Opinion No. 89-91

Public Health—Healing Arts; Kansas Healing Arts Act—Persons Deemed Engaged in Practice of Chiropractic. Lawrence T. Buening, Jr., General Counsel, Kansas Board of Healing Arts, Topeka, July 21, 1989.

A surgical operation includes severing tissue and penetrating the human body for treatment, replacement, or removal of afflicted parts. Surgical operations must be performed by those individuals who are licensed to practice medicine and surgery. An individual licensed to practice chiropractic may treat a stress fracture if the treatment does not involve a surgical operation, and so long as the treatment is within chiropractic methodology. Such methodology may include the use of a plaster cast. Cited herein: K.S.A. 65-2802, 65-2803; K.S.A. 1988 Supp. 65-2836, as amended by 1989 Senate Bill No. 182; K.S.A.

State Departments; Public Officers and Employees—Public Officers and Employees; Open Public Meetings—Executive Sessions; Acquisition of Property. Wilson E. Speer, Attorney for Johnson County Water District No. 1, Olathe, July 21, 1989.

The Kansas Open Meetings Act provides that only certain subjects may be discussed behind closed doors. In absence of an applicable exception, discussions concerning negotiation strategy in formulating offers, and offers received relating to the acquisition of a water utility must be held in open, public meeting. The "acquisition of real property" exception, K.S.A. 1988 Supp. 75-4319(b)(6), may only be used when the primary focus of the discussion is real property. Cited herein: K.S.A. 19-3501; 19-3505; 75-4317; K.S.A. 1988 Supp. 75-4318; 75-4319. RLN

Opinion No. 89-93

State Departments; Public Officers and Employees—State Historical Society—State Historical Society; Powers and Duties; Acquisition of Real Property by Gift. Dr. Ramon Powers, Executive Director, Kansas State Historical Society, Topeka, July 21, 1989.

As trustee for the state, the Kansas State Historical Society may acquire property if the executive committee of that state agency deems such an acquisition to be in the public interest and if the acquisition promotes purposes for which the state agency was created. All property acquired by the society is held for the state. Acquisitions must not create an expenditure or incur an expense in excess of appropriated funds. K.S.A. 1988 Supp. 75-2726 procedures are not required when the property is acquired by gift and is not listed on the national register of historic places. Cited herein: K.S.A. 75-2701; 75-2702; 75-2715; K.S.A. 1988 Supp. 75-2716; 75-2721; 75-2726. TMN

Schools—Community Colleges—Out-district and Student Tuition—Student Tuition, Satellite Facilities. Clyde D. Graeber, State Representative, 41st District, Leavenworth; Edward F. Reilly, State Senator, 3rd District, Leavenworth; Martha Jenkins, State Representative, 42nd District, Leavenworth, July 21, 1989.

A community college is authorized to charge out-district tuition for each student attending a satellite facility of that community college when the student resides in a district other than the community college district, provided there is no other community college located within the same district as the satellite facility. Out-district tuition charged to the county of residence of a student is a distinct fee from that charged to the student. Cited herein: K.S.A. 1988 Supp. 71-301, 71-609; K.S.A. 1988 Supp. 71-701(c). **DEPARTMENT OF HEALTH
AND ENVIRONMENT****NOTICE CONCERNING HAZARDOUS
WASTE PERMIT AND VARIANCE REQUEST**

The U.S. Environmental Protection Agency, Region VII, Kansas City, Kansas, and the Kansas Department of Health and Environment are providing public notice that they propose to issue a joint hazardous waste post-closure permit to Exline, Incorporated, 3256 E. Country Club Road, Salina 67402-1487.

The EPA and KDHE have jointly reviewed the hazardous waste permit application from Exline. If a final decision is made to issue the joint permit, the EPA portion of the permit would be issued under the authority of the Resource Conservation and Recovery Act (RCRA), and the KDHE portion of the permit would be issued under the authority of the Kansas Hazardous Waste Act, K.S.A. 65-3430 *et seq.* The KDHE has received final authorization to administer all portions of the RCRA permit program except for the Hazardous and Solid Waste Amendments of 1984 (HSWA), for which EPA retains authority. The EPA portion of the joint permit addresses HSWA requirements. The joint permit would require Exline to maintain a closed hazardous waste landfill and to treat and remove any contamination released from the closed facility. Exline will not receive or store wastes from off-site sources.

