Notice of Requested “On-Call” Geotechnical Engineering Services

Notice is hereby given of the commencement of the selection process for “on-call” geotechnical engineering consulting services for the Kansas Department of Wildlife, Parks and Tourism. Services are required for restricted (small) projects with a project budget of $1,000,000 or less. Multiple firms may be selected. The contract will be for three years. For more information, contact Brett Blackburn at brett.blackburn@ks.gov, phone 785-296-8404.

Respondents should demonstrate their capacity for success on projects involving geotechnical engineering for projects in Kansas and/or surrounding states. Vendors shall have a strong understanding, and success in the application of the underlying principles of geotechnical engineering using a combination of engineering best management practices and techniques with principal(s) having ten or more verifiable years’ experience (15 or more preferred).

Preferred qualifications/experience for licensed geotechnical engineering consultant include but may not be limited to:

• Geotechnical investigation planning, implementation, and results analysis including ground improvement techniques, slope stability, soil-structure interaction, hydrogeology, liquefaction potential, subsurface investigation instrumentation and monitoring.
• Proficient knowledge of behavior and structural interconnected properties of geologic materials (including natural soil and rock, compacted soil fill, crushed stone, concrete and manufactured stones, and groundwater.
• Subsurface investigations, design and analysis, and construction inspection services.
• Geologic resource evaluations, soils/geologic materials properties, analysis, drilling, and coring.
• Soil analysis and testing, including but not limited to: Standard parameter determination, direct shear, consolidation/compaction, compressibility, hydrometer/sieve/specific gravity, In-Sutu testing, swell/shrinkage potential, UU/CU/CD triaxial, permeability, densities, proctors, plasticity indices, soil-structure interaction, and soil-structure interaction with incoherent ground motion; machine induced vibration and gradations.
• Asphalt testing, including but not limited to: densities, cutback sampling, cores, specific gravity, bulk density, gradation, and extraction, mix design, and stability.
• Concrete testing and masonry testing, including but not limited to: Compressive strength, flexural strength, freeze/thaw durability, air, slump, cylinders, beams, yield, coring, cement content, mix design verification, batch plant inspection, and rebar inspection.
• Building/structure foundation evaluation.
• Groundwater analysis relating to soil stability.
• AASHTO r-18 certified lab.
• Ability and willingness to build upon previously developed assessments, adjust design concepts, and work with stakeholders to meet project goals.
• Experience providing effective presentation of project related information to the public or other stakeholders, if needed.
• Experience working with multiple stakeholders including landowners, state and local agencies/boards, and project administrators related to reporting site specific project details before, during and after construction.

Notice of Intent to Lease Land and/or Building Space
Beginning Publication Date: Vol. 41, No. 5, February 4, 2021
Ending Publication Date: Vol. 41, No. 17, April 29, 2021

Public notice is hereby given that Wichita State University (WSU) intends to lease available land and building space located on WSU’s main campus, WSU’s Innovation Campus and on property owned by WSU adjacent to the main campus along both Hillside and 17th streets. The university will consider leasing such property and/or space to those whose presence on campus would advance the university’s applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good, or otherwise provide supporting services and amenities to the campus community. Such projects could include, but not be limited to: (1) development of a partnership building to provide office and/or laboratory space to support education and research, advance innovation, foster microenterprises, and/or lease to industry partnerships in any market that aligns with University programs; (2) child care facilities; (3) adult living and retirement facilities; (4) restaurants; (5) retail, grocery, or pharmacy establishments; (6) financial institutions; (7) event and/or performance center; and (8) parking garage. Because tenant development and/or use must be a good fit with the university’s educational mission and available space, please be prepared to provide the following information: (1) name; (2) square footage of space needs and desired lease term and location; (3) equipment, design, or other special needs; (4) description of anticipated use; and (5) the anticipated benefits to the university, its students,

Notice Concerning Proposed Kansas Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Textron Aviation – West Campus has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

Textron Aviation – West Campus, 1 Cessna Blvd., Wichita, KS 67215, owns and operates an aircraft manufacturing facility located at 1 Cessna Blvd., Wichita, KS 67215. A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the South Central District Office, 300 W. Douglas, Suite 700, Wichita, KS 67202. To obtain or review the proposed permit and supporting documentation, contact Allan Ddamulira, 785-296-6024, at the central office of the KDHE or David Butler, 316-337-6042, at the South Central District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website, http://www.kdheks.gov/bar/publicnotice.html.

Please direct written comments or questions regarding the proposed permit to Allan Ddamulira, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, March 8, 2021.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Allan Ddamulira, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, March 8, 2021 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Keith Johnson, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57 through 63, 28-18-1 through 17, 28-18a-1 through 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Facility Description: The proposed action is to reissue six existing Class III Injection Well permits for the wells listed above. Injection of fresh water and unsaturated brine is to be made into the Hutchinson Salt member of the Wellington formation. Mining shall not extend into the upper 50 feet of the salt deposit. The maximum operational injection pressure is not to exceed 250 pounds per square inch at the wellhead. The Wellington formation consists of inter-bedded salt and shale deposits with minor amounts of gypsum. The upper portion of the formation is primarily clayey shale with small amounts of gypsum present. The lower portion, which is known as the Hutchinson Salt member, is mainly salt with inter-bedded shale deposits. The salt deposits are first encountered about 695 feet below ground surface and extend to a depth of about 995 feet. All construction, monitoring, and operation of these wells shall meet the requirements that apply to Class III Injection wells under the Kansas UIC Regulations, K.A.R. 28-46-1 through 28-46-45 and other requirements of KDHE.

