ATTORNEY GENERAL

OPINION NO. 84-81

State Departments; Public Officers, Employees—Open Public Meetings—Committees and Subordinate Groups; Advisory Committees Subject to Act. Senator Michael L. Johnston, Fourteenth District, Parsons, August 8, 1984.

Advisory committees appointed by a body subject to the Kansas Open Meetings Act, K.S.A. 75-4317 *et seq.*, are themselves subject to the act, even though the advisory committee neither receives nor expends public funds, and is not supported in whole or in part by public funds. As such committees participate in the decision-making process by gathering information, evaluating options, and making recommendations to the governing body, they participate in "the conduct of the affairs of" the governing body, and so are covered by the scope of K.S.A. 1983 Supp. 75-4318(a). Cited herein: K.S.A. 75-4317, K.S.A. 1983 Supp. 75-4318. JSS

OPINION NO. 84-82

Cities and Municipalities—General Provisions—Corporate Powers.

Cities of the First Class—Parks, Parkways, Boulevards and Playgrounds—Off-Street Parking Facilities, Acquisition and Dispositions; Use for Other Purposes. Philip C. Lacey, McPherson City Attorney, McPherson, August 9, 1984.

Pursuant to the provisions of K.S.A. 13-1388, a city governing body may, by resolution, determine that land is unsuitable as an off-street parking facility because it is no longer needed for such purpose, and discontinue use of the land as a parking facility. Upon such discontinuation of use, K.S.A. 13-1388 grants authority to a city to use land acquired by purchase (for an off-street parking facility) for other public purposes, but the statute does not mandate such use or prohibit the city from selling such property. Thus, a city may, pursuant to authority granted by K.S.A. 12-101, *Third*, or in accordance with home rule powers granted by Article 12, Section 5 of the Kansas Constitution, sell property acquired by purchase under the provisions of K.S.A. 13-1388. Cited herein: K.S.A. 12-101, 13-1388, Kan. Const., Art. 12, § 5. TRH

OPINION NO. 84-83

Cities and Municipalities—Plats of Cities and Townsites—Maps and Plats Sufficient to Vest Title in Lands Conveyed for Public Use. Philip C. Lacey, McPherson City Attorney, McPherson, August 9, 1984.

The filing of the 1875 plat of the City of McPherson did not result in a statutory dedication of Block 56 thereof to the public use of McPherson County, and the subsequent deed conveying such property to the County did not result in a common law dedication to public uses. Cited herein: K.S.A. 12-401, 12-406 (as amended by L. 1984, ch. 65, § 1). TRH

DEPARTMENT OF TRANSPORTATION**DISADVANTAGED AND FEMALE-OWNED
BUSINESSES UTILIZATION PROGRAM
POLICY STATEMENT**

It shall be the policy of the Kansas Department of Transportation that Disadvantaged Businesses (DB) and Female-owned Business Enterprises (WBE), as defined in 49 CFR Part 23, shall have the maximum opportunity to participate in the performance of Kansas Department of Transportation contracts that are financed in whole or in part with federal funds. In this regard, Kansas Department of Transportation is committed to provide all necessary and reasonable steps in

accordance with 49 CFR Part 23 to ensure that such businesses will be utilized to the maximum extent feasible.

To administer this program, a Kansas Department of Transportation DB/MBE Liaison Officer shall be designated who will be responsible for developing, managing and implementing the DB/WBE Program on a day-to-day basis. The objectives of the Kansas Department of Transportation DB/WBE Program will be to meet, if not exceed, established goals for the utilization of DB/WBE in the Kansas Department of Transportation Program. Separate goals shall be set for DB/WBE. Such goals shall be Contract Goals and Overall Goals.

Contract Goals shall be established on a monthly basis for specific contracts having practical and feasible DB/WBE subcontracting possibilities.

Overall Goals shall be established on an annual basis and will be determined upon consideration of the following factors:

- A. Projection of the number and types of contracts to be awarded and a projection of the number and types of DB/WBEs likely to be available to compete for contracts over the period during which the goals will be in effect.
- B. Past results of Kansas Department of Transportation's efforts to contract with DB/WBE and the reasons for the high or low level of those results.

Kansas Department of Transportation shall review its Overall Goals annually. The review process shall analyze projected versus actual DB/WBE participation during the previous year. Necessary revisions shall be made, based on the analysis, and submitted to the DOT (FHWA) for approval.

