Are not otherwise baited; and

(B) have grain or other feed that has been distributed or scattered solely as the result of manipulation of an agricultural crop or other feed on the land where grown, scattered solely as the result of normal agricultural operations, or scattered solely as the result of normal weather conditions.

(d) For the purposes of this regulation, "bait" shall mean any grain, fruit, vegetable, nut, hay, salt, sorghum, feed, other food, or mineral that is capable of attracting wildlife. Liquid scents and sprays shall not be considered bait. (Authorized by and implementing K.S.A. 2012 Supp. 32-807; effective July 20, 2012; amended July 26, 2013.)

115-8-24. This regulation shall be revoked on and after August 1, 2016. (Authorized by and implementing K.S.A. 32-807; effective July 20, 2012; revoked Aug. 1, 2016.)

Article 9.—LICENSES, PERMITS, STAMPS, AND OTHER DEPARTMENT ISSUES

115-9-5. Hunting, fishing, and furharvester licenses; state park permits; effective dates. (a) Any individual may purchase an annual hunting, fishing, or furharvester license or a state park annual permit for the next calendar year on and after a mid-December date determined annually by the secretary.

(b) Each hunting, fishing, or furharvester license or state park annual permit purchased on or after the date specified in subsection (a) shall be valid from the date purchased through the expiration date as stated on the license or permit. (Authorized by and implementing K.S.A. 2018 Supp. 32-807, K.S.A. 2018 Supp. 32-906, K.S.A. 32-911, and K.S.A. 2018 Supp. 32-919; effective Dec. 4, 1989; amended Aug. 15, 1994; amended Sept. 19, 1997; amended April 26, 2019.)

115-9-6. Vehicle permits; display. Each person who purchases a vehicle permit for entry into a state park or other area requiring a vehicle permit shall affix the permit to the lower corner of the windshield on the driver's side of the vehicle for which the vehicle permit was purchased. An-

nual vehicle permits shall be permanently affixed. (Authorized by K.S.A. 2014 Supp. 32-807; implementing K.S.A. 2014 Supp. 32-807 and 32-901; effective, T-115-7-27-89, July 27, 1989; effective Sept. 18, 1989; amended Feb. 20, 2015.)

115-9-8. Migratory bird harvest information program; requirements, exemptions.

(a) As used in this regulation, “migratory game bird” shall mean any wild duck, goose, merganser, crane, dove, rail, snipe, woodcock, or other migratory bird for which a hunting season is established in the state of Kansas.

(b) Each person hunting migratory game birds in the state of Kansas shall be required to complete a Kansas migratory bird harvest information survey, as provided by the secretary.

(c) Upon completion of a Kansas migratory bird harvest information survey, a harvest information program permit shall be issued by the secretary or the secretary’s designee to the person completing the survey.

(1) Each person required to comply with subsection (b) shall be in possession of a valid harvest information program permit issued to that person while hunting any migratory game bird within the state of Kansas.

(2) Each harvest information program permit shall be validated by the signature of the permit holder written in the signature block of the permit.

(3) Each harvest information program permit shall be valid from the date of issuance through June 30 following the date of issuance.

(4) A harvest information program permit shall not be transferable.

(d) The provisions of subsection (b) shall not apply to the hunting of any migratory game bird by either of the following:

(1) Tribal members on federal Indian reservations or tribal members hunting on ceded lands; or

(2) a resident of this state not required by K.S.A. 32-919, and amendments thereto, to hold a hunting license.

(e) This regulation shall be effective on and after April 1, 2013. (Authorized by and implementing K.S.A. 32-807, as amended by L. 2012, ch. 47, sec. 25; effective July 1, 1998; amended April 1, 2013.)

115-9-9. Electronic licenses, permits, stamps, tags, and other issues of the department; other requirements. The requirements in this regulation shall apply to licenses, permits,

stamps, tags, and other issues of the department purchased from electronic or telephone license vendors or by electronic means. These requirements shall consist of the following:

(a) Each individual who receives or prints a hard copy of an issue of the department purchased from an electronic or telephone license vendor or by electronic means shall sign the issue, attesting that all information on the issue is true and correct.

(b) Each individual who purchases a departmental issue from a telephone vendor shall carry the confirmation number while actively engaged in any activity authorized by the departmental issue. When the individual receives the hard copy of any issue received from a telephone vendor, the individual shall sign and carry the hard copy of the departmental issue while actively engaged in any activity authorized by the departmental issue.

(c) Each individual who receives an electronic version of a departmental issue shall attest that all information contained in the issue is true and correct at the time of purchase. A digital file or portable document format file of the departmental issue shall be stored on the licensee’s mobile device, which the licensee shall carry while actively engaged in any activity authorized by the departmental issue.

(d) Each hard-copy stamp received from an electronic or telephone license vendor or by electronic means shall be validated if the individual signs the issue displaying the valid stamp purchase. The confirmation number of each stamp purchased from an electronic or telephone license vendor shall be proof of signature until the individual receives the hard copy of the stamp purchased from the license vendor.

(e) Any current issue of the department that is destroyed or lost may be replaced by electronic means. Each individual whose current issue was destroyed or lost shall sign the new hard-copy issue, attesting to the destruction or loss of the current issue.

(f) An application form shall not be required for an individual to purchase any issue from an electronic or telephone license vendor or by electronic means. The signature on the issue by the individual receiving the issue shall meet the signature requirement on application forms.

(g) The removal of the carcass tag from any big game or wild turkey permit or game tag purchased from an electronic license vendor or by electronic means shall not invalidate the permit, game tag, or

carcass tag for hunting. However, signing any carcass tag before harvesting an animal for which the carcass tag was issued shall invalidate the carcass tag and either the permit or the game tag for use.

(h) Each temporary annual park permit purchased from an electronic or telephone license vendor or by electronic means shall be valid only if visibly displayed on the vehicle or camping unit for which the annual park permit was purchased. Each individual with a temporary annual park permit purchased from an electronic license vendor or by electronic means shall exchange the permit for a permanent annual park permit at a department office or automated park license vendor.

(i) Each person required to provide the identifying number of a license, permit, tag, stamp, or other issue of the department shall use the transaction number of the electronic license, permit, tag, stamp, or other issue. (Authorized by K.S.A. 2018 Supp. 32-807 and K.S.A. 2018 Supp. 32-980; implementing K.S.A. 2018 Supp. 32-980; effective July 22, 2005; amended May 18, 2007; amended Dec. 20, 2019.)

Article 11.—CONTROLLED SHOOTING AREAS

115-11-2. Controlled shooting areas; operational requirements. (a) Each controlled shooting area shall be posted as follows:

(1) Signs shall be made of metal, plastic, or wood and shall be not less than 15 inches by 15 inches.

(2) Signs shall legibly display the words “controlled shooting area” in block lettering that is not less than two inches in height.

(3) Signs shall be placed along the boundary of the controlled shooting area, at intervals of not more than 500 feet.

(b) The licensee shall keep the license and a copy of the laws and regulations pertaining to the controlled shooting areas posted in a conspicuous and readily available place at the headquarters of the area.

(c) If the license of the controlled shooting area is cancelled or revoked, the licensee shall remove all controlled shooting area signs from the boundary of the area within 30 days of the cancellation or revocation date.

(d) If a licensee fails to renew a controlled shooting area license, all controlled shooting area signs shall be removed from the boundary of the area before September 1.

(e) Only those game birds released on the controlled shooting area from August 15 through April 30 of the license period shall be credited toward the allowable take for the area.

(f) The licensee shall not take or permit the taking of more than 100 percent of the number of each species of game bird released on the controlled shooting area. These game bird species shall not be hunted on the area until a release of the game bird species has been made.

(g) The shooting hours for the taking of game birds released on controlled shooting areas shall be from ½ hour before sunrise to sunset.

(h) Game birds taken on a controlled shooting area shall be accompanied during transportation from the area by a form provided by the department and completed by the licensee, which shall include the number and species of game birds being transported, the name and license number of the licensee, the date of harvest, and any other relevant information required by the secretary.

(i) Except as authorized under Kansas dog training and field trial regulations, only hand-reared mallard ducks may be recaptured by trapping after release.

(j) Hunting during the established seasons and in compliance with all laws and regulations governing the hunting activity may occur on a controlled shooting area for wildlife species not included in K.S.A. 32-943, and amendments thereto, and for any wildlife species not included in the license issued for that controlled shooting area, including big game animals and wild turkeys for which the hunter has a valid permit issued by the department. The hunting, shooting, or taking of wild migratory waterfowl, however, shall be prohibited on each controlled shooting area used for the shooting of hand-reared mallard ducks.

This regulation shall be effective on and after March 1, 2019. (Authorized by K.S.A. 32-948; implementing K.S.A. 2018 Supp. 32-945, K.S.A. 2018 Supp. 32-946, K.S.A. 2018 Supp. 32-947, and K.S.A. 32-948; effective Dec. 4, 1989; amended Aug. 31, 1992; amended July 1, 1999; amended July 1, 2002; amended April 1, 2005; amended March 1, 2019.)

Article 13.—TRAINING DOGS AND FIELD TRIAL EVENTS

115-13-4. Field trial permit; furbearers and coyotes. (a) Each application for a furbearer or coyote field trial permit shall be submitted on a

form provided by the department. Each applicant shall provide the following information:

- (1) The name of the applicant;
- (2) the address of the applicant;
- (3) the telephone number of the applicant;
- (4) the location of the event headquarters and the specific counties where the furbearer or coyote field trial will occur;
- (5) the estimated number of individuals and dogs participating;
- (6) the requested dates of the furbearer or coyote field trial;
- (7) the daily starting time or times;
- (8) a description of the furbearer or coyote field trial event, including information on the proposed use of wildlife during the event; and
- (9) a copy of the furbearer or coyote sanction or license authorization if the event has been sanctioned or licensed.

(b) Each application for a furbearer or coyote field trial permit shall be submitted at least 15 days before an event. This application deadline may be waived by the secretary for extenuating circumstances, if all other application requirements are met. "Extenuating circumstances" shall mean any condition that is caused by an unexpected event that is beyond the applicant's control.

(c) Any applicant for a furbearer or coyote field trial permit may include in the application a listing of all field trial events for the calendar year if the information required under subsection (a) is provided for each event.

(d) Issuance of a furbearer or coyote field trial permit may be denied by the secretary, or approval for a specific furbearer or coyote field trial event requested by the applicant under the furbearer or coyote field trial permit may be withheld by the secretary, under any of the following circumstances:

- (1) The permit application is unclear or incomplete.
- (2) The requirements of K.A.R. 115-8-21 are not met.
- (3) The event does not conform to the requirements of a furbearer or coyote field trial event.
- (4) Issuance of a furbearer or coyote field trial permit would pose an inordinate risk to the public or to wildlife resources.

(e) Subject to all federal and state laws and regulations, wildlife may be used during a furbearer or coyote field trial event as follows:

- (1) Pen-raised red fox, gray fox, raccoon, opossum, and coyotes may be released and pursued,

but shall not be shot, killed, or possessed except during established seasons for the taking and possession of that species by hunting methods.

(2) Wild or legally trapped and released red fox, gray fox, raccoon, opossum, and coyotes may be pursued, but shall not be shot, killed, or possessed except during established seasons for the taking and possession of that species by hunting methods.

(f) Each separate furbearer or coyote field trial event conducted under a furbearer or coyote field trial permit shall be no longer than seven days in duration and shall be conducted only within the area specified in the permit.

(g) Each permittee shall keep a register of the names and addresses of all participants in each field trial event and, upon demand, shall make this register available for inspection to the department and any law enforcement officer authorized to enforce the laws of this state or the regulations of the secretary.

(h) No furbearer field trial event shall be held between the close of the fall running season established by K.A.R. 115-25-11 and the opening of the season established by K.A.R. 115-25-11 for the taking and possession of red fox, gray fox, raccoon, or opossum by hunting methods.

(i) No individual participating in a furbearer field trial shall possess a firearm except during the seasons established by K.A.R. 115-25-11 for the taking and possession of that species of furbearer.

(j) A coyote field trial event shall not be held during any closed season for the pursuing, shooting, killing, or possession of coyotes.

(k) In addition to other penalties prescribed by law, a furbearer or coyote field trial permit may be revoked by the secretary under either of the following circumstances:

- (1) The permit was secured through false representation.
- (2) The permittee fails to meet permit requirements or violates permit conditions.

(l) A furbearer or coyote field trial event permit shall not be required for water races or drag events. The following provisions shall apply to water races and drag events:

(1) A water race or drag event may be held at any time of the year if only coyotes or pen-raised furbearers are used in the event.

(2) A water race or drag event in which wild or wild-trapped furbearers or coyotes are used shall be held only during the established trapping season or season established for the taking and

possession by hunting methods for the species of wildlife used.

(3) A water race or drag event shall be restricted to a contiguous area that does not exceed 640 acres.

(4) The person holding the water race or drag event shall notify the department at least 10 days before the event and provide a description of the event to be conducted. This notification deadline may be waived by the secretary for extenuating circumstances. "Extenuating circumstances" shall mean any condition that is caused by an unexpected event that is beyond the applicant's control. (Authorized by and implementing K.S.A. 2018 Supp. 32-807 and 32-954; effective Aug. 5, 1991; amended Sept. 27, 2002; amended May 31, 2019.)

Article 14.—FALCONRY

115-14-1. This regulation shall be revoked on and after December 31, 2012. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 32-1002; effective Nov. 12, 1991; amended Aug. 15, 1994; revoked Dec. 31, 2012.)

115-14-2. This regulation shall be revoked on and after December 31, 2012. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807, K.S.A. 32-1001 and K.S.A. 32-1002; effective Nov. 12, 1991; amended Aug. 15, 1994; amended Oct. 5, 2001; revoked Dec. 31, 2012.)

115-14-3. This regulation shall be revoked on and after December 31, 2012. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 32-1002; effective Nov. 12, 1991; amended Aug. 1, 1997; amended Oct. 5, 2001; revoked Dec. 31, 2012.)

115-14-4. This regulation shall be revoked on and after December 31, 2012. (Authorized by K.S.A. 1990 Supp. 32-807; implementing K.S.A. 1990 Supp. 32-807, K.S.A. 1990 Supp. 32-1001; effective Nov. 12, 1991; revoked Dec. 31, 2012.)

115-14-5. This regulation shall be revoked on and after December 31, 2012. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807, K.S.A. 32-1002; effective Nov. 12, 1991; amended Oct. 5, 2001; revoked Dec. 31, 2012.)

115-14-6. This regulation shall be revoked on and after December 31, 2012. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807,

K.S.A. 32-1002; effective Nov. 12, 1991; amended Oct. 5, 2001; revoked Dec. 31, 2012.)

115-14-8. This regulation shall be revoked on and after December 31, 2012. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807, K.S.A. 32-1001, and K.S.A. 32-1002; effective Nov. 12, 1991; amended Aug. 15, 1994; revoked Dec. 31, 2012.)

115-14-9. This regulation shall be revoked on and after December 31, 2012. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807, K.S.A. 32-919, and K.S.A. 32-1002; effective Nov. 12, 1991; amended Aug. 15, 1994; amended Aug. 1, 1997; amended Oct. 5, 2001; revoked Dec. 31, 2012.)

115-14-10. This regulation shall be revoked on and after December 31, 2012. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807, K.S.A. 32-1001, K.S.A. 32-1002 and K.S.A. 32-1047; effective Nov. 12, 1991; amended Aug. 15, 1994; amended Oct. 5, 2001; revoked Dec. 31, 2012.)

115-14-11. Falconry; general provisions.

(a) Each falconer hunting or trapping raptors in Kansas shall possess any current hunting license, unless exempt pursuant to K.S.A. 32-919 and amendments thereto, and any other state or federal stamp, permit, certificate, or other issuance that may be required for hunting the species that the falconer is hunting. In addition, each nonresident falconer shall possess a current nonresident hunting license while participating in a falconry field trial or a department-approved special event.

(b) Any falconry raptor may kill wildlife, including animals killed outside the established hunting season, if it was not the intent of the falconry permittee to kill the wildlife. The falconry raptor may be allowed to feed on the wildlife, but the permittee shall not take the wildlife, or any part of the wildlife, into possession.

(1) The falconry permittee shall report the take of any federally listed threatened or endangered species to the ecological services field office of the United States fish and wildlife service and provide the location where the take took place.

(2) The falconry permittee shall report the take of any wildlife designated as endangered or threatened in K.A.R. 115-15-1 or as a species in need of conservation as listed in K.A.R. 115-15-2 to the environmental services section of the de-

partment and provide the location where the take took place.

(c) Any falconry permittee may take nuisance and depredating birds with a falconry raptor in accordance with K.A.R. 115-16-3 if the permittee is not paid for that individual's services.

(d) Any falconry permittee may conduct commercial abatement activities in accordance with the following provisions:

(1) Any master falconer may conduct commercial abatement activities with permitted falconry raptors if the master falconer possesses a special purpose abatement permit issued by the United States fish and wildlife service.

Any master falconer, general falconer, or apprentice falconer may conduct commercial abatement activities as a subpermittee of a properly permitted master falconer.

(2) Any falconry permittee holding a special abatement permit may receive payment for that individual's commercial services.

(e) Feathers molted by a falconry raptor shall be possessed or disposed of in accordance with the following provisions:

(1) Any falconry permittee may possess flight feathers for each species of raptor legally possessed or previously held for the duration of time the permittee holds a valid falconry permit.

(A) The permittee may receive feathers for imping from other permitted falconers, wildlife rehabilitators, or propagators in the United States. The permittee may give feathers for imping to other permitted falconers, wildlife rehabilitators, or propagators in the United States.

(B) It shall be unlawful to buy, sell, or barter the feathers.

(2) Any permittee may donate feathers from a falconry raptor, except golden eagle feathers, to any person or institution with a valid permit to possess the feathers issued by the United States fish and wildlife service or to any persons exempted by federal regulation from having the permit.

(3) Except for the primary or the secondary flight feathers and the retrices from a golden eagle, a falconry permittee shall not be required to gather feathers that are molted or otherwise lost by a falconry bird. These feathers may be left where they fall, stored for imping, or destroyed. All molted flight feathers and retrices from a golden eagle shall be collected by the permittee and, if not kept for imping, shall be sent to the national eagle repository.

(4) Each falconry permittee whose permit expires or is revoked shall donate the feathers of any species of falconry raptor, except a golden eagle, to any person or institution exempted from federal possession permit requirements or to any person or institution authorized by federal permit to acquire and possess the feathers. If the feathers cannot be donated, they shall be burned, buried, or otherwise destroyed.

(f) The carcass of each falconry raptor shall be disposed of in accordance with the following provisions:

(1) The entire body of each golden eagle, including all feathers, talons, and other parts, shall be sent to the national eagle repository.

(2) The body or feathers of any species of falconry raptor, excluding a golden eagle, may be donated to any person or institution exempted from federal possession permit requirements or to any person or institution authorized by federal permit to acquire and possess the body or feathers.

(3) The body of any falconry raptor, other than a golden eagle, that was banded or was implanted with a microchip before its death may be kept by the falconry permittee in accordance with the following provisions:

(A) The feathers from the body may be used for imping.

(B) The body may be prepared and mounted by a taxidermist. The mounted body may be used by the permittee as part of a conservation education program.

(C) If the raptor was banded, the band shall remain on the body. If the raptor was implanted with a microchip, the microchip shall remain implanted in place.

(4) The body or feathers of any raptor that is not donated or retained by the permittee shall be burned, buried, or otherwise destroyed within 10 days of the death of the bird or after final examination by a veterinarian to determine the cause of death.

(5) The carcass of each euthanized raptor shall be disposed of in a manner that prevents the secondary poisoning of eagles or other scavengers.

(6) For any falconry raptor other than a golden eagle, if the body or feathers are not donated or mounted by a taxidermist as authorized by this subsection, the falconry permittee may possess the raptor for as long as the permittee maintains a valid falconry permit. The falconry permittee shall keep all the paperwork documenting the acquisition and possession of the raptor.

(g) A falconry raptor may be used in conservation education programs presented in public venues in accordance with the following provisions:

(1) Any general falconer or master falconer may conduct or participate in such a program without the need for any other type of permit. Any apprentice falconer may conduct or participate in such a program while under the direct supervision of a general falconer or master falconer during the program.

The falconer presenting the program shall be responsible for all liability associated with falconry and conservation education activities for which the falconer is the instructor.

(2) The raptor shall be used primarily for falconry.

(3) A fee may be charged for the presentation of a conservation education program. However, the fee shall not exceed the amount required to recoup the falconer's costs for presenting the program.

(4) The presentation shall address falconry and conservation education. The conservation education portion of the program shall provide information about the biology, ecological roles, and conservation needs of raptors and other migratory birds. However, not all of these topics shall be required to be covered in every presentation.

(h) Falconry raptors may be photographed, filmed, or recorded by similar means for the production of movies or other sources of information on the practice of falconry or on the biology, ecological roles, and conservation needs of raptors and other migratory birds in accordance with the following provisions:

(1) Any general falconer or master falconer may conduct or participate in such an activity without the need for any other type of permit. Any apprentice falconer may conduct or participate in such an activity while under the direct supervision of a general falconer or master falconer during the activity.

(2) The falconer shall not receive payment for the falconer's participation.

(3) Falconry raptors shall not be used to make movies or commercials or be used in other commercial ventures that are not related to falconry. Falconry raptors shall not be used for any of the following:

(A) Entertainment;

(B) advertisements, promotion, or endorsement of any products, merchandise, goods, services, meetings, or fairs; or

(C) the representation of any business, company, corporation, or other organization.

(i) Any general falconer or master falconer may assist a permitted migratory bird rehabilitator ("rehabilitator") to condition raptors in preparation for their release to the wild in accordance with the following provisions:

(1) The rehabilitator shall provide the falconer with a letter or form that identifies the bird and explains that the falconer is assisting in the bird's rehabilitation. The raptor undergoing rehabilitation shall not be transferred to the falconer but shall remain under the permit of the rehabilitator.

(2) The falconer shall not be required to meet the rehabilitator facility standards. The falconer shall maintain that individual's facilities in accordance with K.A.R. 115-14-13.

(3) The falconer, in coordination with the rehabilitator, shall release all raptors that are able to be released to the wild or shall return any such bird that cannot be permanently released to the wild to the rehabilitator for placement within the 180-day time frame in which the rehabilitator is authorized to possess the bird, unless the rehabilitator receives authorization to retain the bird for longer than the 180-day period. Any rehabilitated bird may be transferred to the falconer in accordance with K.A.R. 115-14-15.

(j) When flown free, a hybrid raptor shall have at least two attached radio transmitters to aid the falconry permittee in tracking and locating the bird. The term "hybrid raptor" shall mean the offspring of two different species of raptor.

(k) The statewide season for taking game birds by falconry shall be September 1 through March 31. Any falconer may possess hen pheasants that are incidentally taken by falconry means during the established falconry game bird season. Each falconer shall possess no more than two hen pheasants per day.

This regulation shall be effective on and after December 31, 2012. (Authorized by and implementing K.S.A. 32-807; effective Dec. 31, 2012.)

115-14-12. Falconry; permits, applications, and examinations.

(a) Except as provided in this regulation, any individual engaged in falconry who possesses a current Kansas falconry permit or a current falconry permit from another state may engage in falconry activities as authorized by law or regulation. The permittee shall be in the immediate possession of the permit while trapping, transporting, working with, or flying a falconry raptor. Each

falconer wanting to capture a raptor from the wild shall comply with K.A.R. 115-14-14. The permittee shall not be required to have immediate possession of the falconry permit while the raptor is located on the permitted premises of the falconry facility but shall produce the permit upon request for inspection by any law enforcement officer authorized to enforce the provisions of this regulation.

(b) Each individual wanting to engage in falconry shall submit an application to the secretary for the appropriate permit, on forms provided by the department. The application shall require at least the following information to be provided:

- (1) The applicant's name;
- (2) the applicant's address;
- (3) the address of the facilities where the raptors are to be kept;
- (4) the species and number of raptors to be permitted in accordance with the limitations specified in this regulation;
- (5) the applicant's date of birth;
- (6) the applicant's social security number;
- (7) the level of falconry permit being applied for; and
- (8) any additional relevant information that may be required for the type of permit as described within this regulation.

(c) Each falconry permit shall be valid from the date of issuance through December 31 in the third calendar year after issuance. A falconry permit may be renewed without the examination otherwise required by this regulation if the permit is renewed before the current permit expires.

(d) Each individual holding a current valid falconry permit from another state, moving to Kansas with the intent to establish residency, and wanting to bring that individual's legally permitted raptors into the state shall meet the following requirements:

(1) The individual shall apply for the appropriate level of Kansas falconry permit within 30 days after moving into the state. The determination of which level of falconry permit is appropriate for the applicant shall be based on the requirements of subsections (j), (k), and (l).

(2) The individual shall not be required to take the department's falconry examination specified in paragraph (j)(3).

(3) The individual shall notify the state where the individual formerly resided of the individual's move, within 30 days of moving to Kansas.

(4) Any falconry birds held by the individual under the former permit may be retained during the

permit application and issuance process in Kansas if the birds are kept in an appropriate facility as specified in K.A.R. 115-14-13.

Each permanent facility to house falconry birds possessed under this subsection shall be constructed, inspected, and approved in accordance with K.A.R. 115-14-13 before the issuance of the Kansas falconry permit.

(e) Each individual whose permit has lapsed shall be allowed to reinstate that individual's permit in accordance with this subsection.

(1) Any individual whose Kansas falconry permit has lapsed for fewer than five years may be reinstated at the level previously held if the individual submits a complete application and provides proof of the previous level of certification. Each of the individual's facilities shall pass the inspection requirements in K.A.R. 115-14-13 before the individual may be allowed to possess a falconry raptor.

(2) Each individual whose Kansas falconry permit has lapsed for five years or more shall be required to correctly answer at least 80 percent of the questions on the department's falconry examination specified in paragraph (j)(3). Upon passing the examination, the individual's falconry permit shall be reinstated at the level previously held. Each of the individual's facilities shall pass the inspection requirements in K.A.R. 115-14-13 before the individual may be allowed to possess a falconry raptor.

(f) Any individual whose falconry permit has been revoked or suspended may apply for that individual's permit to be reinstated after the suspension period or revocation. In addition to submitting a completed application to the department, the individual shall be required to correctly answer at least 80 percent of the questions on the department's falconry examination specified in paragraph (j)(3). Upon passing the examination, the individual's falconry permit shall be reinstated at the level previously held. Each of the individual's facilities shall pass the inspection requirements in K.A.R. 115-14-13 before the individual may be allowed to possess a falconry raptor.

(g) Any individual residing in Kansas who is not a citizen of the United States, has practiced falconry in the individual's home country, and has not been previously permitted for falconry in another state may apply for a temporary falconry permit. Each temporary falconry permit shall be valid from the date of issuance through December 31 in the third calendar year after issuance.

The level of permit issued shall be consistent with the level of permit types specified in subsections (j), (k), and (l). In addition, the applicant shall meet the following provisions:

(1) Any individual covered under this subsection may apply for and receive a temporary falconry permit in accordance with the following provisions:

(A) The individual applying for the temporary permit shall correctly answer at least 80 percent of the questions on the department's falconry examination specified in paragraph (j)(3).

(B) Upon passing the examination, a temporary permit for the appropriate level shall be issued by the department, based on the individual's documentation of experience and training.

(C) The individual holding the temporary permit may possess raptors for falconry purposes if the individual has falconry facilities approved in accordance with K.A.R. 115-14-13. The individual holding a temporary permit may fly raptors held for falconry by another permitted falconer. The individual holding a temporary permit shall not take raptors from the wild for falconry purposes.

(2) Any individual holding a temporary permit in accordance with this subsection may use any bird for falconry that the individual legally possessed in the individual's country of origin for falconry purposes if the importation of that species of bird into the United States is not prohibited and the individual has met all permitting requirements of the individual's country of origin.

(A) The individual shall comply with all requirements for practicing falconry in the state. The individual shall acquire all permits and comply with all federal laws concerning the importation, exportation, and transportation of falconry birds; the wild bird conservation act; the endangered species act; migratory bird import and export permits; and the endangered species convention.

(B) Each falconry bird imported into the state under this subsection shall be exported from the state by the temporary permittee when the permittee leaves the state, unless a permit is issued allowing the bird to remain in Kansas. If the bird dies while in the state, the permittee shall report the loss to the department before leaving the state.

(C) When flown free, each bird brought into the state under the provisions of this subsection shall have attached to the bird two radio transmitters that allow the permittee to locate the bird.

(h) Each individual who holds a current, valid Kansas falconry permit and resides in another

state, territory, or tribal land different from the individual's primary Kansas residence for more than 120 consecutive days shall provide the location of the individual's falconry facilities in the other jurisdiction to the department. This information shall be listed on the individual's Kansas falconry permit.

(i) Falconry permits shall be issued for the following levels of permittees: apprentice falconer, general falconer, and master falconer. Each applicant for a specific level shall meet the requirements of subsection (j), (k), or (l).

(j) An "apprentice falconer" shall mean an individual who is beginning falconry at an entry level, has no prior permitted falconry experience, and meets the following requirements:

(1) The applicant shall be at least 12 years of age. The application of any applicant under 18 years of age shall be signed by a parent or legal guardian, who shall be legally responsible for the applicant's activities.

(2) The applicant shall have secured a written sponsor agreement either from a general falconer with at least two years of falconry experience as a general falconer or from a master falconer, stating that the falconer has agreed to mentor the applicant for the duration of the apprentice permit.

(A) The sponsor agreement shall include a statement from the general falconer or master falconer specifying that the sponsor shall mentor the applicant in learning the husbandry and training of raptors for falconry, learning relevant wildlife laws and regulations concerning the practice of falconry, and deciding what species of raptor is appropriate for the applicant to possess while practicing falconry at the apprentice level.

(B) If the general falconer or master falconer is not able to fulfill the sponsor agreement to mentor the apprentice falconer, the apprentice shall secure a sponsor agreement from another falconer with the necessary qualifications and notify the department within 30 days of the change. The falconer sponsoring the apprentice falconer shall notify the department in writing within 30 days of withdrawing the falconer's mentorship.

(3) Each applicant for an apprentice falconry permit shall be required to correctly answer at least 80 percent of the questions on the department's falconry examination. The examination shall cover the following topics:

(A) The care and handling of falconry raptors;

(B) federal and state laws and regulations relating to falconry; and

(C) other relevant subject matter relating to falconry, including diseases and general health.

(4) Any applicant failing the examination may reapply after 90 days.

(5) An apprentice falconer shall not possess more than one raptor. Each apprentice falconer shall be restricted to taking not more than one wild-caught raptor from one of the following species:

- (A) American kestrel (*Falco sparverius*);
- (B) red-tailed hawk (*Buteo jamaicensis*); or
- (C) red-shouldered hawk (*Buteo lineatus*).

(6) A raptor acquired by an apprentice falconer shall not have been taken from the wild as an eyas or have become imprinted on humans. Any wild-caught raptor may be transferred to the apprentice falconer by another properly permitted falconry permittee.

An apprentice falconer shall not acquire more than one replacement raptor during any 12-month period.

(7) The facilities used to house and keep the raptor shall meet the requirements in K.A.R. 115-14-13.

(k) A “general falconer” shall mean an individual who has been previously permitted as an apprentice falconer and meets the following requirements:

(1) The applicant shall be at least 16 years of age. The application of any applicant under 18 years of age shall be signed by a parent or legal guardian, who shall be legally responsible for the applicant’s activities.

(2) Each application shall be accompanied by a letter from general falconer or a master falconer stating that the applicant has practiced falconry with wild raptors at the level of apprentice falconer, or its equivalent, for at least two years, including maintaining, training, flying, and hunting the raptor for at least four months in each year. This time may include the capture and release of falconry raptors. A school or education program in falconry shall not be substituted to shorten the required two years of experience at the level of apprentice falconer.

(3) A general falconer may take and use any species of *Accipitriform*, *Falconiform*, or *Strigiform*, including wild or captive-bred raptors and hybrid raptors, as defined in K.A.R. 115-14-11, for falconry, with the following exceptions:

- (A) Golden eagle (*Aquila chrysaetos*);
- (B) bald eagle (*Haliaeetus leucocephalus*);
- (C) white-tailed eagle (*Haliaeetus albicilla*); and
- (D) Steller’s sea eagle (*Haliaeetus pelagicus*).

(4) A general falconer shall possess no more than three raptors at any one time, regardless of the number of state, tribal, or territorial falconry permits the general falconer possesses.

(l) A “master falconer” shall mean an individual who has been previously permitted at the level of general falconer and meets the following requirements:

(1) The applicant shall have practiced falconry with that individual’s own raptor as a general falconer for at least five years.

(2) A master falconer may take and use any species of *Accipitriform*, *Falconiform*, or *Strigiform*, including wild or captive-bred raptors and hybrid raptors for falconry, with the following exceptions:

(A) A bald eagle (*Haliaeetus leucocephalus*) shall not be possessed.

(B) Golden eagles (*Aquila chrysaetos*), white-tailed eagles (*Haliaeetus albicilla*), or Steller’s sea eagles (*Haliaeetus pelagicus*) may be possessed if the permittee meets the following requirements:

(i) The permittee shall not possess more than three raptors of the species listed in paragraph (l)(2)(B).

(ii) The permittee shall provide documentation to the department of the permittee’s experience in handling large raptors, including information about the species handled and the type and duration of the activity in which the experience was gained.

(iii) The permittee shall provide the department with at least two letters of reference from people with experience in handling or flying large raptors including eagles, ferruginous hawks (*Buteo regalis*), goshawks (*Accipiter gentilis*), or great horned owls (*Bubo virginianus*). Each letter shall contain a concise history of the author’s experience with large raptors, which may include the handling of raptors held by zoos, rehabilitating large raptors, or scientific studies involving large raptors. Each letter shall also assess the permittee’s ability to care for eagles and fly them for falconry purposes.

(C) The possession of a golden eagle, white-tailed eagle, or Steller’s sea eagle shall count as one of the wild raptors that the permittee is allowed to possess.

(D) A master falconer may possess wild or captive-bred raptors or hybrid raptors of the species allowed by this subsection.

(E) A master falconer shall possess no more than five wild-caught raptors, including golden eagles, regardless of the number of state, tribal, or territorial falconry permits the falconer possesses.

(F) A master falconer may possess any number of captive-bred raptors. However, the raptors shall be trained to pursue wild game and shall be used for hunting.

(m) A falconry permit may be denied, suspended, or revoked by the secretary for any of the following reasons:

(1) The application is incomplete or contains false information.

(2) The applicant does not meet the qualifications specified in this regulation.

(3) The applicant has failed to maintain or to submit required reports.

(4) The applicant has been convicted of violating department laws or regulations relating to hunting or the practice of falconry or has had any other department license or permit denied, suspended, or revoked.

(5) Issuance of the permit would not be in the best interests of the public, for reasons including complaints or inappropriate conduct while holding a previous falconry permit.

This regulation shall be effective on and after December 31, 2012. (Authorized by and implementing K.S.A. 32-807; effective Dec. 31, 2012.)

115-14-13. Falconry; facilities, equipment, care requirements, and inspections. (a) Each individual keeping raptors shall maintain the facilities in accordance with this regulation.

(1) "Primary facility" shall mean the principal place and structures where the raptor is normally provided care and housing. This term shall include indoor facilities and outdoor facilities.

(2) "Temporary facility" shall mean a place and structure where a raptor is kept during the raptor's time away from the primary facility, including during transportation and while hunting or attending an event. This term shall include a place and structure where a raptor is kept for a limited time period while the primary facility is not available.

(b) All primary facilities used to house and keep raptors shall be inspected and approved by the department before the issuance of a Kansas falconry permit. Thereafter, all primary facilities used to house and keep raptors shall be inspected and approved before the issuance or renewal of a Kansas falconry permit. All primary facilities shall meet the following standards:

(1) All indoor areas of the primary facility, which are also known as "mews," and all outdoor areas of the primary facility, which are also known as

"weathering areas," shall protect raptors from the environment, predators, and domestic animals.

(2) The indoor area of the primary facility shall have a perch for each raptor and at least one opening for sunlight.

(3) Two or more raptors may be housed together and untethered if the birds are compatible with each other. Each raptor shall have an area large enough to allow the raptor to fly if it is untethered or, if tethered, to fully extend its wings to bate or attempt to fly while tethered without damaging its feathers or contacting other raptors.

(4) Each raptor shall have a pan of clean water available.

(5) Each indoor area of the primary facility shall be large enough to allow easy access for the care and feeding of the raptors kept there.

(6) Each indoor area of the primary facility housing untethered raptors shall have either solid walls or walls made with vertical bars spaced narrower than the width of the body of the smallest raptor being housed, heavy-duty netting, or other similar materials covering the walls and roof of the facility. All windows shall be protected on the inside by vertical bars, spaced at intervals narrower than the width of the raptor's body.

(7) The floor of the indoor area of the primary facility shall consist of material that is easily cleaned and well drained.

(8) Each indoor area of the primary facility shall include shelf-perch enclosures where raptors are tethered side by side. Other housing systems shall be acceptable if they afford the enclosed raptors with protection and maintain healthy feathers.

(9) A falconry raptor, or raptors, may be kept inside the permittee's residence if a suitable perch, or perches, are provided. Windows and other openings in the residence structure shall not be required to be modified. All raptors kept in the residence shall be tethered when the raptors are not being moved into or out of the location where they are kept.

(10) Each outdoor area of the primary facility shall be totally enclosed and shall be made of heavy-gauge wire, heavy-duty plastic mesh, slats, pipe, wood, or other suitable material.

(11) Each outdoor area of the primary facility shall be covered and have at least a covered perch to protect a raptor held in the facility from predators and weather. Each outdoor area of the primary facility shall be large enough to ensure that all the raptors held inside cannot strike the enclosure when flying from the perch.

(12) Any new design of primary facility may be used if the primary facility meets the requirements of this subsection and is approved in writing by the department.

(c) Falconry raptors may be kept outside, including in a weathering yard at a falconry meet, if the raptors are under watch by the permittee or a designated individual.

(d) The permittee may transport any permitted raptor if the bird is provided with a suitable perch and is protected from extreme temperatures, wind, and excessive disturbance. A giant hood or similar container may be used for transporting the bird or for housing it while away from the primary facility.

(e) The permittee shall inform the department of any change of location of the primary facility within five business days of the move to the new location.

(f) The property where the primary facility is located may be owned by the permittee or another person and may be at the residence of the permittee or at a different location.

The permittee shall submit to the department a signed and dated statement showing that the permittee agrees that the primary facility, equipment, all falconry-related facilities, equipment, records, and raptors may be inspected without advance notice by department authorities at any reasonable time on any day of the week if the inspections are in the presence of the permittee. If the property is not owned by the permittee, the actual property owner shall also sign the statement acknowledging the inspection allowance.

(g) The permittee shall provide and maintain the following equipment during the term of the permit:

(1) At least one pair of Aylmeri jesses, or jesses of a similar type, constructed of pliable, high-quality leather or a suitable synthetic material. The jesses shall be used when any raptor is flown free. Traditional one-piece jesses may be used on raptors when not being flown;

(2) at least one flexible, weather-resistant leash and one strong swivel of acceptable falconry design;

(3) at least one suitable bath container for each raptor. Each container shall be at least two to six inches deep and wider than the length of the raptor; and

(4) a reliable scale or balance that is suitable for weighing the raptors and is graduated to increments of not more than $\frac{1}{2}$ ounce (15 grams).

(h) A permittee may house a raptor in temporary facilities for no more than 120 consecutive days if the bird is provided with a suitable perch and protection from predators, domestic animals, extreme temperatures, wind, and excessive disturbance.

(i) A permittee may allow a raptor to be temporarily cared for and possessed by another falconry permittee in accordance with the following requirements:

(1) The raptor shall be kept at the permittee's primary facility or at the permitted primary facility of the other permittee.

(2) The raptor shall be cared for by the other permittee for no more than 120 consecutive days, unless the department provides a written extension of time for extenuating circumstances that may include illness, military service, or a family emergency. Extenuating circumstances may be considered by the secretary on a case-by-case basis.

(3) The permittee shall provide the other permittee with a signed, dated statement authorizing the temporary possession. The statement shall include information specifying the time period during which the temporary care and possession are allowed and what activity is allowed. The permittee providing the temporary care may fly the raptor as authorized in the statement, including hunting, if the permittee providing the temporary care holds the appropriate level of falconry permit. The raptors being provided temporary care shall not count against the possession limit of the permittee providing the care.

(4) The permittee shall provide a copy of the United States fish and wildlife service form 3-186A showing that permittee as the possessor of the raptor to the other permittee providing the temporary care.

(j) Any permittee may allow a raptor to be temporarily cared for by an individual who does not possess a falconry permit in accordance with the following provisions:

(1) The raptor shall not be removed from the permittee's facility during the time of temporary care. The person caring for the raptor shall not fly the raptor for any reason.

(2) The raptor may be cared for by another person for no more than 45 consecutive days, unless the department provides a written extension of time for extenuating circumstances that may include illness, military service, or a family emergency. Extenuating circumstances may be considered by the secretary on a case-by-case basis.

(3) The raptor shall remain on the permittee's falconry permit.

(k) Falconry raptors may be trained or conditioned in accordance with the following provisions:

(1) Equipment or techniques acceptable for falconry practices including or similar to any of the following may be used:

(A) Tethered flying, which is also known as flying with a creance;

(B) lures made from animal parts;

(C) balloons;

(D) kites; or

(E) remote-control airplanes.

(2) The following species of live wildlife may be used:

(A) Rock dove or domestic pigeon;

(B) European starling;

(C) house sparrow;

(D) Hungarian partridge;

(E) Chukar partridge; and

(F) any small game, as defined by K.S.A. 32-701 and amendments thereto, during the established hunting seasons for the small game.

(l) All facilities and equipment shall be properly maintained and cleaned during the term of the permit.

(m) Mistreatment of any raptor shall be grounds for revocation of the falconer's permit and for confiscation of any raptors in possession of the falconer. "Mistreatment" shall be defined as any of the following:

(1) Having physical custody of a raptor and failing to provide food, potable water, protection from the elements, opportunity for exercise, and other care as is needed for the health and well-being of the raptor;

(2) abandoning or leaving any raptor in any place without making provisions for its proper care; or

(3) failing to meet the requirements of this regulation.

This regulation shall be effective on and after December 31, 2012. (Authorized by and implementing K.S.A. 32-807; effective Dec. 31, 2012.)

115-14-14. Falconry; taking, banding, transporting, and possessing raptors. (a) Each person taking a raptor from the wild for falconry purposes shall possess a current, valid hunting license pursuant to K.S.A. 32-919, and amendments thereto, and meet the requirements for hunter education certification pursuant to K.S.A. 32-920, and amendments thereto.

(b) Each falconer shall apply for and receive a permit from the department before attempting to take a raptor from the wild in Kansas.

(c) Each capture device used to capture raptors shall have a tag attached showing the permittee's name, address, and current falconry permit number.

(d) The permittee shall acquire permission from the landowner or the person controlling any private land before taking or attempting to take any wild raptor for falconry purposes.

(e) Wild raptors may be taken for falconry purposes if the species is approved by the department to be taken by the permittee and is allowed under the level of falconry permit possessed by the permittee in accordance with K.A.R. 115-14-12.

(1) A permittee shall not intentionally take a raptor species that the permittee is prohibited from possessing by the permittee's classification level.

(2) If a permittee captures a prohibited bird, the permittee shall immediately release it.

(f) A permittee shall take no more than two raptors from the wild each year to use in falconry in accordance with the permit level limitations specified in K.A.R. 115-14-12. The take shall be further restricted by the following provisions:

(1) Passage and haggard raptors may be taken by apprentice falconers, general falconers, and master falconers year-round.

(2) Raptors less than one year of age may be taken only by a general falconer or master falconer and may be taken year-round.

(3) No more than two eyases may be taken by a general falconer or a master falconer per calendar year. At least one eyas shall be left in the nest when an eyas is taken.

An apprentice falconer shall not take an eyas raptor from the wild.

(4) The following raptors may be taken from the wild, but only during the specified stages of development:

(A) Red-tailed hawk (*Buteo jamaicensis*) in the eyas and passage stages;

(B) American kestrel (*Falco sparverius*) in all stages; and

(C) great horned owl (*Bubo virginianus*) in all stages.

(5) Any other species of raptor in the eyas or passage stage of development may be taken by general falconers and master falconers.

(6) The recapture of a falconry bird that has been lost by a falconry permittee shall not be considered to be the capture of a wild raptor to be counted against the annual limit.

(g) Except as provided by this subsection, no species designated by the United States or in K.A.R. 115-15-1 as endangered or threatened shall be taken from the wild.

(1) A general falconer or master falconer may obtain a permit to take one wild raptor listed by federal law as threatened for falconry purposes.

(2) (A) The permittee shall submit an application and receive a federal endangered species permit before taking the bird.

(B) The permittee shall submit an application and receive approval and a permit from the department before taking the bird.

(h) Each raptor taken from the wild shall always be considered a wild bird.

(i) Each raptor taken from the wild in a calendar year by a permittee and then transferred to a second permittee shall count as one of the raptors allowed to be taken by the first permittee who took the raptor from the wild. The raptor transferred to the receiving permittee shall not count against the limit of wild raptors that may be taken in the calendar year by the receiving permittee.

(j) Each raptor taken from the wild shall be reported as follows:

(1) The permittee who is present and takes possession of a wild raptor at the capture site shall file the required report information within 10 calendar days of the capture by submitting the information to the electronic database of the United States fish and wildlife service.

(2) Any permittee may enlist the assistance of another person to take a wild raptor if the permittee is at the exact location of the capture and takes immediate possession of the bird.

(3) Any permittee who does not take immediate possession of a wild raptor at the exact location of the capture may acquire a wild raptor from a general falconer or master falconer, as defined in K.A.R. 115-14-12, in accordance with the following reporting requirements:

(A) The general falconer or master falconer who takes the raptor from the wild shall report the capture in accordance with paragraph (j)(1).

(B) The permittee receiving the wild raptor from the general falconer or master falconer shall report the transfer of the bird within 10 calendar days of the transfer by submitting the information to the electronic database of the United States fish and wildlife service.

(4) Any permittee who has a long-term or permanent physical impairment that prevents the individual from being present at the exact location

of the capture and taking immediate possession of a wild raptor that may be used by the permittee for falconry purposes may acquire a bird by the following means:

(A) Any general falconer or master falconer, as defined by K.A.R. 115-14-12, may capture the wild raptor.

This capture shall not count against the general falconer's or master falconer's calendar-year limit for the take of wild raptors. However, this capture shall count against the calendar-year limit for wild raptors of the permittee with the long-term or permanent physical impairment.

(B) The permittee with the long-term or permanent physical impairment shall file the capture report in accordance with paragraph (j)(1).

(C) The permittee with the long-term or permanent physical impairment shall confirm the presence of the impairment and the need to report in accordance with this subsection at the time of application for the capture permit.

(k) A master falconer may be authorized by permit to possess not more than three eagles, including golden eagles, white-tailed eagles, or Steller's sea eagles, for falconry in accordance with the following provisions:

(1) Each eagle possessed shall count against the possession limit for the permittee.

(2) A golden eagle may be taken in a location declared by the wildlife services of the United States department of agriculture or in an area within a state that has been established as a livestock depredation area in accordance with the following provisions:

(A) An immature or a subadult golden eagle may be taken in a livestock depredation area while the depredation area is in effect.

(B) A nesting adult golden eagle, or an eyas from its nest, may be taken in a livestock depredation area if a biologist that represents the agency responsible for establishing the depredation area has determined that the adult eagle is preying on livestock.

(C) The permittee shall notify the regional law enforcement office of the United States fish and wildlife service of the capture plan before any trapping activity begins. Notification shall be submitted in person, in writing, or by facsimile or electronic mail at least three business days before the start of trapping.

(l) Any raptor wearing falconry equipment or any captive-bred raptor may be recaptured at any time by any permittee in accordance with the following provisions:

(1) The permittee may recapture the raptor whether or not the permittee is allowed to possess that species.

(2) The recaptured bird shall not count against the permittee's possession limit. This take from the wild shall not count against the capture limit for the calendar year.

(3) The permittee shall report the recapture to the department within five working days of the recapture.

(4) The disposition of any recaptured bird shall be as follows:

(A) The bird shall be returned to the person who lost it, if that person may legally possess the bird and chooses to do so. If the person who lost the bird either is prohibited from taking or chooses not to take the bird, the permittee who captured the bird may take possession of the bird if the permittee holds the necessary qualifications for the species and does not exceed the permittee's possession limit.

(B) The disposition of a recaptured bird whose legal ownership cannot be ascertained shall be determined by the department.

(m) Each goshawk, Harris's hawk (*Parabuteo unicinctus*), peregrine falcon (*Falco peregrinus*), or gyrfalcon (*Falco rusticolus*) taken from the wild or acquired from a rehabilitator by a falconry permittee shall be identified by one or more of the following means:

(1) The bird shall be banded with a black nylon, permanent, nonreusable, numbered falconry registration leg band from the United States fish and wildlife service. The bands shall be made available through the department. Any permittee may request an appropriate band before any effort to capture a raptor.

(2) In addition to the band specified in paragraph (m)(1), the permittee may purchase and have implanted in the bird a 134.2 kHz microchip that is compliant with the requirements of an international organization for standardization. All costs associated with the implantation of a microchip shall be the responsibility of the permittee.

(3) The permittee shall report the take of any bird within 10 days of the take by submitting the required information, including the band number or the microchip information, or both, to the electronic database of the United States fish and wildlife service.

(4) The permittee shall report to the department the loss or removal of any black nylon, non-

reusable leg band within five days of the removal or notice of loss.

(A)(i) When submitting the report, the permittee shall submit a request for a black, nylon, nonreusable leg band to the United States fish and wildlife service.

(ii) The permittee may purchase and implant a 134.2 kHz microchip that is compliant with the requirements of an international organization for standardization, in addition to using the black, nylon, nonreusable leg band for rebanding.

(B) The permittee shall immediately submit the required information relating to the rebanding or the implanting of a microchip by submitting the information to the electronic database of the United States fish and wildlife service.

(n) Each raptor bred in captivity shall be banded with a seamless metal falconry registration band provided by the United States fish and wildlife service. In addition, any such raptor may have implanted a 134.2 kHz microchip that is compliant with the requirements of an international organization for standardization.

The permittee shall report to the department the loss or removal of any seamless band within 10 days of the removal or notice of loss.

(1)(A) When submitting the report, the permittee shall submit a request for a yellow, nylon, nonreusable leg band to the United States fish and wildlife service.

(B) The permittee may purchase and implant a 134.2 kHz microchip that is compliant with the requirements of an international organization for standardization, in addition to using the seamless leg band for rebanding.

(2) The permittee shall immediately submit the required information relating to the rebanding or the implanting of a microchip by submitting the information to the electronic database of the United States fish and wildlife service.

(o) A falconry registration band shall not be altered, defaced, or counterfeited. However, the rear tab on a falconry registration band used to identify a raptor taken from the wild may be removed and any imperfect surface may be smoothed if the integrity of the band and the numbering on the band are not affected.

(p) The falconry registration band requirement may be waived by the secretary and the removal of a registration band may be allowed in order to address a documented health or injury problem caused to a raptor by the registration band in accordance with the following provisions:

(1) The permittee shall be required to carry a copy of the exemption paperwork at all times while transporting or flying the raptor.

(2) A microchip compliant with the requirements of an international organization for standardization and provided by the United States fish and wildlife service shall be used to replace the registration band causing the health or injury problem on a wild-caught goshawk, Harris's hawk, peregrine falcon, or gyrfalcon.

(q) A wild-caught falcon shall not be banded with a seamless numbered band.

(r) Any permittee, with prior authorization, may take a wild raptor, including a wild raptor that has been banded with an aluminum band from the federal bird-banding laboratory of the United States fish and wildlife service, during the legal season using legal methods and equipment, in accordance with the following provisions:

(1) Each captured raptor that has any band, research marker, or transmitter attached to it shall be immediately reported to the federal bird-banding laboratory of the United States fish and wildlife service. The reported information shall include any identifying numbers, the date and location of capture, and any other relevant information.

(2) A peregrine falcon that is banded with a research band or has a research marking attached to the bird shall not be taken from the wild and shall be immediately released.

(3) A captured peregrine falcon that has a research transmitter attached to the bird may be kept by the permittee not more than 30 days if the federal bird-banding laboratory of the United States fish and wildlife service is immediately contacted after the capture. The disposition of the captured peregrine falcon shall be in accordance with the directions provided by the federal bird-banding laboratory or its designee.

(4) Any raptor, other than a peregrine falcon, that has a transmitter attached to it may be possessed by the permittee who captured the bird for not more than 30 days in order to contact the researcher, or the researcher's designee, to determine if the transmitter should be replaced.

(A) The temporary, 30-day possession of the bird shall not count against the permittee's possession limit for falconry raptors.

(B) If the permittee who captured the raptor wishes to possess the bird for falconry purposes, the disposition of the bird shall be at the discretion of the researcher and the secretary if the species of the bird is allowable under the classi-

fication level of the permittee and the permittee's possession of the captured bird does not exceed the established possession limit.

(s) Each raptor, including a peregrine falcon, that is captured and found with a seamless metal band, a transmitter, or any other item identifying it as a falconry bird attached to it shall be reported to the department within five days of capture.

(1) Each such falconry raptor shall be returned to the person who lost the raptor.

(2) If the person who lost the bird is prohibited from possessing the bird or does not wish to possess the bird, the permittee who captured the bird may keep the bird if the permittee holds the necessary qualifications for the species and does not exceed the permittee's possession limit.

(3) If the permittee who captured the bird is prohibited from possessing the bird, the disposition of the bird shall be at the discretion of the secretary.

(4) The recaptured falconry bird shall not count against the possession limit or the calendar-year limit of wild birds that may be taken by the permittee during the time the recaptured bird is being held pending final disposition.

(t) Each raptor that is injured during trapping activities shall be handled in accordance with the provisions of this subsection. It shall be the permittee's responsibility to address any injury occurring to a raptor during trapping activities in one of the following ways:

(1) The permittee may take the raptor into possession and apply it to the permittee's possession limit if the raptor is of a species allowed to be possessed and the permittee's possession limit is not exceeded.

(A) The take shall be reported in accordance with subsection (j).

(B) The raptor shall be treated by a veterinarian or a permitted wildlife rehabilitator. The cost for the care and treatment of the raptor shall be the responsibility of the permittee.

(2) The raptor may be turned over directly to a veterinarian, a permitted wildlife rehabilitator, or a department employee, and the raptor shall not be counted against the permittee's allowable take or possession limit. The permittee shall be responsible for the costs relating to the care and rehabilitation of the bird.

(u)(1) The permittee shall report each raptor that dies or is acquired, transferred, rebanded, implanted with a microchip, lost to the wild and not recovered within 30 calendar days, or stolen by

submitting the information to the electronic database of the United States fish and wildlife service.

(2) In addition to submitting the report required in paragraph (u)(1), the permittee shall file a report of the theft of a raptor with the department and the appropriate regional law enforcement office of the United States fish and wildlife service within 10 calendar days of the theft.

(3) The permittee shall keep copies of all electronic database submissions documenting the take, transfer, loss, theft, rebanding, or implanting of microchips of each falconry raptor for at least five years after the bird has been transferred, released to the wild, or lost, or has died.

(v) The intentional release to the wild of any falconry raptor shall be in accordance with the following requirements:

(1) A species of raptor that is not native to Kansas shall not be released to the wild. Any such bird may be transferred to another falconry permittee if the permittee receiving the bird is authorized to possess the age and species of raptor and the transfer does not exceed the possession limit of the permittee receiving the bird.

(2) Any species of raptor that is native to Kansas and is captive-bred may be released to the wild according to the following requirements:

(A) The permittee shall obtain the department's permission to release the bird to the wild before the actual release. The time of year and the location where the release shall take place shall be specified by the department.

(i) The release of a raptor on department lands or waters shall meet the requirements of K.A.R. 115-8-12.

(ii) The permittee shall acquire verbal permission from the landowner or person in control of the private land before the release of the raptor.

(B) The permittee shall remove any tag, transmitter, or nonreusable falconry band, if present, before release. All falconry identification bands, tags, or markers shall then be surrendered to the department within 10 calendar days of the release.

(C) The permittee shall report the release of the bird within 10 calendar days of the release by submitting the required information to the electronic database of the United States fish and wildlife service.

(3) Any species of raptor that is native to Kansas and was taken from the wild may be released to the wild according to the following requirements:

(A) The permittee may release the bird to the wild year-round.

(i) Each release of a raptor on department lands or waters shall meet the requirements of K.A.R. 115-8-12.

(ii) The permittee shall acquire verbal permission from the landowner or person in control of the private land before the release of the raptor.

(B) The permittee shall remove any tag, transmitter, or nonreusable falconry band, if present, before the release. All falconry identification bands, tags, or markers shall then be surrendered to the department within 10 calendar days of the release.

(C) The permittee shall report the release of the bird within 10 calendar days of the release by submitting the required information to the electronic database of the United States fish and wildlife service.

(4) No hybrid raptor, as defined in K.A.R. 115-14-11, shall be intentionally released to the wild permanently.

(5) Hacking, which means temporarily releasing a falconry raptor to the wild for conditioning, shall be permissible. (Authorized by and implementing K.S.A. 32-807, as amended by L. 2012, ch. 47, sec. 25; effective Dec. 31, 2012; amended Feb. 8, 2013.)

115-14-15. Falconry; transfers, trading, and sale of raptors.

(a) The number of transactions transferring a falconry raptor between permittees shall not be restricted if the permittee taking possession of the raptor does not exceed the possession limit in K.A.R. 115-14-12.

(b) Upon the death of a falconry permittee, the surviving spouse, executor, administrator, or other legal representative of the deceased falconry permittee may transfer any raptor held by the permittee to another authorized permittee within 90 days. After 90 days, the disposition of any raptor held under the permit shall be at the discretion of the secretary.

(c) No wild-caught raptor shall be sold or purchased, bartered, or traded, whether or not the raptor has been transferred or held in captivity for any period.

(d) A wild-caught raptor may be transferred to another falconry permit holder in accordance with the following requirements:

(1) The transferor shall report the transfer within 10 calendar days by submitting the information to the electronic database of the United States fish and wildlife service.

(2) Upon transfer to another properly permitted falconer, the raptor shall not count toward the

number of wild raptors that may be taken from the wild by the receiving falconer.

(e) A wild-caught raptor may be transferred to the holder of a raptor propagation permit in accordance with the following provisions:

(1) A falconry raptor shall be transferred to a properly permitted captive propagation permittee if the raptor is used for propagation purposes for more than eight months.

(A) The individual holding the raptor propagation permit may be the same individual holding the falconry permit or a different person.

(B) Each raptor that is transferred shall have been used for falconry for at least two calendar years, except that the following raptor species shall have been used for falconry for at least one calendar year:

- (i) Sharp-shinned hawk (*Accipiter striatus*);
- (ii) Cooper's hawk (*Accipiter cooperii*);
- (iii) merlin (*Falco columbarius*); and
- (iv) American kestrel (*Falco sparverius*).

(C) The falconry permittee shall report the transfer within 10 calendar days by submitting the information to the electronic database of the United States fish and wildlife service.

(D) The transferred bird shall be banded with a black nylon, nonreusable, numbered band issued by the United States fish and wildlife service.

(2) A falconry raptor may be temporarily transferred to a permitted captive propagation permittee for propagation purposes in accordance with the following provisions:

(A) The individual holding the raptor propagation permit may be the same individual holding the falconry permit or a different person.

(B) A falconry raptor shall not be used for captive propagation for more than eight months in a calendar year.

(C) The permittee shall notify the department in writing of the dates on which the bird begins and ends captive propagation activity.

(3) A falconry raptor may be permanently transferred to the holder of a permit type other than a falconry permit or captive propagation permit in accordance with the following provisions:

(A) The transfer may occur regardless of the time during which the wild-caught bird has been used for falconry purposes.

(B) The bird shall have been injured and a veterinarian or wildlife rehabilitator shall have determined that the bird shall no longer be flown for falconry.

(C) The falconry permittee shall report the transfer within 10 calendar days by submitting

the information to the electronic database of the United States fish and wildlife service. The falconry permittee shall also provide a copy of the certification from the veterinarian or wildlife rehabilitator stating that the bird cannot be used for falconry to the regional migratory bird permit office of the United States fish and wildlife service within 10 calendar days of the transfer.

(f) Any captive-bred falconry raptor may be transferred to another falconry permit holder. The transferor shall report the transfer within 10 calendar days by submitting the transfer report to the electronic database of the United States fish and wildlife service.

(g) A captive-bred falconry raptor may be transferred to the holder of a permit type other than falconry. The transferor shall report the transfer within 10 calendar days to the electronic database of the United States fish and wildlife service.

(h) Any permittee may acquire a raptor for falconry purposes from a permitted rehabilitator if all of the following requirements are met:

(1) The raptor shall be of an age and species allowed under the permittee's classification level.

(2) The acquisition shall not place the permittee in excess of the possession limit.

(3) The transfer from the rehabilitator to the permittee shall be at the discretion of the rehabilitator.

(4) Each raptor acquired by transfer from a rehabilitator shall count as one of the raptors that the permittee is allowed to take from the wild for that calendar year.

(5) The permittee shall report each raptor acquired by transfer from a rehabilitator within 10 days of the transfer by submitting the required information to the electronic database of the United States fish and wildlife service. This regulation shall be effective on and after December 31, 2012. (Authorized by and implementing K.S.A. 32-807; effective Dec. 31, 2012.)

Article 15.—NONGAME, THREATENED AND ENDANGERED SPECIES

115-15-1. Threatened and endangered species; general provisions. (a) The following species shall be designated endangered within the boundaries of the state of Kansas.

(1) Invertebrates

Flat floater mussel, *Utterbackia suborbiculata*
(Say, 1831)

- Rabbitsfoot mussel, *Thaliderna cylindrica*
(Say, 1817)
- Western fanshell mussel, *Cyprogenia aberti*
(Conrad, 1850)
- Neosho mucket mussel, *Lampsilis rafinesqueana*
(Frierson, 1927)
- Elktoe mussel, *Alasmidonta marginata*
(Say, 1818)
- Ellipse mussel, *Venustaconcha ellipsiformis*
(Conrad, 1836)
- Slender walker snail, *Pomatiopsis lapidaria*
(Say, 1817)
- Scott optioservus riffle beetle,
Optioservus phaeus
(White, 1978)
- American burying beetle,
Nicrophorus americanus
(Olivier, 1890)
- Mucket, *Actinonaias ligamentina*
(Lamarck, 1819)
- Cylindrical papershell mussel,
Anodontoides ferussacianus
(I. Lea, 1834)
- (2) Fish
- Arkansas River shiner, *Notropis girardi*
(Hubbs and Ortenburger, 1929)
- Pallid sturgeon, *Scaphirhynchus albus*
(Forbes and Richardson, 1905)
- Sicklefin chub, *Macrhybopsis meeki*
(Jordan and Evermann, 1896)
- Peppered chub, *Macrhybopsis tetranema*
(Gilbert, 1886)
- Silver chub, *Macrhybopsis storeriana*
(Kirtland, 1845)
- (3) Amphibians
- Cave salamander, *Eurycea lucifuga*
(Rafinesque, 1822)
- Grotto salamander, *Eurycea spelaea*
(Stejneger, 1892)
- (4) Birds
- Least tern, *Sternula antillarum*
(Lesson, 1847)
- Whooping crane, *Grus americana*
(Linnaeus, 1758)
- (5) Mammals
- Black-footed ferret, *Mustela nigripes*
(Audubon and Bachman, 1851)
- Gray myotis, *Myotis grisescens*
(A.H. Howell, 1909)
- (b) The following species shall be designated
threatened within the boundaries of the state of
Kansas.
- (1) Invertebrates
- Rock pocketbook mussel, *Arcidens confragosus*
(Say, 1829)
- Flutedshell mussel, *Lasmigona costata*
(Rafinesque, 1820)
- Butterfly mussel, *Ellipsaria lineolata*
(Rafinesque, 1820)
- Ouachita kidneyshell mussel,
Ptychobranthus occidentalis
(Conrad, 1836)
- Sharp hornsnail, *Pleurocera acuta*
(Rafinesque, 1831)
- Delta hydrobe, *Probythinella emarginata*
(Kuster, 1852)
- (2) Fish
- Flathead chub, *Platygobio gracilis*
(Richardson, 1836)
- Hornyhead chub, *Nocomis biguttatus*
(Kirtland, 1840)
- Neosho madtom, *Noturus placidus*
(Taylor, 1969)
- Redspot chub, *Nocomis asper*
(Lachner and Jenkins, 1971)
- Blackside darter, *Percina maculata*
(Girard, 1859)
- Sturgeon chub, *Macrhybopsis gelida*
(Girard, 1856)
- Western silvery minnow, *Hybognathus argyritis*
(Girard, 1856)
- Topeka shiner, *Notropis topeka*
(Gilbert, 1884)
- Shoal chub, *Macrhybopsis hyostoma*
(Gilbert, 1884)
- Plains minnow, *Hybognathus placitus*
(Girard, 1856)
- (3) Amphibians
- Eastern newt, *Notophthalmus viridescens*
(Rafinesque, 1820)
- Longtail salamander, *Eurycea longicauda*
(Green, 1818)
- Eastern narrow-mouthed toad,
Gastrophryne carolinensis
(Holbrook, 1836)
- Green frog, *Lithobates clamitans*
(Latreille, 1801)
- Strecker's chorus frog, *Pseudacris streckeri*
(Wright and Wright, 1933)
- Green toad, *Anaxyrus debilis*
(Girard, 1854)
- (4) Reptiles
- Broad-headed skink, *Plestidion laticeps*
(Schneider, 1801)
- Checkered gartersnake,
Thamnophis marcianus
(Baird and Girard, 1853)
- New Mexico Threadsnake, *Rena dissectus*
(Cope, 1896)
- (5) Birds
- Piping plover, *Charadrius melodius*
(Ord, 1824)
- Snowy plover, *Charadrius nivosus*
(Linnaeus, 1758)
- (6) Mammals

Eastern spotted skunk, *Spilogale putorius*
(Linnaeus, 1758)

(7) Turtles

Northern map turtle, *Graptemys geographica*
(Le Sueur, 1817)

(c) A threatened or endangered species taken during established trapping seasons, authorized commercial wildlife operations, fishing by hook and line, bait fish seining, or other lawful activity shall not be unlawfully taken if immediately released.

(d) Any threatened or endangered species in possession before the effective date of this regulation and not prohibited by any previous regulation of the department or national listings may be retained in possession if either of the following conditions is met:

(1) An application of affidavit to that effect has been filed with and approved by the secretary before January 1, 1990 that states the circumstances of how the species came into possession.

(2) Possession of the animal has been previously approved by the department. (Authorized by K.S.A. 32-960 and 32-963; implementing K.S.A. 32-960, K.S.A. 2018 Supp. 32-961, K.S.A. 32-963, K.S.A. 32-1010, and K.S.A. 32-1011; effective Oct. 30, 1989; amended Aug. 31, 1992; amended Nov. 29, 1999; amended Feb. 18, 2005; amended July 24, 2009; amended Nov. 14, 2014; amended Dec. 20, 2019.)

115-15-2. Nongame species; general provisions. (a) The following species shall be designated nongame species in need of conservation within the boundaries of the state of Kansas.

(1) Invertebrates

Snuffbox mussel, *Epioblasma triquetra*
(Rafinesque, 1820)

Wartyback mussel, *Cyclonaias nodulata*
(Rafinesque, 1820)

Spike mussel, *Elliptio dilatata*
(Rafinesque, 1820)

Fatmucket mussel, *Lampsilis siliquoidea*
(Barnes, 1823)

Yellow sandshell mussel, *Lampsilis teres*
(Rafinesque, 1820)

Washboard mussel, *Megalaniais nervosa*
(Rafinesque, 1820)

Round pigtoe mussel, *Pleurobema sintoxia*
(Conrad, 1834)

Creeping mussel, *Strophitus undulatus*
(Say, 1817)

Fawnfoot mussel, *Truncilla donaciformis*
(I. Lea, 1828)

Deertoe mussel, *Truncilla truncata*
(Rafinesque, 1820)

Ozark emerald dragonfly,
Somatochlora ozarkensis
(Bird, 1833)

Gray petaltail dragonfly, *Tachopteryx thoreyi*
(Hagen in Selys, 1857)

Prairie mole cricket, *Gryllotalpa major*
(Saussure, 1874)

Neosho midget crayfish, *Orconectes macrus*
(Williams, 1952)

(2) Fish

Arkansas darter, *Etheostoma cragini*
(Gilbert, 1885)

Banded darter, *Etheostoma zonale*
(Cope, 1868)

Banded sculpin, *Cottus carolinae*
(Gill, 1861)

Black redbhorse, *Moxostoma duquesnei*
(Le Sueur, 1817)

Blue sucker, *Cycleptus elongatus*
(Le Sueur, 1817)

Western blacknose dace, *Rhinichthys obtusus*
(Agassiz, 1854)

Bluntnose darter, *Etheostoma chlorosoma*
(Hay, 1881)

Brassy minnow, *Hybognathus hankinsoni*
(Hubbs, 1929)

Gravel chub, *Erimystax x-punctatus*
(Hubbs and Crowe, 1956)

Greenside darter, *Etheostoma blennioides*
(Rafinesque, 1819)

Highfin carpsucker, *Carpionodes velifer*
(Rafinesque, 1820)

Northern hog sucker, *Hypentelium nigricans*
(Le Sueur, 1817)

Ozark minnow, *Notropis nubilus*
(Forbes, 1878)

River darter, *Percina shumardi*
(Girard, 1859)

River redbhorse, *Moxostoma carinatum*
(Cope, 1870)

River shiner, *Notropis blennius*
(Girard, 1856)

Slough darter, *Etheostoma gracile*
(Girard, 1859)

Highland darter, *Etheostoma teddyroosevelt*
(Jordan, 1877)

Spotfin shiner, *Cyprinella spiloptera*
(Cope, 1868)

Spotted sucker, *Minytrema melanops*
(Rafinesque, 1820)

Sunburst darter, *Etheostoma mihileze*
(Agassiz, 1854)

Tadpole madtom, *Noturus gyrinus*
(Mitchill, 1817)

Brindled madtom, *Noturus miurus*
(Jordan, 1877)

Bigeye shiner, *Notropis boops*
(Gilbert, 1884)

- Redfin darter, *Etheostoma whipplei*
(Girard, 1859)
- Lake Sturgeon, *Acipenser fulvescens*
(Rafinesque, 1817)
- Striped shiner, *Luxilus chrysocephalus*
(Rafinesque, 1820)
- Common shiner, *Luxilus cornutus*
(Mitchill, 1817)
- Southern Redbelly Dace,
Chrosomus erythrogaster
(Rafinesque, 1820)
- Cardinal Shiner, *Luxilus cardinalis*
(Mayden, 1988)
- Johnny Darter, *Etheostoma nigrum*
(Rafinesque, 1820)
- Chestnut lamprey, *Ichthyomyzon castaneus*
(Girard, 1858)
- Silverband shiner, *Notropis shumardi*
(Girard, 1856)
- (3) Amphibians
- Red-spotted toad, *Anaxyrus punctatus*
(Baird and Girard, 1852)
- Crawfish frog, *Lithobates areolatus*
(Baird and Girard, 1852)
- Spring peeper, *Pseudacris crucifer*
(Wied-Neuwied, 1838)
- (4) Reptiles
- Rough earthsnake, *Haldea striatula*
(Linnaeus, 1766)
- Plains hog-nosed snake, *Heterodon nasicus*
(Baird and Girard, 1852)
- Timber rattlesnake, *Crotalus horridus*
(Linnaeus, 1758)
- Eastern hog-nosed snake, *Heterodon platirhinos*
(Latreille, 1801)
- Glossy snake, *Arizona elegans*
(Kennicott, 1859)
- Chihuahuan nightsnake, *Hypsiglena jani*
(Duges, 1865)
- Red-bellied snake, *Storeria occipitomaculata*
(Storer, 1839)
- Long-nosed snake, *Rhinocheilus lecontei*
(Baird and Girard, 1853)
- Smooth earthsnake, *Virginia valeriae*
(Baird and Girard, 1853)
- (5) Birds
- Bobolink, *Dolichonyx oryzivorus*
(Linnaeus, 1758)
- Cerulean warbler, *Setophaga cerulea*
(Wilson, 1810)
- Curve-billed thrasher, *Toxostoma curvirostre*
(Swainson, 1827)
- Ferruginous hawk, *Buteo regalis*
(Gray, 1844)
- Golden eagle, *Aquila chrysaetos*
(Linnaeus, 1758)
- Short-eared owl, *Asio flammeus*
(Pontoppidan, 1763)
- Henslow's sparrow, *Ammodramus henslowii*
(Audubon, 1829)
- Ladder-backed woodpecker, *Picoides scalaris*
(Wagler, 1829)
- Long-billed curlew, *Numenius americanus*
(Bechstein, 1812)
- Mountain plover, *Charadrius montanus*
(Townsend, 1837)
- Chihuahuan raven, *Corvus cryptoleucus*
(Couch, 1854)
- Black tern, *Chlidonias niger*
(Linnaeus, 1758)
- Black rail, *Laterallus jamaicensis*
(Gmelin, 1789)
- Eastern whip-poor-will, *Antrostomas vociferus*
(Wilson, 1812)
- Yellow-throated warbler, *Setophaga dominica*
(Linnaeus, 1776)
- (6) Mammals
- Franklin's ground squirrel, *Poliocitellus franklinii*
(Sabine, 1822)
- Pallid bat, *Antrozous pallidus*
(LeConte, 1856)
- Southern bog lemming, *Synaptomys cooperi*
(Baird, 1858)
- Southern flying squirrel, *Glaucomys volans*
(Linnaeus, 1758)
- Texas mouse, *Peromyscus attwateri*
(J.A. Allen, 1895)
- Townsend's big-eared bat,
Corynorhinus townsendii
(Cooper, 1837)
- Northern long-eared bat, *Myotis septentrionalis*
(Trouessart, 1897)
- (7) Turtles
- Alligator snapping turtle,
Macrochelys temminckii
(Troost, in Harlan, 1835)
- (b) Any nongame species in need of conservation taken during established trapping seasons, authorized commercial wildlife operations, fishing by hook and line, baitfish seining, or other lawful activity shall not be unlawfully taken if immediately released.
- (c) Any nongame species in need of conservation in possession before the effective date of this regulation and not prohibited by any previous regulation of the department or national listings may be retained in possession if either of the following conditions is met:
- (1) An application of affidavit to that effect has been filed with and approved by the secretary before January 1, 1990, that states the circumstances of how the species came into possession.
- (2) Possession of the animal has been previously approved by the department. (Authorized by

K.S.A. 32-959 and 32-963; implementing K.S.A. 32-959 and K.S.A. 2018 Supp. 32-1009; effective Oct. 30, 1989; amended Aug. 31, 1992; amended Nov. 29, 1999; amended Feb. 18, 2005; amended July 24, 2009; amended Nov. 14, 2014; amended Dec. 20, 2019.)

115-15-3. Threatened and endangered wildlife; special permits and enforcement actions. (a) The following definitions shall apply only to this regulation:

(1) “Action” means an activity resulting in physical alteration of a listed species’ critical habitat, physical disturbance of listed species, or destruction of individuals of a listed species.

(2) “Critical habitat” means either of the following:

(A) Specific geographic areas supporting a population of a listed species and including physical or biological features that meet the following requirements:

(i) Are essential to the conservation of the species; and

(ii) require special management or protection; or

(B) specific geographic areas not documented as currently supporting a population of a listed species but determined essential for the conservation of the listed species by the secretary.

(3) “Habitat” means the abode where a listed species is generally found and where all essentials for survival and growth of the listed species are present.

(4) “Intentional destruction” means an act or attempt that is willful and is done for the purpose of, and results in, the killing of a threatened or endangered species.

(5) “Intentional taking” means an act or attempt that is willful and is done for the purpose of taking a threatened or endangered species. “Intentional taking” shall include “intentional destruction” as defined in paragraph (a)(4).

(6) “Listed species” means those species listed in K.A.R. 115-15-1.

(7) “Normal farming and ranching practices” shall include activities financed with private funds on private lands and government cost-shared, routine agricultural land treatment measures.

(8) “Permit from another state or federal agency” shall not include a certification or registration.

(9) “Publicly funded,” when used to describe an action, means any action for which planning and implementation are wholly funded with monies from federal, state, or local units of government.