Persons wishing to comment on the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments considered in the decision-making process. Comments should be submitted to the attention of the Livestock Waste Management Section for agricultural related draft documents or applications, or to the Technical Services Section for all other permits, at the Kansas Department of Health and Environment.
Environmental Use Control Agreements.

All comments regarding the draft documents or application notices received on or before March 6, 2021, will be considered in the formulation of the final determinations regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-21-039/051, KS-Q-21-004/006, KS-EG-21-001) and name of the applicant/permittee when preparing comments.

After review of any comments received during the public notice period, the Secretary of Health and Environment will issue a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC).

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, Kansas. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at http://www.kdheks.gov/feedlots. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Provide all the equipment necessary to inspect and test materials.

Instructions for Proposal
No costs shall be contained in the RFP. The RFP must not exceed four (4) pages total (including any cover let-
ter, index, etc.) and 2MB to address the pertinent topics. RFPs submitted will consist of the technical proposal and a completed and signed Special Attachment No. 7 (“Certificate of Final Indirect Costs”), a completed and signed Special Attachment No. 8 (“Tax Clearance Certificate”), and a signed Special Attachment No. 10 (“Policy Regarding Sexual Harassment”). Completed Special Attachments do not count against the four-page technical proposal submission. All these forms are attached to the original email announcement.

RFPs shall indicate the consultant’s ability to meet the project inspection needs described above. RFPs shall describe any processes or procedures, including best practices, that will be used to perform tasks and to produce the desired results described above under “Scope of Services to be Performed.” The RFP shall also include items such as:

- Project manager
- History of providing inspection services on similar projects
- Availability of staff
- Familiarity with KDOT standards and specifications
- Any subconsultant and their role in performing the services on the project
- Names, certifications, and experience of all inspectors that will be assigned to the project
- Anticipated time to close out project paperwork

Evaluation Factors

RFPs will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors include:

1. How the consultant plans to meet the fluctuating inspection needs of the project;
2. Employee names (project manager and HMA plant inspector), certifications, and qualifications proposed for services;
3. Past performance history on similar projects (list project numbers) for KDOT;
4. Anticipated time to close out project paperwork;
5. Proximity of inspectors to project;
6. Types of direct expenses anticipated (lodging, mileage, etc.).

The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Exhibits to this Technical Proposal Request

- Special Attachment No. 7 (“Certificate of Final Indirect Costs”)
- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Contract Terms and Conditions

A standard KDOT project inspection agreement will be used for this project. Current rate factors will be used for compensation, and Special Attachments for the Kansas “Tax Clearance Certificate,” the “Certificate of Final Indirect Costs,” and the “Policy Regarding Sexual Harassment” will become attachments to the contract.

Questions about this request for proposals shall be sent via email to kdot.designcontracts@ks.gov.

Background and Purpose of Project

The Kansas Department of Transportation (KDOT) is seeking a consultant to provide construction inspection services for project 148-101 KA 3956-01. The project is on K-148 and is replacing three bridges. Bridge #56, 6.05 miles east of Republic County line, Bridge #57, 10.95 miles east of Republic County line, and Bridge #58, 12.95 miles east of Republic County line in Washington County.

Schedule/Deadlines

Request for Proposals (RFPs) are due on or before 12:00 p.m. (CST) February 19, 2021, to be delivered via email to kdot.designcontracts@ks.gov. Evaluation and ranking of submittals will occur on or about March 3, 2021, after which time all firms that submitted will be notified of the ranking. Negotiations with the most highly ranked firm will commence on or about March 17, 2021. An agreement should be in place on or about April 8, 2021. The contractor is expected to start the project around early May 2021.

Scope of Services to be Performed

The project manager/inspectors must be capable of inspecting the whole project, which includes grading, subgrade/base, concrete, HMA CG, bridge(s), pile driving, traffic control, seeding, erosion control, CMS or AASHOWare data entry, all project records, all project paperwork, and final paperwork, etc. Project records and paperwork including but not limited to: diary, pay quantities, certifications, sample identifications, change orders, pay estimates, monitoring subcontractor payments, and monitoring contractor’s payrolls, etc. Records and paperwork must be submitted accurately and timely. Anticipated staffing needs: provide project management and all inspectors as needed to ensure inspection and material testing for this project are done correctly. The number of required inspectors will fluctuate throughout the project depending on the contractor’s schedule and how they pursue the work. Submit the name and information of the project manager and primary inspector. Work may begin between May through August of 2021. Construction is anticipated to be completed by 255-working days and then cleanup days. Provide all the equipment necessary to inspect and test materials.

Instructions for Proposal

No costs shall be contained in the RFP. The RFP must not exceed four (4) pages total (including any cover letter, index, etc.) and 2MB to address the pertinent topics.
RFPs submitted will consist of the technical proposal and a completed and signed Special Attachment No. 7 (“Certificate of Final Indirect Costs”), a completed and signed Special Attachment No. 8 (“Tax Clearance Certificate”), and a signed Special Attachment No. 10 (“Policy Regarding Sexual Harassment”). Completed Special Attachments do not count against the four-page technical proposal submission. All these forms are attached to the original email announcement.

