**ATTORNEY GENERAL****Opinion No. 86-115**

**Consumer Credit Code—Regulation of Agreements and Practices; Disclosure—Discounts For Cash Purchases.** Rep. Ken Francisco, 90th District, Wichita, August 7, 1986.

Discounts for cash purchases offered by oil companies are not proscribed by L. 1986, ch. 90, § 2 when such discounts are offered to all prospective buyers, the availability of the discount is clearly and conspicuously disclosed and the discount is subtracted from the regular posted price. **Opinion No. 86-116**

**State Departments; Public Officers and Employees—State Library and Library Services—Regional System of Cooperating Libraries.** Duane Johnson, State Librarian, Topeka, August 7, 1986.

When a county and city are both participating members in a regional system of cooperating libraries, the county may enter into a contract with the city to

provide funding for the city library. However, such contract is independent of the provisions for assuring access to the city library for county residents, and the city may not require such county funding in order to assure library access for county residents. A county mill levy does not affect the regional system tax unless such levy is equal to or greater than the regional system tax. **Drainage and Levees—Watershed Districts—Powers and Duties; Retention of Counsel for Tax Planning Matters.** Thomas L. Toepfer, Attorney for Wet Walnut Creek Watershed District No. 58, Hays, August 18, 1986.

When acquiring easements by donation from landowners, the board of directors may employ the services of an attorney or attorneys to perform duties relevant to the drafting of the easements. However, the district may not expend public monies to reimburse a landowner for reasonable costs associated in defending claimed deductions for donated easements. Cited herein: K.S.A. 7-125; 24-1209. **Counties and County Officers—Mental Health Centers—Use of County Administrative Structure by Mental Health Center Board.** Charlotte Hargis, Acting Governing Board Chairman, Johnson County Mental Health Center, Mission, August 18, 1986.

K.S.A. 19-4001 provides that community mental health centers established by counties shall be organized, operated and financed according to the provisions of K.S.A. 19-4001 *et seq.* Given this statutory mandate, all money provided for the purposes of this act must be handled in strict compliance with the provisions of K.S.A. 19-4003. K.S.A. 19-4003(a) specifies that funds collected under the provisions of this act shall be paid over to the treasurer of the governing board of the mental health center. Further, this subsection states that the governing board shall have exclusive control over the expenditures of all moneys paid to the credit of its treasurer. Accordingly, the Johnson County Mental Health Center board is prohibited from using the Johnson county administrative structure to manage its funds and perform its payroll and accounts payable functions. Proposals will be received on the bonds bearing such rate or rates of interest not exceeding eight different rates, as may be specified by the bidder. The repetition of a rate will not constitute a different rate. The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be in an even multiple of 1/8 or 1/20 of 1 percent. The difference between the highest and lowest interest rate specified in any bid shall not exceed 2 percent. No interest rate shall exceed the maximum interest rate allowed by Kansas law, said rate being 2 percent above the 20 bond index of tax exempt municipal bonds published by Credit Markets in New York, New York, on the Monday next preceding the day on which the bonds are sold, and no bid of less than par plus accrued interest will be considered. Bids for less than the entire issue of bonds will not be considered.

Bids shall be submitted on the official bid form furnished by the city, and shall be addressed to the city at the above address to the attention of JoAnn Dinger, City Clerk, and shall be marked "Bond Bid." All bids must state the total interest cost of the bid and the average annual interest rate, certified by the bidder to be correct, and the city will be entitled to rely on the certificate of correctness. Bids must be accompanied by a certified or a cashier's check equal to 2 percent of the total amount of the bid and shall be payable to city of DeSoto, Kansas. In the event a bidder whose bid is accepted shall fail to carry out his contract of purchase, said deposit shall be retained by the city as liquidated damages. The checks of unsuccessful bidders will be returned promptly.

The bonds, duly printed, executed and registered will be furnished and paid for by the city, and the bonds will be sold subject to the unqualified approving opinion of Cosgrove, Webb & Oman of Topeka, Kansas, bond counsel, whose opinion will be paid for by the city.

The number, denomination of bonds and names of the initial registered owners shall be submitted in writing by the successful bidder to the bond registrar not later than October 9, 1986.

The purchaser will be furnished with a complete transcript of proceedings evidencing authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in funds which are immediately available for use by the city. Delivery of the bonds

will be made to the successful bidder on or before October 15, 1986, at any bank in the state of Kansas or Kansas City, Missouri, at the expense of the city; delivery elsewhere will be made at the expense of the purchaser.

The bonds will constitute general obligations of the city payable from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable, tangible property within the city. The bonds are being issued for the purpose of paying a portion of the costs of certain street improvements within the city pursuant to K.S.A. 12-6a01 *et seq.* and 10-101 *et seq.*, as amended.

