Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease,
subject to all required state approvals, up to four acres of real property located on the Wichita State University’s campus designated as the “Innovation Campus,” for the private development and operation of a partnership building or buildings. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university’s applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. The university intends to lease such space for a mutually agreeable period of time up to sixty years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university’s educational mission and identify anticipated benefits to the university, its students, and the surrounding community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, community benefit commitments, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU and the surrounding community, design concepts, financial stability, and proposed use. Interested tenants will be responsible for all costs associated with the development and ongoing maintenance costs of any improvements. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of the improvement, and benefit to WSU. WSU will consider serious offers and inquiries from any financially qualified individual, group, organization. If interested, please contact Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Department of Health and Environment

Notice Concerning Proposed Kansas Air Quality Construction Permit

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality construction permit. Mid-Continent Fractionation and Storage, LLC – Conway Fractionator has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300. Emissions of volatile organic compounds (VOC), particulate matter (PM), particulate matter with less than or equal to 10 microns in aerodynamic diameter (PM_{10}), particulate matter with less than or equal to 2.5 microns in aerodynamic diameter (PM_{2.5}), carbon monoxide (CO), oxides of nitrogen (NOx), oxides of sulfur (SOx), and hazardous air pollutants (HAPs) were evaluated during the permit review process.

Mid-Continent Fractionation and Storage, LLC – Conway Fractionator, 839 Kiowa Rd., McPherson, KS 67460, owns and operates a liquefied natural gas fractionation and treatment facility located at 1407 5th Ave., McPherson, McPherson County, KS 67460, at which a thermal oxidizer, separation drum, and associated piping system are to be installed.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review from the date of publication during normal business hours at the KDHE, Bureau
of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the North Central District Office, 3040 Enterprise Dr., Salina, KS 67401. To obtain or review the proposed permit and supporting documentation, contact Jonathan Tennis, 785-296-1581, at the central office of the KDHE or Jessica Fair, 785-827-9639, at the North Central District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at https://www.kdhe.ks.gov/413/Public-Notices.

Please direct written comments or questions regarding the proposed permit to Jonathan Tennis, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, October 16, 2023.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Jonathan Tennis, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, October 16, 2023, in order for the Secretary of Health and Environment to consider the request.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and efficient limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Fed-

eral del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. Si desea obtener más información en español o tiene otras preguntas, por favor, comuníquese con el Coordinador de No Discriminación al 785-296-5156 o en KDHE.NonDiscrimination@ks.gov.

The proposed action is to reissue an existing NPDES permit for an existing facility for 3,822 head (1,528.8 animal units) of swine weighing more than 55 pounds, and 4,332 head (433.2 animal units) of swine weighing less than 55 pounds, for a total of 1,962 animal units. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Nutrient Management Plan on file with KDHE.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before October 14, 2023, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-23-267) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Casey Guccione, Section Chief, Livestock Waste Management Section at the KDHE Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Andrew Bowman at the KDHE Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For
agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Mirina Landry at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. Las preguntas o comentarios por escrito deben dirigirse a Erich Glave, Director, Bureau of Environmental Field Services en KDHE: 1000 SW Jackson St., Suite 430, Topeka, KS 66612-1367; por correo electrónico: kdhe.feedlots@ks.gov; por teléfono: 785-296-6432. Notice is hereby given of the commencement of the selection process for on-call interior design services for Kansas State University. Services are required for restricted (small) projects with a project budget of $1,500,000 or less. One or more firms will be selected. The contracts will be for three years with two one-year renewal options.

For more information, contact Rosanna Carvalho at rcarvalho@ksu.edu. Firms interested in providing these services should be familiar with the requirements which can be found in Part B–Chapter 4 of the Building Design and Construction Manual at the website below.

To be considered, one (1) PDF file of the following should be provided: State of Kansas Professional Qualifications DCC Forms 051-054, inclusive, and information regarding similar projects. These forms may be found at https://admin.ks.gov/offices/facilities-property-management/design-construction–compliance/forms-and-documents. State of Kansas Professional Qualifications DCC Form 050 for each firm and consultant should be provided at the end of each proposal. Please include your firm name, agency abbreviation, and an abbreviated project name in the title of the PDF document. Proposals should be less than 5 Mb and follow the current State Building Advisory Commission guidelines which can be found in Part B–Chapter 2 of the Building Design and Construction Manual at https://admin.ks.gov/offices/facilities-property-management/design-construction–compliance/building-design-and-construction-manual-bdcm. Paper copies and flash drives containing copies of the proposals are not required.

