Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to four acres of real property located on the Wichita State University's campus designated as the "Innovation Campus," for the private development and operation of a partnership building or buildings. The university is interested in leasing such ground to any individual, organization,

or entity whose presence on campus would advance the university's applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. The university intends to lease such space for a mutually agreeable period of time up to sixty years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university's educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Interested tenants will be required to construct adjacent and adequate surface parking that will not be included in the leased ground. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of building improvement, and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization. If interested, please contact Senior Vice President for Industry and Defense Programs, Dr. John Tomblin at john.tomblin@wichita.edu or Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to 1.22 acres of real property located on the northwest corner of the intersection of Fountain Avenue and 21st Street North, directly adjacent to the Wichita State University campus. This location would be designated for private development committed to supporting broadband infrastructure and internet exchanges. The university is interested in leasing such ground to any individual, organization, or entity whose presence would advance WSU's vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. WSU intends to lease such space for a mutually agreeable period of time, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with WSU's educational mission and identify anticipated benefits to the university, its students, and the surrounding community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, community benefit commitments, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU and the surrounding community, design concepts, financial stability, and proposed use. Interested tenants will be responsible for all costs associated with the development and ongoing maintenance costs of any improvements. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of the improvement, and benefit to WSU. WSU will consider serious offers and inquiries from any financially qualified individual, group, organization. If interested, please contact Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Department of Health and Environment

Notice Concerning Proposed Kansas Air
Quality Prevention of Significant Deterioration
Construction Permit Modification

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a revision to a previously issued air quality construction permit. Amsted Rail applied for an air quality construction permit in accordance with the pro-

visions of K.A.R. 28-19-300 to modify the process for the pressure pouring station at their facility located at 7111 Griffin Rd., Kansas City, Kansas. Emission of particulate matter (PM), PM with aerodynamic diameter equal to or less than 10 microns (PM₁₀), PM with aerodynamic diameter equal to or less than 2.5 microns (PM_{2.5}) volatile organic compounds (VOCs), oxides of nitrogen (NO_x), oxides of sulfur (SO_x), and carbon monoxide (CO) were evaluated during the permit review process.

The permit modification is to be issued in accordance with the provisions of K.A.R. 28-19-350, *Prevention of Significant Deterioration* (PSD) which adopt the federal standards, procedures, and requirements of 40 CFR 52.21 by reference. These air quality regulations apply to major stationary emission sources located in areas designated as "attainment" under the federal Clean Air Act (CAA). Attainment areas are areas where the air quality meets or is better than the National Ambient Air Quality Standards (NAAQS).

The revisions proposed by Amsted Rail include a re-evaluation of the Best Available Control Technology (BACT) limits for PM and NO_x set for the pressure pouring station. Less than significant increases will occur in emissions of PM and NO_x as a result of the proposed revisions to the pressure pouring station.

The PSD regulations require evaluation of emission reduction techniques to identify the BACT for each regulated pollutant for which the emission rate exceeds the PSD significant level. The purpose of BACT is to affect the maximum degree of reduction achievable, taking into account energy, environmental, and economic impacts for each pollutant under review. Evaluation of the estimated emissions for the proposed project indicates that the emission rate of oxides of nitrogen, sulfur dioxide, carbon monoxide, particulate matter, and volatile organic compounds do not exceed the significance levels. Amsted Rail conducted the required BACT analyses for PM and NO_x. The department has reviewed Amsted's BACT analyses and concurs with their findings.

No assessment of visibility impacts at a Class I Area was performed by the facility because there are no Federal Class I areas located within 300 km of the proposed facility. The facility did not conduct a visibility impact analysis for a local Class I area because the proposed modification does not exceed the PSD significance level and is not expected to impact visibility.

A public comment period has been established to allow citizens the opportunity to express any concerns they may have about this proposed permitting action. The public comment period is to begin Thursday, June 22, 2023 and end at 12:00 p.m. Monday, July 24, 2023. All comments should be submitted in writing to Ryan Bowles, Unified Government Public Health Department/Division of Air Quality, 619 Ann Ave., Kansas City, KS 66101 or presented at a public hearing.

Any member of the public may request to hold a public hearing to receive comments on the proposed issuance of the draft air quality construction permit. A written request to hold a public hearing should be sent to the attention of Ryan Bowles at the address listed above or by fax to 785-559-4256 and must be received by 12:00 p.m. Monday, July 24, 2023.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review for a period of 30 days from the date of publication during normal business hours (8:00 a.m. to 5:00 p.m.) at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. Also, a copy of the proposed permit can be reviewed, at the Unified Government Public Health Department/Division of Air Quality, 619 Ann Ave., Kansas City, KS 66101. To obtain or review the proposed permit and supporting documentation, contact Ryan Bowles, 913-573-6700, at the Unified Government Public Health Department/Division of Air Quality. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Department of Health and Environment

Notice Concerning Proposed Kansas Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Scout Energy Management, LLC has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

Scout Energy Management, LLC, 2225 W. Oklahoma Ave., Ulysses, KS 67880, owns and operates a natural gas compressor station located at S5-T30S-R38W, Grant County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southwest District Office, 313 Oklahoma Terr., Ulysses, KS 67880. To obtain or review the proposed permit and supporting documentation, contact Cathy Richardson, 785-296-1947, at the central office of the KDHE or Ethel Evans, 620-356-1075, at the Southwest District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Cathy Richardson, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, July 24, 2023.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Cathy Richardson, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, July 24, 2023, in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency (EPA) has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Keith Johnson, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, phone 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Notice Concerning Proposed Kansas Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Grandview Products Company, Inc. has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

