Advisory Committee on Trauma

Notice of Meeting

The Advisory Committee on Trauma (ACT) will meet from 9:00 a.m. to 12:00 p.m. Wednesday, November 1, 2023, via Zoom. Please contact Wendy O’Hare at Wendy.OHare@ks.gov for a meeting invitation (Zoom account not required) and/or for conference call-in information.

Janet Stanek
Secretary
Department of Health and Environment

Doc. No. 051573

State of Kansas

**Department of Health and Environment
Division of Health Care Finance**

Public Notice

The Kansas Department of Health and Environment, Division of Health Care Finance (KDHE-DHCF) is amending the Kansas Medicaid State Plan. Radiology reimbursement rates will be changed as follows:

1. All radiology reimbursement rates will be set to 85% of Medicare rates;
2. Select radiology reimbursement rates that are over 100% of Medicare rates will be reduced to 100% of Medicare rates.

In keeping with 42 CFR §447.204, KDHE-DHCF is required to inform Medicaid members, providers, and other affected stakeholders that the agency does not anticipate service access issues due to the proposed rate changes. The agency requests input from Medicaid members, providers, and other stakeholders on these rate changes. As required by the regulation, the agency will analyze the received data.

The proposed effective date for the State Plan Amendment (SPA) is January 1, 2024.

| Fee-For-Service Only | Estimated Federal Financial Participation |
|----------------------|---|
| FFY 2024 | \$10,032 |
| FFY 2025 | \$13,376 |

To request a copy of the proposed SPA, to submit a comment, or to review comments, please contact William C. Stelzner by email at william.stelzner@ks.gov, or by mail at:

William C. Stelzner
Kansas Department of Health and Environment
Division of Health Care Finance
900 SW Jackson, Room 900N
Topeka, KS 66612

The last day for public comment is November 20, 2023. Draft copies of the proposed SPA may also be found at a Local Health Department (LHD).

Christine Osterlund
Interim Medicaid Director
Deputy Secretary of Agency Integration and Medicaid
Division of Health Care Finance
Department of Health and Environment

Doc. No. 051581

State of Kansas

Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to four acres of real property located on the Wichita State University’s campus designated as the “Innovation Campus,” for the private development and operation of a partner-

ship building or buildings. The university is interested in leasing such ground to any individual, organization, or entity whose presence on campus would advance the university’s applied learning vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. The university intends to lease such space for a mutually agreeable period of time up to sixty years, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with the university’s educational mission and identify anticipated benefits to the university, its students, and the WSU community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU, design concepts, financial stability, and proposed use. Interested tenants will be required to construct adjacent and adequate surface parking that will not be included in the leased ground. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of building improvement, and benefit to the university. The university will consider serious offers and inquiries with detailed proposal terms from any financially qualified individual, group, organization. If interested, please contact Senior Vice President for Industry and Defense Programs, Dr. John Tomblin at john.tomblin@wichita.edu or Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

State of Kansas

Wichita State University

Notice of Intent to Lease Real Property

Public notice is hereby given that Wichita State University (WSU), directly or through its affiliate corporation Wichita State Innovation Alliance, Inc., intends to lease, subject to all required state approvals, up to 1.22 acres of real property located on the northwest corner of the intersection of Fountain Avenue and 21st Street North, directly adjacent to the Wichita State University campus. This location would be designated for private development committed to supporting broadband infrastructure and Internet exchanges. The university is interested in leasing such ground to any individual, organization, or entity whose presence would advance WSU’s vision or its mission as an educational, cultural, and economic driver for Kansas and the greater public good. WSU intends to lease such space for a mutually agreeable period of time, but extended terms and renewal options would be considered. Interested tenants must be willing to be a good fit with WSU’s educational mission and identify anticipated benefits to the university, its students, and the sur-

rounding community (i.e. applied learning, joint research, faculty start-up, WSU curriculum or program support, community benefit commitments, etc.), and must agree to the essential ground lease terms and restrictive covenants. Interested tenants will be evaluated on: proposal terms, demonstrated benefit to WSU and the surrounding community, design concepts, financial stability, and proposed use. Interested tenants will be responsible for all costs associated with the development and ongoing maintenance costs of any improvements. Rental rate shall be based on fair market value and negotiable based on term of lease, purpose/use of the improvement, and benefit to WSU. WSU will consider serious offers and inquiries from any financially qualified individual, group, organization. If interested, please contact Property Manager Crystal Stegeman at crystal.stegeman@wichita.edu. This publication is being published pursuant to K.S.A. 75-430a(d), to the extent applicable.

Doc. No. 051584

(Published in the Kansas Register October 19, 2023.)

State Association of Kansas Watersheds

Notice to Bidders

The State Association of Kansas Watersheds (SAKW) will accept sealed bids, in single copy, for the work described herein until 2:00 p.m. (Central Time) November 7, 2023, mailed to SAKW, Olivia Bergmeier, Executive Director, 950 Scott Blvd., South Hutchinson, KS 67505, and at that time publicly opened.

The work consists of operation and maintenance inspections of 277 PL-566 dams; completion of reports for all dams on KS-ADS-8 distributed to designated Watershed Districts, NRCS Supervisory District Conservationists, and Kansas Department of Agriculture’s Division of Conservation (KDA/DOC); and uploading of all reports to DamWatch.

The successful bidder will be required to execute the SAKW contract. The work must commence no sooner than January 1, 2024 and be completed by December 31, 2024. As a secondary requirement, 139 dams must be inspected, reported with distribution and uploading to DamWatch by June 30, 2024.

No bid or performance surety is required for this proposal. A certificate of insurance covering all inspectors and the vehicles they drive is required.

A \$750 per day penalty will be assessed for any specified work not completed by the June 30, 2024 or December 31, 2024 deadlines.

Upon request to Olivia Bergmeier, SAKW Executive Director, 316-712-4929, or executive.director@sakw.org, a bid packet will be emailed to each prospective bidder. The bid packet will contain: a bid form; performance specifications; a listing of all Watershed District contacts, dam site numbers, NRCS Supervisory District Conservationists, and KDA/DOC contacts and KS-ADS-8, front and back inspection form.

Notice Concerning Proposed Kansas
Air Quality Class I Operating Permit Renewal

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality operating permit. Southern Star Central Gas Pipeline, Inc. – Tonganoxie has applied for a Class I operating permit renewal in accordance with the provisions of K.A.R. 28-19-510 et al. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards, and requirements applicable to each source; and the monitoring, record keeping, and reporting requirements applicable to each source as of the effective date of permit issuance.

Southern Star Central Gas Pipeline, Inc. – Tonganoxie, PO Box 20010, Owensboro, KY 42304, owns and operates a compressor station located at S34-T10S-R21E, Leavenworth County, KS 66086.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review during normal business hours of 8:00 a.m. to 5:00 p.m. at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the Northeast District Office, 800 W. 24th St., Lawrence, KS 66046. To obtain or review the proposed permit and supporting documentation, contact Meaghan Conant, 785-296-8142, at the central office of the KDHE or Wendi Kessler, 785-842-4600, at the Northeast District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Meaghan Conant, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, November 20, 2023.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Meaghan Conant, KDHE BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, November 20, 2023, in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency (EPA) has a 45-day review period, which will start concurrently with the public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA's 45-day review period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Keith Johnson, U.S. EPA, Region 7, Air Permitting and Compliance Branch, 11201 Renner Blvd., Lenexa, KS 66219, phone 913-551-7960, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Notice Concerning Proposed Kansas
Air Quality Construction Permit

Notice is hereby given that the Kansas Department of Health and Environment (KDHE) is soliciting comments regarding a proposed air quality construction permit. Hutchinson Fertilizer has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300. Emissions of particulate matter (PM), particulate matter with less than or equal to 10 micrometers in aerodynamic diameter (PM₁₀), particulate matter with less than or equal to 2.5 micrometers in aerodynamic diameter (PM_{2.5}) were evaluated during the permit review process.

Hutchinson Fertilizer, 1700 N. Halstead St., Hutchinson, KS 67501, owns and operates a fertilizer manufacturing facility (mixing only) located at 2205 E. Sherman, Hutchinson, Reno County, KS 67501, at which a new conveyor and truss bridge are to be installed.

A copy of the proposed permit, permit application, all supporting documentation, and all information relied upon during the permit application review process are available for public review from the date of publication during normal business hours at the KDHE, Bureau of Air (BOA), 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366 and at the South Central District Office, 300 W. Douglas, Suite 700, Wichita, KS 67202. To obtain or review the proposed permit and supporting documentation, contact Laura Chavira Molina, 785-296-1691, at the central office of the KDHE or Josh Webb, 316-337-6042, at the South Central District Office. The standard departmental cost will be assessed for any copies requested. The proposed permit, accompanied with supporting information, is available, free of charge, at the KDHE BOA Public Notice website at <https://www.kdhe.ks.gov/413/Public-Notices>.

Please direct written comments or questions regarding the proposed permit to Laura Chavira Molina, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received no later than 12:00 p.m. Monday, November 20, 2023.

(continued)

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Laura Chavira Molina, KDHE, BOA, 1000 SW Jackson, Suite 310, Topeka, KS 66612-1366, no later than 12:00 p.m. Monday, November 20, 2023, in order for the Secretary of Health and Environment to consider the request.

Notice Concerning Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. Si desea obtener más información en español o tiene otras preguntas, por favor, comuníquese con el Coordinador de No Discriminación al 785-296-5156 o en KDHE.NonDiscrimination@ks.gov.

Public Notice No. KS-AG-23-299/303

Pending Permits for Confined Feeding Facilities

| Name and Address of Applicant | Legal Description | Receiving Water |
|--|--|-------------------------------|
| Hy-Line International - Kansas Farm 18354 E. 1100 Rd. Pleasanton, KS 66075 | SW/4 of Section 27 & SE/4 of Section 28 T21S, R24E Linn County | Marais des Cygnes River Basin |

Kansas Permit No. A-MCLN-F001

The proposed action is to reissue an existing state permit for an existing facility for 29,209 head (87.63 animal units) of laying heads with a manure system other than liquid manure. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

| Name and Address of Applicant | Legal Description | Receiving Water |
|--|---|----------------------------|
| Capstone Feeders, LLC 17485 SW 205 Jetmore, KS 67854 | SE/4 of Section 26 T23S, R26W Hodgeman County | Upper Arkansas River Basin |

Kansas Permit No. A-UAHG-C009
Federal Permit No. KS0094765

The proposed action is to reissue an existing NPDES permit for an existing facility for 13,000 head (13,000 animal units) of cattle weighing more than 700 pounds. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Nutrient Management Plan on file with KDHE.

| Name and Address of Applicant | Legal Description | Receiving Water |
|---|---|----------------------------|
| Ward Feed Yard - Mull 553 R Rd. Pawnee Rock, KS 67567 | NW/4 of Section 17 T21S, R15W Pawnee County | Upper Arkansas River Basin |

Kansas Permit No. A-UAPN-C002
Federal Permit No. KS0115134

The proposed action is to reissue an existing NPDES permit for an existing facility for 13,000 head (13,000 animal units) of cattle weighing more than 700 pounds. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Nutrient Management Plan on file with KDHE.

| Name and Address of Applicant | Legal Description | Receiving Water |
|---|--|--------------------|
| Neosho Valley Feeders, LLC Nathan Beachner 26059 Victory Rd. Parsons, KS 67357 | All of Section 05 & E/2 of Section 06 T31S, R21E & S/2 of Section 32 T30S, R21E Neosho County | Neosho River Basin |

Kansas Permit No. A-NELB-C001
Federal Permit No. KS0041726

The proposed action is to modify the current State/NPDES permit for an existing facility. Modifications to the permit will be the addition of the facility's sediment basins and overflow waterers to the permit description to more accurately describe the facility. There are no other changes to the permit. Only the portions of the permit being modified are subject to comment. This facility has an approved Nutrient Management Plan on file with KDHE.

| Name and Address of Applicant | Legal Description | Receiving Water |
|--|---|---------------------|
| GJL Farms, LLC - Turkey Creek 2622 US-24 Hwy. Beloit, KS 67420 | NW/4 of Section 02 T07S, R08W Mitchell County | Solomon River Basin |

Kansas Permit No. A-SOMC-H003
Federal Permit No. KS0080306

The proposed action is to approve an update to the Nutrient Management Plan (NMP) received for this existing facility currently permitted for 3,750 head (1,500 animal units) of swine weighing more than 55 pounds and 7,200 head (720 animal units) of swine weighing 55 pounds or less for a total of 10,950 head (2,220 animal units) of swine. The facility's NMP was updated to include a change in the application rate limitation for their fields. The application rate limitations for one field has become less restrictive than the previous NMP. There are no changes to the permit or in the permitted number of animal units. Only the updated portion of the Nutrient Management Plan is subject to comment. This facility has an approved Nutrient Management Plan on file with KDHE.