Proposals should be sent to professional.qualifications@ks.gov. Proposals received after the date and time noted below will not be forwarded to the State Building Advisory Commission for review. If you have questions about the proposal submissions, please contact Randy Riveland at randy.riveland@ks.gov or call 785-296-0749. The PDF proposal submissions shall be delivered to the attention of State Building Advisory Commission by 2:00 p.m. on or before September 29, 2023.

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (Central Time) October 4, 2023, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in category:

- 323 Underwater Bridge Inspection.

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at http://www.ksdot.org/descons.asp. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

</thead>
<tbody>
<tr>
<td>C-4906-04</td>
<td>The consultant will perform underwater bridge inspections on the local system and prepare individually sealed reports for each bridge.</td>
</tr>
</tbody>
</table>

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope:

This inspection program will include bridges in multiple locations across the state. The full list of bridges which need to be inspected will be broken into annual lists, completed over the course of four years. The list of bridges to be inspected in a given calendar year will be provided at the beginning of each year. See the attachments (available at https://www.bidexpress.com/businesses/70801/home) for a full list of the bridges KDOT currently anticipates including in this program. Bridges affected and timings of inspections are subject to change.

The KMZ file provides a quick picture of the locations and timing KDOT anticipates for each inspection.

Legend for the KMZ file:

- Purple indicates a 2024 inspection with a 60-month frequency.
- Yellow indicates a 2024 inspection that, due to CFR interim guidance, is currently listed as a 24-month inspection frequency but is likely to change after collection of additional data.
- Orange indicates a 2025 inspection with a 24-month frequency.
- Cyan indicates a 2025 inspection with a 60-month frequency.
- Lime indicates a 2026 inspection with a 60-month frequency.

The consultant will follow the Scope of Services for Local Underwater Inspections, found in Appendix C of the KDOT–Bureau of Local Projects Local Bridge Inspection Manual. The consultant may also need to perform scour analysis for some bridges.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) October 4, 2023.
2. Ranking of proposals is expected to occur on or around October 24, 2023. Negotiations with the most highly ranked firm are expected to begin on or around October 31, 2023. An executed agreement is anticipated around November 30, 2023.
3. This program will begin in fiscal year 2024 (FY2024 = July 2023–June 2024).

Upon distribution of this Request for Proposals, KDOT anticipates the following numbers of inspections each year:

- 2024: 19 bridges inspected
- 2025: 24 bridges inspected
- 2026: 25 bridges inspected
- 2027: 3 bridges inspected

Inspections for each annual list of bridges shall be performed prior to September 30 and reports shall be finalized and submitted before December 31.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (2MB maximum size) of the proposal including all attachments must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
   a. “C-4906-04_Local Statewide Underwater Brdg. Inspt._FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request (continued)
one here at https://www.ksrevenue.gov/taxclearance.html. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team.

6. The outline in Table 2 below describes the expected proposal organization and content sections.

7. Table 3 lists the evaluation criteria and associated weights which will be used to make a selection.

### Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

### Questions

All questions regarding this Request for Proposals shall be emailed to KDOT.DesignContracts@ks.gov.

Questions can be submitted until September 21, 2023; answers will be provided to all prequalified consultants on September 28, 2023.

Department of Transportation

### State of Kansas

#### Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must email a proposal to KDOT.DesignContracts@ks.gov by 12:00 p.m. (Central Time) October 4, 2023, to be considered for selection.

### Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in category(s):

- 211 Highway Design–Major Facility
- 222 Standard Span Bridge Design
- 231 Traffic Control Analysis and Design
- 301 Land Surveying
- 302 Engineering Surveying

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at http://www.ksdot.org/descons.asp. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope: Survey Services, Preliminary Design Services, RR Involvement, Final Design Services, Public Involvement Services, Environmental Documentation Preparation (Permitting).

Additional scope which may be added later (at the Secretary’s discretion) and may include Right of Way; Letting and Construction Phase Services; and 3D Electronic Deliverables Preparation.

