KANSAS INSURANCE DEPARTMENT

NOTICE OF HEARING

A formal hearing will be conducted at 10 a.m. Tuesday, June 13, in the offices of the Kansas Commissioner of Insurance, 420 S.W. 9th, Topeka, to determine whether the application for the proposed acquisition of control of Cimarron Life Insurance Company, Prairie Village, by United Trust Assurance Company, Springfield, Illinois, should be approved by the Commissioner of Insurance in accordance with the provisions of K.S.A. 40-3301 *et seq.*

All interested parties may attend and will be given the opportunity to hear the details of the proposed acquisition, to present either oral or written testimony in favor of or in opposition to the transaction, and to ask any questions relative to the acquisition.

FLETCHER BELL
 Commissioner of Insurance

Doc. No. 007910

State of Kansas
KANSAS INSURANCE DEPARTMENT

NOTICE OF HEARING
ON PROPOSED
ADMINISTRATIVE REGULATIONS

A public hearing will be conducted at 10 a.m. Monday, July 3, in the third floor conference room of the Kansas Insurance Department, 420 S.W. 9th, Topeka, to consider the adoption of proposed regulations of the Kansas Insurance Department.

Copies of the full text of the regulations and the economic impact statements may be obtained by writing to the Commissioner of Insurance, 420 S.W. 9th, Topeka 66612. The following is a summary of the economic impact statements and the regulations:

40-3-42: This proposed permanent regulation is designed to add specificity to the nature and kinds of rebates, inducements and favors persons involved in the title insurance business are prohibited from giving or receiving pursuant to K.S.A. 40-2404(14).

Since this regulation imposes no restriction or prohibition that is not already construed as a defined unfair and deceptive act or practice, it should have no economic impact on title insurance consumers, the title insurance industry or the Insurance Department.

40-3-43: This proposed temporary and permanent regulation is intended to add consistency to the administration and application of the new statutory language enacted by 1989 House Bill No. 2502, which imposes certain restrictions and requirements on title insurance agents, agencies and insurers. Specifically, the regulation defines some of the more significant terms to add clarity and enable all persons affected by or interested in the 1989 legislation to draw the same basic meaning from the language.

Based on testimony presented during legislative consideration of 1989 House Bill No. 2502, the legislation may have an economic impact on some title insurance companies, agents and agencies. However, this impact would flow from the legislation as opposed to the proposed regulation. It will have no economic impact on the general public or the Insurance Department.

All interested parties may submit written comments prior to the hearing to the Commissioner of Insurance at the address above. The period of time between the date of publication of this notice and the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing.

FLETCHER BELL
 Commissioner of Insurance

The meeting is open to the public.

RAY D. SIEHNDEL
Acting Secretary of Human Resources

Doc. No. 007926

State of Kansas

DEPARTMENT OF HUMAN RESOURCES**NOTICE CONCERNING JOB SERVICE
SUBSTATE RESOURCE DISTRIBUTION**

The state of Kansas, Department of Human Resources, Job Service, has received the final allotment of resources for operation of program year 1989. The allotment figures given to Kansas by the Secretary of Labor total \$6,745,972. In compliance with federal regulations, Job Service is announcing the substate resource distribution plan. Resources will be distributed to the five service delivery areas for field utilization by a resource allocation formula that includes demographic and productivity factors.

The formula utilizes five basic criteria:

1. Total population by service delivery area (1980 Census);
2. New applications and renewals by SDA;
3. Placements 150 days and over by SDA;
4. Placements under 150 days by SDA; and
5. Obtained employment by SDA.

Items 2, 3, and 4 are obtained from ESARS (Employment Security Automated Reporting System) Table A-22, and Item 5 is taken from the ESARS (Employment Security Automated Reporting System) 22-B report. The formula is computed each year after January and the data is drawn only from the months of February, May, August and November of the preceding calendar year. For ex-

ample, the formula computed for use in 1989 is based on the calendar 1988 statistics.

The formula is divided into two parts. The first part is weighted as two-thirds of the total formula, and is composed of the first two criteria; total population represents two-thirds of this part and new applications and renewals is weighted as one-third.

The second part of the formula is weighted as one-third of the total formula, and is composed of the third, fourth and fifth criteria; placements 150 days and over is 70 percent of this part of the formula, while placements under 150 days and obtained employment are each weighted 15 percent.

After computation is completed on each of the two parts, the results are combined utilizing the two-thirds and one-third weight of each of the two parts.

Program year 1989 distributions are as follows:

PY 1989 Substate Allocations

Total State Allocation		\$6,745,972
Total State Administration		\$ 607,137
Total SDA Allocation		\$6,138,835
SDA I	25.18	\$1,545,758
SDA II	20.49	\$1,257,847
SDA III	21.07	\$1,293,453
SDA IV	20.71	\$1,271,353
SDA V	12.55	\$ 770,424

Plans for the utilization of these resources are being developed in conjunction with the five service delivery areas' private industry councils. These plans and the resource allocation formula criteria are now available for public review and comment.

Review or comment may be accomplished by contacting the following Department of Human Resources' secretary's representatives:

SDAs I, II and III	Cora Johnson Department of Human Resources 128 N. Santa Fe, Suite 2A Salina, KS 67401 (913) 827-0543
SDAs IV and V	Fred Johnson Wichita Employment and Training Office 402 E. 2nd P.O. Box 877 Wichita, KS 67201-0877 (913) 266-8600

If uncertain of your service delivery area designation, contact the nearest Job Service office.

Written comments and/or complaints should be sent to the secretary's representative responsible for the respective service delivery area within 30 days.

Complaints on resource distribution will be reviewed by the secretary's representative responsible for the respective service delivery area within five working days of receipt. If the complaint cannot be resolved within the five-day period, it will be forwarded to the Secretary of Human Resources, who will resolve the complaint within 10 working days of receipt. The secretary's decision will be final and not subject to appeal.

Barber—281-4 K-3483-01—U.S. 281, approximately 1.5 miles east of Hardtner, 0.2 mile, grading and surfacing. (State Funds)

Butler—196-8 K-3457-01—K-196, Walnut River Drive bridge 64, 0.4 mile east of I-35, bridge repair. (State Funds)

Reno—14-78 X-1360-02—K-14, Atchison, Topeka and Santa Fe Railway crossing of K-14 near Abbyville, grading and surfacing. (Federal Funds)

Sedgwick—87 U-1140-01—37th Street; Woodlawn to Rock Road in Wichita, 0.9 mile, grading and surfacing. (Federal Funds)

Sumner—96 C-1789-01—County road, 1.5 miles south and 4.1 miles east of Wellington, then east, 0.2 mile, bridge replacement. (Federal Funds)

DISTRICT SIX—Southwest

Finney—156-28 U-1205-01—U.S. 156, Kansas and Center; Kansas and 3rd in Garden City, traffic signal. (Federal Funds)

Grant—160-34 X-1364-02—U.S. 160, Atchison, Topeka and Santa Fe Railway crossing of U.S. 160 near Hickok, grading and surfacing. (Federal Funds)

Ness—283-68 X-1365-02—U.S. 283, Missouri Pacific crossing of U.S. 283 near Ransom, grading and surfacing. (Federal Funds)

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment, and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap, or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a

person who is authorized by the laws of the state to administer oaths. The required form of the affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid-approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the K.D.O.T. district office responsible for the work.

HORACE B. EDWARDS
Secretary of Transportation

Doc. No. 007886

State of Kansas
KANSAS RACING COMMISSION

NOTICE OF HEARING
ON PROPOSED PERMANENT
ADMINISTRATIVE REGULATIONS

A public hearing will be conducted at 9 a.m. Friday, July 7, in the training room, 2nd floor, 128 N. Kansas Ave., Topeka, to consider the adoption of proposed permanent regulations of the Kansas Racing Commission. This 30-day notice is to constitute a public comment period for the purpose of receiving written public comments on these proposed regulations.

A copy of the full text of the regulations and the economic impact statement may be reviewed or obtained at the commission office, 128 N. Kansas Ave., Topeka. The following is a summary of the regulations.

K.A.R. 112-12-2 through K.A.R. 112-12-13 include the requirements for registration of horses to participate in the Kansas Horse Breeding Development Fund, which is a registry of horses and a system by which the owners of Kansas-bred sires and dams of foals registered who win races in Kansas receive stallion and mare awards from the fund. Owners of Kansas-bred horses winning certain races in Kansas may receive purse supplements from the fund. The purpose of this set of regulations is to enhance and encourage the horse breeding industry in Kansas and to provide monies for equine research through institutions of higher education under the State Board of Regents.

The economic impact of this set of regulations affects the horse owners who pay a commission-approved fee to the registry that is part of this program and a second fee to certify their stallions and mares as qualified to participate as breeding stock eligible to receive awards from the fund. The fees are used solely to support the administrative costs of the registry and certification service. The development fund is created from the breakage and unclaimed winning tickets of races conducted at Kansas-licensed horse racetracks, estimated nationally at 1.3 percent of the total annual handle, a term earning the total amount of money handled as parimutuel wagers.

JIMMY D. GRENZ
Executive Director

Doc. No. 007925

State of Kansas
STATE BANK COMMISSIONER
STATE BANKING BOARD

NOTICE OF HEARING
ON PROPOSED
ADMINISTRATIVE REGULATIONS

The State Banking Board will meet at 9:30 a.m. Monday, July 17, in the conference room of the State Banking Department, Suite 300, 700 S.W. Jackson, Topeka. The scheduled agenda includes:

- Reports by State Bank Commissioner.
- Public hearing concerning proposed temporary administrative regulations to become effective September 1, 1989. The summary and economic impact statement developed for the set of related regulations are set forth below.
- Adoption of proposed temporary regulations.
- Other items as necessary.

The proposed regulations establish guidelines for the establishment of bank subsidiaries to engage in securities activities. The regulations address the following:

1. 17-19-1, Organization and application approval.
Economic Impact: None
2. 17-19-2, Registration and licensing of subsidiary, violations of federal or state law and regulations and examination of subsidiary.
Economic Impact: None
3. 17-19-3, parent bank leasing space to subsidiary; employees of subsidiary and office location.
Economic Impact: None
4. 17-19-4, Parent bank's investment in subsidiary.
Economic Impact: None

A complete copy of the proposed regulations and the economic impact statement may be obtained prior to July 17 by contacting Jennifer Luginsland, 3rd Floor, Jayhawk Tower, 700 Jackson, Topeka 66603, (913) 296-2266. This 30-day notice of hearing is for the purpose of receiving comments concerning the proposed regulations. Written comments may be submitted prior to July 17 to W. Newton Male, State Bank Commissioner, at the address above.

Interested persons will be given reasonable opportunity at the hearing to present their views and arguments on the adoption of the proposed regulations. Presentations should be in writing whenever possible.

NOTICE CONCERNING KANSAS WATER POLLUTION CONTROL PERMIT

In accordance with state regulations 28-16-57 through 63 and 28-18-1 through 4, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, tentative permits have been prepared for the water pollution abatement facilities for the feedlots described below. The tentative determinations for permit content are based on preliminary staff review, applying the appropriate standards and regulations of the state of Kansas and the EPA. The permit requires control of any existing or potential discharges to achieve the goal of "no discharge" whenever possible. The permit, upon issuance, will constitute a state water pollution control and national pollutant discharge elimination system permit.

Name and Address of Applicant	Legal Description	Receiving Water
Circle Feeders P.O. Box 1255 Garden City, KS 67846	NW/4, Section 27, Township 24S, Range 33W, Finney County, Kansas	Upper Arkansas River Basin

Kansas Permit No. A-UAFI-C015 Fed. Permit No. KS-0079901
The feedlot has capacity for approximately 12,000 cattle and a contributing drainage area of approximately 42 acres.

Runoff Control Facilities: Feedlot runoff is impounded for subsequent disposal upon agricultural land. Storage capabilities are provided in excess of 14.05 acre-feet.

Compliance Schedule: None, existing controls adequate.

Name and Address of Applicant	Legal Description	Receiving Water
Cutler Cattle, Inc. Route 3 Scott City, KS 67871	SE/4, Section 11, Township 18S, Range 33W, Scott County, Kansas	Upper Arkansas River Basin

Kansas Permit No. A-UASC-C011 Fed. Permit No. KS-0116289
The feedlot has capacity for approximately 4,000 cattle and a contributing drainage area of approximately 20.2 acres.