RFPs shall indicate the consultant’s ability to meet the project inspection needs described above. RFPs shall describe any processes or procedures, including best practices, that will be used to perform tasks and to produce the desired results described above under “Scope of Services to be Performed.” The RFP shall also include items such as:

- Project manager
- History of providing inspection services on similar projects
- Availability of staff
- Familiarity with KDOT standards and specifications
- Any subconsultant and their role in performing the services on the project
- Names, certifications, and experience of all inspectors that will be assigned to the project
- Anticipated time to close out project paperwork

Evaluation Factors
RFPs will be evaluated based on the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, third, etc. Evaluation factors include:

1. How the consultant plans to meet the fluctuating inspection needs of the project;
2. Employee names (project manager and primary inspector), certifications, and qualifications proposed for services;
3. Past performance history on similar projects (list project numbers) for KDOT;
4. Anticipated time to close out project paperwork;
5. Proximity of inspectors to project;
6. Types of direct expenses anticipated (lodging, mileage, etc.).

The highest ranked firm will be asked to enter into negotiations with KDOT for an agreement. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

Exhibits to this Technical Proposal Request
- Special Attachment No. 7 (“Certificate of Final Indirect Costs”)
- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Contract Terms and Conditions
A standard KDOT project inspection agreement will be used for this project. Current rate factors will be used for compensation, and Special Attachments for the Kansas “Tax Clearance Certificate,” the “Certificate of Final Indirect Costs,” and the “Policy Regarding Sexual Harassment” will become attachments to the contract.

Questions about this request for proposals shall be sent via email to kdot.designcontracts@ks.gov.

**Notice to Consulting Firms**

The Kansas Department of Transportation (KDOT) is seeking a consulting firm qualified in Category 111 Rail Systems Planning and Category 335 Railroad Infrastructure Design for the project listed below. A PDF (2Mb maximum size) of the interest response must be emailed to kdot.designcontracts@ks.gov. Interest and experience responses are limited to four pages, the subject line of the reply email and the PDF file name must read “106 X-3122-01_FIRM NAME”. The letter of interest is required and must be received by 12:00 p.m. February 19, 2021 for the consulting firm to be considered. If a firm is not currently prequalified by KDOT; a Letter of Interest (LOI) may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms may use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification category definitions (Blue Book) can be found at http://www.ksdot.org/descons.asp. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules and regulations.

**Project**

Project No. 106 X-3122-01–Development of a state highway-rail grade crossing action plan to meet the requirements of 49 CFR part 234.

**Instructions for LOI**

The main text of consultant’s LOI must not exceed four (4) pages to address the topics listed below. LOIs shall address and include the following items:

- Project manager/engineer in charge.
- Provide name(s), qualifications, education, training, and expertise as well as prior relevant experience of consultant personnel intended to perform services.

**Qualifications-Based Selection Process**

No cost or pricing information shall be submitted with the LOI and will not be considered in the selection process to shortlist or rank proposals. Based on the qualifications submitted in the LOI and other information available to KDOT, on or about March 3, 2021 KDOT will shortlist three to five firms and notify all firms submitting LOIs of the names of the shortlisted firms by return email. Thereafter, KDOT will issue a Request for Proposal (RFP) to the shortlisted firms soliciting a technical proposal. At KDOT’s option, shortlisted firms may be interviewed by telephone conference call or asked to
attend meetings or participate in other discussions with KDOT. Technical proposals will be evaluated on the basis of the factors listed below, evenly weighted, to rank the most qualified firm in order of preference as first, second, and third: 1) quality of the response; 2) experience and expertise of staff designated for project; 3) workload of the firm, and 4) past performance history. The highest ranked firm will be asked to enter into negotiations with KDOT for a contract, with compensation provisions for payment of actual direct costs plus fixed fee, subject to an upper limit of compensation. In the event KDOT cannot reach agreement with the highest ranked firm, it will terminate negotiations with such firm and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives.

The firm’s accounting systems must have the following capabilities before the firm may be awarded a contract:

- Valid, reliable, and current costs must be available within the system to support actual costs and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.
- Capability to identify and accumulate allowable costs by contract or project records which will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Questions can be submitted at kdot.designcontracts@ks.gov.

Division of Engineering and Design

Minimum Requirements

MSA and Roadway Worker Protection
Contractors must complete, and have on file, a current Master Services Agreement with K&O Railroad. Prior to submitting a proposal:

- Contractors shall comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety at all times. Men and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
- Contractor, Contractor Employees, Agents and/or Subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.
- Any sub-contracted work will need to be approved by the K&O Railroad prior to any work starting.
- As of January 1, 2021, All Contractors will be required to complete WATCO Contractor Orientation at https://watcocontractor.com. Any contractor who was previously enrolled in e-SHORTLINE with Watco in the past, will be required to complete the WATCO Contractor Orientation.

Work Windows
Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the con-
tractor must pre-arrange a defined work window with the railroad. Contractor can anticipate a minimum work window of eight hours with no more than one schedule of interruption in that time frame, between the hours of 07:00 and 17:00. For work windows extending more than eight hours, a minimum of 72 hours of notification is required to the railroad to arrange this window. Work windows may be arranged seven days a week, if desired. Current railroad operations consist of at least one train per day through the work area. This train operates in the evening hours; however, this schedule is subject to change at any time. This topic will be further discussed during the pre-proposal meeting.

Standards
All standards referenced by the project plans and specifications, as well as all applicable AREMA standards must be upheld during all phases of the project work, unless certain standards are excluded from the project with written approval by the K&O Railroad. All rail shall be replaced at standard gauge of 56-1/2.”