Public Notice No. KS-AG-R-23-026

Per Kansas Statutes Annotated 65-171d, the following registration has been received for a proposed facility.

| Name and Address of Registrant | Legal Description | County |
|---|----------------------------------|--------|
| Aust Land & Cattle - Receiving Pens 13634 Faucett Rd. Centerville, KS 66014 | NE/4 of Section 15 T21S, R22E | Linn |

Public Notice No. KS-Q-23-179/184

The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-g), and Federal Surface Water Criteria.

| Name and Address of Applicant | Receiving Stream | Type of Discharge |
|---|--|-------------------------|
| Clay Center Public Utilities Commission 427 Court St. Clay Center, KS 67432 | Republican River via Huntress Creek | Processed Wastewater |

Kansas Permit No. I-LR05-PO02
Federal Permit No. KS0093351

Legal Description: NE ¼, SW ¼, S8, T8S, R3E of Clay County, Kansas
Facility Location: Latitude: 39.37064, Longitude: -97.12067

The proposed action is to reissue an existing State/NPDES permit for an existing facility. The City of Clay Center is engaged in a groundwater remediation project of Public Water Supply Well No. 2. The tetrachloroethylene contaminated groundwater is treated by an air stripper prior to discharging to Huntress Creek. The design flow to Huntress Creek is 300 gallons per minute. The proposed permit contains limits for Tetrachloroethylene, and monitoring for Flow, Nitrites + Nitrites, and Total Phosphorus.

| Name and Address of Applicant | Receiving Stream | Type of Discharge |
|---|--|-------------------------|
| Clay Center Public Utilities Commission 427 Court St. Clay Center, KS 67432 | Huntress Creek via Drainage Channel | Processed Wastewater |

Kansas Permit No. I-LR05-CO02
Federal Permit No. KS0093459

Legal Description: NE¼, Section 7, Township 8S, Range 3E of Clay County, Kansas
Facility Location: Latitude: 39.37370, Longitude: -97.12735

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility is a standby electrical generating station used for peaking and emergency power consisting of five dual-fuel combustion engines and two steam turbines. Well water from two on-site wells are used in inter-coolers (air intakes) for once-through cooling of four of the five dual-fuel combustion engines. The fifth dual-fuel engine is radiator jacket cooled and has no cooling water blowdown. City water supply is available on-site as a back-up supply for potential use as cooling water, but the city water supply is not physically connected to the cooling water system. The steam turbines are on-site but are no longer in use. If activated, the steam generator cooling tower blowdown, boiler blowdown and inter-cooler effluent associated with the steam generators would be discharged to the sanitary sewer. The inter-coolers either directly discharge to the industrial park area drainage channel or discharge to the sanitary sewer and have bypass valves available to allow discharge to the Industrial Park area drainage channel, which flows to Huntress Creek. An inter-cooler bypass line is also provided to allow additional well water to commingle with the inter-cooler water for temperature stabilization. The inter-cooler discharge is seasonal and occurs from mid-June to mid-September. The maximum design flow is 500 gallons per minute, 12 hours per day. The proposed permit contains limits for Temperature, as well as monitoring for Flow, Total Suspended Solids, and Phosphorus.

| Name and Address of Applicant | Receiving Stream | Type of Discharge |
|--|---|-------------------------|
| Spring Clean Laundromat 8414 E. Mulberry St. Wichita, KS 67226 | Wichita/Valley Center Floodway via Wichita Storm | Processed Wastewater |

Kansas Permit No. I-AR94-CO67
Federal Permit No. KS0101117

Legal Description: NW¼, Section 22, Township 27S, Range 1W of Sedgwick County, Kansas

Facility Location: Latitude: 37.68940, Longitude: -97.42542

The proposed action is to reissue an existing State/NPDES permit for an existing facility. Water from two wells is seasonally pumped into a five-heat pump unit temperature exchange system used to provide heating and cooling (air conditioning) to a large commercial wash and dry coin operated laundromat. This is a single pass heat exchange system that uses no chemicals. After circulation of well water through the heat pump the water is discharged to the storm sewer. The peak flow rate of the heat pump temperature exchange system water discharge is approximately 60 gallons per minute. The proposed permit contains monitoring for Flow and Temperature, as well generic language to protect the waters of the state.

| Name and Address of Applicant | Receiving Stream | Type of Discharge |
|---|---------------------------------|-------------------------|
| St. Marys, City of PO Box 130 St. Marys, KS 66536 | Kansas River via Doyle Creek | Processed Wastewater |

Kansas Permit No. I-KS67-PO05
Federal Permit No. KS0090280

Legal Description: NE ¼, Section 16 Township. 10S, Range 12E of Pottawatomie County, Kansas

Facility Location: Latitude: 39.18945, Longitude: -96.07166

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility is engaged in a groundwater cleanup project. Nitrate contaminated groundwater is pumped from the Park Well at a rate of approximately 225 gallons per minute to contain a contamination plume which is migrating toward Public Water Supply Well No. 7. The contaminated ground water pumped from the Park Well is discharged to Doyle Creek without any treatment. The water is also applied at agronomic rates to recreational fields using travelling guns during the irrigation season. The proposed permit contains monitoring for Flow, Nitrate, and Total Phosphorus.

| Name and Address of Applicant | Receiving Stream | Type of Discharge |
|--|---------------------------------|-------------------------|
| FUCHS Lubricants Co. 17050 Lathrop Ave. Harvey, IL 60426 | Kansas River via storm sewer | Processed Wastewater |

Kansas Permit No. I-KS27-CO09
Federal Permit No. KS0086665

Legal Description: SE¼ of Section 30, Township 11S, Range 24E of Wyandotte County, Kansas

Facility Location: Latitude: 39.06121, Longitude: -94.78464

The proposed action is to reissue an existing State/NPDES permit for an existing facility. This facility blends oils and produces grease for lubricants. One water well operates continuously to supply non-contact cooling water to the facility. No chemical additives are used. Non-contact cooling water and unused well water is discharged to Outfall 001A, via the Kansas River via the storm sewer, in the amount of 57,600 gallons per day. Domestic wastewater, boiler blowdown, and stormwater treated by an oil/water separator is discharged to the city sanitary sewer and is regulated by a permit issued by the Unified Government of Wyandotte County/Kansas City, Kansas. The proposed permit contains monitoring for Flow, Total Suspended Solids, and Total Phosphate.

(continued)

| Name and Address of Applicant | Receiving Stream | Type of Discharge |
|---|--------------------------------------|-------------------------|
| Superior Pipeline Kansas, LLC 8200 S. Unit Dr. Tulsa, OK 74132 | South Fork of the Ninnescah River | Processed Wastewater |

Kansas Permit No. I-AR20-PO03
Federal Permit No. KS0088528

Legal Description: Section 22, Township 28S, Range 5W of Kingman County, Kansas

Facility Location: Latitude: 37.6027, Longitude: -97.86248

The proposed action is to reissue an existing State/NPDES permit for an existing facility. Natural gas is separated by cryogenic process into de-methanized liquid product (containing ethane, propane, isobutane, normal butane, and natural gasoline) and methane gas. Both of these products are shipped out through underground pipelines for processing and distribution. Cooling tower blowdown is discharged from the facility via a 4 miles long subsurface pipeline. Total maximum discharge from this facility is about 14,000 gallons per day. Domestic waste is directed to a septic tank. All floor drains, drains from grease traps, and inlet gas dehydration are collected in separate storage tanks and shipped off site for proper disposal. The proposed permit contains limits for Copper, Total Residual Oxidant, and pH, as well as monitoring for flow.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before November 18, 2023 will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-23-299/303, KS-AG-R-23-026, KS-Q-23-179/184) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Casey Guccione, Section Chief, Livestock Waste Management Section at the KDHE Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Andrew Bowman at the KDHE Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Mirina Landry at 1000 SW Jackson St., Suite

430, Topeka, KS 66612, telephone 785-296-0076 or email at kdhe.feedlots@ks.gov. Las preguntas o comentarios por escrito deben dirigirse a Erich Glave, Director, Bureau of Environmental Field Services en KDHE: 1000 SW Jackson St., Suite 430, Topeka, Kansas 66612-1367; por correo electrónico: kdhe.feedlots@ks.gov; por teléfono: 785-296-6432. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Neal Niceswanger, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-6804 or email at Neal.Niceswanger@ks.gov. These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdhe.ks.gov/livestock>. Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

State of Kansas

Department of Transportation

Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation *Standard Specifications for State Road and Bridge Construction*.

KDOT will only accept electronic Internet proposals using the Bid Express website at <https://bidx.com/ks/main> until 1:00 p.m. (Central Time) on letting day. The KDOT bid letting will be conducted remotely by audio broadcast only at 3:00 p.m. (Central Time) on letting day. For the conference call information see <https://www.ksdot.org/bureaus/burconsmain/lettinginfo.asp>. KDOT has tested the process, but in the event of an unforeseen issue, KDOT will provide updates.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder.

Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid non-responsive and not eligible for award consideration.

Jackson: 9-43 KA-7118-01 – K-9, from the US-75/K-9 junction east to the Jackson/Atchison County line, recycle and overlay, 10.3 miles. (Federal Funds)

Jefferson: 4-44 KA-5931-01 – K-4; beginning at 0.08 mile north of the north K-4/K-16 junction, and 0.22 mile north of the north K-4/K-16 junction, guard fence, 0.1 mile. (Federal Funds)

Johnson: 69-46 KA-7161-01 – US-69, from West 56th Street north to West 52nd Street, milling and overlay, 0.8 mile. (State Funds)

Johnson: 7-46 KA-6923-01 – Bridge #242, on West 83rd Street over K-7 located 2.50 miles north of the K-7/K-10 junction in Shawnee, bridge repair. (Federal Funds)

Leavenworth: 73-52 KA-5990-01 – US-73/K-92/K-7, from Choctaw Street to Seneca Street, grading and surfacing, 0.3 mile. (Federal Funds)

Lyons: 35-56 KA-6929-01 – Bridge #131, over Road 173 located 1.11 miles east of the I-35/K-130 junction, bridge repair. (State Funds)

Marshall: 58 KA-7055-01 – K-9, from the Washington/Marshall County line east to the US-77/K-9 west junction; US-36, from the Washington/Marshall County line east to 6.7 miles east of the Washington/Marshall County line; US-77, from the K-9/US-77 west junction east to the south city limits of Marysville, pavement patching, 49.9 miles. (State Funds)

Nemaha: 62-66 KA-7117-01 – K-62, from the Jackson/Nemaha County line north to the K-9/K-62 junction, milling and overlay, 6.0 miles. (Federal Funds)

Wyandotte: 635-105 KA-5717-01 – I-635 bridge #036, located over I-635 (Metropolitan Avenue) 1.11 miles south of old K-132, bridge replacement. (Federal Funds)

Statewide: 56-106 KA-7146-01 – US-56; from the Douglas/Johnson County line east to the west city limits of Gardner in Johnson County, and from Baldwin City east to the Johnson/Douglas County line in Douglas County, milling, and overlay, 12.2 miles. (State Funds)

Statewide: 169-106 KA-7235-01 – US-169; from the Miami/Johnson County line north to the 175th Street/US-169

junction in Johnson County, and from 1.416 miles south of the Miami/Johnson County line north to the Miami/Johnson County line in Miami County, ultra-thin bonded asphalt surfacing, 6.9 miles. (State Funds)

District Two – North Central

Chase: 50-9 KA-7166-01 – US-50, from 0.9 mile east of the east city limits of Strong City east to the portland cement concrete pavement (PCCP) by Saffordville, milling and overlay, 9.5 miles. (Federal Funds)

Marion: 57 KA-7164-01 – US-50, from 0.25 mile east of the Harvey/Marion County line east to the west city limits of Florence; US-56, from 0.17 mile north of the US-77/K-150 junction north 0.07 mile south of the south city limits of Lincolnville; and K-256, from the US-56/K-256 junction east to the US-77/K-256 junction, milling and overlay, 28.3 miles. (Federal Funds)

Saline: 143-85 KA-7165-01 – K-143, from the I-70/K-143 junction north to the US-81/K-143 junction, milling and overlay, 4.7 miles. (State Funds)

District Three – Northwest

Decatur: 9-20 KA-7174-01 – K-9, from the Sheridan/Decatur County line east to the Norton/Decatur County line, milling and overlay, 7.2 miles. (Federal Funds)

Logan: 25-55 KA-7046-01 – K-25, from the US-40/K-25 east junction north to the Thomas/Logan County line, milling and overlay, 2.3 miles. (State Funds)

Phillips: 183-74 KA-7169-01 – US-50, from the Rooks/Phillips County line north to the US-183/US-36 east junction, milling and overlay, 13.2 miles. (Federal Funds)

Sheridan: 9-90 KA-7167-01 – K-9, from the K-123/K-9 junction east to the Sheridan/Decatur County line, milling and overlay, 6.4 miles. (Federal Funds)

Sherman: 70-91 KA-6947-01 – I-70 bridge #008, located over South Fork Beaver Creek Drainage 7.30 miles east of the Colorado state line, bridge repair. (State Funds)

Thomas: 24-97 KA-7170-01 – US-24, from the east city limits of Colby east 0.04 mile east of the US-83/US-24 junction, milling and overlay, 8.6 miles. (Federal Funds)

Thomas: 25-97 KA-7053-01 – K-25, from the Thomas/Logan County line north to the south city limits of Colby, milling and overlay, 15.5 miles. (Federal Funds)

Thomas: 70-97 KA-6942-01 – I-70 bridges #017 and #018, located over K-25 at the I-70/K-25 junction in Colby, bridge repair. (State Funds)

District Four – Southeast

Linn: 52-54 KA-7021-01 – K-52; from the K-31/K-52 junction east to the K-7/K-52 south junction, from the K-7/K-52 north junction east to the US-69/K-52 south junction, and from the US-69/K-52 north junction east to the Kansas/Missouri state line, milling and overlay, 14.0 miles. (Federal Funds)

Montgomery: 166-63 KA-7157-01 – US-166, from the US-169/US-166 east junction east to the Montgomery/Labette County line, milling and overlay, 3.3 miles. (State Funds)

Wilson: 400-103 KA-7047-01 – US-400, from the US-400/K-47 junction east to the 2-lane/4-lane, ultra-thin bonded asphalt surfacing, 10.4 miles. (State Funds)

(continued)

Woodson: 105-104 KA-5726-01 – K-105 bridge #021, located over Cedar Creek 1.34 miles southeast of US-54, bridge replacement. (Federal Funds)

Statewide: 106 KA-7184-01 – US-160, from the north-east wearing surface of bridge #023 north to the K-99/US-160 north junction; K-99, from the K-99/US-160 north junction to the Elk/Greenwood County line; K-99, from the Elk/Greenwood County line north to the K-99/US-400 west junction, crack repair, 18.6 miles. (State Funds)

District Five – South Central

Reno: 96-78 KA-7120-01 – K-96, from the K-14/K-96 junction east to the Reno/Sedgwick County line, pavement patching, 14.9 miles. (Federal Funds)

Reno: 14-78 KA-7128-01 – K-14, from the US-50/K-14 west junction to 3.9 miles east of the east city limits of Nickerson, pavement patching, 7.7 miles. (Federal Funds)

Sumner: 166-96 KA-6430-02 – US-166, from the US-166/US-81 junction east 9.07 miles to the transition from concrete to asphalt pavement just east of South Rock Road, guard fence, 9.1 miles. (State Funds)

District Six – Southwest

Clark: 160-13 KA-5757-01 – US-160 bridge #015, located over Bluff Creek Drainage 4.97 miles east of the US-183/US-160 junction; bridge #016, located over Bluff Creek Drainage 5.03 miles east of the US-183/US-160 junction, bridge replacement. (Federal Funds)

Clark: 160-13 KA-5751-01 – US-160 bridge #012, located over the Day Creek Drainage 1.85 miles west of the US-183/US-160 junction, bridge replacement. (Federal Funds)

Ford: 50-29 KA-7163-01 – US-50, from east Spearville east to the Ford/Edwards County line, milling and overlay, 7.6 miles. (Federal Funds)

Ness: 283-68 KA-6764-01 – US-283 bridge #049, located over the North Fork Walnut Creek 12.41 miles north of the Hodgeman County line, bridge repair. (State Funds)

Doc. No. 051571

State of Kansas

Department of Transportation

**Notice of Intent to Conduct
Environmental Assessment**

Public notice is hereby given that the Kansas Department of Transportation (KDOT), in cooperation with the Federal Highway Administration (FHWA), will prepare an Environmental Assessment (EA) for a proposal to modernize and expand the K-10 Corridor located in Johnson County, Kansas. The City of Olathe, the City of Lenexa, the City of De Soto, and Johnson County are serving as partners on the study.

