NOTICE TO CONTRACTORS

Notice is hereby given that sealed proposals for the construction of road and bridge work in the following Kansas counties will be received at the K.D.O.T. District One conference room, 121 W. 21st, Topeka, or at the office of the Chief of Construction and Maintenance, K.D.O.T., Topeka, until 10 a.m. C.D.T., June 26, 1986, and then publicly opened:

DISTRICT ONE—Northeast

Lyon—35-56 K-2968-01—I-35, beginning at the junction of I-35 and US-50 overpass east of Emporia, then east to 1.0 mile west of the Coffey-Lyon county line, 9.4 miles, pavement undersealing. (Federal Funds)

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment, and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone regardless of race, religion, color, sex, physical handicap, national origin or ancestry in the award of contracts.

Plans and specifications for the project may be examined at the office of the respective county clerk or at the K.D.O.T. district office responsible for the work.

ATTORNEY GENERAL

Opinion No. 86-78

Taxation—Mortgage Registration and Intangibles—Application of Mortgage Registration Fee Requirements to Federal Land Banks. Joan Finney, State Treasurer, Topeka, May 29, 1986.

Federal law prescribes that federal land banks are exempt from state taxation, except for those taxes on real estate held by a federal land bank. In that federal law supersedes inconsistent state law, and that the Kansas mortgage registration fee is a tax on an intangible, the federal land bank must be allowed to register its validly executed mortgages in Kansas without being required to pay mortgage registration fees, and such mortgages are enforceable in Kansas courts. Opinion No. 86-79

Taxation—Mortgage Registration and Intangibles—Assessment of Tax on Future Advances Clause. Jacqueline Webb, President, Kansas Register of Deeds Association, Iola, May 29, 1986.

A recorded mortgage imparts constructive notice of

its contents and of unrecorded instruments to which it refers. Thus, an exhibit which is attached to, or which is referred to by, a recorded mortgage may be sufficient to strike a future advances clause appearing in the mortgage. It must be clear, however, that the future advances clause is actually stricken by the exhibit. If the future advances clause is sufficiently stricken, the mortgage will not secure any future advances which may be given. The mortgagee may later secure future advances by filing a new mortgage. The mortgagee will have priority for purposes of the future advances as of the filing of the mortgage securing those advances.

If the future advances clause is sufficiently stricken, mortgage registration fees may not be charged on the amount stated in the stricken future advances clause. If the mortgagee later files a new mortgage to secure future advances, a mortgage registration fee shall be charged based on the maximum amount stated in that mortgage. Banks and Banking—Banking Codes; Dissolution; Insolvency—Authority of FDIC as Receiver of a Failed Bank. Rita D'Agostino, General Counsel, Banking Department, Topeka, May 29, 1986.

As receiver of a failed bank, the FDIC, under the direction of the State Bank Commissioner, shall take charge of the bank, its assets and property, and liquidate the affairs and business thereof for the benefit of the bank's depositors, creditors and stockholders. The FDIC as receiver may sell or compound all bad and doubtful debts and sell all the property of the bank upon such terms as the district court shall approve. Fire Protection—Fire Safety and Prevention—School Buildings. Robert F. Bennett, Attorney for Unified School District No. 512, Prairie Village, May 30, 1986.

The city of Lenexa may not condition the grant of a building permit to a school upon compliance with its building codes, as they have been pre-empted by K.S.A. 1985 Supp. 31-150. (Attorney General Opinion No. 80-14 is affirmed.) Cited herein: K.S.A. 1985 Supp. 31-150. TRH

K.S.A. 80-202 provides that a member of a township board must vacate such position in the event that he becomes a nonresident of such township. A member of

Banks and Banking—Miscellaneous Provisions—The Family Farm Rehabilitation Act. Representative Keith Roe, 109th District, Mankato, June 3, 1986.

Except as otherwise provided in the Family Farm Rehabilitation Act, all proceedings in the district court which have jurisdiction for (1) the foreclosure of a mortgage on agricultural land, (2) the cancellation of a contract for the purchase of agricultural land, or (3) the repossession of or collection against agricultural property commencing on and after October 1, 1985, shall be subject to the provisions of the Act. The Act would apply to the Farmers Home Administration and similar federal and state agencies. Cited herein: 1986 Senate Bill No. 696. TL

State Departments; Public Officers and Employees—Open Public Meetings—Bodies Subject Thereto; Advisory Committees to County Fire Districts. Joseph O'Sullivan, Reno County Counselor, Hutchinson, June 3, 1986.