KDHE also is providing public notice that Exline has submitted with the permit application a request for a variance from specific hazardous waste regulations under the provisions of K.A.R. 28-31-13(a). As part of the requirements for obtaining a permit, Exline must provide financial assurance for post-closure care costs for a 30-year period using the mechanisms specified in 40 CFR 264.145. Exline has demonstrated that it is currently unable to provide post-closure financial assurance in the amount required for 30 years of care. The facility has requested a variance that would allow it to provide a lesser amount until such time as it can meet the requirements of 40 CFR 264.145. KDHE and EPA have tentatively agreed to grant this variance request.

Copies of the administrative record, which includes the draft joint permit, the permit application, variance request, and all information submitted by Exline, is available for public review until September 18 at the EPA Region VII Library in Kansas City from 7:30 a.m. to 4:30 p.m. weekdays; at the KDHE, Building 730, Forbes Field, Topeka, from 8 a.m. to 4:30 p.m. weekdays; and at the KDHE district office, Suites D and E, 2501 Market Place, Salina, from 8 a.m. to 4:30 p.m. weekdays.

Comments on the proposed joint permit or variance may be directed in writing to Lyndell Harrington, RCRA Branch, EPA Region VII, 726 Minnesota Ave., Kansas City 66101, or to John Goetz, Hazardous Waste Section, Kansas Department of Health and Environment, Forbes Field, Topeka 66620. Comments must be submitted in writing prior to September 18. Requests for additional information, including the fact sheet, may be made by

contacting EPA at (913) 236-2888 or KDHE at (913) 296-1607.

Redemption of Bonds Prior to Maturity

At the option of the county, bonds maturing on August 1, 1998, and thereafter, will be subject to redemption and payment prior to maturity on August 1, 1997, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus

accrued interest to the redemption date, without premium.

Whenever the county is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the county shall elect to call any bond for redemption and payment prior to the maturity thereof, the county shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States registered or certified mail addressed to the registered owners of said bonds and to the paying agent and bond registrar, each of said notices to be mailed at least 30 days prior to the redemption date. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Interest Rate

Proposals will be received on not less than all the bonds bearing such rate or rates of interest as may be specified by the bidder. The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be in an even multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. The difference between the highest and lowest coupon rates specified in any bid shall not exceed 3 percent. No specified interest rate shall exceed the maximum interest rate allowed by Kansas law, said rate being the index of treasury bonds published by *Credit Markets* (formerly the *Weekly Bond Buyer*) in New York, New York, on the Monday next preceding the day on which the bonds are sold (August 7, 1989), plus 2 percent, and no bid of less than par and accrued interest will be considered. Bids for less than the entire issue of bonds will not be considered.

Bid Form and Good Faith Deposit

Bids shall be submitted on the official bid form furnished by the county and shall be addressed to the Board of County Commissioners, Rice County Courthouse, Lyons, KS 67554, and shall be plainly marked "Bond Bid." All bids must state the total interest cost of the bid, the premium, if any, the net interest cost of the bid, and the average annual interest rate—all certified by the bidder to be correct—and the county will be entitled to rely on the certificate of correctness of the bidder. Each bid must be accompanied by a certified or cashier's check equal to 2 percent of the total par amount of the bonds and shall be payable to Treasurer, Rice County, Kansas. In the event a bidder whose bid is accepted shall fail to carry out its contract of purchase, said deposit shall be retained by the county as liquidated damages. The checks of unsuccessful bidders will be returned promptly.