The overall study limits on K-10 extend from west of the interchange at Evening Star Road to the I-435/I-35/K-10 interchange. The overall length is approximately 16.5 centerline miles along K-10. Major cross streets with service interchange access to K-10 included within

the study area are Evening Star Road, Edgerton Road, Lexington Avenue, Kill Creek Road, Cedar Creek Parkway/Canyon Creek Boulevard, S. Woodland Road, S. Ridgeview Road, and Renner Boulevard. System interchanges within the study area include K-7 (from College Boulevard to Prairie Star Parkway) and I-435 (from 95th Street to Pflumm Road). Additionally, I-35 at the interchange with I-435/K-10 is included.

Within the EA, FHWA, and KDOT will evaluate a “No Action” alternative as well as expansion alternatives (tolled and non-tolled) for the K-10 study area as the proposed action. Roadway and interchange configurations will be evaluated throughout the corridor. The toll alternative will evaluate the potential benefits of express toll lanes for eastbound and westbound traffic to improve safety and improve congestion in the corridor. Roadway and interchange configurations will be evaluated throughout the corridor.

The FHWA and KDOT plan to prepare an EA for the project. The EA will analyze the potential social, economic, and environmental impacts resulting from the proposed project. The following issues will be specifically analyzed as part of the EA: impacts to the aquatic ecosystem, impacts to cultural resources; impacts to threatened and endangered species; impacts to floodplains; impacts to transportation; impacts to parks/recreation; environmental justice; and socioeconomics. This includes direct, indirect, and cumulative impacts. Other Federal approvals or permits that may be required; a Section 404 Permit from the U.S. Army Corps of Engineers (USACE), a floodplain development permit from the City of De Soto, the City of Lenexa, the City of Olathe, and Johnson County as well as water resource and floodplain permits from the Kansas Division of Water Resources.

A scoping and coordination process will be initiated that involves appropriate federal, state, and local agencies, as well as stakeholders and the public. This will continue throughout the study to engage the local and regional community, to obtain public input and to keep the public informed. Coordination meetings will be held as needed with affected/concerned local, state, tribal, and federal governmental entities. Public meetings will be held to gather input and share findings on the EA. The EA will be made available for public and agency review and comment prior to the final public meeting.

To ensure that the full range of issues related to the proposed action are addressed and all significant issues defined, comments and suggestions are invited from all interested parties. Comments or questions concerning the proposed action and the EA should be directed to FHWA or KDOT at the addresses provided below.

Doc. No. 051551

State of Kansas

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking three to four qualified consulting firms or teams of firms to perform professional services as described below. Interested consultants must submit a proposal to the appropriate bid form on Bid Express by 12:00 p.m. (Central Time) November 1, 2023, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following categories:

- 333 Geotechnical Specialty Services

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Background and Scope of Project

Periodically for a given project, KDOT personnel may be unable to perform Pile Drive Analysis (PDA) within the timeframe required so it may be necessary to engage a consultant firm on short notice. This process begins with KDOT issuing an on-call service request to firms that have executed an on-call PDA agreement specifically for this type of support. To expedite commencement of work, resulting work order(s) are executed under the terms and conditions of that agreement. KDOT anticipates entering into such an agreement with up to three to four qualified consulting firms. Below is a list needed to complete PDA testing:

- Pile Driving Analyzer (PDA), a dynamic load testing and pile monitoring device and CAPWAP, a signal matching software program that uses pile top force and velocity measurements obtained by PDA to determine deep foundation resistances. These should meet ASTM Standard D4945-17. Periodically, KDOT's own in-house equipment may be unable to perform the testing within the time frame

required. In those instances, it may be necessary to engage a consultant (with appropriately accredited personnel and equipment) on short notice for testing under an on-call agreement. See Exhibit 1 to this Request for Proposals, Short Term On-Call Services Summary.

Therefore, KDOT is seeking to execute on-call agreements with three to four highly qualified firms, one of which may be selected on a project-by-project basis for specific assignment to be detailed in a task order/work order issued under a four-year term on-call agreement.

Anticipated Consultant Scope

KDOT anticipates the following to be included in the selected consultants' scope: PDA Testing and Analysis as described below:

- Most often, the scope of services will generally consist of performing PDA testing, analysis, and field recommendations, then reporting the test results to KDOT. All tests shall be performed in accordance with either the appropriate KT, KDOT, AASHTO, and/or ASTM standard(s), as directed by KDOT. The equipment used shall be calibrated and function appropriately for the tests to be performed.
- In addition, requests for PDA testing may occur on accelerated schedules. For this reason, approved consultants will need the ability to respond within 24 hours to KDOT requests for PDA on-call services.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) November 1, 2023.
2. On-call agreements negotiated with the selected firms will take effect by November 22, 2023.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant's proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5" x 11"). Any page larger than standard letter size will be count as two or more pages depending on size.
3. Fill out and return Exhibit 1 to this RFP, Short Term On-Call Services Summary. This page does not count against the page limit listed above. If you are reading this in the Kansas Register, please go to the Bid Express bid form to receive a copy.
4. A single PDF (10MB maximum size) of the proposal must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
5. The proposal PDF file name must read:
 - a. "On-Call PDA 2023_FIRM NAME"
6. The proposal must be accompanied by Special Attachments No. 8 ("Tax Clearance Certificate") and No. 10 ("Policy Regarding Sexual Harassment"). If you need a Tax Clearance Certificate, you can request one here at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing.

(continued)

7. The outline in Table 1 below describes the expected proposal organization and content sections.
8. Table 2 lists the evaluation criteria and associated weights which will be used to make a selection.
9. Contact information for one consultant individual who is capable of answering any questions that may arise from the proposal shall be included in the proposal.
10. Depending on the number of responses received, KDOT may elect to shortlist (based on proposals) and hold in-person interviews prior to final selection (which may be based on both proposal and interview content). If KDOT deems them necessary, interview evaluation criteria will be distributed to shortlisted consultant teams in advance.

Table 1: Proposal Content

| Section | Description of Intent | Page Limit |
|--|--|------------|
| Cover Letter | | 1 Page |
| Project Approach | Demonstrate adequate capabilities to provide the services efficiently and to a high standard. Include cost-effective and optimized solutions. Include unique qualifications or experience related to the services required. | |
| Approach to Schedule | Describe the ability to accomplish the scope of services within schedule requirements. Include anticipated timelines for mobilization and lab analysis. | |
| Approach to Quality Control | Describe methods or procedures your firm will use to provide all services, reports and other deliverables with professional quality and technical accuracy. | |
| Qualifications and Experience | For key personnel to be assigned to the project, provide names, office location, qualifications, education, training, and expertise. Identify their area(s) of responsibility and their ability to dedicate what percent of their time to the project when providing the subject services. If there are changes in key personnel, KDOT should be notified immediately, and the above information should be provided for the new personnel. | |
| Past Performance | Describe team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information. | |
| Familiarity with KDOT and Project Areas | Describe team’s familiarity with KDOT’s processes and standards. Describe familiarity with geotechnical engineering and geology in Kansas and any special site conditions you might anticipate finding. | |

Table 2: Evaluation Factors

| Evaluation Factor | Weight |
|---|--------|
| Qualifications and experience of project manager and other key project team members proposed for services | 10% |

| | |
|---|-----|
| Approach and commitment to meet advertised schedule | 10% |
| Past performance history for similar projects/services for KDOT | 15% |
| Understanding of the project area | 10% |
| Innovation/Creativity in solutions | 10% |
| Availability to respond to the work | 15% |
| Unique qualifications | 10% |
| Approach to quality control | 10% |
| Demonstrated understanding of nature and scope of project | 10% |

Contract Terms and Conditions

The full list of consultants holding a “Pile Drive Analysis On-Call Agreements” resulting from this Request for Proposals is intended to replace the existing list of “Pile Drive Analyst On-Call Agreement” holders based on the contracts executed in 2019. Each 2019 contract will remain in effect until either the contract expiration date (without extension) or when KDOT has determined the consultant has reached the contract maximum cumulative aggregate maximum cost. After the first of these occurs, each 2019 contract will be considered expired.

Upon such expiration, firms currently holding a “Pile Drive Analysis On-Call Agreement” that are not short-listed or are otherwise unable to successfully negotiate a new on-call agreement for this purpose will no longer receive on-call service requests associated with this Request for Proposals.

A KDOT Pile Drive Analysis on-call agreement for engineering and technical services will be used. KDOT may request this service via on-call service requests over a period of four years (with an option to extend by one year at KDOT’s sole discretion), which will result in work orders subject to a maximum cumulative aggregate amount payable to each on-call agreement holder under the agreement. This maximum amount payable will be the same for all on-call agreement holders, will be stated in each agreement, and is anticipated to be a cost not to exceed \$3,000,000.

The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Special Contract Conditions

On-call agreements negotiated with the selected firms will take effect by November 15, 2023, have a maximum cost of services of three million dollars (\$3,000,000) over the life of the agreement, per consultant, and remain effective until such amount is spent associated with the agreement.

Finally, each firm shortlisted must affirm it utilizes accounting systems capable of the following before the firm may be awarded a contract:

- Valid, reliable, and current costs must be available within the system to support actual costs and pricing data.
- Capability to provide a means of measuring the reasonableness of incurred costs.

- Capability to identify and accumulate allowable costs by contract or project records that will reconcile with the general ledger.
- Ability to provide supporting documentation of actual expenditures for each billing, based on costs.

Questions

All questions regarding this Request for Proposals shall be submitted via Q&A section of bid form in Bid Express.

Questions can be submitted until October 19, 2023; answers will be provided to all prequalified consultants on October 26, 2023.

Calvin Reed
Secretary
Department of Transportation

Doc. No. 051546

State of Kansas

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must submit a proposal as laid out herein by 12:00 p.m. (Central Time) November 10, 2023, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in category:

- 161 Corridor/Project Feasibility Studies.

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Table 1: Background and Scope of Project

| Project Number | Background and Scope of Project |
|----------------|--|
| KA-7212-01 | KDOT is seeking consultant services to develop a new corridor study, evaluate the current highway and identify current and future needs of US-69 in Crawford County. |

Table 2: Project Summary

| Project Number | Route and Scope | Length (mi) | Project Termini |
|----------------|--|-------------|--|
| KA-7212-01 | 069-019 Traffic/Safety and Conceptual Study | 20 | US-69 Corridor beginning at the intersection of US-69 and US-400 in Crawford County, extending a total distance of 20 miles and ending approximately 3 miles north of Arma in Crawford County. |

Anticipated Consultant Scope

KDOT completed an Environmental Assessment (EA) for the US-69 Corridor beginning at the intersection of US-69 and US-400 in Crawford County, extending a total distance of 20 miles and ending approximately 3 miles north of Arma in Crawford County. KDOT identified a preferred alternative that would reconstruct US-69 as a full access-controlled freeway west of the existing facility. The preferred alternative, locally known as the "Pittsburg Bypass", extends for approximately 18.5 miles. The Federal Highway Administration (FHWA) issued a Finding of No Significant Impact (FONSI) on July 25, 2012.

During recent outreach efforts, KDOT heard from communities and residents along the corridor and understands support for the selected preferred alternative has changed since the environmental study was completed. KDOT is committed to beginning a new study which will include an evaluation of the current highway and identification of viable options to improve US-69 in Crawford County. KDOT intends to select the most highly qualified firm to perform professional services associated with the scope items listed below.

KDOT is seeking consultant services to develop a new corridor study, evaluate the current highway and identify the current and future needs of US-69 in Crawford County. The project scope will include the following items:

1. The consultant will prepare a traffic and safety analysis for the US-69 Corridor in Crawford County.
2. The consultant will be expected to perform detailed traffic projection and traffic modeling analysis to supplement data utilized in the EA.
3. The consultant shall develop a range of viable improvement alternatives.
4. The consultant shall provide necessary traffic modeling and analysis as needed to compare viable improvement options.
5. The consultant will be expected to perform a detailed safety analysis and generate predicted crash data for comparing viable improvement options.
6. The consultant will be expected to prepare cost estimates for comparing viable improvement options.
7. The consultant will be expected to screen all viable improvement options and assess environmental effects.
8. The consultant will deliver a robust public outreach and stakeholder engagement effort that will include multiple opportunities for public input.
9. The consultant, in coordination with KDOT, will prepare an evaluation tool to assess viable improvement options and make recommendations of improvements to implement in future construction or operation plans.
10. The consultant will prepare a report detailing the traffic and safety analysis, viable improvement options, environmental effects, cost estimates, and public outreach information. The consultant will include a list of recommended improvements to be implemented in future construction or operation plans.

