Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 2:00 p.m. February 24, 2026, in Room 1200A, of the Eisenhower State Office Building, 700 SW Harrison, Topeka, Kansas, to consider the adoption of proposed changes to the existing rules and regulations of the Department of Administration.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Office of Accounts and Reports, Attn: Jennifer Efird, 700 SW Harrison, Suite 300, Topeka, KS 66603, or by email to jennifer.efird@ks.gov. All interested parties will be given a reasonable opportunity to present their views orally regarding the adoption of the proposed changes during the public hearing. In order to provide all parties with an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulations and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Jennifer Efird at 785-368-8165 or TTY 800-766-3777. Handicapped parking is located across the street from the north entrance of the Eisenhower State Office Building.

Copies of the proposed regulations and the economic impact statement for the proposed changes to the regulation can be obtained at the following Web site: <https://admin.ks.gov/offices/accounts-reports/links>. A summary of the proposed regulation and the economic impact follows:

K.A.R. 1-16-6, 1-16-8, 1-16-15, and 1-16-18 set reimbursement methods for State of Kansas employees traveling on official business. Kansas uses subsistence rates based on the U.S. General Services Administration (GSA) Federal Travel Regulations, which are reviewed quarterly. The state adopted these federal rates on January 1, 2016, retaining quarter-day meals and incidental reimbursements for the first and last travel days. The proposed amendments change this approach to a flat 75% of the applicable meals and incidental expense (M&IE) rate for the first and last day of travel, aligning Kansas policy with federal regulations.

The proposed amendment to K.A.R. 1-16-18 clarifies same-day travel meal reimbursement. The current rule, created in 2002, provides a meal when employees travel three or more hours beyond their regular workday. Code of Federal Regulations per diem rules allows reimbursement only when an employee is in travel status for more than 12 hours. The amendment updates Kansas regulations to align with federal per diem guidelines.

The Department of Administration notes that M&IE reimbursements under the current quarterly method versus federal first and last day rates may favor either the agency or the traveler resulting in minimal economic impact to the State of Kansas.

(D) If paid in a lump sum cash payment, all top prize amounts will be rounded to the nearest whole dollar.

(2) Except as provided in these rules, the second prize (prize level number 2) winner will be paid \$100,000.00 a year for life. A second prize winner may request the cash option, which shall be \$2,200,000.00 unless a different amount is agreed to between the selling lotteries and posted on the Kansas lottery's website. Under certain circumstances, as detailed below, the second prize is required to be paid in a single lump sum cash payment and no annuitized payment option is available. Depending upon the number of second prize winners per a drawing, the following rules apply:

The minimum prize paid to each winner in this category shall not be less than the lowest tier prize paid in that respective drawing.

(C) The winner(s) of the second prize who do not request the cash option shall be paid their appropriate second prize share on an annual basis for a minimum period of 20 years.

(D) If paid in a lump sum cash payment, second prize amounts will be rounded to the nearest whole dollar.

(e) The following rules apply only to top prize and second prize payments:

(1) The measuring life as defined in these rules shall be determined at the time the top prize or second prize is claimed. In the event annuitized prize payments are assigned, if allowable under Kansas law, or assigned by a court order, the measuring life at the time the top prize or second prize was claimed shall not change or limit or extend the number of annuitized payments due any assignee, whether court-ordered or otherwise.

(2) An annuitant shall be paid their prize on an annual basis for life, or for a guaranteed annuity period of 20 years, whichever is longer.

Article 301.—SPECIFIC LOTTERY FACILITY GAMES AT LOTTERY GAMING FACILITIES

111-301-79. Play and payouts. (a) Before play begins, all cards shall either be shuffled by an automatic shuffling device or manually shuffled by the dealer. If manually shuffled, after the cards have been shuffled, the dealer shall offer the stack of cards to a player to be cut. The player may cut the cards by placing a cutting card provided by the dealer. The cut card shall be placed in the stack so there are no fewer than approximately 52 cards on either side of the cut card.

(b) Before any cards are dealt, each player wishing to participate in that round of play must place a blackjack wager within the limits posted at the table and may make an optional Push 22 side wager.

(c) At the commencement of each round of play, the dealer shall deal one card to the dealer face down, and then starting on the dealer's left and continuing around the table, deal the cards in the following order:

(1) One card face upwards to each spot on the table game layout in which a wager is contained; and

(2) One additional card face down to the dealer, at which time the dealer shall turn the dealer's first card face up and place it on top of the dealer's second card.

