Schools-Community Colleges—Organization, Powers and Finances of Boards of Trustees—Powers and Duties of Boards of Trustees; Acceptance of Complimentary Tickets. William B. Swearer, Attorney for the Board of Trustees of Hutchinson Community College, Hutchinson, January 19, 1990.

Complimentary tickets to college-sponsored events may be accepted by the members of the board of trustees for Hutchinson Community College as gifts because those tickets have been voluntarily conferred upon the trustees, no additional consideration is required of the trustees, and no public funds have been expended in purchasing the tickets. Opinion No. 90-10

Constitution of the State of Kansas—Finance and Taxation—Classification of Property; Constitutionality. Senator Lana Oleen, 22nd District, Manhattan, January 19, 1990.

Past decisions of the Kansas Supreme Court and the broad deference allowed to state legislatures in tax matters by the United States Supreme Court lead to our conclusion that the classifications embodied in article 11, section 1 of the Kansas Constitution are not violative of the equal

protection clause of the 14th Amendment to the United States Constitution. We must presume the validity of these classifications and cannot say that a rational basis for such classifications does not exist. Cited herein: K.S.A. 79-501; 79-503a; 79-1439; Kan. Const., Art. 11, § 1; L. 1923, ch. 255; § 1. JLM

Taxation—Aggregate Tax Levy Limitations—Procedure for Exemption from Aggregate Levy Limit. Fred J. Logan, Jr., Chairman, Johnson County Library Board, Prairie Village, January 23, 1990.

The board of directors of the Johnson County Library, as the governing body of the library, may elect to exempt the library from the tax lid law (K.S.A. 79-502 *et seq.*) pursuant to K.S.A. 79-5036(c). The provisions of K.S.A. 19-101b that apply to a five or seven member board of county commissioners also apply to the seven member board of directors of the Johnson County Library and, upon successfully exempting out of K.S.A. 79-5021 *et seq.*, the library will once again be subject to the levy limitations in existence prior to the reappraisal year. censee may execute a contract or agreement that permits the delegation of day-to-day management over the conduct of races and the parimutuel system of wagering.

(d) Each racetrack official shall be approved by the commission before the official assumes any race meet duty. Each organization licensee shall identify each racetrack official 30 days before the first day of the race meet for which the official is to serve. (Authorized by K.S.A. 1988 Supp. 74-8804; implementing K.S.A. 1988 Supp. 74-8804, 74-8813 and 74-8818; effective T-112-1-19-89, Jan. 19, 1989; effective April 10, 1989; amended March 19, 1990.)

112-5-2. Commission officials, stewards. (a) Each licensee and each individual attending horses during a race meet shall conduct the licensee's and individual's activities according to the general authority and supervision of the stewards. Any of these racing regulations may be interpreted by the stewards, and any appropriate action not expressly authorized by these racing regulations may be ordered by the stewards to ensure a fair race and to protect the best interests of racing.

(b) Each matter regarding entry, eligibility and racing shall be determined by the stewards. Each entry, declaration and scratch shall be supervised by the stewards.

(c) If a vacancy occurs among the racetrack officials, a substitute shall be appointed by the organization licensee subject to the approval of the stewards. The appointment shall be effective until the vacancy is filled in accordance with these racing regulations.

(e) The stewards' jurisdiction over any matter shall commence 72 hours before any entry is taken for the first day of racing at the meet and shall extend until 30 days after the last day of the meet. If a dispute arises during a race meet that is not settled within the stewards' 30-day jurisdiction, the authority of the stewards may be extended by the commission until the matter is resolved or until it is referred or appealed to the commission.

(f) Any occupation licensee may be penalized by the stewards or the commission in accordance with the Kansas parimutuel racing act and the Kansas administrative procedure act. At the direction of the commission, the stewards, or any of them as designated by the commission, may conduct summary adjudicative hearings in accordance with the Kansas administrative procedure act.

(g) Each penalty shall be reported immediately to the commission by the stewards.

(h) Any horse may be suspended from participating in races for a period of time determined by the stewards if the horse does not meet the requirements of or has been involved in any violations of these racing regulations or any provisions of the Kansas parimutuel racing act, including but not limited to the following:

(1) A horse is a confirmed bleeder or unsound for racing as determined by the animal health officer, and the animal health officer recommends to the stewards that the horse be suspended from participation; or

(2) a horse is involved with:

(A) Any violation of medication laws and regulations; or

(B) any suspension or revocation of an occupation license by the stewards in accordance with K.S.A. 74-8816 (h) or the commission or any racing jurisdiction recognized by the commission.