An advisory board to a county fire district appointed by the board of county commissioners, the governing body of the district, is a subordinate group subject to the Kansas Open Meetings Act because the parent body is an administrative body which receives and expends public funds. Labor and Industries—Minimum Wage and Maximum Hours—Overtime and Compensation; Exceptions. Larry E. Wolgast, Secretary of Human Resources, Topeka, June 3, 1986.

The Kansas minimum wage and maximum hours law (MWMHL) supplements the Fair Labor Standards Act (FLSA), covering those occupations the FLSA does not reach and those which the FLSA excludes from coverage. It is therefore our opinion that the provisions of the MWMHL apply to law enforcement agencies with less than five employees as these occupations have been exempted from coverage under the FLSA. KANSAS INSURANCE DEPARTMENT

NOTICE OF HEARING

A hearing will be conducted at 9:30 a.m. Wednesday, July 2, at the Kansas Insurance Department, 420 S.W. 9th, Topeka, at the request of the Sedgwick County Firefighters Relief Association, to hear and take evidence as to whether changed circumstances exist to warrant a redetermination of proportionate amounts payable to all firefighter relief associations.

The Sedgwick County Firefighters Relief Association is claiming that a 1983 premium was improperly credited to other firefighter relief associations when it should have been credited to the Sedgwick County Firefighters Relief Association.

All interested parties may attend and present any evidence which is relevant to the subject matter of the proceeding.

Any questions concerning the proceeding should be directed to Pamela Sjöholm, Chief Attorney, Kansas Insurance Department.

**NOTICE OF BOND SALE
\$560,000**

**UNIFIED SCHOOL DISTRICT 248
CRAWFORD COUNTY, KANSAS
GENERAL OBLIGATION
SCHOOL BUILDING BONDS
SERIES A 1986**

Pursuant to K.S.A. 1985 Supp. 10-106, Unified School District 248, Crawford County, Kansas (Girard), will receive sealed bids in the board of education office, 401 N. Summit, Girard, KS 66743, until 7:30 p.m. C.D.T. on Wednesday, June 25, 1986, for \$560,000 par value general obligation school building bonds, series A, 1986, of the district, at which time and place such bids will be publicly opened. No oral or auction bids will be considered.

The series A, 1986 bonds will be dated as of July 1, 1986 and shall mature on November 1 in each of the years and in the amounts set forth below. Such bonds shall consist of fully registered certificated bonds, each in the denomination of \$5,000 or integral multiples thereof, not exceeding the principal amount of bonds maturing in each year. Interest will be payable semiannually commencing May 1, 1987, and each November 1 and May 1 thereafter. The principal and premium, if any, on the bonds shall be payable in lawful money of the United States of America, at the principal office of the Treasurer of the State of Kansas (the paying agent and bond registrar) to the registered owners thereof upon presentation of the bonds for payment and cancellation. Interest on the bonds shall be payable in lawful money of the United States of America to the registered owners appearing on the books maintained by the bond registrar as of the 15th

day of the month next preceding the interest payment dates (the record dates). The fees of the bond registrar for registration and transfer of the bonds shall be paid by the district.

The bonds will mature serially in accordance with the following schedule:

Principal Maturing	Maturity Date
\$ 15,000	November 1, 1987
\$ 25,000	November 1, 1988
\$ 30,000	November 1, 1989
\$ 40,000	November 1, 1990
\$ 50,000	November 1, 1991
\$ 60,000	November 1, 1992
\$ 70,000	November 1, 1993
\$ 80,000	November 1, 1994
\$ 90,000	November 1, 1995
\$100,000	November 1, 1996

All of said bonds shall become due without option of prior payment.

Interest Rate

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidder. The same rate shall apply to all bonds of the same maturity. Each interest rate shall be in an even multiple of 1/8 or 1/20 of 1 percent. The difference between the highest and lowest interest rate shall not exceed 2 percent. No interest rate shall exceed the maximum interest rate allowed by Kansas law, said rate being the 20 bond index of tax-exempt municipal bonds published by the Credit Markets in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent, and no bid of less than par and accrued interest will be considered. Bids for less than the entire issue of bonds will not be considered.

Bid Form and Good Faith Deposit

Each bid shall be accompanied by a good faith deposit in the form of a cashier's or certified check in the amount of \$11,200, made payable to the order of the district. In the event a bidder whose bid is accepted shall fail to carry out his contract of purchase, the amount of said deposit shall be retained by the school district as liquidated damages. The checks of unsuccessful bidders will be returned promptly.

