Notice of Hearing
 on Proposed
 Administrative Regulations

A public hearing will be conducted at 11 a.m. Monday, April 23, in Room 106 of the Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed rules and regulations of the Division of Personnel Services and the Division of Accounts and Reports.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Administration, Room 263-E, State Capitol, Topeka 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes. A summary of the proposed regulations and their economic impact follows.

Division of Personnel Services

K.A.R. 1-9-5, Sick leave, is proposed for amendment on a temporary and permanent basis. Amendments to this regulation would allow agencies to grant use of sick leave for the adoption of a child by an employee or initial placement of a foster child in the home of an employee. Allowing employees to use their accumulated sick leave for the proposed purposes would not result in additional costs to state agencies. It is estimated that 36 adoptive-parent employees and no more than 22 foster-parent employees will benefit from the proposed amendment each year. There will be no economic impact on the general public.

Copies of the regulation and its economic impact statement may be obtained from the Division of Personnel Services, 9th Floor, Landon State Office Building, 900 S.W. Jackson, Topeka 66612, (913) 296-4278 (KANS-A-N 561-4278).

Division of Accounts and Reports

K.A.R. 1-16-18a, Designated high cost geographic areas, is proposed for amendment on a permanent basis. The amendments delete those locations that studies indicate no longer qualify as high cost geographic areas because of increases in allowable lodging reimbursement rates that will take effect July 1, 1990. These amendments are not expected to create any additional economic impact on state agencies, state employees or the general public.

Copies of the regulation and its economic impact statement may be obtained from the Division of Accounts and Reports, 3rd Floor, Landon State Office Building, 900 S.W. Jackson, Topeka 66612, (913) 296-2311.

Notice of Meeting and Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 7 p.m. Monday,
April 23, at the Silver Spur Lodge & Convention Center,
1510 W. Wyatt Earp Blvd., Dodge City, to consider the
adoption and revocation of several department regula-
tions. If necessary, the public hearing will continue at 9
a.m. Tuesday, April 24, at the same location. A workshop
meeting on upcoming business and regulations will begin
at 1:30 p.m. Monday, April 23, at the above location. If
necessary, the workshop will continue following the con-
clusion of the public hearing. The public is also invited
to attend the workshop.

This 30-day notice period prior to the hearing consti-
tutes a public comment period for the purpose of re-
ceiving written public comments on the regulations.

All interested parties may submit written comments
prior to the hearing to the chairman of the commission,
Kansas Department of Wildlife and Parks, Suite 502, Lan-
don State Office Building, 900 S.W. Jackson, Topeka
66612. All interested parties will be given a reasonable
opportunity at the hearing to express their views orally
in regard to the adoption of the proposed regulations and
the proposed revocations. During the hearing all written
and oral comments submitted by interested parties will
be considered by the commission as a basis for approving,
amending or rejecting the proposed regulations and
revocations.

The following is a brief summary of the exempt reg-
ulations proposed for adoption and regulations proposed
for revocation.

**K.A.R. 115-25-5. Turkey; fall season, bag limits and
permits.** This exempt regulation will establish the fall
archery and firearm turkey hunting seasons, hunting
units, permit allowances, and bag limits. Applications
dates are included.

Economic Impact Summary: It is estimated that the
department will issue 2100 turkey hunting permits, thus
generating \$31,400 in revenue. Certain businesses will
benefit from sportsmen hunting turkey. Revenue to the
department represents a cost to sportsmen; however, such
cost is voluntary for sportsmen.

K.A.R. 115-25-7. Antelope; open season, bag limit and permits. This exempt regulation establishes the 1990 archery and firearms seasons, hunting units, permit allowances, and bag limits. Application dates are included.

Economic Impact Summary: It is estimated that the department will issue 315 antelope hunting permits, thus generating \$9,840 in revenue. Certain businesses will benefit from sportsmen hunting antelope. Revenue to the department represents a cost to sportsmen; however, such cost is voluntary for sportsmen.

K.A.R. 115-25-8. Elk; open season, bag limit and permits. This exempt regulation establishes the 1990 elk hunting season, hunting areas, permit allowances, and bag limits. Application dates are included.

