Disadvantaged Businesses Utilization
Program Policy Statement

It is the policy of the Kansas Department of Transportation that disadvantaged businesses, as defined in 49 Code of Federal Regulations, Part 23, shall have the maximum opportunity to participate in the performance of KDOT contracts that are financed in whole or in part with federal funds. In this regard, KDOT is committed to provide all necessary and reasonable steps in accordance with 49 CFR, Part 23 to ensure that such businesses will be utilized to the maximum extent feasible.

To administer this program, a KDOT External EEO Officer shall be designated who will be responsible for developing, managing and implementing the DBE program on a daily basis. The program objective will be to meet or exceed the established DBE program goals.

Contract goals will be established monthly on individual projects having practical and feasible DBE subcontracting possibilities.

Overall goals will be established on an annual basis and will be based on the following factors:

1. A projection of the number of DBEs available to compete for subcontracts.
2. A projection of the number and type of federal aid contracts to be let for bid.
3. An analysis of the past year's performance and capabilities of the active DBEs.

The overall DBE goal for federal fiscal year 1992 (October 1, 1991, to September 30, 1992) shall be 10 percent for DBEs. Comments, for informational purposes only, will be accepted from the general public in relation to these goals for 45 days following the date of publication of this notice.

Verbal comments may be directed to Sandra E. Greenwell at (913) 296-7940. Written comments may be sent to: Sandra E. Greenwell, Administrative Officer, Kansas Department of Transportation, Office of Engineering Support, 7th Floor, Docking State Office Building, 915 Harrison, Topeka 66612.

State Departments; Public Officers and Employees—Department on Aging—Advisory Council on Aging; Appointment of Members; Expiration of Terms. Ben Foster, Attorney at Law, Wichita, September 25, 1991.

The terms of office for members of the Advisory Council on Aging were originally set by statute. All subsequent appointments must be made by reference to the initial terms and each term commences at the end of the preceding term. Any appointments made mid-term are for the remainder of the unexpired term. Appointments made mid-term or following the expiration of a previous term cannot be made to exceed the term set by statute. Thus, the term of the office to which the requestor was appointed expired on June 30, 1991. Cited herein: K.S.A. 75-5911; 75-5912. TMN

Cities and Municipalities—Governmental Organization—Consolidation of Operations, Procedures and Functions by a Political and Taxing Subdivision or by Two or More Subdivisions; Procedure. Representative Clyde Graeber, 41st District, Leavenworth, September 26, 1991.

A city and school district having a common geographical area may utilize the procedures of K.S.A. 12-3901 *et seq.* to provide for the consolidation of maintenance and repair services associated with buildings and equipment owned by them. Opinion No. 91-119

Constitution of the State of Kansas—Miscellaneous—Lotteries; Indian Gaming Regulatory Act. Senator Edward F. Reilly, Jr., 3rd District, Leavenworth, September 30, 1991.

The federal Indian gaming regulatory act authorizes Indian tribes to conduct class III gaming activities (such as slot machines, parimutuel wagering on horse and dog races, jai alai and banking card games) on Indian lands located in any state which "permits such gaming for any purpose by any person, organization, or entity" pursuant to a tribal-state compact. The state of Kansas itself is constitutionally permitted to conduct any game involving the elements of consideration, chance and prize and therefore any game including these three elements may be negotiated for inclusion in a tribal-state compact. The state may refuse to include such games in the compact only if the state in good faith believes the conduct of a particular game involving these elements would be detrimental to the public welfare. A tribal-state compact may provide for licensing and regulation of gaming on Indian lands by the state lottery office, or any other state agency with expertise in the area. The governor may participate in negotiations and formulation of a tribal-state compact, but legislative action is necessary to make a compact binding and enforceable against the state. Constitution of the State of Kansas—Legislative—Appointment of Officers. Joan Finney, Governor of Kansas, Topeka; William G. Brundage, Ph.D., President of Kansas Technology Enterprise Corporation, Topeka, October 1, 1991.

The Kansas Technology Enterprise Corporation (KTEC) does not have statutory authority with sufficient guidelines and standards to enable it to form a subsidiary corporation.