Submittals
The following documents shall be submitted by the contractor as part of the project at the times listed:

• Schedule of Work – submitted with proposal
• Certificate of Insurance – submitted prior to construction
• Safety Plan – submitted prior to construction
• Proof of Roadway Worker Training – submitted prior to construction
• Rail Weld UT Test Requirements (All Rail Comp Welds) – submitted with billing

Other Responsibilities

• Permits – Contractor is responsible for all federal, state and local permits required for the work.
• Utilities – Contractor is responsible to locate and protect site utilities.
• Site Clean-up – Contractor is responsible for proper site restoration and proper disposal of materials removed in accordance with all local, state and federal laws.

Insurance
Contractor shall purchase required coverage and submit for verification a Certificate of Insurance.

Materials
All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on railroad right of way to the contractor. However, no materials shall be stored closer than 15’ from the center-line of any active track at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. All removed materials remain property of the K&O Railroad, to be stockpiled as directed by a railroad representative.

Non-Project Areas
The K&O Railroad has secured access to the project through the railroad right of way. Other access may be obtained by the contractor if he so chooses. All areas (public, private, and railroad right of way) that are used for access to the project, including parts of the railroad right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if any damage to these areas occurs.

Pre-Proposal Meeting
The K&O Railroad shall hold a pre-proposal meeting at the project site at 10:00 a.m. (CST) Thursday, February 25, 2021, and shall meet at the Alexander Rest Area in Alexander, Kansas. Contractors are required to be present at this meeting to submit a proposal or their proposal can be rejected.

Project Completion
Contractor must start construction no later than 30-days after being awarded the bid. The K&O Railroad shall enforce a penalty of $2,500/day if the contractor is unable to complete the project within 100-days of being awarded the bid. If the contractor can safely complete the scope of work within 60-days of being awarded the bid, then a $10,000 bonus will be added to the contractor payout. Prior to the completion of the project, there will be a final inspection. If there are any issues with the quality of work, the contractor will be responsible for fixing any issues found.

Submission of a Proposal
All proposals must be submitted no later than March 15, 2021. All submitted proposals shall be reviewed by the K&O Railroad. Please ensure your proposal includes all required information. All incomplete proposals shall be rejected. The structure of your proposal must be able to be clearly understood, all proposals shall provide the following line items and provide costs as required below:

• Provide a total sum of all line items on the proposal
• Mobilization and demobilization – lump sum
• Labor and installation of #115 RE rail.
• Labor and installation of new, 7 x 9 x 8.6’ (IG) or equivalent crossties.
• Grading, drainage, dirt-work, compaction, sub-ballast.
• Provide and install ballast; include compaction/tamping and regulating.
• Install two new #115, # 10 Turnouts with associated components.
• To include one 32’ wood-planked crossing.

Work Reporting
Daily work reports must be filled out and submitted to Steven Morgan, K&O Roadmaster; Neal Jacobs, Division Engineer; and Cameron Ginther, Project Manager, phone 785-513-6049 or email cameron.ginther@watco.com. Weekly reports should include updates to project schedules, any delays, or changes in the Scope of Work. A detailed summary report must be submitted upon the completion of the project.

Temporary Administrative Regulations

Article 26.—COMMERCIAL INDUSTRIAL HEMP PROCESSING

22-26-1. Definitions. As used in this article of the state fire marshal’s regulations, each of the following terms shall have the meaning specified in this regulation:

(a) “Act” means the commercial industrial hemp act, K.S.A. 2020 Supp. 2-3901 et seq. and amendments thereto.

(b) “Allowable THC content” means the legal level of THC concentration allowed under state and federal law.

(c) “Batch” means a quantity of hemp, by-products, intermediate substances, or seeds acquired on the same date from the same source.

(d) “Batch identification number” means a unique, sequential number that is assigned to each batch and corresponds to a record identifying the source of the material acquired and the date of acquisition.

(e) “By-product” means the spent biomass after the extraction of cannabinoids.

(f) “CBD” means cannabidiol.

(g) “Certificate of analysis” means a document from the Kansas department of agriculture or an independent testing laboratory stating the results of laboratory testing of a sample of hemp, by-products, intermediate substances, seeds, hemp waste, or finished products.

(h) “Devitalize” means to destroy the ability of a seed to germinate under otherwise acceptable growing conditions.

(i) “Finished product” means a product that has no greater than the allowable THC content and is made by processing industrial hemp or an intermediate substance into a form suitable for lawful sale, including cannabinoids, cloth, cordage, fiber, food, fuel, paint, paper, particleboard, plastics, seed meal, and seed oil.

(j) “Hemp” means industrial hemp.

(k) “Hemp waste” means the materials resulting from hemp processing that contain THC and cannot be further processed into a finished product.

(l) “Industrial hemp” has the meaning specified in K.S.A. 2020 Supp. 2-3901, and amendments thereto.

(continued)
(m) “Intermediate substance” means a substance resulting from the extraction of cannabinoids that contains greater than the allowable THC content and is subject to further processing to yield finished products and hemp waste.

(n) “KBI” means Kansas bureau of investigation.

(o) “Lot” means the quantity of hemp, by-products, intermediate substances, or seeds processed in one operation or in one continuous or semicontinuous process or cycle. A lot could consist of a single batch or batches from multiple producers.