(10) “State or federally assisted,” when used to describe an action, means any action receiving technical assistance or partial funding from a state or federal governmental agency.

(b) Each person sponsoring or responsible for a publicly funded action, a state or federally assisted action, or an action requiring a permit from another state or federal government agency shall apply to the secretary for an action permit on forms provided by the department, unless one of the following exceptions applies:

(1) An action permit shall not be required to conduct normal farming and ranching practices, unless a permit is required by another state or federal agency or these practices involve an intentional taking.

(2) An action permit shall not be required for the development of residential and commercial property on privately owned property financed with private, nonpublic funds, unless a permit is required by another state or federal agency or the development involves an intentional taking.

(3) An action permit shall not be required for any activity for which a person has obtained a scientific, educational, or exhibition permit, pursuant to K.S.A. 32-952 and amendments thereto and K.A.R. 115-18-3.

(4) An action permit shall not be required for any species listed after July 1, 2016 if a recovery plan for the listed species is not completed within four years of the listing date, unless the species is listed as threatened or endangered under federal law or until a recovery plan for the listed species is completed.

(c) Each action permit application shall be submitted at least 90 days before the proposed starting date of the planned action and shall include the following information:

(1) Location and description of the proposed action and, if required, detailed plans of the proposed action;

(2) an assessment of potential impacts on the listed species or its critical habitat resulting from the proposed action; and

(3) proposed measures incorporated into the action plan to protect listed species or critical habitat of listed species.

(d) Each person sponsoring or responsible for an action for which an action permit is not required by subsection (b) and that will result in the intentional destruction of a member of any listed species shall apply to the secretary for an action permit on forms provided by the department. An

action permit shall not be required for any activity for which a person has obtained a scientific, educational, or exhibition permit, pursuant to K.S.A. 32-952 and amendments thereto and K.A.R. 115-18-3. An action permit application shall be submitted at least 30 days before the proposed starting date of the planned action and shall include the following information:

(1) Location and description of the proposed action and, if required, detailed plans of the proposed action;

(2) an assessment of potential impacts on the listed species or its critical habitat resulting from the proposed action; and

(3) proposed measures incorporated into the action plan to protect listed species or critical habitat of listed species.

(e) An action permit required under subsection (b) or (d) shall be issued by the secretary pursuant to a timely and complete application, if the proposed action meets the requirements of the following:

(1) Sufficient mitigating or compensating measures to ensure protection of either critical habitats or listed species, or both as conditions require, cooperatively developed by the department and the applicant and incorporated into the proposed action; and

(2) all federal laws protecting listed species.

(f) A public hearing on the proposed action may be provided by the secretary before issuance of an action permit.

(g) In addition to other penalties prescribed by law, any action permit may be revoked by the secretary for any of the following reasons:

(1) Violation of conditions established by the permit;

(2) significant deviation of an action from the proposed action; or

(3) failure to perform or initiate performance of an action within one year after the proposed starting date, unless otherwise specified in the permit or an extension has been authorized in writing by the secretary after a determination of no significant change in the proposed action.

(h) Law enforcement action shall be undertaken only in cases of intentional taking.

(i) Nothing in this regulation shall be deemed to exempt a person from the requirement to acquire knowledge of the presence of a listed species by the exercise of due diligence once a listed species is known to exist within an area or the area is designated as critical habitat. This subsection shall

be applied only to offenses or obligations arising under state statutes or regulations. (Authorized by K.S.A. 32-960b, K.S.A. 2016 Supp. 32-961, and K.S.A. 32-963; implementing K.S.A. 32-960b, K.S.A. 2016 Supp. 32-961, K.S.A. 32-962, and K.S.A. 32-963; effective Oct. 30, 1989; amended Dec. 29, 1997; amended Feb. 16, 2018.)

115-15-4. Recovery plans; procedures.

(a) The following definitions shall apply only to this regulation:

(1) "Recovery plan" means a designated strategy or methodology that, if funded and implemented, is reasonably expected to lead to the eventual restoration, maintenance, or delisting of a listed species.

(2) "Listed species" means those species listed in K.A.R. 115-15-1 and K.A.R. 115-15-2.

(3) "Local advisory committee" means a committee as described in K.S.A. 32-960a, and amendments thereto.

(b) A recovery plan shall be developed for each listed species, subject to the priority list for development of recovery plans, and shall be consistent with the amount of funds appropriated for that purpose.

(1) All listed species shall be ranked to establish priorities for recovery plan development. Any recovery plan may include more than one listed species.

(2) When, using the ranked priority list, a listed species is designated for recovery plan development, notice shall be published to that effect in the Kansas register and shall be mailed to persons who have requested to be notified of the recovery plan process for that listed species or for all species.

(3) Reasonable opportunity shall be provided for individuals, organizations, and other interested parties to participate and express their views about the development and implementation of a recovery plan.

(4) A local advisory committee shall be established to take part in the development of the recovery plan. The local advisory committee shall identify measures that minimize adverse social and economic impacts during recovery actions.

(c)(1) Each recovery plan shall include the following:

(A) The current status of the listed species, including the existing scientific knowledge of habitat requirements, limiting factors, and distribution;

(B) additional data needs;

(C) actions and land uses affecting the listed species;

(D) specific management activities that may be included in an agreement between the secretary and a landowner;

(E) critical habitat designations required for conservation and recovery of the listed species;

(F) objectives, criteria, and budgeted actions required to recover and protect the listed species;

(G) conservation assistance programs or other incentive-based opportunities for species conservation on private lands;

(H) information and education-based opportunities for conservation of listed species on private lands;

(I) delisting date goal; and

(J) estimated implementation cost.

(2) For each species listed before January 1, 1998, the existing critical habitat designation process and permitting authority shall be maintained by the department until a recovery plan is adopted for that species. The recovery plan, once adopted, shall determine the final designations for critical habitat as well as identify specific actions that are subject to permitting and enforcement authority.

(3) For newly listed species, critical habitat shall be temporarily designated by the secretary. Each temporary designation shall expire four years after the species is listed, unless the species is listed under federal law. Final critical habitat criteria and specific actions that are subject to permitting and enforcement authority shall be determined by the adopted recovery plan.

(4) Each critical habitat established through the recovery planning process shall supersede existing criteria and designations.

(5) Each critical habitat established through the recovery planning process or temporarily designated by the secretary shall be determined on the basis of the best scientific data available while taking into consideration the economic impact of the designation.

(6) Any geographic area may be excluded from a critical habitat designation by the secretary if the secretary determines that the benefits of the exclusion outweigh the benefits of the designation, unless the secretary determines that the failure to designate the critical habitat will result in the extirpation of the species, based on the best scientific and commercial data available.

(d) To meet the requirement that real property shall be included in management activities as

part of a recovery plan, pursuant to K.S.A. 79-32,203(a)(2) and amendments thereto, each landowner shall meet the following requirements:

(1) Undertake land management activities or improvements identified in the recovery plan; and

(2) be a signed party to an agreement with the secretary specifying those land management activities or improvements.

(e) Before its adoption, a draft recovery plan shall be distributed to relevant federal and state agencies, local and tribal governments that are affected by the recovery plan, and individuals and organizations that have requested notification of department actions regarding threatened or endangered species.

(f) After adoption of a recovery plan, cooperation with other state and federal agencies, local and tribal governments, and affected landowners for implementation of the recovery plan shall be sought by the secretary.

(g) If a listed species is also designated as a federal threatened or endangered species or is a candidate for federal designation, the recovery plan for that listed species shall be submitted to the secretary of the interior.

(h) Each recovery plan shall be reviewed at least once every five years, and the status of the listed species addressed by the recovery plan shall be monitored in the interim. The local advisory committee shall be consulted by the department during the review. This review shall take into account any new scientific knowledge or data since the original adoption of the recovery plan, as well as current population trends of the listed species. (Authorized by K.S.A. 32-960b; implementing K.S.A. 32-960a and K.S.A. 32-960b; effective Jan. 1, 1998; amended Feb. 16, 2018.)

Article 16.—WILDLIFE DAMAGE CONTROL

115-16-3. Nuisance bird control permit; application, provisions, and requirements.

(a) The term “nuisance birds” shall include those species specified in the department’s “Kansas nuisance bird species table,” dated April 11, 2017, which is hereby adopted by reference.

(b) Nuisance birds may be controlled when found depredating or about to depredate upon ornamental or shade trees, agricultural crops, livestock, or wildlife, or when concentrated in such numbers and manner as to constitute a health hazard or other nuisance.

(c) A nuisance bird control permit shall be required to use any lethal method of control that involves poisons or chemicals for controlling nuisance birds other than the English sparrow or European starling.

(d) Any person may apply to the secretary for a nuisance bird control permit. The application shall be submitted on forms provided by the department. Each applicant shall provide the following information:

- (1) The applicant's name;
- (2) the applicant's address;
- (3) the applicant's telephone number;
- (4) the location of the nuisance bird problem;
- (5) a description of the problem;
- (6) the species of birds involved;
- (7) the proposed method of control; and
- (8) the length of time for which the permit is requested.

(e) Issuance of a permit may be denied by the secretary if any of the following conditions is met:

- (1) The permit application is unclear or incomplete.
- (2) The need for nuisance bird control has not been established.
- (3) Use of the poison or chemical would pose inordinate risk to the public, non-target wildlife, or the environment.

(f) Each permit shall be valid only for the period specified on the permit, which shall not exceed one year.

(g) A permit may be extended by the secretary upon request and justification by the permittee. However, the combined total of the original and extended time periods shall not exceed one year.

(h) Each permit shall be valid only for the locations specified in the permit.

(i) In addition to other penalties as prescribed by law, a nuisance bird control permit may be revoked by the secretary if either of the following conditions is met:

- (1) The permit was secured through false representation.
- (2) The permittee fails to meet permit requirements or violates permit conditions.
- (j) A nuisance bird control permit shall not be required to control nuisance bird problems as described in subsection (b) if the control method is nonlethal or if the control method involves use of firearms, air rifles, air pistols, archery equipment, or falconry.

(k) Nuisance birds killed and the plumage of nuisance birds killed during nuisance bird con-

trol may be possessed, transported, and otherwise disposed of or utilized, except that nuisance birds killed and the plumage of nuisance birds killed during nuisance bird control shall not be sold or offered for sale.

(l) Nontoxic shot and bullets shall be required for the taking of nuisance birds pursuant to this regulation, except when using an air rifle, air pistol, or .22 caliber rimfire firearm. (Authorized by K.S.A. 2016 Supp. 32-807 and K.S.A. 32-955; implementing K.S.A. 32-955; effective Sept. 10, 1990; amended Aug. 31, 1992; amended Sept. 9, 2011; amended July 28, 2017.)

115-16-5. Wildlife control permit; operational requirements. (a) Each person holding a valid wildlife control permit issued according to K.A.R. 115-16-6, and each person assisting the permittee while under the constant and direct supervision and in the constant presence of the permittee, shall be authorized to take, transport, release, and euthanize wildlife subject to the restrictions described in this regulation and on the permit.

(b) Wildlife may be taken under the authorization of a wildlife control permit only when one or more of the following circumstances exist:

- (1) The wildlife is found in or near buildings.
- (2) The wildlife is destroying or about to destroy property.
- (3) The wildlife is creating a public health or safety hazard or other nuisance.

(c) Subject to the restrictions described in this regulation and on the permit, a wildlife control permit shall allow the taking of the following species, despite any other season, open unit, or limit restrictions that may be established by the department:

- (1) Furbearers;
- (2) small game;
- (3) reptiles;
- (4) amphibians;
- (5) coyotes;
- (6) nongame mammals, except house mice and Norway rats;
- (7) pigeons, English sparrows, and starlings; and
- (8) migratory birds and waterfowl, subject to K.S.A. 32-1008 and amendments thereto.

(d) Subject to applicable federal, state, and local laws and regulations, the wildlife listed in subsection (c) may be taken with the following equipment or methods:

- (1) Trapping equipment, if each trapping device is equipped with a metal tag with the permittee's

name and address or the permittee's department-issued identification number and is checked at least once each calendar day, and if snares are not attached to a drag. Trapping equipment shall consist of the following:

- (A) Foothold traps;
- (B) body-gripping traps;
- (C) box traps;
- (D) live traps; and
- (E) snares;
- (2) firearms and accessory equipment, as follows:
 - (A) Optical scopes or sights; and
 - (B) sound-suppression devices;
 - (3) BB guns and pellet guns;
 - (4) archery equipment;
 - (5) dogs;
 - (6) falconry;
 - (7) toxicants registered by the Kansas department of agriculture, except that such use may be subject to K.A.R. 115-16-1, K.A.R. 115-16-2, or K.A.R. 115-16-3;
 - (8) habitat modification;
 - (9) net or seine;
 - (10) glue board;
 - (11) hand;
 - (12) any other methods to exclude or frighten wildlife, including repellents; and
 - (13) any other method as specified on the permit.

(e) No person shall possess a live species of wildlife taken under the authority of a wildlife control permit beyond the close of the calendar day following capture, unless specifically authorized by the department. Live wildlife shall not be used for display purposes, programs, training dogs, or otherwise kept in captivity, except that pigeons may be used for training dogs.

(f) Subject to applicable federal, state, and local laws and regulations, wildlife taken pursuant to a wildlife control permit shall be disposed of using one or more of the following methods:

(1) Wildlife taken alive may be controlled using lethal methods or equipment including the methods or equipment listed in paragraphs (d)(2), (d)(3), (d)(4), and (d)(7).

(2) Wildlife taken alive may be relocated and released, subject to the following requirements:

(A) Wildlife may be released only in suitable habitat located at least 10 miles from the original capture site and only with the prior written permission of the person in legal possession of the release site.

(B) Wildlife shall not be released in a location so close to human dwellings that the release is likely to result in recurrence of the reason the wildlife was taken.

(C) Wildlife shall not be released within the limits of any municipality without prior written permission from the appropriate municipal authority.

(D) Wildlife may be released on department lands or waters only with the prior written approval of the department.

(E) Wildlife shall not be released if injured or if displaying common symptoms of disease, including any of the following:

- (i) Lack of coordination;
- (ii) unusual lack of aggressiveness;
- (iii) unusual secretions from the eyes, nose, or mouth;
- (iv) rapid or uneven respiration;
- (v) malnourishment;
- (vi) loss of muscle control; or
- (vii) loss of large patches of hair.

(F) Wildlife shall not be transported from the state except as authorized by the department.

(3) Wildlife species listed in K.A.R. 115-15-1 or K.A.R. 115-15-2, or other wildlife species designated by the department, shall be released according to paragraph (f)(2) if unharmed. If harmed or injured, these species shall be submitted to either the department or a person holding a valid wildlife rehabilitation permit issued according to K.A.R. 115-18-1.

(4) Wildlife controlled by poison shall be removed immediately, and all dead wildlife shall be disposed of using one of the following methods:

(A) The wildlife may be submitted to a licensed landfill, renderer, or incinerator.

(B) The wildlife may be disposed of on private property with the prior written permission of the person in legal possession of the property, except that the wildlife shall not be disposed of within the limits of any municipality without prior written permission from the appropriate municipal authority.

(C) Any part of the wildlife, excluding the flesh, may be sold, given, purchased, possessed, and used for any purpose, with the following restrictions and exceptions:

(i) The raw fur, pelt, or skin of furbearers may be sold only to a licensed fur dealer.

(ii) The carcass and meat of a furbearer may be sold, given, purchased, possessed, and used for any purpose.

(iii) No part of any migratory bird or waterfowl shall be sold, given, purchased, possessed, or used for any purpose.

(iv) Each person purchasing unprocessed parts of the wildlife shall maintain a bill of sale for at least one calendar year.

(D) Dead wildlife controlled by poison or showing symptoms of disease shall be either buried below ground or disposed of as authorized by paragraph (f)(4)(A).

(g) Each bobcat, otter, or swift fox taken under authority of a wildlife control permit shall be subject to the tagging requirements established by K.A.R. 115-5-2. (Authorized by and implementing K.S.A. 2012 Supp. 32-807; effective July 19, 2002; amended Nov. 27, 2006; amended April 8, 2011; amended July 26, 2013.)

Article 17.—WILDLIFE, COMMERCIAL USES AUTHORIZED

115-17-1. Commercial harvest of fish bait; legal species, harvest seasons, size restrictions, daily limits, and possession limits.

(a) The following wildlife may be commercially harvested in Kansas for sale as fishing bait:

- (1) Crayfish, all species;
- (2) annelids; and
- (3) insects.

(b) The season for commercial harvest of wildlife listed in subsection (a) shall be year-round.

(c) There shall be no minimum or maximum size restrictions for wildlife listed in subsection (a).

(d) There shall be no maximum daily or possession limits for wildlife listed in subsection (a).

(e) Wildlife listed in K.A.R. 115-15-1 or in K.A.R. 115-15-2 shall not be harvested. This regulation shall be effective on and after January 1, 2012. (Authorized by and implementing K.S.A. 32-807; effective Sept. 10, 1990; amended Nov. 30, 1998; amended Jan. 1, 2012.)

115-17-2. Commercial sale of fish bait.

(a) The following live species of wildlife may be commercially sold in Kansas for fishing bait:

- (1) The following species of fish:
 - (A) Black bullhead (*Ameiurus melas*);
 - (B) bluegill (*Lepomis macrochirus*), including hybrids;
 - (C) fathead minnow (*Pimephales promelas*), including “rosy reds”;
 - (D) golden shiner (*Notemigonus crysoleucas*);

(E) goldfish (*Carassius auratus*), including “black saltys”;

(F) green sunfish (*Lepomis cyanellus*), including hybrids; and

(G) yellow bullhead (*Ameiurus natalis*);

(2) only species of annelids native to or naturalized in the continental United States;

(3) the following species of crayfish:

(A) Virile crayfish (*Orconectes virilis*);

(B) calico crayfish (*Orconectes immunes*); and

(C) white river crayfish (*Procambarus acutus*); and

(4) only species of insects native to or naturalized in Kansas.

(b) Gizzard shad (*Dorosoma cepedianum*) may be commercially sold only if dead.

(c) Wildlife listed in K.A.R. 115-15-1 or in K.A.R. 115-15-2 or prohibited from importation pursuant to K.S.A. 32-956, and amendments thereto, shall not be sold.

(d) Live aquatic bait shall be certified free of the following pathogens before import, according to K.A.R. 115-17-2a:

- (1) Spring viremia of carp virus;
- (2) infectious pancreatic necrosis virus;
- (3) viral hemorrhagic septicemia virus; and
- (4) infectious hematopoietic virus.

(e) Each distribution tank and each retail tank shall utilize a source of potable water or well water.

This regulation shall be effective on and after January 1, 2019. (Authorized by and implementing K.S.A. 2018 Supp. 32-807; effective Sept. 10, 1990; amended Nov. 30, 1998; amended Jan. 1, 2012; amended Jan. 1, 2017; amended Jan. 1, 2018; amended Jan. 1, 2019.)

115-17-2a. Commercial sale of bait fish; testing procedures. (a) Live aquatic bait shall be certified free of the following pathogens before import, according to the requirements in this regulation:

- (1) Spring viremia of carp virus;
- (2) infectious pancreatic necrosis virus;
- (3) viral hemorrhagic septicemia virus; and
- (4) infectious hematopoietic virus.

(b) On and after January 1, 2014, upon application or renewal, each applicant and each commercial fish bait permittee shall provide documentation of two consecutive years of pathogen-free status from an independent laboratory approved by United States department of agriculture, animal and plant health inspection service, for the pathogens listed in subsection (a) for the source of bait fish

being sold. If the facility is new, the applicant shall certify by affidavit that the facility does not meet the requirements in this regulation and shall provide documentation of pathogen-free status for the current year of operation.

(c) The sample size shall be 150 fish and shall include moribund fish observed in the sampling process. The samples shall be collected twice each year. The samples shall be collected once during the month of October, November, or December and once during the month of March, April, or May.

(d) Collection of each sample shall be overseen by a doctor of veterinary medicine accredited by the United States department of agriculture, animal and plant health inspection service. The collection shall be made under the direct observation of the overseer to the extent that the official can attest to the origin of the fish and that the sampling scheme meets the requirements in this regulation.

(e) Each sample shall include all of the ponds and grow-out tanks. The final species and age composition of each sample shall reflect the overall composition of the certified fish on location. For locations with more than 50 ponds, all species and sizes of fish shall be included in each sample, but the ponds may be sampled in rotation so that all ponds are sampled at least once every two years. This regulation shall be effective on and after January 1, 2012. (Authorized by and implementing K.S.A. 32-807; effective Jan. 1, 2012.)

115-17-3. Commercial fish bait permit; requirement, application, and general provisions. (a) A commercial fish bait permit shall be required for the harvest, sale, or purchase for resale of fish bait, except that a commercial fish bait permit shall not be required for the harvest or sale of annelids or insects or for the purchase of annelids or insects for resale.

(b) Any person may apply to the secretary for a commercial fish bait permit. The application shall be submitted on forms provided by the department and completed in full by the applicant. Each incomplete application shall be returned to the applicant.

(c) Each commercial fish bait permit shall be valid for only those wildlife species specified in the permit.

(d) Each commercial fish bait permit shall authorize the permittee to perform any of the following:

(1) Sell fish bait to any person for use as fish bait;

(2) purchase fish bait for resale as fish bait, if the purchase is made from a person who meets at least one of the following requirements:

(A) Possesses a valid commercial fish bait permit;

(B) is a commercial fish grower, as defined by K.S.A. 32-974 and amendments thereto; or

(C) is authorized by another state to export and sell fish bait; or

(3) import fish bait for sale as fish bait.

(e) Each permittee harvesting or purchasing fish bait shall maintain records of the following information and, if requested by the secretary, shall provide a report to the department containing the following information:

(1) The permittee's name;

(2) the permit number;

(3) the number, location, and species of wildlife harvested;

(4) the number and species of wildlife sold;

(5) for each permittee purchasing fish bait, the name, address, and phone number of each individual distributor or producer from whom the permittee purchased; and

(6) for each permittee purchasing fish bait, the delivery date of each purchase.

(f) Each permittee shall make records required under the permit available for inspection by any law enforcement officer or department employee upon demand.

(g) Each permittee shall make the fish and the distribution or retail holding tanks that are subject to sample testing pursuant to K.A.R. 115-17-2a available for inspection by any law enforcement officer or department employee upon demand.

(h) Each permittee shall respond to any survey regarding activities conducted under the permit if requested by the secretary.

(i) In addition to other penalties prescribed by law, a commercial fish bait permit or application may be denied or revoked by the secretary if either of the following conditions is met:

(1) The application is incomplete or contains false information.

(2) The permittee fails to meet permit requirements or violates permit conditions.

(j) Each commercial fish bait permit shall expire three years after the date the permit is issued.

(k) A permittee may possess and sell legally acquired wildlife for fish bait for not more than 30 days following expiration of the permit.

This regulation shall be effective on and after January 1, 2018. (Authorized by and implementing K.S.A. 2016 Supp. 32-807 and K.S.A. 32-941; effective Jan. 1, 1991; amended Jan. 1, 2012; amended Jan. 1, 2018.)

115-17-4. Commercial harvest of fish bait; legal equipment, taking methods, and general provisions. (a) Legal equipment and taking methods permitted for commercial harvest of wildlife for use as fish bait shall be as follows:

(1) Crayfish may be taken by the following methods and means:

(A) By hand;

(B) by trap with ½-inch or smaller mesh size, using the bar measurement, and with two-inch or smaller entrance openings;

(C) by seine with ½-inch or smaller mesh size, using the bar measurement. The seine may be of any length, height, or twine size;

(D) by lift net with ½-inch or smaller mesh size, using the bar measurement;

(E) by dip net with ½-inch or smaller mesh size, using the bar measurement. The dip net may be of any dimension and have any handle configuration; and

(F) by other methods as approved by the secretary.

(2) Annelids and insects may be taken by any method.

(b) (1) Boats with or without mechanical propulsion may be used.

(2) Depth-recording or fish-locating devices may be used.

(3) Holding baskets, holding cages, and holding bags may be used, if the permittee's name and permit number are attached.

(4) The permittee's name and permit number shall be attached to each trap and seine while the trap or seine is in use. This regulation shall be effective on and after January 1, 2012. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 32-941; effective Sept. 10, 1990; amended Nov. 30, 1998; amended Jan. 1, 2012.)

115-17-5. Commercial harvest of fish bait; open areas. The following areas shall be open for the commercial harvest of crayfish, annelids, and insects:

(a) For crayfish, all lands and waters of the state except department lands and waters and federal and state sanctuaries; and

(b) for annelids and insects, all lands and wa-

ters of the state except department lands and waters and federal and state sanctuaries. This regulation shall be effective on and after January 1, 2012. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 32-941; effective Sept. 10, 1990; amended Nov. 30, 1998; amended Jan. 1, 2012.)

115-17-6. Commercial mussel fishing license; mussel salvage permits; license or permit application and requirements, authority, reports, general provisions, and license or permit revocation. (a) A commercial mussel fishing license shall be required for commercial mussel fishing purposes. If a mussel salvage order has been issued by the secretary through public notice or posting the area open to mussel salvage, a mussel salvage permit shall be required for mussel salvage purposes.

(b) Any person may apply to the secretary for a commercial mussel fishing license or a mussel salvage permit. The application shall be submitted on forms provided by the department, and each applicant shall provide the following information, except that no commercial license shall be issued on and after January 1, 2003 through December 31, 2022:

(1) The name of the applicant;

(2) the address and telephone number of the applicant;

(3) the business locations and telephone numbers of the applicant;

(4) the location for mussel storage and processing; and

(5) other relevant information as required by the secretary.

(c) Each mussel fishing licensee shall maintain a current record of activity and shall submit quarterly reports to the department on forms provided by the department. The reports shall be submitted not later than 15 days following the end of the quarter for which the reports are prepared. A license shall not be renewed until all reports due have been received by the department. Each mussel salvage permittee shall maintain a current record of activity for the duration of the permit and shall submit a report to the department on forms provided by the department. The report shall be submitted not later than 15 days following the expiration of the permit.

(d) The records and reports shall include the following information:

(1) The name of the licensee or permittee;

(2) the address and telephone number of the licensee or permittee;

(3) the license or permit number of the licensee or permittee;

(4) the total weight or total shell weight of each mussel species harvested;

(5) the total weight or total shell weight of each mussel species sold, including the following information:

(A) A separate entry for each sale stating the total weight or total shell weight of each mussel species sold;

(B) the date of each sale;

(C) the name, address, and license number of the person to whom the mussels were sold; and

(D) the name of the state where harvested; and

(6) other relevant information as required by the secretary.

(e) Each commercial mussel fishing licensee or mussel salvage permittee shall sell mussels only to a person legally authorized to purchase mussels under subsection (f) of this regulation, or pursuant to K.A.R. 115-17-14.

(f) Any person may purchase mussels from a commercial mussel fishing licensee or mussel salvage permittee if the mussels are not purchased for use as fish bait, are not purchased for resale, are not purchased for other commercial use, and are not sold.

(g) In addition to other penalties prescribed by law, a commercial mussel fishing or mussel salvage application, license, or permit may be revoked or denied issuance by the secretary if any of the following conditions is met:

(1) The application is incomplete or contains false information.

(2) The licensee or permittee fails to meet license or permit requirements or violates license or permit conditions.

(3) The licensee or permittee violates any provision of law or regulations related to the commercial use of mussels.

(h) Each commercial mussel fishing license shall expire on December 31 of the year for which the license was issued. Each mussel salvage permit shall expire on the date written on the salvage permit.

(i) Each commercial mussel fishing license shall permit the possession of mussels harvested for commercial purposes by that licensee for no more than 48 hours after the close of the mussel season. A mussel salvage permit shall permit the possession of mussels harvested for commercial purposes by that permittee for no more than 48

hours after the expiration date written on the salvage permit.

(j) A licensee or permittee may submit a written request to the secretary to possess mussels for commercial purposes beyond the possession period specified in subsection (i). Each request shall specify the number of each species of mussels possessed and the applicant's name, address, and commercial mussel fishing license or mussel salvage permit number. Authorization of possession beyond the possession period shall be issued in writing and shall include a date on which the authorization expires. Receipt of this authorization by the licensee or permittee shall allow the licensee's or permittee's sale of shells pursuant to subsection (e). Each mussel sale during the authorized time period shall be reported to the department within 48 hours of the sale by both the licensee or permittee and the purchaser. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 32-941; effective Jan. 1, 1991; amended June 8, 1992; amended Nov. 30, 1998; amended Nov. 22, 2002; amended April 18, 2003; amended July 20, 2012.)

115-17-7. Commercial harvest of mussels; legal species, seasons, size restrictions, daily limits, and possession limits. (a) The following listed mussel species may be taken for commercial purposes, except that no mussels may be commercially harvested on and after January 1, 2003 through December 31, 2022, unless a mussel salvage order has been issued by the secretary through public notice or posting the area open to mussel salvage:

(1) Threeridge, *Amblema plicata*;

(2) monkeyface, *Quadrula metanevra*;

(3) mapleleaf, *Quadrula quadrula*;

(4) bleufer (purple shell), *Potamilus purpuratus*; and

(5) Asian clam, *Corbicula fluminea*.

(b) The season for the commercial harvest of mussels shall be on and after April 1 through September 30. However, mussels shall not be commercially harvested on and after January 1, 2003 through December 31, 2022, unless a mussel salvage order has been issued by the secretary through public notice or posting the area open to mussel salvage.

(c) Harvesting requirements shall include the following:

(1) The minimum size of mussels shall be measured by passing the mussel shell through a circular measuring device with the appropriate inside diameter.

(2) Measurement shall occur immediately upon removal of the mussel from the water.

(3) If the mussel passes through the appropriate circular measuring device from any angle or direction, the mussel shall not be deemed to meet the minimum size requirement and shall be immediately returned to the water.

(4) The minimum shell size for mussel species shall be the following:

- (A) Threeridge: 3-inch diameter;
- (B) monkeyface: 2¾-inch diameter;
- (C) mapleleaf and bleufer: 3-inch diameter; and
- (D) Asian clam: no minimum size.

(d) There shall be no maximum daily or possession limits for mussels. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 32-941; effective Jan. 1, 1991; amended June 8, 1992; amended Nov. 22, 2002; amended April 18, 2003; amended July 20, 2012.)

115-17-8. Commercial harvest of mussels; legal equipment, taking methods, and general provisions. (a) Legal equipment and taking methods permitted for commercial harvest of mussels shall be the following:

(1) By hand; and

(2) by other methods as approved by the secretary.

(b)(1) Boats with or without mechanical propulsion methods may be used.

(2) Depth-recording or fish-locating devices may be used.

(3) Underwater breathing equipment may be used while taking mussels, if a diver's flag is prominently displayed while using the underwater breathing equipment.

(4) Holding bags, holding baskets, and holding cages may be used if the name and permit number of the permittee are attached to each such bag, basket, and cage.

(c) No mussels may be commercially harvested on and after January 1, 2003 through December 31, 2022, unless a mussel salvage order has been issued by the secretary through public notice or posting the area open to mussel salvage. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 32-941; effective Jan. 1, 1991; amended Nov. 22, 2002; amended April 18, 2003; amended July 20, 2012.)

115-17-9. Commercial mussel fishing; open areas. Waters of the state open for commercial mussel fishing shall be the following,

except that all waters of the state shall be closed on and after January 1, 2003 through December 31, 2022, unless a mussel salvage order has been issued by the secretary through public notice or posting the area open to mussel salvage:

(a) Federal reservoirs;

(b) impoundments operated by other governmental entities, if authorized by the governmental entity;

(c) Fall River from below Fall River Dam to its junction with the Verdigris River, except for the stretch of the Fall River from the county road ford located 1.2 miles east of state highway K-96, 3.2 miles south of Fredonia, Kansas, downstream to the Dun Dam located 2.5 miles west and 2.25 miles north of Neodesha, Kansas, which is a total of 9.89 stream miles including 3.27 impounded miles;

(d) Verdigris River from below Toronto Dam to the state line, except for the stretch of the Verdigris River from the Whitehair bridge located 2.5 miles east of federal highway US-75 on the Wilson-Montgomery county line road, downstream to the Montgomery county road bridge located 1.47 miles east of Sycamore, Kansas, which is a total of 6.66 stream miles; and

(e) Neosho River from below John Redmond Dam to the state line, except for the stretch of the Neosho River from the Neosho Falls dam, at Neosho Falls, Kansas, downstream to the mouth of Rock Creek in the NW 1/4, NW 1/4, Section 11, T24S, R17E, Allen County, Kansas, which is a total of 3.35 stream miles; and

(f) Elk River. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 32-941; effective Jan. 1, 1991; amended June 8, 1992; amended Nov. 22, 2002; amended April 18, 2003; amended July 20, 2012.)

115-17-10. Commercial harvest of fish; permit requirement and application, reports, permit revocation. (a) Except as authorized in K.A.R. 115-17-13, a commercial fishing permit shall be required for the taking of fish for commercial purposes from that portion of the Missouri River bordering on this state.

(b) Each application for a commercial fishing permit shall be submitted on forms provided by the department and completed in full by the applicant. Each incomplete application shall be returned to the applicant.

(c) Any permittee may possess, sell, transport, or trade those species of fish as authorized under K.A.R. 115-17-12.

(d) Each permittee shall maintain a current record of activity and shall submit monthly reports to the department on forms provided by the department. The reports shall be submitted not later than 15 days following the end of the month for which the report is prepared. A permit shall not be renewed until all reports due have been received by the department.

(e) Any permittee may sell fish taken under a commercial fishing permit to any person.

(f) Any person may purchase fish from a commercial fish permittee for commercial purposes or for personal use.

(g) Each person purchasing fish from a commercial fish permittee for resale purposes shall retain a bill of sale in possession while in possession of the fish.

(h) In addition to other penalties prescribed by law, a commercial fishing application or permit may be denied or revoked by the secretary if any of the following conditions is met:

(1) The application is incomplete or contains false information.

(2) The permittee fails to meet permit requirements or violates permit conditions.

(3) The permittee violates any provision of law or regulations related to commercial fishing on the Missouri River.

(i) Each commercial fishing permit shall expire on December 31 of the year for which the permit was issued. This regulation shall be effective on and after January 1, 2012. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 32-941; effective May 27, 1991; amended Jan. 1, 2012.)

115-17-11. Commercial harvest of fish; legal equipment and taking methods; identification tags and identification tag fee. (a) The legal equipment and taking methods for the commercial harvest of fish shall be the following:

(1) Hoop net with a mesh size of 2.5 or more inches using the bar measurement and with individual wings and leads not to exceed 12 feet in length. There shall be no limitation on the number, net diameter, net length, twine size, or throat size of hoop nets;

(2) gill net and trammel net with a mesh size of two or more inches, using the bar measurement. There shall be no limitation on the number, net length, height, or twine size of gill or trammel nets; and

(3) seine with a mesh size of two or more inches, using the bar measurement. There shall be no

limitation on the height, length, or twine size of seines.

(b) (1) Boats with or without mechanical propulsion may be used.

(2) Depth-recording or fish-locating devices may be used.

(3) Non-toxic baits may be used.

(4) Each gill net or trammel net shall be attended at all times while the gill net or trammel net is in use.

(5) Each hoop net shall be attended at least one time every 24 hours while the hoop net is in use.

(6) Commercial fishing equipment authorized in subsection (a) shall not be used in the following locations, except as authorized by the department:

(A) In any cutoff, chute, bayou, or other backwater of the Missouri river;

(B) within 300 yards of any spillway, lock, dam, or the mouth of any tributary stream or ditch; and

(C) under or through ice or in overflow waters.

(7) Holding baskets and holding cages may be used.

(c) Each net or seine shall have an identification tag supplied by the department and attached as specified by the department during commercial fishing use. Identification tags supplied by the state of Missouri and approved by the department also shall be deemed to meet this requirement.

(d) The fee for identification tags shall be five dollars for each tag. The payment shall be submitted to the department with the initial or renewal application for a commercial fishing permit.

(e) The holding basket and holding cage used to hold fish shall not require an identification tag, but shall be identified by the permittee with the permittee's name and permit number attached. This regulation shall be effective on and after January 1, 2012. (Authorized by and implementing K.S.A. 32-807, K.S.A. 32-941, and K.S.A. 2010 Supp. 32-988; effective May 27, 1991; amended Sept. 27, 2002; amended Jan. 1, 2012.)

115-17-12. Commercial harvest of fish; legal species, seasons, size restrictions, daily limits, and possession limits. (a) The legal species of fish that may be taken under a commercial fishing permit shall be the following:

(1) Bowfin;

(2) suckers, including buffalo;

(3) common carp and exotic carp;

(4) freshwater drum;

(5) gar;

- (6) shad;
- (7) goldeye;
- (8) goldfish; and
- (9) skipjack herring.

(b) None of the following shall be possessed by a permittee while in possession of commercial fishing gear or while transporting fish taken using commercial fishing gear:

(1) All species of fish excluded from subsection (a); and

(2) any species of fish listed in K.A.R. 115-15-1 or K.A.R. 115-15-2. The species of fish specified in this subsection shall be immediately returned unharmed to the water from which removed.

(c) There shall be no size restriction on fish taken by a permittee.

(d) There shall be no maximum daily or possession limit on the number of fish taken by a permittee.

(e) No live specimen of bighead carp, silver carp, or black carp may be transported after commercial harvest. This regulation shall be effective on and after January 1, 2012. (Authorized by and implementing K.S.A. 32-807 and K.S.A. 32-941; effective May 27, 1991; amended Sept. 27, 2002; amended Jan. 1, 2012.)

Article 18.—SPECIAL PERMITS

115-18-1. Wildlife rehabilitation permit; application, reporting and general provisions. (a) Each application for a wildlife rehabilitation permit shall be submitted on a form provided by the department. Each applicant shall provide the following information:

- (1) The name of applicant;
- (2) the applicant's address;
- (3) the location or address of the applicant's facilities if different from the applicant's address;
- (4) the name of each assisting subpermittee;
- (5) the type of wildlife rehabilitation service to be provided;
- (6) a description of the applicant's available facilities;
- (7) the applicant's qualifications to provide the services specified;
- (8) the name of each assisting veterinarian; and
- (9) other relevant information as required by the secretary.

(b) (1) A wildlife rehabilitation permit shall be issued only to each individual who meets the following qualifications:

- (A) Is 18 years of age or older;

(B) has 100 hours of experience in the handling and care of wildlife acquired over the course of one calendar year. Up to 20 hours of this 100-hour requirement may be fulfilled by successful completion of a training course provided by either the international wildlife rehabilitation council (IWRC) or the national wildlife rehabilitators' association (NWRA);

(C) submits letters of recommendation regarding the applicant's knowledge of wildlife rehabilitation from three persons who have known the applicant for at least two years. The letters of recommendation shall be from any of the following:

(i) A wildlife professional, which may include a biologist employed by a state or federal wildlife agency, the curator or manager of a zoo or wildlife sanctuary, or other person professionally engaged in wildlife management or care;

(ii) a department conservation officer;

(iii) a Kansas-licensed veterinarian; or

(iv) a permitted wildlife rehabilitator; and

(D) has obtained one of the following:

(i) A certificate of completion of a training course offered by the international wildlife rehabilitation council (IWRC) within the preceding three years;

(ii) a certificate of completion of a training course offered by the national wildlife rehabilitators' association (NWRA) within the preceding three years; or

(iii) a test score of at least 80 percent on a department-administered wildlife rehabilitation examination at a department office location. Each applicant who fails the examination shall wait a minimum of 30 days before retaking the examination. The test may be taken only twice during each calendar year. The test shall not be returned to applicants at any time.

(2) A total of eight hours of continuing education or training every three years from a department-approved program shall be required for the renewal of a permit.

(c) Each applicant or permittee shall allow an inspection of the rehabilitation facilities to be made by a department official. A permit shall not be issued until the rehabilitation facilities have been approved by the inspecting official. All facilities shall be subject, during reasonable hours of operation, to inspection by the department to determine compliance with the provisions of the permit and the provisions contained in this regulation. Each facility shall be inspected by a department official once during the permit period

and upon each change in facility location. Each subpermittee authorized to care for wildlife at a site other than the primary permittee's facility shall have those facilities annually inspected and approved by a department official.

(d) Permits issued shall be valid through December 31.

(e) A permittee may provide for subpermittees to operate under the authority of the permit during the effective period of the permit upon approval of the secretary or designee, based on the following requirements:

(1) Each permittee shall submit the name of each individual for whom the designation of subpermittee is requested. The permittee shall be notified by the department in writing of the approval or denial of each request. The permittee shall notify the department in writing of any approved subpermittee whose services with the permit holder are terminated.

(2) Each subpermittee shall be 18 years of age or older and have experience in handling and caring for animals during the previous two years.

(3) Each wildlife rehabilitation permittee shall be responsible for ensuring that each subpermittee meets all requirements of the rehabilitation permit.

(4) Each subpermittee needing to care for wildlife in need of rehabilitation at a site other than the primary permittee's facility shall have that site inspected and approved according to the standards specified in subsection (g) before holding any wildlife at that site.

(5) Each subpermittee holding wildlife at a site different from the primary permittee's facility shall comply with the conditions specified in the primary permittee's permit.

(f) The rehabilitation activities authorized by each permit issued under this regulation shall be performed only by the permittee or subpermittee specified on the permit. Volunteers may assist in rehabilitation activities only in the presence and under the direction of a permittee or subpermittee. Each permittee utilizing volunteers shall keep on file at the permitted facility a current record of all volunteers working at the facility. At no time shall volunteers be allowed to remove wildlife from the permitted facility, except as provided in subsection (l).

(g) Wildlife rehabilitation care and treatment shall be provided in accordance with the following provisions:

(1) All rehabilitation of wildlife shall be performed in consultation, as necessary, with a li-

censed veterinarian named on the rehabilitator's permit or with veterinarians on staff at the Kansas State University veterinary hospital.

(2) Individual caging requirements may be specified by the secretary or designee based on the size, species, condition, age, or health of the wildlife under care.

(3) Clean water shall be available at all times except when medical treatment requires the temporary denial of water.

(4) Cages shall be cleaned on a daily basis and disinfected using nonirritating methods.

(5) A person authorized by permit shall observe and provide care for wildlife at least once daily unless otherwise specified by the permit.

(6) Wildlife shall be kept in an environment that minimizes human contact and prevents imprinting and bonding to humans.

(7) Wildlife possessed under a rehabilitation permit shall not be allowed to come into contact with any person other than a permit holder, subpermittee, volunteer, licensed veterinarian, animal control specialist, law enforcement officer, or wildlife professional from the department.

(8) Wildlife shall be housed separately from domestic animals, unless domestic animals are being used for bonding or surrogate parenting.

(9) Public viewing, exhibition, or display of any kind to the public, including electronic viewing, shall be prohibited, unless specifically authorized in writing by the secretary or designee.

(h) Wildlife held under the authority of a rehabilitation permit shall not be sold, bartered, or exchanged for any consideration. A permit issued under this regulation shall not authorize a person, firm, or corporation to engage in the propagation or commercial sale of wildlife.

(i) Wildlife held under the authority of a rehabilitation permit may be transferred from one permittee to another permittee if all of the following conditions are met:

(1) The permittee receiving the wildlife holds all the proper permits and authorizations necessary for that species of wildlife.

(2) The transfer is necessary for the proper treatment or care of the wildlife.

(3) The transfer is properly recorded in both permittees' operational records.

(4) The transfer is approved in writing by the secretary or designee.

(j) The secretary or designee shall be notified within 48 hours if the permittee receives for transport or care an endangered species, threat-

ened species, or species in need of conservation, as identified in K.A.R. 115-15-1 and K.A.R. 115-15-2. Permission for treatment and care by the requesting permittee may be granted by the secretary or designee, or an alternate course of action may be specified by the secretary or designee.

(k) No permittee shall perform any of the following acts, unless the permittee possesses, in advance, an amended permit authorizing this activity from the secretary or designee:

(1) Change the facility location, consulting veterinarian, or subpermittees;

(2) receive previously unauthorized species; or

(3) conduct previously unauthorized activities.

(l) Sick, orphaned, displaced, or injured wildlife may be possessed, transported, or treated in accordance with the following provisions:

(1) Any person may temporarily possess and transport sick, orphaned, displaced, or injured wildlife within the state to a person authorized to perform wildlife rehabilitation services or initial treatment. Possession of an individual animal for transportation to initial treatment shall not exceed one day.

(2) Wildlife in need of rehabilitation treatment or care may be provided emergency medical care and stabilization by any of the following individuals or institutions not holding a rehabilitation permit for 48 hours, after which time the wildlife shall be transferred to a permitted rehabilitator:

(A) Accredited zoological parks;

(B) nature centers;

(C) department wildlife professionals; or

(D) licensed veterinarians. Any wildlife requiring extensive medical care and recovery may remain under the care of a licensed veterinarian beyond the 48-hour restriction, subject to subsection (g).

(3) Any person authorized by permit to perform wildlife rehabilitation services or exempt by law from the requirement to possess a wildlife rehabilitation permit may possess individual animals for treatment purposes on a temporary basis. Possession of an individual animal for treatment purposes shall not exceed 180 days, unless an extension has been approved by the secretary or designee.

(4) Rehabilitation treatment or care shall not be provided to the following species of wildlife:

(A) European starlings;

(B) English or house sparrows;

(C) feral pigeons; and

(D) any wildlife species listed in K.A.R. 115-18-10, except as authorized in writing by the secretary.

(m) Each permittee shall maintain current records of wildlife rehabilitation services provided under the permit on report forms provided by the department. The records shall be maintained at the designated facility, be made available to department officials for inspection purposes, and include the following information:

(1) The name of the permittee;

(2) the permittee contact information;

(3) the name and address of the facility;

(4) the wildlife rehabilitation permit number;

(5) the date on which any wildlife is received for treatment;

(6) the species of wildlife received for treatment;

(7) the suspected or known cause for treatment;

(8) the date and disposition of the wildlife at the conclusion of treatment; and

(9) other relevant information as required by the secretary.

(n) Each permittee shall submit the true and accurate, original report required in subsection (m) to the department on or before January 31 of the year following the permitted activity. The permittee may retain a copy of the report for the permittee's records.

(o) Any person authorized by permit to perform wildlife rehabilitation services or exempt by law from the requirement to possess a wildlife rehabilitation permit may temporarily possess and transport wildlife to another location within the state for the purposes of providing treatment, releasing wildlife in its natural habitat, or transporting wildlife to an approved temporary or permanent holding facility. Possession of wildlife for transportation to another location shall not exceed 48 hours.

(p) Wildlife no longer in need of rehabilitation treatment or care shall be handled in accordance with the following requirements:

(1) All wildlife determined to be capable of survival in the wild shall be released to the wild. Each individual releasing wildlife in accordance with this subsection shall ensure that the following conditions are met:

(A) The animal is released in an area consistent with the animal's normal habitat.

(B) The animal is released only on land, including both public and private properties, if written permission has been granted by the person in legal possession of the land where the release is to be made.

(C) The animal is not released in a location so close to human dwellings that the release is likely to result in nuisance, health, or safety problems.

(D) The animal is not released within the limits of any municipality without prior written approval from the appropriate municipal authority.

(2) Wildlife that cannot be rehabilitated and released to the wild shall be euthanized unless a written request, specifying an alternate course of action, is approved by the secretary or designee. Each course of action requiring the wildlife to remain in captivity shall be approved only if the wildlife is transferred from the permittee providing the rehabilitation services to an accredited zoological facility, or a scientific or educational permit holder in accordance with subsection (i). Each transfer shall be allowed only for educational programs or fostering or socialization purposes, and no transfer shall take place unless the secretary or designee has approved the request in writing.

(3) All euthanized wildlife and wildlife that have died shall be buried, incinerated, or transferred to a person or facility possessing a valid department scientific, educational, or exhibition permit. All federally permitted wildlife shall be disposed of in accordance with the terms of any federal permit. Any deceased wildlife may be disposed of on private property with the prior written permission of the person in legal possession of the private property. Deceased wildlife shall not be disposed of within the limits of any municipality without the prior written permission of the municipality.

(q) Any permittee may continue to possess a permit if all of the following conditions are met:

(1) The permit application is complete.

(2) The permit application contains no false information.

(3) The permittee meets the permit requirements and does not violate the permit conditions.

(4) The permittee has not been convicted of violating local, state, or federal laws relating to the care, treatment, possession, take, or disposal of wildlife or domestic animals within the previous five years.

(5) The permit has not expired.

The permittee shall be notified, in writing, of the cancellation of the permit by the secretary or designee. The permittee shall be provided by the secretary or designee with the opportunity to respond, in writing, within 10 days of receipt of the cancellation.

(r) Any provision of this regulation may be temporarily waived by the secretary or designee during a wildlife health crisis for the protection of public or wildlife health.

This regulation shall be effective on and after December 31, 2012. (Authorized by and implementing K.S.A. 32-807, K.S.A. 32-953, and K.S.A. 32-961; effective Jan. 1, 1990; amended Jan. 1, 2006; amended Dec. 31, 2012.)

115-18-6a. Motor vehicle permits; school exemption for state parks and other areas requiring motor vehicle permits. (a) A park and recreation motor vehicle permit shall not be required to enter any state park, or other area requiring a motor vehicle permit, if the vehicle is used for the purpose of transporting primary and secondary students, faculty, and staff to the state park or other area requiring a motor vehicle permit.

(b) Each motor vehicle used for the purpose specified in subsection (a) shall display a school vehicle license plate or other distinctive marking signifying that the vehicle is a primary or secondary school vehicle. (Authorized by and implementing K.S.A. 2018 Supp. 32-807 and 32-901; effective Dec. 20, 2019.)

115-18-7. Use of crossbows and locking draws for big game and wild turkey hunting by persons with disabilities; application, permit, and general provisions. (a) Each permanently disabled person qualified to hunt deer, antelope, elk, or wild turkey with a crossbow and desiring to obtain a crossbow and locking draw permit shall apply to the secretary on forms provided by the department. Each applicant shall provide the following information:

(1) Name of applicant;

(2) address;

(3) a physician's signed report, on forms provided by the department, describing the permanent disability and certifying the applicant physically incapable of using a bow; and

(4) other relevant information as required by the secretary.

(b) Each person with a temporary disability who would be qualified to hunt deer, antelope, elk, or wild turkey with a crossbow if the disability were permanent and who desires to obtain a temporary crossbow and locking draw permit shall apply to the secretary on forms provided by the department. Each applicant shall provide the following information:

(1) Name of applicant;

(2) address;

(3) a physician's signed report, on forms provided by the department, describing the disability,

certifying the applicant physically incapable of using a bow, and estimating the time period that the person is likely to be subject to the disability; and

(4) other relevant information as required by the secretary.

Each temporary permit shall expire no more than three years from the date of issuance and shall state the expiration date on the face of the permit.

(c) Any applicant may be required by the secretary to obtain, at the department's expense, a report from a second physician chosen by the secretary.

(d) A crossbow and locking draw permit or temporary permit may be refused issuance or may be revoked by the secretary for any of the following reasons:

(1) The disability does not meet qualifications for the permit.

(2) The application is incomplete or contains false information.

(3) The disability under which the permit was issued no longer exists.

(e) A crossbow and locking draw permit or temporary permit shall be valid statewide.

(f) Any crossbow and locking draw permittee may use a crossbow or bow equipped with a locking draw for hunting deer, antelope, elk, or wild turkey during any archery season established by the secretary for the big game species or wild turkey being hunted by the permittee. This provision shall be subject to the applicable regulations governing archery hunting of that big game species or wild turkey, including possession of a valid hunting permit issued by the department for that big game species or wild turkey, if required.

(g) Legal equipment for hunting any big game or wild turkey by crossbow shall consist of the following:

(1) Arrows equipped with broadhead points incapable of passing through a ring with a diameter smaller than three-quarters of an inch when fully expanded;

(2) if attached to the bow, any lighted pin, dot, or holographic sights; illuminated nocks; rangefinders; film or video cameras; and radio-frequency location devices;

(3) optical scopes or sights that project no visible light toward the target and do not electronically amplify visible light or detect infrared light or thermal energy; and

(4) range-finding devices, if the system does not project visible light toward the target.

(h) Legal equipment for hunting any big game or wild turkey using a bow equipped with a locking draw shall consist of legal archery equipment as specified in K.A.R. 115-4-4, except that the bow may have a mechanical device that locks the bow at full or partial draw.

(i) Any person may assist the holder of a crossbow permit or a temporary crossbow permit during the permittee's hunting activity. A person assisting a holder of a permit shall not perform the actual shooting of the crossbow for the permittee.

(j) A big game or wild turkey hunter using crossbow equipment may possess non-broadhead-tipped arrows while hunting if the arrows are not used to take or attempt to take wild turkeys or big game animals.

(k) No bow, crossbow, or arrow shall have any electronic device attached to the bow, crossbow, or arrow that controls the flight of the arrow.

(l) No device capable of dispensing lethal, debilitating, or immobilizing chemicals to take wild turkeys or big game animals shall be used. (Authorized by K.S.A. 32-807, as amended by L. 2012, Ch. 47, Sec. 25, K.S.A. 2011 Supp. 32-919, as amended by L. 2012, Ch. 154, Sec. 5, and K.S.A. 2011 Supp. 32-932, as amended by L. 2012, Ch. 47, Sec. 48; implementing K.S.A. 2011 Supp. 32-932, as amended by L. 2012, Ch. 47, Sec. 48; effective Oct. 30, 1989; amended, T-115-9-9-97, Sept. 9, 1997; amended Dec. 29, 1997; amended Oct. 1, 1999; amended April 19, 2002; amended Feb. 18, 2005; amended April 11, 2008; amended May 21, 2010; amended April 19, 2013.)

115-18-8. Retrieval and possession of game animals, sport fish, and migratory game birds.

(a) Each individual wounding or killing a game animal, sport fish, or a migratory game bird shall make a reasonable effort to retrieve the wounded or dead game animal, sport fish, or migratory game bird. The retrieved game animal, sport fish, or migratory game bird shall be retained in the individual's bag, creel, or possession limit, unless prohibited by regulations of the secretary for the individual species taken. Nothing in this subsection shall prohibit the catch and release of live sport fish.

(b) Each game animal, sport fish, or migratory game bird retrieved shall be retained until any of the following occurs:

(1) The animal, fish, or bird is processed for consumption.

(2) The animal, fish, or bird is transported to the individual's residence, to a place of commercial preservation, or to a place of commercial processing.

(3) The animal, fish, or bird is given to another person in accordance with K.A.R. 115-3-1, K.A.R. 115-4-2, and K.A.R. 115-7-4.

(4) The animal, fish, or bird is consumed.

(c) The provisions of this regulation shall not affect any requirement of state or federal law or regulation regarding any proof of species, age, or sex and the attachment of this proof to the carcass.

(d) For the purpose of this regulation, "migratory game bird" shall mean any duck, goose, coot, merganser, rail, mourning dove, white-winged dove, snipe, woodcock, or sandhill crane for which a hunting season has been established in Kansas. (Authorized by and implementing K.S.A. 2018 Supp. 32-807; effective June 8, 1992; amended Jan. 30, 1995; amended Oct. 5, 2001; amended July 25, 2003; amended Jan. 11, 2019.)

115-18-10. Importation and possession of certain wildlife; prohibition, permit requirement, and restrictions. (a) The importation, possession, or release in Kansas of the following live wildlife species shall be prohibited, except as authorized by terms of a wildlife importation permit issued by the secretary:

- (1) Walking catfish (*Clarias batrachus*);
 - (2) silver carp (*Hypophthalmichthys molitrix*);
 - (3) bighead carp (*Hypophthalmichthys nobilis*);
 - (4) black carp (*Mylopharyngodon piceus*);
 - (5) snakehead fish (all members of the family Channidae);
 - (6) round goby (*Neogobius melanostomus*);
 - (7) white perch (*Morone americana*);
 - (8) zebra mussel (*Dreissena polymorpha*);
 - (9) quagga mussel (*Dreissena bugensis*);
 - (10) New Zealand mudsnail (*Potamopyrgus antipodarum*);
 - (11) diploid grass carp (*Ctenopharyngodon idella*);
 - (12) marbled crayfish (*Procambarus virginalis*);
 - (13) monk parakeet (*Myiopsitta monachus*);
- and
- (14) Asian raccoon dog (*Nyctereutes procyonoides*).

(b) Any live member of a wildlife species listed in subsection (a) and possessed before the following dates may be retained in possession, in closed confinement, by making application to the secre-

tary that provides information detailing the circumstances, including the location, by which the animal came into the applicant's possession:

(1) February 1, 1978 for fish and bird species other than black carp, snakehead fish, round goby, white perch, zebra mussel, quagga mussel, New Zealand mudsnail, and diploid grass carp;

(2) February 1, 1986 for mammal species;

(3) October 1, 2000 for black carp;

(4) May 1, 2003 for snakehead fish;

(5) August 1, 2004 for round goby, quagga mussel, and zebra mussel;

(6) May 15, 2005 for New Zealand mudsnail;

(7) February 15, 2007 for white perch;

(8) January 1, 2008 for diploid grass carp; and

(9) January 30, 2019 for marbled crayfish.

The manner in which the animal is to be used shall be identified in the application.

(c) Wildlife importation permits for the importation or possession of live members of the wildlife species listed in subsection (a) may be issued by the secretary for experimental, scientific, display, or other purposes subject to any conditions and restrictions contained or referenced in a wildlife importation permit.

(d) Each individual desiring to import or possess live members of the wildlife species listed in subsection (a) shall apply to the secretary for a wildlife importation permit. The application shall be submitted on forms provided by the department and shall contain the following information:

(1) The name, address, and telephone number of applicant;

(2) the wildlife species to be imported or possessed and the number of wildlife involved;

(3) the purpose or purposes for importation or possession;

(4) a description of the facilities for holding and using the wildlife species;

(5) a description of plans to prevent the release of the wildlife species; and

(6) other relevant information as requested by the secretary.

(e) Each wildlife importation permit, once issued, shall be valid during the time period specified on the permit.

(f) In addition to other penalties prescribed by law, any wildlife importation permit may be refused issuance or revoked by the secretary if any of the following conditions is met:

(1) The application is incomplete or contains false information.

(2) Issuance of a permit would not be in the best interest of the public or of the natural resources of Kansas.

(3) The permittee fails to meet permit requirements or violates permit conditions. (Authorized by K.S.A. 2018 Supp. 32-807 and K.S.A. 32-956; implementing K.S.A. 32-956; effective Dec. 27, 1993; amended Sept. 22, 2000; amended April 18, 2003; amended July 23, 2004; amended May 20, 2005; amended Feb. 9, 2007; amended Nov. 16, 2007; amended Dec. 21, 2018.)

115-18-12. Trout permit; requirements, restrictions, and permit duration. (a) Each individual who is 16 years of age or older and who wants to fish or to fish for and possess trout during those periods of time on those bodies of water established by K.A.R. 115-25-14 shall be required to have a trout permit.

(b) Each trout permit shall be valid statewide for one year from the date of purchase.

(c) Each trout permit shall be validated by the signature of the permit holder written across the face of the permit. A trout permit shall not be transferable. (Authorized by and implementing K.S.A. 2016 Supp. 32-807; effective Nov. 15, 1993; amended Jan. 30, 1995; amended July 24, 1998; amended Nov. 27, 2006; amended Nov. 16, 2007; amended Dec. 22, 2017.)

115-18-18. Hand fishing permit; requirements, restrictions, and permit duration. (a) Each individual who wants to hand fish for flathead catfish during those periods of time on those bodies of water established by K.A.R. 115-25-14 shall be required to have a hand fishing permit.

(b) Each hand fishing permit shall be valid statewide through December 31 of the year in which the permit is issued.

(c) Each hand fishing permit shall be validated by the signature of the permit holder written across the face of the permit. A hand fishing permit shall not be transferable. (Authorized by and implementing K.S.A. 32-807, as amended by L. 2012, Ch. 47, Sec. 25; effective Nov. 27, 2006; amended Nov. 26, 2012.)

115-18-19. Paddlefish permit; requirements, restrictions, and permit duration. (a) Each individual who wants to snag for paddlefish during those periods of time on those bodies of water established by K.A.R. 115-25-14 shall be required to have a paddlefish permit.

(b) Each paddlefish permit shall be valid statewide through December 31 of the year in which the permit is issued.

(c) Each paddlefish permit shall be validated by the signature of the permit holder written across the face of the permit. A paddlefish permit shall not be transferable.

(d) Any individual younger than 16 years of age may use an adult's paddlefish permit while accompanied by that adult with at least one unused carcass tag in possession. Each paddlefish snagged and kept by the individual younger than 16 years of age shall be included as part of the daily creel limit of the permit holder. (Authorized by and implementing K.S.A. 2016 Supp. 32-807; effective Nov. 27, 2006; amended Dec. 22, 2017.)

115-18-20. Tournament black bass pass; requirements, restrictions, and pass duration. (a) A tournament black bass pass shall be required for each individual who wants to keep up to five black bass in a daily creel limit that meet the minimum statewide length limit but that do not meet the special length limit for the specific body of water, or who wants to cull black bass after the daily creel limit has been met, during a weigh-in bass tournament as established in K.A.R. 115-7-9.

(b) Each tournament black bass pass shall be valid statewide for one year from the date of purchase.

(c) Each tournament black bass pass shall be validated by the signature of the pass holder written across the face of the pass. A tournament black bass pass shall not be transferable. (Authorized by and implementing K.S.A. 2016 Supp. 32-807; effective Nov. 27, 2006; amended Nov. 16, 2007; amended Nov. 19, 2010; amended Nov. 28, 2016; amended Dec. 22, 2017.)

115-18-21. This regulation shall be revoked on and after January 1, 2015. (Authorized by K.S.A. 32-807; implementing K.S.A. 32-807 and K.S.A. 2007 Supp. 32-1002; effective Dec. 1, 2008; revoked Jan. 1, 2015.)

115-18-22. Senior pass valid for hunting and fishing; requirements, restrictions, and permit duration. (a) Any Kansas resident age 65 and older may apply to the secretary for a senior pass valid for hunting and fishing.

(b) For the purposes of this regulation, the term "resident" shall have the meaning specified in K.S.A. 32-701, and amendments thereto, except

that a person shall have maintained that person's place of permanent abode in this state for not less than one year immediately preceding that person's application for a senior pass valid for hunting and fishing.

(c) A senior pass valid for hunting and fishing shall not be made invalid because the holder of that senior pass subsequently resides outside of the state.

(d) Each nonresident holder of a senior pass valid for hunting and fishing shall be eligible under the same conditions as those for a Kansas resident for a big game or wild turkey permit upon proper application to the secretary.

(e) A senior pass shall not be transferable.

(f) Each senior pass shall be valid during the life of the holder and shall expire upon the death of the holder. This regulation shall be effective on and after January 1, 2013. (Authorized by and implementing K.S.A. 32-807, as amended by L. 2012, Ch. 47, Sec. 25, and L. 2012, Ch. 154, Sec. 1; effective Jan. 1, 2013.)

Article 20.—MISCELLANEOUS REGULATIONS

115-20-2. Certain wildlife; legal equipment, taking methods, possession, and license requirement. (a) Subject to federal and state laws and regulations, wildlife listed in subsection (b) may be taken for personal use on a noncommercial basis.

(b) For purposes of this regulation, wildlife shall include the following, excluding any species listed in K.A.R. 115-15-1 or K.A.R. 115-15-2:

- (1) Amphibians, except bullfrogs;
- (2) armadillo;
- (3) commensal and other rodents, excluding game and furbearing animals;
- (4) exotic doves;
- (5) feral pigeon;
- (6) gopher;
- (7) ground squirrel;
- (8) invertebrates;
- (9) kangaroo rat;
- (10) mole;
- (11) porcupine;
- (12) prairie dog;
- (13) reptiles, except common snapping turtles and soft-shelled turtles;
- (14) woodchuck; and
- (15) wood rat.

(c) Wildlife listed in subsection (b) shall be tak-

en only with any of the following legal equipment or methods:

- (1) Bow and arrow;
- (2) crossbow;
- (3) deadfall;
- (4) dogs;
- (5) falconry;
- (6) firearms, except fully automatic firearms;
- (7) glue board;
- (8) hand;
- (9) net or seine;
- (10) optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light;
- (11) pellet and BB gun;
- (12) poison, poisonous gas, or smoke, if the toxicant is registered and labeled for that use and if all permit requirements for use of the poison, poisonous gas, or smoke have been met;
- (13) projectiles hand-thrown or propelled by a slingshot;
- (14) snare or noose; or
- (15) trap.

(d) The open season for the taking of wildlife listed in subsection (b) shall be year-round.

(e) There shall be no maximum daily bag or possession limit for wildlife listed in subsection (b), except that no more than five of any one species of amphibian, reptile, or mussel may be possessed and no more than five live specimens of mussels may be possessed. Two opposing shells shall constitute one mussel.

(f) Each exotic dove possessed in excess of the aggregate daily bag limit or aggregate possession limit for migratory doves during the open season for migratory doves established in K.A.R. 115-25-19 shall retain a fully feathered wing. For the purpose of this regulation, "migratory dove" shall mean any mourning dove or white-winged dove, and "exotic dove" shall mean a Eurasian collared dove or ringed turtle dove.

(g) Legally taken wildlife listed in subsection (b) may be possessed without limit in time.

(h) A hunting license shall not be required to take invertebrates. (Authorized by K.S.A. 2016 Supp. 32-807; implementing K.S.A. 2016 Supp. 32-807 and K.S.A. 2016 Supp. 32-919; effective Sept. 10, 1990; amended Nov. 30, 1998; amended July 13, 2001; amended Nov. 22, 2002; amended Feb. 18, 2005; amended July 28, 2017.)

115-20-7. Migratory doves; legal equipment, taking methods, and possession. (a) Le-

gal hunting equipment for migratory doves shall consist of the following:

(1) Shotguns that are not larger than 10 gauge, use shot ammunition, and are incapable of holding more than three shells in total capacity;

(2) archery equipment;

(3) crossbows;

(4) falconry equipment;

(5) optical scopes or sights that project no visible light toward the target and do not electronically amplify visible or infrared light; and

(6) blinds, stands, calls, and decoys, except live decoys.

(b) The use of dogs shall be permitted while hunting.

(c) Any type of apparel may be worn while hunting migratory doves.

(d) Legally taken migratory doves may be possessed without limit in time and may be given to another if accompanied by an attached, dated written notice that includes the donor's printed name, signature, and address; the total number of birds; the dates the birds were killed; and the permit or license number. The person receiving the meat shall retain the notice until the meat is consumed, given to another, or otherwise disposed of.

(e) Migratory doves shall be taken only while in flight. (Authorized by and implementing K.S.A. 2018 Supp. 32-807; effective Nov. 20, 2009; amended July 20, 2012; amended July 28, 2017; amended May 31, 2019.)

Article 30.—BOATING

115-30-1. Display of identification number and decal. (a) All vessels required to be numbered pursuant to K.S.A. 32-1110 and amendments thereto, except sailboards and kiteboards, shall display the identification number stated on the certificate of number issued by the department to the vessel owner and the decals supplied by the department to the vessel owner as follows:

(1) Each number consisting of a combination of capital letters and arabic numbers shall read from left to right and shall be painted or permanently attached on the top forward half of the vessel.

(2) Each character of the number shall be in block form and easily read.

(3) Each character of the number shall be of the same height and shall not be less than three inches in height.

(4) The number shall be of a color that contrasts with the color of the vessel.

(5) A hyphen or equivalent space that is equal to the width of a letter other than "I" or a number other than "1" shall separate arabic numbers from capital letters occurring in the number.

(6) Department-issued validation decals shall be placed in line and within three inches of the registration number on both sides of the hull of the vessel.

(b) Each sailboard and each kiteboard shall display only the decals supplied by the department with the certificate of number issued to the sailboard or kiteboard owner. The decals shall be attached to the front half of the top of the sailboard or kiteboard. However, any operator of a sailboard or kiteboard may carry proof of current registration, rather than attaching the decals as otherwise required by this subsection, if the decals supplied by the department do not adhere or cease to adhere to the sailboard or kiteboard. (Authorized by K.S.A. 2014 Supp. 32-807 and K.S.A. 32-1103; implementing K.S.A. 2014 Supp. 32-1110; effective Oct. 30, 1989; amended Jan. 1, 2008; amended Feb. 20, 2015.)

115-30-13. Removal of vessels from waters of the state. The livewells and bilges shall be drained and the drain plugs removed from all vessels being removed from the waters of the state before transport on any public highway of the state.

This regulation shall be effective on and after January 1, 2012. (Authorized by and implementing K.S.A. 32-807; effective Jan. 1, 2012.)

Article 40.—AGRITOURISM

115-40-1. Definitions. As used in this article and for purposes of administering the act, each of the following terms shall have the meaning specified in this regulation:

(a) "Act" means agritourism promotion act, K.S.A. 2012 Supp. 32-1430 through K.S.A. 2012 Supp. 32-1438 and amendments thereto.

(b) "Cost" means an expenditure directly related to insuring any agritourism activity.

(c) "Department" means department of wildlife, parks, and tourism.

(d) "Liability insurance" means a policy insuring against the following:

(1) Loss, expense, or liability by reason of bodily injury or death by accident, for which the insured could be liable or have assumed liability and loss; and

(2) damage to any goods on the premises of the insured, or the loss of or damage to the property

of another for which the insured is liable. (Authorized by and implementing K.S.A. 2012 Supp. 32-1438 and 32-1438a; effective July 26, 2013.)

115-40-2. Registration. (a) Each provider of an agritourism activity wanting to register the activity with the secretary pursuant to the act shall provide the information requested by the department. Upon request, a registration form shall be mailed to the provider. Although no charge is made for registration, no registration shall be deemed complete until the operator provides all of the information requested by the department.

(b) If an incomplete registration form is returned to the department, a request for the missing information shall be sent to the applicant. The applicant shall have 10 business days to respond to the request. If there is no response within this period, the registration form shall be returned, and the applicant's operation shall be considered not to be registered.

(c) The social security number from any registration form shall not be disclosed by the department. (Authorized by K.S.A. 2012 Supp. 32-807; implementing K.S.A. 2012 Supp. 32-1433; effective July 26, 2013.)

115-40-3. Liability insurance; costs qualifying for tax credits. The following costs associated with liability insurance shall be eligible for the tax credits authorized by the act:

(a) The cost of a rider with a separate premium for specific risk for an agritourism activity; and

(b) the amount that an insurance agent certified on a tax credit form provided to the registered agritourism operator by the department of revenue and filed for the operator that represents the cost of the liability insurance covering the registered agritourism activity. (Authorized by and implementing K.S.A. 2012 Supp. 32-807, 32-1438, and 32-1438a; effective July 26, 2013.)

115-40-4. Tax credits. (a) No costs of liability insurance specified in K.A.R. 115-40-3 shall

be allowed for consideration for tax credits, unless the registered agritourism operator or the operator's authorized attorney or insurance agent provides the department of revenue with the following information and documents:

(1) The name of the registered agritourism operator's liability insurance company;

(2) the liability insurance policy number;

(3) the name, complete address, and phone number of the liability insurance company's agent; and

(4) a copy of the completed tax credit form provided to the registered agritourism operator under K.A.R. 115-40-3(b).

(b) If, during the first five years that an agritourism operator is registered under the act, the secretary believes for any reason that the registered agritourism operator has not complied, or is not complying, with these regulations and through such noncompliance could have jeopardized the operator's eligibility for tax benefits under the act, all relevant information shall be forwarded by the secretary to the secretary of revenue. (Authorized by and implementing K.S.A. 2012 Supp. 32-807, 32-1438, and 32-1438a; effective July 26, 2013.)

115-40-5. New registration form. If a registered agritourism operator changes the agritourism activities at the registered agritourism operator's facility, that individual shall file a new registration form for the agritourism activity with the department in accordance with K.A.R. 115-40-2. (Authorized by K.S.A. 2012 Supp. 32-807; implementing K.S.A. 2012 Supp. 32-1433; effective July 26, 2013.)

115-40-6. Contracts. Each written contract or agreement with a participant shall contain the warning notice specified in K.S.A. 2012 Supp. 32-1434(b), and amendments thereto. This warning notice shall be printed in at least 10-point font. (Authorized by K.S.A. 2012 Supp. 32-807; implementing K.S.A. 2012 Supp. 32-1434; effective July 26, 2013.)

Article 1.—DEFINITIONS

117-1-1. Definitions. (a) “Act” means the state certified and licensed real property appraisers act.

(b) “Appraisal foundation” means the appraisal foundation established on November 30, 1987 as a not-for-profit corporation under the laws of Illinois.

(c) “Appraiser” means a state licensed or certified appraiser.

(d) “Board” means real estate appraisal board.

(e) “Classroom hour” means 50 minutes within a 60-minute segment. This definition reflects the traditional educational practice of having 50 minutes of instruction and 10 minutes of break time for each scheduled hour of instruction. The prescribed number of classroom hours shall include time devoted to examinations, which are considered to be part of the course.

(f) “Course” means any educational offering.

(g) “Course objectives” means the board’s document titled “supervisory appraiser/trainee appraiser course objectives and outline,” dated September 3, 2014, which is hereby adopted by reference.

(h) “Distance education” means any type of education during which the student and instructor are geographically separated.

(i) “General classification” means the certified general real property appraiser classification.

(j) “Good standing” means that both of the following conditions are met:

(1) The appraiser is not currently subject to a consent agreement or other comparable document that affects the appraiser’s legal eligibility to engage in appraisal practice by an appraisal regulatory agency in this or any other jurisdiction.

(2) The appraiser is not currently subject to a summary order or final order that affects the appraiser’s legal eligibility to engage in appraisal practice by an appraisal regulatory agency in this or any other jurisdiction.

(k) “Licensed classification” means the state licensed real property appraiser classification.

(l) “National uniform standards of professional appraisal practice course” means the uniform standards of professional appraisal practice course developed by the appraisal foundation.

(m) “Provisional classification” means the state provisional licensed real property appraiser classification.

(n) “Residential classification” means the certified residential real property appraiser classification.

(o) “Sponsor” means any of the following entities, which may request course approval from the board or offer a course approved by the board for credit toward any education requirement of the act:

- (1) Colleges or universities;

(2) community or junior colleges;
 (3) real estate appraisal or real estate-related organizations;
 (4) state or federal agencies or commissions;
 (5) proprietary schools;
 (6) other providers approved by the board; and
 (7) the appraisal foundation or its board. (Authorized by and implementing K.S.A. 2016 Supp. 58-4105; effective Jan. 21, 1991; amended, T-117-6-10-91, June 10, 1991; amended Aug. 5, 1991; amended May 24, 1993; amended Aug. 15, 1994; amended May 3, 1996; amended May 23, 2003; amended Jan. 1, 2008; amended April 17, 2009; amended June 17, 2016; amended May 26, 2017.)

**Article 2.—QUALIFICATIONS
 CRITERIA—RESIDENTIAL REAL
 ESTATE APPRAISER CLASSIFICATION**

117-2-1. Licensed classification; education requirements. (a) Each applicant shall meet the following requirements:

(1) Have received credit for 150 classroom hours in the following subjects, as specified:

(A) 30 classroom hours in basic appraisal principles;

(B) 30 classroom hours in basic appraisal procedures;

(C) 15 classroom hours in the national uniform standards of professional appraisal practice (USPAP) course or its equivalent. The applicant shall be required to pass this examination. There shall be no alternative to successful completion of the USPAP course and examination;

(D) 15 classroom hours in market analysis and highest and best use;

(E) 15 classroom hours in residential appraisal site valuation and cost approach;

(F) 30 classroom hours in residential sales comparison and income approaches; and

(G) 15 classroom hours in residential report writing and case studies; and

(2) provide evidence, satisfactory to the board, of one of the following:

(A) Successful completion of courses approved by the board as specified in paragraph (a)(1); or

(B) successful completion of courses not approved by the board, with evidence that the education covered all of the requirements specified in paragraph (a)(1).

(b) Credit toward the education requirements specified in paragraph (a)(1) may also be obtained by completing a degree in real estate from an

accredited degree-granting college or university approved by the association to advance collegiate schools of business or a national accreditation agency recognized by the U.S. secretary of education or Kansas board of regents if the college or university has had its curriculum reviewed and approved by the appraiser qualifications board (AQB).

(c) Classroom hours may be obtained only if both of the following conditions are met:

(1) The minimum length of the educational offering is at least 15 classroom hours.

(2) The applicant successfully completes an approved closed-book examination pertinent to that educational offering.

