ATTORNEY GENERAL

Opinion No. 89-71

Cities and Municipalities—Code for Municipal Courts; General Provisions—Municipal Judge; Appointment; Qualifications. William E. Gusenius, Lindsborg City Attorney, Lindsborg, June 8, 1989.

As 1989 Senate Bill No. 126 does not apply uniformly to all cities, it is subject to a charter ordinance adopted under article 12, section 5 of the Kansas Constitution. However, a city may not, under article 12, section 5, modify rules adopted by the Kansas Supreme Court under 1989 Senate Bill No. 126, or rules adopted pursuant to article 3, section 1 of the Kansas Constitution.

The assessment prescribed by section 3 of 1989 Senate Bill No. 126 applies to all cases disposed of on or after July 1, 1989, including cases filed before July 1, 1989. The judge or clerk of the municipal court must remit all assessments received pursuant to section 3 to the state treasurer for deposit in the state treasury to the credit of the municipal judge training fund. Publications, Bibliography and Calendar—Legal Publications—Newspapers in Which Legal Publications May be Made. Wayman Favors, Wyandotte County Counselor, Kansas City, June 14, 1989.

The Wyandotte Echo, in its current form, qualifies as a newspaper in which legal notices may be published pursuant to K.S.A. 1988 Supp. 64-101. Cited herein: K.S.A. 1988 Supp. 64-101. TMN

Agriculture—Weeds—Noxious Weed Control; Control of Non-Noxious Weeds.

Counties and County Officers—General Provisions—Home Rule Powers; Eradication of Weeds. Elaine M. Esparza, Harper County Attorney, Harper, June 14, 1989.

Moneys in the county noxious weed fund may be used only to treat and eradicate weeds declared noxious by Kansas statute. A county may by its home rule powers appropriate county general funds for the control of weeds not listed as noxious. Cited herein: K.S.A. 2-1314a, repealed L. 1988, ch. 3, § 4; K.S.A. 19-101; 19-101a; 19-101c. RLN

Opinion No. 89-74

Commerce and Trade—Monopolies and Combinations in Restraint of Trade—Discrimination in Price; Discrimination; State Drug Bidding Program; Participation by Other States.

Monopolies and Unfair Trade—Restraint of Trade; General Provisions—Unfair Trade. Winston Barton, Secretary, Social and Rehabilitation Services, Topeka, June 14, 1989.

Although the proposed drug bid program raises serious antitrust questions, it is our opinion that it does not represent a *per se* violation of antitrust laws. Under a rule of reason analysis the proposed bid program may survive an antitrust challenge. The proposed program should be conducted in a manner that renders the market more, rather than less, competitive and does not allow one manufacturer to unlawfully possess market power to the exclusion of its competitors. NOTICE OF HEARING
ON PROPOSED
ADMINISTRATIVE REGULATIONS

The Kansas Department of Health and Environment will conduct a public hearing at 10 a.m. Monday, July 17, in the auditorium of the Topeka-Shawnee County Health Department, 1615 W. 8th, Topeka, to consider the adoption of amended permanent regulations K.A.R. 28-19-7, 28-19-8, 28-19-14, 28-19-16a, 28-19-17a, 28-19-17b, 28-19-17c, 28-19-17g, 28-19-17i, 28-19-20, 28-19-21, and 28-19-56.

Following are the amendments that are being proposed in response to the Environmental Protection Agency's final rule promulgated July 1, 1987, which changed the national ambient air quality standards to particulate matter.

K.A.R. 28-19-7

This regulation is amended by adding new definitions of "PM₁₀" and "Total Suspended Particulate," and by modifying the definition of "Particulate Matter."

K.A.R. 28-19-8, 28-19-14, 28-19-16a, 28-19-20, 28-19-21

The amendments in these regulations are: (i) to change the effective date of the federal regulations, which are adopted by reference; (ii) to include significant emission rate for PM₁₀; (iii) to change terminology to provide consistency with the definition in regulation 28-19-7; and (iv) to delete the definition of "Significantly contribute," since this requirement has been adopted by reference in the

Prevention of Significant Deterioration (PSD) rule (K.A.R. 28-19-17).

K.A.R. 28-19-17a

The amendments in this regulation are: (i) to add the effective date of the federal regulation, which is adopted by reference; and (ii) to clarify the meaning of the term "particulate matter."

