Opinion No. 89-6

Contracts and Promises—Regulation of Pawnbrokers and Precious Metal Dealers—Report of Property Pledged or Purchased. Representative David J. Heinemann, 123rd District, Garden City, January 27, 1989.

Section 5-514 of the Dodge City Municipal Code prescribes that pawnbrokers shall obtain the right thumb print of any person pledging or selling personal property, except where the pawnbroker personally knows such person by correct name. In our opinion, this requirement does not violate the constitutional rights of the pawnbroker or his customers. Cited herein: K.S.A. 16-706; 16-715; U.S. Const., Fifth and Fourteenth Amend. TRH

Neither Kansas statutes nor the common law doctrine of incompatibility of offices precludes one person from holding the position of drainage district director simultaneously with that of state representative. Cited herein: K.S.A. 24-401. TRH

#### KANSAS INSURANCE DEPARTMENT

#### NOTICE OF HEARING ON PROPOSED ADMINISTRATIVE REGULATIONS

A public hearing will be conducted at 10 a.m. Monday, March 13, in the third floor conference room of the Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of proposed permanent regulations of the Kansas Insurance Department.

Copies of the full text of the regulations and the economic impact statements may be obtained by writing to the Commissioner of Insurance, 420 S.W. 9th, Topeka 66612. The following is a summary of the economic impact statements and the regulations:

40-1-28: Insurance holding companies; information required; disclaimer of affiliation; termination of registra-

tion; acquisition of control. This regulation relates to the National Association of Insurance Commissioners' Insurance Holding Company System Model Regulation. The proposed amendment is a technical correction to specify that 30 days is the maximum length of time that must elapse before an extension of time for filing information can be deemed granted by the commissioner.

40-1-34: Unfair claims settlement practices. The proposed amendments to this regulation are intended to clarify its application. Such clarification is particularly designed to address situations involving persons or entities to whom insurance benefits have been assigned; situations where claims have been approved but payment is withheld because of insurer attempts to negotiate discounts with persons or entities providing the service for which insurance benefits are payable; and to specifically note that section 9(a) of the NAIC model unfair claims settlement regulation applies to both first party and third party losses.

40-1-34a: Unfair claims settlement practices; after market parts; requirements; disclosure. This regulation consists of the proposed adoption of the National Association of Insurance Commissioners' After Market Parts Model Regulation.

40-1-37: Insurance companies; audited financial reports; filing requirements. This regulation would implement L. 1988, Ch. 150 (H.B. 2722), which authorizes the commissioner to require independent CPA audits of insurers et al.

40-2-12: Replacement of life insurance and annuities. The proposed amendment to this regulation requires insurers replacing one life insurance policy with another to give credit for any portion of a contestable period that has already been served under the replaced policy.

40-3-5. Fire and casualty insurance; rating organizations; filing of forms. The amendments to this regulation are simply editorial in nature and are needed for clarification.

40-3-44: Automobile insurance; underwriting information; restrictions. This proposed regulation would limit the use of information regarding motor vehicle convictions or traffic violations for underwriting purposes to the information required to be maintained by the Division of Vehicles.

40-4-35: Medicare supplement policies; minimum standards; requirements. This regulation proposes the adoption of the National Association of Insurance Commissioners' Model Regulation to Implement the NAIC Medicare Supplement Insurance Minimum Standards. This regulation is currently in effect on a temporary basis; however, the addition to Section 13 has been modified to require the availability of a buy-back of credit for any deductible, waiting periods, probationary periods and so forth. In addition, the permanent regulation will adopt Section 14 of the NAIC model as directed by the Health Care Financing Administration.

40-4-35a: Medicare supplement policies; P.L. 100-360, transitional requirements. This regulation consists of the proposed adoption of the National Association of Insurance Commissioners' Model Regulation to Implement Transitional Requirements for the conversion of Medicare supplement insurance and the conversion of t

plement insurance on a permanent basis.

40-4-38: Accident and health insurance policies; limited benefits; notice required. This regulation would require accident and sickness policies that provide limited benefits to include a notice advising the policyholders that the policy is a limited policy and should be read carefully.

40-5-108: Same; refunds. The amendment to this regulation is necessary to correct an error in its current language and intent regarding the calculation of the charge

for credit insurance.

40-7-7: Agents; procedure for obtaining licenses and company certification. The amendments to this regulation are necessary to bring it into conformity with the changes in the agents licensing laws that were incorporated in 1988 House Bill No. 3055.