(d) A distance education course may be deemed to meet the classroom hour requirement specified in paragraph (a)(1) if all of the following conditions are met:

(1) The course provides an environment in which the student has verbal or written communication with the instructor.

(2) The sponsor obtains course content approval from any of the following:

(A) The appraiser qualifications board;

(B) an appraiser licensing or certifying agency in this or any other state; or

(C) an accredited college, community college, or university that offers distance education programs and is approved or accredited by the commission on colleges, a regional or national accreditation association, or an accrediting agency that is recognized by the U.S. secretary of education or the Kansas board of regents. Each non-academic credit college course provided by a college shall be approved by the appraiser qualifications board or the appraiser licensing or certifying agency in this or any other state.

(3) The course design and delivery are approved by one of the following sources:

(A) An appraiser qualifications board-approved organization;

(B) a college that qualifies for course content approval as specified in paragraph (d)(2)(C) and awards academic credit for the distance education course; or

(C) a college that qualifies for course content approval as specified in paragraph (d)(2)(C) with a distance education delivery program that approves the course design and includes a delivery system incorporating interactivity.

(e) Each distance education course intended for use as qualifying education shall include a written

examination proctored by an official approved by the college or university or by the sponsor.

(f) Any applicant who has completed two or more courses generally comparable in content, meaning topics covered, may receive credit only for the longest of the comparable courses completed. The national uniform standards of professional appraisal practice (USPAP) course taken in different years shall not be considered repetitive. (Authorized by and implementing K.S.A. 58-4109; effective Jan. 21, 1991; amended, T-117-6-10-91, June 10, 1991; amended Aug. 5, 1991; amended May 24, 1993; amended Jan. 9, 1998; amended March 26, 1999; amended May 23, 2003; amended Jan. 1, 2008; amended April 16, 2010; amended Jan. 1, 2015; amended Nov. 30, 2018.)

117-2-2. Licensed classification; appraisal experience requirement. (a)(1) Each applicant for the licensed classification shall have 1,000 hours of appraisal experience obtained in at least six months.

(2) At least six hours of real property appraisal experience shall be on an improved property.

(3) Acceptable appraisal experience shall include at least 750 hours of real property appraisal experience.

(4) Acceptable appraisal experience may include an aggregate maximum of 250 experience hours in the following appraisal categories:

- (A) Mass appraisal;
- (B) real estate consulting;
- (C) review appraisal;
- (D) highest and best use analysis; and
- (E) feasibility analysis study.

(5) Experience hours may be granted for appraisals performed without a traditional client. However, appraisal experience gained from work without a traditional client shall not exceed 50 percent of the total appraisal experience requirement. Practicum courses that are approved by the appraiser qualifications board's course-approval program or by a state appraiser regulatory agency may also be used to meet the requirement for non-traditional client experience. Each practicum course shall include the generally applicable methods of appraisal practice for the licensed classification. The course content shall include the following:

(A) Requiring the student to produce credible appraisals that utilize an actual subject property;

(B) performing market research containing sales analysis; and

(C) applying and reporting the applicable appraisal approaches in conformity with the uniform standards of professional appraisal practice.

Each assignment shall require problem-solving skills for a variety of property types for the licensed classification. Experience credit shall be granted for the actual number of classroom hours of instruction and hours of documented research and analysis as awarded from the practicum course approval process.

(6) For the purposes of this regulation, "traditional client" shall mean a client who hires an appraiser for a business purpose.

(b) All appraisal experience shall be in compliance with the uniform standards of professional appraisal practice (USPAP), as required by K.S.A. 58-4121 and amendments thereto. Each applicant's experience shall be appraisal work conforming to standards 1, 2, 3, 5, and 6, in which the applicant demonstrates proficiency in the appraisal principles, methodology, procedures, and reporting conclusions.

(c) The real property appraisal experience requirement specified in paragraph (a)(3) shall be met by time involved in the appraisal process. The appraisal process shall consist of the following:

- (1) Analyzing factors that affect value;
- (2) defining the problem;
- (3) gathering and analyzing data;
- (4) applying the appropriate analysis and methodology; and
- (5) arriving at an opinion and correctly reporting the opinion in compliance with USPAP.

(d)(1) In order for the board to determine whether or not the experience requirements have been satisfied, each applicant shall submit appraisal experience log sheets, in a format prescribed by the board, listing the appraisal reports completed by the applicant within the five-year period preceding the date of application. Each appraisal report shall be signed by the applicant or the preparer of the report who supervised the applicant. If the applicant does not sign the appraisal report, the preparer shall indicate whether or not the applicant provided significant professional assistance in the appraisal process.

(2) Each applicant shall maintain a record of the actual number of hours involved in completing an appraisal. Unless the board approves a greater number of experience hours for a particular appraisal based upon the unusually difficult or complex nature of the appraisal, the maximum number of experience hours for each appraisal

shall be in accordance with the board's document titled "experience hours table," dated December 1, 2017, which is hereby adopted by reference.

(3) Each applicant shall maintain a separate log of appraisals completed with each supervising appraiser.

Each page of each supervised experience log shall include the certification number and the signature of the applicant's supervising appraiser, which shall serve as verification of the accuracy of the information.

(e) Upon request of the board, each applicant shall submit at least three appraisal reports selected by the board from the applicant's log sheet and one appraisal report selected by the applicant from the log sheet. The selected appraisal reports shall be reviewed in accordance with standard rule 3 by the board or the board's designee for competency, within the scope of practice of the appraisal work authorized for the licensed classification, by using the criteria specified in K.S.A. 58-4109(d) and amendments thereto and, in particular, standards 1 and 2 of the edition of USPAP in effect when the appraisal was performed. Approval of an applicant's experience hours shall be subject to board approval of the requisite number of experience hours and board approval of the selected appraisal reports. (Authorized by and implementing K.S.A. 58-4109; effective Jan. 21, 1991; amended, T-117-6-10-91, June 10, 1991; amended Aug. 5, 1991; amended July 25, 1994; amended June 5, 1995; amended March 7, 1997; amended March 26, 1999; amended Oct. 8, 2004; amended Sept. 1, 2006; amended Jan. 1, 2008; amended April 16, 2010; amended Aug. 24, 2012; amended Aug. 22, 2014; amended Jan. 1, 2015; amended June 17, 2016; amended May 26, 2017; amended Nov. 30, 2018.)

117-2-2a. Licensed classification; experience supervision requirements. (a) In order for an applicant's experience to be approved by the board when the applicant is applying for the licensed classification, the experience shall have been supervised by an appraiser according to all of the following conditions:

(1) The supervising appraiser was a certified appraiser in good standing for the three years immediately preceding supervision and during the period of supervision.

(2) The supervising appraiser did not supervise more than three provisional licensed appraisers or unlicensed appraiser applicants at the same time.

(3) The supervising appraiser maintained responsibility for supervision of the applicant by meeting both of the following requirements:

(A) Before signing the certification section or addendum, the supervising appraiser reviewed each appraisal report that the applicant prepared or provided assistance in developing, preparing, or communicating.

(B) The supervising appraiser met the following requirements:

(i) Ensured that at least the first 25 properties for which the applicant provided assistance in developing, preparing, or communicating an appraisal report were personally inspected by a supervising appraiser; and

(ii) continued to personally inspect each property for which the applicant provided assistance in developing, preparing, or communicating an appraisal report until the supervising appraiser was satisfied that the applicant was competent to appraise the property type, in accordance with the competency provision of the uniform standards of professional appraisal practice (USPAP) as required by K.S.A. 58-4121 and amendments thereto.

(4) Before beginning supervision, the supervising appraiser completed a course that, at a minimum, meets the course objectives adopted by reference in K.A.R. 117-1-1. The supervising appraiser shall submit proof of completion of the course to the board office before beginning supervision.

(b) Each applicant shall be permitted to have more than one supervising appraiser.

(c) The supervising appraiser shall supervise the work of an applicant on appraisal reports performed on properties only if both of the following conditions are met:

(1) The supervising appraiser is permitted by the supervising appraiser's current credential to appraise the properties.

(2) The supervising appraiser is competent to appraise the properties. (Authorized by and implementing K.S.A. 58-4109; effective July 1, 2007; amended Jan. 18, 2008; amended April 17, 2009; amended Aug. 24, 2012; amended Jan. 1, 2015; amended May 26, 2017.)

117-2-3. Licensed classification; examination requirement. (a) Except as specified in subsection (b), each applicant for the licensed classification shall be required to successfully complete the national uniform appraiser exam-

ination designated by the board for the licensed classification within 24 months from the date of the board's approval of that applicant to take the examination. The board's approval shall be based upon the applicant's completion of the education requirements in K.A.R. 117-2-1 and experience requirements in K.A.R. 117-2-2.

The applicant's successful completion of the examination shall be valid for 24 months.

(b) The only alternative to successful completion of the licensed classification examination shall be the successful completion of the residential or general classification examination.

This regulation shall be effective on and after January 1, 2015. (Authorized by and implementing K.S.A. 58-4109; effective, T-117-6-10-91, June 10, 1991; effective Aug. 5, 1991; amended, T-117-7-1-05, July 1, 2005; amended Oct. 28, 2005; amended Jan. 1, 2008; amended Jan. 1, 2015.)

117-2-4. Licensed classification; scope of practice. (a)(1) The licensed classification shall apply to the appraisal of the following:

(A) Non-complex one- to four-family residential units having a transaction value of less than \$1,000,000; and

(B) complex one- to four-family residential units having a transaction value of \$250,000 or less.

(2) For the purposes for this regulation, the following definitions shall apply:

(A) A complex one- to four-family residential property appraisal shall mean an appraisal in which the property to be appraised, the form of ownership, or the market conditions are atypical.

(B) For non-federally related transaction appraisals, transaction value shall mean market value.

(b) The licensed classification shall include the appraisal of vacant or unimproved land that is utilized for one- to four-family purposes and where the highest and best use is for one- to four-family purposes. The licensed classification shall not include the appraisal of subdivisions in which a development analysis or appraisal is necessary and utilized.

(c) The licensed classification may also apply to the appraisal of any other property permitted by the regulations of the applicable federal financial institution's regulatory agency, other agency, or regulatory body.

(d) Each licensed appraiser shall comply with the competency rule of the uniform standards of professional appraisal practice (USPAP), as required by K.S.A. 58-4121 and amendments thereto.

(e) Each licensed appraiser shall perform and practice in compliance with the USPAP, as required by K.S.A. 58-4121 and amendments thereto. (Authorized by and implementing K.S.A. 58-4109; effective, T-117-6-10-91, June 10, 1991; effective Aug. 5, 1991; amended May 24, 1993; amended Jan. 1, 2008; amended June 17, 2016.)

Article 3.—QUALIFICATIONS CRITERIA—GENERAL APPRAISER CLASSIFICATION

117-3-1. General classification; education requirements. (a) Each applicant shall meet the following requirements:

(1) Have a bachelor's degree or higher from an accredited college or university;

(2) have received credit for 300 classroom hours in the following subjects, as specified:

(A) 30 classroom hours in basic appraisal principles;

(B) 30 classroom hours in basic appraisal procedures;

(C) 15 classroom hours in the national uniform standards of professional appraisal practice course or its equivalent;

(D) 30 classroom hours in general appraisal market analysis and highest and best use;

(E) 15 classroom hours in statistics, modeling, and finance;

(F) 30 classroom hours in the general appraisal sales comparison approach;

(G) 30 classroom hours in the general appraisal site valuation and cost approach;

(H) 60 classroom hours in the general appraisal income approach;

(I) 30 classroom hours in general appraisal report writing and case studies; and

(J) 30 classroom hours in appraisal subject matter electives, which may include hours over the minimum specified in paragraphs (a)(2)(A) through (I); and

(3) provide evidence, satisfactory to the board, of one of the following:

(A) Successful completion of courses approved by the board as specified in paragraph (a)(2); or

(B) successful completion of courses not approved by the board, with evidence that the education covered all of the requirements specified in paragraph (a)(2).

(b) Credit toward the education requirements specified in paragraph (a)(2) may also be obtained by completing a degree in real estate from an

accredited degree-granting college or university approved by the association to advance collegiate schools of business or a regional or national accreditation agency recognized by the U.S. secretary of education if the college or university has had its curriculum reviewed and approved by the appraiser qualifications board (AQB).

(c) Classroom hours may be obtained only if both of the following conditions are met:

(1) The length of the educational offering is at least 15 classroom hours.

(2) The applicant successfully completes an approved closed-book examination pertinent to that educational offering.

(d) The 300 classroom hours specified in paragraph (a)(2) may include a portion of the 150 classroom hours required for the licensed classification or the 200 classroom hours required for the residential classification.

(e)(1) Any appraiser holding a valid state license as a real property appraiser may meet the educational requirements for the general classification by performing the following:

(A) Satisfying the college-level educational requirements as specified in paragraph (a)(1); and

(B) completing an additional 150 educational hours in the following subjects:

(i) 15 hours of general appraiser market analysis and highest and best use;

(ii) 15 hours of statistics, modeling, and finance;

(iii) 15 hours of general appraiser sales comparison approach;

(iv) 15 hours of general appraiser site valuation and cost approach;

(v) 45 hours of general appraiser income approach;

(vi) 15 hours of general appraiser report writing and case studies; and

(vii) 30 hours of appraisal subject matter electives.

(2) Any appraiser holding a valid residential real property appraiser credential may meet the educational requirements for the general classification by performing the following:

(A) Satisfying the college-level educational requirements as specified in paragraph (a)(1); and

(B) completing an additional 100 educational hours in the following subjects:

(i) 15 hours of general appraiser market analysis and highest and best use;

(ii) 15 hours of general appraiser sales comparison approach;

(iii) 15 hours of general appraiser site valuation and cost approach;

(iv) 45 hours of general appraiser income approach; and

(v) 10 hours of general appraiser report writing and case studies.

(f) A distance education course may be deemed to meet the classroom hour requirement specified in paragraph (a)(2) if all of the following conditions are met:

(1) The course provides an environment in which the student has verbal or written communication with the instructor.

(2) The sponsor obtains course content approval from any of the following:

(A) The appraiser qualifications board;

(B) an appraiser licensing or certifying agency in this or any other state; or

(C) an accredited college, community college, or university that offers distance education programs and is approved or accredited by the commission on colleges, a regional or national accreditation association, or an accrediting agency that is recognized by the U.S. secretary of education. Each non-academic credit college course provided by a college shall be approved by the appraiser qualifications board or the appraiser licensing or certifying agency in this or any other state.

(3) The course design and delivery are approved by one of the following sources:

(A) An appraiser qualifications board-approved organization;

(B) a college that qualifies for course content approval as specified in paragraph (f)(2)(C) that awards academic credit for the distance education course; or

(C) a college that qualifies for course content approval as specified in paragraph (f)(2)(C) with a distance education delivery program that approves the course design and includes a delivery system incorporating interactivity.

(g) Each distance education course intended for use as qualifying education shall include a written examination proctored by an official approved by the college or university or by the sponsor.

(h) Any applicant who has completed two or more courses generally comparable in content, meaning topics covered, may receive credit only for the longest of the comparable courses completed. The national uniform standards of professional appraisal practice course (USPAP) taken in different years shall not be considered repetitive.

This regulation shall be effective on and after January 1, 2015. (Authorized by and implementing K.S.A. 58-4109; effective Jan. 21, 1991; amend-

ed, T-117-6-10-91, June 10, 1991; amended Aug. 5, 1991; amended May 24, 1993; amended Jan. 9, 1998; amended March 26, 1999; amended May 23, 2003; amended Jan. 1, 2008; amended July 10, 2009; amended April 16, 2010; amended Jan. 1, 2015.)

117-3-2. General classification; appraisal experience requirement. (a)(1) Each applicant for the general classification shall have 3,000 hours of appraisal experience obtained over a period of at least 18 months.

(2) At least six hours of real property appraisal experience shall be on an improved property.

(3) At least 1,500 hours of real property appraisal experience shall have been nonresidential appraisal work. For purposes of this regulation, “residential” shall be defined as residential units for one to four families.

(4) Acceptable appraisal experience shall include at least 1,500 experience hours of real property appraisal experience.

(5) Acceptable appraisal experience may include either of the following:

(A) 1,500 experience hours in mass appraisal; or

(B) an aggregate maximum of 750 experience hours in the following appraisal categories:

(i) Real estate consulting;

(ii) review appraisal;

(iii) highest and best use analysis; and

(iv) feasibility analysis study.

(6) Experience hours may be granted for appraisals performed without a traditional client. However, appraisal experience gained from work without a traditional client shall not exceed 50 percent of the total appraisal experience requirement. Practicum courses that are approved by the appraiser qualifications board’s course-approval program or by a state appraiser regulatory agency may also be used to meet the requirement for non-traditional client experience. Each practicum course shall include the generally applicable methods of appraisal practice for the general classification. The course content shall include the following:

(A) Requiring the student to produce credible appraisals that utilize an actual subject property;

(B) performing market research containing sales analysis; and

(C) applying and reporting the applicable appraisal approaches in conformity with the uniform standards of professional appraisal practice.

Each practicum course assignment shall require problem-solving skills for a variety of property

types for the general classification. Experience credit shall be granted for the actual number of classroom hours of instruction and hours of documented research and analysis as awarded from the practicum course approval process.

(7) For the purposes of this regulation, “traditional client” shall mean a client who hires an appraiser for a business purpose.

(b) All appraisal experience shall be in compliance with the uniform standards of professional appraisal practice (USPAP), as required by K.S.A. 58-4121 and amendments thereto. Each applicant’s experience shall be appraisal work conforming to standards 1, 2, 3, 5, and 6, in which the applicant demonstrates proficiency in the appraisal principles, methodology, procedures, and report conclusions.

(c) The real property appraisal experience requirement specified in paragraph (a)(4) shall be met by time involved in the appraisal process. The appraisal process shall consist of the following:

(1) Analyzing factors that affect value;

(2) defining the problem;

(3) gathering and analyzing data;

(4) applying the appropriate analysis and methodology; and

(5) arriving at an opinion and correctly reporting the opinion in compliance with USPAP.

(d)(1) In order for the board to determine whether or not the experience requirements have been met, each applicant shall submit appraisal experience log sheets, in a format prescribed by the board, listing the appraisal reports completed by the applicant within the five-year period preceding the date of application. Each appraisal report shall be signed by the applicant or the preparer of the report who supervised the applicant. If the applicant does not sign the appraisal report, the preparer shall indicate whether or not the applicant provided significant professional assistance in the appraisal process.

(2) Each applicant shall maintain a record of the actual number of hours involved in completing an appraisal. Unless the board approves a greater number of experience hours for a particular appraisal based upon the unusually difficult or complex nature of the appraisal, the maximum number of experience hours for each appraisal shall be in accordance with the board’s document titled “experience hours table,” which is adopted by reference in K.A.R. 117-2-2.

(3) If an applicant has both supervised experience and unsupervised experience, the applicant

shall maintain a separate log of appraisals for each type of experience.

When logging supervised experience, the applicant shall maintain a separate log of appraisals completed with each supervising appraiser. Each page of each supervised experience log shall include the certification number and the signature of that applicant's supervising appraiser, which shall serve as verification of the accuracy of the information.

(e) Upon request of the board, each applicant shall submit at least three appraisal reports selected by the board from the applicant's log sheet and one appraisal report selected by the applicant from the log sheet. The selected appraisal reports shall be reviewed by the board or the board's designee, in accordance with standard rule 3, for competency within the scope of practice of the appraisal work authorized for the general classification, by using the criteria specified in K.S.A. 58-4109(d) and amendments thereto and, in particular, standard rules 1 and 2 of the edition of USPAP in effect when the appraisal was performed. Approval of an applicant's experience hours shall be subject to board approval of the requisite number of experience hours and board approval of the selected appraisal reports. (Authorized by and implementing K.S.A. 58-4109; effective Jan. 21, 1991; amended, T-117-6-10-91, June 10, 1991; amended Aug. 5, 1991; amended July 25, 1994; amended June 5, 1995; amended March 7, 1997; amended Jan. 9, 1998; amended March 26, 1999; amended Oct. 8, 2004; amended Sept. 1, 2006; amended Jan. 1, 2008; amended April 16, 2010; amended Aug. 24, 2012; amended Aug. 22, 2014; amended Jan. 1, 2015; amended June 17, 2016; amended May 26, 2017; amended Nov. 30, 2018.)

117-3-2a. General classification; experience supervision requirements. (a) In order for an applicant's experience to be approved by the board when the applicant is applying for the general classification, all experience attained by an unlicensed or uncertified individual or by a licensed or certified appraiser whose experience is outside that appraiser's scope of practice shall have been supervised by an appraiser according to the following conditions:

(1) The supervising appraiser was a certified appraiser in good standing for the three years immediately preceding supervision and during the period of supervision.

(2) The supervising appraiser did not supervise more than three provisional licensed appraisers or unlicensed appraiser applicants at the same time.

(3) The supervising appraiser maintained responsibility for supervision of the applicant by meeting both of the following requirements:

(A) Before signing the certification section or addendum, the supervising appraiser reviewed each appraisal report that the applicant prepared or provided assistance in developing, preparing, or communicating.

(B) The supervising appraiser met the following requirements:

(i) Ensured that at least the first 25 properties for which the applicant provided assistance in developing, preparing, or communicating an appraisal report were personally inspected by a supervising appraiser; and

(ii) continued to personally inspect each property for which the applicant provided assistance in developing, preparing, or communicating an appraisal report until the supervisor was satisfied that the applicant was competent to appraise the property type, in accordance with the competency provision of the uniform standards of professional appraisal practice (USPAP) as required by K.S.A. 58-4121 and amendments thereto.

(4) Before beginning supervision, the supervising appraiser completed a course that, at a minimum, meets the course objectives adopted by reference in K.A.R. 117-1-1. The supervising appraiser shall submit proof of completion of the course to the board office before beginning supervision.

(b) Each applicant shall be permitted to have more than one supervising appraiser.

(c) The supervising appraiser shall supervise the work of an applicant on appraisal reports performed on properties only if both of the following conditions are met:

(1) The supervising appraiser is permitted by the supervising appraiser's current credential to appraise the properties.

(2) The supervising appraiser is competent to appraise the properties. (Authorized by and implementing K.S.A. 58-4109; effective July 1, 2007; amended July 1, 2007; amended Jan. 18, 2008; amended April 17, 2009; amended Aug. 24, 2012; amended Jan. 1, 2015; amended May 26, 2017.)

117-3-3. General classification; examination requirement. Each applicant for the general classification shall be required to successfully

complete the national uniform appraiser examination designated by the board for the general classification within 24 months from the date of the board's approval of that applicant to take the examination. The board's approval shall be based upon the applicant's completion of the education requirements in K.A.R. 117-3-1 and experience requirements in K.A.R. 117-3-2.

The applicant's successful completion of the examination shall be valid for 24 months.

This regulation shall be effective on and after January 1, 2015. (Authorized by and implementing K.S.A. 58-4109; effective, T-117-6-10-91, June 10, 1991; effective Aug. 5, 1991; amended, T-117-7-1-05, July 1, 2005; amended Oct. 28, 2005; amended Jan. 1, 2015.)

117-3-4. General classification; scope of practice. (a) The general classification shall apply to the appraisal of all types of real property.

(b) Each certified general appraiser shall comply with the competency rule of the uniform standards of professional appraisal practice (USPAP), as required by K.S.A. 58-4121 and amendments thereto.

(c) Each certified general appraiser shall perform and practice in compliance with the USPAP, as required by K.S.A. 58-4121 and amendments thereto. (Authorized by and implementing K.S.A. 58-4109; effective, T-117-6-10-91, June 10, 1991; effective Aug. 5, 1991; amended Jan. 1, 2008; amended June 17, 2016.)

Article 4.—QUALIFICATIONS CRITERIA—CERTIFIED RESIDENTIAL APPRAISER CLASSIFICATION

117-4-1. Residential classification; education requirements. (a) Each applicant shall meet one of the following requirements:

(1) Have a bachelor's degree or higher from an accredited four-year college or university;

(2) have an associate's degree in a field of study related to one of the following:

(A) Business administration;

(B) accounting;

(C) finance;

(D) economics; or

(E) real estate;

(3) successfully complete 30 semester hours of college-level courses in the following subjects, with at least three semester hours in each subject:

(A) English composition;

(B) microeconomics;

(C) macroeconomics;

(D) finance;

(E) algebra, geometry, or higher mathematics;

(F) statistics;

(G) principles of management;

(H) business or real estate law; and

(I) two elective courses in any of the following subjects:

(i) Accounting;

(ii) geography;

(iii) agricultural economics;

(iv) business management; or

(v) real estate;

(4) successfully complete at least 30 hours of college-level examination program (CLEP) examinations in the following subjects:

(A) English composition;

(B) microeconomics;

(C) macroeconomics;

(D) finance;

(E) algebra, geometry, or higher mathematics;

(F) statistics;

(G) computer science;

(H) principles of management; and

(I) any two of the following:

(i) Accounting;

(ii) geography;

(iii) agricultural economics;

(iv) business management; or

(v) real estate; or

(5) successfully complete any combination of paragraphs (a)(3) and (4) that includes all of the subjects listed in those paragraphs.

(b) Each applicant shall meet the following requirements:

(1) Have received credit for 200 classroom hours in the following subjects, as specified:

(A) 30 classroom hours in basic appraisal principles;

(B) 30 classroom hours in basic appraisal procedures;

(C) 15 classroom hours in the national uniform standards of professional appraisal practice course or its equivalent;

(D) 15 classroom hours in residential market analysis and highest and best use;

(E) 15 classroom hours in the residential appraiser site valuation and cost approach;

(F) 30 classroom hours in residential sales comparison and income approaches;

(G) 15 classroom hours in residential report writing and case studies;

(H) 15 classroom hours in statistics, modeling, and finance;

(I) 15 classroom hours in advanced residential applications and case studies; and

(J) 20 classroom hours in appraisal subject matter electives, which may include hours over the minimum specified in paragraph (b)(1); and

(2) provide evidence, satisfactory to the board, of one of the following:

(A) Successful completion of courses approved by the board as specified in paragraph (b)(1); or

(B) successful completion of courses not approved by the board, with evidence that the education covered all of the requirements specified in paragraph (b)(1).

(c) Credit toward the education requirements specified in paragraph (b)(1) may also be obtained by completing a degree in real estate from an accredited degree-granting college or university approved by the association to advance collegiate schools of business or a regional or national accreditation agency recognized by the U.S. secretary of education if the college or university has had its curriculum reviewed and approved by the appraiser qualifications board (AQB).

(d) Classroom hours may be obtained only if both of the following conditions are met:

(1) The length of the educational offering is at least 15 classroom hours.

(2) The applicant successfully completes an approved closed-book examination pertinent to that educational offering.

(e) Any appraiser holding a valid state license as a real property appraiser may meet the educational requirements for the certified residential classification by performing the following:

(1)(A) Satisfying the college-level educational requirements as specified in subsection (a); or

(B) having a state license for at least five years immediately preceding the date of application if there has been no final adjudicated disciplinary action affecting the state licensed appraiser's legal eligibility to engage in appraisal practice; and

(2) completing an additional 50 hours of classroom or distance education, or both in the following subjects:

(A) 15 hours of statistics, modeling, and finance;

(B) 15 hours of advanced residential applications and case studies; and

(C) 20 hours of appraisal subject matter electives.

(f) The 200 classroom hours specified in paragraph (b)(1) may include a portion of the 150

classroom hours required for the licensed classification.

(g) A distance education course may be deemed to meet the classroom hour requirement specified in paragraph (b)(1) if all of the following conditions are met:

(1) The course provides an environment in which the student has verbal or written communication with the instructor.

(2) The sponsor obtains course content approval from any of the following:

(A) The appraiser qualifications board;

(B) an appraiser licensing or certifying agency in this or any other state; or

(C) an accredited college, community college, or university that offers distance education programs and is approved or accredited by the commission on colleges, a regional or national accreditation association, or an accrediting agency that is recognized by the U.S. secretary of education. Each non-academic credit college course provided by a college shall be approved by the appraiser qualifications board or the appraiser licensing or certifying agency in this or any other state.

(3) The course design and delivery are approved by one of the following sources:

(A) An appraiser qualifications board-approved organization;

(B) a college that qualifies for course content approval as specified in paragraph (g)(2)(C) and awards academic credit for the distance education course; or

(C) a college that qualifies for course content approval as specified in paragraph (g)(2)(C) with a distance education delivery program that approves the course design and includes a delivery system incorporating interactivity.

(h) Each distance education course intended for use as qualifying education shall include a written examination proctored by an official approved by the college or university or by the sponsor.

(i) Any applicant who has completed two or more courses generally comparable in content, meaning topics covered, may receive credit only for the longest of the comparable courses completed. The national uniform standards of professional appraisal practice (USPAP) course taken in different years shall not be considered repetitive. (Authorized by and implementing K.S.A. 58-4109; effective Jan. 21, 1991; amended, T-117-6-10-91, June 10, 1991; amended Aug. 5, 1991; amended May 24, 1993; amended Jan. 1, 1994; amended Jan. 9, 1998; amended March 26, 1999; amended

May 23, 2003; amended Jan. 1, 2008; amended July 10, 2009; amended April 16, 2010; amended Jan. 1, 2015; amended June 17, 2016; amended Nov. 30, 2018.)

117-4-2. Residential classification; appraisal experience requirement. (a)(1) Each applicant for the residential classification shall have 1,500 hours of appraisal experience obtained over a period of at least 12 months.

(2) At least six hours of real property appraisal experience shall be on an improved property.

(3) Acceptable appraisal experience shall include at least 1,125 experience hours of real property appraisal experience.

(4) Acceptable appraisal experience may include an aggregate maximum of 375 experience hours in the following appraisal categories:

- (A) Mass appraisal;
- (B) real estate consulting;
- (C) review appraisal;
- (D) highest and best use analysis; and
- (E) feasibility analysis study.

(5) Experience hours may be granted for appraisals performed without a traditional client. However, appraisal experience gained from work without a traditional client shall not exceed 50 percent of the total appraisal experience requirement. Practicum courses that are approved by the appraiser qualifications board's course-approval program or by a state appraiser regulatory agency may also be used to meet the requirement for non-traditional client experience. Each practicum course shall include the generally applicable methods of appraisal practice for the residential classification. The course content shall include the following:

(A) Requiring the student to produce credible appraisals that utilize an actual subject property;

(B) performing market research containing sales analysis; and

(C) applying and reporting the applicable appraisal approaches in conformity with the uniform standards of professional appraisal practice.

Each assignment shall require problem-solving skills for a variety of property types for the residential classification. Experience credit shall be granted for the actual classroom hours of instruction and hours of documented research and analysis as awarded from the practicum course approval process.

(6) For the purposes of this regulation, "traditional client" shall mean a client who hires an appraiser for a business purpose.

(b) All appraisal experience shall be in compliance with the uniform standards of professional appraisal practice (USPAP), as required by K.S.A. 58-4121 and amendments thereto. Each applicant's experience shall be appraisal work conforming to standards 1, 2, 3, 5, and 6, in which the applicant demonstrates proficiency in the appraisal principles, methodology, procedures, and report conclusions.

(c) The real property appraisal experience requirement specified in paragraph (a)(3) shall be met by time involved in the appraisal process. The appraisal process shall consist of the following:

- (1) Analyzing factors that affect value;
- (2) defining the problem;
- (3) gathering and analyzing data;
- (4) applying the appropriate analysis and methodology; and

(5) arriving at an opinion and correctly reporting the opinion in compliance with USPAP.

(d)(1) In order for the board to determine whether or not the experience requirements have been met, each applicant shall submit appraisal experience log sheets, in a format prescribed by the board, listing the appraisal reports completed by the applicant within the five-year period preceding the date of application. Each appraisal report shall be signed by the applicant or the preparer of the report who supervised the applicant. If the applicant does not sign the appraisal report, the preparer shall indicate whether or not the applicant provided significant professional assistance in the appraisal process.

(2) Each applicant shall maintain a record of the actual number of hours involved in completing an appraisal. Unless the board approves a greater number of experience hours for a particular appraisal based upon the unusually difficult or complex nature of the appraisal, the maximum number of experience hours for each appraisal shall be in accordance with the board's document titled "experience hours table," which is adopted by reference in K.A.R. 117-2-2.

(3) Each applicant shall maintain a separate log of appraisals for supervised experience and for unsupervised experience.

When logging supervised experience, the applicant shall maintain a separate log of appraisals completed with each supervising appraiser. Each page of each supervised experience log shall include the certification number and the signature of that applicant's supervising appraiser, which shall serve as verification of the accuracy of the information.

(e) Upon request of the board, each applicant shall submit at least three appraisal reports selected by the board from the applicant's log sheet and one appraisal report selected by the applicant from the log sheet. The selected appraisal reports shall be reviewed by the board or the board's designee, in accordance with standard rule 3 for competency within the scope of practice of the appraisal work authorized for the residential classification, by using the criteria specified in K.S.A. 58-4109(d) and amendments thereto and, in particular, standard rules 1 and 2 of the edition of USPAP in effect when the appraisal was performed. Approval of an applicant's experience hours shall be subject to board approval of the requisite number of experience hours and board approval of the selected appraisal reports. (Authorized by and implementing K.S.A. 58-4109; effective, T-117-6-10-91, June 10, 1991; effective Aug. 5, 1991; amended July 25, 1994; amended June 5, 1995; amended March 7, 1997; amended Jan. 9, 1998; amended March 26, 1999; amended Oct. 8, 2004; amended Sept. 1, 2006; amended Jan. 1, 2008; amended April 16, 2010; amended Aug. 24, 2012; amended Aug. 22, 2014; amended Jan. 1, 2015; amended June 17, 2016; amended May 26, 2017; amended Nov. 30, 2018.)

117-4-2a. Residential classification; experience supervision requirements. (a) In order for an applicant's experience to be approved by the board when the applicant is applying for the residential classification, all experience attained by an unlicensed individual or by a licensed appraiser whose experience is outside that appraiser's scope of practice shall have been supervised by an appraiser according to all of the following conditions:

(1) The supervising appraiser was a certified appraiser in good standing for the three years immediately preceding supervision and during the period of supervision.

(2) The supervising appraiser did not supervise more than three provisional licensed appraisers or unlicensed appraiser applicants at the same time.

(3) The supervising appraiser maintained responsibility for supervision of the applicant by meeting both of the following requirements:

(A) Before signing the certification section or addendum, the supervising appraiser reviewed each appraisal report that the applicant prepared or provided assistance in developing, preparing, or communicating.

(B) The supervising appraiser met the following requirements:

(i) Ensured that at least the first 25 properties for which the applicant provided assistance in developing, preparing, or communicating an appraisal report were personally inspected by a supervising appraiser; and

(ii) continued to personally inspect each property for which the applicant provided assistance in developing, preparing, or communicating an appraisal report until the supervising appraiser was satisfied that the applicant was competent to appraise the property type, in accordance with the competency provision of the uniform standards of professional appraisal practice (USPAP) as required by K.S.A. 58-4121 and amendments thereto.

(4) Before beginning supervision, the supervising appraiser completed a course that, at a minimum, meets the course objectives adopted by reference in K.A.R. 117-1-1. The supervising appraiser shall submit proof of completion of the course to the board office before beginning supervision.

(b) Each applicant shall be permitted to have more than one supervising appraiser.

(c) The supervising appraiser shall supervise the work of an applicant on appraisal reports performed on properties only if both of the following conditions are met:

(1) The supervising appraiser is permitted by the supervising appraiser's current credential to appraise the properties.

(2) The supervising appraiser is competent to appraise the properties. (Authorized by and implementing K.S.A. 58-4109; effective July 1, 2007; amended July 1, 2007; amended Jan. 18, 2008; amended April 17, 2009; amended Aug. 24, 2012; amended Jan. 1, 2015; amended May 26, 2017.)

117-4-3. Residential classification; examination requirement. (a) Except as specified in subsection (b), each applicant for the residential classification shall be required to successfully complete the national uniform appraiser examination designated by the board for the residential classification within 24 months from the date of the board's approval of that applicant to take the examination. The board's approval shall be based upon the applicant's completion of the education requirements in K.A.R. 117-4-1 and experience requirements in K.A.R. 117-4-2.

The applicant's successful completion of the examination shall be valid for 24 months.

(b) The only alternative to the successful completion of the residential classification examination shall be the successful completion of the general classification examination.

This regulation shall be effective on and after January 1, 2015. (Authorized by and implementing K.S.A. 58-4109; effective, T-117-6-10-91, June 10, 1991; effective Aug. 5, 1991; amended, T-117-7-1-05, July 1, 2005; amended Oct. 28, 2005; amended Jan. 1, 2008; amended Jan. 1, 2015.)

117-4-4. Residential classification; scope of practice. (a) The residential classification shall apply to the appraisal of residential units for one to four families without regard to transaction value or complexity.

(b) The residential classification shall include the appraisal of vacant or unimproved land that is utilized for one-family to four-family purposes and where the highest and best use is for one-family to four-family purposes. The residential classification shall not include the appraisal of subdivisions in which a development analysis or appraisal is necessary and utilized.

(c) The residential classification may also apply to the appraisal of any other property permitted by the regulations of the applicable federal financial institution's regulatory agency, other agency, or regulatory body.

(d) Each certified residential appraiser shall comply with the competency rule of the uniform standards of professional appraisal practice (USPAP), as required by K.S.A. 58-4121 and amendments thereto.

(e) Each certified residential appraiser shall perform and practice in compliance with the USPAP, as required by K.S.A. 58-4121 and amendments thereto. (Authorized by and implementing K.S.A. 58-4109; effective, T-117-6-10-91, June 10, 1991; effective Aug. 5, 1991; amended May 24, 1993; amended Jan. 1, 2008; amended June 17, 2016.)

Article 5.—QUALIFICATIONS CRITERIA—PROVISIONAL CLASSIFICATION

117-5-1. Provisional classification; education requirements. In order to be eligible for the provisional classification, each applicant shall meet the education requirements specified in the following:

(a) K.A.R. 117-3-1(a)(1) or K.A.R. 117-4-1(a)(1) through (5); and

(b) within the five years preceding the date of application, K.A.R. 117-2-1(a)(1), K.A.R. 117-3-1(a)(2), or K.A.R. 117-4-1(b)(1). (Authorized by and implementing K.S.A. 58-4109; effective Aug. 15, 1994; amended April 24, 1998; amended Sept. 1, 2006; amended Jan. 1, 2015; amended Nov. 30, 2018.)

117-5-2. Provisional classification; supervised experience requirements. (a) Each provisional licensed appraiser's work in developing, preparing, or communicating an appraisal report shall be directly supervised by a supervising appraiser as specified in K.A.R. 117-5-2a.

(b) Before beginning supervised experience, each provisional licensed appraiser shall have completed a course that, at a minimum, meets the requirements contained in the board's document titled "supervisory appraiser/trainee appraiser course objectives and outline," dated September 3, 2014, which is hereby adopted by reference. Each provisional licensed appraiser shall submit proof of completion of the course to the board office before commencing supervised experience.

(c) Each appraisal report shall be signed by the provisional licensed appraiser or by the preparer of the report who supervised the provisional licensed appraiser, certifying that the report is in compliance with the uniform standards of professional appraisal practice of the appraisal foundation in effect at the time of the appraisal.

(d) If the provisional licensed appraiser does not sign the appraisal report, the preparer of the report who supervised the provisional licensed appraiser shall describe, in the certification section or in the dated and signed addendum to the certification page of the appraisal report, the extent to which the provisional licensed appraiser provided assistance in developing, preparing, or communicating the appraisal through generally accepted appraisal methods and techniques.

(e) Each provisional licensed appraiser shall be permitted to have more than one supervising appraiser.

(f) In order to be licensed as a real property appraiser, certified as a general real property appraiser, or certified as a residential real property appraiser, the provisional licensed appraiser shall complete the experience requirements in K.A.R. 117-2-2, K.A.R. 117-3-2, or K.A.R. 117-4-2.

(g) The requirements for real property appraisal experience specified in K.A.R. 117-2-2, K.A.R. 117-3-2, and K.A.R. 117-4-2 shall be met by time

involved in the appraisal process. The appraisal process shall consist of the following:

- (1) Analyzing factors that affect value;
- (2) defining the problem;
- (3) gathering and analyzing data;
- (4) applying the appropriate analysis and methodology; and
- (5) arriving at an opinion and correctly reporting the opinion in compliance with the national uniform standards of professional appraisal practice.

(h)(1) In order for the board to determine whether or not the experience requirements have been satisfied, each provisional licensed appraiser shall submit appraisal experience log sheets, in a format prescribed by the board, listing the appraisal reports completed by the applicant within the five-year period preceding the date of application.

(2) Each page of the log shall include the certification number and the signature of the supervising appraiser, which shall serve as verification of the accuracy of the information.

(3) Each applicant shall maintain a record of the actual number of hours involved in completing an appraisal. Unless the board approves a greater number of experience hours for a particular appraisal based upon the unusually difficult or complex nature of the appraisal, the maximum number of experience hours for each appraisal shall be in accordance with the board's document titled "experience hours table," dated April 25, 2014, which is hereby adopted by reference.

(i) Each provisional licensed appraiser shall maintain a separate log of appraisals completed with each supervising appraiser.

This regulation shall be effective on and after January 1, 2015. (Authorized by and implementing K.S.A. 58-4109; effective April 24, 1998; amended Dec. 5, 2003; amended April 17, 2009; amended Aug. 24, 2012; amended Aug. 22, 2014; amended Jan. 1, 2015.)

117-5-2a. Provisional classification; supervisor requirements. (a) In order for a provisional licensed appraiser's experience to be approved by the board, that individual's experience shall have been supervised by an appraiser according to all of the following conditions:

(1) The supervising appraiser was a certified appraiser in good standing for the three years immediately preceding supervision and during the period of supervision.

(2) The supervising appraiser did not supervise more than three provisional licensed appraisers or unlicensed appraiser applicants at the same time.

(3) The supervising appraiser maintained responsibility for supervision of the provisional licensed appraiser by meeting both of the following requirements:

(A) Before signing the certification section or addendum, the supervising appraiser reviewed each appraisal report that the applicant prepared or provided assistance in developing, preparing, or communicating.

(B) The supervising appraiser met the following requirements:

(i) Ensured that at least the first 25 properties for which the applicant provided assistance in developing, preparing, or communicating an appraisal report were personally inspected by a supervising appraiser; and

(ii) continued to personally inspect each property for which the applicant provided assistance in developing, preparing, or communicating an appraisal report until the supervising appraiser was satisfied that the applicant was competent to appraise the property type, in accordance with the competency provision of the uniform standards of professional appraisal practice (USPAP).

(4) The supervising appraiser has completed the course required in K.A.R. 117-5-2(b). The supervising appraiser shall submit proof of completion of the course to the board office before beginning supervision.

(b) The supervising appraiser shall supervise the work of a provisional licensed appraiser on appraisal reports performed on properties only if both of the following conditions are met:

(1) The supervising appraiser is permitted by the supervising appraiser's current credential to appraise the properties.

(2) The supervising appraiser is competent to appraise the properties. (Authorized by and implementing K.S.A. 58-4109; effective July 1, 2007; amended Jan. 18, 2008; amended April 17, 2009; amended Aug. 24, 2012; amended Jan. 1, 2015; amended May 26, 2017.)

Article 6.—CONTINUING EDUCATION

117-6-1. Continuing education; renewal requirements. (a)(1) The continuing education requirement for renewal of any license or certificate for the provisional, licensed, residential, or general classification that has been in force

for one year or more shall be a total of 28 hours, which may be averaged over each two-year education cycle as defined in paragraph (a)(5) and as provided in paragraph (a)(6).

(2) The continuing education requirement for renewal of any license or certificate for the provisional, licensed, residential, or general classification that has been in force for less than one year but more than 184 days shall be a total of 14 hours, completed on or after the original date of issuance of the license or certificate.

(3) No hours of continuing education shall be required for renewal of any license or certificate for the provisional, licensed, residential, or general classification that has been in force for 184 days or less.

(4) Each course for which credit is requested shall have received the approval of the board or approval of the appraisal licensing agency of the state in which the course was held for renewal of the applicable classification before the completion of the course.

(5) The two-year education cycle shall commence on July 1 of each odd-numbered year and end on June 30 of the next odd-numbered year.

(6) Within every two-year education cycle, each certified or licensed appraiser required to complete 14 or more continuing education hours shall attend a seven-classroom-hour national uniform standards of professional appraisal practice update course, or its equivalent.

(b) An appraiser shall not receive continuing education credit for a course for which the appraiser received credit toward the original classroom-hour requirement specified in K.A.R. 117-2-1, 117-3-1, or 117-4-1, except for the course on the uniform standards of professional appraisal practice and updates of the course. However, if a licensed or certified appraiser receives credit for a course to apply toward a higher classification, the appraiser may also receive continuing education credit for the course if it is approved by the board or by the appraisal licensing agency of the state in which the course was held for continuing education credit.

(c)(1) Up to one-half of an individual's continuing education credit may also be granted for participation, other than as a student, in appraisal educational processes and programs. Activities for which credit may be granted shall include any of the following:

(A) Teaching of appraisal courses. Credit for any course or seminar shall be awarded only once during each two-year continuing education cycle;

(B) program development;

(C) attendance at a state appraiser regulatory agency meeting, according to the following requirements:

(i) Credit shall be granted for attendance at no more than one meeting per education cycle;

(ii) the meeting shall be at least two hours in length; and

(iii) total credit shall not exceed seven hours;

(D) authorship of textbooks; or

(E) similar activities that are determined by the board to be equivalent to obtaining continuing education.

(2) Each appraiser seeking credit for attendance at or participation in an educational activity that was not previously accredited shall submit to the board a request for credit, which shall include the following information:

(A) A description of the activity;

(B) the date or dates of the activity;

(C) the subject or subjects covered;

(D) the name of each instructor and the instructor's qualifications; and

(E) any other relevant information required by the board. Within 30 days after receipt of this request, the appraiser shall be advised by the board in writing whether credit is granted and what amount of continuing education credit will be allowed. Either the sponsor or appraiser shall submit a separate request for approval of each continuing education activity.

(d) It shall be the appraiser's responsibility to keep track of that individual's continuing education credit. At the time of renewal of a license or certificate, the appraiser shall provide verification of completion of continuing education by affidavit to the board.

(1) The affidavit shall contain a statement of continuing education courses completed by the appraiser.

(2) The appraiser shall list all courses completed on the affidavit.

(3) The appraiser shall retain all course completion certificates for five years and shall make the certificates available to the board for review upon request.

(e) If any appraiser requests credit according to subsection (c), the appraiser shall submit a detailed description of the activities with the application for renewal on a form obtained from the board.

This regulation shall be effective on and after January 1, 2015. (Authorized by K.S.A. 2013

Supp. 58-4105 and K.S.A. 58-4109; implementing K.S.A. 58-4109, K.S.A. 2013 Supp. 58-4112, and K.S.A. 2013 Supp. 58-4117; effective Jan. 21, 1991; amended, T-117-6-10-91, June 10, 1991; amended Aug. 5, 1991; amended May 24, 1993; amended July 25, 1994; amended Feb. 6, 1995; amended Jan. 9, 1998; amended July 16, 1999; amended May 17, 2002; amended May 23, 2003; amended Sept. 1, 2006; amended Jan. 1, 2008; amended April 4, 2008; amended July 10, 2009; amended May 21, 2010; amended Jan. 1, 2015.)

117-6-2. Continuing education; approval of courses; requirements. (a) Each sponsor of a continuing education course approved by the board shall ensure that each appraiser participates in a program that maintains and increases the appraiser's skill, knowledge, and competency in real estate appraising.

(b) Courses approved by the board for renewal of a license or certificate shall cover real estate-related appraisal topics that may include the following:

- (1) Mass appraisal;
- (2) arbitration and dispute resolution;
- (3) courses related to the practice of real estate appraisal or consulting;
- (4) development cost estimating;
- (5) ethics and standards of professional practice;
- (6) land use planning and zoning;
- (7) management, leasing, and time-sharing;
- (8) property development and partial interests;
- (9) real estate appraisal;
- (10) real estate law, easements, and legal interests;
- (11) real estate litigation, damages, and condemnation;
- (12) real estate financing and investment;
- (13) real estate appraisal-related computer applications;
- (14) real estate securities and syndication;
- (15) developing opinions of real property value in appraisals that also include personal property or business value, or both;
- (16) seller concessions and the impact on real estate value; and
- (17) energy-efficient items and appraisals of "green buildings."

(c) The length of each course approved for continuing education credit shall be at least two classroom hours.

(d) Any distance education course may be approved for continuing education credit if all of the following conditions are met:

(1) The course provides an environment in which the student has verbal or written communication with the instructor.

(2) The sponsor obtains course content approval from any of the following:

(A) The appraiser qualifications board;

(B) an appraiser licensing or certifying agency in this or any other state; or

(C) an accredited college, community college, or university that offers distance education programs and is approved or accredited by the commission on colleges, a regional or national accreditation association, or an accrediting agency that is recognized by the U.S. secretary of education. Each non-academic credit college course provided by a college shall be approved by the appraiser qualifications board or the appraiser licensing or certifying agency in another state.

(3) The course design and delivery are approved by one of the following:

(A) An appraiser qualifications board-approved organization;

(B) a college that qualifies for course content approval as specified in paragraph (d)(2)(C) and awards academic credit for the distance education course; or

(C) a college that qualifies for course content approval as specified in paragraph (d)(2)(C) with a distance education delivery program that approves the course design and includes a delivery system incorporating interactivity.

(4) Each course includes at least one of the following:

(A) A written examination proctored by an official approved by the college or university or by the sponsor; or

(B) successful completion of prescribed course components required to demonstrate knowledge of the subject matter.

(e) To receive credit for a course, each applicant shall attend all classroom hours, even when the number of credit hours for which a course is approved is less than the total number of hours of the course presentation.

(f) The only course for which students or instructors may receive credit for attending or instructing any subsequent offering of the course after attending or teaching the course during the same education cycle shall be any update of the ethics and standards of professional practice course.

This regulation shall be effective on and after January 1, 2015. (Authorized by K.S.A. 2013 Supp. 58-4105; implementing K.S.A. 58-4109, K.S.A.

2013 Supp. 58-4112, and K.S.A. 2013 Supp. 58-4117; effective Jan. 21, 1991; amended, T-117-6-10-91, June 10, 1991; amended Aug. 5, 1991; amended May 24, 1993; amended Feb. 6, 1995; amended May 23, 2003; amended Sept. 1, 2006; amended Jan. 1, 2008; amended Jan. 1, 2015.)

117-6-3. Education; obtaining course approval. (a) To request board approval of a course to meet any education requirement of the act or portion of it, for each course the sponsor shall perform the following:

(1) Appoint a coordinator, who shall monitor the course and ensure compliance with the appropriate statutes and regulations;

(2) submit all information, materials, and fees required by the board for course approval at least 30 days before the first scheduled class session, including the following:

(A) A completed application for course registration on a form prescribed by the board;

(B) the procedure for maintaining attendance records;

(C) the proposed dates and times of the course offering;

(D) the total amount of the attendance fee;

(E) the total number of class sessions and the length of time per session;

(F) the total number of hours in the course and the number of credit hours requested;

(G) if approval of the course is requested according to K.A.R. 117-2-1, 117-3-1, or 117-4-1, the amount of time allotted for the required examination;

(H) a course syllabus, including a detailed course outline and course objectives;

(I) an instructor resume, demonstrating that the instructor meets the qualifications in relation to knowledge of the subject matter and ability to teach;

(J) the methods of instruction or teaching techniques to be used in the course;

(K) a copy of any textbook or manual that will be used;

(L) a copy of all handout materials that will be used; and

(M) the course approval fee prescribed by K.A.R. 117-7-1.

(b) For continuing education purposes, each instructor shall demonstrate knowledge of the subject matter as indicated by either of the following:

(1) A college degree in an academic area related to the course; or

(2) at least three years of experience in a subject area directly related to the course.

(c) For prelicensing education or qualifying education purposes, according to K.A.R. 117-2-1, 117-3-1, and 117-4-1, each instructor shall demonstrate knowledge of the subject matter as indicated by any of the following:

(1) A current appraiser's license or certification pursuant to K.S.A. 58-4109(a)(1), (2), or (3), and amendments thereto;

(2) a current appraiser's license or certification issued by another state;

(3) a college degree in an academic area related to the course; or

(4) (A) Evidence of completion of all the required courses specified in K.A.R. 117-2-1, 117-3-1, or 117-4-1 within the past five years; and

(B) an appraisal log sheet that shows the equivalent of two years of appraisal experience within the past five calendar years in the subject area related to the course. One thousand hours shall constitute one year of appraisal experience.

(d) For purposes of continuing education or prelicensing education on the "uniform standards of professional appraisal practice" (USPAP), the only courses that will be accepted by the board for either prelicensing or continuing education shall be the "national uniform standards of professional appraisal practice" and "national uniform standards of professional appraisal practice update" courses that meet any of the following conditions:

(1) Have been developed by the appraisal foundation; or

(2) have been approved by the appraiser qualifications board or by an alternate entity specified by the appraiser qualifications board as being equivalent to these courses, if the requirements of subsections (a), (b), and (c) have been met.

Each instructor shall have a current certified residential or certified general classification in this or any other jurisdiction and be certified as a USPAP instructor by the appraiser qualifications board.

(e) For prelicensing education or qualifying education purposes, according to K.A.R. 117-2-1, 117-3-1, and 117-4-1, the ability to teach effectively shall be demonstrated by one of the following:

(1) Within the preceding two years, completing a board-approved program for instructors that is designed to develop the ability to communicate;

(2) holding a current teaching certificate issued by any state department of education or an equivalent agency;

(3) holding a four-year undergraduate degree in education; or

(4) having experience teaching in schools, seminars, or an equivalent setting.

(f) Each instructor shall perform the following:

(1) Comply with all laws and regulations pertaining to appraiser continuing education;

(2) provide students with the most current and accurate information;

(3) maintain an atmosphere conducive to learning in a classroom; and

(4) provide assistance to the students and respond to questions relating to course material.

(g) Course approvals shall expire on December 31 of each year. On or before November 15 a notification that includes the necessary forms shall be sent by the board, informing each sponsor that an application for renewal is necessary. The course renewal applications and necessary forms shall be received by the board before the following April 1, or the course approvals shall not be renewed. After notice and opportunity for a hearing, course approval or renewal of a course approval may be denied or revoked by the board under either of the following conditions:

(1) The course sponsor procured or attempted to procure course approval by knowingly making a false statement, submitting false information, or refusing to provide complete information in response to a question in an application for course approval or renewal of course approval.

(2) The course sponsor engages in any form of fraud or misrepresentation.

(h) The sponsor shall not advertise a course as approved unless written approval has been granted by the board.

(i) The sponsor shall conduct each course in a classroom or other facility that is adequate to comfortably accommodate the number of students enrolled.

(j) Each sponsor shall maintain, for at least five years, accurate records relating to course offerings, instructors, and student attendance. If a sponsor ceases operations, the coordinator appointed under paragraph (a)(1) shall be responsible for maintaining the records or providing a custodian acceptable to the board.

(k) Each sponsor shall provide each student with a certificate of completion within seven days of the date on which the student completes the course. The sponsor may require payment of course tuition as a condition for completing the course. (Authorized by and implementing K.S.A.

2013 Supp. 58-4105; effective Jan. 21, 1991; amended, T-117-6-10-91, June 10, 1991; amended Aug. 5, 1991; amended May 3, 1996; amended Jan. 9, 1998; amended Nov. 30, 1998; amended April 21, 2000; amended June 15, 2001; amended May 23, 2003; amended Feb. 4, 2005; amended May 21, 2010; amended Dec. 29, 2014.)

Article 7.—FEES

117-7-1. Fees. The following fees shall be submitted to the board: (a) For application for certification or licensure, the fee shall be \$50.

(b) For original certification or licensure, the fee shall be \$225.

(c) For renewal of a certificate or license, the fee shall be \$150.

(d) For late renewal of a certificate or license, the fee shall be the amount specified in subsection (c) and an additional \$50.

(e) Except as provided in subsection (h), for approval of a course of instruction to meet any portion of the education requirements of K.A.R. 117-2-1, 117-3-1, or 117-4-1, the fee shall be \$100.

(f) Except as provided in subsection (h), for approval of a course of instruction to meet the continuing education requirements of K.A.R. 117-6-1, the fee shall be \$50.

(g) Except as provided in subsection (h), for renewal of any course of instruction, the fee shall be \$25.

(h) For approval or renewal of any course of instruction that is endorsed by the appraiser qualifications board, the fee shall be \$10.

(i) For reinstatement of an inactive certificate or license, the fee shall be \$50. (Authorized by and implementing K.S.A. 2014 Supp. 58-4107; effective Jan. 21, 1991; amended, T-117-6-10-91, June 10, 1991; amended Aug. 5, 1991; amended, T-117-4-22-92, April 22, 1992; amended June 22, 1992; amended Feb. 6, 1995; amended Jan. 28, 2000; amended June 15, 2001; amended Feb. 4, 2005; amended Jan. 18, 2008; amended April 17, 2009; amended Feb. 18, 2011; amended June 8, 2012; amended March 15, 2013; amended May 23, 2014; amended May 15, 2015.)

Article 8.—UNIFORM STANDARDS OF PROFESSIONAL APPRAISAL PRACTICE

117-8-1. (Authorized by K.S.A. 2008 Supp. 58-4105; implementing K.S.A. 2008 Supp. 58-4105 and K.S.A. 58-4121; effective, T-117-6-10-91, June 10, 1991; effective Aug. 5, 1991;

amended May 24, 1993; amended Feb. 6, 1995; amended May 3, 1996; amended Jan. 9, 1998; amended, T-117-3-6-98, March 6, 1998; amended Aug. 14, 1998; amended July 16, 1999; amended April 21, 2000; amended July 6, 2001; amended May 17, 2002; amended May 23, 2003; amended April 2, 2004; amended Feb. 4, 2005; amended July 7, 2006; amended Jan. 18, 2008; amended April 16, 2010; revoked Aug. 24, 2012.)

117-8-3. “Uniform standards of professional appraisal practice”; adoption by reference. The 2018-2019 edition of the “uniform standards of professional appraisal practice,” as published by the appraisal standards board of the appraisal foundation and effective January 1, 2018, is hereby adopted by reference, except for the following:

(a) All materials before page 1; and

(b) standards 7, 8, 9, and 10. (Authorized by K.S.A. 2017 Supp. 58-4105; implementing K.S.A. 2017 Supp. 58-4105 and 58-4121; effective March 25, 2016; amended Feb. 23, 2018.)

Article 10.—INACTIVE STATUS

117-10-1. Reinstatement of certificate or license to active status; continuing education. The holder of a certificate or license that has been on inactive status for less than two years, upon request for reinstatement, shall submit evidence satisfactory to the board of completion of all continuing education requirements as specified in K.A.R. 117-6-1. (Authorized by and implementing K.S.A. 2007 Supp. 58-4112a; effective April 17, 2009.)

Article 20.—APPRAISAL MANAGEMENT COMPANY REGISTRATION

117-20-1. Definitions. Each of the following terms used in this article shall have the meaning specified in this regulation, in addition to the terms defined in L. 2012, ch. 93, sec. 3 and amendments thereto:

(a) “Applicant” means an appraisal management company seeking registration.

(b) “Good moral character” shall include the qualities of good judgment, honesty, fairness, responsibility, credibility, reliability, self-discipline, self-evaluation, initiative, trustworthiness, integrity, respect for and obedience to the laws of the state and nation, and respect for the rights of others and for the judicial process.

(c) “Good standing” has the meaning specified in K.A.R. 117-1-1.

(d) “Oversee an appraiser panel” means to supervise or manage an appraiser panel. (Authorized by L. 2012, ch. 93, sec. 25; implementing L. 2012, ch. 93, secs. 4, 5, 9, 10, 11, 16, and 22; effective, T-117-7-3-12, July 3, 2012; effective Oct. 19, 2012.)

117-20-2. Registration. (a) Each controlling person shall submit the application forms prescribed by the board with the fees specified in K.A.R. 117-20-4.

(b) Each application shall be supported by a separate form for the controlling person and for each owner of more than 10 percent of the applicant.

(1) Each owner of more than 10 percent of the applicant shall submit that individual’s fingerprints and the fee specified in K.A.R. 117-20-4 in the manner prescribed by the board for a state and national criminal history record check. The individual shall not be fingerprinted more than 120 days before submitting the application for initial registration.

(2) The controlling person of the applicant shall submit that individual’s fingerprints and the fee specified in K.A.R. 117-20-4 in the manner prescribed by the board for a state and national criminal history record check. The individual shall not be fingerprinted more than 120 days before submitting the application for initial registration. (Authorized by L. 2012, ch. 93, sec. 25; implementing L. 2012, ch. 93, secs. 9 and 10; effective, T-117-7-3-12, July 3, 2012; effective Oct. 19, 2012.)

117-20-3. Registration renewal. To renew an AMC’s registration, the controlling person of the AMC with a current, valid registration shall submit an application for renewal on forms provided by the board and pay the fees specified in K.A.R. 117-20-4. (Authorized by L. 2012, ch. 93, sec. 25; implementing L. 2012, ch. 93, secs. 6, 9, and 10; effective, T-117-7-3-12, July 3, 2012; effective Feb. 8, 2013.)

117-20-4. Fees. The following fees shall be collected by the board: (a) For initial registration, \$1,500;

(b) for registration renewal, \$900;

(c) for late registration renewal, the amount specified in subsection (b) and an additional \$100;

(d) for processing fingerprints and a criminal history record check, \$50; and

(e) for initial registration and for registration renewal, the AMC federal registry fee in any amount assessed by the appraisal subcommittee of the federal financial institutions examination council for all AMCs holding a registration. (Authorized by and implementing K.S.A. 2013 Supp. 58-4708, 58-4709, 58-4710, and 58-4725; effective, T-117-7-3-12, July 3, 2012; effective Oct. 19, 2012; amended Sept. 6, 2013; amended Aug. 22, 2014.)

117-20-5. Certificate of registration.

Each certificate of registration shall show on its face in clear and concise language the following information:

- (a) The legal name of the AMC;
- (b) the certificate of registration number;
- (c) the date of issuance;
- (d) the date of expiration; and
- (e) the signature or facsimile signature of the chairperson of the board. (Authorized by and implementing L. 2012, ch. 93, sec. 25; effective, T-117-7-3-12, July 3, 2012; effective Oct. 19, 2012.)

117-20-6. Change of information.

(a) Each holder of a registration, controlling person, and owner of more than 10 percent of an AMC shall submit written notice to the board of each change to any of the information required by L. 2012, ch. 93, sec. 4, and amendments thereto, within 10 days of the change.

(b) Each holder of a registration shall report each change of the controlling person or an owner of more than 10 percent of an AMC within 10 days of the change. (Authorized by and implementing L. 2012, ch. 93, sec. 25; effective, T-117-7-3-12, July 3, 2012; effective Oct. 19, 2012.)

117-20-7. Certification of annual review.

The controlling person of each AMC applying for an initial registration or registration renewal shall certify that the AMC performed an appraisal review on at least five percent of all appraisal reports submitted by appraisers performing real estate appraisal services for the AMC within Kansas on an annual basis. (Authorized by L. 2012, ch. 93, sec. 25; implementing L. 2012, ch. 93, sec. 12; effective, T-117-7-3-12, July 3, 2012; effective Feb. 8, 2013.)

Article 9.—FOREIGN CREDIT UNIONS

121-9-1. Foreign credit union; requirements for approval. (a) Before doing business in this state, the board of directors of each foreign credit union shall obtain the approval of the administrator of the Kansas department of credit unions.

(b) In order to apply for the administrator's approval of a foreign credit union, the board of directors of the foreign credit union shall meet the following requirements:

(1) Describe on a form provided by the administrator how the proposed field of membership meets the requirements of K.S.A. 17-2205 and amendments thereto;

(2) provide documentation by which the administrator can evaluate the financial safety and soundness of the credit union, including the following:

(A) A statement from the credit union regulator in the state where the foreign credit union is chartered or incorporated that the credit union is in good standing in that state;

(B) a copy of the most current insurance certificate from the national credit union share insurance fund;

(C) a copy of the credit union's most current balance sheet, the year-to-date income statement, and the most recent call report;

(D) a resolution from the foreign credit union's board of directors stating that, for loans originating in Kansas, the foreign credit union will comply with Kansas statutes and regulations;

(E) a copy of the most recent regulatory examination, annual supervisory committee audit report, or equivalent examination or report from the credit union regulator in the state where the foreign credit union is chartered or incorporated; and

(F) a description of the services that the credit union intends to provide to its members; and

(3) if deemed necessary by the administrator to determine the credit union's safety and soundness, undergo an examination by the Kansas department of credit unions.

(c) For purposes of this regulation, "doing business in this state" shall mean that a foreign credit union intends to establish or has a main office or a branch office in Kansas. (Authorized by K.S.A. 17-2260; implementing K.S.A. 17-2223a; effective Dec. 28, 2007; amended May 1, 2009.)

Article 10.—CREDIT UNION ANNUAL AUDIT REQUIREMENTS

121-10-1. Definitions. For purposes of this article, the following definitions shall apply:

(a) "Agreed-upon procedures engagement" means an engagement to report on findings based on specific agreed-upon procedures performed by an independent certified public accountant. The nature and extent of the procedures to be performed shall be agreed to and specified in a written agreement between the supervisory committee and the independent certified public accountant.

(b) "Audit" means a review of a credit union's receipts, disbursements, income, assets, and liabilities.

(c) "Financial statement audit" and "opinion audit" mean the examination of a credit union's financial statements performed by an independent certified public accountant for the purpose of expressing an opinion as to whether those financial statements of the credit union present fairly, in all material respects, the financial position and results of operations of the credit union.

(d) "Independent certified public accountant" means a certified public accountant who meets the following requirements:

(1) Holds a valid permit to practice issued by a state board of accountancy. The independent cer-

tified public accountant's firm shall be registered with the Kansas board of accountancy; and

(2) is independent of the credit union as defined by the code of professional conduct issued by the American institute of certified public accountants.

(e) "Supervisory committee annual audit and internal control checklist" means the audit and list of a credit union's work procedures that a credit union submits to the Kansas department of credit unions on a form supplied by the department. (Authorized by and implementing K.S.A. 17-2211; effective Aug. 1, 2008; amended May 28, 2010.)

Article 11.—MERGER OF CREDIT UNIONS

121-11-1. Definitions. For purposes of this article, the following definitions shall apply:

(a) "Continuing credit union" means a credit union that continues in operation after a merger.

(b) "Merging credit union" means a credit union that ceases to exist as an operating credit union at the time of a merger. (Authorized by K.S.A. 17-2260; implementing K.S.A. 2008 Supp. 17-2228; effective May 1, 2009.)

121-11-2. Process for merger of credit unions. (a) Either of the following may merge into a single credit union:

(1) Any two credit unions formed under the laws of this state; or

(2) any credit union formed under the laws of this state and any credit union formed under the laws of any other state or of the United States of America that is formed for the same purpose for which a credit union might be formed under the laws of this state.

(b) The two affected credit unions shall notify the administrator in writing of their intent to merge within 14 days after each credit union's board of directors formally agrees in principle to merge by the execution of a corporate resolution by each entity's board of directors.

(c) Upon approval of a proposal for merger by a majority of each board of directors, the credit unions shall jointly prepare a plan for the proposed merger, which shall include the following:

(1) The names of the proposed continuing credit union and the merging credit union;

(2) the terms and conditions of the proposed merger and the mode of carrying out the merger, which shall be referred to as the merger agree-

ment and shall be approved by a corporate resolution of each board of directors;

(3) the manner and basis of converting the membership shares of the merging credit union into the membership shares of the continuing credit union;

(4) a statement of any changes in the articles of incorporation or bylaws of the continuing credit union effected by the proposed merger, including any proposed change in the field of membership;

(5) documentation that any proposed change in the field of membership will meet the statutory requirements for field of membership specified in K.S.A. 17-2205, and amendments thereto;

(6) the current financial reports of each credit union, as follows:

(A) The current financial statements for each credit union;

(B) the current delinquent loan summaries and analyses of the adequacy of the allowance for loan and lease losses account;

(C) consolidated financial statements, including an assessment of the net worth of each credit union before the merger and the anticipated net worth of the proposed continuing credit union;

(D) an analysis of the asset-to-share ratio for the proposed merging credit union and the proposed continuing credit union;

(E) an explanation of proposed share adjustments, if any;

(F) an explanation of provisions for reserves, undivided earnings, or dividends;

(G) provisions with respect to the notification and payment of creditors; and

(H) an explanation of any changes relative to any type of insurance provided in conjunction with member accounts;

(7) disclosure of any financial benefit that is to be received by the officers, senior management, and directors but is not available to ordinary members;

(8) a summary of the products and services proposed to be available to the members of the continuing credit union that could differ from those available at the merging credit union, with an explanation of the effects of any changes from the current products and services provided to the members of the merging credit union;

(9) a summary of the advantages and disadvantages of the merger; and

(10) any other information deemed critical to the merger agreement by both boards of directors.

(d) An application for approval of the merger shall be complete when the following information is submitted to the administrator:

(1) The merger plan as described in subsection (c);

(2) a copy of the corporate resolution of each board of directors, formally agreeing in principle to merge pursuant to subsection (b);

(3) a copy of the corporate resolution of each board of directors, formally approving the merger agreement pursuant to subsection (c);

(4) (A) The proposed notice of special meeting of the members; or

(B) a copy of the ballot form to be sent to the members if the credit union decides to hold the vote without a meeting of the members; and

(5) a written explanation of the voting procedures.

(e) If the proposed continuing credit union is organized under the laws of another state or of the United States, an application to merge that is prescribed by the state or federal supervisory authority of the proposed continuing credit union may be accepted by the administrator. Additional information to determine whether to deny or approve the merger may be required by the administrator.

(f) Preliminary approval of an application for merger, conditioned upon meeting specific requirements, may be granted by the administrator. However, final approval shall not be granted unless all of the following conditions are met:

(1) The requirements have been met within the time frame, if any, specified in the preliminary approval granted by the administrator.

(2) National credit union share insurance fund approval has been granted by the national credit union administration for the proposed continuing credit union.

(3) Verification of continuance of a surety bond for the proposed continuing credit union has been provided to the administrator.

(g) An application for merger may be denied by the administrator if the administrator finds any of the following:

(1) The financial condition of the proposed merging credit union before the merger would substantially impair the financial stability of the proposed continuing credit union or negatively impact the financial interests of the members or creditors of either credit union.

(2) The plan includes a change in the products or services available to members of the proposed merging credit union that substantially harms the

financial interests of the members or creditors of the proposed merging credit union.

(3) The officers, directors, or senior management are to receive undue financial benefits not ordinarily received by similar credit unions and not available to ordinary members.

(4) The credit unions do not furnish to the administrator all information material to the application that is requested by the administrator.

(5) The field of membership that would result from the proposed merger would not meet the statutory requirements of K.S.A. 17-2205, and amendments thereto.

(6) The merger would be contrary to law or regulation.

(h) Upon approval of the plan of merger, the board of directors of each credit union shall direct, by resolution, that the plan be submitted to a vote at a special meeting to be called within 60 days of the preliminary approval by the administrator. Advance notice of the meeting shall be given by sending a letter addressed to each member at the last known address currently reflected on the books of the credit union or electronically at the member's last known electronic mail address. Additionally, the board of directors of each credit union may post the notice on the credit union's bulletin board or web site, or both. This notice shall be sent no more than 30 days and no less than 14 days before the meeting at which the merger will be voted on. The notice shall meet the following requirements:

(1) Specify the purpose, date, time, and place of the meeting;

(2) contain a summary of the merger plan and directions specifying how a member can obtain a copy of the complete merger plan;

(3) state the reasons for the proposed merger;

(4) provide the name and location, including the location of each branch, of the proposed continuing credit union;

(5) inform the members that they have the right to vote on the merger proposal in person at the meeting or by written ballot to be received no later than the date and time announced for the meeting called for that purpose; and

(6) be accompanied by a ballot for merger proposal and instructions on how to vote by written ballot by mail.

(i) The approval of a proposal to merge a credit union into another credit union shall require the affirmative vote of a majority of the members of each credit union who participate in the vote to

merge, either by presence at the special meeting or by participation by written ballot before the meeting.

(j) With the prior approval of the administrator, a credit union may accept member votes by an alternative method that is reasonably calculated to ensure that each member has an opportunity to vote on the merger.

(k) The board of directors of the proposed merging credit union shall appoint or hire an independent teller or tellers to ensure the accuracy and integrity of the vote.

(l) Upon approval of the merger plan by the membership, the secretary of the proposed continuing credit union shall submit in triplicate the completed and signed certificate of merger in compliance with K.S.A. 17-2228, and amendments thereto, along with any necessary amendments to the continuing credit union's articles of incorporation and bylaws, to the administrator. The final approval of the merger shall be forwarded by the administrator to the national credit union administration for share insurance approval. Upon final approval by the national credit union administration of share insurance for the proposed continuing credit union, a certified copy of the certificate of merger shall be issued by the administrator, and approval of any necessary amendments to the continuing credit union's articles of incorporation and bylaws shall be granted by the administrator to the continuing credit union.

(m) Upon receipt of a certified copy of the certificate of merger issued by the administrator and the national credit union administration's approval, the records of the merging credit union and the continuing credit union shall be combined on the effective date of the merger. The board of directors of the continuing credit union shall certify the completion of the merger to the administrator within 30 days after the effective date of the merger.

(n) Upon receipt by the administrator of the completion of the merger certification, the following shall be performed by the administrator:

(1) Sending a copy of the merger certification to the national credit union administration;

(2) approving any bylaw amendments; and

(3) canceling the charter of the merging credit union.

(o) For good cause shown, any time frame or deadline specified in this regulation may be extended by the administrator. (Authorized by K.S.A. 17-2260; implementing K.S.A. 2008 Supp. 17-2228; effective May 1, 2009.)

Article 12.—CREDIT UNION BRANCHES

121-12-1. Definition. For purposes of K.S.A. 17-2221a (c) (2) and amendments thereto, "branch" shall not include any automated teller machine, remote service unit, or similar device. (Authorized by K.S.A. 17-2260 and K.S.A. 2008 Supp. 17-2221a; implementing K.S.A. 2008 Supp. 17-2221a; effective May 1, 2009.)

Article 2.—FACILITIES MANAGEMENT

123-2-111. Trafficking in contraband. (a)

No person shall engage in any of the following without the prior consent of the superintendent:

(1) Introducing or attempting to introduce any item into or upon the grounds of a juvenile correctional facility or institution;

(2) taking, sending, or attempting to take or send any item from any juvenile correctional facility or institution;

(3) possessing any item while in any juvenile correctional facility or institution; or

(4) distributing any item within a juvenile correctional facility or institution.

(b) The phrase “any item,” as used in subsection (a), shall include the following:

(1) Guns, firearms of any type, and the components, diagrams, and plans thereof, except as authorized by K.S.A. 75-7c10(b)(1) and amendments thereto;

(2) ammunition, explosives, and the diagrams, formulas, and plans thereof;

(3) knives, tools, and materials including sandpaper, whetstones, and any similar items used to make knives and tools;

(4) hazardous or poisonous chemicals, flammable liquids and gases, and formulas thereof;

(5) escape paraphernalia, including ropes, grappling hooks, hacksaw blades, jeweler's wire, bar spreaders, maps, lock picks, handcuff keys, wire cutters, and any similar devices that could be used in an escape;

(6) identification documents and individual pho-

tographs of the juvenile offender of the style suitable for the production of identification documents;

(7) documents, plans, diagrams, and schematics that refer to electrical systems, escape alarms, overhead lighting, facility power supply, gate operations, body alarms, radio communications, and any similar systems;

(8) narcotics and any other controlled substances, including any synthetic narcotic, drug, stimulant, sleeping pill, barbiturate, and medicine, prescription or nonprescription, that was not dispensed or approved by the facility health authority. Medicines dispensed or approved by the health authority shall be considered contraband if not consumed or utilized in the manner prescribed;

(9) intoxicants, including liquor and alcoholic beverages;

(10) currency, in the form of paper, checks, money orders, coins, stamps, and any similar instruments with monetary value;

(11) hypodermic needles, hypodermic syringes, nasal inhalers, any other similar devices, and any component that could be used to inject or spray substances into the body;

(12) food items;

(13) cameras, recording devices, one-way or two-way transmitting devices, and any similar devices and components thereof, including tapes, batteries, memory cards, and film;

(14) letters, notes, books, and any other forms of written communication;

(15) portable electronic devices used, in any combination, for storing music, video, or data or

for mobile telecommunications, telephone calls, text messaging, or data transmission over a cellular network and their accessories, and any similar devices and the components of these devices;

(16) tobacco, including cigars, cigarillos, cigarettes, smokeless or electronic cigarettes, chewing tobacco, snuff, and any other tobacco products; and

(17) matches and any other portable devices used to create a flame. (Authorized by and implementing K.S.A. 2009 Supp. 21-3826, as amended by L. 2010, ch. 147, sec. 4, K.S.A. 2009 Supp. 75-7024, and K.S.A. 2009 Supp. 76-3203; effective, T-123-7-1-10, July 1, 2010; effective Oct. 15, 2010.)

