Notice of Hearing on
Proposed Administrative Regulations

The State Board of Nursing will conduct a public hearing at 1 p.m. Thursday, September 13, in Room 452W, Docking State Office Building, 915 S.W. Harrison, Topeka, concerning K.A.R. 60-11-103, qualifications for advanced registered nurse practitioners. The permanent and temporary regulation clarifies the qualifications for the four categories of advanced registered nurse practitioners with one substantive change for clinical nurse specialists.

The individuals benefiting from this change are the general public and advanced registered nurse practitioners. Although no economic impact would be anticipated from the changes affecting nurse clinicians or nurse practitioners, nurse anesthetists or nurse midwives, the change in regulation for clinical nurse specialist would allow individuals in that category to apply for certification who had previously been excluded. This would allow these qualified nurses to extend their practice, thus making more advanced registered nurse practitioners available to provide health care to the public. Although there may be an increase in the number of applicants for certification as advanced registered nurse practitioners, there is adequate Board of Nursing staffing to meet those needs.

Public comments regarding the regulation may be given at the hearing or written comments may be submitted to the Board of Nursing. Complete copies of these temporary and permanent regulations are available upon request from the Kansas State Board of Nursing, Suite 551-S, Landon State Office Building, Topeka, 66612-1256.

State of Kansas**Department of Health
and Environment****Notice of Intent to Deny a
Hazardous Waste Permit**

The Kansas Department of Health and Environment is providing public notice that it proposes to deny a hazardous waste storage facility permit for Cross Manufacturing, Inc. located at Highway 40 and Canterbury Road in Hays.

Cross Manufacturing has requested that the interim status for its hazardous waste storage facility be terminated. Kansas Administrative Regulation 28-31-9 requires that KDHE either issue or deny a hazardous waste permit in order to terminate interim status. Therefore, KDHE intends to deny a hazardous waste facility permit for the Cross Manufacturing facility.

Cross Manufacturing (EPA I.D. Number KSD050865237) performed electroplating activities during which the following hazardous wastes were generated: spent plating solutions and sludges (D002, F006, F007, F008 and F009). In a letter dated January 3, 1983, Cross Manufacturing notified KDHE that the facility had discontinued all activities generating the hazardous wastes whose management was regulated under interim status. In this letter, Cross Manufacturing requested a change in the status of its facility from a treatment, storage and disposal (TSD) facility to a generator-only facility. KDHE informed Cross Manufacturing on April 23, 1985, that the facility would have to undergo closure in accordance with 40 CFR 265, Subpart G closure standards in order to have its status as a TSD terminated. On December 20, 1985, KDHE placed an approved closure plan on public review for comments. No adverse comments were received. The facility was certified closed on February 17, 1986.

A notice of intent to deny a permit is a type of draft permit subject to procedures applicable to draft permits as set forth in K.A.R. 28-31-9, incorporating by reference 40 CFR Part 124, and is based upon the administrative record. The administrative record consists of the notice of intent to deny a hazardous waste permit, the statement of basis that describes the reasons supporting the decisions, the closure procedures, and the data submitted by the facility.

The administrative record is available for public review until September 23 from 8 a.m. to 4:30 p.m. Monday through Friday at the KDHE Topeka offices, Building 740, Forbes Field, Topeka; the KDHE Hays district office, 2301 E. 13th, Hays; and the U.S. Environmental Protection Agency—Region VII Offices, 726 Minnesota Ave., Kansas City, Kansas.

Comments or requests for additional information should be directed to John Paul Goetz, Bureau of Air and Waste Management, at the KDHE Topeka office. Additional information may also be requested by phone at (913) 296-1607. All comments must be submitted in writing by September 23.

If comments are received that indicate a significant degree of public interest, a public hearing will be scheduled. Requests for a public hearing must be in writing

and must state the nature of the issues to be raised at the hearing. Such requests must be submitted by September 23. The public notice and public hearing procedures may be found in K.A.R. 28-31-9, incorporating by reference 40 CFR Sections 124.11 and 124.12

After considering all comments received, KDHE will make a final permit decision. If the determination is substantially unchanged from that announced by this notice, KDHE will notify all persons submitting written comments or requesting the notice of final permit determination. If the determination is substantially changed from that announced by this notice, a new public notice will be issued and the public participation process will be reopened.

