**DEPARTMENT OF ADMINISTRATION
DIVISION OF ARCHITECTURAL SERVICES**
**NOTICE OF COMMENCEMENT
OF NEGOTIATIONS
FOR ENGINEERING SERVICES**

Notice is hereby given of the commencement of negotiations for engineering services for an analysis of the major utilities (potable water and sanitary sewer) at the University of Kansas, Lawrence, Kansas.

Said analysis shall evaluate the deficiencies in use and services and plan corrective measures for an orderly upgrading and potential expansion of the system.

The scope of work required shall include:

1. A complete and thorough analysis and report of the existing potable water and sanitary sewer systems. This engineering study shall include an assessment of the existing lines, their sizes, all tests and measurements to determine their loads and capacities, flows, pressures, etc. pertinent to the engineering evaluation of the existing system.
2. Design recommendations for upgraded improvements (on separate drawings) along with cost estimates for all segments of the upgraded systems, incorporated in a recommended prioritized program, to bring these systems to proper standards for current loading and demands as well as projected future growth.
3. The drawings for proposed potable water im-

provements will locate and size all proposed water manholes and water valves, size all new or replacement lines, locate fire and yard hydrants and future irrigation system ties. The sewer analysis shall include proposed sewer manholes and estimate elevations of all inverts, flow lines and tops of proposed and existing sewer manholes. All elevations shall be based on University bench mark datum.

4. The consultant will provide the University with one set each of permanent reproducible drawings capable of accepting future system revisions (scale of drawings to be determined at a pre-engineering conference) and 15 sets of the analysis report.

A review of the University's master plan will be presented to the consultant prior to the start of the project. All available drawings and information will be made available through the Office of Facilities Operations. Liaison will need to be maintained with the Office of Facilities Planning and designated persons from the Department of Facilities Operations.

Interested firms must be permitted by law to practice engineering in the state of Kansas.

Any questions or expressions of interest should be directed to Norman Moody, Division of Architectural Services, 625 Polk, Topeka, KS 66603, (913) 233-9367, prior to June 7, 1985.

ATTORNEY GENERAL

Opinion No. 85-49

State Departments; Public Officers, Employees—Public Officers and Employees—Open Public Meetings; Bodies Subject Thereto; Not-for-Profit Corporations. Colt Knutson, Riley County Attorney, Manhattan, May 9, 1985.

A not-for-profit corporation is subject to the Kansas Open Meetings Act if it: (1) receives public support in its operations such as public funds or the use of public facilities; and (2) acts as a governmental agency in providing services to the public that would otherwise be provided by state or local government. Additional factors include the degree of control which a government body has over the activities of the corporation, the degree to which the corporation's directors are selected by a government body, and whether, in the absence of the legal relationship it has with a government body, the corporation could independently exist. Upon applying these factors to the Memorial Hospital Association, Inc., it is our opinion that the association is subject to the provisions of the act, and must hold meetings for the conduct of its affairs in public, subject to the provisions of the act. Opinion No. 85-50

Public Health—Maternity Hospitals or Homes and Homes for Children—Persons Prohibited from Operating Homes; Effect of Expungement of Prior Conviction. Michael E. Cleary, Harvey County Attorney, Newton, May 13, 1985.

K.S.A. 1984 Supp. 65-516(a)(1), as amended by 1985 House Bill No. 2145, prohibits persons with certain felony convictions from working in a boarding home for children which is licensed by the department of health and environment. The statute contains no time limit upon such prohibition, with the result that a person having such a conviction is precluded from such employment for the remainder of his or her life. However, expungement of such convictions under K.S.A. 1984 Supp. 21-4619 is permitted, except in the case of boarding homes which are also detention facilities operated by a local or state criminal justice

agency. The effect of expungement is to close the record of the felony conviction from public scrutiny, including that of the department of social and rehabilitation services, which is otherwise provided access to criminal history information concerning persons working in boarding homes for children. (K.S.A. 1984 Supp. 65-516(d), as amended.) The department of social and rehabilitation services is also authorized to validate reports of abuse or neglect by employees of such homes, pursuant to K.S.A. 1984 Supp. 65-516(a)(3), as amended, which process involves an investigation into the facts of the incident. In the event an incident is validated, an independent review may be made by the department of health and environment as the licensing agency. Cited herein: K.S.A. 1984 Supp. 21-4619; 22-4701; 38-1523; 41-311; 65-503; 65-516, as amended by 1985 House Bill No. 2145; K.S.A. 76-12a01. MWB

Opinion No. 85-51

State Boards, Commissions and Authorities—Law Enforcement Training Center; Training Commission—Certification for Permanent Appointment; Annual Training. Senator Fred A. Kerr, Thirty-third District, Pratt.