Article 6.—GOOD TIME CREDITS AND SENTENCE COMPUTATION

123-6-105. Good time credit rate for offenses committed before July 1, 2014.

(a) The portion of an offender's sentence to a juvenile correctional facility, for crimes committed on and after December 1, 2006 but before July 1, 2014 may be reduced by no more than 30% through awarded and retained good time credits.

(b) Good time credits shall not reduce an offender's sentence to less than the minimum term authorized under the specific category of the matrix sentence.

(c) The Kansas juvenile justice authority's "good time credit rate charts," dated August 3, 2006 and hereby adopted by reference, shall establish the minimum number of days to serve, the number of good time days available, and the rate of earning good time credit per day as calculated by dividing the number of good time days available by the minimum number of days required to be served.

(d) If the sum of all good time credits earned results in a fraction of a day, that fraction shall be rounded up to the next whole number.

(e) Intrafacility transfers and interfacility transfers shall not affect good time credits awarded. (Authorized by K.S.A. 2013 Supp. 38-2370 and 75-7024; implementing K.S.A. 2013 Supp. 38-2370; effective Dec. 1, 2006; amended, T-123-6-30-14, June 30, 2014; amended Aug. 7, 2015.)

123-6-105a. Good time credit rate for offenses committed on and after July 1, 2014.

(a) The portion of an offender's sentence to a juvenile correctional facility, for crimes committed on and after July 1, 2014, may be reduced by

no more than 30% through awarded and retained good time credits.

(b) The Kansas department of corrections' "good time credit rate charts," dated May 29, 2014 and hereby adopted by reference, shall establish the minimum number of days to serve, the number of good time days available, and the rate of earning good time credit per day as calculated by dividing the number of good time days available by the minimum number of days required to be served.

(c) If the sum of all good time credits earned results in a fraction of a day, that fraction shall be rounded up to the next whole number.

(d) Intrafacility transfers and interfacility transfers shall not affect good time credits awarded. (Authorized by K.S.A. 2013 Supp. 38-2370 and 75-7024; implementing K.S.A. 2013 Supp. 38-2370; effective, T-123-6-30-14, June 30, 2014; effective Aug. 7, 2015.)

Article 15.—OFFENDER GRIEVANCE PROCEDURE

123-15-107. Special procedures for sexual abuse grievances; sexual harassment grievances and grievances alleging retaliation for filing same; reports of sexual abuse or sexual harassment submitted by third parties.

(a) Definitions. For the purpose of this regulation, each of the following terms shall have the meaning specified in this subsection:

(1) "Sexual abuse" means either of the following:

(A) "Sexual abuse of an offender by another offender," which means any of the following acts if the victim does not consent, is coerced into the act by overt or implied threats of violence, or is unable to consent or refuse:

(i) Contact between the penis and the vulva or the penis and the anus, including penetration, however slight;

(ii) contact between the mouth and the penis, vulva, or anus;

(iii) penetration of the anal or genital opening of another person, however slight, by a hand, finger, or object; or

(iv) any other intentional touching, either directly or through the clothing, of the genitalia, anus, groin, breast, inner thigh, or the buttocks of another person, excluding contact incidental to a physical altercation; or

(B) "sexual abuse of an offender by a staff member, contractor, or volunteer," which means any of

the following acts, with or without the consent of the offender:

(i) Contact between the penis and the vulva or the penis and the anus, including penetration, however slight;

(ii) contact between the mouth and the penis, vulva, or anus;

(iii) contact between the mouth and any body part if the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire;

(iv) penetration of the anal or genital opening, however slight, by a hand, finger, or object, that is unrelated to official duties or if the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire;

(v) any other intentional contact, either directly or through the clothing, of or with the genitalia, anus, groin, breast, inner thigh, or the buttocks, that is unrelated to official duties or if the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire;

(vi) any attempt, threat, or request by a staff member, contractor, or volunteer to engage in the acts described in paragraphs (a)(1)(B)(i)-(v);

(vii) any display by a staff member, contractor, or volunteer of that individual's uncovered genitalia, buttocks, or breast in the presence of an offender; or

(viii) voyeurism by a staff member, contractor, or volunteer.

(2) "Voyeurism by a staff member, contractor, or volunteer" means an invasion of privacy of an offender by staff for reasons unrelated to official duties, including peering at an offender who is using a toilet in the offender's cell to perform bodily functions; requiring an offender to expose the offender's buttocks, genitals, or breasts; or taking images of all or part of an offender's naked body or of an offender performing bodily functions.

(3) "Sexual harassment" means either of the following:

(A) Repeated and unwelcome sexual advances, requests for sexual favors, or verbal comments, gestures, or actions of a derogatory or offensive sexual nature by one offender directed to another; or

(B) repeated verbal comments or gestures of a sexual nature to an offender by a staff member, contractor, or volunteer, including demeaning references to gender, sexually suggestive or derogatory comments about body or clothing, or obscene language or gestures.

(b) Submission of grievances concerning sexual abuse.

(1) Each offender submitting a grievance concerning sexual abuse alleged to have already occurred shall state that offender's intentions by marking "sexual abuse grievance" where indicated on the grievance form.

(2) Offenders shall not be required to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse of an offender by a staff member, contractor, or volunteer or a grievance in which it is alleged that sexual abuse of an offender by another offender or sexual abuse of an offender by a staff member, contractor, or volunteer was the result of staff neglect or violation of responsibilities.

(3) Any offender may submit a grievance to security staff, a program team member, or administrative personnel in person or by utilizing the offender internal mail system.

(4) Any offender who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint. The grievance shall not be referred to a staff member who is the subject of the complaint.

(c) Superintendent's response.

(1) Upon receipt of each grievance report form alleging sexual abuse, a serial number shall be assigned by the superintendent or designee, and the date of receipt shall be indicated on the form by the superintendent or designee.

(2) Each grievance alleging sexual abuse shall be returned to the offender, with an answer, within 10 working days from the date of receipt.

(3) Each answer shall contain findings of fact, conclusions drawn, the reasons for those conclusions, and the action taken by the superintendent. Each answer shall inform the offender that the offender may appeal by submitting the appropriate form to the secretary of corrections (secretary).

(4) In all cases, the original and one copy of the grievance report shall be returned by the superintendent to the offender. The copy shall be retained by the offender for the offender's files. The original may be used for appeal to the secretary if the offender desires. The necessary copies shall be provided by the superintendent.

(5) A second copy shall be retained by the superintendent.

(6) Each facility shall maintain a file for grievance reports alleging sexual abuse, with each grievance report indexed by offender name and coded as a sexual abuse complaint. Grievance re-

port forms shall not be placed in the offender's institution file.

(7) If no response is received from the superintendent in the time allowed, any grievance may be sent by an offender to the secretary with an explanation of the reason for the delay, if known, with a notation that no response from the superintendent was received.

(d) Appeal to the secretary.

(1) If the superintendent's answer is not satisfactory to the offender, the offender may appeal to the secretary's office by indicating on the grievance appeal form exactly what the offender is displeased with and what action the offender believes the secretary should take.

(2) The offender shall send the appeal directly and promptly by U.S. mail to the department of corrections' central office in Topeka.

(3) If an appeal of the superintendent's decision is made to the secretary, the secretary shall have 20 working days from receipt to return the grievance report form to the offender with an answer. The answer shall include findings of fact, conclusions made, and actions taken.

(4) If a grievance report form is submitted to the secretary without prior action by the superintendent, the form may be returned to the superintendent for further action, at the option of the secretary.

(5) In all cases, a final decision on the merits of any portion of a grievance alleging sexual abuse, or an appeal thereof, shall be issued by the secretary within 90 days of the initial filing of the grievance.

(6) Computation of the 90-day time period shall not include time taken by offenders in preparing and submitting any administrative appeal.

(7) At any level of the administrative process, including the final level, if the offender does not receive a response within the time allotted for reply, including any properly noticed extension, the offender may consider the absence of a response to be a denial at that level and may proceed to the next level of appeal.

(8) An appropriate official may be designated by the secretary to prepare the answer.

(e) Imminent sexual abuse.

(1) Each offender submitting a grievance concerning imminent sexual abuse shall state that offender's intentions by marking "emergency sexual abuse grievance" where indicated on the grievance form.

(2) Each grievance alleging that an offender is subject to a substantial risk of imminent sexual

abuse shall be treated as an emergency grievance under K.A.R. 123-15-106.

(3) After receiving an emergency grievance alleging imminent sexual abuse, the superintendent or designee shall provide an initial response within 48 hours and shall issue a final decision within five calendar days. The initial response and final decision shall document the determination whether the offender is in substantial risk of imminent sexual abuse and the action taken in response to the emergency grievance.

(f) Submission of grievances concerning sexual harassment or concerning retaliation for submission of a report or grievance concerning sexual abuse or sexual harassment.

(1) Each offender shall be required to use the informal grievance process specified in K.A.R. 123-15-101 and 123-15-102 for grievances concerning sexual harassment or concerning retaliation for submission of a report or grievance concerning sexual abuse or sexual harassment. These grievances shall otherwise be treated and processed according to the ordinary grievance procedure specified in K.A.R. 123-15-101 and 123-15-102.

(2) Any offender who alleges sexual harassment or retaliation may submit a grievance without submitting it to a staff member who is the subject of the complaint. The grievance shall not be referred to a staff member who is the subject of the complaint.

(3) Each facility shall maintain a file for grievance reports alleging sexual harassment or retaliation for submission of a report or grievance alleging sexual abuse or sexual harassment, with each grievance report indexed by offender name and coded accordingly. No grievance report form shall be placed in the offender's institution file.

(g) Time limits.

(1) There shall be no time limit for submission of a grievance regarding an allegation of sexual abuse.

(2) The time limits for any grievance or portion thereof that does not allege an incident of sexual abuse or imminent sexual abuse shall be the limits specified in K.A.R. 123-15-101b.

(h) Third-party submissions.

(1) Third parties, including fellow offenders, staff members, family members, attorneys, and outside advocates, shall be permitted to assist any offender in filing requests for administrative remedies relating to allegations of sexual abuse and shall also be permitted to file these requests on behalf of any offender.

(2) If a third party files such a request on behalf of an offender, the alleged victim shall agree to have the request filed on behalf of the alleged victim. The alleged victim shall personally pursue any subsequent steps in the administrative remedy process.

(3) If the offender declines to have the request processed on that individual's behalf, the facility shall document the offender's decision.

(i) Grievances in bad faith. Any offender may be disciplined for filing a grievance related to alleged sexual abuse only if it can be demonstrated that the offender filed the grievance in bad faith. In this instance, a disciplinary report alleging violation of K.A.R. 123-12-303 or 123-12-317, as appropriate, may be issued. (Authorized by and implementing K.S.A. 2014 Supp. 75-7024 and 76-3203; effective Nov. 20, 2015.)

Article 17. – COMMUNITY JUVENILE SUPERVISION

123-17-101. Community-based graduated responses for technical violations of probation, violations of conditional release,

and violations of a condition of sentence. (a) For documenting and determining whether any technical violation of probation, violation of conditional release, or violation of a condition of sentence is a minor, moderate, or serious violation, each community supervision officer shall utilize the Kansas department of corrections' "violation levels report," dated February 2, 2017 and hereby adopted by reference.

(b) For determining graduated responses to technical violations of probation, violations of conditional release, and violations of a condition of sentence, each community supervision officer shall utilize the Kansas department of corrections' "response grid," dated February 2, 2017 and hereby adopted by reference.

(c) For determining graduated responses to positive and prosocial behaviors of juveniles on probation or conditional release, each community supervision officer shall utilize the Kansas department of corrections' "incentives grid," dated February 2, 2017 and hereby adopted by reference. (Authorized by and implementing K.S.A. 2016 Supp. 38-2392; effective May 12, 2017.)

Agency 125

Kansas Agricultural Remediation Board

Articles

125-1. KANSAS AGRICULTURE REMEDIATION REIMBURSEMENT PROGRAM.

Article 1.—KANSAS AGRICULTURE REMEDATION REIMBURSEMENT PROGRAM

125-1-6. Eligible corrective action costs.

An eligible person may be reimbursed by the board for any of the following corrective action costs if the board deems the cost necessary and reasonable:

(a) Costs for equipment owned by the eligible person and used during a corrective action for excavating, trucking, land spreading and other similar activities, if all of the following apply:

(1) The equipment is reasonably sized and designed to perform the corrective action;

(2) the hours or units of equipment use are reasonable and necessary for the task performed; and

(3) the equipment costs do not exceed reasonable rental costs for equivalent equipment, including any operator costs;

(b) any oversight costs that the eligible person has paid to the Kansas department of health and environment;

(c) costs for the land spreading of agricultural chemicals as approved by the Kansas department of agriculture, which shall be reimbursed at the custom rate as determined by the local farm service administration office, but not to exceed \$.50 per cubic yard per acre;

(d) normal employee wages, salaries, expenses, or fringe benefit allocations for time that the eligible party's employees actually spend on a corrective action;

(e) the cost of qualified professional services needed for the effective planning and implementation of corrective action, including engineering, hydrogeologic, field technician, hazardous waste disposal, and general contractor services;

(f) costs related to the investigation and source identification, including collecting and analyzing soil samples and groundwater. These costs may include costs for soil boring, installation of monitoring wells, sample collection, sample analysis, and related activities;

(g) costs to excavate contaminated soils and other contaminated media, including backfilling and grading to restore the contours or drainage characteristics of land altered by the corrective action. This subsection shall not authorize the reimbursement of costs incurred for the removal of buildings or other fixtures, except paving materials that are necessarily removed in the course of excavation;

(h) costs to collect, handle, transport, treat, and dispose of contaminated soils, groundwater, and other contaminated materials;

(i) costs associated with an emergency response that was necessary to abate acute risks to human health, safety, and the environment;

(j) costs to plant or till land on which the eligible person land spreads soils or water when the tilling or planting is required by the Kansas department of agriculture or the Kansas department of health and environment;

(k) costs associated with a corrective action that is required by the Kansas department of health and environment; or

(l) any other costs that the board deems necessary or reasonable. (Authorized by and implementing K.S.A. 2-3710; effective, T-125-9-5-01, Sept. 5, 2001; effective Jan. 4, 2002; amended June 10, 2016.)

125-1-7. Eligible corrective action costs; exclusions. Eligible corrective action costs shall not include the following:

(a) Costs that are not eligible for reimbursement as specified in the board's regulations;

(b) indirect costs charged by a contractor, unless those costs are allocated in the contract according to a reasonable cost allocation formula that the contractor uses for other similar contracts;

(c) an eligible person's indirect costs;

(d) the cost for the time that the eligible person or any officer of the eligible person spends planning or implementing a corrective action. Reimbursement of normal employee wages, salaries, expenses, or fringe benefit allocation

for time that any employee, other than officers, spends implementing a corrective action may be allowed by the board;

(e) costs to construct, repair, replace, improve, relocate, or demolish any building or fixture, unless the cost is required or approved by the secretary of health and environment and is a part of a corrective action;

(f) loss or decrease of property values;

(g) loss or decrease of revenue or income;

(h) attorney fees or other legal costs;

(i) costs for relocating residents or business operations;

(j) costs of aesthetic or other improvements that are not essential to a corrective action, except for restorative grading and filling costs;

(k) costs that are reimbursed from another source. If after being reimbursed by the board for any cost, an eligible person is reimbursed for the same cost from another source, the eligible person shall promptly notify the board and repay to the board any duplicative reimbursement;

(l) the cost of replacing the released agricultural chemicals;

(m) liability claims or judgments;

(n) costs incurred by any federal, state, or local governmental entity;

(o) costs for a contractor's services that exceed the contractor's bid price for those services, except for those costs that have increased due to services approved or required by the secretary of health and environment;

(p) costs not supported by a cancelled check or other conclusive proof of payment by the eligible person who is applying for reimbursement of those costs;

(q) costs to investigate or repair environmental contamination involving substances that are not agricultural chemicals. If a corrective action involving agricultural chemicals is combined with the investigation or repair of environmental contamination involving substances that are not agricultural chemicals, a portion of the combined project costs may be reimbursed by the board based on the information submitted to the board. If, for any combined project, an eligible person also submits a reimbursement claim to another governmental agency, the cost allocation shall reflect that submission so that this can be taken into account by the board when determining eligibility of the costs;

(r) costs to analyze environmental substances that are not agricultural chemicals, except that

costs for the analysis of environmental parameters may be reimbursed by the board if that analysis is needed for the design or implementation of a corrective action;

(s) costs to analyze environmental samples for agricultural chemicals that are not reasonably suspected of having been released at the discharge site;

(t) costs to prepare an application for reimbursement, to contest a decision by the board, or to consult with the board or administrator regarding the application;

(u) expense charges for meals, lodging, travel, mileage, or other personal expenses;

(v) supplementary charges for expedited services, including expedited laboratory analysis, mail service, and parcel delivery service, unless required by the secretary of health and environment;

(w) contractor charges that are not based on services provided by the contractor and are not documented;

(x) interest expenses or other financing costs;

(y) costs for the rental or use of land on which the eligible person land spreads soil, water, or other material as approved by the secretary of agriculture or the secretary of health and environment;

(z) costs for subcontractor service charges or markups;

(aa) costs for environmental audits, assessments, evaluations, or appraisals, unless ordered or requested by the secretary of health and environment;

(bb) any civil or criminal penalty assessed by a federal, state, county, or other governmental entity; and

(cc) any cost of a corrective action that causes the total amount of reimbursement for the site to exceed \$200,000. The maximum amount of reimbursement to any one site shall not exceed \$200,000, regardless of the period of time within which the reimbursement was received. However, if the property has been sold or leased and both the buyer and the seller, or both the lessee and the lessor, are responsible for remediation of an agricultural or specialty chemical released at the site, then the total amount of reimbursement for the costs of the corrective actions at the site shall not exceed \$400,000, regardless of the period of time within which the reimbursement was received. (Authorized by K.S.A. 2-3710; implementing K.S.A. 2015 Supp. 2-3708 and K.S.A. 2-3710; effective, T-125-9-5-01, Sept. 5, 2001; effective Jan. 4, 2002; amended Jan. 23, 2015; amended June 10, 2016.)

127-2. KANSAS MANUFACTURED HOUSING INSTALLATION.

Article 2.—KANSAS MANUFACTURED HOUSING INSTALLATION

127-2-1. Definitions. As used in K.S.A. 58-4219(a) and amendments thereto, the following phrases shall have the meanings specified in this regulation:

(a) “Installation of heating and air conditioning systems” shall mean the installation of the heating system, the air conditioning unit, and the electrical branch circuit for that air conditioning unit.

(b) The phrase “the hookup of electric, gas and water utilities” shall mean the following:

(1) The installation of the electrical service line from the main service-disconnecting means to the manufactured home;

(2) the installation of a service line from the natural gas meter or the propane fuel tank to the manufactured home; and

(3) the installation of service lines from the water meter to the manufactured home and from the sewer riser to the manufactured home. (Authorized by K.S.A. 58-4225; implementing K.S.A. 58-4219; effective March 6, 2009.)

127-2-2. Installation standards. (a) Except as specified in this regulation, each of the terms defined in K.S.A. 58-4202, and amendments thereto, shall have the meaning specified in that statute.

(b) The definition of “manufactured home” in 24 C.F.R. 3280.2, as promulgated by the U.S. department of housing and urban development and in effect on February 8, 2008, is hereby adopted by reference.

(c) The following federal regulations promulgated by the U.S. department of housing and urban development, as in effect on November 10, 2014, are hereby adopted by reference:

(1) The following provisions of 24 C.F.R. Part 3280:

(A) In 3280.302, the definitions of “anchor assembly,” “anchoring equipment,” “anchoring system,” “diagonal tie,” “foundation system,”

“ground anchor,” “stabilizing devices,” and “support system”; and

(B) 3280.306(b)(2)(iii) and (iv); and

(2) the following provisions of 24 C.F.R. Part 3285:

(A) The following sections of subpart A:

(i) 3285.2(c) and (d);

(ii) 3285.4(b), (c), (d), (e), (f), (g), (h)(2) and (3),

(i), and (j);

(iii) 3285.5; and

(iv) 3285.6;

(B) the following sections or portions of sections of subpart B:

(i) The first sentence of 3285.101;

(ii) 3285.102; and

(iii) 3285.103;

(C) subpart C, except that registered manufacturer’s installation instructions may be substituted for 3285.204;

(D) subpart D, except that 3285.302 shall not be adopted and except that registered manufacturer’s installation instructions may be substituted for the following:

(i) 3285.301;

(ii) the first sentence of 3285.302;

(iii) tables 1 and 2 to 3285.303;

(iv) figure A, “typical mate-line column pier and mating wall support when frame only blocking is required,” to 3285.310;

(v) figure B, “typical mate-line column pier and mating wall support when perimeter blocking is required,” to 3285.310(b);

(vi) 3285.312(b); and

(vii) figure A, “typical blocking diagrams for single section homes,” and figure B, “typical blocking diagram for multi-section home,” to 3285.312;

(E) subpart E, except that registered manufacturer’s installation instructions may be substituted for 3285.404;

(F) subpart F;

(G) subpart G;

(H) subpart H; and

(I) subpart I, except that registered manufacturer’s installation instructions may be substituted for 3285.802.

(d) Any manufacturer's installation designs and instructions that have been approved by the secretary of the U.S. department of housing and urban development or by a design approval primary inspection agency (DAPIA), as provided in 24 C.F.R. 3285.2, may be filed with the corporation. On and after the date on which designs and instructions are filed, they shall be considered "registered manufacturer's installation instructions" for purposes of subsection (c).

(e)(1) Each addition, modification, replacement, or removal of any equipment that affects the installation of a manufactured home and is made by the installer before completion of the installation of the home shall meet or exceed the protections and requirements of the installation standards specified in this regulation.

(2) An alteration specified in paragraph (e)(1) shall not affect the applicability of the manufactured home construction and safety standards. An alteration specified in paragraph (e)(1) shall

not impose additional loads on the manufactured home or its foundation, unless the alteration meets the following requirements:

(A)(i) Is included in the manufacturer's DAPIA-approved designs and installation instructions; or

(ii) is designed by a registered professional engineer or architect and is consistent with the manufacturer's design; and

(B) conforms to the requirements of the manufactured home construction and safety standards. (Authorized by K.S.A. 58-4218 and 58-4225; implementing K.S.A. 58-4217 and 58-4218; effective March 6, 2009; amended May 1, 2015.)

127-2-3. Liability insurance requirement.

Each applicant for a manufactured home installer's license shall demonstrate that the applicant carries liability insurance of at least \$200,000. (Authorized by K.S.A. 58-4225; implementing K.S.A. 58-4219; effective March 6, 2009.)

Article 1.—DEFINITIONS

128-1-1. Definitions. (a) “Accidental foul” means any action specified in K.A.R. 128-6-1(qq), K.A.R. 128-6-2(x), or K.A.R. 128-6-4(q) that occurs during a contest if the referee determines that the action is done unintentionally.

(b) “Accidental injury” means an unintentional harm to an individual.

(c) “Act” means the Kansas professional regulated sports act, K.S.A. 2012 Supp. 74-50,181 et seq., and amendments thereto.

(d) “Amateur” means a contestant who has never accepted money or other remuneration for participating in a regulated sports competition and has not previously been licensed as a professional in Kansas or any other jurisdiction.

(e) “Announcer” means the person who is responsible for announcing the names of the officials and the contestants, the contestants’ weights, and the decisions of the referee and judges for one or more bouts during a contest.

(f) “Athlete” means an individual who is applying for a license to be a contestant or an individual that holds a contestant’s license.

(g) “Boxing commissioner” and “commissioner” mean the individual appointed by the commission pursuant to K.S.A. 2012 Supp. 74-50,184 and amendments thereto. This individual shall have oversight of all contests.

(h) “Chief inspector” means a person who is ap-

pointed by the boxing commissioner to supervise the inspectors at contests.

(i) “Co-main event” means a bout of the same importance as that of the main event.

(j) “Contestant” has the meaning specified in K.S.A. 2012 Supp. 74-50,182 and amendments thereto.

(k) “Contract inspector” means an inspector hired by the commission on a per-event basis who agrees to attend events and perform all duties pursuant to all applicable statutes and regulations.

(l) “Event” means an exhibition, contest, demonstration, match, performance, sparring, tournament, show, smoker, or other presentation of regulated sports for which a permit is required, whether or not an admission fee is charged.

(m) “Inspector” means a person who is appointed by the commission to attend contests and events to ensure that the licensees of the commission adhere to all applicable statutes and regulations.

(n) “Intentional foul” means any action specified in K.A.R. 128-6-1(qq), K.A.R. 128-6-2(x), or K.A.R. 128-6-4(q) that occurs during a contest if the referee determines that the action is done deliberately.

(o) “Judge” means a person who is licensed by the commission and who serves as a member of a panel, which shall consist of three judges responsible for determining a decision in each bout of a contest.

(p) “Low blow” means a strike below the belt line.

(q) “Main event” means the bout that is advertised as the most important during a contest.

(r) “Majority decision” means a decision in which two of the three judges decide in favor of one contestant, while the third judge calls the bout a draw. The decision is recorded as a win in the contestant’s fight record.

(s) “Majority draw” means a decision by the judges in which the scorecard of one of the three judges favors one contestant, while the other two judges’ scorecards have the bout scored as a tie. The decision is recorded as a draw on each contestant’s fight record.

(t) “Manager” means the person who is licensed by the commission and meets one of the following conditions:

(1) Procures, arranges, or conducts a professional contest or exhibition for participation by a contestant; or

(2) for compensation, undertakes to represent the interest of a contestant, by contract, agreement, or other arrangement.

(u) “Matchmaker” means the person who is licensed by the commission, hired by a promoter, and responsible for selecting the contestants for each bout of a contest on the basis of the contestants’ weights and relative levels of experience.

(v) “Mixed martial arts,” as defined by K.S.A. 2012 Supp. 74-50,182 and amendments thereto, shall include any form of unarmed combat involving the use of a combination of techniques including grappling, kicking and striking, boxing, kickboxing, wrestling, and various disciplines of the martial arts including karate, kung fu, tae kwon do, jiu-jitsu, or any combination of these.

(w) “No-contest decision” means a decision made by a referee, before the completion of the fourth round in a boxing or kickboxing contest and before the completion of the second round in a mixed martial arts contest, that the contest must be stopped and has no winner.

(x) “Official” means any referee, judge, announcer, timekeeper, or physician as those terms are defined in this regulation.

(y) “Permit” means a written authorization or license from the commission pursuant to K.S.A. 2012 Supp. 74-50,189, and amendments thereto, for a promoter to hold an event or a professional wrestling performance in Kansas.

(z) “Physician” means an individual who meets the applicable requirements of K.A.R. 128-2-7.

(aa) “Prize” means a material offering or award given for superiority or excellence in competition, including a belt, trophy, or monetary award. Receipt of a prize by an amateur shall not cause the amateur to be deemed a professional, unless the prize is a monetary award.

(bb) “Promoter” means a person, association, partnership, corporation, limited liability company, or any other form of business entity that meets the following requirements:

(1) Is licensed by the commission;

(2) arranges, advertises, or conducts events or professional wrestling performances; and

(3) is responsible for obtaining a permit for each contest and for payment of all applicable state athletic fees.

(cc) “Promotion” means a contest for which tickets or items of nominal value are sold or given for admission to the contest.

(dd) “Purse” means the contracted award or any other remuneration that contestants receive for participating in a bout of a contest. This term shall include each contestant’s share of any payment received for radio broadcasting, television, or motion picture rights.

(ee) “Referee” means the person who is licensed by the commission and is in charge of enforcing all commission regulations that apply to the conduct of each bout in a contest and to the conduct of the contestants and seconds while these individuals are in the ring.

(ff) “Round” means the period within a bout that occurs between two consecutive rest periods.

(gg) “Second” means an individual who is licensed by the commission and attends to a contestant between the rounds of a bout during a contest. This term shall include cut men, corner men, and trainers.

(hh) “Smoker” means an event at which contestants gather informally for noncompetitive sparring.

(ii) “Split decision” means a decision in which two of the three judges decide in favor of one contestant, while the third judge determines the other contestant to be the winner. A split decision is recorded as a win in the fight record of the contestant whom two of the judges deem the winner.

(jj) “Split draw” means a decision by the judges when a bout has reached its scheduled end in which one judge scores the bout in favor of one contestant, another judge scores the bout for the opposing contestant, and the remaining judge scores the bout as a tie. The contest has no winner,

and the contest is recorded as a tie, which is also known as a draw, towards each contestant's record.

(kk) "Tapout" means a verbal or physical signal by a contestant indicating that the contestant is forfeiting the bout.

(ll) "Technical decision" means a decision that is rendered by the referee if a contest is ended, after the fourth round has been completed, because of an accidental foul.

(mm) "Technical draw" means a decision that is rendered by the judges after a bout is completed and the contestants' scores are equal. The contest has no winner.

(nn) "Technical knockout" means the termination of a bout by the referee, who declares a winner for a reason that may consist of any of the following:

(1) It is the judgment of the physician, a contestant's second, or the referee that a contestant cannot continue fighting without sustaining serious or disabling injury.

(2) A contestant fails to engage the opponent for a reason other than that specified in paragraph (nn) (1).

(3) A contestant is disqualified.

(oo) "Technical submission" means that the referee or physician stops a fight because a contestant has sustained an injury or becomes unconscious while in an act of surrendering to a hold by the contestant's opponent.

(pp) "Ten-point must system" means a method of scoring a regulated sports contest.

(qq) "Ticket" means the part of a ticket, actually or electronically inventoried, retained by a promoter upon a person's entrance to an event.

(rr) "Ticket stub" means that part of a ticket retained by a person entering an event after the ticket has been collected.

(ss) "Timekeeper" means the person who is licensed by the commission and is responsible for keeping accurate time during each round of a bout in a contest. The timekeeper works in conjunction with the referee for any knockdown count required during the bout.

(tt) "Trainer" means any person primarily responsible for teaching, conditioning, and instructing an unarmed combatant.

(uu) "Unarmed combat" shall include boxing, kickboxing, karate, mixed martial arts, and any form of competition in which a blow that can reasonably be expected to inflict injury usually is struck and no weapon is used. This term shall not include professional wrestling.

(vv) "Unarmed combatant" means any contestant who engages in unarmed combat in a match or exhibition, whether or not the person receives remuneration. The term shall not include professional wrestlers. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186; effective, T-128-12-28-07, Jan. 14, 2008; effective April 4, 2008; amended Dec. 20, 2013.)

Article 2.—LICENSES AND PERMITS

128-2-1. General licensure requirements.

(a) Each applicant applying for a license to compete or serve in any contest pursuant to this act shall comply with the following requirements, in addition to the individual licensure requirements:

(1) Each application shall be submitted on a form provided by the commission.

(2) Each applicant shall submit the applicable fee, as listed in K.A.R. 128-2-12, with the application. An application for a license that does not include the applicable fee and all required information and supporting documentation shall not be processed by the commission.

(3) Each applicant shall be at least 18 years of age.

(4) Each applicant for a contestant license shall submit a late fee of \$10 with each completed application received by the commission less than three business days before the proposed contest or event.

(b) Each applicant shall be allowed to compete or serve in a contest only after the commission has issued the appropriate license. Each individual participating in a contest shall possess a current license issued by the commission.

(c) Once the application is approved by the commission, the licensee shall notify the commission, in writing, of any change of name or address within 10 business days of the date on which the change becomes effective. The notice of each name change shall be accompanied by a copy of the court order approving the name change.

(d) Each licensee's information retained by the commission shall be deemed accurate for purpose of notification unless the licensee notifies the commission. The licensee shall be responsible for reporting any change of mailing address, electronic mail address, telephone number, and any other change in the information provided on the application to the commission. Failure by the licensee to comply with this subsection may result in a suspension of the license until the licensee notifies the commission of any changes.

(e) Any false statement submitted on the application to the commission may be deemed grounds for any of the following:

- (1) Denial of the application;
- (2) revocation or suspension of the license, if the license has already been issued; or
- (3) referral of the matter to the appropriate law enforcement authority for prosecution.

This regulation shall be effective on and after October 1, 2014. (Authorized by K.S.A. 2013 Supp. 74-50,187; implementing K.S.A. 2013 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013; amended Oct. 1, 2014.)

128-2-3. Contestant. (a) Each applicant seeking a contestant's license from the commission shall meet the following requirements, in addition to the requirements specified in K.A.R. 128-2-1:

(1) Submit the written certification of a physician meeting the requirements of K.A.R. 128-2-7 stating that the applicant is physically able to compete in a contest. The written certification shall be based on a complete physical examination performed by that physician, which shall include the following:

(A) Neurological and cardiac testing within 30 days of the date of the application;

(B) a negative test for HIV, hepatitis B surface antigen, and hepatitis C antibody within one year of the date of the examination. If the contestant fails the hepatitis B surface antigen test, the contestant shall be required to pass a hepatitis B "PCR" quantitative test. The quantitative limit shall be within permissible limits according to the laboratory where the test was administered; and

(C) an eye examination. No applicant shall be issued a license if the applicant is found to be blind in one eye or both eyes; and

(2) provide the commission with the applicant's legal name and, if any, the applicant's "ring name," which is the name that the applicant intends to use after receiving a contestant's license but only when competing in any contest. Each applicant with a ring name shall use the same ring name in each contest.

(b) For each regulated sport in which the applicant intends to participate as a contestant, the applicant shall complete a separate application and submit the application and the applicable fee to the commission. (Authorized by K.S.A. 2013 Supp. 74-50,187; implementing K.S.A. 2013 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Sept. 26, 2014.)

128-2-3a. Prohibited substance use and submission to drug testing.

(a) The administration or use of alcohol, stimulants, drugs, or injections shall be prohibited. The world anti-doping agency's document titled "the world anti-doping code: the 2013 prohibited list international standard," effective January 1, 2013, is hereby adopted by reference, with the following alterations:

(1) The following provisions shall be excluded from adoption:

(A) At the bottom of each page, the text "the 2013 prohibited list 10 september 2012"; and

(B) at the top of page 4, the following boxed text: "for purposes of this section: 'exogenous' refers to a substance which is not ordinarily capable of being produced by the body naturally; 'endogenous' refers to a substance which is capable of being produced by the body naturally."

(2) The following modifications shall be made to page 9:

(A) In section P1, the phrase "in the following sports" at the end of the first sentence shall be replaced with "in all regulated sports." The list of sports shall be deleted.

(B) In section P2, the phrase "in the following sports" at the end of the first sentence shall be replaced with "in all regulated sports." The list of sports shall be deleted.

The use of any substance specified in this document by any contestant licensed or seeking licensure by the commission shall be prohibited, and the contestant may be subject to action, pursuant to K.S.A. 2012 Supp. 74-50,193 and 74-50,197 and amendments thereto.

(b) The preparations available to stop hemorrhaging in the ring or fenced area may be periodically reviewed by the commission. The use of Monsel's solution or silver nitrate, or both, by any contestant shall be prohibited. Any contestant using a prohibited substance may be subject to action, pursuant to K.S.A. 2012 Supp. 74-50,193 and 74-50,197 and amendments thereto.

(c) At any time either before or after a bout, any contestant may be required by the boxing commissioner or chief inspector, acting with reasonable cause or through random selection, to undergo a test for the use of illegal drugs or other performance-enhancing substances identified in the document adopted by reference in subsection (a).

(d) Any contestant's positive test for any prohibited substance or failure to cooperate in the testing process may be grounds for immediate suspension or revocation of the individual's li-

cense and may result in forfeiture of the related match. That individual may be subject to action, pursuant to K.S.A. 2012 Supp. 74-50,193 and 74-50,197 and amendments thereto.

(e) Any finding that a contestant is under the influence of any prohibited substance may result in immediate suspension or revocation of the individual's license, in addition to any action pursuant to K.S.A. 2012 Supp. 74-50,193 and 74-50,197 and amendments thereto. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186, 74-50,187, 74-50,193, and 74-50,197; effective Dec. 20, 2013.)

128-2-4. Judge. (a) Each applicant seeking a judge's license from the commission shall meet all of the following requirements, in addition to the requirements specified in K.A.R. 128-2-1:

(1) Certify in writing that the applicant has read and understands the act and these regulations;

(2) provide evidence that the applicant has at least four years of judging amateur contests and two years of experience judging professional contests;

(3) provide certification of competency from two individuals with personal knowledge relative to the applicant's qualifications to judge;

(4) provide certification that the applicant is in good standing in any other jurisdiction in which the applicant has a license and has a record of past performance of competent work;

(5) if seeking a license to judge professional boxing contests, be required to pass a written test approved by the commission. Each such applicant shall be certified by the association of boxing commissioners within two years after the issuance of the license;

(6) at the discretion of the boxing commissioner, submit a written certification from a physician stating that the applicant has undergone a physical examination by the physician and is physically able to perform the duties of a judge. The physician shall be licensed in the state where the physical examination was conducted. The certification shall be completed on a form provided by the commission. The form shall include an acknowledgement from the examining physician that the physician understands and certifies that the applicant is physically able to officiate a regulated sport contest; and

(7) pay the applicable fee specified in K.A.R. 128-2-12.

(b) For each regulated sport for which the applicant intends to act as a judge, the applicant shall

complete a separate application and submit the application and required fee to the commission. (Authorized by K.S.A. 2013 Supp. 74-50,187; implementing K.S.A. 2013 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Sept. 26, 2014.)

128-2-6. Matchmaker. Each applicant seeking a matchmaker's license from the commission shall meet all of the following requirements, in addition to the requirements specified in K.A.R. 128-2-1:

(a) Certify in writing that the applicant has read and understands the act and these regulations;

(b) provide a list of all events for which the applicant served as matchmaker;

(c) have at least three years of experience as an official; and

(d) have knowledge of all regulated sports, including the following for each contestant:

(1) Fighting experience and ability;

(2) fight record; and

(3) fighting style. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013.)

128-2-7. Physician. (a) Each applicant seeking a physician's license from the commission shall meet both of the following requirements, in addition to the requirements specified in subsection (b) and in K.A.R. 128-2-1:

(1) Hold a current license to practice either medicine and surgery or osteopathic medicine and surgery pursuant to the Kansas healing arts act, K.S.A. 65-2801 et seq. and amendments thereto; and

(2) provide verification that the applicant is in good standing with the Kansas state board of healing arts.

(b) No applicant shall currently be or, within the five years preceding the date of the physician's application to the commission for licensure, have been the subject of disciplinary action by the Kansas state board of healing arts or a comparable licensing agency in another state.

(c) A physician whose sole purpose is to conduct physical examinations of applicants shall not be required to be licensed by the commission. The physician shall be required to hold a current license to practice either medicine and surgery or osteopathic medicine and surgery in the state in which the physician conducts each applicant's

physical examination. The physician shall certify that the individual is in good standing in the state where the physician is licensed to practice either medicine and surgery or osteopathic medicine and surgery. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013.)

128-2-8. Promoter. (a) Each applicant seeking a promoter's license from the commission shall meet all of the following requirements, in addition to the requirements specified in K.A.R. 128-2-1:

(1) Submit the financial documentation requested by the commission as necessary to determine the applicant's ability to meet the requirements specified in K.A.R. 128-2-13(a)(4);

(2) submit a list of all promotional events conducted during the previous five years pertaining to the contests or professional wrestling performances that the applicant arranged or advertised; and

(3) submit three references from individuals who have knowledge of the applicant's previous promotions pertaining to contests or professional wrestling performances.

(b) Each promoter shall pay the expenses required by K.A.R. 128-4-6. The promoter's non-payment of any expenses for any contest or professional wrestling performance may result in indefinite suspension of the promoter's license and may subject the promoter to action, pursuant to K.S.A. 2012 Supp. 74-50,197 and amendments thereto. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186, 74-50,187, and 74-50,193; effective April 4, 2008; amended Dec. 20, 2013.)

128-2-9. Referee. (a) Each applicant seeking a referee's license from the commission shall meet all of the following requirements, in addition to the requirements specified in K.A.R. 128-2-1:

(1) Certify in writing that the applicant has read and understands the act and these regulations;

(2) provide evidence that the applicant has at least four years of experience refereeing amateur contests and two years of experience refereeing professional contests;

(3) provide the following:

(A) Certification of competency from two individuals with personal knowledge of the applicant's qualifications to referee; and

(B) certification that the applicant is in good standing in any other jurisdiction in which the

applicant holds a license and has a record of past performance of competent work;

(4) for each applicant seeking a license to referee boxing contests, be certified by the association of boxing commissioners within two years after the issuance of the license;

(5) submit written certification from a physician stating that the applicant has undergone a physical examination from the physician and certifying that the applicant is physically able to perform the duties of a referee. The certification shall be completed on a form provided by the commission. The form shall include an acknowledgment from the examining physician that the physician understands and certifies that the applicant is physically able to referee a regulated sports contest; and

(6) pay the applicable fee specified in K.A.R. 128-2-12.

(b) For each regulated sport for which the applicant intends to act as a referee, the applicant shall complete a separate application and submit the application and applicable fee to the commission. (Authorized by K.S.A. 2013 Supp. 74-50,187; implementing K.S.A. 2013 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013.)

128-2-12. Fees for permits and identification cards. (a) Each applicant shall submit the applicable fee for initial licensure with the application, and each licensee shall submit the applicable fee for renewal of the permit, as follows:

| | |
|--|----------|
| (1) Professional contestant..... | \$45.00 |
| (2) Amateur mixed martial arts contestant..... | \$25.00 |
| (3) Judge | \$55.00 |
| (4) Manager..... | \$110.00 |
| (5) Matchmaker..... | \$150.00 |
| (6) Physician | \$25.00 |
| (7) Promoter..... | \$225.00 |
| (8) Referee..... | \$60.00 |
| (9) Second..... | \$30.00 |
| (10) Timekeeper..... | \$30.00 |

(b) The following schedule of fees shall be charged for the cost of processing each federal identification card issued to a professional boxing contestant by the commission in accordance with 15 U.S.C. 6305(b):

| | |
|--|---------|
| (1) Initial federal identification card..... | \$20.00 |
| (2) Duplicate federal identification card..... | \$15.00 |

(c) The following schedule of fees shall be charged for the cost of processing each national

identification card issued to a professional mixed martial arts contestant by the commission:

- (1) Initial national identification card..... \$20.00
- (2) Duplicate national identification card \$15.00

This regulation shall be effective on and after October 1, 2014. (Authorized by K.S.A. 2013 Supp. 74-50,187; implementing K.S.A. 2013 Supp. 74-50,186 and 74-50,187; effective, T-128-12-28-07, Jan. 14, 2008; effective April 4, 2008; amended Dec. 20, 2013; amended Oct. 1, 2014.)

128-2-13. Permits. (a) Each promoter shall obtain from the commission a separate permit for each regulated sport contest for which the promoter is responsible. Each promoter shall meet the following requirements for each request for a permit:

(1) The permit application shall be submitted on a form provided by the commission.

(2) The promoter shall submit the following fee or fees, as applicable, with the permit application, including the following:

(A) For a permit for a contest, \$40.00 for each day of the contest and \$150.00 for each inspector assigned to the contest. The boxing commissioner shall determine the number of inspectors required for each contest;

(B) for a permit for a professional wrestling performance, \$175.00 for each day of the performance; or

(C) for a permit for brazilian jiujiutsu, grappling submission wrestling, or pankration, \$175.00 for each day of the event.

(3) The promoter shall submit with the application a surety bond in the amount of \$10,000 to guarantee payment of all state athletic fees due to the commission and any unpaid amounts owed to officials and contestants, including medical expenses and the purse.

(4) An additional bond may be required in an amount specified by the commission if it is reasonable to expect that the original bond will not provide sufficient liability protection to the commission, officials, and contestants.

(5) The promoter shall submit with the permit application a policy of accident insurance on each contestant participating in the event in the amount of \$10,000 to compensate the contestant for any medical and hospital expenses incurred as the result of injuries received in the event. The premiums on the policies shall be paid by the promoter. The terms of the insurance coverage shall

not require the contestant to pay a deductible for any medical, surgical, or hospital care for any injuries that the contestant sustains while engaged in an event. A professional contestant who enters into a contract with a promoter may, if approved by the boxing commissioner, contract to pay any medical expenses, including deductibles, coinsurance, co-pays, and out-of-pocket costs.

(6) (A) The promoter of a professional wrestling performance shall provide documentation indicating that a physician or other emergency medical provider certified by the board of emergency medical services or the board of nursing will be present at the performance.

(B) The promoter of a contest shall provide documentation indicating that medical personnel will be present at the contest pursuant to K.A.R. 128-4-6.

(7) The request for a permit shall be received by the commission no later than 30 days before the date of the event. Each request for a permit received less than 30 days but more than 14 days before the date of the event shall be accompanied by a late fee of \$60. Each request for a professional wrestling performance permit received less than 14 days before the date of the event shall be accompanied by a late fee of \$100.

(b) If the commission receives more than one request for a permit for the same date, a permit for both events may be issued by the commission if each application is complete and the commission deems it to be in the best interest of the commission to issue more than one permit. Factors considered by the commission in making the determination shall include the geographic locations of the proposed events and the availability of the commission staff and officials. If the commission is unable to regulate more than one event, a permit shall be issued to the first applicant that submits a complete application.

(c) Any application for a permit may be approved or denied by the commission or may be issued with limitations, restrictions, or conditions as stipulated by the commission. Permits for the following types of contests shall not be approved by the commission:

(1) Contests with any bouts between members of the opposite sex;

(2) contests with any bouts between contestants and nonhumans; and

(3) contests with any bouts using weapons.

(d) Each promoter shall have an approved permit before any publicity is issued on the contest

or professional wrestling performance. Violation of this provision shall be grounds for the nonissuance of permits. The promoter may be subject to disciplinary action, pursuant to K.S.A. 2013 Supp. 74-50,193 and 74-50,197 and amendments thereto.

(e) The promoter shall notify the commission if the event is to be televised or otherwise broadcast. The promoter shall provide a copy of the contract no later than 10 days before the event.

(f) No promoter may serve in any capacity at any event for which the commission has denied or revoked a permit or for which a permit has not been issued. If a promoter serves in any capacity at an event without a permit for that contest or performance, the promoter's license may be revoked or indefinitely suspended. The promoter may be subject to action, pursuant to K.S.A. 2013 Supp. 74-50,193 and 74-50,197 and amendments thereto.

(g) No event shall be held until the commission has approved the application and the date for the program.

(h) If the promoter cancels the event within 24 hours before weigh-in, the application fee shall be forfeited. The fee may be applied to a subsequent event if the subsequent event is scheduled to be held within 30 days of the originally scheduled event.

(i) The promoter may select the announcer for an event.

(j) All judges, referees, and timekeepers for the event shall be selected and approved by the boxing commissioner.

(k) If the permit is revoked, no refund for the permit shall be issued by the commission.

This regulation shall be effective on and after October 1, 2014. (Authorized by K.S.A. 2013 Supp. 74-50,187; implementing K.S.A. 2013 Supp. 74-50,186, 74-50,187, 74-50,189, and 74-50,196; effective April 4, 2008; amended Dec. 20, 2013; amended Oct. 1, 2014.)

Article 3.—TICKETS AND FEES

128-3-1. Tickets and fees. (a) Each person admitted to an event shall have a ticket or pass.

(b) Each ticket shall indicate on the ticket the price, the name of the promoter, and the date and time of the event. The price of the ticket shall be indicated either on the ticket and the ticket stub or on the electronic ticket. Each ticket shall be printed on cardboard or issued electronically, with a different color for each event.

(c) The promoter shall not sell any tickets for a price other than the price printed on the ticket.

(d) The promoter of each event shall prohibit the sale of any tickets for a price other than the price printed on the ticket, except as provided in subsections (e) and (f).

(e) Each ticket for an event sold for less than the price printed on the ticket shall be over stamped with the actual price charged. The over stamp shall be placed on the printed face of the ticket as well as on the stub retained by the ticket holder. Failure to comply with this subsection shall result in the full ticket price being used for purposes of computing the athletic fee required to be paid.

(f) Each complimentary ticket shall be clearly marked "COMPLIMENTARY." A promoter shall not issue complimentary tickets for more than 15 percent of the seats in the venue, without the boxing commissioner's prior written authorization. Failure to comply with this subsection shall result in the required use of the full ticket price for the purpose of computing the athletic fee required to be paid.

(g) The boxing commissioner, the commission's staff, each inspector, and each member of the athletic commission shall be admitted without a ticket or pass to any contest or professional wrestling performance over which the commission has jurisdiction.

(h) No person without a ticket shall be admitted to an event unless that person is one of the following:

(1) A contestant scheduled to compete at the event;

(2) an employee or independent contractor who provides identification from the promoter indicating that the individual is an employee or independent contractor working for the promoter;

(3) a member of the media approved by the promoter to attend the event;

(4) an on-duty law enforcement officer; or

(5) an on-duty emergency responder.

(i) The holder of a ticket for an event shall not be allowed to perform either of the following:

(1) Pass through the gate of the premises where the event is being held, unless the ticket is separated from the ticket stub, marked, scanned, or inventoried as having been presented at the gate; or

(2) occupy a seat unless the ticket holder is in possession of the electronic ticket, ticket stub, or marked ticket.

(j) If a ticket is electronic, the ticket shall be scanned before the ticket holder's admission into the venue.

(k) Once the ticket holder gains entry to a venue by way of ticket, the individual shall be readmitted after leaving only if the individual presents a ticket stub or other evidence of admission and a notation stamp or other similar marking indicating that the individual is permitted to reenter.

(l) The following duties shall be the responsibility of each inspector assigned to each event:

(1) Supervising ticket sales, ticket boxes, and the entrances and exits to the site of the contest or performance for the purpose of checking admission controls; and

(2) ensuring that all tickets are counted and that a final accounting, including computation of the number of complimentary tickets and passes that are used, the price of admission charged for each ticket, and the gross receipts from all ticket sales, is completed.

(m) The final accounting shall be conducted in a private room or secured area and in the presence of both the promoter's representative and the assigned inspector. The final accounting shall include a determination by the assigned inspector of the amount of athletic fee due from the promoter.

(n) Each promoter who obtains a permit for an event shall pay to the commission the athletic fee, which is five percent of the gross receipts derived from the admission charges for the event.

(o) Gross receipts shall mean the total amount of all ticket sales, including complimentary tickets and passes, after sales tax is deducted. For the purposes of this subsection, complimentary tickets and passes shall be included in the calculation of gross receipts and counted as if the complimentary tickets and passes had been sold at the average ticket price of all those tickets offered for sale for the event.

(p) If no admission is charged for an event and the promoter is promoting the event for a contracted amount, the five percent athletic fee shall be based on the contract price. A copy of the contract shall be submitted to the commission with the fee payment. If there is no written contract, the promoter and the entity with which the promoter has entered into an oral contract shall sign a notarized affidavit stating the amount paid to the promoter for the event. (Authorized by K.S.A. 2013 Supp. 74-50,187; implementing K.S.A. 2013 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013; amended Sept. 26, 2014.)

Article 4.—OFFICIALS AND LICENSEES AND THEIR RESPONSIBILITIES

128-4-2. Contestant. (a) Each contestant shall at all times meet the applicable requirements of the act and these regulations.

(b) Each contestant shall at all times comply with the directions and decisions of all officials.

(c) Each contestant shall be required to pass a physical examination given by a physician as provided by K.A.R. 128-4-5, before participating in a contest. The physician conducting the examination shall submit to the commission the findings, together with the physician's written opinion of whether the contestant should fight. A contestant who does not pass the physical examination shall not be permitted to fight in that contest.

(d) A contestant shall not wear eyeglasses during a contest or professional wrestling performance.

(e) Each contestant shall disclose to the physician any prior or existing medical conditions that could affect the contestant's fitness to compete. Nondisclosure to the physician of any prior or existing medical condition by the contestant shall be cause for suspension or revocation of the contestant's license.

(f) Any contestant may be required before the contest to submit to additional medical examinations or tests ordered by the boxing commissioner as needed to determine the contestant's fitness to compete.

(g)(1) Each contestant shall submit to a drug test if directed to do so by the boxing commissioner. At any time, the contestant may be directed by the boxing commissioner, with reasonable cause or through random selection, to complete a test for use of illegal drugs or other performance-enhancing substances specified in K.A.R. 128-2-3a.

(2) All fees involved with drug tests shall be the responsibility of the promoter if the contestant has a contract with the promoter stipulating that the promoter will pay these fees. Otherwise, the contestant shall be responsible for payment of these fees.

(3) If a contestant fails to submit to a drug test when directed to do so by the boxing commissioner, disciplinary action may be taken against the contestant, including suspension, fines, or revocation of the contestant's license.

(h)(1) Each contestant in a non-boxing contest shall present to the chief official, when the contestant weighs in before the beginning of the bout, a contestant's license issued by the commission.

(2) Each contestant in a boxing contest shall present to the chief official both of the following documents when the contestant weighs in before the beginning of the bout:

(A) A professional boxing contestant's license issued by the commission; and

(B) the federal identification card required by 15 U.S.C. 6305. The contestant may present a federal identification card issued by the commission or by the boxing commission of another state. To obtain a federal identification card in the state of Kansas, the applicant shall appear in person at the office of the commission, present a photo identification showing the applicant's date of birth, and pay the fee established by the commission.

(3) Each contestant in a mixed martial arts contest shall present both of the following documents to the chief official when the contestant weighs in before the beginning of the bout:

(A) A professional mixed martial arts contestant's license issued by the commission; and

(B) the national identification card required by K.A.R. 128-2-12. Any professional mixed martial arts contestant may present a national identification card issued by the commission or by the commission of another state. To obtain a national identification card in Kansas, the applicant shall appear in person at the office of the commission, present a photo identification showing the applicant's date of birth, and pay the fee specified in K.A.R. 128-2-12.

(i) If a contestant is under contract or is scheduled to compete in a bout but is unable to take part in the bout because of illness or injury, the contestant or the contestant's manager shall immediately report that fact to the inspector. The contestant shall then submit to an examination by the physician designated by the commission to determine whether or not the contestant is unfit to compete.

(j) Any contestant who fails to appear for and participate in an event in which the contestant is scheduled or for which the contestant has signed a bout agreement to appear, without a written excuse determined to be valid by the commission or a certificate from a physician approved by the commission in case of physical disability, may be subject to action, pursuant to K.S.A. 2012 Supp. 74-50,197 and 74-50,193 and amendments thereto. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013.)

128-4-3. Judge. (a) Three judges shall be assigned by the boxing commissioner for each bout of a contest.

(b) The three judges shall be stationed at ring-side, each at a different side.

(c) Before the start of each bout, each judge shall receive an official scorecard from an inspector. Each judge shall use only the official scorecards that are provided by the commission or a sanctioned body approved by the commission.

(d) Each judge shall reach a scoring decision for each round of a bout without conferring in any manner with any other official or person, including the other judges on the panel. Each judge shall award points for each round immediately after the end of the round, total the scores of both contestants from that round, and sign or initial the scorecard.

(e) (1) The judges shall score each round on the ten-point must system using the following criteria:

(A) The maximum total score awarded by each judge in any round shall be 20 points. The better contestant of each round shall receive 10 points, and the opponent shall receive a score that is proportionately lower.

(B) If the round is tied, each contestant shall receive 10 points.

(C) No fraction of a point shall be awarded.

(2) Each erasure or change on a scorecard shall be approved and initialed by both the judge and the inspector.

(3) At the end of each round, each judge shall give that judge's scorecard to the referee. At the end of each bout for professional and amateur mixed martial arts, each judge shall give that judge's scorecard to the referee.

(f) A final decision regarding the outcome of the bout shall be made before the judges may leave the arena.

(g) After the final decision for the bout has been announced, the referee shall give the scorecards to the chief inspector, who shall retain custody of the scorecards and transmit the scorecards to the commission for safekeeping. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186, 74-50,187, and 74-50,190; effective April 4, 2008; amended Dec. 20, 2013.)

128-4-4. Matchmaker. (a) A matchmaker shall be present at each contest. The matchmaker for a contest shall not directly or indirectly serve as the promoter for the same contest or as the

manager or the second for any contestant competing in that contest.

(b) Each bout shall be arranged by the matchmaker, and the contestants shall be evenly matched based on the contestants' win-loss records and weight classifications. The matchmaker shall sign the fight card, attesting that the contestants have been evenly matched.

(c) The duties of the matchmaker shall include the following:

(1) At least 15 days before each proposed event, submitting the following information to the commission:

(A) The proposed number of rounds for each bout; and

(B) for each contestant, the following information:

(i) Name;

(ii) federal identification number or national identification number, if applicable;

(iii) weight;

(iv) date of birth; and

(v) city and state of residence;

(2) designating the glove size to be used for each boxing or kickboxing bout at an event; and

(3) matching the contestants for each bout of an event on the basis of each contestant's weight and relative level of fighting experience.

(d) A proposed bout scheduled by the matchmaker for each bout of a contest shall not be approved by the commission under either of the following circumstances:

(1) A contestant who has lost the contestant's last six bouts by a technical knockout or a knockout is scheduled to compete in a bout.

(2) A contestant who has competed in fewer than 10 professional bouts is scheduled to compete against an opponent who has been a contestant in more than 15 professional bouts.

(e) The experience and skill of each boxing contestant shall be verified by the commission in accordance with 15 U.S.C. 6306. The experience and skill of each non-boxing contestant shall be verified by the commission through the national registry applicable to that contestant's sport. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013.)

128-4-5. Physician. (a) (1) A physician shall be selected by the promoter and licensed by the commission for each contest. This physician shall

be in charge of the physical examinations of the contestants as required by the act and these regulations, shall be present at ringside during all events, and if called upon, shall be ready to advise the referee and to make a determination pursuant to these regulations.

(2) The physician shall be prepared to assist if any emergency arises and shall render temporary or emergency treatments for any cuts and minor injuries sustained by the contestants. The physician shall not leave the event until after the decision in the final contest or exhibition.

(b) The physician shall be provided with an adequate room in which to perform the pre-contest physical examination of each contestant.

(c) Within 48 hours before each contest but no later than one hour before the contest, the physician shall perform a physical examination of each contestant. The physician shall record, at a minimum, each contestant's weight, resting pulse, and blood pressure and an assessment of the general physical condition of the contestant. The physical examination of each female contestant shall include a pregnancy test.

(d) Based on the physical examination specified in subsection (c), the physician shall certify in writing, on a form prescribed by the commission, each contestant whose physical condition is sufficiently sound to permit the contestant to compete. If the physician determines that a contestant is unfit for competition, the contestant shall be prohibited from competing during that contest. The physician's determination of each contestant's fitness to participate shall be final.

(e) After each contest, the physician shall examine each contestant immediately following the bout but before the contestant leaves the site of the contest. If it appears that a contestant is injured, the physician shall attend to the injuries. If the physician determines that the contestant needs to be hospitalized, the physician shall arrange for hospitalization or continuation of medical care. The physician shall report all injuries disclosed in the post-fight examination to the commission. The report shall list, at a minimum, each case in which a contestant met either of the following conditions:

(1) Was injured during the contest or exhibition; or

(2) requested medical aid after the contest or exhibition.

(f) The physician may authorize a second to administer any of the substances listed in K.A.R.

128-4-8(g) to a contestant. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013.)

128-4-6. Promoter. (a) Each promoter shall supervise that promoter's employees and shall be liable for the conduct of each employee and for any violation of the act or these regulations committed by the employee. Each violation committed by an employee or other representative of a promoter shall be deemed to be a violation committed by the promoter. The promoter may be subject to action, pursuant to K.S.A. 2012 Supp. 74-50,193 and 74-50,197 and amendments thereto. Any such violation may result in cancellation of the contest, disciplinary action against the promoter, denial of future permits for contests, suspension of the promoter's license, or any combination of these actions by the commission.

(b) In accordance with K.A.R. 128-3-1, each promoter shall pay the state athletic fee to the commission immediately at the conclusion of the contest or professional wrestling performance.

(c) Each promoter shall pay all purses according to one of the following:

(1) Immediately after the contest or exhibition; or

(2) if the contestant is to receive a percentage of the net receipts, immediately after that amount is determined.

(d) The promoter may withhold that portion of the purse for payment of expenses incurred by the contestant. A reconciliation of those expenses and payment of the undistributed portion of the purse shall be made to the contestant within five working days after the contest or exhibition, and a copy shall be submitted to the commission. If good cause is shown, an extension of the date for reconciliation may be granted by the commission for not more than 30 days after the event.

(e) At any time before the award of a purse to a contestant, any amount that shall be retained from the purse of the contestant and transferred from the promoter to the commission may be specified by the commission. The money transferred to the commission shall not be given to the contestant until the commission determines that no penalty will be prescribed pursuant to K.S.A. 2012 Supp. 74-50,197, and amendments thereto, for any action or condition of the contestant.

(f) Any promoter who fails to pay to a contestant the purse that is due to that contestant as required

by subsection (c) may be subject to action, pursuant to K.S.A. 2012 Supp. 74-50,193 and 74-50,197 and amendments thereto. If the purse is not paid within seven working days, the bond may be required by the commission to pay the purse pursuant to subsections (c) and (d).

(g) If the commission orders any amount of the purse of the contestant to be transferred from the promoter to the commission pursuant to K.S.A. 2012 Supp. 74-50,197 and amendments thereto, the promoter shall transfer the money to the commission by use of a cashier's check made payable to the commission, unless the commission approves another method for the transfer of the money.

(h) The promoter shall be responsible to the officials for all compensation and costs associated with the contest. The amount of compensation and costs paid to these officials by the promoter shall be no less than the following:

| | |

| (C) Professional events..... | \$350.00 |
| (5) Timekeeper..... | \$150.00 |

(i) For any event consisting of more than 12 bouts, the promoter shall pay to each official an additional \$25 for each additional bout.

(j) Before the start of an event, the promoter shall deliver to the commission checks or another method of payment that is approved by the commission for distributing to all officials.

(k) Immediately after the event, the commission or its designee shall release the payments to the entitled officials and shall obtain each official's signature on a list to acknowledge the payment.

(l) Each promoter shall be responsible for public safety at all events. Failure of a promoter to ensure that public safety is protected at an event may result in cancellation of the event, disciplinary action against the promoter, denial of future permits for events, suspension of the promoter's license, or any combination of these actions by the commission.

(m) The promoter of an event shall submit a proposed fight card signed by the matchmaker as required by K.A.R. 128-4-4(b) for the event

at least 15 days before the scheduled date of the event. The fight card shall be submitted on a form approved by the commission.

(n) The promoter or matchmaker shall notify the commission of any proposed changes or substitutions of contestants on the approved fight card. All changes and substitutions shall be subject to the approval of the commission.

(o) Each promoter who obtains a permit for a contest shall provide all facilities and materials necessary to conduct the contest, including the following:

- (1) A ring;
- (2) stools;
- (3) resin;
- (4) water buckets;
- (5) clean white towels;
- (6) dental appliances or mouthpieces;
- (7) a bell, buzzer, horn, or whistle;
- (8) a timer;
- (9) boxing gloves and mixed martial arts gloves.

These gloves shall be new or in good condition;

- (10) latex gloves;
- (11) gauze and tape for hand wraps; and
- (12) bottled water, in a case with at least 24 bottles for each bout.

(p) Each promoter shall provide female contestants with adequate dressing rooms separate from those of the male contestants.

(q) Each promoter shall ensure that if a substitute contestant is needed for any contestant who has been advertised as a participant in a contest, the name of the substitute contestant is publicly announced as soon as the name is known.

(r) To adequately provide for the safety of the public, the promoter shall ensure that no glass-bottled drinks are permitted in any hall or facility where any contest is being held, except that glass-bottled drinks may be poured into disposable cups by vendors at the time of sale.

(s) (1) Each promoter who obtains a permit for a contest shall ensure that two medical personnel certified at or above the level of emergency medical technician or paramedic are on-site during the contest, with resuscitation equipment. At least one of the certified emergency personnel shall be stationed at ringside during the contest. The resuscitation equipment specified in paragraph (t) (1) and the medical equipment shall be located within 10 feet of the ring or the fenced-in area. The certified emergency personnel and the ringside physician shall be stationed within a distance deemed appropriate by the chief inspector.

(2) Each promoter who obtains a permit for a professional wrestling performance shall ensure that either a physician or two medical personnel certified at or above the level of emergency medical technician or paramedic and resuscitation equipment are on-site during the performance.

(3) Each promoter shall ensure that the certified emergency medical technicians or paramedics are in attendance at the contest or performance from the commencement of the contest or performance and until the last contestant leaves the contest or performance location.

(t)(1) Resuscitation equipment shall include a portable resuscitator with all additional equipment and supplies necessary for its operation. Supplies shall include all necessary equipment to open an airway and to maintain an open airway in a contestant that is not breathing.

(2) If an ambulance is not available because of the location of the event or contest, the highest level of medical transport in the locale shall be present and available to transport any injured contestant to a medical facility. If the ambulance or emergency personnel certified at or above the level of emergency medical technician or paramedic leave the site of the contest or event to transport a contestant to a medical facility, the contest or performance shall not continue until the replacement of the ambulance or the certified emergency personnel.

(u) Each promoter shall provide the physician with a suitable place to examine each contestant at the weigh-in, before the contest, and after each bout.

(v) The promoter shall arrange for the attendance of at least two law enforcement officers at the event, or as otherwise directed by the boxing commissioner.

(w) Each promoter shall ensure that a physician is at ringside during each contest.

(x) Each promoter shall ensure that the ringside area within the physical barrier has controlled access and is free of nonessential, unauthorized individuals. No nonessential, unauthorized individual shall be allowed to sit ringside or cageside. The promoter shall also be responsible for ensuring that no person is smoking within the venue area.

(y) The promoter shall schedule the site, date, and time for the weigh-in and physical examination, which shall be subject to the approval of the commission.

(z) The promoter shall ensure that an extra set of gloves is available for each size of glove used

during the contest, which shall be used if any gloves are broken or in any way damaged during the course of a bout.

(aa) The promoter shall not coach or act as a second for any contestant at the promoter's event.

(bb) Any promoter may hang at least two video screens that are approved by the commission to allow patrons to view the contest or performance. (Authorized by K.S.A. 2013 Supp. 74-50,187; implementing K.S.A. 2013 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013.)

128-4-7. Referee. (a) A referee shall be present at each contest to make determinations as required by the act and these regulations regarding the conduct of each bout in the contest and the conduct of the contestants and the contestants' seconds while the contestants or seconds are in the ring. An alternate referee shall be present at each contest.

(b) The referee shall have general supervision of each bout. If the chief inspector determines that the referee is not properly enforcing the contest rules established by these regulations, the chief inspector may overrule the referee.

(c) Any licensee who believes that the referee improperly interpreted or applied the act or these regulations, or both, may request that the chief inspector provide an interpretation or application of the act or these regulations, or both, with respect to the disputed issue.

(d) If there are no regulations in effect that address a particular set of circumstances during a contest, the chief inspector assigned to the contest shall decide how the contest is to be conducted under those circumstances. The chief inspector shall advise the referee of the inspector's decision, and the referee shall carry out the referee's duties in accordance with the chief inspector's decision. The decision of the chief inspector shall be final.

(e) A referee shall not wear eyeglasses while refereeing.

(f) The referee for each bout of a contest shall be selected by the boxing commissioner and approved by the commission.

(g) The referee and the alternate referee assigned to officiate at an event shall undergo a precontest physical examination by the physician assigned to the event before the commencement of the first bout. The physician shall examine the referee and the alternate referee, including the heart, lungs, pulse, blood pressure, and eyes. Af-

ter the examination, the referee and the alternate referee shall be allowed to officiate only if cleared by the physician.

(h) Before starting each bout, the referee shall check with each judge and the timekeeper to determine if each individual is ready. The referee shall also verify that the physician is present at the ringside.

(i) Before starting each bout, the referee shall ascertain from each contestant the name of the contestant's chief second and shall hold the chief second responsible for the conduct of the assistant seconds throughout the contest or exhibition. The referee may call contestants together before each contest or exhibition for final instructions.

(j) The referee shall ensure that no foreign substances detrimental to an opponent have been applied to the body of any contestant.

(k) The referee shall decide whether or not to wear rubber or plastic gloves during the bout.

(l) (1) The referee shall stop any bout under either of the following circumstances:

(A) The referee determines that one of the contestants is clearly less experienced or skilled than the contestant's opponent, to the extent that allowing the bout to continue would pose a substantial risk of serious harm or injury to the less experienced or less skilled contestant.

(B) The referee decides that a contestant is not making the contestant's best effort.

(2) If a contestant receives a cut or other injury, the referee may consult the physician to determine whether the bout will be stopped or whether the bout can continue. If the physician is consulted, the final authority to determine whether to continue the bout shall rest with the physician.

(3) If serious cuts or injuries occur to either contestant, the referee shall summon the physician, who shall aid the contestant and decide if the bout will be stopped. If the physician determines before the fourth round that a contestant who is cut or injured by legal blows cannot continue, the referee shall announce that the contestant loses by a technical knockout. If the physician determines during or after the fourth round that a contestant who is cut or injured by legal blows cannot continue, the referee shall use the scorecards to determine the winner.

(m) Each referee, when assessing any foul, shall assess how damaging the foul is to the contestant against whom the foul was committed. If the referee assesses a foul on one of the contestants, the referee shall instruct each judge to

deduct one point from that contestant's score for that round.

(n) At the conclusion of each round, the referee shall pick up the scorecard from each judge. When picking up the scorecards from the judges, the referee shall ensure that each scorecard shows each contestant's name and score for that round and the name of the judge. If this information has not been recorded, the judges shall be instructed to complete the scorecards correctly. The referee shall then deliver the official scorecards to the chief inspector.

(o) The referee may request that the attending physician examine a contestant during a bout. The physician may order the referee to stop the bout. The referee shall then render the decision regarding the outcome of the bout.

(p) Before the referee requests the physician to aid or examine a contestant, the referee shall direct the timekeeper to stop the clock until otherwise directed by the referee.

(q) The referee shall ensure that each bout proceeds in a regulated and timely manner. Each contestant who employs delaying or avoidance tactics shall be subject to scoring penalties or disqualification. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186, 74-50,187, and 74-50,193; effective April 4, 2008; amended Dec. 20, 2013.)

128-4-8. Second. (a) (1) A maximum of three seconds shall be allowed for each contestant. However, four seconds for each contestant may be authorized by the commission for special events. One of the seconds shall be designated as the chief second, and this designation shall be announced to the referee at the start of the bout.

(2) For boxing contests, only one second for each contestant shall be inside the ring between rounds. For mixed martial arts contests, two of the seconds for each contestant may be inside the fenced-in area during a period of rest. Any other seconds for that contestant may be on the ring platform outside the enclosed area.

(b) Each manager shall be permitted to act as a second without obtaining a second's license if at least one licensed second is also serving that contestant. While acting as a second, the manager shall comply with all regulations pertaining to the conduct of seconds.

(c) A second shall not enter the ring until the timekeeper indicates the end of the round. Each second shall leave the ring at the sound of the

timekeeper's whistle or buzzer before the beginning of each round. If any second enters the ring before the bell ending the round has sounded, the referee shall take action as provided in subsection (l). While the round is in progress, the chief second may mount the apron of the ring and attract the referee's attention to indicate that the contestant is forfeiting the bout. The chief second shall not enter the ring unless the referee stops the bout. No second shall interfere with a count that is in progress.

(d) Except at the request of the physician, no second shall be permitted to aid a stricken contestant.

(e) No second shall stand or lean on the ring apron during a round.

(f) The chief second shall ensure that the following equipment is provided:

- (1) A clear plastic bottle;
- (2) a bucket containing ice;
- (3) adhesive tape;
- (4) gauze;
- (5) a pair of scissors;
- (6) an extra mouthpiece;
- (7) cotton swabs;
- (8) Vaseline® or a similar petroleum-based product;
- (9) pressure plates or ice packs; and
- (10) a clean white towel.

(g) Only the substances specified in this subsection, if authorized and directed by the physician, may be administered to a contestant by a second. The use of any other substance administered by the second shall disqualify the contestant. The following substances may be administered by a second to a contestant:

- (1) A topical solution of epinephrine 1:1000;
- (2) microfibrillar collagen hemostat; and
- (3) thrombin.

(h) No ammonia or type of smelling salts may be used during a contest or exhibition.

(i) All spraying or throwing of water on a contestant by a second during a period of rest shall be prohibited.

(j) Before leaving the ring at the start of each round, the seconds shall remove all obstructions from the ring floor and ropes, including the buckets, stools, bottles, towels, and robes.

(k) The physician or an inspector may, at any time, inspect the contents of the chief second's first-aid kit.

(l) If any second commits a violation of any regulation relating to seconds, the referee shall issue

a warning to that second. If, after that warning, the second continues to violate any applicable regulation, the referee shall apply the penalties specified in K.A.R. 128-6-1(x), 128-6-2(o), or 128-6-4(o). The referee shall also warn the second that any additional violation may result in disqualification of the contestant.

(m) Any second may choose whether or not to wear rubber or plastic gloves during any bout in which the second is serving a contestant. (Authorized by K.S.A. 2012 Supp. 75-50,187; implementing K.S.A. 2012 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013.)

128-4-9. Timekeeper. (a) Each timekeeper shall have the following equipment:

- (1) A bell;
- (2) a horn;
- (3) a clapper;
- (4) a whistle; and
- (5) two stopwatches.

(b) A timekeeper shall be present at each contest and shall perform the following duties:

(1) The timekeeper shall sound the bell at the beginning and end of each round. The timekeeper shall also signal the approaching end of the round to the referee when 10 seconds remain in the round. When 10 seconds remain in the rest period between rounds, the timekeeper shall sound a whistle, bell, buzzer, or horn to warn the referee, contestants, and seconds of the beginning of the next round.

(2) The timekeeper shall keep accurate time for each bout. The timekeeper shall keep an exact record of each time-out taken at the request of a referee for an examination of a contestant by the physician, the replacement of a glove, or the adjustment of any equipment during a round. The timekeeper shall report the exact time at which a bout is stopped for a time-out.

(c) Each timekeeper shall be impartial. No timekeeper shall signal to any contestant or second at any time during a bout. Any timekeeper who fails to meet the requirements of this subsection may be subject to discipline by the commission.

(d) The timekeeper shall be responsible for each knockdown count. The timekeeper shall begin the mandatory count of eight as soon as a contestant has been knocked down. If the knockdown occurs less than 10 seconds before the end of the round, the timekeeper shall not signal to the referee until the referee indicates that the contestant is ready.

(e) The timekeeper for each bout shall be selected by the boxing commissioner and approved by the commission. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013.)

Article 5.—FACILITY AND EQUIPMENT REQUIREMENTS FOR PROFESSIONAL BOXING, PROFESSIONAL KICKBOXING, PROFESSIONAL FULL-CONTACT KARATE, PROFESSIONAL MIXED MARTIAL ARTS, AMATEUR MIXED MARTIAL ARTS, AND AMATEUR SANCTIONING ORGANIZATIONS

128-5-1. Professional boxing, professional kickboxing, professional bare-knuckle fighting, and professional full-contact karate contests. (a) Each ring used for professional boxing, professional kickboxing, professional bare-knuckle fighting, or professional full-contact karate contests shall consist of an area that is no smaller than 16 by 16 feet square and no larger than 20 by 20 feet square when measured within the ropes. The apron of the ring platform shall extend at least two feet beyond the ropes. The ring platform shall not be more than four feet above the floor of the building or the grounds of an outdoor arena. Steps to the ring shall be provided for the use of the contestants and officials.

(b)(1) Except as specified in paragraph (b)(2), each ring shall be fenced in with at least three ropes and not more than four ropes. Each rope shall be at least one inch in diameter. The ropes may be composed of Manila hemp, synthetic material, plastic, or any other similar material. Each rope shall be wrapped securely in soft material. If three ropes are used, the ropes shall extend in triple parallel lines at the heights of two feet, three feet, and four feet above the platform floor. If four ropes are used, the ropes shall be placed in parallel lines at the following heights:

Height above the ring floor

- | | |
|-----------------|-----------|
| (A) Lowest rope | 18 inches |
| (B) second rope | 30 inches |
| (C) third rope | 42 inches |
| (D) top rope | 54 inches |

(2) For professional and amateur mixed martial art contests, a ring may have a fifth-rope conversion to meet the requirements of the act.

