Notice of Hearing
on Proposed
Administrative Regulations

The office of the Consumer Credit Commissioner will conduct a public hearing at 10 a.m. Monday, June 11, in Room 352, Landon State Office Building, 900 S.W. Jackson, Topeka, on permanent regulation 75-6-11. All interested parties may present oral or written comments and will be given reasonable opportunity to present their views or arguments on adoption of this regulation at the hearing.

Regulation 75-6-11 is being amended to reflect a correction in the statutory reference. Subsection 4 of K.S.A. 16a-2-502 was eliminated in 1988 and K.S.A. 16a-2-511 was created, but due to an oversight the regulation was not updated.

In addition, language is added to clarify when a loan contract may be converted from pre-computed to interest bearing.

These changes reflect no fiscal impact on either the state of Kansas or the consuming public.

Copies of the proposed regulation and the economic impact statement can be obtained from the office of the Consumer Credit Commissioner, Room 362, Landon State Office Building, 900 S.W. Jackson, Topeka 66612, (913) 296-3151.

This 30-day notice constitutes a public comment period for the purpose of receiving written public comments on the proposed permanent regulation. Written comments may be submitted to the Consumer Credit Commissioner at the address above.

2002	\$15,000
2003	\$15,000
2004	\$20,000
2005	\$20,000

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 1991.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

Redemption of Bonds Prior to Maturity

At the option of the city, bonds maturing on September 1, 2001, and thereafter will be subject to redemption and payment prior to maturity on September 1, 2000, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the city is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the city shall elect to call any bond for redemption and payment prior to the maturity thereof, the city shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by

United States registered or certified mail addressed to the registered owners of said bonds, to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. No interest rate shall exceed the index of treasury bonds published by the weekly *MuniWeek*, f/k/a *Credit Markets*, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the city during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the city shall determine which bid, if any, shall be accepted, and its determination shall be final.

Authorization, Purpose and Security for the Bonds

The bonds are being authorized and issued to permanently finance an internal improvement to the city, specifically a sewage treatment plant. The bonds will be general obligations of the city payable as to both principal and interest, from ad valorem taxes which may be levied without limitation upon all the taxable tangible property, real and personal, within the territorial limits of the city.

Internal Revenue Code of 1986

The Internal Revenue code of 1986 imposes requirements on the city that must be met subsequent to the issuance of the bonds by the city and, as a result, the city will and does hereby covenant that it will diligently

undertake those steps necessary to maintain the tax-exempt status of the bonds. The city's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the city's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted net book income of certain corporations for taxable years beginning after December 31, 1986, and includes, through 1989, in the calculation of alternative minimum taxable income one-half of the excess of a corporation's adjusted net book income over its alternative minimum taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses). After 1989, the use of "book income" will be replaced by "adjusted current earnings," with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for a new environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax, which is effective for taxable years beginning after December 31, 1986, may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies, for taxable years beginning on or after January 1, 1987, to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on obligations acquired after August 7, 1986.

With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds if such interest cost is incurred in taxable years ending after December 31, 1986, with respect to obligations acquired after August 7, 1986. The city does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the city with the provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is exempt from federal income taxation and from intangible personal property taxes levied by Kansas counties, cities and townships. Interest on the bonds will also be excluded

(continued)

from the computation of Kansas adjusted gross income for taxable years commencing after December 31, 1987.

Delivery and Payment

The city will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or prior to June 7, 1990, at such bank or trust company in the contiguous United States of America as may be specified by the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the city. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar not later than 5 p.m. C.D.T. on June 1, 1990. In the absence of such information, the city will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the city by 5 p.m. C.D.T. on June 1, 1990, a certificate acceptable to the city's bond counsel to the effect that: (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that: (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$3,700, payable to the order of the city to secure the city from any loss resulting from the failure of the bidder to comply with the terms of the bid. Behavioral Sciences Regulatory Board

**Notice of Hearing
on Proposed
Administrative Regulations**

A public hearing will be conducted at 9 a.m. Friday, June 15, at the Marcus Center for Continuing Education, 4201 E. 21st, Wichita, to consider the adoption of an amended permanent rule and regulation of the Behavioral Sciences Regulatory Board regarding registered master level psychology continuing education requirements.