(p) “Person” has the meaning specified in K.S.A. 2020 Supp. 2-3901, and amendments thereto.

(q) “Premises” means a hemp processing facility, the immediately surrounding areas controlled by a processor, waste receptacles, associated buildings, and parking areas.

(r) “Processor” means a person registered as a hemp processor in Kansas.

(s) “Producer” means a person lawfully engaged in the cultivation or production of industrial hemp for commercial purposes, whether inside or outside Kansas.

(t) “Stop sale, use, or removal order” means an administrative order of the state fire marshal to a processor restraining the sale, use, disposition, and movement of hemp, by-products, intermediate substances, finished products, and hemp waste in a hemp processing facility or otherwise in the processor’s possession.

(u) “THC concentration” means the combined percentage of delta-9 tetrahydrocannabinol and its optical isomers, their salts and acids, and salts of their acids, reported as free THC and measured on a dry-weight basis for any part of the plant Cannabis sativa L. and on a percentage-by-weight basis in intermediate substances, by-products, hemp waste, or other materials resulting from the processing of industrial hemp.

(v) “Treated hemp waste” means hemp waste that has been treated as required by K.S.A. 2020 Supp. 2-3909, and amendments thereto, and this article of the state fire marshal’s regulations to render the hemp waste unrecognizable. (Authorized by and implementing L. 2020, ch. 5, sec. 106; effective, T-22-1-28-21, Jan. 28, 2021.)

22-26-2. Hemp processor registration; renewal. (a) No person shall process industrial hemp in Kansas without a valid registration issued by the state fire marshal or a valid research processor license issued by the secretary of the Kansas department of agriculture.

(b) Each individual wanting to register as a hemp processor shall submit an application on a form provided by the state fire marshal, which shall include the information required in subsection (b) for the applicant and for the following individuals:

1. Each officer, proprietor, or partner of the entity; and
2. Each owner of more than a 10 percent interest in the processing operations.

(d) The application shall also include the following:

1. The street address, or a legal description, and the global positioning system coordinates of any premises that will serve as a part of the applicant’s processing operations;
2. A brief description of the industrial hemp processing methods that will be used, activities that will be undertaken, and finished products planned for production;
3. A policies and procedures manual, as specified in K.A.R. 22-26-5, for approval by the state fire marshal;
4. A code footprint meeting the requirements of K.A.R. 22-1-7; and
5. Any other relevant information required by the state fire marshal.

(e) The application shall also include the information required in subsection (b) for the following persons:

1. Each owner of land, structures, and buildings where any processing activities or storage of hemp will be conducted; and
2. Each owner of each motor vehicle that will be used to distribute or transport hemp or intermediate substances from the premises.

(f) Each applicant shall be fingerprinted and submit to a criminal history record check, and each processor shall ensure that each individual wanting to engage in the extraction of cannabinoids or the disposal of hemp waste is fingerprinted and submits to a criminal history record check.

(g) Each registration shall expire annually on April 30. Each renewal application shall be submitted on or before April 1.

(b) Except as specified in subsection (i), the annual registration fee shall be $1,000. The fee shall be nonrefundable.

(i) The fee for an initial registration after the effective date of this regulation but before April 1, 2021 shall be prorated at the rate of $85 per month through April 30, 2021.

(j) No registration shall be approved for hemp processing activities in or within an area zoned for residential use or within one-quarter mile of any public or private K-12 school or public recreational area, except with the state fire marshal’s written permission.

(k) Acceptance of a hemp processor registration shall constitute a grant of authority by the processor allowing the state fire marshal to provide the registration number, full legal name of the processor, and descriptions of all locations and facilities identified for processing industrial hemp, including any later modifications, to the United States drug enforcement agency, the KBI, the sheriff of the county where the premises are located, and any other law enforcement agency.

(l) A registration issued pursuant to this article of the state fire marshal’s regulations shall not relieve the processor from the responsibility to obtain any other registrations, licenses, or permits required by law.
(m) An application may be denied by the state fire marshal for any lawful reason, including any of the reasons stated in K.A.R. 22-26-3. (Authorized by and implementing K.S.A. 2019 Supp. 2-3907 and L. 2020, ch. 5, sec. 106; effective, T-22-1-28-21, Jan. 28, 2021.)

22-26-3. Compliance with laws; denial, revocation, or conditioning of a registration; appeals. (a) Each processor shall comply with all local, state, and federal laws and regulations related to industrial hemp and with the act and the implementing regulations. Each processor shall be responsible for the actions of its employees, contractors, and agents in their performance of any activities relating to the acquisition, possession, sale, distribution, processing, or transportation of hemp, by-products, intermediate substances, seeds, finished products, and hemp waste.