State of Kansas**Department of Health
and Environment****Notice Of Intent to Deny
a Hazardous Waste Permit**

The Kansas Department of Health and Environment is providing public notice that it proposes to deny a hazardous waste storage facility permit for Kansas State University, Manhattan.

Kansas State University has requested that the interim status for its hazardous waste storage facility be terminated. Kansas Administrative Regulation 28-31-9 requires that KDHE either issue or deny a hazardous waste permit in order to terminate interim status. Therefore, KDHE intends to deny a hazardous waste facility permit for Kansas State University's facility.

Kansas State University operated a hazardous waste storage facility under interim status (EPA I.D. Number KSD980632772). Various university departments on the campus generate wastes that are classified as hazardous. Kansas State University requested interim status to allow these wastes to be accumulated and stored at one location pending shipment off-site for treatment or disposal. In a letter dated November 15, 1984, Kansas State University informed KDHE that the university wished to close the interim status storage facility and become reclassified as a generator facility only. A closure plan was submitted with this letter. On May 6, 1986, KDHE placed an approved closure plan on public review for comments. No adverse comments were received. The facility was certified closed on December 1, 1986.

A notice of intent to deny a permit is a type of draft permit subject to procedures applicable to draft permits as set forth in K.A.R. 28-31-9, incorporating by reference 40 CFR Part 124, and is based upon the administrative record. The administrative record consists of the notice of intent to deny hazardous waste permit, the statement of basis that describes the reasons supporting the decisions, the closure procedures, and the data submitted by the facility.

The administrative record is available for public review until September 23 from 8 a.m. to 4:30 p.m. Monday through Friday at the KDHE Topeka office, Building 740, Forbes Field, Topeka; the KDHE Salina district office, 2501 Market Place, Suite D, Salina; the U.S. Environmental Protection Agency—Region VII Offices, 726 Minnesota Ave., Kansas City, Kansas; and the Manhattan Public Library, Juliette and Poyntz, Manhattan.

Comments or requests for additional information should be directed to John Paul Goetz, Bureau of Air and Waste Management, at the KDHE Topeka office. Additional information may also be requested by phone at (913) 296-1607. All comments must be submitted in writing by September 23.

If comments are received that indicate a significant degree of public interest, a public hearing will be scheduled. If the determination is substantially unchanged from that announced by this notice, KDHE will notify all persons submitting written comments or requesting the notice of final permit determination. If the determination is substantially changed from that announced by this notice, a new public notice will be issued and the public participation process will be reopened.

**Notice of Intent to Issue
a Hazardous Waste Permit**

The U.S. Environmental Protection Agency, Region VII, and the Kansas Department of Health and Environment are providing public notice that they intend to issue a joint hazardous waste storage permit to Safety-Kleen Corporation, Wichita.

The EPA and KDHE have jointly reviewed the hazardous waste permit application from Safety-Kleen Corporation, 1311 Anna, Wichita. If a decision is made to issue the joint permit, the EPA portion of the permit would be issued under the authority of the Resource Conservation and Recovery Act (RCRA), and the KDHE portion of the permit would be issued under the authority of Kansas Statutes Annotated 65-3431(i) and 65-3431(s). Kansas has received final authorization to operate all portions of the RCRA permit program, except for the portions covered by the Hazardous and Solid Waste Amendments of 1984 (HSWA). Therefore, the EPA portion of the joint permit will address the requirements of HSWA.

The permit would allow for the operation of three storage facilities for spent solvents generated off-site. Two container storage units will be present—one storing a maximum of 4,464 gallons of hazardous wastes and the other storing a maximum of 1,092 gallons of hazardous wastes. All containers will meet current U.S. Department of Transportation specifications and both container storage units have secondary containment structures. A storage tank will also be included in the permit. It will store a maximum of 20,000 gallons of hazardous waste and is provided with secondary containment.

Copies of the administrative record, which include the draft permit, permit application, and all information submitted by Safety-Kleen Corporation, are available for public review at the EPA Region VII Headquarters, 726 Minnesota Ave., Kansas City, Kansas, from 7:30 a.m. to 4:30 p.m. weekdays; the KDHE, Building 740, Forbes Field, Topeka; and the KDHE Southcentral district office, 1919 Amidon, Suite 130, Wichita, from 8 a.m. to 4:30 p.m. weekdays.

