DEPARTMENT OF TRANSPORTATION**DISADVANTAGED AND FEMALE-OWNED
BUSINESSES UTILIZATION PROGRAM
POLICY STATEMENT**

It shall be the policy of the Kansas Department of Transportation that disadvantaged businesses (DB) and female-owned business enterprises (WBE), as defined in 49 CFR Part 23, shall have the maximum opportunity to participate in the performance of K.D.O.T. contracts that are financed in whole or in part with federal funds. In this regard, K.D.O.T. is committed to provide all necessary and reasonable steps in accordance with 49 CFR Part 23 to ensure that such businesses will be utilized to the maximum extent feasible.

To administer this program, a K.D.O.T. DB/MBE liaison officer shall be designated to be responsible for developing, managing, and implementing the DB/WBE Program on a day-to-day basis. The objectives of the program will be to meet, if not exceed, established goals for the utilization of disadvantaged and female-owned businesses in the K.D.O.T. program. Separate goals shall be set for DB/WBE—contract goals and overall goals.

Contract goals shall be established on a monthly basis for specific contracts having practical and feasible DB/WBE subcontracting possibilities.

Overall goals shall be established on an annual basis and will be determined upon consideration of the following factors:

- A. Projection of the number and types of contracts to be awarded and a projection of the number and types of DB/WBEs likely to be available to compete for contracts over the period during which the goals will be in effect.
- B. Past results of K.D.O.T.'s efforts to contract with DB/WBE and the reasons for the high or low level of those results.

The Kansas Department of Transportation shall review its overall goals annually. The review process shall analyze projected versus actual DB/WBE participation during the previous year. Necessary revisions shall be made, based on the analysis, and submitted to the D.O.T. (FHWA) for approval.

The overall goals for fiscal year 1987 (October 1, 1986 to September 30, 1987) shall be 10 percent for disadvantaged businesses and 2 percent for female-owned business enterprises (depending upon the contracts let during this period). The goals and descriptions of how they were selected are available for inspection for a period of 30 days following the date of this notice during normal business hours at the office of the Secretary of Transportation, 7th Floor, State Office Building, Topeka 66612, (913) 296-3566. Comments, which will be for informational purposes only, will be accepted from the general public in relation to these goals for a period of 45 days following the date of this notice.

Written and verbal comments may be directed to Keyton E. Barker, Jr., DB/MBE Liaison Officer, at the Kansas Department of Transportation, (913) 296-3576. Written comments may be forwarded to Ray A. Barnhart, Federal Highway Administrator, Department of Transportation, Washington, D.C. 20590.

2005	15,000

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on April 1 and October 1 in each year, beginning on April 1, 1987.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Treasurer of the State of Kansas, Topeka, Kansas (the paying agent and bond registrar), to the registered owners thereof whose names are on the registration books of the bond registrar as of the 15th day of the month preceding each interest payment date. The bonds will be registered pursuant to a plan of registration approved by the city and the Attorney General of the State of Kansas.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of

the bond registrar, will be the responsibility of the bondowners.

The number and denominations of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar at least two weeks prior to the closing date.

Redemption of Bonds Prior to Maturity

Bonds maturing in the years 1987 to 1992, inclusive, shall become due without option of prior payment. At the option of the city, bonds maturing in the years 1993 and thereafter may be called for redemption and payment prior to maturity in whole or in part in inverse order of maturity (selection of bonds within the same maturity to be by lot by the city in such equitable manner as it may determine) on October 1, 1992, or on any interest payment date thereafter at the redemption price of 100 percent (expressed as a percentage of the principal amount), plus accrued interest to the redemption date.

Whenever the city is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the city shall elect to call any bonds for redemption and payment prior to the maturity thereof, the city shall give written notice of its intention to call and pay said bonds on a specified date, said notice to be mailed by United States registered or certified mail addressed to the registered owners of said bonds, to the Treasurer of the State of Kansas, Topeka, Kansas, and to the manager or managers of the underwriting account making the successful bid, each of said notice to be mailed not less than 30 days prior to the date fixed for redemption. If any bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest, as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed a rate equal to the 20 bond index of tax exempt municipal bonds published by Credit Markets in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 3 percent. No bid of less than the entire par value of the bonds and accrued interest thereon to the date of delivery will be considered and no supplemental interest payments will be authorized. Each bid shall specify the total interest cost to the city during the life of the bonds on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such

(continued)

bid, all certified by the bidder to be correct, and the city will be entitled to rely on the certificate of correctness of the bidder. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid.