The governor has only such appointing power granted by the constitution or the legislature. Cited herein: K.S.A. 1990 Supp. 74-8104; Kan. Const., art. 2, § 18, art. 15, § 1. MJS

Article 9.—PARIMUTUEL WAGERING

112-9-41. (Authorized by K.S.A. 1988 Supp. 74-8804(p); implementing K.S.A. 1988 Supp. 74-8819(b); effective, T-112-8-22-89, August 22, 1989; effective Oct. 2, 1989; revoked, T-112-9-26-91, Sept. 26, 1991.)

112-9-41a. **Twin trifecta.** (a) The twin trifecta requires selection of the first three finishers, in their exact order, in each of two designated contests. Each winning ticket for the first twin trifecta contest must be exchanged for a free ticket for the second twin trifecta contest in order to remain eligible for the second-half twin trifecta pool. These tickets may be exchanged only at attended ticket windows prior to the second twin trifecta contest. Winning first-half twin trifecta wagers will receive both an exchange and a monetary payoff. Both of the designated twin trifecta contests shall be included in only one twin trifecta pool.

(b) After wagering closes for the first-half of the twin trifecta and commissions have been deducted from the pool, the net pool then shall be divided into separate pools: the first-half twin trifecta pool and the second-half twin trifecta pool.

(c) In the first twin trifecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first twin trifecta contest:

(1) as a single price pool to those whose combination finished in the same sequence as the first three betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(4) the entire twin trifecta pool shall be refunded on twin trifecta wagers for that contest and the second-half shall be canceled.

(d) If no first-half twin trifecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half twin trifecta pool. In such case, the second-half twin trifecta pool shall be retained and added to any existing twin trifecta carryover pool.

(e) Winning tickets from the first-half of the twin trifecta shall be exchanged for tickets selecting the first three finishers of the second-half of the twin trifecta. The second-half twin trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second twin trifecta contest:

(1) as a single price pool, including any existing carryover monies, to those whose combination finished in the same sequence as the first three betting interests; but if there are no such tickets, then

(2) the entire second-half twin trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half twin trifecta pool of the next consecutive performance. The additional second-half twin trifecta monies resulting from such carryover shall be termed the "twin-tri jackpot."

(f) If a winning first-half twin trifecta ticket is not presented for cashing and exchange prior to the second-half twin trifecta contest, the ticket holder may collect the monetary value associated with the first-half twin trifecta pool but forfeits all rights to any distribution of the second-half twin trifecta pool.

(g) Coupled entries and mutuel fields shall be prohibited in twin trifecta contests.

(h) Should a betting interest in the first-half of the twin trifecta be scratched, those twin trifecta wagers, including the scratched betting interest, shall be refunded.

(i) Should a betting interest in the second-half of the twin trifecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for the exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second twin trifecta contest, the ticket holder forfeits all rights to the second-half twin trifecta pool.

(j) If, due to a late scratch, the number of betting interests in the second-half of the twin trifecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half twin trifecta pool for that contest as a single price pool, but not the twin-tri jackpot.

(k) If there is a dead heat or multiple dead heats in either the first- or second-half of the twin trifecta, all twin trifecta wagers selecting the correct order of finish, counting a betting interest involved in a dead heat

as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:

(1) the first-half of the twin trifecta, the payoff shall be calculated as a profit split.

(2) the second-half of the twin trifecta, the payoff shall be calculated as a single price pool.

(l) If either of the twin trifecta contests is canceled prior to the first twin trifecta contest or if the first twin trifecta contest is declared a "no contest," the entire twin trifecta pool shall be refunded on twin trifecta wagers for that contest, and the second-half of the twin trifecta shall be canceled.

(m) If the second-half twin trifecta contest is canceled or declared "no contest," all exchange tickets and outstanding first-half winning twin trifecta tickets shall be entitled to the net twin trifecta pool for that contest as a single price pool, but not to the twin-tri jackpot. If there are no such tickets, the net twin trifecta pool shall be distributed as described in subparagraph (c) of this regulation.

