Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 11 a.m. Monday, May 13, in Room 106 of the Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed amendments to a regulation of the Division of Personnel Services.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulation. All interested parties may submit written comments prior to the hearing to the Secretary of Administration, Room 263-E, State Capitol, Topeka 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes. A summary of the proposed regulation and its economic impact follows:

K.A.R. 1-9-7a, Military leave; voluntary or involuntary service in the Armed Forces, is proposed for amendment on a permanent basis. Amendments to this regulation would clarify that an employee returning from military leave for active duty must be returned to the same or a similar position in the same geographical area as the position to which the employee was assigned prior to the military leave. Other changes relate to documentation of appropriate military orders within a reasonable period of time.

No economic impact is anticipated on state agencies, other units of government or the general public. The amendment would have a favorable economic impact on the affected employees.

Copies of this regulation and its economic impact statement may be obtained from the Division of Personnel Services, 9th Floor, Landon State Office Building, 900 S.W. Jackson, Topeka 66612, (913) 296-4278 (KANS-A-N 561-4278).

Kansas Arts Commission

Notice of Advisory Panel Meetings
for Major Grants Program

Advisory panels for the Kansas Arts Commission will meet in April to review applications requesting arts funding from the four major grants categories in fiscal year 1992. Each advisory panel will meet at the Kansas Museum of History, 6425 S.W. 6th, Topeka. Meetings of the commission and of its advisory panels are open to public observation. Applicants are not required to attend panel meetings, nor do they make presentations in support of their applications to the panels. If present, they may answer questions asked by panelists.

The meetings are listed by date and time, according to the four Major Grants Program categories:

- Monday, April 22, 1 p.m., through April 23—Project Support
- Thursday, April 25—Friday, April 26, 9 a.m.—Basic Program Support
- Friday, April 26, 2 p.m.—Regional/Statewide Organization Support
- Monday, April 29, 9 a.m.—Local Arts Agency Support

Each advisory panel is comprised of eight or nine persons, including Kansas Arts Commissioners. Each panel is chaired by a commissioner. The other panel members are citizens knowledgeable in the arts and administration from across Kansas.

The panelists evaluate each application upon its merit and determine whether the criteria stated in the grant program guidelines have been met. They review each applicant's record of accomplishment and development, as well as compliance with grant requirements if the applicant previously received funding. The panelists then determine whether the application should be funded and recommend an amount.

The panels' recommendations will be acted upon by the full commission during its next quarterly business meeting scheduled for Friday, May 17, at the Topeka Performing Arts Center, 214 S.E. 8th.

The deadline for submitting applications to the Major Grants Program was February 1. Funding is provided through appropriations by the Kansas Legislature and grants from the National Endowment for the Arts, a federal agency.

For more information, contact the Kansas Arts Commission, Jayhawk Tower, 700 Jackson, Suite 1004, Topeka, KS 66603-3714, (913) 296-3335.

Kansas Arts Commission

Notice of PEAK Application Deadline

Kansas school districts interested in developing comprehensive programs in arts education have until May 1 to apply to the Kansas Arts Commission for funding from the Planning Education in the Arts in Kansas (PEAK) program for fiscal year 1992. PEAK provides grants to school districts, including reservation schools, to assist in developing three-to-five-year arts curriculum plans.

A PEAK advisory panel will evaluate the applications in the fall, and the commission will award up to eight grants of \$2,000 each.

Every PEAK grant requires a match from the district of at least \$1,000 in cash, and no more than \$1,000 worth of in-kind services. The PEAK program emphasizes local decision making and provides an opportunity for schools to formalize their planning process.

Funding for PEAK is provided by the Kansas Legislature and through grants to the Kansas Arts Commission from the Arts in Schools Basic Education Grant program of the National Endowment for the Arts, a federal agency.

PEAK program guidelines and application forms are available by contacting the Kansas Arts Commission, 700 Jackson, Suite 1004, Topeka 66603-3714, (913) 296-3335.

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 2 p.m. Monday, May 13, in the conference room of the Secretary of State's office, Room 241-N, State Capitol, Topeka, to consider proposed amendments to permanent regulations 7-30-1, 7-32-1 and 7-32-2, pertaining to law book prices.

K.A.R. 7-30-1 will have no economic impact on state agencies or individuals. K.A.R. 7-32-1 increases shipping costs for K.S.A. volumes and sets prices for shipping of permanent journals of the House and Senate. K.A.R. 7-32-2 raises the prices of Kansas Administrative Regulations volumes to take into consideration costs of printing to the Secretary of State's Office, so there would be an economic impact on persons purchasing the volumes.

