**Notice of Hearing on Proposed Administrative Regulations**

A public hearing will be conducted at 3 p.m. Monday, July 22, in Room 1052, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider adoption of K.A.R. 28-17-6 and K.A.R. 28-17-12 as permanent rules of the Department of Health and Environment. The proposed regulations represent a fee increase for vital statistics services. This fee increase is a result of a recommendation made by the House Appropriations Committee and the Senate Ways and Means Committee during the 1991 legislative session.

K.A.R. 28-17-6 is being revised to increase fees for certified copies from \$6 to \$7 for the first copy and from \$3 to \$4 for each additional copy of the same record requested at the same time. This fee increase would generate approximately \$302,000 more in general revenue funds annually.

K.A.R. 28-17-12 is being revised to increase the fee for filing a delayed certificate of birth from \$6 to \$7. This increase is being requested to keep all fees consistent. The fiscal impact of this increase would be minimal.

Copies of the proposed regulation and a complete economic impact statement may be obtained by contacting Charlene Satzler, Office of Vital Statistics, Department of Health and Environment, Room 152, Landon State Office Building, 900 S.W. Jackson, Topeka 66612-1290.

The time period between the publication of this notice and the scheduled hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed regulation. All interested parties may submit such comments prior to hearing to the address above. All interested parties also will be given a reasonable opportunity at the hearing to present their views, orally or in writing, concerning the adoption of the proposed regulations. In order to give all persons an opportunity to present their views, it may be necessary to limit oral presentations to five minutes.

Following the hearing, all written and oral comments submitted by interested parties will be considered as the basis for making changes in these proposals.

## Kansas Public Disclosure Commission

## Advisory Opinion No. 91-19

Written May 15, 1991, to all interested persons:

The Kansas Public Disclosure Commission takes this opportunity to issue its opinion on the time limit for restrictions on contributions by registered lobbyists and political action committees under K.S.A. 25-4153a.

That section states:

No registered lobbyist or political committee shall make a contribution as defined by subsection (d) of K.S.A. 25-4143 and amendments thereto to any legislator, candidate for membership to the senate or house of representatives or candidate committee for any such legislator or candidate after January 1 and prior to May 15 of any year or at any other time in which the legislature is in session and no such legislator, candidate or committee shall accept any contribution as defined by subsection (d) of K.S.A. 25-4143 and amendments thereto from any registered lobbyist or political committee during such period.

The specific issue is the definition to be attributed to the phrase, "or at any other time in which the legislature is in session."

It is our opinion that this phrase applies to any special sessions duly called and that the legislature is "in session" until final adjournment of any session.

## Advisory Opinion No. 91-20

Written May 15, 1991, to Dan Biles, Gates & Clyde, Chartered, Overland Park.

This opinion is in response to your letter of May 7, 1991, in which you request an opinion from the Kansas Public Disclosure Commission concerning K.S.A. 46-233(a).

We understand you request this opinion on behalf of Horace B. Edwards, former Secretary of Transportation for the State of Kansas. Mr. Edwards is now employed in the private sector by HBE & Associates, Inc. You also state HBE & Associates, Inc. may be retained as an independent contractor by other private sector firms holding state contracts with Mr. Edwards' former department.

From communications between yourself and our staff, we understand that Mr. Edwards incorporated HBE & Associates. You ask whether it would be permissible for Mr. Edwards to do consulting with businesses which contracted with the Department of Transportation during his service as secretary.

K.S.A. 46-233(a) relates to your question. That section states:

No state officer or employee shall in the capacity as such officer or employee participate in the making of a contract with any person or business by which such officer or employee is employed or in whose business such officer or employee has a substantial interest and no such person or business shall enter into any contract where any state officer or employee, acting in such capacity, is a signatory to or a participant in the making of such contract and is employed by or has a substantial interest in such person or business.

Whenever any individual has, within the preceding two years participated as a state officer or employee in the making of any contract with any person or business, such individual shall not accept employment with such person or business for one year following termination of employment as a state officer or employee.

The issue raised in applying this language is the appropriate definition of the word "employment." While it could be argued that a broad definition of that term would include consulting as an independent contractor, it is our opinion since the term is used twice in the same sentence and the second usage clearly applies to a master/servant setting, and further, since this is a criminal statute which must be strictly construed, that "employment" means those settings where a true employee/employer relationship is established.

Thus, we believe so long as he serves as an employee of HBE & Associates, Inc., that it would be permissible for HBE & Associates, Inc., and therefore Mr. Edwards, to do business with entities that contracted with the Department of Transportation during his service as secretary.

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 1992.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The county will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

Redemption of Bonds Prior to Maturity

At the option of the county, bonds maturing on

(continued)

September 1, 1997, and thereafter will be subject to redemption and payment prior to maturity on September 1, 1996, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the county is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the county shall elect to call any bond for redemption and payment prior to the maturity thereof, the county shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States certified mail addressed to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. Thereafter, the paying agent and bond registrar will notify the registered owners of the bonds by first class mail, postage prepaid. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

#### Conditions of bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: For each respective bond series, the same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of  $\frac{1}{8}$  or  $\frac{1}{20}$  of 1 percent. No interest rate shall exceed the index of treasury bonds published by the weekly MuniWeek, f/k/a Credit Markets, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. For each respective bond series, the difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the county during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the county on the basis of such bid. Each bid shall also specify the average annual net interest rate to the county on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

#### Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the county, which will be determined by subtracting the amount of the

premium bid, if any, from the total interest cost to the county. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the county shall determine which bid, if any, shall be accepted, and its determination shall be final.

