ATTORNEY GENERAL**Opinion No. 86-149**

Labor and Industries—Workmen's Compensation—Performance of Community Service. Frank C. Beyerl, Greenwood County Attorney, Eureka, October 20, 1986.

K.S.A. 1985 Supp. 44-508, as amended by L. 1986, ch. 189, § 1, broadens the definition of "employer," and "workman, employee or worker" for purposes of community service work. This amendment to the Workmen's Compensation Act allows offenders sentenced or assigned to community service work to be covered by workers' compensation, during the time they are performing community service work, if the entity receiving or assigning such work so elects. In that K.S.A. 1985 Supp. 44-508, as amended, specifically includes persons performing community service work within the definition of "workman, employee or worker," we withdraw Attorney General Opinion No. 82-213, which concluded such a person is not a workman, employee or worker under the terms of the Workmen's Compensation Act prior to the amendment. The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondowners.

Redemption of Bonds Prior to Maturity

Bonds maturing in the years 1988 to 1995, inclusive, shall become due without option of prior payment. At the option of the city, bonds maturing in the year 1996 and thereafter may be called for redemption and payment prior to maturity in whole or in part in inverse order of maturity (selection of bonds within the same maturity to be by lot by the city in such equitable manner as it may determine) on December 1, 1995, or on any interest payment date thereafter at the redemption price of 100 percent (expressed as a percentage of the principal amount), plus accrued interest to the redemption date.

Whenever the city is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the city shall elect to call any bonds for redemption and payment prior to the maturity thereof, the city shall give written notice of its intention to call and pay said bonds on a specified date, said notice to be mailed by United States registered or certified mail addressed to the registered owners of said bonds, to the Treasurer of the State of Kansas, Topeka, Kansas, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed not less than 30 days prior to the date fixed for redemption. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for

(continued)

which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed a rate equal to the 20 bond index of tax exempt municipal bonds published by Credit Markets in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No bid of less than the entire par value of the bonds and accrued interest thereon to the date of delivery will be considered and no supplemental interest payments will be authorized. Each bid shall specify the total interest cost to the city during the life of the bonds on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid, all certified by the bidder to be correct, and the city will be entitled to rely on the certificate of correctness of the bidder. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid.

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the governing body shall determine which bid, if any, shall be accepted, and its determination shall be final. The city reserves the right to reject any and all bids and to waive any irregularities in a submitted bid.

Authority, Purpose and Security

The bonds are being issued pursuant to K.S.A. 12-1302, as amended, for the purpose of paying the cost of replacing the existing municipal swimming pool by construction of a new facility and the resurfacing of municipal tennis courts. The bonds and the interest thereon will constitute general obligations of the city, payable from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable tangible property, real and personal, within the territorial limits of the city.

The Tax Reform Act of 1986

The Tax Reform Act of 1986, H.R. 3838, was signed into law by the President of the United States on October 22, 1986. The provisions of the Act relating to obligations of state and local governments would generally be effective for obligations issued after August 15, 1986. Certain of these provisions would impose

requirements which must be met subsequent to the issuance and delivery of such obligations, including the bonds, in order for the interest thereon to remain exempt from federal income taxation. The city will covenant to comply with the provisions of the Act and all other applicable federal law, regulations, published rulings and court decisions, in order to preserve the tax-exempt status of the bonds to the extent such actions can be taken by the governing body of the city. The failure of the city to comply with such covenants could adversely affect the tax-exempt status of the bonds. The purchaser of the bonds should be aware that in such event, the bonds are not callable, nor will the interest rate on the bonds be adjusted to reflect the loss of federal tax exemption.

The Act subjects interest on certain obligations, such as the bonds, in the adjusted net book income of certain corporations for taxable years after 1986 and would include in the calculation of alternative minimum taxable income 50 percent of the excess of a corporation's adjusted net book income over its pre-book alternative taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses). In addition, the Act provides that banks and thrift institutions would be unable to deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations (with certain exceptions) if such interest costs are incurred in taxable years ending after December 31, 1986 with respect to bonds acquired after August 7, 1986.

The Act provides that certain "qualified tax-exempt obligations" as defined in Section 902(b)(3) will be treated as having been acquired on August 7, 1986. The city will covenant to take such actions as are necessary to designate the bonds as "qualified tax-exempt obligations" described above.