Award of Bids

The sealed bids for the bonds shall be opened publicly and only at the time and place specified in this notice, and the bonds will be sold to the best bidder. The district reserves the right to reject any and all of the bids and to waive any irregularities. The bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the district, and the net interest cost will be determined by deducting the amount of any premium paid from the aggregate amount of interest upon all of the bonds from their date until their respective maturities. In the event more than one bid is received at the same net interest cost, the successful bidder will be selected by lot. The district reserves the right to refuse to issue and deliver the bonds in the event that H.R. 3838, as

passed by the United States House of Representatives on December 17, 1985, or any amendment thereof or supplemental thereto, is enacted prior to the date of the issuance of the bonds.

Delivery of the Bonds

The bonds, duly printed, executed and registered, will be furnished and paid for by the district, and the bonds will be sold subject to the unqualified approving opinion of Fred W. Rausch, Jr., bond counsel, Topeka, Kansas. The cost of said legal opinion will be paid by the district. The numbers, denominations of the bonds and the name of the initial registered owners to be initially printed on the bonds shall be submitted in writing by the successful bidder to the bond registrar not later than July 8, 1986. The purchaser will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds, and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds will be made in immediately available funds. Delivery of the bonds will be made to the successful bidder on or about August 4, 1986 at any bank in the state of Kansas or Kansas City, Missouri, at the expense of the district. Delivery elsewhere will be made at the expense of the purchaser.

Legal Opinion and Tax Exemption

All legal matters relating to the authorization and issuance of the bonds are subject to the approving opinion of Fred W. Rausch, Jr., Topeka, Kansas, as bond counsel, whose approving opinion will be printed on the bonds and an original of which will be delivered at closing to the purchasers of the bonds.

Authority and Security for the Bonds

The bonds are being used pursuant to the provisions of K.S.A. 72-6761. The bonds will be general obligations of the school district, payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount on all the taxable tangible property within the school district.

Pending Federal Legislation Concerning Tax Exempt Obligations

On December 17, 1985, the U.S. House of Representatives passed H.R. 3838, the Tax Reform Act of 1985. The bill presently is pending in the Senate. The bill in its present form imposes additional requirements which must be satisfied in order for interest on the obligations issued by or on behalf of state and local governments to be exempt from federal income taxation. Such requirements generally are effective for all obligations issued after December 31, 1985 and thus, if the bill becomes law in its present form, would be applicable to the bonds.

The bill is subject to change, and if it becomes law may contain requirements which differ from those contained in the bill in its present form. Therefore, there can be no assurance that the school district will be able to comply with such requirements. The failure

(continued)

or inability of the school district to comply with the requirements of the bill could jeopardize the tax-exempt status of the bonds from their date of issuance. Holders should be aware that in such event, the bonds are not callable, nor will the interest rate on the bonds be adjusted to reflect the loss of the tax exemption.

Subsequent to the adoption of the bill, the U.S. House of Representatives passed House Resolution 335, which states in substance that it was the sense of the House of Representatives that the chairman and ranking member of the House Committee on Ways and Means be instructed, in conjunction with the Secretary of the Treasury and the chairman and ranking member of the Senate Committee on Finance, to make public an agreed-upon statement which would have the effect of postponing the effective date of selected items of the bill. In addition, the U.S. Senate passed Senate Resolution 281, which provides in substance that it was the sense of the Senate that the effective date of the bill should be delayed.

On March 14, 1986, a joint statement was issued by Chairman Dan Rostenkowski, D-Ill., House Committee on Ways and Means; Chairman Bob Packwood, R-Ore., Senate Committee on Finance; Rep. John J. Duncan, ranking member of the Committee on Ways and Means; Sen. Russell Long, ranking member of the Committee on Finance; and Secretary of the Treasury James A. Baker, III, with respect to the effective dates of certain provisions of the Comprehensive Tax Reform Legislation (H.R. 3838) being considered by Congress. Excerpts of such joint statement are as follows:

“ . . . It is not our intent, however, to restrict the ability of States and local governments to finance their direct governmental operations or to force States to change their existing practices governing financing of those operations while tax reform legislation is pending.

Therefore, we are endorsing a postponement, until September 1, 1986 (or the date of enactment of tax reform legislation, if earlier) of any application of the provisions and restrictions listed below to bonds that under present law are not (i) industrial development bonds, (ii) bonds that would be IDBs if section 501(c)(3) organizations were nonexempt persons engaged in trades or businesses, (iii) student loan bonds, (iv) mortgage subsidy bonds, or (v) other private (“consumer”) loan bonds for which tax-exemption is permitted. In addition, this action does not apply to so-called pension bonds or to bonds which involve payments by private parties for the use of bond-financed property and which would be IDBs if such payments were used to pay debt service.

