ATTORNEY GENERAL**Opinion No. 88-109**

Taxation—Rules for Valuing Property—Public Property Used for Private Purposes. Terry D. Hamblin, Director of Kansas Department of Revenue, Topeka, August 5, 1988.

Fee title to real estate properly dedicated to public use vests in the local unit of government in trust for such public use, and may not be lost through nonuse. Absent an exemption, the local unit of government that owns the fee is responsible for property taxes thereon. Cited herein: K.S.A. 1987 Supp. 12-406. JLM

Automobiles and Other Vehicles—Drivers' Licenses; Motor Vehicle Drivers' License Act—Persons to Whom License Not Issued; Exceptions; Restricted Licenses, Conditions. Rodney J. Bieker, Director, Legal Services Section, Department of Education, Topeka, August 10, 1988.

K.S.A. 8-237 allows a restricted licensee to operate a motor vehicle (1) while going to or from or in connection with any job or employment, or (2) for purposes of school attendance. In our opinion, the work-related criteria does not require a formal employment agreement. The school attendance restriction permits operation of a motor vehicle only for attendance purposes and does not permit operation for the purpose of driving to and from school for other functions or activities. (14) *Suspension*

Definitions: The definitions provided are applicable to the procedure set forth within this document.

(a) *Suspension:* A unilateral action by a Federal Grantor agency which temporarily suspends Federal assistance under a grant pending corrective action by the grantee or pending a decision to terminate the grant by the grantor agency.

- (b) *Cause:* A material violation of the grant terms and conditions or the requirements and standards set forth in regulations.
- (c) *Grantor:* Federal Grantor agency that administers the Federal Small Cities Community Development Block Grant program.
- (d) *Grantee:* Governing body which is in receipt of Federal funds and is subject to the applicable rules and regulations affecting said funds and their use.
- (e) *Disallowed Costs:* Those charges to a grant which the grantor agency determines to be unallowable.
- (f) *Reasonable Notice:* A written 30 calendar day notice from date of notice in which the grantor notifies the grantee of its decision to place a grant in suspension. Notice shall include the reasons for the suspension and a statement of any necessary corrective action.
- (g) *Terms of Suspension:* Once a grantee has failed to comply with the grant award stipulations, standards, or conditions, the Grantor agency may upon reasonable notice to the grantee:
 - (1) suspend the grant in whole or in part and withhold further payments.
 - (2) prohibit the grantee from incurring additional obligations of grant funds. A payment adjustment shall be made if necessary. No obligations incurred by the grantee during the suspension period are allowable.

A grantor agency shall allow all necessary and proper costs, as determined by grantor agency, which a grantee could not reasonably avoid during the period of suspension.

A status of suspension shall be nullified upon the occurrence of one of the following conditions:

- (1) sufficient corrective action by the grantee as determined in writing by grantor agency or
 - (2) a decision by grantor agency to terminate the grant under the procedure for Termination for Cause.
- (h) *Schedule*
- Failure of grantee to comply with the terms and conditions of a grant
 - Decision by grantor agency to unilaterally suspend a grant
 - Written notice of suspension by grantor agency to grantee
 - 30 calendar days during which grantee may take corrective action to place the grant in compliance with the terms and conditions contained within
 - On or before the expiration of the 30 days, the grantee may submit to the grantor agency program administrator a detailed explanation which sets forth the corrective actions taken to place the grant in compliance.

At the end of the 30-day period, the grantor agency shall have 15 days to determine:

- (1) whether the grantee has taken sufficient action to place the grant in compliance, or
- (2) whether the grantor agency will terminate the grant.

— On or before the expiration of the 15-day period, the grantor agency shall send written notice to the grantee that:

- (1) the grantee has taken sufficient corrective action and the suspension is no longer in effect
- (2) the grantee has not taken sufficient corrective action and the grantor agency will terminate the grant.

The grantor agency shall give written notice of termination to the grantee.

Suspension is temporary pending either corrective action or termination, therefore, suspension is not considered a "final" action with any right of appeal.

- (15) *Termination:* A Federal grantor agency may terminate a grant in whole or in part at any time if a grantee fails in a material way to comply with the terms and conditions of a grant or to remedy a situation under suspension.

