Request for Proposals

The Department of Social and Rehabilitation Services is soliciting grant proposals from private or public agencies for the development of a child abuse prevention awareness calendar for 1994. This prevention based family-friendly approach to child abuse and neglect is a daily emphasis on strengthening families and caregivers to be as best prepared as possible to cope with raising children with as little stress as possible.

The proposal must address the population this calendar would be distributed to, examples of "helpful hints" to be used on each day, the approximate number of calendars to be produced, and the size of the calendar. The overall calendar must be presented in an appealing manner representing the theme of child abuse prevention awareness.

Details of the Request for Proposals are available from the Grants Manager, SRS Youth and Adult Services, Smith-Wilson Building, 300 S.W. Oakley, Topeka 66606, (913) 296-4645. Written applications in response to the request are due no later than 5 p.m. February 26.

Criminal Procedure—Trials and Incidents Thereto—Persons Acquitted Because of Insanity; Commitment to State Security Hospital; Procedure for Release. Representative Sandy Praeger, 44th District, Lawrence, December 15, 1992.

Based on *In re Application of Noel for Discharge Hearing*, 17 Kan.App.2d 303 (1992), it is our opinion that K.S.A. 1991 Supp. 22-3428(3), as amended, and K.S.A. 1991 Supp. 22-3428a(3), which are used to determine the need for continued commitment of insanity acquittees, violate the due process and equal protection clauses of the 14th amendment by not placing the burden of proof upon the state to show by clear and convincing evidence both the committed person's continued insanity and dangerousness. However, rather than striking the statutes down, the Court of Appeals engrafted the essential requirements onto the statutes. State Departments; Public Officers and Employees—Kansas Tort Claims Act—Tort Claims Fund for Payment of Claims and Defense Expenses; Charitable Health Care Providers. Representative Carol H. Sader, 22nd District, Prairie Village, December 15, 1992.

The general rule for payment of compromises, settlements and final judgments from the Kansas tort claims fund is that to the extent that payment cannot be made from insurance coverage obtained therefore, payment is made from the fund. An exception to that general rule is made for payment of compromises, settlements and final judgments arising from specified types of claims made against charitable health care providers. Accordingly, the Kansas tort claims fund is responsible as a "first payor" for a compromise, settlement or final judgment whether or not such charitable health care provider has other insurance coverage. State Boards, Commissions and Authorities—Public Employees Retirement Systems; Kansas Public Employees Retirement System—Retirement Fund; Management and Investment; Banking Institutions, Savings and Loan Associations, or Credit Unions. Meredith Williams, Executive Secretary, Kansas Public Employees Retirement System, Topeka, December 15, 1992.

K.S.A. 1991 Supp. 74-4921, as amended by L. 1992, ch. 218, § 8, prohibits the board of trustees for the Kansas Public Employees Retirement System (KPERs) from undertaking investments in any banking institution, savings and loan association, or credit union which would position the system as a shareholder or owner of such banking institution, savings and loan association, or credit union. K.S.A. 1991 Supp. 74-4921, as amended, does not prohibit the system from acquiring debt securities of a banking institution, savings and loan association, or credit union. The statute does not prohibit the board of trustees from investing in equity issues of non-banking financial institutions. Nor is the board of trustees prohibited under K.S.A. 1991 Supp. 74-4921, as amended, from investing in a parent company, a subsidiary of which is a banking institution, savings and loan association, or credit union. Moneys legally paid by a unified school district cease to be public funds when in the hands of the recipient. Department of Health
and EnvironmentNotice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted at 9 a.m., Friday, March 19, in Room 106, Landon State Office Building, 900 S.W. Jackson, Topeka, to consider the adoption of proposed changes in existing hospital regulations.