Sealed bids for the bonds shall be opened publicly and only at the time and place specified in this notice. The city reserves the right to reject any and all of the bids and waive any irregularities. The city reserves the right to refuse to issue, sell and deliver the bonds in the event that H.B. 3838, as passed by the U.S. House of Representatives on December 17, 1985, or any amendment thereof or supplement thereto is enacted prior to the issuance of the bonds. That legislation, if enacted, may affect the tax treatment of the bonds in the hands of some insurance companies and financial institutions. Unless all bids are rejected, the bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the city, and the net interest cost will be determined by deducting any amount of any premium paid from the aggregate amount of interest upon all of the bonds from their date until their respective maturities.

The equalized assessed valuation of taxable tangible property within the city for 1985 is \$2,696,409. The total general obligation bonded indebtedness of the city is \$173,000. The general obligation bonded indebtedness of the city as of the date of the proposed issuance of the bonds will be \$373,000, plus an additional amount of \$77,500 in temporary notes.

Additional copies of this notice of bond sale or further information may be received from the city clerk.

Dated August 18, 1986.

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on October 1 and April 1 of each year, beginning on April 1, 1987.

Both principal and interest on the bonds will be payable in lawful money of the United States of America at the office of the Treasurer of the State of Kansas in the city of Topeka, Kansas (the paying agent and the bond registrar), to the registered owners thereof whose names are on the registration books of the bond registrar as of the 15th day of the month preceding each interest payment date.

The bonds will be registered in the office of the Kansas State Treasurer pursuant to a plan of registration approved by the city and the Attorney General of the State of Kansas, registered as either fully registered certificated bonds or uncertificated bonds. The successful bidder (the purchaser) may express his preference and the city will honor said successful

purchaser's preference regarding the plan of registration.

The city will pay for all initial registration costs and for printing of a reasonable supply of registered bond blanks as determined by the registrar and paying agent. Any additional costs or fees that might be incurred in the secondary market will be the responsibility of the bondholder.

The type and denomination of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city by September 19, 1986.

**Redemption of Bonds**

None of said bonds shall be callable for redemption prior to its stated maturity.

**Authority, Purpose and Security for the Bonds**

The bonds are being issued pursuant to and in full compliance with the constitution and laws of the state of Kansas including K.S.A. 12-6a01 *et seq.*, Article 1 of Chapter 10 and Chapter 49 of the 1983 Kansas Session Laws, for the purpose of paying the cost of certain major trafficway improvements.

The general obligation internal improvement bonds, series A, 1986, will be general obligations of the city, payable as to both principal and interest and special assessments levied against property especially benefited by certain street and sidewalk improvements and from ad valorem taxes which may be levied without limitation as to rate or amount on all the taxable tangible property within the city.

**Condition of Bids**

Bids will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds maturing in the same year. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed a rate equal to the 20 bond index of tax exempt municipal bonds published by Credit Markets in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent, and the difference between the highest and lowest interest rates specified in any bid shall not exceed 2 percent. No bid of less than the principal amount of the bonds plus accrued interest thereon to the date of their delivery will be considered. Each bid shall specify the total interest cost to the city on the basis of such bid, and the average annual net interest rate on the basis of such bid.

**Basis of Award**

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which shall be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between said net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids which provide for identical amounts for the lowest net interest cost are

received, the city shall determine which bid, if any, shall be accepted, and its determination shall be final.

#### **Delivery of and Payment for the Bonds**

The city will pay for printing and registering the bonds and will deliver the same properly prepared, executed and registered to the successful bidder within 60 days after the date of sale at such bank or trust company located in the contiguous United States of America, as may be specified by the successful bidder, without cost to the successful bidder. Payment for the bonds shall be made in federal reserve funds or other funds which shall be available to the city on the same day the bonds are delivered to the successful bidder. The successful bidder will be furnished with a certified transcript evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of the delivery of the bonds affecting their validity.

#### **Legal Opinion**

The bonds will be sold subject to the legal opinion of Fred W. Rausch, Jr., bond counsel, Topeka, Kansas, whose unqualified approving opinion will be furnished and paid for by the city, and will be printed on the bonds and provided to the successful bidder as and when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, under existing laws and regulations, the interest on the bonds is exempt from federal income taxation and from Kansas intangible personal property taxes.

#### **CUSIP Numbers**

It is anticipated that CUSIP identification numbers will be printed on certificated bonds or assigned to uncertificated bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of the successful bid and this notice of bond sale. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid for by the city.

#### **Good Faith Deposit**

Each bid must be accompanied by a good faith deposit in the form of a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$3,140 (2 percent of the total par value of the bonds) made payable to the order of the Treasurer of the City of Marysville, Kansas, to secure the city from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid on the deposit made by the successful bidder. Said check will be returned to the bidder if the bid is not accepted. If a bid is accepted, said check may be deposited by the city or held by the city until the bidder has complied with all of the terms and conditions of this notice, at which time the check will be deposited and credited to the order of the bidder. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check or the proceeds thereof will be returned to the bidder. If a

bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check will be retained by the city as and for liquidated damages.

