DEPARTMENT OF REVENUE

NOTICE OF HEARING
ON PROPOSED
ADMINISTRATIVE REGULATIONS

A public hearing will be conducted at 1 p.m. Monday, December 18, in the office of the Kansas Department of Revenue, secretary's conference room, second floor, Docking State Office Building, Topeka, to consider the adoption of proposed permanent regulations of the Department of Revenue.

All interested parties may submit written comments prior to or at the hearing and will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. This 30-day notice constitutes a public comment period for the purpose of receiving written public comments on the proposed permanent regulations.

Proposed new regulation 92-51-42 requires both the transferor and the transferee of a certificate of title to complete an odometer disclosure statement if the title does not have a space acknowledging the odometer certification. There is no economic impact associated with this regulation other than administrative cost incurred by the division in processing the forms.

The department proposes to revoke 92-52-10, which requires an applicant to be the holder of a valid class A, B, or C license or complete all requirements for a class A, B, and C license before the applicant is eligible for a class D license. This regulation requires an applicant for a motorcycle license to take a driving test in a passenger car as a prerequisite to obtaining a motorcycle license. This policy is not required under K.S.A. 8-234b. Other than eliminating unnecessary driving tests, there would be little economic impact associated with the implementation of this regulation.

Proposed new regulation 92-52-12 concerns vision requirements for obtaining a driver's license. The regulation imposes conditions under subsection (d) of L. 1989, Ch. 33, Sec. 1, which authorizes the division to issue a driver's license to an individual who does not meet the vision standards required by subsection (a) through (c) of L. 1989, Ch. 33, Sec. 1. The regulation sets forth the definitions and conditions associated with the phrases "good driving record" and "safely operate a vehicle" as those terms are used in subsection (d) of L. 1989, Ch. 33, Sec. 1. The regulation also outlines the information a person may need to provide the division in order to substantiate that the person can safely operate a motor vehicle. Any person subject to this regulation would incur the cost of any eye examinations and subsequent reports required by the division. Since the regulation requires additional driving tests, the department may have the need for additional driver's license examiners.

Copies of the proposed regulations and the economic impact statement can be obtained by contacting Melanie Caro, Kansas Department of Revenue, Docking State Office Building, Topeka 66612, (913) 296-2381.

NOTICE OF HEARING
ON PROPOSED
ADMINISTRATIVE REGULATIONS

A public hearing will be conducted at 10 a.m. Wednesday, December 20, in Room 108, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider an amendment to a regulation related to home health aide training.

K.A.R. 28-51-108 is being amended to allow home health agencies increased flexibility in supplementing the training received by home health aides. The proposed amendment would allow aides to provide other services beyond those stipulated in the Kansas Home Health Aide Training Guidelines, if specific and adequate additional training is given and documented by the patient's attending physician or supervising registered nurse.

There is no economic impact as a result of the proposed amendments to these regulations.

Copies of the proposed rules and regulations and a complete economic impact statement may be obtained by contacting Greg Reser, Kansas Department of Health and Environment, Bureau of Adult and Child Care, 10th Floor, Landon State Office Building, 900 S.W. Jackson, Topeka 66612, (913) 296-1280.

The time period between the publication of this notice and the scheduled hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed rule and regulation. All interested parties may submit such comments prior to the hearing by mailing them to the address above. All interested parties also will be given a reasonable opportunity at the hearing to present their views, orally or in writing, concerning the adoption of the proposed rule and regulation. In order to give all persons an opportunity to present their views, it may be necessary to limit oral presentations to five minutes.

Following the hearing, all written and oral comments submitted by interested parties will be considered as the basis for making changes in these proposals.

30-10-30. Reimbursement for nurse aide training for FY 1990. (a) Adult care home providers receiving the \$.43 per patient day payments in FY 1990 for nurse aide training costs shall:

(1) Promptly complete required in-service preparation sheets to document the training sessions, the nurse aides attendance, and the expense involved; and

(2) complete and file the required OBRA nurse aide training/funding form with the agency after July 1, 1990 and before September 1, 1990. All completed in-service preparation sheets shall also be filed at the same time. An extension of the filing deadline for up to 30 days may be granted for good cause if filed in writing prior to the filing deadline.

(b) Completion of the in-service preparation sheets shall require a detailed statement of costs for nurse aide training. Costs may include, but are not limited to, the aides' wages and benefits while they are in training and the instructors' expenses, contracts with outside institutions, educational materials and supplies, and travel expenses. Each cost of \$100.00 or more shown on the statement must be supported by originals or copies of invoices, cancelled checks, agreements, or other documents which clearly describe the goods or services purchased and their cost. Any necessary backup information or documents must be available on any audit requests to the agency.

