If necessary, the public hearing will continue at 9 a.m. Thursday, March 5, at the same location. A general business meeting will begin at 1:30 pm. Wednesday, March 4, at the same location. If necessary, the business meeting will continue following the conclusion of the public hearing. The business meeting agenda will be announced at a later date. The public is also invited to attend the business meeting.

This 30-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations.

All interested parties may submit written comments prior to the hearing to the chairman of the commission, Kansas Department of Wildlife and Parks, Suite 502, Landon State Office Building, 900 S.W. Jackson, Topeka 66612. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulations. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulations.

The following is a brief summary of the permanent and exempt regulations proposed for adoption:

**K.A.R. 115-1-1. Definitions.** This permanent regulation is proposed for amendment. Turkey will be defined as wild turkey.

**Economic Impact Summary:** No economic impact is anticipated.

**K.A.R. 115-2-1. Amount of fees.** This permanent regulation is proposed for amendment. A separate resident and nonresident mussel harvest permit is created as is a mussel dealer permit. Resident and nonresident harvesters and resident dealer fees are increased.

**Economic Impact Summary:** Increased fees may cause some to no longer participate as harvesters or dealers. The amount of additional funds received by the department is unknown and will depend on the number of mussel harvesters or dealers wishing to continue participation.

**K.A.R. 115-2-3. Other fees and charges.** This permanent regulation is proposed for amendment. A 30-day camping permit is proposed at \$60 with electricity, water and sewer fees added on. A cabin camping permit is proposed at \$25 per night. The rent-a-camp fee is proposed for reduction from \$15 to \$10.

**Economic Impact Summary:** The new permits and fees will be a expenditure by the public, but will be voluntary. The department estimates increased revenues of \$67,500 after several years of operation.

**K.A.R. 115-4-3. Antelope; legal equipment, taking methods, and general provisions.** This permanent regulation is proposed for amendment. A new provision will require the head to accompany the carcass until arriving at the individual's residence or at a place of processing.

**Economic Impact Summary:** No economic impact is anticipated.

**K.A.R. 115-4-5. Deer; legal equipment, taking methods, and general provisions.** This permanent regulation is proposed for amendment. A new provision will require the head to remain attached to the carcass until arriving at the individual's residence or at a place of processing.

**Economic Impact Summary:** No economic impact is anticipated.

**K.A.R. 115-4-6. Deer; management units.** This permanent regulation is proposed for amendment. The change will require a separate unit 4a permit to hunt on the Smoky Hills Weapons' Range, a separate unit 8a permit to hunt on the Ft. Riley Military Reservation, and a separate unit 10a permit to hunt on the Ft. Leavenworth Military Reservation.

**Economic Impact Summary:** No economic impact is anticipated.

**K.A.R. 115-4-7. Elk; legal equipment, taking methods, and general provisions.** This permanent regulation is proposed for amendment. A new provision will require the head to remain with the carcass until arriving at the individual's residence or at a place of processing.

**Economic Impact Summary:** No economic impact is anticipated.

**K.A.R. 115-17-6. Commercial mussel harvest permit; permit application and requirements, authority, reports, general provisions and permit revocation.** This permanent regulation is proposed for amendment. It continues provisions for commercial harvest and sale of mussels, but authority to buy mussels (dealer) is removed. The dealer authority is treated in new regulation K.A.R. 115-17-14.

**Economic Impact Summary:** No economic impact is anticipated.

**K.A.R. 115-17-7. Commercial harvest of mussels; legal species, seasons, size restrictions, daily limits and possession limits.** This permanent regulation is proposed for amendment. The number of species legal for taking is reduced to five species, variable and reduced size limits are placed on four of the five species, and open season is reduced from year round to April 1 through September 30.

**Economic Impact Summary:** A reduction in harvest is anticipated; however, the amount of reduction is unknown.

**K.A.R. 115-17-9. Commercial harvest of mussels; open areas.** This permanent regulation is proposed for amendment. The area open for harvest has been reduced from statewide to federal reservoirs, certain other governmental impoundments, and portions of traditional streams.

**Economic Impact Summary:** A 10 to 20% reduction in harvest is anticipated which will impact some harvesters.

**K.A.R. 115-17-14. Commercial mussel dealer permit; permit application and requirements, authority, reports, general provisions and permit revocation.** This proposed new regulation will establish a commercial mussel dealer permit.

**Economic Impact Summary:** No economic impact is anticipated as individuals have been authorized to deal in mussels under a harvester permit. Permit application, record keeping and reporting requirements will continue.