K.A.R. 28-19-17b

This regulation is amended by adding the requirements of federal regulation 40 CFR 51.165(b) (1 through 4) that apply to new major sources or major modifications in areas that are designated attainment or unclassified and will impact on areas where air quality standards are being met.

K.A.R. 28-19-17(c), 28-19-17g, 28-19-17i

These regulations are amended to include the effective date of federal regulations, which are adopted by reference.

K.A.R. 28-19-56

This regulation is amended by deleting reference to the measurement of air pollution levels in terms of soiling index, since this index is no longer used. Air pollution alert, warning, and emergency levels for suspended particulate are replaced by PM₁₀ levels.

There will be no added economic impact upon the Department of Health and Environment or other government agencies because the required sampling equipment has already been replaced and comparable evaluations will be done for PM₁₀ as with TSP. There will be no added economic impact upon the sources emitting particulate matter since they are not required to revise their existing control measures due to these actions. These amendments will not result in an economic impact upon the general public.

Copies of the proposed amended rules and regulations and a complete economic impact statement pertaining to them may be obtained by contacting John Irwin, Kansas Department of Health and Environment, Forbes Field, Topeka 66620-0001, (913) 296-1542.

The time period between the publication of this notice and the scheduled hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed amended rules and regulations. All interested parties may submit such comments prior to the hearing by mailing them to the address above. All interested parties also will be given a reasonable opportunity at the hearing to present their views orally or in writing concerning the adoption of the proposed amended rules and regulations.

Following the hearing, all written and oral comments submitted by interested parties will be considered as the basis for making changes in these proposals.

PUBLIC NOTICE

The Secretary of the Kansas Department of Health and Environment is proposing to issue an air quality permit to Castle Rock Construction Co., Castle Rock, Colorado, for installation and operation of a portable concrete plant to be located at the Mid-Continent Airport in Wichita. The permit would be issued in accordance with Kansas Administrative Regulation 28-19-14, Permits Required.

Estimates of emissions by the Bureau of Air Quality and Radiation Control (BAQRC) using federal emission factors have shown that the portable concrete plant can be expected to meet applicable emission limits.

Written materials related to this permit action, including the application, permit summary, draft permit and the analysis of the BAQRC describing the basis for this proposed permit is available for public inspection through July 14 by contacting Dave Butler at the BAQRC office at 1919 Amidon, Suite 130, Wichita, (316) 838-1071, and at Building 740, Forbes Field, Topeka.

Kansas Statutes Annotated 65-3008 provides that any person affected by the issuance of a permit can request a public hearing prior to issuance of the permit. The request must be in writing and addressed to the Secretary, Kansas Department of Health and Environment, Landon State Office Building, 900 S.W. Jackson, Topeka 66612. If the secretary determines the request presents sufficient reason, a hearing will be conducted—the place, date and time of which will be announced in this publication. Request for hearing and comments on the proposed permit must be submitted to the secretary on or before July 14. Questions concerning the proposed permit or public hearing should be directed to Dave Pellett, (913) 296-1573.

The permit would be issued in accordance with Kansas Administrative Regulation 28-19-14, Permits Required.

Air pollutant dispersion modeling studies of the volatile organic compounds (VOC) emissions estimated to be emitted from the facility for the operating schedule reported have been conducted by the Bureau of Air Quality and Radiation Control (BAQRC). These studies have predicted that no adverse health impacts will result from these emissions.

Written materials related to this permit action, including the application, permit summary, draft permit and the modeling studies describing the basis for this proposed permit are available for public inspection through July 15 by contacting Patricia Simpson at the BAQRC offices at 808 W. 24th, Lawrence, (913) 842-4600, and at Building 740, Forbes Field, Topeka. State of Kansas**KANSAS RACING COMMISSION****NOTICE OF HEARING
ON PROPOSED
ADMINISTRATIVE REGULATIONS**

A public hearing will be conducted at 9 a.m. Friday, July 28, in the training room, second floor, 128 N. Kansas Ave., Topeka, to consider the adoption of proposed temporary and permanent regulations of the Kansas Racing Commission. This 30-day notice is to constitute a public comment period for the purpose of receiving written public comments on these proposed regulations.

