**SECRETARY OF STATE**

**KANSAS PUBLIC  
 DISCLOSURE COMMISSION**

**Advisory Opinion No. 82-10**

Written June 17, 1982 to Alan F. Alderson, General Counsel, Kansas Department of Revenue, State Office Building, Topeka, Kansas 66625.

This opinion is in response to your letter of June 15, 1982, in which you request an opinion from the Kansas Public Disclosure Commission concerning the requirements for filing substantial interest statements as set out in K.S.A. 46-215 *et seq.*

We understand you to request this opinion in your capacity as General Counsel for the Kansas Department of Revenue. You advise us that the Department of Revenue, Division of Vehicles, continues to experience great difficulty in obtaining and retaining members for the Medical Advisory Board appointed by the Secretary of Revenue pursuant to K.S.A. 8-255b. You state that the reason for the difficulty is the apparent requirement for filing of statements of substantial interests under K.S.A. 46-247 *et seq.*, which has the effect of not only disclosing (or making public) the identity of the member but also requiring the member to disclose all outside financial interests in consideration of almost no compensation on behalf of the State.

You also state that the services performed by the medical advisory board are substantial in nature and the filing requirement is inimical to the operation of the board because the members need to keep their

identity as far from public scrutiny as possible in order to avoid being lobbied by persons whose driver's license file is under review. In addition, doctors do not see the need to give a detailed accounting of all their private practice and holdings in order to perform the State service for which they receive virtually nothing.

Based on this factual situation, you ask our opinion whether members of the Medical Advisory Board are members of a "State board" within the meaning of K.S.A. 46-247 who are required to file statements of substantial interest.

The Commission has reviewed K.S.A. 46-221, 46-224, 46-247, and 8-255b on the issue you have raised. It is our opinion that the language of those sections mandates the conclusion that the Medical Advisory Board is a State Board as set out in K.S.A. 46-247, and its members are required to file statements of substantial interest.

We would note, however, that there may be some misconception on the extent of reporting requirements. The Act does not require a detailed accounting of all the member's private practice and holdings. Rather, all that is required is a listing, without valuations, of those "substantial interests" as defined by law, held by the member. In this regard, we would note that the private patients who pay fees in excess of \$1,000.00 per year need not be listed. (See K.A.R. 19-41-3(e)).

In your letter you also request a list of all councils, commissions, and boards whose members file the disclosure statement. A copy of that list is enclosed.

**Advisory Opinion No. 82-11**

Written June 17, 1982 to Gary W. Richert, Executive Director, Metropolitan Topeka Airport Authority, Forbes Field, Building 303, P.O. Box 19053, Topeka, Kansas 66619.

This opinion is in response to your letter of 6/9/82 in which you request an opinion from the Kansas Public Disclosure Commission concerning K.S.A. 46-215 *et seq.*

We understand you to ask this opinion in your capacity as a registered lobbyist on your own behalf and on behalf of Mr. James W. Parrish. You advise us you and Mr. Parrish lobby on behalf of the Metropolitan Topeka Airport Authority. You receive no extra compensation from the Authority other than your normal salary for this service and Mr. Parrish is paid hourly in his capacity as an attorney.

You also advise us that neither of you nor the Authority make expenditures to any vendors concerning the lobbying nor were any gifts, honoraria, or payments made to any state officers or employees.

Based on this factual situation, we understand you to ask:

- (1) if the sole expenditures made by a lobbying organization are for salaries and fees to its lobbyists, must the lobbyist for the organization file lobbyist expenditures reports;
- (2) if expenditures are made which trigger the reporting requirement, must the lobbyist report the amount of salaries and fees to its lobbyist.

K.S.A. 46-268 and K.S.A. 46-269 apply to your questions. In addition, the Commission has adopted rules

(continued)

and regulations concerning those sections set out in K.A.R. 19-63-1. From a review of the above, it is our opinion that a lobbyist expenditure report need not be filed if the only lobbying expenses are salaries or fees to lobbyists. In addition, if a report is otherwise required, a lobbyist need not report the amount of salary or fee received but only the source thereof.

#### Advisory Opinion No. 82-12

Written June 17, 1982 to Darlene Montgomery, Program Administrator, Department of Social and Rehabilitation Services, 2700 West Sixth Street, Topeka, Kansas 66606.

