ATTORNEY GENERAL

Opinion No. 87-88

Cities and Municipalities—Parks, Public Squares, and Market Squares—Land for Park Purposes; Acquisition by Lease. Gerald E. Williams, Lenexa City Attorney, Overland Park, June 9, 1987.

K.S.A. 12-1301 empowers a city to acquire by lease land to be used as a public park for the use and benefit of the people of the city. As long as the lease specifies that the city's obligation is limited to periodic payments made from funds budgeted and appropriated for that purpose, the cash-basis law is not a barrier to such an agreement. In the absence of contrary legislation, the home rule powers conferred upon cities by Article XII, § 5 of the Kansas Constitution empower a city to sublease public park land to an individual for the purpose of constructing and maintaining a public golf course. KANSAS INSURANCE DEPARTMENT**NOTICE OF HEARING
ON PROPOSED
ADMINISTRATIVE REGULATIONS**

A public hearing will be conducted at 1:30 p.m. Monday, June 29, in the Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of proposed temporary regulations of the Insurance Department.

Copies of the full text of the regulations and the fiscal impact statements may be obtained by writing to the Commissioner of Insurance, 420 S.W. 9th, Topeka 66612. The following is a summary of the regulations:

K.A.R. 40-1-36. This regulation is necessary to prevent unfair discrimination among applicants for life and health insurance who may be suspected of having AIDS or AIDS Related Complex.

K.A.R. 40-10-15. This regulation is intended to clarify House Bill 2377 as enacted by the 1987 session of the Kansas Legislature. Section 1, subsection (5) of this bill includes a formula to be used to calculate the way firefighters relief taxes are to be apportioned to so-called nonreceiving firefighters relief associations. It is possible to read this formula in such a way that one of the calculations included in the legislative enactment would never be used. Thus, the proposed regulation will simply assure that the formula will be applied in a correct manner.

All interested parties may submit written comments prior to the hearing to the Commissioner of Insurance. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed temporary regulations during the hearing.

Redemption of Bonds Prior to Maturity

Bonds maturing in the year 1994 and thereafter may be called for redemption and payment prior to maturity in whole or in part in inverse order of maturity (selection of bonds within the same maturity to be by lot by the city in such equitable manner as it may determine) on September 1, 1993 or on any interest payment date thereafter at the redemption price of 102 percent (expressed as a percentage of the principal amount), plus accrued interest to the redemption date.

Whenever the city is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the city shall elect to call any bonds for redemption and payment prior to the maturity thereof, the city shall give written notice of its intention to call and pay said bonds on a specified date, said notice to be mailed by United States registered or certified mail addressed to the registered owners of said bonds, to the Kansas State Treasurer, Topeka, Kansas, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed not less than 30 days prior to the date fixed for redemption. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Bids will be received for the bonds bearing such rate or rates of interest as may be specified by the bidder. The same rate will apply to all bonds of the same maturity. Each interest rate shall be in an even multiple of 1/8 or 1/20 of 1 percent. The difference between the highest and lowest rates specified in any bid will not exceed 2.5 percent. No interest rate will exceed the maximum interest rate allowed by Kansas law, said rate being the 20 bond index of tax-exempt municipal bonds published in the weekly Credit Markets in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. No bid of less than par and accrued interest will be considered. Bids for less than the entire issue of bonds will not be considered.

Bid Form and Good Faith Deposit

Bids will be submitted on the official bid form furnished by the city and will be addressed to the city at City Hall, Medicine Lodge, KS 67102, Attention: City Clerk, Judy Miller, and will be plainly marked "Bond Bid." No changes to said form are authorized;

changes or erasures thereon may cause rejection of any bid. Each bid will specify the total interest cost to the city on the basis of such bid and the average annual net interest rate on the basis of such bid. The net interest cost to the city will be determined by subtracting the amount of the premium, if any, from the total interest cost upon all the bonds from their date until their respective maturities and will be stated as a dollar amount in the bid. The city will be entitled to rely on such dollar amount as stated in the bid as the basis of determining the lowest net interest cost. If there is any discrepancy between the said net interest cost and the average annual interest rate specified, the specified net interest cost will govern and the rates specified in the bid will be adjusted accordingly.

