**Department of Revenue
Division of Taxation****Notice Concerning Kansas
Retailers' Sales Tax**

K.S.A. 79-3603(a) imposes a sales tax "upon the gross receipts received from the sale of tangible personal property within this state." The Kansas sales tax is due on all retail sales of tangible personal property taxable under the Kansas Retailers' Sales Tax Act (hereinafter referred to as the Act). For the privilege of engaging in the business of selling tangible personal property, including motor vehicles or trailers at retail in the state of Kansas, each and every retailer shall have the duty to collect from the final consumer or user the full amount of the tax imposed by the Act.

All sales of tangible personal property, including motor vehicles or trailers, shall be subject to sales tax in the state of Kansas, unless specifically exempt from taxation under the Act. If the negotiations of the sale occur at the place of business of the retailer, or any other site outside the boundaries of a federally recognized Indian reservation, then the retailer would be obligated to collect and remit the appropriate Kansas sales tax on the total selling price of the transaction in question. It is immaterial that the mere delivery of the tangible personal property, including motor vehicles or trailers, is made by the retailer or its agent to a location within the boundaries of a federally recognized Indian reservation. The latter would be insufficient to exempt said transaction(s) from the tax imposed by the Act, unless the purchaser was specifically exempt from taxation under the Act.

The retailer's responsibility for collecting the appropriate Kansas sales tax continues even though the purchaser may strike the tax from the billing or otherwise raises an exemption claim for the first time after receiving delivery or billing for the property.

This notice supersedes all previous Department of Revenue rulings and opinions and shall become effective upon its publication in the Kansas Register.

Further information can be obtained by contacting the Kansas Department of Revenue, Technical Support Unit, Topeka 66625, (913) 296-5476.

To be considered, firms who are licensed to practice engineering in the state of Kansas shall complete and submit one copy of the SF 255 Form (unless a current SF 255 is already on file in the commission office) and a bid proposal to the State Conservation Commission no later than 4 p.m. January 6.

**Department of Health
and Environment****Notice of Meeting**

The Kansas Department of Health and Environment will conduct an open meeting during its Executive Committee session scheduled for 8 a.m. December 15 in the Office of the Secretary, Room 901, Landon State Office Building, 900 S.W. Jackson, Topeka, to adopt new temporary and permanent regulation K.A.R. 28-15-12.

This regulation implements the public water supply fee fund established by the 1992 Legislature through passage of House Bill 3167. The new regulation sets a fee of \$0.002 per 1,000 gallons of water sold at retail by public water suppliers. The fee will be paid in addition to the \$0.03 per 1,000 gallon fee already collected for the state water plan fund. The new fee will generate approximately \$221,000 annually, based on figures for state fiscal year 1991.

A public hearing on the regulation was conducted November 16. No one attended the public hearing, and no formal comments were made.

Notice Concerning Kansas Water Pollution Control Permits

In accordance with state regulations 28-16-57 through 63, 28-18-1 through 4, and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, tentative permits have been prepared for discharges to the waters of the United States and the state of Kansas for the applicants described below. The tentative determinations for permit content are based on preliminary staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the EPA, and when issued will result in a state water pollution control permit and national pollutant discharge elimination system authorization to discharge subject to certain effluent limitations and special conditions.

Board of Pharmacy

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted from 2 to 3 p.m. Sunday, January 24, at the University of Kansas, School of Pharmacy, Room 2055, Malott Hall, Lawrence, to consider the adoption of proposed regulations on a permanent basis. All interested parties may submit written comments during the 30-day period of this notice to the Kansas State Board of Pharmacy, Room 513, Landon State Office Building, 900 S.W. Jackson, Topeka 66612.

All interested parties will be given a reasonable opportunity at the hearing to orally present their views in regard to the adoption of the proposed regulations. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

Following the hearing, all written and oral comments submitted by interested parties will be considered by the Kansas State Board of Pharmacy as a basis for making changes to the proposed regulations. Copies of the proposed regulations and economic impact statement may be obtained by contacting the board office at the above address, (913) 296-4056.

A summary of the regulations follows:

68-7-12a. This is a new regulation which deals with the requirements for nonresident or out-of-state pharmacies with the Kansas Board of Pharmacy to ship, mail or deliver prescriptions to Kansas residents. There is no anticipated economic impact on other governmental agencies or the general public. There will be an increase in revenue to the board and a registration fee to the nonresident pharmacy in the same amount as the resident pharmacies.

68-7-19. This is a new regulation which deals with the transfer of a refillable prescription from one pharmacy to another pharmacy either within or without the state of Kansas. There is no anticipated economic impact to the Board of Pharmacy or other governmental agencies. There may be a slight impact to registrants and a minimal savings to the general public.

68-12-2. This regulation will allow a pharmacy to continue to accept for return, repackaging and redispersing unit dose packaged prescriptions dispensed from a community pharmacy for a patient in a nursing home. There is no anticipated economic impact on the board, other governmental agencies, registrants or the general public because this regulation is exactly what is currently in effect as a temporary regulation.

