**Automobiles and Other Vehicles—Driving Under Influence of Alcohol or Drugs; Related Provisions—Alcohol and Drug Safety Action Program.** Judge Herbert W. Walton, Division No. 1, Johnson County, Olathe, January 19, 1989.

An administrative judge may, by directive, promulgate guidelines setting forth procedural requirements for obtaining certification and interpreting statutory requirements for qualification of programs seeking certification under K.S.A. 1988 Supp. 8-1008. An administrative judge may not, however, establish and enforce guidelines which impose substantive conditions and requirements not contemplated by statute, as this would constitute a legislative rather than an administrative act. K.S.A. 1988 Supp. 8-1008(e) authorizes the court to contract for services necessary for the administration of its provisions, and to use 10 percent of the money credited to the alcohol and drug safety action fund to pay for such services. **Waters and Watercourses—Navigable Waters—Republican River; Navigability to Determine Ownership to River Bed.** Robert A. Walsh, Cloud County Attorney, Concordia, January 19, 1989.

Riparian owners of land upon a non-navigable stream own to the thread of the stream. If the stream is navigable, title of the bed is in the state, and riparians own to the bank of the stream. Navigability to determine title is determined from the facts as they existed at the time of statehood. Therefore, ownership of the bed of the Republican River depends on whether the criteria to determine navigability established in *Holt State Bank v. United States* were present when Kansas became a state, January 29, 1861. Cited herein: L. 1864, ch. 97, §§ 1, 2; L. 1913, ch. 259, § 10. RLN

**OFFICE OF THE GOVERNOR****EXECUTIVE ORDER NO. 89-113****ESTABLISHING A CAPITOL COMPLEX  
PILOT PAPER RECYCLING PROGRAM AND  
PROCUREMENT POLICY**

WHEREAS, the Interim Special Committee on Energy and Natural Resources has studied and supported a paper recycling project for the Capitol Complex.

WHEREAS, concerns about solid waste management are becoming increasingly urgent throughout the nation. Solid waste disposal costs are increasing as space in existing landfill facilities is depleted. Environmental, geographical and political concerns make development of new sites difficult.

WHEREAS, the citizens and governing bodies of the State of Kansas must take positive steps to prevent a solid waste management crisis similar to those faced in other states.

WHEREAS, through responsible management of solid wastes generated by state agencies, state government can provide leadership and a model in constructive solid waste management practices.

WHEREAS, one such practice is recycling of solid wastes.

WHEREAS, other states have estimated that 50% of the solid wastes generated by their state agencies consists of paper.

WHEREAS, such a recycling program assists in extending the life of existing landfills, thus reducing the need for new sites; conserves and protects natural resources and reduces energy consumption in the manufacture of paper.

WHEREAS, development of a market for recycled paper products is necessary to fully realize the benefits of recycling programs.

NOW, THEREFORE, the Secretary of Administration and the Secretary of Health and Environment are directed to investigate paper recycling and recycled paper procurement programs in other states, establish a paper recycling pilot program within the Capitol Complex area and develop recycled paper procurement policies.

This document shall be filed with the Secretary of State as Executive Order No. 89-113 and shall become effective immediately.

Dated January 23, 1989.

DEPARTMENT OF HEALTH  
AND ENVIRONMENTNOTICE OF VARIANCE REQUEST FROM  
HAZARDOUS WASTE REGULATIONS

The Kansas Department of Health and Environment (KDHE), Forbes Field, Topeka, is providing public notice that on December 15, 1988, Allco Chemical Corporation, Galena, submitted a request for renewal of a variance from specific hazardous waste regulations previously granted to Allco. The request for a variance was submitted in accordance with K.A.R. 28-31-13(a).

This variance is requested from K.A.R. 28-31-4, which adopts by reference 40 CFR 265.176. This regulation requires the storage area for ignitable hazardous waste to be at least 50 feet from the facility property line.

Allco operates a chemical manufacturing facility that primarily produces two chemical compounds used in epoxy resins and as coolants for electrical equipment. Small quantities of ignitable hazardous waste are generated during the manufacture of these chemicals. These wastes are temporarily stored prior to disposal in a permanent building located 30 feet from Allco's property line. No structures are within 50 feet of the building. The variance is requested because storage of the wastes 50 feet or more from the property line would require Allco to construct a new storage building. KDHE has reviewed this request and has concluded that the variance is justified. Therefore, KDHE has made a tentative decision to grant renewal of the variance.