Comments on the proposed permit may be directed in writing to Lyndell Harrington, RCRA Branch, EPA Region VII, 726 Minnesota Ave., Kansas City 66101; or to John Goetz, Hazardous Waste Section, KDHE, Forbes Field, Building 740, Topeka 66620. Comments must be submitted in writing prior to September 23. Requests for additional information, including the fact sheet, may be made by contacting EPA at (913) 551-7657 or KDHE at (913) 296-1607.

A public hearing has not been scheduled; however, if requests are received that indicate a significant degree of public interest in this draft permit, a public hearing will be scheduled. Requests for a public hearing shall be in writing to the addresses listed for submittal of comments and shall state the nature of issues proposed to be raised at the hearing. Such requests shall be submitted prior to September 23.

After consideration of all comments received, EPA and KDHE will make a final permit decision. If the decision is made to issue a joint permit that is substantially unchanged from those drafts made available for public comments as announced by this notice, the EPA regional administrator and the KDHE secretary will jointly notify all persons submitting comments or requesting notice of final decision. If the draft permit is substantially changed, the EPA regional administrator and the KDHE secretary will jointly issue a public notice indicating the revised decisions.

Hazardous Waste Permit

The U.S. Environmental Protection Agency, Region VII, and the Kansas Department of Health and Environment are providing public notice that they intend to issue a joint hazardous waste storage permit to Safety-Kleen Corporation, Edwardsville.

The EPA and KDHE have jointly reviewed the hazardous waste permit application from Safety-Kleen Corporation, 9317 Woodend Road, Edwardsville. If a decision is made to issue the joint permit, the EPA portion of the permit would be issued under the authority of the Resource Conservation and Recovery Act (RCRA), and the KDHE portion of the permit would be issued under the authority of Kansas Statutes Annotated 65-3431(i) and 65-3431(s). Kansas has received final authorization to operate all portions of the RCRA permit program, except for the portions covered by the Hazardous and Solid Waste Amendments of 1984 (HSWA). Therefore, the EPA portion of the joint permit will address the requirements of HSWA and will contain requirements regarding agency notification of newly discovered solid waste management units, land disposal restrictions and waste minimization criteria. These requirements are contained in sections II.B.3., II.Q., and II.R. respectively.

The permit would allow for the operation of three storage facilities for spent solvents generated off-site. Two container storage units will be present—one storing a maximum of 4,000 gallons of hazardous wastes and the other storing a maximum of 1,100 gallons of hazardous wastes. All containers will meet current U.S. Department of Transportation specifications and both container storage units have secondary containment structures. A storage tank also will be included in the permit. It will store a maximum of 15,000 gallons of hazardous waste and is provided with secondary containment.

Copies of the administrative record, which include the draft permit, permit application, and all information submitted by Safety-Kleen Corporation, are available for public review at the EPA Region VII Headquarters, 726 Minnesota Ave., Kansas City, Kansas, from 7:30 a.m. to 4:30 p.m., weekdays; the KDHE, Building 740, Forbes Field, Topeka; and the KDHE Northeast district office, 808 W. 24th, Lawrence, from 8 a.m. to 4:30 p.m. weekdays.

Comments on the proposed permit may be directed in writing to Lyndell Harrington, RCRA Branch, EPA Region VII, 726 Minnesota Ave., Kansas City 66101; or to John Goetz, Hazardous Waste Section, KDHE, Forbes Field, Building 740, Topeka 66620. A public hearing has not been scheduled; however, if requests are received that indicate a significant degree of public interest in this draft permit, a public hearing will be scheduled. Requests for a public hearing must be in

writing to the addresses listed for submittal of comments and must state the nature of issues proposed to be raised at the hearing. Such requests must be submitted prior to September 23.

After consideration of all comments received, EPA and KDHE will make a final permit decision. If the decision is made to issue a joint permit that is substantially unchanged from those drafts made available for public comments as announced by this notice, the EPA regional administrator and the KDHE secretary will jointly notify all persons submitting comments or requesting notice of final decision. The Kansas Lottery

Temporary Administrative
Regulations

Article 4.—INDIVIDUAL GAME RULES

RULES FOR INSTANT GAME NO. 24
"BLACK JACK"

111-4-221. Name of Game. The Kansas Lottery shall conduct an instant winner lottery game entitled "Black Jack" commencing on July 26, 1990. The specific rules for the "Black Jack" are contained in K.A.R. 111-3-1 et seq. and 111-4-221 through 111-4-224. (Authorized by and implementing K.S.A. 1989 Supp. 74-8710; effective, T-111-7-27-90, July 6, 1990.)

