Kansas Public Employees Retirement System

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Monday, March 15, in the board room of the Kansas Public Employees Retirement System, Suite 200, Capitol Tower, 400 W. 8th, Topeka, to consider the adoption of proposed changes in existing rules and regulations of the Kansas Public Employees Retirement System.

The 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed rules and regulations. All interested parties may submit written comments prior to the hearing to the Executive Secretary, Kansas Public Employees Retirement System, Suite 200, Capitol Tower, 400 W. 8th, Topeka 66603. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulations during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

These regulations are proposed for adoption on a permanent basis. A summary of the proposed regulations follows:

K.A.R. 80-8-1 defines certain terms in relation to the election of trustees. These items include "Board," "Executive Secretary," "Member," and "System." These definitions will make it clear who has various responsibilities as well as who is eligible to serve on the board and vote in the election.

K.A.R. 80-8-2 describes the nomination process to have a member's name placed on the ballot. The regulation sets forth the required number of signatures for each petitioner (50) and the verification of membership in the system of the petitioner and all signers by the executive secretary. The regulation outlines the requirement for the submission of biographical data, the method of notification of the election and the deadline for filing petitions with the System (March 15 at 5 p.m.). Finally, this regulation establishes the procedure when there is only one nomination for a vacancy, prohibits System employees from being nominated or standing for election to the KPERS Board of Trustees, and provides that only school members may nominate and vote for school members and that nonschool employees may only nominate and vote for non-school members.

K.A.R. 80-8-3 sets forth that ballots are to be prepared in alphabetical sequence, contain a resume of not more than 150 words for each candidate and that separate ballots are to be prepared for school and non-school members. This regulation provides that the ballot is to be distributed along with a postage paid return envelope to each member in April and that active members' ballots be distributed through the employees' designated agents and retired members distributed by mail. This regulation provides for the procedures relative to the return of the ballots, the tallying of ballots, what ballots will be voided, the length of time the System is to retain ballots, and procedures for recounts ordered by the board or any candidate.

K.A.R. 80-8-4 provides that the executive secretary is to appoint a three-member election committee to supervise the opening and tallying of ballots for the election of any recount.

K.A.R. 80-8-5 prescribes the certification results of the election by the election committee to the KPERS Board who is then to declare as elected the person receiving the highest number of votes for each vacancy.

K.A.R. 80-8-6 relates to time computation and provides that the day of the act, event or default shall not be included. The last day is not to include a Saturday, Sunday, or holiday.

K.A.R. 80-8-7 prescribes that the remaining board of trustees may appoint a member to fill a vacancy for an unexpired term.

Copies of the regulations and their economic impact statements may be obtained from the Kansas Public Employees Retirement System at the address above, (913) 296-6666.

State Boards, Commissions and Authorities—Parimutuel Racing—Horse Breeding Development Fund; Apportionment of Breakage on Simulcast Races. Robert Londerholm, Chairman, Kansas Racing Commission, Topeka, January 28, 1993.

Moneys credited to the Kansas horse breeding development fund are to be apportioned into categories corresponding with the various breeds of horses participating in races conducted by Kansas organization licensees and used to benefit Kansas-bred horses, certain Kansas-registered stallions and mares, and further equine research. Since Kansas organization licensees do not "conduct" the simulcast races they display at their tracks, horses participating in the simulcast races will not be considered in determining the categories to be created under K.S.A. 74-8829(b) and should not be considered when allocating breakage proceeds. Consumer Credit Commissioner

Administrative Interpretation No. 1002

Refund of Credit Insurance Premiums

It has come to the attention of the Consumer Credit Commissioner that there is an apparent misunderstanding of the Kansas Uniform Consumer Credit Code statute 16a-4-108(3). This has caused some concern that refunds are improperly made to consumers and that lenders are not following the intent of the statute.

