SOCIAL AND REHABILITATION SERVICES**

**NOTICE OF AVAILABLE FUNDING
FOR EMERGENCY SHELTER PROGRAMS**

The Kansas State Department of Social and Rehabilitation Services is soliciting letters of interest from units of local government for the implementation of emergency shelter programs in the state. The program is designed to help improve the quality of existing emergency shelters for the homeless, to help make available additional emergency shelters, and to help meet the costs of operating emergency shelters.

SRS anticipates awarding approximately \$283,000 (subject to receipt of federal funding) to units of local government for the rehabilitation or conversion of buildings for use as emergency shelters for the homeless and for the payment of certain operating expenses for these shelters. This funding was appropriated by Congress as a supplement to the previous allocation, of which Kansas was allowed to distribute \$78,000 in April, 1987.

The requirements governing the use of the grant funds are as follows:

- 1. Emergency shelter grants may be used for one or more of the following activities:
 - A. Renovation—Rehabilitation that involves costs of 75 percent or less of the value of the building;
 - B. Major Rehabilitation—Rehabilitation that involves costs in excess of 75 percent of the value of the building;
 - C. Conversion—A change in the use of a building to an emergency shelter where the cost exceeds 75 percent of the value of the building;
 - D. Provision of essential services, including (but not limited to) services concerned with health, employment, substance abuse, education or food;
 - E. Payment of maintenance, operation (including

rent, but excluding staff), insurance, utilities, and furnishings.

Two conditions are attached to spending the funds allotted for essential services. First, the service must be "new service or a qualifiable increase in the level of a service above that which was provided during the 12 calendar months immediately before receipt of the grant amounts." The second condition is that not more than 15 percent of any grant amount can be dedicated to support services.

2. Emergency shelter grant funds may not be used for activities such as:

A. Acquisition or construction of an emergency shelter for the homeless;

B. Administrative or staffing costs involved in overseeing operation of the shelter, other than those associated with support services as identified in 1, D, above;

C. Rehabilitation services performed by a grantee or recipient such as preparation of work specifications, loan processing, or inspections;

D. Renovation, rehabilitation, or conversion of buildings owned by primarily religious organizations or entities.

3. All units of general local government (grantee) may carry out emergency shelter grant activities directly or may distribute all or part of the grant amounts to nonprofit recipients to be used for emergency shelter grant activities. If the grantee makes grant amounts available to nonprofit organizations, the local government is responsible for ensuring that the nonprofit recipient carries out the activities according to the conditions set forth in the grant award.

4. Units of local government must have all grant amounts obligated within 180 days after the date of the grant award. Obligated means the grantee has placed orders, awarded contracts, received services or entered similar transactions that require payment. Any grant amounts awarded by the grantee to nonprofit organizations are obligated.

5. Each grantee must supplement the federal funds with an equal amount of matching funds from other sources. The matching funds must be provided after the date of the grant award. Matching funds may include donated materials or buildings, the value of any lease for a building, salaries, and the time and services contributed by volunteers to carry out the emergency shelter program (determined at the rate of \$5 per hour). The grantee may comply with this requirement by providing the matching funds itself, or through matching funds provided by nonprofit recipients. The grantee is responsible for determining the fair market value of any donated material, building, or any lease. The method of calculating fair market values must be included in the letter of interest to SRS.

6. Any building for which emergency shelter grants are used must be maintained as a shelter for the homeless for not less than a three-year period, or for not less than a 10-year period if the grant amounts are used for major rehabilitation or conversion of a building. For buildings not previously operated as an

emergency shelter, the applicable period is to be calculated from the date of the initial occupancy as an emergency shelter. For buildings that were operated as an emergency shelter prior to receipt of the grant, the applicable period is calculated from the date that grant amounts are first obligated for the shelter.

7. Buildings for which grants are made for renovation, conversion, or major rehabilitation must meet the local government standard of being safe and in sanitary condition.

8. Homeless individuals served by the grant must be given assistance in obtaining appropriate supportive services, including permanent housing, medical and mental health treatment, counseling, supervision, and other services essential for achieving independent living. Additionally, assistance must be given in obtaining other federal, state, local and private assistance available for the homeless.

