ATTORNEY GENERAL**OPINION NO. 84-87**

Corporations—Savings and Loans; Incorporation and Organization—Change of Name; Use of Word "Bank." Marvin S. Steinert, Commissioner of the Kansas Savings and Loan Department, Topeka, August 29, 1984.

K.S.A. 17-5226 provides that a state-chartered savings and loan association may change its name, with such change subject to the approval of the commissioner pursuant to K.S.A. 17-5227. Requirements for the name of a state-chartered association are set out at K.S.A. 17-5222, and include provisions that the words "savings" and "association" must be used, together with an "appropriate descriptive word or words." In view of K.S.A. 9-2011, which makes it unlawful for any corporation to advertise that is engaged in the banking business without being subject to the banking code, the word "bank" is not an appropriate descriptive word for use in the name of a savings and loan association chartered by the State of Kansas. While the commissioner has broad authority under K.S.A. 17-5601 to authorize state savings and loan associations to engage in activities permitted to federal associations, this authority does not extend to the creation of an entire new entity such as savings banks which do not exist under state law. Accordingly, the commissioner may not, through the issuance of a special order, modify K.S.A. 17-5222 to authorize a state-chartered savings and loan association to change its name to include the words "savings bank." Cited herein: K.S.A. 9-162 (repealed L. 1947, ch. 102), 9-702, 9-1715, 9-2011, 9-2016, 17-2244, 17-5101, 17-5222, 17-5226, 17-5227, 17-5601, 17-5606; 12 C.F.R. 547.1, P.L. 97-320. JSS

OPINION NO. 84-88

Insurance—Health Care Provider Insurance—Health Care Stabilization Fund; Board of Governors.

State Departments; Public Officers, Employees—Kansas Tort Claims Act—Advisory Committees Covered. Fletcher Bell, Commissioner of Insurance, Topeka, August 29, 1984.

The 1984 Kansas Legislature amended the Health Care Provider Insurance Availability Act, K.S.A. 40-3401 *et seq.*, to create a Board of Governors to assist in the administration of the Kansas Health Care Stabilization Fund. K.S.A. 1983 Supp. 40-3403, as amended by L. 1984, ch. 238, § 3. Pursuant to subsection (b)(3) of the statute, the board is made a part of the state insurance department. Accordingly, for purposes of the Kansas Tort Claims Act, K.S.A. 1983 Supp. 75-6101 *et seq.*, the members of the board are "employees" of a governmental entity, and so are covered by the provisions thereof. While the board's performance of the duties set forth by K.S.A. 40-3403(b), as amended, does not fall under the exemptions from liability of K.S.A. 1983 Supp. 75-6104, the latter statute arguably does apply to the performance of quasi-judicial duties under K.S.A. 1983 Supp. 40-3403(g). Cited herein: K.S.A. 40-102; K.S.A. 1983 Supp. 40-3403, as amended by L. 1984, ch. 238, § 3; K.S.A. 1983 Supp. 75-6102, 75-6103, 75-6104. JSS

OPINION NO. 84-89

Crimes and Punishments—Identification and Detection of Crimes and Criminals—Officers to Take Fingerprints of Suspected Violators. Gary D. Denning, Assistant City Attorney, Salina, August 29, 1984.

Where a law enforcement officer detains a person without a warrant for misdemeanor theft, and the officer does not arrest the person but instead serves upon him a notice to appear in court, the officer must, pursuant to K.S.A. 22-2408, release the person upon receiving a written promise to appear in court. Under such circumstances, the officer may not detain the person to take fingerprints and photographs. Cited herein: K.S.A. 21-2501 (as amended by L. 1984, ch. 115, § 4), 22-2202 (as amended by L. 1984, ch. 112, § 6), 22-2408, 77-109. TRH

Place of Payment and Bond Registration. The principal of and interest on the Bonds will be payable in lawful money of the United States of America by check or draft of the Treasurer of the State of Kansas, Topeka, Kansas (the "Paying Agent" and "Bond Registrar"). The principal of the Bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the Bonds at the office of the Paying Agent. Interest on the Bonds will be paid by check or draft mailed by the Paying Agent to the persons in whose names the Bonds are registered on the registration books maintained by the Bond Registrar at the close of business on the Record Date for such interest, which shall be the fifteenth day (whether or not a business day) of the calendar month next preceding such interest payment date.