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts of the lowest net interest cost are received, the governing body shall determine which bid, if any, shall be accepted, and its determination shall be final. The city reserves the right to reject any and all bids and to waive any irregularities in a submitted bid.

Authority, Purpose and Security

The bonds are being issued for the purpose of paying the cost of certain street, curb, and gutter improvements within the city. The bonds and the interest thereon will constitute general obligations of the city, payable in part from special assessments levied upon the property benefitted by the construction of said improvements and, if not so paid, from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable tangible property, real and personal, within the territorial limits of the city, with the balance payable from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable tangible property, real and personal, within the territorial limits of the city.

Pending Federal Legislation Concerning Tax Exempt Obligations

On December 17, 1985, the U.S. House of Representatives passed H.R. 3838, the Tax Reform Act of 1985. The bill imposes additional requirements which must be satisfied in order for interest on obligations issued by or on behalf of state and local governments to be exempt from federal income taxation. Such requirements generally are effective for all obligations issued after December 31, 1985, and thus, if the bill becomes law, would be applicable to the bonds.

The bill is subject to change, and if it becomes law may contain requirements which differ from those contained in the bill. Therefore, there can be no assurance that the city will be able to comply with such requirements. The failure or inability of the city to comply with the requirements of the bill could jeopardize the tax exempt status of the bonds from their date of issuance. Bondholders should be aware that in such event, the bonds are not callable, nor will the interest rate on the bonds be adjusted to reflect the loss of the tax exemption.

On March 14, 1986, a joint statement was issued by key congressional leadership and the Secretary of the Treasury of the United States concerning a delay in the effective date of certain provisions of the bill. The

city has relied on the joint statement in issuance of the bonds.

On June 24, 1986, the U.S. Senate adopted an amendment in the nature of a substitute to the bill. The amendment contains a provision which would provide that the alternative minimum taxable income of an applicable corporation shall be increased by one-half of the amount by which the "adjusted net book income" of such corporation exceeds the "pre-book alternative taxable income" of such corporation. The effect of such provision may be to subject the interest on the bonds held by corporations to the alternative minimum tax provisions of the bill for taxable years commencing after December 31, 1986.

Legal Opinion and Tax Exemption

The bonds will be sold subject to the legal opinion of Gaar & Bell, Wichita, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds, and delivered to the successful bidder as and when the bonds are delivered. Said opinion will state that in the opinion of bond counsel, under existing law, the interest on said bonds is exempt from present federal income taxation and the bonds are exempt from intangible personal property taxes levied by Kansas cities, counties and townships.

Delivery and Payment

The city will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or before August 28, 1986 at such bank or trust company in the state of Kansas or Kansas City, Missouri, as may be specified by the successful bidder. The successful bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in federal reserve funds, immediately subject to use by the city.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America equal to 2 percent of the total amount of the bid payable to the order of the city. If a bid is accepted, said check or the proceeds thereof will be held by the city until the bidder shall have complied with all of the terms and conditions of this notice, at which time the check or the proceeds thereof will be returned to the successful bidder or paid to his order at the option of the city. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check or the proceeds thereof will be returned to the bidder. If a bid is accepted but the bidder defaults in the performance of any of the terms and conditions of this notice, the proceeds of such check will be retained by the city as and for liquidated damages. No interest will be paid upon the successful bidder's good faith check.

The bonds and the interest thereon will constitute general obligations of the city, payable in part from special assessments levied upon the property benefited by the construction of said improvements and, if not so paid, from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable tangible property, real and personal, within the territorial limits of the city, with the balance payable from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable tangible property, real and personal, within the territorial limits of the city.

Pending Federal Legislation Concerning Tax Exempt Obligations

On December 17, 1985, the U.S. House of Representatives passed H.R. 3838, the Tax Reform Act of 1985. The bill imposes additional requirements which must be satisfied in order for interest on obligations issued by or on behalf of state and local governments to be exempt from federal income taxation. Such requirements generally are effective for all obligations issued after December 31, 1985, and thus, if the bill becomes law, would be applicable to the bonds.

