State of Kansas

Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to 1.22 acres of real property located on the northwest corner of the intersection of Fountain Avenue and 21st Street North, directly adjacent to the Wichita State University campus. This location would be designated for private development committed to supporting broadband infrastructure and internet exchanges. The university is interested in leasing such ground to any individual, organization, or entity whose presence would advance WSU’s vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. WSU intends to lease such space for a mutually agreeable period of time, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with WSU’s educational mission and identify anticipated benefits to the university, its students, and the surrounding community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, community ben-

efit commitments, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU and the surrounding community, design concepts, financial stability, and proposed use. Interested tenants will be responsible for all costs associated with the development and ongoing maintenance costs of any improvements. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of the improvement, and benefit to WSU. WSU will consider serious offers and inquiries from any financially qualified individual, group, organization. If interested, please contact Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

**Notice Concerning Proposed Kansas Air
 Quality Class I Operating Permit Renewal**

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. McPherson Area Solid Waste Utility has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

McPherson Area Solid Waste Utility, 1431 17th Ave., McPherson, KS 67460, owns and operates an air curtain incinerator located at 1431 17th Ave., McPherson, McPherson County, KS 67460.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the North Central District Office, 3040 Enterprise Dr., Salina, KS 67401. To obtain or review the proposed permit and supporting documentation, contact Cathy Richardson, 785-296-1947, at the central office of the KDHE or Jessica Fair, 785-827-9639, at the North Central District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Cathy Richardson, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, October 17, 2022.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Cathy Richardson, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, October 17, 2022 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency (EPA) has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Keith Johnson, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Kansas Permit No. M-AR58-OO02
Federal Permit No. KS0092258

Legal Description: NW¼, SW¼, SW¼, Section 17, Township 26S, Range 1W, Sedgwick County, Kansas

Facility Location: 5600 N. Maize Rd., Maize, KS 67101

The proposed action is to reissue an existing State/NPDES permit for an existing facility. The existing facility is a mechanical treatment plant consisting of: bar screen, lift station, headworks building, rotating belt filter, common wall extended aeration activated sludge system (AeroMod) (2), aerobic sludge digestion, sludge loadout, and UV disinfection facility. The proposed permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, pH, Ammonia, and E. coli, as well as monitoring for Nitrates + Nitrites, Total Kjeldahl Nitrogen, Total Nitrogen, and total Phosphorus.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before October 15, 2022 will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-22-233/242, KS-Q-22-079/087, KS-AG-R-22-013) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Paige Drury, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Michael Beezhold at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on

file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Mirina Landry at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Neal Niceswanger, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-6804 or email at Neal.Niceswanger@ks.gov. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdhe.ks.gov/livestock>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

**State of Kansas
Department of Transportation**

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking qualified consulting firms or teams of firms to perform professional services for the FY27 Priority Bridge Replacement Program (PBRP). Summary information for each project included in the program is provided in Table 1 with additional information available in the file entitled "FY27 PBRP.xlsx" which can be found at the location linked below Table 1.

Interested consultants must email a proposal to KDOT. DesignContracts@ks.gov by 12:00 p.m. (CDT) September 28, 2022, to be considered for selection.

Consultant Prequalification

Consulting firms interested in providing service on a given project must be prequalified by KDOT in one of each of All the following category bullets:

- 211 Highway Design–Major Facility OR 212 High-

- way Design–Minor Facility (see "FY27 PBRP.xlsx") and
- 221 Non-Standard Span Bridge Design OR 222 Standard Span Bridge Design (see "FY27 PBRP.xlsx") and
- 231 Traffic Control Analysis and Design and
- 301 Land Surveying and
- 302 Engineering Surveying and
- 336 Right of Way Services

In addition, consultants hoping to execute projects which will begin at Discovery Phase must be prequalified in Category 201 Location and Design Concept Studies/Corridor Studies.

If a firm is not currently prequalified by KDOT in a required category, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Pre-Qualification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Background and Scope of Project

As part of KDOT's annual preservation program, the agency selects and commences design for the replacement of a number of bridges. Design for some of those bridges is handled in-house; design for other bridges is solicited to consultants. With this single solicitation, KDOT is requesting consulting services for the latter subset of projects which are programmed to be let for construction in FY27.

