ATTORNEY GENERAL

OPINION NO. 83-119

Taxation—Mortgage Registration—Instruments Subject Thereto and Exemptions Therefrom. Fred W. Johnson, Labette County Counselor, Parsons, August 9, 1983.

(1) A mortgage registration fee must be collected before any mortgage of real property can be filed for record in the register of deeds' office.

(2) An executory contract for the sale of real property which has the characteristics described in K.S.A. 79-3101 is a mortgage of real property for purposes of the mortgage registration fee statutes. Consequently, no such contract can be filed of record without payment of a mortgage registration fee. Moreover, since the law does not permit that to be done by indirection which cannot be done directly, a document, which incorporates by reference, or which gives notice of the existence of the provisions of an executory contract for the sale of real property, cannot be filed of record without payment of a mortgage registration fee on the executory contract, unless such document is an affidavit of equitable interest as described in K.S.A. 1982 Supp. 79-3102(5).

(3) To qualify for exemption under K.S.A. 1982 Supp. 79-3102(5), an instrument must be: (A) an affidavit; (B) signed and sworn to (or affirmed) by a purchaser of real property under an executory contract having the characteristics described in K.S.A. 79-3101; and (C) given solely for the purpose of providing notification by a purchaser of real property under an executory contract for the sale of real property of his or her interest in the real property.

(4) A written instrument which gives notice of a purchaser's equitable interest in real property and which also creates a lien on that equitable interest is not an instrument described in the fifth exemption of K.S.A. 1982 Supp. 79-3102. Such an instrument is not given *solely* for the purpose of giving notice of a purchaser's equitable interest in real property.

(5) Since the exemption provided for in K.S.A. 1982 Supp. 79-3102(5) is available only to a purchaser of real property under an executory contract for the sale of real property having the characteristics described in K.S.A. 79-3101, the exemption is not available to a person who lends money to a purchaser of real property under an executory contract for the sale of real property and claims a lien on the purchaser's interest in the real property as security for repayment of the money loaned.

(6) If an instrument by which the purchaser of real property under an executory contract for the sale of real property mortgages his or her interest in the real property references the executory contract through which the purchaser acquired his interest in the property, instead of referencing an affidavit of equitable interest filed by such purchaser, then the instrument cannot be filed of record without a mortgage registration fee being paid on both the mortgage thereby created and on the executory contract through

which the purchaser acquired his interest in the real property.

(7) A mortgage of real property may secure both current indebtedness and future advances. However, a mortgage of real property which contains a future advances clause secures only the maximum amount stated in the mortgage. Consequently, the mortgage registration fee due on any such mortgage should be based upon the maximum amount stated in the mortgage. OPINION NO. 83-120

Cities and Municipalities—Abatement of Nuisances—Assessment of Costs. Representative Betty Jo Charlton, Forty-Sixth District, Lawrence, August 9, 1983.

Ordinance No. 5380 of the city of Lawrence, which prescribes procedures for the abatement of weed nuisances, does not violate the Due Process Clause of the Fourteenth Amendment to the U.S. Constitution, is not unconstitutionally vague, does not confer arbitrary powers upon an administrative official, and is not invalid because it fails to provide for appeal of an administrative finding prior to abatement by the city. OPINION NO. 83-121

Cities, Second Class—Powers and Duties of Mayor—Powers of Mayor. R. L. Leslie, Nickerson City Attorney, Hutchinson, August 9, 1983.