In accordance with K.A.R. 28-31-13(b), public notice is being provided of this decision. Copies of the variance request will be available for public review until March 3 from 8 a.m. to 4:30 p.m. weekdays at the KDHE, Building 730, Forbes Field, Topeka, and at the KDHE district office, 1500 W. 7th, Chanute.

Comments concerning this variance request may be directed to John Goetz, Hazardous Waste Section, KDHE, Building 730, Forbes Field, Topeka 66620. Comments must be submitted in writing prior to March 3. Requests for additional information may be made by contacting Goetz at (913) 296-1607.

Upon the written request of any interested person, a public meeting may be held to consider comments on this tentative decision. The person requesting a meeting shall state the issues to be raised and shall explain why written comments would not suffice to communicate the person's views. If a decision is made to conduct a public meeting, a separate public notice detailing the date and place of a public meeting will be issued.

After evaluating all public comments, a final decision will be made by the secretary and a notice of the final decision will be published in the *Kansas Register*. If approved, any conditions or time limitations needed to comply with all applicable state or federal laws or to protect human health or safety or the environment will be specified by the secretary. A date upon which the variance

will no longer be valid will be prescribed in the final decision.

### DEPARTMENT OF HEALTH AND ENVIRONMENT

#### NOTICE OF VARIANCE REQUEST FROM HAZARDOUS WASTE REGULATIONS

The Kansas Department of Health and Environment (KDHE), Forbes Field, Topeka, is providing public notice that on December 29, 1988, the McConnell Air Force Base, Wichita, submitted a request for renewal of a variance from specific hazardous waste regulations previously granted to McConnell. The request for a variance was submitted in accordance with K.A.R. 28-31-13(a).

The variance is requested from K.A.R. 28-31-6(c), which requires that all hazardous waste transporters obtain and maintain liability insurance for all vehicles that transport hazardous waste.

McConnell AFB is part of the U.S. Department of Defense, an agency of the U.S. government. It is covered by the Federal Tort Claims Act, which essentially makes the Air Force a self insurer and establishes a source of reimbursement that satisfies the intent of K.A.R. 28-31-6(c). Liability insurance is therefore unnecessary for this facility. KDHE has reviewed this request and has concluded that the variance is justified. Therefore, KDHE has made a tentative decision to grant renewal of the variance.

In accordance with K.A.R. 28-31-13(b), public notice is being provided of this decision. Copies of the variance request will be available for public review until March 3 from 8 a.m. to 4:30 p.m. weekdays at the KDHE, Building 730, Forbes Field, Topeka, and at the KDHE district office, 3244 E. Douglas, Wichita.

Comments concerning this variance request may be directed to John Goetz, Hazardous Waste Section, KDHE, Building 730, Forbes Field, Topeka 66620. Comments must be submitted in writing prior to March 3. Requests for additional information may be made by contacting Goetz at (913) 296-1607.

Upon the written request of any interested person, a public meeting may be held to consider comments on this tentative decision. The person requesting a meeting shall state the issues to be raised and shall explain why written comments would not suffice to communicate the person's views. If a decision is made to conduct a public meeting, a separate public notice detailing the date and place of a public meeting will be issued.

After evaluating all public comments, a final decision will be made by the secretary and a notice of the final decision will be published in the *Kansas Register*. If approved, any conditions or time limitations needed to comply with all applicable state or federal laws or to protect human health or safety or the environment will be specified by the secretary. A date upon which the variance will no longer be valid shall be prescribed in the final decision.

## State of Kansas

**SOCIAL AND REHABILITATION SERVICES****NOTICE OF AVAILABLE FUNDING  
FOR EMERGENCY SHELTER PROGRAMS**

The Kansas Department of Social and Rehabilitation Services (SRS) is soliciting applications from units of local government for the implementation of emergency shelter programs in the state. The program is designed to help improve the quality of existing emergency shelters for the homeless, to help make available additional emergency shelters, and to help meet the costs of operating emergency shelters.

SRS anticipates awarding approximately \$263,000 (subject to receipt of federal funding) to units of local government for the rehabilitation or conversion of buildings for use as emergency shelters for the homeless and for the payment of certain operating expenses for these shelters.