9. Use of grant amounts must also meet requirements of nondiscrimination and equal opportunity, applicable OMB circulars, uniform federal accessibility standards, and the lead-based paint poisoning prevention act. Conflicts of interest must also be avoided so that no personal or financial interest or benefit from the activity funded by the grant is realized by grant recipients. Debarred, suspended, or ineligible contractors (as determined by the Department of Housing and Urban Development) cannot be hired. Flood insurance or other safeguards must be obtained for building renovations, major rehabilitation, or conversion on sites identified by the Federal Emergency Management Agency as having special flood hazards.

10. A number of certifications and assurances are required in order to receive an emergency shelter grant:

A. Certification that matching supplemental funds will be provided, identifying the source(s) and amount(s);

B. Assurance of compliance with requirements for continued use of buildings for which emergency shelter grants are spent as emergency shelters for the homeless; building standards requirements; and requirements for the provision of appropriate public or private social services to assist the homeless in achieving independent living;

C. Certification that units of local government and/or nonprofit recipients will conduct activities in conformance with nondiscrimination and equal opportunity requirements;

D. Certification that the application is authorized by state law and that the government body applying has the legal authority to carry out the program;

E. Assurances that no renovation, major rehabilitation or conversion activity will involve adverse alterations to property listed on the National Register of Historic Places or located adjacent to listed property; will be located in a historic district, or deemed eligible for listing on the Register; takes place in a designated 100-year floodplain; jeopardize endangered or threatened species; or be inconsistent with HUD environment standards.

(continued)

F. Certification if grant amounts are proposed to be used to provide emergency shelter for the homeless in hotels, motels or other commercial facilities providing transient housing, that:

(i) The grantee, or state recipient or nonprofit recipient (as appropriate) has executed (or will execute) an agreement with the provider of such housing that comparable living space, in terms of quality, available amenities, and square footage, will be available in the facility for use as emergency shelter for at least the applicable period specified in paragraph No. 6;

(ii) Leases negotiated between the local government or the nonprofit sub-recipient, with the provider of such housing, make available such living space at substantially less than the daily room rate otherwise charged by the hotel, motel or other such facility; and

(iii) The grantee, or nonprofit recipient, has considered using other facilities as emergency shelters, and has determined that the use of such living space in the motel, hotel or other such facility provides the most cost-effective means of providing emergency shelter for the homeless in its jurisdiction.

11. Payments will be made to the grantee on a reimbursable basis only. The grantee shall be responsible for submitting copies of all paid recipients with all requests for reimbursement.

12. The grantee must submit two interim performance reports to SRS no later than 60 and 330 days after the date of the grant award. The reports must contain information on the amount of funds obligated for each of the three categories of eligible activities. In addition, the reports must document the sources and amounts of matching supplemental funding.

In order to be considered for an emergency shelter grant award, letters of interest submitted by units of local government must include the following:

1. A narrative demonstrating the need for the grant, including but not limited to:

A. The size of the area served (general population and area);

B. Estimated number of homeless in the area served and method of estimation (include definition of homeless);

C. Number of shelters serving the homeless population;

D. Capacity of the shelter(s) to be treated with the grant;

E. Normal or average daily occupancy of the shelter(s);

F. Number of homeless persons sheltered in the last year; and

G. Maximum length of occupancy allowed.

2. Proposed activities to be funded with the grant, to include:

A. Activity, e.g., renovation, payment of utility costs, replacement of heating/cooling equipment, etc.; and

B. Amount budgeted for each activity.

3. Sources, amounts and types of supplemental (matching) funding.

4. Assurance that all certifications can and will be met.

5. Assurance that the local government (applicant) has consulted with the SRS area director, or the director's designee, concerning the proposal's intent, and how such activity will enhance and complement existing facilities or services.

If the unit of local government chooses to sub-grant funds to nonprofit organizations, each organization must be identified and the aforementioned information supplied for each sub-recipient organization.

It is anticipated that funding requests may exceed the amount of monies available. SRS wishes to ensure that the funds for this program provide services and activities that will result in long term benefits to the homeless population in Kansas. In order to achieve this result, SRS will give preference to proposed programs that serve the greatest demonstrated need. Moreover, preference will be given to programs for renovation, rehabilitation, conversion, and building efficiency improvements.