Runoff Control Facilities: Feedlot runoff is impounded for subsequent disposal upon agricultural land. Storage capabilities are provided in excess of 6.6 acre-feet.

Compliance Schedule: None, existing controls adequate.

Written comments on the proposed NPDES permits may be submitted to Bethel Spotts, Permit Clerk, Permits and Compliance Section, Kansas Department of Health and Environment, Division of Environment, Bureau of Water Protection, Forbes Field, Topeka 66620. All comments received prior to June 30 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate application number (KS-AG-89-15/16) and name of applicant as listed when preparing comments.

If no objections are received, the Secretary of Health and Environment will issue the final determinations within 30 days of this notice. If response to this notice indicates significant public interest, a public hearing may be held in conformance with state regulation 28-16-61.

The application, proposed permit, special conditions, fact sheets as appropriate, comments received, and other information are on file and may be inspected at the Kansas Department of Health and Environment offices, Building

(continued)

740, Forbes Field, Topeka, from 8 a.m. to 4:30 p.m. Monday through Friday.

The documents are available upon request at the copying cost assessed by KDHE. Additional copies of this public notice also may be obtained at the Division of Environment.

(Published in the Kansas Register, June 1, 1989.)

SUMMARY NOTICE OF BOND SALE
Unified School District 260

Sedgwick County, Kansas (Derby)

General Obligation Capital Outlay Bonds, Series 1989

(general obligation bonds payable from unlimited ad valorem taxes)

Sealed Bids

Subject to the notice of bond sale and preliminary official statement dated June 1, 1989, sealed bids will be received by the clerk of Unified School District 260, Sedgwick County, Kansas (Derby), on behalf of the Board of Education at the office of the Board of Education, 120 E. Washington, Derby, KS 67037, until 4 p.m. C.D.T. on Monday, June 12, 1989, for the purchase of \$2,250,000 principal amount of General Obligation Capital Outlay Bonds, Series 1989. No bid of less than the entire par value of the bonds and accrued interest thereon to the date of delivery will be considered.

Bond Details

The bonds will consist of fully registered bonds in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated June 1, 1989, and will become due serially on November 1 and May 1 in the years as follows:

Maturity Date	Principal Amount
November 1, 1989	\$220,000
May 1, 1990	225,000
November 1, 1990	230,000
May 1, 1991	240,000
November 1, 1991	250,000
May 1, 1992	260,000
November 1, 1992	265,000
May 1, 1993	275,000
November 1, 1993	285,000

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on November 1 and May 1 in each year, beginning on November 1, 1989.

Paying Agent and Bond Registrar

Kansas State Treasurer, Topeka, Kansas.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$45,000 (2 percent of the principal amount of the bonds).

Delivery

The district will pay for printing the bonds and will

deliver the same properly prepared, executed and registered without cost to the successful bidder on or before June 30, 1989, at such bank or trust company in the state of Kansas or Kansas City, Missouri, as may be specified by the successful bidder.

Assessed Valuation and Indebtedness

The equalized assessed tangible valuation for computation of bonded debt limitations for the year 1988 is \$180,224,529. The total general obligation indebtedness of the district as of the date of the bonds, including the bonds being sold, is \$2,250,000.

Approval of Bonds

The bonds will be sold subject to the legal opinion of Gilmore & Bell, Wichita, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the district, printed on the bonds and delivered to the successful bidder as and when the bonds are delivered.

Additional Information

Additional information regarding the bonds may be obtained from the clerk, Peggy Bieberle, Unified School District 260, Sedgwick County, Kansas (Derby) 67037, (316) 788-2877.

The bonds will bear interest from the date thereof at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on May 1 and November 1 in each year, beginning on May 1, 1990.

Paying Agent and Bond Registrar
 Kansas State Treasurer, Topeka, Kansas.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$4,608.73 (2 percent of the principal amount of the bonds).

Delivery

The county will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or before July 1, 1989, at such bank or trust company in the state of Kansas or Kansas City, Missouri, as may be specified by the successful bidder.

Assessed Valuation and Indebtedness

The equalized assessed tangible valuation for computation of bonded debt limitations for the year 1989 is \$293,771,306. The total general obligation indebtedness of the county as of the date of the bonds, including the bonds being sold, is \$4,900,032.37.

Approval of Bonds

The bonds will be sold subject to the legal opinion of Gilmore & Bell, Wichita, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the county, printed on the bonds and delivered to the successful bidder as and when the bonds are delivered.

Additional Information

Additional information regarding the bonds may be obtained from the county clerk, Jerry M. Franklin, County Courthouse, Reno County, KS 67501, (316) 665-2931.

NOTICE OF BOND SALE
\$5,000,000

Coffey County, Kansas
General Obligation Bonds
Series 1989

(Diversified Health Project)

Sealed Bids

Sealed bids for the purchase of \$5,000,000 principal amount of General Obligation Bonds, Series 1989 (Diversified Health Project), of the county hereinafter described, will be received by the undersigned county clerk of Coffey County, Kansas, on behalf of the governing body of the county at the Coffey County Courthouse, Burlington, Coffey County, Kansas, until 10 a.m. C.D.T. on Monday, June 12, 1989. All bids will be publicly opened and read at said time and place and will be acted upon by the county immediately thereafter. No oral or auction bids will be considered.

Bond Details

The bonds will consist of fully registered bonds without coupons in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated June 1, 1989, and will become due serially on September 1 in the years as follows:

Year	Principal Amount
1990	\$1,000,000
1991	1,000,000
1992	1,000,000
1993	1,000,000
1994	1,000,000

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 1990.

(continued)

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The county will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

Redemption of Bonds Prior to Maturity

The bonds are not subject to redemption and payment prior to maturity.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rates specified shall be a multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. No interest rate shall exceed the index of treasury bonds published by the weekly *Muni Week*, formerly known as *Credit Markets*, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the county during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the county on the basis of such bid. Each bid shall also specify the average annual net interest rate to the county on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the county, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the county. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the county shall determine which bid, if any, shall be accepted, and its determination shall be final.

Authorization, Purpose and Security for the Bonds

The bonds are being issued pursuant to the home rule authority granted counties in the state of Kansas under K.S.A. 19-101a. The principal of the interest on the bonds is a general obligation of the county, and if not paid from other legally available and unencumbered funds of the county, is payable from ad valorem taxes which may be levied, without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the county.

The proceeds of the bonds are being used to finance the county's acquisition of approximately 40 acres of land and the construction and installation of a manufacturing facility thereon (the project) (collectively, the land and the project are the "facility"). The facility will be leased to Diversified Health Companies, Inc., an Oklahoma corporation authorized to transact business in the state of Kansas (the tenant), pursuant to a lease agreement dated as of September 26, 1988, and executed by and between the county and the tenant (the lease).

Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the county and the tenant that must be met subsequent to the issuance of the bonds by both the county and the tenant. The failure of the county or the tenant to comply with such requirements could adversely affect the tax-exempt status of the bonds. The bonds will constitute private activity bonds in accordance with Section 141 of the code. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the county or tenant's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

In the opinion of Nichols and Wolfe Chartered, bond counsel, under laws, regulations, rulings and judicial decision existing as of the date hereof, and assuming continued compliance by the county and the tenant with the terms of the bond resolution and the lease, a tax matters certificate to be executed by both the county and the tenant and the other documents arising from the issuance of the bonds (collectively the financing documents), the interest on the bonds is not includible in gross income for federal income tax purposes, except that such exclusion does not apply with respect to interest on any bond for any period during which such bond is held by a person who is a "substantial user" of the facility to be financed with the proceeds of the bonds or a "related person" within the meaning of Section 147(a) of the code. However, certain owners of the bonds are subject to the following tax law consequences:

(A) Interest on the bonds is a tax preference item for purposes of the computation of the alternative minimum tax applicable to individuals and corporations for taxable years beginning after December 31, 1986.

(B) Banks and thrift institutions are unable to deduct any portion of the interest cost allocable to purchasing or carrying tax-exempt obligations, including the bonds, if such interest costs are incurred in taxable years ending after December 31, 1986.

(C) Property and casualty insurance companies are required for taxable years beginning after December 31,

1986, to reduce the amount of their deductible underwriting losses by 15 percent of the amount of tax-exempt interest received or accrued on tax-exempt obligations, including the bonds. If the amount of this reduction exceeds the amount otherwise deductible as losses incurred, such excess is includible in income.

(D) Interest on the bonds will be included in the adjusted net book income of certain corporations for taxable years 1987, 1988, and 1989, and such corporations are required to include in the calculation of alternative minimum taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses). For taxable years beginning after 1989, the use of "book income" is to be replaced with the concept of "adjusted current earnings." For such taxable years, the alternative minimum taxable income of certain corporations must be increased by 75 percent of the excess of such corporation's adjusted current earnings over its alternative minimum taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses).

(E) Certain recipients of Social Security benefits are required to include a portion of such benefits within gross income by reason of receipt of interest on tax-exempt obligations, including the bonds.

(F) Interest on certain tax-exempt obligations, including the bonds, is a factor in calculating an environmental tax imposed on corporations by Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, effective for taxable years beginning after December 31, 1986, and ending for taxable years beginning after December 31, 1991. The amount of this environmental tax is equal to 0.12 percent of the excess of the alternative minimum taxable income (determined without regard to net operating losses and the deduction for the environmental tax) over \$2 million. This tax is imposed whether or not the taxpayer is subject to alternative minimum tax but is deductible from gross income.

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the county, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the county and the tenant with the provisions of the resolution authorizing the issuance of the bonds, the financing documents, and the code, under existing law, the interest on the bonds is excludible from federal income taxation. Bond counsel has no obligation to ensure or monitor such compliance.

Interest on the bonds will also be excludible from the computation of Kansas adjusted gross income for taxable years commencing after December 31, 1987.

Delivery and Payment

The county will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or prior to July 12, 1989, at such bank or trust company in the state of Kansas or greater Kansas City, Missouri, metropolitan area, as may be specified by the successful bid-

der. Delivery elsewhere will be at the expense of the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the county. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the county and bond registrar not later than 4 p.m. C.D.T. on June 23, 1989. In the absence of such information, the county will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the county by 4 p.m. C.D.T. on June 23, 1989, a certificate acceptable to the county's bond counsel to the effect that: (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that: (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$100,000, payable to the order of the county to secure the county from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the county until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall be returned to the successful bidder or deducted from the purchase price at the option of the county. If a bid is accepted but the county shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited by the bidder to the county and the county may pursue any damages suffered as a result of such default.

CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to

(continued)

the assignment and printing of CUSIP numbers on the bonds will be paid by the county.

Bid Forms

All bids must be made on forms which may be procured from the county clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The county reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned county clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at Coffey County Courthouse and must be received by the undersigned prior to 10 a.m. C.D.T. on Monday, June 12, 1989.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the county for the year 1988 is \$527,939,862. The total general obligation bonded indebtedness of the county as of the date of the bonds, including the bonds, is \$8,955,000, including, as of the date of the bonds, temporary notes outstanding in the principal amount of \$3,000,000, of which, \$3,000,000 will be retired out of the proceeds of the bonds herein offered for sale. Dated May 22, 1989.

Doc. No. 007923

(Published in the *Kansas Register*, June 1, 1989.)

NOTICE OF BOND SALE \$225,000

City of LaCygne, Kansas
General Obligation Bonds
Series A, 1989

(Main Trafficway Improvements)

Sealed Bids

Sealed bids for the purchase of \$225,000 principal amount of General Obligation Bonds, Series A, 1989 (Main Trafficway Improvements), of the city hereinafter described, will be received by the undersigned, city clerk of the city of LaCygne, Kansas, on behalf of the governing body of the city at City Hall, LaCygne, Kansas, until 7:30 p.m. on June 15, 1989. All bids will be publicly opened and read at said time and place and will be acted upon by the city immediately thereafter. No oral or auction bids will be considered.