(k) Each horse that has entered a race or that has run in a race shall be tested or examined by a qualified person when ordered by the stewards. Any ownership papers, certificates, documents of eligibility, contracts or leases pertaining to any horse at the racetrack facility may be examined by the stewards.

(l) If the stewards determine a race or races cannot be conducted in accordance with the regulations, they shall cancel each race. If a mechanical failure or any interference during the running of any race affects the horses in the race, the race may be declared a no contest by the stewards. If no horse covers the course of the race, the race shall be declared no contest.

(m) Any horse's trainer may select a substitute jockey if a jockey who is named to ride the horse in a race is unable to fulfill the jockey's engagement and is excused by the stewards. Each trainer shall be responsible for securing a jockey for the trainer's entered horse. If no substitute jockey is available, the horse may be scratched from the race by the stewards. If the stewards scratch a horse, no individual shall be entitled to any refund of nomination, sustaining, penalty payments or entry fees. Any horse may be placed in the temporary care of any trainer the stewards select if the trainer of a horse is absent. However, the owner and the substitute trainer shall approve its entry, or competition in a race before it is allowed to enter or race. Each substitute trainer shall sign the entry card.

(n) A stewards' list that identifies those horses that are ineligible to be entered in any race because of poor or inconsistent performance, which includes but is not limited to failing to maintain a straight course or causing a hazard to the safety of any participant, shall be maintained by the stewards. Each horse on the stewards' list shall be refused entry until it has demonstrated to the stewards or their representatives that it can race safely. (Authorized by K.S.A. 1988 Supp. 74-8804; implementing K.S.A. 1988 Supp. 74-8804 and 74-8816 (g); effective T-112-1-19-89, Jan. 19, 1989; effective April 10, 1989; amended March 19, 1990.)

If the assistant starters are unavailable to head a horse, the horse's trainer shall be responsible to provide qualified individuals to head or tail a horse in the starting gate. Each starter shall establish qualifications for and maintain a list of qualified individuals approved by the stewards who may head or tail a horse in the starting gate. Each assistant starter or individual handling a horse at the starting gate shall not impede the start of the race, whether intentionally or otherwise. Only the jockey, starter, assistant starter or header handling the horse at the starting gate may be permitted to strike a horse in an attempt to load the horse in the starting gate. Only each jockey shall slap, boot or otherwise attempt to dispatch the horse the jockey is riding from the starting gate.

(c) Each starter shall maintain a starter's list of each horse that is ineligible to be entered in any race because of poor or inconsistent performance in the starting gate. Each horse on the starter's list shall be refused entry until it has demonstrated to the starter or the starter's representative that it has been satisfactorily schooled in loading in the gate. Each starter or the starter's representative shall directly supervise the schooling. (Authorized by and implementing K.S.A. 1988 Supp. 74-8804; effective T-112-1-19-89, Jan. 19, 1989; effective April 10, 1989; amended March 19, 1990.)

The racing secretary shall submit the first condition book for each race meeting to the commission for approval 30 days before printing.

(b) Each racing secretary shall be responsible for safe keeping of the registration certificates during the race meet and shall return the certificates to the trainers on request or at the conclusion of the race meet. The racing secretary shall record the winning races for the horses on the forms supplied by the breed registry, which shall remain attached to the registration certificate.

(c) Each racing secretary shall maintain a list of horses stabled at the racing facility and the stalls assigned to each trainer. Each racing secretary shall update the list daily and provide a copy of the most current list to the stewards and the commission's security director each week.

(d) Each trainer shall maintain a record of the stall location of each horse in the trainer's care. The trainer shall provide this information to the commission upon request.

(e) The racing secretary shall:

- (1) Take entries;
- (2) check eligibility;
- (3) close entries;
- (4) select the races to be drawn;

112-5-9. The identifier. (a) The identifier shall identify each horse starting in a race. Each identifier shall inspect documents of ownership, eligibility, registration or breeding as may be necessary to ensure proper identification of each horse that is eligible to compete in a race meet.

(b) Each identifier shall immediately report to the paddock judge and the stewards each horse that is not properly identified or any irregularities reflected in the official identification records.

(c) The identifier shall ensure that each horse is properly shod before departure for the post.

(d) The identifier shall report to the stewards and to the commission on general racing practices observed and shall perform other duties as the commission may require. (Authorized by and implementing K.S.A. 1988 Supp. 74-8804; effective T-112-1-19-89, Jan. 19, 1989; effective April 10, 1989; amended March 19, 1990.)