The Act provides that property and casualty insurance companies would be required for taxable years beginning on or after January 1, 1986 to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on obligations acquired after August 7, 1986. If the amount of this reduction exceeds the amount otherwise deductible as losses incurred, such excess may be includible in income.

Superfund Amendments and Reauthorization Act of 1986

H.R. 2005, the Superfund Amendments and Reauthorization Act of 1986, which was enacted on October 17, 1986, includes among its provisions the imposition of a new environmental tax. Calculation of the tax is to be based generally on a percentage of the corporate alternative minimum taxable income as defined in the 1986 Code which would include interest on tax-exempt obligations, including the bonds. The amount of tax is equal to 0.12 percent of excess of the alternative minimum taxable income (without regard to net operating losses and the deduction for the environmental tax) over \$2 million. The environmental tax is imposed whether or not the tax payer is subject to the alternative minimum tax, but is deductible from gross income. The environmental tax is

effective for taxable years beginning after 1991. The imposition of this environmental tax could result in additional taxation of interest on the bonds for certain bondowners.

Legal Opinion and Tax Exemption

The bonds will be sold subject to the legal opinion of Gaar & Bell, Wichita, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder as and when the bonds are delivered. Said opinion will state that in the opinion of bond counsel, under existing law, subject to the assumptions and limitations contained therein, the interest on the bonds is exempt from federal income taxation and the bonds are exempt from intangible personal property taxes levied by Kansas cities, counties and townships. A form of bond counsel's opinion is contained in the official statement of the city with respect to the bonds.

Reference is also made to the section entitled "The Tax Reform Act of 1986."

Delivery and Payment

The city will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or before December 18, 1986, at such bank or trust company in the state of Kansas or Kansas City, Missouri, as may be specified by the successful bidder. The successful bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in federal reserve funds, immediately subject to use by the city.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America equal to 2 percent of the total amount of the bid payable to the order of the city. If a bid is accepted, said check or the proceeds thereof will be held by the city until the bidder shall have complied with all of the terms and conditions of this notice. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check or the proceeds thereof will be returned to the bidder. If a bid is accepted but the bidder defaults in the performance of any of the terms and conditions of this notice, the proceeds of such check will be retained by the city as and for liquidated damages. No interest will be paid upon the successful bidder's good faith check.

CUSIP Numbers

It is anticipated that CUSIP identification numbers will be printed on certificated bonds or assigned to uncertificated bonds, but neither the failure to print such number on or assign such number to any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance

with the terms of the purchase contract. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

Bid Forms

All bids must be made on forms which may be procured from the city clerk or the financial adviser. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any and all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk and marked "Bond Bid." Bids may be submitted by mail or delivered in person to the undersigned at the City Hall and must be received by the undersigned prior to 7 p.m. C.S.T. on November 11, 1986.

Official Statement

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on May 1 and November 1 in each year, beginning on May 1, 1988.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Treasurer of the State of Kansas, Topeka, Kansas (the paying agent and bond registrar), to the registered owners thereof whose names are on the registration books of the bond registrar as of the 15th day of the month preceding each interest payment date. The bonds will be registered pursuant to a plan of registration approved by the district and the Attorney General of the State of Kansas.

The district will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of

the bond registrar, will be the responsibility of the bondowners.

The number, denominations of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the district and bond registrar at least two weeks prior to the closing date. The initial reoffering price to the public by the original purchaser shall be furnished to the Board of Education at least one week prior to the closing date.

Redemption of Bonds Prior to Maturity

Bonds maturing in the years 1988 to 1997, inclusive, shall become due without option of prior payment. At the option of the district, bonds maturing in the years 1998 and thereafter may be called for redemption and payment prior to maturity in whole or in part in inverse order of maturity (selection of bonds within the same maturity to be by lot by the district in such equitable manner as it may determine) on November 1, 1997, or on any interest payment date thereafter at the redemption prices set forth below (expressed as percentages of the principal amount), plus accrued interest to the redemption date:

Redemption Dates	Redemption Price
1997	101.50%
1998	101.25%
1999	101.00%
2000	100.75%
2001	100.50%
2002	100.25%
2003, and thereafter	100.00%