The County will pay the fees of the Bond Registrar for registration and transfer of the Bonds and will also

pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the Bond Registrar, will be the responsibility of the bondowners.

Redemption of Bonds Prior to Maturity. At the option of the County, Bonds maturing on September 1, 1997, and thereafter will be subject to redemption and payment prior to maturity on September 1, 1996, or on any interest payment date thereafter at the principal amount of the Bonds so called for redemption, together with accrued interest thereon to the date of redemption.

If the county elects to call any Bond for redemption and payment prior to the maturity thereof, the County will give written notice of its intention to redeem and pay said Bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States registered or certified mail addressed to the registered owners of said Bonds, to the Paying Agent and Bond Registrar and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. If any Bond be called for redemption and payment as aforesaid, all interest on such Bond shall cease from and after the date for which such call is made, provided funds are available for its payment hereinbefore specified.

Conditions of Bids. Proposals will be received on the Bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all Bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1%. No interest rate shall exceed a rate equal to the "20 Bond Index" of tax exempt municipal bonds published by *Credit Markets* (formerly *The Weekly Bond Buyer*) in New York, New York, on the Monday next preceding the day on which the Bonds are sold, plus 2%. The difference between the highest rate specified and the lowest rate specified shall not exceed 1½%. No supplemental interest payments will be authorized. No bid of less than the principal amount of the Bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the County during the life of the Bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the County on the basis of such bid. Each bid shall also specify the average annual net interest rate to the County on the basis of such bid.

Basis of Award. The award of the Bonds will be made on the basis of the lowest net interest cost to the County, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the County. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the County shall determine which bid, if any, shall be accepted, and its determination shall be final.

Security for the Bonds. The Bonds will be general obligations of the County payable as to both principal and interest from special assessments levied upon the property benefited by the construction of certain sewer improvements and, if not so paid, from ad valorem taxes which may be levied without limitation upon all the taxable tangible property, real and personal, within the territorial limits of the County.

Legal Opinion. The Bonds will be sold subject to the legal opinion of GAAR & BELL, Overland Park, Kansas, Bond Counsel, whose approving opinion as to the validity of the Bonds will be furnished and paid for by the County, printed on the Bonds and delivered to the successful bidder when the Bonds are delivered. Said opinion will also state that in the opinion of Bond Counsel, under existing law, the interest on the Bonds is exempt from federal income taxation.

Delivery and Payment. The County will pay for printing the Bonds and will deliver the Bonds, without cost to the successful bidder, properly prepared, executed and registered, on or prior to October 26, 1984, at such bank or trust company in the contiguous United States of America as may be specified by the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the Bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the Bonds affecting their validity and a certificate regarding the completeness and accuracy of the Official Statement. Payment for the Bonds shall be made in federal reserve funds, immediately subject to use by the County. *The denominations of the Bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the County and Bond Registrar at least two weeks prior to the date of delivery of the Bonds.* In the absence of such information, the County will deliver Bonds in the denomination of each maturity registered in the name of the successful bidder.

Good Faith Deposit. Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$156,840 payable to the order of the Treasurer of Johnson County, Kansas, to secure the County from any loss resulting from the failure of the bidder to comply with the terms of its bid. No interest will be paid upon the deposit made by the successful bidder. Said check will be returned to the bidder if its bid is not accepted. If a bid is accepted, said check will be held by the County until the bidder shall have complied with all of the terms and conditions of this Notice, at which time said check will be returned to the successful bidder or deducted from the purchase price at the option of the County. If a bid is accepted but the County fails to deliver the Bonds to the bidder in accordance with the terms and conditions of this Notice, said check will be returned to the bidder. If a bid is accepted but the bidder defaults in the performance of any of the terms and conditions of this

Notice, the proceeds of such check will be retained by the County as and for liquidated damages.