The Overall Goals for Fiscal Year 1985 (October 1, 1984—September 30, 1985) shall be 10% for DB and 2% for WBE (depending upon the contracts let during this period). The goals and descriptions of how they were selected are available for inspection for a period of 30 days following the date of this notice during normal business hours (8:00 a.m. to 5:00 p.m. Monday through Friday) at the Office of the Secretary, 7th Floor, State Office Building, Topeka, KS 66612, (913) 296-3566. Proposals will be received on the Bonds bearing such rate or rates of interest, not exceeding eight (8) different interest rates, as may be specified by the bidder. The repetition of a rate will not constitute a different rate. The same rate shall apply to all Bonds of the same maturity. Each interest rate specified shall be in an even multiple of one-eighth (1/8th) or one-twentieth (1/20th) of one percent (1%). The difference between the highest and lowest interest rates specified in any bid shall not exceed two percent (2%). No interest rate shall exceed the maximum interest rate

allowed by Kansas law, said rate being two percent (2%) above the "Bond Buyer's 20 Bond Index," published in the *Weekly Bond Buyer* on Monday, September 3, 1984, and no bid of less than par plus accrued interest will be considered. Bids for less than the entire issue of Bonds will not be considered.

Bids shall be submitted on the official bid form furnished by the County, and shall be addressed to the County, in care of the County Clerk at the address shown above, and shall be marked "Bond Bid." All bids must state the total interest cost of the bid, and the average annual interest rate, certified by the bidder to be correct, and the County will be entitled to rely on the certificate of correctness. Bids must be accompanied by a certified or cashier's check equal to two percent (2%) of the total amount of the bid, and shall be payable to Osage County, Kansas. In the event a bidder whose bid is accepted shall fail to carry out his contract of purchase, said deposit shall be retained by the County as liquidated damages. The checks of unsuccessful bidders will be returned promptly.

The Bonds, duly printed, executed and registered, will be furnished and paid for by the County, and the Bonds will be sold subject to the unqualified approving opinion of Cosgrove, Webb & Oman, Bond Counsel of Topeka, Kansas, whose opinion will be paid for by the County.

The number, denomination of Bonds and names of the initial registered owners shall be submitted in writing by the successful bidder to the Bond Registrar not later than September 17, 1984.

Payment for the Bonds shall be made in funds which are immediately available for use by the County. Delivery of the Bonds will be made to the successful bidder on or before October 11, 1984, at any bank in the State of Kansas or Kansas City, Missouri, at the expense of the County; delivery elsewhere will be made at the expense of the purchaser.

The Bonds will constitute General Obligations of the County payable from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable, tangible property within the County. The Series 1984 Bonds are being issued for the purpose of constructing, equipping and furnishing a jail facility for the County, pursuant to K.S.A. 19-15,115 *et seq.* and 10-101 *et seq.*

The sealed bids for the Bonds shall be opened publicly and only at the time and place specified in this Notice. The County reserves the right to reject any and/or all of the bids, and to waive any irregularities. Unless all bids are rejected, the Bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the County, and the net interest cost will be determined by deducting any amount of any premium paid from the aggregate

Call

All Bonds of this series maturing September 1, 1996 and thereafter shall be subject to redemption prior to maturity at the option of the City on September 1, 1995 on or any interest payment date thereafter, as a whole, or in part in inverse numerical order, at the principal amount thereof and accrued interest to the date of redemption plus a premium of two percent (2%) of principal, being \$100.00 for each \$5,000.00 Bond called. If a Bond is called for redemption and payment prior to maturity, the City will publish once in the official state paper of the state of Kansas, not less than thirty (30) days nor more than sixty (60) days prior to the date of redemption, a notice of the intention of the City to call and pay these Bonds on a specified date.

Interest Rate

Proposals will be received on the Bonds bearing such rate or rates of interest as may be specified by the bidder. No more than five changes in rates shall be used. A repeat of a rate will not constitute a change. The same rate shall apply to all Bonds of the same maturity. Each interest rate specified shall be in an even multiple of one-eighth (1/8th) or one-twentieth (1/20th) of one percent (1%). The difference between the highest and lowest coupon rates specified in any bid shall not exceed four percent (4%). No interest rate shall exceed the maximum interest rate allowed by Kansas law, said rate being the "20 Bond Index" of tax exempt municipal bonds published in the *Weekly Bond Buyer* in New York, New York on the Monday next preceding the day on which the Bonds are sold (September 5, 1984), plus 2%, and no bid of less than par and accrued interest will be considered. Bids for less than the entire issue of Bonds will not be considered.