Grandview Products Company, Inc., PO Box 874, Parsons, KS 67357, owns and operates a wood kitchen cabin-

(continued)

etry facility located at 1601 Superior Dr., Parsons, Labette County, KS 67357.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Southeast District Office, 308 W. 14th St., Chanute, KS 66720. To obtain or review the proposed permit and supporting documentation, contact Cathy Richardson, 785-296-1947, at the central office of the KDHE or Ryan Jack, 620-860-7235, at the Southeast District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Cathy Richardson, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, July 24, 2023.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Cathy Richardson, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, July 24, 2023, in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency (EPA) has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Department of Health and Environment

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Public Notice No. KS-AG-23-145

Application(s) for New or Expansion of Existing Swine Facilities

| Name and Address of Applicant | Owner of Property Where Facility Will Be Located |
|---|---|
| J-Six Enterprises, LLC - EB South Finish 2445 280th St. Robinson, KS 66532 | Jennifer Gerety 604 Nemaha St. Seneca, KS 66538 |
| Legal Description | Receiving Water |
| NW/4 of Section 01 T02S, R18E Brown County | Missouri River Basin |
| Kansas Permit No. A-MOBR-H004 Federal Permit No. KS0101435 | |

This is notification KDHE has received a complete permit application for the operation of a swine waste management facility capable of housing 9,000 head (3,600 animal units) of swine weighing more than 55 pounds each. The complete application can be viewed at the office of the Brown County Clerk, the KDHE District Office in Lawrence, Kansas or the KDHE Main Office in Topeka, Kansas. A permit to operate the proposed swine waste management system will not be issued without additional public notice.

Public Notice No. KS-AG-23-146/148

Pending Permits for Confined Feeding Facilities

| Name and Address of Applicant | Legal Description | Receiving Water |
|---|--|-------------------------------|
| Heritage Beef, LLC 1506 Rd. 30 Sublette, KS 67877 | SW/4 & E/2 of Section 08 and W/2 of Section 09 T27S, R32W Haskell County | Upper Arkansas River Basin |

Kansas Permit No. A-UAHS-C003
Federal Permit No. KS0115033

The proposed action is to reissue an existing NPDES permit for an existing facility for 75,000 head (75,000 animal units) of cattle weighing greater than 700 pounds. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Nutrient Management Plan on file with KDHE.

| Windholz Farms, LLC Arthur Windholz 35043 I Rd. Ogallah, KS 67656 | NW/4 of Section 18 T12S, R21W Trego County | Smoky Hill River Basin |

Kansas Permit No. A-SHTR-B004

The proposed action is to reissue an existing state permit for an existing facility for 700 head (700 animal units) of cattle weighing more than 700 pounds. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Public Notice No. KS-Q-23-93/98

The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-g), and Federal Surface Water Criteria.

| Name and Address of Applicant | Receiving Stream | Type of Discharge |
|---|---|----------------------|
| Bolinger, Van 6121 S. 391st St. W. Cheney, KS 67025 | South Fork Ninnescah River via unnamed tributary | Processed Wastewater |

Kansas Permit No. I-AR20-PO04
Federal Permit No. KS0200010

Legal Description: Section 30, Township 28S, Range 04W of Sedgwick County, Kansas

Facility Location: Latitude: 37.580800, Longitude: -97.789700

The proposed action is to issue a new State/NPDES permit for a new facility. This groundwater remediation facility consists of an oil/water separator, an enclosed dual-phase extraction tray aeration unit (air stripper) to remove light nonaqueous phase liquids (LNAPL), a 20-micron particulate filter, and a granular activated carbon (GAC) vessel. The treated groundwater will be surface discharged. The groundwater will be extracted from nine dual-phase remediation wells of roughly one gallon per minute (gpm) per well, with the total flow estimated at 10.8 gpm. The unit will discharge to an unnamed tributary of the South Fork Ninnescah River. The proposed permit contains limits for Benzene, Naphthalene*, 1,2 Dichloroethane, Total Petroleum Hydrocarbons – Low-Range Hydrocarbons (LRH), Total Petroleum Hydrocarbons – Mid-Range Hydrocarbons (MRH), Total Petroleum Hydrocarbons – High-Range Hydrocarbons (HRH), and pH; as well as monitoring for Flow, Methyl tert-Butyl Ether (MtBE), Lead (total recoverable), Benzene-µg/l, Toluene-µg/l, Ethylbenzene-µg/l, and Xylene-µg/l. In compliance with Kansas and federal law,

KDHE has approved an antidegradation review for this new facility for increased concentrations and mass of some pollutants to the receiving stream. The water quality of the receiving stream will not be lowered below the quality necessary to support existing designated uses.

| Name and Address of Applicant | Receiving Stream | Type of Discharge |
|--|---|----------------------|
| Exxon Mobil Corp. 1400 S. Harrison Olathe, KS 66061-7227 | Kansas River via Mill Creek via unnamed tributary | Processed Wastewater |

Kansas Permit No. I-KS52-PO02
Federal Permit No. KS0082988

Legal Description: NW ¼ Section 1, Township 14 S, Range 23 E of Johnson County, Kansas