KDOT has made various study reports and other information (including the US-69 Corridor Crawford Coun-
(continued)

ty Kansas Environmental Assessment, issued 2012) is available at https://www.ksdot.gov/us69crawfordcounty_corridor.asp.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) November 10, 2023.
2. Ranking of proposals is expected to occur on or around November 17, 2023. Negotiations with the most highly ranked firm are expected to begin on or around November 27, 2023. Negotiations will proceed quickly through scoping, manhour/fee negotiation, and NTP. In the event KDOT cannot reach agreement with the selected firm, it will terminate negotiations and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives. An executed agreement is anticipated around January 1, 2024.
3. The corridor study shall be completed by April 30, 2025. The program fiscal year for this project has yet to be determined.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 9 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10 MB maximum size) of the proposal must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The proposal PDF file name must read:
 - a. “KA-7212-01-US-69 Crawford County Traffic-Safety Study_FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one here at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.

Table 3: Proposal Content

| Section | Description of Intent | Page Limit |
|--------------|-----------------------|------------|
| Cover Letter | | 1 Page |

| | | |
|---|--|---------|
| Project Approach | Demonstrate a unique approach to accomplish the scope efficiently and to a high standard. Specifically address your team’s approach to investigating and recommending viable options, including option assessment. In addition, describe your approach to public outreach and stakeholder engagement including specific tools and techniques the proposed team would recommend. Also include unique qualifications or experience that may inform the selection of firms. Include cost-effective and optimized solutions to address the anticipated improvements in the design. Include unique qualifications or experience related to the project approach. Highlight traffic modeling, traffic analysis and safety analysis methods to be used for the project. | 4 Pages |
| Approach to Schedule | Describe the approach to accomplish the scope of services within the schedule requirements. Include anticipated key milestone dates and availability of staff. | |
| Approach to Quality Control | Describe methods or procedures your firm will use to provide all drawings, reports and other services with professional quality and technical accuracy. | |
| Qualifications and Experience | For key personnel to be assigned to the project provide names, office location, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with. | 4 Pages |
| Past Performance | Describe project manager’s, public outreach managers, and team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information. | |
| Familiarity with KDOT and Project Area | Describe team’s familiarity with KDOT’s design process and standards. Describe familiarity with the project area and any identified special site conditions. | |

Table 4: Evaluation Factors

| Evaluation Factor | Weight |
|---|--------|
| Qualifications and experience of project manager and other key project team members proposed for services | 20% |
| Demonstrated understanding of special conditions to be considered for the project public outreach and involvement | 20% |
| Project approach | 20% |
| Innovation/Creativity in solutions | 15% |
| Understanding of the project area | 10% |
| Past performance history for similar projects/services for KDOT | 10% |
| Approach and commitment to meet advertised schedule | 5% |

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Special Contract Conditions

PMC: This project is being managed by a Project Manager Consultant (PMC) on behalf of KDOT. The Project Manager Consultant will be the primary contact for the selected firm. The PMC will not be on the KDOT Consultant Selection Committee.

Quality Control: Consultants will be required to provide a Quality Control (QC) plan at project kick-off. QC audits will be conducted by the PMC throughout the project. The audits will check compliance with the consultant’s plan.

Bentley CONNECT Edition Software: Consultants will be required to prepare plans and digital deliverables using Bentley CONNECT Edition Software products with KDOT’s CONNECT Edition workspace environment.

Questions

All questions regarding this Request for Proposals shall be submitted via Q&A section of bid form in Bid Express. Questions can be submitted until October 25, 2023; answers will be provided to all prequalified consultants on or around November 1, 2023.

Calvin Reed
Secretary
Department of Transportation

Doc. No. 051547

State of Kansas

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must submit a proposal as laid out herein by 12:00 p.m. (Central Time) November 1, 2023, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in category(s):

- 211 Highway Design–Major Facility
- 231 Traffic Control Analysis and Design
- 401 Landscape Seeding and Erosion Control

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification

form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

KDOT will select one firm for both projects.

Table 1: Background and Scope of Project

| Project Number | Background and Scope of Project |
|----------------|---|
| KA-6105-03 | This project involves construction of passing lanes along US-83 in Scott County. The scope also includes intersection improvements. KDOT performed a high-level study to determine approximate locations of passing lanes and has identified the intersections that need improved. The project is scheduled for letting in fiscal year 2027 (July 2026 to June 2027). Services associated with this Request for Proposals include preliminary design and final design. No discovery services will be required. |
| KA-6105-02 | This project involves construction of passing lanes along US-83 in Finney County. The scope also includes intersection improvements. KDOT performed a high-level study to determine approximate locations of passing lanes and has identified the intersections that need improved. The project is scheduled for letting in fiscal year 2027 (July 2026 to June 2027). Services associated with this Request for Proposals include preliminary design and final design. No discovery services will be required. |

Table 2: Project Summary

| Project Number | Route and Scope | Length (mi) | Project Termini |
|----------------|--|-------------|--------------------------|
| KA-6105-03 | 083-086 Passing Lanes and Intersection Improvements | 4 | Scott City |
| KA-6105-02 | 083-028 Passing Lanes and Intersection Improvements | 8 | Finney/Scott County line |

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope:

- Preliminary Design Services.
- Final Design Services.
- Public Involvement Services.
- Letting and Construction Phase Services.
- 3D Electronic Deliverables Preparation.
- Environmental Documentation Preparation (Permitting).

Current expectations for consultant scope are detailed below for both projects. The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

Project Management

- Develop and communicate Project Management Plan and Quality Assurance Plan.
- Perform Quality Control Checks according to Quality Assurance Plan.
- Provide electronic plan files compliant with KDOT Graphic Standards Manual, including CAD conformance checks and ControlCAD indexed DGN files with ProjectWise attributes.

(continued)

- Provide bi-annual construction cost estimates and at major project milestones.

Road Design

- Develop Preliminary Plans to Field Check.
- Develop Final Plans for Construction.
- Perform roadway geometric design, drainage design, intersection analysis.
- Visit the project site location.

Traffic Engineering

- Traffic Control Plans: This project will require traffic to be carried through construction.
- Develop permanent signing and pavement marking plans.
- Develop temporary traffic control plans.

Public Involvement

- Plan for at least one public open house.

Activities to be performed by KDOT are likely to include:

- Survey (project is currently being surveyed; anticipated completion date is October 27, 2023).
- Development of existing Right of Way.
- Environmental Services:
 - Permit application.
 - Technical data to support these activities will be required from the Consultant immediately after field check.
 - Permits will include NPDES – Storm Water Run-off Permit in which KDOT will require information from consultant:
 - Total project site area in acres.
 - Total disturbed area in acres (from Seeding Plans).
 - Impervious area in square feet (existing and proposed).
 - The above information needs to be provided by the consultant (90) days prior to letting.
- Utility Coordination, if required.
- Geotechnical Services including soil investigations, pavement field investigation and design, and surfacing recommendations.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) November 1, 2023.
2. Ranking of proposals is expected to occur on or around November 3, 2023. Negotiations with the most highly ranked firm are expected to begin on or around November 8, 2023. Negotiations will proceed quickly through scoping, manhour/fee negotiation, and NTP. In the event KDOT cannot reach agreement with the selected firm, it will terminate negotiations and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives. An executed agreement is anticipated around November 13, 2023.
3. The program fiscal year for this project is FY2027 (July 2026–June 2027).
 - PLNMR: November 13, 2023
 - FDCHK: August 13, 2024

- PLROW: September 25, 2024
- PLNTE: December 15, 2025
- UTILP: March 11, 2025
- PLCOM: August 17, 2026

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10MB maximum size) of the proposal including all attachments must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The PDF file name must read:
 - a. “KA-6105-03 & KA-6105-02_Passing Lane & Intersection Improvements FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection.
8. Depending on the number of responses received, KDOT may elect to shortlist (based on proposals) to no more than 3-5 firms and hold in-person interviews prior to final selection (which may be based on both proposal and interview content). If KDOT deems them necessary, interview evaluation criteria will be distributed to shortlisted consultant teams in advance.

Table 3: Proposal Content

| Section | Description of Intent | Page Limit |
|-----------------------------|---|------------|
| Cover Letter | | 1 Page |
| Project Approach | Demonstrate a unique approach to accomplish the design efficiently and to a high standard. Include cost-effective and optimized solutions to address the anticipated improvements in the design. Include unique qualifications or experience related to the project approach. | |
| Approach to Schedule | Describe the approach to accomplish the scope of services within the schedule requirements. Include anticipated key milestone dates and availability of staff. | |
| Approach to Quality Control | Describe methods or procedures your firm will use to provide all drawings, reports and other services with professional quality and technical accuracy. | |

| | |
|---|---|
| Qualifications and Experience | For key personnel to be assigned to the project provide names, office location, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with. |
| Past Performance | Describe team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information. |
| Familiarity with KDOT and Project Area | Describe team’s familiarity with KDOT’s design process and standards. Describe familiarity with the project area and any identified special site conditions. |

Table 4: Evaluation Factors

| Evaluation Factor | Weight |
|---|--------|
| Qualifications and experience of project manager and other key project team members proposed for services | 20% |
| Project approach | 10% |
| Approach and commitment to meet advertised schedule | 20% |
| Past performance history for similar projects/services for KDOT | 25% |
| Availability to respond to the work | 10% |
| The quality and completeness of the response | 15% |

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. KDOT will select one firm for both projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Special Contract Conditions

This project will be managed by KDOT Road Design.

Questions

All questions regarding this Request for Proposals shall be emailed to KDOT.DesignContracts@ks.gov.

Questions can be submitted until October 19, 2023; answers will be provided to all prequalified consultants on October 26, 2023.

Calvin Reed
Secretary
Department of Transportation

Doc. No. 051549

State of Kansas

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm, or team of firms, to perform construction inspection services on multiple projects in various counties. Summary information for each project is provided below in Table 1.

Interested consultants must submit a proposal as laid out herein by 12:00 p.m. (Central Time) November 1, 2023, to be considered for selection.

Consultant Prequalification

Consulting firms interested in providing service on project listed below must be prequalified by KDOT in category:

- Category 241–Construction Inspection and Testing

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Background and Scope of Projects

KDOT is requesting consulting services for construction inspections on the project listed in Table 1. This table provides summary information for the project. One consultant will be selected to perform services associated with this group listed. Firms can express interest in the group by submitting a response as indicated below. There is no guarantee that a firm which has expressed interest will be selected for the project.

Table 1: Summary of Project Information

| Group | RT-CO | Project # | Scope, County | Anticipated Start | Working Days or CCD | Office | Comments |
|-------|----------|------------|----------------------------|-------------------|---------------------|--------|----------|
| 147 | U036-066 | KA-3880-01 | Bridge Replacement, Nemaha | January 8, 2024 | 210 | Horton | |

(continued)

Additional project information including construction scope to be inspected, a detailed description of the project location, and resources and inspection scope specifically requested from consultants in this request can be viewed in an online table at <https://ike.ksdot.gov/about/construction-inspection-rfps>. Upon publication of this Request for Proposals, KDOT anticipates each of these inspection efforts will require full teams (project manager and inspectors, as opposed to single role staff augmentation as is occasionally request) for various types of construction inspection except as noted in the table. Watch the website linked above for updated information. Tabulated information (both in this Request for Proposals and on the website) shall not be relied upon during inspections. It is provided for the convenience of consultants, specifically to aid in making decisions if interested in performing this project.

Specific project needs are subject to modification and/or cancellation at KDOT's discretion.

Anticipated Consultant Scope

The scope of construction inspection services and certifications required for this project are listed in the table available on the website noted above. Inspection efforts will be managed out of the office listed. Also included for the convenience of consultants are indications of which group the project is currently slated to be performed by the same contractors.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) November 1, 2023.
2. Ranking of proposals is expected to occur on or around November 8, 2023. Negotiations with the most highly ranked firm are expected to begin on or around November 15, 2023. An executed agreement is anticipated shortly thereafter.
3. Anticipated scope start dates and working days or anticipated calendar completion dates are shown in the table. All dates are subject to change.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
2. The consultant's proposal must not exceed the page limit laid out in Table 2 below (including any cover letter, index, etc.). All pages shall be standard letter size (8.5" x 11"). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10MB maximum size) of the proposal including all attachments must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The proposal PDF file name must read:
 - a. "KA-3880-01 ConstInsp Brdg. Replcmnt in Nemaha Co. FIRM NAME"
5. The proposal must be accompanied by Special Attachments No. 8 ("Tax Clearance Certificate") and No. 10 ("Policy Regarding Sexual Harassment"). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance>.

[html](#). Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.

6. The outline in Table 2 below describes the expected proposal organization, content sections, and limits on number of pages.
 - a. Each team is limited to a single, one-page cover letter.
 - b. Thereafter, each team is limited to two pages for the project. In these pages, consultants shall:
 - i. Describe the approach they plan to execute to deliver success on the project.
 - ii. Present the relevant qualifications and experience of the people they are proposing will provide the services.
 - iii. Provide the firm's familiarity with KDOT and the project area.
 - c. Finally, consultants are limited to a single, on-page descriptions of general qualifications ("Past Performance" selection plus "Approach to Quality Control" section) regardless of the number of projects in which they are expressing interest.
7. Table 3 lists the evaluation criteria and associated weights which will be used to make a selection.
8. Although not anticipated at this time, KDOT reserves the right to interview for the requested services associated with any of the listed projects prior to making final selections.

