### Notice of Proposed Kansas/Federal Water Pollution Control Permits and Applications

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. ## Public Notice No. KS-AG-25-381/389

### Pending Permits for Confined Feeding Facilities

Name and Address of Applicant	Legal Description	Receiving Water
Crystalline 7 Feeders Curt Spresser 200 1300th Rd. Selden, KS 67757	SW/4 of Section 25 T05S, R29W Decatur County	Upper Republican River Basin

Kansas Permit No. A-URDC-B007

The proposed action is to reissue an existing state permit for an existing facility of 500 head (250 animal units) of beef cattle 700 pounds or less. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Gary Duerksen 2209 N. Chisholm Trail Lehigh, KS 67073	SE/4 of Section 16 T19S, R01E Marion County	Neosho River Basin

Kansas Permit No. A-NEMN-S010

The proposed action is to reissue an existing state permit for an existing facility for 990 head (396 animal units) of swine weighing greater than 55 pounds and 400 head (40 animal units) of swine weighing 55 pounds or less, for a total of 436 animal units. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Gosselin Feeders Gaylen Gosselin 3520 Q Rd. Bogue, KS 67625	SE/4 of Section 06 T08S, R21W Graham County	Solomon River Basin

Kansas Permit No. A-SOGH-B006

The proposed action is to reissue an existing state permit for an existing facility for 990 head (990 animal units) of cattle more than 700 pounds. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
J & R Cheyney Farms, LLC – Main Farm 8655 170th Rd. Chanute, KS 66720	NE/4 of Section 13 T28S, R18E Neosho County	Neosho River Basin

Kansas Permit No. A-NENO-S020

# Kansas Register

Volume 44 - Issue 51 - December 18, 2025

[Table of Contents](#)

The proposed action is to reissue an existing state permit for an existing for 600 head (240 animal units) of swine weighing more than 55 pounds and 250 head (25 animal units) of swine weighing 55 pounds or less for a total of 265 animal units. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Michael Springer – Bracken-Cline Farm 8603 500 Rd. Neodesha, KS 66757	NE/4 of Section 13 T30S, R14E Wilson County	Verdigris River Basin

Kansas Permit No. A-VEWL-H002  
Federal Permit No. KS0091456

The proposed action is to reissue an existing NPDES permit for an existing facility for 6,000 head (2,400 animal units) of swine weighing greater than 55 pounds and 1,880 head (188 animal units) of swine weighing 55 pounds or less; for a total of 2,588 animal units of swine. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Nutrient Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Persinger Farms, Inc. Steven Persinger 17605 Road E 2 Norton, KS 67654	W/2 of Section 31 T03S, R22W Norton County	Solomon River Basin

Kansas Permit No. A-SONT-B006

The proposed action is to reissue an existing state permit for an existing facility of 800 head (400 animal units) of cattle weighing 700 pounds or less. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Sleichter Farms 1282 21st Rd. Clay Center, KS 67432	SW/4 of Section 31 T12S, R02E Dickinson County	Smoky Hill River Basin

Kansas Permit No. A-SHDK-S020

The proposed action is to reissue an existing state permit for an existing 790 head (316 animal units) of swine more than 55 pounds and 320 head (32 animal units) of swine 55 pounds or less, for a total of 348 animal units. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Waste Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Ward Feed Yard, Inc. PO Box H Larned, KS 67550	W/2 & SE/4 of Section 10 & SW/4 of Section 15 T22S, R16W Pawnee County	Upper Arkansas River Basin

Kansas Permit No. A-UAPN-C004  
Federal Permit No. KS0086487

The proposed action is to reissue an existing NPDES permit for an existing facility 26,000 head (26,000 animal units) of beef cattle weighing greater than 700 pounds. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Nutrient Management Plan on file with KDHE.

Name and Address of Applicant	Legal Description	Receiving Water
Ward Feed Yard South PO Box H Larned, KS 67550	E/2 of Section 21 T22S, R16W Pawnee County	Upper Arkansas River Basin

Kansas Permit No. A-UAPN-C001  
Federal Permit No. KS0037575

The proposed action is to reissue an existing NPDES permit for 33,000 head (33,000 animal units) of cattle weighing greater than 700 pounds. There will be no change in the operation or permitted number of animal units from the previous permit. This facility has an approved Nutrient Management Plan on file with KDHE.