The provisions and restrictions to which this action applies are—

- (1) The definition of nonessential function bond and the new unified volume cap contained in H.R. 3838;
- (2) Any extension of arbitrage rebate restrictions, and any other new arbitrage restrictions, other than the method of determining bond yield (i.e., the reversal of the decision in *State of Washington v. Commission*);
- (3) Any new restrictions on early issuance of these bonds (i.e., provisions requiring certain expenditures within certain periods);
- (4) Any new restrictions on advance refunding of bonds which were originally issued before 1986, other than a limitation on the temporary period for refunding bond proceeds to 30 days and the method of determining bond yield (listed in item (2), above);
- (5) Any extension of information reporting requirements to these bonds; and
- (6) Any treatment of interest on these bonds as a minimum

tax preference item under H.R. 3838 as passed by the House.”

In reliance upon the joint statement, if the bonds are issued prior to September 1, 1986 or the date of enactment of tax reform legislation, if earlier, the school district does not intend to comply with the provisions of the bill for which the effective date was postponed.

With respect to Section 802 of the bill relating to interest incurred by financial institutions to carry tax-exempt bonds, the school district intends to designate the bonds as qualified project bonds for purposes of Section 802(e) of the bill. The school district does not intend to issue bonds in excess of \$10 million during this calendar year.

Purpose of Issue

The bonds are being issued for the purpose of constructing and equipping an addition to the Haderlein elementary school building. The total estimated projected cost is \$710,000, which is being funded by the proceeds of this issue, capital outlay levy proceeds in the amount of \$100,000 and general fund proceeds in the amount of \$50,000.

Kansas commission on the bicentennial of the United States Constitution—gifts, grants and donations fund.....		No limit
Conversion of materials and equipment fund.....		No limit

Sec. 60. *Appeals to exceed position limitations.* The limitations imposed by this act on the full-time equivalent number of full-time and regular part-time positions, excluding seasonal and temporary positions, paid from appropriations made in this act or in any appropriation act of the 1985 regular session of the

legislature may be exceeded upon approval of the state finance council acting on this matter which is hereby characterized as a matter of legislative delegation and subject to the guidelines prescribed in subsection (c) of K.S.A. 75-3711c and amendments thereto.

Sec. 61. *Appeals to exceed expenditure limitations.* Upon written application to the governor and approval of the state finance council acting on this matter which is hereby characterized as a matter of legislative delegation and subject to the guidelines prescribed in subsection (c) of K.S.A. 75-3711c and amendments thereto, expenditures from special revenue funds may exceed the amounts specified in this act.

Sec. 62. *Savings.* Any unencumbered balance in any special revenue fund, or account thereof, which is not otherwise specifically appropriated or limited by this or any other appropriation act of the 1986 regular session of the legislature, is hereby reappropriated for the same use and purpose as the same was heretofore appropriated.

Sec. 63. Section 3 of chapter 28 of the 1985 Session Laws of Kansas and section 18 of 1986 Senate Bill No. 584 are hereby repealed.

Sec. 64. On July 1, 1986, section 5 of 1986 House Bill No. 2776, section 4 of 1986 Senate Bill No. 522, and section 7 of 1986 Senate Bill No. 524 are hereby repealed.

Sec. 65. This act shall take effect and be in force from and after its publication in the Kansas register.

I hereby certify that the above BILL originated in the HOUSE, and passed that body April 24, 1986.

HOUSE adopted Conference Committee report April 27, 1986.

JOHN CARLIN
Governor.

STATE OF KANSAS
Office of Secretary of State

I, JACK H. BRIER, Secretary of State of the State of Kansas, do hereby certify that the above and foregoing is a correct copy of the original enrolled bill now on file in my office.

IN TESTIMONY WHEREOF, I have hereunto subscribed my name and affixed my official seal, this 6th day of June, 1986.

(SEAL) JACK H. BRIER
Secretary of State.

Message to the House of Representatives of the State of Kansas:

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I hereby return House Bill No. 3161 with my signature approving the bill, except for those portions of Section 11(a) thereof that read:

"General administration, \$2,500 \$2,500"

all of which I line item veto.

These two appropriations were included in this bill for the State's membership dues in the Advisory

Commission on Intergovernmental Relations. These amounts were already included and approved in the Department of Administration appropriations bill and are therefore duplicated in this bill.

And except for those portions of Section 24(a) thereof that read:

“Capital improvement—acquire and install new and replacement fire hydrants and replace gas and water lines	50,000
Total	\$100,000”

all of which I also line item veto.