Bond Details

The bonds will consist of fully registered bonds without coupons in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated June 1, 1989, and will become due serially on December 1 in the years as follows:

Year	Principal Amount
1990	\$10,000
1991	20,000
1992	20,000
1993	20,000
1994	20,000
1995	25,000
1996	25,000
1997	25,000
1998	30,000
1999	30,000

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on June 1 and December 1 in each year, beginning on June 1, 1990.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

Redemption of Bonds Prior to Maturity

At the option of the city, bonds maturing on December 1, 1995, and thereafter, will be subject to redemption and payment prior to maturity on December 1, 1994, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at 102 percent of the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the city is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the city shall elect to call any bond for redemption and payment prior to the maturity thereof, the city shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States registered or certified mail addressed to the

registered owners of said bonds, to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinafter specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. No interest rate shall exceed the index of treasury bonds published by the weekly *Muni Week, f/k/a Credit Markets*, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the city during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid. Each bid shall also specify the average annual net interest rate to the city on the basis on such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the city shall determine which bid, if any, shall be accepted, and its determination shall be final.

Authorization, Purpose and Security for the Bonds

The bonds are being authorized and issued to permanently finance improvements to main trafficways in the city. The bonds will be general obligations of the city payable as to both principal and interest from ad valorem taxes which may be levied without limitation upon all the taxable tangible property, real and personal, within the territorial limits of the city.

Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the city which must be met subsequent to the issuance of the bonds by the city and as a result, the city will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The city's failure to comply with such requirements could adversely affect the tax-

exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the city's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted net book income of certain corporations for taxable years beginning after December 31, 1986, and includes, through 1989, in the calculation of alternative minimum taxable income one-half of the excess of a corporation's adjusted net book income over its alternative minimum taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses). After 1989, the use of "book income" will be replaced by "adjusted current earnings," with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for a new environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to the net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax, which is effective for taxable years beginning after December 31, 1986, may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies, for taxable years beginning on or after January 1, 1987, to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on obligations acquired after August 7, 1986.

With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds if such interest cost is incurred in taxable years ending after December 31, 1986, with respect to obligations acquired after August 7, 1986. The city intends to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the city with the provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is exempt from federal income taxation. Interest on the bonds will also be excluded from the computation of Kansas' adjusted gross income for taxable years commencing after December 31, 1987.

(continued)

Delivery and Payment

The city will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or prior to June 30, 1989, at such bank or trust company in the contiguous United States of America as may be specified by the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the city. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar not later than 4:30 p.m. C.D.T. on June 26, 1989. In the absence of such information, the city will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the city by 5 p.m. C.D.T. on July 10, 1989, a certificate acceptable to the city's bond counsel to the effect that: (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that: (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$4,500, payable to the order of the city to secure the city from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the city until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall be returned to the successful bidder or deducted from the purchase price at the option of the city. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be retained by the city as and for liquidated damages.

CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall con-

stitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

Bid Forms

All bids must be made on forms that may be procured from the city clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of a bid. The city reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at City Hall and must be received by the undersigned prior to 7:30 p.m. C.D.T. on Thursday, June 15, 1989.

Official Statement

Upon the sale of the bonds, the city will adopt an official statement in substantially the form as the preliminary official statement, subject to minor amendments and supplementation. Copies of the city's preliminary official statement relating to the bonds may be obtained from the city clerk or the city's financial advisor, Mid-Continent Investments, Inc., 333 Century Plaza, Wichita, KS 67202, (316) 262-5161. Upon request, a reasonable number of copies of the official statement will be made available to the successful bidder without charge. Additional copies may be obtained at the expense of such bidder.

Assessed Valuation and Bonded Indebtedness

The total assessed valuation of the taxable tangible property within the city for the year 1989 is \$2,589,195. The total general obligation bonded indebtedness of the city as of the date of the bonds, including the bonds, is \$360,000, as described in the city's preliminary official statement relating to said bonds, copies of which may be obtained from the city clerk or the financial advisor. In accordance with the financial advisor's agreement with the city, the financial advisor *will not* be submitting a bid or participating in a group submitting a bid for the purchase of the bonds.

Dated May 25, 1989.

Doc. No. 007931

State of Kansas**DEPARTMENT OF HEALTH
AND ENVIRONMENT****PERMANENT ADMINISTRATIVE
REGULATIONS****Article 39.—LICENSURE OF ADULT CARE HOMES****28-39-87. Health services; nursing services standard.**

(a) Each facility shall provide programs and personnel to meet the nursing needs of the residents.

(b) Supervision.

(1) Skilled nursing home facilities. Immediate supervision of the nursing services staff shall be provided by a director of nursing services who is employed, full time, on the day shift. If the director of nursing services has other institutional responsibilities, a registered nurse shall be designated to serve as the assistant to the director and to act on behalf of the director during the director's absence.

(2) Intermediate nursing care facilities. Immediate supervision of the nursing services staff shall be provided by a health services supervisor who is employed, full time, on the day shift. If the health services supervisor has other institutional responsibilities, a licensed nurse shall be designated to serve as the assistant to the supervisor and to act on behalf of the supervisor during the supervisor's absence. When a licensed practical nurse serves as health services supervisor in an intermediate care facility, the facility shall arrange scheduled consultations with a registered nurse. The consultant shall assist in setting standards of nursing practice and in nursing staff development and shall provide consultation regarding nursing functions. The consultations shall take place in the facility and shall be provided for a minimum of four hours per week, during periods when the health services supervisor is on duty.

(3) At least two nursing personnel shall be on duty at all times in each facility. Effective October 1, 1990, a licensed nurse shall be on duty in accordance with the code of federal regulations, 42 CFR 483.30(a)(2), as published in the Federal Register, Vol. 54, No. 21, Thursday, February 2, 1989. Facilities certified only as intermediate care facilities for mental health may substitute a licensed mental health technician for the required licensed nurse, except as required by subsection (b)(2). An intermediate nursing care facility shall have on duty a medication aide whenever a licensed nurse is not on duty.

(4) The health services supervisor or director of nursing services shall have written administrative authority over, and responsibility and accountability for, the functions and activities of the nursing services staff.

(c) Staffing. Each facility shall employ qualified personnel to ensure that resident needs are met 24 hours a day. The following staffing requirements shall be met:

(1) Each facility shall provide, for each nursing unit, a registered nurse or licensed practical nurse on the day shift, seven days a week. The health services supervisor may be included to meet this requirement. In intermediate nursing care facilities, a licensed nurse shall be on call for emergencies at any time when a licensed nurse

(continued)

is not on duty in the facility. In skilled nursing home facilities, a licensed nurse shall be on duty at all times for each nursing unit. A registered nurse shall be on duty during the day shift, seven days a week. If a licensed practical nurse is the only licensed nurse on duty during the evening or night shift, a registered nurse shall be on call to assist if necessary.

(2) Nursing personnel shall be assigned duties consistent with their education and experience. Each nurse aide trainee who provides direct, individual care to residents shall be under the direct, onsite supervision of a licensed nurse. Each nurse aide trainee shall complete requirements to be a nurse aide within six months of employment. Nursing personnel shall not be assigned housekeeping duties.

(3) Direct care personnel shall wear identification badges to distinguish among the different levels of staffing as follows:

(A) Each trainee enrolled in part I of the training program shall wear a badge imprinted with name and title "trainee: level I."

(B) Each trainee who has completed part I of the training program shall wear a badge imprinted with name and the title "trainee: level II."

(C) Each person who has completed the requirements for certification shall wear a badge imprinted with name and the title "nurse aide."

(D) Each aide certified to pass medications shall wear a badge imprinted with name and the title "medication aide."

(E) Each licensed practical nurse shall wear a badge imprinted with name and the letters "LPN."

(F) Each professional nurse shall wear a badge imprinted with name and the letters "RN."

(4) Each staffing schedule shall be maintained and kept on file in the facility for 12 months and shall include the hours actually worked and the classification of nursing personnel who work in each nursing unit on each shift.

(5) Personnel shall be immediately accessible to all residents to assure prompt, necessary action in case of injury, illness, fire, or other emergency.

(6) Direct, individual resident care shall be provided by nursing personnel, the activities director, and the social services designee in accordance with the following minimum requirements per resident per 24-hour period:

(A) Skilled nursing home facilities: For each nursing unit, a weekly average of 2.0 hours per resident per 24 hours and a daily average per nursing unit of no fewer than 1.85 hours during any 24-hour period.

(B) Intermediate nursing care facilities: For each nursing unit, a weekly average of 1.75 hours per resident per 24 hours and a daily average per nursing unit of no fewer than 1.60 hours.

(7) The ratio of nursing personnel to residents per nursing unit shall never be fewer than one nursing staff member for each 30 residents or for each fraction of that number of residents.

(8) The licensing agency may require an increase in the number of nursing personnel above minimum levels, under certain circumstances, which may include location of residents, locations of nurses' stations, and the knowledge that residents' needs for welfare, health, and safety are not being met.

(d) Charge person. At all times there shall be a charge person, designated by the health services supervisor or director of nursing, who shall be responsible for supervision of all nursing activities in the facility during the assigned shift. The health services supervisor or director of nursing may serve as a charge person in facilities with average daily occupancies of 60 residents or fewer.

(e) Restraints. There shall be a signed physician's order for any restraint, including justification, type of restraint, and duration of application. A resident shall not be restrained unless, in the written opinion of the attending physician, it is required to prevent injury to the resident or to others and alternative measures have failed. Physical restraints shall be released and the resident exercised and toileted at least every two hours. Restraints shall be monitored no less than once each 30 minutes.

(f) Resident care and hygiene. The facility shall provide supportive services to maintain the residents' comfort and hygiene as follows:

(1) Residents confined to bed shall receive a complete bath every other day or more often as needed.

(2) Incontinent residents shall be checked at least every two hours and shall be given partial baths and clean linens promptly when the bed or clothing is soiled.

(3) Pads shall be used to keep the resident dry and comfortable.

(4) Rubber, plastic, or other types of protectors shall be kept clean, completely covered, and not in direct contact with the resident.

(5) Soiled linen and clothing shall be removed immediately from the resident's room to prevent odors.

(6) There shall be available fresh water for all residents. For all nonambulatory residents, fresh water or other fluids shall be available at the bedside at all times unless fluids are restricted by physician's order.

(7) Residents shall be assisted with oral hygiene to keep mouth, teeth, or dentures clean. Measures shall be taken to prevent dry, cracked lips.

(8) There shall be a written ongoing program for skin care implemented as follows:

(A) Heels, elbows, back, other bony prominences and weight-bearing parts shall be bathed and given care frequently to prevent discomfort and the development of pressure sores.

(B) Treatment for pressure sores shall be given according to written physician's orders.

(C) The position of residents confined to bed shall be changed at least every two hours during the day and night.

(D) Residents shall be positioned in good body alignment.

(E) Precautions shall be taken to prevent food drop in bed residents.

(g) Oxygen.

(1) Precautions shall be taken during administration of oxygen in the facility to ensure the safety of residents and staff.

(2) Oxygen shall be administered only upon the written order of the attending physician.

(3) The health services supervisor or director of nursing shall be responsible for ensuring that the staff administering oxygen are trained and competent to do so and that equipment is properly functioning.

(4) Oxygen shall be administered in private or semi-private rooms only.

(5) A sign shall be posted on the corridor side of the door which reads "oxygen—no smoking."

(6) Before oxygen is put into use, all smoking materials, matches, lighters, or any item capable of causing a spark or flame shall be removed from the room.

(7) Oxygen containers shall be anchored to prevent them from tipping or falling over.

(h) Supervision of resident nutrition.

(1) Nursing personnel shall monitor food and fluid intake of residents and shall assist, when necessary, in the feeding of residents.

(2) Procedures shall be established to inform the dietetic services department of physicians' diet orders and of residents' dietetic problems.

(3) Food and fluid intake of residents shall be observed, recorded, and reported to the charge nurse.

(i) Restorative nursing care.

(1) The facility shall have a written program of restorative nursing care which shall be an integral part of nursing services. The written program shall be directed toward assisting the resident to achieve and maintain an optimal level of self-care and independence.

(2) There shall be evidence of regular staff development training sessions, for all nursing personnel, in restorative nursing techniques to promote ambulation, to aide in activities of daily living, to assist in activities, to assist in bladder and bowel retraining, to encourage self-help, to promote the maintenance of normal range of motion, to ensure correct chair and bed positioning, and to prevent or reduce incontinence.