All bids must state: (a) the total interest cost of the bid; (b) the premium, if any; (c) the net interest cost of the bid; and (d) the average annual interest rate. All of said information shall be certified by the bidder to be correct, and the city will be entitled to rely on the certification of correctness by the bidder. Each bid must be accompanied by a certified or cashier's check equal to 2 percent of the total amount of the bid, and shall be payable to "Treasurer, City of Medicine Lodge, Kansas." In the event a bidder whose bid is accepted shall fail to perform under this contract for the purchase of the bonds from the city, said deposit shall be retained by the city as liquidated damages. All checks of unsuccessful bids shall be returned promptly.

Award of Bids

The sealed bids for the bonds will be opened publicly and only at the time and place specified in this notice. The city reserves the right to reject any and all of the bids and to waive any irregularities. Unless all bids are rejected, the bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the city.

Delivery of the Bonds

The bonds, duly printed, executed and registered, will be furnished and paid for by the city. The bonds will be sold subject to the unqualified approving opinion of Jonathan P. Small, Chartered, bond counsel, of Topeka, Kansas, a copy of whose opinion will be printed on the reverse side of each bond. Manually signed originals of the opinion will be furnished without expense to the purchaser of the bonds at the delivery thereof. The cost of this legal opinion and the expense of printing the bonds will be paid by the city. Said legal opinion will contain a statement to the effect that the bonds constitute a general obligation of the city payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the city and that, under existing law, the interest on the bonds will be exempt from present federal income taxation.

The number and denominations of bonds and names of the registered owners to be shown on the bonds initially delivered will be submitted in writing

by the successful bidder to the bond registrar not later than seven days prior to the closing date.

The purchaser will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds will be made in immediately available funds. Delivery of the bonds will be made to the successful bidder on or before 30 days from the date of sale at any bank in the state of Kansas or Kansas City, Missouri, at the expense of the city. Delivery elsewhere will be made at the expense of the purchaser. The purchase price, together with any premium and accrued interest from the date of the bonds to the date of delivery, will be paid at delivery or the good faith deposit will be forfeited.

Internal Revenue Code of 1986

The President of the United States on October 22, 1986 signed into law what is referred to as the Internal Revenue Code of 1986. The code generally affects obligations of state and local governments issued after August 15, 1986, which imposes requirements to be satisfied subsequent to the issuance and delivery of such obligations, including the bonds, to ensure that the interest on such obligations remains exempt from federal income taxation. The city will covenant to satisfy code requirements and all other applicable federal laws, regulations, published rulings and court decisions to preserve the tax-exempt status of the bonds to the extent the city's governing body may take such action. The city's failure to perform such covenants could adversely affect the bonds' tax-exempt status. A purchaser of the bonds should be aware that in such event the bonds are not callable and the interest rate on the bonds will not be adjusted to reflect the loss of exemption from federal income taxation.

The code includes interest on certain obligations, such as the bonds, in the adjusted net book income of certain corporations for taxable years after 1987 and includes in the computation for alternative minimum taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses). The code further provides that banks and thrift institutions would be unable to deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations (with certain exceptions described below) if such interest costs are incurred in taxable years ending after December 31, 1986, with respect to bonds acquired subsequent to August 7, 1986. The code requires certain "qualified tax-exempt obligations" as defined in Section 265(b)(3) thereof to be treated as having been acquired on August 7, 1986. The city will covenant to take such actions as are necessary to designate the bonds as "qualified tax-exempt obligations" as described above.

The code further provides that property and casualty insurance companies are required for taxable

years beginning on or after January 1, 1986 to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on obligations acquired after August 7, 1986. If the amount of this reduction exceeds the amount otherwise deductible as losses incurred, such excess may be includable in income.