(3) The ring platform shall be padded with a one-inch layer of Ensolite®, foam rubber, or an equivalent closed-cell foam material, which shall be placed on a one-inch base of Celotex™ or an equivalent type of building board. The padding shall be covered with canvas, duck, or a similar material that is tightly stretched and laced securely in place. Material that tends to gather in lumps or ridges shall not be used for the padding or the covering.

(c) Each ring post shall be at least three inches and not more than four inches in diameter and shall extend from the floor of the building or the ground in an outdoor arena to a minimum height of 58 inches above the ring platform. Each ring post shall be at least 18 inches away from the ring ropes. Each turnbuckle shall be covered with a protective padding.

(d) The promoter shall provide a bell, buzzer, gong, or horn that is sufficiently loud to enable the officials and contestants to hear it clearly.

(e) The spectator seats shall be placed no closer than eight feet from the outside edge of the apron of the ring. A physical barrier shall be placed eight feet outside the ring. The ringside area within that physical barrier shall be under the jurisdiction of the commission and shall be reserved for the sole use of designated working officials and the contestants.

(f) Gloves used in a boxing or kickboxing contest or exhibition shall meet the following requirements and shall be delivered to the commission at least one hour before the commencement of the first match of the event:

(1) Each glove shall weigh at least eight ounces but not more than 16 ounces, except that the weight of the gloves to be used in a championship contest shall be specified by the commission.

(2) The gloves shall be examined by the inspector and the referee. If padding in any glove is found to be misplaced or lumpy or if any glove is found to be imperfect, the glove shall be changed before the event starts. No breaking, roughing, or twisting of any glove shall be permitted.

(3) If the gloves to be used have been used before, they shall be whole, clean, and in sanitary condition. The gloves shall be subject to inspection by the referee and a representative of the commission. If any glove is found to be unfit, it shall be replaced with a glove that meets the requirements of this subsection.

(4) Each promoter shall have an extra set of gloves of the appropriate weight available to be

used if a glove is broken or otherwise damaged during an event.

(5) Each glove shall have the distal portion of the thumb attached to the body of the glove to minimize the possibility of injury to an opponent's eye. (Authorized by K.S.A. 74-50,187; implementing K.S.A. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013; amended Oct. 25, 2019.)

128-5-2. Professional and amateur mixed martial arts contests. Each ring used for professional or amateur mixed martial arts contests shall meet either the requirements of K.A.R. 128-5-1 or the following requirements for the fenced-in area:

(a) Each fenced-in area used in a contest of mixed martial arts shall either be circular, with a diameter of at least 20 feet, or have at least four equal sides and be no smaller than 20 feet by 20 feet and no larger than 32 feet by 32 feet.

(b) The supporting platform structure of each fenced-in area shall be made of steel. The ring floor of each fenced-in area shall extend at least 18 inches beyond the ropes. The ring floor shall be padded with Ensolite® or another similar type of closed-cell foam, with at least a one-inch layer of foam padding. Padding shall extend beyond the fenced-in area and over the edge of the platform with a top covering of canvas, duck, or similar material tightly stretched and laced to the ring platform. There shall be no open space between the platform floor and the padding connected to the platform side walls. Material that tends to gather in lumps or ridges shall not be used for the floor, padding, or covering.

(c) The platform of each fenced-in area shall not be more than four feet above either the floor on which the platform is located in a building or the grounds of an outdoor arena. The platform and the structure supporting the platform floor shall be made of steel. Steps into the fenced-in area shall be provided for the use of the contestants and officials.

(d) Except for fencing, the fenced-in area shall be secure with no openings or space to allow any body part of a contestant to fit or pass through the area between the platform floor and fence.

(e) Each fence post and all metal components shall be padded and shall be inspected and approved by an inspector.

(f) The fencing used to enclose the fenced-in area shall be made of chain-link fencing that

is coated with vinyl or a similar material and that prevents contestants from falling out of the fenced-in area or breaking through the fenced-in area onto the floor of the building or onto the spectators. The metal portion of the fencing shall not be abrasive to the contestants. The top and bottom rails of the fencing shall have at least one-inch foam padding and shall be covered in vinyl or another nonabrasive material.

(g) The corner padding of each platform shall be covered in vinyl or another nonabrasive material. No Velcro may be used on the platform area. The corner pads shall be secured to the fencing and platform.

(h) Each fenced-in area shall have at least one entrance. Each entrance shall be inspected and approved by the commission.

(i) No objects or materials shall be attached to any part of the fence surrounding the platform on which the contestants are to be competing.

(j) The final determination of whether a cage meets safety standards shall rest with the commission. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013.)

128-5-3. Approval of nationally recognized amateur sanctioning organization. (a) Each nationally recognized amateur sanctioning organization seeking approval by the commission shall submit an application on a form provided by the commission. The application shall include information outlining the organization's operational structure, governing rules, the name of a person responsible for communicating with the commission, and any other information deemed necessary by the commission. The applicant may be required by the commission to appear before it for a hearing on the application.

(b) Each nationally recognized amateur sanctioning organization approved to supervise an amateur event shall meet the following requirements:

(1) Demonstrate that all contestants are tested for HIV, hepatitis BsAG, and hepatitis Cab within 12 months of the date of any scheduled contest;

(2) demonstrate that all contestants undergo a complete physical examination within one year of the date of any scheduled contest and that all examining physicians are aware that the contestants compete in combative sports;

(3) demonstrate that the promoter of each event has a policy of accident insurance on each partici-

pating contestant in the amount of at least \$5,000 to compensate the contestant for any medical or hospital expenses incurred as the result of injuries received in the match and a policy in the amount of at least \$50,000 to be paid to the estate of the deceased contestant if the contestant dies as a result of participating in a match. The organization shall also demonstrate that the premiums on the policies are paid by the promoter and the terms of the insurance coverage do not require the contestant to pay a deductible for the medical, surgical, or hospital care for injuries that the contestant sustains while engaged in a contest;

(4) demonstrate that the organization requires shin guards for any striking or kicking;

(5) demonstrate that the organization does not enter into any exclusivity agreements with any promoters, contestants, or officials that prevent the promoters, contestants, or officials from working with other organizations; and

(6) demonstrate that the organization requires at least six-ounce gloves to be worn by the contestants.

(c) Before sanctioning any amateur events, each approved nationally recognized amateur sanctioning organization shall file with the commission a copy of the governing rules. The organization may be directed by the commission to amend its governing rules at any time. Failure to enforce the submitted and approved governing rules may be grounds for revocation of the organization's approval. The approval of any organization may be revoked or suspended by the commission, after a hearing. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186, 74-50,187, and 74-50,195; effective Dec. 20, 2013.)

**Article 6.—RULES OF CONDUCT
AND EQUIPMENT REQUIREMENTS
FOR PROFESSIONAL BOXING,
PROFESSIONAL KICKBOXING,
PROFESSIONAL FULL-CONTACT
KARATE, AND PROFESSIONAL MIXED
MARTIAL ARTS**

128-6-1. Professional boxing. Each professional boxing contest shall be conducted in accordance with this regulation. (a) Each bout of professional boxing shall consist of at least four rounds but no more than 12 rounds. Each round involving male contestants shall be no more than three minutes in length, with a one-minute rest

period between rounds. Each round involving female contestants shall be no more than two minutes in length, with a one-minute rest period between rounds.

(b) The schedule for each professional boxing contest may include a main bout consisting of at least six rounds and at least one co-main event consisting of at least six rounds. All other bouts shall be at least four rounds each. Any contest may have a minimum of four bouts with a total of at least 24 rounds.

(c) No professional boxing bout shall be advertised or promoted as a championship bout unless the commission specifically approves the bout as a championship bout.

(d) A boxing contestant shall not participate in a boxing, kickboxing, karate, or mixed martial arts bout in Kansas for at least seven days following a previous bout in Kansas or in any other jurisdiction.

(e) A boxing contestant whose license is currently suspended or has been revoked by the commission or any other athletic commission, domestic or foreign, shall not participate in any bout in Kansas until the suspension is lifted or until the license is reinstated.

(f) If a bout is deemed by the commission to be a mismatch that could expose one or both contestants to serious injury based on the record, experience, skill, or condition of each of the contestants, the bout shall be disapproved and cancelled by the commission.

(g) The schedule of weight classifications shall be as follows:

| Classification | Weight |
|-------------------------|---------------------------------|
| (1) Strawweight | up to and through 105 pounds |
| (2) Light flyweight | over 105 and through 108 pounds |
| (3) Flyweight | over 108 and through 112 pounds |
| (4) Super flyweight | over 112 and through 115 pounds |
| (5) Bantamweight | over 115 and through 118 pounds |
| (6) Super bantamweight | over 118 and through 122 pounds |
| (7) Featherweight | over 122 and through 126 pounds |
| (8) Super featherweight | over 126 and through 130 pounds |
| (9) Lightweight | over 130 and through 135 pounds |
| (10) Super lightweight | over 135 and through 140 pounds |

| | |
|-------------------------|---------------------------------|
| (11) Welterweight | over 140 and through 147 pounds |
| (12) Super welterweight | over 147 and through 154 pounds |
| (13) Middleweight | over 154 and through 160 pounds |
| (14) Super middleweight | over 160 and through 168 pounds |
| (15) Light heavyweight | over 168 and through 175 pounds |
| (16) Cruiserweight | over 175 and through 195 pounds |
| (17) Heavyweight | over 195 pounds |

(h) Each contestant shall be weighed by the boxing commissioner or the boxing commissioner's designee within 48 hours before the contest. The contestant shall have all weights stripped from the contestant's body before the contestant is weighed in, but any female contestant may wear shorts and a top. If a contestant's weight does not fall within the range for the weight classification of the contested weight in which the contestant is scheduled to compete in that contest, the contestant shall be reweighed within two hours. If the contestant's weight still does not fall within the range for that weight category, the contestant shall be disqualified by the boxing commissioner.

(i) Any contestant may be required by the commission to be reweighed one additional time if doubt concerning the contestant's actual weight exists.

(j) For each boxer whose weight exceeds the maximum amount, one or more of the following shall be determined by the commission:

(1) The boxer shall be allowed to lose up to two pounds of the boxer's existing weight.

(2) The boxer shall forfeit a portion of the purse.

(3) The boxer shall forfeit the contest.

(k) Each subsequent weigh-in shall be conducted at the venue of the event, before the commencement of the event, as directed by the commission. Any boxer, or the boxer's designee, may be present to witness the weigh-in of the opponent.

(l) No boxing contest or exhibition may be scheduled, and no boxer may engage in a boxing contest or exhibition, without the approval of the commission if the difference in weight between both boxers exceeds the allowance shown in the following schedule:

| Weight Group | Allowance |
|--------------------------------|----------------------|
| (1) up to and through 118 lbs. | not more than 3 lbs. |

| | |
|--|-----------------------|
| (2) over 118 lbs. and through 126 lbs. | not more than 5 lbs. |
| (3) over 126 lbs. and through 135 lbs. | not more than 7 lbs. |
| (4) over 135 lbs. and through 147 lbs. | not more than 9 lbs. |
| (5) over 147 lbs. and through 160 lbs. | not more than 11 lbs. |
| (6) over 160 lbs. and through 175 lbs. | not more than 12 lbs. |
| (7) over 175 lbs. and through 195 lbs. | not more than 20 lbs. |
| (8) over 195 lbs. | no limit |

(m) After the time of the weigh-in, weight loss in excess of two pounds of the weight that the contestant had at the weigh-in shall not be permitted and shall not occur later than one hour after the boxer's initial weigh-in.

(n) Contestants scheduled to compete against one another may mutually agree to waive the requirements of subsection (j). This agreement shall be evidenced by a provision in the respective bout agreement and initialed by the contestants. The provision shall also provide notice to the contestants that there will be no restriction as to the amount of weight that the opponent may put on after the initial weigh-in and before the scheduled match.

(o) A one-pound allowance in the weight agreed upon in the bout agreement may be allowed by the commission. The one-pound allowance shall still be within the weight limits specified in subsection (l). No allowance shall be made for a championship bout.

(p) Any contestant who fails to appear at the appointed place and at the specified time to be examined and weighed or who leaves the designated area without permission of the commission before the weigh-in or the physical examination is completed may be subject to discipline by the commission, including suspension of license.

(q) For each failure to make weight as specified in this regulation, the contestant may be subject to penalties and sanctions, a fine, and a suspension or revocation of the contestant's license.

(r) Except as otherwise provided by this regulation, during the two hours following the time of weighing in, if a contestant is able to make the weight or weighs one pound or less outside the agreed limits, no forfeit may be imposed or fine assessed upon the contestant.

(s) If a contestant is unable due to illness to take part in a contest or exhibition in which the contestant has agreed to fight, the contestant shall im-

mediately report the fact to the commission and, if requested by the commission, shall submit to an examination by a physician. The fee for the physician's examination shall be paid by the promoter if an examination is requested. Otherwise, the fee shall be paid by the contestant.

(t) The weight of each contestant or the classification in which each contestant will compete, or both, shall be announced at ringside.

(u) Each contestant's equipment shall meet the following requirements:

(1) Bandages on the hand of a contestant shall not exceed one winding of surgeon's adhesive tape, which shall not be over two inches wide, placed directly on the hand to protect the part of the hand near the wrist. The tape shall cross the back of the hand twice, but shall not extend within $\frac{3}{4}$ inch of the knuckles when the hand is clenched to make a fist.

(2) Each contestant shall use soft surgical bandage not over two inches wide, held in place by not more than 10 feet of surgeon's adhesive tape for each hand. Up to one 15-yard roll of gauze bandage shall be used to complete the wrappings for each hand. Strips of tape may be used between the fingers to hold down the bandages.

(3) Each bandage of the contestant shall be applied in the presence of both an inspector and the other contestant.

(4) Each hand wrapping placed on a contestant shall be examined and approved by an inspector. Each approved hand wrap shall be initialed by the inspector who examined it. The opponent may be present.

(5) Either contestant may witness the bandage and hand wrapping of the contestant. A contestant may waive the witnessing the bandaging or hand wrapping of the opponent's hands.

(6) The weight of each glove shall be at least eight ounces and not more than 16 ounces, and each glove shall have the thumb attached.

(7) Each contestant shall be gloved only in the presence of an inspector. The tape around the string of each approved glove shall be initialed by the inspector.

(8) No contestant or second shall twist or manipulate that contestant's gloves in any way. If a glove breaks or a string becomes untied during the bout, the referee shall instruct the timekeeper to signal a time-out while the glove is being adjusted.

(9) Each contestant's gloves shall be inspected by the referee of each bout. The referee shall ascertain that no foreign substances detrimental to

an opponent have been applied to the gloves of any contestant. If the referee detects a problem with the gloves or any other equipment, the problem shall be fixed to the satisfaction of the referee and the inspector before the bout continues.

(10) Each contestant shall wear boxing-appropriate attire and protective devices, including a dental appliance or mouthpiece that has been individually fitted and approved by the boxing commissioner. Each male contestant shall wear a protective cup. Each contestant shall wear an abdominal protector, which shall protect the contestant against injury from a foul blow. The abdominal protector shall not cover or extend above the umbilicus. Each female contestant shall wear a protective pelvic girdle and either a plastic breast protector or a sport bra.

(11) The belt of the shorts shall not extend above the waistline. Shorts shall be without pockets or openings and shall be subject to approval by the chief inspectors.

(12) For each bout, male contestants shall not wear the same colors in the ring or, if the contest or exhibition is being held in a fenced area, without the approval of the chief inspector. Female contestants shall have two uniforms in contrasting colors, with each uniform consisting of a body shirt, blouse, and shorts.

(13) Contestants shall not use any cosmetic when competing.

(14) The inspector shall determine whether head or facial hair presents any hazard to the safety of a contestant or contestant's opponent or will interfere with the supervision of the contest or exhibition. A contestant shall not compete in the contest or exhibition unless the circumstances creating the hazard or potential interference are corrected to the satisfaction of the inspector.

(15) A contestant shall not wear any jewelry or any piercing accessories when competing in the contest or exhibition.

(16) The contestants' fingernails and thumbnails shall not extend past the tip of the fingers and thumbs.

(17) Only Vaseline® or a similar petroleum-based product may be lightly applied to the face, arms, or any other exposed part of a contestant's body.

(v) Before starting a bout, the referee shall ascertain from each contestant the name of the contestant's chief second. Before each bout, the referee shall call together both of the contestants and their chief seconds for final instructions.

(w) No person other than the contestants and the referee shall enter the ring during a bout. A second or manager shall not stand or engage in any distracting actions while the bout is in progress. For each contestant's seconds and manager, a combined total of two warnings for violating any requirement of this subsection shall result in the removal of the seconds and manager from the ringside area, all of whom may be subject to discipline by the commission.

(x) Each preliminary contestant shall be ready to enter the ring immediately after the end of the preceding bout. Any contestant who is not ready to immediately proceed when called and, as a result, causes a delay may be subject to discipline by the commission.

(y) Before the referee requests the physician to aid or examine a contestant, the referee shall direct the timekeeper to stop the clock until otherwise directed by the referee.

(z) Any serious cuts or injuries to either contestant shall be treated by the physician. The physician shall determine whether to continue the bout as follows:

(1) The physician may enter the ring if requested by the referee to examine an injury to a contestant.

(2) If serious cuts or injuries to either contestant occur, the referee shall summon the physician, who shall aid the contestant and decide if the bout will be stopped. The final authority to determine whether to continue the bout shall rest with the physician.

(3) If the physician determines that a contestant who is cut or injured by legal blows cannot continue, the referee shall announce that contestant loses by a technical knockout.

(4) The referee may request that the attending physician examine a contestant during the bout. The physician may order the referee to stop the bout. The referee shall then render the appropriate decision regarding the outcome of the bout in accordance with K.A.R. 128-4-7.

(5) Except at the request of the physician, no manager or second shall be permitted to aid a stricken contestant.

(aa) If a contestant loses a dental appliance or mouthpiece during a round, the referee may call a time-out. If the referee calls a time-out for this reason, the referee shall direct the contestant's second to replace the dental appliance or mouthpiece.

(bb) Before a contestant may resume competing after having been knocked down or having

fallen or slipped to the floor of the ring, the referee shall wipe the gloves of the contestant with a damp towel or the referee's shirt.

(cc) A boxer shall be deemed to be down when either of the following occurs:

(1) Any part of the boxer's body other than the feet is on the floor.

(2) The boxer is hanging over the ropes without the ability to protect that boxer, and the boxer cannot fall to the floor.

(dd) When a boxer is knocked down, the referee shall order the opponent to retire to the farthest neutral corner of the ring, by pointing to the corner, and shall immediately begin the count over the contestant who is down. The referee shall audibly announce the passing of the seconds and accompany the count with motions of the referee's arm, with the downward motion indicating the end of each second.

(ee) The timekeeper, by signaling, shall give the referee the correct one-second interval for the referee's count. The referee's count shall be the official count. Once the referee picks up the count from the timekeeper, the timekeeper shall cease counting. No boxer who is knocked down may be allowed to resume competing until the referee has finished counting to 10. The boxer may take the count either on the floor or standing.

(ff) If the opponent fails to stay in the farthest corner, the referee shall cease counting until the contestants have returned to their corners and shall then resume the count from the point at which the count was interrupted. If the boxer who is down arises before the count of 10, the referee may step between the contestants long enough to assure the referee that the contestant who has just arisen is in a condition to continue. If so assured, the referee shall, without loss of time, order both contestants to go on with the contest or exhibition. During the intervention by the referee, the striking of a blow by either contestant may be ruled a foul.

(gg) When a boxer is knocked out, the referee shall perform a full 10-second count unless, in the judgment of the referee, the safety of the boxer would be jeopardized by such a count. If the boxer who is knocked down is still down when the referee calls a count of 10, the referee shall wave both arms to indicate that the downed contestant has been knocked out.

(hh) If both contestants go down at the same time, the count shall continue as long as one contestant is still down. If both contestants remain

down until the count of 10, the contest or exhibition shall be stopped and the decision shall be a technical draw.

(ii) If a boxer is down and the referee is in the process of counting at the end of a round, the bell indicating the end of a round shall not be sounded, but the bell shall be sounded as soon as the downed contestant stands up.

(jj) When a contestant has been knocked down before the normal termination of a round and the round is terminated before the contestant has arisen from the floor of the ring, the referee's count shall continue. If the contestant who is down fails to arise before the count of 10, the contestant shall be considered to have lost the contest or exhibition by a knockout in the round that just concluded.

(kk) If a legal blow struck in the final seconds of a round causes a contestant to go down after the bell has sounded, that knockdown shall be regarded as having occurred during the round just ended and the appropriate count shall continue.

(ll) If a knockdown occurs before the normal termination of a round and the contestant who is down stands up before the count of 10 is reached and then falls down immediately without being struck, the referee shall resume the count from the point at which the count was left off.

(mm) A contest or exhibition may be adjudged a technical knockout to the credit of the winner if the contest or exhibition is terminated because a boxer meets any of the following conditions:

- (1) Is unable to continue;
- (2) is not honestly competing;
- (3) is injured; or
- (4) is disqualified.

(nn) Each contest or exhibition that is won by other than a full count of 10 or the scoring of the judges shall be adjudged a technical knockout to the credit of the winner.

(oo) A referee may count a contestant out if the contestant is on the floor or being held up by the ropes.

(pp) Each contestant who has been knocked out shall be kept lying down until the contestant has recovered. If a contestant is knocked out, no one other than the referee and the physician shall touch the contestant. The referee shall remove the injured contestant's mouthpiece and stay with the contestant until the ringside physician enters the ring, personally attends to the contestant, and issues any necessary instructions to the contestant's second.

(qq) Each of the following tactics or actions shall be an intentional foul:

- (1) Hitting the opponent below the belt;
- (2) hitting an opponent who is down or is getting up after being down;
- (3) holding the opponent with one hand and hitting the opponent with the other hand;
- (4) holding the opponent or deliberately maintaining a clinch;
- (5) wrestling or kicking the opponent;
- (6) striking an opponent who is helpless as the result of blows but is supported by the ropes and does not fall;
- (7) butting the opponent with the head, shoulder, or knee;
- (8) hitting the opponent with the open glove, with the butt of the hand, with the wrist or the elbow, or with backhand blows;
- (9) going down without being hit;
- (10) striking the opponent's body over the kidneys;
- (11) hitting the opponent on the back of the head or neck;
- (12) jabbing the opponent's eyes with the thumb of the glove;
- (13) using abusive language in the ring;
- (14) hitting during a break, which is signaled by the referee's command or physical act to separate two contestants;
- (15) hitting the opponent after the bell has sounded, ending the round;
- (16) using the ropes to gain an advantage over the opponent;
- (17) pushing the opponent around the ring or into the ropes;
- (18) spitting out the mouthpiece;
- (19) biting the opponent; and
- (20) engaging in any other action not described in this subsection that is deemed an intentional foul by the referee on the basis that the action poses a danger to the safety of either contestant, impedes fair and competitive play, or is unsportsmanlike.

(rr)(1) If a boxer fouls the opponent during a contest or exhibition or commits any other infraction, the referee may penalize the boxer by deducting points from boxer's score, whether or not the foul or infraction was intentional. The referee may determine the number of points to be deducted in each instance and shall base the determination on the severity of the foul or infraction and its effect upon the opponent.

(2) If the referee determines that it is necessary to deduct a point or points because of a foul or

infraction, the referee shall warn the offender of the penalty to be assessed.

(3) The referee shall, as soon as is practical after the foul, notify the judges and both boxers of the number of points, if any, to be deducted from the score of the offender.

(4) Each point to be deducted for any foul or infraction shall be deducted in the round in which the foul or infraction occurred. These points shall not be deducted from the score in any subsequent round.

(ss) A contestant shall not be declared the winner of a contest or exhibition on the basis of that contestant's claim that the opponent committed a foul by hitting the contestant below the belt. If a contestant falls to the floor of the ring or otherwise indicates that the contestant is unwilling to continue because of an overruled claim of a low blow, the contest or exhibition shall be declared to be a technical knockout in favor of the boxer who is willing to continue.

(tt) Any boxer guilty of a foul in a contest or exhibition may be disqualified by the referee, and the boxer's purse may be ordered withheld by the commission. Disposition of the purse and the penalty to be imposed upon the boxer shall be determined by the commission.

(uu) If the referee determines that a contest or exhibition shall not continue because of an injury caused by an intentional foul, the boxer who committed the intentional foul shall lose by disqualification.

(vv) If the referee determines that a contest or exhibition may continue despite an injury caused by an intentional foul, the boxer who committed the intentional foul shall lose by disqualification.

(ww) If an injury caused by an intentional foul results in the contest or exhibition being stopped in a later round, one of the following shall apply:

(1) The injured contestant shall win by technical decision if that individual is ahead on the scorecards.

(2) The contest or exhibition shall be declared a technical draw if the injured boxer is behind or even on the scorecards.

(xx) If a boxer is injured while attempting to foul the boxer's opponent, the referee shall not take any action in the boxer's favor and the injury shall be treated the same as an injury produced by a fair blow.

(yy) If a contest or exhibition is stopped because of an accidental foul, the referee shall determine whether the boxer who has been fouled can con-

tinue. If the boxer's chance of winning has not been seriously jeopardized as a result of a foul and if the foul did not involve a concussive impact to the head of the contestant who was fouled, the referee may order the contest or exhibition to be continued after a reasonable interval. Before the contest or exhibition resumes, the referee shall inform the commission of the referee's determination that the foul was accidental.

(zz) If the referee determines that a contest or exhibition shall not continue because of an injury suffered as a result of an accidental foul, the contest or exhibition shall be declared a no-contest decision if the foul occurs during either of the following:

(1) The first three rounds of a contest or exhibition that is scheduled for six rounds or less; or

(2) the first four rounds of a contest or exhibition that is scheduled for more than six rounds.

(aaa) The outcome of a contest or exhibition shall be determined by scoring the completed rounds and the round during which the referee stops the contest or exhibition if an accidental foul renders a boxer unable to continue the contest or exhibition after either of the following:

(1) The completed third round of a contest or exhibition that is scheduled for six rounds or less; or

(2) the completed fourth round of a contest or exhibition that is scheduled for more than six rounds.

(bbb) If an injury inflicted by an accidental foul later becomes aggravated by fair blows and the referee orders the contest or exhibition stopped because of the injury, the outcome shall be determined by scoring the completed rounds and the round during which the referee stops the contest or exhibition.

(ccc) A contestant shall not leave the ring or, if the contest or exhibition is being held in a fenced area, the fenced area, during any period of rest that follows each round. If any contestant fails or refuses to resume competing when the bell sounds signaling the commencement of the next round, the referee shall award a decision of technical knockout to the contestant's opponent at the round that has last been finished, unless the circumstances indicate to the commission the need for investigation or punitive action, in which case the referee shall not give a decision and shall recommend that the purse or purses of either or both contestants be withheld.

(ddd) If a contestant has been knocked or has fallen through the ropes and over the edge of the

ring platform during a contest or exhibition, both of the following shall apply:

(1) The contestant may be helped back by anyone except the contestant's seconds or manager. The referee shall stop the clock, assess the contestant's condition, and resume time once the contestant is able to safely reenter the ring.

(2) The contestant shall be given 20 seconds to return to the ring.

(eee) For a contestant who has been knocked or has fallen on the ring platform outside the ropes but not over the edge of the ring platform, both of the following shall apply:

(1) The contestant shall not be helped back by anyone, including the contestant's second and manager. The referee may stop the clock and assess the situation until the contestant is able to return to the ring.

(2) The contestant shall be given 10 seconds to regain the contestant's feet and get back into the ring.

(fff) If the second or manager of a contestant who has been knocked down or has fallen helps the contestant back into the ring, this help may be cause for disqualification.

(ggg) If one contestant has fallen through the ropes, the other contestant shall retire to the farthest corner and stay there until ordered by the referee to continue the contest or exhibition.

(hhh) Any contestant who deliberately wrestles or throws an opponent from the ring or who hits an opponent when the opponent is partly out of the ring and is prevented by the ropes from assuming a position of defense may be penalized.

(iii) At the termination of each contest or exhibition, the announcer shall announce the winner and the referee shall raise the hand of the winner.

(jjj) A decision rendered at the end of any contest or exhibition shall not be changed by the commission, unless one of the following occurs:

(1) The commission determines that there was collusion affecting the result of the contest or exhibition.

(2) The compilation of the scorecards of the judges discloses an error showing that the decision was given to the wrong contestant.

(3) The referee has rendered an incorrect decision as the result of an error in interpreting a provision of these regulations.

(kkk) Each judge of a boxing contest shall score the contest and determine the winner through the use of the ten-point must system as follows:

(1) The better boxer of each round shall receive 10 points and the opponent proportionately less.

(2) If the round is even, each boxer shall receive 10 points.

(3) No fraction of a point may be given.

(4) Points for each round shall be awarded immediately after the end of the round.

(III)(1) After the end of the boxing contest or exhibition, the announcer shall pick up the scores of the judges from the commission's desk. The majority opinion shall be conclusive and, if there is no majority opinion, the decision shall be a draw.

(2) When the inspector has checked the scores, the inspector shall inform the announcer of the decision, and the announcer shall inform the audience of the decision over the speaker system.

(3) Incomplete rounds shall be scored by the judges. If the referee penalizes either contestant in an incomplete round, the appropriate points shall be deducted. (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186 and 74-50,187; effective April 4, 2008; amended Dec. 20, 2013.)

128-6-4. Professional mixed martial arts contests. Except as otherwise specified in this regulation, each professional mixed martial arts contest shall be conducted in accordance with this regulation. If a contestant is a professional in boxing, kickboxing, or karate, the contestant shall compete only as a professional in any mixed martial arts contest.

(a) Each contest shall be limited to those forms of martial arts that consist of unarmed combat.

(b) Except with the prior approval of the commission, a nonchampionship bout shall not exceed three rounds in duration. Each championship bout shall be five rounds in duration. Each contest shall consist of at least four bouts.

(c) Each round during a bout of professional mixed martial arts shall be five minutes in duration. Each period of rest following a round of combat shall be one minute in duration.

(d) Each contestant shall be weighed by the commissioner or designee within 48 hours before the contest. If a contestant's weight does not fall within the range for the weight classification in which the contestant is scheduled to compete in that contest, the contestant shall be reweighed within two hours. If the contestant's weight does not then fall within the range for that weight classification, the contestant shall be disqualified by the boxing commissioner.

(e) A mixed martial arts contestant shall not participate in a boxing, kickboxing, full-contact

karate, or professional mixed martial arts bout in Kansas for at least seven days following a previous bout in Kansas or in any other jurisdiction.

(f) Each contestant shall fight only opponents who are in the contestant's weight classification. A bout between two contestants in different weight classifications may be approved by the commission if the difference between the weights of the two contestants does not exceed nine pounds, except for heavyweights and super heavyweights.

(g) The schedule of weight classifications shall be as follows:

| Classification | Weight |
|------------------------|---------------------------------|
| (1) Atomweight | over 95 and through 105 pounds |
| (2) Strawweight | over 105 and through 115 pounds |
| (3) Flyweight | over 115 and through 125 pounds |
| (4) Bantamweight | over 125 and through 135 pounds |
| (5) Featherweight | over 135 and through 145 pounds |
| (6) Lightweight | over 145 and through 155 pounds |
| (7) Welterweight | over 155 and through 170 pounds |
| (8) Middleweight | over 170 and through 185 pounds |
| (9) Light heavyweight | over 185 and through 205 pounds |
| (10) Heavyweight | over 205 and through 265 pounds |
| (11) Super heavyweight | over 265 pounds |

(h) If a substitute contestant is scheduled for a bout, the substitute contestant shall be subject to the same physical examination requirements as those for the original contestant, and the substitute contestant shall be approved by both the physician and the commission.

(i) Any contestant who fails to appear at the appointed place and at the specified time to be examined and weighed or who leaves the designated area without the permission of the commission before the weigh-in or the physical examination is complete may be subject to discipline by the commission.

(j) If a bout is deemed by the commission to be a mismatch that could expose one or both contestants to serious injury based on the record, experience, skill, or condition of each of the contestants,

the bout shall be disapproved and cancelled by the boxing commissioner.

(k) The weight of each contestant or the classification in which the contestant will compete, or both, shall be announced at ringside.

(l) Each contestant's equipment shall meet the following requirements:

(1) Each contestant shall wear mixed martial arts-appropriate attire and protective devices, including a dental appliance or a mouthpiece approved by the commissioner. Each male contestant shall wear a protective cup. Each female contestant shall wear a protective pelvic girdle and either a short-sleeved or sleeveless formfitting rash guard or a sports bra. Any female contestant may also wear a plastic breast protector. Contestants shall not wear shoes or any padding on their feet during the contest.

(2) Only Vaseline® or a similar petroleum-based product may be lightly applied to the face, arms, or any other exposed part of a contestant's body.

(m) Only officials and members of the media may enter into the contestants' dressing rooms or area.

(n) Each contestant shall be ready to enter the ring immediately after the end of the preceding bout. Any contestant who is not ready to immediately proceed when called and, as a result, causes a delay may be subject to discipline by the commission.

(o) No person other than the contestants and the referee shall enter the ring during a bout. A second or manager shall not stand or engage in distracting actions while the bout is in progress. For each contestant's seconds and manager, a combined total of two warnings for violating any requirement of this subsection shall result in the removal of the seconds and manager from the ringside area, all of whom shall be subject to discipline by the commission.

(p) Before starting a bout, the referee shall call together both of the contestants and the chief seconds for final instructions.

(q) Each of the following acts shall constitute an intentional foul in a contest:

- (1) Using a head butt;
- (2) gouging the opponent's eye in any manner;
- (3) biting the opponent;
- (4) pulling the opponent's hair;
- (5) attacking the opponent's groin in any manner;
- (6) putting a finger into any orifice of the opponent or into any cut or laceration on an opponent, including fishhooking;

(7) manipulating any of the opponent's joints in the fingers or toes;

(8) striking the opponent's spine or the back of the opponent's head;

(9) striking downward using the point of the elbow;

(10) striking the opponent's throat, including grabbing the trachea;

(11) clawing, pinching, or twisting the opponent's flesh;

(12) in the standing position, moving the arm toward the opponent with an open hand and fingertips pointed at the opponent's face or eyes;

(13) kicking or kneeing the head of a grounded opponent. An opponent shall be deemed grounded if any part of the body, other than a single hand and soles of the feet, is touching the fighting area floor;

(14) stomping a grounded opponent;

(15) thrusting an opponent to the canvas on the opponent's head or neck;

(16) throwing an opponent out of the ring or fenced area;

(17) holding the shorts or gloves of an opponent;

(18) spitting at an opponent;

(19) engaging in any unsportsmanlike conduct that causes an injury to an opponent;

(20) using the ropes or fence to gain an advantage over the opponent;

(21) using abusive language in the ring or fenced area;

(22) attacking an opponent on or during a break, which is signaled by the referee's command or physical act to separate two contestants;

(23) attacking an opponent who is under the care of the referee;

(24) attacking an opponent after the bell has sounded the end of the round;

(25) disregarding the instructions of the referee;

(26) competing in a noncombative manner, including avoiding contact with an opponent, consistently dropping the mouthpiece, or faking an injury;

(27) abandoning the contest during competition; and

(28) engaging in any other action not described in this subsection that is deemed an intentional foul by the referee on the basis that the action poses a danger to the safety of either contestant, impedes fair and competitive play, or is unsportsmanlike.

(r)(1) If a contestant or the contestant's second commits any intentional foul, the contestant may have points deducted or be disqualified.

(2) The referee may penalize the contestant by directing the judges to deduct points from the contestant's score for that round, whether or not the foul was an intentional foul. Except as otherwise provided by this regulation, the referee may determine the number of points to be deducted for each intentional foul and shall base that determination on the severity of the foul and its effect upon the opponent.

(3) If the referee determines that it is necessary to deduct one or more points because of an intentional foul or an accidental foul, the referee shall inform the offender of the penalty to be assessed and, as soon as it is practical after the foul, notify the judges and both contestants of the number of points to be deducted from the offender's score.

(4) All points deducted from a contestant's score for any intentional foul or any accidental foul shall be deducted in the round in which the foul occurred. These points shall not be deducted from the score of any subsequent round.

(s) If a contestant loses a mouthpiece during a bout, the referee may call a time-out. If the referee calls a time-out for this reason, the referee shall direct the contestant's second to replace the mouthpiece.

(t) If a contestant claims to be injured during the bout, the referee may request that the physician examine the contestant. If the physician decides that the contestant has been injured and should not continue, the physician shall so advise the referee.

(u)(1) If a round is interrupted because of an accidental foul, the physician shall determine whether the contestant who has been fouled can continue. If the physician determines that the injured contestant's chance of winning has not been seriously jeopardized as a result of the accidental foul and that the foul did not involve a concussive impact to the head of the injured contestant, the referee may order the contestants to continue the round after a recuperative interval of not more than five minutes. Immediately after separating the contestants, the referee shall inform the inspector or other representative of the commission of the referee's determination that the foul was an accidental foul.

(2) If the physician determines that a contest cannot continue due to an injury caused by an accidental foul during the first two rounds of a contest that is scheduled for three rounds or less or during the first three rounds of a contest that is

scheduled for more than three rounds, the referee shall declare a no-contest decision.

(3) If the physician determines that an accidental foul has rendered a contestant unable to continue the contest after completion of the second round of a contest that is scheduled for three rounds or less or after completion of the third round of a contest that is scheduled for more than three rounds, the outcome shall be determined by scoring both the completed rounds and the round during which the referee stops the contest. The contest shall be awarded to the contestant who has the higher score when the contest is stopped.

(4) If an injury inflicted by an accidental foul later becomes aggravated by any legal blow and the physician orders the contest stopped because of that injury, the outcome shall be determined by scoring both the completed rounds and the round during which the referee stops the contest. The contest shall be awarded to the contestant who has the higher score when the contest is stopped.

(v) Each contestant who fails to engage an opponent shall receive an immediate warning from the referee. If the contestant continues to fail to engage the opponent after a warning, the referee shall direct each of the judges to deduct a point from the contestant's score for that round.

(w) If a contestant fails to resume fighting when the bell sounds starting the next round, the referee shall award a technical knockout to the contestant's opponent.

(x) Each contest shall end with one of the following outcomes:

- (1) A technical knockout;
- (2) a decision by the judges consisting of one of the following:
 - (A) A unanimous decision;
 - (B) a split decision;
 - (C) a majority decision;
 - (D) a unanimous draw;
 - (E) a majority draw;
 - (F) a split draw;
 - (G) a technical decision; or
 - (H) a technical draw; or
- (3) a decision by the referee consisting of one of the following:
 - (A) A disqualification;
 - (B) a forfeit;
 - (C) a no-contest decision; or
 - (D) a submission, either verbally or by tapout.

(Authorized by K.S.A. 2016 Supp. 74-50,187; implementing K.S.A. 2016 Supp. 74-50,186 and

74-50,187; effective April 4, 2008; amended, T-128-12-20-16, Jan. 1, 2017; amended April 21, 2017.)

128-6-6. Grappling. The north American grappling association's "no gi rules," dated January 31, 2012, is hereby adopted by reference, except for the following portions:

(a) In the table on page 11, the two rows of text applicable to "Kids (ages 13 and under) & Teens (ages 14-17) Novice, Beginner & Intermediate" and "Kids (ages 13 and under) & Teens (ages 14-17) Expert";

(b) on pages 15 and 16, the text titled "Kids and Teens No-Gi Competitors";

(c) on pages 17 and 18, the column titled "Kids & Teens (Kids Novice Divisions DO NOT ALLOW Submissions)"; and

(d) on page 19, the "Note." (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186 and 74-50,187; effective Dec. 20, 2013.)

128-6-7. Pankration. The rule book by the U.S.A. federation of pankration athlima titled "class 'B' limited contact pankration aka combat grappling," dated March 1, 2012, is hereby adopted by reference, except for the following portions:

(a) Article VI;

(b) article VII;

(c) article VIII;

(d) article X; and

(e) the following text at the bottom of the last page: "Copyright© 2010 USA Federation of Pankration Athlima. All rights reserved. Personal use of this material, including one hard copy reproduction, is permitted. Permission to reprint, republish and/or distribute this material in whole or in part for any other purposes must be obtained from the USA Federation of Pankration Athlima. For information on obtaining permission email: jfrank128@cox.net." (Authorized by K.S.A. 2012 Supp. 74-50,187; implementing K.S.A. 2012 Supp. 74-50,186 and 74-50,187; effective Dec. 20, 2013.)

128-6-8. Professional bare-knuckle fighting. Each professional bare-knuckle fighting (BKF) contest, also known as a professional bare-knuckle boxing contest, shall be conducted in accordance with this regulation.

(a) Each bout of professional BKF shall consist of at least four rounds but no more than 12 rounds. Each round shall be no more than two

minutes in length, with a one-minute rest period between rounds.

(b) No professional BKF bout shall be advertised or promoted as a championship bout unless the commission specifically approves the bout as a championship bout.

(c) A BKF contestant shall not participate in a boxing, BKF, kickboxing, karate, or mixed martial arts bout in Kansas for at least seven days following a previous bout in Kansas or in any other jurisdiction.

(d) A BKF contestant whose license is currently suspended or has been revoked by the commission or any other athletic commission, domestic or foreign, shall not participate in any bout in Kansas until the suspension is lifted or until the license is reinstated.

(e) If a bout is deemed by the commission to be a mismatch that could expose one or both contestants to serious injury based on the record, experience, skill, or condition of each of the contestants, the bout shall be disapproved and cancelled by the commission.

(f) The schedule of weight classifications shall be as follows:

| Classification | Weight |
|------------------------|---------------------------------|
| (1) Atomweight | over 105 and through 115 pounds |
| (2) Strawweight | over 115 and through 125 pounds |
| (3) Flyweight | over 125 and through 135 pounds |
| (4) Bantamweight | over 135 and through 145 pounds |
| (5) Featherweight | over 145 and through 155 pounds |
| (6) Lightweight | over 155 and through 165 pounds |
| (7) Welterweight | over 165 and through 175 pounds |
| (8) Middleweight | over 175 and through 185 pounds |
| (9) Light heavyweight | over 185 and through 200 pounds |
| (10) Cruiserweight | over 200 and through 225 pounds |
| (11) Heavyweight | over 225 and through 265 pounds |
| (12) Super heavyweight | over 265 pounds |

(g) Each contestant shall be weighed by the commissioner or the commissioner's design-

nee within 48 hours before the contest. During the weigh-in, each male contestant shall have only his body on the scale, without any attire or equipment, but any female contestant may wear shorts and a top. If a contestant's weight does not fall within the range for the weight classification of the contested weight in which the contestant is scheduled to compete, the contestant shall be reweighed within two hours. If the contestant's weight still does not fall within the range for that weight category, the contestant may be disqualified by the commissioner for the safety of both contestants.

(h) Any contestant may be required by the commission to be reweighed one additional time if doubt concerning the contestant's actual weight exists.

(i) For each contestant whose weight exceeds the maximum amount, one or more of the following may be required as determined by the commission:

(1) The contestant shall be allowed to lose up to two pounds of the contestant's existing weight.

(2) The contestant shall forfeit a portion of the purse.

(3) The contestant shall forfeit the contest.

(j) Each subsequent weigh-in shall be conducted at the venue of the event before the commencement of the event, as directed by the commission. Any contestant or the contestant's designee may be present to witness the weigh-in of the opponent.

(k) Each contestant shall fight only opponents who are in the contestant's weight classification. A bout between two contestants in different weight classifications may be approved by the commission if the difference between the weights of the two contestants does not exceed nine pounds, except for heavyweights and super heavyweights.

(l) After the time of the weigh-in, weight loss in excess of two pounds of the weight that the contestant had at the weigh-in shall not be permitted and shall not occur later than one hour after the contestant's initial weigh-in.

(m) Contestants scheduled to compete against one another may mutually agree to waive the requirements of subsection (i). This agreement shall be evidenced by a provision in the respective bout agreement and initialed by the contestants. The provision shall also provide notice to the contestants that there will be no restriction as to the amount of weight that the opponent may put on after the initial weigh-in and before the scheduled match.

(n) A one-pound allowance in the weight agreed upon in the bout agreement may be allowed by the commission. The one-pound allowance shall still be within the weight limits specified in subsection (f). No allowance shall be made for a championship bout.

(o) A contestant who is required to appear at the specified time and place to be examined and weighed shall not leave the designated area without permission of the commission before the weigh-in or the physical examination.

(p) For each failure to make weight as specified in this regulation, the contestant may be subject to discipline or imposition of a civil penalty.

(q) If a contestant is unable due to illness to take part in a contest or exhibition in which the contestant has agreed to fight, the contestant shall immediately report the fact to the commission and, if requested by the commission, shall submit to an examination by a physician. The fee for the physician's examination shall be paid by the promoter if an examination is requested. Otherwise, the fee shall be paid by the contestant.

(r) The weight of each contestant or the classification in which each contestant will compete, or both, shall be announced at ringside.

(s) Each contestant's equipment shall meet the following requirements:

(1) The contestant's hands may be wrapped with gauze and tape that end no closer than 1 ¼ inch from the contestant's knuckles. The wrap shall include the wrist and may extend up to three inches past the junction of the wrist bone.

(A) Gauze may be applied to the wrist, palm of the hand, back of the hand, and thumb. The length of gauze used shall not exceed 15 feet per hand.

(B) Tape may be applied to the wrist, palm of the hand, back of the hand, and thumb. The tape shall not be greater than one inch in width and shall not exceed 10 feet in length per hand.

(2) Each bandage of the contestant shall be applied in the presence of both an inspector and the other contestant.

(3) Each hand wrapping placed on a contestant shall be examined and approved by an inspector. Each approved hand wrap shall be initialed by the inspector who examined it. The opponent may be present.

(4) Either contestant may witness the bandaging and hand wrapping of the other contestant. A contestant may waive witnessing the bandaging or hand wrapping of the opponent's hands.

(5) Each contestant shall wear BKF-appropriate attire and protective devices, including a dental appliance or mouthpiece that has been individually fitted to the contestant and approved by the commissioner. Each male contestant shall wear a protective cup. Each contestant shall wear an abdominal protector that protects the contestant against injury from a foul blow. The abdominal protector shall not cover or extend above the umbilicus. Each female contestant shall wear a protective pelvic girdle and either a plastic breast protector or a sport bra.

(6) The belt of the shorts shall not extend above the waistline. Shorts shall be without pockets or openings and shall be subject to approval by the chief inspectors.

(7) Contestants shall not use any cosmetics when competing in the contest or exhibition.

(8) The inspector shall determine whether head or facial hair presents any hazard to the safety of a contestant or contestant's opponent or will interfere with the supervision of the contest or exhibition. A contestant shall not compete in the contest or exhibition unless the circumstances creating the hazard or potential interference are corrected to the satisfaction of the inspector.

(9) A contestant shall not wear any jewelry or any piercing accessories when competing in the contest or exhibition.

(10) The contestants' fingernails and thumbnails shall not extend past the tip of the fingers and thumbs.

(11) Only Vaseline® or a similar petroleum-based product may be lightly applied to the face, arms, or any other exposed part of a contestant's body.

(t) Before starting a bout, the referee shall ascertain from each contestant the name of the contestant's chief second. Before each bout, the referee shall call together both contestants and their chief seconds for final instructions.

(u) No person other than the contestants and the referee shall enter the ring during a bout. A second or manager shall not stand or engage in any distracting actions while the bout is in progress. For each contestant's seconds and manager, a combined total of two warnings for violating any requirement of this subsection shall result in the removal of the seconds and manager from the ringside area, and any licensee may be subject to disciplinary action or civil penalty.

(v) Each preliminary contestant shall be ready to enter the ring immediately after the end of the

preceding bout. Any contestant who is not ready to immediately proceed when called and, as a result, causes a delay may be subject to disciplinary action or civil penalty.

(w) Before the referee requests the physician to aid or examine a contestant, the referee shall direct the timekeeper to stop the clock until otherwise directed by the referee.

(x) All serious cuts or injuries to either contestant shall be treated by the physician. The physician shall determine whether to continue the bout as follows:

(1) The physician may enter the ring if requested by the referee to examine an injury to a contestant.

(2) If serious cuts or injuries to either contestant occur, the referee shall summon the physician, who shall aid the contestant and decide if the bout will be stopped. The final authority to determine whether to continue the bout shall rest with the physician.

(3) If the physician determines that a contestant who is cut or injured by legal blows cannot continue, the referee shall announce that the cut or injured contestant loses by a technical knockout.

(4) The referee may request that the attending physician examine a contestant during the bout. The physician may order the referee to stop the bout. The referee shall then render the appropriate decision regarding the outcome of the bout in accordance with K.A.R. 128-4-7.

(5) Except at the request of the physician, no manager or second shall be permitted to aid a stricken contestant.

(y) If a contestant loses a dental appliance or mouthpiece during a round, the referee may call a time-out. If the referee calls a time-out for this reason, the referee shall direct the contestant's second to replace the dental appliance or mouthpiece.

(z) Before a contestant may resume competing after having been knocked down or having fallen or slipped to the floor of the ring, the referee shall wipe the hands of the contestant with a damp towel or the referee's shirt.

(aa) A contestant shall be deemed to be down when either of the following occurs:

(1) Any part of the contestant's body other than the feet is on the floor.

(2) The contestant is hanging over the ropes without the ability to protect that contestant, and the contestant cannot fall to the floor.

(bb) When a contestant is knocked down, the referee shall order the opponent to retire to the

farthest neutral corner of the ring by pointing to the corner and shall immediately begin the count over the downed contestant. The referee shall audibly announce the passing of the seconds and accompany the count with motions of the referee's arm, with the downward motion indicating the end of each second.

(cc) The timekeeper, by signaling, shall give the referee the correct one-second interval for the referee's count. The referee's count shall be the official count. Once the referee picks up the count from the timekeeper, the timekeeper shall cease counting. No contestant who is knocked down may be allowed to resume competing until the referee has finished counting to 10. The contestant may take the count either on the floor or standing.

(dd) If the opponent fails to stay in the farthest corner, the referee shall cease counting until the contestants have returned to their corners. The referee shall then resume the count from the point at which the count was interrupted. If the contestant who is down arises before the count of 10, the referee may step between the contestants long enough to assure the referee that the contestant who has just arisen is in a condition to continue. If so assured, the referee shall, without loss of time, order both contestants to continue the contest or exhibition. During the intervention by the referee, the striking of a blow by either contestant may be ruled a foul.

(ee) When a contestant is knocked out, the referee shall perform a full 10-second count unless, in the judgment of the referee, the safety of the contestant would be jeopardized by such a count. If the contestant who is knocked down is still down when the referee calls a count of 10, the referee shall wave both arms to indicate that the downed contestant has been knocked out.

(ff) If both contestants go down at the same time, the count shall continue as long as one contestant is still down. If both contestants remain down until the count of 10, the contest or exhibition shall be stopped and the decision shall be a technical draw.

(gg) If a contestant is down and the referee is in the process of counting at the end of a round, the bell indicating the end of a round shall not be sounded, but the bell shall be sounded as soon as the downed contestant stands up.

(hh) When a contestant has been knocked down before the normal termination of a round and the round is terminated before the contestant has arisen from the floor of the ring, the referee's count shall continue. If the contestant who is down fails to arise before the count of 10, the contestant shall be considered to have lost the contest or exhibition by a knockout in the round that just concluded.

(ii) If a legal blow struck in the final seconds of a round causes a contestant to go down after the bell has sounded, that knockdown shall be regarded as having occurred during the round just ended and the appropriate count shall continue.

(jj) If a knockdown occurs before the normal termination of a round and the downed contestant stands up before the count of 10 is reached and then falls down immediately without being struck, the referee shall resume the count from the point at which the count was left off.

(kk) Any contest or exhibition may be adjudged a technical knockout to the credit of the winner if the contest or exhibition is terminated because a contestant meets any of the following conditions:

- (1) Is unable to continue;
- (2) is not honestly competing;
- (3) is injured; or
- (4) is disqualified.

(ll) Each contest or exhibition that is won by other than a full count of 10 or the scoring of the judges shall be adjudged a technical knockout to the credit of the winner.

(mm) A referee may count a contestant out if the contestant is on the floor or being held up by the ropes.

(nn) Each contestant who has been knocked out shall be kept lying down until the contestant has recovered. If a contestant is knocked out, only the referee and the physician may touch the contestant. The referee shall remove the injured contestant's mouthpiece and stay with the contestant until the physician enters the ring, personally attends to the contestant, and issues any necessary instructions to the contestant's second.

(oo) Each of the following tactics or actions shall be an intentional foul:

- (1) Hitting an opponent below the belt;
- (2) hitting an opponent who is down or is getting up after being down;
- (3) holding an opponent with one hand and hitting the opponent with the other hand;
- (4) holding an opponent or deliberately maintaining a clinch;
- (5) wrestling or kicking an opponent;
- (6) striking an opponent who is helpless as the result of blows but is supported by the ropes and does not fall;

(7) butting an opponent with the head, shoulder, knee, or elbow;

(8) hitting an opponent with the back of the hand, with the butt of the hand, with the wrist or the elbow, or with pivot blows or spinning back fists;

(9) going down without being hit;

(10) striking an opponent's body over the kidneys;

(11) hitting an opponent on the back of the head or neck;

(12) gouging an opponent's eye;

(13) using abusive language in the ring;

(14) hitting during a break, which is signaled by the referee's command or physical act to separate two contestants;

(15) hitting an opponent after the bell has sounded, ending the round;

(16) using the ropes to gain an advantage over an opponent;

(17) pushing an opponent around the ring or into the ropes;

(18) showing timidity, including intentionally spitting out the mouthpiece;

(19) biting an opponent;

(20) putting a finger into any orifice of an opponent or into any cut or laceration on an opponent;

(21) pulling an opponent's hair;

(22) manipulating an opponent's fingers; and

(23) engaging in any other action not described in this subsection that is deemed an intentional foul by the referee on the basis that the action poses a danger to the safety of either contestant, impedes fair and competitive play, or is unsportsmanlike.

(pp)(1) If a contestant fouls the opponent during a contest or exhibition or commits any other infraction, the referee may penalize the contestant by deducting points from contestant's score, whether or not the foul or infraction was intentional. The referee may determine the number of points to be deducted in each instance and shall base the determination on the severity of the foul or infraction and its effect upon the opponent.

(2) If the referee determines that it is necessary to deduct one or more points because of a foul or infraction, the referee shall warn the offender of the penalty to be assessed.

(3) The referee shall, as soon as is practical after the foul, notify the judges and both contestants of the number of points, if any, to be deducted from the score of the offender.

(4) Each point to be deducted for any foul or infraction shall be deducted in the round in

which the foul or infraction occurred. These points shall not be deducted from the score in any subsequent round.

(qq) A contestant shall not be declared the winner of a contest or exhibition on the basis of that contestant's claim that the opponent committed a foul by hitting the contestant below the belt. If a contestant falls to the floor of the ring or otherwise indicates that the contestant is unwilling to continue because of an overruled claim of a low blow, the contest or exhibition shall be declared to be a technical knockout in favor of the contestant who is willing to continue.

(rr) Any contestant guilty of a foul in a contest or exhibition may be disqualified by the referee, and the contestant's purse may be withheld by the commission. Disposition of the purse and the penalty to be imposed upon the contestant shall be determined by the commission.

(ss) If the referee determines that a contest or exhibition shall not continue because of an injury caused by an intentional foul, the contestant who committed the intentional foul shall lose by disqualification.

(tt) If the referee determines that a contest or exhibition may continue despite an injury caused by an intentional foul, the contestant who committed the intentional foul shall lose by disqualification.

(uu) If an injury caused by an intentional foul results in the contest or exhibition being stopped in a later round, one of the following shall apply:

(1) The injured contestant shall win by technical decision if that individual is ahead on the scorecards.

(2) The contest or exhibition shall be declared a technical draw if the injured contestant is behind or even on the scorecards.

(vv) If a contestant is injured while attempting to foul the contestant's opponent, the referee shall not take any action in the contestant's favor and the injury shall be treated the same as an injury produced by a fair blow.

(ww) If a contest or exhibition is stopped because of an accidental foul, the referee shall determine whether the contestant who has been fouled can continue. If the contestant's chance of winning has not been seriously jeopardized as a result of a foul and if the foul did not involve a concussive impact to the head of the contestant who was fouled, the referee may order the contest or exhibition to be continued after a rea-

sonable interval. Before the contest or exhibition resumes, the referee shall inform the commission of the referee's determination that the foul was accidental.

(xx) If the referee determines that a contest or exhibition shall not continue because of an injury suffered as a result of an accidental foul, the contest or exhibition shall be declared a no-contest decision if the foul occurs during either of the following:

(1) The first three rounds of a contest or exhibition that is scheduled for six rounds or less; or

(2) the first four rounds of a contest or exhibition that is scheduled for more than six rounds.

(yy) The outcome of a contest or exhibition shall be determined by scoring the completed rounds and the round during which the referee stops the contest or exhibition if an accidental foul renders a contestant unable to continue the contest or exhibition after either of the following:

(1) The completed third round of a contest or exhibition that is scheduled for six rounds or less; or

(2) the completed fourth round of a contest or exhibition that is scheduled for more than six rounds.

(zz) If an injury inflicted by an accidental foul later becomes aggravated by fair blows and the referee orders the contest or exhibition stopped because of the injury, the outcome shall be determined by scoring the completed rounds and the round during which the referee stops the contest or exhibition.

(aaa) A contestant shall not leave the ring or, if the contest or exhibition is being held in a fenced area, the fenced area, during any period of rest that follows each round. If any contestant fails or refuses to resume competing when the bell sounds signaling the commencement of the next round, the referee shall award a decision of technical knockout to the contestant's opponent at the round that has last been finished. However, a determination of whether the circumstances warrant reversal of the referee's decision, disciplinary action, or civil penalty may be made later by the commission.

(bbb) If a contestant has been knocked or has fallen through the ropes and over the edge of the ring platform during a contest or exhibition, both of the following shall apply:

(1) The contestant may be helped back by anyone except the contestant's seconds or manager. The referee shall stop the clock, assess the con-

testant's condition, and resume time once the contestant is able to safely reenter the ring.

(2) The contestant shall be given 20 seconds to return to the ring.

(ccc) For a contestant who has been knocked or has fallen on the ring platform outside the ropes but not over the edge of the ring platform, both of the following shall apply:

(1) The contestant shall not be helped back by anyone, including the contestant's second and manager. The referee may stop the clock and assess the situation until the contestant is able to return to the ring.

(2) The contestant shall be given 10 seconds to regain the contestant's feet and get back into the ring.

(ddd) If the second or manager of a contestant who has been knocked down or has fallen helps the contestant back into the ring, this help may be cause for disqualification.

(eee) If one contestant has fallen through the ropes, the other contestant shall retire to the farthest corner and stay there until ordered by the referee to continue the contest or exhibition.

(fff) Any contestant who deliberately wrestles or throws an opponent from the ring or who hits an opponent when the opponent is partly out of the ring and is prevented by the ropes from assuming a position of defense may be penalized.

(ggg) At the termination of each contest or exhibition, the announcer shall announce the winner and the referee shall raise the hand of the winner.

(hhh) A decision rendered at the end of any contest or exhibition shall not be changed by the commission, unless one of the following occurs:

(1) The commission determines that there was collusion affecting the result of the contest or exhibition.

(2) The compilation of the scorecards of the judges discloses an error showing that the decision was given to the wrong contestant.

(3) The referee has rendered an incorrect decision as the result of an error in interpreting a provision of this regulation.

(iii) Each judge of a BKF contest shall score the contest and determine the winner through the use of the ten-point must system as follows:

(1) The better contestant of each round shall receive 10 points and the opponent proportionately less.

(2) If the round is even, each contestant shall receive 10 points.

(3) No fraction of a point may be given.

(4) Points for each round shall be awarded immediately after the end of the round.

(jjj)(1) After the end of the BKF contest or exhibition, the announcer shall pick up the scores of the judges from the commission's desk. The majority opinion shall be conclusive. If there is no majority opinion, the decision shall be a draw.

(2) When the inspector has checked the scores, the inspector shall inform the announcer of the

decision, and the announcer shall inform the audience of the decision over the speaker system.

(3) Incomplete rounds shall be scored by the judges. If the referee penalizes either contestant in an incomplete round, the appropriate points shall be deducted. (Authorized by K.S.A. 74-50,187, 74-50,193, and 74-50,197; implementing K.S.A. 74-50,186, 74-50,187, and 74-50,197; effective Oct. 25, 2019.)

Agency 129

Department of Health and Environment— Division of Health Care Finance

Editor's Note:

Pursuant to Executive Reorganization Order (ERO) No. 38, the Kansas Health Policy Authority was abolished on July 1, 2011. Powers, duties and functions were transferred to the Kansas Department of Health and Environment (KDHE), Division of Health Care Finance. See L. 2012, Ch. 102.

Editor's Note:

K.S.A. 2005 Supp. 75-7401 thru 75-7405 and Section 42 of Chapter 187, 2005 Session Laws of Kansas transferred specific powers, duties, and regulatory authority of the Division of Health Policy and Finance (DHPF) within the Department of Administration to the Kansas Health Policy Authority (KHPA), effective July 1, 2006. The statutes provide that KHPA will be the single state agency for Medicaid, Medikan and Health Wave in Kansas.

Editor's Note:

The Division of Health Policy and Finance was established by 2005 Senate Bill 272. K.S.A. 2005 Supp. 75-7413 transferred specific powers, duties, and regulatory authority of the Secretary of Social and Rehabilitation Services on an interim basis to a new Division of Health Policy and Finance (DHPF) within the Department of Administration, created under K.S.A. 2005 Supp. 75-7406, effective July 1, 2005. The statute provides that DHPF will be the single state agency for Medicaid, Medikan and Health Wave in Kansas. The statute also establishes the Kansas Health Policy Authority (HPA) which will eventually assume these programs as well as other medical programs for the State of Kansas.

- 129-1. DEFINITIONS.
- 129-2. GENERAL.
- 129-5. PROVIDER PARTICIPATION, SCOPE OF SERVICES, AND REIMBURSEMENTS FOR THE MEDICAID (MEDICAL ASSISTANCE) PROGRAM.
- 129-6. MEDICAL ASSISTANCE PROGRAM—CLIENTS' ELIGIBILITY FOR PARTICIPATION.
- 129-10. ADULT CARE HOME PROGRAM.
- 129-14. CHILDREN'S HEALTH INSURANCE PROGRAM.

Article 1.—DEFINITIONS

129-1-1. Definitions. (a) “Affordable care act” and “ACA” mean the patient protection and affordable care act of 2010, public law 111-148, as amended by the health care and education reconciliation act of 2010, public law 111-152, and any subsequent amendments.

(b) “Applicant” means any individual who is seeking an eligibility determination for that individual through the submission of an application for medical assistance.

(c) “Department” means Kansas department of health and environment and its designees authorized to administer the medicaid program and kancare CHIP.

(d) “Division” means division of health care finance in the Kansas department of health and environment.

(e) “Federally facilitated exchange” and “FFE”

mean an insurance exchange operated by the federal government as established under the patient protection and affordable care act, public law 111-148.

(f) “Kancare-CHIP” means the health insurance program for children administered by the department and authorized under title XXI of the social security act.

(g) “Medicaid” means the federal medical assistance program authorized under title XIX of the social security act.

(h) “Medical assistance” means assistance that covers all or part of the cost of medical care for eligible persons through joint federal and state funding and state-only funding, including medicaid, kancare-CHIP, and medikan.

(i) “Medikan” means a totally state-funded program covering all or part of the cost of medical care for disabled individuals who do not qualify for medicaid but who are eligible for benefits under K.A.R. 129-6-95.

(j) “Recipient” means any individual who has been determined eligible and is receiving medical assistance.

(k) “Secretary” means secretary of the Kansas department of health and environment. (Authorized by and implementing K.S.A. 2013 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

Article 2.—GENERAL

129-2-1. Uniformity of interpretation. The contracted staff of the department shall follow the interpretation provided by manuals, other policy materials, and official releases or communications from the secretary or the secretary’s designee. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-2-2. Fees for providing copies. (a) Except as specified in subsection (b), the following fees may be charged for providing copies of department documents and records:

(1)(A) For copies, a fee of \$.25 per single-sided page; and

(B) an additional fee not exceeding the actual cost of furnishing copies, including the cost of staff time required to make the information available; and

(2) for electronic records in department data systems, a fee equal to the cost of any computer services, including staff time.

(b) No fee shall be charged if the request for documents or records meets any of the following conditions:

(1) Is in the administration of a department program;

(2) is in relationship to a fair hearing;

(3) is for medical diagnosis or treatment;

(4) is from a state department; or

(5) is pursuant to a regulation authorizing the release of the document or record without charging a fee. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective Feb. 28, 2014.)

Article 5.—PROVIDER PARTICIPATION, SCOPE OF SERVICES, AND REIMBURSEMENTS FOR THE MEDICAID (MEDICAL ASSISTANCE) PROGRAM

129-5-1. Prior authorization. (a) Any medical service may be placed by the Kansas de-

partment of health and environment, division of health care finance on the published list of services requiring prior authorization or precertification for any of the following reasons:

(1) To ensure that provision of the service is medically necessary;

(2) to ensure that services that could be subject to overuse are monitored for appropriateness in each case; and

(3) to ensure that services are delivered in a cost-effective manner.

(b) Administration of covered pharmaceuticals in the following classes shall require prior authorization. A cross-reference of generic and brand names shall be made available upon request:

(1) Ace inhibitors:

(A) Quinapril;

(B) moexipril;

(C) perindopril;

(D) ramipril; and

(E)trandolopril;

(2) retinoids:

(A) Tretinoin;

(B) alitretinoin; and

(C) bexarotene;

(3) adjunct antiepileptic drugs:

(A) Gabitril;

(B) zonegran;

(C) clobazam;

(D) lacosamide;

(E) rufinamide;

(F) eslicarbazepine;

(G) perampanel;

(H) ezogabine;

(I) oxcarbazepine; and

(J) vigabatrin;

(4) angiotensin II receptor antagonists:

(A) Candesartan;

(B) candesartan-HCTZ;

(C) eprosartan;

(D) eprosartan-HCTZ;

(E) olmesartan;

(F) olmesartan-HCTZ;

(G) azilsartan;

(H) irbesartan;

(I) irbesartan-HCTZ;

(J) telmisartan; and

(K) telmisartan-HCTZ;

(5) antibiotics:

(A) Telithromycin; and

(B) rifaximin;

(6) anticholinergic urinary incontinence drugs:

(A) Flavoxate;

- (B) oxybutynin XL;
- (C) oxybutynin patches;
- (D) trospium chloride;
- (E) darifenacin;
- (F) oxybutynin, topical;
- (G) tolterodine; and
- (H) tolterodine ER;
- (7) antiemetics:
 - (A) Nabilone;
 - (B) doxylamine succinate-pyridoxine hydrochloride; and
 - (C) dronabinol;
- (8) antipsoriatics:
 - (A) Alefacept; and
 - (B) ustekinumab;
- (9) antiretroviral drugs:
 - (A) Enfuvirtide; and
 - (B) maraviroc;
- (10) antirheumatics:
 - (A) Leflunomide;
 - (B) infliximab;
 - (C) anakinra;
 - (D) adalimumab;
 - (E) etanercept;
 - (F) abatacept;
 - (G) rituximab;
 - (H) golimumab;
 - (I) certolizumab;
 - (J) tocilizumab;
 - (K) tofacitinib; and
 - (L) apremilast;
- (11) cervical dystonias:
 - (A) Onabotulinum toxin A;
 - (B) abobotulinum toxin A;
 - (C) rimabotulinum toxin B; and
 - (D) incobotulinum toxin A;
- (12) drugs for the treatment of osteoporosis: teriparatide;
- (13) antituberculosis products:
 - (A) Aminosalicylate sodium;
 - (B) capreomycin;
 - (C) ethambutol;
 - (D) ethionamide;
 - (E) isoniazid;
 - (F) pyrazinamide; and
 - (G) rifampin and rifampin-isoniazid combinations;
- (14) all decubitus and wound care products;
- (15) all intravenous and oral dietary and nutritional products, including the following:
 - (A) Amino acids, injectable;
 - (B) L-cysteine;
 - (C) lipids, injectable; and
 - (D) sodium phenylbutyrate;
- (16) beta-blockers:
 - (A) Betaxolol;
 - (B) bisoprolol;
 - (C) carteolol;
 - (D) penbutolol;
 - (E) propranolol XL; and
 - (F) nebivolol;
- (17) short-acting, inhaled beta 2 agonists:
 - (A) Metaproterenol inhaler;
 - (B) levalbuterol solution;
 - (C) albuterol solutions: 0.021% and 0.042%;
 - (D) levalbuterol inhaler; and
 - (E) pirbuterol inhaler;
- (18) calcium channel blockers:
 - (A) Diltiazem extended release, with the following brand names:
 - (i) Cardizen SR®;
 - (ii) Cardizem CD®;
 - (iii) Cartia XT®;
 - (iv) Dilacor XR®;
 - (v) Taztia XT®; and
 - (vi) Cardizem LA®;
 - (B) verapamil sustained release, with the following brand names:
 - (i) Covera HS®; and
 - (ii) Verelan PM®;
 - (C) nifedipine sustained release, with the following brand names:
 - (i) Nifedical XL®; and
 - (ii) Procardia XL® and all generic equivalents;
 - (D) nisoldipine;
 - (E) felodipine;
 - (F) isradipine;
 - (G) nicardipine SR; and
 - (H) nifedipine immediate release, with the following brand names:
 - (i) Adalat® and all generic equivalents; and
 - (ii) Procardia® and all generic equivalents;
- (19) fibrin acid derivatives:
 - (A) Antara®;
 - (B) Lofibra®;
 - (C) Fenoglide®;
 - (D) Tricor®;
 - (E) Triglide®; and
 - (F) Trilipix®;
- (20) all growth hormones and growth hormone stimulating factor, including the following:
 - (A) Somatrem;
 - (B) somatropin;
 - (C) sermorelin; and
 - (D) mecasermin rinfabate;
- (21) intranasal corticosteroids:
 - (A) Flunisolide;

- (B) beclomethasone;
- (C) ciclesonide;
- (D) triamcinolone; and
- (E) budesonide;
- (22) inhaled corticosteroids:
 - (A) Flunisolide-menthol;
 - (B) flunisolide; and
 - (C) budesonide inhaled suspension;
- (23) proton pump inhibitors:
 - (A) Esomeprazole;
 - (B) omeprazole;
 - (C) omeprazole OTC;
 - (D) lansoprazole;
 - (E) pantoprazole;
 - (F) rabeprazole;
 - (G) omeprazole NaHCO₃; and
 - (H) dexlansoprazole;
- (24) monoclonal antibody for respiratory syncytial virus (RSV), including palivizumab;
- (25) muscle relaxants:
 - (A) Tizanidine;
 - (B) orphenadrine;
 - (C) carisoprodol;
 - (D) carisoprodol-aspirin;
 - (E) carisoprodol-aspirin-cafeine;
 - (F) cyclobenzaprine;
 - (G) metaxalone;
 - (H) dantrolene; and
 - (I) orphenadrine-aspirin-cafeine;
- (26) narcotics:
 - (A) Buprenorphine-naloxone;
 - (B) buprenorphine;
 - (C) morphine-naltrexone;
 - (D) hydromorphone HCL ER;
 - (E) morphine sulfate ER;
 - (F) tapentadol;
 - (G) oxymorphone;
 - (H) tramadol ER; and
 - (I) hydrocodone bitartrate ER;
- (27) nonsteroidal, anti-inflammatory drugs:
 - (A) Nabumetone;
 - (B) diclofenac patches;
 - (C) diclofenac, topical; and
 - (D) ketorolac, intranasal;
- (28) drugs for the treatment of obesity:
 - (A) Orlistat;
 - (B) phentermine;
 - (C) lorcaserin;
 - (D) phentermine-topirimate ER; and
 - (E) naltrexone-bupropion;
- (29) oxazolidinones, including linezolid;
- (30) HMG-CoA reductase inhibitors:
 - (A) Pravastatin;
 - (B) fluvastatin;
 - (C) lovastatin;
 - (D) pitavastatin; and
 - (E) rosuvastatin;
- (31) nonsedating antihistamines:
 - (A) Desloratadine;
 - (B) fexofenadine;
 - (C) levocetirizine; and
 - (D) loratadine;
- (32) H₂ antagonists: nizatidine;
- (33) triptans:
 - (A) Zolmitriptan;
 - (B) frovatriptan;
 - (C) almotriptan;
 - (D) Alsuma®;
 - (E) Sumavel®;
 - (F) rizatriptan;
 - (G) sumatriptan pens, vials, cartridges, and nasal sprays; and
 - (H) naratriptan;
- (34) antidiabetic drugs:
 - (A) Glipizide XL;
 - (B) glipizide-metformin;
 - (C) repaglinide;
 - (D) acarbose;
 - (E) Glucophage XR®;
 - (F) Fortamet®;
 - (G) Glumetza®;
 - (H) exenatide;
 - (I) pramlintide acetate;
 - (J) liraglutide;
 - (K) canagliflozin;
 - (L) dapagliflozin;
 - (M) empagliflozin; and
 - (N) dulaglutide;
- (35) the following types of syringes, penfills, and cartridges of insulin:
 - (A) Humalog®;
 - (B) Humalog Mix®;
 - (C) Humulin R®;
 - (D) Humulin N®;
 - (E) Humulin 70/30®;
 - (F) Novolog®;
 - (G) Novolog Mix®;
 - (H) Novolin R®;
 - (I) Novolin N®;
 - (J) Novolin 70/30®;
 - (K) Velosulin BR® and
 - (L) insulin detemir;
- (36) hypnotics:
 - (A) Zaleplon;
 - (B) zolpidem;
 - (C) zolpidem CR;

- (D) eszopiclone; and
- (E) tasimelteon;
- (37) serotonin 5-HT₃ receptor antagonist
- antiemetics:
 - (A) Granisetron;
 - (B) dolasetron; and
 - (C) ondansetron film;
- (38) influenza vaccines: Flumist®;
- (39) monoclonal antibody for asthma: omalizumab;
- (40) bisphosphonates:
 - (A) Risedronate; and
 - (B) risedronate-calcium;
- (41) combination products for hypertension:
 - (A) Enalapriol maleate-felodipine;
 - (B) trandolapril-verapamil; and
 - (C) telmisartan-amlodipine;
- (42) ophthalmic prostaglandin analogues:
 - (A) Bimatoprost; and
 - (B) unoprostone;
- (43) topical immunomodulators:
 - (A) Protopic® (topical formulation);
 - (B) Elidel®; and
 - (C) Restasis®;
- (44) narcotic analgesics: any transmucosal form of fentanyl;
- (45) tramadol and all opioids, opioid combinations, and skeletal muscle relaxants, at any dose greater than the maximum recommended dose in a 31-day period;
- (46) progestin for preterm labor: Makena®;
- (47) aromatase inhibitors:
 - (A) Letrozole;
 - (B) anastrozole; and
 - (C) exemestane;
- (48) long-acting, inhaled beta 2 agonists:
 - (A) Salmeterol;
 - (B) formoterol;
 - (C) arformoterol; and
 - (D) indacaterol;
- (49) miscellaneous biologic agents:
 - (A) Canakinumab;
 - (B) natalizumab;
 - (C) denosumab; and
 - (D) rilonacept;
- (50) hematopoietic agents:
 - (A) Eltrombopag;
 - (B) filgrastim;
 - (C) oprelvekin;
 - (D) pegfilgrastim;
 - (E) plerixafor;
 - (F) romiplostim; and
 - (G) sargramostim;
- (51) antidotes: methylnaltrexone;
- (52) complement inhibitors:
 - (A) C1 esterase inhibitor;
 - (B) ecallantide;
 - (C) icatibant; and
 - (D) eculizumab;
- (53) anti-hepatitis C virus agents:
 - (A) Boceprevir;
 - (B) telaprevir;
 - (C) simeprevir;
 - (D) sofosbuvir;
 - (E) ledipasvir-sofosbuvir; and
 - (F) ombitasvir-paritaprevir-ritonavir-dasabuvir;
- (54) cystic fibrosis agents: ivacaftor;
- (55) agents for gout:
 - (A) Febuxostat; and
 - (B) pegloticase;
- (56) phenylketonurics: sapropterin;
- (57) topical anesthetics: lidocaine;
- (58) long-acting, inhaled beta 2 agonists and anticholinergic products: umeclidinium-vilanterol;
- (59) anti-malarials: quinine;
- (60) hormone analog for precocious puberty: histrelin acetate;
- (61) agents for chorea associated with Huntington's disease: tetrabenazine;
- (62) enzyme preparations: collagenase clostridium histolyticum;
- (63) agents for cataplexy: sodium oxybate;
- (64) topical acne agents:
 - (A) Adapalene;
 - (B) adapalene-benzyl peroxide;
 - (C) azelaic acid;
 - (D) dapsona;
 - (E) tazarotene; and
 - (F) tretinoin-clindamycin;
- (65) interferons:
 - (A) Interferon alfacon-1;
 - (B) interferon alfa-2b;
 - (C) interferon beta-1a;
 - (D) interferon beta-1b;
 - (E) peginterferon alfa-2a; and
 - (F) peginterferon alfa-2b;
- (66) pulmonary arterial hypertension agents:
 - (A) Ambrisentan;
 - (B) bosentan;
 - (C) epoprostenol;
 - (D) iloprost;
 - (E) macitentan;
 - (F) riociguat;
 - (G) sildenafil;
 - (H) tadalafil; and
 - (I) treprostinil;

- (67) testosterone agents:
 - (A) Androderm Transdermal®;
 - (B) AndroGel®;
 - (C) Axiron Topical Solution®;
 - (D) Delatestryl®;
 - (E) Fortesta Gel®;
 - (F) Striant Buccal®;
 - (G) Testim Gel®; and
 - (H) Testopel Pellets®;
 - (I) Vogelxo®;
 - (J) Natesto®; and
 - (K) testosterone powder;
- (68) antineoplastic agents:
 - (A) Afatinib;
 - (B) dabrafenib;
 - (C) everolimus;
 - (D) methotrexate;
 - (E) sipuleucel-T;
 - (F) trametinib; and
 - (G) trastuzumab;
- (69) multiple sclerosis agents:
 - (A) Dalfampridine;
 - (B) dimethyl fumarate;
 - (C) fingolimod;
 - (D) glatiramer;
 - (E) teriflunomide; and
 - (F) alemtuzumab;
- (70) immunosuppressive agents: belimumab;
- (71) long-acting, inhaled beta 2 agonists and corticosteroid products:
 - (A) Budesonide-formoterol; and
 - (B) fluticasone-vilanterol;
- (72) ammonia detoxicants:
 - (A) Glycerol phenylbutyrate; and
 - (B) sodium phenylbutyrate;
- (73) heavy metal antagonists:
 - (A) Deferasirox;
 - (B) deferiprone; and
 - (C) trientine;
- (74) pituitary corticotropin: H.P. Acthar® Gel;
- (75) ocular agents:
 - (A) Ocriplasmin; and
 - (B) ranibizumab;
- (76) miscellaneous antilipemic agents:
 - (A) Lomitapide; and
 - (B) mipomersen;
- (77) miscellaneous analgesics: ziconotide intrathecal infusion;
- (78) miscellaneous central nervous system agents: riluzole;
- (79) calcimimetics: cinacalcet;
- (80) radioactive agents: radium Ra 223 dichloride;
- (81) dipeptidyl peptidase IV inhibitors:
 - (A) Alogliptin; and
 - (B) linagliptin;
- (82) antimuscarinics-antispasmodics: acridinium bromide;
- (83) ophthalmic antihistamine-mast cell stabilizer combinations:
 - (A) Bepotastine;
 - (B) epinastine;
 - (C) alcaftadine; and
 - (D) azelastine;
- (84) inhaled tobramycin products: Tobi Podhaler®;
- (85) oral mesalamine products:
 - (A) Mesalamine DR; and
 - (B) mesalamine ER;
- (86) pancreatic enzyme replacements: pancrelipase;
- (87) alpha-1 proteinase inhibitors:
 - (A) Aralast NP®;
 - (B) Glassia®;
 - (C) Prolastin C®; and
 - (D) Zemaira®;
- (88) enzyme replacement therapy:
 - (A) Eliglustat;
 - (B) imiglucerase;
 - (C) taliglucerase alfa; and
 - (D) velaglucerase alfa;
- (89) cholesterol absorption inhibitor: ezetimibe;
- (90) gonadotropin-releasing hormone agonist: leuprolide;
- (91) constipation agents:
 - (A) Linacotide; and
 - (B) lubiprostone; and
- (92) idiopathic pulmonary fibrosis agents:
 - (A) Nintedanib; and
 - (B) pirfenidone.
- (c) Failure to obtain prior authorization, if required, shall negate reimbursement for the service and any other service resulting from the unauthorized or noncertified treatment. The prior authorization shall affect reimbursement to all providers associated with the service.
- (d) The only exceptions to prior authorization shall be the following:
 - (1) Emergencies. If certain surgeries and procedures that require prior authorization are performed in an emergency situation, the request for authorization shall be made within two working days after the service is provided.
 - (2) Situations in which services requiring prior authorization are provided and retroactive eligibility is later established. When an emergency

occurs or when retroactive eligibility is established, prior authorization for that service shall be waived, and if medical necessity is documented, payment shall be made.

