State of Kansas**DEPARTMENT OF HEALTH
AND ENVIRONMENT****NOTICE OF INTENT TO DENY HAZARDOUS
WASTE DELISTING PETITION**

The Kansas Department of Health and Environment (KDHE) is again announcing its intent to deny a hazardous waste delisting petition currently held by Texaco Refining and Marketing, Inc., El Dorado. KDHE is also establishing a second public comment period on this action to specifically request comment on the appropriateness of the groundwater model used to evaluate Texaco's petition.

On March 31, 1988, KDHE first announced its intent to deny the hazardous waste delisting petition held by Texaco. In the first announcement, KDHE provided background information on Texaco's petition and a brief description of the procedures used to re-evaluate the petition. Public comment on this section was also requested.

Several comments were received. Most of these comments questioned KDHE's authority to re-evaluate Texaco's petition. The commenter claimed that KDHE did not have legal authority to require re-evaluation of Texaco's original petition. The commenter further claimed that KDHE's original approval was forever binding on KDHE.

KDHE has conducted a review of the Kansas hazardous waste statutes and regulations. By authority contained in K.S.A. 65-3431 and K.A.R. 28-31-3, KDHE does have the legal authority to adopt rules, regulations and standards for evaluation and re-evaluation of hazardous waste delisting petitions.

Comment was also received on KDHE's use of the Vertical Horizontal Spread (VHS) groundwater model to evaluate Texaco's petition. The comment received primarily took issue with the legal aspect of KDHE's use of the model. The commenter cited McLouth Steel Products Corp. v. Lee M. Thomas, et al. (D.C. Cir. #87-1049).

KDHE believes that this model, along with the EPA organic leachate model (OLM), represent a reasonable worst case waste disposal scenario for Texaco's waste, and that a reasonable worst case scenario is appropriate when evaluating whether a waste should be relieved of the protective constraints of the Kansas Hazardous Waste Management Act.

KDHE has reviewed the cited case and as a result is specifically requesting comment on the appropriateness of using the VHS groundwater model to evaluate Texaco's hazardous waste delisting petition #82-3. KDHE is also specifically requesting comment on the use of EPA's organic leachate model.

The public notice request for comments is being made in accordance with 40 CFR 260.20 as adopted by K.A.R. 28-31-3. A detailed explanation of the VHS groundwater models and the OLM is contained in the February 26, 1985, November 27, 1985, and the November 13, 1986 *Federal Registers*, page numbers 7882 to 7900, 48866 to 48967, and 41082 to 41103, respectively. Background information on the model's development, including definition of associated parameters, public comments received and EPA responses to these comments is also contained in the above *Federal Registers*.

The complete administrative record on this action is available for public review and comment until March 17 during normal business hours, 8 a.m. to 4:30 p.m. Monday through Friday, at the KDHE central office, Building 730, Forbes Field, Topeka; at the KDHE South Central district office, 3244 E. Douglas, Wichita; and at the U.S. EPA Region VII office, 726 Minnesota Ave., Kansas City, Kansas.

Comments or requests for additional information should be directed to John Paul Goetz, Chief, Hazardous Waste Section, Bureau of Waste Management, at the KDHE central office in Topeka, (913) 296-1607. Comments must be submitted by March 17.

**DEPARTMENT OF HEALTH
AND ENVIRONMENT****NOTICE OF REQUEST FOR
VARIANCE FROM HAZARDOUS
WASTE REGULATIONS**

The Kansas Department of Health and Environment (KDHE), Forbes Field, Topeka, is providing public notice that on December 8, 1988, Total Petroleum, Incorporated, 1400 S. M St., Arkansas City, submitted a request for a renewal of a variance from specific hazardous waste regulations. The current variance expires on February 1, 1989. The request for a variance was submitted in accordance with K.A.R. 28-31-13(a).

The variance is requested from K.A.R. 28-31-8, which adopts by reference 40 CFR 264.14(b)(2). This regulation requires the facility to have an artificial or natural barrier which completely surrounds the active portion of the facility and to have a means to control entry, at all times, through the gates or other entrances to the active portion of the facility.

Total Petroleum, Incorporated, has a permit to operate a hazardous waste disposal facility in Kansas. The hazardous waste disposal facility consists of a 3.85-acre land treatment area located entirely on refinery property. Wastes applied to the land treatment area consist primarily of slop oil solids and tank bottom sludges. Adequate access control is maintained by locked gates and a fence on three sides of the refinery and by the Walnut River on the fourth. Additionally, surveillance is maintained during regular working hours and periodically during other hours by the operations department.