**K.A.R. 115-18-8. Retrieval and possession of game animals and migratory game birds; requirements.** This proposed new regulation will require reasonable effort to retrieve game animals and migratory game birds and retain in possession until properly disposed of. The intent of the regulation is to reduce wanton waste.

**Economic Impact Summary:** No economic impact is anticipated.

**K.A.R. 115-25-5. Turkey; fall season, bag limit and permits.** This exempt regulation sets the 1992 fall turkey season.

**Economic Impact Summary:** Estimated revenue to the department would be \$50,400 if all recommended permits are issued. This represents a cost to the public, but participation is voluntary.

**Economic Impact Summary:** Estimated revenue to the department would be \$1,930,000 if all recommended permits are issued. This represents a cost to the public, but participation is voluntary.

**Attorney General****Opinion No. 92-7**

**State Boards, Commissions and Authorities—Regulation of Psychologists; Licensure of Psychologists—Issuance of License; Qualifications.** Representative Barbara P. Allen, 21st District, Overland Park, January 15, 1992.

When granting a license to practice psychology, the Behavioral Sciences Regulatory Board does not have the authority to designate an "area of emphasis" as a restriction or limitation of that license. Accordingly, K.A.R. 102-1-10(b)(4) is void and unenforceable, as it exceeds the board's statutory authority. Cited herein: K.S.A. 1990 Supp. 74-5302; 74-5310. CN

**Opinion No. 92-8**

**Cities and Municipalities—Planning and Zoning—Manufactured Homes.** Representative Dale C. Sprague, 73rd District, McPherson, January 15, 1992.

Pursuant to section 12 of chapter 33 of the 1991 Session Laws of Kansas, "[w]henver a federal manufactured home construction and safety standard established pursuant to 42 U.S.C. § 5401 *et seq.* is in effect, no state agency or political subdivision shall have any authority to establish, or to continue in effect, with respect to any manufactured home covered, any standard regarding construction or safety applicable to the same aspect of performance of such manufactured home which is not identical to the federal manufactured home construction and safety standard."

Accordingly, any standard adopted by a city, including any building code provision, which contravenes the above-quoted limitation is void, and does not constitute grounds for excluding a residential design manufactured home from the city's single family residential district. Additionally, under section 19 of chapter 56 of the 1991 Session Laws of Kansas, a governing body of a city is prohibited from adopting or enforcing zoning regulations which have the effect of excluding residential design manufactured homes (as defined therein) from single family residential districts solely because they are manufactured homes. **Banks and Banking; Trust Companies—Banking Code; Trust Authority—Investment of Public Moneys; Repurchase Agreement.**

**Cities and Municipalities—Miscellaneous Provisions—Investment of Public Moneys by Governmental Subdivisions, Units and Entities; Repurchase Agreements.** Robert Fairchild, Douglas County Counselor, Lawrence, January 17, 1992.

The bank trust department is not a separate legal entity from the bank of which it is a part. K.S.A. 1990 Supp. 12-1675(4) allows a governmental entity to enter into a repurchase agreement as long as the funds are invested in a bank that has an office in at least one of the applicable sites listed in the statute. **Social and Rehabilitation Services****Notice of Hearing on Proposed Administrative Regulations**

A public hearing will be conducted at 9 a.m. Tuesday, March 3, in the SRS Staff Development conference room, 300 S.W. Oakley, Topeka, to consider the adoption of proposed changes in existing rules and regulations on a permanent basis.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the Secretary of Social and Rehabilitation Services, Room 603-N, Docking State Office Building, 915 S.W. Harrison, Topeka 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

These regulations are proposed for adoption and are scheduled to become effective May 1. A summary of the proposed regulations and their economic impact follows.

The phrase "Federal Mandate" following an item indicates that the change is required by federal policy. Optional changes in regulations related to federal programs are subject to approval by the U.S. Department of Health and Human Services.

**Article 4.—PUBLIC ASSISTANCE PROGRAM**

**30-4-140. Payments.** This regulation is being amended to clarify that an individual shall be denied or terminated from assistance following a determination of fraud. If the individual is not eligible for and not receiving assistance at the time of the fraud determination, the disqualification period shall be de-

ferred until the individual applies for and is determined otherwise eligible for benefits.

Economic Impact: This change is not expected to have any discernible economic impact.

**Article 5.—PROVIDER PARTICIPATION,  
SCOPE OF SERVICES, AND  
REIMBURSEMENTS FOR THE MEDICAID  
(MEDICAL ASSISTANCE) PROGRAM**

**30-5-58. Definitions.** This regulation is being amended to add "or precertification" to the term "prior authorization" and to the existing definition for prior authorization.