The bill is subject to change, and if it becomes law may contain requirements which differ from those contained in the bill. Therefore, there can be no assurance that the city will be able to comply with such requirements. The failure or inability of the city to comply with the requirements of the bill could jeopardize the tax exempt status of the bonds from their date of issuance. Bondholders should be aware that in such event, the bonds are not callable, nor will the interest rate on the bonds be adjusted to reflect the loss of the tax exemption.

On March 14, 1986, a joint statement was issued by key congressional leadership and the Secretary of the Treasury of the United States concerning a delay in the effective date of certain provisions of the bill. The city has relied on the joint statement in issuance of the bonds.

On June 24, 1986, the U.S. Senate adopted an

amendment in the nature of a substitute to the bill. The amendment contains a provision which would provide that the alternative minimum taxable income of an applicable corporation shall be increased by one-half of the amount by which the "adjusted net book income" of such corporation exceeds the "pre-book alternative taxable income" of such corporation. The effect of such provision may be to subject the interest on the bonds held by corporations to the alternative minimum tax provisions of the bill for taxable years commencing after December 31, 1986.

The city intends to designate the bonds as qualified tax exempt obligations under Section 802(e) of the bill.

Legal Opinion and Tax Exemption

The bonds will be sold subject to the legal opinion of Gaar & Bell, Wichita, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder as and when the bonds are delivered. Said opinion will state that in the opinion of bond counsel, under existing law, the interest on said bonds is exempt from present federal income taxation and the bonds are exempt from intangible personal property taxes levied by Kansas cities, counties and townships.

Delivery and Payment

The city will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or before August 29, 1986, at such bank or trust company in the state of Kansas or Kansas City, Missouri, as may be specified by the successful bidder. The successful bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in federal reserve funds, immediately subject to use by the city.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America equal to 2 percent of the total amount of the bid payable to the order of the city. If a bid is accepted, said check or the proceeds thereof will be held by the city until the bidder shall have complied with all of the terms and conditions of this notice. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check or the proceeds thereof will be returned to the bidder. If a bid is accepted but the bidder defaults in the performance of any of the terms and conditions of this notice, the proceeds of such check will be retained by the city as and for liquidated damages. No interest will be paid upon the successful bidder's good faith check.

CUSIP Numbers

It is anticipated that CUSIP identification numbers will be printed on certificated bonds or assigned to uncertificated bonds, but neither the failure to print

such number on or assign such number to any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of the purchase contract. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

Bid Forms

All bids must be made on forms which may be procured from the city clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any and all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk and marked "Bond Bid." Bids may be submitted by mail or delivered in person to the undersigned at the City Hall and must be received by the undersigned prior to 5 p.m. C.D.T. on August 19, 1986.

Place of Payment and Bond Registrar

Both the principal and the interest on the bonds will be payable by check or draft of the Treasurer of the State of Kansas, Topeka, Kansas (the paying agent and bond registrar), to the registered owners thereof whose names are on the registration books of the bond registrar as of the 15th day of the month preceding each interest payment date. The bonds will be registered pursuant to a plan of registration approved by the city and Attorney General of the State of Kansas.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondowners.

The number and denominations for the bonds and the names, addresses, and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar at least two weeks prior to the closing date.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed a rate equal to the 20 bond index of tax exempt municipal bonds published by Credit Markets in New York, New York, on the Monday preceding the day on which the bonds are sold, plus 2 percent. No bid of less than par and accrued interest will be considered and no supplemental interest payments will be authorized. Bids for less than the entire issue of bonds will not be considered.

Bid Form and Good Faith Deposit

Bids shall be submitted on the official bid form furnished by the city of Udall, shall be addressed to the undersigned city clerk, and shall be plainly marked "Bond Bid." Bids may be submitted by mail or delivered in person to the city clerk and must be received prior to 7 p.m. C.D.T. on August 23, 1986. All bids must state the total cost of the bid and the average annual interest rate, all certified by the bidder to be correct, and the city will be entitled to rely on the certificate of correctness of the bidder. Each bid must be accompanied by a certified or cashier's check equal to 2 percent of the total amount of the bid, and shall be payable to the city of Udall, Kansas. In the event, a bidder whose bid is accepted shall fail to carry out his contract of purchase, said deposit shall be retained by the city of Udall as liquidated damages.

