The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm, or team of firms, to perform construction inspection services on multiple projects in various counties. Summary information for each project is provided below in Table 1.

Interested consultants must upload a proposal by 12:00 p.m. (Central Time) February 5, 2025, to the Bid Express page to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

If a firm is not currently prequalified by KDOT in any of the required categories, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this solicitation for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <http://www.ksdot.org/descons.asp>. Consultants may create a team to meet the prequalification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

With this single solicitation, KDOT is requesting consulting services for construction inspections on the projects listed in Table 1. This table provides summary information for each project. One consultant will be selected to perform services associated with each group listed. Watch the website linked above for updated information. Tabulated information (both in this Request for Proposals and on the website) shall not be relied upon during inspections. It is provided for the convenience of consultants, specifically to aid in making decisions about which projects they are interested in performing.

Inspection efforts will be managed out of the offices listed. Also included for the convenience of consultants are indications of which grouped projects are currently slated to be performed by the same contractors.

(d) Except as otherwise provided in these rules, if the total of the MM set prizes (as multiplied by the respective multiplier or Megaplier multiplier, if applicable) awarded in a drawing exceeds the percentage of the prize pool allocated to the MM set prizes, then the amount needed to fund the MM set prizes, including Megaplier prizes, awarded shall be drawn from the following sources in the following order:

(1) the amount available from the single set prizes and the megaplier prize pool, if any;

(2) an amount from the prize reserve account, if available, not to exceed \$40,000,000 per drawing;

(3) If, after these sources are depleted, there are not sufficient funds to pay the set prizes awarded, including Megaplier prizes, then the highest set prize shall become a pari-mutuel prize. If the amount of the highest set prize, including megaplier prizes, when paid on a pari-mutuel basis, drops to or below the next highest set prize and there are still not sufficient funds to pay the remaining set prizes awarded, then the next highest set prize shall become a pari-mutuel prize. This procedure shall continue down through all set prize levels, if necessary, until all set prize levels become pari-mutuel prize levels. In that instance, the money available from the funding sources shall be divided among the winning MM plays in proportion to their respective prize percentages. Mega Millions and megaplier prizes will be reduced by the same percentage; and

(4) By agreement with the Mega Millions lotteries, the Mega Millions lotteries shall independently calculate their set pari-mutuel prize amounts. The party lotteries and the Mega Millions lotteries shall then agree to set the pari-mutuel prize amount for all lotteries selling the game at the lesser of the independently-calculated prize amounts.

(e) Except as may be required by these rules, the official advertised grand prize annuity amount is subject to change based on sales forecasts and/or actual sales.

(f) Subject to the laws and rules governing each participating lottery, the number of prize categories and the allocation of the prize fund among the prize categories may be changed at the discretion of the Mega Millions lotteries, for promotional purposes. Such change shall be announced by Mega Millions lotteries. (Authorized by and implementing K.S.A. 2024 Supp. 74-8710; effective, T-111-1-29-10, Jan. 20, 2010; amended, T-111-9-1-10, Aug. 18, 2010; amended, T-111-10-11-13, Aug. 14, 2013; amended, T-111-12-4-24, Nov. 13, 2024.)

111-5-191. Multi-Draw. (a) In addition to a single play, a player may also have his or her selections entered in multiple drawings. Multi-draw tickets must be purchased for consecutive drawings beginning with the next drawing. This is done by marking one of the multi-draw boxes designated by 2, 3, 4, 5, 10, or 15 on the play slip. The additional draw period(s) for which the ticket is valid will then appear on the computer generated ticket given to the player by the retailer.

(b) A player must pay the full price of a single play for each additional drawing in which he or she wishes to play.

(c) Unless one of the multi-draw boxes is marked and the additional amount for each additional drawing is paid, the play will only be eligible for the current drawing up to 8:59 p.m. the day of the drawing.

(d) A player may purchase only the same numbers on the same boards for multiple drawings.

(e) Multi-draw tickets for Mega Millions drawings conducted on or after April 8, 2025 shall not be available for purchase prior to April 5, 2025. (Authorized by and implementing K.S.A. 2024 Supp. 74-8710; effective, T-111-1-29-10, Jan. 20, 2010; amended, T-111-12-4-24, Nov. 13, 2024.)