Section 16a-4-108(3) states ". . . (3) Except as provided in subsection (2), the creditor shall promptly make or cause to be made an appropriate refund or credit to the consumer with respect to any separate charge made to him for insurance if (a) the insurance is not provided or is provided for a shorter term than that for which the charge to the consumer for insurance was computed; or (b) the insurance terminates prior to the end of the term for which it was written because of prepayment in full otherwise . . ."

The term "cause to be made" does not have a definition in the code and apparently has been misunderstood by creditors. This interpretation will define what the Consumer Credit Commissioner expects as a minimum effort to comply with this statute. This involves creditors who have become an assignee of a consumer credit transaction which has separate pre-paid charges for credit insurance which have been retained by the original creditor.

The creditor who accepts a consumer credit transaction from an original creditor shall notify the consumer within ten calendar days that they have been assigned the consumer credit transaction. This notice shall include the following statements if credit insurance is purchased:

"YOU HAVE PURCHASED CREDIT LIFE AND/OR DISABILITY INSURANCE IN CONNECTION WITH THE ABOVE-STATED CONSUMER CREDIT TRANSACTION"

"PLEASE BE ADVISED THAT IF YOU PAY THE CONSUMER CREDIT TRANSACTION IN FULL BEFORE THE END OF THE TERM FOR WHICH IT WAS WRITTEN, YOU MAY BE ENTITLED TO A REFUND OR CREDIT FOR CREDIT INSURANCE PREMIUMS PAID"

"TO OBTAIN YOUR REFUND, YOU MUST CONTACT THE ORIGINAL CREDITOR"

"IF YOU HAVE ANY QUESTIONS, PLEASE CONTACT THE OFFICE OF THE CONSUMER CREDIT COMMISSIONER IN TOPEKA, (913) 296-3151"

Upon prepayment of any consumer credit transaction described above, an additional notice must be made to the consumer with a copy sent to the original creditor. The notice would include the following:

1. Date of consumer credit transaction repayment.
2. Name of consumer and consumer credit transaction number.

(continued)

3. A statement indicating that a potential refund may be due to the consumer.
4. The original creditor's name and current address.
5. A statement that the original creditor is initially responsible for making the refund of the unearned premium.
6. A statement indicating the original creditor must retain written proof of the refund.
7. A statement directing the consumer to contact the Consumer Credit Commissioner's office within a reasonable time if they have failed to receive satisfaction.

A sample notice is available upon request from the office of the Consumer Credit Commissioner, 700 Jackson, Suite 1001, Topeka 66603.

Adherence to this administrative interpretation will avoid future legislative action to resolve this situation.

68-7-19. Transfer of a refillable prescription between pharmacies. (a) As used in K.S.A. 65-1656, the requested or transferring pharmacy is that pharmacy which has on file the original refillable prescription which the patient wishes to transfer to a second pharmacy. The dispensing or requesting pharmacy is the pharmacy that is wanting the information transferred from the original refillable prescription so the patient may obtain the medication at this second pharmacy or the pharmacy receiving the transferred prescription.

(b) Only valid refillable prescriptions may be transferred by direct communications between two licensed pharmacists from one pharmacy to another pharmacy. The prescription information must meet all of the following criteria.

(1) The prescription information indicates authorization for refilling by the prescribing practitioner.

(2) The drug on the prescription information is not a schedule II controlled substance.

(3) The number of lawfully allowable refills directed by the practitioner has not been exceeded.

(4) The maximum allowable time limit from the original dating of the prescription has not been exceeded.

(c) When a prescription on record is transferred, the following record keeping is required.

(1) If the transfer involves a non-controlled substance, the pharmacist at the transferring pharmacy shall:

(A) Cancel the transferred prescription by writing the word "void" on its face; and

(B) record on the face of the prescription the name and address of the pharmacy to which the prescription was transferred, the date of transfer request, the full name of the pharmacist to which the prescription was transferred and the full name of the pharmacist transferring the prescription.