Whenever the district is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the district shall elect to call any bonds for redemption and payment prior to the maturity thereof, the district shall give written notice of its intention to call and pay said bonds on a specified date, said notice to be mailed by United States registered or certified mail addressed to the registered owners of said bonds, to the Treasurer of the State of Kansas, Topeka, Kansas, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed not less than 30 days prior to the date fixed for redemption. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. The repetition of a rate will not constitute one of said maximum number of rates. No interest rate

shall exceed a rate equal to the 20 bond index of tax exempt municipal bonds published by Credit Markets in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No bid of less than the entire par value of the bonds and accrued interest thereon to the date of delivery will be considered and no supplemental interest payments will be authorized. Each bid shall specify the total interest cost to the district during the life of the bonds on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the district on the basis of such bid, all certified by the bidder to be correct, and the district will be entitled to rely on the certificate of correctness of the bidder. Each bid shall also specify the average annual net interest rate to the district on the basis of such bid.

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the district, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the district. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the Board of Education shall determine which bid, if any, shall be accepted, and its determination shall be final. The district reserves the right to reject any and all bids and to waive any irregularities in a submitted bid.

Authority, Purpose and Security

The bonds are being issued pursuant to K.S.A. 72-6761, as amended, for the purpose of paying the cost of certain school building improvements. The bonds and the interest thereon will constitute general obligations of the district, payable from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable tangible property, real and personal, within the territorial limits of the district.

Pending Federal Legislation Concerning Tax Exempt Obligations

On December 17, 1985, the United States House of Representatives adopted H.R. 3838, which includes an extensive revision of the federal income tax affecting tax-exempt financing. On June 24, 1986, the United States Senate adopted H.R. 3838 in substantially the form ordered reported in the way of an amendment by the Senate Committee on Finance. On August 16, 1986, a joint conference committee comprised of representatives of the United States Senate Committee on Finance and the United States House of Representatives Committee on Ways and Means adopted a conference report on H.R. 3838. The conference report was approved by the United States House of Representatives on September 25, 1986 and by the United States Senate on September 27, 1986, and will be forwarded to the President of the United

States for his consideration. The conference report provides that the provisions of H.R. 3838 relating to obligations of state and local governments would generally be effective for obligations issued after August 15, 1986. Certain of these provisions would impose requirements which must be met subsequent to the issuance and delivery of such obligations, including the bonds, in order for the interest thereon to remain exempt from federal income taxation. The district will covenant to comply with the provisions of H.R. 3838 as described in the conference report, if and to the extent such provisions are enacted into law; and to comply with all other applicable federal law, regulations, published rulings and court decisions, in order to preserve the tax-exempt status of the bonds, to the extent such actions can be taken by the Board of Education of the district.

The conference report subjects interest on certain obligations, such as the bonds, in the adjusted net book income of certain corporations for taxable years after 1986 and would include in the calculation of alternative minimum taxable income 50 percent of the excess of a corporation's adjusted net book income over its pre-book alternative taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses). In addition, the conference report provides that banks and thrift institutions would be unable to deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations (with certain exceptions) if such interest costs are incurred in taxable years ending after December 31, 1986 with respect to bonds acquired after August 7, 1986.

The conference report provides that certain "qualified tax-exempt obligations" as defined in Section 902(b)(3)(B) will be treated as having been acquired on August 7, 1986. The district will covenant to take such actions as are necessary to designate the bonds as "qualified tax-exempt obligations" described above.

The conference report provides that property and casualty insurance companies would be required for taxable years beginning on or after January 1, 1986, to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on obligations acquired after August 7, 1986. If the amount of this reduction exceeds the amount otherwise deductible as losses incurred, such excess may be includible in income.

The final outcome of the legislative process, specifically including approval of H.R. 3838 by the President of the United States, is at this time uncertain. Such final outcome or any modifications to the conference report could adversely affect the tax exemption of interest on and the value or marketability of the bonds. The purchaser of the bonds should be aware that in such event, the bonds are not callable, nor will the interest rate on the bonds be adjusted to reflect the loss of federal tax exemption.

Legal Opinion and Tax Exemption

The bonds will be sold subject to the legal opinion of Gaar & Bell, Wichita, Kansas, bond counsel, whose

(continued)

approving legal opinion as to the validity of the bonds will be furnished and paid for by the district, printed on the bonds and delivered to the successful bidder as and when the bonds are delivered. Said opinion will state that in the opinion of bond counsel, under existing law, the bonds are exempt from intangible personal property taxes levied by Kansas cities, counties and townships. A supplemental opinion of bond counsel will be rendered on the exemption status of the interest on said bonds from federal income taxation as of the date of closing. Such opinion will state, in part, subject to the assumptions contained therein, that interest on the bonds would be exempt from federal income taxation if H.R. 3838 is enacted into law in the form agreed to and described in the conference report. Copies of the approving and supplemental opinions of bond counsel will be included in the preliminary official statement of the district with respect to the bonds.