68-20-15a. This regulation will prohibit the divulging of a DEA registration number for any purpose other than that for which it is intended by the Federal Drug Enforcement Administration (DEA). There is no anticipated economic impact on the board, other governmental agencies, registrants or the general public. Third party carriers must merely devise another method for identification of a registrant, such as the federal identification number.

68-20-18. This regulation would make it illegal to fill a pre-printed controlled substance prescription and would require the controlled substance prescription to contain the drug name, strength, dosage form, quantity prescribed and directions for use. These are already the policy of DEA and currently required in DEA regulations respectively. There is no anticipated economic impact on the board, other governmental agencies, registrants, or the general public.

68-20-19. This regulation expressly concurs with the federal DEA regulation 21 C.F.R. 1306.13(b), which allows partial filling of a C-II prescription written for a patient in a nursing home or for a patient with a medical diagnosis documenting a terminal illness. There is no anticipated economic impact on the board, other governmental agencies, registrants or the general public. However, there may be some savings to the patient in the fact of dispensing a nonreturnable C-II medication to a terminal patient that may expire before all the medication is consumed.

Cities of the First Class; Government by Mayor and Council and General Laws—Public Utilities—Board of Public Utilities; Incompatibility of Offices; Assistant City Treasurer Serving as Member of Board of Public Utilities. Harold T. Walker, Kansas City City Attorney, Kansas City, November 3, 1992.

State Boards, Commissions and Authorities—State Board of Regents—Scholarships for Kansas Osteopathic Students; Agreements; Practice Obligations; Primary Care Residency or Practice. Ted D. Ayres, General Counsel, Kansas Board of Regents, Topeka, November 6, 1992.

K.S.A. 1991 Supp. 74-3266 requires primary care practice in the designated underserved areas of this state for osteopathic scholarship agreements entered into after June 30, 1988. We find no similar requirement for completing residency in a primary care specialty, but would encourage notifying students, prior to entering residency, of the primary care practice obligations. Meredith Williams, Executive Secretary, Kansas Public Employees Retirement System, Topeka, November 6, 1992.

The whole purpose and policy of Kansas' exemption laws has been to secure to an unfortunate debtor the means to support himself and his family, to keep them from being reduced to absolute destitution and thereby public charges. The spouse of a member of the Kansas public employees retirement system is not to be regarded as one of the parties subject to the anti-alienation provisions set forth in K.S.A. 1991 Supp. 74-4923, as amended by L. 1992, ch. 321, § 10. Therefore, any annuity or benefit earned pursuant to K.S.A. 74-4901 *et seq.* may be subject to a decree for the division of property following dissolution of marriage. The appropriate board of county commissioners may designate any public or privately-owned vehicle as an emergency vehicle upon receipt of an application and finding that such designation "is necessary to the preservation of life or property or to the execution of emergency governmental functions." Publicly-owned vehicles not grandfathered in pursuant to L. 1992, ch. 141, § 4(b) must be designated as emergency vehicles before they may be operated with red lights and/or siren. Opinion No. 92-145

Minors—Kansas Juvenile Offenders Code; Detention in Jail—Prohibition; Expense of Care and Custody of Juvenile. Patrik W. Neustrom, Saline County Counselor, Salina, November 12, 1992.

It is the adjudicating county's responsibility for the detention of juveniles. A sheriff's office may operate a juvenile detention facility for the county. If a county will not be detaining juveniles in 1993, then it would

not be required to meet the requirements set out in K.S.A. 1991 Supp. 38-1691(e). However, if the county plans or expects to detain a juvenile in 1993 and does not have in place a permanent plan for housing juveniles, then the county must meet the requirements of K.S.A. 1991 Supp. 38-1691(b)(4) and (e). While a county is not statutorily required to establish an attendant care program in addition to the county-run detention center, this may be desirable so as to prevent overcrowding. A county which operates a detention facility that is not recognized by SRS would not be eligible for construction funding through SRS, but may still apply for federal funding pursuant to 42 U.S.C. § 5633.

Counties utilizing the provisions of K.S.A. 1991 Supp. 38-1691 are required to establish a community committee to implement their plan pursuant to K.S.A. 1991 Supp. 38-1691(e)(1)(D). Cited herein: K.S.A. 1991 Supp. 38-1616; 38-1691; K.S.A. 65-501; 42 U.S.C. § 5633. MJS

Minors—Kansas Juvenile Offenders Code; Detention in Jail—Prohibiting Placement or Detention of Juvenile in Jail; Detention Upon being Taken Into Custody for Acts Which Would Constitute a Felony or Misdemeanor if Committed by an Adult. Steve Plummer, Sedgwick County Counselor, Wichita, November 18, 1992.

Upon being taken into custody for commission of an act which would be a misdemeanor or felony if committed by an adult, a juvenile may be detained for booking up to six hours in a jail or adult lock-up if there is sight and sound separation from adult prisoners. A juvenile taken into custody for commission of a traffic offense or violation of wildlife and parks statutes may be so detained as well. State Corporation Commission

**Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 9 a.m. Friday, January 8, in the first floor hearing room of the State Corporation Commission, 1500 S.W. Arrowhead Road, Topeka, to consider proposed changes in existing rules and regulations of the State Corporation Commission.