Article 6.—RACETRACK OFFICIALS

112-6-6. The starter. (a) Each starter shall give the orders and take the actions necessary to secure a fair start for the entries.

(b) Each greyhound shall be started from a starting box that is approved by the commission. Unless otherwise approved by the commission, the starting box shall consist of eight positions, and the starting box lid shall be opened by an automatic starting device.

(c) Each starter shall report each delay of race and the cause of the delay to the racing judges.

(d) Each starter shall notify the racing judges if any greyhound appears to be disabled or unfit to run because of an accident that occurred before the greyhound was placed in the starting box.

(e) Each starting box to be used during a performance shall be tested before the first race of the performance.

Each claim shall be made on a form approved by the commission. Each claimant making a claim shall do so

(continued)

under penalty of perjury. The original of each claim shall be promptly forwarded to the commission.

(b) Each organization licensee shall deliver to the commission each claim made for payment of a mutilated parimutuel ticket that contains the total imprinted elements required in K.A.R. 112-9-4.

(c) Each claim shall be adjudicated and decided by the commission. (Authorized by K.S.A. 1988 Supp. 74-8804 (p); implementing K.S.A. 1988 Supp. 74-8822; effective T-112-3-31-89, March 31, 1989; effective June 26, 1989; amended March 19, 1990.)

112-9-7. Uncashed tickets. (a) Each organization licensee shall carry on its books an account that shows the total amount due on outstanding uncashed mutuel tickets. Each winning ticket remaining unpaid at the close of each performance shall be entered in a book known as the "outsbook" at the actual price paid to the public. A record of all unpaid parimutuel tickets shall be prepared and forwarded to the commission within 61 days after the close of the race meeting. Each unclaimed ticket cashed after the close of the season shall bear the date it was paid, check number, and the amount paid.

(b) when outsbooks are compiled by data processing systems or computerized totalisator equipment, the following minimum requirements shall apply:

(1) All printed outs summaries and printed outs ledger sheets shall be placed in a separate binder in chronological order. Each organization licensee shall safeguard these records; and

(2) the daily outs summary printout shall include for each previous performance:

(A) The performance number;

(B) the number and amount of tickets outstanding before the current performance;

(C) the number and amount of tickets cashed during the current performance; and

(D) the remaining number and amount of uncashed tickets at the close of the current performance.

(c) Before the close of the next business day after each performance, each organization licensee shall deliver to the commission office a copy of the totalisator company report showing the daily accumulation of the outs.

(d) Each organization licensee shall safeguard all records pertaining to parimutuel operations including all cash winning parimutuel tickets and admission records, for as long as the commission requires. The records shall not be destroyed without written permission of the commission. (Authorized by K.S.A. 1988 Supp. 74-8804 (p); implementing K.S.A. 1988 Supp. 74-8804 (c) and 74-8804 (p); effective T-112-3-31-89, March 31, 1989; effective June 26, 1989; amended March 19, 1990.)

112-9-8. Accounting. (a) Each organization licensee conducting race meetings shall submit to the commission by the close of the next business day following the end of the race meet a report listing the total number of paid admissions, passes and occupation licensees, not employed by the organization licensee or the commission, admitted to the racetrack facility, the total amount contributed to each parimutuel pool on each race and the amount of money received daily from paid admission fees. 112-9-11. Race declared official. (a) Each decision of the stewards or racing judges regarding the order of finish shall be final at the time the stewards or racing judges order the official sign displayed on the totalisator board. Each ruling of the stewards or racing judges or the commission regarding the order of finish or any award of purse money made after the result of the race has been declared official shall not affect the parimutuel payoff or the distribution of any parimutuel pool. An inadvertent mistake in the posting of the official order of finish may be corrected by the stewards or judges before the running of the next race.

(b) Each racing animal shall be considered a starter for a race when the doors of the starting gate or starting box open in the front of the racing animal at the time the official starter dispatches the racing animals. (Authorized by and implementing K.S.A. 1988 Supp. 74-8804; effective T-112-3-31-89, March 31, 1989; effective June 26, 1989; amended March 19, 1990.)

112-9-13. Place pool. (a) The takeout authorized by law shall be deducted from the sum total wagered in the place pool. The balance shall be the net pool.

(b) The amount wagered in the place pool on the entries placed first and second shall be deducted from the net pool. The remainder shall be the profits or winnings. The profit shall be divided into two equal parts between those who wagered in the place pool on the winner, and those who wagered on the entry that was placed second.