All letters of interest must contain the required information and be postmarked no later than December 10. Letters should be sent to the Department of Social and Rehabilitation Services, Division of Income Maintenance, Attn: Philip Dubach, Housing Programs Specialist, Room 624 South, Docking State Office Building, Topeka 66612.

A duplicate copy of the letter of intent should be sent by the applicant to the appropriate SRS area director. Questions or clarifications concerning the program should be directed to Philip Dubach at (913) 296-3349.

**NOTICE CONCERNING PROPOSED
HAZARDOUS WASTE STORAGE
FACILITY PERMIT**

The U.S. Environmental Protection Agency, Region VII, 726 Minnesota Ave., Kansas City, and the Kansas Department of Health and Environment, Forbes Field, Topeka, are providing public notice that they may issue a joint hazardous waste storage permit to Ashland Chemical Company, 5420 Speaker Road, Kansas City, Kansas.

The EPA and KDHE have jointly reviewed the hazardous waste permit application from Ashland Chemical Company. If a decision is made to issue a joint permit, the EPA portion of the permit would be issued under the authority of the Resource Conservation and Recovery Act (RCRA), and the KDHE portion of the permit would be issued under the authority of Kansas Statutes Annotated 65-3431(i) and 65-3431(s).

Kansas has received final authorization to operate all portions of the RCRA permit program, except for the portions covered by the Hazardous and Solid Waste Amendments of 1984 (HSWA); therefore, the EPA portion of the joint permit will address the requirements of HSWA.

The permit would allow for the operation of a storage facility for waste industrial chemicals and solvents. These wastes will be stored in a maximum of 168 55-gallon drums, which meet the U.S. Department of Transportation specifications, in a storage area which provides secondary containment.

Copies of the administrative record, including the draft permit, permit application, and all information submitted by Ashland Chemical Company, are available for public review at the EPA Region VII Headquarters, 726 Minnesota Ave., Kansas City, from 7:30 a.m. to 4:30 p.m. weekdays, and at the KDHE, Building 730, Forbes Field, Topeka, and the KDHE district office, 808 W. 24th, Lawrence, from 8 a.m. to 4:30 p.m. weekdays.

Written comments on the proposed permit may be directed to Lyndell Harrington, RCRA Branch, EPA Region VII, 726 Minnesota Ave., Kansas City, KS 66101; or to John Goetz, Hazardous Waste Section, KDHE, Topeka 66620. Comments must be submitted in writing prior to January 2, 1988. Requests for additional information, including the fact sheet, may be made by contacting EPA at (913) 236-2888 or KDHE at (913) 296-1607.

A public hearing has not been scheduled; however, if requests are received which indicate a significant degree of public interest in this draft permit, a public hearing will be scheduled. Requests for a public hearing shall be in writing to the addresses listed for submittal of comments and shall state the nature of issues proposed to be raised at the hearing. Such requests shall be submitted prior to December 19.

After consideration of all comments received and of the requirements of RCRA and state statutes, EPA and KDHE will make a final permit decision. If the decision is made to issue a joint permit that is substantially unchanged from those drafts made available for public comments as announced by this notice, the EPA regional administrator and the KDHE secretary will jointly notify all persons submitting comments or requesting notice of final decision. If the draft permit is substantially changed, the EPA regional administrator and the KDHE secretary will jointly issue a public notice indicating the revised decisions.

The principal of the bonds shall be payable in lawful money of the United States of America at the principal office of the Kansas State Treasurer (the paying agent and bond registrar) to the registered owners thereof upon presentation of bonds for payment and cancellation. Interest on the bonds shall be payable in lawful money of the United States of America by mailing of check or draft of the paying

The fees of bond registrar for registration and transfer of the bonds shall be paid by the district, and it shall also pay for printing of a reasonable supply of blank registered bond certificates for that purpose. Initial Registration

The number and denominations of the bonds and the names, addresses and social security or taxpayer identification numbers of the initial owners of the bonds shall be submitted in writing to the bond registrar by the successful bidder not later than Monday, December 28, 1987. In the event such information is not furnished by such date, the bonds will be delivered one bond per maturity registered in the name of the successful bidder.