Economic Impact Summary: It is estimated that the department will issue six elk hunting permits, thus generating \$415 in revenue. Certain businesses will benefit from sportsmen hunting elk. Revenue to the department represents a cost to sportsmen; however, such cost is voluntary for sportsmen.

K.A.R. 115-25-9. Deer; regular open season, bag limit and permits. This exempt regulation establishes the regular archery and firearms deer seasons, permit allowances, and bag limits. Application dates are included.

Economic Impact Summary: It is estimated that the department will issue 79,200 deer hunting permits, thus generating \$1,850,000 in revenue. Certain businesses will benefit from sportsmen hunting deer. Revenue to the department represents a cost to sportsmen; however, such cost is voluntary for sportsmen.

K.A.R. 115-25-11. Furbearers, open season and bag limits. This exempt regulation establishes the furbearer hunting, trapping and running seasons, and open areas.

Economic Impact Summary: It is estimated that the department will issue 6,700 furbearer licenses, thus generating \$103,850 in revenue. Certain businesses will benefit from sportsmen hunting and trapping furbearers. Revenue to the department represents a cost to sportsmen; however, such cost is voluntary for sportsmen and is offset by the sale of fur to fur dealers.

K.A.R. 115-25-12. Coyotes; season. This exempt regulation authorizes the taking of coyotes during all firearms deer seasons.

Economic Impact Summary: Without this regulation, coyote season would be closed during any firearms deer season. That would result in lost recreational opportunity for sportsmen and potential loss of revenue for sportsmen and fur dealers.

The following exempt regulations are proposed for revocation:

K.A.R. 23-1-8. Turkey; fall season; bag limit and permits. This exempt regulation existed under the discontinued agency 23 number. Provisions for a fall turkey season are contained in K.A.R. 115-25-5.

Economic Impact Summary: No economic impact will occur as a result of revocation.

K.A.R. 23-2-5. Deer; regular season; bag limits and permits. This exempt regulation existed under the discontinued agency 23 number. Provisions for the deer season are contained in K.A.R. 115-25-9.

Economic Impact Summary: No economic impact will occur as a result of revocation.

K.A.R. 23-2-12. Antelope; season; bag limit and permits. This exempt regulation existed under the discontinued agency 23 number. Provisions for the antelope season are contained in K.A.R. 115-25-7.

Economic Impact Summary: No economic impact will occur as a result of revocation.

K.A.R. 23-2-18. Elk; season; bag limit and permits. This exempt regulation existed under the discontinued agency 23 number. Provisions for the elk season are contained in K.A.R. 115-25-8.

Economic Impact Summary: No economic impact will occur as a result of revocation.

K.A.R. 23-2-19. Deer; special season; bag limit and permits. This exempt regulation existed under the discontinued agency 23 number. Provisions for a special season, if authorized, would occur under an agency 115 exempt regulation at a later date.

Economic Impact Summary: No economic impact will occur as a result of revocation.

In legislation enacted as local economic regulation, classifications that are rationally related to a legitimate state interest do not offend the Equal Protection Clause of the Fourteenth Amendment. New section one of 1990 House Bill No. 2601 that distinguishes property located within corporate city limits from rural property does not offend the Equal Protection Clause. Kansas Public Disclosure Commission

Advisory Opinion No. 90-2

Written March 7, 1990, to Shirley Sicilian, Chief of the Office of Economic Policy, Kansas Corporation Commission, Topeka.

This opinion is in response to your letter of February 22, 1990, in which you request an opinion from the Kansas Public Disclosure Commission.

We understand you request this opinion in your capacity as Chief of the Office of Economic Policy for the Kansas Corporation Commission. In this capacity, you are responsible for supervising staff proposed design rates, determination of rate of return, and general research pertaining to Kansas gas, electric and water public utilities.

Several Kansas utilities are currently providing pre-paid metering on an experimental basis in a limited, volunteer customer group. The staff of the commission has monitored the development of pre-paid metering and, when the utilities filed experimental tariffs, the staff provided a recommendation to the commission. If the utilities choose to expand the program, staff will be responsible for providing the commission a recommendation on the proposed expansion.

