Notice to Consulting Engineers

The Kansas Department of Transportation is seeking qualified consultant engineering firms for the following scope of work. Responses must be received by April 25 if the consultant engineering firm wishes to be considered. Seven signed copies of responses need to be mailed to Al Cathcart, P.E., Project Control Engineer, Office of Engineering Support, K.D.O.T., 7th Floor, Docking State Office Building, Topeka 66612.

The work consists of performing subsurface investigations, on an as needed basis, according to guidelines provided by the Bureau of Materials and Research, Geotechnical Unit. Locations may be statewide. The information from these investigations is intended for use in preparation of surface and subsurface investigation reports by the Kansas Department of Transportation. The duration of the contract will be for one year.

The work may, at the discretion of the agency, include soil and rock testing and preparation of logs.

Objectives

The objectives of the investigations will be to identify and locate, both horizontally and vertically, significant soil and rock types and groundwater conditions present and to establish the characteristics of the subsurface materials visually, by sampling, and by laboratory and in-situ testing.

Start Work

The consultant will confirm his availability within 48 hours and start work at the job site within 10 working days of verbal notification by the Chief of the Bureau of Materials and Research. Failure to confirm availability within 48 hours to start work within the allotted time is cause to select another consultant.

The consultant will work continuously so as to complete all services in a time frame agreed upon between the parties. The allowable time may vary on a project-by-project basis, depending on the scope of services. Extension of time may be allowed for adverse ground or weather conditions.

Specific Tasks

1. Provide Equipment

a) Drilling rig(s) shall be provided to advance borings and shall be of a size commensurate with the task. The size and type of rig(s) will be set out in the contract. The sizes will be in the Mobil B-31 to Mobil-57 or equivalent range. The consultant will be informed in the notification of rig(s) size.

b) Surveying equipment for determining top hole elevations.

2. Provide Personnel

The consultant will be informed in the notification whether an experienced two or three man crew will be required. The crew will always consist of a geologist, driller and driller's helper, where required.

3. Perform Investigations

The scope and general guidelines will be provided by the Department of Transportation. The consultant will be responsible for laying out borings or test hole locations in the field and advancing the test holes to the required depths. All sampling and testing will be in accordance with ASTM of K.D.O.T. standards.

4. Provide Laboratory Testing

Laboratory testing responsibilities may be required on a project-by-project basis.

5. Pay Items

The consultant agrees to furnish all labor, tools, transportation, maintenance of traffic, labor, supervision, materials and equipment necessary to complete the work specified within the allotted time frame for a negotiated bid item price.

Firms expressing interest in these projects must respond in writing and complete the Consulting Engineers Qualification Questionnaire (if not already prequalified) by April 25.

It is the policy of K.D.O.T. to use the following criteria as the basis for selection of engineering consulting firms:

1. Size and professional qualification of firm.
2. Experience of staff.
3. Location of firm with respect to proposed project.
4. Work load of firm.
5. Firm's performance record.

State Departments; Public Officers and Employees—Public Officers and Employees; Conflict of Interest—County Sheriffs.

Courts—District Courts; Miscellaneous Provisions—District Court Rules for Administrative Operation of Court; Clerks of District Courts; Qualifications; Conflict of Interest. Senator Paul Bud Burke, 9th District, Leawood, April 5, 1991.

Generally, marital relationships between governmental officers or employees are not *per se* prohibited by Kansas law. Kansas conflict of interest laws prohibit certain interaction with or activities involving entities in which a public officer or employee has a substantial interest. These conflict of interest laws do not preclude an individual from serving as a public officer or employee. Because the appointment in question is for a court personnel position, statutes concerning that position and the judicial rules and canons should also be considered in making such an appointment. Schools-Community Colleges—Organization, Powers and Finances of Boards of Trustees—Boards of Trustees; Powers and Duties; Disposition of Property; Lease. Representative Michael R. O'Neal, 104th District, Hutchinson, April 5, 1991.