Table 1 provides basic information for each project included in the FY27 PBRP. Firms can express interest in the projects for which they would like to be considered by submitting responses for each as indicated below. There is no guarantee that a firm which has expressed interest will be selected for any project.

* For clarity, "BR #" is short hand for "bridge serial number."

** If "Project Letting" field on a project states "Discovery," it means that KDOT intends to select a consultant to provide Discovery Phase services only (at this time) but could add subsequent phases to the selected consultant's scope (at KDOT's discretion). KDOT anticipates these will be significant and more complex discovery efforts.

*** For BR/serial #039, the selected consultant shall only provide bridge design services (KDOT will perform highway design for that bridge).

Additional project information including "FY27 PBRP. xlsx," bridge inspection reports, and old plans can be accessed at <https://bit.ly/FY27-PBRP>. Tabulated information shall not be relied upon in design. It is being provided for the convenience of consultants, specifically to aid in their decision making about which projects they are interested in executing.

Anticipated Consultant Scope

The scope of services required will vary for each project and may include Survey Services, Right of Way Services, Discovery Phase Services, Preliminary Design Services, Final Design Services, Environmental Documentation Preparation (Permitting). Initial agreements will be signed for the first required phase of each project. Subsequent phases of any particular project may be added to the selected consultant's scope via supplemental (at KDOT Secretary's discretion), are not guaranteed to progress to subsequent phases, and may be resolicited (at KDOT Secretary's discretion).

Depending on the project, KDOT anticipates some variation of the following will be included in the selected consultant's scope: land and engineering survey to support right of way development, bridge type selection, bridge design, road design, traffic engineering, hydrology/hydraulics, designer construction services, and permitting assistance for some projects. Current expectations for consultant scope and what will be provided by KDOT are detailed below. The scope included herein may not be all-inclusive and is subject to change. A scoping meeting will take place for each project after consultant selection is made.

Project Management

- Develop and communicate Project Management Plan and Quality Assurance Plan.

- Perform quality control checks according to Quality Assurance Plan.
- Provide electronic plan files compliant with KDOT Graphic Standards Manual, including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.
- Provide bi-annual construction cost estimates and at major project milestones.

Road Design

- Discovery Phase (for projects listed as beginning at that phase).
- Develop plans to Materials and Research.
- Building of the existing right of way.
- Develop Preliminary Plans to Field Check.
- Perform roadway geometric design, drainage design, and roadside safety analysis. Note that, in most cases:
 - The existing horizontal and vertical alignments will be utilized for the proposed condition in most cases.
 - Retaining the existing typical section of the roadway will be a priority so that no new right of way (including temporary easements) will need to be acquired.
- Visit the project site location.

Survey and Right of Way

- Provide a full survey including structures in the existing right of way. The deliverables shall incorporate the full project including the roadway and bridge surveys and will be provided in the Kansas Regional Coordinate System.
- Establish and determine impacts to right of way and utilities.
- Based upon consultant's field survey data and his-

torical KDOT project information, consultant shall establish and compile into a right of way strip map the positions and locations of the existing highway right of way and property lines for the ownership adjacent thereto. Consultant shall perform these activities using coordinate geometry and Bentley Open Site Designer.

- Visit the project site location.

Bridge Design

- For some projects, the consultant will propose and evaluate different (e.g.: skewed) framing layouts for review and acceptance by the KDOT Bridge Office. Focus shall be to minimize disruption to the site and facilitate efficient construction to minimize closures.
- In most cases, the proposed structure will need to match the existing structure's geometry (vertical, horizontal, and cross-slope). The proposed structure will need to preserve existing vertical clearance windows for feature(s) crossed.
- Bridge hydraulics for stream crossings.
- Develop Preliminary Plans to Field Check for the replacement.

Traffic Engineering

- Development of Traffic Management Plan, including coordination with the local government and KDOT office.
- Develop permanent signing and pavement marking plans.
- Develop Traffic Control Plans.
- Traffic Modeling may be required for projects which begin at Discovery Phase but likely will be performed by KDOT for projects not listed as such. See below for how Traffic Forecasting will likely be handled.