In August of 1989, the Kansas Electric Utility Research Program (KEURP) issued a request for proposals to undertake research on the use of pre-paid metering by electric utilities. KEURP is a non-profit consortium of Kansas jurisdictional electric utilities which describes itself as a "a joint venture . . . to undertake and encourage appointed research and development projects which may enhance reliability and minimize cost of electric service to Kansas." Several of the Kansas state universities submitted bids. The contract was awarded to the University of Kansas. Your husband, Joseph Sicilian, is a professor of economics at the University of Kansas and principal investigator on the project. He will be paid a total of approximately \$15,000 to \$20,000 by the university over the three year contract period.

As we understand the factual pattern, KEURP is not an entity which contracts with the state of Kansas through the Kansas Corporation Commission nor is it an entity

which is regulated, licensed or inspected by the Kansas Corporation Commission. Therefore, the conflict of interest statutes do not apply to KEURP and certainly would not extend to its contracts with the university from which your husband will benefit.

We express no opinion on such other common law, statutory system or agencies' policies which are outside our jurisdiction.

Please note that when you file your Statement of Substantial Interests you will be required to disclose your husband's contract interest.

Advisory Opinion No. 90-3

Written March 7, 1990, to Jean Duncan, Administrative Officer, Kansas Real Estate Commission, Topeka.

This opinion is in response to your letter of February 28, 1990, in which you request an opinion from the Kansas Public Disclosure Commission.

We understand you request this opinion in your capacity as administrative officer for the Kansas Real Estate Commission.

You ask whether it would be a conflict of interest for a member of the commission to be approved as an instructor for a school pursuant to K.A.R. 86-1-10(d) or as proctor for correspondence courses examinations as provided in K.A.R. 86-1-10(c).

Simply put, the positions discussed relate to teaching or operating schools for real estate training and are regulated by the Kansas Real Estate Commission.

From a review of K.S.A. 46-215 *et seq.*, it is our opinion so long as the commissioner abstains from all actions in his official capacity as a state officer in regard to the positions sought, the act does not prohibit acceptance of these positions.

We express no opinion on whether this fact pattern complies with such common law, statutory systems or agency policies as are outside our jurisdiction.

While this situation does not constitute a legal conflict of interest, as in all matters public officials should avoid the appearance of a conflict as much as they should the conflict itself.

Advisory Opinion No. 90-4

Written March 7, 1990, to H. Boone Porter III, Lewis, Rice & Fingersh, Overland Park.

This opinion is in response to your letter of February 7, 1990, in which you request an opinion from the Kansas Public Disclosure Commission.

We understand you request this opinion in your capacity as a law firm which provides legal services to the Kansas Technology Enterprise Corporation, an entity created by K.S.A. 74-8101(a).

You ask whether your firm or its individual attorneys are required to file Statements of Substantial Interests pursuant to K.A.R. 46-247(e) or Representation Case Disclosure Statements under K.S.A. 46-239 as a result of representation of KTEC.

The substantial interest statement must be filed by "general counsels" of state agencies. However, in Opinion No. 87-16, this commission determined that KTEC did not meet the definition of state agency for the purposes

(continued)

of K.S.A. 46-215 *et seq.* Thus, this statement does not apply to your firm or its individual attorneys.

The representation case filing is triggered only for those persons who meet the definition of "state officer or employee." As independent contractors who are not on a fixed salary (see K.S.A. 46-221(a)(4)), you do not meet this definition. Therefore, neither your firm or its individual members are required to file this statement.

Advisory Opinion No. 90-5

Written March 7, 1990, to Duane F. Pomeroy, Topeka.

This opinion is in response to your letter of December 26, 1989, received in our office on January 22, 1990, in which you request an opinion from the Kansas Public Disclosure Commission concerning the conflict of interest law.

We understand you were formerly a Community Consultant I at SRS. You have accepted a position with Cooperative Urban Teacher Education (CUTE). You ask whether your acceptance of the new employment was permissible under K.S.A. 46-233.