All interested parties may submit written comments prior to the hearing to the Behavioral Sciences Regulatory Board, Room 855-S, Landon State Office Building, 900 S.W. Jackson, Topeka 66612. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed amended regulation. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit oral presentation to five minutes.

Following the hearing, all written and oral comments submitted by interested parties will be considered by the Behavioral Sciences Regulatory Board as the basis for making changes to the proposed regulation.

Copies of the regulation may be obtained by writing to the board office. The following is a summary of the regulation and the economic impact.

The regulation, K.A.R. 102-4-10, is amended to reflect the following changes:

1. Reduces the number of continuing education categories from five to three and changes the category descriptions;
2. reduces the requirement that continuing education hours be taken in three categories to two categories;
3. increases the maximum number of continuing education hours for which credit can be earned in category one from 10 to 15; and
4. removes the requirement that at least one-fifth of the continuing education hours claimed in category one shall have been earned in activities sponsored by an agency or institution other than where the RMLP is employed.

Each registrant shall complete at least 25 hours of acceptable continuing education. The cost to the registrant is unknown. Some registrants will be afforded continuing education opportunities through their employment and at no cost to the registrants; however, other registrants may be required to pay for their continuing education and obtain same outside their employment setting.

The board or its agents are responsible for reviewing and processing continuing education submissions. The economic impact to the board is unknown at this time.

The economic impact to the general public is unknown; however, it seems reasonable to assume that sponsors of continuing education programs will experience increased revenue.

The board could not consider a less costly or less intrusive method, other than through these amendments, since continuing education is statutorily mandated.

(B) The prize for other validated low-tier winners redeemed in this manner shall be paid out of the lottery prize payment fund. Upon receipt and verification of the claim, the payment for the prize shall be mailed to the claimant.

Article 4.—INDIVIDUAL GAME RULES
RULES FOR INSTANT GAME NO. 21
"GRAND SLAM"

111-4-209. Name of Game. The Kansas Lottery shall conduct an instant winner lottery game entitled "Grand Slam" commencing on April 19, 1990. The specific rules for "Grand Slam" are contained in K.A.R. 111-3-1 *et seq.* and 111-4-209 through 111-4-212. (Authorized by and implementing K.S.A. 1989 Supp. 74-8710; effective, T-111-4-26-90, April 6, 1990.)

111-4-210. Definitions. The following definitions shall apply to the "Grand Slam" instant lottery game:

(a) "Play symbols" are the numbers, letters, symbols, or pictures printed in the play area of each instant game ticket and which determine if the ticket bearer is entitled to a prize. In this instant game, the play symbols are printed in black ink in 15 pt. Archer. A play symbol appears in each of six play spots within the play area. Each play symbol for this instant game is one of the following: 1 - 2 - 3 - 4 - 5 - 7 - 8 - 9.

(b) "Play symbol captions" are the words or portions of words printed beneath each play symbol in the play area and are used to repeat or explain the play symbol. The play symbol caption associated with each play symbol is as follows:

Play Symbol	Play Symbol Caption
1	ONE
2	TWO
3	THR
4	FOR
5	FIV
7	SEV
8	EGT
9	NIN
FREE	TICKET
\$2.00	TWO
\$10.00	TEN
\$500	FIV-HUN

(c) "Ticket validation number" means a unique number appearing on each ticket which is used to validate winning tickets. For this instant game, the ticket validation number is a 10-digit number which appears on the front of each instant ticket and will be covered by latex.

(d) "Book-ticket number" means the unique number appearing on each ticket which includes the number of the book from which it was removed and the serially assigned number of the ticket within that book. For this

instant game, the book-ticket number is an 8-digit book number followed by a dash and then a 3-digit ticket number. The ticket numbers in each book start with 000 and end with 299. The book-ticket number is printed in black ink on the bottom right portion of the front of each instant game ticket.