CUSIP Numbers. CUSIP identification numbers will be printed on the Bonds, but neither the failure to print such number on any Bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the Bonds in accordance with the terms of this Notice. All expenses in relation to the assignment and printing of CUSIP numbers on the Bonds will be paid by the County.

Bond Ratings. The outstanding general obligation bonds of the County are rated "Aa" by Moody's Investor Service, Inc., and the County has applied for a rating on the Bonds herein offered for sale.

Bid Forms. All bids must be made on forms which may be procured from the County Clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The County reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids. Bids must be submitted in sealed envelopes addressed to the undersigned County Clerk and marked "Proposal for the Purchase of Bonds." Bids may be submitted by mail or delivered in person to the undersigned and must be received by the undersigned prior to 9:30 o'clock A.M., C.D.T., on September 13, 1984.

Official Statement. Upon the sale of the Bonds, the County will adopt an Official Statement in substantially the form as the Preliminary Official Statement, subject to minor amendments and supplementation. Copies of such Preliminary Official Statement relating to the Bonds may be obtained from the County Clerk. Upon request, a reasonable number of copies of the Official Statement will be made available to the successful bidder without charge. Additional copies may be obtained at the expense of such bidder.

Redemption

Bonds maturing October 1, 1993, and thereafter, are subject to call for redemption and payment prior to their respective maturities at the option of the City on and/or after October 1, 1992, in whole at any time or in part in inverse order of maturity, and by lot within maturities, on any interest payment date, at a redemption price of 101% of the principal amount thereof so called for redemption, plus accrued interest to the redemption date.

Notice of any call for redemption will be mailed to the registered owners of such Bonds to be redeemed at the address shown on the registration books maintained by the Bond Registrar not less than 30 days prior to the date fixed for such redemption and payment. Interest on the Bonds so called for redemption and payment will cease to accrue after the redemption date, provided notice has been given and funds are then available to pay the full redemption price thereof.

Interest Rate

Proposals will be received on the Bonds bearing such rate or rates of interest, not exceeding six (6) different interest rates, as may be specified by the bidder. The repetition of a rate will not constitute one of said maximum number of rates. The same rate shall apply to all Bonds of the same maturity. Each interest rate specified shall be in an even multiple of one-eighth (1/8th) or one-twentieth (1/20th) of one percent (1%). The difference between the highest and lowest interest rates specified in any bid shall not exceed three percent (3%). No interest rate shall exceed the maximum interest rate allowed by Kansas law, said rate being the "20 Bond Index" of tax exempt municipal bonds published by the *Weekly Bond Buyer* in New York, New York, on the Monday next preceding the day on which the Bonds are sold (September 10, 1984), plus 2%, and no bid of less than par and accrued interest will be considered. Bids for less than the entire issue of Bonds will not be considered.

Bid Form and Good Faith Deposit

Bids shall be submitted on the OFFICIAL BID FORM furnished by the City, and shall be addressed to the CITY at CITY HALL, 200 EAST 9TH, WINFIELD, KANSAS 67156, ATTENTION: DON DRENNAN, CITY CLERK, and shall be plainly marked BOND BID. All bids must state the total interest cost of the bid, the premium, if any, the net interest cost of the bid, and the average annual interest rate, all certified by the bidder to be correct, and the City will be entitled to rely on the certificate of cor-

(continued)

rectness of the bidder. Each bid must be accompanied by a certified or cashier's check equal to two percent (2%) of the total amount of the bid, and shall be payable to TREASURER, CITY OF WINFIELD, KANSAS. In the event a bidder whose bid is accepted shall fail to carry out his Contract of Purchase, said deposit shall be retained by the City as liquidated damages. The checks of unsuccessful bidders will be returned promptly.

Award of Bids

The sealed bids for the Bonds shall be opened publicly and only at the time and place specified in this Notice, and the Bonds will be sold to the best bidder. The City reserves the right to reject any and/or all of the bids, and to waive any irregularities. Unless all bids are rejected, the Bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the City, and the net interest cost will be determined by deducting the amount of any premium paid from the aggregate amount of interest upon all of the Bonds from their date until their respective maturities.