As we understand the factual situation, there were two relationships between CUTE and the state during your employment with the state. The first concerned a situation where CUTE was a subcontractor of a state grantee. In the second situation CUTE applied for a grant, but you abstained from all action therein.

K.S.A. 46-233 states in pertinent part:

"Whenever any individual has, within the preceding two years participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business for one year following termination of employment as a state officer or employee."

It is our view in the first case that you could not be deemed to have participated "in your capacity as such officer or employee" in an independent agreement between a state grantee and one of its independent contractors. In the second situation, since you abstained, the "participation" language is not triggered at all.

Thus, it is our opinion that K.S.A. 46-233 did not preclude you from accepting the position with CUTE.

Advisory Opinion No. 90-6

Written March 7, 1990, to Mark Beshears, Goodell, Stratton, Edmonds & Palmer, Topeka.

This opinion is in response to your letter of March 5, 1990, in which you request an opinion from the Kansas Public Disclosure Commission concerning K.S.A. 46-233.

We understand you request this opinion on behalf of your client, the executive director of the Kansas Commission for the Deaf and Hearing Impaired (KCDHI). We understand he wishes to accept a position with Southwestern Bell Telephone Company, a private corporation. Due to his position with the state, the executive director was appointed to a position with Kansas Relay Services, Inc. (KRSI), a private corporation. During the director's service with the KRSI, a contract was negotiated between that entity and Southwestern Bell Telephone Company.

K.S.A. 46-233 states in pertinent part:

"Whenever any individual has, within the preceding

two years participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business for one year following termination of employment as a state officer or employee."

It is our opinion that while the executive director was serving on the board of KRSI he was acting in that capacity and not "in his capacity as a state officer or employee." Thus, this section did not apply to the transaction between KRSI and Southwestern Bell Telephone and it does not preclude the acceptance of the position with Southwestern Bell Telephone.

Advisory Opinion No. 90-7

Written February 28, 1990, to William W. Sneed, General Counsel, Kansas Republican Party, Topeka.

This opinion is in response to your letter of December 2, 1989, in which you request an opinion from the Kansas Public Disclosure Commission concerning the Campaign Finance Act.

We understand you request this opinion in your capacity as general counsel for the Kansas Republican Party.

You ask the following questions:

1. K.S.A. 25-4153 was amended to include new subsection (c), and it is this subsection that your questions arise from. One issue is what, if any, effect subsection (c) has on the limitation of contributions made by corporations, their subsidiaries, and/or their political action committees. For instance, if a corporation has subsidiaries that it wholly owns and also has a political action committee, and such corporation makes a maximum contribution to a particular candidate, is the subsidiary and/or the political action committee unable to make any additional contributions?

2. Again, using the scenario above, and if a maximum contribution to a candidate is made by a political action committee, what limitations are then imposed on any individuals who have contributed to the political action committee?

3. Again, under new subsection (c), if a partnership or closely held corporation makes a maximum contribution to a candidate, what effect does that contribution have on the individual partners and/or shareholders?

4. Under K.S.A. 25-4153 (e), what, if any, limitation does a state elected official have relative to a contribution to a party committee as encompassed in subsection (e) and defined in the Act?

5. The amendments to the Campaign Finance Act found in Senate Substitute for House Bill 2359 now require annual reporting of campaign finance reports in addition to the reporting requirements held during an election year. What is the position of the Public Disclosure Commission as it relates to who must file such reports? In other words, does the reporting requirement compel all candidates, whether declared or undeclared, to file such a report if such candidate has a campaign committee in existence after July 1, 1989?