Superfund Amendments and Reauthorization Act of 1986

H.R. 2005, the Superfund Amendments and Reauthorization Act of 1986, enacted on October 17, 1986, includes among its provisions the imposition of a new environmental tax. Calculation of the tax is to be based generally on a percentage of the corporate alternative minimum taxable income as defined in the 1986 code which would include interest on tax-exempt obligations, including the bonds. The amount of tax is equal to 0.12 percent of the excess of the alternative minimum taxable income (without regard to net operating losses and the deduction for the environmental tax) over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax, but is deductible from gross income. The environmental tax is effective for taxable years beginning after 1991. The imposition of this environmental tax could result in additional taxation of interest on the bonds for certain bondowners.

Purpose

These bonds are being issued pursuant to K.S.A. 12-631t *et seq.* and K.S.A. 12-836 *et seq.*, and for the purpose of financing a portion of the cost of certain improvements to the city's sewer lines, sanitary sewer disposal treatment facilities and the water system serving the city at large.

Assessed Valuation and Bonded Indebtedness

The total assessed valuation of the taxable tangible property within the city for the year 1987 for the computation of limits upon bonded indebtedness is \$4,799,025. The total general obligation bonded indebtedness of the city as of this date, including this \$171,640 proposed issue of bonds, is \$1,379,035.24. Temporary notes in the principal amount of \$25,000 will be retired out of the proceeds of the bonds and other available funds.

Sealed Bids

Sealed bids will be received by the undersigned, city clerk of the city of Lindsborg, Kansas, on behalf of the governing body at the City Hall, 101 S. Main, Lindsborg, until 7:30 p.m. C.D.T. on Monday, June 29, 1987, for the purchase of \$325,000 principal amount of general obligation bonds, Series A, 1987, of the city hereinafter described. All bids will be publicly opened and read at said time and place and will be acted upon by the governing body immediately thereafter. No oral or auction bids will be considered.

Bond Details

The bonds will consist of fully registered bonds in denominations of \$5,000 or any integral multiple thereof, dated July 1, 1987, and becoming due serially on October 1 in the years as follows:

Year	Principal Amount
1988	\$30,000
1989	30,000
1990	30,000
1991	30,000
1992	30,000
1993	35,000
1994	35,000
1995	35,000
1996	35,000
1997	35,000

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on April 1 and October 1 in each year, beginning on April 1, 1988.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar), to the registered owners thereof whose names are on the registration books of the bond registrar as of the 15th day of the month preceding each interest payment date. The bonds will be registered pursuant to a plan of registration approved by the city and the Kansas Attorney General.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondowners.

The number and denominations of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the

city and bond registrar at least two weeks prior to the closing date. In the absence of such information, the city will deliver one bond per maturity registered in the name of the manager of the successful bidder. The initial reoffering price to the public by the original purchaser shall be furnished to the city at least one week prior to the closing date. A certificate setting forth such initial reoffering price to the public shall be furnished to the city by the original purchaser at closing.

Redemption of Bonds Prior to Maturity

The bonds shall become due without option of prior payment.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest, as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed a rate equal to the index of treasury bonds published by Credit Markets in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 3 percent. No bid of less than the entire par value of the bonds and accrued interest thereon to the date of delivery will be considered and no supplemental interest payments will be authorized. Each bid shall specify the total interest cost to the city during the life of the bonds on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid, all certified by the bidder to be correct, and the city will be entitled to rely on the certificate of correctness of the bidder. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid.

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the governing body shall determine which bid, if any, shall be accepted, and its determination shall be final. The city reserves the right to reject any and all bids and to waive any irregularities in a submitted bid.

Authority, Purpose and Security

The bonds are being issued pursuant to K.S.A. 12-1736, *et seq.*, as amended, for the purpose of paying the cost of certain public building improvements. The bonds and the interest thereon will constitute general obligations of the city, payable from ad valorem taxes which may be levied without limitation as to rate or

amount upon all the taxable tangible property, real and personal, within the territorial limits of the city.

Legal Opinion and Tax Exemption

All matters incidental to the authorization and issuance of the bonds are subject to the approval of Gaar & Bell, Wichita, Kansas, bond counsel.

