Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to 1.22 acres of real property located on the northwest corner of the intersection of Fountain Avenue and 21st Street North, directly adjacent to the Wichita State University campus. This location would be designated for private development committed to supporting broadband infrastructure and Internet exchanges. The university is interested in leasing such ground to any individual, organization, or entity whose presence would advance WSU’s vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. WSU intends to lease such space for a mutually agreeable period of time, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with WSU’s educational mission and identify anticipated benefits to the university, its students, and the surrounding community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, community benefit commitments, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU and the surrounding community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, community benefit commitments, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be responsible for all costs associated with the development and ongoing maintenance costs of any improvements. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of the improvement, and benefit to (continued)
WSU. WSU will consider serious offers and inquiries from any financially qualified individual, group, organization. If interested, please contact Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to four acres of real property located on the Wichita State University’s campus designated as the “Innovation Campus,” for the private development and operation of a partnership building or buildings. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university’s applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. The university intends to lease such space for a mutually agreeable period of time up to sixty years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university’s educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Interested tenants will be required to construct adjacent and adequate surface parking that will not be included in the leased ground. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of building improvement, and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization. If interested, please contact Senior Vice President for Industry and Defense Programs, Dr. John Tomblin at john.tomblin@wichita.edu or Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. Notice of Commencement of Negotiations for Construction Manager At-Risk Services

Kansas State University’s (K-State) College of Agriculture (COA) 2030 Facilities Master Plan established a strategic vision for prioritized investment in its main-campus, Agronomy North Farm, and North Campus teaching, research, and extension facilities. The main campus master plan recommended the creation of a new Global Center for Grain and Food Innovation and renovations to Call Hall and Weber Hall as the highest priority projects. The Global Center for Grain and Food Innovation will support the College of Agriculture’s efforts to strengthen existing programs and support innovative initiatives underway to harness K-State’s unique strengths in grain science and animal sciences and support transdisciplinary research and innovation in food product innovation, food safety, and food security. Call Hall and Weber Hall are home to Animal Sciences and Industry. The buildings comprise 211,022 GSF and were constructed in the late 1950’s–early 1960’s time frame. Following an addition to Weber Hall in 1988, the buildings have had limited renovations and the complex needs a comprehensive renovation to address deferred maintenance and teaching and research lab modernization.

An architectural/engineering program is available at http://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs. For more information contact Ben Perry at 785-532-0379 or benperry@ksu.edu.

To be considered, one (1) PDF file of the following should be provided: State of Kansas Professional Qualifications DCC Forms 051, 052, 053 and 054, and information regarding similar projects. Forms may be found at https://admin.ks.gov/offices/ofpm/dcc/f-and-d. State of Kansas Professional Qualifications DCC Form 050 for each firm and consultant should be provided at the end of each proposal. Please include your firm name, agency abbreviation, and an abbreviated project name in the title of the PDF document. Proposals should be less than 5Mb and follow the current State Building Advisory Commission guidelines for Phase I of the Construction Management at Risk process, which can be found in Part B – Chapter 7 of the Building Design and Construction Manual at https://admin.ks.gov/offices/ofpm/dcc/bdcm. Paper copies and flash drives containing copies of the proposals are not required.

Proposals should be sent to professional.qualifications@ks.gov. Proposals received after the date and time noted below will not be forwarded to the State Building Advisory Commission for review. If you have questions concerning the proposals, please contact Randy Riveland at 785-296-0749. The PDF proposal submissions shall be delivered to the attention of the State Building Advisory Commission by 2:00 p.m. on or before February 10, 2023.

Notice of Commencement of Negotiations for Construction Manager At-Risk Services

Notice is hereby given for the seeking of interest and qualifications for Construction Management At-Risk (CMAR) services for the Wichita State University (WSU) and University of Kansas Medical Center (KUMC) Health Sciences Education Center. The Health Science Education Center, a joint project between WSU and KUMC, is envisioned as an interprofessional healthcare learning environment within a biomedical corridor the heart of downtown Wichita, Kansas. Architectural programming has identified the need for a 470,000 square foot building complex that co-locates all the programs and clinics at KU School of Medicine, KU School of Pharmacy, WSU College of Health Professions, and WSU Tech Health Professions. The facility will consist of classrooms, research labs, simulation labs, faculty/staff office space, academic home space, and outward facing clinic space. The design will progress with space efficiency in mind and will continue to identify opportunities for collaboration. Although a final building site is still in progress, WSU and KUMC will focus on sites located adjacent to an existing parking structure as the current program does not include creating new parking. The anticipated total construction cost for the facility is approximately $236 million with anticipated building occupancy in Fall 2026.

An architectural/engineering program is available at http://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs. For more information contact Emily Patterson at 316-978-3444 or emily.patterson@wichita.edu; or David Rau at 913-945-5943 or drau2@kumc.edu.

Notice of Permit Modifications at Hazardous Waste Facilities

The Hazardous Waste Permits Section of the Bureau of Waste Management (BWM) has available for review a list of all approved permit modifications for Resource Conservation and Recovery Act (RCRA) permitted facilities that treat, store, or dispose of hazardous waste in Kansas. The list has been updated to reflect permit modifications approved in 2022 and is available for review at https://www.kdhe.ks.gov/621/Hazardous-Waste-Public-Notices.

The publication of this notice fulfills the requirement of a Memorandum of Agreement (MOA) between the Kansas Department of Health and Environment (KDHE) and the Environmental Protection Agency (EPA). The MOA establishes policies, responsibilities, and procedures for the State of Kansas’s Hazardous Waste program authorized under Section 3006 of RCRA by EPA Region 7 Administrator on June 27, 2013.

For further information, please contact Maura O’Halloran, Chief, Hazardous Waste Permits Section, at 785-296-1609 or Maura.OHalloran@ks.gov.

Notice of Proposed Permit Renewal Action

The Kansas Department of Health and Environment (KDHE) received a Resource Conservation and Recovery Act (RCRA) permit renewal application for corrective action from the United States Department of the Army (USDOA), the owner of the Combined Arms Center, and Fort Leavenworth installation located at 290 Grant Ave., Leavenworth, Kansas. KDHE is providing notice of their intent to renew the USDOA RCRA permit, Environmental Protection Agency (EPA) identification number KS4213720499.