Reference is also made to the section entitled "Pending Federal Legislation Concerning Tax Exempt Obligations."

Delivery and Payment

The district will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder within 30 days after the date of sale at such bank or trust company in the state of Kansas or Kansas City, Missouri, as may be specified by the successful bidder. The successful bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in federal reserve funds, immediately subject to use by the district.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America equal to 2 percent of the total amount of the bid payable to the order of the district. If a bid is accepted, said check or the proceeds thereof will be held by the district until the bidder shall have complied with all of the terms and conditions of this notice. If a bid is accepted but the district shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check or the proceeds thereof will be returned to the bidder. If a bid is accepted but the bidder defaults in the performance of any of the terms and conditions of this notice, the proceeds of such check will be retained by the district as and for liquidated damages. No interest will be paid upon the successful bidder's good faith check.

CUSIP Numbers

It is anticipated that CUSIP identification numbers will be printed on certificated bonds or assigned to uncertificated bonds, but neither the failure to print such number on or assign such number to any bond nor any error with respect thereto shall constitute

cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of the purchase contract. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the district.

Bid Forms

All bids must be made on forms which may be procured from the clerk or the financial adviser. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The district reserves the right to waive irregularities and to reject any and all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned clerk and marked "Bond Bid." Bids may be submitted by mail or delivered in person to the undersigned at the district office and must be received by the undersigned prior to 4 p.m. C.S.T. on November 3, 1986.

Official Statement

The district has prepared a preliminary official statement dated November 1, 1986, copies of which may be obtained from the clerk or from the financial adviser. Upon the sale of the bonds, the district will adopt the final official statement and will furnish the successful bidder with a reasonable number of copies thereof without additional cost upon request. Additional copies may be ordered by the successful bidder at his expense.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the district, for the year 1985, is as follows:

Equalized assessed tangible valuation for computation of bonded debt limitations	\$43,180,990

The total general obligation indebtedness of the district as of the date of the bonds, including the bonds being sold, is \$2,500,000.

In the opinion of bond counsel, under existing stat-

(continued)

utes, regulations, rulings and court decisions, including the Tax Reform Act of 1986, interest on the bonds is not includable in gross income for purposes of federal income taxation. Interest on the bonds is not an item of tax preference for purposes of the individual or corporate alternative minimum tax, except that interest on the bonds may be subject indirectly to a corporate alternative minimum tax as pre-tax book income in taxable years after December 31, 1986. The bonds have been designated as "qualified bonds" for purposes of Section 902 of the Tax Reform Act of 1986 relating to interest deductions for banks and thrift institutions. In rendering an opinion bond counsel has assumed the city's present and continuing compliance with covenants in the ordinance of the city authorizing the bonds and other documents. (See "Tax Reform Act of 1986.")

Tax Reform Act of 1986

The United States House of Representatives and the United States Senate have passed the Tax Reform Act of 1986, which states that the provisions therein are to be effective for obligations such as the bonds issued after August 31, 1986, and is therefore applicable to the bonds.

The Act includes interest on tax-exempt obligations, such as the bonds, in the adjusted net book income of certain corporations for taxable years after December 31, 1986, and includes, in the calculation of alternative minimum taxable income, 50 percent of the excess of a corporation's adjusted net book income over its alternative minimum taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses). The Act imposes an alternative minimum tax rate of 20 percent for corporations. Furthermore, property and casualty insurance companies are required under the Act, for taxable years beginning on or after January 1, 1987, to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on obligations acquired after August 7, 1986.

CUSIP Number

CUSIP identification numbers will be printed on said bonds. All expenses in relation to the printing of CUSIP numbers on said bonds and the CUSIP Service Bureau's charge for the assignment of said numbers will be the responsibility of and shall be paid for by the city.

Purpose

Series P-232 is being issued for the purpose of paying the cost of construction of storm sewers, water mains, sanitary sewers, and street improvements in the city of Salina, Kansas.