(n) The twin-tri jackpot may be capped at a designated level or on a designated performance as approved by the commission. When the commission authorizes the capping of a jackpot it shall select one of the following methods to govern subsequent contributions to the carryover pool:

(1) When the amount in the wager's jackpot pool equals or exceeds the designated cap at the close of any performance, the jackpot pool shall be frozen, and 100 percent of the designated contributions to the jackpot pool shall be paid out to the wager's regular pool until the jackpot pool is paid out.

(2) Within three working days of the date when the designated cap is reached, each organization licensee shall notify the commission or its designee of the occurrence and specify the date it intends to force a payout of the jackpot pool, provided the capped jackpot pool is not paid out prior to the specified date. Each forced payout shall be made within ten race days after the date when the designated cap is reached. After the designated cap is reached the jackpot pool shall continue to receive its regular contribution from all wagers.

(3) When the designated cap on the jackpot pool is reached, the organization licensee shall freeze the jackpot pool at the designated cap amount and create a new seed pool. The seed pool shall receive and hold all contributions that would normally flow to the jackpot pool until the capped jackpot pool is paid out. The jackpot pool shall be paid out under the regular procedures, or, if the organization licensee so elects, under the forced payout procedures stated in subparagraph (n)(2) of this regulation. Once the capped jackpot pool is paid out, the seed pool shall become the jackpot pool. If the seed pool's balance ever equals or exceeds the designated cap, the seed pool shall be frozen at the designated cap amount, and another seed pool shall be created.

(4) When the twin trifecta is capped on a designated performance and the designated performance date is

reached, the organization licensee shall pay out 100 percent of the contributions to the jackpot pool.

(o) The twin trifecta jackpot shall be designated for distribution on a specific date and performance only under the following circumstances:

(1) upon written approval from the commission as provided in subparagraph (n) of this regulation, or

(2) on the closing performance of the meeting or split meeting.

(p) When the twin-tri jackpot is designated for distribution on a specified date and performance, the following precedence shall be followed in determining winning tickets for the second-half of the twin trifecta after completion of the first-half of the twin trifecta:

(1) as a single price pool to those whose combination finished in the same sequence as the first three betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(4) as a single price pool to holders of valid exchange tickets, but if there are no holders of valid exchange tickets, then

(5) as a single price pool to holders of outstanding first-half winning tickets.

(q) If, for any reason, the twin-tri jackpot must be carried over to the corresponding twin trifecta pool of a subsequent meeting, the jackpot shall be deposited in an interest-bearing account approved by the commission. The twin-tri jackpot and accrued interest then shall be added to the second-half twin trifecta pool of the following meeting on a date and performance designated by the commission.

(r) The parimutuel system shall suppress all information related to twin trifecta wagering activity until the conclusion of the second-half twin trifecta contest, with the exception of the total amount of the net pool after the close of first-half twin trifecta wagering. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold or number of valid exchange tickets is prohibited.

(s) At the beginning of each meeting each organization licensee shall obtain written approval from the commission concerning the scheduling of twin trifecta contests, the percentages of the net pool added to the first-half pool and second-half pool and the designated amount of any cap to be set on the jackpot. Any modification of the approved twin trifecta procedures requires prior approval from the commission. (Authorized by K.S.A. 1990 Supp. 74-8804(p); implementing K.S.A. 1990 Supp. 74-8819(b); effective, T-112-9-26-91, Sept. 26, 1991.)

(1) Except as otherwise specifically provided by law, subsistence allowances for in-state and out-of-state travel shall be paid on the basis of a quarter-day rate for meal expenses and the actual cost of lodging expenses incurred, within the lodging expense limits set forth in this regulation. The subsistence rates for meal expenses shall be paid on a per diem basis at the appropriate rate for any fraction of a quarter-day in which the official travel begins and for each full quarter-day thereafter. (3) Subject to the approval of the secretary of administration, the director of accounts and reports may designate any city in a state bordering or near Kansas as a "border city." In-state, exclusive of designated high cost geographic areas	\$ 46.00
In-state, designated high cost geographic area	\$ 58.00

International Travel	actual

Specific exceptions to the dollar limitation on lodging expenses may be made pursuant to provisions in K.S.A. 75-3207a and amendments thereto.

(d) If the cost of meals is included within the cost of registration fees or other fees and charges paid by the agency or supplied without cost by another party, the meal expenses shall be reduced as follows:
