Kansas Dental Board**Notice of Hearing on Proposed
Administrative Regulations**

A public hearing will be conducted at 7 p.m. Wednesday, March 10, in the Regency Room, Holiday Inn, Emporia, to consider the adoption of proposed changes in existing rules and regulations of the Kansas Dental Board.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Kansas Dental Board, 3601 S.W. 29th, Suite 134, Topeka 66614. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

These regulations are proposed for adoption on a permanent basis. A summary of proposed regulations and their economic impact follows.

K.A.R. 71-1-16. Definition of certain terms. This new regulation defines certain dental operations and services set out in K.S.A. 65-1423(g) as functions which shall not be performed by unlicensed dental auxiliaries. Dental services defined include removal of or addition to the hard or soft tissue of the oral cavity, diagnosis of or prescription for treatment, correction of malformation of teeth or of the jaws and general or local anesthesia of any nature in connection with a dental operation.

By clarifying the statute, the regulation will promote uniform compliance in the area of delegation of dental services and will result in cost savings to dentists and dental patients without sacrificing quality. It will not have a cost impact on any other entity, including the Kansas Dental Board or other governmental agencies or units.

K.A.R. 71-1-17. Nitrous Oxide/Oxygen; unlicensed assistant. This new regulation requires that a dental assistant not licensed by the Kansas Dental Board shall complete an approved course of instruction before engaging in the administration and monitoring of nitrous oxide/oxygen.

By clarifying the statute and regulation referring to the analgesic use of nitrous oxide/oxygen and providing training safeguards, this regulation will promote uniform compliance, efficiency and cost savings without sacrificing quality of care. It will not have a cost impact on any other entity, including the Kansas Dental Board or other governmental agencies or units.

K.A.R. 71-3-3. Authorized dental hygienist duties. The amendment to this regulation enlarges the range of services which may lawfully be provided by a licensed hygienist to include removal of overhanging restoration margins and periodontal surgery materials by hand scaling instruments and the administration of

local anesthesia and nitrous oxide by a qualified hygienist under direct supervision of a licensed dentist.

The amendment will improve the efficiency of many dental offices and thus result in lower dental patient cost without sacrificing quality of patient care. It will not result in any added costs to dentists, the consuming public or governmental agencies or units.

Copies of the regulations and their economic impact statements may be obtained from the Kansas Dental Board at the address above, (913) 273-0780.

Opinion No. 93-2

Courts—Retirement System for Justices and Judges—Retirement Annuity; Computation. Meredith Williams, Executive Secretary, Kansas Public Employees Retirement System, Topeka, January 19, 1993.

The modifications set forth in L. 1975, ch. 190, § 9 and L. 1987, ch. 299, § 5 to the retirement system for judges are permissible. The retirement benefits of judges who were members of the system prior to July 1, 1975, but who did not retire until after July 1, 1975, are to be based upon the final average salary as determined pursuant to the formula set forth in K.S.A. 20-2610. Cited herein: K.S.A. 20-2601; 20-2601a; 20-2601b; K.S.A. 1991 Supp. 20-2603; K.S.A. 20-2609; 20-2610; L. 1974, ch. 143, §§ 1, 2; L. 1974, ch. 390, § 12; L. 1975, ch. 190, §§ 5, 9, 10; L. 1987, ch. 299, § 5. A city is authorized to construct a medical office building as an addition to its hospital pursuant to K.S.A. 13-14b01 *et seq.* Alternatively, a medical office building is a "public building" pursuant to K.S.A. 12-1736. Opinion No. 93-4

Public Health—Maternity Hospitals or Homes and Homes for Children—License or Temporary Permit Required; Boarding Home for Children Defined. Senator Jerry Moran, 37th District, Hays, January 19, 1993.

An entity which merely publishes and distributes a list of licensed day care providers is not "finding homes for children in need of day care" as that phrase is used in K.S.A. 65-501 and K.A.R. 28-4-185. Consequently, such an entity is not required to be licensed as a day care referral agency. Cited herein: K.S.A. 65-501; K.S.A. 1991 Supp. 65-504; 65-504; K.A.R. 28-4-185. CN

State Boards, Commissions and Authorities—Crime Victims Compensation Board; General Provisions—Definitions; Criminally Injurious Conduct; Victim; Personal Injury. C. William Ossman, Chairperson, Crime Victims Compensation Board, Topeka, January 19, 1993.