Bid Form

All bids shall be subject to the terms and conditions contained in this notice of bond sale and must be made on the forms which may be obtained from the city clerk. No additions or alterations may be made to such forms and any erasures may cause rejection of any bid. The right is reserved to waive irregularities and reject any and all bids.

Assessed Valuation and Outstanding Bonded Debt

The assessed valuation of all taxable tangible property within the city of Salina, Kansas, as certified by the Saline County Clerk on August 25, 1986, is as follows:

CITY OF OTTAWA, KANSAS

Sealed bids will be received by the undersigned, city clerk of the city of Ottawa, Kansas, on behalf of the commission at the City Hall, 4th and Walnut, Ottawa, KS 66067, until 3 p.m. C.S.T. on Monday, November 3, 1986, for the purchase of \$736,344 principal amount of general obligation street and airport improvement bonds, series "B" 1986, of the city hereinafter described. All bids will be publicly opened and read at said time and place and will be acted upon by the governing body immediately thereafter.

Bond Details

The bonds will consist of fully registered bonds in denominations of \$5,000 or any integral multiple thereof, except one bond in the denomination of \$6,344, dated November 1, 1986, and becoming due serially on November 1 in the years as follows:

Year	Principal Amount
1987	\$ 16,344
1988	55,000
1989	60,000
1990	65,000
1991	70,000
1992	80,000
1993	85,000
1994	95,000
1995	100,000
1996	110,000

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on May 1 and November 1 in each year, beginning on May 1, 1987.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Treasurer of the State of Kansas, Topeka, Kansas (the paying agent and bond registrar), to the registered owners thereof whose names are on the registration books of the bond registrar as of the 15th day of the month preceding each interest payment date. The bonds will be registered pursuant to a plan of registration approved by the city and the Attorney General of the State of Kansas. The bonds may be registered as fully registered certificated bonds or uncertificated (book entry) bonds at the option of each registered owner.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

The type and denominations of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar at least two weeks prior to the closing date.

Redemption of Bonds Prior to Maturity

Bonds maturing in the years 1987 to 1993, inclusive, shall become due without option of prior payment. At the option of the city, bonds maturing in the years 1994 to 1996, inclusive, may be called for redemption and payment prior to maturity in whole or in part in inverse order of maturity (selection of bonds within the same maturity to be by lot by the city in such equitable manner as it may determine) on November 1, 1993, or on any interest payment date thereafter at the redemption price of 100 percent plus accrued interest thereon to the date of redemption.

Whenever the city is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such

fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the city shall elect to call any bonds for redemption and payment prior to the maturity thereof, the city shall give written notice of its intention to call and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States registered or certified mail addressed to the registered owners of said bonds, to the State Treasurer of Kansas, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed not less than 30 days prior to the date fixed for redemption. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed a rate equal to the 20 bond index of tax exempt municipal bonds published by Credit Markets in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. No rate specified shall be lower than any rate specified for an earlier maturity of the bonds. No bid of less than the par value of the bonds and accrued interest thereon to the date of delivery will be considered and no supplemental interest payments will be authorized. Each bid shall specify the total interest cost to the city during the life of the bonds on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid.

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the governing body shall determine which bid, if any, shall be accepted, and its determination shall be final. The city reserves the right to reject all bids and to waive any irregularities in a submitted bid.

Authority, Purpose and Security

The bonds are being issued pursuant to K.S.A. 12-685 to 12-689, inclusive, as amended, and Charter Ordinance No. 8 of the city, for the purpose of paying the cost of certain main trafficway and airport im-

(continued)

provements. The bonds and the interest thereon will constitute general obligations of the city, payable from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable tangible property, real and personal, within the territorial limits of the city.

Legal Opinion

The bonds will be sold subject to the legal opinion of Gaar & Bell, Overland Park, Kansas, bond counsel, whose opinion as to the validity of the bonds will be furnished and paid for by the city and delivered to the successful bidder as and when the bonds are delivered. Said opinion will state in part substantially that the bonds will constitute general obligations of the city, payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the city. See the section of this notice entitled "Pending Federal Legislation Concerning Tax-Exempt Obligations" for information concerning the opinion of bond counsel with respect to the federal tax-exempt status of the interest on the bonds. The purchaser will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate relating to the completeness and accuracy of the official statement and notice of bond sale.