This 30-day notice of public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. Comments may be submitted prior to the hearing to Sherman A. Parks, Jr., Legal Counsel, Office of the Secretary of State, 2nd Floor, State Capitol, Topeka 66612-1594.

All interested parties will be given a reasonable opportunity at the hearing to present their views. Copies of the regulations and their fiscal impact statements may be obtained at the address above, (913) 296-2114.

Private Industry Council

Public Notice

The Kansas Private Industry Council of Service Delivery Area (SDA) III is submitting a modification of its two year Job Training Plan to the Governor of Kansas through the Department of Human Resources. Funding for this plan is through Title IIA of the Job Training Partnership Act (JTPA), which is designed to provide training to disadvantaged adults and youth. The respective program years are July 1, 1990, to June 30, 1991, and July 1, 1991, to June 30, 1992. The funding level for program year 1991 is \$1,932,565. The SDA plans to serve over 670 eligible adults and youth during this program year. The plan modification will become effective July 1, 1991. The purpose of the program is to prepare unskilled adults and youth for entry into the labor force and to afford job training to economically disadvantaged individuals and other individuals having serious barriers to employment.

The council is also submitting to the Governor through the Department of Human Resources a Summer Youth Employment and Training Plan modification, as a sub-part of the Title IIA two year plan. The respective program years are October 1, 1989, to September 30, 1990, and October 1, 1990 to September 30, 1991. The funding level for program year 1990 (the summer of 1991) is expected to be \$979,215. The SDA plans to serve over 600 eligible youth during this program year. Funding for the Summer Youth Employment and Training program is through Title IIB of the Job Training Partnership Act, which is designed to provide job training for economically disadvantaged youth, ages 14-21, facing serious barriers to employment.

The council will also submit to the Governor through the Department of Human Resources a modification to its Title III Economic Dislocation and Worker Adjustment Act (EDWAA) Plan, as a sub-part of the Title IIA two year plan. The respective program years are July 1, 1990, to June 30, 1991, and July 1, 1991 to June 30, 1992. The funding level for program year 1991 is \$404,284. The SDA plans to serve approximately 200 eligible participants during this program year. The purpose of the program is to reassess and reconfigure service to meet the needs of workers who have been terminated, laid off or have received a notice of termination or layoff due to a permanent closure or substantial layoff at a plant or facility. There is a 30-day review and comment period for the plan modification.

The full plan and its Title IIB and Title III sub-parts are available at the following location and may be reviewed upon request. Questions and comments may be directed to Kansas Private Industry Council, SDA III, 717 Gateway Centre Tower II, 4th and State Ave., Kansas City, KS 66101, (913) 371-1607.

Board of Nursing

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 2 p.m. Monday, May 13, in Room 106 of the Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed changes in existing rules and regulations. The 30-day notice of the public hearing shall constitute a public comment period for the purpose or receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the executive administrator of the Board of Nursing, Room 551-S, Landon State Office Building, 900 S.W. Jackson, Topeka 66612. All interested parties will be given a reasonable opportunity to present their views orally at the hearing.

Copies of the regulations and their economic impact statements can be obtained from the Board of Nursing at the address above, (913) 296-3782. The proposed regulations and their economic impact follows.

Performance of Selected Nursing Procedures in School Settings

K.A.R. 65-15-101. Definitions. In the review of "Performance of Selected Nursing Procedures in School Settings," one new definition was added: "anticipated health crisis." Other slight changes in language were made.

K.A.R. 65-15-102. Delegation procedures. A delegation provision was expanded to include care during an anticipated health crisis which could be identified in the nursing care plan. Additional changes in language were made without changing concepts.

K.A.R. 65-15-103. Supervision of delegated tasks. Changes were made to make this regulation consistent with other regulations in Article 15.

K.A.R. 65-15-104. Administration of medications in the school setting. If part of the nursing care plan, a registered nurse could delegate to an unlicensed person administration of medication by subcutaneous or intramuscular route.

Revisions of K.A.R. 65-15-101 through 60-15-104 should have no economic impact on the Board of Nursing or nurses in school settings.

Qualifications for Advanced Registered Nurse Practitioners

K.A.R. 60-11-103. Qualification for advanced registered nurse practitioners. The permanent regulation clarifies the qualifications for the four categories of advanced registered nurse practitioners with one substantive change for clinical nurse specialists.