---

## Public Notice No. KS-Q-25-210/216

The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-g), and Federal Surface Water Criteria.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Whataker Co. – Centerville Quarry 555 Delaware Rd. Humboldt, KS 66748	Marais des Cygnes River via Sugar Creek	Process Wastewater

Permit No. I-MC64-PO01  
Federal Permit No. KS0092975

Legal Description: NE $\frac{1}{4}$  of NW $\frac{1}{4}$  of NE $\frac{1}{4}$ , Section 20, Township 21S, Range 22E, Linn County

Location: [38.20952, -95.01396](https://www.google.com/maps?ll=38.20952,-95.01396)

The proposed action consists of reissuing the above referenced NPDES permit. No significant changes were made to the permit. This facility is engaged in a limestone quarrying operation, that may wash rock in the future. Outfall 001A consists of pit dewatering, stormwater runoff and treated wash-water, which is treated by a setting pond, if a rock washing operation is ever used. Outfall 002A is stormwater runoff only. This permit contains generic language to protect water quality.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Jackson County RWD #3 PO Box 350 Holton, KS 66436	Delaware River via Straight Creek via Unnamed Tributary	Process Wastewater

Permit No. I-KS49-PO01  
Federal Permit No. KS0096059

Legal Description: NW $\frac{1}{4}$ , NE $\frac{1}{4}$ , Section 7, Township 6S, Range 16E, Jackson County

Location: [39.54944, -95.66973](#)

The proposed action consists of renewal of existing Kansas/NPDES Water Pollution Control permit for the discharge of wastewater from the water treatment plant. The discharge reports indicate the wastewater lagoon only discharges on rare occasions as discharge monitoring reports state zero discharge reading since year 2000. This permit contains limits for Total Suspended Solids, and pH. The permit contains monitoring for Flow, and Total Phosphorus.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Strother Field Airport/Industrial Park PO Box 747 Winfield, KS 67156	Walnut River vias Posey Creek	Process Wastewater

Permit No. I-WA17-PO01  
Federal Permit No. KS0118427

Legal Description: SW $\frac{1}{4}$ , Section 20, Township 33S, Range 4E, Cowley County

Location: [37.16138, -97.02531](#)

This action consists of reissuance of an existing Kansas Water Pollution Control/ NPDES Permit for an existing facility. This facility treats domestic and industrial wastewater from the industrial park and airport. A sludge digester and three sludge drying beds are used for sludge holding and treatment prior to disposal. Sludge is disposed of in accordance with 40 CFR Part 503 regulations. This permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, Ammonia, E. coli, and pH. The permit contains monitoring for Phosphorus, Nitrate + Nitrite, Total Kjeldahl Nitrogen, Total Nitrogen, Biochemical Oxygen Demand, Total Suspended Solids, and Ammonia. This wastewater facility is scheduled to be connected to the Arkansas City wastewater treatment plant under Consent Order Case No. 25-E-007 BOW.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Potwin Refinery and Tank Farm PO Box 16447 Wichita, KS 67216	Walnut River via Whitewater River via Brush Creek	Process Wastewater

Permit No. M-KS69-OO01  
Federal Permit No. KS0079260

Legal Description: NE $\frac{1}{4}$  of Section 30, Township 24S, Range 4E, Butler County

# Kansas Register

Volume 44 - Issue 51 - December 18, 2025

[Table of Contents](#)

Location: [39.098185, -96.71920](#)

The proposed action consists of reissuance of an existing NPDES/ Kansas water pollution control permit for an existing facility. The wastewater treatment facility is now undergoing decommissioning and closure. The treated wastewater then flows into a series of ponds prior to discharging to Brush Creek. Groundwater from the site is no longer being air-stripped and the wastewater treatment facility is now undergoing decommissioning and closure. This permit contains limits for Benzene, and pH. The permit contains monitoring for Flow, Sulfate, and Arsenic.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Evonik Corporation 6601 S. Ridge Rd. Wichita, KS 67060	Ninnescah River via Spring Creek via Dry Creek via Unnamed Tributary	Process Wastewater
Permit No. I-AR94-PO18 Federal Permit No. KS0080659		
Legal Description: NE $\frac{1}{4}$ of Section 33, Township 28S, Range 1W, Sedgwick County		
Location: <a href="#">37.57352, -97.42730</a>		

This action consists of the reissuance of an existing NPDES/Kansas Water Pollution Control (KWPC) permit for an existing facility. This facility produces and purifies amines and specialty chemicals used as urethane catalysts and specialty chemicals. Specialty chemicals are manufactured on a contract basis. This permit contains requirement for the facility to conduct a study of selenium in fish tissue. This permit contains limits for TRC, pH, and Wet Chronic. The permit contains monitoring for Sulfate, Total Recoverable Metals, Chloride, Selenium, Temperature, and TOC.