Facility Location: Latitude: 38.86297, Longitude: -94.81475

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility manufactures greases using refined base oils and commercially available fats, acids, amines, isocyanate, and additives. They also blend gear oils using refined base oils and additives. Steam condensate, cooling tower overflow, potable water line maintenance and fire protection water, and storm water runoff from the plant site are routed through a retention pond with an aerator and an oil water separator prior to discharge to Mill Creek (001A). Sulfuric acid is used for pH adjustment. In case of high residual chlorine in the retention pond, chemicals may be used to dechlorinate the discharge. The discharge flow to surface waters varies due to rainfall amounts. Cooling tower blow down, skimmer waste, boiler blowdown, process ventilation scrubber waste, and domestic waste are connected to sanitary sewer. DAF solids are sent to landfill. The proposed permit contains generic language to protect the waters of the state.

| Name and Address of Applicant | Receiving Stream | Type of Discharge |
|---|--------------------------------------|----------------------|
| ICL 622 Emerson Rd. St. Louis, MO 63141 | Kansas River via private storm sewer | Processed Wastewater |

Kansas Permit No. I-KS31-PO06
Federal Permit No. KS0001511

Legal Description: NE¼, Section 29, Township 12S, Range 20E of Douglas County, Kansas

Facility Location: Latitude: 38.98093, Longitude: -95.21091

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This is an inorganic chemical manufacturing facility producing phosphoric acid and various sodium phosphates. Another facility, Chemtrade Logistics is co-located at the site and manufactures phosphorus pentasulfide. Chemtrade operates two concrete stormwater ponds that serve as secondary containment for their phosphorus pentasulfide production facility. Chemtrade discharges cooling tower blowdown and/or storm water into the ICL system, which is Outfall 002. Outfall 004 consists of the discharge (0.4 MGD) from three concrete-lined evaporative ponds, which treats a lime slurry from the lime softening system. The lime is land applied offsite for agricultural uses without a wastewater discharge. The proposed permit contains limits for Total Suspended Solids, Total Residual Chlorine, and pH; as well as monitoring for Flow, Total Suspended Solids, Total Recoverable Arsenic, Total Phosphorus, Nitrates + Nitrites, Total Kjeldahl Nitrogen, and Total Nitrogen.

| Name and Address of Applicant | Receiving Stream | Type of Discharge |
|--|------------------|-----------------------------|
| Marion, City of 208 E. Santa Fe Marion, KS 66861 | Cottonwood River | Treated Domestic Wastewater |

Kansas Permit No. M-NE45-0001
Federal Permit No. KS0051691

Legal Description: W½, SW¼, SW¼, Section 5, Township 20S, Range 4E of Marion County, Kansas

Facility Location: Latitude: 38.33534, Longitude: -97.02079

(continued)

The proposed action is to reissue an existing State/NPDES permit for an existing facility. The existing facility is an aerated three-cell wastewater stabilization lagoon system with a minimum 120 day detention time. The facility receives domestic wastewater from residential and commercial areas. The proposed permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, and Ammonia; as well as monitoring for pH, E. coli, and Sulfate. This NPDES discharging lagoon wastewater treatment facility has been reviewed for eligibility for the MDV for ammonia and has been determined to be eligible. Eligibility was determined through analysis of the facility's highest attainable criteria (HAC) for ammonia. The ammonia effluent limit was determined on April 21, 2023 by calculating the 99th percentile ammonia value from the facility's discharge monitoring reports resulting in an ammonia limit of 9.7 mg/L for this facility. However, due to anti-backsliding, the previous permit ammonia limit of 8.8 will be applied.

| Name and Address of Applicant | Receiving Stream | Type of Discharge |
|---|--|----------------------|
| Mid-States Materials, LLC PO Box 236 Topeka, KS 66601 | Kansas River via South Cedar Creek via unnamed tributary | Processed Wastewater |

Kansas Permit No. I-KS11-PO03
Federal Permit No. KS0101672

Legal Description: Section 3, Township 9S, Range 16E, SW¼ of Section 34, Township 8S, Range 16E of Jackson County, Kansas

Facility Location: Latitude: 39.30728, Longitude: -95.62180

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility is engaged in a limestone quarrying operation with some washing. Outfall 001A consists of stormwater runoff, pit water and possibly treated wash water, treated by a sedimentation pond. Outfalls 001A, 002A, 003A, 004A, 005A and 006A consists of stormwater runoff. The proposed permit contains limits for Total Residual Chlorine, as well as monitoring for Flow and Phosphorus.

| Nickerson, City of PO Box 52 Nickerson, KS 67561 | Arkansas River | Treated Domestic Wastewater |

Kansas Permit No. M-AR66-OO02
Federal Permit No. KS0098132

Legal Description: S½, SW¼, Section 14, Township 22S, Range 7W,

Facility Location: Latitude: 38.13137, Longitude: -98.06320

The proposed action is to reissue an existing State/NPDES permit for an existing facility. The existing facility is a five-cell wastewater stabilization lagoon system with a recirculation/aeration pump system and a minimum of 120 days detention time. Cells 1 and 2 are double HDPE lined with leak detection systems, cell 3 has a single HDPE, and cells 4 and 5 are earthen lined effluent holding cells. The facility receives domestic wastewater from residential and commercial areas. The detention time at the design flow is 243 days. The proposed permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, and Ammonia; as well as monitoring for pH, E. coli, Selenium, Total Phosphorus, and Chloride.

Public Notice No. KS-EG-23-006

In accordance with K.A.R. 28-46-7 and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, draft permits have been prepared for the use of the well(s) described below within the State of Kansas.