This line item was not included in my Budget Recommendations and was not designated as a high priority by either the Industrial Reformatory or the Department of Corrections. At a time when every expenditure must be closely scrutinized, the insertion of low priority capital improvement projects is totally inappropriate.

And also except for Section 25(e) and 48(f) thereof, which I line item veto in their entirety; and except for those portions of Sections 25(a) thereof that read:

“Capital improvement—plan and construct facilities for development of game birds for inmate work programs	100,000
---	---------

Provided, That the secretary of corrections is hereby authorized to transfer moneys from this account to an account of the state general fund of any institution or facility under the jurisdiction of the secretary of corrections.”

Total	\$68,969	\$1,700,000”
-------------	----------	--------------

all of which I also line item veto.

Repeated attempts over many years in various states to provide a stocking program, in which pen-reared upland game birds were the basis for the restoration or reinforcement of game bird populations, have proved dismal failures. Expenditures from the State General Fund for such demonstrably ineffective projects are unacceptable to me.

And except for those portions of Section 30(a) thereof that read:

“Administration of justice—additional judges of the district courts	154,051
---	---------

Provided, That no expenditures shall be made from this account unless 1986 House Bill No. 2825 is enacted and creates one or more new positions for additional judges of the district courts: *Provided further*, That no expenditures shall be made from this account except upon approval of the state finance council acting on this matter which is hereby characterized as a matter of legislative delegation and subject to the guidelines prescribed in subsection (c) of K.S.A. 75-3711c and amendments thereto: *Provided, however*, That, if 1986 House Bill No. 2825 is enacted and creates one or more new positions for additional judges of the district courts, the state finance council shall approve, under authority of these provisos, sufficient expenditures from this account for the number and type of new positions for judges of the district courts as created by 1986 House Bill No. 2825 and shall approve, under authority of section 6 of the 1986 Senate Bill No. 443, an increase in the position limitation established by section 6 of 1986 Senate Bill No. 443 for judges of the district courts for the judicial branch, to provide for the number of new positions for judges of the district courts created by 1986 House Bill No. 2825.

Total	\$608,329”
-------------	------------

all of which I also line item veto.

This line item was contingent on the enactment of House Bill No. 2825, which failed to receive favorable consideration by the 1986 Session of the Legislature, and is therefore unnecessary.

And except for Section 31 thereof, which I line item veto in its entirety.

This section was included for additional costs involved with House Bill No. 3140, which I have vetoed.

And except for those portions of Section 44(a) thereof that read:

“Washburn University operating grant	100,000
Total	\$1,500,000”

all of which I also line item veto.

The line item for special funding for Washburn University was not included in my budget recommendation, nor should the practice of awarding undesignated grants for Washburn be instituted—a precedent which has unknown fiscal consequences for the State General Fund.

And also except for Sections 44(d) and 44(e) thereof, which I line item veto in their entirety; and except for that portion of Section 37(a) thereof that reads:

“Job training grant discontinued attendance fund	0”
--	----

which I also line item veto.

These three line items create special revenue funds for the use of carryover Title IIA Job Training Partnership Act (JTPA) 8% Education Funds. I line item veto these items because they represent a usurpation by the Legislature of administrative authority over the use of JTPA funds. Although designed to encourage use of JTPA funds for proprietary schools, these funds are unnecessary. To date, JTPA funds have been utilized in programs offered by proprietary schools and JTPA will continue, through normal program operations, to work closely with these private training institutions. These new special revenue funds imply that the State Board of Regents would administer a training program that meets the criteria established by JTPA rules and regulations. The Board of Regents is ill-equipped to operate such a program. These funds should continue to be cooperatively administered by the Departments of Human Resources and Education, which are staffed and equipped to operate such programs. I believe the changes suggested are inappropriate and unnecessary.

For these reasons, I line item veto these portions of the bill, while approving the remaining portions.

JOHN CARLIN, Governor

Dated May 5, 1986.

Kansas Offers a Variety of Attractions

A glimpse of the future or a taste of the past, Kansas offers visitors both. The future is found at the Kansas Cosmosphere in Hutchinson, the past in a 36-hour wagon train ride through the Flint Hills near El Dorado. A sampling of popular tourist attractions in Kansas include:

A 2,000-mile trip can be completed in a 10-minute stroll through scenes from the arctic to the tropics in the Panorama of North American Plants and Animals at the Museum of Natural History on the campus of the University of Kansas. It is one of the largest diorama exhibits in the world. The museum also houses an array of fossils and minerals, including a reconstruction of a tar pit and fossil marine reptiles from Kansas; exhibits on native North Americans from Greenland Eskimos to the Plains Indians; the U.S. Cavalry horse "Comanche," a survivor of the Battle of the Little Bighorn; and live snakes, bees and fishes of Kansas. The museum is open 361 days each year. Dyche Hall, which houses the museum, is on the National Register of Historic Places.