The permit requires the USDOA to continue implementation of corrective actions previously approved
by the EPA and includes general corrective action provisions to address any newly identified releases, solid waste management units, or areas of concern. The permit does not authorize any treatment, storage, or disposal of hazardous waste.

The draft permit is being considered for issuance under authority of the Kansas Statutes Annotated (K.S.A.) 65-3430 et seq. and Kansas Administrative Regulations (K.A.R.) 28-31-4 through 28-31-279a. Documents that support the draft permit conditions and all data submitted by the applicant are part of the administrative record.

State hazardous waste laws require that the public be given at least 45 days to review the administrative record for the draft permit prior to KDHE taking a final action. The purpose of having a public comment period is to ensure that interested parties have an opportunity to evaluate the conditions specified in the draft permit and to provide their input into the permit decision-making process. A copy of the administrative record which includes the draft permit, the fact sheet, the permit application, and all information pertaining to this permit action is available for public review from 8:00 a.m. to 5:00 p.m. (or during normal business hours) Monday through Friday, January 26, 2023 to March 13, 2023, at the following locations:

Leavenworth, KS 66048
913-682-5666

Administrative records can also be accessed on the KDHE website at https://www.kdhe.ks.gov/621/Hazardous-Waste-Public-Notices.

Anyone wishing to comment on the draft permit should submit written comments postmarked no later than March 13, 2023 to the KDHE contact at the above listed address.

A public hearing has not been scheduled; however, any interested person may request a public hearing in writing which states the nature of the issues proposed to be raised in a public hearing. If written requests are received which indicate a significant degree of public interest in the draft permit, a public hearing will be scheduled, and advanced notice of hearing will be given to the public. After consideration of all comments received, the Secretary of KDHE will make a final decision to issue or deny the permit. Notice of the Secretary’s decision will be given to the applicant, all persons who submitted written comments, those who commented at the public hearing, and those who requested notice of the final permit decision. If no comments are received during the public comment period, the permit will become effective immediately upon its issuance. If comments are received during the public comment period the permit will become effective 30 days after service of notice of the final permit decision to allow for public review of the department’s response to comments and any revisions to the draft permit in accordance with 40 C.F.R. 124.15 and K.A.R. 28-31-124(c) (8). Any appeal of the final permit decision must be filed within 15 days after service of notice in accordance with K.S.A 65-3440 and K.S.A. 77-601 et seq.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and
the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

The proposed action is to reissue one Class I Injection Well permit, and issue two new Class I Injection well permits. The renewal applications for permits pertain to one active Class I disposal Well #1 (Permit # KS-01-055-003), and two wells to be drilled, Well #2 (KS No. 01-055-004) and Well #3 (KS No. 01-055-005). Well #1 injects non-hazardous wastewater into the Arbuckle formation through a perforated liner at a depth of 5770 feet to 6475 feet (TVD) with a directional extension of 1380 feet horizontally. Proposed Wells #2 and #3 will inject non-hazardous wastewater into the Arbuckle formation through a perforated liner at a depth of 5775 feet to 6475 feet True Vertical Depth (TVD) with a directional extension of up to 1380 feet horizontally. All construction, monitoring, and operation of these wells has or will meet the requirements that apply to Class I injection wells as outlined in the Kansas Underground Injection Control Regulations, K.A.R. 28-46-1 through 28-46-44. The applicant must agree to all conditions.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before February 25, 2023, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-23-016/018, KS-EG-23-001) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Paige Drury, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Michael Bezechold at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.
Public notice is hereby given that the Kansas Department of Transportation (KDOT), in cooperation with the Federal Highway Administration (FHWA), will prepare an Environmental Assessment (EA) for a proposal to provide a feasible solution that addresses the deficiencies of the existing Route 92 Centennial Bridge over the Missouri River, located in Leavenworth County, Kansas and Platte County, Missouri. The Missouri Department of Transportation is also serving as a partner on the study.

The project limits are defined as the portion of Route 92 from just west of the Sherman Avenue/Route 92 intersection within the City of Leavenworth on the Kansas side of the Missouri River to just east of the Route 92/Spur Route 45 intersection on the Missouri side of the river. The total length of the project limits is approximately 1.4 miles.

Within the EA, FHWA and KDOT will evaluate a ‘No Action’ alternative as well as rehabilitation and replacement alternatives. The EA will analyze the potential social, economic, and environmental impacts resulting from the proposed project. The following issues will be specifically analyzed as part of the EA: impacts to the aquatic ecosystem; impacts to cultural resources; impacts to threatened and endangered species; impacts to floodplains; impacts to transportation; impacts to parks/recreation; environmental justice; and socioeconomics. This includes direct, indirect, and cumulative impacts. Other Federal approvals or permits that may be required include a Section 404 permit and Section 408 permit from the U.S. Army Corps of Engineers (USACE). Section 106 consultation for historic resources, a floodplain development permit from the City of Leavenworth, Kansas and Platte County, Missouri, as well as water resource and floodplain permits from the Kansas Division of Water Resources and the Missouri State Emergency Management Agency.

A scoping and coordination process will be initiated that involves appropriate federal, state, and local agencies, as well as stakeholders and the public. This will continue throughout the study to engage the local and regional community, to obtain public input and to keep the public informed. Coordination meetings will be held as needed with affected/concerned local, state, tribal, and federal governmental entities. Public meetings will be held to gather input and share findings on the EA. The EA will be made available for public and agency review and comment prior to the final public meeting.

To confirm that the full range of issues related to the proposed action are addressed and significant issues defined, comments and suggestions are invited from all interested parties. Comments or questions concerning the proposed action and the EA should be directed to KDOT at:

Kansas Department of Transportation: Attn: Thomas Hussa, P.E., Road Design Leader Dwight D. Eisenhower State Office Building 700 SW Harrison St. Topeka, KS 66603-3745 785-296-1393 thomas.hussa@ks.gov

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at https://kdotapp.ksdot.org/Proposal/Proposal.aspx. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the “Bid Holders List,” or to be included on the “Non-Bid Holders List” as a subcontractor/supplier. KDOT’s approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation Standard Specifications for State Road and Bridge Construction.