Economic Impact: None.

**30-5-59. Provider participation requirements.** This regulation is being amended to allow out-of-state pharmacies under contract with the Department of Health and Environment to provide intravenous blood fraction products to Kansas Medicaid or Medikan recipients.

Economic Impact: None.

**30-5-64. Prior authorization.** This regulation is being amended to add precertification as a requirement similar to prior authorization. The only exceptions to precertification shall be in cases of emergencies or retroactive eligibility.

Economic Impact: None.

**30-5-65. Filing limitations for medical claims.** This regulation is being amended to comply with K.S.A. 39-708a, which sets forth exceptions to timely filing limitations.

Economic Impact: None.

**30-5-70. Payment of medical expenses for eligible recipients.** This regulation is being amended to cross reference the exceptions contained in K.A.R. 30-5-65.

Economic Impact: None.

**30-5-110. Scope of partial hospitalization programs.** This regulation is being amended to allow Kan Be Healthy program participants to receive partial hospitalization services at both programs affiliated with community mental health centers and at unaffiliated programs.

Economic Impact: None.

**Article 6.—MEDICAL ASSISTANCE PROGRAM—  
CLIENTS' ELIGIBILITY FOR PARTICIPATION**

**30-6-55. Cooperation.** This regulation is being amended to require that each applicant or recipient who is otherwise eligible cooperate with the agency in enrolling in a group health plan offered by the applicant's or recipient's employer where the agency has determined that such plan is cost effective. Failure to cooperate without good cause shall render the applicant or recipient ineligible for medical assistance. This requirement is part of the agency's Health Insurance Premium Payment System (HIPPS), which will begin providing for payment of all premiums, deductibles, co-insurance, and other cost sharing obligations of a group health plan for Medicaid clients when it is cost effective to do so. (Federal Mandate.)

Economic Impact: This change is expected to result in loss of eligibility for six persons a year resulting in a total annual savings of \$7,128 (\$2,940 state general funds).

**30-6-56. Transfer of property.** This regulation is being amended to consider a transfer of real or personal property to an irrevocable trust or similar irrevocable legal device as a transfer without adequate consideration since the person who created the trust does not retain the right to dissolve or amend the trust for purposes of obtaining the resources. This would exclude trusts created for burial purposes under K.S.A. 16-303 and K.S.A. 16-321.

Economic Impact: This change is expected to result in loss of eligibility for approximately two persons each month resulting in a total annual savings of \$27,576 (\$11,375 state general funds).

**Article 10.—ADULT CARE HOME PROGRAM**

**30-10-1b. Nursing facilities.** This regulation is being amended to add the requirement that notification must be in writing and sent by certified mail when a change of ownership occurs.

Economic Impact: The cost associated with this change is the cost of sending a certified letter with return postcard to the Department of Social and Rehabilitation Services which at the present is \$3.04 per 1 oz. letter with return postcard.

**30-10-11. Personal needs fund.** This regulation is being amended to change the requirements guaranteeing the security of Medicaid recipients' personal needs funds.

Economic Impact: There will be an additional cost of \$73,800 (\$30,435 state general funds) as a result of this change. This is based on the cost of a surety bond of \$200 for the affected 369 nursing facilities.

**30-10-18. Rates of reimbursement.** This regulation is being amended to make technical changes.

Economic Impact: None.

**30-10-23a. Non-reimbursable costs.** This regulation is being amended to make technical changes.

Economic Impact: None.

**30-10-23b. Costs allowed with limitations.** This regulation is being amended to make technical changes.

Economic Impact: None.

**Department of Health

**Notice of Hearing on Proposed  
Administrative Regulations**

The Kansas Department of Health and Environment will conduct a public hearing at 1:30 p.m. Monday, March 2, in the auditorium of the Topeka-Shawnee County Health Department, 1615 S.W. 8th, Topeka, to consider the proposed adoption of new temporary and permanent regulations K.A.R. 28-29-28 through 28-29-36. These regulations will implement the Kansas Waste Tire Management Program, which includes permits, standards and grants.

**K.A.R. 28-29-28. Definitions.**

This regulation provides 11 definitions to clarify selected terms used in the waste tire permit and grant programs. There is no economic impact from this regulation.

**K.A.R. 28-29-29. Unprocessed waste tire disposal prohibited.**

This regulation prohibits unprocessed waste tire disposal and directs all waste tires to be sent only to permitted solid waste disposal facilities, waste tire monofills, waste tire processing facilities, or waste tire collection centers.

The economic impact will be the cost to the permittees required to process the waste tires before disposal. This cost could range from \$.35 to \$1.00 a passenger tire.