(e) Services requiring prior authorization shall be considered covered services within the scope of the program, unless the request for prior authorization is denied. (Authorized by K.S.A. 2014 Supp. 39-7,120, K.S.A. 75-5625; implementing K.S.A. 2014 Supp. 39-7,120 and K.S.A. 2014 Supp. 39-7,121a; effective Oct. 28, 2005; amended June 2, 2006; amended Aug. 11, 2006; amended Nov. 17, 2006; amended March 16, 2007; amended Oct. 19, 2007; amended May 23, 2008; amended Feb. 17, 2012; amended Oct. 19, 2012; amended Aug. 1, 2014; amended, T-129-1-23-15, Jan. 23, 2015; amended May 1, 2015.)

129-5-10. Definitions. Each of the following terms, when used in K.A.R. 129-5-10 through 129-5-21, shall have the meaning specified in this regulation:

(a) “Act” means kancare prompt payment act, K.S.A. 2014 Supp. 39-709f and amendments thereto.

(b) “Allowed amount” means any claim or portion of a claim that the provider and the managed care organization agree in good faith is correct and should be paid under the participating provider agreement with the managed care organization and under kancare program policies.

(c) “Claim” means any of the following:

(1) A bill for services;

(2) a line item of service; or

(3) all services for one beneficiary within a bill.

(d) “Clean claim” means any claim that can be processed without obtaining additional information from the provider of the service or from a third party. This term shall include any claim with errors originating in the state’s claims system. This term shall not include any claim from a provider who is under investigation for fraud or abuse and any claim under review for medical necessity.

(e) “Day” means calendar day. If the 30th calendar day or the 90th calendar day falls on a weekend or a holiday, then the 30th calendar or 90th calendar day shall be deemed to occur on the following business day.

(f) “Managed care organization” means an entity that has contracted with the Kansas medical assistance program for the provision of managed care services to medicaid beneficiaries in Kansas.

(g) “Provider” means a health care provider that has entered into a participating provider agreement with a managed care organization.

(h) “Unpaid claim” means any claim that has not been paid by a managed care organization and meets one of the following conditions:

(1) Is not subject to a bona fide dispute as specified in K.A.R. 129-5-15; or

(2) has not yet been processed and denied by a managed care organization. (Authorized by and implementing K.S.A. 2014 Supp. 39-709f and 75-7403; effective Aug. 28, 2015.)

129-5-11. Applicability. The act shall apply only to each claim with a date of service on or after the effective date of the act, which was July 1, 2014. (Authorized by and implementing K.S.A. 2014 Supp. 39-709f and 75-7403; effective Aug. 28, 2015.)

129-5-12. Electronic and paper claims. The act shall apply to each claim submitted under kancare to a managed care organization, whether the claim is submitted in electronic or paper format. (Authorized by and implementing K.S.A. 2014 Supp. 39-709f and 75-7403; effective Aug. 28, 2015.)

129-5-13. Date claim is deemed to be received. If a provider submits a claim to a managed care organization by mail, the managed care organization shall be deemed to have received the claim no more than three business days after the claim was mailed, unless proven otherwise. If the provider submits the claim electronically, the managed care organization shall be deemed to have received the claim no more than 24 hours after the claim was submitted, unless proven otherwise. (Authorized by and implementing K.S.A. 2014 Supp. 39-709f and 75-7403; effective Aug. 28, 2015.)

129-5-14. Notice of denial or need for additional information; processing additional information; suspension of time periods.

(a) If a claim is not a clean claim and cannot be either paid or processed and denied within 30 days after the managed care organization’s receipt of the claim, the managed care organization shall send a written or electronic notice acknowledging receipt and indicating the status of the claim. The notice shall include the date on which the claim was received by the managed care organization and shall state one of the following:

(1) The managed care organization refuses to pay all or part of the claim, with specification of each reason for denial.

(2) Additional information is necessary to determine whether all or any part of the claim shall be paid, with specification of what information is necessary. This notice shall constitute the managed care organization's request for additional information from the provider.

Each notice shall also identify the code for each reason for denial or for requesting additional information, if any, and shall include any other information necessary to inform the provider of the specific issues related to each claim.

(b)(1) The 90-day period for payment or for processing and denial of claims other than clean claims shall not include the days between the managed care organization's first request for additional information and the managed care organization's receipt of the provider's initial response to the request. The time period for payment of claims shall not be suspended following the submission by the managed care organization of a second or subsequent request for additional information to a provider on any single claim.

(2) After receipt of all requested additional information, the managed care organization shall perform one of the following:

(A) Pay the claim in accordance with the 90-day time period specified in the act; or

(B) issue a notice to the provider stating that the managed care organization refuses to pay all or part of the claim and specifying each reason for denial.

(c) Failure to comply with this regulation shall subject the managed care organization to a direct cause of action by the provider for interest on the unpaid portion of the claim as specified in the act. (Authorized by and implementing K.S.A. 2014 Supp. 39-709f and 75-7403; effective Aug. 28, 2015.)

129-5-15. Claims subject to bona fide dispute. An unpaid claim that is subject to a bona fide dispute, including any claim that a managed care organization has reason to believe is fraudulent and any claim undergoing a review for medical necessity, shall not be subject to the interest requirements of the act. (Authorized by and implementing K.S.A. 2014 Supp. 39-709f and 75-7403; effective Aug. 28, 2015.)

129-5-16. Partially paid claims. If a managed care organization pays a portion of a claim

within the time limits specified in the act, then only the unpaid portion of that claim shall be subject to the interest provisions of the act. (Authorized by and implementing K.S.A. 2014 Supp. 39-709f and 75-7403; effective Aug. 28, 2015.)

129-5-17. Resubmitted claims. For each corrected claim resubmitted by a provider due to a provider error on the initial submission of the claim, the applicable 30-day or 90-day time limit for processing and full payment of the allowed amount or for processing and denial shall begin on receipt of the corrected claim by the managed care organization. (Authorized by and implementing K.S.A. 2014 Supp. 39-709f and 75-7403; effective Aug. 28, 2015.)

129-5-18. Date claim is deemed to be paid. Each claim shall be deemed paid on one of the following dates:

(a) The date on which the managed care organization issued a check for payment and any corresponding explanation of benefits to the provider; or

(b) the date on which the managed care organization electronically transmitted a notice of payment to the provider. (Authorized by and implementing K.S.A. 2014 Supp. 39-709f and 75-7403; effective Aug. 28, 2015.)

129-5-19. Interest on unpaid claims. (a) The principal amount due on which the interest payment shall be calculated shall be the allowed amount due but unpaid at the contracted rate for the service. All interest due under the act shall be applied only to the principal amount due as specified in this subsection and not to any unpaid interest. Interest calculated under the act shall not be compounded.

(b) Each managed care organization shall keep accurate and sufficient records for each interest payment and its corresponding claim documentation and shall provide a detailed report to the state upon request. (Authorized by and implementing K.S.A. 2014 Supp. 39-709f and 75-7403; effective Aug. 28, 2015.)

129-5-20. Retroactive rate, program, and policy changes and clarifications. A claim shall not be deemed to be an unpaid claim if a retroactive rate, program, or policy change creates an unpaid balance on a claim that the managed care organization has previously paid. (Authorized by and implementing K.S.A. 2014 Supp. 39-709f and 75-7403; effective Aug. 28, 2015.)

129-5-21. Retroactive eligibility. If a provider submits a request for payment to a managed care organization before the patient is determined by the state to be eligible for medicaid, then the request shall not be deemed a claim under the act until the date on which the managed care organization is notified by the state that the patient was medicaid-eligible on the date of service. (Authorized by and implementing K.S.A. 2014 Supp. 39-709f and 75-7403; effective Aug. 28, 2015.)

129-5-78. Scope of and reimbursement for home-and community-based services for persons with traumatic brain injury. (a) The scope of allowable home-and community-based services (HCBS) for persons with traumatic brain injury shall consist of those services authorized by the applicable federally approved waiver to the Kansas medicaid state plan. Recipients of services provided pursuant to this waiver shall be required to show the capacity to make progress in their rehabilitation and independent living skills.

(b) The need for HCBS shall be determined by an individualized assessment of the prospective recipient by a provider enrolled in the program. HCBS shall be provided only in accordance with a plan of care written by a case manager.

(c) HCBS, which shall require prior authorization by the Kansas medicaid HCBS program manager, may include one or more of the following:

(1) Rehabilitation therapies, which may consist of any of the following:

- (A) Occupational therapy;
- (B) physical therapy;
- (C) speech-language therapy;
- (D) cognitive rehabilitation; or
- (E) behavioral therapy;

(2) personal services;

(3) medical equipment, supplies, and home modification not otherwise covered under the Kansas medicaid state plan;

(4) sleep-cycle support services;

(5) a personal emergency response system and its installation; or

(6) provision of or education on transitional living skills.

(d) Case management services up to a maximum of 160 hours each calendar year, which may be exceeded only with prior authorization by the Kansas medicaid HCBS program manager, shall be provided to all HCBS recipients under the traumatic brain injury program.

(e) The fee allowed for home-and community-based services for persons with traumatic brain injury shall be the provider's usual and customary charges, except that no fee shall be paid in excess of the waiver's range maximum. (Authorized by K.S.A. 2008 Supp. 75-7403 and 75-7412; implementing K.S.A. 2008 Supp. 75-7405 and 75-7408; effective July 18, 2008; amended Oct. 16, 2009.)

129-5-118. Scope of federally qualified health center services. For purposes of this regulation, a federally qualified health center shall mean a community health center, federally qualified health center (FQHC) look-alike, or an urban Indian organization receiving funds under the Indian health care improvement act that is accepted by the centers for medicare and medicaid to furnish federally qualified health center services for participation under medicare and medicaid. An FQHC look-alike shall mean an organization that meets all of the eligibility requirements of an organization that receives a public health service (PHS) section 330 grant but does not receive grant funding. (a) The services provided by the following health care professionals shall be billable as federally qualified health center services:

(1) Physician and physician assistant pursuant to K.A.R. 129-5-88;

(2) advanced registered nurse practitioner pursuant to K.A.R. 30-5-113;

(3) dentist and dental hygienist pursuant to K.A.R. 30-5-100;

(4) licensed mental health practitioner pursuant to K.A.R. 30-5-104;

(5) clinical social worker pursuant to K.A.R. 30-5-86;

(6) visiting nurse pursuant to K.A.R. 30-5-89; and

(7) for can be healthy nursing assessments only, registered nurse pursuant to K.A.R. 30-5-87.

(b) Covered services of federally qualified health centers shall include the following:

(1) The services and supplies furnished as an incident to the professional services provided by the health care professionals specified in subsection (a); and

(2) other ambulatory services covered under the medicaid state plan, if provided by the federally qualified health center.

(c) (1) Preventive primary services shall be furnished by or under the direct supervision of any of the following:

(A) Physician;

(B) nurse practitioner;
 (C) physician assistant;
 (D) nurse midwife;
 (E) licensed mental health practitioner;
 (F) clinical social worker; or
 (G) either a member of the center's health care staff who is an employee of the center or a physician under arrangements with the center.

(2) Preventive primary services shall include only drugs and biologicals that cannot be self-administered, unless §1861(s) of the social security act provides for coverage of the drug regardless of whether the drug is self-administered.

(d) The following preventive primary services may be covered when provided by federally qualified health centers to medicaid beneficiaries:

- (1) Medical social services;
- (2) nutritional assessment and referral;
- (3) preventive health education;
- (4) children's eye and ear examinations;
- (5) prenatal and postpartum care;
- (6) prenatal services;
- (7) well child care, including periodic screening;
- (8) providing immunizations, including tetanus-diphtheria booster and influenza vaccine;
- (9) voluntary family planning services;
- (10) taking patient history;
- (11) blood pressure measurement;
- (12) weight measurement;
- (13) physical examination targeted to risk;
- (14) visual acuity screening;
- (15) hearing screening;
- (16) cholesterol screening;
- (17) stool testing for occult blood;
- (18) dipstick urinalysis;
- (19) risk assessment and initial counseling regarding risks; and
- (20) the following services, for women only:
 - (A) Clinical breast exam;
 - (B) referral for mammography; and
 - (C) thyroid function test.

(3) Preventive primary services shall not include group or mass information programs, health education classes, and group education activities, which may include media productions and publication and services for eyeglasses and hearing aids.

(e) "Visiting nurse" shall include a registered nurse or licensed practical nurse who provides part-time or intermittent nursing care to a patient at the beneficiary's place of residence under a written plan of treatment prepared by a physician. The place of residence shall not include a hospital

or long-term care facility. This nursing care shall be covered only if there is no home health agency in the area.

(f) Federally qualified health center services provided at a location other than a federally qualified health center shall meet the following conditions:

(1) No services are provided at an inpatient hospital, outpatient hospital, or hospital emergency room.

(2) The services provided are listed in subsection (b).

(3) The services are provided to a patient of a federally qualified health center.

(4) The health professional providing the services is an employee of a federally qualified health center or under contract with a federally qualified health center and is required to seek compensation for that person's services from the federally qualified health center. (Authorized by K.S.A. 2008 Supp. 75-7403 and 75-7412; implementing K.S.A. 2008 Supp. 75-7405 and 75-7408; effective June 2, 2006; amended March 19, 2010.)

129-5-118a. Reimbursement for federally qualified health center services. Reimbursement shall not exceed the reasonable cost of federally qualified health center services and other ambulatory services covered under the Kansas medical assistance program. "Reasonable cost" shall consist of the necessary and proper cost incurred by the provider in furnishing covered services to program beneficiaries, subject to the cost principles and limits specified in K.A.R. 129-5-118a (c)(1) and K.A.R. 129-5-118b. (a) Reimbursement method. An interim per visit rate shall be paid to each federally qualified health center provider, with a retroactive cost settlement for each facility fiscal year.

(1) Interim reimbursement rate. The source and the method of determination of interim rate shall depend on whether the federally qualified health center is a new enrollee of the Kansas medical assistance program or is a previously enrolled provider. Under special circumstances, the interim rate may be negotiated between the agency and the provider.

(A) Newly enrolled facility. If the facility is an already-established federally qualified health center with an available medicare cost report, an all-inclusive rate derived from the cost report may be used for setting the initial medicaid interim payment rate. If the facility is an already-established federally qualified health center

opening a new service location, then the rate from the already established federally qualified health center shall be used for the new service location. If the facility converted from a rural health clinic to a federally qualified health center, then the rate from the rural health clinic shall be used for the new federally qualified health center. For all other circumstances, the initial payment rate shall be based on the average of the current reimbursement rates for previously enrolled federally qualified health center providers.

(B) Previously enrolled facility. After the facility submits a federally qualified health center cost report, the agency shall determine the maximum allowable medicaid rate per visit as specified in subsection (c). If a significant change of scope of services or a significant capital project has been implemented, the federally qualified health center shall submit an interim cost report if the center wants a change to the existing rate. The agency and the federally qualified health center shall use the interim cost report to negotiate a new interim rate.

(2) Visit. A "visit" shall mean face-to-face encounter between a center patient and a center health care professional as defined in K.A.R. 129-5-118. Encounters with more than one health professional or multiple encounters with the same health professional that take place on the same day shall constitute a single visit, except under either of the following circumstances:

(A) The patient suffers an illness or injury requiring additional diagnosis or treatment after the first encounter.

(B) The patient has a different type of visit on the same day, which may consist of a dental, medical, or mental health visit.

(3) Retroactive cost settlement. For each reporting period, the agency shall compare the total maximum allowable medicaid cost with the total payments to determine the program overpayment or underpayment. Total payments shall include interim payments, third-party liability, and any other payments for covered federally qualified health center services. The cost report and supplemental data submitted by the provider, the medicare cost report, and the medicaid-paid claims data obtained from the program's fiscal agent shall be used for these calculations.

(b) Cost reporting. Each federally qualified health center shall submit a completed cost report. The form used for cost reporting shall be the most current version of the medicare financial and statistical report form for independent rural

health clinics and freestanding federally qualified health centers with adjustments made, as necessary, to report the cost and number of visits for medicaid-covered services pursuant to K.A.R. 129-5-118.

(1) Filing requirements. Each provider shall be required to file annual cost reports on a fiscal year basis.

(A) Cost reports shall be received no later than five months after the end of the facility's fiscal year. An extension in due date may be granted by the agency upon request, if necessary due to circumstances beyond the control of the federally qualified health center.

(B) Each provider filing a cost report after the due date without a preapproved extension shall be subject to the following penalties:

(i) If the cost report has not been received by the agency by the close of business on the due date, all further payments to the provider may be withheld and suspended until the complete financial and statistical report has been received.

(ii) Failure to submit the completed financial and statistical report within one year after the end of the cost report period may be cause for termination from the Kansas medical assistance program.

(2) Fiscal and statistical data. The preparation of the cost report shall be based upon the financial and statistical records of the facility and shall use the accrual basis of accounting. The reported data shall be accurate and adequately supported to facilitate verification and analysis for the determination of allowable costs.

(3) Supplemental data. The following additional information shall be submitted to support reported data and to facilitate cost report review, verifications, and other analysis.

(A) A working trial balance. This balance shall contain account numbers, descriptions of the accounts, the amount of each account, the cost report expense line on which the account was reported, and fiscal year-end adjusting entries to facilitate reconciliation between the working trial balance and the cost report. The facility shall bear the burden of proof that the reported data accurately represents the cost and revenue as recorded in the accounting records. All unexplained differences shall be used to reduce the allowable cost.

(B) Financial statements and management letter. These documents shall be prepared by the facility's independent auditors and shall reconcile with the cost report.

(C) Depreciation schedule. This schedule shall support the depreciation expense reported on the cost report.

(D) Other data. Data deemed necessary by the agency for verification and rate determination shall also be submitted.

(c) Determination of reimbursable medicaid rate per visit.

(1) Allowable facility costs. This term shall mean costs derived from reported expenses after making adjustments resulting from cost report review and application of the cost reimbursement principles specified in K.A.R. 129-5-118b.

(2) Allocation of overhead costs.

(A) Total allowable administrative and facility costs shall be distributed to the following cost centers:

(i) Federally qualified health center costs;
(ii) non-federally qualified health center costs;
and

(iii) nonreimbursable costs, excluding bad debt.

(B) Accumulated direct cost in each cost center shall be used as the basis for the overhead cost allocation.

(3) Average allowable cost per visit. The total allowable facility costs shall be divided by the total number of visits.

(4) Reimbursable medicaid rate. The reimbursable medicaid rate per visit shall not be more than 100 percent of the reasonable and related cost of furnishing federally qualified health center services covered in K.A.R. 129-5-118b.

(d) Fiscal and statistical records and audits.

(1) Recordkeeping. Each provider shall maintain sufficient financial records and statistical data for accurate determination of reasonable costs. Standardized definitions and reporting practices widely accepted among federally qualified health centers and related fields shall be followed, except to the extent that these definitions and practices may conflict with or be superseded by state or federal medicaid requirements.

(2) Audits and reviews.

(A) Each provider shall furnish any information to the agency that may be necessary to meet the following criteria:

(i) Ensure proper payment by the program pursuant to this regulation and K.A.R. 129-5-118b;
and

(ii) substantiate claims for program payments.

(B) Each provider shall permit the agency to examine any records and documents necessary to ascertain information for determination of the ac-

curate amount of program payments. These records shall include the following:

(i) Matters of the facility ownership, organization, and operation;

(ii) fiscal, statistical, medical, and other record-keeping systems;

(iii) federal and state income tax returns and all supporting documents;

(iv) documentation of asset acquisition, lease, sale, or other transaction;

(v) management arrangements;

(vi) matters pertaining to the cost of operation;
and

(vii) health center financial statements.

(C) Other records and documents shall be made available to the agency as requested.

(D) All records and documents shall be available in Kansas.

(E) Each provider shall furnish to the agency, upon request, copies of patient service charge schedules and any subsequent changes to these schedules.

(F) The agency shall suspend program payments if it is determined that a provider does not maintain adequate records for the determination of reasonable and adequate rates under the program or if the provider fails to furnish requested records and documents to the agency.

(G) Thirty days before suspending payment to the provider, written notice shall be sent by the agency to the provider of the agency's intent to suspend payment. The notice shall explain the basis for the agency's determination and identify the provider's recordkeeping deficiencies.

(H) All provider records that support reported costs, charges, revenue, and patient statistics shall be subject to audits by the agency, the United States department of health and human services, and the United States general accounting office. These records shall be retained for at least five years after the date of filing the cost report with the agency. (Authorized by K.S.A. 2008 Supp. 75-7403 and 75-7412; implementing K.S.A. 2008 Supp. 75-7405 and 75-7408; effective March 19, 2010.)

129-5-118b. Cost reimbursement principles for federally qualified health center services and other ambulatory services. The medicare cost reimbursement principles contained in subparts A and G in 42 C.F.R. part 413, as revised on October 1, 2009 and hereby adopted by reference, and the cost principles specified in this regulation and in K.A.R. 129-5-118a shall be appli-

cable to the financial and statistical data reported by the federally qualified health center for the determination of reasonable cost of providing covered services. (a) Nonreimbursable costs. Each cost that is not related to patient care and is not necessary for the efficient delivery of covered federally qualified health center services and other ambulatory services shall be excluded from the medicaid rate determination. In addition, the following expenses shall be considered nonreimbursable:

- (1) Salaries and fees paid to nonworking directors and officers;
- (2) uncollectible debts;
- (3) donations and contributions;
- (4) fund-raising expenses;
- (5) taxes including the following:
 - (A) Those from which the provider is entitled to obtain exemption;
 - (B) those on property not used in providing covered services; and
 - (C) those levied against a patient and remitted by the provider;
- (6) life insurance premiums for directors, officers, and owners;
- (7) the imputed value of in-kind services rendered by nonpaid workers and volunteers;
- (8) the cost of social, fraternal, civic, and other organizations associated with activities unrelated to patient care;
- (9) all expenses related to vending machines;
- (10) board of director costs;
- (11) the cost of advertising for promoting the services offered by the facility to attract more patients;
- (12) public relations and public information expenses;
- (13) penalties, fines, and late charges, including interest paid on state and federal payroll taxes;
- (14) the cost of items or services provided only to non-Kansas medical assistance program patients and reimbursed by third-party payers;
- (15) all expenses associated with the ownership, lease, or charter of airplanes;
- (16) bank overdraft charges and other penalties;
- (17) the cost associated with group health education classes, activities, and mass information programs including media productions, brochures, and other publications;
- (18) expense items without indication of their nature or purpose including "other" and "miscellaneous," without proper documentation when requested;
- (19) non-arm's-length transactions;

(20) legal and other costs associated with litigation between a provider and state or federal agencies, unless litigation is decided in the provider's favor; and

- (21) legal expenses not related to patient care.
- (b) Costs allowed with limitations and conditions.
 - (1) Loan acquisition fees and standby fees. These fees shall be amortized over the life of the loan and shall be allowed only if the loan is related to patient care.
 - (2) Taxes associated with financing the operations. These taxes shall be allowed only as amortized cost.
 - (3) Special assessments on land for capital improvements. These assessments shall be amortized over the estimated useful life of the improvements and allowed only if related to patient care.
 - (4) Start-up costs of a new facility.
 - (A) Start-up costs may include the following:
 - (i) Staff salaries and consultation fees;
 - (ii) utilities;
 - (iii) taxes;
 - (iv) insurance;
 - (v) mortgage interest;
 - (vi) employee training; and
 - (vii) any other allowable cost incidental to the operation of the facility.
 - (B) A start-up cost shall be recognized only if it meets the following criteria:
 - (i) Is incurred before the opening of the facility;
 - (ii) is related to developing the facility's ability to provide covered services;
 - (iii) is amortized over a period of 60 months or more; and
 - (iv) is identified in the cost report as a start-up cost.
 - (5) Expenses. Each cost that can be identified as an organization expense or capitalized as a construction expense shall be appropriately classified and excluded from start-up costs.
 - (6) Payments made to related parties for services, facilities, and supplies. These payments shall be allowed at the lower of the actual cost to the related party and the market price.
 - (7) Premium payments. If a provider chooses to pay in excess of the market price for supplies or services, the agency shall use the market price to determine the allowable cost in the absence of a clear justification for the premium.
 - (8) Job-related training. The cost of this training shall be the actual amount minus any reimbursement or discount received by the provider.
 - (9) Lease payments. These payments shall be allowed only if reported in accordance with the

generally accepted accounting principles appropriate to the reporting period.

(c) Interest expense. Only necessary and accurate interest on working capital indebtedness shall be an allowable cost.

(1) The interest expense shall be allowed only if it is established with either of the following:

(A) Any lender or lending organization not related to the borrower, or

(B) the central office and other related parties under the following conditions:

(i) The terms and conditions of payment of the loans are on arm's-length basis with a recognized lending institution;

(ii) the provider demonstrates, to the satisfaction of the agency, a primary business purpose for the loan other than increasing the rate of reimbursement; and

(iii) the transaction is recognized and reported by all parties for federal income tax purposes.

(2) Interest expense shall be reduced by investment income from both restricted and unrestricted idle funds and funded reserve accounts, except when the income is from restricted or unrestricted gifts, grants, and endowments held in separate accounts with no commingling with other funds. Income from the provider's qualified pension fund shall not be used to reduce interest expense.

(3) Interest earned on restricted and unrestricted industrial revenue bond reserve accounts and sinking fund accounts shall be offset against interest expense up to and including the amount of the related interest expense.

(4) The interest expense on that portion of the facility acquisition loan attributable to an excess over historic cost or other cost basis recognized for program purposes shall not be considered a reasonable cost.

(d) Central office cost. This subsection shall be applicable in situations in which the federally qualified health center is one of several programs or departments administered by a central office or organization and the total administrative cost incurred by the central office is allocated to all components.

(1) Allocation of the central office cost shall use a logical and equitable basis and shall conform to generally accepted accounting procedures.

(2) The central office cost allocated to the federally qualified health center shall be allowed only if the amount is reasonable and if the central office provided a service normally available in similar facilities enrolled in the program.

(3) The provider shall bear the burden of furnishing sufficient evidence to establish the reasonability of the level of allocated cost and the nature of services provided by the central office.

(4) All costs incurred by the central office shall be allocated to all components as a central cost pool, and no portion of the central office cost shall be directed to individual facilities operated by the provider or reported on any line of the cost report other than the appropriate line of the central office cost on any other line of the cost report outside of the central office cost allocation plan.

(5) Only patient-related central office costs shall be recognized, which shall include the following:

(A) Cost of ownership or arm's-length rent or lease expense for office space;

(B) utilities, maintenance, housekeeping, property tax, insurance, and other facility costs;

(C) employee salaries and benefits;

(D) office supplies and printing;

(E) management consultant fees;

(F) telephone and other means of communication;

(G) travel and vehicle expenses;

(H) allowable advertising;

(I) licenses and dues;

(J) legal costs;

(K) accounting and data processing; and

(L) interest expense.

(6) The cost principles and limits specified in this regulation shall also apply to central office costs.

(7) Estimates of central office costs shall not be allowed.

(e) Revenue offsets. Revenue items shall be deducted from the appropriate expense item or cost center in accordance with this subsection.

(1) Revenue with insufficient explanation of its nature or purpose shall be offset against operating costs.

(2) Expense recoveries credited to expense accounts shall not be reclassified as revenue. (Authorized by K.S.A. 2008 Supp. 75-7403 and 75-7412; implementing K.S.A. 2008 Supp. 75-7405 and 75-7408; effective June 2, 2006; amended March 19, 2010.)

Article 6.—MEDICAL ASSISTANCE PROGRAM—CLIENTS' ELIGIBILITY FOR PARTICIPATION

129-6-30. Implementation of provisions specific to the ACA. The definitions in K.A.R.

129-6-34 and the provisions of K.A.R. 129-6-41, 129-6-42, 129-6-53, 129-6-54, 129-6-103, 129-6-106(e), 129-6-110(a) and (b), 129-6-111(a) and (b), 129-6-112, and 129-6-113 shall apply to all eligibility determinations completed on and after November 1, 2013. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-34. Definitions; covered groups.

(a) The terms defined in K.A.R. 129-1-1 shall be applicable to this article. In addition and for purposes of this article, each of the following terms shall have the meaning specified in this regulation, unless the context clearly indicates otherwise:

(1) "Buy-in process" means the process by which the medicaid program pays a recipient's medicare premiums to establish medicare coverage.

(2) "Caretaker" means the person who is assigned the primary responsibility for the care and control of the child and who is any of the following persons:

(A) Guardian, conservator, legal custodian, or person claiming the child as a tax dependent;

(B) parent, including parent of an unborn child;

(C) sibling;

(D) nephew;

(E) niece;

(F) aunt;

(G) uncle;

(H) person of a preceding generation who is denoted by a term that includes any of the following prefixes: "grand," "great-," "great-great-," or "great-great-great-";

(I) stepfather, stepmother, stepbrother, or step-sister;

(J) legally adoptive parent or another relative of an adoptive parent as listed in paragraph (a)(1); and

(K) spouse of any person listed in paragraph (a) (1) or former spouse of any of these persons, if marriage is terminated by death or divorce.

(3) "Child" means a natural or biological child, adopted child, or stepchild.

(4) "Earned income" means income, in cash or in kind, that an applicant or recipient currently earns, through the receipt of wages, salary, or profit, from activities in which the individual engages as an employer or as an employee with responsibilities that necessitate continuing activity on the individual's part.

(5) "Eligible caretaker" means a caretaker who is considered in the assistance plan with the child.

(6) "Family group" means the applicant or recipient and all individuals living together in which there is a relationship of legal responsibility or a caretaker relationship.

(7) "HCBS" means home- and community-based services. Home- and community-based services are medical and nonmedical services provided to a medicaid recipient in the recipient's home that prevent the recipient from being placed in a nursing facility, hospital, or intermediate care facility.

(8) "Household size" means the number of persons counted as members of an individual's tax household in accordance with K.A.R. 129-6-41 and 129-6-53. For each pregnant woman in the household, the household size shall include the woman and the number of children she is expected to deliver.

(9) "Independent living" means any living arrangement in which ongoing medical care or treatment is not routinely provided, including living in one's own home, renting, living with other family members or friends, living in a room-and-board arrangement, and living in certain specialized living arrangements, including homeless shelters, shelters for battered women, and alcohol and drug abuse facilities.

(10) "Legally responsible relative" means the person who has the legal responsibility to provide support for the person in the assistance plan.

(11) "Long-term care" means care that is received in a nursing facility or other institutional arrangement, a home- and community-based services arrangement, or a program of all-inclusive care for the elderly (PACE) arrangement and whose duration is expected to exceed the month the arrangement begins and the following two months.

(12) "Modified adjusted gross income" and "MAGI" mean income as defined in 26 U.S.C. 36B(d).

(13) "PACE" means program of all-inclusive care for the elderly. The program of all-inclusive care for the elderly provides medical services to frail elderly medicaid recipients in institutional settings and non-institutional settings.

(14) "Parent" means natural or biological parent, adoptive parent, or stepparent.

(15) "Protected income level" means the amount of monthly income that is not considered available for the payment of medical expenses. The protected income level is based on the number of persons in the assistance plan in accordance

with K.A.R. 129-6-42 and the number of legally responsible relatives.

(16) “Sibling” means natural or biological sibling, adopted sibling, half sibling or stepsibling.

(17) “Supplemental security income” and “SSI” mean the low-income assistance program administered by the social security administration in accordance with 42 U.S.C. 1381 et seq., which provides monthly benefits to elderly and disabled persons.

(18) “Tax dependent” means a dependent under 26 U.S.C. 152 for whom another individual claims a deduction for a personal exemption under 26 U.S.C. 151 for a taxable year.

(19) “Title IV-E” means the adoption assistance and child welfare act of 1980, which provides federal funding for foster care, adoption assistance, and other permanency and placement programs for children.

(20) “Unearned income” means all income that is not earned income.

(b) The medical assistance program shall include applicants and recipients classified as automatic eligibles and as determined eligibles.

(c) The medical assistance program shall provide coverage to the following groups:

(1) MAGI-based coverage groups whose eligibility is based on the application of MAGI methodologies as specified in K.A.R. 129-6-41 and 129-6-53, including the following:

(A) Caretaker relatives and children under K.A.R. 129-6-70;

(B) newborn children who meet the provisions of K.A.R. 129-6-65(e);

(C) poverty-level pregnant women under K.A.R. 129-6-71;

(D) poverty-level children under K.A.R. 129-6-72;

(E) determined-eligible pregnant women under K.A.R. 129-6-73; and

(F) determined-eligible children under K.A.R. 129-6-74; and

(2) MAGI-excepted coverage groups whose eligibility is not based on the application of MAGI methodologies in accordance with K.A.R. 129-6-42 and 129-6-54, including the following:

(A) Children receiving title IV-E or non-title IV-E foster care payments under K.A.R. 129-6-65(f) or 129-6-80;

(B) children for whom an adoption support agreement under title IV-E is in effect under K.A.R. 129-6-65(g);

(C) children for whom a non-title IV-E adoption support agreement is in effect under K.A.R. 129-6-65(h);

(D) children receiving title IV-E guardianship care payments under K.A.R. 129-6-65(i);

(E) former foster care children under the age of 26 under K.A.R. 129-6-91;

(F) persons receiving supplemental security income (SSI) benefits in accordance with K.A.R. 129-6-65(a);

(G) persons receiving state supplemental payments in accordance with K.A.R. 129-6-65(b);

(H) persons deemed to be receiving SSI in accordance with K.A.R. 129-6-65(c);

(I) children under the age of 21 in an institutional arrangement in accordance with K.A.R. 129-6-81;

(J) aged, blind, or disabled persons under K.A.R. 129-6-85, including persons 65 years of age or older, persons whose eligibility is based on being blind or disabled under social security administration criteria, and persons whose eligibility is determined on the basis of the need for long-term care including nursing facility or institutional services, home- and community-based services, and PACE services;

(K) poverty-level and low-income medicare beneficiaries under K.A.R. 129-6-86;

(L) poverty-level working disabled individuals under K.A.R. 129-6-87;

(M) disabled individuals with earned income under K.A.R. 129-6-88;

(N) individuals with breast or cervical cancer under K.A.R. 129-6-89;

(O) persons living in nursing facilities for mental health under K.A.R. 129-6-94; and

(P) determined-eligible medicaid beneficiaries under K.A.R. 129-6-95. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-35. Application process. (a) An application for medical assistance shall be submitted by an applicant, an adult who is in the applicant’s household or family, or another person authorized to act on the applicant’s behalf, except that an application on behalf of a person mandated to receive tuberculosis care or on behalf of a deceased person may be made by any responsible person.

(b)(1) An application for medical assistance shall be made using a department-approved form. The applicant or person authorized to act on behalf of the applicant shall sign the application. Electronic signatures, including telephonically recorded signatures, and handwritten signatures transmit-

ted by any other means of electronic transmission shall be acceptable. If any person signs by mark, the names and addresses of two witnesses shall be required. Each application on behalf of a deceased person shall be made within three months of the month of the person's death.

(2) Whenever assistance is requested for a family member following approval of assistance for other family members, the month of application for that family member shall be the month of the request, if all other eligibility requirements are met.

(3) Each application shall be submitted electronically on the state's application web site or the federally facilitated exchange web site, by telephone, in person, by mail, by electronic mail, or by fax.

(c)(1) For each application submitted online, the date of receipt of the application shall be the date the application is received from the state's application web site or the date the application is transmitted from the federally facilitated exchange web site.

(2) If the department denies an application within 90 days of the department's receipt of a signed application for medical assistance that is dependent upon a finding of disability and the applicant reapplies or provides required information within this 90-day period, the application shall be reactivated. If the department denies any other signed application within 45 days of the department's receipt of the application and the applicant reapplies or provides required information within this 45-day period, the application shall be reactivated. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-36. Redetermination of eligibility process. (a) Each recipient shall provide the department with information on the recipient's current situation and have an opportunity to review the eligibility factors so that the department can redetermine the recipient's continuing eligibility for medical assistance.

(b) Each recipient shall complete the redetermination process by either of the following:

(1) Reviewing and, if necessary, responding to information provided from the department's records, including information obtained through electronic data matching with other state or federal agencies; or

(2) completing and returning information on the individual's current situation requested by the department.

(c) Each recipient's eligibility for medical assistance shall be redetermined as often as a need for review is indicated. Redetermination shall occur at least once each 12 months.

(d) If a recipient fails to respond to a required redetermination request or to provide necessary information, the recipient and the members of the recipient's assistance plan shall be ineligible for assistance in accordance with K.A.R. 129-6-56. If the recipient responds to the request or provides information within 90 days of termination of assistance, the redetermination shall be completed without requiring a new application. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-38. (Authorized by K.S.A. 2005 Supp. 75-7412; implementing K.S.A. 2005 Supp. 75-7412 and 75-7413, as amended by L. 2006, ch. 4, § 2; effective Aug. 11, 2006; revoked, T-129-10-31-13, Nov. 1, 2013; revoked Feb. 28, 2014.)

129-6-39. Responsibilities of applicants and recipients. Each applicant or recipient shall perform the following:

(a) Submit an application for medical assistance on a department-approved form. Any applicant may withdraw the application between the date the application is submitted and the date of the notice of the department's decision;

(b) supply information essential to the establishment of eligibility, to the extent that the applicant or recipient is able to do so;

(c) give written permission for the release of information regarding resources, when needed;

(d) report any change in circumstances within 10 calendar days of the change or as otherwise required by the program. Changes to be reported shall include changes to income, living arrangement, household size, family group members, residency, alienage status, health insurance coverage, and employment;

(e) meet that individual's own medical needs to the extent that the individual is capable of doing so;

(f) take all necessary actions to obtain income or resources due the person or any other person for whom the individual is applying or who is receiving medical assistance; and

(g) except for persons for whom a determination under presumptive medical assistance as defined in K.A.R. 129-6-151 has been made, request a fair hearing in writing if the individual is dissatisfied with any department decision or lack of action in regard to the application for or the receipt of assistance. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-41. Assistance planning for MAGI-based coverage groups. (a) The assistance plan for the groups described in K.A.R. 129-6-34(c)(1) shall consist of those persons in the household as determined in subsections (b) through (f).

(b) For each person who is not claimed as a tax dependent by any other taxpayer and is expected to file a tax return, the household shall consist of the person and all of the person's tax dependents, except as noted in subsection (e). If a taxpayer cannot reasonably establish that another individual is a tax dependent of the taxpayer for the tax year in which assistance is determined, the inclusion of the individual in the household of the taxpayer shall be determined in accordance with subsections (d) and (e).

(c) For each person claimed as a tax dependent by another taxpayer, the household shall consist of that taxpayer and the taxpayer's dependents, except as noted in subsection (e).

(d) For each person who neither files a tax return nor is claimed as a tax dependent, the household shall consist of the person and, if living with the person, the following:

- (1) The person's spouse;
- (2) the person's natural children, adopted children, and stepchildren under the age of 21;
- (3) the person's natural parents, adoptive parents, and stepparents, if the person is under the age of 21; and
- (4) the person's natural siblings, adopted siblings, and stepsiblings under the age of 21, if the person is under the age of 21.

(e) For each person who is claimed as a tax dependent by another taxpayer, the household shall be determined in accordance with subsection (d) if the person meets one of the following conditions:

- (1) Is not a spouse of the taxpayer and is not a biological child, an adopted child, or stepchild of the taxpayer;
- (2) is claimed by one parent as a tax dependent

and is living with both parents who do not expect to file a joint tax return; or

(3) is under the age of 21 and expected to be claimed as a tax dependent by a noncustodial parent.

(f) For any married couple living together, each spouse shall be included in the household of the other spouse, whether both spouses expect to file a joint tax return under 26 U.S.C. 6013 or whether one spouse expects to be claimed as a tax dependent by the other spouse. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-42. Assistance planning for MAGI-excepted coverage groups. (a) In independent living arrangements for the groups described in K.A.R. 129-6-34(c)(2), the following requirements shall apply:

(1) For any child who is not blind or disabled, the assistance plan shall consist of all children in the family group and the legally responsible relatives of the children, if living together.

(2) For any child who is not living with a legally responsible relative, a separate assistance plan shall be applicable and shall include the siblings of the child if in the family group.

(3) For SSI recipients, a separate assistance plan shall be applicable and shall include only the SSI recipient.

(4) For all other persons, the assistance plan shall consist of those members of the family group for whom assistance is requested and eligibility is determined.

(5) For any deceased person for whom an application is made, the assistance plan shall be determined as if the person were living.

(b) In long-term care arrangements for the groups described in K.A.R. 129-6-34(c)(2), each person shall have a separate assistance plan, unless one of the following exceptions applies:

(1) The person's protected income level is being computed as if the person were maintaining an independent living arrangement.

(2) The person's income and resources are considered available to both members of a couple, as specified in K.A.R. 129-6-106(f).

(3) A couple is residing in the same long-term care institutional arrangement, and only one spouse has income. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-50. Determined eligibles; general eligibility factors. The general eligibility requirements in K.A.R. 129-6-51 through 129-6-60 and in K.A.R. 129-6-63 shall be eligibility factors applicable to determined eligibles, except as specified in those regulations. Certain eligibility requirements may be waived by the secretary and additional eligibility requirements may be adopted by the secretary for all, or designated areas, of the state for the purpose of utilizing special project funds or grants or for the purpose of conducting special demonstration or research projects. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-51. General eligibility requirements. (a) Eligibility process. The determination of eligibility shall be based upon information provided by the applicant or recipient, or on behalf of the applicant or recipient, as well as electronic data matches with other state and federal databases, including the social security administration, department of homeland security, department of labor, and the department's office of vital statistics. If the information is unclear, incomplete, conflicting, or questionable, a further review, including contact with third parties, may be required.

(b) Eligibility for medical assistance. Each applicant or recipient shall be eligible for medical assistance only if all applicable eligibility requirements have been met. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-52. Act on own behalf. (a) For purposes of this regulation, each of the following terms shall have the meaning specified in this subsection:

(1) "Emancipated minor" means either of the following:

(A) A person who is aged 16 or 17 and who is or has been married; or

(B) A person who is under the age of 18 and who has been given or has acquired the rights of majority through court action.

(2) "Medical facilitator" means a person authorized to help complete the application or reenrollment process on behalf of an applicant or recipient under written authorization made by the applicant or recipient. The medical facilitator may help with completing and submitting the application or reenrollment form, providing

necessary information and verifications, and receiving copies of notices or other official communications from the department to the applicant or recipient. A medical facilitator shall not be authorized to apply for medical assistance on behalf of another person.

(3) "Medical representative" means a person who is authorized to act on behalf of an applicant or recipient under a written authorization made by the applicant or recipient and who is knowledgeable of the applicant's or recipient's financial holdings and circumstances.

(b) Each applicant or recipient shall be legally capable of acting on that individual's behalf and shall also have the right to designate a representative to assist or act on behalf of the applicant or recipient.

(1) A legally incapacitated adult who is not capable of acting in that individual's own behalf shall not be eligible for medical assistance, unless a legal guardian, conservator, medical representative, or representative payee for social security benefits applies for assistance on the adult's behalf.

(2) Each emancipated minor shall be eligible to receive medical assistance on that individual's own behalf.

(3) An unemancipated minor shall not be deemed capable of acting on that individual's own behalf and shall not be eligible to apply for or receive medical assistance on that individual's own behalf, except as specified in this paragraph. An unemancipated minor shall not be eligible unless a caretaker, representative payee for social security benefits, or other nonrelated responsible adult who resides with the child and is approved by the parent or legal guardian applies for assistance on the minor's behalf. However, an unemancipated minor may apply for or receive medical assistance on that individual's own behalf if one of the following conditions exists:

(A) The parents of the minor are institutionalized.

(B) The minor has no parent who is living or whose whereabouts are known, and there is no other caretaker who is willing to assume parental control of the minor.

(C) The health and safety of the minor has been or would be jeopardized by remaining in the household with the minor's parents or other caretakers. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-53. Financial eligibility for MAGI-based coverage groups. This regulation shall apply to all groups described in K.A.R. 129-6-34(c)(1).

(a) Definitions. For purposes of this regulation, each of the following terms shall have the meaning specified in this regulation.

(1) "Household income" means the sum of the MAGI-based income of every individual included in the individual's household minus an amount equivalent to five percentage points of the federal poverty level for the applicable family size, for purposes of determining the individual's eligibility under the highest income standard for which the individual is eligible.

(2) "MAGI-based income" means income calculated using the same financial methodologies used to determine MAGI as defined in 26 U.S.C. 36B(d), with the following exceptions:

(A) An amount received as a lump sum shall be counted as income only in the month received;

(B) scholarships, awards, or fellowship grants used for education purposes and not for living expenses shall be excluded from income; and

(C) for American Indian and Alaska native funds, the following shall be excluded from income:

(i) Distributions from Alaska native corporations and settlement trusts;

(ii) distributions from any property held in trust, subject to federal restrictions, located within the most recent boundaries of a prior federal reservation or otherwise under the supervision of the secretary of the interior;

(iii) distributions and payments from rents, leases, rights-of-way, royalties, usage rights, or natural resource extraction and harvest from rights of ownership or possession in any lands described in this paragraph or federally protected rights regarding off-reservation hunting, fishing, gathering, or usage of natural resources;

(iv) distributions either resulting from real property ownership interests related to natural resources and improvement located on or near a reservation or within the most recent boundaries of a prior federal reservation or resulting from the exercise of federally protected rights relating to these real property ownership interests;

(v) payments resulting from ownership interests in or usage rights to items that have unique religious, spiritual, traditional, or cultural significance or rights that support subsistence or a traditional lifestyle according to applicable tribal law or custom; and

(vi) student financial assistance provided under the bureau of Indian affairs education programs.

(b) Exceptions to household income. Financial eligibility for families and children shall be based on household income, except for the following:

(1) The MAGI-based income of an individual who is included in the household of the individual's natural parent, adoptive parent, or stepparent and is not expected to be required to file a tax return under 26 U.S.C. 6012(a) for the taxable year in which eligibility is being determined shall not be included in household income whether or not the individual files a tax return.

(2) The MAGI-based income of a tax dependent described in K.A.R. 129-6-41(e)(1) who is not expected to be required to file a tax return under 26 U.S.C. 6012(a) for the taxable year in which eligibility is being determined shall not be included in household income whether or not the tax dependent files a tax return.

(c) Income deductions. No other deductions shall be applied in determining household income.

(d) Financial eligibility.

(1) Financial eligibility shall be based on the current monthly income and family size of the household, unless a change in circumstances is expected. In this case, financial eligibility shall be based on the projected monthly income and family size of the household.

(2) For children and pregnant women determined eligible based on K.A.R. 129-6-73 and K.A.R. 129-6-74, the provisions of K.A.R. 129-6-54(a), (b), (c), and (e) regarding base periods and spenddown determinations shall be applicable.

(e) Exclusion of resources. The value of the household's resources shall not be taken into consideration in determining financial eligibility. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-54. Financial eligibility for MAGI-excepted coverage groups. This regulation shall apply to all groups described in K.A.R. 129-6-34(c)(2), except that subsections (c) and (d) of this regulation shall not apply to any medicare beneficiary who meets the requirements of K.A.R. 129-6-86 or to any working disabled individual who meets the requirements of K.A.R. 129-6-87.

(a) Definitions. For purposes of this regulation, each of the following terms shall have the meaning specified in this regulation:

(1) "Client obligation" means the amount that the individual is required to pay towards the cost of care that the individual receives in a long-term care arrangement. Client obligation shall be based on the amount of applicable income that exceeds the income standard in the eligibility base period.

(2) "Eligibility base period" means the length of time used in the determination of financial eligibility. The length of the eligibility base period varies from one month to six months as specified in subsection (b).

(3) "Spenddown" means the amount of applicable income that exceeds the protected income level in the eligibility base period and that is available to meet medical costs.

(b) Eligibility base period.

(1) The base period shall be determined according to the following:

(A) For prior eligibility, the base period shall be the three months immediately preceding the month of application.

(B) Except for persons determined eligible under K.A.R. 129-6-85, the base period shall be one month for current eligibility.

(C) For persons determined eligible under K.A.R. 129-6-85, the base period shall be one month for persons in long-term care and six months for persons in independent living for current eligibility. A six-month base period shall be shortened in certain instances including when the recipient begins long-term care, becomes eligible for cash assistance, or dies.

(2) The base period shall begin on the first day of the month in which the application was received. Subsequent eligibility base periods for recipients shall begin on the first day of the month following the expiration of the previous base period. Each reapplication received outside of a previously established eligibility base period shall be treated as a new application without regard to any previous eligibility base period. However, if the reapplication includes a request for prior eligibility, the base period of prior eligibility shall not extend into a previously established eligibility base period.

(c) Financial eligibility for persons in independent living.

(1) The total of all applicable income in the eligibility base period, as determined in accordance with K.A.R. 129-6-111, shall be compared to the income standard, as specified in K.A.R. 129-6-103, for the base period. If the total applicable income is less than the income standard and the

individual owns property that has value within the allowable limits, the individual shall be financially eligible for medical assistance. If the total applicable income exceeds the income standard, the individual shall be ineligible for medical assistance except for persons determined eligible under K.A.R. 129-6-73, 129-6-74, and 129-6-85.

(2) For determined eligibles under K.A.R. 129-6-73, 129-6-74, and 129-6-85, if the total applicable income exceeds the income standard and the individual owns property that has value within the allowable limits, the excess applicable income shall be the spenddown.

(A) Each applicant or recipient shall incur allowable medical expenses in an amount at least equal to the spenddown before becoming eligible for assistance. Medical expenses paid either voluntarily or involuntarily by third parties shall not be utilized to meet the spenddown, except for medical expenses paid by a public program of the state other than medicaid.

(B) A previously unconsidered increase in total applicable income during the current eligibility base period that results in an additional spenddown shall not alter the base period. The individual shall meet the additional spenddown during the eligibility base period before the individual becomes eligible or regains eligibility for medical assistance. A payment made through the program within the current eligibility base period shall not be considered an overpayment if a previously eligible individual fails to meet the additional spenddown within the current eligibility base period.

(d) Financial eligibility for persons in long-term care arrangements.

(1) Total gross income shall not exceed 300 percent of the payment standard for one person in the supplemental security income program as specified in K.A.R. 129-6-103(a)(13).

(2)(A) If the person is eligible in accordance with paragraph (d)(1), the total of all applicable income in the eligibility base period, as determined in accordance with K.A.R. 129-6-111, shall be compared to the income standard, as specified in K.A.R. 129-6-103(b) for institutional arrangements and K.A.R. 129-6-103(c) for HCBS arrangements, for the base period. If the total applicable income is less than the income standard and the individual owns property that has value within the allowable limits, the individual shall be financially eligible for medical assistance. If the total applicable income exceeds the income standard and the individual owns property that

has value within the allowable limits, the excess applicable income shall be the client obligation.

(B) If the person is not eligible in accordance with paragraph (d)(1), financial eligibility shall first be determined in accordance with subsection (c). If allowable medical expenses, including the cost of the long-term arrangement, are in an amount that is at least equal to the spenddown, a final determination of financial eligibility shall then be determined in accordance with paragraph (d)(2)(A), including application of the appropriate institutional or HCBS income standard as specified in K.A.R. 129-6-103(b) or (c). If allowable medical expenses are not in an amount that is at least equal to the spenddown, financial eligibility shall be determined in accordance with subsection (c).

(3) Each applicant or recipient shall incur allowable medical expenses in an amount at least equal to the client obligation before becoming eligible for assistance. Medical expenses paid either voluntarily or involuntarily by third parties shall not be utilized to meet this obligation, except for medical expenses paid by a public program of the state other than medicaid.

(4) Any increase in total applicable income during the current eligibility base period may result in financial ineligibility or in additional obligation, but this increase shall not alter the base period. A payment made through the program within the current eligibility base period shall not be considered an overpayment if a previously eligible individual becomes ineligible because of an increase in total applicable income or fails to meet any additional obligation within the current eligibility base period.

(e) Allowable expenses. The following expenses shall be applied to a spenddown or client obligation if the individual provides evidence that the individual has incurred or reasonably expects to incur the expenses within the appropriate eligibility base period, or has incurred and is still obligated for expenses outside of the appropriate eligibility base period that have not been previously applied to a spenddown or obligation:

- (1) Co-pay requirements;
- (2) the pro rata portion of medical insurance premiums for the number of months covered in the eligibility base period regardless of the actual date of payment, past or future;
- (3) any medicare premiums that are not covered by the department through the buy-in process. Premiums that are subject to the buy-in

process shall not be allowable before completion of the buy-in process, even if the individual pays the premiums or the premiums are withheld;

(4) if medically necessary and recognized under Kansas law, all expenses for medical services incurred by the individual or a legally responsible family group member. Expenses for social services designated as medical services under the HCBS program shall be allowable under this paragraph for persons in the HCBS program. Expenses for routine supplies, as defined in K.A.R. 129-10-15a, and for institutional care if the individual does not meet nursing facility criteria through the level-of-care evaluation or reevaluation process as defined in K.A.R. 30-10-7, shall not be allowable under this paragraph; and

(5) the cost of necessary transportation by appropriate mode to obtain medical services specified in paragraph (e)(4). (Authorized by and implementing K.S.A. 2013 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-55. Residence, citizenship, and alienage. (a) Residence. Each applicant or recipient shall be a resident of Kansas. Temporary absence from a state with subsequent return to the state, or intent to return when the purposes of the absence have been accomplished, shall not be considered to interrupt continuity of residence. Residence shall be considered to be retained until abandoned or established in another state. Residency shall be established as specified in this subsection.

(1) Individuals aged 21 and over.

(A) For each individual not residing in an institution, the individual shall choose the state of residence, based on one of the following:

(i) The state in which the individual is living and intends to reside, including without a permanent address;

(ii) the state that the individual has entered with a job commitment or for seeking employment, whether or not the individual is currently employed; or

(iii) the state in which the individual is living, if the individual is not capable of stating intent.

(B) For each individual who is residing in an institution, the state of residence shall be any of the following, whether or not the individual is capable of stating intent:

(i) The state in which the parent or permanent guardian resides, if the individual became incapable of stating intent before the age of 21;

(ii) the state in which the individual is living if the individual became capable of stating intent on or after the age of 21;

(iii) the state that placed the individual in an out-of-state institution; or

(iv) for any other institutionalized individual, the state in which the individual is living and intends to reside.

(2) Individuals under the age of 21.

(A) For each individual who is not residing in an institution and is not eligible for title IV-E foster care or adoption support assistance, the individual shall choose the state of residence, based on one of the following:

(i) The state in which the individual meets the conditions of paragraph (a)(1)(A)(i) or (ii), if the individual is capable of stating intent and either is emancipated from the individual's parents or is married;

(ii) the state in which individual resides, including without a permanent address, if the individual does not meet the conditions of paragraph (a)(2)(A)(i); or

(iii) the state in which the individual's parent or caretaker resides, if the individual lives with the parent or caretaker and does not meet the conditions of paragraph (a)(2)(A)(i).

(B) For each individual residing in an institution, the state of residence shall be the state in which the individual's parent or guardian is residing, whether or not the individual is capable of stating intent, unless the individual has been placed in an out-of-state institution. If the individual has been placed in an out-of-state institution, the state of residence shall be the state making the placement.

(b) Citizenship and alienage. Each applicant or recipient shall be a citizen of the United States or shall be a noncitizen who meets the conditions in paragraph (b)(1) or (2).

(1) The individual entered the United States before August 22, 1996 and meets one of the following conditions:

(A) Is a refugee as specified in 8 U.S.C. 1101, including any person who is a Cuban or Haitian entrant as defined in public law 96-422 or is admitted as an Amerasian immigrant as defined in public law 100-202;

(B) is granted asylum pursuant to 8 U.S.C. 1158;

(C) has deportation withheld under 8 U.S.C. 1253(h) as in effect before April 1, 1997 or under 8 U.S.C. 1231(b)(3);

(D) is a lawful, permanent resident;

(E) is an honorably discharged veteran or is on active duty in the armed forces or is the spouse or unmarried dependent child of the veteran or the person on active duty;

(F) has been paroled into the United States for at least one year under 8 U.S.C. 1182(d)(5);

(G) has been granted conditional entry under 8 U.S.C. 1157;

(H) has been battered or subjected to extreme cruelty by a U.S. citizen or lawful permanent spouse or parent and has a pending or approved violence against women act (VAWA) case or petition before the department of homeland security pursuant to 8 U.S.C. 1641(c); or

(I) is a certified victim of severe forms of trafficking, as defined in 22 U.S.C. 7105.

(2) The individual entered the United States on or after August 22, 1996 and meets one of the following conditions:

(A) Is a refugee, as specified in 8 U.S.C. 1101, including any person who is a Cuban or Haitian entrant as defined in public law 96-422 or is admitted as an Amerasian immigrant as defined in public law 100-202;

(B) is granted asylum pursuant to 8 U.S.C. 1158;

(C) has deportation withheld under 8 U.S.C. 1253(h) as in effect before April 1, 1997 or under 8 U.S.C. 1231(b)(3);

(D) is an honorably discharged veteran or is on active duty in the armed forces or is the spouse or unmarried dependent child of the veteran or the person on active duty;

(E) is an Iraqi or Afghani special immigrant under the 2006 national defense authorization act, public law 109-163;

(F) is a certified victim of severe forms of trafficking, as defined in 22 U.S.C. 7105;

(G) is a lawful, permanent resident who has resided in the United States for at least five years;

(H) has been paroled into the United States under 8 U.S.C. 1182(d)(5) for at least one year and has resided in the United States for at least five years;

(I) has been granted conditional entry under 8 U.S.C. 1157 and has resided in the United States for at least five years; or

(J) has been battered or subjected to extreme cruelty by a U.S. citizen or lawful permanent spouse or parent, has a pending or approved violence against women act (VAWA) case or petition before the department of homeland security pursuant to 8 U.S.C. 1641(c), and has resided in the United States for at least five years.

(3) Each applicant or recipient declaring to be a citizen or national of the United States shall present evidence of citizenship or nationality in accordance with “KDHE-DHCF policy no. 2013-10-01,” as adopted by reference in K.A.R. 129-14-27. This requirement shall not apply to any of the following:

(A) Newborn children who meet the provisions of K.A.R. 129-6-65(e);

(B) individuals receiving SSI benefits;

(C) individuals entitled to or enrolled in any part of medicare;

(D) individuals receiving disability insurance benefits under section 223 of the social security act or monthly benefits under section 202 of the social security act, based on the individual’s disability; or

(E) individuals who are in foster care and who are assisted under title IV-B of the social security act as amended by public law 109-288 and individuals who are recipients of foster care maintenance or adoption assistance payments under title IV-E.

(4) Each individual declaring to be a noncitizen shall present evidence of that individual’s status in accordance with “KDHE-DHCF policy no. 2013-10-01,” as adopted by reference in K.A.R. 129-14-27. Each noncitizen who has provided evidence of qualified noncitizen status that has been verified with the department of homeland security shall be eligible for medical assistance.

(5) Each applicant or recipient shall have 90 days from the date the application is approved to provide the evidence described in paragraph (b)(3) or (4). (Authorized by and implementing K.S.A. 2013 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-56. Cooperation. (a) Establishment of eligibility. Each applicant or recipient shall cooperate with the department in the establishment of the applicant’s or recipient’s eligibility by providing all information necessary to determine eligibility as specified in K.A.R. 129-6-39. Failure to provide all information necessary shall render members of the assistance plan, as defined in K.A.R. 129-6-41 or 129-6-42, ineligible for medical assistance.

(b) Potential resources. Each adult applicant or recipient shall cooperate with the department by obtaining any resources, including income, due the adult or any other person for whom assistance is claimed. In applicable situations, this coopera-

tion shall include claiming an inheritance due the applicant or recipient and taking a share of an estate due the applicant or recipient as a surviving spouse. Failure to cooperate without good cause shall render the adult ineligible for medical assistance. Good cause shall include failure to pursue a potential resource when the cost of legal action would be greater than the value of the resource and, for pregnant women, failure to pursue unemployment benefits.

(c) Social security number. Except as noted in this subsection, each applicant or recipient shall cooperate by providing the department with the applicant’s or recipient’s social security number. Failure to provide the number, or failure to apply for a number if the applicant or recipient has not previously been issued a social security number, shall render the applicant or recipient ineligible for medical assistance. The following individuals shall be exempt from this requirement:

(1) Any individual who is not eligible to receive a social security number;

(2) any individual who does not have a social security number and can be issued a number only for a valid non-work reason; and

(3) any individual who refuses to obtain a social security number because of well-established religious objections.

(d) Paternity and support. Except for pregnant women, each applicant or recipient shall cooperate with the department by establishing the paternity of any child born out of wedlock for whom medical assistance is claimed and in obtaining medical support payments for the applicant or recipient and for any child for whom medical assistance is claimed. Failure to cooperate shall render the applicant or recipient ineligible for medical assistance, unless the individual demonstrates good cause for refusing to cooperate. Cooperation shall include the following actions:

(1) Appearing at the local child support enforcement office, as necessary, to provide information or documentation needed to establish the paternity of a child born out of wedlock, to identify and locate the absent parent, and to obtain support payments;

(2) appearing as a witness at court or at other proceedings as necessary to achieve the child support enforcement objectives;

(3) forwarding to the child support enforcement unit any support payments received from the absent parent that are covered by the support assignment; and

(4) providing information, or attesting to the lack of information, under penalty of perjury.

Good cause shall include pending legal proceedings for adoption of the child and threat of domestic violence as a result of cooperation.

(e) Third-party resources. Each applicant or recipient shall cooperate with the department by identifying and providing information to assist the department in pursuing any third party who could be liable to pay for medical services under the medical assistance program. Failure to cooperate without good cause shall render the applicant or recipient ineligible for medical assistance. Good cause shall include the unknown whereabouts of a liable third party and no legal standing to pursue a third party.

(f) Group health plan enrollment. Each applicant or recipient who is eligible to enroll in a group health plan offered by the applicant's or recipient's employer shall cooperate with the department by enrolling in that group health plan if the department has determined that the plan is cost-effective. To be cost-effective, the amount paid for premiums, coinsurance, deductibles, other cost-sharing obligations under the group health plan, and any additional administrative costs shall be less than the amount paid by the department for an equivalent set of medicaid services. Failure to cooperate without good cause shall render the applicant or recipient ineligible for medical assistance. Good cause shall include lack of reasonable geographic access to care such that the applicant or recipient has to routinely travel more than 50 miles to reach providers participating in the plan. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-57. Transfer of assets. (a) Definitions. For purposes of this regulation, each of the following terms shall have the meaning specified in this regulation:

(1) "Assets" means all income and resources of the individual and the individual's spouse, including any income or resources that the individual or the individual's spouse is entitled to but does not receive because of action by any of the following:

(A) The individual or the individual's spouse;

(B) a person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual's spouse; or

(C) any person, including any court or administrative body, acting at the direction or upon the request of the individual or the individual's spouse.

(2) "Compensation" means all money, real or personal property, food, shelter, or service received by the individual or spouse at or after the time of transfer in exchange for the asset in question. A service received shall be considered compensation only if the service is provided under the terms of a legally enforceable agreement to provide the service in exchange for the assets in question and if the terms are established before delivery of the service. Payment or assumption of a legal debt owned by the individual or spouse in exchange for the asset shall be deemed compensation.

(3) "Fair market value" means the market value of an asset at the earlier of the time of the transfer or the contract of sale. Current market value shall be determined in accordance with K.A.R. 129-6-106(b).

(4) "Institutionalized individual" means an applicant or recipient who meets any of the following conditions:

(A) Is residing in a nursing facility;

(B) is residing in a medical institution that is providing the individual with a level of care equivalent to the care provided by a nursing facility;

(C) is residing in an HCBS living arrangement; or

(D) is participating in PACE.

(5) "Transfer of assets" means any transfer or assignment of any legal or equitable interest in any asset that partially or totally passes the use, control, or ownership of the asset of an applicant or recipient, or the spouse of an applicant or recipient, to another person or corporation, including any of the following:

(A) Giving away an interest in an asset;

(B) placing an interest in an asset in a trust that is not available to the grantor;

(C) removing or eliminating an interest in a jointly owned asset in favor of other owners;

(D) disclaiming an inheritance of any property, interest, or right;

(E) failing to take a share of an estate as a surviving spouse; or

(F) transferring or disclaiming the right to income not yet received.

(6) "Uncompensated value" means the fair market value of an asset less the amount of any compensation received by the individual or spouse in exchange for the asset.

(b) Ineligibility for payment of services. If an individual or spouse has transferred or disposed of assets for less than fair market value on or after the specified look-back date as determined by the date of transfer, the individual shall not be eligible for payment of services for any institutionalized individual as specified in paragraphs (a)(4)(A) through (D).

(c) Exempted transfers. An individual shall not be ineligible for payment of services due to a transfer of assets in any of the following circumstances:

(1) The fair market value of the assets transferred has been received.

(2) A written request to transfer the assets has been submitted by the individual and approved by the secretary before the date of the transfer.

(3) The transfer has been executed pursuant to the division of assets provisions of K.A.R. 129-6-106.

(4) A transfer of an interest in the individual's home has been made to any of the following, as determined by the interest conveyed:

(A) The spouse of the individual;

(B) a child of the individual who is under the age of 21 or who meets the blindness or disability criteria of K.A.R. 129-6-85;

(C) a sibling of the individual who has an equity interest in the home and who was residing in the home for at least one year immediately before the date the individual entered an institutional or HCBS arrangement; or

(D) a child of the individual, other than the child described in paragraph (c)(4)(B), who was residing in the home for at least two years immediately before the date the individual entered an institutional or HCBS arrangement and who provided care to the individual that permitted the individual to reside at home.

(5) The assets have been transferred to any of the following:

(A) The individual's spouse or to another individual for the sole benefit of the individual's spouse;

(B) the institutionalized individual's child who meets the blindness or disability criteria of K.A.R. 129-6-85 or a trust established solely for the benefit of the child; or

(C) a trust established solely for the benefit of an individual under 65 years of age who meets the blindness or disability criteria of K.A.R. 129-6-85.

(6) A transfer of assets has been made, and a satisfactory showing that the individual intended

to dispose of the assets at fair market value, for other valuable consideration, or exclusively for a purpose other than to qualify for medicaid has been established. The following criteria shall be used to establish a satisfactory showing:

(A) A record of the facts, in chronological order, related to each transfer of assets within the applicable look-back period shall be assembled; and

(B) a transfer of assets for less than fair market value shall be presumed to have been for the purpose of establishing or maintaining medicaid eligibility, unless the individual presents clear and convincing evidence that the transfer was exclusively for some other purpose. The burden shall be on the individual to rebut this presumption by furnishing clear and convincing evidence that the asset was transferred exclusively for some other purpose. A signed statement by the individual shall not be, by itself, clear and convincing evidence. Each transfer shall be considered in the light of the circumstances at the time the transfer was made. The total amount of the transfer shall be considered in proportion to the length of the interval between the date of the transfer and the date of the application for medical assistance. In addition, the following factors shall be taken into account:

(i) Whether the transfer was ordered by the court and neither the individual, the spouse, the conservator, the guardian, the beneficiary of the transfer, nor anyone else acting in their legal authority or direction took action to effectuate the transfer; and

(ii) whether the individual could not have anticipated the need for medical assistance at the time of transfer due to an unexpected event occurring after the transfer that resulted in the traumatic onset of disability or blindness, the diagnosis of a previously undetected disability, or the loss of other income or resources, completely outside of the control of the individual or spouse, that would have otherwise precluded medical eligibility.

(7) The transferred asset has been returned to the individual or has been made available for use by the individual or spouse.

(d) Look-back date. The look-back date shall mean the earliest date on which a penalty for transferring assets for less than fair market value can be assessed, as specified in this subsection. A penalty shall be assessed for all transfers by the individual or the individual's spouse that take place on or after the look-back date. A penalty shall not be assessed for any transfers that take place before the look-back date.

(1) For transfers of assets before February 8, 2006, multiple transfers that occur within a single month shall be treated as a single transfer. The look-back date shall be either of the following:

(A) 60 months before the date the individual received or was otherwise eligible to receive institutional care or HCBS and has applied for medical assistance in the case of payment from a trust or portions of a trust that are treated as assets disposed of by the individual as specified in K.A.R. 129-6-109(c)(1) and (2); or

(B) 36 months before the date the individual received or was otherwise eligible to receive institutional care or HCBS and has applied for medical assistance in the case of all other transfers of assets.

(2) For transfers of assets on and after February 8, 2006, multiple transfers that occur within a single month shall be treated as a single transfer. The look-back date shall be the date that is 60 months before the date the individual received or was otherwise eligible to receive institutional care or HCBS and has applied for medical assistance.

(e) Transfer period of ineligibility. If the individual or spouse has transferred assets for less than fair market value, the individual shall not be eligible for the services specified in paragraphs (a)(4) (A) through (D), as follows:

(1) For transfers before February 8, 2006, the penalty period shall be equal to the number of months calculated by taking the total cumulative uncompensated value of the assets transferred by the individual or spouse on or after the look-back date, divided by \$4,000.

(2) For transfers on and after February 8, 2006, the penalty period shall be equal to the number of days calculated by taking the total cumulative uncompensated value of the assets transferred by the individual or spouse on or after the look-back date, divided by the average daily private-pay cost of nursing facilities in the state in effect on the date the penalty begins. The average daily private-pay cost shall be determined at least annually based on the rates reported by the nursing facilities and compiled by department for aging and disability services.

(f) Penalty start date.

(1) The date on which the penalty period begins shall be determined by the date of the transfer, as follows:

(A) For transfers before February 8, 2006, the penalty start date shall be the first day of the month in which the transfer occurred for applicants and no

later than the second month following the month of transfer for recipients giving timely and adequate notice as defined in K.A.R. 129-7-65.

(B) For transfers on and after February 8, 2006, the penalty start date shall be the later of the following:

(i) For applicants, the later of the following: the first day of the month in which the transfer occurred or the first day on which the individual is eligible for medical assistance based on an application for medical assistance and is receiving institutional care or would be receiving HCBS but for the application of the penalty period; and

(ii) for recipients giving timely and adequate notice as defined in K.A.R. 129-7-65, no later than the second month following the month of transfer.

(2) Separately established penalty periods shall be served consecutively. Once the penalty period is imposed, the period shall not be interrupted or suspended even if the individual no longer receives institutional care or HCBS.

(3) If the spouse of the individual transfers an asset that results in a penalty period and that spouse is subsequently institutionalized and is determined otherwise eligible for medical assistance, the remaining penalty period shall be divided between the spouses.

(g) Hardship waiver.

(1) A penalty period shall be initially waived or suspended if the imposition of the penalty period would cause an undue hardship on the individual. To cause an "undue hardship" on the individual shall mean to deprive the individual of either of the following:

(A) Medical care to the extent that the individual's health or life would be endangered; or

(B) food, clothing, shelter, or other necessities of life to the extent that the individual would be at risk of serious harm.

(2) Undue hardship shall not exist if the application of a penalty period merely causes an individual or any individual's family members inconvenience or restricts their lifestyle. Undue hardship shall not exist if the individual transferred the assets to the spouse and the spouse refuses to cooperate in making the resources available to the individual.

(3)(A) Any individual claiming undue hardship may submit a written request to the department at any time during the penalty period. The request shall include a description of the undue hardship along with evidence to support the claim.