Current expectations for consultant scope are detailed below. The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

Survey Services

• KDOT will provide existing design survey.
• KDOT will provide existing right of way.
• If additional design survey coverage is needed, then this will be discussed and determined during the scoping meeting.

Project Management

• Identify ways to accelerate the design process:
  ◦ Example: KDOT is considering employing a phased approach to develop and produce multiple plan packages at various times in the project lifecycle to potentially accelerate construction letting on a portion of the project.
• Quickly develop scope and hour estimates.
• Anticipate receiving an early, limited notice to proceed.
• Develop a comprehensive schedule that will be tracked on a bi-monthly basis.
• Coordinate closely with the cities and counties involved.
• Develop and communicate Project Management Plan and Quality Assurance Plan.
• Perform quality control checks according to Quality Assurance Plan.
• Provide electronic plan files compliant with the latest electronic deliverables including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.
• Provide bi-annual construction cost estimates and at major project milestones.

Road Design

• Review alignments and typical sections.
• Analyze and Recommend intersection options at Kiowa Road and Fort Zarah:
  ◦ It was determined that the intersection at US-56 and K-156 will be designed as a Continuous Green-T.
  ◦ Perform roadway geometric design, drainage design, and roadside safety analysis.
  ◦ Develop Preliminary Plans to Field Check.
  ◦ Develop Right of Way Plans.
  ◦ Develop final plans for Construction.
  ◦ Stormwater control measures (SCM) are required on this project:
    ◦ KDOT will provide the SCM report completed as a part of the NEPA process.
    ◦ Visit the project site location.
    ◦ Coordination with property owners for relocated driveways.

Bridge Design

• Field Check:
  ◦ Preliminary layouts for bridges, 10 to 20-foot culverts, and retaining walls.
  ◦ The consultant shall propose and evaluate different (curved and possibly skewed) framing layouts for review and acceptance by the KDOT Bridge Office; focus shall be to minimize disruption to the traveling public and facilitate efficient construction to minimize closure.
  ◦ Preliminary hydraulic assessment checklists, construction layouts, contour maps, and bridge sections.
  ◦ Hydraulic analysis including supporting information for no-rise conditions.
• Final Design:
  ◦ Provide final plans for construction for all bridge-sized and 10 to 20-foot structures.
  ◦ Final hydraulic assessment checklists, construction layouts, contour maps, and bridge sections.
  ◦ Provide final plans for construction for all retaining walls.

Traffic Engineering

• Field Check:
  ◦ Construction sequencing.
  ◦ Guide sign, lighting.
  ◦ Traffic signal schematic layouts.
• Final Design:
  ◦ Traffic Control Plans:
    ◦ Project Requirement: Traffic shall be carried by this corridor throughout construction.
    ◦ Permanent signing and pavement marking plans.
    ◦ Foundations and truss design (as necessary).
    ◦ Traffic signal plans.
    ◦ Preliminary and final lighting plans.

Public Involvement Services

• The successful consultant will be required to provide project updates and other information as needed to support communication thereby; involvement in meetings may also be required.
• The public engagement goals are to maintain effective communication with identified stakeholder groups.

KDOT Provided Services

• Public Involvement:

**Anticipated Consultant Scope**
KDOT anticipates the following to be included in the consultant’s scope: Preliminary Design Services, Final Design Services, Public Involvement Services, Environmental Documentation Preparation (Permitting), Access Modification Justification Report (AMJR).

Additional scope which may be added later (at the Secretary’s discretion) and may include Right of Way; Letting and Construction Phase Services; and 3D Electronic Deliverables Preparation.

Current expectations for consultant scope are detailed below. The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

**Project Management**
- Develop and communicate Project Management Plan and Quality Assurance Plan.
- Perform quality control checks according to Quality Assurance Plan.
- Provide electronic plan files compliant with the latest electronic deliverables including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.
- Coordinate closely with the city and county involved.
- Provide bi-annual construction cost estimates and at major project milestones.

**Road Design**
- Perform roadway geometric design, drainage design, and roadside safety analysis.
- Develop Plans to Materials and Research.
- Develop Preliminary Plans to Field Check.
- Develop Right of Way Plans.
- Develop Final Plans for Construction.
- Visit the project site location.