(b) Each of the following shall constitute a basis for the state fire marshal to deny an initial or renewal application or to impose conditions on a registration, revoke a registration, or deny future applications:

(1) Knowingly providing any false, misleading, or incorrect information on the registration application or to the state fire marshal;

(2) failure to provide any information that the state fire marshal requests;

(3) failure to cooperate with the state fire marshal or law enforcement agencies in administration and enforcement of the act and the implementing regulations;

(4) failure to maintain or submit any forms or reports as required;

(5) violation of any provision of the act or the implementing regulations;

(6) revocation of a registration, license, permit, or certificate to practice in the hemp industry by the state fire marshal, the Kansas department of agriculture, the United States department of agriculture, another state, or any Indian nation or U.S. territory within the three years preceding the application;

(7) any conviction related to growing, cultivating, processing, or distributing hemp or marijuana;

(8) failure to ensure that fingerprint-based criminal history record checks are conducted as required by the act or the implementing regulations;

(9) conviction of an individual applicant, or an officer, proprietor, or partner of the applicant entity or an owner of more than a 10 percent interest in the processing operations, within the preceding 10 years of a felony or Class A misdemeanor violation involving homicide, assault, domestic violence, or battery, or offenses that are substantially similar to these offenses under the laws of another jurisdiction or federal law, or the unlawful use, possession, or distribution of drugs;

(10) conviction of an individual applicant, or an officer, proprietor, or partner of the applicant entity or an owner of more than a 10 percent interest in the processing operations, within the preceding five years of a felony or Class A misdemeanor violation involving fraud, theft, or misappropriation of another person’s money or property, or offenses that are substantially similar to these offenses under the laws of another jurisdiction or federal law; and

(11) allowing any individual to engage in any processing or transportation of hemp, by-products, intermediate substances, seeds, or hemp waste if the individual has been convicted of any of the crimes listed in paragraph (9) or (10) of this subsection.

(c) If a processor’s Kansas registration is revoked, the person shall not be eligible to apply for a hemp processor registration for three years. (Authorized by and implementing K.S.A. 2020 Supp. 2-3907 and L. 2020, ch. 5, sec. 106; effective, T-22-1-28-21, Jan. 28, 2021.)

22-26-4. Adopted codes and standards. (a) Each processor shall ensure compliance with the national fire protection association (NFPA) codes and standards adopted in this regulation.

(b) The following NFPA codes and standards are hereby adopted by reference, except as specified in this regulation:

(I) The following chapters, or portions of chapters, from NFPA 1, 2018 edition:

(A) In chapter 6, the following portions of section 6.1:

(i) subsection 6.1.1.1.

(ii) subsection 6.1.12.1.

(iii) subsection 6.1.13.1; and

(B) chapter 13, except for the following:

(i) Subsection 13.1.1.1.

(ii) subsections 13.2.2.4 and 13.2.2.4.1.

(6) NFPA 58, 2017 edition;

(7) NFPA 70, 2017 edition;

(8) NFPA 90A, 2018 edition;

(9) NFPA 91, 2015 edition;

(10) NFPA 701, 2015 edition;

(11) NFPA 704, 2017 edition; and

(c) The following modifications shall be made to all NFPA codes and standards adopted in this regulation:

(I) All material before the first chapter shall be excluded from adoption.

(II) All appendices and annexes shall be excluded from adoption unless otherwise specified.

(continued)
(3) Chapter 2, “referenced publications,” shall be excluded from adoption.
(4) The last sentence of section 3.1 shall be excluded from adoption. This exclusion shall not apply to NFPA 70.
(5) All indexes and all material after the indexes shall be excluded from adoption.
(6) Each reference to “marijuana” shall be replaced with “industrial hemp.”
(B) Each reference to “authority having jurisdiction” or “AHJ” shall be replaced with “the state fire marshal or designee,” except when the context indicates that the term is referring to a local fire department or local law enforcement agency. (Authorized by and implementing L. 2020, ch. 5, sec. 106 and K.S.A. 2020 Supp. 31-133; effective, T-22-1-28-21, Jan. 28, 2021.)

22-26-5. Policies and procedures manual. Each processor shall establish, maintain, and adhere to written policies and procedures for the processing, security, storage, inventory, distribution, and transportation of hemp, by-products, intermediate substances, seeds, finished products, and hemp waste. These policies and procedures shall be specified in a manual that includes the following topics:
(a) Ensuring that all of the hemp and intermediate substances in every stage of processing and distribution are used and stored in such a manner as to prevent diversion, theft, or loss and are accessible only to the minimum number of authorized personnel essential for efficient operation;
(b) Ensuring that hemp waste is kept in a secure location in such a manner as to prevent diversion, theft, or loss and is accessible only to the minimum number of authorized personnel essential for hemp waste storage and disposal; and
(c) indicating the methods of disposal of hemp waste that will be used. (Authorized by and implementing L. 2020, ch. 5, sec. 106; effective, T-22-1-28-21, Jan. 28, 2021.)

22-26-6. Processing records. (a) For each lot, each processor shall make a processing record that shall include the following:
(1) The date of processing;
(2) The batch identification number of each batch processed in the lot;
(3) The method used for processing and the type and name of any solvent or other compounds used in the processing of the lot;
(4) The weight of the lot processed;
(5) The weight of by-products and of intermediate substances from the lot that are not further processed;
(6) The weight and types of finished products; and
(7) The weight of hemp waste from the lot and the method of disposal.
(b) Each processor shall make or obtain, as applicable, and retain a copy of each document required by K.A.R. 22-26-10 concerning the acquisition of hemp, by-products, intermediate substances, or seeds.
(c) Each processor shall retain every document, record, and report required by this regulation for three years and make these materials available to the state fire marshal upon request. (Authorized by and implementing L. 2020, ch. 5, sec. 106; effective, T-22-1-28-21, Jan. 28, 2021.)