Table 2: Proposal Content

| Section | Description of Intent | Page Limit |
|--|--|---|
| Cover Letter | | 1 Page |
| Project Approach | Describe how your firm will meet the fluctuating inspection needs of the project. | 2 Pages per project in which team is interested |
| Qualifications and Experience | For key personnel to be assigned to the project provide names, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with. | |
| Familiarity with KDOT and Project Area | Describe team's familiarity with KDOT's inspection processes and standards. Describe familiarity with the project area and any identified special site conditions. | |
| Past Performance | Describe team's past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information. | 1 Page total |
| Approach to Quality Control | Describe methods or procedures your firm will use to provide all services with professional quality and technical accuracy. | |

Table 3: Evaluation Factors

| Evaluation Factor | Weight |
|--|--------|
| The quality and completeness of the response | 10% |

| | |
|---|-----|
| Availability to respond to the work | 20% |
| Qualifications and experience of project manager and other key project team members proposed for services | 20% |
| Past performance history for similar projects/services for KDOT | 20% |
| Understanding of the project area | 10% |
| Understanding of KDOT contract administration and closeout procedures | 20% |

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Questions

All questions regarding this Request for Proposals shall be submitted via Q&A section of bid form in Bid Express.

Questions can be submitted until October 19, 2023; answers will be provided to all prequalified consultants on October 26, 2023.

Calvin Reed
Secretary

Department of Transportation

Doc. No. 051548

State of Kansas

Department of Transportation

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must submit a proposal as laid out herein by 12:00 p.m. (Central Time) November 1, 2023, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in category(s):

- For both Projects:
 - 231 Traffic Control Analysis and Design
 - 162 Long Range Planning
 - 212 Highway Design – Minor Facility
- Additionally for Project # KA-6481-01:
 - 212 Highway Design – Minor Facility

If a firm is not currently prequalified by KDOT, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this notice for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with

KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

KDOT will select one firm for both projects.

Table 1: Background and Scope of Project

| Project Number | Background and Scope of Project |
|----------------|---|
| KA-6480-01 | KA-6480-01: US-24: bridge #104 (over US-24 highway) located at the east US-24/Old US-75 highway junction (southbound) and bridge #105 (over US-24 highway) located at the east US-24/Old US-75 highway junction (northbound). |
| KA-6481-01 | KA-6481-01: Replacement of US-24: bridge #076 westbound (over Goodyear Plant entrance) located 1.67 miles east of the US-24/US-75 junction and bridge #077 eastbound (over Goodyear Plant entrance) located 1.25 miles east of the US-24/US-75 junction. |

Table 2: Project Summary

| Project Number | Route and Scope | Length (mi) | Project Termini |
|----------------|---------------------------------------|-------------|---------------------|
| KA-6480-01 | 024-089 Bridge Replacement Project | 0.25 mile | Over US-24 highway. |
| KA-6481-01 | 024-089 Bridge Replacement Project | 0.25 mile | Goodyear Road. |

Anticipated Consultant Scope

KDOT anticipates the following to be included in the consultant’s scope for both projects:

- Public Involvement Services
- Final Design Services
- Additionally for KA-6480-01:
 - Preliminary Design Services

Current expectations for consultant scope are detailed below. The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

KA-6480-01

The scope for KA-6480-01 is to be completed by the consultant and consultant will coordinate with concurrent project 24-89 KA-6481-01 (replacement of bridges #076 and #077 on US-24).

- Traffic Engineering:
 - Traffic Analysis:
 - Perform traffic analysis for phases of construction (closing of Stover Road), detour options, single lane US-24, etc.)
 - Produce TMP.
 - Traffic Modeling.
 - Develop Traffic Control Plans.
 - Develop Signing and Pavement Marking Plans.
- Public Involvement:
 - Meetings with stakeholders, production of handouts, public meetings (1 or 2 meetings).

On 24-89 KA-6480-01 KDOT Road and KDOT Bridge Design will design this project in-house; therefore, coordination will be needed with them.

(continued)

KA-6481-01

The scope for KA-6481-01 is to be completed by the consultant and consultant will coordinate with concurrent project 24-89 KA-6480-01 (reconstruction of twin bridges 104 and 105 (Stover Road) over US-24).

- Traffic Engineering:
 - Traffic Analysis:
 - Perform traffic analysis for phases of construction (closing of Goodyear Road, detour options, single lane US-24, etc.)
 - Produce TMP.
 - Traffic Modeling.
 - Develop Traffic Control Plans.
 - Develop Signing and Pavement Marking Plans.
 - Final Roadway Design including Verification of Preliminary Roadway Design.
- Public Involvement:
 - Meetings with stakeholders, production of handouts, public meetings (2-3 meetings).

On 24-89 KA-6481-01 KDOT Bridge Design will design this project in-house; therefore, coordination will be needed with them.

Anticipated Schedule and Key Dates

1. Proposals are due by or before 12:00 p.m. (Central Time) November 1, 2023.
2. Ranking of proposals is expected to occur on or around November 10, 2023. Negotiations with the most highly ranked firm are expected to begin on or around November 17, 2023. Negotiations will proceed quickly through scoping, manhour/fee negotiation, and NTP. In the event KDOT cannot reach agreement with the selected firm, it will terminate negotiations and commence negotiations with the next highest ranked firm, and so on, until either agreement is reached for a satisfactory scope of services for a fair and reasonable price, or KDOT decides to pursue other alternatives. An executed agreement is anticipated around December 1, 2023.
3. The program fiscal year for this project is FY2026-2028 (July 2025-2027–June 2026-2028).

KA-6480-01 Schedule:

- Currently under construction with letting in FY2028.

KA-6481-01 Schedule:

- Traffic analysis and TMP completed by date of January 31, 2023.
- Traffic Control, Signing and Pavement Marking plans submitted for review by Plans to Traffic Engineering date of July 15, 2024.
- Final Traffic Control, Signing and Pavement Marking plans submitted by Final Plans to Design date of January 15, 2025.
- Public Meeting or stakeholders’ meetings around Spring 2024.
- Public Meeting around letting or beginning of construction in Fall 2025.

Instructions for Proposal

1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.

2. The consultant’s proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5” x 11”). Any page larger than standard letter size will be counted as two or more pages depending on size.
3. A single PDF (10MB maximum size) of the proposal including all attachments must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
4. The proposal PDF file name must read:
 - a. “KA-6480-01 & KA-6481-01_Traffic and Public involvement FIRM NAME”
5. The proposal must be accompanied by Special Attachments No. 8 (“Tax Clearance Certificate”) and No. 10 (“Policy Regarding Sexual Harassment”). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.
6. The outline in Table 3 below describes the expected proposal organization and content sections.
7. Table 4 lists the evaluation criteria and associated weights which will be used to make a selection. Depending on the number of responses received, KDOT may elect to shortlist (based on proposals) to no more than 3-5 firms and hold in-person interviews prior to final selection (which may be based on both proposal and interview content). If KDOT deems them necessary, interview evaluation criteria will be distributed to shortlisted consultant teams in advance.

Table 3: Proposal Content

| Section | Description of Intent | Page Limit |
|--------------------------------------|---|------------|
| Cover Letter | | 1 Page |
| Project Approach | Demonstrate a unique approach to accomplish the design efficiently and to a high standard. Include cost-effective and optimized solutions to address the anticipated improvements in the design. Include unique qualifications or experience related to the project approach. | |
| Approach to Schedule | Describe the approach to accomplish the scope of services within the schedule requirements. Include anticipated key milestone dates and availability of staff. | |
| Approach to Quality Control | Describe methods or procedures your firm will use to provide all drawings, reports and other services with professional quality and technical accuracy. | |
| Qualifications and Experience | For key personnel to be assigned to the project provide names, office location, qualifications, education, training, and expertise. Identify their area(s) of responsibility and percent of their time dedicated to the project. List work for which you do not have in-house capability and name the firm you propose to subcontract with. | |

| | | |
|---|--|--|
| Past Performance | Describe team’s past performance with respect to ability to meet project schedules; quality of work; and ability to control costs on similar transportation projects, especially those performed for KDOT. Include three references and contact information. | |
| Familiarity with KDOT and Project Area | Describe team’s familiarity with KDOT’s design process and standards. Describe familiarity with the project area and any identified special site conditions. | |

Table 4: Evaluation Factors

| Evaluation Factor | Weight |
|---|--------|
| Qualifications and experience of project manager and other key project team members proposed for services | 30% |
| Project approach | 15% |
| Approach and commitment to meet advertised schedule | 10% |
| Past performance history for similar projects/services for KDOT | 10% |
| Availability to respond to the work | 15% |
| Approach to quality control | 5% |
| Understanding of KDOT Technical Policies | 15% |

Contract Terms and Conditions

A standard KDOT agreement for engineering and technical services will be used for professional services projects. KDOT will select one firm for both projects. The following special attachments will need to be provided by the selected consultant and all subconsultants with the signed work order following negotiations and will become attachments to the contract.

- Special Attachment No. 8 (“Tax Clearance Certificate”)
- Special Attachment No. 10 (“Policy Regarding Sexual Harassment”)

Questions

All questions regarding this Request for Proposals shall be emailed to KDOT.DesignContracts@ks.gov.

Questions can be submitted until October 19, 2023; answers will be provided to all prequalified consultants on October 26, 2023.

Request for Comments

The Kansas Department of Transportation (KDOT) requests comments on the amendment of the Statewide Transportation Improvement Program (STIP) FY 24-27. The comprehensive list of project(s) being amended to the STIP may be viewed online at <http://www.ksdot.org/bureaus/burProgProjMgmt/stip/stip.asp>. The project list includes projects for counties, cities, and projects on the state highway system. In addition to the project list is Administrative Modification #1 for narrative updates to the STIP.

The amendment of the STIP requires a public comment period of 14 days. To make comment on this STIP

amendment, contact KDOT’s Division of Program and Project Management, 2nd Floor Tower, 700 SW Harrison, Topeka, KS 66603-3754; phone 785-296-3254.

This information is available in alternative accessible formats. To obtain an alternative format, contact the KDOT Office of Public Affairs at 785-296-3585 (Voice/Hearing Impaired–711).

The comment period regarding the STIP amendment for these projects will conclude November 1, 2023.

Notice of Forfeiture

In accordance with Kansas statutes, the following business entities organized under the laws of Kansas and the foreign business entities authorized to do business in Kansas were forfeited during the month of September 2023 for failure to timely file an annual report and pay the annual report fee.

Please Note: The following list represents business entities forfeited in September. Any business entity listed may have filed for reinstatement and be considered in good standing. To check the status of a business entity, go to the Kansas Business Center’s Business Entity Search Station at <https://www.kansas.gov/bess/flow/main?execution=e2s4> (select Business Entity Database) or contact the Business Services Division at 785-296-4564.

Doc. No. 051567

(Published in the Kansas Register October 19, 2023.)

City of Derby, Kansas

**Summary Notice of Bond Sale
 \$12,915,000***

General Obligation Bonds, Series 2023-A

**(General Obligation Bonds Payable
 from Unlimited Ad Valorem Taxes)**

Bids

Subject to the Notice of Bond Sale dated October 10, 2023 (the “Notice”), facsimile, email, and electronic bids will be received on behalf of the Director of Finance of the City of Derby, Kansas (the “Issuer”) in the case of facsimile or email bids, at the address set forth below, and in the case of electronic bids, through PARITY® until 11:00 a.m. (Central Time) November 8, 2023, for the purchase of the above-referenced bonds (the “Bonds”). No bid of less than 98.5% of the principal amount of the Bonds and accrued interest thereon to the date of delivery will be considered.

Bond Details

The Bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The Bonds will be dated November 30, 2023, and will become due on December 1 in the years as follows:

| Year | Principal Amount* | Year | Principal Amount* |
|------|-------------------|------|-------------------|
| 2025 | \$655,000 | 2035 | \$725,000 |
| 2026 | 685,000 | 2036 | 755,000 |
| 2027 | 710,000 | 2037 | 785,000 |
| 2028 | 735,000 | 2038 | 825,000 |
| 2029 | 765,000 | 2039 | 865,000 |
| 2030 | 795,000 | 2040 | 200,000 |
| 2031 | 825,000 | 2041 | 210,000 |
| 2032 | 860,000 | 2042 | 225,000 |
| 2033 | 895,000 | 2043 | 235,000 |
| 2034 | 925,000 | 2044 | 240,000 |

* Subject to change, see the Notice

The Bonds will bear interest from the date thereof at rates to be determined when the Bonds are sold as hereinafter provided, which interest will be payable semiannually on June 1 and December 1 in each year, beginning on June 1, 2024.

Book-Entry-Only System

The Bonds shall be registered under a book-entry-only system administered through DTC.

Paying Agent and Bond Registrar

Treasurer of the State of Kansas, Topeka, Kansas.

Good Faith Deposit

Each bid shall be accompanied (in the manner set forth in the Notice) by a good faith deposit in the form of a cashier’s or certified check drawn on a bank located in the United States of America or a wire transfer in Federal Reserve funds immediately available for use by the Issuer in the amount of \$258,300.

Delivery

The Issuer will pay for preparation of the Bonds and will deliver the same properly prepared, executed, and registered without cost to the successful bidder on or about November 30, 2023, to DTC for the account of the successful bidder.

Assessed Valuation and Indebtedness

The Equalized Assessed Tangible Valuation for Computation of Bonded Debt Limitations for the year 2023 is \$352,109,031. The total general obligation indebtedness of the Issuer as of the Dated Date, including the Bonds being sold, is \$80,845,000.

Approval of Bonds

The Bonds will be sold subject to the legal opinion of Gilmore & Bell, P.C., Wichita, Kansas, Bond Counsel to the Issuer, whose approving legal opinion as to the validity of the Bonds will be furnished and paid for by the Issuer, printed on the Bonds and delivered to the successful bidder as and when the Bonds are delivered.

Additional Information

Additional information regarding the Bonds may be obtained from the undersigned, or from the Municipal Advisor at the addresses set forth below:

(c) For this game, a play/prize symbol shall appear in 56 play spots within the play area or areas.

(d) The ticket numbers in each book of tickets in this game shall start with 000 and end with 059.

(e) The price of instant tickets sold by a retailer for this game shall be \$5.00 each.