**Bridge Design**
- Bridge design services may or may not be needed based on the chosen design.
- If bridge design services are needed:
  - The consultant will propose and evaluate different framing layouts for review and acceptance by the KDOT Bridge Office.
  - Develop Preliminary and Final Design Plans.

**Traffic Engineering**
- Develop permanent signing, lighting, and pavement marking plans.
- Develop Traffic Control Plans.
- Foundation and truss design (as necessary).
- ITS design and plans (as necessary).
Public Involvement Services
- The successful consultant will be required to provide project updates and other information as needed to support communication thereby; involvement in meetings may also be required.
- The public engagement goals are to maintain effective communication with identified stakeholder groups.

KDOT Provided Services
- Public Involvement:
  - KDOT is responsible for developing and implementing a communication plan for the project. The document will include goals, objectives, strategies, channels, and messages and will be inclusive with all outreach and engagement efforts. This will be a living document maintained over the course of the project through the end of construction.
- Environmental Services.
- Utility Coordination.
- Geotechnical Services including soil investigations, bridge foundation geology, pavement field investigation and design, and surfacing recommendations.
- Survey has been completed and data will be provided by KDOT.

Anticipated Schedule and Key Dates
1. Proposals are due by or before 12:00 p.m. (Central Time) October 4, 2023.
2. Ranking of proposals is expected to occur on or around October 24, 2023. Negotiations with the most highly ranked firm are expected to begin on or around October 31, 2023. An executed agreement is anticipated around November 30, 2023.
3. The program fiscal year for this project is FY2027 (July 2026–June 2027).

Upon distribution of this Request for Proposals, KDOT anticipates the following activity dates:
- Materials and Research Plans – April 1, 2024
- Field Check – October 14, 2024
- Plans to ROW – November 11, 2024
- Plans Complete – June 18, 2026

Instructions for Proposal
1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (2MB maximum size) of the proposal including all attachments must be emailed to KDOT.DesignContracts@ks.gov by the proposal due date and time.
4. The subject line of the email and the PDF file name must read:
   a. “KA-6589-01_I-135 Ramp in Newton FIRM NAME”
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.
8. Depending on the number and quality of responses received, KDOT anticipates shortlisting (based on proposals) and holding interviews prior to final selection (which may be based on both proposals and interview content). If KDOT deems them necessary, evaluation criteria for interviews will be distributed to shortlisted consultant teams in advance.

Notice of Hearing

A public hearing will be conducted at 9:00 a.m. Thursday, September 28, 2023, in the offices of the Kansas Development Finance Authority (KDFA), 534 S. Kansas Ave., Suite 800, Topeka, Kansas, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the project numbered below in the respective maximum principal amount. The bond will be issued to assist the borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond, which is then typically purchased by a lender bank who then, through the KDFA, loans the bond proceeds to the borrower for the purposes of acquiring the project. The project shall be located as shown:

Project No. 001115 Maximum Principal Amount: $179,500. Owner/Operator: Jacob and Shelby Carlson; Description: Acquisition of 80 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes (the “Project”). The Project is being financed by the Lender for Jacob and Shelby Carlson (the “Beginning Farmer”) and is located at Section 15, Hanover Township, Washington County, Kansas, approximately 2 miles south of Hanover, Kansas on K-148 Hwy. then east ¾ of a mile on 21st Road.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

Interested individuals may participate in the public hearing in person or via conference call. Please call 844-621-3956 and use conference identification number 145 880 8929 followed by # to join the conference.

All individuals who appear at the hearing will be given an opportunity to express their views concerning the proposal to issue the bond to finance the project, and all written comments previously filed with the KDFA at its offices at 534 S. Kansas Ave., Suite 800, Topeka, KS 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

Wildlife and Parks Commission

Notice of Hearing on Proposed Administrative Regulation

A public hearing will be conducted by the Wildlife and Parks Commission (the Commission) at 12:00 p.m. Thursday, November 30, 2023, at the Lyon County Fairgrounds, Bowyer Community Building, 2700 W. US-50 Hwy., Emporia, KS 66801, to consider the approval and adoption of a proposed administrative regulation of the Kansas Department of Wildlife and Parks.

Other Commission business will follow and will include general discussions, which may include educational presentations, workshop sessions, and a public comment opportunity following the public hearing. The meeting will continue until all business is complete.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation to participate in the hearing should be made at least five working days in advance of the hearing by contacting Sheila Kemmis, Commission Secretary, at 620-672-5911. Persons with a hearing impairment may call the Kansas Commission for the Deaf and Hard of Hearing at 1-800-432-0698 to request special accommodations.