(3) Written records shall be maintained regarding all restorative nursing services performed. (Authorized by and implementing K.S.A. 39-932; effective May 1, 1982; amended May 1, 1984; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended July 17, 1989.)

Doc. No. 007903

State of Kansas EMERGENCY MEDICAL SERVICES BOARD

PERMANENT ADMINISTRATIVE REGULATIONS

Article 1.—DEFINITIONS

109-1-1. Definitions. The following words and phrases shall have the following meanings as used in these regulations.

(a) "Emergency care" means the services provided after the onset of a medical condition manifested by acute symptoms of sufficient severity that the absence of immediate medical attention could reasonably be expected to:

- (1) Place the patient's health in serious jeopardy;
- (2) seriously impair bodily functions; or

(3) result in serious dysfunction of any bodily organ or part.

(b) "Public call" means the request for first response service to the original scene of a medical emergency or accident by an individual or agency other than:

(1) A type I or type II ambulance service;

(2) the Kansas highway patrol at the scene of an accident or medical emergency; or

(3) persons licensed to practice medicine and surgery who are at the scene of an accident or medical emergency.

(c) "Aeromedical physician" means a person licensed to practice medicine and surgery who is trained and experienced in emergency, trauma or sub-specialty critical care medicine and is knowledgeable in altitude physiology.

(d) "Continuing education" means a formally organized learning experience that has education as its explicit principal intent, and that is oriented towards the enhancement of emergency medical services practice, values, skills, and knowledge.

(e) "Prior-approved continuing education" means:

(1) Single program material submitted by a provider to the board that is reviewed and subsequently approved by the board in accordance with criteria established by the board, and assigned a continuing education number;

(2) any continuing education offered by a provider with approved-provider status; or

(3) academic emergency medical services courses taken for credit or audited.

(f) "Retroactively-approved continuing education" means material submitted for continuing education credit by the attendant after attending the workshop, conference, seminar, or other offering that is reviewed and subsequently approved by the administrator in accordance with criteria established by the board.

(g) "Providers of continuing education" means individuals, groups, professional associations, schools, institutions, organizations or agencies approved by the board to offer continuing education programs on either approved-provider status or single program-provider status.

(h) "Approved-provider status" means the provider has been approved by the board to provide any continuing education program. Approved-provider status may be granted for a one-year probationary period to new applicants. After completion of the probationary year, approved-providers may reapply for approval biennially.

(i) "Single program-provider status" means the provider has been granted approval to offer a specific continuing education program.

(j) "Training officer" means a person who has been approved by the board as a single program provider. Training officer approval by the board shall be contingent upon successful annual completion of a training officer program approved by the board.

(k) "Unprofessional conduct," as used in K.A.R. 65-4324 (b) (8) means the following:

(1) Performing acts beyond the activities authorized for the level at which the individual is certified;

(2) failing to take appropriate action to safeguard the patient;

(3) inaccurately recording, falsifying or altering a patient's or agency's record;

(continued)

(4) committing any act of verbally or physically abusing patients;

(5) violating the confidentiality of information or knowledge concerning the patient;

(6) diverting drugs, supplies or property of patients or the agency;

(7) violating K.S.A. 8-1566 or 8-1567; or

(8) providing patient care while under the influence of alcohol or other habit forming drugs.

(1) "Incompetence" as used in K.S.A. 65-6132 (a) (3) means the operator has demonstrated an inability to provide the level of service required for the class of permit held.

(m) "Imcompetence" as used in K.S.A. 65-6133 (a) (3) means either of the following:

(1) The instructor-coordinator has demonstrated an inability to maintain the requirements prescribed in Kansas administrative regulations; or

(2) The attendant has demonstrated an inability to perform the activities authorized for the level of certification held.

(n) "Incompetence" as used in K.S.A. 65-6146 (a) (3) means the first responder has demonstrated an inability to perform the activities authorized in K.S.A. 65-6144.

(o) "Type I ambulance service" means a service which provides emergency response and is staffed by mobile intensive care technicians.

(p) "Type II ambulance service" means a service which provides emergency response and is staffed by emergency medical technicians, emergency medical technicians-intermediate, or emergency medical technicians-defibrillator.

(q) "Type IV ambulance service" means a service which provides scheduled medical transfers and is staffed by emergency medical technicians.

(r) "Type V ambulance service" means a service which provides advanced life support and is staffed by physicians, registered nurses or mobile intensive care technicians.

(s) "Type I-A ambulance service" means a service which provides scheduled advanced life support air transportation and is staffed by mobile intensive care technicians.

(t) "Type IV-A ambulance service" means a service which provides scheduled basic life support air transportation and is staffed by emergency medical technicians. (Authorized by K.S.A. 1988 Supp. 65-6110; implementing K.S.A. 1988 Supp. 65-6110, 65-6111, 65-6132, 65-6133; effective May 1, 1985; amended May 1, 1986; amended, T-88-12, May 18, 1987; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended July 17, 1989.)

Article 2.—AMBULANCE SERVICES; PERMITS AND REGULATIONS

109-2-1. Service director. Every ambulance service that has a permit issued by the state of Kansas shall designate a person whom the board of emergency medical services can contact regarding permit and regulatory matters. This person shall be the individual who is responsible for the operation of the ambulance service. (Authorized by 1988 Supp. 65-6110; implementing K.S.A. 1988 Supp. 65-6127; effective May 1, 1985; amended July 17, 1989.)

109-2-2. Application for permit and permit renewal.

(a) Each application for a permit shall be submitted to the administrator.

(b) Each application for renewal of a permit shall be provided to the administrator no later than 60 days prior to expiration of the permit.

(c) If the application is incomplete, the administrator shall notify the applicant as to what additional information is necessary. If the applicant has not responded within 30 days of the request for additional information, the administrator may notify the applicant that the application is considered withdrawn.

(d) Each applicant shall apply for only one permit for each ambulance service the applicant operates. That permit shall indicate the level of service for which the permit is issued. (Authorized by K.S.A. 1988 Supp. 65-6110, implementing K.S.A. 1988 Supp. 65-6127; effective May 1, 1985; amended July 17, 1989.)

109-2-4. Display of permit. Each ambulance service that has a permit issued by the state of Kansas shall prominently display the permit in its place of business and shall maintain copies of the certificates and renewal cards of certified attendants. Each ambulance vehicle operated by an ambulance service that has been issued a permit shall have the vehicle license prominently displayed in the patient compartment. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective May 1, 1985; amended July 17, 1989.)

109-2-5. Service permit. Each operator and attendant shall comply with the following requirements:

(a) Each service in a county which has been assigned to the emergency medical services communications system by the board and that operates vehicles which are required to have direct, two-way radio communications shall fully participate in the operation and maintenance of that communications system; and

(b) firearms shall not be worn or carried aboard an ambulance vehicle within the state while the ambulance vehicle is operating in any patient transport function. This prohibition shall apply whether the firearms are concealed or visible. However, the prohibition shall not apply to law enforcement officers as defined in K.S.A. 1988 Supp. 74-5602.

(c) Sanitation requirements.

(1) Smoking shall be prohibited in the patient and driver compartments at all times.

(2) The interior of the ambulance and the equipment within the ambulance shall be sanitary and maintained in good working order at all times, except when the vehicle has been placed "out of service."

(3) The ambulance equipment shall be constructed of smooth and easily cleanable materials.

(4) Freshly laundered linen or disposable linen shall be used on cots and pillows and linen shall be changed after each patient is transported.

(5) Clean linen storage shall be provided on each ambulance.

(6) Pillows and mattresses shall be kept clean and in good repair.

(7) Closable containers shall be provided for soiled supplies.

(8) The exterior of the ambulance shall be kept clean.

(9) Blankets and hand towels used in the ambulance shall be clean.

(10) Implements inserted into the patient's nose or mouth shall be properly stored and handled. Such implements shall be maintained in a sanitary condition.

(11) When an ambulance has been utilized to transport a patient known to the operator to have an infectious disease, the ambulance shall be cleaned and all contact surfaces shall be washed with soap and water and disinfected. The mattresses, pillows and blankets shall be cleaned in the same manner. The ambulance shall be placed "out of service" until a thorough cleansing is conducted.

(d) All equipment in the patient compartment shall be placed in cabinets or securely restrained while the vehicle is in motion.

(e) All ground ambulances shall receive a mechanical and safety inspection annually prior to November 1. A report of the inspection results shall be made on forms provided by the administrator. All deficiencies determined by the inspection shall be corrected prior to submitting the inspection form.

(f) The mechanical and safety inspection form shall be submitted to the board of emergency medical services with the application for ambulance vehicle licensure or renewal.

(g) All ground vehicles shall be parked in a completely enclosed building with interior heating to at least 50 degrees fahrenheit.

(h) When a vehicle is temporarily out of service, the service operator may apply to the administrator for a temporary license for a vehicle approved by the board. The vehicle shall meet all staffing and equipment requirements for the license type requested. This temporary license shall be valid for 30 days but may be renewed one time by the administrator. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective May 1, 1985; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended July 17, 1989.)

109-2-6. Classes of ambulance service. Permits shall be issued for three classes of ambulance service. These classes shall be known as type I, type II, type V. (a) Each type I service shall:

(1) Provide advanced life support capability as described in K.S.A. 65-4306;

(2) have at least one licensed vehicle which meets all requirements of K.A.R. 109-2-7 (a). Each type I service may also operate type II and IV vehicles as described in K.A.R. 109-2-7 (b), and (c);

(3) maintain a staff of currently certified mobile intensive care technicians and emergency medical technicians which is adequate to meet all requirements of K.A.R. 109-2-7 (a); and

(4) have a method of receiving calls and dispatching vehicles which ensures that a vehicle leaves the station within an annual average of five minutes of the time the call is received.

(b) Each type II service shall:

(1) Provide the level of treatment that currently certified emergency medical technicians are authorized to perform;

(2) Have at least one vehicle licensed which meets all

requirements of K.A.R. 109-2-7 (b). Each type II service may also operate type IV vehicles as described in K.A.R. 109-2-7 (c);

(3) Maintain a staff of currently certified emergency medical technicians which is adequate to meet all requirements of K.A.R. 109-2-7 (b); and

(4) Have a method of receiving calls and dispatching vehicles which ensures that a vehicle leaves the station within an annual average of five minutes of the time the call is received.

(c) Each type II service may provide emergency medical technician-defibrillator and emergency medical technician-intermediate authorized activities, and cardiac monitoring when approved by the service medical adviser.

(d) Each type V service shall:

(1) Provide advanced life support capability to critically ill or injured patients while under the care of a physician. Each type V service shall not be subject to public call as defined in K.A.R. 109-1-1 (b).

(2) Have at least one vehicle licensed which meets all requirements of K.A.R. 109-2-7 (d). Each type V service shall license only type V vehicles;

(3) Have a staff which is adequate to provide the level of care described in paragraph (1) of this subsection;

(4) Have a method of receiving and transferring calls that ensures that any emergency calls are immediately and properly relayed to the nearest emergency service and that the person making the call is informed; and

(5) Be operated only by a licensed hospital. (Authorized by K.S.A. 1988 Supp. 65-6110, implementing K.S.A. 1988 Supp. 65-6110 and 65-6135; effective May 1, 1985; amended May 1, 1987; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended July 17, 1989.)

109-2-7. Classes of ambulance vehicles. Licenses shall be issued for three classes of ambulance vehicles in the state. These classes shall be known as type I, type II, and type V. Each ambulance vehicle operated by a service that has been issued a permit shall be licensed in accordance with the provisions set forth in these regulations. (a) Each type I vehicle shall be:

(1) Equipped to provide emergency care as described in K.S.A. 1988 Supp. 65-6119;

(2) in compliance with all vehicle specifications and equipment requirements set forth in K.A.R. 109-2-8 (a), (b), (c), (d), and (f); and

(3) staffed with at least two attendants during patient transport, including at least one currently certified mobile intensive care technician. The second attendant may be either a currently certified emergency medical technician, emergency medical technician-intermediate, emergency medical technician-defibrillator, or mobile intensive care technician.