KDOT will only accept electronic internet proposals using the Bid Express website at https://bidx.com/ks/main until 1:00 p.m. (Central Time) on letting day. The KDOT bid letting will be conducted remotely by audio broadcast only at 3:00 p.m. (Central Time) on letting day. For the
conference call information see https://www.ksdot.org/bureaus/burconsmain/lettinginfo.asp. KDOT has tested the process, but in the event of an unforeseen issue, KDOT will provide updates.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (Central Time) February 3, 2023, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in categories:

- 211 Highway Design–Major Facility
- 222 Standard Span Bridge Design
- 231 Traffic Control Analysis and Design
- 325 Hydraulic and Hydrologic Studies
- 401 Landscape Seeding and Erosion Control

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at http://www.ksdot.org/descons.asp. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Special Contract Conditions

This project will be managed by KDOT.

Questions

All questions regarding this Request for Proposals shall be emailed to KDOT.DesignContracts@ks.gov. Questions can be submitted until January 25, 2023; answers will be provided to all prequalified consultants on January 30, 2023.

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (Central Time) February 3, 2023, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in categories:

- 211 Highway Design–Major Facility
- 222 Standard Span Bridge Design
- 231 Traffic Control Analysis and Design
- 325 Hydraulic and Hydrologic Studies
- 401 Landscape Seeding and Erosion Control

Additional qualifications

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation.

KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at http://www.ksdot.org/descons.asp. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Activities to be performed by KDOT include:
- Traffic Engineering
- Bridge Design
- Road Design
- Project Management

KDOT anticipates the following to be included in the consultant’s scope: Preliminary Design Service, Final Design Service, Environmental Documentation Preparation (Permitting), Letting and Construction Phase Service, and 3D Electronic Deliverables Preparation.

Current expectations for consultant scope are detailed below. The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

Project Management
- Develop and communicate Project Management Plan and Quality Assurance Plan.
- Perform quality control checks according to Quality Assurance Plan.
- Provide electronic plan files compliant with KDOT Graphic Standards Manual, including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.
- Provide bi-annual construction cost estimates and at major project milestones.

Road Design
- Develop Preliminary Plans to Field Check.
- Develop Final Plans for Construction.
- Perform roadway geometric design, drainage design, interchange analysis, and roadside safety analysis.
- Visit the project site location.

Bridge Design
- Field Check
  - Replace existing box culverts with structures that extend past the clear zone and perform necessary hydraulic analysis and documentation.
- Final Design
  - Provide final plans for construction for all bridge-sized and 10-20-foot structures.

Traffic Engineering
- Traffic Control Plans: This project will require traffic to be carried through construction.
- Develop permanent signing and pavement marking plans.

Activities to be performed by KDOT include:
- Engineering Survey
- Environmental Services
  - Asbestos and lead paint testing.
  - Permit application.
  - Technical data to support these activities will be required from the consultant immediately after field check.
- Permits will include NPDES – Storm Water Runoff Permit in which KDOT will require from consultant:
  - Total project site area in acres.
  - Total disturbed area in acres (from Seeding Plans).
  - Impervious area in square feet (existing and proposed).
  - Above information needs to be provided by consultant (90) days prior to letting.
- Utility coordination, if required.
- Geotechnical services including soil investigations, bridge foundation geology, pavement field investigation and design, and surfacing recommendations.

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (Central Time) February 3, 2023, to be considered for selection.

### Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in categories:

- 211 Highway Design–Major Facility
- 222 Standard Span Bridge Design
- 231 Traffic Control Analysis and Design
- 401 Landscape Seeding and Erosion Control

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at http://www.ksdot.org/descons.asp. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope: Preliminary Design Services, Final Design Services, Environmental Documentation Preparation (Permitting), and Letting and Construction Phase Services, and 3D Electronic Deliverables Preparation.

Current expectations for consultant scope are detailed below. The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

Project Management

- Develop and communicate Project Management Plan and Quality Assurance Plan.
- Perform quality control checks according to Quality Assurance Plan.
- Provide electronic plan files compliant with KDOT Graphic Standards Manual, including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.
- Provide bi-annual construction cost estimates and at major project milestones.

Road Design

- The Consultant shall propose and design extensions to existing RCBs.
- Develop preliminary plans to field check.
- Develop final plans for construction.
- Perform roadway geometric design, drainage design, and roadside safety analysis.
- Run the roadside safety analysis program for the culverts greater than eight feet in height and present findings to KDOT.
- Visit the project site locations.

Bridge Design

- The consultant shall propose and design extensions to the existing bridge-sized box structures that are called for by the RSAP process in the Road Design Scope.
- Each existing and extended structure will be hydraulically evaluated using the HY-8 Culvert Hydraulics program and results documented in the current version of Hydraulic Assessment Checklist (HAC).
- Develop preliminary plans to field check for Bridge 017-0016 and Culverts 017-CS05 and 017-CS06.
- Develop final plans for construction.

Traffic Engineering

- Develop permanent signing and pavement marking plans.

Activities to be performed by KDOT include:

- Engineering survey (project is currently being surveyed; anticipated completion is late December 2022).
- Development of existing right of way.
- Environmental services, including lead and asbestos testing and permit application.
- Utility coordination, if required.
- Geotechnical services including soil investigations, bridge foundation geology, pavement field investigation and design, and surfacing recommendations.

“Note: Technical data to support these activities will be required from the consultant immediately after field check.

Permits will include NPDES – Storm Water Runoff Permit in which KDOT will require the following from consultant:

- Total project site area in acres.
- Total distributed area in acres (from Seeding Plans).
- Impervious area in square feet (existing and proposed).
- Above information needs to be provided by consultant (90) days prior to letting.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) February 3, 2023.
2. Ranking of proposals is expected to occur on or around February 7, 2023. Negotiations with the most highly ranked firm are expected to begin on or around February 14, 2023. An executed agreement is anticipated around February 25, 2023.
3. The program fiscal year for this project is FY2026 (July 2025–June 2026).