**K.A.R. 28-29-30. Waste tire management permitting required.**

Waste tire processing facilities and collection centers are required to obtain permits. The elements required in a permit application are included in this regulation. Permittees must provide financial assurance to ensure funding to close and clean up an abandoned facility. Certain activities are exempted from the permit requirement.

The temporary regulations allow interim permits until the permanent regulations are in effect.

The economic impact are the costs associated with the permit fee, annual renewal fee, related costs to comply with the permit application requirements, and the cost of financial assurance.

**K.A.R. 28-29-31. Standards for waste tire sites, processing facilities, and collection centers.**

This regulation requires adequate fire, health, and environmental protection for the operation and eventual closure of a permitted facility. The costs associated with these standards include the staff and capital equipment to properly handle, process, and store waste tires.

**K.A.R. 28-29-32. Waste tire collector permit required.**

Persons who collect or transport waste tires are required to have a permit. The elements required in a permit application are included in this regulation. Fi-

ancial assurance is required to provide for clean up of waste tires abandoned by a transporter.

The temporary regulations provide interim permits until the permanent regulations are in effect.

The economic impact includes the permit fee, annual renewal, related costs to comply with the permit application requirements, and the cost of financial assurance.

**K.A.R. 28-29-33. Waste tire collector standards.**

This regulation requires all waste tire collectors to display their permit, record the number, location, and destination of collected tires, and leave waste tires at only authorized waste tire facilities. The economic impact associated with this regulation are the record keeping, annual reports, and other administrative costs.

**K.A.R. 28-29-34. Waste tire management grants.**

This regulation delineates the waste tire management grant program. Counties, cities, or private business may apply for grant funds. The purpose of the grants are to encourage recycling; enforce waste tire management laws; and provide for management plans for collection, abatement, recycling, and disposal of waste tires.

**K.A.R. 28-29-35. Waste tire grant application.**

This regulation specifies the elements required in a grant application. No economic impact is caused by this regulation.

**K.A.R. 28-29-36. Grant awards.**

This regulation specifies the procedures for issuing, amending, and terminating waste tire grant awards. Grants are for a one year period. There is no economic impact associated with this regulation.

Copies of the regulations, the complete economic impact statement pertaining to this rule-making action, and further information may be obtained by contacting Joseph Cronin, Kansas Department of Health and Environment, Bureau of Air and Waste Management, Forbes Field, Topeka 66620, (913) 296-1667.

The time period between the publication of this notice and the scheduled hearing constitutes a public comment period for the purpose of receiving written comments on the proposed new regulations. All interested parties may submit written comments prior to the hearing to Jan Sides, Hearing Officer, Kansas Department of Health and Environment, Forbes Field, Topeka 66620. All interested parties also will be given reasonable opportunity during the hearing to present their views, orally or in writing, concerning the adoption of the regulations. Following the hearing, all written and oral comments submitted will be considered as the basis for making changes to the proposed new regulations.

While registered bondholders have the option of presenting bonds to the Kansas paying agent, there will be a delay in the issuance of bonds for any unredeemed portion unless presentment is made to the principal paying agent in Chicago. To assure prompt payment of the redemption price, bond certificates should be sent, unendorsed, approximately two weeks before March 1, 1992, to the above address. The method of delivery of the bonds for payment is at the election and risk of the holder, but, if sent by mail, insured, registered or certified mail, return receipt requested, is recommended.

Interest on the bonds called for redemption will cease to accrue on March 1, 1992.

To avoid a 20 percent backup withholding tax required by the Interest and Dividend Tax Compliance Act of 1983, holders must submit a properly completed IRS Form W-9 with their bonds, unless such form has been previously provided.

A public hearing will be conducted at 9:30 a.m. Monday, March 9, at the Jackson County 4-H Building, 5th and Dakota, Holton, at which time all interested parties will have an opportunity to be heard regarding the proposed designation of a pesticide management area within that portion of the Delaware River Basin included within the Delaware Watershed Joint District No. 10, the Nemaha Brown Watershed Joint District No. 7, the Little Delaware Mission Creek Watershed Joint District No. 5 and the Thompsonville Watershed District No. 6 as more fully described below. The purpose of the hearing will be to determine if a pesticide management area should be established concerning the use of atrazine, and if so, what the boundaries should be and what corrective control provisions concerning the use, handling, transportation and application of atrazine, if any, should be implemented.

