Article 4.—BIG GAME
115-4-11. Big game and wild turkey permit applications. (a) General application provisions.
(1) Unless otherwise authorized by law or regulation, an individual shall not apply for or obtain more than one antlered or horned big game or wild turkey permit for each big game species or wild turkey, except when the individual is unsuccessful in a limited quota drawing and alternative permits for the species are available at the time of subsequent application or when the individual is the final recipient of a commission permit.
(2) Unless otherwise authorized by law or regulation, each big game or wild turkey permit application shall be signed by the individual applying for the permit.
(3) Subject to any priority draw system established by this regulation, if the number of permit applications of a specific species and type received by the designated application deadline exceeds the number of available permits of that species and type, a random drawing to issue permits of that species and type shall be conducted by the secretary.
(4) A hunt-on-your-own-land permit shall not be tabulated in a priority draw system if the permit would otherwise reduce the applicant’s odds of receiving a big game permit through that draw system.
(b) Deer permit applications.
(1) Subject to any priority draw system established by this subsection, in awarding deer permits in units having a limited number of permits, the first priority shall be given to those applicants who did not receive, in the previous year, a deer permit that allowed the taking of an antlered deer. All other deer permit applicants shall be given equal priority.
(2) In awarding a limited number of deer permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:
(A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a deer permit that allows the tak-
ing of an antlered deer.

(B) If the individual fails to make at least one application or purchase one preference point within a period of five consecutive years, all earned points shall be lost.

(C) If an applicant obtains, by a priority draw system, a deer permit that allows the taking of an antlered deer, all earned points shall be lost.

(D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(E) If an individual wants to apply for a preference point for a deer permit that allows the taking of antlered deer and not receive a permit, the person may apply for and receive a preference point by paying the proper application or preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(3) If an individual is a final recipient of a commission deer permit, the individual shall not possess more than one regular antlered deer permit and one commission deer permit.

(4) Applications for nonresident limited-quota antlered deer permits shall be accepted in the Pratt office from the earliest date that applications are available through the last Friday of April each year. Any nonresident applicant may select, at the time of application, one management unit and up to one adjacent management unit where that permit shall be valid.

(5) Applications for resident firearms either-species, either-sex permits shall be accepted at designated locations from the earliest date that applications are available through the second Friday of June.

(6) Applications for resident any-season white-tailed either-sex deer permits, resident archery deer permits, resident muzzleloader either-species either-sex permits, and hunt-on-your-own-land deer permits shall be accepted at designated locations from the earliest date that applications are available through December 30.

(7) Each resident applicant for either-species, either-sex muzzleloader or firearm deer permits shall select, at the time of application, the unit where the permit shall be valid. The west unit permit shall be valid in units 1, 2, 17, and 18. The east unit permit shall be valid in units 3, 4, 5, 7, and 16.

(8) Applications for antlerless white-tailed deer permits shall be accepted at designated locations from the earliest date that applications are available through January 30 of the following year.

(9) Each nonresident applicant for a regular deer permit shall have purchased a nonresident hunting license before submitting the application or shall purchase a nonresident hunting license when submitting the application.

(c) Antelope permit applications. In awarding antelope permits, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(1) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining an antelope permit.

(2) If the individual fails to submit at least one application or purchase one preference point within five consecutive years, all earned points shall be lost.

(3) If an applicant obtains an antelope permit by a priority draw system, all earned points shall be lost.

(4) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(5) If an individual wants to apply for a preference point for an antelope permit and does not receive a permit, the person may apply for and receive a preference point by paying the preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.

(6) Applications for resident permits shall be accepted at designated locations from the earliest date that applications are available through the second Friday of June.

(7) Applications for resident and nonresident archery permits shall be accepted at designated locations from the earliest date that applications are available through October 30.

(8) If there are any unfilled permits after all timely applications have been considered, the application period may be extended by the secretary.

(9) Any applicant unsuccessful in obtaining a permit through a drawing may apply for any permit made available during an extended application period, or any other permit that is available on an unlimited basis. If the applicant receives a permit made available during an extended application period or on an unlimited basis, that individual shall not receive a preference point in the same calendar year as the calendar year in which the individual receives that other permit.

