Townships and Township Officers—Fire Protection—Townships or Certain Counties May Join with Municipality to Maintain Fire Department; Purchase of Equipment; Fire Hydrants. Richard A. Boeckman, Barton County Counselor, Great Bend, June 16, 1992.

Fire hydrants are more reasonably categorized as equipment for the utilization of water than as fire fighting equipment *per se*. A township is not authorized to purchase fire hydrants with funds levied pursuant to K.S.A. 80-1503, and accordingly may not use such funds to purchase fire hydrants to loan or give to a rural water district. Public Notice

Changes in payment methods and standards for setting medicaid nursing facilities' (NFs) and NFs-Mental Health payment rates for services include the following effective July 1, 1992: The calendar year end 1991 cost reports will be used to determine the rates. The historical inflation factor will be applied from the midpoint of the cost report period to the most current consumer price index (CPI). The estimated inflation factor will be applied from the most current CPI to the beginning of the payment limitation period.

The rates for providers filing cost reports for periods ending after December 31, 1991, and through June 30, 1992, will be subject to the July 1, 1992, upper payment limits. The historical inflation factor will be applied from the midpoint of the cost report period to the most current CPI used in the July 1, 1992, payment limitation setting. The estimated inflation factor will be applied from that point in time to the beginning of the payment limitation period.

The rates for providers on projection status and/or operating on rates from cost reports for reporting periods that ended prior to December 31, 1991, will have inflation factors applied through June 30, 1992, to the reported costs and will be subject to the new upper payment limits for determining rates, effective July 1, 1992. These providers will not receive another rate until the historical cost report is received and processed. The new rates from the historical cost reports filed after June 30, 1992, will not have inflation factors included for the portion of the reporting periods ending after June 30, 1992.

The expected estimated total annual aggregate increase in expenditures is \$9.4 million. Not changing the methods and standards herein would have resulted in an additional estimated total annual aggregate expenditure of \$10.6 million.

The agency is changing its methods and standards to ensure that available resources are most effectively allocated among those programs serving the aged and disabled Medicaid clients. The goal of the agency is to enable clients to live as independently as possible commensurate with their desires, health, and other relevant circumstances.

Copies of the proposed changes will be made available in the local and area SRS offices. Comments may be sent and reviewed by the public at the offices of the Income Support/Medical Programs Commission, Nursing Facility Program, 6th Floor, Docking State Office Building, 915 S.W. Harrison, Topeka 66612-1570.

State of Kansas

Social and Rehabilitation Services

**Notice of Medicaid
State Plan Amendment**

The Kansas Department of Social and Rehabilitation Services is proposing to make an amendment to the Kansas Medicaid State Plan. The amendment concerns the disproportionate share hospital payments pursuant to 42 U.S.C. Section 1396a(a)(13) and 42 U.S.C. Section 1396r-4, including the amendments to 42 U.S.C. Section 1396r-4 by Public Law 102-234, Sections 3(b)(1), (2)(A), (c), 105 Stat. 1799, 1803, the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991. The changes will be effective for disproportionate share hospital payments on and after July 1, 1992.

The following changes are proposed:

- Disproportionate share payments shall be excluded from the low-income utilization formula.
- The multiplier in the low-income utilization formula shall be increased from 4 to 10.
- Aggregate payments to all hospitals for disproportionate share for the period July 1, 1992 to September 30, 1992, shall be limited to one quarter of the amount of payments made in the period July 1, 1991 to June 30, 1992. Aggregate payments to all hospitals for disproportionate share for the

period October 1, 1992 to June 30, 1993, shall be limited to three quarters of the amount of payments made in the period October 1, 1991 to September 30, 1992. Aggregate payments to all hospitals for disproportionate share for subsequent state fiscal years shall be limited to the amount of payments made in the period October 1, 1991 to September 30, 1992.

There is no expected increase or decrease in the aggregate expenditures.

The reasons for the change are as follows:

- There has been a change in the position of the Health Care Financing Administration concerning whether disproportionate share hospital payments are to be included in calculating the low income utilization rate. The Kansas Department of Social and Rehabilitation Services has recently been notified that HCFA interprets 42 U.S.C. Section 1396r-4(b)(3)(A)(i) to not include disproportionate share payments in the calculation. Accordingly, the calculation formula will need to be changed and an adjustment in the multiplier will be made.
- Because of the cap for disproportionate share hospital payments in the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991, the Kansas Department of Social and Rehabilitation Services intends to limit the aggregate amount of disproportionate share hospital payments in future years to that amount. The proposed change would establish a proration of disproportionate share hospital payments should the amount of payments exceed the base year cap.