The period of 30 days notice from the date of this publication to the date of the public hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the executive director of the commission at the address above.

Copies of the proposed regulations and the economic impact statement may be obtained at the address above. Persons requesting a copy of the proposed regulations and economic impact statement, in accordance with K.S.A. 45-219, will be required to compensate the State Corporation Commission for the cost of reproduction.

All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to adoption of the proposed amendments. Following the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for making amendments to the proposed changes.

The following is a brief summary of the proposed changes to the regulations. Adoption of the proposed amendments is anticipated to pose no economic impact to governmental units, persons subject to these rules and regulations, or to the general public.

K.A.R. 82-1-228. Hearings. The amendment to this rule is to include section (d) subsection (3), which allows an ICC Class B practitioner to represent parties appearing before the commission. This provision was added in 1983, but disappeared due to clerical error in the 1991 supplement. Other changes are grammatical and organizational in nature and are intended to make the rules more easily understood.

K.A.R. 82-1-232. Orders of the commission. This regulation still refers to the position of "executive director" as the "secretary." The change to section (a)(6) is to reflect the proper title. It also states that the date of mailing of the commission order is to be placed above, instead of below, the executive director's signature. This change makes the regulation consistent with current commission practice. Other changes are grammatical and organizational in nature and are intended to make the rules more easily understood.

112-9-40a. Tri-superfecta pools. (a) The tri-superfecta requires selection of the first three finishers, in their exact order, in the first of two designated contests and the first four finishers, in exact order, in the second of the two designated contests. Each winning ticket for the first tri-superfecta contest must be exchanged for a free ticket on the second tri-superfecta contest in order to remain eligible for the second-half tri-superfecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second tri-superfecta contest. Winning first-half tri-superfecta tickets shall receive both an exchange and a monetary payoff. Both of the designated tri-superfecta contests shall be included in only one tri-superfecta pool.

(b) After wagering closes for the first-half of the tri-superfecta and the takeout has been deducted from the pool, the net pool then shall be divided into two separate pools: the first-half tri-superfecta pool and the second-half tri-superfecta pool.

(c) In the first tri-superfecta contest only, winning tickets shall be determined using the following precedence, based upon the official order of finish for the first tri-superfecta contest and disregarding all coupled or field entries other than the first contestant of a coupled or field entry to finish:

(1) as a single price pool to those whose combination finishes in correct sequence as the first three betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination includes, in correct sequence, the first two betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination correctly selects the first-place betting interest only; but if there are no such wagers, then

(4) the entire tri-superfecta pool shall be refunded on tri-superfecta wagers for that contest, and the second-half shall be canceled.

(d) If no first-half tri-superfecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half tri-superfecta pool. In such case, the second-half tri-superfecta pool shall be retained and added to any existing tri-superfecta carryover pool.

(e) Winning tickets from the first-half of the tri-superfecta shall be exchanged for tickets selecting the first four finishers of the second-half of the tri-superfecta. The second-half tri-superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second tri-superfecta contest and disregarding all coupled or field entries other than the first contestant of a coupled or field entry to finish:

(1) as a single price pool, including any existing carryover monies, to those whose combination finishes in correct sequence as the first four betting interests; but if there are no such tickets, then

(2) the entire second-half tri-superfecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half tri-superfecta pool of the next performance.

(f) If a winning first-half tri-superfecta ticket is not presented for cashing and exchange prior to the second-half tri-superfecta contest, the ticket holder may still collect the monetary value associated with the first-half tri-superfecta pool, but forfeits all rights to any distribution of the second-half tri-superfecta pool.

(h) If a betting interest in the first-half of the tri-superfecta is scratched, those tri-superfecta tickets including the scratched betting interest shall be refunded.

(i) If a betting interest in the second-half of the tri-superfecta is scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second tri-superfecta contest, the ticket holder forfeits all rights to the second-half tri-superfecta pool.

(j) If, due to a late scratch, the number of betting interests in the second-half of the tri-superfecta is reduced to a fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half tri-superfecta pool for that contest as a single price pool, but not the tri-superfecta carryover.

(k) If there is a dead heat or multiple dead heats in either the first- or second-half of the tri-superfecta, all tri-superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in the first-half of the tri-superfecta, the payoff shall be cal-

(continued)

culated as a profit split. In the case of a dead heat occurring in the second-half of the tri-superfecta, the payoff shall be calculated as a single price pool.

(l) If either of the tri-superfecta contests is canceled prior to the first tri-superfecta contest, or the first tri-superfecta contest is declared "no contest," the entire tri-superfecta pool shall be refunded on tri-superfecta wagers for that contest, and the second-half shall be canceled.

(m) If the second-half tri-superfecta contest is canceled or declared "no contest," all exchange tickets and outstanding first-half winning tri-superfecta tickets shall be entitled to the net tri-superfecta pool for that contest as a single price pool, but not the tri-superfecta carryover. If there are no such tickets, the net tri-superfecta pool shall be distributed as described in subparagraph (c) of this regulation.