(e) "Retailer validation code" means the small letters found under removable covering in the play area of each instant game ticket. The retailer uses this code to verify and validate winners which are to be paid by the retailer. In this instant game, the retailer validation code is a two letter code printed and appearing in two of six varying locations among the play symbols. The codes and their meanings are as follows: AA = FREE TICKET; DD = \$2.00; KK = \$4.00 (2 + 2); JJ = \$10.00; NN = \$20.00 (10 + 10). (Authorized by and implementing K.S.A. 1989 Supp. 74-8710; effective, T-111-4-26-90, April 6, 1990.)

111-4-211. Determination of Instant Prize Winners. An instant prize winner is determined for this instant game when the player removes or "scratches off" the removable layer of material covering the play area to reveal the six play symbols and captions. Each ticket contains 3 separate "games" marked "Game 1," "Game 2" and "Game 3." Each "game" has a separate prize box. Totals in one "game" relate to that "game" only and not to either of the other two "games." If the number in the play area under "Your Score" is greater than the number in the play area under "Their Score," for that specific game the player wins the prize shown in the appropriate prize box. A player may win more than once but no more than twice per ticket. (Authorized by K.S.A. 1989 Supp. 74-8710(b), (c) & (i); implementing K.S.A. 1989 Supp. 74-8710(b), (c) & (i) and 74-8720 (b) & (d); effective, T-111-4-26-90, April 6, 1990.)

111-4-212. Number and Value of Instant Prizes. (a) There will be approximately 3,600,000 tickets ordered for this instant game. The expected number and value of the instant prizes are as follows:

Prizes	Expected Number of Prizes in Game	Expected Value in Game
\$ FREE	314,400	\$ 0
\$ 2.00	278,400	556,800
\$ 4.00 (2 + 2)	49,200	196,800
\$10.00	24,000	240,000
\$20.00 (10 + 10)	15,600	312,000
\$ 500	60	30,000
\$1,000 (500 + 500)	24	24,000
	<u>681,684</u>	<u>\$ 1,359,600</u>

(b) The executive director may terminate the sale of tickets prior to the complete sale of all tickets. In this event, the number and value of prizes will be approximately proportional to the number of tickets actually sold.

(c) All prizes are subject to deductions provided by law. (Authorized by K.S.A. 1989 Supp. 74-8710(b), (c) & (f); implementing 74-8710(b), (c) & (f); and 74-8720; effective, T-111-4-26-90, April 6, 1990.)

Article 9.—INDIVIDUAL PULL-TAB GAME RULES

111-9-27. Determination of Instant Prize Winners. Each tab on the back of the ticket is to be pulled open. If three consecutive symbols printed horizontally, vertically, or diagonally under any or all of the top three (criss-cross) tabs match any combination of winning symbols shown on the top one-half of the front of the ticket and are connected by a blue arrow, the player wins the prize(s) which corresponds to the symbols matched. If three matching symbols appear horizontally under either or both of the bottom two (bonus) tabs, the player wins the prize(s) which corresponds to the symbols matched as shown on the bottom one-half of the front of the ticket. The prize amounts are as follows:

Division of Employment

Permanent Administrative
RegulationsArticle 2.—UNEMPLOYMENT INSURANCE;
CONTRIBUTING, REIMBURSING AND RATED
GOVERNMENTAL EMPLOYMENT

50-2-21. Computation of Employer Contribution Rates. (a) The terms "total wages" and "taxable wages," as used in this regulation, shall refer to all payrolls for contributing employers, reported and received by September 1 following the computation date of June 30, for all employment during the fiscal year ending on the computation date. The certified payroll information as of September 30 that is required for the computation delineated in this section shall be provided by the director of data processing.

(b) Planned yield. The approximate amount of the planned yield for the ensuing calendar year shall be computed as follows:

(1) The planned yield on total wages in column B of Schedule III, of K.S.A. 1985 Supp. 44-710a(a)(3), and its amendments, shall be determined by the reserve fund ratio in column A of the same schedule. The reserve fund ratio shall be computed by dividing the total assets of the employment security fund, as of July 31, following the computation date and as certified by the chief of management, by the total payrolls for the preceding fiscal year ended June 30, as certified by the director of data processing.