A copy of the full text of the regulations and the economic impact statement may be reviewed or obtained at the commission office, 128 N. Kansas Ave., Topeka 66603. The following is a summary of the regulations:

K.A.R. 112-4-14a includes the responsibilities of a trainer of record of a racing horse. The requirements include eligibility, allowances, fitness of the horse to perform, absence of prohibited substances, equipment, and handling of the horse in the test barn. This regulation's requirements are intended to place the entire responsibility for the racing horse on the trainer of the horse. Persons affected by this regulation include the trainers, owners and the attendants at the racetrack who receive greater assurances of safe and fair racing. The exact economic impact of this regulation cannot be calculated at this time.

K.A.R. 112-4-19 includes the requirements for licensure of owners of a horse or greyhound with a 10 percent or greater interest by corporation, partnership, syndicate or other association or entity. It is being proposed to be amended to require annual registration. In addition, the documents required for showing ownership must disclose facts including each and every shareholder by name and mailing address, terms of sale and to whom winnings are payable. The regulation identifies persons at critical moments such as the time of sale of the animal or at the time the animal wins a race. Persons affected by the regulation include the owners of racing animals, purchasers of such animals and the wagering public who will have the opportunity to know the owners of the animals on which they wager. The precise economic impact of this regulation cannot be shown at this time.

K.A.R. 112-9-39 through 112-9-41 include the regulations known generally as "super exotics" and are named Superfecta, Tri-Super and Twin Trifecta. These regulations outline specific requirements for selecting certain

(continued)

entrants to finish in various positions in selected races to create a payoff for the wagerer. The regulations also include contingency procedures in the case of circumstances including a scratched entrant or a canceled race that is part of the wager. The Tri-Super and Twin Trifecta are known as parlays, in which a ticket is purchased by the wagerer who selects the entrants to finish in specified positions. A winning ticket is exchanged for a second ticket on a second specified race in which the same kinds of selections are made. The purpose of these wagers is to provide the wagerer with a greater variety of opportunities to wager and, in some cases, increased winnings. There is no prediction as to the economic impact of these wagers except the observation that at parimutuel race-tracks in other states, the enthusiasm for wagering is increased.

State of Kansas
OFFICE OF THE GOVERNOR

Message to the Senate of the State of Kansas:

Pursuant to Article 2, Section 14 of the Constitution of the State of Kansas, I hereby return House Substitute for Senate Bill No. 407 with my signature approving the bill, except for the items enumerated below.

Section 5(a) that reads as follows has been line-item vetoed:

“(a) There is appropriated for the above agency from the state institutions building fund for the fiscal year specified, the following:

Table with 2 columns: Fiscal Year 1989, Fiscal Year 1990. Row: Roof repair and replacement, Brighton recreation center \$55,000”

Section 16(e) that reads as follows has been line-item vetoed:

“(e) There is appropriated for the above agency from the state institutions building fund for the fiscal year specified, the following:

Table with 2 columns: Fiscal Year 1989, Fiscal Year 1990. Row: Institutional major maintenance \$500,000

Provided, That the secretary of social and rehabilitation services is hereby authorized to transfer moneys from

this account to a major maintenance account for any state institution under the jurisdiction of the department of social and rehabilitation services for the purpose of remodeling, maintenance or emergency repair projects.

Table with 2 columns: Description, Amount. Row: Repair roof at Kansas vocational rehabilitation center 69,450. Total \$569,450”

Section 19(c) that reads as follows has been line-item vetoed:

“(c) There is appropriated for the above agency from the state institutions building fund for the fiscal year specified, the following:

Table with 2 columns: Fiscal Year 1989, Fiscal Year 1990. Row: Remodel dining area of Biddle cafeteria \$44,700”

Section 24(a) that reads as follows has been line-item vetoed:

“(a) There is appropriated for the above agency from the state institutions building fund for the fiscal year specified, the following:

Table with 2 columns: Fiscal Year 1989, Fiscal Year 1990. Row: Final planning-central heating and air conditioning system for the administration building, auditorium/gym and dining facility/kitchen \$58,900”

I find it necessary to veto the appropriations for these capital projects, all of which are financed from the State Institutions Building Fund. Some of these are projects carrying a high cost, and one would require a commitment of \$608,800 in FY 1991. Multi-year commitments such as these, as has been the case in the past with other projects financed from the State Institutions Building Fund, severely limit the flexibility to finance projects in the future.