Bid Form and Good Faith Deposit

Bids shall be submitted on the OFFICIAL BID FORM furnished by the City and shall be addressed to the city of Cunningham, Kansas 67035, Attention: Delores E. Mills, City Clerk, and shall be plainly marked BOND BID. All bids must state the total interest cost of the bid, the premium, if any, the net interest cost of the bid, and the average annual interest rate, all certified by the bidder to be correct, and the City will be entitled to rely on the certificate of correctness of the bidder. Each bid must be accompanied by a certified or cashier's check equal to two percent (2%) of the total amount of the bid, and shall be payable to the city of Cunningham, Kansas. In the event a bidder whose bid is accepted shall fail to carry out his Contract of Purchase, said deposit shall be retained by the City as liquidated damages. The checks of unsuccessful bidders will be returned promptly.

Sealed Bids

The sealed bids for the Bonds shall be opened publicly and only at the time and place specified in this Notice, and the Bonds will be sold to the best bidder. The City reserves the right to reject any and/or

all of the bids, and to waive any irregularities. Unless all bids are rejected, the Bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the City, and the net interest cost will be determined by deducting the amount of any premium paid from the aggregate amount of interest upon all of the Bonds from their date until their respective maturities.

Delivery of the Bonds

The Bonds, duly printed, executed and registered, will be furnished and paid for by the City, and the Bonds will be sold subject to the unqualified approving opinion of WILLIAM P. TIMMERMAN, Bond Counsel, of Wichita, Kansas. THE NUMBER, DENOMINATION OF BONDS, AND NAMES OF THE INITIAL REGISTERED OWNERS TO BE INITIALLY PRINTED ON THE BONDS SHALL BE SUBMITTED IN WRITING BY THE SUCCESSFUL BIDDER TO THE BOND REGISTRAR NOT LATER THAN SEPTEMBER 20, 1984. The purchaser will be furnished with a complete Transcript of Proceedings evidencing the authorization and issuance of the Bonds, and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the Bonds affecting their validity. Payment for the Bonds shall be made in immediately available funds. Delivery of the Bonds shall be made to the successful bidder on or before November 15, 1984, at any bank in the STATE OF KANSAS or KANSAS CITY, MISSOURI, at the expense of the City. Delivery elsewhere will be made at the expense of the purchaser.

Legal Opinion

Bids shall be conditioned upon the unqualified approving opinion of William P. Timmerman, Bond Counsel, Wichita, Kansas, a copy of which opinion will be printed on the reverse side of each Bond and a manually signed original will be furnished without expense to the purchaser of the Bonds at the delivery thereof. The cost of this legal opinion and the expense of printing the Bonds and legal opinion will be paid by the City. Said legal opinion will state in part substantially that the Bonds will constitute general obligations of the City payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the City, and that, under existing law, the interest on said Bonds is exempt from intangible personal property taxes levied by Kansas cities, counties and townships.

Purpose of Issue

The Bonds are being issued for the purpose of paying the cost of constructing a Sewage Disposal Facility for the city of Cunningham, Kansas.

Assessed Valuation and Bonded Indebtedness

The Assessed Tangible Valuation of Cunningham, Kansas, for computation of bonded debt limitation is \$1,067,289.00. The total general obligation bond and note indebtedness of the City, at the date hereof, including this \$170,000.00 proposed issue of Bonds, is in the amount of \$515,000.00. The City will retire

\$300,000.00 of outstanding Temporary Notes from the proceeds of the Bonds and other available funds.

KANSAS FACTS

THE KANSAS CAPITOL

On January 29, 1861, Kansas became the 34th state. Topeka was selected as the capital in an election held in November, 1861. In that election Topeka received 7,996 votes, Lawrence 5,291, and 1,184 votes were cast for other cities. This selection followed a time of bitter struggle over location of the capital. The territorial capital had been Fort Leavenworth, Shawnee Mission, Pawnee, Shawnee Mission, again, Leecompton and Lawrence.

The State Capitol stands on 20 acres of ground donated to the state by Cyrus K. Holliday. The Legislature accepted the block of land by joint resolution approved February 7, 1862.

The Board of Statehouse Commissioners approved, in 1866, the construction of the east wing of the Capitol. On October 17, 1866, cornerstone ceremonies were held. The sandstone foundation was erected, but because of both a severe winter and the fact that sandstone is a form of shale, it had crumbled to a mass of mud by 1867. A new foundation was constructed of limestone from Geary County.