(c) Using the amount wagered in the place pool on the winner to place as a divisor and one-half of the profits of the place pool as specified in subsection (b) of this regulation as a dividend, the quotient shall be the profit-per-dollar wagered in the place pool on the winner to place.

(d) Using the amount wagered in the place pool on the entry placed second to place as a divisor and the other half of the profits as specified in subsection (b) of this regulation as a dividend, the quotient shall be the profit-per-dollar wagered in the place pool on the second entry to place.

(e) In each of the subsections (c) and (d) of this regulation, the profit-per-dollar wagered shall be the resultant. The sums wagered on the entries placed first and second shall be returned. The quotient added to the dollar taken out of the net pool in subsection (b) shall be the pay-off price for each dollar wagered on entries placed first and second in the place pool.

(f) If no money is wagered to place on an entry that is placed first or second in a race, the place pool for that race shall be apportioned among the holders of the place tickets on the other entry that has placed first or second.

(g) If no money is wagered on either the win or place entries, the pool shall be distributed to show ticket holders on place entries.

(h) Multiple entries for the same wagering interest shall be paid in proportion to the number of the parts of the entry. (Authorized by K.S.A. 1988 Supp. 74-8804 (p); implementing K.S.A. 1988 Supp. 74-8819 (b); effective T-112-3-31-89, March 31, 1989; effective June 26, 1989; amended March 19, 1990.)

112-9-18. Trifecta pool. (a) Each trifecta shall not be a parlay and shall have no connection with the win, place and show pools shown on the totalisator board and shall be calculated as an entirely separate pool.

(b) Each trifecta shall be the purchase of a ticket that combines three entries in a single race that will finish first, second and third in the race. Payment of the ticket shall be made only to the purchaser who has selected the same order of finish as officially posted.

(c) Each trifecta ticket shall not be sold in less than a one dollar denomination.

(d) If no ticket is sold on the winning combination of a trifecta pool, the net pool shall be distributed to each holder of a ticket that selects the win and place finishers in that order. If no ticket is sold combining the win and place finish, that pool shall be distributed to each holder of a ticket combining win and show finish, and if no ticket is sold combining the win and show finish, the pool shall be distributed to each holder of a ticket that selects the winner.

(e) If no ticket is sold that would require distribution of the net trifecta pool to a winner as outlined above, all money in the pool shall be refunded.

(f) If a dead heat or dead heats occur, each trifecta ticket that selects the correct order of finish, counting the entry in a dead heat as finishing in either position in which there is a dead heat, shall be a winning ticket. The payoff shall be calculated as a place pool.

(g) If a scratch occurs in the trifecta, no exchange shall be made. Each ticket that selects the scratched entry shall be eliminated from further participation in the trifecta pool and shall be refunded.

(h) Each coupled entry or field entry shall be prohibited in trifecta races without prior commission approval.

(i) Each organization licensee using this form of wagering shall post a reprint of this regulation in bold print and in clear view of any wagerer that is near the wagering windows. The location of the posted rules shall appear in the program. (Authorized by K.S.A. 1988 Supp. 74-8804 (p); implementing K.S.A. 1988 Supp. 74-8819 (b); effective T-112-3-31-89, March 31, 1989; effective June 26, 1989; amended March 19, 1990.)

112-9-21. Daily triple. (a) Each daily triple parimutuel pool shall not be a parlay and shall have no connection with or relation to any other parimutuel pool conducted by the association, nor to any win, place and show pool shown on the totalisator board, nor to the rules governing the distribution of the other pools. Each daily triple ticket shall select the entries that will finish first as officially posted in each of three races.

(b) Each valid daily triple ticket shall be evidence of a binding contract between the holder of the ticket and the organization licensee, and the ticket shall be an acceptance of the daily triple provisions in the regulations.

(c) The daily triple parimutuel pool shall consist of the amount contributed for a selection for win only in each of three consecutive races. Each daily triple race designated by the organization licensee shall be subject to the prior approval of the commission. Each person purchasing a daily triple ticket shall designate the winning entry in each of the three races comprising the daily triple.

(d) Each entry constituting a coupled entry or the field

entry in a race comprising the daily triple shall race as a single wagering interest for the purpose of the daily triple parimutuel pool calculations and payoff to the public. If any part of either a coupled entry or the field entry racing as a single interest is a starter in a race, the entry or the field selection shall remain as the designated selection to win in that race for the daily triple calculation. The selection shall not be a scratch.

(e) The net amount in the parimutuel pool subject to distribution shall be distributed among holders of tickets that correctly select the winners in all three races comprising the daily triple.