Built in 1857 or 1858, the Pony Express Station near Hanover is said to be the only unaltered pony express station which remains on its original site. It was built along the Oregon-California Trail, one of the most heavily traveled routes in the West, by Gerat H. Hollenberg, a German immigrant. The building served as Hollenberg's family home, a neighborhood store, a tavern, a stage station for the Overland Express and, in 1860, a pony express station.

The Kansas Cosmosphere and Discovery Center, Hutchinson, houses one of the largest and most significant collections of space artifacts in existence. It also boasts the world's largest movie projection system. Artifacts include a 25-foot tall Lunar Module and an Apollo Command Module. Many of the artifacts are restored at the Cosmosphere.

A re-creation of Wichita in its developmental years of 1865 to 1880, the Old Cowtown Museum has 36 buildings on 17 acres. Among the exhibits is a log cabin that was the first two-story dwelling in Wichita. It was built by hand by a town founder about 1868. Other buildings on display include a church, drug-store, blacksmith shop, saloon, newspaper office and jail. Many of the buildings are authentically furnished with items from the museum's extensive collection of 19th century artifacts. Cowtown sits on the banks of the Big Arkansas River in Wichita's Sim Park. It is open seven days a week March through December and is open Monday through Friday in January and February.

Abilene, the boyhood home and final resting place of President Dwight D. Eisenhower, is also home to the Eisenhower Center. The center comprises the Eisenhower family home, a museum and library, a visitors' center and a Place of Meditation where Eisenhower is buried. The family home is on its original site and contains original furnishings belonging to the family. The museum contains thousands of mementos

of Eisenhower's military career and Presidency. The library features exhibits and has research facilities for scholars. In the visitors' center a free movie about Eisenhower's life and the Presidential Library is shown regularly.

Abilene is also home to the Museum of Independent Telephony, the Greyhound Hall of Fame and the National Greyhound Association. The only museum of its kind in the nation, the Museum of Independent Telephony has a collection of telephones dating from 1875 and a large research library. The Greyhound Hall of Fame pays tribute to famous racing dogs and personalities connected with the sport. It features a miniature race track and other displays. Abilene is also the site of the National Greyhound Association Meet, the "world series" of greyhound racing. The National Greyhound Association is headquartered west of Abilene. It is the official world registry for all racing dogs that compete in the United States.

The High Plains Museum in Goodland houses America's first patented helicopter, which was built about 1910 by two machinists. Also on display are prehistoric fossils, Indian artifacts including a collection of arrowheads, pioneer artifacts from household equipment to toys and dolls, and farming tools and implements used by the pioneers. The museum is in Steever Park, south of the Goodland Municipal Pool.

Once the "Cowboy Capital of the World," Dodge City features an authentic reproduction of Old Front Street as it appeared in 1872 at the foot of Boot Hill cemetery. The display includes the famous Long Branch Saloon, and gun fights are staged during the summer. Other attractions are the Boot Hill Western Museum, the Beeson Museum and the home of Colonel R. J. Hardesty, an early day cattle baron.

A glimpse of pioneer life is found at the Chisholm Trail Museum, Wellington. Exhibits include the Old Parlor, Old Kitchen, Grandmothers' Room, the Doctor's Office and the Barber Shop. The museum has 42 rooms of displays with more than 12,000 exhibits. It also contains an archives section containing unpublished biographies, diaries, family records, photographs and the early history of Sumner County. The museum is on Washington Avenue across from the Sumner County Courthouse.

Lindsborg is rich in Swedish heritage and tradition. Its unique Main Street has a distinctly European flavor. Found at the McPherson County Old Mill Museum complex is the century-old Smoky Valley Roller Mill, which has been restored to operating condition; the Swedish Pavilion from the St. Louis World's Fair; and a large variety of early frontier collections. Both the mill and the pavilion are on the National Register of Historic Places. Bethany Lutheran Church contains a century-old, hand-carved railing and Birger Sandzen murals. Coronado Memorial Park gives a spectacular view of the entire Smoky Valley.

Built in 1870, the Brookville Hotel, Brookville, is nationally famous for its family-style chicken and its old-fashioned atmosphere.

The State Capitol in Topeka is one of the most beautiful capitols in the country. The building fea-

tures extensive murals, elaborate frescoing and beautiful woodwork. The chambers of the Senate and House of Representatives are outstanding examples of 19th century decor. Nearby is the Judicial Center and State Office Building.