(f) "Wild Side" is a key number match game with instant wins, a multiplier area and three wild bonus symbol match areas. The player will scratch the play area to reveal five "LUCKY NUMBERS," 12 "YOUR NUMBERS" and 12 "YOUR WILD NUMBERS" with a prize amount below each of the "YOUR NUMBERS" and "YOUR WILD NUMBERS." If a player matches any of the "YOUR NUMBERS" to any of the "LUCKY NUMBERS," the player wins the prize shown below that number. If a player matches any of the "YOUR WILD NUMBER" to any of the "LUCKY NUMBERS," the player wins five times the amount shown below that number. The player will scratch the three wild bonus play areas; if the player reveals a symbol of a 10^{.00}, 25^{.00} or a 50^{.00} in any or all of the bonus areas, the player wins that prize amount.

(g) Each ticket in this game may win up to 21 times.

(h) Approximately 750,000 tickets shall be ordered initially for this instant game. Additional ticket orders shall have the same prize structure, the same number of prizes per prize pool of 150,000 tickets, and the same odds as were contained in the initial ticket order.

(i) The expected number and value of instant prizes in this game shall be as follows:

| | Wild Bonus | Prize | Winners Per 750,000 | Prize Cost |
|-----------------|------------|-------|---------------------|------------|
| \$5 FREE TICKET | | \$5 | 50,000 | \$250,000 |
| \$5 | | \$5 | 87,500 | \$437,500 |
| \$10 | | \$10 | 13,500 | \$135,000 |

| | | SUB-TOTAL | 246,060 | \$2,512,625 |
| Players Loyalty Program | | | | \$26,110 |
| | | TOTAL | 246,060 | \$2,538,735 |

(j) The odds of winning a prize in this game are approximately one in 3.05. (Authorized by K.S.A. 2022 Supp. 74-8710; implementing K.S.A. 2022 Supp. 74-8710 and K.S.A. 74-8720; effective, T-111-9-27-23, Sept. 6, 2023.)

Article 19.—SPECIFIC PLAYER LOYALTY CLUB RULES

111-19-165. College Bowl. (a) The Kansas lottery may conduct either or both of two drawings entitled “College Bowl” awarding a prize package to one player selected as the winner in each drawing conducted. The Kansas lottery may accept entries into the drawings beginning at 12:01 a.m. on October 16, 2023, and ending at 11:59 p.m. on November 26, 2023. Any drawing conducted pursuant to this regulation will be conducted sometime after entry into the drawings has closed but before noon on November 30, 2023, at which time the winners will be announced.

(b) Only registered Kansas Lottery PlayOn members may enter the drawings. PlayOn members must enter themselves into the drawings according to the terms and conditions of PlayOn. Entries shall not be accepted that are submitted by any method other than through PlayOn.

(c) A total of 900 player loyalty points are required for a PlayOn member to enter once in either of the drawings. A player may enter one or both of the drawings as many times as his or her points allow. A player shall se-

lect either the Kansas State University drawing described in paragraph (e)(1), if offered by the lottery, or the Kansas University drawing described in paragraph (e)(2), if offered by the lottery, each time they enter. A player winning one drawing will not disqualify the same player from winning the other drawing.

(d) The procedures set forth in K.A.R. 111-18-5 for selecting the winners and alternate winners shall be followed for each drawing.

(e) The lottery may conduct one drawing to select one winner for each prize package as follows:

(1) If Kansas State University is selected to play in a 2023-24 college football postseason bowl game, the winner of this drawing shall receive:

(A) Two tickets for the bowl game;

(B) Round trip coach airfare on an airline approved by the Kansas lottery that is departing from Wichita, Kansas, Manhattan, Kansas, Kansas City, Missouri, or Denver, Colorado;

(C) \$250 Uber gift card;

(D) Three nights’ hotel accommodations, double occupancy, room and tax only;

(E) Invitation to a tailgate event endorsed by Kansas State University;

(F) Two Kansas State University football jerseys; and

(G) \$1,000 VISA gift card.

If Kansas State University is not selected to play in a bowl game, the winner of this drawing shall instead receive \$2,000 cash.

(2) If Kansas University is selected to play in a 2023-24 college football postseason bowl game, the winner of this drawing shall receive:

(A) Two tickets for the bowl game;

(B) Round trip coach airfare on an airline approved by the Kansas lottery that is departing from Wichita, Kansas, Manhattan, Kansas, Kansas City, Missouri, or Denver, Colorado;

(C) \$250 Uber gift card;

(D) Three nights’ hotel accommodations, double occupancy, room and tax only;

(E) Invitation to a tailgate event endorsed by Kansas University;

(F) Two Kansas University football jerseys; and

(G) \$1,000 VISA gift card.

If Kansas University is not selected to play in a bowl game, the winner of this drawing shall instead receive \$2,000 cash.

(f) State and federal mandatory income withholding taxes shall be paid by the Kansas lottery based on the final value of the prize in each drawing.

(g) The maximum estimated value of each prize package is approximately \$8,000.

(h) The procedures set forth in K.A.R. 111-18-5 for contacting the winners and the claiming of the prize shall be followed. The Kansas lottery is not responsible for electronic malfunction or player error.

(i) By accepting any portion of the prize for which a ticket, voucher, certificate or pre-paid gift card is provided, winner must abide by any terms, conditions, and restrictions provided thereon. Lost, mutilated, or stolen tickets, vouchers, certificates, or pre-paid gift cards will not be replaced.

(j) Prizes are not exchangeable for cash. The Kansas lottery retains the right to substitute an alternate prize of approximate equal value.

(k) In the event the trip prize package awarded for either drawing is postponed, changed, or canceled in whole or in part, no cash prize substitutions shall be provided.

(l) All winners and guests shall release the Kansas lottery from any liability for injuries sustained while redeeming any portion of the prize.

(m) By entering the drawing, entrant agrees to PlayOn terms and conditions.

(n) Rules applicable to this promotion are contained in K.A.R. 111-19-165 and K.A.R. 111-18-1 *et seq.* (Authorized by K.S.A. 2022 Supp. 74-8710; implementing K.S.A. 2022 Supp. 74-8710 and K.S.A. 74-8720; effective, T-111-9-27-23, Sept. 6, 2023.)

Article 501.—SOUTH CENTRAL GAMING ZONE

111-501-6. Rules of the game. (a) The cards shall be shuffled under the following circumstances:

(1) A new set of decks are put into play.

(2) When the cut card appears during the course of the play, in which case the shuffle will take place prior to the next round of play.

(3) Whenever the cards have been dropped or otherwise mishandled.

(4) Whenever instructed to do so by the table game supervisor or higher ranking casino official.

(5) At no time will the dealer shuffle at the request of a player unless authorized to do so by a table games supervisor or higher ranking casino official.

(b) The dealer is to maintain physical and visual contact with the deck at all times while the deck is out of the shoe; however, the cards shall be placed back in the dealer's shoe for commencement of play.

(c) A card shall be burned for the following reasons:

(1) After a shuffle of the cards.

(2) A card has been exposed or dealt by mistake unless the card was exposed or dealt by mistake to the player who acts immediately prior to the dealer.

(3) When a dealer is relieved, the new dealer shall burn a card.

(4) If there are players at the table, upon the arrival of new players, the dealer shall burn a card.

(d) All cards shall be dealt from a dealing shoe secured to and located on the extreme left-hand side of the table.

(e) All players' cards should be delivered face up, starting on the dealer's left and continuing clockwise around the table.

(f) After each player has received one card, the dealer shall take one card face down. A second card should be dealt to each player face up and the dealer's final card will be dealt face up. The card should be placed underneath the first card which is now turned face up and should cover the hole card in such a way that no part of that card is visible.

(g) A player may elect to double down with any initial two cards, and bet up to the amount of his original bet on the condition that only one additional card shall be dealt to the player.

(h) The additional chips for the double-down bet should be placed next to the original wager before the double down card is dealt.

(i) The double down card will be exposed and placed across the two cards involved, in such a manner as to keep the number exposed on the player's second card.

(j) When paying double down bets, the bet is not combined into one stack and the stack is not sized into the other stack. The dealer is not permitted to move the player's bet with chips in the dealer's hand.

(k) Whenever the initial two cards to a player are of the same face value, the player may elect to split the cards into two separate hands, provided that the player makes a bet equal to the original bet. The following rules apply to splitting cards:

(1) After splitting, the first hand will receive a card. This hand will be completed by either hitting again or staying before the next hand is dealt to.

(2) The second hand will receive a card. This hand will be completed by either hitting again or staying before moving on to the next hand.

(3) A player may split up to three times excluding aces which may only be split once. When aces are split, the player will only receive one card per ace.

(l) The dealer will ask if any player wishes to place an insurance bet when the dealer's card dealt face up is an ace.

(m) Insurance is a separate bet. The player is betting that the dealer has blackjack. If the dealer does not have blackjack, then the player loses the player's insurance bet.

(n) The player can take insurance for any amount up to one-half of the original bet.

(o) The insurance bet shall be placed on the insurance line on the table layout.

(p) The dealer will then verbally close the time for accepting insurance bets.

(q) If the dealer's hand is a blackjack and the player has taken insurance, the dealer will take the losing bet and pay off the winning insurance bet with it in an amount not to exceed the player's original bet. Insurance will be paid at a rate of 2 to 1.

(r) If the player's hand is a blackjack and the dealer's card dealt face up is an ace, the player can announce even money and be paid the amount of the player's bet.

(s) Players may insure a toke bet and the bet is handled by the same procedure as any other insurance bet.

(t) A player may place more than one-half of their original bet on the insurance line but only one-half of their original bet is in action. Any overage will be returned to the player after it is determined that the dealer does or does not have blackjack.

(u) All blackjacks will be paid at odds of 3 to 2. The dealer shall pay the player having a blackjack during the normal course of the dealer's take and pay procedures. If the dealer and a player have blackjack, the player's bet will be a tie.

(v) If the dealer looks at the dealer's hole card and fails to recognize the fact the dealer has a blackjack, the dealer's hand will be played as a total of 21 only, and not as a blackjack. A player that doubles down or splits will receive back any additional wagers made after their initial wager.

(continued)

(w) Any player's hand that exceeds a total of 21 has broke or busted and their hand loses.

(x) If the dealer has a card dealt face up with the value of ten, the dealer will use the peeking device built into the gaming table to check to see if the dealer has a blackjack. If the dealer has an ace dealt face up, the dealer shall offer an insurance wager to all players at the table. After all players have either made or declined to make an insurance wager the dealer will use the peeking device built into the gaming table to check to see if the dealer has a blackjack.

(y) If the dealer has a blackjack all losing bets will be collected and all blackjacks will tie.

(z) If the dealer does not have blackjack the hand will continue as normal.

(aa) A card found turned upwards in the shoe shall not be used in that game and shall be placed in the discard rack.

(bb) A card drawn in error without its face being exposed shall be used as though it were the next card from the shoe.

(cc) After the initial two cards have been dealt to each player and a card is drawn in error and exposed to the players, such card shall be burned or placed in the discard rack and will not be offered to any player or to the dealer unless the card was exposed or dealt by mistake to the player who acts immediately prior to the dealer. In that case, if the card is needed by the dealer to complete the dealer's hand, then the card shall be retained by the dealer. If the card is not needed by the dealer to complete the dealer's hand, then the card shall be burned.

(dd) If the dealer has a point total of a hard seventeen or more and accidentally draws a card for the dealer, such card shall be burned.

(ee) If the dealer misses dealing his first or second card to the dealer, the dealer shall continue dealing the first two cards to each player, and then deal the appropriate number of cards to the dealer.

(ff) If there are insufficient cards remaining to complete a round of play, all of the cards in the discard rack shall be shuffled and cut, the first card shall be drawn face down and burned, and the dealer shall complete the round of play.

(gg) If no cards or only one card is dealt to a player's hand, the hand is dead and the player shall be included in the next deal.

(hh) If any card is dealt and an error occurs, at no time will any card be backed up as a result of the error.

(ii) If a dispute occurs because of a mistake during a hand, the table games supervisor or higher ranking casino official shall be authorized to declare that all or part of the hand is void and can return any disputed money.

(jj) If offered at the blackjack table, a player making a blackjack wager may also make an optional three card poker wager or TriLux wager in the area on the table designated for that optional wager so long as the wager is made prior to the first card of the hand being removed from the shoe.

(kk) If a player makes an optional three card poker wager or TriLux wager, the player may also make a three card poker wager or TriLux wager as a tip for the dealer so long as the tip wager is made prior to the first card of the hand being removed from the shoe.

(ll) Resolution of all optional three card poker wagers or TriLux wagers shall be made after all players and the dealer have received their second card and before the blackjack game continues.

(mm) An optional three card poker wager or TriLux wager will win if the dealer's card dealt face up and the player's two cards combined equal one of the following three card poker hands:

(1) A "flush," which means three cards of the same suit;

(2) A "straight," which means three cards of consecutive rank, with the ranking of cards from lowest to highest being 2, 3, 4, 5, 6, 7, 8, 9, 10, jack, queen, king, and ace, except that an ace can also be used with a 2 and 3 to make a straight;

(3) A "three of a kind," which means three cards of the same rank; and,

(4) A "straight flush," which means a "straight" as defined hereinabove, when all three cards are in the same suit.

(nn) An optional three card poker wager or TriLux wager will lose if the dealer's card dealt face up and the player's two cards combined do not equal one of the three card poker hands listed in subsection (mm).

(oo) All winning three card poker wagers or TriLux wagers shall be paid at the rate of nine to one.

(pp) All three card poker wagers or TriLux wagers shall be taken or paid from the dealer's right to left before the blackjack portion of the game continues.

(qq) If offered at the blackjack table, a player making a blackjack wager may also make an optional king's bounty deluxe side wager in the area on the table designated for that optional wager so long as the wager is made prior to the first card of the round being removed from the shoe.

(rr) An additional king's bounty deluxe wager may be made by the player prior to the first card of the round being removed from the shoe in an area designated for the king's bounty deluxe wager as a tip for the dealer.