(f) If no ticket is sold combining the three winners of the daily triple, then that amount in the parimutuel pool shall be distributed among holders of tickets that select the winners of two of the three races comprising the daily triple.

(g) If no ticket is sold combining at least two winners of the daily triple, then that amount in the parimutuel pool shall be distributed among holders of tickets that select the winner of any one race comprising the daily triple.

(h) If no ticket is sold that would require distribution of the daily triple pool to a winner under this regulation, the organization licensee shall make a complete refund of the daily triple pool.

(i) If one of the races comprising the daily triple is cancelled, the net amount of the parimutuel pool shall be distributed as provided above in sections (f), (g) and (h).

(j) If two or more of the races comprising the daily triple are canceled, a complete refund shall be made of the daily triple pool.

(k) If a daily triple ticket selects an entry in any one or more of the races comprising the daily triple and that entry is scratched, excused or determined by the stewards or racing judges to be a non starter in the race, the actual favorite, as determined by the amounts wagered in the win pool at the time of the start of the race, shall be substituted for the non starting selection for all purposes, including pool calculations and payoffs. If two or more actual favorites have the same odds and the same amounts wagered in the win pool, the actual favorite with the lowest post position will be substituted.

(l) If a dead heat for win between two or more entries in any daily triple race occurs, all entries in the dead heat for win shall be considered as winning entries in the race for the purpose of calculating the pool.

(m) Each parimutuel ticket for the daily triple pool shall not be sold, exchanged or canceled after the time of closing of wagering in the first of the three races comprising the daily triple, except for the refunds on daily triple tickets required by the regulation.

(n) No person shall disclose the number of tickets sold in the daily triple pool or the number or amount of tickets selecting winners of daily triple racing until the stewards or racing judges have determined the last race comprising the daily triple to be official. At the conclusion of the second of the three races comprising the daily triple, any organization licensee may, with the prior approval of the commission, display the potential distribution to ticket holders depending upon the outcome of the third race of

the daily triple. (Authorized by K.S.A. 1988 Supp. 74-8804 (p); implementing K.S.A. 1988 Supp. 74-8819 (b); effective T-112-3-31-89, March 31, 1989; effective June 26, 1989; amended March 19, 1990.)

112-9-22. Pick (N). (a) Each pick (N) parimutuel pool shall not be a parlay and shall have no connection with or relation to any other parimutuel pool conducted by the organization licensee, or to any win, place and show pool shown on the totalisator, nor to the regulations governing the distribution of the other pools.

(b) The pick (N) parimutuel pool shall consist of amounts contributed to select winning entries only in each of certain races occurring during a single performance in a single day of racing designated by the organization licensee and approved by the commission. Each wagerer purchasing a pick (N) ticket shall designate the wagerer's choices of the winning entries as officially posted in each of a certain number of races during a single performance during a single day of racing comprising the pick (N). The organization licensee shall issue the pick (N) wagerer a ticket that reflects the participant's selections in the designated contests. The number of races designated may be four, five, six, seven, eight, nine or ten. At the time an organization licensee has decided the number of races comprising the pick (N), it shall not change that number during a race meet without prior approval of the commission, which may be given if it is in the best interests of the wagering public to do so.

(c) Each validly issued pick (N) ticket timely surrendered to the organization licensee by the legal holder of it shall be the only evidence of a wagerer's participation in a pick (N) parimutuel pool. The acceptance of a pick (N) ticket by taking an issued ticket from the window or terminal from which it is purchased shall be an acknowledgement by the wagerer of the correctness of the ticket. Each pick (N) wagerer shall be bound by the terms of this regulation.

(d) Each entry constituting an interest of coupled entries or each entry coupled to constitute the field in a race comprising the pick (N) shall race as a single wagering interest for the purpose of the pick (N) parimutuel pool calculations and payoff to wagerers. If any part of either a coupled entry or the field racing as a single wagering interest is a starter in a race, the entry or the field selection shall remain as the designated selection to win in that race for pick (N) calculation and the selection shall not be a scratch.

(e) Each pick (N) shall be composed of two separate parimutuel pools. Seventy-five percent of the net amount of all sums wagered on pick (N) tickets on each performance shall be paid into a parimutuel pool to be known as share number one. The remaining 25 percent of the net amount of all sums wagered on pick (N) tickets for that performance shall be paid into a parimutuel pool known as share number two.

(f) Subject to the provisions of this regulation pertaining to refunds, the net amount in share number one subject to distribution among winning wagerers shall be distributed only among the holders of pick (N) tickets that correctly select all official winners of the races comprising the pick (N) for that performance in a single day of racing.