Termination has the effect of cancelling the balance of a project prior to date of completion.

There are three types of termination: Termination for Cause, Termination for Convenience, and Grantee Withdrawal.

Terms of Termination for Cause. Occurs when a grantee fails to comply with grant award stipulations, standards, or conditions.

Notice of Proposed Termination. The Federal grantor agency shall provide written notice of proposed termination to the grantee. The notice shall include: 1) notification that the grant will be terminated, 2) a description of the criteria the federal grantor agency is using to take the termination action, 3) the date the grantee must respond to the notification, 4) appeal procedure, 5) an offered opportunity for the Federal grantor agency to provide technical assistance to assist the grantee to correct the problem(s) and eliminate the need for termination.

Response Time. A grantee shall be allowed 30 calendar days, from date of notice of proposed termination, to respond to the Federal grantor agency prior to actual termination of the grant agreement. The response shall set forth the proposed actions to be taken by the grantee to prevent the proposed termination action.

Appeal Procedure. Upon receipt by the grantor agency of the grantee's written response to the program administrator or at the expiration of the 30 day response time, whichever occurs first, the grantor agency shall have 15 calendar days to decide if the response provided by the grantee is

sufficient to prevent the proposed termination action or if no response were received, to initiate termination.

At the conclusion of the 15 day period, the grantor agency shall provide written response to the grantee regarding the decision to terminate.

Should the grantor agency decide to terminate, the response shall set forth the basis of the decision. Grantee shall have 30 calendar days from the date of the response to appeal the decision in writing to the Secretary of Commerce. Said appeal shall be adopted in the form of a resolution passed by the effected governing body.

The Secretary of Commerce shall: 1) at the expiration of the 30 day period, proceed with termination of the grant if the grantee has not appealed the decision to terminate, or 2) if the grantee has properly appealed the decision, review the appeal and issue a final decision on termination.

Terms of Termination for Convenience. Termination of a grant in whole, or in part, when the Federal grantor agency and the grantee agree that continuation of the grant would not produce beneficial results commensurate with the further expenditure of funds. A grantee shall not incur new obligations for the terminated portion after the effective date and shall cancel as many outstanding obligations as possible. The Federal grantor agency shall allow full credit to the grantee for the Federal share of the noncancelable obligations properly incurred by the grantee prior to termination:

Termination Conditions. The grantor agency and the grantee shall agree upon the following: 1) the effective date of termination, 2) in the event of partial termination, the portion to be terminated, and 3) all other termination conditions.

Grantee Withdrawal. Grantee decides unilaterally to cease grant efforts. There shall be no new obligations of Federal funds. Grantee shall provide grantor agency written notice of said decision.

Recapture of Unused Grant Funds Resulting from Termination. The grantor agency will issue an encumbrance cancellation in the amount of the unused grant funds.

Record Keeping Responsibilities. Once termination is undertaken, all records regarding the action shall be maintained in the grantor agency's file on the grantee. The grantee is also responsible for all applicable actions necessary to allow the grantor to document termination.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar), to the registered owners thereof whose names are on the registration books of the bond registrar as of the 15th day (whether or not a business day) of the calendar month

next preceding such interest payment date. The bonds will be registered pursuant to a plan of registration approved by the Kansas State Treasurer and the Kansas Attorney General.

The improvement district will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondowners.

Redemption of Bonds Prior to Maturity

None of said bonds shall be callable for redemption prior to its stated maturity.

Authority, Purpose and Security

The bonds are being issued pursuant to K.S.A. 12-1662 and 19-2753 *et seq.* for the purpose of paying the cost of certain sewer improvements. The bonds and the interest thereon will constitute general obligations of the improvement district, payable from special assessments levied against property especially benefited by said sewer improvements and from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable, tangible property, real and personal, within the territorial limits of the improvement district.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. No interest rate may exceed a rate equal to the index of treasury bonds published by the weekly *Credit Markets* in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. No bid of less than the entire par value of the bonds and accrued interest thereon to the date of delivery will be considered and no supplemental interest payments will be considered. Each bid must specify the total interest cost to the improvement district during the term of the bonds on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the improvement district on the basis of such bid, all certified by the bidder to be correct, and the improvement district will be entitled to rely on the certificate of correctness of the bidder. Each bid must also specify the average annual net interest rate to the improvement district on the basis of such bid.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$3,508.67 (2 percent of the principal amount of the bonds) payable to the order of the improvement district to secure the improvement district from any loss resulting from the failure of the bidder to comply with the terms of the bid. Good faith checks submitted by unsuccessful bidders will be returned. If a bid is accepted, said check or the proceeds thereof will be held by the improvement district until the bidder has complied with all of the terms and conditions of this notice. If a bid is accepted but the improvement district