(2) The average rate of contributions shall be determined by multiplying the ratio of total to taxable payrolls for the preceding fiscal year ended June 30 by the planned yield computed in paragraph (b)(1) of this regulation. In any calendar year in which the taxable wage base changes, the calculation for that calendar year and the following calendar year shall be an estimate of what the taxable wages would have been if the new taxable wage base had been in effect during the preceding fiscal year ending June 30.

(3) The approximate amount of the planned yield for the ensuing calendar year shall be the taxable wages for the previous fiscal year ended June 30, multiplied by the average rate of contributions computed in paragraph (b)(2) of this section, rounded to the nearest \$100,000.00.

(c) Estimated yield from ineligible employer accounts.

(1) Estimated contributions for industry-rated employers.

(A) The computation shall be made using a certified tabulation provided by the director of data processing entitled "all accounts except reimbursing—cross classification by rate and industry." The procedure for computing the average contribution rate for all industries and for each industry division shall be identical. The rate of the preceding calendar year for each rate group and the industry division shall be cumulatively multiplied times the taxable wages in each corresponding rate group for the industry division. The cumulative total shall be divided

by the total taxable wages in the industry to determine the industry rate. The assigned rate for each industry shall be the sum of 1.0% plus the computed rate or the sum of 1.0% plus the average rate of all employers, whichever is higher. The assigned rate shall not be less than 2.0%.

(B) The average rate for all industries shall be computed by cumulatively multiplying the calculated rate of each industry division times the total taxable wages for that industry division and dividing the cumulative total by the total taxable wages for the industry divisions.

(C) The estimated contributions for each specially rated industry division and all other divisions shall be computed by multiplying the taxable wages for the corresponding industry divisions or all other industry divisions by the appropriate assigned rate.

(2) The total estimated yield for active ineligible accounts shall be the sum of the estimated contributions for industry-rated employers.

(3) Negative balance employers, as defined in K.S.A. 1989 Supp. 44-710a(d), shall pay at the statutory maximum tax rate. In addition, negative balance employers shall be assessed a surcharge based on the size of the employer's negative reserve ratio. The director of data processing shall provide a certified listing of all negative balance employers. The listing shall contain the reserve ratio, number of employers, and taxable wages for the fiscal year ended June 30. Each negative balance employer shall be identified as shown in schedule II of K.S.A. 1989 Supp. 44-710a. The assigned rate shall be the sum of the statutory maximum tax rate plus the applicable surcharge identified in schedule II of K.S.A. 1989 Supp. 44-710a. The estimated contributions of negative balance employers shall be computed by multiplying the taxable wages of all negative balance employers by only the statutory maximum tax rate. The resultant product shall reflect the estimated yield from negative balance employers.

(d) The required yield for eligible employer accounts shall be the approximate amount of the average yield, developed in paragraph (b)(3) of this regulation, less the total estimated yield of active ineligible employer accounts computed in paragraph (c)(2) of this regulation and less the total estimated yield of negative balance employers computed in paragraph (c)(3) of this regulation.

(e) Rate adjustment for active eligible employer accounts.

(1) A certified array of each active eligible employer account shall be provided by the director of data processing in accordance with schedule I, K.S.A. 1989 Supp. 44-710a. The tabulation shall include:

- (A) The lowest reserve ratio in each rate group;
- (B) the number of employers in each rate group;
- (C) the amount of taxable wages in each rate group;
- (D) the cumulative amount of taxable wages for all accounts from the first through each succeeding rate group; and

(E) the final, total taxable payrolls for the fiscal year ended June 30, for all active eligible employer accounts. In any calendar year in which the taxable wage base changes, the taxable wages used in calculation for that calendar year and the following calendar year shall be an estimate of what the taxable wages would have been if

the new taxable wage base had been in effect during all of the preceding fiscal year ending June 30.

(2) The average rate required shall be the required yield for eligible employer accounts, determined in subsection (d) of this regulation, divided by the total taxable payrolls listed in paragraph (e)(1)(E) of this regulation.

(3) The average rate required shall be divided by the average estimated yield of the array to develop an adjusted factor. The average estimated yield of the array shall be computed by cumulatively multiplying the taxable payrolls in each rate group by the experience factor denoted for each rate group in schedule I, K.S.A. 1989 Supp. 44-710(2), and dividing by the total taxable payrolls for active accounts. The experience factor for each rate group in schedule I shall be multiplied by the adjustment factor to determine the adjusted tax rate for each rate group, with the statutory maximum as an upper limit.