An original purchaser's certificate, which sets forth the initial reoffering price to the public on the bonds, will be furnished to the successful bidder by bond counsel, and such certificate must be completed and returned no later than the date of delivery of the bonds.

Redemption of Bonds

Bonds maturing April 1, 1990 through April 1, 1997, inclusive, are not subject to call for redemption prior to their respective maturities.

Bonds maturing April 1, 1998 and thereafter are callable at the option of the district prior to the stated maturities thereof, in whole or in part and in inverse numerical order, on any interest payment date on and after April 1, 1997 (the date being so set for redemption and payment being referred to as the redemption date) at the respective redemption prices (expressed as percentages of principal amount) set forth below, plus accrued interest thereon to the redemption date:

Redemption Dates (Both Inclusive)	Redemption Prices

Notice of any call for redemption shall be given in writing to the bond registrar and paying agent not less than 60 days before the redemption date, and the bond registrar and paying agent shall give written notice of such redemption to the owners of the bonds not less than 30 days before the redemption date. Notice of any call for redemption and payment shall also be published one time in the official newspaper of the state of Kansas and in a newspaper of general circulation in the district not less than 30 days before the redemption date.

Prior to the redemption date, the district shall deposit with paying agent sufficient funds to pay the bonds so called at the purchase price set forth above and all unpaid and accrued interest thereon to the

(continued)

redemption date. Upon the deposit of said funds, and the giving of notice in the form of and manner hereinbefore specified, bonds thus called for redemption shall cease to bear interest from and after the redemption date.

Conditions of Bidding

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidder, subject to the conditions of this paragraph. The same rate of interest shall apply to all bonds of the same maturity. Each interest rate specified shall be in an even multiple of $1/8$ or $1/20$ of 1 percent. No interest rate shall exceed the maximum interest rate allowed by Kansas law, said rate being equal to the index of treasury bonds published by Credit Markets in New York, New York, on the Monday next preceding the date on which the bonds are sold, plus 2 percent. No bid of less than the entire par value of the bonds and accrued interest thereon from the dated date to the date of delivery will be considered, and no supplemental interest payments will be authorized. Each bid must state the total interest cost to the district during the life of the bonds on the basis of the bid; the premium, if any, offered by the bidder for the bonds; the net interest cost to the district on the basis of the bid; and the average annual interest rate on the bonds on the basis of the bid. Each bid shall be certified by the bidder to be correct, and the district will be entitled to rely on such certificate of correctness.

Bid Form; Good Faith Deposit

Bids shall be submitted on an official bid form which may be obtained from the district, and shall be submitted in sealed envelopes, plainly marked "Bond Bid," addressed to the Board of Education, 1011 Walnut, Marysville, KS 66508, Attention: Betty Lou Hover, Clerk. Bids may be submitted by mail or delivered in person, and must be received by the clerk no later than the date and time hereinbefore specified.

Each bid shall be accompanied by a good faith deposit in the form of a certified or cashier's check in the amount of \$35,800, said amount being equal to 2 percent of the total amount of the bonds, which shall be payable to the order of the district. If a bid is accepted, said deposit will be held by the district until the bidder shall have complied with all of the terms and conditions of this notice and of the bid. In the event a bidder whose bid is accepted shall default in the performance of any of the terms and conditions of this notice or of the bid, said deposit shall be retained by the district as and for liquidated damages. If a bid is accepted, but the district shall fail to deliver the bonds to the bidder in accordance with the terms and conditions hereof, said deposit shall be returned to the bidder. No interest will be paid upon the successful bidder's deposit. The deposits of the unsuccessful bidders will be promptly returned.

Award of Bonds

The bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the district, which will be determined by deducting the amount of the premium bid, if any, from the total interest cost to the district. If there is any discrepancy

between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more identical bids for the lowest net interest cost are received, the Board of Education shall determine which bid, if any, shall be accepted, and such determination shall be final. The district reserves the right to reject any and all bids and to waive any irregularities in a submitted bid.

Delivery of Bonds

The bonds, duly printed, executed and registered, will be furnished and paid for by the district, and will be delivered to the successful bidder on or about January 6, 1988 at any bank in the state of Kansas or in Kansas City, Missouri, at the expense of the district. Delivery elsewhere will be made at the expense of the successful bidder. The successful bidder will also be furnished with a transcript of proceedings evidencing authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in Federal Reserve funds, immediately available for use by the district.