22-26-7. Access to records and property. (a) Acceptance of a hemp processor registration shall constitute a grant of consent to allow the state fire marshal, or designee, complete, unrestricted, and immediate access to the records, premises, motor vehicles on the premises, and motor vehicles used in the transportation of hemp or intermediate substances to determine compliance with the act and the implementing regulations. Access shall be granted at reasonable times, whether the processor is present or not, without interference or obstruction, with or without cause, and with or without advance notice.
(b) Each processor shall sign, and shall require each employee to sign, a form provided by the state fire marshal granting consent for the state fire marshal or designee to search the processor’s or employee’s vehicle, person, or personal effects while on the premises whenever an inventory discrepancy is detected or there is reason to believe that the processor or employee is in possession of hemp, intermediate substances, by-products, seeds, or hemp waste for a purpose other than the activities authorized by the act.
(c) If a processor denies the state fire marshal, or designee, the access required by subsection (a), any court of competent jurisdiction may issue a search warrant authorizing access to the records, premises, or motor vehicles, upon application and showing of cause by the state fire marshal. (Authorized by and implementing L. 2020, ch. 5, sec. 106; effective, T-22-1-28-21, Jan. 28, 2021.)

22-26-8. Facilities; exemptions. (a) Each hemp processing facility shall be inspected by the state fire marshal before the issuance of a hemp processor registration. A hemp processor registration shall be valid only for the facility that was inspected at the time of registration.
Each hemp processing facility and premises shall continue to be subject to inspection by the state fire marshal, pursuant to K.S.A. 31-139 and amendments thereto.
(b) Each processor shall ensure that the hemp processing facility complies with the national codes and standards adopted in K.A.R. 22-26-4.
(c) Upon application to the state fire marshal by a processor demonstrating that the enforcement of a specific requirement of a regulation will cause unnecessary hardship to the processor, an exemption from compliance may be granted by the state fire marshal, unless the state fire marshal determines that the condition, structure, or activity that is or would be in noncompliance constitutes or would constitute a distinct hazard to life or property. (Authorized by and implementing L. 2020, ch. 5, sec. 106, K.S.A. 2020 Supp. 31-133, and K.S.A. 2020 Supp. 31-136; effective, T-22-1-28-21, Jan. 28, 2021.)

22-26-9. Security measures; reportable events; recordkeeping. (a) Each processor shall keep all equipment and areas used for the processing of hemp, intermediate substances, or hemp waste securely locked and protected from entry by unauthorized individuals.
(b) Each processor shall store all hemp, intermediate substances, and hemp waste in an approved manner consistent with K.A.R. 22-26-5.
(c) Each hemp processing facility shall have adequate alarm and video surveillance security systems to prevent and detect diversion, theft, or loss of hemp, intermediate substances, or hemp waste, including the following:
(1) A perimeter alarm with motion detector providing coverage of all facility entrances and exits, rooms with exterior windows, roof hatches, skylights, and storage rooms; and
(2) a video surveillance system.
(d) The video surveillance system shall have video cameras in operation 24 hours each day, directed at and recording all areas that are used to contain hemp, intermediate substances, or hemp waste and all points of entry and exit. These cameras shall be angled to capture a clear and certain identification of any person within view. The date and time shall be embedded on all surveillance recordings without obscuring the picture.
(e) Each processor shall make available the video camera recordings for immediate viewing by the state fire marshal or law enforcement upon request.
(f) All alarm and video surveillance systems shall be designed to operate during power outages.
(g) All alarm and video surveillance systems shall be inspected at least annually by the vendors.
(h) Each processor shall notify the state fire marshal of any failure of the security alarm system or surveillance system due to a loss of electrical power or mechanical malfunction that is expected to last longer than eight hours and shall describe any corrective measures taken.
(i) Each processor shall maintain the following records:
(1) Surveillance video camera recordings, for at least the preceding 90 days;
(2) annual inspections of the alarm and video surveillance systems, for three years; and
(3) records of any occurrence that is reportable under this regulation, for three years after the occurrence.
(j) Each processor shall immediately notify the state fire marshal of any interaction of the processor, or its employees, contractors, or agents, with law enforcement related to a criminal charge and intermediate substances, or seeds only if the material is related to participation in the hemp processing industry. This requirement shall also apply to any contact with law enforcement related to a criminal charge or criminal investigation involving any of the offenses listed in K.A.R. 22-26-3(b)(9) or (10) or offenses in another jurisdiction that are substantially similar to the listed offenses. The processor shall provide a written follow-up statement summarizing the interaction and its outcome to the state fire marshal within three calendar days of the interaction. (Authorized by and implementing L. 2020, ch. 5, sec. 106; effective, T-22-1-28-21, Jan. 28, 2021.)

22-26-11. Inventory control; reports. (a) Each processor shall conduct an inventory each working day and create an inventory report that shall include the locations and weights of each of the following materials:
(1) The hemp, by-products, intermediate substances, seeds, finished products, hemp waste, and treated hemp waste on hand at the start of the day;
(2) the hemp, by-products, intermediate substances, and seeds received;
(3) the hemp, by-products, intermediate substances, and seeds processed, identified by batch identification numbers;
(4) the finished products produced;
(5) the hemp, by-products, seeds, finished products, and intermediate substances shipped from the facility;
(6) the hemp waste produced from processing activities;
(7) the hemp waste treated;
(8) the hemp waste disposed of; and
(9) the hemp, by-products, intermediate substances, seeds, finished products, hemp waste, and treated hemp waste on hand at the end of the day.
(b) Each processor shall submit the inventory report to the state fire marshal at the end of each working day.
(c) Each processor shall notify the state fire marshal immediately upon discovering any inventory discrepancies, diversion, theft, or loss of any hemp, by-products, intermediate substances, or hemp waste or of any loss or unauthorized alteration of records related to hemp processing or business activities, including inventory, security, employment, and transportation. The processor shall submit to the state fire marshal a signed report detailing the location and circumstances of the event, the type and amount of material involved, and an accurate inventory.
(d) Each processor shall maintain the records required by this regulation for at least three years. (Authorized by and implementing L. 2020, ch. 5, sec. 106; effective, T-22-1-28-21, Jan. 28, 2021.)