KDHE has reviewed the variance request, visited the site, and concluded that the variance is justified. In accordance with K.A.R. 28-31-13(b), public notice is being provided of the decision to grant the variance.

In accordance with K.A.R. 28-31-13(b), public notice was provided that KDHE considered the request for a variance justified and made a tentative decision to grant the variance. A public comment period to receive comments regarding this tentative decision was established between January 12, 1989, and February 11, 1989. No public comments regarding this decision were received.

In accordance with K.A.R. 28-31-13(b), KDHE is announcing its decision to approve the request for a variance and not to include any special conditions. The variance shall become effective on February 1, 1989, and shall remain in effect until February 1, 1994.

**DEPARTMENT OF HEALTH
AND ENVIRONMENT****NOTICE OF HEARING**

A public hearing will be conducted at 7:30 p.m. Tuesday, March 7, by the Kansas Department of Health and Environment (KDHE), Bureau of Air Quality and Radiation Control (BAQRC), at the Black and Gold Room in the Fort Hays State University Union, Hays, to consider the issuance of a permit under the provisions of Kansas administrative regulations for air pollution control to the Yuasa-Exide Corp. (Exide) for the installation and operation of a lead-acid battery manufacturing facility. This facility will occupy the property formerly owned by Travenol Laboratories, Inc., One Exide Road, Hays.

The BAQRC has evaluated the air emission estimates for this facility and has determined that the facility can be expected to comply with the lead emission limitations of K.A.R. 28-19-129, Standards of Performance for Lead-Acid Battery Manufacturing Plants. The BAQRC has also conducted air pollutant dispersion modeling studies of the lead air emissions estimated to be emitted from the facility. These studies have shown that the national ambient air quality standard (NAAQS) for lead will not be adversely impacted by this facility operating continuously and at the stated battery production rate.

The complete administrative record for this proposed permit is available for public inspection through March 17 by contacting Richard Robinson at the BAQRC office, 2301 E. 13th, Hays; and at the BAQRC office, Building 740, Forbes Field, Topeka. Questions pertaining to this proposed permit should be directed to L. C. Hinthner at the BAQRC office in Topeka, (913) 296-1576.

All interested parties may submit relevant written comments prior to the public hearing by addressing them to the Secretary of Health and Environment, Landon State Office Building, 900 S.W. Jackson, Topeka 66612. Interested parties also will be given a reasonable opportunity during the public hearing to present relevant verbal comments. In order to give all parties an opportunity to present their verbal comments, the hearing officer may limit the time period of individual comments.

All written and verbal comments received will be considered by the Secretary of Health and Environment before a final decision on the issuance of the permit is made.

NOTICE CONCERNING KANSAS
WATER POLLUTION CONTROL PERMIT

The rules and regulations for the "Lotto America" game are contained in K.A.R. 111-5-9 through 111-5-20. (Authorized by and implementing K.S.A. 1988 Supp. 74-8710; effective T-89-4, Jan. 21, 1988; amended T-111-1-27-89, Jan. 26, 1989.)

111-5-10. Definitions. The following definitions shall apply to the "Lotto America" game:

(a) "Retailer" or "agent" means a person or entity authorized by the Kansas lottery to sell lottery tickets.

(b) "Game ticket" or "ticket" means a computer generated ticket issued by a terminal to a person as a receipt for the combination a person has selected.

(c) "Terminal" means a device authorized by the Kansas lottery to function in an on-line, interactive mode with the lottery's computer system for the purpose of issuing lottery tickets; and entering, receiving and processing lottery transactions; validating tickets; and transmitting reports.

(d) "Drawing" means the formal process of selecting winning numbers which determine the number of winners for each prize level of the game.

(e) "Computer pick" means the random selection by the computer system of six different two-digit numbers from one (01) through 54 which appear on a ticket and are played by a player in the game.

(f) "Game board" or "boards" means that area of the play slip which contains 54 squares, numbered one through 40.

(g) "Lotto" means a lottery game in which each player selects a group of numbers out of a larger predetermined set of numbers. A player wins a prize if four, five or six of the numbers selected by the player match the randomly drawn numbers in a drawing conducted by the Multi-State Lottery Association (MUSL).

(h) "Play" means the six different numbers from one

through 54 which appear on a ticket as a single lettered selection and are to be played by a player in the game.

(i) "Play slip" means a card used in marking a player's game plays and containing one or more boards.

(j) "Winning combination" or "winning numbers" means the six numbers between one and 54 randomly selected in a drawing which shall be used to determine winning plays contained on a game ticket.