A copy of the proposed change is available for review at the offices of the Division of Income Support and Medical Services, Kansas Department of Social and Rehabilitation Services, Sixth Floor South, Docking State Office Building, 915 S.W. Harrison, Topeka 66612, between 8 a.m. and 5 p.m. Monday through Friday, excluding official state holidays.

To receive a copy by mail, contact Tina Hayes at the address above or by calling (913) 296-3981. In addition, a copy of the proposed change can be made available in each county by contacting Tina Hayes at the address or number above and asking that a copy be made available at the local office of the Kansas Department of Social and Rehabilitation Services. Not all county offices are open all five days of a business week, so advance request must be made.

Written comments may be sent to Tina Hayes at the address above. Comments received may be reviewed at the same address between 8 a.m. and 5 p.m. Monday through Friday, excluding official state holidays.

No public hearings will be held concerning this proposal.

Article 4.—PUBLIC ASSISTANCE PROGRAM

30-4-72. ADC child. (a) Age and school attendance. A child, to be eligible for ADC, shall be under the age of 18 or under the age of 19 and a full-time student in a secondary school or the equivalent level of vocational or technical training if the child may reasonably be expected to complete the program before attaining age 19.

(b) A child shall be considered to be in full-time attendance if the child is not in attendance because of official school or training program vacation, illness, convalescence, or family emergency, and for the month in which the child completes or discontinues the school or training program. Full-time attendance shall be determined as set forth below.

(1) In a trade or technical school involving shop practice, full-time shall be 30 clock hours per week and in a program without shop practice, full-time shall be 25 clock hours.

(2) In a secondary school, full-time shall be 25 clock hours per week or four Carnegie units per year.

(3) In a secondary education program of cooperative training or in apprenticeship training, full-time attendance shall be as defined by state education policy.

(c) Living with a specified relative. A child, to be eligible for ADC, shall be living in a place of residence (home) with:

(1) Any blood relative who is within the fifth degree of kinship to the child, including parents, siblings, nephews, nieces, aunts, uncles, and persons of preceding generations who may be denoted by prefixes of grand, great, great-great or great-great-great;

(2) a stepfather, stepmother, stepbrother, or stepsister;

(3) legally adoptive parents or other relatives of adoptive parents as noted in (1) and (2) of this paragraph; or

(4) spouses or former spouses (after marriage is terminated by death or divorce) of any persons named in the above groups.

(d) A child shall not be ineligible if out of the home temporarily because of education or training, illness or the illness of another member of the household, the incarceration of the caretaker relative, visits with friends or relatives, or attendance at a scout or similar camp. When a child is temporarily absent from the home, the determining factor shall be the maintenance of care and control by the relative with whom the child would be living were that child not absent. The effective date of this regulation shall be July 1, 1992. (Authorized by and implementing K.S.A. 1991 Supp. 39-708c; effective May 1, 1981; amended, E-82-11, June 17, 1981; amended, E-82-19, Oct. 21, 1981; amended May 1, 1982; amended May 1, 1983; amended, T-30-6-10-92, July 1, 1992; amended Oct. 1, 1992.)

30-4-90. Eligibility factors specific to the GA-unrestricted (GAU) program. (a) Each applicant or recipient shall meet the applicable general eligibility requirements of K.A.R. 30-4-50, and the specific eligibility requirements set forth below, in order to be eligible for GAU.

(1) Each applicant or recipient, and the members of the assistance family group for whom the applicant or recipient is legally responsible, shall be ineligible for GAU if the applicant or recipient:

(A) Is eligible for a federal program; or

(B) has been rendered ineligible for a federal program due to a voluntary action on the part of the applicant or recipient.

(2) Each applicant or recipient and the members of the assistance family for whom the applicant or recipient is legally responsible shall be ineligible for GAU if the applicant or recipient:

(A) Refuses to accept a referral to the vocational rehabilitation program;

(B) is eligible for vocational rehabilitation program services and has refused services; or

(C) has been rendered ineligible for vocational rehabilitation program services due to a voluntary action on the part of the applicant or recipient.

(3) Each applicant or recipient, and the members of the assistance family for whom the applicant or recipient is legally responsible, shall be ineligible for GAU if the applicant or recipient:

(A) Is eligible for vocational rehabilitation program benefits related to maintenance; or

(B) has been rendered ineligible for these benefits due to a voluntary action on the part of the applicant or recipient.