(n) The tri-superfecta carryover may be capped at a designated level as provided in these racing regulations.

(o) An organization licensee may request permission to distribute the tri-superfecta carryover on a specific performance. The request shall be submitted to the commission in writing and shall include justification for the distribution, an explanation of the benefit to be derived and the intended date and performance when the distribution will be made.

(p) If the tri-superfecta carryover is designated for distribution on a specified date and performance, the following precedence shall be followed in determining winning tickets for the second-half of the tri-superfecta after completion of the first-half of the tri-superfecta:

(1) as a single price pool to those whose combination finishes in correct sequence as the first four betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination includes, in correct sequence, the first three betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination includes, in correct sequence, the first two betting interests; but if there are no such wagers, then

(4) as a single price pool to those whose combination includes, in correct sequence, the first-place betting interest only; but if there are no such wagers, then

(5) as a single price pool to holders of valid exchange tickets; but if there are no valid exchange tickets, then

(6) as a single price pool to holders of outstanding first-half winning tickets.

(q) Notwithstanding the provisions of this regulation, during a performance designated to distribute the tri-superfecta carryover, exchange tickets shall be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the tri-superfecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only.

If there are no wagers selecting the first-place betting interest only in the first-half of the tri-superfecta, all first-half tickets shall become winners and shall receive 100 percent of that day's net tri-superfecta pool and any existing tri-superfecta carryover as a single price pool.

(r) The tri-superfecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(1) upon written approval from the commission as provided in subparagraph (o) of this regulation; or

(2) upon written approval from the commission when there is a change in the carryover cap or when the tri-superfecta is discontinued; or

(3) on the closing performance of the meeting or split meeting.

(s) If, for any reason, the tri-superfecta carryover must be carried over to the corresponding tri-superfecta pool of a subsequent meeting, the carryover shall be deposited in an interest-bearing account approved by the commission. The tri-superfecta carryover plus accrued interest shall then be added to the second-half tri-superfecta pool of the following meeting on a date and performance designated by the commission.

(t) Providing information to any person regarding covered combinations, amounts wagered on specific combinations or number of tickets sold is prohibited. This shall not prohibit any necessary communication for the processing of pool data between totalisator and parimutuel department employees.

(u) At the beginning of each meeting each organization licensee shall obtain written approval from the commission concerning the scheduling of tri-superfecta contests, the percentages of the net pool added to the first-half pool and the second-half pool and the designated amount of any cap to be set on the carryover. Any modification of the approved tri-superfecta procedures requires prior approval from the commission. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing K.S.A. 1991 Supp. 74-8819, as amended by L. 1992, Ch. 27, Sec. 6; effective June 1, 1992; amended, T-112-11-9-92, Nov. 9, 1992.)

112-9-41a. Twin trifecta. (a) The twin trifecta requires selection of the first three finishers, in their exact order, in each of two designated contests. Each winning ticket for the first twin trifecta contest must be exchanged for a free ticket for the second twin trifecta contest in order to remain eligible for the second-half twin trifecta pool. These tickets may be exchanged only at attended ticket windows prior to the second twin trifecta contest. Winning first-half twin trifecta wagers will receive both an exchange and a monetary payoff. Both of the designated twin trifecta contests shall be included in only one twin trifecta pool.

(b) After wagering closes for the first-half of the twin trifecta and the commissions have been deducted from the pool, the net pool then shall be divided into separate pools: the first-half twin trifecta pool and the second-half twin trifecta pool.

(c) In the first twin trifecta contest only, winning wagers shall be determined using the following prec-

edence, based upon the official order of finish for the first twin trifecta contest and disregarding all coupled or field entries other than the first contestant of a coupled or field entry to finish:

(1) as a single price pool to those whose combination finishes in the same sequence as the first three betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination includes, in correct sequence, the first two betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then

(4) the entire twin trifecta pool shall be refunded on twin trifecta wagers for that contest and the second-half shall be canceled.

(d) If no first-half twin trifecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half twin trifecta pool. In such case, the second-half twin trifecta pool shall be retained and added to any existing twin trifecta carryover pool.

(e) Winning tickets from the first-half of the twin trifecta shall be exchanged for tickets selecting the first three finishers of the second-half of the twin trifecta. The second-half twin trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second twin trifecta contest and disregarding all coupled or field entries other than the first contestant of a coupled or field entry to finish:

(1) as a single price pool, including any existing carryover monies, to those whose combination finishes in the same sequence as the first three betting interests; but if there are no such tickets, then

(2) the entire second-half twin trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half twin trifecta pool of the next consecutive performance.

(f) If a winning first-half twin trifecta ticket is not presented for cashing and exchange prior to the second-half twin trifecta contest, the ticket holder may collect the monetary value associated with the first-half twin trifecta pool, but forfeits all rights to any distribution of the second-half twin trifecta pool.

(h) If a betting interest in the first-half of the twin trifecta is scratched, those twin trifecta wagers, including the scratched betting interest, shall be refunded.

(i) If a betting interest in the second-half of the twin trifecta is scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for the exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second twin trifecta contest, the ticket holder forfeits all rights to the second-half twin trifecta pool.