Permit applications have been filed with the Department to repermit 13 salt solution mining wells drilled in Section 15, T20S, R8W, Rice County, Kansas. The following wells are part of two existing salt solution mining systems consisting of H-Gallery and I-Gallery. The wells are hydraulically connected and must operate with a minimal pressure differential to prevent additional subsurface hydraulic connection. This area permit is for H-Gallery and I-Gallery, with area permit number KS-03-159-CHIG.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before July 22, 2023, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-23-145, KS-AG-23-146/148, KS-Q-23-93/98, KS-EG-23-006) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Casey Guccione, Section Chief, Livestock Waste Management Section at the KDHE Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Andrew Bowman at the KDHE Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Mirina Landry at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Neal Niceswanger, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-6804 or email at Neal.Niceswanger@ks.gov. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdhe.ks.gov/livestock>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

Office of Facilities and Property Management**

Notice of Requested Architectural Services

Notice is hereby given of the commencement of the selection process for architectural services for the Kansas State University College of Veterinary Medicine Mosier Hall Small Animal Surgical Suites project.

The existing small animal surgical suites at Mosier Hall in the College of Veterinary Medicine, was designed in 1969, and has not been upgraded since then. The current facility is no longer suitable to accommodate present-day equipment and caseload and does not support current student teaching methods or efficient patient care. It does not accommodate technical advances, particularly in ophthalmic and orthopedic surgery. A recent site visit by the accrediting body, the American Veterinary Medical Association – Council on Education, deemed the existing suites as marginal to unacceptable.

This proposed project will reconfigure and modernize the Small Animal Surgery Suites using existing square footage and repurpose an additional 800 square feet, expanding the surgery suits to 8,515 square feet. The renovation will provide seven surgical suites and double the table capacity. Anesthetic induction will accommodate eight patients at once. The recovery room is designed for patient comfort and efficiency, located adjacent to small animal

ICU. The design includes modern surgical scrub facilities (hands free), appropriate barrier separation of sterile and non-sterile spaces, and strategic storage for efficient workflow. The project construction budget is \$4,606,400.

An architectural/engineering program is available at <http://admin.ks.gov/offices/ofpm/dcc/arch-eng-programs>. For more information contact Rosanna Carvalho at rcarvalho@ksu.edu or at 785-532-1732.

To be considered, one (1) PDF file of the following should be provided: State of Kansas Professional Qualifications DCC Forms 051-054, inclusive, and information regarding similar projects. These forms may be found at <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/forms-and-documents>. State of Kansas Professional Qualifications DCC Form 050 for each firm and consultant should be provided at the end of each proposal. Please include your firm name, agency abbreviation, and an abbreviated project name in the title of the PDF document. Proposals should be less than 5 Mb and follow the current State Building Advisory Commission guidelines which can be found in Part B – Chapter 2 of the Building Design and Construction Manual at <https://admin.ks.gov/offices/facilities-property-management/design-construction--compliance/building-design-and-construction-manual-bdcm>. Paper copies and flash drives containing copies of the proposals are not required.

Proposals should be sent to professional.qualifications@ks.gov. Proposals received after the date and time noted below will not be forwarded to the State Building Advisory Commission for review. If you have questions, call 785-296-0749. The PDF proposal submissions shall be delivered to the attention of the State Building Advisory Commission by 2:00 p.m. on or before July 7, 2023.

The State of Kansas, as a matter of public policy, encourages anyone doing business with the State of Kansas to take steps to discourage human trafficking. If prospective bidders/vendors/contractors have any policies or participate in any initiatives that discourage human trafficking, then the prospective bidder/vendor/contractor is encouraged to submit same as part of their bid response.

The Scoular Company

Notice to Bidders

The Scoular Company is seeking bidders for a rail yard construction project at their facility in Pittsburg, Kansas. Interested bidders should contact Michael Lesmeister at mlesmeister@scoular.com to request bid package. The bid package will include site layout, track plan, and track construction specifications. Bid packages for the project will be sent to all interested bidders on or about June 16, 2023.

Scope of Work

The work consists of the following items: add approximately 2,495 track feet of #90lb rail construction, base plates, and joint bars (owner provided). Contractor supplies all other track materials, but not limited to, new ties, new bolts, new prime spikes, ballast, new derail, new turnouts, and OTM. This project is the recipient of a KDOT State Rail Service Improvement Fund program grant and the contract for work will be directly with The Scoular Company, which reserves the right to reject any or all bids. Questions regarding the project should be directed to Michael Lesmeister.

MSA and Roadway Worker Protection

Contractors must complete, and have on file, a current Master Services Agreement with The Scoular Company before work begins.

1. Contractors shall comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety at all times. Men and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
2. Contractor, contractor employees, agents, and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.

(continued)

- Any subcontracted work will need to be approved prior to construction.

Work Windows

Impact to current railroad operations must be kept to a minimum. When work must take place that causes an active track to be taken out of service for the purposes of performing work that pertains to the project, the contractor must pre-arrange a defined work window with The Scoular Company. Contractor can anticipate a minimum work window of eight hours.

Standards

All standards referenced by the project plans and specifications, as well as all applicable AREMA standards, must be upheld during all phases of the project work, unless certain standards are excluded from the project with written approval.