Delivery of the Bonds

The Bonds, duly printed, executed and registered, will be furnished and paid for by the City, and the Bonds will be sold subject to the unqualified approving opinion of GAAR & BELL, Bond Counsel, of Wichita, Kansas. THE NUMBER, DENOMINATION OF BONDS, AND NAMES OF THE INITIAL REGISTERED OWNERS TO BE INITIALLY PRINTED ON THE BONDS SHALL BE SUBMITTED IN WRITING BY THE SUCCESSFUL BIDDER TO THE BOND REGISTRAR NOT LATER THAN OCTOBER 8, 1984. The purchaser will be furnished with a complete Transcript of Proceedings evidencing the authorization and issuance of the Bonds, and the usual closing proofs, which will include a Certificate that there is no litigation pending or threatened at the time of delivery of the Bonds affecting their validity. Payment for the Bonds shall be made in immediately available funds. Delivery of the Bonds will be made to the successful bidder on or before NOVEMBER 1, 1984, at any bank in the STATE OF KANSAS or KANSAS CITY, MISSOURI, at the expense of the City. Delivery elsewhere will be made at the expense of the purchaser.

Legal Opinion

Bids shall be conditioned upon the unqualified approving opinion of Gaar & Bell, Bond Counsel, Wichita, Kansas, a copy of which opinion will be printed on the reverse side of each Bond and a manually signed original will be furnished without expense to the purchaser of the Bonds at the delivery thereof. The cost of this legal opinion and the expense of printing the Bonds and legal opinion will be paid by the City. Said legal opinion will state in part substantially that the Bonds will constitute general obligations of the City, payable as to both principal and interest in part from the collection of special assessments which have been levied on benefited property; but any portion of said specially assessed part not so paid, and the remainder of said principal and interest will be payable

from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the City; and that, under existing law, the interest on said Bonds is exempt from present federal income taxation and the Bonds are exempt from intangible personal property taxes levied by Kansas cities, counties and townships.

Purpose of Issue

The Series 140 Bonds are being issued for the purpose of constructing sanitary sewer extensions and improvements in the City of Winfield, Kansas. The Series 141 Bonds are being issued for the purpose of constructing improvements to the flood protection levy system for Timber Creek and Timber Creek Watershed, which includes the Walnut River in and around the City of Winfield, Kansas.

KANSAS FACTS

EDUCATION IS A
NUMBER ONE PRIORITY

"The first bonds voted in the State were for school-houses
and the tax most cheerfully paid is the school tax."
—"Kansas—1541-1891" by John J. Ingalls

Education in Kansas has come a long way since the
days of the sod schoolhouse. Education has always
played a key role in Kansas, as indicated by this
provision in the original state Constitution:

"The legislature shall encourage the promotion of
intellectual, moral, scientific and agricultural im-
provement, by establishing a uniform system of com-
mon schools, and schools of a higher grade, embracing
normal, preparatory, collegiate and university depart-
ments."

A complete educational system, supervised and
partially supported by the state, now exists in Kansas,
with compulsory schooling for children under age 16.
Nearly two-thirds of all tax dollars collected in the
state go to education.

Educational institutions in Kansas may be sum-
marized as follows:

Public elementary schools	1,072
Public junior high schools	92
Public high schools	355
Non-public elementary and secondary schools (includes church-related, special education and private)	186
Board of Regents institutions:	
State universities	6
Two-year technical institute	1
Municipal university	1
Community colleges	19
Federally operated junior college (for Indians)	1
Private two-year colleges	4
Church-affiliated colleges and universities	18
Area vocational-technical schools	14

Elementary and Secondary Education

Elementary and secondary education are provided
in Kansas primarily through regular public schools,
financed by local property taxes and state aid. Over
one-half billion dollars in state and local taxes are
spent each year on elementary and secondary educa-
tion in Kansas. Schooling is also available through
private schools including church-related institutions,
and public special education including the Kansas
State School for the Deaf at Olathe and the Kansas
State School for the Visually Handicapped, Kansas
City.

