The State Economic Opportunity Office (SEOO) of the Department of Social and Rehabilitation Services has adopted the following selection criteria in judging applications for fiscal year 1983 funds under the Community Services Block Grant. Requests for Proposals for fiscal year 1983 projects under this grant were let by the SEOO on May 7, 1982. The application deadline is June 15, 1982. Notice of intent to let the Request for Proposals was published in the Kansas Register May 6, 1982. For further information contact Barbara Huppee, Community Services Block Grant Coordinator, at 913-296-2458.

Needs Assessment—a thorough description of the nature and scope of the problems in the community that the proposed project seeks to address. This section should identify the individual problems of the low income community, the number of people affected, the method used to identify the problem, and the quantifiable documentation of the existing problems. 25

Project Narrative—a thorough description of the measurable objectives and activities that the applicant will undertake to alleviate the problems identified in the needs assessment. For each objective the applicant should identify the target population, number to be served, change in client circumstances and results expected, and the specific activities that the applicant will undertake to meet the objectives. 30

Service Delivery Systems—a description of the system, method and personnel the applicant intends to use to deliver services to clients. 15

Planning and Coordination—a description with accompanying documentation of the manner in which the proposed project was planned and will be conducted with the participation and cooperation of other local social service agencies. 15

Schedule of Events—a list of the major milestones that must be completed in order to achieve project objectives. 10

All of said bonds will be negotiable coupon bonds, in the denomination of \$5,000.00 each. All of said bonds will be dated July 1, 1982, and will mature serially without option of prior payment, as follows:

\$85,000.00—March 1, 1983

\$90,000.00—March 1, 1984 to 1992,  
inclusive

and shall not be subject to prior payment.

Proposals will be received on bonds bearing such rate or rates of interest as may be specified by the bidders, provided, however, that not more than five different rates shall be specified in any bid and the same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of one-eighth or one-twentieth of one percent and no interest rate shall exceed the maximum permitted by the laws of the State of Kansas. No bid of less than par and accrued interest shall be considered. Any bid specifying the use of supplemental coupons or more than one interest rate within a single maturity will not be considered.

Each bid shall specify the total interest cost to the City during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the total net interest cost and the average annual net interest rate to the City on the basis of such bid. It shall be understood that the City may rely upon the representation as to the total net interest cost in awarding the bonds to the bidder submitting the best bid.

Interest on said bonds will be payable on March 1, 1983, and thereafter semi-annually on September 1 and

March 1 in each year. Both principal and interest on said bonds will be payable at the office of the State Treasurer, in the City of Topeka, Kansas.

The cost of printing said bonds will be paid by the purchaser. Said bonds, duly executed and registered, will be delivered by the City and said bonds will be sold subject to the legal opinion of Fred W. Rausch, Jr., whose unqualified approving opinion will be furnished and paid for by the City. The legal opinion will be printed on each bond. Other legal services in connection with the issuance of said bonds will be paid by the City.

All of said bonds will constitute general obligations of said City, payable both as to principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount upon all tangible taxable property, real and personal, within the territorial limits of said City.

Said City has an assessed taxable, tangible valuation of \$39,284,969.00 and a bonded indebtedness of \$6,541,000.00, including this issue of \$895,000.00. Each bid shall be accompanied by a certified or cashier's check for two percent of the total amount of such bid. The City reserves the right to reject any and all bids. Bids will be submitted in writing, sealed and marked, "Bond Bid." In the event any purchaser whose bid is accepted shall fail to carry out his contract, said deposit shall be paid to the City as liquidated damages. The checks of unsuccessful bidders will be returned.

**SECRETARY OF STATE**

**KANSAS PUBLIC  
DISCLOSURE COMMISSION  
Advisory Opinion No. 82-9**

Written May 21, 1982 to Michael W. Goodwin, 2633 SE Eveningtide Way, Topeka, Kansas 66605.