The pressing issue of prison overcrowding threatens to place ever greater demands on the financial resources of this state. We must maintain as much flexibility as possible in keeping our funding options open to meet present and future demands in this area. In past years, receipts to the SIBF have been shared with the Correctional Institutions Building Fund precisely for this purpose. It may become necessary once again to augment receipts to the CIBF by sharing these funds. Therefore, I do not believe it would be prudent financial management, given the current situation with prison overcrowding, to tie up limited resources with high cost, multi-year projects. This has proven to be a problem in the past, and it would not be responsible to continue this practice. For these reasons, I am vetoing the appropriations for these projects.

Section 16(a) that reads as follows has been line-item vetoed:

Table with 2 columns: Fiscal Year 1989, Fiscal Year 1990. Row: “Mental health and retardation services operating expenditures \$71,893”

This line-item authorizes expenditures for a special project position, \$40,543, and a new position to implement the provisions of House Bill 2333, \$31,350. I am vetoing this line-item because of the inclusion of the special project position. This position was specifically not included

in my FY 1990 budget recommendations to be financed from the State General Fund. In addition, when requested to submit budget amendments for my review and consideration, the Secretary of the Department of Social and Rehabilitation Services did not include this item as a high priority. The Secretary stated to the Legislature that he would utilize available resources already approved by the Legislature to continue the positions without additional funding.

I regret the need to eliminate funding for the new position approved by the Legislature to implement the provisions of House Bill 2333. I support the concept of trust funds for the use of persons who are developmentally disabled. However, the number of trust funds which will be established under the provisions of the act is unknown. Therefore, I have requested the Secretary of Social and Rehabilitation Services to monitor the trust funds established, and if the volume of work generated is sufficient, I will support a FY 1990 supplemental appropriation to provide the needed position.

Section 31 that reads as follows has been line-item vetoed:

"(a) Notwithstanding any provisions of K.S.A. 1988 Supp. 2-223 and amendments thereto to the contrary: (1) the certification by the state fair board to the director of accounts and reports required to be made on June 30, 1989, and June 30, 1990, of an amount to be transferred to the state fair capital improvements fund under subsection (b) of K.S.A. 1988 Supp. 2-223 and amendments thereto and the transfer of moneys to the state fair capital improvements fund by the director of accounts and reports upon such certification shall not be made; and (2) the transfer from the state general fund to the state fair capital improvements fund directed to be made under subsection (c) of K.S.A. 1988 Supp. 2-223 and amendments thereto on July 1, 1989, and on July 1, 1990, shall not be made.

(b) On June 30, 1989, and on June 30, 1990, the state fair board shall certify to the director of accounts and reports an amount equal to 5% of the total gross receipts during the current fiscal year from state fair

activities and non-fair days activities. On July 1, 1989, or upon receipt of such certification if after July 1, 1989, and on July 1, 1990, or upon receipt of such certification if after July 1, 1990, the director of accounts and reports shall transfer from the state general fund to the state fair capital improvements fund an amount equal to the amount certified by the state fair board under this subsection, except that no transfer from the state general fund under this subsection shall exceed \$300,000 in any fiscal year."

The provisions under this section exempt the State Fair from current legal requirements (K.S.A. 1988 Supp. 2-223), whereby the agency is to transfer an amount equal to 5.0 percent of its total gross receipts to the State Fair Capital Improvements Fund, beginning on June 30, 1989, and on that same date each year thereafter.

These provisions directly conflict with an agreement made between the State Fair Manager and my administration during the 1988 Legislative Session. The agreement resulted in a transfer of \$575,000 from the State General Fund to establish the State Fair Capital Improvements Fund. In exchange, the State Fair Board agreed to make annual transfers from its two fee funds (in amounts equal to 5.0 percent of its total annual gross receipts) to the State Fair Capital Improvements Fund, whereby those transfers would be matched with annual transfers from the State General Fund.

It was the intent of all parties to the agreement that this joint effort would provide an incentive to the State Fair Board to increase its profitability and to provide a means by which total reliance on the State General Fund for state fair capital improvements could be alleviated through a joint effort using fair fee funds as well.

Through careful monitoring of its expenditures and re-evaluation of its revenue producing items, it is my hope that the State Fair can meet the objectives of our original agreement and comply with the requirements of K.S.A. 1988 Supp. 2-223.

Dated May 18, 1989.