The requirements governing the use of the grant funds are enumerated in 24 CFR Part 576 and the Stewart B. McKinney Homeless Assistance Amendments Act of 1988 and summarized as follows:

1. Emergency shelter grants may be used for one or more of the following activities:

A. Renovation—Rehabilitation that involves costs of 75 percent or less of the value of the building;

B. Major Rehabilitation—Rehabilitation that involves costs in excess of 75 percent of the value of the building;

C. Conversion—A change in the use of a building to an emergency shelter where the cost exceeds 75 percent of the value of the building;

D. Essential Services\*—Provision of services which are essential to the welfare of homeless individuals, e.g. food and health services and/or services concerned with education, employment, substance abuse, etc.;

E. Payment of maintenance, operation (including rent, but excluding staff), insurance, utilities, and furnishings.

F. Homeless Prevention\*\*—Provision of services which prevent families from becoming homeless, e.g. short term subsidies to help defray rent and utility arrearages for families faced with eviction or termination of utility services, security deposits or first month's rent to enable a homeless family to move into suitable housing, and/or provide legal representation to indigent tenants in eviction proceedings.

\* Essential services must be a "new service or a quantifiable increase in the level of a service above that which was provided during the 12 calendar months immediately before receipt of the grant amounts."

\*\*Federal law provides that not more than 20 percent of the aggregate amount of all ESGP assistance may be used for essential services and homeless prevention.

2. Emergency shelter grant funds may *not* be used for activities such as:

A. Acquisition or construction of an emergency shelter for the homeless;

B. Administrative or staffing costs involved in overseeing operation of the shelter, other than those associated with essential services as identified in 1, D, above;

C. Rehabilitation services performed by a grantee or recipient such as preparation of work specifications, loan processing, or inspections;

D. Renovation, rehabilitation, or conversion of buildings owned by primarily religious organizations or entities, unless the following conditions are met:

(i) The building (or portion thereof) that is to be improved with the grant amounts has been leased to an existing or newly established, wholly secular entity (which may be an entity established by the religious organization);

(ii) The HUD assistance is provided to the lessee (and not the lessor) to make the improvements;

(iii) The leased premises will be used exclusively for secular purposes and will be available to all persons regardless of religion;

(iv) The lease payments do not exceed the fair market rent for the premises, as they were before improvement;

(v) The portion of the cost of any improvements that also serve a non-leased part of the building will be allocated to and paid for by the lessor; and

(vi) The lessor enters into a binding agreement that, unless the lessee or a qualified successor lessee retains the use of the leased premises for a wholly secular purpose for at least the useful life of the improvements, the lessor will pay to the lessee an amount equal to the residual value of the improvements.

(vii) The lessee must remit the amount referred to in the preceding paragraph to the original grantee from which the amounts used to renovate, rehabilitate or convert the building were derived, e.g. if the amounts initially were made available to a unit of general local government, the amount that the lessor provides to the lessee is remitted to the unit of local government. The original grantee may use this amount to further the objectives of this part.

(continued)

(viii) The lessee may also enter into a management contract authorizing the lessor religious organization to operate the facility, including the provision of essential services, in carrying out the secular purpose. In such case, the religious organization must agree in the management contract to carry out its contractual responsibilities in a manner free from religious influences, pursuant to conditions prescribed by HUD.

3. All units of general local government (grantee) may carry out emergency shelter grant activities directly or may distribute all or part of the grant amounts to nonprofit recipients to be used for emergency shelter grant activities. If the grantee makes grant amounts available to nonprofit organizations, the local government is responsible for ensuring that the non-profit recipient carries out the activities according to the regulations described herein and according to conditions set forth in the grant award.

4. Units of local government must have all grant amounts obligated within 180 days after the date of the grant award. Obligated means the grantee has placed orders, awarded grants or contracts, received services or entered similar transactions that require payment. Any grant amounts awarded by the grantee to nonprofit organizations are obligated.

5. Each grantee must supplement the federal funds with an equal amount of matching funds from other sources. The matching funds must be provided after the date of the grant award. Matching funds may include donated materials or buildings, the value of any lease for a building, salaries, and the time and services contributed by volunteers to carry out the emergency shelter program (determined at the rate of \$5 per hour). The grantee may comply with this requirement by providing the matching funds itself, or through matching funds provided by nonprofit recipients. The grantee is responsible for determining the fair market value of any donated material, building, or any lease. The method of calculating fair market values must be included in the application to SRS.

6. Any building for which emergency shelter grants are used for major rehabilitation or conversion must be maintained as a shelter for the homeless for not less than 10 years. The use requirements for buildings being renovated with grant funds will be for a period not less than three years.