(b) A "Lotto America" game ticket shall sell for one dollar.

(c) Tickets shall not be sold to any person under the age of 18 years. Each retailer may require a person purchasing tickets to produce proof of age.

(2) marking six numbered squares in any one game board on a play slip and submitting the play slip to the retailer; or

(3) requesting a "computer pick" from the retailer. The retailer shall then issue a ticket from the terminal containing the selected set or sets of numbers, each of which constitutes a game play.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The district will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

Redemption of Bonds Prior to Maturity

At the option of the district, bonds maturing on October 1, 1999, and thereafter, will be subject to redemption and payment prior to maturity on October 1, 1998, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the district is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the district shall elect to call any bond for redemption and payment prior to the maturity thereof, the district shall give written notice of its intention to redeem and

pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States registered or certified mail addressed to the registered owners of said bonds, to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. No interest rate shall exceed the index of treasury bonds published by the weekly *MuniWeek*, f/k/a *Credit Markets*, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the district during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the district on the basis of such bid. Each bid shall also specify the average annual net interest rate to the district on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the district, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the district. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the district shall determine which bid, if any, shall be accepted, and its determination shall be final.

Authorization, Purpose and Security for the Bonds

The bonds are being authorized and issued pursuant to K.S.A. 72-6761 and K.S.A. 12-5401 *et seq.*, all as amended, to permanently finance part of the cost of constructing, furnishing and equipping certain buildings to be used for school purposes and to finance other various improvements to certain buildings used for school purposes. The bonds will be general obligations of the district payable as to both principal and interest from ad valorem taxes which may be levied without limitation upon all the taxable tangible property, real and personal, within the territorial limits of the district.

(continued)

Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the district which must be met subsequent to the issuance of the bonds by the district and, as a result, the district will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The district's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the district's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted net book income of certain corporations for taxable years beginning after December 31, 1986, and includes, through 1989, in the calculation of alternative minimum taxable income one-half of the excess of a corporation's adjusted net book income over its alternative minimum taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses). After 1989, the use of "book income" will be replaced by "adjusted current earnings," with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization act of 1986, provides for a new environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax, which is effective for taxable years beginning after December 31, 1986, may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies, for taxable years beginning on or after January 1, 1987, to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on obligations acquired after August 7, 1986.

With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds if such interest cost is incurred in taxable years ending after December 31, 1986, with respect to obligations acquired after August 7, 1986. The district does not intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, a partner in Bennett, Lytle, Wetzler, Winn, Martin & Wolfe, whose approving legal opinion as to the validity of the bonds will be furnished and paid for the district, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the district with the

provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is exempt from federal income taxation.

Delivery and Payment

The district will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or prior to March 21, 1989, at such bank or trust company in the state of Kansas; Kansas City, Missouri; Chicago, Illinois; or New York, New York, as may be specified by the successful bidder. Delivery elsewhere shall be at the expense of said bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the district. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the district and bond registrar not later than 3 p.m. C.S.T. on March 6, 1989. In the absence of such information, the district will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the district by 3 p.m. C.S.T. on March 6, 1989, a certificate acceptable to the district's bond counsel to the effect that: (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that: (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$300,000, payable to the order of the district to secure the district from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the district until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall be returned to the successful bidder or deducted from the purchase price at the option of the district. If a bid is accepted but the district shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to

the district with the district reserving the right to pursue any other remedies available because of such default.

CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of the pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the district.

Bond Ratings

The outstanding general obligation bonds of the district are rated "AA" by Moody's Investor Service and "AA" by Standard and Poor's Corporation, and the district has applied for rating on the bonds herein offered for sale.

Bid Forms

All bids must be made on forms which may be procured from the office of the associate superintendent for business. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The district reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids.

Bids must be submitted in sealed envelopes addressed to the undersigned associate superintendent for business and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at the administrative offices and must be received by the undersigned prior to 11 a.m. C.S.T. on Monday, February 27, 1989.

Official Statement

Upon the sale of the bonds, the district will adopt an official statement in substantially the form as the preliminary official statement, subject to minor amendments and supplementation. Copies of the district's preliminary official statement relating to the bonds may be obtained from the associate superintendent for business or the district's financial advisor, Investment Bankers of Kansas City, 1101 Walnut, Suite 900, Kansas City, MO 64106, (816) 421-4440. Upon request, a reasonable number of copies of the official statement will be made available to the successful bidder without charge. Additional copies may be obtained at the expense of such bidder.