K.S.A. 25-4153(c) states:

"For purposes of the contribution limitations, the following apply:

(1) All payments made by a person, organization, or political action committee whose contribution or ex-

penditure activity is financed, maintained, or controlled by a corporation, labor organization, association, or any other person or committee, including a parent, subsidiary, branch, division, department or local unit of the corporation, labor organization, association, or any other person, or by a group of such persons are considered made by the same person or committee. (2) Two or more entities are treated as a single entity if the entities: (A) Share the majority of members on their board of directors; or (B) are owned or controlled by the same majority shareholder or shareholders; or (C) are local units or divisions of a political committee. An entity will be deemed a local unit or division if membership in the political committee is a condition of membership in the local unit or division or the local unit or division is required to pay membership dues to the political committee or members of the local unit or division are required to pay membership dues to the political committee."

In your first question you ask whether a corporation and its wholly-owned subsidiary will be treated as a single entity for contribution limitation purposes. The threshold questions are whether the corporation "financed, maintains or controls" the contribution activities of its subsidiary. Thus, if the parent corporation provides the funding directly for the contribution, it would be "financed" and one limitation would apply (this would also be illegal under separate provisions of the act). If the subsidiary were simply a shell maintained in the office of the parent, one limitation would apply. The more common question though will be whether the parent "controls" the subsidiary. In this regard, subsection (2)(A) & (B) gives guidance. It is clear that if the two entities share the majority of members on their board of directors or are owned or controlled by the same majority shareholder or shareholders, a single limit applies. In all other cases, whether the requisite control exists would depend on the facts of each case; but, as a general rule in the wholly-owned subsidiary situation, by applying the above guidelines a single limitation would result.

The second part of your first question deals with corporations and their political action committees. The same test is applied, that is, does the corporation "finance, maintain or control" the contribution activity of the political action committee or vice versa. In those situations where the political action committee serves as a savings plan for individual employees and each employee makes an independent decision on how their funds are used and the contribution is reported in the individual's name, this section does not apply. At the other extreme, where the political action committee is maintained in the corporate office, costs for solicitation of contributions come from corporate overhead, and the directors of the corporation and decision makings of the political committee share majority identities, it is clear that a single contribution limitation will apply. We would caution corporations with political action committees that their political action committee should be removed from the corporate office and a truly independent decision-making process be established or the single entity treatment may very well apply.

In your second question, you ask if a maximum con-

tribution is given by a political action committee; is an individual contributor to that committee then limited in amount. It is our view generally that only in the circumstances where the contributor controlled the decision by the PAC that a single limit would apply. Thus, in the situation when the contributor played no role in the decision-making process of the PAC, there would be no limitation imposed on the individual. In a significantly large enough PAC where there could be no inference of a ruse to avoid contribution limitations, the mere fact that one person voted with the majority on a contribution decision would not affect that person's individual limitations. Other situations would depend on the specific facts.

In your third question, you ask what effect a partnership or closely held corporation making a maximum contribution will have on the individual partners or shareholders of the corporation. Here again, the paramount question is one of control. In the partnership setting if one person controls the decision-making process on the partnership contribution, then the limitation will be applied to that individual's personal contributions. A 51% or more ownership in a partnership creates a rebuttable presumption of control. Other members of the partnership will not be so limited. In the closely held corporation setting the same rule applies. Any individual who can control the corporate decision as to contributions will have their individual giving limited; other shareholders will not.

In your fourth question, you ask how much a state elected party official may give to a party committee. These persons are treated like any other individual and the limitation is \$1500 for each election.

Lastly, you ask which candidates must file annual reports. You use the phrase "declared or undeclared." For our purposes the phrase has no real legal meaning. The issue is whether a person is a "candidate" as defined by K.S.A. 25-4143 and declaration is only one of the tests. To answer your question, every individual who meets the definition of candidate must file, and this includes anyone who has an ongoing fund which has not properly terminated.

The commission also takes this opportunity to address an additional issue concerning the application of contribution limitations to spouses. Clearly, each spouse may give the maximum amount allowed. The question we wish to cover is whether the funds must come from the separate account or moneys of each spouse. It is our opinion under Kansas law that each spouse has an inchoate interest in the assets of the other and it is, therefore, irrelevant when both spouses make a contribution whose funds are used. Thus, it is permissible for all of a spousal contribution to be drawn from the separate account of one of the spouses. The real issue in spousal contributions is that the spouse in whose name the contribution is given must consent to the contribution. Otherwise the spouse who made the contribution in both their names has made an illegal contribution.