40-7-11: Agents; cancellation of licenses or certification; procedure. This regulation has been amended to recognize that insurance agencies will be licensed on and after May 1, 1989, and that certification of such agencies will include certification of all agents in the agency.

40-7-13: Agents; scope, subclassification; type and conduct of examinations; re-examination. This regulation has been amended to incorporate May 1, 1989, as the beginning date for agents' licensing examination registration to have an effective life of 90 days.

40-7-20: This regulation is being revoked because the statutes regarding minimum education requirements for life and accident and health agents have been repealed.

40-7-20a: Agents; brokers; continuing education; approval of courses; requirements. This is a new regulation establishing criteria and requirements necessary to implement the insurance agents continuing education process established by 1988 House Bill No. 3126.

40-7-21: Agents; examination fee; amount. This regulation amends the fees to be charged for agents licensing examinations to correspond with the new examination system permitted by 1988 House Bill No. 3055.

None of these proposed regulations or amendments will have a significant measurable economic impact on the public, the Kansas Insurance Department or the insurance industry. However, any such impact will be reflected in the economic impact statement available for each of the proposals.

All interested parties may submit written comments prior to the hearing to the Commissioner of Insurance. The period of time between the date of publication of this notice and the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning March 1, 1990.

#### Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The district will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

#### Redemption of Bonds Prior to Maturity

At the option of the district, bonds maturing on September 1, 1997, and thereafter, will be subject to redemption and payment prior to maturity on September 1, 1996, and thereafter, in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate) at the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the district is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

(continued)

If the district shall elect to call any bond for redemption and payment prior to the maturity thereof, the district shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States registered or certified mail addressed to the registered owners of said bonds, to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

#### Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed the index of treasury bonds published by the weekly MuniWeek, f/k/a Credit Markets, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the district during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the district on the basis of such bid. Each bid shall also specify the average annual net interest rate to the district on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

#### Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the district, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the district. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the district shall determine which bid, if any, shall be accepted, and its determination shall be final.

#### Authorization, Purpose and Security for the Bonds

The bonds are being authorized and issued to permanently finance various improvements to the district's high school. The bonds will be general obligations of the district payable as to both principal and interest in part from ad valorem taxes which may be levied, without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the district.

#### Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the district which must be met subsequent to the issuance of the bonds by the district and, as a result, the district will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The district's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the district's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted net book income of certain corporations for taxable years beginning after December 31, 1986, and includes, through 1989, in the calculation of alternative minimum taxable income one-half of the excess of a corporation's adjusted net book income over its alternative minimum taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses). After 1989, the use of "book income" will be replaced by "adjusted current earnings," with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for a new environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax, which is effective for taxable years beginning after December 31, 1986, may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies, for taxable years beginning on or after January 1, 1987, to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on obligations after August 7, 1986.

With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds if such interest cost is incurred in taxable years ending after December 31, 1986, with respect to obligations acquired after August 7, 1986. The district does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

#### Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the district, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the district with the provisions of the resolution authorizing the issuance of the bonds and

the code, under existing law, the interest on the bonds is excludable from federal income taxation. Interest on the bonds will also be excludable from the computation of Kansas adjusted gross income for taxable years commencing after December 31, 1987.

#### **Delivery and Payment**

The district will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or prior to March 20, 1989, at such bank or trust company in the state of Kansas or greater metropolitan area of Kansas City, Missouri. Delivery elsewhere will be at the expense of the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the district. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the district and bond registrar not later than 4 p.m. C.S.T. on March 3, 1989. In the absence of such information, the district will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the district by 4 p.m. C.S.T. on March 3, 1989, a certificate acceptable to the district's bond counsel to the effect that: (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that: (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

#### Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$85,000, payable to the order of the district to secure the district from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the district until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall be returned to the successful bidder or deducted from the purchase price at the option of the district. If a bid is accepted but the district shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this

notice, the proceeds of such check shall be forfeited to the district with the district reserving the right to pursue any consequential damages arising from such default.

#### **CUSIP** Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the district.

#### **Bid Forms**

All bids must be made on forms which may be procured from the district clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The district reserves the right to waive irregularities and to reject any or all bids.

#### Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned district clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at 4th and Seneca Streets, P.O. Box 186, Leavenworth, KS 66048, and must be received by the undersigned prior to 7 p.m. C.S.T. on Wednesday, February 15, 1989.