111-4-222. Definitions. The following definitions shall apply to the "Black Jack" instant lottery game:

(a) "Play symbols" are the numbers, letters, symbols, or pictures printed in the play area of each instant game ticket and which determine if the ticket bearer is entitled to a prize. In this instant game, the play symbols are printed in black ink in 15 pt. Archer. A play symbol appears in each of six play spots within the play area. Each play symbol for this instant game is one of the following: 12 - 13 - 14 - 15 - 16 - 17 - 18 - 19 - 20 - 21.

(b) "Play symbol captions" are the words or portions of words printed beneath each play symbol in the play area and are used to repeat or explain the play symbol. The play symbol caption associated with each play symbol is as follows:

Play Symbol	Play Symbol Caption
FREE	TICKET
12	TWLVE
13	THRTN
14	FORTN
15	FIFTN
16	SIXTN
17	SVNTN
18	EIGTN
19	NINTN
20	TWNTY
21	TWONE
\$1.00	ONE

\$6.00	SIX
\$9.00	NINE

\$21\$
\$ 100
\$2100

TWN-ONE
ONE-HUN
21-HUN

(c) "Ticket validation number" means a unique number appearing on each ticket which is used to validate winning tickets. For this instant game, the ticket validation number is a 10-digit number which appears on the front of each instant ticket and will be covered by latex.

(d) "Book-ticket number" means the unique number appearing on each ticket which includes the number of the book from which it was removed and the serially assigned number of the ticket within that book. For this instant game, the book-ticket number is an 8-digit book number followed by a dash and then a 3-digit ticket number. The ticket numbers in each book start with 000 and end with 299. The book-ticket number is printed in black ink on the bottom right portion of the front of each instant game ticket.

(e) "Retailer validation code" means the small letters found under removable covering in the play area of each instant game ticket. The retailer uses this code to verify and validate winners which are to be paid by the retailer. In this instant game, the retailer validation code is a two letter code printed and appearing in two of five varying locations among the play symbols. The codes and their meanings are as follows: AA = FREE TICKET; CC = \$1.00; EE = \$3.00; JJ = \$4.00; HH = \$6.00; MM = \$7.00; PP = \$9.00; SS = \$21.00. (Authorized by and implementing K.S.A. 1989 Supp. 74-8710; effective, T-111-7-27-90, July 6, 1990.)

111-4-223. Determination of Instant Prize Winners. An instant prize winner is determined for this instant game when the player removes or "scratches off" the removable layer of material covering the play area to reveal the six play symbols and captions. Each ticket contains 3 separate "games" marked "Game 1," "Game 2" and "Game 3." A solid line is imaged between Game 1 and 2, and between Game 2 and 3. Each "game" has a separate prize box. Totals in one "game" relate to that "game" only and not to either of the other two "games." If the number in the play area under "Your Hand" is greater than the number in the play area under "Dealers Hand," for that specific game the player wins the prize shown in the appropriate prize box. A player can win more than once on a single ticket, but not more than twice. (Authorized by K.S.A. 1989 Supp. 74-8710(b), (c) & (i); implementing K.S.A. 1989 Supp. 74-8710(b), (c) & (i) and 74-8720 (b) & (d); effective, T-111-7-27-90, July 6, 1990.)

111-4-224. Number and Value of Instant Prizes. (a) There will be approximately 3,600,000 tickets ordered for this instant game. The expected number and value of the instant prizes are as follows:

Bid Form and Good Faith Deposit

Bids will be submitted on the official bid form furnished by the city and will be addressed to Carol Sue Grabbe, City Clerk, City Hall, 1507 Main, P.O. Box 490, Hays, KS 67601, and will be plainly marked "Bond Bid." Each bid will specify the total interest cost to the city on the basis of such bid and the average annual net interest rate on the basis of such bid. The net interest cost to the city will be determined by subtracting the amount of the premium, if any, from the total interest cost and will be stated as a dollar amount in the bid. The city will be entitled to rely on such dollar amount as stated in the bid as the basis of determining the lowest net interest cost bid. If there is any discrepancy between the said net interest cost and the average annual interest rate specified, the specified net interest cost will govern and the rates specified in the bid will be adjusted accordingly.