Award of Bids

The sealed bids for the bonds shall be opened publicly and only at the time and place specified in this notice, and the bonds will be sold to the best bidder. The county reserves the right to reject any and all of the bids and

to waive any irregularities. Unless all bids are rejected, the bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the county, and the net interest cost will be determined by deducting the amount of any premium paid from the aggregate amount of interest upon all of the bonds from their date until their respective maturities. If there is a discrepancy between the lowest net interest cost and the average annual interest rate specified, the net interest cost figure shall govern and the interest rates in the bid shall be adjusted accordingly. In the event more than one bid is received at the same net interest cost, the successful bidder will be selected by lot.

Delivery of Bonds

The bonds, duly printed, executed and registered, will be furnished and paid for by the county. The Series A, 1989, bonds will be sold subject to the unqualified approving opinion of Curfman, Harris, Borniger, Rose & Wertz, attorneys and bond counsel, 800 First National Bank Building, Wichita, KS 67202. The denomination of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the county and bond registrar not later than 5 p.m. C.D.T. on August 17, 1989. In the absence of such information, the county will deliver bonds in the denomination of each maturity registered in the name of the successful bidder. The purchaser will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in immediately available funds. Delivery of the bonds will be made to the successful bidder on or before August 24, 1989, at any bank or trust company in the state of Kansas or Kansas City, Missouri, as may be specified by the successful bidder, at the expense of the county. Delivery elsewhere will be made at the expense of the purchaser.

The successful bidder shall furnish the county by 5 p.m. C.D.T. on August 17, 1989, a certificate acceptable to the county's bond counsel to the effect that: (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that: (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Legal Opinion

In the opinion of bond counsel, assuming continued compliance by the county with the particular terms of the respective bond resolution, under existing law, the interest on the bonds: (i) is excludable from gross income for federal income tax purposes, and (ii) is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations.

However, it should be noted that with respect to corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted net book income (adjusted current earnings for taxable years ending after December 31, 1989) for the purpose of computing the alternative minimum tax imposed on such corporations. The exclusion mentioned in the preceding clause (i) is subject to compliance by the county with all of the requirements of the Internal Revenue Code of 1986, as amended, which must be satisfied subsequent to the issuance of the bonds in order for the interest thereon to qualify for such exclusion. Failure to comply with certain of such requirements could cause the interest on the bonds to be so included in federal gross income retroactive to the date of delivery of the bonds. The county will covenant to comply with all such requirements. Bond counsel expresses no opinion regarding other federal tax consequences arising with respect to the bonds.

The bonds are exempt from intangible personal property taxes levied by Kansas counties, cities and townships, and the interest on the bonds is excludable from the computation of Kansas adjusted gross income for taxable years commencing after December 31, 1987.

Related Federal Tax Matters

Prospective bidders for the purchase of the bonds should be aware that: (i) with the exception of certain "qualified, tax-exempt obligations," Section 265 of the code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the bonds or, in the case of a financial institution within the meaning of Section 265(b) (5) of the code, that portion of a bondholder's interest expense allocable to the interest on the bonds (the county intends to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code); (ii) with respect to insurance companies subject to the tax imposed by Section 831 of the code, for taxable years beginning after December 31, 1986, Section 832(b)(5)(B)(i) of the code reduces the deduction for loss reserves by 15 percent of the sum of certain items, including the interest on the bonds; (iii) for taxable years beginning after December 31, 1986, and prior to January 1, 1992, the interest on the bonds earned by some corporations could be subject to the environmental tax imposed by Section 59A of the code; (iv) for taxable years beginning after December 31, 1986, the interest on the bonds earned by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 844 of the code; (v) passive investment income, including the interest on the bonds, may be subject to federal income taxation under Section 1375 of the code for Subchapter S corporations that have Subchapter C earnings and profits at the close of the taxable year if more than 25 percent of the gross receipts of such Subchapter S corporation is passive investment income; and (vi) Section 86 of the code requires recipients of certain Social Security and railroad retirement benefits to take into account in determining gross income, receipts or accruals of the interest on the bonds. The foregoing categories of prospective bondowners should consult their own tax advisors as to the applicability of any of these consequences.

KANSAS RACING COMMISSION

PERMANENT ADMINISTRATIVE
REGULATIONS

Article 14.—HARNESS RACING RULES

112-14-2. Duties of a harness race starter. (a) The licensed starter shall be in the starting car 15 minutes before the first race.