(ss) To begin each round, a player must make his or her blackjack wager and any optional wagers the player chooses to make, including the king's bounty deluxe wager.

(tt) The dealer then follows normal procedures for dealing the game of blackjack.

(uu) All king's bounty deluxe wagers shall be settled as follows:

(1) The king's bounty deluxe wagers will be settled immediately after all players and the dealer receive their first two cards, except that if a player has two kings of spades and the dealer has a potential blackjack, the dealer will settle that king's bounty deluxe wager at the end of the round of play;

(2) If the dealer has a potential blackjack, the dealer will then check the dealer's hole card;

(3) If the dealer has a blackjack, the player will not have the option of adding to their blackjack wager; and,

(4) If the dealer does not have a blackjack, players will have the options as described in subsections (ww) and (xx) herein.

(vv) A king's bounty deluxe wager will win and be paid at the following odds if the player's first two cards are as follows:

(1) Two kings of spades and the dealer has a blackjack pays 1,000 to 1;

(2) Two kings of spades and the dealer does not have a blackjack pays 75 to 1;

(3) Two kings of the same suit, other than spades, pays 25 to 1;

(4) Two 10's, two jacks or two queens of the same suit pays 10 to 1;

(5) Suited 20, two cards of the same suit whose sum equals 20, pays 6 to 1;

(6) Two king's not of the same suit pays 4 to 1; and,

(7) Unsuited 20, which consists of two cards not of the same suit whose sum equals 20, pays 2 to 1.

(ww) Players who win a king's bounty deluxe wager, other than players that have two kings of spades when the dealer has a blackjack shall then have the option to either collect that wager and winnings or place any amount up to the entire king's bounty deluxe wager and winnings on the player's original blackjack wager, but the cumulative total of the amount so added plus the original blackjack wager may not exceed the table limits.

(xx) Players who win a king's bounty deluxe wager and apply all or part of the winnings to their original blackjack wager will have this cumulative amount considered to be their blackjack wager. If the player eventually splits pairs, the player must match the entire wager. If the player doubles down, the player may wager any amount up to a maximum of the player's original wager.

(yy) If offered at the blackjack table, a player making a blackjack wager may also make an optional royal match deluxe wager in the area on the table designated for the optional wager so long as the wager is made prior to the first card of the hand being removed from the shoe.

(zz) If a player makes an optional royal match deluxe wager, the player may also make a royal match deluxe wager as a tip for the dealer so long as the tip wager is made prior to the first card of the hand being removed from the shoe.

(aaa) Resolution of all optional royal match deluxe wagers shall be made after all players and the dealer have received their second card and before the blackjack game continues.

(bbb) A royal match deluxe wager will win if both of the player's two cards are in the same suit. A royal match deluxe wager will lose if both of the player's two cards are not in the same suit.

(ccc) Winning royal match deluxe wagers shall be paid at odds of two to one, unless the two cards are a king and queen of the same suit, in which case the player's wager shall be paid at odds of 15 to one.

(ddd) The dealer will then check the dealer's hole card. If the dealer's hand constitutes a blackjack, the dealer must pay the player his or her wager and winnings on the royal match deluxe wager.

(eee) If the dealer's hand does not constitute a blackjack, a player winning a royal match deluxe wager shall have the following options:

(1) The player may collect the player's royal match deluxe wager and winnings; or,

(2) The player may place any or all of the player's royal match deluxe wager and winnings on their blackjack wager, except that the total amount of the blackjack wager

may not exceed the maximum blackjack wager allowed for that hand of blackjack. If any portion of the royal match deluxe wager and winnings is not added to the player's blackjack wager, that portion shall be paid to the player. A player may add to the player's blackjack wager as set forth herein even if the player's hand constitutes a blackjack.

(fff) If a player adds any or all of the player's royal match deluxe wager and winnings to the blackjack wager, the amount added plus the original blackjack wager will then become the player's blackjack wager for that hand. If during that hand of blackjack the player splits pairs, the player must match that entire wager. If during that hand of blackjack the player doubles down, the player must place an additional wager in any amount that does not exceed the amount of the amount added plus the original blackjack wager.

(ggg) Only the dealer shall touch the gaming chips in order to add all or any portion of a winning royal match deluxe wager to a player's blackjack wager, per the instructions of that player.

(hhh) If offered at the blackjack table, a player making a blackjack wager may also make an optional \$5 blazing 7's progressive wager in the area on the table designated for the optional wager so long as the wager is made prior to the first card of the hand being removed from the shoe.

(iii) Resolution of all optional blazing 7's progressive wagers shall be made after all players and the dealer have received their second card and before the blackjack game continues.

(jjj) A blazing 7's progressive wager will win if at least one of the first two cards dealt to a player is a 7 card. A blazing 7's progressive wager will lose if neither of the player's first two cards are a 7 card. For purposes of resolving blazing 7's progressive wagers, only the first two cards dealt to the player and the card dealt face up to the dealer are used.

(kkk) Winning blazing 7's progressive wagers shall be paid as follows:

| Hand | Pays |
|---|--------------------------|
| Player has two 7 cards and dealer has one 7 card, and all three cards are in the same suit | 100% of progressive pool |
| Player has two 7 cards and dealer has one 7 card, and all three cards are in the same suit color, but not the same suit | 10% of progressive pool |
| Player has two 7 cards and dealer has one 7 card, but not all are in the same suit or in the same suit color | 200 for 1 |
| Player has two 7 cards and the dealer has no 7 cards | 25 for 1 |
| Player has one 7 card | 2 for 1 |

For purposes of determining the same suit color, the suits of diamonds and hearts are both of the same red suit color and the suits of spades and clubs are both of the same black suit color.

(lll) The blazing 7's progressive pool seed amount and re-seed amount shall begin at \$10,000 to be paid by the lottery gaming facility manager. From each blazing 7's progressive wager 24% shall be added to the progres-

(continued)

sive pool. The progressive pool shall only be re-seeded after the 100% progressive prize is paid. (Authorized by K.S.A. 2022 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2022 Supp. 74-8710; effective, T-111-9-23-11, Aug. 17, 2011; amended, T-111-12-20-13, Nov. 13, 2013; amended, T-111-5-20-15, April 15, 2015; amended, T-111-8-9-17, June 14, 2017; amended, T-111-6-1-22, May 11, 2022; amended, T-111-9-27-23, Sept. 6, 2023.)

111-501-18. Wagers. (a) All wagers at Ultimate Texas Hold'em shall be made by placing gaming chips or, if applicable, a match play coupon on the appropriate betting areas of the table layout. A verbal wager accompanied by cash shall not be accepted.

(b) All ante, blind, and trips wagers shall be placed prior to the dealer dealing the hand. Except for a "play wager" as provided in K.A.R. 111-501-19, no wager shall be made, increased, or withdrawn after the dealer begins to deal the hand.

(c) Upon placing an ante wager and a blind wager, a player may also place a trips wager by placing a wager on the designated betting area of the layout. The outcome of the trips wager shall have no bearing on any other wager made by the player at the game of Ultimate Texas Hold'em.

(d) Any player who places an ante wager may also make a progressive wager by placing gaming chips on the progressive wager sensor in front of their betting position prior to the dealer dealing the first card.

(e) Play wagers shall be made in accordance with the provisions set forth in these rules.

(f) Any player who makes an ante wager may also make an ultimate pairs bonus wager by placing gaming chips on the designated betting area of the layout. The outcome of the ultimate pairs bonus wager shall have no bearing on any other wager made by the player at the game of Ultimate Texas Hold'em.

(g) Any player who makes ante, blind and trips wagers may also make a bad beat bonus wager by placing gaming chips on the designated betting area of the layout. The outcome of the bad beat bonus wager shall have no bearing on any other wager made by the player at the game of Ultimate Texas Hold'em.

(h) Only players who are seated at the Ultimate Texas Hold'em poker table may place a wager at the game.

(i) A player shall not be permitted to wager on more than one player position at an Ultimate Texas Hold'em table. (Authorized by K.S.A. 2022 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2022 Supp. 74-8710; effective, T-111-12-22-11, Oct. 12, 2011; amended, T-111-8-23-21, Aug. 11, 2021; amended, T-111-9-27-23, Sept. 6, 2023.)

111-501-19. Play. (a) For the start of play, the dealer shall remove 5 cards from the automatic shuffler and spread those cards in the community area, then starting with the player farthest to his or her left and continuing around the table in a clockwise manner, deal the cards as follows:

(1) Two cards at a time face down to each player who has placed wagers.

(2) Two cards face down to the area designated for the dealer's hand.

(b) After the dealing procedures specified above have been completed, each player shall examine his or her cards and replace the cards face down on the layout. The dealer shall then, starting with the player farthest to his or her left and proceeding in a clockwise manner around the table, ask each player if the player wishes to place a play wager prior to the dealing of the first three community cards. The player may either check or place a play wager in an amount equal to three or four times the amount of the player's ante wager.

(c) If a player places a play wager, the wager shall be placed in the designated play betting area.

(d) If a player checks, the player shall remain in the game and defer his or her decision to place a play wager to the next betting opportunity.

(e) Once all players have either placed a play wager or checked, the dealer shall turn the first three cards in the community area face up.

(f) After the flop has been turned over, the dealer shall, starting with the player farthest to his or her left and proceeding in a clockwise manner around the table, ask each player who has not placed a play wager if he or she wishes to place a play wager prior to the dealing of the final two community cards. The player may either check or place a play wager in an amount equal to two times the amount of the player's ante wager.

(g) If a player places a play wager, the wager shall be placed in the designated play betting area.

(h) If a player checks, the player shall remain in the game and defer his or her decision to place a play wager to the next betting opportunity.

(i) Once all players have either placed a play wager or checked, the dealer shall then turn the next two cards in the community area face up.

(j) After the final two community cards have been turned face up, the dealer shall, starting with the player farthest to his or her left and proceeding in a clockwise manner around the table, ask each player who has not yet placed a play wager whether he or she wishes to fold his or her hand or place a play wager equal in amount to his or her ante wager.

(k) If a player places a play wager, the wager shall be placed in the designated play betting area.

(l) If a player folds, the ante, blind and optional bad beat bonus wagers of the player shall be collected by the dealer and placed in the table inventory container.

(m) If the player has also placed a trips or ultimate pairs wager, the dealer shall place the cards of the player face down underneath the player's trips or ultimate pairs wager pending its resolution at the conclusion of the round of play.

(n) If the player has not placed a trips or ultimate pairs wager, the dealer shall immediately spread the cards of the folded hand face down and place them back in the shuffle machine's discard area.

(o) After each player has either folded or placed a play wager, the dealer shall then turn his or her two cards face up, position his or her cards near the three community cards that can be used to form the best possible five-card hand and announce the dealer's hand to the players.

(p) If the dealer's best possible five-card hand is lower than a pair, the dealer shall, starting with the player far-

thet to the dealer’s right who has placed a play wager and proceeding in a counterclockwise manner around the table, return each player’s ante wager and resolve all other wagers in accordance with subsection (q) below.

(q) If the dealer’s best possible five-card hand is a pair or above, the dealer shall, starting with the player farthest to the dealer’s right who has placed a play wager and proceeding in a counterclockwise manner around the table, turn the two cards of each player who has placed a play wager face up and announce the best possible five-card poker hand that can be formed using the player’s two cards and the five community cards. The wagers of each player shall be resolved one player at a time regardless of outcome. After all wagers placed by a player are settled, the player’s cards shall then be immediately collected by the dealer and placed back in the shuffle machine’s discard area.

(r) If the player’s five-card hand is ranked lower than the dealer’s five-card hand, the player shall lose and the dealer shall immediately collect any ante, blind and play wagers made by the player.

(s) If the player’s five-card hand is ranked higher than the dealer’s five-card hand, the player shall win and the dealer shall pay any ante, blind and play wagers made by the player provided that the blind wager shall not be paid unless the player’s winning hand has a rank of straight or higher.

(t) If the player’s five-card hand and the dealer’s five-card hand are of equal rank, the player’s hand shall be a push. In such case, the dealer shall not collect or pay the player’s ante, blind, or play wagers.

(u) After settling a player’s ante, blind, and play wagers, the dealer shall settle any trips, ultimate pairs and bad beat bonus wagers made by the player by determining whether the player’s five-card hand qualifies for a payout in accordance with K.A.R. 111-501-20. A winning trips, ultimate pairs or bad beat bonus wager shall be paid without regard to the outcome of any other wager made by the player.

(v) A player making the progressive wager also qualifies to win an envy bonus. If any player at the table is dealt a straight flush or royal flush that wins a progressive bonus, all other players who made a progressive wager win the envy bonus. The player dealt the hand that wins the progressive bonus shall not be paid an envy bonus but shall only be paid the applicable progressive prize.

(w) The dealer shall pay all envy bonuses at the end of the round. If more than one hand triggers an envy bonus, then multiple envy bonuses may be paid.

(x) After settling all other wagers, the dealer shall settle any progressive wagers. (Authorized by K.S.A. 2022 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2022 Supp. 74-8710; effective, T-111-12-22-11, Oct. 12, 2011; amended, T-111-8-23-21, Aug. 11, 2021; amended, T-111-9-27-23, Sept. 6, 2023.)

111-501-20. Payout odds. (a) Each winning ante and play wager shall be paid at odds of 1 to 1.

(b) If a player’s five-card hand ranks higher than the dealer’s five-card hand, the player shall be paid on the player’s blind wager in accordance with the following odds:

| Player’s Five-Card Hand | Payout Odds |
|-------------------------|-------------|
| Royal flush | 500 to 1* |
| Straight flush | 50 to 1* |
| Four-of-a-kind | 10 to 1* |
| Full house | 3 to 1* |
| Flush | 3 to 2* |
| Straight | 1 to 1* |
| Less than a straight | Push |

*This does not include the return of the player’s original bet.