In the opinion of bond counsel, assuming continued compliance by the city with the terms of the bond ordinance, under existing law, the interest on the bonds (a) is excludable from gross income for federal income tax purposes and (b) is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that with respect to corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted net book income (adjusted current earnings for taxable years ending after December 31, 1989) for the purpose of computing the alternative minimum tax imposed on such corporations. The opinion set forth in clause (a) above is subject to the condition that the city comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the bonds in order that interest thereon be excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements could cause the interest on the bonds to be so included in gross income retroactive to the date of issuance of the bonds. The city has covenanted to comply with all such requirements. Bond counsel expresses no opinion regarding other federal tax consequences arising with respect to the bonds.

Prospective purchasers of the bonds should be aware that (i) Section 265 of the code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the bonds, except with respect to certain financial institutions (within the meaning of Section 265 (b)(5) of the code); (ii) with respect to insurance companies subject to the tax imposed by Section 831 of the code, for taxable years beginning after December 31, 1986, Section 832(b)(5)(B)(i) reduces the deduction for loss reserves by 15 percent of the sum of certain items, including interest on the bonds; (iii) for taxable years beginning after December 31, 1986 and before January 1, 1992, interest on the bonds earned by some corporations could be subject to the environmental tax imposed by Section 59A of the code; (iv) for taxable years beginning after December 31, 1986, interest on the bonds earned by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 884 of the code; (v) passive investment income, including interest on the bonds, may be subject to federal income taxation under Section 1375 of the code for Subchapter S corporations that have Subchapter C earnings and profits at the close of the taxable year if greater than 25 percent of the gross receipts of such Subchapter S corporation is passive investment income; and (vi) Section 86 of the code requires recipients of certain

(continued)

Social Security and certain railroad retirement benefits to take into account in determining gross income, receipts or accruals of interest on the bonds. These categories of bondowners should consult their own tax advisers as to the applicability of these consequences.

The bonds are exempt from intangible personal property taxes levied by Kansas counties, cities or townships.

Qualified Tax-Exempt Obligations

The bonds are "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the code, and, in the case of certain financial institutions (within the meaning of Section 265(b)(5) of the code), a deduction is allowed for 80 percent of that portion of such financial institution's interest expense allocable to interest on the bonds.

Delivery and Payment

The city will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or before August 14, 1987, at such bank or trust company in the state of Kansas or Kansas City, Missouri, as may be specified by the successful bidder. The successful bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in federal reserve funds, immediately subject to use by the city.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America equal to 2 percent of the total amount of the bid payable to the order of the city. If a bid is accepted, said check or the proceeds thereof will be held by the city until the bidder shall have complied with all of the terms and conditions of this notice. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check or the proceeds thereof will be returned to the bidder. If a bid is accepted but the bidder defaults in the performance of any of the terms and conditions of this notice, the proceeds of such check will be retained by the city as and for liquidated damages. No interest will be paid upon the successful bidder's good faith check.

CUSIP Numbers

It is anticipated that CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on or assign such number to any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of the purchase contract. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

Bid Forms

All bids must be made on forms which may be

procured from the city clerk or the financial adviser. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any and all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk and marked "Bond Bid." Bids may be submitted by mail or delivered in person to the undersigned at the City Hall and must be received prior to 7:30 p.m. C.D.T. on June 29, 1987.

Official Statement

The city has prepared an official statement dated June 1, 1987, copies of which may be obtained from the city clerk or from the financial adviser. Upon the sale of the bonds, the city will furnish the successful bidder with a reasonable number of copies thereof without additional cost upon request. Additional copies may be ordered by the successful bidder at his expense.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the city, for the year 1986, is as follows:

Equalized assessed valuation of taxable tangible property	\$5,235,194
Tangible valuation of motor vehicles	\$1,493,074
Equalized assessed tangible valuation for computation of bonded debt limitations	\$6,728,268

The total general obligation indebtedness of the city as of the date of the bonds, including the bonds being sold, is \$1,220,000. Temporary notes in the principal amount of \$40,000 will be retired out of proceeds of the bonds and other available funds.

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment, and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age,

religion, color, sex, handicap or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of the affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid-approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the K.D.O.T. district office responsible for the work.