(b) After one or two preliminary warming up scores, the licensed starter shall notify each driver to come to the starting gate. During or before the parade, the licensed starter shall inform each driver of the number of scores permitted.

(c) The licensed starter shall have control over the horses from the parade until the word "go" is given.

(d) The licensed starter shall notify the stewards of any violations of these racing regulations by any driver. Any driver violating these rules of racing may be set down, fined or suspended.

(e) The horses shall be brought to the starting gate no nearer than one-eighth of a mile before the start, unless otherwise required by track construction or design.

(f) The licensed starter shall allow sufficient time to increase the speed of the gate gradually; the following minimum speeds shall be maintained:

(1) For the first $\frac{1}{8}$ mile, not less than 11 miles per hour; and

(2) for the next $\frac{1}{16}$ of a mile not less than 18 miles per hour.

(3) for the first $\frac{3}{16}$ mile or to the starting point, whichever is less, the speed shall be gradually increased until the mobile starting gate pulls away from the field of horses.

(g) On one-mile tracks, each horse shall be brought to the starting gate at the head of the stretch and the relative speeds in subsection (f) shall be maintained.

(h) The starting point shall be point-marked on the inside rail not less than 150 feet from the first turn. The licensed starter shall give the word "go" at the starting point.

(i) There shall be no decrease in speed of the mobile gate, except in the case of a recall.

(j) In the case of a recall, the licensed starter shall leave the wings of the gate extended, and wherever possible, gradually slow the speed of the mobile gate to assist in stopping the field of horses. In an emergency, the licensed starter shall determine whether to close the wings of the gate.

(k) The licensed starter shall have control of the horses from the formation of the parade until the licensed starter gives the word "go." Each horse, regardless of its position or an accident, shall be a starter when the licensed starter gives the word "go." Each horse shall complete the course except in case of an accident, broken equipment, or any other reason which, in the opinion of the stewards or the licensed starter makes it impossible to complete the course.

(1) There shall be no recall for a horse that breaks from its gait.

(m) Each licensed starter shall sound a recall when:

(1) A horse scores ahead of the gate;

(2) there is interference;

(3) there is broken equipment;

(4) there is a malfunction of the starting gate; or

(5) a horse falls before the word "go" is given.

(n) A mechanical loudspeaker shall be used only for giving instructions to drivers. The volume shall be no higher than necessary to carry the voice of the licensed starter to the drivers.

(o) Any horse may be held on the backstretch not more than two minutes awaiting post time, except when delayed by an emergency.

(p) If in the opinion of the stewards or the starter, a horse is unmanageable or liable to cause accidents or injury to any other horse or to any driver, the horse may be sent to the barn.

(q) The arms of each starting gate shall be provided with a screen or a shield in front of the position for each horse, and each arm shall be perpendicular to the rail.

(r) The licensed starter shall check the starting gate for malfunctions before commencing any meeting, and shall practice the procedure to be followed in the event of a malfunction. Both the licensed starter and the driver of the car shall know and practice emergency procedures, and the starter shall be responsible for training drivers in emergency procedures.

(s) Each horse winning a heat shall take the pole or inside position in the succeeding heat, unless otherwise specified in the published conditions, and all others shall take their positions in the order they were placed in the

last heat. If two or more horses run a dead heat, their positions shall be determined by lot.

(t) Only the licensed starter, the starter's driver, and a patrol judge shall be allowed to ride in the starting gate, unless otherwise directed by the commission.

(u) If there are two tiers of horses, the withdrawing of a horse that has drawn or earned a position in the front tier shall not affect the position of the horses that have drawn or earned positions in the second tier. If a horse is withdrawn from any tier, the horses on the outside shall move toward the pole position. If a horse has drawn a post position in the second tier, the driver of the horse may score out behind any horse in the first tier so long as the driver does not interfere with another trailing horse or deprive another trailing horse of a drawn position.

(v) If horses are started without a gate, the licensed starter shall have control of the horses from the formation of the parade until the starter gives the word "go." The word "go" shall be given at the wire or other point of the start of the race. The licensed starter shall be located at the wire or other point of the start of the race.