When the east wing of the statehouse was completed, it was necessary for both the Senate and House of Representatives to meet in the hall now used as the Senate Chamber. The first legislative session was held in the building in 1870. The Board of Statehouse Commissioners was recreated in 1879 and work was started on the west wing. The Legislature appropriated \$60,000 and provided a one-half mill levy for west wing construction. By 1880, this wing was enclosed and the House of Representatives met in the new, although unfinished hall in 1881. A covered wood bridge, referred to as "Cave of the Winds," was built from the Senate to the House for messages to be taken from one to the other. The cost of the west wing was about \$300,000 compared to \$500,000 for the east wing. The difference in the cost of the two wings, which were substantially the same size and design, was attributed to the depreciation of the currency after the great rebellion.

The 1881 Legislature authorized the construction of the central portion of the Capitol. The excavations for the foundation which support the dome extend more than 25 feet into the ground to a bearing strata of natural bedrock. Workmen doing the excavation work discovered a spring which still flows in the rock beneath the Capitol.

The Capitol is one of which every Kansan can be proud. While there are a number of capitols in the United States that are more costly and ornamental, there are few that present a grander view. The building is 399 feet north and south, 386 feet east and west, and 304 feet to the top of the dome. The interior consists of a basement and five floors in the central portion of the building and a basement and four floors in the east and west wings.

The flooring and wainscoting on the first floor are of Georgian marble. The west wing wainscoting is of Tennessee marble with insert panels of Mandual tile capped with a chair rail of Italian marble and base of

Belgium Black marble. The floor and wainscoting in the central portion are of Tennessee marble.

The rotunda murals on the first floor were designed and executed by David H. Overmyer, a native of Topeka. He was commissioned to paint the eight murals on October 13, 1951, and they were completed in September, 1953.

Second floor east wing wainscoting and floor are Georgian marble. The north, south and rotunda areas have insert panels of Rose St. Xavier with Rose De-Bringnoles wainscoting. North and south floor areas are of Georgia and Tennessee marble. Base and capstones are Belgium dark red marble and the mopboard and base of niches are rouge Royal marble from Italy. Tennessee marble wainscoting and Belgium black base decorate the west wing.

The Governor's conference room and office is finished in Mexican White Mahogany. George Stone of Topeka painted the two pictures in these offices. On the east wall is an allegorical picture of Justice, called "Spirit of Kansas." Interesting features of this painting are an empty beer bottle at her feet, a tipped-over whiskey demijohn and the broken shackles of slavery. The west wall painting depicts a covered wagon drawn by oxen.

The Lieutenant Governor's Office, finished in white oak, contains several items of interest. A brass hall tree there is believed to be one of the original furnishings of the Capitol. A painting by artist I. Goglin depicts an actual Indian raid in which railroad track was destroyed near Russell in 1869. Also displayed in the Lieutenant Governor's Office is a reproduction of the Kansas State Seal made from various types of wheat. The seal was designed and made by Mrs. Frieda Hann Obermite, who was born in Russia but later lived in Hutchinson and worked for the Kansas Wheat Commission.

The office of Secretary of State has several noteworthy features. A unique table built by an inmate at the Lansing State Penitentiary was completed around 1899. It is a modified octagon which contains over 2,000 pieces of wood, has the U.S. Seal in the center with the corners bearing circles containing the Kansas Seal, American Flag, eight-pointed star and forty-four stars, representing the number of states when the artist began to make the table. Also of interest is the large walnut pier glass mirror in the Secretary of State's office. It was restored by the late Paul R. Shanahan and is believed to be from the original furnishings of the Capitol. It has a marble stand at the base. During the Populist period, when bathtubs were part of the Capitol's household furnishings, it may have been used in the washroom.

The murals on the second floor by the artist John Steuart Curry, (1897-1945) who was born near Dunavant, Jefferson County, Kansas, include a two-panel mural entitled "Tragic Prelude." One theme of this mural is "John Brown"; in his outstretched left hand the word of God and in his right hand a "Beecher Bible" (rifle).

Curry designed several additional murals which were never painted because of controversy which

(continued)

arose after the completion of his initial work. Several trivial items in those paintings drew a good deal of comment: some people felt the Hereford bull depicted in one panel was "too red and not natural like"; the pigs were said to be wrong because "pigs' tails don't curl when they eat"; and the pioneer woman's skirt was said to be too short. Further controversy developed when Curry asked that eight marble panels in the rotunda be removed for the painting of the other murals he had planned. Removal of the marble was opposed by those people who didn't like Curry's murals. The marble remained and the additional murals were never painted.