Emergency Shelter Grant Program recipients (grantees and subgrantees) using program funds to provide essential services, or maintenance and operating costs, must carry out the assisted activities for the period during which ESGP assistance is provided or for such additional time as the parties may agree upon in the funding agreement. The shelter operator or service provider may use one or more sites or structures during this period to carry out its activities, but must serve the same general population. The same procedure applies to leasing of any commercial facility (hotels, motels, etc.) to provide emergency shelter for the homeless. It should be noted that the requirements of Paragraph 7 apply to leasing of commercial facilities.

7. If grant amounts are proposed to provide emergency shelter for the homeless in hotels, motels, or other commercial facilities providing transient housing, the unit of local government must certify that:

(i) The grantee, or subrecipient organization (as appropriate, has executed (or will execute) an agreement with the provider of such housing that comparable living space in terms of quality, available amenities, and square footage will be available in the facility for use as emergency shelter for at least the applicable period specified in Paragraph 6;

(ii) Lease negotiated between the local government or the nonprofit subrecipient with the provider of such housing make available such living space at substantially less than the daily room rate otherwise charged by the hotel, motel or other such facility; and

(iii) The grantee or nonprofit recipient has considered using other facilities as emergency shelters and has determined that the use of such living space in the motel, hotel or other such facility provides the most cost-effective means of providing emergency shelter for the homeless in its jurisdiction.

8. Buildings for which grants are made for renovation, conversion, or major rehabilitation must meet the local government's standard of being safe and in sanitary condition.

9. Homeless individuals served by the grant must be given assistance in obtaining appropriate supportive services, including permanent housing, medical and mental health treatment, counseling, supervision, and other services essential for achieving independent living. Additionally, assistance must be given in obtaining other federal, state, local and private assistance available for the homeless.

10. Use of grant amounts must also meet requirements of nondiscrimination and equal opportunity, applicable OMB circulars, uniform federal accessibility standards, and the lead-based paint poisoning prevention act. Conflicts of interest must also be avoided so that no personal or financial interest or benefit from the activity funded by the grant is realized by grant recipients. Debarred, suspended, or ineligible contractors (as determined by the Department of Housing and Urban Development) cannot be hired. Flood insurance or other safeguards must be obtained for building renovations, major rehabilitation, or conversion on sites identified by the Federal Emergency Management Agency as having special flood hazards.

11. ESGP grantees (units of local government) will be responsible for the provisions of and regulations and procedures of section 104(g)(1) of the Housing and Community Development (HCD) Act of 1974 pertaining to environmental review procedures. Responsibilities will include environmental review, decision making, and action under the National Environmental Policy Act of 1969 and certain other environmental authorities.

12. ESGP grantees must assure that a policy, designed to ensure that the homeless facility is free from the illegal use, possession or distribution of drugs or alcohol by its beneficiaries, will be administered in good faith.

It is anticipated that funding requests may exceed the amount of monies available. SRS wishes to ensure that the funds for this program provide services and activities that will result in long term benefits to the homeless population in Kansas. In order to achieve this result, SRS will give preference to proposed requests in the following order:

1. Projects which create new sleeping/living accommodations for the homeless;
2. Projects which increase the number of sleeping accommodations for the homeless;
3. Projects which improve the living conditions of an existing emergency shelter for the homeless, e.g. replacement heating/cooling systems, repair of deferred maintenance items, installation of security devices, equipment, and furnishing;
4. Projects which increase services to the homeless, e.g. education, employment counseling; and
5. Projects which provide for the payment of operating expenses, e.g. payment of rent, insurance, and utility bills.

All applications for Emergency Shelter Grant Program funds must be submitted by units of local government (city or county) in order to be considered.

Application packets may be requested from the Department of Social and Rehabilitation Services, Division of Income Maintenance, Attn: Philip Dubach, Housing Programs Specialist, Room 624-South, Docking State Office Building, Topeka 66612.

Shelter operators and homeless service providers may also request application packets, although the completed application must be submitted by a unit of local government. All applications must be submitted no later than March 10.

Questions or clarifications concerning the program should be directed to Philip Dubach at (913) 296-3349.

Each request for approval of appointment to a higher step shall include information concerning the employee's education, training, experience, and other qualifications.