(1) No driver shall cause unnecessary delay after the horses are called to parade.

(2) After two preliminary warming up scores, the licensed starter shall notify the drivers to form in order of post positions. The driver of any horse refusing or failing to follow the instructions of the licensed starter as to the order of post positions, or scoring ahead of the pole horse may be set down for the heat in which the offense occurs.

(3) If a driver is set down, the substitute shall be permitted to score the horse once.

(4) A horse delaying the race may be started regardless of its position or gait and there shall be no recall on account of a fractious horse.

(5) If the word is not given, each horse in the race shall immediately turn at the tap of a bell or other signal, and jog back to their parade positions for a fresh start. No recall shall be made after the starting word has been given.

(w) Each driver shall obey the starter's instructions as to:

- (1) Rushing ahead of the inside or outside wing of the gate;
- (2) coming to the starting gate out of position;
- (3) crossing over before reaching the starting point;
- (4) interference with another driver during the start;
- (5) laying back or failing to come up into position;
- (6) actions causing a delay in the start; and
- (7) every other matter relating to a fair start.

(Authorized by and implementing K.S.A. 1988 Supp. 74-8804(p); effective T____, ____; effective Sept. 18, 1989.)

112-14-3. Drivers' meeting. (a) Before the first race at any harness meet is run, each official and each driver shall meet at a time and place designated by the chief steward to discuss the rules. Each driver shall be notified of the time and place of this meeting in writing. The notice shall be delivered to the stable of the driver at least one day before the meeting. (Authorized by and implementing K.S.A. 1988 Supp. 74-8804(p); effective T____, ____; effective Sept. 18, 1989.)

112-14-4. Harness track traffic procedure. Each horse meeting another horse on the track shall pass to

the left. (Authorized by and implementing K.S.A. 1988 Supp. 74-8804(p); effective T____, ____; effective Sept. 18, 1989.)

112-14-5. Harness racing conduct. (a) A leading horse shall be entitled to any part of the track until a position is selected in the home stretch.

(b) No driver in a race shall:

(1) Change to the right or left during any part of the race when another horse is so near that, in altering the position, the driver compels the horse following to shorten that horse's stride, or causes the driver of the other horse to pull the horse out of stride;

(2) jostle, strike, hook wheels, or interfere with another horse or driver;

(3) cross sharply in front of a horse or cross over in front of a field of horses in a reckless manner so as to endanger other drivers;

(4) swerve in and out or pull up quickly;

(5) crowd a horse or driver by "putting a wheel under him";

(6) "carry a horse out" or "sit down in front of a horse," take up abruptly in front of other horses so as to cause confusion or interference among the trailing horses;

(7) let a horse pass inside needlessly, or otherwise help another horse to improve its position in the race;

(8) lay off a normal pace and leave a hole when it is well within the horse's capacity to keep the hole closed;

(9) commit any act that impedes the progress of another horse or causes that horse to break from its gait;

(10) change course after selecting a position in the home stretch and swerve in or out, or bear in or out, in a manner that interferes with another horse or causes that horse to change course or take back;

(11) drive in a careless or reckless manner;

(12) whip under the arch of the sulky;

(13) fail to set and maintain a proper pace while driving;

or

(14) kick a horse. (Authorized by and implementing K.S.A. 1988 Supp. 74-8804(p); effective T____, ____; effective Sept. 18, 1989.)

112-14-6. Harness race complaints. (a) Each complaint by a driver of foul driving or other misconduct during a heat or dash shall be made by the driver at its termination, unless the driver is prevented from making the complaint by an accident or injury. At the conclusion of each heat or dash, each driver shall return in the sulky to the starting gate to be dismissed by the stewards or the stewards' designee. Each driver desiring to enter a claim of a foul or other complaint of a violation of the rules shall:

(1) Before dismounting, indicate to the starter the driver's desire to enter the claim or complaint;

(2) upon dismounting, proceed to the telephone or stewards stand to make an objection; and

(3) inform the stewards of the name of the driver and the number of horses involved, if possible, and the location in the race where the foul occurred. The stewards shall not cause the official sign to be displayed until the claim, objection or complaint has been entered and considered.