(g) Subject to the provisions of this regulation pertain-

ing to refunds, the net amount in share number two subject to distribution among winning ticket holders shall be distributed among the holders of pick (N) tickets that correctly select the most official winners of the races comprising the pick (N) for that performance in a single day of racing.

(h) If no pick (N) ticket is issued that would entitle the ticket holder to the share number one, the entire share number one shall be carried over and included in the share number one pool for the next pick (N) performance. The share number one shall be supplemented each performance by the amount added to it from all previous performances' share number one pools that have not been won by a holder of a pick (N) ticket that correctly selects all official winners of the contests comprising the pick (N) for any performance.

(i) If the accumulated share number one has not been distributed before the closing day of the race meeting in which the share number one was generated, the accumulated share number one and the share number two pool subject to distribution among winning ticket holders shall be distributed among closing day holders of pick (N) tickets that correctly designate the most official winners of the races comprising the closing day pick (N). Where a split meet is held, all share number one and share number two pools shall be distributed as started in this subsection (i) on the final day of each portion of the split meet.

(j) If the organization licensee is unable to distribute share number one from any previous performance by the end of the race meet in accordance with the provisions of subsection (i) due to cancellation of the final day of racing or any other reason beyond the control of the organization licensee, share number one shall be carried forward to the next race meeting conducted at the same location having a pick (N). The carried over share number one shall be included in the share number two pool during one day previously approved by the commission of the first five days of racing at the following race meeting. If a share number one is carried forward under the provisions of this subsection (j), and the carry-over period is greater than five days, then share number one shall be segregated in an interest bearing account and all interest earned on share number one shall accrue to it.

(k) If a pick (N) ticket selects to win in any one or more of the races comprising the pick (N), a single wagering interest that is scratched, excused or determined by the stewards or judges to be a non-starter in the race, the actual favorite, as evidenced by the amounts wagered in the win pool at the time of the start will be substituted for the non-starting selection for all purposes, including pool calculations and payoffs; provided further, that if the win pool for two or more favorites is identical, the selection in the lowest program post position shall be substituted for the non-starting selection.

(l) If one or more of the contests comprising the pick (N) is canceled, the distribution of the net amount subject to distribution in share number two shall be among the holders of parimutuel tickets that correctly select the most official winners in all of the remaining contests comprising the pick (N) in such performances, except that if there is officially canceled or declared as no contest three or more of the contests comprising the pick (N), four or more of

the contests comprising the pick nine, or five or more of the contests comprising the pick 10, all parimutuel tickets on the pick (N) for that performance shall be refunded and the pick (N) shall be canceled for that performance. No wagerer shall win share number one unless that wagerer holds a pick (N) ticket that correctly designates the official winners of all the scheduled contests comprising the pick (N) for that performance. The cancellation of one or more races comprising the pick (N) in any performance shall result in the contribution to share number two of the amount contributed that day to share number one. The contribution to that performance's share number one will then be distributed along with the remainder of share number two to the winners of the share number two. Any contributions to share number one from previous performances will remain in share number one to be carried over and included in share number one for the next performance as prescribed in subsection (h).

(m) If a dead heat occurs for win between two or more entrants in any pick (N) race, all the entrants in the dead heat for win shall be considered as the winner in the race for the purpose of distributing share number one and share number two.

(n) No person or organization licensee shall disclose the number of tickets sold, or the number of tickets with potential to win the pick (N) or any other information about pick (N) tickets. The totalisator system shall be constructed or programmed to suppress the publication or printing of any of the information from the beginning of the first race until the stewards have determined the races comprising the pick (N) in any one performance to be official, except for the total dollars wagered in the pick (N) pool.

(o) Each parimutuel ticket for pick (N) shall not be sold, exchanged or canceled after the time of the close of mutual windows for wagering in the first of the contests comprising the pick (N), except for such refunds on pick (N) tickets as are required under this regulation.

(p) Each payment in excess of \$100,000 from any pick (N) pool shall be paid by an organization licensee check.