(4) Each applicant or recipient and all persons for whom the applicant or recipient is legally responsible, if living together, shall be within at least one of the following categories to be eligible for GAU:

(A) Parents and their minor children who are living together, provided the parents are not voluntarily unavailable for employment. A person shall not be considered voluntarily unavailable for employment if the person is attending high school full-time or is participating in an agency-approved work related activity.

Assistance under this provision may not be denied solely because a person is participating in post-secondary education or training activities during other than normal working hours. Assistance under this provision shall also be granted to non-ADC children who are living with a guardian or a personal representative who is not within the degree of relationship for ADC;

(B) a person who has been medically determined to be physically incapacitated as set forth in K.A.R. 30-4-63(a)(2), except that the condition must only constitute a substantial handicap to gainful employment;

(C) a person who has been medically or psychologically determined to be mentally retarded;

(D) a person who has been medically or psychologically determined to be mentally ill to the extent that the condition constitutes a substantial handicap to gainful employment. A statement from a vocational

rehabilitation counselor may be used to determine eligibility under this provision;

(E) a person whose presence is required at home because of a verified, medically determined condition of another member of the home whose condition does not permit self-care, and when the care is not available from another person in the home;

(F) a person who is participating in vocational rehabilitation program training;

(G) a person who is residing in a licensed or certified alcohol and drug abuse facility;

(H) a person who is age 55 or older; or

(I) a woman who is pregnant and not eligible for APW. If married, her husband shall also be included in the same assistance plan if they are living together. Neither the pregnant woman nor her husband shall be voluntarily unavailable for employment;

(J) a parent or parents of a child who has been removed from the home and placed in foster care, provided that there is an agency-approved plan to return the child to the home;

(K) a full-time high school student who is under 21 years of age; or

(L) a child in a family group who is not otherwise eligible for assistance as a result of an established period of ineligibility resulting from the provisions of K.A.R. 30-4-58(d), K.A.R. 30-4-63(e), K.A.R. 30-4-64(d), or K.A.R. 30-4-110(c)(8) provided there is an approved social service plan substantiating that the child is facing imminent removal from the home and placement into a foster care arrangement if assistance is not reinstated. Assistance shall be provided in accordance with the social service plan which shall not exceed the budget deficit for the family group.

(5) The needs of the applicant or recipient and all persons for whom the applicant or recipient is legally responsible shall be included in the same assistance plan, if living together, except for persons who are not otherwise eligible. The needs of certain persons in the family group who are not otherwise eligible shall be excluded in determining eligibility for GAU. However, the resources of certain persons in the family group shall, unless the resources are specifically exempt, be included in determining eligibility for GAU. Such persons include:

(A) SSI recipients;

(B) persons who are ineligible due to the receipt of lump sum income;

(C) persons who are ineligible due to a sanction;

(D) minor parents whose needs are met through foster care payments; and

(E) aliens who are ineligible because of the citizenship and alienage requirements or sponsorship provisions.

(b) A presumptive eligibility determination shall be made for persons who are being released from a Medicaid-approved psychiatric hospital or from the Larned correctional mental health facility in accordance with an approved discharge plan. Minimally, the presumptive determination shall be based on available information concerning the person's income and resources. The general eligibility requirements of K.A.R. 30-4-50

may be waived until a formal eligibility determination is completed. Assistance provided shall equal 100 percent of the applicable GAU budgetary standards and the provision of subsection (a)(1) of K.A.R. 30-4-140 shall be waived. Assistance under this provision shall not exceed the month of discharge and the two following months. Assistance under this provision may be extended by the department beyond the three-month limitation for good cause.

(c) Each applicant or recipient who refuses to authorize the department to file for and claim reimbursement from the social security administration for the amount of GAU provided the individual pending a determination of eligibility for the supplemental security income program shall be ineligible for GAU. The effective date of this regulation shall be October 1, 1992. Notice of Hearing on Proposed Administrative Regulations

A hearing will be conducted at 10 a.m. Tuesday, July 28, in the Kansas Department of Transportation's seventh floor conference room, Docking State Office Building, 915 S.W. Harrison, Topeka, in order to allow interested parties to express their views and comment on proposed regulations 36-37-2 through 36-37-7. The regulations set standards for use within the oil field certification program which allows for an annual certification and an annual permit to be issued to owners of oil field servicing rigs (OSR). Each company will be allowed unrestricted movement within a 100 mile radius from its place of business for the certified OSR.