The boundary of the proposed pesticide management area is the outside perimeter of that tract of land which contains all of the following described tracts located in Atchison, Brown, Jackson and Nemaha counties in Kansas:

A summary of the proposed pesticide management plan is as follows:

The proposed pesticide management plan includes the following components: management and conservation practices, education, monitoring, research, enforcement, and evaluation. A summary of these components is as follows:

1. Management and conservation practices concern the use, application, handling or loading of atrazine near any public or private water supply, on any cropland or non-cropland, rates of application of atrazine, the creation and maintenance of buffer zones or similar strips around streams or other riparian areas, the creation of field borders, and the encouragement of maintaining current prohibitions on the use of atrazine on state and federal lands within the proposed district.
2. Education of the people within and/or affected by the proposed pesticide management area regarding the proper use, handling, loading and application of atrazine.
3. The Kansas State Board of Agriculture proposes implementation of a program to monitor the use, handling, loading and application of atrazine within the pesticide management area.
4. The Kansas State Board of Agriculture proposes conducting studies and research to ascertain ways of controlling and minimizing the introduction of atrazine into waters of the state of Kansas.
5. The Kansas State Board of Agriculture will enforce the provisions of the pesticide management area as provided by law.
6. The test results of atrazine levels in the pesticide management area would be evaluated at least annually to determine what additional changes, if any, are needed.

All interested persons may attend the hearing and will be given an opportunity to express comments either orally or in writing, or both. If it is not possible for a person to be present, that person may submit written comments to the secretary of the State Board of Agriculture, 901 S. Kansas Ave., Topeka 66601-1280 on or before March 22. If you intend to present testimony at the hearing in person or by counsel, prior written notice to the secretary would be helpful in arranging the agenda.

Article 9.—PARIMUTUEL WAGERING

**112-9-41.** (Authorized by K.S.A. 1988 Supp. 74-8804(p); implementing K.S.A. 1988 Supp. 74-8819(b); effective, T-112-8-22-89, Aug. 22, 1989; effective Oct. 2, 1989; revoked, T-112-9-26-91, Sept. 26, 1991; revoked, T-112-1-21-92, Jan. 21, 1992.)

**112-9-41a. Twin trifecta.** (a) The twin trifecta requires selection of the first three finishers, in their exact order, in each of two designated contests. Each winning ticket for the first twin trifecta contest must be exchanged for a free ticket for the second twin trifecta contest in order to remain eligible for the second-half twin trifecta pool. These tickets may be exchanged only at attended ticket windows prior to the second twin trifecta contest. Winning first-half twin trifecta wagers will receive both an exchange and a monetary payoff. Both of the designated twin trifecta contests shall be included in only one twin trifecta pool.

(b) After wagering closes for the first-half of the twin trifecta and commissions have been deducted from the pool, the net pool then shall be divided into separate pools: the first-half twin trifecta pool and the second-half twin trifecta pool.

(c) In the first twin trifecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first twin trifecta contest:

(1) as a single price pool to those whose combination finished in the same sequence as the first three betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(4) the entire twin trifecta pool shall be refunded on twin trifecta wagers for that contest and the second-half shall be canceled.

(d) If no first-half twin trifecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half twin trifecta pool. In such case, the second-half twin trifecta pool shall be retained and added to any existing twin trifecta carryover pool.

(e) Winning tickets from the first-half of the twin trifecta shall be exchanged for tickets selecting the first three finishers of the second-half of the twin trifecta. The second-half twin trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second twin trifecta contest:

(1) as a single price pool, including any existing carryover monies, to those whose combination finished in the same sequence as the first three betting interests; but if there are no such tickets, then

(2) the entire second-half twin trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half twin trifecta pool of the next consecutive performance. The additional second-half twin trifecta monies resulting from such carryover shall be termed the "twin-tri jackpot."

(f) If a winning first-half twin trifecta ticket is not presented for cashing and exchange prior to the second-half twin trifecta contest, the ticket holder may collect the monetary value associated with the first-half twin trifecta pool but forfeits all rights to any distribution of the second-half twin trifecta pool.

(g) Coupled entries and mutuel fields shall be prohibited in twin trifecta contests.

(h) Should a betting interest in the first-half of the twin trifecta be scratched, those twin trifecta wagers, including the scratched betting interest, shall be refunded.

(i) Should a betting interest in the second-half of the twin trifecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for the exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second twin trifecta contest, the ticket holder forfeits all rights to the second-half twin trifecta pool.

(j) If, due to a late scratch, the number of betting interests in the second-half of the twin trifecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half twin trifecta pool for that contest as a single price pool, but not the twin-tri jackpot.