#### **Bid Forms**

All bids shall be subject to the terms and conditions contained in this notice of bond sale and must be made on the bid forms which may be obtained from the city clerk, or upon equivalent forms. No additions or alterations may be made to such forms and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any and all bids.

#### **Pending Federal Legislation Concerning Tax Exempt Obligations**

On December 17, 1985, the U.S. House of Representatives passed H.R. 3838, the Tax Reform Act of 1985. The bill presently is pending in the Senate. The bill in its present form imposes additional requirements which must be satisfied in order for interest on the obligations issued by or on behalf of state and local governments to be exempt from federal income taxation. Such requirements generally are effective for all obligations issued after December 31, 1985, and thus, if the bill becomes law in its present form, would be applicable to the bonds.

The bill is subject to change, and if it becomes law may contain requirements which differ from those contained in the bill in its present form. Therefore, there can be no assurance that the city will be able to comply with such requirements. The failure or inability of the city to comply with the requirements of the bill could jeopardize the tax exempt status of the bonds from their date of issuance. Holders should be aware that in such event, the bonds are not callable, nor will the interest rate on the bonds be adjusted to reflect the loss of the tax exemption.

Subsequent to the adoption of the bill, the U.S. House of Representatives passed House Resolution 335, which states in substance that it was the sense of the House of Representatives that the chairman and ranking member of the House Committee on Ways and Means be instructed, in conjunction with the Secretary of the Treasury and the chairman and ranking member of the Senate Committee on Finance, to make public an agreed-upon statement which would have the effect of postponing the effective date of selected items of the bill. In addition, the U.S. Senate passed Senate Resolution 281, which provides in substance that it was the sense of the Senate that the effective date of the bill should be delayed.

On March 14, 1986, a joint statement was made by Chairman Dan Rostenkowski, D-Ill., House Committee on Ways and Means; Chairman Bob Packwood, R-Ore., Senate Committee on Finance; Rep. John J. Duncan, ranking member of the Committee on Ways and Means; Sen. Russell Long, ranking member of the Committee on Finance; and Secretary of the Treasury James A. Baker, III, with respect to the effective dates of certain provisions of the Comprehensive Tax Reform Legislation (H.R. 3838) being considered by

(continued)

Congress. Excerpts of such joint statement are as follows:

" . . . It is not our intent, however, to restrict the ability of States and local governments to finance their direct governmental operations or to force States to change their existing practices governing financing of those operations while tax reform legislation is pending.

Therefore, we are endorsing a postponement, until September 1, 1986 (or the date of enactment of tax reform legislation, if earlier) of any application of the provisions and restrictions listed below to bonds that under present law are not (i) industrial development bonds, (ii) bonds that would be IDBs if section 501(c)(3) organizations were nonexempt persons engaged in trades or businesses, (iii) student loan bonds, (iv) mortgage subsidy bonds, or (v) other private ("consumer") loan bonds for which tax-exemption is permitted. In addition, this action does not apply to so-called pension bonds or to bonds which involve payments by private parties for the use of bond-financed property and which would be IDBs if such payments were used to pay debt service.

The provisions and restrictions to which this action applies are—

(1) The definition of nonessential function bond and the new unified volume cap contained in H.R. 3838;

(2) Any extension of arbitrage rebate restrictions, and any other new arbitrage restrictions, other than the method of determining bond yield (i.e., the reversal of the decision in *State of Washington v. Commission*);

(3) Any new restrictions of issuance of these bonds (i.e., provisions requiring certain expenditures within certain periods);

(4) Any new restrictions on advance refunding of bonds which were originally issued before 1986, other than a limitation on the temporary period for refunding bond proceeds to 30 days and the method of determining bond yield (listed in item (2), above);

(5) Any extension of information reporting requirements to these bonds; and

(6) Any treatment of interest on these bonds as a minimum tax preference item under H.R. 3838 as passed by the House."

In reliance upon the joint statement, if the bonds are issued prior to the date of enactment of tax reform legislation, the city does not intend to comply with the provisions of the bill for which the effective date was postponed.

With respect to Section 802 of the bill relating to interest incurred by financial institutions to carry tax exempt bonds, the city intends to designate the bonds as qualified project bonds for purposes of Section 802(e) of the bill. The city does not intend to issue bonds in excess of \$10,000,000 during this calendar year.

#### Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned, City Clerk, City Building, 209 N. 8th, Marysville, KS 66508, and marked "Bid For the Purchase of Bonds." Bids may be submitted by mail or delivered in person, and must be received by the undersigned prior to 7 p.m. local time on September 3, 1986.

#### Assessed Valuation and Indebtedness