Name and Address of Applicant	Receiving Stream	Type of Discharge
Public Wholesale Water SD #12 PO Box 22 Melvern, KS 66510	Melvern Lake via Unnamed Tributary	Process Wastewater
Permit No. I-MC23-PO04 Federal Permit No. KS0100056		

Legal Description: NW $\frac{1}{4}$ , SW $\frac{1}{4}$ , Section 12, Township 18S, Range 15E, Osage County

Location: [38.49818, -95.70808](#)

The proposed action consists of renewal of existing Kansas/NPDES Water Pollution Control permit for the discharge of wastewater from the water treatment plant. Wastewater comes from clarifier blowdowns, filter-to-waste and filter backwash water and is directed to a three-cell lagoon system with average discharge flow. The wastewater lagoons lay on a diagonal northwest to southeast where a splitter box parallelly directs the wastewater to the two 0.23-acre cells. The water from the cells flow to a 0.07-acre cell located in between and then discharged to an unnamed tributary connected to Melvern Lake. This permit contains limits for pH, Total Residual Chlorine, Total Suspended Solids, and Total Recoverable Copper. The permit contains monitoring for Flow. The facility has a schedule of compliance for controlling total residual chlorine.

Proposed Action: The Kansas Department of Health and Environment (KDHE) issued Authorizations for stormwater discharges the General Permit for the above-named facilities/projects. K.S.A. 65-166a requires the Secretary of KDHE to assess appropriate annual fees for Authorizations/Permits issued by the Department and provides that failure to pay the annual fee shall be cause for revocation/termination of the Authorization/Permit. The authorized entities named above have failed to comply with the requirement to pay the annual fee. Further, according to K.A.R. 28-16-62(f)-(g), the director has discretion to initiate termination of a permit. Therefore, pursuant to K.S.A. 65-166a, K.A.R. 28-16-60 and K.A.R. 28-16-62, KDHE is hereby providing notice of intent to terminate the Authorizations associated with the projects named herein. The entity may re-instate the Authorization by paying the appropriate annual fees. If you have any questions regarding the termination of your permit, please contact the Stormwater Coordinator.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before January 17, 2026, will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-25-380, KS-AG-25-381/389, KS-Q-25-210/216) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Casey Guccione, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Andrew Bowman at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Jada Martin at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone 785-296-0076 or email at [kdhe.feedlots@ks.gov](mailto:kdhe.feedlots@ks.gov). Las preguntas o comentarios por escrito deben dirigirse a Erich Glave, Director, Bureau of Environmental Field Services en KDHE: 1000 SW Jackson St., Suite 430, Topeka, KS 66612-1367; por correo electrónico: [kdhe.feedlots@ks.gov](mailto:kdhe.feedlots@ks.gov); por teléfono: 785-296-6432. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Jamie Packard, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone 785-296-4148 or email at [Jamie.Packard@ks.gov](mailto:Jamie.Packard@ks.gov). These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available at <http://www.kdhe.ks.gov/livestock>. The Division of Environment offices are open from 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays.

### Notice of Application

The Kansas Department of Health and Environment (KDHE) received an application from Prairie Landfill, LLC, a subsidiary of Allied Waste Systems, Inc., for Permit #0394, currently operated by N.R. Hamm Quarry, LLC, to be transferred to their name. The landfill site is located at 16984 3rd St., Lawrence, KS 66044. No changes to the permit documents or facility operations are planned at this time.

KDHE has reviewed the permit transfer application and found it to be in conformance with the state solid waste statutes and regulations.

KDHE is providing public notice of their intent to issue this permit transfer to Prairie Landfill, LLC. However, a final decision to issue the permit has not been made, and KDHE will consider information gathered during the public comment period before making a final decision. A copy of the permit application and draft permit will be available for public review at <http://www.kdhe.ks.gov/676/> from December 18, 2025 through January 18, 2026, and during normal business hours at the following location:

Kansas Department of Health and Environment  
1000 SW Jackson, Suite 320  
Topeka, KS 66612-1366  
Contact: Vibha Ramesh  
785-296-1667

Anyone wishing to comment on the proposed permit transfer should submit a written statement by 5:00 p.m. January 18, 2026, to Vibha Ramesh of KDHE at the address listed above, or via email to [vibha.ramesh@ks.gov](mailto:vibha.ramesh@ks.gov). Comments that are postmarked by January 18, 2026 and received within one week thereafter will also be considered.