(b) Each type II vehicle shall be:

(1) In compliance with the vehicle specifications and equipment requirements set forth in K.A.R. 109-2-8 (a), (b), (c), and (d); and

(2) staffed with at least one currently certified emergency medical technician and one other person trained in cardiopulmonary resuscitation and first aid care approved by the board. An emergency medical technician, emergency medical technician-intermediate or emergency

(continued)

medical technician-defibrillator shall be in the patient compartment during patient transport.

(c) Each type V vehicle shall be:

(1) Dedicated for ambulance use and in compliance with the provisions of K.A.R. 109-2-11 or 109-2-12; and

(2) staffed with a driver or pilot and at least two attendants, one of whom shall be a licensed physician, a registered nurse, or a certified mobile intensive care technician. The second attendant shall be a licensed physician, a registered nurse, a certified mobile intensive care technician or a registered respiratory therapist. All attendants shall be certified in advanced cardiac life support. (Authorized by K.S.A. 1988 Supp. 65-6110 implementing K.S.A. 1988 Supp. 65-6110 and 65-6135; effective May 1, 1985; amended May 1, 1987; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended July 17, 1989.)

109-2-8. Standards for ambulance vehicles and equipment. Each licensed vehicle shall meet the vehicle and equipment standards that are applicable to that class of vehicle. (a) Vehicle specifications for type I and type II vehicles.

(1) The overall size of the vehicle shall not exceed the following specifications:

- (A) Height: 110 inches;
- (B) width: 96 inches; and
- (C) length: 22 feet.

(2) The patient compartment size shall meet or exceed the following specifications:

- (A) Headroom: 60 inches; and
- (B) length: 116 inches.

(3) The heating and cooling systems for the patient and the driver compartments shall be separate. The air conditioners for each compartment shall have separate evaporators.

(4) The ventilation systems of the driver and patient compartments shall provide a complete change of ambient air within each compartment every two minutes. Ventilation shall be separately controlled within each compartment. Fresh air intakes shall be located in the most practical, contaminant-free air space on the vehicle. The patient compartment shall be ventilated through the heating and cooling systems.

(5) The normal white illumination in all patient areas shall be at least 15-foot candle intensity as measured all along the center line of the clear floor with the doors open and all ambient light obliterated. The patient compartment lighting system shall also be capable of providing at least 40-foot candle intensity when measured at any point on top of the cots. A reduced lighting level shall also be provided. A patient compartment light and stepwell light shall be automatically activated by opening the entrance doors. Interior light fixtures shall be recessed and shall protrude not more than 1 1/2 inches.

(6) Each vehicle shall have a minimum of dual 80 amp/hr batteries and a 105 amp alternator. All conversion equipment shall have individual fusing which is separate from the chassis fuse system.

(7) Each vehicle shall have lights and sirens as required by the Kansas department of transportation for authorized emergency vehicles.

(8) Each vehicle shall have an exterior patient loading light over the door which shall be activated both by an

inside manual switch and automatically when the door is opened.

(b) Each type I, type II, and type V vehicle shall be equipped with direct, two-way radio communications capability for dispatch and for patient condition reports to a hospital. This radio system shall conform to 47 CFR part 90, in effect as of October 3, 1980, and K.A.R. 109-2-5 (a).

(c) Each licensed vehicle shall be equipped with the following:

(1) A Halon or ABC fire extinguisher with a minimum of five pounds of dry chemical. The extinguisher shall be in the driver compartment, and shall be easily accessible from an outside door;

(2) A Halon, a CO₂ (minimum of five pounds) or ABC fire extinguisher (minimum of five pounds dry chemical) in the patient compartment, or an ABC fire extinguisher (minimum of five pounds dry chemical) in an outside compartment. The fire extinguisher shall be easily accessible to an attendant;

(3) three self-standing triangular reflectors;

(4) one battery-operated hand lantern with a power source of at least six volts;

(5) one four-wheeled elevating head cot with two or more levels;

(6) one urinal;

(7) one bedpan;

(8) one emesis basin;

(9) one complete change of linen;

(10) two blankets;

(11) one waterproof cot cover;

(12) two plastic bags; and

(13) a "no-smoking" sign posted in the patient and driver compartments.

(d) Each licensed type I, and type II vehicle shall be equipped with the following:

(1) Internal medical systems which include:

(A) An internal oxygen system with at least one duplex outlet at the head of the patient litter, with a humidifier, and with a minimum of 3,000 liters of storage capacity. The cylinder shall be in a compartment which is vented to the outside. The pressure gauge and regulator shall be visible when sitting in the attendant's seat. The control valve shall be readily accessible to the attendant; and

(B) an electrically-powered suction aspirator system with an airflow of at least 30 liters per minute and a vacuum of at least 300 millimeters of mercury. The unit shall be equipped with large bore, non-kinking suction tubing and semi-rigid, non-metallic, oropharyngeal suction tip. Any vehicle licensed prior to January 1, 1980 may use engine vacuum suction if the vehicle has been continuously licensed by the same operator.

(2) Medical equipment which includes:

(A) A portable oxygen unit of at least 300 liter storage capacity complete with yoke, pressure gauge, flowmeter, delivery tube and adult oxygen mask. The unit shall be readily accessible from an outside door;

(B) a portable, self-contained battery or manual suction aspirator with an airflow of a least 30 liters per minute and a vacuum of at least 300 millimeters of mercury. The unit shall be fitted with large bore, non-kinking suction tubing and semi-rigid, non-metallic, oropharyngeal suction tip;

(C) a hand-operated, adult bag-mask ventilation unit. The unit shall be capable of use with the oxygen supply;

(D) a hand-operated, pediatric bag-mask ventilation unit. The unit shall be capable of use with the oxygen supply;

(E) oxygen masks in adult, pediatric and infant sizes;

(F) nasal cannulas;

(G) oropharyngeal airways in adult, pediatric and infant sizes;

(H) a poison antidote kit;

(I) a blood pressure manometer, adult and pediatric cuffs and stethoscope;

(J) an obstetric kit;

(K) two burn sheets;

(L) two large trauma dressings;

(M) ten gauze pads four inches by four inches;

(N) two vaseline gauze pads;

(O) four soft roller self-adhering type bandages;

(P) two rolls of adhesive tape with a minimum width of 1 1/2 inches;

(Q) bandage shears;

(R) sterile water;

(S) sterile saline; and

(T) adult medical anti-shock trousers.

(3) Patient handling equipment and splinting equipment which includes:

(A) A long spine board (complete with accessories);

(B) a short spine board (complete with accessories);

(C) a set of extremity splints (one arm, one leg);

(D) a lower extremity traction splint (with accessories);

(E) a bite stick (padded tongue blade);

(F) three cervical collars (range of sizes); and

(G) two sand bags (approximately four inches by twelve inches)

(4) extrication equipment, which includes:

(A) one 10-inch adjustable open end wrench;

(B) one 12-inch screwdriver with a flat blade;

(C) one 12-inch screwdriver with a phillips blade;

(D) one hacksaw with six blades;

(E) one hammer (minimum of four pound head);

(F) one pair of 10-inch, vise-grip pliers;

(G) one wrecking bar (minimum 24 inches); and

(H) one pry bar (minimum 48 inches) or a K-bar-tool or equivalent.

If the service operator can demonstrate to the satisfaction of the administrator that a fully equipped rescue vehicle is immediately available to the service, the listed extrication equipment need not be carried.

(4) Twenty numbered patient identification tags as prescribed by the board.

(e) Each vehicle operated by a Type II service that provides activities authorized for emergency medical technicians-defibrillator or emergency medical technicians-intermediate shall be equipped for those activities.

(f) All licensed type I vehicles shall be equipped with the equipment necessary to provide the level of care described in K.S.A. 1986 Supp. 65-4306, including:

(1) pediatric or down-sizeable medical anti-shock trousers;

(2) a monitor/defibrillator;

(3) a drug supply as listed in service protocols;

(4) macro-drip and micro-drip administration sets;

(5) IV solutions in plastic bags or plastic bottles as listed in service protocols;

(6) assorted syringes and 14-22 gauge needles;

(7) endotracheal tubes;

(8) laryngoscope with adult and pediatric blades; and

(9) pediatric lower extremity traction splint. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective May 1, 1985; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended July 17, 1989.)

109-2-9. Waiver requests. Requests for a waiver of these regulations may be sent to the board of emergency medical services. The administrator shall make investigations and recommendations to the board as appropriate. A waiver of any requirement may be granted by the board for a period not to exceed 12 months. A waiver may be renewed by the board. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective May 1, 1985; amended July 17, 1989.)

109-2-10. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective May 1, 1987; revoked July 17, 1989.)

109-2-11. Standards for ambulance vehicles and equipment. Each licensed vehicle shall meet the vehicle and equipment standards which are applicable to that class of vehicle. (a) Vehicle specifications for type V ground vehicles.

(1) The patient compartment size shall meet or exceed the following minimum specifications:

(A) Headroom: 60 inches; and

(B) Length: 116 inches.

(C) The heating and cooling systems for the patient and the driver compartments shall be separate. The air conditioners for each compartment shall have separate evaporators.

(3) The ventilation systems of the driver and patient compartments shall provide a complete change of ambient air within each compartment every two minutes. Ventilation shall be separately controlled within each compartment. Fresh air intakes shall be located in the most practical, contaminant-free air space on the vehicle. The patient compartment shall be ventilated through the heating and cooling systems.

(4) The normal white illumination in all patient areas shall be at least 15-foot candle intensity as measured all along the center line of the clear floor with the doors open and all ambient light obliterated. The patient compartment lighting system shall also be capable of providing at least 40-foot candle intensity when measured at any point on top of the cots. A reduced lighting level shall also be provided. A patient compartment light and stepwell light shall be automatically activated by opening the entrance doors. Interior light fixtures shall be recessed and shall protrude not more than 1 1/2 inches.

(5) Each vehicle shall have a minimum of dual 80-amp/hr batteries and a 105-amp alternator. All conversion equipment shall have individual fusing which is separate from the chassis fuse system. Each vehicle shall have a 110-volt power source adequate to power all equipment which may be carried.

(6) Each vehicle shall have lights and sirens as required

(continued)

by the Kansas department of transportation for authorized emergency vehicles.

(7) Each vehicle shall have an exterior patient loading light over the door which shall be activated both by an inside manual switch and automatically when the door is opened.

(b) Each type V vehicle shall be equipped with direct, two-way radio communications capability for dispatch and for patient condition reports to a hospital. This radio system shall conform to 47 CFR part 90, in effect as of October 1, 1986, and K.A.R. 109-2-5 (a).

(c) Each licensed type V ground vehicle shall be equipped with the following:

(1) A Halon or ABC fire extinguisher with a minimum of five pounds of dry chemical. The extinguisher shall be in the driver compartment, and shall be easily accessible from an outside door;

(2) A Halon, CO₂ or ABC fire extinguisher in the patient compartment, or an ABC fire extinguisher in an outside compartment. The fire extinguisher shall contain a minimum of five pounds of CO₂ or dry chemical. The fire extinguisher shall be easily accessible to an attendant;

(3) Three self-standing triangular reflectors;

(4) One battery-operated hand lantern with a power source of at least six volts;

(5) One four-wheeled elevating head cot with two or more levels or an isolette;

(6) One urinal;

(7) One bedpan;

(8) One emesis basin;

(9) One complete change of linen;

(10) Two blankets;

(11) One waterproof cot cover; and

(12) Two plastic bags; and

(13) A "no smoking" sign posted in the patient and driver compartments.

(d) Each licensed type V ground vehicle shall be equipped with the following:

(1) Internal medical systems which include:

(A) An internal oxygen system with at least one duplex outlet at the head of the patient litter, with a humidifier, and with a minimum of 3,000 liters of storage capacity. The cylinder shall be in a compartment which is vented to the outside. The pressure gauge and regulator shall be visible when sitting in the attendant's seat. The control valve shall be readily accessible to the attendant; and

(B) An electrically-powered suction aspirator system with an airflow of at least 30 liters per minute and a vacuum of at least 300 millimeters of mercury. The unit shall be equipped with large bore, non-kinking suction tubing and semi-rigid, non-metallic, oropharyngeal suction tip.