(2) An employee who has been demoted or reemployed at a lower range, and who is promoted within one year following the demotion or reemployment, shall not be paid at a higher step of the range than one step above the step at which the employee was being paid immediately prior to the demotion or layoff. This requirement may be waived or modified by the director if the promotion is to a class with a range lower than the range of the class from which the employee was demoted.

(c) If the promotional appointment to the higher class is due to reallocation of the position in which the employee was serving at time of reallocation, the salary shall be determined as in paragraph (b)(1) of this regulation. If the reallocation or promotion occurs within one year following the reemployment or demotion of the employee, the requirements in paragraph (b)(2) shall apply.

(d) Nothing in this regulation authorizes a salary above the maximum step of the range.

(e) If an employee is promoted from an unclassified position to a classified position, the salary upon promotion shall be determined pursuant to K.A.R. 1-5-12.

(f) Each employee who is promoted or who is appointed on a conditional basis to a class with a higher salary range shall also receive a salary step increase on the same date, if eligible for such an increase.

(g) The pay increase date for any person appointed to a higher class shall be governed by the time-on-step requirement of the step to which appointed. (Authorized by K.S.A. 1987 Supp. 75-3747, implementing K.S.A. 75-2938; K.S.A. 1987 Supp. 75-3746; effective May 1, 1979; amended, E-81-14, June 12, 1980; amended May 1, 1981; amended May 1, 1983; amended, T-86-17, June 17, 1985; amended May 1, 1986; amended May 1, 1987; amended T-89-1, May 1, 1988; amended October 1, 1988; amended March 20, 1989.)

**1-5-15. Salary of employee upon demotion.** (a) Each employee who is demoted, in accordance with other sections of these rules, whether voluntarily or for inefficiency or for disciplinary reasons, shall be paid at the same step of the range for the lower class as the step on which the employee was being paid in the higher class, or at any

higher step so long as there is a decrease in rate of compensation. Upon approval of the director, any employee accepting a voluntary demotion may be paid at a step of the new range which does not result in decrease in rate if:

(1) the position must be filled expeditiously for effective government;

(2) the employee accepting a voluntary demotion has exceptional qualifications for the new position; or

(3) accepting the voluntary demotion is in the best interest of state service.

The voluntary demotion shall not be within the same organizational unit.

(b) Nothing in this regulation shall prevent a demotion being made to a step in the range lower than permitted by this regulation, if agreed upon in writing by the employee and appointing authority. However, a promotional employee who is demoted pursuant to K.A.R. 1-10-8(b), shall be paid no less than the same step of the range for the lower class as the step that the employee was on immediately prior to the promotion.

(c) The pay increase date for any person demoted shall be governed by the time-on-step requirement of the step to which appointed.

(d) An employee who takes a voluntary demotion may also receive a salary step increase on the same date if eligible for such an increase.

(e) The provisions of K.A.R. 1-5-10, rather than this regulation, shall apply when a former permanent employee who was separated from the service for more than 30 days is reinstated to a class with a lower salary range. (Authorized by K.S.A. 1987 Supp. 75-3747; implementing K.S.A. 75-2938; effective May 1, 1979; amended, T-81-14, June 12, 1980; amended May 1, 1981; amended May 1, 1983; amended, T-86-17, June 17, 1985; amended May 1, 1986; amended May 1, 1987; amended March 20, 1989.)

#### Article 6.—RECRUITING AND STAFFING

**1-6-24. Transfer.** (a) A program to provide employees with the opportunity to apply for and be considered for transfer to vacancies in agencies and geographic locations other than those in which they are currently employed shall be maintained by the director. That information shall be publicized on official bulletin boards and in appropriate personnel publications and materials.

(b) Any appointing authority may transfer any employee with permanent status in accordance with the following regulations:

(1) No permanent employee shall be transferred from a duty station in one county to a duty station in another county without the consent of the secretary of administration, unless the person being transferred has consented in writing to the transfer prior to being transferred.

(2) Any appointing authority may accept, by transfer, any permanent employee employed in another agency, if the employee consents to the transfer.

(3) Any permanent employee, or any employee serving a probationary period because of a promotion, may be transferred from a position in one class to a position in a different class if both positions are allocated to classes which are assigned to the same salary range, have a close similarity of duties, and have essentially the same qualifications, and if the employee meets the qualifications for the new class.

(4) Any permanent employee who is transferred from

one position to another position shall retain permanent status in the new position.

