The proposed action consists of reissuance of a Kansas/NPDES Water Pollution Control permit for an existing facility. The existing facility is a three-cell wastewater stabilization lagoon system with a minimum of 120 days detention time. The facility receives domestic wastewater from residential and commercial areas and industrial wastewater from local manufacturers. The detention time at the design flow is 106 days. This permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, ammonia, and E. coli. The permit contains monitoring for pH. This NPDES discharging lagoon wastewater treatment facility has been reviewed for eligibility for the MDV for ammonia and has been determined to be eligible. Eligibility was determined through analysis of the facility's highest attainable criteria (HAC) for ammonia and an Economic Eligibility Determination (EED) that assessed the impact of the cost of a new mechanical facility to the community's rate payers. The ammonia effluent limit was determined on January 31, 2025 by calculating the 99th percentile ammonia value from the facility's discharge monitoring reports resulting in an ammonia limit of 4.2 mg/L for this facility. However, due to anti-backsliding, the previous permit ammonia limit of 3.5 will be applied.

State of Kansas

Office of the Governor

Message from the Governor Regarding Senate Bill No. 63

Right now, the Legislature should be focused on ways to help Kansans cope with rising prices. That is the most important issue for Kansans. That is where my focus is.

Infringing on parental rights is not appropriate, nor is it a Kansas value. As I've said before, it is not the job of politicians to stand between a parent and a child who needs medical care of any kind. This legislation will also drive families, businesses, and health care workers out of our state, stifling our economy and exacerbating our workforce shortage issue.

It is disappointing that the Legislature continues to push for government interference in Kansans' private medical decisions instead of focusing on issues that improve all Kansans' lives.

Therefore, under Article 2, Section 14(a) of the Constitution, I hereby veto Senate Bill 63.

Dated February 11, 2025.