This 30-day notice of the public hearing shall constitute a comment period for the purpose of receiving written comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the Director, Hospital and Medical Programs, Bureau of Adult and Child Care, Kansas Department of Health and Environment, Suite 1001, Landon State Office Building, 900 S.W. Jackson, Topeka 66612-1290. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

These regulations are proposed for adoption on a permanent basis. A summary follows:

K.A.R. 28-34-1a. Definitions. This regulation contains definitions which are referred to throughout the hospital regulations. The proposed regulation omits seven terms which are no longer being referenced and adds 19 terms which are necessary to explain new terminology. The primary change being proposed through the amendment of this regulation concerns eligibility for membership on a hospital's medical staff. This change would allow hospital governing bodies greater flexibility in deciding which clinical practitioners will be admitted to the medical staff and thus bring current regulations in line with requirements of the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and federal regulations applicable to hospitals participating in the Medicare program. The new definition of "practitioner" would specifically include a doctor of medicine, doctor of osteopathy, doctor of dental science, doctor of podiatric medicine, and

certified registered nurse anesthetist. The definition would also include other licensed professionals whose scope of practice authorizes independent diagnosis and treatment.

The existing regulation limits the authority of hospital governing bodies in making appointments to the medical staff by specifying that only doctors of medicine, doctors of osteopathy, and doctors of dental science may serve in that capacity.

K.A.R. 28-34-2. Licensing Procedure. Proposed amendments to this regulation are technical in nature. The amendments strike reference to the state certificate of need program which is no longer in existence and change references from JCAH to JCAHO. Instruction for filing an initial application is also delineated.

K.A.R. 28-34-3b. Patient Bill of Rights. This proposed regulation is new. If adopted, licensed hospitals would be required to formulate policies and procedures related to patient rights.

K.A.R. 28-34-5a. Governing Authority. Proposed amendments to this regulation specify minimum bylaw requirements and more fully describe the duties and responsibilities of the hospital's governing authority.

K.A.R. 28-34-6a. Medical Staff. Proposed amendments to this regulation would allow practitioners, other than physicians and dentists, to qualify for membership on a hospital's medical staff. (A detailed description of the reason for this amendment is contained in the summary regarding K.A.R. 28-34-1a above.) Both the JCAHO and Medicare program allow such practice. More specific guidance related to bylaws, medical care review, and medical orders is also provided.

Adoption of this proposed regulation would allow practitioners, other than physicians and dentists, to apply for membership on a hospital's medical staff. Therefore, hospitals may experience an increased number of applications for staff membership with the attendant need to process those applications. The increased number of applications may require the hospital to also increase the number of staff hours set aside for credentialing, quality assurance, and risk management activities. However, the admission of new practitioners to the medical staff will usually be made contingent upon their active participation in the same activities. Therefore, the hospital's increased needs for clinical peer review will be substantially met by the new practitioners gaining admission to the medical staff.

K.A.R. 28-34-8a. Administrative Services. This regulation, previously entitled "Hospital Personnel," expands the stated responsibilities of hospitals to provide necessary administrative tasks related to personnel policies, practices, records, and staff education. Personnel health requirements are retained.

K.A.R. 28-34-9a. Medical Records Services. This regulation amends the requirement for completion of medical records of discharged patients from 15 days to 30 days following discharge. Both the JCAHO and Medicare program allow 30 days for completion of records.

K.A.R. 28-34-10a. Pharmacy Services. Proposed amendments to this regulation would require the establishment of a pharmacy and therapeutics committee to assist in the formulation of professional policies regarding evaluation, appraisal, selection, procurement, storage, distribution, and use of drugs in the hospital. The regulation also incorporates by reference the provisions of K.A.R. 68-7-11 promulgated by the State Board of Pharmacy, which has been in effect since 1978.

Adoption of this proposed regulation should have minimal economic impact on hospitals even though it requires the establishment of a pharmacy and therapeutics committee to assist in the formulation of professional policies concerning the use and storage of drugs. Most hospitals already have these committees by virtue of either JCAHO or federal Medicare regulations.

K.A.R. 28-34-11. Laboratory. The proposed amendment to this regulation is technical. The term "physician" has been changed to include a practitioner who is a member of the medical staff. This change is necessary to be consistent with the new definition of an organized medical staff discussed in previous regulations.

Adoption of this proposed regulation may allow practitioners other than physicians to order laboratory tests. Therefore, the number of laboratory tests performed in the hospital may increase, thus creating the need for additional staff. However, no adverse economic impact on the hospital is expected since laboratory tests will still be compensated by the patients benefitting from those procedures.