(B) The facility in which the individual resides shall obtain written consent from the individual or

the individual's personal representative in order to assert a claim of undue hardship on behalf of the individual and provide supporting information on behalf of the individual. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-60. Public institutions. (a) Definitions. For purposes of this regulation, each of the following terms shall have the meaning specified in this subsection:

(1) "Institution" means an establishment that furnishes food, shelter, and some form of treatment or services to four or more persons who are unrelated to the proprietor.

(2) "Public institution" means any institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control.

(b) Living arrangement. Each applicant or recipient who lives in a public institution shall be ineligible for medical assistance, unless the applicant or recipient meets one of the following conditions:

(1) Lives in a state institution and is under the age of 21 or at least aged 65;

(2) is blind or disabled, as defined by the social security administration, and is living in a state institution that has been approved as a medicaid intermediate care facility;

(3) is under the age of 21, under the age of 22 if receiving inpatient psychiatric care on the person's 21st birthday, or at least aged 65 and is receiving inpatient care in either of the following:

(A) A state institution that has been approved as a medicaid-accredited psychiatric hospital; or

(B) A nursing facility for mental health that has been approved for medicaid coverage of inpatient services;

(4) is receiving inpatient care in a psychiatric residential treatment facility, as defined in K.A.R. 28-4-1200, and is under the age of 21 or, if receiving inpatient treatment on the person's 21st birthday, under the age of 22; or

(5) meets the provisions of subsection (c) regarding persons who are residing in a jail or prison or under the care, custody, and control of the criminal justice system.

(c) Residing in a correctional facility.

(1) For purposes of this subsection, an inmate shall mean a person serving time for a criminal offense or confined involuntarily in a state cor-

rectional facility. Inmates in other correctional facilities, including county or city correctional facilities, shall not be eligible under this paragraph. The following requirements shall apply:

(A) The inmate shall otherwise qualify for medicaid and meet all general and financial eligibility criteria for the appropriate medical program. No inmate shall be eligible for medical assistance under K.A.R. 129-6-86.

(B) Each inmate shall be covered for inpatient services received outside of the correctional facility. No coverage shall be provided for outpatient care outside of the correctional facility or for medical services provided on the premises of the facility.

(C) For budgeting purposes, each inmate shall be treated as a household of one, except for pregnant women. Each pregnant woman shall be treated as a household of two or more, based on the number of children the woman is expected to deliver. Neither the income nor resources of the parent or the spouse of the inmate shall be included in the eligibility determination.

(2) The following provisions shall apply to each individual in a correctional facility:

(A) Except as noted in paragraph (c)(2)(B), there shall be no eligibility for medicaid for each person who meets any of the following conditions:

(i) Is physically residing in a correctional facility;

(ii) is an accused person or convicted criminal under the custody of the juvenile or adult criminal justice system. A person may receive medical assistance if there is no indication of custody or if the person has been pardoned or released on the person's own recognizance, is on probation, parole, bail, or bond, or is participating in a prison diversion program operated by a privately supported facility; or

(iii) is placed in a detention facility.

(B) Any inmate of a correctional facility administered by the department of corrections may be eligible for medical assistance to cover inpatient hospital services. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-63. Assignment of rights to support or other third-party payments. Each applicant or recipient shall assign to the secretary any accrued, present, or future rights to the following:

(a) Medical support payments received for any individual for whom medical assistance is claimed; and

(b) third-party payments for medical care that the individual could receive on the individual's own behalf or on behalf of any other family member who is or would be in the individual's assistance plan. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-65. Automatic eligibles. Each of the following individuals shall be automatically eligible for medical assistance without meeting any additional requirements, except that the individual shall meet the general eligibility requirements of K.A.R. 129-6-50 and 129-6-109(c)(2):

(a) A person who is legally entitled to and receiving supplemental security income (SSI) benefits and who is in compliance with the residence requirements of K.A.R. 129-6-55;

(b) a person who is legally entitled to and receiving state supplemental payments from Kansas related to SSI;

(c) a person who is determined by the social security administration to retain recipient status, although the person is not currently receiving an SSI benefit;

(d) a person who is mandated to receive inpatient treatment for tuberculosis;

(e) a child born to a mother who is eligible for and receiving medicaid at the time of birth, including receiving medical assistance under K.A.R. 129-6-97, for up to one year, if the mother remains eligible for medicaid or would be eligible for medicaid if still pregnant. Eligibility for the child shall continue, unless the child dies or is no longer a resident of the state or action is taken to voluntarily terminate coverage;

(f) a child receiving foster care payments in an out-of-home placement, regardless of the state making the payments;

(g) a child for whom an adoption assistance agreement under title IV-E is in effect, even if adoption assistance payments are not being made or the adoption assistance agreement was entered into with another state. Eligibility shall begin when the child is placed for adoption, even if an interlocutory decree of adoption or a judicial decree of adoption has not been issued;

(h) a child for whom a non-title IV-E adoption assistance agreement is in effect between the state and the adoptive parents and who cannot be placed without medical assistance because the child has special needs for medical or rehabilitative care; and

(i) a child receiving title IV-E guardianship care payments. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-70. Medicaid determined eligibles; eligibility factors specific to qualifying families. (a) Each applicant or recipient shall meet the general eligibility requirements of K.A.R. 129-6-50 and the specific eligibility requirements in this regulation.

(b) Each family shall include a caretaker and the children of the caretaker who are under 19 years of age. Any family may also include a pregnant woman and her unborn child or children.

(c) Household income as determined under K.A.R. 129-6-53 shall not exceed the income standard specified in K.A.R. 129-6-103(a)(3).

(d) Eligibility for medical assistance under this regulation shall continue for each person who receives medical assistance under this regulation for at least three of the six months immediately before the month in which the person became ineligible for medical assistance under this regulation as a result, in whole or in part, of collection or increased collection of spousal support. Eligibility for medical assistance shall continue for the four months immediately after the last month in which the person was eligible and legally entitled to receive medical assistance under this regulation if the person remains ineligible for medical assistance under this regulation due to collection or increased collection of spousal support.

(e) Eligibility for medical assistance under this regulation shall continue for each person who is included in the assistance plan of a family that has received medical assistance under this regulation in three of the six months immediately before the first month in which the family has lost eligibility for medical assistance under this regulation due solely to increased earned income or hours of employment of the caretaker, including an increase in the amount paid for hours of work.

Assistance shall be provided for a period not to exceed 12 months. Eligibility shall end for any individual who leaves the family and for any child who no longer meets the age requirements of subsection (b). (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-71. Medicaid determined eligibles; poverty-level pregnant women. (a) Each applicant or recipient shall meet the general eligibility requirements of K.A.R. 129-6-50 and the specific eligibility requirements in this regulation.

(b) Each eligible woman shall be pregnant. Assistance under this regulation shall continue for two calendar months following the month in which the pregnancy terminates. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-72. Medicaid determined eligibles; poverty-level children. (a) Each applicant or recipient shall meet the general eligibility requirements of K.A.R. 129-6-50 and the specific eligibility requirements in this regulation.

(b) For infants, each eligible infant shall be under one year of age. Medical assistance under this regulation shall continue according to either of the following:

(1) Through the month in which the child reaches the age of one; or

(2) if receiving inpatient services in the month in which the child reaches the age of one, according to the earlier of the following:

(A) Through the calendar month in which the inpatient care ends; or

(B) through the calendar month following the month in which the inpatient care begins. If the inpatient care will exceed this time period, eligibility for the child under this regulation shall end on the last day of the calendar month in which the child reaches the age of one.

(c) For young children, each eligible child shall be at least one year of age, but no older than five years of age. Medical assistance under this regulation shall continue according to either of the following:

(1) Through the month in which the child reaches the age of six; or

(2) if receiving inpatient services in the month in which the child reaches the age of six, according to the earlier of the following:

(A) Through the calendar month in which the inpatient care ends; or

(B) through the calendar month following the month in which the inpatient care begins. If the inpatient care will exceed this time period, eligibility for the child under this regulation shall end on the last day of the calendar month in which the child reaches the age of six.

(d) For older children, each eligible child shall be at least six years of age but under the age of 19. A child who meets the poverty income guidelines of K.A.R. 129-6-103(a)(6) shall not currently be covered under a “group health plan” or under “health insurance coverage” as defined in 42 U.S.C. 300gg-91. The child shall not be considered covered if the child does not have reasonable geographic access to care under that plan or coverage. Reasonable geographic access to care shall mean that the child routinely does not have to travel more than 50 miles to reach providers participating in the plan or coverage. Medical assistance under this regulation shall continue according to any of the following:

(1) Through the month in which the child reaches the age of 19; or

(2) if receiving inpatient services in the month in which the child reaches the age of 19, according to the earlier of the following:

(A) Through the calendar month in which the inpatient care ends; or

(B) through the calendar month following the month in which the inpatient care begins. If the inpatient care will exceed this time period, eligibility for the child under this regulation shall end on the last day of the calendar month in which the child reaches the age of 19; or

(3) through the calendar month the child who meets the poverty-level income guidelines of K.A.R. 129-6-103(a)(6) becomes covered under a group health plan or under health insurance coverage in accordance with this subsection.

(e) A percentage of the federal poverty-level income guidelines as established in K.A.R. 129-6-103(a)(4) for infants, K.A.R. 129-6-103(a)(5) for young children, and K.A.R. 129-6-103(a)(6) for older children shall be used as the income standard for the number of persons in the assistance plan in accordance with K.A.R. 129-6-41. The total applicable income to be considered in the eligibility base period shall be compared against the poverty level for the base period. To be eligible under this regulation, the total applicable income shall not exceed the poverty level established for the base period. (Authorized by and implementing K.S.A. 2012 Supp. 64-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-73. Medicaid determined eligibles; eligibility factors specific to pregnant women. (a) Each pregnant applicant or recipient shall meet the general eligibility requirements of

K.A.R. 129-6-50. In addition, the applicant or recipient shall not be eligible for medical assistance under K.A.R. 129-6-71.

(b) Financial eligibility under this regulation shall be determined for each month as if the unborn child were already born and living with the applicant or recipient and shall be based on the number of children that the applicant or recipient is expected to deliver.

(c) Assistance under this regulation shall continue for the two calendar months following the month in which the pregnancy terminates. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-74. Medicaid determined eligibles; eligibility factors specific to children. Each child shall meet the applicable general eligibility requirements of K.A.R. 129-6-50 and the following requirements:

(a) The child shall be under 19 years of age.

(b) The child shall not be eligible for medical assistance under K.A.R. 129-6-72. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-77. (Authorized by and implementing K.S.A. 2005 Supp. 75-7412; effective June 30, 2006; revoked, T-129-10-31-13, Nov. 1, 2013; revoked Feb. 28, 2014.)

129-6-80. Medicaid determined eligibles; eligibility factors specific to children in foster care. To be eligible for participation in the medical assistance program related to foster care, each child shall meet the following requirements:

(a) Meet the general eligibility requirements of K.A.R. 129-6-50;

(b) be under the age of 18 or be a full-time elementary or secondary school student who is qualified to receive foster care maintenance payments under title IV-E of the social security act, 42 U.S.C. 670 et seq.;

(c) be placed in a living arrangement approved by the secretary, including a foster family home, a private nonprofit child care facility, a medicaid-approved medical facility, a medicaid-accredited psychiatric hospital, or an intermediate care facility; and

(d) have a written order issued by a court giving care, custody, and control of the child to one of the following:

(1) The secretary of the department for children and families;

(2) in the case of an Indian child as defined by the federal Indian child welfare act, the four tribes social services child-placing agency; or

(3) the secretary of the department of corrections. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-81. Medicaid determined eligibles; eligibility factors specific to children living in medicaid-accredited psychiatric hospitals, intermediate care facilities, or residential treatment facilities. To be eligible for participation in the medical assistance program under this regulation, each child shall meet the following requirements:

(a) Meet the general eligibility requirements of K.A.R. 129-6-50; and

(b) be under the age of 21 or, if receiving inpatient psychiatric care on the person's 21st birthday and currently receiving inpatient care in either of the following, be under the age of 22:

(1) A state institution that has been approved as a medicaid-accredited psychiatric hospital or intermediate care facility; or

(2) a psychiatric residential treatment facility as defined in K.A.R. 28-4-1200. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-82. Medicaid determined eligibles; eligibility factors specific to HCBS. (a) To be eligible for participation in the medical assistance program under this regulation, each person shall meet the following requirements:

(1) Meet the general eligibility requirements of K.A.R. 129-6-50;

(2) be assessed as in need of long-term care services in an institutional setting pursuant to K.S.A. 39-968, and amendments thereto, and choose to receive HCBS if these services are available; and

(3) be in an approved waiver under 42 U.S.C. 1315 or 1396n, or both.

(b) Each person transitioning from a nursing facility or an intermediate care facility for people with intellectual disability to the community shall be provided HCBS if the person meets the following requirements:

(1)(A) Is 65 years of age or older in accordance with K.A.R. 129-6-85(a);

(B) is physically disabled in accordance with K.A.R. 129-6-85(c) and is 16 through 64 years of age;

(C) is five years of age or older, has an intellectual disability, and meets the level of care for an intermediate care facility for people with intellectual disability; or

(D) is between the ages of 16 and 65 and has a traumatically acquired head injury requiring care in a rehabilitation facility as determined by screening; and

(2) has been in the facility for at least 90 days and received medicaid for at least 30 days. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-83. Medicaid determined eligibles; eligibility factors specific to PACE. (a) To be eligible for participation in the medical assistance program under this regulation, each person shall meet the following requirements:

(1) Meet the general eligibility requirements of K.A.R. 129-6-50;

(2) be assessed as in need of long-term care services in an institutional setting;

(3) be 55 years of age or older and residing in a PACE service area as authorized by the secretary; and

(4) meet the disability criteria of K.A.R. 129-6-85(b) or (c) if aged 55 through 64.

(b) Financial eligibility shall be determined based on the living arrangement of the individual. If services are provided in a noninstitutional living arrangement, eligibility shall be determined in accordance with the regulations applicable to the home- and community-based services program. If services are provided in an institutional living arrangement, eligibility shall be determined in accordance with the regulations applicable to persons receiving long-term care in an institutional arrangement. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-84. Medicaid determined eligibles; eligibility factors specific to work opportunities reward Kansans (WORK). (a) To be eligible for participation in the medical assistance program under this regulation, each person shall meet the following requirements:

(1) Meet the general eligibility requirements of K.A.R. 129-6-50;

(2) be eligible for and receiving assistance under K.A.R. 129-6-88;

(3) be employed in a competitive, integrated work setting in which work is performed in the competitive labor market on a full-time or part-time basis for which individuals are compensated at or above minimum wage, but not less than the customary wage and level of benefits paid to a nondisabled individual for the same or similar work. The work shall be performed in a setting typically found in the community in which individuals with the most severe disabilities interact with nondisabled individuals according to the duties and responsibilities of the position; and

(4) be determined by an assessor authorized by the secretary to need WORK services in order to live and work in the community.

(b) The financial eligibility and premium requirements of K.A.R. 129-6-88 shall be applicable.

(c) Each individual's participation in WORK shall be based on the individual's voluntary acceptance of and agreement with the regulatory and policy requirements of the program in accordance with a participation agreement. An individual's refusal or failure to comply with the regulatory and policy requirements of the program shall be the basis for termination of the individual's participation in the program. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-85. Medicaid determined eligibles; eligibility factors specific to the aged, blind, or disabled (ABD). Each applicant or recipient shall meet general eligibility requirements of K.A.R. 129-6-50 and one of the following specific eligibility requirements to be eligible for participation in the medical assistance program related to ABD:

(a) Age. Each individual shall have attained the age of 65 before or within the month for which eligibility is being determined.

(b) Blindness. Each individual shall be blind, based on social security administration criteria.

(c) Disability. Each individual shall be determined disabled, based on social security administration criteria. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-86. Poverty-level, low-income, and expanded low-income medicare beneficiaries; determined eligibles. (a) Each applicant or recipient shall meet the general eligibility requirements of K.A.R. 129-6-50 and the following specific eligibility requirements:

(1) Medicare part A beneficiary. Each individual shall be entitled to medicare part A benefits.

(2) Financial eligibility. A percentage of the official federal poverty-level income guidelines as established in K.A.R. 129-6-103 shall be used as the income standard for the number of persons in the assistance plan and any other persons whose income is considered. The total applicable income to be considered in the eligibility base period shall be compared against the poverty level for the base period. However, the amount of an annual social security cost-of-living adjustment shall be disregarded in determining eligibility during the first quarter of the year for which the adjustment is provided.

For an individual to be eligible, the total applicable income shall not exceed the poverty level established for the base period. The individual also shall not own nonexempt real or personal property with a resource value in excess of the allowable amounts specified in K.A.R. 129-6-107(b)(1) for the number of persons whose nonexempt resources are considered available to the individual.

(b) Medical assistance provided. Medical assistance under this regulation for each poverty-level medicare beneficiary meeting the poverty-level income guidelines of K.A.R. 129-6-103(a)(7) shall be limited to the payment of allowable medicare premiums, deductibles, and coinsurance. Medical assistance for each low-income medicare beneficiary meeting the poverty-level income guidelines of K.A.R. 129-6-103(a)(9) shall be limited to the payment of medicare part B premiums only. Medical assistance for each expanded low-income medicare beneficiary meeting the poverty-level income guidelines of K.A.R. 129-6-103(a)(10) shall be limited to the payment of medicare part B premiums only, and the person shall not seek coverage under any other type of medical assistance. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-87. Poverty-level working disabled individuals; determined eligibles. (a) Each applicant or recipient shall meet the general eli-

gibility requirements of K.A.R. 129-6-50 and the following specific eligibility requirements:

(1) Medicare part A beneficiary. Each individual shall be entitled to medicare part A benefits under 42 U.S.C. 1395i-2a.

(2) Financial eligibility. A percentage of the official federal poverty income guidelines as specified in K.A.R. 129-6-103(a)(8) shall be used as the income standard for the number of persons in the assistance plan and any other persons whose income is considered. The total applicable income to be considered in the eligibility base period shall be compared against the poverty level for the base period. To be eligible under this regulation, the total applicable income shall not exceed the poverty level established for the base period. The individual shall also not own nonexempt real or personal property with a resource value in excess of twice the allowable amount specified in K.A.R. 129-6-107 for the number of persons whose nonexempt resources are considered available to the individual.

(b) Assistance provided. Assistance under this regulation shall be limited to the payment of medicare part A premiums. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-88. Disabled individuals with earned income; determined eligibles. (a) Each applicant and each recipient shall meet the general eligibility requirements of K.A.R. 129-6-50 and the following specific eligibility requirements:

(1) Each individual shall be at least 16 years old but less than 65 years old.

(2) Each individual shall meet the blindness or disability requirements of K.A.R. 129-6-85.

(3) Each individual shall have earned income that is subject to federal insurance contributions act (FICA) taxes.

(b) Financial eligibility shall be based on a percentage of the official poverty-level income guidelines as established in K.A.R. 129-6-103(a)(11), which shall be used as the income standard for the number of persons in the assistance plan and any other persons whose income is considered. Monthly applicable income to be considered in the eligibility base period shall be compared against the poverty level for the base period. For an individual to be eligible under this regulation, the monthly applicable income shall not exceed

the poverty level established for the base period. If the individual also owns nonexempt real or personal property with a resource value in excess of \$15,000, which shall include any nonexempt resources of all family group members, that individual shall not be eligible under this regulation.

(c) For each individual whose monthly applicable income is at least 100 percent of the federal poverty-level income guidelines, a premium shall be required. This premium shall not exceed 7.5 percent of the monthly applicable income. Failure to pay the premium shall result in ineligibility.

(d) Each individual who is temporarily unemployed but intends to return to work shall continue to be eligible for coverage for not more than four months if all other eligibility factors are met. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-89. Individuals with breast or cervical cancer; determined eligibles. (a) Each applicant or recipient shall meet the general eligibility requirements of K.A.R. 129-6-55 and the following specific eligibility requirements:

(1) Each individual shall be screened for breast or cervical cancer under the breast and cervical cancer early detection program established under title XV of the public health service act, 42 U.S.C. 300k et seq., by the centers for disease control and prevention and shall be found to need treatment for either breast or cervical cancer.

(2) Each individual shall be uninsured and not be otherwise eligible for medical assistance under this article.

(3) Each individual shall be under the age of 65.

(b) Eligibility for coverage under this regulation shall end when the course of treatment is completed or if the individual no longer meets the eligibility requirements. There shall be no financial eligibility requirements. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-91. Youth formerly in foster care; determined eligibles. Each applicant or recipient shall meet the general eligibility requirements of K.A.R. 129-6-50 and the following conditions:

(a) In the month of the individual's 18th birthday, be in the custody of the department for children and families or the department of corrections and be in an out-of-home placement; and

(b) be at least 18 years old but under the age of 26. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-94. Non-medicaid determined eligibles; eligibility factors specific to persons living in nursing facilities for mental health.

(a) To be eligible for participation in the medical assistance program under this regulation, each individual shall meet the following conditions:

(1) Meet the general eligibility requirements of K.A.R. 129-6-50;

(2) be aged 21 or older and under the age of 65;

(3) have a "severe and persistent mental illness," as defined in K.A.R. 30-10-1a;

(4) be otherwise eligible for medicaid; and

(5) not meet the requirements of K.A.R. 129-6-60(b) or 129-6-81(b).

(b) Eligibility shall be determined based on the financial eligibility standards and methodologies applicable to persons in institutional arrangements as specified in K.A.R. 129-6-42(c), 129-6-54(d), and 129-6-103(b).

(c) Whether an individual has a severe and persistent mental illness shall be determined by a qualified mental health professional employed by a participating mental health center, as defined in K.S.A. 59-2946 and amendments thereto. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-95. Non-medicaid determined eligibles; eligibility factors specific to the medikan program. (a) To be eligible for participation in the medical assistance program under this regulation, each individual shall meet the following conditions:

(1) Not be otherwise eligible for medicaid and not be rendered ineligible for medicaid by either deliberate or voluntary actions on the part of the individual;

(2) meet the general eligibility requirements of K.A.R. 129-6-50;

(3) be aged 18 or older and under the age of 65; and

(4) have a severe impairment that significantly limits physical or mental ability to do basic work activity and is expected to last at least 12 months or result in death.

(b) Each individual shall apply for social security disability benefits and cooperate in that process,

to remain eligible. Each person who qualifies for social security disability benefits shall no longer be eligible for assistance under the medikan program.

(c) If the individual is married, the individual and the individual's spouse shall both qualify for medikan to be eligible for assistance.

(d) Assistance under this regulation shall be limited to 12 months in a lifetime.

(e) Temporary coverage under this regulation shall be provided to any person discharged from a medicaid-approved psychiatric hospital, from the Larned correctional mental health facility central unit, or from the Larned state security program. Medical assistance shall be provided at the time of discharge and may continue for not more than two additional months to facilitate the person's discharge plan. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-96. Continuous eligibility for children and certain adult eligibles. (a) Children. Except for children determined eligible for presumptive medical assistance as specified in K.A.R. 129-6-151, each child under the age of 19 who becomes eligible for medicaid under any category of medical assistance shall continue to be eligible for medical assistance for 12 months beginning with the month in which eligibility is determined or re-determined regardless of any changes in circumstances, except for any of the following:

(1) The child reaches the age of 19.

(2) Medical assistance for the child is voluntarily terminated.

(3) The child no longer resides in Kansas.

(4) The secretary determines that eligibility was granted erroneously because of fraud or department error.

(5) The child dies.

(b) Adults. Each nonpregnant adult who becomes eligible for medicaid under K.A.R. 129-6-70 shall continue to be eligible for medical assistance for 12 months beginning with the month eligibility is determined or redetermined regardless of any change in income, except for any of the following:

(1) Medical assistance for the adult is voluntarily terminated.

(2) The adult no longer resides in the state.

(3) The secretary determines that eligibility was granted erroneously because of fraud or department error.

(4) The adult dies.

(5) The adult enters a correctional or detention facility.

(6) The adult becomes eligible for coverage of nursing facility care or HCBS.

(7) The adult becomes eligible for supplemental security income. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-97. Emergency medical services for certain noncitizens. (a) Each noncitizen who does not meet the requirements of K.A.R. 129-6-55(b) but who is otherwise eligible for medicaid shall receive coverage as specified in subsection (b) of this regulation. The general requirements of K.A.R. 129-6-50, except for K.A.R. 129-6-55(b) and 129-6-56(c), shall be applicable.

(b)(1) Eligibility shall be limited to coverage of an emergency medical condition, as approved by the secretary, that requires emergency medical treatment after the sudden onset of a condition, including labor and delivery, manifesting itself by acute symptoms of sufficient severity, including severe pain, so that the absence of immediate medical attention could reasonably be expected to result in any of the following:

(A) Serious jeopardy to the patient's health;

(B) serious impairment of bodily functions; or

(C) serious dysfunction of any bodily organ or part.

(2) Coverage shall be limited only to treatment of the emergency condition. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-103. Determined eligibles; income standards. (a) Independent living arrangements.

(1) The income standard for each person in an independent living arrangement shall be based on the total number of persons in the assistance plan as defined in K.A.R. 129-6-41 or 129-6-42.

(2) The income standards for independent living may also be used if an applicant or recipient meets either of the following conditions:

(A) Enters a medicaid-approved facility, except that this paragraph shall not apply if only one spouse in a married couple enters an institutional living arrangement; or

(B) is absent from the home for medical care for a period not to exceed the month in which the

person left the home and the two months following to allow for maintaining the applicant's or recipient's independent living arrangements.

(3) Except as specified in paragraphs (a)(4) through (13), the following table shall be used to determine the income standard for persons in an independent living arrangement.

| Persons in Independent Living (per month) | | |
|--|-------|-------|
| 1 | 2 | 3 |
| \$475 | \$475 | \$480 |

The income standard for additional persons shall be the sum of the basic standard for a similar public assistance family and the maximum state shelter standard in accordance with K.A.R. 30-4-101.

(4) In determining eligibility for pregnant women under K.A.R. 129-6-71 and for infants under K.A.R. 129-6-72(b), the income standard shall be 166 percent of the official federal poverty-level income guidelines.

(5) In determining eligibility for young children under K.A.R. 129-6-72(c), the income standard shall be 149 percent of the official federal poverty-level income guidelines.

(6) In determining eligibility for older children under K.A.R. 129-6-72(d), the income standard shall be 133 percent of the official poverty-level income guidelines.

(7) In determining eligibility for poverty-level medicare beneficiaries under K.A.R. 129-6-86, the income standard shall be 100 percent of the official federal poverty-level income guidelines.

(8) In determining eligibility for working disabled individuals under K.A.R. 129-6-87, the income standard shall be 200 percent of the official federal poverty-level income guidelines.

(9) In determining eligibility for low-income medicare beneficiaries under K.A.R. 129-6-86, the income standard shall be 120 percent of the official federal poverty-level income guidelines.

(10) In determining eligibility for expanded low-income medicare beneficiaries under K.A.R. 129-6-86, the income standard shall be 120 to 135 percent of the official federal poverty-level income guidelines, subject to available federal funding.

(11) In determining eligibility for disabled individuals with earned income under K.A.R. 129-6-88, the income standard shall be 300 percent of the official federal poverty-level income guidelines.

(12) In determining eligibility for persons in the medikan program under K.A.R. 129-6-95, the income standard shall be \$250 for a single individual and \$325 for a married couple.

(13) In determining eligibility for persons in long-term care arrangements in accordance with K.A.R. 129-6-54(d)(1), the income standard shall be 300 percent of the payment standard for one person in the SSI program. For calendar year 2013, the income standard shall be \$2,130, and this amount shall be increased at the beginning of each calendar year by any cost-of-living adjustment made to the SSI payment standard.

(b) Institutional living arrangements. For each person residing in an institutional setting, the monthly income standard for purposes of determining the client obligation shall be \$62, except as specified in paragraph (a)(2).

(c) Home- and community-based services arrangements. For each person in the HCBS program, including any person in the PACE program who is in a noninstitutional living arrangement in accordance with K.A.R. 129-6-83(b), the monthly income standard for purposes of determining the client obligation shall be \$727. (Authorized by and implementing K.S.A. 2013 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-106. General requirements for consideration of resources, including real property, personal property, and income.

(a) For purposes of determining eligibility for medical assistance, legal title shall determine ownership. In the absence of legal title, possession shall determine ownership.

(b) Each resource shall be of a nature that the value can be defined and measured, according to the following:

(1) Real property. The value of real property shall be initially determined by the latest uniform statewide appraisal value of the property, which shall be adjusted to reflect current market value. If the property has not been appraised or if the market value determined is not satisfactory to the applicant, recipient, or department, an estimate or appraisal of the value of the property shall be obtained from an impartial real estate broker. The cost of obtaining an estimate or appraisal shall be paid by the department.

(2) Personal property. The market value of personal property shall be initially determined using a reputable trade publication. If such a publica-

tion is not available or if there is a difference of opinion between the department and the individual regarding the value of the property, an estimate from a reputable dealer shall be used. The cost of obtaining an estimate or appraisal shall be paid by the department.

(c)(1) Resources shall be considered available if the resources are actually available and the applicant or recipient has the legal ability to make the resources available. A resource shall be considered unavailable if there is a legal impediment that precludes the disposal of the resource. The applicant or recipient shall pursue reasonable steps to overcome the legal impediment, unless it is determined that the cost of pursuing legal action would exceed the resource value of the property or it is unlikely the applicant or recipient would succeed in the legal action. This paragraph shall also apply to the spouse of the applicant or recipient.

(2) Real property shall be considered unavailable if the property cannot be sold for one of the following reasons:

(A) The property is jointly owned, and its sale would cause undue hardship because of the loss of housing for the other owner or owners.

(B) The owner's reasonable efforts to sell the property have been unsuccessful.

(d) The resource value of property shall be the value of the applicant's or recipient's equity in the property. Unless otherwise established, the proportionate share of jointly owned real property and the full value of jointly owned personal property shall be considered available to the applicant or recipient. Resources held jointly with a nonlegally responsible person may be excluded from consideration if the applicant or recipient demonstrates that all of the following conditions exist:

(1) The applicant or recipient has no ownership interest in the resource.

(2) The applicant or recipient has not contributed to the resource.

(3) Any access to the resource by the applicant or recipient is limited to those duties performed while the applicant or recipient is acting as an agent for the other person.

(e) Except for persons described in K.A.R. 129-6-34(c)(1) and 129-6-34(c)(2)(A) through (I), the nonexempt resources of all persons in the assistance plan shall be considered in determining eligibility. Exempted resources as defined in K.A.R. 129-6-108(d) and 129-6-109(e) that are put in a trust that meets the requirements of K.A.R. 129-

6-109(c)(1) or (c)(2)(A) shall be regarded as nonexempt, unless paragraphs (k)(4) and (6) of this regulation are applicable.

(f)(1) The combined resources of husband and wife, if they are living together, shall be considered in determining the eligibility of either individual or both individuals for the medical assistance program, except as noted in subsection (e) or unless otherwise prohibited by law.

(2) A husband and wife shall be considered to be living together if they are regularly residing in the same household. Temporary absences of either the husband or the wife for education, training, working, securing medical treatment, or visiting shall not interrupt the period of time during which the couple is considered to be living together.

(3) A husband and wife shall not be considered to be living together if they are physically separated and not maintaining a common life or if one or both enter into an institutional living arrangement, including either a medicaid-approved or non-medicaid-approved medical facility or an HCBS care arrangement.

(A) If only one spouse enters an institutional living arrangement, subsection (k) shall apply.

(B) If both spouses enter an institutional living arrangement, the combined resources of the husband and wife shall be considered available to both individuals for the month in which the institutional arrangement begins.

(g) Except as noted in subsection (e), the resources of an ineligible parent shall be considered in determining the eligibility of a minor child for the medical assistance program if the parent and child are living together. However, these resources shall not be considered for any child in an institutional arrangement or an HCBS arrangement beginning with the month following the month in which the arrangement begins.

(h) Despite subsections (e), (f), and (g), the resources of an SSI beneficiary shall not be considered in the determination of eligibility for medical assistance of any other person.

(i) The conversion of real property and personal property from one form of resource to another shall not be considered to be income to the applicant or recipient, except for the proceeds from a contract for the sale of property.

(j) Income shall not be considered to be both income and property in the same month.

(k) If one spouse enters an institutional living arrangement, the other spouse remains in the

community, and an application for medical assistance is made on behalf of the institutionalized spouse, an income determination according to the following requirements shall be applied first in determining eligibility:

(1) The separate income of each spouse shall not be considered to be available to the other spouse beginning in the month in which the institutional arrangement begins. One-half of the income that is paid in the names of both spouses shall be considered available to each spouse, unless it is otherwise established that less or more than this amount is available. Income that is paid in the name of either spouse, or in the name of both spouses and the name of another person or persons, shall be considered available to each spouse in proportion to the spouse's interest, unless it is otherwise established that less or more than this amount is available.

(2)(A) A monthly income allowance for the community spouse shall be deducted from the income of the institutionalized spouse in determining the amount of patient liability for each person in an institutional living arrangement or in a spenddown status for each person in an HCBS arrangement.

(B) The income allowance for the community spouse, when added to the income already available to that spouse, shall not exceed 150 percent of the official federal poverty-level income guideline for two persons plus the amount of any excess shelter allowance. "Excess shelter allowance" shall mean the amount by which the community spouse's expenses for rent or mortgage payments, taxes and insurance for the community spouse's principal residence, and the supplemental nutrition assistance program (SNAP) standard utility allowance, 7 U.S.C. 2014(e), exceed 30 percent of 150 percent of the federal poverty-level income guideline amount specified in this paragraph.

(C) The maximum monthly income allowance that may be provided under paragraph (k)(2) shall be \$1,500. The \$1,500 limitation shall be increased at the beginning of each calendar year by the same percentage as the percentage increase in the consumer price index for all urban consumers between September 1988 and the September before the applicable calendar year.

(D) If a greater income allowance is provided under a court order of support or through the Kansas administrative hearing process, that amount shall be used in place of the limits specified in paragraph (k)(2)(C).

(3) A monthly income allowance for each dependent family member shall be deducted from the income of the institutionalized spouse in determining the 300 percent income limit as specified in K.A.R. 129-6-54(d)(1) and the amount of client obligation for each person in an institutional living arrangement or in an HCBS arrangement.

(A) "Dependent family member" shall mean a person who is a minor or dependent child, dependent parent, or dependent sibling of either spouse and who lives with the community spouse.

(B) The allowance for each member shall be equal to one-third of 150 percent of the official federal poverty-level income guideline for two persons.

(C) An allowance for a dependent family member shall not be provided if the family member's gross income exceeds 150 percent of the federal poverty-level income guideline for two persons.

(4) If the spouse is institutionalized on or after September 30, 1989, the nonexempt real property and personal property of both spouses shall be considered in determining the eligibility of the institutionalized spouse, based on the amount of property in excess of the community spouse property allowance specified in paragraph (k)(6), whether or not this allowance will be made.

(A) If the excess property is within the allowable resource standards of K.A.R. 129-6-107, the institutionalized spouse shall be eligible.

(B) In the month following the first month of eligibility for the institutionalized spouse, only the property of the institutionalized spouse shall be considered available in determining continuing eligibility, except for property to be transferred in accordance with paragraph (k)(6).

(5) If the spouse was institutionalized before September 30, 1989, the real property and personal property of each spouse shall be considered available to the other spouse in the month in which the institutional arrangement began. Thereafter, the property of each spouse shall not be considered available to the other spouse.

(6) The institutionalized spouse may make available to the community spouse a property allowance that, when added to the property already available to the community spouse, would be equal to one-half of the total value of the property owned by both spouses at the beginning of the first period of continuous institutionalization beginning on or after September 30, 1989.

(A) This property allowance shall not exceed \$60,000 and shall be at least \$12,000. Both the

\$12,000 and the \$60,000 limits shall be increased at the beginning of each calendar year by the same percentage as the percentage increase in the consumer price index for all urban consumers between September 1988 and the September before the applicable calendar year.

(B) If a greater property allowance is provided under a court order of support or through the Kansas administrative hearing process, that amount shall be used in place of the limits specified in paragraph (k)(6)(A). If a greater property allowance is required to increase the community spouse's income to the amount allowed under paragraphs (k)(2)(B) and (C), a fair hearing officer shall take into account the income-generating value of the current property allowance as well as the additional property allowance requested. The property provided shall be invested so that income is maximized, including through a single-premium annuity, and based on the salable or market value of the property.

(7) The amount of property received by the community spouse as a result of the property allowance determined in paragraph (k)(6) shall not be considered in determining the eligibility of the institutionalized spouse, except as provided in paragraph (k)(4). If the institutionalized spouse will be eligible based upon transferring sufficient property to the community spouse to equal the amount of the property allowance, the institutionalized spouse shall be given not more than 90 days from the date of application to transfer the property. Additional time may be allowed for good cause. Pending disposition of the property, the institutionalized spouse shall be eligible during this period if all other eligibility factors are met.

(l) The resources of a noncitizen's sponsor and the sponsor's spouse shall be considered in determining eligibility for the sponsored noncitizen. (Authorized by and implementing K.S.A. 2013 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-107. Property exemption. (a) Ownership of otherwise nonexempt real property or personal property shall not affect eligibility if the aggregate resource value is not in excess of \$2,000 for one person or \$3,000 for two or more persons, including the number of persons whose nonexempt resources are considered available to a person in the assistance plan.

(b) Ownership of property with a resource value in excess of the amounts specified in subsection

(a) shall render the applicant or recipient and the members of the applicant's or recipient's assistance plan ineligible for medical assistance, except for the following:

(1) For medicare beneficiaries who meet the requirements of K.A.R. 129-6-86, the resource value shall be in excess of the following standards before the applicant or recipient and the members of the applicant's or recipient's family group shall be rendered ineligible:

(A) For calendar year 2006, \$6,000 for one person or \$9,000 for a couple; and

(B) for subsequent years, the amounts established in paragraph (b)(1)(A) increased by the annual percentage increase in the consumer price index for all items based on the United States city average as established in September of the previous year.

(2) For working disabled individuals who meet the requirements of K.A.R. 129-6-87, the resource value shall be over twice the amounts specified in subsection (a) before the applicant or recipient and the members of the applicant's or recipient's assistance plan shall be rendered ineligible.

(3) For disabled individuals with earned income who meet the requirements of K.A.R. 129-6-88, the resource value shall be over \$15,000 before the applicant or recipient and the members of the applicant's or recipient's assistance plan shall be rendered ineligible. If the applicant or recipient is making a bona fide and documented effort to dispose of the excess property at a reasonable market value, medical assistance for not more than nine months shall be provided. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-108. Real property. (a) Definitions.

(1) "Home" shall mean the house or shelter in which the applicant or recipient is living, as well as the tract of land and contiguous tracts of land upon which the house and other improvements essential to the use or enjoyment of the home are located. Tracts of land shall be considered to be contiguous if lying side by side, except for streets, alleys, and other easements. Pieces of property that touch only at the corners shall not be considered to be contiguous.

(2) "Other real property" shall mean real property other than a home, including land and buildings.

(b) Treatment of real property. The equity value of nonexempt real property shall be deemed

a resource. If a specific and discrete property interest of less than 100 percent is designated for real property, the full value shall be considered in the determination of eligibility, regardless of the exemptions specified in subsection (d).

(c) Substantial home equity. Each person who applies for long-term care on or after January 1, 2006 and has an equity interest in a home in excess of \$500,000 shall be ineligible for payment of care for a nursing facility or other institutional arrangement, HCBS arrangement, or PACE arrangement, unless one of the following persons continues to reside in the home:

- (1) The person's spouse;
- (2) the person's child, if the child meets the criteria of K.A.R. 129-6-85(b) or (c); or
- (3) the person's child, if the child is under the age of 21.

The \$500,000 limit shall be increased beginning in calendar year 2011 from year to year based on the percentage increase in the consumer price index for all urban consumers based on all items and the United States city average, rounded to the nearest \$1,000.

(d) Exempted real property. The equity value of the following classifications of real property shall be exempt, except as noted in subsections (b) and (c):

- (1) The home, except either of the following:
 - (A) A home from which an applicant or recipient has been absent and does not intend to return; or
 - (B) a home from which a person who enters an institutional living situation has been absent for at least three months, unless the absence is determined to be temporary or a spouse, dependent child, or another dependent relative remains in the home;
- (2) other real property that is essential for employment or self-employment;
- (3) income-producing other real property that is used in an individual's trade or business or that produces income consistent with its fair market value;
- (4) restricted or allotted land held by an enrolled member of an Indian tribe that cannot be sold or transferred without permission of other members of the tribe or a federal agency; and
- (5) real property that is directly related to the maintenance or use of a vehicle that is used primarily for producing income or is necessary to transport a physically disabled household member. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-109. Personal property. (a) Definitions. For purposes of this regulation, each of the following terms shall have the meaning specified in this regulation:

- (1) "Cash assets" means the following resources:
 - (A) Cash surrender or loan values of life insurance policies;
 - (B) investments;
 - (C) money;
 - (D) similar items from which a determinate amount of money can be realized; and
 - (E) trust funds.
- (2) "Other personal property" means the following:
 - (A) Contracts from the sale of property;
 - (B) equipment;
 - (C) home produce;
 - (D) household equipment and furnishings;
 - (E) inventory;
 - (F) livestock;
 - (G) personal effects;
 - (H) similar items from which a determinate amount of money can be realized; and
 - (I) vehicles.
- (3) "Personal property" means all property, excluding real property.
 - (b) Treatment of personal property. Personal property, unless exempted, shall be considered a resource. Each trust fund shall be subject to subsection (c).
 - (c) Treatment of trust funds. For purposes of determining an individual's eligibility for assistance or the amount of assistance, the requirements in this subsection shall apply to trust funds. The term "trust" shall include any legal instrument or device that is similar to a trust, including an annuity. The term "assets" shall be defined as specified in K.A.R. 129-6-57(a).
 - (1) For a revocable trust, the value of the trust shall be considered a resource available to the individual. Payments from the trust to or for the benefit of the individual shall be considered to be income. All other payments made from the trust shall be considered under the property transfer provisions of K.A.R. 129-6-57.
 - (2) For an irrevocable trust established after August 10, 1993, the following requirements shall apply:
 - (A) If there are any circumstances under which payment from an irrevocable trust could be made to the individual or for the benefit of the individual, the portion of the trust from which payment could be made shall be considered as a resource

available to the individual. Each payment made from the trust to the individual or for the benefit of the individual shall be considered income. All other payments made from the trust shall be considered under the property transfer provisions of K.A.R. 129-6-57.

(B) Each portion of the trust from which no payment could be made to the individual under any circumstances shall be considered under the transfer of assets provisions of K.A.R. 129-6-57 from the date of establishment of the trust or, if later, the date on which payment to the individual was restricted or foreclosed.

(C) An individual shall be considered to have established a trust if any assets of the individual were used to form all or part of the trust and if any of the following individuals established the trust, other than by will:

(i) The individual or the individual's spouse;
(ii) any person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual's spouse; or

(iii) any person, including any court or administrative body, acting at the direction or upon the request of the individual or the individual's spouse.

(D) If the principal of the trust includes assets of any other person or persons, this subsection shall apply to the portion of the trust attributable to the assets of the individual.

(E) This subsection shall apply without regard to the purposes for which the trust was established, whether or not the trustees have or exercise any discretion under the trust, any restrictions on when or whether distributions can be made from the trust, or any restrictions on the use of distributions from the trust.

(F) This subsection shall not apply to a trust that contains the assets of an individual under the age of 65 who meets the blindness or disability criteria of K.A.R. 129-6-85 and that is established for the benefit of the individual by a parent, grandparent, or legal guardian of the individual, or a court. The state shall receive all amounts remaining in the trust upon the death of the individual, up to an amount equal to the total medical assistance paid on behalf of the individual;

(G) This subsection shall not apply to a trust that contains the assets of an individual who meets the blindness or disability criteria of K.A.R. 129-6-85 if the trust meets all the following conditions:

(i) The trust is established by a nonprofit association.

(ii) A separate account is maintained for each beneficiary of the trust.

(iii) Accounts in the trust are established solely for the benefit of individuals who meet the blindness or disability criteria of K.A.R. 129-6-85.

(iv) Each account in the trust is established by that individual; the parent, grandparent, or legal guardian of the individual; or a court. The state shall receive all amounts remaining in the individual's account upon the death of the individual, up to an amount equal to the total medical assistance paid on behalf of the individual.

Establishment of a trust under paragraph (c)(2)(G) for an individual who is at least 65 shall be subject to the transfer of assets provisions of K.A.R. 129-6-57.

(H) The requirements of K.A.R. 129-6-109(c)(2) shall be waived if the secretary determines that a waiver is necessary to avoid undue hardship on the individual. A finding of undue hardship may be granted if the individual verifies that all of the following conditions have been met:

(i) The individual has exhausted all legal remedies for gaining access to the principal or income of the trust.

(ii) All otherwise available assets have been expended to meet living and medical expenses.

(iii) The individual's health or life would be endangered if the individual were deprived of medical care.

(3) For an irrevocable trust established with the individual's own assets on or before August 10, 1993, the following provisions shall apply:

(A) The trust shall be considered available up to the maximum value of the funds that can be made available under the terms of the trust on behalf of the individual if both of the following conditions are met:

(i) The individual is a beneficiary.

(ii) The trustees are permitted to exercise any discretion with respect to distribution to the individual.

(B) The trust may be established by the individual, the individual's spouse or parent, a legal guardian, or a legal representative who is acting on behalf of the individual.

(C) The amount from the trust that shall be considered as an available resource is the amount that could have been distributed but was not distributed within an eligibility base period. Each amount actually distributed shall be regarded as income. Each portion of the trust that is unavailable to the individual or is not used for the benefit of the in-

dividual shall be considered a transfer of property for less than fair market value in accordance with K.A.R. 129-6-57.

(D) K.A.R. 129-6-109(c)(3) shall not be applicable to any trust established before April 7, 1986 if the individual is a developmentally disabled individual who is residing in an intermediate care facility for people with intellectual disability and the trust is solely for the benefit of the individual.

(4) For any other trust, including a trust established with assets of someone other than the individual, the trust shall be considered available to the individual only if the individual has the ability to revoke or terminate the trust or to direct the use of the trust assets for the individual's own support and maintenance. Mandatory periodic payments received from a trust by the individual shall be considered an available resource equal to the present value of the anticipated payments, unless there is a valid spendthrift clause or other language in the trust that specifically prohibits anticipation of payments. If a valid spendthrift clause or other restrictive language exists, the periodic payments shall be considered countable unearned income.

(d) Treatment of annuities. The term "annuity" shall include any contract or device that conveys a right to receive a fixed, periodic source of income for a specified period of time. For purposes of determining an individual's eligibility for assistance or the amount of assistance, the following requirements shall apply:

(1) Each individual requesting medical assistance shall disclose any interest in an annuity. Failure to meet this requirement shall result in ineligibility for medical assistance due to noncooperation in accordance with K.A.R. 129-6-56.

(2) Retirement annuities, including civil service and railroad retirement annuities, shall be exempt as a resource, but the income received shall be countable unearned income.

(3) All other revocable and irrevocable annuities, including those reported to be nonassignable, shall be presumed to be an available resource. The right to either the principal or the income stream from an annuity shall be considered a countable resource. If the annuity can be sold, assigned, encumbered, or structured so that the benefit of the annuity can be received by someone other than the designated beneficiary, the annuity shall be considered available and shall be assigned a value.

(4) The fair market value of a revocable annuity shall be the cash value of the annuity. The fair

market value of an irrevocable annuity shall be the amount yet to be paid out under the terms of the contract.

(5) If the individual can furnish evidence from a reliable source that the annuity or the income stream from the annuity is not able to be received by someone other than the designated beneficiary, the annuity shall be reevaluated. Reliable sources concerning the availability of the annuity or income stream shall include banks and other financial institutions, insurance companies, and brokers.

(e) Exempted personal property. The resource value of the following types of personal property shall be exempt:

(1) Personal effects;

(2) household equipment and furnishings in use or only temporarily not in use;

(3) tools in use and necessary for the maintenance of a house or a garden;

(4) the stock and inventory of any self-employed person that are reasonable and necessary in the production of goods and services;

(5) items for home consumption, which shall consist of the following:

(A) Produce from a garden consumed from day to day and any excess that can be canned or stored; and

(B) a small flock of fowl or herd of livestock that is used to meet the food requirements of the family;

(6) cash assets that are traceable to income exempted as income and as a cash asset;

(7) one contract for the sale of property, if the proceeds from the contract are considered as income and the income is consistent with the repayment terms and conditions specified in the written contract;

(8) one vehicle for each family group receiving medical assistance if the primary purpose of the vehicle is to serve the needs of that family group. If someone who is not a member of that family group has the primary use, enjoyment, and possession of the vehicle, the vehicle shall not be exempted under this paragraph. Additional vehicles may be exempt if used over 50 percent of the time for employment or self-employment, if used as the family's home, if needed for medical treatment of a specific medical problem, or if specially equipped for use by a handicapped person;

(9) any individual development account (IDA) that meets the following requirements:

(A) The account shall be established by or on behalf of a temporary assistance for needy families

(TANF) recipient or by or on behalf of an individual participating in the assets for independence demonstration program (AFIA) and shall be used for a qualified purpose. A qualified purpose shall mean one or more of the following: postsecondary education expenses for college or vocational-technical school, excluding learning quest and other 529 accounts; first home purchase, if the person has not owned a home within three years of acquisition; or business capitalization, if the business plan has been approved by a financial institution or nonprofit loan fund. All funds withdrawn from an IDA and used for any purpose other than one of those listed in this paragraph shall count as unearned income in the month withdrawn; and

(B) the IDA shall be a trust funded through periodic contributions by the establishing individual and may be matched by or through a qualified entity for a qualified purpose. A qualified entity to match IDA funds for a TANF recipient shall be either a not-for-profit organization described in 8 U.S.C. 501(c)(3) and exempt from taxation under 8 U.S.C. 501(a) or a state or local government agency acting in cooperation with a 501(c)(3) organization. For AFIA participants, matching contributions shall be made by the federal government through a grantee;

(10) low-income family postsecondary savings accounts incentive program established pursuant to K.S.A. 2012 Supp. 75-650, and amendments thereto;

(11) life insurance that is owned by an applicant or recipient if one of the following conditions is met:

(A) The policy has no potential cash surrender value;

(B) the policy does not exceed \$1,500 face value. The face value shall not include and shall not be increased by accumulated dividends, but shall be decreased by any outstanding policy loan. If the total face value of insurance policies owned by any one individual exceeds \$1,500, the total cash surrender value of those policies shall be a nonexempt resource; or

(C) the policy is in excess of \$1,500 face value and has been irrevocably collaterally assigned to the state. The assignment shall be for an amount not to exceed the amount of benefits paid under the medical assistance program for the individual;

(12) any personal property of a blind or disabled person that is covered by an approved plan of self-support;

(13) burial spaces in accordance with the following:

(A) "Burial spaces" shall mean conventional grave sites, crypts, mausoleums, caskets, urns, and other repositories that are traditionally used for the remains of deceased persons. This term shall include vaults, headstones, and grave markers, as well as monies set aside for opening and closing the grave; and

(B) burial spaces purchased through a revocable or irrevocable prepaid contract shall be exempt under this paragraph, including the account in which the funds are deposited under the contract and the interest that accrues on the funds;

(14) burial funds of up to \$1,500 each, plus any interest that has accumulated in that fund beginning with the month of application but no earlier than November 1, 1984, for members of the assistance plan that are separately identifiable and clearly designated as set aside for each member's burial expenses. "Burial funds" shall mean revocable burial contracts and trusts as well as other revocable burial arrangements:

(A) The fund shall be considered separately identifiable if it is set up in a separate account and not commingled with any other funds, except funds for burial purposes including a prepaid contract fund for burial merchandise in accordance with paragraph (e)(13);

(B) the fund shall be considered as clearly designated if the account is noted "for burial purposes only" or if the client provides a signed, written statement attesting to the fact that the funds have been set aside and are intended for burial purposes only;

(C) if the fund is exempted and the client withdraws all or a portion of the funds, the amount withdrawn shall be considered as a nonexempt resource and, if transferred, shall be subject to the transfer provisions of K.A.R. 129-6-57;

(D) the \$1,500 amount that can be exempted under paragraph (e)(14) shall be reduced by the amount of any irrevocable burial agreements established under K.S.A. 16-303 and amendments thereto, except to the extent that the irrevocable burial agreement represents excludable burial spaces under paragraph (e)(13), as well as the face value of all life insurance policies that do not exceed the \$1,500 face value limitation in accordance with paragraph (e)(11). The face value of life insurance policies that exceed this \$1,500 limit shall not reduce the amount that can be exempted for burial purposes;

(15) proceeds from the sale of a home if the proceeds are conserved for the purchase of a new home and the funds so conserved are expended or committed to be expended within three months of the sale;

(16) a retroactive social security payment received by the applicant or recipient or an ineligible legally responsible person for the nine months following the month of receipt;

(17) the cash value of pension plans or funds under any of the following conditions:

(A) The person is employed and would have to terminate employment in order to obtain any payment. Each pension plan or fund that can be converted to periodic payments shall be exempt if the plan or fund is converted to periodic payments by the month following the month in which the plan or fund is eligible for conversion;

(B) the person is not retired or claiming permanent disability; or

(C) the applicant's or recipient's spouse or parent has funds in a work-related pension plan or fund, including Keogh plans, and IRAs and is not applying for or receiving medical assistance;

(18) retirement accounts and pensions of any employed individual who meets the requirements of K.A.R. 129-6-88;

(19) income-producing personal property, other than cash assets, that is essential for employment or self-employment or producing income consistent with its fair market value. Income-producing property may include any of the following items:

(A) Tools;

(B) equipment;

(C) machinery; or

(D) livestock;

(20) escrow accounts established for families participating in the family self-sufficiency program through the U.S. department of housing and urban development. Interest earned on the accounts shall also be exempted as income; and

(21) monies paid as part of a contract or agreement to receive medical or assistive services from an unlicensed individual or entity if all of the following conditions are met:

(A) A written contract is executed before providing or paying for any service. The contract shall specify services to be provided and the rates for these services;

(B) the contracted amount paid for services is consistent with the market rate for the services. If there is no established rate, the federal minimum wage shall be used;

(C) the provider of the service is reporting all monies as income to the appropriate state and federal governmental revenue agencies as required by law;

(D) any amounts due under the contract are paid after the services are rendered;

(E) the agreement is revocable; and

(F) upon the death of the individual, the contract ceases. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-110. Income. (a) Treatment of income for MAGI-based coverage groups. For purposes of this regulation, "prospective monthly amount" shall mean an amount that is projected for purposes of determining an applicant's or recipient's monthly income. For those groups specified in K.A.R. 129-6-34(c)(1), all earned income and unearned income expected to be received in the month of application shall be used to determine a prospective monthly amount. This amount shall be used in the determination of both eligibility in the prior three months and current eligibility. For changes in earned income and unearned income, an estimate of those changes shall be used to determine a prospective monthly amount. For self-employment income, a prospective monthly amount shall be based on annual federal tax information from the most recent tax year. In the absence of federal tax information from the most recent tax year, an estimate shall be used to determine a prospective monthly amount.

(b) Treatment of income for MAGI-excepted coverage groups. For those groups specified in K.A.R. 129-6-34(c)(2), income shall be classified as income in the eligibility base period in which the income is received and as a cash asset following this eligibility base period.

(1) Prior eligibility. For individuals in independent living, current income as defined in paragraph (b)(2) shall be considered in the determination of eligibility for the prior three months. For individuals in long-term care arrangements, income received in the prior three months shall be considered in the determination of eligibility for the prior three months, except that self-employment income shall be averaged.

(2) Current eligibility. Income shall be considered prospectively to determine eligibility, beginning with the month of application. All income received or reasonably expected to be received shall be

considered in determining the applicable income for the eligibility base period. Income from self-employment and intermittent income shall be considered and averaged. Intermittent income shall be divided by the applicable number of months to establish the monthly amount. Intermittent income shall be considered as income beginning with the eligibility base period in which this income is received. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-111. Applicable income. “Applicable income” shall mean the amount of earned and unearned income that is compared with the appropriate income standard to establish financial eligibility.

(a) MAGI-based coverage groups. For those groups specified in K.A.R. 129-6-34(c)(1), all earned income and unearned income shall be considered applicable, unless exempted in accordance with K.A.R. 129-6-53(a)(2), and shall be determined as follows:

(1) Applicable income shall be based on the methodologies used to determine modified adjusted gross income, as specified in K.A.R. 129-6-53(a), for persons in the household, as specified in K.A.R. 129-6-53(b).

(2) An amount equivalent to five percentage points of the federal poverty level for the applicable family size shall be deducted from the combined household income in accordance with K.A.R. 129-6-53(a) when determining eligibility for the MAGI-based coverage groups under K.A.R. 129-6-34(c)(1) with the highest income standard for which the individual's eligibility is being determined.

(b) MAGI-excepted coverage groups. For those groups specified in K.A.R. 129-6-34(c)(2), all earned income and unearned income shall be considered applicable income, unless exempted in accordance with K.A.R. 129-6-112 and 129-6-113. For all aged, blind, and disabled groups, applicable income shall be determined as follows:

(1) Wages. All earned income shall be considered applicable income, except that K.A.R. 129-6-112 and 129-6-113 shall apply to persons in an independent living arrangement or in the HCBS program. The applicable earned income shall be gross income less income deductions, if applicable.

(2) Self-employment. The applicable earned income for a self-employed person shall equal the

modified adjusted gross earned income less the income deductions of paragraph (b)(4), if applicable. Paragraph (b)(1) regarding modified adjusted gross earned income shall apply to calculations made pursuant to this paragraph. Annual tax information from the most recent tax year shall be converted to a monthly prospective amount. This amount shall be used in the determination of both eligibility in the prior three months and current eligibility. In the absence of tax information from the most recent tax year, the most current income shall be used to determine a monthly amount.

(3) Unearned income. All net unearned income shall be considered to be applicable income, except that K.A.R. 129-6-112 and 129-6-113 shall apply to persons in an independent living arrangement or in the HCBS program. K.A.R. 129-6-113 (a), (m), (n), (w), (bb), (cc), (ff), (kk), (nn), and (oo) shall apply to persons in long-term care arrangements. Net unearned income shall equal gross unearned income less the costs of the production of the income. Income-producing costs shall include only those expenses directly related to the actual production of income.

(4) Income deductions.

(A) For persons in an independent living arrangement or in the HCBS program, the following deductions shall apply:

(i) The first \$20 of any nonexempt unearned income; and

(ii) an applicable earned income deduction calculated as follows: gross earned income minus any portion of the unearned income deduction that exceeds monthly earned income, plus \$65 of monthly earned income, plus one-half of the remainder of the monthly earned income.

(B) For persons in long-term institutional arrangements who are employed, an applicable earned income deduction shall be calculated as follows: gross earned income minus \$65 of monthly earned income, plus one-half of the remainder of the monthly earned income. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-112. Income exempt from consideration as income and as a cash asset for MAGI-excepted groups. For those groups specified in K.A.R. 129-6-34(c)(2), exempted income shall be the following: (a) Grants, scholarships, and loans provided for educational purposes;

(b) the value of benefits provided under the federal supplemental nutrition assistance program;

(c) the value of any food donated by the United States department of agriculture;

(d) benefits received under title V, community services employment program, or title VII, nutrition program for the elderly, of the older Americans act of 1965, as amended by public law 109-365;

(e) Indian funds distributed or held in trust by the secretary of the interior, including interest and investment income accrued on these funds while held in trust and initial purchases made with these funds;

(f) distributions to natives under the Alaska native claims settlement act;

(g) payments provided to individual volunteers serving as foster grandparents, senior health aides, and senior companions under title II of the domestic volunteer service act of 1973 as amended by public law 106-170;

(h) any payments provided through ameri-corps, except that volunteers in service to America (VISTA) payments shall be exempt only as income;

(i) relocation payments received under public law 91-646;

(j) death benefits from social security administration (SSA), veterans administration (VA), railroad retirement, or other burial insurance policy if the benefits are used toward the cost of burial. This shall include payments occasioned by the death of another person to the extent that the payments have been expended or committed to be expended for purposes of the deceased person's last illness and burial;

(k) money held in trust by the VA for a child that the VA determines shall not be used for subsistence needs;

(l) retroactive corrective assistance payments in the month received or in the following month;

(m) maintenance income directly provided by rehabilitation services of the Kansas department for children and families;

(n) mandatory deductions from military pay for educational purposes while the individual is enlisted in the armed services;

(o) reimbursements for out-of-pocket expenses in the month received and the following month;

(p) proceeds from any bona fide loan requiring repayment;

(q) payments granted to certain United States citizens of Japanese ancestry and resident Japanese aliens under title I of public law 100-383;

(r) payments granted to certain eligible Aleuts under title II of public law 100-383;

(s) agent orange settlement payments;

(t) federal major disaster and emergency assistance and comparable disaster assistance provided by state or local government agencies or by disaster-assistance organizations in conjunction with a presidentially declared disaster;

(u) payments granted to the Aroostook band of Micmac Indians under public law 102-171;

(v) payments from the radiation exposure compensation trust fund made by the department of justice;

(w) special federal allowances paid monthly to children of Vietnam veterans who are born with spina bifida, under public law 104-204, or other certain birth defects, under public law 106-419;

(x) payments made from any fund established pursuant to a class settlement in the case of Susan Walker v. Bayer corporation, except for interest or other investment income earned on the payments;

(y) except for aged, blind, and disabled persons, a one-time payment or a portion of a one-time payment from a cash settlement for the repair or replacement of property or for legal services, medical costs, or other required obligations to a third party, if the payment is expended or committed to be expended for the intended purpose within six months of its receipt;

(z) cash donations that are based on need, do not exceed \$300 in any calendar quarter, and are received from one or more private, nonprofit, charitable organizations;

(aa) foster care and adoption support payments;

(bb) the amount of any earned income tax credit received. This credit shall not be regarded as a cash asset in the month of receipt and in the following 12 months;

(cc) for aged, blind and disabled persons, a one-time payment or a portion of a one-time payment from a cash settlement for the repair or replacement of property or for legal services, medical costs, or other required obligations to a third party, if the payment is expended or committed to be expended for the intended purpose within nine months of its receipt. This time period may be extended for good cause;

(dd) for blind and disabled persons, income necessary for fulfillment of a plan to achieve self-support established for a blind or disabled person, as approved by the social security administration;

(ee) any interest earned on excluded burial funds and any appreciation in the value of an

excluded burial arrangement that are left to accumulate and become a part of that burial fund, according to K.A.R. 129-6-109;

(ff) housing assistance from federal housing programs operated by state and local subdivisions;

(gg) family subsidy payments provided through the mental health and developmental disabilities commission or family support payments provided through the prevention and protection services commission;

(hh) relocation assistance provided by a state or local government that is comparable to assistance provided under title II of the uniform relocation assistance and real property acquisitions act of 1970, public law 91-646;

(ii) interest on an allowable individual development account (IDA) that meets the requirements of K.A.R. 129-6-109(e)(9), including authorized matching contributions and accrued interest. Earnings deposited in an individual development account shall also be exempted for a person who meets the requirements of K.A.R. 129-6-88;

(jj) the portion withheld to repay a prior overpayment received from a program not based on financial need, including certain programs administered by the SSA, VA, and the division of workers compensation or the division of employment security in the Kansas department of labor; and

(kk) payments made pursuant to the Ricky Ray hemophilia relief fund act, public law 105-369. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-113. Income exempt as applicable income for MAGI-excepted groups. For those groups specified in K.A.R. 129-6-34(c)(2), the following types of income shall be exempt as applicable income in the determination of eligibility:

(a) Income-in-kind;

(b) shelter cost participation payments. In shared living arrangements in which two families contribute toward the shelter obligations, cash paid toward the shared shelter obligation by one family to the second family in the shared arrangement shall not be considered as income to the second family. This exemption shall not be applicable in a bona fide, commercial landlord-tenant arrangement;

(c) hostile-fire pay received while in active military service;

(d) payments made pursuant to the crime victims fund, public law 103-322, as amended, and

by the Kansas crime victims compensation board pursuant to K.S.A. 74-7301 et seq., and amendments thereto;

(e) payments received through the senior community service employment program;

(f) payments or allowances made under federal laws for the purpose of providing energy assistance. Home energy assistance furnished on the basis of need by a federally regulated or state-regulated entity whose revenues are primarily derived on a rate-of-return basis, by a private non-profit organization, by a supplier of home heating oil or gas, or by a municipal utility company that provides home energy shall also be exempted;

(g) income received from the workforce investment act of 1998, public law 105-220. However, earnings received by individuals who are participating in on-the-job training programs shall be countable unless the individual is under the age of 19;

(h) the values of any services or monies received for support or transitional services paid directly to the customer through work programs as defined in article 4 of the regulations of the department for children and families;

(i) income of an SSI recipient, including a deemed recipient, and retroactive SSI benefits. This subsection shall not be applicable to any person residing in a long-term institutional arrangement in accordance with K.A.R. 129-6-111(b)(3);

(j) incentive payments received by renal dialysis patients;

(k) irregular, occasional, or unpredictable monetary gifts that do not exceed \$50 per month per family group;

(l) tax refunds and rebates, except for earned income tax credits in accordance with K.A.R. 129-6-112 (bb);

(m) VA aid and attendance and housebound allowances;

(n) VA payments resulting from unusual medical expenses;

(o) up to \$2,000 per year of income received by an individual Indian that is derived from leases or other uses of an individually owned trust or restricted lands;

(p) lump sum income;

(q) earned income of a child who is under the age of 19 if the child is a student in elementary or secondary school or is working towards attainment of a G.E.D.;

(r) interest and dividend income that does not exceed \$50 per month per family group;

(s) child care payments made to persons other than a child care provider;

(t) child support pass-through payments;

(u) payments from any bona fide loan;

(v) the amount of any child support arrearage payment paid for a child under the age of 18;

(w) reparation payments made to holocaust survivors;

(x) vendor payments that are not payable directly to a household but are paid to a third party for a household expense, as follows:

(1) Each payment made in money on behalf of a household shall be considered a vendor payment whenever a person or organization outside of the household uses its own funds to make a direct payment to either the household's creditors or a person or organization providing a service to the household;

(2) each assistance payment financed by state or local funds that is not made directly to the household but is paid to a third party on behalf of the household to pay a household expense shall be considered a vendor payment if the payment is for medical care, child care, or temporary housing assistance;

(3) each assistance vendor payment financed by state or local funds that is made on behalf of migrants in the labor stream pursuant to 7 C.F.R. 273.9(c)(1) shall be exempt and not counted as income, regardless of the purpose of the vendor payment;

(4) each payment in money that is not made to a third party, but is made directly to the household, shall be counted as income and shall not be excludable as a vendor payment; and

(5) each payment or other assistance financed by state or local funds that is provided over and above the normal grant or other assistance payment and would not normally be provided in a money payment to the household shall be considered emergency or special assistance and exempted as income if provided directly to a third party for a household expense;

(y) payments provided through youth service corps;

(z) allocation payments made to individuals under a WORK plan according to K.A.R. 129-6-84;

(aa) for aged, blind, and disabled persons, one-third of the child support payments received by an eligible child from an absent parent;

(bb) for blind and disabled persons, work expenses of a blind recipient. The first \$300 of earned income or verified actual average expenses,

if in excess of this amount, shall be exempted under this subsection;

(cc) for blind and disabled persons, impairment-related work expenses of a disabled recipient. The first \$100 of earned income or verified actual average expenses, if in excess of this amount, shall be exempted under this subsection;

(dd) for aged, blind, or disabled persons, the difference between the social security benefit entitlement in August 1972 and the entitlement in September 1972 for persons who were receiving cash assistance through the programs of aid to the aged, blind, or disabled (AABD) or aid to dependent children (ADC) in September 1972 and who were entitled to a social security benefit in September 1972. This exemption shall apply only if the exemption establishes eligibility without a spenddown;

(ee) for aged, blind, or disabled persons, the amount of all social security cost-of-living adjustments for a person who was concurrently receiving SSI and social security after April 1977 and who would be eligible for SSI if the cost-of-living adjustments received since that person was last eligible for SSI were not considered as income;

(ff) for aged, blind, or disabled persons, income allocated and expended by an adult in an institutional living arrangement for the support of the adult's minor children if the adult does not have a spouse who continues to live in the community. The income allocation shall not exceed the amount necessary to bring the children's income up to the appropriate income standard described in K.A.R. 129-6-103(a)(3);

(gg) for aged, blind, and disabled persons, SSI payments that the person is not legally entitled to receive and that are subject to SSI recovery;

(hh) for aged, blind, and disabled persons, the amount of the December 1983 increase in social security disabled widow or widower benefits resulting from the changes in the actuarial reduction formula, and all subsequent cost-of-living adjustments, for a person who was concurrently receiving SSI and social security disabled widow and widower benefits under section 202(e) or 202(f) of the social security act, if the person meets all of the following conditions:

(1) The person became ineligible for SSI due solely to the 1983 actuarial increase;

(2) the person has continually received social security disabled widow or widower benefits since the 1983 actuarial increase was first received;

(3) the person would be currently eligible for

SSI if it were not for the 1983 actuarial increase and all subsequent cost-of-living adjustments; and

(4) the person applied for medical assistance before July 1, 1988;

(ii) for aged, blind, and disabled persons, the amount of the social security adult disabled child benefit for an otherwise eligible SSI person aged 18 or older who meets both of the following conditions:

(1) The person was receiving SSI benefits that began before the age of 22; and

(2) the person lost SSI eligibility due solely to the person's becoming eligible for the adult disabled child benefits or to an increase in the adult disabled child benefits;

(jj) for aged, blind, and disabled persons, the amount of social security early or disabled widow or widower benefits under section 202(e) or (f) of the social security act, if the person meets all of the following conditions:

(1) The person became ineligible for SSI because of the receipt of the benefits;

(2) the person would be currently eligible for SSI in the absence of the benefits; and

(3) the person is not entitled to hospital insurance benefits under part A of title XVIII of the social security act;

(kk) for aged, blind, and disabled persons, the income of an SSI recipient that exceeds the income standard for institutionalized persons for three months following the month of admission, if the social security administration determines that the stay in the institution is temporary and the person needs to continue to maintain and provide for the expenses of the home or another living arrangement to which the person could return;

(ll) for aged, blind, and disabled persons, the income of an applicant's or recipient's spouse or parent that was counted or excluded in determining the amount of a public assistance payment, if the spouse or parent is not an applicant for or recipient of medical assistance for aged, blind, and disabled persons;

(mm) for aged, blind, and disabled persons, the income of an applicant's or recipient's spouse or parent that is used to make support payments under a court order or title IV-D support order, if the spouse or parent is not an applicant for or recipient of medical assistance for aged, blind, and disabled persons;

(nn) for aged, blind, and disabled persons, the amount of VA pension received by a single veteran with no dependents or by a surviving spouse with

no children, if the pension has been reduced to \$90 or less because the veteran or spouse resides in a medicaid-approved nursing facility; and

(oo) for aged, blind, and disabled persons, Austrian social insurance payments based, in whole or in part, on wage credits granted under the Austrian general social insurance act. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-120. Eligibility before the month of application. The eligibility of an applicant for the medical assistance program shall be determined for the three months immediately before the month of application if the applicant requests this determination.

(a) Automatic eligibles. The applicant shall be eligible for medical assistance in any of the three months in which the applicant would have been automatically eligible for medical assistance if the applicant would have applied for medical assistance during the month.

(b) Determined eligibles. The prior eligibility base period shall begin on the first day of the first month in which all eligibility factors other than financial are met without regard to current eligibility. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-140. Correction and discontinuance of medical assistance. (a) Overpayments. Each recipient who receives an overpayment, whether caused by the department or the individual, shall repay the amount of the overpayment, either by voluntary action or through administrative processes including recoupment and legal action.

(b) Welfare fraud penalty. Each person convicted of medical assistance program fraud, pursuant to 42 U.S.C. 1320a-7b, shall be ineligible to participate in the medical assistance program for one year from the date of the conviction.

(c) Discontinuance of medical assistance. A recipient's participation in the medical assistance program shall be discontinued if the recipient no longer meets one or more of the applicable eligibility requirements. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-150. Estate recovery. (a) Pursuant to K.S.A. 39-709 and amendments thereto and

this regulation, each recipient's real and personal property or estate shall be subject to the recovery of the cost of all medical assistance provided on the recipient's behalf. By applying for and receiving medical assistance, the recipient shall agree to the department's use of liens against the recipient's property, claims against the recipient's estate, agreements with heirs, and any other collection method allowed by Kansas statutes.

(b) The amount of any medical assistance paid on behalf of a recipient after June 30, 1992 shall be a claim against the property or estate of a deceased recipient, subject to whether the medical assistance was correctly paid on behalf of an eligible recipient.

(1) If the medical assistance was correctly paid on behalf of an eligible recipient, the department's claim against the recipient's estate shall be restricted to medical assistance paid when the recipient met either of the following conditions:

(A) Was 55 years of age or older; or

(B) was admitted as an inpatient in a long-term care facility, including a PACE institutional arrangement.

(2) If the medical assistance was incorrectly paid on behalf of an ineligible recipient, the department's claim shall be the total amount of assistance paid on behalf of the ineligible recipient.

(c) The recipient's estate shall not be subject to the department's claim for correctly paid medical assistance benefits if one of the following individuals survives for at least six months after the recipient's death:

(1) A spouse; or

(2) a child who is under 21 years of age or who meets the disability criteria of K.A.R. 129-6-85(b) or (c).

(d) If a deceased recipient is survived by a spouse, all claims for correctly paid medical assistance benefits that have been paid on behalf of the deceased recipient shall be filed against the estate of the surviving spouse.

(e) The recipient may be subject to the imposition of a lien by the department on the recipient's real property before the recipient's death pursuant to K.S.A. 39-709, and amendments thereto.

(f) For a deceased recipient, the real property of the recipient may be subject to the imposition of a lien by the department for up to one year after the death of the recipient, pursuant to K.S.A. 39-709 and amendments thereto.

(g) Pursuant to K.S.A. 39-709 and amendments thereto, a deceased recipient's real and personal

property may be subject to recovery of the recipient's medical assistance costs if the deceased recipient's interest in the property ended or was transferred due to the recipient's death. The department's recovery shall be limited to the recipient's interest in the property as that interest existed immediately before the death of the recipient. (Authorized by K.S.A. 2013 Supp. 39-709, 65-1,254, and 75-7403; implementing K.S.A. 2013 Supp. 39-709, K.S.A. 59-3504, K.S.A. 2013 Supp. 65-1,254, and K.S.A. 2013 Supp. 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-6-151. Presumptive eligibility. A presumptive period of eligibility shall be provided if a qualified entity, designated by the department in accordance with K.A.R. 129-6-152, determines that the individual meets the presumptive eligibility requirements as follows. (a) Pregnant women.

(1) Each woman shall be at least 18 years of age.

(2) Each woman shall meet the general eligibility requirements of K.A.R. 129-6-52 and 129-6-55 and the determined eligible requirements of K.A.R. 129-6-71.

(3) Financial eligibility shall be based on the requirements of K.A.R. 129-6-53.

(b) Children.

(1) Each child shall be under the age of 19.

(2) Each child shall meet the general eligibility requirements of K.A.R. 129-6-52 and 129-6-55 and the determined eligible requirements of K.A.R. 129-6-72.

(3) Financial eligibility shall be based on the requirements of K.A.R. 129-6-53.

(4) The child shall not be living in a public institution, as specified in K.A.R. 129-6-60.

(c) The presumptive period.

(1) The presumptive period shall begin on the date on which the qualified entity makes an eligibility determination. The presumptive period shall end on the last day of the month following the month in which the determination is made, unless an application for medical assistance is received. If an application is filed in accordance with K.A.R. 129-6-35 before this date, the presumptive period shall end on the last day of the month in which a full determination is made according to this regulation.

(2) Each individual shall be eligible for only one period of presumptive eligibility within a 12-month period under this regulation or under K.A.R. 129-14-51. The 12-month period shall begin on the first

day of presumptive eligibility under either of these regulations. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective June 30, 2006; amended, T-129-10-31-13, Nov. 1, 2013; amended Feb. 28, 2014.)

129-6-152. Presumptive eligibility when determined by qualified entities other than qualified hospitals. (a) Except for qualified hospitals pursuant to K.A.R. 129-6-153, each qualified entity shall be designated by the department to make determinations of presumptive eligibility as specified in K.A.R. 129-6-151.

(b) Each qualified entity shall meet the requirements of 42 C.F.R. 435.1101 and 435.1103.

