' NOTICE OF HEARING ON PROPOSED ADMINISTRATIVE REGULATIONS

A public hearing will be conducted at 9 a.m. Monday, January 29, in the SRS board room, sixth floor, Docking State Office Building, 915 Harrison, Topeka, to consider the adoption of proposed changes in existing rules and regulations on a temporary and permanent basis.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Social and Rehabilitation Services, Room 603-N, Docking State Office Building, 915 Harrison, Topeka 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

The temporary regulations are proposed for adoption and are scheduled to become effective February 1, 1990. The permanent regulations are proposed for adoption and are scheduled to become effective April 1, 1990. A summary of proposed regulations and their economic impact follows.

The phrase "Federal Mandate" following an item indicates that the change is required by federal policy. Optional changes in regulations related to federal programs are subject to approval by the U.S. Department of Health and Human Services.

TEMPORARY REGULATIONS Article 4.—PUBLIC ASSISTANCE PROGRAM

30-4-34. Program. This regulation is being amended to delete reference to the General Assistance Unrestricted (GAU) program. This change is being made because of the elimination of the General Assistance (GA) program effective February 1, 1990.

Economic Impact: None.

30-4-40. Agency responsibility to applicants and recipients. This regulation is being amended to delete the public list requirement for GA cash recipients. This change is being made because of the elimination of the GA program effective February 1, 1990.

Economic Impact: See the economic impact statement for K.A.R. 30-4-90.

30-4-41. Assistance planning. This regulation is being amended to delete reference to the GA program in the mandatory filing unit definition. This change is being made because of the elimination of the GA program effective February 1, 1990.

Economic Impact: None.

This regulation is also being amended to remove the definition of "nonessential person." This change is being made because such persons are eligible for GA cash benefits and the GA program is being eliminated effective February 1, 1990.

Economic Impact: See the economic impact statement for K.A.R. 30-4-90.

30-4-50. Assistance eligibility, general. This regulation is being amended to delete reference to the GA program. This change is being made because of the elimination of the GA program effective February 1, 1990.

Economic Impact: None.

This regulation is being further amended to delete the provision which permits the secretary to waive certain eligibility requirements and adopt additional requirements for the purpose of utilizing special project funds or grants or for the purpose of conducting special demonstration or research projects. This change is based on an opinion of the Attorney General's office that such provision is self-regulatory and should not be in regulation.

Economic Impact: None.

30-4-54. Citizenship, alienage and residence. This regulation is being amended to delete the residency requirement regarding motor vehicle registration for GA clients. Other technical changes also have been made. These changes are being made because of the elimination of the GA program effective February 1, 1990.

Economic Impact: See the economic impact statement for K.A.R. 30-4-90.

30-4-58. Potential employment. This regulation is being revoked as it pertained only to the GA program. This change is being made because of the elimination of the GA program effective February 1, 1990.

NOTICE CONCERNING PROPOSED PERMIT ACTION

The Secretary of Health and Environment is proposing to issue a permit in accordance with K.A.R. 28-19-14 (permits required) for the construction and operation of a sun-cured alfalfa pelleting mill in Harper.

This mill consists of a tub grinder with a cyclone, two pellet mills with coolers and cyclones, and conveyors, elevator legs, bins, receiving and load-out areas, and a diesel generator set to provide power for the mill. Production capacity is approximately five ton per hour. The cyclones have been observed to operate adequately within the emission limits of applicable Kansas pollution control regulations.

The mill must demonstrate, while operating at a production rate at which it expects to run, that it can meet the dust-control regulations in order for this permit to be valid.

Written materials, including the application and information related to the application submitted by Soilquest, the draft permit, permit summary and the analysis of KDHE describing the basis for the proposed permit, are available for public inspection during normal business hours through January 29 by contacting David Butler, KDHE Regional Office, 1919 Amidon, Suite 130, Wichita 67203, (316) 838-1071. The materials also can be reviewed at the Bureau of Air and Waste Management offices, Building 740, Forbes Field, Topeka 66620. Questions concerning the proposed permit should be directed to L.C. Hinther, (913) 296-1576.