K.A.R. 28-34-16a. Emergency Services. Proposed amendments to this regulation attempt to clarify requirements for hospitals discontinuing an organized emergency service. Hospitals must develop a comprehensive, written emergency services plan based on community need.

For hospitals which offer organized emergency services, services must be available 24 hours a day and medical staff coverage shall be adequate so that the patient will be seen within a period of time which is reasonable relative to the patient's illness or injury. Hospitals offering organized emergency services must also assure that patients will not be transferred unless appropriate prior arrangements have been made and include consent of the receiving hospital and a written statement of the patient's medical condition. Services offered through an organized emergency department must be under the direction of a physician and the immediate supervision of a registered nurse with training in cardiopulmonary resuscitation.

Any hospital ceasing to provide organized emergency services shall provide notice to the licensing agency, the State Department of Transportation, the State Board of Emergency Medical Services, and the public.

Adoption of this regulation may have an economic impact on hospitals since it requires them to formulate comprehensive, written emergency services plans based on community needs. However, by clarifying

what steps a hospital must take in discontinuing organized emergency services, a positive economic impact may occur. This is true since hospitals will be provided regulatory assistance in planning and implementing an appropriate method to discontinue those services. The overall economic impact from adoption of this proposed regulation is expected to be minimal.

K.A.R. 28-34-17a. Anesthesia Services. This regulation is new. Currently, regulations concerning anesthesia services are part of K.A.R. 28-34-17, "Surgery Department." Staffing, policies and procedures, medical records, and equipment are addressed by this regulation.

K.A.R. 28-34-17b. Surgical Services. As with the previous regulation concerning anesthesia services, proposed amendments to this regulation consider staffing, policies and procedures, medical records, and equipment.

K.A.R. 28-34-20a. Outpatient and Short-Term Services. This regulation replaces the current outpatient department regulation and includes outpatient surgery as well as other services. Improved coordination among the medical staff, outpatient services, hospital administration, and the patient is the main objective of the proposed revisions. If a hospital does not operate organized emergency services, outpatient services shall be provided during regularly scheduled hours. The hours of operation for the outpatient service must be posted in the outpatient waiting area.

K.A.R. 28-34-32b. Construction Standards. The licensing agency currently requires that plans, specifications, and contract documents be submitted with an architect's certification that all referenced codes, standards, and guidelines are followed in the construction project. A U.S. Department of Health and Human Services publication, entitled *Guidelines for Construction and Equipment of Hospitals and Medical Facilities* (1983-84), is the prominent referenced document. This document was replaced by a 1987 publication produced by the American Institute of Architects (AIA). The AIA publication on hospital construction standards will be the reference source for construction projects. Specific building codes have been deleted from the proposed regulation since a listing of these is provided in the AIA publication.

No significant financial impact from the adoption of the above proposed regulations on the Kansas Department of Health and Environment (licensing agency), other governmental units, private citizens, or consumers is expected from the adoption of these regulations. Any expected financial impact on licensed hospitals has been indicated in the summary statement for each regulation.

Copies of the regulations and their economic impact statements may be obtained from the director of Hospital and Medical Programs at the address above, (913) 296-3362 or KANS-A-N 561-3362.

Requires applicants to pay the fee for the national examination directly to the testing agency.

28-38-21. Temporary license. Clarifies that applicants for temporary license may not have failed both the examinations.

The school district reserves the right to reject any and all of the bids, and to waive any irregularities. Following the opening of the bids, the low bidder will be designated by a representative of the district. The low bidder will be the bidder whose bid will result in the lowest "true interest cost" ("TIC" or the "Canadian Method"), determined as follows: the TIC is the discount rate (expressed as a per annum percentage rate) which when used in computing the present value of all payments of principal and interest to be paid on the bonds, from the payment dates to February 18, 1993 (the date of delivery), produces an amount equal to the price bid, including premium or discount, if any, and including interest accrued to the date of delivery. Payments of principal and interest on the bonds will be based on the principal amounts set forth in this notice and the interest rates specified by each bidder. Present value will be computed on the basis of semi-

(continued)

annual compounding and a 360-day year of 12 30-day months. No bidder will be designated as the low bidder or as the successful bidder unless its bid shall be in compliance with the other terms and conditions of this notice. In the event that two or more bidders offer bids at the same lowest TIC, a representative of the district will determine by lot which bidder will be designated as the low bidder.