(d) Elk permit applications.

(1) An individual receiving a limited-quota elk permit shall not be eligible to apply for or receive an elk permit in subsequent seasons, with the following exceptions:

(A) An individual receiving an any-elk or a bull-only elk permit may apply for and receive an antlerless-only elk permit in subsequent seasons.

(B) An individual receiving a limited-quota, antlerless-only elk hunting permit shall not be eligible to apply for or receive a limited-quota, antlerless-only elk permit for a five-year period thereafter. Subject to this subsection, however, this individual may apply for and receive an any-elk or bull-only elk permit without a waiting period.

(C) When a limited number of elk permits are awarded by a random draw system, each individual shall have an additional opportunity of drawing for each bonus point earned by the individual in addition to the current application. Bonus points shall be awarded as follows:

(i) One bonus point shall be awarded to an individual for each year the individual is unsuccessful in obtaining an elk permit that allows the
(ii) If an individual fails to make at least one application or purchase one bonus point within five consecutive years, all earned bonus points shall be lost.

(iii) If an applicant obtains, by a random draw system, an elk permit that allows the taking of an elk, all earned points shall be lost.

(iv) If an individual wants to apply for a bonus point for an elk permit that allows the taking of an elk and not receive a permit, the person may apply for and receive a bonus point by paying the proper application or bonus point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one bonus point in the same calendar year, and no individual shall apply for a bonus point in the same calendar year as the calendar year in which the individual is applying for a permit.

(D) Each individual who is the final recipient of a commission elk permit shall be eligible for a limited-quota elk permit, subject to the provisions of this subsection.

(E) Limited-quota antlerless-only elk permits and limited-quota either-sex elk permits shall be awarded from a pool of applicants who are Fort Riley military personnel and applicants who are not Fort Riley military personnel.

(2) Applications for hunt-on-your-own-land and unlimited over-the-counter elk permits shall be accepted at designated locations from the earliest date that applications are available through March 14 of the following year.

(3) Applications for limited-quota antlerless-only elk permits and limited-quota either-sex elk permits shall be accepted at designated locations from the earliest date that applications are available through the second Friday in June.

(4) If there are leftover limited-quota antlerless-only elk permits or limited-quota either-sex permits after all timely applications have been considered, the application periods for those permits may be reopened by the secretary. Leftover permits shall be drawn and issued on a daily basis for those application periods reopened by the secretary. Any applicant unsuccessful in obtaining a permit through a drawing may apply for any leftover permit or any other permit that is available on an unlimited basis.

(5) Any individual may apply for or obtain no more than one permit that allows the taking of an elk, unless the individual is unsuccessful in a limited-quota drawing and alternative permits for elk are available at the time of subsequent application or the individual obtains a commission permit pursuant to this subsection.

(e) Wild turkey permit applications.

(1) When awarding wild turkey permits in units having a limited number of permits, the first priority shall be given to those individuals who did not receive a permit in a limited wild turkey unit during the previous year. All other applicants shall be given equal priority.

(2) In awarding a limited number of wild turkey permits by a priority draw system, the first priority shall be given to those individuals who have earned the highest number of preference points. Preference points shall be awarded as follows:

(A) One point shall be awarded to an individual for each year the individual is unsuccessful in obtaining, by a priority draw system, a wild turkey permit.

(B) If the individual fails to submit at least one application or purchase one preference point within five consecutive years, all earned points shall be lost.

(C) If an applicant obtains, by a priority draw system, a wild turkey permit, all earned points shall be lost.

(D) If the number of applicants with the most preference points exceeds the number of permits for specified units or permit types, then a drawing shall be held to determine the successful applicants.

(E) If an individual wants to apply for a preference point for a wild turkey permit and not receive a permit, the person may apply for and receive a preference point by paying the preference point fee and submitting an application during the application period specified in this regulation. No individual may apply for more than one preference point in the same calendar year, and no individual shall apply for a preference point in the same calendar year as the calendar year in which the individual is applying for a permit.
