Request for Proposals

106 P-1773-26 – Transportation Asset Management Plan update 2026

Notice to Consulting Firms

The Kansas Department of Transportation (KDOT) is seeking a qualified consulting firm or team of firms to perform professional services for the project(s) described in Table 1 below. Interested consultants must submit a proposal as laid out herein by 12:00 p.m. (Central Time) August 27, 2025, to be considered for selection.

Consultant Prequalification

Interested consulting firms must be prequalified by KDOT or otherwise demonstrate qualification in the following category(s):

- 162 – Long Range Planning

If a firm is not currently prequalified by KDOT in any of the required categories, a proposal may still be submitted. Firms not prequalified must also provide documentation that demonstrates the firm is qualified for each specified category listed in this solicitation for the project. Firms must use the KDOT prequalification form to provide this documentation. KDOT 1050 Prequalification Category Definitions (Blue Book) can be found at <https://www.ksdot.gov/doing-business/design-consultants/design-consultant-prequalification>. Consultants may create a team to meet the pre-qualification requirements. All firms doing business with KDOT must be registered and in good standing under the laws of the State of Kansas at the time of contracting and must comply with applicable state and federal laws, rules, and regulations.

Background of Project

Under the FAST Act, Congress specified that each state must prepare a risk-based Transportation Asset Management Plan (TAMP) covering, at a minimum, pavement and bridge assets on the national highway system. The Federal Highway Administration (FHWA) requires states to update their TAMP on a four-year cycle, with particular emphasis on updating the 10-year financial plan. The goal of this project is to update the 2022 TAMP, in advance of the March 28, 2027, deadline.

Anticipated Consultant Scope

Scope of Services to be Performed-Planning Study Services (Including: EA/EIS).

KDOT anticipates the following to be included in the consultant's scope. The TAMP should include the necessary components required by FHWA, including, but not limited to:

- An update on asset conditions.
- An updated risk register, developed with input from KDOT management.
- An updated 10-year financial plan.
- Investment strategies for pavement, bridge, and any other included assets.
- Address the FHWA critique of the current TAMP.

It is expected that local units of government owning and/or maintaining national highway system assets in Kansas, and the Kansas Turnpike Authority, will be included and consulted in the preparation of this TAMP.

The scope included herein may not be all-inclusive. A scoping meeting will take place after consultant selection is made.

Anticipated Schedule and Key Dates

- 1. Proposals are due by or before 12:00 p.m. (Central Time) August 27, 2025.
- 2. Ranking of proposals is expected to occur on or around August 29, 2025. Negotiations with the most highly ranked firm are expected to begin on or around September 5, 2025. An executed agreement is anticipated around September 26, 2025.
- 3. The program fiscal year for this project is FY2026 (July 2025 – June 2026).

Instructions for Proposal

- 1. No cost or pricing information shall be submitted with the proposal. Proposals including cost or pricing information will be considered non-responsive and withdrawn from further consideration.
- 2. The consultant's proposal must not exceed 4 pages total (including any cover letter, index, etc.). All pages shall be standard letter size (8.5" x 11"). Any page larger than standard letter size will be counted as two or more pages depending on size.
- 3. A single PDF (10 MB maximum size) of the proposal must be uploaded to the appropriate bid form on Bid Express by the proposal due date and time.
- 4. The proposal PDF file name must read:
 - a. "P-1773-26–Transportation Asset Management Plan update 2026 FIRM NAME"
- 5. The proposal must be accompanied by Special Attachments No. 8 ("Tax Clearance Certificate"), No. 10 ("Policy Regarding Sexual Harassment"), and No. 12 ("Certification of Company Not Currently Engaged in the Procurement or Obtainment of Certain Equipment, Services, or Systems"). If you need a Tax Clearance Certificate, you can request one at <https://www.ksrevenue.gov/taxclearance.html>. Allow 2-3 business days for processing. Both attachments are required for every firm involved in a multi-consultant team. Upload these files as instructed in Bid Express.
- 6. The outline in Table 1 below describes the expected proposal organization and content sections.
- 7. Depending on the number and quality of responses received, KDOT anticipates shortlisting (based on proposals) and holding interviews prior to final selection (which may be based on both proposal and interview content). If KDOT deems interviews to be necessary, interview details and requirements and evaluation criteria for the interview will be distributed to shortlisted consultant teams in advance.
- 8. Table 2 lists the evaluation criteria and associated weights which will be used to shortlist respondents and may be considered in final selection.

68-21-2. Electronic reports. (a) Except as specified in subsections (d), (e), and (f) each dispenser shall file a report with the board for each scheduled substance and drug of concern sold in Kansas or to an address in Kansas. This report shall be submitted by the end of the next business day from the day that the drug is sold.

(b) Except as specified in subsections (c), (d), (e), and (f), each dispenser that does not dispense scheduled substances or drugs of concern in Kansas or to an address in Kansas during the reporting period specified in subsection (a) shall file a zero report with the board. Each zero report shall be filed by the end of the next business day.

(c) Any dispenser that meets the following conditions may submit a written request to the board for an exemption from subsection (b):

(1) The dispenser does not monthly dispense more than 10 prescriptions for scheduled substances and drugs of concern in Kansas or to an address in Kansas.

(2) The dispenser is unable to automate submission of a zero report.

(d) Any medical care facility, as defined by K.S.A. 65-1626, and amendments thereto, may submit a written request to the board for an exemption from subsections (a) and (b) if the medical care facility provides an interim supply of a scheduled substance or drug of concern to an outpatient on an emergency basis and the interim quantity does not exceed a 48-hour supply and, as described in K.A.R. 68-7-11(d)(2)(B), is limited to an amount sufficient to supply the outpatient's needs until a prescription can be filled in accordance with K.A.R. 68-7-11. (B) the current prescription monitoring program reporting status in each state in which the dispenser is registered; and

(C) a copy of any written reprimand, censure, or other disciplinary action related to prescription monitoring program reporting that the dispenser has had in any state, district, or territory.

(f) Any dispenser may submit a written request to the board for an exemption from subsections (a) and (b) of this regulation for each scheduled substance or drug of concern that is only dispensed to inmates at a correctional institution as defined by K.S.A. 75-5202, and amendments thereto, which do not exceed a 24-hour supply and are solely intended for administration to the inmates.

(g) Each dispenser or pharmacy that no longer meets the criteria for exemption specified in subsection (c), (d), (e) or (f) shall notify the board and begin submitting reports within seven days.

(h) Each exemption issued by the board shall expire annually on August 31.

(i) Each report required to be submitted pursuant to subsection (a) shall be submitted by secure file transfer protocol in the electronic format established by the American society for automation in pharmacy, dated no earlier than 2020, version 4, release 2b.