Each bid must be accompanied by a certified or cashier's check equal to \$20,000, made payable to the City Treasurer of Hays, Kansas. In the event a bidder whose bid is accepted fails to carry out the contract to purchase the bonds, said deposit will be retained by the city as liquidated damages. The checks of unsuccessful bidders will be returned promptly.

Basis of Award

The city reserves the right to reject any and all of the bids and to waive any irregularities. Unless all bids are rejected, the bonds will be awarded to the bidder whose proposal results in the lowest net interest cost to the city.

Delivery of the Bonds

The bonds will be sold subject to the unqualified approving opinion of Stinson, Mag & Fizzell, bond counsel, of Kansas City, Missouri, a copy of whose opinion will be printed on the reverse side of each bond. Manually signed originals of the opinion will be furnished without expense to the purchaser of the bonds at the delivery thereof. The cost of the opinion of bond counsel and the expense of printing the bonds will be paid by the city.

The number and denominations of bonds and names of the registered owners to be shown on the bonds initially delivered must be submitted in writing by the successful bidder to the bond registrar not later than August 23, 1990.

The purchaser will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds will be made in Federal Reserve funds or other immediately available funds not later than 11 a.m. Kansas City time on the day of delivery. Delivery of the bonds will be made to the successful bidder on or before August 30, 1990, at such location as may be specified by the purchaser. The purchase price, including accrued interest from the date of the bonds to the date of delivery, will be paid at delivery or the good faith deposit will be forfeited.

Tax Exemption

In the opinion of bond counsel, under existing statutes, regulations, rulings and court decisions, including the Internal Revenue Code of 1986, interest on the bonds is not includable in gross income for purposes of federal

income taxation except that: (i) interest on any bond for any period during which it is held by a person who is a "substantial user" of the improvements financed with the bonds or a "related person" as those terms are used in Section 147 of the code is includable in gross income of the recipients thereof; and (ii) interest on the bonds is an item of tax preference for both the corporate and non-corporate alternative minimum tax and therefore includable in whole in determining alternative minimum taxable income. The code imposes an alternative minimum tax rate of 20 percent for corporations and 21 percent for individuals and other non-corporate taxpayers. In addition, interest on the bonds may be subject to the branch profits tax under the code. The city has not designated the bonds as "qualified tax-exempt obligations" under Section 265 of the code relating to interest deductions for banks and thrift institutions. In the opinion of bond counsel, the interest on the bonds is exempt from Kansas income taxation. In rendering its opinion, bond counsel will state that it has assumed the city's present and continuing compliance with covenants in the proceedings of the city authorizing the issuance of the bonds and other documents. Interest on the bonds also may be subject to a tax based on the modified alternative minimum income of a corporation under the Superfund Amendments and Reauthorization Act of 1986 in taxable years beginning after 1986. Reference is made to the preliminary official statement for further discussion of federal tax matters relating to the interest on the bonds.

Other Bonds

The city is also receiving bids at 5:30 p.m. C.D.T. on August 16, 1990, for \$328,593.62 principal amount of General Obligation Internal Improvement Bonds, Series W, pursuant to a notice of bond sale dated the date hereof. Prospective purchasers may bid on either the bonds or the Series W bonds or both.

CUSIP Identification Numbers

CUSIP identification numbers will be printed on the bonds. All expenses in relation to printing of CUSIP numbers on the bonds and the expenses charged by the CUSIP Service Bureau for the assignment of said numbers shall be the responsibility of and shall be paid for by the city.

Assessed Valuation and Bonded Indebtedness

The total assessed valuation of the taxable tangible property within the city for 1990 is \$87,908,495. The total general obligation bonded indebtedness of the city as of August 1, 1990, including this \$1,000,000 proposed issue of bonds and the \$328,593.62 of General Obligation Internal Improvement Bonds, Series W, will be \$5,128,593.62.