Licensure by Endorsement and Reinstatement

K.A.R. 60-3-105. Reinstatement of lapsed license. This regulation allows additional allowances for the professional or practical nurse who is applying to reinstate the license. For the nurse returning to Kansas, the continuing nursing education requirement would be waived if the individual had been working in another state. A temporary permit could be given to the Kansas nurse who wishes to return to work but does not meet the continuing education requirement. Additional allowances are made for an RN or LPN reinstating after not being licensed in Kansas for over five years. These changes have been made to provide more flexibility in reinstating a license and returning to work immediately. This should have a positive impact. Although there might be some additional clerical work to issue temporary permits, there would be no great economic impact on the Board of Nursing.

K.A.R. 60-3-106. Licensure by endorsement. This regulation has been revised to allow more flexibility

for an RN or LPN endorsing into Kansas. The regulation for endorsement has been written to be parallel to that for the nurse who is reinstating a license.

Continuing Education

K.A.R. 60-9-106. License renewal. The regulation has been expanded to be more specific for the individual professional or practical nurse in meeting continuing education requirements for license renewal. Independent study hours were expanded from 6 to 12. Individual approval of courses could be granted retroactively with the change in regulation.

K.A.R. 60-9-107. Approval of continuing nursing education. Continuing nursing education must be approved by the Board of Nursing as earlier established. Guidelines for providership approval have been rewritten into the regulation. Minimum standards for education and experience were established for those individuals responsible for continuing nursing education providerships. This regulation delineates requirements for providers of continuing nursing education.

K.A.R. 60-11-113. Certificate renewal. The regulation has been expanded to be more specific for the advanced registered nurse practitioner in meeting continuing education requirements for certificate renewal. Independent study hours were expanded from 6 to 12. Individual approval of courses could be granted retroactively with the change in this regulation.

K.A.R. 60-12-105. Definitions. This regulation expands previous definitions to be more inclusive and specific. Refinement of the definitions is intended to assist providers and consumers of continuing mental health technician education to understand and follow the regulation.

K.A.R. 60-12-106. License renewal. The regulation has been expanded to be more specific for the individual licensed mental health technician in meeting continuing education requirements for license renewal. Independent study hours were expanded from 6 to 12. Individual approval of courses could be granted retroactively with the change in this regulation. The number of continuing education hours has been increased from 20 to 30 hours every two years.

K.A.R. 60-12-107. Approval of continuing mental health technician education. Continuing mental health technician education must be approved by the Board of Nursing as earlier established. Guidelines for providership approval have been rewritten into the regulation. Minimum standards for education and experience were established for those individuals responsible for the continuing education providerships. This regulation delineates requirements for providers of continuing mental health technician education.

K.A.R. 60-13-110. Reinstatement of authorization. This regulation allows additional allowances for the

(continued)

nurse anesthetist who is applying to reinstate the authorization. The applicant who has been working out-of-state may reinstate with no continuing education hours. The applicant who has been living in Kansas but lapsed for more than one year may obtain a temporary permit while completing continuing education requirements.

K.A.R. 60-13-112. Authorization renewal. The regulation has been expanded to be more specific for the registered nurse anesthetist in meeting continuing education requirements for authorization renewal. Independent study hours were expanded from 6 to 12. Individual approval of courses could be granted retroactively with the change in this regulation.

Economic Impact

K.A.R. 60-15-101 through 60-15-104. Performance of Selected Nursing Procedures in School Settings. In Article 15, several minor changes were made to make the language consistent. A new definition was added to provide for anticipated health crises so it could be included in the nursing care plan. By adding anticipated health crisis situations to the nursing care plan, then the regulations were expanded to allow school nurses to delegate medication administration by subcutaneous and intramuscular routes to designated non-licensed persons.

There is no anticipated economic impact for either the Board of Nursing or for nurses who work in schools based on changes in these regulations.

K.A.R. 60-11-103. Qualifications for Advanced Registered Nurse Practitioners. The regulation clarifies the qualifications for the four categories of advanced registered nurse practitioners with one substantive change for clinical nurse specialists.

The individuals benefiting from this change in regulation are the general public and advanced registered nurse practitioners. Although no economic impact would be anticipated from the changes affecting nurse clinicians/practitioners, nurse anesthetists or nurse midwives, the change in regulation for clinical nurse specialists would allow individuals in that category to apply for certification who had previously been excluded based on current regulation.

This would allow those qualified nurses to extend their practice, thus making more advanced registered nurse practitioners available to provide health care to the public. Although there may be an increase in numbers of applicants for certification as advanced registered nurse practitioners, there is adequate Board of Nursing staffing to meet those needs.

K.A.R. 60-3-105 and 60-3-106. Reinstatement of lapsed license and licensure by endorsement. With new allowances for reinstatement and endorsement, nurses may more easily obtain licensure by endorsement or reinstatement. This should have a positive

economic impact on nurses who can obtain their license and then return to work.