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (2MB maximum size) of the proposal including all attachments must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
   a. “KA-6876-01_ClearZoneImprovement_FIRM NAME”

(continued)

6. The outline in Table 3 below describes the expected proposal organization and content sections.

7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.

8. Depending on the number of responses received, KDOT may elect to shortlist (based on proposals) to no more than 3-5 firms and hold in-person interviews prior to final selection (which may be based on both proposal and interview content). If KDOT deems them necessary, interview evaluation criteria will be distributed to shortlisted consultant teams in advance.

### Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

### Special Contract Conditions

This project will be managed by KDOT Road Design.

### Questions

All questions regarding this Request for Proposals shall be emailed to KDOT.DesignContracts@ks.gov. Questions can be submitted until January 25, 2023; answers will be provided to all prequalified consultants on January 30, 2023.

Doc. No. 050823

### State of Kansas

#### Department of Transportation

#### Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking qualified consulting firms or teams of firms to perform professional services for the projects summarized in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. Central Time February 8, 2023, to be considered for selection.

### Consultant Prequalification

Consulting firms interested in providing service on any project listed below must be prequalified by KDOT in Category 241–Construction Inspection and Testing.

If a firm is not currently prequalified by KDOT in a required category, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this Notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at http://www.ksdot.org/descons.asp. Consultants may create a team to meet the prequalification requirements. All firms doing business
with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

**Background and Scope of Projects**

With this single solicitation, KDOT is requesting consulting services for construction inspections on the projects listed in Table 1. This table provides summary information for each project. One consultant will be selected to perform services associated with each group listed. Firms can express interest in the groups for which they would like to be considered by submitting responses for each as indicated below. There is no guarantee that a firm which has expressed interest will be selected for any project(s).

(continued)
Additional project information including construction scope to be inspected, a detailed description of the project location, and resources and inspection scope specifically requested from consultants via this request can be viewed in an online table at https://www.ksdotike.org/about/construction-inspection-rfps. Upon publication of this Request for Proposals (RFP), KDOT anticipates each of these inspection efforts will require full teams (project manager and inspectors, as opposed to single role staff augmentation as is occasionally requested) for various types of construction inspection needs. Watch the website linked above for updated information. Tabulated information (both in this RFP and on the website) shall not be relied upon during inspections. It is provided for the convenience of consultants, specifically to aid in making decisions about which projects they are interested in performing.

Specific project needs are subject to modification and/or cancellation at KDOT’s discretion.

**Anticipated Consultant Scope**

The scope of construction inspection services and certifications required will vary for each project and are listed in the table available on the website noted above. Inspection efforts will be managed out of the offices listed. Also included for the convenience of consultants are indications of which grouped projects are currently slated to be performed by the same contractors.

**Anticipated Schedule and Key Dates**

1. Proposals are due by or before 12:00 p.m. (Central Time) February 8, 2023.
2. Ranking of proposals is expected to occur on or around February 15, 2023. Negotiations with the most highly ranked firm are expected to begin on or around February 22, 2023. An executed agreement is anticipated shortly thereafter.
3. Anticipated start dates and working days or anticipated calendar completion dates are shown in the table. All dates are subject to change.

**Instructions for Proposal**

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed the page limit laid out in Table 2 below (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages, depending on size.
3. A single PDF (5MB maximum size) of the proposal including all attachments must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
   a. “ConstInsp Multiple Projects_2023.01 Release_ FIRM NAME”
6. The outline in Table 2 below describes the expected proposal organization, content sections, and limits on number of pages.
   a. Each team is limited to a single, one-page cover letter.
   b. Consultants may indicate interest in any and all projects, indicate preference(s) for up to three projects, and shall do so on the “January 2023 Construction Inspections Interest and Preference Form” available at https://www.ksdotike.org/about/construction-inspection-rfps.
   c. Thereafter, each team is limited to two pages per project in which they express interest. In these pages, consultants shall:
      i. Describe the approach they plan to execute to deliver success on the project.
      ii. Present the relevant qualifications and experience of the people they are proposing will provide the services.
      iii. Provide the firm’s familiarity with KDOT and the project area.
   d. Finally, consultants are limited to a single, one-page description of general qualifications (“Past Performance” section plus “Approach to Quality Control” section) regardless of the number of projects in which they are expressing interest.
7. Table 3 lists the evaluation criteria and associated weights which will be used by KDOT when making selections.
8. Although not anticipated at this time, KDOT reserves the right to interview for the requested services associated with any of the listed projects prior to making final selections.

The projects of entails the replacement of 0.5 miles of rail in curves located on the Hutchinson Subdivision of the K&O Railroad. The curves are located in the City of South Hutchinson, Kansas where there are back-to-back curves with tangent track that trains must traverse. Due to traffic levels and the use of 6-axle locomotives, the curves have extreme wear and the K&O Railroad experiences constant issues in the area.

Additional details concerning the scope of work needing to be done with each portion of the project will be addressed in the pre-proposal meeting.

**Minimum Requirements**

**MSA and Roadway Worker Protection**
- Contractors must complete, and have on file, a current Master Services Agreement with K&O Railroad prior to submitting a proposal.
- Contractors shall always comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety. Workers and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
- Contractor, contractor employees, agents, and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.
- Any subcontracted work will need to be approved by the K&O Railroad prior to any work starting.
- All contractors will be required to complete Watco Contractor Orientation at https://watcocontractor.com. Any contractor who was previously enrolled in e-SHORTLINE with Watco in the past, will be required to complete the Watco Contractor Orientation.

**Work Windows**

Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with the railroad. Contractor will work with local K&O Railroad personnel for acquiring work windows. Anticipation is the contractor will get 4- to 6-hour windows. Work windows may be arranged seven days a week, if desired. Current railroad operations consist of two to four trains per day through the work area, but traffic could make the schedule volatile. This topic will be further discussed during the pre-proposal meeting; a concrete understanding between the contractor and the railroad can be obtained at this time.