Submittals

The following documents shall be submitted by the contractor as part of the project, at the times listed:

- Schedule of Work – Submitted with proposal.
- Certificate of Insurance – Submitted prior to construction.
- Safety Plan – Submitted prior to construction.
- Proof of Roadway Worker Training – Submitted prior to construction.
- All contractors must recognize this is a federal contract and agree to comply with federal requirements such as the Davis-Bacon Act, “Buy America,” and the Disadvantaged Business Enterprise (DBE), where applicable.

Other Responsibilities

- Permits – Contractor is responsible for all federal, state, and local permits required for the work.
- Utilities – Contractor is responsible to locate and protect site utilities.
- Site Clean-up – Contractor is responsible for proper site restoration and proper disposal of materials removed in accordance with all local, state and federal laws.

Insurance

Contractor shall purchase required coverage and submit for verification a Certificate of Insurance.

Materials

All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on railroad right of way to the contractor. However, no materials shall be stored closer than 15 feet from the centerline of any active track at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. All removed materials remain property of The Scoular Company, to be stockpiled as directed by a representative.

Non-Project Areas

The Scoular Company has secured access to the project through the railroad right of way. Other access may be obtained by the contractor if he so chooses. All areas (public, private, and railroad right of way) that are used

for access to the project, including parts of the railroad right of way which have no proposed work, shall be maintained and/or remediated, incidental to the project, by the contractor to the satisfaction of the property owner if any damage to these areas occurs.

Project Completion

All work pertaining to this project shall be completed by October 30, 2023.

Submission of a Proposal

All proposals must be submitted no later than June 30, 2023. All submitted proposals shall be reviewed by The Scoular Company. Please ensure your proposal includes all required information. All incomplete proposals shall be rejected. The structure of your proposal must be able to be clearly understood, all proposals shall provide the following line items and provide costs as required below:

- Provide a total sum of all line items on the proposal.
- Mobilization and demobilization – lump sum.
- Material (supply), labor (install), and equipment for each line item.
- Tamp and regulate – lump sum.
- Performance bond (sum not less than amount of the contract as awarded) – lump sum.
- Clean up work site to completion – lump sum.

Work Reporting

Daily work reports must be filled out and submitted to the designated Scoular representative. Weekly reports should include updates to project schedules, any delays, or any change in the scope of work. A detailed summary report must be submitted at the completion of the project.

State of Kansas

Department of Transportation

Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic internet proposals using the Bid Express website at <https://bidx.com/ks/main> until 1:00 p.m. (Central Time) on letting day. The KDOT bid letting will be conducted remotely by audio broadcast ONLY at 3:00 p.m. (Central Time) on letting day. For the conference call information see <https://www.ksdot.org/bureaus/burconsmain/lettinginfo.asp>. KDOT has tested the process, but in the event of an unforeseen issue, KDOT will provide updates.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid non-responsive and not eligible for award consideration.

Request for Comments

The Kansas Department of Transportation (KDOT) requests comments on the amendment of the Statewide Transportation Improvement Program (STIP) FY 23-26. The comprehensive list of project(s) being amended to the STIP may be viewed online at <http://www.ksdot.org/bureaus/burProgProjMgmt/stip/stip.asp>. The project list includes projects for counties, cities, and projects on the state highway system. In addition to the project list is Administrative Modification #5 for narrative updates to the STIP.

The amendment of the STIP requires a public comment period of 14 days. To make comments on this STIP amendment, contact KDOT's Division of Program and Project Management, 2nd Floor Tower, 700 SW Harrison, Topeka, KS 66603-3754; phone 785-296-3254.

This information is available in alternative accessible formats. To obtain an alternative format, contact the KDOT Office of Public Affairs at 785-296-3585 (Voice/Hearing Impaired-711).

The comment period regarding the STIP amendment for these projects will conclude July 5, 2023.

Acting Secretary
Department of Transportation

Doc. No. 051243

State of Kansas

Department for Aging and Disability Services

Request for Comments

The Kansas Department for Aging and Disability Services (KDADS) is amending the following Kansas Medicaid 1915(c) Waivers: Autism (AU), Brain Injury (BI), Frail Elderly (FE), Intellectually and Developmentally Disabled (I/DD), Technology Assisted (TA), and Physically Disabled (PD).

The proposed amendments cover the following:

- Standardizes performance measures across the waivers (performance measure standardization for the TA waiver is captured in its pending renewal.)
- Unbundles assistive services into three services: Home Modification, Vehicle Modification, and Specialized Medical Equipment and Supplies.
- Requires provisional plan of care across the waivers.
- Authorizes Residential Services for Married Couples on I/DD waiver.
- Amends Specialized Medical Care (SMC) time limits.
- Allows for Personal Care Services (PCS) to be delivered in assisted living and home plus settings.
- Adds virtual delivery of services as part of residential services on the I/DD waiver and agency directed PCS.
- Allows for paid family caregivers for PCS.

The proposed effective date for the standardized performance measures for Autism (AU), Brain Injury (BI), Frail Elderly (FE), Intellectually and Developmentally Disabled (I/DD) and Physically Disabled (PD) waivers is January 1, 2024.

The proposed effective date for the remaining changes to the Autism (AU), Brain Injury (BI), Frail Elderly (FE), Intellectually and Developmentally Disabled (I/DD) and Physically Disabled (PD) waivers is September 1, 2023.

The proposed effective date for the Technology Assisted (TA) waiver amendment is July 28, 2023.

The Kansas Department for Aging and Disability Services is seeking public comments from June 22, 2023 through July 22, 2023 on the proposed amendments.