(j) If, due to a late scratch, the number of betting interests in the second-half of the twin trifecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half twin trifecta pool for that con-

test as a single price pool, but not the twin-trifecta carryover.

(k) If there is a dead heat or multiple dead heats in either the first- or second-half of the twin trifecta, all twin trifecta wagers selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in the first-half of the twin trifecta, the payoff shall be calculated as a profit split. In the case of a dead heat occurring in the second-half of the twin trifecta, the payoff shall be calculated as a single price pool.

(l) If either of the twin trifecta contests is canceled prior to the first twin trifecta contest or if the first twin trifecta contest is declared a "no contest," the entire twin trifecta pool shall be refunded on twin trifecta wagers for that contest, and the second-half of the twin trifecta shall be canceled.

(m) If the second-half twin trifecta contest is canceled or declared "no contest," all exchange tickets and outstanding first-half winning twin trifecta tickets shall be entitled to the net twin trifecta pool for that contest as a single price pool, but not to the twin-trifecta carryover. If there are no such tickets, the net twin trifecta pool shall be distributed as described in subparagraph (c) of this regulation.

(n) The twin-trifecta carryover may be capped at a designated level as provided in these racing regulations.

(o) An organization licensee may request permission to distribute the twin trifecta jackpot on a specific performance. The request shall be submitted to the commission in writing and shall include justification for the distribution, an explanation of the benefit to be derived and the intended date and performance when the distribution will be made.

(p) If the twin trifecta carryover is designated for distribution on a specified date and performance, the following precedence shall be followed in determining winning tickets for the second-half of the twin trifecta after completion of the first-half of the twin trifecta:

(1) as a single price pool to those whose combination finishes in the same sequence as the first three betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination includes, in correct sequence, the first two betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination correctly selects the first-place betting interest only; but if there are no such wagers, then

(4) as a single price pool to holders of valid exchange tickets; but if there are no holders of valid exchange tickets, then

(5) as a single price pool to holders of outstanding first-half winning tickets.

(q) Notwithstanding the provisions of this regulation, during a performance designated to distribute the twin trifecta carryover, exchange tickets shall be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the twin trifecta. If there are no wagers

(continued)

correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first-half of the twin trifecta, all first-half tickets shall become winners and shall receive 100 percent of that day's net twin trifecta pool and any existing twin trifecta carryover as a single price pool.

(r) The twin trifecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(1) upon written approval from the commission as provided in subparagraph (o) of this regulation; or

(2) upon written approval from the commission when there is a change in the carryover cap or when the twin trifecta is discontinued; or

(3) on the closing performance of the meeting or split meeting.

(s) If, for any reason, the twin-trifecta carryover must be carried over to the corresponding twin trifecta pool of a subsequent meeting, the jackpot shall be deposited in an interest-bearing account approved by the commission. The twin trifecta carryover and accrued interest then shall be added to the second-half twin trifecta pool of the following meeting on a date and performance designated by the commission.

(t) Providing information to any person regarding covered combinations, amounts wagered on specific combinations or number of tickets sold is prohibited. This shall not prohibit any necessary communication for the processing of pool data between totalisator and parimutuel department employees.

(u) The organization licensee shall obtain written approval from the commission concerning the scheduling of twin trifecta contests, the percentages of the net pool added to the first-half pool and second-half pool and the designated amount of any cap to be set on the carryover. Any modification of the approved twin trifecta procedures requires prior approval from the commission. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing K.S.A. 1991 Supp. 74-8819, as amended by L. 1992, Ch. 27, Sec. 6; effective, T-112-9-26-91, Sept. 26, 1991; effective June 1, 1992; amended, T-112-11-9-92, Nov. 9, 1992.)

112-9-42. Twin superfecta pools. (a) The twin superfecta requires selection of the first four finishers, in their exact order, in each of two designated contests. Each winning ticket for the first twin superfecta contest must be exchanged for a free ticket on the second twin superfecta contest in order to remain eligible for the second-half twin superfecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second twin superfecta contest. Winning first-half twin superfecta tickets shall receive both an exchange and a monetary payoff. Both of the designated twin

superfecta contests shall be included in only one twin superfecta pool.

(b) After wagering closes for the first-half of the twin superfecta and the takeout has been deducted from the pool, the net pool shall then be divided into two separate pools: the first-half twin superfecta pool and the second-half twin superfecta pool.

(c) In the first twin superfecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first twin superfecta contest and disregarding all coupled or field entries other than the first contestant of a coupled or field entry to finish:

(1) as a single price pool to those whose combination finishes in correct sequence as the first four betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination includes, in correct sequence, the first three betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination includes, in correct sequence, the first two betting interests; but if there are no such wagers, then

(4) as a single price pool to those whose combination correctly selects the first-place betting interest only; but if there are no such wagers, then

(5) the entire twin superfecta pool shall be refunded on twin superfecta wagers for that contest, and the second-half shall be canceled.