**Standards**

All standards referenced by the project plans and specifications, as well as all applicable AREMA standards must be upheld during all phases of the project work, unless certain standards are excluded from the project with written approval by the K&O Railroad. All rails shall be replaced at standard gauge of 56-1/2”.

**Submittals**

The following documents shall be submitted by the contractor as part of the project at the times listed:
- Schedule of Work – Submitted with proposal.
- Certificate of Insurance – Submitted prior to construction.
- Safety Plan – Submitted prior to construction.
- Proof of Roadway Worker Training – Submitted prior to construction.

(continued)
Other Responsibilities

- Permits – Contractor is responsible for all federal, state, and local permits required for the work. Additional permit information will be covered at the pre-proposal meeting.
- Utilities – Contractor is responsible to locate and protect site utilities.
- Site Clean-up – Contractor is responsible for proper site restoration and proper disposal of materials removed in accordance with all local, state, and federal laws.

Insurance

Contractor shall purchase required coverage and submit for verification a Certificate of Insurance.

Materials

All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on railroad right of way to the contractor. However, materials shall be stored closer than 15 feet from the centerline of any active track at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. All removed materials will be disposed of accordingly by the contractor unless otherwise arranged with the K&O Railroad.

Non-Project Areas

The K&O Railroad has secured access to the project through the railroad right of way. Other access may be obtained by the contractor if they so choose. All areas (public, private and railroad right of way) that are used for access to the project, including parts of the railroad right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if any damage to these areas occurs.

Pre-Proposal Meeting

The K&O Railroad (Watco) shall hold a pre-proposal meeting at the K&O Railroad Office at 9:00 a.m. (Central Time) Tuesday, February 7, 2023, to address any questions or clarify any portions of the project tasks. Please reach out to Cameron Ginther for the K&O Office address.

Project Completion

It is expected the contractor must start construction no later than 60 days after being awarded the bid (dependent upon material deliveries) and complete the project within an agreed upon timeline. Prior to the completion of the project, there will be a third-party final inspection. If there are any issues with the quality of work, the contractor will be responsible for fixing any issues found at cost to them.

Submission of a Proposal

All proposals must be submitted no later than 4:00 p.m. Friday, February 23, 2023. All submitted proposals shall be reviewed by the K&O Railroad. Please ensure your proposal includes all required information. All incomplete proposals shall be rejected. The structure of your proposal must be able to be clearly understood, all proposals shall provide the following line items and provide costs as required below:

- Provide a total sum of all line items on the proposal.
- Mobilization and Demobilization – Lump sum.
- Material (Supply) and Labor (Install) for each line item; include all applicable taxes.
- RRPL Insurance – Lump sum.

For further information or questions regarding the Request for Proposals or submittal of a proposal, please contact:

- Herb Lamkin, K&O Roadmaster, phone 316-215-4080, email hlamkin@watco.com
- Cody McGee, Division Engineer, phone 217-855-4107, email cody.mcgee@watco.com
- Cameron Ginther, Project Manager, phone 785-513-6049, email cameron.ginther@watco.com

Work Reporting

Daily work reports must be filled out and submitted to Herb Lamkin – K&O Roadmaster, Cody McGee – Division Engineer, and Cameron Ginther – Project Manager. Those reports should include updates to project schedules, any delays and/or changes in the scope of work. A detailed summary report must be submitted upon the completion of the project.

Request for Proposals

Interested parties are invited to submit a proposal to complete the below scope of repairs for the Kansas & Oklahoma (K&O) Railroad.

Scope of Work

The project consists of the replacement of four switch(es) and switch tie packages in the K&O Railroad’s South Yard (Downtown Wichita, Kansas) that are used for the interchanges between Watco’s South Kansas and Oklahoma (SKOL) and K&O Railroads. The current switch(es) are heavily worn 90# switches that require constant maintenance/adjustments. The current switches will be upgraded to 115# switches.

Additional details concerning the scope of work needing to be done with each portion of the project will be addressed in the pre-proposal meeting.

Minimum Requirements

MSA and Roadway Worker Protection

- Contractors must complete, and have on file, a current Master Services Agreement with K&O Railroad prior to submitting a proposal.
- Contractors shall always comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety. Workers and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
- Contractor, contractor employees, agents, and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.
• Any subcontracted work will need to be approved by the K&O Railroad prior to any work starting.
• All Contractors will be required to complete Watco Contractor Orientation at https://watcocontractor.com. Any contractor who was previously enrolled in e-SHORTLINE with Watco in the past, will be required to complete the Watco Contractor Orientation.

Work Windows
Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with the railroad. Contractor can anticipate a work window of 6-7 hours between the hours of 07:00 and 13:00/14:00. Work windows may be arranged seven days a week, if desired. Current railroad operations consist of three trains per day through the work area. The trains operating in this area are expected to begin operations around 13:00/14:00 hours. This topic will be further discussed during the pre-proposal meeting.

Standards
All standards referenced by the project plans and specifications, as well as all applicable AREMA standards must be upheld during all phases of the project work, unless certain standards are excluded from the project with written approval by the K&O Railroad. All rails shall be replaced at standard gauge of 56-1/2”.

Submittals
The following documents shall be submitted by the contractor as part of the project at the times listed:

• Schedule of Work – Submitted with proposal
• Certificate of Insurance – Submitted prior to construction
• Safety Plan – Submitted prior to construction
• Proof of Roadway Worker Training – Submitted prior to construction

Other Responsibilities
• Permits – Contractor is responsible for all federal, state, and local permits required for the work. Additional permit information will be covered at the pre-proposal meeting.
• Utilities – Contractor is responsible to locate and protect site utilities.
• Site Clean-up – Contractor is responsible for proper site restoration and proper disposal of materials removed in accordance with all local, state, and federal laws.

Insurance
Contractor shall purchase required coverage and submit for verification a Certificate of Insurance.

Materials
All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on railroad right of way to the contractor. However, no materials shall be stored closer than 15 feet from the centerline of any active track at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. All removed materials will be disposed of accordingly by the contractor unless otherwise arranged with the K&O Railroad.