#### Official Statement

Upon the sale of the bonds, the district will adopt an official statement in substantially the form as the preliminary official statement, subject to minor amendments and supplementation. Copies of the district's preliminary official statement relating to the bonds may be obtained from the district clerk or the district's financial advisor, Stifel, Nicolaus and Company, Inc., 111 S. Main, Wichita, KS 67202, 1-800-362-1167 or (316) 264-6321. Upon request, a reasonable number of copies of the official statement will be made available to the successful bidder without charge. Additional copies may be obtained at the expense of such bidder.

#### Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the district for the year 1988 is \$63,460,421. The total general obligation bonded indebtedness of the district as of the date of the bonds, including the bonds, is \$4,250,000.

#### Authorization, Purpose and Security for the Bonds

The bonds are being authorized and issued to permanently finance various improvements to the water and sewage system of the city. The bonds are payable solely from and secured as to the payment of principal and interest by a pledge of the revenues derived by the city from the operation of the water and sewage system, including revenues derived from extensions and improvements to the water and sewage system hereafter constructed or acquired by the city. The bonds do not constitute a general obligation of the city, nor do they constitute an indebtedness of the city within the meaning of any constitutional, statutory or charter provisions, limitations or restrictions.

The lien on water and sewage system revenues that secures the bonds is subordinate to the payment of the reasonable costs of operation and maintenance of the water and sewage system and to the lien securing the Series "A" 1970 and Series "B" 1972 bonds (the prior lien bonds) of the city. Pursuant to an escrow agreement dated as of November 1, 1984, the city has deposited with Security Bank of Kansas City, Kansas City, Kansas, direct obligations of the United States of America sufficient to pay the principal of and interest on the prior lien bonds. If at any time the payments from these escrowed securities are insufficient to pay the principal of and interest on the prior lien bonds, such insufficiency will be payable from the net operating revenues of the water and sewage system.

The bonds are being issued on a parity with the Water and Sewer Revenue Bonds, Series 1984 (the 1984 bonds), issued in the original principal amount of \$1,790,000. of which \$895,000 remain outstanding. The outstanding 1984 bonds will be defeased from other unencumbered and legally available funds of the city.

In the ordinance authorizing the issuance of the bonds, the city covenants to fix, establish, maintain and collect such rates, fees and charges for the use and services furnished by or through the water and sewage system, including all extensions and improvements thereto hereafter constructed or acquired by the city, as will produce revenues sufficient to enable the city to have in each fiscal year net operating revenues from the water and sewage system in an amount that will be not less than 125 percent of maximum annual debt service on all water and sewage system revenue bonds of the city at the time

In addition, all revenue bonds of the system will be

secured by a bond reserve account to be fully funded in the amount of \$109,500 from bond proceeds.

#### **Internal Revenue Code of 1986**

The Internal Revenue Code of 1986 imposes requirements on the city that must be met subsequent to the issuance of the bonds by the city and, as a result, the city will and does hereby covenant that it will diligently undertake those steps necessary to maintain the taxexempt status of the bonds. The city's failure to comply with such requirements could adversely affect the taxexempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the city's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted net book income of certain corporations for taxable years beginning after December 31, 1986, and includes, through 1989, in the calculation of alternative minimum taxable income one-half of the excess of a corporation's adjusted net book income over its alternative minimum taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses). After 1989, the use of "book income" will be replaced by "adjusted current earnings," with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for a new environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax, which is effective for taxable years beginning after December 31, 1986, may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies, for taxable years beginning on or after January 1, 1987, to reduce the amount of their deductible underwriting losses by a percentage of the amount of taxexempt interest received or accrued on obligations after August 7, 1986.

With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds if such interest cost is incurred in taxable years ending after December 31, 1986, with respect to obligations acquired after August 7, 1986. The city does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the city with the provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is exempt from federal income taxation. Interest on the bonds will also be excludable from the computation of Kansas adjusted gross income for taxable years commencing after December 31, 1987.

#### **Delivery and Payment**

The city will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or prior to March 15, 1989, at such bank or trust company in the state of Kansas or the greater Kansas City, Missouri, metropolitan area. Delivery elsewhere will be at the expense of the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the city. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar not later than 4 p.m. C.S.T. on February 22, 1989. In the absence of such information, the city will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the city by 4 p.m. C.S.T. on February 22, 1989, a certificate acceptable to the city's bond counsel to the effect that: (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that: (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

#### Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$21,900, payable to the order of the city to secure the city from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the city until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall be returned to the successful bidder or deducted from the purchase price at the option of the city. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check

shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the city with the city reserving the right to pursue any consequential damages arising from such default.

All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

#### **Bid Forms**