This opinion is in response to your letter of May 14, 1982, in which you request an opinion from the Kansas Public Disclosure Commission.

We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.* and K.S.A. 75-4301 *et seq.*, the latter of which does not apply. Thus, whether some other common law, statutory system, or agency policy applies to your question is not covered by this opinion.

We understand you to request this opinion in your capacity as Program Administrator, Adult Services, for the Department of Social and Rehabilitation Services. From your job position description, we understand your position to be a highly responsible administrative position which carries the overall responsibility for managing the Adult and Special Services Section in the Commission of Children, Youth and Adults within the Department of SRS. Section management responsibilities include supervising, directing and coordinating 12 state-wide adult social service programs, directly supervising 4 professional program supervisors (specialists) and 2 professional clerical support staff, developing and supervising the development and implementation of policies and procedures regarding the 12 adult service programs through written manual materials and in-service training; and promoting cooperation between other SRS divisions, sections and/or units, other state and local agencies and the Adult Services Section in order to make needed, uniform, state-wide social service programs available to eligible aging, blind and disabled adult Kansans.

You also advise us that you are considering service as president-elect and subsequently president of the Community Resources Council of Shawnee County. From the by-laws of that organization, we understand its stated purpose to be to ensure that the Topeka-Shawnee County community has planned, coordinated, and efficient programs of health, education, welfare and recreational services dealing effectively with the needs of all its people.

In order to achieve this purpose, the by-laws indicate that the organization will:

study basic community needs and encourage the development of needed programs in existing agencies or the establishment of new agencies for their resolution; bring together interested organizations and individuals to discuss problems and programs, to recognize any gaps in service, and to promote better coordination of services; and develop public understanding of community services and inform

the people of Topeka-Shawnee County of existing programs.

We understand this organization to be funded in a variety of ways including United Way funding, direct contributions, and federal, state and foundation grants.

Based on this factual situation, you ask whether you may serve as president-elect and later president of the Community Resources Council of Shawnee County during your tenure as a state employee.

We have reviewed K.S.A. 46-215 *et seq.* in its entirety and find no prohibition from serving in the capacities indicated with the Council during your service as a state employee. You will, of course, have to disclose that position on your substantial interest statement if you are required to file one.

In addition, we note pursuant to K.S.A. 46-233 that you could not participate on behalf of the state on any agreements between the state and the Council.

#### Advisory Opinion No. 82-13

Written June 17, 1982 to Sterling Montgomery, Dodge City District Office, Social and Rehabilitation Services, Box 878, Dodge City, Kansas 67801.

This opinion is in response to your letter of April 7, 1982, directed to the Secretary of State and referred to this office for an opinion.

We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.* and K.S.A. 75-4301 *et seq.*, the latter sections not applying to your question. Thus, whether some other common law, statutory systems, or agency policy relates to your question is not covered by this opinion.

You state that you began employment as a Social Worker I with the Department of Social and Rehabilitation Services in Dodge City, Kansas on August 18, 1977. Since February 19, 1981, you have been classified as a Social Worker III. In this position you are involved primarily with programs under the Division of Adult Services. These include Homemaker Services to elderly and disabled, Guardianship/Conservatorship, for those declared so in need by the court, investigation of reports of adult abuse, neglect and exploitation, and working with Adult Community Based Non-Medical Facilities, specifically a facility called Arrowhead West, Inc.

In working with Arrowhead West, you advise us your tasks were to monitor compliance with state license and certification regulations, monitoring of Title XX continued compliance and locally reviewing Arrowhead grant requests from Social and Rehabilitation Services.

Your review dealt with making certain the forms were properly completed. Thereafter, the forms were forwarded to the central office for consideration. We assume from the tenor of your letter and a later letter addressed to our counsel that you made no recommendations concerning the grant request. In any event, you advise us that at no time have you ever had authority to approve, sign, or commit SRS to any contract, grant, or licensing request.

You state that Arrowhead West has a job opening for a Program Coordinator and you are interested in applying for that position.

(continued)

You ask whether it would violate the conflicts laws to accept the position with Arrowhead West.

Enclosed you will find a copy of Opinion No. 78-30 which sets out the applicable law and an evaluation to a very similar circumstance to what you have described. It is our opinion here, based on the information contained in this opinion, while it is a close factual question that you can accept employment with Arrowhead West upon termination of state employment.