Non-Project Areas
The K&O Railroad has secured access to the project through the railroad right of way. Other access may be obtained by the contractor if they so choose. All areas (public, private and railroad right of way) that are used for access to the project, including parts of the railroad right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if any damage to these areas occurs.

Pre-Proposal Meeting
The K&O Railroad (Watco) shall hold a pre-proposal meeting at the K&O Railroad Office at 9:00 a.m. (Central Time) Tuesday, February 7, 2023, to address any questions or clarify any portions of the project tasks. Please reach out to Cameron Ginther for the K&O Office address.

Project Completion
It is expected the contractor must start construction no later than 60 days after being awarded the bid (dependent upon material deliveries) and complete the project within an agreed upon timeline. Prior to the completion of the project, there will be a third-party final inspection. If there are any issues with the quality of work, the contractor will be responsible for fixing any issues found at cost to them.

Submission of a Proposal
All proposals must be submitted no later than 4:00 p.m. Friday, February 24, 2023. All submitted proposals shall be reviewed by the K&O Railroad. Please ensure your proposal includes all required information. All incomplete proposals shall be rejected. The structure of your proposal must be able to be clearly understood, all proposals shall provide the following line items and provide costs as required below:

• Provide a total sum of all line items on the proposal.
• Mobilization and Demobilization – Lump sum.
• Material (Supply) and Labor (Install) for each line item; include all applicable taxes.
• RRPL Insurance – Lump sum.

Doc. No. 050812

(Published in the Kansas Register January 26, 2023.)

South Kansas & Oklahoma Railroad

Request for Proposals

Interested parties are invited to submit a proposal to complete the below scope of repairs for the South Kansas & Oklahoma (SKOL) Railroad.

Scope of Work

This project consists of the replacement/upgrading of 1.4 miles of rail, replacement of ties, and undercutting on track in Coffeyville, Kansas. This track is used to interchange all outbound traffic with the Union Pacific (UP) Railroad. The project will remove 1.4 miles of heavily worn 90# rail and replace it with new 115# rail, anchors, plates, and spikes. Undercutting will be performed to remove all mud/fouled ballast within the track area. The undercutting will allow the new/existing good ties to hold surface going forward.

Additional details concerning the scope of work needing to be done with each portion of the project, will be addressed in the pre-proposal meeting.

Minimum Requirements

MSA and Roadway Worker Protection

- Contractors must complete, and have on file, a current Master Services Agreement with SKOL Railroad prior to submitting a proposal.
- Contractors shall always comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety. Workers and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
- Contractor, contractor employees, agents and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.
- Any subcontracted work will need to be approved by the SKOL Railroad prior to any work starting.
- All contractors will be required to complete Watco Contractor Orientation at https://watcocontractor.com. Any contractor who was previously enrolled in e-SHORTLINE with Watco in the past, will be required to complete the Watco Contractor Orientation.

Work Windows

Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with the railroad. Contractor can anticipate a maximum work window of eight hours between the hours of 11:00 and 19:00. Work windows may be arranged seven days a week, if desired. Current railroad operations consist of SKOL switch trains and interchanges with the UP Railroad. These trains operate in the early-mid morning and come back on duty at 19:00 hours; the SKOL will not be operating trains over the weekend in this area. This topic will be further discussed during the pre-proposal meeting, as operations may change.

Standards

All standards referenced by the project plans and specifications, as well as all applicable AREMA standards must be upheld during all phases of the project work, unless certain standards are excluded from the project with written approval by the SKOL Railroad. All rails shall be replaced at standard gauge of 56-1/2”.

Submittals

The following documents shall be submitted by the contractor as part of the project at the times listed:

- Schedule of Work – Submitted with proposal
- Certificate of Insurance – Submitted prior to construction
- Safety Plan – Submitted prior to construction
- Proof of Roadway Worker Training – Submitted prior to construction

Other Responsibilities

- Permits – Contractor is responsible for all federal, state, and local permits required for the work. Additional permit information will be covered at the pre-proposal meeting.
- Utilities – Contractor is responsible to locate and protect site utilities.
- Site Clean-up – Contractor is responsible for proper site restoration and proper disposal of materials removed in accordance with all local, state, and federal laws.

Insurance

Contractor shall purchase required coverage and submit for verification a Certificate of Insurance.

Materials

All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on railroad right of way to the contractor. However, no materials shall be stored closer than 15 feet from the centerline of any active track at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. All removed materials will be disposed of accordingly by the contractor unless otherwise arranged with the SKOL Railroad.

Non-Project Areas

The SKOL Railroad has secured access to the project through the railroad right of way. Other access may be obtained by the contractor if they so choose. All areas (public, private and railroad right of way) that are used for access to the project, including parts of the railroad right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if any damage to these areas occurs.
Pre-Proposal Meeting
The SKOL Railroad (Watco) shall hold a pre-proposal meeting at 9:00 a.m. (Central Time) Tuesday, February 14, 2023, to address any questions or clarify any portions of the project tasks. Please reach out to Cameron Ginther for specific meeting details.

Project Completion
It is expected the contractor must start construction no later than 60 days after being awarded the bid (dependent upon material deliveries) and complete the project within an agreed upon timeline. Prior to the completion of the project, there will be a third-party final inspection. If there are any issues with the quality of work, the contractor will be responsible for fixing any issues found at cost to them.

Submission of a Proposal
All proposals must be submitted no later than 4:00 p.m. Friday, March 3, 2023. All submitted proposals shall be reviewed by the SKOL Railroad. Please ensure your proposal includes all required information. All incomplete proposals shall be rejected. The structure of your proposal must be able to be clearly understood, all proposals shall provide the following line items and provide costs as required below:

- Provide a total sum of all line items on the proposal.
- Mobilization and Demobilization – Lump sum.
- Material (Supply) and Labor (Install) for each line item; include all applicable taxes.
- RRPL Insurance – Lump sum.