Topeka is also the home of the Kansas Museum of History, the Menninger Foundation and the World Famous Topeka Zoo. The museum moved from downtown Topeka to a new building on Topeka's west side in mid-1984. The Menninger Foundation is a psychiatric center for professional education, research, treatment and prevention of mental illness. The main building of the foundation's west campus is fashioned after Independence Hall. It contains a unique collection of papers and objects related to psychiatry, including one of the country's largest collections of Sigmund Freud's papers. The Topeka Zoo features a water bird lagoon; a tropical rain forest—the first of its type in the world; and the world's only walk-through gorilla exhibit. The zoo has about 500 animals of 200 different species. It is open to the public every day of the year.

An authentic military fort, Fort Scott played a key role in the nation's westward expansion. The fort, established in 1842, was part of a series of forts built to maintain peace between the Indians to the west and the white settlers to the east. Fort Scott has 19 buildings spread across 14 acres. It is a National Historic Park and has been restored by the National Park Service.

Fort Larned was established in 1859 by the U.S. Army to protect travelers and commerce on the Santa Fe Trail. The fort also served as a military base for action against hostile Indians and later as a center for peaceful relations with the tribes. Six miles west of Larned, the Fort Larned National Historical Site is administered by the National Park Service.

The Safari Museum in Chanute honors the late Osa and Martin Johnson, who are noted for their contributions to wildlife, photography and exploration. The museum contains trophies and souvenirs of their African trips.

The infamous Dalton family made a bloody raid on the city of Coffeyville October 5, 1892, in an attempt to rob two banks simultaneously. Death Alley and the graves of two of the gang can be seen. The Dalton Museum displays mementoes of the famous gun battle. It also features Hall of Fame pitcher Walker Johnson and 1940 Republican presidential nominee Wendell Willkie, who once taught history at Coffeyville High School. The stately Brown Mansion is on South Walnut in Coffeyville. Built in 1906 by W. P. Brown, the home shows the influence of architect Stanford White.

"Little House on the Prairie" near Independence is a reproduction of a log cabin on the site where Laura Ingalls Wilder lived as a child. Wilder wrote the nine children's books which provided the basis for the "Little House on the Prairie" television series. The cabin, a one-room schoolhouse and an early-day rural post office are 13 miles southwest of Independence.

Fort Riley is one of the nation's most important military installations. It is the home of the famous 1st Infantry Division, the "Big Red One." The historic 100,000-acre military reservation has many beautiful limestone buildings, barracks and homes. Also at Fort Riley is the first Territorial Capitol of Kansas, which is maintained by the state as a public museum. It houses artifacts concerning the taming of the Old West. Also on the grounds are the U.S. Cavalry Museum, a herd of buffalo and the quarters which General Custer used when he was stationed at the fort.

The Brown Grand Theatre, Concordia, opened as an Opera House in 1907. Built at a cost of \$40,000, it was elegantly decorated in white, green and gold with 535 "electric bulbs." The theater showed motion pictures from 1925 to 1974, during which time the inside was repainted pink and blue. The building fell into disrepair, but in 1973 it was named a National Historic Site. From 1973 to 1980, a committee of interested people worked to restore the Brown Grand. It was reopened in 1980 and is once again an elegant theater, presenting a variety of live entertainment.

Fort Leavenworth is the oldest army post in continuous existence west of the Mississippi River. Established in 1827, it provided protection against the Indians and served as a starting point for wagon trains. The fort is now the site of the U.S. Command and General Staff College. Points of interest include the Post Museum, with an exhibit of 19th century horse-drawn vehicles; Bell Hall, home of the Command and General Staff College; the French cannon; the U.S. Disciplinary Barracks; and the National Cemetery. The Leavenworth Federal Penitentiary is nearby.

The Thomas County Museum, Colby, contains an outstanding collection of American and European antiques acquired by Nellie and Joseph Kuska. It includes dolls, glass, ceramics, furniture, paintings, textiles, clothing, silver and clocks. It also has a gallery devoted to the history of Thomas County.

In Beloit, the Little Red Schoolhouse offers schoolchildren the opportunity to experience school as it was taught in the late 1800s. Children learn reading, writing and arithmetic in half-day classes taught by retired schoolteachers with experience teaching in one-room schools. The schoolhouse is open to the public afternoons from May 1 to October 1. It is in north Beloit near the junction of U.S. Highway 24 and Highway 9.