#### Advisory Opinion No. 82-14

Written June 17, 1982 to Donald J. Madsen, 308 Shoshone Road, Hiawatha, Kansas 66434.

This opinion is in response to your letter of May 12, 1982, in which you request an opinion from the Kansas Public Disclosure Commission.

We note at the outset that the Commission's jurisdiction in this matter is limited to the application of K.S.A. 46-215 *et seq.* and K.S.A. 75-4301 *et seq.*, the latter of which does not apply. Thus, whether some other common law, statutory system, or agency policy or guideline applies to your question is not covered by this opinion.

You request this opinion in your capacity as a social service supervisor with the Department of Social and Rehabilitation Services. You describe your primary job duties to include the provision of services such as child abuse and neglect investigations, foster care services for children, day care, homemaker services, and mental health and retardation services.

You advise us that you have no responsibilities for financial or medical eligibility determinations and decisions about finances, payment and eligibility for nursing home care are made at the state level based upon medical need.

We understand you are contemplating an investment in a nursing home facility which would provide approximately a 5% to 8% interest to you in the facility.

Based on this factual situation, you ask whether you may make the investment in the nursing home during your tenure as a state employee with the above job duties.

The Commission has reviewed K.S.A. 46-215 *et seq.* in its entirety and, based on the factual situation provided to us, find no prohibitions for your purchase of the interest you have described.

We would advise you to be mindful, once you have made the purchase, to avoid any participation on behalf of the State in agreements with or placements at the facility in which you hold the interest.

RICHARD E. DIETZ, Chairman  
By Direction of the Commission

Filed with the Secretary of State June 26, 1982.

**STATE CORPORATION COMMISSION**

In the matter of the general )  
investigation into the Inter- )  
est Rate paid on Deposits of ) Docket No. 134,094-U  
Customers of Municipal and )  
Privately Owned Utilities )

**STAFF COMMENTS**

As directed in the order dated June 24, 1982, in Docket No. 134,094-U, Staff hereby presents alternatives and suggestions for the consideration of the Commission and all interested parties on the issue of the interest rate to be paid on the deposits of customers of the municipal and privately owned utilities. The statute previously governing this rate (K.S.A. 12-822) was amended by the 1982 Legislature to change the required rate from 5% per annum to a rate to be determined by the Commission.

This change in the determination of the proper rate may be due, in part, to the recent changes in the market place. The various market interest rates have been in a state of flux over the last few years. There is some feeling that the customer deposit rate should be reviewed to see if it should not reflect the changes that have occurred in the market in general.

In order to review the rates, one should first consider the nature of customer deposits and their purpose. Customer deposits are intended to provide a guarantee, a surety, for payment of bills for those customers with unsatisfactory credit records or for those who have misused or abused their utility service. By Commission policy, the amount of the deposit "shall not exceed the amount of a projected average two month's bill(s) for residential customers. For other customers, such deposit shall not exceed the amount of the projected largest two month's bill(s)."

Staff suggests that an interest rate be fixed annually. An annual determination would minimize administrative costs while retaining flexibility to make adjustments reflecting changing interest rates. The annually-affixed interest rate would apply to all deposits made on or after the date that the rate is established.

If such administrative costs prove to be too large, or if the implementation of a floating rate proves to be too uncertain or confusing, then the Commission might like to consider a fixed rate standard as an alternative.

(continued)

This rate might be tied to a very conservative, slowly changing asset, like U.S. Savings Bonds, but even this investment may change to a floating yield in order to reflect fluctuating interest rates.

**Staff Recommendations**

Consistent with the foregoing discussion, Staff submits the following recommendations.

A. Staff proposes a discount of the published rates in the range of 30-40%. This would be similar to the discount given to the All-Savers Certificate. The discount is justified because:

1. Deposits are not investments and therefore the market interest rate is not required.
2. Deposits entail little or no risk to the customer.

On the other hand, these deposits represent an amount of funds, the size varying with the customer and his (her) usage, that is tied up for a fixed period of time. These funds obviously have a cost entailed, but it is probably not equal to the full opportunity cost that may seem reasonable because these funds are *not* an investment, but are a guarantee.