(d) If no first-half twin superfecta ticket selects the first four finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half twin superfecta pool. In such case, the second-half twin superfecta pool shall be retained and added to any existing twin superfecta carryover pool.

(e) Winning tickets from the first-half of the twin superfecta shall be exchanged for tickets selecting the first four finishers of the second-half of the twin superfecta. The second-half twin superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second twin trifecta contest and disregarding all coupled or field entries other than the first contestant of a coupled or field entry to finish:

(1) as a single price pool, including any existing carryover monies, to those whose combination finishes in correct sequence as the first four betting interests; but if there are no such tickets, then

(2) the entire second-half twin superfecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half twin superfecta pool of the next performance.

(f) If a winning first-half twin superfecta ticket is not presented for cashing and exchange prior to the second-half twin superfecta contest, the ticket holder may still collect the monetary value associated with the first-half twin superfecta pool but forfeits all rights to any distribution of the second-half twin superfecta pool.

(h) If a betting interest in the first-half of the twin superfecta is scratched, those twin superfecta tickets including the scratched betting interest shall be refunded.

(i) If a betting interest in the second-half of the twin superfecta is scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second twin superfecta contest, the ticket holder forfeits all rights to the second-half twin superfecta pool.

(j) If, due to a late scratch, the number of betting interests in the second-half of the twin superfecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half twin superfecta pool for that contest as a single price pool, but not the twin superfecta carryover.

(k) If there is a dead heat or multiple dead heats in either the first- or second-half of the twin superfecta, all twin superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in the first-half of the twin superfecta, the payoff shall be calculated as a profit split. In the case of a dead heat occurring in the second-half of the twin superfecta, the payoff shall be calculated as a single price pool.

(l) If either of the twin superfecta contests is canceled prior to the first twin superfecta contest, or the first twin superfecta contest is declared "no contest," the entire twin superfecta pool shall be refunded on twin superfecta wagers for that contest, and the second-half shall be canceled.

(m) If the second-half twin superfecta contest is canceled or declared "no contest," all exchange tickets and outstanding first-half winning twin superfecta tickets shall be entitled to the net twin superfecta pool for that contest as a single price pool, but not the twin superfecta carryover. If there are no such tickets, the net twin superfecta pool shall be distributed as described in subparagraph (c) of this regulation.

(n) The twin superfecta carryover may be capped at a designated level as provided in these racing regulations.

(o) An organization licensee may request permission to distribute the twin superfecta carryover on a specific performance. The request shall be submitted to the commission in writing and shall include justification for the distribution, including how the distribution will serve the best interests of the wagering public, an explanation of the benefit to be derived and the intended date and performance when the distribution will be made. The benefit to both the public and the state shall be weighed in determining whether to approve such a request.

(p) If the twin superfecta carryover is designated for distribution on a specified date and performance, the following precedence shall be followed in determining winning tickets for the second-half of the twin superfecta after completion of the first-half of the twin superfecta:

(1) as a single price pool to those whose combination finishes in correct sequence as the first four betting interests; but if there are no such wagers, then

(2) as a single price pool to those whose combination includes, in correct sequence, the first three betting interests; but if there are no such wagers, then

(3) as a single price pool to those whose combination includes, in correct sequence, the first two betting interests; but if there are no such wagers, then

(4) as a single price pool to those whose combination correctly selects the first-place betting interest only; but if there are no such wagers, then

(5) as a single price pool to holders of valid exchange tickets; but if there are no valid exchange tickets, then

(6) as a single price pool to holders of outstanding first-half winning tickets.

(q) Notwithstanding the provisions of this regulation, during a performance designated to distribute the twin superfecta carryover, exchange tickets shall be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the twin superfecta. If there are no wagers correctly selecting the first-, second-, third-, and fourth-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-, second-, and third-place betting interests. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first-half of the twin superfecta, all first-half tickets shall become winners and shall receive 100 percent of that day's net twin superfecta pool and any existing twin superfecta carryover as a single price pool.

(r) The twin superfecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:

(1) upon written approval from the commission as provided in subparagraph (o) of this regulation; or

(2) upon written approval from the commission when there is a change in the carryover cap or when the twin superfecta is discontinued; or

(3) on the closing performance of the meeting or split meeting.

(s) If, for any reason, the twin superfecta carryover must be carried over to the corresponding twin superfecta pool of a subsequent meeting, the carryover shall be deposited in an interest-bearing account approved by the commission. The twin superfecta carryover plus accrued interest then shall be added to the second-half twin superfecta pool of the following meeting on a date and performance designated by the commission.

(t) Providing information to any person regarding covered combinations, amounts wagered on specific

(continued)

combinations or number of tickets sold is prohibited. This shall not prohibit any necessary communication for the processing of pool data between totalisator and parimutuel department employees.

(u) At the beginning of each race meeting each organization licensee shall obtain written approval from the commission concerning the scheduling of twin superfecta contests, the percentages of the net pool added to the first-half pool and second-half pool and the designated amount of any cap to be set on the carryover. Any modification of the approved twin superfecta procedures requires prior approval from the commission. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing K.S.A. Supp. 74-8819, as amended by L. 1992, ch. 27, Sec. 6; effective June 1, 1992; amended, T-112-11-9-92, Nov. 9, 1992.)