#### Authorization, Purpose and Security for the Bonds

The bonds are being authorized and issued to permanently finance various street and sewer improvements to the county and certain improvements to the county courthouse and the county work release facility. The bonds will be general obligations of the county payable as to both principal and interest in part from special assessments levied upon specially benefited property and, if not so paid, from ad valorem taxes which may be levied without limitation upon all the taxable tangible property, real and personal, within the territorial limits of the county. The balance of the principal of and interest on the bonds is payable from ad valorem taxes which may be levied, without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the county.

#### Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the county which must be met subsequent to the issuance of the bonds by the county and, as a result, the county will and does hereby covenant that it will diligently undertake those steps necessary to maintain the excludability of the interest earned on the bonds from gross income for federal income tax purposes. The county's failure to comply with such requirements could adversely affect the excludability of the interest earned on the bonds for federal income tax purposes. Purchasers of the bonds should be aware that should the interest earned on the bonds become includable in gross income for federal income tax purposes as a result of the county's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations for taxable years beginning after December 31, 1989, in the calculation of alternative minimum tax with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for an environmental tax generally based on corporate alternative minimum taxable income. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies, for taxable years beginning on or after January 1, 1987, to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on obligations acquired after August 7, 1986.

With the exception of certain "qualified tax-exempt

obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying obligations such as the bonds if such interest cost is incurred in taxable years ending after December 31, 1986, with respect to obligations acquired after August 7, 1986. The county does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

#### Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the county, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the county with the provisions of the resolution authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is excludable from gross income for federal income tax purposes. Interest on the bonds will also be excluded from the computation of Kansas adjusted gross income for taxable years commencing after December 31, 1987.

#### Delivery and Payment

The county will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about July 25, 1991, at such bank or trust company in the state of Kansas or greater Kansas City, Missouri, metropolitan area. Delivery elsewhere will be at the expense of the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the county. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the county and bond registrar not later than 1 p.m. C.D.T. on July 10, 1991. In the absence of such information, the county will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the county by 1 p.m. C.D.T. on July 10, 1991, a certificate acceptable to the county's bond counsel to the effect that (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

#### Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United

States of America in the amount of \$121,992.50, payable to the order of the county to secure the county from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the county until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall be returned to the successful bidder or deducted from the purchase price at the option of the county. If a bid is accepted but the county shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the county, with the county reserving the right to pursue all remedies available to it as a result of such default by the bidder.

#### CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the county.

#### Bid Forms

All bids must be made on forms which may be procured from the county clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The county reserves the right to waive irregularities and to reject any or all bids.

#### Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned county clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at Shawnee County Courthouse and must be received by the undersigned prior to 9 a.m. central time on Thursday, June 27, 1991.

#### Date and Delivery of Preliminary and Final Official Statement

The county has authorized the preparation and disbursement of a preliminary official statement containing information relating to the bonds. The preliminary official statement comprises the final official statement required by Rule 15c2-12 of the Securities and Exchange Commission.

The preliminary official statement, when amended to include the interest rates specified by the successful bidder (the underwriter) and the price or yield at which the underwriter will re-offer the bonds to the public, together with any other information required by law, will constitute a "Final Official Statement" with respect to the bonds as that term is defined in Rule 15c2-12. No more than seven business days after the date of the sale, the county will provide without cost to the underwriter such reasonable number of printed copies

(continued)

of the final official statement as such underwriter may request, and, further copies, if desired, will be made available at the underwriter's expense. If the sale of the bonds are awarded to a syndicate, the county will designate the senior managing underwriter of the syndicate as its agent for purposes of distributing copies of the final official statement to each participating underwriter. Any underwriter executing and delivering a bid form with respect to the bonds agrees thereby that if the bid is accepted it shall accept such designation and shall enter into a contractual relationship with all participating underwriters for the purpose of assuring the receipt and distribution by each such participating underwriter of the final official statement.

The county will deliver to the underwriter on the date of delivery of the bonds a certificate executed by the chairman and the county clerk to the effect that the final official statement, as of the date of delivery of the bonds, does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading.

Copies of the county's preliminary official statement relating to the bonds may be obtained from the county clerk.

#### Assessed Valuation and Indebtedness

The total assessed valuation of all the taxable tangible property (including motor vehicles) within the county for 1990 is \$902,662,933. The total general obligation bonded indebtedness of the county as of the date of the bonds, including the bonds, is \$57,875,433.03, including, as of the date of the bonds, temporary notes outstanding in the principal amount of \$3,730,183, of which, \$2,362,344 will be retired out of the proceeds of the bonds herein offered for sale.