This apparent dichotomy may be reconciled. We propose that the rate to be paid on customer deposits be tied to a well-known, and widely published interest earning asset, such as United States Treasury Bills (T-Bills) or the money market funds, but that this rate be discounted by some percentage in order to acknowledge that the deposits do not represent an investment in a financial asset. In this manner, the rate set by the Commission would be similar to the All-Savers Certificate, a relatively risk-free, tax-free instrument. Current examples of the aforementioned assets and their associated rates are appended to these comments.

There would be several advantages to this type of a system. The use of a rate tied to T-bills provides a rate that is easily determined and readily available. A floating proposal would also represent a balance between the customers and the utilities: the customers would benefit by the recognition in a current manner, of the income they have foregone by having their funds held by the utility; the utility would benefit from a floating rate in that the deposit rate could be adjusted downward if interest rates fall.

The disadvantages to this proposal appear to be mostly administrative in nature. The rates that we have mentioned change frequently, often weekly, and thus would prove impossible to implement on that basis. If an average rate could be composed, based upon the floating rate, or if the spot rate on a given date would prove agreeable, then the rate could be set annually, bi-annually or annually with a periodic review, depending upon the administrative costs involved.

The results of such a discount range applied to current spot rates are shown on the appended schedule.

B. Staff also recommends that the interest rate established be redetermined annually to adjust the rate for market interest rate fluctuations.

**\$972,000.00**  
**GENERAL OBLIGATION BONDS**  
**OF THE**  
**CITY OF AUGUSTA, KANSAS**

The CITY OF AUGUSTA, KANSAS will receive sealed bids at the OFFICE OF THE CITY CLERK, CITY HALL, 6TH AND SCHOOL, AUGUSTA, KANSAS, until 2:00 o'clock P.M., C.D.T., on **MONDAY, AUGUST 2, 1982**

for \$972,000.00 par value GENERAL OBLIGATION BONDS of the City, at which time and place such bids will be publicly opened. No oral or auction bids will be considered.

All of the Bonds will be negotiable coupon bonds, will be in denominations of \$5,000.00 each, except Bond No. 1 in denomination of \$7,000, and the Bonds will be dated August 1, 1982. The Bonds will mature serially in accordance with the following schedule:

Principal Amount	Maturity Date
\$77,000	September 1, 1983
80,000	September 1, 1984
80,000	September 1, 1985
80,000	September 1, 1986
80,000	September 1, 1987
80,000	September 1, 1988
85,000	September 1, 1989

30,000	September 1, 1994
30,000	September 1, 1995
30,000	September 1, 1996
30,000	September 1, 1997

(continued)

Interest on the Bonds will first be payable on September 1, 1983, and thereafter semiannually on the first days of March and September in each year until the Bonds are fully paid. Both the principal of and interest on the Bonds will be payable to bearer at the Office of the State Treasurer in the City of Topeka, Kansas.

Proposals will be received on the Bonds bearing such rate or rates of interest, not exceeding four (4) different interest rates, as may be specified by the bidder. The repetition of a rate will not constitute one of said maximum number of rates. The same rate shall apply to all Bonds of the same maturity. Each interest rate specified shall be in an even multiple of one-eighth (1/8th) or one-tenth (1/10th) of one percent (1%). The difference between the highest and lowest coupon rates specified in any bid shall not exceed two percent (2%). No interest rate shall exceed the maximum rate allowed by Kansas Law; said rate being two percent (2%) above the Bond Buyer's 20 Bond Index, published on Monday, July 26, 1982, and no bid of less than par and accrued interest will be considered. Bids involving the use of extra or supplemental coupons will not be considered. Bids for less than the entire issue of Bonds will not be considered.

Bids shall be submitted on the OFFICIAL BID FORM furnished by the City, and shall be addressed to the City at CITY HALL, 6TH AND SCHOOL AUGUSTA, KANSAS 67060, ATTENTION: FRED H. ORTMANN, CITY CLERK, and shall be plainly marked BOND BID. All bids must state the total interest cost of the bid, the premium, if any, the net interest cost of the bid, and the average annual interest rate, all certified by the bidder to be correct; and the City will be entitled to rely on the certificate of correctness of the bidder. Each bid must be accompanied by a certified or cashier's check equal to Two percent (2%) of the total amount of the bid, and shall be payable to TREASURER, CITY OF AUGUSTA, KANSAS. In the event a bidder whose bid is accepted shall fail to carry out his Contract of Purchase, said deposit shall be retained by the City as liquidated damages. The checks of unsuccessful bidders will be returned promptly.