(2) If the transfer involves a C-III, IV or V controlled substance, the pharmacist at the transferring pharmacy shall:

(B) record on the back of the prescription the name, address and DEA registration number of the pharmacy to which the prescription was transferred, the date of transfer request, the full name of the pharmacist to which the prescription was transferred and the full name of the pharmacist transferring the prescription.

(3) The prescription record at the pharmacy receiving the transferred prescription shall show the following, in addition to all other lawfully required information of an original prescription:

(A) The word "transfer" written on the face of the prescription record;

(B) the date of original issuance and of original filling, if different from the issuance date;

(C) the original number of refills authorized, the number of remaining authorized refills and the date of last refill;

(D) the original prescription number;

(E) the name, address and telephone number of the transferring pharmacy and the name of the transferring pharmacist;

(F) the name, address and telephone number of the prescribing practitioner; and

(G) if the transfer involves a C-III, IV or V controlled substance, the DEA registration number of the prescribing practitioner and of the transferring pharmacy.

(d) Pharmacies electronically accessing the same prescription record must satisfy all of the above information requirements for manual prescription transfer.

(e) The dispensing pharmacy shall advise the patient and notify the transferring pharmacy that the original prescription must be canceled in the transferring pharmacy.

(f) A Kansas pharmacist may transfer a valid, refillable prescription from or to another pharmacy in or outside the state of Kansas. Non-controlled substance prescriptions may be transferred more than once, but C-III, IV and V controlled substance prescriptions shall not be transferred more than one time. (Authorized by and implementing L. 1992, ch. 304, sec. 1; effective March 29, 1993.)

Article 12.—RESALE OF MEDICATION

68-12-2. Resale of dispensed prescription medication. Except for prescription medications in unit dose systems where the medication has not reached the patient and is still intact, prescription medication which has been dispensed to the final consumer shall not be resold, redispensed or distributed by a pharmacy. (Authorized by K.S.A. 1991 Supp. 65-1630; implementing K.S.A. 1991 Supp. 65-1634; effective May 1, 1988; amended Nov. 30, 1992; amended, T-68-11-19-92, Nov. 30, 1992; amended March 29, 1993.)

Article 20.—CONTROLLED SUBSTANCES

68-20-18. Information concerning prescriptions. (a) Persons entitled to issue prescriptions. A prescription for a controlled substance may be issued only by a practitioner who is:

(1) Legally authorized to prescribe controlled substances in Kansas or any other competent jurisdiction; and

(2) either registered or exempted from registration under K.S.A. 65-4116(d).

(b) Purpose of issue of prescription.

(1) To be effective, a prescription for a controlled substance must be issued for a legitimate medical purpose by a practitioner acting in the usual course of his professional practice. The responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, but a corresponding responsibility rests with the pharmacist who fills the prescription. The person filling an unlawful prescription, as well as the person issuing it, shall be subject to the penalties provided for violations of the provisions of law relating to controlled substances.

(2) A prescription shall not be issued in order for a practitioner to obtain controlled substances for supplying himself or any other practitioner for the purpose of general dispensing to patients.

(3) A prescription shall not be issued for the dispensing of narcotic drugs listed, in any schedule, to a narcotic drug dependent person for the purpose of continuing his dependence upon such drugs, except in the course of conducting an authorized clinical in-

(continued)

vestigation in the development of a narcotic addict rehabilitation program.

(c) Manner of issuance of prescriptions.

(1) Controlled substance prescriptions in schedule II through V shall not be issued on a blank which is preprinted with the name of a propriety preparation or strength or quantity or directions.

(2) All written prescriptions for controlled substances shall be dated and manually signed on the day issued, shall bear the full name, address, registration number of the practitioner, name and address of the patient, the drug name, strength, dosage form, quantity prescribed, directions for use, and shall be written with ink, indelible pencil or typewriter. A practitioner shall manually sign a prescription in the same manner as he would sign a check or legal document. The prescriptions may be prepared by a secretary or agent for the signature of a practitioner, but the prescribing practitioner is responsible if the prescription does not conform in all essential respects to the state and federal law and regulations. A corresponding liability rests upon the pharmacist who fills a prescription which is not prepared in the form prescribed by these regulations.