The proposed amendment is posted on the KDADS website at <http://www.kdads.ks.gov> or may be requested from:

- Kansas Department for Aging and Disability Services LTSS; Anita Flewelling, Senior Administrative Assistant at Anita.Flewelling@ks.gov.

Comments may be made in any one of the following ways:

- Online (KDADS website):
 - <http://www.kdads.ks.gov> under the Community Services and Programs page.
- By Email:
 - Kansas Department for Aging and Disability Services LTSS; Anita Flewelling, Senior Administrative Assistant at Anita.Flewelling@ks.gov.

- By standard mail:

(Publish in the Kansas Register June 22, 2023)

Hi-Plains Cooperative Association

Request For Proposals

Interested parties are invited to submit a proposal to complete the following scope of work for The Hi-Plains Cooperative Association's proposed industry track construction project in Dresden, Kansas. This project is the recipient of a KDOT Rail Service Improvement Fund grant and the contract for work will be directly with The Hi-Plains Cooperative Association which reserves the right to reject any or all bids.

Scope of Work

Hi-Plains Cooperative Association, Dresden, Kansas project to remove and replace approximately 500 feet of existing siding track and install a new railcar scale. Bidder will provide all necessary labor, equipment, and logistical services to supply all materials called for to complete all rehabilitation and track construction work, ties, rail, ballast, OTM, etc.

- Provide and install 112 lb. #1 relay rail.
 - Crossties: #1 relay except new black ties to be used at all turnouts.
 - All OTM: New.
 - Install new ballast (must be approved by Kyle Railroad).
 - Raise track to proper elevation, level out 75' on either side of scale.
 - Machine tamp and hand regulate.
- Install two 12' 6" separate scales that both sets of wheels will set on at the same time and are legal for trade.
 - Excavate material for concrete foundation work (includes over excavation for a 20 foot wide mud mat).
 - Contractor will pour concrete foundation to specifications, including an area in the middle of dead span 2' wide by 10" deep across the width of the unload conveyor.
- Remove track from road crossing to east derail.
 - Unbolt rail east of road crossing and at east derail.
 - Pull tracks out of ground and move to the side.
 - Cut grade so that west approach is level with road crossing (to be done by others), approximately 100 feet.
 - Cut grade so that east approach will slope down approximately 14.5" to east side of approach (375 feet from derail to scale approach) to be done by others.
 - Compact ground and reuse some track bed material for 6 feet of subbase (done by others).

- Reinstall track replacing 53 ties (approximately every 4th tie).
- Raise track to proper slope and elevation.

Minimum Requirements

- Contractor is to adhere to Roadway Worker Safety and Protection.
- Contractors shall comply with all parts of 49 CFR Part 214 and 219 regarding FRA Roadway Worker Safety at all times. Workers and equipment shall remain clear of the track unless they have gained Roadway Worker Protection from a qualified person.
- Contractor, contractor employees, agents, and/or subcontractors must be enrolled and comply with the FRA 219 approved drug testing program.
- Subcontracted work will need to be approved by The Hi-Plains Cooperative Association prior to any work starting.
- Work interruption of The Hi-Plains Cooperative Association business of receiving and shipping grain during all phases of the project, should be kept at a minimum to ensure the public and worker safety.

Standards

All standards referenced by the project plans and specifications, as well as all applicable AREMA standards must be upheld during all phases of the project work.

- All rail shall be at standard gauge of 56-1/2" with proper slope and drainage.
- All technical professionals involved in the project are required to meet the applicable licensing and/or certification requirements as stated in K.S.A. 74-7001, *et seq.*
- Design standards shall conform to state and federal design criteria appropriate for the project to satisfy FRA Track Safety Class I level requirements.

Submittals

The following documents shall be submitted by the contractor as part of the project:

- Schedule of Work Plan – Submitted with proposal.
- Certificate of Insurance – Submitted prior to construction.
- Safety Plan – Submitted prior to construction.
- Rail Testing (If AREMA #1 Relay Rail is used) – Submitted prior to installation.
- Rail Weld UT Test Requirements (all rail comp welds) – Submitted with billing.
- The Hi-Plains Cooperative requires copies of all material Bill of Ladings.

Other Responsibilities

- Permits – Contractor is responsible for all state and local permits required for the work.
- Utilities – Contractor is responsible to locate and protect site utilities.
- Site Clean-up – Contractor is responsible for proper site restoration and proper disposal of materials removed in accordance with all local, state, and federal laws.

Insurance

Contractor shall purchase required coverage and submit for verification to The Hi-Plains Cooperative Association that meet state requirements for:

(continued)

- Commercial General Liability.
- Automobile Liability.
- Workers Compensation and Employer's Liability.

Materials

All materials shall meet the requirements found in the project plans and/or specifications as well as applicable AREMA requirements. Material storage is granted on The Hi-Plains Cooperative Association's right of way to the contractor. However, no materials shall be stored closer than 15 feet from the centerline of any active track at any time. Material and equipment laydown areas and reclaimed materials stockpiling locations shall be discussed and further clarified at the pre-proposal meeting. Contractor is responsible for removal and proper disposal of all removed materials in accordance with all local, state, and federal laws.

Non-Project Areas

All areas (public, private, and railroad right of way) that are used for access to the project, including parts of the railroad right of way which have no proposed work, shall be maintained and/or remediated, and incidentals to the project by the contractor to the satisfaction of the property owner and tenant if any damage to these areas occurs.

