Notice of Hearing on Proposed Administrative Regulations

The Kansas Department of Health and Environment will conduct a public hearing at 1:30 p.m. Monday, February 22, in Conference Room A of the Kansas Department of Health and Environment, Building 740, Forbes Field, Topeka, to consider adoption of proposed permanent regulations K.A.R. 28-15-11, 28-15-13, and 28-15-21. These proposals will update the Kansas pub-

lic water supply regulations to agree with national requirements for treatment of surface water sources and groundwater sources under the influence of surface water.

K.A.R. 28-15-11. Definitions.

This regulation adds 18 new definitions to clarify terms used in K.A.R. 28-15-13 and K.A.R. 28-15-21. There is no economic impact from this regulation.

K.A.R. 28-15-13. Standards for bacteriological, chemical, physical and radiological quality.

This regulation is modified to delete the turbidity maximum contaminant level. Requirements for treated water clarity are now specified under new regulation K.A.R. 28-15-21.

K.A.R. 28-15-21. Surface water treatment rule.

This new regulation specifies treatment requirements for public water systems using either surface water or groundwater under the influence of surface water as their source of supply. Minimum levels of removal for Giardia lamblia and viruses are specified. Compliance with the treatment requirements will be achieved through clarification and disinfection. It is anticipated two existing surface water treatment plants will have difficulty meeting the new requirements. These two facilities are also having difficulty meeting existing requirements and are examining options to improve their treatment facilities or to purchase water from another public water supply. The estimated economic impact for these two plants is \$750,000. An estimated 45 wells may need additional treatment at a cost of \$15,000 each for a total of \$675,000. The additional economic impact from the monitoring requirements specified in this regulation are \$175,000 for equipment and an additional \$258,000 annually.

Copies of the regulations and the complete economic impact statement pertaining to this rule-making action may be obtained by contacting Linda White, Kansas Department of Health and Environment, Bureau of Water, Forbes Field, Topeka 66620, (913) 296-5506. Questions pertaining to the proposed rule-making action should be directed to Ralph H. Gelvin, (913) 296-5516.

The time period between the publication of this notice and the scheduled hearing constitutes a public comment period for the purpose of receiving written comments on the proposed regulations. All interested parties may submit written comments prior to the hearing to the Bureau of Water, Kansas Department of Health and Environment, Forbes Field, Topeka 66620. All interested parties will be given reasonable opportunity during the hearing to present their views, orally or in writing, concerning the adoption of the regulations. Following the hearing, all written and oral comments submitted will be considered as the basis for making changes to the proposed regulations.

Public Notice

K.S.A. 79-3603(d) imposes a sales tax "upon the gross receipts from the sale of meals or drinks furnished at any private club, drinking establishment, catered event, restaurant, eating house, dining car, hotel, drugstore or other place where meals or drinks are

regularly sold to the public.'

K.A.R. 92-19-21(d) states, "When a public or private nonprofit hospital operates a lunch room, cafeteria or dining room for the exclusive purpose of providing meals for its respective employees and staff the hospital shall not be considered to be engaged in conducting a place where meals or drinks are regularly sold to the public and shall not collect and remit tax on these sales."

Based on these authorities, sales tax is not due on the sale of meals to hospital employees and staff if the lunch room, cafeteria or dining room is open *only* to

the employees and staff of that hospital.

K.A.R. 92-19-21(d) also states, "When a public or private nonprofit hospital makes its cafeteria, lunch room or dining room available for use by the general public, the hospital shall be considered to be in the business of conducting a place where meals or drinks are regularly sold to the public and shall collect and remit the sales tax."

If the cafeteria, lunch room or dining room is available for use by the general public, the cafeteria, lunch room, or dining room operator is required to collect sales tax on the gross receipts from the sale of all meals, including the sale of meals to hospital employ-

ees and staff.

K.S.A. 79-3606(b) exempts from sales tax all sales of tangible personal property or service, including the renting and leasing of tangible personal property, purchased directly by a public or private nonprofit hospital and used exclusively for such hospital, except when such "hospital is engaged or proposes to engage in any business specifically taxable under the provisions of this act and such items of tangible personal property or service are used or proposed to be used in such business." Therefore, any hospital that operates a cafeteria, lunch room, or dining room that is available for use by the general public shall not be exempt from sales tax on purchases of tangible personal property or services used in that cafeteria, lunch room or dining room. (This includes, but is not limited to, items such as cash registers, chairs, tables, plates, eating utensils, repair parts and services, construction services, etc.)

This notice supersedes all previous Department of Revenue rulings and opinions and shall become effective upon its publication in the Kansas Register.

Should you have further questions in this area, you may contact the Kansas Department of Revenue, Technical Support Unit, Topeka 66625, (913) 296-5476.

Notice of Rate Filing

Participants in Kansas Motor Carrier Association Tariff 40-K, K.C.C. 88, transporting household goods and related articles, have filed an application in Docket 184,941-R for an increase of 10.0 percent on linehaul rates and approximately 15.0 percent on accessorial charges. This produces an overall average increase of 11.53 percent on all Kansas intrastate traffic.

This commission is now accepting petitions and protests from interested parties stating their position in this matter. All pleadings should be filed with the director of the Transportation Division, State Corporation Commission, 1500 S.W. Arrowhead Road, Topeka 66604-4027, on or before February 22. A copy of the pleading also should be served on the attorney for the applicants, Clyde N. Christey, Southwest Plaza Building, Suite 202, 3601 S.W. 29th, Topeka 66614.