(c) For each determination of presumptive eligibility under this regulation, a qualified entity shall perform the following:

(1) Make a finding of presumptive eligibility pursuant to K.A.R. 129-14-51(b) or 129-6-151;

(2) notify the pregnant woman or the child's parent or caretaker, by written or electronic means, of the results of the determination at the time of the determination;

(3) provide the pregnant woman or the parent or caretaker of the child with an application for ongoing medical assistance. For an individual determined to be presumptively eligible, the qualified entity shall provide notification that this application shall be required to be submitted before the last day of the month following the month of the presumptive determination or eligibility shall end on that date;

(4) assist the pregnant woman or the child's parent or caretaker in completing and filing an application for ongoing medical assistance; and

(5) notify the department of the presumptive determination within five working days after the determination. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective June 30, 2006; amended, T-129-10-31-13, Nov. 1, 2013; amended Feb. 28, 2014.)

129-6-153. Presumptive eligibility when determined by qualified hospitals. (a) Each hospital that meets the following requirements shall be approved to make determinations of presumptive eligibility as specified in K.A.R. 129-6-151:

(1) Participates as a medicaid provider in Kansas;

(2) indicates interest in writing to the department to make determinations of presumptive eligibility;

(3) enters into a formal written agreement with the secretary to make determinations of presumptive eligibility in accordance with department regulations and policies;

(4) uses forms and other tools approved by the secretary for determining eligibility;

(5) satisfactorily completes state-provided training; and

(6) meets the performance standards established by the secretary, which shall include the following:

(A) Processing applications for presumptive eligibility within prescribed time limits; and

(B) achieving an accuracy rate of at least 90 percent in eligibility determinations made by the hospital.

(b) Presumptive eligibility determinations shall be made for pregnant women and children as specified in K.A.R. 129-6-151 and for qualifying families as specified in K.A.R. 129-6-70.

(c) For each determination of presumptive eligibility, the qualified hospital shall perform the following:

(1) Make a finding of presumptive eligibility pursuant to K.A.R. 129-6-151;

(2) notify the family, the pregnant woman, or the child's parent or caretaker of the results of the determination at the time of the determination;

(3) provide the family, the pregnant woman, or the parent or caretaker of the child with an application for ongoing medical assistance. For an individual determined to be presumptively eligible, the qualified hospital shall provide notification that this application shall be required to be submitted before the last day of the month following the month of the presumptive determination or eligibility shall end on that date;

(4) assist the family, the pregnant woman, or the child's parent or caretaker in completing and filing an application for ongoing medical assistance; and

(5) notify the department of the presumptive determination within five working days after making the determination.

(d) Each qualified hospital shall be required to be recertified by the department each year to determine if the qualified hospital continues to meet the requirements in this regulation. The qualified hospital's certification shall be terminated by the department under either of the following circumstances:

(1) The qualified hospital is not making, or is incapable of making, presumptive eligibility determinations in accordance with the agreement established in accordance with subsection (a).

(2) The qualified hospital is failing to meet the performance standards specified in this regulation. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

Article 10.—ADULT CARE HOME PROGRAM

129-10-18. Per diem rates of reimbursement. (a) Per diem rates for existing nursing facilities.

(1) The determination of per diem rates shall be made, at least annually, using base-year cost information submitted by the provider and retained for cost auditing and analysis.

(A) The base year utilized for cost information shall be reestablished at least once every seven years.

(B) A factor for inflation may be applied to the base-year cost information.

(C) For each provider currently in new enrollment, reenrollment, or change of ownership status, the base year shall be determined in accordance with subsections (c), (d), and (e), respectively.

(2) Per diem rates shall be limited by cost centers, except where there are special level-of-care facilities approved by the United States department of health and human services. The upper payment limits shall be determined by the median in each cost center plus a percentage of the median, using base-year cost information. The percentage factor applied to the median shall be determined by the agency.

(A) The cost centers shall be as follows:

- (i) Operating;
- (ii) indirect health care; and
- (iii) direct health care.

(B) The property component shall consist of the real and personal property fee as specified in K.A.R. 129-10-25.

(C) The upper payment limit for the direct health care cost center shall be a statewide base limit calculated on each facility's base-year costs adjusted for case mix.

(i) A facility-specific, direct health care cost center upper payment limit shall be calculated by adjusting the statewide base limit by that facility's average case mix index.

(ii) Resident assessments used to determine additional reimbursement for ventilator-dependent

residents shall be excluded from the calculation of the facility's average case mix index.

(3) Each provider shall receive an annual per diem rate to become effective July 1 and, if there are any changes in the facility's average medicaid case mix index, an adjusted per diem rate to become effective January 1.

(4) Resident assessments that cannot be classified shall be assigned to the lowest case mix index.

(5) To establish a per diem rate for each provider, a factor for incentive may be added to the allowable per diem cost.

(6)(A) Resident days shall be determined from census information corresponding to the base-year cost information submitted by the provider.

(B) The total number of resident days shall be used to calculate the per diem costs used to determine the upper payment limit and rates in the direct health care cost center. The total number of resident days shall be used to calculate the per diem costs used to determine the upper payment limit and rates for food and utilities in the indirect health care cost center.

(C) For homes with more than 60 beds, the number of resident days used to calculate the upper payment limits and rates in the operating cost center and indirect health care cost center, less food and utilities, shall be subject to an 85 percent minimum occupancy requirement based on the following:

(i) Each provider that has been in operation for 12 months or longer and has an occupancy rate of less than 85 percent for the cost report period, as specified in K.A.R. 129-10-17, shall have the number of resident days calculated at the minimum occupancy of 85 percent.

(ii) The 85 percent minimum occupancy requirement shall be applied to the number of resident days and costs reported for the 13th month of operation and after. The 85 percent minimum occupancy requirement shall be applied to the interim rate of a new provider, unless the provider is allowed to file a projected cost report.

(iii) The minimum occupancy rate shall be determined by multiplying the total number of licensed beds by 85 percent. In order to participate in the Kansas medical assistance program, each nursing facility provider shall obtain proper certification for all licensed beds.

(iv) Each provider with an occupancy rate of 85 percent or greater shall have actual resident days for the cost report period, as specified in K.A.R. 129-10-17, used in the rate computation.

(7) Each provider shall be given a detailed listing of the computation of the rate determined for the provider's facility.

(8) The effective date of the rate for existing providers shall be in accordance with K.A.R. 129-10-19.

(b) Per diem rate limitations based on comparable service private-pay charges.

(1) Rates of reimbursement shall not be limited by private-pay charges.

(2) The agency shall maintain a registry of private-pay per diem rates submitted by providers.

(A) Each provider shall notify the agency of any change in the private-pay rate and the effective date of that change so that the registry can be updated.

(i) Private-pay rate information submitted with the cost reports shall not constitute notification and shall not be acceptable.

(ii) Providers may send private-pay rate notices by certified mail so that there is documentation of receipt by the agency.

(B) The private-pay rate registry shall be updated based on the notification from the providers.

(C) The effective date of the private-pay rate in the registry shall be the later of the effective date of the private-pay rate or the first day of the following month in which complete documentation of the private-pay rate is received by the agency.

(i) If the effective date of the private-pay rate is other than the first day of the month, the effective date in the registry shall be the first day of the closest month. If the effective date is after the 15th, the effective date in the register shall be the first day of the following month.

(ii) For new facilities or new providers coming into the medicaid program, the effective date of the private-pay rate shall be the date on which certification is issued.

(3) The average private-pay rate for comparable services shall be included in the registry. The average private-pay rate may consist of the following variables:

(A) Room rate differentials. The weighted average private-pay rate for room differentials shall be determined as follows:

(i) Multiply the number of private-pay residents in private rooms, semiprivate rooms, wards, and all other room types by the rate charged for each type of room. Sum the resulting products of each type of room. Divide the sum of the products by the total number of private-pay residents in all rooms.

The result, or quotient, is the weighted average private-pay rate for room differentials.

(ii) Each provider shall submit documentation to show the calculation of the weighted average private-pay rate if there are room rate differentials.

(iii) Failure to submit the documentation shall limit the private-pay rate in the registry to the semiprivate room rate.

(B) Level-of-care rate differentials. The weighted average private-pay rate for level-of-care differentials shall be determined as follows:

(i) Multiply the number of private-pay residents in each level of care by the rate they are charged to determine the product for each level of care. Sum the products for all of the levels of care. Divide the sum of the products by the total number of private-pay residents in all levels of care. The result, or quotient, is the weighted average private-pay rate for the level-of-care differentials.

(ii) Each provider shall submit documentation to show the calculation of the weighted average rate when there are level-of-care rate differentials.

(iii) Failure to submit the documentation may delay the effective date of the average private-pay rate in the registry until the complete documentation is received.

(C) Extra charges to private-pay residents for items and services may be included in the weighted average private-pay rate if the same items and services are allowable in the Kansas medical assistance program rate.

(i) Each provider shall submit documentation to show the calculation of the weighted average extra charges.

(ii) Failure to submit the documentation may delay the effective date of the weighted average private-pay rate in the registry until the complete documentation is received.

(4) The weighted average private-pay rate shall be based on what the provider receives from the resident. If the private-pay charges are consistently higher than what the provider receives from the residents for services, then the average private-pay rate for comparable services shall be based on what is actually received from the residents.

The weighted average private-pay rate shall be reduced by the amount of any discount received by the residents.

(5) The private-pay rate for medicare skilled beds shall not be included in the computation of the average private-pay rate for nursing facility services.

(6) When providers are notified of the effective date of the Kansas medical assistance program rate, the following procedures shall be followed:

(A) If the private-pay rate indicated on the agency register is lower, then the Kansas medical assistance program rate, beginning with its effective date, shall be calculated as follows:

(i) If the average medicaid case mix index is greater than the average private-pay case mix index, the Kansas medical assistance program rate shall be the lower of the private-pay rate adjusted to reflect the medicaid case mix or the calculated Kansas medical assistance rate.

(ii) If the average medicaid case mix index is less than or equal to the average private-pay case mix index, the Kansas medical assistance program rate shall be the average private-pay rate.

(B) Providers who are held to a lower private pay rate and subsequently notify the agency in writing of a different private-pay rate shall have the Kansas medical assistance program rate adjusted on the later of the first day of the month following the date upon which complete private-pay rate documentation is received or the effective date of a new private-pay rate.

(c) Per diem rate for new construction or a new facility to the program.

(1) The per diem rate for any newly constructed nursing facility or a new facility to the Kansas medical assistance program shall be based on a projected cost report submitted in accordance with K.A.R. 129-10-17.

(2) The cost information from the projected cost report and the first historic cost report covering the projected cost report period shall be adjusted to the base-year period.

(3) The provider shall remain in new enrollment status until the base year is reestablished. During this time, the adjusted cost data shall be used to determine all rates for the provider.

(4) Each factor for inflation that is applied to cost data for established providers shall be applied to the adjusted cost data for each provider in new enrollment status.

(5) No rate shall be paid until a nursing facility financial and statistical report is received and processed to determine a rate.

(d) Change of provider.

(1) The payment rate for the first 24 months of operation shall be based on the base-year historical cost data of the previous owner or provider. If base-year data is not available, data for the most recent calendar year available preceding the base-

year period shall be adjusted to the base-year period and used to determine the rate. If the 85 percent minimum occupancy requirement was applied to the previous provider's rate, the 85 percent minimum occupancy requirement shall also be applied to the new provider's rate.

(2) Beginning with the first day of the 25th month of operation, the payment rate shall be based on the historical cost data for the first calendar year submitted by the new provider. The data shall be adjusted to the base-year period.

(3) The provider shall remain in change-of-provider status until the base year is reestablished. During this time, the adjusted cost data shall be used to determine all rates for the provider.

(4) Each factor for inflation that is applied to cost data for established providers shall be applied to the adjusted cost data for each provider in change-of-provider status.

(e) Determination of the per diem rate for nursing facility providers reentering the medicaid program.

(1) The per diem rate for each provider reentering the medicaid program shall be determined from either of the following:

(A) A projected cost report if the provider has not actively participated in the program by the submission of any current resident service billings to the program for 24 months or more; or

(B) the base-year cost report filed with the agency or the most recent cost report filed preceding the base year, if the provider has actively participated in the program during the most recent 24 months.

(2) If the per diem rate for a provider reentering the program is determined in accordance with paragraph (e)(1)(A), the cost data shall be adjusted to the base-year period.

(3) The provider shall remain under reenrollment status until the base year is reestablished. During this time, the cost data used to determine the initial rates shall be used to determine all subsequent rates for the provider.

(4) Each factor for inflation that is applied to cost data for established providers shall be applied to the cost data for providers in reenrollment status.

(5) If the per diem rate for a provider reentering the program is determined in accordance with paragraph (e)(1)(A), a settlement shall be made in accordance with subsection (f).

(f) Per diem rate errors.

(1) If the per diem rate, whether based upon projected or historical cost data, is audited by the

agency and found to contain an error, a direct cash settlement shall be required between the agency and the provider for the amount of money overpaid or underpaid. If a provider with an identified overpayment is no longer enrolled in the medicaid program, the settlement shall be recouped from a facility owned or operated by the same provider or that provider's corporation, unless other arrangements have been made to reimburse the agency. A net settlement may occur if a provider has more than one facility involved in settlements. In all cases, settlements shall be recouped within 12 months of the implementation of the corrected rates, or interest may be assessed.

(2) The per diem rate for a provider may be increased or decreased as a result of a desk review or audit of the provider's cost reports. Written notice of this per diem rate change and of the audit findings shall be sent to the provider. Retroactive adjustment of the rate paid from a projected cost report shall apply to the same period of time covered by the projected rate.

(3) Each provider shall have 30 days from the date of the audit report cover letter to request an administrative review of an audit adjustment that results in an overpayment or underpayment. The request shall specify the finding or findings that the provider wishes to have reviewed.

(4) An interim settlement, based on a desk review of the historical cost report covering the projected cost report period, may be determined after the provider is notified of the new rate determined from the cost report. The final settlement shall be based on the rate after an audit of the historical cost report.

(5) A new provider that is not allowed to submit a projected cost report, as specified in K.A.R. 129-10-17, for an interim rate shall not be entitled to a retroactive settlement for the first year of operation.

(g) Out-of-state providers.

(1) The per diem rate for out-of-state providers certified to participate in the Kansas medical assistance program shall be the rate approved by the agency.

(2) Each out-of-state provider shall obtain prior authorization by the agency.

(h) Reserve days. Reserve days as specified in K.A.R. 30-10-21 shall be paid at 67 percent of the Kansas medical assistance program per diem rate.

(i) Determination of rate for ventilator-dependent resident.

(1) The request for additional reimbursement for a ventilator-dependent resident shall be sub-

mitted to the agency in writing for prior approval. Each request shall include the following:

(A) Sections A, I, and O in the nursing home comprehensive "minimum data set" ("MDS") of the centers for medicare and medicaid services (CMS);

(B) a current client assessment, referral, and evaluation (CARE) plan for the resident;

(C) a physician's order for ventilator use, including the frequency of ventilator use and a diagnosis that requires use of a ventilator; and

(D) a treatment administration record or respiratory therapy note showing the number of minutes used for the ventilator per shift.

(2) All of the following conditions shall be met in order for a resident to be considered ventilator-dependent:

(A) The resident is not able to breathe without mechanical ventilation.

(B) The resident uses a ventilator for life support 24 hours a day, seven days a week.

(C) The resident has a tracheostomy or endotracheal tube.

(3) The provider shall be reimbursed at the Kansas medical assistance program daily rate determined for the nursing facility plus an additional amount approved by the agency for the ventilator-dependent resident.

(4) No additional amount above that figured at the Kansas medical assistance program daily rate shall be allowed until the service has been authorized by the agency.

(5) The criteria shall be reviewed quarterly to determine if the resident is ventilator-dependent. If a resident is no longer ventilator-dependent, the provider shall not receive additional reimbursement beyond the Kansas medical assistance program daily rate determined for the facility.

(6) The additional reimbursement for the ventilator-dependent resident shall be offset to the cost center of benefit on the nursing facility financial and statistical report.

(j) Rate modification; secretary's discretion.

(1) Any of the requirements of this regulation may be waived by the secretary and a nursing facility's or nursing facility for mental health's per diem rate of reimbursement may be modified by the secretary if the secretary determines that both of the following conditions are met:

(A) Exceptional circumstances place residents of nursing facilities and nursing facilities for mental health in jeopardy of losing the availability of, or access to, "routine services and supplies," "an-

cillary services and other medically necessary services,” “specialized mental health rehabilitation services,” or “specialized services,” as defined in K.A.R. 30-10-1a.

(B) The jeopardy can likely be avoided or reduced by modifying the per diem rate of reimbursement for a nursing facility or nursing facility for mental health.

(2) If the secretary exercises discretion pursuant to this subsection, the increase in the per diem rate of reimbursement shall not exceed the state average rate for reimbursement. (Authorized by K.S.A. 2015 Supp. 65-1,254 and 75-7403; implementing K.S.A. 2015 Supp. 75-7405 and 75-7408; effective Sept. 19, 2008; amended Feb. 5, 2016.)

129-10-19. Per diem rates; effective dates. (a) Effective date of per diem rates for ongoing providers filing calendar year cost reports. The effective date of a new per diem rate that is based on information and data in the nursing facility cost report for the calendar year shall be July 1.

(b) Effective date of the per diem rate for a new provider operating on the rate from cost data of the previous provider.

(1) The effective date of the per diem rate for a new provider shall be the date of certification by the state licensing agency.

(2) The effective date of the per diem rate based on the first historical cost report filed in accordance with K.A.R. 129-10-17 shall be the first day of the 25th month of operation. Each rate paid after the effective date of the rate based on the first historical cost report shall be adjusted to the new rate from the historical cost report.

(c) Effective date of the per diem rate from a projected cost report.

(1) The effective date of the per diem rate based on a projected cost report for a new provider, as specified in K.A.R. 129-10-18 (c) and (e), shall be the date of certification by the state licensing agency.

(2) The interim rate determined from the projected cost report filed by the provider shall be established by the agency and given to the fiscal agent on or by the first day of the third month after the receipt of a complete and workable cost report.

(3) The effective date of the final rate, which shall be determined after an audit of the historical cost report filed for the projected cost report period, shall be the date of certification by the state licensing agency.

(4) The second effective date for a provider filing an historic cost report covering a projected cost report period shall be the first day of the month following the last day of the period covered by the report, which is the date that the inflation factor is applied in determining prospective rates.

(d) Each provider shall receive an annual per diem rate to become effective July 1 and, if there are any changes in the facility’s medicaid case mix index as specified in K.A.R. 129-10-18, an adjusted per diem rate to become effective January 1. (Authorized by K.S.A. 2015 Supp. 65-1,254 and 75-7403; implementing K.S.A. 2015 Supp. 75-7405 and 75-7408; effective Feb. 5, 2016.)

129-10-31. Responsibilities of, assessment of, and disbursements for the nursing facility quality care assessment program. (a) In addition to the terms defined in K.S.A. 2013 Supp. 75-7435 and amendments thereto, the following terms shall have the meanings specified in this subsection, unless the context requires otherwise.

(1) “High medicaid volume skilled nursing care facility” means any facility that provided more than 25,000 days of nursing facility care to medicaid recipients during the most recent calendar year cost-reporting period.

(2) “Kansas homes and services for the aging,” as used in K.S.A. 2013 Supp. 75-7435 and amendments thereto, means leadingage Kansas.

(3) “Nursing facility quality care assessment program” means the determination, imposition, assessment, collection, and management of an annual assessment imposed on each licensed bed in a skilled nursing care facility required by K.S.A. 2013 Supp. 75-7435, and amendments thereto.

(4) “Skilled nursing care facility that is part of a continuing care retirement facility” means a provider who is certified as such by the Kansas insurance department before the start of the state’s fiscal year in which the assessment process is occurring.

(5) “Small skilled nursing care facility” means any facility with fewer than 46 licensed nursing facility beds.

(b) The assessment shall be based on a state fiscal year. Each skilled nursing facility shall pay the annual assessment as follows:

(1) The assessment amount shall be \$325 annually per licensed bed for the following:

(A) Each skilled nursing care facility that is part of a continuing care retirement facility;

(B) each small skilled nursing care facility; and

(C) each high medicaid volume skilled nursing care facility.

(2) The assessment amount for each skilled nursing care facility other than those identified in paragraphs (c)(1)(A) through (C) shall be \$1,950 annually per licensed bed.

(3) The assessment amount shall be paid according to the method of payment designated by the secretary of the Kansas department of health and environment. Any skilled nursing care facility may be allowed by the secretary of the Kansas department of health and environment to have an extension to complete the payment of the assessment, but no such extension shall exceed 90 days. (Authorized by and implementing K.S.A. 2013 Supp. 75-7435; effective Feb. 18, 2011; amended Dec. 27, 2013.)

Article 14.—CHILDREN'S HEALTH INSURANCE PROGRAM

129-14-2. Definitions. The terms defined in K.A.R. 129-1-1 shall be applicable to this article. In addition and for purposes of this article, each of the following terms shall have the meaning specified in this regulation, unless the context clearly indicates otherwise:

(a) "Capitated managed care" means health care services provided by a contracted provider for which payment is made on an approved contracted rate for each enrolled person assigned to the provider, regardless of the number or nature of the services provided.

(b) "Caretaker" means the person who is as signed the primary responsibility for the care and control of the child and who is any of the following persons:

(1) Parent, including parent of an unborn child;
(2) guardian, conservator, legal custodian, or person claiming the child as a tax dependent;

(3) sibling;

(4) nephew;

(5) niece;

(6) aunt;

(7) uncle;

(8) person of a preceding generation who is denoted by a term that includes any of the following prefixes: "grand," "great-," "great-great-," or "great-great-great-";

(9) stepfather, stepmother, stepbrother, or step-sister;

(10) legally adoptive parent or another relative of adoptive parents as listed in this subsection; or

(11) spouse of any person listed in this subsection or former spouse of any of those persons, if marriage is terminated by death or divorce.

(c) "Child" means natural or biological child, adopted child, or stepchild, if the child is under the age of 19.

(d) "Earned income" means all income, in cash or in kind, that an applicant or recipient currently earns through the receipt of wages, salary, or profit from activities in which the individual engages as an employer or as an employee.

(e) "Family group" means the applicant or recipient and all individuals living together in which there is a relationship of legal responsibility or a caretaker relationship.

(f) "Household size" means the number of persons counted as members of an individual's tax household in accordance with K.A.R. 129-14-33. For each pregnant woman in the household, the household size shall include the woman and the number of children she is expected to deliver.

(g) "Legally responsible relative" means the person who has the legal responsibility to provide support for the person in the assistance plan.

(h) "Modified adjusted gross income" and "MAGI" mean income as defined in 26 U.S.C. 36B(d).

(i) "Parent" means natural or biological parent, adoptive parent, or stepparent.

(j) "Sibling" means natural or biological sibling, adopted sibling, half sibling, or stepsibling.

(k) "Tax dependent" means a dependent under 26 U.S.C. 152 for whom another individual claims a deduction for a personal exemption under 26 U.S.C. 151 for a taxable year.

(l) "Unearned income" means all income that is not earned income. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-3. Providers. (a) Subject to provider availability, any recipient may be required to be enrolled in a managed care option in order to access covered program services.

(b) Managed care contractors shall be selected by the secretary from willing providers, as determined by the secretary or designees.

(c) Before signing a contract to provide services, each provider of capitated managed care shall demonstrate the ability to meet contract requirements, including providing or maintaining the following:

(1) Financial solvency;
 (2) a panel of service providers, who shall meet the following requirements:

(A) Have professional credentials required by the state in which the services are provided;

(B) be in active practice;

(C) be available to provide services to program enrollees; and

(D) be able to provide services sensitive to the needs of a diverse population, including individuals of any race, ethnicity, or disability;

(3) a quality management process under 42 C.F.R. Part 438; and

(4) any other relevant requirements as determined by the secretary.

(d) Penalties for failure to abide by the contract provisions shall be imposed by the secretary, or other appropriate actions, as specified in the contract, may be taken.

(e) Each capitated managed care contractor shall be reimbursed at a rate agreed to by the secretary. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-20. Application process. (a) An application for kancare-CHIP shall be made by an applicant or by another person authorized to act on the applicant's behalf.

(b) An application for kancare-CHIP shall be made using a department-approved form. The applicant or person authorized to act on behalf of the applicant shall sign the application. Electronic signatures, including telephonically recorded signatures, and handwritten signatures transmitted by any other electronic transmission shall be acceptable. If any person signs by mark, the names and addresses of two witnesses shall be required.

Each application shall be submitted on the state application web site or the federally facilitated exchange web site, by telephone, in person, by mail, by electronic mail, or by fax.

(c) If the department denies an application within 45 days of receipt of the application and the applicant reapplies or provides required information within this 45-day period, the application shall be reactivated. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-21. Reenrollment process. (a) Each recipient shall reenroll for the program by providing the department with information on the recipient's current situation and having an opportunity to review the eligibility factors so that the department can redetermine the recipient's eligibility for coverage under the program.

(b) Each recipient shall complete the reenrollment process by either of the following:

(1) Reviewing and, if necessary, responding to information provided from the department's records, including information obtained through electronic data matching with other state or federal agencies; or

(2) completing and returning information on the recipient's current situation requested by the department.

(c) Each recipient shall reenroll for coverage at least once each 12 months or as often as a need for review is indicated. Coverage under the program shall not be provided for more than 12 months, unless the recipient completes the required reenrollment process. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-22. (Authorized by K.S.A. 2005 Supp. 75-7412; implementing K.S.A. 2005 Supp. 75-7412 and 75-7413, as amended by L. 2006, ch. 4, § 2; effective Aug. 11, 2006; revoked, T-129-10-31-13, Nov. 1, 2013; revoked Feb. 28, 2014.)

129-14-23. Responsibilities of applicants and recipients. Each applicant or recipient shall meet the following requirements:

(a) Submit an application for medical assistance on a department-approved form. Any applicant may withdraw the application between the date the application is submitted and the date of the notice of the department's decision;

(b) supply information essential to the determination of initial and continuing eligibility, insofar as the applicant or recipient is able to do so;

(c) give written permission for release of information, when needed;

(d) report each change in circumstances that could affect eligibility within 10 calendar days of the change or as otherwise required by the program. Changes to be reported shall include changes to income, living arrangement, household size, family group members, residency, alienage status, health insurance coverage, and employment;

(e) take all necessary action to obtain any income due the person; and

(f) except for children for whom a determination under presumptive medical assistance as defined in K.A.R. 129-14-51 has been made, request a fair hearing in writing if the individual is dissatisfied with any department decision or lack of action in regard to the application for or the receipt of assistance. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-25. Act on own behalf. (a) For purposes of this regulation, each of the following terms shall have the meaning specified in this subsection:

(1) "Emancipated minor" means either of the following:

(A) A person who is aged 16 or 17 and who is or has been married; or

(B) a person who is under the age of 18 and who has been given or has acquired the rights of majority through court action.

(2) "Medical facilitator" means a person authorized to help complete the application or reenrollment process on behalf of an applicant or recipient under written authorization made by the applicant or recipient. The medical facilitator may help with completing and submitting the application or reenrollment form, providing necessary information and verifications, and receiving copies of notices or other official communications from the department to the applicant or recipient. A medical facilitator shall not be authorized to apply for medical assistance on behalf of another person.

(3) "Medical representative" means a person who is authorized to act on behalf of an applicant or recipient under a written authorization made by the applicant or recipient and who is knowledgeable of the applicant's or recipient's financial holdings and circumstances.

(b) Each applicant or recipient shall be legally capable of acting on that individual's own behalf.

(1) An incapacitated person aged 18 for whom a court has named a guardian or conservator shall not be eligible for kancare-CHIP, unless the named legal guardian or conservator applies for assistance on the person's behalf.

(2) An incapacitated person aged 18 for whom a court has not named a guardian or conservator shall not be eligible for kancare-CHIP, unless a representative payee for the person's social security benefits, a person with durable power of at-

torney for financial decisions for the individual, or a medical representative applies for assistance on the person's behalf.

(3) Each emancipated minor shall be eligible to apply for and receive assistance under kancare-CHIP on that individual's own behalf.

(4) An unemancipated minor shall not be deemed capable of acting on that individual's own behalf and shall not be eligible to apply for or receive assistance under kancare-CHIP on that individual's own behalf, except as specified in this paragraph. An unemancipated minor shall not be eligible unless a caretaker, representative payee for social security benefits, or other nonrelated responsible adult who is approved by the parent or legal guardian and who resides with the child applies for assistance on the minor's behalf. However, an unemancipated minor may apply for or receive assistance on that individual's own behalf if one of the following conditions exists:

(A) The parents of the minor are institutionalized.

(B) The minor has no parent who is living or whose whereabouts are known, and there is no other caretaker who is willing to assume parental control of the minor.

(C) The health and safety of the minor has been or would be jeopardized by remaining in the household with the minor's parents or other caretakers. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-26. Residence. Each applicant or recipient shall be a resident of Kansas. Temporary absence from a state with subsequent return to the state, or intent to return when the purposes of the absence have been accomplished, shall not be considered to interrupt continuity of residence. Residence shall be considered to be retained until abandoned or established in another state. Residency shall be established as follows:

(a) For each individual who is not residing in an institution, capable of stating intent, and either is emancipated from the individual's parents or is married, the individual shall choose the state of residence based on either of the following:

(1) The state in which the individual is living and intends to reside, including without a permanent address; or

(2) the state that the individual has entered with a job commitment or for seeking employ-

ment, whether or not the individual is currently employed.

(b) For each individual who is not residing in an institution and who does not meet the conditions of subsection (a), the state of residence shall be either of the following:

(1) The state in which the individual is residing, including without a permanent address; or

(2) the state in which the individual's parent or caretaker resides, if the individual is living with the parent or caretaker.

(c) For each individual residing in an institution, the state of residence shall be one of the following, whether or not the individual is capable of stating intent:

(1) The state in which the individual's parent or guardian resides, if the individual became incapable of stating intent before the age of 21;

(2) the state that placed the individual in an out-of-state institution; or

(3) for any other institutionalized individual, the state in which the individual is living and intends to reside. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-27. Citizenship and alienage. (a) Each applicant or recipient shall be a citizen of the United States or shall be a noncitizen who meets either of the following conditions:

(1) The individual entered the United States before August 22, 1996 and meets one of the following conditions:

(A) Is a refugee, as specified in 8 U.S.C. 1101, including any person who is a Cuban or Haitian entrant as defined in public law 96-422 or is admitted as an Amerasian immigrant as defined in public law 100-202;

(B) Is granted asylum, pursuant to 8 U.S.C. 1158;

(C) has deportation withheld under 8 U.S.C. 1253(h) as in effect before April 1, 1997 or under 8 U.S.C. 1231(b)(3);

(D) is a lawful, permanent resident;

(E) is an honorably discharged veteran or is on active duty in the armed forces or is the spouse or unmarried dependent child of the veteran or the person on active duty;

(F) has been paroled into the United States for at least one year under 8 U.S.C. 1182(d)(5);

(G) has been granted conditional entry under 8 U.S.C. 1157;

(H) has been battered or subjected to extreme cruelty by a United States citizen or lawful permanent spouse or parent and has a pending or approved violence against women act (VAWA) case or petition before the department of homeland security pursuant to 8 U.S.C. 1641(c); or

(I) is a certified victim of severe forms of trafficking, as defined in 22 U.S.C. 7105; or

(2) the individual entered the United States on or after August 22, 1996 and meets one of the following conditions:

(A) Is a refugee, as specified in 8 U.S.C. 1101, including any person who is a Cuban or Haitian entrant as defined in public law 96-422 or is admitted as an Amerasian immigrant as defined in public law 100-202;

(B) is granted asylum, pursuant to 8 U.S.C. 1158;

(C) has deportation withheld under 8 U.S.C. 1253(h) as in effect before April 1, 1997 or under 8 U.S.C. 1231(b)(3);

(D) is an honorably discharged veteran or is on active duty in the armed forces or is the spouse or unmarried dependent child of the veteran or the person on active duty;

(E) is an Iraqi or Afghani special immigrant under the 2006 national defense authorization act, public law 109-163;

(F) is a certified victim of severe forms of trafficking, as defined in 22 U.S.C. 7105;

(G) is a lawful, permanent resident who has resided in the United States for at least five years;

(H) has been paroled into the United States under 8 U.S.C. 1182(d)(5) for at least one year and has resided in the United States for at least five years;

(I) has been granted conditional entry under 8 U.S.C. 1157 and has resided in the United States for at least five years; or

(J) has been battered or subjected to extreme cruelty by a United States citizen or lawful permanent spouse or parent, has a pending or approved violence against women act (VAWA) case or petition before the department of homeland security pursuant to 8 U.S.C. 1641(c), and has resided in the United States for at least five years.

(b) Each applicant or recipient declaring to be a citizen or national of the United States shall present evidence of citizenship or nationality in accordance with the department's policy memo titled "KDHE-DHCF policy no. 2013-10-01," dated October 4, 2013 and hereby adopted by reference. This requirement shall not apply to any of the following:

(1) Newborn children who meet the provisions of K.A.R. 129-6-65(e);

(2) individuals receiving SSI benefits;

(3) individuals entitled to or enrolled in any part of medicare;

(4) individuals receiving disability insurance benefits under 42 U.S.C. 423 or monthly benefits under 42 U.S.C. 402, based on the individual's disability; or

(5) individuals who are in foster care and who are assisted under title IV-B of the social security act as amended by public law 109-288 and individuals who are recipients of foster care maintenance or adoption assistance payments under title IV-E.

(c) Each individual declaring to be a noncitizen shall present evidence of that individual's status in accordance with "KDHE-DHCF policy no. 2013-10-01," which is adopted by reference in subsection (b). Each noncitizen who has provided evidence of qualified noncitizen status that has been verified with the department of homeland security shall be eligible for medical assistance.

(d) Each applicant or recipient shall have 90 days from the date the application is approved to supply the evidence described in subsections (b) and (c). (Authorized by and implementing K.S.A. 2013 Supp. 65-1,254 and 75-7403; effective June 30, 2006; amended, T-129-10-31-13, Nov. 1, 2013; amended Feb. 28, 2014.)

129-14-28. Cooperation. (a) Establishment of eligibility. Each applicant or recipient shall cooperate with the department in the establishment of the applicant's or recipient's eligibility by providing all information necessary to determine eligibility as provided in K.A.R. 129-14-23. Failure to provide all information necessary shall render the members of the assistance plan, as defined in K.A.R. 129-14-33, ineligible for medical assistance.

(b) Social security number. Except as noted in this subsection, each applicant or recipient shall cooperate by providing the department with the applicant's or recipient's social security number. Failure to provide the number, or failure to apply for a number if the applicant or recipient has not previously been issued a social security number, shall render the applicant or recipient ineligible for medical assistance. The following individuals shall be exempt from this requirement:

(1) Any individual who is not eligible to receive a social security number;

(2) any individual who does not have a social security number and can be issued a number only for a valid non-work reason; and

(3) any individual who refuses to obtain a social security number because of well-established religious objections. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-30. Public institution. (a) Definitions. For purposes of this regulation, each of the following terms shall have the meaning specified in this subsection:

(1) "Institution" means an establishment that furnishes food, shelter, and some form of treatment or services to four or more persons who are unrelated to the proprietor.

(2) "Public institution" means any institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control.

(b) Living arrangement. Each applicant or recipient meeting one of the following conditions shall be ineligible for assistance:

(1) Lives in a public institution, unless one of the following conditions is met:

(A) The individual is in a public educational or vocational training institution for purposes of completing education or vocational training; or

(B) the individual is in the public institution for a temporary period not to exceed the month of entrance and the following two months;

(2) resides in a state intermediate care facility for diagnosis, treatment, or rehabilitation of persons with intellectual disabilities or related conditions that has been approved for medicaid coverage of inpatient services;

(3) receives inpatient care in either of the following:

(A) A state psychiatric hospital that has been approved for medicaid coverage of inpatient services; or

(B) a nursing facility for mental health that has been approved for medicaid coverage of inpatient services;

(4) receives inpatient care in a psychiatric residential treatment facility as defined in K.A.R. 28-4-1200;

(5) resides in a correctional facility; or

(6) is in the custody of the department of corrections as an accused or convicted criminal and does not meet any of the following conditions:

- (A) Is on probation, parole, bail, or bond;
- (B) has been released on the individual's own recognizance; or
- (C) is participating in a prison diversion program operated by a privately supported facility. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-31. Insurance coverage. (a) An applicant or recipient shall not currently be covered under a "group health plan" or under "health insurance coverage" as defined in 42 U.S.C. 300gg-91. The applicant or recipient shall not be considered covered if the applicant or recipient does not have reasonable geographic access to care under that plan or coverage. Reasonable geographic access to care shall mean that the applicant or recipient routinely does not have to travel more than 50 miles to reach providers participating in the group health plan or health insurance coverage.

(b) For family groups with income over 200 percent of the official federal poverty-level income guidelines, the applicant or recipient shall not have had health insurance coverage in the three-month period before the effective date of coverage and terminated this coverage without good cause.

(c) For family groups with income less than or equal to 200 percent of the official federal poverty-level income guidelines, the applicant or recipient shall not have had health insurance coverage in the prior three months and terminated this coverage without good cause.

(d) An applicant or recipient shall not be eligible for enrollment in the Kansas state employee health plan.

(e) The standards for good cause shall include the loss of health insurance due to the involuntary loss of employment, the death of the policy holder, and the elimination of coverage by the applicant's or recipient's employer. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-32. Premium payment requirement. (a) If the total monthly applicable income in a family group exceeds 166 percent of the official federal poverty-level income guidelines, the family shall pay a monthly premium for coverage in kancare-CHIP.

(b) Each family who fails to pay the monthly premium for two consecutive months shall be

considered delinquent, which shall result in the ineligibility of that family. The period of ineligibility shall not exceed 90 days. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-33. Assistance plan. (a) The assistance plan shall consist of those persons in the household as determined in subsections (b) through (f).

(b) For each person who is not claimed as a tax dependent by any other taxpayer and is expected to file a tax return, the household shall consist of the person and all of the person's tax dependents, except as noted in subsection (e). If a taxpayer cannot reasonably establish that another individual is a tax dependent of the taxpayer for the tax year in which assistance is determined, the inclusion of the individual in the household of the taxpayer shall be determined in accordance with subsections (d) and (e).

(c) For each person claimed as a tax dependent by another taxpayer, the household shall consist of that taxpayer and the taxpayer's dependents, except as noted in subsection (e).

(d) For each person who neither files a tax return nor is claimed as a tax dependent, the household shall consist of the person and, if living with the person, the following:

- (1) The person's spouse;
- (2) the person's natural children, adopted children, and stepchildren under the age of 21;
- (3) the person's natural parents, adopted parents, and stepparents, if the person is under the age of 21; and
- (4) the person's natural siblings, adopted siblings, and stepsiblings under the age of 21, if the person is under the age of 21.

(e) For each person who is claimed as a tax dependent by another taxpayer, the household shall be determined in accordance with subsection (d) if the person meets the following conditions:

- (1) Is not a spouse of the taxpayer and is not a biological child, an adopted child, or a stepchild of the taxpayer;
 - (2) is claimed by one parent as a tax dependent and is living with both parents who do not expect to file a joint tax return; or
 - (3) is under the age of 21 and expected to be claimed as a tax dependent by a noncustodial parent.
- (f) For any married couple living together, each spouse shall be included in the household of the

other spouse, whether both spouses expect to file a joint tax return under 26 U.S.C. 6013 or whether one spouse expects to be claimed as a tax dependent by the other spouse. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-34. Financial eligibility. (a) Definitions. For purposes of this regulation, each of the following terms shall have the meaning specified in this subsection:

(1) "Household income" means the sum of the MAGI-based income of every individual included in the individual's household minus an amount equivalent to five percentage points of the federal poverty level for the applicable family size, for purposes of determining the individual's eligibility under the highest income standard for which the individual is eligible.

(2) "MAGI-based income" means income calculated using the same financial methodologies used to determine MAGI as defined in 26 U.S.C. 36B(d)(2), with the following exceptions:

(A) Each amount received as a lump sum shall be counted as income only in the month received;

(B) scholarships, awards, and fellowship grants used for education purposes and not for living expenses shall be excluded from income; and

(C) for American Indian or Alaska native funds, the following shall be excluded from income:

(i) Distributions from Alaska native corporations and settlement trusts;

(ii) distributions from any property held in trust, subject to federal restrictions, located within the most recent boundaries of a prior federal reservation or otherwise under the supervision of the secretary of the interior;

(iii) distributions and payments from rents, leases, rights-of-way, royalties, usage rights, or natural resource extraction and harvest from rights of ownership or possession in any lands described in this paragraph or federally protected rights regarding off-reservation hunting, fishing, gathering, or usage of natural resources;

(iv) distributions either resulting from real property ownership interests related to natural resources and improvements located on or near a reservation or within the most recent boundaries of a prior federal reservation or resulting from the exercise of federally protected rights relating to these real property ownership interests;

(v) payments resulting from ownership interests

in or usage rights to items that have unique religious, spiritual, traditional, or cultural significance or rights that support subsistence or a traditional lifestyle according to applicable tribal law or custom; and

(vi) student financial assistance provided under the bureau of Indian affairs education programs.

(b) Determination of financial eligibility. Financial eligibility for families and children shall be based on household income, except for the following:

(1) The MAGI-based income of an individual who is included in the household of the individual's natural parent, adoptive parent, or stepparent and is not expected to be required to file a tax return under 26 U.S.C. 6012(a)(1) for the taxable year in which eligibility is being determined shall not be included in household income whether or not the individual files a tax return.

(2) The MAGI-based income of a tax dependent described in K.A.R. 129-14-33(e)(1) who is not expected to be required to file a tax return under 26 U.S.C. 6012(a)(1) for the taxable year in which eligibility is being determined shall not be included in household income whether or not the tax dependent files a tax return.

(c) Income deductions. No other deductions shall be applied in determining household income.

(d) Budget periods. Each household's financial eligibility shall be based on the current monthly income and family size of the household, unless a change in circumstances is expected. In these instances, financial eligibility shall be based on the projected monthly income and family size of the household.

(e) Exclusion of resources. The value of the household's resources shall not be taken into consideration in determining financial eligibility.

(f) Poverty-level determination. The total monthly income limits for the poverty-level determination shall be established by the secretary and converted to MAGI-equivalent numbers in accordance with 42 C.F.R. 457.300 et seq. If the department determines that the program funds appropriated are insufficient to fund up to this income level, a lower income level shall be implemented by the department, and the notice of the lower income level shall be published by the department in the Kansas register.

(g) Continuous eligibility. Except for children determined eligible for presumptive medical assistance as specified in K.A.R. 129-14-51, each

child under the age of 19 who becomes eligible for kancare-CHIP shall continue to be eligible for assistance for 12 months beginning with the month of enrollment or reenrollment regardless of any changes in circumstances, unless one of the following conditions is met:

- (1) The child reaches the age of 19.
- (2) Assistance is voluntarily terminated for the child.
- (3) The child no longer resides in the state.
- (4) The state determines that eligibility was granted erroneously because of fraud or agency error.
- (5) The child dies. (Authorized by and implementing K.S.A. 2013 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-35. Treatment of income. (a) For purposes of this regulation, “prospective monthly amount” shall mean an amount that is projected for purposes of determining an applicant’s or recipient’s monthly income. All earned income and unearned income received or expected to be received in the month of application shall be used to determine a prospective monthly amount.

(b) For changes in earned income and unearned income, an estimate of those changes shall be used to determine a prospective monthly amount.

(c) For self-employment income, a prospective monthly amount shall be determined based on annual federal tax information from the most recent tax year. In the absence of federal tax information from the most recent tax year, an estimate shall be used to determine a prospective monthly amount. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-36. Applicable income. For purposes of this regulation, “applicable income” shall mean the amount of earned income and unearned income that is compared with the appropriate income standard to establish financial eligibility. All earned income and unearned income shall be considered applicable income, unless exempted in accordance with K.A.R. 129-14-34(a)(2), and shall be determined as follows:

(a) Applicable income shall be based on the methodologies used to determine modified adjusted gross income, as specified in K.A.R. 129-14-34(a)(2), for persons in the household, as specified in K.A.R. 129-14-34(b).

(b) An amount equivalent to five percentage points of the federal poverty level for the applicable family size shall be deducted from the combined household income, for purposes of determining the individual’s eligibility under the highest income standard for which the individual is eligible, in accordance with K.A.R. 129-14-34(a)(1). (Authorized by and implementing K.S.A. 2013 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-37. Overpayments. Each recipient who receives an overpayment, whether caused by the department or the individual, shall repay the amount of the overpayment, either by voluntary action or through administrative processes including recoupment and legal action. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-40. Discontinuance of assistance. A recipient’s participation in kancare-CHIP shall be discontinued if the recipient no longer meets one or more of the applicable eligibility requirements. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-50. Scope of services. The services provided to children enrolled in kancare-CHIP shall be Kansas medicaid services as specified in K.A.R. 30-5-58 through 30-5-310 and K.A.R. 129-5-1 through 129-5-118b. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective, T-129-10-31-13, Nov. 1, 2013; effective Feb. 28, 2014.)

129-14-51. Presumptive eligibility. (a) Each child, as defined in K.A.R. 129-14-2, shall be eligible for a presumptive period if a qualified entity, as specified in K.A.R. 129-14-52, designated by the department determines that the child meets the presumptive eligibility requirements.

(b) Each child shall meet the following requirements:

- (1) The child shall be under the age of 19.
- (2) The child shall meet the general eligibility requirements of K.A.R. 129-14-25, 129-14-26, 129-14-27, and 129-14-28.
- (3) The child shall be financially eligible according to K.A.R. 129-14-34.
- (4) The child shall be uninsured as specified in K.A.R. 129-14-31.

(5) The child shall not be living in a public institution, as specified in K.A.R. 129-14-30.

(c) The presumptive period shall begin on the date on which the qualified entity makes an eligibility determination. The presumptive period shall end on the last day of the month following the month in which the determination is made, unless an application for medical assistance is received. If an application is filed in accordance with K.A.R. 129-14-20 before this date, the presumptive period shall end on the last day of the month in which a full determination is made.

(d) Each child shall be eligible for only one period of presumptive eligibility within a 12-month period under this regulation or under K.A.R. 129-6-151. The 12-month period shall begin on the first day of presumptive eligibility under either of these regulations. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective June 30, 2006; amended, T-129-10-31-13, Nov. 1, 2013; amended Feb. 28, 2014.)

129-14-52. Presumptive eligibility to be determined by qualified entities. (a) Each qualified entity shall be designated by the department to make determinations of presumptive eligibility as specified in K.A.R. 129-14-51.

(b) Each qualified entity shall meet the requirements of 42 C.F.R. 435.1100.

(c) For each determination of presumptive eligibility, a qualified entity shall perform the following:

(1) Make a finding of presumptive eligibility pursuant to K.A.R. 129-14-51 or 129-6-151;

(2) notify the child's parent or caretaker, by written or electronic means, of the results of the determination at the time of the determination;

(3) provide the child's parent or caretaker with an application for regular medical assistance. For a child determined to be presumptively eligible, the qualified entity shall notify the child's parents or caretaker that, unless a regular medical assistance application is submitted before the last day of the month following the month of the presumptive determination, eligibility shall end on that date;

(4) assist the child's parent or caretaker in completing and filing a regular medical assistance application; and

(5) notify the department of the presumptive determination within five working days after the determination. (Authorized by and implementing K.S.A. 2012 Supp. 65-1,254 and 75-7403; effective June 30, 2006; amended, T-129-10-31-13, Nov. 1, 2013; amended Feb. 28, 2014.)

- 130-1. REGISTRATION, RENEWAL, AND EXAMINATION.
- 130-2. FEES.
- 130-3. EDUCATION PROGRAMS.
- 130-4. CODE OF ETHICS AND STANDARDS OF PRACTICE.
- 130-5. CONTINUING EDUCATION.

Article 1.—REGISTRATION, RENEWAL, AND EXAMINATION

130-1-1. Registration. Each person applying for registration as a home inspector shall provide the following to the board:

(a) the applicant's full legal name and date of birth;

(b) the applicant's residential, business, and mailing addresses;

(c) the applicant's residential and business telephone numbers;

(d) the applicant's electronic mail address;

(e) complete answers to all questions regarding conduct that might be grounds for denying an application for registration;

(f) (1) Identification of the school district or other entity that granted the applicant a high school diploma or its equivalent; or

(2) documentation that the applicant was engaged in the practice of performing home inspections on July 1, 2009;

(g)(1) Documentation that the applicant has completed an educational program that meets the requirements of K.A.R. 130-3-1; or

(2) documentation that the applicant was engaged in the practice of performing home inspections for at least two years before July 1, 2009 and has completed at least 50 fee-paid home inspections;

(h) documentation from an insurer authorized to do business in Kansas stating that the applicant is insured by a policy of liability insurance in the amount required by K.S.A. 58-4509, and amendments thereto;

(i) documentation from an insurer or financial institution establishing that the applicant is financially responsible as required by K.S.A. 58-4509, and amendments thereto;

(j)(1) Documentation that the applicant has

successfully completed the examination required by the board for registration; or

(2) documentation that the applicant was engaged in the practice of performing home inspections for at least two years before July 1, 2009 and has completed at least 50 fee-paid home inspections;

(k) the initial registration fee specified in K.A.R. 130-2-1; and

(l) a declaration signed by the applicant under penalty of perjury under Kansas law stating that all information submitted is true and correct. (Authorized by K.S.A. 2008 Supp. 58-4504, as amended by L. 2009, Ch. 118, § 3; implementing K.S.A. 2008 Supp. 58-4509, as amended by L. 2009, Ch. 118, § 6; effective Jan. 4, 2010.)

130-1-2. Registration renewal. Each person applying for annual renewal of registration shall provide the following to the board:

(a) The applicant's full legal name and date of birth;

(b) the applicant's residential, business, and mailing addresses;

(c) the applicant's residential and business telephone numbers;

(d) the applicant's electronic mail address;

(e) proof that the applicant has obtained at least 16 credit hours of approved continuing education;

(f) complete answers to all questions regarding conduct that might be grounds for denying an application for registration or imposing a disciplinary sanction against a registered home inspector;

(g) documentation from an insurer authorized to do business in Kansas stating that the applicant is insured by a policy of liability insurance in the amount required by K.S.A. 58-4509, and amendments thereto;

(h) documentation from an insurer or financial institution establishing that the applicant is finan-

cially responsible as required by K.S.A. 58-4509, and amendments thereto;

(i) the renewal fee specified in K.A.R. 130-2-1; and

(j) a declaration signed by the applicant under penalty of perjury under Kansas law stating that all information submitted is true and correct. (Authorized by K.S.A. 2008 Supp. 58-4504, as amended by L. 2009, Ch. 118, §3; implementing K.S.A. 2008 Supp. 58-4509, as amended by L. 2009, Ch. 118, §6; effective, T-130-1-4-10, Jan. 4, 2010; effective May 7, 2010.)

130-1-3. Examination. (a) To be approved by the board, each examination required for registration shall meet the following requirements:

(1) Test the applicant's knowledge of and proficiency in methods of inspection, residential building systems, report writing, and professional practices; and

(2) be psychometrically sound as evidenced by documented evaluation of the examination by an independent organization.

(b) Each examination shall be administered at a location that is under the control of either the examination owner or an entity that has agreed by contract to administer the examination. Each examination shall be proctored according to written policies and procedures that ensure the security and integrity of the examination.

(c) Each applicant shall determine, before taking an examination, whether both the examination and the entity proctoring the examination have been approved by the board.

(d) Each applicant shall pay all examination fees directly to the examination owner or administrator.

(e) Successful completion of the examination by an applicant shall mean that the applicant meets either of the following requirements:

(1) Achieved a scaled score of at least 500 on a range of 200 to 800 on the national home inspection exam offered by the examination board of professional home inspectors; or

(2) achieved a raw score of 70% on the examination offered by the national association of home inspectors, inc. (Authorized by K.S.A. 2008 Supp. 58-4504, as amended by L. 2009, Ch. 118, §3; implementing K.S.A. 2008 Supp. 58-4509, as amended by L. 2009, Ch. 118, §6; effective, T-130-1-4-10, Jan. 4, 2010; effective May 7, 2010.)

130-1-4. Registration expiration; renewal. Each application for renewal of a registration shall

be submitted to the board before the end of each calendar year. Each registration that is not renewed shall expire on December 31 of the year in which the registration was issued. (Authorized by and implementing K.S.A. 2008 Supp. 58-4509(c), as amended by L. 2009, Ch. 118, § 6; effective Jan. 4, 2010; amended May 7, 2010.)

130-1-5. Reinstatement of registration.

(a) Each person applying for reinstatement of a registration that has been expired for less than one year and that has not been revoked shall provide the following to the board:

(1) The information required for renewal of a registration specified in K.A.R. 130-1-2; and

(2) the fee for reinstatement of an expired registration specified in K.A.R. 130-2-1.

(b) Each person applying for reinstatement of a registration that has been expired for one year or more and that has not been revoked shall provide the following to the board:

(1) The information required for renewal of a registration specified in K.A.R. 130-1-2;

(2) documentation that within the one-year period before the application for reinstatement, the applicant successfully completed the examination required by the board for initial registration; and

(3) the fee for reinstatement of an expired registration specified in K.A.R. 130-2-1.

(c) Each person applying for reinstatement of a registration that has been revoked shall provide the following to the board:

(1) The information required for initial registration specified in K.A.R. 130-1-1;

(2) documentation that the applicant completed 16 credit hours of approved continuing education within the 12-month period before the application for reinstatement;

(3) documentation that within the one-year period before the application for reinstatement, the applicant successfully completed the examination required by the board for initial registration;

(4) evidence that the applicant is sufficiently rehabilitated to warrant the public trust; and

(5) the fee for reinstatement of a revoked registration specified in K.A.R. 130-2-1. (Authorized by and implementing K.S.A. 2008 Supp. 58-4509, as amended by L. 2009, Ch. 118, § 6; effective Jan. 4, 2010.)

Article 2.—FEES

130-2-1. Fees. The registration fees shall be as follows:

| | |
|--|--------|
| (a) (1) Initial registration received January 1 through June 30..... | \$100 |
| (2) Initial registration received July 1 through September 30 | \$75 |
| (3) Initial registration received October 1 through December 31..... | \$50 |
| (b) (1) Annual renewal of registration received on or before December 31, 2011 | no fee |
| (2) Annual renewal of registration received on or after January 1, 2012..... | \$100 |
| (c) Additional fee for late renewal | \$50 |
| (d) Application for inactive status | \$50 |
| (e) Renewal of registration from inactive to active status..... | \$200 |
| (f) Reinstatement of expired registration | \$250 |
| (g) Reinstatement of revoked registration..... | \$300 |
| (h) Duplicate copy of registration..... | \$10 |
| (i) Application for approval of education provider..... | \$500 |
| (j) Application for approval of continuing education provider | \$50 |

(Authorized by K.S.A. 2010 Supp. 58-4506; implementing K.S.A. 2010 Supp. 58-4506 and K.S.A. 2010 Supp. 58-4509; effective Jan. 4, 2010; amended, T-130-11-21-11, Nov. 21, 2011; amended March 2, 2012.)

Article 3.—EDUCATION PROGRAMS

130-3-1. Approval of education providers. (a) Each application packet submitted by an education provider shall include a completed application on a form provided by the board, the fee required by K.A.R. 130-2-1, a syllabus describing the course of study and the proposed date the education program is to begin, and sufficient documentation to establish that all of the requirements of this regulation have been met. Each application packet shall be submitted at least 90 days before the proposed date the education is to begin.

(b) The course of study of each educational program shall include at least 80 hours of instruction in the following topics:

- (1) Structural systems, including the following:
 - (A) Foundations, basements, and drainage;
 - (B) interior walls, windows, doors, stairways, ceilings, and floors;
 - (C) exterior walls, windows, doors, and stairways;
 - (D) exterior coatings, claddings, and glazing;
 - (E) roof structure, coverings, penetration, drainage, and attics;
 - (F) porches, decks, driveways, and walkways;
 - (G) railings and assistive devices; and
 - (H) thermal insulation, air penetration, and moisture barriers;

(2) environmental heating, cooling, and ventilation devices, controls, and distribution systems, including the following:

- (A) Solid, liquid, and gas fuel heating systems;
- (B) electrical heating and cooling systems; and
- (C) chimneys, ductwork, vents, fans, flues, and dryer vents;
- (3) plumbing systems, controls, and drain, vent, water, and gas components;
- (4) waste and sewage systems, but not including private waste systems;
- (5) water supply systems and components, but not including private water supplies;
- (6) electrical systems, controls, and components for heating, ventilation, and air conditioning;
- (7) electrical systems, controls, and components for lighting and home appliance power;
- (8) (A) Primary electrical service from the mast-head to the main panel, which is also known as the electrical service entrance; and
- (B) electrical panels, branch electrical circuits, connected devices, and fixtures;
- (9) the Kansas home inspection laws and regulations;
- (10) the Kansas code of ethics specified in K.A.R. 130-4-1 and the standards of practice specified in K.A.R. 130-4-2;

(11) home inspection documents, forms, and contracts; and

(12) report writing and the legal ramifications of report content.

(c) Instruction shall be on-site, except that an educational program may include as many as three field training experiences of no more than four hours each. Field training shall not include distance learning or any other type of instruction in a virtual classroom. The duration of each course shall not exceed six months.

(d) Each instructor shall meet at least one of the following requirements:

- (1) Have experience practicing as a home inspector for at least five of the seven years immediately before becoming an instructor;
- (2) have experience teaching the subject matter now being taught for at least five of the seven years immediately before becoming an instructor in the program;
- (3) have attained at least 12 credit hours in the subject being taught and have practiced in a field related to the subject being taught for at least 12 of the 24 months immediately before becoming an instructor;
- (4) have successfully completed a postsecond-

any educational program in the subject being taught and have practiced in a field related to the subject matter being taught for at least 12 of the 24 months immediately before becoming an instructor; or

(5) have experience working in a field related to the subject being taught at least 1,000 hours each year for at least five of the seven years immediately before becoming an instructor.

(e) Each educational provider shall require 100 percent attendance during the course of study instruction.

(f) Each educational provider shall require successful completion of at least one comprehensive examination on the topics in the course of study.

(g) The provider of each educational program shall furnish a certificate or other official document verifying successful completion of the program to each student who has successfully completed the program.

(h) The provider of each educational program shall maintain a record of each program for at least 36 months following the completion of the program and shall provide a copy of each record to the board within five days following receipt of a request by the board. The record shall include at least the following:

(1) Course materials;

(2) documentation that each instructor who provides instruction in the program meets the requirements of this regulation;

(3) a list of each student enrolled in the program;

(4) for each student enrolled in the program, a record that the student completed the program, failed the program, or withdrew from the program; and

(5) for each field training experience included as part of the program, a statement of the date, number of hours, and location of the field training experience.

(i) Each approved education provider shall notify the board within 10 days that any of the information provided to the board has changed. Approval of an education provider shall be withdrawn if the board determines after notice and an opportunity to be heard that the education provider no longer meets the requirements of this regulation. (Authorized by and implementing K.S.A. 2008 Supp. 58-4504, as amended by L. 2009, Ch. 118, §3; effective, T-130-1-4-10, Jan. 4, 2010; effective May 7, 2010.)

Article 4.—CODE OF ETHICS AND STANDARDS OF PRACTICE

130-4-1. Code of ethics. Each registrant shall conduct each home inspection in accordance with the Kansas home inspectors registration board's "code of ethics," as approved on April 17, 2009 and hereby adopted by reference. (Authorized by and implementing K.S.A. 2009 Supp. 58-4504; effective, T-130-1-4-10, Jan. 4, 2010; effective June 18, 2010.)

130-4-2. Standards of practice. Each registrant shall conduct each home inspection in accordance with the Kansas home inspectors registration board's "home inspection standards of practice," as approved on September 17, 2009 and hereby adopted by reference. (Authorized by and implementing K.S.A. 2008 Supp. 58-4504, as amended by L. 2009, Ch. 118, §3; effective June 18, 2010.)

Article 5.—CONTINUING EDUCATION

130-5-2. Approval of continuing education providers. (a) Each continuing education course required by K.A.R. 130-1-2 or K.A.R. 130-1-5 shall meet all of the following requirements:

(1) Each workshop, seminar, or presentation offered shall be conducted by a person having expertise in home inspections through education, training, or experience.

(2) Each registrant attending a continuing education course shall receive written materials suitable for later reference by the registrant.

(3) Each continuing education course shall be publicized with identification and qualifications of the faculty who will present the course, a description of the subject matter, the learning objectives, the cost of attending the program, and the number of continuing education hours to be awarded upon completing the course.

(4) Each continuing education course offered shall be open for attendance by any registrant who pays the fee. No registrant shall be denied admission on the basis of race, gender, age, or any similar factor.

(5) Each continuing education course shall be accessible by a person with a disability.

(6) Each registrant attending a continuing education course shall be given written documentation identifying the course by name, the approved continuing education provider, and the date on which the registrant attended the course

and certifying the number of hours awarded to the registrant.

(b) Any continuing education provider that has not previously been approved by the board may submit a written request for approval to the board. Each request for approval shall contain the following:

(1) The name, address, and telephone number of the organization or person requesting approval;

(2) a description of each continuing education course that the provider intends to offer and each date on which the course is intended to be offered;

(3) a copy of the publication materials required by paragraph (a)(3) for each course that is intended to be offered; and

(4) the fee specified in K.A.R. 130-2-1.

(c) Each approved continuing education pro-

vider shall maintain records of each continuing education course offered for at least three years from the date the course was offered. These records shall include a copy of all publication materials distributed, identification of each presenter, a description of the qualifications of each presenter, a copy of all written materials distributed to registrants, and a copy of the documentation for each registrant required by paragraph (a)(6).

(d) Each approval of a continuing education provider shall be effective for one year. (Authorized by K.S.A. 2008 Supp. 58-4504, as amended by L. 2009, Ch. 118, §3; implementing K.S.A. 2008 Supp. 58-4504, as amended by L. 2009, Ch. 118, §3, and K.S.A. 2008 Supp. 58-4509, as amended by L. 2009, Ch. 118, §6; effective May 7, 2010.)

Articles

131-1. DEFINITIONS.

Article 1.—DEFINITIONS

131-1-1. Definition of purchase. (a) “Purchase,” as used in K.S.A. 75-4101 and amendments thereto, shall not include the purchase of insurance through a lease of real property that meets all of the following conditions:

- (1) The state agency is the lessee.
- (2) (A) The cost to insure the property is included as a part of the lease payment; or
(B) the lessee is required to reimburse the lessor for the cost of the insurance.
- (3) The secretary of administration has approved the lease in accordance with K.S.A. 75-

3739, and amendments thereto.

(b) “Purchase,” as used in K.S.A. 75-4101 and amendments thereto, shall include the purchase of insurance through a lease of real property if all of the following conditions are met:

- (1) The state agency is the lessee.
- (2) The lease requires that the property be insured.
- (3) The lease requires the lessee to pay the insurance premium to the insurance company. (Authorized by K.S.A. 75-4111; implementing K.S.A. 2010 Supp. 75-4101 and K.S.A. 2010 Supp. 75-4109; effective March 18, 2011.)

911 Coordinating Council

Articles

132-1. FEES.

132-2. LOCAL COLLECTION POINT ADMINISTRATOR REQUIREMENTS.

132-3. GRANT FUNDS.

132-4. PENALTIES.

Article 1.—FEES

132-1-1. Fees. The 911 fee shall be \$.60 per month for each subscriber account, pursuant to K.S.A. 2014 Supp. 12-5369 and amendments thereto. (Authorized by K.S.A. 2014 Supp. 12-5364; implementing K.S.A. 2014 Supp. 12-5364 and 12-5369; effective Oct. 2, 2015.)

Article 2.—LOCAL COLLECTION POINT ADMINISTRATOR REQUIREMENTS

132-2-1. LCPA; prerequisites; selection; contract. (a) Each qualified person selected to provide the services of the local collection point administrator (LCPA) pursuant to the Kansas 911 act (“act”), L. 2011, ch. 84, secs. 1 through 19 and sec. 25 and amendments thereto, shall at a minimum meet the following requirements:

(1) Have the ability to comply with all contract requirements established by the secretary of administration;

(2) have at least three years of experience in public sector financial administration and accounting;

(3) secure and manage accounts and services at a federally insured financial institution with a physical presence in Kansas and ensure the required collateralization of 911 funds in bank accounts;

(4) establish and maintain a physical office in Kansas; and

(5) have the ability to provide appropriate staffing to the 911 coordinating council (“council”) to meet the council’s obligations under the act.

(b) Each LCPA shall be selected by the council with the advice and consent of the legislative coordinating council through a competitive procurement process administered by the Kansas department of administration. The competitive process shall begin at least six months before the

expiration of the contract with the current LCPA, unless both the council and the legislative coordinating council concur before then that the contract with the LCPA should be extended for an additional contract term, as allowed by the act.

(c)(1) The initial contract with the selected person shall be for a two-year period. A yearly performance review of the LCPA shall be conducted by the council. The council’s findings shall be reported to the legislative coordinating council.

(2) The term of a contract with the LCPA may be increased to three years by the council if the council determines the following:

(A) The LCPA has successfully fulfilled its contractual and legal responsibilities for at least 12 months.

(B) The annual audit of the 911 fee receipts and disbursements by the LCPA demonstrates appropriate recordkeeping and administration of monies.

(C) The contract extension can control cost increases for services or reduce risks of disruption of essential LCPA services. (Authorized by L. 2011, ch. 84, sec. 3; implementing L. 2011, ch. 84, secs. 3 and 6; effective March 2, 2012.)

Article 3.—GRANT FUNDS

132-3-1. 911 federal grants; distribution.

(a) Federal grant funds shall be distributed by the chair of the 911 coordinating council (“council”) to any entity only if all of the following conditions are met:

(1) A majority of voting members on the council approves the award of any contract or agreement to the entity seeking federal grant funds before execution of the contract or agreement.

(2) The proposed use of the funds is consistent with the federal grant fund requirements and K.S.A. 12-5365, and amendments thereto.

(3) The federal grant funds will be used to im-

plement next-generation 911 services at a regional or statewide level.

(4) The equipment and services to be purchased using federal grant funds meet national technical standards established for next-generation 911 services as adopted by reference in subsection (b), to the greatest extent possible, and are open architectural designs.

(b) The following portions of the “detailed functional and interface specification for the NENA i3 solution — stage 3,” dated June 14, 2011, are hereby adopted by reference as the national technical standards established for next-generation 911 services:

(1) Pages 4 through 236; and

(2) pages 256 through 280.

(c) As used in this regulation, “open architectural designs” shall mean architectural designs that meet the following requirements:

(1) Are available to the general public and are intended for widespread adoption;

(2) facilitate interoperability and data exchange among different products or services; and

(3) contain no proprietary constraints. (Authorized by K.S.A. 2011 Supp. 12-5364, as amended by L. 2012, ch. 21, sec. 2; implementing K.S.A. 2011 Supp. 12-5364, as amended by L. 2012, ch. 21, sec. 2, and K.S.A. 2011 Supp. 12-5365; effective Jan. 11, 2013.)

Article 4.—PENALTIES

132-4-1. Delinquent status; penalties.

(a)(1) A provider shall be deemed to be in delinquent status by the 911 coordinating council or the council’s designee under any of the following conditions:

(A) The provider fails to submit the provider’s contact information, pursuant to L. 2011, ch. 84, sec. 3 (j) and amendments thereto, on or before January 1, 2012, in the form and containing the information required by the 911 coordinating council to the 911 coordinating council or the council’s designee.

(B) The provider has not previously provided service in this state and fails to submit the provider’s contact information, pursuant to L. 2011, ch. 84, sec. 3 (j) and amendments thereto, within

three months of first offering services in this state, in the form and containing the information required by the 911 coordinating council to the 911 coordinating council or the council’s designee.

(C) The provider fails to notify the 911 coordinating council or the council’s designee within 30 days of any change in the provider’s contact information.

(2) A provider shall be deemed to be in delinquent status by the 911 coordinating council or the council’s designee if the provider fails to submit 911 fees and the return in the form required by the LCPA, pursuant to L. 2011, ch. 84, sec. 9 and amendments thereto, to the LCPA on or before the 30th day of each calendar month following a return for the preceding month.

(b)(1) If the 911 coordinating council or the council’s designee determines that a provider is in delinquent status, a penalty shall be assessed against the provider by written order of the 911 coordinating council or the council’s designee.

The penalty for failing to comply with the requirement to submit the provider’s contact information shall be \$500.00 per day or 10 percent of the 911 fees due from the delinquent provider to the LCPA for the corresponding month, whichever is greater. The penalty for failing to submit 911 fees and the return shall be \$500.00 per day or 10 percent of the 911 fees due from the delinquent provider to the LCPA for the corresponding month, whichever is greater.

(2) Written notification of the penalty assessment, the violation, and the provider’s right to appeal to the 911 coordinating council or the council’s designee shall be issued to the provider by the 911 coordinating council or the council’s designee. Each penalty payment shall be remitted directly to the 911 coordinating council or the council’s designee.

(c) Any provider that is assessed a penalty may request a hearing, pursuant to L. 2011, ch. 84, sec. 3 (l) and amendments thereto. The request for hearing shall specify the reason or reasons the provider denies being in violation of the submission requirements, pursuant to L. 2011, ch. 84, sec. 3 and amendments thereto. (Authorized by L. 2011, ch. 84, sec. 3; implementing L. 2011, ch. 84, secs. 3 and 9; effective March 2, 2012.)

Agency 133

Office of Administrative Hearings

Editor's Note:

Effective July 1, 2009, all powers, duties, and functions of the Office of Administrative Hearings, formerly within the Kansas Department of Administration and under the Secretary of Administration, were transferred to the Office of Administrative Hearings and the Director of this office established by the Administrative Procedure Act. See K.S.A. 77-562.

Articles

133-1. GENERAL PROCEDURES CONCERNING PARTIES.

Article 1.—GENERAL PROCEDURES CONCERNING PARTIES

133-1-1. Definitions. (a) As used in this article, each of the terms defined by K.S.A. 77-502, and amendments thereto, shall have the meaning specified in that statute.

(b) Each of the following terms shall have the meaning specified in this subsection:

(1) “Director” means director of the office of administrative hearings.

(2) “KAPA” means the Kansas administrative procedure act, K.S.A. 77-501 et seq., and amendments thereto.

(3) “OAH” means the office of administrative hearings.

(4) “Presiding officer” means the administrative law judge assigned to preside over an administrative hearing. (Authorized by and implementing K.S.A. 2016 Supp. 75-37,121 and 77-562; effective Jan. 20, 2017.)

133-1-2. Assignment of administrative law judges. (a) Any state agency head or a designee may request that the director assign an administrative law judge to act as the presiding officer in an administrative hearing that is neither subject to KAPA nor listed in K.S.A. 77-551, and amendments thereto, and for which the agency head is responsible. The request may be made in writing, by telephone, or by electronic transmission.

(b)(1) Upon receiving a request for assignment of an administrative law judge, an administrative law judge of OAH shall be assigned by the director, unless the director determines either of the following:

(A) The existing caseloads of the administrative law judges would prevent OAH from providing a timely hearing.

(B) There is a conflict that would subject the administrative law judges to disqualification.

(2) In making each assignment, the relative experience, caseloads, and expertise of the OAH administrative law judges, as well as potential conflicts, time frames, and other relevant resources and factors, may be considered by the director.

(c) After the assignment of an administrative law judge, the requesting state agency shall forward to the director written documentation of the basis for the administrative hearing, which may include any of the following materials:

(1) A request for an administrative hearing;

(2) a petition for a hearing from a party to the state agency proceedings;

(3) the order that is the subject of the request for a hearing; or

(4) any other documentation of the event or action that forms the basis for the administrative hearing under applicable law. (Authorized by and implementing K.S.A. 2016 Supp. 75-37,121 and 77-562; effective Jan. 20, 2017.)

133-1-3. Conduct of proceedings. (a)(1) Each administrative hearing to which an administrative law judge is assigned under K.S.A. 75-37,121(b), and amendments thereto, shall be conducted in accordance with KAPA, unless other applicable statutes or regulations provide otherwise.

(2) Each administrative hearing to which an administrative law judge is assigned under K.S.A. 75-37,121(d), and amendments thereto, shall be conducted in accordance with any applicable statutes, regulations, ordinances, or other law.

(b) All parties to the state agency proceedings may be required by the administrative law judge or the director to submit motions, objections,

briefs, and other pleadings in a format established by the director and with the number of copies prescribed by the director.

(c) When an administrative law judge is assigned to an administrative hearing under K.S.A. 75-37,121(d), and amendments thereto, the order issued by the administrative law judge shall contain the elements required under any applicable statutes, regulations, ordinances, or other law. (Authorized by and implementing K.S.A. 2016 Supp. 75-37,121 and 77-562; effective Jan. 20, 2017.)

133-1-4. Electronic filing. (a) As used in this regulation, each of the following terms shall have the meaning specified in this subsection:

(1) “Filing” means any pleading, motion, objection, proffer of evidence, discovery request or response, brief, or any other formal communication by a party regarding the docketed administrative proceeding for which the filing is relevant and the filer is a party.

(2) “OAH e-filing system” and “system” mean a public, web-based internet portal established by OAH to which the parties to a proceeding are given secure and password-protected access for the purpose of sending or receiving electronically submitted filings regarding their proceeding.

(b) In any proceeding for which the director has appointed a presiding officer, any party to the proceeding may submit any filing to the presiding officer by using mail or telephone facsimile. Additionally or alternatively, any party may submit any filing for its proceeding using the OAH e-filing system, subject to the following:

(1) The system may be used only by parties who meet the following requirements:

(A) Have submitted to OAH a written and signed consent to the terms of use for the system that are specified by the director; and

(B) have completed the system’s online registration for the specific proceeding to which they are a party.

(2) The only modes by which signed consent to the terms of use for the system may be submitted to OAH are personal service, mail, telephone facsimile, or scanning and electronically mailing the signed consent document to the electronic mail address specified for only this purpose by the director.

(3) Once a party’s signed consent is received by OAH, the party shall be sent by OAH, in a manner specified by the agreed terms of use, directions

and information for completing that party’s online registration for the system.

(4) Any party may satisfy its duty to serve a copy of its filings to any other party using the OAH e-filing system, but only if both the serving party and the recipient party have completed their prerequisite signed consent and online registration for the immediate proceeding to which they are party.

(5) Only OAH personnel and the parties to a given proceeding shall have access to submit online or to view online any filings for their proceedings. Whether filed electronically or through other means, records of a proceeding shall be available to nonparties only as provided by the Kansas open records act, K.S.A. 45-215 et seq., and amendments thereto.

(c) No person may submit a filing or use the OAH e-filing system for a proceeding to which the person is not a party unless the presiding officer has recognized the person as an authorized representative of the party on whose behalf the person is filing or using the system.

(d) All orders and notices issued by the presiding officer shall be served in conformity with K.S.A. 77-531, and amendments thereto.

(e) A party’s inability to utilize the OAH e-filing system shall not constitute a basis for an extension of time in which to file any matter with the presiding officer or with opposing parties. This inability shall not affect any applicable filing deadlines imposed by law or by order of the presiding officer.

(f) For purposes of determining whether an error was committed by the OAH e-filing system before the effective date of a default or initial order, any party to the proceedings in question may request that OAH perform an audit of the system and deliver the audit findings to the presiding officer if all of the following conditions are met:

(1) The requesting party alleges that it was unable to make a timely filing due to an error of the system.

(2) The timeliness or existence of the filing transaction in question is material to the disposition of the party’s case.

(3) The party submits its audit request before a proposed default order for its case has become effective or before an initial order in the case has been issued.

(g) For purposes of determining whether an error was committed by the OAH e-filing system during an appeal pursuant to K.S.A. 77-527 and amendments thereto, any party to the appeal may

request that OAH perform an audit of the system and deliver the audit findings to the agency head if all of the following conditions are met:

(1) The requesting party alleges that it was unable to make a timely filing during the course of the appeal due to an error of the system.

(2) The timeliness or existence of the filing transaction in question is material to the disposition of the party's appeal.

(3) The party submits its audit request before a final order on its appeal has been issued.

(h) Concise documentation of the results of any system audit performed in accordance with this regulation shall be incorporated into the record of any case in which a system error was alleged. (Authorized by K.S.A. 2016 Supp. 75-37,121 and 77-562; implementing K.S.A. 2016 Supp. 77-519 and 77-531; effective Jan. 20, 2017.)