Please note that there are several bills pending in the legislature which might materially modify this opinion.

Department of Health
and EnvironmentNotice Concerning Variance Request
From Hazardous Waste Regulations

The Kansas Department of Health and Environment is providing public notice that on December 14, 1989, Gordon-Piatt Energy Group Inc., located at Strother Field Industrial Park near Winfield, submitted a request for a variance from specific hazardous waste regulations. The request for a variance was submitted in accordance with K.A.R. 28-31-13(a).

The variance is requested from K.A.R. 28-31-4 and 40 CFR 265.176, which require the storage of containers holding ignitable hazardous waste must be located at least 15 meters (50 feet) from the facility's property line.

Gordon-Piatt Energy Group Inc. generates ignitable hazardous waste. The hazardous waste is stored prior to being shipped off-site for reclamation. Gordon-Piatt Energy Group Inc. proposes to store this waste in a hazardous waste storage building with a concrete floor with curbing to contain any potential spills. KDHE has reviewed the variance request and concluded that the variance is justified.

In accordance with K.A.R. 28-31-13(b), public notice is being provided of the tentative decision to grant the variance. Copies of the variance request will be available for public review from March 22 to April 20 from 8 a.m. to 4:30 p.m. weekdays at the KDHE, Building 740, Forbes Field, Topeka, and at the KDHE district office, 1919 Amidon, Suite 130, Wichita.

Comments concerning this variance request may be directed to Glynis Perry, Hazardous Waste Section, KDHE, Topeka 66620. Comments must be submitted in writing prior to April 20. Requests for additional information may be made by contacting KDHE at (913) 296-6898.

Upon the written request of any interested person, a public meeting may be held to consider comments on this tentative decision. The person requesting a meeting should state the issues to be raised and explain why written comments would not suffice to communicate the person's views. If a decision is made to conduct a public meeting, a separate public notice detailing the date and place of a public meeting will be issued.

After evaluating all public comments, a final decision will be made by the secretary and a notice of the final decision will be published in the *Kansas Register*. If approved, any conditions or time limitations needed to comply with all applicable state or federal laws or to protect human health or safety or the environment will be specified by the secretary. A date upon which the variance will no longer be valid will be prescribed in the final decision.

The bonds and the interest thereon will constitute general obligations of the county, and if not so paid, then will be paid from ad valorem taxes that may be levied without limitation as to rate or amount upon all the taxable tangible property, real and personal, within the territorial limits of the county.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned clerk and marked "Bond Bid." Bids may be submitted by mail or delivered in person to the undersigned at the office of the county clerk and must be received by the undersigned prior to 10 a.m. local time on April 12, 1990.

Bid Forms

All bids must be made on forms that may be procured from the county clerk or the bond counsel. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The county reserves the right to waive irregularities and to reject any and all bids.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. No interest rate may exceed a rate equal to the index of treasury bonds published by *Credit Markets* in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No bid of less than the entire par value of the bonds and accrued interest thereon to the date of delivery will be considered and no supplemental interest payments will be authorized. Each bid shall specify the total interest cost to the county during the life of the bonds on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the county on the basis of such bid—all certified by the bidder to be correct—and the county will be entitled to rely on the certificate of correctness of the bidder. Each bid shall also specify the average annual net interest rate to the county on the basis of such bid.

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the county, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the county. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the county's governing body shall determine which bid, if any, shall be accepted, and its determination shall be final. The county reserves the right to reject any and all bids and to waive any irregularities in a submitted bid. Any bids received after 10 a.m. local time on the date the bids are due will be returned to the bidder unopened.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America equal to 2 percent of the total amount of the bid payable to the order of the county. If the bid is accepted, said check, or the proceeds thereof, will be held by the county until the bidder shall have complied with all of the terms and conditions of this notice. If a bid is accepted by the county and the county shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check, or the proceeds thereof, will be returned to the bidder. If a bid is accepted but the bidder defaults in the performance of

(continued)

any of the terms and conditions of this notice, the proceeds of such check will be retained by the county as and for liquidated damages. No interest will be paid upon the successful bidder's good faith check.