CUSIP Identification Numbers

It is anticipated that CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on or assign such number to any bond nor any error with respect thereto shall constitute cause for failure or refusal by the successful bidder to accept delivery of and pay for the bonds in accordance with the terms hereof. All expenses in relation to the assignment and printing of said CUSIP numbers on the bonds shall be paid by the district.

Official Statement

The district will prepare an official statement relating to the bonds, copies of which may be obtained from the clerk or from the district's financial adviser. The district will furnish the successful bidder with a reasonable number of copies of the official statement, without cost, upon request. Copies in excess of a reasonable number may be ordered at the successful bidder's expense.

Authority, Purpose and Security for Bonds

The bonds are being issued under the authority of K.S.A. 72-6761 *et seq.*, K.S.A. 10-101 *et seq.*, and K.S.A. 101-601 *et seq.*, all as may now or hereafter be amended or supplemented, and the approving majority vote of the electors of the district at a special bond election which was held in the district on October 20, 1987. The bonds shall be issued under a bond resolution which will be adopted by the Board of Education on December 1, 1987. Proceeds from the bonds will be used with other available funds of the district to pay the \$3,368,335 total costs of developing an existing site and constructing, furnishing and equipping an elementary school facility thereon.

The bonds and the interest thereon will constitute general obligations of the district, payable as to both principal and interest from ad valorem taxes which

may be levied without limitation as to rate or amount upon all of the taxable tangible property within the territorial limits of the district.

Legal Opinion and Tax Exemption

All matters incidental to authorization and issuance of the bonds are subject to the approving opinion of Hinkle, Eberhart, Elkouri & Jensen, bond counsel, Wichita, Kansas. Bond counsel's opinion will be printed on the reverse side of each bond, and a manually signed original will be furnished without expense to the successful bidder concurrently with delivery of the bonds. All fees and expenses of bond counsel will be paid by the district.

In the opinion of bond counsel, assuming continued compliance by the district with the terms of the bond resolution, under existing law, the interest on the bonds is: (i) excludable from gross income for federal income tax purposes; and (ii) is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations. However, it should be noted that with respect to corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted net book income (adjusted current earnings for taxable years ending after December 31, 1989) for the purpose of computing the alternative minimum tax imposed on such corporations. The exclusion mentioned in the preceding clause (i) is subject to compliance by the district with all requirements of the Internal Revenue Code of 1986, as amended, which must be satisfied subsequent to issuance of the bonds in order for the interest on the bonds to qualify for such exclusion. Failure to comply with certain of such requirements could cause the interest on the bonds to be so included in gross income retroactive to the date of issuance thereof. The district will covenant to comply with all such requirements. Bond counsel expresses no opinion regarding other federal tax consequences arising with respect to the bonds.

Prospective bidders for purchase of the bonds should be aware that: (i) Section 265 of the code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the bonds, except with respect to certain financial institutions within the meaning of Section 265(b)(5) of the code; (ii) with respect to insurance companies subject to the tax imposed by Section 831 of the code, for taxable years beginning after December 31, 1986, Section 832(b)(5)(B)(i) of the code reduces the deduction for loss reserves by 15 percent of the sum of certain items, including interest on the bonds; (iii) for taxable years beginning after December 31, 1986 and prior to January 1, 1992, interest earned on the bonds by some corporations could be subject to the environmental tax imposed by Section 59A of the code; (iv) for taxable years beginning after December 31, 1986, interest earned on the bonds by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 884 of the code; (v) passive investment income, including interest on the bonds, may be subject to federal income

taxation under Section 1375 of the code for subchapter S corporations that have Subchapter C earnings and profits at the close of the taxable year if more than 25 percent of the gross receipts of such Subchapter S corporation is passive investment income; and (vi) Section 86 of the code requires recipients of certain Social Security and railroad retirement benefits to take into account in determining gross income, receipts or accruals of interest on the bonds. The foregoing categories of prospective bondowners should consult their own tax advisers as to the applicability of any of these consequences.