112-9-43. Capping carryover pools. The Pick (N), the twin trifecta, the tri-superfecta, and the twin superfecta carryover pools may be capped at a designated level or on a designated performance as approved by the commission. When the commission authorizes the capping of a carryover it shall select one of the following methods to govern subsequent contributions to the carryover pool:

(a) When the amount in the wager's carryover pool equals or exceeds the designated cap at the close of any performance, the carryover pool shall be frozen, and 100 percent of the designated contributions to the carryover pool shall be paid out to the wager's regular pool until the carryover pool is paid out.

(b) Within three working days of the date when the designated cap is reached, each organization licensee shall notify the commission or its designee of the occurrence and specify the date it intends to force a payout of the carryover pool, provided the capped carryover pool is not paid out prior to the specified date. Each forced payout shall be made within ten race days after the date when the designated cap is reached. After the designated cap is reached the carryover pool shall continue to receive its regular contribution from all wagers.

(c) When the designated cap on the carryover pool is reached the organization licensee shall freeze the carryover pool at the designated cap amount and create a new seed pool. The seed pool shall receive and hold all contributions that would normally flow to the carryover pool until the capped carryover pool is paid out. The carryover pool shall be paid out under the regular procedures, or, if the organization licensee so elects, under the forced payout procedures stated in subparagraph (b) of this regulation. Once the capped carryover pool is paid out, the seed pool shall become the carryover pool. If the seed pool's balance ever equals or exceeds the designated cap the seed pool shall be frozen the same as the carryover pool, and another seed pool shall be created.

(d) When a carryover pool is capped on a designated performance and the designated performance date is reached, the organization licensee shall pay out 100 percent of the contributions to the carryover pool using

one of the following methods, as directed by the commission:

(1) to holders of tickets in accordance with the procedures stated in K.A.R. 112-9-41a(p) for twin trifecta wagers, K.A.R. 112-9-40a(p) for tri-superfecta wagers and K.A.R. 112-9-42(p) for twin superfecta wagers; or,

(2) to holders of second-half winning tickets using the following precedence:

(A) as a single price pool to those whose combination finishes in the same sequence as the first three betting interests for twin trifecta wagers or in the same sequence as the first four betting interests for twin superfecta and tri-superfecta wagers; then,

(B) as a single price pool to holders of valid exchange tickets; then,

(C) as a single price pool to holders of outstanding first-half winning tickets. (Authorized by K.S.A. 1991 Supp. 74-8804, as amended by L. 1992, Ch. 27, Sec. 3; implementing K.S.A. 1991 Supp. 74-8819, as amended by L. 1992, ch. 27, Sec. 6; effective June 1, 1992; amended, T-112-11-9-92, Nov. 9, 1992.)

112-9-44. Place pick (N) pools. (a) The place pick (N) requires selection of the first or second-place finisher in each of a designated number of contests. Each licensee shall secure written approval from the commission concerning the scheduling of place pick (N) contests, the designation of one of the methods stated in paragraph (b) of this regulation, the distinctive name identifying the pool and the amount of any cap to be set on the carryover pool. Each change to the approved place pick (N) format shall be approved by the commission before it is implemented.

(b) Each place pick (N) pool shall be apportioned using one of the following methods:

(1) for a place pick (N) with carryover pool, each net place pick (N) pool and carryover pool, if any, shall be distributed as a single price pool to those who select the first or second-place finisher in each of the place pick (N) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who select the first or second-place finisher in the greatest number of place pick (N) contests, and the remainder shall be added to the carryover pool;

(2) for a place pick (N) with minor pool and carryover pool, the major share of the net place pick (N) pool and the carryover pool, if any, shall be distributed to those who select the first or second-place finisher in each of the place pick (N) contests, based upon the official order of finish. The minor share of the net place pick (N) pool shall be distributed to those who select the first or second-place finisher in the second greatest number of place pick (N) contests, based upon the official order of finish. If there are no wagers selecting the first or second-place finisher of all place pick (N) contests, the minor share of the net place pick (N) pool shall be distributed as a single price pool to those who select the first or second-place finisher in the greatest number of place pick (N) contests, and the major share shall be added to the carryover pool;

(3) for the place pick (N) with no minor pool and no carryover pool, each net place pick (N) pool shall be distributed as a single price pool to those who select the first or second-place finisher in the greatest number of place pick (N) contests, based upon the official order of finish. If there are no winning wagers, the pool shall be refunded;

(4) for a place pick (N) with minor pool and no carryover pool, the major share of the net place pick (N) pool shall be distributed to those who select the first or second-place finisher in the greatest number of place pick (N) contests, based upon the official order of finish. The minor share of the net place pick (N) pool shall be distributed to those who select the first or second-place finisher in the second greatest number of place pick (N) contests, based upon the official order of finish. If there are no wagers selecting the first or second-place finisher in a second greatest number of place pick (N) contests, the minor share of the net place pick (N) pool shall be combined with the major share for distribution as a single price pool to those who select the first or second-place finisher in the greatest number of place pick (N) contests. If the greatest number of first or second-place finishers selected is one, the major and minor shares shall be combined for distribution as a single price pool. If there are no winning wagers, the pool shall be refunded; or,