(4) The taxable payrolls for each rate group shall be multiplied by the adjusted tax rate computed for each rate group to determine the estimated contributions for each rate group.

(A) If the adjusted tax rate reaches the statutory maximum at a rate group numerically lower than group 21, or if the computed rate for any group is higher than the statutory maximum, the adjusted tax rates shall be adjusted further. The estimated additional contribution incurred because of the statutory maximum limit of the unadjustable groups shall be prorated over rate groups other than those that are unadjustable. The taxable payrolls and estimated contributions of the unadjustable groups shall be subtracted, respectively, from the totals of all groups and the balances used in the readjustment.

(B) The readjustment shall be accomplished by dividing the total estimated contributions of the adjustable groups by the total taxable payrolls of the adjustable rate groups to determine the required rate of yield for the groups. The estimated rate of yield for the rate groups shall be computed by cumulatively multiplying the experience factor by the corresponding taxable payroll in each rate group and dividing the cumulative total by the total taxable wages of the rate groups. The required rate of yield shall be divided by the estimated rate of yield for the adjustable groups to determine the final adjustment factor.

(C) The experience factors of all rate groups in schedule I shall be multiplied by the final adjustment factor to determine the final effective contribution rates for the eligible contributing employers, limited to the statutory maximum, and those described by paragraph (e)(4)(B) of this regulation.

(f) A computation and listing of the effective employer contribution rates shall be prepared by the chief of labor market information services. If in rounding to the terminal digit it is determined that the position subsequent to the terminal digit is five and all succeeding digits are zero, the terminal digit shall be rounded to the nearest even digit. All such calculations shall be rounded to the nearest $\frac{1}{1000}$ % except as mandated by K.S.A. 44-710(a)(3) requiring all rounding be to the nearest $\frac{1}{100}$ %. SENATE BILL No. 730

AN ACT concerning the uniform commercial code; prescribing certain fees for filings and information requests; amending K.S.A. 1989 Supp. 84-9-403, 84-9-405, 84-9-406 and 84-9-407 and repealing the existing sections.

Be it enacted by the Legislature of the State of Kansas:

Section 1. K.S.A. 1989 Supp. 84-9-403 is hereby amended to read as follows: 84-9-403. (1) Presentation for filing of a financing statement and tender of the filing fee to the filing officer constitutes filing under this article.

(2) Except as provided in subsection (6) a filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of the five-year period unless a continuation statement is filed prior to the lapse. If a security interest perfected by filing exists at

the time insolvency proceedings are commenced by or against the debtor, the security interest remains perfected until termination of the insolvency proceedings and thereafter for a period of 60 days or until expiration of the five-year period, whichever occurs later. Upon lapse the security interest becomes unperfected, unless it is perfected without filing. If the security interest becomes unperfected upon lapse, it is deemed to have been unperfected as against a person who became a purchaser or lien creditor before lapse.

(3) A continuation statement may be filed by the secured party within six months prior to the expiration of the five-year period specified in subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by file number and state that the original statement is still effective. A continuation statement signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of K.S.A. 84-9-405 and amendments thereto, including payment of the required fee. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. The filing officer may remove a lapsed statement from the files and destroy it immediately if the filing officer has retained a microfilm or other photographic record, or in other cases after one year after the lapse. The filing officer shall so arrange matters by physical annexation of financing statements to continuation statements or other related filings, or by other means, that if the filing officer physically destroys the financing statements of a period more than five years past, those which have been continued by a continuation statement or which are still effective under subsection (6) shall be retained.

(4) Except as provided in subsection (7) a filing officer shall mark each statement with a file number and with the date and hour of filing and shall hold the statement or a microfilm or other photographic copy thereof for public inspection. In addition the filing officer shall index the statements according to the names of the debtors but shall not index the names of corporate officers or signatures of the debtors, shall note in the index the file number, the address of the debtor given in the statement, the date of filing, and a general description of the collateral, and shall cause the index to be accessible to the public.