(3) An intern, resident, foreign physician, or foreign medical graduate exempted from registration under K.S.A. 65-4116(d) shall include on all prescriptions issued the registration number of the hospital or other institution and the special internal code number assigned to the intern, resident, foreign physician, or foreign medical graduate by the hospital or other institution as provided in K.A.R. 68-20-10. This requirement is in lieu of the registration number of the practitioner required by this section. Each prescription shall have the name of the intern, resident, foreign physician, or foreign medical graduate stamped or printed on it, as well as the signature of the physician.

(4) An official exempted from registration under K.A.R. 68-20-10 shall include on all prescriptions issued, his branch of service or agency and his service identification number. This requirement is in lieu of the registration number of the practitioner otherwise required by this section. The service identification number for a public health service employee is his social security identification number. Each prescription shall have the name of the officer stamped or printed on it, as well as the signature of the officer.

(d) Persons entitled to fill prescriptions.

(1) A prescription for controlled substances may only be filled by:

(A) a pharmacist acting in the usual course of his professional practice in a registered pharmacy, hospital drug room, or other registered place of employment; or

(B) a pharmacist intern acting under the immediate personal direction and supervision of a licensed pharmacist.

(2) For the purposes of this regulation, an intern shall mean a prospective candidate for examination as a licensed pharmacist who is qualified to receive, and is obtaining, pharmaceutical experience as required by law.

(3) A medical care facility or other institution registered with the board may administer or dispense directly a controlled substance listed in schedules III and

IV and legend V only pursuant to a written prescription signed by the prescribing practitioner or to an order for medication made by a practitioner which is dispensed for immediate administration to the ultimate user. (Authorized by K.S.A. 65-4102; implementing K.S.A. 1991 Supp. 65-4123; effective, E-72-24, Aug. 25, 1972; effective Jan. 1, 1973; amended May 1, 1988; amended Sept. 9, 1991; amended March 29, 1993.)

68-20-19. Controlled substances listed in schedule II. (a) Requirements of prescription:

(1) A pharmacist may dispense a controlled substance listed in schedule II, which is a prescription drug as determined under these regulations only pursuant to a written prescription signed by the prescribing practitioner, except as provided in paragraph (4) of this section.

(2) Any written prescriptions signed by the prescribing practitioner falling under the provisions of paragraph (1) above, shall not be filled if submitted more than seven days after the original date appearing on the written prescription.

(3) A practitioner may administer or dispense a controlled substance listed in schedule II in the course of his professional practice without a prescription, subject to K.A.R. 68-20-18.

(4) In the case of an emergency situation, as defined by paragraph (5) of this section, a pharmacist may dispense a controlled substance listed in schedule II upon receiving oral authorization of a prescribing practitioner, provided that:

(A) The quantity prescribed and dispensed is limited to the amount adequate to treat the patient during an emergency period of 72 hours (dispensing beyond the emergency period must be pursuant to a written prescription signed by the prescribing individual practitioner);

(B) the prescription shall be immediately reduced to writing by the pharmacist and shall contain all information required under K.A.R. 68-20-18(c) except for the signature of the prescribing practitioner;

(C) if the prescribing practitioner is not known to the pharmacist, the pharmacist shall make a reasonable effort to determine that the oral authorization came from a licensed practitioner, which may include a call-back to the prescribing practitioner using the practitioner's phone number as listed in the telephone directory or other good faith efforts to insure the identity; and