(2) Medical equipment which includes:

(A) A portable oxygen unit of at least 300-liter storage capacity complete with yoke, pressure gauge, flowmeter, delivery tube and adult oxygen mask. The unit shall be readily accessible from an outside door;

(B) A portable, self-contained battery or manual suction aspirator with an airflow of at least 30 liters per minute and a vacuum of at least 300 millimeters of mercury. The unit shall be fitted with large bore, non-kinking suction tubing and semi-rigid, non-metallic, oropharyngeal suction tip;

(C) A hand-operated, adult bag-mask ventilation unit. The unit shall be capable of use with the oxygen supply;

(D) A hand-operated, pediatric bag-mask ventilation unit. The unit shall be capable of use with the oxygen supply;

(E) Oxygen masks in adult, pediatric and infant sizes;

(F) Nasal cannulas;

(G) Oropharyngeal airways in adult, pediatric and infant sizes;

(H) A blood pressure manometer, adult and pediatric cuffs and stethoscope;

(I) Sterile water;

(J) Sterile saline;

(K) Adult medical anti-shock trousers;

(L) Pediatric or down-sizeable medical anti-shock trousers;

(M) A monitor/defibrillator;

(N) A drug supply as listed in service protocols;

(O) Macro-drip and micro-drip administration sets;

(P) IV solutions in plastic bags or plastic bottles as listed in service protocols;

(Q) Assorted syringes and 14-22 gauge needles;

(R) Endotracheal tubes in adult, pediatric and infant sizes; and

(S) Laryngoscope with adult and pediatric blades.

If the service operator can demonstrate to the satisfaction of the administrator that the vehicle is used only for neonatal transports, the listed equipment for adult use need not be carried. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective May 1, 1987; amended July 17, 1989.)

109-2-12. Standards for type V ambulance aircraft and equipment. (a) Type V aircraft shall meet the following specifications:

(1) Fixed wing aircraft shall be multi-engined.

(2) Fixed wing aircraft shall be pressurized.

(3) The aircraft design shall not compromise patient stability in loading or unloading the patient, or during flight operations.

(4) The patient compartment shall be configured to provide the attendant adequate access to the patient.

(5) The aircraft heating and cooling systems shall be adequate to provide patient comfort.

(6) The patient litter shall be secured.

(7) All equipment shall be secured.

(8) The normal white illumination in the patient compartment shall be at least 15-foot candle intensity as measured all along the center line of the clear floor with the door open and all ambient light obliterated. The patient compartment lighting system shall also be capable of providing at least 40-foot candle intensity when measured at any point on top of the patient litter. A reduced lighting level shall also be provided.

(9) The aircraft shall have a power source adequate to power all equipment which may be carried.

(b) Any medical device which produces electromagnetic interference on aircraft navigation or communications equipment shall not be used. Medical equipment shall be tested prior to flight to ensure that it does not interfere with aircraft systems and works properly at all altitudes flown.

(c) Type V aircraft shall carry the following equipment:

(1) Direct, two-way radio communications capability for dispatch and for patient condition reports to a hospital. This radio system shall conform to 47 CFR part 90, in effect as of October 1, 1986, and K.A.R. 109-2-5 (a).

(2) Safety equipment, including:

(A) One 2 1/2# Halon 1211 fire extinguisher (5BC); and

(B) one battery-operated hand lantern with a power source of at least six volts;

(3) Patient comfort equipment, including:

(A) One elevating head cot with two or more levels. An isolette may replace the cot for neonatal transfers;

(B) one pillow;

(C) two complete sets of linen;

(D) two blankets;

(E) one waterproof cot cover;

(F) two plastics bags, with closures;

(G) one urinal;

(H) one bedpan;

(I) one emesis basin; and

(J) potable water;

(K) a "no smoking" sign posted in the patient and pilot compartments.

(4) Medical equipment, including:

(A) A portable oxygen unit of at least 300-liter storage capacity complete with yoke, pressure gauge, flowmeter, delivery tube and adult oxygen mask. The unit shall be readily accessible to the attendant and patient;

(B) two full 300-liter oxygen storage bottles;

(C) a portable, self-contained battery or manual suction aspiration with an airflow of at least 30 liters per minute and a vacuum of at least 300 millimeters of mercury. The unit shall be fitted with large bore, non-kinking suction tubing and semi-rigid, non-metallic, oropharyngeal suction tip;

(D) a hand-operated, adult bag-mask ventilation unit. The unit shall be capable of use with the oxygen supply;

(E) A hand-operated, pediatric bag-mask ventilation unit. The unit shall be capable of use with the oxygen supply;

(F) oxygen masks in adult, pediatric and infant sizes;

(G) nasal cannulas in adult and pediatric sizes;

(H) oropharyngeal airways in adult, pediatric and infant sizes;

(I) sterile water;

(J) a blood pressure manometer, adult and pediatric cuffs and stethoscope;

(K) adult medical anti-shock trousers;

(L) pediatric or down-sizeable medical anti-shock trousers;

(M) a monitor/defibrillator;

(N) a drug supply as listed in service protocols;

(O) macro-drop and micro-drip administration sets;

(P) IV solutions in plastic bags or plastic bottles as listed in service protocols;

(Q) assorted syringes and 14-22 gauge needles;

(R) endotracheal tubes in adult, pediatric and infant sizes; and

(S) laryngoscope with adult and pediatric blades.

When the aircraft is used for neonatal transports, the listed equipment for adult use need not be carried. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective May 1, 1987; amended July 17, 1989.)

Article 3.—STANDARDS FOR AMBULANCE ATTENDANTS, FIRST RESPONDERS, AND DRIVERS

109-3-1. Standards for ambulance attendants, first responders, and drivers. Each ambulance attendant, first responder, and driver shall be at least 18 years of age. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective July 17, 1989.)

Article 4.—CLASSES OF AIR AMBULANCE SERVICE

109-4-1. Classes of air ambulance service.
(a) Permits shall be issued for two classes of air ambulance service. The classes shall be known as type I-A and type IV-A. This regulation shall not prohibit a type V service from providing air ambulance service.

(b) Each type I-A service shall:

(1) Be in compliance with all applicable F.A.R. Part 135 requirements;

(2) provide advanced life support capability as described in K.S.A. 1984 Supp. 65-4306. A type I-A service shall not be subject to public call as defined in K.A.R. 109-1-1 (b);

(3) have at least one licensed aircraft which meets all requirements of K.A.R. 109-4-2 (a). Each type I-A service may also operate type IV-A aircraft as described in K.A.R. 109-4-2 (b);

(4) maintain a staff of currently certified mobile intensive care technicians and emergency medical technicians, emergency medical technicians-intermediate, or emergency medical technicians-defibrillator which is adequate to meet all requirements of K.A.R. 109-4-2 (a);

(5) have all patient transports reviewed and approved by an aeromedical physician as defined in K.A.R. 109-1-1 (d) prior to transport, unless the transport is being made in conformance with 109-1-1 (b), and documented on the patient report forms submitted to the board of emergency medical services; and

(6) have a method of receiving and transferring calls which ensures that any emergency calls are immediately and properly relayed to the nearest emergency service and that the person making the call is so informed.

(c) Each type IV-A service shall:

(1) Be in compliance with all applicable F.A.R. Part 135 requirements;

(2) provide the level of treatment that currently certified emergency medical technicians are authorized to perform as well as non-emergency transportation for the sick and injured. A type IV-A service shall be prohibited from responding to requests for emergency care;

(3) have at least one licensed aircraft which meets all requirements of K.A.R. 109-4-2 (b). A type IV-A service shall license only type IV-A aircraft.

(4) maintain a staff of currently certified emergency medical technicians adequate to meet all requirements of K.A.R. 109-4-2 (b);

(5) have all patient transport reviewed and approved by a person licensed to practice medicine and surgery prior to transport and documented on the patient report forms; and

(6) have a method of receiving and transferring calls

(continued)

which ensures that any emergency calls are immediately and properly relayed to the nearest emergency service and that the person making the call is so informed. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective May 1, 1986; amended July 17, 1989.)

109-4-2. Classes of ambulance aircraft. (a) Licenses shall be issued for two classes of ambulance aircraft. The classes shall be known as type I-A and type IV-A. Each ambulance aircraft operated by a service that has been issued a permit shall be in compliance with F.A.R. Part 135 requirements in its ambulance configuration prior to licensure and shall be licensed in accordance with the provisions set forth in these regulations.

(b) Each type I-A aircraft shall:

(1) Be equipped to provide advanced life support as described in K.S.A. 1984 Supp. 65-4306 and shall be in compliance with all aircraft specifications and equipment requirements set forth in K.A.R. 109-4-3 (a), (b), and (c); and

(2) be staffed with at least two attendants (not including pilot) during patient transport, including at least one currently certified mobile intensive care technician. The second attendant may be a currently certified mobile intensive care technician, emergency medical technician-defibrillator, emergency medical technician-intermediate, or emergency medical technician. The attendants shall be in the patient compartment during patient transport.

(c) Each type IV-A aircraft shall:

(1) Be in compliance with all aircraft specifications and equipment requirements set forth in K.A.R. 109-4-3 (a) and (c); and

(2) be staffed with at least one currently certified emergency medical technician (not including pilot) who shall be in the patient compartment during patient transport. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective May 1, 1986; amended July 17, 1989.)

109-4-3. Standards for ambulance aircraft and equipment. Each licensed aircraft shall meet the aircraft and equipment standards which are applicable to that class of aircraft.

(a) Type I-A and type IV-A aircraft shall meet the following specifications:

(1) Fixed wing aircraft shall be multi-engined.

(2) The aircraft design shall not compromise patient stability in loading or unloading the patient, or during flight operations.

(3) The patient compartment shall be configured to provide the attendant adequate access to the patient.

(4) The aircraft heating and cooling systems shall be adequate to provide patient comfort.

(5) The patient litter shall be secured.

(6) All equipment shall be secured.

(7) The normal white illumination in the patient compartment shall be at least 15-foot candle intensity as measured all along the center line of the clear floor with the door open and all ambient light obliterated. The patient compartment lighting system shall also be capable of providing at least 40-foot candle intensity when measured at any point on top of the patient litter. A reduced lighting level shall also be provided.

(b) Any type I-A aircraft that is a fixed wing aircraft shall be pressurized.

(c) Any medical device which produces electromagnetic interference on aircraft navigation or communications equipment shall not be used. Medical equipment shall be tested prior to flight to ensure that it does not interfere with aircraft systems and works properly at all altitudes flown.

(d) Type I-A and type IV-A aircraft shall carry the following equipment:

(1) Direct, two-way radio communications capability for dispatch and for patient condition reports to a hospital. This radio system shall conform to 47 CFR part 90, in effect as of July 1, 1985, and K.A.R. 109-2-5 (a);

(2) Safety equipment, including:

(A) one 2 1/2# Halon 1211 fire extinguisher (5BC); and

(B) one-battery-operated hand lantern with a power source of at least six volts;

(C) a "no smoking sign" in the patient and pilot compartments;

(3) Patient comfort equipment, including:

(A) One elevating head cot with two or more levels.

An incubator may replace the cot for neonatal transfers;

(B) one pillow;

(C) two complete sets of linen;

(D) two blankets;

(E) one waterproof cot cover;

(F) two plastic bags, with closures;

(G) one urinal;

(H) one bedpan;

(I) one emesis basin; and

(J) potable water;

(4) Medical equipment, including:

(A) A portable oxygen unit of at least 300-liter storage capacity complete with yoke, pressure gauge, flowmeter, delivery tube and adult oxygen mask. The unit shall be readily accessible to the attendant and patient;

(B) two full 300-liter oxygen storage bottles;

(C) a portable, self-contained battery or manual suction aspirator with an airflow of at least 30 liters per minute and a vacuum of at least 300 millimeters of mercury. The unit shall be fitted with large bore, non-kinking suction tubing and semi-rigid, non-metallic, oropharyngeal suction tip;

(D) a hand-operated, adult bag-mask ventilation unit. The unit shall be capable of use with the oxygen supply;

(E) a hand-operated, pediatric bag-mask ventilation unit. The unit shall be capable of use with the oxygen supply;

(F) oxygen masks in adult, pediatric and infant sizes;

(G) nasal cannulas in adult and pediatric sizes;

(H) oropharyngeal airways in adult, pediatric and infant sizes;

(I) sterile water; and

(J) a blood pressure manometer, adult and pediatric cuffs and stethoscope.