(k) If there is a dead heat or multiple dead heats in either the first- or second-half of the twin trifecta, all twin trifecta wagers selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:

(1) the first-half of the twin trifecta, the payoff shall be calculated as a profit split.

(2) the second-half of the twin trifecta, the payoff shall be calculated as a single price pool.

(l) If either of the twin trifecta contests is canceled prior to the first twin trifecta contest or if the first twin trifecta contest is declared a "no contest," the entire twin trifecta pool shall be refunded on twin trifecta wagers for that contest, and the second-half of the twin trifecta shall be canceled.

(m) If the second-half twin trifecta contest is canceled or declared "no contest," all exchange tickets and outstanding first-half winning twin trifecta tickets shall

be entitled to the net twin trifecta pool for that contest as a single price pool, but not to the twin-tri jackpot. If there are no such tickets, the net twin trifecta pool shall be distributed as described in subparagraph (c) of this regulation.

(n) The twin-tri jackpot may be capped at a designated level or on a designated performance as approved by the commission. When the commission authorizes the capping of a jackpot it shall select one of the following methods to govern subsequent contributions to the carryover pool:

(1) When the amount in the wager's jackpot pool equals or exceeds the designated cap at the close of any performance, the jackpot pool shall be frozen, and 100 percent of the designated contributions to the jackpot pool shall be paid out to the wager's regular pool until the jackpot pool is paid out.

(2) Within three working days of the date when the designated cap is reached, each organization licensee shall notify the commission or its designee of the occurrence and specify the date it intends to force a payout of the jackpot pool, provided the capped jackpot pool is not paid out prior to the specified date. Each forced payout shall be made within ten race days after the date when the designated cap is reached. After the designated cap is reached the jackpot pool shall continue to receive its regular contribution from all wagers.

(3) When the designated cap on the jackpot pool is reached, the organization licensee shall freeze the jackpot pool at the designated cap amount and create a new seed pool. The seed pool shall receive and hold all contributions that would normally flow to the jackpot pool until the capped jackpot pool is paid out. The jackpot pool shall be paid out under the regular procedures, or, if the organization licensee so elects, under the forced payout procedures stated in subparagraph (n)(2) of this regulation. Once the capped jackpot pool is paid out, the seed pool shall become the jackpot pool. If the seed pool's balance ever equals or exceeds the designated cap, the seed pool shall be frozen at the designated cap amount, and another seed pool shall be created.

(4) When the twin trifecta is capped on a designated performance and the designated performance date is reached, the organization licensee shall pay out 100 percent of the contributions to the jackpot pool.

(o) The twin trifecta jackpot shall be designated for distribution on a specific date and performance only under the following circumstances:

(1) upon written approval from the commission as provided in subparagraph (n) of this regulation, or

(2) on the closing performance of the meeting or split meeting.

(p) When the twin-tri jackpot is designated for distribution on a specified date and performance, the following precedence shall be followed in determining winning tickets for the second-half of the twin trifecta after completion of the first-half of the twin trifecta:

(1) as a single price pool to those whose combination finished in the same sequence as the first three betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(4) as a single price pool to holders of valid exchange tickets, but if there are no holders of valid exchange tickets, then

(5) as a single price pool to holders of outstanding first-half winning tickets.

(q) If, for any reason, the twin-tri jackpot must be carried over to the corresponding twin trifecta pool of a subsequent meeting, the jackpot shall be deposited in an interest-bearing account approved by the commission. The twin-tri jackpot and accrued interest then shall be added to the second-half twin trifecta pool of the following meeting on a date and performance designated by the commission.

(r) The parimutuel system shall suppress all information related to twin trifecta wagering activity until the conclusion of the second-half twin trifecta contest, with the exception of the total amount of the net pool after the close of first-half twin trifecta wagering. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold or number of valid exchange tickets is prohibited.

(s) At the beginning of each meeting each organization licensee shall obtain written approval from the commission concerning the scheduling of twin trifecta contests, the percentages of the net pool added to the first-half pool and second-half pool and the designated amount of any cap to be set on the jackpot. Any modification of the approved twin trifecta procedures requires prior approval from the commission.

(t) This regulation shall take effect on and after January 25, 1992. (Authorized by K.S.A. 1990 Supp. 74-8804(p); implementing K.S.A. 1990 Supp. 74-8819(b); effective, T-112-9-26-91, Sept. 26, 1991; effective, T-112-1-14-92, Jan. 25, 1992.)

**112-10-36a. Split samples.** (a) The animal health officer or assistant animal health officer shall determine, based upon the written standards of the official test laboratory, in their sole discretion whether there is sufficient quantity of each test sample to divide it into two portions for testing.