22-26-12. Disposal of hemp waste. (a) For any hemp waste that is required by K.S.A. 2020 Supp. 2-3909 and amendments thereto to be rendered unusable and unrecognizable, the processor shall incorporate the hemp waste into one or more of the nonconsumable solid waste materials listed below, such that the resulting mixture is less than 50 percent hemp waste:
(1) Paper waste materials;
(2) cardboard waste materials;
(3) the name, address, and registration, permit, or license number of any prior processor.
(c) Each processor that acquires seeds that are not devitalized shall devitalize the seeds within 10 days of receipt and take appropriate security measures to ensure that the seeds cannot be diverted before being devitalized.
(d) Each processor shall assign a batch identification number to each batch at the time of acquisition.
(e) Each processor shall retain the records required by this regulation for at least three years and shall make the records available to the state fire marshal upon request. (Authorized by and implementing L. 2020, ch. 5, sec. 106; effective, T-22-1-28-21, Jan. 28, 2021.)

volved in the disposal.

(c) Any processor may use any other method approved
by the state fire marshal for rendering hemp waste unus-
able and unrecognizable.

(d) No processor shall allow hemp waste that is re-
quired by K.S.A. 2020 Supp. 2-3909, and amendments
thereto, to be rendered unusable and unrecognizable to
leave the premises before the hemp waste is treated as
required in subsections (a) and (c).

22-26-14. Chain of custody for transportation of intermediate substances. (a) No material having greater
than the allowable THC content shall leave a hemp processing
(a) Each processor that
- sells, trades, barters, gives away, or otherwise transfers
any hemp, intermediate substances, by-products, seeds,
or finished products to any other person shall ensure that
the materials are accompanied by the following:
(1) A harvest certificate, a certificate of analysis, or a
similar document from the producer; and
(2) a signed bill of lading that includes the following:
(A) The processor’s registration number;
(B) the total weight of hemp, intermediate substances,
by-products, seeds, or finished products transferred;
(C) the date of the transfer; and
(D) the name and other requested identifiers of the per-
sion acquiring the materials.

If the processor received these materials from a prior
processor, the processor shall include a signed bill of lading
from the prior processor.

(b) No processor, or contractor, employee, or agent of
a processor, shall take from the premises or possess any
hemp, intermediate substances, by-products, seeds, fin-
ished products, or hemp waste unless the individual’s
possession is for activities authorized by the act and is in
accordance with state and federal law and this article of
the state fire marshal’s regulations.

(c) Any individual in possession of hemp, intermediate
substances, seeds that have not been devitalized, or
hemp waste without a valid hemp producer’s license, a
valid processor’s registration, or an appropriate signed
bill of lading or a similar document from the producer
and any prior processor may be presumed to have gained
possession of the material in violation of the act and the
implementing regulations.

(d) Each processor shall comply with the act and the
implementing regulations and with all local, state, and
federal laws, regulations, and ordinances related to the
possession and transportation of hemp, intermediate
substances, by-products, seeds, finished products, and
hemp waste. (Authorized by and implementing L. 2020,
ch. 5, sec. 106; effective, T-22-1-28-21, Jan. 28, 2021.)
(h) Within three days of receipt, the recipient shall submit the information and photos required by this regulation to the state fire marshal in the manner specified by the state fire marshal. The recipient shall retain the originals for three years. (Authorized by and implementing L. 2020, ch. 5, sec. 106; effective, T-22-1-28-21, Jan. 28, 2021.)

22-26-15. Stop sale, use, or removal order; cease and desist. (a) For the purpose of allowing the state fire marshal to inventory and sample materials on the premises and review the inventory and security records whenever there is reason to believe that hemp, intermediate substances, by-products, seeds, finished products, or hemp waste is being produced, sold, or distributed in violation of the act or any implementing regulations, a stop sale, use, or removal order may be issued. No hemp, intermediate substances, by-products, seeds, finished products, or hemp waste shall be processed, sold, distributed, used, or relocated within or removed from the premises until the stop sale, use, or removal order is revoked in writing by the state fire marshal. No stop sale, use, or removal order shall be valid for more than seven days.

(b) A cease and desist order may be issued or a criminal complaint may be filed, pursuant to K.S.A. 31-139 and amendments thereto, for any violation of the Kansas fire prevention code. (Authorized by L. 2020, ch. 5, sec. 106 and K.S.A. 2020 Supp. 31-133; implementing L. 2020, ch. 22-26-15.)

(c)(1) If testing is done pursuant to subsection (a) or (b), a certificate or analysis from the testing laboratory shall be provided directly to the state fire marshal.

(2) If testing is done at the processor’s request, the processor shall retain a copy of the certificate of analysis for at least three years and shall make this copy available to the state fire marshal upon request. (Authorized by and implementing L. 2020, ch. 5, sec. 106; effective, T-22-1-28-21, Jan. 28, 2021.)