(c) Players shall be paid on each winning trips wager at no less than the odds set forth in the alternative pay table set forth below that is implemented by the lottery gaming facility manager as approved by the executive director of the Kansas lottery:

| Hand | Paytable A | Paytable B | Paytable C | Paytable D |
|-----------------|------------|------------|------------|------------|
| Royal flush | 50 to 1 | 50 to 1 | 50 to 1 | 50 to 1 |
| Straight flush | 40 to 1 | 40 to 1 | 40 to 1 | 40 to 1 |
| Four-of-a-kind | 30 to 1 | 30 to 1 | 30 to 1 | 20 to 1 |
| Full house | 9 to 1 | 8 to 1 | 8 to 1 | 7 to 1 |
| Flush | 7 to 1 | 6 to 1 | 7 to 1 | 6 to 1 |
| Straight | 4 to 1 | 5 to 1 | 4 to 1 | 5 to 1 |
| Three-of-a-kind | 3 to 1 | 3 to 1 | 3 to 1 | 3 to 1 |

The payouts listed above do not include the return of the player’s original bet. The trips bets are paid as each hand decision is made.

(d) Players shall be paid on each winning progressive wager in accordance with the following pay tables based upon a \$5 progressive wager. To win any progressive wager in the game of Ultimate Texas Hold’em, players must use their two cards and the first three community cards to make a qualifying hand. The prizes for a royal flush, straight flush and four-of-a-kind are for a percentage of the funds in the respective progressive pool at the time of the win:

| Hand | Progressive or odds | Envy |
|-----------------|---------------------|---------|
| Royal Flush | 100% Mega | \$5,000 |
| Straight Flush | 100% Major | \$1,500 |
| Four-of-a-kind | 100% Minor | |
| Full House | 50 for 1 | |
| Flush | 40 for 1 | |
| Straight | 30 for 1 | |
| Three-of-a-kind | 9 for 1 | |

Prizes do not include the return of the player’s original wager and only the three prizes denoted as percentages shall be paid out of the respective progressive pool.

(e) The minimum progressive wager shall be in the amount of \$5.00 as posted at each table that offers the progressive wager.

(f) The progressive pools shall be funded as follows:

(1) The casino manager shall initially contribute \$50,000 to establish the beginning amount for the mega progressive pool, \$5,000 to establish the major progressive pool and \$1,250 to establish the minor progressive pool. The progressive pools will be replenished in those same amounts each time that progressive prize is awarded; and

(2) A total of 21% of each progressive wager shall be added to the progressive pools and applied as follows: 10% will fund the mega progressive pool; 8% will fund the major progressive pool; and 3% will fund the minor progressive pool.

(continued)

(g) If during the same round of play multiple players are entitled to a progressive pool, the progressive pool shall be evenly divided between all winning players.

(h) Using only the two cards dealt to the player, players who made a winning ultimate pairs bonus wager shall be paid in accordance with the following pay table:

| Player's Two Cards | Payout Odds |
|--|-------------|
| Pair of aces | 30 to 1 |
| Ace and jack, queen or king in same suit | 20 to 1 |
| Ace and jack, queen or king not in same suit | 10 to 1 |
| Any pair other than aces | 5 to 1 |

(i) If the player made a bad beat bonus wager, the wager wins if the player and the dealer are involved in a bad beat. There are two ways to create a bad beat:

(1) The player has a three-of-a-kind or higher ranking hand and loses to the dealer; or

(2) The dealer's hand is a three-of-a-kind or higher ranking hand and the player's hand is higher ranking than the dealer's hand.

(j) Bad beat bonus payouts are based on the rank of the losing hand only and will be paid according to the following pay table:

| Player's Hand | Payout Odds |
|-----------------|-------------|
| Straight flush | 2,500 to 1 |
| Four-of-a-kind | 500 to 1 |
| Full house | 50 to 1 |
| Flush | 30 to 1 |
| Straight | 20 to 1 |
| Three-of-a-kind | 9 to 1 |

(k) If the player made a bad beat bonus wager but the player's hand does not consist of a three-of-a-kind or higher ranking hand or if the player's and dealer's hands tie, the wager loses and will be collected by the dealer. Bad beat wagers will also lose and be collected by the dealer if both the player and dealer do not have a hand that is a three-of-a-kind or higher ranking hand.

(l) The following rules regarding irregularities shall apply:

(1) If any card dealt to the dealer in Ultimate Texas Hold'em is exposed prior to each player having either folded or placed a play wager, all hands shall be void. Notwithstanding the foregoing, if a player has placed a trips wager, the community cards shall be dealt and each trips wager shall be settled.

(2) A card that is found face up in the shoe or the deck while the cards are being dealt shall not be used in the game and shall be placed in the discard rack. If more than one card is found face up in the shoe or the deck during the dealing of the cards, all hands shall be void and the cards shall be reshuffled. Notwithstanding the foregoing, if the card(s) are found face up after each player and the dealer has received his or her initial two cards, the community cards shall be dealt and any trips wager shall be settled in accordance with the payout odds set forth above.

(3) A card drawn in error without its face being exposed shall be used as though it was the next card from the shoe or the deck.

(4) If a player is dealt an incorrect number of cards, that player's hand shall be void. If the dealer is dealt an in-

correct number of cards, all players' hands shall be void unless the dealer can deal himself or herself the correct number of cards in sequence, provided that such cards have not already been turned face up and the deck contains the correct number of cards.

(5) If an automated card shuffling device is being used and the device jams, stops shuffling during a shuffle, or fails to complete a shuffle cycle, the cards shall be reshuffled.

(6) If an automated dealing shoe is being used and the device jams, stops dealing cards, or fails to deal cards during a round of play, the round of play shall be void and the cards shall be removed from the device and reshuffled with any cards already dealt.

(7) Any automated card shuffling device or automated dealing shoe shall be removed from a gaming table before any other method of shuffling or dealing may be utilized at that table. (Authorized by K.S.A. 2022 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2022 Supp. 74-8710; effective, T-111-12-22-11, Oct. 12, 2011; amended, T-111-8-23-21, Aug. 11, 2021; amended, T-111-9-27-23, Sept. 6, 2023.)

111-501-126. Wagers and payout odds. (a) Minimum and maximum wagers will be posted on a sign at each table.

(b) Maximum table payouts, if any, will be posted at each table and will not be less than the maximum wager times the maximum odds.

(c) If a player has been permitted to wager less than the table minimum, the dealer will take or pay the amount actually wagered. If a player has been permitted to wager more than the table maximum, the excess will be returned to the player and the dealer will pay the correct odds on the posted maximum amount. The player will be informed of the table minimum or maximum for subsequent wagers.

(d) A player may play two hands at double the table minimum per hand not to exceed the table maximum. A player may play three hands at five times the table minimum, per hand, not to exceed the table maximum.

(e) The following describes a list of permissible wagers, payout odds, and what constitutes a win, loss, or tie:

(1) Original wagers:

(A) An original wager will be made by the player prior to the first card of the hand being dealt.

(B) An additional original wager may be made as a tip for the dealer.

(C) An original wager will win if the total point value of the player's cards exceeds the total point value of the dealer's cards without exceeding a total point value of 21. In the event the player's first two cards have a total point value of 21, the player will have a blackjack.

(D) An original wager will lose if the dealer has a blackjack and the player does not have a blackjack, if the total point value of the player's cards exceeds 21 or if the total point value of the player's cards is lower than the total point value of the dealer's cards.

(E) An original wager will tie if the total point value of the player's cards is equivalent to the total point value of the dealer's cards.

(F) When a player's hand consists of a blackjack, the winning hand will be paid out at a rate of 3 to 2. All win-

ning original wagers, except hands consisting of a blackjack, will be paid out at the rate of 1 to 1.

(2) Insurance wager:

(A) An insurance wager is a one-time wager in an amount up to one-half of the original wager that may be taken when the dealer has an ace for the first card dealt face up to the dealer. An insurance wager will be made prior to the dealer looking at the second card dealt to the dealer, which card is dealt face down.

(B) An additional insurance wager may be made as a tip for the dealer.

(C) An insurance wager will win at the rate of 2 to 1 if the dealer has a blackjack.

(D) An insurance wager will lose if the dealer does not have a blackjack.

(3) Double down wager:

(A) An additional wager may be made by the player up to the amount of the player's original wager on the condition only one additional card will be dealt to the player. This wager can be made on any hand consisting of two cards including after splitting, except that the wager may not be made after splitting aces.

(B) An additional double down wager may be made as a tip for the dealer only if the player has made an original wager for the dealer.

(C) A double down wager will win if the total point value of the player's cards exceeds the total point value of the dealer's cards without exceeding a total point value of 21.

(D) A double down wager will lose if the total point value of the player's cards exceeds 21 or if the total point value of the player's cards is less than the total point value of the dealer's cards.

(E) A double down wager will tie if the player's hand and the dealer's hand are of equal total point value.

(F) A winning double down wager will be paid at the rate of 1 to 1.

(4) Split wager:

(A) An additional wager made when a player's initial two cards are of the same face value provided the player makes a wager equal to the original wager. A player may split up to three times for a total of four hands. A player may double down after splitting with the exception of after splitting aces. A player will only receive one additional card after splitting aces.

(B) A split wager will win if the total point value of the cards in each hand held by a player exceeds the total point value of the dealer's cards without exceeding a total point value of 21. The point value of the player's cards and the dealer's cards are totaled separately.

(C) A split wager will lose if the total point value of the cards in each hand held by a player exceeds 21 or is less than the total point value of the dealer's cards. The point value of the player's cards and the dealer's cards are totaled separately.

(D) A split wager will tie if the player's hand and the dealer's hand are of equal total point value.

(E) A winning split wager will be paid at the rate of 1 to 1.

(F) An additional split wager may be made as a tip for the dealer only if the player has made an original wager for the dealer.

(5) Three-card wagers:

(A) An optional three-card wager or TriLux wager may be made by the player prior to the first card of the hand being removed from the shoe in an area designated for the three-card wager. The player must make an original blackjack wager in order to place the three-card wager or TriLux wager.

(B) An additional three-card wager or TriLux wager may be made as a tip for the dealer.

(C) A three-card wager or TriLux wager will win if the dealer's up card and the player's original two cards combined equal a flush, straight, three-of-a-kind, or straight flush.

(D) A three-card wager or TriLux wager will lose if the dealer's up card and the player's original two cards combined do not equal a flush, straight, three-of-a-kind, or straight flush.

(E) Winning three-card wagers or TriLux wagers will be paid out as follows:

(i) When the player's original two cards and the dealer's up card combined equal a flush, straight, three-of-a-kind, or a straight flush, the hand will be paid at a rate of 9 to 1.

(ii) All three-card wagers or TriLux wagers will be taken or paid before the blackjack portion of the game continues.

(6) Top 3 wagers or TriLux Super 3 wagers:

(A) An optional Top 3 wager or TriLux Super 3 wager may be made by the player prior to the first card of the hand being removed from the shoe in an area designated for the Top 3 wager or TriLux Super 3 wager. The player must make an original blackjack wager and a three card wager or TriLux wager in order to place the Top 3 wager or TriLux Super 3 wager.

(B) An additional Top 3 wager or TriLux Super 3 wager may be made as a tip for the dealer.

(C) A Top 3 wager or TriLux Super 3 wager will win if the dealer's up card and the player's original two cards combined equal a three-of-a-kind, straight flush, or a suited three-of-a-kind.

(D) A Top 3 wager or TriLux Super 3 wager will lose if the dealer's up card and the player's original two cards combined do not equal a three-of-a-kind, straight flush, or a suited three-of-a-kind.

(E) Winning Top 3 wagers or TriLux Super 3 wagers will be paid out as follows:

(i) When the player's original two cards and the dealer's up card combined equal a three-of-a-kind the hand will be paid at a rate of 90 to 1.

(ii) When the player's original two cards and the dealer's up card combined equal a straight flush the hand will be paid at a rate of 180 to 1.

(iii) When the player's original two cards and the dealer's up card combined equal a suited three-of-a-kind the hand will be paid at a rate of 270 to 1.

(iv) All Top 3 wagers or TriLux Super 3 wagers will be taken or paid before the blackjack portion of the game continues.

(7) \$5 Blazing 7's wagers:

(A) If offered at the Top 3 or TriLux Super 3 table, a player may also make an optional \$5 blazing 7's pro-

(continued)

gressive wager in the area on the table designated for the optional wager so long as the wager is made prior to the first card of the hand being removed from the shoe.

(B) Resolution of all optional blazing 7's progressive wagers shall be made after all players and the dealer have received their second card.

(C) A blazing 7's progressive wager will win if at least one of the first two cards dealt to a player is a 7 card. A blazing 7's progressive wager will lose if neither of the player's first two cards are a 7 card. For purposes of resolving blazing 7's progressive wagers, only the first two cards dealt to the player and the card dealt face up to the dealer are used.

(D) Winning blazing 7's progressive wagers shall be paid as follows:

| Hand | Pays |
|---|--------------------------|
| Player has two 7 cards and dealer has one 7 card, and all three cards are in the same suit | 100% of progressive pool |
| Player has two 7 cards and dealer has one 7 card, and all three cards are in the same suit color, but not the same suit | 10% of progressive pool |

Player has two 7 cards and dealer has one 7 card, but not all are in the same suit or in the same suit color 200 for 1

Player has two 7 cards and the dealer has no 7 cards 25 for 1

Player has one 7 card 2 for 1

For purposes of determining the same suit color, the suits of diamonds and hearts are both of the same red suit color and the suits of spades and clubs are both of the same black suit color.

(E) The blazing 7's progressive pool seed amount and re-seed amount shall begin at \$10,000 to be paid by the lottery gaming facility manager. From each blazing 7's progressive wager 24% shall be added to the progressive pool. The progressive pool shall only be re-seeded after the 100% progressive prize is paid. (Authorized by K.S.A. 2022 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2022 Supp. 74-8710; effective, T-111-3-31-16, Feb. 10, 2016; amended, T-111-6-1-22, May 11, 2022; amended, T-111-9-27-23, Sept. 6, 2023.)