(5) for a place pick (N) with minor pool and no carryover pool, the major share of net place pick (N) pool shall be distributed to those who select the first or second-place finisher in each of the place pick (N) contests, based upon the official order of finish. The minor share of the net place pick (N) pool shall be distributed to those who select the first or second-place finisher in the second greatest number of place pick (N) contests, based upon the official order of finish. If there are no wagers selecting the first or second-place finisher in all place pick (N) contests, the entire net place pick (N) pool shall be distributed as a single price pool to those who select the first or second-place finisher in the greatest number of place pick (N) contests. If there are no wagers selecting the first or second-place finisher in a second greatest number of place pick (N) contests, the minor share of the net place pick (N) pool shall be combined with the major share for distribution as a single price pool to those who select the first or second-place finisher in each of the place pick (N) contests. If there are no winning wagers, the pool shall be refunded.

(c) If there is a dead heat for first in any of the place pick (N) contests involving:

(1) contestants representing the same betting interest, the place pick (N) pool shall be distributed as if no dead heat occurred.

(2) contestants representing two or more betting interests, the place pick (N) pool shall be distributed as a single price pool with a winning wager including each betting interest participating in the dead heat.

(d) If there is a dead heat for second in any of the place pick (N) contests involving:

(1) contestants representing the same betting interest, the place pick (N) pool shall be distributed as if no dead heat occurred.

(2) contestants representing two or more betting interests, the place pick (N) pool shall be distributed as a single price pool with a winning wager including the betting interest which finished first or any betting interest involved in the dead heat for second.

(e) If a betting interest in any of the place pick (N) contests is scratched, the actual favorite, as determined by total amounts wagered in the win pool at the host track for the contest at the close of wagering on the contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. If the win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which become winners as a result of the substitution, in addition to the normal winning combination.

(f) the place pick (N) pool shall be canceled and all place pick (N) wagers for the individual performance shall be refunded if:

(1) at least two contests included as part of a place pick 3 are canceled or declared "no contest."

(2) at least three contests included as part of a place pick 4, place pick 5 or place pick 6 are canceled or declared "no contest."

(3) at least four contests included as part of a place pick 7, place pick 8 or place pick 9 are canceled or declared "no contest."

(4) at least five contests included as part of a place pick 10 are canceled or declared "no contest."

(g) If at least one contest included as part of a place pick (N) is canceled or declared "no contest," but not more than the number specified in paragraph (f) of this regulation, the net pool shall be distributed as a single price pool to those whose selections finish first or second in the greatest number of place pick (N) contests for the performance. Each distribution shall include the portion ordinarily retained for the place pick (N) carryover pool but not the carryover pool from previous performances.

(h) The place pick (N) carryover may be capped at a designated level approved by the commission so that if, at the close of any performance, the amount in the place pick (N) carryover pool equals or exceeds the designated cap, the place pick (N) carryover shall be frozen until it is won or distributed in accordance with this regulation. After the place pick (N) carryover pool is frozen, 100 percent of the net pool, part of which ordinarily would be added to the place pick (N) carryover pool, shall be distributed to those whose selection finishes first or second in the greatest number of place pick (N) contests for the performance.

(i) A written request for permission to distribute the place pick (N) carryover pool on a specific performance may be submitted to the commission. Each request shall contain a statement of justification for the dis-

(continued)

tribution, the benefit to be derived and the intended date and performance for the distribution.

(j) If the place pick (N) carryover pool is designated for distribution on a specified date and performance in which there are no wagers selecting the first or second-place finisher in each of the place pick (N) contests, the entire pool shall be distributed as a single price pool to those whose selection finishes first or second in the greatest number of place pick (N) contests. The place pick (N) carryover pool shall be designated for distribution on a specified date and performance in the event of any of the following:

(1) upon written approval from the commission as provided in paragraph (i) of this regulation;

(2) upon written approval from the commission when there is a change in the carryover pool cap, a change from one type of place pick (N) wagering to another or when the place pick (N) is discontinued; or

(3) on the closing performance of the race meeting or split meeting.

(k) If the place pick (N) carryover pool is carried over to the corresponding place pick (N) pool of a subsequent race meeting, the carryover pool shall be deposited in an interest-bearing account approved by the commission. Each place pick (N) carryover pool plus accrued interest then shall be added to the net

pick (N) pool on the date and performance designated by the commission.

(1) With the written approval of the commission, the licensee may contribute to the place pick (N) carryover a sum of money up to the amount of any designated cap.

(m) Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold or number of live tickets remaining is strictly prohibited. This shall not prohibit any necessary communication for the processing of pool data between totalisator and parimutuel department employees.

(n) Any organization licensee may suspend previously approved place pick (N) wagering with the prior approval of the commission. Any carryover pool shall be maintained until the suspended place pick (N) wagering is reinstated. Any organization licensee may request approval of a place pick (N) wager or separate wagering pool for specific performances.