This opinion is in response to your letter of April 9, 1982, in which you request an opinion from the Kansas Public Disclosure Commission.

We note at the outset that the Commission's jurisdiction on this matter is limited to the applicability of K.S.A. 46-215 *et seq.* and K.S.A. 75-4301 *et seq.*, the latter of which does not apply to your question. Thus, whether some other common law, statutory system or agency policy guidelines apply to your question is not covered by this opinion.

We understand you to request this opinion in your capacity as an Appraiser III in the Public Service Company Bureau of the Division of Property Valuation, Kansas Department of Revenue. You have provided to us a detailed description of your job duties which include responsibility for administering and compilation of value indicators utilized in determining the value of public utilities for purposes of assessment of ad valorem taxation.

You advise us you are nearing completion of a microcomputer program which you were asked to develop for a privately endowed educational foundation outside the State of Kansas, and according to your agreement, you both have individual rights to the program. You state the program has been developed with the approval of the Division on your own time, outside normal working hours, and at your expense. Your original agreement provided that you would develop and document the program for a fee of \$4,000.00. Your second and existing agreement covers the development of new features and some redesign of the original version for a fee of \$3,200.00, a part of which has been received to date. You indicate you have appropriately filed the required public disclosure statements with the Secretary of State as required by law.

You also advise us that the program is designed to be used for education and research as well as to assist in the appraisal of special purpose properties, such as public utilities. The program is being written in such a manner as to be unbiased toward any particular appraiser's approach to valuing such property. The program encompasses the majority of recognized techniques and procedures which are used by appraisers throughout the country. The user structures the manner in which values may be computed by selecting from a variety of techniques and assumptions. Consequently, the results obtained by use of the system are dependent upon the judgment and experience of the appraiser as well as the accuracy of the data used.

You state that you are interested in marketing the program, but would not sell it to any entity which you deal with on behalf of the State of Kansas.

Based on this factual situation, you ask whether it would be a conflict of interest for you to market the program to entities outside of the State of Kansas with which you are uninvolved in your capacity as a state official during your tenure of service as a state employee.

The Commission has reviewed K.S.A. 46-215 *et seq.* in its entirety and based on the factual situation provided to us, it is our opinion so long as the entities to whom you market the program do not have a "special interest" as that term is defined in K.S.A. 46-228 that no conflict of interest would exist under the sections just cited above.

We would also note that if any such entity or business combined with it were to be later involved in any negotiations for agreements with the State of Kansas, under most circumstances you would be prohibited in your capacity as a state employee from participating on behalf of the State in any such negotiations.

Chairman

## ATTORNEY GENERAL

## OPINION NO. 82-115

Counties and County Officers—Destruction of Records and Documents—Time Limitations. Representative Robert D. Miller, Russell, May 26, 1982.

The disposal or destruction of documents in the control of the county clerk is governed by specific statutes which require that county documents and records be retained seven, fifteen, or twenty years depending upon the nature of the document. Cited herein: K.S.A. 19-254, K.S.A. 19-325, K.S.A. 12-120, K.S.A. 12-121, K.S.A. 60-2702. RVE.

## OPINION NO. 82-116

Intoxicating Liquors and Beverages—Prohibited Acts and Penalties—Consumption of Alcoholic Beverages on Public Property. Stan Martin, City Attorney for the City of Herington, Abilene, June 1, 1982.