Since additional paperwork may need review as well as some temporary permits issued, there will be some additional staff time and possible mailings involved. There should be adequate staffing to handle the possible increased work load. Increased postage costs will have to be evaluated.

K.A.R. 60-9-106 and 107, K.A.R. 60-11-113, K.A.R. 60-12-105 through 107, K.A.R. 60-13-110 and 60-13-112. Continuing Education. The continued revision of the regulations for continuing education for registered professional nurses, licensed practical nurses, licensed mental health technicians, registered nurse anesthetists and advanced registered nurse practitioners should in general have a positive economic impact on those classes of practitioners. With more specific definition and explanation of continuing education for both the consumer and provider, there should be a reduction of unacceptable continuing education hours. Expanding on the number of hours of independent study should assist those who have difficulty in attaining continuing education hours.

For the L.M.H.T., there is an increase in number of CE hours for relicensure which may cost the individual more in obtaining those hours.

Those persons responsible for continuing education who are not registered nurses will be grandfathered, so that would be no loss of employment for those individuals. Another provision which has been added allows continuing education providerships approved through national nursing organizations to bring CE offerings into Kansas without board approval. This could have negative economic impact on the approved Kansas providerships. There could also be some loss of revenue for the Board of Nursing from providership fees.

With projected changes in the continuing education for all board licensees, there should be adequate staffing to handle some increase in workload. No additional expenditures are anticipated related to staff.

Notice of Bond Sale
\$2,100,000
Pottawatomie County, Kansas
General Obligation Bonds
Series 1991-A

Sealed Bids

Sealed bids for the purchase of \$2,100,000 principal amount of General Obligation Bonds, Series 1991-A, of the county hereinafter described, will be received by the undersigned, county clerk of Pottawatomie County, Kansas, on behalf of the governing body of the county at the Pottawatomie County Courthouse, Westmoreland, until 1:30 p.m. C.D.T. on Monday April 29, 1991. All bids will be publicly opened and read at said time and place and will be acted upon by the county immediately thereafter. No oral or auction bids will be considered.

Bond Details

The bonds will consist of fully registered bonds without coupons in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated May 1, 1991, and will become due serially on November 1 in the years as follows:

Year	Principal Amount
1992	\$210,000
1993	210,000
1994	210,000
1995	210,000
1996	210,000
1997	210,000
1998	210,000
1999	210,000
2000	210,000
2001	210,000

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on May 1 and November 1 in each year, beginning on May 1, 1992.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The county will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be in-

curred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

Redemption of Bonds Prior to Maturity

At the option of the county, bonds maturing on November 1, 1997, and thereafter will be subject to redemption and payment prior to maturity on November 1, 1996, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the county is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the county shall elect to call any bond for redemption and payment prior to the maturity thereof, the county shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States registered or certified mail addressed to the paying agent and bond registrar and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. Thereafter, the paying agent and bond registrar will notify the owners of the bonds of the county's redemption call by United States mail, postage prepaid. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed the index of treasury bonds published by the weekly *MuniWeek*, f/k/a/ *Credit Markets*, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the county during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the county on the basis of such bid. Each bid shall also specify the average annual net interest rate to the county on the basis of such bid. Bidders shall specify

(continued)

in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the county, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the county. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the county shall determine which bid, if any, shall be accepted, and its determination shall be final.

Authorization, Purpose and Security for the Bonds

The bonds are being authorized and issued to permanently finance various internal improvements to the county. The bonds will be general obligations of the county payable as to both principal and interest from ad valorem taxes which may be levied, without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the county.

Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the county that must be met subsequent to the issuance of the bonds by the county and, as a result, the county will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The county's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the county's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations. Furthermore, Section 59A of the code provides for an environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies, for taxable years beginning on or after January 1, 1987, to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on obligations acquired after August 7, 1986.

With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds if such interest cost is incurred in taxable years ending after December 31, 1986, with respect to obligations acquired after August 7, 1986. The county does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the county, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the county with the provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is exempt from federal income taxation. Interest on the bonds will also be excludable from the computation of Kansas adjusted gross income.

Delivery and Payment

The county will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about May 31, 1991, at such bank or trust company in the state of Kansas or the greater Kansas City, Missouri, metropolitan area as may be specified by the successful bidder. Delivery elsewhere shall be at the expense of the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the county. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the county and bond registrar not later than 1 p.m. C.D.T. on May 13, 1991. In the absence of such information, the county will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the county by 1 p.m. C.D.T. on May 13, 1991, a certificate acceptable to the county's bond counsel to the effect that (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was

sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$42,000, payable to the order of the county to secure the county from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the county until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall be returned to the successful bidder or deducted from the purchase price at the option of the county. If a bid is accepted but the county shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the county with the county reserving the right to pursue any consequential damages arising from such default.

CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the county.

Bid Forms

All bids must be made on forms which may be procured from the county clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The county reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned county clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at Pottawatomie County Courthouse and must be received by the undersigned prior to 1:30 p.m. C.D.T. on Monday, April 29, 1991.

Date and Delivery of Preliminary and Final Official Statement

The county has authorized the preparation and disbursement of a preliminary official statement containing information relating to the bonds. The preliminary official statement comprises the final official statement required by Rule 15c2-12 of the Securities and Exchange Commission.

The preliminary official statement, when amended to include the interest rates specified by the under-

writers and the price or yield at which the underwriters will re-offer the bonds to the public, together with any other information required by law, will constitute a "Final Official Statement" with respect to the bonds as that term is defined in Rule 15c2-12. No more than seven business days after the date of the sale, the county will provide without cost to the purchasers a reasonable number of printed copies of the final official statement as such underwriters may request, and further copies, if desired, will be made available at the underwriter's expense. If the sale of the bonds are awarded to a syndicate, the county will designate the senior managing underwriter of the syndicate as its agent for purposes of distributing copies of the final official statement to each participating underwriter. Any underwriter executing and delivering a bid form with respect to the bonds agrees thereby that if its bid is accepted it shall accept such designation and shall enter into a contractual relationship with all participating underwriters for the purpose of assuring the receipt and distribution by each such participating underwriter of the final official statement.

The county will deliver to the underwriters on the date of delivery of the bonds a certificate executed by the chairman and the county clerk to the effect that the final official statement, as of the date of delivery of the bonds, does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading.

Copies of the county's preliminary official statement relating to the bonds may be obtained from the county clerk.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the county for the year 1990 is \$262,072,290. The total general obligation bonded indebtedness of the county as of the date of the bonds, including the bonds, is \$2,765,000, including, as of the date of the bonds, temporary notes outstanding in the principal amount of \$300,000, all of which will be retired out of the proceeds of the bonds herein offered for sale.

Dated April 8, 1991.

(a) Each applicant for a landowner or tenant big game permit or a hunt-on-your-own-land big game permit shall provide on the application a legal description of the minimum acreage of land owned or operated as required to qualify as a landowner or tenant.

(b) Each applicant for a hunt-on-your-own-land big game permit shall provide on the application a legal description of lands owned or operated upon which big game hunting may occur by the applicant. The legal description shall include the township, range and section numbers and the county in which located.

(c) A hunt-on-your-own-land big game permit shall be a valid big game hunting permit for only those lands owned or operated by the landowner or tenant as specified pursuant to subsections (a) and (b).

(d) Each permittee shall have in possession a copy of the application while hunting big game. (Authorized by K.S.A. 1990 Supp. 32-807 and K.S.A. 1990 Supp. 32-937; implementing K.S.A. 1990 Supp. 32-937; effective Sept. 10, 1990; amended May 27, 1991.)

115-4-12. Big Game; assistance to big game permit holders. (a) Subject to the hunting license requirements of K.S.A. 1990 Supp. 32-919, and the provisions of subsections (b) and (c), any individual may assist the holder of a big game permit during the permittee's big game hunting activity.

(b) Any individual assisting the holder of a big game permit shall not perform the actual shooting of big game for the permit holder.

(c) Any holder of a filled current year big game permit for the species pursued may herd or drive big game for the holder of a valid big game permit, but shall not possess firearm or archery equipment while herding or driving. Horses or mules shall not be used for the herding or driving of elk. (Authorized by K.S.A. 1990 Supp. 32-807 and K.S.A. 1990 32-937; implementing K.S.A. 1990 Supp. 32-807, K.S.A. 1990 Supp. 32-937 and K.S.A. 1990 Supp. 32-1002; effective May 27, 1991.)

Article 17.—WILDLIFE, COMMERCIAL USES AUTHORIZED

115-17-10. Commercial harvest of fish; permit requirement and application, authority, reports, general provisions and permit revocation. (a) Except as authorized under K.A.R. 115-17-13, a commercial fishing permit shall be required for the taking of fish for com-

mercial purposes from that portion of the Missouri River bordering on this state.

(b) Each application for a commercial fishing permit shall be on forms provided by the department and include the following information:

(1) the name of the applicant;

(2) the address and telephone number of the applicant;

(3) the business locations and the business telephone numbers of the applicant;

(4) the location of equipment storage;

(5) the location of fish storage or sale, if different from the business locations; and

(6) other information as required by the secretary.