The Bonds, duly printed, executed and registered, will be furnished and paid for by the City; and the Bonds will be sold subject to the unqualified approving opinion of GAAR & BELL, Bond Counsel, of Wichita, Kansas, whose opinion will be paid for by the City. The purchaser will be furnished with a complete Transcript of Proceedings evidencing the authorization and issuance of the Bonds; and the usual closing proofs which will include a Certificate that there is no litigation pending or threatened at the time of delivery of the Bonds affecting their validity. Delivery of the Bonds will be made to the successful bidder on or before SEPTEMBER 15, 1982, at any bank in the STATE OF KANSAS or KANSAS CITY, MISSOURI, at the expense of the City. Delivery elsewhere will be made at the expense of the purchaser.

It is anticipated that CUSIP identification numbers will be printed on the Bonds; but neither the failure to

print such numbers on any Bond or any error with respect thereto shall constitute cause for a failure by the successful bidder to accept delivery of and pay for the Bonds in accordance with the terms of its Contract and this Notice of Bond Sale. All expenses in connection with the printing of CUSIP numbers on the Bonds shall be paid for by the City.

The Bonds will constitute general obligations of the City, payable as to both principal and interest from the collection of special assessments which have been levied on benefited property; but if not so paid, then said principal and interest will be payable from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the City. The Bonds are being issued for the purpose of water, street and sewer improvements within the City.

The sealed bids for the Bonds shall be opened publicly and only at the time and place specified in this Notice; and the Bonds will be sold to the best bidder. The City reserves the right to reject any and/or all of the bids, and to waive any irregularities. Unless all bids are rejected, the Bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the City; and the net interest cost will be determined by deducting the amount of any premium paid from the aggregate amount of interest upon all of the Bonds from their date until their respective maturities.

Assessed valuation figures for the City of Augusta, Kansas, for the year 1981, are as follows:

Real Estate .....	\$ 9,717,920
Personal .....	2,621,470
Utilities .....	996,514
Total .....	<u>\$13,335,904</u>
Motor Vehicles .....	<u>3,802,506</u>
Grand Total .....	\$17,138,410

The total general obligation bonded indebtedness of the City of Augusta, Kansas, at the date hereof, including this \$972,000.00 proposed issue of Bonds, is in the amount of \$2,069,146.

DATED July 5, 1982.

The Bonds will constitute General Obligations of the City, payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable, tangible property within the territorial limits of the City. The Series 169 Bonds are being issued in the principal amount of \$7,600,000\* for the purpose of providing funds, together with other legally available funds of the City, to refund certain portions of General Obligation Bond Issues of the City aggregating the principal amount of \$5,025,000.00 and to finance the construction of a Public Safety Building to house the Police Department and Main Fire Station of the City. The outstanding Bonds to be refunded were issued as nine (9) separate series of General Obligation Bonds pursuant to the authorization of the City.

The sealed bids for the Bonds shall be opened publicly and only at the time and place specified in this Notice. The City reserves the right to reject any and/or all of the bids, and to waive any irregularities. Unless all bids are rejected, the Bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the City; and the net interest cost will be determined by deducting the amount of any premium paid from the aggregate amount of interest upon all of

the Bonds from their date until their respective maturities.

Assessed valuation figures of the City of Olathe, Kansas, for the year 1981, are as follows:

Equalized assessed valuation of taxable tangible property .....	\$102,520,119
Assessed tangible valuation of motor vehicles .....	\$ 15,021,081
Equalized tangible valuation for computation of bonded indebtedness limitations .....	<u>\$117,541,200</u>

The total bonded indebtedness of the City of Olathe, Kansas, at the date hereof, including this proposed issue of Bonds in the amount of \$7,600,000, is in the amount of \$22,175,670. The City of Olathe, Kansas has Temporary Notes outstanding in the amount of \$825,000 which will be redeemed and canceled from the proceeds of this proposed issue of Bonds and from other funds available to the City.

\* Subject to adjustment as noted herein.