(e) In addition, type I-A aircraft shall carry the following equipment.

(1) Medical equipment, including:

(A) Adult and pediatric medical anti-shock trousers;

(B) a monitor/defibrillator;

(C) a drug supply as listed in service protocols;

(D) macro-drip and micro-drip administration sets

(E) IV solutions in plastic bags or plastic bottles as listed in service protocols;

- (F) assorted syringes and 14-22 gauge needles;
- (G) endotracheal tubes in adult, pediatric and infant sizes; and
- (H) laryngoscope with adult and pediatric blades. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective May 1, 1986; amended, T-87-7, May 1, 1986; amended May 1, 1987; amended July 17, 1989.)

Article 5.—CONTINUING EDUCATION

109-5-1. Continuing education. (a) Each applicant for certification renewal as a first responder shall have earned at least eight clock hours of documented and approved continuing education as established annually by the board.

(b) Each applicant for certification renewal as a crash injury management technician shall have earned at least ten clock hours of documented and approved continuing education annually by the board.

(c) Each applicant for certification renewal as an emergency medical technician shall have earned at least 14 clock hours of documented and approved continuing education as established annually by the board.

(d) Each applicant for certification renewal as an emergency medical technician-intermediate shall have met the requirements for emergency medical technician certification renewal and have earned at least 4 additional clock hours of documented and approved continuing education as established annually by the board.

(e) Each applicant for certification renewal as an emergency medical technician-defibrillator shall have met the requirement for emergency medical technician certification renewal and have earned at least 4 additional clock hours of documented and approved continuing education as established annually by the board.

(f) Each applicant for certification renewal as a mobile intensive care technician shall have earned at least 30 clock hours of documented and approved continuing education as established annually by the board.

(g) Each applicant for certification renewal as an instructor-coordinator shall demonstrate:

- (1) 8 hours of attendance at instructor-coordinator meetings as prescribed by the board;
- (2) 6 hours participation at an examination site as an examiner or an examiner's assistant;
- (3) knowledge of and proficiency in all authorized activities for the level of attendant certification held;
- (4) certification by the American Red Cross or American Heart Association as an instructor, instructor trainer or affiliate faculty.

(h) One clock hour shall be a minimum of 50 minutes of classroom instruction between instructor and participant.

(i) One academic credit hour shall be equivalent to 15 hours for the purpose of continuing education. Credit for auditing an academic course shall be for actual clock hours attended during which instruction was given and shall not exceed the academic credit allowed.

- (j) Acceptable continuing education shall include:
 - (1) Academic medical courses related to the level of certification taken for credit or audited;
 - (2) seminars, institutes, workshops, or mini-courses ori-

ented to enhancement of emergency medical practice, values, skills, and knowledge;

- (3) approved-provider programs;
- (4) programs presented by approved single program-providers; or
- (5) clinical experience which meets criteria established by the board.
- (6) correspondence courses which meet criteria established by the board.

(k) Each first responder, attendant or instructor-coordinator shall be responsible for maintaining supplement instruction records. These records shall be submitted to the board by the first responder, attendant or instructor-coordinator as part of the application for certification renewal. (Authorized by 65-6110 and implementing K.S.A. 1988 Supp. 65-6111, effective, T-88-12, May 18, 1987; amended, T-88-24, July 15, 1987; amended May 1, 1988; amended July 17, 1989.)

109-5-2. Documentation for continuing education. Any of the following forms of documentation shall be accepted as proof of completion of continuing education.

- (a) A course grade for a credit course;
- (b) A signed statement from the instructor of clock hours attended for audited courses;
- (c) A signed attendance roster from the instructor or provider of a continuing education program;
- (d) A signed statement from the administrator that the attendant participated at an examination site or a signed statement from a physician or physician's designee that the attendant had clinical experience at a hospital; or
- (e) Documentation for a correspondence course as approved by the board. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective, T-88-12, July 15, 1987; amended May 1, 1988; amended July 17, 1989.)

109-5-3. Continuing education approval for providers. (a) An application may be made to the board to become an approved provider or a single program-provider as defined in K.A.R. 109-1-1(h). Applications shall be on forms provided by the administrator.

- (b) Approved providers.
 - (1) Each application for approved-provider status shall be submitted at least three months prior to the first scheduled program and shall require board approval.
 - (2) Each applicant for approved-provider status shall submit an organization plan which includes a written statement of purpose documenting that emergency medical services practice, values, skills, and knowledge are the basis for the provider's educational goals and objectives and administrative procedures.
 - (3) Each approved-provider shall develop:
 - (A) A system for maintaining records for a period of at least two years; and
 - (B) a system for selection and evaluation of instructors, participant performance requirements, and provisions for accessible and adequate space for instruction.
 - (4) Each approved-provider shall maintain a summary of each individual program offered for a period of at least two years which documents:
 - (A) The learning objectives for the program objectives;
 - (B) the certification levels for which the program is designed and any program prerequisites;

(continued)

(C) the name and qualifications of each instructor in the subject matter;

(D) the program evaluation;

(E) the program agenda. The agenda shall clearly indicate all coffee and lunch breaks;

(F) the dates the program was given; and

(G) the attendance at that program.

(5) Any approved provider may be evaluated and monitored by the administrator or the administrator's designee.

(6) Each approved provider shall provide any program documentation requested by the administrator.

(7) Provider approval may be withdrawn by the board if the provider violates this regulation, or if quality programs are not maintained to the board's satisfaction.

(c) Single program providers.

(1) Each application for single program-provider status shall be submitted at least 15 days prior to the scheduled program.

(2) Each application for single program-provider status shall include the following:

(A) The learning objectives for the program;

(B) the certification levels for which the program is designed and any program prerequisites;

(C) the name and qualifications of each instructor in the subject matter;

(D) the evaluation;

(E) the program agenda. The agenda shall clearly indicate all coffee and lunch breaks; and

(F) the date or dates the program is to be given.

(3) Any material not submitted in this format 15 days before the scheduled date of presentation may not be processed or approved by the administrator.

(4) Single program-provider status may be withdrawn by the administrator if the provider violates this regulation, or if a quality program is not maintained to the administrator's satisfaction.

(d) Each single program provider and approved provider shall maintain a record of a participant's attendance for a period of at least two years.

(e) Each single program provider and approved provider shall provide participants with verification of the participant's attendance. The verification shall be on forms approved by the administrator. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective, T-88-12, May 18, 1987, amended, T-88-24, July 15, 1987; amended May 1, 1988; amended July 17, 1989.)

Article 8—EXAMINATIONS

109-8-1. Examinations. (a) The examinations approved by the board for first responder certification and each level of attendant certification shall be the examinations in effect on April 14, 1988 except that the examination approved by the board for EMT-D certification shall test all authorized activities.

(b) Each applicant for certification shall obtain a minimum score of 70% on each portion of the written examination and shall demonstrate competency in all authorized activities as determined by the administrator or the administrator's designee. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989.)

Article 9.—INSTRUCTOR/COORDINATOR

109-9-1. Instructor-coordinator certification. (a) Each applicant for certification as an instructor-coordinator shall, upon application:

(1) Be certified for at least one year as an attendant;

(2) demonstrate at least one year of field experience with an ambulance service;

(3) make application to the board upon forms provided by the administrator; and

(4) have successfully completed an instructor-coordinator training program approved by the university of Kansas medical center before April 14, 1988 or a program approved by the board if completed after that date.

(b) Each instructor-coordinator requesting endorsement by the board to instruct and coordinate any level of attendant certification and continuing education, other than crash injury management technician and emergency medical technician, shall upon application:

(1) Have been certified for at least one year as a mobile intensive care technician or at the level of certification for which the applicant is requesting endorsement; and

(2) have successfully completed an appropriate course of instruction approved by the university of Kansas medical center prior to April 14, 1988 to a course approved by the board if completed after that date.

(c) The certificate shall be valid through December 31 of the year following the year in which it was initially issued and may be renewed thereafter for a period of one year if the instructor-coordinator completes the continuing education requirements prescribed by the board. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989.)

109-9-2. Instructor-coordinator authorized activities.

(a) Any person who has been certified by the board as an instructor-coordinator may:

(1) Instruct and coordinate first responder, and attendant programs as approved by the board; and

(2) provide continuing education for first responders and attendants as approved by the board. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989.)

109-9-4. Instructor-coordinator training. (a) Each applicant for training as an instructor-coordinator shall:

(1) Have been certified for at least one year as an attendant;

(2) demonstrate at least one year of field experience with an ambulance service;

(3) make application to the board upon forms provided by the administrator; and

(4) provide letters of recommendation from a person licensed to practice medicine and surgery, the director of the ambulance service that serves the community in which the applicant resides, and the administrator of a hospital that serves the community in which the applicant resides.

(b) Each applicant who meets these requirements shall successfully complete an evaluation of knowledge and skills as determined by the board.

(c) The administrator shall accept applicants for training based on an assessment of state and community needs

using criteria developed by the board. (Authorized by and implementing K.S.A. 1988 Supp. 65-6110; effective T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989.)

Article 10.—CURRICULA

109-10-1. Curriculum approval. (a) The approved curriculum for first responder programs shall be the department of transportation curriculum HS 900 025 as modified by the board and as in effect on January 1, 1989.

(b) The approved curriculum for crash injury management technician programs shall be the emergency medical training program of the board curriculum in effect on January 1, 1989.

(c) The approved curriculum for emergency medical technician programs shall be the department of transportation curriculum HS 900 073 as modified by the board and as in effect on January 1, 1989.

(d) The approved curriculum for emergency medical technician-intermediate programs shall be the department of transportation curriculum HS 900 091 in effect on January 1, 1989.

(e) The approved curriculum for emergency medical technician-defibrillator programs shall be the emergency medical training program of the board curriculum in effect on January 1, 1989.

(f) The approved curriculum for mobile intensive care technician programs shall be the department of transportation curriculum HS 900 089 as modified by the board and as in effect on January 1, 1989.

(g) The approved curriculum for instructor-coordinator programs shall be the department of transportation curriculum HS 900 086 in effect on January 1, 1989. (Authorized by K.S.A. 1988 Supp. 65-6110 and 65-6111; implementing K.S.A. 1988 Supp. 65-6111, 65-6129 and 65-6142; effective T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989.)

Article 11.—COURSE APPROVALS

109-11-1. First responder course approval. (a) Only an instructor-coordinator shall apply for course approval.

(b) The instructor-coordinator shall submit an application to the administrator that includes the following:

(1) The name, address, and telephone number of the instructor-coordinator;

(2) the location of the course;

(3) the name of the sponsoring organization;

(4) the name, address, and telephone number of a contact person for the sponsoring organization;

(5) the name, address, and telephone number of the medical doctor;

(6) the dates the course will begin and end;

(7) the times and duration of scheduled classes;

(8) the number of students anticipated; and

(9) a summary of the course.

(c) Each application shall be submitted not later than 15 days before the first scheduled class. Each incomplete application shall not be accepted.

(d) Each approved first responder course shall:

(1) Meet or exceed the curriculum described in K.A.R. 109-10-1 (a);

(2) consist of a minimum of 45 hours of training, in-

cluding training in all authorized activities of a first responder.

(e) Each instructor-coordinator shall meet or exceed the requirements outlined in department of transportation course guide HS 900 025 as in effect on January 1, 1989.

(f) Each instructor-coordinator shall within 10 days of the first class session provide the administrator with a complete list of all students enrolled in the course and an enrollment form from each student.

(g) Any approved class may be monitored by the administrator or the administrator's designee. (Authorized by K.S.A. 1988 Supp. 65-6110; implementing K.S.A. 1988 Supp. 65-6142; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989.)

109-11-2. Crash injury management technician course approval. (a) Only an instructor-coordinator shall apply for course approval.

(b) The instructor-coordinator shall submit an application to the administrator that includes the following:

(1) The name, address, and telephone number of the instructor-coordinator;

(2) the location of the course;

(3) the name of the sponsoring organization;

(4) the name, address, and telephone number of a contact person for the sponsoring organization;

(5) the name, address, and telephone number of the medical director;

(6) the dates the course will begin and end;

(7) the times and duration of scheduled classes;

(8) the number of students anticipated; and

(9) a summary of the course.