(c) Each permittee may possess, sell, transport, or trade those species of fish as authorized under K.A.R. 115-17-12.

(d) Each permittee shall maintain a current record of activity and shall submit monthly reports to the department on forms provided by the department. The reports shall be submitted not later than 15 days following the end of the month for which the report is prepared. A permit shall not be renewed until all reports due have been received by the department.

(e) The records and reports shall include the following information:

(1) the name of the permittee;

(2) the permit number of the permittee;

(3) the address and telephone number of the permittee;

(4) the species and pounds of fish taken by gear types;

(5) the species and pounds of fish sold including:

(A) a separate entry for each sale stating pounds of fish sold by species;

(B) the date of each sale; and

(C) the name and address of person to whom fish were sold; and

(6) other information as required by the secretary.

(f) Each permittee may sell fish taken under a commercial fishing permit to any person.

(g) Any person may purchase fish from a commercial fish permittee for commercial purposes or for personal use.

(h) Any person purchasing fish from a commercial fish permittee for resale purposes shall retain a bill of sale in possession while in possession of the fish.

(i) In addition to other penalties prescribed by law, a commercial fishing application or permit may be denied or revoked by the secretary if:

(1) The application is incomplete or contains false information;

(2) the permittee fails to meet permit requirements or violates permit conditions; or

(3) the permittee violates any provisions of law or rules and regulations related to commercial fishing on the Missouri River.

(j) A commercial fishing permit shall expire on December 31 of the year for which the permit was issued. (Authorized by K.S.A. 1990 Supp. 32-807 and K.S.A. 1990 Supp. 32-941; implementing K.S.A. 1990 Supp.

(continued)

32-807, K.S.A. 1990 Supp. 32-941 and K.S.A. 1990 Supp. 32-1002; effective May 27, 1991.)

115-17-11. Commerical harvest of fish; legal equipment and taking methods, general provisions, identification tags and identification tag fee. (a) Legal equipment and taking methods shall be:

(1) trot line and set line with hooks spaced not less than two feet apart. There shall be no limitation on the number or size of hooks and there shall be no limitation on the number of trot or set lines used;

(2) jug or block line with not more than two hooks on each jug or block line. There shall be no limitation on the number of jug or block lines used;

(3) on and after January 1, 1992, trot lines, set lines, jug lines and block lines shall not be legal equipment for the taking of fish for commercial purposes;

(4) hoop net with two inch or greater mesh size using the bar measurement and with individual wings and leads not to exceed 12 feet in length. There shall be no limitation on the number, net diameter, net length, twine size or throat size of hoop nets;

(5) gill net and trammel net with two inch or greater mesh size using the bar measurement. There shall be no limitation on the number, net length, height or twine size of gill or trammel nets; and

(6) seine with two inch or grater mesh size using the bar measurement. There shall be no limitation on the height, length or twine size of seines.

(b) General provisions:

(1) boats with or without mechanical propulsion may be used;

(2) depth recording or fish locating devices may be used;

(3) non-toxic baits may be used;

(4) each gill net or trammel net shall be attended at all times while the gill net or trammel net is in use;

(5) each jug or block line shall be attended at all times while the jug or block line is in use;

(6) each hoop net shall be attended at least one time every 24 hours while the hoop net is in use;

(7) each trot line or set line shall be checked and all hooked fish removed at least one time every 24 hours while the trot line or set line is in use;

(8) no line, net or seine shall be set or used within 300 yards of any spillway, lock, dam, or the mouth of any tributary stream or ditch;

(9) no line, net or seine shall be used to take fish under or through ice except as authorized by the department; and

(10) holding baskets and holding cages may be used.

(c) Each line, net or seine shall have an identification tag attached during commerical fishing use. Tags supplied by the department shall be used and shall be attached in a location on each line, net or seine as specified by the department.

(d) Effective January 1, 1992, the fee for identification tags shall be five dollars per tag and the payment shall be submitted to the department with the initial or renewal application for a commercial fishing permit.

(e) Each holding basket and holding cage used to hold fish shall not require an identification tag, but shall be identified by the permittee with the permittee's

name and permit number attached. (Authorized by K.S.A. 1990 Supp. 32-807, K.S.A. 1990 Supp. 32-941 and K.S.A. 1990 Supp. 32-988; implementing K.S.A. 1990 Supp. 807, K.S.A. 1990 Supp. 32-941, K.S.A. 1990 Supp. 32-988 and K.S.A. 1990 Supp. 32-1002; effective May 27, 1991.)