fails to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check or the proceeds thereof will be returned to the bidder. If a bid is accepted but the bidder defaults in the performance of any of the terms and conditions of this notice, the proceeds of such check will be retained by the improvement district as and for liquidated damages. No interest will be paid upon the successful bidder's good faith check.

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the improvement district, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the improvement district. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the board of directors will determine which bid, if any, will be accepted, and its determination is final. The improvement district reserves the right to reject any and all bids and to waive any irregularities in a submitted bid. Any bid received after 7 p.m. on the date of sale will be returned to the bidder unopened.

Bid Forms

All bids must be made on forms which may be procured from the secretary of the board of directors, bond counsel or Mid-Continent Investments, Inc., Wichita, Kansas. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned secretary of the board of directors and marked "Proposal for General Obligation Sewer Bonds." Bids may be submitted by mail or delivered in person to the undersigned at the improvement district's office and must be received by the undersigned prior to 7 p.m. C.D.T. on Tuesday, August 30, 1988.

CUSIP Numbers

It is not anticipated that CUSIP identification numbers will be printed on or assigned to the bonds.

Delivery and Payment

The improvement district will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or before October 28, 1988, at such bank or trust company in the state of Kansas or Kansas City, Missouri, as may be specified by the successful bidder. Delivery elsewhere will be made at the expense of the successful bidder. The successful bidder will be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds must be made in Federal Reserve funds, immediately subject to use by the improvement district.

The number and denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners must be sub-

mitted in writing by the successful bidder to the improvement district and bond registrar at least two weeks prior to the closing date. In the absence of such information, the improvement district will deliver one bond per maturity registered in the name of the manager of the successful bidder.

The reoffering prices to the public by the original purchaser must be furnished to the improvement district at least one week prior to the closing date. A certificate stating that at least 10 percent of the bonds of each maturity has been sold to the public (excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) at such reoffering prices must be furnished to the improvement district by the original purchaser at closing.

Official Statement

The improvement district has prepared an official statement dated August 8, 1988, copies of which may be obtained from the secretary of the board of directors, from bond counsel or from Mid-Continent Investments, Inc., Wichita, Kansas. Upon the sale of the bonds, the improvement district will furnish the successful bidder with a reasonable number of copies thereof without additional cost upon request. Additional copies may be ordered at the successful bidder's expense.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable, tangible property within the improvement district, for the year 1987, is as follows:

Equalized assessed tangible valuation for computation of bonded debt limitation	<u>\$1,193,299</u>
---	--------------------

The total general obligation bonded indebtedness of the improvement district as of the date of the bonds, including the bonds being sold, is \$175,433.42. The proceeds of the bonds will be used to retire temporary notes of the improvement district in the amount of \$170,000.

Approval of Bonds

The bonds will be sold subject to the legal opinion of Fred W. Rausch, Jr., Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the improvement district, printed on the bonds and delivered to the successful bidder as and when the bonds are delivered.

Opinion of Bond Counsel

In the opinion of bond counsel, assuming continued compliance by the improvement district with the terms of the bond resolution, under existing law, the interest on the bonds: (a) is excludable from gross income for federal income tax purposes, and (b) is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that with respect to corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted net book income (adjusted current earnings for taxable years ending after December 31, 1989) for the purpose of computing the alternative minimum tax imposed on such corporations. The opinion set forth in clause (a) above is subject to the condition that the improvement district comply with all requirements of the Internal Revenue Code of

(continued)

1986, as amended, that must be satisfied subsequent to the issuance of the bonds in order that interest thereon be excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements could cause the interest on the bonds to be included in federal gross income retroactive to the date of issuance of the bonds. The improvement district has covenanted to comply with all such requirements.