La noticia anterior se refiere a la solicitud de permiso para el N.R. Hamm Quarry, LLC en la 16984 3rd St., Lawrence, KS 66044. Si desea obtener más información en español o tiene otras preguntas, por favor, comuníquese con el Coordinador de No Discriminación de KDHE al 785-296-5156 o en: [KDHE.NonDiscrimination@ks.gov](mailto:KDHE.NonDiscrimination@ks.gov).

After consideration of all formal comments as described above, KDHE will make a final decision on whether to update the permit. Notice of the decision will be given to anyone who submitted formal comments, and those who requested notice of the final permit decision.

## Department of Transportation

### Notice to Contractors

Electronic copies of the letting proposals and plans are available on the Kansas Department of Transportation (KDOT) website at <https://kdotapp.ksdot.org/Proposal/Proposal.aspx>. The website will allow the contractor to request approval from KDOT to bid as a prime contractor and be included on the "Bid Holders List," or to be included on the "Non-Bid Holders List" as a subcontractor/supplier. KDOT's approval is required to bid as a prime contractor. To bid as a prime contractor, KDOT needs to be notified of the intent to bid no later than the close of business on the Monday preceding the scheduled letting date. Failure to obtain prior approval to bid as a prime contractor on any projects listed below will be reason to reject your bid. The Secretary reserves the right to reject bids that do not comply with all requirements for preparing a bidding proposal as specified in the 2015 edition of the Kansas Department of Transportation Standard Specifications for State Road and Bridge Construction.

KDOT will only accept electronic internet proposals using the Bid Express website at <https://bidx.com/ks/main> until 1:00 p.m. (Central Time) on letting day. The KDOT bid letting will be conducted remotely by audio broadcast only at 3:00 p.m. (Central Time) on letting day. For the conference call information see <https://www.ksdot.org/bureaus/burconsmain/lettinginfo.asp>. KDOT has tested the process, but in the event of an unforeseen issue, KDOT will provide updates.

Each bidder shall certify that such person, firm, association, or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This certification shall be in the form of a required contract provision provided by the state to each prospective bidder. Failure to complete the required contract provision and certify the completeness of the preceding statement when electronically signing the proposal will make the bid nonresponsive and not eligible for award consideration.

### Projects for the January 21, 2026 Letting

#### District One – Northeast

**Johnson:** 69-46 KA-6506-02 – US-69, bridge #119 over Johnson Drive, located at the old K-158/US-69 junction, and from 58th Street to 56th Street, grading, bridge and surfacing, 0.2 miles. (State Funds)

**Leavenworth:** 52 TE-0571-01 – Various intersections in downtown Leavenworth, pedestrian and bicycle paths (Federal Funds)

**Pottawatomie:** 99-75 KA-7261-01 – K-99, pavement restoration in Wamego, from the Kansas River Bridge to Valley Street, grading and surfacing, 0.1 miles. (Federal Funds)

**Shawnee:** 70-89 KA-6808-01 – I-70, bridge #039 on California Avenue over I-70, westbound and eastbound lanes located at the I-70/California Avenue junction, bridge replacement. (Federal Funds)

**Wyandotte:** 635-105 KA-7665-01 – I-635, Metropolitan Avenue interchange, lighting, 0.3 miles. (State Funds)

#### District Two – North Central

**Dickinson:** 15-21 KA-6484-01 – K-15, bridge #062 over Chapman Creek, located 4.38 miles north of the K-18/K-15 east junction, bridge replacement. (Federal Funds)

### Wichita State University

#### Notice to Bidders

Notice is hereby given for the receipt of subcontractor bids for the A-014854(a) Wichita State University (WSU) Wilkins Stadium Expansion Project – Phase 1B. This project is being delivered using procedures established under the Kansas alternate project delivery building construction procurement act for projects with non-state funds (K.S.A 76-7,125 et seq.). Crossland Construction is the construction manager.

Subcontractor bids will be received for the following scopes of work:

- Site demo/earthwork
- Site/Cast in place concrete
- Masonry
- Structural steel supply and installation
- Millwork/Casework supply and install
- Roofing/Sheetmetal/Soffit panels
- Joint sealants and waterproofing
- Doors and hardware supply/install
- Glass and glazing
- Drywall and acoustical
- Flooring and wall tile
- Painting
- Specialties supply and install
- Window treatments
- Fire protection
- Plumbing
- HVAC
- Electrical/Communications/Fire alarm
- Landscape and irrigation
- Fencing
- Site utilities

Bids will be received until 1:00 p.m. January 19, 2025. Email bids to [emalloy@crossland.com](mailto:emalloy@crossland.com) or deliver to 3017 N. Cypress Dr., Wichita Kansas.