This 60-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed administrative regulation.

All interested parties may submit written comments prior to the hearing to the Chairman of the Commission, Kansas Department of Wildlife and Parks, 1020 S. Kansas Ave., Suite 200, Topeka, KS 66612, or to sheila.kemmis@ks.gov, if submitted electronically. All interested parties will be given a reasonable opportunity at the hearing to express their views orally regarding the adoption of the proposed regulation. During the hearing, all written and oral comments submitted by interested parties will be considered by the Commission as a basis for approving, amending and approving, or rejecting the proposed regulation.
The regulation that will be heard during the regulatory hearing portion of the meeting is as follows:

K.A.R. 115-2-1. The regulation makes changes in the fees for various licenses and permits.

Economic Impact Summary

No anticipated enhancement or restriction of business activities is expected due to the fee increases. The estimated revenue production is based on the current levels of sales for each category and no reduction in sales or demand is anticipated. Consequently, no impact is anticipated on any specific businesses, sectors, public utility ratepayers, or local governments. Individuals purchasing the involved licenses will bear the cost involved and the Kansas economy will be impacted positively by a total of $3,740,500.00. Historically, license and fee permit increases have not resulted in a reduction in the number of permits sold. The demand for Kansas hunting and fishing licenses is expected to continue based upon the comparable fees charged by other states and the quality of hunting and fishing experiences that Kansas offers. The increased fees will be utilized by KDWP to address operational cost increases and allow the agency to continue to provide recreational opportunities and maintain Kansas wildlife and habitat, despite revenue shortfalls due to inflation. The only known costs will be born by individual license/permit purchases.

Copies of the complete text of the regulation and economic impact statement may be obtained by writing the Chairperson of the Commission at the address above, electronically on the Department’s website at http://www.ksoutdoors.com, or by calling 785-296-2281.

Department of Health and Environment

Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment (KDHE), Division of Public Health, Bureau of Facilities and Licensing, will conduct a public hearing at 10:00 a.m. Tuesday, November 14, 2023, in Room 530, Curtis State Office Building, 1000 SW Jackson, Topeka, Kansas, to consider the adoption of proposed new KDHE Article 34 permanent regulations 28-34-145, 28-34-146, 28-34-147, 28-34-148, 28-34-149, 28-34-150, 28-34-151, and 28-34-152 regarding rural emergency hospitals. These regulations are being proposed as temporary regulations and as permanent regulations.

A summary of the proposed regulations and estimated economic impact follows:

Summary of Regulations

K.A.R. 28-34-146. Application process. Requires any person wanting to operate a rural emergency hospital to meet the eligibility requirements of K.S.A. 65-484 and to file an application on a licensing agency form at least 90 days before admission of patients; specifies the information each applicant for a rural emergency hospital shall submit to the licensing agency during the application process; provides that the secretary may deny granting of a license to any applicant if the applicant is not in compliance with applicable laws and regulations.

K.A.R. 28-34-147. Licensing procedure; renewals. Specifies the timeframe, application form requirements, and provisions for licensing and renewals; requires that new construction, alterations, or renovations for patient services or patient rooms shall not be used until authorized by the licensing agency; requires a rural emergency hospital found to be non-compliant to submit a plan of correction with specific corrective actions before a license is issued or renewed; outlines accrediting survey requirements; specifies the ways the licensing agency verifies rural emergency hospital compliance with requirements specified in K.A.R. 28-34-146 through 28-34-152; provides for multiple licensure type situations.

K.A.R. 28-34-148. Terms of a license; amendments. Specifies the terms of a rural emergency hospital license, including effective period, physical location, and issuance and validity of new, amended, or renewed licenses; sets forth the criteria under which a licensee shall submit a request to the licensing agency for an amended license; specifies that a licensee of a rural emergency hospital who also holds a license for a general hospital or critical access hospital shall ensure that an amended rural emergency hospital license does not affect the license for a general hospital or a critical hospital.

K.A.R. 28-34-149. Rural emergency hospital services. Requires that each rural emergency hospital provide only services pursuant to K.S.A. 65-483, and amendments thereto.