For further information or questions regarding the Request for Proposals or submittal of a proposal, please contact:

- Mike Mulnix, SKOL Roadmaster, phone 620-330-7415, email mmulnix@watco.com
- Jerod Gofourth, Asst. SKOL Roadmaster, phone 620-515-1809, email jgofourth@watco.com

- Cameron Ginther, Project Manager, phone 785-513-6049, email cameron.ginther@watco.com

Work Reporting
Daily work reports must be filled out and submitted to Mike Mulnix – SKOL Roadmaster, Jerod Gofourth – SKOL Asst. Roadmaster, Cody McGee – Division Engineer, and Cameron Ginther – Project Manager. Those reports should include updates to project schedules, any delays and/or changes in the scope of work. A detailed summary report must be submitted upon the completion of the project.

Scope of Work
This project consists of the replacement of four switch-es and switch tie packages in the SKOL’s Winfield, Kansas Yard that are critical for our interchanges with the Burlington Northern-Santa Fee (BNSF) and the Union Pacific (UP) Railroads. The current switches consist of heavily worn 90# and 136# turnouts.

Minimum Requirements
MSA and Roadway Worker Protection

- Contractors must complete, and have on file, a current Master Services Agreement with SKOL Railroad prior to submitting a proposal.
- Contractors shall always comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety. Workers and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
- Contractor, contractor employees, agents and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.
- Any subcontracted work will need to be approved by the SKOL Railroad prior to any work starting.
- All contractors will be required to complete Watco Contractor Orientation at https://watcocontractor.com. Any contractor who was previously enrolled in e-SHORTLINE with Watco in the past, will be required to complete the Watco Contractor Orientation.

Work Windows
Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with the railroad. Contractor can anticipate a minimum work window of eight hours, between the hours of 07:00 and 17:00. For work windows extending more than eight hours, a minimum of 72 hours notification is required to the railroad to arrange this window. Work windows may be arranged seven days a week, if desired. Current rail-road operations consist of three trains per day through the work area. These trains operate in the early morning and evening hours; however, this schedule is subject to change at any time. Weekend outages will be most ideal for two out of the four turnouts. This topic will be further discussed during the pre-proposal meeting.

Standards
All standards referenced by the project plans and specifications, as well as all applicable AREMA standards must be upheld during all phases of the project work, unless certain standards are excluded from the project with written approval by the SKOL Railroad. All rails shall be replaced at standard gauge of 56-1/2”.

Submittals
The following documents shall be submitted by the contractor as part of the project—at the times listed:

- Schedule of Work – Submitted with proposal
- Certificate of Insurance – Submitted prior to construction

(cc) “Single line rate” means a rate, charge, or allowance established by a single common motor carrier of property or passengers that is applicable only over its line and for which the transportation can be provided by that carrier.

(dd) “Tariff publication” means the rates, charges, classification, ratings, or policies published by, for, or on behalf of common motor carriers of household goods, property, or passengers.

(ee) “Transportation” means the movement of household goods, property, or passengers, or any combination of these, and the loading, unloading, or storage incidental to this movement.

**82-4-2a. Authority of agents, employees, or representatives authorized by commission.** The special agents, agents, employees, or representatives authorized by the commission shall have the authority to perform the following:

(a) Examine motor carrier equipment operating on the highways in this state;

(b) enter upon any motor carrier’s premises located in Kansas and inspect and examine the motor carrier’s records, books, and equipment located on the premises;

(c) examine the manner of the motor carrier’s conduct
as it relates to the public safety and the operation of commercial motor vehicles in this state; and

(d) declare or place, or both, any commercial motor vehicle, driver, or motor carrier “out-of-service” for any “out-of-service” conditions as defined in K.A.R. 82-4-1. Authorized personnel shall declare and mark as out-of-service any commercial motor vehicle, driver, or motor carrier that by reason of its mechanical condition or loading would likely cause an accident or a breakdown or is in violation of any commission economic or safety regulations or “out-of-service” criteria as defined in K.A.R. 82-4-1. An “out-of-service vehicle” sticker or a form approved by the Kansas highway patrol shall be used to mark each vehicle and any intermodal equipment as out-of-service. (Authorized by K.S.A. 66-1,108a; implementing K.S.A. 66-1,108b and 66-1,108c; effective Nov. 14, 2011; amended May 6, 2016; amended July 26, 2019; amended Feb. 10, 2023.)

82-4-3. Exemption from the motor carrier safety regulations. The commission’s safety regulations and the federal safety regulations adopted by reference in this article of the commission’s regulations shall not apply to the following:

(a) The occasional transportation of personal property by private motor carriers that is not for compensation and is not in the furtherance of a commercial enterprise;

(b) the operation of fire trucks and rescue vehicles while involved in emergency and related operations;

(c) the operation of commercial motor vehicles designed or used to transport between nine and 15 passengers, including the driver, not for compensation, if the commercial motor vehicle does not otherwise meet the definition of a commercial motor vehicle, except that motor carriers operating these vehicles shall comply with 49 C.F.R. 390.15, 49 C.F.R. 390.19T, and 49 C.F.R. 390.21T, as adopted by K.A.R. 82-4-3f; and

   (b) As used in this regulation, each reference to a portion of 49 C.F.R. Part 386, Subpart F shall mean that portion as adopted by reference in this regulation.
   (c) As used in this regulation, the term “FMCSA” shall mean “FMCSA or Commission.”
   (d) Whenever the federal regulations adopted in this regulation refer to portions of the federal regulations or other operating standards that are not already adopted by reference in article 4 of the commission’s regulations, the references shall not be applicable to this regulation unless otherwise specifically adopted. (Authorized by and implementing K.S.A. 66-1,112, K.S.A. 66-1,112g, and K.S.A. 66-1,129; effective Oct. 22, 2010; amended Sept. 20, 2013; amended May 6, 2016; amended July 26, 2019; amended Feb. 10, 2023.)