Activities to be performed by KDOT include:

- Traffic forecasting data will be provided by KDOT.
- Environmental Services, including lead paint testing and permit application.
 - Note: Technical data to support these activities will be required from the consultant immediately after field check.
- Permits will include NPDES – Storm Water Runoff Permit in which KDOT will require from consultant:
 - Total project site area in acres.
 - Total disturbed area in acres (from Seeding Plans).
 - Impervious area in square feet (existing and proposed).
 - Above information needs to be provided by consultant (90) days prior to letting.
- Utility coordination, if required.
- Geology and geotechnical services including soil investigations, bridge foundation geology, pavement field investigation and design, and surfacing recommendations.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (CDT) September 28, 2022
2. Ranking of proposals is expected to occur on or

around October 28, 2022. Negotiations with the most highly ranked firm are expected to begin on or around November 4, 2022. An executed agreement is anticipated around December 14, 2022.

3. The program fiscal year for this project is FY27 July 2026–June 2027.

These projects must be let in Fiscal Year 2027; therefore the design activities must be scheduled to deliver complete plans between July 2026 and December 2026. Approximate letting timeframes are provided in the table above. These projects may follow an accelerated delivery schedule with some submittals required earlier than a typical KDOT design project to meet the letting requirements.

Note: If the table indicates letting may happen "Anytime", it shall be understood that KDOT anticipates no construction will occur during the winter months on these projects.

All dates are subject to change.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant's proposal must not exceed the page limit laid out in Table 2 below (including any cover letter, index, etc.). All pages shall be standard letter size (8.5" x 11"). Any page larger than standard letter size will be counted as two or more pages, depending on size.
3. A single PDF (5MB maximum size) of the proposal including all attachments must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
 - a. "KDOT FY27 Priority BR Rplcmt_FIRM NAME"
5. The proposal must be accompanied by Special Attachments No. 8 ("Tax Clearance Certificate") and No. 10 ("Policy Regarding Sexual Harassment"). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team.
6. The outline in Table 2 below describes the expected proposal organization, content sections, and limits on number of pages.
 - a. Each team is limited to a single, one-page cover letter and a single page of general qualifications ("Past Performance" section plus "Familiarity with KDOT and Project Area" section) regardless of the number of projects in which they are expressing interest.
 - b. Consultants may indicate interest in any and all projects and indicate preference(s) for up to three projects and shall do so on the "FY27 Priority Bridge Replacement Program Interest and Preference Form" (available at <https://bit.ly/FY27-PBRP>).
 - c. Thereafter, each team is limited to two pages per

(continued)

project in which they are expressing interest. In these pages, consultants shall:

- i. Describe the approach they plan to execute to deliver success on the project.
- ii. Present the relevant qualifications and experience of the people they are proposing will provide the services.

7. Table 3 lists the evaluation criteria and associated weights which will be used by KDOT when making selections.

Table 2: Proposal Content

Section	Description of Intent	Page Limit
Cover Letter		1 Page
Past Performance	Describe team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information.	1 Page
Familiarity with KDOT and Project Area	Describe team’s familiarity with KDOT’s design process and standards. Describe familiarity with the project area and any special conditions.	
Consultant Project Interest and Preference	Fill out “FY27 Priority Bridge Replacement Program Interest and Preference Form” and submit with your proposal.	1 Page
Project Approach	Demonstrate a unique approach to accomplish the design efficiently and to a high standard. Include cost-effective and optimized solutions to address the anticipated improvements in the design and your plan for addressing any anticipated project constraints. Include unique qualifications or experience related to the project approach.	2 Pages <i>(PER PROJECT IN WHICH TEAM IS INTERESTED)</i>
Approach to Schedule	Describe the approach to accomplish the scope of services within the schedule requirements. Include anticipated key milestone dates and availability of staff.	
Approach to Quality Control	Describe methods or procedures your firm will use to provide all drawings, reports and other services with professional quality and technical accuracy.	
Qualifications and Experience	For key personnel to be assigned to the project provide names, office location, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm with which you propose to subcontract.	

Table 3: Evaluation Factors

Evaluation Factor	Weight
Qualifications and experience of project manager and other key project team members proposed for services	25%

Understanding of project constraints and technical approach	25%
Approach and commitment to meet advertised schedule	15%
Past performance history for similar projects/services for KDOT	20%
Understanding of the project area	15%

Contract Terms and Conditions

KDOT anticipates that each project will be contracted separately. A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Questions

All questions regarding this Request for Proposals shall be emailed to KDOT.DesignContracts@ks.gov.