(c) Notwithstanding the provisions of K.A.R. 30-10-1b(b)(1), any new provider shall be responsible for obtaining nurse aide training information from the prior providers to document costs and resident days and any new provider shall be responsible for any overpayment of reimbursement for nurse aide training for FY 1990 to the prior provider.

(d) The agency shall audit the in-service preparation sheets and documents filed by each provider. The total allowable training costs will be divided by the total days of service to determine the actual per diem cost. There will be no minimum occupancy in determining the actual cost per day. The variance between the actual cost per day and the \$.43 reimbursed to the provider will be multiplied by the medicaid days to determine any overpayment. A settlement will then be recovered from the provider.

In addition to compensation specified in K.A.R. 111-2-4 and 111-2-6, the Kansas Lottery may also offer the following as bonus incentives to enhance the sale of Cash Lotto on-line tickets: (a) The Cash Lotto sales promotion will commence at 6:00 a.m. on November 16, 1989, and end at 11:59:59 p.m. on December 13, 1989.

(b) Each on-line retailer will be assigned a sales level designation, A through E, based upon retailers "base" sales average. The "base" sales average is arrived at by computing retailers' average Cash Lotto sales for the sales weeks ending August 9, 1989 and September 27, 1989.

(c) Base sales averages for retailers who come on line after August 9, 1989, will be based on sales of the week ending September 27, 1989. New retailers coming on line after October 18, 1989, will not be eligible for participation in this promotion.

(d) Each sales level will be determined as follows:

(f) There are four cash prizes in each sales level, first, second, third and fourth prizes. At the termination of the Cash Lotto sales promotion, retailers in each of the five sales levels will be ranked according to each retailer's cumulative percent of sales increase to the nearest fraction of a percent necessary to determine a winner over the four-week promotion period. The retailer in each sales level with the greatest percentage increase will be the first prize winner, second highest percentage increase will be the second prize winner, third highest percentage increase will be the third prize winner, and the fourth highest percentage increase will be the fourth prize winner.

(g) The prize winnings will be distributed as follows:

Table with 5 columns: Sales Level (A-E), First Prize, Second Prize, Third Prize, Fourth Prize. Values range from \$2,000 to \$50.

(h) All retailers who achieve an increase of 15% or more over their base average sales will be awarded one automatic entry into a random drawing to be held at the end of the promotion. The retailer whose entry is drawn shall be awarded a vacation package, provided by a sponsor.

(i) In the event of a percentage tie in any sales level, for any prize, the retailer with the highest dollar volume of sales shall be awarded the appropriate prize.

Article 7.—CASH LOTTO GAME RULES

111-7-3. Game Description; Retail Sale of Tickets.

(a) Cash Lotto is a twice weekly six (6) of thirty-three (33) Lotto game which pays prizes for correctly picking six (6) of six (6) numbers on a pari-mutuel basis with a minimum guaranteed prize of Twenty-Five Thousand Dollars (\$25,000.00) and set prizes of Five Hundred Dollars (\$500.00) for picking five (5) of six (6) numbers, and Ten Dollars (\$10.00) for picking four (4) of six (6) numbers correctly.

(b) To play Cash Lotto, a player shall select a set of six (6) different numbers between one (01) and thirty-three (33), for input into a terminal. Tickets may be purchased from a terminal operated by a retailer (i.e., a clerk-activated terminal). When purchased from a retailer, the player may select each two (2) sets of numbers by: 1) communicating the numbers to the retailer; 2) by marking two, or four, six, eight or ten, boards with six (6) numbers on each play slip and submitting the play slip to the retailer; or 3) requesting a quick pick from the retailer.

The retailer will then issue a ticket from the terminal containing the selected sets of numbers, each of which constitutes a game play. Should a player submit a play slip on which one or more boards are marked to indicate

number selections and one or more other boards indicate quick pick, the system shall follow the player's intentions as marked on the play slip.

(c) A validated ticket shall be the only proof of a game play or plays, and the submission of a winning ticket to the Lottery or its authorized retailer shall be the sole method of claiming a prize or prizes. A play slip has no pecuniary or prize value and shall not constitute evidence of ticket purchase or of numbers selected.

(d) A ticket may not be voided or cancelled by returning the ticket to the selling retailers, including tickets that are printed in error.

(e) Drawings will be conducted twice weekly, on Wednesdays and Saturdays between 8:15 p.m. and 9:00 p.m. central time (CT) after the game is closed, and the external auditor has verified that the game is closed, under conditions and procedures promulgated by the executive director of the lottery.

(f) It shall be the sole responsibility of the player to verify the accuracy of the game plays and other data printed on the ticket. The placing of plays is done at the player's own risk through the on-line retailer who is acting on behalf of the player in entering the plays. (Authorized by and implementing K.S.A. 1988 Supp. 74-8710, effective T-89-25, May 31, 1988; amended T-111-11-2-89, Oct. 27, 1989.)