115-17-12. Commercial harvest of fish; legal species, seasons, size restrictions, daily limits and possession limits. (a) The legal species of fish which may be taken under a commercial fishing permit shall be:

(1) bowfin;

(2) suckers, including buffalo;

(3) common carp and exotic carp;

(4) freshwater drum;

(5) gar;

(6) shad; and

(7) channel catfish, blue catfish and flathead catfish, except that on and after January 1, 1992 channel catfish, blue catfish and flathead catfish shall not be legal species for taking under a commercial fishing permit.

(b) All species of fish not included in subsection (a), channel catfish, blue catfish and flathead catfish on and after January 1, 1992, and any species of fish listed in K.A.R. 115-15-1 or K.A.R. 115-15-2 shall not be possessed by a permittee and shall be immediately returned unharmed to the water from which removed.

(c) There shall be no size restriction of fish taken by a permittee, except channel catfish, blue catfish and flathead catfish less than 15 inches in length shall be immediately returned unharmed to the water from which removed.

(d) There shall be no maximum daily or possession limit on the number of fish taken by a permittee. (Authorized by K.S.A. 1990 Supp. 32-807 and K.S.A. 1990 Supp. 32-941; implementing K.S.A. 1990 Supp. 32-807, K.S.A. 1990 Supp. 32-941 and K.S.A. 1990 Supp. 32-1002; effective May 27, 1991.)

115-17-13. Commercial harvest of fish; state of Missouri commercial fishing permit. (a) Any person authorized by the state of Missouri as a commercial fishing permittee may commercially fish in the Kansas portion of the Missouri River without a commerical fishing permit issued by the department, except:

(1) a Missouri commercial fishing permittee shall not fish from or attach any device or equipment to land under the jurisdiction of the state of Kansas; and

(2) a Missouri commerical fishing permittee shall not fish in any tributary, bayou or backwater of the Missouri River on the Kansas side.

(b) This exemption for a commercial fishing permit shall be contingent upon the state of Missouri recognizing the same exemption for persons issued a commercial fishing permit by the state of Kansas. (Authorized by K.S.A. 1990 Supp. 32-807 and K.S.A. 1990 Supp. 32-941; implementing K.S.A. 1990 Supp. 32-807, K.S.A. 1990 Supp. 32-941 and K.S.A. 1990 Supp. 32-1002; effective May 27, 1991.)

Notice Concerning Kansas Water Pollution Control Permit

In accordance with state regulations 28-16-57 through 28-16-63 and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, a tentative permit has been prepared for discharges to the waters of the United States and the state of Kansas for the applicant described below. The tentative determinations for permit content are based on preliminary limitations of the state of Kansas and the EPA, and when issued will result in a state water pollution control permit and national pollutant discharge elimination system authorization to discharge subject to certain effluent limitations and special conditions.

Name and Address of Applicant	Waterway	Type of Discharge
Winfield Power Plant Highway 60 East Winfield, KS 67156	Walnut River via Black Crook Creek	Cooling tower, boiler, and demineralizer blowdown

Cowley County, Kansas

Kansas Permit No: I-WA17-C002 Fed. Permit No. KS-0087122

Description of facility: This is a municipally-owned electric generating plant used for summer peaking. Proposed effluent limitations are pursuant to Kansas Surface Water Quality Standards, K.A.R. 28-16-28 (b-f).

Written comments on the proposed determinations may be submitted to Bethel Spotts, Permit Clerk, Kansas Department of Health and Environment, Division of Environment, Bureau of Water, Forbes Field, Topeka 66620. All comments received prior to May 10 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate application number (KS-91-66) and the name of applicant as listed when preparing comments.

If no objections are received, the Secretary of Health and Environment will issue the final determinations. If response to this notice indicates significant public interest, a public hearing may be held in conformance with state regulation 28-16-61. Media coordination (newspapers, radio) for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

The application, proposed permit, including proposed effluent limitations and special conditions, fact sheets as appropriate, comments received, and other information are on file and may be inspected at the Division of Environment offices from 8 a.m. to 4:30 p.m. Monday through Friday. The documents are available upon request at the copying cost assessed by KDHE. Additional copies of this public notice also may be obtained at the address above.

Notice Concerning Kansas Water Pollution Control Permit

In accordance with state regulations 28-16-57 through 63 and 28-18-1 through 4, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, a tentative permit has been prepared for water pollution abatement facilities for the feedlot described below. The tentative determinations for permit content are based on preliminary staff review, applying the appropriate standards and regulations of the state of Kansas and the EPA. The permit requires control of any existing or potential discharges to achieve the goal of "no discharge" whenever possible. The permit, upon issuance, will constitute a state water pollution control and national pollutant discharge elimination system permit.