Preliminary Official Statement and Official Statement

The city has prepared a preliminary official statement dated July 31, 1990, copies of which may be obtained from the undersigned or the city's financial advisor. The preliminary official statement is in a form "deemed final" by the city for the purpose of Rule 15c2-12(b)(1) of the Securities and Exchange Commission. Upon the sale of the bonds, the city will furnish the successful bidder with a reasonable number of copies of the final official statement without additional cost upon request. Additional

copies in excess of a reasonable number may be ordered at the successful bidder's expense.

Official Information

Additional copies of this notice of bond sale, the official bid form or further information may be obtained from George K. Baum & Company, Kansas City, MO 64105, (816) 474-1100, the city's financial advisor.

The bonds will be sold subject to the unqualified approving opinion of Stinson, Mag & Fizzell, bond counsel, of Kansas City, Missouri, a copy of whose opinion will be printed on the reverse side of each bond. Manually signed originals of the opinion will be furnished without expense to the purchaser of the bonds at the delivery thereof. The cost of the opinion of bond counsel and the expense of printing the bonds will be paid by the city.

The number and denominations of bonds and names of the registered owners to be shown on the bonds initially delivered must be submitted in writing by the successful bidder to the bond registrar not later than August 23, 1990.

The purchaser will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds will be made in Federal Reserve funds or other immediately available funds not later than 10 a.m. Kansas City time on the day of delivery. Delivery of the bonds will be made to the successful bidder on or before August 30, 1990, at such location as may be specified by the purchaser. The purchase price, including accrued interest from the date of the bonds to the date of delivery, will be paid at delivery or the good faith deposit will be forfeited.

Tax Exemption

In the opinion of bond counsel, under existing statutes, regulations, rulings and court decisions, including the Internal Revenue Code of 1986, interest on the bonds is not includable in gross income for purposes of federal and Kansas income taxation. In rendering its opinion, bond counsel will state that it has assumed the city's present and continuing compliance with covenants in the proceedings of the city authorizing the issuance of the bonds and other documents. Interest on the bonds is not an item of tax preference for purposes of the individual or corporate alternative minimum tax, except that interest on the bonds may be subject indirectly to a federal and Kansas corporate alternative minimum tax as pre-tax book income in taxable years beginning before 1990 or as adjusted earnings and profits for taxable years beginning

after 1989. Interest on the bonds also may be subject to a tax based on the modified alternative minimum taxable income of a corporation under the Superfund Amendments and Reauthorization Act of 1986 in taxable years beginning after 1986. In addition, interest on the bonds held by certain foreign corporations may be subject to the branch profits tax under the code in taxable years beginning after 1986. The city will designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code relating to interest deductions for banks and thrift institutions. Reference is made to the preliminary official statement for further discussion of federal income tax matters relating to the interest on the bonds.

Other Bonds

The city is also receiving bids at 5:30 p.m. C.D.T. on August 16, 1990, for \$1,000,000 principal amount of General Obligation Airport Improvement Bonds, Series X, pursuant to a notice of bond sale dated the date hereof. Prospective purchasers may bid on either the bonds or the Series X bonds or both.

CUSIP identification numbers will be printed on the bonds. All expenses in relation to printing of CUSIP numbers on the bonds and the expenses charged by the CUSIP Service Bureau for the assignment of said numbers shall be the responsibility of and shall be paid for by the city.

Bid Forms

All bids must be made on forms that may be procured from the clerk or the bond counsel. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any and all bids.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: the same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate may exceed a rate equal to the index of treasury bonds published by *Muniweek* in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. No bid of less than the entire par value of the bonds and accrued interest thereon to the date of delivery will be considered and no supplemental interest payments will be authorized. Each bid shall specify the total interest cost to the city during the life to the bonds on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid, all certified by the bidder to be correct, and the city will be entitled to rely on the certificate of correctness of the bidder. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid.

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium

(continued)

bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the city's governing body shall determine which bid, if any, shall be accepted, and its determination shall be final. The city reserves the right to reject any and all bids and to waive any irregularities in a submitted bid. Any bids received after 7:30 p.m. C.D.T. on the date the bids are due will be returned to the bidder unopened.

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America equal to 2 percent of the total amount of the bid payable to the order of the city. If a bid is accepted, said check, or the proceeds thereof, will be held by the city until the bidder shall have complied with all of the terms and conditions of this notice. If a bid is accepted by the city and the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check, or the proceeds thereof, will be returned to the bidder. If a bid is accepted but the bidder defaults in the performance of any of the terms and conditions of this notice, the proceeds of such check will be retained by the city as and for liquidated damages. No interest will be paid upon the successful bidder's good faith check.