(5) If the filing officer is the secretary of state, the fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for an original financing statement, any amendments thereto or for a continuation statement shall be \$6 plus \$1 for each additional page, or an amount fixed by rules and regulations adopted by the secretary of state on or after the effective date of this act of not to exceed \$3 if the statement is in the standard form prescribed by the secretary of state and otherwise shall be an amount fixed by rules and regulations adopted by the secretary of state of not to exceed \$5. The fees in effect on the day preceding the effective date of this act shall continue in effect until the secretary of state adopts rules and regulations fixing different fees \$10 plus \$1 for each additional page. If the filing officer is other than the secretary of state, the fee for filing and indexing and for stamping a copy furnished by the secured party to show the date and place of filing for an original financing statement, any amendments thereto or for a continuation statement shall be \$3 if the statement is in the standard form prescribed by the secretary of state and otherwise shall be \$5.

(6) If the debtor is a transmitting utility (subsection (5) of K.S.A. 84-9-401 and amendments thereto) and a filed financing statement so states, it is effective until a termination statement is filed. A real estate mortgage which is effective as a fixture filing under subsection (6) of K.S.A. 84-9-402 and amendments thereto remains effective as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real estate.

(7) When a financing statement covers timber to be cut or covers minerals or the like (including oil and gas) or accounts subject to subsection (5) of K.S.A. 84-9-103 and amendments thereto, or in-

dicates that it covers goods which are or are to become fixtures and contains the information required by K.S.A. 84-9-402 and amendments thereto, the filing officer, other than the secretary of state, shall also index the statement according to the name of the record owner of the real estate in the general real estate mortgage index.

Sec. 2. K.S.A. 1989 Supp. 84-9-405 is hereby amended to read as follows: 84-9-405. (1) A financing statement may disclose an assignment of a security interest in the collateral described in the financing statement by indication in the financing statement of the name and address of the assignee or by an assignment itself or a copy thereof on the face or back of the statement. On presentation to the filing officer of such a financing statement the filing officer shall mark the same as provided in subsection (4) of K.S.A. 84-9-403 and amendments thereto. ~~If the filing officer is the secretary of state, The fee for filing, indexing and furnishing filing data for a financing statement so indicating an assignment shall be an the amount fixed by rules and regulations adopted by the secretary of state of not to exceed \$3 if the statement is in the standard form prescribed by the secretary of state and otherwise shall be an amount fixed by rules and regulations adopted by the secretary of state of not to exceed \$5. The fees in effect on the day preceding the effective date of this act shall continue in effect until the secretary of state adopts rules and regulations fixing different fees. If the filing officer is other than the secretary of state, the fee for filing, indexing and furnishing filing data for a financing statement so indicating an assignment shall be \$3 if the statement is in the standard form prescribed by the secretary of state and otherwise shall be \$5 for filing original financing statements.~~

(2) A secured party may assign of record all or a part of such secured party's rights under a financing statement by the filing in the place where the original financing statement was filed, of a separate written statement of assignment signed by the secured party of record and setting forth the name of the secured party of record and the debtor, the file number and the date of filing of the financing statement and the name and address of the assignee and containing a description of the collateral assigned. A copy of the assignment is sufficient as a separate statement if it complies with the preceding sentence. On presentation to the filing officer of such a separate statement, the filing officer shall mark such separate statement with the date and hour of the filing. The filing officer shall note the assignment on the index of the financing statement or in the case of a fixture filing, or a filing covering timber to be cut, or covering minerals or the like (including oil and gas) or accounts subject to subsection (5) of K.S.A. 84-9-103 and amendments thereto, the filing officer shall index the assignment under the name of the assignor as grantor and, to the extent that the law of this state provides for indexing the assignment of a mortgage under the name of the assignee, the filing officer shall index the assignment of the financing statement under the name of the assignee. ~~If the filing officer is the secretary of state, The fee for filing, indexing and furnishing filing data about such a separate statement of assignment shall be an the amount fixed by rules and regulations adopted by the secretary of state of not to exceed \$3 if the statement is in the standard form prescribed by the secretary of state and otherwise shall be an amount fixed by rules and regulations adopted by the secretary of state of not to exceed \$5. The fees in effect on the day preceding the effective date of this act shall continue in effect until the secretary of state adopts rules and regulations fixing different fees. If the filing officer is other than the secretary of state, the fee for filing, indexing and furnishing filing data about such a separate statement of assignment shall be \$3 if the statement is in the standard form prescribed by the secretary of state and otherwise shall be \$5 for filing original financing statements.~~ Notwithstanding the provisions of this subsection, an assignment of record of a security interest in a fixture contained in a mortgage effective as a fixture filing (subsection (6) of K.S.A. 84-9-402 and amendments thereto) may be made only by an assignment of the mortgage in the manner provided by the law of this state other than this act.