A community college may offer courses related to law enforcement which would satisfy the annual training requirement imposed on law enforcement officers by K.S.A. 1984 Supp. 74-5607a(b). Cited herein: K.S.A. 1984 Supp. 74-5604a; 74-5607a. MFC

Opinion No. 85-52

Counties and County Officers—General Provisions—Home Rule; Acquisition of Real Property for Industrial Site. Nancy B. Hiebert, Chairman of the Douglas County Commissioners, Lawrence, May 13, 1985.

The acquisition and development of real property as an industrial site or park is a legitimate exercise of a county's power of local legislation or home rule as provided in K.S.A. 19-101 and K.S.A. 1984 Supp. 19-101a, as amended by 1985 Senate Bill No. 326. County funds acquired pursuant to K.S.A. 19-4101 *et seq.*, may only be utilized for programs related to economic development. The acquisition and development of an industrial site or park would appear to be such a program. However, any expenditure of public funds must have a demonstrable relationship to a program of economic development and must satisfy the public purpose doctrine. Cited herein: K.S.A. 12-1741b, as amended by 1985 House Bill No. 2383; 12-3801; 12-3802; 19-101; K.S.A. 1984 Supp. 19-101a, as amended by 1985 Senate Bill No. 326; K.S.A. 19-3801; 19-4101; 19-4102; 19-4103. Basis of Award

The award of the Bonds will be made on the basis of the lowest net interest cost to the City, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the City. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the governing body shall determine which bid, if any, shall be accepted, and its determination shall be final. The City reserves the right to reject all bids and to waive any irregularities in a submitted bid.

Authority, Purpose and Security

The Bonds are being issued pursuant to K.S.A. 12-6a01 to 12-6a17, inclusive, as amended, for the purpose of paying the cost of certain sidewalk improvements, pursuant to K.S.A. 12-618 for the purpose of paying the cost of certain main sewer improvements and pursuant to Charter Ordinance No. 8 of the City for the purpose of paying the cost of airport land acquisition. The Bonds and the interest thereon will constitute general obligations of the City, payable in part from special assessments levied upon the property benefited by the construction of said improvements and, if no so paid, from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable tangible property, real and personal, within the territorial limits of the City, with the balance payable from ad valorem taxes which may be levied without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the City.

Legal Opinion

The Bonds will be sold subject to the legal opinion of GAAR & BELL, Overland Park, Kansas, Bond Counsel, whose approving legal opinion as to the validity of the Bonds will be furnished and paid for by the City, printed on the Bonds and delivered to the successful bidder as and when the Bonds are delivered. Said opinion will also state that in the opinion of Bond Counsel, under existing laws and regulations, the interest on the Bonds is exempt from federal income taxation.

Delivery and Payment

The City will pay for printing the Bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder within 45 days after the date of sale at such bank or trust company in the state of Kansas or Kansas City, Missouri, as may be specified by the successful bidder or elsewhere at the expense of the successful bidder. The successful bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the Bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the Bonds affecting their validity. Payment for the Bonds shall be made in federal reserve funds, immediately subject to use by the City.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$9,300.00 payable to the order of the City to secure the City from any loss resulting from the failure of the successful bidder to comply with the terms of its bid. No interest will be paid upon the successful bidder's good faith check. Said check will be returned to the bidder if its bid is not accepted. If a bid is accepted, said check will be held by the City until the bidder shall have complied with all of the terms and conditions of this notice, at which time the check will be returned to the successful bidder or paid to its order at the option of the City. If a bid is accepted but the City shall fail to deliver the Bonds to the bidder in accordance with the terms and conditions of this notice, said check will be returned to the bidder. If a bid is accepted but the bidder defaults in the performance of any of the terms and conditions of this notice, the proceeds of such check will be retained by the City as and for liquidated damages.

CUSIP Numbers

It is anticipated that CUSIP identification numbers will be printed on certificated bonds or assigned to uncertificated bonds, but neither the failure to print such number on or assign such number to any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the Bonds in accordance with the terms of the purchase contract. All expenses in relation to the assignment and printing of CUSIP numbers on the Bonds will be paid by the City.

Bid Forms

All bids must be made on the forms which may be procured from the City Clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The City reserves the right to waive irregularities and to reject any or all bids.