The bonds, duly printed, executed and registered, will be furnished and paid for by the city of Udall, Kansas, and the bonds will be sold subject to the legal opinion of William P. Timmerman, bond counsel, of Wichita, Kansas, under existing law. The purchaser will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Delivery will be made to the successful bidder on or about August 29, 1986, at any bank in the state of Kansas or Kansas City, Missouri, at the expense of the city. Delivery elsewhere will be made at the expense of the purchaser.

Pending Federal Legislation Concerning Tax Exempt Obligations

On December 17, 1985, the U.S. House of Representatives passed H.R. 3838, the Tax Reform Act of 1985. The bill presently is pending in the Senate. The bill in its present form imposes additional requirements which must be satisfied in order for interest on obligations issued by or on behalf of state and local governments to be exempt from federal income taxation. Such requirements generally are effective for all obligations issued after December 31, 1985, thus, if the bill becomes law in its present form, would be applicable to the bonds.

The bill is subject to change, and if it becomes law may contain requirements which differ from those

contained in the bill in its present form. Therefore, there can be no assurance that the city will be able to comply with such requirements. The failure or inability of the city to comply with the requirements of the bill could jeopardize the tax exempt status of the bonds from their date of issuance. Bondholders should be aware that in such event the bonds are not callable nor will the interest rate on the bonds be adjusted to reflect the loss of the tax exemption.

On March 14, 1986, a joint statement was issued by key congressional leadership and the Secretary of the Treasury of the United States concerning a delay in the effective date of certain provisions of the bill. The city has relied on the joint statement in issuance of the bonds.

The city will designate the bonds as "qualified tax exempt obligation" as defined in Section 802 (e)(3) of H.R. 3838, as passed by the U. S. House of Representatives on December 17, 1985.

Legal Opinion

The bonds will be sold subject to the unqualified approving opinion of William P. Timmerman, bond counsel, Wichita, Kansas, a copy of which opinion will be printed on the reverse side of each bond. The cost of this legal opinion and the expenses of printing the bonds and the legal opinion will be paid by the city. The legal opinion will cite in part substantially that the bonds will constitute general obligations of the city, payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the city; and that, under existing law, the interest on said bonds is exempt from present federal income taxation and the bonds are exempt from intangible personal property taxes levied by Kansas cities, counties, and townships. A manually signed original of the opinion will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate relating to the completeness and accuracy of the official statement and notice of bond sale.

Purpose of Issue

The bonds are being issued for the purpose of resurfacing and repairing certain streets and portions of streets within the city of Udall, Cowley County, Kansas.

Assessed Valuation

The assessed valuation for the city of Udall for 1985 is \$1,452,548.

Bonded Indebtedness

The total bonded indebtedness of the city of Udall, Kansas, at the date hereof, including this proposed issue of bonds, is \$753,137; of this figure, \$390,000 is a utility revenue issue.

Additional Information

Additional information regarding the bonds may be obtained from the city clerk.

(continued)

payable semiannually on March 1 and September 1 in each year, beginning on March 1, 1988.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Treasurer of the State of Kansas, Topeka, Kansas (the paying agent and bond registrar), to the registered owners thereof whose names are on the registration books of the bond registrar as of the 15th day of the month preceding each interest payment date. The bonds will be registered pursuant to a plan of registration approved by the city and the Attorney General of the State of Kansas. The bonds may be registered as fully registered certificated bonds or uncertificated (book entry) bonds at the option of each registered owner.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondowners.

The type and denomination of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar at least two weeks prior to the closing date.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed a rate equal to the 20 bond index of tax exempt municipal bonds published by Credit Markets in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No bid of less than the par value of the bonds and accrued interest thereon to the date of delivery will be considered and no supplemental interest payments will be authorized. Each bid shall specify the total interest cost to the city during the life of the bonds on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid.

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identi-

cal amounts for the lowest net interest cost are received, the governing body shall determine which bid, if any, shall be accepted, and its determination shall be final. The city reserves the right to reject all bids and to waive any irregularities in a submitted bid.