(q) Each share number one pool shall have a cap that the pool shall not exceed. The cap for a pick four share number one pool shall be \$4,000, or 2,000 times the minimum wager, whichever is less. The cap for a pick five share number one pool shall be \$30,000, or 15,000 times the minimum wager, whichever is less. The cap for a pick six share number one pool shall be \$1,000,000 or 500,000 times the minimum wager, whichever is less. The cap for a pick seven share number one pool shall be \$1,000,000. The cap for a pick eight share number one pool shall be \$2,000,000. The cap for a pick nine share number one pool shall be \$5,000,000. The cap for a pick 10 share number one pool shall also be \$5,000,000. Before the opening of each race meet, the organization licensee may declare a cap for the jackpot pool less than the cap imposed by this regulation, provided the cap is in increments of \$1,000. If the organization licensee has elected a cap, the organization licensee shall not alter the cap without providing the commission with prior written notice. If, at the close of any performance, the amount accumulated in the share number one pool equals or exceeds the cap, the share number one pool shall be frozen until it is won, under the other provisions of the applicable

pick (N) regulation. After the share number one pool is frozen, 100 percent of all later contributions shall go to the share number two pool and be distributed accordingly. Nothing in this regulation shall affect the total distribution of both pools on the closing day of any meet or portion of a split meet.

(r) Before the opening of a race meet at which a pick (N) wager will be offered, any organization licensee may elect to force an early payout of the share number one pool by informing the commission in writing before the opening of the race meet of the organization licensee's intent to force an early payout if the conditions of this subsection (r) are met. Early payout of the share number one pool shall be as follows. Within 24 hours after the share number one reaches its cap, the organization licensee shall designate the performance at which the early payout will be made by informing the commission in writing of the designated performance. If at the conclusion of the last race comprising the pick (N) of the designated performance, no wagerer has won the share number one pool, the funds in the share number one pool shall be transferred to the share number two pool for the designated performance and distributed in the manner in which the share number two pool is distributed. (Authorized by K.S.A. 1988 Supp. 74-8804 (p); implementing K.S.A. 1988 Supp. 74-8819 (b); effective T-112-3-31-89, March 31, 1989; effective June 26, 1989; amended March 19, 1990.)

112-9-23. Payoff on minus pool. Each organization licensee shall pay to each holder of any ticket entitling the holder to participate in the distribution of a parimutuel pool the amount wagered by the holder plus a minimum of five percent. This requirement shall be unaffected by the existence of a parimutuel pool that does not contain sufficient money to distribute the five percent to each person holding the tickets. (Authorized by K.S.A. 1988 Supp. 74-8804 (p); implementing K.S.A. 1988 Supp. 74-8819 (b); effective T-112-3-31-89, March 31, 1989; effective June 26, 1989; amended March 19, 1990.)

112-9-29. Probable odds on morning line. Unless otherwise approved by the commission, each organization licensee shall calculate and print in the official program the probable win odds for each wagering interest in each race. (Authorized by and implementing K.S.A. 1988 Supp. 74-8804 (p); effective T-112-3-31-89, March 31, 1989; effective June 26, 1989; amended March 19, 1990.)

112-9-34. Wagering by jockey. Each jockey shall not make any wager, or have any wager made in his behalf, on any card in which he participates. (Authorized by and implementing K.S.A. 1988 Supp. 74-8804 (c) and 74-8804 (p); effective T-112-3-31-89, March 31, 1989; effective June 26, 1989; amended March 19, 1990.)

112-9-37. Dead Heats. (a) In each dead heat for first place, the win pool pay-off price shall be figured as in a place pool.

(b) In each dead heat for second in the place pool, each winner of the race shall receive one-half share of the profits in that pool, and each of the two entries that run a dead heat for second shall receive one-half of the remaining half of the profits.

(c) In each dead heat for third or show in the show

(continued)

pool, each of the two entries that place first and second each shall receive a normal one-third of the profits in that pool; and of the two entries that run a dead heat for third, each shall receive one-half of the remaining third of the profits.

(d) If two or more entries racing for one interest or field participate in dead heats, each dead heat entry shall be entitled to the proportionate share of the profits in the pool in which the dead heat occurs and the other pools affected.

(e) If two or more entries racing for one interest or field run a dead heat or run a multiple dead heat in one race, each dead heat entry shall be entitled to the proportionate award of the profits in whatever pool or pools are affected by the dead heat or dead heats. The sum of total profits in each pool for the entry or field shall then be used as a dividend to calculate the payoff for the dead heat entry in that pool. (Authorized by K.S.A. 1988 Supp. 74-8804 (p); implementing K.S.A. 1988 Supp. 74-8819 (b); effective T-112-3-31-89, March 31, 1989; effective June 26, 1989; amended March 19, 1990.)