(b) If a test sample is divided into two portions for testing, no provision of these racing regulations shall prevent the commission or the executive director from ordering both test sample portions to be delivered to the official test laboratory for initial testing.

(c) When the quantity of the test sample permits the splitting of the sample, each first portion shall be sub-

(continued)

mitted by the commission to the official test laboratory for initial testing for prohibited substances.

(d) When the quantity of the test sample permits and when the trainer or owner files a written request with the racing judges for the testing of a split sample, the commission shall submit the second portion of the test sample to a test laboratory approved by the commission. Each written request for the testing of a split sample shall be filed in the commission office at the racetrack facility within 48 hours after the trainer or owner receives notice of a positive report on a test sample taken from the greyhound.

(e) Each person who requests testing of the second portion of a sample shall pay all costs for the transportation and testing of the sample.

(f) The freezing, storage and safeguarding of each portion of a test sample shall remain the responsibility of the animal health officer and the assistant animal health officer.

(g) The test results on the second portion of a sample shall not prevent disqualification of the greyhound. The results of the first test are prima facie evidence that the greyhound competed with the drug or medication in its system.

(h) No provision of these racing regulations shall create vested procedural rights that may be relied upon by any licensee for the purpose of excluding testing evidence that is competent and probative. (Authorized by K.S.A. 1990 Supp. 74-8811; implementing K.S.A. 1990 Supp. 74-8811; effective, T-112-1-14-92, Jan. 14, 1992.)

(a) "Game symbols" are the numbers, letters, symbols, or pictures printed in the play area of each instant game ticket and which determine if the ticket bearer is entitled to a prize. In this instant game, the game symbols are printed in black ink in 15 pt. Archer. A game symbol appears in each of six play spots within the play area. Each game symbol for this instant game is one of the following: 60 - 61 - 62 - 63 - 64 - 65 - 66 - 67 - 68 - 69 - 70 - 71 - 72 - 73 - 74 - 75 - 76 - 77 - 78 - 79 - 80 - 81 - 82 - 83 - 84 - 85.

(c) "Ticket validation number" means a unique number appearing on each ticket which is used to validate winning tickets. For this instant game, the ticket validation number is a 10-digit number which

appears on the front of each instant ticket and will be covered by latex.

(d) "Book-ticket number" means the unique number appearing on each ticket which includes the number of the book from which it was removed and the serially assigned number of the ticket within that book. For this instant game, the book-ticket number is an 8-digit book number followed by a dash and then a 3-digit ticket number. The ticket numbers in each book start with 000 and end with 299. The book-ticket number is printed in black ink on the bottom right portion of the front of each instant game ticket.

(e) "Retailer validation code" means the small letters found under removable covering in the play area of each instant game ticket. The retailer uses this code to verify and validate winners which are to be paid by the retailer. In this instant game, the retailer validation code is a two letter code printed and appearing in two of six varying locations among the game symbols. The codes and their meanings are as follows: AA = FREE TICKET; DD = \$2.00; K = \$5.00; BB = \$10.00; NN = \$20.00. (Authorized by and implementing K.S.A. 1990 Supp. 74-8710; effective, T-111-1-16-92, Jan. 16, 1992.)

**111-4-368. Determination of Instant Prize Winners.** (a) An instant prize winner is determined for this instant game when the player removes or "scratches off" the removable layer of material covering the play area to reveal the six game symbols and captions. Each ticket contains 3 separate "games" marked "Game 1," "Game 2" and "Game 3." Each "game" has a separate prize box. Totals in one "game" related to that "game" only and not to either of the other two "games." If the number in the play area under "Yours" is greater than the number in the play area under "Theirs" for that specific game the player wins the prize shown in the appropriate prize box. A player can win only once on a single ticket.

(d) On the play area marked "Free Throw," when the player removes or "scratches off" the removable layer of material he or she will find the words "SCORE" or "MISS." If the player collects five tickets with the word "SCORE" appearing under the "Free Throw" area, he or she may claim a "Hoops" Tee-shirt from the Kansas lottery. Claims for Tee-shirts must be received by the lottery by 5:00 p.m. July 1, 1992. (Authorized by K.S.A. 1990 Supp. 74-8710(b), (c) & (i); implementing K.S.A. 1990 Supp. 74-8710(b), (c) & (i) and 74-8720(b) & (d); effective, T-111-1-16-92, Jan. 16, 1992.)