(c) Each application shall be submitted not later than 15 days before the first scheduled class. Each incomplete application shall not be accepted.

(d) Each crash injury management technician course shall:

(1) Meet or exceed the curriculum described in K.A.R. 109-10-1 (b); and

(2) consist of a minimum of 72 hours of training.

(e) Each instructor-coordinator shall, within 10 days of the first class session, provide the administrator with a complete list of all students enrolled in the course and an enrollment form from each student.

(f) Any approved class may be monitored by the administrator or the administrator's designee. (Authorized by K.S.A. 1988 Supp. 65-6110; implementing K.S.A. 1988 Supp. 65-6129; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989.)

109-11-3. Emergency medical technician course approval. (a) Only an instructor-coordinator shall apply for course approval.

(b) The instructor-coordinator shall submit an application to the administrator that includes the following information:

(1) The name, address, and telephone number of the instructor-coordinator;

(2) the location of the course;

(3) the name of the sponsoring organization;

(4) the name, address, and telephone number of a contact person for the sponsoring organization;

(continued)

(5) the name, address, and telephone number of the medical director;

(6) the dates the course will begin and end;

(7) the times and duration of scheduled classes;

(8) the number of students anticipated;

(9) a summary of the course;

(10) a description of the clinical rotation; and

(11) letters from the medical adviser of the ambulance service providing ambulance service to the community in which the class is taught, the director of that ambulance service, and the administrator of the hospital in which the clinical rotation is provided indicating their willingness to provide the support as defined in the curriculum.

(c) The application shall be submitted not later than 15 days prior to the first scheduled class. Each incomplete application shall not be accepted.

(d) Each approved emergency medical technician course shall:

(1) Meet or exceed the curriculum as described in 109-10-1 (c);

(2) consist of a minimum of 120 hours of training, including at least:

(A) Twelve hours of instruction by appropriate medical personnel as defined in the curriculum;

(B) ten hours of clinical experience at a hospital and ambulance service including orientation to all areas of the hospital and ambulance service; and

(C) thirty hours of laboratory instruction, including instruction on all equipment which the emergency medical technician is authorized to use.

(e) Each instructor-coordinator shall meet or exceed the requirements outlined in department of transportation course guide HS 900 075 as in effect on January 1, 1989.

(f) The instructor-coordinator shall, within 10 days of the first class session, provide the administrator with a complete list of all students enrolled in the course and an enrollment form from each student.

(g) Any approved class may be monitored by the administrator or the administrator's designee. (Authorized by K.S.A. 1988 Supp. 65-6110; implementing K.S.A. 1988 Supp. 65-6129; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989.)

109-11-4. Emergency medical technician-intermediate course approval. (a) Only an instructor-coordinator who holds current board endorsement to instruct and coordinate this level of training shall apply for course approval.

(b) The instructor-coordinator shall submit an application to the administrator which includes the following information:

(1) The name, address, and telephone number of the instructor-coordinator;

(2) the location of the course;

(3) the name of the sponsoring organization;

(4) the name, address, and telephone number of a contact person for the sponsoring organization;

(5) the name, address, and telephone number of the medical director;

(6) the dates the course will begin and end;

(7) the times and duration of scheduled classes;

(8) the number of students anticipated;

(9) a summary of the course;

(10) a description of the clinical rotation; and

(11) letters from the medical adviser of the ambulance service providing ambulance service to the community in which the class is taught, the director of that ambulance service, and the administrator of the hospital in which the clinical rotation is provided indicating their willingness to provide the support as defined in the curriculum.

(c) The application shall be submitted not later than 15 days before the first scheduled class. Each incomplete application shall not be accepted.

(d) Each approved emergency medical technician-intermediate course shall:

(1) Meet or exceed the curriculum as described in K.A.R. 109-10-1 (d); and

(2) consist of a minimum of 40 hours of training, including at least:

(A) Fifteen hours of instruction by appropriate medical personnel as defined in the curriculum; and

(B) twenty-one hours of clinical experience at a hospital and ambulance service including orientation to all areas of the hospital and ambulance service.

(e) Each instructor-coordinator shall meet or exceed the requirements outlined in department of transportation course guide HS 900 090 as in effect on January 1, 1989.

(f) Each instructor-coordinator shall, within 10 days of the first class session, provide the administrator with a complete list of all students enrolled in the course and an enrollment form from each student.

(g) Any approved class may be monitored by the administrator or the administrator's designee. (Authorized by K.S.A. 1988 Supp. 65-6110; implementing K.S.A. 1988 Supp. 65-6129; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989.)

109-11-5. Emergency medical technician-defibrillator course approval. (a) Only an instructor-coordinator who holds current board endorsement to instruct and coordinate this level of training shall apply for course approval.

(b) The instructor-coordinator shall submit an application to the administrator which includes the following:

(1) The name, address, and telephone number of the instructor-coordinator;

(2) the location of the course;

(3) the name of the sponsoring organization;

(4) the name, address, and telephone number of a contact person for the sponsoring organization;

(5) the name, address, and telephone number of the medical director;

(6) the dates the course will begin and end;

(7) the times and duration of scheduled classes;

(8) the number of students anticipated;

(9) a summary of the course; and

(10) letters from the medical adviser of the ambulance service providing ambulance service to the community in which the class is taught, the director of that ambulance service, and the administrator of the hospital in which the clinical rotation is provided indicating their willingness to provide the support as defined in the curriculum.

(c) Each application shall be submitted not later than 15 days before the first scheduled class. Each incomplete application shall not be accepted.

(d) Each approved emergency medical technician-intermediate course shall:

(1) Meet or exceed the curriculum as described in K.A.R. 109-10-1 (e); and

(2) consist of a minimum of 27 hours of training.

(e) Each instructor-coordinator shall, within 10 days of the first class session, provide the administrator with a complete list of all students enrolled in the course and an enrollment form from each student.

(f) Any approved class may be monitored by the administrator or the administrator's designee. (Authorized by K.S.A. 1988 Supp. 65-6110; implementing K.S.A. 1988 Supp. 65-6129; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989.)

109-11-6. Mobile intensive care technician course approval. (a) Only an instructor-coordinator who holds current board endorsement to instruct and coordinate this level of training shall apply for course approval.

(b) The instructor-coordinator shall submit an application to the administrator which includes the following:

(1) The name, address, and telephone number of the instructor-coordinator;

(2) the location of the course;

(3) the name of the sponsoring organization;

(4) the name, address, and telephone number of a contact person for the sponsoring organization;

(5) the name, address, and telephone number of the medical director;

(6) the dates the course will begin and end;

(7) the times and duration of scheduled classes;

(8) the number of students anticipated;

(9) a summary of the course;

(10) a description of the clinical rotation;

(11) a description of the field rotation; and

(12) letters from the medical adviser of the ambulance service providing ambulance service to the community in which the class is taught, the director of that ambulance service, and the administrator of the hospital in which the clinical rotation is provided indicating their willingness to provide the support as defined in the curriculum.

(c) Each application shall be submitted not later than 15 days before the first scheduled class. Each incomplete application shall not be accepted.

(d) Each approved mobile intensive care technician course shall:

(1) Meet or exceed the curriculum as described in K.A.R. 109-10-1 (f);

(2) consist of a minimum of 1200 hours of training including at least:

(A) Four hundred hours of instruction by appropriate medical personnel as defined in the curriculum;

(B) four hundred hours of clinical training at a hospital; and

(C) four hundred hours of field internship with a type I ambulance service.

(e) Each instructor-coordinator shall meet or exceed the requirements outlined in department of transportation course guide HS 900 088 as in effect on January 1, 1989.

(f) Each instructor-coordinator shall, within 10 days of the first class session, provide the administrator with a complete list of all students enrolled in the course and an enrollment form from each student.

(g) Any approved class may be monitored by the administrator or the administrator's designee. (Authorized by K.S.A. 1988 Supp. 65-6110; implementing K.S.A. 1988

Supp. 65-6129; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989.)

109-11-7. Instructor-coordinator course approval.

(a) Each instructor-coordinator course shall be provided by the board or by an agency with which the board contracts.

(b) Each approved instructor-coordinator course shall:

(1) Meet or exceed the curriculum described in K.A.R. 109-10-1 (g);

(2) consist of a minimum of 90 hours training; and

(3) use a text or texts approved by the board. (Authorized by K.S.A. 1988 Supp. 65-6110; implementing K.S.A. 1988 Supp. 65-6110 and 65-6111; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989.)

109-11-8. Successful completion of a course of instruction. (a) To successfully complete a course of instruction as a first responder, attendant, or instructor-coordinator each student shall:

(1) Attend at least 90% of the class sessions;

(2) maintain an average grade of at least 70% for all examinations given during the program; and

(3) demonstrate all practical skills to the satisfaction of the instructor-coordinator.

(b) The instructor-coordinator shall provide written approval within 15 days of the final class when these requirements are met. (Authorized by K.S.A. 1988 Supp. 65-6110; implementing K.S.A. 1988 Supp. 65-6111, 65-6129 and 65-6142; effective, T-109-1-19-89, Jan. 19, 1989; effective July 17, 1989.)

Article 12.—AUTOMATED DEFIBRILLATOR TRAINING PROGRAM

109-12-1. Automated defibrillator training program.

(a) The curriculum for training first responders, emergency medical technicians and emergency medical technicians-intermediate in the use of automated electronic defibrillators shall be the curriculum approved by the board on March 3, 1989.

(b) This program may be instructed by instructor-coordinators or training officers who have successfully completed an appropriate course of instruction approved by the board on March 3, 1989 and who are currently certified by the American Red Cross or American Heart Association as an instructor, instructor trainer or affiliate faculty.

(c) The instructor-coordinator or training officer shall submit an application to the administrator which includes the following:

(1) The name, address, and telephone number of the instructor-coordinator or training officer;

(2) the location of the course;

(3) the name of the sponsoring organization;

(4) the name, address, and telephone number of a contact person for the sponsoring organization;

(5) the name, address, and telephone number of the medical director;

(6) the dates the course will begin and end;

(7) the times and duration of scheduled classes; and

(8) the number of students anticipated;

(d) Each application shall be submitted not later than 15 days before the first scheduled class. Each incomplete application shall not be accepted.

(continued)

(e) Each instructor-coordinator shall, within 10 days of the last class session, provide the administrator with a complete list of all students who successfully complete the training program. Successful completion shall be determined by the instructor.

(f) Any approved class may be monitored by the administrator or the administrator's designee.

(g) Students who successfully complete the training program shall be issued a certificate by the board. (Authorized by and implementing K.S.A. 1988 Supp. 65-6149; effective July 17, 1989.)

109-12-2. Automated defibrillator protocols.

(a) Each local service provider shall develop medical protocols that include the following:

- (1) criteria on who shall be defibrillated;
- (2) criteria for adjunctive therapy, including cardiopulmonary resuscitation, airway maintenance, and administration of oxygen;
- (3) criteria for evaluation of each defibrillation incident by the medical adviser; and

(4) criteria for appropriate transport or a tiered response.

(b) Medical protocols developed by the local service provider shall be approved by the local component medical society if available. If no local component medical society exists, the medical adviser for the local service provider may approve the medical protocols.

(c) A copy of the medical protocols and a letter of approval from the local component medical society or medical adviser shall be submitted to administrator by the local service provider with the application for training program approval.

(d) A list of all personnel who successfully complete the training program shall be submitted to the administrator by the local service provider upon completion of the training program. (Authorized by and implementing K.S.A. 1988 Supp. 65-6149; effective July 17, 1989.)

NOW AVAILABLE . . .

**CUSTOM-MADE
LOOSELEAF BINDERS
for the
KANSAS REGISTER**

We are pleased to announce that custom-made *Kansas Register* binders are now available!

These binders will hold your copies of the *Kansas Register* attractively for permanent use. They are highest quality, durable, casebound Swing Hinge® binders made by McBee Loose Leaf Binder Products. (A Swing Hinge® binder has more capacity and allows for easier interfiling than standard ring binders.) They feature dark blue cloth covering and gold imprinting. Each three-inch binder will hold up to a year's worth of *Register* issues.

Order your binders today!

***Kansas Register* binders . . . \$16.00 each includes shipping and handling.**