The board of trustees of a community college has the power pursuant to K.S.A. 1990 Supp. 71-201 (a)(10) to dispose of any property owned by a community college. The power to dispose of property owned by a community college includes the authority to lease that property. Cited herein: K.S.A. 1990 Supp. 71-201. RDS

Opinion No. 91-34

Taxation—Sale of Personal Property for Taxes—Collection of Delinquent Taxes; Poverty Affidavit; Warrant Not Issued or Executed; Effect on Tax Owed.

Automobiles and Other Vehicles—General Provisions; Registration of Vehicles—Registration of Vehicles; Proof of Payment of Personal Property Taxes; Poverty Affidavit Limiting Issuance or Execution of Tax Warrant. Elaine Esparza, Harper County Attorney; John M. Gaffney, Deputy Harper County Attorney, Harper, April 5, 1991.

K.S.A. 79-2102 does not authorize the county to release, discharge, remit or abate taxes owed on personal property. Rather, it permits impoverished or infirm taxpayers to temporarily avoid issuance or execution of a warrant otherwise available pursuant to K.S.A. 79-2101 *et seq.* As this act provides no criteria or guidelines for determining the existence of poverty or infirmity in a specific situation, the county treasurer must accept affidavits sworn to in accordance with that statute. A court may examine the veracity of or factual basis for such a sworn statement and may determine whether perjury, false writing, or false oath penalties should be imposed, but the treasurer has no discretion in accepting the statement. K.S.A. 1990 Supp. 8-173 requires the county treasurer to decline acceptance of vehicle registration applications if personal property tax remains unpaid. K.S.A. 79-2102 does not extinguish the obligation to pay personal property tax, and thus, vehicle registration applicants may not rely upon K.S.A. 79-2102 to escape the collection procedures imposed by K.S.A. 1990 Supp. 8-173. The portion of Attorney General Opinion No. 78-391 that conflicts with the opinion expressed herein is hereby withdrawn. State Boards, Commissions and Authorities—Board of Tax Appeals; Miscellaneous Taxation Provisions—Creation of State Board of Tax Appeals; Appointment and Confirmation; Term. Arthur H. Griggs, Acting Secretary of Administration, Department of Administration, Topeka, April 9, 1991.

Terms of office of the members of the State Board of Tax Appeals were originally set by statute and appointments were made accordingly. The terms of all subsequent appointees must be made with reference to the initial terms, each commencing at the end of the preceding term. Any appointments made mid-term are for an unexpired term. Labor and Industries—Workers Compensation—Medical Compensation; Powers of Directors; Schedules of Maximum Fees; Advisory Panel; Contracts With Pri-

vate Entities to Compile Information. Robert A. Anderson, Workers Compensation Director, Kansas Department of Human Resources, Topeka, April 9, 1991.

The privileged nature of information, gathered to recommend a maximum fee schedule covering health care providers in workers compensation, does not preclude the advisory panel from contracting with a private entity to compile the information. Cited herein: K.S.A. 1990 Supp. 44-510. GE

Schools—School District Equalization and Related Acts; School District Equalization—Tax Levy for Operating Expenses; Disposition of Proceeds; 1991 Senate Bill No. 26, Section 8; Constitutionality. Representative Don M. Rezac, 61st District, Emmett, April 10, 1991.

The tax proposed in 1991 Senate Bill No. 26, section 8, is to be levied for the purpose of financing a portion of the costs of maintaining operations of a unified school district and for the purpose of paying a portion of the principal and interest on bonds issued by cities under authority of K.S.A. 1990 Supp. 12-1774. Diverting funds raised through the tax levy to the State Board of Education for deposit in the state general fund so that such funds may be appropriated by the legislature for allocation and distribution to school districts as general state aid under the provisions of the school district equalization act violates article 11, section 5, of the Kansas constitution. Representative Gayle Mollenkamp, 118th District, Russell Springs; Representative Robin Jennison, 117th District, Healy; Senator Jerry Moran, 37th District, Hays, April 10, 1991.