(c) Any appointing authority may transfer a probationary employee from one position in a class to another position in the same class in the agency. An appointing authority may accept, by transfer, a probationary employee employed in another agency, if the transfer is to a position in the same class and if the employee is agreeable. The probationary period of an employee transferred pursuant to this regulation shall be determined in accordance with K.A.R. 1-7-4.

(d) Any employee who has been appointed on a conditional basis may be transferred only with the approval of the director of personnel services, only within the employing agency, and only between positions in the same class.

(e) Except as provided in subsection (b)(1) above, approval of the employee shall not be required when a transfer within an agency is made pursuant to this regulation.

(f) Any employee in the unclassified service may be transferred to a permanent position in the classified service if the employee has been employed in a position in the unclassified service continuously for six months immediately prior to the transfer and if the employee meets the qualifications for the classified position. Time spent on a temporary appointment in the unclassified service that was made pursuant to K.S.A. 1987 Supp. 75-2935(1)(i) shall not count towards the six-month requirement. Each employee who is transferred from the unclassified service to a position in the classified service pursuant to the provisions of this subsection shall serve a probationary period of not less than three months and not more than six months. (Authorized by K.S.A. 1987 Supp. 75-3747; implementing K.S.A. 75-2947; K.S.A. 1987 Supp. 75-3746; effective May 1, 1979; amended May 1, 1981; amended May 1, 1983; amended May 1, 1984; amended March 20, 1989.)

(1) "Governor's trainee program" means a program to attract and utilize female, minority and handicapped persons in order to provide career development opportunities.

(2) "Underutilization" means a lower representation of females, minorities, handicapped persons in a class or EEO job category in an agency organizational unit's workforce or the agency's workforce than would be expected by their availability.

(3) "Director" means the director of the division of personnel services.

(4) Use of the governor's trainee program shall not result in the creation of additional positions.

(3) Governor's trainee program positions shall be created from vacancies arising out of attrition, vacancies created by the Legislature or vacancies created by actions taken pursuant to K.S.A. 75-2949.

(b) Each agency electing to fill a vacant position under the governor's trainee program shall first conduct an underutilization review to determine if underutilization exists in a class or EEO job category, or both, in the agency workforce or the agency organizational unit in which the vacancy exists.

(continued)

(c) The agency shall submit information to the director regarding the vacant position and the data used in determining underutilization. Upon verification of underutilization by the director, the agency shall be notified that the director has established a trainee classification and reallocated the position. The notice from the director shall also include a list of names in a relevant applicant pool, if one exists, and authorization for the agency to recruit persons who are members of the underutilized protected group or groups.

(d) Following the close of the application period, the agency shall select, on a competitive basis, in accordance with guidelines established by the director, an applicant who:

- (1) is a member of an underutilized protected group;
- (2) will not, at the time of appointment, meet the minimum qualifications for the regular class of the trainee position;
- (3) will be able to meet the minimum qualifications for appointment to the regular class within 24 months; and
- (4) is deemed qualified to satisfactorily perform the duties of the trainee position.

(e)(1) Upon selecting a trainee for the position, the agency shall submit:

(A) documentation that the trainee meets the requirements of subsection (d); and

(B) a copy of a proposed training and evaluation plan developed for the trainee that provides for regular assessments of the trainee's progress and communication of the assessments to the trainee.

(2) Upon approval of the training and evaluation plan by the director, the person shall be appointed to the governor's trainee position.

(f) Each person appointed to a position under the governor's trainee program shall be paid at two salary ranges lower than the range for the applicable regular class.

(g) The agency shall submit a progress report on each trainee to the director not less than once each six months the trainee is in training.

(h) Upon meeting the minimum qualifications for the applicable regular class, and a satisfactory performance of the job duties and responsibilities of the position, the trainee shall be appointed to the applicable regular class as a probationary employee. In no event shall the trainee be retained in a position under the governor's trainee program for less than six months or more than 24 months from the date of appointment.

(i) An individual appointed to a position under the governor's trainee program shall be eligible for the same rights and benefits as a person in probationary status on a regular classified position. If the appointment was a promotion or transfer from a state classified position in which the appointee held permanent status, rights normally associated with such promotion and transfer under K.A.R. 1-10-8 and 1-6-24 shall apply. If the appointment was a demotion from a state classified position in which the appointee held permanent status, the trainee shall not be granted permanent status in the trainee position but shall be accorded the right to a position in the class in which the employee held permanent status.