The bonds are exempt from intangible personal property taxes levied by Kansas counties, cities and townships.

Qualified Tax-Exempt Obligations

The district will covenant to take such actions as are necessary to designate the bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the code; and, in the case of certain financial institutions within the meaning of Section 265(b)(5) of the code, a deduction is allowed for 80 percent of that portion of such financial institution's interest expense allocable to interest on the bonds.

Assessed Valuation and Bonded Indebtedness

The assessed valuation of taxable tangible property within the district, for the year 1987, is as follows:

Assessed valuation of taxable tangible property	\$26,303,173
Taxable value of motor vehicles	<u>4,072,373</u>
Equalized assessed tangible valuation for computation of bonded debt limitations	\$30,375,546

Upon issuance hereof, the bonds will comprise the only outstanding bonded indebtedness of the district.

Additional Information

Additional information regarding the bonds may be obtained from the clerk or from the district's financial adviser, United States Securities, Inc., 444 Board of Trade Center, 120 S. Market, Wichita, KS 67202, Attention: Dudley Brickell, Representative, (316) 265-9421.

Bond counsel's opinion will be printed on the reverse side of each bond, and a manually signed original will be furnished without expense to the successful bidder concurrently with delivery of the bonds. All fees and expenses of bond counsel will be paid by the county.

In the opinion of bond counsel, assuming continued compliance by the district with the terms of the bond resolution, under existing law, the interest on the bonds is: (i) excludable from gross income for federal income tax purposes; and (ii) is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations. However, it should be noted that with respect to corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted net book income (adjusted current earnings for taxable years ending after December 31,

(continued)

1989) for the purpose of computing the alternative minimum tax imposed on such corporations. The exclusion mentioned in the preceding clause (i) is subject to compliance by the county with all requirements of the Internal Revenue Code of 1986, as amended, which must be satisfied subsequent to issuance of the bonds in order for the interest on the bonds to qualify for such exclusion. Failure to comply with certain of such requirements could cause the interest on the bonds to be so included in gross income retroactive to the date of issuance thereof. The county will covenant to comply with all such requirements. Bond counsel expresses no opinion regarding other federal tax consequences arising with respect to the bonds.

Prospective bidders for purchase of the bonds should be aware that: (i) Section 265 of the code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the bonds, except with respect to certain financial institutions within the meaning of Section 265(b)(5) of the code; (ii) with respect to insurance companies subject to the tax imposed by Section 831 of the code, for taxable years beginning after December 31, 1986, Section 832(b)(5)(B)(i) of the code reduces the deduction for loss reserves by 15 percent of the sum of certain items, including interest on the bonds; (iii) for taxable years beginning after December 31, 1986 and prior to January 1, 1992, interest earned on the bonds by some corporations could be subject to the environmental tax imposed by Section 59A of the code; (iv) for taxable years beginning after December 31, 1986, interest earned on the bonds by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 884 of the code; (v) passive investment income, including interest on the bonds, may be subject to federal income taxation under Section 1375 of the code for subchapter S corporations that have Subchapter C earnings and profits at the close of the taxable year if more than 25 percent of the gross receipts of such Subchapter S corporation is passive investment income; and (vi) Section 86 of the code requires recipients of certain Social Security and railroad retirement benefits to take into account in determining gross income, receipts or accruals of interest on the bonds. The foregoing categories of prospective bondowners should consult their own tax advisers as to the applicability of any of these consequences.

The bonds are exempt from intangible personal property taxes levied by Kansas counties, cities and townships.

Qualified Tax-Exempt Obligations

The county will covenant to take such actions as are necessary to designate the bonds as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the code; and, in the case of certain financial institutions within the meaning of Section 265(b)(5) of the code, a deduction is allowed for 80 percent of that portion of such financial institution's interest expense allocable to interest on the bonds.

Assessed Valuation and Bonded Indebtedness

The assessed valuation of taxable tangible property within the county, for the year 1987, is as follows:

Assessed valuation of taxable tangible property	\$28,474,162
Taxable value of motor vehicles	\$2,524,028
Equalized assessed tangible valuation for computation of bonded debt limitations	\$30,998,190

Upon issuance hereof, the bonds will comprise the only outstanding bonded indebtedness of the county.