Delivery and Payment

The county will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or before April 27, 1990, at such bank or trust company in the state of Kansas, or Kansas City, Missouri, as may be specified by the successful bidder. The successful bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the county.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the county, for the year 1989, is as follows:

Equalized assessed valuation of taxable tangible property	\$140,999,694
Tangible valuation of motor vehicles	25,421,534
Equalized assessed tangible valuation for computation of bonded debt limitations ...	\$166,421,228

The total general obligation indebtedness of the county as of the date of the bonds is \$5,690,000, plus this issue, and there are notes outstanding at this time in the amount of \$599,000, of which \$308,000 will be picked up by this bond issue. Federal funds will pay for a substantial amount of the total cost of this sewer project.

Opinion and Tax Exemption

The bonds will be sold subject to the legal opinion of William P. Timmerman, Wichita, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the county, printed on the bonds and delivered to the successful bidder as and when the bonds are delivered.

All matters incidental to the authorization and issuance of the bonds are subject to the approval of the bond counsel.

In the opinion of bond counsel, under existing law, the interest on the bonds: (a) is excludable from gross income for federal income tax purposes, and (b) is not an item of tax preference for purposes of federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that with respect to corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted net book income (adjusted current earnings for taxable years ending after 1989) for the purpose of computing the alternative minimum tax imposed on such corporations. The opinion set forth in clause (a) above is subject to the condition that the county comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the bonds in order that interest thereon be (or continue to be) excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements could cause the interest on the bonds to be so includable in gross income retroactive to the date of issuance of the bonds. The

county has covenanted to comply with all such requirements.

Prospective purchasers of the bonds should be aware that: (i) Section 265 of the code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the bonds, except with respect to certain financial institutions (within the meaning of Section 265(b)(5) of the code); (ii) with respect to insurance companies subject to the tax imposed by Section 831 of the code, for taxable years beginning after December 31, 1986, Section 832(b)(5)(B)(i) reduces the deduction for loss reserves by 15 percent of the sum of certain items, including interest on the bonds; (iii) for taxable years beginning after December 31, 1986, and before January 1, 1992, interest on the bonds earned by some corporations could be subject to the environmental tax imposed by Section 59A of the code; (iv) for taxable years beginning after December 31, 1986, interest on the bonds earned by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 884 of the code; (v) passive investment income, including interest on the bonds, may be subject to federal income taxation under Section 1375 of the code for Subchapter S corporations that have Subchapter C earnings and profits at the close of the taxable year, if greater than 25 percent of the gross receipts of such Subchapter S corporation is passive investment income; and (vi) Section 86 of the code requires recipients of certain Social Security and certain railroad retirement benefits to take into account in determining gross income, receipts or accruals of interest on the bonds.

The bonds are "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the code, and in the case of certain financial institutions (within the meaning of Section 265(b)(5) of the code), a deduction is allowed for 80 percent of that portion of such financial institution's interest expense allocable to interest on the bonds.

Bond counsel expresses no opinion regarding other federal tax consequences with respect to the bonds.

The bonds are exempt from intangible personal property taxes levied by Kansas counties, cities or townships and interest on same are now exempt from Kansas income taxes.

Additional Information

Additional information regarding the bonds may be obtained from the clerk or from Brian Corrigan of Columbian Securities Co., 550 N. 159th, Wichita, KS 67230, (316) 733-2600; or William P. Timmerman, Bond Counsel, 400 N. Woodlawn, Suite 208, Wichita, KS 67208, (316) 685-7212.

Under the provisions of the Interest and Dividend Tax Compliance act of 1983, paying agents making payments of interest or principal on corporate securities or making payments of principal on municipal securities may be obligated to withhold a 20 percent tax from remittances to individuals who have failed to furnish the paying agent with a valid taxpayer identification number. Holders of the 1983 Bonds who wish to avoid the imposition of this tax should submit certified taxpayer identification numbers when presenting their bonds for payment.