State Departments; Public Officers and Employees—Public Officers and Employees; Open Public Meetings—Executive Sessions; Applicability of; Persons Entitled to Attend; Actions at. Charles A. Zimmerman, City Attorney, Junction City, April 1, 1991.

K.S.A. 75-4318 permits a city's grievance committee to deliberate on the disposition of an individual employee's grievance matter outside of an open meeting because such a grievance committee, while otherwise subject to the KOMA, is acting in a quasi-judicial manner within the scope of authority of that committee. Prior to such deliberations, K.S.A. 75-4319 permits the grievance committee to recess from an open meeting to a closed or executive session for the purpose of discussing personnel matters of non-elected personnel, thus, employment-related grievances of individual employees of the city may discretionarily be discussed in a properly recessed executive or closed session. Individuals who aid the committee in such a discussion may be discretionarily permitted into such a closed or executive session. However, binding decisions by the committee must be made in an open meeting. Cited herein: K.S.A. 13-527; 13-2101; 75-4317; 75-4317a; 75-4318; 75-4319; Kan. Const., Art. 5, § 12. TMN

Department of Transportation

Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consultant engineering firms for the following scope of work. Responses must be received by April 25 if the consultant engineering firm wishes to be considered. Seven signed copies of responses need to be mailed to Al Cathcart, P.E., Project Control Engineer, Office of Engineering Support, K.D.O.T., 7th Floor, Docking State Office Building, Topeka 66612.

The work consists of performing subsurface investigations, on an as needed basis, according to guidelines provided by the Bureau of Materials and Research, Geotechnical Unit. Locations may be state-wide. The information from these investigations is intended for use in preparation of surface and subsurface investigation reports by the Kansas Department of Transportation. The duration of the contract will be for one year.

The work may, at the discretion of the agency, include soil and rock testing and preparation of logs.

Objectives

The objectives of the investigations will be to identify and locate, both horizontally and vertically, significant soil and rock types and groundwater conditions present and to establish the characteristics of the subsurface materials visually, by sampling, and by laboratory and in-situ testing.

Start Work

The consultant will confirm his availability within 48 hours and start work at the job site within 10 working days of verbal notification by the Chief of the Bureau of Materials and Research. Failure to confirm availability within 48 hours to start work within the allotted time is cause to select another consultant.

The consultant will work continuously so as to complete all services in a time frame agreed upon between the parties. The allowable time may vary on a project-by-project basis, depending on the scope of services. Extension of time may be allowed for adverse ground or weather conditions.

Specific Tasks

1. Provide Equipment

a) Drilling rig(s) shall be provided to advance borings and shall be of a size commensurate with the task. The size and type of rig(s) will be set out in the contract. The sizes will be in the Mobil B-31 to Mobil-57 or equivalent range. The consultant will be informed in the notification of rig(s) size.

b) Surveying equipment for determining top hole elevations.

2. Provide Personnel

The consultant will be informed in the notification whether an experienced two or three man crew will be required. The crew will always consist of a geologist, driller and driller's helper, where required.

3. Perform Investigations

The scope and general guidelines will be provided by the Department of Transportation. The consultant will be responsible for laying out borings or test hole locations in the field and advancing the test holes to the required depths. All sampling and testing will be in accordance with ASTM of K.D.O.T. standards.

4. Provide Laboratory Testing

Laboratory testing responsibilities may be required on a project-by-project basis.

5. Pay Items

The consultant agrees to furnish all labor, tools, transportation, maintenance of traffic, labor, supervision, materials and equipment necessary to complete the work specified within the allotted time frame for a negotiated bid item price.

Firms expressing interest in these projects must respond in writing and complete the Consulting Engineers Qualification Questionnaire (if not already prequalified) by April 25.

It is the policy of K.D.O.T. to use the following criteria as the basis for selection of engineering consulting firms:

1. Size and professional qualification of firm.
2. Experience of staff.
3. Location of firm with respect to proposed project.
4. Work load of firm.
5. Firm's performance record.

We are pleased to announce that custom-made *Kansas Register* binders are now available!

These binders will hold your copies of the *Kansas Register* attractively for permanent use. They are highest quality, durable, casebound Swing Hinge® binders made by McBee Loose Leaf Binder Products. (A Swing Hinge® binder has more capacity and allows for easier interfiling than standard ring binders.) They feature dark blue cloth covering and gold imprinting. Each three-inch binder will hold up to a year's worth of *Register* issues.

Order your binders today!

***Kansas Register* binders . . . \$18.00 each includes shipping and handling.**