Visitors can also experience frontier life in El Dorado with a Flint Hills Overland Wagon Train Trip. Passengers on the 36-hour expedition through the scenic Flint Hills can ride in either an authentic covered wagon or a stagecoach. Meals are eaten around a campfire. At the beginning of the journey, passengers are given a tin cup and a red bandana. The tin cup is for their coffee. The bandana is looped through the latch of the outhouse door to warn other travelers when the outhouse is occupied. Trips are scheduled in the spring, summer and fall. Information is available by contacting Ervin E. Grant, P. O. Box 1076, El Dorado 67042, (316) 321-6300.

(continued)

The Sedgwick County Zoo, Wichita, has six major exhibit areas containing more than 1,000 animals. It has the only underwater hippo viewing tank in the world and offers an extensive educational program.

Special Events

Among the more unusual events in Kansas is the International Pancake Race in Liberal. Conducted each Shrove Tuesday, the day before Ash Wednesday, the race is run in competition with Olney, England—home of the original pancake race. Legend has it that more than 500 years ago on Shrove Tuesday an Olney housewife was using up cooking fats, which were forbidden during Lent, to cook pancakes. As she was cooking the church bell tolled calling everyone to shoving service. In her haste, she forgot to remove her apron and ran to the church with skillet still in hand. Not to be outdone, her neighbors got into the act the next year and carried their skillets to church. The race has been run ever since, with Liberal joining in 1950. Female competitors, wearing housedresses, aprons and headscarves run an S-shaped course, carrying skillets and flipping their pancakes twice.

The oldest continuous annual event in Kansas is the Old Soldiers and Sailors Annual Reunion in Erie each July. First held in 1873, it is sponsored by the American Legion Post 102. There is a rodeo on Tuesday and Wednesday nights and a "bean feed" on Friday.

Bird City is host to the annual four-day Tri-State Antique Engine and Threshers Show in late July.

An Indian Peace Treaty Pageant is staged every three years in the fall at Memorial Peace Park, Medicine Lodge. A cast of 1,000 presents the pageant in

memory of peace treaties negotiated in 1867 by the United States with five hostile Plains Indian tribes.

The infamous Dalton raid is re-enacted in Coffeyville each October. Coffeyville also features the Inter-State Fair and Rodeo in August. The rodeo observed its 77th anniversary in 1985. The city's annual Christmas parade is in early December and it hosts an arts and crafts show in late November.

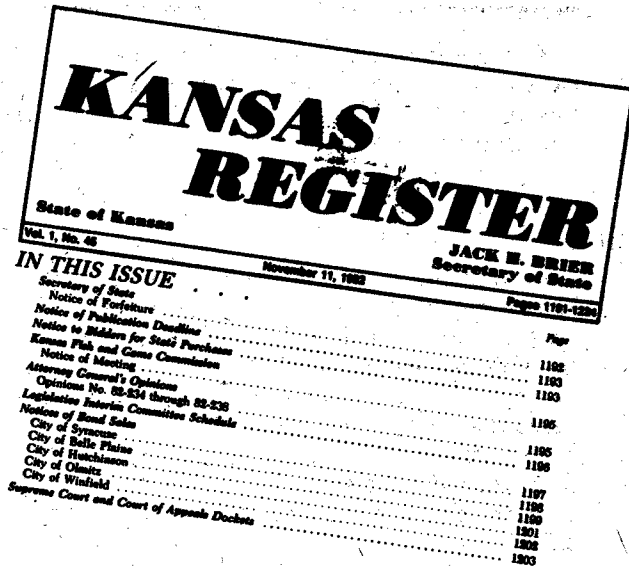

Each March, Hutchinson is host to the National Junior College Basketball Tournament. The Annual Kansas Barbed Wire Swap and Sell Session meets in May in La Crosse. The third week in September Winfield is host to the Bluegrass Festival and Flat-Picking Championship Contest. There is horse racing at Eureka Downs, Eureka, during the spring, summer and early fall. Bethany College, Lindsborg, is world famous for its Messiah Festival, which has been performed annually during Holy Week since 1882.

Arkansas City's Arkalalah, Independence's Neewollah (Halloween spelled backwards) and the Maple Leaf Festival in Baldwin are celebrated in October each year. They feature parades, carnivals, queen pageants, dances and concerts.

The Biblesta at Humboldt is an annual parade portraying Biblical scenes in floats. It is the first Saturday in October. The annual Kansas State Fair is at the Fairgrounds in Hutchinson in mid-September. Attractions include games, rides, agricultural shows and exhibits and concerts by popular performers. An After Harvest Czech Festival is on the last Saturday in July each year at Wilson, the "Czech Capital of Kansas." The annual Scott County Easter Pageant at Scott City is a special religious program presented by area volunteers. It is staged outside on each Good Friday evening.