As used in K.S.A. 1991 Supp. 74-7301, personal injury means an injury affecting one's physical and mental person; an injury giving rise to a personal action at law. Cited herein: K.S.A. 1991 Supp. 74-7301. RDS

Opinion No. 93-6

Cities and Municipalities—Emergency Telephone Services; Validity of Oral Agreement. Leonard L. Buddenbohm, Atchison County Counselor, Overland Park, January 19, 1993.

Atchison County is not required to refund its \$.75 per month per exchange tax for emergency telephone services. The deduction was requested by the county pursuant to K.S.A. 12-5302. The county then entered into an oral contract with the phone company pursuant to K.S.A. 12-5304. Since the statute does not require the contract to be written, it is valid if there is evidence that it was to be a formal agreement. Therefore, upon a showing that it was a formal agreement there need be no refund of the monies received prior to the writing of the agreement. Cited herein: K.S.A. 12-5302; 12-5304. MJS

Opinion No. 93-7

Elections—Party Affiliation of Voters—Declaration of Party or Voter Affiliation; Change of Affiliation; Door-to-door. Senator Phil Martin, 13th District, Pittsburg, January 19, 1993.

Declaration of a party affiliation is an extension of registering to vote. Declaration of a party affiliation may be conducted only by the county election officer and deputy election officers at places designated by the county election officer. Public Health—Solid and Hazardous Waste; Kansas Storage Tank Act—Reimbursement from Trust Fund for Corrective Action Costs. Robert V. Eye, General Counsel, Department of Health and Environment, Topeka, January 22, 1993.

Based on available legislative history, in our opinion the intent of the legislature's 1992 amendments was to give limited retroactive effect to the eligibility provisions of the Kansas storage tank act, K.S.A. 65-34,119, and K.S.A. 65-34,119a. Given that premise, it follows that a broad interpretation of the secretary's discretion must be given regarding the conditions of eligibility as found in K.S.A. 65-34,119(a)(7) (secretary's approval of proposed corrective action plan) and K.S.A. 65-34,118 (secretary's authority to waive three bid requirement upon finding of good faith effort). Cited herein: K.S.A. 65-34,100; 65-34,118; 65-34,119; 65-34,119a; K.S.A. 1991 Supp. 65-34,118; 65-34-119. CN

Crimes and Punishments—Sentencing—Conditions of Probation or Suspended Sentence; Authority of the Court; Authority of Court Services Officer or Community Corrections Officer. Ben Coates, Executive Director, Kansas Sentencing Commission, Topeka, January 22, 1993.

Pursuant to the Kansas sentencing code, neither court services officers nor community corrections officers have authority to unilaterally restrict the liberty of clients under their supervision. A statute which would purport to grant such authority to court services officers or community corrections officers without the benefit of a hearing would violate due process rights guaranteed under the fourteenth amendment to the United States constitution. Board of Education

Notice of Hearing on Proposed Administrative Regulations

The State Board of Education will conduct a public hearing at 1:30 p.m. Tuesday, March 9, in the board room of the State Education Building, 120 S.E. 10th, Topeka, to consider proposed changes in regulations 91-12-22, 91-12-23, 91-12-24a, 91-12-27, 91-12-28, 91-12-30, 91-12-33, 91-12-37, 91-12-40, 91-12-41, 91-12-44, 91-12-47, 91-12-51, 91-12-53, 91-12-54, 91-12-55, 91-12-59, 91-12-61, 91-12-64 and 91-12-65.

The following is a summary of the substance of each proposed regulation and a summary of its anticipated economic impact.

K.A.R. 91-12-22. This regulation contains definitions of the terms used in Article 12. The proposed revision replaces or revises existing definitions for (1) assistive technology, (2) center-based early childhood program, (3) home-based early childhood program, (4) exceptional children, (5) least restrictive environment, (6) mental retardation, (7) related services, and (8) school term. Definitions of rehabilitation counseling services, transition services, and traumatic brain injury are added. The revisions are made for clarification or to bring Article 12 into conformity with the federal Individuals with Disabilities Education Act. There will be no economic impact upon the State Department of

(continued)

Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-23. This regulation concerns state approval of special education programs. The proposed revision allows programs to have an age/grade span which corresponds with the age/grade span of general education students in the same attendance center. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-24a. This regulation concerns approval of homebound and hospital instruction. The current regulation requires teachers to be fully endorsed in one of the special education subject areas as a condition of eligibility for state special education reimbursement. The change will allow provisionally-endorsed individuals to qualify for reimbursement. The proposed revision also would eliminate prior approval of part-time homebound services, and reporting is reduced. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-27. This regulation concerns approval of developmental preschools. The proposed revisions are editorial in nature and will make the terminology consistent with the federal Individuals with Disabilities Education Act. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-28. This regulation sets forth procedures for formal complaints of noncompliance with special education requirements and appeals of corrective actions. In some cases, the existing regulation does not allow sufficient time for districts to correct deficiencies. The proposed revision allows more flexibility. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-30. This regulation concerns the role of state schools in the placement of students with sensory impairments. The proposed revision is to clarify the role and responsibilities of the state schools in the placement of such students. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-33. This regulation concerns the provision of referral procedures. The proposed revision is to ensure that parents know how to make referrals for special education services for their children. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-37. This regulation concerns special education reimbursement. The proposed revision makes the number of required clock hours of instruction consistent with 1992 amendments to K.S.A. 72-1106. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-40. This regulation concerns the implementation of on-going procedures to identify chil-

dren with disabilities. The proposed revision makes the editorial changes necessary to be consistent with the definition of "school age" as set forth in other regulations. There will be no economic impact upon the State Department of Education; however, some savings should accrue to school districts.

K.A.R. 91-12-41. This regulation concerns reimbursement for individualized education programs. The proposed revision is required by amendments to the Individuals with Disabilities Education Act, which require the provision of transition services to students with disabilities age 14 and older. There may be added expenditures required for students over 14 if the district is not already providing transition services. There will not, however, be any fiscal impact upon other governmental agencies, private business or individuals.

K.A.R. 91-12-44. This regulation concerns procedural due process. The intent of the proposed revision is to make clear that the State Board of Education has no responsibility for procedural due process for students attending the state schools and that the Secretary of Social and Rehabilitation Services is responsible for procedural due process for students housed and maintained in state institutions. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-47. This regulation concerns local education agency due process hearings. The proposed revision requires school districts to notify the State Department of Education when a local due process hearing is requested. This revision is required by the U.S. Department of Education. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-51. This regulation provides guidelines for the operation of early childhood special education services. The proposed revision is only a change of terminology. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-53. This regulation provides guidelines for the operation of speech language services. The proposed revision would make this regulation compatible with K.A.R. 91-12-23, which eliminates the 4-year age/grade span restriction for special education classes. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-54. This regulation provides guidelines for the operation of programs for students with mental retardation. The proposed revision would make this regulation compatible with K.A.R. 91-12-23, which eliminates the 4-year age/grade span restriction for special education classes. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-55. This regulation provides guidelines for the operation of programs for students with be-

havior disorders. The proposed revision would make this regulation compatible with K.A.R. 91-12-23, which eliminates the 4-year age/grade span restriction for special education classes. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-59. This regulation provides guidelines for the operation of programs for students with visual impairments. The proposed revision would make this regulation compatible with K.A.R. 91-12-23, which eliminates the 4-year age/grade span restriction for special education classes. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-61. This regulation concerns the employment of paraprofessionals in special education. The proposed revision are editorial in nature. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-64. This regulation provides guidelines for the operation of special education instructional media centers. The proposed revision changes the name of this program from "special education materials centers" to "special education media centers." There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

K.A.R. 91-12-65. This regulation provides guidelines for the provision of transition services. The proposed revision replaces existing state requirements for vocational training with the new requirements for transition services contained in the Individuals with Disabilities Education Act. There will be no economic impact upon the State Department of Education or upon other governmental agencies, private business or individuals.

A copy of each of the proposed regulations and complete economic impact statement may be obtained by contacting the secretary of the State Board of Education at the address above prior to the date of the hearing.

All interested persons will be given a reasonable opportunity at the hearing to present their views or arguments, either orally or in writing, in regard to the proposed regulations. In addition, the period of public notice hereby provided constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations. Such written comments may be submitted to the secretary of the State Board of Education. The hearing shall be conducted in compliance with the public hearing procedures of the board.

The revised regulation clarifies the working for KSBE certification staff, departments of education at Kansas teacher education institutions, administrators in the field, and secondary and elementary teachers seeking middle-level or junior high endorsements.

Each of the other regulations modify the requirements for certain teacher preparation programs so that these programs include training and instruction to make teachers competent to provide instruction about human sexuality and sexually-transmitted diseases, including AIDS.