(d) Whenever the first card dealt to the dealer is an ace, each player shall have the right to make an insurance bet which, except as otherwise provided herein, shall win if the dealer's second card is a king, queen, jack or 10 and shall lose if the dealer's second card is an ace, 2, 3, 4, 5, 6, 7, 8, or 9. An insurance bet may be made by placing on the insurance line of the table game layout an amount up to one-half the amount bet on the player's original blackjack wager.

(e) If the dealer's face up card is an ace, king, queen, jack or 10, then using the peeking device at the table, the dealer will then check the dealer's second card to determine if it constitutes a blackjack. If the dealer has a blackjack, the dealer will turn the dealer's first card face up, collect all original blackjack wagers and Push 22 wagers, and pay all insurance wagers at odds of two to one, at which time that round of play is over.

(f) If the dealer does not have a blackjack, the dealer will collect all losing insurance wagers. Beginning with the player to the dealer's left, the dealer shall then have each player indicate whether the player wishes to stand by maintaining their current hand, hit by requesting an additional card or double down by wagering any

additional amount up to the total sum of wagers the player already has in play at that time. This process shall be repeated until the player stands or the cumulative point value of the player's hand exceeds 21. If the player's first card is an ace, the player shall only receive one additional card. If the player's hand constitutes a blackjack, no double down is allowed. No splitting of pairs is permitted.

(g) If the player's hand constitutes a blackjack, the player shall immediately be paid at odds of three to two.

(h) As each player indicates the player's decision(s), the dealer shall deal face upwards additional cards, if any, necessary to effectuate such decision.

(i) If the cumulative point value of a player's hand exceeds 21, the player's blackjack wager shall be collected, the dealer shall remove that player's cards from the table game layout and that player shall not participate further in that round of play, except a Push 22 wager made by that player shall remain in play and will be settled at the appropriate time.

(j) After the decision(s) of each player has been implemented and all additional cards have been dealt, the dealer shall turn the dealer's second card face up. If needed, the dealer shall then draw additional cards to the dealer's hand face up until the dealer has:

- (1) A hard total of 17, 18, 19, 20, or 21, whichever comes first; or
- (2) A soft total of 18, 19, 20, or 21, whichever comes first.

(k) All remaining wagers shall then be settled as follows:

- (l) If the cumulative point value of the dealer's hand is less than the player's hand or if the cumulative point value of the dealer's hand exceeds 21, the player's blackjack wager shall be paid at the odds of one to one;
- (2) If the cumulative point value of the player's hand is less than the dealer's hand and the dealer's hand has a cumulative point value of 21 or less, the player's hand shall lose, and the dealer shall collect the player's blackjack wager;
- (3) If the cumulative point values of the dealer's and player's hands are equal, the hands will be a push and the player's blackjack wager will be returned to the player; and
- (4) If the cumulative point value of the dealer's hand is anything other than 22, each Push 22 wager shall lose, and the wagers shall be collected by the dealer. If the cumulative point value of the dealer's hand is exactly 22, the dealer shall pay each Push 22 wager at odds of eleven to one. (Authorized by K.S.A. 2025 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2025 Supp. 74-8710; effective, T-111-7-9-25, June 18, 2025; amended, T-111-12-5-25, Nov. 12, 2025.)

Prior to the first card being dealt, each player also has the option of making a king's crest side wager, a pair plus side wager, or both side wagers.

- (b) After the cards are shuffled, the dealer shall place face down the first stack of two community cards on the designated area of the gaming table layout followed by placing face down the second stack of two community cards on the designated area of the gaming table layout.
- (c) Starting from the dealer's left and moving right, the dealer shall then deal face down three cards to each player.

(d) Players shall then have the choice to either fold or make a play wager. If the player folds, the player will lose the player's ante and blind wagers but shall still be eligible for any side wagers made. If the player places a play wager, the wager must be one, two, three or four times the amount of their original ante wager.

(e) After all players have made their choice to fold or make a play wager, the dealer shall turn both stacks of community cards face up. If any king's crest side wagers were made, the dealer shall then settle those wagers.

(f) Moving from the dealer's right to left, the dealer shall then turn each player's three cards face up and combine each player's cards with the first and second community card stacks. The dealer shall then determine the highest-ranking poker hand that can be achieved using the player's cards and one of the two community card stacks, pay any winning wagers based on the payable and collect any losing wagers.

(g) If any pair plus side wagers were made, the dealer shall then settle those wagers.

(h) Minimum and maximum wagers are posted at each table and are determined by supervisory casino operations personnel.

(i) After all wagers placed by a player are settled, the player's cards shall then be immediately collected by the dealer. (Authorized by K.S.A. 2025 Supp. 74-8710 and K.S.A. 74-8748; implementing K.S.A. 2025 Supp. 74-8710; effective, T-111-12-5-25, Nov. 12, 2025.)