Authority, Purpose and Security

The bonds are being issued pursuant to K.S.A. 12-6a01 to 12-6a17, inclusive, K.S.A. 12-685 to 12-690, inclusive, and K.S.A. 12-1302, all as amended, and pursuant to an election held on August 5, 1986, for the purpose of paying the cost of certain improvements. The bonds and the interest thereon will constitute general obligations of the city, payable in part from special assessments levied upon the property benefited by the construction of said improvements and, if not so paid, from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable tangible property, real and personal, within the territorial limits of the city, with the balance payable from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable tangible property, real and personal, within the territorial limits of the city.

Legal Opinion and Tax Exemption

The bonds will be sold subject to the legal opinion of Gaar & Bell, Overland Park, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder as and when the bonds are delivered. Said opinion will state that in the opinion of bond counsel, under existing law, the interest on the bonds is exempt from present federal income taxation.

Delivery and Payment

The city will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder within 45 days after the date of sale at such bank or trust company in the contiguous United States of America as may be specified by the successful bidder. The successful bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in federal reserve funds, immediately subject to use by the city.

Pending Federal Legislation Concerning Tax Exempt Obligations

On December 17, 1985, the U.S. House of Representatives passed H.R. 3838, the Tax Reform Act of 1985. The bill imposes additional requirements which must be satisfied in order for interest on obligations issued by or on behalf of state and local governments to be exempt from federal income taxation. Such requirements generally are effective for all obligations issued after December 31, 1985, and thus, if the bill becomes law, would be applicable to the bonds.

The bill is subject to change, and if it becomes law may contain requirements which differ from those

contained in the bill. Therefore, there can be no assurance that the city will be able to comply with such requirements. The failure or inability of the city to comply with the requirements of the bill could jeopardize the tax exempt status of the bonds from their date of issuance. Bondholders should be aware that in such event, the bonds are not callable, nor will the interest rate on the bonds be adjusted to reflect the loss of the tax exemption.

On June 24, 1986, the U.S. Senate adopted an amendment in the nature of a substitute to the bill. The amendment contains a provision which would provide that the alternative minimum taxable income on an applicable corporation shall be increased by one-half of the amount by which the "adjusted net book income" of such corporation exceeds the "pre-book alternative taxable income" of such corporation. The effect of such provision may be to subject the interest on the bonds held by corporations to the alternative minimum tax provisions of the bill for taxable years commencing after December 31, 1986.

The city will covenant to comply with the requirements of the bill to the extent permitted by law in order to maintain the tax exempt status of the bonds.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$113,000, payable to the order of the city to secure the city from any loss resulting from the failure of the successful bidder to comply with the terms of his bid. No interest will be paid upon the successful bidder's good faith check. Said check shall be returned to the bidder if his bid is not accepted. If a bid is accepted, said check will be held by the city until the bidder shall have complied with all of the terms and conditions of this notice, at which time the check will be returned to the successful bidder or paid to his order at the option of the city. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check will be returned to the bidder. If a bid is accepted but the bidder defaults in the performance of any of the terms and conditions of this notice, the proceeds of such check will be retained by the city as and for liquidated damages.

CUSIP Numbers

It is anticipated that CUSIP identification numbers will be printed on certificated bonds or assigned to uncertificated bonds, but neither the failure to print such number on or assign such number to any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of the purchase contract. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

Bid Forms

All bids must be made on forms which may be procured from the city clerk or the financial adviser. No additions or alterations in such forms shall be

made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at the City Hall and must be received prior to 10 a.m. C.D.T. on August 21, 1986.

Official Statement

The city has prepared a preliminary official statement dated August 12, 1986, copies of which may be obtained from the city clerk or from the financial adviser. Upon the sale of the bonds, the city will adopt the final official statement and will furnish the successful bidder with a reasonable number of copies thereof without additional cost upon request. Additional copies may be ordered by the successful bidder at his expense.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the city for the year 1985 is \$179,491,482. The total general obligation indebtedness of the city as of the date of the bonds, including the proposed bond issue, is \$37,737,760. Temporary notes in the principal amount of \$2,520,000 will be retired out of proceeds of the bonds and other available funds.

Additional Information

Additional information regarding the bonds may be obtained from the city clerk, or from the financial adviser, George K. Baum & Company, 1004 Baltimore Ave., Kansas City, MO, (816) 474-1100.

Dated August 6, 1986.