The OSR certification program benefits any company that owns an OSR which qualifies for the oil field certification program. The number of companies and drivers who will qualify cannot be estimated. No significant increase of the costs to the Kansas Department of Transportation, the Kansas Highway Patrol, or local law enforcement agencies is expected. A fee for each permit must be paid by each qualified company.

The owner of a qualified OSR will be responsible for certifying that the operation and equipment complies with the standards outlined in the oil field certification program. The Special Permit Section of the Bureau of Traffic Engineering will verify the certification and issue subsequent OSR permits.

The local enforcement agencies are responsible for enforcing all standards of the oil field certification program.

Complete copies of the proposed regulations may be obtained from the Kansas Department of Transportation, Office of Chief Counsel, (913) 296-3831.

A period of 30 days notice constitutes a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. Written comments may be sent to the Kansas Department of Transportation, Office of Chief Counsel, Attn: Mike Rees, Room 734-S, Docking State Office Building, Topeka 66612-1568.

The regulations allow for issuance of multi-jurisdictional oversize/overweight permits to companies involved in interstate transportation, provided the carrier complies with the standards listed in the general conditions of this program.

These permits should benefit the companies which are qualified to operate under the Multi-Jurisdictional Oversize/Overweight permit program. The number of companies and drivers who will qualify cannot be estimated. It is expected there will be no significant increase in costs to the Kansas Department of Transportation, the Highway Patrol or local law enforcement agencies. The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on February 1 and August 1 in each year, beginning on February 1, 1993.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

Redemption of Bonds Prior to Maturity

At the option of the city, bonds maturing on August 1, 1998, and thereafter will be subject to redemption and payment prior to maturity on August 1, 1997, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the redemption price equal to the principal amount thereof, plus a premium of 1 percent of the principal amount redeemed, such premium to decline 1/4th of 1 percent each interest payment date thereafter, plus accrued interest thereon to the date fixed for redemption and payment.

Whenever the city is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the city shall elect to call any bond for redemption and payment prior to the maturity thereof, the city shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States certified mail addressed to the paying agent and bond registrar and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. Thereafter, the paying agent and bond registrar will notify the registered owners of the bonds, by first class mail, postage prepaid, of the city's redemption call. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. No interest rate shall exceed a rate equal to the index of treasury bonds published by *The Bond Buyer*, successor to *MuniWeek*, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the city during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a percentage of the principal amount thereof, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices). All bonds maturing on or after August 1, 1998, must be reoffered at 100 percent of the principal amount thereof.

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be ad-

justed accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the city shall determine which bid, if any, shall be accepted, and its determination shall be final.

Authorization, Purpose and Security for the Bonds

The bonds are being authorized and issued to permanently finance various internal improvements to the city. The bonds will be general obligations of the city payable as to both principal and interest in part from special assessments levied upon specially benefited property and, if not so paid, from ad valorem taxes which may be levied without limitation upon all the taxable tangible property, real and personal, within the territorial limits of the city. The balance of the principal of and interest on the bonds is payable from ad valorem taxes which may be levied, without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the city.

Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the city which must be met subsequent to the issuance of the bonds by the city and, as a result, the city will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The city's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the city's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations in the calculation of alternative minimum taxable income with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for a new environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on obligations. With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds. The city *does not* intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

(continued)

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the city with the provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is excludable from gross income for federal income tax purposes. Interest on the bonds will also be excludable from the computation of Kansas adjusted gross income.

Delivery and Payment

The city will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about July 15, 1992, at such bank or trust company in the contiguous United States of America as may be specified by the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the city. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar not later than 1 p.m. C.D.T. on July 8, 1992. In the absence of such information, the city will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the city by 1 p.m. C.D.T. on July 8, 1992, a certificate acceptable to the city's bond counsel to the effect that (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, which initial reoffering prices must reflect that all bonds maturing on or after August 1, 1998, are being reoffered at a price equal to 100 percent of the principal amount thereof, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$187,400, payable to the order of the city to secure the city from any loss resulting from the failure of the bidder to comply

with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the city until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall be returned to the successful bidder or deducted from the purchase price all at the option of the city. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder, with the city having no further obligations due to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the city, with the city reserving the right to pursue any remedies available to it as a result of such default.

CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

Bond Ratings

The outstanding general obligation bonds of the city are rated "Aa" by Moody's Investor Service, Inc., and the city has applied for rating on the bonds herein offered for sale.

Bid Forms

All bids must be made on forms which may be procured from the city clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at city hall and must be received by the undersigned prior to 11 a.m. C.D.T. on Tuesday, July 7, 1992.

curred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondholders.