The number of elementary and secondary schools in
Kansas has dropped dramatically in recent years, to
just over 300 unified school districts in the state. Prior
to that time there had been thousands of school dis-
tricts, and sometimes more than one school in a single
township. Each unified school district is supervised
by a locally elected board of education of seven mem-
bers.

Laws enacted by the Legislature set standards for
school operations, and those laws are enforced by the

State Department of Education. The department is under the jurisdiction of the State Board of Education consisting of ten members elected from districts. The Board oversees public education and has some supervision over private schools.

The Kansas educational system was in the national spotlight in 1954, when the U.S. Supreme Court on May 17 handed down its landmark decision in the case of *Brown v. Board of Education of Topeka*. The decision held that "separate but equal" school facilities were inherently unequal and that school segregation violated the Constitution's guarantee of equal protection under the Fourteenth Amendment.

Topeka had unusual segregation—it existed only in grade schools. The city's junior highs and high schools had been integrated for several decades. Before the court even heard the case, complete integration of the Topeka schools was already underway. The *Brown* decision set in motion the desegregation of schools throughout the United States.

Higher Education

Higher education is available in Kansas through public and private institutions, including state universities, a municipal university, community colleges, private colleges, and vocational, technical and proprietary schools.

The state's tradition of enthusiasm for higher education is reflected in the facts that Kansas ranks fifth in the U.S. in the number of institutions of higher learning per capita, and eighth among the states in the number of *public* institutions of higher learning per capita.

Of special note among Kansas colleges and universities are: Bethel College, Newton, which was the first Mennonite college in the nation; Haskell Indian Junior College, Lawrence, the only federally-operated two-year college for Indians; and Highland Community College, Highland, the oldest institution of higher learning in Kansas, which still uses its original building. Especially noteworthy is Washburn University, Topeka, a public urban university which receives substantial funding from the City of Topeka and the State of Kansas. Washburn has one of the two law schools in Kansas, and offers a variety of other academic programs. Nearly 7,000 students attend Washburn. The school's mascot is the "Ichabod," named for founder Ichabod Washburn.

Vocational-Technical Schools

Kansas has one of the nation's finest systems of area vocational-technical schools. The 14 such schools located across the state play a vital role in the Kansas economy by training skilled craftsmen and technicians for industry and business. The state system covers seven general occupation areas: trade and industry, technical training, agriculture, distribution, home economics, business and office occupations, and health occupations.

The course offerings include agriculture production, distributive education, practical nursing, food management and production, clerical work, auto mechanics, carpentry, drafting, electronics, printing, welding, computer work, and more.

Regents Institutions

The operation of the six state universities and one technical institute is supervised by the State Board of Regents, consisting of nine members appointed by the Governor. The Board coordinates programs of the state institutions and administers certain student assistance programs for postsecondary students in Kansas.

The seven Regents institutions offer a variety of academic programs. Each institution has certain unique activities. The following gives a brief overview of the Regents institutions:

University of Kansas. The University of Kansas at Lawrence opened in 1866, the first state university in the Great Plains area. KU has the largest enrollment of any Big Eight Conference school with over 25,000 students. Among KU's academic programs are the only medical school and only pharmacy school in Kansas, and one of the two law schools in the state. The KU Medical Center at Kansas City serves not only as a teaching facility for health professionals, but also as an important research and treatment hospital. KU's Mid-America Cancer Center is nationally recognized as one of the top cancer research and treatment centers, and a recently completed Radiation Therapy Center is one of the best in the country. Special activities at KU include: the State Geological Survey; a Law Enforcement Training Center; and the Bureau of Child Research, an internationally recognized leader in the study of mental retardation and developmental disabilities. KU athletic teams are members of the Big Eight Conference and compete as the Jayhawks.