K.S.A. 41-719, which prohibits *inter alia* the consumption of alcoholic liquor on public property, is a legislative enactment which does not apply uniformly to all cities. Hence, a city to which this enactment applies may exempt itself by charter ordinance from the whole or any part thereof, and may also provide substitute or additional provisions, so as to permit consumption of alcoholic liquor on specified city property. However, the consumption of alcoholic liquor on such property remains subject to the limitations of the Private Club Act (K.S.A. 41-2601 *et seq.*), which has as its purpose the regulation and control of all consumption of alcoholic liquor by any person in this state. Thus, where a charter ordinance exempts a city from the prohibitions of K.S.A. 41-719, but authorizes consumption of alcoholic liquor on city property in a manner which is in conflict with the Private Club Act, such conflicting provisions are invalid. Accordingly, the provisions of Herington's Charter Ordinance No. 8 which authorize consumption of alcoholic liquor in the Herington Community Building irrespective of whether the general public has access are invalid since they contravene the limitations prescribed by the Private Club Act. Cited herein: K.S.A. 41-719, 41-2601, 41-2602, 41-2604, 41-2609, 41-2615, 41-2623, Kan. Const., Art. 12, § 5. WRA.

## OPINION NO. 82-117

Corporations—Cemetery Corporations—Detachment of Portion of Cemetery District; Procedure. Rodney K. Lyons, Stafford County Attorney, St. John, June 1, 1982.

A cemetery district which desires to transfer a portion of its territory to a township cemetery district may, at its option, follow the procedures of either K.S.A. 17-1356 *et seq.* or K.S.A. 17-1359 *et seq.* Under both acts, the final decision rests with the board of county commissioners, who must determine that the correct procedures have been followed before approving the transfer. Cited herein: K.S.A. 12-1405, 17-1330, 17-1356, 17-1359, 17-1360, 17-1362, K.S.A. 1981 Supp. 79-1801, K.S.A. 79-1962. JSS.

## OPINION NO. 82-118

State Boards, Commissions and Authorities—State Board of Technical Professions—Practice of Land Surveying by Unlicensed Persons. Jean A. Barbee, Executive Secretary, Board of Technical Professions, Topeka, June 2, 1982.

K.S.A. 74-7001(a) requires that one be professionally qualified as well as hold a license or certificate of authorization from the Board in order to practice any of the technical professions. Therefore, other than the exceptions found in K.S.A. 74-7034 and those which might apply in K.S.A. 74-7035, land surveyors are exclusively authorized to prepare original descriptions of real property for conveyance or recording. Cited herein: K.S.A. 74-7001, 74-7003, 74-7029, 74-7034, 74-7035, 74-7036. JLY.

## OPINION NO. 82-119

Statutes—Rules and Regulations—Scope and Extent of Filing Act. Senator Ron Hein, Topeka, June 2, 1982.

The terms defined in K.S.A. 1981 Supp. 77-415(4) (as amended by section 1 of 1982 House Bill No. 2712) have the meanings ascribed thereto only when such terms are used in the Rules and Regulations Filing Act (K.S.A. 1981 Supp. 77-415 *et seq.*, and amendments thereto), except where it is clear that the use of such terms in other statutes is intended by the legislature to convey such meanings. Thus, plans, bulletins, policy manuals and other documents issued by state agencies are not rules and regulations under the filing act, unless they meet the definitional criteria of "rule and regulation" in K.S.A. 1981 Supp. 77-415(4) (as amended). However, unless otherwise specifically provided by statute, such plans, bulletins, policy manuals and other documents which satisfy these definitional criteria do not have the force and effect of law, unless they are promulgated as rules and regulations pursuant to the filing act and filed with the Office of the Revisor of Statutes.

Unless altered by legislative enactment, the procedure prescribed in the filing act for legislative oversight and review of rules and regulations may not be extended so as to include plans, bulletins, policy manuals and other documents of state agencies which have not been promulgated in compliance with the filing act. Cited herein: K.S.A. 46-1201, 46-1206, K.S.A. 1981 Supp. 72-961, K.S.A. 1981 Supp. 77-415, 77-416, 77-420 and 77-421 (as amended by sections 1, 2, 3 and 4, respectively, of 1982 House Bill No. 2712), K.S.A. 77-425, K.S.A. 1981 Supp. 77-426 (as amended by section 7 of 1982 House Bill No. 2712), 77-436; 1982 House Bill Nos. 2724 and 3151.