(D) within 72 hours after authorizing an emergency oral prescription, the prescribing practitioner shall deliver a written prescription for the emergency quantity prescribed to the dispensing pharmacist. In addition to conforming to the requirements of K.A.R. 68-20-18(c), this prescription shall have written on its face "Authorization for Emergency Dispensing" and the date of the oral order. The written prescription may be delivered to the pharmacist in person or by mail, but if delivered by mail it must be postmarked within the 72 hour period. Upon receipt, the dispensing pharmacist shall attach this prescription to the pharmacist's record of the emergency oral prescription. The pharmacist shall notify the nearest office of the drug enforcement administration or the board if the prescribing individual fails to deliver a written prescription to the pharmacist; failure of the pharmacist

to do so shall void the authority conferred by this paragraph to dispense without a written prescription of a prescribing practitioner.

(5) For the purposes of authorizing an oral prescription of a controlled substance listed in schedule II of the federal or state uniform controlled substances act, the term "emergency situation" means those situations in which the prescribing practitioner determines:

(A) that immediate administration of the controlled substance is necessary for the proper treatment of the intended ultimate user;

(B) that no appropriate alternative treatment is available, including administration of a drug which is not a controlled substance under schedule II of the act; and

(C) that it is not reasonably possible for the prescribing practitioner to provide a written prescription to be presented to the person dispensing the substance prior to the dispensing.

(b) A medical care facility or other institution registered with the board may administer or dispense a controlled substance listed in schedule II only pursuant to a written prescription signed by the prescribing practitioner or to an order for medication made by a practitioner which is dispensed for immediate administration to the ultimate user.

(c) Partial filling of prescriptions. The partial filling of a prescription for a controlled substance listed in schedule II is permissible, only in the following situations:

(1) Where the pharmacist is unable to supply the full quantity called for in a written or emergency oral prescription and the pharmacist makes a notation of the quantity supplied on the face of the written prescription or written record of the emergency oral prescription.

(A) The remaining portion of the prescription shall be filled within 72 hours of the first partial filling; however, if the remaining portion is not or cannot be filled within the 72 hour period, the pharmacist shall so notify the prescribing practitioner.

(B) No further quantity may be supplied beyond 72 hours without a new prescription.

(2) Where written, prescriptions for schedule II controlled substances for patients in an adult care home or with a medical diagnosis documenting a terminal illness may be filled in partial quantities, including individual dosage units.

(A) For each partial filling, the dispensing pharmacist shall record on the back of the prescription, or on another appropriate, uniformly maintained, and readily retrievable record, the date of the partial filling, quantity dispensed, remaining quantity authorized to be dispensed and the identification of the dispensing pharmacist.

(B) The total quantity of schedule II controlled substances dispensed in all partial fillings shall not exceed the total quantity prescribed.

(C) Such schedule II prescriptions shall be valid for a period not to exceed 60 days from the issue date unless sooner terminated by the discontinuance of medication.

(d) Labeling of substances. The pharmacist filling a written or emergency oral prescription for a controlled

substance listed in schedule II shall affix a label to the package showing:

- (1) the date of filling;
- (2) the pharmacy name and address;
- (3) the serial number of the prescription;
- (4) the name of the patient;
- (5) the name of the prescribing practitioner; and
- (6) the directions for use and cautionary statements, if any, contained in such prescription or required by law.

(e) Filing of prescriptions.

(1) All written prescriptions and written records of emergency oral prescriptions shall be kept in accordance with K.A.R. 68-20-16.

(2) All written or emergency oral prescriptions for a controlled substance listed in schedule II must be cancelled on the face of the prescription with the name of the pharmacist filling that prescription.

(3) All written or emergency oral prescriptions for controlled substances listed in schedule II and filled by an intern must be cancelled on the face of the prescription with the name of the intern and preceptor authorizing the filling of that prescription. (Authorized by K.S.A. 65-4102; implementing K.S.A. 1991 Supp. 65-4123; effective, E-72-24, Aug. 25, 1972; effective Jan. 1, 1973; amended Sept. 9, 1991; amended March 29, 1993.)