Questions can be submitted until September 15, 2022; answers will be provided to all prequalified consultants on September 21, 2022.

Doc. No. 050501

State of Kansas

Office of the Governor

Executive Order No. 22-07

Establishing the Office of Registered Apprenticeship

WHEREAS, Kansas is committed to a shared vision of increased prosperity and improved well-being for all Kansans;

WHEREAS, to grow our economy, Kansas must cultivate a highly educated and skilled workforce that is prepared for careers of the future;

WHEREAS, through the Governor’s Council on Education and the Advantage Kansas Coordinating Council, the Kelly Administration endeavors to create the best trained workforce in the Midwest, expand opportunity for students, and bring economic prosperity to all corners of the state;

WHEREAS, apprenticeships grow the workforce, strengthen our economy, and improve quality of life for Kansans;

WHEREAS, employer designed and driven apprenticeships provide structured on-the-job learning, job-related education, wage progress, mentorship, and valuable credentials;

WHEREAS, apprenticeships provide benefits to large and small employers, associations, organizations, community and technical colleges, and career seekers ensuring occupational proficiency;

WHEREAS, apprenticeships connect skilled workers with good-paying jobs and build a qualified workforce

with the skills needed to fill job openings and reduce turnover;

WHEREAS, apprenticeships incorporate classroom instruction, create pathways to attain post-secondary education, and provide critical training that can lead to high-quality employment opportunities;

WHEREAS, the State of Kansas seeks to promote registered apprenticeships across the state to maximize the workforce pipeline, economic growth, and quality of life.

NOW, THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, I hereby establish the Office of Registered Apprenticeship and order the following:

1. The Office of Registered Apprenticeship shall be a part of the Kansas Department of Commerce. The Office of Registered Apprenticeship shall be led by the Director of Internships and Apprenticeship and shall be supported by such other personnel as the Kansas Department of Commerce shall commit.
2. The Office of Registered Apprenticeship shall:
 - a. Evaluate, and report annually on, the extent, quality, and impact of registered apprenticeships in Kansas;
 - b. Develop strategies to modernize the registered apprenticeship program to include additional industries including healthcare, education, IT, agricultural manufacturing, and distribution and logistics – all critical industries in Kansas;
 - c. Develop and advocate for registered apprenticeship program policies that place a special focus on veterans, women, people of color, those formerly incarcerated, and others with barriers to successful employment;
 - d. Take such steps as are necessary to implement those strategies, including, but not limited to:
 - i. Promote access to, and use of, the registered apprenticeship program as one strategy to address skills gaps and fill the career pipelines across the state;
 - ii. Develop strong partnerships with employers, workforce boards, training providers, higher education providers, and other stakeholders;
 - iii. Collaborate with K-12 and higher education stakeholders and state-level agencies to prepare students for apprenticeship opportunities and align the needs of the education and business sectors;
3. All Kansas executive branch agencies, authorities, and departments shall support the work of, and coordinate with, the Office of Registered Apprenticeship and shall lend support to such work to the greatest extent possible without compromising existing responsibilities of those agencies, authorities, and departments.
 - iv. Implement strategies to retain talent in the state by connecting young people to good jobs immediately after high school or college;
 - v. Expand the use of youth and pre-apprenticeship models and work-based learning for high school students as a bridge to the registered apprenticeship program;
 - vi. Generate public awareness of the value of registered apprenticeships;
 - vii. Support and serve as a resource provider for intermediaries in the registered apprenticeship program;
 - viii. Engage with the Kansas Apprenticeship Council to place greater emphasis on the size and scope of the program across industry sectors, geography, and educational backgrounds;
 - ix. Pursue and leverage federal sources of apprenticeship funding to achieve state apprenticeship and workforce goals;
 - x. Utilize the network of Apprenticeship Champions from across the country that are working to expand, diversify, and modernize registered apprenticeship to better serve workers, employers, and communities.
 - xi. Convene relevant state and federal agencies and advise the Governor and state agency leadership on actions needed to pursue state goals related to apprenticeships.

This document shall be filed with the Secretary of State as Executive Order No. 22-07. It shall become effective immediately and remain in force until rescinded.

Dated September 6, 2022.