A solid waste processing facility is required to obtain a permit from the Kansas Department of Health and Environment. Whether an oil reclamation facility falls within the definition of a solid waste processing facility depends on whether the materials consolidated, temporarily stored or salvaged are solid wastes. The term of any lease entered into under authority of this subsection may be for not to exceed 10 years. Such lease may provide for annual or other payment of rent or rental fees and may obligate the community college to payment of maintenance or other expenses. Any lease agreement entered into under authority of this subsection shall be subject to change or termination at any time by the legislature. Any assignment of rights in any lease made under this act shall contain a citation of this section and a recitation that the lease agreement and assignment thereof are subject to change or termination by the legislature. (13) (14) To exercise all other powers not inconsistent with the provisions of law or with the rules and regulations of the state board of education which may be reasonably necessary or incidental to the establishment, maintenance and operation of a community college.

(14) (15) To appoint a member to fill any vacancy on the board of trustees for the balance of the unexpired term. When a vacancy occurs, the board shall publish a notice one time in a newspaper having general circulation in the community college district stating that the vacancy has occurred and that it will be filled by appointment by the board not sooner than 15 days after such publication.

(16) (17) To authorize by resolution the establishment of a petty cash fund in an amount not to exceed \$1,000, and to designate in such resolution an employee to maintain such petty cash fund. The employee designated in any resolution provided for in this subsection receiving such funds shall keep a record of all receipts and expend-

itures from the fund, and shall from time to time, and at the end of the fiscal year, prepare a statement for the board showing all receipts, expenditures, and the balance in the petty cash fund. The board of trustees may authorize the employee designated to maintain any petty cash fund to make a claim for replenishment of the fund to its original amount in advance of approval by the board of trustees if, at any time during the period between regular monthly meetings of the board of trustees, the balance remaining in the fund is insufficient to make needed expenditures for any purpose for which the petty cash fund is maintained. No petty cash fund may be replenished more than one time during each period between regular monthly meetings of the board of trustees. If a petty cash fund is replenished prior to the end of the fiscal year in accordance with the foregoing authorization, the employee authorized to maintain the petty cash fund shall keep an accurate record of all expenditures made therefrom, and the purpose therefor, and shall submit the record to the board of trustees at the next regular monthly meeting thereof. The petty cash fund shall be replenished by payment from the appropriate funds of the community college to the petty cash fund upon proper claim. The fund shall be kept separate from all other funds and shall be used only for authorized expenditures and itemized receipts shall be taken for each expenditure. No part of such fund may be loaned or advanced against the salary of an employee. All employees entrusted with such funds under this subsection shall be bonded by the community college district.

(c) Subject to the provisions of subsection (d), the board of trustees may purchase or otherwise acquire land or land and improvements and may acquire, construct, reconstruct, repair or remodel improvements thereon or additions thereto, including furnishings, equipment, and architectural and incidental expense related thereto, and for such purposes the board of trustees is authorized to issue and sell general obligation bonds, the cumulative total not to exceed the following amounts: Where the community college district has a taxable tangible valuation of less than \$90,000,000 or is located in a county designated as urban under the provisions of K.S.A. 19-3524, and amendments thereto, not to exceed 5% of the taxable tangible property of the community college district, and where the community college district has a taxable tangible valuation of more than \$90,000,000 not to exceed 3% except as provided above for any community college district located in a county designated as urban under the provisions of K.S.A. 19-3524, and amendments thereto, of the taxable tangible property of the community college district. If any increase in the valuation of a community college district results in an outstanding bonded indebtedness in excess of that provided in this subsection, such increase shall not constitute a violation of this subsection. No such bonds shall be issued until the question of their issuance shall have been submitted to a vote of the electors of the community college district at a regular election or at a special election called for that purpose and the majority of the electors voting on the proposition in such community college district shall have voted in favor of the issuance of the bonds. Such election shall be called, noticed and held and the bonds issued, sold, delivered and retired in accordance with the provisions of the general bond law except as herein otherwise expressly provided.

(d) The board of trustees of a community college may not purchase or otherwise acquire land or land and improvements outside the community college district. Nothing in this subsection shall be construed or operate in any manner to require a board of trustees to sell, convey or otherwise dispose of land or land and improvements located outside the community college district and owned or being acquired by the community college on the effective date of this act, but no board of trustees may enter into a contract for the construction of improvements on any such land after the effective date of this act.