In regard to said Series A, 1988 bonds, and with respect to the Tax Reform Act of 1986 (H.R. 3838), which became effective on October 22, 1986, and with respect to Section 902 of said act relating to interest incurred by financial institutions that carry tax-exempt bonds, the improvement district hereby designates the bonds as qualified project bonds (qualified tax exemptions) for the purpose of Section 902(b)(3) of the act. The improvement district further covenants to comply with all of the provisions of the act and all other applicable federal laws, regulations, published rulings and court decisions in order to preserve the tax-exempt status of the bonds, to the extent such actions can be taken by the governing body of the improvement district.

The bonds are "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the code, and, in the case of certain financial institutions (within the meaning of Section 265(b)(5) of the code), a deduction is allowed for 80 percent of that portion of such financial institution's interest expense allocable to interest on the bonds. The district does not anticipate issuing bonds in excess of \$10,000,000 during calendar year 1988.

Bond counsel expresses no opinion regarding other federal tax consequences arising with respect to the bonds.

Other Federal Tax Matters

Prospective purchasers of the bonds should be aware that: (i) Section 265 of the code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the bonds, except with respect to certain financial institutions (within the meaning of Section 265(b)(5) of the code); (ii) with respect to insurance companies subject to the tax imposed by Section 831 of the code, for taxable years beginning after December 31, 1986, Section 832(b)(5)(B)(i) reduces the deduction for loss reserves by 15 percent of the sum of certain items, including interest on the bonds; (iii) for taxable years beginning after December 31, 1986, and before January 1, 1992, interest on the bonds earned by some corporations could be subject to the environmental tax imposed by Section 59A of the code; (iv) for taxable years beginning after December 31, 1986, interest on the bonds earned by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 884 of the code; (v) passive investment income, including interest on the bonds, may be subject to federal income taxation under Section 1375 of the code for Subchapter S corporations that have Subchapter C earnings and profits at the close of the taxable year if greater than 25 percent of the gross receipts of such Subchapter S corporation is passive investment income; and (vi) Section 86 of the code requires recipients of certain Social Security and certain railroad retirement benefits to take into account in determining gross income, receipts or accruals of interest on the bonds. These categories of

bondowners should consult their own tax advisers as to the applicability of these consequences.

State of Kansas Tax Matters

The bonds are exempt from intangible personal property taxes levied by Kansas counties, cities or townships. Interest on the bonds is excluded from computation of Kansas adjusted gross income for taxable years commencing after December 31, 1987.

Additional Information

Additional information regarding the bonds may be obtained from the improvement district secretary, improvement district employees, bond counsel, Mid-Continent Investments, Inc., Wichita, Kansas, or any other source available to a prospective bidder.

(a) "Play Symbols" are the numbers, letters, symbols or pictures printed in the play area of each instant game ticket and which determine if the ticket bearer is entitled to a prize. In this instant game, the play symbols are printed in gray-black ink in Kansas font in positive. A play symbol appears in each of the six play spots within the play area. Each play symbol in the play area for this instant game is one of the following: "\$1.00," "\$2.00," "\$5.00," "\$10.00," or "\$50.00." A play symbol also appears in the doubler box. The doubler box is the area next to the play area. A play symbol in this instant game appearing in the doubler box is one of the following: "single prize" or "double prize."

(b) "Play symbol captions" are the words, portions of words, letters or numbers printed beneath each play symbol in the play area and are used to repeat or explain the play symbol. The play symbol caption associated with each play symbol is as follows:

For this instant game, the book-ticket number is an 8-digit book number followed by a dash and then a 3-digit ticket number. The ticket numbers in each book start with 000 and end with 299. The book-ticket number is printed in gray-black ink on the bottom right portion of the front of each instant game ticket.

(e) "Retailer validation code" means the small letters found under removable covering in the play area of each instant game ticket. The retailer uses this code to verify and validate winners which are to be paid by the retailer. In this instant game, the retailer validation code is a two letter code printed and appearing in two of nine varying locations among the play symbols. The codes and their meanings are as follows: CC = \$1.00; DD = \$2.00; KK = \$5.00; LL = \$10.00.