(3) After the disclosure or filing of an assignment under this section, the assignee is the secured party of record.

Sec. 3. K.S.A. 1989 Supp. 84-9-406 is hereby amended to read

(continued)

as follows: 84-9-406. A secured party of record may by his or her such party's signed statement release all or a part of any collateral described in a filed financing statement. The statement of release is sufficient if it contains a description of the collateral being released, the name and address of the debtor, the name and address of the secured party, and the file number of the financing statement. A statement of release signed by a person other than the secured party of record must be accompanied by a separate written statement of assignment signed by the secured party of record and complying with subsection (2) of K.S.A. 84-9-405 and amendments thereto, including payment of the required fee. Upon presentation of such a statement of release to the filing officer, such officer shall mark the statement with the hour and date of filing and shall note the same upon the margin of the index of the filing of the financing statement. If the filing officer is the secretary of state, The fee for filing and noting such a statement of release shall be an the amount fixed by rules and regulations adopted by the secretary of state of not to exceed \$3 if the statement is in the standard form prescribed by the secretary of state and otherwise shall be an amount fixed by rules and regulations adopted by the secretary of state of not to exceed \$5. The fees in effect on the day preceding the effective date of this act shall continue in effect until the secretary of state adopts rules and regulations fixing different fees. If the filing officer is other than the secretary of state, the fee for filing and noting such a statement of release shall be \$3 if the statement is in the standard form prescribed by the secretary of state and otherwise shall be \$5 for filing original financing statements.

Sec. 4. K.S.A. 1989 Supp. 84-9-407 is hereby amended to read as follows: 84-9-407. (1) If the person filing any financing statement, continuation statement, termination statement, statement of assignment or statement of release, furnishes the filing officer a copy thereof, the filing officer shall upon request note upon the copy the file number and date and hour of the filing of the original and deliver or send the copy to such person.

(2) Upon written request of any person and tender of the proper fee, the filing officer shall inform the person, in writing, of whether there is on file on the date and hour stated, any presently effective financing statement naming a particular debtor and any related statement and, if there is, the date and hour of filing of each such statement and the names and addresses of each secured party therein. If the filing officer is the secretary of state, the fee for providing the information shall be \$8, or an amount fixed by rules and regulations adopted on or after the effective date of this act by the secretary of state of not to exceed \$5 and, if more than 10 financing or related statements are reported, an additional amount fixed by rules and regulations of the secretary of state of not to exceed \$.25 for each statement reported in excess of 10. The fees in effect on the day preceding the effective date of this act shall continue in effect until the secretary of state adopts rules and regulations fixing different fees \$10. If the filing officer is other than the secretary of state, the fee for providing the information shall be \$3 and an additional \$.25 for each financing statement and for each related statement reported. Upon request, the filing officer shall furnish a copy of any filed financing statement or related statement after payment of a fee of \$1 per page except that, if the filing officer is the secretary of state, the fee shall be in an amount fixed by the secretary of state and approved by the director of accounts and reports under K.S.A. 45-204 45-219 and amendments thereto.

(3) Except with respect to willful misconduct, the state, counties and filing officers, and their employees and agents, are immune from liability for damages resulting from errors or omissions in information supplied pursuant to this section.

Sec. 5. K.S.A. 1989 Supp. 84-9-403, 84-9-405, 84-9-406 and 84-9-407 are hereby repealed.

Sec. 6. This act shall take effect and be in force from and after its publication in the Kansas register.