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10:30 a.m. Tuesday, February 23, in the first floor hearing room of the State Corporation Commission, 1500 S.W. Arrowhead Road, Topeka, to consider proposed changes in existing administrative rules and regulations of the commission.

The period of 30 days notice from the date of this publication to the date of the public hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the executive director of the commission at the address above.

All interested parties will be given a reasonable opportunity at the hearing to present their views orally in regard to adoption of the proposed amendments. Following the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for making amendments to the proposed changes.

The following is a brief summary of the purpose of the proposed changes to the regulations and the anticipated fiscal impact of each proposed change:

K.A.R. 82-4-1. Definitions. The amendment to this regulation in section (u)(3) cites the December 31, 1991,

effective date of the federal hazardous materials regulations which are being adopted. There is no economic impact associated with this amendment.

K.A.R. 82-4-3. Motor Carrier Safety Regulations. The amendment to section (a) of this regulation is intended to bring the safety regulations applicable to vehicles operating under the jurisdiction of the State Corporation Commission into conformity with federal regulations. The amendment cites the March 1, 1992, effective date of the Federal Motor Carrier Safety Regulations which are being adopted by reference. There is no economic impact associated with this amendment.

The amendments to subsections (a)(2) and (a)(12) are being made to bring the regulations into conformity with the federal regulations. Under (a)(2) intrastate motor carriers will be subject to Subpart H of 49 CFR Part 391, Controlled Substances Testing. Under (a)(12) intrastate motor carriers will be subject to the Procedures for Transportation Workplace Drug Testing Programs under 49 CFR Part 40. This should help improve the safety of Kansas roadways.

There is an economic impact associated with amendments (a)(2) and (a)(12). However, the total economic impact cannot be determined at this time. Those motor carriers that operate strictly intrastate that are subject to the safety regulation and whose vehicles weigh over 26,000 pounds or transport hazardous materials will be subject to the Controlled Substances Testing and to the Procedures for Transportation Workplace Drug Testing Programs.

The amendment to (c)(1) is just a typing error correction. There is no economic impact associated with this amendment.

K.A.R. 82-4-6d. Waiver of physical requirements. The amendment to this regulation is to cite the March 1, 1992, effective date of the Federal Motor Carrier Safety Regulations which are being adopted by reference. There is no economic impact associated with this amendment.

K.A.R. 82-4-8a. Accessories and equipment. The amendment to this regulation is to clarify what vehicles shall be equipped with safety equipment. There is no economic impact associated with this amendment.

K.A.R. 82-4-20. Transportation of hazardous materials by motor vehicles. The amendment in section (a) cites the December 31, 1991, effective date of the federal hazardous materials regulations which are being adopted. The other amendments in section (a) are made for clarification purposes. In addition we are adopting some material incorporated by reference under section 49 CFR 171.7(a)(3). Section (c) is being deleted because section 49 CFR 171.7(d) no longer exists under the federal regulations. There is no economic impact associated with these amendments.

K.A.R. 82-4-27a. Applications for transfer of certificates of convenience and necessity and permits. The amendments to this regulation are grammatical in nature. The word "purchaser" is deleted to eliminate possible confusion with the term transferee. There is no economic impact associated with this amendment.

K.A.R. 82-4-29. Applications for private carrier permits. The amendments to this regulation are to delete the words "in duplicate" and to clarify grammar. There is no economic impact associated with this amendment.

K.A.R. 82-4-34. Suspension of authority for failure to comply with regulations. This regulation is being revoked because it restates K.S.A. 1991 Supp. 66-1,112j. There is no economic impact associated with this revocation.

K.A.R. 82-4-35a. Inspections of motor carrier documents. The amendment is being made for clarification and better understanding of the regulation. It now gives all law enforcement officers authority to inspect motor carrier documents. There is no economic impact associated with this amendment.

K.A.R. 82-4-37. Identification cards. The words "which have been issued identification tags" are being deleted as the State Corporation Commission no longer issues identification tags due to the 1992 Kansas Legislature amending K.S.A. 66-1,139. This regulation is being amended to be consistent with state law. There is an economic impact, since the state will save approximately \$40,000 annually with a \$140,000 saving every fifth year when new tags are issued. There will be a saving to the motor carrier by not having to distribute and install the tag on each vehicle.

K.A.R. 82-4-38. Identification tags. This regulation is being revoked. The 1992 Kansas Legislature amended K.S.A. 66-1,139 and the commission will no longer issue identification tags. The revocation of this regulation reflects the changes in the state law. There is an economic impact, since the state of Kansas will save approximately \$40,000 annually by not issuing identification tags, with a \$140,000 saving every fifth year when new tags are issued. There will be a saving to the motor carrier by not having to distribute and install the tag on each vehicle.

K.A.R. 82-4-39. Surrender of identification cards. In this regulation the words "identification tags" are being deleted. As stated above, the commission no longer issues identification cards, and there is an economic impact since the state is saving approximately \$40,000 per year with a \$140,000 saving every fifth year when new tags are issued. There will be a saving to the motor carrier by not having to distribute and install the tag on each vehicle.

Copies of the full text of the proposed changes and the economic impact statement may be obtained by writing to the executive director of the State Corporation Commission at the address above.