Kansas State University. Kansas State University, established in 1863, was the nation's original land-grant university. The main campus is in Manhattan, and the university owns and leases more than 14,000 acres in 19 counties for agricultural research. Off-campus education is available in numerous areas of the state. About 18,000 students are enrolled in the university. K-State is especially noted among Kansas universities for its academic programs in agriculture, home economics and veterinary medicine. Cooperating with the federal government and foreign countries, K-State conducts agricultural programs in several nations. Through the Federal Land-Grant Act, Kansas State is responsible for all county extension activities in the state. K-State has one of the most prestigious lecture series in American colleges and universities, the Alfred M. Landon Lecture Series on Public Issues. In athletic events, the K-State Wildcats compete in the Big Eight Conference.

Wichita State University. Wichita State University, Wichita, was founded as Fairmount College in 1895. It became a municipal university in 1926 and a state university in 1964. The enrollment is over 16,000. WSU has a cultural program which serves not only the student body, but also the community of Wichita, the largest city in Kansas. Activities include theater, music, art exhibits and lectures, including the Dwight D. Eisenhower Lecture series. The Center for Gerontology and the Center for Urban Studies provide special research and services. A branch of the University

of Kansas School of Medicine operates through WSU. The WSU Wheat Shockers participate athletically in the Missouri Valley Conference.

Emporia State University. Emporia State University at Emporia was established in 1863 as the Kansas State Normal School. Later it was called the Kansas State Teachers College of Emporia, and although training of educators is still emphasized, other academic programs are also offered. Enrollment at the university is over 5,000. The Emporia State campus is designed to accommodate handicapped students, and an extensive program for the handicapped is available. A Center for the Study of the Great Plains is also located at ESU. Emporia State competes athletically as the Hornets in the Central States Intercollegiate Conference.

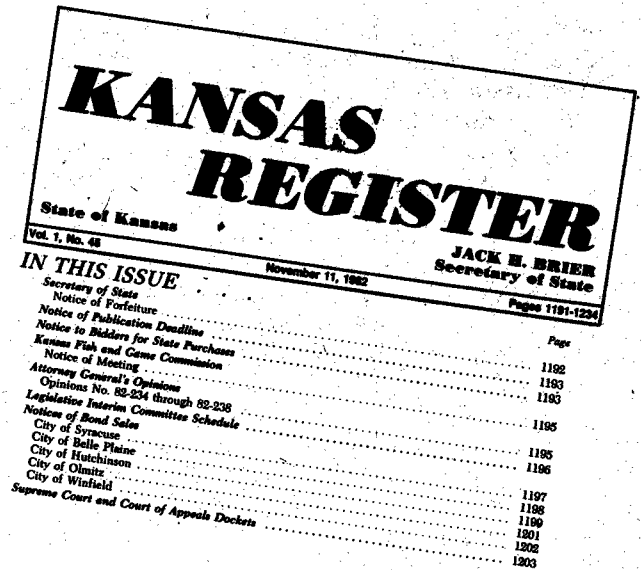

Fort Hays State University. Fort Hays State University, Hays, was established in 1901 as the Western Branch of the State Normal School. Fort Hays State, located on land which was once the Fort Hays Military reservation, is the only state university in the western two-thirds of the state. About 5,000 students are enrolled there. FHSU offers the "Senior Companion Program" on campus—it is the only institution of higher learning in the U.S. which sponsors such a program. The FHSU athletic teams are known as the Tigers and are members of the Central States Intercollegiate Conference.

Pittsburg State University. Pittsburg State University, at Pittsburg in southeast Kansas, was established in 1903 as the Auxiliary Manual Training Normal School, a branch of the Emporia Normal School. Enrollment at the university today is about 5,000. A unique part of the university is the School of Technology and Applied Science, which works toward improvement of various industries in Kansas. The school conducts seminars and workshops for industries, and provides consultations on industrial safety. A Center for Business and Economic Development is another special program. Pittsburg State is a member of the Central States Intercollegiate Conference, and has taken the nickname, Gorillas.

Kansas Technical Institute. Kansas Technical Institute, Salina, was opened in 1966 and offers two-year programs in solar energy technology, computer science technology and surveying technology, as well as more traditional technical fields of study. About 600 students are enrolled at KTI.