K.A.R. 28-34-152. Laboratory services. Specifies that a rural emergency hospital provide laboratory services in accordance with K.A.R. 28-34-11.

Economic Impact

Cost to the agency: The proposed regulations may result in minimal increased paperwork costs that can be absorbed in the current agency budget.

Cost to the public and regulated community: Each hospital will have to conduct a cost-benefit analysis to determine the costs of restructuring their current facility from a Critical Access Hospital to comply with Rural Emergency Hospital licensure requirements. Therefore, it would be difficult for the agency to quantify costs to hospitals seeking to become a Rural Emergency Hospital. Because of the difficulty in quantifying costs to hospitals (continued)
pitals, the agency cannot quantify the costs to affected businesses or members of the public.

Costs to other governmental agencies or units: Because of the difficulty in quantifying costs to hospitals, the agency could not quantify costs to local governments. There are no costs related to the proposed regulations that are reasonably expected to be incurred by any other governmental agencies or units.

A detailed economic impact is provided in the economic impact statement that is available from the designated KDHE contact staff person or at the Bureau of Facilities and Licensing website, as listed below.

The time period between the publication of this notice and the scheduled hearing constitutes a 60-day public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to 5:00 p.m. on the day of the hearing to Gerald Smith, Director, Bureau of Facilities and Licensing, Kansas Department of Health and Environment, Curtis State Office Bldg., 1000 SW Jackson, Suite 330, Topeka, KS 66612 or by email to Gerald.Smith@ks.gov. Interested parties are encouraged to participate in the public hearing by submitting written comments.

During the hearing, all interested parties will be given a reasonable opportunity to present their views orally on the proposed regulations as well as an opportunity to submit their written comments. It is requested that each individual giving oral comments also provide a written copy of the comments for the record. In order to give each individual an opportunity to present their views, it may be necessary for the hearing officer to request that each presenter limit their oral presentation to an appropriate time frame.

Complete copies of the proposed regulations and the corresponding economic impact statement may be obtained from the Bureau of Facilities and Licensing website at https://www.kdhe.ks.gov/449/Facilities-Licensing or by contacting Gerald Smith at Gerald.Smith@ks.gov or phone 785-296-5616. Questions pertaining to the proposed regulations should be directed to Gerald Smith at the contact information above.

Any individual with a disability may request accommodation to participate in the hearing and may request the proposed regulations and the economic impact statement in an accessible format. Requests for accommodation should be made at least five days in advance of the hearing by contacting Clay Barker at 785-296-3483 or clay.barker2@ks.gov. All interested parties will be given a reasonable opportunity at the hearing to present their views. Additionally, interested parties wanting to participate remotely may contact Clay Barker at clay.barker2@ks.gov to obtain remote access information. It may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five days in advance of the hearing by contacting Clay Barker at 785-296-3483 or the Kansas Relay Center at 1-800-766-3777.

Copies of the full text of the regulations and economic impact statement may be obtained at the address above for the Office of the Secretary of State, or by contacting Lara Murphy, Director of Administrative Regulations and Publications, by phone 785-296-0082 or lara.murphy@ks.gov. Notice of Hearing on Proposed Administrative Regulations

The Revised Uniform Law on Notarial Acts, K.S.A. 53-5a01, et seq., took effect on January 1, 2022. An initial set of regulations was adopted soon thereafter. The legal staff of the National Notary Association reviewed the permanent regulations adopted in 2022 and recommended several specific wording changes to 12 regulations. These changes are essentially fine-tuning of the regulations to ensure clarity.

Adopting these regulations imposes no economic burdens on any level of government or on notaries public and imposes no environmental impact.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. Comments may be submitted prior to the hearing to Clay Barker, General Counsel, Office of the Secretary of State, Memorial Hall, 120 SW 10th Ave., Topeka, KS 66612-1594, or to clay.barker2@ks.gov. All interested parties will be given a reasonable opportunity at the hearing to present their views. Additionally, interested parties wanting to participate remotely may contact Clay Barker at clay.barker2@ks.gov to obtain remote access information. It may be necessary to request each participant to limit any oral presentation to five minutes.

Any individual with a disability may request accommodation to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five days in advance of the hearing by contacting Clay Barker at 785-296-3483 or the Kansas Relay Center at 1-800-766-3777.