Project Completion

All work pertaining to this project shall be completed by January 1, 2024, and signed off after approval of FRA Inspector.

Pre-Proposal Meeting

The Hi-Plains Cooperative Association shall hold a pre-proposal meeting at the project site at 10:00 a.m. (Central Time) Thursday, July 6, 2023, at the Dresden Hi-Plains Cooperative Association Office, Dresden, Kansas. Contractors are required to be present at this meeting to submit a proposal.

Submission of a Proposal

All proposals must be submitted no later than 5:00 p.m. (Central Time) July 20, 2023. All submitted proposals shall be reviewed by The Hi-Plains Cooperative Association. Please ensure your proposal includes all required information. All incomplete or late proposals shall be rejected. Contractors who wish to submit a proposal must attend the pre-proposal meeting.

The structure of your proposal must be clearly understood with all proposals providing the following line items and costs as listed below:

1. Provide a total sum of all line items on the proposal.
2. Mobilization and demobilization – lump sum.
3. Material costs (Itemized by material, i.e., cross-ties, ballast, OTM, etc.).
4. Labor costs.
5. Other costs (freight, sales tax, etc.).
6. Tamp and regulate – lump sum.
7. Performance Bond (sum not less than amount of the contract as awarded) – lump sum.
8. Clean up work site to completion – lump sum.

Work Reporting

Weekly work reports must be filled out and submitted to Dan Spresser via email at dans@hpcoop.net. Weekly progress reports should include updates to project

schedules, any delays to the project, or any change in the scope of work. A detailed summary report must be submitted at the completion of the project.

For further information or questions regarding the Request for Proposal and submission of a proposal, contact Dan Spresser at 785-443-3903 or dans@hpcoop.net.

State of Kansas

Office of the Governor

Executive Order No. 23-02

Amending the Early Childhood Transition Task Force

WHEREAS, ensuring that all Kansas children and families have access to the necessary programs and services to provide our children with the best possible start to life-long learning and healthy development is essential to the interests of Kansas;

WHEREAS, Executive Order 23-01 established the Early Childhood Transition Task Force to create a framework for a model single-agency governance structure for early childhood programming that consolidates initiatives and funding;

WHEREAS, the work of the Early Childhood Transition Task Force has been critical to reviewing the current early childhood care and education system in Kansas and advancing discussion of how services can be improved;

WHEREAS, additional voices and increased participation can contribute in the process of reviewing the current delivery system and further the work of the Early Childhood Transition Task Force;

NOW, THEREFORE, pursuant to the authority vested in me as Governor of the State of Kansas, I hereby amend Executive Order 23-01, to add that in addition to the appointments specified in paragraphs 1 and 2, the Governor may make additional appointments to the Early Childhood Transition Task Force as the Governor deems necessary. The provisions of Executive Order 23-01 remain in place and in effect.

This document shall be filed with the Secretary of State as Executive Order No. 23-02. It shall become effective immediately and remain in force until rescinded.

Dated June 13, 2023.

Laura Kelly
Governor

Doc. No. 051246

(Published in the Kansas Register June 22, 2023.)

City of De Soto, Kansas

Notice of Intent to Seek Private Placement General Obligation Improvement Bonds, Series 2023-A

Notice is hereby given that the City of De Soto, Kansas (the "Issuer") proposes to seek a private placement of the above-referenced bonds (the "Bonds"). The maxi-

mum aggregate principal amount of the Bonds shall not exceed \$1,300,000. The proposed sale of the Bonds is in all respects subject to approval of a bond purchase agreement between the Issuer and the purchaser of the Bonds and the passage of an ordinance and adoption of a resolution by the governing body of the Issuer authorizing the issuance of the Bonds and the execution of various documents necessary to deliver the Bonds.

Dated June 20, 2023.

Brandon Mills
City Clerk
City of De Soto, Kansas

Doc. No. 051255

(Published in the Kansas Register June 22, 2023.)

City of Andover, Kansas

**Summary Notice of Bond Sale
\$3,370,000*
General Obligation Bonds
Series A, 2023**

Details of the Sale

Subject to the terms and requirements of the Official Notice of Bond Sale, dated May 9, 2023, of the City of Andover, Kansas (the "City"), bids to purchase the City's General Obligation Bonds, Series A, 2023, (the "Bonds") will be received at the office of the City Clerk at City Hall, 1609 E. Central, Andover, KS 67002, or by telefacsimile at 316-733-4634, or electronically as described in the Official Notice of Bond Sale until 11:00 a.m. (Central Time) Tuesday, July 11, 2023. The bids will be considered by the governing body at its meeting at 7:00 p.m. (Central Time) on the sale date.

No oral or auction bids for the Bonds shall be considered, and no bids for less than 100 percent of the total principal amount of the Bonds and accrued interest to the date of delivery shall be considered.

Good Faith Deposit

Bidders must submit a good faith deposit in the form of a wire transfer or certified or cashier's check made payable to the order of the City, or a financial surety bond (if then available), in an amount equal to 2% of the principal amount of the Bonds.