(b) If the official test laboratory reports a positive test for any drug, its metabolites, or any substance foreign to the natural horse, the animal health officer shall classify the test in accordance with the following classifications:

(1) Class one: drugs and medications that are stimulants, depressants, narcotics, local anesthetics having no recognized therapeutic value or substances that impede testing procedures;

State of Kansas
Board of Mortuary Arts
Permanent Administrative
Regulations

Article 1.—EMBALMING; CONTINUING
EDUCATION OF EMBALMERS AND
FUNERAL DIRECTORS

63-1-3. Registration and apprenticeship. (a) Each person desiring to enter the practice of embalming dead human bodies within the state of Kansas shall apply to the board for a "certificate of registration," no later than 30 days before the examination date. Application forms provided by the board shall be used. Each application form shall be accompanied by:

(1) Official transcripts of approved institutions of higher learning showing the applicant has met the educational requirements or the equivalent of K.S.A. 65-1701a; and

(2) statements that the school, institute, community college, or university where the applicant completed education meets the following qualifications:

(A) The school, institute, community college, college, or university is approved by the board; and

(B) the school, institute, community college, college, or university is accredited by the American board of funeral service education or by any agency recognized by the United States commissioner of education as the proper agency for the accrediting of these schools.

(b) If an applicant has successfully completed the educational requirements stated in K.S.A. 65-1701a, the applicant may file the college or the university transcript and the prescribed fee with the board. Upon receiving a "certificate of completion" or the degree offered by the school, each applicant shall be eligible to apply to take the embalmer's examination given by this board.

(c) If the student enrolls in an approved school of mortuary science offering only mortuary science courses, the student shall complete 60 hours in an accredited college or university. Each student shall obtain a minimum of 30 hours of mortuary science courses before being eligible to apply to take the embalmer's examination given by this board.

(d) Upon passing the examination, each applicant shall be registered under a Kansas licensed embalmer for an embalmer apprenticeship. Each licensee under whom an apprentice is registered shall file quarterly reports of progress with the board. Upon successful completion of the apprenticeship, an embalmer's license shall be issued by the board upon payment of the pro-rated biennial fee.

(e) Each transcript and record filed with the board shall become part of the board's permanent files and records.

(f) If the applicant does not pass the examination within two years from the date of first application, that application shall automatically be canceled. Time served in the armed forces shall not be counted in computing this period. If the applicant desires to re-apply, the applicant shall make a new application and shall comply with the requirements of the board.

(g) If an apprentice embalmer fails to complete the apprenticeship within two years following the successful completion of the examination, the apprenticeship shall

be canceled. Time served in the armed forces shall not be counted in computing this period. If the applicant later desires to complete the apprenticeship, the applicant shall first retake and pass the embalmer's examination.

(h) Each applicant who passes the examination shall receive credit toward the apprenticeship for time spent in the armed forces if the applicant's primary duties were preparation of, and caring for, dead human bodies under the supervision of a person holding a valid embalmer's license in any state. The supervising licensee shall certify as to the duties of the applicant.

(i) Each embalmer apprentice shall serve full time. (Authorized by K.S.A. 44-534, K.S.A. 44-573, 74-1704; implementing K.S.A. 65-1702, K.S.A. 65-1701a, 65-1727; effective Jan. 1, 1966; amended Jan. 1, 1967; amended Jan. 1, 1969; amended Jan. 1, 1974; amended, E-76-14, Feb. 28, 1975; amended May 1, 1976; amended May 1, 1978; amended May 1, 1982; amended May 1, 1983; amended May 1, 1986; amended May 1, 1987; amended May 1, 1988; amended June 26, 1989; amended March 19, 1990.)

63-1-4. Examination. (a) Each embalmer's examination shall address the following subjects in separate sections: anatomy, chemistry, embalming, microbiology, mortuary administration, pathology, restorative art, and such other subjects as the board may require. Only applicants who have met the requirements of K.S.A. 65-1701a and K.A.R. 63-1-3 may take the examination. Each applicant shall pass all subjects to be eligible for apprenticeship and licensure.

(b) Any applicant who fails the examination may appear before the board at the next regular embalmer's examination and complete a second examination on the subjects that the applicant failed, without paying any additional fees. If the applicant fails in any subjects in the second examination or fails to appear for it, the applicant may make a new application within six months for which the applicant shall pay another examination fee. The applicant shall then be eligible to complete the examination and an additional examination in any failed subjects.

(c) The results of the final examination shall be final unless the applicant shows that he or she has since attended and passed courses on the subjects so failed and the applicant successfully passes a new examination on all required subjects. Each course shall have been given by an approved school of mortuary science. (Authorized by K.S.A. 74-1704; implementing K.S.A. 65-1701a; effective Jan. 1, 1966; amended May 1, 1978; amended May 1, 1987; amended June 26, 1989; amended March 19, 1990.)