82-4-20. Transportation of hazardous materials by motor vehicles. (a) The federal regulations adopted by reference in this regulation shall govern the transportation of hazardous materials in Kansas in commerce to the extent that the regulations pertain to the transportation of hazardous materials by commercial motor vehicle.
(b) Copies of all applications for special permits pursuant to 49 C.F.R. Part 107, Subpart B, registrations of cargo tank and cargo tank motor vehicle manufacturers, assemblers, repairers, inspectors, testers, and design-certifying engineers pursuant to 49 C.F.R. Part 107, Subpart F, and registrations of persons who offer transportation or transport hazardous materials pursuant to 49 C.F.R. Part 107, Subpart G shall be made available to the commission for proof of compliance with federal hazardous materials regulations.
(c) The following federal regulations, as in effect on October 1, 2018, are hereby adopted by reference:
   (1) 49 C.F.R. Part 171 with the following exceptions:
      (A) 49 C.F.R. 171.1(a) and the paragraph that precedes it;
      (B) 49 C.F.R. 171.1(f);
      (C) 49 C.F.R. 171.6 and 171.7; and
      (D) 49 C.F.R. 171.14, 171.17, and 171.18;
   (2) 49 C.F.R. Part 172, including the appendices, except 172.701, 172.804, 172.820, and 172.822;
   (3) 49 C.F.R. Part 173, including the appendices, except 173.10, 173.27, 173.31 and 171.314;
   (4) 49 C.F.R. Part 177;
   (5) 49 C.F.R. Part 178, including the appendices, except 178.46(e), (h) and (i); and
   (6) 49 C.F.R. Part 180, including the appendices, with the following exceptions:
      (A) Any references to 49 C.F.R. 171.7; and
      (B) 180.501 through 180.519.
   (d) When used in any provision adopted from 49 C.F.R. Parts 171, 172, 173, 177, 178, and 180, the following substitutions shall be made unless otherwise specified:
      (1) The terms “administrator,” “associate administrator,” and “regional administrator” shall be replaced with “or director as defined in K.A.R. 82-4-1.”
      (2) The term “competent authority” shall mean “the Kansas corporation commission or any other Kansas agency or federal agency that is responsible, under its law, for the control or regulation of some aspect of hazardous materials transportation.”
      (3) The terms “Department of Transportation,” “DOT,” and “department” shall be replaced with “commission as defined in K.A.R. 82-4-1.”
      (4) The term “the United States” shall be replaced with “the state of Kansas.”
   (e) Carriers transporting hazardous materials in intrastate commerce shall be subject to the packaging provisions as provided in K.S.A. 66-1,129b, and amendments thereto.
   (f) As used in this regulation, each reference to a portion of 49 C.F.R. Parts 171, 172, 173, 177, 178, and 180 shall mean that portion as adopted by reference in this regulation.
   (g) Whenever the federal regulations adopted in this regulation refer to portions of the federal regulations adopted in article 4 of the commission’s regulations, the reference shall be to the version of those federal regulations as adopted in article 4.
   (h) All standards in documents adopted in this regulation that are not otherwise adopted shall be included for reference only.
   (i) All sections marked “reserved” shall be deleted.
Applications for certificates of convenience and necessity and certificates of public service. (a) Each application for a certificate of convenience and necessity or a certificate of public service shall be typewritten or printed on forms furnished by the commission. An original and two copies shall be filed and shall contain the following information:

1. The address of the applicant’s principal office or place of business and the applicant’s residential address.
2. A list of each motor vehicle, by make, year, and vehicle identification number (VIN), to be used by the applicant. If buses are to be used, the seating capacity of each bus shall be included.
3. The commodity or commodities listed on form MCSA-1 that the applicant intends to transport; and
4. Evidence of compliance with the requirements of K.A.R. 82-4-26(b).

(b) In order to demonstrate that each applicant is fit, willing, and able to serve, the applicant shall attend an educational seminar on motor carrier operations conducted by the commission, in compliance with both of the following requirements:

1. The person attending the seminar shall be the employee of the applicant responsible for the applicant’s safety functions.
2. The person responsible for the applicant’s safety functions shall submit written verification on a form provided by the commission to verify that person’s attendance at the seminar.

Applications for interstate registration. (a)(1) For the purposes of this regulation, “base state” shall have one of the following meanings:

A. The meaning assigned to “base-state” in 49 U.S.C. 14504a(a)(2), as adopted in paragraph (a)(2) of this regulation; or
B. If an entity does not have a principal place of business, office, or operating facility in any participating state, the participating state chosen by the entity that is nearest to the location of the entity’s principal place of business or any participating state within the entity’s FMCSA region.

(2) 49 U.S.C. 14504a, as in effect on January 14, 2019, is hereby adopted by reference, except for the following portions:

(A) In 49 U.S.C. 14504a(a), the following:
(i) The phrase “and section 14506 (except as provided in paragraph (5))”;
(ii) 49 U.S.C. 14504a(a)(3);
(iii) 49 U.S.C. 14504a(a)(5)(B); and
(iv) 49 U.S.C. 14504a(a)(7);
(B) 49 U.S.C. 14504a(c) and (d);
(C) in 49 U.S.C. 14504a(f), 49 U.S.C. 14504a(f)(1)(B) through (E); and
(D) 49 U.S.C. 14504a(g) through (j).

(3) Each interstate motor carrier designating Kansas as the carrier’s base state and operating in interstate commerce over the highways of Kansas shall pay a fee to the state corporation commission through the national registration system. This fee shall be in accordance with the fee schedule in 49 C.F.R. Part 367, as in effect on October 1, 2021 and as amended by 87 fed. reg. 53694-53695 (2022), which is hereby adopted by reference except for all sections marked “reserved.”

Regulations
(7) In 49 C.F.R. 374.403, the term “FMCSA” shall be followed by “and Kansas Corporation Commission.”
(8) In 49 C.F.R. 374.501, the phrase “authorized under 49 U.S.C. 13506” shall be deleted.
(9) In 49 C.F.R. 374.503, the phrase “or intrastate” shall be added after the word “interstate.”
(10) In 49 C.F.R. 374.505, paragraphs (c) and (d) shall be deleted.
(b) As used in this regulation, each reference to a portion of 49 C.F.R. Part 374 shall mean that portion as adopted by reference in this regulation. (Authorized by and implementing K.S.A. 66-1,112; effective Jan. 1, 1971; amended May 1, 1981; amended July 26, 2019; amended Feb. 10, 2023.)