Details of the Bonds

The Bonds will be dated August 1, 2023, and will be issued as registered bonds in denominations of \$5,000, or any integral multiple thereof. Interest on the Bonds is payable semiannually on April 1 and October 1 of each year, beginning April 1, 2024. Principal of the Bonds becomes due on October 1 in the years and amounts as shown below:

| Maturity Schedule | | | |
|--------------------------|----------------------|--------------------------|----------------------|
| Principal Amount* | Maturity Date | Principal Amount* | Maturity Date |
| \$ 90,000 | 2024 | \$165,000 | 2034 |
| 115,000 | 2025 | 175,000 | 2035 |
| 120,000 | 2026 | 180,000 | 2036 |
| 130,000 | 2027 | 190,000 | 2037 |

| | | | |
|---------|------|---------|------|
| 130,000 | 2028 | 190,000 | 2038 |
| 140,000 | 2029 | 205,000 | 2039 |
| 150,000 | 2030 | 210,000 | 2040 |
| 155,000 | 2031 | 220,000 | 2041 |
| 155,000 | 2032 | 240,000 | 2042 |
| 165,000 | 2033 | 245,000 | 2043 |

* Amounts subject to change.

Payment of Principal and Interest

The Treasurer of the State of Kansas will serve as the Bond Registrar and Paying Agent for the Bonds.

Book-Entry Bonds

The Bonds will be issued and registered under a book-entry-only system administered by The Depository Trust Company, New York, New York ("DTC").

Delivery of the Bonds

The City will prepare the Bonds at its expense and will deliver the registered Bonds to DTC on or about August 1, 2023. Any bond printing costs will be paid by the City from the proceeds of the Bonds or other City funds.

Legal Opinion

The Bonds will be sold subject to the legal opinion of Triplett Woolf Garretson, LLC, Wichita, Kansas, Bond Counsel, whose fees will be paid by the City.

Financial Matters

The City's current assessed valuation for purposes of calculating statutory debt limitations is \$222,843,646. As of August 1, 2023, the City's total outstanding general obligation debt (including the Bonds), is \$76,688,261*. The City's total indebtedness, which is subject to debt limitation, as of August 1, 2023, is estimated to be \$50,096,628.52*, which is 22.48%* of the assessed valuation of the City.

Additional Information

For additional information contact the City Clerk at the address and telephone number shown below, or the Financial Advisor, Mr. Dustin Avey, Piper Sandler & Co., 11635 Rosewood St., Leawood, KS 66211, telephone 913-345-3375.

Doc. No. 051244

State of Kansas

Insurance Department

Notice of Hearing on Proposed Administrative Regulations

The Kansas Insurance Department will conduct a public hearing at 8:30 a.m. Thursday, September 7, 2023, at the Kansas Insurance Department, 1300 SW Arrowhead Rd., Topeka, Kansas, to consider the proposed revoca-
(continued)

tions of K.A.R. 40-2-14a and 40-3-12; and the proposed amendment of K.A.R. 40-3-13. Anyone desiring to participate via teleconference or virtual format should visit the Insurance Department's website at <https://insurance.kansas.gov/legal-issues> for information on registering.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Kansas Insurance Department, 1300 SW Arrowhead Rd., Topeka, KS 66604 or by email to KID.publiccomment@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the proposed revocations and the proposed amended regulation during the public hearing. In order to provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five (5) minutes.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the proposed regulation, proposed revocations, and economic impact statements in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Bobbi Mariani at 785-296-7802 or bobbi.mariani@ks.gov or the Kansas Relay Center at 1-800-766-3777. The west entrance to the Insurance Department is accessible. Handicapped parking is located on the west side of the Insurance Department.

Copies of the proposed amended regulation, proposed revocations, and the Economic Impact Statements can be viewed at <https://insurance.kansas.gov/legal-issues>.

Summaries of the proposed amendment and proposed revocations and their economic impact follow. (Note: Statements indicating that a regulation or revocation is "not anticipated to have any economic impact" are intended to indicate that no economic impact on the Insurance Department, other state agencies, state employees, or the general public has been identified.)

K.A.R. 40-2-14a – Life insurance and annuities; recommendation standards. The proposed revocation of K.A.R. 40-2-14a corresponds with the adoption of K.A.R. 40-1-53 by the Insurance Department. K.A.R. 40-1-53 adopts the Department's "Policy and Procedure Regarding Suitability in Annuity Transactions," dated January 10, 2023. The policy and procedure is an adaptation of the National Association of Insurance Commissioners model regulation #275 pertaining to suitability in annuity transactions and replaces the 2012 Department policy and procedure adopted in K.A.R. 40-2-14a. The implementation of K.A.R. 40-1-53 makes the revocation of this regulation necessary. The Insurance Department does not anticipate any significant economic impact to this agency, other governmental agencies, or to the public as a result of the revocation of this regulation.

K.A.R. 40-3-12 – Fire and casualty insurance companies; rating plans; requirements. The proposed revocation of K.A.R. 40-3-12 removes an inconsistency in the application of allowable risk modification rates between K.S.A. 40-954 and K.S.A. 40-955b caused by the existing regulation, which mandated a credit/debit limit of 25% not otherwise found in statute and did not address the provisions of K.S.A. 40-955b. The Insurance Department does not anticipate any significant economic impact to this agency, other governmental agencies, or to the public as a result of the revocation of this regulation.

K.A.R. 40-3-13 – Fire and casualty insurance companies; rating plans; duplication prohibited. The proposed amendment removes a reference to proposed revoked K.A.R. 40-3-12. K.S.A. 40-954 and K.S.A. 40-955b are also added to the implementing section in the regulation's history. The Insurance Department does not anticipate any significant economic impact to this agency, other governmental agencies, or to the public as a result of the amendment of this regulation.

Vicki Schmidt
Insurance Commissioner