K.S.A. 65-3008 provides that any person affected by the issuance of a permit can request a public hearing prior to issuance of the permit. The request must be in writing and addressed to the secretary. If the secretary determines there is sufficient reason in the request, a public hearing will be conducted. The place, date and time of the hearing will be announced in this publication. A request for a hearing or written comments on the proposed permit must be submitted to the Secretary, Kansas Department of Health and Environment, Landon State Office Building, 900 S.W. DEPARTMENT OF TRANSPORTATION

NOTICE TO CONSULTING ENGINEERS

In order to serve the transportation needs of the public, commerce and industry, and to improve the economic conditions of the region, the Kansas Department of Transportation is seeking interest in developing a highway improvement project in the general vicinity between the metropolitan centers of Wichita, Kansas, and Joplin, Missouri.

The department is seeking the services of an engineering firm as a corridor consultant with capabilities in transportation planning and design; in economic evaluations and impacts; in public relations; in intergovernmental coordination between states, counties, and cities; and in coordinating/directing design teams furnished by others. The corridor consultant will: 1) perform planning and location studies and produce intermediate and final reports; 2) prepare an organization plan for producing designs and construction plans; and 3) direct and coordinate the efforts of other engineering firms to do design work and prepare construction plans. These firms will be referred to as section design consultants. (K.D.O.T. will seek the services of the section design consultant firms at a later, appropriate time.)

The corridor consultant responsibilities may include planning surveys, topographic surveys, geotechnical surveys, environmental impact studies, hazardous material/waste studies, right of way descriptions, appraisals, acquisition and other project development activities.

The corridor consultant will check and approve section design consultants' plans and progress, process pay vouchers from the section design consultant for payment and generally act as the agent of K.D.O.T. on all pertinent preconstruction activities in the location corridor. The corridor consultant will be a third party signatory in contracts developed between K.D.O.T. and the various section design consultants and will coordinate with a K.D.O.T. project manager. Since these services are significantly greater than normally performed by consultant firms for K.D.O.T., specific requirements of the contract will be further defined in pre-contract negotiations.

A chart generally depicting the organization of this major effort and a list of the possible tasks comprising the various activities are available upon request. Some activities and tasks may be performed by K.D.O.T. staff. The corridor consultant will be responsible for the review and approval of all technical aspects of design, whether performed by the corridor consultant or the section design consultants.

The project will comprise two or more phases and the corridor consultant is expected to be engaged in all phases. Phase I will end upon completion of public hearings, environmental approvals, location study reports, and topographical surveys. Phase II comprises managing the preparation of construction plans through completion of plans. The corridor consultant may have post-letting responsibilities.

A time schedule has not been established at this time and will be covered during discussion and negotiations with potential firms at a later date. Early completion of planning and location studies will be a significant factor affecting the selection of a firm.

From those firms expressing interest, K.D.O.T. will select three to five firms with whom to negotiate. Those firms not selected will be notified by letter. A negotiating committee will conduct discussions individually with each of the firms, determine the order in which the firms will be considered for contract negotiations, and begin negotiation with the firm selected to be first in order.

It is the policy of K.D.O.T. to use the following criteria as the basis for selection of engineering consulting firms:

- 1. Size and professional qualifications of firm.
- 2. Experience of staff.
- 3. Location of firm with respect to proposed project.
- 4. Work load of firm.
- 5. Firm's performance record.

Firms wishing to be considered for this work must submit seven copies of their statement of interest to the Kansas Department of Transportation, Office of Engineering Support, 7th Floor, Docking State Office Building, Topeka 66612, no later than 5 p.m. January 11.

The required form of the affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bidapproval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the K.D.O.T. district office responsible for the work.