The bonds, if awarded, will be awarded to the low bidder (hereinafter, the successful bidder) at a meeting of the Board of Education of the district to be held in the evening on January 25, 1993, at the district office. The successful bidder must pay accrued interest, computed on a 360-day year basis, from the date of the bonds to the date of delivery. Bidders are requested to supply an estimate of the TIC for the bonds on the official bid form described in this notice, computed as specified herein on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the board.

Adjustment of Issue Size

The district reserves the right on the date of the award to, in its sole discretion, increase or decrease the total principal amount of the bonds, depending on the interest rates bid and the issue prices specified, in order to properly structure the escrow account for the bonds to be refunded. Principal maturities will be increased or decreased at the discretion of the district. The aggregate size of the issue will be increased or decreased by not more than 15 percent. The successful bidder may not withdraw its bid or change the interest rates bid as a result of any changes made to the principal amount of the bonds as described herein. In the event there is an increase or decrease in the final aggregate principal amount of the bonds or in the principal amount per maturity as described above, the successful bidder will be notified in writing of such increases or decreases. The net production as a percentage of the par amount of bonds generated from the bid of the successful bidder will not be decreased as a result of any change in the aggregate principal amount of the bonds or in the principal amount per maturity.

Legal Opinion

The bonds will be sold subject to the approving legal opinion of Gilmore & Bell, P.C., Kansas City, Missouri, bond counsel, which opinion will be furnished and paid for by the school district and printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also include the opinion of bond counsel relating to the exclusion of the interest on the bonds from gross income for federal and Kansas income tax purposes. Reference is made to the preliminary official statement for further discussion of federal and Kansas income tax matters relating to the interest on the bonds.

Delivery of the Bonds

The number and denominations of bonds and names of the registered owners to be shown on the bonds initially delivered must be submitted in writing by the

successful bidder to the bond registrar not later than February 5, 1993.

The successful bidder will be furnished with a complete transcript of proceedings evidencing the authorization and issuance of the bonds and the usual closing proofs, which will include a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity. Payment for the bonds will be made in Federal Reserve funds or other immediately available funds not later than 10 a.m. C.S.T. on the day of delivery. Delivery of the bonds will be made to the successful bidder on February 18, 1993, or on such other date as may be agreed upon by the district and the successful bidder, at such location as may be specified by the successful bidder. The purchase price, including accrued interest from the date of the bonds to the date of delivery, will be paid at delivery or the good faith deposit will be forfeited.

Certification as to Offering Prices

To provide the school district with information necessary for compliance with Section 148 of the Internal Revenue Code of 1986, as amended, the successful bidder will be required to complete, execute and deliver to the district prior to the delivery of the bonds, a certificate regarding the "issue price" of the bonds (as defined in Section 148 of the code), reflecting the initial offering prices (excluding accrued interest and expressed as dollar prices) at which a substantial amount (i.e., 10 percent or more) of the bonds of each maturity have been or are expected to be sold to the public. Such issue prices must also be inserted in the official bid form when a bid for the bonds is submitted. The term "public" excludes bond houses, brokers or similar persons, or organizations acting in the capacity of underwriters or wholesalers. Such certificate shall state that 10 percent or more of the bonds of each maturity have been or are expected to be sold to the public at prices no higher than such initial offering prices. However, such certificate may indicate that the successful bidder will not reoffer the bonds for sale.

CUSIP Identification Numbers

CUSIP identification numbers will be printed on the bonds. All expenses in relation to printing of CUSIP numbers on the bonds and the expenses charged by the CUSIP Service Bureau for the assignment of said numbers shall be the responsibility of and shall be paid for by the school district.