**111-4-369. Number and Value of Instant Prizes.** (a) There will be approximately 3,300,000 tickets ordered for this instant game. The expected number and value of the instant prizes are as follows:

	<u>683,133</u>	<u>1,485,000</u>
"SCORES"	275,000	

(b) The executive director may terminate the sale of tickets prior to the complete sale of all tickets. In this event, the number and value of prizes will be approximately proportional to the number of tickets actually sold.

(c) All prizes are subject to deductions provided by law. (Authorized by K.S.A. 1990 Supp. 74-8710(b), (c) & (f); implementing 74-8710(b), (c) & (f); and 74-8720; effective, T-111-1-16-92, Jan. 16, 1992.)

**111-4-375. Determination of "MAAN Concert Tour Drawing" Winners.** (a) At least ten minutes before the drawings, the co-sponsor or persons designated by the executive director, shall announce to the audience the time that the winner selection process will begin. Any persons wishing to enter the drawing who have not yet done so, shall immediately place their tickets into the receptacle or drum at this time.

(b) Prior to sealing the receptacle or drum, the co-sponsor or person designated by the executive director shall announce that entries into the "MAAN Concert Tour Drawings" are closed. No further entries will be accepted.

(c) All non-winning tickets placed in receptacles or drums at the locations identified in subsection (g) of K.A.R. 111-4-374 shall be combined under the super-

vision of lottery security personnel present prior to each "MAAN Concert Tour Drawing."

(d) The receptacle or drum shall be sealed and rotated a minimum of 10 times or mixed thoroughly with a shovel for two minutes by lottery security personnel present to ensure random selection.

(e) The executive director shall designate one individual of his choice to participate in the selection process.

(f) The selection of "MAAN Concert Tour Drawing" winners shall be accomplished by the individual designated by the executive director, using a bare arm technique, removing only one ticket at a time from the receptacle in which all entries were placed. A person representing the executive director as well as a law enforcement officer approved by the Kansas lottery division of security shall review the selected ticket to determine if the name stated on the information form located on the back of the selected ticket is legible and if the ticket is signed. If the name is determined to be legible, and ticket is signed, and it is determined by lottery security to be a valid ticket, the name of the winner shall be announced to the audience. This process shall be repeated until five valid winners have been selected for each event identified in K.A.R. 111-4-370.

(i) Each winner shall be given a prize claim form to be completed and returned to the lottery. (Authorized by and implementing K.S.A. 1991 Supp. 74-8710; effective, T-111-1-16-92, Jan. 16, 1992.)

**111-4-376. Security of Drawing.** (a) The receptacles or drums located at the "MAAN Concert Tour Drawings," into which drawing entries are placed, shall be monitored from the commencement of ticket entries until completion of the event by lottery security.

(b) The actual drawing event shall be recorded on both audio and video tape by lottery security. The audio and video tape shall contain no other material than the actual drawing beginning with the sealing of the receptacle or drum and continuing through the announcement and verification of the winner. Co-sponsor Drawings.** Co-sponsors of the "MAAN Concert Tour Drawings" may hold co-sponsor drawings in conjunction with local retailers, businesses and organizations at the drawing event. In no instance shall these drawings take place prior to a lottery "MAAN Concert Tour Drawing." Such drawings, if conducted, shall be a part of the lottery "MAAN Concert Tour Drawing" and prizes, in addition to cash prizes presented by the lottery, may be donated by the co-sponsor(s). The person drawing tickets for the lottery may draw additional tickets for the co-sponsor(s) prizes. (Authorized by and implementing K.S.A. 1991 Supp. 74-8710; effective, T-111-1-16-92, Jan. 16, 1992.)

**111-4-379. Cancellation of Concert/Drawing.** (a) If a "MAAN Concert Tour Drawing" is not held due to the MAAN Concert Tour being cancelled because of rain out, power failure or any other unforeseen circumstance beyond the control of the Kansas lottery and MAAN, the specific drawing which was to occur immediately prior to the cancellation, will be resched-

uled. The rescheduled drawing will be held as soon as practicable and at a location and time determined by the executive director or the person designated by the executive director.

(b) Lottery security personnel or designated security personnel will, upon cancellation of a "MAAN Concert Tour Drawing," take possession of and secure the receptacle or drum containing all entries for the cancelled "MAAN Concert Tour Drawing," and hold all ticket entries contained therein until the rescheduled drawing.

(c) If a "MAAN Concert" is cancelled before the doors are open to the public, all entries received by the lottery at the time the concert was scheduled will be eligible for a drawing for each cancelled drawing which will take place at Kansas lottery headquarters at 2:00 p.m. on February 27, 1992. (Authorized by and implementing K.S.A. 1991 Supp. 74-8710; effective, T-111-1-16-92, Jan. 16, 1992.)