All bidders should advise of their intent to bid. Please email [emalloy@crossland.com](mailto:emalloy@crossland.com) of the notice of intent to bid. A pre-bid meeting will be held virtually at 11:00 a.m. December 22, 2025. If you wish to participate in the pre-bid meeting, please email [emalloy@crossland.com](mailto:emalloy@crossland.com) and request a meeting invite.

A copy of the bid documents will be available for review bid documents are available through Crossland Construction's Box document link upon request. Please email [emalloy@crossland.com](mailto:emalloy@crossland.com) for bid invitation.

Vendor hereby acknowledges when submitting a bid that they have included all items associated with the request for proposal for their corresponding bid form.

### Notice of Hearing on Proposed Administrative Regulation

The Kansas Department of Health and Environment (KDHE), Bureau of Water, will conduct a public hearing at 10:00 a.m. Wednesday, March 11, 2026 in the Azure Conference Room, Fourth floor, Curtis State Office Building, 1000 SW Jackson, Topeka, Kansas, to consider the adoption of proposed new regulation K.A.R. 28-46-46.

The time period between the publication of this notice and the scheduled public hearing constitutes a comment period of at least 60 days for the purpose of receiving written public comments on the proposed regulation. Interested parties may submit written comments prior to 10:00 a.m. March 11, 2026, to William Carr, Bureau Director, Kansas Department of Health and Environment, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS, 66612, or by email to [William.J.Carr@ks.gov](mailto:William.J.Carr@ks.gov). All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed regulation during the public hearing. To provide all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes. It is requested that each individual giving oral comments also provide a written copy of the comments for the record.

Any individual with a disability may request an accommodation in order to participate in the public hearing and may request the regulation, economic impact statement, and environmental benefit statement in an accessible format. Requests for accommodation to participate in the public hearing should be made at least 10 business days in advance of the hearing by contacting the appointed agency contact using the contact information provided.

Copies of the proposed regulation, the economic impact statement, and the environmental benefit statement can be requested by contacting the appointed agency contact at the contact information provided.

A summary of the proposed regulation, its estimated economic impact, and the environmental benefit follows.

#### Summary of Regulation

**K.A.R. 28-46-46. Underground Injection Control, fees.** This regulation establishes fees for the permitting, monitoring, testing, inspection and regulation of Underground Injection Control (UIC) Class 1 and Class 5 wells.

#### Economic Impact

The proposed rule, K.A.R. 28-46-46, establishes fees for the permitting, monitoring, testing, inspection and regulation of UIC Class 1 and UIC Class 5 wells. The UIC program has been largely supported by fees collected from Underground Hydrocarbon Storage (UHS) operators. The breadth of programs supported by collected UHS fees extends beyond the original intent of the fees. There has been a disconnect between the fees collected and the programs the fees support. The proposed UIC fees and placement of the revenue into the Subsurface Hydrocarbon Storage Fund create more equitable support from the facilities and operators directly subject to the regulation of those programs. Class I injection wells dispose of hazardous and non-hazardous wastes into deep formations below underground freshwater aquifers. Class V wells place fluids into shallower formations and can include complex septic fields, aquifer recharge and reinjection of remediated ground water. Class V fees would not be imposed on individual septic systems.

#### Environmental Benefit

There are no direct environmental benefits anticipated to accrue due to the proposed new regulation; the new fees will cover existing regulatory programs already in place. However, the regulation will provide assurance that the UIC program will be staffed and have the tools to continue the protection of ground water. Diminished state oversight could invite increased litigation or intervention by federal regulators.

# Kansas Register

---

The Kansas Register is an official publication of the state of Kansas, published by authority of K.S.A. 75-430. The Kansas Register is published weekly and a cumulative index is published annually by the Kansas Secretary of State.

Reproduction of the publication in its entirety or for commercial purposes is prohibited without prior permission. Official enactments of the Kansas Legislature and proposed and adopted administrative regulations of state agencies may be reproduced in any form without permission.

Current and back issues of the Kansas Register (HTML and PDF Format) can be found at <https://www.sos.ks.gov/publications/kansas-register.html>.