Pursuant to Ordinance No. 2-638 of the city of Nickerson, the mayor of the city of Nickerson may, for cause, remove the incumbent holding the office of Water and Sewer Superintendent. However, except in emergency situations, the mayor must afford said officeholder the opportunity for a due process hearing before a decision is made to remove the officer. STATE BOARD OF EDUCATION

**NOTICE OF HEARING
ON PROPOSED PERMANENT
ADMINISTRATIVE REGULATIONS**

TO ALL TEACHERS, ADMINISTRATORS, BOARDS OF EDUCATION, TRUSTEES AND CONTROL, TEACHER TRAINING INSTITUTIONS, SCHOOL AND COMMUNITY COLLEGE DISTRICTS, AND ALL OTHER PERSONS WHOM IT MAY CONCERN:

You are hereby notified that the Kansas State Board of Education will hold a public hearing in the first floor conference room of the Kansas State Board of Education, Kansas State Education Building, 120 East Tenth Street, Topeka, Kansas 66612 on the 13th day of September, 1983, beginning at 1:30 p.m. of said day, to consider in substance the proposed changes of the Kansas Administrative Regulations (K.A.R.) of state agency 91, numbered K.A.R. 91-12-22, 31, 37, 39, 40, 41, 43 (revocation), 53, 55, 56, 57, 58 and 60, which said board proposes to adopt as soon thereafter as the same has been put in final order, as permanent regulations, to become regularly effective May 1, 1984, and the proposed changes in the Kansas State Plan for Special Education which is to become effective July 1, 1983, upon adoption by the state board and approval of the Governor.

The rules and regulations relate generally to: Special Education; and more particularly to: Special Education Rules and Regulations. The above-numbered regulations were reviewed by the Joint Committee on Administrative Rules and Regulations and its recommendations were incorporated in the following: 91-12-31 deletes the requirement for a full time director of special education; 91-12-41 is an amendment that adds the requirement of a ten day timeline for prior notice to parents regarding IEP conferences; 91-12-43 is a redundant regulation regarding confidentiality of student records and therefore is being revoked. The following regulations were proposed by the Department of Education: K.A.R. 91-12-22 are definitions and this amendment places them in alphabetical order; 91-12-37 deletes the requirement for parental consent to transport students; 91-12-40 broadens the preassessment procedure to all handicapped children that was formerly required only for LD students; 91-12-53 includes new class size/caseload requirements for speech/language impaired students. Amendments of 91-12-39, 55, 56, 57, 58 and 60 contain only editorial changes.

Fiscal Impact Statement for Article 12 relates that the proposed permanent regulation(s) numbered K.A.R. No. 91-12-22, 37, 39, 41, 43, 55, 56, 57, 58, and 60 will require no additional cost.

The proposed changes which are substantive include: K.A.R. 91-12-31: Full time special education administrators will no longer be required. This requirement will not affect many local education agencies. Only two districts/cooperatives with enrollments over 5,000 have part time special education adminis-

trators. Should other districts reduce the amount of administrative time devoted to special education, the amount of categorical aid paid for those services, approximately \$10,000 per position, would also be reduced but is not anticipated in Fiscal Year 1984. These changes in K.A.R. 91-12-31 would not incur additional costs, but might lower costs slightly in the future. K.A.R. 91-12-40: Preassessment procedures will be required for all handicapped students prior to comprehensive evaluation formerly required for children suspected of having a learning disability only. Many districts already require building level preassessments. No additional staff will be required for this proposed procedure. Preassessment, if properly carried out, will reduce the possibility of unnecessary comprehensive evaluation for children who do not need special education. Therefore, no fiscal impact related to this regulation is anticipated. K.A.R. 91-12-53: Class sizes for speech/language programs are being proposed to be revised. The proposed change in caseload should not increase program costs. The proposed criteria could help LEAs to better utilize existing speech/language personnel.

The revised Kansas State Plan for Special Education relates generally to the following: The revised plan incorporates K.A.R. 91-12-22 *et seq.* and the proposed revisions thereto. The substantive provisions of Article 12 are included in the plan which sets forth the State Board's goals, objectives, policies and requirements regarding special education. Major changes in the plan are related to the proposed revisions to Article 12: (a) Full time special education administrators will no longer be required for a local education agency with an enrollment in excess of 5,000 students (K.A.R. 91-12-31); (b) preassessment procedures will be required for all exceptional children (K.A.R. 91-12-40); class sizes for speech/language programs will be revised and will vary according to the intensity of service provided (K.A.R. 91-12-53).