Preliminary Official Statement and Official Statement

The school district has prepared a preliminary official statement dated January 11, 1993, copies of which may be obtained from the undersigned or the district's financial advisor. The preliminary official statement is in a form "deemed final" by the district for purposes of Rule 15c2-12(b)(1) of the Securities and Exchange Commission. Upon the sale of the bonds, the board will approve the final official statement and will furnish the successful bidder a reasonable number of copies thereof without additional cost. Additional copies may be ordered at the successful bidder's expense.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar), to the registered owners thereof whose names are on the registration books of the bond registrar as of the 15th day (whether or not a business day) of the calendar month next preceding each interest payment date. The bonds will be registered pursuant to a plan of registration approved by the city and the Kansas Attorney General.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond

blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the bondowners.

Redemption of Bonds Prior to Maturity

At the option of the city, bonds maturing on September 1, 2000, and thereafter will be subject to redemption and payment prior to maturity on September 1, 1999, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, without premium, plus accrued interest to the redemption date.

Whenever the city is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the city shall elect to call any bond for redemption and payment prior to the maturity thereof, the city shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States registered or certified mail to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. Thereafter, the paying agent and bond registrar will notify the owners of the bonds of the city's redemption call by United States mail, postage prepaid. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Authority, Purpose and Security

The bonds are being issued pursuant to K.S.A. 12-6a01 *et seq.*, and 12-621 *et seq.*, for the purpose of paying the cost of certain sewer improvements. The bonds and the interest thereon will constitute general obligations of the city, payable from special assessments levied against property especially benefited by certain of said sewer improvements and ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable, tangible property, real and personal, within the territorial limits of the city.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of $\frac{1}{8}$ or $\frac{1}{20}$ of 1 percent. No interest rate may exceed a rate equal to the index of treasury bonds published by the weekly *MuniWeek*, f/k/a *Credit Markets*, in New York,

New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No bid of less than the entire par value of the bonds and accrued interest thereon to the date of delivery will be considered and no supplemental interest payments will be considered. Each bid must specify the total interest cost to the city during the term of the bonds on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid, all certified by the bidder to be correct, and the city will be entitled to rely on the certificate of correctness of the bidder. Each bid must also specify the average annual net interest rate to the city on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$4,000 (2 percent of the principal amount of the bonds), payable to the order of the city to secure the city from any loss resulting from the failure of the bidder to comply with the terms of the bid. Good faith checks submitted by unsuccessful bidders will be returned. If a bid is accepted, said check or the proceeds thereof will be held by the city until the bidder shall have complied with all of the terms and conditions of this notice. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check or the proceeds thereof shall be returned to the bidder. If a bid is accepted but the bidder defaults in the performance of any of the terms and conditions of this notice, the proceeds of such check will be retained by the city as and for liquidated damages. No interest will be paid upon the successful bidder's good faith check.

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the city commission will determine which bid, if any, will be accepted, and its determination is final. The city reserves the right to reject any and all bids and to waive any irregularities in a submitted bid. Any bid received after 4 p.m. on the date of sale will be returned to the bidder unopened.

(continued)

Bid Forms

All bids must be made on forms which may be procured from the city clerk, from George K. Baum & Company, Kansas City, Missouri, or from bond counsel. No additions or alterations in such forms shall be made, and any erasures may cause rejection of any bid.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk of Sabetha and marked "Proposal for General Obligation Sewer Bonds." Bids may be submitted by mail or delivered in person to the undersigned at the city clerk's office in the city hall and must be received by the undersigned prior to 4 p.m. C.S.T. on January 25, 1993.

CUSIP Numbers

It is anticipated that CUSIP identification numbers will be printed on or assigned to the bonds, but neither the failure to print such number on or assign such number to any bond nor any error with respect thereto will constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of the purchase contract. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city. The successful bidder shall make the application for said CUSIP numbers.

Delivery and Payment

The city will pay for printing the bonds and will deliver the same, properly prepared, executed and registered without cost to the successful bidder, on or before February 18, 1993, at such bank or trust company in the state of Kansas or Kansas City, Missouri, as may be specified by the successful bidder. Delivery elsewhere will be at the bidder's expense. The successful bidder will be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity.

Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the city. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar not later than 10 a.m. C.S.T. on February 8, 1993. In the absence of such information, the city will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the city by 10 a.m. C.S.T. on February 10, 1993, a certificate acceptable to the city's bond counsel to the effect that: (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that: (1) it is made on the best knowledge, information

and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Official Statement

The city has prepared a preliminary official statement dated January 4, 1993, copies of which may be obtained from George K. Baum & Company, from the city clerk, or from bond counsel. Upon the sale of the bonds, the city will furnish the successful bidder with a reasonable number of copies thereof without additional cost upon request. Additional copies may be ordered at the successful bidder's expense.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property within the city, for the year 1992, is as follows:

Equalized assessed valuation of taxable, tangible property including the valuation of motor vehicles for 1992 (\$2,127,685) computed pursuant to K.S.A. 10-310, for computation of bond debt limitation	\$10,860,341
---	--------------

The total general obligation bonded indebtedness of the city as of the date of the bonds, including the bonds, is \$979,000. The city currently has outstanding temporary notes in the amount of \$185,000 which will be retired from the proceeds of the bonds.

Approval of Bonds

The bonds will be sold subject to the legal opinion of Fred W. Rausch, Jr., Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder as and when the bonds are delivered.

Opinion of Bond Counsel and Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the city which must be met subsequent to the issuance of the bonds by the city and, as a result, the city will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The city's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the city's failure to comply with such requirements, the bonds are neither callable for correcting nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

In the opinion of bond counsel, assuming continued compliance by the city with the terms of the bond ordinance, under existing law, the interest on the bonds: (a) is excludable from gross income for federal income tax purposes, and (b) is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted net book income

of certain corporations for taxable years beginning after December 31, 1986, and includes, through 1989, in the calculation of alternative minimum taxable income one-half of the excess of a corporation's adjusted net book income over its alternative minimum taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses). After 1989, the use of "book income" will be replaced by "adjusted current earnings," with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for a new environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax, which is effective for taxable years beginning after December 31, 1986, may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies, for taxable years beginning on or after January 1, 1987, to reduce the amount of tax-exempt interest received or accrued on obligations acquired after August 7, 1986.

Certain recipients of Social Security benefits are required to include a portion of such benefits within gross income by reason of receipt of interest on tax-exempt obligations, including the bonds.

The bonds are "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the code, and, in the case of certain financial institutions (within the meaning of Section 265(b)(5) of the code), a deduction is allowed for 80 percent of that portion of such financial institution's interest expense allocable to interest on the bonds. The city does not intend to issue bonds in excess of \$10,000,000 during 1993.

Prospective purchasers of the bonds should be aware that: (i) Section 265 of the code denies a deduction for interest on indebtedness incurred or continued to purchase or carry the bonds, except with respect to certain financial institutions (within the meaning of Section 265(b)(5) of the code); (ii) with respect to insurance companies subject to the tax imposed by Section 831 of the code, for taxable years beginning after December 31, 1986, Section 832(b)(5)(B)(i) reduces the deduction for loss reserves by 15 percent of the sum by certain items, including interest on the bonds; (iii) for taxable

years beginning after December 31, 1986, and before January 1, 1992, interest on the bonds earned by some corporations could be subject to the environmental tax imposed by Section 59A of the code; (iv) for taxable years beginning after December 31, 1986, interest on the bonds earned by certain foreign corporations doing business in the United States could be subject to a branch profits tax imposed by Section 884 of the code; (v) passive investment income, including interest on the bonds, may be subject to federal income taxation under Section 1375 of the code for Subchapter S corporations that have Subchapter C earnings and profits at the close of the taxable year if greater than 25 percent of the gross receipts of such Subchapter S corporation is passive investment income; and (vi) Section 86 of the code requires recipients of certain Social Security and certain railroad retirement benefits to take into account in determining gross income, receipts or accruals of interest on the bonds. These categories of bondowners should consult their own tax advisers as to the applicability of these consequences.

Bond counsel expresses no opinion regarding other federal tax consequences arising with respect to the bonds.

The bonds are exempt from intangible personal property taxes levied by Kansas counties, cities or townships. Interest on the bonds is excluded from the computation of Kansas adjusted gross income for taxable years commencing after December 31, 1987.

Bonds Not to be Rated

The bonds will not be rated by Standard & Poor's Corporation or Moody's Investors Service, Inc., or by any other bond rating service.