In 1976, the Kansas Legislature authorized the selection of an artist to "refer to" Curry's sketches for the unfinished murals, and then to paint, in the second floor rotunda, appropriate murals, of the artist's own choosing. The artist selected for the project was Lumen Martin Winter, a sculptor, painter and muralist of reknown, who spent a part of his boyhood in Kansas.

Statues of four famous Kansans were recently completed and placed in the eight-foot niches in the second-floor rotunda. The statues were sculpted in Kansas limestone by artist Peter F. Felten, Jr., Hays. The statues depict: Dwight D. Eisenhower, Abilene, U.S. President and military leader; William Allen White, Emporia, noted journalist, author and civic leader; Arthur Capper, Topeka, Kansas Governor, U.S. Senator and philanthropist; and Amelia Earhart, Atchison, famous aviatrix.

The corridors on the third floor are of Tennessee marble on the wainscoting and the floor in the rotunda is Georgian marble.

Elegant marbles and woods richly decorate the Senate Chamber. The lower wall, just above the baseboards, is a grayish blue marble from Belgium and is a very unusual color for marble. Above this, running horizontally around the room, is a panel of onyx from Old Mexico, referred to as precious stone. White marble above the onyx is Italian Carrara marble, and marble over the door is from Tennessee and is very ornate.

There are twenty-eight copper columns, all hand-hammered with designs of morning glories and roses. Italians were imported to do this work, and it was reported that it took one man a day to complete a small cluster of three leaves in the design. The base of each column is black metal and has grillwork originally used as a ventilating system.

Marble in the House of Representatives is from Tennessee. Wainscoting on the east wall is made of many kinds of imported marble trimmed with Italian Carrara. Panels of Brocelian marble in the east wall are of jasper, a variety of Quartz, mentioned in the Bible—"walls of jasper and streets of gold." The Speaker's stand is made of walnut surmounted with hand-carved urns of solid walnut.

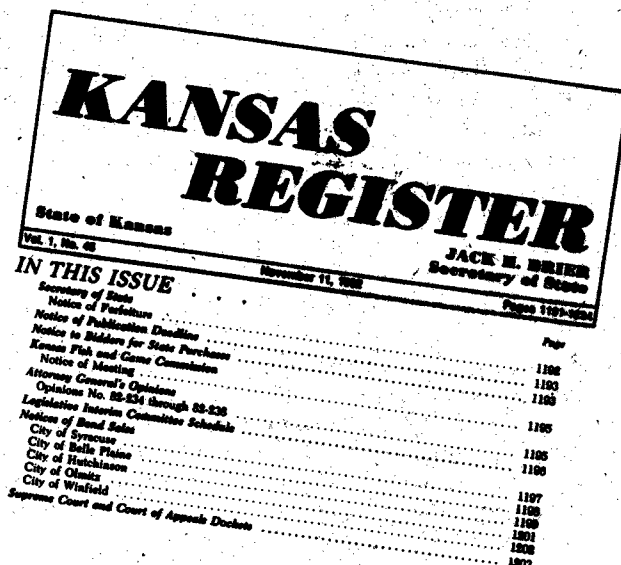

Corridors of the fourth floor have wainscoting and floors of a combination of black and white Georgian marbles. The pleasant proportions of this wainscoting combined with the attractive oak doors and frames make this floor's motif quite comparable to that of more elaborate lower floors.

Fifth floor public corridor wainscoting, while simpler in design, includes the same combination of black and white Georgian marbles that appear on the fourth floor. Elaborate raised panel doors and carved molding door frames accentuate this floor's motif.

Upward from the rotunda are murals on the curved soffit beneath the first observation platform under the dome. In 1898 the Populist executive council employed Jerome Fedeli, a skilled fresco painter, to do the panels. He provided a design which included partly nude Grecian women. Politics was involved in the criticism of Fedeli's work—Populism v. Republicanism. The figures were referred to as "nude telephone girls" by the critics. In 1902 the Republicans had the murals replaced by painters from Crossman and Study of Chicago at a cost of \$7,600. The frescoing was done under the supervision of Abner Crossman. These paintings have a mosaic background and are allegorical in composition. They have the following themes: east panel, Knowledge; west panel, Peace; south panel, Power; and north panel, Plenty.