(b) After being dismissed by the stewards or starter,

(continued)

each driver shall return to the paddock and remain there until the race is made official. (Authorized by and implementing K.S.A. Supp. 1988 74-8804(p); effective T-____, ____; effective Sept. 18, 1989.)

112-14-7. Unsatisfactory harness race driving. Each heat in a race shall be run by every horse in the race and each horse shall be driven to the finish. If the stewards believe a horse has not been driven in the best interests of racing, the stewards may consider it a violation. In such cases, the driver and anyone who acted in concert with the driver to affect the outcome of the race or races may be fined or suspended by the commission. The stewards may substitute a competent and reliable driver at any time. Each substituted driver shall be paid at the direction of the stewards. If necessary, the fee shall be retained from the purse money earned by the horse, if any. (Authorized by K.S.A. 1988 Supp. 74-8804(p); implementing K.S.A. 1988 Supp. 74-8816(f); effective T-____, ____; effective Sept. 18, 1989.)

112-14-8. Failure to finish a harness race. Each horse that fails to finish after starting in a heat shall be ruled out, unless the failure to finish is caused by interference or broken equipment. (Authorized by and implementing K.S.A. Supp. 1988 74-8804(p); effective T-____, ____; effective Sept. 18, 1989.)

112-14-9. Prohibited acts. (a) Loud shouting or similar conduct is forbidden in a race. After the word "go" is given, both feet of the driver shall be kept in the stirrups until after the finish of the race. Each driver shall have both feet in the stirrups when horses are parading to the post and during qualifying races.

(b) Whips shall not exceed four feet eight inches. Snappers shall not exceed eight inches. Brutal use of the whip shall be a violation punishable at the discretion of the commission by a fine or suspension, or both. Use of the butt-end of the whip shall be prohibited.

(c) Any person found guilty of removing or altering a horse's hobbles for the purpose of fraud may be fined or suspended by the commission. Each horse habitually wearing hobbles shall not be permitted to start in a race without them, except by the permission of the stewards. No horse shall wear a headpole protruding beyond its nose.

(d) If a horse breaks from its gait in trotting or pacing, the driver shall immediately take the horse to the outside where clearance exists and pull it to its gait.

(1) Any of the following may be considered a violation of these racing regulations:

(A) Failure to properly attempt to pull the horse to its gait;

(B) failure to take to the outside where clearance exists; or

(C) failure to lose ground by the break from the horse's gait.

(2) If there is no failure on the part of the driver in complying with subparagraphs (A), (B) or (C) above, the horse shall not be set back unless a contending horse on gait is lapped, or partly alongside, on the hind quarter of the breaking horse at the finish.

(3) The stewards may set any horse back one or more places if, in their judgment, any of the above violations

has been committed, and the driver may be fined or suspended by the commission.

(4) If any horse breaks from its gait during any part of the race, and, in the opinion of the stewards, interferes with any horse or horses, the interference shall be a violation of these racing regulations. The interfering horse shall be placed behind all horses subject to the interference unless the driver of the horse or horses subject to the interference failed to exercise reasonable care to avoid the incident.

(e) If a driver allows a horse to break from its gait for the purpose of losing a heat or dash, the driver may be set down by the stewards or suspended or fined by the commission or any combination of the three.

(f) It shall be the duty of one of the stewards to call out every break made from a horse's gait. The clerk shall at once note the break in writing.

(g) Horses called for a race shall have the exclusive right of the course, and all other horses shall vacate the track at once, unless permitted to remain by the stewards. (Authorized by K.S.A. 1988 Supp. 74-8804(p); implementing K.S.A. 1988 Supp. 74-8816(f); effective T-____, ____; effective Sept. 18, 1989.)

112-14-10. Driver safety standards. (a) Each driver shall wear a properly fastened safety helmet while driving a horse within the enclosure or while driving a horse in a race. All safety helmets shall be of a type and design approved by the commission.