Delivery and Payment

The city will pay for printing the bonds and will deliver the same properly prepared, executed and registered within 45 days after the date of sale at the office of Gaar & Bell, Overland Park, Kansas, without cost to the successful bidder, or elsewhere at the expense of the successful bidder. The successful bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in federal reserve funds, immediately subject to use by the city.

Pending Federal Legislation Concerning Tax Exempt Obligations

On December 17, 1985, the U.S. House of Representatives passed H.R. 3838, which includes amendments to the provisions relating to taxation of interest on obligations issued by state and local governments. On June 24, 1986, the United States Senate adopted an amendment to H.R. 3838 in the nature of a substitute. On August 16, 1986, a joint conference committee composed of representatives of the United States Senate Committee on Finance and the United States House of Representatives Committee on Ways and Means reached agreement on H.R. 3838. As of the date hereof, the conference report has been passed by both houses of Congress but has not been signed by the President. Certain provisions of the conference report

would impose requirements which must be met subsequent to the issuance and delivery of such obligations of state and local governments in order for interest thereon to be and to remain exempt from federal income taxation.

The city will covenant, to the extent permitted by law, to take all actions necessary to comply with the applicable federal law in order to maintain the federal tax-exempt status of the interest on the bonds. The opinion of bond counsel will state, in part, that under existing law the interest on the bonds is exempt from federal income taxation, and, assuming continuing compliance by the city with such covenant, interest on the bonds will continue to be exempt from federal income taxation if H.R. 3838 is enacted in the form agreed to and described in the conference report, except: (1) For taxable years beginning after December 31, 1986, a corporate alternative minimum tax will be imposed on 50 percent of the amount by which a corporation's "adjusted net book income" (which will include interest earned on all tax-exempt obligations, regardless of when issued, including the bonds) exceeds such corporation's "alternative minimum taxable income" (which will not include tax-exempt interest). For taxable years beginning after 1989, the use of "book income" will be replaced by "adjusted earnings and profits," and "75%" will be substituted for "50%"; and (2) For taxable years beginning after December 31, 1986, property and casualty insurance companies will be required to reduce their deduction for underwriting losses by 15 percent of the amount of interest received or accrued on tax-exempt obligations acquired after August 7, 1986, including the bonds.

H.R. 3838 is subject to change, and if it becomes law may contain requirements which differ from those contained in H.R. 3838 in the form agreed to and described in the conference report. Therefore, there can be no assurance that the city will be able to comply with such requirement. The failure or inability of the city to comply with the requirements of H.R. 3838 could jeopardize the tax-exempt status of the bonds. Bondholders should be aware that in such event, the bonds are not callable, nor will the interest rate on the bonds be adjusted to reflect the loss of the tax exemption.

The city intends to designate the bonds as "qualified tax-exempt obligations" for purposes of Section 902(a) of the conference report.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$14,800 payable to the order of the city to secure the city from any loss resulting from the failure of the successful bidder to comply with the terms of his bid. No interest will be paid upon the successful bidder's good faith check. Said check shall be returned to the bidder if his bid is not accepted. If a bid is accepted, said check will be held by the city until the bidder shall have complied with all of the terms and conditions of this notice, at which time the check will be returned to the successful bidder or paid to his order at the option of the city.

If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check will be returned to the bidder. If a bid is accepted but the bidder defaults in the performance of any of the terms and conditions of this notice, the proceeds of such check will be retained by the city as and for liquidated damages.

CUSIP Numbers

It is anticipated that CUSIP identification numbers will be printed on certificated bonds or assigned to uncertificated bonds, but neither the failure to print such number on or assign such number to any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of the purchase contract. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

Bid Forms

All bids must be made on forms which may be procured from the city clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any and all bids.

Submission of Bids

Bids must be submitted in sealed envelopes ad-

dressed to the undersigned city clerk and marked "Proposal for the Purchase of General Obligation Street and Airport Improvement Bonds." Bids may be submitted by mail or delivered in person to the undersigned at the City Hall and must be received by the undersigned prior to 3 p.m. C.S.T. on November 3, 1986.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the city for the year 1986 is \$24,175,232. The total general obligation indebtedness of the city as of the date of the bonds, including the bonds being sold, is \$4,547,433.38. Temporary notes in the principal amount of \$500,000 will be retired out of proceeds of the bonds and other available funds.

Additional Information

Additional information regarding the bonds may be obtained from the city clerk.