Delivery and Payment

The city will pay for printing the bonds and will deliver the same properly prepared, executed and registered without cost to the successful bidder on or before September 20, 1990, at such bank or trust company in the state of Kansas, or Kansas City, Missouri, as may be specified by the successful bidder. Payment for the bonds shall be made in federal reserve funds, immediately subject to use by the city.

CUSIP Numbers

It is anticipated that CUSIP identification numbers will be printed on the certificated or assigned to uncertificated bonds, but neither the failure to print such number on or assign such number to any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of the purchase contract. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the city, for the year 1989, is as follows:

Equalized assessed valuation of taxable tangible property	\$7,378,679.00
Tangible valuation of motor vehicles ..	1,980,679.00

Equalized assessed tangible valuation for computation of bonded debt limitations.....	9,359,358.00
---	--------------

The total general obligation indebtedness of the city as of the date of the bonds is \$265,305.75, plus this issue, and there are \$949,255.81 notes outstanding at this time, of which \$382,640.52 will be picked up by this issue.

Opinion and Tax Exemption

The bonds will be sold subject to the legal opinion of William P. Timmerman, Wichita, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder as and when the bonds are delivered.

All matter incidental to the authorization and issuance of the bonds are subject to the approval of the bond counsel.

In the opinion of bond counsel, under existing law, the interest on the bonds: (a) is excludable from gross income for federal income tax purposes, and (b) is not an item of tax preference for purposes of federal alternative minimum tax imposed on individuals and corporations; however, it should be noted that with respect to corporations (as defined for federal income tax purposes), such interest is taken into account in determining adjusted net book income (adjusted current earnings for taxable years ending after 1989) for the purpose of computing the alternative minimum tax imposed on such corporations. The opinion set forth in clause (a) above is subject to the condition that the city comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the bonds in order that interest thereon be (or continue to be) excluded from gross income for federal income tax purposes. Failure to comply with certain of such requirements could cause the interest on the bonds to be so includable in gross income retroactive to the date of issuance of the bonds. The city has covenanted to comply with all such requirements.

Prospective purchasers of the bonds should be aware that (i) Section 265 of the code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the bonds, except with respect to certain financial institutions (within the meaning of Section 265(b)(5) of the code); (ii) with respect to insurance companies subject to the tax imposed by Section 831 of the code, for taxable years beginning after December 31, 1986, Section 832(b)(5)(B)(i) reduces the deduction for loss reserves by 15 percent of the sum of certain items, including interest on the bonds; (iii) for taxable years beginning after December 31, 1986, and before January 1, 1992, interest on the bonds earned by some corporations could be subject to the environmental tax imposed by Section 59A of the Code; (iv) for taxable years beginning after December 31, 1986, interest on the bonds earned by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 884 of the code; (v) passive investment income, including interest on the bonds, may be subject to federal income taxation under Section 1375 of the code for Subchapter S corporations that have Subchapter C earnings and profits at the close of the taxable year, if greater than 25 percent of the gross receipts of such Sub-

chapter S corporation is passive investment income; and (vi) Section 86 of the code requires recipients of certain Social Security and certain railroad retirement benefits to take into account in determining gross income, receipts or accruals of interest on the Bonds.

The bonds are "qualified tax-exempt obligations" within the meaning of Section 265 (b)(3) of the code, and in the case of certain financial institutions (within the meaning of Section 265(b)(5) of the code), a deduction is allowed for 80 percent of that portion of such financial institution's interest expense allocable to interest on the bonds.

Bond counsel expresses no opinion regarding other federal tax consequences with respect to the bonds.

The bonds are exempt from intangible personal property taxes levied by Kansas counties, cities or townships and interest on same are now exempt from Kansas income taxes.

Additional information regarding the bonds may be obtained from the clerk or from William J. Graybill, City Attorney, 608 Cosmos Ave., P.O. Box 898, Elkhart, KS 67950, (316) 697-4514; or William P. Timmerman, Bond Counsel, 400 N. Woodlawn, Suite 208, Wichita, KS 67208, (316) 685-7212.