Redemption of Bonds Prior to Maturity

At the option of the county, bonds maturing on February 1, 1999, and thereafter will be subject to redemption and payment prior to maturity on February 1, 1998, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the redemption price of 101 percent of the principal amount redeemed, plus accrued interest thereon to the redemption date.

Whenever the county is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the county shall elect to call any bond for redemption and payment prior to the maturity thereof, the county shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States registered or certified mail addressed to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. Thereafter, the paying agent and bond registrar will notify the owners of the bonds of the county's redemption call by United States mail, postage prepaid. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. No interest rate shall exceed the index of treasury bonds published by *The Bond Buyer*, successor to *MuniWeek*, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the county during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the county on the basis of such bid. Each bid shall also specify the average annual net interest rate to the

county on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the county, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the county. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the county shall determine which bid, if any, shall be accepted, and its determination shall be final.

Security for the Bonds

The bonds will be general obligations of the county payable as to both principal and interest from ad valorem taxes which may be levied without limitation upon all the taxable tangible property, real and personal, within the territorial limits of the county.

Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the county which must be met subsequent to the issuance of the bonds by the county and, as a result, the county will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The county's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the county's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations in the calculation of alternative minimum taxable income with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for a new environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies to reduce the amount of their deductible underwriting losses by a percentage of the

amount of tax-exempt interest received or accrued on obligations. With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds. The county does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the county, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the county with the provisions of the resolution authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is exempt from federal income taxation. Interest on the bonds will also be excluded from the computation of Kansas adjusted gross income.

Delivery and Payment

The county will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about July 23, 1992, at such bank or trust company in the state of Kansas or greater Kansas City, Missouri, metropolitan area as may be specified by the successful bidder. Delivery elsewhere will be at the bidder's expense. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the county. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the county and bond registrar not later than 5 p.m. C.D.T. on July 15, 1992. In the absence of such information, the county will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the county by 5 p.m. C.D.T. on July 15, 1992, a certificate acceptable to the county's bond counsel to the effect that (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering

prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$17,920, payable to the order of the county to secure the county from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the county until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall, at the option of the county, be returned to the successful bidder or deducted from the purchase price. If a bid is accepted but the county shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the county, and the county reserves the right to pursue any consequential damages as a result of such default.

CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the county.

Bid Forms

All bids must be made on forms which may be procured from the county clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The county reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned county clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at Norton County Courthouse and must be received by the undersigned prior to 2 p.m. C.D.T. on Wednesday, July 1, 1992.

Date and Delivery of Preliminary and Final Official Statement

The county has authorized the preparation and disbursement of a preliminary official statement containing information relating to the bonds. The preliminary official statement comprises the final official statement required by Rule 15c2-12 of the Securities and Exchange Commission.

(continued)

The preliminary official statement, when amended to include the interest rates specified by the purchaser and the price or yield at which the purchaser will offer the bonds to the public, together with any other information required by law, will constitute a "Final Official Statement" with respect to the bonds as that term is defined in Rule 15c2-12. No more than seven business days after the date of the sale, the county will provide without cost to the purchaser such reasonable number of printed copies of the final official statement and further copies, if desired, will be made available at the purchaser's expense. If the sale of the bonds are awarded to a syndicate, the county will designate the senior managing purchaser of the syndicate as its agent for purposes of distributing copies of the final official statement to each participating purchaser. Any purchaser executing and delivering a bid form with respect to the bonds agrees thereby that if the bid is accepted it shall accept such designation and shall enter into a contractual relationship with all participating purchasers for the purpose of assuring the receipt and distribution by each such participating purchaser of the final official statement.

The county will deliver to the purchaser on the date of delivery of the bonds a certificate executed by the chairman and the county clerk to the effect that the final official statement, as of the date of delivery of the bonds, does not contain any untrue statement of

a material fact or omit to state a material fact necessary to make the statements made, in the light of the circumstances in which they are made, not misleading.

Copies of the county's preliminary official statement relating to the bonds may be obtained from the county clerk or the county's financial advisor, The Columbian Securities Corporation, 550 N. 159th St. East, Wichita, KS 67203, (316) 733-0014.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the county for the year 1992 is \$31,610,664. The total general obligation bonded indebtedness of the county as of the date of the bonds, including the bonds, is \$1,316,000. In accordance with the financial advisor's agreement with the county, the financial advisor will be submitting a bid or participating in a group submitting a bid for the purchase of the bonds.
